On or about July 1 of each Fiscal Year, the Administrator shall identify the current Assessor’s Parcel numbers for all Parcels of Taxable Property in CFD No. 2004-1. The Administrator shall also determine: (i) the Tax Zone within which each Parcel of Taxable Property is located, (ii) whether each Assessor’s Parcel of Taxable Property is Developed Property or Undeveloped Property, (iii) which Parcels are Commercial Property, Industrial Property, Multi-Family Property, Low Density Residential Property, and Village Residential Property (the City shall, in its sole discretion, determine the appropriate Land Use Class for Parcels on which a structure was built prior to CFD Formation), (iv) the Net Taxable Acreage of each Parcel, and (v) the Annual Facilities Special Tax Requirement and the Annual Maintenance Special Tax Requirement.

In any Fiscal Year, if it is determined that (i) a parcel map for a portion of property in CFD No. 2004-1 was recorded after January 1 of the prior Fiscal Year (or any other date after which the Assessor will not incorporate the newly-created Parcels into the then current tax roll), (ii) because of the date the parcel map was recorded, the Assessor does not yet recognize the new Parcels created by the parcel map, and (iii) one or more of the newly-created Parcels meets the definition of Developed Property, the Administrator shall calculate the Special Tax for the property affected by recordation of the parcel map by determining the Special Tax that applies

separately to each newly-created Parcel, then applying the sum of the individual Special Taxes to the Original Parcel or Successor Parcel that was subdivided by recordation of the parcel map.

C. CALCULATING MAXIMUM SPECIAL TAXES

The Administrator shall use the procedures set forth below to calculate the Maximum Special Taxes for each Parcel in CFD No. 2004-1 in each Fiscal Year, including the Maximum One-Time Facilities Special Tax, Maximum Annual Facilities Special Tax, and Maximum Annual Maintenance Special Tax. A separate method of calculating the Maximum Special Taxes may be identified for Tax Zones or Improvement Areas added to CFD No. 2004-1 as a result of future annexations. The Per-Acre Special Taxes set forth in Table 1 below shall be used for purposes of Sections C.1 and C.2 below:

**Table 1
Per-Acre Special Taxes
Fiscal Year 2004-05 ***

Land Use Class	Per-Acre Special Tax: One-Time Facilities Special Tax TAX ZONE #1	Per-Acre Special Tax: One-Time Facilities Special Tax TAX ZONE #2	Per-Acre Special Tax: Annual Facilities Special Tax	Per-Acre Special Tax: Annual Maintenance Special Tax
Low Density Residential Property	\$13,342 per Net Taxable Acre	\$19,576 per Net Taxable Acre	\$3,517 per Net Taxable Acre	\$525 per Net Taxable Acre
Village Residential Property	\$30,281 per Net Taxable Acre	\$44,429 per Net Taxable Acre	\$6,405 per Net Taxable Acre	\$1,233 per Net Taxable Acre
Multi-Family Property	\$101,437 per Net Taxable Acre	\$148,832 per Net Taxable Acre	\$7,222 per Net Taxable Acre	\$4,020 per Net Taxable Acre
Commercial Property	\$52,102 per Net Taxable Acre	\$76,446 per Net Taxable Acre	\$3,570 per Net Taxable Acre	\$920 per Net Taxable Acre
Industrial Property	\$13,103 per Net Taxable Acre	\$19,225 per Net Taxable Acre	\$2,550 per Net Taxable Acre	\$920 per Net Taxable Acre

** All Per-Acre Special Taxes shown in Table 1 are subject to the annual adjustments described in Section D below.*

1. Original Parcels

The Maximum Special Taxes for each Land Use Class in the Original Parcels in CFD No. 2004-1 as of the date of approval of this updated Rate and Method of Apportionment of Special Tax are identified in Attachment 2. Attachment 2 will be updated by the Administrator as needed to reflect Original Parcels added to the CFD due to additional annexations. Until an Original Parcel is subdivided, the Maximum Special Taxes shown in Attachment 2 (escalated as set forth herein) shall be the Maximum Special Taxes for the Parcel unless the zoning on the Original Parcel changes to a Land Use Class that has

higher Per-Acre Special Taxes, as shown in Table 1 above. Upon approval of such change in zoning by the City Council, the Administrator shall multiply the applicable Per-Acre Special Taxes by the Net Taxable Acreage of each Land Use Class that is expected on the Parcel based on the rezone. The Administrator shall then update Attachment 2 to reflect the higher Maximum Special Taxes for the Parcel. If a rezone results in a Land Use Class that has a lower Per-Acre Special Tax than the previous Expected Land Uses, there shall be no corresponding reduction in the Maximum Special Taxes for the Parcel. The potential reduction in Maximum Special Tax revenues must be considered separately for each Special Tax Category. If the rezone would cause a reduction in the Maximum Special Tax revenues in any Special Tax Category, the Maximum Special Tax identified for that Special Tax Category shall remain the same as originally assigned to the Original Parcel.

2. **Successor Parcels**

a. ***All Successor Parcels are Single Family Detached Lots***

If the Parcels created by a recorded Subdivision Map are all Single Family Detached Lots, the Administrator shall apply the following steps to allocate the Maximum Special Taxes for the Original Parcel to each of the Successor Parcels created by the subdivision:

Step 1: Determine the greater of (i) the Maximum Special Taxes assigned to each Expected Land Use for the Original Parcel, or (ii) the Net Taxable Acreage of Low Density Residential Property and/or Village Residential Property within the Subdivision Map multiplied by the Per-Acre Special Taxes for such Land Use Classes from Table 1 above. If the Subdivision Map includes both Low Density Residential Property and Village Residential Property, separately calculate the amount that applies to each Land Use Class.

Step 2: Separately for any Low Density Residential Property and Village Residential Property created by the Subdivision Map, divide the Maximum Special Taxes from Step 1 by the number of Successor Parcels to determine the Maximum Special Taxes for each Single Family Detached Lot.

b. ***No Successor Parcels are Single Family Detached Lots***

If none of the Successor Parcels created by recordation of a Subdivision Map are Single Family Detached Lots, the Administrator shall apply the following steps to allocate the Maximum Special Taxes assigned to the Original Parcel to each of the Successor Parcels:

Step 1: Identify the Expected Land Uses for the Original Parcel.

Step 2: Determine the Net Taxable Acreage within each Land Use Class created by the Subdivision Map.

Step 3: If the Net Taxable Acreage of each Land Use Class from Step 2 is the same as the Expected Land Uses, the Maximum Special Taxes assigned to each of the Expected Land Uses on the Original Parcel shall be allocated to the Successor Parcels based on the Acreage of each Land Use Class that occurs on each Successor Parcel.

Step 4: If the Net Taxable Acreage within each Land Use Class from Step 2 is different than the Expected Land Uses for the Original Parcel, the Administrator shall apply the following steps separately for each Special Tax Category:

Step 4a. Multiply the applicable Per-Acre Special Tax by the Net Taxable Acreage of each Land Use Class created by the Subdivision Map.

Step 4b. If the amount calculated in Step 4a is *greater than* the Maximum Special Tax assigned to the Original Parcel, multiply the Net Taxable Acreage of each Land Use Class on each Successor Parcel by the applicable Per-Acre Special Tax from Table 1 above to determine the Maximum Special Tax for each Successor Parcel.

Step 4c. If the amount calculated in Step 4a is *less than* the Maximum Special Tax assigned to the Original Parcel: (i) identify the Maximum Special Tax that was assigned to each of the Expected Land Uses on the Parcel, (ii) divide the Maximum Special Tax for each Land Use Class by the Net Taxable Acreage of each Land Use Class actually created by the Subdivision Map, and (iii) multiply the per-acre Maximum Special Tax calculated in (ii) by the Net Taxable Acreage of each Land Use Class on each Successor Parcel to determine the Maximum Special Tax for each Parcel.

If the Land Use Classes on a Successor Parcel or Parcels are different than the Expected Land Uses for that Parcel(s) and such difference would result in a reduction in the Maximum Special Tax assigned to the Original Parcel for any Special Tax Category, the Maximum Special Tax assigned to the Original Parcel shall either be distributed equally on a per-acre basis to the Successor Parcels or, if multiple Land Use Classes are created by the Subdivision Map, the Maximum Special Tax from the Original Parcel shall be distributed to each Land Use Class so that the per-

acre tax for each Land Use Class has the same proportional relationship as the Per-Acre Special Taxes in Table 1 above.

If, after subdivision of an Original Parcel, a Successor Parcel is further subdivided, the Successor Parcel shall be treated as an Original Parcel for purposes of allocating Maximum Special Taxes pursuant to Section C.2a, C.2b, or C.2c, as appropriate.

c. *Some, But Not All, Successor Parcels are Single Family Detached Lots*

If a Subdivision Map divides an Original Parcel into Successor Parcels, of which some are Single Family Detached Lots and some are not, the Administrator shall (i) break out the Net Taxable Acreage of Low Density Residential Property and/or Village Residential Property separately from the Net Taxable Acreage of other Land Use Classes, (ii) for the Low Density Residential Property and/or Village Residential Property created by the Subdivision Map, apply the steps in Section C.2a to determine the Maximum Special Taxes for each Single Family Detached Lot, and (iii) apply the steps in Section C.2b above to determine the Maximum Special Taxes for Land Use Classes other than Low Density Residential Property and Village Residential Property.

If, after subdivision of an Original Parcel, a Successor Parcel is further subdivided, the Successor Parcel shall be treated as an Original Parcel for purposes of allocating Maximum Special Taxes pursuant to Section C.2a, C.2b, or C.2c, as appropriate.

After each reallocation of the Maximum Special Taxes upon subdivision or reconfiguration of Original Parcels, the sum of the Maximum Special Taxes assigned to Successor Parcels shall never be less, but may be more, than the Maximum Special Taxes assigned to the Original Parcels prior to such reallocation.

D. ESCALATION OF MAXIMUM SPECIAL TAXES

1. One-Time Facilities Special Tax

Beginning in January 2005 and each January thereafter, the Maximum One-Time Facilities Special Tax assigned to each Parcel and the Per-Acre Special Tax shown in Table 1 above shall be adjusted annually by the greater of (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or (ii) four percent (4.0%). Each annual adjustment of the One-Time Facilities Special Tax shall become effective on the subsequent July 1.

2. Annual Facilities Special Tax

Beginning in Fiscal Year 2005-06, and each Fiscal Year thereafter, the Maximum Annual Facilities Special Tax assigned to each Parcel and the Per-Acre Special Tax shown in Table 1 above shall be increased by two percent (2%) of the amount in effect in the prior Fiscal Year.

3. Annual Maintenance Special Tax

Beginning in January 2005 and each January thereafter, the Maximum Annual Maintenance Special Tax assigned to each Parcel and the Per-Acre Special Tax shown in Table 1 above shall be adjusted annually by the greater of (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or (ii) four percent (4.0%). Each annual adjustment of the Maximum Annual Maintenance Special Tax shall become effective on the subsequent July 1.

E. METHOD OF LEVY OF THE SPECIAL TAX

1. One-Time Facilities Special Tax

The Maximum One-Time Facilities Special Tax determined pursuant to Sections C and D above shall be levied on all Taxable Property in CFD No. 2004-1 and shall be collected as set forth in Section F below.

2. Annual Facilities Special Tax

Commencing with Fiscal Year 2004-05 and for each following Fiscal Year, the Administrator shall determine the Annual Facilities Special Tax Requirement for the Fiscal Year. The Annual Facilities Special Tax shall then be levied on all Parcels of Taxable Property in CFD No. 2004-1 as follows:

Step 1: The Annual Facilities Special Tax shall be levied Proportionately on each Parcel of Developed Property within the CFD up to 100% of the Maximum Annual Facilities Special Tax for each Parcel for such Fiscal Year until the amount levied on Developed Property is equal to the Special Tax Requirement prior to applying any Capitalized Interest that is available in the CFD accounts;

Step 2: If additional revenue is needed after Step 1, and after applying Capitalized Interest to the Annual Facilities Special Tax Requirement, the Annual Facilities Special Tax shall be levied Proportionately on each Assessor's Parcel of Undeveloped Property within the CFD, up to 100% of the Maximum Annual Facilities Special Tax for each Parcel of Undeveloped Property for such Fiscal Year;

Step 3: If additional revenue is needed after applying the first two steps, the Annual Facilities Special Tax shall be levied Proportionately on each Assessor's Parcel of Taxable Public Property, up to 100% of the Maximum Annual Facilities Special Tax assigned to each Parcel of Taxable Public Property.

3. Annual Maintenance Special Tax

Commencing with Fiscal Year 2004-05 and for each following Fiscal Year, the Administrator shall determine the Maintenance Special Tax Requirement for the Fiscal Year. The Annual Maintenance Special Tax shall then be levied on all Parcels of Taxable Property as follows:

Step 1: The Annual Maintenance Special Tax shall be levied Proportionately on each Parcel of Developed Property within the CFD up to 100% of the Maximum Annual Maintenance Special Tax for each Parcel for such Fiscal Year;

Step 2: If additional revenue is needed after Step 1, the Annual Maintenance Special Tax shall be levied Proportionately on each Assessor's Parcel of Undeveloped Property within the CFD, up to 100% of the Maximum Annual Maintenance Special Tax for each Parcel of Undeveloped Property for such Fiscal Year;

Step 3: If additional revenue is needed after applying the first two steps, the Annual Maintenance Special Tax shall be levied Proportionately on each Assessor's Parcel of Taxable Public Property, up to 100% of the Maximum Annual Maintenance Special Tax assigned to each Parcel of Taxable Public Property.

F. COLLECTION OF SPECIAL TAX

The Maximum One-Time Facilities Special Tax shall be collected prior to a building permit being issued for new construction of any residential or non-residential structure on Taxable Property within CFD No. 2004-1, and shall be immediately delinquent if not so paid.

The Annual Facilities Special Tax and Annual Maintenance Special Tax for CFD No. 2004-1 shall be collected in the same manner and at the same time as ordinary ad valorem property taxes, provided, however, that prepayments are permitted as set forth in Section H below and provided further that the City may directly bill, collect at a different time or in a different manner, and/or collect delinquent Annual Facilities Special Taxes and Annual Maintenance Special Taxes through foreclosure or other available methods.

The Annual Facilities Special Tax shall be levied and collected until principal and interest on Bonds have been repaid, costs of constructing or acquiring Authorized Facilities from Annual Facilities Special Tax proceeds have been paid, and all Administrative Expenses have been reimbursed. However, in no event shall an Annual Facilities Special Tax be levied after Fiscal Year 2060-61. The Annual Maintenance Special Tax will continue to be levied and collected unless and until the City determines that the Annual Maintenance Special Tax no longer needs to be levied to pay Authorized Services of the CFD and all Administrative Expenses have been reimbursed. Under no circumstances may the Annual Facilities Special Tax on one Parcel in the CFD be increased by more than ten percent (10%) as a consequence of delinquency or default in payment of the Annual Facilities Special Tax levied on another Parcel or Parcels in the CFD.

G. EXEMPTIONS

Notwithstanding any other provision of this Rate and Method of Apportionment of Special Taxes, no Special Taxes shall be levied on Public Property, except Taxable Public Property, as defined herein.

H. PREPAYMENT OF SPECIAL TAX

The following definitions apply to this Section H:

“Outstanding Bonds” means all Previously Issued Bonds which remain outstanding, with the following exception: if an Annual Facilities Special Tax has been levied against, or already paid by, an Assessor’s Parcel making a prepayment, and a portion of the Annual Facilities Special Tax will be used to pay a portion of the next principal payment on the Bonds that remain outstanding (as determined by the Administrator), that next principal payment shall be subtracted from the total Bond principal that remains outstanding, and the difference shall be used as the amount of Outstanding Bonds for purposes of this prepayment formula.

“Previously Issued Bonds” means all Bonds that have been issued on behalf of the CFD prior to the date of prepayment.

“Public Facilities Requirements” means either \$14,100,000 in 2004 dollars, which shall increase on January 1, 2005, and on each January 1 thereafter by the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or such other number as shall be determined by the City as sufficient to fund Authorized Facilities. The Public Facilities Requirements shown above shall be adjusted or a separate Public Facilities Requirements identified each time property annexes into CFD No. 2004-1; at no time shall the added Public Facilities Requirement for the annexation area exceed the amount of public improvement costs that are expected to be supportable by the Maximum Annual Facilities Special Tax generated within that annexation area.

“Remaining Facilities Costs” means the Public Facilities Requirements (as defined above), minus costs of Authorized Facilities funded by Outstanding Bonds (as defined above), developer equity, and/or any other source of funding.

The Annual Facilities Special Tax obligation applicable to an Assessor’s Parcel in the CFD may be prepaid and the obligation of the Assessor’s Parcel to pay the Annual Facilities Special Tax permanently satisfied as described herein, provided that a prepayment may be made only if there are no delinquent Annual Facilities Special Taxes with respect to such Assessor’s Parcel at the time of prepayment. The Annual Maintenance Special Tax may not be prepaid. An owner of an Assessor’s Parcel intending to prepay the Annual Facilities Special Tax obligation shall provide the City with written notice of intent to prepay. Within 30 days of receipt of such written notice, the City or its designee shall notify such owner of the prepayment amount for such Assessor’s Parcel. Prepayment must be made not less than 75 days prior to any redemption date for Bonds to be redeemed with the proceeds of such prepaid Annual Facilities Special Taxes. The Prepayment Amount shall be calculated as follows: (capitalized terms as defined below):

	Bond Redemption Amount
plus	Remaining Facilities Amount
plus	Redemption Premium
plus	Defeasance Requirement
plus	Administrative Fees and Expenses
<u>less</u>	<u>Reserve Fund Credit</u>
equals	Prepayment Amount

As of the proposed date of prepayment, the Prepayment Amount shall be determined by application of the following steps:

- Step 1.** Compute the total Maximum Annual Facilities Special Tax that could be collected from the Assessor’s Parcel prepaying the Annual Facilities Special Tax in the Fiscal Year in which prepayment would be received by the City.
- Step 2.** Divide the Maximum Annual Facilities Special Tax from Step 1 by the total amount that could be collected if the Maximum Annual Facilities Special Tax was levied on all Parcels of Taxable Property in the CFD.
- Step 3.** Multiply the quotient computed pursuant to Step 2 by the Outstanding Bonds to compute the amount of Outstanding Bonds to be retired and prepaid (*the “Bond Redemption Amount”*).
- Step 4.** Compute the current Remaining Facilities Costs (if any).
- Step 5.** Multiply the quotient computed pursuant to Step 2 by the amount determined pursuant to Step 4 to compute the amount of Remaining Facilities Costs to be prepaid (*the “Remaining Facilities Amount”*).

- Step 6.** Multiply the Bond Redemption Amount computed pursuant to Step 3 by the applicable redemption premium, if any, on the Outstanding Bonds to be redeemed (*the "Redemption Premium"*).
- Step 7.** Compute the amount needed to pay interest on the Bond Redemption Amount starting with the first Bond interest payment date after which the prepayment has been received until the earliest redemption date for the Outstanding Bonds, which, depending on the Bond offering document, may be as early as the next interest payment date.
- Step 8:** Compute the amount of interest the City reasonably expects to derive from reinvestment of the Bond Redemption Amount plus the Redemption Premium from the first Bond interest payment date after which the prepayment has been received until the redemption date for the Outstanding Bonds.
- Step 9:** Take the amount computed pursuant to Step 7 and subtract the amount computed pursuant to Step 8 (*the "Defeasance Requirement"*).
- Step 10.** Determine the costs of computing the prepayment amount, the costs of redeeming Bonds, and the costs of recording any notices to evidence the prepayment and the redemption (*the "Administrative Fees and Expenses"*).
- Step 11.** If and to the extent so provided in the indenture pursuant to which the Outstanding Bonds to be redeemed were issued, a reserve fund credit shall be calculated as a reduction in the applicable reserve fund for the Outstanding Bonds to be redeemed pursuant to the prepayment (*the "Reserve Fund Credit"*).
- Step 12.** The Annual Facilities Special Tax prepayment is equal to the sum of the amounts computed pursuant to Steps 3, 5, 6, 9, and 10, less the amount computed pursuant to Step 11 (*the "Prepayment Amount"*).

If an owner that has prepaid the Annual Facilities Special Tax obligation assigned to a Parcel subsequently rezones the Parcel to a Land Use Class that has a higher Per-Acre Annual Facilities Special Tax, the City may in its sole discretion and as a condition of approval of the rezoning, collect the additional Annual Facilities Special Tax prepayment that would have applied had the Parcel been rezoned at the time of the original prepayment for the Parcel.

I. INTERPRETATION OF SPECIAL TAX FORMULA

The City reserves the right to make minor administrative and technical changes to this document that does not materially affect the Rate and Method of Apportionment of Special Taxes. In addition, the interpretation and application of any section of this document shall be left to the City's discretion. Interpretations may be made by the City by ordinance or resolution for purposes of clarifying any vagueness or ambiguity in this Rate and Method of Apportionment of Special Taxes.

NOTICE OF PUBLIC HEARING
ON THE ESTABLISHMENT OF COMMUNITY
FACILITIES DISTRICT NO. 2004-1
(VILLAGO ONE #1) AND THE NECESSITY TO
INCUR A BONDED INDEBTEDNESS THEREIN

NOTICE IS HEREBY GIVEN that the City Council (the "Council") of the City of Modesto, California (the "City") did, on March 2, 2004, adopt its Resolution No. 2004-127 wherein the City declared its intention to establish its Community Facilities District No. 2004-1 (Village One #1) (the "District") for the purpose of financing certain public facilities (the "Facilities") and services (the "Services") and the incidental expenses related thereto and, subject to the vote of the qualified electors therein, authorizing the levy of special taxes in the District, under and pursuant to the terms and provisions of the "Mello-Roos Community Facilities Act of 1982."

A description of the rate, method of apportionment and manner of collection of the special taxes is attached as Exhibit A to Resolution No. 2004-127. Descriptions of the Facilities and the Services are attached as Exhibits B and C, respectively, to Resolution No. 2004-127. A complete copy of Resolution No. 2004-127 and the boundary map of the proposed District are on file with the City Clerk of the City of Modesto, 1018 Tenth Street, Modesto, California 95353, and are available for review there during business hours by any interested persons.

NOTICE IS ALSO GIVEN that the Council did, on March 2, 2004, also adopt its Resolution No. 2004-128, wherein the City declared its intention to incur, subject to the vote of the qualified electors in the District, a bonded indebtedness in an amount not to exceed \$75,000,000 in order to finance the cost of the Facilities to be financed by the District, and the incidental expenses thereof, under and pursuant to the terms and provisions of the Act.

NOTICE IS FURTHER GIVEN that the Council has set a hearing on the establishment of the District and the proposed rate, method of apportionment and manner of collection of the special taxes. The time and place for the hearing is Tuesday, April 6, 2004, at 5:30 p.m. or as soon thereafter as practicable, in the City Council Chambers, Basement Level, 1018 Tenth Street, Modesto, California. At the hearing the testimony of all interested persons, including taxpayers, property owners, and registered voters within the boundaries of the proposed District, for or against the establishment of the District, the extent of the District, the rate, method of apportionment and manner of collection of the special taxes, or the furnishing of the Facilities or Services, will be heard. Protests may be made orally or in writing. Any protests pertaining to the regularity or sufficiency of the proceedings shall be in writing and shall clearly set forth the irregularities and defects to which the objection is made. All written protests shall be filed with the City Clerk on or before the time set for the hearing. The Council may waive any irregularities in the form or content of any written protest and, at the hearing, may correct minor defects in the proceedings. Written protests may be withdrawn in writing at any time before the conclusion of the hearing.

If fifty percent (50%) or more of the registered voters, or six (6) registered voters, whichever is more, residing within the territory proposed to be included in the District, or the owners of one-half (1/2) or more of the area of the land in the territory proposed to be included in the District and not exempt from the special taxes, file written protests against the establishment of the District, and the protests are not withdrawn so as to reduce the value of the protests to less than a majority, no further proceedings to create the District, or to levy the specified special taxes, will be taken for a period of one year from the date of the decision of the Council.

If the majority protests of the registered voters or the landowners are only against the furnishing of a specified type or types of Facilities or Services within the District, or against levying a specified special tax, those types of Facilities or Services or the specified special tax will be eliminated from the District proceedings.

At the hearing any person interested, including all persons owning property within the proposed District, will also be heard upon the proposed bonded indebtedness or any other matters set forth in Resolution No. 2004-128, and they may present any matters relating to the necessity for incurring the bonded indebtedness to finance the costs of the Facilities and the incidental expenses thereof.

At the conclusion of the hearing, if the Council determines to establish the District and levy the special taxes within the District, it will adopt a resolution of formation, in which case it will submit the levy of the special taxes to the qualified electors of the District in a special election. If at least 12 persons, who need not necessarily be the same 12 persons, have been registered to vote within the proposed District for each of the 90 days preceding the close of the public hearing, the vote shall be by registered voters of the District, with each voter having one vote. Otherwise, the vote will be by mailed ballot by the landowners of the proposed District, with each landowner who is the owner of record of the close of the public hearing having one vote for each acre or portion of an acre of land owned within the District.

Likewise, if the Council determines to incur the bonded indebtedness, it will adopt a resolution calling an election thereon, in which case it will submit the bond proposition to the qualified electors of the District in a special election. The election will be consolidated with the election on the levy of the special taxes.

Approximately 15 adjusted gross acres of commercial property and 220 adjusted gross acres of industrial property remain to be built.

B. THE VILLAGE ONE INFRASTRUCTURE FINANCING PLAN

In April 2003, the Modesto City Council approved an updated Village One Infrastructure Financing Plan (IFP), which set forth a strategy for the remaining unvested development in Village One to fund infrastructure and community facilities needed to serve the build out population within the Specific Plan area. The IFP contemplates a combination of Mello-Roos one-time and annual special taxes to generate funding for both public facilities and public services. As discussed further below, Community Facilities District No. 2004-1 (Village One #2) is being formed to implement the strategy set forth in the IFP.

C. THE MELLO-ROOS COMMUNITY FACILITIES ACT OF 1982

As described in the Rate and Method of Apportionment (the "RMA") provided in Appendix A, public services and facilities required to serve the Village One Specific Plan area will be funded using the Mello-Roos Community Facilities Act of 1982 (the "Act"). The Act provides flexibility as to the facilities and services that can be funded and the manner in which annual funding burdens are allocated to various types of land use. There is no benefit finding required; the Act states that special taxes can be allocated in any "reasonable manner". The Act permits a city, county or special district to form a Community Facilities District ("CFD") within its jurisdiction and, with a two-thirds vote within the CFD, impose special taxes to pay for public improvements and services needed to serve the area.

A CFD may provide for the purchase, construction, expansion or rehabilitation of any real or tangible property with an estimated useful life of five years or longer, which is needed to meet increased demands placed upon local agencies as a result of development occurring within the CFD.

A CFD may also finance the costs of planning, design, engineering, legal assistance and other consultants involved in the construction of improvements or formation of the CFD. The facilities financed by the CFD do not have to be physically located within the CFD. A CFD may also fund maintenance of parks, parkways, open space, police and fire services, recreation program services,

library services, maintenance of school sites and structures, and maintenance of storm drainage and flood control facilities.

D. PURPOSE OF CFD REPORT

This CFD Report is submitted pursuant to Section 53321.5 of the Mello-Roos Community Facilities Act of 1982, as well as the direction set forth in the first resolution adopted by the Modesto City Council in the process of forming CFD No. 2004-1. The law requires only a brief description of the public facilities and services to be funded by the CFD, as well as an estimate of the cost of providing the facilities and services. However, this report will also provide information regarding the special taxes to be levied and collected in the CFD, the boundaries of the CFD, and anticipated bond sales.

II. COMMUNITY FACILITIES DISTRICT No. 2004-1

A. BOUNDARIES OF THE CFD

On March 2, 2004, the Modesto City Council adopted Resolution No. 2004-127, a Resolution declaring its intention to establish the City of Modesto Community Facilities District No. 2004-1 (Village One #2) and to authorize the levy of a special tax within the CFD. A map identifying the boundaries of the CFD was recorded on Page 85 of Book 3 of Maps and Assessments in the Stanislaus County Recorder's Office.

On April 6, 2004, the City Council will hold a public hearing and allow the qualified electors to vote on the matter. If at least two-thirds of the votes submitted by the landowners are in favor of the CFD, the CFD will be formed and the levy of a special tax will be authorized. The CFD will also be authorized to issue up to \$75,000,000 million in bonds to fund the construction or acquisition of public facilities identified in Appendix A of this report.

The initial boundaries of CFD No. 2004-1 will include three existing Assessor's parcels--parcel numbers 77-33-07, 77-33-09, and 85-34-80. These three parcels include approximately 17.23 acres of village residential property and 4.17 acres of commercial property. Additional parcels will be annexed into the CFD as unvested property within the Village One Specific Plan begins to develop. The list of facilities in Appendix A includes all public improvements which may be funded by the CFD if property annexes into the CFD and the ultimate bonding and special tax capacity is sufficient to do so.

B. CFD BOND ISSUES

Some or all of the public facilities shown in Appendix A will be funded by the issuance of one or more series of bonds. The proceeds of the bonds will be used to either acquire facilities which have been constructed by developers owning property within the CFD or to pay directly for the construction of authorized facilities. The bonds are anticipated to have a 25 or 30-year term and an annual debt service that escalates two percent per year. The bonds are land-secured, which means the ultimate security for repayment of the bonds is the land within the CFD. As such, the City will covenant in the indenture associated with issuance of the bonds that, in the event of special tax delinquencies within the CFD, the City will institute an accelerated foreclosure process against the delinquent parcel or parcels.

There is no guarantee that CFD No. 2004-1 will be able to sell bonds in an amount sufficient to fully fund all of the improvements authorized to be funded by the CFD. The ability of the CFD to sell bonds is limited by the amount of property that ultimately annexes into the CFD, the maximum special tax rate on properties in the CFD, and the value-to-lien ratio. The bond authorization and maximum special tax rates are based, in part, on cost estimates for specific projects. If the cost estimates prove to be too low, the CFD will be able to fund even less improvements than originally anticipated.

C. SPECIAL TAX STRUCTURE

Capitalized terms used in this section and the remainder of this report are defined in the Rate and Method of Apportionment of Special Tax (RMA) provided in Appendix B. The RMA outlines the maximum rates and method of apportionment for the three Special Taxes that will be levied in the CFD; the One-Time Facilities Special Tax, the Annual Facilities Special Tax, and the Annual Maintenance Special Tax. The RMA identifies the Maximum Special Tax assigned to each Original Parcel within the CFD. Upon subdivision of an Original Parcel, the Special Tax will be allocated based on the number of units created by a Subdivision Map if Single Family Detached Lots are created, or by net acreage of Taxable Property for all other subdivisions that do not create Single Family Detached Lots. After each reallocation of the Maximum Special Taxes upon subdivision or reconfiguration of Original Parcels, the sum of the Maximum Special Taxes assigned to Successor Parcels shall never be less than the Maximum Special Taxes assigned to the Original Parcels prior to such reallocation.

The One-Time Facilities Special Tax for CFD No. 2004-1 will be collected prior to a building permit being issued for new construction of any residential or non-residential structure on Taxable Property within CFD No. 2004-1, and shall be immediately delinquent if not paid by the time the permit is issued.

The Annual Facilities Special Tax and Annual Maintenance Special Tax for CFD No. 2004-1 is expected to be collected at the same time and in the same manner as ad valorem property taxes. The Annual Facilities Special Tax will be levied until all bonds have been repaid and all authorized facilities have been funded, and shall cease to be levied after fiscal year 2060-61. The Annual Facilities Special Tax obligation assigned to a particular parcel within the CFD can be prepaid, which will release the parcel making the prepayment from the Mello-Roos special tax lien for facilities. The Annual Maintenance Special Tax obligation may not be prepaid. Section H of the RMA sets forth a detailed formula by which the prepayment for a parcel can be calculated.

III. FACILITIES AND SERVICES TO BE FUNDED BY CFD No. 2004-1

The facilities and services described below are authorized to be funded by CFD No. 2004-1 and are required to adequately meet the needs of the Village One Specific Plan. Depending on the net construction proceeds ultimately generated from bonds issued on behalf of CFD No. 2004-1, some of the facilities may be funded from One-Time Facilities Special Taxes.

A. AUTHORIZED FACILITIES

Attachment A of this report provides a list of facilities that are authorized to be funded by CFD No. 2004-1. This list includes all public improvements that may be funded by the CFD, although the IFP anticipates that maximum special tax proceeds may not be sufficient to fund certain facilities which were designated by the City Council as a lower priority than other improvements. As shown in Attachment A, authorized facilities generally fall within the following five categories:

- Traffic improvements, including intersection and roadway improvements
- Storm drainage facilities
- Park and related facilities
- Public facilities
- Miscellaneous improvements

B. AUTHORIZED SERVICES

Authorized services include maintenance of parks, parkways, and open space, and maintenance of the storm drainage basin and related facilities.

C. FACILITY COSTS

Appendix A identifies the total facility costs that will be required once all future annexations in CFD No. 2004-1 have taken place. These cost estimates include soft costs, a cost contingency, and an administrative cost component. As discussed in the IFP, a portion of the facility costs shown in Appendix A will be funded by revenues that will be collected from property that is already vested to develop and, therefore, not included in CFD No. 2004-1. In addition, certain park improvements will be funded by a combination of bond proceeds from CFD No. 2004-1 and fee revenues collected within the City's Capital Facilities Fee program.

D. SERVICE COSTS

Similar to the facility costs described above, Table 1 below shows the maintenance costs expected within the CFD once all annexations have occurred.

Table 1

Service Item	Estimated Cost (2002 \$)
Landscaping	\$851,514
Park	\$180,129
Weed and Litter Abatement	\$5,436
Storm Drainage Basins	
Landscaping	\$233,744
Maintenance	\$104,578
City Administration Contingency	\$33,514
Subtotal	\$1,408,915
Less: Vested Revenues	(\$ 497,901)
Net Costs to CFD No. 2004-1	\$ 911,014

E. INCIDENTAL EXPENSES

In addition to the facility and service costs listed above, bond proceeds and special taxes will be used to pay incidental expenses related to the sale of bonds, such as the cost of bond counsel, underwriter, financial advisor, appraiser, special tax consultant, City staff time, and CFD administrative costs. Because the City has not yet started preparing for issuance of the first series of bonds, there is not currently a cost estimate for these incidental expenses. However, such expenses generally make up approximately five percent (5%) of the total amount of bonds issued.

APPENDIX B

CITY OF MODESTO COMMUNITY FACILITIES DISTRICT NO. 2004-1 (VILLAGE ONE #2)

UPDATED RATE AND METHOD OF APPORTIONMENT OF SPECIAL TAXES ADDING TAX ZONE #2

Special Taxes applicable to each Assessor's Parcel in Community Facilities District No. 2004-1 (Village One #2) [herein "CFD No. 2004-1" or "the CFD"] shall be levied and collected according to the tax liability determined by the City Council of the City of Modesto, through the application of the appropriate amount or rate for Taxable Property, as described below. All of the property in CFD No. 2004-1, unless exempted by law or by the provisions of Section G below, shall be taxed for the purposes, to the extent, and in the manner herein provided, including property subsequently annexed to CFD No. 2004-1 unless a separate Rate and Method of Apportionment is adopted for the annexation area.

The Expected Land Use Map may be updated in future years to add property within the Village One Specific Plan that was vested to develop when the map was prepared and, therefore, was not included in the map but subsequently has its vesting expire or for any other reason becomes subject to a condition of development that requires formation of, or annexation into, a CFD.

“Final Map” means a final map, or portion thereof, approved by the City pursuant to the Subdivision Map Act (California Government Code Section 66410 *et seq.*) that creates lots which do not need to be further subdivided prior to issuance of a building permit for a residential or non-residential structure. “Net Taxable Acreage” or **“Net Taxable Acre”** means the total acreage within a Final Map or Parcel less arterial road right-of-ways and property that is defined in the Final Map for use as a park site, school site, or City-owned or CFD-owned storm drainage basin. If a Subdivision Map is recorded which is not a Final Map for some or all Parcels created by the subdivision, the Administrator shall calculate the Net Taxable Acreage of such unsubdivided Parcels by identifying the Acreage of the Parcel and (i) adding a portion of the acreage of any non-arterial right-of-way that fronts the Parcel determined by drawing lines at right angles to the right-of-way, and (ii) subtracting a portion of the acreage of any arterial right-of-way that fronts the Parcel determined by drawing lines at right angles to the right-of-way. “Taxable Public Property” means, in any Fiscal Year, all Parcels of Public Property within CFD No. 2004-1 that, (i) based on the Village One Specific Plan, were expected to be Taxable Property and, (ii) based on this expectation, Maximum Special Taxes were assigned to the Parcels in a prior Fiscal Year.

“Tax Zone” means a mutually exclusive geographic area within which particular Special Tax rates may be levied pursuant to this Rate and Method of Apportionment of Special Taxes. Attachment 1 identifies the boundaries of Tax Zone #1 and Tax Zone #2 as of the date of adoption of this updated

“Tax Zone #1 means the geographic area that is designated in Attachment 1 of this Rate and Method of Apportionment of Special Tax as Tax Zone #1. Tax Zone #1 may be expanded to include additional Original Parcels that annex to CFD No. 2004-1; Attachments 1 and 2 will be updated each time such an annexation takes place.

B. DATA FOR ANNUAL ADMINISTRATION

On or about July 1 of each Fiscal Year, the Administrator shall identify the current Assessor’s Parcel numbers for all Parcels of Taxable Property in CFD No. 2004-1. The Administrator shall also determine: (i) the Tax Zone within which each Parcel of Taxable Property is located, (ii) whether each Assessor’s Parcel of Taxable Property is Developed Property or Undeveloped Property, (iii) which Parcels are Commercial Property, Industrial Property, Multi-Family Property, Low Density Residential Property, and Village Residential Property (the City shall, in its sole discretion, determine the appropriate Land Use Class for Parcels on which a structure was built prior to CFD Formation), (iv) the Net Taxable Acreage of each Parcel, and (v) the Annual Facilities Special Tax Requirement and the Annual Maintenance Special Tax Requirement.

In any Fiscal Year, if it is determined that (i) a parcel map for a portion of property in CFD No. 2004-1 was recorded after January 1 of the prior Fiscal Year (or any other date after which the Assessor will not incorporate the newly-created Parcels into the then current tax roll), (ii) because of the date the parcel map was recorded, the Assessor does not yet recognize the new Parcels created by the parcel map, and (iii) one or more of the newly-created Parcels meets the definition of

Developed Property, the Administrator shall calculate the Special Tax for the property affected by recordation of the parcel map by determining the Special Tax that applies separately to each newly-created Parcel, then applying the sum of the individual Special Taxes to the Original Parcel or Successor Parcel that was subdivided by recordation of the parcel map.

C. CALCULATING MAXIMUM SPECIAL TAXES

The Administrator shall use the procedures set forth below to calculate the Maximum Special Taxes for each Parcel in CFD No. 2004-1 in each Fiscal Year, including the Maximum One-Time Facilities Special Tax, Maximum Annual Facilities Special Tax, and Maximum Annual Maintenance Special Tax. A separate method of calculating the Maximum Special Taxes may be identified for Tax Zones or Improvement Areas added to CFD No. 2004-1 as a result of future annexations. The Per-Acre Special Taxes set forth in Table 1 below shall be used for purposes of Sections C.1 and C.2 below:

**Table 1
Per-Acre Special Taxes
Fiscal Year 2004-05 ***

Land Use Class	Per-Acre Special Tax: One-Time Facilities Special Tax TAX ZONE #1	Per-Acre Special Tax: One-Time Facilities Special Tax TAX ZONE #2	Per-Acre Special Tax: Annual Facilities Special Tax	Per-Acre Special Tax: Annual Maintenance Special Tax
Low Density Residential Property	\$13,342 per Net Taxable Acre	\$19,576 per Net Taxable Acre	\$3,517 per Net Taxable Acre	\$525 per Net Taxable Acre
Village Residential Property	\$30,281 per Net Taxable Acre	\$44,429 per Net Taxable Acre	\$6,405 per Net Taxable Acre	\$1,233 per Net Taxable Acre
Multi-Family Property	\$101,437 per Net Taxable Acre	\$148,832 per Net Taxable Acre	\$7,222 per Net Taxable Acre	\$4,020 per Net Taxable Acre
Commercial Property	\$52,102 per Net Taxable Acre	\$76,446 per Net Taxable Acre	\$3,570 per Net Taxable Acre	\$920 per Net Taxable Acre
Industrial Property	\$13,103 per Net Taxable Acre	\$19,225 per Net Taxable Acre	\$2,550 per Net Taxable Acre	\$920 per Net Taxable Acre

** All Per-Acre Special Taxes shown in Table 1 are subject to the annual adjustments described in Section D below.*

1. Original Parcels

The Maximum Special Taxes for each Land Use Class in the Original Parcels in CFD No. 2004-1 as of the date of approval of this updated Rate and Method of Apportionment of Special Tax are identified in Attachment 2. Attachment 2 will be updated by the

Administrator as needed to reflect Original Parcels added to the CFD due to additional annexations. Until an Original Parcel is subdivided, the Maximum Special Taxes shown in Attachment 2 (escalated as set forth herein) shall be the Maximum Special Taxes for the Parcel unless the zoning on the Original Parcel changes to a Land Use Class that has higher Per-Acre Special Taxes, as shown in Table 1 above. Upon approval of such change in zoning by the City Council, the Administrator shall multiply the applicable Per-Acre Special Taxes by the Net Taxable Acreage of each Land Use Class that is expected on the Parcel based on the rezone. The Administrator shall then update Attachment 2 to reflect the higher Maximum Special Taxes for the Parcel. If a rezone results in a Land Use Class that has a lower Per-Acre Special Tax than the previous Expected Land Uses, there shall be no corresponding reduction in the Maximum Special Taxes for the Parcel. The potential reduction in Maximum Special Tax revenues must be considered separately for each Special Tax Category. If the rezone would cause a reduction in the Maximum Special Tax revenues in any Special Tax Category, the Maximum Special Tax identified for that Special Tax Category shall remain the same as originally assigned to the Original Parcel.

2. Successor Parcels

a. *All Successor Parcels are Single Family Detached Lots*

If the Parcels created by a recorded Subdivision Map are all Single Family Detached Lots, the Administrator shall apply the following steps to allocate the Maximum Special Taxes for the Original Parcel to each of the Successor Parcels created by the subdivision:

Step 1: Determine the greater of (i) the Maximum Special Taxes assigned to each Expected Land Use for the Original Parcel, or (ii) the Net Taxable Acreage of Low Density Residential Property and/or Village Residential Property within the Subdivision Map multiplied by the Per-Acre Special Taxes for such Land Use Classes from Table 1 above. If the Subdivision Map includes both Low Density Residential Property and Village Residential Property, separately calculate the amount that applies to each Land Use Class.

Step 2: Separately for any Low Density Residential Property and Village Residential Property created by the Subdivision Map, divide the Maximum Special Taxes from Step 1 by the number of Successor Parcels to determine the Maximum Special Taxes for each Single Family Detached Lot.

b. *No Successor Parcels are Single Family Detached Lots*

If none of the Successor Parcels created by recordation of a Subdivision Map are Single Family Detached Lots, the Administrator shall apply the following steps to

allocate the Maximum Special Taxes assigned to the Original Parcel to each of the Successor Parcels:

- Step 1:** Identify the Expected Land Uses for the Original Parcel.
- Step 2:** Determine the Net Taxable Acreage within each Land Use Class created by the Subdivision Map.
- Step 3:** If the Net Taxable Acreage of each Land Use Class from Step 2 is the same as the Expected Land Uses, the Maximum Special Taxes assigned to each of the Expected Land Uses on the Original Parcel shall be allocated to the Successor Parcels based on the Acreage of each Land Use Class that occurs on each Successor Parcel.
- Step 4:** If the Net Taxable Acreage within each Land Use Class from Step 2 is different than the Expected Land Uses for the Original Parcel, the Administrator shall apply the following steps separately for each Special Tax Category:
- Step 4a.* Multiply the applicable Per-Acre Special Tax by the Net Taxable Acreage of each Land Use Class created by the Subdivision Map.
- Step 4b.* If the amount calculated in Step 4a is *greater than* the Maximum Special Tax assigned to the Original Parcel, multiply the Net Taxable Acreage of each Land Use Class on each Successor Parcel by the applicable Per-Acre Special Tax from Table 1 above to determine the Maximum Special Tax for each Successor Parcel.
- Step 4c.* If the amount calculated in Step 4a is *less than* the Maximum Special Tax assigned to the Original Parcel: (i) identify the Maximum Special Tax that was assigned to each of the Expected Land Uses on the Parcel, (ii) divide the Maximum Special Tax for each Land Use Class by the Net Taxable Acreage of each Land Use Class actually created by the Subdivision Map, and (iii) multiply the per-acre Maximum Special Tax calculated in (ii) by the Net Taxable Acreage of each Land Use Class on each Successor Parcel to determine the Maximum Special Tax for each Parcel.

If the Land Use Classes on a Successor Parcel or Parcels are different than the Expected Land Uses for that Parcel(s) and such difference would result in a reduction in the Maximum Special Tax assigned to the Original Parcel for any Special

Tax Category, the Maximum Special Tax assigned to the Original Parcel shall either be distributed equally on a per-acre basis to the Successor Parcels or, if multiple Land Use Classes are created by the Subdivision Map, the Maximum Special Tax from the Original Parcel shall be distributed to each Land Use Class so that the per-acre tax for each Land Use Class has the same proportional relationship as the Per-Acre Special Taxes in Table 1 above.

If, after subdivision of an Original Parcel, a Successor Parcel is further subdivided, the Successor Parcel shall be treated as an Original Parcel for purposes of allocating Maximum Special Taxes pursuant to Section C.2a, C.2b, or C.2c, as appropriate.

c. *Some, But Not All, Successor Parcels are Single Family Detached Lots*

If a Subdivision Map divides an Original Parcel into Successor Parcels, of which some are Single Family Detached Lots and some are not, the Administrator shall (i) break out the Net Taxable Acreage of Low Density Residential Property and/or Village Residential Property separately from the Net Taxable Acreage of other Land Use Classes, (ii) for the Low Density Residential Property and/or Village Residential Property created by the Subdivision Map, apply the steps in Section C.2a to determine the Maximum Special Taxes for each Single Family Detached Lot, and (iii) apply the steps in Section C.2b above to determine the Maximum Special Taxes for Land Use Classes other than Low Density Residential Property and Village Residential Property.

If, after subdivision of an Original Parcel, a Successor Parcel is further subdivided, the Successor Parcel shall be treated as an Original Parcel for purposes of allocating Maximum Special Taxes pursuant to Section C.2a, C.2b, or C.2c, as appropriate.

After each reallocation of the Maximum Special Taxes upon subdivision or reconfiguration of Original Parcels, the sum of the Maximum Special Taxes assigned to Successor Parcels shall never be less, but may be more, than the Maximum Special Taxes assigned to the Original Parcels prior to such reallocation.

D. ESCALATION OF MAXIMUM SPECIAL TAXES

1. One-Time Facilities Special Tax

Beginning in January 2005 and each January thereafter, the Maximum One-Time Facilities Special Tax assigned to each Parcel and the Per-Acre Special Tax shown in Table 1 above shall be adjusted annually by the greater of (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source

if the Engineering News Record is discontinued or otherwise not available, or (ii) four percent (4.0%). Each annual adjustment of the One-Time Facilities Special Tax shall become effective on the subsequent July 1.

2. Annual Facilities Special Tax

Beginning in Fiscal Year 2005-06, and each Fiscal Year thereafter, the Maximum Annual Facilities Special Tax assigned to each Parcel and the Per-Acre Special Tax shown in Table 1 above shall be increased by two percent (2%) of the amount in effect in the prior Fiscal Year.

3. Annual Maintenance Special Tax

Beginning in January 2005 and each January thereafter, the Maximum Annual Maintenance Special Tax assigned to each Parcel and the Per-Acre Special Tax shown in Table 1 above shall be adjusted annually by the greater of (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or (ii) four percent (4.0%). Each annual adjustment of the Maximum Annual Maintenance Special Tax shall become effective on the subsequent July 1.

E. METHOD OF LEVY OF THE SPECIAL TAX

1. One-Time Facilities Special Tax

The Maximum One-Time Facilities Special Tax determined pursuant to Sections C and D above shall be levied on all Taxable Property in CFD No. 2004-1 and shall be collected as set forth in Section F below.

2. Annual Facilities Special Tax

Commencing with Fiscal Year 2004-05 and for each following Fiscal Year, the Administrator shall determine the Annual Facilities Special Tax Requirement for the Fiscal Year. The Annual Facilities Special Tax shall then be levied on all Parcels of Taxable Property in CFD No. 2004-1 as follows:

Step 1: The Annual Facilities Special Tax shall be levied Proportionately on each Parcel of Developed Property within the CFD up to 100% of the Maximum Annual Facilities Special Tax for each Parcel for such Fiscal Year until the amount levied on Developed Property is equal to the Special Tax Requirement prior to applying any Capitalized Interest that is available in the CFD accounts;

Step 2: If additional revenue is needed after Step 1, and after applying Capitalized Interest to the Annual Facilities Special Tax Requirement, the Annual Facilities Special Tax shall be levied Proportionately on each Assessor's Parcel of Undeveloped Property within the CFD, up to 100% of the Maximum Annual Facilities Special Tax for each Parcel of Undeveloped Property for such Fiscal Year;

Step 3: If additional revenue is needed after applying the first two steps, the Annual Facilities Special Tax shall be levied Proportionately on each Assessor's Parcel of Taxable Public Property, up to 100% of the Maximum Annual Facilities Special Tax assigned to each Parcel of Taxable Public Property.

3. Annual Maintenance Special Tax

Commencing with Fiscal Year 2004-05 and for each following Fiscal Year, the Administrator shall determine the Maintenance Special Tax Requirement for the Fiscal Year. The Annual Maintenance Special Tax shall then be levied on all Parcels of Taxable Property as follows:

Step 1: The Annual Maintenance Special Tax shall be levied Proportionately on each Parcel of Developed Property within the CFD up to 100% of the Maximum Annual Maintenance Special Tax for each Parcel for such Fiscal Year;

Step 2: If additional revenue is needed after Step 1, the Annual Maintenance Special Tax shall be levied Proportionately on each Assessor's Parcel of Undeveloped Property within the CFD, up to 100% of the Maximum Annual Maintenance Special Tax for each Parcel of Undeveloped Property for such Fiscal Year;

Step 3: If additional revenue is needed after applying the first two steps, the Annual Maintenance Special Tax shall be levied Proportionately on each Assessor's Parcel of Taxable Public Property, up to 100% of the Maximum Annual Maintenance Special Tax assigned to each Parcel of Taxable Public Property.

F. COLLECTION OF SPECIAL TAX

The Maximum One-Time Facilities Special Tax shall be collected prior to a building permit being issued for new construction of any residential or non-residential structure on Taxable Property within CFD No. 2004-1, and shall be immediately delinquent if not so paid.

The Annual Facilities Special Tax and Annual Maintenance Special Tax for CFD No. 2004-1 shall be collected in the same manner and at the same time as ordinary ad valorem property taxes, provided, however, that prepayments are permitted as set forth in Section H below and provided further that the City may directly bill, collect at a different time or in a different manner, and/or

collect delinquent Annual Facilities Special Taxes and Annual Maintenance Special Taxes through foreclosure or other available methods.

The Annual Facilities Special Tax shall be levied and collected until principal and interest on Bonds have been repaid, costs of constructing or acquiring Authorized Facilities from Annual Facilities Special Tax proceeds have been paid, and all Administrative Expenses have been reimbursed. However, in no event shall an Annual Facilities Special Tax be levied after Fiscal Year 2060-61. The Annual Maintenance Special Tax will continue to be levied and collected unless and until the City determines that the Annual Maintenance Special Tax no longer needs to be levied to pay Authorized Services of the CFD and all Administrative Expenses have been reimbursed. Under no circumstances may the Annual Facilities Special Tax on one Parcel in the CFD be increased by more than ten percent (10%) as a consequence of delinquency or default in payment of the Annual Facilities Special Tax levied on another Parcel or Parcels in the CFD.

G. EXEMPTIONS

Notwithstanding any other provision of this Rate and Method of Apportionment of Special Taxes, no Special Taxes shall be levied on Public Property, except Taxable Public Property, as defined herein.

H. PREPAYMENT OF SPECIAL TAX

The following definitions apply to this Section H:

“Outstanding Bonds” means all Previously Issued Bonds which remain outstanding, with the following exception: if an Annual Facilities Special Tax has been levied against, or already paid by, an Assessor’s Parcel making a prepayment, and a portion of the Annual Facilities Special Tax will be used to pay a portion of the next principal payment on the Bonds that remain outstanding (as determined by the Administrator), that next principal payment shall be subtracted from the total Bond principal that remains outstanding, and the difference shall be used as the amount of Outstanding Bonds for purposes of this prepayment formula.

“Previously Issued Bonds” means all Bonds that have been issued on behalf of the CFD prior to the date of prepayment.

“Public Facilities Requirements” means either \$14,100,000 in 2004 dollars, which shall increase on January 1, 2005, and on each January 1 thereafter by the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or such other number as shall be determined by the City as sufficient to fund Authorized Facilities. The Public Facilities Requirements shown above shall be adjusted or a separate Public Facilities

Requirements identified each time property annexes into CFD No. 2004-1; at no time shall the added Public Facilities Requirement for the annexation area exceed the amount of public improvement costs that are expected to be supportable by the Maximum Annual Facilities Special Tax generated within that annexation area.

“Remaining Facilities Costs” means the Public Facilities Requirements (as defined above), minus costs of Authorized Facilities funded by Outstanding Bonds (as defined above), developer equity, and/or any other source of funding.

The Annual Facilities Special Tax obligation applicable to an Assessor’s Parcel in the CFD may be prepaid and the obligation of the Assessor’s Parcel to pay the Annual Facilities Special Tax permanently satisfied as described herein, provided that a prepayment may be made only if there are no delinquent Annual Facilities Special Taxes with respect to such Assessor’s Parcel at the time of prepayment. The Annual Maintenance Special Tax may not be prepaid. An owner of an Assessor’s Parcel intending to prepay the Annual Facilities Special Tax obligation shall provide the City with written notice of intent to prepay. Within 30 days of receipt of such written notice, the City or its designee shall notify such owner of the prepayment amount for such Assessor’s Parcel. Prepayment must be made not less than 75 days prior to any redemption date for Bonds to be redeemed with the proceeds of such prepaid Annual Facilities Special Taxes. The Prepayment Amount shall be calculated as follows: (capitalized terms as defined below):

	Bond Redemption Amount
plus	Remaining Facilities Amount
plus	Redemption Premium
plus	Defeasance Requirement
plus	Administrative Fees and Expenses
<u>less</u>	<u>Reserve Fund Credit</u>
equals	Prepayment Amount

As of the proposed date of prepayment, the Prepayment Amount shall be determined by application of the following steps:

- Step 1.** Compute the total Maximum Annual Facilities Special Tax that could be collected from the Assessor’s Parcel prepaying the Annual Facilities Special Tax in the Fiscal Year in which prepayment would be received by the City.
- Step 2.** Divide the Maximum Annual Facilities Special Tax from Step 1 by the total amount that could be collected if the Maximum Annual Facilities Special Tax was levied on all Parcels of Taxable Property in the CFD.
- Step 3.** Multiply the quotient computed pursuant to Step 2 by the Outstanding Bonds to compute the amount of Outstanding Bonds to be retired and prepaid (*the “Bond Redemption Amount”*).
- Step 4.** Compute the current Remaining Facilities Costs (if any).

- Step 5.** Multiply the quotient computed pursuant to Step 2 by the amount determined pursuant to Step 4 to compute the amount of Remaining Facilities Costs to be prepaid (*the "Remaining Facilities Amount"*).
- Step 6.** Multiply the Bond Redemption Amount computed pursuant to Step 3 by the applicable redemption premium, if any, on the Outstanding Bonds to be redeemed (*the "Redemption Premium"*).
- Step 7.** Compute the amount needed to pay interest on the Bond Redemption Amount starting with the first Bond interest payment date after which the prepayment has been received until the earliest redemption date for the Outstanding Bonds, which, depending on the Bond offering document, may be as early as the next interest payment date.
- Step 8:** Compute the amount of interest the City reasonably expects to derive from reinvestment of the Bond Redemption Amount plus the Redemption Premium from the first Bond interest payment date after which the prepayment has been received until the redemption date for the Outstanding Bonds.
- Step 9:** Take the amount computed pursuant to Step 7 and subtract the amount computed pursuant to Step 8 (*the "Defeasance Requirement"*).
- Step 10.** Determine the costs of computing the prepayment amount, the costs of redeeming Bonds, and the costs of recording any notices to evidence the prepayment and the redemption (*the "Administrative Fees and Expenses"*).
- Step 11.** If and to the extent so provided in the indenture pursuant to which the Outstanding Bonds to be redeemed were issued, a reserve fund credit shall be calculated as a reduction in the applicable reserve fund for the Outstanding Bonds to be redeemed pursuant to the prepayment (*the "Reserve Fund Credit"*).
- Step 12.** The Annual Facilities Special Tax prepayment is equal to the sum of the amounts computed pursuant to Steps 3, 5, 6, 9, and 10, less the amount computed pursuant to Step 11 (*the "Prepayment Amount"*).

If an owner that has prepaid the Annual Facilities Special Tax obligation assigned to a Parcel subsequently rezones the Parcel to a Land Use Class that has a higher Per-Acre Annual Facilities Special Tax, the City may in its sole discretion and as a condition of approval of the rezoning, collect the additional Annual Facilities Special Tax prepayment that would have applied had the Parcel been rezoned at the time of the original prepayment for the Parcel.

I. INTERPRETATION OF SPECIAL TAX FORMULA

"Tax Zone #1" means the geographic area that is designated in Attachment 1 of this Rate and Method of Apportionment of Special Tax as Tax Zone #1. Tax Zone #1 may be expanded to include additional Original Parcels that annex to CFD No. 2004-1; Attachments 1 and 2 will be updated each time such an annexation takes place.

B. DATA FOR ANNUAL ADMINISTRATION

On or about July 1 of each Fiscal Year, the Administrator shall identify the current Assessor’s Parcel numbers for all Parcels of Taxable Property in CFD No. 2004-1. The Administrator shall also determine: (i) the Tax Zone within which each Parcel of Taxable Property is located, (ii) whether each Assessor’s Parcel of Taxable Property is Developed Property or Undeveloped Property, (iii) which Parcels are Commercial Property, Industrial Property, Multi-Family Property, Low Density Residential Property, and Village Residential Property (the City shall, in its sole discretion, determine the appropriate Land Use Class for Parcels on which a structure was built prior to CFD Formation), (iv) the Net Taxable Acreage of each Parcel, and (v) the Annual Facilities Special Tax Requirement and the Annual Maintenance Special Tax Requirement.

In any Fiscal Year, if it is determined that (i) a parcel map for a portion of property in CFD No. 2004-1 was recorded after January 1 of the prior Fiscal Year (or any other date after which the Assessor will not incorporate the newly-created Parcels into the then current tax roll), (ii) because of the date the parcel map was recorded, the Assessor does not yet recognize the new Parcels created by the parcel map, and (iii) one or more of the newly-created Parcels meets the definition of Developed Property, the Administrator shall calculate the Special Tax for the property affected by recordation of the parcel map by determining the Special Tax that applies separately to each newly-created Parcel, then applying the sum of the individual Special Taxes to the Original Parcel or Successor Parcel that was subdivided by recordation of the parcel map.

C. CALCULATING MAXIMUM SPECIAL TAXES

The Administrator shall use the procedures set forth below to calculate the Maximum Special Taxes for each Parcel in CFD No. 2004-1 in each Fiscal Year, including the Maximum One-Time Facilities Special Tax, Maximum Annual Facilities Special Tax, and Maximum Annual Maintenance Special Tax. A separate method of calculating the Maximum Special Taxes may be identified for Tax Zones or Improvement Areas added to CFD No. 2004-1 as a result of future annexations. The Per-Acre Special Taxes set forth in Table 1 below shall be used for purposes of Sections C.1 and C.2 below:

Table 1
Per-Acre Special Taxes
Fiscal Year 2004-05 *

Land Use Class	Per-Acre Special Tax: One-Time Facilities Special Tax	Per-Acre Special Tax: Annual Facilities Special Tax	Per-Acre Special Tax: Annual Maintenance Special Tax
Low Density Residential Property	\$13,342 per Net Taxable Acre	\$3,517 per Net Taxable Acre	\$525 per Net Taxable Acre
Village Residential Property	\$30,281 per Net Taxable Acre	\$6,405 per Net Taxable Acre	\$1,233 per Net Taxable Acre
Multi-Family Property	\$101,437 per Net Taxable Acre	\$7,222 per Net Taxable Acre	\$4,020 per Net Taxable Acre
Commercial Property	\$52,102 per Net Taxable Acre	\$3,570 per Net Taxable Acre	\$920 per Net Taxable Acre
Industrial Property	\$13,103 per Net Taxable Acre	\$2,550 per Net Taxable Acre	\$920 per Net Taxable Acre

** All Per-Acre Special Taxes shown in Table 1 are subject to the annual adjustments described in Section D below.*

1. Original Parcels

The Maximum Special Taxes for each Land Use Class in the Original Parcel in CFD No. 2004-1 as of CFD Formation is identified in Attachment 2. Attachment 2 will be updated by the Administrator as needed to reflect Original Parcels added to the CFD due to annexations. Until an Original Parcel is subdivided, the Maximum Special Taxes shown in Attachment 2 (escalated as set forth herein) shall be the Maximum Special Taxes for the Parcel unless the zoning on the Original Parcel changes to a Land Use Class that has higher Per-Acre Special Taxes, as shown in Table 1 above. Upon approval of such change in zoning by the City Council, the Administrator shall multiply the applicable Per-Acre Special Taxes by the Net Taxable Acreage of each Land Use Class that is expected on the Parcel based on the rezone. The Administrator shall then update Attachment 2 to reflect the higher Maximum Special Taxes for the Parcel. If a rezone results in a Land Use Class that has a lower Per-Acre Special Tax than the previous Expected Land Uses, there shall be no corresponding reduction in the Maximum Special Taxes for the Parcel. The potential reduction in Maximum Special Tax revenues must be considered separately for each Special Tax Category. If the rezone would cause a reduction in the Maximum Special Tax revenues in any Special Tax Category, the Maximum Special Tax identified for that Special Tax Category shall remain the same as originally assigned to the Original Parcel.

2. Successor Parcels

a. *All Successor Parcels are Single Family Detached Lots*

If the Parcels created by a recorded Subdivision Map are all Single Family Detached Lots, the Administrator shall apply the following steps to allocate the Maximum Special Taxes for the Original Parcel to each of the Successor Parcels created by the subdivision:

Step 1: Determine the greater of (i) the Maximum Special Taxes assigned to each Expected Land Use for the Original Parcel, or (ii) the Net Taxable Acreage of Low Density Residential Property and/or Village Residential Property within the Subdivision Map multiplied by the Per-Acre Special Taxes for such Land Use Classes from Table 1 above. If the Subdivision Map includes both Low Density Residential Property and Village Residential Property, separately calculate the amount that applies to each Land Use Class.

Step 2: Separately for any Low Density Residential Property and Village Residential Property created by the Subdivision Map, divide the Maximum Special Taxes from Step 1 by the number of Successor Parcels to determine the Maximum Special Taxes for each Single Family Detached Lot.

b. *No Successor Parcels are Single Family Detached Lots*

If none of the Successor Parcels created by recordation of a Subdivision Map are Single Family Detached Lots, the Administrator shall apply the following steps to allocate the Maximum Special Taxes assigned to the Original Parcel to each of the Successor Parcels:

Step 1: Identify the Expected Land Uses for the Original Parcel.

Step 2: Determine the Net Taxable Acreage within each Land Use Class created by the Subdivision Map.

Step 3: If the Net Taxable Acreage of each Land Use Class from Step 2 is the same as the Expected Land Uses, the Maximum Special Taxes assigned to each of the Expected Land Uses on the Original Parcel shall be allocated to the Successor Parcels based on the Acreage of each Land Use Class that occurs on each Successor Parcel.

Step 4: If the Net Taxable Acreage within each Land Use Class from Step 2 is different than the Expected Land Uses for the Original Parcel, the Administrator shall apply the following steps separately for each Special Tax Category:

Step 4a. Multiply the applicable Per-Acre Special Tax by the Net Taxable Acreage of each Land Use Class created by the Subdivision Map.

Step 4b. If the amount calculated in Step 4a is *greater than* the Maximum Special Tax assigned to the Original Parcel, multiply the Net Taxable Acreage of each Land Use Class on each Successor Parcel by the applicable Per-Acre Special Tax from Table 1 above to determine the Maximum Special Tax for each Successor Parcel.

Step 4c. If the amount calculated in Step 4a is *less than* the Maximum Special Tax assigned to the Original Parcel: (i) identify the Maximum Special Tax that was assigned to each of the Expected Land Uses on the Parcel, (ii) divide the Maximum Special Tax for each Land Use Class by the Net Taxable Acreage of each Land Use Class actually created by the Subdivision Map, and (iii) multiply the per-acre Maximum Special Tax calculated in (ii) by the Net Taxable Acreage of each Land Use Class on each Successor Parcel to determine the Maximum Special Tax for each Parcel.

If the Land Use Classes on a Successor Parcel or Parcels are different than the Expected Land Uses for that Parcel(s) and such difference would result in a reduction in the Maximum Special Tax assigned to the Original Parcel for any Special Tax Category, the Maximum Special Tax assigned to the Original Parcel shall either be distributed equally on a per-acre basis to the Successor Parcels or, if multiple Land Use Classes are created by the Subdivision Map, the Maximum Special Tax from the Original Parcel shall be distributed to each Land Use Class so that the per-acre tax for each Land Use Class has the same proportional relationship as the Per-Acre Special Taxes in Table 1 above.

If, after subdivision of an Original Parcel, a Successor Parcel is further subdivided, the Successor Parcel shall be treated as an Original Parcel for purposes of allocating Maximum Special Taxes pursuant to Section C.2a, C.2b, or C.2c, as appropriate.

c. *Some, But Not All, Successor Parcels are Single Family Detached Lots*

If a Subdivision Map divides an Original Parcel into Successor Parcels, of which some are Single Family Detached Lots and some are not, the Administrator shall (i) break out the Net Taxable Acreage of Low Density Residential Property and/or Village Residential Property separately from the Net Taxable Acreage of other Land Use Classes, (ii) for the Low Density Residential Property and/or Village

Residential Property created by the Subdivision Map, apply the steps in Section C.2a to determine the Maximum Special Taxes for each Single Family Detached Lot, and (iii) apply the steps in Section C.2b above to determine the Maximum Special Taxes for Land Use Classes other than Low Density Residential Property and Village Residential Property.

If, after subdivision of an Original Parcel, a Successor Parcel is further subdivided, the Successor Parcel shall be treated as an Original Parcel for purposes of allocating Maximum Special Taxes pursuant to Section C.2a, C.2b, or C.2c, as appropriate.

After each reallocation of the Maximum Special Taxes upon subdivision or reconfiguration of Original Parcels, the sum of the Maximum Special Taxes assigned to Successor Parcels shall never be less, but may be more, than the Maximum Special Taxes assigned to the Original Parcels prior to such reallocation.

D. ESCALATION OF MAXIMUM SPECIAL TAXES

3. One-Time Facilities Special Tax

Beginning in January 2005 and each January thereafter, the Maximum One-Time Facilities Special Tax assigned to each Parcel and the Per-Acre Special Tax shown in Table 1 above shall be adjusted annually by the greater of (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or (ii) four percent (4.0%). Each annual adjustment of the One-Time Facilities Special Tax shall become effective on the subsequent July 1.

4. Annual Facilities Special Tax

Beginning in Fiscal Year 2005-06, and each Fiscal Year thereafter, the Maximum Annual Facilities Special Tax assigned to each Parcel and the Per-Acre Special Tax shown in Table 1 above shall be increased by two percent (2%) of the amount in effect in the prior Fiscal Year.

5. Annual Maintenance Special Tax

Beginning in January 2005 and each January thereafter, the Maximum Annual Maintenance Special Tax assigned to each Parcel and the Per-Acre Special Tax shown in Table 1 above shall be adjusted annually by the greater of (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or (ii) four percent (4.0%). Each annual adjustment of the Maximum Annual Maintenance Special Tax shall become effective on the subsequent July 1.

E. **METHOD OF LEVY OF THE SPECIAL TAX**

6. **One-Time Facilities Special Tax**

The Maximum One-Time Facilities Special Tax determined pursuant to Sections C and D above shall be levied on all Taxable Property in CFD No. 2004-1 and shall be collected as set forth in Section F below.

7. **Annual Facilities Special Tax**

Commencing with Fiscal Year 2004-05 and for each following Fiscal Year, the Administrator shall determine the Annual Facilities Special Tax Requirement for the Fiscal Year. The Annual Facilities Special Tax shall then be levied on all Parcels of Taxable Property in CFD No. 2004-1 as follows:

Step 1: The Annual Facilities Special Tax shall be levied Proportionately on each Parcel of Developed Property within the CFD up to 100% of the Maximum Annual Facilities Special Tax for each Parcel for such Fiscal Year until the amount levied on Developed Property is equal to the Special Tax Requirement prior to applying any Capitalized Interest that is available in the CFD accounts;

Step 2: If additional revenue is needed after Step 1, and after applying Capitalized Interest to the Annual Facilities Special Tax Requirement, the Annual Facilities Special Tax shall be levied Proportionately on each Assessor's Parcel of Undeveloped Property within the CFD, up to 100% of the Maximum Annual Facilities Special Tax for each Parcel of Undeveloped Property for such Fiscal Year;

Step 3: If additional revenue is needed after applying the first two steps, the Annual Facilities Special Tax shall be levied Proportionately on each Assessor's Parcel of Taxable Public Property, up to 100% of the Maximum Annual Facilities Special Tax assigned to each Parcel of Taxable Public Property.

8. **Annual Maintenance Special Tax**

Commencing with Fiscal Year 2004-05 and for each following Fiscal Year, the Administrator shall determine the Maintenance Special Tax Requirement for the Fiscal Year. The Annual Maintenance Special Tax shall then be levied on all Parcels of Taxable Property as follows:

Step 1: The Annual Maintenance Special Tax shall be levied Proportionately on each Parcel of Developed Property within the CFD up to 100% of the Maximum Annual Maintenance Special Tax for each Parcel for such Fiscal Year;

Step 2: If additional revenue is needed after Step 1, the Annual Maintenance Special Tax shall be levied Proportionately on each Assessor's Parcel of Undeveloped Property within the CFD, up to 100% of the Maximum Annual Maintenance Special Tax for each Parcel of Undeveloped Property for such Fiscal Year;

Step 3: If additional revenue is needed after applying the first two steps, the Annual Maintenance Special Tax shall be levied Proportionately on each Assessor's Parcel of Taxable Public Property, up to 100% of the Maximum Annual Maintenance Special Tax assigned to each Parcel of Taxable Public Property.

F. COLLECTION OF SPECIAL TAX

The Maximum One-Time Facilities Special Tax shall be collected prior to a building permit being issued for new construction of any residential or non-residential structure on Taxable Property within CFD No. 2004-1, and shall be immediately delinquent if not so paid.

The Annual Facilities Special Tax and Annual Maintenance Special Tax for CFD No. 2004-1 shall be collected in the same manner and at the same time as ordinary ad valorem property taxes, provided, however, that prepayments are permitted as set forth in Section H below and provided further that the City may directly bill, collect at a different time or in a different manner, and/or collect delinquent Annual Facilities Special Taxes and Annual Maintenance Special Taxes through foreclosure or other available methods.

The Annual Facilities Special Tax shall be levied and collected until principal and interest on Bonds have been repaid, costs of constructing or acquiring Authorized Facilities from Annual Facilities Special Tax proceeds have been paid, and all Administrative Expenses have been reimbursed. However, in no event shall an Annual Facilities Special Tax be levied after Fiscal Year 2060-61. The Annual Maintenance Special Tax will continue to be levied and collected unless and until the City determines that the Annual Maintenance Special Tax no longer needs to be levied to pay Authorized Services of the CFD and all Administrative Expenses have been reimbursed. Under no circumstances may the Annual Facilities Special Tax on one Parcel in the CFD be increased by more than ten percent (10%) as a consequence of delinquency or default in payment of the Annual Facilities Special Tax levied on another Parcel or Parcels in the CFD.

G. EXEMPTIONS

Notwithstanding any other provision of this Rate and Method of Apportionment of Special Taxes, no Special Taxes shall be levied on Public Property, except Taxable Public Property, as defined herein.

H. PREPAYMENT OF SPECIAL TAX

The following definitions apply to this Section H:

"Outstanding Bonds" means all Previously Issued Bonds which remain outstanding, with the following exception: if an Annual Facilities Special Tax has been levied against, or already paid by, an Assessor's Parcel making a prepayment, and a portion of the Annual Facilities Special Tax will be used to pay a portion of the next principal payment on the Bonds that remain outstanding (as determined by the Administrator), that next principal payment shall be subtracted from the total Bond principal that remains outstanding, and the difference shall be used as the amount of Outstanding Bonds for purposes of this prepayment formula.

“Previously Issued Bonds” means all Bonds that have been issued on behalf of the CFD prior to the date of prepayment.

“Public Facilities Requirements” means either \$1,327,000 in 2004 dollars, which shall increase on January 1, 2005, and on each January 1 thereafter by the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or such other number as shall be determined by the City as sufficient to fund Authorized Facilities. The Public Facilities Requirements shown above shall be adjusted or a separate Public Facilities Requirements identified each time property annexes into CFD No. 2004-1; at no time shall the added Public Facilities Requirement for the annexation area exceed the amount of public improvement costs that are expected to be supportable by the Maximum Annual Facilities Special Tax generated within that annexation area.

“Remaining Facilities Costs” means the Public Facilities Requirements (as defined above), minus costs of Authorized Facilities funded by Outstanding Bonds (as defined above), developer equity, and/or any other source of funding.

The Annual Facilities Special Tax obligation applicable to an Assessor’s Parcel in the CFD may be prepaid and the obligation of the Assessor’s Parcel to pay the Annual Facilities Special Tax permanently satisfied as described herein, provided that a prepayment may be made only if there are no delinquent Annual Facilities Special Taxes with respect to such Assessor’s Parcel at the time of prepayment. The Annual Maintenance Special Tax may not be prepaid. An owner of an Assessor’s Parcel intending to prepay the Annual Facilities Special Tax obligation shall provide the City with written notice of intent to prepay. Within 30 days of receipt of such written notice, the City or its designee shall notify such owner of the prepayment amount for such Assessor’s Parcel. Prepayment must be made not less than 75 days prior to any redemption date for Bonds to be redeemed with the proceeds of such prepaid Annual Facilities Special Taxes. The Prepayment Amount shall be calculated as follows: (capitalized terms as defined below):

	Bond Redemption Amount
plus	Remaining Facilities Amount
plus	Redemption Premium
plus	Defeasance Requirement
plus	Administrative Fees and Expenses
<u>less</u>	<u>Reserve Fund Credit</u>
equals	Prepayment Amount

As of the proposed date of prepayment, the Prepayment Amount shall be determined by application of the following steps:

Step 4: Compute the total Maximum Annual Facilities Special Tax that could be collected from the Assessor’s Parcel prepaying the Annual Facilities Special Tax in the Fiscal Year in which prepayment would be received by the City.

- Step 5:* Divide the Maximum Annual Facilities Special Tax from Step 1 by the total amount that could be collected if the Maximum Annual Facilities Special Tax was levied on all Parcels of Taxable Property in the CFD.
- Step 6:* Multiply the quotient computed pursuant to Step 2 by the Outstanding Bonds to compute the amount of Outstanding Bonds to be retired and prepaid (the "**Bond Redemption Amount**").
- Step 7:* Compute the current Remaining Facilities Costs (if any).
- Step 8:* Multiply the quotient computed pursuant to Step 2 by the amount determined pursuant to Step 4 to compute the amount of Remaining Facilities Costs to be prepaid (the "**Remaining Facilities Amount**").
- Step 9:* Multiply the Bond Redemption Amount computed pursuant to Step 3 by the applicable redemption premium, if any, on the Outstanding Bonds to be redeemed (the "**Redemption Premium**").
- Step 10:* Compute the amount needed to pay interest on the Bond Redemption Amount starting with the first Bond interest payment date after which the prepayment has been received until the earliest redemption date for the Outstanding Bonds, which, depending on the Bond offering document, may be as early as the next interest payment date.
- Step 11:* Compute the amount of interest the City reasonably expects to derive from reinvestment of the Bond Redemption Amount plus the Redemption Premium from the first Bond interest payment date after which the prepayment has been received until the redemption date for the Outstanding Bonds.
- Step 12:* Take the amount computed pursuant to Step 7 and subtract the amount computed pursuant to Step 8 (the "**Defeasance Requirement**").
- Step 13:* Determine the costs of computing the prepayment amount, the costs of redeeming Bonds, and the costs of recording any notices to evidence the prepayment and the redemption (the "**Administrative Fees and Expenses**").
- Step 14:* If and to the extent so provided in the indenture pursuant to which the Outstanding Bonds to be redeemed were issued, a reserve fund credit shall be calculated as a reduction in the applicable reserve fund for the Outstanding Bonds to be redeemed pursuant to the prepayment (the "**Reserve Fund Credit**").
- Step 15:* The Annual Facilities Special Tax prepayment is equal to the sum of the amounts computed pursuant to Steps 3, 5, 6, 9, and 10, less the amount computed pursuant to Step 11 (the "**Prepayment Amount**").

Dear Voter:

The City Council of the City of Modesto has called a Special Tax Election related to Annexation No. 3 to the City's Community Facilities District No. 2004-1 (Village One #2). This is an all-mailed ballot landowner election, and the ballots are being personally delivered or mailed to the persons or entities listed on the Stanislaus County Assessor's latest equalized assessment roll, as updated by information known to the City of Modesto and the County of Stanislaus, regarding ownership.

WHEREAS, the City Clerk, being the Council's designated election official for purposes of the election herein called, has concurred in the election date herein set forth for the election;

NOW THEREFORE, BE IT RESOLVED, ORDERED AND FOUND by the City Council of the City of Modesto that:

SECTION 1. The foregoing recitals are true and correct.

SECTION 2. All prior proceedings taken with respect to the annexation of the Annexed Territory to the District, and the levy of the District special taxes within the Annexed Territory were valid and in conformity with the requirements of the Act. This determination shall be final and conclusive upon all persons.

SECTION 3. The proposed annexation of the Annexed Territory to the District and the levy of the District special taxes within the Annexed Territory have not been precluded by majority protest pursuant to Section 53339.5 of the Act.

SECTION 4. As stated in the Resolution of Intention to Annex, it is the intention of this Council, subject to the approval of the qualified electors of the Annexed Territory, to annex the Annexed Territory to the District and levy the District special taxes within the Annexed Territory. Upon such approval the Council will be authorized to levy the District special taxes within the Annexed Territory.

SECTION 5. A special election is hereby called at which the question of levying the District special taxes within the Annexed Territory shall be submitted to the qualified electors of the Annexed Territory. applicable to such election. The ballot measure shall be substantially in the form attached hereto as **Exhibit A**.

14. Consider the Water Utility Cost of Service Rate Study prepared by Foresight Consulting and the West Yost Justification and Cost Allocation for Proposed Water System Improvements Study and consider initiating a 218 Protest process to do the following based upon report recommendations:

Ø Adjust rates according to the Foresight report's proposed Financial Plan with varying rate adjustments for Fiscal Year 04-05, (dependent upon customer class, lot size, current zone and current rate) and 20%, 15%, 5%, and 5% across-the-board rate adjustments in subsequent year (05-06 through 08-09) to support the Financial Plan, and

Ø Adopt automatic Rate Adjustments beginning July 1, 2009, which would provide for annual rate adjustments linked to changes in the Consumer Price Index, Urban Wage Earners and Clerical Workers Series for the San Francisco CMSA, as prepared by the California Department of Finance. The actual rates levied each year will not exceed the adjusted maximum rates in any given fiscal year without further notification of the property owners, and

NOTICE IS HEREBY GIVEN that the City Council (the "Council") of the City of Modesto, California (the "City") did, on September 14, 2004, adopt its Resolution No.2004458 (the "Resolution") wherein the Council declared its intention to annex certain territory to Community Facilities District No.20041 (Village One#2) (the "District") and, subject to the vote of the qualified electors within the territory proposed to be annexed, levy the District special taxes therein, under and pursuant to the terms and provisions of the "Mello-Roos Community Facilities Act of 1982."

All written protests must be filed with the City Clerk on or before the time set for the hearing. Written protests may be withdrawn in writing at any time before the conclusion of the hearing.

If fifty percent or more of the registered voters, or six registered voters, whichever is more, residing within the District, or if fifty percent or more of the registered voters or six registered voters, whichever is more, residing within the Annexed Territory, or if the owners of one half or more of the area of the land in the District, or if the owners of one-half or more of the area of land in the Annexed Territory, file written protests against the proposed annexation, and the protests are not withdrawn so as to reduce the value of the protests to less than a majority, no further proceedings will be undertaken for a period of one year from the date of the decision of the Council on the issues discussed at the hearing.

At the conclusion of the hearing, if the Council determines to annex the territory to the District, it will then submit the levy of the District special taxes within the Annexed Territory to the qualified electors of the Annexed Territory in a special election.

The above is intended to be a summary of Resolution No.2004545. A complete copy of the Resolution is available at the office of the City Clerk at City Hall.

Pursuant to the requirements of Sections 3114.5 and 3117.5 of the California Streets and Highways Code and Section 53339.8 of the California Government Code, the undersigned City Clerk of the City of Modesto, County of Stanislaus, State of California, hereby gives notice of an amendment to the Notice of Special Tax Lien that was recorded on April 16, 2004 in the Office of the County Recorder of the County of Stanislaus, in the Official Records of the County, as Document #04-0056546-00 (the "Notice of Special Tax Lien"), regarding Community Facilities District No. 2004-1 (Village One #2) (the "District") of the City of Modesto (the "City"), to which reference is hereby made.

The undersigned gives notice that certain territory has been annexed (the "Annexed Territory") to the District by the City Council of the City following approval of the levy of the District special taxes (the "Special Taxes") in the Annexed Territory by the qualified voters therein at a special tax election held on December 14, 2004. The rate, method of apportionment and manner of collection of the Special Taxes is set forth in Exhibit A to the Notice of Special Tax Lien. Exhibits A, B and C to the Notice of Special Tax Lien are incorporated herein by this reference.

Conditions under which the "Annual Facilities Special Tax" component of the Special Taxes may be prepaid and permanently satisfied, and the lien of that component of the Special Taxes cancelled, are also set forth in Exhibit A to the Notice of Special Tax Lien.

Notice is further given that, as a result of this annexation (Annexation No. 5), the Special Taxes are authorized to be levied in the Annexed Territory, and that, upon the recordation of this Amendment to Notice of Special Tax Lien in the Office of the County Recorder for the County of Stanislaus, the obligation to pay the special taxes levy becomes a lien upon all nonexempt real

property within the Annexed Territory in accordance with Section 3115.5 of the Streets and Highways Code.

The names of the owners and the assessor's tax parcel numbers of the real property included within the Annexed Territory as a result of this annexation (Annexation No. 5), and not exempt from the Special Taxes, are as follows:

CITY OF MODESTO
NOTICE OF PUBLIC HEARING

ON THE ANNEXATION OF TERRITORY TO COMMUNITY FACILITIES DISTRICT NO. 20041 (VILLAGE ONE#2), AND THE LEVY OF SPECIAL TAXES WITHIN THE TERRITORY PROPOSED TO BE ANNEXED ANNEXATION NO. 4

NOTICE IS HEREBY GIVEN that the City Council (the "Council") of the City of Modesto, California (the "City") did, on January 4, 2005, adopt its Resolution No. 2005-11 (the "Resolution") wherein the Council declared its intention to annex certain territory to Community Facilities District No. 20041 (Village One#2) (the "District") and, subject to the vote of the qualified electors within the territory proposed to be annexed, levy the District special taxes therein, under and pursuant to the terms and provisions of the "Mello-Roos Community Facilities Act of 1982."

The territory proposed to be annexed (the "Annexed Territory") consists of one parcel identified by reference to Stanislaus County Assessor Parcel, as follows: A.P. No. 085-001-051.

At the conclusion of the hearing, if the Council determines to annex the territory to the District, it will then submit the levy of the District special taxes within the Annexed Territory to the qualified electors of the Annexed Territory in a special election.

The above is intended to be a summary of Resolution No. 2005-11. A complete copy of the Resolution is available at the office of the City Clerk at City Hall.

SECTION 8. The publication of this Resolution as notice of the special election is hereby waived as the City Clerk has received the unanimous consent to such waiver from the Landowner.

SECTION 9. The Annexed Territory shall constitute a single election precinct for the purpose of holding the election.

All of the property in CFD No. 2004-1, unless exempted by law or by the provisions of Section G below, shall be taxed for the purposes, to the extent, and in the manner herein provided, including property subsequently annexed to CFD No. 2004-1 unless a separate Rate and Method of Apportionment is adopted for the annexation area.

For purposes of levying the Annual Maintenance Special Tax, “Developed Property” means:

“Expected Land Use Map” means the map entitled “Village One Zoning of Unvested Properties” and dated February 21, 2003, which is on file with the CFD Administrator at the City and the City Clerk and which identifies the Expected Land Uses on all Parcels within the Village One Specific Plan that either (i) are in CFD No. 2004-1 at CFD Formation, or (ii) may be annexed into the CFD in future Fiscal Years. The Expected Land Use Map may be updated in future years to add property within the Village One Specific Plan that was vested to develop when the map was prepared and, therefore, was not included in the map but subsequently has its vesting expire or for any other reason becomes subject to a condition of development that requires formation of, or annexation into, a CFD.

“Net Taxable Acreage” or **“Net Taxable Acre”** means the total acreage within a Final Map or Parcel less arterial road right-of-ways and property that is defined in the Final Map for use as a park site, school site, or City-owned or CFD-owned storm drainage basin. If a Subdivision Map is recorded which is not a Final Map for some or all Parcels created by the subdivision, the Administrator shall calculate the Net Taxable Acreage of such unsubdivided Parcels by identifying the Acreage of the Parcel and (i) adding a portion of the acreage of any non-arterial right-of-way that fronts the Parcel determined by drawing lines at right angles to the right-of-way, and (ii) subtracting a portion of the acreage of any arterial right-of-way that fronts the Parcel determined by drawing lines at right angles to the right-of-way. The Net Taxable Acreage of a Parcel or Final Map shall be determined in the sole discretion of the City.

“Proportionately” means, for Developed Property, that the ratio of the actual Annual Facilities Special Tax and Annual Maintenance Special Tax levied in any Fiscal Year to the Maximum Annual Facilities Special Tax and Maximum Annual Maintenance Special Tax authorized to be levied in that Fiscal Year is equal for all Assessor’s Parcels of Developed Property, respectively. “Taxable Property” means all of the Assessor’s Parcels within the boundaries of CFD No. 2004-1 which are not exempt from the Special Tax pursuant to law or Section G below.

“Taxable Public Property” means, in any Fiscal Year, all Parcels of Public Property within CFD No. 2004-1 that, (i) based on the Village One Specific Plan, were expected to be Taxable Property and, (ii) based on this expectation, Maximum Special Taxes were assigned to the Parcels in a prior Fiscal Year.

“Tax Zone” means a mutually exclusive geographic area within which particular Special Tax rates may be levied pursuant to this Rate and Method of Apportionment of Special Taxes. Attachment 1 identifies the boundaries of Tax Zone #1 and Tax Zone #2 as of the date of adoption of this updated

Rate and Method of Apportionment of Special Tax; additional Tax Zones may be created when property is annexed into the CFD. Alternatively, additional Original Parcels may be added to a Tax Zone with assigned Maximum Special Taxes based on the Expected Land Uses on each Original Parcel.

“Tax Zone #1” means the geographic area that is designated in Attachment 1 of this Rate and Method of Apportionment of Special Tax as Tax Zone #1. Tax Zone #1 may be expanded to include additional Original Parcels that annex to CFD No. 2004-1; Attachments 1 and 2 will be updated each time such an annexation takes place.

“Tax Zone #2” means the geographic area that is designated in Attachment 1 of this Rate and Method of Apportionment of Special Tax as Tax Zone #2. Tax Zone #2 may be expanded to include additional Original Parcels that annex to CFD No. 2004-1; Attachments 1 and 2 will be updated each time such an annexation takes place.

“Village Residential Property” means, in any Fiscal Year, all Parcels in CFD No. 2004-1 for which a building permit has been or may be issued for construction of a residential unit on a Parcel with a maximum density greater than two dwelling units per gross acre based on reference to the Village One Specific Plan and/or the Parcel’s zoning designation.

B. DATA FOR ANNUAL ADMINISTRATION

On or about July 1 of each Fiscal Year, the Administrator shall identify the current Assessor’s Parcel numbers for all Parcels of Taxable Property in CFD No. 2004-1. The Administrator shall also determine: (i) the Tax Zone within which each Parcel of Taxable Property is located, (ii) whether each Assessor’s Parcel of Taxable Property is Developed Property or Undeveloped Property, (iii) which Parcels are Commercial Property, Industrial Property, Multi-Family Property, Low Density Residential Property, and Village Residential Property (the City shall, in its sole discretion, determine the appropriate Land Use Class for Parcels on which a structure was built prior to CFD Formation), (iv) the Net Taxable Acreage of each Parcel, and (v) the Annual Facilities Special Tax Requirement and the Annual Maintenance Special Tax Requirement.

In any Fiscal Year, if it is determined that (i) a parcel map for a portion of property in CFD No. 2004-1 was recorded after January 1 of the prior Fiscal Year (or any other date after which the Assessor will not incorporate the newly-created Parcels into the then current tax roll), (ii) because of the date the parcel map was recorded, the Assessor does not yet recognize the new Parcels created by the parcel map, and (iii) one or more of the newly-created Parcels meets the definition of

Developed Property, the Administrator shall calculate the Special Tax for the property affected by recordation of the parcel map by determining the Special Tax that applies separately to each newly-created Parcel, then applying the sum of the individual Special Taxes to the Original Parcel or Successor Parcel that was subdivided by recordation of the parcel map.

C. CALCULATING MAXIMUM SPECIAL TAXES

The Administrator shall use the procedures set forth below to calculate the Maximum Special Taxes for each Parcel in CFD No. 2004-1 in each Fiscal Year, including the Maximum One-Time Facilities Special Tax, Maximum Annual Facilities Special Tax, and Maximum Annual Maintenance Special Tax. A separate method of calculating the Maximum Special Taxes may be identified for Tax Zones or Improvement Areas added to CFD No. 2004-1 as a result of future annexations. The Per-Acre Special Taxes set forth in Table 1 below shall be used for purposes of Sections C.1 and C.2 below:

**Table 1
Per-Acre Special Taxes

Land Use Class	Per-Acre Special Tax: One-Time Facilities Special Tax TAX ZONE #1	Per-Acre Special Tax: One-Time Facilities Special Tax TAX ZONE #2	Per-Acre Special Tax: Annual Facilities Special Tax	Per-Acre Special Tax: Annual Maintenance Special Tax
Low Density Residential Property	\$13,342 per Net Taxable Acre	\$19,576 per Net Taxable Acre	\$3,517 per Net Taxable Acre	\$525 per Net Taxable Acre
Village Residential Property	\$30,281 per Net Taxable Acre	\$44,429 per Net Taxable Acre	\$6,405 per Net Taxable Acre	\$1,233 per Net Taxable Acre
Multi-Family Property	\$101,437 per Net Taxable Acre	\$148,832 per Net Taxable Acre	\$7,222 per Net Taxable Acre	\$4,020 per Net Taxable Acre
Commercial Property	\$52,102 per Net Taxable Acre	\$76,446 per Net Taxable Acre	\$3,570 per Net Taxable Acre	\$920 per Net Taxable Acre
Industrial Property	\$13,103 per Net Taxable Acre	\$19,225 per Net Taxable Acre	\$2,550 per Net Taxable Acre	\$920 per Net Taxable Acre

** All Per-Acre Special Taxes shown in Table 1 are subject to the annual adjustments described in Section D below.*

1. Original Parcels

The Maximum Special Taxes for each Land Use Class in the Original Parcels in CFD No. 2004-1 as of the date of approval of this updated Rate and Method of Apportionment of Special Tax are identified in Attachment 2. Attachment 2 will be updated by the

Administrator as needed to reflect Original Parcels added to the CFD due to additional annexations. Until an Original Parcel is subdivided, the Maximum Special Taxes shown in Attachment 2 (escalated as set forth herein) shall be the Maximum Special Taxes for the Parcel unless the zoning on the Original Parcel changes to a Land Use Class that has higher Per-Acre Special Taxes, as shown in Table 1 above. Upon approval of such change in zoning by the City Council, the Administrator shall multiply the applicable Per-Acre Special Taxes by the Net Taxable Acreage of each Land Use Class that is expected on the Parcel based on the rezone. The Administrator shall then update Attachment 2 to reflect the higher Maximum Special Taxes for the Parcel. If a rezone results in a Land Use Class that has a lower Per-Acre Special Tax than the previous Expected Land Uses, there shall be no corresponding reduction in the Maximum Special Taxes for the Parcel. The potential reduction in Maximum Special Tax revenues must be considered separately for each Special Tax Category. If the rezone would cause a reduction in the Maximum Special Tax revenues in any Special Tax Category, the Maximum Special Tax identified for that Special Tax Category shall remain the same as originally assigned to the Original Parcel.

2. **Successor Parcels**

a. ***All Successor Parcels are Single Family Detached Lots***

If the Parcels created by a recorded Subdivision Map are all Single Family Detached Lots, the Administrator shall apply the following steps to allocate the Maximum Special Taxes for the Original Parcel to each of the Successor Parcels created by the subdivision:

Step 1: Determine the greater of (i) the Maximum Special Taxes assigned to each Expected Land Use for the Original Parcel, or (ii) the Net Taxable Acreage of Low Density Residential Property and/or Village Residential Property within the Subdivision Map multiplied by the Per-Acre Special Taxes for such Land Use Classes from Table 1 above. If the Subdivision Map includes both Low Density Residential Property and Village Residential Property, separately calculate the amount that applies to each Land Use Class.

Step 2: Separately for any Low Density Residential Property and Village Residential Property created by the Subdivision Map, divide the Maximum Special Taxes from Step 1 by the number of Successor Parcels to determine the Maximum Special Taxes for each Single Family Detached Lot.

b. ***No Successor Parcels are Single Family Detached Lots***

If none of the Successor Parcels created by recordation of a Subdivision Map are Single Family Detached Lots, the Administrator shall apply the following steps to

allocate the Maximum Special Taxes assigned to the Original Parcel to each of the Successor Parcels:

- Step 1:** Identify the Expected Land Uses for the Original Parcel.
- Step 2:** Determine the Net Taxable Acreage within each Land Use Class created by the Subdivision Map.
- Step 3:** If the Net Taxable Acreage of each Land Use Class from Step 2 is the same as the Expected Land Uses, the Maximum Special Taxes assigned to each of the Expected Land Uses on the Original Parcel shall be allocated to the Successor Parcels based on the Acreage of each Land Use Class that occurs on each Successor Parcel.
- Step 4:** If the Net Taxable Acreage within each Land Use Class from Step 2 is different than the Expected Land Uses for the Original Parcel, the Administrator shall apply the following steps separately for each Special Tax Category:

Step 4a. Multiply the applicable Per-Acre Special Tax by the Net Taxable Acreage of each Land Use Class created by the Subdivision Map.

Step 4b. If the amount calculated in Step 4a is *greater than* the Maximum Special Tax assigned to the Original Parcel, multiply the Net Taxable Acreage of each Land Use Class on each Successor Parcel by the applicable Per-Acre Special Tax from Table 1 above to determine the Maximum Special Tax for each Successor Parcel.

Step 4c. If the amount calculated in Step 4a is *less than* the Maximum Special Tax assigned to the Original Parcel: (i) identify the Maximum Special Tax that was assigned to each of the Expected Land Uses on the Parcel, (ii) divide the Maximum Special Tax for each Land Use Class by the Net Taxable Acreage of each Land Use Class actually created by the Subdivision Map, and (iii) multiply the per-acre Maximum Special Tax calculated in (ii) by the Net Taxable Acreage of each Land Use Class on each Successor Parcel to determine the Maximum Special Tax for each Parcel.

If the Land Use Classes on a Successor Parcel or Parcels are different than the Expected Land Uses for that Parcel(s) and such difference would result in a reduction in the Maximum Special Tax assigned to the Original Parcel for any Special

Tax Category, the Maximum Special Tax assigned to the Original Parcel shall either be distributed equally on a per-acre basis to the Successor Parcels or, if multiple Land Use Classes are created by the Subdivision Map, the Maximum Special Tax from the Original Parcel shall be distributed to each Land Use Class so that the per-acre tax for each Land Use Class has the same proportional relationship as the Per-Acre Special Taxes in Table 1 above.

If, after subdivision of an Original Parcel, a Successor Parcel is further subdivided, the Successor Parcel shall be treated as an Original Parcel for purposes of allocating Maximum Special Taxes pursuant to Section C.2a, C.2b, or C.2c, as appropriate.

c. *Some, But Not All, Successor Parcels are Single Family Detached Lots*

If a Subdivision Map divides an Original Parcel into Successor Parcels, of which some are Single Family Detached Lots and some are not, the Administrator shall (i) break out the Net Taxable Acreage of Low Density Residential Property and/or Village Residential Property separately from the Net Taxable Acreage of other Land Use Classes, (ii) for the Low Density Residential Property and/or Village Residential Property created by the Subdivision Map, apply the steps in Section C.2a to determine the Maximum Special Taxes for each Single Family Detached Lot, and (iii) apply the steps in Section C.2b above to determine the Maximum Special Taxes for Land Use Classes other than Low Density Residential Property and Village Residential Property.

If, after subdivision of an Original Parcel, a Successor Parcel is further subdivided, the Successor Parcel shall be treated as an Original Parcel for purposes of allocating Maximum Special Taxes pursuant to Section C.2a, C.2b, or C.2c, as appropriate.

After each reallocation of the Maximum Special Taxes upon subdivision or reconfiguration of Original Parcels, the sum of the Maximum Special Taxes assigned to Successor Parcels shall never be less, but may be more, than the Maximum Special Taxes assigned to the Original Parcels prior to such reallocation.

D. ESCALATION OF MAXIMUM SPECIAL TAXES

1. One-Time Facilities Special Tax

Beginning in January 2005 and each January thereafter, the Maximum One-Time Facilities Special Tax assigned to each Parcel and the Per-Acre Special Tax shown in Table 1 above shall be adjusted annually by the greater of (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source

if the Engineering News Record is discontinued or otherwise not available, or (ii) four percent (4.0%). Each annual adjustment of the One-Time Facilities Special Tax shall become effective on the subsequent July 1.

2. Annual Facilities Special Tax

Beginning in Fiscal Year 2005-06, and each Fiscal Year thereafter, the Maximum Annual Facilities Special Tax assigned to each Parcel and the Per-Acre Special Tax shown in Table 1 above shall be increased by two percent (2%) of the amount in effect in the prior Fiscal Year.

3. Annual Maintenance Special Tax

Beginning in January 2005 and each January thereafter, the Maximum Annual Maintenance Special Tax assigned to each Parcel and the Per-Acre Special Tax shown in Table 1 above shall be adjusted annually by the greater of (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or (ii) four percent (4.0%). Each annual adjustment of the Maximum Annual Maintenance Special Tax shall become effective on the subsequent July 1.

E. METHOD OF LEVY OF THE SPECIAL TAX

1. One-Time Facilities Special Tax

The Maximum One-Time Facilities Special Tax determined pursuant to Sections C and D above shall be levied on all Taxable Property in CFD No. 2004-1 and shall be collected as set forth in Section F below.

2. Annual Facilities Special Tax

Commencing with Fiscal Year 2004-05 and for each following Fiscal Year, the Administrator shall determine the Annual Facilities Special Tax Requirement for the Fiscal Year. The Annual Facilities Special Tax shall then be levied on all Parcels of Taxable Property in CFD No. 2004-1 as follows:

Step 1: The Annual Facilities Special Tax shall be levied Proportionately on each Parcel of Developed Property within the CFD up to 100% of the Maximum Annual Facilities Special Tax for each Parcel for such Fiscal Year until the amount levied on Developed Property is equal to the Special Tax Requirement prior to applying any Capitalized Interest that is available in the CFD accounts;

- Step 2:** If additional revenue is needed after Step 1, and after applying Capitalized Interest to the Annual Facilities Special Tax Requirement, the Annual Facilities Special Tax shall be levied Proportionately on each Assessor's Parcel of Undeveloped Property within the CFD, up to 100% of the Maximum Annual Facilities Special Tax for each Parcel of Undeveloped Property for such Fiscal Year;
- Step 3:** If additional revenue is needed after applying the first two steps, the Annual Facilities Special Tax shall be levied Proportionately on each Assessor's Parcel of Taxable Public Property, up to 100% of the Maximum Annual Facilities Special Tax assigned to each Parcel of Taxable Public Property.

3. Annual Maintenance Special Tax

Commencing with Fiscal Year 2004-05 and for each following Fiscal Year, the Administrator shall determine the Maintenance Special Tax Requirement for the Fiscal Year. The Annual Maintenance Special Tax shall then be levied on all Parcels of Taxable Property as follows:

- Step 1:** The Annual Maintenance Special Tax shall be levied Proportionately on each Parcel of Developed Property within the CFD up to 100% of the Maximum Annual Maintenance Special Tax for each Parcel for such Fiscal Year;
- Step 2:** If additional revenue is needed after Step 1, the Annual Maintenance Special Tax shall be levied Proportionately on each Assessor's Parcel of Undeveloped Property within the CFD, up to 100% of the Maximum Annual Maintenance Special Tax for each Parcel of Undeveloped Property for such Fiscal Year;
- Step 3:** If additional revenue is needed after applying the first two steps, the Annual Maintenance Special Tax shall be levied Proportionately on each Assessor's Parcel of Taxable Public Property, up to 100% of the Maximum Annual Maintenance Special Tax assigned to each Parcel of Taxable Public Property.

F. COLLECTION OF SPECIAL TAX

The Maximum One-Time Facilities Special Tax shall be collected prior to a building permit being issued for new construction of any residential or non-residential structure on Taxable Property within CFD No. 2004-1, and shall be immediately delinquent if not so paid.

The Annual Facilities Special Tax and Annual Maintenance Special Tax for CFD No. 2004-1 shall be collected in the same manner and at the same time as ordinary ad valorem property taxes, provided, however, that prepayments are permitted as set forth in Section H below and provided further that the City may directly bill, collect at a different time or in a different manner, and/or

collect delinquent Annual Facilities Special Taxes and Annual Maintenance Special Taxes through foreclosure or other available methods.

The Annual Facilities Special Tax shall be levied and collected until principal and interest on Bonds have been repaid, costs of constructing or acquiring Authorized Facilities from Annual Facilities Special Tax proceeds have been paid, and all Administrative Expenses have been reimbursed. However, in no event shall an Annual Facilities Special Tax be levied after Fiscal Year 2060-61. The Annual Maintenance Special Tax will continue to be levied and collected unless and until the City determines that the Annual Maintenance Special Tax no longer needs to be levied to pay Authorized Services of the CFD and all Administrative Expenses have been reimbursed. Under no circumstances may the Annual Facilities Special Tax on one Parcel in the CFD be increased by more than ten percent (10%) as a consequence of delinquency or default in payment of the Annual Facilities Special Tax levied on another Parcel or Parcels in the CFD.

G. EXEMPTIONS

Notwithstanding any other provision of this Rate and Method of Apportionment of Special Taxes, no Special Taxes shall be levied on Public Property, except Taxable Public Property, as defined herein.

H. PREPAYMENT OF SPECIAL TAX

The following definitions apply to this Section H:

“Outstanding Bonds” means all Previously Issued Bonds which remain outstanding, with the following exception: if an Annual Facilities Special Tax has been levied against, or already paid by, an Assessor’s Parcel making a prepayment, and a portion of the Annual Facilities Special Tax will be used to pay a portion of the next principal payment on the Bonds that remain outstanding (as determined by the Administrator), that next principal payment shall be subtracted from the total Bond principal that remains outstanding, and the difference shall be used as the amount of Outstanding Bonds for purposes of this prepayment formula.

“Previously Issued Bonds” means all Bonds that have been issued on behalf of the CFD prior to the date of prepayment.

“Public Facilities Requirements” means either \$14,100,000 in 2004 dollars, which shall increase on January 1, 2005, and on each January 1 thereafter by the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or such other number as shall be determined by the City as sufficient to fund Authorized Facilities. The Public Facilities Requirements shown above shall be adjusted or a separate Public Facilities

Requirements identified each time property annexes into CFD No. 2004-1; at no time shall the added Public Facilities Requirement for the annexation area exceed the amount of public improvement costs that are expected to be supportable by the Maximum Annual Facilities Special Tax generated within that annexation area.

“Remaining Facilities Costs” means the Public Facilities Requirements (as defined above), minus costs of Authorized Facilities funded by Outstanding Bonds (as defined above), developer equity, and/or any other source of funding.

The Annual Facilities Special Tax obligation applicable to an Assessor’s Parcel in the CFD may be prepaid and the obligation of the Assessor’s Parcel to pay the Annual Facilities Special Tax permanently satisfied as described herein, provided that a prepayment may be made only if there are no delinquent Annual Facilities Special Taxes with respect to such Assessor’s Parcel at the time of prepayment. The Annual Maintenance Special Tax may not be prepaid. An owner of an Assessor’s Parcel intending to prepay the Annual Facilities Special Tax obligation shall provide the City with written notice of intent to prepay. Within 30 days of receipt of such written notice, the City or its designee shall notify such owner of the prepayment amount for such Assessor’s Parcel. Prepayment must be made not less than 75 days prior to any redemption date for Bonds to be redeemed with the proceeds of such prepaid Annual Facilities Special Taxes. The Prepayment Amount shall be calculated as follows: (capitalized terms as defined below):

	Bond Redemption Amount
plus	Remaining Facilities Amount
plus	Redemption Premium
plus	Defeasance Requirement
plus	Administrative Fees and Expenses
less	<u>Reserve Fund Credit</u>
equals	Prepayment Amount

As of the proposed date of prepayment, the Prepayment Amount shall be determined by application of the following steps:

- Step 1.** Compute the total Maximum Annual Facilities Special Tax that could be collected from the Assessor’s Parcel prepaying the Annual Facilities Special Tax in the Fiscal Year in which prepayment would be received by the City.
- Step 2.** Divide the Maximum Annual Facilities Special Tax from Step 1 by the total amount that could be collected if the Maximum Annual Facilities Special Tax was levied on all Parcels of Taxable Property in the CFD.
- Step 3.** Multiply the quotient computed pursuant to Step 2 by the Outstanding Bonds to compute the amount of Outstanding Bonds to be retired and prepaid (*the “Bond Redemption Amount”*).
- Step 4.** Compute the current Remaining Facilities Costs (if any).

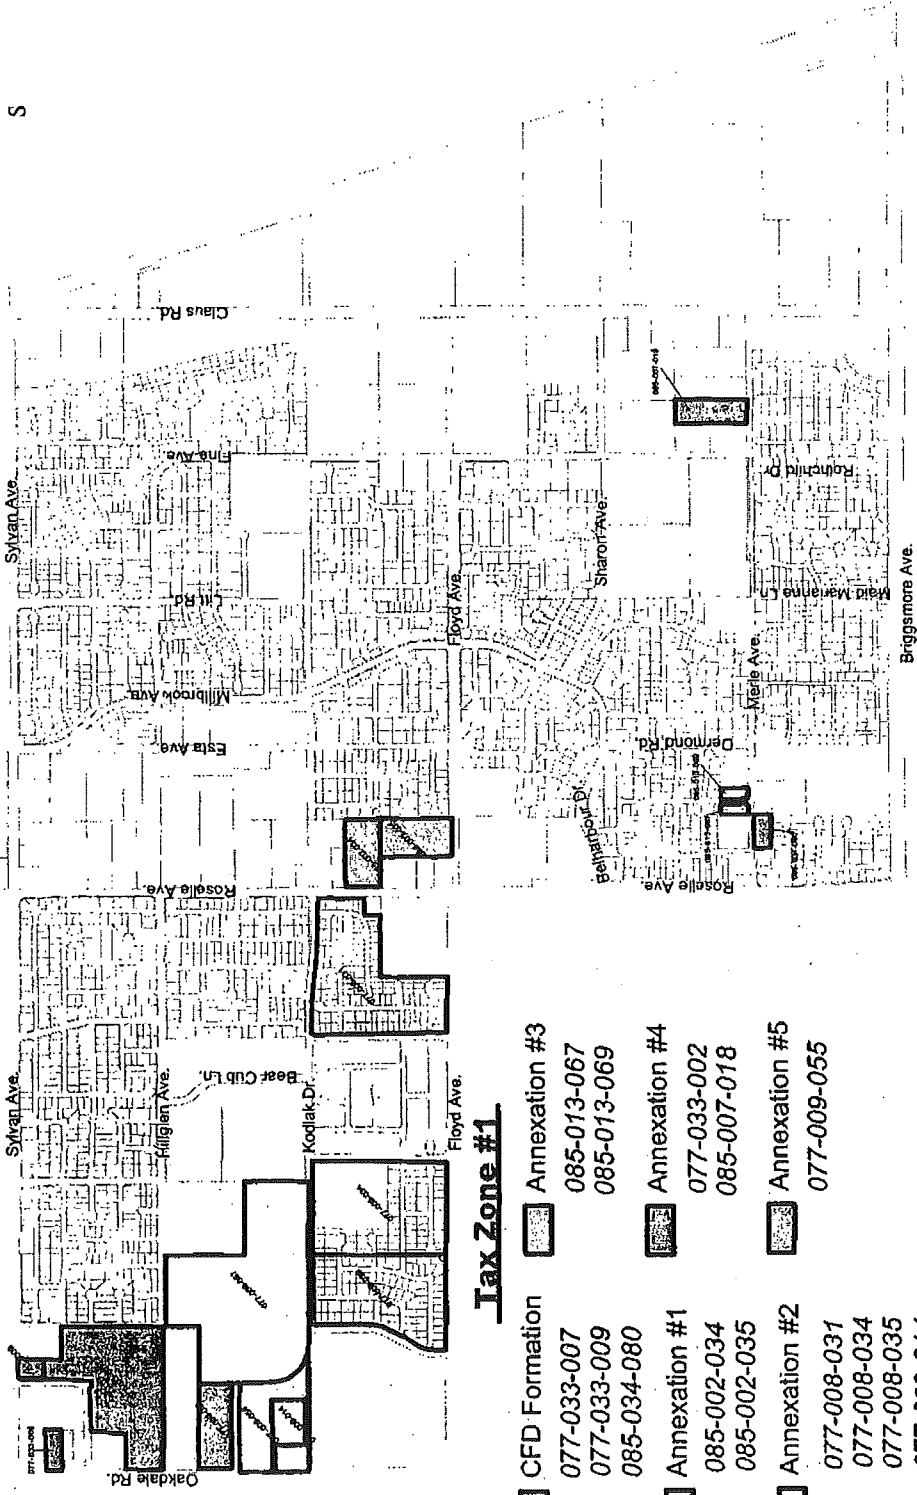

- Step 5.** Multiply the quotient computed pursuant to Step 2 by the amount determined pursuant to Step 4 to compute the amount of Remaining Facilities Costs to be prepaid (the "*Remaining Facilities Amount*").
- Step 6.** Multiply the Bond Redemption Amount computed pursuant to Step 3 by the applicable redemption premium, if any, on the Outstanding Bonds to be redeemed (the "*Redemption Premium*").
- Step 7.** Compute the amount needed to pay interest on the Bond Redemption Amount starting with the first Bond interest payment date after which the prepayment has been received until the earliest redemption date for the Outstanding Bonds, which, depending on the Bond offering document, may be as early as the next interest payment date.
- Step 8:** Compute the amount of interest the City reasonably expects to derive from reinvestment of the Bond Redemption Amount plus the Redemption Premium from the first Bond interest payment date after which the prepayment has been received until the redemption date for the Outstanding Bonds.
- Step 9:** Take the amount computed pursuant to Step 7 and subtract the amount computed pursuant to Step 8 (the "*Defeasance Requirement*").
- Step 10.** Determine the costs of computing the prepayment amount, the costs of redeeming Bonds, and the costs of recording any notices to evidence the prepayment and the redemption (the "*Administrative Fees and Expenses*").
- Step 11.** If and to the extent so provided in the indenture pursuant to which the Outstanding Bonds to be redeemed were issued, a reserve fund credit shall be calculated as a reduction in the applicable reserve fund for the Outstanding Bonds to be redeemed pursuant to the prepayment (the "*Reserve Fund Credit*").
- Step 12.** The Annual Facilities Special Tax prepayment is equal to the sum of the amounts computed pursuant to Steps 3, 5, 6, 9, and 10, less the amount computed pursuant to Step 11 (the "*Prepayment Amount*").

If an owner that has prepaid the Annual Facilities Special Tax obligation assigned to a Parcel subsequently rezones the Parcel to a Land Use Class that has a higher Per-Acre Annual Facilities Special Tax, the City may in its sole discretion and as a condition of approval of the rezoning, collect the additional Annual Facilities Special Tax prepayment that would have applied had the Parcel been rezoned at the time of the original prepayment for the Parcel.

I. INTERPRETATION OF SPECIAL TAX FORMULA

The City reserves the right to make minor administrative and technical changes to this document that does not materially affect the Rate and Method of Apportionment of Special Taxes. In addition, the interpretation and application of any section of this document shall be left to the City's discretion. Interpretations may be made by the City by ordinance or resolution for purposes of clarifying any vagueness or ambiguity in this Rate and Method of Apportionment of Special Taxes.

Notice is further given that Tax Zone #2 was subsequently created in which the special taxes authorized to be levied within the District were authorized to be levied in Tax Zone #2, except that the One-Time Facilities Special Tax component of the special taxes was authorized to be levied at an increased rate.

The undersigned gives notice that certain territory has been annexed (the "Annexed Territory") to Tax Zone #2 of the District by the City Council of the City following approval of the levy of the District special taxes as revised for Tax Zone #2 (the "Special Taxes for Tax Zone #2") in the Annexed Territory by the qualified voters therein at a special tax election held on June 14, 2005. The rate, method of apportionment and manner of collection of the Special Taxes for Tax Zone #2 is set forth in Exhibit A to the Amendment to Notice of Special Tax Lien that was recorded on March 9, 2005, in the Office of the County Recorder of the County of Stanislaus, in the Official Records of the County, as Document #05-0039874-00 (the "Amended Notice of Special Tax Lien"). Exhibit A to the Amended Notice of Special Tax Lien is incorporated herein by this reference. The Special Taxes for Tax Zone #2 are authorized to be levied in order to pay debt service on bonds to be issued to finance the Facilities described in Exhibit B to the previously recorded Notice of Special Tax Lien, to pay for the Facilities, to pay for the Services described in Exhibit C to the Notice of Special Tax Lien, and to pay authorized

costs and expenses related thereto. Exhibits B and C to the Notice of Special Tax Lien are incorporated herein by this reference.

Conditions under which the "Annual Facilities Special Tax" component of the Special Taxes may be prepaid and permanently satisfied, and the lien of that component of the Special Taxes cancelled, are also set forth in Exhibit A to the Amended Notice of Special Tax Lien..

Notice is further given that, as a result of this annexation (Annexation No. 7), the Special Taxes for Tax Zone #2 are authorized to be levied in the Annexed Territory, and that, upon the recordation of this Amendment to Notice of Special Tax Lien in the Office of the County Recorder for the County of Stanislaus, the obligation to pay the special taxes levy becomes a lien upon all nonexempt real property within the Annexed Territory in accordance with Section 3115.5 of the Streets and Highways Code.

The names of the owners and the assessor's tax parcel numbers of the real property included within the Annexed Territory as a result of this annexation (Annexation No. 7), and not exempt from the Special Taxes for Tax Zone #2, are as follows:

<u>Assessor's Parcel No.</u>	<u>Owner's Name</u>
085-002-079	William Lyon Homes, Inc.

Reference is made to the boundary map of the Annexed Territory entitled "Annexation Map No. 7 of Community Facilities District No. 2004-1 (Village One #2), As Amended, of the City of Modesto, County of Stanislaus, State of California," recorded on May 5, 2005, in Book 4 of Maps of Assessment and Community Facilities Districts, at page 12, in the Office of the County Recorder of the County of Stanislaus, State of California (which amended the map of Annexation No. 7 prior recorded in Book 4 of Maps of Assessment and Community Facilities Districts, at Page 9, in that office).

SECTION 2. All prior proceedings taken with respect to the annexation of the Annexed Territory to the District, and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory were valid and in conformity with the requirements of the Act. This determination shall be final and conclusive upon all persons.

SECTION 3. The proposed annexation of the Annexed Territory to the District and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory have not been precluded by majority protest pursuant to Section 53339.5 of the Act.

SECTION 4. As stated in the Resolution of Intention to Annex, it is the intention of this Council, subject to the approval of the qualified electors of the Annexed Territory, to annex the Annexed Territory to the District and levy the District special taxes for Tax Zone #2 within the Annexed Territory. Upon such approval the Council will be authorized to levy the District special taxes for Tax Zone #2 within the Annexed Territory.

WHEREAS, notice of the hearing was duly published as required by law, as evidenced by the proof of publication on file with the City Clerk; and

WHEREAS, a map of the Annexed Territory, entitled "Annexation Map No. 9 of Community Facilities District No. 2004-1 ("Village One #2) of the City of Modesto, County of Stanislaus, State of California," was recorded on September 8, 2005, in the Office of the County Recorder of the County of Stanislaus, in Book 4 of Maps of Assessment and Community Facilities Districts, at page 27; and

WHEREAS, the Stanislaus County Registrar of Voters has certified there are less than 12 registered voters residing in the Annexed Territory; accordingly, the qualified electors are the landowners; and

WHEREAS, the City Clerk, being the Council's designated election official for purposes of the election herein called, has concurred in the election date herein set forth for the election;

NOW THEREFORE, BE IT RESOLVED, ORDERED AND FOUND by the City Council of the City of Modesto that:

SECTION 1. The foregoing recitals are true and correct.

SECTION 2. All prior proceedings taken with respect to the annexation of the Annexed Territory to the District, and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory were valid and in conformity with the requirements of the Act. This determination shall be final and conclusive upon all persons.

SECTION 3. The proposed annexation of the Annexed Territory to the District and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory have not been precluded by majority protest pursuant to Section 53339.5 of the Act.

SECTION 4. As stated in the Resolution of Intention to Annex, it is the intention of this Council, subject to the approval of the qualified electors of the Annexed Territory, to annex the Annexed Territory to the District and levy the District special taxes for Tax Zone #2 within the

Annexed Territory. Upon such approval the Council will be authorized to levy the District special taxes for Tax Zone #2 within the Annexed Territory.

SECTION 5. A special election is hereby called at which the question of levying the District special taxes for Tax Zone #2 within the Annexed Territory shall be submitted to the qualified electors of the Annexed Territory. SECTION 6. Fewer than 12 persons have been registered to vote within the Annexed Territory for each of the 90 days preceding the close of the hearing referenced herein. Accordingly, the vote shall be by the landowners of the Annexed Territory, and each such landowner shall have one vote for each acre or portion thereof that he or she owns within the Annexed Territory. The ballots shall be distributed by mail with return postage prepaid, or by personal service, to each landowner, all as provided in Section 53326 of the Act.

The election shall be conducted by the City Clerk in the manner required by this resolution, the Act and applicable laws.

The hour on such date when the ballots are required to be received in the office of the City Clerk is noon, Pacific Time. If all qualified electors have voted prior to such time, the election shall be closed.

SECTION 7. In accordance with Section 53327(b) of the Act, analysis and arguments, as required by Section 53327(a) of the Act are hereby waived, as the City Clerk has received the unanimous consent to such waivers from the Landowner.

SECTION 8. The publication of this Resolution as notice of the special election is hereby waived as the City Clerk has received the unanimous consent to such waiver from the Landowner.

SECTION 9. The Annexed Territory shall constitute a single election precinct for the purpose of holding the election.

SECTION 10. The City Clerk is hereby authorized to take any and all steps necessary for the holding of the election, and to perform and render all services and proceedings incidental to and in connection with the election.

NOTICE OF PUBLIC HEARING
ON THE ANNEXATION OF TERRITORY TO
COMMUNITY FACILITIES DISTRICT NO.20041
(VILLAGE ONE#2), AND THE LEVY OF SPECIAL TAXES WITHIN THE TERRITORY
PROPOSED TO BE ANNEXED
ANNEXATION NO.10

NOTICE IS HEREBY GIVEN that the City Council (the "Council") of the City of Modesto, California (the "City") did, on September 13, 2005, adopt its Resolution No.2005-456 (the "Resolution") wherein the Council declared its intention to annex certain territory to Community Facilities District No.20041 (Village One#2) (the "District") and, subject to the vote of the qualified electors within the territory proposed to be annexed, levy the District special taxes therein, under and pursuant to the terms and provisions of the "Mello-Ross Community Facilities Act of 1982."

The territory proposed to be annexed (the "Annexed Territory") consists of eight parcels identified by reference to Stanislaus County Assessor Parcel, as follows: A.P. No. 065-001-010. NOTICE IS FURTHER GIVEN that the Council has set a hearing on Resolution No.2005-456. The time and place for the hearing is Tuesday, October 25, 2005 at 5:30p.m., or as soon thereafter as practicable, at the regular meeting place of this Council, City Council Chambers, Basement Level, 1010 Tenth Street, Modesto, California. At the hearing the testimony of all interested persons for or against the proposed annexation to the District, and the levy of the District special taxes in the Annexed Territory, may appear and be heard and considered. A protest may be made orally or in writing. However, any protests pertaining to the regularity or sufficiency of the proceedings must be in writing and clearly set forth the irregularities and defects to which the objection is made. All written protests must be filed with the City Clerk on or before the time set for the hearing. Written protests may be withdrawn in writing at any time before the conclusion of the hearing.

If fifty percent or more of the registered voters, or six registered voters, whichever is more, residing within the District, or if fifty percent or more of the registered voters or six registered voters, whichever is more, residing within the Annexed Territory, or if the owners of one-half or more of the area of the land in the District, or 1/3 the owners of one-half or more of the area of land in the Annexed Territory, file written protests against the proposed annexation, and the protests are not withdrawn so as to reduce the value of the protests to less than a majority, no further proceedings will be undertaken for a period of one year from the date of the decision of the Council on the issues discussed at the hearing.

At the conclusion of the hearing, if the Council determines to annex the territory to the District, it will then submit the levy of the District special taxes within the Annexed Territory to the qualified electors of the Annexed Territory in a special election.

The above is intended to be a summary of Resolution No.2005-456. A complete copy of the Resolution is available at the office of the City Clerk at City Hall.

WHEREAS, the Stanislaus County Registrar of Voters has certified there are less than 12 registered voters residing in the Annexed Territory; accordingly, the qualified electors are the landowners; and

WHEREAS, the City Clerk, being the Council's designated election official for purposes of the election herein called, has concurred in the election date herein set forth for the election;

NOW THEREFORE, BE IT RESOLVED, ORDERED AND FOUND by the City Council of the City of Modesto that:

SECTION 1. The foregoing recitals are true and correct.

SECTION 2. All prior proceedings taken with respect to the annexation of the Annexed Territory to the District, and the levy of the District special taxes for Tax Zone

#2 within the Annexed Territory were valid and in conformity with the requirements of the Act. This determination shall be final and conclusive upon all persons.

SECTION 3. The proposed annexation of the Annexed Territory to the District and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory have not been precluded by majority protest pursuant to Section 53339.5 of the Act.

SECTION 4. As stated in the Resolution of Intention to Annex, it is the intention of this Council, subject to the approval of the qualified electors of the Annexed Territory, to annex the Annexed Territory to the District and levy the District special taxes for Tax Zone #2 within the Annexed Territory. Upon such approval the Council will be authorized to levy the District special taxes for Tax Zone #2 within the Annexed Territory.

SECTION 5. A special election is hereby called at which the question of levying the District special taxes for Tax Zone #2 within the Annexed Territory shall be submitted to the qualified electors of the Annexed Territory. The election shall be held in accordance with and subject to the Act, all of the terms of which shall, unless waived as herein provided, be applicable to such election. The ballot measure shall be substantially in the form attached hereto as Exhibit A.

SECTION 6. Fewer than 12 persons have been registered to vote within the Annexed Territory for each of the 90 days preceding the close of the hearing referenced herein. Accordingly, the vote shall be by the landowners of the Annexed Territory, and each such landowner shall have one vote for each acre or portion thereof that he or she owns within the Annexed Territory. The ballots shall be distributed by mail with return

postage prepaid, or by personal service, to each landowner, all as provided in Section 53326 of the Act.

Since the City Clerk has received an appropriate waiver of time limits and other requirements pertaining to the conduct of the election by the owner of all of the land in the Annexed Territory (the "Landowner"), the election shall be held on the 9th day of November 2005. The election shall be conducted by the City Clerk in the manner required by this resolution, the Act and applicable laws.

The hour on such date when the ballots are required to be received in the office of the City Clerk is noon, Pacific Time. If all qualified electors have voted prior to such time, the election shall be closed.

SECTION 7. In accordance with Section 53327(b) of the Act, analysis and arguments, as required by Section 53327(a) of the Act are hereby waived, as the City Clerk has received the unanimous consent to such waivers from the Landowner.

SECTION 8. The publication of this Resolution as notice of the special election is hereby waived as the City Clerk has received the unanimous consent to such waiver from the Landowner.

SECTION 9. The Annexed Territory shall constitute a single election precinct for the purpose of holding the election.

SECTION 10. The City Clerk is hereby authorized to take any and all steps necessary for the holding of the election, and to perform and render all services and proceedings incidental to and in connection with the election.

SECTION 11. The City Clerk shall canvass the returns and certify the results of the election to this Council. If two-thirds or more of the votes cast are in favor of levying

the District special taxes for Tax Zone #2 in the Annexed Territory, this Council may thereafter, order the annexation of the Annexed Territory to the District and levy the District special taxes in the Annexed Territory in the amount and for the purposes specified in Resolution No. 2004-199 adopted by this Council on April 6, 2004 (the "Resolution of Formation"). WHEREAS, the City Clerk, being the Council's designated election official for purposes of the election herein called, has concurred in the election date herein set forth for the election;

NOW THEREFORE, BE IT RESOLVED, ORDERED AND FOUND by the City Council of the City of Modesto that:

SECTION 1. The foregoing recitals are true and correct.

SECTION 2. All prior proceedings taken with respect to the annexation of the Annexed Territory to the District, and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory were valid and in conformity with the requirements of the Act. This determination shall be final and conclusive upon all persons.

SECTION 3. The proposed annexation of the Annexed Territory to the District and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory have not been precluded by majority protest pursuant to Section 53339.5 of the Act.

SECTION 4. As stated in the Resolution of Intention to Annex, it is the intention of this Council, subject to the approval of the qualified electors of the Annexed Territory, to annex the Annexed Territory to the District and levy the District special taxes for Tax Zone #2 within the

Annexed Territory. Upon such approval the Council will be authorized to levy the District special taxes for Tax Zone #2 within the Annexed Territory.

SECTION 5. A special election is hereby called at which the question of levying the District special taxes for Tax Zone #2 within the Annexed Territory shall be submitted to the qualified electors of the Annexed Territory. The ballot measure shall be substantially in the form attached hereto as Exhibit A.

SECTION 6. Fewer than 12 persons have been registered to vote within the Annexed Territory for each of the 90 days preceding the close of the hearing referenced herein. Accordingly, the vote shall be by the landowners of the Annexed Territory, and each such landowner shall have one vote for each acre or portion thereof that he or she owns within the Annexed Territory. The ballots shall be distributed by mail with return postage prepaid, or by personal service, to each landowner, all as provided in Section 53326 of the Act.

Since the City Clerk has received an appropriate waiver of time limits and other requirements pertaining to the conduct of the election by the owner of all of the land in the Annexed Territory (the "Landowner"), the election shall be held on the 14th day of March 2006. The election shall be conducted by the City Clerk in the manner required by this resolution, the Act and applicable laws.

The hour on such date when the ballots are required to be received in the office of the City Clerk is noon, Pacific Time. If all qualified electors have voted prior to such time, the election shall be closed.

SECTION 7. In accordance with Section 53327(b) of the Act, analysis and arguments, as required by Section 53327(a) of the Act are hereby waived, as the City Clerk has received the unanimous consent to such waivers from the Landowner.

SECTION 8. The publication of this Resolution as notice of the special election is hereby waived as the City Clerk has received the unanimous consent to such waiver from the Landowner.

SECTION 9. The Annexed Territory shall constitute a single election precinct for the purpose of holding the election.

SECTION 10. The City Clerk is hereby authorized to take any and all steps necessary for the holding of the election, and to perform and render all services and proceedings incidental to and in connection with the election.

**CITY OF MODESTO
 COMMUNITY FACILITIES DISTRICT NO. 2004-1
 (Village One #2)
 (Tax Zone #2)**

Pursuant to the requirements of Sections 3114.5 and 3117.5 of the California Streets and Highways Code and Section 53339.8 of the California Government Code, the undersigned City Clerk of the City of Modesto, County of Stanislaus, State of California, hereby gives notice of an amendment to the Notice of Special Tax Lien that was recorded on April 16, 2004 in the Office of the County Recorder of the County of Stanislaus, in the Official Records of the County, as Document #04-0056546-00 (the "Notice of Special Tax Lien"), regarding Community Facilities District No. 2004-1 (Village One #2) (the "District") of the City of Modesto (the "City"), to which reference is hereby made.

Notice is further given that Tax Zone #2 was subsequently created in which the special taxes authorized to be levied within the District were authorized to be levied in Tax Zone #2, except that the One-Time Facilities Special Tax component of the special taxes was authorized to be levied at an increased rate.

The undersigned gives notice that certain territory has been annexed (the "Annexed Territory") to Tax Zone #2 of the District by the City Council of the City following approval of the levy of the District special taxes as revised for Tax Zone #2 (the "Special Taxes for Tax Zone #2") in the Annexed Territory by the qualified voters therein at a special tax election held on March 14, 2006. The rate, method of apportionment and manner of collection of the Special Taxes for Tax Zone #2 is set forth in Exhibit A to the Amendment to Notice of Special Tax Lien that was recorded on March 9, 2005, in the Office of the County Recorder of the County of Stanislaus, in the Official Records of the County, as Document #05-0039874-00 (the "Amended Notice of Special Tax Lien"). Exhibit A to the Amended Notice of Special Tax Lien is incorporated herein by this reference. costs and expenses related thereto. Exhibits B and C to the Notice of Special Tax Lien are incorporated herein by this reference.

Conditions under which the "Annual Facilities Special Tax" component of the Special Taxes may be prepaid and permanently satisfied, and the lien of that component of the Special Taxes cancelled, are also set forth in Exhibit A to the Amended Notice of Special Tax Lien.

Notice is further given that, as a result of this annexation (Annexation No. 11), the Special Taxes for Tax Zone #2 are authorized to be levied in the Annexed Territory, and that, upon the recordation of this Amendment to Notice of Special Tax Lien in the Office of the County Recorder for the County of Stanislaus, the obligation to pay the special taxes levy becomes a lien upon all nonexempt real property within the Annexed Territory in accordance with Section 3115.5 of the Streets and Highways Code.

The names of the owners and the assessor's tax parcel numbers of the real property included within the Annexed Territory as a result of this annexation (Annexation No. 11), and not exempt from the Special Taxes for Tax Zone #2, are as follows:

However, any protests pertaining to the regularity or sufficiency of the proceedings must be in writing and clearly set forth the irregularities and defects to which the objection is made. All written protests must be filed with the City Clerk on or before the time set for the hearing. Written protests may be withdrawn in writing at any time before the conclusion of the hearing.

If fifty percent or more of the registered voters, or six registered voters, whichever is more, residing within the District, or if fifty percent or more of the registered voters or six registered voters, whichever is more, residing within the Annexed Territory, or if the owners of one-half or more of the area of the land in the District, or if the owners of one-half or more of the area of land in the Annexed Territory, file written protests against the proposed annexation, and the protests are not withdrawn so as to reduce the value of the protests to less than a majority, no further proceedings will be undertaken for a period of one year from the date of the decision of the Council on the issues discussed at the hearing.

At the conclusion of the hearing, if the Council determines to annex the territory to the District, it will then submit the levy of the District special taxes within the Annexed Territory to the qualified electors of the Annexed Territory in a special election.

The above is intended to be a summary of Resolution No.2006-228. A complete copy of the Resolution is available at the office of the City Clerk at City Hall.

WHEREAS, the Stanislaus County Registrar of Voters has certified there are less than 12 registered voters residing in the Annexed Territory; accordingly, the qualified electors are the landowners; and

WHEREAS, the City Clerk, being the Council's designated election official for purposes of the election herein called, has concurred in the election date herein set forth for the election;

NOW THEREFORE, BE IT RESOLVED, ORDERED AND FOUND by the City Council of the City of Modesto that:

SECTION 1. The foregoing recitals are true and correct.

SECTION 2. All prior proceedings taken with respect to the annexation of the Annexed Territory to the District, and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory were valid and in conformity with the requirements of the Act. This determination shall be final and conclusive upon all persons.

SECTION 3. The proposed annexation of the Annexed Territory to the District and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory have not been precluded by majority protest pursuant to Section 53339.5 of the Act.

SECTION 4. As stated in the Resolution of Intention to Annex, it is the intention of this Council, subject to the approval of the qualified electors of the Annexed Territory, to annex the Annexed Territory to the District and levy the District special taxes for Tax Zone #2 within the Annexed Territory. Upon such approval the Council will be authorized to levy the District special taxes for Tax Zone #2 within the Annexed Territory.

SECTION 5. A special election is hereby called at which the question of levying the District special taxes for Tax Zone #2 within the Annexed Territory shall be submitted to the qualified electors of the Annexed Territory. The ballots shall be distributed by mail with return postage prepaid, or by personal service, to each landowner, all as provided in Section 53326 of the Act.

Since the City Clerk has received an appropriate waiver of time limits and other requirements pertaining to the conduct of the election by the owner of all of the land in the Annexed Territory (the "Landowner"), the election shall be held on the 13th day of June 2006. SECTION 7. In accordance with Section 53327(b) of the Act, analysis and arguments, as required by Section 53327(a) of the Act are hereby waived, as the City Clerk has received the unanimous consent to such waivers from the Landowner.

SECTION 8. The publication of this Resolution as notice of the special election is hereby waived as the City Clerk has received the unanimous consent to such waiver from the Landowner.

SECTION 9. The Annexed Territory shall constitute a single election precinct for the purpose of holding the election.

No. 085-050-008. NOTICE IS FURTHER GIVEN that the Council has set a hearing on Resolution No.2008-298. The time and place for the hearing is Tuesday, July 1, 2008 at 5:30p.m., or as soon thereafter as practicable, at the regular meeting place of this Council, City Council Chambers, Basement Level, 1010 Tenth Street, Modesto, California. At the hearing the testimony of all interested persons for or against the proposed annexation to the District, and the levy of the District special taxes in the Annexed Territory, may appear and be heard and considered. A protest may be made orally or in writing. However, any protests pertaining to the regularity or sufficiency of the proceedings must be in writing and clearly set forth the irregularities and defects to which the objection is made. If fifty percent or more of the registered voters, or six registered voters, whichever is more, residing within the District, or if fifty percent or more of the registered voters or six registered voters, whichever is more, residing within the Annexed Territory, or if the owners of one-half or more of the area of the land in the District, or if the owners of one-half or more of the area of land in the Annexed Territory, file written protests against the proposed annexation, and the protests are not withdrawn so as to reduce the value of the protests to less than a majority, no further proceedings will be undertaken for a period of one year from the date of the decision of the Council on the issues discussed at the hearing.

At the conclusion of the hearing, if the Council determines to annex the territory to the District, it will then submit the levy of the District special taxes within the Annexed Territory to the qualified electors of the Annexed Territory in a special election.

The above is intended to be a summary of Resolution No.2008-298. A complete copy of the Resolution is available at the office of the City Clerk at City Hall.

Pursuant to the requirements of Sections 3114.5 and 3117.5 of the California Streets and Highways Code and Section 53339.8 of the California Government Code, the undersigned City Clerk of the City of Modesto, County of Stanislaus, State of California, hereby gives notice of an amendment to the Notice of Special Tax Lien that was recorded on April 16, 2004 in the Office of the County Recorder of the County of Stanislaus, in the Official Records of the County, as Document #04-0056546-00 (the "Notice of Special Tax Lien"), regarding Community Facilities District No. 2004-1 (Village One #2) (the "District") of the City of Modesto (the "City"), to which reference is hereby made.

Notice is further given that Tax Zone #2 was subsequently created in which the special taxes authorized to be levied within the District were authorized to be levied in Tax Zone #2, except that the One-Time Facilities Special Tax component of the special taxes was authorized to be levied at an increased rate.

The undersigned gives notice that certain territory has been annexed (the "Annexed Territory") to Tax Zone #2 of the District by the City Council of the City following approval of the levy of the District special taxes as revised for Tax Zone #2 (the "Special Taxes for Tax Zone #2") in the Annexed Territory by the qualified voters therein at a special tax election held on July 1, 2008.
