WHEREAS, the Community Facilities District desires to proceed to issue and sell the Series 2014 Bonds and to authorize the execution of such documents and the performance of such acts as may be necessary or desirable to effect the offering, sale and issuance of the Series 2014 Bonds; and

WHEREAS, the City Council is the legislative body of the Community Facilities District;

NOW, THEREFORE, the City Council of the City of Modesto, acting as the legislative body of City of Modesto Community Facilities District No. 2004-1 (Village One #2), does hereby resolve, determine, and order as follows:

The foregoing recitals are true and correct, and the City Council so finds and determines.

Subject to the provisions of Section 3 hereof, the issuance of the Series 2014 Bonds, in an aggregate principal amount of not to exceed \$31,000,000, on the terms and conditions set forth in, and subject to the limitations specified in, the Indenture, be and the same is hereby authorized and approved. The Series 2014 Bonds shall be dated, shall bear interest at the rates, shall mature on the dates, shall be subject to call and redemption, shall be issued in the form and shall be as otherwise provided in the Indenture, as the same shall be completed as provided in this Resolution.

The refunding of the Prior Bonds is hereby approved. Such refunding shall be accomplished by paying the interest due and payable on the Prior Bonds to and including September 1, 2014 and redeeming the Prior Bonds on September 1, 2014 by paying the redemption price thereof. In accordance with Section 53363.8 of the Act, the Legislative

Body hereby designates the following costs and expenses as the "designated costs of issuing the Bonds:"

(i) all expenses incident to the calling, retiring, or paying of the Prior Bonds and incident to the issuance of the Series 2014 Bonds, including the charges of any agent in connection with the issuance of the Series 2014 Bonds or in connection with the redemption or retirement of the Prior Bonds;

(ii) the interest upon the Prior Bonds from the date of sale of the Series 2014 Bonds to the date upon which the Prior Bonds will be paid pursuant to call; and

(iii) any premium necessary in the calling or retiring of the Prior Bonds.

The Indenture, in substantially the form submitted to this meeting and made a part hereof as though set forth herein, be and the same is hereby approved. Each of the Mayor of the City, and such other member of the City Council as the Mayor may designate, the City Manager of the City and the Director of Finance of the City, and such other officer or employee of the City as the City Manager may designate (the "Authorized Officers") is hereby authorized, and any one of the Authorized Officers is hereby directed, for and in the name of the Community Facilities District, to execute and deliver the Indenture in the form submitted to this meeting, with such changes, insertions and omissions as the Authorized Officer executing the same may require or approve, such requirement or approval to be conclusively evidenced by the execution of the Indenture by such Authorized Officer; provided, however, that such changes, insertions and omissions shall not authorize an aggregate principal amount of Series 2014 Bonds in excess of \$31,000,0000, shall not result in a final maturity date of beyond the last maturity date of the Prior Bonds and shall not result in a true interest cost for the Series 2014 Bonds in excess of the true interest cost of the Prior Bonds.

The Purchase Agreement, in substantially the form submitted to this meeting and made a part hereof as though set forth in full herein, be and the same is hereby approved. Each of the Authorized Officers is hereby authorized, and any one of the Authorized Officers is hereby directed, for and in the name of the Community Facilities District, to execute and deliver the Purchase Agreement in the form presented to this meeting, with such changes, insertions and omissions as the Authorized Officer executing the same may require or approve, such requirement or approval to be conclusively evidenced by the execution of the Purchase Agreement by such Authorized Officer; provided, however, that such changes, insertions and omissions shall not result in an aggregate underwriter's discount (not including any original issue discount) from the principal amount of the Series 2014 Bonds in excess of 0.70% of the aggregate principal amount of the Series 2014 Bonds. The City Council hereby finds and determines that the sale of the Series 2014 Bonds at negotiated sale as contemplated by the Purchase Agreement will result in a lower overall cost.

Notwithstanding the preceding provisions of this section or any other section of this resolution, the Series 2014 Bonds shall not be issued and sold to refund the Prior Bonds unless (a) the interest rates which will be contained in the Purchase Agreement with respect to the Series 2014 Bonds will result in a net present value savings in total debt service with respect to the outstanding Prior Bonds of at least three percent (3%).

The Continuing Disclosure Agreement, in substantially the form submitted to this meeting and made a part hereof as though set forth in full herein, be and the same is hereby approved. Each of the Authorized Officers is hereby authorized, and any one of the Authorized Officers is hereby directed, for and in the name of the Community

Facilities District, to execute and deliver the Continuing Disclosure Agreement in the form presented to this meeting, with such changes, insertions and omissions as the Authorized Officer executing the same may require or approve, such requirement or approval to be conclusively evidenced by the execution of the Continuing Disclosure Agreement by such Authorized Officer.

The Preliminary Official Statement, in substantially the form presented to this meeting and made a part hereof as though set forth in full herein, with such changes, insertions and omissions therein as may be approved by an Authorized Officer, be and the same is hereby approved, and the use of the Preliminary Official Statement in connection with the offering and sale of the Series 2014 Bonds is hereby authorized and approved. The Authorized Officers are each hereby authorized to certify on behalf of the Community Facilities District that the Preliminary Official Statement is deemed final as of its date, within the meaning of Rule 15c2-12 (except for the omission of certain final pricing, rating and related information as permitted by Rule 15c2-12):

The preparation and delivery of a final Official Statement (the "Official Statement"), and its use in connection with the offering and sale of the Series 2014 Bonds, be and the same is hereby authorized and approved. The Official Statement shall be in substantially the form of the Preliminary Official Statement, with such changes, insertions and omissions as may be approved by an Authorized Officer, such approval to be conclusively evidenced by the execution and delivery thereof. Each of the Authorized Officers is hereby authorized, and any one of the Authorized Officers is hereby directed, for and in the name of the Community Facilities District, to execute the final Official Statement and any amendment or supplement thereto.

The Escrow Agreement, in substantially the form submitted to this meeting and made a part hereof as though set forth in full herein, be and the same is hereby approved. Each of the Authorized Officers is hereby authorized, and any one of the Authorized Officers is hereby directed, for and in the name of the Community Facilities District, to execute and deliver the Escrow Agreement in the form presented to this meeting, with such changes, insertions and omissions as the Authorized Officer executing the same may require or approve, such requirement or approval to be conclusively evidenced by the execution of the Escrow Agreement by such Authorized Officer.

The City Manager or the Director of Finance is authorized to select a municipal bond insurer to insure payments of the principal of and interest on the Series 2014 Bonds so long as the City Manager or the Director of Finance determines that obtaining the municipal bond insurance policy provided thereby will result in a lower interest rate or yield to maturity with respect to the Series 2014 Bonds. Bond Counsel is hereby directed to make all changes to the Indenture, the Continuing Disclosure Agreement, the Purchase Agreement, the Escrow Agreement, the Preliminary Official Statement and the final Official Statement as are necessary to reflect the selection of a municipal bond insurer and the reasonable comments thereof.

The Authorized Officers and the officers and employees of the City are, and each of them is, hereby authorized and directed, for and in the name of the Community Facilities District to do any and all things and to execute and deliver any and all documents which they or any of them deem necessary or advisable in order to consummate the transactions contemplated by this Resolution and otherwise to carry out, give effect to and comply with the terms and intent of this Resolution.

All actions heretofore taken by the officers and employees of the City with respect to the issuance and sale of the Series 2014 Bonds, or in connection with or related to any of the agreements or documents referred to herein, are hereby approved, confirmed and ratified.

This Resolution shall take effect immediately upon its adoption.

The Bonds shall be and are limited obligations of the District and shall be payable as to the principal thereof and interest thereon and any premiums upon the redemption thereof solely from the Net Special Taxes and the other amounts in the funds created hereunder, other than amounts in the Rebate Fund or the Administration Fund.

Section 2.2 Type and Nature of Bonds. Neither the faith and credit nor the taxing power of the City, the State of California, or any political subdivision thereof other than the District is pledged to the payment of the Bonds. Except for the Special Taxes, no other taxes are pledged to the payment of the Bonds. The Bonds are not general or special obligations of the City or general obligations of the District, but are limited obligations of the District payable solely from certain amounts deposited by the District in the Special Tax Fund, as more fully described herein. The District's limited obligation to pay the principal of, premium, if any, and interest on the Bonds from amounts in the Special Tax Fund is absolute and unconditional, free of deductions and without any abatement, offset, recoupment, diminution or set-off whatsoever. No Owner of the Bonds may compel the exercise of the taxing power by the District (except as pertains to the Special Taxes) or the City or the forfeiture of any of their property. The principal of and interest on the Bonds and premiums upon the redemption thereof, if any, are not a debt of the City, the State of California or any of its political subdivisions within the meaning of any constitutional or statutory limitation or restriction. The Bonds are not a legal or equitable pledge, charge, lien, or encumbrance upon any of the District's property, or upon any of its income, receipts or revenues, except the Net Special Taxes and other amounts in the Special Tax Fund which are, under the terms of this Indenture and the Act, set aside for the payment of the Bonds and interest thereon and neither the members of the legislative body of the District or the City Council of the City nor any persons executing the Bonds, are liable personally on the Bonds, by reason of their issuance.

Notwithstanding anything to the contrary contained in this Indenture, the District shall not be required to advance any money derived from any source of income other than the Net Special Taxes for the payment of the interest on or the principal of the Bonds or for the performance of any covenants contained herein. The District may, however, advance funds for any such purpose, provided that such funds are derived from a source legally available for such purpose.

Section 2.3 Equality of Bonds and Pledge of Net Special Taxes. Subject only to the provisions of this Indenture permitting the application thereof for the purposes and on the terms and conditions set forth herein, in order to secure the payment of the principal of and interest on the Bonds in accordance with their terms, the provisions of this Indenture and the Act, the District hereby pledges to the Owners, and grants thereto a lien on and a security interest in, all of the Net Special Taxes and any other amounts held in the Special Tax Fund. Said pledge shall constitute a first lien on and security interest in such assets, which shall immediately attach to such assets and be effective, binding and enforceable against the District, its successors, purchasers of any of such assets, creditors and all others asserting rights therein, to the extent set forth in, and in accordance with, this Indenture, irrespective of whether those parties have notice of the pledge of, lien on and

security interest in such assets and without the need for any physical delivery, recordation, filing or further act.

Pursuant to the Act and this Indenture, the Bonds shall be equally payable from the Net Special Taxes and other amounts in the Special Tax Fund, without priority for number, date of the Bonds, date of sale, date of execution, or date of delivery, and the payment of the interest on and principal of the Bonds and any premiums upon the redemption thereof, shall be exclusively paid from the Net Special Taxes and other amounts in the Special Tax Fund, which are hereby set aside for the payment of the Bonds. Amounts in the Special Tax Fund shall constitute a trust fund held for the benefit of the Owners to be applied to the payment of the interest on and principal of the Bonds and so long as any of the Bonds or interest thereon remain Outstanding shall not be used for any other purpose, except as permitted by this Indenture or any Supplemental Indenture. Notwithstanding any provision contained in this Indenture to the contrary, Net Special Taxes deposited in the Rebate Fund or the Surplus Fund shall no longer be considered to be pledged to the Bonds, and none of the Rebate Fund, the Costs of Issuance Fund, the Surplus Fund or the Administration Fund shall be construed as a trust fund held for the benefit of the Owners.

Nothing in this Indenture or any Supplemental Indenture shall preclude, subject to the limitations contained hereunder, the redemption prior to maturity of any Bonds subject to call and redemption and payment of said Bonds from proceeds of refunding bonds issued under the Act as the same now exists or as hereafter amended, or under any other law of the State of California.

Section 2.4 Description of Bonds; Interest Rates. The Bonds shall be issued in fully registered form in denominations of \$5,000 or any integral multiple thereof. The Bonds of each issue shall be numbered as desired by the Trustee. The Bonds shall be designated "CITY OF MODESTO COMMUNITY FACILITIES DISTRICT NO. 2004-1 (VILLAGE ONE #2) 2014 SPECIAL TAX REFUNDING BONDS." The Bonds shall be dated as of their Delivery Date and shall mature and be payable on September 1 in the years and in the aggregate principal amounts and shall be subject to and shall bear interest at the rates set forth in the table below payable on September 1, 2015 and each Interest Payment Date thereafter:

Interest shall be payable on each Bond from the date established in accordance with Section 2.5 below on each Interest Payment Date thereafter until the principal sum of that Bond has been paid; provided, however, that if at the maturity date of any Bond (or if the same is redeemable and shall be duly called for redemption, then at the date fixed for redemption) funds are available for the payment or redemption thereof in full, in accordance with the terms of this Indenture, such Bonds shall then cease to bear interest. Interest due on the Bonds shall be calculated on the basis of a 360 day year comprised of twelve 30 day months.

Section 2.5 Place and Form of Payment. The Bonds shall be payable both as to principal and interest, and as to any premiums upon the redemption thereof, in lawful money of the United States of America. The principal of the Bonds and any premiums due upon the redemption thereof shall be payable upon presentation and surrender thereof at the Corporate Trust Office of the Trustee, or at the designated office of any successor Trustee. Interest on any Bond shall be payable from the Interest Payment Date next preceding the date of authentication of that Bond, unless (i) such date of authentication is an Interest Payment Date in which event interest shall be payable from such date of authentication; (ii) the date of authentication is after a Record Date but prior to the immediately succeeding Interest Payment Date, in which event interest shall be payable from the Interest Payment Date immediately succeeding the date of authentication; or (iii) the date of authentication is prior to the close of business on the first Record Date occurring after the issuance of such Bond, in which event interest shall be payable from the dated date of such Bond; provided, however, that if at the time of authentication of such Bond, interest is in default, interest on that Bond shall be payable from the last Interest Payment Date to which the interest has been paid or made available for payment or, if no interest has been paid or made available for payment on that Bond, interest on that Bond shall be payable from its dated date. Interest on any Bond shall be paid to the person whose name shall appear in the Bond Register as the Owner of such Bond as of the close of business on the Record Date. Such interest shall be paid by check of the Trustee mailed on the applicable Interest Payment Date by first class mail, postage prepaid, to such Bondowner at his or her address as it appears on the

Bond Register. In addition, upon a request in writing received by the Trustee on or before the applicable Record Date from an Owner of \$1,000,000 or more in principal amount of the Bonds, payment shall be made on the Interest Payment Date by wire transfer in immediately available funds to an account designated by such Owner.

Section 2.6 Form of Bonds. The definitive Bonds may be printed from steel engraved or lithographic plates or may be typewritten. The Bonds and the certificate of authentication shall be substantially in the form attached hereto as Exhibit A, which form is hereby approved and adopted as the form of such Bonds and of the certificate of authentication.

Until definitive Bonds, as applicable, shall be prepared, the District may cause to be executed and delivered in lieu of such definitive Bonds temporary bonds in typed, printed, lithographed or engraved form and in fully registered form, subject to the same provisions, limitations and conditions as are applicable in the case of definitive Bonds, except that they may be in any denominations authorized by the District. Until exchanged for definitive Bonds, as applicable, any temporary bond shall be entitled and subject to the same benefits and provisions of this Indenture as definitive Bonds. If the District issues temporary Bonds, it shall execute and furnish definitive Bonds, as applicable, without unnecessary delay and thereupon any temporary Bond may be surrendered to the Trustee at its office, without expense to the Owner, in exchange for a definitive Bond of the same issue, maturity, interest rate and principal amount in any authorized denomination. All temporary Bonds so surrendered shall be cancelled by the Trustee and shall not be reissued.

Section 2.7 Execution and Authentication. The Bonds shall be signed on behalf of the District by the manual or facsimile signature of the Mayor of the City and countersigned by the manual or facsimile signature of the City Clerk, or any duly appointed deputy clerk, in their capacity as officers of the District and attested by the signature of the City Clerk. In case any one or more of the officers who shall have signed any of the Bonds shall cease to be such officer before the Bonds so signed have been authenticated and delivered by the Trustee (including new Bonds delivered pursuant to the provisions hereof with reference to the transfer and exchange of Bonds or to lost, stolen, destroyed or mutilated Bonds), such Bonds shall nevertheless be valid and may be authenticated and delivered as herein provided, and may be issued as if the person who signed such Bonds had not ceased to hold such office.

Only such Bonds as shall bear thereon such certificate of authentication in the form set forth in Exhibit A hereto shall be entitled to any right or benefit under this Indenture, and no Bond shall be valid or obligatory for any purpose until such certificate of authentication shall have been duly executed by the Trustee.

Section 2.8 Bond Register. The Trustee will keep or cause to be kept, at the Corporate Trust Office, sufficient books for the registration and transfer of the Bonds which shall be open to inspection by the District during all regular business hours upon reasonable prior notice, and, upon presentation for such purpose, the Trustee shall, under such reasonable regulations as it may prescribe, register or transfer or cause to be transferred on said Bond Register, Bonds as herein provided.

The District and the Trustee may treat the Owner of any Bond whose name appears on the Bond Register as the absolute Owner of that Bond for any and all purposes, and the District and the Trustee shall not be affected by any notice to the contrary. The District and the Trustee may rely on the address of the Bondowner as it appears in the Bond Register for any and all purposes. It shall be

the duty of the Bondowner to give written notice to the Trustee of any change in the Bondowner's address so that the Bond Register may be revised accordingly.

Section 2.9 Registration of Exchange or Transfer. Subject to the limitations of the following paragraph, the registration of any Bond may, in accordance with its terms, be transferred upon the Bond Register by the person in whose name it is registered, in person or by his or her duly authorized attorney, upon surrender of such Bond for cancellation at the Corporate Trust Office of the Trustee, accompanied by delivery of a written instrument of transfer in a form approved by the Trustee and duly executed by the Bondowner or his or her duly authorized attorney.

Bonds may be exchanged at the Corporate Trust Office of the Trustee for a like aggregate principal amount of Bonds for other authorized denominations of the same maturity and issue. The Trustee shall not collect from the Owner any charge for any new Bond issued upon any exchange or transfer, but shall require the Bondowner requesting such exchange or transfer to pay any tax or other governmental charge required to be paid with respect to such exchange or transfer. Whenever any Bonds shall be surrendered for registration of transfer or exchange, the District shall execute and the Trustee shall authenticate and deliver a new Bond or Bonds, as applicable, of the same issue and maturity, for a like aggregate principal amount; provided that the Trustee shall not be required to register transfers or make exchanges of (i) Bonds for a period of 15 days next preceding any selection of the Bonds to be redeemed; or (ii) any Bonds chosen for redemption.

Section 2.10 Mutilated, Lost, Destroyed or Stolen Bonds. If any Bond shall become mutilated, the District, at the expense of the Bondowner, shall execute, and the Trustee shall authenticate and deliver, a new Bond of like tenor, date, issue and maturity in exchange and substitution for the Bond so mutilated, but only upon surrender to the Trustee of the Bond so mutilated. Every mutilated Bond so surrendered to the Trustee shall be cancelled by the Trustee pursuant to Section 10.1 hereof. If any Bond shall be lost, destroyed or stolen, evidence of such loss, destruction or theft may be submitted to the Trustee and, if such evidence is satisfactory to the Trustee and, if any indemnity satisfactory to the Trustee shall be given, the District, at the expense of the Bondowner, shall execute and the Trustee shall authenticate and deliver, a new Bond of like tenor, maturity and issue, numbered and dated as the Trustee shall determine in lieu of and in substitution for the Bond so lost, destroyed or stolen. Any Bond issued in lieu of any Bond alleged to be mutilated, lost, destroyed or stolen, shall be equally and proportionately entitled to the benefits hereof with all other Bonds issued hereunder. The Trustee shall not treat both the original Bond and any replacement Bond as being Outstanding for the purpose of determining the principal amount of Bonds which may be executed, authenticated and delivered hereunder or for the purpose of determining any percentage of Bonds Outstanding hereunder, but both the original and replacement Bond shall be treated as one and the same. Notwithstanding any other provision of this Section, in lieu of delivering a new Bond which has been mutilated, lost, destroyed or stolen, and which has matured, the Trustee may make payment with respect to such Bonds upon receipt of indemnification satisfactory to the Trustee.

Section 2.11 Validity of Bonds. The validity of the authorization and issuance of the Bonds shall not be affected in any way by any defect in any proceedings taken by the District and the recital contained in the Bonds that the same are issued pursuant to the Act and other applicable laws of the State shall be conclusive evidence of their validity and of the regularity of their issuance.

Section 2.12 Book-Entry System. The Bonds shall be initially issued in the form of a separate single fully-registered Bond for each maturity (which may be typewritten). Upon initial

issuance, the ownership of each such Bond shall be registered in the registration books maintained by the Trustee in the name of the Nominee, as nominee of the Depository. Except hereinafter as provided, all of the Outstanding Bonds shall be registered in the registration books maintained by the Trustee in the name of the Nominee.

With respect to the Bonds registered in the name of the Nominee, the District and the Trustee shall have no responsibility or obligation to any Participant or to any Person on behalf of which such a Participant holds an interest in the Bonds. Without limiting the immediately preceding sentence, the District and the Trustee shall have no responsibility or obligation with respect to (i) the accuracy of the records of the Depository, the Nominee, or any Participant with respect to any ownership interest in the Bonds, (ii) the delivery to any Participant or any other Person, other than an Owner as shown in the registration books maintained by the Trustee, of any notice with respect to the Bonds, including any notice of redemption, (iii) the selection by the Depository and its Participants of the beneficial interests in the Bonds to be redeemed in the event the District redeems the Bonds in part, or (iv) the payment to any Participant or any other person, other than an Owner as shown in the registration books maintained by the Trustee, of any amount with respect to principal of, premium, if any, or interest on the Bonds. The District and the Trustee may treat and consider the Person in whose name each Bond is registered in the registration books maintained by the Trustee as the absolute Owner of such Bond for the purpose of payment of principal, premium, if any, and interest with respect to such Bond, for the purpose of giving notices of redemption and other matters with respect to such Bond, for the purpose of registering transfers with respect to such Bond, and for all other purposes whatsoever. The Trustee shall pay all principal of, premium, if any, and interest on the Bonds only to or upon the order of the respective Owner, or his respective attorney duly authorized in writing, and all such payments shall be valid and effective to fully satisfy and discharge the District's obligations with respect to payment of principal of, premium, if any, and interest on the Bonds to the extent of the sum or sums so paid. No Person other than an Owner shall receive a Bond evidencing the obligation of the District to make payments of principal, premium, if any, and interest pursuant to this Indenture. Upon delivery by the Depository to the Owner, Trustee and the District of written notice to the effect that the Depository has determined to substitute a new nominee in place of the Nominee, and subject to the provisions herein with respect to Record Dates, the term "Nominee" in this Indenture shall refer to such nominee of the Depository.

In order to qualify the Bonds the District elects to register in the name of the Nominee for the Depository's book-entry system, the District shall execute and deliver the Representation Letter to the Depository concurrently with the issuance and delivery of the Bonds to their respective original purchasers. The execution and delivery of the Representation Letter shall not in any other way limit the provisions of this Section or in any other way impose upon the District any obligation whatsoever with respect to Persons having interests in the Bonds other than the Owners. In a separate agreement, the Trustee shall have agreed to take all action necessary to ensure compliance with all representations of the District in the Representation Letter with respect to the Trustee at all times. In addition to the execution and delivery of the Representation Letter, the District shall take such other actions, not inconsistent with this Indenture, as are reasonably necessary to qualify the Bonds for the Depository's book-entry program.

In the event (i) the Depository determines not to continue to act as securities depository for the Bonds or (ii) the Depository shall no longer so act and gives notice to the Trustee of such determination, then the District will discontinue the book-entry system with the Depository. If the District determines to replace the Depository with another qualified securities depository, the District shall prepare or direct the preparation of a new single, separate, fully-registered Bond for each of the

issues and maturities of the Bonds, registered in the name of such successor or substitute qualified securities depository or its nominee. If the District fails to identify another qualified securities depository to replace the Depository then the Bonds shall no longer be restricted to being registered in the bond register in the name of the Nominee, but shall be registered in whatever name or names Owners transferring or exchanging Bonds shall designate, in accordance with the provisions of Section 2.9 of this Indenture.

Notwithstanding any other provision of this Indenture to the contrary, so long as any Bond is registered in the name of the Nominee, all payments with respect to principal of, premium, if any, and interest on such Bond and all notices with respect to such Bond shall be made and given, respectively, as provided in the Representation Letter or as otherwise instructed by the Depository.

The initial Depository under this Section shall be The Depository Trust Company, New York, New York (“DTC”). The initial Nominee shall be Cede & Co., as Nominee of DTC.

ARTICLE III

CREATION OF FUNDS AND APPLICATION OF PROCEEDS AND NET SPECIAL TAXES

Section 3.1 Creation of Funds. There is hereby created and established and shall be maintained by the Trustee the following funds and accounts:

(1) The Community Facilities District No. 2004-1 Special Tax Fund (the “Special Tax Fund”) in which there shall be established and created, a Debt Service Account, a Redemption Account and a Reserve Account;

(2) The Community Facilities District No. 2004-1 Rebate Fund (the “Rebate Fund”) in which there shall be established a Rebate Account and an Alternative Penalty Account; and

(3) The Community Facilities District No. 2004-1 Costs of Issuance Fund (the “Costs of Issuance Fund”).

The amounts on deposit in the foregoing funds and accounts shall be held by the Trustee; and the Trustee shall invest and disburse the amounts in such funds and accounts in accordance with the provisions of this Article III and shall disburse investment earnings thereon in accordance with the provisions of Section 3.11 hereof.

Section 3.2 Disposition of Bond Proceeds.

(a) The proceeds of the sale of the Bonds (other than \$368,695.74 paid by the initial purchasers of the Bonds directly to the Insurer for the premium for the Insurance Policy) shall be received by the Trustee on behalf of the District and deposited as follows:

(1) \$27,273,062.74 shall be transferred to the Escrow Bank for deposit into the Escrow Fund pursuant to the terms of the Escrow Agreement, together with \$4,006,591.01 of moneys held by the Prior Trustee under the Fiscal Indenture which the District shall direct the Prior Trustee to deposit in the Escrow Fund pursuant to the Escrow Agreement;

(2) \$221,368.28 representing the amount of Costs of Issuance with respect to the Bonds shall be deposited in the Costs of Issuance Fund, and such amount shall be applied to the payment of Costs of Issuance for the Bonds; and

(3) \$2,735,200.00 shall be deposited in the Reserve Account of the Special Tax Fund.

The Trustee may, in its discretion, establish a temporary fund or account in its books and records to facilitate such deposits or transfers.

Section 3.3 Deposits to and Disbursements from Special Tax Fund. The Director of Finance shall, no later than the last day of each month during which the Special Taxes are received by the District, transfer the Special Taxes net of (a) Special Tax Prepayments (which amounts shall immediately be transferred by the Director of Finance to the Trustee for deposit into the Redemption Account of the Special Tax Fund to be applied in accordance with Section 3.6(b) hereof) and (b) an amount for Administrative Expenses up to the Administrative Expense Cap (which amount shall be deposited in the Administration Fund), to the Trustee for deposit in the Special Tax Fund for the Bonds, to be held in trust by the Trustee in the Special Tax Fund. Notwithstanding the foregoing, no more than half of the amount of Administrative Expenses up to half of the Administrative Expense Cap (plus Extraordinary Administrative Expenses in the event there are Extraordinary Administrative Expenses) levied for the current Fiscal Year shall be deposited in the Administration Fund until the earlier of (i) the date moneys on deposit in the Debt Service Account of the Special Tax Fund are sufficient to pay debt service on the Bonds on March 1 of such Fiscal Year, or (ii) March 2 of such Fiscal Year. The Trustee will then transfer the money on deposit in the Special Tax Fund on the dates and in the amounts set forth in the following Sections, in the following order of priority, to:

- (1) The Debt Service Account of the Special Tax Fund;
- (2) The Redemption Account;
- (3) The Reserve Account of the Special Tax Fund;
- (4) Rebate Fund; and
- (5) Surplus Fund.

At the maturity of all Bonds and, after all principal and interest then due on the Bonds then Outstanding has been paid or provided for and any amounts owed to the Trustee have been paid in full, moneys in the Special Tax Fund and any accounts therein may be used by the District for any lawful purpose.

Section 3.4 Administration Fund. There is hereby established as a separate fund to be held by the Director of Finance the Administration Fund. Moneys in the Administration Fund may be invested in any Authorized Investments, provided that the maturity or maturities thereof shall not exceed 30 days from the date of purchase. Moneys on deposit in the Administration Fund shall be withdrawn by the Director of Finance and paid to the City or its order upon receipt by the Director of Finance of a Certificate of Authorized Officer stating the amount to be withdrawn, that such amount is to be used to pay an Administrative Expense and the nature of the Administrative Expense.

Section 3.5 Debt Service Account of the Special Tax Fund. The principal or Sinking Fund Payment of, and interest on, the Bonds until maturity shall be paid by the Trustee from amounts transferred to the Debt Service Account of the Special Tax Fund. For the purpose of assuring that the payment of principal or Sinking Fund Payment of and interest on, the Bonds will be made when due, at least one Business Day prior to each Interest Payment Date, the Trustee shall make the following transfers to the Debt Service Account; provided, however, that to the extent that deposits have been made in the Debt Service Account from the proceeds of the sale of the Bonds, or otherwise, or to the extent that a transfer will be made from the Reserve Account to the Debt Service Account in accordance with the last paragraph of Section 3.7 hereof, the transfer from the Special Tax Fund need not be made: an amount such that the balance in the Debt Service Account one (1) Business Day prior to each Interest Payment Date shall be equal to the installments of interest, principal and Sinking Fund Payments due on the Bonds on said Interest Payment Date. Moneys in the Debt Service Account shall be used for the payment of the interest, principal and Sinking Fund Payments of the Bonds as the same become due.

Section 3.6 Redemption Account of the Special Tax Fund.

(a) After making the deposit to the Debt Service Account of the Special Tax Fund pursuant to Section 3.5 above and in accordance with the District's election to call Bonds for optional redemption as set forth in Section 4.1(a) hereof, the Trustee shall transfer from the Special Tax Fund and deposit in the Redemption Account moneys available for the purpose and sufficient to pay the principal of and interest on the Bonds called for redemption, and the premiums payable as provided in Section 4.1(a) hereof on the Bonds called for optional redemption one (1) Business Day prior to the redemption date; provided, however, that Net Special Taxes may be applied to optionally redeem Bonds only if immediately following such redemption the amount in the Reserve Account will equal the Reserve Requirement.

(b) Special Tax Prepayments deposited to the Redemption Account shall be applied on the redemption date established pursuant to Section 4.1(c) hereof for the use of such Special Tax Prepayments to the payment of the principal of, premium, if any, and interest on the Bonds to be redeemed with such Special Tax Prepayments.

(c) Moneys set aside in the Redemption Account shall be used solely for the purpose of redeeming Bonds and shall be applied on or after the redemption date to the payment of principal of and premium, if any, on the Bonds to be redeemed upon presentation and surrender of such Bonds; provided, however, in lieu or partially in lieu of such call and redemption, upon receipt by the Trustee of written direction of the District to purchase Bonds, moneys deposited in the Redemption Account may be used to purchase Outstanding Bonds in the manner hereinafter provided. Purchases of Outstanding Bonds may be made by the District at public or private sale as and when and at such prices as the District may in its discretion determine but only at prices (including brokerage or other expenses) not more than par plus accrued interest, or, in the case of purchases to be made from funds to be applied to a redemption pursuant to Section 4.1(a), par plus accrued interest, plus premium, if any, in the case of moneys set aside for an optional redemption. Any accrued interest payable upon the purchase of Bonds may be paid from the amount reserved in the Special Tax Fund for the payment of interest on the next following Interest Payment Date.

Section 3.7 Reserve Account of the Special Tax Fund. There shall be maintained in the Reserve Account of the Special Tax Fund an amount equal to the Reserve Requirement.

Moneys in the Reserve Account shall be used solely for the purpose of paying the principal of, including Sinking Fund Payments, and interest on the Bonds when due in the event that the moneys in the Debt Service Account of the Special Tax Fund are insufficient therefor and for the purpose of making any required transfer to the Rebate Fund pursuant to Section 3.8 upon written direction from the District; provided, however, amounts in the Reserve Account may be applied to pay the principal and interest due on any Bonds in the final Bond Year in which any Bonds are Outstanding. If the amounts in the Debt Service Account of the Special Tax Fund are insufficient to pay the principal of, including Sinking Fund Payments, or interest on the Bonds when due, or amounts in the Special Tax Fund are insufficient to make transfers to the Rebate Fund when required, the Trustee shall withdraw from the Reserve Account for deposit in the Debt Service Account of the Special Tax Fund or the Rebate Fund, as applicable, moneys necessary for such purposes. Following any transfer to the Debt Service Account of the Special Tax Fund or to the Rebate Fund as described above, the District shall then take the steps necessary to cause to be deposited to the Reserve Account the amount needed to replenish the Reserve Account to the Reserve Requirement by transferring such amount from Special Taxes held by the Treasurer or, if the District so elects, by including such amount in the next annual Special Tax levy to the extent of the permitted maximum Special Tax rates.

Notwithstanding anything herein to the contrary, whenever moneys are withdrawn from the Reserve Account, after making the required transfers pursuant to Sections 3.5 and 3.6 above, the Trustee shall transfer to the Reserve Account from available moneys in the Special Tax Fund the amount needed to restore the amount of such account to the Reserve Requirement. Moneys in the Special Tax Fund shall be deemed available for transfer to the Reserve Account only if the Trustee determines that such amounts will not be needed to make the deposits required to be made to the Debt Service Account of the Special Tax Fund. In no event shall amounts in the Reserve Account be used to pay fees or expenses of the Trustee or its counsel.

In connection with a redemption of Bonds pursuant to Section 4.1(a) or (c), or a defeasance of Bonds in accordance with Section 9.1 hereof, amounts in the Reserve Account shall be applied to such redemption or defeasance so long as the amount on deposit in the Reserve Account following such redemption or any partial defeasance equals the Reserve Requirement. The District shall set forth in a Certificate of an Authorized Officer the amount in the Reserve Account to be transferred to the Redemption Account on a redemption date or to be transferred pursuant to this Indenture to partially defease Bonds, and the Trustee shall make such transfer on the applicable redemption or defeasance date, subject to the limitation in the preceding sentence.

Notwithstanding any provision herein to the contrary, moneys in the Reserve Account in excess of the Reserve Requirement shall be withdrawn from the Reserve Account on the Business Day before each Interest Payment Date and transferred to the Debt Service Account to be applied to the interest on the Bonds on the next Interest Payment Date.

The prior written consent of the Insurer shall be a condition precedent to the deposit of any credit instrument provided in lieu of a cash deposit into the Reserve Account. Notwithstanding anything to the contrary set forth in this Indenture, amounts on deposit in the Reserve Account shall be applied solely to the payment of debt service due on the Bonds.

Section 3.8 Rebate Fund.

(a) The Trustee shall establish and maintain a fund separate from any other fund established and maintained hereunder designated as the Rebate Fund and shall establish a separate Rebate Account and Alternative Penalty Account therein. The District shall cause to be deposited in the Rebate Fund such amounts as required under the Tax Certificate. All money at any time deposited in the Rebate Account or the Alternative Penalty Account of the Rebate Fund shall be held by the Trustee in trust, for payment to the United States Treasury. All amounts on deposit in the Rebate Fund shall be governed by this Section 3.8 and the Tax Certificate.

Without limiting the generality of the foregoing, the District agrees that there shall be paid from time to time all amounts required to be rebated to the United States pursuant to Section 148(f) of the Code and any temporary, proposed or final treasury regulations as may be applicable to the Bonds from time to time, which the District covenants to pay or cause to be paid to the United States at the times and in the amounts determined under the Tax Certificate. The Trustee agrees to comply with all instructions given to it by the District in accordance with this covenant. The Trustee shall conclusively be deemed to have complied with the provisions of this Section 3.8 if it follows the instructions of the District and shall not be required to take any actions hereunder in the absence of instructions from the District. The Trustee may rely conclusively upon the District's determinations, calculations and certifications required by this Section. The Trustee shall have no responsibility to independently make any calculation or determination or to review the District's calculations hereunder.

(b) Disposition of Unexpended Funds. Any funds remaining in the Accounts of the Rebate Fund with respect to the Bonds after payment in full of such issue and after making the payments required to comply with this Section 3.8 and the Tax Certificate may be withdrawn by the Trustee at the written direction of the District and utilized in any manner by the District.

(c) Survival of Defeasance and Final Payment. Notwithstanding anything in this Section or this Indenture to the contrary, the obligation to comply with the requirements of this Section shall survive the defeasance and final payment of the Bonds.

(d) Amendment Without Consent of Owners. This Section 3.8 may be deleted or amended in any manner without the consent of the Owners, provided that prior to such event there is delivered to the District an opinion of Bond Counsel to the effect that such deletion or amendment will not adversely affect the exclusion from gross income for federal income tax purposes of interest on the Bonds issued on a tax exempt basis. Notwithstanding any provision of this Section, if the District shall provide to the Trustee an opinion of a nationally recognized bond or tax counsel that any specified action required under this Section 3.8 is no longer required or that some further or different action is required to maintain the tax-exempt status of interest on the Bonds, the Trustee and the District may conclusively rely on such opinion in complying with the requirements of this Section, and the covenants hereunder shall be deemed to be modified to that extent.

Section 3.9 Costs of Issuance Fund.

(a) The moneys in the Costs of Issuance Fund shall be applied exclusively to pay the Costs of Issuance for the Bonds. Amounts for Costs of Issuance shall be disbursed from the Costs of Issuance Fund by the Trustee only upon receipt of a sequentially numbered written requisition, substantially in the form attached hereto as Exhibit B from the Director of Finance or

such other person as is designated in writing to the Trustee by the legislative body of the District. Each such written requisition of the District shall be sufficient evidence to the Trustee of the facts stated therein and the Trustee shall have no duty to confirm the accuracy of such facts.

(b) Upon the receipt of a Certificate of an Authorized Officer that all or a specified portion of the amount remaining in the Costs of Issuance Fund is no longer needed to pay Costs of Issuance, respectively, the Trustee shall transfer all or such specified portion of the moneys remaining on deposit in such account to the Debt Service Account of the Special Tax Fund. Any moneys remaining in the Cost of Issuance Fund on December 1, 2014 shall be transferred to the Debt Service Account of the Special Tax Fund.

Section 3.10 Surplus Fund. There is hereby created and established the "Surplus Fund," to be held by the Director of Finance. After making the transfers required by Sections 3.5, 3.6, 3.7 and 3.8, as soon as practicable after each September 1, the Trustee shall transfer all remaining amounts in the Special Tax Fund to the District for deposit in the Surplus Fund. Moneys deposited in the Surplus Fund may be transferred by the District (i) to the Trustee for deposit in the Debt Service Account of the Special Tax Fund to pay the principal of, including Sinking Fund Payments, and interest on the Bonds when due in the event that moneys in the Special Tax Fund and the Reserve Account of the Special Tax Fund are insufficient therefor, (ii) to the Trustee for deposit in the Reserve Account in order to replenish the Reserve Account to the Reserve Requirement, (iii) to the Administration Fund to pay Administrative Expenses to the extent that the amounts on deposit in the Administration Fund are insufficient to pay Administrative Expenses, or (iv) may be used by the District for any other lawful purpose of the District.

The amounts in the Surplus Fund are not pledged to the repayment of the Bonds and may be used by the District for any lawful purpose. In the event that the District reasonably expects to use any portion of the moneys in the Surplus Fund to pay debt service on any Outstanding Bonds, the District shall segregate such amount into a separate subaccount and the moneys on deposit in such subaccount of the Surplus Fund shall be invested in Authorized Investments the interest on which is excludable from gross income under Section 103 of the Code (other than bonds the interest on which is a tax preference item for purposes of computing the alternative minimum tax of individuals and corporations under the Code) or in Authorized Investments at a Yield not in excess of the Yield on the Bonds, unless, in the opinion of Bond Counsel, investment at a higher Yield will not adversely affect the exclusion from gross income for federal income tax purposes of interest on the Bonds then Outstanding.

Section 3.11 Investments. Moneys held in any of the Funds and Accounts under this Indenture shall be invested by the Trustee at the written direction of the District in accordance with the limitations set forth below only in Authorized Investments which shall be deemed at all times to be a part of such Funds and Accounts. Any loss resulting from such Authorized Investments shall be charged to the Fund or Account from which such investment was made, and any investment earnings on a Fund or Account shall be applied as follows: (i) investment earnings on all amounts deposited in the Costs of Issuance Fund shall be deposited in that Fund, (ii) investment earnings on all amounts in the Rebate Fund shall be deposited in that Fund, (iii) investment earnings on all amounts deposited in the Reserve Account of the Special Tax Fund shall be used to satisfy the Reserve Requirement and any investment earnings not needed to satisfy the Reserve Requirement shall be withdrawn from the Reserve Account one (1) Business Day before each Interest Payment Date and transferred to the Debt Service Account as provided in Section 3.7 hereof; and (iv) all other investment earnings shall be deposited in the Debt Service Account of the Special Tax Fund. Moneys in the Funds and Accounts

held under this Indenture may be invested by the Trustee, upon the written direction of the District, from time to time, in Authorized Investments which written direction shall be made in accordance with the following restrictions:

(a) Moneys in the Accounts within the Costs of Issuance Fund shall be invested in Authorized Investments which will by their terms mature, as close as practicable to the date the District estimates the moneys represented by the particular investment will be needed for withdrawal from the Costs of Issuance Fund.

(b) Moneys in the Debt Service Account of the Special Tax Fund shall be invested only in Authorized Investments which will by their terms mature or are available for withdrawal without penalty, on such dates so as to ensure the payment of principal of, premium, if any, and interest on the Bonds as the same become due.

(c) One-half of the amount in the Reserve Account of the Special Tax Fund may be invested only in Authorized Investments which mature not later than six (6) months from their date of purchase by the Trustee, and one-half of such amount shall be invested in Authorized Investments which mature not more than two (2) years from the date of purchase by the Trustee; provided that such amounts may be invested in an investment or repurchase agreement so long as such amounts may be withdrawn at any time, without penalty, for application in accordance with Section 3.5 hereof; and provided that no such Authorized Investment of amounts in the Reserve Account allocable to the Bonds shall mature later than the respective final maturity date of the Bonds to which such amounts relate.

(d) Moneys in the Rebate Fund shall be invested only in Authorized Investments of the type described in clause (a) of the definition thereof which by their terms will mature, as nearly as practicable, on the dates such amounts are needed to be paid to the United States Government pursuant to Section 3.8 hereof.

The Trustee, at the direction of the District, shall sell, or present for redemption, any Authorized Investments so purchased whenever it may be necessary to do so in order to provide moneys to meet any payment or transfer to such Funds and Accounts or from such Funds and Accounts. For the purpose of determining at any given time the balance in any such Funds and Accounts, any such investments constituting a part of such Funds and Accounts shall be valued at their cost, except that amounts in the Reserve Account shall be valued at the market value thereof at least semiannually on or before each Interest Payment Date. Notwithstanding anything herein to the contrary, the Trustee shall not be responsible for any loss from investments, sales or transfers undertaken in accordance with the provisions of this Indenture.

The Trustee may act as principal or agent in the making or disposing of any investment and shall be entitled to its customary fee for making such investment. The Trustee may sell or present for redemption, any Authorized Investment so purchased whenever it shall be necessary to provide moneys to meet any required payment, transfer, withdrawal or disbursement from the Fund or Account to which such Authorized Investment is credited, and, subject to the provisions of Section 7.4, the Trustee shall not be liable or responsible for any loss resulting from such investment. For investment purposes, the Trustee may commingle the funds and accounts established hereunder, but shall account for each separately. In the absence of written investment direction the Trustee shall hold such funds uninvested pending the receipt of written investment instructions. The Trustee may

rely on the investment directions of the District as to the suitability and legality of the directed investments.

The District acknowledges that regulations of the Comptroller of the Currency grant the District the right to receive brokerage confirmations of security transactions to be effected by the Trustee hereunder as they occur. The District specifically waives the right to receive such confirmations to the extent permitted by applicable law and agrees that it will instead receive periodic cash transaction statements which shall include detail for the investment transactions effected by the Trustee hereunder; provided, however, that the District retains its right to receive brokerage confirmation on any investment transaction requested by the District.

ARTICLE IV

REDEMPTION OF BONDS

Section 4.1 Redemption of Bonds.

(a) Optional Redemption. The Bonds maturing on or before September 1, 2024 are not subject to optional redemption. The Bonds maturing after September 1, 2024 are subject to call and redemption, at the option of the District, from any available source of funds prior to their stated maturity on any date on or after September 1, 2024, as a whole or in part, and by lot, at a redemption price equal to the principal amount to be redeemed, together with accrued interest to the date of redemption.

(b) Mandatory Sinking Fund Redemption. Bonds maturing on September 1, 2036 shall be called before maturity and redeemed, from the Sinking Fund Payments that have been deposited into the Redemption Account, on September 1, 2032, and on each September 1 thereafter prior to maturity, in accordance with the schedule of Sinking Fund Payments set forth below. The Term Bonds so called for redemption shall be selected by the Trustee by lot and shall be redeemed at a redemption price for each redeemed Term Bond equal to the principal amount thereof, plus accrued interest to the redemption date, without premium, as follows:

Term Bonds Due on September 1, 2036

<i>Year (September 1)</i>	<i>Principal Amount</i>
2032	\$2,045,000
2033	2,185,000
2034	2,320,000
2035	2,470,000
2036 (Maturity)	2,630,000

In the event the District shall elect to redeem Bonds as provided in this Section 4.1, the District shall give written notice to the Trustee of its election so to redeem, the redemption date and (other than redemptions pursuant to (b) above) the principal amount of the Bonds to be redeemed. The notice to the Trustee shall be given at least 35 but no more than 60 days prior to the redemption date or such shorter period as shall be acceptable to the Trustee in the sole determination of the Trustee, such notice for the convenience of the Trustee.

Special Tax Prepayments and amounts released from the Reserve Account in connection with Special Tax Prepayments in accordance with Section 3.7 hereof shall be allocated to the redemption of the Bonds as nearly as practicable on a proportionate basis based on the outstanding principal amount of the Bonds as applied in a written certificate from the District to the Trustee.

(c) Special Mandatory Redemption from Special Tax Prepayments. The Bonds are subject to Special Mandatory Redemption from Special Tax Prepayments as a whole, or in part on a pro rata basis among maturities, on any Interest Payment Date, and shall be redeemed by the Trustee, from Special Tax Prepayments deposited to the Redemption Account pursuant to Section 3.6(b), plus amounts transferred from the Reserve Account pursuant to Section 3.7, at the following redemption prices, expressed as a percentage of the principal amount of the Bonds to be redeemed, together with accrued interest to the date of redemption:

<i>Redemption Dates</i>	<i>Redemption Price</i>
Any Interest Payment Date through March 1, 2022	103%
September 1, 2022 and March 1, 2023	102
September 1, 2023 and March 1, 2024	101
September 1, 2024 and any Interest Payment Date thereafter	100

In the event of a partial optional redemption or special mandatory redemption of the Term Bonds, each of the remaining Sinking Fund Payments for such Term Bonds will be reduced, as nearly as practicable, on a pro rata basis. The District shall provide the Trustee with a revised sinking fund schedule.

(d) Purchase of Bonds. In lieu of payment at maturity or redemption, moneys in the Special Tax Fund may be used and withdrawn by the Trustee, subject to the prior written approval of the Insurer (so long as the Insurer is not then in default of its payment obligations under the Insurance Policy), for purchase of Outstanding Bonds, upon the filing with the Trustee of a Certificate of an Authorized Officer requesting such purchase, at a public or private sale as and when, and at such prices (including brokerage and other charges) as such Certificate of an Authorized Officer may provide, but in no event will Bonds be purchased at a price in excess of the principal amount thereof, plus interest accrued to the date of purchase and any premium which would otherwise be due if the Bonds were to be redeemed in accordance with this Indenture.

Section 4.2 Selection of Bonds for Redemption. If less than all of the Bonds Outstanding are to be redeemed (except with respect to mandatory sinking fund redemption in which case selection shall be by lot), the Trustee shall select Bonds pro rata among maturities and by lot within a maturity. The portion of any Bond of a denomination of more than \$5,000 to be redeemed shall be in the principal amount of \$5,000 or an integral multiple thereof, and, in selecting portions of such Bonds for redemption, the Trustee shall treat each such Bond as representing that number of Bonds of \$5,000 denominations which is obtained by dividing the principal amount of such Bond to be redeemed in part by \$5,000. The Trustee shall promptly notify the District in writing of the Bonds, or portions thereof, selected for redemption.

Section 4.3 Notice of Redemption. When Bonds are to be called for optional or special mandatory redemption under Section 4.1(a) or (c), if the Trustee has received the required notice from the District, the Trustee shall give notice, in the name and at the expense of the District, of the redemption of such Bonds provided, however, that a notice of a redemption with respect to a

redemption pursuant to Section 4.1(a) may be conditioned on there being on deposit on the redemption date sufficient money to pay the redemption price of the Bonds to be redeemed. Such notice of redemption shall (a) specify the serial numbers and the maturity date or dates of the Bonds selected for redemption, except that where all the Bonds subject to redemption, or all the Bonds of one maturity, are to be redeemed, the serial numbers thereof need not be specified; (b) state the date fixed for redemption and surrender of the Bonds to be redeemed; (c) state the redemption price; (d) state the place or places where the Bonds are to be surrendered for redemption; and (e) in the case of Bonds to be redeemed only in part, state the portion of such Bond which is to be redeemed. Such notice may state that redemption is contingent upon the availability of refunding bond proceeds. Such notice shall further state that on the date fixed for redemption, there shall become due and payable on each Bond or portion thereof called for redemption, the principal thereof, together with any premium, and interest accrued to the redemption date, and that from and after such date, interest thereon shall cease to accrue and be payable. At least 30 days but no more than 60 days prior to the redemption date, the Trustee shall mail a copy of such notice, by first class mail, postage prepaid, to the respective Owners thereof at their addresses appearing on the Bond Register. The actual receipt by the Owner of any Bond of notice of such redemption shall not be a condition precedent thereto, and neither the failure to receive such notice nor any defect therein shall affect the validity of the proceedings for the redemption of such Bonds, or the cessation of interest on the redemption date. A certificate by the Trustee that notice of such redemption has been given as herein provided shall be conclusive as against all parties, and the Owner shall not be entitled to show that he or she failed to receive notice of such redemption.

With respect to any notice of optional redemption of Bonds, such notice may state that such redemption shall be conditional upon the receipt by the Trustee on or prior to the date fixed for such redemption of moneys sufficient to pay the principal of, premium, if any, and interest on such Bonds to be redeemed and that, if such moneys shall not have been so received, said notice shall be of no force and effect and the Trustee shall not be required to redeem such Bonds. In the event that such notice of redemption contains such a condition and such moneys are not so received, the redemption shall not be made, and the Trustee shall within a reasonable time thereafter give notice, in the manner in which the notice of redemption was given, that such moneys were not so received.

In addition to the foregoing notice, further notice shall be given by the Trustee as set out below, but no defect in said further notice nor any failure to give all or any portion of such further notice shall in any manner defeat the effectiveness of a call for redemption if notice thereof is given as above prescribed.

Each further notice of redemption shall be sent not later than the date that notice of redemption is mailed to the Bondowners pursuant to the first paragraph of this Section by registered or certified mail or overnight delivery service to the Depository and to any other registered securities depositories then in the business of holding substantial amounts of obligations of types comprising the Bonds as determined by the Trustee and to one or more of the national information services that the Trustee determines are in the business of disseminating notice of redemption of obligations such as the Bonds. The redemption notice shall also be sent to EMMA.

Upon the payment of the redemption price of any Bonds being redeemed, each check or other transfer of funds issued for such purpose shall to the extent practicable bear the CUSIP number identifying, by issue and maturity, the Bonds being redeemed with the proceeds of such check or other transfer.

Section 4.4 Partial Redemption of Bonds. Upon surrender of any Bond to be redeemed in part only, the District shall execute and the Trustee shall authenticate and deliver to the Bondowner, at the expense of the District, a new Bond or Bonds of authorized denominations equal in aggregate principal amount to the unredeemed portion of the Bonds surrendered, with the same interest rate and the same maturity.

Section 4.5 Effect of Notice and Availability of Redemption Money. Notice of redemption having been duly given, as provided in Section 4.3, and the amount necessary for the redemption having been made available for that purpose and being available therefor on the date fixed for such redemption:

(a) The Bonds, or portions thereof, designated for redemption shall, on the date fixed for redemption, become due and payable at the redemption price thereof as provided in this Indenture, anything in this Indenture or in the Bonds to the contrary notwithstanding;

(b) Upon presentation and surrender thereof at the Corporate Trust Office of the Trustee, the redemption price of such Bonds shall be paid to the Owners thereof;

(c) As of the redemption date the Bonds, or portions thereof so designated for redemption shall be deemed to be no longer Outstanding and such Bonds, or portions thereof, shall cease to bear further interest; and

(d) As of the date fixed for redemption no Owner of any of the Bonds, or portions thereof so designated for redemption shall be entitled to any of the benefits of this Indenture, or to any other rights, except with respect to payment of the redemption price and interest accrued to the redemption date from the amounts so made available.

ARTICLE V

COVENANTS AND WARRANTY

Section 5.1 Warranty. The District shall preserve and protect the security pledged hereunder to the Bonds against all claims and demands of all persons.

Section 5.2 Covenants. So long as any of the Bonds issued hereunder are Outstanding and unpaid, the District makes the following covenants with the Bondowners under the provisions of the Act and this Indenture (to be performed by the District or its proper officers, agents or employees), which covenants are necessary and desirable to secure the Bonds and tend to make them more marketable; provided, however, that said covenants do not require the District to expend any funds or moneys other than the Special Taxes and other amounts deposited to the Special Tax Fund:

(a) Punctual Payment; Against Encumbrances. The District covenants that it will receive all Gross Taxes in trust and will deposit the Gross Taxes with the Trustee, as provided in Section 3.3, and the District shall have no beneficial right or interest in the amounts so deposited except as provided by this Indenture. All such Gross Taxes shall be disbursed, allocated and applied solely to the uses and purposes set forth herein, and shall be accounted for separately and apart from all other money, funds, accounts or other resources of the District. Notwithstanding the provisions of this Section, as set forth in Section 8.2, the District shall have the right to accept less than the minimum bid on any delinquent parcel, and is indemnified from legal claim for Owners of the

Bonds, if the City Council determines that the acceptance of less than the minimum bid or another action as described in Section 8.2 is in the best interest of the District.

The District covenants that it will duly and punctually pay or cause to be paid the principal of and interest on every Bond issued hereunder, together with the premium, if any, thereon on the date, at the place and in the manner set forth in the Bonds and in accordance with this Indenture to the extent that Net Special Taxes are available therefor, and that the payments into the Funds and Accounts created hereunder will be made, all in strict conformity with the terms of the Bonds and this Indenture, and that it will faithfully observe and perform all of the conditions, covenants and requirements of this Indenture and of the Bonds issued hereunder.

The District will not mortgage or otherwise encumber, pledge or place any charge upon any of the Gross Taxes, except as provided in this Indenture, and (except as set forth herein) will not issue any obligation or security having a lien or charge upon the Net Special Taxes superior to or on a parity with the Bonds. Nothing herein shall prevent the District from issuing or incurring indebtedness which is payable from a pledge of Special Taxes which is subordinate in all respects to the pledge of Net Special Taxes to repay the Bonds.

(b) Levy and Collection of Special Tax. Subject to the maximum Special Tax rates, the District will comply with all requirements of the Act so as to assure the timely collection of the Special Taxes, including without limitation, the enforcement of delinquent Special Taxes.

On or before each June 1, commencing June 1, 2015, the Trustee shall provide a written notice to the District stating the amounts then on deposit in the various funds and accounts established by the Trustee pursuant to this Indenture. The receipt of such notice by the District shall in no way affect the obligations of the District under the following paragraphs. Upon receipt of a copy of such notice, the District shall communicate with the Treasurer or other appropriate official of the County of Stanislaus to ascertain the relevant parcels on which the Special Taxes are to be levied, taking into account any parcel splits during the preceding and then current year.

The District shall retain an Independent Financial Consultant to assist in the levy of the Special Taxes each Fiscal Year, commencing Fiscal Year 2014-15, in accordance with the Ordinance, such that the computation of the levy is complete before the final date on which the Treasurer will accept the transmission of the Special Tax amounts for the parcels within the District for inclusion on the next secured tax roll. Upon the completion of the computation of the amounts of the levy, and approval by the legislative body of the District, the District shall prepare or cause to be prepared, and shall transmit to the Treasurer, such data as the Treasurer requires to include the levy of the Special Taxes on the next secured tax roll.

The District shall fix and levy the amount of Special Taxes within the District required for the payment of principal of and interest on Outstanding Bonds becoming due and payable during the ensuing year including any necessary replenishment or expenditure of the Reserve Account for the Bonds, an amount equal to the estimated Administrative Expenses and any additional amounts necessary for expenses incurred in connection with administration or enforcement of delinquent Special Taxes. The District further covenants that it will take no actions that would discontinue or cause the discontinuance of the Special Tax levy or the District's authority to levy the Special Tax for so long as the Bonds are Outstanding, including the initiation of proceedings under the Act to reduce the Maximum Special Tax rates (the "Maximum Rates") on Taxable Property in the District below the amounts which are necessary to pay Administrative Expenses and to provide

Special Taxes in an amount equal to one hundred ten percent (110%) of Maximum Annual Debt Service on the Outstanding Bonds.

The Special Taxes shall be payable and collected in the same manner and at the same time and in the same installment as the general taxes on real property are payable, and have the same priority, become delinquent at the same times and in the same proportionate amounts and bear the same proportionate penalties and interest after delinquency as do the general taxes on real property; provided, the legislative body of the District may provide for direct collection of the Special Taxes in certain circumstances.

The fees and expenses of the Independent Financial Consultant retained by the District to assist in computing the levy of the Special Taxes hereunder and any reconciliation of amounts levied to amount received, as well as the costs and expenses of the District (including a charge for District staff time) in conducting its duties hereunder, shall be an Administrative Expense hereunder.

(c) Commence Foreclosure Proceedings. Pursuant to Section 53356.1 of the Act, the District hereby covenants with and for the benefit of the Bondowners that it will order, and cause to be commenced, on or before October 1 of the Fiscal Year immediately following the Fiscal Year in which a delinquency in the payment of a Special Tax occurs, and thereafter diligently prosecute to judgment (unless such delinquency is theretofore brought current), an action in the superior court to foreclose the lien of any Special Tax or installment thereof not paid when due, provided that the District need not commence or pursue such proceedings with respect to any property owned by a single property owner who is delinquent in the payment of Special Taxes in an amount less than \$5,000 if both (i) the aggregate amount of such delinquent Special Taxes does not exceed 5% of the total Special Taxes due and payable for the Fiscal Year in question (ii) the balance on deposit in the Reserve Account of the Special Tax Fund is not less than the Reserve Requirement.

Special Taxes collected as a result of a foreclosure proceeding shall be deposited in the Special Tax Fund and only inure to the benefit of the Bonds in the manner provided in Section 3.2.

(d) Payment of Claims. The District will pay and discharge any and all lawful claims for labor, materials or supplies which, if unpaid, might become a lien or charge upon the Net Special Taxes or any part thereof, or upon any funds in the hands of the Trustee, or which might impair the security of the Bonds then Outstanding; provided however that nothing herein contained shall require the District to make any such payments so long as the District in good faith shall contest the validity of any such claims.

(e) Books and Accounts. The District will keep proper books of records and accounts, separate from all other records and accounts of the District, in which complete and correct entries shall be made of all transactions relating to the improvements constructed with the proceeds of bonded indebtedness issued by the District, the levy of the Special Tax and the deposits to the Special Tax Fund. Such books of records and accounts shall at all times during business hours be subject to the inspection of the Owners of not less than ten percent (10%) of the principal amount of the Bonds then Outstanding or their representatives authorized in writing.

(f) Federal Tax Covenants. Notwithstanding any other provision of this Indenture, absent an opinion of Bond Counsel that the exclusion from gross income for federal

income tax purposes of interest on the Bonds issued on a tax-exempt basis will not be adversely affected, the District covenants to comply with all applicable requirements of the Code necessary to preserve such exclusion from gross income and specifically covenants, without limiting the generality of the foregoing, as follows:

(1) Private Activity. The District will take no action or refrain from taking any action or make any use of the proceeds of the Bonds or of any other monies or property which would cause the Bonds issued on a tax-exempt basis for federal income tax purposes to be “private activity bonds” within the meaning of Section 141 of the Code.

(2) Arbitrage. The District will make no use of the proceeds of the Bonds or of any other amounts or property, regardless of the source, or take any action or refrain from taking any action which will cause the Bonds issued on a tax-exempt basis for federal income tax purposes to be “arbitrage bonds” within the meaning of Section 148 of the Code.

(3) Federal Guaranty. The District will make no use of the proceeds of the Bonds or take or omit to take any action that would cause the Bonds issued on a tax-exempt basis for federal income tax purposes to be “federally guaranteed” within the meaning of Section 149(b) of the Code.

(4) Information Reporting. The District will take or cause to be taken all necessary action to comply with the informational reporting requirement of Section 149(e) of the Code.

(5) Hedge Bonds. The District will make no use of the proceeds of the Bonds or any other amounts or property, regardless of the source, or take any action or refrain from taking any action that would cause the Bonds issued on a tax-exempt basis for federal income tax purposes to be considered “hedge bonds” within the meaning of Section 149(g) of the Code unless the District takes all necessary action to assure compliance with the requirements of Section 149(g) of the Code to maintain the exclusion from gross income for federal income tax purposes of interest on the Bonds.

(6) Miscellaneous. The District will take no action or refrain from taking any action inconsistent with its expectations stated in the Tax Certificate executed on the Delivery Date by the District in connection with the Bonds and will comply with the covenants and requirements stated therein and incorporated by reference herein.

(g) Covenants to Defend. The District covenants that, in the event that any initiative is adopted by the qualified electors in the District which purports to reduce the maximum Special Tax below the levels specified in Section 5.2(b) above or to limit the power of the District to levy the Special Taxes for the purposes set forth in Section 5.2(b) above, it will commence and pursue legal action in order to preserve its ability to comply with such covenants.

(h) Limitation on Right to Tender Bonds. The District hereby covenants that it will not adopt any policy pursuant to Section 53341.1 of the Act permitting the tender of Bonds in full payment or partial payment of any Special Tax unless the District shall have first received a certificate from an Independent Financial Consultant that the acceptance of such a tender will not result in the District having insufficient Special Tax revenues to pay the principal of and interest on the Bonds when due.

(i) Continuing Disclosure Covenant. The District hereby covenants and agrees that it will comply with and carry out all of its obligations under the Continuing Disclosure Agreement. Notwithstanding any other provision of this Indenture, failure of the District to comply with its obligations under the Continuing Disclosure Agreement shall not be considered an event of default under this Indenture, and the sole remedy, in the event of any failure of the District to comply with the Continuing Disclosure Agreement shall be an action to compel performance.

(j) Opinions. In the event that an opinion is rendered by Bond Counsel as provided herein from a firm other than the firm which rendered the Bond Counsel opinion at closing, such subsequent opinion by Bond Counsel shall also include the conclusions set forth in numbered paragraphs 1, 2, 3 and 4 of the original Bond Counsel opinion.

(k) Further Assurances. The District shall make, execute and deliver any and all such further agreements, instruments and assurances as may be reasonably necessary or proper to carry out the intention or to facilitate the performance of this Indenture and for the better assuring and confirming unto the Owners of the Bonds of the rights and benefits provided in this Indenture.

ARTICLE VI

AMENDMENTS TO INDENTURE

Section 6.1 Supplemental Indentures or Orders Not Requiring Bondowner Consent. The District may from time to time, and at any time, without notice to or consent of any of the Bondowners, adopt Supplemental Indentures for any of the following purposes:

(a) to cure any ambiguity, to correct or supplement any provisions herein which may be inconsistent with any other provision herein, or to make any other provision with respect to matters or questions arising under this Indenture or in any Supplemental Indenture, provided that such action is not materially adverse to the interests of the Bondowners;

(b) to add to the covenants and agreements of and the limitations and the restrictions upon the District contained in this Indenture, other covenants, agreements, limitations and restrictions to be observed by the District which are not contrary to or inconsistent with this Indenture as theretofore in effect or which further secure Bond payments;

(c) to modify, amend or supplement this Indenture in such manner as to permit the qualification hereof under the Trust Indenture Act of 1939, as amended, or any similar federal statute hereafter in effect, or to comply with the Code or regulations issued thereunder, and to add such other terms, conditions and provisions as may be permitted by said act or similar federal statute, and which shall not materially adversely affect the interests of the Owners of the Bonds then Outstanding;

(d) to modify, alter or amend the Rate and Method of Apportionment in any manner so long as such changes do not reduce the maximum Special Taxes that may be levied in each year on Developed Property (as defined in the Rate and Method of Apportionment) below the amounts which are necessary to pay Administrative Expenses and to provide Special Taxes in an amount equal to one hundred ten percent (110%) of Maximum Annual Debt Service on the Bonds Outstanding as of the date of such amendment;

(e) to modify, alter, amend or supplement this Indenture in any other respect which is not materially adverse to the Bondowners; provided that any amendment or supplement to this Indenture which will affect the Trustee's duties or protections or the Insurer's rights and interests set forth hereunder shall be effective only upon written consent of the Trustee or the Insurer, as applicable; or

Section 6.2 Supplemental Indentures or Orders Requiring Bondowner Consent. Exclusive of the Supplemental Indentures set forth in Section 6.1 and subject to the prior written consent of the Insurer (so long as the Insurer is not then in default of its payment obligations under the Insurance Policy), the Owners of not less than a majority of in aggregate principal amount of the Bonds Outstanding shall have the right to consent to and approve the adoption by the District of such Supplemental Indentures as shall be deemed necessary or desirable by the District for the purpose of waiving, modifying, altering, amending, adding to or rescinding, in any particular, any of the terms or provisions contained in this Indenture; provided, however, that nothing herein shall permit, or be construed as permitting, (a) an extension of the maturity date of the principal, or the payment date of interest on, any Bond; (b) a reduction in the principal amount of, or redemption premium on, any Bond or the rate of interest thereon; (c) a preference or priority of any Bond over any other Bond; or (d) a reduction in the aggregate principal amount of the Bonds the Owners of which are required to consent to such Supplemental Indenture, without the consent of the Owners of all Bonds then Outstanding.

If at any time the District shall desire to adopt a Supplemental Indenture, which pursuant to the terms of this Section shall require the consent of the Bondowners, the District shall so notify the Trustee and shall deliver to the Trustee a copy of the proposed Supplemental Indenture. The Trustee shall, at the expense of the District, cause notice of the proposed Supplemental Indenture to be mailed, by first class mail, postage prepaid, to all Bondowners at their addresses as they appear in the Bond Register. Such notice shall briefly set forth the nature of the proposed Supplemental Indenture and shall state that a copy thereof is on file at the office of the Trustee for inspection by all Bondowners. The failure of any Bondowners to receive such notice shall not affect the validity of such Supplemental Indenture when consented to and approved by the Owners of not less than a majority in aggregate principal amount of the Bonds Outstanding as required by this Section. Whenever at any time within one year after the date of the first mailing of such notice, the Trustee shall receive an instrument or instruments purporting to be executed by the Owners of not less than a majority in aggregate principal amount of the Bonds Outstanding, which instrument or instruments shall refer to the proposed Supplemental Indenture described in such notice, and shall specifically consent to and approve the adoption thereof by the District substantially in the form of the copy referred to in such notice as on file with the Trustee, such proposed Supplemental Indenture, when duly adopted by the District, shall thereafter become a part of the proceedings for the issuance of the Bonds. In determining whether the Owners of a majority of the aggregate principal amount of the Bonds have consented to the adoption of any Supplemental Indenture, Bonds which are owned by the District or by any person directly or indirectly controlling or controlled by or under the direct or indirect common control with the District, shall be disregarded and shall be treated as though they were not Outstanding for the purpose of any such determination.

Upon the adoption of any Supplemental Indenture and the receipt of consent to any such Supplemental Indenture from the Owners of not less than a majority in aggregate principal amount of the Outstanding Bonds in instances where such consent is required pursuant to the provisions of this section, this Indenture shall be, and shall be deemed to be, modified and amended in accordance therewith, and the respective rights, duties and obligations under this Indenture of the District and all

Owners of Outstanding Bonds shall thereafter be determined, exercised and enforced hereunder, subject in all respects to such modifications and amendments.

Section 6.3 Notation of Bonds; Delivery of Amended Bonds. After the effective date of any action taken as hereinabove provided, the District may determine that the Bonds may bear a notation, by endorsement in form approved by the District, as to such action, and in that case upon demand of the Owner of any Outstanding Bond at such effective date and presentation of his Bond for the purpose at the office of the Trustee or at such additional offices as the Trustee may select and designate for that purpose, a suitable notation as to such action shall be made on such Bonds. If the District shall so determine, new Bonds so modified as, in the opinion of the District, shall be necessary to conform to such action shall be prepared and executed, and in that case upon demand of the Owner of any Outstanding Bond at such effective date such new Bonds shall be exchanged at the office of the Trustee or at such additional offices as the Trustee may select and designate for that purpose, without cost to each Owner of Outstanding Bonds, upon surrender of such Outstanding Bonds.

ARTICLE VII

TRUSTEE

Section 7.1 Trustee. The Bank of New York Mellon Trust Company, N.A., having a corporate trust office in Los Angeles, California, is hereby appointed Trustee for the District for the purpose of receiving all money which the District is required to deposit with the Trustee hereunder and to allocate, use and apply the same as provided in this Indenture. In the event that the District fails to deposit with the Trustee any amount due hereunder when due, the Trustee shall provide written notice to the District.

The Trustee is hereby authorized to and shall mail by first class mail, postage prepaid, or pay by wire transfer as provided in Section 2.5 hereof, interest payments to the Bondowners, to select Bonds for redemption, and to maintain the Bond Register. The Trustee is hereby authorized to pay the principal of and premium, if any, on the Bonds when the same are duly presented to it for payment at maturity or on call and redemption, to provide for the registration of transfer and exchange of Bonds presented to it for such purposes, to provide for the cancellation of Bonds all as provided in this Indenture, and to provide for the authentication of Bonds, and shall perform all other duties assigned to or imposed on it as provided in this Indenture. The Trustee shall keep accurate records of all funds administered by it and all Bonds paid, discharged and cancelled by it. The Trustee shall deliver to the District a monthly accounting of the Funds and Accounts it holds under this Indenture; provided, however, that the Trustee shall not be obligated to deliver such accounting for any Fund or Account that has a balance of zero. The Trustee may establish such Funds and Accounts as it deems necessary or appropriate to perform its obligations hereunder.

The Trustee is hereby authorized to redeem the Bonds when duly presented for payment at maturity, or on redemption prior to maturity. The Trustee shall cancel all Bonds upon payment thereof in accordance with the provisions of Section 11.1 hereof.

The District shall from time to time, subject to any agreement between the District and the Trustee then in force, pay to the Trustee compensation for its services, reimburse the Trustee for all its advances and expenditures, including, but not limited to, advances to and fees and expenses of independent accountants or counsel employed by it in the exercise and performance of its powers and

duties hereunder, and indemnify and save the Trustee, its officers, directors, employees and agents, harmless from and against costs, claims, expenses and liabilities not arising from its own negligence or willful misconduct which it may incur in the exercise and performance of its powers and duties hereunder. The obligations of the District under this Section shall survive the discharge of the Bonds and the resignation or removal of the Trustee.

Section 7.2 Removal of Trustee. The District may at any time at its sole discretion remove the Trustee initially appointed, and any successor thereto, by delivering to the Trustee a written notice of its decision to remove the Trustee and may appoint a successor or successors thereto; provided that any such successor shall be a bank, national banking association or trust company having a combined capital (exclusive of borrowed capital) and surplus of at least fifty million dollars (\$50,000,000), and subject to supervision or examination by federal or state authority. Any removal shall become effective only upon acceptance of appointment by the successor Trustee. If any bank, national banking association or trust company appointed as a successor publishes a report of condition at least annually, pursuant to law or to the requirements of any supervising or examining authority above referred to, then for the purposes of this section the combined capital and surplus of such bank, national banking association or trust company shall be deemed to be its combined capital and surplus as set forth in its most recent report of condition so published.

Section 7.3 Resignation of Trustee. The Trustee may at any time resign by giving written notice to the District and the Insurer and by giving to the Owners notice of such resignation, which notice shall be mailed to the Owners at their addresses appearing in the registration books in the office of the Trustee. Upon receiving such notice of resignation, the District shall promptly appoint by an instrument in writing and with the prior approval of the Bond Insurer, a successor Trustee. Any resignation or removal of the Trustee and appointment of a successor Trustee shall become effective only upon acceptance of appointment by the successor Trustee. If no appointment of a successor Trustee shall be made pursuant to the foregoing provisions of this Section within thirty (30) days after the Trustee shall have given to the District and the Owners written notice, the Trustee, at the expense of the District, or the District may apply to any court of competent jurisdiction to appoint a successor Trustee. Said court may thereupon, after such notice, if any, as such court may deem proper, appoint a successor Trustee, which successor shall be acceptable to the District.

Section 7.4 Liability of Trustee. The recitals of fact and all promises, covenants and agreements contained herein and in the Bonds shall be taken as statements, promises, covenants and agreements of the District, and the Trustee assumes no responsibility for the correctness of the same and makes no representations as to the validity or sufficiency of this Indenture or the Bonds and shall incur no responsibility in respect thereof, other than in connection with its duties or obligations specifically set forth herein, in the Bonds, or in the certificate of authentication assigned to or imposed upon the Trustee. The Trustee shall be under no responsibility or duty with respect to the issuance of the Bonds for value. The Trustee shall not be liable in connection with the performance of its duties hereunder, except for its own negligence or willful misconduct.

The Trustee shall be protected in acting upon any notice, resolution, request, consent, order, certificate, report, Bond or other paper or document believed by it to be genuine and to have been signed or presented by the proper party or parties. The Trustee may consult with counsel, who may be counsel to the District, with regard to legal questions, and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken or suffered hereunder in good faith and in accordance therewith.

The Trustee shall not be bound to recognize any person as the Owner of a Bond unless and until such Bond is submitted for inspection, if required, and his title thereto satisfactorily established, if disputed.

Whenever in the administration of its duties under this Indenture the Trustee shall deem it necessary or desirable that a matter be proved or established prior to taking or suffering any action hereunder, such matter (unless other evidence in respect thereof be herein specifically prescribed) may, in the absence of bad faith on the part of the Trustee, be deemed to be conclusively proved and established by a written certificate of the District, and such certificate shall be full warrant to the Trustee for any action taken or suffered under the provisions of this Indenture upon the faith thereof, but in its discretion the Trustee may, in lieu thereof, accept other evidence of such matter or may require such additional evidence as to it may seem reasonable.

The Trustee shall have no responsibility with respect to any information, statement, or recital in any official statement, offering memorandum or any other disclosure material prepared or distributed with respect to the Bonds.

No provision of this Indenture or any other document related hereto shall require the Trustee to risk or advance its own funds or otherwise incur any financial liability in the performance of its duties or the exercise of its rights hereunder.

The immunities extended to the Trustee also extend to its directors, officers, employees and agents. The Trustee shall have the right to accept and act upon instructions, including funds transfer instructions (“Instructions”) given pursuant to this Indenture and delivered using Electronic Means (“Electronic Means” shall mean the following communications methods: S.W.I.F.T., e-mail, facsimile transmission, secure electronic transmission containing applicable authorization codes, passwords and/or authentication keys issued by the Trustee, or another method or system specified by the Trustee as available for use in connection with its services hereunder); provided, however, that the District shall provide to the Trustee an incumbency certificate listing officers with the authority to provide such Instructions (“Authorized Officers”) and containing specimen signatures of such Authorized Officers, which incumbency certificate shall be amended by the District whenever a person is to be added or deleted from the listing. If the District elects to give the Trustee Instructions using Electronic Means and the Trustee in its discretion elects to act upon such Instructions, the Trustee’s understanding of such Instructions shall be deemed controlling. The District understands and agrees that the Trustee cannot determine the identity of the actual sender of such Instructions and that the Trustee shall conclusively presume that directions that purport to have been sent by an Authorized Officer listed on the incumbency certificate provided to the Trustee have been sent by such Authorized Officer. The District shall be responsible for ensuring that only Authorized Officers transmit such Instructions to the Trustee and that the District and all Authorized Officers are solely responsible to safeguard the use and confidentiality of applicable user and authorization codes, passwords and/or authentication keys upon receipt by the District. The Trustee shall not be liable for any losses, costs or expenses arising directly or indirectly from the Trustee’s reliance upon and compliance with such Instructions notwithstanding such directions conflict or are inconsistent with a subsequent written instruction. The District agrees: (i) to assume all risks arising out of the use of Electronic Means to submit Instructions to the Trustee, including without limitation the risk of the Trustee acting on unauthorized Instructions, and the risk of interception and misuse by third parties; (ii) that it is fully informed of the protections and risks associated with the various methods of transmitting Instructions to the Trustee and that there may be more secure methods of transmitting Instructions than the method(s) selected by the District; (iii) that the security procedures (if any) to be

followed in connection with its transmission of Instructions provide to it a commercially reasonable degree of protection in light of its particular needs and circumstances; and (iv) to notify the Trustee immediately upon learning of any compromise or unauthorized use of the security procedure.

The Trustee shall not be liable to the parties hereto or deemed in breach or default hereunder if and to the extent its performance hereunder is prevented by reason of force majeure. The term “force majeure” means an occurrence that is beyond the control of the Trustee and could not have been avoided by exercising due care. Force majeure shall include but not be limited to acts of God, terrorism, war, riots, strikes, fire, floods, earthquakes, epidemics or other similar occurrences.

The Trustee shall not be responsible for or accountable to anyone for the subsequent use or application of any moneys which shall be released or withdrawn in accordance with the provisions hereof.

The Trustee, prior to the occurrence of an Event of Default and after the curing of all Events of Default which may have occurred, undertakes to perform such duties and only such duties as are specifically set forth in this Trust Agreement. In case an Event of Default has occurred (which has not been cured) the Trustee shall exercise such of the rights and powers vested in it by the Indenture, and use the same degree of care and skill in their exercise, as a prudent man would exercise or use under the circumstances in the conduct of his own affairs.

The Trustee shall be under no obligation to exercise any of the rights or powers vested in it by this Indenture at the request, order or direction of any of the Owners pursuant to the provisions of this Indenture unless such Owners shall have offered to the Trustee reasonable security or indemnity against the costs, expenses and liabilities which may be incurred therein or thereby.

The Trustee may execute any of the trusts or powers hereof and perform the duties required of it hereunder either directly or by or through attorneys or agents, shall not be liable for the acts or omissions of such attorneys or agents appointed with due care, and shall be entitled to rely on advice of counsel concerning all matters of trust and its duty hereunder.

The Trustee shall not be deemed to have knowledge of any Event of Default unless and until it shall have actual knowledge thereof by receipt of written notice thereof at Corporate Trust Office of the Trustee.

The permissive right of the Trustee to do things enumerated in this Indenture shall not be construed as a duty and it shall not be answerable for other than its negligence or willful misconduct.

Section 7.5 Merger or Consolidation. Any company into which the Trustee may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be a party or any company to which the Trustee may sell or transfer all or substantially all of its corporate trust business, shall be the successor to the Trustee without the execution or filing of any paper or further act, anything herein to the contrary notwithstanding.

ARTICLE VIII

EVENTS OF DEFAULT; REMEDIES

Section 8.1 Events of Default. Any one or more of the following events shall constitute an "Event of Default":

(a) Default in the due and punctual payment of the principal of or redemption premium, if any, on any Bond when and as the same shall become due and payable, whether at maturity as therein expressed, by declaration or otherwise;

(b) Default in the due and punctual payment of the interest on any Bond when and as the same shall become due and payable; or

(c) Except as described in (a) or (b), default shall be made by the District in the observance of any of the agreements, conditions or covenants on its part contained in this Indenture, the Bonds, and such default shall have continued for a period of thirty (30) days after the District shall have been given notice in writing of such default by the Trustee, the Insurer or the Owners of twenty-five percent (25%) in aggregate principal amount of the Outstanding Bonds; provided that no grace period for a default under this Section 8.1(c) shall exceed 30 days or be extended for more than 60 days, without the prior written consent of the Insurer.

Section 8.2 Remedies of Owners. Following the occurrence of an Event of Default, any Owner shall have the right for the equal benefit and protection of all Owners similarly situated:

(a) By mandamus or other suit or proceeding at law or in equity to enforce his rights against the District and any of the members, officers and employees of the District, and to compel the District or any such members, officers or employees to perform and carry out their duties under the Act and their agreements with the Owners as provided in this Indenture;

(b) By suit in equity to enjoin any actions or things which are unlawful or violate the rights of the Owners; or

(c) By a suit in equity to require the District and its members, officers and employees to account as the trustee of an express trust.

Nothing in this Article or in any other provision of this Indenture, the Bonds shall affect or impair the obligation of the District, which is absolute and unconditional, to pay the interest on and principal of the Bonds to the respective Owners thereof at the respective dates of maturity, as herein provided, out of the Net Special Taxes pledged for such payment, or affect or impair the right of action, which is also absolute and unconditional, of such Owners to institute suit to enforce such payment by virtue of the contract embodied in the Bonds and in this Indenture. The principal of the Bonds shall not be subject to acceleration hereunder.

A waiver of any default or breach of duty or contract by any Owner shall not affect any subsequent default or breach of duty or contract, or impair any rights or remedies on any such subsequent default or breach. No delay or omission by any Owner to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver of any such default or an acquiescence therein, and every power and remedy conferred upon the Owners

by the Act or by this article may be enforced and exercised from time to time and as often as shall be deemed expedient by the Owners.

If any suit, action or proceeding to enforce any right or exercise any remedy is abandoned or determined adversely to the Owners, the District and the Owners shall be restored to their former positions, rights and remedies as if such suit, action or proceeding had not been brought or taken.

No remedy herein conferred upon or reserved to the Owners is intended to be exclusive of any other remedy. Every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder or now or hereafter existing, at law or in equity or by statute or otherwise, and may be exercised without exhausting and without regard to any other remedy conferred by the Act or any other law.

In case the moneys held by the Trustee after an Event of Default pursuant to Section 8.1(a) or (b) shall be insufficient to pay in full the whole amount so owing and unpaid upon the Bonds, after payment of all reasonable fees and expenses, including reasonable legal fees and expenses of the Trustee incurred in the course of the performance of its powers and duties under this Indenture, then all available amounts shall be applied to the payment of such principal and interest without preference or priority of principal over interest, or interest over principal, or of any installment of interest over any other installment of interest, ratably to the aggregate of such principal and interest, and to restore the Reserve Account to the Reserve Requirement.

ARTICLE IX

DEFEASANCE

Section 9.1 Defeasance. If the District shall pay or cause to be paid, or there shall otherwise be paid, to the Owner of an Outstanding Bond the interest due thereon and the principal thereof, at the times and in the manner stipulated in this Indenture or any Supplemental Indenture, then the Owner of such Bond shall cease to be entitled to the pledge of Net Special Taxes, and, other than as set forth below, all covenants, agreements and other obligations of the District to the Owner of such Bond under this Indenture shall thereupon cease, terminate and become void and be discharged and satisfied. In the event of a defeasance of all Outstanding Bonds pursuant to this Section, upon payment of all amounts owed by the District to the Trustee hereunder, the Trustee shall execute and deliver to the District all such instruments as may be desirable to evidence such discharge and satisfaction, and the Trustee shall, after payment of amounts payable to the Trustee hereunder, pay over or deliver to the District's general fund all money or securities held by it pursuant to this Indenture which are not required for the payment of the interest due on and the principal of such Bonds.

Any Outstanding Bond shall be deemed to have been paid within the meaning expressed in the first paragraph of this section if such Bond is paid in any one or more of the following ways:

- (a) by paying or causing to be paid the principal of, premium, if any, and interest on such Bond, as and when the same become due and payable;
- (b) by depositing with the Trustee, in trust, at or before maturity, money which, together with the amounts then on deposit in the Special Tax Fund are available for such purpose, is

fully sufficient to pay the principal of, premium, if any, and interest on such Bond, as and when the same shall become due and payable; or

(c) by depositing with the Trustee, or another escrow bank appointed by the District, in trust, direct, noncallable Federal Securities, of the type defined in the definition thereof set forth in Section 1.1 hereof, in which the District may lawfully invest its money, in such amount as an Independent Financial Consultant shall determine will be sufficient, together with the interest to accrue thereon and moneys then on deposit in the Special Tax Fund are available for such purpose, together with the interest to accrue thereon, to pay and discharge the principal of, premium, if any, and interest on such Bond, as and when the same shall become due and payable;

If paid as provided above, then, at the election of the District, and notwithstanding that any Outstanding Bonds shall not have been surrendered for payment, all obligations of the District under this Indenture and any Supplemental Indenture with respect to such Bond shall cease and terminate, except for the obligation of the Trustee to pay or cause to be paid to the Owners of any such Bond not so surrendered and paid, all sums due thereon and except for the covenants of the District contained in Section 5.2(f) relating to compliance with the Code. Notice of such election shall be filed with the Trustee not less than thirty (30) days prior to the proposed defeasance date. In connection with a defeasance under (b) or (c) above, there shall be provided to the Trustee and the Insurer (i) a report of an independent firm of nationally recognized certified public accountants or such other accountant as shall be acceptable to the Insurer ("Certified Public Accountant") verifying the sufficiency of the escrow established to pay the Bonds in full on the maturity or the redemption date; (ii) an escrow agreement (which shall be acceptable in form and substance to the Insurer); (iii) an opinion of Bond Counsel (which may rely upon the opinion of the Certified Public Accountant) to the effect that the Bonds being defeased have been legally defeased in accordance with this Indenture and any applicable Supplemental Indenture; and (iv) a certificate of discharge of the Trustee with respect to the Bonds. The opinion of Bond Counsel and Certified Public Accountant's or report referred to above shall be acceptable in form and substance, and addressed, to the District, Trustee and Insurer (so long as the Insurer is not then in default of its payment obligations under the Insurance Policy). The Insurer shall be provided with final drafts of the above-referenced documentation not less than five Business Days prior to the funding of the escrow.

The Bonds shall be deemed Outstanding under this Indenture unless and until they are in fact paid and retired or the above criteria are met.

Upon a defeasance, the Trustee, upon request of the District, shall release the rights of the Owners of such Bonds which have been defeased under this Indenture and any Supplemental Indenture and execute and deliver to the District all such instruments as may be desirable to evidence such release, discharge and satisfaction. In the case of a defeasance hereunder of all Outstanding Bonds, the Trustee shall pay over or deliver to the District any funds held by the Trustee at the time of a defeasance, which are not required for the purpose of paying and discharging the principal of or interest on the Bonds when due and any fees and expenses of the Trustee remaining unpaid. The Trustee shall, at the written direction of the District, mail, first class, postage prepaid, a notice to the Bondowners whose Bonds have been defeased, in the form directed by the District, stating that the defeasance has occurred.

ARTICLE X

BOND INSURANCE PROVISIONS

Section 10.1 Claims Upon Insurance Policy. So long as the Insurance Policy remains in full force and effect, the District and the Trustee agree to comply with the following provisions set forth in this Section 10.1, notwithstanding anything to the contrary herein:

(a) If, on the third Business Day prior to the related scheduled interest payment date or principal payment date (“Payment Date”) there is not on deposit with the Trustee, after making all transfers and deposits required under this Indenture, moneys sufficient to pay the principal of and interest on the Insured Bonds due on such Payment Date, the Trustee shall give notice to the Insurer and to its designated agent (if any) (the “Insurer's Fiscal Agent”) by telephone or telecopy of the amount of such deficiency by 12:00 noon, New York City time, on such Business Day. If, on the second Business Day prior to the related Payment Date, there continues to be a deficiency in the amount available to pay the principal of and interest on the Insured Bonds due on such Payment Date, the Trustee shall make a claim under the Insurance Policy and give notice to the Bond Insurer and the Insurer's Fiscal Agent (if any) by telephone of the amount of such deficiency, and the allocation of such deficiency between the amount required to pay interest on the Insured Bonds and the amount required to pay principal of the Insured Bonds, confirmed in writing to the Insurer and the Insurer's Fiscal Agent by 12:00 noon, New York City time, on such second Business Day by filling in the form of Notice of Claim and Certificate delivered with the Insurance Policy.

(b) The Insurer shall be entitled to pay principal or interest on the Insured Bonds that shall become Due for Payment but shall be unpaid by reason of Nonpayment by the Issuer (as such terms are defined in the Insurance Policy), whether or not the Insurer has received a Notice of Nonpayment (as such terms are defined in the Insurance Policy) or a claim upon the Insurance Policy.

(c) The Trustee shall designate any portion of payment of principal on Insured Bonds paid by the Insurer, whether by virtue of mandatory sinking account redemption, maturity or other advancement of maturity, on its books as a reduction in the principal amount of Insured Bonds registered to the then current Owner of the Insured Bonds, whether DTC or its nominee or otherwise, and shall issue a replacement Insured Bond to the Insurer, registered in the name of Assured Guaranty Municipal Corp., in a principal amount equal to the amount of principal so paid (without regard to authorized denominations); provided that the Trustee's failure to so designate any payment or issue any replacement Insured Bond shall have no effect on the amount of principal or interest payable by the District on any Insured Bond or the subrogation rights of the Insurer.

(d) The Trustee shall keep a complete and accurate record of all funds deposited by the Insurer into the Policy Payments Account (defined below) and the allocation of such funds to payment of interest on and principal of any Insured Bond. The Insurer shall have the right to inspect such records at reasonable times upon reasonable notice to the Trustee.

(e) Upon payment of a claim under the Insurance Policy, the Trustee shall establish a separate special purpose trust account for the benefit of Owners of the Insured Bonds referred to in this Section 10.1 as the “Policy Payments Account” and over which the Trustee shall have exclusive control and sole right of withdrawal. The Trustee shall receive any amount paid under the Insurance Policy in trust on behalf of Owners of the Insured Bonds and shall deposit any

such amount in the Policy Payments Account and distribute such amount only for purposes of making the payments for which a claim was made. Such amounts shall be disbursed by the Trustee to Owners of the Insured Bonds in the same manner as principal and interest payments are to be made with respect to the Insured Bonds under Article II regarding payment of the Bonds. It shall not be necessary for such payments to be made by checks or wire transfers separate from the check or wire transfer used to pay debt service with other funds available to make such payments. Notwithstanding anything herein to the contrary, the District agrees to pay to the Insurer: (i) a sum equal to the total of all amounts paid by the Insurer under the Insurance Policy (the “Insurer Advances”); and (ii) interest on such Insurer Advances from the date paid by the Insurer until payment thereof in full, payable to the Insurer at the Late Payment Rate per annum (collectively, the “Insurer Reimbursement Amounts”). “Late Payment Rate” means the lesser of (a) the greater of (i) the per annum rate of interest, publicly announced from time to time by JPMorgan Chase Bank at its principal office in The City of New York, as its prime or base lending rate (any change in such rate of interest to be effective on the date such change is announced by JPMorgan Chase Bank) plus three percent, and (ii) the then applicable highest rate of interest on the Insured Bonds and (b) the maximum rate permissible under applicable usury or similar laws limiting interest rates. The Late Payment Rate shall be computed on the basis of the actual number of days elapsed over a year of 360 days. The District hereby covenants and agrees that the Insurer Reimbursement Amounts are secured by a lien on and pledge of the Net Special Taxes and payable from such Net Special Taxes on a parity with debt service due on the Insured Bonds.

(f) Funds held in the Policy Payments Account shall not be invested by the Trustee and may not be applied to satisfy any costs, expenses or liabilities of the Trustee. Any funds remaining in the Policy Payments Account following an Interest Payment Date shall promptly be remitted to the Insurer.

(g) Amounts paid by the Insurer under the Insurance Policy shall not be deemed paid for purposes of this Indenture and the Insured Bonds relating to such payments shall remain Outstanding and continue to be due and owing until paid by the District in accordance with this Indenture. This Indenture shall not be discharged unless all amounts due or to become due to the Insurer have been paid in full or duly provided for

(h) The Insurer shall, to the extent it makes any payment of principal of or interest on the Insured Bonds, become subrogated to the rights of the recipients of such payments in accordance with the terms of the Insurance Policy (which subrogation rights shall also include the rights of any such recipients in connection with any Insolvency Proceedings (as defined in Section 10.2(a))). The obligation of the District to the Insurer under this Indenture shall survive the discharge or termination of this Indenture.

Section 10.2 Additional Rights of Insurer. So long as the Insurance Policy shall be in full force and effect and the Insurer is not then in default of its payment obligations thereunder, the following provisions of this Section 10.2 shall apply:

(a) The Insurer shall be deemed to be the sole holder of the Insured Bonds for the purpose of exercising any voting right or privilege or giving any consent or direction or taking any other action that the holders of the Insured Bonds are entitled to take pursuant to the provisions of this Indenture pertaining to (i) defaults and remedies, and (ii) the duties and obligations of the Trustee. Without limiting any other provision of this Indenture, mandamus is expressly recognized as a remedy in the Event of Default under this Indenture. In furtherance thereof, the Trustee and

each Owner of the Insured Bonds appoint the Insurer as their agent and attorney-in-fact and agree that the Insurer may at any time during the continuation of any proceeding by or against the District under the United States Bankruptcy Code or any other applicable bankruptcy, insolvency, receivership, rehabilitation or similar law (an "Insolvency Proceeding") shall act as such agent and attorney-in-fact of the Trustee and the Owners of the Insured Bonds in directing all matters relating such Insolvency Proceedings, including without limitation: (A) all matters relating to any claim or enforcement proceeding in connection with an Insolvency Claim (a "Claim"), (B) the direction of any appeal or any order relating to any Claim, (C) the posting of any surety, supersedeas or performance bond pending any such appeal, and (D) the right to vote to accept or reject any plan of adjustment. In addition, the Trustee and each Owner of the Insured Bonds delegate and assign to the Insurer, to the fullest extent permitted by law, the rights of the Trustee and each Owner of the Insured Bonds in the conduct of any Insolvency Proceeding, including without limitation, all rights of any such party to an adversary proceeding or action with respect to any court order issued in connection with such Insolvency Proceeding.

(b) The District shall pay or reimburse the Insurer any and all reasonable charges, fees, costs and expenses that the Insurer may reasonably pay or incur in connection with (i) the administration, enforcement, defense or preservation of any rights or security in this Indenture; (ii) the pursuit of any remedies under this Indenture or otherwise afforded by law or equity; (iii) any amendment, waiver or other action with respect to, or related to, this Indenture whether or not executed or completed; or (iv) any litigation or other dispute in connection with this Indenture, other than costs resulting from the negligence or willful misconduct of the Insurer or the failure of the Insurer to honor its obligations under the Insurance Policy. The Insurer reserves the right to charge a reasonable fee as a condition to executing any amendment, waiver or consent proposed in respect of this Indenture.

(c) The rights granted to the Insurer under this Indenture to request, consent to or direct any action are rights granted to the Insurer in consideration of its issuance of the Insurance Policy. Any exercise by the Insurer of such rights is merely an exercise of the Insurer's contractual rights and shall not be construed or deemed to be taken for the benefit, or on behalf, of the Owners of the Insured Bonds and such action does not evidence any position of the Insurer, affirmative or negative, as to whether the consent of the Owners of the Insured Bonds or any other person is required in addition to the consent of the Insurer.

(d) Upon the reasonable request of the District or the Insurer, the Trustee shall execute and deliver any and all such instruments and assurances as may be necessary or proper to facilitate the performance hereunder with respect to the provisions of this Indenture pertaining to the Trustee's obligations, including but not limited to the maintenance and application of funds pledged for the Bonds under this Indenture.

(e) The notice address of the Insurer is: Assured Guaranty Municipal Corp., 31 West 52nd Street, New York, New York 10019, Attention: Managing Director – Surveillance, Re: Policy No. 216167-N; Telephone: (212) 974-0100; telecopier: (212) 339-3556. In each case in which notice or other communication refers to an Event of Default, then a copy of such notice or other communication shall also be sent to the attention of the General Counsel and shall be marked to indicate "URGENT MATERIAL ENCLOSED."

(f) The Trustee shall provide the following to the Insurer:

- (i) Notice of the resignation by the Trustee;
 - (ii) With respect to any successor Trustee, the acceptance of duties by the successor Trustee upon its appointment;
 - (iii) Notice of any Event of Default known to the Trustee within five Business Days after knowledge thereof;
 - (iv) Notice of any advance refunding of the Insured Bonds (including the principal amount, maturities and CUSIP numbers, if any) prior to the funding of the escrow in connection with such advance refunding;
 - (v) Copies of notices or reports (including, but not limited to, notices of redemption pursuant to Section 4.3) delivered to Owners of the Insured Bonds pursuant to the requirements of this Trust Agreement; and
 - (vi) Notices of any failure by the District to provide notices, certificates or other information in violation of the provisions of this Indenture.
- (g) The District shall provide or cause to be provided to the Insurer the following (provided, that in each case, to the extent that the Trustee has already provided the information or material to the Insurer, then the District shall not be required to provide duplicative information or material):
- (i) Copies of annual audited financial statements of the District no later than April 1 immediately following the end of the District's fiscal year (together with a certification of the District that it is not aware of any default or Event of Default under this Indenture);

CITY OF MODESTO COMMUNITY FACILITIES DISTRICT NO. 2004-1 (the "District"), located in the City of Modesto, County of Stanislaus, State of California, FOR VALUE RECEIVED, hereby promises to pay, solely from certain amounts held under the Indenture (as hereinafter defined), to the Registered Owner named above, or registered assigns, on the Maturity Date set forth above, unless redeemed prior thereto as hereinafter provided, the Principal Amount set forth above, and to pay interest on such Principal Amount from the Interest Payment Date (as hereinafter defined) next preceding the date of authentication hereof to which interest has been paid or duly provided in full, unless (i) the date of authentication is an Interest Payment Date in which event interest shall be payable from such date of authentication, (ii) the date of authentication is after a Record Date (as hereinafter defined) but prior to the immediately succeeding Interest Payment Date, in which event interest shall be payable from the Interest Payment Date immediately succeeding the date of authentication or (iii) the date of authentication is prior to the close of business on the first Record Date in which event interest shall be payable from the Dated Date set forth above; provided, however, that if at the time of authentication of this Bond interest is in default, interest on this Bond shall be payable from the last Interest Payment Date to which the interest has been paid or made available for payment or, if no interest has been paid or made available for payment, interest on this

Bond shall be payable from the Dated Date set forth above. Interest will be paid semiannually on March 1 and September 1 (each, an "Interest Payment Date"), commencing March 1, 2015, at the Interest Rate set forth above, until the Principal Amount hereof is paid or made available for payment.

The principal of this Bond is payable to the Registered Owner hereof in lawful money of the United States of America upon presentation and surrender of this Bond at the corporate trust office of The Bank of New York Mellon Trust Company, N.A. (the "Trustee"). Interest on this Bond shall be paid by check of the Trustee mailed by first class mail, postage prepaid, or, upon request of any Registered Owner of at least \$1,000,000 of Bonds, by wire transfer to an account in the continental United States of the Registered Owner hereof prior to the Record Date as of the close of business on the fifteenth day of the month preceding an Interest Payment Date (the "Record Date") at such Registered Owner's address as it appears on the registration books maintained by the Trustee.

This Bond is one of a duly authorized issue of "City of Modesto Community Facilities District No. 2004-1 (Village One #2) 2014 Special Tax Refunding Bonds" (the "Bonds") issued in the aggregate principal amount of \$29,320,000 pursuant to the Mello-Roos Community Facilities Act of 1982, as amended, being Sections 53311, *et seq.*, of the California Government Code (the "Act"), for the purpose of refunding the District's 2006 Special Tax Bonds, to purchase a municipal bond insurance policy to guarantee the payment of the principal of and interest on the Bonds maturing on September 1, 2036 (the "Insured Bonds"), paying certain costs related to the issuance of the Bonds and funding a reserve account. The issuance of the Bonds and the terms and conditions thereof are provided for by a resolution adopted by the City Council of the City of Modesto, acting in its capacity as the legislative body of the District (the "Legislative Body") on July 1, 2014, and a Bond Indenture dated as of July 1, 2014, by and between the District and The Bank of New York Mellon Trust Company, N.A., as Trustee, executed in connection therewith (the "Indenture"), and this reference incorporates the Indenture herein, and by acceptance hereof the Registered Owner of this Bond assents to said terms and conditions. The Indenture is executed under and this Bond is issued under, and both are to be construed in accordance with, the laws of the State of California.

Pursuant to the Act and the Indenture, the principal of and interest on this Bond are payable solely from the portion of the annual special taxes authorized under the Act to be levied and collected within the District and which are pledged to the repayment of the Bonds (the "Special Taxes"). Any amounts for the payment hereof shall be limited to the Special Taxes pledged and collected or foreclosure proceeds received following a default in payment of the Special Taxes and other amounts on deposit in the Special Tax Fund, except to the extent that other provision for payment has been made by the Legislative Body, as may be permitted by law. The District has covenanted for the benefit of the owners of the Bonds that under certain circumstances it will commence and diligently pursue to completion appropriate foreclosure proceedings in the event of delinquencies of Special Tax installments levied for payment of principal and interest on the Bonds.

The Bonds maturing on or before September 1, 2024 are not subject to optional redemption. The Bonds maturing after September 1, 2024 are subject to call and redemption, at the option of the District, from any available source of funds prior to their stated maturity on any date on or after September 1, 2024, as a whole or in part, and by lot, at a redemption price equal to the principal amount to be redeemed, together with accrued interest to the date of redemption.

The Bonds maturing on September 1, 2036 are subject to mandatory sinking fund redemption in part, by lot, on September 1, 2032 and on each September 1 thereafter to maturity, at a redemption

price equal to the principal amount thereof to be redeemed, together with accrued interest to the date fixed for redemption, without premium, as follows:

Term Bonds Due on September 1, 2036

<i>Year (September 1)</i>	<i>Principal Amount</i>
2032	\$2,045,000
2033	2,185,000
2034	2,320,000
2035	2,470,000
2036 (Maturity)	2,630,000

The Bonds are subject to Special Mandatory Redemption from Special Tax Prepayments on any Interest Payment Date, in whole or in part, at the following redemption prices, expressed as a percentage of the principal amount of the Bonds to be redeemed, together with accrued interest to the date of redemption:

<i>Redemption Dates</i>	<i>Redemption Price</i>
Any Interest Payment Date through March 1, 2022	103%
September 1, 2022 and March 1, 2023	102
September 1, 2023 and March 1, 2024	101
September 1, 2024 and any Interest Payment Date thereafter	100

Notice of redemption with respect to the Bonds to be redeemed shall be mailed to the registered owners thereof not less than 30 nor more than 60 days prior to the redemption date by first class mail, postage prepaid, to the addresses set forth in the registration books. Neither a failure of the Registered Owner hereof to receive such notice nor any defect therein will affect the validity of the proceedings for redemption. All Bonds or portions thereof so called for redemption will cease to accrue interest on the specified redemption date; provided that funds for the redemption are on deposit with the Trustee on the redemption date. Thereafter, the registered owners of such Bonds shall have no rights except to receive payment of the redemption price upon the surrender of the Bonds.

This Bond shall be registered in the name of the Registered Owner hereof, as to both principal and interest, and the District and the Trustee may treat the Registered Owner hereof as the absolute owner for all purposes and shall not be affected by any notice to the contrary.

The Bonds are issuable only in fully-registered form in the denomination of \$5,000 or any integral multiple of \$5,000 and may be exchanged for a like aggregate principal amount of Bonds of other authorized denominations of the same issue and maturity, all as more fully set forth in the Indenture. This Bond is transferable by the Registered Owner hereof, in person or by his attorney duly authorized in writing, at the corporate trust office of the Trustee, but only in the manner, subject to the limitations and upon payment of the charges provided in the Indenture, upon surrender and cancellation of this Bond. Upon such transfer, a new registered Bond of authorized denomination or denominations for the same aggregate principal amount of the same issue and maturity will be issued to the transferee in exchange therefor.

The Trustee shall not be required to register transfers or make exchanges of (i) any Bonds for a period of 15 days next preceding any selection of the Bonds to be redeemed, or (ii) any Bonds chosen for redemption.

The rights and obligations of the District and of the registered owners of the Bonds may be amended at any time, and in certain cases without notice to or the consent of the registered owners, to the extent and upon the terms provided in the Indenture.

The principal of this Bond is not subject to acceleration.

If the District shall pay or cause to be paid to the Owner of this Bond the interest due hereon and the principal hereof, at the times and in the manner stipulated herein and in the Indenture, or if there has been deposited with the Trustee moneys or investment securities, which together with the interest to accrue thereon without further investment, will be fully sufficient to pay and discharge the principal of, premium, if any, and interest on all Bonds Outstanding as and when the same shall become due and payable, then the Owner of this Bond shall cease to be entitled to the pledge of Net Special Taxes under the Indenture, and all covenants, agreements and other obligations of the District to the Owner of this Bond under the Indenture shall thereupon cease, terminate and become void and be discharged and satisfied.

THE BONDS DO NOT CONSTITUTE OBLIGATIONS OF THE CITY OF MODESTO OR OF THE CITY OF MODESTO COMMUNITY FACILITIES DISTRICT NO. 2004-1 FOR WHICH THE CITY OF MODESTO OR THE DISTRICT IS OBLIGATED TO LEVY OR PLEDGE, OR HAS LEVIED OR PLEDGED, GENERAL OR SPECIAL TAXES, OTHER THAN THE SPECIAL TAXES REFERENCED HEREIN. THE BONDS ARE LIMITED OBLIGATIONS OF THE DISTRICT PAYABLE FROM THE PORTION OF THE SPECIAL TAXES PLEDGED UNDER THE INDENTURE BUT ARE NOT A DEBT OF THE CITY OF MODESTO, THE STATE OF CALIFORNIA OR ANY OF ITS POLITICAL SUBDIVISIONS WITHIN THE MEANING OF ANY CONSTITUTIONAL OR STATUTORY LIMITATION OR RESTRICTION.

This Bond shall not become valid or obligatory for any purpose until the certificate of authentication and registration hereon endorsed shall have been dated and signed by the Trustee.

IT IS HEREBY CERTIFIED, RECITED AND DECLARED that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this Bond do exist, have happened and have been performed in due time, form and manner as required by law, and that the amount of this Bond, together with all other indebtedness of the District, does not exceed any debt limit prescribed by the laws or Constitution of the State of California.

IN WITNESS WHEREOF, the City of Modesto Community Facilities District No. 2004-1 (Village One #2) has caused this Bond to be dated as of the Dated Date, to be executed on behalf of the District by the Mayor of the City of Modesto by facsimile signature and attested by the facsimile signature of the City Clerk.

SECTION 4. Performance of Duties. The Escrow Bank agrees to perform the duties set forth herein.

SECTION 5. Indemnity. The District hereby assumes liability for, and hereby agrees (whether or not any of the transactions contemplated hereby are consummated) to indemnify, protect, save and keep harmless the Escrow Bank and its respective successors, assigns, directors, agents, employees and servants, from and against any and all liabilities, obligations, losses, damages, penalties, claims, actions, suits, costs, expenses and disbursements (including reasonable legal fees and disbursements) of whatsoever kind and nature which may be imposed on, incurred by, or asserted against, the Escrow Bank at any time (whether or not also indemnified against the same by the District or any other person under any other agreement or instrument, but without double indemnity) in any way relating to or arising out of the execution, delivery and performance of this Escrow Agreement, the establishment hereunder of the Escrow Fund, the acceptance of the funds deposited therein, and any payment, transfer or other application of moneys by the Escrow Bank in accordance with the provisions of this Escrow Agreement; provided, however, that the District shall not be required to indemnify the Escrow Bank against the Escrow Bank's own negligence or willful misconduct or the negligent or willful misconduct of the Escrow Bank's respective agents and employees or the breach by the Escrow Bank of the terms of this Escrow Agreement. In no event shall the District or the Escrow Bank be liable to any person by reason of the transactions contemplated hereby other than to each other as set forth in this Section 5. The indemnities contained in this Section 5 shall survive the termination of this Escrow Agreement.

SECTION 6. Responsibilities of the Escrow Bank. The Escrow Bank and its respective successors, assigns, agents and servants shall not be held to any personal liability whatsoever, in tort, contract or otherwise, in connection with the execution and delivery of this Escrow Agreement, the establishment of the Escrow Fund, the acceptance of the moneys deposited therein, or any payment, transfer or other application of moneys or obligations by the Escrow Bank in accordance with the provisions of this Escrow Agreement or by reason of any non-negligent act, non-negligent omission or non-negligent error of the Escrow Bank made in good faith in the conduct of its duties. The recitals of fact contained in the "Whereas" clauses herein shall be taken as the statements of the

District, and the Escrow Bank assumes no responsibility for the correctness thereof. The Escrow Bank makes no representation as to the sufficiency of the deposit of moneys in the Escrow Fund to accomplish the refunding of the Refunded Bonds on the Redemption Date or to the validity of this Escrow Agreement as to the District and, except as otherwise provided herein, the Escrow Bank shall incur no liability with respect thereto. The Escrow Bank shall not be liable in connection with the performance of its duties under this Escrow Agreement except for its own negligence, willful misconduct or default, and the duties and obligations of the Escrow Bank shall be determined by the express provisions of this Escrow Agreement. The Escrow Bank may consult with counsel, who may or may not be counsel to the District, and in reliance upon the written opinion of such counsel shall have full and complete authorization and protection with respect to any action taken, suffered or omitted by it in good faith in accordance therewith. Whenever the Escrow Bank shall deem it necessary or desirable that a matter be proved or established prior to taking, suffering, or omitting any action under this Escrow Agreement, such matter may be deemed to be conclusively established by a certificate signed by an authorized officer of the District.

The liability of the Escrow Bank to make the payments required by this Escrow Agreement shall be limited to the moneys in the Escrow Fund.

No provision of this Escrow Agreement shall require the Escrow Bank to expend or risk its own funds or otherwise incur any financial liability in the performance or exercise of any of its duties hereunder, or in the exercise of its rights or powers.

The Escrow Bank shall not be liable for the accuracy of any calculations provided herein.

Any company into which the Escrow Bank may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be a party or any company to which the Escrow Bank may sell or transfer all or substantially all of its corporate trust business shall be the successor to the Escrow Bank without the execution or filing of any paper or further act, anything herein to the contrary notwithstanding.

The District shall pay the Escrow Bank full compensation for its duties under this Escrow Agreement, including out-of-pocket costs such as publication costs, redemption or redemption expenses, legal fees and other costs and expenses relating hereto. Under no circumstances shall amounts deposited in the Escrow Fund be deemed to be available for said purposes.

The Escrow Bank may execute any of the trusts or powers hereunder or perform any duties hereunder either directly or by or through agents, attorneys, custodians or nominees appointed with due care, and shall not be responsible for any willful misconduct or negligence on the part of any agent, attorney, custodian or nominee so appointed.

The Escrow Bank agrees to accept and act upon instructions or directions pursuant to this Escrow Agreement sent by unsecured e-mail, facsimile transmission or other similar unsecured electronic methods, provided, however, that, the Escrow Bank shall have received an incumbency certificate listing persons designated to give such instructions or directions and containing specimen signatures of such designated persons, which such incumbency certificate shall be amended and replaced whenever a person is to be added or deleted from the listing. If the District elects to give the Escrow Bank e-mail or facsimile instructions (or instructions by a similar electronic method) and the Escrow Bank in its discretion elects to act upon such instructions, the Escrow Bank's understanding of such instructions shall be deemed controlling. The Escrow Bank shall not be liable for any losses,

costs or expenses arising directly or indirectly from the Escrow Bank's reliance upon and compliance with such instructions notwithstanding such instructions conflict or are inconsistent with a subsequent written instruction. The District agrees to assume all risks arising out of the use of such electronic methods to submit instructions and directions to the Escrow Bank, including without limitation the risk of the Escrow Bank acting on unauthorized instructions, and the risk of interception and misuse by third parties.

SECTION 7. Irrevocable Instructions as to Notice. The Escrow Bank hereby acknowledges that upon the funding of the Escrow Fund as provided in this Escrow Agreement, the receipt of the Verification Report described in Section 1(c) of this Escrow Agreement and the Irrevocable Instructions and Request to Trustee attached hereto as Schedule C it is in receipt of the items constituting all of the conditions precedent to the redemption of the Refunded Bonds under the Prior Indenture.

SECTION 8. Amendments. This Escrow Agreement is made for the benefit of the District and the holders from time to time of the Bonds and it shall not be repealed, revoked, altered or amended without the written consent of all such holders, the Escrow Bank and the District, as defined in the Indenture; provided, however, but only after the receipt by the Escrow Bank of an opinion of nationally recognized bond counsel that the exclusion from gross income of interest evidenced and represented by the Bonds and the Bonds will not be adversely affected for federal income tax purposes, the District and the Escrow Bank may, without the consent of, or notice to, such holders, amend this Escrow Agreement or enter into such agreements supplemental to this Escrow Agreement as shall not adversely affect the rights of such holders and as shall not be inconsistent with the terms and provisions of this Escrow Agreement for any one or more of the following purposes: (i) to cure any ambiguity or formal defect or omission in this Escrow Agreement; (ii) to grant to, or confer upon, the Escrow Bank for the benefit of the holders of the Refunded Bonds any additional rights, remedies, powers or authority that may lawfully be granted to, or conferred upon, such holders or the Escrow Bank; and (iii) to include under this Escrow Agreement additional funds, securities or properties. The Escrow Bank shall be entitled to rely conclusively upon an unqualified opinion of nationally recognized bond counsel with respect to compliance with this Section 8, including the extent, if any, to which any change, modification, addition or elimination affects the rights of the holders of the Refunded Bonds or that any instrument executed hereunder complies with the conditions and provisions of this Section 8.

SECTION 9. Term. This Escrow Agreement shall commence upon its execution and delivery and shall terminate on the later to occur of either (i) the date upon which the Refunded Bonds have been paid in accordance with this Escrow Agreement, or (ii) the date upon which no unclaimed moneys remain on deposit with the Escrow Bank and all amounts owed to the Escrow Bank shall have been paid in full. Any unclaimed money which remains in the Escrow Fund for 2 years from the date upon which the Refunded Bonds have been paid in accordance with this Escrow Agreement shall be remitted by the Escrow Bank to the District.

SECTION 10. Compensation. The Escrow Bank shall receive its reasonable fees and expenses as previously agreed to; provided, however, that under no circumstances shall the Escrow Bank be entitled to any lien nor will it assert a lien whatsoever on any moneys or obligations in the Escrow Fund for the payment of fees and expenses for services rendered by the Escrow Bank under this Escrow Agreement.

SECTION 11. Severability. If any one or more of the covenants or agreements provided in this Escrow Agreement on the part of the District or the Escrow Bank to be performed should be determined by a court of competent jurisdiction to be contrary to law, such covenants or agreements shall be null and void and shall be deemed separate from the remaining covenants and agreements herein contained and shall in no way affect the validity of the remaining provisions of this Escrow Agreement.

SECTION 12. Counterparts. This Escrow Agreement may be executed in several counterparts, all or any of which shall be regarded for all purposes as one original and shall constitute and be but one and the same instrument.

SECTION 13. Governing Law. This Escrow Agreement shall be construed under the laws of the State of California.

SECTION 14. Holidays. If the date for making any payment or the last date for performance of any act or the exercising of any right, as provided in this Escrow Agreement, shall be a legal holiday or a day on which banking institutions in the city in which is located the principal office of the Escrow Bank are authorized by law to remain closed, such payment may be made or act performed or right exercised on the next succeeding day not a legal holiday or a day on which such banking institutions are authorized by law to remain closed, with the same force and effect as if done on the nominal date provided in this Escrow Agreement, and no interest shall accrue for the period after such nominal date.

SECTION 15. Assignment. This Escrow Agreement shall not be assigned by the Escrow Bank or any successor thereto without the prior written consent of the District.

IN WITNESS WHEREOF, the parties hereto have caused this Escrow Agreement to be executed by their duly authorized officers and attested as of the date and year first written above.

(b) This Disclosure Agreement also may be amended by written agreement of the parties upon obtaining consent of Owners in the same manner as provided in the Indenture for amendments to the Indenture with the consent of the Owners of the Bonds; provided that the conditions set forth in Section 8(a)(1), (2) and (3) have been satisfied.

(d) If an amendment is made to the basis on which financial statements are prepared, the Annual Report for the year in which the change is made shall present a comparison between the financial statements or information prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles. Any Dissemination Agent other than the Issuer shall be paid (i) compensation by the Issuer for its services provided hereunder in accordance with a schedule of fees to be mutually agreed to; and (ii) all expenses, legal fees and advances made or incurred by the Dissemination Agent in the performance of its duties hereunder. The Dissemination Agent shall have no duty or obligation to review any information provided to it by the Issuer pursuant to this Disclosure Agreement. CITY OF MODESTO

2014 SPECIAL TAX REFUNDING BONDS

TAX CERTIFICATE

City of Modesto (the “City”), on behalf of, and together with the City of Modesto Community Facilities District No. 2004-1 (Village One #2) (the “Issuer”), hereby make the following representations of facts and expectations and covenants to comply with the requirements of this Tax Certificate in connection with the \$29,320,000 City of Modesto Community Facilities District No. 2004-1 (Village One #2) 2014 Special Tax Refunding Bonds (the “Obligations”). These representations and covenants are in furtherance of the covenants contained in Section 5.2 of the Bond Indenture dated as of July 1, 2014, by and between the Issuer and The Bank of New York Mellon Trust Company, N.A., as Trustee (collectively, the “Issuance Document”), and in part are made pursuant to Section 1.141-2(d)(2) and Section 1.148-2(b)(2) of the Treasury Regulations. Capitalized terms used herein which are not otherwise defined herein shall have the respective meanings set forth in the Issuance Document.

* * *

I. General Matters.

(a) Authority for Issuance. The undersigned and other officers and members of the Issuer are charged with the responsibility of authorizing and requesting the issuance of the Obligations. The Obligations are being issued pursuant to the Mello-Roos Community Facilities Act of 1982, as amended.

(b) Sale of Obligations. The Obligations are being delivered to Stifel, Nicolaus & Company, Incorporated, as underwriter (the “Underwriter”) on the date hereof.

(c) Purpose of Obligations. The Obligations are being sold and delivered for the purpose of (i) currently refunding the outstanding City of Modesto Community Facilities District No. 2004-1 (Village One #2) Special Tax Bonds, Series 2006 (the “Current Refunded Obligations”), (ii) paying costs of issuance with respect to the Obligations (the “Issuance Costs”), (iii) funding a reasonably required reserve fund for the Obligations, and (iv) purchasing a municipal bond insurance policy (the “Credit Enhancement”) from Assured Guaranty Municipal Corp. (the “Credit Enhancer”). The Issuer covenants to use the proceeds of the Obligations solely for the above-described purposes, unless an opinion of Bond Counsel is received permitting uses of proceeds for other than the above-described purposes

The Current Refunded Obligations were issued for new money purposes (the “Project”).

(d) Nature of Issue. All the Obligations are being sold and issued at the same time, have been sold pursuant to the same plan of financing, and are reasonably expected to be paid from substantially the same source of funds. Accordingly, the Obligations are a single issue of obligations for certain federal income tax purposes relating to the exclusion from gross income of interest on the

Obligations. No other governmental obligations which are reasonably expected to be paid from substantially the same source of funds are being sold or issued at substantially the same time and sold pursuant to the same plan of financing as the Obligations.

* * *

II. Private Activity.

(a) Governmental Use of Proceeds. Absent an opinion of nationally-recognized bond counsel that the exclusion from gross income of interest on the Obligations will not be adversely affected for federal income tax purposes, and except as provided below, the Issuer will not allow any of the proceeds of the Obligations, or any refinanced obligations thereof, or any of the facilities financed or refinanced with such obligations to be used in the trade or business of any nongovernmental persons (other than in their roles as members of the general public) and will not loan any of the proceeds of the Obligations or any refinanced obligations to any nongovernmental persons. In furtherance of the foregoing, the Issuer represents the following with respect to the use of proceeds of the Obligations and the facilities financed and refinanced therewith.

(b) In General. No more than 10% of the proceeds of the Obligations or the Project (based on the cost of the components of the Project or, with respect to a unitary structure, on the relative fair rental value of such components) has been or will be used in the aggregate for any activities that constitute a "Private Use" (as such term is defined in Section (e) below). No more than 10% of the principal of or interest on the Obligations, under the terms thereof or any underlying arrangement, has been or will be secured by any interest in property (whether or not the Project) used for a Private Use or in payments in respect of property used for a Private Use, or will be derived from payments in respect of property used for a Private Use.

(c) No Private Loan Financing. No more than the lesser of 5% of the proceeds of the Obligations or \$5,000,000 will be used to make or finance loans to any person other than to a state or local governmental unit (other than loans to finance any governmental tax or assessment of general application for a specific essential governmental function or loans that are used to acquire or carry Nonpurpose Investments (as such term is defined below)).

(d) No Disproportionate or Unrelated Use. No more than 5% of the proceeds of the Obligations or the Project has been or will be used for a Private Use that is unrelated or disproportionate to the governmental use of the proceeds of the Obligations (an "Unrelated or Disproportionate Use"), and no more than 5% of the principal of or interest on any of the Obligations has been or will be, under the terms of the Obligations or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for a Private Use that is an Unrelated or Disproportionate Use or in payments in respect of property used or to be used for a Private Use that is an Unrelated or Disproportionate Use.

(e) Definition of Private Use. For purposes of this Tax Certificate, the term "Private Use" means any activity that constitutes a trade or business that is carried on by persons or entities other than governmental entities. The leasing of property financed or refinanced with proceeds of the Obligations or the use by or the access of a person or entity other than a governmental unit to property or services on a basis other than as a member of the general public shall constitute a Private Use.

(f) Management and Service Contracts. With respect to management and service contracts, the determination of whether a particular use constitutes Private Use under this Tax Certificate shall be determined on the basis of applying the relevant sections of the Treasury Regulations and Revenue Procedure 97-13. No portion of the proceeds derived from the sale of the Obligations is being used to provide property subject to contracts or other arrangements with persons or entities engaged in a trade or business (other than governmental units) that involve the management of property or the provision of services with respect to property financed or refinanced by proceeds of the Obligations that do not comply with the standards of the Treasury Regulations or Revenue Procedure 97-13.

* * *

III. Arbitrage Certifications.

The following states the expectations of the Issuer with respect to the amount and uses of the proceeds of the Obligations and certain other monies or property:

(a) Source and Use of Funds. The total proceeds to be derived by the Issuer from the sale of the Obligations, in the aggregate amount of \$30,229,631.02 (representing \$29,320,000.00 principal amount of the Obligations, plus net premium of \$1,472,057.05, less an Underwriter's discount of \$193,730.29, less the fee from the Credit Enhancement of \$368,695.74), are expected to be needed and fully expended as follows:

(i) \$221,368.28 of such proceeds will be deposited in the Costs of Issuance Fund and, together with investment earnings thereon, will be expended to pay Issuance Costs within one year of the date hereof;

(ii) \$2,735,200.00 of such proceeds will be deposited in the Reserve Account; and

(iii) \$27,273,062.74 of such proceeds Issuer will be deposited in the Escrow Fund (the "Escrow Fund") created pursuant to the Escrow Agreement (the "Escrow Agreement") by and between the Issuer and the Bank of New York Mellon Trust Company, N.A., as escrow agent (the "Escrow Agent") and such monies will be used to pay all principal and interest due on the Current Refunded Obligations on September 1, 2014 and redeem the Current Refunded Obligations on September 1, 2014.

(b) Over-Issuance. The total proceeds to be received by the Issuer from the sale of the Obligations, together with anticipated investment earnings thereon, do not exceed the total amount necessary for the purposes described above.

(c) Refunding Plan.

(i) Escrow Fund. \$31,279,653.75 (consisting of \$27,273,062.74 of the sale proceeds of the Obligations, together with \$4,006,591.01 of amounts held in funds and accounts with respect to the Current Refunded Obligations) will be deposited in the Escrow Fund held and maintained by the Escrow Bank pursuant to the Escrow Agreement and will be utilized to pay all principal and interest due on the Current Refunded Obligations on September 1, 2014 and to redeem the remaining Current Refunded Obligations on September 1, 2014.

(ii) Purpose of Refunding. The Obligations are being issued for present value debt service savings.

(iii) Other Monies. Other than as stated above, there are no unexpended proceeds of the Current Refunded Obligations.

(d) Working Capital. No operational expenditures of the Issuer or any related entity are to be financed directly or indirectly with proceeds derived from the sale of the Obligations.

(e) Reimbursement. No portion of the proceeds of the Obligations are being used to reimburse the Issuer for any expenditures that were incurred and paid thereby with respect to the Project prior to the issuance of the Obligations.

(f) Funds and Accounts. The Issuance Document creates and establishes the following funds with respect to the Obligations:

(i) the Community Facilities District 2004-1 Special Tax Fund, and within such fund;

(A) the Debt Service Account;

(B) the Redemption Account; and

(C) the Reserve Account;

(ii) the Rebate Fund and within such fund;

(A) the Rebate Account; and

(B) the Alternative Penalty Account; and

(iii) the Costs of Issuance Fund.

(g) Sinking Funds.

(i) Bona Fide Debt Service Funds. The Debt Service Account and Redemption Account of the Special Tax Fund (to the extent monies therein will be depleted within one year of receipt) (collectively, the "Bona Fide Debt Service Funds"), will be used primarily to achieve a proper matching of revenues (and certain other monies) and payments of principal and interest with respect to the Obligations within each year. Amounts deposited in the Bona Fide Debt Service Funds will be depleted at least once a year except for a reasonable carryover amount, if any, which, in the aggregate, will not exceed the greater of (i) one year's earnings on such funds for the immediately preceding bond year, or (ii) one-twelfth of the annual debt service with respect to the Obligations for the immediately preceding bond year.

(ii) Reasonably Required Reserve. Proceeds of the Obligations deposited in the Reserve Account will not be greater than the least of (i) maximum annual debt service with respect to the Obligations, (ii) 125% of average annual debt service with respect to the Obligations, or (iii) 10% of the face amount of Obligations (less original issue discount if in

excess of two percent (2%) of the stated redemption amount at maturity) (the “Tax Reserve Limit”). The creation of the Reserve Account was vital to the marketing of the Obligations, and reasonably required to assure the payment of debt service on the Obligations.

(iii) No Other Proceeds. Other than the Bona Fide Debt Service Funds and the Reserve Account, there are no funds or accounts of the Issuer established pursuant to the Issuance Document, or otherwise, that are reasonably expected to be used for the payment of principal and interest with respect to the Obligations or that are pledged as collateral for the Obligations and for which there is a reasonable assurance that amounts on deposit therein will be available for the payment of principal and interest with respect to the Obligations if the Issuer encounters financial difficulties. The term of the Obligations is not longer than is reasonably necessary for the governmental purpose of the issue, and the weighted average maturity of the Obligations does not exceed 120 percent of the average reasonably expected economic life of the refinanced Project.

(h) Rebate Liability Account. Amounts deposited in the Rebate Fund are to assist the Issuer with compliance of Section 148(f) of the Code.

(i) Investment. The proceeds derived from the sale of the Obligations and the amounts on deposit in the aforementioned funds and accounts may be invested as follows:

(i) Proceeds derived from the sale of the Obligations and deposited in the Costs of Issuance Fund, and such monies held in the Rebate Fund, may be invested at an unrestricted yield for a term of thirteen months from the date hereof. Amounts described in this Subparagraph (i) that may not be invested at an unrestricted yield pursuant to the previous sentence shall be invested either at a yield not in excess of the yield on the Obligations or in “Tax-Exempt Obligations” (within the meaning of Section IV hereof).

(ii) Amounts deposited in the Bona Fide Debt Service Funds may be invested at an unrestricted yield for a period not in excess of 13 months from the date of deposit of such amounts to such funds. Amounts described in the previous sentence that may not be invested at an unrestricted yield pursuant to such Subparagraph shall be invested either at a yield not in excess of the yield on the Obligations or in Tax-Exempt Obligations.

(iii) Amounts held in the Rebate Fund (not described above) may be invested without regard to yield.

(iv) Amounts held in the Redemption Account (not described above) will be invested at a yield not in excess of the yield on the Obligations.

(v) Amounts held to retire the Current Refunded Obligations have been invested at a yield below the yield on the Obligations.

(vi) Amounts held in the Reserve Account, not in excess of the Tax Reserve Limit, may be invested without regard to yield.

(j) Yield. For purposes of this Section III of this Tax Certificate, yield is calculated as set forth in Section 148 of the Code and Section 1.148-4 of the Treasury Regulations. Thus, yield generally means that discount rate which when used in computing the present value of all

unconditionally payable payments representing principal, interest, and the fees of qualified guarantees paid and to be paid with respect to the Obligations produces an amount equal to the issue price of the Obligations. The issue price of the Obligations is \$30,792,057.05 which is equal to the initial offering price of the Obligations to the public (excluding bond houses, brokers and similar persons acting in the capacity of underwriters or wholesalers) at which a substantial amount (at least 10 percent) of each maturity of the Obligations was or is reasonably expected to be sold, as represented by the Underwriter in Exhibit C, plus the Accrued Interest. The yield on the Obligations, calculated as described above, is 4.027292 percent. Yield with respect to the obligations allocable to proceeds of the Obligations, is that discount rate which when used in computing the present worth of the payments of principal and interest with respect to the obligations produces an amount equal to the purchase price of the obligation.

For purposes of computing the yield on investments allocable to proceeds of the Obligations, the Issuer will, if necessary, make yield reduction payments to the United States in accordance with Treasury Regulation § 1.148-5(c); such payments shall be made to the United States at the same time and in the same manner as rebatable arbitrage in accordance with Section IV hereof. The Issuer shall seek expert advice in complying with this paragraph.

The Credit Enhancement may be taken into account with respect to computing yield on the Obligations. The Underwriter has represented that the present value of the fees for the Credit Enhancement are reasonably expected to be less than the present value of the expected interest savings on the Obligations as a result of the Credit Enhancement, determined by using the yield on the Obligations, determined with regard to the Credit Enhancement, as the discount rate. The Credit Enhancement imposes a secondary liability of the Credit Enhancer that unconditionally shifts substantially all of the credit risk for certain payments on the Obligations. The Underwriter has represented that the fees for the Credit Enhancement do not exceed a reasonable arm's-length charge for the transfer of credit risk with respect to payments on the Obligations. The Credit Enhancer has represented that the fees for the Credit Enhancement do not include any payment for any direct or indirect services other than the transfer of credit risk. Certain certifications of the Credit Enhancer are attached hereto as Exhibit D.

(k) No Artifice or Device. The Obligations are not and will not be part of a transaction or series of transactions (i) that attempts to circumvent the provisions of Section 148 of the Code, or any successor thereto, and the regulations promulgated thereunder or under any predecessor thereto, enabling the Issuer or any related person to exploit the difference between tax-exempt and taxable interest rates to gain a material financial advantage, and (ii) that increases the burden on the market for tax-exempt obligations in any manner, including, without limitation, by selling bonds that would not otherwise be sold, or selling more bonds, or issuing bonds sooner, or allowing bonds to remain outstanding longer, than otherwise would be necessary.

IV. Rebate Compliance.

(a) Covenants. The Issuer hereby covenants to comply with the rebate requirements of Section 148(f) of the Code.

The Issuer acknowledges that the United States Department of the Treasury has issued certain regulations with respect to certain requirements relating to compliance with

Section 148(f) of the Code. The Issuer covenants that it will determine precisely what is required with respect to Section 148(f) of the Code and will comply with any requirements applicable to the Obligations.

The Issuer acknowledges that, to the extent that an exception to the rebate requirements of Section 148(f) of the Code is not available with respect to the Obligations, under Section 148(f) of the Code, the federal government must be paid the sum of (i) the excess of the amount earned on all “nonpurpose investments” with respect to the Obligations over the amount that would have been earned had such investments been invested at a rate equal to the yield with respect to the Obligations, plus (ii) any income attributable to the excess described in (i) (the “Rebate Requirement”).

The Issuer acknowledges that currently, unless an exception to the Rebate Requirement is available, compliance with Section 148(f) of the Code generally involves a multi-step process: (1) ascertaining the funds (the “Gross Proceeds”) and investments (the “Nonpurpose Investments”) subject to the Rebate Requirement of Section 148(f) of the Code after applying, if applicable, a universal cap with respect to the Obligations (the “Universal Cap”), (2) creating an investment history cash flow report with respect to the investment of Gross Proceeds of the Obligations, (3) determining the yield with respect to the Obligations (the “Yield”), (4) future valuing receipts and payments in the cash flow report (including certain deemed receipts and payments) using the Yield as the discount factor, and (5) determining the amount of rebatable arbitrage with respect to the Obligations and paying the appropriate amount to the United States Treasury. See Treas. Reg. §§ 1.148-O through 1.148-11, 1.149(d)-1, and 1.150-1 for rules with respect to rebate compliance methodology. See Subparagraph (b)(i) below for a description of Nonpurpose Investments with respect to the Obligations, Subparagraph (b)(ii) below for a description of Gross Proceeds of the Obligations, Subparagraph (b)(iii) below for the description of a Universal Cap with respect to the Obligations, Subparagraph (b)(iv) below for a description of Yield with respect to the Obligations for purposes of compliance with Section 148(f) of the Code, and Subparagraph (d) with respect to permitted investment of Gross Proceeds.

The Issuer also acknowledges that additional or different requirements may be applicable to the Obligations if certain exceptions are satisfied. See Paragraph (c) herein.

(b) Operative Terms.

(i) Nonpurpose Investments. Subject to the limitation in Subparagraph (b)(iii) below, Nonpurpose Investments are generally securities, obligations, annuity contracts or any other investment-type property that are not acquired to carry out the governmental purpose of the Obligations that are allocated to Gross Proceeds. However, Nonpurpose Investments do not include:

(A) United States Treasury - State and Local Government Series, Demand Deposit Securities; or

(B) tax-exempt obligations. The term “tax-exempt obligations” for the purposes of this Tax Certificate includes only obligations the interest on which is excludable from gross income for federal income tax purposes that do not constitute “specified private activity bonds” for purposes of Section 57(a)(5)(C) of the Code. The term “tax-exempt obligations” does, however, include stock in a “qualified

regulated investment company,” which is a corporation that (A) is a regulated investment company within the meaning of Section 851(a) of the Code and meets the requirements of Section 852(a) of the Code for the taxable year; (B) has only one class of stock authorized and outstanding; (C) invests all of its assets in tax-exempt obligations (as defined above) to the extent practicable; and (D) has at least 98% of its gross income derived from interest on, or gain from the sale or other disposition of, tax-exempt obligations or at least 98% of the weighted average value of its assets is represented by investments in tax-exempt obligations.

(ii) Gross Proceeds. Subject to the limitation in Subparagraph (b)(iii) below, “Gross Proceeds” with respect to the Obligations means:

(A) amounts actually or constructively received from the sale (or other disposition) of the Obligations;

(B) amounts actually or constructively received from investing amounts described in (A);

(C) amounts (other than proceeds derived from the sale of the Obligations) that are reasonably expected to be or are in fact used to pay debt service with respect to the Obligations;

(D) amounts pledged as security for the payment of debt service with respect to the Obligations or otherwise serving as a reserve fund with respect to the Obligations;

(E) “transferred proceeds” of the Obligations; and

(F) any other amounts which are replacement proceeds of the Obligations within the meaning of Treasury Regulation § 1.148-1(c).

(iii) Universal Cap. Except as provided below, in no event shall the value of Nonpurpose Investments allocated to Gross Proceeds of the Obligations exceed the Universal Cap of the Obligations computed in accordance with Section 1.148-6 of the Treasury Regulations. The Universal Cap of the Obligations is equal to the value of the outstanding Obligations computed in accordance with Section 1.148-4 of the Treasury Regulations. The value of a Nonpurpose Investment on a date allocated to Gross Proceeds of the Obligations for this purpose is equal to the value of such investment in accordance with Treasury Regulation § 1.148-5(d). The Universal Cap value and the value of Nonpurpose Investments are to be computed as of the first day of each bond year that commences after the second anniversary of the issue date and if the applicable obligations, are a refunding issue, as of each date that, without regard to the Universal Cap, proceeds of any refunded issue become “transferred proceeds” of the Obligations within the meaning of Section 1.148-9 of the Treasury Regulations (a “Cap Computation Date”). Amounts described in Subparagraph (c)(i) are not subject to the Universal Cap. Between Cap Computation Dates, Nonpurpose Investments cease to be allocated to the Obligations to the extent they are expended or otherwise cease to be allocated to the Obligations under Section 1.148-6 of the Treasury Regulations. To the extent Nonpurpose Investments cease to be allocated to the obligations of an Obligations, other investments become so allocated up to the amount of the

unused Universal Cap, computed in accordance with Section 1.148-6 of the Treasury Regulations. If on a Cap Computation Date Nonpurpose Investments have a value in excess of the Universal Cap, an amount of such investments necessary to eliminate that excess ceases to be allocated to the Obligations. Nonpurpose Investments cease to be allocated to the Obligations in the following order, within the meaning of Section 1.148-6 of the Treasury Regulations:

(1) first, amounts held in a sinking fund, pledged fund, or reserve or replacement fund for the Obligations (other than proceeds derived from the sale of the Obligations),

(2) second, transferred proceeds, and

(3) third, proceeds derived from the sale of the Obligations and earnings thereon, all within the meaning of Section 1.148-6 of the Treasury Regulations.

(4) A failure to do a Universal Cap calculation on a Cap Computation Date will not result in noncompliance with Section 148(f) of the Code if, in the absence of that failure, the Obligations would have satisfied the Rebate Requirement.

(iv) Yield. See Section III hereof.

(c) Rebate Exception.

(i) Bona Fide Debt Service Funds. The Issuer will be relieved of the obligation to pay the Rebate Requirement with respect to amounts earned on funds in the Bona Fide Debt Service Funds.

(d) Prohibited Investments and Dispositions. The Issuer acknowledges that compliance with Section 148(f) of the Code may involve taking no action to artificially reduce the Rebate Requirement by the manner of investing Gross Proceeds. The Issuer covenants that absent an opinion of nationally recognized bond counsel that the exclusion from gross income of interest with respect to the Obligations will not be adversely affected, it will comply with the rules of this Subsection to assure compliance with Section 148(f) of the Code.

(i) No Nonpurpose Investment may be acquired with Gross Proceeds for an amount in excess of the fair market value of such Nonpurpose Investment. No Nonpurpose Investment may be sold or otherwise disposed of for an amount less than the fair market value of the Nonpurpose Investment.

(ii) The fair market value of any Nonpurpose Investment is the price which a willing buyer would pay to a willing seller to acquire the Nonpurpose Investment in a bona fide, arm's-length transaction, with no amounts to artificially reduce or increase the yield on the Nonpurpose Investment. Fair market value generally is determined on the date on which a contract to purchase or sell the Nonpurpose Investment becomes binding (i.e., the trade date rather than the settlement date). The purchase or sales price of a Nonpurpose Investment is not adjusted (except as provided below) to take into account any administrative costs of the

Nonpurpose Investment. For calendar year 2014, a brokerage commission or similar fee for an investment contract is included as a receipt with respect to the investment contract and for investments for a yield restricted defeasance escrow to the extent the commission exceeds the lesser of (A) \$38,000.00 and (B) 0.2% of the computational base or, if more, \$4,000; provided, a brokers fee or similar fee is included as a receipt to the extent all brokers fees or similar fees of the issue of Bonds exceed \$108,000.00. For purposes of this Tax Certificate “computational base” means (A) for a guaranteed investment contract, the amount of Gross Proceeds to be deposited in the contract, and (B) for investments (other than guaranteed investment contracts) to be deposited in a yield restricted defeasance escrow, the amount of Gross Proceeds initially invested in those investments. For subsequent calendar years, the dollar limits described in this Subsection may be increased for cost-of-living adjustments. See Treas. Reg. § 1.148-5(e)(2)(iii). Certain administrative costs, including reasonable direct administrative costs, other than carrying costs, such as brokerage commissions or selling commissions, but not legal and accounting fees, recordkeeping, custody and similar costs, may be taken into account in computing the Rebate Requirement with respect to investments. See Treas. Reg. § 1.148-5. General overhead costs and similar indirect costs of the City such as employee salaries and office expenses and costs of computing rebatable arbitrage may not be taken into account. The following provisions provide guidelines as to when the Nonpurpose Investment will be deemed to be acquired for its fair market value. Other methods may be used, however, to establish fair market value.

(iii) Nonpurpose Investments that are investment contracts or an investment purchased for a yield restricted defeasance escrow will be considered acquired and disposed of for an amount equal to the fair market value of such obligations if the following Subsections are satisfied:

(A) The Issuer makes a bona fide solicitation for the purchase of the investment. A bona fide solicitation is a solicitation that satisfies all of the following requirements:

(1) The bid specifications are in writing and are timely forwarded to potential providers.

(2) The bid specifications include all material terms of the bid. A term is material if it may directly or indirectly affect the yield or the cost of the investment.

(3) The bid specifications include a statement notifying potential providers that submission of a bid is a representation that the potential provider did not consult with any other potential provider about its bid, that the bid was determined without regard to any other formal or informal agreement that the potential provider has with the Issuer or any other person (whether or not in connection with the bond issue), and that the bid is not being submitted solely as a courtesy to the Issuer or any other person for purposes of satisfying the requirements of paragraph (B)(1) or (2) below.

(4) The terms of the bid specifications are commercially reasonable. A term is commercially reasonable if there is a legitimate business purpose for the term other than to increase the purchase price or reduce the yield of

the investment. For example, for solicitations of investments for a yield restricted defeasance escrow, the hold firm period must be no longer than the Issuer reasonably requires.

(5) For purchases of guaranteed investment contracts only, the terms of the solicitation take into account the Issuer's reasonably expected deposit and drawdown schedule for the amounts to be invested.

(6) All potential providers have an equal opportunity to bid. For example, no potential provider is given the opportunity to review other bids (i.e., a last look) before providing a bid.

(7) At least three reasonably competitive providers are solicited for bids. A reasonably competitive provider is a provider that has an established industry reputation as a competitive provider of the type of investments being purchased.

(B) The bids received by the Issuer meet all of the following requirements:

(1) The Issuer receives at least three bids from providers that the Issuer solicited under a bona fide solicitation meeting the requirements of paragraph (A) of this section and that do not have a material financial interest in the issue. A lead underwriter in a negotiated underwriting transaction is deemed to have a material financial interest in the issue until 15 days after the issue date of the issue. In addition, any entity acting as a financial advisor with respect to the purchase of the investment at the time the bid specifications are forwarded to potential providers has a material financial interest in the issue. A provider that is a related party to a provider that has a material financial interest in the issue is deemed to have a material financial interest in the issue.

(2) At least one of the three bids described in paragraph (B)(1) of above is from a reasonably competitive provider, within the meaning of paragraph (A)(7) of this section.

(3) If the Issuer uses an agent to conduct the bidding process, the agent did not bid to provide the investment.

(C) The winning bid meets the following requirements:

(1) *Guaranteed investment contracts.* If the investment is a guaranteed investment contract, the winning bid is the highest yielding bona fide bid (determined net of any broker's fees).

(2) *Other investments.* If the investment is not a guaranteed investment contract, the following requirements are met:

a. The winning bid is the lowest cost bona fide bid (including any broker's fees). The lowest cost bid is either the lowest cost bid

for the portfolio or, if the Issuer compares the bids on an investment-by-investment basis, the aggregate cost of a portfolio comprised of the lowest cost bid for each investment. Any payment received by the Issuer from a provider at the time a guaranteed investment contract is purchased (e.g., an escrow float contract) for a yield restricted defeasance escrow under a bidding procedure meeting the requirements of paragraph (iii) is taken into account in determining the lowest cost bid.

b. The lowest cost bona fide bid (including any broker's fees) is not greater than the cost of the most efficient portfolio comprised exclusively of State and Local Government Series Securities from the United States Department of the Treasury, Bureau of Public Debt. The cost of the most efficient portfolio of State and Local Government Series Securities is to be determined at the time that bids are required to be submitted pursuant to the terms of the bid specifications.

c. If State and Local Government Series Securities from the United States Department of the Treasury, Bureau of Public Debt are not available for purchase on the day that bids are required to be submitted pursuant to terms of the bid specifications because sales of those securities have been suspended, the cost comparison of (C)(2)(b) is not required.

(D) The provider of the investments or the obligor on the guaranteed investment contract certifies the administrative costs that it pays (or expects to pay, if any) to third parties in connection with supplying the investment.

(E) The Issuer retains the following records with the bond documents until three years after the last outstanding bond is redeemed:

(1) For purchases of guaranteed investment contracts, a copy of the contract, and for purchases of investments other than guaranteed investment contracts, the purchase agreement or confirmation.

(2) The receipt or other record of the amount actually paid by the Issuer for the investments, including a record of any administrative costs paid by the Issuer, and the certification under paragraph (D) above.

(3) For each bid that is submitted, the name of the person and entity submitting the bid, the time and date of the bid, and the bid results.

(4) The bid solicitation form and, if the terms of the purchase agreement or the guaranteed investment contract deviated from the bid solicitation form or a submitted bid is modified, a brief statement explaining the deviation and stating the purpose for the deviation. For example, if the Issuer purchases a portfolio of investments for a yield restricted defeasance escrow and, in order to satisfy the yield restriction requirements of Code Section 148, an investment in the winning bid is replaced with an investment with a lower yield, the Issuer must retain a record of the substitution and how the price of the substitute investment was determined. If the Issuer replaces an investment in the winning bid portfolio with another investment,

the purchase price of the new investment is not covered by the safe harbor unless the investment is bid under a bidding procedure meeting the requirements of paragraph (iii).

(5) For purchases of investments other than guaranteed investment contracts, the cost of the most efficient portfolio of State and Local Government Series Securities, determined at the time that the bids were required to be submitted pursuant to the terms of the bid specifications.

(iv) Nonpurpose Investments that are certificates of deposit with a fixed interest rate, a fixed principal payment schedule, a fixed maturity, and a substantial penalty for early withdrawal, will be considered acquired for their fair market value if the following requirements are satisfied:

(A) the yield on the certificate of deposit is not less than the yield on reasonably comparable direct obligations of the United States; and

(B) the yield on the certificate of deposit is not less than the highest yield that is published or posted by the provider to be currently available from the provider on comparable certificates of deposit offered to the public.

(v) Except as otherwise provided in paragraph (d), any Nonpurpose Investment that is not of a type traded on an established securities market, within the meaning of Code §1273, shall be rebuttably presumed to be acquired or disposed of for an amount in excess of the fair market value of the Nonpurpose Investment.

(vi) The fair market value of a United States Treasury obligation that is purchased directly from the United States Treasury is its purchase price.

(e) Bond Year. For purposes of this Certificate, Bond Year ends on each September 1 and begins on each September 2; provided that the first Bond Year begins on the date hereof and the last Bond Year ends on the date no Obligations are outstanding.

* * *

V. **Recordkeeping and Allocation.**

(i) Recordkeeping. The Issuer will maintain or cause to be maintained sufficient records to support compliance with the provisions of this Tax Certificate and to support the exclusion from gross income of interest on the Obligations for federal income tax purposes, including, but not limited to, the following:

(ii) basic records relating to the Obligations (e.g., indenture, loan agreement, and opinions);

(iii) documentation evidencing expenditure of Obligation proceeds;

(iv) documentation evidencing use of Obligation financed property (e.g., management and service contracts);

(v) documentation evidencing sources of payment and security for Obligations;
and

(vi) documentation pertaining to the investment of Obligation proceeds (including rebate calculations).

In particular, the Issuer will maintain or cause to be maintained detailed records with respect to each security, obligation, annuity contract, or another investment-type property allocated to Gross Proceeds, including: (i) purchase date, (ii) purchase price, (iii) information establishing fair market value on the date such investment is allocated to Gross Proceeds, (iv) any accrued interest paid, (v) face amount, (vi) coupon rate, (vii) periodicity of interest payments, (viii) disposition price, (ix) any accrued interest received, and (x) disposition date. The Issuer shall establish separate sub-accounts or take other accounting measures in order to account fully for all Gross Proceeds. The Issuer shall maintain books and records with respect to the allocation of Gross Proceeds in accordance with this Tax Certificate. All records required to be maintained pursuant to this Tax Certificate must be kept as long as the Obligations are outstanding plus three years after all Obligations are retired, and with respect to obligations refunded by the Obligations, for the same period required for the Obligations.

(b) Allocation. The Issuer may use any reasonable, consistently applied accounting method to account for Gross Proceeds of the Obligations in accordance with Treasury Regulation § 1.148-6; for purposes of allocating Gross Proceeds to capital expenditures intended to be financed pursuant to this Tax Certificate after the date of issue of the applicable tax-exempt obligation, and paid to unrelated third parties (“Qualified Capital Expenditures”), the Issuer may use the following accounting methods: “specific tracing,” “gross-proceeds-spent-first,” “first-in, first-out,” or a ratable allocation method. The Issuer covenants to consult with nationally recognized bond counsel with respect to the applicable method of allocation of Gross Proceeds to expenditures that are not Qualified Capital Expenditures. In addition, the accounting method applied must account uniformly for (i) Gross Proceeds commingled with other moneys in excess of \$25,000 and such other commingled moneys and (ii) Gross Proceeds for each fiscal year or interim fiscal period therein during which the issue is outstanding. Another accounting method may, however, be utilized for moneys if it is for a bona fide purpose unrelated to federal income tax restrictions. If Gross Proceeds are commingled with other moneys (other than in an open-end regulated investment company) in an amount in excess of \$25,000 (a “Commingled Fund”), the following additional requirements must be satisfied. First, all payments and receipts with respect to investments in the Commingled Fund must be allocated among the different moneys ratably based upon either (i) average daily balances during a “Computation Period” (as defined below) or (ii) the average of the beginning and ending balances of the amounts in the Commingled Fund for a Computation Period that does not exceed one month. A Commingled Fund may use as its Computation Period any consistent time period within its fiscal year that does not exceed three months. Not less frequently than at the end of each Computation Period, the Commingled Fund must compute and allocate to different types of moneys all payments, receipts, income, gain or losses realized, and expenditures. Second, except as provided below, the Commingled Fund must treat all of its investments as if sold at fair market value on the last day of the fiscal year or as of the last day of each Computation Period, and so allocate net gains or losses from such deemed sales (the “Mark-to-Market Requirement”). A Commingled Fund need not satisfy the Mark-to-Market Requirement if (i) the remaining weighted average maturity of all investments held by the Commingled Fund during a fiscal year does not exceed eighteen months and such investments consist exclusively of debt obligations, (ii) the Commingled Fund serves as a common reserve fund or sinking fund for two or more issues of the same issuer or (iii) the Issuer (and any

related party) do not own more than twenty-five percent of beneficial interests in the Commingled Fund. Common reserve funds or sinking funds for two or more issues must be ratably allocated (not less frequently than once every five years and on each date a new issue is added or retired (if relative original principal amounts are used to so allocate)) in accordance with (i) the value of the bonds under Treasury Regulation § 1.148-4(e), (ii) the relative amounts of the remaining maximum annual debt service payable on the issues, or (iii) the relative original stated principal amounts of the outstanding issues. Notwithstanding any other provision of this Tax Certificate, the allocation methodology applied must be consistent for all purposes of this Tax Certificate.

The Issuer must account for the allocation of Gross Proceeds to expenditures not later than eighteen months after the later of the date the expenditure is paid and the date the applicable Project is placed in service and in any event, by the date sixty days after the fifth anniversary of the issue date of the Obligations or the date 60 days after the retirement of the Obligation if earlier.

* * *

VI. Miscellaneous.

(a) Federal Guarantee. The Issuer will not invest any of the proceeds of the Obligations in a manner which would result in the Obligations being considered “federally guaranteed” within the meaning of Section 149(b) of the Code, except as permitted therein (i.e., will not cause interest with respect to the Obligations to be included in gross income for federal income tax purposes).

(b) Information Reporting. Attached as Exhibit C is a copy of the Form 8038-G filed with respect to the Obligations.

(c) No Pooling. The Issuer does not expect to use and will not use the proceeds of the Obligations, nor any refinanced obligations, to make or finance loans to two or more ultimate borrowers.

(d) Hedge Bonds. As of the date of issuance of the Current Refunded Obligations, the Issuer reasonably expected to expend at least 85% of the proceeds derived from the sale of those obligations or obligations refinanced thereby (less amounts deposited in the respective reasonably required reserve funds for the obligations) on the costs of the projects financed by those obligations within three years of the date of issuance of those obligations. Not more than 50% of the proceeds of the Current Refunded Obligations will be (or have been) invested at a guaranteed rate of return for a term of four years or more.

* * *

VII. Concluding Matters.

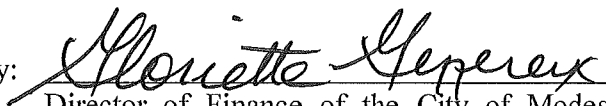

(a) Reliance. The expectations of the Issuer concerning certain uses of Obligation proceeds and certain other moneys described herein and other matters are based in whole or in part upon representations of other parties as set forth in this Tax Certificate or the exhibits attached hereto. The Issuer is not aware of any facts or circumstances that would cause it to question the accuracy or reasonableness of any representations made in this Tax Certificate or exhibits attached hereto.

(b) Authority. The undersigned is an authorized representative of the Issuer, and is acting for and on behalf of the Issuer in executing this Tax Certificate. To the best of the knowledge and belief of the undersigned, there are no other facts, estimates or circumstances that would materially change the expectations as set forth herein, and said expectations are reasonable.

(c) Amendment. Notwithstanding any provision of this Tax Certificate, the Issuer may amend this Tax Certificate and thereby alter any actions allowed or required by this Tax Certificate if such amendment is based on an opinion of bond counsel that the exclusion from gross income of interest with respect to the Obligations and any refinanced obligations will not be adversely affected.

2014 SPECIAL TAX REFUNDING BONDS**

CERTIFICATE OF THE UNDERWRITER

This Certificate is furnished by Stifel, Nicolaus & Company, Incorporated, as underwriter (the "Underwriter") of the \$29,320,000 stated principal amount of the above-captioned bonds (the "Obligations"). The Underwriter hereby certifies and represents the following, based upon the information available to it:

A. Issue Price.

1. As of the sale date (the "Sale Date"), we reasonably expected to sell a substantial amount of each maturity (i.e., at least 10%) of the Obligations to the general public (excluding bond houses, brokers, or similar persons acting in the capacity of underwriter or wholesalers) in a bona fide public offering at the prices listed on Schedule A.

2. In our opinion, and based upon our estimate as of the Sale Date, the initial offering prices of the Obligations set forth in Schedule A are within a reasonable range of, and should reflect, the fair market prices for such Obligations.

3. As of the date of execution of this Certificate, all of the Obligations have actually been offered to the general public at the prices listed in Schedule A.

4. As of the Sale Date, at least 10% of each maturity of the Obligations was sold to the general public at the prices listed in Schedule A

B. Arbitrage Yield.

1. We have calculated the arbitrage yield with respect to the Obligations to be 4.027292% in accordance with the instructions provided in the Tax Certificate with respect to the Obligations.

To the extent that we provided the Issuer and Bond Counsel with certain computations that show a bond yield, issue price, weighted average maturity and certain other information with respect to the Obligations, as shown in Schedule B, these computations are based on our understanding of directions that we have received from Bond Counsel regarding interpretation of the applicable law. We express no view regarding the legal sufficiency of any such computations or the correctness of any legal interpretation made by Bond Counsel.

C. Reserve Fund.

The establishment of the Reserve Fund in the amount of the Reserve Requirement was vital to the marketing of the Obligations and reasonably required to assure the payment of debt service on the Obligations.

D. Credit Enhancement.

1. The present value of the amount paid to obtain the Credit Enhancement (as defined in the Tax Certificate) is less than the present value of the interest reasonably expected to be saved as a result of having the Credit Enhancement, using the yield with respect to the Obligations as the discount factor for this purpose.

2. To the best knowledge of the undersigned, the amount paid by the Issuer to the Credit Enhancer for the Credit Enhancement is within a reasonable range of premiums charged for comparable credit enhancement for obligations comparable to the Obligations.

Nothing herein represents our interpretation of any laws or regulations under the Internal Revenue Code of 1986, as amended.

All terms not defined herein have the meanings ascribed to those terms in the attached Tax Certificate.

**DISCLOSURE, NO DEFAULT AND TAX CERTIFICATE OF
ASSURED GUARANTY MUNICIPAL CORP.**

The undersigned hereby certifies on behalf of Assured Guaranty Municipal Corp. ("AGM"), in connection with the issuance by AGM of its Policy No. 216167-N (the "Policy") in respect of the \$11,650,000 in aggregate principal amount of the City of Modesto Community Facilities District No. 2004-1 (Village One #2) 2014 Special Tax Refunding Bonds maturing on September 1, 2036 (the "Bonds") that:

- (i) the information set forth under the caption "BOND INSURANCE – Assured Guaranty Municipal Corp." in the official statement dated July 16, 2014, relating to the Bonds (the "Official Statement") is true and correct,
- (ii) AGM is not currently in default nor has AGM ever been in default under any policy or obligation guaranteeing the payment of principal of or interest on an obligation,
- (iii) the Policy is an unconditional and recourse obligation of AGM (enforceable by or on behalf of the holders of the Bonds) to pay the scheduled principal of and interest on the Bonds in the event of Nonpayment by the Issuer (as set forth in the Policy),
- (iv) the insurance premium of \$368,695.74 (the "Premium") is a charge for the transfer of credit risk and was determined in arm's length negotiations and is required to be paid to AGM as a condition to the issuance of the Policy,
- (v) no portion of such Premium represents an indirect payment of costs of issuance, including rating agency fees, other than fees paid by AGM to maintain its ratings, which, together with all other overhead expenses of AGM, are taken into account in the formulation of its rate structure, or for the provision of additional services by us, nor the direct or indirect payment for a cost, risk or other element that is not customarily borne by insurers of tax-exempt bonds (in transactions in which the guarantor has no involvement other than as a guarantor),
- (vi) AGM is not providing any services in connection with the Bonds other than providing the Policy, and except for the Premium, AGM will not use any portion of the Bond proceeds; provided, however, that AGM or its affiliates may independently provide a guaranteed investment contract for the investment of all or a portion of the proceeds of the Bonds,
- (vii) except for payments under the Policy in the case of Nonpayment by the Issuer, there is no obligation to pay any amount of principal or interest on the Bonds by AGM,
- (viii) AGM does not expect that a claim will be made on the Policy,
- (ix) the Issuer is not entitled to a refund of the premium for the Policy in the event a Bond is retired before the final maturity date, and
- (x) for Bonds which are secured by a debt service reserve fund, AGM would not have issued the Policy unless the authorizing or security agreement for the Bonds provided for a debt service reserve fund funded and maintained in an amount at least equal to, as of any particular date of computation, the reserve requirement as set forth in such agreement.

AGM makes no representation as to the nature of the interest to be paid on the Bonds or the treatment of the Policy under Section 1.148-4(f) of the Income Tax Regulations.

POST ISSUANCE COMPLIANCE

On this 30th day of July, 2014, the City and the Issuer understand that post issuance compliance with the restrictions contained in the attached Tax Certificate is required to ensure that interest on the Obligations remains excluded from gross income for federal income purposes. The City and the Issuer understand that the attached Tax Certificate, together with this exhibit, contains written post issuance procedures of the City and the Issuer to effectuate post issuance compliance. In furtherance thereof, the City and the Issuer hereby agree to:

1. Assign responsible personnel of the City and the Issuer to monitor and ensure compliance with the restrictions contained in the attached Tax Certificate.
2. Provide adequate training to responsible City and Issuer personnel to effectuate the purposes of this exhibit.
3. Have City and Issuer personnel regularly review the restrictions of the Tax Certificate and establish adequate record retention and calendaring mechanisms internally to ensure that the City and the Issuer will be able to establish post issuance compliance with the restrictions of the attached Tax Certificate. In particular, the City and Issuer will maintain records detailing the investment and expenditures of Obligation proceeds, as provided in the Tax Certificate. The City and Issuer will seek expert advice regarding compliance with the arbitrage rebate and yield restriction provisions of the Tax Certificate, and carefully monitor and calendar the dates by which Obligation proceeds should be expended to comply with yield restriction and rebate exceptions and the dates rebate must be paid.
4. Regularly consult with Bond Counsel and other City and Issuer advisors regarding any issues that arise regarding post issuance compliance with the attached Tax Certificate (including any failure or anticipated failure to expend Obligation proceeds during the periods described in the attached Tax Certificate or any changes in use of the Project). The City and Issuer understand that the use of the Project financed by the Obligations must be monitored throughout the term to maturity of the Obligations, and records must be retained regarding any contracts or other arrangements relating to such use as provided in the Tax Certificate.

SAMPLE OFFERING DOCUMENT LANGUAGE
DESCRIBING BOOK-ENTRY-ONLY ISSUANCE

(Prepared by DTC—bracketed material may be applicable only to certain issues)

1. The Depository Trust Company (“DTC”), New York, NY, will act as securities depository for the securities (the “Securities”). The Securities will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Security certificate will be issued for [each issue of] the Securities, [each] in the aggregate principal amount of such issue, and will be deposited with DTC. [If, however, the aggregate principal amount of [any] issue exceeds \$500 million, one certificate will be issued with respect to each \$500 million of principal amount, and an additional certificate will be issued with respect to any remaining principal amount of such issue.]

2. DTC, the world’s largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 2.2 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments from over 100 countries that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC, in turn, is owned by a number of Direct Participants of DTC and Members of the National Securities Clearing Corporation, Fixed Income Clearing Corporation and Emerging Markets Clearing Corporation (NSCC, FICC, and EMCC, also subsidiaries of DTCC), as well as by the New York Stock Exchange, Inc., the American Stock Exchange LLC, and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has Standard & Poor’s highest rating: AAA. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

3. Purchases of Securities under the DTC system must be made by or through Direct Participants, which will receive a credit for the Securities on DTC’s records. The ownership interest of each actual purchaser of each Security (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Securities are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Securities, except in the event that use of the book-entry system for the Securities is discontinued.

4. To facilitate subsequent transfers, all Securities deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Securities with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Securities; DTC’s records reflect only the identity

of the Direct Participants to whose accounts such Securities are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

5. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. [Beneficial Owners of Securities may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Securities, such as redemptions, tenders, defaults, and proposed amendments to the Security documents. For example, Beneficial Owners of Securities may wish to ascertain that the nominee holding the Securities for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.]

[6. Redemption notices shall be sent to DTC. If less than all of the Securities within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.]

7. Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Securities unless authorized by a Direct Participant in accordance with DTC's Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Securities are credited on the record date (identified in a listing attached to the Omnibus Proxy).

8. Redemption proceeds, distributions, and dividend payments on the Securities will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from Issuer or Agent, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, Agent, or Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of Issuer or Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

[9. A Beneficial Owner shall give notice to elect to have its Securities purchased or tendered, through its Participant, to [Tender/Remarketing] Agent, and shall effect delivery of such Securities by causing the Direct Participant to transfer the Participant's interest in the Securities, on DTC's records, to [Tender/Remarketing] Agent. The requirement for physical delivery of Securities in connection with an optional tender or a mandatory purchase will be deemed satisfied when the ownership rights in the Securities are transferred by Direct Participants on DTC's records and followed by a book-entry credit of tendered Securities to [Tender/Remarketing] Agent's DTC account.]

10. DTC may discontinue providing its services as depository with respect to the Securities at any time by giving reasonable notice to Issuer or Agent. Under such circumstances, in the event that a successor depository is not obtained, Security certificates are required to be printed and delivered.

11. Issuer may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Security certificates will be printed and delivered to DTC.

12. The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that Issuer believes to be reliable, but Issuer takes no responsibility for the accuracy thereof.

Unless this Bond certificate is presented by an authorized representative of The Depository Trust Company, a New York corporation ("DTC"), to the District or its agent for registration of transfer, exchange, or payment, and any Bond certificate issued is registered in the name of Cede & Co. or in such other name as is requested by an authorized representative of DTC (and any payment is made to Cede & Co. or to such other entity as is requested by an authorized representative of DTC), ANY TRANSFER, PLEDGE, OR OTHER USE HEREOF FOR VALUE OR OTHERWISE BY OR TO ANY PERSON IS WRONGFUL inasmuch as the registered owner hereof, Cede & Co., has an interest herein.

CITY OF MODESTO COMMUNITY FACILITIES DISTRICT NO. 2004-1 (the "District"), located in the City of Modesto, County of Stanislaus, State of California, FOR VALUE RECEIVED, hereby promises to pay, solely from certain amounts held under the Indenture (as hereinafter defined), to the Registered Owner named above, or registered assigns, on the Maturity Date set forth above, unless redeemed prior thereto as hereinafter provided, the Principal Amount set forth above, and to pay interest on such Principal Amount from the Interest Payment Date (as hereinafter defined) next preceding the date of authentication hereof to which interest has been paid or duly provided in full, unless (i) the date of authentication is an Interest Payment Date in which event interest shall be payable from such date of authentication, (ii) the date of authentication is after a Record Date (as hereinafter defined) but prior to the immediately succeeding Interest Payment Date, in which event interest shall be payable from the Interest Payment Date immediately succeeding the date of authentication or (iii) the date of authentication is prior to the close of business on the first Record Date in which event interest shall be payable from the Dated Date set forth above; provided, however, that if at the time of authentication of this Bond interest is in default, interest on this Bond shall be payable from the last Interest Payment Date to which the interest has been paid or made available for payment or, if no interest has been paid or made available for payment, interest on this Bond shall be payable from the Dated Date set forth above. Interest will be paid semiannually on March 1 and September 1 (each, an "Interest Payment Date"), commencing March 1, 2015, at the Interest Rate set forth above, until the Principal Amount hereof is paid or made available for payment.

The principal of this Bond is payable to the Registered Owner hereof in lawful money of the United States of America upon presentation and surrender of this Bond at the corporate trust office of The Bank of New York Mellon Trust Company, N.A. (the "Trustee"). Interest on this Bond shall be paid by check of the Trustee mailed by first class mail, postage prepaid, or, upon request of any Registered Owner of at least \$1,000,000 of Bonds, by wire transfer to an account in the continental United States of the Registered Owner hereof prior to the Record Date as of the close of business on the fifteenth day of the month preceding an Interest Payment Date (the "Record Date") at such Registered Owner's address as it appears on the registration books maintained by the Trustee.

This Bond is one of a duly authorized issue of "City of Modesto Community Facilities District No. 2004-1 (Village One #2) 2014 Special Tax Refunding Bonds" (the "Bonds") issued in the aggregate principal amount of \$29,320,000 pursuant to the Mello-Roos Community Facilities Act of 1982, as amended, being Sections 53311, *et seq.*, of the California Government Code (the "Act"), for the purpose of refunding the District's 2006 Special Tax Bonds, to purchase a municipal bond insurance policy to guarantee the payment of the principal of and interest on the Bonds maturing on September 1, 2036 (the "Insured Bonds"), paying certain costs related to the issuance of the Bonds and funding a reserve account. The issuance of the Bonds and the terms and conditions thereof are provided for by a resolution adopted by the City Council of the City of Modesto, acting in its capacity as the legislative body of the District (the "Legislative Body") on July 1, 2014, and a Bond Indenture dated as of July 1, 2014, by and between the District and The Bank of New York Mellon Trust Company, N.A., as Trustee, executed in connection therewith (the "Indenture"), and this reference incorporates the Indenture herein, and by acceptance hereof the Registered Owner of this Bond assents to said terms and conditions. The Indenture is executed under and this Bond is issued under, and both are to be construed in accordance with, the laws of the State of California.

Pursuant to the Act and the Indenture, the principal of and interest on this Bond are payable solely from the portion of the annual special taxes authorized under the Act to be levied and collected within the District and which are pledged to the repayment of the Bonds (the "Special Taxes"). Any amounts for the payment hereof shall be limited to the Special Taxes pledged and collected or foreclosure proceeds received following a default in payment of the Special Taxes and other amounts on deposit in the Special Tax Fund, except to the extent that other provision for payment has been made by the Legislative Body, as may be permitted by law. The District has covenanted for the benefit of the owners of the Bonds that under certain circumstances it will commence and diligently pursue to completion appropriate foreclosure proceedings in the event of delinquencies of Special Tax installments levied for payment of principal and interest on the Bonds.

The Bonds maturing on or before September 1, 2024 are not subject to optional redemption. The Bonds maturing after September 1, 2024 are subject to call and redemption, at the option of the District, from any available source of funds prior to their stated maturity on any date on or after September 1, 2024, as a whole or in part, and by lot, at a redemption price equal to the principal amount to be redeemed, together with accrued interest to the date of redemption, without premium.

The Bonds maturing on September 1, 2036 are subject to mandatory sinking fund redemption in part, by lot, on September 1, 2032 and on each September 1 thereafter to maturity, at a redemption price equal to the principal amount thereof to be redeemed, together with accrued interest to the date fixed for redemption, without premium, as follows:

Term Bonds Due on September 1, 2036

<i>Year (September 1)</i>	<i>Principal Amount</i>
2032	\$2,045,000
2033	2,185,000
2034	2,320,000
2035	2,470,000
2036 (Maturity)	2,630,000

The Bonds are subject to Special Mandatory Redemption from Special Tax Prepayments on any Interest Payment Date, in whole or in part, at the following redemption prices, expressed as a percentage of the principal amount of the Bonds to be redeemed, together with accrued interest to the date of redemption:

<i>Redemption Dates</i>	<i>Redemption Price</i>
Any Interest Payment Date through March 1, 2022	103%
September 1, 2022 and March 1, 2023	102
September 1, 2023 and March 1, 2024	101
September 1, 2024 and any Interest Payment Date thereafter	100

Notice of redemption with respect to the Bonds to be redeemed shall be mailed to the registered owners thereof not less than 30 nor more than 60 days prior to the redemption date by first class mail, postage prepaid, to the addresses set forth in the registration books. Neither a failure of the Registered Owner hereof to receive such notice nor any defect therein will affect the validity of the proceedings for redemption. All Bonds or portions thereof so called for redemption will cease to accrue interest on the specified redemption date; provided that funds for the redemption are on deposit with the Trustee on the redemption date. Thereafter, the registered owners of such Bonds shall have no rights except to receive payment of the redemption price upon the surrender of the Bonds.

This Bond shall be registered in the name of the Registered Owner hereof, as to both principal and interest, and the District and the Trustee may treat the Registered Owner hereof as the absolute owner for all purposes and shall not be affected by any notice to the contrary.

The Bonds are issuable only in fully-registered form in the denomination of \$5,000 or any integral multiple of \$5,000 and may be exchanged for a like aggregate principal amount of Bonds of other authorized denominations of the same issue and maturity, all as more fully set forth in the Indenture. This Bond is transferable by the Registered Owner hereof, in person or by his attorney duly authorized in writing, at the corporate trust office of the Trustee, but only in the manner, subject to the limitations and upon payment of the charges provided in the Indenture, upon surrender and cancellation of this Bond. Upon such transfer, a new registered Bond of authorized denomination or

denominations for the same aggregate principal amount of the same issue and maturity will be issued to the transferee in exchange therefor.

The Trustee shall not be required to register transfers or make exchanges of (i) any Bonds for a period of 15 days next preceding any selection of the Bonds to be redeemed, or (ii) any Bonds chosen for redemption.

The rights and obligations of the District and of the registered owners of the Bonds may be amended at any time, and in certain cases without notice to or the consent of the registered owners, to the extent and upon the terms provided in the Indenture.

The principal of this Bond is not subject to acceleration.

If the District shall pay or cause to be paid to the Owner of this Bond the interest due hereon and the principal hereof, at the times and in the manner stipulated herein and in the Indenture, or if there has been deposited with the Trustee moneys or investment securities, which together with the interest to accrue thereon without further investment, will be fully sufficient to pay and discharge the principal of, premium, if any, and interest on all Bonds Outstanding as and when the same shall become due and payable, then the Owner of this Bond shall cease to be entitled to the pledge of Net Special Taxes under the Indenture, and all covenants, agreements and other obligations of the District to the Owner of this Bond under the Indenture shall thereupon cease, terminate and become void and be discharged and satisfied.

THE BONDS DO NOT CONSTITUTE OBLIGATIONS OF THE CITY OF MODESTO OR OF THE CITY OF MODESTO COMMUNITY FACILITIES DISTRICT NO. 2004-1 FOR WHICH THE CITY OF MODESTO OR THE DISTRICT IS OBLIGATED TO LEVY OR PLEDGE, OR HAS LEVIED OR PLEDGED, GENERAL OR SPECIAL TAXES, OTHER THAN THE SPECIAL TAXES REFERENCED HEREIN. THE BONDS ARE LIMITED OBLIGATIONS OF THE DISTRICT PAYABLE FROM THE PORTION OF THE SPECIAL TAXES PLEDGED UNDER THE INDENTURE BUT ARE NOT A DEBT OF THE CITY OF MODESTO, THE STATE OF CALIFORNIA OR ANY OF ITS POLITICAL SUBDIVISIONS WITHIN THE MEANING OF ANY CONSTITUTIONAL OR STATUTORY LIMITATION OR RESTRICTION.

This Bond shall not become valid or obligatory for any purpose until the certificate of authentication and registration hereon endorsed shall have been dated and signed by the Trustee.

IT IS HEREBY CERTIFIED, RECITED AND DECLARED that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this Bond do exist, have happened and have been performed in due time, form and manner as required by law, and that the amount of this Bond, together with all other indebtedness of the District, does not exceed any debt limit prescribed by the laws or Constitution of the State of California.

IN WITNESS WHEREOF, the City of Modesto Community Facilities District No. 2004-1 (Village One #2) has caused this Bond to be dated as of the Dated Date, to be executed on behalf of the District by the Mayor of the City of Modesto by facsimile signature and attested by the facsimile signature of the City Clerk.

Re: *\$29,320,000 City of Modesto Community Facilities District No. 2004-1 (Village One #2) 2014 Special Tax Refunding Bonds*

Ladies and Gentlemen:

We have examined the Constitution and the laws of the State of California, a certified record of the proceedings of the City of Modesto taken in connection with the formation of the City of Modesto Community Facilities District No. 2004-1 (Village One #2) (the "District") and the authorization and issuance of the District's 2014 Special Tax Refunding Bonds in the aggregate principal amount of \$29,320,000 (the "Bonds") and such other information and documents as we consider necessary to render this opinion. In rendering this opinion, we have relied upon certain representations of fact and certifications made by the District, the initial purchasers of the Bonds and others. We have not undertaken to verify through independent investigation the accuracy of the representations and certifications relied upon by us.

The Bonds have been issued pursuant to the Mello-Roos Community Facilities Act of 1982, as amended (comprising Chapter 2.5 of Part 1 of Division 2 of Title 5 of the Government Code of the State of California), Resolution No. 2014-272 (the "Resolution of Issuance"), adopted by the City Council (the "City Council") of the City of Modesto (the "City") on July 1, 2014, and by a Trust Indenture dated as of July 1, 2014 (the "Indenture"), by and between the City and The Bank of New York Mellon Trust Company, N.A., as Trustee. All capitalized terms not defined herein shall have the meanings set forth in the Indenture.

The Bonds are dated the date of delivery and mature on the dates and in the amounts set forth in the Indenture. The Bonds bear interest payable semiannually on each September 1 and March 1, commencing on March 1, 2015, at the rates per annum set forth in the Indenture. The Bonds are registered Bonds in the form set forth in the Indenture redeemable in the amounts, at the times and in the manner provided for in the Indenture.

Based upon our examination of the foregoing, and in reliance thereon and on all matters of fact as we deem relevant under the circumstances, and upon consideration of applicable laws, we are of the opinion that:

(1) The Bonds have been duly and validly authorized by the District and are legal, valid and binding limited obligations of the District, enforceable in accordance with their terms and the terms of the Indenture, except to the extent that enforceability may be limited by bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance or transfer or other laws affecting creditors' rights generally, by the exercise of judicial discretion in accordance with general principles of equity or otherwise in appropriate cases and by limitations on remedies against public agencies in the State of California. The Bonds are limited obligations of the District but are not a debt of the City, the State of California or any other political subdivision thereof within the meaning of any constitutional or statutory limitation, and, except for the Special Taxes, neither the faith and credit nor the taxing power of the City, the State of California, or any of its political subdivisions is pledged for the payment thereof.

(2) The Indenture has been duly executed and delivered by the City Council on behalf of the District. The Indenture creates a valid pledge of, and the Bonds are secured by the Net Special Taxes and the amounts on deposit in certain funds and accounts established under the Indenture, as and to the extent provided in the Indenture. The Indenture is enforceable in accordance with its terms, except as the same may be limited by bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance or transfer or other similar laws affecting creditors' rights generally, by the exercise of judicial discretion in accordance with general principles of equity or otherwise in appropriate cases and by limitations on remedies against public agencies in the State of California; provided, however, we express no opinion as to the enforceability of the covenant of the District contained in the Indenture to levy Special Taxes for the payment of Administrative Expenses or as to any indemnification, penalty, contribution, choice of law, choice of forum or waiver provisions contained therein.

(3) Under existing statutes, regulations, rulings and judicial decisions, interest (and original issue discount) on the Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of calculating the federal alternative minimum tax imposed on individuals and corporations; however, it should be noted that, with respect to corporations, such interest (and original issue discount) will be included as an adjustment in the calculation of alternative minimum taxable income, which may affect the alternative minimum tax liability of corporations.

(4) Interest (and original issue discount) on the Bonds is exempt from State of California personal income tax.

(5) The difference between the issue price of a Bond (the first price at which a substantial amount of the Bonds of a maturity are to be sold to the public) and the stated redemption price at maturity with respect to such Bond constitutes original issue discount. Original issue discount accrues under a constant yield method, and original issue discount will accrue to a Bond owner before receipt of cash attributable to such excludable income. The amount of original issue discount deemed received by a Bond owner will increase the Bond owner's basis in the applicable Bond. Original issue discount that accrues for the Bond owner is excluded from the gross income of such owner for federal income tax purposes, is not an item of tax preference for purposes of calculating

the federal alternative minimum tax imposed on individuals or corporations (as described in paragraph (3) above) and is exempt from State of California personal income tax.

(6) The amount by which a Bond owner's original basis for determining loss on sale or exchange in the applicable Bond (generally the purchase price) exceeds the amount payable on maturity (or on an earlier call date) constitutes amortizable Bond premium which must be amortized under Section 171 of the Code; such amortizable Bond premium reduces the Bond owner's basis in the applicable Bond (and the amount of tax-exempt interest received), and is not deductible for federal income tax purposes. The basis reduction as a result of the amortization of Bond premium may result in a Bond owner realizing a taxable gain when a Bond is sold by the owner for an amount equal to or less (under certain circumstances) than the original cost of the Bond to the owner.

The opinion expressed in paragraphs (3) and (5) above as to the exclusion from gross income for federal income tax purposes of interest (and original issue discount) on the Bonds is subject to the condition that the District complies with all requirements of the Internal Revenue Code of 1986, as amended (the "Code"), that must be satisfied subsequent to the issuance of the Bonds to assure that such interest (and original issue discount) will not become includable in gross income for federal income tax purposes. Failure to comply with such requirements of the Code might cause interest (and original issue discount) on the Bonds to be included in gross income for federal income tax purposes retroactive to the date of issuance of the Bonds. The District has covenanted to comply with all such requirements. Except as set forth in paragraphs (3), (4), (5) and (6) above, we express no opinion as to any tax consequences related to the Bonds.

Certain agreements, requirements and procedures contained or referred to in the Indenture, the Tax Certificate executed by the District and other documents related to the Bonds may be changed and certain actions may be taken or omitted, under the circumstances and subject to the terms and conditions set forth in such documents. We express no opinion as to the effect on the exclusion from gross income for federal income tax purposes of interest (and original issue discount) on any Bond if any such change occurs or action is taken or omitted upon advice or approval of bond counsel other than Stradling Yocca Carlson & Rauth, a Professional Corporation.

Our opinion is limited to matters governed by the laws of the State of California and federal law. We assume no responsibility with respect to the applicability or the effect of the laws of any other jurisdiction and express no opinion as to the enforceability of the choice of law provisions contained in the Indenture.

The opinions expressed herein are based upon an analysis of existing statutes, regulations, rulings and judicial decisions and cover certain matters not directly addressed by such authorities.

We call attention to the fact that the foregoing opinions may be affected by actions taken (or not taken) or events occurring (or not occurring) after the date hereof. We have not undertaken to determine, or to inform any person, whether such actions or events are taken (or not taken) or do occur (or do not occur). Our engagement with respect to the Bonds terminates upon their issuance, and we disclaim any obligation to update the matters set forth herein.

We express no opinion herein as to the accuracy, completeness or sufficiency of the Official Statement or other offering material relating to the Bonds and expressly disclaim any duty to advise the owners of the Bonds with respect to matters contained in the Official Statement or other offering material.

Respectfully submitted,

Stallig Green Nelson & Rutter

Ladies and Gentlemen:

Stifel, Nicolaus & Company, Incorporated (the "Underwriter"), acting not as a fiduciary or agent for you, but on behalf of itself, offers to enter into this Bond Purchase Agreement (the "Bond Purchase Agreement") with the City of Modesto Community Facilities District No. 2004-1 (Village One #2) (the "District"), which, upon acceptance, will be binding upon the District and upon the Underwriter. This offer is made subject to the written acceptance of this Bond Purchase Agreement by the District and delivery of such acceptance to us at or prior to 11:59 p.m., California Time, on the date hereof, and if not accepted will be subject to withdrawal by the Underwriter upon notice delivered to the District at any time prior to the acceptance hereof by the District. The District has been formed by and is located in the City of Modesto, California (the "City").

The Underwriter hereby acknowledges that it is duly authorized to execute this Bond Purchase Agreement and to take all action required or permitted to be taken hereunder by or on behalf of the Underwriter. Any authority, discretion or other power conferred upon the Underwriter by this Bond Purchase Agreement may be executed by the representative alone. Capitalized terms not otherwise defined herein shall have the meaning provided in the Indenture (defined below).

1. Purchase, Sale and Delivery of the Bonds.

(a) Subject to the terms and conditions and in reliance upon the representations, warranties and agreements set forth herein, the Underwriter agrees to purchase from the District, and the District agrees to sell to the Underwriter, all (but not less than all) of the \$29,320,000 City of Modesto Community Facilities District No. 2004-1 (Village One #2) 2014 Special Tax Refunding Bonds (the "Bonds"). The Bonds shall be dated the Closing Date (hereinafter defined), and bear interest (payable semiannually on March 1 and September 1 in each year, commencing March 1, 2015) at the rates per annum and maturing on the dates and in

the amounts set forth in Exhibit A hereto. The purchase price for the Bonds shall be \$30,598,326.76 (representing the principal amount of the Bonds, less an Underwriter's discount of \$193,730.29, and plus net original issue premium of \$1,472,057.05). At the request of the District, the Underwriter will wire the bond insurance policy premium of \$368,695.74 to the Insurer (as defined below), resulting in a net wire to the District of \$30,229,631.02. The Bonds will be subject to redemption as set forth in the Indenture (defined below). The Bonds will be issued in book-entry form only.

The Bonds shall be issued and secured under the provisions of, and shall be payable and subject to redemption as provided in, a Trust Indenture, dated as of July 1, 2014 (the "Indenture"), between the District and The Bank of New York Mellon Trust Company, N.A., as trustee (the "Trustee"), approved in a resolution adopted by the City Council of the City (the "City Council"), acting in its capacity as the legislative body of the District (the "Resolution of Issuance"). The Bonds and interest thereon will be payable from special taxes (referred to herein as the "Special Tax" or the "Special Taxes") levied and collected on the taxable land within the District. Proceeds of the sale of the Bonds, together with certain other funds of the District, will be used in accordance with the Indenture and the Mello-Roos Community Facilities Act of 1982, as amended (Sections 53311 *et seq.* of the Government Code of the State of California) (the "Act"), to refund the District's Series 2006 Special Tax Bonds (the "Refunded Bonds"), to fund a Reserve Account for the Bonds, and to pay costs of issuance of the Bonds. At closing, Assured Guaranty Municipal Corp. (the "Insurer") shall provide a municipal bond insurance policy (the "Policy") insuring the scheduled payment of principal of and interest on the term Bonds maturing on September 1, 2036 (the "Insured Bonds").

(b) At or prior to the acceptance hereof, the District has authorized the use of the Official Statement in connection with the public offering of the Bonds. The District has also consented to the use by the Underwriter prior to the date hereof of the Preliminary Official Statement (defined below) relating to the Bonds in connection with the public offering of the Bonds. Authorized officers of the District have certified to the Underwriter that such Preliminary Official Statement was deemed to be final as of its date for purposes of Rule 15c2-12 (defined below), with the exception of certain final pricing and related information referred to in Rule 15c2-12.

(c) Subsequent to its receipt of a certificate from the District deeming the Preliminary Official Statement for the Bonds, dated July 9, 2014, a supplemented by a Supplement to Preliminary Official Statement, dated July 14, 2014 (which Preliminary Official Statement, together with the cover page and all appendices and supplements thereto, is herein collectively referred to as the "Preliminary Official Statement" and which, as amended with the prior approval of the Underwriter and executed by the District, will be referred to herein as the "Official Statement") final for purposes of Rule 15c2-12 ("Rule 15c2-12") of the Securities and Exchange Commission (the "SEC"), the Underwriter has distributed electronic copies of the Preliminary Official Statement. The District hereby ratifies the use by the Underwriter of the Preliminary Official Statement and authorizes the Underwriter to use and distribute the final Official Statement dated the date hereof (including all information previously permitted to have been omitted by Rule 15c2-12 and any supplements and amendments thereto as have been approved by the District as evidenced by the execution and delivery of such document by an officer of the District (the "Official Statement"), the Indenture, the Continuing Disclosure

Agreement (the "Disclosure Agreement") between the District and Goodwin Consulting Group, Inc., as dissemination agent (the "Dissemination Agent"), this Bond Purchase Agreement, the Escrow Agreement, dated as of July 1, 2014 (the "Escrow Agreement"), between the District and The Bank of New York Mellon Trust Company, N.A., as escrow agent (the "Escrow Agent"), any other documents or contracts to which City, acting on behalf of the District, or the District is a party, and all information contained therein, and all other documents, certificates and statements furnished by the District to the Underwriter in connection with the transactions contemplated by this Bond Purchase Agreement, in connection with the offer and sale of the Bonds by the Underwriter.

The Underwriter hereby agrees to deliver a copy of the Official Statement to a national repository on or before the Closing Date (as hereinafter defined), and to make available an electronic copy to each investor that purchases any of the Bonds prior to the "end of the underwriting period" (as such term is defined in Section 2 (h) below), and otherwise to comply with all applicable statutes and regulations in connection with the offering and sale of the Bonds, including, without limitation, Rule G-32 of the Municipal Securities Rulemaking Board (the "MSRB") and Rule 15c2-12. The Underwriter has reviewed the information in this Official Statement in accordance with, and as part of, its responsibilities to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Underwriter does not guarantee the accuracy or completeness of such information. As of the date hereof, the Underwriter has not notified the District of the need to modify or supplement the Preliminary Official Statement.

(d) At 8:00 A.M., Pacific Daylight Time, on July 30, 2014, or at such earlier time or date as shall be agreed upon by the Underwriter and the District (such time and date being herein referred to as the "Closing Date"), the City, on behalf of the District, will deliver (i) through the facilities of The Depository Trust Company, New York, New York, the Bonds in definitive form (all Bonds being in book-entry form registered in the name of Cede & Co. and having the CUSIP numbers assigned to them printed thereon), duly executed by the officers of the District as provided in the Indenture, and (ii) to the Underwriter, at the offices of Stradling Yocca Carlson & Rauth, a Professional Corporation ("Bond Counsel") in Newport Beach, California, or at such other place as shall be mutually agreed upon by the District and the Underwriter, the other documents herein mentioned; and the Underwriter shall accept such delivery and pay the purchase price of the Bonds in immediately available cleared funds (such delivery and payment being herein referred to as the "Closing"). Notwithstanding the foregoing, the Underwriter may, in its discretion, accept delivery of the Bonds in temporary form upon making arrangements with the District which are satisfactory to the Underwriter relating to the delivery of the Bonds in definitive form.

(e) The District acknowledges and agrees that: (i) the primary role of the Underwriter is to purchase securities for resale to investors in an arms-length commercial transaction between the District and the Underwriter and that the Underwriter has financial and other interests that differ from those of the District, (ii) the Underwriter is not acting as a municipal advisor, financial advisor or fiduciary to the District or any other person or entity and has not assumed any advisory or fiduciary responsibility to the District with respect to the transaction contemplated hereby and the discussions, undertakings and proceedings leading thereto (irrespective of whether the Underwriter has provided other services or is currently

providing other services to the District or the City on other matters), (iii) the only obligations the Underwriter has to the District with respect to the transaction contemplated hereby expressly are set forth in this Bond Purchase Agreement, except as otherwise provided by applicable rules and regulations of the SEC or the rules of the MSRB, and (iv) the District has consulted its own legal, accounting, tax, financial and other advisors, as applicable, to the extent it has deemed appropriate in connection with the transaction contemplated herein. The District acknowledges that it has previously provided the Underwriter with an acknowledgement of receipt of the required Underwriter disclosure under Rule G-17 of the MSRB.

2. Representations, Warranties and Agreements of the District. The District represents, warrants and covenants to and agrees with the Underwriter that:

(a) The District is duly organized and is validly existing under the Act and laws of the State as a community facilities district, has full legal right, power, and authority (i) to execute, deliver and perform its obligations under, and to carry out all transactions contemplated by, the Indenture, the Disclosure Agreement, the Escrow Agreement and this Bond Purchase Agreement (collectively, the "District Documents"), (ii) to issue, sell and deliver the Bonds to the Underwriter pursuant to the Resolution of Issuance, this Bond Purchase Agreement and the Indenture as provided herein, and (iii) to carry out, give effect to and consummate the transactions contemplated by the District Documents and the Official Statement. The City Council, in its capacity as the legislative body for the District, has duly formed the District, and adopted an ordinance authorizing the levy of the Special Tax on the taxable property within the District (the "Special Tax Ordinance"). The District has caused to be recorded in the real property records of the County of Stanislaus a Notice of Special Tax Lien for the District (the "Notice of Special Tax Lien") (such ordinances and resolutions, as subsequently amended, and the Notice of Special Tax Lien being collectively referred to herein as the "Formation Documents") with respect to the District. Each of the Formation Documents remains in full force and effect as of the date hereof and has not been otherwise amended.

(b) The District has complied, and will at the Closing Date be in compliance, in all material respects with, the Formation Documents and the District Documents, and any immaterial compliance by the District, if any, will not impair the ability of the District to carry out, give effect to or consummate the transactions contemplated by the foregoing. From and after the date of issuance of the Bonds, the District will continue to comply with its covenants in the District Documents;

(c) The City Council, in its capacity as the legislative body for the District, has duly and validly: (i) taken or caused to be taken, all proceedings necessary under the Act and the Constitution and laws of the State of California in order to form the District, to authorize the execution of the District Documents and the levy of the Special Tax on the taxable property within the District pursuant to the Rate and Method of Apportionment of Special Tax for the District (the "Rate and Method of Apportionment"), to cause the Special Tax to be secured by a continuing lien on each parcel of Taxable Property (as defined in the Rate and Method of Apportionment); (ii) authorized and approved the execution and delivery of the District Documents and the issuance and sale of the Bonds; and (iii) authorized and approved the performance by the District of its obligations contained in, and the taking of any and all action as may be necessary to carry out, give effect to and consummate the transactions contemplated by,

each of said District Documents (including, without limitation, the collection of the Special Tax). The District has been validly formed, the Special Tax has been approved and its levy authorized, and (assuming due authorization, execution and delivery by other parties thereto, where necessary) the District Documents will constitute the valid, legal and binding obligations of the District, enforceable in accordance with their respective terms, subject to bankruptcy, insolvency, reorganization, moratorium and other laws affecting the enforcement of creditors' rights in general and to the application of equitable principles.

(d) To the best of the District's knowledge, neither the District nor the City, acting on behalf of the District, is in breach of or default under any applicable material law or administrative rule or regulation of the State of California (the "State"), or of any department, division, agency or instrumentality thereof, or under any applicable court or administrative decree or order, or under any material loan agreement, note, resolution, bond indenture, contract, agreement or other instrument to which the District or the City, acting on behalf of the District, is a party or is otherwise subject or bound, a consequence of which could be to materially and adversely affect the performance by the District of its obligations under the Bonds, the Formation Documents or the District Documents, and compliance with the provisions of each thereof, will not conflict with or constitute a material breach of or default under any applicable law or administrative rule or regulation of the State, or of any department, division, agency or instrumentality thereof, or under any applicable court or administrative decree or order, or a material breach of or default under any loan agreement, note, resolution, trust agreement, contract, agreement or other instrument to which the District or the City, acting on behalf of the District, as the case may be, is a party or is otherwise subject to or bound;

(e) Except for compliance with the blue sky or other states securities law filings, as to which the District makes no representations, all approvals, consents, authorizations, elections and orders of or filings or registrations with any State governmental authority, board, agency or commission having jurisdiction which would constitute a condition precedent to, or the absence of which would materially adversely affect, the performance by the District of its obligations hereunder, or under the Formation Documents or the District Documents, have been obtained and are in full force and effect;

(f) The Special Tax constituting the security for the Bonds (i) has been duly and lawfully authorized and may be levied under the Act and the Constitution and the applicable laws of the State of California, and (ii) such Special Tax, when levied in accordance with the Rate and Method of Apportionment, will constitute a valid and legally binding continuing lien on the properties on which it has been levied, subject to the effect of bankruptcy, insolvency, reorganization, arrangement, fraudulent conveyance, moratorium and other similar laws relating to or affecting creditors' rights generally, to the application of equitable principles, to the exercise of judicial discretion in appropriate cases and to the limitations on legal remedies against agencies in the State of California;

(g) The District has never been in default at any time, as to principal of or interest on any obligation which it has issued, which default may have an adverse effect on the ability of the District to consummate the transactions on its part under the District Documents, except as specifically disclosed in the Official Statement; and other than the Indenture and the Notice of Special Tax Lien, the District has not entered into any contract or arrangement of any

kind which might give rise to any lien or encumbrance on the Special Taxes following issuance of the Bonds.

(h) Until the earlier of (i) the date which is twenty-five (25) days after the "end of the underwriting period" (as hereinafter defined), or (ii) the date on which all of the Bonds have been sold by the Underwriter, if any event shall occur of which the District is aware, as a result of which it may be necessary to supplement the Official Statement in order to make the statements in the Official Statement, in light of the circumstances existing at such time, not misleading, the District shall forthwith notify the Underwriter of any such event of which it has knowledge and shall cooperate fully in furnishing any information available to it for any supplement to the Official Statement necessary, in the Underwriter's or District's opinion, so that the statements therein as so supplemented will not be misleading in light of the circumstances existing at such time and the District shall promptly furnish to the Underwriter electronic copies of such supplement. As used herein, the term "end of the underwriting period" means the later of such time as (i) the District delivers the Bonds to the Underwriter, or (ii) the Underwriter does not retain, directly or as a member of an underwriting syndicate, an unsold balance of the Bonds for sale to the public. Unless the Underwriter gives notice to the contrary, the "end of the underwriting period" shall be deemed to be the Closing Date. Any notice delivered pursuant to this provision shall be written notice delivered to the District at or prior to the Closing Date, and shall specify a date (other than the Closing Date) to be deemed the "end of the underwriting period," and the Underwriter agrees to notify the District in writing of the date on which the Underwriter does not retain, directly or as a member of an underwriting syndicate, an unsold balance of the Bonds for sale to the public;

(i) The Indenture creates a valid pledge of the Special Taxes and the moneys in the Special Tax Fund (other than the Administrative Expenses) established pursuant to the Indenture, including the investments thereof, subject in all cases to the provisions of the Indenture permitting the application thereof for the purposes and on the terms and conditions set forth therein;

(j) Except as disclosed in the Official Statement, no action, suit, proceeding, inquiry or investigation, at law or in equity, before or by any court, regulatory agency, public board or body is pending or, to the best current, actual knowledge of the District, threatened against the District or the City, acting on behalf of the District, in which the District or the City has been served (i) which would materially adversely affect the ability of either the District to perform its obligations under the Formation Documents, the Bonds or the District Documents, or (ii) seeking to restrain or to enjoin the issuance, sale or delivery of the Bonds, the application of the proceeds thereof in accordance with the Indenture, or the collection or application of the Special Tax pledged or to be pledged to pay the principal of and interest on the Bonds, or the pledge thereof, or in any way contesting or affecting the validity or enforceability of the Bonds, the Formation Documents, the District Documents, or any action contemplated by any of said documents, or (iii) in any way contesting the completeness or accuracy of the Preliminary Official Statement or the powers or authority of the District with respect to the Bonds, the Formation Documents, the District Documents, or any action of the District contemplated by any of said documents; nor is there any action pending or, to the best knowledge of the District, threatened against the District or the City, acting in the capacity of the District, in which the District or the City has been served, which alleges that interest on the Bonds is not excludable

from gross income for federal income tax purposes or is not exempt from California personal income taxation;

(k) The District will furnish such information, execute such instruments and take such other action in cooperation with the Underwriter as the Underwriter may reasonably request in order for the Underwriter to qualify the Bonds for offer and sale under the "Blue Sky" or other securities laws and regulations of such states and other jurisdictions of the United States as the Underwriter may designate; provided, however, the District shall not be required to register as a dealer or a broker of securities or to consent to service of process in connection with any blue sky filing;

(l) Any certificate signed by any authorized official of the District and the City, acting on behalf of the District, authorized to do so shall be deemed a representation and warranty to the Underwriter as to the statements made therein;

(m) Based on a review of its prior undertakings with respect to Rule 15c2-12, and except as otherwise described in the Official Statement, neither the District nor the City has failed in any material respect to comply with any undertaking of the City or the District under Rule 15c2-12 in the previous five years, and the District and City are currently in compliance with all filing requirements under Rule 15c2-12 in all material respects;

(n) The District will apply the proceeds of the Bonds in accordance with the Indenture and as described in the Official Statement;

(o) The total interest cost to maturity on the Bonds plus the principal amount of the Bonds is less than the total remaining interest cost to maturity on the Refunded Bonds plus the outstanding principal amount of the Refunded Bonds;

(p) The information contained in the Preliminary Official Statement and the Official Statement as of the date thereof did not, and on the Closing Date the Official Statement will not, contain any untrue or misleading statement of a material fact or omit to state any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading; and

(q) The Preliminary Official Statement heretofore delivered to the Underwriter was deemed final by the District as of its date, except for the omission of such information as is permitted to be omitted in accordance with paragraph (b)(1) of Rule 15c2-12. The District hereby covenants and agrees that, within seven (7) business days from the date hereof, the District shall cause a final version of the Official Statement to be electronically delivered to the Underwriter, so that the Underwriter may comply with paragraph (b)(4) of Rule 15c2-12 and Rules G-12, G-15, G-32 and G-36 of the MSRB.

3. Conditions to the Obligations of the Underwriter. The obligations of the Underwriter to accept delivery of and pay for the Bonds on the Closing Date shall be subject, at the option of the Underwriter, to the accuracy in all material respects of the representations and warranties on the part of the District contained herein, as of the date hereof and as of the Closing Date, to the accuracy in all material respects of the statements of the officers and other officials of the District or the City, acting on behalf of the District, made in any certificates or other

documents furnished pursuant to the provisions hereof, to the performance by the District of its obligations to be performed hereunder at or prior to the Closing Date and to the following additional conditions:

(a) At the Closing Date, the Formation Documents and the District Documents shall be in full force and effect, and shall not have been amended, modified or supplemented, except as may have been agreed to in writing by the Underwriter, and there shall have been taken in connection therewith, with the issuance of the Bonds and with the transactions contemplated thereby and by this Bond Purchase Agreement, all such actions as, in the opinion of Bond Counsel, shall be necessary and appropriate;

(b) Between the date hereof and the Closing Date, the market price or marketability of the Bonds, or the ability of the Underwriter to enforce contracts for the sale of the Bonds, at the initial offering prices set forth in the Official Statement shall not have been materially adversely affected, in the reasonable judgment of the Underwriter following consultation with the District (evidenced by a written notice to the District terminating the obligation of the Underwriter to accept delivery of and pay for the Bonds), by reason of any of the following:

(1) legislation introduced in or enacted (or resolution passed) by the Congress of the United States of America or recommended to the Congress by the President of the United States, the Department of the Treasury, the Internal Revenue Service, or any member of Congress, or favorably reported for passage to either House of Congress by any committee of such House to which such legislation had been referred for consideration or a decision rendered by a court established under Article III of the Constitution of the United States of America or by the Tax Court of the United States of America, or an order, ruling, regulation (final, temporary or proposed), press release or other form of notice issued or made by or on behalf of the Treasury Department or the Internal Revenue Service of the United States of America, with the purpose or effect, directly or indirectly, of imposing federal income taxation upon the interest as would be received by the holders of the Bonds beyond the extent to which such interest is subject to taxation as of the date hereof (it being acknowledged by the parties hereto that of the date hereof no such legislation, ruling, regulation, press release or other form of notice which would result in such adverse impact on the market price or marketability of the Bonds exists);

(2) legislation introduced in or enacted (or resolution passed) by the Congress of the United States of America, or an order, decree or injunction issued by any court of competent jurisdiction, or an order, ruling, regulation (final, temporary or proposed), press release or other form of notice issued or made by or on behalf of the Securities and Exchange Commission, or any other governmental agency having jurisdiction of the subject matter, to the effect that obligations of the general character of the Bonds, or the Bonds, including any or all underlying arrangements, are not exempt from registration under or other requirements of the Securities Act of 1933, as amended, or that the Indenture is not exempt from qualification under or other requirements of the Trust Indenture Act of 1939, as amended, or that the issuance, offering or sale of obligations of the general character of the Bonds, or of the Bonds, including any or all underwriting arrangements, as contemplated hereby or by the Official Statement or otherwise is or would be in violation of the federal securities laws, rules or regulations as amended and then in effect;

(3) any amendment to the federal or California Constitution or action by any federal or California court, legislative body, regulatory body or other authority materially adversely affecting the tax status of the District or the City, their property, income, securities (or interest thereon), or the validity or enforceability of the Special Tax;

(7) the imposition by the New York Stock Exchange or other national securities exchange, or any governmental authority, of any material restrictions not now in force with respect to the Bonds or obligations of the general character of the Bonds or securities generally, or the material increase of any such restrictions now in force, including those relating to the extension of credit by, or the charge to the net capital requirements of, the Underwriter;

(8) any event occurring, or information becoming known which, in the reasonable judgment of the Underwriter, makes untrue in any material adverse respect any statement or information contained in the Official Statement, or has the effect that the Official Statement contains any untrue statement of a material fact or omits to state a material fact required to be stated therein or necessary to make the statements made therein, in light of the circumstances under which they were made, not misleading.

(9) the withdrawal or downgrading of any rating of the District's outstanding indebtedness by a national rating agency; or

(10) the withdrawal or downgrading of the Insurer by a national rating agency; or

(11) any amendment is made to the Official Statement that in the Underwriter's reasonable judgment will materially adversely affect the marketability of the Bonds or the ability of the Underwriter to enforce contracts for the sale of the Bonds.

INTRODUCTION

The purpose of this Official Statement, which includes the cover page, the table of contents and the attached appendices (collectively, the “Official Statement”), is to provide certain information concerning the issuance by City of Modesto Community Facilities District No. 2004-1 (the “Community Facilities District”) of its 2014 Special Tax Refunding Bonds in the aggregate principal amount of \$28,525,000* (the “Bonds”). The proceeds of the Bonds, together with certain existing funds of the Community Facilities District, will be used to defease all of the Community Facilities District’s outstanding Series 2006 Special Tax Bonds, originally issued in the aggregate principal amount of \$31,085,000 and now outstanding in the principal amount of \$29,925,000 (the “Refunded Bonds”). A portion of the Bonds will be used to fund a deposit to the Reserve Account and to pay costs of issuance of the Bonds. See “THE REFUNDING PLAN” and “ESTIMATED SOURCES AND USES OF FUNDS” herein.

The Bonds are authorized to be issued pursuant to the Mello-Roos Community Facilities Act of 1982, as amended (Sections 53311 *et seq.* of the Government Code of the State of California) (the “Act”), and that certain Trust Indenture dated, as of July 1, 2014 (the “Indenture”), by and between the Community Facilities District and The Bank of New York Mellon Trust Company, N.A., as Trustee (the “Trustee”). The Bonds are secured under the Indenture by a pledge of and lien upon Net Special Taxes (as defined herein) and all moneys in the Special Tax Fund as described in the Indenture.

This introduction is not a summary of this Official Statement. It is only a brief description of and guide to, and is qualified by, more complete and detailed information contained in the entire Official Statement and the documents summarized or described herein. A full review should be made of the entire Official Statement. The sale and delivery of Bonds to potential investors is made only by means of the entire Official Statement. All capitalized terms used in this Official Statement and not defined shall have the meaning set forth in APPENDIX D — “SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE.”

Parity Bonds may only be issued to refund the Bonds or any outstanding Parity Bonds. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS” and “THE BONDS — Issuance of Additional Bonds for Refunding Only.”

The Community Facilities District

General. The City Council formed the Community Facilities District under the Act to provide for the financing of public improvements to meet the needs of development in the portion of the City known as “Village One.” The Community Facilities District is part of the City’s plan to provide financing for the infrastructure that will be required in order to support the development of Village One.

Village One is located in the northeastern portion of the City’s urban area and is anticipated to be developed as a pedestrian oriented, mixed use planned community. At its ultimate buildout, Village One is expected to include a variety of residential, commercial, and industrial land uses. As a result of annexations subsequent to its formation, the Community Facilities District currently encompasses over 286 Net Taxable Acres (as defined in the Rate and Method of Apportionment) of the approximately 1,840 gross acres of land within Village One. Approximately twenty acres of land included within the Community Facilities District have been or are expected to be developed for commercial and office uses, and the remainder thereof has been

* Preliminary, subject to change.

or is expected to be developed for residential purposes including approximately 524 apartment units and 1,390 single-family residences.

As of June 30, 2013, there were 1,066 residential units which are all classified as “Village Residential Property” (residential units with a density of more than two units per acre) which had been completed and conveyed to individual home buyers. Additionally, there were 13 parcels of commercial property which were classified as Developed Property for Fiscal Year 2013-14 (meaning building permits had been issued as of June 30, 2013) which have been or are expected to be developed for commercial and office uses, and 5 parcels of multifamily housing including 3 Apartment Units which were classified as Developed Property for Fiscal Year 2013-14 (meaning building permits had been issued as of June 30, 2013). As of June 30, 2013 there were 337 parcels of Undeveloped Property (all but five of which were within a Final Map) and one parcel of taxable public property. See “THE COMMUNITY FACILITIES DISTRICT” for more information concerning the Community Facilities District.

Formation Proceedings. The Community Facilities District was formed on April 6, 2004. The Bonds are being issued pursuant to the Act and the Indenture. The Act was enacted by the State of California (the “State”) legislature to provide an alternative method of financing certain public capital facilities and services, especially in developing areas of the State. Any local agency (as defined in the Act) may establish a community facilities district to provide for and finance the cost of eligible public facilities and services. Generally, the legislative body of the local agency which forms a community facilities district acts on behalf of such district as its legislative body. Subject to approval by two-thirds of the votes cast at an election and compliance with the other provisions of the Act, a legislative body of a local agency may issue bonds for a community facilities district and may levy and collect a special tax within such district to repay such indebtedness.

Pursuant to the Act, on March 2, 2004, the City Council of the City of Modesto (the “City Council”), adopted Resolution No. 2004-127, stating its intention to form the Community Facilities District and to authorize the levy of a special tax on the taxable property within the Community Facilities District, and Resolution No. 2004-128, stating its intention to incur bonded indebtedness in an aggregate principal amount not to exceed \$75,000,000 within the Community Facilities District for the purpose of financing the design, construction, expansion, acquisition, leasing and rehabilitation of certain public facilities within or serving the Community Facilities District. Subsequent to a noticed public hearing on April 6, 2004, the City Council adopted Resolution No. 2004-199 (the “Resolution of Formation”) which established the Community Facilities District and authorized the levy of a special tax within the Community Facilities District, and Resolution No. 2004-200 (“Resolution to Incur Bonded Indebtedness”) which determined the necessity to incur bonded indebtedness in an amount not to exceed \$75,000,000 within the Community Facilities District, called an election within the Community Facilities District on the proposition of incurring bonded indebtedness, levying a special tax and setting an appropriations limit.

On April 6, 2004, an election was held within the Community Facilities District in which the landowners eligible to vote approved the proposition authorizing the issuance of bonds in an amount not to exceed \$75,000,000 to finance the design, construction, expansion, acquisition, leasing and rehabilitation of certain public facilities within or serving the Community Facilities District, the levying of the special taxes and the appropriations limit of \$75,000,000. On April 6, 2004, the City Council, acting as the legislative body of the Community Facilities District, adopted Ordinance No. 3392-C.S. (the “Ordinance”) which provides for the rate and method of apportionment (the “Rate and Method”) and levying of the Special Tax. On April 16, 2004, a Notice of Special Tax Lien was recorded in the office of County Recorder of the County of Stanislaus (the “County”) for the Community Facilities District, which was subsequently amended with each of 17 annexations to the Community Facilities District.

Pursuant to the Act, the seven members of the City Council now act as the legislative body for the Community Facilities District. Community Facilities District administrative services are provided by the City’s staff.

The Bonds are being issued and delivered pursuant to the provisions of the Act and the Indenture. The Bonds are being sold pursuant to a Bond Purchase Agreement between Stifel, Nicolaus & Company, Incorporated, as underwriter (the “Underwriter”) and the Community Facilities District. For more complete information, see “THE BONDS — General Provisions” herein.

Forward Looking Statements

Certain statements included or incorporated by reference in this Official Statement constitute “forward-looking statements” within the meaning of the United States Private Securities Litigation Reform Act of 1995, Section 21E of the United States Securities Exchange Act of 1934, as amended, and Section 27A of the United States Securities Act of 1933, as amended. Such statements are generally identifiable by the terminology used such as “plan,” “expect,” “estimate,” “project,” “budget” or similar words. Such forward-looking statements include, but are not limited to certain statements contained in the information under the captions “THE COMMUNITY FACILITIES DISTRICT.”

THE ACHIEVEMENT OF CERTAIN RESULTS OR OTHER EXPECTATIONS CONTAINED IN SUCH FORWARD-LOOKING STATEMENTS INVOLVE KNOWN AND UNKNOWN RISKS, UNCERTAINTIES AND OTHER FACTORS WHICH MAY CAUSE ACTUAL RESULTS, PERFORMANCE OR ACHIEVEMENTS DESCRIBED TO BE MATERIALLY DIFFERENT FROM ANY FUTURE RESULTS, PERFORMANCE OR ACHIEVEMENTS EXPRESSED OR IMPLIED BY SUCH FORWARD-LOOKING STATEMENTS. THE COMMUNITY FACILITIES DISTRICT DOES NOT PLAN TO ISSUE ANY UPDATES OR REVISIONS TO THE FORWARD-LOOKING STATEMENTS SET FORTH IN THIS OFFICIAL STATEMENT.

Sources of Payment for the Bonds

As used in this Official Statement, the term “Special Tax” means the “Annual Facilities Special Tax,” as defined in the Rate and Method, which has been authorized to be levied against certain property within the Community Facilities District pursuant to the Act and in accordance with the Rate and Method, and does not include the Annual Maintenance Special Tax (as defined in the Rate and Method) or the One-Time Facilities Special Tax (as defined in the Rate and Method). See APPENDIX A — “RATE AND METHOD OF APPORTIONMENT OF SPECIAL TAX” herein.

Under the Indenture, the principal of and interest on the Bonds are payable from Net Special Taxes and all amounts in the Special Tax Fund (including the Debt Service Account, the Principal Account and the Reserve Account) established under the Indenture. The “Net Special Taxes” are the Special Tax proceeds, including all proceeds from foreclosure sales for delinquent Special Taxes, remaining after payment of the Administrative Expenses up to the Administrative Expenses Cap, which is \$45,000 per fiscal year escalating two percent (2%) each Fiscal Year beginning in Fiscal Year 2014-15 (the “Administrative Expenses Cap”). The Bonds are secured only by the Net Special Taxes collected within the Community Facilities District. Amounts in the Administration Fund, Rebate Fund and the Surplus Fund are not pledged to the repayment of the Bonds. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS — Special Taxes.”

The Special Taxes are expected to be included on the regular property tax bills sent to the record owners of property within the Community Facilities District. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS —Special Taxes.” In the event of certain specified delinquencies in the payment of the Special Tax, the Community Facilities District has covenanted that it will commence and pursue judicial foreclosure proceedings with respect to delinquent Special Taxes under the circumstances described herein. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS — Covenant for Superior Court Foreclosure.”

NEITHER THE FAITH AND CREDIT NOR THE TAXING POWER OF THE CITY, THE COUNTY OF STANISLAUS, THE STATE OF CALIFORNIA OR ANY POLITICAL SUBDIVISION

THEREOF IS PLEDGED TO THE PAYMENT OF THE BONDS. EXCEPT FOR THE NET SPECIAL TAXES, NO OTHER REVENUES OR TAXES ARE PLEDGED TO THE PAYMENT OF THE BONDS. THE BONDS ARE NOT GENERAL OR SPECIAL OBLIGATIONS OF THE CITY NOR GENERAL OBLIGATIONS OF THE COMMUNITY FACILITIES DISTRICT BUT ARE LIMITED OBLIGATIONS OF THE COMMUNITY FACILITIES DISTRICT PAYABLE SOLELY FROM NET SPECIAL TAXES AND OTHER AMOUNTS HELD UNDER THE INDENTURE AS MORE FULLY DESCRIBED HEREIN.

The Net Special Taxes are the primary security for the repayment of the Bonds. In the event that the Special Taxes are not paid when due, the only sources of funds available to pay the debt service on the Bonds are amounts held by the Trustee in certain funds under the Indenture, including amounts held in the Reserve Account of the Special Tax Fund. The Community Facilities District has covenanted for the benefit of the owners of the Bonds that it will, under certain circumstances described herein, commence, or cause to be commenced, and diligently prosecute to judgment (unless the delinquency is brought current), judicial foreclosure proceedings against assessor's parcels with delinquent Special Taxes. See "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS — Covenant for Superior Court Foreclosure" herein."

The Community Facilities District has covenanted not to issue additional indebtedness secured by the Special Taxes on a parity basis to the lien of the Bonds, except for bonds issued for the purpose of refunding all or a portion of outstanding Bonds or parity bonds. See "THE BONDS — Issuance of Additional Bonds for Refunding Only" herein. Other taxes and/or special assessments with liens equal in priority to the continuing lien of the Special Taxes may also be levied on the property within the Community Facilities District. See "SPECIAL RISK FACTORS — Parity Taxes and Special Assessments" herein.

EXCEPT FOR THE NET SPECIAL TAXES, NO OTHER TAXES ARE PLEDGED TO THE PAYMENT OF THE BONDS.

Description of the Bonds

The Bonds will be issued and delivered as fully-registered Bonds, registered in the name of Cede & Co. as nominee of The Depository Trust Company, New York, New York ("DTC"), and will be available to actual purchasers of the Bonds (the "Beneficial Owners") in the denominations of \$5,000 or any integral multiple thereof, under the book-entry system maintained by DTC, only through brokers and dealers who are or act through DTC Participants as described herein. Beneficial Owners will not be entitled to receive physical delivery of the Bonds. In the event that the book-entry-only system described herein is no longer used with respect to the Bonds, the Bonds will be registered and transferred in accordance with the Indenture. See APPENDIX F — "BOOK-ENTRY-ONLY SYSTEM."

Principal of, premium, if any, and interest on the Bonds is payable by the Trustee to DTC. Disbursement of such payments to DTC Participants is the responsibility of DTC and disbursement of such payments to the Beneficial Owners is the responsibility of DTC Participants. See APPENDIX F — "BOOK-ENTRY-ONLY SYSTEM."

The Bonds are subject to optional redemption, special mandatory redemption from Special Tax prepayments and mandatory sinking fund redemption as described herein. For a more complete descriptions of the Bonds and the basic documentation pursuant to which the Bonds are being sold and delivered, see "THE BONDS" and APPENDIX D — "SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE" herein.

Tax Exemption

In the opinion of Stradling Yocca Carlson & Rauth, a Professional Corporation, Newport Beach, California ("Bond Counsel"), under existing statutes, regulations, rulings and judicial decisions, and assuming certain representations and compliance with certain covenants and requirements described herein, interest on the Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference

for purposes of calculating the federal alternative minimum tax imposed on individuals and corporations. In the further opinion of Bond Counsel, interest on the Bonds is exempt from State of California personal income tax. See “TAX EXEMPTION” herein.

Set forth in APPENDIX B is the opinion of Bond Counsel expected to be delivered in connection with the issuance of the Bonds. For a more complete discussion of such opinion and certain other tax consequences incidental to the ownership of the Bonds, including certain exceptions to the tax treatment of interest, see “TAX EXEMPTION” herein.

See “CONTINUING DISCLOSURE” herein and APPENDIX E hereto for a description of the specific nature of the annual reports to be filed by the Community Facilities District and notices of listed events to be provided by the Community Facilities District. In connection with certain obligations, the City failed to file required notices of rating downgrades with respect to certain insured obligations and failed to timely file certain of its audited financial statements for certain obligations. Additionally, in connection with the City’s 2006 wastewater revenue bonds, the City failed to file a required notice of a ratings increase. Other than as disclosed in this Official Statement, within the last five years, neither the City nor the Community Facilities District has failed to timely comply with their prior continuing disclosure obligations under Rule 15c2-12(b)(5) in all material respects. See “CONTINUING DISCLOSURE.”

Bond Insurance

The Community Facilities District has applied for municipal bond insurance with respect to the Bonds from Assured Guaranty Municipal Corp. (“AGM”). The decision whether to purchase municipal bond insurance from AGM for some or all maturities of the Bonds will be made at pricing based on market conditions at that time.

Bond Owners’ Risks

Certain events could affect the ability of the Community Facilities District to pay the principal of and interest on the Bonds when due. See the section of this Official Statement entitled “SPECIAL RISK

FACTORS” for a discussion of certain factors which should be considered, in addition to other matters set forth herein, in evaluating an investment in the Bonds. Redemption of the Bonds

Optional Redemption.* The Bonds maturing on or before September 1, 2024 are not subject to optional redemption. The Bonds maturing after September 1, 2024 are subject to call and redemption, at the option of the Community Facilities District, from any available source of funds prior to their stated maturity on any date on or after September 1, 2024, as a whole or in part, and by lot, at a redemption price equal to the principal amount to be redeemed, together with accrued interest to the date of redemption, without premium.

* Preliminary, subject to change.

Mandatory Sinking Fund Redemption. The Term Bonds maturing on September 1, 20__ (the “20__ Term Bonds”) will be called before maturity and redeemed, from the Sinking Fund Payments that have been deposited into the Redemption Account established by the Trust Indenture, on September 1, 20__, and on each September 1 thereafter prior to maturity, in accordance with the schedule of Sinking Fund Payments set forth below. The 20__ Term Bonds so called for redemption will be selected by the Trustee by lot and will be redeemed at a redemption price for each redeemed 20__ Term Bond equal to the principal amount thereof, plus accrued interest to the redemption date, without premium, as follows:

Term Bonds Due on September 1, 20__

<i>Year (September 1)</i>	<i>Mandatory Sinking Fund Redemption Amount</i>
-------------------------------	---

(Maturity)

In the event the Community Facilities District elects to redeem Bonds, the Community Facilities District is required to provide written notice to the Trustee of its election so to redeem, the redemption date and the principal amount of the Bonds to be redeemed. The notice to the Trustee must be given at least 35 but no more than 60 days prior to the redemption date or such shorter period as will be acceptable to the Trustee, provided that such notice of redemption may state that redemption is contingent upon the availability of refunding bond proceeds for such purpose.

Special Mandatory Redemption from Special Tax Prepayments.* The Bonds are subject to special mandatory redemption as a whole, or in part, on a pro rata basis among maturities, on any Interest Payment Date, and will be redeemed by the Trustee, from Special Tax Prepayments deposited to the Redemption Account plus amounts transferred from the Reserve Account (see “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS — Reserve Account”), at the following redemption prices expressed as a percentage of the principal amount to be redeemed, together with accrued interest to the date of redemption:

<i>Redemption Dates</i>	<i>Redemption Price</i>
Any Interest Payment Date through March 1, 2022	103%
September 1, 2022 and March 1, 2023	102
September 1, 2023 and March 1, 2024	101
September 1, 2024 and any Interest Payment Date thereafter	100

Special Tax Prepayments and amounts released from the Reserve Account in connection with Special Tax Prepayments will be allocated to the redemption of the Bonds as nearly as practicable on a proportionate basis based on the outstanding principal amount of the Bonds.

Purchase of Bonds. In lieu of payment at maturity or redemption, moneys in the Special Tax Fund may be used and withdrawn by the Trustee for purchase of Outstanding Bonds, upon the filing with the Trustee of an Officer’s Certificate requesting such purchase, at a public or private sale as and when, and at such prices (including brokerage and other charges) as such Officer’s Certificate may provide, but in no event will Bonds be purchased at a price in excess of the principal amount thereof, plus interest accrued to the date of purchase and any premium which would otherwise be due if the Bonds were to be redeemed in accordance with the Indenture.

* Preliminary, subject to change.

Selection of Bonds for Redemption

If less than all of the Outstanding Bonds are to be redeemed (except with respect to mandatory sinking fund redemption in which case selection shall be by lot), the Trustee shall select Bonds pro rata among maturities and by lot within a maturity. The portion of any Bond of a denomination of more than \$5,000 to be redeemed shall be in the principal amount of \$5,000 or an integral multiple thereof, and, in selecting portions of such Bonds for redemption, the Trustee shall treat each such Bond as representing that number of Bonds of \$5,000 denominations which is obtained by dividing the principal amount of such Bond to be redeemed in part by \$5,000. The Trustee shall promptly notify the Community Facilities District in writing of the Bonds, or portions thereof, selected for redemption.

Notice of Redemption

Notice of redemption, containing the information required by the Indenture, will be given by the Trustee in the name of the Community Facilities District at least 30 but not more than 60 days prior to the redemption date; provided that such notice of redemption may state that redemption is contingent upon the availability of refunding bond proceeds for such purpose. The Indenture requires that the notice of redemption (a) specify the serial numbers and the maturity date or dates of the Bonds selected for redemption, except that where all the Bonds subject to redemption, or all the Bonds of one maturity, are to be redeemed, the serial numbers thereof need not be specified; (b) state the date fixed for redemption and surrender of the Bonds to be redeemed; (c) state the redemption price; (d) state the place or places where the Bonds are to be surrendered for redemption; and (e) in the case of Bonds to be redeemed only in part, state the portion of such Bond which is to be redeemed. The redemption notice will further state that on the specified date there shall become due and payable on each Bond or portion thereof called for redemption, the principal thereof, together with any premium, and interest accrued to the redemption date and that from and after such date, interest thereon shall cease to accrue and be payable. The redemption notice shall also be sent to EMMA.

With respect to any notice of optional redemption of Bonds, such notice may state that such redemption shall be conditional upon the receipt by the Trustee on or prior to the date fixed for such redemption of moneys sufficient to pay the principal of, premium, if any, and interest on such Bonds to be redeemed and that, if such moneys shall not have been so received, said notice shall be of no force and effect and the Trustee shall not be required to redeem such Bonds. In the event that such notice of redemption contains such a condition and such moneys are not so received, the redemption shall not be made, and the Trustee shall within a reasonable time thereafter give notice, in the manner in which the notice of redemption was given, that such moneys were not so received.

Neither the failure to receive such notice nor any defect therein will affect the validity of the proceedings for the redemption of such Bonds or the cessation of interest on the redemption date. From and after the redemption date, the Bonds, or portions thereof so designated for redemption, shall be deemed to be no longer outstanding and such Bonds or portions thereof will cease to bear further interest.

In addition, no owner of any of the Bonds or portions thereof so designated for redemption shall be entitled to any of the benefits of the Indenture, or to any other rights, except with respect to payment of the redemption price and interest accrued to the redemption date from the amounts made available to the Trustee.

Registration of Exchange or Transfer

Upon cessation of the book-entry system, the registration of any Bond may, in accordance with its terms, be transferred upon the Bond Register by the person in whose name it is registered, in person or by his or her duly authorized attorney, upon surrender of such Bond for cancellation at the corporate trust office of the Trustee, accompanied by delivery of a written instrument of transfer in a form approved by the Trustee and duly executed by the Bondowner or his or her duly authorized attorney. Bonds may be exchanged at said corporate trust office of the Trustee for a like aggregate principal amount of Bonds of other authorized

denominations of the same maturity. The Trustee will not collect from the Owner any charge for any new Bond issued upon any transfer or exchange but will require the Bondowner requesting such transfer or exchange to pay any tax or other governmental charge required to be paid with respect to such transfer or exchange. Whenever any Bond shall be surrendered for registration of transfer or exchange, the Community Facilities District shall execute and the Trustee shall authenticate and deliver a new Bond or Bonds of the same maturity, for a like aggregate principal amount; provided that the Trustee shall not be required to register transfers or make exchanges of (i) Bonds for a period of 15 days next preceding the date of any selection of the Bonds to be redeemed, or (ii) any Bonds chosen for redemption.

Issuance of Additional Bonds for Refunding Only

The Community Facilities District may issue bonds secured by Net Special Taxes on a parity with the Bonds at any time, without the consent of the Bondowners, for the purpose of refunding all or a portion of the Outstanding Bonds (“Parity Bonds”). However, the Community Facilities District will not issue any additional bonds to finance additional public facilities.

SECURITY AND SOURCES OF PAYMENT FOR THE BONDS

The Bonds will be secured by a pledge of the Net Special Taxes and all moneys deposited in the Special Tax Fund. The Bonds are not secured by moneys on deposit in the Rebate Fund, the Administrative Fund or the Surplus Fund.

The Indenture defines the term “Net Special Taxes” to mean, for each fiscal year, Gross Taxes (exclusive of any penalties and interest accruing with respect to delinquent Special Tax installments) minus amounts (not in excess of the then current Administrative Expense Cap) set aside to pay Administrative Expenses and minus also the portion of any Prepayment that is not required to be deposited in the Special Tax Fund. “Gross Taxes” is defined by the Indenture to mean the amount of all Special Taxes received by the Community Facilities District, together with proceeds collected from the sale of property pursuant to the foreclosure provisions of the Trust Indenture for the delinquency of Special Taxes remaining after the payment of all of the costs related to such foreclosure actions, including, but not limited to, all legal fees and expenses, court costs, consultant and title insurance fees and expenses. The Indenture defined the term “Special Taxes” to mean the Annual Facilities Special Tax (as defined in the Rate and Method of Apportionment); accordingly, “Special Taxes” do not include the one time special tax authorized to be levied in connection with the issuance of a building permit for property within the Community Facilities District or the annual special tax authorized to be levied to provide maintenance services. The Administrative Expense Cap for the Community Facilities District is \$45,000 for fiscal year 2013-14, but it can be increased by up to 2% per year. See APPENDIX D — “SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE — Definitions.”

The Special Tax is exempt from the tax rate limitation of California Constitution Article XIII A pursuant to Section 4 thereof because it constitutes a “special tax” authorized by a two-thirds vote of the qualified electors in the Community Facilities District. Consequently, the Community Facilities District is legally authorized and has covenanted in the Trust Indenture to levy the Special Tax pursuant to the Rate and Method of Apportionment in amounts which will be sufficient after making reasonable allowances for delinquencies, contingencies and errors in the estimates to yield proceeds equal to the amounts required for compliance with the agreements, conditions, covenants and terms contained in the Indenture. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS —Special Taxes” below. The Rate and Method of Apportionment apportions the total amount of the Special Tax to be collected among the taxable parcels in the Community Facilities District as more particularly described herein. See “—Special Taxes—*Rate and Method of Apportionment of Special Tax,*” and “THE COMMUNITY FACILITIES DISTRICT” and APPENDIX A — “RATE AND METHOD OF APPORTIONMENT OF SPECIAL TAX.”

Although the Special Tax will be levied against taxable parcels within the Community Facilities District, it does not constitute a personal indebtedness of the respective property owners. There is no assurance

that the property owners will be financially able to pay the annual Special Tax or that they will pay it even if financially able to do so. See “SPECIAL RISK FACTORS” herein.

NEITHER THE FAITH AND CREDIT NOR THE TAXING POWER OF THE CITY, THE COUNTY OF STANISLAUS, THE STATE OF CALIFORNIA OR ANY POLITICAL SUBDIVISION THEREOF IS PLEDGED TO THE PAYMENT OF THE BONDS. EXCEPT FOR THE NET SPECIAL TAXES, NO OTHER REVENUES OR TAXES ARE PLEDGED TO THE PAYMENT OF THE BONDS. THE BONDS ARE NOT GENERAL OR SPECIAL OBLIGATIONS OF THE CITY NOR GENERAL OBLIGATIONS OF THE COMMUNITY FACILITIES DISTRICT BUT ARE LIMITED OBLIGATIONS OF THE COMMUNITY FACILITIES DISTRICT PAYABLE SOLELY FROM NET SPECIAL TAXES AND OTHER AMOUNTS HELD UNDER THE INDENTURE AS MORE FULLY DESCRIBED HEREIN.

Special Taxes

General.

In accordance with the provisions of the Act, the City Council established the Community Facilities District on April 6, 2004 for the purpose of financing the design, construction, expansion, acquisition, leasing and rehabilitation of certain public facilities within or serving the Community Facilities District, as provided in the Resolution of Formation. The Resolution of Formation and the Resolution to Incur Bonded Indebtedness authorized the Community Facilities District to submit a proposition to the qualified electors of the Community Facilities District to authorize the issuance of an aggregate principal amount of bonds not to exceed \$75,000,000 and the annual levy and collection of the Special Tax pursuant to the terms and conditions of the Act. The levy of the Special Tax and the Rate and Method were approved by the qualified electors within the Community Facilities District on April 6, 2004. On April 6, 2004, the City Council, acting as the legislative body of the Community Facilities District, adopted the Ordinance which provides for the levying of the Special Tax. The Rate and Method approved by the City Council and the qualified electors is set forth in Appendix A hereto.

The Special Tax applicable to each parcel of Taxable Property (as defined in the Rate and Method of Apportionment) within the Community Facilities District each Fiscal Year is required to be calculated pursuant to the Rate and Method of Apportionment and varies depending upon a parcel’s Tax Zone, Expected Land Use and Net Taxable Acreage (each as defined in the Rate and Method of Apportionment). See APPENDIX A — “RATE AND METHOD OF APPORTIONMENT OF SPECIAL TAX.”

The Special Tax is expected to be collected by the County at the same time and in the same manner as general *ad valorem* property taxes. The Indenture requires that the Community Facilities District transfer to the Trustee no later than the last day of each month during which the Special Taxes are received by the Community Facilities District for deposit in the Special Tax Fund all the Special Taxes received by the Community Facilities District, provided that a Prepayment of the Special Tax is required to be deposited directly the Redemption Account of the Special Tax Fund (see APPENDIX D — “SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE — Creation of Funds and Application of Revenues and Gross Taxes – Redemption Account of the Special Tax Fund”).

Notwithstanding the foregoing, the Special Taxes levied in any Fiscal Year may not exceed the maximum rates authorized pursuant to the Rate and Method for the Community Facilities District. See APPENDIX A — “RATE AND METHOD OF APPORTIONMENT OF SPECIAL TAX” hereto. There is no assurance that the Special Tax proceeds will, in all circumstances, be adequate to pay the principal of and interest on the Bonds when due. See “SPECIAL RISK FACTORS — Insufficiency of Special Taxes.”

Rate and Method of Apportionment of Special Tax.

The Community Facilities District is legally authorized and has covenanted to cause the levy of the Special Taxes in an amount determined according to the Rate and Method, which the City Council and the qualified electors of the Community Facilities District have approved. The Rate and Method apportions the total amount of Special Taxes to be collected among the taxable parcels in the Community Facilities District as more particularly described herein. The Community Facilities District adopted the Rate and Method following public hearings and elections conducted pursuant to the provisions of the Act. The full text of the Rate and Method is set forth in Appendix A hereto.

The Rate and Method of Apportionment is contained in APPENDIX A — “RATE AND METHOD OF APPORTIONMENT OF SPECIAL TAX.” Capitalized terms that are used in the discussion under this caption and not otherwise defined herein shall have the respective meanings ascribed to them in the Rate and Method of Apportionment. In general, the Rate and Method of Apportionment imposes a different Maximum Annual Facilities Special Tax on Taxable Property within the Community Facilities District depending upon which Tax Zone it is located in, its status as Developed Property, Undeveloped Property or Taxable Public Property, its Land Use Class and its Net Taxable Acreage. For Fiscal Year 2013-14 the Per Acre Maximum Annual Facilities Special Tax for Tax Zone 1 and Tax Zone 2 is approximately \$4,203.14 per Net Taxable Acre for Low Density Residential Property, approximately \$7,654.57 per Net Taxable Acre for Village Residential Property, approximately \$8,630.96 per Net Taxable Acre for Multi-Family Property, approximately \$4,266.48 per Net Taxable Acre for Commercial Property and approximately \$3,047.49 per Net Taxable Acre for Industrial Property. Each Fiscal Year the Maximum Annual Facilities Special Tax escalates by 2% of the amount in effect in the prior Fiscal Year.

The Rate and Method of Apportionment defines “Net Taxable Acreage” as “. . . the total acreage within a Final Map or parcel less arterial road right-of-ways [sic] and property that is defined in the Final Map for use as a park site, school site, or city owned or CFD owned storm drain basin.” Thus, for purposes of the Rate and Method of Apportionment, the Net Taxable Acreage of a parcel will be deemed to include areas that are in addition to the actual net area of the parcel.

Pursuant to the Rate and Method of Apportionment, the Administrator is required to determine the “Annual Facilities Special Tax Requirement” for the Community Facilities District for each Fiscal Year. The Annual Facilities Special Tax Requirement for the Community Facilities District is the amount necessary in any Fiscal Year: (i) to pay principal of and interest on Bonds, (ii) to pay administrative expenses of the Community Facilities District that have not been included in the Annual Maintenance Special Tax Requirement for the Fiscal Year, (iii) to create or replenish the Reserve Account, (iv) to cure any delinquencies in the payment of principal of or interest on Bonds which have occurred in the prior Fiscal Year or (based on delinquencies in the payment of the Annual Facilities Special Taxes which have already taken place) are expected to occur in the Fiscal Year in which the tax will be collected, and (v) to pay construction expenses to be funded directly from Annual Facility Special Tax proceeds. The amounts referred to in clauses (i) and (iii) of the preceding sentence may be reduced in any Fiscal Year by: (a) interest earnings on or surplus balances in funds and accounts for the Bonds to the extent that such earnings or balances are available to apply against debt service pursuant to the Trust Indenture, (b) proceeds received by the Community Facilities District from the collection of penalties associated with delinquent Annual Facilities Special Taxes and (c) any other revenues available to pay debt service on the Bonds as determined by the Administrator.

The Annual Facilities Special Tax Requirement is to be satisfied first by levying the Annual Facilities Special Tax Proportionately on each Parcel of Developed Property within the Community Facilities District at up to 100% of the applicable Maximum Annual Facilities Special Tax. If additional moneys are needed to satisfy the Annual Facilities Special Tax Requirement, and after applying any available Capitalized Interest to the Annual Facilities Special Tax Requirement, the Annual Facilities Special Tax shall be levied proportionately on each Parcel of Undeveloped Property at up to 100% of the Maximum Annual Facilities Special Tax for Undeveloped Property. Finally, any additional amounts required in order to satisfy the Annual

Facilities Special Tax Requirement shall be raised by the levy of the Annual Facilities Special Tax Proportionately on each Parcel of Taxable Public Property at up to 100% of the Maximum Annual Facilities Special Tax for Taxable Public Property.

Notwithstanding the above, under no circumstances will the Special Tax levied against any Parcel within the Community Facilities District that is used for private residential purposes be increased by more than 10% per Fiscal Year as a consequence of a delinquency or default by the owner of any other Parcel within the Community Facilities District.

UNDER NO CIRCUMSTANCES MAY THE SPECIAL TAX ON ANY ASSESSOR'S PARCEL EXCEED THE MAXIMUM RATES AS SET FORTH IN APPENDIX A HERETO. See APPENDIX A — "RATE AND METHOD OF APPORTIONMENT OF SPECIAL TAX" hereto.

In connection with the issuance of the Bonds, Goodwin Consulting Group, Inc., the Community Facilities District's Special Tax Consultant, will certify that the Maximum Special Tax that may be levied on assessor's parcels of Developed Property and Undeveloped Property within the Community Facilities District will be at least equal to 110% of maximum annual debt service on the Bonds plus the Administrative Expense Cap. Actual collections of the Special Tax will depend on the amount of Special Tax delinquencies.

Under the Rate and Method, the owner of a parcel may voluntarily prepay the Special Tax obligation for a parcel in whole or in part. Any voluntary prepayment of Special Taxes will result in a special mandatory redemption of the Bonds. See "THE BONDS — Redemption of the Bonds — *Special Mandatory Redemption from Special Tax Prepayments.*"

Although the Special Taxes will constitute liens on taxed parcels within the Community Facilities District, such taxes do not constitute a personal indebtedness of the owners of property within the Community Facilities District. Moreover, other liens for taxes and assessments already exist on the property located within the Community Facilities District and others could come into existence in the future in certain situations without the consent or knowledge of the Community Facilities District or the landowners therein. See "SPECIAL RISK FACTORS — Parity Taxes and Special Assessments" herein. There is no assurance that the property owners in the Community Facilities District will be financially able to pay the annual Special Taxes or that they will pay such taxes even if financially able to do so. See the portion of this Official Statement entitled "SPECIAL RISK FACTORS."

10% Limitation on Increases in the Special Tax Levy as a Result of Delinquencies. Section 53321 of the Act states that under no circumstances will the Special Tax levied in any fiscal year against any parcel used for private residential purposes (parcels are considered "used for private residential purposes" on the date that an occupancy permit for private residential use is issued) be increased as a consequence of delinquency or default by more than 10% above the amount that would have been levied in that fiscal year had there never been any such delinquencies or defaults. Therefore, even though the maximum Special Tax rates may allow for Special Tax increases greater than 10%, in the event of high delinquencies in the Community Facilities District, the Community Facilities District could not increase the Special Taxes in the fiscal year following such delinquencies by more than 10% on the residential units. See "SPECIAL RISK FACTORS — Insufficiency of Special Taxes."

Covenant Not to Reduce Special Tax Rates Unless Certain Conditions are Met

The Community Facilities District has covenanted in the Indenture that it will not take any actions that would discontinue or cause the discontinuance of the Special Tax levy or the Community Facilities District's authority to levy the Special Tax so long as the Bonds are Outstanding, including the initiation of proceedings under the Act to reduce the maximum Special Tax rates on then existing Developed Property below the amounts which are necessary to pay Administrative Expenses and to provide Special Taxes in an amount equal to 110% of annual debt service on the Outstanding Bonds. The Community Facilities District has further

covenanted that in the event an initiative is adopted which purports to reduce maximum Special Tax rates or to limit the power of the Community Facilities District to levy Special Taxes for the purposes set forth above, it will commence and pursue legal action seeking to preserve its ability to comply with its covenants. There are no California court cases interpreting the enforceability of the foregoing covenants in light of Article XIII C. See “SPECIAL RISK FACTORS — Proposition 218.”

Existing Liens

The lots within the Community Facilities District are subject to additional indebtedness as set forth under the heading “THE COMMUNITY FACILITIES DISTRICT — Direct and Overlapping Indebtedness” herein.

The lien for the Special Taxes is co-equal to the lien for the overlapping assessments and special taxes and the lien for general property taxes. See “THE COMMUNITY FACILITIES DISTRICT — Direct and Overlapping Indebtedness.”

Except as disclosed in this Official Statement, the Community Facilities District is unaware of any present or contemplated assessment district or community facilities district that includes property within the Community Facilities District. The Community Facilities District has no control, and the City has only limited control, over the amount of additional indebtedness that may be issued in the future by other public agencies, the payment of which, through the levy of a tax or an assessment, will be on a parity with the Special Taxes.

No Obligation of the City Upon Delinquency

The City is under no obligation to transfer any funds of the City into the Special Tax Fund for payment of the principal of or interest on the Bonds if a delinquency occurs in the payment of any Special Taxes. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS — Covenant for Superior Court Foreclosure” for a discussion of the Community Facilities District’s obligation to foreclosure Special Tax liens upon delinquencies.

Covenant for Superior Court Foreclosure

Pursuant to Section 53356.1 of the Act, the Community Facilities District covenants in the Indenture with and for the benefit of the Bondowners that it will order, and cause to be commenced, on or before October 1 of the Fiscal Year immediately following the Fiscal Year in which a delinquency in the payment of a Special Tax occurs, and thereafter diligently prosecute to judgment (unless such delinquency is theretofore brought current), an action in the superior court to foreclose the lien of any Special Tax or installment thereof not paid when due, provided that the Community Facilities District need not commence or pursue such proceedings with respect to any property owned by a single property owner who is delinquent in the payment of Special Taxes in an amount less than \$5,000 if both (i) the aggregate amount of such delinquent Special Taxes does not exceed 5% of the total Special Taxes due and payable for the Fiscal Year in question (ii) the balance on deposit in the Reserve Account of the Special Tax Fund is not less than the Reserve Requirement.

Pursuant to the Act, the Community Facilities District may waive delinquency penalties and redemption penalties if it determines that (i) the waivers shall apply only to parcels delinquent at the time of the determination, (ii) the waivers shall only be available with respect to parcels for which all past due and currently due Special Tax and all other costs are paid in full within a limited period of time specified in the determination, (iii) the waivers shall be available only with respect to parcels sold or otherwise transferred to new owners unrelated to the owner responsible for the delinquency, and (iv) the waivers are in the best interest of the Owners of the Bonds.

In the event foreclosure or foreclosures are necessary, there may be a delay in payments to Bondowners pending prosecution of the foreclosure proceedings and receipt by the Community Facilities

District of the proceeds of the foreclosure sale; it is also possible that no bid for the purchase price or applicable property would be received at the foreclosure sale. See “SPECIAL RISK FACTORS —Bankruptcy and Foreclosure.” Notwithstanding any other provision of the Trust Indenture, the City is not obligated to advance available funds from the City’s treasury to cure any deficiency in the Special Tax Fund.

Reserve Account

In order to further secure the payment of principal of and interest on the Bonds, upon delivery of the Bonds, the Community Facilities District will deposit in the Reserve Account such amount equal to the Reserve Requirement with respect to the Bonds. Thereafter, the Community Facilities District is required, subject to the limits on the levy of the Special Tax, to deposit and to maintain the Reserve Requirement in the Reserve Account at all times while any of the Bonds are outstanding. The Reserve Requirement for the Bonds is defined as the amount equal to the lowest of: (i) 10% of the original proceeds of the Bonds; (ii) maximum annual principal and interest requirements on all Bonds outstanding or (iii) 125% of the average annual principal and interest requirements on all Bonds outstanding. See APPENDIX D — “SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE” herein. Subject to the limits on the maximum annual Special Tax which may be levied within the Community Facilities District, as described in APPENDIX A, the Community Facilities District has covenanted to levy Special Taxes in an amount that is anticipated to be sufficient, in light of the other intended uses of the Special Tax proceeds, to maintain the balance in the Reserve Account at the Reserve Requirement while any Bonds are outstanding. Amounts in the Reserve Account are to be applied to the payment of (i) redemption of the Bonds in whole or in part, (ii) debt service on the Bonds to the extent other moneys are not available therefor, and (iii) the principal and interest due on the final maturity of the Bonds. In addition, moneys in the Reserve Account may be used to make any required transfer to the Rebate Fund. In the event of a prepayment of Special Taxes, under certain circumstances, a portion of the Reserve Account will be added to the amount being prepaid and be applied to redeem Bonds; provided, however, that no such transfer shall be made if it would result in the amount in the Reserve Account being less than the Reserve Requirement. See APPENDIX D — “SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE” herein for a description of additional requirements. In no event shall amounts in the Reserve Account be used to pay fees or expenses of the Trustee or its counsel.

Priority of Bonds and Pledge of Net Special Taxes

The Community Facilities District has pledged and assigned to the Trustee all Net Special Taxes (Special Taxes remaining after the payment of Administrative Expenses up to the Administrative Expenses Cap) for the payment of principal of, premium, if any, and interest on the Bonds. Pursuant to the Act and the Indenture, the Bonds shall be and are equally secured by a pledge of and lien upon the Net Special Taxes, and certain other amounts on deposit in the Special Tax Fund and the Reserve Account of the Special Tax Fund. So long as any of such Bonds are Outstanding and unpaid, the Net Special Taxes and the interest thereon may be used only as provided in the Indenture unless the Bondowners authorize other uses of such Net Special Taxes pursuant to the provisions of the Indenture. Nothing in the Indenture or in any Supplemental Indenture shall preclude the redemption prior to maturity of any Bonds subject to call and redemption or the payment of the Bonds from proceeds of refunding bonds issued under the Act or under any other law of the State.

Amounts in the Rebate Fund, Administration Fund and the Surplus Fund are not pledged to the repayment of the Bonds.

BOND INSURANCE

The information under this caption has been prepared by AGM for inclusion in this Official Statement. Neither the Community Facilities District nor the Underwriter make any representation with respect to the accuracy or completeness thereof. The following information is not a complete summary of the terms of the Policy (as such term is defined below) and reference is made to Appendix G for a specimen of the Policy.

Bond Insurance Policy

Concurrently with the issuance of the Bonds, AGM will issue its Municipal Bond Insurance Policy for the some or all maturities of the Bonds (the “Policy”). The Policy will guarantee the scheduled payment of principal of and interest on some or all maturities of the Bonds when due as set forth in the form of the Policy included as an exhibit to this Official Statement.

The Policy is not covered by any insurance security or guaranty fund established under New York, California, Connecticut or Florida insurance law.

Assured Guaranty Municipal Corp.

AGM is a New York domiciled financial guaranty insurance company and an indirect subsidiary of Assured Guaranty Ltd. (“AGL”), a Bermuda-based holding company whose shares are publicly traded and are listed on the New York Stock Exchange under the symbol “AGO”. AGL, through its operating subsidiaries, provides credit enhancement products to the U.S. and global public finance, infrastructure and structured finance markets. Neither AGL nor any of its shareholders or affiliates, other than AGM, is obligated to pay any debts of AGM or any claims under any insurance policy issued by AGM.

AGM’s financial strength is rated “AA” (stable outlook) by Standard and Poor’s Ratings Services, a Standard & Poor’s Financial Services LLC business (“S&P”) and “A2” (stable outlook) by Moody’s Investors Service, Inc. (“Moody’s”). Each rating of AGM should be evaluated independently. An explanation of the significance of the above ratings may be obtained from the applicable rating agency. The above ratings are not recommendations to buy, sell or hold any security, and such ratings are subject to revision or withdrawal at any time by the rating agencies, including withdrawal initiated at the request of AGM in its sole discretion. In addition, the rating agencies may at any time change AGM’s long-term rating outlooks or place such ratings on a watch list for possible downgrade in the near term. Any downward revision or withdrawal of any of the above ratings, the assignment of a negative outlook to such ratings or the placement of such ratings on a negative watch list may have an adverse effect on the market price of any security guaranteed by AGM. AGM only guarantees scheduled principal and scheduled interest payments payable by the issuer of bonds insured by AGM on the date(s) when such amounts were initially scheduled to become due and payable (subject to and in accordance with the terms of the relevant insurance policy), and does not guarantee the market price or liquidity of the securities it insures, nor does it guarantee that the ratings on such securities will not be revised or withdrawn.

Current Financial Strength Ratings

On July 2, 2014, S&P issued a credit rating report in which it affirmed AGM’s financial strength rating of “AA” (stable outlook). AGM can give no assurance as to any further ratings action that S&P may take.

On July 2, 2014, Moody’s issued a rating action report stating that it had affirmed AGM’s insurance financial strength rating of “A2” (stable outlook). AGM can give no assurance as to any further ratings action that Moody’s may take.

For more information regarding AGM’s financial strength ratings and the risks relating thereto, see AGL’s Annual Report on Form 10-K for the fiscal year ended December 31, 2013.

Capitalization of AGM

At March 31, 2014, AGM’s policyholders’ surplus and contingency reserve were approximately \$3,621 million and its net unearned premium reserve was approximately \$1,869 million. Such amounts represent the combined surplus, contingency reserve and net unearned premium reserve of AGM, of AGM’s

wholly owned subsidiary Assured Guaranty (Europe) Ltd., and 60.7% of AGM's indirect subsidiary Municipal Assurance Corp.; after giving effect to certain intercompany eliminations; each amount of surplus, contingency reserve and net unearned premium reserve for each company was determined in accordance with statutory accounting principles.

THE CITY

The City is located in the northern San Joaquin Valley on State Highway 99, approximately 90 miles southeast of San Francisco, 86 miles east of San Jose and the Silicon Valley industrial area and 316 miles north

of Los Angeles. It has a land area of approximately 36 square miles and an estimated population of over 200,000 people. More detailed economic and demographic information about the City and its surrounding areas is contained in APPENDIX C — “GENERAL INFORMATION CONCERNING THE REGION.” The City Council of the City serves as the legislative body of the Community Facilities District and certain members of the City staff provide services to the Community Facilities District. However, the Bonds are not obligations of the City, and neither the faith and credit nor the taxing power of the City is pledged to the payment of the Bonds.

THE COMMUNITY FACILITIES DISTRICT

General Description of the Community Facilities District

The City Council formed the Community Facilities District under the Act to provide for the financing of public improvements to meet the needs of development in the portion of the City known as “Village One.” The Community Facilities District is part of the City’s plan to provide financing for the infrastructure that will be required in order to support the development of Village One.

Village One is located in the northeastern portion of the City’s urban area and is anticipated to be developed as a pedestrian-oriented, mixed-use planned community. At its ultimate buildout, Village One is expected to include a variety of residential, commercial, and industrial land uses. As a result of annexations subsequent to its formation, the Community Facilities District currently encompasses over 286 Net Special Taxable Acres (as defined in the Rate and Method of Apportionment) of the approximately 1,840 gross acres of land within Village One. Approximately twenty acres of land included within the Community Facilities District have been or are expected to be developed for commercial and office uses, and the remainder thereof has been or is expected to be developed for residential purposes including approximately 524 apartment units and 1,390 single-family residences.

As of June 30, 2013, there were 1,066 residential units which are all classified as “Village Residential Property” (residential units with a density of more than two units per acre) which had been completed and conveyed to individual home buyers. Additionally, there were 13 parcels of commercial property which were classified as Developed Property for Fiscal Year 2013-14 (meaning building permits had been issued as of June 30, 2013) which have been or are expected to be developed for commercial and office uses, and 5 parcels of multifamily housing including 3 Apartment Units which were classified as Developed Property for Fiscal Year 2013-14 (meaning building permits had been issued as of June 30, 2013). As of June 30, 2013 there are 337 parcels of Undeveloped Property (all but five of which were within a Final Map) and one parcel of taxable public property.

The parcels which comprise the Community Facilities District are not contiguous to one another. However, with the exception of one property located on the northeast corner of the Sylvan and Roselle Avenues, the parcels are generally located south of Sylvan Avenue, west of Claus Road, north of Briggsmore Avenue, and east of Oakdale Road. A diagram showing the location of the various parcels within the Community Facilities District is included in APPENDIX A — “RATE AND METHOD OF APPORTIONMENT OF SPECIAL TAX.

Water service to the property within the Community Facilities District is supplied by the City. Water for properties within Village One is provided by ground water from the existing well located at Ustach Park and by surface water from the Tuolumne River. The surface water is treated at the City’s existing surface water treatment plant. Three additional wells have been constructed to serve the area. Sewer service to the property within the Community Facilities District is also provided by the City.

Electricity is supplied by the Modesto Irrigation District, natural gas by Pacific Gas & Electric, telephone services by SBC and public safety services (police and fire) by the City.

Elementary and middle schools for the residents of property within the Community Facilities District are provided by the Sylvan Union School District, and high schools are provided by the Modesto City Schools District. The City's Village One plan states that two elementary schools, two middle schools and a high school will be needed in order to accommodate the student population of Village One at build out. The elementary schools, Freedom Elementary School and the Mary Ann Sanders Elementary School and the two middle schools, Elizabeth J. Ustach Middle School and Daniel J. Savage Middle School, are complete. The James C. Enochs High School is also complete.

According to the California Seismic Safety Commission, the County is located in Seismic Zone 3. Zone 3 is a medium risk area common to the Central Valley. The Community Facilities District is not aware of any active faults located under or near the property, and none of the property is located in an Alquist-Priolo Earthquake Fault Zone. The Federal Emergency Management Agency has determined that the Community Facilities District is located in a Flood Zone C designated area (an area that is outside the 100-year flood plain).

Direct and Overlapping Indebtedness

The Community Facilities District is included within the boundaries of numerous overlapping local agencies providing governmental services. Some of these local agencies have outstanding bonds, and/or the authority to issue bonds, payable from taxes or assessments. The existing and authorized indebtedness payable from taxes and assessments that may be levied upon the property within the Community Facilities District is shown in the table below. In addition to current debt, new community facilities districts and/or special assessment districts could be formed in the future encompassing all or a portion of the property within the Community Facilities District; and such districts or the agencies that formed them could issue more bonds and levy additional special taxes or assessments.

The ability of an owner of land within the Community Facilities District to pay the Special Taxes could be affected by the existence of other taxes and assessments imposed upon the property. These taxes consist of the direct and overlapping debt set forth in Table 1 below. As of June 1, 2014, the sum of the direct and overlapping tax and assessment debt applicable to the property within the Community Facilities District, including the Refunded Bonds but excluding the Bonds, was \$39,458,141. In addition, other public agencies whose boundaries overlap those of the Community Facilities District could, without the consent of the Community Facilities District, and in certain cases without the consent of the owners of the land within the Community Facilities District, impose additional taxes or assessment liens on the property within the Community Facilities District in order to finance public improvements to be located inside of or outside of such area. The lien created on the property within the Community Facilities District through the levy of such additional taxes or assessments may be on a parity with the lien of the Special Taxes. See "SPECIAL RISK FACTORS — Parity Taxes and Special Assessments" herein.

Set forth below is a direct and overlapping debt report prepared by California Municipal Statistics, Inc. as of June 1, 2014. The table provides that the assessed value of the property within the Community Facilities District has been determined to be \$350,395,662 for the Fiscal Year 2013-14. The debt report sets forth those entities which have issued debt and does not include entities which only levy or assess fees, charges, *ad valorem* taxes or other special taxes. See Table 3 for all entities levying a tax or assessment within the Community Facilities District. The debt report is included for general information purposes only. Although the Community Facilities District has reviewed the debt report, it makes no representations as to its completeness or accuracy.

SPECIAL RISK FACTORS

The purchase of the Bonds involves significant risks and, therefore, the Bonds are not suitable investments for many investors. The following is a discussion of certain risk factors which should be considered, in addition to other matters set forth herein, in evaluating the investment quality of the Bonds. The Bonds have not been rated by a rating agency. This discussion does not purport to be comprehensive or definitive and does not purport to be a complete statement of all factors which may be considered as risks in evaluating the credit quality of the Bonds. The occurrence of one or more of the events discussed herein could adversely affect the ability or willingness of property owners in the Community Facilities District to pay their Special Taxes when due. Such failures to pay Special Taxes could result in the inability of the Community Facilities District to make full and punctual payments of debt service on the Bonds. In addition, the occurrence of one or more of the events discussed herein could adversely affect the value of the property in the Community Facilities District.

Risks of Real Estate Secured Investments Generally

The Bondowners will be subject to the risks generally incident to an investment secured by real estate, including, without limitation, (i) adverse changes in local market conditions, such as changes in the market value of real property in the vicinity of the Community Facilities District, the supply of or demand for competitive properties in such area, and the market value of residential property or commercial buildings and/or sites in the event of sale or foreclosure; (ii) changes in real estate tax rates and other operating expenses, governmental rules (including, without limitation, zoning laws and laws relating to endangered species and hazardous materials) and fiscal policies; (iii) natural disasters (including, without limitation, earthquakes, wildfires and floods), which may result in uninsured losses; (iv) adverse changes in local market conditions; and (v) increased delinquencies due to rising mortgage costs and other factors.

No assurance can be given that the individual property owners will pay Special Taxes in the future or that they will be able to pay such Special Taxes on a timely basis. See "SPECIAL RISK FACTORS — Bankruptcy and Foreclosure" below, for a discussion of certain limitations on the Community Facilities District's ability to pursue judicial proceedings with respect to delinquent parcels.

Limited Obligations

The Bonds and interest thereon are not payable from the general funds of the City. Except with respect to the Special Taxes, neither the credit nor the taxing power of the Community Facilities District or the City is pledged for the payment of the Bonds or the interest thereon, and, except as provided in the Indenture, no Owner of the Bonds may compel the exercise of any taxing power by the Community Facilities District or the City or force the forfeiture of any City or Community Facilities District property. The principal of, premium, if any, and interest on the Bonds are not a debt of the City or a legal or equitable pledge, charge, lien or encumbrance upon any of the City's or the Community Facilities District's property or upon any of the City's or the Community Facilities District's income, receipts or revenues, except the Special Taxes and other amounts pledged under the Indenture.

Insufficiency of Special Taxes

The principal source of payment of principal of and interest on the Bonds is the proceeds of the annual levy and collection of the Special Tax against property within the Community Facilities District. The annual levy of the Special Tax is subject to the maximum tax rates authorized. The levy cannot be made at a higher rate even if the failure to do so means that the estimated proceeds of the levy and collection of the Special Tax, together with other available funds, will not be sufficient to pay debt service on the Bonds. Other funds which might be available include funds derived from the payment of penalties on delinquent Special Taxes and funds derived from the tax sale or foreclosure and sale of parcels on which levies of the Special Tax are delinquent.

The levy of the Special Tax will rarely, if ever, result in a uniform relationship between the value of particular Taxable Property and the amount of the levy of the Special Tax against such parcels. Thus, there will rarely, if ever, be a uniform relationship between the value of such parcels and the proportionate share of debt service on the Bonds, and certainly not a direct relationship.

The Special Tax levied in any particular tax year on a Taxable Property is based upon the revenue needs and application of the Rate and Method. Application of the Rate and Method will, in turn, be dependent upon certain development factors with respect to each Taxable Property by comparison with similar development factors with respect to the other Taxable Property within the Community Facilities District. Thus, in addition to annual variations of the revenue needs from the Special Tax, the following are some of the factors which might cause the levy of the Special Tax on any particular Taxable Property to vary from the Special Tax that might otherwise be expected:

- (1) Failure of the owners of Taxable Property to pay the Special Tax and delays in the collection of or inability to collect the Special Tax by tax sale or foreclosure and sale of the delinquent parcels, thereby resulting in an increased tax burden on the remaining parcels of Taxable Property.
- (2) Reduction in the amount of Taxable Property, for such reasons as acquisition of Taxable Property by a government and failure of the government to pay the Special Tax based upon a claim of exemption or, in the case of the federal government or an agency thereof, immunity from taxation, thereby resulting in an increased tax burden on the remaining parcels of Taxable Property.

Except as set forth above under "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS — Special Taxes" herein, the Indenture provides that the Special Tax is to be collected in the same manner as ordinary *ad valorem* property taxes are collected and, except as provided in the special covenant for foreclosure described in "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS — Covenant for Superior Court Foreclosure" and in the Act, is subject to the same penalties and the same procedure, sale and lien priority in case of delinquency as is provided for *ad valorem* property taxes. Pursuant to these procedures, if taxes are unpaid for a period of five years or more, the property is subject to sale by the County.

In the event that sales or foreclosures of property are necessary, there could be a delay in payments to owners of the Bonds pending such sales or the prosecution of foreclosure proceedings and receipt by the Community Facilities District of the proceeds of sale if the Reserve Account is depleted. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS — Covenant for Superior Court Foreclosure.”

In addition, under no circumstances will the Special Taxes levied against any parcel of Residential Property be increased by more than 10% per Fiscal Year as a consequence of delinquency or default by the owner of any other parcel within the Community Facilities District. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS — Special Taxes — *Rate and Method of Apportionment of Special Tax*” herein.

Geologic, Topographic and Climatic Conditions

The market value of the property within the Community Facilities District can be adversely affected by a variety of factors, particularly those which may affect infrastructure and other public improvements and private improvements of the parcels and the continued habitability and enjoyment of such public and private improvements. Such additional factors include, without limitation, geologic conditions (such as earthquakes), topographic conditions (such as earth movements) and climatic conditions (such as droughts, fire hazard and floods).

Building codes require that some of these factors be taken into account in the design of private improvements of the parcels, and the City has adopted the Uniform Building Code standards with regard to seismic standards. Design criteria in any of these circumstances are established upon the basis of a variety of considerations and may change, leaving previously designed improvements unaffected by more stringent subsequently established criteria. In general, design criteria reflect a balance at the time of establishment between the present costs of protection and the future costs of lack of protection, based in part upon a present perception of the probability that the condition will occur and the seriousness of the condition should it occur. Consequently, neither the absence of nor the establishment of design criteria with respect to any particular condition means that the applicable governmental agency has evaluated the condition and has established design criteria in the situations in which such criteria are needed to preserve value, or has established such criteria at levels that will preserve value. To the contrary, the Community Facilities District expects that one or more of such conditions may occur and may result in damage to improvements of varying seriousness, that the damage may entail significant repair or replacement costs and that repair or replacement may never occur either because of the cost or because repair or replacement will not facilitate habitability or other use, or because other considerations preclude such repair or replacement. Under any of these circumstances, the actual value of the parcels may well depreciate or disappear, notwithstanding the establishment of design criteria for any such condition.

Hazardous Substances

The presence of hazardous substances on a parcel may result in a reduction in the value of a parcel. In general, the owners and operators of a parcel may be required by law to remedy conditions of the parcel relating to releases or threatened releases of hazardous substances. The federal Comprehensive Environmental Response, Compensation and Liability Act of 1980, sometimes referred to as “CERCLA” or the “Superfund Act,” is the most well-known and widely applicable of these laws, but State laws with regard to hazardous substances are also stringent and similar. Under many of these laws, the owner or operator is obligated to remedy a hazardous substance condition of property whether or not the owner or operator has anything to do with creating or handling the hazardous substance. The effect, therefore, should any of the taxed parcels be affected by a hazardous substance, is to reduce the marketability and value of the parcel by the costs of remedying the condition, because the purchaser, upon becoming owner, will become obligated to remedy the condition just as is the seller.

The value of the property within the Community Facilities District, as set forth in the various tables herein, does not reflect the presence of any hazardous substance or the possible liability of the owner (or operator) for the remedy of a hazardous substance condition of the property. The Community Facilities District has not independently verified, but is not aware, that any owner (or operator) of any of the parcels within the Community Facilities District has such a current liability with respect to any such parcel. However, it is possible that such liabilities do currently exist and that the Community Facilities District is not aware of them.

Further, it is possible that liabilities may arise in the future with respect to any of the parcels resulting from the existence, currently, on the parcel of a substance presently classified as hazardous but which has not been released or the release of which is not presently threatened, or may arise in the future resulting from the existence, currently on the parcel of a substance not presently classified as hazardous but which may in the future be so classified. Such liabilities may arise not simply from the existence of a hazardous substance but from the method of handling it. All of these possibilities could significantly affect the value of a parcel and the willingness or ability of the owner of any parcel to pay the Special Tax installments.

Payment of the Special Tax is not a Personal Obligation of the Owners

An owner of a taxable parcel is not personally obligated to pay the Special Tax. Rather, the Special Tax is an obligation which is secured only by a lien against the taxable parcel. If the value of a taxable parcel is not sufficient, taking into account other liens imposed by public agencies, to secure fully the Special Tax, the Community Facilities District has no recourse against the owner.

Parity Taxes and Special Assessments

Property within the Community Facilities District is subject to taxes and assessments imposed by public agencies also having jurisdiction over the land within the Community Facilities District. See “THE COMMUNITY FACILITIES DISTRICT — Direct and Overlapping Indebtedness.”

The Special Taxes and any penalties thereon will constitute a lien against the lots and parcels of land on which they will be annually imposed until they are paid. Such lien is on a parity with all special taxes and special assessments levied by other agencies and is co-equal to and independent of the lien for general property taxes regardless of when they are imposed upon the same property. The Special Taxes have priority over all existing and future private liens imposed on the property except, possibly, for liens or security interests held by the Federal Deposit Insurance Corporation. See “— Bankruptcy and Foreclosure” below.

Neither the Community Facilities District nor the City, however, have control over the ability of other entities and districts to issue indebtedness secured by special taxes, *ad valorem* taxes or assessments payable from all or a portion of the property within the Community Facilities District. In addition, the landowners within the Community Facilities District may, without the consent or knowledge of the Community Facilities District, petition other public agencies to issue public indebtedness secured by special taxes, *ad valorem* taxes or assessments. Any such special taxes, *ad valorem* taxes or assessments may have a lien on such property on a parity with the Special Taxes and could reduce the estimated value-to-lien ratios for the property within the Community Facilities District described herein. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS” and “THE COMMUNITY FACILITIES DISTRICT — Direct and Overlapping Indebtedness.”

Disclosures to Future Purchasers

The willingness or ability of an owner of a parcel to pay the Special Tax even if the value is sufficient may be affected by whether or not the owner was given due notice of the Special Tax authorization at the time the owner purchased the parcel, was informed of the amount of the Special Tax on the parcel, was informed of the maximum tax rate and the risk of such a levy and the ability of such owner to pay the Special Tax as well

as pay other expenses and obligations. The City has caused a Notice of the Special Tax to be recorded in the Office of the Recorder for the County against each parcel. While title companies normally refer to such notices in title reports, there can be no guarantee that such reference will be made or, if made, that a prospective purchaser or lender will consider such Special Tax obligation in the purchase of a property within the Community Facilities District or lending of money thereon.

The Act requires the subdivider (or its agent or representative) of a subdivision to notify a prospective purchaser or long-term lessor of any lot, parcel, or unit subject to a Mello-Roos special tax of the existence and maximum amount of such special tax using a statutorily prescribed form. California Civil Code Section 1102.6b requires that in the case of transfers other than those covered by the above requirement, the seller must at least make a good faith effort to notify the prospective purchaser of the special tax lien in a format prescribed by statute. Failure by an owner of the property to comply with the above requirements, or failure by a purchaser or lessor to consider or understand the nature and existence of the Special Tax, could adversely affect the willingness and ability of the purchaser or lessor to pay the Special Tax when due.

Special Tax Delinquencies

Under provisions of the Act, the Special Taxes, from which funds necessary for the payment of principal of, and interest on, the Bonds are derived, are customarily billed to the properties within the Community Facilities District on the *ad valorem* property tax bills sent to owners of such properties. The Act currently provides that such Special Tax installments are due and payable, and bear the same penalties and interest for non-payment, as do *ad valorem* property tax installments.

See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS — Covenant for Superior Court Foreclosure,” for a discussion of the provisions which apply, and procedures which the Community Facilities District is obligated to follow under the Indenture, in the event of delinquencies in the payment of Special Taxes. See “— Bankruptcy and Foreclosure” below, for a discussion of the policy of the Federal Deposit Insurance Corporation (the “FDIC”) regarding the payment of special taxes and assessment and limitations on the Community Facilities District’s ability to foreclose on the lien of the Special Taxes in certain circumstances.

FDIC/Federal Government Interests in Properties

The ability of the Community Facilities District to collect interest and penalties specified by the Act and to foreclose the lien of delinquent Special Taxes may be limited in certain respects with regard to parcels in which the FDIC, or other federal government entities such as Fannie Mae, Freddie Mac, the Drug Enforcement Agency, the Internal Revenue Service or other federal agency, has or obtains an interest.

In the case of FDIC, in the event that any financial institution making a loan which is secured by parcels is taken over by the FDIC and the applicable Special Tax is not paid, the remedies available to the Community Facilities District may be constrained. The FDIC’s policy statement regarding the payment of state and local real property taxes (the “Policy Statement”) provides that taxes other than *ad valorem* taxes which are secured by a valid lien in effect before the FDIC acquired an interest in a property will be paid unless the FDIC determines that abandonment of its interests is appropriate. The Policy Statement provides that the FDIC generally will not pay installments of non-*ad valorem* taxes which are levied after the time the FDIC acquires its fee interest, nor will the FDIC recognize the validity of any lien to secure payment except in certain cases where the Resolution Trust Corporation had an interest in property on or prior to December 31, 1995. Moreover, the Policy Statement provides that, with respect to parcels on which the FDIC holds a mortgage lien, the FDIC will not permit its lien to be foreclosed out by a taxing authority without its specific consent, nor will the FDIC pay or recognize liens for any penalties, fines or similar claims imposed for the non-payment of taxes.

The FDIC has taken a position similar to that expressed in the Policy Statement in legal proceedings brought against Orange County in United States Bankruptcy Court and in Federal District Court. The Bankruptcy Court issued a ruling in favor of the FDIC on certain of such claims. Orange County appealed that ruling, and the FDIC cross-appealed. On August 28, 2001, the Ninth Circuit Court of Appeals issued a ruling favorable to the FDIC except with respect to the payment of pre-receivership liens based upon delinquent property tax.

The Community Facilities District is unable to predict what effect the application of the Policy Statement would have in the event of a delinquency with respect to parcels in which the FDIC has or obtains an interest, although prohibiting the lien of the FDIC to be foreclosed out at a judicial foreclosure sale would prevent or delay the foreclosure sale.

In the case of Fannie Mae and Freddie Mac, in the event a parcel of taxable property is owned by a federal government entity or federal government sponsored entity, such as Fannie Mae or Freddie Mac, or a private deed of trust secured by a parcel of taxable property is owned by a federal government entity or federal government sponsored entity, such as Fannie Mae or Freddie Mac, the ability to foreclose on the parcel or to collect delinquent Special Taxes may be limited. Federal courts have held that, based on the supremacy clause of the United States Constitution “this Constitution, and the Laws of the United States which shall be made in Pursuance thereof; and all Treaties made, or which shall be made, under the Authority of the United States, shall be the supreme Law of the Land; and the Judges in every State shall be bound thereby, anything in the Constitution or Laws of any State to the contrary notwithstanding.” In the absence of Congressional intent to the contrary, a state or local agency cannot foreclose to collect delinquent taxes or assessments if foreclosure would impair the federal government interest. This means that, unless Congress has otherwise provided, if a federal government entity owns a parcel of taxable property but does not pay taxes and assessments levied on the parcel (including Special Taxes), the applicable state and local governments cannot foreclose on the parcel to collect the delinquent taxes and assessments.

Moreover, unless Congress has otherwise provided, if the federal government has a mortgage interest in the parcel and the Community Facilities District wishes to foreclose on the parcel as a result of delinquent Special Taxes, the property cannot be sold at a foreclosure sale unless it can be sold for an amount sufficient to pay delinquent taxes and assessments on a parity with the Special Taxes and preserve the federal government’s mortgage interest. For a discussion of risks associated with taxable parcels within the Community Facilities District becoming owned by the federal government, federal government entities or federal government sponsored entities, see “— Insufficiency of Special Taxes.”

The Community Facilities District’s remedies may also be limited in the case of delinquent Special Taxes with respect to parcels in which other federal agencies (such as the Internal Revenue Service and the Drug Enforcement Administration) have or obtain an interest.

Bankruptcy and Foreclosure

Bankruptcy, insolvency and other laws generally affecting creditors’ rights could adversely impact the interests of owners of the Bonds in at least two ways. First, the payment of property owners’ taxes and the ability of the Community Facilities District to foreclose the lien of a delinquent unpaid Special Tax pursuant to its covenant to pursue judicial foreclosure proceedings may be limited by bankruptcy, insolvency or other laws generally affecting creditors’ rights (such as the Soldiers’ and Sailors’ Relief Act of 1940) or by the laws of the State relating to judicial foreclosure. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS — Covenant for Superior Court Foreclosure.” In addition, the prosecution of a foreclosure could be delayed due to many reasons, including crowded local court calendars or lengthy procedural delays.

Secondly, the Bankruptcy Code might prevent moneys on deposit in the Special Tax Fund from being applied to pay interest on the Bonds and/or to redeem Bonds if bankruptcy proceedings were brought by or against a landowner in the Community Facilities District and if the court found that any of such landowners had an interest in such moneys within the meaning of Section 541(a)(1) of the Bankruptcy Code.

Although a bankruptcy proceeding would not cause the Special Taxes to become extinguished, the amount and priority of any Special Tax lien could be modified if the value of the property falls below the value of the lien. If the value of the property is less than the lien, such excess amount could be treated as an unsecured claim by the bankruptcy court. In addition, bankruptcy of a property owner could result in a delay in procuring Superior Court foreclosure proceedings. Such delay would increase the likelihood of a delay or default in payment of the principal of, and interest on, the Bonds and the possibility of delinquent tax installments not being paid in full.

The various legal opinions to be delivered concurrently with the delivery of the Bonds (including Bond Counsel's approving legal opinion) will be qualified, as to the enforceability of the various legal instruments, by moratorium, bankruptcy, reorganization, insolvency or other similar laws affecting the rights of creditors generally.

No Acceleration Provision

The Bonds do not contain a provision allowing for the acceleration of the Bonds in the event of a payment default or other default under the terms of the Bonds or the Indenture or in the event interest on the Bonds becomes included in gross income for federal income tax purposes. Pursuant to the Indenture and further subject to the prior lien of owners of Bonds, an owner is given the right for the equal benefit and protection of all owners of a series similarly situated to pursue certain remedies described in APPENDIX D — "SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE." See also "— Limitations on Remedies" herein.

Limited Secondary Market

There can be no guarantee that there will be a secondary market for the Bonds or, if a secondary market exists, that such Bonds can be sold for any particular price. Although the Community Facilities District has committed to provide certain statutorily required financial and operating information, there can be no assurance that such information will be available to Bondowners on a timely basis. See "INTRODUCTION — Continuing Disclosure" and APPENDIX E — "FORM OF CONTINUING DISCLOSURE AGREEMENT OF THE DISTRICT." Any failure to provide annual financial information, if required, does not give rise to monetary damages but merely an action for specific performance. Occasionally, because of general market conditions, lack of current information, the absence of a credit rating for the Bonds or because of adverse history or economic prospects connected with a particular issue, secondary marketing practices in connection with a particular issue are suspended or terminated. Additionally, prices of issues for which a market is being made will depend upon then prevailing circumstances. Such prices could be substantially different from the original purchase price.

Proposition 218

An initiative measure entitled the "Right to Vote on Taxes Act" (the "Initiative") was approved by the voters of the State at the November 5, 1996, general election. The Initiative added Article XIII C and Article XIII D to the California Constitution. According to the "Title and Summary" of the Initiative prepared by the California Attorney General, the Initiative limits "the authority of local governments to impose taxes and property-related assessments, fees and charges." The provisions of the Initiative have not yet been interpreted by the courts, although a number of lawsuits have been filed requesting the courts to interpret various aspects of the Initiative. The initiative could potentially impact the Special Taxes otherwise available to the Community Facilities District to pay the principal of and interest on the Bonds as described below.

Among other things, Section 3 of Article XIIC states that "...the initiative power shall not be prohibited or otherwise limited in matters of reducing or repealing any local tax, assessment, fee or charge." The Act provides for a procedure, which includes notice, hearing, protest and voting requirements to alter the rate and method of an existing special tax. However, the Act prohibits a legislative body from adopting any resolution to reduce the rate of any special tax or terminate the levy of any special tax pledged to repay any debt incurred pursuant to the Act unless such legislative body determines that the reduction or termination of the special tax would not interfere with the timely retirement of that debt. On July 1, 1997, a bill was signed into law by the Governor of the State enacting Government Code Section 5854, which states that:

Section 3 of Article XIIC of the California Constitution, as adopted at the November 5, 1996, general election, shall not be construed to mean that any owner or beneficial owner of a municipal security, purchased before or after that date, assumes the risk of, or in any way consents to, any action by initiative measure that constitutes an impairment of contractual rights protected by Section 10 of Article I of the United States Constitution.

Accordingly, although the matter is not free from doubt, it is likely that the Initiative has not conferred on the voters the power to repeal or reduce the Special Taxes if such reduction would interfere with the timely retirement of the Bonds.

It may be possible, however, for voters or the Community Facilities District or the City acting as the legislative body of the Community Facilities District to reduce the Special Taxes in a manner which does not interfere with the timely repayment of the Bonds, but which does reduce the maximum amount of Special Taxes that may be levied in any year below the existing levels. Furthermore, no assurance can be given with respect to the future levy of the Special Taxes in amounts greater than the amount necessary for the timely retirement of the Bonds. Therefore, no assurance can be given with respect to the levy of Special Taxes for Administrative Expenses. Nevertheless, to the maximum extent that the law permits it to do so, the Community Facilities District has covenanted that it will not initiate proceedings under the Act to reduce the maximum Special Tax rates on parcels of Developed Property within the Community Facilities District to less than an amount projected to equal to 110% of annual debt service each year on the Outstanding Bonds plus the Administrative Expense Cap. In connection with the foregoing covenant, the Community Facilities District has made a legislative finding and determination that any elimination or reduction of Special Taxes below the foregoing level would interfere with the timely retirement of the Bonds. The Community Facilities District also has covenanted that, in the event an initiative is adopted which purports to alter the Rate and Method, it will commence and pursue legal action in order to preserve its ability to comply with the foregoing covenant. However, no assurance can be given as to the enforceability of the foregoing covenants.

The interpretation and application of the Initiative will ultimately be determined by the courts with respect to a number of the matters discussed above, and it is not possible at this time to predict with certainty the outcome of such determination or the timeliness of any remedy afforded by the courts. See "— Limitations on Remedies."

Ballot Initiatives and Legislative Measures

Articles XIII A, XIII B, XIIC and XIID were adopted pursuant to measures qualified for the ballot pursuant to California's constitutional initiative process and the State Legislature has in the past enacted legislation which has altered the spending limitations or established minimum funding provisions for particular activities. On March 6, 1995, in the case of Rossi v. Brown, the State Supreme Court held that an initiative can repeal a tax ordinance and prohibit the imposition of further such taxes and that the exemption from the referendum requirements does not apply to initiatives. From time to time, other initiative measures could be adopted by California voters or legislation enacted by the legislature. The adoption of any such initiative or legislation might place limitations on the ability of the State, the City, or local districts to increase revenues or

to increase appropriations or on the ability of the landowners within the Community Facilities District to complete the remaining proposed development.

Loss of Tax Exemption

As discussed under the caption “TAX EXEMPTION,” the interest on the Bonds could become includable in gross income for federal income tax purposes retroactive to the date of issuance of the Bonds as a result of acts or omissions of the Community Facilities District or the City in violation of certain provisions of the Internal Revenue Code of 1986, as amended (the “Code”) and the covenants of the Indenture. In order to maintain the exclusion from gross income for federal income tax purposes of the interest on the Bonds, the Community Facilities District has covenanted in the Indenture not to take any action, or fail to take any action, if such action or failure to take such action would adversely affect the exclusion from gross income of interest on the Bonds under Section 103 of the Code. Should such an event of taxability occur, the Bonds are not subject to early redemption and will remain outstanding to maturity or until redeemed under the optional redemption or mandatory sinking fund redemption provisions of the Indenture. See “THE BONDS — Selection of Bonds for Redemption.”

Future legislative proposals, if enacted into law, clarification of the Code or court decisions may cause interest on the Bonds to be subject, directly or indirectly, to federal income taxation or to be subject to or exempted from state income taxation, or otherwise prevent Beneficial Owners from realizing the full current benefit of the tax status of such interest. The introduction or enactment of any such future legislative proposals, clarification of the Code or court decisions may also affect the market price for, or marketability of, the Bonds. Prospective purchasers of the Bonds should consult their own tax advisors regarding any pending or proposed federal or state tax legislation, regulations or litigation, as to which Bond Counsel expresses no opinion.

It is possible that subsequent to the issuance of the Bonds there might be federal, State, or local statutory changes (or judicial or regulatory interpretations of federal, State, or local law) that affect the federal, State, or local tax treatment of the Bonds or the market value of the Bonds. No assurance can be given that subsequent to the issuance of the Bonds such changes or interpretations will not occur. On May 21, 2007, the U.S. Supreme Court agreed to review a Kentucky state court decision, in the matter of Kentucky v. Davis, on the issue of whether the U.S. Constitution commerce clause precludes states from giving more favorable tax treatment to state and local government bonds issued within that state than the tax treatment given bonds issued outside that state. The outcome of this or any similar case cannot be predicted, but the ultimate result could be a change in the treatment for state tax purposes of interest on the Bonds. If the Kentucky v. Davis decision is affirmed by the United States Supreme Court, states such as California may be required to eliminate the disparity between the income tax treatment of out-of-state tax-exempt obligations and the income tax treatment of in-state tax-exempt obligations, such as the Bonds. The impact of such a United States Supreme Court decision may also affect the market price for, or the marketability of the Bonds. Prospective purchasers of the Bonds should consult their tax advisors regarding this matter. See “TAX EXEMPTION” below.

IRS Audit of Tax-Exempt Bond Issues

The Internal Revenue Service has initiated an expanded program for the auditing of tax-exempt bond issues, including both random and targeted audits. It is possible that the Bonds will be selected for audit by the Internal Revenue Service. It is also possible that the market value of the Bonds might be affected as a result of such an audit of the Bonds (or by an audit of similar bonds). For example, the City issued bonds in late 2006 to finance certain water system improvements (the “2006 Bonds”). The IRS is conducting an inquiry into the tax status of the 2006 Bonds. The IRS has alleged the 2006 Bonds were “hedge bonds,” in violation of the rules for tax-exempt bond issuances, because the City had not spent all of the 2006 Bond proceeds in a timely manner. The City disputes these allegations. To the City’s knowledge, no other bonds of the City, including the Community Facilities District and the Refunded Bonds, are the subject of an IRS audit.

Limitations on Remedies

Remedies available to the Owners may be limited by a variety of factors and may be inadequate to assure the timely payment of principal of and interest on the Bonds or to preserve the tax-exempt status of the Bonds.

Bond Counsel has limited its opinion as to the enforceability of the Bonds and of the Indenture to the extent that enforceability may be limited by bankruptcy, insolvency, reorganization, fraudulent conveyance or transfer, moratorium, or others similar laws affecting generally the enforcement of creditors' rights, by equitable principles and by the exercise of judicial discretion. Additionally, the Bonds are not subject to acceleration in the event of the breach of any covenant or duty under the Indenture. The lack of availability of certain remedies or the limitation of remedies may entail risks of delay, limitation or modification of the rights of the Owners.

CONTINUING DISCLOSURE

Pursuant to a Continuing Disclosure Agreement (the "Disclosure Agreement") with Goodwin Consulting Group, Inc., as disclosure dissemination agent, the Community Facilities District has agreed to provide, or cause to be provided, to the Electronic Municipal Market Access System of the Municipal Securities Rulemaking Board, which can be found on the Internet at www.emma.msrb.org, on an annual basis certain financial information and operating data concerning the Community Facilities District. The Community Facilities District has further agreed to provide notice to EMMA of certain listed events. These covenants have been made in order to assist the Underwriter in complying with Rule 15c2-12 adopted by the Securities and Exchange Commission. See APPENDIX E hereto for a description of the specific nature of the annual reports to be filed by the Community Facilities District and notices of listed events to be provided by the Community Facilities District. In connection with certain obligations of the City other than those of the Community Facilities District, the City failed to file required notices of rating downgrades with respect to certain insured obligations and failed to timely file its 2009 and 2010 audited financial statements with respect to certain obligations. Additionally, in connection with the City's 2006 wastewater revenue bonds, the City failed to file a required notice of a ratings increase. As of the date of this Official Statement, all corrective filings have been made. Other than as disclosed in this Official Statement, within the last five years, neither the City nor the Community Facilities District has failed to timely comply with their prior continuing disclosure obligations under Rule 15c2-12(b)(5) in all material respects. The full text of the form of Disclosure Agreement is set forth in APPENDIX E.

TAX EXEMPTION

In the opinion of Stradling Yocca Carlson & Rauth, a Professional Corporation, Newport Beach, California ("Bond Counsel"), under existing statutes, regulations, rulings and judicial decisions, and assuming the accuracy of certain representations and compliance with certain covenants and requirements described herein, interest (and original issue discount) on the Bonds is excluded from gross income for federal income tax purposes, and is not an item of tax preference for purposes of calculating the federal alternative minimum tax imposed on individuals and corporations. In the further opinion of Bond Counsel, interest (and original issue discount) on the Bonds is exempt from State of California personal income tax. Bond Counsel notes that, with respect to corporations, interest on the Bonds may be included as an adjustment in calculation of alternative minimum taxable income, which may affect the alternative minimum tax liability of such corporations.

In the opinion of Bond Counsel, the difference between the issue price of a Bond (the first price at which a substantial amount of the Bonds of a maturity is to be sold to the public) and the stated redemption price at maturity of such Bond constitutes original issue discount. Original issue discount accrues under a constant yield method, and original issue discount will accrue to a Beneficial Owner before receipt of cash attributable to such excludable income. The amount of original issue discount deemed received by a

Beneficial Owner will increase the Beneficial Owner's basis in the applicable Bond. The amount of original issue discount that accrues to the Beneficial Owner of the Bonds is excluded from the gross income of such Beneficial Owner for federal income tax purposes, is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations, and is exempt from State of California personal income tax.

Bond Counsel's opinion as to the exclusion from gross income for federal income tax purposes of interest on the Bonds (including any original issue discount) is based upon certain representations of fact and certifications made by the Community Facilities District, the Underwriters and others and is subject to the condition that the Community Facilities District complies with all requirements of the Internal Revenue Code of 1986, as amended (the "Code") that must be satisfied subsequent to the issuance of the Bonds to assure that interest on the Bonds (including any original issue discount) will not become includable in gross income for federal income tax purposes. Failure to comply with such requirements of the Code might cause interest on the Bonds (including any original issue discount) to be included in gross income for federal income tax purposes retroactive to the date of issuance of the Bonds. The Community Facilities District will covenant to comply with all such requirements.

The amount by which a Beneficial Owner's original basis for determining loss on sale or exchange in the applicable Bond (generally, the purchase price) exceeds the amount payable on maturity (or on an earlier call date) constitutes amortizable bond premium, which must be amortized under Section 171 of the Code; such amortizable bond premium reduces the Beneficial Owner's basis in the applicable Bond (and the amount of tax-exempt interest received), and is not deductible for federal income tax purposes. The basis reduction as a result of the amortization of bond premium may result in a Beneficial Owner realizing a taxable gain when a Bond is sold by the Beneficial Owner for an amount equal to or less (under certain circumstances) than the original cost of the Bond to the Beneficial Owner. Purchasers of the Bonds should consult their own tax advisors as to the treatment, computation and collateral consequences of amortizable bond premium.

The Internal Revenue Service (the "IRS") has initiated an expanded program for the auditing of tax-exempt bond issues, including both random and targeted audits. It is possible that the Bonds will be selected for audit by the IRS. It is also possible that the market value of the Bonds might be affected as a result of such an audit of the Bonds (or by an audit of similar bonds). No assurance can be given that in the course of an audit, as a result of an audit, or otherwise, Congress or the IRS might not change the Code (or interpretation thereof) subsequent to the issuance of the Bonds to the extent that it adversely affects the exclusion from gross income of interest (and original issue discount) on the Bonds or their market value.

Bond Counsel's opinion may be affected by actions taken (or not taken) or events occurring (or not occurring) after the date hereof. Bond Counsel has not undertaken to determine, or to inform any person, whether any such actions or events are taken or do occur. The Indenture and the Tax Certificate relating to the Bonds permit certain actions to be taken or to be omitted if a favorable opinion of Bond Counsel is provided with respect thereto. Bond Counsel expresses no opinion as to the exclusion from gross income for federal income tax purposes of interest (and original issue discount) with respect to any Bond if any such action is taken or omitted based upon the advice of counsel other than Stradling Yocca Carlson & Rauth, a Professional Corporation.

SUBSEQUENT TO THE ISSUANCE OF THE BONDS, THERE MIGHT BE FEDERAL, STATE OR LOCAL STATUTORY CHANGES (OR JUDICIAL OR REGULATORY INTERPRETATIONS OF FEDERAL, STATE OR LOCAL LAW) THAT AFFECT THE FEDERAL, STATE OR LOCAL TAX TREATMENT OF THE BONDS OR THE MARKET VALUE OF THE BONDS. LEGISLATIVE CHANGES HAVE BEEN PROPOSED IN CONGRESS, WHICH, IF ENACTED, WOULD RESULT IN ADDITIONAL FEDERAL INCOME TAX BEING IMPOSED ON CERTAIN OWNERS OF TAX-EXEMPT STATE OR LOCAL OBLIGATIONS, SUCH AS THE BONDS. THE INTRODUCTION OR ENACTMENT OF ANY OF SUCH CHANGES COULD ADVERSELY AFFECT THE MARKET VALUE OR LIQUIDITY OF THE BONDS. NO ASSURANCE CAN BE GIVEN THAT, SUBSEQUENT TO THE ISSUANCE OF

THE BONDS, SUCH CHANGES (OR OTHER CHANGES) WILL NOT BE INTRODUCED OR ENACTED OR INTERPRETATIONS WILL NOT OCCUR. BEFORE PURCHASING ANY OF THE BONDS, ALL POTENTIAL PURCHASERS SHOULD CONSULT THEIR TAX ADVISORS REGARDING POSSIBLE STATUTORY CHANGES OR JUDICIAL OR REGULATORY CHANGES OR INTERPRETATIONS, AND THEIR COLLATERAL TAX CONSEQUENCES RELATING TO THE BONDS.

Although Bond Counsel has rendered an opinion that interest on the Bonds (including any original issue discount) is excluded from gross income for federal income tax purposes provided that the Community Facilities District continues to comply with certain requirements of the Code, the accrual or receipt of interest on the Bonds (including any original issue discount) may otherwise affect the tax liability of the recipient. Bond Counsel expresses no opinion regarding any such tax consequences. Accordingly, all potential purchasers should consult their tax advisors before purchasing any of the Bonds.

Should interest on the Bonds (including any original issue discount) become includable in gross income for federal income tax purposes, the Bonds are not subject to early redemption and will remain outstanding until maturity or until redeemed in accordance with the Indenture.

The proposed form of Bond Counsel's opinion with respect to the Bonds is attached as APPENDIX B.

LEGAL OPINION

The legal opinions of Stradling Yocca Carlson & Rauth, a Professional Corporation, Newport Beach, California, approving the validity of the Bonds in substantially the form set forth as APPENDIX B hereto, will be made available to purchasers at the time of original delivery. Certain legal matters will be passed upon for the City and the Community Facilities District by the City Attorney and by Stradling Yocca Carlson & Rauth, a Professional Corporation, Newport Beach, California, as Disclosure Counsel. Certain legal matters will be passed on for the Underwriter by Nossaman LLP, Irvine, California.

ABSENCE OF LITIGATION

No litigation is pending or threatened concerning the validity of the Bonds and a certificate of the Community Facilities District to that effect will be furnished to the Underwriter at the time of the original delivery of the Bonds. Neither the City nor the Community Facilities District is aware of any litigation pending or threatened which questions the existence of the Community Facilities District or the City or contests the authority of the Community Facilities District to levy and collect the Special Taxes or to issue and retire the Bonds.

RATINGS

Standard & Poor's Ratings Services, a division of The McGraw Hill Companies, Inc. ("Standard & Poor's") is expected to assign its municipal bond rating of "AA" to all or such portion of the Bonds to the extent insured by the Policy based on upon the expected delivery of the Policy by AGM at the time of issuance of the Bonds (see "BOND INSURANCE" herein). The Community Facilities District expects Standard & Poor's to assign the Bonds the rating of "BBB-" notwithstanding the delivery of the Policy. Such ratings reflect only the views of Standard & Poor's and an explanation of the significance of such ratings may be obtained from Standard & Poor's. There is no assurance that such ratings will continue for any given period of time or that such rating will not be revised downward or withdrawn entirely by such organization, if in its judgment circumstances so warrant. Any such downward revision or withdrawal of such ratings may have an adverse effect on the market price of the Bonds.

UNDERWRITING

The Bonds are being purchased by Stifel, Nicolaus & Company, Incorporated (the "Underwriter"). The Underwriter has agreed, pursuant to a purchase contract by and between the Community Facilities District and the Underwriter (the "Purchase Contract"), to purchase all of the Bonds for a purchase price of \$ _____ (which is equal to the principal amount thereof less net original issue discount of \$ _____, less Underwriter's discount of \$ _____).

The Purchase Contract related to the Bonds provides that the Underwriter will purchase all of the Bonds if any are purchased, the obligation to make such purchase being subject to certain terms and conditions set forth therein, the approval of certain legal matters by bond counsel and certain other conditions. The initial offering prices stated on the cover of this Official Statement may be changed from time to time by the Underwriter. The Underwriter may offer and sell Bonds to certain dealers and others at prices lower than such initial offering prices. The offering prices may be changed from time to time by the Underwriter.

FINANCIAL INTERESTS

The fees being paid to the Underwriter, Bond Counsel, Disclosure Counsel, Nossaman LLP, as counsel to the Underwriter, the Trustee and the Escrow Bank are contingent upon the issuance and delivery of the Bonds. From time to time, Bond Counsel represents the Underwriter on matters unrelated to the Bonds.

NEW LEGISLATION

The Community Facilities District is not aware of any significant pending legislation which would have material adverse consequences on the Bonds or the ability of the Community Facilities District to pay the principal of and interest on the Bonds when due.

ADDITIONAL INFORMATION

The purpose of this Official Statement is to supply information to prospective buyers of the Bonds. Quotations and summaries and explanations of the Bonds and documents contained in this Official Statement do not purport to be complete, and reference is made to such documents for full and complete statements and their provisions. Any statements in this Official Statement involving matters of opinion, whether or not expressly so stated, are intended as such and not as representatives of fact.

The distribution of this Official Statement has been authorized by the Community Facilities District.

“Net Taxable Acreage” or “Net Taxable Acre” means the total acreage within a Final Map or Parcel less arterial road right-of-ways and property that is defined in the Final Map for use as a park site, school site, or City-owned or CFD-owned storm drainage basin. If a Subdivision Map is recorded which is not a Final Map for some or all Parcels created by the subdivision, the Administrator shall calculate the Net Taxable Acreage of such unsubdivided Parcels by identifying the Acreage of the Parcel and (i) adding a portion of the acreage of any non-arterial right-of-way that fronts the Parcel determined by drawing lines at right angles to the right-of-way, and (ii) subtracting a portion of the acreage of any arterial right-of-way that

“Tax Zone” means a mutually exclusive geographic area within which particular Special Tax rates may be levied pursuant to this Rate and Method of Apportionment of Special Taxes. Attachment 1 identifies the boundaries of Tax Zone #1 and Tax Zone #2 as of the date of adoption of this updated Rate and Method of Apportionment of Special Tax; additional Tax Zones may be created when property is annexed into the CFD. Alternatively, additional Original Parcels may be added to a Tax Zone with assigned Maximum Special Taxes based on the Expected Land Uses on each Original Parcel.

“**Tax Zone #1**” means the geographic area that is designated in Attachment 1 of this Rate and Method of Apportionment of Special Tax as Tax Zone #1. Tax Zone #1 may be expanded to include additional Original Parcels that annex to CFD No. 2004-1; Attachments 1 and 2 will be updated each time such an annexation takes place.

B. DATA FOR ANNUAL ADMINISTRATION

On or about July 1 of each Fiscal Year, the Administrator shall identify the current Assessor’s Parcel numbers for all Parcels of Taxable Property in CFD No. 2004-1. The Administrator shall also determine: (i) the Tax Zone within which each Parcel of Taxable Property is located, (ii) whether each Assessor’s Parcel of Taxable Property is Developed Property or Undeveloped Property, (iii) which Parcels are Commercial Property, Industrial Property, Multi-Family Property, Low Density Residential Property, and Village Residential Property (the City shall, in its sole discretion, determine the appropriate Land Use Class for Parcels on which a structure was built prior to CFD Formation), (iv) the Net Taxable Acreage of each Parcel, and (v) the Annual Facilities Special Tax Requirement and the Annual Maintenance Special Tax Requirement.

In any Fiscal Year, if it is determined that (i) a parcel map for a portion of property in CFD No. 2004-1 was recorded after January 1 of the prior Fiscal Year (or any other date after which the Assessor will not incorporate the newly-created Parcels into the then current tax roll), (ii) because of the date the parcel map was recorded, the Assessor does not yet recognize the new Parcels created by the parcel map, and (iii) one or more of the newly-created Parcels meets the definition of Developed Property, the Administrator shall calculate the Special Tax for the property affected by recordation of the parcel map by determining the Special Tax that applies separately to each newly-created Parcel, then applying the sum of the individual Special Taxes to the Original Parcel or Successor Parcel that was subdivided by recordation of the parcel map.

C. CALCULATING MAXIMUM SPECIAL TAXES

The Administrator shall use the procedures set forth below to calculate the Maximum Special Taxes for each Parcel in CFD No. 2004-1 in each Fiscal Year, including the Maximum One-Time Facilities Special Tax, Maximum Annual Facilities Special Tax, and Maximum Annual Maintenance Special Tax. A separate method of calculating the Maximum Special Taxes may be identified for Tax Zones or Improvement Areas added to CFD No. 2004-1 as a result of future annexations. The Per-Acre Special Taxes set forth in Table 1 below shall be used for purposes of Sections C.1 and C.2 below:

**Table 1
Per-Acre Special Taxes
Fiscal Year 2004-05 ***

Land Use Class	Per-Acre Special Tax: One-Time Facilities Special Tax TAX ZONE #1	Per-Acre Special Tax: One-Time Facilities Special Tax TAX ZONE #2	Per-Acre Special Tax: Annual Facilities Special Tax	Per-Acre Special Tax: Annual Maintenance Special Tax
Low Density Residential Property	\$13,342 per Net Taxable Acre	\$19,576 per Net Taxable Acre	\$3,517 per Net Taxable Acre	\$525 per Net Taxable Acre
Village Residential Property	\$30,281 per Net Taxable Acre	\$44,429 per Net Taxable Acre	\$6,405 per Net Taxable Acre	\$1,233 per Net Taxable Acre
Multi-Family Property	\$101,437 per Net Taxable Acre	\$148,832 per Net Taxable Acre	\$7,222 per Net Taxable Acre	\$4,020 per Net Taxable Acre
Commercial Property	\$52,102 per Net Taxable Acre	\$76,446 per Net Taxable Acre	\$3,570 per Net Taxable Acre	\$920 per Net Taxable Acre
Industrial Property	\$13,103 per Net Taxable Acre	\$19,225 per Net Taxable Acre	\$2,550 per Net Taxable Acre	\$920 per Net Taxable Acre

** All Per-Acre Special Taxes shown in Table 1 are subject to the annual adjustments described in Section D below.*

1. Original Parcels

The Maximum Special Taxes for each Land Use Class in the Original Parcels in CFD No. 2004-1 as of the date of approval of this updated Rate and Method of Apportionment of Special Tax are identified in Attachment 2. Attachment 2 will be updated by the Administrator as needed to reflect Original Parcels added to the CFD due to additional annexations. Until an Original Parcel is subdivided, the Maximum Special Taxes shown in Attachment 2 (escalated as set forth herein) shall be the Maximum Special Taxes for the Parcel unless the zoning on the Original Parcel changes to a Land Use Class that has higher Per-Acre Special Taxes, as shown in Table 1 above. Upon approval of such change in zoning by the City Council, the Administrator shall multiply the applicable Per-Acre Special Taxes by the Net Taxable Acreage of each Land Use Class that is expected on the Parcel based on the rezone. The Administrator shall then update Attachment 2 to reflect the higher Maximum Special Taxes for the Parcel. If a rezone results in a Land Use Class that has a lower Per-Acre Special Tax than the previous Expected Land Uses, there shall be no corresponding reduction in the Maximum Special Taxes for the Parcel. The potential reduction in Maximum Special Tax revenues must be considered separately for each Special Tax Category. If the rezone would cause a reduction in the Maximum Special Tax revenues in any Special Tax Category, the Maximum Special Tax identified for that Special Tax Category shall remain the same as originally assigned to the Original Parcel.

2. Successor Parcels

a. All Successor Parcels are Single Family Detached Lots

If the Parcels created by a recorded Subdivision Map are all Single Family Detached Lots, the Administrator shall apply the following steps to allocate the Maximum Special Taxes for the Original Parcel to each of the Successor Parcels created by the subdivision:

Step 1: Determine the greater of (i) the Maximum Special Taxes assigned to each Expected Land Use for the Original Parcel, or (ii) the Net Taxable Acreage of Low Density Residential Property and/or Village Residential Property within the Subdivision Map multiplied by the Per-Acre Special Taxes for such Land Use Classes from Table 1 above. If the Subdivision Map

includes both Low Density Residential Property and Village Residential Property, separately calculate the amount that applies to each Land Use Class.

Step 2: Separately for any Low Density Residential Property and Village Residential Property created by the Subdivision Map, divide the Maximum Special Taxes from Step 1 by the number of Successor Parcels to determine the Maximum Special Taxes for each Single Family Detached Lot.

b. *No Successor Parcels are Single Family Detached Lots*

If none of the Successor Parcels created by recordation of a Subdivision Map are Single Family Detached Lots, the Administrator shall apply the following steps to allocate the Maximum Special Taxes assigned to the Original Parcel to each of the Successor Parcels:

Step 1: Identify the Expected Land Uses for the Original Parcel.

Step 2: Determine the Net Taxable Acreage within each Land Use Class created by the Subdivision Map.

Step 3: If the Net Taxable Acreage of each Land Use Class from Step 2 is the same as the Expected Land Uses, the Maximum Special Taxes assigned to each of the Expected Land Uses on the Original Parcel shall be allocated to the Successor Parcels based on the Acreage of each Land Use Class that occurs on each Successor Parcel.

Step 4: If the Net Taxable Acreage within each Land Use Class from Step 2 is different than the Expected Land Uses for the Original Parcel, the Administrator shall apply the following steps **separately for each Special Tax Category:**

Step 4a. Multiply the applicable Per-Acre Special Tax by the Net Taxable Acreage of each Land Use Class created by the Subdivision Map.

Step 4b. If the amount calculated in Step 4a is *greater than* the Maximum Special Tax assigned to the Original Parcel, multiply the Net Taxable Acreage of each Land Use Class on each Successor Parcel by the applicable Per-Acre Special Tax from Table 1 above to determine the Maximum Special Tax for each Successor Parcel.

Step 4c. If the amount calculated in Step 4a is *less than* the Maximum Special Tax assigned to the Original Parcel: (i) identify the Maximum Special Tax that was assigned to each of the Expected Land Uses on the Parcel, (ii) divide the Maximum Special Tax for each Land Use Class by the Net Taxable Acreage of each Land Use Class actually created by the Subdivision Map, and (iii) multiply the per-acre Maximum Special Tax calculated in (ii) by the Net Taxable Acreage of each Land Use Class on each Successor Parcel to determine the Maximum Special Tax for each Parcel.

If the Land Use Classes on a Successor Parcel or Parcels are different than the Expected Land Uses for that Parcel(s) and such difference would result in a reduction in the Maximum Special Tax assigned to the Original Parcel for any Special Tax Category, the Maximum Special Tax assigned to the Original Parcel shall either be distributed equally on a per acre basis to the Successor Parcels or, if multiple Land Use Classes are created by the Subdivision Map, the Maximum Special Tax from the Original Parcel shall be distributed to each Land Use Class

so that the per-acre tax for each Land Use Class has the same proportional relationship as the Per- Acre Special Taxes in Table 1 above.

If, after subdivision of an Original Parcel, a Successor Parcel is further subdivided, the Successor Parcel shall be treated as an Original Parcel for purposes of allocating Maximum Special Taxes pursuant to Section C.2a, C.2b, or C.2c, as appropriate.

c. *Some, But Not All, Successor Parcels are Single Family Detached Lots*

If a Subdivision Map divides an Original Parcel into Successor Parcels, of which some are Single Family Detached Lots and some are not, the Administrator shall (i) break out the Net Taxable Acreage of Low Density Residential Property and/or Village Residential Property separately from the Net Taxable Acreage of other Land Use Classes, (ii) for the Low Density Residential Property and/or Village Residential Property created by the Subdivision Map, apply the steps in Section C.2a to determine the Maximum Special Taxes for each Single Family Detached Lot, and (iii) apply the steps in Section C.2b above to determine the Maximum Special Taxes for Land Use Classes other than Low Density Residential Property and Village Residential Property.

If, after subdivision of an Original Parcel, a Successor Parcel is further subdivided, the Successor Parcel shall be treated as an Original Parcel for purposes of allocating Maximum Special Taxes pursuant to Section C.2a, C.2b, or C.2c, as appropriate.

After each reallocation of the Maximum Special Taxes upon subdivision or reconfiguration of Original Parcels, the sum of the Maximum Special Taxes assigned to Successor Parcels shall never be less, but may be more, than the Maximum Special Taxes assigned to the Original Parcels prior to such reallocation.

D. ESCALATION OF MAXIMUM SPECIAL TAXES

1. One-Time Facilities Special Tax

Beginning in January 2005 and each January thereafter, the Maximum One-Time Facilities Special Tax assigned to each Parcel and the Per-Acre Special Tax shown in Table 1 above shall be adjusted annually by the greater of (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or (ii) four percent (4.0%). Each annual adjustment of the One-Time Facilities Special Tax shall become effective on the subsequent July 1.

2. Annual Facilities Special Tax

Beginning in Fiscal Year 2005-06, and each Fiscal Year thereafter, the Maximum Annual Facilities Special Tax assigned to each Parcel and the Per-Acre Special Tax shown in Table 1 above shall be increased by two percent (2%) of the amount in effect in the prior Fiscal Year.

3. Annual Maintenance Special Tax

Beginning in January 2005 and each January thereafter, the Maximum Annual Maintenance Special Tax assigned to each Parcel and the Per-Acre Special Tax shown in Table 1 above shall be adjusted annually by the greater of (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not

available, or (ii) four percent (4.0%). Each annual adjustment of the Maximum Annual Maintenance Special Tax shall become effective on the subsequent July 1.

E. METHOD OF LEVY OF THE SPECIAL TAX

1. One-Time Facilities Special Tax

The Maximum One-Time Facilities Special Tax determined pursuant to Sections C and D above shall be levied on all Taxable Property in CFD No. 2004-1 and shall be collected as set forth in Section F below.

2. Annual Facilities Special Tax

Commencing with Fiscal Year 2004-05 and for each following Fiscal Year, the Administrator shall determine the Annual Facilities Special Tax Requirement for the Fiscal Year. The Annual Facilities Special Tax shall then be levied on all Parcels of Taxable Property in CFD No. 2004-1 as follows:

Step 1: The Annual Facilities Special Tax shall be levied Proportionately on each Parcel of Developed Property within the CFD up to 100% of the Maximum Annual Facilities Special Tax for each Parcel for such Fiscal Year until the amount levied on Developed Property is equal to the Special Tax Requirement prior to applying any Capitalized Interest that is available in the CFD accounts;

Step 2: If additional revenue is needed after Step 1, and after applying Capitalized Interest to the Annual Facilities Special Tax Requirement, the Annual Facilities Special Tax shall be levied Proportionately on each Assessor's Parcel of Undeveloped Property within the CFD, up to 100% of the Maximum Annual Facilities Special Tax for each Parcel of Undeveloped Property for such Fiscal Year;

Step 3: If additional revenue is needed after applying the first two steps, the Annual Facilities Special Tax shall be levied Proportionately on each Assessor's Parcel of Taxable Public Property, up to 100% of the Maximum Annual Facilities Special Tax assigned to each Parcel of Taxable Public Property.

3. Annual Maintenance Special Tax

Commencing with Fiscal Year 2004-05 and for each following Fiscal Year, the Administrator shall determine the Maintenance Special Tax Requirement for the Fiscal Year. The Annual Maintenance Special Tax shall then be levied on all Parcels of Taxable Property as follows:

Step 1: The Annual Maintenance Special Tax shall be levied Proportionately on each Parcel of Developed Property within the CFD up to 100% of the Maximum Annual Maintenance Special Tax for each Parcel for such Fiscal Year;

Step 2: If additional revenue is needed after Step 1, the Annual Maintenance Special Tax shall be levied Proportionately on each Assessor's Parcel of Undeveloped Property within the CFD, up to 100% of the Maximum Annual Maintenance Special Tax for each Parcel of Undeveloped Property for such Fiscal Year;

Step 3: If additional revenue is needed after applying the first two steps, the Annual Maintenance Special Tax shall be levied Proportionately on each Assessor's Parcel of Taxable Public Property, up to 100% of the Maximum Annual Maintenance Special Tax assigned to each Parcel of Taxable Public Property.

F. COLLECTION OF SPECIAL TAX

The Maximum One-Time Facilities Special Tax shall be collected prior to a building permit being issued for new construction of any residential or non-residential structure on Taxable Property within CFD No. 2004-1, and shall be immediately delinquent if not so paid.

The Annual Facilities Special Tax and Annual Maintenance Special Tax for CFD No. 2004-1 shall be collected in the same manner and at the same time as ordinary *ad valorem* property taxes, provided, however, that prepayments are permitted as set forth in Section H below and provided further that the City may directly bill, collect at a different time or in a different manner, and/or collect delinquent Annual Facilities Special Taxes and Annual Maintenance Special Taxes through foreclosure or other available methods.

The Annual Facilities Special Tax shall be levied and collected until principal and interest on Bonds have been repaid, costs of constructing or acquiring Authorized Facilities from Annual Facilities Special Tax proceeds have been paid, and all Administrative Expenses have been reimbursed. However, in no event shall an Annual Facilities Special Tax be levied after Fiscal Year 2060-61. The Annual Maintenance Special Tax will continue to be levied and collected unless and until the City determines that the Annual Maintenance Special Tax no longer needs to be levied to pay Authorized Services of the CFD and all Administrative Expenses have been reimbursed. Under no circumstances may the Annual Facilities Special Tax on one Parcel in the CFD be increased by more than ten percent (10%) as a consequence of delinquency or default in payment of the Annual Facilities Special Tax levied on another Parcel or Parcels in the CFD.

G. EXEMPTIONS

Notwithstanding any other provision of this Rate and Method of Apportionment of Special Taxes, no Special Taxes shall be levied on Public Property, except Taxable Public Property, as defined herein.

H. PREPAYMENT OF SPECIAL TAX

The following definitions apply to this Section H:

“Outstanding Bonds” means all Previously Issued Bonds which remain outstanding, with the following exception: if an Annual Facilities Special Tax has been levied against, or already paid by, an Assessor’s Parcel making a prepayment, and a portion of the Annual Facilities Special Tax will be used to pay a portion of the next principal payment on the Bonds that remain outstanding (as determined by the Administrator), that next principal payment shall be subtracted from the total Bond principal that remains outstanding, and the difference shall be used as the amount of Outstanding Bonds for purposes of this prepayment formula.

“Previously Issued Bonds” means all Bonds that have been issued on behalf of the CFD prior to the date of prepayment.

“Public Facilities Requirements” means either \$14,100,000 in 2004 dollars, which shall increase on January 1, 2005, and on each January 1 thereafter by the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or such other number as shall be determined by the City as sufficient to fund Authorized Facilities. The Public Facilities Requirements shown above shall be adjusted or a separate Public Facilities Requirements identified each time property annexes into CFD No. 2004-1; at no time shall the added Public Facilities Requirement for the annexation area exceed the amount of public improvement costs that are expected to be supportable by the Maximum Annual Facilities Special Tax generated within that annexation area.

“Remaining Facilities Costs” means the Public Facilities Requirements (as defined above), minus costs of Authorized Facilities funded by Outstanding Bonds (as defined above), developer equity, and/or any other source of funding.

The Annual Facilities Special Tax obligation applicable to an Assessor’s Parcel in the CFD may be prepaid and the obligation of the Assessor’s Parcel to pay the Annual Facilities Special Tax permanently satisfied as described herein, provided that a prepayment may be made only if there are no delinquent Annual Facilities Special Taxes with respect to such Assessor’s Parcel at the time of prepayment. The Annual Maintenance Special Tax may not be prepaid. An owner of an Assessor’s Parcel intending to prepay the Annual Facilities Special Tax obligation shall provide the City with written notice of intent to prepay. Within 30 days of receipt of such written notice, the City or its designee shall notify such owner of the prepayment amount for such Assessor’s Parcel. Prepayment must be made not less than 75 days prior to any redemption date for Bonds to be redeemed with the proceeds of such prepaid Annual Facilities Special Taxes. The Prepayment Amount shall be calculated as follows: (capitalized terms as defined below):

	Bond Redemption Amount
plus	Remaining Facilities Amount
plus	Redemption Premium
plus	Defeasance Requirement
plus	Administrative Fees and Expenses
less	<u>Reserve Fund Credit</u>
equals	Prepayment Amount

As of the proposed date of prepayment, the Prepayment Amount shall be determined by application of the following steps:

- Step 1.** Compute the total Maximum Annual Facilities Special Tax that could be collected from the Assessor’s Parcel prepaying the Annual Facilities Special Tax in the Fiscal Year in which prepayment would be received by the City.
- Step 2.** Divide the Maximum Annual Facilities Special Tax from Step 1 by the total amount that could be collected if the Maximum Annual Facilities Special Tax was levied on all Parcels of Taxable Property in the CFD.
- Step 3.** Multiply the quotient computed pursuant to Step 2 by the Outstanding Bonds to compute the amount of Outstanding Bonds to be retired and prepaid (*the “Bond Redemption Amount”*).
- Step 4.** Compute the current Remaining Facilities Costs (if any).
- Step 5.** Multiply the quotient computed pursuant to Step 2 by the amount determined pursuant to Step 4 to compute the amount of Remaining Facilities Costs to be prepaid (*the “Remaining Facilities Amount”*).
- Step 6.** Multiply the Bond Redemption Amount computed pursuant to Step 3 by the applicable redemption premium, if any, on the Outstanding Bonds to be redeemed (*the “Redemption Premium”*).
- Step 7.** Compute the amount needed to pay interest on the Bond Redemption Amount starting with the first Bond interest payment date after which the prepayment has been received until the earliest redemption date for the Outstanding Bonds, which, depending on the Bond offering document, may be as early as the next interest payment date.
- Step 8:** Compute the amount of interest the City reasonably expects to derive from reinvestment of the Bond Redemption Amount plus the Redemption Premium from the first Bond

interest payment date after which the prepayment has been received until the redemption date for the Outstanding Bonds.

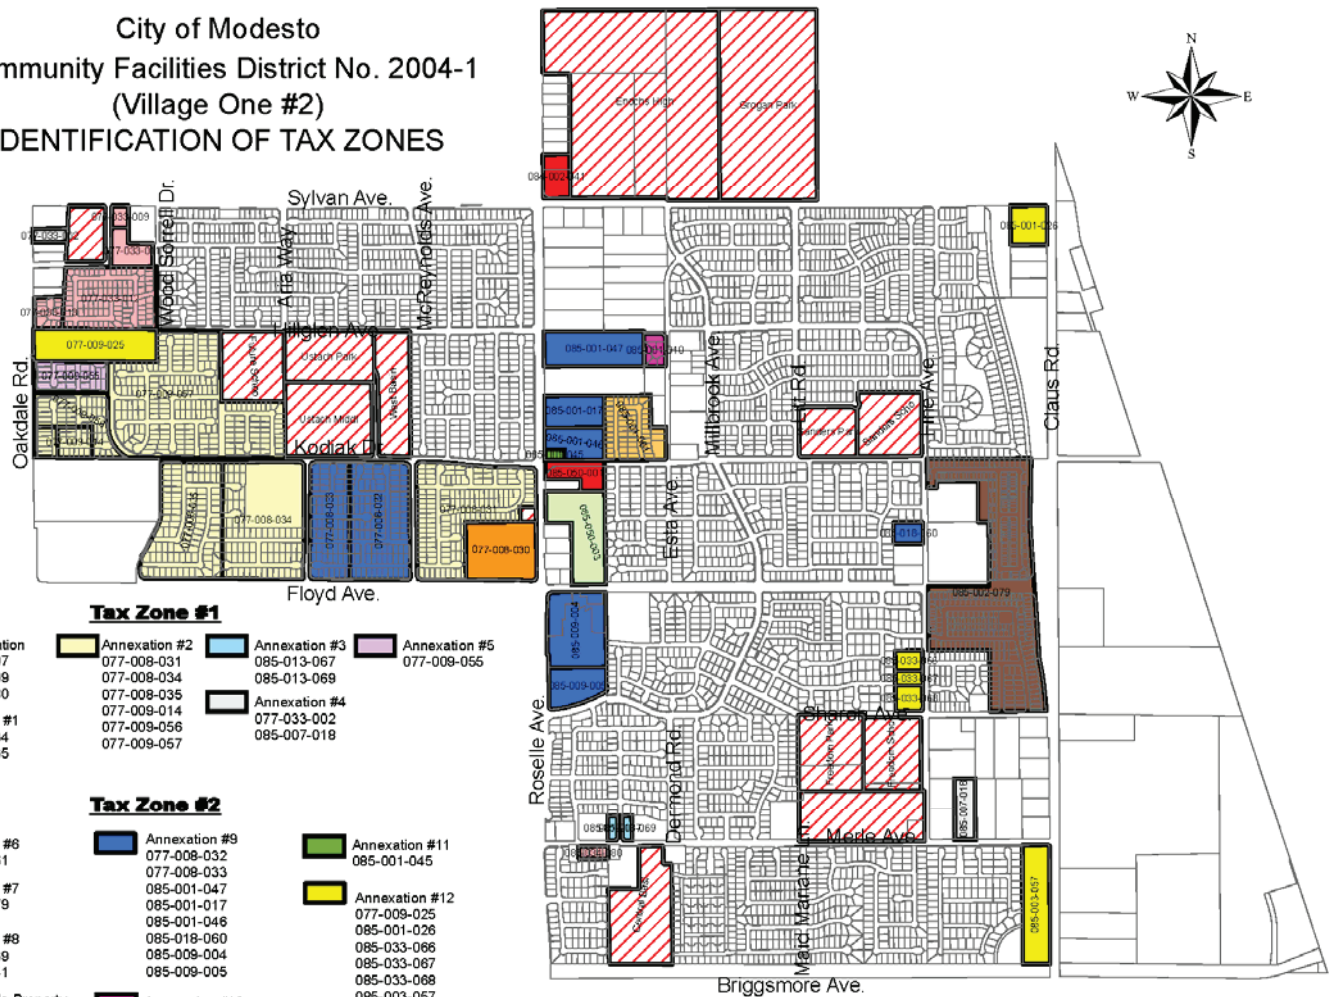

- Step 9:** Take the amount computed pursuant to Step 7 and subtract the amount computed pursuant to Step 8 (*the “Defeasance Requirement”*).
- Step 10.** Determine the costs of computing the prepayment amount, the costs of redeeming Bonds, and the costs of recording any notices to evidence the prepayment and the redemption (*the “Administrative Fees and Expenses”*).
- Step 11.** If and to the extent so provided in the indenture pursuant to which the Outstanding Bonds to be redeemed were issued, a reserve fund credit shall be calculated as a reduction in the applicable reserve fund for the Outstanding Bonds to be redeemed pursuant to the prepayment (*the “Reserve Fund Credit”*).
- Step 12.** The Annual Facilities Special Tax prepayment is equal to the sum of the amounts computed pursuant to Steps 3, 5, 6, 9, and 10, less the amount computed pursuant to Step 11 (*the “Prepayment Amount”*).

If an owner that has prepaid the Annual Facilities Special Tax obligation assigned to a Parcel subsequently rezones the Parcel to a Land Use Class that has a higher Per-Acre Annual Facilities Special Tax, the City may in its sole discretion and as a condition of approval of the rezoning, collect the additional Annual Facilities Special Tax prepayment that would have applied had the Parcel been rezoned at the time of the original prepayment for the Parcel.

I. INTERPRETATION OF SPECIAL TAX FORMULA

The City reserves the right to make minor administrative and technical changes to this document that does not materially affect the Rate and Method of Apportionment of Special Taxes. In addition, the interpretation and application of any section of this document shall be left to the City’s discretion. Interpretations may be made by the City by ordinance or resolution for purposes of clarifying any vagueness or ambiguity in this Rate and Method of Apportionment of Special Taxes.

Re: \$_____ *City of Modesto Community Facilities District No. 2004-1 (Village One #2)*
 2014 Special Tax Refunding Bonds

Ladies and Gentlemen:

We have examined the Constitution and the laws of the State of California, a certified record of the proceedings of the City of Modesto taken in connection with the formation of the City of Modesto Community Facilities District No. 2004-1 (Village One #2) (the “District”) and the authorization and issuance of the District’s 2014 Special Tax Refunding Bonds in the aggregate principal amount of \$_____ (the “Bonds”) and such other information and documents as we consider necessary to render this opinion. In rendering this opinion, we have relied upon certain representations of fact and certifications made by the District, the initial purchasers of the Bonds and others. We have not undertaken to verify through independent investigation the accuracy of the representations and certifications relied upon by us.

The Bonds have been issued pursuant to the Mello-Roos Community Facilities Act of 1982, as amended (comprising Chapter 2.5 of Part 1 of Division 2 of Title 5 of the Government Code of the State of California), Resolution No. 2014-272 (the “Resolution of Issuance”), adopted by the City Council (the “City Council”) of the City of Modesto (the “City”) on July 1, 2014, and by a Trust Indenture dated as of July 1, 2014 (the “Indenture”), by and between the City and The Bank of New York Mellon Trust Company, N.A., as Trustee. All capitalized terms not defined herein shall have the meanings set forth in the Indenture.

The Bonds are dated the date of delivery and mature on the dates and in the amounts set forth in the Indenture. The Bonds bear interest payable semiannually on each September 1 and March 1, commencing on March 1, 2015, at the rates per annum set forth in the Indenture. The Bonds are registered Bonds in the form set forth in the Indenture redeemable in the amounts, at the times and in the manner provided for in the Indenture.

Based upon our examination of the foregoing, and in reliance thereon and on all matters of fact as we deem relevant under the circumstances, and upon consideration of applicable laws, we are of the opinion that:

(1) The Bonds have been duly and validly authorized by the District and are legal, valid and binding limited obligations of the District, enforceable in accordance with their terms and the terms of the Indenture, except to the extent that enforceability may be limited by bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance or transfer or other laws affecting creditors’ rights generally, by the exercise of judicial discretion in accordance with general principles of equity or otherwise in appropriate cases and by limitations on remedies against public agencies in the State of California. The Bonds are limited obligations of the District but are not a debt of the City, the State of California or any other political subdivision thereof within the meaning of any constitutional or statutory limitation, and, except for the Special Taxes, neither the faith and credit nor the taxing power of the City, the State of California, or any of its political subdivisions is pledged for the payment thereof.

(2) The Indenture has been duly executed and delivered by the City Council on behalf of the District. The Indenture creates a valid pledge of, and the Bonds are secured by the Net Special Taxes and the amounts on deposit in certain funds and accounts established under the Indenture, as and to the extent provided in the Indenture. The Indenture is enforceable in accordance with its terms, except as the same may be limited by bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance or transfer or other similar laws affecting creditors' rights generally, by the exercise of judicial discretion in accordance with general principles of equity or otherwise in appropriate cases and by limitations on remedies against public agencies in the State of California; provided, however, we express no opinion as to the enforceability of the covenant of the District contained in the Indenture to levy Special Taxes for the payment of Administrative Expenses or as to any indemnification, penalty, contribution, choice of law, choice of forum or waiver provisions contained therein.

(3) Under existing statutes, regulations, rulings and judicial decisions, interest (and original issue discount) on the Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of calculating the federal alternative minimum tax imposed on individuals and corporations; however, it should be noted that, with respect to corporations, such interest (and original issue discount) will be included as an adjustment in the calculation of alternative minimum taxable income, which may affect the alternative minimum tax liability of corporations.

(4) Interest (and original issue discount) on the Bonds is exempt from State of California personal income tax.

(5) The difference between the issue price of a Bond (the first price at which a substantial amount of the Bonds of a maturity are to be sold to the public) and the stated redemption price at maturity with respect to such Bond constitutes original issue discount. Original issue discount accrues under a constant yield method, and original issue discount will accrue to a Bond owner before receipt of cash attributable to such excludable income. The amount of original issue discount deemed received by a Bond owner will increase the Bond owner's basis in the applicable Bond. Original issue discount that accrues for the Bond owner is excluded from the gross income of such owner for federal income tax purposes, is not an item of tax preference for purposes of calculating the federal alternative minimum tax imposed on individuals or corporations (as described in paragraph (3) above) and is exempt from State of California personal income tax.

(6) The amount by which a Bond owner's original basis for determining loss on sale or exchange in the applicable Bond (generally the purchase price) exceeds the amount payable on maturity (or on an earlier call date) constitutes amortizable Bond premium which must be amortized under Section 171 of the Code; such amortizable Bond premium reduces the Bond owner's basis in the applicable Bond (and the amount of tax-exempt interest received), and is not deductible for federal income tax purposes. The basis reduction as a result of the amortization of Bond premium may result in a Bond owner realizing a taxable gain when a Bond is sold by the owner for an amount equal to or less (under certain circumstances) than the original cost of the Bond to the owner.

The opinion expressed in paragraphs (3) and (5) above as to the exclusion from gross income for federal income tax purposes of interest (and original issue discount) on the Bonds is subject to the condition that the District complies with all requirements of the Internal Revenue Code of 1986, as amended (the "Code"), that must be satisfied subsequent to the issuance of the Bonds to assure that such interest (and original issue discount) will not become includable in gross income for federal income tax purposes. Failure to comply with such requirements of the Code might cause interest (and original issue discount) on the Bonds to be included in gross income for federal income tax purposes retroactive to the date of issuance of the Bonds. The District has covenanted to comply with all such requirements. Except as set forth in paragraphs (3), (4), (5) and (6) above, we express no opinion as to any tax consequences related to the Bonds.

Certain agreements, requirements and procedures contained or referred to in the Indenture, the Tax Certificate executed by the District and other documents related to the Bonds may be changed and certain actions may be taken or omitted, under the circumstances and subject to the terms and conditions set forth in

such documents. We express no opinion as to the effect on the exclusion from gross income for federal income tax purposes of interest (and original issue discount) on any Bond if any such change occurs or action is taken or omitted upon advice or approval of bond counsel other than Stradling Yocca Carlson & Rauth, a Professional Corporation.

Our opinion is limited to matters governed by the laws of the State of California and federal law. We assume no responsibility with respect to the applicability or the effect of the laws of any other jurisdiction and express no opinion as to the enforceability of the choice of law provisions contained in the Indenture.

The opinions expressed herein are based upon an analysis of existing statutes, regulations, rulings and judicial decisions and cover certain matters not directly addressed by such authorities.

We call attention to the fact that the foregoing opinions may be affected by actions taken (or not taken) or events occurring (or not occurring) after the date hereof. We have not undertaken to determine, or to inform any person, whether such actions or events are taken (or not taken) or do occur (or do not occur). Our engagement with respect to the Bonds terminates upon their issuance, and we disclaim any obligation to update the matters set forth herein.

We express no opinion herein as to the accuracy, completeness or sufficiency of the Official Statement or other offering material relating to the Bonds and expressly disclaim any duty to advise the owners of the Bonds with respect to matters contained in the Official Statement or other offering material.

Respectfully submitted,

Except for the Special Taxes, no other taxes are pledged to the payment of the Bonds. The Bonds are not general or special obligations of the City or general obligations of the District, but are limited obligations of the District payable solely from certain amounts deposited by the District in the Special Tax Fund, as more fully described in the Indenture. The District’s limited obligation to pay the principal of, premium, if any, and interest on the Bonds from amounts in the Special Tax Fund is absolute and unconditional, free of deductions and without any abatement, offset, recoupment, diminution or set-off whatsoever. No Owner of the Bonds may compel the exercise of the taxing power by the District (except as pertains to the Special Taxes) or the City or the forfeiture of any of their property. The principal of and interest on the Bonds and premiums upon the redemption thereof, if any, are not a debt of the City, the State of California or any of its political subdivisions within the meaning of any constitutional or statutory limitation or restriction. The Bonds are not a legal or equitable pledge, charge, lien, or encumbrance upon any of the District’s property, or upon any of its income, receipts or revenues, except the Net Special Taxes and other amounts in the Special Tax Fund which are, under the terms of the Indenture and the Act, set aside for the payment of the Bonds and interest thereon and neither the members of the legislative body of the District or the City Council of the City nor any persons executing the Bonds, are liable personally on the Bonds, by reason of their issuance.

Notwithstanding anything to the contrary contained in the Indenture, the District shall not be required to advance any money derived from any source of income other than the Net Special Taxes for the payment of the interest on or the principal of the Bonds or for the performance of any covenants contained in the

Indenture. The District may, however, advance funds for any such purpose, provided that such funds are derived from a source legally available for such purpose.

Equality of Bonds and Pledge of Net Special Taxes. Subject only to the provisions of the Indenture permitting the application thereof for the purposes and on the terms and conditions set forth therein, in order to secure the payment of the principal of and interest on the Bonds in accordance with their terms, the provisions of the Indenture and the Act, the District pledges to the Owners, and grants thereto a lien on and a security interest in, all of the Net Special Taxes and any other amounts held in the Special Tax Fund. Said pledge shall constitute a first lien on and security interest in such assets, which shall immediately attach to such assets and be effective, binding and enforceable against the District, its successors, purchasers of any of such assets, creditors and all others asserting rights therein, to the extent set forth in, and in accordance with, the Indenture, irrespective of whether those parties have notice of the pledge of, lien on and security interest in such assets and without the need for any physical delivery, recordation, filing or further act.

Pursuant to the Act and the Indenture, the Bonds shall be equally payable from the Net Special Taxes and other amounts in the Special Tax Fund, without priority for number, date of the Bonds, date of sale, date of execution, or date of delivery, and the payment of the interest on and principal of the Bonds and any premiums upon the redemption thereof, shall be exclusively paid from the Net Special Taxes and other amounts in the Special Tax Fund, which are hereby set aside for the payment of the Bonds. Amounts in the Special Tax Fund shall constitute a trust fund held for the benefit of the Owners to be applied to the payment of the interest on and principal of the Bonds and so long as any of the Bonds or interest thereon remain Outstanding shall not be used for any other purpose, except as permitted by the Indenture or any Supplemental Indenture. Notwithstanding any provision contained in the Indenture to the contrary, Net Special Taxes deposited in the Rebate Fund or the Surplus Fund shall no longer be considered to be pledged to the Bonds, and none of the Rebate Fund, the Costs of Issuance Fund, the Surplus Fund or the Administration Fund shall be construed as a trust fund held for the benefit of the Owners.

Nothing in the Indenture or any Supplemental Indenture shall preclude, subject to the limitations contained under the Indenture, the redemption prior to maturity of any Bonds subject to call and redemption and payment of said Bonds from proceeds of refunding bonds issued under the Act as the same now exists or as hereafter amended, or under any other law of the State of California.

The District and the Trustee may rely on the address of the Bondowner as it appears in the Bond Register for any and all purposes. It shall be the duty of the Bondowner to give written notice to the Trustee of any change in the Bondowner's address so that the Bond Register may be revised accordingly.

Registration of Exchange or Transfer. Subject to the limitations of the following paragraph, the registration of any Bond may, in accordance with its terms, be transferred upon the Bond Register by the person in whose name it is registered, in person or by his or her duly authorized attorney, upon surrender of such Bond for cancellation at the Corporate Trust Office of the Trustee, accompanied by delivery of a written instrument of transfer in a form approved by the Trustee and duly executed by the Bondowner or his or her duly authorized attorney.

Bonds may be exchanged at the Corporate Trust Office of the Trustee for a like aggregate principal amount of Bonds for other authorized denominations of the same maturity and issue. The Trustee shall not collect from the Owner any charge for any new Bond issued upon any exchange or transfer, but shall require the Bondowner requesting such exchange or transfer to pay any tax or other governmental charge required to be paid with respect to such exchange or transfer. Whenever any Bonds shall be surrendered for registration of transfer or exchange, the District shall execute and the Trustee shall authenticate and deliver a new Bond or Bonds, as applicable, of the same issue and maturity, for a like aggregate principal amount; provided that the Trustee shall not be required to register transfers or make exchanges of (i) Bonds for a period of 15 days next preceding any selection of the Bonds to be redeemed; or (ii) any Bonds chosen for redemption.

If any Bond shall become mutilated, the District, at the expense of the Bondowner, shall execute, and the Trustee shall authenticate and deliver, a new Bond of like tenor, date, issue and maturity in exchange and substitution for the Bond so mutilated, but only upon surrender to the Trustee of the Bond so mutilated. Every mutilated Bond so surrendered to the Trustee shall be cancelled by the Trustee pursuant to the Indenture. If any Bond shall be lost, destroyed or stolen, evidence of such loss, destruction or theft may be submitted to the Trustee and, if such evidence is satisfactory to the Trustee and, if any indemnity satisfactory to the Trustee shall be given, the District, at the expense of the Bondowner, shall execute and the Trustee shall authenticate and deliver, a new Bond of like tenor, maturity and issue, numbered and dated as the Trustee shall determine in lieu of and in substitution for the Bond so lost, destroyed or stolen. Any Bond issued in lieu of any Bond alleged to be mutilated, lost, destroyed or stolen, shall be equally and proportionately entitled to the benefits of the Indenture with all other Bonds issued under the Indenture. The Trustee shall not treat both the original Bond and any replacement Bond as being Outstanding for the purpose of determining the principal amount of Bonds which may be executed, authenticated and delivered under the Indenture or for the purpose of determining any percentage of Bonds Outstanding under the Indenture, but both the original and replacement Bond shall be treated as one and the same. Notwithstanding any other provision of the Indenture, in lieu of delivering a new Bond which has been mutilated, lost, destroyed or stolen, and which has matured, the Trustee may make payment with respect to such Bonds upon receipt of indemnification satisfactory to the Trustee.

Validity of Bonds. The validity of the authorization and issuance of the Bonds shall not be affected in any way by any defect in any proceedings taken by the District and the recital contained in the Bonds that the same are issued pursuant to the Act and other applicable laws of the State shall be conclusive evidence of their validity and of the regularity of their issuance.

(c) Survival of Defeasance and Final Payment. Notwithstanding anything in the Indenture to the contrary, the obligation to comply with the requirements of the Indenture shall survive the defeasance and final payment of the Bonds.

(d) Amendment Without Consent of Owners. This section of the Indenture may be deleted or amended in any manner without the consent of the Owners, provided that prior to such event there is delivered to the District an opinion of Bond Counsel to the effect that such deletion or amendment will not adversely affect the exclusion from gross income for federal income tax purposes of interest on the Bonds issued on a tax exempt basis. Notwithstanding any provision of the Indenture, if the District shall provide to the Trustee an opinion of a nationally recognized bond or tax counsel that any specified action required under the Indenture is no longer required or that some further or different action is required to maintain the tax-exempt status of interest on the Bonds, the Trustee and the District may conclusively rely on such opinion in complying with

the requirements of this paragraph, and the covenants under the Indenture shall be deemed to be modified to that extent.

Costs of Issuance Fund.

(a) The moneys in the Costs of Issuance Fund shall be applied exclusively to pay the Costs of Issuance for the Bonds. Amounts for Costs of Issuance shall be disbursed from the Costs of Issuance Fund by the Trustee only upon receipt of a sequentially numbered written requisition, substantially in the form attached to the Indenture from the Director of Finance or such other person as is designated in writing to the Trustee by the legislative body of the District.

(b) Upon the receipt of a Certificate of an Authorized Officer that all or a specified portion of the amount remaining in the Costs of Issuance Fund is no longer needed to pay Costs of Issuance, respectively, the Trustee shall transfer all or such specified portion of the moneys remaining on deposit in such account to the Debt Service Account of the Special Tax Fund. Any moneys remaining in the Cost of Issuance Fund on December 1, 2014 shall be transferred to the Debt Service Account of the Special Tax Fund.

Surplus Fund. There is created and established under the Indenture the “Surplus Fund,” to be held by the Director of Finance. After making the transfers required by the Indenture, as soon as practicable after each September 1, the Trustee shall transfer all remaining amounts in the Special Tax Fund to the District for deposit in the Surplus Fund. Moneys deposited in the Surplus Fund may be transferred by the District (i) to the Trustee for deposit in the Debt Service Account of the Special Tax Fund to pay the principal of, including Sinking Fund Payments, and interest on the Bonds when due in the event that moneys in the Special Tax Fund and the Reserve Account of the Special Tax Fund are insufficient therefor, (ii) to the Trustee for deposit in the Reserve Account in order to replenish the Reserve Account to the Reserve Requirement, (iii) to the Administration Fund to pay Administrative Expenses to the extent that the amounts on deposit in the Administration Fund are insufficient to pay Administrative Expenses, or (iv) may be used by the District for any other lawful purpose of the District.

The amounts in the Surplus Fund are not pledged to the repayment of the Bonds and may be used by the District for any lawful purpose. In the event that the District reasonably expects to use any portion of the moneys in the Surplus Fund to pay debt service on any Outstanding Bonds, the District shall segregate such amount into a separate subaccount and the moneys on deposit in such subaccount of the Surplus Fund shall be invested in Authorized Investments the interest on which is excludable from gross income under Section 103 of the Code (other than bonds the interest on which is a tax preference item for purposes of computing the alternative minimum tax of individuals and corporations under the Code) or in Authorized Investments at a Yield not in excess of the Yield on the Bonds, unless, in the opinion of Bond Counsel, investment at a higher Yield will not adversely affect the exclusion from gross income for federal income tax purposes of interest on the Bonds then Outstanding.

Investments. Moneys held in any of the Funds and Accounts under the Indenture shall be invested by the Trustee at the written direction of the District in accordance with the limitations set forth below only in Authorized Investments which shall be deemed at all times to be a part of such Funds and Accounts. Any loss resulting from such Authorized Investments shall be charged to the Fund or Account from which such investment was made, and any investment earnings on a Fund or Account shall be applied as follows: (i) investment earnings on all amounts deposited in the Costs of Issuance Fund shall be deposited in that Fund, (ii) investment earnings on all amounts in the Rebate Fund shall be deposited in that Fund, (iii) investment earnings on all amounts deposited in the Reserve Account of the Special Tax Fund shall be used to satisfy the Reserve Requirement and any investment earnings not needed to satisfy the Reserve Requirement shall be withdrawn from the Reserve Account one (1) Business Day before each Interest Payment Date and transferred to the Debt Service Account as provided in the Indenture; and (iv) all other investment earnings shall be deposited in the Debt Service Account of the Special Tax Fund. Moneys in the Funds and Accounts held under the Indenture may be invested by the Trustee, upon the written direction of the District, from time to

time, in Authorized Investments which written direction shall be made in accordance with the following restrictions:

(a) Moneys in the Accounts within the Costs of Issuance Fund shall be invested in Authorized Investments which will by their terms mature, as close as practicable to the date the District estimates the moneys represented by the particular investment will be needed for withdrawal from the Costs of Issuance Fund.

(b) Moneys in the Debt Service Account of the Special Tax Fund shall be invested only in Authorized Investments which will by their terms mature or are available for withdrawal without penalty, on such dates so as to ensure the payment of principal of, premium, if any, and interest on the Bonds as the same become due.

(c) One-half of the amount in the Reserve Account of the Special Tax Fund may be invested only in Authorized Investments which mature not later than six (6) months from their date of purchase by the Trustee, and one-half of such amount shall be invested in Authorized Investments which mature not more than two (2) years from the date of purchase by the Trustee; provided that such amounts may be invested in an investment or repurchase agreement so long as such amounts may be withdrawn at any time, without penalty, for application in accordance with the Indenture; and provided that no such Authorized Investment of amounts in the Reserve Account allocable to the Bonds shall mature later than the respective final maturity date of the Bonds to which such amounts relate.

(d) Moneys in the Rebate Fund shall be invested only in Authorized Investments of the type described in clause (a) of the definition in the Indenture which by their terms will mature, as nearly as practicable, on the dates such amounts are needed to be paid to the United States Government pursuant to the Indenture.

The Trustee, at the direction of the District, shall sell, or present for redemption, any Authorized Investments so purchased whenever it may be necessary to do so in order to provide moneys to meet any payment or transfer to such Funds and Accounts or from such Funds and Accounts. For the purpose of determining at any given time the balance in any such Funds and Accounts, any such investments constituting a part of such Funds and Accounts shall be valued at their cost, except that amounts in the Reserve Account shall be valued at the market value in the Indenture at least semiannually on or before each Interest Payment Date. In making any valuations under the Indenture, the Trustee may utilize such computerized securities pricing services as may be available to it, including, without limitation, those available through its regular accounting system, and conclusively rely thereon. Notwithstanding anything in the Indenture to the contrary, the Trustee shall not be responsible for any loss from investments, sales or transfers undertaken in accordance with the provisions of the Indenture.

The Trustee may act as principal or agent in the making or disposing of any investment and shall be entitled to its customary fee for making such investment. The Trustee may sell at the best market price obtainable, or present for redemption, any Authorized Investment so purchased whenever it shall be necessary to provide moneys to meet any required payment, transfer, withdrawal or disbursement from the Fund or Account to which such Authorized Investment is credited, and, subject to the provisions of the Indenture, the Trustee shall not be liable or responsible for any loss resulting from such investment. For investment purposes, the Trustee may commingle the funds and accounts established under the Indenture, but shall account for each separately. In the absence of written investment direction the Trustee shall invest solely in Authorized Investments set forth in (c) of the definition in the Indenture.

The District acknowledges that regulations of the Comptroller of the Currency grant the District the right to receive brokerage confirmations of security transactions to be effected by the Trustee under the Indenture as they occur. The District specifically waives the right to receive such confirmations to the extent permitted by applicable law and agrees that it will instead receive periodic cash transaction statements which

include detail for the investment transactions effected by the Trustee under the Indenture; provided, however, that the District retains its right to receive brokerage confirmation on any investment transaction requested by the District.

COVENANTS AND WARRANTY

Warranty. The District shall preserve and protect the security pledged under the Indenture to the Bonds against all claims and demands of all persons.

Covenants. So long as any of the Bonds issued under the Indenture are Outstanding and unpaid, the District makes the following covenants with the Bondowners under the provisions of the Act and the Indenture (to be performed by the District or its proper officers, agents or employees), which covenants are necessary and desirable to secure the Bonds and tend to make them more marketable; provided, however, that said covenants do not require the District to expend any funds or moneys other than the Special Taxes and other amounts deposited to the Special Tax Fund:

Punctual Payment; Against Encumbrances. The District covenants that it will receive all Gross Taxes in trust and will deposit the Gross Taxes with the Trustee, as provided in the Indenture, and the District shall have no beneficial right or interest in the amounts so deposited except as provided by the Indenture. All such Gross Taxes shall be disbursed, allocated and applied solely to the uses and purposes set forth in the Indenture, and shall be accounted for separately and apart from all other money, funds, accounts or other resources of the District. Notwithstanding the provisions of this paragraph, as set forth in the Indenture, the District shall have the right to accept less than the minimum bid on any delinquent parcel, and is indemnified from legal claim for Owners of the Bonds, if the City Council determines that the acceptance of less than the minimum bid or another action as described in the Indenture is in the best interest of the District.

The District covenants that it will duly and punctually pay or cause to be paid the principal of and interest on every Bond issued under the Indenture, together with the premium, if any, thereon on the date, at the place and in the manner set forth in the Bonds and in accordance with the Indenture to the extent that Net Special Taxes are available therefor, and that the payments into the Funds and Accounts created under the Indenture will be made, all in strict conformity with the terms of the Bonds and the Indenture, and that it will faithfully observe and perform all of the conditions, covenants and requirements of the Indenture and of the Bonds issued under the Indenture.

The District will not mortgage or otherwise encumber, pledge or place any charge upon any of the Gross Taxes, except as provided in the Indenture, and (except as set forth in the Indenture) will not issue any obligation or security having a lien or charge upon the Net Special Taxes superior to or on a parity with the Bonds. Nothing in the Indenture shall prevent the District from issuing or incurring indebtedness which is payable from a pledge of Special Taxes which is subordinate in all respects to the pledge of Net Special Taxes to repay the Bonds.

Levy and Collection of Special Tax. Subject to the maximum Special Tax rates, the District will comply with all requirements of the Act so as to assure the timely collection of the Special Taxes, including without limitation, the enforcement of delinquent Special Taxes.

On or before each June 1, commencing June 1, 2015, the Trustee shall provide a written notice to the District stating the amounts then on deposit in the various Funds and Accounts established by the Indenture. The receipt of such notice by the District shall in no way affect the obligations of the District under the following paragraphs. Upon receipt of a copy of such notice, the District shall communicate with the Treasurer or other appropriate official of the County of Stanislaus to ascertain the relevant parcels on which the Special Taxes are to be levied, taking into account any parcel splits during the preceding and then current year.

The District shall retain an Independent Financial Consultant to assist in the levy of the Special Taxes each Fiscal Year, commencing Fiscal Year 2014-15, in accordance with the Ordinance, such that the computation of the levy is complete before the final date on which the Treasurer of the County of Stanislaus will accept the transmission of the Special Tax amounts for the parcels within the District for inclusion on the next secured tax roll. Upon the completion of the computation of the amounts of the levy, and approval by the legislative body of the District, the District shall prepare or cause to be prepared, and shall transmit to the Treasurer of the County of Stanislaus, such data as the Treasurer of the County of Stanislaus requires to include the levy of the Special Taxes on the next secured tax roll.

The District shall fix and levy the amount of Special Taxes within the District required for the payment of principal of and interest on Outstanding Bonds becoming due and payable during the ensuing year including any necessary replenishment or expenditure of the Reserve Account for the Bonds, an amount equal to the estimated Administrative Expenses and any additional amounts necessary for expenses incurred in connection with administration or enforcement of delinquent Special Taxes. The District further covenants that it will take no actions that would discontinue or cause the discontinuance of the Special Tax levy or the District's authority to levy the Special Tax for so long as the Bonds are Outstanding, including the initiation of proceedings under the Act to reduce the Maximum Special Tax rates (the "Maximum Rates") on Taxable Property in the District below the amounts which are necessary to pay Administrative Expenses and to provide Special Taxes in an amount equal to one hundred ten percent (110%) of Maximum Annual Debt Service on the Outstanding Bonds.

The Special Taxes shall be payable and collected in the same manner and at the same time and in the same installment as the general taxes on real property are payable, and have the same priority, become delinquent at the same times and in the same proportionate amounts and bear the same proportionate penalties and interest after delinquency as do the general taxes on real property; provided, the legislative body of the District may provide for direct collection of the Special Taxes in certain circumstances.

The fees and expenses of the Independent Financial Consultant retained by the District to assist in computing the levy of the Special Taxes under the Indenture and any reconciliation of amounts levied to amount received, as well as the costs and expenses of the District (including a charge for District staff time) in conducting its duties under the Indenture, shall be an Administrative Expense under the Indenture.

Commence Foreclosure Proceedings. Pursuant to Section 53356.1 of the Act, the District covenants in the Indenture with and for the benefit of the Bondowners that it will order, and cause to be commenced, on or before October 1 of the Fiscal Year immediately following the Fiscal Year in which a delinquency in the payment of a Special Tax occurs, and thereafter diligently prosecute to judgment (unless such delinquency is theretofore brought current), an action in the superior court to foreclose the lien of any Special Tax or installment thereof not paid when due, provided that the District need not commence or pursue such proceedings with respect to any property owned by a single property owner who is delinquent in the payment of Special Taxes in an amount less than \$5,000 if both (i) the aggregate amount of such delinquent Special Taxes does not exceed 5% of the total Special Taxes due and payable for the Fiscal Year in question (ii) the balance on deposit in the Reserve Account of the Special Tax Fund is not less than the Reserve Requirement.

Special Taxes collected as a result of a foreclosure proceeding shall be deposited in the Special Tax Fund and only inure to the benefit of the Bonds in the manner provided in the Indenture.

Payment of Claims. The District will pay and discharge any and all lawful claims for labor, materials or supplies which, if unpaid, might become a lien or charge upon the Net Special Taxes or any part in the Indenture, or upon any funds in the hands of the Trustee, or which might impair the security of the Bonds then Outstanding; provided however that nothing in the Indenture contained shall require the District to make any such payments so long as the District in good faith shall contest the validity of any such claims.

Books and Accounts. The District will keep proper books of records and accounts, separate from all other records and accounts of the District, in which complete and correct entries shall be made of all transactions relating to the improvements constructed with the proceeds of bonded indebtedness issued by the District, the levy of the Special Tax and the deposits to the Special Tax Fund. Such books of records and accounts shall at all times during business hours be subject to the inspection of the Owners of not less than ten percent (10%) of the principal amount of the Bonds then Outstanding or their representatives authorized in writing.

Federal Tax Covenants. Notwithstanding any other provision of the Indenture, absent an opinion of Bond Counsel that the exclusion from gross income for federal income tax purposes of interest on the Bonds issued on a tax-exempt basis will not be adversely affected, the District covenants to comply with all applicable requirements of the Code necessary to preserve such exclusion from gross income and specifically covenants, without limiting the generality of the foregoing, as follows:

(1) Private Activity. The District will take no action or refrain from taking any action or make any use of the proceeds of the Bonds or of any other monies or property which would cause the Bonds issued on a tax-exempt basis for federal income tax purposes to be “private activity bonds” within the meaning of Section 141 of the Code.

(2) Arbitrage. The District will make no use of the proceeds of the Bonds or of any other amounts or property, regardless of the source, or take any action or refrain from taking any action which will cause the Bonds issued on a tax-exempt basis for federal income tax purposes to be “arbitrage bonds” within the meaning of Section 148 of the Code.

(3) Federal Guaranty. The District will make no use of the proceeds of the Bonds or take or omit to take any action that would cause the Bonds issued on a tax-exempt basis for federal income tax purposes to be “federally guaranteed” within the meaning of Section 149(b) of the Code.

(4) Information Reporting. The District will take or cause to be taken all necessary action to comply with the informational reporting requirement of Section 149(e) of the Code.

(5) Hedge Bonds. The District will make no use of the proceeds of the Bonds or any other amounts or property, regardless of the source, or take any action or refrain from taking any action that would cause the Bonds issued on a tax-exempt basis for federal income tax purposes to be considered “hedge bonds” within the meaning of Section 149(g) of the Code unless the District takes all necessary action to assure compliance with the requirements of Section 149(g) of the Code to maintain the exclusion from gross income for federal income tax purposes of interest on the Bonds.

(6) Miscellaneous. The District will take no action or refrain from taking any action inconsistent with its expectations stated in the Tax Certificate executed on the Delivery Date by the District in connection with the Bonds and will comply with the covenants and requirements stated in the Indenture and incorporated by reference in the Indenture.

(7) Other Tax Exempt Issues. The District will not use proceeds of other tax exempt securities to redeem any Bonds without first obtaining the written opinion of Bond Counsel that doing so will not impair the exclusion from gross income for federal income tax purposes of interest on the Bonds issued on a tax-exempt basis.

Covenants to Defend. The District covenants that, in the event that any initiative is adopted by the qualified electors in the District which purports to reduce the maximum Special Tax below the levels specified in the Indenture or to limit the power of the District to levy the Special Taxes for the purposes set forth in the Indenture, it will commence and pursue legal action in order to preserve its ability to comply with such covenants.

Limitation on Right to Tender Bonds. The District covenants that it will not adopt any policy pursuant to Section 53341.1 of the Act permitting the tender of Bonds in full payment or partial payment of any Special Tax unless the District shall have first received a certificate from an Independent Financial Consultant that the acceptance of such a tender will not result in the District having insufficient Special Tax revenues to pay the principal of and interest on the Bonds when due.

Continuing Disclosure Covenant. The District covenants and agrees that it will comply with and carry out all of its obligations under the Continuing Disclosure Agreement. Notwithstanding any other provision of the Indenture, failure of the District to comply with its obligations under the Continuing Disclosure Agreement shall not be considered an event of default under the Indenture, and the sole remedy, in the event of any failure of the District to comply with the Continuing Disclosure Agreement shall be an action to compel performance.

Opinions. In the event that an opinion is rendered by Bond Counsel as provided in the Indenture from a firm other than the firm which rendered the Bond Counsel opinion at closing, such subsequent opinion by Bond Counsel shall also include the conclusions set forth in numbered paragraphs 1, 2, 3 and 4 of the original Bond Counsel opinion.

AMENDMENTS TO INDENTURE

Supplemental Indentures or Orders Not Requiring Bondowner Consent. The District may from time to time, and at any time, without notice to or consent of any of the Bondowners, adopt Supplemental Indentures for any of the following purposes:

(a) to cure any ambiguity, to correct or supplement any provisions in the Indenture which may be inconsistent with any other provision in the Indenture, or to make any other provision with respect to matters or questions arising under the Indenture or in any Supplemental Indenture, provided that such action is not materially adverse to the interests of the Bondowners;

(b) to add to the covenants and agreements of and the limitations and the restrictions upon the District contained in the Indenture, other covenants, agreements, limitations and restrictions to be observed by the District which are not contrary to or inconsistent with the Indenture as theretofore in effect or which further secure Bond payments;

(c) to modify, amend or supplement the Indenture in such manner as to permit the qualification in the Indenture under the Trust Indenture Act of 1939, as amended, or any similar federal statute in effect after the issuance of the Bonds, or to comply with the Code or regulations issued under the Indenture, and to add such other terms, conditions and provisions as may be permitted by said act or similar federal statute, and which shall not materially adversely affect the interests of the Owners of the Bonds then Outstanding;

(d) to modify, alter or amend the Rate and Method of Apportionment in any manner so long as such changes do not reduce the maximum Special Taxes that may be levied in each year on Developed Property (as defined in the Rate and Method of Apportionment) below the amounts which are necessary to pay Administrative Expenses and to provide Special Taxes in an amount equal to one hundred ten percent (110%) of Maximum Annual Debt Service on the Bonds Outstanding as of the date of such amendment; or

(e) to modify, alter, amend or supplement the Indenture in any other respect which is not materially adverse to the Bondowners; provided that any amendment or supplement to the Indenture which will affect the Trustee's duties or protections set forth under the Indenture shall be effective only upon written consent of the Trustee.

Supplemental Indentures or Orders Requiring Bondowner Consent. Exclusive of the Supplemental Indentures set forth in the Indenture, the Owners of not less than a majority of in aggregate principal amount of the Bonds Outstanding shall have the right to consent to and approve the adoption by the District of such

Supplemental Indentures as shall be deemed necessary or desirable by the District for the purpose of waiving, modifying, altering, amending, adding to or rescinding, in any particular, any of the terms or provisions contained in the Indenture; provided, however, that nothing in the Indenture shall permit, or be construed as permitting, (a) an extension of the maturity date of the principal, or the payment date of interest on, any Bond; (b) a reduction in the principal amount of, or redemption premium on, any Bond or the rate of interest thereon; (c) a preference or priority of any Bond over any other Bond; or (d) a reduction in the aggregate principal amount of the Bonds the Owners of which are required to consent to such Supplemental Indenture, without the consent of the Owners of all Bonds then Outstanding.

If at any time the District shall desire to adopt a Supplemental Indenture, which pursuant to the terms of the Indenture shall require the consent of the Bondowners, the District shall so notify the Trustee and shall deliver to the Trustee a copy of the proposed Supplemental Indenture. The Trustee shall, at the expense of the District, cause notice of the proposed Supplemental Indenture to be mailed, by first class mail, postage prepaid, to all Bondowners at their addresses as they appear in the Bond Register. Such notice shall briefly set forth the nature of the proposed Supplemental Indenture and shall state that a copy in the Indenture is on file at the office of the Trustee for inspection by all Bondowners. The failure of any Bondowners to receive such notice shall not affect the validity of such Supplemental Indenture when consented to and approved by the Owners of not less than a majority in aggregate principal amount of the Bonds Outstanding as required by the Indenture. Whenever at any time within one year after the date of the first mailing of such notice, the Trustee shall receive an instrument or instruments purporting to be executed by the Owners of not less than a majority in aggregate principal amount of the Bonds Outstanding, which instrument or instruments shall refer to the proposed Supplemental Indenture described in such notice, and shall specifically consent to and approve the adoption in the Indenture by the District substantially in the form of the copy referred to in such notice as on file with the Trustee, such proposed Supplemental Indenture, when duly adopted by the District, shall thereafter become a part of the proceedings for the issuance of the Bonds. In determining whether the Owners of a majority of the aggregate principal amount of the Bonds have consented to the adoption of any Supplemental Indenture, Bonds which are owned by the District or by any person directly or indirectly controlling or controlled by or under the direct or indirect common control with the District, shall be disregarded and shall be treated as though they were not Outstanding for the purpose of any such determination.

Upon the adoption of any Supplemental Indenture and the receipt of consent to any such Supplemental Indenture from the Owners of not less than a majority in aggregate principal amount of the Outstanding Bonds in instances where such consent is required pursuant to the provisions of the Indenture, the Indenture shall be, and shall be deemed to be, modified and amended in accordance therewith, and the respective rights, duties and obligations under the Indenture of the District and all Owners of Outstanding Bonds shall thereafter be determined, exercised and enforced under the Indenture, subject in all respects to such modifications and amendments.

Notation of Bonds; Delivery of Amended Bonds. After the effective date of any action taken as provided in the Indenture, the District may determine that the Bonds may bear a notation, by endorsement in form approved by the District, as to such action, and in that case upon demand of the Owner of any Outstanding Bond at such effective date and presentation of his Bond for the purpose at the office of the Trustee or at such additional offices as the Trustee may select and designate for that purpose, a suitable notation as to such action shall be made on such Bonds. If the District shall so determine, new Bonds so modified as, in the opinion of the District, shall be necessary to conform to such action shall be prepared and executed, and in that case upon demand of the Owner of any Outstanding Bond at such effective date such new Bonds shall be exchanged at the office of the Trustee or at such additional offices as the Trustee may select and designate for that purpose, without cost to each Owner of Outstanding Bonds, upon surrender of such Outstanding Bonds.

TRUSTEE

Trustee. The Bank of New York Mellon Trust Company, N.A., having a corporate trust office in Los Angeles, California, is appointed Trustee for the District for the purpose of receiving all money which the District is required to deposit with the Trustee under the Indenture and to allocate, use and apply the same as provided in the Indenture. In the event that the District fails to deposit with the Trustee any amount due under the Indenture when due, the Trustee shall provide telephonic notice to the District and shall confirm the amount of such shortfall in writing to the extent such amount is known to the Trustee.

The Trustee is authorized to and shall mail by first class mail, postage prepaid, or pay by wire transfer as provided in the Indenture, interest payments to the Bondowners, to select Bonds for redemption, and to maintain the Bond Register. The Trustee is authorized to pay the principal of and premium, if any, on the Bonds when the same are duly presented to it for payment at maturity or on call and redemption, to provide for the registration of transfer and exchange of Bonds presented to it for such purposes, to provide for the cancellation of Bonds all as provided in the Indenture, and to provide for the authentication of Bonds, and shall perform all other duties assigned to or imposed on it as provided in the Indenture. The Trustee shall keep accurate records of all funds administered by it and all Bonds paid, discharged and cancelled by it. The Trustee shall deliver to the District a monthly accounting of the Funds and Accounts it holds under the Indenture; provided, however, that the Trustee shall not be obligated to deliver such accounting for any Fund or Account that has a balance of zero. The Trustee may establish such Funds and Accounts as it deems necessary or appropriate to perform its obligations under the Indenture.

The Trustee is authorized to redeem the Bonds when duly presented for payment at maturity, or on redemption prior to maturity. The Trustee shall cancel all Bonds upon payment in the Indenture in accordance with the provisions of the Indenture.

The District shall from time to time, subject to any agreement between the District and the Trustee then in force, pay to the Trustee compensation for its services, reimburse the Trustee for all its advances and expenditures, including, but not limited to, advances to and fees and expenses of independent accountants or counsel employed by it in the exercise and performance of its powers and duties under the Indenture, and indemnify and save the Trustee, its officers, directors, employees and agents, harmless against costs, claims, expenses and liabilities not arising from its own negligence or willful misconduct which it may incur in the exercise and performance of its powers and duties under the Indenture. The obligations of the District under the heading “—Trustee” shall survive the discharge of the Bonds and the resignation or removal of the Trustee.

Removal of Trustee. The District may at any time at its sole discretion remove the Trustee initially appointed, and any successor thereto, by delivering to the Trustee a written notice of its decision to remove the Trustee and may appoint a successor or successors thereto; provided that any such successor shall be a bank or trust company having a combined capital (exclusive of borrowed capital) and surplus of at least fifty million dollars (\$50,000,000), and subject to supervision or examination by federal or state authority. Any removal shall become effective only upon acceptance of appointment by the successor Trustee. If any bank or trust company appointed as a successor publishes a report of condition at least annually, pursuant to law or to the requirements of any supervising or examining authority above referred to, then for the purposes of this paragraph the combined capital and surplus of such bank or trust company shall be deemed to be its combined capital and surplus as set forth in its most recent report of condition so published.

Resignation of Trustee. The Trustee may at any time resign by giving written notice to the District and by giving to the Owners notice of such resignation, which notice shall be mailed to the Owners at their addresses appearing in the registration books in the office of the Trustee. Upon receiving such notice of resignation, the District shall promptly appoint a successor Trustee by an instrument in writing. Any resignation or removal of the Trustee and appointment of a successor Trustee shall become effective only upon acceptance of appointment by the successor Trustee. If no appointment of a successor Trustee shall be made pursuant to the foregoing provisions of this paragraph within thirty (30) days after the Trustee shall have given

to the District and the Owners written notice, the Trustee, at the expense of the District, or the District may apply to any court of competent jurisdiction to appoint a successor Trustee. Said court may thereupon, after such notice, if any, as such court may deem proper, appoint a successor Trustee, which successor shall be acceptable to the District.

Liability of Trustee. The recitals of fact and all promises, covenants and agreements contained in the Indenture and in the Bonds shall be taken as statements, promises, covenants and agreements of the District, and the Trustee assumes no responsibility for the correctness of the same and makes no representations as to the validity or sufficiency of the Indenture or the Bonds, and shall incur no responsibility in respect in the Indenture, other than in connection with its duties or obligations specifically set forth in the Indenture, in the Bonds, or in the certificate of authentication assigned to or imposed upon the Trustee. The Trustee shall be under no responsibility or duty with respect to the issuance of the Bonds for value. The Trustee shall not be liable in connection with the performance of its duties under the Indenture, except for its own negligence or willful misconduct.

The Trustee shall be protected in acting upon any notice, resolution, request, consent, order, certificate, report, Bond or other paper or document believed by it to be genuine and to have been signed or presented by the proper party or parties. The Trustee may consult with counsel, who may be counsel to the District, with regard to legal questions, and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken or suffered under the Indenture in good faith and in accordance therewith.

The Trustee shall not be bound to recognize any person as the Owner of a Bond unless and until such Bond is submitted for inspection, if required, and his title thereto satisfactorily established, if disputed.

Whenever in the administration of its duties under the Indenture the Trustee shall deem it necessary or desirable that a matter be proved or established prior to taking or suffering any action under the Indenture, such matter (unless other evidence in respect in the Indenture be in the Indenture specifically prescribed) may, in the absence of bad faith on the part of the Trustee, be deemed to be conclusively proved and established by a written certificate of the District, and such certificate shall be full warrant to the Trustee for any action taken or suffered under the provisions of the Indenture upon the faith in the Indenture, but in its discretion the Trustee may, in lieu in the Indenture, accept other evidence of such matter or may require such additional evidence as to it may seem reasonable.

The Trustee shall have no responsibility with respect to any information, statement, or recital in any official statement, offering memorandum or any other disclosure material prepared or distributed with respect to the Bonds.

No provision of the Indenture or any other document related to the Indenture shall require the Trustee to risk or advance its own funds or otherwise incur any financial liability in the performance of its duties or the exercise of its rights under the Indenture.

The immunities extended to the Trustee also extend to its directors, officers, employees and agents.

Merger or Consolidation. Any company into which the Trustee may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be a party or any company to which the Trustee may sell or transfer all or substantially all of its corporate trust business, shall be the successor to the Trustee without the execution or filing of any paper or further act, anything in the Indenture to the contrary notwithstanding.

EVENTS OF DEFAULT; REMEDIES

Events of Default. Any one or more of the following events shall constitute an “Event of Default”:

- (a) Default in the due and punctual payment of the principal of or redemption premium, if any, on any Bond when and as the same shall become due and payable, whether at maturity as therein expressed, by declaration or otherwise;
- (b) Default in the due and punctual payment of the interest on any Bond when and as the same shall become due and payable; or
- (c) Except as described in (a) or (b), default shall be made by the District in the observance of any of the agreements, conditions or covenants on its part contained in the Indenture or the Bonds, and such default shall have continued for a period of thirty (30) days after the District shall have been given notice in writing of such default by the Trustee or the Owners of twenty-five percent (25%) in aggregate principal amount of the Outstanding Bonds.

Remedies of Owners. Following the occurrence of an Event of Default, any Owner shall have the right for the equal benefit and protection of all Owners similarly situated:

- (a) By mandamus or other suit or proceeding at law or in equity to enforce his rights against the District and any of the members, officers and employees of the District, and to compel the District or any such members, officers or employees to perform and carry out their duties under the Act and their agreements with the Owners as provided in the Indenture;
- (b) By suit in equity to enjoin any actions or things which are unlawful or violate the rights of the Owners; or
- (c) By a suit in equity to require the District and its members, officers and employees to account as the trustee of an express trust.

Nothing in the Indenture or the Bonds shall affect or impair the obligation of the District, which is absolute and unconditional, to pay the interest on and principal of the Bonds to the respective Owners in the Indenture at the respective dates of maturity, as in the Indenture provided, out of the Net Special Taxes pledged for such payment, or affect or impair the right of action, which is also absolute and unconditional, of such Owners to institute suit to enforce such payment by virtue of the contract embodied in the Bonds and in the Indenture. The principal of the Bonds shall not be subject to acceleration under the Indenture.

A waiver of any default or breach of duty or contract by any Owner shall not affect any subsequent default or breach of duty or contract, or impair any rights or remedies on any such subsequent default or breach. No delay or omission by any Owner to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver of any such default or an acquiescence therein, and every power and remedy conferred upon the Owners by the Act or by the Indenture may be enforced and exercised from time to time and as often as shall be deemed expedient by the Owners.

If any suit, action or proceeding to enforce any right or exercise any remedy is abandoned or determined adversely to the Owners, the District and the Owners shall be restored to their former positions, rights and remedies as if such suit, action or proceeding had not been brought or taken.

No remedy in the Indenture conferred upon or reserved to the Owners is intended to be exclusive of any other remedy. Every such remedy shall be cumulative and shall be in addition to every other remedy given under the Indenture or now or existing after the issuance of the Bonds, at law or in equity or by statute or

otherwise, and may be exercised without exhausting and without regard to any other remedy conferred by the Act or any other law.

In case the moneys held by the Trustee after an Event of Default pursuant to the Indenture shall be insufficient to pay in full the whole amount so owing and unpaid upon the Bonds, then all available amounts shall be applied to the payment of such principal and interest without preference or priority of principal over interest, or interest over principal, or of any installment of interest over any other installment of interest, ratably to the aggregate of such principal and interest.

DEFEASANCE

Defeasance. If the District shall pay or cause to be paid, or there shall otherwise be paid, to the Owner of an Outstanding Bond the interest due thereon and the principal in the Indenture, at the times and in the manner stipulated in the Indenture or any Supplemental Indenture, then the Owner of such Bond shall cease to be entitled to the pledge of Net Special Taxes, and, other than as set forth below, all covenants, agreements and other obligations of the District to the Owner of such Bond under the Indenture shall thereupon cease, terminate and become void and be discharged and satisfied. In the event of a defeasance of all Outstanding Bonds pursuant to the Indenture, upon payment of all amounts owed by the District to the Trustee under the Indenture, the Trustee shall execute and deliver to the District all such instruments as may be desirable to evidence such discharge and satisfaction, and the Trustee shall, after payment of amounts payable to the Trustee under the Indenture, pay over or deliver to the District's general fund all money or securities held by it pursuant to the Indenture which are not required for the payment of the interest due on and the principal of such Bonds.

Any Outstanding Bond shall be deemed to have been paid within the meaning expressed in the first paragraph above if such Bond is paid in any one or more of the following ways:

(a) by paying or causing to be paid the principal of, premium, if any, and interest on such Bond, as and when the same become due and payable;

(b) by depositing with the Trustee, in trust, at or before maturity, money which, together with the amounts then on deposit in the Special Tax Fund are available for such purpose, is fully sufficient to pay the principal of, premium, if any, and interest on such Bond, as and when the same shall become due and payable; or

(c) by depositing with the Trustee, or another escrow bank appointed by the District, in trust, direct, noncallable Federal Securities, of the type defined in the definition in the Indenture set forth in the Indenture, in which the District may lawfully invest its money, in such amount as an Independent Financial Consultant shall determine will be sufficient, together with the interest to accrue thereon and moneys then on deposit in the Special Tax Fund are available for such purpose, together with the interest to accrue thereon, to pay and discharge the principal of, premium, if any, and interest on such Bond, as and when the same shall become due and payable;

If paid as provided above, then, at the election of the District, and notwithstanding that any Outstanding Bonds shall not have been surrendered for payment, all obligations of the District under the Indenture and any Supplemental Indenture with respect to such Bond shall cease and terminate, except for the obligation of the Trustee to pay or cause to be paid to the Owners of any such Bond not so surrendered and paid, all sums due thereon and except for the covenants of the District contained in the Indenture relating to compliance with the Code. Notice of such election shall be filed with the Trustee not less than thirty (30) days prior to the proposed defeasance date. In connection with a defeasance under (b) or (c) above, there shall be provided to the Trustee a certificate of a certified public accountant stating its opinion as to the sufficiency of the moneys or securities deposited with the Trustee or the escrow bank to pay and discharge the principal of and interest on all Outstanding Bonds to be defeased in accordance with the Indenture, as and when the same shall become due

and payable, and an opinion of Bond Counsel (which may rely upon the opinion of the certified public accountant) to the effect that the Bonds being defeased have been legally defeased in accordance with the Indenture and any applicable Supplemental Indenture. Upon a defeasance, the Trustee, upon request of the District, shall release the rights of the Owners of such Bonds which have been defeased under the Indenture and any Supplemental Indenture and execute and deliver to the District all such instruments as may be desirable to evidence such release, discharge and satisfaction. In the case of a defeasance under the Indenture of all Outstanding Bonds, the Trustee shall pay over or deliver to the District any funds held by the Trustee at the time of a defeasance, which are not required for the purpose of paying and discharging the principal of or interest on the Bonds when due and any fees and expenses of the Trustee remaining unpaid. The Trustee shall, at the written direction of the District, mail, first class, postage prepaid, a notice to the Bondowners whose Bonds have been defeased, in the form directed by the District, stating that the defeasance has occurred.

Where any such instrument is executed by an officer of a corporation or association or a member of a partnership on behalf of such corporation, association or partnership, such signature guarantee shall also constitute sufficient proof of his authority.

(b) As to any Bond, the person in whose name the same shall be registered in the Bond Register shall be deemed and regarded as the absolute owner in the Indenture for all purposes, and payment of or on account of the principal of any such Bond, and the interest thereon, shall be made only to or upon the order of the registered Owner in the Indenture or his or her legal representative. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Bond and the interest thereon to the extent of the sum or sums to be paid. Neither the District nor the Trustee shall be affected by any notice to the contrary.

APPENDIX F

BOOK-ENTRY-ONLY SYSTEM

The information in this section concerning DTC and DTC's book-entry only system has been obtained from sources that the District believes to be reliable, but the District takes no responsibility for the completeness or accuracy thereof. The following description of the procedures and record keeping with respect to beneficial ownership interests in the Bonds, payment of principal, premium, if any, accreted value and interest on the Bonds to DTC Participants or Beneficial Owners, confirmation and transfers of beneficial ownership interests in the Bonds and other related transactions by and between DTC, the DTC Participants and the Beneficial Owners is based solely on information provided by DTC to the District which the District believes to be reliable, but the District and the Underwriter do not and cannot make any independent representations concerning these matters and do not take responsibility for the accuracy or completeness thereof. Neither the DTC, Direct Participants, Indirect Participants nor the Beneficial Owners should rely on the foregoing information with respect to such matters, but should instead confirm the same with DTC or the DTC Participants, as the case may be.

The Depository Trust Company ("DTC"), New York, New York, will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond will be issued for each annual maturity of the Bonds, each in the aggregate principal amount of such maturity, and will be deposited through the facilities of DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of "AA+." The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive Bonds representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual

Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds, such as prepayments, tenders, defaults, and proposed amendments to the Bond documents. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Bonds within a maturity are being prepaid, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such maturity to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions, and dividend payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the District or the Trustee, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Trustee, or the District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the District or the Trustee, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

A Bond Owner shall give notice to elect to have its Bonds purchased or tendered, through its Participant, to the Trustee, and shall effect delivery of such Bonds by causing the Direct Participant to transfer the Participant's interest in the Bonds, on DTC's records, to the Trustee. The requirement for physical delivery of Bonds in connection with an optional tender or a mandatory purchase will be deemed satisfied when the ownership rights in the Bonds are transferred by Direct Participants on DTC's records and followed by a book-entry credit of tendered Bonds to the Trustee's DTC account.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the District or the Trustee. Under such circumstances, in the event that a successor depository is not obtained, physical certificates are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry only transfers through DTC (or a successor securities depository). In that event, Bonds will be printed and delivered to DTC.

THE TRUSTEE, AS LONG AS A BOOK-ENTRY ONLY SYSTEM IS USED FOR THE BONDS, WILL SEND ANY NOTICE OF REDEMPTION OR OTHER NOTICES TO OWNERS ONLY TO DTC. ANY FAILURE OF DTC TO ADVISE ANY DTC PARTICIPANT, OR OF ANY DTC PARTICIPANT TO NOTIFY ANY BENEFICIAL OWNER, OF ANY NOTICE AND ITS CONTENT OR EFFECT WILL NOT AFFECT THE VALIDITY OF SUFFICIENCY OF THE PROCEEDINGS RELATING TO THE REDEMPTION OF THE BONDS CALLED FOR REDEMPTION OR OF ANY OTHER ACTION PREMISED ON SUCH NOTICE.

MUNICIPAL BOND INSURANCE POLICY

ASSURED GUARANTY MUNICIPAL CORP. ("AGM"), for consideration received, hereby UNCONDITIONALLY AND IRREVOCABLY agrees to pay to the trustee (the "Trustee") or paying agent (the "Paying Agent") (as set forth in the documentation providing for the issuance of and securing the Bonds) for the Bonds, for the benefit of the Owners or, at the election of AGM, directly to each Owner, subject only to the terms of this Policy (which includes each endorsement hereto), that portion of the principal of and interest on the Bonds that shall become Due for Payment but shall be unpaid by reason of Nonpayment by the Issuer.

On the later of the day on which such principal and interest becomes Due for Payment or the Business Day next following the Business Day on which AGM shall have received Notice of Nonpayment, AGM will disburse to or for the benefit of each Owner of a Bond the face amount of principal of and interest on the Bond that is then Due for Payment but is then unpaid by reason of Nonpayment by the Issuer, but only upon receipt by AGM, in a form reasonably satisfactory to it, of (a) evidence of the Owner's right to receive payment of the principal or interest then Due for Payment and (b) evidence, including any appropriate instruments of assignment, that all of the Owner's rights with respect to payment of such principal or interest that is Due for Payment shall thereupon vest in AGM. A Notice of Nonpayment will be deemed received on a given Business Day if it is received prior to 1:00 p.m. (New York time) on such Business Day; otherwise, it will be deemed received on the next Business Day. If any Notice of Nonpayment received by AGM is incomplete, it shall be deemed not to have been received by AGM for purposes of the preceding sentence and AGM shall promptly so advise the Trustee, Paying Agent or Owner, as appropriate, who may submit an amended Notice of Nonpayment. Upon disbursement in respect of a Bond, AGM shall become the owner of the Bond, any appurtenant coupon to the Bond or right to receipt of payment of principal of or interest on the Bond and shall be fully subrogated to the rights of the Owner, including the Owner's right to receive payments under the Bond, to the extent of any payment by AGM hereunder. Payment by AGM to the Trustee or Paying Agent for the benefit of the Owners shall, to the extent thereof, discharge the obligation of AGM under this Policy.

Except to the extent expressly modified by an endorsement hereto, the following terms shall have the meanings specified for all purposes of this Policy. "Business Day" means any day other than (a) a Saturday or Sunday or (b) a day on which banking institutions in the State of New York or the Insurer's Fiscal Agent are authorized or required by law or executive order to remain closed. "Due for Payment" means (a) when referring to the principal of a Bond, payable on the stated maturity date thereof or the date on which the same shall have been duly called for mandatory sinking fund redemption and does not refer to any earlier date on which payment is due by reason of call for redemption (other than by mandatory sinking fund redemption), acceleration or other advancement of maturity unless AGM shall elect, in its sole discretion, to pay such principal due upon such acceleration together with any accrued interest to the date of acceleration and (b) when referring to interest on a Bond, payable on the stated date for payment of interest. "Nonpayment" means, in respect of a Bond, the failure of the Issuer to have provided sufficient funds to the Trustee or, if there is no Trustee, to the Paying Agent for payment in full of all principal and interest that is Due for Payment on such Bond. "Nonpayment" shall also include, in respect of a Bond, any payment of principal or interest that is Due for Payment made to an Owner by or on behalf of the Issuer which has been recovered from such Owner pursuant to the

United States Bankruptcy Code by a trustee in bankruptcy in accordance with a final, nonappealable order of a court having competent jurisdiction. "Notice" means telephonic or telecopied notice, subsequently confirmed in a signed writing, or written notice by registered or certified mail, from an Owner, the Trustee or the Paying Agent to AGM which notice shall specify (a) the person or entity making the claim, (b) the Policy Number, (c) the claimed amount and (d) the date such claimed amount became Due for Payment. "Owner" means, in respect of a Bond, the person or entity who, at the time of Nonpayment, is entitled under the terms of such Bond to payment thereof, except that "Owner" shall not include the Issuer or any person or entity whose direct or indirect obligation constitutes the underlying security for the Bonds.

AGM may appoint a fiscal agent (the "Insurer's Fiscal Agent") for purposes of this Policy by giving written notice to the Trustee and the Paying Agent specifying the name and notice address of the Insurer's Fiscal Agent. From and after the date of receipt of such notice by the Trustee and the Paying Agent, (a) copies of all notices required to be delivered to AGM pursuant to this Policy shall be simultaneously delivered to the Insurer's Fiscal Agent and to AGM and shall not be deemed received until received by both and (b) all payments required to be made by AGM under this Policy may be made directly by AGM or by the Insurer's Fiscal Agent on behalf of AGM. The Insurer's Fiscal Agent is the agent of AGM only and the Insurer's Fiscal Agent shall in no event be liable to any Owner for any act of the Insurer's Fiscal Agent or any failure of AGM to deposit or cause to be deposited sufficient funds to make payments due under this Policy.

To the fullest extent permitted by applicable law, AGM agrees not to assert, and hereby waives, only for the benefit of each Owner, all rights (whether by counterclaim, setoff or otherwise) and defenses (including, without limitation, the defense of fraud), whether acquired by subrogation, assignment or otherwise, to the extent that such rights and defenses may be available to AGM to avoid payment of its obligations under this Policy in accordance with the express provisions of this Policy.

This Policy sets forth in full the undertaking of AGM, and shall not be modified, altered or affected by any other agreement or instrument, including any modification or amendment thereto. Except to the extent expressly modified by an endorsement hereto, (a) any premium paid in respect of this Policy is nonrefundable for any reason whatsoever, including payment, or provision being made for payment, of the Bonds prior to maturity and (b) this Policy may not be canceled or revoked. THIS POLICY IS NOT COVERED BY THE PROPERTY/CASUALTY INSURANCE SECURITY FUND SPECIFIED IN ARTICLE 76 OF THE NEW YORK INSURANCE LAW.

In witness whereof, ASSURED GUARANTY MUNICIPAL CORP. has caused this Policy to be executed on its behalf by its Authorized Officer.

INTRODUCTION

The purpose of this Official Statement, which includes the cover page, the table of contents and the attached appendices (collectively, the “Official Statement”), is to provide certain information concerning the issuance by City of Modesto Community Facilities District No. 2004-1 (the “Community Facilities District”) of its 2014 Special Tax Refunding Bonds in the aggregate principal amount of \$29,320,000 (the “Bonds”). The proceeds of the Bonds, together with certain existing funds of the Community Facilities District, will be used to defease all of the Community Facilities District’s outstanding Series 2006 Special Tax Bonds, originally issued in the aggregate principal amount of \$31,085,000 and now outstanding in the principal amount of \$29,925,000 (the “Refunded Bonds”). A portion of the Bonds will be used to fund a deposit to the Reserve Account, to purchase a municipal bond insurance policy to guarantee payment of the principal of and interest on a certain maturity of the Bonds (as described in “BOND INSURANCE” below) and to pay costs of issuance of the Bonds. See “THE REFUNDING PLAN” and “ESTIMATED SOURCES AND USES OF FUNDS” herein.

The Bonds are authorized to be issued pursuant to the Mello-Roos Community Facilities Act of 1982, as amended (Sections 53311 *et seq.* of the Government Code of the State of California) (the “Act”), and that certain Trust Indenture dated, as of July 1, 2014 (the “Indenture”), by and between the Community Facilities District and The Bank of New York Mellon Trust Company, N.A., as Trustee (the “Trustee”). The Bonds are secured under the Indenture by a pledge of and lien upon Net Special Taxes (as defined herein) and all moneys in the Special Tax Fund as described in the Indenture.

This introduction is not a summary of this Official Statement. It is only a brief description of and guide to, and is qualified by, more complete and detailed information contained in the entire Official Statement and the documents summarized or described herein. A full review should be made of the entire Official Statement. The sale and delivery of Bonds to potential investors is made only by means of the entire Official Statement. All capitalized terms used in this Official Statement and not defined shall have the meaning set forth in APPENDIX D — “SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE.”

Parity Bonds may only be issued to refund the Bonds or any outstanding Parity Bonds. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS” and “THE BONDS — Issuance of Additional Bonds for Refunding Only.”

The Community Facilities District

General. The City Council formed the Community Facilities District under the Act to provide for the financing of public improvements to meet the needs of development in the portion of the City known as “Village One.” The Community Facilities District is part of the City’s plan to provide financing for the infrastructure that will be required in order to support the development of Village One.

Village One is located in the northeastern portion of the City’s urban area and is anticipated to be developed as a pedestrian oriented, mixed use planned community. At its ultimate buildout, Village One is expected to include a variety of residential, commercial, and industrial land uses. As a result of annexations subsequent to its formation, the Community Facilities District currently encompasses over 286 Net Taxable Acres (as defined in the Rate and Method of Apportionment) of the approximately 1,840 gross acres of land within Village One. Approximately twenty acres of land included within the Community Facilities District have been or are expected to be developed for commercial and office uses, and the remainder thereof has been

or is expected to be developed for residential purposes including approximately 524 apartment units and 1,390 single-family residences.

As of June 30, 2013, there were 1,066 residential units which are all classified as “Village Residential Property” (residential units with a density of more than two units per acre) which had been completed and conveyed to individual home buyers. Additionally, there were 13 parcels of commercial property which were classified as Developed Property for Fiscal Year 2013-14 (meaning building permits had been issued as of June 30, 2013) which have been or are expected to be developed for commercial and office uses, and 5 parcels of multifamily housing including 3 Apartment Units which were classified as Developed Property for Fiscal Year 2013-14 (meaning building permits had been issued as of June 30, 2013). As of June 30, 2013 there were 337 parcels of Undeveloped Property (all but five of which were within a Final Map) and one parcel of taxable public property. See “THE COMMUNITY FACILITIES DISTRICT” for more information concerning the Community Facilities District.

Formation Proceedings. The Community Facilities District was formed on April 6, 2004. The Bonds are being issued pursuant to the Act and the Indenture. The Act was enacted by the State of California (the “State”) legislature to provide an alternative method of financing certain public capital facilities and services, especially in developing areas of the State. Any local agency (as defined in the Act) may establish a community facilities district to provide for and finance the cost of eligible public facilities and services. Generally, the legislative body of the local agency which forms a community facilities district acts on behalf of such district as its legislative body. Subject to approval by two-thirds of the votes cast at an election and compliance with the other provisions of the Act, a legislative body of a local agency may issue bonds for a community facilities district and may levy and collect a special tax within such district to repay such indebtedness.

Pursuant to the Act, on March 2, 2004, the City Council of the City of Modesto (the “City Council”), adopted Resolution No. 2004-127, stating its intention to form the Community Facilities District and to authorize the levy of a special tax on the taxable property within the Community Facilities District, and Resolution No. 2004-128, stating its intention to incur bonded indebtedness in an aggregate principal amount not to exceed \$75,000,000 within the Community Facilities District for the purpose of financing the design, construction, expansion, acquisition, leasing and rehabilitation of certain public facilities within or serving the Community Facilities District. Subsequent to a noticed public hearing on April 6, 2004, the City Council adopted Resolution No. 2004-199 (the “Resolution of Formation”) which established the Community Facilities District and authorized the levy of a special tax within the Community Facilities District, and Resolution No. 2004-200 (“Resolution to Incur Bonded Indebtedness”) which determined the necessity to incur bonded indebtedness in an amount not to exceed \$75,000,000 within the Community Facilities District, called an election within the Community Facilities District on the proposition of incurring bonded indebtedness, levying a special tax and setting an appropriations limit.

On April 6, 2004, an election was held within the Community Facilities District in which the landowners eligible to vote approved the proposition authorizing the issuance of bonds in an amount not to exceed \$75,000,000 to finance the design, construction, expansion, acquisition, leasing and rehabilitation of certain public facilities within or serving the Community Facilities District, the levying of the special taxes and the appropriations limit of \$75,000,000. On April 6, 2004, the City Council, acting as the legislative body of the Community Facilities District, adopted Ordinance No. 3392-C.S. (the “Ordinance”) which provides for the rate and method of apportionment (the “Rate and Method”) and levying of the Special Tax. On April 16, 2004, a Notice of Special Tax Lien was recorded in the office of County Recorder of the County of Stanislaus (the “County”) for the Community Facilities District, which was subsequently amended with each of 14 annexations to the Community Facilities District.

Pursuant to the Act, the seven members of the City Council now act as the legislative body for the Community Facilities District. Community Facilities District administrative services are provided by the City’s staff.

The Bonds are being issued and delivered pursuant to the provisions of the Act and the Indenture. The Bonds are being sold pursuant to a Bond Purchase Agreement between Stifel, Nicolaus & Company, Incorporated, as underwriter (the “Underwriter”) and the Community Facilities District. For more complete information, see “THE BONDS — General Provisions” herein.

Forward Looking Statements

Certain statements included or incorporated by reference in this Official Statement constitute “forward-looking statements” within the meaning of the United States Private Securities Litigation Reform Act of 1995, Section 21E of the United States Securities Exchange Act of 1934, as amended, and Section 27A of the United States Securities Act of 1933, as amended. Such statements are generally identifiable by the terminology used such as “plan,” “expect,” “estimate,” “project,” “budget” or similar words. Such forward-looking statements include, but are not limited to certain statements contained in the information under the captions “THE COMMUNITY FACILITIES DISTRICT.”

THE ACHIEVEMENT OF CERTAIN RESULTS OR OTHER EXPECTATIONS CONTAINED IN SUCH FORWARD-LOOKING STATEMENTS INVOLVE KNOWN AND UNKNOWN RISKS, UNCERTAINTIES AND OTHER FACTORS WHICH MAY CAUSE ACTUAL RESULTS, PERFORMANCE OR ACHIEVEMENTS DESCRIBED TO BE MATERIALLY DIFFERENT FROM ANY FUTURE RESULTS, PERFORMANCE OR ACHIEVEMENTS EXPRESSED OR IMPLIED BY SUCH FORWARD-LOOKING STATEMENTS. THE COMMUNITY FACILITIES DISTRICT DOES NOT PLAN TO ISSUE ANY UPDATES OR REVISIONS TO THE FORWARD-LOOKING STATEMENTS SET FORTH IN THIS OFFICIAL STATEMENT.

Sources of Payment for the Bonds

As used in this Official Statement, the term “Special Tax” means the “Annual Facilities Special Tax,” as defined in the Rate and Method, which has been authorized to be levied against certain property within the Community Facilities District pursuant to the Act and in accordance with the Rate and Method, and does not include the Annual Maintenance Special Tax (as defined in the Rate and Method) or the One-Time Facilities Special Tax (as defined in the Rate and Method). See APPENDIX A — “RATE AND METHOD OF APPORTIONMENT OF SPECIAL TAX” herein.

Under the Indenture, the principal of and interest on the Bonds are payable from Net Special Taxes and all amounts in the Special Tax Fund (including the Debt Service Account, the Principal Account and the Reserve Account) established under the Indenture. The “Net Special Taxes” are the Special Tax proceeds, including all proceeds from foreclosure sales for delinquent Special Taxes, remaining after payment of the Administrative Expenses up to the Administrative Expenses Cap, which is \$45,000 per fiscal year escalating two percent (2%) each Fiscal Year beginning in Fiscal Year 2014-15 (the “Administrative Expenses Cap”). The Bonds are secured only by the Net Special Taxes collected within the Community Facilities District. Amounts in the Administration Fund, Rebate Fund and the Surplus Fund are not pledged to the repayment of the Bonds. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS — Special Taxes.”

The Special Taxes are expected to be included on the regular property tax bills sent to the record owners of property within the Community Facilities District. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS —Special Taxes.” In the event of certain specified delinquencies in the payment of the Special Tax, the Community Facilities District has covenanted that it will commence and pursue judicial foreclosure proceedings with respect to delinquent Special Taxes under the circumstances described herein. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS — Covenant for Superior Court Foreclosure.”

NEITHER THE FAITH AND CREDIT NOR THE TAXING POWER OF THE CITY, THE COUNTY OF STANISLAUS, THE STATE OF CALIFORNIA OR ANY POLITICAL SUBDIVISION

THEREOF IS PLEDGED TO THE PAYMENT OF THE BONDS. EXCEPT FOR THE NET SPECIAL TAXES, NO OTHER REVENUES OR TAXES ARE PLEDGED TO THE PAYMENT OF THE BONDS. THE BONDS ARE NOT GENERAL OR SPECIAL OBLIGATIONS OF THE CITY NOR GENERAL OBLIGATIONS OF THE COMMUNITY FACILITIES DISTRICT BUT ARE LIMITED OBLIGATIONS OF THE COMMUNITY FACILITIES DISTRICT PAYABLE SOLELY FROM NET SPECIAL TAXES AND OTHER AMOUNTS HELD UNDER THE INDENTURE AS MORE FULLY DESCRIBED HEREIN.

The Net Special Taxes are the primary security for the repayment of the Bonds. In the event that the Special Taxes are not paid when due, the only sources of funds available to pay the debt service on the Bonds are amounts held by the Trustee in certain funds under the Indenture, including amounts held in the Reserve Account of the Special Tax Fund. The Community Facilities District has covenanted for the benefit of the owners of the Bonds that it will, under certain circumstances described herein, commence, or cause to be commenced, and diligently prosecute to judgment (unless the delinquency is brought current), judicial foreclosure proceedings against assessor's parcels with delinquent Special Taxes. See "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS — Covenant for Superior Court Foreclosure" herein."

The Community Facilities District has covenanted not to issue additional indebtedness secured by the Special Taxes on a parity basis to the lien of the Bonds, except for bonds issued for the purpose of refunding all or a portion of outstanding Bonds or parity bonds. See "THE BONDS — Issuance of Additional Bonds for Refunding Only" herein. Other taxes and/or special assessments with liens equal in priority to the continuing lien of the Special Taxes may also be levied on the property within the Community Facilities District. See "SPECIAL RISK FACTORS — Parity Taxes and Special Assessments" herein.

EXCEPT FOR THE NET SPECIAL TAXES, NO OTHER TAXES ARE PLEDGED TO THE PAYMENT OF THE BONDS.

In the opinion of Stradling Yocca Carlson & Rauth, a Professional Corporation, Newport Beach, California ("Bond Counsel"), under existing statutes, regulations, rulings and judicial decisions, and assuming certain representations and compliance with certain covenants and requirements described herein, interest on the Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference

Set forth in APPENDIX B is the opinion of Bond Counsel expected to be delivered in connection with the issuance of the Bonds. The Bonds maturing after September 1, 2024 are subject to call and redemption, at the option of the Community Facilities District, from any available source of funds prior to their stated maturity on any date on or after September 1, 2024, as a whole or in part, and by lot, at a redemption price equal to the principal amount to be redeemed, together with accrued interest to the date of redemption, without premium.

Mandatory Sinking Fund Redemption. The Term Bonds maturing on September 1, 2036 (the “2036 Term Bonds”) will be called before maturity and redeemed, from the Sinking Fund Payments that have been deposited into the Redemption Account established by the Trust Indenture, on September 1, 2032, and on each September 1 thereafter prior to maturity, in accordance with the schedule of Sinking Fund Payments set forth below. The 2036 Term Bonds so called for redemption will be selected by the Trustee by lot and will be redeemed at a redemption price for each redeemed 2036 Term Bond equal to the principal amount thereof, plus accrued interest to the redemption date, without premium, as follows:

Term Bonds Due on September 1, 2036

<i>Year (September 1)</i>	<i>Mandatory Sinking Fund Redemption Amount</i>
2032	\$2,045,000
2033	2,185,000
2034	2,320,000
2035	2,470,000
2036 (maturity)	2,630,000

In the event the Community Facilities District elects to redeem Bonds, the Community Facilities District is required to provide written notice to the Trustee of its election so to redeem, the redemption date and the principal amount of the Bonds to be redeemed. The notice to the Trustee must be given at least 35 but no more than 60 days prior to the redemption date or such shorter period as will be acceptable to the Trustee, provided that such notice of redemption may state that redemption is contingent upon the availability of refunding bond proceeds for such purpose.

Special Mandatory Redemption from Special Tax Prepayments. The Bonds are subject to special mandatory redemption as a whole, or in part, on a pro rata basis among maturities, on any Interest Payment Date, and will be redeemed by the Trustee, from Special Tax Prepayments deposited to the Redemption Account plus amounts transferred from the Reserve Account (see “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS — Reserve Account”), at the following redemption prices expressed as a percentage of the principal amount to be redeemed, together with accrued interest to the date of redemption:

<i>Redemption Dates</i>	<i>Redemption Price</i>
Any Interest Payment Date through March 1, 2022	103%
September 1, 2022 and March 1, 2023	102
September 1, 2023 and March 1, 2024	101
September 1, 2024 and any Interest Payment Date thereafter	100

Special Tax Prepayments and amounts released from the Reserve Account in connection with Special Tax Prepayments will be allocated to the redemption of the Bonds as nearly as practicable on a proportionate basis based on the outstanding principal amount of the Bonds.

Purchase of Bonds. In lieu of payment at maturity or redemption, moneys in the Special Tax Fund may be used and withdrawn by the Trustee for purchase of Outstanding Bonds, upon the filing with the

Trustee of an Officer's Certificate requesting such purchase, at a public or private sale as and when, and at such prices (including brokerage and other charges) as such Officer's Certificate may provide, but in no event will Bonds be purchased at a price in excess of the principal amount thereof, plus interest accrued to the date of purchase and any premium which would otherwise be due if the Bonds were to be redeemed in accordance with the Indenture.

Selection of Bonds for Redemption

If less than all of the Outstanding Bonds are to be redeemed (except with respect to mandatory sinking fund redemption in which case selection shall be by lot), the Trustee shall select Bonds pro rata among maturities and by lot within a maturity. The portion of any Bond of a denomination of more than \$5,000 to be redeemed shall be in the principal amount of \$5,000 or an integral multiple thereof, and, in selecting portions of such Bonds for redemption, the Trustee shall treat each such Bond as representing that number of Bonds of \$5,000 denominations which is obtained by dividing the principal amount of such Bond to be redeemed in part by \$5,000. The Trustee shall promptly notify the Community Facilities District in writing of the Bonds, or portions thereof, selected for redemption.

Notice of Redemption

Notice of redemption, containing the information required by the Indenture, will be given by the Trustee in the name of the Community Facilities District at least 30 but not more than 60 days prior to the redemption date; provided that such notice of redemption may state that redemption is contingent upon the availability of refunding bond proceeds for such purpose. The Indenture requires that the notice of redemption (a) specify the serial numbers and the maturity date or dates of the Bonds selected for redemption, except that where all the Bonds subject to redemption, or all the Bonds of one maturity, are to be redeemed, the serial numbers thereof need not be specified; (b) state the date fixed for redemption and surrender of the Bonds to be redeemed; (c) state the redemption price; (d) state the place or places where the Bonds are to be surrendered for redemption; and (e) in the case of Bonds to be redeemed only in part, state the portion of such Bond which is to be redeemed. The redemption notice will further state that on the specified date there shall become due and payable on each Bond or portion thereof called for redemption, the principal thereof, together with any premium, and interest accrued to the redemption date and that from and after such date, interest thereon shall cease to accrue and be payable. The redemption notice shall also be sent to EMMA.

With respect to any notice of optional redemption of Bonds, such notice may state that such redemption shall be conditional upon the receipt by the Trustee on or prior to the date fixed for such redemption of moneys sufficient to pay the principal of, premium, if any, and interest on such Bonds to be redeemed and that, if such moneys shall not have been so received, said notice shall be of no force and effect and the Trustee shall not be required to redeem such Bonds. In the event that such notice of redemption contains such a condition and such moneys are not so received, the redemption shall not be made, and the Trustee shall within a reasonable time thereafter give notice, in the manner in which the notice of redemption was given, that such moneys were not so received.

Neither the failure to receive such notice nor any defect therein will affect the validity of the proceedings for the redemption of such Bonds or the cessation of interest on the redemption date. From and after the redemption date, the Bonds, or portions thereof so designated for redemption, shall be deemed to be no longer outstanding and such Bonds or portions thereof will cease to bear further interest.

In addition, no owner of any of the Bonds or portions thereof so designated for redemption shall be entitled to any of the benefits of the Indenture, or to any other rights, except with respect to payment of the redemption price and interest accrued to the redemption date from the amounts made available to the Trustee.

Registration of Exchange or Transfer

Upon cessation of the book-entry system, the registration of any Bond may, in accordance with its terms, be transferred upon the Bond Register by the person in whose name it is registered, in person or by his or her duly authorized attorney, upon surrender of such Bond for cancellation at the corporate trust office of the Trustee, accompanied by delivery of a written instrument of transfer in a form approved by the Trustee and duly executed by the Bondowner or his or her duly authorized attorney. Bonds may be exchanged at said corporate trust office of the Trustee for a like aggregate principal amount of Bonds of other authorized denominations of the same maturity. The Trustee will not collect from the Owner any charge for any new Bond issued upon any transfer or exchange but will require the Bondowner requesting such transfer or exchange to pay any tax or other governmental charge required to be paid with respect to such transfer or exchange. Whenever any Bond shall be surrendered for registration of transfer or exchange, the Community Facilities District shall execute and the Trustee shall authenticate and deliver a new Bond or Bonds of the same maturity, for a like aggregate principal amount; provided that the Trustee shall not be required to register transfers or make exchanges of (i) Bonds for a period of 15 days next preceding the date of any selection of the Bonds to be redeemed, or (ii) any Bonds chosen for redemption.

Issuance of Additional Bonds for Refunding Only

The Community Facilities District may issue bonds secured by Net Special Taxes on a parity with the Bonds at any time, without the consent of the Bondowners, for the purpose of refunding all or a portion of the Outstanding Bonds (“Parity Bonds”). However, the Community Facilities District will not issue any additional bonds to finance additional public facilities.

SECURITY AND SOURCES OF PAYMENT FOR THE BONDS

The Bonds will be secured by a pledge of the Net Special Taxes and all moneys deposited in the Special Tax Fund. The Bonds are not secured by moneys on deposit in the Rebate Fund, the Administrative Fund or the Surplus Fund.

The Indenture defines the term “Net Special Taxes” to mean, for each fiscal year, Gross Taxes (exclusive of any penalties and interest accruing with respect to delinquent Special Tax installments) minus amounts (not in excess of the then current Administrative Expense Cap) set aside to pay Administrative Expenses and minus also the portion of any Prepayment that is not required to be deposited in the Special Tax Fund. “Gross Taxes” is defined by the Indenture to mean the amount of all Special Taxes received by the Community Facilities District, together with proceeds collected from the sale of property pursuant to the foreclosure provisions of the Trust Indenture for the delinquency of Special Taxes remaining after the payment of all of the costs related to such foreclosure actions, including, but not limited to, all legal fees and expenses, court costs, consultant and title insurance fees and expenses. The Indenture defined the term “Special Taxes” to mean the Annual Facilities Special Tax (as defined in the Rate and Method of Apportionment); accordingly, “Special Taxes” do not include the one time special tax authorized to be levied in connection with the issuance of a building permit for property within the Community Facilities District or the annual special tax authorized to be levied to provide maintenance services. The Administrative Expense Cap for the Community Facilities District is \$45,000 for fiscal year 2013-14, but it can be increased by up to 2% per year. See APPENDIX D — “SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE — Definitions.”

The Special Tax is exempt from the tax rate limitation of California Constitution Article XIII A pursuant to Section 4 thereof because it constitutes a “special tax” authorized by a two-thirds vote of the qualified electors in the Community Facilities District. Consequently, the Community Facilities District is legally authorized and has covenanted in the Trust Indenture to levy the Special Tax pursuant to the Rate and Method of Apportionment in amounts which will be sufficient after making reasonable allowances for delinquencies, contingencies and errors in the estimates to yield proceeds equal to the amounts required for compliance with the agreements, conditions, covenants and terms contained in the Indenture. See

“SECURITY AND SOURCES OF PAYMENT FOR THE BONDS —Special Taxes” below. The Rate and Method of Apportionment apportions the total amount of the Special Tax to be collected among the taxable parcels in the Community Facilities District as more particularly described herein. See “—Special Taxes—*Rate and Method of Apportionment of Special Tax*,” and “THE COMMUNITY FACILITIES DISTRICT” and APPENDIX A — “RATE AND METHOD OF APPORTIONMENT OF SPECIAL TAX.”

Although the Special Tax will be levied against taxable parcels within the Community Facilities District, it does not constitute a personal indebtedness of the respective property owners. There is no assurance that the property owners will be financially able to pay the annual Special Tax or that they will pay it even if financially able to do so. See “SPECIAL RISK FACTORS” herein.

NEITHER THE FAITH AND CREDIT NOR THE TAXING POWER OF THE CITY, THE COUNTY OF STANISLAUS, THE STATE OF CALIFORNIA OR ANY POLITICAL SUBDIVISION THEREOF IS PLEDGED TO THE PAYMENT OF THE BONDS. EXCEPT FOR THE NET SPECIAL TAXES, NO OTHER REVENUES OR TAXES ARE PLEDGED TO THE PAYMENT OF THE BONDS. THE BONDS ARE NOT GENERAL OR SPECIAL OBLIGATIONS OF THE CITY NOR GENERAL OBLIGATIONS OF THE COMMUNITY FACILITIES DISTRICT BUT ARE LIMITED OBLIGATIONS OF THE COMMUNITY FACILITIES DISTRICT PAYABLE SOLELY FROM NET SPECIAL TAXES AND OTHER AMOUNTS HELD UNDER THE INDENTURE AS MORE FULLY DESCRIBED HEREIN.

Special Taxes

General.

In accordance with the provisions of the Act, the City Council established the Community Facilities District on April 6, 2004 for the purpose of financing the design, construction, expansion, acquisition, leasing and rehabilitation of certain public facilities within or serving the Community Facilities District, as provided in the Resolution of Formation. The Resolution of Formation and the Resolution to Incur Bonded Indebtedness authorized the Community Facilities District to submit a proposition to the qualified electors of the Community Facilities District to authorize the issuance of an aggregate principal amount of bonds not to exceed \$75,000,000 and the annual levy and collection of the Special Tax pursuant to the terms and conditions of the Act. The levy of the Special Tax and the Rate and Method were approved by the qualified electors within the Community Facilities District on April 6, 2004. On April 6, 2004, the City Council, acting as the legislative body of the Community Facilities District, adopted the Ordinance which provides for the levying of the Special Tax. The Rate and Method approved by the City Council and the qualified electors is set forth in Appendix A hereto.

The Special Tax applicable to each parcel of Taxable Property (as defined in the Rate and Method of Apportionment) within the Community Facilities District each Fiscal Year is required to be calculated pursuant to the Rate and Method of Apportionment and varies depending upon a parcel’s Tax Zone, Expected Land Use and Net Taxable Acreage (each as defined in the Rate and Method of Apportionment). See APPENDIX A — “RATE AND METHOD OF APPORTIONMENT OF SPECIAL TAX.”

The Special Tax is expected to be collected by the County at the same time and in the same manner as general *ad valorem* property taxes. The Indenture requires that the Community Facilities District transfer to the Trustee no later than the last day of each month during which the Special Taxes are received by the Community Facilities District for deposit in the Special Tax Fund all the Special Taxes received by the Community Facilities District, provided that a Prepayment of the Special Tax is required to be deposited directly the Redemption Account of the Special Tax Fund (see APPENDIX D — “SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE — Creation of Funds and Application of Revenues and Gross Taxes – Redemption Account of the Special Tax Fund”).

Notwithstanding the foregoing, the Special Taxes levied in any Fiscal Year may not exceed the maximum rates authorized pursuant to the Rate and Method for the Community Facilities District. See APPENDIX A — “RATE AND METHOD OF APPORTIONMENT OF SPECIAL TAX” hereto. There is no assurance that the Special Tax proceeds will, in all circumstances, be adequate to pay the principal of and interest on the Bonds when due. See “SPECIAL RISK FACTORS — Insufficiency of Special Taxes.”

Rate and Method of Apportionment of Special Tax.

The Community Facilities District is legally authorized and has covenanted to cause the levy of the Special Taxes in an amount determined according to the Rate and Method, which the City Council and the qualified electors of the Community Facilities District have approved. The Rate and Method apportions the total amount of Special Taxes to be collected among the taxable parcels in the Community Facilities District as more particularly described herein. The Community Facilities District adopted the Rate and Method following public hearings and elections conducted pursuant to the provisions of the Act. The full text of the Rate and Method is set forth in Appendix A hereto.

The Rate and Method of Apportionment is contained in APPENDIX A — “RATE AND METHOD OF APPORTIONMENT OF SPECIAL TAX.” Capitalized terms that are used in the discussion under this caption and not otherwise defined herein shall have the respective meanings ascribed to them in the Rate and Method of Apportionment. In general, the Rate and Method of Apportionment imposes a different Maximum Annual Facilities Special Tax on Taxable Property within the Community Facilities District depending upon which Tax Zone it is located in, its status as Developed Property, Undeveloped Property or Taxable Public Property, its Land Use Class and its Net Taxable Acreage. For Fiscal Year 2013-14 the Per Acre Maximum Annual Facilities Special Tax for Tax Zone 1 and Tax Zone 2 is approximately \$4,203.14 per Net Taxable Acre for Low Density Residential Property, approximately \$7,654.57 per Net Taxable Acre for Village Residential Property, approximately \$8,630.96 per Net Taxable Acre for Multi-Family Property, approximately \$4,266.48 per Net Taxable Acre for Commercial Property and approximately \$3,047.49 per Net Taxable Acre for Industrial Property. Each Fiscal Year the Maximum Annual Facilities Special Tax escalates by 2% of the amount in effect in the prior Fiscal Year.

The Rate and Method of Apportionment defines “Net Taxable Acreage” as “. . . the total acreage within a Final Map or parcel less arterial road right-of-ways [sic] and property that is defined in the Final Map for use as a park site, school site, or city owned or CFD owned storm drain basin.” Thus, for purposes of the Rate and Method of Apportionment, the Net Taxable Acreage of a parcel will be deemed to include areas that are in addition to the actual net area of the parcel.

Pursuant to the Rate and Method of Apportionment, the Administrator is required to determine the “Annual Facilities Special Tax Requirement” for the Community Facilities District for each Fiscal Year. The Annual Facilities Special Tax Requirement for the Community Facilities District is the amount necessary in any Fiscal Year: (i) to pay principal of and interest on Bonds, (ii) to pay administrative expenses of the Community Facilities District that have not been included in the Annual Maintenance Special Tax Requirement for the Fiscal Year, (iii) to create or replenish the Reserve Account, (iv) to cure any delinquencies in the payment of principal of or interest on Bonds which have occurred in the prior Fiscal Year or (based on delinquencies in the payment of the Annual Facilities Special Taxes which have already taken place) are expected to occur in the Fiscal Year in which the tax will be collected, and (v) to pay construction expenses to be funded directly from Annual Facility Special Tax proceeds. The amounts referred to in clauses (i) and (iii) of the preceding sentence may be reduced in any Fiscal Year by: (a) interest earnings on or surplus balances in funds and accounts for the Bonds to the extent that such earnings or balances are available to apply against debt service pursuant to the Trust Indenture, (b) proceeds received by the Community Facilities District from the collection of penalties associated with delinquent Annual Facilities Special Taxes and (c) any other revenues available to pay debt service on the Bonds as determined by the Administrator.

The Annual Facilities Special Tax Requirement is to be satisfied first by levying the Annual Facilities Special Tax Proportionately on each Parcel of Developed Property within the Community Facilities District at up to 100% of the applicable Maximum Annual Facilities Special Tax. If additional moneys are needed to satisfy the Annual Facilities Special Tax Requirement, and after applying any available Capitalized Interest to the Annual Facilities Special Tax Requirement, the Annual Facilities Special Tax shall be levied proportionately on each Parcel of Undeveloped Property at up to 100% of the Maximum Annual Facilities Special Tax for Undeveloped Property. Finally, any additional amounts required in order to satisfy the Annual Facilities Special Tax Requirement shall be raised by the levy of the Annual Facilities Special Tax Proportionately on each Parcel of Taxable Public Property at up to 100% of the Maximum Annual Facilities Special Tax for Taxable Public Property.

Notwithstanding the above, under no circumstances will the Special Tax levied against any Parcel within the Community Facilities District that is used for private residential purposes be increased by more than 10% per Fiscal Year as a consequence of a delinquency or default by the owner of any other Parcel within the Community Facilities District.

UNDER NO CIRCUMSTANCES MAY THE SPECIAL TAX ON ANY ASSESSOR'S PARCEL EXCEED THE MAXIMUM RATES AS SET FORTH IN APPENDIX A HERETO. See APPENDIX A — "RATE AND METHOD OF APPORTIONMENT OF SPECIAL TAX" hereto.

In connection with the issuance of the Bonds, Goodwin Consulting Group, Inc., the Community Facilities District's Special Tax Consultant, will certify that the Maximum Special Tax that may be levied on assessor's parcels of Developed Property and Undeveloped Property within the Community Facilities District will be at least equal to 110% of maximum annual debt service on the Bonds plus the Administrative Expense Cap. Actual collections of the Special Tax will depend on the amount of Special Tax delinquencies.

Under the Rate and Method, the owner of a parcel may voluntarily prepay the Special Tax obligation for a parcel in whole or in part. Any voluntary prepayment of Special Taxes will result in a special mandatory redemption of the Bonds. See "THE BONDS — Redemption of the Bonds — *Special Mandatory Redemption from Special Tax Prepayments.*"

Although the Special Taxes will constitute liens on taxed parcels within the Community Facilities District, such taxes do not constitute a personal indebtedness of the owners of property within the Community Facilities District. Moreover, other liens for taxes and assessments already exist on the property located within the Community Facilities District and others could come into existence in the future in certain situations without the consent or knowledge of the Community Facilities District or the landowners therein. See "SPECIAL RISK FACTORS — Parity Taxes and Special Assessments" herein. There is no assurance that the property owners in the Community Facilities District will be financially able to pay the annual Special Taxes or that they will pay such taxes even if financially able to do so. See the portion of this Official Statement entitled "SPECIAL RISK FACTORS."

10% Limitation on Increases in the Special Tax Levy as a Result of Delinquencies. Section 53321 of the Act states that under no circumstances will the Special Tax levied in any fiscal year against any parcel used for private residential purposes (parcels are considered "used for private residential purposes" on the date that an occupancy permit for private residential use is issued) be increased as a consequence of delinquency or default by more than 10% above the amount that would have been levied in that fiscal year had there never been any such delinquencies or defaults. Therefore, even though the maximum Special Tax rates may allow for Special Tax increases greater than 10%, in the event of high delinquencies in the Community Facilities District, the Community Facilities District could not increase the Special Taxes in the fiscal year following such delinquencies by more than 10% on the residential units. See "SPECIAL RISK FACTORS — Insufficiency of Special Taxes."

Covenant Not to Reduce Special Tax Rates Unless Certain Conditions are Met

The Community Facilities District has covenanted in the Indenture that it will not take any actions that would discontinue or cause the discontinuance of the Special Tax levy or the Community Facilities District's authority to levy the Special Tax so long as the Bonds are Outstanding, including the initiation of proceedings under the Act to reduce the maximum Special Tax rates on then existing Developed Property below the amounts which are necessary to pay Administrative Expenses and to provide Special Taxes in an amount equal to 110% of annual debt service on the Outstanding Bonds. The Community Facilities District has further covenanted that in the event an initiative is adopted which purports to reduce maximum Special Tax rates or to limit the power of the Community Facilities District to levy Special Taxes for the purposes set forth above, it will commence and pursue legal action seeking to preserve its ability to comply with its covenants. There are no California court cases interpreting the enforceability of the foregoing covenants in light of Article XIII C. See "SPECIAL RISK FACTORS — Proposition 218."

Existing Liens

The lots within the Community Facilities District are subject to additional indebtedness as set forth under the heading "THE COMMUNITY FACILITIES DISTRICT — Direct and Overlapping Indebtedness" herein.

The lien for the Special Taxes is co-equal to the lien for the overlapping assessments and special taxes and the lien for general property taxes. See "THE COMMUNITY FACILITIES DISTRICT — Direct and Overlapping Indebtedness."

Except as disclosed in this Official Statement, the Community Facilities District is unaware of any present or contemplated assessment district or community facilities district that includes property within the Community Facilities District. The Community Facilities District has no control, and the City has only limited control, over the amount of additional indebtedness that may be issued in the future by other public agencies, the payment of which, through the levy of a tax or an assessment, will be on a parity with the Special Taxes.

No Obligation of the City Upon Delinquency

The City is under no obligation to transfer any funds of the City into the Special Tax Fund for payment of the principal of or interest on the Bonds if a delinquency occurs in the payment of any Special Taxes. See "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS — Covenant for Superior Court Foreclosure" for a discussion of the Community Facilities District's obligation to foreclosure Special Tax liens upon delinquencies.

Covenant for Superior Court Foreclosure

Pursuant to Section 53356.1 of the Act, the Community Facilities District covenants in the Indenture with and for the benefit of the Bondowners that it will order, and cause to be commenced, on or before October 1 of the Fiscal Year immediately following the Fiscal Year in which a delinquency in the payment of a Special Tax occurs, and thereafter diligently prosecute to judgment (unless such delinquency is theretofore brought current), an action in the superior court to foreclose the lien of any Special Tax or installment thereof not paid when due, provided that the Community Facilities District need not commence or pursue such proceedings with respect to any property owned by a single property owner who is delinquent in the payment of Special Taxes in an amount less than \$5,000 if both (i) the aggregate amount of such delinquent Special Taxes does not exceed 5% of the total Special Taxes due and payable for the Fiscal Year in question (ii) the balance on deposit in the Reserve Account of the Special Tax Fund is not less than the Reserve Requirement.

Pursuant to the Act, the Community Facilities District may waive delinquency penalties and redemption penalties if it determines that (i) the waivers shall apply only to parcels delinquent at the time of

the determination, (ii) the waivers shall only be available with respect to parcels for which all past due and currently due Special Tax and all other costs are paid in full within a limited period of time specified in the determination, (iii) the waivers shall be available only with respect to parcels sold or otherwise transferred to new owners unrelated to the owner responsible for the delinquency, and (iv) the waivers are in the best interest of the Owners of the Bonds.

In the event foreclosure or foreclosures are necessary, there may be a delay in payments to Bondowners pending prosecution of the foreclosure proceedings and receipt by the Community Facilities District of the proceeds of the foreclosure sale; it is also possible that no bid for the purchase price or applicable property would be received at the foreclosure sale. See “SPECIAL RISK FACTORS —Bankruptcy and Foreclosure.” Notwithstanding any other provision of the Trust Indenture, the City is not obligated to advance available funds from the City’s treasury to cure any deficiency in the Special Tax Fund.

Reserve Account

In order to further secure the payment of principal of and interest on the Bonds, upon delivery of the Bonds, the Community Facilities District will deposit in the Reserve Account such amount equal to the Reserve Requirement with respect to the Bonds. Thereafter, the Community Facilities District is required, subject to the limits on the levy of the Special Tax, to deposit and to maintain the Reserve Requirement in the Reserve Account at all times while any of the Bonds are outstanding. The Reserve Requirement for the Bonds is defined as the amount equal to the lowest of: (i) 10% of the principal amount of the Bonds; (ii) maximum annual principal and interest requirements on all Bonds outstanding or (iii) 125% of the average annual principal and interest requirements on all Bonds outstanding. See APPENDIX D — “SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE” herein. Subject to the limits on the maximum annual Special Tax which may be levied within the Community Facilities District, as described in APPENDIX A, the Community Facilities District has covenanted to levy Special Taxes in an amount that is anticipated to be sufficient, in light of the other intended uses of the Special Tax proceeds, to maintain the balance in the Reserve Account at the Reserve Requirement while any Bonds are outstanding. Amounts in the Reserve Account are to be applied to the payment of (i) redemption of the Bonds in whole or in part, (ii) debt service on the Bonds to the extent other moneys are not available therefor, and (iii) the principal and interest due on the final maturity of the Bonds. In addition, moneys in the Reserve Account may be used to make any required transfer to the Rebate Fund. In the event of a prepayment of Special Taxes, under certain circumstances, a portion of the Reserve Account will be added to the amount being prepaid and be applied to redeem Bonds; provided, however, that no such transfer shall be made if it would result in the amount in the Reserve Account being less than the Reserve Requirement. See APPENDIX D — “SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE” herein for a description of additional requirements. In no event shall amounts in the Reserve Account be used to pay fees or expenses of the Trustee or its counsel.

Priority of Bonds and Pledge of Net Special Taxes

The Community Facilities District has pledged and assigned to the Trustee all Net Special Taxes (Special Taxes remaining after the payment of Administrative Expenses up to the Administrative Expenses Cap) for the payment of principal of, premium, if any, and interest on the Bonds. Pursuant to the Act and the Indenture, the Bonds shall be and are equally secured by a pledge of and lien upon the Net Special Taxes, and certain other amounts on deposit in the Special Tax Fund and the Reserve Account of the Special Tax Fund. So long as any of such Bonds are Outstanding and unpaid, the Net Special Taxes and the interest thereon may be used only as provided in the Indenture unless the Bondowners authorize other uses of such Net Special Taxes pursuant to the provisions of the Indenture. Nothing in the Indenture or in any Supplemental Indenture shall preclude the redemption prior to maturity of any Bonds subject to call and redemption or the payment of the Bonds from proceeds of refunding bonds issued under the Act or under any other law of the State.

Amounts in the Rebate Fund, Administration Fund and the Surplus Fund are not pledged to the repayment of the Bonds.

BOND INSURANCE

The information under this caption has been prepared by AGM for inclusion in this Official Statement. Neither the Community Facilities District nor the Underwriter make any representation with respect to the accuracy or completeness thereof. The following information is not a complete summary of the terms of the Policy (as such term is defined below) and reference is made to Appendix G for a specimen of the Policy.

Bond Insurance Policy

Concurrently with the issuance of the Bonds, AGM will issue its Municipal Bond Insurance Policy (the “Policy”) for the Insured Bonds. The Policy guarantees the scheduled payment of principal of and interest on the Insured Bonds when due as set forth in the form of the Policy included as an exhibit to this Official Statement.

The Policy is not covered by any insurance security or guaranty fund established under New York, California, Connecticut or Florida insurance law.

Assured Guaranty Municipal Corp.

AGM is a New York domiciled financial guaranty insurance company and an indirect subsidiary of Assured Guaranty Ltd. (“AGL”), a Bermuda-based holding company whose shares are publicly traded and are listed on the New York Stock Exchange under the symbol “AGO”. AGL, through its operating subsidiaries, provides credit enhancement products to the U.S. and global public finance, infrastructure and structured finance markets. Neither AGL nor any of its shareholders or affiliates, other than AGM, is obligated to pay any debts of AGM or any claims under any insurance policy issued by AGM.

AGM’s financial strength is rated “AA” (stable outlook) by Standard and Poor’s Ratings Services, a Standard & Poor’s Financial Services LLC business (“S&P”) and “A2” (stable outlook) by Moody’s Investors Service, Inc. (“Moody’s”). Each rating of AGM should be evaluated independently. An explanation of the significance of the above ratings may be obtained from the applicable rating agency. The above ratings are not recommendations to buy, sell or hold any security, and such ratings are subject to revision or withdrawal at any time by the rating agencies, including withdrawal initiated at the request of AGM in its sole discretion. In addition, the rating agencies may at any time change AGM’s long-term rating outlooks or place such ratings on a watch list for possible downgrade in the near term. Any downward revision or withdrawal of any of the above ratings, the assignment of a negative outlook to such ratings or the placement of such ratings on a negative watch list may have an adverse effect on the market price of any security guaranteed by AGM. AGM only guarantees scheduled principal and scheduled interest payments payable by the issuer of bonds insured by AGM on the date(s) when such amounts were initially scheduled to become due and payable (subject to and in accordance with the terms of the relevant insurance policy), and does not guarantee the market price or liquidity of the securities it insures, nor does it guarantee that the ratings on such securities will not be revised or withdrawn.

Current Financial Strength Ratings

On July 2, 2014, S&P issued a credit rating report in which it affirmed AGM’s financial strength rating of “AA” (stable outlook). AGM can give no assurance as to any further ratings action that S&P may take.

On July 2, 2014, Moody’s issued a rating action report stating that it had affirmed AGM’s insurance financial strength rating of “A2” (stable outlook). AGM can give no assurance as to any further ratings action that Moody’s may take.

For more information regarding AGM's financial strength ratings and the risks relating thereto, see AGL's Annual Report on Form 10-K for the fiscal year ended December 31, 2013.

Capitalization of AGM

At March 31, 2014, AGM's policyholders' surplus and contingency reserve were approximately \$3,621 million and its net unearned premium reserve was approximately \$1,869 million. Such amounts represent the combined surplus, contingency reserve and net unearned premium reserve of AGM, of AGM's wholly owned subsidiary Assured Guaranty (Europe) Ltd., and 60.7% of AGM's indirect subsidiary Municipal Assurance Corp.; after giving effect to certain intercompany eliminations; each amount of surplus, contingency reserve and net unearned premium reserve for each company was determined in accordance with statutory accounting principles.

THE CITY

The City is located in the northern San Joaquin Valley on State Highway 99, approximately 90 miles southeast of San Francisco, 86 miles east of San Jose and the Silicon Valley industrial area and 316 miles north of Los Angeles. It has a land area of approximately 36 square miles and an estimated population of over 200,000 people. More detailed economic and demographic information about the City and its surrounding areas is contained in APPENDIX C — “GENERAL INFORMATION CONCERNING THE REGION.” The City Council of the City serves as the legislative body of the Community Facilities District and certain members of the City staff provide services to the Community Facilities District. However, the Bonds are not obligations of the City, and neither the faith and credit nor the taxing power of the City is pledged to the payment of the Bonds.

THE COMMUNITY FACILITIES DISTRICT

General Description of the Community Facilities District

The City Council formed the Community Facilities District under the Act to provide for the financing of public improvements to meet the needs of development in the portion of the City known as “Village One.” The Community Facilities District is part of the City’s plan to provide financing for the infrastructure that will be required in order to support the development of Village One.

Village One is located in the northeastern portion of the City’s urban area and is anticipated to be developed as a pedestrian-oriented, mixed-use planned community. At its ultimate buildout, Village One is expected to include a variety of residential, commercial, and industrial land uses. As a result of annexations subsequent to its formation, the Community Facilities District currently encompasses over 286 Net Special Taxable Acres (as defined in the Rate and Method of Apportionment) of the approximately 1,840 gross acres of land within Village One. Approximately twenty acres of land included within the Community Facilities District have been or are expected to be developed for commercial and office uses, and the remainder thereof has been or is expected to be developed for residential purposes including approximately 524 apartment units and 1,390 single-family residences.

As of June 30, 2013, there were 1,066 residential units which are all classified as “Village Residential Property” (residential units with a density of more than two units per acre) which had been completed and conveyed to individual home buyers. Additionally, there were 13 parcels of commercial property which were classified as Developed Property for Fiscal Year 2013-14 (meaning building permits had been issued as of June 30, 2013) which have been or are expected to be developed for commercial and office uses, and 5 parcels of multifamily housing including 3 Apartment Units which were classified as Developed Property for Fiscal Year 2013-14 (meaning building permits had been issued as of June 30, 2013). As of June 30, 2013 there are 337 parcels of Undeveloped Property (all but five of which were within a Final Map) and one parcel of taxable public property.

The parcels which comprise the Community Facilities District are not contiguous to one another. However, with the exception of one property located on the northeast corner of the Sylvan and Roselle Avenues, the parcels are generally located south of Sylvan Avenue, west of Claus Road, north of Briggsmore Avenue, and east of Oakdale Road. A diagram showing the location of the various parcels within the Community Facilities District is included in APPENDIX A — “RATE AND METHOD OF APPORTIONMENT OF SPECIAL TAX.

Water service to the property within the Community Facilities District is supplied by the City. Water for properties within Village One is provided by ground water from the existing well located at Ustach Park

and by surface water from the Tuolumne River. The surface water is treated at the City's existing surface water treatment plant. Three additional wells have been constructed to serve the area. Sewer service to the property within the Community Facilities District is also provided by the City.

Electricity is supplied by the Modesto Irrigation District, natural gas by Pacific Gas & Electric, telephone services by SBC and public safety services (police and fire) by the City.

Elementary and middle schools for the residents of property within the Community Facilities District are provided by the Sylvan Union School District, and high schools are provided by the Modesto City Schools District. The City's Village One plan states that two elementary schools, two middle schools and a high school will be needed in order to accommodate the student population of Village One at build out. The elementary schools, Freedom Elementary School and the Mary Ann Sanders Elementary School and the two middle schools, Elizabeth J. Ustach Middle School and Daniel J. Savage Middle School, are complete. The James C. Enochs High School is also complete.

According to the California Seismic Safety Commission, the County is located in Seismic Zone 3. Zone 3 is a medium risk area common to the Central Valley. The Community Facilities District is not aware of any active faults located under or near the property, and none of the property is located in an Alquist-Priolo Earthquake Fault Zone. The Federal Emergency Management Agency has determined that the Community Facilities District is located in a Flood Zone C designated area (an area that is outside the 100-year flood plain).

Direct and Overlapping Indebtedness

The Community Facilities District is included within the boundaries of numerous overlapping local agencies providing governmental services. Some of these local agencies have outstanding bonds, and/or the authority to issue bonds, payable from taxes or assessments. The existing and authorized indebtedness payable from taxes and assessments that may be levied upon the property within the Community Facilities District is shown in the table below. In addition to current debt, new community facilities districts and/or special assessment districts could be formed in the future encompassing all or a portion of the property within the Community Facilities District; and such districts or the agencies that formed them could issue more bonds and levy additional special taxes or assessments.

The ability of an owner of land within the Community Facilities District to pay the Special Taxes could be affected by the existence of other taxes and assessments imposed upon the property. These taxes consist of the direct and overlapping debt set forth in Table 1 below. As of June 1, 2014, the sum of the direct and overlapping tax and assessment debt applicable to the property within the Community Facilities District, including the Refunded Bonds but excluding the Bonds, was \$39,458,141. In addition, other public agencies whose boundaries overlap those of the Community Facilities District could, without the consent of the Community Facilities District, and in certain cases without the consent of the owners of the land within the Community Facilities District, impose additional taxes or assessment liens on the property within the Community Facilities District in order to finance public improvements to be located inside of or outside of such area. The lien created on the property within the Community Facilities District through the levy of such additional taxes or assessments may be on a parity with the lien of the Special Taxes. See "SPECIAL RISK FACTORS — Parity Taxes and Special Assessments" herein.

Set forth below is a direct and overlapping debt report prepared by California Municipal Statistics, Inc. as of June 1, 2014. The table provides that the assessed value of the property within the Community Facilities District has been determined to be \$350,395,662 for the Fiscal Year 2013-14. The debt report sets forth those entities which have issued debt and does not include entities which only levy or assess fees, charges, *ad valorem* taxes or other special taxes. See Table 3 for all entities levying a tax or assessment within the Community Facilities District. The debt report is included for general information purposes only.

Although the Community Facilities District has reviewed the debt report, it makes no representations as to its completeness or accuracy.

SPECIAL RISK FACTORS

The purchase of the Bonds involves significant risks and, therefore, the Bonds are not suitable investments for many investors. The following is a discussion of certain risk factors which should be considered, in addition to other matters set forth herein, in evaluating the investment quality of the Bonds. The Bonds have not been rated by a rating agency. This discussion does not purport to be comprehensive or definitive and does not purport to be a complete statement of all factors which may be considered as risks in evaluating the credit quality of the Bonds. The occurrence of one or more of the events discussed herein could adversely affect the ability or willingness of property owners in the Community Facilities District to pay their Special Taxes when due. Such failures to pay Special Taxes could result in the inability of the Community Facilities District to make full and punctual payments of debt service on the Bonds. In addition, the occurrence of one or more of the events discussed herein could adversely affect the value of the property in the Community Facilities District.

Risks of Real Estate Secured Investments Generally

The Bondowners will be subject to the risks generally incident to an investment secured by real estate, including, without limitation, (i) adverse changes in local market conditions, such as changes in the market value of real property in the vicinity of the Community Facilities District, the supply of or demand for competitive properties in such area, and the market value of residential property or commercial buildings and/or sites in the event of sale or foreclosure; (ii) changes in real estate tax rates and other operating expenses, governmental rules (including, without limitation, zoning laws and laws relating to endangered species and hazardous materials) and fiscal policies; (iii) natural disasters (including, without limitation, earthquakes, wildfires and floods), which may result in uninsured losses; (iv) adverse changes in local market conditions; and (v) increased delinquencies due to rising mortgage costs and other factors.

No assurance can be given that the individual property owners will pay Special Taxes in the future or that they will be able to pay such Special Taxes on a timely basis. See "SPECIAL RISK FACTORS — Bankruptcy and Foreclosure" below, for a discussion of certain limitations on the Community Facilities District's ability to pursue judicial proceedings with respect to delinquent parcels.

Limited Obligations

The Bonds and interest thereon are not payable from the general funds of the City. Except with respect to the Special Taxes, neither the credit nor the taxing power of the Community Facilities District or the City is pledged for the payment of the Bonds or the interest thereon, and, except as provided in the Indenture, no Owner of the Bonds may compel the exercise of any taxing power by the Community Facilities District or the City or force the forfeiture of any City or Community Facilities District property. The principal of, premium, if any, and interest on the Bonds are not a debt of the City or a legal or equitable pledge, charge, lien or encumbrance upon any of the City's or the Community Facilities District's property or upon any of the City's or the Community Facilities District's income, receipts or revenues, except the Special Taxes and other amounts pledged under the Indenture.

Insufficiency of Special Taxes

The principal source of payment of principal of and interest on the Bonds is the proceeds of the annual levy and collection of the Special Tax against property within the Community Facilities District. The annual levy of the Special Tax is subject to the maximum tax rates authorized. The levy cannot be made at a higher rate even if the failure to do so means that the estimated proceeds of the levy and collection of the Special Tax, together with other available funds, will not be sufficient to pay debt service on the Bonds. Other funds which might be available include funds derived from the payment of penalties on delinquent Special Taxes and funds derived from the tax sale or foreclosure and sale of parcels on which levies of the Special Tax are delinquent.

The levy of the Special Tax will rarely, if ever, result in a uniform relationship between the value of particular Taxable Property and the amount of the levy of the Special Tax against such parcels. Thus, there will rarely, if ever, be a uniform relationship between the value of such parcels and the proportionate share of debt service on the Bonds, and certainly not a direct relationship.

The Special Tax levied in any particular tax year on a Taxable Property is based upon the revenue needs and application of the Rate and Method. Application of the Rate and Method will, in turn, be dependent upon certain development factors with respect to each Taxable Property by comparison with similar development factors with respect to the other Taxable Property within the Community Facilities District. Thus, in addition to annual variations of the revenue needs from the Special Tax, the following are some of the factors which might cause the levy of the Special Tax on any particular Taxable Property to vary from the Special Tax that might otherwise be expected:

- (1) Failure of the owners of Taxable Property to pay the Special Tax and delays in the collection of or inability to collect the Special Tax by tax sale or foreclosure and sale of the delinquent parcels, thereby resulting in an increased tax burden on the remaining parcels of Taxable Property.
- (2) Reduction in the amount of Taxable Property, for such reasons as acquisition of Taxable Property by a government and failure of the government to pay the Special Tax based upon a claim of exemption or, in the case of the federal government or an agency thereof, immunity from taxation, thereby resulting in an increased tax burden on the remaining parcels of Taxable Property.

Except as set forth above under "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS — Special Taxes" herein, the Indenture provides that the Special Tax is to be collected in the same manner as ordinary *ad valorem* property taxes are collected and, except as provided in the special covenant for foreclosure described in "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS — Covenant for Superior Court Foreclosure" and in the Act, is subject to the same penalties and the same procedure, sale and lien priority in case of delinquency as is provided for *ad valorem* property taxes. Pursuant to these procedures, if taxes are unpaid for a period of five years or more, the property is subject to sale by the County.

In the event that sales or foreclosures of property are necessary, there could be a delay in payments to owners of the Bonds pending such sales or the prosecution of foreclosure proceedings and receipt by the Community Facilities District of the proceeds of sale if the Reserve Account is depleted. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS — Covenant for Superior Court Foreclosure.”

In addition, under no circumstances will the Special Taxes levied against any parcel of Residential Property be increased by more than 10% per Fiscal Year as a consequence of delinquency or default by the owner of any other parcel within the Community Facilities District. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS — Special Taxes — *Rate and Method of Apportionment of Special Tax*” herein.

Geologic, Topographic and Climatic Conditions

The market value of the property within the Community Facilities District can be adversely affected by a variety of factors, particularly those which may affect infrastructure and other public improvements and private improvements of the parcels and the continued habitability and enjoyment of such public and private improvements. Such additional factors include, without limitation, geologic conditions (such as earthquakes), topographic conditions (such as earth movements) and climatic conditions (such as droughts, fire hazard and floods).

Building codes require that some of these factors be taken into account in the design of private improvements of the parcels, and the City has adopted the Uniform Building Code standards with regard to seismic standards. Design criteria in any of these circumstances are established upon the basis of a variety of considerations and may change, leaving previously designed improvements unaffected by more stringent subsequently established criteria. In general, design criteria reflect a balance at the time of establishment between the present costs of protection and the future costs of lack of protection, based in part upon a present perception of the probability that the condition will occur and the seriousness of the condition should it occur. Consequently, neither the absence of nor the establishment of design criteria with respect to any particular condition means that the applicable governmental agency has evaluated the condition and has established design criteria in the situations in which such criteria are needed to preserve value, or has established such criteria at levels that will preserve value. To the contrary, the Community Facilities District expects that one or more of such conditions may occur and may result in damage to improvements of varying seriousness, that the damage may entail significant repair or replacement costs and that repair or replacement may never occur either because of the cost or because repair or replacement will not facilitate habitability or other use, or because other considerations preclude such repair or replacement. Under any of these circumstances, the actual value of the parcels may well depreciate or disappear, notwithstanding the establishment of design criteria for any such condition.

Hazardous Substances

The presence of hazardous substances on a parcel may result in a reduction in the value of a parcel. In general, the owners and operators of a parcel may be required by law to remedy conditions of the parcel relating to releases or threatened releases of hazardous substances. The federal Comprehensive Environmental Response, Compensation and Liability Act of 1980, sometimes referred to as “CERCLA” or the “Superfund Act,” is the most well-known and widely applicable of these laws, but State laws with regard to hazardous substances are also stringent and similar. Under many of these laws, the owner or operator is obligated to remedy a hazardous substance condition of property whether or not the owner or operator has anything to do with creating or handling the hazardous substance. The effect, therefore, should any of the taxed parcels be affected by a hazardous substance, is to reduce the marketability and value of the parcel by the costs of remedying the condition, because the purchaser, upon becoming owner, will become obligated to remedy the condition just as is the seller.

The value of the property within the Community Facilities District, as set forth in the various tables herein, does not reflect the presence of any hazardous substance or the possible liability of the owner (or operator) for the remedy of a hazardous substance condition of the property. The Community Facilities District has not independently verified, but is not aware, that any owner (or operator) of any of the parcels within the Community Facilities District has such a current liability with respect to any such parcel. However, it is possible that such liabilities do currently exist and that the Community Facilities District is not aware of them.

Further, it is possible that liabilities may arise in the future with respect to any of the parcels resulting from the existence, currently, on the parcel of a substance presently classified as hazardous but which has not been released or the release of which is not presently threatened, or may arise in the future resulting from the existence, currently on the parcel of a substance not presently classified as hazardous but which may in the future be so classified. Such liabilities may arise not simply from the existence of a hazardous substance but from the method of handling it. All of these possibilities could significantly affect the value of a parcel and the willingness or ability of the owner of any parcel to pay the Special Tax installments.

Payment of the Special Tax is not a Personal Obligation of the Owners

An owner of a taxable parcel is not personally obligated to pay the Special Tax. Rather, the Special Tax is an obligation which is secured only by a lien against the taxable parcel. If the value of a taxable parcel is not sufficient, taking into account other liens imposed by public agencies, to secure fully the Special Tax, the Community Facilities District has no recourse against the owner.

Parity Taxes and Special Assessments

Property within the Community Facilities District is subject to taxes and assessments imposed by public agencies also having jurisdiction over the land within the Community Facilities District. See “THE COMMUNITY FACILITIES DISTRICT — Direct and Overlapping Indebtedness.”

The Special Taxes and any penalties thereon will constitute a lien against the lots and parcels of land on which they will be annually imposed until they are paid. Such lien is on a parity with all special taxes and special assessments levied by other agencies and is co-equal to and independent of the lien for general property taxes regardless of when they are imposed upon the same property. The Special Taxes have priority over all existing and future private liens imposed on the property except, possibly, for liens or security interests held by the Federal Deposit Insurance Corporation. See “— Bankruptcy and Foreclosure” below.

Neither the Community Facilities District nor the City, however, have control over the ability of other entities and districts to issue indebtedness secured by special taxes, *ad valorem* taxes or assessments payable from all or a portion of the property within the Community Facilities District. In addition, the landowners within the Community Facilities District may, without the consent or knowledge of the Community Facilities District, petition other public agencies to issue public indebtedness secured by special taxes, *ad valorem* taxes or assessments. Any such special taxes, *ad valorem* taxes or assessments may have a lien on such property on a parity with the Special Taxes and could reduce the estimated value-to-lien ratios for the property within the Community Facilities District described herein. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS” and “THE COMMUNITY FACILITIES DISTRICT — Direct and Overlapping Indebtedness.”

Disclosures to Future Purchasers

The willingness or ability of an owner of a parcel to pay the Special Tax even if the value is sufficient may be affected by whether or not the owner was given due notice of the Special Tax authorization at the time the owner purchased the parcel, was informed of the amount of the Special Tax on the parcel, was informed of the maximum tax rate and the risk of such a levy and the ability of such owner to pay the Special Tax as well

as pay other expenses and obligations. The City has caused a Notice of the Special Tax to be recorded in the Office of the Recorder for the County against each parcel. While title companies normally refer to such notices in title reports, there can be no guarantee that such reference will be made or, if made, that a prospective purchaser or lender will consider such Special Tax obligation in the purchase of a property within the Community Facilities District or lending of money thereon.

The Act requires the subdivider (or its agent or representative) of a subdivision to notify a prospective purchaser or long-term lessor of any lot, parcel, or unit subject to a Mello-Roos special tax of the existence and maximum amount of such special tax using a statutorily prescribed form. California Civil Code Section 1102.6b requires that in the case of transfers other than those covered by the above requirement, the seller must at least make a good faith effort to notify the prospective purchaser of the special tax lien in a format prescribed by statute. Failure by an owner of the property to comply with the above requirements, or failure by a purchaser or lessor to consider or understand the nature and existence of the Special Tax, could adversely affect the willingness and ability of the purchaser or lessor to pay the Special Tax when due.

Special Tax Delinquencies

Under provisions of the Act, the Special Taxes, from which funds necessary for the payment of principal of, and interest on, the Bonds are derived, are customarily billed to the properties within the Community Facilities District on the *ad valorem* property tax bills sent to owners of such properties. The Act currently provides that such Special Tax installments are due and payable, and bear the same penalties and interest for non-payment, as do *ad valorem* property tax installments.

See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS — Covenant for Superior Court Foreclosure,” for a discussion of the provisions which apply, and procedures which the Community Facilities District is obligated to follow under the Indenture, in the event of delinquencies in the payment of Special Taxes. See “— Bankruptcy and Foreclosure” below, for a discussion of the policy of the Federal Deposit Insurance Corporation (the “FDIC”) regarding the payment of special taxes and assessment and limitations on the Community Facilities District’s ability to foreclose on the lien of the Special Taxes in certain circumstances.

FDIC/Federal Government Interests in Properties

The ability of the Community Facilities District to collect interest and penalties specified by the Act and to foreclose the lien of delinquent Special Taxes may be limited in certain respects with regard to parcels in which the FDIC, or other federal government entities such as Fannie Mae, Freddie Mac, the Drug Enforcement Agency, the Internal Revenue Service or other federal agency, has or obtains an interest.

In the case of FDIC, in the event that any financial institution making a loan which is secured by parcels is taken over by the FDIC and the applicable Special Tax is not paid, the remedies available to the Community Facilities District may be constrained. The FDIC’s policy statement regarding the payment of state and local real property taxes (the “Policy Statement”) provides that taxes other than *ad valorem* taxes which are secured by a valid lien in effect before the FDIC acquired an interest in a property will be paid unless the FDIC determines that abandonment of its interests is appropriate. The Policy Statement provides that the FDIC generally will not pay installments of non-*ad valorem* taxes which are levied after the time the FDIC acquires its fee interest, nor will the FDIC recognize the validity of any lien to secure payment except in certain cases where the Resolution Trust Corporation had an interest in property on or prior to December 31, 1995. Moreover, the Policy Statement provides that, with respect to parcels on which the FDIC holds a mortgage lien, the FDIC will not permit its lien to be foreclosed out by a taxing authority without its specific consent, nor will the FDIC pay or recognize liens for any penalties, fines or similar claims imposed for the non-payment of taxes.

The FDIC has taken a position similar to that expressed in the Policy Statement in legal proceedings brought against Orange County in United States Bankruptcy Court and in Federal District Court. The Bankruptcy Court issued a ruling in favor of the FDIC on certain of such claims. Orange County appealed that ruling, and the FDIC cross-appealed. On August 28, 2001, the Ninth Circuit Court of Appeals issued a ruling favorable to the FDIC except with respect to the payment of pre-receivership liens based upon delinquent property tax.

The Community Facilities District is unable to predict what effect the application of the Policy Statement would have in the event of a delinquency with respect to parcels in which the FDIC has or obtains an interest, although prohibiting the lien of the FDIC to be foreclosed out at a judicial foreclosure sale would prevent or delay the foreclosure sale.

In the case of Fannie Mae and Freddie Mac, in the event a parcel of taxable property is owned by a federal government entity or federal government sponsored entity, such as Fannie Mae or Freddie Mac, or a private deed of trust secured by a parcel of taxable property is owned by a federal government entity or federal government sponsored entity, such as Fannie Mae or Freddie Mac, the ability to foreclose on the parcel or to collect delinquent Special Taxes may be limited. Federal courts have held that, based on the supremacy clause of the United States Constitution “this Constitution, and the Laws of the United States which shall be made in Pursuance thereof; and all Treaties made, or which shall be made, under the Authority of the United States, shall be the supreme Law of the Land; and the Judges in every State shall be bound thereby, anything in the Constitution or Laws of any State to the contrary notwithstanding.” In the absence of Congressional intent to the contrary, a state or local agency cannot foreclose to collect delinquent taxes or assessments if foreclosure would impair the federal government interest. This means that, unless Congress has otherwise provided, if a federal government entity owns a parcel of taxable property but does not pay taxes and assessments levied on the parcel (including Special Taxes), the applicable state and local governments cannot foreclose on the parcel to collect the delinquent taxes and assessments.

Moreover, unless Congress has otherwise provided, if the federal government has a mortgage interest in the parcel and the Community Facilities District wishes to foreclose on the parcel as a result of delinquent Special Taxes, the property cannot be sold at a foreclosure sale unless it can be sold for an amount sufficient to pay delinquent taxes and assessments on a parity with the Special Taxes and preserve the federal government’s mortgage interest. For a discussion of risks associated with taxable parcels within the Community Facilities District becoming owned by the federal government, federal government entities or federal government sponsored entities, see “— Insufficiency of Special Taxes.”

The Community Facilities District’s remedies may also be limited in the case of delinquent Special Taxes with respect to parcels in which other federal agencies (such as the Internal Revenue Service and the Drug Enforcement Administration) have or obtain an interest.

Bankruptcy and Foreclosure

Bankruptcy, insolvency and other laws generally affecting creditors’ rights could adversely impact the interests of owners of the Bonds in at least two ways. First, the payment of property owners’ taxes and the ability of the Community Facilities District to foreclose the lien of a delinquent unpaid Special Tax pursuant to its covenant to pursue judicial foreclosure proceedings may be limited by bankruptcy, insolvency or other laws generally affecting creditors’ rights (such as the Soldiers’ and Sailors’ Relief Act of 1940) or by the laws of the State relating to judicial foreclosure. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS — Covenant for Superior Court Foreclosure.” In addition, the prosecution of a foreclosure could be delayed due to many reasons, including crowded local court calendars or lengthy procedural delays.

Secondly, the Bankruptcy Code might prevent moneys on deposit in the Special Tax Fund from being applied to pay interest on the Bonds and/or to redeem Bonds if bankruptcy proceedings were brought by or against a landowner in the Community Facilities District and if the court found that any of such landowners had an interest in such moneys within the meaning of Section 541(a)(1) of the Bankruptcy Code.

Although a bankruptcy proceeding would not cause the Special Taxes to become extinguished, the amount and priority of any Special Tax lien could be modified if the value of the property falls below the value of the lien. If the value of the property is less than the lien, such excess amount could be treated as an unsecured claim by the bankruptcy court. In addition, bankruptcy of a property owner could result in a delay in procuring Superior Court foreclosure proceedings. Such delay would increase the likelihood of a delay or default in payment of the principal of, and interest on, the Bonds and the possibility of delinquent tax installments not being paid in full.

The various legal opinions to be delivered concurrently with the delivery of the Bonds (including Bond Counsel's approving legal opinion) will be qualified, as to the enforceability of the various legal instruments, by moratorium, bankruptcy, reorganization, insolvency or other similar laws affecting the rights of creditors generally.

No Acceleration Provision

The Bonds do not contain a provision allowing for the acceleration of the Bonds in the event of a payment default or other default under the terms of the Bonds or the Indenture or in the event interest on the Bonds becomes included in gross income for federal income tax purposes. Pursuant to the Indenture and further subject to the prior lien of owners of Bonds, an owner is given the right for the equal benefit and protection of all owners of a series similarly situated to pursue certain remedies described in APPENDIX D — "SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE." See also "— Limitations on Remedies" herein.

Limited Secondary Market

There can be no guarantee that there will be a secondary market for the Bonds or, if a secondary market exists, that such Bonds can be sold for any particular price. Although the Community Facilities District has committed to provide certain statutorily required financial and operating information, there can be no assurance that such information will be available to Bondowners on a timely basis. See "INTRODUCTION — Continuing Disclosure" and APPENDIX E — "FORM OF CONTINUING DISCLOSURE AGREEMENT OF THE DISTRICT." Any failure to provide annual financial information, if required, does not give rise to monetary damages but merely an action for specific performance. Occasionally, because of general market conditions, lack of current information, the absence of a credit rating for the Bonds or because of adverse history or economic prospects connected with a particular issue, secondary marketing practices in connection with a particular issue are suspended or terminated. Additionally, prices of issues for which a market is being made will depend upon then prevailing circumstances. Such prices could be substantially different from the original purchase price.

Proposition 218

An initiative measure entitled the "Right to Vote on Taxes Act" (the "Initiative") was approved by the voters of the State at the November 5, 1996, general election. The Initiative added Article XIII C and Article XIII D to the California Constitution. According to the "Title and Summary" of the Initiative prepared by the California Attorney General, the Initiative limits "the authority of local governments to impose taxes and property-related assessments, fees and charges." The provisions of the Initiative have not yet been interpreted by the courts, although a number of lawsuits have been filed requesting the courts to interpret various aspects of the Initiative. The initiative could potentially impact the Special Taxes otherwise available to the Community Facilities District to pay the principal of and interest on the Bonds as described below.

Among other things, Section 3 of Article XIIC states that "...the initiative power shall not be prohibited or otherwise limited in matters of reducing or repealing any local tax, assessment, fee or charge." The Act provides for a procedure, which includes notice, hearing, protest and voting requirements to alter the rate and method of an existing special tax. However, the Act prohibits a legislative body from adopting any resolution to reduce the rate of any special tax or terminate the levy of any special tax pledged to repay any debt incurred pursuant to the Act unless such legislative body determines that the reduction or termination of the special tax would not interfere with the timely retirement of that debt. On July 1, 1997, a bill was signed into law by the Governor of the State enacting Government Code Section 5854, which states that:

Section 3 of Article XIIC of the California Constitution, as adopted at the November 5, 1996, general election, shall not be construed to mean that any owner or beneficial owner of a municipal security, purchased before or after that date, assumes the risk of, or in any way consents to, any action by initiative measure that constitutes an impairment of contractual rights protected by Section 10 of Article I of the United States Constitution.

Accordingly, although the matter is not free from doubt, it is likely that the Initiative has not conferred on the voters the power to repeal or reduce the Special Taxes if such reduction would interfere with the timely retirement of the Bonds.

It may be possible, however, for voters or the Community Facilities District or the City acting as the legislative body of the Community Facilities District to reduce the Special Taxes in a manner which does not interfere with the timely repayment of the Bonds, but which does reduce the maximum amount of Special Taxes that may be levied in any year below the existing levels. Furthermore, no assurance can be given with respect to the future levy of the Special Taxes in amounts greater than the amount necessary for the timely retirement of the Bonds. Therefore, no assurance can be given with respect to the levy of Special Taxes for Administrative Expenses. Nevertheless, to the maximum extent that the law permits it to do so, the Community Facilities District has covenanted that it will not initiate proceedings under the Act to reduce the maximum Special Tax rates on parcels of Developed Property within the Community Facilities District to less than an amount projected to equal to 110% of annual debt service each year on the Outstanding Bonds plus the Administrative Expense Cap. In connection with the foregoing covenant, the Community Facilities District has made a legislative finding and determination that any elimination or reduction of Special Taxes below the foregoing level would interfere with the timely retirement of the Bonds. The Community Facilities District also has covenanted that, in the event an initiative is adopted which purports to alter the Rate and Method, it will commence and pursue legal action in order to preserve its ability to comply with the foregoing covenant. However, no assurance can be given as to the enforceability of the foregoing covenants.

The interpretation and application of the Initiative will ultimately be determined by the courts with respect to a number of the matters discussed above, and it is not possible at this time to predict with certainty the outcome of such determination or the timeliness of any remedy afforded by the courts. See "— Limitations on Remedies."

Ballot Initiatives and Legislative Measures

Articles XIII A, XIII B, XIII C and XIII D were adopted pursuant to measures qualified for the ballot pursuant to California's constitutional initiative process and the State Legislature has in the past enacted legislation which has altered the spending limitations or established minimum funding provisions for particular activities. On March 6, 1995, in the case of Rossi v. Brown, the State Supreme Court held that an initiative can repeal a tax ordinance and prohibit the imposition of further such taxes and that the exemption from the referendum requirements does not apply to initiatives. From time to time, other initiative measures could be adopted by California voters or legislation enacted by the legislature. The adoption of any such initiative or legislation might place limitations on the ability of the State, the City, or local districts to increase revenues or

to increase appropriations or on the ability of the landowners within the Community Facilities District to complete the remaining proposed development.

Loss of Tax Exemption

As discussed under the caption “TAX EXEMPTION,” the interest on the Bonds could become includable in gross income for federal income tax purposes retroactive to the date of issuance of the Bonds as a result of acts or omissions of the Community Facilities District or the City in violation of certain provisions of the Internal Revenue Code of 1986, as amended (the “Code”) and the covenants of the Indenture. In order to maintain the exclusion from gross income for federal income tax purposes of the interest on the Bonds, the Community Facilities District has covenanted in the Indenture not to take any action, or fail to take any action, if such action or failure to take such action would adversely affect the exclusion from gross income of interest on the Bonds under Section 103 of the Code. Should such an event of taxability occur, the Bonds are not subject to early redemption and will remain outstanding to maturity or until redeemed under the optional redemption or mandatory sinking fund redemption provisions of the Indenture. See “THE BONDS — Selection of Bonds for Redemption.”

Future legislative proposals, if enacted into law, clarification of the Code or court decisions may cause interest on the Bonds to be subject, directly or indirectly, to federal income taxation or to be subject to or exempted from state income taxation, or otherwise prevent Beneficial Owners from realizing the full current benefit of the tax status of such interest. The introduction or enactment of any such future legislative proposals, clarification of the Code or court decisions may also affect the market price for, or marketability of, the Bonds. Prospective purchasers of the Bonds should consult their own tax advisors regarding any pending or proposed federal or state tax legislation, regulations or litigation, as to which Bond Counsel expresses no opinion.

It is possible that subsequent to the issuance of the Bonds there might be federal, State, or local statutory changes (or judicial or regulatory interpretations of federal, State, or local law) that affect the federal, State, or local tax treatment of the Bonds or the market value of the Bonds. No assurance can be given that subsequent to the issuance of the Bonds such changes or interpretations will not occur. On May 21, 2007, the U.S. Supreme Court agreed to review a Kentucky state court decision, in the matter of Kentucky v. Davis, on the issue of whether the U.S. Constitution commerce clause precludes states from giving more favorable tax treatment to state and local government bonds issued within that state than the tax treatment given bonds issued outside that state. The outcome of this or any similar case cannot be predicted, but the ultimate result could be a change in the treatment for state tax purposes of interest on the Bonds. If the Kentucky v. Davis decision is affirmed by the United States Supreme Court, states such as California may be required to eliminate the disparity between the income tax treatment of out-of-state tax-exempt obligations and the income tax treatment of in-state tax-exempt obligations, such as the Bonds. The impact of such a United States Supreme Court decision may also affect the market price for, or the marketability of the Bonds. Prospective purchasers of the Bonds should consult their tax advisors regarding this matter. See “TAX EXEMPTION” below.

IRS Audit of Tax-Exempt Bond Issues

The Internal Revenue Service has initiated an expanded program for the auditing of tax-exempt bond issues, including both random and targeted audits. It is possible that the Bonds will be selected for audit by the Internal Revenue Service. It is also possible that the market value of the Bonds might be affected as a result of such an audit of the Bonds (or by an audit of similar bonds). For example, the City issued bonds in late 2006 to finance certain water system improvements (the “2006 Bonds”). The IRS is conducting an inquiry into the tax status of the 2006 Bonds. The IRS has alleged the 2006 Bonds were “hedge bonds,” in violation of the rules for tax-exempt bond issuances, because the City had not spent all of the 2006 Bond proceeds in a timely manner. The City disputes these allegations. To the City’s knowledge, no other bonds of the City, including the Community Facilities District and the Refunded Bonds, are the subject of an IRS audit.

Limitations on Remedies

Remedies available to the Owners may be limited by a variety of factors and may be inadequate to assure the timely payment of principal of and interest on the Bonds or to preserve the tax-exempt status of the Bonds.

Bond Counsel has limited its opinion as to the enforceability of the Bonds and of the Indenture to the extent that enforceability may be limited by bankruptcy, insolvency, reorganization, fraudulent conveyance or transfer, moratorium, or others similar laws affecting generally the enforcement of creditors' rights, by equitable principles and by the exercise of judicial discretion. Additionally, the Bonds are not subject to acceleration in the event of the breach of any covenant or duty under the Indenture. The lack of availability of certain remedies or the limitation of remedies may entail risks of delay, limitation or modification of the rights of the Owners.

CONTINUING DISCLOSURE

Pursuant to a Continuing Disclosure Agreement (the "Disclosure Agreement") with Goodwin Consulting Group, Inc., as disclosure dissemination agent, the Community Facilities District has agreed to provide, or cause to be provided, to the Electronic Municipal Market Access System of the Municipal Securities Rulemaking Board, which can be found on the Internet at www.emma.msrb.org, on an annual basis certain financial information and operating data concerning the Community Facilities District. The Community Facilities District has further agreed to provide notice to EMMA of certain listed events. These covenants have been made in order to assist the Underwriter in complying with Rule 15c2-12 adopted by the Securities and Exchange Commission. See APPENDIX E hereto for a description of the specific nature of the annual reports to be filed by the Community Facilities District and notices of listed events to be provided by the Community Facilities District. In connection with certain obligations of the City other than those of the Community Facilities District, the City failed to file required notices of rating downgrades with respect to certain insured obligations and failed to timely file its 2009 and 2010 audited financial statements with respect to certain obligations. Additionally, in connection with the City's 2006 and 2005 wastewater revenue bonds, the City failed to file certain required notices of ratings changes. With respect to the continuing disclosure undertaking the City entered into with respect to the Modesto Irrigation District Financing Authority's Domestic Water Project Revenue Bonds Series 2007F (Index Rate) (the "Domestic Water Bonds"), the City did not, in certain years, properly associate its comprehensive annual financial reports and budgets with the applicable CUSIP numbers for the Domestic Water Bonds. The City represents that all corrective filings will be made prior to the issuance of the Bonds.

Other than as disclosed in this Official Statement, within the last five years, neither the City nor the Community Facilities District has failed to timely comply with their prior continuing disclosure obligations under Rule 15c2-12(b)(5) in all material respects. The full text of the form of Disclosure Agreement is set forth in APPENDIX E.

TAX EXEMPTION

In the opinion of Stradling Yocca Carlson & Rauth, a Professional Corporation, Newport Beach, California ("Bond Counsel"), under existing statutes, regulations, rulings and judicial decisions, and assuming the accuracy of certain representations and compliance with certain covenants and requirements described herein, interest (and original issue discount) on the Bonds is excluded from gross income for federal income tax purposes, and is not an item of tax preference for purposes of calculating the federal alternative minimum tax imposed on individuals and corporations. In the further opinion of Bond Counsel, interest (and original issue discount) on the Bonds is exempt from State of California personal income tax. Bond Counsel notes that, with respect to corporations, interest on the Bonds may be included as an adjustment in calculation of alternative minimum taxable income, which may affect the alternative minimum tax liability of such corporations.

In the opinion of Bond Counsel, the difference between the issue price of a Bond (the first price at which a substantial amount of the Bonds of a maturity is to be sold to the public) and the stated redemption price at maturity of such Bond constitutes original issue discount. Original issue discount accrues under a constant yield method, and original issue discount will accrue to a Beneficial Owner before receipt of cash attributable to such excludable income. The amount of original issue discount deemed received by a Beneficial Owner will increase the Beneficial Owner's basis in the applicable Bond. The amount of original issue discount that accrues to the Beneficial Owner of the Bonds is excluded from the gross income of such Beneficial Owner for federal income tax purposes, is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations, and is exempt from State of California personal income tax.

Bond Counsel's opinion as to the exclusion from gross income for federal income tax purposes of interest on the Bonds (including any original issue discount) is based upon certain representations of fact and certifications made by the Community Facilities District, the Underwriter and others and is subject to the condition that the Community Facilities District complies with all requirements of the Internal Revenue Code of 1986, as amended (the "Code") that must be satisfied subsequent to the issuance of the Bonds to assure that interest on the Bonds (including any original issue discount) will not become includable in gross income for federal income tax purposes. Failure to comply with such requirements of the Code might cause interest on the Bonds (including any original issue discount) to be included in gross income for federal income tax purposes retroactive to the date of issuance of the Bonds. The Community Facilities District will covenant to comply with all such requirements.

The amount by which a Beneficial Owner's original basis for determining loss on sale or exchange in the applicable Bond (generally, the purchase price) exceeds the amount payable on maturity (or on an earlier call date) constitutes amortizable bond premium, which must be amortized under Section 171 of the Code; such amortizable bond premium reduces the Beneficial Owner's basis in the applicable Bond (and the amount of tax-exempt interest received), and is not deductible for federal income tax purposes. The basis reduction as a result of the amortization of bond premium may result in a Beneficial Owner realizing a taxable gain when a Bond is sold by the Beneficial Owner for an amount equal to or less (under certain circumstances) than the original cost of the Bond to the Beneficial Owner. Purchasers of the Bonds should consult their own tax advisors as to the treatment, computation and collateral consequences of amortizable bond premium.

The Internal Revenue Service (the "IRS") has initiated an expanded program for the auditing of tax-exempt bond issues, including both random and targeted audits. It is possible that the Bonds will be selected for audit by the IRS. It is also possible that the market value of the Bonds might be affected as a result of such an audit of the Bonds (or by an audit of similar bonds). No assurance can be given that in the course of an audit, as a result of an audit, or otherwise, Congress or the IRS might not change the Code (or interpretation thereof) subsequent to the issuance of the Bonds to the extent that it adversely affects the exclusion from gross income of interest (and original issue discount) on the Bonds or their market value.

Bond Counsel's opinion may be affected by actions taken (or not taken) or events occurring (or not occurring) after the date hereof. Bond Counsel has not undertaken to determine, or to inform any person, whether any such actions or events are taken or do occur. The Indenture and the Tax Certificate relating to the Bonds permit certain actions to be taken or to be omitted if a favorable opinion of Bond Counsel is provided with respect thereto. Bond Counsel expresses no opinion as to the exclusion from gross income for federal income tax purposes of interest (and original issue discount) with respect to any Bond if any such action is taken or omitted based upon the advice of counsel other than Stradling Yocca Carlson & Rauth, a Professional Corporation.

SUBSEQUENT TO THE ISSUANCE OF THE BONDS, THERE MIGHT BE FEDERAL, STATE OR LOCAL STATUTORY CHANGES (OR JUDICIAL OR REGULATORY INTERPRETATIONS OF FEDERAL, STATE OR LOCAL LAW) THAT AFFECT THE FEDERAL, STATE OR LOCAL TAX TREATMENT OF THE BONDS OR THE MARKET VALUE OF THE BONDS. LEGISLATIVE

CHANGES HAVE BEEN PROPOSED IN CONGRESS, WHICH, IF ENACTED, WOULD RESULT IN ADDITIONAL FEDERAL INCOME TAX BEING IMPOSED ON CERTAIN OWNERS OF TAX-EXEMPT STATE OR LOCAL OBLIGATIONS, SUCH AS THE BONDS. THE INTRODUCTION OR ENACTMENT OF ANY OF SUCH CHANGES COULD ADVERSELY AFFECT THE MARKET VALUE OR LIQUIDITY OF THE BONDS. NO ASSURANCE CAN BE GIVEN THAT, SUBSEQUENT TO THE ISSUANCE OF THE BONDS, SUCH CHANGES (OR OTHER CHANGES) WILL NOT BE INTRODUCED OR ENACTED OR INTERPRETATIONS WILL NOT OCCUR. BEFORE PURCHASING ANY OF THE BONDS, ALL POTENTIAL PURCHASERS SHOULD CONSULT THEIR TAX ADVISORS REGARDING POSSIBLE STATUTORY CHANGES OR JUDICIAL OR REGULATORY CHANGES OR INTERPRETATIONS, AND THEIR COLLATERAL TAX CONSEQUENCES RELATING TO THE BONDS.

Although Bond Counsel has rendered an opinion that interest on the Bonds (including any original issue discount) is excluded from gross income for federal income tax purposes provided that the Community Facilities District continues to comply with certain requirements of the Code, the accrual or receipt of interest on the Bonds (including any original issue discount) may otherwise affect the tax liability of the recipient. Bond Counsel expresses no opinion regarding any such tax consequences. Accordingly, all potential purchasers should consult their tax advisors before purchasing any of the Bonds.

Should interest on the Bonds (including any original issue discount) become includable in gross income for federal income tax purposes, the Bonds are not subject to early redemption and will remain outstanding until maturity or until redeemed in accordance with the Indenture.

The proposed form of Bond Counsel's opinion with respect to the Bonds is attached as APPENDIX B.

LEGAL OPINION

The legal opinions of Stradling Yocca Carlson & Rauth, a Professional Corporation, Newport Beach, California, approving the validity of the Bonds in substantially the form set forth as APPENDIX B hereto, will be made available to purchasers at the time of original delivery. Certain legal matters will be passed upon for the City and the Community Facilities District by the City Attorney and by Stradling Yocca Carlson & Rauth, a Professional Corporation, Newport Beach, California, as Disclosure Counsel. Certain legal matters will be passed on for the Underwriter by Nossaman LLP, Irvine, California.

ABSENCE OF LITIGATION

No litigation is pending or threatened concerning the validity of the Bonds and a certificate of the Community Facilities District to that effect will be furnished to the Underwriter at the time of the original delivery of the Bonds. Neither the City nor the Community Facilities District is aware of any litigation pending or threatened which questions the existence of the Community Facilities District or the City or contests the authority of the Community Facilities District to levy and collect the Special Taxes or to issue and retire the Bonds.

RATINGS

Standard & Poor's Ratings Services, a division of The McGraw Hill Companies, Inc. ("Standard & Poor's") is expected to assign its municipal bond rating of "AA" to the Insured Bonds based upon the expected delivery of the Policy by AGM at the time of issuance of the Insured Bonds (see "BOND INSURANCE" herein). The Bonds, other than the Insured Bonds, are not insured by the Policy. Standard & Poor's has assigned the Bonds the rating of "BBB-" notwithstanding the delivery of the Policy. Such ratings reflect only the views of Standard & Poor's and an explanation of the significance of such ratings may be obtained from Standard & Poor's. There is no assurance that such ratings will continue for any given period of time or that such rating will not be revised downward or withdrawn entirely by such organization, if in its judgment

circumstances so warrant. Any such downward revision or withdrawal of such ratings may have an adverse effect on the market price of the Bonds.

UNDERWRITING

The Bonds are being purchased by Stifel, Nicolaus & Company, Incorporated (the "Underwriter"). The Underwriter has agreed, pursuant to a purchase contract by and between the Community Facilities District and the Underwriter (the "Purchase Contract"), to purchase all of the Bonds for a purchase price of \$30,598,326.76 (which is equal to the principal amount thereof plus net original issue premium of \$1,472,057.05, less Underwriter's discount of \$193,730.29).

The Purchase Contract related to the Bonds provides that the Underwriter will purchase all of the Bonds if any are purchased, the obligation to make such purchase being subject to certain terms and conditions set forth therein, the approval of certain legal matters by bond counsel and certain other conditions. The initial offering prices stated on the cover of this Official Statement may be changed from time to time by the Underwriter. The Underwriter may offer and sell Bonds to certain dealers and others at prices lower than such initial offering prices. The offering prices may be changed from time to time by the Underwriter.

FINANCIAL INTERESTS

The fees being paid to the Underwriter, Bond Counsel, Disclosure Counsel, Nossaman LLP, as counsel to the Underwriter, the Trustee and the Escrow Bank are contingent upon the issuance and delivery of the Bonds. From time to time, Bond Counsel represents the Underwriter on matters unrelated to the Bonds.

NEW LEGISLATION

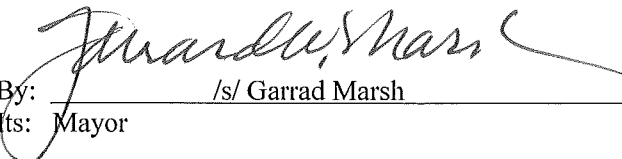

The Community Facilities District is not aware of any significant pending legislation which would have material adverse consequences on the Bonds or the ability of the Community Facilities District to pay the principal of and interest on the Bonds when due.

ADDITIONAL INFORMATION

The purpose of this Official Statement is to supply information to prospective buyers of the Bonds. Quotations and summaries and explanations of the Bonds and documents contained in this Official Statement do not purport to be complete, and reference is made to such documents for full and complete statements and their provisions. Any statements in this Official Statement involving matters of opinion, whether or not expressly so stated, are intended as such and not as representatives of fact.

The distribution of this Official Statement has been authorized by the Community Facilities District.

“Net Taxable Acreage” or “Net Taxable Acre” means the total acreage within a Final Map or Parcel less arterial road right-of-ways and property that is defined in the Final Map for use as a park site, school site, or City-owned or CFD-owned storm drainage basin. If a Subdivision Map is recorded which is not a Final Map for some or all Parcels created by the subdivision, the Administrator shall calculate the Net Taxable Acreage of such unsubdivided Parcels by identifying the Acreage of the Parcel and (i) adding a portion of the acreage of any non-arterial right-of-way that fronts the Parcel determined by drawing lines at right angles to the right-of-way, and (ii) subtracting a portion of the acreage of any arterial right-of-way that

Alternatively, additional Original Parcels may be added to a Tax Zone with assigned Maximum Special Taxes based on the Expected Land Uses on each Original Parcel.

“**Tax Zone #1**” means the geographic area that is designated in Attachment 1 of this Rate and Method of Apportionment of Special Tax as Tax Zone #1. Tax Zone #1 may be expanded to include additional Original Parcels that annex to CFD No. 2004-1; Attachments 1 and 2 will be updated each time such an annexation takes place.

B. DATA FOR ANNUAL ADMINISTRATION

On or about July 1 of each Fiscal Year, the Administrator shall identify the current Assessor’s Parcel numbers for all Parcels of Taxable Property in CFD No. 2004-1. The Administrator shall also determine: (i) the Tax Zone within which each Parcel of Taxable Property is located, (ii) whether each Assessor’s Parcel of Taxable Property is Developed Property or Undeveloped Property, (iii) which Parcels are Commercial Property, Industrial Property, Multi-Family Property, Low Density Residential Property, and Village Residential Property (the City shall, in its sole discretion, determine the appropriate Land Use Class for Parcels on which a structure was built prior to CFD Formation), (iv) the Net Taxable Acreage of each Parcel, and (v) the Annual Facilities Special Tax Requirement and the Annual Maintenance Special Tax Requirement.

In any Fiscal Year, if it is determined that (i) a parcel map for a portion of property in CFD No. 2004-1 was recorded after January 1 of the prior Fiscal Year (or any other date after which the Assessor will not incorporate the newly-created Parcels into the then current tax roll), (ii) because of the date the parcel map was recorded, the Assessor does not yet recognize the new Parcels created by the parcel map, and (iii) one or more of the newly-created Parcels meets the definition of Developed Property, the Administrator shall calculate the Special Tax for the property affected by recordation of the parcel map by determining the Special Tax that applies separately to each newly-created Parcel, then applying the sum of the individual Special Taxes to the Original Parcel or Successor Parcel that was subdivided by recordation of the parcel map.

C. CALCULATING MAXIMUM SPECIAL TAXES

The Administrator shall use the procedures set forth below to calculate the Maximum Special Taxes for each Parcel in CFD No. 2004-1 in each Fiscal Year, including the Maximum One-Time Facilities Special Tax, Maximum Annual Facilities Special Tax, and Maximum Annual Maintenance Special Tax. A separate method of calculating the Maximum Special Taxes may be identified for Tax Zones or Improvement Areas added to CFD No. 2004-1 as a result of future annexations. The Per-Acre Special Taxes set forth in Table 1 below shall be used for purposes of Sections C.1 and C.2 below:

**Table 1
Per-Acre Special Taxes
Fiscal Year 2004-05 ***

Land Use Class	Per-Acre Special Tax: One-Time Facilities Special Tax TAX ZONE #1	Per-Acre Special Tax: One-Time Facilities Special Tax TAX ZONE #2	Per-Acre Special Tax: Annual Facilities Special Tax	Per-Acre Special Tax: Annual Maintenance Special Tax
Low Density Residential Property	\$13,342 per Net Taxable Acre	\$19,576 per Net Taxable Acre	\$3,517 per Net Taxable Acre	\$525 per Net Taxable Acre
Village Residential Property	\$30,281 per Net Taxable Acre	\$44,429 per Net Taxable Acre	\$6,405 per Net Taxable Acre	\$1,233 per Net Taxable Acre
Multi-Family Property	\$101,437 per Net Taxable Acre	\$148,832 per Net Taxable Acre	\$7,222 per Net Taxable Acre	\$4,020 per Net Taxable Acre
Commercial Property	\$52,102 per Net Taxable Acre	\$76,446 per Net Taxable Acre	\$3,570 per Net Taxable Acre	\$920 per Net Taxable Acre
Industrial Property	\$13,103 per Net Taxable Acre	\$19,225 per Net Taxable Acre	\$2,550 per Net Taxable Acre	\$920 per Net Taxable Acre

** All Per-Acre Special Taxes shown in Table 1 are subject to the annual adjustments described in Section D below.*

1. Original Parcels

The Maximum Special Taxes for each Land Use Class in the Original Parcels in CFD No. 2004-1 as of the date of approval of this updated Rate and Method of Apportionment of Special Tax are identified in Attachment 2. Attachment 2 will be updated by the Administrator as needed to reflect Original Parcels added to the CFD due to additional annexations. Until an Original Parcel is subdivided, the Maximum Special Taxes shown in Attachment 2 (escalated as set forth herein) shall be the Maximum Special Taxes for the Parcel unless the zoning on the Original Parcel changes to a Land Use Class that has higher Per-Acre Special Taxes, as shown in Table 1 above. Upon approval of such change in zoning by the City Council, the Administrator shall multiply the applicable Per-Acre Special Taxes by the Net Taxable Acreage of each Land Use Class that is expected on the Parcel based on the rezone. The Administrator shall then update Attachment 2 to reflect the higher Maximum Special Taxes for the Parcel. If a rezone results in a Land Use Class that has a lower Per-Acre Special Tax than the previous Expected Land Uses, there shall be no corresponding reduction in the Maximum Special Taxes for the Parcel. The potential reduction in Maximum Special Tax revenues must be considered separately for each Special Tax Category. If the rezone would cause a reduction in the Maximum Special Tax revenues in any Special Tax Category, the Maximum Special Tax identified for that Special Tax Category shall remain the same as originally assigned to the Original Parcel.

2. Successor Parcels

a. All Successor Parcels are Single Family Detached Lots

If the Parcels created by a recorded Subdivision Map are all Single Family Detached Lots, the Administrator shall apply the following steps to allocate the Maximum Special Taxes for the Original Parcel to each of the Successor Parcels created by the subdivision:

Step 1: Determine the greater of (i) the Maximum Special Taxes assigned to each Expected Land Use for the Original Parcel, or (ii) the Net Taxable Acreage of Low Density Residential Property and/or Village Residential Property within the Subdivision Map multiplied by the Per-Acre Special Taxes for such Land Use Classes from Table 1 above. If the Subdivision Map

includes both Low Density Residential Property and Village Residential Property, separately calculate the amount that applies to each Land Use Class.

Step 2: Separately for any Low Density Residential Property and Village Residential Property created by the Subdivision Map, divide the Maximum Special Taxes from Step 1 by the number of Successor Parcels to determine the Maximum Special Taxes for each Single Family Detached Lot.

b. *No Successor Parcels are Single Family Detached Lots*

If none of the Successor Parcels created by recordation of a Subdivision Map are Single Family Detached Lots, the Administrator shall apply the following steps to allocate the Maximum Special Taxes assigned to the Original Parcel to each of the Successor Parcels:

Step 1: Identify the Expected Land Uses for the Original Parcel.

Step 2: Determine the Net Taxable Acreage within each Land Use Class created by the Subdivision Map.

Step 3: If the Net Taxable Acreage of each Land Use Class from Step 2 is the same as the Expected Land Uses, the Maximum Special Taxes assigned to each of the Expected Land Uses on the Original Parcel shall be allocated to the Successor Parcels based on the Acreage of each Land Use Class that occurs on each Successor Parcel.

Step 4: If the Net Taxable Acreage within each Land Use Class from Step 2 is different than the Expected Land Uses for the Original Parcel, the Administrator shall apply the following steps **separately for each Special Tax Category:**

Step 4a. Multiply the applicable Per-Acre Special Tax by the Net Taxable Acreage of each Land Use Class created by the Subdivision Map.

Step 4b. If the amount calculated in Step 4a is *greater than* the Maximum Special Tax assigned to the Original Parcel, multiply the Net Taxable Acreage of each Land Use Class on each Successor Parcel by the applicable Per-Acre Special Tax from Table 1 above to determine the Maximum Special Tax for each Successor Parcel.

Step 4c. If the amount calculated in Step 4a is *less than* the Maximum Special Tax assigned to the Original Parcel: (i) identify the Maximum Special Tax that was assigned to each of the Expected Land Uses on the Parcel, (ii) divide the Maximum Special Tax for each Land Use Class by the Net Taxable Acreage of each Land Use Class actually created by the Subdivision Map, and (iii) multiply the per-acre Maximum Special Tax calculated in (ii) by the Net Taxable Acreage of each Land Use Class on each Successor Parcel to determine the Maximum Special Tax for each Parcel.

If the Land Use Classes on a Successor Parcel or Parcels are different than the Expected Land Uses for that Parcel(s) and such difference would result in a reduction in the Maximum Special Tax assigned to the Original Parcel for any Special Tax Category, the Maximum Special Tax assigned to the Original Parcel shall either be distributed equally on a per acre basis to the Successor Parcels or, if multiple Land Use Classes are created by the Subdivision Map, the Maximum Special Tax from the Original Parcel shall be distributed to each Land Use Class

so that the per-acre tax for each Land Use Class has the same proportional relationship as the Per- Acre Special Taxes in Table 1 above.

If, after subdivision of an Original Parcel, a Successor Parcel is further subdivided, the Successor Parcel shall be treated as an Original Parcel for purposes of allocating Maximum Special Taxes pursuant to Section C.2a, C.2b, or C.2c, as appropriate.

c. *Some, But Not All, Successor Parcels are Single Family Detached Lots*

If a Subdivision Map divides an Original Parcel into Successor Parcels, of which some are Single Family Detached Lots and some are not, the Administrator shall (i) break out the Net Taxable Acreage of Low Density Residential Property and/or Village Residential Property separately from the Net Taxable Acreage of other Land Use Classes, (ii) for the Low Density Residential Property and/or Village Residential Property created by the Subdivision Map, apply the steps in Section C.2a to determine the Maximum Special Taxes for each Single Family Detached Lot, and (iii) apply the steps in Section C.2b above to determine the Maximum Special Taxes for Land Use Classes other than Low Density Residential Property and Village Residential Property.

If, after subdivision of an Original Parcel, a Successor Parcel is further subdivided, the Successor Parcel shall be treated as an Original Parcel for purposes of allocating Maximum Special Taxes pursuant to Section C.2a, C.2b, or C.2c, as appropriate.

After each reallocation of the Maximum Special Taxes upon subdivision or reconfiguration of Original Parcels, the sum of the Maximum Special Taxes assigned to Successor Parcels shall never be less, but may be more, than the Maximum Special Taxes assigned to the Original Parcels prior to such reallocation.

D. ESCALATION OF MAXIMUM SPECIAL TAXES

1. One-Time Facilities Special Tax

Beginning in January 2005 and each January thereafter, the Maximum One-Time Facilities Special Tax assigned to each Parcel and the Per-Acre Special Tax shown in Table 1 above shall be adjusted annually by the greater of (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or (ii) four percent (4.0%). Each annual adjustment of the One-Time Facilities Special Tax shall become effective on the subsequent July 1.

2. Annual Facilities Special Tax

Beginning in Fiscal Year 2005-06, and each Fiscal Year thereafter, the Maximum Annual Facilities Special Tax assigned to each Parcel and the Per-Acre Special Tax shown in Table 1 above shall be increased by two percent (2%) of the amount in effect in the prior Fiscal Year.

3. Annual Maintenance Special Tax

Beginning in January 2005 and each January thereafter, the Maximum Annual Maintenance Special Tax assigned to each Parcel and the Per-Acre Special Tax shown in Table 1 above shall be adjusted annually by the greater of (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not

available, or (ii) four percent (4.0%). Each annual adjustment of the Maximum Annual Maintenance Special Tax shall become effective on the subsequent July 1.

E. METHOD OF LEVY OF THE SPECIAL TAX

1. One-Time Facilities Special Tax

The Maximum One-Time Facilities Special Tax determined pursuant to Sections C and D above shall be levied on all Taxable Property in CFD No. 2004-1 and shall be collected as set forth in Section F below.

2. Annual Facilities Special Tax

Commencing with Fiscal Year 2004-05 and for each following Fiscal Year, the Administrator shall determine the Annual Facilities Special Tax Requirement for the Fiscal Year. The Annual Facilities Special Tax shall then be levied on all Parcels of Taxable Property in CFD No. 2004-1 as follows:

Step 1: The Annual Facilities Special Tax shall be levied Proportionately on each Parcel of Developed Property within the CFD up to 100% of the Maximum Annual Facilities Special Tax for each Parcel for such Fiscal Year until the amount levied on Developed Property is equal to the Special Tax Requirement prior to applying any Capitalized Interest that is available in the CFD accounts;

Step 2: If additional revenue is needed after Step 1, and after applying Capitalized Interest to the Annual Facilities Special Tax Requirement, the Annual Facilities Special Tax shall be levied Proportionately on each Assessor's Parcel of Undeveloped Property within the CFD, up to 100% of the Maximum Annual Facilities Special Tax for each Parcel of Undeveloped Property for such Fiscal Year;

Step 3: If additional revenue is needed after applying the first two steps, the Annual Facilities Special Tax shall be levied Proportionately on each Assessor's Parcel of Taxable Public Property, up to 100% of the Maximum Annual Facilities Special Tax assigned to each Parcel of Taxable Public Property.

3. Annual Maintenance Special Tax

Commencing with Fiscal Year 2004-05 and for each following Fiscal Year, the Administrator shall determine the Maintenance Special Tax Requirement for the Fiscal Year. The Annual Maintenance Special Tax shall then be levied on all Parcels of Taxable Property as follows:

Step 1: The Annual Maintenance Special Tax shall be levied Proportionately on each Parcel of Developed Property within the CFD up to 100% of the Maximum Annual Maintenance Special Tax for each Parcel for such Fiscal Year;

Step 2: If additional revenue is needed after Step 1, the Annual Maintenance Special Tax shall be levied Proportionately on each Assessor's Parcel of Undeveloped Property within the CFD, up to 100% of the Maximum Annual Maintenance Special Tax for each Parcel of Undeveloped Property for such Fiscal Year;

Step 3: If additional revenue is needed after applying the first two steps, the Annual Maintenance Special Tax shall be levied Proportionately on each Assessor's Parcel of Taxable Public Property, up to 100% of the Maximum Annual Maintenance Special Tax assigned to each Parcel of Taxable Public Property.

F. COLLECTION OF SPECIAL TAX

The Maximum One-Time Facilities Special Tax shall be collected prior to a building permit being issued for new construction of any residential or non-residential structure on Taxable Property within CFD No. 2004-1, and shall be immediately delinquent if not so paid.

The Annual Facilities Special Tax and Annual Maintenance Special Tax for CFD No. 2004-1 shall be collected in the same manner and at the same time as ordinary *ad valorem* property taxes, provided, however, that prepayments are permitted as set forth in Section H below and provided further that the City may directly bill, collect at a different time or in a different manner, and/or collect delinquent Annual Facilities Special Taxes and Annual Maintenance Special Taxes through foreclosure or other available methods.

The Annual Facilities Special Tax shall be levied and collected until principal and interest on Bonds have been repaid, costs of constructing or acquiring Authorized Facilities from Annual Facilities Special Tax proceeds have been paid, and all Administrative Expenses have been reimbursed. However, in no event shall an Annual Facilities Special Tax be levied after Fiscal Year 2060-61. The Annual Maintenance Special Tax will continue to be levied and collected unless and until the City determines that the Annual Maintenance Special Tax no longer needs to be levied to pay Authorized Services of the CFD and all Administrative Expenses have been reimbursed. Under no circumstances may the Annual Facilities Special Tax on one Parcel in the CFD be increased by more than ten percent (10%) as a consequence of delinquency or default in payment of the Annual Facilities Special Tax levied on another Parcel or Parcels in the CFD.

G. EXEMPTIONS

Notwithstanding any other provision of this Rate and Method of Apportionment of Special Taxes, no Special Taxes shall be levied on Public Property, except Taxable Public Property, as defined herein.

H. PREPAYMENT OF SPECIAL TAX

The following definitions apply to this Section H:

“Outstanding Bonds” means all Previously Issued Bonds which remain outstanding, with the following exception: if an Annual Facilities Special Tax has been levied against, or already paid by, an Assessor’s Parcel making a prepayment, and a portion of the Annual Facilities Special Tax will be used to pay a portion of the next principal payment on the Bonds that remain outstanding (as determined by the Administrator), that next principal payment shall be subtracted from the total Bond principal that remains outstanding, and the difference shall be used as the amount of Outstanding Bonds for purposes of this prepayment formula.

“Previously Issued Bonds” means all Bonds that have been issued on behalf of the CFD prior to the date of prepayment.

“Public Facilities Requirements” means either \$14,100,000 in 2004 dollars, which shall increase on January 1, 2005, and on each January 1 thereafter by the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or such other number as shall be determined by the City as sufficient to fund Authorized Facilities. The Public Facilities Requirements shown above shall be adjusted or a separate Public Facilities Requirements identified each time property annexes into CFD No. 2004-1; at no time shall the added Public Facilities Requirement for the annexation area exceed the amount of public improvement costs that are expected to be supportable by the Maximum Annual Facilities Special Tax generated within that annexation area.

“Remaining Facilities Costs” means the Public Facilities Requirements (as defined above), minus costs of Authorized Facilities funded by Outstanding Bonds (as defined above), developer equity, and/or any other source of funding.

The Annual Facilities Special Tax obligation applicable to an Assessor’s Parcel in the CFD may be prepaid and the obligation of the Assessor’s Parcel to pay the Annual Facilities Special Tax permanently satisfied as described herein, provided that a prepayment may be made only if there are no delinquent Annual Facilities Special Taxes with respect to such Assessor’s Parcel at the time of prepayment. The Annual Maintenance Special Tax may not be prepaid. An owner of an Assessor’s Parcel intending to prepay the Annual Facilities Special Tax obligation shall provide the City with written notice of intent to prepay. Within 30 days of receipt of such written notice, the City or its designee shall notify such owner of the prepayment amount for such Assessor’s Parcel. Prepayment must be made not less than 75 days prior to any redemption date for Bonds to be redeemed with the proceeds of such prepaid Annual Facilities Special Taxes. The Prepayment Amount shall be calculated as follows: (capitalized terms as defined below):

	Bond Redemption Amount
plus	Remaining Facilities Amount
plus	Redemption Premium
plus	Defeasance Requirement
plus	Administrative Fees and Expenses
less	<u>Reserve Fund Credit</u>
equals	Prepayment Amount

As of the proposed date of prepayment, the Prepayment Amount shall be determined by application of the following steps:

- Step 1.** Compute the total Maximum Annual Facilities Special Tax that could be collected from the Assessor’s Parcel prepaying the Annual Facilities Special Tax in the Fiscal Year in which prepayment would be received by the City.
- Step 2.** Divide the Maximum Annual Facilities Special Tax from Step 1 by the total amount that could be collected if the Maximum Annual Facilities Special Tax was levied on all Parcels of Taxable Property in the CFD.
- Step 3.** Multiply the quotient computed pursuant to Step 2 by the Outstanding Bonds to compute the amount of Outstanding Bonds to be retired and prepaid (*the “Bond Redemption Amount”*).
- Step 4.** Compute the current Remaining Facilities Costs (if any).
- Step 5.** Multiply the quotient computed pursuant to Step 2 by the amount determined pursuant to Step 4 to compute the amount of Remaining Facilities Costs to be prepaid (*the “Remaining Facilities Amount”*).
- Step 6.** Multiply the Bond Redemption Amount computed pursuant to Step 3 by the applicable redemption premium, if any, on the Outstanding Bonds to be redeemed (*the “Redemption Premium”*).
- Step 7.** Compute the amount needed to pay interest on the Bond Redemption Amount starting with the first Bond interest payment date after which the prepayment has been received until the earliest redemption date for the Outstanding Bonds, which, depending on the Bond offering document, may be as early as the next interest payment date.
- Step 8:** Compute the amount of interest the City reasonably expects to derive from reinvestment of the Bond Redemption Amount plus the Redemption Premium from the first Bond

interest payment date after which the prepayment has been received until the redemption date for the Outstanding Bonds.

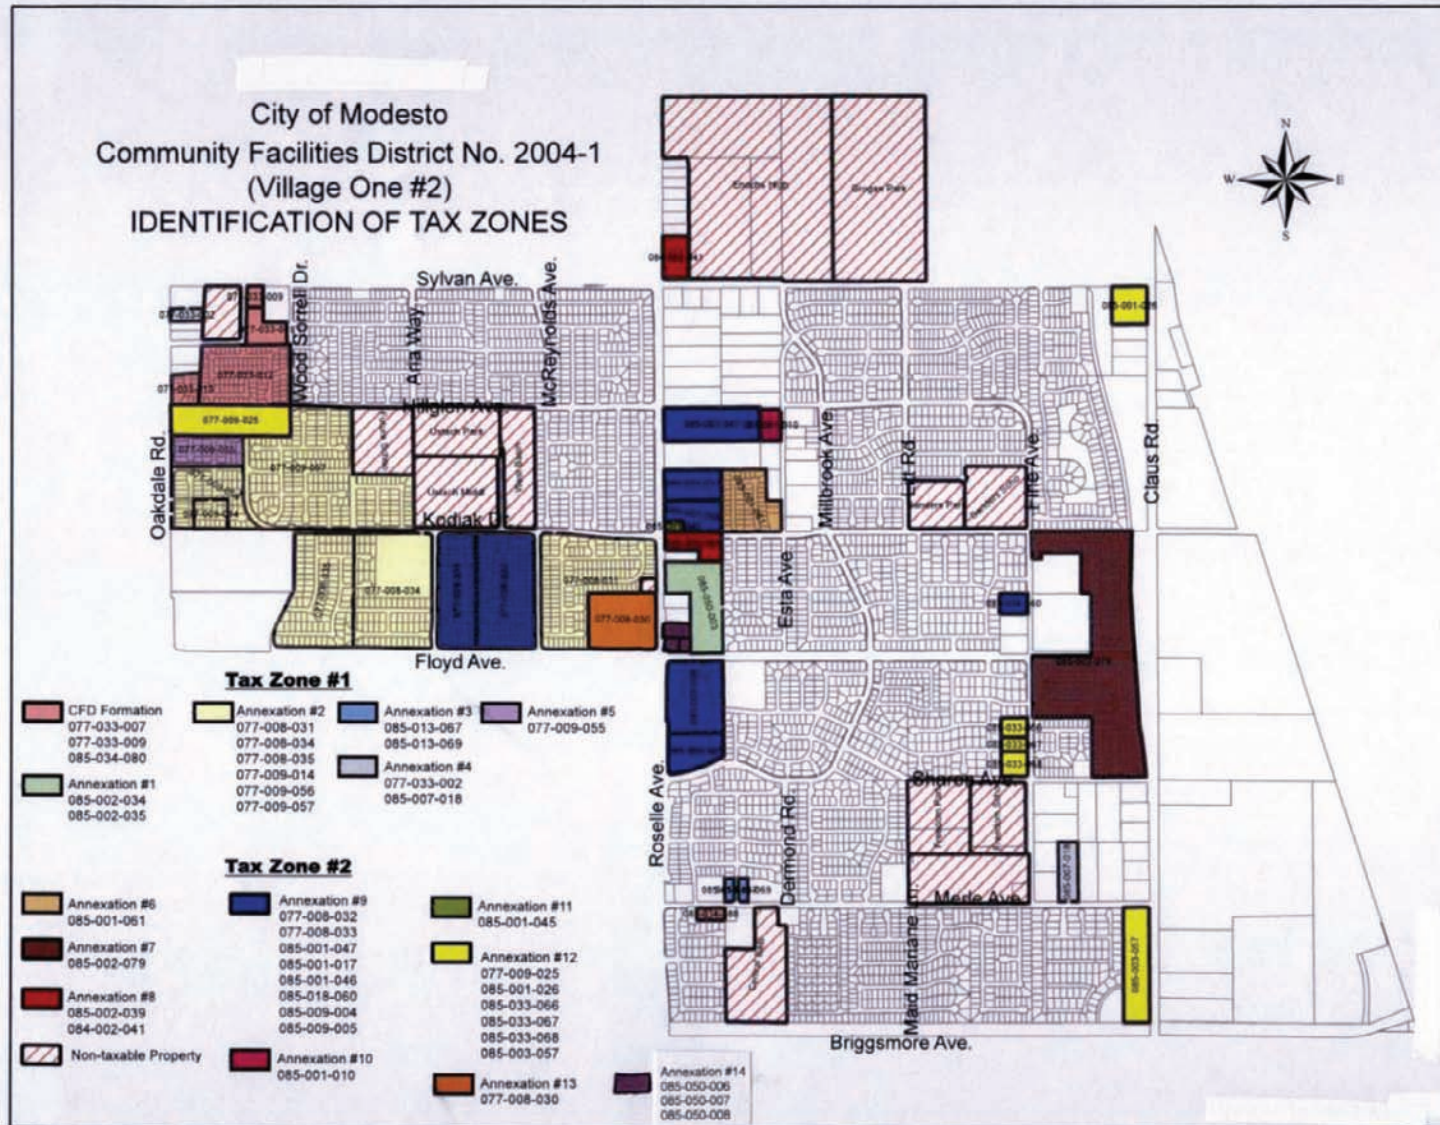

- Step 9:** Take the amount computed pursuant to Step 7 and subtract the amount computed pursuant to Step 8 (*the “Defeasance Requirement”*).
- Step 10.** Determine the costs of computing the prepayment amount, the costs of redeeming Bonds, and the costs of recording any notices to evidence the prepayment and the redemption (*the “Administrative Fees and Expenses”*).
- Step 11.** If and to the extent so provided in the indenture pursuant to which the Outstanding Bonds to be redeemed were issued, a reserve fund credit shall be calculated as a reduction in the applicable reserve fund for the Outstanding Bonds to be redeemed pursuant to the prepayment (*the “Reserve Fund Credit”*).
- Step 12.** The Annual Facilities Special Tax prepayment is equal to the sum of the amounts computed pursuant to Steps 3, 5, 6, 9, and 10, less the amount computed pursuant to Step 11 (*the “Prepayment Amount”*).

If an owner that has prepaid the Annual Facilities Special Tax obligation assigned to a Parcel subsequently rezones the Parcel to a Land Use Class that has a higher Per-Acre Annual Facilities Special Tax, the City may in its sole discretion and as a condition of approval of the rezoning, collect the additional Annual Facilities Special Tax prepayment that would have applied had the Parcel been rezoned at the time of the original prepayment for the Parcel.

I. INTERPRETATION OF SPECIAL TAX FORMULA

The City reserves the right to make minor administrative and technical changes to this document that does not materially affect the Rate and Method of Apportionment of Special Taxes. In addition, the interpretation and application of any section of this document shall be left to the City’s discretion. Interpretations may be made by the City by ordinance or resolution for purposes of clarifying any vagueness or ambiguity in this Rate and Method of Apportionment of Special Taxes.

Re: \$29,320,000 *City of Modesto Community Facilities District No. 2004-1 (Village One #2)*
 2014 Special Tax Refunding Bonds

Ladies and Gentlemen:

We have examined the Constitution and the laws of the State of California, a certified record of the proceedings of the City of Modesto taken in connection with the formation of the City of Modesto Community Facilities District No. 2004-1 (Village One #2) (the “District”) and the authorization and issuance of the District’s 2014 Special Tax Refunding Bonds in the aggregate principal amount of \$29,320,000 (the “Bonds”) and such other information and documents as we consider necessary to render this opinion. In rendering this opinion, we have relied upon certain representations of fact and certifications made by the District, the initial purchasers of the Bonds and others. We have not undertaken to verify through independent investigation the accuracy of the representations and certifications relied upon by us.

The Bonds have been issued pursuant to the Mello-Roos Community Facilities Act of 1982, as amended (comprising Chapter 2.5 of Part 1 of Division 2 of Title 5 of the Government Code of the State of California), Resolution No. 2014-272 (the “Resolution of Issuance”), adopted by the City Council (the “City Council”) of the City of Modesto (the “City”) on July 1, 2014, and by a Trust Indenture dated as of July 1, 2014 (the “Indenture”), by and between the City and The Bank of New York Mellon Trust Company, N.A., as Trustee. All capitalized terms not defined herein shall have the meanings set forth in the Indenture.

The Bonds are dated the date of delivery and mature on the dates and in the amounts set forth in the Indenture. The Bonds bear interest payable semiannually on each September 1 and March 1, commencing on March 1, 2015, at the rates per annum set forth in the Indenture. The Bonds are registered Bonds in the form set forth in the Indenture redeemable in the amounts, at the times and in the manner provided for in the Indenture.

Based upon our examination of the foregoing, and in reliance thereon and on all matters of fact as we deem relevant under the circumstances, and upon consideration of applicable laws, we are of the opinion that:

(1) The Bonds have been duly and validly authorized by the District and are legal, valid and binding limited obligations of the District, enforceable in accordance with their terms and the terms of the Indenture, except to the extent that enforceability may be limited by bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance or transfer or other laws affecting creditors’ rights generally, by the exercise of judicial discretion in accordance with general principles of equity or otherwise in appropriate cases and by limitations on remedies against public agencies in the State of California. The Bonds are limited obligations of the District but are not a debt of the City, the State of California or any other political subdivision thereof within the meaning of any constitutional or statutory limitation, and, except for the Special Taxes, neither the faith and credit nor the taxing power of the City, the State of California, or any of its political subdivisions is pledged for the payment thereof.

(2) The Indenture has been duly executed and delivered by the City Council on behalf of the District. The Indenture creates a valid pledge of, and the Bonds are secured by the Net Special Taxes and the amounts on deposit in certain funds and accounts established under the Indenture, as and to the extent provided in the Indenture. The Indenture is enforceable in accordance with its terms, except as the same may be limited by bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance or transfer or other similar laws affecting creditors' rights generally, by the exercise of judicial discretion in accordance with general principles of equity or otherwise in appropriate cases and by limitations on remedies against public agencies in the State of California; provided, however, we express no opinion as to the enforceability of the covenant of the District contained in the Indenture to levy Special Taxes for the payment of Administrative Expenses or as to any indemnification, penalty, contribution, choice of law, choice of forum or waiver provisions contained therein.

(3) Under existing statutes, regulations, rulings and judicial decisions, interest (and original issue discount) on the Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of calculating the federal alternative minimum tax imposed on individuals and corporations; however, it should be noted that, with respect to corporations, such interest (and original issue discount) will be included as an adjustment in the calculation of alternative minimum taxable income, which may affect the alternative minimum tax liability of corporations.

(4) Interest (and original issue discount) on the Bonds is exempt from State of California personal income tax.

(5) The difference between the issue price of a Bond (the first price at which a substantial amount of the Bonds of a maturity are to be sold to the public) and the stated redemption price at maturity with respect to such Bond constitutes original issue discount. Original issue discount accrues under a constant yield method, and original issue discount will accrue to a Bond owner before receipt of cash attributable to such excludable income. The amount of original issue discount deemed received by a Bond owner will increase the Bond owner's basis in the applicable Bond. Original issue discount that accrues for the Bond owner is excluded from the gross income of such owner for federal income tax purposes, is not an item of tax preference for purposes of calculating the federal alternative minimum tax imposed on individuals or corporations (as described in paragraph (3) above) and is exempt from State of California personal income tax.

(6) The amount by which a Bond owner's original basis for determining loss on sale or exchange in the applicable Bond (generally the purchase price) exceeds the amount payable on maturity (or on an earlier call date) constitutes amortizable Bond premium which must be amortized under Section 171 of the Code; such amortizable Bond premium reduces the Bond owner's basis in the applicable Bond (and the amount of tax-exempt interest received), and is not deductible for federal income tax purposes. The basis reduction as a result of the amortization of Bond premium may result in a Bond owner realizing a taxable gain when a Bond is sold by the owner for an amount equal to or less (under certain circumstances) than the original cost of the Bond to the owner.

The opinion expressed in paragraphs (3) and (5) above as to the exclusion from gross income for federal income tax purposes of interest (and original issue discount) on the Bonds is subject to the condition that the District complies with all requirements of the Internal Revenue Code of 1986, as amended (the "Code"), that must be satisfied subsequent to the issuance of the Bonds to assure that such interest (and original issue discount) will not become includable in gross income for federal income tax purposes. Failure to comply with such requirements of the Code might cause interest (and original issue discount) on the Bonds to be included in gross income for federal income tax purposes retroactive to the date of issuance of the Bonds. The District has covenanted to comply with all such requirements. Except as set forth in paragraphs (3), (4), (5) and (6) above, we express no opinion as to any tax consequences related to the Bonds.

Certain agreements, requirements and procedures contained or referred to in the Indenture, the Tax Certificate executed by the District and other documents related to the Bonds may be changed and certain actions may be taken or omitted, under the circumstances and subject to the terms and conditions set forth in

such documents. We express no opinion as to the effect on the exclusion from gross income for federal income tax purposes of interest (and original issue discount) on any Bond if any such change occurs or action is taken or omitted upon advice or approval of bond counsel other than Stradling Yocca Carlson & Rauth, a Professional Corporation.

Our opinion is limited to matters governed by the laws of the State of California and federal law. We assume no responsibility with respect to the applicability or the effect of the laws of any other jurisdiction and express no opinion as to the enforceability of the choice of law provisions contained in the Indenture.

The opinions expressed herein are based upon an analysis of existing statutes, regulations, rulings and judicial decisions and cover certain matters not directly addressed by such authorities.

We call attention to the fact that the foregoing opinions may be affected by actions taken (or not taken) or events occurring (or not occurring) after the date hereof. We have not undertaken to determine, or to inform any person, whether such actions or events are taken (or not taken) or do occur (or do not occur). Our engagement with respect to the Bonds terminates upon their issuance, and we disclaim any obligation to update the matters set forth herein.

We express no opinion herein as to the accuracy, completeness or sufficiency of the Official Statement or other offering material relating to the Bonds and expressly disclaim any duty to advise the owners of the Bonds with respect to matters contained in the Official Statement or other offering material.

Respectfully submitted,

Type and Nature of Bonds. Neither the faith and credit nor the taxing power of the City, the State of California, or any political subdivision thereof other than the District is pledged to the payment of the Bonds. Except for the Special Taxes, no other taxes are pledged to the payment of the Bonds. The Bonds are not general or special obligations of the City or general obligations of the District, but are limited obligations of the District payable solely from certain amounts deposited by the District in the Special Tax Fund, as more fully described in the Indenture. The District’s limited obligation to pay the principal of, premium, if any, and interest on the Bonds from amounts in the Special Tax Fund is absolute and unconditional, free of deductions and without any abatement, offset, recoupment, diminution or set-off whatsoever. No Owner of the Bonds may compel the exercise of the taxing power by the District (except as pertains to the Special Taxes) or the City or the forfeiture of any of their property. The principal of and interest on the Bonds and premiums upon the redemption thereof, if any, are not a debt of the City, the State of California or any of its political subdivisions within the meaning of any constitutional or statutory limitation or restriction. The Bonds are not a legal or equitable pledge, charge, lien, or encumbrance upon any of the District’s property, or upon any of its income, receipts or revenues, except the Net Special Taxes and other amounts in the Special Tax Fund which are, under the terms of the Indenture and the Act, set aside for the payment of the Bonds and interest thereon and neither the members of the legislative body of the District or the City Council of the City nor any persons executing the Bonds, are liable personally on the Bonds, by reason of their issuance.

Notwithstanding anything to the contrary contained in the Indenture, the District shall not be required to advance any money derived from any source of income other than the Net Special Taxes for the payment of the interest on or the principal of the Bonds or for the performance of any covenants contained in the Indenture. The District may, however, advance funds for any such purpose, provided that such funds are derived from a source legally available for such purpose.

Equality of Bonds and Pledge of Net Special Taxes. Subject only to the provisions of the Indenture permitting the application thereof for the purposes and on the terms and conditions set forth therein, in order to secure the payment of the principal of and interest on the Bonds in accordance with their terms, the provisions of the Indenture and the Act, the District pledges to the Owners, and grants thereto a lien on and a security interest in, all of the Net Special Taxes and any other amounts held in the Special Tax Fund. Said pledge shall constitute a first lien on and security interest in such assets, which shall immediately attach to such assets and be effective, binding and enforceable against the District, its successors, purchasers of any of such assets, creditors and all others asserting rights therein, to the extent set forth in, and in accordance with, the Indenture, irrespective of whether those parties have notice of the pledge of, lien on and security interest in such assets and without the need for any physical delivery, recordation, filing or further act.

Pursuant to the Act and the Indenture, the Bonds shall be equally payable from the Net Special Taxes and other amounts in the Special Tax Fund, without priority for number, date of the Bonds, date of sale, date of execution, or date of delivery, and the payment of the interest on and principal of the Bonds and any premiums upon the redemption thereof, shall be exclusively paid from the Net Special Taxes and other amounts in the Special Tax Fund, which are hereby set aside for the payment of the Bonds. Amounts in the Special Tax Fund shall constitute a trust fund held for the benefit of the Owners to be applied to the payment of the interest on and principal of the Bonds and so long as any of the Bonds or interest thereon remain Outstanding shall not be used for any other purpose, except as permitted by the Indenture or any Supplemental Indenture. Notwithstanding any provision contained in the Indenture to the contrary, Net Special Taxes deposited in the Rebate Fund or the Surplus Fund shall no longer be considered to be pledged to the Bonds, and none of the

Rebate Fund, the Costs of Issuance Fund, the Surplus Fund or the Administration Fund shall be construed as a trust fund held for the benefit of the Owners.

Nothing in the Indenture or any Supplemental Indenture shall preclude, subject to the limitations contained under the Indenture, the redemption prior to maturity of any Bonds subject to call and redemption and payment of said Bonds from proceeds of refunding bonds issued under the Act as the same now exists or as hereafter amended, or under any other law of the State of California.

Bond Register. The Trustee will keep or cause to be kept, at the Corporate Trust Office, sufficient books for the registration and transfer of the Bonds which shall be open to inspection by the District during all regular business hours upon reasonable prior notice, and, upon presentation for such purpose, the Trustee shall, under such reasonable regulations as it may prescribe, register or transfer or cause to be transferred on said Bond Register, Bonds as provided in the Indenture.

The District and the Trustee may treat the Owner of any Bond whose name appears on the Bond Register as the absolute Owner of that Bond for any and all purposes, and the District and the Trustee shall not be affected by any notice to the contrary. The District and the Trustee may rely on the address of the Bondowner as it appears in the Bond Register for any and all purposes. It shall be the duty of the Bondowner to give written notice to the Trustee of any change in the Bondowner's address so that the Bond Register may be revised accordingly.

Registration of Exchange or Transfer. Subject to the limitations of the following paragraph, the registration of any Bond may, in accordance with its terms, be transferred upon the Bond Register by the person in whose name it is registered, in person or by his or her duly authorized attorney, upon surrender of such Bond for cancellation at the Corporate Trust Office of the Trustee, accompanied by delivery of a written instrument of transfer in a form approved by the Trustee and duly executed by the Bondowner or his or her duly authorized attorney.

Bonds may be exchanged at the Corporate Trust Office of the Trustee for a like aggregate principal amount of Bonds for other authorized denominations of the same maturity and issue. The Trustee shall not collect from the Owner any charge for any new Bond issued upon any exchange or transfer, but shall require the Bondowner requesting such exchange or transfer to pay any tax or other governmental charge required to be paid with respect to such exchange or transfer. Whenever any Bonds shall be surrendered for registration of transfer or exchange, the District shall execute and the Trustee shall authenticate and deliver a new Bond or Bonds, as applicable, of the same issue and maturity, for a like aggregate principal amount; provided that the Trustee shall not be required to register transfers or make exchanges of (i) Bonds for a period of 15 days next preceding any selection of the Bonds to be redeemed; or (ii) any Bonds chosen for redemption.

Mutilated, Lost, Destroyed or Stolen Bonds. If any Bond shall become mutilated, the District, at the expense of the Bondowner, shall execute, and the Trustee shall authenticate and deliver, a new Bond of like tenor, date, issue and maturity in exchange and substitution for the Bond so mutilated, but only upon surrender to the Trustee of the Bond so mutilated. Every mutilated Bond so surrendered to the Trustee shall be cancelled by the Trustee pursuant to the Indenture. If any Bond shall be lost, destroyed or stolen, evidence of such loss, destruction or theft may be submitted to the Trustee and, if such evidence is satisfactory to the Trustee and, if any indemnity satisfactory to the Trustee shall be given, the District, at the expense of the Bondowner, shall execute and the Trustee shall authenticate and deliver, a new Bond of like tenor, maturity and issue, numbered and dated as the Trustee shall determine in lieu of and in substitution for the Bond so lost, destroyed or stolen. Any Bond issued in lieu of any Bond alleged to be mutilated, lost, destroyed or stolen, shall be equally and proportionately entitled to the benefits of the Indenture with all other Bonds issued under the Indenture. The Trustee shall not treat both the original Bond and any replacement Bond as being Outstanding for the purpose of determining the principal amount of Bonds which may be executed, authenticated and delivered under the Indenture or for the purpose of determining any percentage of Bonds Outstanding under the Indenture, but both the original and replacement Bond shall be treated as one and the same. Notwithstanding any other provision

of the Indenture, in lieu of delivering a new Bond which has been mutilated, lost, destroyed or stolen, and which has matured, the Trustee may make payment with respect to such Bonds upon receipt of indemnification satisfactory to the Trustee.

Validity of Bonds. The validity of the authorization and issuance of the Bonds shall not be affected in any way by any defect in any proceedings taken by the District and the recital contained in the Bonds that the same are issued pursuant to the Act and other applicable laws of the State shall be conclusive evidence of their validity and of the regularity of their issuance.

The Trustee shall have no responsibility to independently make any calculation or determination or to review the District's calculations under the Indenture.

(b) Disposition of Unexpended Funds. Any funds remaining in the Accounts of the Rebate Fund with respect to the Bonds after payment in full of such issue and after making the payments required to comply with the Indenture and the Tax Certificate may be withdrawn by the Trustee at the written direction of the District and utilized in any manner by the District.

(c) Survival of Defeasance and Final Payment. Notwithstanding anything in the Indenture to the contrary, the obligation to comply with the requirements of the Indenture shall survive the defeasance and final payment of the Bonds.

(d) Amendment Without Consent of Owners. This section of the Indenture may be deleted or amended in any manner without the consent of the Owners, provided that prior to such event there is delivered to the District an opinion of Bond Counsel to the effect that such deletion or amendment will not adversely affect the exclusion from gross income for federal income tax purposes of interest on the Bonds issued on a tax exempt basis. Notwithstanding any provision of the Indenture, if the District shall provide to the Trustee an opinion of a nationally recognized bond or tax counsel that any specified action required under the Indenture is no longer required or that some further or different action is required to maintain the tax-exempt status of interest on the Bonds, the Trustee and the District may conclusively rely on such opinion in complying with the requirements of this paragraph, and the covenants under the Indenture shall be deemed to be modified to that extent.

Costs of Issuance Fund.

(a) The moneys in the Costs of Issuance Fund shall be applied exclusively to pay the Costs of Issuance for the Bonds. Amounts for Costs of Issuance shall be disbursed from the Costs of Issuance Fund by the Trustee only upon receipt of a sequentially numbered written requisition, substantially in the form attached to the Indenture from the Director of Finance or such other person as is designated in writing to the Trustee by the legislative body of the District. Each such written requisition of the District shall be sufficient evidence to the Trustee of the facts stated therein and the Trustee shall have no duty to confirm the accuracy of such facts.

(b) Upon the receipt of a Certificate of an Authorized Officer that all or a specified portion of the amount remaining in the Costs of Issuance Fund is no longer needed to pay Costs of Issuance, respectively, the Trustee shall transfer all or such specified portion of the moneys remaining on deposit in such account to the Debt Service Account of the Special Tax Fund. Any moneys remaining in the Cost of Issuance Fund on December 1, 2014 shall be transferred to the Debt Service Account of the Special Tax Fund.

Surplus Fund. There is created and established under the Indenture the "Surplus Fund," to be held by the Director of Finance. After making the transfers required by the Indenture, as soon as practicable after each September 1, the Trustee shall transfer all remaining amounts in the Special Tax Fund to the District for

deposit in the Surplus Fund. Moneys deposited in the Surplus Fund may be transferred by the District (i) to the Trustee for deposit in the Debt Service Account of the Special Tax Fund to pay the principal of, including Sinking Fund Payments, and interest on the Bonds when due in the event that moneys in the Special Tax Fund and the Reserve Account of the Special Tax Fund are insufficient therefor, (ii) to the Trustee for deposit in the Reserve Account in order to replenish the Reserve Account to the Reserve Requirement, (iii) to the Administration Fund to pay Administrative Expenses to the extent that the amounts on deposit in the Administration Fund are insufficient to pay Administrative Expenses, or (iv) may be used by the District for any other lawful purpose of the District.

The amounts in the Surplus Fund are not pledged to the repayment of the Bonds and may be used by the District for any lawful purpose. In the event that the District reasonably expects to use any portion of the moneys in the Surplus Fund to pay debt service on any Outstanding Bonds, the District shall segregate such amount into a separate subaccount and the moneys on deposit in such subaccount of the Surplus Fund shall be invested in Authorized Investments the interest on which is excludable from gross income under Section 103 of the Code (other than bonds the interest on which is a tax preference item for purposes of computing the alternative minimum tax of individuals and corporations under the Code) or in Authorized Investments at a Yield not in excess of the Yield on the Bonds, unless, in the opinion of Bond Counsel, investment at a higher Yield will not adversely affect the exclusion from gross income for federal income tax purposes of interest on the Bonds then Outstanding.

Investments. Moneys held in any of the Funds and Accounts under the Indenture shall be invested by the Trustee at the written direction of the District in accordance with the limitations set forth below only in Authorized Investments which shall be deemed at all times to be a part of such Funds and Accounts. Any loss resulting from such Authorized Investments shall be charged to the Fund or Account from which such investment was made, and any investment earnings on a Fund or Account shall be applied as follows: (i) investment earnings on all amounts deposited in the Costs of Issuance Fund shall be deposited in that Fund, (ii) investment earnings on all amounts in the Rebate Fund shall be deposited in that Fund, (iii) investment earnings on all amounts deposited in the Reserve Account of the Special Tax Fund shall be used to satisfy the Reserve Requirement and any investment earnings not needed to satisfy the Reserve Requirement shall be withdrawn from the Reserve Account one (1) Business Day before each Interest Payment Date and transferred to the Debt Service Account as provided in the Indenture; and (iv) all other investment earnings shall be deposited in the Debt Service Account of the Special Tax Fund. Moneys in the Funds and Accounts held under the Indenture may be invested by the Trustee, upon the written direction of the District, from time to time, in Authorized Investments which written direction shall be made in accordance with the following restrictions:

(a) Moneys in the Accounts within the Costs of Issuance Fund shall be invested in Authorized Investments which will by their terms mature, as close as practicable to the date the District estimates the moneys represented by the particular investment will be needed for withdrawal from the Costs of Issuance Fund.

(b) Moneys in the Debt Service Account of the Special Tax Fund shall be invested only in Authorized Investments which will by their terms mature or are available for withdrawal without penalty, on such dates so as to ensure the payment of principal of, premium, if any, and interest on the Bonds as the same become due.

(c) One-half of the amount in the Reserve Account of the Special Tax Fund may be invested only in Authorized Investments which mature not later than six (6) months from their date of purchase by the Trustee, and one-half of such amount shall be invested in Authorized Investments which mature not more than two (2) years from the date of purchase by the Trustee; provided that such amounts may be invested in an investment or repurchase agreement so long as such amounts may be withdrawn at any time, without penalty, for application in accordance with the Indenture; and provided that no such Authorized Investment of amounts

in the Reserve Account allocable to the Bonds shall mature later than the respective final maturity date of the Bonds to which such amounts relate.

(d) Moneys in the Rebate Fund shall be invested only in Authorized Investments of the type described in clause (a) of the definition in the Indenture which by their terms will mature, as nearly as practicable, on the dates such amounts are needed to be paid to the United States Government pursuant to the Indenture.

The Trustee, at the direction of the District, shall sell, or present for redemption, any Authorized Investments so purchased whenever it may be necessary to do so in order to provide moneys to meet any payment or transfer to such Funds and Accounts or from such Funds and Accounts. For the purpose of determining at any given time the balance in any such Funds and Accounts, any such investments constituting a part of such Funds and Accounts shall be valued at their cost, except that amounts in the Reserve Account shall be valued at the market value in the Indenture at least semiannually on or before each Interest Payment Date. Notwithstanding anything in the Indenture to the contrary, the Trustee shall not be responsible for any loss from investments, sales or transfers undertaken in accordance with the provisions of the Indenture.

The Trustee may act as principal or agent in the making or disposing of any investment and shall be entitled to its customary fee for making such investment. The Trustee may sell or present for redemption, any Authorized Investment so purchased whenever it shall be necessary to provide moneys to meet any required payment, transfer, withdrawal or disbursement from the Fund or Account to which such Authorized Investment is credited, and, subject to the provisions of the Indenture, the Trustee shall not be liable or responsible for any loss resulting from such investment. For investment purposes, the Trustee may commingle the funds and accounts established under the Indenture, but shall account for each separately. In the absence of written investment direction the Trustee shall hold such funds uninvested pending the receipt of written investment instructions. The Trustee may rely on the investment directions of the District as to the suitability and legality of the directed investments.

The District acknowledges that regulations of the Comptroller of the Currency grant the District the right to receive brokerage confirmations of security transactions to be effected by the Trustee under the Indenture as they occur. The District specifically waives the right to receive such confirmations to the extent permitted by applicable law and agrees that it will instead receive periodic cash transaction statements which include detail for the investment transactions effected by the Trustee under the Indenture; provided, however, that the District retains its right to receive brokerage confirmation on any investment transaction requested by the District.

COVENANTS AND WARRANTY

Warranty. The District shall preserve and protect the security pledged under the Indenture to the Bonds against all claims and demands of all persons.

Covenants. So long as any of the Bonds issued under the Indenture are Outstanding and unpaid, the District makes the following covenants with the Bondowners under the provisions of the Act and the Indenture (to be performed by the District or its proper officers, agents or employees), which covenants are necessary and desirable to secure the Bonds and tend to make them more marketable; provided, however, that said covenants do not require the District to expend any funds or moneys other than the Special Taxes and other amounts deposited to the Special Tax Fund:

Punctual Payment; Against Encumbrances. The District covenants that it will receive all Gross Taxes in trust and will deposit the Gross Taxes with the Trustee, as provided in the Indenture, and the District shall have no beneficial right or interest in the amounts so deposited except as provided by the Indenture. All such Gross Taxes shall be disbursed, allocated and applied solely to the uses and purposes set forth in the Indenture, and shall be accounted for separately and apart from all other money, funds, accounts or other

resources of the District. Notwithstanding the provisions of this paragraph, as set forth in the Indenture, the District shall have the right to accept less than the minimum bid on any delinquent parcel, and is indemnified from legal claim for Owners of the Bonds, if the City Council determines that the acceptance of less than the minimum bid or another action as described in the Indenture is in the best interest of the District.

The District covenants that it will duly and punctually pay or cause to be paid the principal of and interest on every Bond issued under the Indenture, together with the premium, if any, thereon on the date, at the place and in the manner set forth in the Bonds and in accordance with the Indenture to the extent that Net Special Taxes are available therefor, and that the payments into the Funds and Accounts created under the Indenture will be made, all in strict conformity with the terms of the Bonds and the Indenture, and that it will faithfully observe and perform all of the conditions, covenants and requirements of the Indenture and of the Bonds issued under the Indenture.

The District will not mortgage or otherwise encumber, pledge or place any charge upon any of the Gross Taxes, except as provided in the Indenture, and (except as set forth in the Indenture) will not issue any obligation or security having a lien or charge upon the Net Special Taxes superior to or on a parity with the Bonds. Nothing in the Indenture shall prevent the District from issuing or incurring indebtedness which is payable from a pledge of Special Taxes which is subordinate in all respects to the pledge of Net Special Taxes to repay the Bonds.

Levy and Collection of Special Tax. Subject to the maximum Special Tax rates, the District will comply with all requirements of the Act so as to assure the timely collection of the Special Taxes, including without limitation, the enforcement of delinquent Special Taxes.

On or before each June 1, commencing June 1, 2015, the Trustee shall provide a written notice to the District stating the amounts then on deposit in the various Funds and Accounts established by the Indenture. The receipt of such notice by the District shall in no way affect the obligations of the District under the following paragraphs. Upon receipt of a copy of such notice, the District shall communicate with the Treasurer or other appropriate official of the County of Stanislaus to ascertain the relevant parcels on which the Special Taxes are to be levied, taking into account any parcel splits during the preceding and then current year.

The District shall retain an Independent Financial Consultant to assist in the levy of the Special Taxes each Fiscal Year, commencing Fiscal Year 2014-15, in accordance with the Ordinance, such that the computation of the levy is complete before the final date on which the Treasurer of the County of Stanislaus will accept the transmission of the Special Tax amounts for the parcels within the District for inclusion on the next secured tax roll. Upon the completion of the computation of the amounts of the levy, and approval by the legislative body of the District, the District shall prepare or cause to be prepared, and shall transmit to the Treasurer of the County of Stanislaus, such data as the Treasurer of the County of Stanislaus requires to include the levy of the Special Taxes on the next secured tax roll.

The District shall fix and levy the amount of Special Taxes within the District required for the payment of principal of and interest on Outstanding Bonds becoming due and payable during the ensuing year including any necessary replenishment or expenditure of the Reserve Account for the Bonds, an amount equal to the estimated Administrative Expenses and any additional amounts necessary for expenses incurred in connection with administration or enforcement of delinquent Special Taxes. The District further covenants that it will take no actions that would discontinue or cause the discontinuance of the Special Tax levy or the District's authority to levy the Special Tax for so long as the Bonds are Outstanding, including the initiation of proceedings under the Act to reduce the Maximum Special Tax rates (the "Maximum Rates") on Taxable Property in the District below the amounts which are necessary to pay Administrative Expenses and to provide Special Taxes in an amount equal to one hundred ten percent (110%) of Maximum Annual Debt Service on the Outstanding Bonds.

The Special Taxes shall be payable and collected in the same manner and at the same time and in the same installment as the general taxes on real property are payable, and have the same priority, become delinquent at the same times and in the same proportionate amounts and bear the same proportionate penalties and interest after delinquency as do the general taxes on real property; provided, the legislative body of the District may provide for direct collection of the Special Taxes in certain circumstances.

The fees and expenses of the Independent Financial Consultant retained by the District to assist in computing the levy of the Special Taxes under the Indenture and any reconciliation of amounts levied to amount received, as well as the costs and expenses of the District (including a charge for District staff time) in conducting its duties under the Indenture, shall be an Administrative Expense under the Indenture.

Commence Foreclosure Proceedings. Pursuant to Section 53356.1 of the Act, the District covenants in the Indenture with and for the benefit of the Bondowners that it will order, and cause to be commenced, on or before October 1 of the Fiscal Year immediately following the Fiscal Year in which a delinquency in the payment of a Special Tax occurs, and thereafter diligently prosecute to judgment (unless such delinquency is theretofore brought current), an action in the superior court to foreclose the lien of any Special Tax or installment thereof not paid when due, provided that the District need not commence or pursue such proceedings with respect to any property owned by a single property owner who is delinquent in the payment of Special Taxes in an amount less than \$5,000 if both (i) the aggregate amount of such delinquent Special Taxes does not exceed 5% of the total Special Taxes due and payable for the Fiscal Year in question (ii) the balance on deposit in the Reserve Account of the Special Tax Fund is not less than the Reserve Requirement.

Special Taxes collected as a result of a foreclosure proceeding shall be deposited in the Special Tax Fund and only inure to the benefit of the Bonds in the manner provided in the Indenture.

Payment of Claims. The District will pay and discharge any and all lawful claims for labor, materials or supplies which, if unpaid, might become a lien or charge upon the Net Special Taxes or any part in the Indenture, or upon any funds in the hands of the Trustee, or which might impair the security of the Bonds then Outstanding; provided however that nothing in the Indenture contained shall require the District to make any such payments so long as the District in good faith shall contest the validity of any such claims.

Books and Accounts. The District will keep proper books of records and accounts, separate from all other records and accounts of the District, in which complete and correct entries shall be made of all transactions relating to the improvements constructed with the proceeds of bonded indebtedness issued by the District, the levy of the Special Tax and the deposits to the Special Tax Fund. Such books of records and accounts shall at all times during business hours be subject to the inspection of the Owners of not less than ten percent (10%) of the principal amount of the Bonds then Outstanding or their representatives authorized in writing.

Federal Tax Covenants. Notwithstanding any other provision of the Indenture, absent an opinion of Bond Counsel that the exclusion from gross income for federal income tax purposes of interest on the Bonds issued on a tax-exempt basis will not be adversely affected, the District covenants to comply with all applicable requirements of the Code necessary to preserve such exclusion from gross income and specifically covenants, without limiting the generality of the foregoing, as follows:

(1) ***Private Activity.*** The District will take no action or refrain from taking any action or make any use of the proceeds of the Bonds or of any other monies or property which would cause the Bonds issued on a tax-exempt basis for federal income tax purposes to be “private activity bonds” within the meaning of Section 141 of the Code.

(2) ***Arbitrage.*** The District will make no use of the proceeds of the Bonds or of any other amounts or property, regardless of the source, or take any action or refrain from taking any action

which will cause the Bonds issued on a tax-exempt basis for federal income tax purposes to be “arbitrage bonds” within the meaning of Section 148 of the Code.

(3) Federal Guaranty. The District will make no use of the proceeds of the Bonds or take or omit to take any action that would cause the Bonds issued on a tax-exempt basis for federal income tax purposes to be “federally guaranteed” within the meaning of Section 149(b) of the Code.

(4) Information Reporting. The District will take or cause to be taken all necessary action to comply with the informational reporting requirement of Section 149(e) of the Code.

(5) Hedge Bonds. The District will make no use of the proceeds of the Bonds or any other amounts or property, regardless of the source, or take any action or refrain from taking any action that would cause the Bonds issued on a tax-exempt basis for federal income tax purposes to be considered “hedge bonds” within the meaning of Section 149(g) of the Code unless the District takes all necessary action to assure compliance with the requirements of Section 149(g) of the Code to maintain the exclusion from gross income for federal income tax purposes of interest on the Bonds.

(6) Miscellaneous. The District will take no action or refrain from taking any action inconsistent with its expectations stated in the Tax Certificate executed on the Delivery Date by the District in connection with the Bonds and will comply with the covenants and requirements stated in the Indenture and incorporated by reference in the Indenture.

Covenants to Defend. The District covenants that, in the event that any initiative is adopted by the qualified electors in the District which purports to reduce the maximum Special Tax below the levels specified in the Indenture or to limit the power of the District to levy the Special Taxes for the purposes set forth in the Indenture, it will commence and pursue legal action in order to preserve its ability to comply with such covenants.

Limitation on Right to Tender Bonds. The District covenants that it will not adopt any policy pursuant to Section 53341.1 of the Act permitting the tender of Bonds in full payment or partial payment of any Special Tax unless the District shall have first received a certificate from an Independent Financial Consultant that the acceptance of such a tender will not result in the District having insufficient Special Tax revenues to pay the principal of and interest on the Bonds when due.

Continuing Disclosure Covenant. The District covenants and agrees that it will comply with and carry out all of its obligations under the Continuing Disclosure Agreement. Notwithstanding any other provision of the Indenture, failure of the District to comply with its obligations under the Continuing Disclosure Agreement shall not be considered an event of default under the Indenture, and the sole remedy, in the event of any failure of the District to comply with the Continuing Disclosure Agreement shall be an action to compel performance.

Opinions. In the event that an opinion is rendered by Bond Counsel as provided in the Indenture from a firm other than the firm which rendered the Bond Counsel opinion at closing, such subsequent opinion by Bond Counsel shall also include the conclusions set forth in numbered paragraphs 1, 2, 3 and 4 of the original Bond Counsel opinion.

AMENDMENTS TO INDENTURE

Supplemental Indentures or Orders Not Requiring Bondowner Consent. The District may from time to time, and at any time, without notice to or consent of any of the Bondowners, adopt Supplemental Indentures for any of the following purposes:

(a) to cure any ambiguity, to correct or supplement any provisions in the Indenture which may be inconsistent with any other provision in the Indenture, or to make any other provision with respect to matters or questions arising under the Indenture or in any Supplemental Indenture, provided that such action is not materially adverse to the interests of the Bondowners;

(b) to add to the covenants and agreements of and the limitations and the restrictions upon the District contained in the Indenture, other covenants, agreements, limitations and restrictions to be observed by the District which are not contrary to or inconsistent with the Indenture as theretofore in effect or which further secure Bond payments;

(c) to modify, amend or supplement the Indenture in such manner as to permit the qualification in the Indenture under the Trust Indenture Act of 1939, as amended, or any similar federal statute in effect after the issuance of the Bonds, or to comply with the Code or regulations issued under the Indenture, and to add such other terms, conditions and provisions as may be permitted by said act or similar federal statute, and which shall not materially adversely affect the interests of the Owners of the Bonds then Outstanding;

(d) to modify, alter or amend the Rate and Method of Apportionment in any manner so long as such changes do not reduce the maximum Special Taxes that may be levied in each year on Developed Property (as defined in the Rate and Method of Apportionment) below the amounts which are necessary to pay Administrative Expenses and to provide Special Taxes in an amount equal to one hundred ten percent (110%) of Maximum Annual Debt Service on the Bonds Outstanding as of the date of such amendment; or

(e) to modify, alter, amend or supplement the Indenture in any other respect which is not materially adverse to the Bondowners; provided that any amendment or supplement to the Indenture which will affect the Trustee's duties or protections set forth under the Indenture shall be effective only upon written consent of the Trustee.

Supplemental Indentures or Orders Requiring Bondowner Consent. Exclusive of the Supplemental Indentures set forth in the Indenture and subject to the prior written consent of the Insurer (so long as the Insurer has not defaulted on any obligation under the Insurance Policy), the Owners of not less than a majority of in aggregate principal amount of the Bonds Outstanding shall have the right to consent to and approve the adoption by the District of such Supplemental Indentures as shall be deemed necessary or desirable by the District for the purpose of waiving, modifying, altering, amending, adding to or rescinding, in any particular, any of the terms or provisions contained in the Indenture; provided, however, that nothing in the Indenture shall permit, or be construed as permitting, (a) an extension of the maturity date of the principal, or the payment date of interest on, any Bond; (b) a reduction in the principal amount of, or redemption premium on, any Bond or the rate of interest thereon; (c) a preference or priority of any Bond over any other Bond; or (d) a reduction in the aggregate principal amount of the Bonds the Owners of which are required to consent to such Supplemental Indenture, without the consent of the Owners of all Bonds then Outstanding.

If at any time the District shall desire to adopt a Supplemental Indenture, which pursuant to the terms of the Indenture shall require the consent of the Bondowners, the District shall so notify the Trustee and shall deliver to the Trustee a copy of the proposed Supplemental Indenture. The Trustee shall, at the expense of the District, cause notice of the proposed Supplemental Indenture to be mailed, by first class mail, postage prepaid, to all Bondowners at their addresses as they appear in the Bond Register. Such notice shall briefly set forth the nature of the proposed Supplemental Indenture and shall state that a copy in the Indenture is on file at the office of the Trustee for inspection by all Bondowners. The failure of any Bondowners to receive such notice shall not affect the validity of such Supplemental Indenture when consented to and approved by the Owners of not less than a majority in aggregate principal amount of the Bonds Outstanding as required by the Indenture. Whenever at any time within one year after the date of the first mailing of such notice, the Trustee shall receive an instrument or instruments purporting to be executed by the Owners of not less than a majority in aggregate principal amount of the Bonds Outstanding, which instrument or instruments shall refer to the proposed Supplemental Indenture described in such notice, and shall specifically consent to and approve the adoption in

the Indenture by the District substantially in the form of the copy referred to in such notice as on file with the Trustee, such proposed Supplemental Indenture, when duly adopted by the District, shall thereafter become a part of the proceedings for the issuance of the Bonds. In determining whether the Owners of a majority of the aggregate principal amount of the Bonds have consented to the adoption of any Supplemental Indenture, Bonds which are owned by the District or by any person directly or indirectly controlling or controlled by or under the direct or indirect common control with the District, shall be disregarded and shall be treated as though they were not Outstanding for the purpose of any such determination.

Upon the adoption of any Supplemental Indenture and the receipt of consent to any such Supplemental Indenture from the Owners of not less than a majority in aggregate principal amount of the Outstanding Bonds in instances where such consent is required pursuant to the provisions of the Indenture, the Indenture shall be, and shall be deemed to be, modified and amended in accordance therewith, and the respective rights, duties and obligations under the Indenture of the District and all Owners of Outstanding Bonds shall thereafter be determined, exercised and enforced under the Indenture, subject in all respects to such modifications and amendments.

Notation of Bonds; Delivery of Amended Bonds. After the effective date of any action taken as provided in the Indenture, the District may determine that the Bonds may bear a notation, by endorsement in form approved by the District, as to such action, and in that case upon demand of the Owner of any Outstanding Bond at such effective date and presentation of his Bond for the purpose at the office of the Trustee or at such additional offices as the Trustee may select and designate for that purpose, a suitable notation as to such action shall be made on such Bonds. If the District shall so determine, new Bonds so modified as, in the opinion of the District, shall be necessary to conform to such action shall be prepared and executed, and in that case upon demand of the Owner of any Outstanding Bond at such effective date such new Bonds shall be exchanged at the office of the Trustee or at such additional offices as the Trustee may select and designate for that purpose, without cost to each Owner of Outstanding Bonds, upon surrender of such Outstanding Bonds.

TRUSTEE

Trustee. The Bank of New York Mellon Trust Company, N.A., having a corporate trust office in Los Angeles, California, is appointed Trustee for the District for the purpose of receiving all money which the District is required to deposit with the Trustee under the Indenture and to allocate, use and apply the same as provided in the Indenture. In the event that the District fails to deposit with the Trustee any amount due under the Indenture when due, the Trustee shall provide written notice to the District.

The Trustee is authorized to and shall mail by first class mail, postage prepaid, or pay by wire transfer as provided in the Indenture, interest payments to the Bondowners, to select Bonds for redemption, and to maintain the Bond Register. The Trustee is authorized to pay the principal of and premium, if any, on the Bonds when the same are duly presented to it for payment at maturity or on call and redemption, to provide for the registration of transfer and exchange of Bonds presented to it for such purposes, to provide for the cancellation of Bonds all as provided in the Indenture, and to provide for the authentication of Bonds, and shall perform all other duties assigned to or imposed on it as provided in the Indenture. The Trustee shall keep accurate records of all funds administered by it and all Bonds paid, discharged and cancelled by it. The Trustee shall deliver to the District a monthly accounting of the Funds and Accounts it holds under the Indenture; provided, however, that the Trustee shall not be obligated to deliver such accounting for any Fund or Account that has a balance of zero. The Trustee may establish such Funds and Accounts as it deems necessary or appropriate to perform its obligations under the Indenture.

The Trustee is authorized to redeem the Bonds when duly presented for payment at maturity, or on redemption prior to maturity. The Trustee shall cancel all Bonds upon payment in the Indenture in accordance with the provisions of the Indenture.

The District shall from time to time, subject to any agreement between the District and the Trustee then in force, pay to the Trustee compensation for its services, reimburse the Trustee for all its advances and expenditures, including, but not limited to, advances to and fees and expenses of independent accountants or counsel employed by it in the exercise and performance of its powers and duties under the Indenture, and indemnify and save the Trustee, its officers, directors, employees and agents, harmless against costs, claims, expenses and liabilities not arising from its own negligence or willful misconduct which it may incur in the exercise and performance of its powers and duties under the Indenture. The obligations of the District under the heading “—Trustee” shall survive the discharge of the Bonds and the resignation or removal of the Trustee.

Removal of Trustee. The District may at any time at its sole discretion remove the Trustee initially appointed, and any successor thereto, by delivering to the Trustee a written notice of its decision to remove the Trustee and may appoint a successor or successors thereto; provided that any such successor shall be a bank, national banking association or trust company having a combined capital (exclusive of borrowed capital) and surplus of at least fifty million dollars (\$50,000,000), and subject to supervision or examination by federal or state authority. Any removal shall become effective only upon acceptance of appointment by the successor Trustee. If any bank, national banking association or trust company appointed as a successor publishes a report of condition at least annually, pursuant to law or to the requirements of any supervising or examining authority above referred to, then for the purposes of this paragraph the combined capital and surplus of such bank, national banking association or trust company shall be deemed to be its combined capital and surplus as set forth in its most recent report of condition so published.

Resignation of Trustee. The Trustee may at any time resign by giving written notice to the District and the Insurer and by giving to the Owners notice of such resignation, which notice shall be mailed to the Owners at their addresses appearing in the registration books in the office of the Trustee. Upon receiving such notice of resignation, the District shall promptly appoint by an instrument in writing and with the prior approval of the Bond Insurer, a successor Trustee. Any resignation or removal of the Trustee and appointment of a successor Trustee shall become effective only upon acceptance of appointment by the successor Trustee. If no appointment of a successor Trustee shall be made pursuant to the foregoing provisions of this paragraph within thirty (30) days after the Trustee shall have given to the District and the Owners written notice, the Trustee, at the expense of the District, or the District may apply to any court of competent jurisdiction to appoint a successor Trustee. Said court may thereupon, after such notice, if any, as such court may deem proper, appoint a successor Trustee, which successor shall be acceptable to the District.

Liability of Trustee. The recitals of fact and all promises, covenants and agreements contained in the Indenture and in the Bonds shall be taken as statements, promises, covenants and agreements of the District, and the Trustee assumes no responsibility for the correctness of the same and makes no representations as to the validity or sufficiency of the Indenture or the Bonds, and shall incur no responsibility in respect in the Indenture, other than in connection with its duties or obligations specifically set forth in the Indenture, in the Bonds, or in the certificate of authentication assigned to or imposed upon the Trustee. The Trustee shall be under no responsibility or duty with respect to the issuance of the Bonds for value. The Trustee shall not be liable in connection with the performance of its duties under the Indenture, except for its own negligence or willful misconduct.

The Trustee shall be protected in acting upon any notice, resolution, request, consent, order, certificate, report, Bond or other paper or document believed by it to be genuine and to have been signed or presented by the proper party or parties. The Trustee may consult with counsel, who may be counsel to the District, with regard to legal questions, and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken or suffered under the Indenture in good faith and in accordance therewith.

The Trustee shall not be bound to recognize any person as the Owner of a Bond unless and until such Bond is submitted for inspection, if required, and his title thereto satisfactorily established, if disputed.

Whenever in the administration of its duties under the Indenture the Trustee shall deem it necessary or desirable that a matter be proved or established prior to taking or suffering any action under the Indenture, such matter (unless other evidence in respect in the Indenture be in the Indenture specifically prescribed) may, in the absence of bad faith on the part of the Trustee, be deemed to be conclusively proved and established by a written certificate of the District, and such certificate shall be full warrant to the Trustee for any action taken or suffered under the provisions of the Indenture upon the faith in the Indenture, but in its discretion the Trustee may, in lieu in the Indenture, accept other evidence of such matter or may require such additional evidence as to it may seem reasonable.

The Trustee shall have no responsibility with respect to any information, statement, or recital in any official statement, offering memorandum or any other disclosure material prepared or distributed with respect to the Bonds.

No provision of the Indenture or any other document related to the Indenture shall require the Trustee to risk or advance its own funds or otherwise incur any financial liability in the performance of its duties or the exercise of its rights under the Indenture.

The immunities extended to the Trustee also extend to its directors, officers, employees and agents. The Trustee shall have the right to accept and act upon instructions, including funds transfer instructions (“Instructions”) given pursuant to the Indenture and delivered using Electronic Means (“Electronic Means” shall mean the following communications methods: S.W.I.F.T., e-mail, facsimile transmission, secure electronic transmission containing applicable authorization codes, passwords and/or authentication keys issued by the Trustee, or another method or system specified by the Trustee as available for use in connection with its services hereunder); provided, however, that the District shall provide to the Trustee an incumbency certificate listing officers with the authority to provide such Instructions (“Authorized Officers”) and containing specimen signatures of such Authorized Officers, which incumbency certificate shall be amended by the District whenever a person is to be added or deleted from the listing. If the District elects to give the Trustee Instructions using Electronic Means and the Trustee in its discretion elects to act upon such Instructions, the Trustee’s understanding of such Instructions shall be deemed controlling. The District understands and agrees that the Trustee cannot determine the identity of the actual sender of such Instructions and that the Trustee shall conclusively presume that directions that purport to have been sent by an Authorized Officer listed on the incumbency certificate provided to the Trustee have been sent by such Authorized Officer. The District shall be responsible for ensuring that only Authorized Officers transmit such Instructions to the Trustee and that the District and all Authorized Officers are solely responsible to safeguard the use and confidentiality of applicable user and authorization codes, passwords and/or authentication keys upon receipt by the District. The Trustee shall not be liable for any losses, costs or expenses arising directly or indirectly from the Trustee’s reliance upon and compliance with such Instructions notwithstanding such directions conflict or are inconsistent with a subsequent written instruction. The District agrees: (i) to assume all risks arising out of the use of Electronic Means to submit Instructions to the Trustee, including without limitation the risk of the Trustee acting on unauthorized Instructions, and the risk of interception and misuse by third parties; (ii) that it is fully informed of the protections and risks associated with the various methods of transmitting Instructions to the Trustee and that there may be more secure methods of transmitting Instructions than the method(s) selected by the District; (iii) that the security procedures (if any) to be followed in connection with its transmission of Instructions provide to it a commercially reasonable degree of protection in light of its particular needs and circumstances; and (iv) to notify the Trustee immediately upon learning of any compromise or unauthorized use of the security procedure.

The Trustee shall not be liable to the parties hereto or deemed in breach or default hereunder if and to the extent its performance hereunder is prevented by reason of force majeure. The term “force majeure” means an occurrence that is beyond the control of the Trustee and could not have been avoided by exercising due care. Force majeure shall include but not be limited to acts of God, terrorism, war, riots, strikes, fire, floods, earthquakes, epidemics or other similar occurrences.

The Trustee shall not be responsible for or accountable to anyone for the subsequent use or application of any moneys which shall be released or withdrawn in accordance with the provisions hereof.

The Trustee, prior to the occurrence of an Event of Default and after the curing of all Events of Default which may have occurred, undertakes to perform such duties and only such duties as are specifically set forth in this Trust Agreement. In case an Event of Default has occurred (which has not been cured) the Trustee shall exercise such of the rights and powers vested in it by the Indenture, and use the same degree of care and skill in their exercise, as a prudent man would exercise or use under the circumstances in the conduct of his own affairs.

The Trustee shall be under no obligation to exercise any of the rights or powers vested in it by the Indenture at the request, order or direction of any of the Owners pursuant to the provisions of the Indenture unless such Owners shall have offered to the Trustee reasonable security or indemnity against the costs, expenses and liabilities which may be incurred therein or thereby.

The Trustee may execute any of the trusts or powers hereof and perform the duties required of it hereunder either directly or by or through attorneys or agents, shall not be liable for the acts or omissions of such attorneys or agents appointed with due care, and shall be entitled to rely on advice of counsel concerning all matters of trust and its duty hereunder.

The Trustee shall not be deemed to have knowledge of any Event of Default unless and until it shall have actual knowledge thereof by receipt of written notice thereof at Corporate Trust Office of the Trustee.

The permissive right of the Trustee to do things enumerated in the Indenture shall not be construed as a duty and it shall not be answerable for other than its negligence or willful misconduct.

Merger or Consolidation. Any company into which the Trustee may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be a party or any company to which the Trustee may sell or transfer all or substantially all of its corporate trust business, shall be the successor to the Trustee without the execution or filing of any paper or further act, anything in the Indenture to the contrary notwithstanding.

EVENTS OF DEFAULT; REMEDIES

Events of Default. Any one or more of the following events shall constitute an “Event of Default”:

(a) Default in the due and punctual payment of the principal of or redemption premium, if any, on any Bond when and as the same shall become due and payable, whether at maturity as therein expressed, by declaration or otherwise;

(b) Default in the due and punctual payment of the interest on any Bond when and as the same shall become due and payable; or

(c) Except as described in (a) or (b), default shall be made by the District in the observance of any of the agreements, conditions or covenants on its part contained in the Indenture or the Bonds, and such default shall have continued for a period of thirty (30) days after the District shall have been given notice in writing of such default by the Trustee or the Owners of twenty-five percent (25%) in aggregate principal amount of the Outstanding Bonds; provided that no grace period for a default under this section (c) shall exceed 30 days or be extended for more than 60 days without the prior written consent of the Insurer.

Remedies of Owners. Following the occurrence of an Event of Default, any Owner shall have the right for the equal benefit and protection of all Owners similarly situated:

(a) By mandamus or other suit or proceeding at law or in equity to enforce his rights against the District and any of the members, officers and employees of the District, and to compel the District or any such members, officers or employees to perform and carry out their duties under the Act and their agreements with the Owners as provided in the Indenture;

(b) By suit in equity to enjoin any actions or things which are unlawful or violate the rights of the Owners; or

(c) By a suit in equity to require the District and its members, officers and employees to account as the trustee of an express trust.

Nothing in the Indenture or the Bonds shall affect or impair the obligation of the District, which is absolute and unconditional, to pay the interest on and principal of the Bonds to the respective Owners in the Indenture at the respective dates of maturity, as in the Indenture provided, out of the Net Special Taxes pledged for such payment, or affect or impair the right of action, which is also absolute and unconditional, of such Owners to institute suit to enforce such payment by virtue of the contract embodied in the Bonds and in the Indenture. The principal of the Bonds shall not be subject to acceleration under the Indenture.

A waiver of any default or breach of duty or contract by any Owner shall not affect any subsequent default or breach of duty or contract, or impair any rights or remedies on any such subsequent default or breach. No delay or omission by any Owner to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver of any such default or an acquiescence therein, and every power and remedy conferred upon the Owners by the Act or by the Indenture may be enforced and exercised from time to time and as often as shall be deemed expedient by the Owners.

If any suit, action or proceeding to enforce any right or exercise any remedy is abandoned or determined adversely to the Owners, the District and the Owners shall be restored to their former positions, rights and remedies as if such suit, action or proceeding had not been brought or taken.

No remedy in the Indenture conferred upon or reserved to the Owners is intended to be exclusive of any other remedy. Every such remedy shall be cumulative and shall be in addition to every other remedy given under the Indenture or now or existing after the issuance of the Bonds, at law or in equity or by statute or otherwise, and may be exercised without exhausting and without regard to any other remedy conferred by the Act or any other law.

In case the moneys held by the Trustee after an Event of Default pursuant to the Indenture shall be insufficient to pay in full the whole amount so owing and unpaid upon the Bonds, after payment of all fees and expenses, including legal fees and expenses of the Trustee incurred in the course of the performance of its powers and duties under the Indenture, then all available amounts shall be applied to the payment of such principal and interest without preference or priority of principal over interest, or interest over principal, or of any installment of interest over any other installment of interest, ratably to the aggregate of such principal and interest and to restore the Reserve Account to the Reserve Requirement.

DEFEASANCE

Defeasance. If the District shall pay or cause to be paid, or there shall otherwise be paid, to the Owner of an Outstanding Bond the interest due thereon and the principal in the Indenture, at the times and in the manner stipulated in the Indenture or any Supplemental Indenture, then the Owner of such Bond shall cease to be entitled to the pledge of Net Special Taxes, and, other than as set forth below, all covenants, agreements and other obligations of the District to the Owner of such Bond under the Indenture shall thereupon cease, terminate and become void and be discharged and satisfied. In the event of a defeasance of all Outstanding Bonds pursuant to the Indenture, upon payment of all amounts owed by the District to the Trustee under the Indenture, the Trustee shall execute and deliver to the District all such instruments as may be

desirable to evidence such discharge and satisfaction, and the Trustee shall, after payment of amounts payable to the Trustee under the Indenture, pay over or deliver to the District's general fund all money or securities held by it pursuant to the Indenture which are not required for the payment of the interest due on and the principal of such Bonds.

Any Outstanding Bond shall be deemed to have been paid within the meaning expressed in the first paragraph above if such Bond is paid in any one or more of the following ways:

(a) by paying or causing to be paid the principal of, premium, if any, and interest on such Bond, as and when the same become due and payable;

(b) by depositing with the Trustee, in trust, at or before maturity, money which, together with the amounts then on deposit in the Special Tax Fund are available for such purpose, is fully sufficient to pay the principal of, premium, if any, and interest on such Bond, as and when the same shall become due and payable; or

(c) by depositing with the Trustee, or another escrow bank appointed by the District, in trust, direct, noncallable Federal Securities, of the type defined in the definition in the Indenture set forth in the Indenture, in which the District may lawfully invest its money, in such amount as an Independent Financial Consultant shall determine will be sufficient, together with the interest to accrue thereon and moneys then on deposit in the Special Tax Fund are available for such purpose, together with the interest to accrue thereon, to pay and discharge the principal of, premium, if any, and interest on such Bond, as and when the same shall become due and payable;

If paid as provided above, then, at the election of the District, and notwithstanding that any Outstanding Bonds shall not have been surrendered for payment, all obligations of the District under the Indenture and any Supplemental Indenture with respect to such Bond shall cease and terminate, except for the obligation of the Trustee to pay or cause to be paid to the Owners of any such Bond not so surrendered and paid, all sums due thereon and except for the covenants of the District relating to compliance with the Code. Notice of such election shall be filed with the Trustee not less than thirty (30) days prior to the proposed defeasance date. In connection with a defeasance under (b) or (c) above, there shall be provided to the Trustee and the Insurer (i) a report of an independent firm of nationally recognized certified public accountants or such other accountant as shall be acceptable to the Insurer ("Certified Public Accountant") verifying the sufficiency of the escrow established to pay the Bonds in full on the maturity or the redemption date; (ii) an escrow agreement (which shall be acceptable in form and substance to the Insurer); (iii) an opinion of Bond Counsel (which may rely upon the opinion of the Certified Public Accountant) to the effect that the Bonds being defeased have been legally defeased in accordance with the Indenture and any applicable Supplemental Indenture; and (iv) a certificate of discharge of the Trustee with respect to the Bonds. The opinion of Bond Counsel and Certified Public Accountant's or report referred to above shall be acceptable in form and substance, and addressed, to the District, Trustee and Insurer (so long as the Insurer has not defaulted on any obligation under the Insurance Policy). The Insurer shall be provided with final drafts of the above-referenced documentation not less than five Business Days prior to the funding of the escrow.

The Bonds shall be deemed Outstanding under the Indenture unless and until they are in fact paid and retired or the above criteria are met.

BOND INSURANCE PROVISIONS

Claims Upon Insurance Policy. So long as the Insurance Policy remains in full force and effect, the District and the Trustee agree to comply with the following provisions set forth in the Indenture, notwithstanding anything to the contrary in the Indenture:

(a) If, on the third Business Day prior to the related scheduled interest payment date or principal payment date (“Payment Date”) there is not on deposit with the Trustee, after making all transfers and deposits required under the Indenture, moneys sufficient to pay the principal of and interest on the Insured Bonds due on such Payment Date, the Trustee shall give notice to the Insurer and to its designated agent (if any) (the “Insurer’s Fiscal Agent”) by telephone or teletype of the amount of such deficiency by 12:00 noon, New York City time, on such Business Day. If, on the second Business Day prior to the related Payment Date, there continues to be a deficiency in the amount available to pay the principal of and interest on the Insured Bonds due on such Payment Date, the Trustee shall make a claim under the Insurance Policy and give notice to the Bond Insurer and the Insurer’s Fiscal Agent (if any) by telephone of the amount of such deficiency, and the allocation of such deficiency between the amount required to pay interest on the Insured Bonds and the amount required to pay principal of the Insured Bonds, confirmed in writing to the Insurer and the Insurer’s Fiscal Agent by 12:00 noon, New York City time, on such second Business Day by filling in the form of Notice of Claim and Certificate delivered with the Insurance Policy.

(b) The Insurer shall be entitled to pay principal or interest on the Insured Bonds that shall become Due for Payment but shall be unpaid by reason of Nonpayment by the Issuer (as such terms are defined in the Insurance Policy), whether or not the Insurer has received a Notice of Nonpayment (as such terms are defined in the Insurance Policy) or a claim upon the Insurance Policy.

(c) The Trustee shall designate any portion of payment of principal on Insured Bonds paid by the Insurer, whether by virtue of mandatory sinking account redemption, maturity or other advancement of maturity, on its books as a reduction in the principal amount of Insured Bonds registered to the then current Bond Owner, whether DTC or its nominee or otherwise, and shall issue a replacement Bond to the Insurer, registered in the name of Assured Guaranty Municipal Corp., in a principal amount equal to the amount of principal so paid (without regard to authorized denominations); provided that the Trustee’s failure to so designate any payment or issue any replacement Bond shall have no effect on the amount of principal or interest payable by the District on any Insured Bond or the subrogation rights of the Insurer.

(d) The Trustee shall keep a complete and accurate record of all funds deposited by the Insurer into the Policy Payments Account (defined below) and the allocation of such funds to payment of interest on and principal of any Insured Bond. The Insurer shall have the right to inspect such records at reasonable times upon reasonable notice to the Trustee.

(e) Upon payment of a claim under the Insurance Policy, the Trustee shall establish a separate special purpose trust account for the benefit of Insured Bond Owners referred to in this section of the Indenture as the “Policy Payments Account” and over which the Trustee shall have exclusive control and sole right of withdrawal. The Trustee shall receive any amount paid under the Insurance Policy in trust on behalf of Bond Owners and shall deposit any such amount in the Policy Payments Account and distribute such amount only for purposes of making the payments for which a claim was made. Such amounts shall be disbursed by the Trustee to Bond Owners in the same manner as principal and interest payments are to be made with respect to the Insured Bonds under Article II regarding payment of Insured Bonds. It shall not be necessary for such payments to be made by checks or wire transfers separate from the check or wire transfer used to pay debt service with other funds available to make such payments. Notwithstanding anything herein to the contrary, the District agrees to pay to the Insurer: (i) a sum equal to the total of all amounts paid by the Insurer under the Insurance Policy (the “Insurer Advances”); and (ii) interest on such Insurer Advances from the date paid by the Insurer until payment thereof in full, payable to the Insurer at the Late Payment Rate per annum (collectively, the “Insurer Reimbursement Amounts”). “Late Payment Rate” means the lesser of (a) the greater of (i) the per annum rate of interest, publicly announced from time to time by JPMorgan Chase Bank at its principal office in The City of New York, as its prime or base lending rate (any change in such rate of interest to be effective on the date such change is announced by JPMorgan Chase Bank) plus three percent, and (ii) the then applicable highest rate of interest on the Insured Bonds and (b) the maximum rate permissible under applicable usury or similar laws limiting interest rates. The Late Payment Rate shall be computed on the basis of the actual number of days elapsed over a year of 360 days. The District hereby covenants and agrees that the

Insurer Reimbursement Amounts are secured by a lien on and pledge of the Net Special Taxes and payable from such Net Special Taxes on a parity with debt service due on the Insured Bonds.

(f) Funds held in the Policy Payments Account shall not be invested by the Trustee and may not be applied to satisfy any costs, expenses or liabilities of the Trustee. Any funds remaining in the Policy Payments Account following an Interest Payment Date shall promptly be remitted to the Insurer.

(g) Amounts paid by the Insurer under the Insurance Policy shall not be deemed paid for purposes of the Indenture and the Insured Bonds relating to such payments shall remain Outstanding and continue to be due and owing until paid by the District in accordance with the Indenture. The Indenture shall not be discharged unless all amounts due or to become due to the Insurer have been paid in full or duly provided for.

Additional Rights of Insurer. So long as the Insurance Policy shall be in full force and effect and the Insurer has not defaulted with respect to its payment obligations thereunder, the following provisions shall apply:

(a) The Insurer shall be deemed to be the sole holder of the Insured Bonds for the purpose of exercising any voting right or privilege or giving any consent or direction or taking any other action that the holders of the Insured Bonds are entitled to take pursuant to the provisions of the Indenture pertaining to (i) defaults and remedies, and (ii) the duties and obligations of the Trustee. (e) The rights granted to the Insurer under the Indenture to request, consent to or direct any action are rights granted to the Insurer in consideration of its issuance of the Insurance Policy. Any exercise by the Insurer of such rights is merely an exercise of the Insurer's contractual rights and shall not be construed or deemed to be taken for the benefit, or on behalf, of the Bond Owners and such action does not evidence any position of the Insurer, affirmative or negative, as to whether the consent of the Bond Owners or any other person is required in addition to the consent of the Insurer.

(f) Upon the reasonable request of the District or the Insurer, the Trustee shall execute and deliver any and all such instruments and assurances as may be necessary or proper to facilitate the performance under the Indenture with respect to the provisions of the Indenture pertaining to the Trustee's obligations, including but not limited to the maintenance and application of funds pledged for the Bonds under the Indenture.

(a) Not later than nine months immediately following the end of the Issuer’s fiscal year, commencing April 1, 2015, the Issuer shall provide, or shall cause the Dissemination Agent to provide, to the Repository an Annual Report which is consistent with the requirements of Section 4 of this Disclosure Agreement. The Annual Report may be submitted as a single document or as separate documents comprising a package, and may include by reference other information as provided in Section 4 of this Disclosure Agreement; provided that the audited financial statements of the Issuer may be submitted separately from and later than the balance of the Annual Report if they are not available by the date required above for the filing of the Annual Report.

An Annual Report shall be provided at least annually notwithstanding any fiscal year longer than 12 calendar months. The Issuer’s fiscal year is currently effective from July 1 to the immediately succeeding June 30 of the following year. The Issuer will promptly notify the Repository of a change in the fiscal year dates.

(b) In the event that the Dissemination Agent is an entity other than the Issuer, then the provisions of this Section 3(b) shall apply. Not later than fifteen (15) Business Days prior to the date specified in subsection (a) for providing the Annual Report to the Repository, the Issuer shall provide the Annual Report to the Dissemination Agent. If by fifteen (15) Business Days prior to such date the Dissemination Agent has not received a copy of the Annual Report, the Dissemination Agent shall contact the Issuer to determine if the Issuer will be filing the Annual Report in compliance with subsection (a). The Issuer shall provide a written certification with each Annual Report furnished to the Dissemination Agent to the effect that such Annual Report constitutes the Annual Report required to be furnished by it hereunder. The Dissemination Agent may conclusively rely upon such certification of the Issuer and shall have no duty or obligation to review such Annual Report.

(c) If the Issuer is the Dissemination Agent and the Issuer is unable to provide to the Repository an Annual Report by the date required in subsection (a), the Issuer shall send a notice to the Repository in substantially the form attached to this Disclosure Agreement as Exhibit A. If the Dissemination Agent is other than the Issuer and if the Dissemination Agent is unable to verify that an Annual Report has been provided to the Repository by the date required in subsection (a), the Dissemination Agent shall send a notice to the Repository, in substantially the form attached as Exhibit A.

(d) The Dissemination Agent shall:

(i) determine each year prior to the date for providing the Annual Report the name and address of the Repository if other than the MSRB; and

(ii) promptly after receipt of the Annual Report, file a report with the Issuer certifying that the Annual Report has been provided pursuant to this Disclosure Agreement, stating the date it was provided.

(e) Notwithstanding any other provision of this Disclosure Agreement, all filings shall be made in accordance with the MSRB’s EMMA system or in another manner approved under the Rule.

SECTION 4. Content of Annual Reports. The Issuer's Annual Report shall contain or include by reference:

(a) Financial Statements. The audited financial statements of the City for the most recent fiscal year of the Issuer then ended. If the audited financial statements are not available by the time the Annual Report is required to be filed, the Annual Report may be filed without audited financial statements, and the audited financial statements shall be filed in the same manner as the Annual Report when they become available. Audited financial statements of the Issuer shall be audited by such auditor as shall then be required or permitted by State law or the Indenture. Audited financial statements shall be prepared in accordance with generally accepted accounting principles as prescribed for governmental units by the Governmental Accounting Standards Board; provided, however, that the Issuer may from time to time, if required by federal or state legal requirements, modify the basis upon which its financial statements are prepared. In the event that the Issuer shall modify the basis upon which its financial statements are prepared, the Issuer shall provide a notice of such modification to the Repository, including a reference to the specific federal or State law or regulation specifically describing the legal requirements for the change in accounting basis.

(b) Financial and Operating Data. The Annual Report shall contain or incorporate by reference the following information:

- (iv) the status of any foreclosure actions being pursued by the District with respect to delinquent Special Taxes;
- (v) the identity of any property owner whose delinquent special taxes represent more than 5% of the amount levied and the number of lots, assessed value, delinquency amount value-to-lien ratios, prior delinquencies and foreclosure status of the applicable properties;
- (vi) information regarding the percentage of delinquency, if any, in the collection of special taxes levied on property in the District for the Fiscal Year preceding the Annual Report date in the form set forth in Table 7, the number of parcels delinquent, amount delinquent compared to the total levy and the assessed value of each delinquent parcel;

(xi) any information not already included under (i) through (x) above that the Issuer is required to file in its annual report to the California Debt and Investment Advisory Commission pursuant to the provisions of the Mello-Roos Community Facilities Act of 1982, as amended.

In addition to any of the information expressly required to be provided under paragraphs (a) or (b) of this Section, the District shall provide such further information, if any, as may be necessary to make the specifically required statements set forth in clauses (i) to (vii), in the light of the circumstances under which they were made, not misleading.

(c) Any or all of the items listed in (a) or (b) above may be included by specific reference to other documents, including official statements of debt issues of the Issuer or related public entities, which have been submitted to the Repository. If the document included by reference is a final official statement, it must be available from the MSRB. The Issuer shall clearly identify each such other document so included by reference.

SECTION 5. Reporting of Significant Events.

(a) Pursuant to the provisions of this Section 5, the Issuer shall give, or cause the Dissemination Agent to give, notice of the occurrence of any of the following events with respect to the Bonds in a timely manner not more than ten (10) business days after the event:

(c) Upon the occurrence of a Listed Event under Section 5(b) above, the Issuer shall as soon as possible determine if such event would be material under applicable federal securities laws.

(d) If the Issuer determines that knowledge of the occurrence of a Listed Event under Section 5(b) would be material under applicable federal securities laws, the Issuer shall file a notice of such occurrence with the Repository in a timely manner not more than 10 business days after the event.

(e) The Issuer hereby agrees that the undertaking set forth in this Disclosure Agreement is the responsibility of the Issuer and that the Dissemination Agent shall not be responsible for determining whether the Issuer's instructions to the Dissemination Agent under this Section 5 comply with the requirements of the Rule.

SECTION 6. Termination of Reporting Obligation. The obligations of the Issuer and the Dissemination Agent under this Disclosure Agreement shall terminate upon the legal defeasance, prior redemption or payment in full of all of the Bonds. If such termination occurs prior to the final maturity of the Bonds, the Issuer shall give notice of such termination in the same manner as for a Listed Event under Section 5(a).

SECTION 7. Dissemination Agent. The Issuer may, from time to time, appoint or engage a Dissemination Agent to assist it in carrying out its obligations under the Disclosure Agreement, and may discharge any such Dissemination Agent, with or without appointing a successor Dissemination Agent. The initial Dissemination Agent shall be Special District Financing and Administration. The Dissemination Agent may resign by providing (i) thirty days written notice to the Issuer, and (ii) upon appointment of a new Dissemination Agent hereunder.

SECTION 8. Amendment.

(a) This Disclosure Agreement may be amended, by written agreement of the parties, without the consent of the Owners, if all of the following conditions are satisfied: (1) such amendment is made

in connection with a change in circumstances that arises from a change in legal (including regulatory) requirements, a change in law, or a change in the identity, nature or status of the Issuer or the type of business conducted thereby, (2) this Disclosure Agreement as so amended would have complied with the requirements of the Rule as of the date of this Disclosure Agreement, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances, (3) the Issuer shall have delivered to the Dissemination Agent an opinion of a nationally recognized bond counsel or counsel expert in federal securities laws, addressed to the Issuer and the Participating Underwriter, to the same effect as set forth in clause (2) above, (4) the Issuer shall have delivered to the Dissemination Agent an opinion of nationally recognized bond counsel or counsel expert in federal securities laws, addressed to the Issuer, to the effect that the amendment does not materially impair the interests of the Owners or Beneficial Owners, or such amendment shall have been approved by the Owners in the same manner as an amendment to the Indenture, and (5) the Issuer shall have delivered copies of such opinion and amendment to the Repository.

(b) This Disclosure Agreement also may be amended by written agreement of the parties upon obtaining consent of Owners in the same manner as provided in the Indenture for amendments to the Indenture with the consent of the Owners of the Bonds; provided that the conditions set forth in Section 8(a)(1), (2) and (3) have been satisfied.

(c) To the extent any amendment to this Disclosure Agreement results in a change in the type of financial information or operating data provided pursuant to this Disclosure Agreement, the first Annual Report provided thereafter shall include a narrative explanation of the reasons for the amendment and the impact of the change in the type of operating data or financial information being provided.

(d) If an amendment is made to the basis on which financial statements are prepared, the Annual Report for the year in which the change is made shall present a comparison between the financial statements or information prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles. Such comparison shall include a quantitative and, to the extent reasonably feasible, qualitative discussion of the differences in the accounting principles and the impact of the change in the accounting principles on the presentation of the financial information.

SECTION 9. Additional Information. Nothing in this Disclosure Agreement shall be deemed to prevent the Issuer from disseminating any other information, using the means of dissemination set forth in this Disclosure Agreement or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Agreement. If the Issuer chooses to include any information in any Annual Report or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Agreement, the Issuer shall have no obligation under this Disclosure Agreement to update such information or include it in any future Annual Report or notice of occurrence of a Listed Event.

The District acknowledges and understands that other state and federal laws, including but not limited to the Securities Act of 1933 and Rule 10b-5 promulgated under the Securities Exchange Act of 1934, as amended may apply to the District, and that under some circumstances compliance with this Disclosure Agreement, without additional disclosures or other action, may not fully discharge all duties and obligations of the District under such laws.

SECTION 10. Default. In the event of a failure of the Issuer or the Dissemination Agent to comply with any provision of this Disclosure Agreement, any Owner or Beneficial Owner of the Bonds may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the Issuer and/or the Dissemination Agent to comply with their respective obligations under this Disclosure Agreement. A default under this Disclosure Agreement shall not be deemed an Event of Default under the Indenture, and the sole remedy under this Disclosure Agreement in the event of any failure of the Issuer or the Dissemination Agent to comply with this Disclosure Agreement shall be an action to compel performance.

SECTION 11. Duties, Immunities and Liabilities of Dissemination Agent. The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Agreement, and the Issuer agrees to indemnify and save the Dissemination Agent and its officers, directors, employees and agents, harmless against any loss, expense and liabilities which they may incur arising out of or in the exercise or performance of their powers and duties hereunder, including the costs and expenses (including attorneys' fees) of defending against any claim of liability, but excluding liabilities due to the Dissemination Agent's negligence or willful misconduct. Any Dissemination Agent other than the Issuer shall be paid (i) compensation by the Issuer for its services provided hereunder in accordance with a schedule of fees to be mutually agreed to; and (ii) all expenses, legal fees and advances made or incurred by the Dissemination Agent in the performance of its duties hereunder. The Dissemination Agent shall have no duty or obligation to review any information provided to it by the Issuer pursuant to this Disclosure Agreement. The obligations of the Issuer under this Section shall survive resignation or removal of the Dissemination Agent and payment of the Bonds. No person shall have any right to commence any action against the Dissemination Agent seeking any remedy other than to compel specific performance of this Disclosure Agreement. The Dissemination Agent shall not be liable under any circumstances for monetary damages to any person for any breach under this Disclosure Agreement.

BOOK-ENTRY-ONLY SYSTEM

The information in this section concerning DTC and DTC's book-entry only system has been obtained from sources that the District believes to be reliable, but the District takes no responsibility for the completeness or accuracy thereof. The following description of the procedures and record keeping with respect to beneficial ownership interests in the Bonds, payment of principal, premium, if any, accreted value and interest on the Bonds to DTC Participants or Beneficial Owners, confirmation and transfers of beneficial ownership interests in the Bonds and other related transactions by and between DTC, the DTC Participants and the Beneficial Owners is based solely on information provided by DTC to the District which the District believes to be reliable, but the District and the Underwriter do not and cannot make any independent representations concerning these matters and do not take responsibility for the accuracy or completeness thereof. Neither the DTC, Direct Participants, Indirect Participants nor the Beneficial Owners should rely on the foregoing information with respect to such matters, but should instead confirm the same with DTC or the DTC Participants, as the case may be.

The Depository Trust Company ("DTC"), New York, New York, will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond will be issued for each annual maturity of the Bonds, each in the aggregate principal amount of such maturity, and will be deposited through the facilities of DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of "AA+." The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive Bonds representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual

Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds, such as prepayments, tenders, defaults, and proposed amendments to the Bond documents. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Bonds within a maturity are being prepaid, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such maturity to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions, and dividend payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the District or the Trustee, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Trustee, or the District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the District or the Trustee, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

A Bond Owner shall give notice to elect to have its Bonds purchased or tendered, through its Participant, to the Trustee, and shall effect delivery of such Bonds by causing the Direct Participant to transfer the Participant's interest in the Bonds, on DTC's records, to the Trustee. The requirement for physical delivery of Bonds in connection with an optional tender or a mandatory purchase will be deemed satisfied when the ownership rights in the Bonds are transferred by Direct Participants on DTC's records and followed by a book-entry credit of tendered Bonds to the Trustee's DTC account.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the District or the Trustee. Under such circumstances, in the event that a successor depository is not obtained, physical certificates are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry only transfers through DTC (or a successor securities depository). In that event, Bonds will be printed and delivered to DTC.

THE TRUSTEE, AS LONG AS A BOOK-ENTRY ONLY SYSTEM IS USED FOR THE BONDS, WILL SEND ANY NOTICE OF REDEMPTION OR OTHER NOTICES TO OWNERS ONLY TO DTC. ANY FAILURE OF DTC TO ADVISE ANY DTC PARTICIPANT, OR OF ANY DTC PARTICIPANT TO NOTIFY ANY BENEFICIAL OWNER, OF ANY NOTICE AND ITS CONTENT OR EFFECT WILL NOT AFFECT THE VALIDITY OF SUFFICIENCY OF THE PROCEEDINGS RELATING TO THE REDEMPTION OF THE BONDS CALLED FOR REDEMPTION OR OF ANY OTHER ACTION PREMISED ON SUCH NOTICE.

On the later of the day on which such principal and interest becomes Due for Payment or the Business Day next following the Business Day on which AGM shall have received Notice of Nonpayment, AGM will disburse to or for the benefit of each Owner of a Bond the face amount of principal of and interest on the Bond that is then Due for Payment but is then unpaid by reason of Nonpayment by the Issuer, but only upon receipt by AGM, in a form reasonably satisfactory to it, of (a) evidence of the Owner's right to receive payment of the principal or interest then Due for Payment and (b) evidence, including any appropriate instruments of assignment, that all of the Owner's rights with respect to payment of such principal or interest that is Due for Payment shall thereupon vest in AGM. A Notice of Nonpayment will be deemed received on a given Business Day if it is received prior to 1:00 p.m. (New York time) on such Business Day; otherwise, it will be deemed received on the next Business Day. If any Notice of Nonpayment received by AGM is incomplete, it shall be deemed not to have been received by AGM for purposes of the preceding sentence and AGM shall promptly so advise the Trustee, Paying Agent or Owner, as appropriate, who may submit an amended Notice of Nonpayment. Upon disbursement in respect of a Bond, AGM shall become the owner of the Bond, any appurtenant coupon to the Bond or right to receipt of payment of principal of or interest on the Bond and shall be fully subrogated to the rights of the Owner, including the Owner's right to receive payments under the Bond, to the extent of any payment by AGM hereunder. Payment by AGM to the Trustee or Paying Agent for the benefit of the Owners shall, to the extent thereof, discharge the obligation of AGM under this Policy.

Except to the extent expressly modified by an endorsement hereto, the following terms shall have the meanings specified for all purposes of this Policy. "Business Day" means any day other than (a) a Saturday or Sunday or (b) a day on which banking institutions in the State of New York or the Insurer's Fiscal Agent are authorized or required by law or executive order to remain closed. "Due for Payment" means (a) when referring to the principal of a Bond, payable on the stated maturity date thereof or the date on which the same shall have been duly called for mandatory sinking fund redemption and does not refer to any earlier date on which payment is due by reason of call for redemption (other than by mandatory sinking fund redemption), acceleration or other advancement of maturity unless AGM shall elect, in its sole discretion, to pay such principal due upon such acceleration together with any accrued interest to the date of acceleration and (b) when referring to interest on a Bond, payable on the stated date for payment of interest. "Nonpayment" means, in respect of a Bond, the failure of the Issuer to have provided sufficient funds to the Trustee or, if there is no Trustee, to the Paying Agent for payment in full of all principal and interest that is Due for Payment on such Bond. "Nonpayment" shall also include, in respect of a Bond, any payment of principal or interest that is Due for Payment made to an Owner by or on behalf of the Issuer which has been recovered from such Owner pursuant to the

United States Bankruptcy Code by a trustee in bankruptcy in accordance with a final, nonappealable order of a court having competent jurisdiction. "Notice" means telephonic or telecopied notice, subsequently confirmed in a signed writing, or written notice by registered or certified mail, from an Owner, the Trustee or the Paying Agent to AGM which notice shall specify (a) the person or entity making the claim, (b) the Policy Number, (c) the claimed amount and (d) the date such claimed amount became Due for Payment. "Owner" means, in respect of a Bond, the person or entity who, at the time of Nonpayment, is entitled under the terms of such Bond to payment thereof, except that "Owner" shall not include the Issuer or any person or entity whose direct or indirect obligation constitutes the underlying security for the Bonds.

AGM may appoint a fiscal agent (the "Insurer's Fiscal Agent") for purposes of this Policy by giving written notice to the Trustee and the Paying Agent specifying the name and notice address of the Insurer's Fiscal Agent. From and after the date of receipt of such notice by the Trustee and the Paying Agent, (a) copies of all notices required to be delivered to AGM pursuant to this Policy shall be simultaneously delivered to the Insurer's Fiscal Agent and to AGM and shall not be deemed received until received by both and (b) all payments required to be made by AGM under this Policy may be made directly by AGM or by the Insurer's Fiscal Agent on behalf of AGM. The Insurer's Fiscal Agent is the agent of AGM only and the Insurer's Fiscal Agent shall in no event be liable to any Owner for any act of the Insurer's Fiscal Agent or any failure of AGM to deposit or cause to be deposited sufficient funds to make payments due under this Policy.

To the fullest extent permitted by applicable law, AGM agrees not to assert, and hereby waives, only for the benefit of each Owner, all rights (whether by counterclaim, setoff or otherwise) and defenses (including, without limitation, the defense of fraud), whether acquired by subrogation, assignment or otherwise, to the extent that such rights and defenses may be available to AGM to avoid payment of its obligations under this Policy in accordance with the express provisions of this Policy.

This Policy sets forth in full the undertaking of AGM, and shall not be modified, altered or affected by any other agreement or instrument, including any modification or amendment thereto. Except to the extent expressly modified by an endorsement hereto, (a) any premium paid in respect of this Policy is nonrefundable for any reason whatsoever, including payment, or provision being made for payment, of the Bonds prior to maturity and (b) this Policy may not be canceled or revoked. THIS POLICY IS NOT COVERED BY THE PROPERTY/CASUALTY INSURANCE SECURITY FUND SPECIFIED IN ARTICLE 76 OF THE NEW YORK INSURANCE LAW.

In witness whereof, ASSURED GUARANTY MUNICIPAL CORP. has caused this Policy to be executed on its behalf by its Authorized Officer.

Re: *\$29,320,000 City of Modesto Community Facilities District No. 2004-1 (Village One #2) 2014 Special Tax Refunding Bonds*

Ladies and Gentlemen:

We have examined the Constitution and the laws of the State of California, a certified record of the proceedings of the City of Modesto taken in connection with the formation of the City of Modesto Community Facilities District No. 2004-1 (Village One #2) (the "District") and the authorization and issuance of the District's 2014 Special Tax Refunding Bonds in the aggregate principal amount of \$29,320,000 (the "Bonds") and such other information and documents as we consider necessary to render this opinion. In rendering this opinion, we have relied upon certain representations of fact and certifications made by the District, the initial purchasers of the Bonds and others. We have not undertaken to verify through independent investigation the accuracy of the representations and certifications relied upon by us.

The Bonds have been issued pursuant to the Mello-Roos Community Facilities Act of 1982, as amended (comprising Chapter 2.5 of Part 1 of Division 2 of Title 5 of the Government Code of the State of California), Resolution No. 2014-272 (the "Resolution of Issuance"), adopted by the City Council (the "City Council") of the City of Modesto (the "City") on July 1, 2014, and by a Trust Indenture dated as of July 1, 2014 (the "Indenture"), by and between the City and The Bank of New York Mellon Trust Company, N.A., as Trustee. All capitalized terms not defined herein shall have the meanings set forth in the Indenture.

The Bonds are dated the date of delivery and mature on the dates and in the amounts set forth in the Indenture. The Bonds bear interest payable semiannually on each September 1 and March 1, commencing on March 1, 2015, at the rates per annum set forth in the Indenture. The Bonds are registered Bonds in the form set forth in the Indenture redeemable in the amounts, at the times and in the manner provided for in the Indenture.

Based upon our examination of the foregoing, and in reliance thereon and on all matters of fact as we deem relevant under the circumstances, and upon consideration of applicable laws, we are of the opinion that:

(1) The Bonds have been duly and validly authorized by the District and are legal, valid and binding limited obligations of the District, enforceable in accordance with their terms and the terms of the Indenture, except to the extent that enforceability may be limited by bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance or transfer or other laws affecting creditors' rights generally, by the exercise of judicial discretion in accordance with general principles of equity or otherwise in appropriate cases and by limitations on remedies against public agencies in the State of California. The Bonds are limited obligations of the District but are not a debt of the City, the State of California or any other political subdivision thereof within the meaning of any constitutional or statutory limitation, and, except for the Special Taxes, neither the faith and credit nor the taxing power of the City, the State of California, or any of its political subdivisions is pledged for the payment thereof.

(2) The Indenture has been duly executed and delivered by the City Council on behalf of the District. The Indenture creates a valid pledge of, and the Bonds are secured by the Net Special Taxes and the amounts on deposit in certain funds and accounts established under the Indenture, as and to the extent provided in the Indenture. The Indenture is enforceable in accordance with its terms, except as the same may be limited by bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance or transfer or other similar laws affecting creditors' rights generally, by the exercise of judicial discretion in accordance with general principles of equity or otherwise in appropriate cases and by limitations on remedies against public agencies in the State of California; provided, however, we express no opinion as to the enforceability of the covenant of the District contained in the Indenture to levy Special Taxes for the payment of Administrative Expenses or as to any indemnification, penalty, contribution, choice of law, choice of forum or waiver provisions contained therein.

(3) Under existing statutes, regulations, rulings and judicial decisions, interest (and original issue discount) on the Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of calculating the federal alternative minimum tax imposed on individuals and corporations; however, it should be noted that, with respect to corporations, such interest (and original issue discount) will be included as an adjustment in the calculation of alternative minimum taxable income, which may affect the alternative minimum tax liability of corporations.

(4) Interest (and original issue discount) on the Bonds is exempt from State of California personal income tax.

(5) The difference between the issue price of a Bond (the first price at which a substantial amount of the Bonds of a maturity are to be sold to the public) and the stated redemption price at maturity with respect to such Bond constitutes original issue discount. Original issue discount accrues under a constant yield method, and original issue discount will accrue to a Bond owner before receipt of cash attributable to such excludable income. The amount of original issue discount deemed received by a Bond owner will increase the Bond owner's basis in the applicable Bond. Original issue discount that accrues for the Bond owner is excluded from the gross income of such owner for federal income tax purposes, is not an item of tax preference for purposes of calculating

the federal alternative minimum tax imposed on individuals or corporations (as described in paragraph (3) above) and is exempt from State of California personal income tax.

(6) The amount by which a Bond owner's original basis for determining loss on sale or exchange in the applicable Bond (generally the purchase price) exceeds the amount payable on maturity (or on an earlier call date) constitutes amortizable Bond premium which must be amortized under Section 171 of the Code; such amortizable Bond premium reduces the Bond owner's basis in the applicable Bond (and the amount of tax-exempt interest received), and is not deductible for federal income tax purposes. The basis reduction as a result of the amortization of Bond premium may result in a Bond owner realizing a taxable gain when a Bond is sold by the owner for an amount equal to or less (under certain circumstances) than the original cost of the Bond to the owner.

The opinion expressed in paragraphs (3) and (5) above as to the exclusion from gross income for federal income tax purposes of interest (and original issue discount) on the Bonds is subject to the condition that the District complies with all requirements of the Internal Revenue Code of 1986, as amended (the "Code"), that must be satisfied subsequent to the issuance of the Bonds to assure that such interest (and original issue discount) will not become includable in gross income for federal income tax purposes. Failure to comply with such requirements of the Code might cause interest (and original issue discount) on the Bonds to be included in gross income for federal income tax purposes retroactive to the date of issuance of the Bonds. The District has covenanted to comply with all such requirements. Except as set forth in paragraphs (3), (4), (5) and (6) above, we express no opinion as to any tax consequences related to the Bonds.

Certain agreements, requirements and procedures contained or referred to in the Indenture, the Tax Certificate executed by the District and other documents related to the Bonds may be changed and certain actions may be taken or omitted, under the circumstances and subject to the terms and conditions set forth in such documents. We express no opinion as to the effect on the exclusion from gross income for federal income tax purposes of interest (and original issue discount) on any Bond if any such change occurs or action is taken or omitted upon advice or approval of bond counsel other than Stradling Yocca Carlson & Rauth, a Professional Corporation.

Our opinion is limited to matters governed by the laws of the State of California and federal law. We assume no responsibility with respect to the applicability or the effect of the laws of any other jurisdiction and express no opinion as to the enforceability of the choice of law provisions contained in the Indenture.

The opinions expressed herein are based upon an analysis of existing statutes, regulations, rulings and judicial decisions and cover certain matters not directly addressed by such authorities.

We call attention to the fact that the foregoing opinions may be affected by actions taken (or not taken) or events occurring (or not occurring) after the date hereof. We have not undertaken to determine, or to inform any person, whether such actions or events are taken (or not taken) or do occur (or do not occur). Our engagement with respect to the Bonds terminates upon their issuance, and we disclaim any obligation to update the matters set forth herein.

We express no opinion herein as to the accuracy, completeness or sufficiency of the Official Statement or other offering material relating to the Bonds and expressly disclaim any duty to advise the owners of the Bonds with respect to matters contained in the Official Statement or other offering material.

Ladies and Gentlemen:

We have examined certified copies of proceedings taken for the sale and issuance of the above-referenced bonds (the "Bonds"), and we have rendered our opinions to the City of Modesto Community Facilities District No. 2004-1 (Village One #2) (the "District") this day regarding the validity and enforceability of the Bonds (the "Approving Opinion"). The Bonds are being issued pursuant to a Bond Indenture dated as of July 1, 2014 (the "Indenture"), by and between the District and The Bank of New York Mellon Trust Company, N.A., as Trustee. You may rely upon our Approving Opinion as if it were addressed to you.

Capitalized terms used herein and not otherwise defined shall have the meaning given to such terms in the Bond Purchase Agreement dated July 16, 2014 (the "Bond Purchase Agreement"), by and between the District and Stifel, Nicolaus & Company, Incorporated, as Underwriter.

Based upon the foregoing and such other information and documents as we consider necessary to render this opinion, we are of the opinion that:

(i) The Bond Purchase Agreement has been duly authorized, executed and delivered by the District and, assuming such agreement constitutes a valid and binding obligation of the other parties thereto, constitutes the legally valid and binding agreement of the District enforceable in accordance with its terms, except as enforcement may be limited by bankruptcy, moratorium, insolvency or other laws affecting creditor's rights or remedies and is subject to general principles of equity (regardless of whether such enforceability is considered in equity or at law);

(ii) The information contained in the Official Statement on the cover and under the captions “INTRODUCTION,” “THE REFUNDING PLAN,” “THE BONDS,” “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS,” “TAX EXEMPTION” and APPENDICES B and D thereof, insofar as it purports to summarize certain provisions of the Act, the Bonds and the Indenture and such counsel’s opinion as to the exclusion from gross income for federal income tax purposes and exemption from State of California personal income taxes of interest on the Bonds, present a fair and accurate summary of such provisions;

(iii) The Bonds are exempt from registration under the Securities Act of 1933, as amended;

(iv) The Indenture is exempt from qualification under the Trust Indenture Act of 1939, as amended; and

(v) The District has obtained all authorizations, approvals, consents, or other orders of the State or any other governmental authority or agency within the State having jurisdiction over the District for the valid authorization, issuance, and delivery by the District of the Bonds.

We have not undertaken any duty and expressly disclaim any responsibility to advise the addressee as to events occurring after the date hereof with respect to the Bonds or other matters discussed in the Official Statement.

The opinions expressed herein are based upon our analysis and interpretation of existing laws, regulations, rulings and judicial decisions and cover certain matters not directly addressed by such authorities. This opinion is limited to matters governed by the laws of the State of California and federal securities laws, and we assume no responsibility with respect to the applicability or the effect of the laws of any other jurisdiction.

Except as expressly set forth in the Approving Opinion, we express no opinion regarding any tax consequences with respect to the Bonds. No opinion is expressed herein with respect to the compliance with, or applicability of, any “blue sky” laws of any state as they relate to the offer or sale of the Bonds.

We call attention to the fact that the foregoing opinions may be affected by actions taken (or not taken) or events occurring (or not occurring) after the date hereof. We have not undertaken to determine, or to inform any person, whether such actions or events are taken (or not taken) or occur (or do not occur), and we expressly disclaim any responsibility to advise you as to events occurring after the date hereof with respect to the Bonds or other matters discussed in the Official Statement. **Re: \$29,320,000 City of Modesto Community Facilities District No. 2004-1
(Village One #2) 2014 Special Tax Refunding Bonds**

Ladies and Gentlemen:

We have acted as counsel for you, as the underwriter (the "Underwriter") named in the Bond Purchase Agreement (the "Purchase Contract"), dated July 16, 2014, between the Underwriter and the City of Modesto Community Facilities District No. 2004-1 (Village One #2) (the "District"), in connection with the purchase by the Underwriter of the above-entitled Bonds. The Bonds will be issued pursuant to the provisions of a Trust Indenture, dated as of July 1, 2014 (the "Indenture"), between the District and The Bank of New York Mellon Trust Company, N.A., as trustee (the "Trustee"), and the Mello-Roos Community Facilities Act of 1982, as amended (Section 53311 et seq. of the California Government Code (the "Act")). Capitalized terms herein, unless otherwise defined, shall have the meanings provided in the Indenture.

We have, as such counsel, examined originals, or copies certified or otherwise identified to our satisfaction, of such documents, records, opinions of counsel, including the final approving opinion of Stradling Yocca Carlson & Rauth, a Professional Corporation, as bond counsel ("Bond Counsel"), the opinion of Stradling Yocca Carlson & Rauth, a Professional Corporation, as disclosure counsel ("Disclosure Counsel") and other instruments as we deemed necessary or appropriate for the purpose of this opinion. In rendering our opinion herein, we are not expressing any opinion or review on the validity, accuracy or sufficiency of documents, certificates or opinions that we have examined or on the authorization, execution, delivery or validity of the Bonds or the inclusion in or exclusion from gross income for federal income tax purposes, or the exemption from State of California personal income taxes, of interest on the Bonds. With your permission we have assumed and relied on the validity, accuracy and sufficiency of the records, documents, certificates and opinions relating to the issuance of the Bonds. Further, we have assumed, but not independently verified, that the signatures on all documents, certificates and opinions that we have reviewed are genuine.

Based on and subject to the foregoing, and in reliance thereon, we are of the opinion that the Bonds are not subject to the registration requirements of the Securities Act of 1933, as amended, and that the Indenture is exempt from qualification pursuant to the Trust Indenture Act of 1939, as amended.

Because the primary purpose of our professional engagement was not to establish factual matters, and because of the wholly or partially non-legal character of many determinations involved in the preparation by Disclosure Counsel of the final official statement relating to the Bonds (the "Official Statement"), we are not passing upon, and do not assume any responsibility for, the accuracy, completeness or fairness of any of the statements contained in the Official Statement and make no representation that we have independently verified the accuracy, completeness or fairness of any such statements. However, in our capacity as counsel for you, we reviewed the contents of the Official Statement and related materials provided by Bond Counsel and Disclosure Counsel. Based solely on our review, and in reliance thereon and on the certificates, opinions and other documents we have reviewed, and without independent investigation, we advise you that no information has come to our attention which would cause us to believe that the Official Statement, as of its date (except for any financial, demographic or statistical data or forecasts contained in the Official Statement, the Appendices to the Official Statement, the Rate and Method of Apportionment of Special Tax, the validity of the Special Taxes levied upon any individual parcel, the value of property within the District or any information relating to the Insurer, The Depository Trust Company or the book-entry system included in the Official Statement, as to which we express no opinion) contains any untrue statement of a material fact or omits to state any material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading.

This opinion is furnished by us solely for your benefit and solely with respect to your purchase of the Bonds, upon the understanding, as we have advised you, and as you have agreed, that we are not hereby assuming any professional responsibility to any other person whatsoever. Our opinion herein is not to be used, circulated, quoted or otherwise referred to for any other purpose without our express written permission; provided, however, a copy may be included in the transcript of the proceedings for the Bonds. This opinion is not intended to, and may not, be relied upon by the District, Insurer, the City of Modesto, the Bond Owners or any other party to whom it is not specifically addressed.

Respectfully submitted,

2014 SPECIAL TAX REFUNDING BONDS

Ladies and Gentlemen:

I have acted as special counsel to The Bank of New York Mellon Trust Company, N.A. (“BNY”) acting as (i) trustee under the Bond Indenture, dated as of July 1, 2014 (the “Indenture”), by and between the City of Modesto Community Facilities District No. 2004-1(Village One #2) (the “District”) and BNY, (ii) escrow bank under that certain Escrow Agreement, dated as of July 1, 2014 (the “Escrow Agreement”) by and between the District and BNY, with regard to the above-referenced bonds (the “Bonds”). Except as set forth herein, capitalized terms used in this opinion letter are defined as set forth in the Indenture. The Indenture and the Escrow Agreement are collectively referred to as the “Trustee Documents.”

In my capacity as counsel to BNY, I have examined originals or copies identified to my satisfaction of: (i) the Articles of Association and By-Laws of BNY, (ii) the Indenture, (iii) the Escrow Agreement, (iv) such other records, certificates and documents as I have considered necessary or appropriate for the purpose of the opinion hereinafter rendered.

In rendering this opinion, I have relied upon the facts and information obtained from the records of BNY, officers of BNY, and other sources believed by me to be reliable, and have not undertaken to independently verify the accuracy of the factual matters represented, warranted, or

certified in such documents. I have assumed the genuineness of all signatures other than BNY's, the authenticity of documents, certificates and records submitted to me as originals, the conformity to the originals of all documents, certificates and records submitted to me as copies, the legal capacity of all natural persons executing documents other than BNY, and the completeness and accuracy as of the date of this opinion letter of the factual matters in such documents, certificates and records, which assumptions I have not independently verified. The opinions expressed herein are based on an analysis of existing laws, regulations, rulings and court decisions.

Based upon and subject to the foregoing and subject to the qualifications set forth below, I am of the opinion that:

(1) BNY is a national banking association, duly organized and validly existing under the laws of the United States of America, having full power to enter into the Trustee Documents and accept and administer the trusts created under the Trustee Documents;

(2) The Trustee Documents have been duly authorized, executed and delivered by BNY, and, assuming due authorization, execution and delivery by the District, the Trustee Documents constitutes the legal, valid and binding obligations of BNY, enforceable in accordance with their terms, except as such enforcement thereof may be limited by bankruptcy, insolvency, reorganization, receivership, moratorium, fraudulent conveyance, and other similar laws affecting the rights and remedies of creditors generally, and by the effect of general principles of equity, including without limitation, concepts of materiality, reasonableness, good faith and fair dealing and the possible unavailability of specific performance or injunctive relief, whether considered in a proceeding at law or in equity; and

(3) No consent, approval, authorization or other action by any governmental or regulatory authority having jurisdiction over BNY that has not been obtained is or will be required for the execution and delivery of the Trustee Documents, or the consummation of the transactions contemplated by the Trustee Documents.

I express no opinion as to any matter other than as expressly set forth above, and, in conjunction therewith, I specifically express no opinion as to the status of the Bonds or the interest thereon under any federal securities laws, including but not limited to the Securities Act of 1933, as amended, and the Trust Indenture Act of 1939, as amended, or any state securities or

“Blue Sky” law, or any federal, state or local tax law.

This opinion is as of the date hereof, and I have undertaken no, and hereby disclaim any, obligation to advise you of any change in any matter set forth herein even though the changes may affect a legal analysis or conclusion in this opinion letter. Further, this opinion neither implies, nor should it be viewed to imply, an approval or recommendation of any investment in any Bond.

I express no opinion as to the effect of any law other than the law of California and the federal laws of the United States of America on the matters referred to herein, in each case as they exist on the date hereof. I express no opinion with respect to the laws, regulations, or ordinances of any county, municipal or other local governmental agency.

This opinion is furnished by me solely for your benefit. This opinion letter may be relied upon by you only in connection with the transaction described in the initial paragraph of this opinion letter and may not be used or relied upon by you for any other purpose or by any other person for any purpose whatsoever without, in each instance, my prior written consent; provided, however, a copy may be included in the transcript of the proceedings for the Bonds.

\$11,650,000 In Aggregate Principal Amount of
City of Modesto Community Facilities District No. 2004-1 (Village One #2)
2014 Special Tax Refunding Bonds maturing on September 1, 2036

Ladies and Gentlemen:

I am Counsel of Assured Guaranty Municipal Corp., a New York stock insurance company ("AGM"). You have requested my opinion in such capacity as to the matters set forth below in connection with the issuance by AGM of its above-referenced policy (the "Policy"). In that regard, and for purposes of this opinion, I have examined such corporate records, documents and proceedings as I have deemed necessary and appropriate.

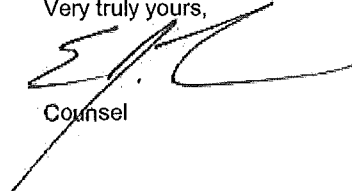

Based upon the foregoing, I am of the opinion that:

1. AGM is a stock insurance company duly organized and validly existing under the laws of the State of New York and authorized to transact financial guaranty insurance business therein.
2. The Policy has been duly authorized, executed and delivered by AGM.
3. The Policy constitutes the valid and binding obligation of AGM, enforceable in accordance with its terms, subject, as to the enforcement of remedies, to bankruptcy, insolvency, reorganization, rehabilitation, moratorium and other similar laws affecting the enforceability of creditors' rights generally applicable in the event of the bankruptcy or insolvency of AGM and to the application of general principles of equity.

In addition, please be advised that I have reviewed the description of the Policy under the caption "BOND INSURANCE – Bond Insurance Policy" in the official statement relating to the above-referenced Bonds dated July 16, 2014 (the "Official Statement"). There has not come to my attention any information which would cause me to believe that the description of the Policy referred to above, as of the date of the Official Statement or as of the date of this opinion, contains any untrue statement of a material fact or omits to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading. Please be advised that I express no opinion with respect to any information contained in, or omitted from, the caption "BOND INSURANCE – Assured Guaranty Municipal Corp."

I am a member of the Bar of the State of New York, and do not express any opinion as to any law other than the laws of the State of New York.

ASSURED GUARANTY MUNICIPAL CORP. ("AGM"), for consideration received, hereby UNCONDITIONALLY AND IRREVOCABLY agrees to pay to the trustee (the "Trustee") or paying agent (the "Paying Agent") (as set forth in the documentation providing for the issuance of and securing the Bonds) for the Bonds, for the benefit of the Owners or, at the election of AGM, directly to each Owner, subject only to the terms of this Policy (which includes each endorsement hereto), that portion of the principal of and interest on the Bonds that shall become Due for Payment but shall be unpaid by reason of Nonpayment by the Issuer.

On the later of the day on which such principal and interest becomes Due for Payment or the Business Day next following the Business Day on which AGM shall have received Notice of Nonpayment, AGM will disburse to or for the benefit of each Owner of a Bond the face amount of principal of and interest on the Bond that is then Due for Payment but is then unpaid by reason of Nonpayment by the Issuer, but only upon receipt by AGM, in a form reasonably satisfactory to it, of (a) evidence of the Owner's right to receive payment of the principal or interest then Due for Payment and (b) evidence, including any appropriate instruments of assignment, that all of the Owner's rights with respect to payment of such principal or interest that is Due for Payment shall thereupon vest in AGM. A Notice of Nonpayment will be deemed received on a given Business Day if it is received prior to 1:00 p.m. (New York time) on such Business Day; otherwise, it will be deemed received on the next Business Day. If any Notice of Nonpayment received by AGM is incomplete, it shall be deemed not to have been received by AGM for purposes of the preceding sentence and AGM shall promptly so advise the Trustee, Paying Agent or Owner, as appropriate, who may submit an amended Notice of Nonpayment. Upon disbursement in respect of a Bond, AGM shall become the owner of the Bond, any appurtenant coupon to the Bond or right to receipt of payment of principal of or interest on the Bond and shall be fully subrogated to the rights of the Owner, including the Owner's right to receive payments under the Bond, to the extent of any payment by AGM hereunder. Payment by AGM to the Trustee or Paying Agent for the benefit of the Owners shall, to the extent thereof, discharge the obligation of AGM under this Policy.

Except to the extent expressly modified by an endorsement hereto, the following terms shall have the meanings specified for all purposes of this Policy. "Business Day" means any day other than (a) a Saturday or Sunday or (b) a day on which banking institutions in the State of New York or the Insurer's Fiscal Agent are authorized or required by law or executive order to remain closed. "Due for Payment" means (a) when referring to the principal of a Bond, payable on the stated maturity date thereof or the date on which the same shall have been duly called for mandatory sinking fund redemption and does not refer to any earlier date on which payment is due by reason of call for redemption (other than by mandatory sinking fund redemption), acceleration or other advancement of maturity unless AGM shall elect, in its sole discretion, to pay such principal due upon such acceleration together with any accrued interest to the date of acceleration and (b) when referring to interest on a Bond, payable on the stated date for payment of interest. "Nonpayment" means, in respect of a Bond, the failure of the Issuer to have provided sufficient funds to the Trustee or, if there is no Trustee, to the Paying Agent for payment in full of all principal and interest that is Due for Payment on such Bond. "Nonpayment" shall also include, in respect of a Bond, any payment of principal or interest that is Due for Payment made to an Owner by or on behalf of the Issuer which has been recovered from such Owner pursuant to the

United States Bankruptcy Code by a trustee in bankruptcy in accordance with a final, nonappealable order of a court having competent jurisdiction. "Notice" means telephonic or telecopied notice, subsequently confirmed in a signed writing, or written notice by registered or certified mail, from an Owner, the Trustee or the Paying Agent to AGM which notice shall specify (a) the person or entity making the claim, (b) the Policy Number, (c) the claimed amount and (d) the date such claimed amount became Due for Payment. "Owner" means, in respect of a Bond, the person or entity who, at the time of Nonpayment, is entitled under the terms of such Bond to payment thereof, except that "Owner" shall not include the Issuer or any person or entity whose direct or indirect obligation constitutes the underlying security for the Bonds.

AGM may appoint a fiscal agent (the "Insurer's Fiscal Agent") for purposes of this Policy by giving written notice to the Trustee and the Paying Agent specifying the name and notice address of the Insurer's Fiscal Agent. From and after the date of receipt of such notice by the Trustee and the Paying Agent, (a) copies of all notices required to be delivered to AGM pursuant to this Policy shall be simultaneously delivered to the Insurer's Fiscal Agent and to AGM and shall not be deemed received until received by both and (b) all payments required to be made by AGM under this Policy may be made directly by AGM or by the Insurer's Fiscal Agent on behalf of AGM. The Insurer's Fiscal Agent is the agent of AGM only and the Insurer's Fiscal Agent shall in no event be liable to any Owner for any act of the Insurer's Fiscal Agent or any failure of AGM to deposit or cause to be deposited sufficient funds to make payments due under this Policy.

To the fullest extent permitted by applicable law, AGM agrees not to assert, and hereby waives, only for the benefit of each Owner, all rights (whether by counterclaim, setoff or otherwise) and defenses (including, without limitation, the defense of fraud), whether acquired by subrogation, assignment or otherwise, to the extent that such rights and defenses may be available to AGM to avoid payment of its obligations under this Policy in accordance with the express provisions of this Policy.

This Policy sets forth in full the undertaking of AGM, and shall not be modified, altered or affected by any other agreement or instrument, including any modification or amendment thereto. Except to the extent expressly modified by an endorsement hereto, (a) any premium paid in respect of this Policy is nonrefundable for any reason whatsoever, including payment, or provision being made for payment, of the Bonds prior to maturity and (b) this Policy may not be canceled or revoked. THIS POLICY IS NOT COVERED BY THE PROPERTY/CASUALTY INSURANCE SECURITY FUND SPECIFIED IN ARTICLE 76 OF THE NEW YORK INSURANCE LAW.

ASSURED GUARANTY MUNICIPAL CORP.**

The undersigned hereby certifies on behalf of Assured Guaranty Municipal Corp. ("AGM"), in connection with the issuance by AGM of its Policy No. 216167-N (the "Policy") in respect of the \$11,650,000 in aggregate principal amount of the City of Modesto Community Facilities District No. 2004-1 (Village One #2) 2014 Special Tax Refunding Bonds maturing on September 1, 2036 (the "Bonds") that:

- (i) the information set forth under the caption "BOND INSURANCE – Assured Guaranty Municipal Corp." in the official statement dated July 16, 2014, relating to the Bonds (the "Official Statement") is true and correct,
- (ii) AGM is not currently in default nor has AGM ever been in default under any policy or obligation guaranteeing the payment of principal of or interest on an obligation,
- (iii) the Policy is an unconditional and recourse obligation of AGM (enforceable by or on behalf of the holders of the Bonds) to pay the scheduled principal of and interest on the Bonds in the event of Nonpayment by the Issuer (as set forth in the Policy),
- (iv) the insurance premium of \$368,695.74 (the "Premium") is a charge for the transfer of credit risk and was determined in arm's length negotiations and is required to be paid to AGM as a condition to the issuance of the Policy,
- (v) no portion of such Premium represents an indirect payment of costs of issuance, including rating agency fees, other than fees paid by AGM to maintain its ratings, which, together with all other overhead expenses of AGM, are taken into account in the formulation of its rate structure, or for the provision of additional services by us, nor the direct or indirect payment for a cost, risk or other element that is not customarily borne by insurers of tax-exempt bonds (in transactions in which the guarantor has no involvement other than as a guarantor),
- (vi) AGM is not providing any services in connection with the Bonds other than providing the Policy, and except for the Premium, AGM will not use any portion of the Bond proceeds; provided, however, that AGM or its affiliates may independently provide a guaranteed investment contract for the investment of all or a portion of the proceeds of the Bonds,
- (vii) except for payments under the Policy in the case of Nonpayment by the Issuer, there is no obligation to pay any amount of principal or interest on the Bonds by AGM,
- (viii) AGM does not expect that a claim will be made on the Policy,
- (ix) the Issuer is not entitled to a refund of the premium for the Policy in the event a Bond is retired before the final maturity date, and
- (x) for Bonds which are secured by a debt service reserve fund, AGM would not have issued the Policy unless the authorizing or security agreement for the Bonds provided for a debt service reserve fund funded and maintained in an amount at least equal to, as of any particular date of computation, the reserve requirement as set forth in such agreement.

Long Term Rating

BBB-/Stable

New

Rationale

Standard & Poor's Ratings Services assigned its 'BBB-' long-term rating to Modesto Community Facilities District, Calif.'s series 2014 special tax refunding bonds. The outlook is stable.

The rating reflects our view of the district's:

- Relatively small size of 286 net taxable acres;
- Only partially built-out status being 76% developed;
- Low direct and overlapping value to lien (VTL) of 9.2-to-1; and
- High effective tax rate.

These weaknesses are somewhat offset by the closed lien on parity debt and low delinquencies.

The bonds are special obligations of the district and are payable from net special taxes levied on taxable property within the district based on the property's tax zone, development status, land-use class, and net taxable acreage. The special tax is expected to be collected by Stanislaus County at the same time and manner as the property owners' property taxes. Bond proceeds will be used to refund the entirety of the district's series 2006 bonds.

The district encompasses 286 net taxable acres within the area known as Village One within the city of Modesto. About 76% of the district's 1,424 parcels are considered developed, measured as having improvement on the property. Of the assessments on developed property, about 75% come from single-family residences, with the remaining 24% from multi-family residences and commercial developments. At build out, about 20 acres are expected to be developed for commercial and office space, while the remainder will house 524 apartment units and about 1,400 single-family residences. After three years of an aggregate 13% decrease in assessed value (AV), district AV increased by 4% in fiscal 2014 to \$350 million. This translates to what we consider a low direct VTL of 12.3-to-1 and low direct and overlapping VTL of 9.2-to-1. Only 2.6% of the levied 2014 assessments come from parcels with a direct and overlapping VTL of less than 5-to-1, however this is largely due to the fact that the levy is applied at maximum tax to developed property, which generally has a higher value to lien, while undeveloped property is taxed well below the maximum tax. An additional 75.9% of 2014 assessments come from properties with a value to lien of between 5-to-1 and 10-to-1.

The tax base is relatively diverse in our opinion, with the top two taxpayers comprising 9.2% of the 2014 levy and the

top 10 taxpayers comprising 17.3% of the fiscal 2014 levy. The top two taxpayers are developed multi-family residences, and three of the top 10 taxpayers are developers. The delinquency rate for fiscal 2013 was very low in our opinion at 0.3%, down from a high of 8.1% in fiscal 2008. The district's effective tax rate is relatively high in our opinion at just under 2.0%.

Bond provisions include a debt service reserve funded at the lesser of maximum annual debt service (MADS), 125% of average annual debt service, or 10% of original bond proceeds. We understand the reserve will be in the form of cash. The lien is closed except for refunding purposes.

We understand that management has not historically levied at the maximum tax on all properties. Management is currently levying at the maximum tax on developed property and only levies undeveloped property at a level to achieve the 1x debt service plus administrative expenses. If the district were to levy at the max tax, coverage would increase to 1.32x to 1.34x and we calculate that, including the 2% escalator in debt service, the district could withstand a permanent delinquency of 29%. When including only developed property, coverage decreases to 0.94x. After refunding, we understand this will be higher but still below 1.0x coverage. However, the district could still withstand the permanent delinquency from the top 10 taxpayers for seven years when including only developed property. We also calculate that the district could withstand a permanent delinquency from all properties with a VTL of less than 5-to-1.

The city has covenanted to pursue judicial foreclosure against properties with delinquent special taxes on three consecutive payments, against all properties with delinquent special taxes if community facilities district tax delinquencies exceed 5% of the pledged tax by Sept. 1 following the close of the year the taxes were due.

The city of Modesto is located in Stanislaus County about 90 miles east of San Francisco. Incomes are good on a median household basis with effective buying income at 92% of the nation, however on a per capita basis, are only adequate in our opinion at 79%. The city's unemployment rate is relatively high at 11.2% for fiscal 2013.

Outlook

The stable outlook reflects our view of the district's closed lien, and the fixed nature of the maximum permitted tax, which does not fluctuate with property values. If further development or natural AV growth were to increase the district's overall value-to-lien ratio and lower the effective tax rate, we could raise the rating. Due to the district's closed lien and good coverage levels at the maximum tax, we do not anticipate lowering the rating during the two-year horizon of the outlook.

2014 Special Tax Refunding Bonds
Dated July 30, 2014

We have performed the procedures described in this report, which were agreed to by the Community Facilities District No. 2004-1 (Village One #2) of the City of Modesto, California (the "Community Facilities District") and Stifel, Nicolaus & Company, Incorporated (the "Underwriter"), to verify the mathematical accuracy of certain computations contained in the schedules attached in Appendix I provided by the Underwriter. The Underwriter is responsible for these schedules. These procedures were performed solely to assist you in the issuance of the above-captioned bond issue (the "Bonds") for the purpose of current refunding the Community Facilities District's Special Tax Bonds, Series 2006 (the "Refunded Bonds") as summarized on the next page. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the addressees of this report who are the specified parties. Consequently, we make no representation regarding the sufficiency of the procedures described in this report either for the purpose for which this report has been requested or for any other purpose.

<u>Series</u>	<u>Principal Issued</u>	<u>Dated</u>	<u>Principal Refunded</u>	<u>Maturities Refunded</u>	<u>Redemption Date</u>	<u>Redemption Price</u>
2006	\$31,085,000	March 22, 2006	\$29,925,000	9-1-14 to 9-1-19, 9-1-21, 9-1-26 and 9-1-36	9-1-14	102%

VERIFICATION OF ESCROW ACCOUNT CASH FLOW SUFFICIENCY

The Underwriter provided us with schedules (Appendix I) summarizing the future escrow account cash deposit and disbursement. These schedules indicate that there will be sufficient cash available in the escrow account to pay the principal, interest and redemption premium on the Refunded Bonds assuming the Refunded Bonds maturing on and after September 1, 2015 will be redeemed on September 1, 2014 at 102 percent of par plus accrued interest.

The attached Exhibit A (Schedule of Sources and Uses of Funds) was compiled based upon information provided by the Underwriter.

As part of our engagement to recalculate the schedules attached as Appendix I we prepared schedules attached hereto as Exhibits B and B-1 independently calculating the future escrow account cash deposit and disbursement and compared the information used in our calculations to the information listed below contained in applicable pages of the following document:

- Official Statement for the Refunded Bonds provided by the Underwriter insofar as the Refunded Bonds are described as to the maturity and interest payment dates, principal amounts, interest rates and optional redemption date and price.

Our procedures, as summarized in Exhibits B and B-1, prove the mathematical accuracy of the schedules provided by the Underwriter summarizing the future escrow account cash deposit and disbursement. The schedules provided by the Underwriter and those prepared by us reflect that the cash deposit of \$31,279,653.75 to be deposited into the escrow account on July 30, 2014, will be sufficient to pay, when due, the principal, interest and redemption premium related to the Refunded Bonds assuming the Refunded Bonds maturing on and after September 1, 2015 will be redeemed on September 1, 2014 at 102 percent of par plus accrued interest.

VERIFICATION OF YIELD

The Underwriter provided us with schedules (Appendix I) which indicate the yield on the Bonds. These schedules were prepared based on the assumed settlement date of July 30, 2014 using a 360-day year with interest compounded semi-annually. The term "yield", as used herein, means that yield which, when used in computing the present value of all payments of principal and interest to be paid on an obligation produces an amount equal to, in the case of the Bonds, the issue price adjusted for the bond insurance premium of \$368,695.74. In addition, we found that the schedules provided by the Underwriter, which assume the redemption of the September 1, 2025 through September 1, 2031 maturities identified on Exhibits C and C-1 at par on September 1, 2024 plus accrued interest, correctly treat those Bonds as yield-to-call Bonds as retired on the respective dates that for each Certificate produces the lowest yield for the issue that includes the Bonds. Those Bonds identified as yield-to-call Bonds on the attached Exhibits C and C-1 are those Bonds that are subject to optional redemption and that are issued at an issue price that exceeds the stated redemption price at

maturity of such Bonds by more than one-fourth of one percent multiplied by the product of the stated redemption price at maturity of such Bonds and the number of complete years to the first optional redemption date for the Bonds. We found that there are no other yield-to-call Bonds other than those identified on the attached Exhibits C and C-1.

As part of our engagement to recalculate the schedules attached as Appendix I we prepared a schedule attached hereto as Exhibit C independently calculating the yield on the Bonds using the Official Statement provided by the Underwriter insofar as the Bonds are described as to the maturity and interest payment dates, dated date, principal amounts, interest rates, optional redemption date and price, and issue price to the public. The result of our calculations, based on the aforementioned assumptions, is summarized below:

	<u>Yield</u>	<u>Exhibit</u>
• Yield on the Bonds	4.027292%	C

Our procedures, as summarized in Exhibit C, prove the mathematical accuracy of the schedules provided by the Underwriter summarizing the yield. The schedules provided by the Underwriter and the schedule prepared by us reflect that the yield on the Bonds is as shown in our report.

We were not engaged to, and did not, conduct an examination or a review in accordance with attestation standards established by the American Institute of Certified Public Accountants, the objective of which would be the expression of an examination opinion or limited assurance on the items referred to above. Accordingly we do not express such an opinion or limited assurance. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2004-127**

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MODESTO OF INTENTION TO ESTABLISH CITY OF MODESTO COMMUNITY FACILITIES DISTRICT NO. 2004-1 (VILLAGE ONE #2) AND AUTHORIZE THE LEVY OF SPECIAL TAXES THEREIN

WHEREAS, an owner of not less than 10 percent of the area of land proposed to be included within the community facilities district herein described has filed with the City Clerk of this City (the "City") a petition requesting that this Council (the "Council") form a community facilities district pursuant to Chapter 2.5 of Part 1 of Division 2 of Title 5 (commencing with Section 53311) of the California Government Code, commonly known as the "Mello-Roos Community Facilities Act of 1982" (the "Act") in order to:

- (i) finance certain public facilities having a useful life of 5 years or longer (the "Facilities") more particularly described in Exhibit B, including expenses incidental thereto; and
- (ii) finance certain services (the "Services") more particularly described in Exhibit C; and

WHEREAS, upon receipt of the petition, this Council is, pursuant to Section 53320 of the California Government Code, required to adopt a resolution of intention to establish the community facilities district; and

WHEREAS, in the event the community facilities district is established, it is the intention of this Council to: finance the Facilities through the authorization, issuance and sale of bonds to be approved at an election to be held within the boundaries of the district,

- (ii) pay debt service on the bonds through the levy of a special tax therein, and
- (iii) finance the Services through the levy of a special tax therein; and

WHEREAS, this Council has adopted local goals and policies concerning the use of the Act;

NOW, THEREFORE, BE IT RESOLVED, ORDERED, AND FOUND by the City Council of the City of Modesto that:

SECTION 1. The above recitals are true and correct.

SECTION 2. A community facilities district is proposed to be established under the terms of the Act. The name proposed for the community facilities district is "City of Modesto Community Facilities District No. 2004-1" and is referred to in this Resolution as the "District."

SECTION 3. The boundaries of the District are shown on a map, hereby approved, entitled "Proposed Boundaries of City of Modesto Community Facilities District No. 2004-1 (Village One #2) of the City of Modesto, County of Stanislaus, State of California," a copy of which is on file in the office of the City Clerk. Pursuant to Sections 3110 and 3111 of the California Streets and Highways Code, the City Clerk shall certify on the original and one copy of the map evidencing the date and adoption of this Resolution, file the original in the City Clerk's office and, within 15 days after the adoption of this Resolution and in no event later than 15 days prior to the date of the public hearing referred to in Section 8, file a copy of the map with the County Recorder of the County of Stanislaus.

The Council finds that no land proposed to be included in the District is devoted primarily to agricultural, timber, or livestock uses and being used for the commercial production of agricultural, timber or livestock products.

SECTION 4. The Facilities proposed to be provided by the District are public facilities authorized to be acquired or constructed under the Act that have a useful life of five (5) years or longer. The Facilities are governmental facilities which the Council is authorized by law to contribute revenue to, or construct, own or operate; or which a local public agency is authorized by law to provide. The Council further determines that such

Facilities are necessary to meet increased demands placed upon the City and other local agencies as a result of development occurring within the boundaries of the District.

The Facilities are proposed to include any and all incidental expenses related thereto, as authorized by the Act, including the payment in full of all amounts necessary to eliminate any fixed special assessment liens or to pay, repay, or defease any obligation to pay or any indebtedness secured by any tax, fee, charge, or assessment levied within the area of the District or to pay debt service on that indebtedness.

The Services proposed to be provided by the District are in addition to those provided in the District before its creation, since none of the Services have been or will be provided in the District before its creation.

SECTION 5. The Council determines that the public interest will not be served by allowing the owner(s) of property within the proposed District to enter into a contract pursuant to Section 53329.5(a) of the Act.

SECTION 6. (a) It is the intention of the Council that, except where funds are otherwise available to pay for the Facilities to be financed by the District and/or the principal and interest as it becomes due on bonds issued to finance such Facilities, the incidental expenses related thereto, and the Services, special taxes sufficient to pay the costs thereof, secured by recordation of a continuing lien against all nonexempt real property in the District, will be levied annually within the boundaries of the District. The rate, method of apportionment and manner of collection of the proposed special taxes is set forth in Exhibit A. Exhibit A provides sufficient detail to allow each landowner or resident within the District to estimate the maximum amount that such person will have to pay for the Facilities and the Services.

(b) In the case of the special tax to pay for the Facilities that is to be levied against any parcel of land used for private residential purposes (as defined and provided

in the Act), (1) the maximum special tax has been specified as a dollar amount which will be calculated and thereby established not later than the date of which any such parcel of land is first subject to the special tax because of its use for private residential purposes, and which amount will not be increased over time by an amount exceeding two per cent (2%) per year, (2) after Fiscal Year 2060-2061, the special tax will no longer be levied or collected against any such parcel of land, and (3) under no circumstances will the special tax be increased as a consequence of delinquency or default by the owner of any other parcel or parcels of land within the District by more than ten per cent (10%). The special tax to pay for the Facilities may, however, establish different tax rates for different categories of residential property, and may provide for a change in the dollar amount of the special tax for the parcel if the size of the residence is increased or if the size or use of the parcel is changed.

(c) The obligation to pay the special tax to pay for the Facilities may be prepaid and permanently satisfied, and the lien of the special tax to pay for the Facilities discharged pursuant to the procedures set forth in EXHIBIT A.

(d) If the special tax to pay for the Facilities is prepaid and permanently satisfied as to a particular parcel of land, this Council shall cause to be prepared and recorded in the office of the County Recorder of the County of Stanislaus, which shall accept for recordation, a Notice of Cancellation of Special Tax Lien as to that parcel. The Notice of Cancellation of Special Tax Lien shall identify with particularity the special tax to pay for the Facilities which has been prepaid and permanently satisfied, state the book and page number in the records of the County Recorder where the Notice of Special Tax Lien being cancelled is recorded, contain the legal description and assessor's parcel number of the particular parcel of land subject to the lien, and contain the name of the owner of record of the parcel. The County Recorder shall mail the

original Notice of Cancellation of Special Tax Lien to the owner of the property after recording the document. This Council may specify a charge for the preparation and recordation of the Notice.

SECTION 7. Pursuant to Section 53314.9 of the Act, this Council may accept advances of funds or work-in-kind from any source, including, but not limited to, private persons or private entities, and may provide, by resolution, for the use of those funds or that work-in-kind for any authorized purpose, including, but not limited to, paying any cost incurred by the City in creating the District.

SECTION 8. A public hearing on the establishment of the District and the proposed rate, method of apportionment, and manner of collection of the special taxes shall be held at 5:30 p.m., or as soon thereafter as practicable, on Tuesday, April 6, 2004, at the regular meeting place of the City Council, City Council Chambers, Basement Level, 1010 Tenth Street, Modesto, California 95353, such time being not less than 30 or more than 60 days following the adoption hereof.

SECTION 9. The Public Works & Transportation Director, as the officer of the City who will be responsible for providing the proposed Facilities and Services to be financed by the District, if it is established, is directed to study the proposed District, and, at or before the time of the hearing, cause to be prepared and filed with the Council a report containing: (a) a brief description of the Facilities and Services by type which will in such officer's opinion be required to adequately meet the needs of the District; (b) an estimate of: (i) the cost of providing the Facilities and Services; (ii) the fair and reasonable cost of any of the Facilities to be purchased; and (iii) the fair and reasonable cost of incidental expenses to be incurred in connection therewith, including the costs of the proposed bond financing and other related costs as provided in Section 53345.3 of the Act.

The report shall be made a part of the record of the hearing.

SECTION 10. At the time and place set forth in this Resolution for the hearing, any interested persons, including taxpayers, property owners and registered voters residing within the boundaries of the proposed District, may appear and be heard, and the testimony of all interested persons for or against the establishment of the District, the extent of the District, the furnishing of the Facilities and Services, or the proposed rate, method of apportionment and manner of collection of the special taxes will be heard and considered. Any protest may be made orally or in writing. However, any protests pertaining to the regularity or sufficiency of the proceedings shall be in writing and clearly set forth the irregularities and defects to which the objection is made. All written protests shall be filed with the City Clerk on or before the time fixed for the public hearing. Written protests may be withdrawn in writing at any time before the conclusion of the hearing.

SECTION 11. The City Clerk is directed to publish a notice of the hearing, in the form required by the Act, not later than seven (7) days prior thereto, in a newspaper of general circulation published in the area of the District, being *The Modesto Bee*, and otherwise in accordance with Section 6061 of the California Government Code.

SECTION 12. (a) If fifty percent (50%) or more of the registered voters, or six (6) registered voters, whichever is more, residing within the territory proposed to be included in the District, or the owners of one-half (1/2) or more of the area of the land in the territory proposed to be included in the District and not exempt from the special taxes, file written protests against the establishment of the District, and the protests are not withdrawn so as to reduce the value of the protests to less than a majority, no further proceedings to create the District or to levy the special taxes will be taken for a period of one year from the date of the decision of the Council.

(b) If the majority protests of the registered voters or the landowners are only against the furnishing of a specified type or types of the Facilities or Services within the District, or against levying a specified special tax, those types of Facilities or Services or the specified special tax will be eliminated from the District proceedings.

(c) At the conclusion of the hearing, if the Council determines to establish the District, it will adopt a resolution of formation and then submit the levy of the special taxes to the qualified electors of the District in a special election.

SECTION 13. (a) If, after the hearing, the Council adopts a resolution of formation establishing the District and submits the levy of the special taxes to the qualified electors of the District in a special election, such election will be held at least ninety (90) days, but not more than one hundred eighty (180) days following the adoption of the resolution of formation. The City Clerk shall, within three business days after the adoption of the resolution of formation, provide a copy of the resolution of formation, a certified map of sufficient scale and clarity to show the boundaries of the District, and a sufficient description to allow the election official to determine the boundaries of the District, to the official conducting the election. Assessor's parcel numbers for the land within the District shall be included if it is a landowner election or the District does not conform to an existing district's boundaries and if requested by the official conducting the election.

(b) If the election is to be held less than one hundred twenty-five (125) days after the adoption of the resolution of formation, the concurrence of the election official conducting the election shall be required.

(c) Such time limits, or requirement pertaining to the conduct of the election, may be waived with the unanimous consent of the qualified electors of the District and the concurrence of the election official conducting the election.

(d) The special election on (i) the proposition of the District incurring a bonded indebtedness in an amount not to exceed \$75,000,000, (ii) the proposition with respect to the levy of special taxes on the land within the District, and (iii) the proposition with respect to the establishment of an appropriations limit for the District in the amount of \$75,000,000, per fiscal year, if the District is established, will be consolidated.

(e) If at least twelve (12) persons, who need not necessarily be the same twelve (12) persons, have been registered to vote within the territory of the proposed District for each of the ninety (90) days preceding the close of the hearing, the vote will be by the registered voters of the proposed District, with each voter having one vote. Otherwise, the vote will be by the landowners of the proposed District and each landowner who is the owner of record at the close of the hearing, or the authorized representative thereof, will have one (1) vote for each acre or portion of an acre of land that such landowner owns within the proposed District. The number of votes to be voted by a particular landowner will be specified on the ballot provided to that landowner.

(f) Ballots for the special election authorized may be distributed to qualified electors by mail with return postage prepaid or by personal service by the election official. The official conducting the election may certify the proper mailing or personal delivery of ballots by an affidavit, which shall constitute conclusive proof of such mailing or personal delivery in the absence of fraud. The voted ballots shall be returned to the election officer conducting the election not later than the hour specified in the resolution calling the election. However, if all the qualified voters have voted, the election shall be closed.

(g) Except as otherwise provided in the Act, the provisions of law regulating elections of the City, insofar as they may be applicable, will govern the election. Except as provided in the next sentence, there will be prepared and included in the ballot material

provided to each voter an impartial analysis and arguments and rebuttals, if any, as provided in the California Elections Code. If the vote is to be by the landowners of the proposed District, analysis and arguments may be waived with the unanimous consent of all the landowners.

If the election is to be conducted by mail ballot, the election official conducting the election shall provide ballots and election materials, together with all supplies and instructions necessary for the use and return of the ballot. The identification envelope for return of mail ballots used in a landowner election shall contain the following: (1) the name of the landowner; (2) the address of the landowner; (3) a declaration, under penalty of perjury, stating that the voter is the owner of record or the authorized representative of the landowner entitled to vote and is the person whose name appears on the identification envelope; (4) the printed name and signature of the voter; (5) the address of the voter; (6) the date of signing and the place of execution of the declaration described in (3) above; and (7) a notice that the envelope contains an official ballot and will be opened only by the canvassing board.

(h) The procedures set forth in this Section for conducting the consolidated special election may be modified as the Council may determine to be necessary or desirable by a resolution subsequently adopted by the Council.

SECTION 14. This Council may, by ordinance, authorize contributions by the City from any sources of revenue not otherwise prohibited by law, of any specified amount, portion or percentage of such revenue for any of the following: (1) acquiring or constructing any of the Facilities; (2) the acquisition of interests in real property; (3) paying debt service with respect to the financing of any such acquisition or construction; (4) providing the authorized Services; and (5) the payment of expenses incidental to any of the foregoing.

SECTION 15. This Council reserves to itself the right and authority to allow any interested owner of property within the District, subject to the provisions of Section 53344.1 of the Act and to those conditions it may impose, and any applicable prepayment penalties as described in the bond indenture or comparable instrument or document, to tender in full payment or part payment of any installment of the special tax levied to pay for the Facilities or the interest or penalties thereon which may be due or delinquent, but for which a bill has been received, any bond or other obligation secured thereby, the bond or other obligation to be taken at par and credit to be given for the accrued interest shown thereby computed to the date of tender.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 2nd day of March, 2004 by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

The amounts referred to in clauses (i) and (iii) of the preceding sentence may be reduced in any Fiscal Year by: (i) interest earnings on or surplus balances in funds and accounts for the Bonds to the extent that such earnings or balances are available to apply against debt service pursuant to a Bond indenture, Bond resolution, or other legal document that sets forth these terms; (ii) proceeds received by CFD No. 2004-1 from the collection of penalties associated with delinquent Annual Facilities Special Taxes; and (iii) any other revenues available to pay debt service on the Bonds as determined by the Administrator.

“Fiscal Year” means the period starting July 1 and ending on the following June 30.

“Improvement Area” means a geographic area that, upon annexation into CFD No. 2004-1, is identified as an improvement area as defined in the Act instead of a Tax Zone, as defined below. “Net Taxable Acreage” or **“Net Taxable Acre”** means the total acreage within a Final Map or Parcel less arterial road right-of-ways and property that is defined in the Final Map for use as a park site, school site, or City-owned or CFD-owned storm drainage basin. If a Subdivision Map is recorded which is not a Final Map for some or all Parcels created by the subdivision, the Administrator shall calculate the Net Taxable Acreage of such unsubdivided Parcels by identifying the Acreage of the Parcel and (i) adding a portion of the acreage of any non-arterial right-of-way that fronts the Parcel determined by drawing lines at right angles to the right-of-way, and (ii) subtracting a portion of the acreage of any arterial right-of-way that fronts the Parcel determined by drawing lines at right angles to the right-of-way. The Net Taxable Acreage of a Parcel or Final Map shall be determined in the sole discretion of the City.

“Taxable Property” means all of the Assessor’s Parcels within the boundaries of CFD No. 2004-1 which are not exempt from the Special Tax pursuant to law or Section G below.

“Taxable Public Property” means, in any Fiscal Year, all Parcels of Public Property within CFD No. 2004-1 that, (i) based on the Village One Specific Plan, were expected to be Taxable Property and, (ii) based on this expectation, Maximum Special Taxes were assigned to the Parcels in a prior Fiscal Year.

“Tax Zone” means a mutually exclusive geographic area within which particular Special Tax rates may be levied pursuant to this Rate and Method of Apportionment of Special Tax. Attachment 1 identifies the Tax Zone in CFD No. 2004-1 at CFD Formation; additional Tax Zones may be created when property is annexed into the CFD. Alternatively, additional Original Parcels may be added to a Tax Zone with assigned Maximum Special Taxes based on the Expected Land Uses on each Original Parcel.

“Tax Zone #1” means the geographic area that is designated in Attachment 1 of this Rate and Method of Apportionment of Special Tax as Tax Zone #1. Tax Zone #1 may be expanded to include additional Original Parcels that annex to CFD No. 2004-1; Attachments 1 and 2 will be updated each time such an annexation takes place.

“Undeveloped Property” means, in any Fiscal Year, all Parcels of Taxable Property within CFD No. 2004-1 that are not Developed Property or, in the discretion of the City, any portion of a Parcel of Developed Property on which an additional structure will be constructed pursuant to issuance on an additional building permit.

B. DATA FOR ANNUAL ADMINISTRATION

On or about July 1 of each Fiscal Year, the Administrator shall identify the current Assessor’s Parcel numbers for all Parcels of Taxable Property in CFD No. 2004-1. The Administrator shall also determine: (i) the Tax Zone within which each Parcel of Taxable Property is located, (ii) whether each Assessor’s Parcel of Taxable Property is Developed Property or Undeveloped Property, (iii) which Parcels are Commercial Property, Industrial Property, Multi-Family Property, Low Density Residential Property, and Village Residential Property (the City shall, in its sole discretion, determine the appropriate Land Use Class for Parcels on which a structure was built prior to CFD Formation), (iv) the Net Taxable Acreage of each Parcel, and (v) the Annual Facilities Special Tax Requirement and the Annual Maintenance Special Tax Requirement.

If, in any Fiscal Year, an Assessor’s Parcel includes both Developed Property and Undeveloped Property, the Administrator shall determine the Net Taxable Acreage of Developed Property, subtract this Net Taxable Acreage from the total Net Taxable Acreage of the Assessor’s Parcel, and use the remaining Net Taxable Acreage to calculate the Special Taxes that will apply to Undeveloped

Property within the Assessor's Parcel. The Special Taxes shall then be calculated for the Developed Property on the Parcel, and the total Special Taxes levied on the Assessor's Parcel shall be the sum of the Special Taxes determined separately for the Undeveloped Property and Developed Property on the Parcel.

C. CALCULATING MAXIMUM SPECIAL TAXES

The Administrator shall use the procedures set forth below to calculate the Maximum Special Taxes for each Parcel in CFD No. 2004-1 in each Fiscal Year, including the Maximum One-Time Facilities Special Tax, Maximum Annual Facilities Special Tax, and Maximum Annual Maintenance Special Tax. A separate method of calculating the Maximum Special Taxes may be identified for Tax Zones or Improvement Areas added to CFD No. 2004-1 as a result of future annexations. The Per-Acre Special Taxes set forth in Table 1 below shall be used for purposes of Sections C.1 and C.2 below:

**Table 1
Per-Acre Special Taxes
Fiscal Year 2004-05 ***

Land Use Class	Per-Acre Special Tax: One-Time Facilities Special Tax	Per-Acre Special Tax: Annual Facilities Special Tax	Per-Acre Special Tax: Annual Maintenance Special Tax
Low Density Residential Property	\$13,342 per Net Taxable Acre	\$3,517 per Net Taxable Acre	\$525 per Net Taxable Acre
Village Residential Property	\$30,281 per Net Taxable Acre	\$6,405 per Net Taxable Acre	\$1,233 per Net Taxable Acre
Multi-Family Property	\$101,437 per Net Taxable Acre	\$7,222 per Net Taxable Acre	\$4,020 per Net Taxable Acre
Commercial Property	\$52,102 per Net Taxable Acre	\$3,570 per Net Taxable Acre	\$920 per Net Taxable Acre
Industrial Property	\$13,103 per Net Taxable Acre	\$2,550 per Net Taxable Acre	\$920 per Net Taxable Acre

** All Per-Acre Special Taxes shown in Table 1 are subject to the annual adjustments described in Section D below.*

1. Original Parcels

The Maximum Special Taxes for each Land Use Class in the Original Parcel in CFD No. 2004-1 as of CFD Formation is identified in Attachment 2. Attachment 2 will be updated by the Administrator as needed to reflect Original Parcels added to the CFD due to annexations. Until an Original Parcel is subdivided, the Maximum Special Taxes shown in Attachment 2

(escalated as set forth herein) shall be the Maximum Special Taxes for the Parcel unless the zoning on the Original Parcel changes to a Land Use Class that has higher Per-Acre Special Taxes, as shown in Table 1 above. Upon approval of such change in zoning by the City Council, the Administrator shall multiply the applicable Per-Acre Special Taxes by the Net Taxable Acreage of each Land Use Class that is expected on the Parcel based on the rezone. The Administrator shall then update Attachment 2 to reflect the higher Maximum Special Taxes for the Parcel. If a rezone results in a Land Use Class that has a lower Per-Acre Special Tax than the previous Expected Land Uses, there shall be no corresponding reduction in the Maximum Special Taxes for the Parcel. The potential reduction in Maximum Special Tax revenues must be considered separately for each Special Tax Category. If the rezone would cause a reduction in the Maximum Special Tax revenues in any Special Tax Category, the Maximum Special Tax identified for that Special Tax Category shall remain the same as originally assigned to the Original Parcel.

2. Successor Parcels

a. *All Successor Parcels are Single Family Detached Lots*

If the Parcels created by a recorded Subdivision Map are all Single Family Detached Lots, the Administrator shall apply the following steps to allocate the Maximum Special Taxes for the Original Parcel to each of the Successor Parcels created by the subdivision:

Step 1: Determine the greater of (i) the Maximum Special Taxes assigned to each Expected Land Use for the Original Parcel, or (ii) the Net Taxable Acreage of Low Density Residential Property and/or Village Residential Property within the Subdivision Map multiplied by the Per-Acre Special Taxes for such Land Use Classes from Table 1 above. If the Subdivision Map includes both Low Density Residential Property and Village Residential Property, separately calculate the amount that applies to each Land Use Class.

Step 2: Separately for any Low Density Residential Property and Village Residential Property created by the Subdivision Map, divide the Maximum Special Taxes from Step 1 by the number of Successor Parcels to determine the Maximum Special Taxes for each Single Family Detached Lot.

b. *No Successor Parcels are Single Family Detached Lots*

If none of the Successor Parcels created by recordation of a Subdivision Map are Single Family Detached Lots, the Administrator shall apply the following steps to allocate the Maximum Special Taxes assigned to the Original Parcel to each of the Successor Parcels:

- Step 1:** Identify the Expected Land Uses for the Original Parcel.
- Step 2:** Determine the Net Taxable Acreage within each Land Use Class created by the Subdivision Map.
- Step 3:** If the Net Taxable Acreage of each Land Use Class from Step 2 is the same as the Expected Land Uses, the Maximum Special Taxes assigned to each of the Expected Land Uses on the Original Parcel shall be allocated to the Successor Parcels based on the Acreage of each Land Use Class that occurs on each Successor Parcel.
- Step 4:** If the Net Taxable Acreage within each Land Use Class from Step 2 is different than the Expected Land Uses for the Original Parcel, the Administrator shall apply the following steps separately for each Special Tax Category:
- Step 4a.* Multiply the applicable Per-Acre Special Tax by the Net Taxable Acreage of each Land Use Class created by the Subdivision Map.
- Step 4b.* If the amount calculated in Step 4a is *greater than* the Maximum Special Tax assigned to the Original Parcel, multiply the Net Taxable Acreage of each Land Use Class on each Successor Parcel by the applicable Per-Acre Special Tax from Table 1 above to determine the Maximum Special Tax for each Successor Parcel.
- Step 4c.* If the amount calculated in Step 4a is *less than* the Maximum Special Tax assigned to the Original Parcel: (i) identify the Maximum Special Tax that was assigned to each of the Expected Land Uses on the Parcel, (ii) divide the Maximum Special Tax for each Land Use Class by the Net Taxable Acreage of each Land Use Class actually created by the Subdivision Map, and (iii) multiply the per-acre Maximum Special Tax calculated in (ii) by the Net Taxable Acreage of each Land Use Class on each Successor Parcel to determine the Maximum Special Tax for each Parcel.

If the Land Use Classes on a Successor Parcel or Parcels are different than the Expected Land Uses for that Parcel(s) and such difference would result in a reduction in the Maximum Special Tax assigned to the Original Parcel for any Special Tax Category, the Maximum Special Tax assigned to the

Original Parcel shall either be distributed equally on a per-acre basis to the Successor Parcels or, if multiple Land Use Classes are created by the Subdivision Map, the Maximum Special Tax from the Original Parcel shall be distributed to each Land Use Class so that the per-acre tax for each Land Use Class has the same proportional relationship as the Per-Acre Special Taxes in Table 1 above.

If, after subdivision of an Original Parcel, a Successor Parcel is further subdivided, the Successor Parcel shall be treated as an Original Parcel for purposes of allocating Maximum Special Taxes pursuant to Section C.2a, C.2b, or C.2c, as appropriate.

c. *Some, But Not All, Successor Parcels are Single Family Detached Lots*

If a Subdivision Map divides an Original Parcel into Successor Parcels, of which some are Single Family Detached Lots and some are not, the Administrator shall (i) break out the Net Taxable Acreage of Low Density Residential Property and/or Village Residential Property separately from the Net Taxable Acreage of other Land Use Classes, (ii) for the Low Density Residential Property and/or Village Residential Property created by the Subdivision Map, apply the steps in Section C.2a to determine the Maximum Special Taxes for each Single Family Detached Lot, and (iii) apply the steps in Section C.2b above to determine the Maximum Special Taxes for Land Use Classes other than Low Density Residential Property and Village Residential Property.

If, after subdivision of an Original Parcel, a Successor Parcel is further subdivided, the Successor Parcel shall be treated as an Original Parcel for purposes of allocating Maximum Special Taxes pursuant to Section C.2a, C.2b, or C.2c, as appropriate.

After each reallocation of the Maximum Special Taxes upon subdivision or reconfiguration of Original Parcels, the sum of the Maximum Special Taxes assigned to Successor Parcels shall never be less, but may be more, than the Maximum Special Taxes assigned to the Original Parcels prior to such reallocation.

D. ESCALATION OF MAXIMUM SPECIAL TAXES

1. One-Time Facilities Special Tax

Beginning in January 2005 and each January thereafter, the Maximum One-Time Facilities Special Tax assigned to each Parcel and the Per-Acre Special Tax shown in Table 1 above shall be adjusted annually by the greater of (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or (ii) four

percent (4.0%). Each annual adjustment of the One-Time Facilities Special Tax shall become effective on the subsequent July 1.

2. Annual Facilities Special Tax

Beginning in Fiscal Year 2005-06, and each Fiscal Year thereafter, the Maximum Annual Facilities Special Tax assigned to each Parcel and the Per-Acre Special Tax shown in Table 1 above shall be increased by two percent (2%) of the amount in effect in the prior Fiscal Year.

3. Annual Maintenance Special Tax

Beginning in January 2005 and each January thereafter, the Maximum Annual Maintenance Special Tax assigned to each Parcel and the Per-Acre Special Tax shown in Table 1 above shall be adjusted annually by the greater of (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or (ii) four percent (4.0%). Each annual adjustment of the Maximum Annual Maintenance Special Tax shall become effective on the subsequent July 1.

E. METHOD OF LEVY OF THE SPECIAL TAX

1. One-Time Facilities Special Tax

The Maximum One-Time Facilities Special Tax determined pursuant to Sections C and D above shall be levied on all Taxable Property in CFD No. 2004-1 and shall be collected as set forth in Section F below.

2. Annual Facilities Special Tax

Commencing with Fiscal Year 2004-05 and for each following Fiscal Year, the Administrator shall determine the Annual Facilities Special Tax Requirement for the Fiscal Year. The Annual Facilities Special Tax shall then be levied on all Parcels of Taxable Property in CFD No. 2004-1 as follows:

Step 1: The Annual Facilities Special Tax shall be levied Proportionately on each Parcel of Developed Property within the CFD up to 100% of the Maximum Annual Facilities Special Tax for each Parcel for such Fiscal Year;

Step 2: If additional revenue is needed after Step 1, and after applying Capitalized Interest to the Annual Facilities Special Tax Requirement, the Annual Facilities Special Tax shall be levied Proportionately on each Assessor's Parcel of Undeveloped Property within the CFD, up to 100% of the

Maximum Annual Facilities Special Tax for each Parcel of Undeveloped Property for such Fiscal Year;

Step 3: If additional revenue is needed after applying the first two steps, the Annual Facilities Special Tax shall be levied Proportionately on each Assessor's Parcel of Taxable Public Property, up to 100% of the Maximum Annual Facilities Special Tax assigned to each Parcel of Taxable Public Property.

3. Annual Maintenance Special Tax

Commencing with Fiscal Year 2004-05 and for each following Fiscal Year, the Administrator shall determine the Maintenance Special Tax Requirement for the Fiscal Year. The Annual Maintenance Special Tax shall then be levied on all Parcels of Taxable Property as follows:

Step 1: The Annual Maintenance Special Tax shall be levied Proportionately on each Parcel of Developed Property within the CFD up to 100% of the Maximum Annual Maintenance Special Tax for each Parcel for such Fiscal Year;

Step 2: If additional revenue is needed after Step 1, the Annual Maintenance Special Tax shall be levied Proportionately on each Assessor's Parcel of Undeveloped Property within the CFD, up to 100% of the Maximum Annual Maintenance Special Tax for each Parcel of Undeveloped Property for such Fiscal Year;

Step 3: If additional revenue is needed after applying the first two steps, the Annual Maintenance Special Tax shall be levied Proportionately on each Assessor's Parcel of Taxable Public Property, up to 100% of the Maximum Annual Maintenance Special Tax assigned to each Parcel of Taxable Public Property.

F. COLLECTION OF SPECIAL TAX

The Maximum One-Time Facilities Special Tax shall be collected prior to a building permit being issued for new construction of any residential or non-residential structure on Taxable Property within CFD No. 2004-1, and shall be immediately delinquent if not so paid.

The Annual Facilities Special Tax and Annual Maintenance Special Tax for CFD No. 2004-1 shall be collected in the same manner and at the same time as ordinary ad valorem property taxes, provided, however, that prepayments are permitted as set forth in Section H below and provided further that the City may directly bill, collect at a different time or in a different manner, and/or collect delinquent Annual Facilities Special Taxes and Annual Maintenance Special Taxes through foreclosure or other available methods.

The Annual Facilities Special Tax shall be levied and collected until principal and interest on Bonds have been repaid, costs of constructing or acquiring Authorized Facilities from Annual Facilities Special Tax proceeds have been paid, and all Administrative Expenses have been reimbursed. However, in no event shall an Annual Facilities Special Tax be levied after Fiscal Year 2060-61. The Annual Maintenance Special Tax will continue to be levied and collected unless and until the City determines that the Annual Maintenance Special Tax no longer needs to be levied to pay Authorized Services of the CFD and all Administrative Expenses have been reimbursed. Under no circumstances may the Special Taxes on one Parcel in the CFD be increased by more than ten percent (10%) as a consequence of delinquency or default in payment of the Special Taxes levied on another Parcel or Parcels in the CFD.

G. EXEMPTIONS

Notwithstanding any other provision of this Rate and Method of Apportionment of Special Tax, no Special Taxes shall be levied on Public Property, except Taxable Public Property, as defined herein.

H. PREPAYMENT OF SPECIAL TAX

The following definitions apply to this Section H:

“Outstanding Bonds” means all Previously Issued Bonds which remain outstanding, with the following exception: if an Annual Facilities Special Tax has been levied against, or already paid by, an Assessor’s Parcel making a prepayment, and a portion of the Annual Facilities Special Tax will be used to pay a portion of the next principal payment on the Bonds that remain outstanding (as determined by the Administrator), that next principal payment shall be subtracted from the total Bond principal that remains outstanding, and the difference shall be used as the amount of Outstanding Bonds for purposes of this prepayment formula.

“Previously Issued Bonds” means all Bonds that have been issued on behalf of the CFD prior to the date of prepayment.

“Public Facilities Requirements” means either \$1,327,000 in 2004 dollars, which shall increase on January 1, 2005, and on each January 1 thereafter by the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or such other number as shall be determined by the City as sufficient to fund Authorized Facilities. The Public Facilities Requirements shown above shall be adjusted or a separate Public Facilities Requirements identified each time property annexes into CFD No. 2004-1; at no time shall the added Public Facilities Requirement for the annexation area exceed the amount of public

improvement costs that are expected to be supportable by the Maximum Annual Facilities Special Tax generated within that annexation area.

“Remaining Facilities Costs” means the Public Facilities Requirements (as defined above), minus costs of Authorized Facilities funded by Outstanding Bonds (as defined above), developer equity, and/or any other source of funding.

The Annual Facilities Special Tax obligation applicable to an Assessor’s Parcel in the CFD may be prepaid and the obligation of the Assessor’s Parcel to pay the Annual Facilities Special Tax permanently satisfied as described herein, provided that a prepayment may be made only if there are no delinquent Annual Facilities Special Taxes with respect to such Assessor’s Parcel at the time of prepayment. The Annual Maintenance Special Tax may not be prepaid. An owner of an Assessor’s Parcel intending to prepay the Annual Facilities Special Tax obligation shall provide the City with written notice of intent to prepay. Within 30 days of receipt of such written notice, the City or its designee shall notify such owner of the prepayment amount for such Assessor’s Parcel. Prepayment must be made not less than 75 days prior to any redemption date for Bonds to be redeemed with the proceeds of such prepaid Annual Facilities Special Taxes. The Prepayment Amount shall be calculated as follows: (capitalized terms as defined below):

	Bond Redemption Amount
plus	Remaining Facilities Amount
plus	Redemption Premium
plus	Defeasance Requirement
plus	Administrative Fees and Expenses
<u>less</u>	<u>Reserve Fund Credit</u>
equals	Prepayment Amount

As of the proposed date of prepayment, the Prepayment Amount shall be determined by application of the following steps:

- Step 1.** Compute the total Maximum Annual Facilities Special Tax that could be collected from the Assessor’s Parcel prepaying the Annual Facilities Special Tax in the Fiscal Year in which prepayment would be received by the City.
- Step 2.** Divide the Maximum Annual Facilities Special Tax from Step 1 by the total amount that could be collected if the Maximum Annual Facilities Special Tax was levied on all Parcels of Taxable Property in the CFD.
- Step 3.** Multiply the quotient computed pursuant to Step 2 by the Outstanding Bonds to compute the amount of Outstanding Bonds to be retired and prepaid (*the “Bond Redemption Amount”*).
- Step 4.** Compute the current Remaining Facilities Costs (if any).

- Step 5.** Multiply the quotient computed pursuant to Step 2 by the amount determined pursuant to Step 4 to compute the amount of Remaining Facilities Costs to be prepaid (*the "Remaining Facilities Amount"*).
- Step 6.** Multiply the Bond Redemption Amount computed pursuant to Step 3 by the applicable redemption premium, if any, on the Outstanding Bonds to be redeemed (*the "Redemption Premium"*).
- Step 7.** Compute the amount needed to pay interest on the Bond Redemption Amount starting with the first Bond interest payment date after which the prepayment has been received until the earliest redemption date for the Outstanding Bonds, which, depending on the Bond offering document, may be as early as the next interest payment date.
- Step 8:** Compute the amount of interest the City reasonably expects to derive from reinvestment of the Bond Redemption Amount plus the Redemption Premium from the first Bond interest payment date after which the prepayment has been received until the redemption date for the Outstanding Bonds.
- Step 9:** Take the amount computed pursuant to Step 7 and subtract the amount computed pursuant to Step 8 (*the "Defeasance Requirement"*).
- Step 10.** Determine the costs of computing the prepayment amount, the costs of redeeming Bonds, and the costs of recording any notices to evidence the prepayment and the redemption (*the "Administrative Fees and Expenses"*).
- Step 11.** If and to the extent so provided in the indenture pursuant to which the Outstanding Bonds to be redeemed were issued, a reserve fund credit shall be calculated as a reduction in the applicable reserve fund for the Outstanding Bonds to be redeemed pursuant to the prepayment (*the "Reserve Fund Credit"*).
- Step 12.** The Annual Facilities Special Tax prepayment is equal to the sum of the amounts computed pursuant to Steps 3, 5, 6, 9, and 10, less the amount computed pursuant to Step 11 (*the "Prepayment Amount"*).

If an owner that has prepaid the Annual Facilities Special Tax obligation assigned to a Parcel subsequently rezones the Parcel to a Land Use Class that has a higher Per-Acre Annual Facilities Special Tax, the City may in its sole discretion and as a condition of approval of the rezoning, collect the additional Annual Facilities Special Tax prepayment that would have applied had the Parcel been rezoned at the time of the original prepayment for the Parcel.

I. INTERPRETATION OF SPECIAL TAX FORMULA

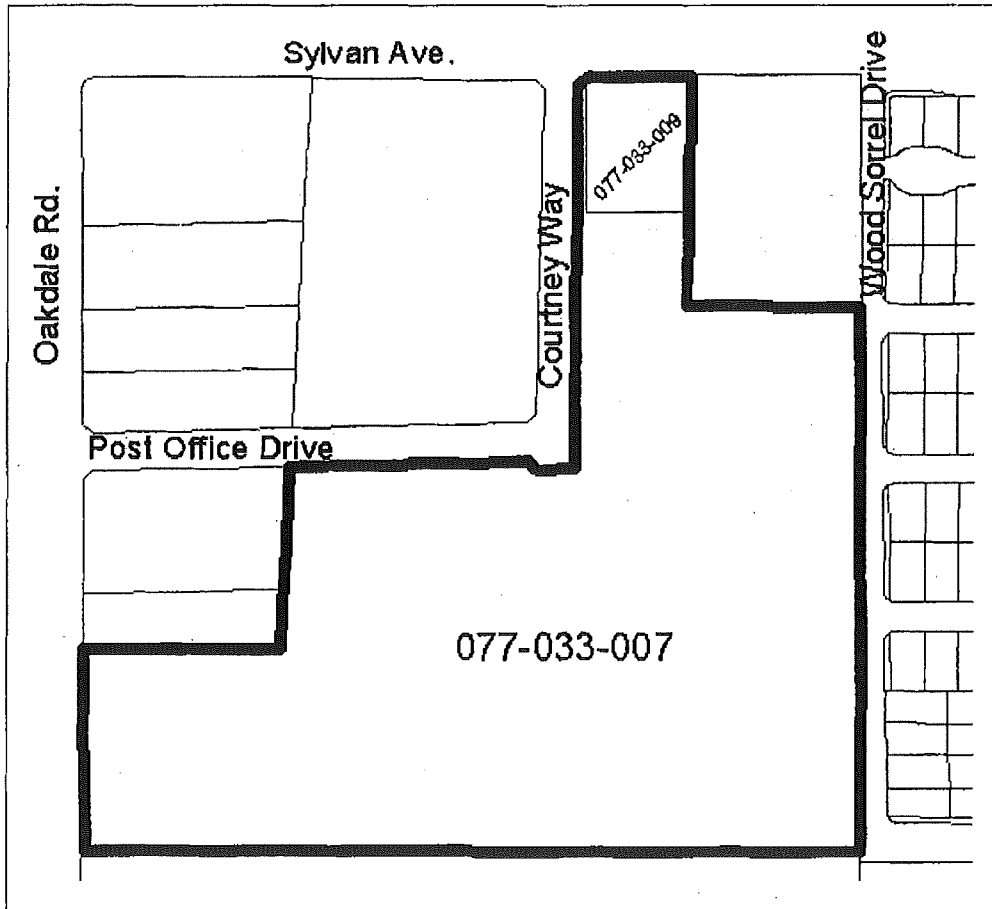

The City reserves the right to make minor administrative and technical changes to this document that does not materially affect the Rate and Method of Apportionment of Special Tax. In addition, the interpretation and application of any section of this document shall be left to the City's discretion. Interpretations may be made by the City by ordinance or resolution for purposes of clarifying any vagueness or ambiguity in this Rate and Method of Apportionment of Special Tax.

However, the giving of such notice is waived if the City Clerk receives unanimous consent to such waiver from the Landowners.

SECTION 15. If two-thirds (2/3) of the votes cast upon the question of levying the special tax are cast in favor of levying the special taxes, as determined by this Council after the canvass of the returns of the consolidated election, this Council may levy the special taxes within the District in the amount and for the purposes specified in this Resolution. SECTION 16. The City Clerk, as the designated election official, shall, within three business days after the adoption of this Resolution, obtain a certified copy thereof.

The City Clerk has previously been provided with a map of the boundaries of the District, a sufficient description from which to determine the boundaries of the District, and the assessor's parcel numbers for the land within the District.

B. DATA FOR ANNUAL ADMINISTRATION

On or about July 1 of each Fiscal Year, the Administrator shall identify the current Assessor’s Parcel numbers for all Parcels of Taxable Property in CFD No. 2004-1. The Administrator shall also determine: (i) the Tax Zone within which each Parcel of Taxable Property is located, (ii) whether each Assessor’s Parcel of Taxable Property is Developed Property or Undeveloped Property, (iii) which Parcels are Commercial Property, Industrial Property, Multi-Family Property, Low Density Residential Property, and Village Residential Property (the City shall, in its sole discretion, determine the appropriate Land Use Class for Parcels on which a structure was built prior to CFD Formation), (iv) the Net Taxable Acreage of each Parcel, and (v) the Annual Facilities Special Tax Requirement and the Annual Maintenance Special Tax Requirement.

In any Fiscal Year, if it is determined that (i) a parcel map for a portion of property in CFD No. 2004-1 was recorded after January 1 of the prior Fiscal Year (or any other date after which the Assessor will not incorporate the newly-created Parcels into the then current tax roll), (ii) because of the date the parcel map was recorded, the Assessor does not yet recognize the new Parcels created by the parcel map, and (iii) one or more of the newly-created Parcels meets the definition of Developed Property, the Administrator shall calculate the Special Tax for the property affected by recordation of the parcel map by determining the Special Tax that applies separately to each newly-created Parcel, then applying the sum of the individual Special Taxes to the Original Parcel or Successor Parcel that was subdivided by recordation of the parcel map.

C. CALCULATING MAXIMUM SPECIAL TAXES

The Administrator shall use the procedures set forth below to calculate the Maximum Special Taxes for each Parcel in CFD No. 2004-1 in each Fiscal Year, including the Maximum One-Time Facilities Special Tax, Maximum Annual Facilities Special Tax, and Maximum Annual Maintenance Special Tax. A separate method of calculating the Maximum Special Taxes may be identified for Tax Zones or Improvement Areas added to CFD No. 2004-1 as a result of future annexations. The Per-Acre Special Taxes set forth in Table 1 below shall be used for purposes of Sections C.1 and C.2 below:

Table 1

The Maximum Special Taxes for each Land Use Class in the Original Parcel in CFD No. 2004-1 as of CFD Formation is identified in Attachment 2. Attachment 2 will be updated by the Administrator as needed to reflect Original Parcels added to the CFD due to annexations. Until an Original Parcel is subdivided, the Maximum Special Taxes shown in Attachment 2 (escalated as set forth herein) shall be the Maximum Special Taxes for the Parcel unless the zoning on the Original Parcel changes to a Land Use Class that has higher Per-Acre Special Taxes, as shown in Table 1 above. Upon approval of such change in zoning by the City Council, the Administrator shall multiply the applicable Per-Acre Special Taxes by the Net Taxable Acreage of each Land Use Class that is expected on the Parcel based on the rezone. The Administrator shall then update Attachment 2 to reflect the higher Maximum Special Taxes for the Parcel. If a rezone results in a Land Use Class that has a lower Per-Acre Special Tax than the previous Expected Land Uses, there shall be no corresponding reduction in the Maximum Special Taxes for the Parcel. The potential reduction in Maximum Special Tax revenues must be considered separately for each Special Tax Category. If the rezone would cause a reduction in the Maximum Special Tax revenues in any Special Tax Category, the Maximum Special Tax identified for that Special Tax Category shall remain the same as originally assigned to the Original Parcel.

2. **Successor Parcels**

a. ***All Successor Parcels are Single Family Detached Lots***

If the Parcels created by a recorded Subdivision Map are all Single Family Detached Lots, the Administrator shall apply the following steps to allocate the Maximum Special Taxes for the Original Parcel to each of the Successor Parcels created by the subdivision:

Step 1: Determine the greater of (i) the Maximum Special Taxes assigned to each Expected Land Use for the Original Parcel, or (ii) the Net Taxable Acreage of Low Density Residential Property and/or Village Residential Property within the Subdivision Map multiplied by the Per-Acre Special Taxes for such Land Use Classes from Table 1 above. If the Subdivision Map includes both Low Density Residential Property and Village Residential Property, separately calculate the amount that applies to each Land Use Class.

Step 2: Separately for any Low Density Residential Property and Village Residential Property created by the Subdivision Map, divide the Maximum Special Taxes from Step 1 by the number of Successor Parcels to determine the Maximum Special Taxes for each Single Family Detached Lot.

b. ***No Successor Parcels are Single Family Detached Lots***

If none of the Successor Parcels created by recordation of a Subdivision Map are Single Family Detached Lots, the Administrator shall apply the following steps to allocate the Maximum Special Taxes assigned to the Original Parcel to each of the Successor Parcels:

Step 1: Identify the Expected Land Uses for the Original Parcel.

Step 2: Determine the Net Taxable Acreage within each Land Use Class created by the Subdivision Map.

Step 3: If the Net Taxable Acreage of each Land Use Class from Step 2 is the same as the Expected Land Uses, the Maximum Special Taxes assigned to each of the Expected Land Uses on the Original Parcel shall be allocated to the Successor Parcels based on the Acreage of each Land Use Class that occurs on each Successor Parcel.

Step 4: If the Net Taxable Acreage within each Land Use Class from Step 2 is different than the Expected Land Uses for the Original Parcel, the Administrator shall apply the following steps **separately for each Special Tax Category:**

Step 4a. Multiply the applicable Per-Acre Special Tax by the Net Taxable Acreage of each Land Use Class created by the Subdivision Map.

Step 4b. If the amount calculated in Step 4a is **greater than** the Maximum Special Tax assigned to the Original Parcel, multiply the Net Taxable Acreage of each Land Use Class on each Successor Parcel by the applicable Per-Acre Special Tax from Table 1 above to determine the Maximum Special Tax for each Successor Parcel.

Step 4c. If the amount calculated in Step 4a is **less than** the Maximum Special Tax assigned to the Original Parcel: (i) identify the Maximum Special Tax that was assigned to each of the Expected Land Uses on the Parcel, (ii) divide the Maximum Special Tax for each Land Use Class by the Net Taxable Acreage of each Land Use Class actually created by the Subdivision Map, and (iii) multiply the per-acre Maximum Special Tax calculated in (ii) by the Net Taxable Acreage of each Land Use Class on each Successor Parcel to determine the Maximum Special Tax for each Parcel.

If the Land Use Classes on a Successor Parcel or Parcels are different than the Expected Land Uses for that Parcel(s) and such difference would result in a reduction in the Maximum Special Tax assigned to the Original Parcel for any Special Tax Category, the Maximum Special Tax assigned to the Original Parcel shall either be distributed equally on a per-acre basis to the Successor Parcels or, if multiple Land Use Classes are created by the Subdivision Map, the Maximum Special Tax from the Original Parcel shall be distributed to each Land Use Class so that the per-acre tax for each Land Use Class has the same proportional relationship as the Per-Acre Special Taxes in Table 1 above.

If, after subdivision of an Original Parcel, a Successor Parcel is further subdivided, the Successor Parcel shall be treated as an Original Parcel for purposes of allocating Maximum Special Taxes pursuant to Section C.2a, C.2b, or C.2c, as appropriate.

c. *Some, But Not All, Successor Parcels are Single Family Detached Lots*

If a Subdivision Map divides an Original Parcel into Successor Parcels, of which some are Single Family Detached Lots and some are not, the Administrator shall (i) break out the Net Taxable Acreage of Low Density Residential Property and/or Village Residential Property separately from the Net Taxable Acreage of other Land Use Classes, (ii) for the Low Density Residential Property and/or Village

Residential Property created by the Subdivision Map, apply the steps in Section C.2a to determine the Maximum Special Taxes for each Single Family Detached Lot, and (iii) apply the steps in Section C.2b above to determine the Maximum Special Taxes for Land Use Classes other than Low Density Residential Property and Village Residential Property.

If, after subdivision of an Original Parcel, a Successor Parcel is further subdivided, the Successor Parcel shall be treated as an Original Parcel for purposes of allocating Maximum Special Taxes pursuant to Section C.2a, C.2b, or C.2c, as appropriate.

After each reallocation of the Maximum Special Taxes upon subdivision or reconfiguration of Original Parcels, the sum of the Maximum Special Taxes assigned to Successor Parcels shall never be less, but may be more, than the Maximum Special Taxes assigned to the Original Parcels prior to such reallocation.

D. ESCALATION OF MAXIMUM SPECIAL TAXES

1. One-Time Facilities Special Tax

Beginning in January 2005 and each January thereafter, the Maximum One-Time Facilities Special Tax assigned to each Parcel and the Per-Acre Special Tax shown in Table 1 above shall be adjusted annually by the greater of (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or (ii) four percent (4.0%). Each annual adjustment of the One-Time Facilities Special Tax shall become effective on the subsequent July 1.

2. Annual Facilities Special Tax

Beginning in Fiscal Year 2005-06, and each Fiscal Year thereafter, the Maximum Annual Facilities Special Tax assigned to each Parcel and the Per-Acre Special Tax shown in Table 1 above shall be increased by two percent (2%) of the amount in effect in the prior Fiscal Year.

3. Annual Maintenance Special Tax

Beginning in January 2005 and each January thereafter, the Maximum Annual Maintenance Special Tax assigned to each Parcel and the Per-Acre Special Tax shown in Table 1 above shall be adjusted annually by the greater of (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or (ii) four percent (4.0%). Each annual adjustment of the Maximum Annual Maintenance Special Tax shall become effective on the subsequent July 1.

E. METHOD OF LEVY OF THE SPECIAL TAX

1. One-Time Facilities Special Tax

The Maximum One-Time Facilities Special Tax determined pursuant to Sections C and D above shall be levied on all Taxable Property in CFD No. 2004-1 and shall be collected as set forth in Section F below.

2. Annual Facilities Special Tax

Commencing with Fiscal Year 2004-05 and for each following Fiscal Year, the Administrator shall determine the Annual Facilities Special Tax Requirement for the Fiscal Year. The Annual Facilities Special Tax shall then be levied on all Parcels of Taxable Property in CFD No. 2004-1 as follows:

Step 1: The Annual Facilities Special Tax shall be levied Proportionately on each Parcel of Developed Property within the CFD up to 100% of the Maximum Annual Facilities Special Tax for each Parcel for such Fiscal Year until the amount levied on Developed Property is equal to the Special Tax Requirement prior to applying any Capitalized Interest that is available in the CFD accounts;

Step 2: If additional revenue is needed after Step 1, and after applying Capitalized Interest to the Annual Facilities Special Tax Requirement, the Annual Facilities Special Tax shall be levied Proportionately on each Assessor's Parcel of Undeveloped Property within the CFD, up to 100% of the Maximum Annual Facilities Special Tax for each Parcel of Undeveloped Property for such Fiscal Year;

Step 3: If additional revenue is needed after applying the first two steps, the Annual Facilities Special Tax shall be levied Proportionately on each Assessor's Parcel of Taxable Public Property, up to 100% of the Maximum Annual Facilities Special Tax assigned to each Parcel of Taxable Public Property.

3. Annual Maintenance Special Tax

Commencing with Fiscal Year 2004-05 and for each following Fiscal Year, the Administrator shall determine the Maintenance Special Tax Requirement for the Fiscal Year. The Annual Maintenance Special Tax shall then be levied on all Parcels of Taxable Property as follows:

Step 1: The Annual Maintenance Special Tax shall be levied Proportionately on each Parcel of Developed Property within the CFD up to 100% of the Maximum Annual Maintenance Special Tax for each Parcel for such Fiscal Year;

Step 2: If additional revenue is needed after Step 1, the Annual Maintenance Special Tax shall be levied Proportionately on each Assessor's Parcel of Undeveloped

Property within the CFD, up to 100% of the Maximum Annual Maintenance Special Tax for each Parcel of Undeveloped Property for such Fiscal Year;

Step 3: If additional revenue is needed after applying the first two steps, the Annual Maintenance Special Tax shall be levied Proportionately on each Assessor's Parcel of Taxable Public Property, up to 100% of the Maximum Annual Maintenance Special Tax assigned to each Parcel of Taxable Public Property.

F. COLLECTION OF SPECIAL TAX

The Maximum One-Time Facilities Special Tax shall be collected prior to a building permit being issued for new construction of any residential or non-residential structure on Taxable Property within CFD No. 2004-1, and shall be immediately delinquent if not so paid.

The Annual Facilities Special Tax and Annual Maintenance Special Tax for CFD No. 2004-1 shall be collected in the same manner and at the same time as ordinary ad valorem property taxes, provided, however, that prepayments are permitted as set forth in Section H below and provided further that the City may directly bill, collect at a different time or in a different manner, and/or collect delinquent Annual Facilities Special Taxes and Annual Maintenance Special Taxes through foreclosure or other available methods.

The Annual Facilities Special Tax shall be levied and collected until principal and interest on Bonds have been repaid, costs of constructing or acquiring Authorized Facilities from Annual Facilities Special Tax proceeds have been paid, and all Administrative Expenses have been reimbursed. However, in no event shall an Annual Facilities Special Tax be levied after Fiscal Year 2060-61. The Annual Maintenance Special Tax will continue to be levied and collected unless and until the City determines that the Annual Maintenance Special Tax no longer needs to be levied to pay Authorized Services of the CFD and all Administrative Expenses have been reimbursed. Under no circumstances may the Annual Facilities Special Tax on one Parcel in the CFD be increased by more than ten percent (10%) as a consequence of delinquency or default in payment of the Annual Facilities Special Tax levied on another Parcel or Parcels in the CFD.

G. EXEMPTIONS

Notwithstanding any other provision of this Rate and Method of Apportionment of Special Taxes, no Special Taxes shall be levied on Public Property, except Taxable Public Property, as defined herein.

H. PREPAYMENT OF SPECIAL TAX

The following definitions apply to this Section H:

“Outstanding Bonds” means all Previously Issued Bonds which remain outstanding, with the following exception: if an Annual Facilities Special Tax has been levied against, or already paid by, an Assessor's Parcel making a prepayment, and a portion of the Annual Facilities Special Tax will be used to pay a portion of the next principal payment on the Bonds that remain outstanding (as determined by the Administrator), that next principal payment shall be subtracted from the total Bond principal that remains

outstanding, and the difference shall be used as the amount of Outstanding Bonds for purposes of this prepayment formula.

“Previously Issued Bonds” means all Bonds that have been issued on behalf of the CFD prior to the date of prepayment.

“Public Facilities Requirements” means either \$1,327,000 in 2004 dollars, which shall increase on January 1, 2005, and on each January 1 thereafter by the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or such other number as shall be determined by the City as sufficient to fund Authorized Facilities. The Public Facilities Requirements shown above shall be adjusted or a separate Public Facilities Requirements identified each time property annexes into CFD No. 2004-1; at no time shall the added Public Facilities Requirement for the annexation area exceed the amount of public improvement costs that are expected to be supportable by the Maximum Annual Facilities Special Tax generated within that annexation area.

“Remaining Facilities Costs” means the Public Facilities Requirements (as defined above), minus costs of Authorized Facilities funded by Outstanding Bonds (as defined above), developer equity, and/or any other source of funding.

The Annual Facilities Special Tax obligation applicable to an Assessor’s Parcel in the CFD may be prepaid and the obligation of the Assessor’s Parcel to pay the Annual Facilities Special Tax permanently satisfied as described herein, provided that a prepayment may be made only if there are no delinquent Annual Facilities Special Taxes with respect to such Assessor’s Parcel at the time of prepayment. The Annual Maintenance Special Tax may not be prepaid. An owner of an Assessor’s Parcel intending to prepay the Annual Facilities Special Tax obligation shall provide the City with written notice of intent to prepay. Within 30 days of receipt of such written notice, the City or its designee shall notify such owner of the prepayment amount for such Assessor’s Parcel. Prepayment must be made not less than 75 days prior to any redemption date for Bonds to be redeemed with the proceeds of such prepaid Annual Facilities Special Taxes. The Prepayment Amount shall be calculated as follows: (capitalized terms as defined below):

	Bond Redemption Amount
plus	Remaining Facilities Amount
plus	Redemption Premium
plus	Defeasance Requirement
plus	Administrative Fees and Expenses
less	<u>Reserve Fund Credit</u>
equals	Prepayment Amount

As of the proposed date of prepayment, the Prepayment Amount shall be determined by application of the following steps:

- Step 1:** Compute the total Maximum Annual Facilities Special Tax that could be collected from the Assessor’s Parcel prepaying the Annual Facilities Special Tax in the Fiscal Year in which prepayment would be received by the City.

- Step 2:** Divide the Maximum Annual Facilities Special Tax from Step 1 by the total amount that could be collected if the Maximum Annual Facilities Special Tax was levied on all Parcels of Taxable Property in the CFD.
- Step 3:** Multiply the quotient computed pursuant to Step 2 by the Outstanding Bonds to compute the amount of Outstanding Bonds to be retired and prepaid (the **"Bond Redemption Amount"**).
- Step 4:** Compute the current Remaining Facilities Costs (if any).
- Step 5:** Multiply the quotient computed pursuant to Step 2 by the amount determined pursuant to Step 4 to compute the amount of Remaining Facilities Costs to be prepaid (the **"Remaining Facilities Amount"**).
- Step 6:** Multiply the Bond Redemption Amount computed pursuant to Step 3 by the applicable redemption premium, if any, on the Outstanding Bonds to be redeemed (the **"Redemption Premium"**).
- Step 7:** Compute the amount needed to pay interest on the Bond Redemption Amount starting with the first Bond interest payment date after which the prepayment has been received until the earliest redemption date for the Outstanding Bonds, which, depending on the Bond offering document, may be as early as the next interest payment date.
- Step 8:** Compute the amount of interest the City reasonably expects to derive from reinvestment of the Bond Redemption Amount plus the Redemption Premium from the first Bond interest payment date after which the prepayment has been received until the redemption date for the Outstanding Bonds.
- Step 9:** Take the amount computed pursuant to Step 7 and subtract the amount computed pursuant to Step 8 (the **"Defeasance Requirement"**).
- Step 10:** Determine the costs of computing the prepayment amount, the costs of redeeming Bonds, and the costs of recording any notices to evidence the prepayment and the redemption (the **"Administrative Fees and Expenses"**).
- Step 11:** If and to the extent so provided in the indenture pursuant to which the Outstanding Bonds to be redeemed were issued, a reserve fund credit shall be calculated as a reduction in the applicable reserve fund for the Outstanding Bonds to be redeemed pursuant to the prepayment (the **"Reserve Fund Credit"**).
- Step 12:** The Annual Facilities Special Tax prepayment is equal to the sum of the amounts computed pursuant to Steps 3, 5, 6, 9, and 10, less the amount computed pursuant to Step 11 (the **"Prepayment Amount"**).

If an owner that has prepaid the Annual Facilities Special Tax obligation assigned to a Parcel subsequently rezones the Parcel to a Land Use Class that has a higher Per-Acre Annual Facilities Special Tax, the City may in its sole discretion and as a condition of approval of the rezoning, collect the additional Annual Facilities Special Tax prepayment that would have applied had the Parcel been rezoned at the time of the original prepayment for the Parcel.

I. INTERPRETATION OF SPECIAL TAX FORMULA

The City reserves the right to make minor administrative and technical changes to this document that does not materially affect the Rate and Method of Apportionment of Special Taxes. In addition, the interpretation and application of any section of this document shall be left to the City's discretion. Interpretations may be made by the City by ordinance or resolution for purposes of clarifying any vagueness or ambiguity in this Rate and Method of Apportionment of Special Taxes.

NOW, THEREFORE, the City Council of the City of Modesto DOES ORDAIN as follows:

SECTION 1. The above recitals are true and correct and this Council so finds and determines.

SECTION 2. By the passage of this Ordinance, this Council authorizes and levies the special taxes within the District pursuant to Sections 53328 and 53340 of the Act, at the rates and in accordance with the method of apportionment set forth in Exhibit A hereto (the "Rate and Method of Apportionment"). Each of the components of the special taxes (being the One-Time Facilities Special Tax, the Annual Facilities Special Tax, and the Annual Maintenance Special Tax, all as defined in Exhibit A) is levied commencing in Fiscal Year 2004-05, and in each Fiscal Year thereafter until the date at which such component of the special taxes may no longer be validly levied, which, in the case of the Annual Facilities Tax , is after Fiscal Year 2060-61.

SECTION 3. The District Administrator is authorized and directed each Fiscal Year to determine the special taxes to be levied for the next ensuing Fiscal Year for each parcel of real property within the District, in the manner and as provided in the Rate and Method of Apportionment. The District Administrator shall deliver a certified copy of the Ordinance to the Auditor - Controller of the County of Stanislaus, and for each year, commencing Fiscal Year 2004-05 for which the special taxes will be validly levied, appropriate documentation related to the placement of such special taxes on the Stanislaus County tax roll.

SECTION 4. Properties or entities of the State, federal or local governments are exempt from the levy of the special taxes to the extent set forth in the Rate and Method of Apportionment. In no event shall the special taxes be levied on any parcel within the District in excess of the maximum taxes specified in the Rate and Method of Apportionment.

SECTION 5. All of the collections of the special taxes shall be used as provided for in the Act and the Resolution of Formation.

SECTION 6. The Annual Facilities Special Tax and the Annual Maintenance Special Tax shall be collected on the secured real property tax roll in the same manner as ordinary *ad valorem* taxes are collected. These special taxes shall have the same lien priority, and be subject to the same penalties and the same procedure and sale in cases of delinquency as provided for *ad valorem* taxes. In addition, the provisions of Section 53356.1 of the Act shall apply to delinquent tax payments of those special taxes. The District Administrator is authorized and directed to provide all necessary information to the Treasurer-Tax Collector of Stanislaus County and to otherwise take all actions necessary in order to effect proper billing and collection of these special taxes, so that these special taxes are levied and collected in sufficient amounts and at times necessary to satisfy the financial obligations of the District in each Fiscal Year.

Notwithstanding the foregoing, the District Administrator may collect one or more installments of such special taxes by means of direct billing of the property owners within the District if, in the judgment of such officer, such means of collection will reduce the burden of administering the District or is otherwise appropriate in the circumstances. In such event, those special taxes will become delinquent if not paid when due as set forth in any such billing to the property owners.

The Maximum One-Time Facilities Special Tax shall be collected prior to a building permit being issued for new construction of any residential or non-residential structure on Taxable Property within the District, and shall be immediately delinquent if not paid.

SECTION 7. If for any reason any portion of this Ordinance is found to be invalid or any component of the special taxes is found to be inapplicable to any particular parcel within the District, by a court of competent jurisdiction, the balance of this Ordinance and the application of the other components of the special taxes to that parcel, and the application of the special taxes to the remaining parcels within the District, shall not be affected.

SECTION 8. This Ordinance shall be effective after thirty (30) days from its final passage and adoption.

SECTION 9. At least two (2) days prior to its final adoption, copies of this Ordinance shall be posted in at least three (3) prominent and distinct locations in the City; and a notice shall be published once in *The Modesto Bee*, the official newspaper of the City of Modesto, setting forth the title of this Ordinance, the date of its introduction and the places where this Ordinance is posted.

"Tax Zone #1" means the geographic area that is designated in Attachment 1 of this Rate and Method of Apportionment of Special Tax as Tax Zone #1. Tax Zone #1 may be expanded to include additional Original Parcels that annex to CFD No. 2004-1; Attachments 1 and 2 will be updated each time such an annexation takes place.

B. DATA FOR ANNUAL ADMINISTRATION

On or about July 1 of each Fiscal Year, the Administrator shall identify the current Assessor’s Parcel numbers for all Parcels of Taxable Property in CFD No. 2004-1. The Administrator shall also determine: (i) the Tax Zone within which each Parcel of Taxable Property is located, (ii) whether each Assessor’s Parcel of Taxable Property is Developed Property or Undeveloped Property, (iii) which Parcels are Commercial Property, Industrial Property, Multi-Family Property, Low Density Residential Property, and Village Residential Property (the City shall, in its sole discretion, determine the appropriate Land Use Class for Parcels on which a structure was built prior to CFD Formation), (iv) the Net Taxable Acreage of each Parcel, and (v) the Annual Facilities Special Tax Requirement and the Annual Maintenance Special Tax Requirement.

In any Fiscal Year, if it is determined that (i) a parcel map for a portion of property in CFD No. 2004-1 was recorded after January 1 of the prior Fiscal Year (or any other date after which the Assessor will not incorporate the newly-created Parcels into the then current tax roll), (ii) because of the date the parcel map was recorded, the Assessor does not yet recognize the new Parcels created by the parcel map, and (iii) one or more of the newly-created Parcels meets the definition of Developed Property, the Administrator shall calculate the Special Tax for the property affected by recordation of the parcel map by determining the Special Tax that applies separately to each newly-created Parcel, then applying the sum of the individual Special Taxes to the Original Parcel or Successor Parcel that was subdivided by recordation of the parcel map.

C. CALCULATING MAXIMUM SPECIAL TAXES

The Administrator shall use the procedures set forth below to calculate the Maximum Special Taxes for each Parcel in CFD No. 2004-1 in each Fiscal Year, including the Maximum One-Time Facilities Special Tax, Maximum Annual Facilities Special Tax, and Maximum Annual Maintenance Special Tax. A separate method of calculating the Maximum Special Taxes may be identified for Tax Zones or Improvement Areas added to CFD No. 2004-1 as a result of future annexations. The Per-Acre Special Taxes set forth in Table 1 below shall be used for purposes of Sections C.1 and C.2 below:

Table 1
Per-Acre Special Taxes
Fiscal Year 2004-05 *

Land Use Class	Per-Acre Special Tax: One-Time Facilities Special Tax	Per-Acre Special Tax: Annual Facilities Special Tax	Per-Acre Special Tax: Annual Maintenance Special Tax
Low Density Residential Property	\$13,342 per Net Taxable Acre	\$3,517 per Net Taxable Acre	\$525 per Net Taxable Acre
Village Residential Property	\$30,281 per Net Taxable Acre	\$6,405 per Net Taxable Acre	\$1,233 per Net Taxable Acre
Multi-Family Property	\$101,437 per Net Taxable Acre	\$7,222 per Net Taxable Acre	\$4,020 per Net Taxable Acre
Commercial Property	\$52,102 per Net Taxable Acre	\$3,570 per Net Taxable Acre	\$920 per Net Taxable Acre
Industrial Property	\$13,103 per Net Taxable Acre	\$2,550 per Net Taxable Acre	\$920 per Net Taxable Acre

** All Per-Acre Special Taxes shown in Table 1 are subject to the annual adjustments described in Section D below.*

1. Original Parcels

The Maximum Special Taxes for each Land Use Class in the Original Parcel in CFD No. 2004-1 as of CFD Formation is identified in Attachment 2. Attachment 2 will be updated by the Administrator as needed to reflect Original Parcels added to the CFD due to annexations. Until an Original Parcel is subdivided, the Maximum Special Taxes shown in Attachment 2 (escalated as set forth herein) shall be the Maximum Special Taxes for the Parcel unless the zoning on the Original Parcel changes to a Land Use Class that has higher Per-Acre Special Taxes, as shown in Table 1 above. Upon approval of such change in zoning by the City Council, the Administrator shall multiply the applicable Per-Acre Special Taxes by the Net Taxable Acreage of each Land Use Class that is expected on the Parcel based on the rezone. The Administrator shall then update Attachment 2 to reflect the higher Maximum Special Taxes for the Parcel. If a rezone results in a Land Use Class that has a lower Per-Acre Special Tax than the previous Expected Land Uses, there shall be no corresponding reduction in the Maximum Special Taxes for the Parcel. The potential reduction in Maximum Special Tax revenues must be considered separately for each Special Tax Category. If the rezone would cause a reduction in the Maximum Special Tax revenues in any Special Tax Category, the Maximum Special Tax identified for that Special Tax Category shall remain the same as originally assigned to the Original Parcel.

2. **Successor Parcels**

a. ***All Successor Parcels are Single Family Detached Lots***

If the Parcels created by a recorded Subdivision Map are all Single Family Detached Lots, the Administrator shall apply the following steps to allocate the Maximum Special Taxes for the Original Parcel to each of the Successor Parcels created by the subdivision:

Step 1: Determine the greater of (i) the Maximum Special Taxes assigned to each Expected Land Use for the Original Parcel, or (ii) the Net Taxable Acreage of Low Density Residential Property and/or Village Residential Property within the Subdivision Map multiplied by the Per-Acre Special Taxes for such Land Use Classes from Table 1 above. If the Subdivision Map includes both Low Density Residential Property and Village Residential Property, separately calculate the amount that applies to each Land Use Class.

Step 2: Separately for any Low Density Residential Property and Village Residential Property created by the Subdivision Map, divide the Maximum Special Taxes from Step 1 by the number of Successor Parcels to determine the Maximum Special Taxes for each Single Family Detached Lot.

b. ***No Successor Parcels are Single Family Detached Lots***

If none of the Successor Parcels created by recordation of a Subdivision Map are Single Family Detached Lots, the Administrator shall apply the following steps to allocate the Maximum Special Taxes assigned to the Original Parcel to each of the Successor Parcels:

Step 1: Identify the Expected Land Uses for the Original Parcel.

Step 2: Determine the Net Taxable Acreage within each Land Use Class created by the Subdivision Map.

Step 3: If the Net Taxable Acreage of each Land Use Class from Step 2 is the same as the Expected Land Uses, the Maximum Special Taxes assigned to each of the Expected Land Uses on the Original Parcel shall be allocated to the Successor Parcels based on the Acreage of each Land Use Class that occurs on each Successor Parcel.

Step 4: If the Net Taxable Acreage within each Land Use Class from Step 2 is different than the Expected Land Uses for the Original Parcel, the Administrator shall apply the following steps **separately for each Special Tax Category:**

Step 4a. Multiply the applicable Per-Acre Special Tax by the Net Taxable Acreage of each Land Use Class created by the Subdivision Map.

Step 4b. If the amount calculated in Step 4a is **greater than** the Maximum Special Tax assigned to the Original Parcel, multiply the Net Taxable Acreage of each Land Use Class on each Successor Parcel by the applicable Per-Acre Special Tax from Table 1 above to determine the Maximum Special Tax for each Successor Parcel.

Step 4c. If the amount calculated in Step 4a is **less than** the Maximum Special Tax assigned to the Original Parcel: (i) identify the Maximum Special Tax that was assigned to each of the Expected Land Uses on the Parcel, (ii) divide the Maximum Special Tax for each Land Use Class by the Net Taxable Acreage of each Land Use Class actually created by the Subdivision Map, and (iii) multiply the per-acre Maximum Special Tax calculated in (ii) by the Net Taxable Acreage of each Land Use Class on each Successor Parcel to determine the Maximum Special Tax for each Parcel.

If the Land Use Classes on a Successor Parcel or Parcels are different than the Expected Land Uses for that Parcel(s) and such difference would result in a reduction in the Maximum Special Tax assigned to the Original Parcel for any Special Tax Category, the Maximum Special Tax assigned to the Original Parcel shall either be distributed equally on a per-acre basis to the Successor Parcels or, if multiple Land Use Classes are created by the Subdivision Map, the Maximum Special Tax from the Original Parcel shall be distributed to each Land Use Class so that the per-acre tax for each Land Use Class has the same proportional relationship as the Per-Acre Special Taxes in Table 1 above.

If, after subdivision of an Original Parcel, a Successor Parcel is further subdivided, the Successor Parcel shall be treated as an Original Parcel for purposes of allocating Maximum Special Taxes pursuant to Section C.2a, C.2b, or C.2c, as appropriate.

c. *Some, But Not All, Successor Parcels are Single Family Detached Lots*

If a Subdivision Map divides an Original Parcel into Successor Parcels, of which some are Single Family Detached Lots and some are not, the Administrator shall (i) break out the Net Taxable Acreage of Low Density Residential Property and/or Village Residential Property separately from the Net Taxable Acreage of other Land Use Classes, (ii) for the Low Density Residential Property and/or Village

Residential Property created by the Subdivision Map, apply the steps in Section C.2a to determine the Maximum Special Taxes for each Single Family Detached Lot, and (iii) apply the steps in Section C.2b above to determine the Maximum Special Taxes for Land Use Classes other than Low Density Residential Property and Village Residential Property.

If, after subdivision of an Original Parcel, a Successor Parcel is further subdivided, the Successor Parcel shall be treated as an Original Parcel for purposes of allocating Maximum Special Taxes pursuant to Section C.2a, C.2b, or C.2c, as appropriate.

After each reallocation of the Maximum Special Taxes upon subdivision or reconfiguration of Original Parcels, the sum of the Maximum Special Taxes assigned to Successor Parcels shall never be less, but may be more, than the Maximum Special Taxes assigned to the Original Parcels prior to such reallocation.

D. ESCALATION OF MAXIMUM SPECIAL TAXES

1. One-Time Facilities Special Tax

Beginning in January 2005 and each January thereafter, the Maximum One-Time Facilities Special Tax assigned to each Parcel and the Per-Acre Special Tax shown in Table 1 above shall be adjusted annually by the greater of (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or (ii) four percent (4.0%). Each annual adjustment of the One-Time Facilities Special Tax shall become effective on the subsequent July 1.

2. Annual Facilities Special Tax

Beginning in Fiscal Year 2005-06, and each Fiscal Year thereafter, the Maximum Annual Facilities Special Tax assigned to each Parcel and the Per-Acre Special Tax shown in Table 1 above shall be increased by two percent (2%) of the amount in effect in the prior Fiscal Year.

3. Annual Maintenance Special Tax

Beginning in January 2005 and each January thereafter, the Maximum Annual Maintenance Special Tax assigned to each Parcel and the Per-Acre Special Tax shown in Table 1 above shall be adjusted annually by the greater of (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or (ii) four percent (4.0%). Each annual adjustment of the Maximum Annual Maintenance Special Tax shall become effective on the subsequent July 1.

E. METHOD OF LEVY OF THE SPECIAL TAX

1. One-Time Facilities Special Tax

The Maximum One-Time Facilities Special Tax determined pursuant to Sections C and D above shall be levied on all Taxable Property in CFD No. 2004-1 and shall be collected as set forth in Section F below.

2. Annual Facilities Special Tax

Commencing with Fiscal Year 2004-05 and for each following Fiscal Year, the Administrator shall determine the Annual Facilities Special Tax Requirement for the Fiscal Year. The Annual Facilities Special Tax shall then be levied on all Parcels of Taxable Property in CFD No. 2004-1 as follows:

Step 1: The Annual Facilities Special Tax shall be levied Proportionately on each Parcel of Developed Property within the CFD up to 100% of the Maximum Annual Facilities Special Tax for each Parcel for such Fiscal Year until the amount levied on Developed Property is equal to the Special Tax Requirement prior to applying any Capitalized Interest that is available in the CFD accounts;

Step 2: If additional revenue is needed after Step 1, and after applying Capitalized Interest to the Annual Facilities Special Tax Requirement, the Annual Facilities Special Tax shall be levied Proportionately on each Assessor's Parcel of Undeveloped Property within the CFD, up to 100% of the Maximum Annual Facilities Special Tax for each Parcel of Undeveloped Property for such Fiscal Year;

Step 3: If additional revenue is needed after applying the first two steps, the Annual Facilities Special Tax shall be levied Proportionately on each Assessor's Parcel of Taxable Public Property, up to 100% of the Maximum Annual Facilities Special Tax assigned to each Parcel of Taxable Public Property.

3. Annual Maintenance Special Tax

Commencing with Fiscal Year 2004-05 and for each following Fiscal Year, the Administrator shall determine the Maintenance Special Tax Requirement for the Fiscal Year. The Annual Maintenance Special Tax shall then be levied on all Parcels of Taxable Property as follows:

Step 1: The Annual Maintenance Special Tax shall be levied Proportionately on each Parcel of Developed Property within the CFD up to 100% of the Maximum Annual Maintenance Special Tax for each Parcel for such Fiscal Year;

Step 2: If additional revenue is needed after Step 1, the Annual Maintenance Special Tax shall be levied Proportionately on each Assessor's Parcel of Undeveloped Property within the CFD, up to 100% of the Maximum Annual Maintenance Special Tax for each Parcel of Undeveloped Property for such Fiscal Year;

Step 3: If additional revenue is needed after applying the first two steps, the Annual Maintenance Special Tax shall be levied Proportionately on each Assessor's Parcel of Taxable Public Property, up to 100% of the Maximum Annual Maintenance Special Tax assigned to each Parcel of Taxable Public Property.

F. COLLECTION OF SPECIAL TAX

The Maximum One-Time Facilities Special Tax shall be collected prior to a building permit being issued for new construction of any residential or non-residential structure on Taxable Property within CFD No. 2004-1, and shall be immediately delinquent if not so paid.

The Annual Facilities Special Tax and Annual Maintenance Special Tax for CFD No. 2004-1 shall be collected in the same manner and at the same time as ordinary ad valorem property taxes, provided, however, that prepayments are permitted as set forth in Section H below and provided further that the City may directly bill, collect at a different time or in a different manner, and/or collect delinquent Annual Facilities Special Taxes and Annual Maintenance Special Taxes through foreclosure or other available methods.

The Annual Facilities Special Tax shall be levied and collected until principal and interest on Bonds have been repaid, costs of constructing or acquiring Authorized Facilities from Annual Facilities Special Tax proceeds have been paid, and all Administrative Expenses have been reimbursed. However, in no event shall an Annual Facilities Special Tax be levied after Fiscal Year 2060-61. The Annual Maintenance Special Tax will continue to be levied and collected unless and until the City determines that the Annual Maintenance Special Tax no longer needs to be levied to pay Authorized Services of the CFD and all Administrative Expenses have been reimbursed. Under no circumstances may the Annual Facilities Special Tax on one Parcel in the CFD be increased by more than ten percent (10%) as a consequence of delinquency or default in payment of the Annual Facilities Special Tax levied on another Parcel or Parcels in the CFD.

G. EXEMPTIONS

Notwithstanding any other provision of this Rate and Method of Apportionment of Special Taxes, no Special Taxes shall be levied on Public Property, except Taxable Public Property, as defined herein.

H. PREPAYMENT OF SPECIAL TAX

The following definitions apply to this Section H:

"Outstanding Bonds" means all Previously Issued Bonds which remain outstanding, with the following exception: if an Annual Facilities Special Tax has been levied against, or already paid by, an Assessor's Parcel making a prepayment, and a portion of the Annual Facilities Special Tax will be used to pay a portion of the next principal payment on the Bonds that remain outstanding (as determined by the Administrator), that next principal payment shall be subtracted from the total Bond principal that remains outstanding, and the difference shall be used as the amount of Outstanding Bonds for purposes of this prepayment formula.

“Previously Issued Bonds” means all Bonds that have been issued on behalf of the CFD prior to the date of prepayment.

“Public Facilities Requirements” means either \$1,327,000 in 2004 dollars, which shall increase on January 1, 2005, and on each January 1 thereafter by the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or such other number as shall be determined by the City as sufficient to fund Authorized Facilities. The Public Facilities Requirements shown above shall be adjusted or a separate Public Facilities Requirements identified each time property annexes into CFD No. 2004-1; at no time shall the added Public Facilities Requirement for the annexation area exceed the amount of public improvement costs that are expected to be supportable by the Maximum Annual Facilities Special Tax generated within that annexation area.

“Remaining Facilities Costs” means the Public Facilities Requirements (as defined above), minus costs of Authorized Facilities funded by Outstanding Bonds (as defined above), developer equity, and/or any other source of funding.

The Annual Facilities Special Tax obligation applicable to an Assessor’s Parcel in the CFD may be prepaid and the obligation of the Assessor’s Parcel to pay the Annual Facilities Special Tax permanently satisfied as described herein, provided that a prepayment may be made only if there are no delinquent Annual Facilities Special Taxes with respect to such Assessor’s Parcel at the time of prepayment. The Annual Maintenance Special Tax may not be prepaid. An owner of an Assessor’s Parcel intending to prepay the Annual Facilities Special Tax obligation shall provide the City with written notice of intent to prepay. Within 30 days of receipt of such written notice, the City or its designee shall notify such owner of the prepayment amount for such Assessor’s Parcel. Prepayment must be made not less than 75 days prior to any redemption date for Bonds to be redeemed with the proceeds of such prepaid Annual Facilities Special Taxes. The Prepayment Amount shall be calculated as follows: (capitalized terms as defined below):

	Bond Redemption Amount
plus	Remaining Facilities Amount
plus	Redemption Premium
plus	Defeasance Requirement
plus	Administrative Fees and Expenses
less	<u>Reserve Fund Credit</u>
equals	Prepayment Amount

As of the proposed date of prepayment, the Prepayment Amount shall be determined by application of the following steps:

- Step 1:** Compute the total Maximum Annual Facilities Special Tax that could be collected from the Assessor’s Parcel prepaying the Annual Facilities Special Tax in the Fiscal Year in which prepayment would be received by the City.

- Step 2:* Divide the Maximum Annual Facilities Special Tax from Step 1 by the total amount that could be collected if the Maximum Annual Facilities Special Tax was levied on all Parcels of Taxable Property in the CFD.
- Step 3:* Multiply the quotient computed pursuant to Step 2 by the Outstanding Bonds to compute the amount of Outstanding Bonds to be retired and prepaid (the "**Bond Redemption Amount**").
- Step 4:* Compute the current Remaining Facilities Costs (if any).
- Step 5:* Multiply the quotient computed pursuant to Step 2 by the amount determined pursuant to Step 4 to compute the amount of Remaining Facilities Costs to be prepaid (the "**Remaining Facilities Amount**").
- Step 6:* Multiply the Bond Redemption Amount computed pursuant to Step 3 by the applicable redemption premium, if any, on the Outstanding Bonds to be redeemed (the "**Redemption Premium**").
- Step 7:* Compute the amount needed to pay interest on the Bond Redemption Amount starting with the first Bond interest payment date after which the prepayment has been received until the earliest redemption date for the Outstanding Bonds, which, depending on the Bond offering document, may be as early as the next interest payment date.
- Step 8:* Compute the amount of interest the City reasonably expects to derive from reinvestment of the Bond Redemption Amount plus the Redemption Premium from the first Bond interest payment date after which the prepayment has been received until the redemption date for the Outstanding Bonds.
- Step 9:* Take the amount computed pursuant to Step 7 and subtract the amount computed pursuant to Step 8 (the "**Defeasance Requirement**").
- Step 10:* Determine the costs of computing the prepayment amount, the costs of redeeming Bonds, and the costs of recording any notices to evidence the prepayment and the redemption (the "**Administrative Fees and Expenses**").
- Step 11:* If and to the extent so provided in the indenture pursuant to which the Outstanding Bonds to be redeemed were issued, a reserve fund credit shall be calculated as a reduction in the applicable reserve fund for the Outstanding Bonds to be redeemed pursuant to the prepayment (the "**Reserve Fund Credit**").
- Step 12:* The Annual Facilities Special Tax prepayment is equal to the sum of the amounts computed pursuant to Steps 3, 5, 6, 9, and 10, less the amount computed pursuant to Step 11 (the "**Prepayment Amount**").

If an owner that has prepaid the Annual Facilities Special Tax obligation assigned to a Parcel subsequently rezones the Parcel to a Land Use Class that has a higher Per-Acre Annual Facilities Special Tax, the City may in its sole discretion and as a condition of approval of the rezoning,

collect the additional Annual Facilities Special Tax prepayment that would have applied had the Parcel been rezoned at the time of the original prepayment for the Parcel.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2004-681**

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF
MODESTO CLARIFYING RATE AND METHOD OF APPORTIONMENT OF
SPECIAL TAXES FOR COMMUNITY FACILITIES DISTRICT NO. 2004-1
(VILLAGE ONE #2)**

WHEREAS, this Council has, pursuant to its Resolution No. 2004-127, "A Resolution of the City Council of the City of Modesto of Intention to Establish City of Modesto Community Facilities District No. 2004-1 (Village One #2) and Authorize the Levy of Special Taxes Therein," adopted on March 2, 2004, conducted proceedings for the formation of the City's Community Facilities District No. 2004-1 (Village One #2) (the "District") pursuant to Chapter 3.5 of Division 2 of Title 5 (commencing with Section 53311) of the California Government Code, commonly known as the "Mello-Roos Community Facilities Act of 1982" (the "Act"); and

WHEREAS, following the approval of the special taxes by the qualified electors in the District, this Council, by its Ordinance No. 3345-C.S., "An Ordinance of the City Council of the City of Modesto Authorizing the Levy of Special Taxes within City of Modesto Community Facilities District No. 2004-1 (Village One #2)," adopted on April 27, 2004, authorized the levy of the special taxes; the special taxes are set forth in Exhibit A to Ordinance No. 3345-C.S. (the "Rate and Method"); and

WHEREAS, the obligation to pay the special taxes has, pursuant to the Act, become a lien upon all nonexempt real property within the District as a result of the recordation, in the office of the Stanislaus County Recorder, of a Notice of Special Tax Lien to which the Rate and Method is also attached as Exhibit A; and

WHEREAS, Section C.1 of the Rate and Method provides that, until an Original Parcel is subdivided, the Maximum Special Taxes as set forth therein will be the Maximum Special Taxes for the Parcel and that, in the event a rezoning of the Parcel results in a Land Use Class that has a lower Per-Acre Special Tax than the previous Expected Land Uses, there shall be no corresponding reduction in the Maximum Special Taxes for the Parcel (capitalized terms used herein being defined in Exhibit A); "Expected Land Uses," as defined in Exhibit A, means the "Net Taxable Acreage of each Land Use Class expected on an Original Parcel in CFD No. 2004-1 based on reference to the Expected Land Use Map," also therein defined, such map (entitled "Village One Zoning of Unvested Properties," dated February 21, 2003) having been filed with the District Administrator and the City Clerk as a part of the District proceedings; and

WHEREAS, a question has arisen as to whether an exception should be made from the levy of the Maximum Special Taxes on an Original Parcel based on the Expected Land Use Map in the event a rezoning of the Parcel, that results in a Land Use Class that has a lower Per-Acre Special Tax than the previous Expected Land Uses, occurs prior to the Parcel becoming a part of the District; and

WHEREAS, Section I of the Rate and Method allows for interpretations thereof to be made by resolution of this Council for the purpose of clarifying any vagueness or ambiguity therein; and

NOW, THEREFORE, BE IT RESOLVED, ORDERED AND FOUND, by the City Council of the City of Modesto that:

SECTION 1. The foregoing recitals are true and correct.

SECTION 2. The Maximum Special Taxes, as set forth in the Rate and Method, were based on the estimate of the costs of the facilities and services authorized to be financed by the Maximum Special Taxes; and those costs were developed based upon the Expected Land Uses set forth on the Expected Land Use Map. The facilities are those which this Council determined are necessary to meet increased demands placed upon the City and other local agencies as a result of development occurring within the boundaries of the District; the services are those which this Council determined are in addition to those services provided in the District before it was created and that are necessary to meet the demands placed upon the City and other local agencies as a result of such development.

SECTION 3. To allow for a reduction in the Maximum Special Taxes on an Original Parcel as a result of a rezoning, regardless whether the rezoning occurs before or after the Parcel becomes a part of the District, could result in a reduction in the amount of revenue raised therefrom, and a shortfall in the generation of monies needed to pay for the facilities and services.

SECTION 4. It is in the public interest, and in the best interests of the landowners and other interested parties in the District, to preserve the special tax revenue stream in the manner contemplated in the Rate and Method in order to pay for the cost of the facilities and services authorized to be financed by the levy thereof for the District.

SECTION 5. The Rate and Method provides that, in the event a rezoning of an Original Parcel results in a Land Use Class that has a lower Per-Acre Special Tax than the previous Expected Land Uses, there shall be no corresponding reduction in the Maximum Special Taxes for the Parcel, and that Expected Land Uses are the Net Taxable Acreage of each Land Use Class expected on an Original Parcel based on reference to the Expected Land Use Map on file with the District Administrator and City Clerk. An exception shall not be made from the application of this provision in the event the rezoning occurs prior to the Original Parcel becoming a part of the District.

SECTION 6. The City Clerk is directed to provide an executed copy of this Resolution to the District Administrator.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of December 2004, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

WHEREAS, this Council has, pursuant to its Resolution No. 2004-127, "A Resolution of the City Council of the City of Modesto of Intention to Establish City of Modesto Community Facilities District No. 2004-1 (Village One #2) and Authorize the Levy of Special Taxes Therein," adopted on March 2, 2004, conducted proceedings for the formation of the City's Community Facilities District No. 2004-1 (Village One #2) (the "District") pursuant to Chapter 3.5 of Division 2 of Title 5 (commencing with Section 53311) of the California Government Code, commonly known as the "Mello-Roos Community Facilities Act of 1982" (the "Act"); and

WHEREAS, following the approval of the special taxes by the qualified electors in the District, this Council, by its Ordinance No. 3345-C.S., "An Ordinance of the City Council of the City of Modesto Authorizing the Levy of Special Taxes within City of Modesto Community Facilities District No. 2004-1 (Village One #2)," adopted on April 27, 2004, authorized the levy of the special taxes; the special taxes being set forth in **Exhibit A** thereto (the "Rate and Method"); and

WHEREAS, the obligation to pay the special taxes has, pursuant to the Act, become a lien upon all nonexempt real property within the District as a result of the recordation, in the office of the Stanislaus County Recorder, of a Notice of Special Tax Lien to which the Rate and Method is attached as **Exhibit A**; and

WHEREAS, additional annexations to the District are contemplated; and

WHEREAS, staff has provided its report to this Council that the "One-Time Facilities Special Tax", as defined in the Rate and Method, needs to be increased due to an increase in the cost of the facilities to be financed by the One-Time Facilities Special Tax, such increase to be applicable to parcels annexed into the District subsequent to Annexation No. 5; and

WHEREAS, The One-Time Facilities Special Tax is not a special tax to pay for bond financed facilities; and

WHEREAS, this Council, having considered the staff report, wants to revise the "One-Time Facilities Special Tax" consistent with the report, and, in order to do so, wants to create within the District a Tax Zone #2 in which the increased One-Time Facilities Special Tax would be authorized to be levied; and

WHEREAS, the Rate and Method provides for the updating of Table 1 therein and Attachments 1 and 2 thereto to reflect annexations to the District, and staff has recommended that the Rate and Method be updated to reflect the parcels annexed to the District pursuant to Annexation Nos. 1 through 5; and

WHEREAS, staff has also submitted to this Council a revised Rate and Method, a copy of which is attached as Exhibit A hereto, in which the actions herein ordered have been incorporated; and

WHEREAS, the actions herein ordered will not increase the One-Time Facilities Special Tax on any parcels within the existing District, including those parcels annexed as a part of Annexation Nos. 1 through 5,

NOW, THEREFORE, BE IT RESOLVED, ORDERED AND FOUND, by the City Council of the City of Modesto, that:

SECTION 1. The foregoing recitals are true and correct.

SECTION 2. It is in the public interest, and in the best interests of the landowners and other interested parties in the District, to preserve the special tax revenue stream in a manner which will enable this City to pay for the cost of the facilities and services authorized to be financed by the levy of the special taxes in the District. The facilities are those which this Council has determined are necessary to meet increased demands placed upon the City and other local agencies as a result of development occurring within the boundaries of the District; the services are those which this Council has determined are in addition to those services provided in the District before it was created and that are necessary to meet the demands placed upon the City and other local agencies as a result of such development.

SECTION 3. There is created a Tax Zone #2 within the District, in which the special taxes heretofore authorized to be levied within the District shall be levied, except that the One-Time Facilities Special Tax is authorized to be levied at the increased rate as set forth in Exhibit A;

SECTION 4. The revised Rate and Method, set forth in **Exhibit A**, in which Tax Zone #2 is created and for which the "One-Time Facilities Special Tax" is increased, is approved.

SECTION 5. The updates to Table 1 and Attachments 1 and 2 of the Rate and Method, to reflect the parcels annexed to the District pursuant to Annexation Nos. 1 through 5, have been made in accordance with the Rate and Method, and are approved.

SECTION 6. Any subsequent proceedings for the annexation of a parcel into the District shall incorporate the revisions to the Rate and Method hereby ordered and approved, and the Amendment to the Notice of Special Tax Lien, recorded pursuant to Section 3117.5 of the California Streets and Highways Code in connection with the annexation, shall identify the Tax Zone to which the Parcel has been assigned.

“Tax Zone #1” means the geographic area that is designated in Attachment 1 of this Rate and Method of Apportionment of Special Tax as Tax Zone #1. B. DATA FOR ANNUAL ADMINISTRATION

On or about July 1 of each Fiscal Year, the Administrator shall identify the current Assessor’s Parcel numbers for all Parcels of Taxable Property in CFD No. 2004-1. The Administrator shall also determine: (i) the Tax Zone within which each Parcel of Taxable Property is located, (ii) whether each Assessor’s Parcel of Taxable Property is Developed Property or Undeveloped Property, (iii) which Parcels are Commercial Property, Industrial Property, Multi-Family Property, Low Density Residential Property, and Village Residential Property (the City shall, in its sole discretion, determine the appropriate Land Use Class for Parcels on which a structure was built prior to CFD Formation), (iv) the Net Taxable Acreage of each Parcel, and (v) the Annual Facilities Special Tax Requirement and the Annual Maintenance Special Tax Requirement.

In any Fiscal Year, if it is determined that (i) a parcel map for a portion of property in CFD No. 2004-1 was recorded after January 1 of the prior Fiscal Year (or any other date after which the Assessor will not incorporate the newly-created Parcels into the then current tax roll), (ii) because of the date the parcel map was recorded, the Assessor does not yet recognize the new Parcels created by the parcel map, and (iii) one or more of the newly-created Parcels meets the definition of

Developed Property, the Administrator shall calculate the Special Tax for the property affected by recordation of the parcel map by determining the Special Tax that applies separately to each newly-created Parcel, then applying the sum of the individual Special Taxes to the Original Parcel or Successor Parcel that was subdivided by recordation of the parcel map.

C. CALCULATING MAXIMUM SPECIAL TAXES

The Administrator shall use the procedures set forth below to calculate the Maximum Special Taxes for each Parcel in CFD No. 2004-1 in each Fiscal Year, including the Maximum One-Time Facilities Special Tax, Maximum Annual Facilities Special Tax, and Maximum Annual Maintenance Special Tax. A separate method of calculating the Maximum Special Taxes may be identified for Tax Zones or Improvement Areas added to CFD No. 2004-1 as a result of future annexations. The Per-Acre Special Taxes set forth in Table 1 below shall be used for purposes of Sections C.1 and C.2 below:

** All Per-Acre Special Taxes shown in Table 1 are subject to the annual adjustments described in Section D below.*

1. Original Parcels

The Maximum Special Taxes for each Land Use Class in the Original Parcels in CFD No. 2004-1 as of the date of adoption of this updated Rate and Method of Apportionment of Special Tax are identified in Attachment 2. Attachment 2 will be updated by the Administrator as needed to reflect Original Parcels added to the CFD due to additional annexations. Until an Original Parcel is subdivided, the Maximum Special Taxes shown in

Attachment 2 (escalated as set forth herein) shall be the Maximum Special Taxes for the Parcel unless the zoning on the Original Parcel changes to a Land Use Class that has higher Per-Acre Special Taxes, as shown in Table 1 above. Upon approval of such change in zoning by the City Council, the Administrator shall multiply the applicable Per-Acre Special Taxes by the Net Taxable Acreage of each Land Use Class that is expected on the Parcel based on the rezone. The Administrator shall then update Attachment 2 to reflect the higher Maximum Special Taxes for the Parcel. If a rezone results in a Land Use Class that has a lower Per-Acre Special Tax than the previous Expected Land Uses, there shall be no corresponding reduction in the Maximum Special Taxes for the Parcel. The potential reduction in Maximum Special Tax revenues must be considered separately for each Special Tax Category. If the rezone would cause a reduction in the Maximum Special Tax revenues in any Special Tax Category, the Maximum Special Tax identified for that Special Tax Category shall remain the same as originally assigned to the Original Parcel.

2. **Successor Parcels**

a. ***All Successor Parcels are Single Family Detached Lots***

If the Parcels created by a recorded Subdivision Map are all Single Family Detached Lots, the Administrator shall apply the following steps to allocate the Maximum Special Taxes for the Original Parcel to each of the Successor Parcels created by the subdivision:

Step 1: Determine the greater of (i) the Maximum Special Taxes assigned to each Expected Land Use for the Original Parcel, or (ii) the Net Taxable Acreage of Low Density Residential Property and/or Village Residential Property within the Subdivision Map multiplied by the Per-Acre Special Taxes for such Land Use Classes from Table 1 above. If the Subdivision Map includes both Low Density Residential Property and Village Residential Property, separately calculate the amount that applies to each Land Use Class.

Step 2: Separately for any Low Density Residential Property and Village Residential Property created by the Subdivision Map, divide the Maximum Special Taxes from Step 1 by the number of Successor Parcels to determine the Maximum Special Taxes for each Single Family Detached Lot.

b. ***No Successor Parcels are Single Family Detached Lots***

If none of the Successor Parcels created by recordation of a Subdivision Map are Single Family Detached Lots, the Administrator shall apply the following steps to allocate the Maximum Special Taxes assigned to the Original Parcel to each of the Successor Parcels:

- Step 1:** Identify the Expected Land Uses for the Original Parcel.
- Step 2:** Determine the Net Taxable Acreage within each Land Use Class created by the Subdivision Map.
- Step 3:** If the Net Taxable Acreage of each Land Use Class from Step 2 is the same as the Expected Land Uses, the Maximum Special Taxes assigned to each of the Expected Land Uses on the Original Parcel shall be allocated to the Successor Parcels based on the Acreage of each Land Use Class that occurs on each Successor Parcel.
- Step 4:** If the Net Taxable Acreage within each Land Use Class from Step 2 is different than the Expected Land Uses for the Original Parcel, the Administrator shall apply the following steps separately for each Special Tax Category:

Step 4a. Multiply the applicable Per-Acre Special Tax by the Net Taxable Acreage of each Land Use Class created by the Subdivision Map.

Step 4b. If the amount calculated in Step 4a is *greater than* the Maximum Special Tax assigned to the Original Parcel, multiply the Net Taxable Acreage of each Land Use Class on each Successor Parcel by the applicable Per-Acre Special Tax from Table 1 above to determine the Maximum Special Tax for each Successor Parcel.

Step 4c. If the amount calculated in Step 4a is *less than* the Maximum Special Tax assigned to the Original Parcel: (i) identify the Maximum Special Tax that was assigned to each of the Expected Land Uses on the Parcel, (ii) divide the Maximum Special Tax for each Land Use Class by the Net Taxable Acreage of each Land Use Class actually created by the Subdivision Map, and (iii) multiply the per-acre Maximum Special Tax calculated in (ii) by the Net Taxable Acreage of each Land Use Class on each Successor Parcel to determine the Maximum Special Tax for each Parcel.

If the Land Use Classes on a Successor Parcel or Parcels are different than the Expected Land Uses for that Parcel(s) and such difference would result in a reduction in the Maximum Special Tax assigned to the Original Parcel for any Special Tax Category, the Maximum Special Tax assigned to the Original Parcel shall either be distributed equally on a per-acre basis to the Successor Parcels or, if multiple Land Use

Classes are created by the Subdivision Map, the Maximum Special Tax from the Original Parcel shall be distributed to each Land Use Class so that the per-acre tax for each Land Use Class has the same proportional relationship as the Per-Acre Special Taxes in Table 1 above.

If, after subdivision of an Original Parcel, a Successor Parcel is further subdivided, the Successor Parcel shall be treated as an Original Parcel for purposes of allocating Maximum Special Taxes pursuant to Section C.2a, C.2b, or C.2c, as appropriate.

c. *Some, But Not All, Successor Parcels are Single Family Detached Lots*

If a Subdivision Map divides an Original Parcel into Successor Parcels, of which some are Single Family Detached Lots and some are not, the Administrator shall (i) break out the Net Taxable Acreage of Low Density Residential Property and/or Village Residential Property separately from the Net Taxable Acreage of other Land Use Classes, (ii) for the Low Density Residential Property and/or Village Residential Property created by the Subdivision Map, apply the steps in Section C.2a to determine the Maximum Special Taxes for each Single Family Detached Lot, and (iii) apply the steps in Section C.2b above to determine the Maximum Special Taxes for Land Use Classes other than Low Density Residential Property and Village Residential Property.

If, after subdivision of an Original Parcel, a Successor Parcel is further subdivided, the Successor Parcel shall be treated as an Original Parcel for purposes of allocating Maximum Special Taxes pursuant to Section C.2a, C.2b, or C.2c, as appropriate.

After each reallocation of the Maximum Special Taxes upon subdivision or reconfiguration of Original Parcels, the sum of the Maximum Special Taxes assigned to Successor Parcels shall never be less, but may be more, than the Maximum Special Taxes assigned to the Original Parcels prior to such reallocation.

D. ESCALATION OF MAXIMUM SPECIAL TAXES

1. One-Time Facilities Special Tax

Beginning in January 2005 and each January thereafter, the Maximum One-Time Facilities Special Tax assigned to each Parcel and the Per-Acre Special Tax shown in Table 1 above shall be adjusted annually by the greater of (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or (ii) four percent (4.0%). Each annual adjustment of the One-Time Facilities Special Tax shall become effective on the subsequent July 1.

2. Annual Facilities Special Tax

Beginning in Fiscal Year 2005-06, and each Fiscal Year thereafter, the Maximum Annual Facilities Special Tax assigned to each Parcel and the Per-Acre Special Tax shown in Table 1 above shall be increased by two percent (2%) of the amount in effect in the prior Fiscal Year.

3. Annual Maintenance Special Tax

Beginning in January 2005 and each January thereafter, the Maximum Annual Maintenance Special Tax assigned to each Parcel and the Per-Acre Special Tax shown in Table 1 above shall be adjusted annually by the greater of (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or (ii) four percent (4.0%). Each annual adjustment of the Maximum Annual Maintenance Special Tax shall become effective on the subsequent July 1.

E. METHOD OF LEVY OF THE SPECIAL TAX

1. One-Time Facilities Special Tax

The Maximum One-Time Facilities Special Tax determined pursuant to Sections C and D above shall be levied on all Taxable Property in CFD No. 2004-1 and shall be collected as set forth in Section F below.

2. Annual Facilities Special Tax

Commencing with Fiscal Year 2004-05 and for each following Fiscal Year, the Administrator shall determine the Annual Facilities Special Tax Requirement for the Fiscal Year. The Annual Facilities Special Tax shall then be levied on all Parcels of Taxable Property in CFD No. 2004-1 as follows:

Step 1: The Annual Facilities Special Tax shall be levied Proportionately on each Parcel of Developed Property within the CFD up to 100% of the Maximum Annual Facilities Special Tax for each Parcel for such Fiscal Year until the amount levied on Developed Property is equal to the Special Tax Requirement prior to applying any Capitalized Interest that is available in the CFD accounts;

Step 2: If additional revenue is needed after Step 1, and after applying Capitalized Interest to the Annual Facilities Special Tax Requirement, the Annual Facilities Special Tax shall be levied Proportionately on each Assessor's

Parcel of Undeveloped Property within the CFD, up to 100% of the Maximum Annual Facilities Special Tax for each Parcel of Undeveloped Property for such Fiscal Year;

Step 3: If additional revenue is needed after applying the first two steps, the Annual Facilities Special Tax shall be levied Proportionately on each Assessor's Parcel of Taxable Public Property, up to 100% of the Maximum Annual Facilities Special Tax assigned to each Parcel of Taxable Public Property.

3. Annual Maintenance Special Tax

Commencing with Fiscal Year 2004-05 and for each following Fiscal Year, the Administrator shall determine the Maintenance Special Tax Requirement for the Fiscal Year. The Annual Maintenance Special Tax shall then be levied on all Parcels of Taxable Property as follows:

Step 1: The Annual Maintenance Special Tax shall be levied Proportionately on each Parcel of Developed Property within the CFD up to 100% of the Maximum Annual Maintenance Special Tax for each Parcel for such Fiscal Year;

Step 2: If additional revenue is needed after Step 1, the Annual Maintenance Special Tax shall be levied Proportionately on each Assessor's Parcel of Undeveloped Property within the CFD, up to 100% of the Maximum Annual Maintenance Special Tax for each Parcel of Undeveloped Property for such Fiscal Year;

Step 3: If additional revenue is needed after applying the first two steps, the Annual Maintenance Special Tax shall be levied Proportionately on each Assessor's Parcel of Taxable Public Property, up to 100% of the Maximum Annual Maintenance Special Tax assigned to each Parcel of Taxable Public Property.

F. COLLECTION OF SPECIAL TAX

The Maximum One-Time Facilities Special Tax shall be collected prior to a building permit being issued for new construction of any residential or non-residential structure on Taxable Property within CFD No. 2004-1, and shall be immediately delinquent if not so paid.

The Annual Facilities Special Tax and Annual Maintenance Special Tax for CFD No. 2004-1 shall be collected in the same manner and at the same time as ordinary ad valorem property taxes, provided, however, that prepayments are permitted as set forth in Section H below and provided further that the City may directly bill, collect at a different time or in a different manner, and/or collect delinquent Annual Facilities Special Taxes and Annual Maintenance Special Taxes through foreclosure or other available methods.

The Annual Facilities Special Tax shall be levied and collected until principal and interest on Bonds have been repaid, costs of constructing or acquiring Authorized Facilities from Annual Facilities Special Tax proceeds have been paid, and all Administrative Expenses have been reimbursed. However, in no event shall an Annual Facilities Special Tax be levied after Fiscal Year 2060-61. The Annual Maintenance Special Tax will continue to be levied and collected unless and until the City determines that the Annual Maintenance Special Tax no longer needs to be levied to pay Authorized Services of the CFD and all Administrative Expenses have been reimbursed. Under no circumstances may the Annual Facilities Special Tax on one Parcel in the CFD be increased by more than ten percent (10%) as a consequence of delinquency or default in payment of the Annual Facilities Special Tax levied on another Parcel or Parcels in the CFD.

G. EXEMPTIONS

Notwithstanding any other provision of this Rate and Method of Apportionment of Special Taxes, no Special Taxes shall be levied on Public Property, except Taxable Public Property, as defined herein.

H. PREPAYMENT OF SPECIAL TAX

The following definitions apply to this Section H:

“Outstanding Bonds” means all Previously Issued Bonds which remain outstanding, with the following exception: if an Annual Facilities Special Tax has been levied against, or already paid by, an Assessor’s Parcel making a prepayment, and a portion of the Annual Facilities Special Tax will be used to pay a portion of the next principal payment on the Bonds that remain outstanding (as determined by the Administrator), that next principal payment shall be subtracted from the total Bond principal that remains outstanding, and the difference shall be used as the amount of Outstanding Bonds for purposes of this prepayment formula.

“Previously Issued Bonds” means all Bonds that have been issued on behalf of the CFD prior to the date of prepayment.

“Public Facilities Requirements” means either \$14,100,000 in 2004 dollars, which shall increase on January 1, 2005, and on each January 1 thereafter by the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or such other number as shall be determined by the City as sufficient to fund Authorized Facilities. The Public Facilities Requirements shown above shall be adjusted or a separate Public Facilities Requirements identified each time property annexes into CFD No. 2004-1; at no time shall the added Public Facilities Requirement for the annexation area exceed the amount of public

improvement costs that are expected to be supportable by the Maximum Annual Facilities Special Tax generated within that annexation area.

“Remaining Facilities Costs” means the Public Facilities Requirements (as defined above), minus costs of Authorized Facilities funded by Outstanding Bonds (as defined above), developer equity, and/or any other source of funding.

The Annual Facilities Special Tax obligation applicable to an Assessor’s Parcel in the CFD may be prepaid and the obligation of the Assessor’s Parcel to pay the Annual Facilities Special Tax permanently satisfied as described herein, provided that a prepayment may be made only if there are no delinquent Annual Facilities Special Taxes with respect to such Assessor’s Parcel at the time of prepayment. The Annual Maintenance Special Tax may not be prepaid. An owner of an Assessor’s Parcel intending to prepay the Annual Facilities Special Tax obligation shall provide the City with written notice of intent to prepay. Within 30 days of receipt of such written notice, the City or its designee shall notify such owner of the prepayment amount for such Assessor’s Parcel. Prepayment must be made not less than 75 days prior to any redemption date for Bonds to be redeemed with the proceeds of such prepaid Annual Facilities Special Taxes. The Prepayment Amount shall be calculated as follows: (capitalized terms as defined below):

	Bond Redemption Amount
plus	Remaining Facilities Amount
plus	Redemption Premium
plus	Defeasance Requirement
plus	Administrative Fees and Expenses
less	<u>Reserve Fund Credit</u>
equals	Prepayment Amount

As of the proposed date of prepayment, the Prepayment Amount shall be determined by application of the following steps:

- Step 1. Compute the total Maximum Annual Facilities Special Tax that could be collected from the Assessor’s Parcel prepaying the Annual Facilities Special Tax in the Fiscal Year in which prepayment would be received by the City.
- Step 2. Divide the Maximum Annual Facilities Special Tax from Step 1 by the total amount that could be collected if the Maximum Annual Facilities Special Tax was levied on all Parcels of Taxable Property in the CFD.
- Step 3. Multiply the quotient computed pursuant to Step 2 by the Outstanding Bonds to compute the amount of Outstanding Bonds to be retired and prepaid (*the “Bond Redemption Amount”*).
- Step 4. Compute the current Remaining Facilities Costs (if any).

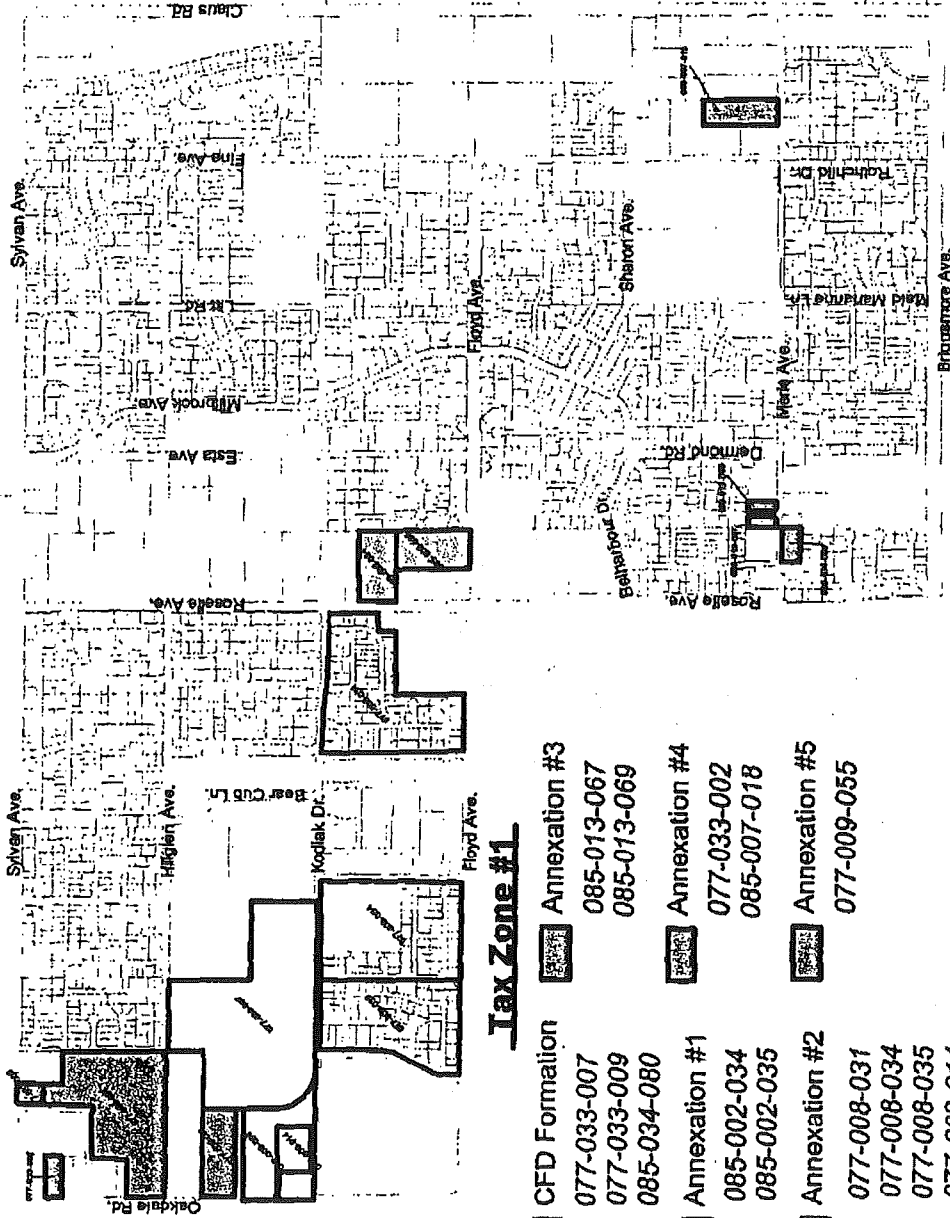

- Step 5.** Multiply the quotient computed pursuant to Step 2 by the amount determined pursuant to Step 4 to compute the amount of Remaining Facilities Costs to be prepaid (the "*Remaining Facilities Amount*").
- Step 6.** Multiply the Bond Redemption Amount computed pursuant to Step 3 by the applicable redemption premium, if any, on the Outstanding Bonds to be redeemed (the "*Redemption Premium*").
- Step 7.** Compute the amount needed to pay interest on the Bond Redemption Amount starting with the first Bond interest payment date after which the prepayment has been received until the earliest redemption date for the Outstanding Bonds, which, depending on the Bond offering document, may be as early as the next interest payment date.
- Step 8:** Compute the amount of interest the City reasonably expects to derive from reinvestment of the Bond Redemption Amount plus the Redemption Premium from the first Bond interest payment date after which the prepayment has been received until the redemption date for the Outstanding Bonds.
- Step 9:** Take the amount computed pursuant to Step 7 and subtract the amount computed pursuant to Step 8 (the "*Defeasance Requirement*").
- Step 10.** Determine the costs of computing the prepayment amount, the costs of redeeming Bonds, and the costs of recording any notices to evidence the prepayment and the redemption (the "*Administrative Fees and Expenses*").
- Step 11.** If and to the extent so provided in the indenture pursuant to which the Outstanding Bonds to be redeemed were issued, a reserve fund credit shall be calculated as a reduction in the applicable reserve fund for the Outstanding Bonds to be redeemed pursuant to the prepayment (the "*Reserve Fund Credit*").
- Step 12.** The Annual Facilities Special Tax prepayment is equal to the sum of the amounts computed pursuant to Steps 3, 5, 6, 9, and 10, less the amount computed pursuant to Step 11 (the "*Prepayment Amount*").

If an owner that has prepaid the Annual Facilities Special Tax obligation assigned to a Parcel subsequently rezones the Parcel to a Land Use Class that has a higher Per-Acre Annual Facilities Special Tax, the City may in its sole discretion and as a condition of approval of the rezoning, collect the additional Annual Facilities Special Tax prepayment that would have applied had the Parcel been rezoned at the time of the original prepayment for the Parcel.

I. INTERPRETATION OF SPECIAL TAX FORMULA

The City reserves the right to make minor administrative and technical changes to this document that does not materially affect the Rate and Method of Apportionment of Special Taxes. In addition, the interpretation and application of any section of this document shall be left to the City's discretion. Interpretations may be made by the City by ordinance or resolution for purposes of clarifying any vagueness or ambiguity in this Rate and Method of Apportionment of Special Taxes.
