A Mitigation Monitoring and Reporting Program has been prepared for the Project, and is being approved by the City Council by the same Resolution that adopts these findings. The City will use the Mitigation Monitoring and Reporting Program to track compliance with Project mitigation measures. The Mitigation Monitoring and Reporting Program will remain available for public review during the compliance period. The Mitigation Monitoring and Reporting Program is attached hereto as Attachment 2.

VII.
SIGNIFICANT IMPACTS AND MITIGATION MEASURES

The Final EIR identified a number of significant and potentially significant environmental effects (or impacts) that the Project will cause or contribute to. All of these significant effects can be fully avoided through the adoption of feasible mitigation measures.

A. Impacts and Mitigation Measures (see Attachment 1)

The City Council's findings with respect to the Project's significant effects and mitigation measures are set forth in the attachment to these findings (Attachment 1). The findings set forth in Attachment 1 are hereby incorporated by reference and included as an attachment to this document.

Attachment 1 does not attempt to describe the full analysis of each environmental impact contained in the Final EIR. Instead, the attachment provides a summary description of each impact, describes the applicable mitigation measures identified in the Final EIR and adopted by the City, and states the findings on the significance of each impact after imposition of the adopted mitigation measures. A full explanation of these environmental findings and conclusions can be found in the Final EIR, and these findings hereby incorporate by reference the discussion and analysis in those documents supporting the Final EIR's determinations regarding mitigation measures and the Project's impacts and mitigation measures designed to address those impacts.

In making these findings, the City ratifies, adopts, and incorporates into these findings the analysis and explanation in the Final EIR, and ratifies, adopts, and incorporates in these findings the determinations and conclusions of the Final EIR relating to environmental impacts and mitigation measures, except to the extent any such determinations and conclusions are specifically and expressly modified by these findings.

The City has adopted all of the mitigation measures identified in Attachment 1. Some of the measures identified are also within the jurisdiction and control of other agencies. To the extent any of the mitigation measures are within the jurisdiction of other agencies, the City finds those agencies can and should implement those measures within their jurisdiction and control.

B. Findings Regarding Additional Mitigation Measures Proposed by Comments

In comments on the DEIR/EIS, commenters suggested additional mitigation measures and/or modifications to the measures recommended in the DEIR/EIS. As indicated in the Final EIR, the City modified the following proposed measures in response to such comments:

- Mitigation Measure AIR-1. The mitigation has been revised to incorporate additional suggested measures such as limitations on idling. Use of newer tier engines and vehicles will be implemented to the extent feasible, but would not be required because requirements for specific engine tiers and newer trucks would be significantly ahead of CARB implementation schedules. Therefore, the mitigation measure leaves these as measures that the contractor will be encouraged to implement to the extent feasible. There is no change to the significance conclusion and the implementation of voluntary emission offset agreement will ensure that NOx emissions are fully mitigated consistent with general conformity requirements.

- Mitigation Measure BIO-1d. The mitigation has been revised to specify that the frac-out plan be provided to the California State Land Commission.

- Mitigation Measure BIO-12. The revised measure specifies that no-disturbance buffers for nesting raptors would be established by a qualified biologist, with consultation with the California Department of Fish and Wildlife, as appropriate.

- Mitigation Measure CUL-2. The revised measure requires that if human remains are discovered and determined to be Native American, the Native American Heritage Commission shall be notified by phone within 24 hours of the discovery.

For other new mitigation measures or changes to existing mitigations proposed in comments submitted on the DEIR/EIS or comments submitted elsewhere in the record, which are described below, the City carefully considered the proposed mitigations, and finds the proposed mitigations infeasible, not necessary to avoid identified significant impacts of the Project, or otherwise rejected the suggested mitigation for the reasons set forth in the Final EIR or elsewhere in the record, which are incorporated herein by this reference.

In considering specific recommendations on mitigation measures from commenters, the City is guided by CEQA's legal standard to substantially lessen or avoid significant environmental effects to the extent feasible. The City recognizes, moreover, that comments frequently offer suggestions regarding how a commenter believes that a particular mitigation measure can be modified, or perhaps changed significantly, in order to more effectively, in the commenter's opinion, reduce the severity of environmental effects. However, the mitigation measures included in the Final EIR represent the professional judgment and long experience of the City's

expert staff and environmental consultants. The City therefore believes that these recommended mitigations should not be modified unless necessary to comply with CEQA legal standards, and the City has discretion to make policy decisions presented by mitigations. Thus, in considering commenters' suggested changes or additions to the mitigation measures, the City, in determining whether to accept such suggestions, either in whole or in part, has considered the following factors, among others: (i) whether the suggestion relates to a significant and unavoidable environmental effect of the Project, or instead relates to an effect that can already be mitigated to less-than-significant levels by proposed mitigation measures in the Final EIR; (ii) whether the proposed language represents a clear improvement, from an environmental standpoint, over the draft language that a commenter seeks to replace; (iii) whether the proposed language is sufficiently clear as to be easily understood by those who will implement the mitigation as finally adopted; (iv) whether the language might be too inflexible to allow for pragmatic implementation; (v) whether the suggested mitigations are "feasible" as defined under CEQA, including being able to be accomplished in a successful manner in a reasonable period of time taking into account economic, environmental, technical, legal, social or other factors; and (vi) whether the proposed language is consistent with the Project's objectives.

As is evident from the specific responses given to specific suggested mitigations set forth in the Final EIR, City staff and consultants spent a significant amount of time carefully considering and weighing proposed mitigation language. For suggested mitigation not incorporated or adopted by the City, the City finds the measure either not necessary to reduce a significant impact to less than significant, or infeasible.

Comments on the Draft EIR/EIS proposed mitigation measures to address the export of wastewater from lands overlying the Turlock subbasin. As explained in the responses presented in the Final EIR, when the NVRRWP is operating, wastewater that is currently discharged to the San Joaquin River, which flows out to the ocean through the Delta, instead will have additional treatment and then be conveyed to the Del Puerto Water District and South of Delta wildlife refuges. Implementation of the NVRRWP would result in some minimal reductions in groundwater recharge to the western portion of the Turlock groundwater subbasin because of slight reductions in flows in the San Joaquin River. However, these reductions are not expected to have any significant effects on groundwater conditions in this subbasin, both because the change will only be a very small percentage of the total subbasin average annual inflow and because the change will occur in a portion of the subbasin where groundwater levels already are high. As a result, mitigation would not be required.

C. Findings Regarding Absence of Significant New Information Requiring Recirculation of Draft EIR

CEQA Guidelines Section 15088.5 requires a lead agency to recirculate an EIR for further review and comment when significant new information is added to the EIR after public notice is given of the availability of the Draft EIR but before certification of the Final EIR. New information added to an EIR is not "significant" unless the EIR is changed in a way that deprives the public of a meaningful opportunity to comment upon a substantial adverse environmental effect of the project or a feasible way to mitigate or avoid such an effect that the project proponent declines to implement. The CEQA Guidelines provide the following examples of significant new information under this standard:

- A new significant environmental impact would result from the project or from a new mitigation measure proposed to be implemented.
- A substantial increase in the severity of an environmental impact would result unless mitigation is adopted that reduces the impact to a level of insignificance.
- A feasible project alternative or mitigation measure considerably different from others previously analyzed would clearly lessen the environmental impacts of the project, but the project's proponents decline to adopt it.
- The Draft EIR was so fundamentally and basically inadequate and conclusory in nature that meaningful public review and comment were precluded. (*Mountain Lion Coalition v. Fish and Game Com.* (1989) 214 Cal.App.3d 1043).

Recirculation is not required where the new information added to the EIR merely clarifies or amplifies or makes insignificant modifications in an adequate EIR. The above standard is "not intend[ed] to promote endless rounds of revision and recirculation of EIRs." (*Laurel Heights Improvement Assn. v. Regents of the University of California* (1993) 6 Cal. 4th 1112, 1132). "Recirculation was intended to be an exception, rather than the general rule." (*Ibid.*)

The Final EIR incorporates information developed after the Draft EIR/EIS was completed, and contains additions, clarifications, modifications, and other changes. As noted in Section VIII.B, comments on the Draft EIR/EIS either expressly or impliedly sought changes to proposed mitigation measures identified in the Draft EIR/EIS, as well as additional mitigation measures. As explained in the Final EIR (Chapter 8, Responses to Comments), some of the suggestions were found to be appropriate and feasible and were adopted in the Final EIR and included in the MMRP (see Section VIII.B, above). Where changes have been made to mitigation measures and other information in the Draft EIR/EIS, these changes do not change any conclusions on the significance of impacts presented in the Draft EIR/EIS and do not meet any of the standards for recirculation under CEQA Guidelines section 15088.5.

Notably, CEQA case law emphasizes that "[t]he CEQA reporting process is not designed to freeze the ultimate proposal in the precise mold of the initial project; indeed, new and unforeseen insights may emerge during investigation, evoking revision of the original proposal." (*Kings County Farm Bureau v. City of Hanford* (1990) 221 Cal.App.3d 692, 736-737; see also *River Valley Preservation Project v. Metropolitan Transit Development Bd.* (1995) 37 Cal.App.4th 154, 168, fn. 11.) "'CEQA compels an interactive process of assessment of environmental impacts and responsive project modification which must be genuine. It must be open to the public, premised upon a full and meaningful disclosure of the scope, purposes, and effect of a consistently described project, with flexibility to respond to unforeseen insights that emerge from the process.' [Citation.] In short, a project must be open for public discussion and subject to agency modification during the CEQA process." (*Concerned Citizens of Costa Mesa, Inc. v. 33rd Dist. Agricultural Assn.* (1986) 42 Cal.3d 929, 936).

The Final EIR also includes minor edits made in response to various comments on the Draft EIR/EIS (See Final EIR, Chapter 8). These revisions were made for accuracy and did not change any conclusions of the Draft EIR/EIS regarding the Project's impacts. The revisions only constituted minor revisions or augmentations to information in the Draft EIR/EIS that did not change any of the determinations regarding the significance of Project impacts.

Thus, none of these changes involves "significant new information" triggering recirculation because neither the additional information nor changes to the mitigation measure resulted in any new significant environmental effects, any substantial increase in the severity of any previously identified significant effects, or otherwise trigger recirculation under CEQA standards. Instead, the modifications were either environmentally beneficial or environmentally neutral, and thus represent the kind of changes that commonly occur as the environmental review process works towards its conclusion.

D. Findings on Alternatives

As shown in Attachment 1, all potentially significant impacts of the Project have been reduced to less than significant by the adoption of mitigation measures. Therefore the Project does not result in any significant and unavoidable impacts on a project or cumulative level. Since adoption of mitigation will reduce all significant impacts to less than significant, the City is not required under CEQA to make findings on the feasibility of project alternatives. (*Laurel Hills Homeowners Assn. v. City Council* (1978) 83 Cal.App.3d 515.)

2457073.1

ATTACHMENT 1

SUMMARY OF IMPACTS, MITIGATION MEASURES, AND CEQA FINDINGS OF FACT

The term "Final EIR" in this Document refers collectively to the Draft EIR/EIS and the Final EIR Response to Comments volume.

3.1 AESTHETICS

Impact AES-2: The NVRRWP could result in new sources of substantial light and glare. This would be considered a **potentially significant impact**.

Mitigation Measures

AES-2 **Nighttime Construction Lighting:** Nighttime construction lighting, if required, shall be shielded and oriented downward to minimize effects on any nearby receptors. Lighting shall be directed toward active construction areas only, and shall have the minimum brightness necessary to ensure worker safety.

Finding: Changes or alterations have been required in, or incorporated into, the project which avoid or substantially lessen the significant environmental effect identified in the Final EIR. The project has been revised to require implementation of Mitigation Measure AES-2, which will ensure that any nighttime construction activities would use lighting that would not affect nearby residents and would mitigate the impact to **less than significant** after mitigation.

Rationale: Mitigation Measure AES-2 shields lights and directs them away from any nearby receptors, thus reducing the impact of lighting to **less than significant.**

3.2 AGRICULTURE AND FORESTRY RESOURCES

Impact AG-1: The NVRRWP could convert farmland to non-agricultural use by removing topsoil. This is a **potentially significant impact**.

Mitigation Measures

AG-1 **Stockpile Soil:** Topsoil removed during project construction shall be stockpiled for later reuse. Soil shall be stored in a clear area of the construction site where it would not have the potential to affect agricultural or biological resources. Stockpiled soil shall be covered with a tarp at all times to prevent generation of fugitive dust. Following pipeline insertion, soil shall be backfilled into the trench and restored to an appropriate level of compaction.

Finding: Changes or alterations have been required in, or incorporated into, the project which avoid or substantially lessen the significant environmental effect identified in the Final EIR. The project has been revised to require implementation of Mitigation AG-1, which will serve to reduce these potential impacts to **less than significant** after mitigation.

Rationale: Mitigation Measure AG-1 would ensure that removal of topsoil would not impair long-term productivity of agricultural land along the pipeline alignment. Restoration of topsoil would land productivity is preserved , thus reducing the impact to **less than significant.**

3.3 AIR QUALITY

Impact AIR-1: Construction activities would generate emissions of criteria NOx that could exceed significance thresholds established by the San Joaquin Valley Air Pollution Control District, this would be considered a **potentially significant impact.**

Mitigation Measures

AIR-1 **Reduce NOx Emissions**: NOx emissions associated with construction activities shall be reduced to 10 tons per year through on-site equipment and hauling vehicle Mitigation Measure to the extent feasible. All vehicles and equipment used during construction shall be maintained and properly tuned in accordance with the manufacturer's specifications to perform at US EPA certification levels and to perform at verified standards applicable to retrofit technologies. All equipment shall be checked by a certified mechanic and determined to be running in proper condition prior to operation. Idling times shall be minimized either by shutting equipment off when not in use or reducing the maximum idling time to 5 minutes (as required by the California airborne toxics control measure CCR Title 13 Section 2485). Emissions reduction methods may be chosen from any combination of the following measures:

- Minimize the use and trips of construction equipment and trucks by consolidating trips and loads to the extent feasible
- Minimize unnecessary idling by shutting off equipment and trucks when not in use to the extent feasible and comply with CARB idling regulations.
- Conduct periodic unscheduled inspections to ensure equipment is maintained properly and in accordance with manufacturer's recommendations and excessive idling is not occurring.
- Prepare inventory of all equipment prior to construction consistent with SJVAPCD Indirect Source Review Rule.
- Develop a construction traffic and parking management plan that minimizes traffic interference and maintains traffic flow.

The contractor will be encouraged to implement the following measures to the extent feasible before implementation of off-site Mitigation Measure and

identify why the measures are infeasible if not implemented in particular due to economic infeasibility:

- Use alternative fueled vehicles.
- Use newer tier engines such as US EPA Tier 4 exhaust emissions standards for heavy-duty nonroad compression ignition engines.
- Use of newer on-highway vehicles that meet the US EPA exhaust emissions standards for model year 2010 and newer heavy-duty on-highway compression ignition engines
- Use phased material hauling trips
- Use after-market pollution control devices to reduce emissions
- Lengthen the construction schedule to reduce the annual intensity of construction activities

If all feasible on-site measures have been implemented and annual emissions are anticipated to still be above 10 tons per year for NOx, then the project proponent shall enter into a Voluntary Emissions Reduction Agreement (VERA) with SJVAPCD. The VERA would provide pound-for-pound mitigation of air emissions increases down to a net zero emissions per year as required under general conformity through a process that develops, funds, and implements emission reduction projects. SJVAPCD would serve as role of administrator of the emissions reduction projects and verifier of the successful mitigation effort.

Finding: Changes or alterations have been required in, or incorporated into, the project which avoid or substantially lessen the significant environmental effect identified in the Final EIR. The project has been revised to require implementation of Mitigation Measures AIR-1, which will serve to reduce potential construction-related air quality impacts to **less than significant** after mitigation.

Rationale: Mitigation Measure AIR-1 requires a variety of emissions reduction measures and specifies that if all feasible on-site measures have been implemented and emissions still exceed 10 tons per year contributions to emissions reduction projects would be required, thus reducing the impact to **less than significant**.

3.4 BIOLOGICAL RESOURCES

Effects on special-status plants

Impact BIO-1: Construction could adversely affect special-status plants that have the potential to grow in the project area. This would be a **potentially significant impact**.

Mitigation Measures

BIO-1a **Avoid or Minimize Impacts to Special-Status Plant Species**: To the extent feasible, project-related activities shall avoid habitats with the potential to support special-status plants, including alkali flats, alkali scrub, alkali pools,

and freshwater wetlands. To the extent feasible, the proposed project shall minimize potential impacts to special-status plants by utilizing trenchless construction techniques within habitats with the potential to support special-status plants.

BIO-1b **Perform Focused Surveys for Special-Status Plant Species in Suitable Habitats**: Within one year prior to commencement of construction activities, a qualified botanist shall perform surveys for special-status plant species within potentially suitable habitat in the vicinity of open-cut construction areas (Survey areas are shown in Attachment A to the MMRP). Floristic surveys shall be performed according to the Protocols for Surveying and Evaluating Impacts to Specials Status Native Plant Populations and Natural Communities (CDFG 2009 or current version). Floristic surveys shall include the use of a reference population, as reasonably feasible, to increase the likelihood of detection, and shall be performed during the appropriate bloom period(s) for each species. If special-status plants are detected within a 100-foot radius or within the microwatershed of an open-cut construction area (including pits that would be used for trenchless construction), Mitigation Measure BIO-1c shall be implemented

BIO-1c **Monitor or Compensate for Impacts to Special-Status Plant Species**: The locations of special-status plants within the microwatershed or within 100 feet of construction areas shall be marked and the size of the population shall be recorded. Locations of special-status plant populations shall be clearly identified in the field by staking, flagging, or fencing. The plants shall be monitored throughout the duration of construction to determine if the project has resulted in adverse effects (direct or indirect), as determined by a qualified botanist.

If the botanist determines that special-status plants may have been adversely affected, then the Partner Agencies shall implement measures to compensate for the impact. Compensation measures may include transplanting perennial species, seed collection and dispersal for annual species, and other conservation strategies that shall restore and protect the viability of the local population. If minimization measures are implemented, monitoring of plant populations shall be conducted annually for 5 years to assess the mitigation's effectiveness. The performance standard for the mitigation shall be no net reduction in the size or viability of the local population.

BIO-1d **Develop and Implement a Frac-out Contingency Plan for Trenchless Construction:** Prior to constructing a crossing(s) of the San Joaquin River, a Frac-out Prevention and Contingency Plan shall be developed and submitted by the City of Modesto to the California State Lands Commission for review. At minimum, the plan shall prescribe the measures to ensure protection of aquatic resources, special-status plants and wildlife, including:

- Procedures to minimize the potential for a frac-out associated with horizontal directional drilling;

- Procedures for timely detection of frac-outs;
- Procedures for timely response and remediation in the event a frac-out; and
- Monitoring of drilling and frac-out response activities by a qualified biologist.

Findings: Changes or alterations have been required in, or incorporated into, the project which avoid or substantially lessen the significant environmental effect identified in the Final EIR. The project has been revised to require implementation of Mitigation Measures BIO-1a, BIO-1b, BIO-1c and BIO-1d, and therefore this impact would be considered **less than significant** after mitigation.

Rationale: The project has been revised to require implementation of Mitigation Measures BIO-1a through BIO-1d, which will ensure sensitive habitats are avoided to the extent feasible. Where habitat avoidance is not possible, special status plants would be identified and protected, and if any plants are adversely affected, conservation strategies will be employed to protect the viability of the local plant population. A frac-out prevention plan would be implemented to ensure that plants in riparian zones are protected. Therefore, with the implementation of these measures, the impact will be **less than significant**.

Effects on vernal pool branchiopods

Impact BIO-2: Construction of the project could adversely affect vernal pool branchiopods that have the potential to occur in the alkali pool and swale habitat on the south side of West Main Avenue. This would be a **potentially significant impact**.

Mitigation Measures

BIO-2a **Avoid Impacts to Vernal Pool Branchiopods and their Habitat**: To the extent feasible, the project-related activities shall avoid impacts to habitat with the potential to support Conservancy fairy shrimp, longhorn fairy shrimp, vernal pool fairy shrimp, and vernal pool tadpole shrimp, including alkali pools and swales. Avoidance shall be defined as no direct or indirect effects to suitable habitat. This shall be accomplished by avoiding construction within the microwatershed of suitable habitat for vernal pool branchiopods.

BIO-2b **Minimize and Compensate for Impacts to Vernal Pool Fairy Shrimp and Their Habitat:** If direct or indirect impacts to habitat with the potential to support vernal pool branchiopods cannot be avoided then the following measures shall be implemented:

- Implement a storm water pollution prevention plan (SWPPP) to reduce the potential for sediments and contaminants to enter pools or depressions where vernal pool branchiopods may occur;
- After construction, restore surface topography and drainage to pre-construction conditions; and

- Provide off-site compensation for permanent, temporary, and indirect impacts at ratios determined through consultation with USFWS. The performance standard shall be no net loss in acreage or habitat quality for vernal pool branchiopods, as determined through consultation with USFWS.

Finding: Changes or alterations have been required in, or incorporated into, the project which avoid or substantially lessen the significant environmental effect identified in the Final EIR. The project has been revised to require implementation of Mitigation Measures BIO-2a and BIO-2b, and, as a result, this impact would be considered **less than significant** after mitigation.

Rationale: The project has been revised to require implementation of Mitigation Measures BIO-2a and BIO-2b, which will ensure that habitat potentially containing vernal pool branchiopods is avoided and that indirect impacts are minimized by implementing measures to avoid sediments and contaminants from entering habitats adjacent to construction areas. Preservation of habitat will be ensured by providing compensation if any habitats are directly or indirectly affected during construction. Therefore, with the implementation of these measures, the impact will be **less than significant.**

Impact BIO-3: Construction could affect elderberry bushes that provide habitat for valley elderberry longhorn beetle (VELB). This would be a **potentially significant impact**.

Mitigation Measures

Effects on valley elderberry longhorn beetle

BIO-1d **Develop and Implement a Frac-out Contingency Plan for Trenchless Construction:** Prior to constructing a crossing(s) of the San Joaquin River, a Frac-out Prevention and Contingency Plan shall be developed and submitted by the City of Modesto to the California State Lands Commission for review. At minimum, the plan shall prescribe the measures to ensure protection of aquatic resources, special-status plants and wildlife, including:

- Procedures to minimize the potential for a frac-out associated with horizontal directional drilling;
- Procedures for timely detection of frac-outs;
- Procedures for timely response and remediation in the event a frac-out; and
- Monitoring of drilling and frac-out response activities by a qualified biologist.

BIO-3a **Avoid Impacts to Valley Elderberry Longhorn Beetle**: To the extent feasible, the project shall adhere to avoidance measures outlined in USFWS' Conservation Guidelines for Valley Elderberry Longhorn Beetle (USFWS 1999). This shall include the following avoidance measures:

- No less than 120 days prior to commencing construction, the locations of elderberry plants within 200 feet of open-cut construction areas shall be identified;
- Fence and flag all areas to be avoided during construction activities including all established elderberry shrubs within 200 feet of open-cut construction that will not be impacted by construction activities;
- No open-cut construction within 100 feet of the dripline of elderberry plants containing stems measuring 1.0 inch or greater in diameter at ground level;
- Construction personnel shall participate in a Contractor Environmental Awareness Training (CEAT). The CEAT shall communicate the need to avoid damaging the elderberry plants and the possible penalties for not complying with these requirements. The CEAT will instruct work crews about the status of the beetle and the need to protect its elderberry host plant;
- Erect signs every 50 feet along the edge of the avoidance area with the following information: "This area is habitat of the valley elderberry longhorn beetle, a threatened species, and must not be disturbed. This species is protected by the Endangered Species Act of 1973, as amended. Violators are subject to prosecution, fines, and imprisonment." The signs will be maintained for the duration of construction; and
- No insecticides, herbicides, fertilizers, or other chemicals that might harm the beetle or its host plant would be used within 100 feet of any elderberry plant.

BIO-3b **Minimize or Compensate for Impacts to Valley Elderberry Longhorn Beetle:** If elderberry plants occur within 100 feet of open-cut construction, their locations shall be reported to the USFWS. In areas where encroachment on the 100-foot buffer has been approved by USFWS, a minimum setback of at least 20 feet from the dripline of each elderberry plant shall be provided, as feasible. For any encroachment into the 100-foot buffer or removal of elderberry plants, the Partner Agencies shall implement measures to compensate for impacts to VELB. Compensation measures shall be consistent with USFWS' Conservation Guidelines for Valley Elderberry Longhorn Beetle (USFWS 1999). This shall include establishment of a project-specific VELB Conservation Area or purchase of credits at a USFWS-approved mitigation bank. If the Partner Agencies establish a project-specific Conservation Area, the population of VELBs, the general condition of the Conservation Area, and the condition of the elderberry and associated native plantings in the Conservation Area shall be monitored over a period of ten (10) years. Monitoring and reporting shall be conducted in accordance with the Conservation Guidelines for VELB (USFWS 1999). A minimum survival rate of at least 60 percent of the elderberry plants and 60 percent of the associated native plants shall be maintained throughout the monitoring period.

Finding: Changes or alterations have been required in, or incorporated into, the project which avoid or substantially lessen the significant environmental effect identified in the Final EIR. The project has been revised to require implementation of Mitigation Measures BIO-1d, BIO-3a and BIO-3b, and, as a result, this impact would be considered **less than significant** after mitigation.

Rationale: The project has been revised to require implementation of Mitigation Measures BIO 1d, BIO-3a and BIO-3b, which will ensure that effects on elderberry bushes are avoided and that indirect impacts are minimized by establishing buffers areas for bushes adjacent to construction areas. Preservation of habitat will be ensured by providing compensation if any bushes are directly or indirectly affected during construction. Therefore, with the implementation of these measures, the impact will be **less than significant.**

Effects of construction on special-status fish

Impact BIO-4: The project would cross the San Joaquin River using trenchless construction techniques. Fish could be affected by pile driving adjacent to the San Joaquin River, or by a frac-out during construction. This would be considered a **potentially significant impact**.

Mitigation Measures

BIO-4a **Minimize Pile Driving-related Impacts to Special Status Fish**: If impact pile driving activities occur adjacent to the San Joaquin River between October 1 and May 31, the Project Proponents shall adhere to the following restrictions on the number of allowable strikes for a 24 hour period:

Distance from San Joaquin River (Meters)	Distance from San Joaquin River (Feet)	Maximum Number of Strikes per 24 hours[1]
75	246	130
150	492	365
225	738	672
300	984	1035
375	1230	1447
450	1476	1902
>450	>1476	no limit

BIO-1d **Develop and Implement a Frac-out Contingency Plan for Trenchless Construction:** Prior to constructing a crossing(s) of the San Joaquin River, a Frac-out Prevention and Contingency Plan shall be developed and submitted by the City of Modesto to the California State Lands Commission for review. At minimum, the plan shall prescribe the measures to ensure protection of aquatic resources, special-status plants and wildlife, including:

- Procedures to minimize the potential for a frac-out associated with horizontal directional drilling;
- Procedures for timely detection of frac-outs;
- Procedures for timely response and remediation in the event a frac-out; and
- Monitoring of drilling and frac-out response activities by a qualified biologist.

Findings: Changes or alterations have been required in, or incorporated into, the project which avoid or substantially lessen the significant environmental effect identified in the Final EIR. The project has been revised to require implementation of Mitigation Measures BIO-4a and BIO-1d, and, as a result, this impact would be considered **less than significant** after mitigation.

Rationale: The project has been revised to require implementation of Mitigation Measures BIO-4a and BIO-1d, which would minimize effects of construction. Effects on fish would be minimized by limiting pile driving adjacent to the river to acceptable levels. A frac-out prevention plan would be implemented to ensure that fish are protected from an uncontrolled release of drilling fluids. Therefore, with the implementation of these measures, the impact will be **less than significant**.

Effects on giant garter snake (GGS)

Impact BIO-6: Giant garter snakes could be affected by construction in upland habitat adjacent to small drainages that would be crossed by pipelines. This would be considered a **potentially significant impact**.

Mitigation Measures

BIO-6 **Avoid and Minimize Impacts to Giant Garter Snake:** The following measures shall be implemented to avoid or minimize impacts to GGS:

- Trenchless construction techniques shall be used to construct the pipeline crossing in potential aquatic habitat for GGS (applicable to Alternatives 1 and 2 only);
- Construction personnel shall participate in a Contractor Environmental Awareness Training (CEAT). Under this program, workers shall be informed about GGS and habitat, the species life history, conservation goals, identification of the snake, and procedures to follow in the event of a possible sighting;
- Within 24-hours prior to commencement of construction activities, the site shall be inspected by a qualified biologist who is approved by the USFWS. The biologist shall provide the Service with a field report form documenting the monitoring efforts within 24-hours of commencement of construction activities. A qualified biologist shall be on-site during all construction activity within 200 feet of potential habitat for GGS (Survey areas are shown in Attachment A to the MMRP). If a snake is encountered during construction activities, the

biologist shall have the authority to stop construction activities until appropriate corrective measures have been completed or it is determined that the snake would not be harmed;

- Erosion control materials including silt curtains, silt fencing, and erosion control wattles shall be regularly inspected for entanglement or entrapment of the snake. No erosion control devices containing plastic netting (including photo- or biodegradable plastic netting) shall be used;
- Stockpiling of construction materials, portable equipment, vehicles, and supplies shall be restricted to the designated construction staging areas which shall be greater than 200 feet from GGS aquatic habitat;
- Clearing of wetland vegetation, if any, shall be confined to the minimal area necessary to construct the pipeline or intake; and
- After completion of construction activities, any temporary fill and construction debris shall be removed. Disturbed areas shall be restored to pre-project conditions. Restoration work shall include replanting native emergent vegetation, where appropriate.

Findings: Changes or alterations have been required in, or incorporated into, the project which avoid or substantially lessen the significant environmental effect identified in the Final EIR. The project has been revised to require implementation of Mitigation Measure BIO-6, and as a result, this impact would be considered **less than significant** after mitigation.

Rationale: Implementation of Mitigation Measure BIO-6 will ensure construction avoids suitable habitat for giant garter snake (GGS) to the extent feasible. Where disturbance is unavoidable, this measure would ensure that pre-construction surveys and on-site monitoring is implemented to insure protection of GGS, and habitats would be restored after construction. Therefore, with the implementation of these measures, the impact will be **less than significant**.

Impacts to western pond turtle

Impact BIO-8: The project has the potential to affect habitat for western pond turtle in areas where pipelines cross aquatic habitat. This would be considered a **potentially significant impact**.

Mitigation Measures

BIO-8 **Avoid and Minimize Impacts to Western Pond Turtle:** The following measures shall be implemented to avoid or minimize impacts to western pond turtle:

- To the extent feasible, trenchless construction techniques shall be used where pipelines cross potential aquatic habitat for western pond turtle;
- Construction personnel shall participate in a Contractor Environmental Awareness Training (CEAT). Under this program, workers shall be informed about western pond turtle and their habitat, conservation

goals, identification, and procedures to follow in the event of a possible sighting; and

- Pre-construction surveys for western pond turtle shall be conducted by a qualified biologist 14 days before and 24 hours before the start of construction activities where suitable habitat exists (Survey are shown in Attachment A to the MMRP). If western pond turtle or their nests are observed during pre-construction surveys, the following measures shall be implemented:
    - A qualified biologist shall be on site to monitor construction in suitable habitat. If a western pond turtle is present within 50 feet of a construction area, no vegetation clearing or ground disturbing activities shall be conducted until the turtle leaves the area on its own volition.
    - If western pond turtle nests are identified in the work area during pre-construction surveys, a 100-foot no-disturbance buffer shall be established between the nest and any areas of potential disturbance. Buffers shall be clearly marked with temporary fencing. Construction shall not be allowed to commence in the exclusion area until hatchlings have emerged from the nest, or the nest is deemed inactive by a qualified biologist.

Findings: Changes or alterations have been required in, or incorporated into, the project which avoid or substantially lessen the significant environmental effect identified in the Final EIR. The project has been revised to require implementation of Mitigation Measure BIO-8, and, as a result, this impact would be considered **less than significant** after mitigation.

Rationale: Implementation of Mitigation Measure BIO-8 will ensure construction avoids suitable habitat for western pond turtle to the extent feasible. Where disturbance is unavoidable, this measure would ensure that pre-construction surveys and on-site monitoring are implemented to insure protection of western pond turtle. Any nesting pond turtles would be protected through use of no-disturbance buffers. Therefore, with the implementation of these measures, the impact will be **less than significant.**

Impacts to burrowing owls

Impact BIO-9: The project has the potential to affect burrowing owls during construction. This would be considered a **potentially significant impact**.

Mitigation Measures

BIO-9 **Avoid, Minimize, or Compensate for Impacts to Burrowing Owl:** Prior to initiating ground-disturbing activities, surveys for burrowing owls shall be conducted in accordance with protocols established in the Staff Report on Burrowing Owl Mitigation (CDFG 2012 or current version). If ground-disturbing activities are delayed or suspended for more than 30 days after the pre-construction survey, the site shall be resurveyed. If burrowing owls are

detected, disturbance to burrows shall be avoided during the nesting season (February 1 through August 31). Buffers shall be established around occupied burrows in accordance with guidance provided in the Staff Report on Burrowing Owl Mitigation, and at the discretion of a qualified wildlife biologist. Buffers around occupied burrows shall be a minimum of 656 feet (200 meters) during the breeding season, and 160 feet (100 meters) during the non-breeding season. Buffer distances shall be subject to the approval of CDFW.

If occupied burrows cannot be avoided, passive owl relocation techniques may be implemented outside of the nesting season (February 1 through August 31). Owls would be excluded from burrows within 160 feet of construction by installing one-way doors in burrow entrances. The work area shall be monitored daily for 1 week to confirm owl departure from burrows prior to any ground-disturbing activities. Where possible burrows shall be excavated using hand tools and refilled to prevent reoccupation. Sections of flexible plastic pipe shall be inserted into the tunnels during excavation to maintain an escape route for any animals inside the burrow.

If occupied burrows are relocated, the Partners Agencies shall enhance or create burrows in adjacent habitat at a 1:1 ratio (burrows destroyed to burrows enhanced or created) one week prior to implementation of passive relocation techniques. If burrowing owl habitat enhancement or creation takes place, the Partners Agencies shall develop and implement a monitoring and management plan to assess the effectiveness of the mitigation. The plan shall be subject to the approval of CDFW.

Findings: Changes or alterations have been required in, or incorporated into, the project which avoid or substantially lessen the significant environmental effect identified in the Final EIR. The project has been revised to require implementation of Mitigation Measure BIO-9, and, as a result, this impact would be considered **less than significant** after mitigation.

Rationale: Implementation of Mitigation Measure BIO-9 will ensure construction avoids burrowing owls to the extent feasible. Where disturbance is unavoidable, this measure would ensure that pre-construction surveys and on-site monitoring is implemented to insure protection of burrowing owls. Any nesting owls would be protected through use of no-disturbance buffers, or, if necessary, passive relocation techniques combined with creating or enhancement of burrows in adjacent areas. Therefore, with the implementation of these measures, the impact will be **less than significant.**

Impacts to tricolored blackbird

Impact BIO-10: The project has the potential to affect tricolored blackbirds during construction. This would be considered a **potentially significant impact.**

Mitigation Measures

BIO-10 **Avoid and Minimize Impacts to Tricolored Blackbird Nesting Colonies:** The following measures shall be implemented to avoid or minimize impacts to tricolored blackbird:

- To the extent feasible, trenchless construction techniques shall be used in areas that support emergent vegetation;
- During the breeding season (February 1 through August 31), pre-construction surveys for tricolored blackbird shall be conducted in suitable nesting habitat by a qualified biologist no more than 15 days prior to scheduled work. Suitable nesting habitat includes any of the following: (a) dense vegetation near open water; (b) emergent marsh vegetation, especially cattails and bulrush; (c) thickets of willow, blackberry, wild rose, or thistles; or (d) silage and other grain fields such as sorghum; and
- If tricolored blackbird breeding is detected, a 500 foot no-disturbance buffer shall be established around the breeding site. The buffer shall be maintained until a qualified biologist has determined that young have fledged and are no longer reliant upon the nest or parental care for survival.

Findings: Changes or alterations have been required in, or incorporated into, the project which avoid or substantially lessen the significant environmental effect identified in the Final EIR. The project has been revised to require implementation of Mitigation Measure BIO-10, and, as a result, this impact would be considered **less than significant** after mitigation.

Rationale: Implementation of Mitigation Measure BIO-10 will ensure construction avoids habitat for tricolored blackbird to the extent feasible. Where disturbance is unavoidable, this measure would ensure that pre-construction surveys and on-site monitoring are implemented to insure protection of tricolored blackbird. Any nesting tricolored blackbird would be protected through use of no-disturbance buffers. Therefore, with the implementation of these measures, the impact will be **less than significant.**

Impacts to nesting raptors

Impact BIO-12: The project has the potential to affect nesting raptors during construction. This would be considered a **potentially significant impact.**

Mitigation Measures

BIO-12 **Avoid, Minimize, or Compensate for Impacts to Raptors including Special-status species:**

- If ground and vegetation disturbing activities occur between February 1 and September 15, a nesting raptor survey, with a focus on Swainson's hawk and white-tailed kite, shall be conducted in accordance with Recommended Timing and Methodology for

Swainson's Hawk Nesting Survey's in California's Central Valley (Swainson's Hawk Technical Advisory Committee 2000, or current CDFW guidance). Surveys shall cover a minimum of a 0.5-mile radius around potentially suitable nesting habitat for Swainson's hawk and white-tailed kite (Survey areas are shown in Attachment A to the MMRP). Agricultural lands within 1,000 feet of open-cut construction areas shall be surveyed for northern harrier nests.

- If nesting raptors are detected, a no-disturbance buffer shall be established around the nest. Buffers shall be established by a qualified biologist, with consultation with the California Department of Fish and Wildlife, as appropriate. No construction activities shall be initiated within the buffer until fledglings are fully mobile and no longer reliant upon the nest or parental care for survival. Construction must either be started before nests are established, or if nesting birds are already present, construction within the buffer zone would have to be delayed until nesting is done for the season.
- If an active Swainson's hawk or white-tailed kite nest is located within a 0.5-mile radius of an active work area, a biologist shall be on site daily to monitor the nest. The biologist shall monitor for behavioral changes that would suggest the birds are stressed by construction activity or the nest may be abandoned. Such behaviors may include excessive vocalization, a startled response coincident with a loud noise or changes in the viewshed, or prolonged absence from the nest by adults. If the biologists determines that nest success may be adversely impacted by construction, then construction shall be discontinued within 0.5 mile of the nest.
- Trees that would need to be removed for construction would be surveyed to determine if they are suitable for raptor nesting.
- If potential raptor nesting trees are to be removed during construction activities, removal shall take place outside of Swainson's hawk nesting season. Suitable nest trees for raptors shall be replaced at a ratio of 3:1 with appropriate species [e.g., valley oak (Quercus lobata), coast live oak (Q. agrifolia)., Fremont cottonwood (Populus fremontii)]. The trees shall be planted within 5 miles of the removal location, in areas appropriate for raptor nesting, and on land owned or managed by one of the Partner Agencies. If replacement planting is implemented, monitoring shall be conducted annually for 5 years to assess the mitigation's effectiveness. The performance standard for the mitigation shall be 65% survival of all replacement plantings.

Findings: Changes or alterations have been required in, or incorporated into, the project which avoid or substantially lessen the significant environmental effect identified in the Final EIR. The project has been revised to require implementation of Mitigation Measure BIO-12, and, as a result, this impact would be considered **less than significant** after mitigation.

Rationale: Implementation of Mitigation Measure BIO-12 will ensure that pre-construction surveys and on-site monitoring are implemented to insure protection of nesting raptors. Any nesting raptors will be protected through use of appropriate no-disturbance buffers and the project would include compensation for any impacts to nesting habitat. Therefore, with the implementation of these measures, the impact will be **less than significant**.

Impacts to special-status passerine species and other birds protected under the MBTA

Impact BIO-13: The project has the potential to other nesting birds during construction, including special status passerines including Least Bell's vireo (LBV) and other birds that are protected under the Migratory Bird Treaty Act. This would be considered a **potentially significant impact**.

Mitigation Measures

BIO-13 **Avoid and Minimize Impacts to Special-status passerine species and other Bird Protected under the MBTA:**

- If ground and vegetation disturbing activities occur between February 1 and September 15, a survey for nesting birds shall be conducted within a 500-ft radius of the construction area. If nests are detected, buffers around nests shall be established. No-disturbance buffers around special-status passerine nests shall be 500 feet and 250 feet for non-listed birds protected under the MBTA and Fish and Game Code sections 3503 and 3513, unless a qualified CDFW biologist determines that smaller buffers shall be sufficient to minimize impacts to nesting birds. Factors to be considered for determining buffer size shall include: the presence of natural buffers provided by vegetation or topography; nest height; locations of foraging territory; and baseline levels of noise and human activity. Buffers shall be maintained until a qualified biologist has determined that young have fledged and are no longer reliant upon the nest or parental care for survival.
- Prior to commencing a crossing(s) of the San Joaquin River the Project Partners shall conduct surveys for LBV in accordance with USFWS' Least Bell's Vireo Survey Guidelines (USFWS 2011a). If LBV are detected during the surveys, the Project Partners shall consult with the USFWS to determine appropriate avoidance measures. The performance standard for avoidance shall be no potential impacts to an established LBV nest. This shall be accomplished by establishing a no-disturbance buffer around the active nest. The no-disturbance buffer shall be a minimum of 500 feet, but may be larger depending on site specific conditions and consultation with USFWS.

Findings: Changes or alterations have been required in, or incorporated into, the project which avoid or substantially lessen the significant environmental effect identified in the Final EIR. The project has been revised to require implementation of Mitigation Measure BIO-13, and, as a result, this impact would be considered **less than significant** after mitigation.

Rationale: Implementation of Mitigation Measure BIO-13 will ensure that pre-construction surveys and on-site monitoring are implemented to insure protection of nesting birds. Any nesting birds will be protected through use of appropriate no-disturbance buffers. Therefore, with the implementation of these measures, the impact will be **less than significant**.

Impacts to San Joaquin kit fox

Impact BIO-14: Although San Joaquin kit fox are unlikely to occur in the project area, there presence cannot be ruled out, so the project has the potential to affect San Joaquin kit fox during construction. This would be considered a **potentially significant impact**.

Mitigation Measures

BIO-14a **Avoid and Minimize Impacts to San Joaquin kit fox:**

- Project-related activities will avoid affecting the alkali scrub/flat habitat in the action area. Avoidance is defined as no direct or indirect effects to habitat.
- A qualified biologist will conduct preconstruction surveys no less than 14 days and no more than 30 days before the commencement of activities to identify potential dens more than 5 inches in diameter within 200 feet of ground disturbing activities. The Project Partners will implement USFWS' (2011b) Standardized Recommendations for Protection of San Joaquin Kit Fox Prior to or During Ground Disturbance. The Project Partners will notify USFWS in writing of the results of the preconstruction survey within 30 days after these activities are completed.
- If potential dens are located within the proposed work area and cannot be avoided during construction activities, a USFWS-approved biologist will determine if the dens are occupied. If occupied dens are present within the proposed work, their disturbance will be avoided. Exclusion zones will be implemented following the most current USFWS procedures (currently USFWS 2011b). The Project Partners will notify USFWS immediately if a natal or pupping den is found in the survey area, and will present the results of pre-activity den searches within 5 days after these activities are completed and before the start of construction activities in the area.

Findings: Changes or alterations have been required in, or incorporated into, the project which avoid or substantially lessen the significant environmental effect identified in the Final EIR. The project has been revised to require implementation of Mitigation Measure BIO-14, and, as a result, this impact would be considered **less than significant** after mitigation.

Rationale: Implementation of Mitigation Measure BIO-14 will ensure that kit fox habitat is avoided to the extent feasible and will ensure that pre-construction surveys and on-site monitoring are implemented to insure protection of kit fox dens. Any dens will be protected

through use of appropriate no-disturbance buffers. Therefore, with the implementation of these measures, the impact will be **less than significant**.

Impacts to riparian habitat and other sensitive natural communities

Impact BIO-15: Construction would minimize impacts through use of trenchless construction, but riparian areas and other sensitive natural communities could be affected by sedimentation or alteration of drainage patterns. This would be considered a **potentially significant impact**.

Mitigation Measures

BIO-1d **Develop and Implement a Frac-out Contingency Plan for Trenchless Construction:** Prior to constructing a crossing(s) of the San Joaquin River, a Frac-out Prevention and Contingency Plan shall be developed and submitted by the City of Modesto to the California State Lands Commission for review. At minimum, the plan shall prescribe the measures to ensure protection of aquatic resources, special-status plants and wildlife, including:

- Procedures to minimize the potential for a frac-out associated with horizontal directional drilling;
- Procedures for timely detection of frac-outs;
- Procedures for timely response and remediation in the event a frac-out; and
- Monitoring of drilling and frac-out response activities by a qualified biologist.

BIO-16a **Avoid and Minimize Impacts to Federally Protected Wetlands:** To the extent feasible, project-related activities shall avoid federally protected wetlands. To the extent feasible, the proposed project shall minimize potential impacts to federally protected wetlands by utilizing trenchless construction techniques. A SWPPP shall be implemented to reduce the potential for sediments and contaminants to enter wetlands and waters. After construction, surface topography and drainage shall be restored to pre-construction conditions. Where appropriate, revegetation shall be implemented with site-adapted native species.

BIO-16b **Obtain Regulatory Permits for Work Activities Taking Place in Wetlands and Waters of the United States and the State:** Work within areas defined as waters of the U.S. that includes placement of fill will require a CWA Section 404 permit and Section 401 Water Quality Certification. All work proposed in jurisdictional waters of the U.S. shall be authorized under these permits, and the work shall comply with the general and regional conditions of the permits. In areas where disturbance to jurisdictional waters or wetlands occurs, the Partner Agencies shall implement mitigation consistent with the terms of a CWA Nationwide Permit and/or the Final Rule on Compensatory Mitigation for Losses of Aquatic Resources (73 C.F.R. 19594). Compensatory

mitigation may include creation, re-establishment, or enhancement of wetlands in the Project Area or at an off-site location. Compensatory mitigation may also include purchase of credits at an approved mitigation bank or contribution to an approved in-lieu fee program.

Findings: Changes or alterations have been required in, or incorporated into, the project which avoid or substantially lessen the significant environmental effect identified in the Final EIR. The project has been revised to require implementation of Mitigation Measures BIO-1d, BIO-16a and BIO-16b, and, as a result, this impact would be considered **less than significant** after mitigation.

Rationale: Implementation of Mitigation Measures BIO-1d, BIO-16a and BIO-16b will ensure that riparian habitats and other sensitive natural communities are avoided to the extent feasible and will ensure that sensitive areas are protected from runoff from construction areas. Restoration of any affected areas, combined with compensatory mitigation, if needed, would ensure that there is no loss of sensitive habitat. Therefore, with the implementation of these measures, the impact will be **less than significant.**

Impacts to federally protected wetlands

Impact BIO-16: Construction would minimize impacts through use of trenchless construction, but some jurisdictional areas may be crossed by pipelines and could be affected by sedimentation or alteration of drainage patterns. This would be considered a **potentially significant impact.**

Mitigation Measures

BIO-1d **Develop and Implement a Frac-out Contingency Plan for Trenchless Construction:** Prior to constructing a crossing(s) of the San Joaquin River, a Frac-out Prevention and Contingency Plan shall be developed and submitted by the City of Modesto to the California State Lands Commission for review. At minimum, the plan shall prescribe the measures to ensure protection of aquatic resources, special-status plants and wildlife, including:

- Procedures to minimize the potential for a frac-out associated with horizontal directional drilling;
- Procedures for timely detection of frac-outs;
- Procedures for timely response and remediation in the event a frac-out; and
- Monitoring of drilling and frac-out response activities by a qualified biologist.

BIO-16a **Avoid and Minimize Impacts to Federally Protected Wetlands:** To the extent feasible, project-related activities shall avoid federally protected wetlands. To the extent feasible, the proposed project shall minimize potential impacts to federally protected wetlands by utilizing trenchless construction techniques. A SWPPP shall be implemented to reduce the potential for sediments and contaminants to enter wetlands and waters. After construction,

surface topography and drainage shall be restored to pre-construction conditions. Where appropriate, revegetation shall be implemented with site-adapted native species.

BIO-16b **Obtain Regulatory Permits for Work Activities Taking Place in Wetlands and Waters of the United States and the State:** Work within areas defined as waters of the U.S. that includes placement of fill will require a CWA Section 404 permit and Section 401 Water Quality Certification. All work proposed in jurisdictional waters of the U.S. shall be authorized under these permits, and the work shall comply with the general and regional conditions of the permits. In areas where disturbance to jurisdictional waters or wetlands occurs, the Partner Agencies shall implement mitigation consistent with the terms of a CWA Nationwide Permit and/or the Final Rule on Compensatory Mitigation for Losses of Aquatic Resources (73 C.F.R. 19594). Compensatory mitigation may include creation, re-establishment, or enhancement of wetlands in the Project Area or at an off-site location. Compensatory mitigation may also include purchase of credits at an approved mitigation bank or contribution to an approved in-lieu fee program.

Findings: Changes or alterations have been required in, or incorporated into, the project which avoid or substantially lessen the significant environmental effect identified in the Final EIR. The project has been revised to require implementation of Mitigation Measures BIO-1d, BIO-16a and BIO-16b, and, as a result, this impact would be considered **less than significant** after mitigation.

Rationale: Implementation of Mitigation Measures BIO-1d, BIO-16a and BIO-16b will ensure that federally protected wetlands are avoided to the extent feasible and will ensure that sensitive areas are protected from runoff from construction areas. Restoration of any affected areas, combined with compensatory mitigation, if needed, would ensure that there is no loss of wetlands. Therefore, with the implementation of these measures, the impact will be **less than significant**.

Impacts to movement of fish and wildlife and use of breeding areas

Impact BIO-17: Construction would minimize impacts through use of trenchless construction, but some wildlife breeding occurs in agricultural lands, natural drainages and other wetlands, and trees that provide nesting habitat could be affected during construction. This would be considered a **potentially significant impact**.

<u>Mitigation Measures</u>

BIO-6 **Avoid and Minimize Impacts to Giant Garter Snake:** The following measures shall be implemented to avoid or minimize impacts to GGS:

- Trenchless construction techniques shall be used to construct the pipeline crossing in potential aquatic habitat for GGS (applicable to Alternatives 1 and 2 only);

- Construction personnel shall participate in a Contractor Environmental Awareness Training (CEAT). Under this program, workers shall be informed about GGS and habitat, the species life history, conservation goals, identification of the snake, and procedures to follow in the event of a possible sighting;
- Within 24-hours prior to commencement of construction activities, the site shall be inspected by a qualified biologist who is approved by the USFWS. The biologist shall provide the Service with a field report form documenting the monitoring efforts within 24-hours of commencement of construction activities. A qualified biologist shall be on-site during all construction activity within 200 feet of potential habitat for GGS (Survey areas are shown in Attachment A to the MMRP). If a snake is encountered during construction activities, the biologist shall have the authority to stop construction activities until appropriate corrective measures have been completed or it is determined that the snake would not be harmed;
- Erosion control materials including silt curtains, silt fencing, and erosion control wattles shall be regularly inspected for entanglement or entrapment of the snake. No erosion control devices containing plastic netting (including photo- or biodegradable plastic netting) shall be used;
- Stockpiling of construction materials, portable equipment, vehicles, and supplies shall be restricted to the designated construction staging areas which shall be greater than 200 feet from GGS aquatic habitat;
- Clearing of wetland vegetation, if any, shall be confined to the minimal area necessary to construct the pipeline or intake; and
- After completion of construction activities, any temporary fill and construction debris shall be removed. Disturbed areas shall be restored to pre-project conditions. Restoration work shall include replanting native emergent vegetation, where appropriate.

BIO-8 **Avoid and Minimize Impacts to Western Pond Turtle:** The following measures shall be implemented to avoid or minimize impacts to western pond turtle:

- To the extent feasible, trenchless construction techniques shall be used where pipelines cross potential aquatic habitat for western pond turtle;
- Construction personnel shall participate in a Contractor Environmental Awareness Training (CEAT). Under this program, workers shall be informed about western pond turtle and their habitat, conservation goals, identification, and procedures to follow in the event of a possible sighting; and
- Pre-construction surveys for western pond turtle shall be conducted by a qualified biologist 14 days before and 24 hours before the start of construction activities where suitable habitat exists (Survey are shown in Attachment A to the MMRP). If western pond turtle or their nests

are observed during pre-construction surveys, the following measures shall be implemented:

- A qualified biologist shall be on site to monitor construction in suitable habitat. If a western pond turtle is present within 50 feet of a construction area, no vegetation clearing or ground disturbing activities shall be conducted until the turtle leaves the area on its own volition.
- If western pond turtle nests are identified in the work area during pre-construction surveys, a 100-foot no-disturbance buffer shall be established between the nest and any areas of potential disturbance. Buffers shall be clearly marked with temporary fencing. Construction shall not be allowed to commence in the exclusion area until hatchlings have emerged from the nest, or the nest is deemed inactive by a qualified biologist.

BIO-9 **Avoid, Minimize, or Compensate for Impacts to Burrowing Owl:** Prior to initiating ground-disturbing activities, surveys for burrowing owls shall be conducted in accordance with protocols established in the Staff Report on Burrowing Owl Mitigation (CDFG 2012 or current version). If ground-disturbing activities are delayed or suspended for more than 30 days after the pre-construction survey, the site shall be resurveyed. If burrowing owls are detected, disturbance to burrows shall be avoided during the nesting season (February 1 through August 31). Buffers shall be established around occupied burrows in accordance with guidance provided in the Staff Report on Burrowing Owl Mitigation, and at the discretion of a qualified wildlife biologist. Buffers around occupied burrows shall be a minimum of 656 feet (200 meters) during the breeding season, and 160 feet (100 meters) during the non-breeding season. Buffer distances shall be subject to the approval of CDFW.

If occupied burrows cannot be avoided, passive owl relocation techniques may be implemented outside of the nesting season (February 1 through August 31). Owls would be excluded from burrows within 160 feet of construction by installing one-way doors in burrow entrances. The work area shall be monitored daily for 1 week to confirm owl departure from burrows prior to any ground-disturbing activities. Where possible burrows shall be excavated using hand tools and refilled to prevent reoccupation. Sections of flexible plastic pipe shall be inserted into the tunnels during excavation to maintain an escape route for any animals inside the burrow.

If occupied burrows are relocated, the Partners Agencies shall enhance or create burrows in adjacent habitat at a 1:1 ratio (burrows destroyed to burrows enhanced or created) one week prior to implementation of passive relocation techniques. If burrowing owl habitat enhancement or creation takes place, the Partners Agencies shall develop and implement a monitoring and management plan to assess the effectiveness of the mitigation. The plan shall be subject to the approval of CDFW.

BIO-10 **Avoid and Minimize Impacts to Tricolored Blackbird Nesting Colonies:** The following measures shall be implemented to avoid or minimize impacts to tricolored blackbird:

- To the extent feasible, trenchless construction techniques shall be used in areas that support emergent vegetation;
- During the breeding season (February 1 through August 31), pre-construction surveys for tricolored blackbird shall be conducted in suitable nesting habitat by a qualified biologist no more than 15 days prior to scheduled work. Suitable nesting habitat includes any of the following: (a) dense vegetation near open water; (b) emergent marsh vegetation, especially cattails and bulrush; (c) thickets of willow, blackberry, wild rose, or thistles; or (d) silage and other grain fields such as sorghum; and
- If tricolored blackbird breeding is detected, a 500 foot no-disturbance buffer shall be established around the breeding site. The buffer shall be maintained until a qualified biologist has determined that young have fledged and are no longer reliant upon the nest or parental care for survival.

BIO-12 **Avoid, Minimize, or Compensate for Impacts to Raptors including Special-status species:**

- If ground and vegetation disturbing activities occur between February 1 and September 15, a nesting raptor survey, with a focus on Swainson's hawk and white-tailed kite, shall be conducted in accordance with Recommended Timing and Methodology for Swainson's Hawk Nesting Survey's in California's Central Valley (Swainson's Hawk Technical Advisory Committee 2000, or current CDFW guidance). Surveys shall cover a minimum of a 0.5-mile radius around potentially suitable nesting habitat for Swainson's hawk and white-tailed kite (Survey areas are shown in Attachment A to the MMRP). Agricultural lands within 1,000 feet of open-cut construction areas shall be surveyed for northern harrier nests.
- If nesting raptors are detected, a no-disturbance buffer shall be established around the nest. Buffers shall be established by a qualified biologist, with consultation with the California Department of Fish and Wildlife, as appropriate. No construction activities shall be initiated within the buffer until fledglings are fully mobile and no longer reliant upon the nest or parental care for survival. Construction must either be started before nests are established, or if nesting birds are already present, construction within the buffer zone would have to be delayed until nesting is done for the season.
- If an active Swainson's hawk or white-tailed kite nest is located within a 0.5-mile radius of an active work area, a biologist shall be on site daily to monitor the nest. The biologist shall monitor for behavioral changes that would suggest the birds are stressed by construction

activity or the nest may be abandoned. Such behaviors may include excessive vocalization, a startled response coincident with a loud noise or changes in the viewshed, or prolonged absence from the nest by adults. If the biologists determines that nest success may be adversely impacted by construction, then construction shall be discontinued within 0.5 mile of the nest.

- Trees that would need to be removed for construction would be surveyed to determine if they are suitable for raptor nesting.
- If potential raptor nesting trees are to be removed during construction activities, removal shall take place outside of Swainson's hawk nesting season. Suitable nest trees for raptors shall be replaced at a ratio of 3:1 with appropriate species [e.g., valley oak (Quercus lobata), coast live oak (Q. agrifolia)., Fremont cottonwood (Populus fremontii)]. The trees shall be planted within 5 miles of the removal location, in areas appropriate for raptor nesting, and on land owned or managed by one of the Partner Agencies. If replacement planting is implemented, monitoring shall be conducted annually for 5 years to assess the mitigation's effectiveness. The performance standard for the mitigation shall be 65% survival of all replacement plantings.

BIO-13 **Avoid and Minimize Impacts to Special-status passerine species and other Bird Protected under the MBTA:**

- If ground and vegetation disturbing activities occur between February 1 and September 15, a survey for nesting birds shall be conducted within a 500-ft radius of the construction area. If nests are detected, buffers around nests shall be established. No-disturbance buffers around special-status passerine nests shall be 500 feet and 250 feet for non-listed birds protected under the MBTA and Fish and Game Code sections 3503 and 3513, unless a qualified CDFW biologist determines that smaller buffers shall be sufficient to minimize impacts to nesting birds. Factors to be considered for determining buffer size shall include: the presence of natural buffers provided by vegetation or topography; nest height; locations of foraging territory; and baseline levels of noise and human activity. Buffers shall be maintained until a qualified biologist has determined that young have fledged and are no longer reliant upon the nest or parental care for survival.
- Prior to commencing a crossing(s) of the San Joaquin River the Project Partners shall conduct surveys for LBV in accordance with USFWS' Least Bell's Vireo Survey Guidelines (USFWS 2011a). If LBV are detected during the surveys, the Project Partners shall consult with the USFWS to determine appropriate avoidance measures. The performance standard for avoidance shall be no potential impacts to an established LBV nest. This shall be accomplished by establishing a no-disturbance buffer around the active nest. The no-disturbance buffer shall be a minimum of 500 feet, but may be larger depending on site specific conditions and consultation with USFWS.

TR-2 **Install Temporary Trench Plates Over Open Trenches:** During construction of the pipeline, temporary trench plates will be installed over open trenches at the end of each work day.

Findings: Changes or alterations have been required in, or incorporated into, the project which avoid or substantially lessen the significant environmental effect identified in the Final EIR. The project has been revised to require implementation of Mitigation Measures BIO-6, BIO-8, BIO-9, BIO-10, BIO-12, BIO-13, and, TR-2 as a result, this impact would be considered **less than significant** after mitigation.

Rationale: Implementation of Mitigation Measures BIO-6, BIO-8, BIO-9, BIO-10, BIO-12, BIO-13, and, TR-2 will ensure that preconstruction surveys are conducted and buffer zones implemented as needed to ensure that breeding areas are not disrupted, trenches are covered so that effects on wildlife movement are minimized, and trees are replanted as needed. Therefore, with the implementation of these measures, the impact will be **less than significant**.

Conflict with local ordinances or policies protecting biological resources

Impact BIO-18: Construction would minimize impacts through use of trenchless construction and avoidance of sensitive habitat, but sensitive resources could be affected by sedimentation or alteration of drainage patterns. This would be considered a **potentially significant impact**.

Mitigation Measures

BIO-1d **Develop and Implement a Frac-out Contingency Plan for Trenchless Construction:** Prior to constructing a crossing(s) of the San Joaquin River, a Frac-out Prevention and Contingency Plan shall be developed and submitted by the City of Modesto to the California State Lands Commission for review. At minimum, the plan shall prescribe the measures to ensure protection of aquatic resources, special-status plants and wildlife, including:

- Procedures to minimize the potential for a frac-out associated with horizontal directional drilling;
- Procedures for timely detection of frac-outs;
- Procedures for timely response and remediation in the event a frac-out; and
- Monitoring of drilling and frac-out response activities by a qualified biologist.

BIO-2a **Avoid Impacts to Vernal Pool Branchiopods and their Habitat**: To the extent feasible, the project-related activities shall avoid impacts to habitat with the potential to support Conservancy fairy shrimp, longhorn fairy shrimp, vernal pool fairy shrimp, and vernal pool tadpole shrimp, including alkali pools and swales. Avoidance shall be defined as no direct or indirect effects to

suitable habitat. This shall be accomplished by avoiding construction within the microwatershed of suitable habitat for vernal pool branchiopods.

BIO-16a **Avoid and Minimize Impacts to Federally Protected Wetlands:** To the extent feasible, project-related activities shall avoid federally protected wetlands. To the extent feasible, the proposed project shall minimize potential impacts to federally protected wetlands by utilizing trenchless construction techniques. A SWPPP shall be implemented to reduce the potential for sediments and contaminants to enter wetlands and waters. After construction, surface topography and drainage shall be restored to pre-construction conditions. Where appropriate, revegetation shall be implemented with site-adapted native species.

Findings: Changes or alterations have been required in, or incorporated into, the project which avoid or substantially lessen the significant environmental effect identified in the Final EIR. The project has been revised to require implementation of Mitigation Measures BIO-1d, BIO-2a and BIO-16a, and, as a result, this impact would be considered **less than significant** after mitigation.

Rationale: Implementation of Mitigation Measures BIO-1d, BIO-2a and BIO-16a will ensure that federally protected wetlands, including vernal pools, are avoided to the extent feasible and will ensure that sensitive areas are protected from runoff from construction areas. Restoration of any affected areas, combined with compensatory mitigation, if needed, would ensure that there is no loss of sensitive habitats. Therefore, with the implementation of these measures, the impact will be **less than significant**.

Cumulative impacts to fish and their habitat in the San Joaquin River

Impact BIO-CUM-2: The reduction in flows due to the NVRRWP would be minimal, but because the San Joaquin River has already been modified and degraded the small incremental contribution to an already cumulatively substantial impact is considered a **potentially significant impact**.

Mitigation Measures

BIOCUM-1 **Assistance with Salmonid Recover Plan Actions:** The NVRRWP Project Partners would work with Reclamation and with resource agencies, including NMFS, USFWS, and CDFW to assist in implementation the following recovery actions from the Recovery Plan for Central Valley Chinook Salmon and Steelhead.

- Implement projects that improve wastewater treatment in the San Joaquin River watershed. The NVRRWP as designed would reduce the input of nutrients and salinity to the San Joaquin River, and as such the proposed project already addresses this recovery action.

- Develop and implement a spawning gravel augmentation plan in the San Joaquin River. The NVRRWP Project Partners would make a cash contribution to an existing restoration program or organization working to augment spawning gravels. The funding could assist in programs being implemented as part of Reclamation's San Joaquin River Restoration Program, the USFWS Anadromous Fish Restoration Program, or other relevant restoration program.

Findings: Changes or alterations have been required in, or incorporated into, the project which avoid or substantially lessen the significant environmental effect identified in the Final EIR. The project has been revised to require implementation of Mitigation Measure BIOCUM-1 and, as a result, this impact would be considered **less than significant** after mitigation.

Rationale: Implementation of Mitigation Measure BIOCUM-1 will address existing degraded conditions on the San Joaquin River by reducing the input of nutrients and salinity to the river, and contributing to improvements of spawning gravels on the river. Therefore, with the implementation of these measures, the impact will be **less than significant**.

3.5 CULTURAL RESOURCES

Impact CUL-1: No archeological resources as defined under CEQA have been identified in the project area, and, there is no evidence suggesting a significant potential for human remains to be buried in the project area. However, excavation activities associated with project construction could disturb previously unidentified archaeological resources during project construction. This would be considered a **potentially significant impact**.

Mitigation Measures

CUL-1a **Discovery of previously unknown archaeological resources during construction**: The following measures shall be implemented in the event of unexpected discovery of archaeological resources:

- The project proponent shall note on any construction plans that require ground disturbing excavation that there is a potential for exposing buried cultural resources.
- The Partner Agencies shall retain a Professional Archaeologist to provide a pre-construction briefing to supervisory personnel of any excavation contractor to alert them to the possibility of exposing significant prehistoric archaeological resources within the study area. The briefing shall discuss any archaeological objects that could be exposed, the need to stop excavation at the discovery, and the procedures to follow regarding discovery protection and notification of the project proponent and archaeological team.
- The project proponent shall retain a Professional Archaeologist on an "on-call" basis during ground disturbing construction for the project to review, identify and evaluate cultural resources that may be

inadvertently exposed during construction. The archaeologist shall review and evaluate any discoveries to determine if they are historical resource(s) and/or unique archaeological resources under CEQA.

- If cultural resources are encountered during the project, construction personnel shall avoid altering these materials and their context until a Professional Archaeologist has evaluated the situation. Project personnel shall not collect or retain cultural resources. Prehistoric resources include, but are not limited to, chert or obsidian flakes, projectile points, mortars, and pestles; and dark, friable soil containing shell and bone, dietary debris, heat-affected rock, or human burials. Historical resources include stone or adobe foundations or walls, structures and remains with square nails, and refuse deposits, often in old wells and privies.
- If the Professional Archaeologist determines that any cultural resources exposed during construction constitute a historical resource and/or unique archaeological resource, he/she shall notify the Partner Agencies and other appropriate parties of the evaluation and recommended measures to mitigate effects to a less-than significant impact. Mitigation measures may include avoidance, preservation in-place, recordation, additional archaeological testing and data recovery, among other options. Treatment of any significant cultural resources shall be undertaken with the approval of the U.S. Bureau of Reclamation and other lead agencies.
- Any identified cultural resources shall be recorded on forms DPR 422 (archaeological sites) and/or DPR 523 (historic properties) or similar forms by a Professional Archaeologist.

CUL-1b **Discovery of human burials during construction**: The treatment of human remains and of associated or unassociated funerary objects discovered during any soil-disturbing activity within the project shall comply with applicable State laws. This shall include immediate notification of the Stanislaus County Coroner (Stanislaus County Sherriff's Office).

In the event of the coroner's determination that the human remains are Native American, notification of the Native American Heritage Commission (NAHC) is required. The NAHC shall be notified by phone within 24 hours of the discovery and shall be afforded the opportunity to appoint a Most Likely Descendant (MLD) (PRC Section 5097.98). The archaeological consultant, project sponsor, and MLD shall make all reasonable efforts to develop an agreement for the treatment, with appropriate dignity, of human remains and associated or unassociated funerary objects (CEQA Guidelines Section 15064.5(d)). The agreement should take into consideration the appropriate excavation, removal, recordation, analysis, custodianship, curation, and final disposition of the human remains and associated or unassociated funerary objects. California Public Resources Code allows 48 hours to reach agreement on these matters. If the MLD and the other parties do not agree on the reburial method, the project will follow PRC Section 5097.98(b) which states that "the landowner or his or her authorized representative shall reinter

the human remains and items associated with Native American burials with appropriate dignity on the property in a location not subject to further subsurface disturbance."

Findings: Changes or alterations have been required in, or incorporated into, the project which avoid or substantially lessen the significant environmental effect identified in the Final EIR. The project has been revised to require implementation of Mitigation Measures CUL-1a and CUL-1b, which will reduce the potential for harm to cultural resources to **less than significant** after mitigation.

Rationale: Mitigation measures CUL-1a and CUL-1b will ensure that resources discovered during construction are addressed and mitigated to avoid accidental damage, in compliance with CEQA requirements. Therefore, with the implementation of these measures, the impact will be **less than significant**.

Impact CUL-2: The project has been designed to avoid disturbance of known historical resources in the project area. However, excavation activities associated with project construction could disturb previously unidentified historical resources during project construction. This would be considered a **potentially significant impact**.

Mitigation Measures

CUL-1a **Discovery of previously unknown archaeological resources during construction**: The following measures shall be implemented in the event of unexpected discovery of archaeological resources:

- The project proponent shall note on any construction plans that require ground disturbing excavation that there is a potential for exposing buried cultural resources.
- The Partner Agencies shall retain a Professional Archaeologist to provide a pre-construction briefing to supervisory personnel of any excavation contractor to alert them to the possibility of exposing significant prehistoric archaeological resources within the study area. The briefing shall discuss any archaeological objects that could be exposed, the need to stop excavation at the discovery, and the procedures to follow regarding discovery protection and notification of the project proponent and archaeological team.
- The project proponent shall retain a Professional Archaeologist on an "on-call" basis during ground disturbing construction for the project to review, identify and evaluate cultural resources that may be inadvertently exposed during construction. The archaeologist shall review and evaluate any discoveries to determine if they are historical resource(s) and/or unique archaeological resources under CEQA.
- If cultural resources are encountered during the project, construction personnel shall avoid altering these materials and their context until a Professional Archaeologist has evaluated the situation. Project

personnel shall not collect or retain cultural resources. Prehistoric resources include, but are not limited to, chert or obsidian flakes, projectile points, mortars, and pestles; and dark, friable soil containing shell and bone, dietary debris, heat-affected rock, or human burials. Historical resources include stone or adobe foundations or walls, structures and remains with square nails, and refuse deposits, often in old wells and privies.

- If the Professional Archaeologist determines that any cultural resources exposed during construction constitute a historical resource and/or unique archaeological resource, he/she shall notify the Partner Agencies and other appropriate parties of the evaluation and recommended measures to mitigate effects to a less-than significant impact. Mitigation measures may include avoidance, preservation in-place, recordation, additional archaeological testing and data recovery, among other options. Treatment of any significant cultural resources shall be undertaken with the approval of the U.S. Bureau of Reclamation and other lead agencies.
- Any identified cultural resources shall be recorded on forms DPR 422 (archaeological sites) and/or DPR 523 (historic properties) or similar forms by a Professional Archaeologist.

Findings: Changes or alterations have been required in, or incorporated into, the project which avoid or substantially lessen the significant environmental effect identified in the Final EIR. The project has been revised to require implementation of Mitigation Measure CUL-1a, which will reduce the potential for harm to cultural resources to **less than significant** after mitigation.

Rationale: Mitigation measure CUL-1a will ensure that historic resources discovered during construction are addressed and mitigated to avoid accidental damage, in compliance with CEQA requirements. Therefore, with the implementation of these measures, the impact will be **less than significant**.

Impact CUL-3: There is no evidence suggesting a significant potential for fossils to occur in the project area. However, excavation activities associated with project construction could disturb previously unidentified paleontological resources during project construction. This would be considered a **potentially significant impact**.

Mitigation Measures

CUL-3 **Discovery of paleontological resources during construction**: If paleontological resources are discovered during earthmoving activities, the construction crew would immediately cease work near the find. In accordance with Society of Vertebrate Paleontology guidelines (Society of Vertebrate Paleontology 2010), a qualified paleontologist would assess the nature and importance of the find and recommend appropriate salvage, treatment, and future monitoring and mitigation.

Findings: Changes or alterations have been required in, or incorporated into, the project which avoid or substantially lessen the significant environmental effect identified in the Final EIR. The project has been revised to require implementation of Mitigation Measure CUL-3, which will reduce the potential for harm to paleontological resources to **less than significant** after mitigation.

Rationale: Mitigation measure CUL-3 will ensure that paleontological resources discovered during construction are addressed and mitigated to avoid accidental damage, in compliance with CEQA requirements. Therefore, with the implementation of these measures, the impact will be **less than significant**.

3.6 ENERGY RESOURCES

Impact ENE-1: Construction of the project requires use of fuels and excessive idling and other inefficient site operations could result in inefficient use of energy. This would be considered a **potentially significant impact**.

Mitigation Measures

AIR-1 **Reduce NOx Emissions**: NOx emissions associated with construction activities shall be reduced to 10 tons per year through on-site equipment and hauling vehicle Mitigation Measure to the extent feasible. All vehicles and equipment used during construction shall be maintained and properly tuned in accordance with the manufacturer's specifications to perform at US EPA certification levels and to perform at verified standards applicable to retrofit technologies. All equipment shall be checked by a certified mechanic and determined to be running in proper condition prior to operation. Idling times shall be minimized either by shutting equipment off when not in use or reducing the maximum idling time to 5 minutes (as required by the California airborne toxics control measure CCR Title 13 Section 2485). Emissions reduction methods may be chosen from any combination of the following measures:

- Minimize the use and trips of construction equipment and trucks by consolidating trips and loads to the extent feasible
- Minimize unnecessary idling by shutting off equipment and trucks when not in use to the extent feasible and comply with CARB idling regulations.
- Conduct periodic unscheduled inspections to ensure equipment is maintained properly and in accordance with manufacturer's recommendations and excessive idling is not occurring.
- Prepare inventory of all equipment prior to construction consistent with SJVAPCD Indirect Source Review Rule.
- Develop a construction traffic and parking management plan that minimizes traffic interference and maintains traffic flow.

The contractor will be encouraged to implement the following measures to the extent feasible before implementation of off-site Mitigation Measure and

identify why the measures are infeasible if not implemented in particular due to economic infeasibility:

- Use alternative fueled vehicles.
- Use newer tier engines such as US EPA Tier 4 exhaust emissions standards for heavy-duty nonroad compression ignition engines.
- Use of newer on-highway vehicles that meet the US EPA exhaust emissions standards for model year 2010 and newer heavy-duty on-highway compression ignition engines
- Use phased material hauling trips
- Use after-market pollution control devices to reduce emissions
- Lengthen the construction schedule to reduce the annual intensity of construction activities

If all feasible on-site measures have been implemented and annual emissions are anticipated to still be above 10 tons per year for NOx, then the project proponent shall enter into a Voluntary Emissions Reduction Agreement (VERA) with SJVAPCD. The VERA would provide pound-for-pound mitigation of air emissions increases down to a net zero emissions per year as required under general conformity through a process that develops, funds, and implements emission reduction projects. SJVAPCD would serving as role of administrator of the emissions reduction projects and verifier of the successful mitigation effort.

Finding: Changes or alterations have been required in, or incorporated into, the project which avoid or substantially lessen the significant environmental effect identified in the Final EIR. The project has been revised to require implementation of Mitigation Measures AIR-1, which will serve to ensure efficient use of fuels thus reducing energy impacts to **less than significant** after mitigation.

Rationale: Mitigation Measure AIR-1 requires that engines be properly tuned and that restrictions on idling are enforced, thus reducing the impact to **less than significant**.

3.8 GEOLOGY AND SOILS

Impact GEO-1: The project would be subject to damage from groundshaking and liquefaction. This would be considered a **potentially significant impact**.

Mitigation Measures

GEO-1 **Perform Design-Level Geotechnical Evaluations for Seismic Hazards:** During the design phase for the proposed project, perform site-specific, design-level geotechnical evaluations to identify potential secondary ground failure hazards (i.e., seismically-induced settlement) associated with the expected level of seismic ground shaking. A geotechnical memorandum shall be prepared to detail the findings of the evaluations.

The geotechnical analysis will provide recommendations to mitigate those hazards in the final design and, if necessary, during construction. The design-level geotechnical evaluations, based on the site conditions, location, and

professional opinion of the geotechnical engineer, may include subsurface drilling, soil testing, and analysis of site seismic response to determine appropriate feasible measures to be incorporated into the project design. The performance standard to be used in the geotechnical evaluations will be minimization of the hazards associated with liquefaction and seismic groundshaking. The geotechnical engineer will review the seismic design criteria of facilities to ensure that facilities are designed to withstand the highest expected peak acceleration, set forth by the California Building Code for each site, and ensure that secondary ground failures, such as liquefaction, are minimized. Recommendations resulting from findings of the geotechnical study will be incorporated into the design and construction of proposed facilities.

Findings: Changes or alterations have been required in, or incorporated into, the project which avoid or substantially lessen the significant environmental effect identified in the Final EIR. The project has been revised to require implementation of Mitigation Measure GEO-1, which will reduce the risks associated with groundshaking and liquefaction to **less than significant** after mitigation.

Rationale: Mitigation Measure GEO-1will ensure that facilities are designed to withstand groundshaking and that risk of secondary failures such as liquefaction are minimized. Therefore, with the implementation of these measures, the impact will be **less than significant**.

Impact GEO-2: The project would be subject to damage from expansive soils. This would be considered a **potentially significant impact**.

Mitigation Measures

GEO-2 **Perform Design-Level Geotechnical Evaluations for Soil Expansion:** During the design phase for all components of the project, a design-level geotechnical evaluation to determine the presence and characteristics of potentially compressible and expansive soils, the engineering properties of the foundation material, and the depth and thickness of soil layers will be completed. The results of the investigations will include measures that would reduce soil expansion to a less-than-significant level. Feasible mitigation measures could include removal and replacement of soil, deep foundations, or deep mixing of compressible or expansive soils with stabilizing agents. All mitigation measures included in the geotechnical evaluation will be incorporated into the project design specifications.

Findings: Changes or alterations have been required in, or incorporated into, the project which avoid or substantially lessen the significant environmental effect identified in the Final EIR. The project has been revised to require implementation of Mitigation Measure GEO-2, which will reduce the risks associated with expansive soils to **less than significant** after mitigation.

Rationale: Mitigation Measure GEO-2 will result in replacing expansive soils with non-expansive materials, or having them treated so as to become non-expansive and, if necessary,

other engineering practices for mitigation of expansive soil conditions shall be implemented. Therefore, with the implementation of these measures, the impact will be **less than significant.**

3.2.10 HAZARDS AND HAZARDOUS MATERIALS

Hazardous materials used during construction

Impact HAZ-1: Construction requires use of hazardous materials including fuel, paints, solvents and glues. Accidental release of hazardous materials would be considered a **potentially significant impact.**

Mitigation Measures

HAZ-1a **Hazardous Materials Management and Spill Prevention Control Plan:** Prior to the start of construction, the construction contractor shall be required to prepare a Hazardous Materials Management Spill Prevention and Control Plan that includes a project-specific contingency plan for hazardous materials and waste operations. The Plan shall be applicable to construction activities, and shall establish policies and procedures according to applicable codes and regulations, including but not limited to the California Building and Fire Codes, and federal and California Occupational Safety and Health Administration (OSHA) regulations. Elements of the Plan shall include, but not be limited to, the following:

- A discussion of hazardous materials management, including delineation of hazardous material storage areas, access and egress routes, waterways, emergency assembly areas, and temporary hazardous waste storage areas;
- Notification and documentation of procedures; and
- Spill control and countermeasures, including employee spill prevention/response training.

Findings: Changes or alterations have been required in, or incorporated into, the project which avoid or substantially lessen the significant environmental effect identified in the Final EIR. The project has been revised to require implementation of Mitigation Measure HAZ-1a, which will reduce impacts from hazardous materials releases to **less than significant** after mitigation.

Rationale: Mitigation Measure HAZ-1a will ensure that fuel and other hazardous materials are handled in accordance with regulatory standards to protect public health and safety. In addition, hazardous materials shall only be handled in specified construction staging areas, in accordance with specified requirements, to prevent contamination. With the implementation of Mitigation Measure HAZ-1a, the impact will be **less than significant.**

Wildland Fire

Impact HAZ-2: The project would require use of spark-producing construction machinery in areas with fire hazard ratings of medium and high, which could create

hazardous fire conditions. This would be considered a **potentially significant impact.**

Mitigation Measures

HAZ-2 **Prevention of Fire Hazards**: During construction of the proposed project, the construction contractor shall require staging areas, welding areas, or areas slated for construction be cleared of dried vegetation or other materials that could ignite. Construction equipment that includes a spark arrestor shall be maintained in good working order. In addition, construction crews shall have a spotter during welding activities to look out for potentially dangerous situations, such as accidental sparks. Other construction equipment shall be kept in good working order and used only within cleared construction zones. During construction of the proposed project, contractors shall require vehicles and crews working at the project site to have access to functional fire extinguishers.

Finding: Changes or alterations have been required in, or incorporated into, the project which avoid or substantially lessen the significant environmental effect identified in the Final EIR. The project has been revised to require implementation of Mitigation Measure HAZ-2, which will serve to reduce these potential impacts to **less than significant** after mitigation.

Rationale: Mitigation Measure HAZ-2 would ensure implementation of measures to prevent accidental fires. Therefore, with the implementation of this measure, the impact will be **less than significant.**

Conflict with Emergency Plans

Impact HAZ-3: The project could conflict with the Stanislaus County's Multi-Jurisdictional Hazard Mitigation Plan. This impact would be **potentially significant.**

Mitigation Measures

HAZ-1a **Hazardous Materials Management and Spill Prevention Control Plan:** Prior to the start of construction, the construction contractor shall be required to prepare a Hazardous Materials Management Spill Prevention and Control Plan that includes a project-specific contingency plan for hazardous materials and waste operations. The Plan shall be applicable to construction activities, and shall establish policies and procedures according to applicable codes and regulations, including but not limited to the California Building and Fire Codes, and federal and California Occupational Safety and Health Administration (OSHA) regulations. Elements of the Plan shall include, but not be limited to, the following:

- A discussion of hazardous materials management, including delineation of hazardous material storage areas, access and egress routes, waterways, emergency assembly areas, and temporary hazardous waste storage areas;
- Notification and documentation of procedures; and

- Spill control and countermeasures, including employee spill prevention/response training.

HAZ-2 **Prevention of Fire Hazards**: During construction of the proposed project, the construction contractor shall require staging areas, welding areas, or areas slated for construction be cleared of dried vegetation or other materials that could ignite. Construction equipment that includes a spark arrestor shall be maintained in good working order. In addition, construction crews shall have a spotter during welding activities to look out for potentially dangerous situations, such as accidental sparks. Other construction equipment shall be kept in good working order and used only within cleared construction zones. During construction of the proposed project, contractors shall require vehicles and crews working at the project site to have access to functional fire extinguishers.

Findings: Changes or alterations have been required in, or incorporated into, the project which avoid or substantially lessen the significant environmental effect identified in the Final EIR. The project has been revised to require implementation of Mitigation Measures HAZ-1 and HAZ-2, which will substantially reduce impacts to **less than significant** after mitigation.

Rationale: Mitigation Measures HAZ-1 and HAZ-2 would ensure that that the project would not cause hazardous conditions during construction. With the implementation of these measures, the impact will be **less than significant**.

3.11 HYDROLOGY AND WATER QUALITY

Construction Water Quality Impacts

Impact HYD-1: Construction would include vegetation removal, grading, and excavation activities, which could result in increased sedimentation and erosion and could result in impacts to water quality. This would be considered a **potentially significant impact**.

Mitigation Measures

HYD-1a **Comply with the Construction General Permit**: To minimize the impacts to water quality from construction activities, the proposed project shall implement measures contained in the Construction General Permit including the development of a SWPPP.

HYD-1b **Implement BMPs to Control Erosion and Sediment During Construction:** The SWPPP shall specify that all construction activities shall implement multiple BMPs to provide effective erosion and sediment control. These BMPs shall be selected to achieve maximum sediment removal and represent the best available technology that is economically achievable. BMPs to be implemented as part of this mitigation measure shall include, but are not limited to, the following measures:

- Temporary erosion control measures, such as silt fences, staked straw bales/wattles, silt/sediment basins and traps, check dams, geofabric, sandbag dikes, and temporary revegetation or other ground cover, shall be employed for disturbed areas;
- Dirt and debris shall be swept from paved streets in the construction zone on a regular basis, particularly before predicted rainfall events;
- Grass or other vegetative cover will be re-established on unpaved areas of the construction site as soon as possible after disturbance. In paved areas, any removed paving will be replaced as soon as possible; and
- Soil stockpiling sites will be located such that they do not drain directly into the San Joaquin River or irrigation canals.

Multiple BMPs used in combination, properly installed and maintained, can achieve significant sediment removal. BMPs proposed by the project contractor shall be subject to approval by the project proponent, and the project proponent shall require that all parties performing construction under the proposed project incorporate into contract specifications the requirement that the contractor(s) comply with and implement these provisions. The contractor shall also include provisions for monitoring during and after construction activities to verify that these standards are met.

HYD-1c **Comply with the General Order for Dewatering or Other Appropriate NPDES Permit**: To minimize the impacts to water quality from dewatering activities, the proposed project shall implement measures contained in the General Order for Dewatering or other appropriate NPDES permit or Waste Discharge Requirement.

BIO-1d **Develop and Implement a Frac-out Contingency Plan for Trenchless Construction:** Prior to constructing a crossing(s) of the San Joaquin River, a Frac-out Prevention and Contingency Plan shall be developed and submitted by the City of Modesto to the California State Lands Commission for review. At minimum, the plan shall prescribe the measures to ensure protection of aquatic resources, special-status plants and wildlife, including:

- Procedures to minimize the potential for a frac-out associated with horizontal directional drilling;
- Procedures for timely detection of frac-outs;
- Procedures for timely response and remediation in the event a frac-out; and
- Monitoring of drilling and frac-out response activities by a qualified biologist.

Findings: Changes or alterations have been required in, or incorporated into, the project which avoid or substantially lessen the significant environmental effect identified in the Final EIR. The project has been revised to require implementation of Mitigation Measures BIO-1d, HYD-1a, HYD-1b and HYD-1c, and with the implementation of these measures, the project's impacts to water quality during construction would be considered **less than significant** after mitigation.

Rationale: Mitigation Measures BIO-1d, HYD-1a, HYD-1b and HYD-1c will insure adherence to all applicable NPDES requirements and other water quality regulations to minimize impacts to water quality and to ensure that no debris or other pollutants from the construction affect water quality of streams and drainages in the project area. Therefore, with the implementation of these measures, the impact will be **less than significant**.

3.14 NOISE

Construction Noise

Impact NOI-1: During construction of the project, noise levels would temporarily be elevated in association with operation of heavy equipment. This would be considered a **potentially significant impact**.

Mitigation Measures

NOISE-1 **Noise Reduction Measures:** To reduce the impact of noise from construction activities the following measures shall be implemented to the extent feasible:

- Construction activities shall be limited to the hours of 7:00 am to 7:00 pm, Monday to Friday.
- Construction staging areas shall be as far as possible from existing residences.
- Construction equipment noise shall be minimized during project construction by muffling and shielding intakes and exhaust on construction equipment per the manufacturers' specifications and by shrouding or shielding impact tools. All equipment shall have sound-control devices no less effective than those provided by the manufacturer.
- All stationary noise generating construction equipment shall be placed as far away as possible from sensitive receptors on in an orientation minimizing noise impacts (e.g. behind barriers or storage piles).

Findings: Changes or alterations have been required in, or incorporated into, the project which avoid or substantially lessen the significant environmental effect identified in the Final EIR. The project has been revised to require implementation of Mitigation Measure NOISE-1, and with the implementation of these measures, the project's impacts during construction would be considered **less than significant** after mitigation.

Rationale: Mitigation Measure NOISE-1 will insure that construction noise is minimized to the extent feasible. Because the County Noise Ordinance exempts this type of construction activity and because appropriate measures will be implement to reduce noise levels, with the implementation of this measure, the impact will be **less than significant**.

3.16 PUBLIC SERVICES AND UTILITIES

Construction Disruption

Impact PUB-4: During construction of the project, there is a potential for disruption of utilities and interruption of associated services. This would be considered a **potentially significant impact**.

Mitigation Measures

PUB-4 **Coordinate Relocation and Interruptions of Service with Utility Providers during Construction**: The construction contractor shall be required to verify the nature and location of underground utilities before the start of any construction that would require excavation. The contractor shall be required to notify and coordinate with public and private utility providers at least 48 hours before the commencement of work adjacent to any utility. The contractor shall be required to notify the service provider in advance of service interruptions to allow the service provider sufficient time to notify customers. The contractor shall be required to coordinate timing of interruptions with the service providers to minimize the frequency and duration of interruptions.

Findings: Changes or alterations have been required in, or incorporated into, the project which avoid or substantially lessen the significant environmental effect identified in the Final EIR. The project has been revised to require implementation of Mitigation Measure PUB-4, and with the implementation of these measures, the project's impacts to utilities during construction would be considered **less than significant** after mitigation.

Rationale: Mitigation Measure PUB-4 will insure that disruption of utilities is minimized to the extent feasible. Because the County Noise Ordinance exempts this type of construction activity and because appropriate measures will be implement to reduce noise levels, with the implementation of this measure, the impact will be **less than significant**.

3.19 TRANSPORTATION

Construction Disruption

Impact TR-1: During construction of the project, there is a potential temporary road and lane closures causing a degradation in level of service. This would be considered a **potentially significant impact**.

Impact TR-2: During construction of the project, there is a potential for disruption of alternative modes of transportation including public transit, bicycles and pedestrian uses. This would be considered a **potentially significant impact**.

Impact TR-3: During construction of the project, there is a potential for interference with emergency access and circulation. This would be considered a **potentially significant impact**.

Impact TR-4: During construction of the project, there would be additional traffic from truck trips to deliver materials and haul spoil and from worker travel. This would be considered a **potentially significant impact**.

Mitigation Measures

TR-1 **Implement a Construction Management Plan to Minimize Interference with Traffic and Emergency Response Hazards:** The Partner Agencies (DPWD, the City of Modesto, and the City of Turlock) or the construction contractor, in consultation with the County, will prepare and implement a Traffic Management Plan (TMP). The Partner Agencies will be responsible for ensuring that the plan is adequately developed and implemented. The Partner Agencies will provide the TMP to the Stanislaus County Department of Public Works and Caltrans. The TMP will include recommended traffic-control and traffic-reduction measures as identified in the Transportation Management Plan Guidelines issued by the Division of Traffic Operations Office of System Management Operations (Caltrans 2009). The Partner Agencies will require all traffic-control or traffic-reduction measures described in the TMP to be implemented. In addition, to the extent feasible, construction-related traffic and any temporary road closures shall be scheduled during non-peak traffic periods.

The measures included in the TMP shall be consistent with any applicable guidelines outlined in the Standard Specifications for Public Works Construction, the U.S. Department of Transportation's Manual on Uniform Traffic Control Devices, and the Work Area Traffic Control Handbook. The plan will include the following items:

- Definition of location and timing of any temporary lane or roadway closures;
- Identification and provision for circumstances requiring the use of temporary traffic control measures, such as flag persons, warning signs, lights, barricades, and cones to provide safe work areas in the vicinity of the project site or along the haul routes, including for narrow roadway segments, and to warn, control, protect, and expedite vehicular, bicycle, and pedestrian traffic and access by emergency responders;
- Implementation of comprehensive traffic control measures, including scheduling of major truck trips and deliveries to avoid peak-hour traffic, placement of detour signs (if required), lane closure procedures (if required), flaggers (if required), placement of cones for drivers, and designated construction access routes and access points;

- Notification to adjacent property owners, transit agencies and public safety personnel regarding when major deliveries, detours, and lane closures will occur;
- Measures to address the potential for construction-related traffic to impede emergency response vehicles and a specific training and information program for construction workers to ensure awareness of emergency procedures for project-related accidents;
- Identification of haul routes for movement of construction vehicles that will minimize impacts on vehicular and pedestrian traffic and circulation and safety, and provision for monitoring surface streets used for haul routes so that any damage and debris attributable to the haul trucks can be identified and corrected by the Partner Agencies in coordination with the construction contractor;
- Consideration of other projects in the vicinity that could also affect the same roadways as the project;
- Development of a process for responding to and tracking complaints pertaining to construction activity, including identification of an onsite complaint manager; and
- Documentation of road pavement conditions for all routes that would be used by construction vehicles both before and after project construction. Roads damaged by construction vehicles will be repaired to the level at which they existed before project construction.

Findings: Changes or alterations have been required in, or incorporated into, the project which avoid or substantially lessen the significant environmental effect identified in the Final EIR. The project has been revised to require implementation of Mitigation Measure TR-1, and with the implementation of these measures, the project's impacts to transportation during construction would be considered **less than significant** after mitigation.

Rationale: Mitigation Measure TR-1 will insure that disruption of traffic and transportation is minimized to the extent feasible. This measure provides traffic control to manage lane and road closures, addresses alternate modes of travel, maintains emergency access and manages truck traffic during construction, thus reducing the impacts to **less than significant**.

Construction Access

Impact TR-5: During construction of the project, there is a potential that access to driveways would be impaired. This would be considered a **potentially significant impact**.

Mitigation Measures

TR-1 **Implement a Construction Management Plan to Minimize Interference with Traffic and Emergency Response Hazards:** The Partner Agencies (DPWD, the City of Modesto, and the City of Turlock) or the construction contractor, in consultation with the County, will prepare and implement a

Traffic Management Plan (TMP). The Partner Agencies will be responsible for ensuring that the plan is adequately developed and implemented. The Partner Agencies will provide the TMP to the Stanislaus County Department of Public Works and Caltrans. The TMP will include recommended traffic-control and traffic-reduction measures as identified in the Transportation Management Plan Guidelines issued by the Division of Traffic Operations Office of System Management Operations (Caltrans 2009). The Partner Agencies will require all traffic-control or traffic-reduction measures described in the TMP to be implemented. In addition, to the extent feasible, construction-related traffic and any temporary road closures shall be scheduled during non-peak traffic periods.

The measures included in the TMP shall be consistent with any applicable guidelines outlined in the Standard Specifications for Public Works Construction, the U.S. Department of Transportation's Manual on Uniform Traffic Control Devices, and the Work Area Traffic Control Handbook. The plan will include the following items:

- Definition of location and timing of any temporary lane or roadway closures;
- Identification and provision for circumstances requiring the use of temporary traffic control measures, such as flag persons, warning signs, lights, barricades, and cones to provide safe work areas in the vicinity of the project site or along the haul routes, including for narrow roadway segments, and to warn, control, protect, and expedite vehicular, bicycle, and pedestrian traffic and access by emergency responders;
- Implementation of comprehensive traffic control measures, including scheduling of major truck trips and deliveries to avoid peak-hour traffic, placement of detour signs (if required), lane closure procedures (if required), flaggers (if required), placement of cones for drivers, and designated construction access routes and access points;
- Notification to adjacent property owners, transit agencies and public safety personnel regarding when major deliveries, detours, and lane closures will occur;
- Measures to address the potential for construction-related traffic to impede emergency response vehicles and a specific training and information program for construction workers to ensure awareness of emergency procedures for project-related accidents;
- Identification of haul routes for movement of construction vehicles that will minimize impacts on vehicular and pedestrian traffic and circulation and safety, and provision for monitoring surface streets used for haul routes so that any damage and debris attributable to the haul trucks can be identified and corrected by the Partner Agencies in coordination with the construction contractor;
- Consideration of other projects in the vicinity that could also affect the same roadways as the project;

- Development of a process for responding to and tracking complaints pertaining to construction activity, including identification of an onsite complaint manager; and
- Documentation of road pavement conditions for all routes that would be used by construction vehicles both before and after project construction. Roads damaged by construction vehicles will be repaired to the level at which they existed before project construction.

TR-2 **Install Temporary Trench Plates Over Open Trenches:** During construction of the pipeline, temporary trench plates will be installed over open trenches at the end of each work day.

Findings: Changes or alterations have been required in, or incorporated into, the project which avoid or substantially lessen the significant environmental effect identified in the Final EIR. The project has been revised to require implementation of Mitigation Measures TR-1 and TR-2, and with the implementation of these measures, the project's impacts to access during construction would be considered **less than significant** after mitigation.

Rationale: Mitigation Measures TR-1 and TR-2 will insure that access to driveways is maintained, reducing the impact to **less than significant**.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-240

RESOLUTION AUTHORIZING STAFF TO BEGIN THE DESIGN/BUILD REQUEST FOR QUALIFICATIONS/REQUEST FOR PROPOSALS FOR THE NORTH VALLEY REGIONAL RECYCLED WATER PROGRAM

WHEREAS, the North Valley Regional Recycled Water Program (NVRRWP is the planned construction of a water supply project that would deliver up to 59,000 acre-feet per year of recycled water produced by the cities of Modesto and Turlock via a pipeline to the Delta-Mendota Canal (DMC), and

WHEREAS, Recycled water will be conveyed from Modesto and Turlock through pipelines from their wastewater treatment facilities, crossing under the San Joaquin River, ending at the DMC, and

WHEREAS, The City of Turlock has not decided whether to proceed with its components of the NVRRWP at this time, and

WHEREAS, Water in the DMC would then be conveyed directly to Del Puerto Water District (DPWD) turnouts and thus to its customers, and

WHEREAS, in order to meet the anticipated project schedule of summer 2018, the City will need to pursue a project delivery method that expedites the design and construction process, and

WHEREAS, City staff is considering a Design/Build methodology, in which both the design and construction services are contracted by a single entity, making it responsible for both of these services, and

WHEREAS, Design/Build minimizes the risks for the City and reduces the project delivery schedule, and

WHEREAS, Staff requested authorization to begin the NVRRWP Design/Build RFQ/RFP process,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes City staff to begin the Design/Build RFQ/RFP Process for the North Valley Regional Recycled Water Program.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7th day of July, 2015, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-241

RESOLUTION APPOINTING BALVINO IRIZARRY AND JIM BISHOP TO FILL THE VACANCIES ON THE TUOLUMNE RIVER REGIONAL PARK CITIZEN'S ADVISORY COMMITTEE (TRRP CAC)

WHEREAS, Section 1102 of the Charter of the City of Modesto authorizes the City Council to appoint members to various Boards and Commissions, and

WHEREAS, the Tuolumne River Regional Park Citizen's Advisory Committee (TRRP CAC), part of a JPA, has vacancies for members who reside within Modesto and are registered voters of Stanislaus County, and

WHEREAS, the Appointments Committee met on June 16, 2015, and recommended appointment of Balvino Irizarry and Jim Bishop, to represent Modesto City residents on the TRRP CAC.

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. Balvino Irizarry and Jim Bishop are hereby appointed to the TRRP CAC with a term expiration of January 1, 2017.

SECTION 2. The City Clerk is hereby directed to transmit a copy of this resolution to the appointed members of the Tuolumne River Regional Park Citizen's Advisory Committee, and the Secretary thereof.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of July, 2015, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Lopez, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-242

RESOLUTION AUTHORIZING THE PURCHASE OF ONE TRUCK WITH ALTEC AT40-G AERIAL BUCKET FOR THE PUBLIC WORKS DEPARTMENT, ELECTRICAL DIVISION, THROUGH THE PUBLIC WORKS DEPARTMENT, FLEET SERVICES DIVISION, PIGGYBACKING FROM A COMPETITIVELY BID CONTRACT WITH THE NATIONAL JOINT POWERS ALLIANCE (NJPA), TO ALTEC INDUSTRIES, BIRMINGHAM, AL, AND AUTHORIZING THE PURCHASING MANAGER OR HIS DESIGNEE TO ISSUE A PURCHASE ORDER FOR A TOTAL ESTIMATED COST OF $147,451

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for new vehicles and heavy equipment, through various competitive processes, with the Purchasing Division coming back to Council for award authorization. The one truck with AltecAT40-G aerial bucket is included in the new vehicles and heavy equipment list authorized by the City Manager, and

WHEREAS, the truck with Altec AT40-G aerial bucket is a replacement for an aerial bucket truck that is at the end of its useful life cycle. The aerial bucket truck has been subjected to a thorough evaluation and has met or exceeded the replacement criteria before being placed on the replacement list, and

WHEREAS, sufficient funds are budgeted in Fiscal Year 2014-15, in account # 5409-53246-57003, and

WHEREAS, the National Joint Powers Alliance (NJPA) went through a competitive bid process for the purchase of heavy construction equipment and issued contract #31014. The most responsive and responsible bidder that met the bid specifications was Altec Industries, Birmingham, AL. Altec Industries is extending the NJPA discount to the City of Modesto, and

WHEREAS, there are no local vendors for this type of equipment. Taking advantage of this process and awarding a contract by "piggybacking" the NJPA contract is an efficient and effective way to purchase one truck with Altec AT40-G aerial bucket, and saves the time and expense for the City to formally solicit RFB's, and

WHEREAS, Modesto Municipal Code (MMC) Section 8-3.203 generally requires all purchases, which meet or exceed $50,000.00 for material, equipment or contractual services to be formally bid. However, there are exceptions to the rule set forth in the Modesto Municipal Code. One exception, MMC Section 8-3.204(d), is available where the Purchasing Manager, in his or her discretion, determines that a process other than the usual formal bid procedure set forth in MMC Section 8-3.203 will result in procurement for the City at the lowest possible cost commensurate with the desired quality. Acting within his discretion, the Purchasing Manager invoked that exception for this purchase due to the cost savings of staff time and the limited number of competitors. The purchase of one truck with Altec AT40-G aerial bucket piggybacking from a competitively bid contract with NJPA to Altec Industries, Birmingham, AL, will conform to MMC Section 8-3.204(d), and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid for the purchase of one truck with Altec AT40-G aerial bucket for the Public Works Department, Electrical Division through the Public Works Department, Fleet Services Division, piggybacking from a competitively bid contract with the National Joint Powers Alliance (NJPA), to Altec Industries, Birmingham, AL,

BE IT FURTHER RESOLVED that the Purchasing Manager or his designee to issue a purchase order for a total estimated cost of $147,451.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of July, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-243

RESOLUTION APPROVING AN SPECIAL EVENT ENTERTAINMENT PERMIT FOR XCLAMATION FESTIVAL AS OUTLINED BY THE CITY OF MODESTO ORDINANCE NO 3492-C.S. AND AUTHORIZING THE PERMIT ADMINISTRATOR TO EXECUTE THE SPECIAL EVENT ENTERTAINMENT PERMIT AND ALL RELATED DOCUMENTS

WHEREAS, Xclamation Festival will consist of many different types of live outdoor musical stage performances that range from Pop/Alternative, Hip Hop and Classic Rock, and

WHEREAS, the event features vendor booths providing a wide variety of products, services, food and refreshments throughout the event area, and

WHEREAS, the event is open to the public who are 21 years of age and over, and

WHEREAS, the event is controlled by temporary fencing outlining the entire perimeter with security at all entrances and exists, and

WHEREAS, Xclamation Festival has procured Total Protection Group to provide 200 security guards to assist the Modesto Police Department to ensure a safe and successful event, and

WHEREAS, the Modesto Police Department will be working the event as part of an Outside Work Agreement between the event promoters and the Modesto Police Department,

WHEREAS, this item was never presented to the Entertainment Commission due to the number of conflicted committee members.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Entertainment Permit for Xclamation Festival as outlined by

the City of Modesto Ordinance No. 3492-C.S. (Title 4, Article 4 of the Modesto Municipal Code).

BE IT FURTHER RESOLVED that the Permit Administrator is hereby authorized to execute the Special Event Entertainment Permit.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of July, 2015, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Lopez, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-244

A RESOLUTION APPROVING SUBMITTAL OF A REQUEST TO THE CALIFORNIA DEPARTMENT OF TRANSPORTATION (CALTRANS) FOR $87,963 IN FY 2014-15 FUNDS UNDER THE LOW CARBON TRANSIT OPERATIONS PROGRAM (LCTOP) FOR BUS STOP SHELTERS AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE ALL GRANT APPLICATION AND GRANT AGREEMENT DOCUMENTS

WHEREAS, Senate Bill 862 (2014), created the Low Carbon Transit Operations Program (LCTOP) and identified the California Department of Transportation as the administrating agency for LCTOP, and

WHEREAS, in Fiscal Year 2014-15 LCTOP appropriated $171,407 to the Stanislaus Council of Governments (StanCOG) for regional distribution to local transit agencies, and

WHEREAS, Stanislaus County transit has requested that the City of Modesto accept a transfer of $85,703 of the regional LCTOP funds that they were allocated but unable to use, and

WHEREAS, Stanislaus County transit has requested that the City of Modesto accept a transfer of $2,260 of the local LCTOP funds that they were allocated but unable to use, and

WHEREAS, StanCOG has concurred with the transfer of regional and local LCTOP funds, and

WHEREAS, Caltrans has concurred with the transfer of regional and local LCTOP funds, and

WHEREAS, the statutes related to state-funded transit projects require Modesto to abide by various regulations, and

WHEREAS, the California Department of Transportation has developed guidelines for the purpose of administering and distributing LCTOP funds to local agencies, and

WHEREAS, the City of Modesto is an eligible project sponsor and may receive state funding from LCTOP.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that Modesto agrees to comply with all conditions and requirements set forth by LCTOP.

BE IT FURTHER RESOLVED that the City Manager is authorized to execute all necessary grant documents with the California Department of Transportation on behalf of the City of Modesto.

BE IT FURTHER RESOLVED that the City Manager is authorized to designate the Director of Public Works to execute all grant application and grant agreement documents.

BE IT FURTHER RESOLVED that the City Manager is authorized to designate the Transit Manager to execute all grant application and grant agreement documents.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of July, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2015-246

RESOLUTION APPROVING A LEASE AGREEMENT BETWEEN THE CITY OF MODESTO AND DAVID E. KAMRAR AND CAROLE L. KAMRAR FOR LEASE OF THE PROPERTY LOCATED AT 121 ELM STREET, FOR A THREE-YEAR TERM, WITH TWO (2) ONE-YEAR EXTENSION OPTIONS, AT THE SOLE DISCRETION OF THE CITY; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the City of Modesto leases a 5,841 square foot commercial building located at 121 Elm Street in Modesto for use by the Building Services and Parking Services Divisions of the Public Works Department, and

WHEREAS, the lease expires on September 30, 2015, and

WHEREAS, staff desires to renew the lease for this property, and

WHEREAS, the lease will be for a three year term, with two one-year extension options commencing Oct 1, 2015, and

WHEREAS, the monthly rent is $1,725, with an annual increase of $.01 per square foot, and

WHEREAS, funds are budgeted in 5800-52110-53070, Rental of Real Property.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the lease agreement between the City of Modesto and David E. Kamrar and Carole L. Kamrar for the property located at 121 Elm Street.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of July, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-247

RESOLUTION AUTHORIZING SUBMISSION AND ACCEPTANCE OF A REQUEST TO THE CALIFORNIA DEPARTMENT OF TRANSPORTATION (CALTRANS) FOR $345,818 IN FY2014-15 FUNDS UNDER THE PUBLIC TRANSPORTATION MODERNIZATION, IMPROVEMENT AND SERVICE ENHANCEMENT ACCOUNT (PTMISEA) FOR TRANSIT CAPITAL PROJECTS, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE ALL GRANT APPLICATION AND GRANT AGREEMENT DOCUMENTS

WHEREAS, the Caltrans administered Public Transportation Modernization, Improvement, and Services Enhancement Account (PTMISEA) was a part of the comprehensive transportation bond investment package approved by the voters as Proposition 1B in the November 7, 2006 general election, and

WHEREAS, Senate Bill 88 (SB 88), enabling legislation for PTMISEA, was signed by the Governor and chaptered into law on August 24, 2007, and

WHEREAS, the California State Controller's office has made available to the City of Modesto $345,818 in GC 8879.55 (a) (3) funds, and

WHEREAS, the City of Modesto has identified purchasing TRIM stripe units to install on existing fareboxes as a priority for Fiscal Year 2014-15 PTMISEA funding.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes submission and acceptance of a grant from Caltrans for a total of $345,818 in FY 2014-15 under PTMISEA funds for transit capital projects.

BE IT FURTHER RESOLVED that the City Manager, is authorized to execute all necessary grant documents with the Department of Transportation on behalf of the City of Modesto.

BE IT FURTHER RESOLVED that the City Manager may designate the Director of Public Works to execute all grant application and grant agreement documents.

BE IT FURTHER RESOLVED that the City Manager may designate the Transit Manager to execute all grant application and grant agreement documents.

RESOLUTION NO. 2015-248

RESOLUTION AUTHORIZING ACCEPTANCE OF $2,308,078 IN FY2014-15 REGIONAL GRANT FUNDS FROM THE CALIFORNIA DEPARTMENT OF TRANSPORTATION (CALTRANS) UNDER THE PUBLIC TRANSPORTATION MODERNIZATION, IMPROVEMENT AND SERVICE ENHANCEMENT ACCOUNT (PTMISEA) FOR TRANSIT CAPITAL PROJECTS AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE ALL GRANT APPLICATION AND GRANT AGREEMENT DOCUMENTS

WHEREAS, the Caltrans administered Public Transportation Modernization, Improvement, and Services Enhancement Account (PTMISEA) was a part of the comprehensive transportation bond investment package approved by the voters as Proposition 1B in the November 7, 2006 general election, and

WHEREAS, Senate Bill 88 (SB 88), enabling legislation for PTMISEA, was signed by the Governor and chaptered into law on August 24, 2007, and

WHEREAS, the Stanislaus Council of Governments (StanCOG) is the designated recipient for regional funds under GC 8879.55 (a)(2), and

WHEREAS, the StanCOG Policy Board passed a resolution November 20, 2014, designating $2,308,078 of the Fiscal Year 2014-15 regional PTMISEA funds to the City of Modesto for transit capital projects, and

WHEREAS, the City of Modesto has identified three (3) projects as priorities for Fiscal Year 2014-15 PTMISEA funding, and

WHEREAS, refurbishing 1998, 2001 and 2003 fixed route buses; purchasing GFI TRIM units to install on existing fareboxes; and, purchasing replacement buses are the City of Modesto's three (3) priority PTMISEA projects.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes acceptance of three (3) grants from Caltrans for a total of $2,308,078 in FY 2014-15 under PTMISEA funds for transit capital projects.

BE IT FURTHER RESOLVED that the City Manager, is authorized to execute all necessary grant documents with the Department of Transportation on behalf of the City of Modesto.

BE IT FURTHER RESOLVED that the City Manager, or his designee, may designate the Director of Public Works to execute all grant application and grant agreement documents.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-249

RESOLUTION APPROVING A TRANSFER OF AUTHORITY FROM CITY ENGINEER TO DIRECTOR OF PUBLIC WORKS, OR HIS DESIGNEE, TO ISSUE CHANGES IN THE CONSTRUCTION CONTRACT VIA WRITTEN CHANGE ORDERS FOR THE STATE ROUTE 99 / PELANDALE AVENUE INTERCHANGE RECONSTRUCTION PROJECT, THE COMBINED VALUE OF THE CHANGE ORDERS NOT TO EXCEED SIX PERCENT (6%) OF THE ORIGINAL CONTRACT PRICE

WHEREAS, on February 25, 2014, City Council approved resolution No. 2014-72 authorizing the City Engineer to issue changes in the construction contract via written change orders for the State Route 99 / Pelandale Avenue Interchange Reconstruction Project, and

WHEREAS, on June 9, 2014, the City Engineer was named Acting Director of Public Works, and

WHEREAS, the position of City Engineer is allocated within the Community & Economic Development Department, and

WHEREAS, prior to the appointment, the City Engineer was the project manager over the State Route 99 / Pelandale Avenue Interchange Reconstruction Project, and

WHEREAS, In January 2015, the Engineering Design Division of the Community & Economic Development Department moved to the Public Works Department as part of a City wide reorganization, and

WHEREAS, with the move, the several CIP projects that originated in the Community & Economic Development Department transferred to the Public Works Department, which included the State Route 99 / Pelandale Avenue Interchange Reconstruction Project, and

WHEREAS, when the City Engineer was named the Acting Public Works Director, the role of project manager of the State Route 99 / Pelandale Avenue Interchange Reconstruction Project transferred from the Community & Economic Development Department to the Public Works Department, and

WHEREAS, due to the scope, size, and inherent nature of this type of construction project and that the Project Manager is now the Director of Public Works.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes a transfer from City Engineer to Director of Public Works to issue changes in the construction contract via written changes orders for the State Route 99 / Pelandale Avenue Interchange Reconstruction Project, the combined value of the change orders not to exceed six (6%) percent of the original contract with Teichert / MCM, A Joint Venture, Fowler California.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of July, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-250

RESOLUTION ACCEPTING THE SUTTER TREATMENT FACILITY FEASIBILITY STUDY AND DIRECTING STAFF TO INCORPORATE THE SUTTER TREATMENT FACILITY FEASIBILITY STUDY'S FINDINGS INTO THE DEVELOPMENT OF THE 2016 WASTEWATER MASTER PLAN THAT IS CURRENTLY IN PROGRESS

WHEREAS, on May 6, 2014 City Council, by Resolution No. 2014-166, approved an Agreement with Carollo Engineers, Inc. to conduct the Sutter Treatment Facility Feasibility Study (Feasibility Study) to thoroughly evaluate the advantages and disadvantages of maintaining the Primary Treatment Facilities at the Sutter Avenue site or relocating them to the Jennings Road site, and

WHEREAS, the two main reasons for conducting the Feasibility Study were: 1) The age, condition, and service reliability of many of the existing Sutter Plant Facilities (i.e., clarifiers, anaerobic digesters, and the solids handling facilities); and 2) the fact that significant portions of the Sutter Plant are within the 100-year flood plain of the Tuolumne River and the desire to eliminate any future facility shut-downs due to flooding. A provision in one of the City's discharge permits states that "treatment facilities shall be designed, constructed, operated, and maintained to prevent inundation or washout due to floods with a 100-year return frequency", and

WHEREAS, based on an extensive evaluation of all of the major factors involved in determining the feasibility of such a potential relocation, staff believes it is in the City's best long-term interests to relocate portions of the Primary Treatment Facilities from the Sutter Avenue site to the Jennings Road site, with the key reasons being as follows: 1) Flooding is a great concern, as demonstrated by several major floods of the Sutter Avenue site; one in 1950, another in 1955, and the most recent in 1997, where the

entire property was inundated and staff had to abandon and shut down the plant for several days; 2) Some of the existing facilities are inefficient and over 60-years old and, as related to reliable service, are in need of replacement, significant rehabilitation, or are located in the floodway/flood plain. Some of these facilities have been repaired numerous times over the years and have become a treatment process liability because of their undependability; 3) The Sutter Avenue site has very little land available for immediate expansion or long-term growth due to residential development to the north, Dryden Golf Course to the east, Tuolumne River to the South, and the Tuolumne River Regional Park to the west; 4) Continuing to provide Primary Treatment and solids handling at the Sutter Avenue site in the current manner may have adverse environmental justice consequences stemming from potential impacts (i.e., odor, noise of daily hauling of solids, etc.) on the adjacent residential neighborhoods to the north of the property; 5) Moving the Primary Treatment Facilities next to Secondary and Tertiary Treatment Facilities at Jennings Road, will increase the efficiency of treatment and disposal processes; along with optimizing coordination efforts for day to day operations and maintenance of the treatment facilities; 6) The estimated capital cost to upgrade the existing Primary Treatment Facilities and provide flood protection to the Sutter Avenue site is $129 million; whereas, the estimated cost to relocate those facilities to the Jennings Road site is $100 million (this does not include the approximate annual $1.3 million in higher operation and maintenance costs to remain at the Sutter Avenue site verses moving to the Jennings Road site), and

WHEREAS, on June 22, 2015, the Finance Committee recommended forwarding this item to City Council for consideration,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it has reviewed and hereby accepts the Sutter Treatment Facility Feasibility Study and directs staff to incorporate the Sutter Treatment Facility Feasibility Study's findings into the development of the 2016 Wastewater Master Plan that is currently in progress.

RESOLUTION NO. 2015-252

RESOLUTION APPROVING A BLANKET WILL SERVE LETTER FOR 48 PARCELS IN THE AIRPORT NEIGHBORHOOD ADJACENT TO THE RECENTLY COMPLETED PHASE 1 SEWER IMPROVEMENTS, ALLOWING CONNECTION TO THE CITY OF MODESTO'S EXISTING SANITARY SEWER SYSTEM, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO APPROVE THE WILL-SERVE LETTER

WHEREAS, the Airport Neighborhood is an unincorporated, disadvantaged community located on the southeast side of the City of Modesto with 481 parcels that rely on septic systems for treatment of sewage, and

WHEREAS, the Airport Neighborhood's septic systems are failing and pose a threat to public health and groundwater, and

WHEREAS, the City owns and operates a sanitary sewer system adjacent to the Airport Neighborhood and is prepared to provide sewer services to the Airport Neighborhood, and

WHEREAS, on December 13, 2011, the City Council, by Resolution No. 2011-477, approved a Memorandum of Agreement with the County for City engineering staff to provide sewer design services for the project, and

WHEREAS, the Agreement required that Stanislaus County Public Works Department construct the Airport Neighborhood sewer improvements to City Standards, and

WHEREAS, on August 29, 2012, City staff completed and submitted the plans and specifications to the County, and

WHEREAS, a Measure M Sewer Advisory Vote was approved to allow City sewer extension in the Airport Community, and

WHEREAS, on September 9, 2014, the City Council, by Resolution No. 2014-376, approved a Memorandum of Agreement with the County for City staff to provide engineering design support services during construction of Phase 1 of the Airport Neighborhood Sewer Improvement Project along Kerr Avenue from Oregon Drive to Paige Court and will serve 48 parcels, and

WHEREAS, per the Agreement, the County is to transfer ownership of sewer improvements upon Notice of Completion filed by the County and upon inspection and approval by the City, and

WHEREAS, the Phase 1 sewer improvements have been constructed and are ready to be serviced by the City, and

WHEREAS, residences of the 48 parcels will be allowed to connect to the City's sewer system, and

WHEREAS, the property owner will be required to pay connection fees and enter into an outside Service Agreement for their property,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Blanket Will Serve letter for 48 parcels in the Airport Neighborhood adjacent to the recently completed Phase 1 Sewer Improvements and allows connection to the City of Modesto's existing sanitary sewer system.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to approve the Will Serve letter.

The foregoing documents were introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of July, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Madrigal, Zoslocki, Mayor Marsh

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-253

RESOLUTION APPROVING THE PLANS AND SPECIFICATIONS FOR THE 2014 HUD CURB RAMP AND STORM DRAIN IMPROVEMENTS PROJECT, ACCEPTING THE BID, AND APPROVING A CONTRACT WITH GEORGE REED, INC., OF MODESTO, CALIFORNIA IN THE AMOUNT OF $842,092, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE CONTRACT

WHEREAS, plans and specifications have been prepared for the 2014 HUD Curb Ramp and Storm Drain Improvements Project, and City staff recommends approval by the City Council, and

WHEREAS, the bids received for the 2014 HUD Curb Ramp and Storm Drain Improvements Project were for the consideration of the Council, and

WHEREAS, the Director of Utilities has recommended that the bid of $842,092 received from George Reed, Inc., of Modesto, California be accepted as the lowest responsible and responsive bid and the contract be awarded to George Reed, Inc.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the plans and specifications for the 2014 HUD Curb Ramp and Storm Drain Improvements Project, accepts the bid of George Reed, Inc., of Modesto, California in the amount of $842,092, and awards Gateway Pacific Contractors, Inc. the contract for the 2014 HUD Curb Ramp and Storm Drain Improvements Project.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of July, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-254

RESOLUTION AMENDING THE FISCAL YEAR 2015-2016 CAPITAL IMPROVEMENT PROGRAM BUDGET IN THE AMOUNT OF $370,196 TO BE TRANSFERRED INTO THE PROJECT FROM WASTEWATER FUND RESERVES IN ORDER TO FULLY FUND THE CONSTRUCTION, CONTINGENCY, CONSTRUCTION ADMINISTRATION, AND DESIGN SUPPORT DURING CONSTRUCTION FOR THE 2014 HUD CURB RAMP AND STORM DRAIN IMPROVEMENTS PROJECT

WHEREAS, certain budgetary transactions are necessary in the amount of **$370,196**, in order to fund construction, contingency, construction administration, design support during construction, including engineering/design/administration support by City staff, for the 2014 HUD Curb Ramp and Storm Drain Improvements Project, and

WHEREAS, the Fiscal Year 2015-2016 Capital Improvement Program Budget must be amended as shown in **Exhibit A**, which is incorporated by reference herein,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the amendment of the Fiscal Year 2015-2016 Capital Improvement Program Budget as shown in **Exhibit A**.

BE IT FURTHER RESOLVED that the Director of Finance, or her designee, is hereby authorized to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of July, 2015, by Councilmember Lopez who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

Exhibit A

Due to bid costs being higher than initially budgeted for construction, construction administration, contingency and engineering/design/administration costs for CIP Account #100777 "E Street SD Cross Connection", the total project costs need to be increased by $370,196. This would be done by adjusting Construction by $292,180, Construction Administration by $35,062, Contingency-CIP by $29,218, and Engineering/Design/Administration by $13,736.

To fund the above account, $370,196 will be transferred from Wastewater Fund Reserves into CIP Project 10077 for the wastewater cost share of the 2014 HUD Curb Ramp and Storm Drain Improvement Project.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-255

RESOLUTION APPROVING AN EXEMPTION FOR THE HOUSE MODESTO CHURCH SPORTS AND RECREATION FIELD FROM STAGE II DROUGHT CONTINGENCY PLAN REQUIREMENTS IN THE INTEREST AND CONCERN OF PROVIDING FOR THE HEALTH AND SAFETY OF THE USERS

WHEREAS, California is in currently entering the fourth consecutive year of drought conditions and most of the state, including the watershed that provides the City of Modesto's water supply, is experiencing exception drought conditions, and

WHEREAS, on May 1, 2015 the Modesto City Council approved changes to the Drought Contingency Plan and implemented State II water conservation requirements, and

WHEREAS, the Stage II requirements limit watering of turf to twice weekly before 9:00 a.m. and after 7:00 p.m., and

WHEREAS, on May 26, 2015 the Modesto City Council approved exemptions to the Stage II requirements for community sports and recreation fields owned by the City, and

WHEREAS, The House Modesto Church (The House) has requested a similar exemption for its sports and recreation field, and

WHEREAS, based on the water conservation practices that The House has already implemented, staff recommended the following exemptions be granted to The House:

> For The House sport field, apply sufficient irrigation water as necessary to maintain a safe turf playing surface. Allow to irrigate as required to maintain a safe condition. Install "compliance" signs as per City guidance.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an exemption for The House Modesto Church sports and recreation field from Stage II Drought Contingency Plan requirements in the interest and concern of providing for the health and safety of the users.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of July, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-256

RESOLUTION APPROVING AN AGREEMENT WITH BARTLE WELLS ASSOCIATES FOR THE PREPARATION OF THE WATER RATE AND FEE STUDY IN AN AMOUNT NOT TO EXCEED $109,560 FOR THE IDENTIFIED SCOPE OF SERVICES, PLUS $11,440 FOR ADDITIONAL SERVICES (IF NEEDED), FOR A MAXIMUM TOTAL AMOUNT OF $121,000, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the City of Modesto currently provides water service to over 74,000 water service connections in Modesto, Salida, Grayson, Del Rio, Empire, and parts of Ceres and Turlock; and

WHEREAS, the City had previously adopted water rates in 2004 and 2005 respectively; and

WHEREAS, due to the water supply impacts of the 4th year of drought, the City Council, by Resolution 2015-134, implemented a Stage II Drought Contingency Plan on April 28, 2015 in order to comply with the State Emergency Water Conservation Regulations that require a 36% reduction in water use for Modesto in 2015 compared to 2014; and

WHEREAS, a reduction in Water Fund revenues has resulted from conservation efforts because most of the City's water customers are metered accounts, and the fund has experienced a 6.3% reduction in revenue in March 2015 compared to March 2014; and

WHEREAS, this reduction in revenues is compounded by not implementing an annual Consumer Price Index rate adjustment to the Water Fund; and

WHEREAS, there have also been increases in the City's water operations costs as a result of increased groundwater pumping due to reductions of surface water, and

conducting state-mandated studies that have put pressure on the City's Water Fund bond coverage requirements; and

WHEREAS, although the legal requirement for the Debt Service coverage ratio is 1.25, the City has adopted a policy to maintain a 1.50 ratio and actions have been taken to prevent a projected debt coverage ratio of falling below 1.25, which is below the bond covenant requirements; and

WHEREAS, due to the reduction in water sales revenue, anticipated water supply projects, increased operating costs, and system changes, the current water rate structure will not adequately fund operating expenditures, capital improvement and maintenance needs, or issuance of bonds in the future; and

WHEREAS, on May 12, 2015, the City Council, by Resolution 2015-156, approved Staff's request to negotiate an agreement with Bartle Wells Associates (BWA) to conduct a new water rate and fee study; and

WHEREAS, staff reviewed and concurred with BWA's proposed scope of work and recommended approval of this agreement; and

WHEREAS, this effort will be conducted in parallel with the ongoing Water Master Plan, which will identify all required water system improvement projects to meet both current and future growth demands and projected regulatory requirements, and will be incorporated in to the water rate and fee study; and

WHEREAS, a new Proposition 218 vote is needed before any additional Water Rate adjustments can be implemented.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement with Bartle Wells Associates for the preparation of the Water Rate and Fee Study in an amount not to exceed $109,560 for the identified scope of services, plus $11,440 for additional services (if needed), for a maximum total amount of $121,000.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of July, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-257

RESOLUTION APPROVING THE PLANS AND SPECIFICATIONS FOR THE COLLECTOR AND ARTERIAL REHABILITATION PROJECT, ACCEPTING THE BID, AND APPROVING A CONTRACT WITH VSS INTERNATIONAL, INC., OF WEST SACRAMENTO, CALIFORNIA IN THE AMOUNT OF $1,489,323.10 AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE CONTRACT

WHEREAS, plans and specifications have been prepared for the Collector and Arterial Rehabilitation Project and City staff recommends approval by the City Council, and

WHEREAS, the bids received for the Collector and Arterial Rehabilitation Project, were opened at 11:00 a.m. on June 16, 2015, and later tabulated by the Director of Community and Economic Development for the consideration of the Council, and

WHEREAS, the Director of Community and Economic Development has recommended that the bid of $1,489,323.10 received from VSS International, Inc. of West Sacramento, California, be accepted as the lowest responsive and responsible bid and the contract be awarded to VSS International, Inc.,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the plans and specifications for the Collector and Arterial Rehabilitation Project, accepts the bid of VSS International, Inc. of West Sacramento, California, in the amount of $1,489,323.10, and awards VSS International, Inc. the contract for the Collector and Arterial Rehabilitation Project.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-259

RESOLUTION APPROVING AN AGREEMENT WITH CONSOLIDATED CM FOR CONSTRUCTION MANAGEMENT SERVICES FOR THE DOWNSTREAM WATER SYSTEM IMPROVEMENTS-TIER 1 NORTH TANK 11 AND PUMP STATION PROJECT IN AN AMOUNT NOT TO EXCEED $1,278,853.29 FOR THE IDENTIFIED SCOPE OF SERVICES, PLUS $127,885.00 FOR ADDITIONAL SERVICES (IF NEEDED), FOR A MAXIMUM TOTAL AMOUNT OF $1,406,738.29, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, this project will construct a 6 million gallons water storage reservoir and an 18 million gallon per day booster pump station to increase service reliability of the City of Modesto's water system as part of the Tier I Downstream Water System Improvements identified in the 2010 Water System Engineer's Report, and

WHEREAS, the project is located on 6.3 acres located at the corner of Bangs Avenue and Tully Road, and

WHEREAS, due to the scope and complex nature of this project, staff recommends utilizing a consultant to provide Construction Management Services for the anticipated 16 month construction phase, and

WHEREAS, in accordance with City Administrative Directive 3.1, Selection Procedures for Professional Consultants Who Provide Architectural & Engineering Services for Capital Projects, a Request for Qualifications (RFQ) was issued to both local and non-local firms for Construction Management and Inspection Services for this project, and

WHEREAS, staff received five Statements of Qualifications (SOQs) and issued a Request for Proposal (RFP) to the top four qualified firms, and

WHEREAS, Consolidated CM (CCM) was selected as the most qualified firm for the North Tank 11 and Pump Station project, and

WHEREAS, CCM has experience with this type of tank and pump station project and has successfully provided similar construction management services on a previous City project, and

WHEREAS, CCM will be the main point of contact for all construction activities and reporting during this project, and

WHEREAS, therefore, City staff recommends approving an agreement with CCM for construction management services,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement with Consolidated CM for Construction Management Services for the Downstream Water System Improvements-Tier 1 North Tank 11 and Pump Station project in an amount not to exceed $1,278,853.29 for the identified scope of services, plus $127,885.00 for additional services (if needed), for a maximum total amount of $1,406,738.29.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of July, 2015, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-260

RESOLUTION APPROVING AN AGREEMENT WITH WEST YOST ASSOCIATES, INC. FOR DESIGN SUPPORT DURING CONSTRUCTION FOR THE DOWNSTREAM WATER SYSTEM IMPROVEMENTS-TIER 1 NORTH TANK 11 AND PUMP STATION PROJECT IN AN AMOUNT NOT TO EXCEED $233,055 FOR THE IDENTIFIED SCOPE OF SERVICES, PLUS $23,306 FOR ADDITIONAL SERVICES (IF NEEDED), FOR A MAXIMUM TOTAL AMOUNT OF $256,361, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, this project will construct a 6 million gallons water storage reservoir and an 18 million gallon per day booster pump station to increase service reliability of the City of Modesto's water system as part of the Tier I Downstream Water System Improvements identified in the 2010 Water System Engineer's Report, and

WHEREAS, the project is located on 6.3 acres located at the corner of Bangs Avenue and Tully Road, and

WHEREAS, West Yost Associates, Inc. (West Yost) is the design engineering consultant for the Downstream Water System Improvements Tier 1 North Tank 11 and Pump Station project, and

WHEREAS, due to the size and complexity of the project, construction support services from West Yost are required to facilitate construction activities and promote timely and successful completion of the, and

WHEREAS, the scope of services for the Design Support During Construction (DSDC) agreement include: 1) Project Administration; 2) Construction Progress Meetings; 3) Respond to Requests for Information (RFIs); 4) Submittal Reviews; 5) Project Changes / Change Orders; 6) Commissioning and Start Up; and 7) Record Drawings, and

WHEREAS, therefore, City staff recommends approving an agreement with West Yost Associates, Inc. for Design Support During Construction for the Downstream Water System Improvements-Tier 1 North Tank 11 and Pump Station project,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement with West Yost Associates, Inc. for Design Support During Construction for the Downstream Water System Improvements-Tier 1 North Tank 11 and Pump Station project in an amount not to exceed $233,055 for the identified scope of services, plus $23,306 for additional services (if needed), for a maximum total amount of $256,361.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of July, 2015, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2015-261

RESOLUTION AMENDING THE FISCAL YEAR 2015-2016 CAPITAL IMPROVEMENT PROGRAM BUDGET IN THE AMOUNT OF $431,317 TO BE TRANSFERRED INTO THE PROJECT FROM WATER FUND RESERVES IN ORDER TO FULLY FUND THE CONSTRUCTION, CONTINGENCY, CONSTRUCTION ADMINISTRATION, CITY CONSTRUCTION FORCES, AND DESIGN SUPPORT DURING CONSTRUCTION FOR THE DOWNSTREAM SYSTEM WATER IMPROVEMENTS-TIER 1 NORTH TANK 11 AND PUMP STATION PROJECT

WHEREAS, certain budgetary transactions are necessary in the amount of **$431,317**, in order to fund construction, contingency, construction administration, City construction forces, design support during construction, including engineering/design/administration support by City staff, for the Downstream Water System Water Improvements-Tier 1 North Tank 11 and Pump Station project, and

WHEREAS, the Fiscal Year 2015-2016 Capital Improvement Program Budget must be amended as shown in **Exhibit A**, which is incorporated by reference herein,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the amendment of the Fiscal Year 2015-2016 Capital Improvement Program Budget as shown in **Exhibit A**.

BE IT FURTHER RESOLVED that the Director of Finance, or her designee, is hereby authorized to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of July, 2015, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

ADAM U. LINDGREN, City Attorney

Exhibit A

Due to bid costs being higher than initially budgeted for the project, line item decrease/increases are necessary for CIP Account #100481 "DSI Tier 1 North Tank", and the total project costs need to be increased by $431,317. This would be done by adjusting Construction by <$518,050>, Construction Administration by $350,820, Contingency-CIP by $175,916, Engineering/Design/Administration by $419,131, and Land Acquisition by $3,500.

To fund the above account, $431,317 will be transferred from Water Fund Reserves into CIP Project 100481 for the Downstream Water System Improvements-Tier 1 North Tank 11 and Pump Station project.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-262

RESOLUTION APPROVING AN AMENDMENT TO THE CIRCULATION ELEMENT OF THE MODESTO URBAN AREA GENERAL PLAN TO REMOVE THE MINOR COLLECTOR STREET DESIGNATION FROM S. SANTA ROSA AVENUE, AND OREGON DRIVE WEST OF S. SANTA CRUZ AVENUE. (E&J GALLO WINERY)

WHEREAS, on October 14, 2008, the City Council of the City of Modesto certified the Final Master Environmental Impact Report ("Master EIR") (SCH No. 2007072023) for the Modesto Urban Area General Plan, and

WHEREAS, a new General Plan for the City of Modesto entitled "City of Modesto Urban Area General Plan", as recommended by the Modesto City Planning Commission, was adopted by the Council of the City of Modesto by Resolution No. 95-409 on August 15, 1995, and

WHEREAS, said General Plan has been amended by Modesto City Council Resolution Nos. 95-584, 96-20, 96-338, 96-639, 97-3, 97-137, 97-158, 98-293, 99-162, 99-564, 2000-303, 2000-633, 2001-47, 2001-476, 2002-154, 2002-526, 2003-101, 2003-122, 2004-233, 2005-70, 2007-066, 2007-599, 2008-142, 2008-583, 2009-419, 2011-253, 2011-254, 2011-435, 2012-430, 2014-17 and 2014-422, copies of which are on file in the office of the City Clerk, and

WHEREAS, on October 14, 2008, the City Council of the City of Modesto certified the Final Master Environmental Impact Report ("Master EIR") (SCH No. 2007072023) for the Modesto Urban Area General Plan that was amended by Modesto City Council Resolution No. 2008-583, and

WHEREAS, Government Code Section 65358 permits the amendment of General Plans by the legislative body, and

WHEREAS, the E&J Gallo Winery has applied for an amendment to the General Plan to remove the Minor Collector Street designation from S. Santa Rosa Avenue, and Oregon Drive west of S. Santa Cruz Avenue from the Circulation Element, and

WHEREAS, the Community & Economic Development Department has analyzed the proposed amendment compared to the adopted General Plan, and

WHEREAS, the City of Modesto prepared an Initial Study (Environmental Assessment C&ED/EA 2015-05) that evaluated the environmental impacts of the project, and based on the Initial Study conclusion that there would not be any significant impacts on the environment, a Negative Declaration has been prepared for the project, and

WHEREAS, on June 1, 2015, the Planning Commission held a duly noticed public hearing in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, relating to this proposed amendment to the Modesto Urban Area General Plan to remove the Minor Collector Street designation from S. Santa Rosa Avenue, and Oregon Drive west of S. Santa Cruz Avenue from the Circulation Element, and

WHEREAS, after said public hearing, the Planning Commission adopted Resolution No. 2015-15, recommending to the City Council an amendment to the Modesto Urban Area General Plan to remove the Minor Collector Street designation from S. Santa Rosa Avenue, and Oregon Drive west of S. Santa Cruz Avenue from the Circulation Element, and

WHEREAS, said matter was set for a public hearing of the City Council to be held on July 14, 2015, in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which date and time said duly noticed public hearing of the Council was held for the purpose of receiving public comment on the proposed

amendment to the Modesto Urban Area General Plan to remove the Minor Collector Street designation from S. Santa Rosa Avenue, and Oregon Drive west of S. Santa Cruz Avenue from the Circulation Element.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby finds and determines as follows:

1. The proposed amendment to the Circulation Element of the General Plan will reflect the current status of S. Santa Rosa Avenue south of Mono Drive, and Oregon Drive west of S. Santa Cruz Avenue, as these roadway segments have been previously abandoned and are in use as private drives within the E&J Gallo Winery campus.

2. The proposed General Plan Amendment would also reflect that S. Santa Rosa Avenue does not meet the criteria for a minor collector facility, as it primarily serves as a local street and an access street to the E&J Gallo Winery campus.

3. An Initial Study, Environmental Assessment No. EA/C&ED 2015-05, was prepared by the City of Modesto that analyzed the proposed project and determined that, on the basis of the whole record before it there is no substantial evidence that the project will have a significant effect on the environment, and that a Negative Declaration be adopted.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby adopts the proposed amendment to the Urban Area General Plan as described in **Exhibit "A", attached** hereto and incorporated herein by reference.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the General Plan Amendment action under this resolution does not include the abandonment of any public roads such as South Santa Rosa Avenue. The abandonment, if any, of public roads such as South Santa Rosa Avenue shall be addressed by the City under separate action.

BE IT FURTHER RESOLVED that the project applicant shall indemnify, defend, and hold harmless the City of Modesto, its agents, officers, and employees from any and

all claims, actions, or proceedings against the City of Modesto, its agents, officers, and employees to attack, set aside, void, or annul, any approval by the City of Modesto and its advisory agency, appeal board, or a legislative body concerning a general plan amendment for the Project and related files (File No.GPA-14-003 and ABD-14-002). The City of Modesto shall promptly notify the applicant of any claim, action, or proceeding and shall cooperate fully in the defense. If the City fails to do so, the applicant shall not thereafter be responsible to defend, indemnify, or hold City harmless.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community and Economic Development Department Director is hereby authorized and directed to forward certified copies of this resolution and said amendment to the Urban Area General Plan to the Board of Supervisors, and file a Notice of Determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of July, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Madrigal, Zoslocki, Mayor Marsh
NOES:	Councilmembers:	None

RESOLUTION NO. 2015-263

Print

A RESOLUTION ABANDONING AN 87.5-FOOT SEGMENT OF THE ALLEY LOCATED WITHIN BLOCK 3 OF THE DEL ESTE SUBDIVISION, LOCATED EAST OF S. SANTA ROSA AVENUE, AND RESERVING A PUBLIC UTILITY EASEMENT WITHIN THE SUBJECT ALLEY RIGHT-OF-WAY (E&J GALLO WINERY)

WHEREAS, a verified application by the E & J Gallo Winery requesting the full abandonment of Grand Street east of South Morton Boulevard was received by the City of Modesto on November 4, 2014, a copy of which is **attached** hereto as **Exhibit A**, and incorporated herein by reference, and

WHEREAS, California Streets and Highways Code Section 8320 et seq. prescribes the procedures to vacate public right-of-way, and

WHEREAS, a title report was submitted with the vacation request which discloses that fee title of the alley right-of-way is vested in the adjacent property owner, being E & J Gallo Winery, the proponent of the vacation, and

WHEREAS, the proposed vacation has been reviewed by affected City departments and local utility companies, and no objection to the proposed vacation has been received, and

WHEREAS, Government Code Section 65402(a) requires that prior to vacating a public right-of-way, the Planning Commission shall make a determination as to whether the vacation is consistent with the General Plan, and

WHEREAS, a hearing was held by the Planning Commission on June 1, 2015, in the Tenth Street Chambers, located at 1010 Tenth Street, Modesto, California, at which hearing evidence both oral and documentary was received and considered regarding

whether the proposed vacation conforms to the City's Urban Area General Plan and is appropriate, and

WHEREAS, by Planning Commission Resolution No. 2015-16, the Planning Commission rendered a report finding that the proposed vacation is in conformance with the Modesto Urban Area General Plan and is appropriate, and

WHEREAS, a duly noticed public hearing was held by the Council of the City of Modesto on Tuesday, July 14, 2015, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, and

WHEREAS, notices no more than 300 feet apart were posted along the line of the proposed right-of-way to be vacated for two successive weeks prior to the hearing, and notice was published in the Modesto Bee for two successive weeks prior to the hearing, per California Streets & Highways Code Sections 8323 and 8322, respectively, and,

WHEREAS, all things and acts necessary to be done as required by California Streets and Highways Code Sections 8300 through 8363: Public Streets, Highways and Service Easements Vacation Law, in order to vacate the subject right-of-way have been done and accomplished,

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto finds and determines as follows:

1. The alley to be abandoned is not necessary to serve present or future traffic needs in the area.
2. The alley vacation will provide for the development of a new parking area for the E&J Gallo Winery.
3. The alley vacation is not inconsistent with the General Plan as there is no policy or requirement for alleys in the General Plan.
4. An Initial Study, Environmental Assessment No. EA/C&ED 2015-05, was prepared by the City of Modesto that analyzed the proposed project and determined that, on the basis of the whole record before it there is no

substantial evidence that the project will have a significant effect on the environment, and that a Negative Declaration be adopted.

BE IT FURTHER RESOLVED that the Council hereby orders and declares the vacation of the alley located within Block 3 of the Del Este Subdivision located east of S. Santa Rosa Avenue as described in **Exhibit** "A" and depicted in **Exhibit** "B" **attached** hereto, and by this reference made a part hereof as though set forth in full herein.

BE IT FURTHER RESOLVED that the Council hereby approves the reservation of a public utility easement within the full 20-foot width of the alley at minimum as described in **Exhibit** "C" and depicted in **Exhibit** "D", **attached** hereto, and by this reference made a part hereof as though set forth in full herein.

BE IT FURTHER RESOLVED that the project applicant shall indemnify, defend, and hold harmless the City of Modesto, its agents, officers, and employees from any and all claims, actions, or proceedings against the City of Modesto, its agents, officers, and employees to attack, set aside, void, or annul, any approval by the City of Modesto and its advisory agency, appeal board, or a legislative body concerning an alley abandonment (File No. ABD-14-002), and related files. The City of Modesto shall promptly notify the applicant of any claim, action, or proceeding and shall cooperate fully in the defense. If the City fails to do so, the applicant shall not thereafter be responsible to defend, indemnify, or hold City harmless.

BE IT FURTHER RESOLVED that the City Clerk shall hold this resolution until all conditions specified herein have been fully satisfied to the satisfaction of the City Engineer or City's Community and Economic Director and not less than five (5) working days after said conditions have been fully satisfied, the City Clerk shall cause a certified

copy of this resolution, attested under seal of the City, to be recorded in the Office of the Recorder of the County of Stanislaus.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of July, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-264

A RESOLUTION ADOPTING A NEGATIVE DECLARATION FOR A GENERAL PLAN AMENDMENT TO REMOVE THE MINOR COLLECTOR STREET DESIGNATION OF S. SANTA ROSA AVENUE, AND OREGON DRIVE WEST OF S. SANTA CRUZ AVENUE FROM THE CIRCULATION ELEMENT, AND THE ABANDONMENT OF AN 87.5-FOOT SEGMENT OF THE ALLEY IN BLOCK 3 OF THE DEL ESTE SUBDIVISION, EAST OF S. SANTA ROSA AVENUE. (E&J GALLO WINERY)

WHEREAS, the E&J Gallo Winery has applied for a General Plan Amendment to remove the Minor Collector Street designation from S. Santa Rosa Avenue, and Oregon Drive west of S. Santa Cruz Avenue from the Circulation Element, and

WHEREAS, the applicant has also applied for the abandonment of an 87.5-foot segment of the alley located in Block 3 of the Del Este Subdivision, east of S. Santa Rosa Avenue, and

WHEREAS, Section 15070 of the CEQA Guidelines relating to Initial Study/ Negative Declaration provides for a lead agency to prepare an Initial Study on any proposed project to analyze whether the project may cause any significant effect on the environment, and

WHEREAS, the City of Modesto Department of Community and Economic Development has prepared an Initial Study/ Negative Declaration (EA/C&ED No. 2015-05) as provided for by CEQA, and

WHEREAS, a 20-day public review period for the proposed Initial Study/ Negative Declaration began on March 27, 2015, and ended on April 15, 2015, and

WHEREAS, the City received a public comment on the draft Initial Study/ Negative Declaration that warranted minor amendments to the document, of which did

not affect the Initial Study's conclusion that there would not be any significant impacts on the environment, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on July 14, 2015, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study, Environmental Assessment No. EA/C&ED 2015-05, a copy of which is **attached** hereto as **Exhibit** "A", and incorporated herein by reference, and based on the substantial evidence included in said Initial Study makes the following findings:

1. The Initial Study/Negative Declaration prepared for the proposed project shows there is no substantial evidence, in light of the whole record before the City, that the project may have significant environmental effects;
2. The Initial Study/Negative Declaration reflects the independent judgment of the lead agency;
3. The Initial Study, Environmental Assessment No. EA/C&ED 2015-05, provides the substantial evidence to support findings 1-2, noted above.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community & Economic Development Director is hereby authorized and directed to file a notice of approval or determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was adopted at a regular meeting of the Council of the City of Modesto held on the 14th day of July, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Madrigal, Zoslocki, Mayor Marsh

CEQA Environmental Checklist

PROJECT DESCRIPTION AND BACKGROUND

Project Title: ABD-14-001/GPA-14-003
General Plan Amendment to Remove the Minor Collector Street Designation of S. Santa Rosa Avenue and Oregon Drive from the Circulation Element, with Concurrent Abandonment of an Alley East of S. Santa Rosa Avenue

Lead agency name and address:
City of Modesto
1010 Tenth Street, Suite 3300
Modesto, CA 95354

Contact person and phone number:
Katharine Martin, Associate Planner
209-577-5465

Project Location:
S. Santa Rosa Avenue, south of Yosemite Boulevard/CA-132; and Oregon Drive, west of S. Santa Cruz Avenue; Modesto, Stanislaus County, CA.

Project applicant's name and address:
E&J Gallo Winery, 600 Yosemite Boulevard, Modesto, CA 95354

General plan description:
Industrial (I), Commercial (C) and Residential (R)

Zoning:
Light Industrial (M-1) and General Commercial (C-2)

Description of project:
Amendment of the Circulation Element of the City of Modesto Urban Area General Plan to remove the designation of Minor Collector Street from S. Santa Rosa Avenue and Oregon Drive. Streets proposed to be removed from the Circulation Element are shown on Map A, below.

Included with this project is a proposal to abandon an 87.5-foot portion of the alley directly east of S. Santa Rosa Avenue, as shown on Map B, below. The alley would be kept in its current configuration to be used as a drive aisle for a new winery-owned parking lot. Existing underground and overhead utilities will be protected by utility easements.

The proposed project is located at an existing winery within the Baseline Developed Area as described in the 2008 Urban Area General Plan. This Negative Declaration references and uses information from the 2008 Urban Area General Plan MEIR (SCH#2007072023).

Surrounding land uses and setting:
The area is industrial in use by the operations facilities, administrative buildings and parking areas of the E&J Gallo Winery. The winery's parking areas, production facilities and administrative support buildings lie on each side of the streets proposed to be removed from the Circulation Element.

S. Santa Rosa begins at Yosemite Boulevard/CA-132 at a signalized "T" intersection, and terminates at Mono Drive, approximately 950-feet to the south. A 1,600-foot segment of S. Santa Rosa Avenue, south of Mono Drive, was abandoned in 1989, and the roadway ends within the winery's facility. The segment of Oregon Drive to be removed from the Circulation Element, west of S. Santa Cruz Avenue as shown on the Circulation Element, was also abandoned in 1989, and is used as a private drive to winery operations buildings and parking areas. (See Stanislaus County Assessor's Map, below)

Commercial uses lie north and west of the alley segment to be abandoned. The area east and south of the alley segment is county unincorporated area zoned for industrial uses, with a winery operations building and properties under winery ownership slated for future parking needs.

Other public agencies whose approval is required (e.g. permits, financial approval, or participation agreements)**:**
None.

ENVIRONMENTAL FACTORS POTENTIALLY AFFECTED:

The environmental factors checked below would be potentially affected by this project. Please see the checklist beginning on page 3 for additional information.

☐	Aesthetics	☐	Agriculture and Forestry	☐	Air Quality
☐	Biological Resources	☐	Cultural Resources	☐	Geology/Soils
☐	Greenhouse Gas Emissions	☐	Hazards and Hazardous Materials	☐	Hydrology/Water Quality
☒	Land Use/Planning	☐	Mineral Resources	☐	Noise
☐	Population/Housing	☐	Public Services	☐	Recreation
☒	Transportation/Traffic	☒	Utilities/Service Systems	☐	Mandatory Findings of Significance

DETERMINATION:

On the basis of this initial evaluation:

☒	I find that the proposed project COULD NOT have a significant effect on the environment, and a NEGATIVE DECLARATION will be prepared.
☐	I find that although the proposed project could have a significant effect on the environment, there will not be a significant effect in this case because revisions in the project have been made by or agreed to by the project proponent. A MITIGATED NEGATIVE DECLARATION will be prepared.
☐	I find that the proposed project MAY have a significant effect on the environment, and an ENVIRONMENTAL IMPACT REPORT is required.
☐	I find that the proposed project MAY have a "potentially significant impact" or "potentially significant unless mitigated" impact on the environment, but at least one effect 1) has been adequately analyzed in an earlier document pursuant to applicable legal standards, and 2) has been addressed by mitigation measures based on the earlier analysis as described on attached sheets. An ENVIRONMENTAL IMPACT REPORT is required, but it must analyze only the effects that remain to be addressed.
☐	I find that although the proposed project could have a significant effect on the environment, because all potentially significant effects (a) have been analyzed adequately in an earlier EIR or NEGATIVE DECLARATION pursuant to applicable standards, and (b) have been avoided or mitigated pursuant to that earlier EIR or NEGATIVE DECLARATION, including revisions or mitigation measures that are imposed upon the proposed project, nothing further is required.

Signature: _____ **Date:** _____

Printed Name: _____

This checklist identifies physical, biological, social and economic factors that might be affected by the proposed project. In many cases, background studies performed in connection with the projects indicate no impacts. A NO IMPACT answer in the last column reflects this determination. Where there is a need for clarifying discussion, the discussion is included either following the applicable section of the checklist or is within the body of the environmental document itself. The words "significant" and "significance" used throughout the following checklist are related to CEQA, not NEPA, impacts. The questions in this form are intended to encourage the thoughtful assessment of impacts and do not represent thresholds of significance.

	Potentially Significant Impact	Less Than Significant with Mitigation	Less Than Significant Impact	No Impact
I. AESTHETICS: Would the project:				
a) Have a substantial adverse effect on a scenic vista	☐	☐	☐	☒
b) Substantially damage scenic resources, including, but not limited to, trees, rock outcroppings, and historic buildings within a state scenic highway	☐	☐	☐	☒
c) Substantially degrade the existing visual character or quality of the site and its surroundings?	☐	☐	☐	☒
d) Create a new source of substantial light or glare which would adversely affect day or nighttime views in the area?	☐	☐	☐	☒

Discussion

a) The project would have no effect on any scenic vistas, or restrict access to any scenic vistas, as the subject roadways terminate within the winery's facility and do not provide access to parks or vista areas.

b) The project would not damage scenic resources, or degrade the existing visual character or quality of the site.

c) The project would not create a new source of light or glare that would adversely affect day or nighttime views in the area.

Resource

See pages V-19-1 to V-19-9 in the 2008 Modesto Urban Area General Plan Master EIR (MEIR).

	Potentially Significant Impact	Less Than Significant with Mitigation	Less Than Significant Impact	No Impact

II. AGRICULTURE AND FOREST RESOURCES:
In determining whether impacts to agricultural resources are significant environmental effects, lead agencies may refer to the California Agricultural Land Evaluation and Site Assessment Model (1997) prepared by the California Dept. of Conservation as an optional model to use in assessing impacts on agriculture and farmland. In determining whether impacts to forest resources, including timberland, are significant environmental effects, lead agencies may refer to information compiled by the California Department of Forestry and Fire Protection regarding the state's inventory of forest land, including the Forest and Range Assessment Project and the Forest Legacy Assessment Project; and the forest carbon measurement methodology provided in Forest Protocols adopted by the California Air Resources Board. Would the project:

a) Convert Prime Farmland, Unique Farmland, or Farmland of Statewide Importance (Farmland), as shown on the maps prepared pursuant to the Farmland Mapping and Monitoring Program of the California Resources Agency, to non-agricultural use?	☐	☐	☐	☒
b) Conflict with existing zoning for agricultural use, or a Williamson Act contract?	☐	☐	☐	☒
c) Conflict with existing zoning for, or cause rezoning of, forest land (as defined in Public Resources Code section 12220(g)), timberland (as defined by Public Resources Code section 4526), or timberland zoned Timberland Production (as defined by Government Code section 51104(g))?	☐	☐	☐	☒
d) Result in the loss of forest land or conversion of forest land to non-forest use?	☐	☐	☐	☒
e) Involve other changes in the existing environment which, due to their location or nature, could result in conversion of Farmland, to non-agricultural use or conversion of forest land to non-forest use?	☐	☐	☐	☒

Discussion

a) As of data available from the California Department of Conservation in March of 2015, project area is categorized by the FMMP as Urban and Built-up Land, and therefore would not threaten to convert Prime Farmland, Unique Farmland or Farmland of Statewide Importance.

b) The area is not zoned for agricultural use, and no property adjacent to the site carries a Williamson Act contract.

c) The existing zoning of the area is General Commercial and Industrial. No timberland or forest zoning has been applied to the area and therefore would not be affected by the project.

d) The area is urbanized and therefore would not result in the loss or conversion of forest land.

e) The area surrounding the site is urbanized, and the project would not cause changes to the environment that would lead to the loss or conversion of farmland and/or forest land.

Resource

See pages V-4-1 to V-4-13 in the MIER.

	Potentially Significant Impact	Less Than Significant with Mitigation	Less Than Significant Impact	No Impact
III. AIR QUALITY: Where available, the significance criteria established by the applicable air quality management or air pollution control district may be relied upon to make the following determinations. Would the project:				
a) Conflict with or obstruct implementation of the applicable air quality plan?	☐	☐	☐	☒
b) Violate any air quality standard or contribute substantially to an existing or projected air quality violation?	☐	☐	☐	☒
c) Result in a cumulatively considerable net increase of any criteria pollutant for which the project region is non- attainment under an applicable federal or state ambient air quality standard (including releasing emissions which exceed quantitative thresholds for ozone precursors)?	☐	☐	☐	☒
d) Expose sensitive receptors to substantial pollutant concentrations?	☐	☐	☐	☒
e) Create objectionable odors affecting a substantial number of people?	☐	☐	☐	☒

Discussion

a) The proposed amendment to the Circulation Element and associated alley abandonment would not conflict with or obstruct implementation of an applicable air quality plan.

b) The project was referred to the San Joaquin Valley Air Pollution District (SJAPC), who indicated no concerns.

c-e) The current use of the subject streets are primarily by winery employee and operations traffic. One street, Oregon Drive, is already abandoned and is used exclusively by winery traffic. The removal of the two streets from the Circulation Element would not result in an increase of pollution, expose sensitive receptors to pollutant concentrations, or create objectionable odors.

Resource

See pages V-2-1 to V-2-29 in the MEIR.

	Potentially Significant Impact	Less Than Significant with Mitigation	Less Than Significant Impact	No Impact
IV. BIOLOGICAL RESOURCES: Would the project:				
a) Have a substantial adverse effect, either directly or through habitat modifications, on any species identified as a candidate, sensitive, or special status species in local or regional plans, policies, or regulations, or by the California Department of Fish and Game or U.S. Fish and Wildlife Service?	☐	☐	☐	☒
b) Have a substantial adverse effect on any riparian habitat or other sensitive natural community identified in local or regional plans, policies, regulations or by the California Department of Fish and Game or US Fish and Wildlife Service?	☐	☐	☐	☒
c) Have a substantial adverse effect on federally protected wetlands as defined by Section 404 of the Clean Water Act (including, but not limited to, marsh, vernal pool, coastal, etc.) through direct removal, filling, hydrological interruption, or other means?	☐	☐	☐	☒

d) Interfere substantially with the movement of any native resident or migratory fish or wildlife species or with established native resident or migratory wildlife corridors, or impede the use of native wildlife nursery sites?	☐	☐	☐	☒
e) Conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance?	☐	☐	☐	☒
f) Conflict with the provisions of an adopted Habitat Conservation Plan, Natural Community Conservation Plan, or other approved local, regional, or state habitat conservation plan?	☐	☐	☐	☒

Discussion

a) The project site is not a biologically sensitive site as defined by Figures V-7-1 of the MEIR. The California Department of Fish and Game and the U.S. Fish and Wildlife Service were consulted in the production of the MEIR.

b-c) The proposal would not effect on any riparian areas, wetland, marsh, or vernal pool.

d) The proposal would not interfere with the movement of any native resident or migratory fish or wildlife species or with established native resident or migratory wildlife corridors, or impede the use of native wildlife nursery sites.

e) The proposal would not conflict with local biological preservation regulations or ordinances.

f) The proposal would not conflict with the provisions of an adopted Habitat Conservation Plan, Natural Community Conservation Plan, or other approved local, regional, or state habitat conservation plan.

Resource

See pages V-7-1 to V-7-31 in the MEIR.

	Potentially Significant Impact	Less Than Significant with Mitigation	Less Than Significant Impact	No Impact
V. CULTURAL RESOURCES: Would the project:				
a) Cause a substantial adverse change in the significance of a historical resource as defined in §15064.5?	☐	☐	☐	☒
b) Cause a substantial adverse change in the significance of an archaeological resource pursuant to §15064.5?	☐	☐	☐	☒
c) Directly or indirectly destroy a unique paleontological resource or site or unique geologic feature?	☐	☐	☐	☒

d) Disturb any human remains, including those interred outside of formal cemeteries?	☐	☐	☐	☒

Discussion

a) The project is consistent with the historical resource policies in the General Plan.
b) The project is consistent with the archeological resource policies in the General Plan. The project was referred to the Native American Tribes for consultation and no concern was provided.
c) The proposed project would not impact unique paleontological resource or site or unique geologic feature.
d) The proposed project would not disturb and human remains.

Resource

See pages V-8-1 to V-8-25 in the MEIR.

	Potentially Significant Impact	Less Than Significant with Mitigation	Less Than Significant Impact	No Impact
VI. GEOLOGY AND SOILS: Would the project:				
a) Expose people or structures to potential substantial adverse effects, including the risk of loss, injury, or death involving:	☐	☐	☐	☒
i) Rupture of a known earthquake fault, as delineated on the most recent Alquist-Priolo Earthquake Fault Zoning Map issued by the State Geologist for the area or based on other substantial evidence of a known fault? Refer to Division of Mines and Geology Special Publication 42?	☐	☐	☐	☒
ii) Strong seismic ground shaking?	☐	☐	☐	☒
iii) Seismic-related ground failure, including liquefaction?	☐	☐	☐	☒
iv) Landslides?	☐	☐	☐	☒
b) Result in substantial soil erosion or the loss of topsoil?	☐	☐	☐	☒
c) Be located on a geologic unit or soil that is unstable, or that would become unstable as a result of the project, and potentially result in on- or off-site landslide, lateral spreading, subsidence, liquefaction or collapse?	☐	☐	☐	☒

d) Be located on expansive soil, as defined in Table 18-1-B of the Uniform Building Code (1994), creating substantial risks to life or property?	☐	☐	☐	☒
e) Have soils incapable of adequately supporting the use of septic tanks or alternative waste water disposal systems where sewers are not available for the disposal of waste water?	☐	☐	☐	☒

Discussion

a) The proposed amendment to the Circulation Element and associated alley abandonment would not cause adverse effects on the area geology and soils, nor expose people or structures to seismic hazards, ground hazards such as landslides or liquefaction.

b-e) The proposed Circulation Element amendment and associated alley abandonment are proposed to facilitate the future private use of existing roadways. The proposal would not be located on unstable or expansive soils, nor would cause erosion or soil loss. The project does not propose development that would require septic systems or other wastewater disposal systems.

Resource

See pages V-17-1 to V-17-16 in the MEIR

	Potentially Significant Impact	Less Than Significant with Mitigation	Less Than Significant Impact	No Impact
VII. GREENHOUSE GAS EMISSIONS: Would the project:				
a) Generate greenhouse gas emissions, either directly or indirectly, that may have a significant impact on the environment?	☐	☐	☐	☒
b) Conflict with an applicable plan, policy or regulation adopted for the purpose of reducing the emissions of greenhouse gases?	☐	☐	☐	☒

Discussion

a) The MEIR addressed potential climate change impacts due to development and other activities associated with the Urban Area General Plan (UAGP). The MEIR determined that build-out of the UAGP would make a cumulatively considerable contribution to global climate change. The UAGP nonetheless authorizes development that will contribute to global climate change by virtue of the production of greenhouse gases. The MEIR states the projected rate of growth of vehicle miles traveled (VMT) will increase the City's contribution to global climate change as the City develops. Development under the UAGP is expected to generate approximately 1,096,226.4 metric tons per year above 2005 emissions. The City Council adopted a Statement of Overriding Considerations in 2008, finding that the benefits of the UAGP outweighed the City's increased contribution to global climate change.

b) The project would not conflict with a plan, policy or regulation adopted for the purpose of reducing the emissions of greenhouse gasses.

Resource

See pages V-21-1 to V-21-17 in the MEIR

	Potentially Significant Impact	Less Than Significant with Mitigation	Less Than Significant Impact	No Impact
VIII. HAZARDS AND HAZARDOUS MATERIALS: Would the project:				
a) Create a significant hazard to the public or the environment through the routine transport, use, or disposal of hazardous materials?	☐	☐	☐	☒
b) Create a significant hazard to the public or the environment through reasonably foreseeable upset and accident conditions involving the release of hazardous materials into the environment?	☐	☐	☐	☒
c) Emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school?	☐	☐	☐	☒
d) Be located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and, as a result, would it create a significant hazard to the public or the environment?	☐	☐	☐	☒

e) For a project located within an airport land use plan or, where such a plan has not been adopted, within two miles of a public airport or public use airport, would the project result in a safety hazard for people residing or working in the project area?	☐	☐	☐	☒
f) For a project within the vicinity of a private airstrip, would the project result in a safety hazard for people residing or working in the project area?	☐	☐	☐	☒
g) Impair implementation of or physically interfere with an adopted emergency response plan or emergency evacuation plan?	☐	☐	☐	☒
h) Expose people or structures to a significant risk of loss, injury or death involving wildland fires, including where wildlands are adjacent to urbanized areas or where residences are intermixed with wildlands?	☐	☐	☐	☒

Discussion

a) The proposed amendment to the Circulation Element and associated alley abandonment would not cause a hazard to the public with regards to the transport, use or disposal of hazardous materials.

b) The proposal would not create a hazard to the public through reasonably foreseeable upset and accident conditions involving the release of hazardous materials into the environment.

c) The proposal would not emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school.

d) The two streets are not located on a list of hazardous materials sites.

e-f) The proposal would not result in an aviation safety hazard for people residing or working in the project area.

g) The proposal would not interfere with emergency services. The project was referred to the City of Modesto Police and Fire Departments, who indicated no concerns.

h) No wildland is within the vicinity of the project area.

Resource

See pages V-21-1 to V-21-19 in the MEIR

	Potentially Significant Impact	Less Than Significant with Mitigation	Less Than Significant Impact	No Impact
IX. HYDROLOGY AND WATER QUALITY: Would the project:				
a) Violate any water quality standards or waste discharge requirements?	☐	☐	☐	☒
b) Substantially deplete groundwater supplies or interfere substantially with groundwater recharge such that there would be a net deficit in aquifer volume or a lowering of the local groundwater table level (e.g., the production rate of pre-existing nearby wells would drop to a level which would not support existing land uses or planned uses for which permits have been granted)?	☐	☐	☐	☒
c) Substantially alter the existing drainage pattern of the site or area, including through the alteration of the course of a stream or river, in a manner which would result in substantial erosion or siltation on- or off-site?	☐	☐	☐	☒
d) Substantially alter the existing drainage pattern of the site or area, including through the alteration of the course of a stream or river, or substantially increase the rate or amount of surface runoff in a manner which would result in flooding on- or off-site?	☐	☐	☐	☒
e) Create or contribute runoff water which would exceed the capacity of existing or planned stormwater drainage systems or provide substantial additional sources of polluted runoff?	☐	☐	☐	☒
f) Otherwise substantially degrade water quality?	☐	☐	☐	☒
g) Place housing within a 100-year flood hazard area as mapped on a federal Flood Hazard Boundary or Flood Insurance Rate Map or other flood hazard delineation map?	☐	☐	☐	☒
h) Place within a 100-year flood hazard area structures which would impede or redirect flood flows?	☐	☐	☐	☒
i) Expose people or structures to a significant risk of loss, injury or death involving flooding, including flooding as a result of the failure of a levee or dam?	☐	☐	☐	☒
j) Inundation by seiche, tsunami, or mudflow	☐	☐	☐	☒

Discussion

a-f) The proposed amendment to the Circulation Element and associated alley abandonment would not violate any water quality standards or waste discharge requirements, deplete groundwater reserves, alter the drainage pattern of the area, nor otherwise degrade water quality.

g) The proposal does not involve development of new housing.

h-j) The proposal would not place structures within a 100-year flood hazard area, place people or structures at significant risk due to flooding by failure of a levee or dam, or expose people or structures to hazards from seiches, tsunamis or mudflow.

Resource

See pages V-9-1 to V-9-13 and V-10-1 to V-10-15 in the MEIR

	Potentially Significant Impact	Less Than Significant with Mitigation	Less Than Significant Impact	No Impact
X. LAND USE AND PLANNING: Would the project:				
a) Physically divide an established community?	☐	☐	☒	☐
b)Conflict with any applicable land use plan, policy, or regulation of an agency with jurisdiction over the project (including, but not limited to the general plan, specific plan, local coastal program, or zoning ordinance) adopted for the purpose of avoiding or mitigating an environmental effect?	☐	☐	☐	☒
c) Conflict with any applicable habitat conservation plan or natural community conservation plan?	☐	☐	☐	☒

Discussion

a) The proposal to amend the Circulation Element would reduce S. Santa Rosa north of Mono Drive to a local street, and reflect the current status of S. Santa Rosa Avenue south of Mono Drive and Oregon Drive west of S. Santa Cruz Avenue.

b) The project would not conflict with the land use plans, policies and regulations of the City of Modesto designed to mitigate environmental impacts.

c) The project does not conflict with applicable habitat conservation plans or natural community conservation plans.

Resource

See pages V-20-1 to V-20-21 in the MEIR

	Potentially Significant Impact	Less Than Significant with Mitigation	Less Than Significant Impact	No Impact
XI. MINERAL RESOURCES: Would the project:				
a) Result in the loss of availability of a known mineral resource that would be of value to the region and the residents of the state?	☐	☐	☐	☒
b) Result in the loss of availability of a locally-important mineral resource recovery site delineated on a local general plan, specific plan or other land use plan?	☐	☐	☐	☒

Discussion

a-b) The proposed amendment to the Circulation Element and associated alley abandonment would not result in the loss of a mineral resource of value to the state or local area. The site is in an urbanized area with no known mineral resources.

	Potentially Significant Impact	Less Than Significant with Mitigation	Less Than Significant Impact	No Impact
XII. NOISE: Would the project result in:				
a) Exposure of persons to or generation of noise levels in excess of standards established in the local general plan or noise ordinance, or applicable standards of other agencies?	☐	☐	☐	☒
b) Exposure of persons to or generation of excessive groundborne vibration or groundborne noise levels?	☐	☐	☐	☒
c) A substantial permanent increase in ambient noise levels in the project vicinity above levels existing without the project?	☐	☐	☐	☒
d) A substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels existing without the project?	☐	☐	☐	☒
e) For a project located within an airport land use plan or, where such a plan has not been adopted, within two miles of a public airport or public use airport, would the project expose people residing or working in the project area to excessive noise levels?	☐	☐	☐	☒
f) For a project within the vicinity of a private airstrip, would the project expose people residing or working in the project area to excessive noise levels?	☐	☐	☐	☒

Discussion

a-d) The proposed amendment to the Circulation Element and associated alley abandonment would not cause excessive exposure to noise, groundborne vibrations, or an increase in ambient noise levels beyond what already exists at the winery facility.

a) The Modesto County Airport would not expose the project site to excessive noise levels.
b) The project is not within the vicinity of a private airstrip.

Resource

See pages V-3-1 to V-3-23 in the MEIR

	Potentially Significant Impact	Less Than Significant with Mitigation	Less Than Significant Impact	No Impact
XIII. POPULATION AND HOUSING: Would the project:				
a) Induce substantial population growth in an area, either directly (for example, by proposing new homes and businesses) or indirectly (for example, through extension of roads or other infrastructure)?	☐	☐	☐	☒
b) Displace substantial numbers of existing housing, necessitating the construction of replacement housing elsewhere?	☐	☐	☐	☒
c) Displace substantial numbers of people, necessitating the construction of replacement housing elsewhere?	☐	☐	☐	☒

Discussion

a-c) The proposed amendment to the Circulation Element and associated alley abandonment would not induce substantial population growth in the area, or displace substantial numbers of housing or people.

	Potentially Significant Impact	Less Than Significant with Mitigation	Less Than Significant Impact	No Impact
XIV. PUBLIC SERVICES:				
a) Would the project result in substantial adverse physical impacts associated with the provision of new or physically altered governmental facilities, need for new or physically altered governmental facilities, the construction of which could cause significant environmental impacts, in order to maintain acceptable service ratios, response times or other performance objectives for any of the public services:	☐	☐	☐	☒
Fire protection?	☐	☐	☐	☒
Police protection?	☐	☐	☐	☒

Schools?	☐	☐	☐	☒
Parks?	☐	☐	☐	☒
Other public facilities?	☐	☐	☐	☒

Discussion

a) The proposed amendment to the Circulation Element and associated alley abandonment would not cause an impact to the response times of police or fire services, impact school services, or impact access to parks. The project was referred to Modesto City Police and Fire Departments, and the Modesto City School District, who indicated no concerns.

Resource

See pages V-11-1 to V-11-12, V-12-1 to V-12-11, V-13-1 to V-13-8, and V-14-1 to V-14-11 in the MEIR

	Potentially Significant Impact	Less Than Significant with Mitigation	Less Than Significant Impact	No Impact
XV. RECREATION:				
a) Would the project increase the use of existing neighborhood and regional parks or other recreational facilities such that substantial physical deterioration of the facility would occur or be accelerated?	☐	☐	☐	☒
b) Does the project include recreational facilities or require the construction or expansion of recreational facilities which might have an adverse physical effect on the environment?	☐	☐	☐	☒

Discussion

a-b) The proposed amendment to the Circulation Element and associated alley abandonment would not impact recreational facilities.

Resource

See pages V-11-1 to V-11-12 in the MEIR

	Potentially Significant Impact	Less Than Significant with Mitigation	Less Than Significant Impact	No Impact
XVI. TRANSPORTATION/TRAFFIC: Would the project:				
a) Conflict with an applicable plan, ordinance or policy establishing measures of effectiveness for the performance of the circulation system, taking into account all modes of transportation including mass transit and non-motorized travel and relevant components of the circulation system, including but not limited to intersections, streets, highways and freeways, pedestrian and bicycle paths, and mass transit?	☐	☐	☐	☒
b) Conflict with an applicable congestion management program, including, but not limited to level of service standards and travel demand measures, or other standards established by the county congestion management agency for designated roads or highways?	☐	☐	☐	☒
c) Result in a change in air traffic patterns, including either an increase in traffic levels or a change in location that results in substantial safety risks?	☐	☐	☐	☒
d) Substantially increase hazards due to a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g., farm equipment)?	☐	☐	☐	☒
e) Result in inadequate emergency access?	☐	☐	☒	☐
f) Conflict with adopted policies, plans or programs regarding public transit, bicycle, or pedestrian facilities, or otherwise decrease the performance or safety of such facilities?	☐	☐	☐	☒

Discussion

a) The proposal is to amend the City's General Plan to remove the Minor Collector street designation of two streets from the Circulation Element. Oregon Drive, west of S. Santa Cruz Avenue, and a portion of S. Santa Rosa Avenue, south of Mono Drive, were previously abandoned by Stanislaus County and are used exclusively by Gallo winery for employee and operations traffic. The proposed amendment to the Circulation Element would not create a conflict with an applicable plan, ordinance or policy establishing measures of effectiveness for the performance of the circulation system, as the amendment is intended to reflect that S. Santa Rosa Avenue and Oregon Drive are not being utilized as collector streets for the larger neighborhood. Additionally, the proposed alley abandonment is intended to allow for the existing alleyway to be used as a drive aisle for a new winery parking lot.

b) The project would not cause a conflict with a traffic congestion program. The project was referred to the City's Traffic Engineering Division as well as Transportation Engineering and Design, and they indicated no concerns.

c) The project would not result in a change in air traffic patterns.

d) The project would not create a hazard due to a design feature.

e) The Fire Department reviewed the project and did not identify any problems with emergency access.

f) The City's Non-Motorized Transportation Plan (NMTP), adopted in 2007 and incorporated into the UAGP, does not identify the two streets as existing bicycle routes. However, the NMTP recommended S. Santa Rosa Avenue and Oregon Drive for proposed Class III bikeways (on-street routes identified by "Bicycle Route" signs). The purpose of the recommendation was to serve the Gallo Winery campus, but since the southerly half of S. Santa Rosa Avenue and Oregon Drive are already abandoned, public bicycle facilities along those alignments would not be available. Bike lanes recommended by the NMTP for Mono Drive, Tenaya Drive, and S. Santa Cruz Avenue would not be affected by the proposed amendment to the Circulation Element, remaining as options for service to the Gallo campus and nearby parks.

The proposal would not conflict with any adopted policies or plans regarding public transit. The project was referred to the City's Transit Department, who indicated no concerns.

	Potentially Significant Impact	Less Than Significant with Mitigation	Less Than Significant Impact	No Impact
XVII. UTILITIES AND SERVICE SYSTEMS: Would the project:				
a) Exceed wastewater treatment requirements of the applicable Regional Water Quality Control Board?	☐	☐	☐	☒
b) Require or result in the construction of new water or wastewater treatment facilities or expansion of existing facilities, the construction of which could cause significant environmental effects?	☐	☐	☐	☒
c) Require or result in the construction of new storm water drainage facilities or expansion of existing facilities, the construction of which could cause significant environmental effects?	☐	☐	☐	☒
d) Have sufficient water supplies available to serve the project from existing entitlements and resources, or are new or expanded entitlements needed?	☐	☐	☐	☒
e) Result in a determination by the wastewater treatment provider which serves or may serve the project that it has adequate capacity to serve the project's projected demand in addition to the provider's existing commitments?	☐	☐	☐	☒
f) Be served by a landfill with sufficient permitted capacity to accommodate the project's solid waste disposal needs?	☐	☐	☐	☒
g) Comply with federal, state, and local statutes and regulations related to solid waste?	☐	☐	☐	☒

Discussion

a-b) The proposed amendment to the Circulation Element and associated alley abandonment would not impact wastewater treatment requirements, or result in need for new water or wastewater facilities.

a) The project would not result in need for new storm water drainage facilities that would cause significant environmental effects.

b) The project would not need expanded water entitlements, or require additional wastewater capacity. The project was referred to the City's Land Development Engineering Division, who indicated no concerns.

c) The project would have no effect on landfill capacity and would comply with statutes related to solid waste.

Resource

See pages V-5-1 to V-5-16, V-6-1 to V-6-12, V-9-1 to V-9-12, and V-15-1 to V-15-10 in the MEIR

	Potentially Significant Impact	Less Than Significant with Mitigation	Less Than Significant Impact	No Impact
XVIII. MANDATORY FINDINGS OF SIGNIFICANCE				
a) Does the project have the potential to degrade the quality of the environment, substantially reduce the habitat of a fish or wildlife species, cause a fish or wildlife population to drop below self-sustaining levels, threaten to eliminate a plant or animal community, substantially reduce the number or restrict the range of a rare or endangered plant or animal or eliminate important examples of the major periods of California history or prehistory?	☐	☐	☐	☒
b) Does the project have impacts that are individually limited, but cumulatively considerable? ("Cumulatively considerable" means that the incremental effects of a project are considerable when viewed in connection with the effects of past projects, the effects of other current projects, and the effects of probable future projects)?	☐	☐	☒	☐
c) Does the project have environmental effects which will cause substantial adverse effects on human beings, either directly or indirectly?	☐	☐	☒	☐

Discussion

a) As discussed in Section IV Biological Resources, the project would not impact any wildlife habitat.
b) The project would not result in any significant cumulative impact beyond those identified in the MEIR.
c) This document identifies that the project would have some environmental impact, but because the proposal is an amendment to the Circulation Element to reflect the current status of portions of S. Santa Rosa Avenue and Oregon Drive which have been abandoned, as well as facilitate the future abandonment of the remainder of S. Santa Rosa Avenue for the private use of an existing winery facility, the impacts are less than significant.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-265

RESOLUTION APPROVING A FIRST AMENDMENT TO THE WORKERS' COMPENSATION CLAIMS MANAGEMENT AGREEMENT WITH YORK RISK SERVICES TO CONTINUE PROVIDING CLAIMS MANAGEMENT TO THE CITY THROUGH JUNE 30, 2016 AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE SAID FIRST AMENDMENT TO THE WORKERS' COMPENSATION CLAIMS MANAGEMENT AGREEMENT

WHEREAS, the City of Modesto first entered into an agreement with York Risk Services Group, Inc., to provide workers' compensation claims management services to the City on June 22, 2010, and

WHEREAS, York Risk Services has established an excellent working relationship with the City of Modesto to deliver excellent service, and

WHEREAS, the current agreement with York Risk Services Group, Inc. is set to expire on September 30, 2015,

WHEREAS, The City wishes to extend the agreement with York Risk Services Group Inc., until June 30, 2016 to allow new management staff ample opportunity to participate in a robust and thorough request for proposal process for ongoing workers' compensation claims management services, and

WHEREAS, The City has drafted a First Amendment to the Workers' Compensation Claims Management Agreement

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the First Amendment to the Workers' Compensation Claims Management Agreement with York Risk Services Group Inc., extending the agreement through June 30, 2016, as provided in **Exhibit** A **attached** hereto and incorporated herein, and

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute said First Amendment to the Workers' Compensation Claims Management Agreement.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 5th day of August, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Madrigal, Zoslocki, Mayor Marsh
NOES:	Councilmembers:	None

FIRST AMENDMENT TO THE WORKERS COMPENSATION CLAIMS ADMINISTRATION SERVICES AGREEMENT

(Dated of September 1, 2010)

This First Amendment to that certain Workers Compensation Agreement dated as of September 1, 2010 and all amendments and exhibits collectively (the "Agreement") by and between CITY OF MODESTO ("CITY") and YORK RISK SERVICES GROUP, INC ("YORK");

WITNESSETH

Whereas:

The parties wish to extend the term of their Agreement as reflected below; and

NOW THEREFORE

The parties hereby agree as follows:

1. Section 3 entitled "Term of Contract" shall reflect the following:

"The term of this Agreement shall reflect an extension from September 1, 2015 and shall continue through June 30, 2016.

2. Except as noted above, the Agreement shall remain unchanged.

In witness whereof, the parties have executed this amendment as dated below and with an agreement effective date of September 1, 2015.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-266

A RESOLUTION AUTHORIZING THE PURCHASING MANAGER TO ISSUE PURCHASE AGREEMENTS FOR MAINTENANCE CONTRACT/SUPPORT AGREEMENTS THROUGHOUT FISCAL YEAR 2015-2016 FOR THE SOLE SOURCE PROCUREMENT OF VARIOUS HARDWARE AND SOFTWARE MAINTENANCE SUPPORT AGREEMENTS FROM HARDWARE AND SOFTWARE MANUFACTURERS FOR THE INFORMATION TECHNOLOGY DEPARTMENT FOR AN ESTMATED ANNUAL COST NOT TO EXCEED $1,086,384

WHEREAS, the City has an ongoing need to issue purchase maintenance contracts/support agreements for hardware and software assets utilized by the City of Modesto and managed by the Information Technology Department, and

WHEREAS, the expenditures for maintenance contracts/support agreements have been approved by Council through the budget process, and

WHEREAS, staff requests the Purchasing Manager be authorized to issue purchase agreements for maintenance contract/support agreements throughout Fiscal Year 2015-2016 for the sole source procurement of various hardware and software maintenance support agreements from hardware and software manufacturers for an estimated budgeted amount not to exceed $1,086,384,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Purchasing Manager be authorized to issue purchase agreements for maintenance contract/support agreements for the sole source procurement of various hardware and software maintenance support agreements throughout the Fiscal Year 2015-2016.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of August, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

A RESOLUTION ACCEPTING THE 2016 SELECTIVE TRAFFIC ENFORCEMENT PROGRAM GRANT IN THE AMOUNT OF APPROXIMATELY $298,500 FROM THE OFFICE OF TRAFFIC SAFETY TO INCREASE ENFORCEMENT FOR SPEED, DUI, AND OTHER SPECIAL TRAFFIC ENFORCEMENT OPERATIONS; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE NECESSARY DOCUMENTS

WHEREAS, the City of Modesto Police Department desires to undertake a certain project designated as the Selective Traffic Enforcement Program (STEP) grant from the Office of Traffic Safety (OTS), and

WHEREAS, the Police Department was awarded a grant in the sum of approximately $298,500 from OTS, and

WHEREAS, acceptance of said $298,500 grant will increase enforcement for speed, DUI, and other special traffic enforcement operations, while also reducing collisions with speed, DUI, and special operations, and

WHEREAS, OTS will pay overtime for officers, training, and equipment to assist in traffic studies and other traffic related enforcement equipment, and

WHEREAS, the term of this grant will be from October 1, 2015, through September 30, 2016,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts the Selective Traffic Enforcement Program Grant in the amount of approximately $298,500 from the Office of Traffic Safety to increase enforcement for speed, DUI, and other special traffic enforcement operations.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the necessary award documents.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of August, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-268

A RESOLUTION AMENDING THE FISCAL YEAR 2015/2016 OPERATING AND MULTI-YEAR GRANT BUDGET TO REFLECT REVENUE AND EXPENSES IN THE AMOUNT OF APPROXIMATELY $298,500 RELATED TO THE SELECTIVE TRAFFIC ENFORCEMENT PROGRAM GRANT TO INCREASE ENFORCEMENT FOR SPEED, DUI, AND OTHER SPECIAL TRAFFIC ENFORCEMENT OPERATIONS

WHEREAS, the Police Department acquired a grant award in the amount of approximately $298,500 from the Office of Traffic Safety (OTS) to increase enforcement for speed, DUI, and other special traffic enforcement operations, and

WHEREAS, the grant will pay overtime for officers for special enforcement operations, DUI saturation patrols, and other traffic related enforcement supplies, and

WHEREAS, there is no local match required for this grant, and

WHEREAS, the term of this grant will be from October 1, 2015, through September 30, 2016,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Fiscal Year 2015/2016 Operating and Multi-Year Budget is hereby adjusted as indicated on budget adjustment **attached**.

BE IT FURTHER RESOLVED that the Director of Finance, or her designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of August, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-269

RESOLUTION SUPPORTING AND ENDORSING THE CO-SPONSORSHIP OF ST. PAUL'S EPISCOPAL CHURCH AND THE MODESTO POLICE DEPARTMENT FOR "A TRAFFICKED LIFE" COMMUNITY EVENT, SEPTEMBER 17, 2015, AND WAIVING THE MODESTO CENTRE PLAZA FACILITY FEE

WHEREAS, human trafficking is the world's fastest growing criminal enterprise and is an estimated $32 billion-a-year global industry. It is a form of modern day slavery that profits from the exploitation of our most vulnerable populations; and

WHEREAS, in recent years, transnational criminal organizations and affiliated domestic gangs have expanded from drug and firearm trafficking to the trafficking of human beings. From cross-border tunnels for transporting victims to domestic recruiting of vulnerable populations in our local communities, these criminal organizations have set aside traditional rivalries to set up commercial sex rings that profit from the sale of human beings, in particular young women and girls; and

WHEREAS, St. Paul's Episcopal Church and the Modesto Police Department recognizes the problem of human trafficking as existent in our local community, and

WHEREAS, people of St. Paul's Episcopal Church are working to heighten awareness of this social illness and the importance of collaboration – among law enforcement, non-profit service providers, the faith based community and the public – in fighting the scourge of human trafficking; and

WHEREAS, it is further resolved, the Modesto City Council supports and endorses the co-sponsorship of St. Paul's Episcopal Church and the Modesto Police Department's community-wide event, "A Trafficked Life" to be held on Thursday,

September 17, 2015 at 7:00 p.m. at the Modesto Centre Plaza to bring awareness and educate our community on human trafficking; and

WHEREAS, the Modesto Centre Plaza will incur a loss of rental revenue of $420, plus labor charges, plus other equipment or AV charges that may be required for the event and the General Fund will also incur approximately $1,200 in labor costs to install and remove custom poles in the Tenth Street Place Plaza, as well as fees associated with permits and the rental of the Modesto Centre Plaza; and

WHEREAS, the total cost of the City's waiver of Facility Fee for the use of the Modesto Centre Plaza, necessary labor and waiver of necessary permit fees and rental costs will not exceed $5,000.

NOW, THEREFORE BE IT RESOLVED by the Council of the City of Modesto that it hereby supports and endorses the co-sponsorship of St. Paul's Episcopal Church and the Modesto Police Department for "A Trafficked Life" community event, September 17, 2015. The City Council further agrees to waive the Modesto Centre Plaza facility fee and agrees to provide necessary labor and waiver of necessary permit fees and rental costs in an amount not to exceed $5,000.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of August, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-270

RESOLUTION APPROVING THE SUBMITTAL OF A GRANT APPLICATION TO THE SAN JOAQUIN VALLEY AIR POLLUTION CONTROL DISTRICT (SJVAPCD) REQUESTING $81,943.11 IN PUBLIC BENEFIT GRANTS PROGRAM, NEW ALTERNATIVE FUEL VEHICLE PURCHASE FUNDS FOR THE PURCHASE OF FIVE (5) ELECTRIC CLUB CARS FROM GOLD COUNTRY GOLF AND UTILITY, JAMESTOWN, CA; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, GALEN L. CARROLL, TO EXECUTE ALL GRANT-RELATED DOCUMENTS AND ENTER INTO AN AGREEMENT TO RECEIVE THE GRANT FUNDS UPON AWARD

WHEREAS, the San Joaquin Valley Air Pollution Control District announced available grant funding for New Alternative Fuel Vehicle purchase, and

WHEREAS, applicants are able to apply for up to $20,000 for each new vehicle with a maximum funding of $100,000 per applicant, per calendar year, and

WHEREAS, the Modesto Police Department is applying for five (5) Electric Club Cars at $16,388.62 each, and

WHEREAS, three Club Cars will be for the Modesto Police Department and two will go to the Fire Department, and

WHEREAS, Modesto Municipal Code (MMC) Section 8-3.203 generally requires all purchases, which meet or exceed $50,000.00 for material, equipment or contractual services to be formally bid. However, there are exceptions to the rule set forth in the Modesto Municipal Code. One exception, MMC Section 8-3.204(d), is available where the Purchasing Manager, in his or her discretion, determines that a process other than the usual formal bid procedure set forth in MMC Section 8-3.203 will result in procurement for the City at the lowest possible cost commensurate with the desired quality, and

WHEREAS, acting within his discretion, the Purchasing Manager invoked that "piggybacking" exception for this purchase due to the cost savings of staff time and the limited number of competitors, and

WHEREAS, the purchase of five (5) electric club cars from Gold Country Golf and Utility, Jamestown, CA, by piggybacking from a competitively bid US Communities contract will conform to both MMD Section 8-3.204(d) and Public Contract Code (PCC) 20118, which authorizes public entities to rely on terms "piggyback" that have been competitively bid, and

WHEREAS, this grant opportunity will give the City of Modesto a chance to help the environment and save money.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the submittal of a grant application to the San Joaquin Valley Air Pollution Control District (SJVAPCD) requesting $81,943.11 in Public Benefit Grants Program, New Alternative Fuel Vehicle Purchase funds for the purchase of five (5) Electric Club Cars from Gold Country Golf and Utility, Jamestown, CA.

BE IT FURTHER RESOLVED that the City Manager, or his designee Galen L. Carroll, is hereby authorized to execute the grant application upon award.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of August, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-271

RESOLUTION AUTHORIZING STAFF TO APPLY FOR ALL CALRECYCLE HOUSEHOLD HAZARDOUS WASTE GRANTS, RESCINDING RESOLUTION NO. 2010-108, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO SIGN GRANT APPLICATIONS AND RELATED FORMS, ACCEPT GRANT AWARDS, AND AMEND THE BUDGET AS AVAILABLE

WHEREAS, Public Resources Code sections 40000 et seq. authorize the Department of Resources Recycling and Recovery (CalRecycle) to administer various grant programs (grants) in furtherance of the State of California's (state) efforts to reduce, recycle and reuse solid waste generated in the state thereby preserving landfill capacity and protecting public health and safety and the environment, and

WHEREAS, in furtherance of this authority CalRecycle is required to establish procedures governing the application, awarding, and management of the grants, and

WHEREAS, CalRecycle grant application procedures require, among other things, an applicant's governing body to declare by resolution certain authorizations related to the administration of CalRecycle grants.

NOW, THEREFORE, BE IT RESOLVED the Council of the City of Modesto authorizes the submittal of application(s) to CalRecycle for all Household Hazardous Waste Grants for which the City of Modesto is eligible.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized and empowered to execute in the name of the City of Modesto all grant documents, including but not limited to, applications, agreements, amendments and requests for payment, necessary to secure grant funds and implement the approved grant project.

THIS RESOLUTION WAS RESCINDED BY MODESTO CITY COUNCIL RESOLUTION NO. 2022-312

BE IT FURTHER RESOLVED that these authorizations are effective for five (5) years from the date of adoption of this resolution.

BE IT FURTHER RESOLVED by the Council of the City of Modesto the Resolution No. 2010-108 is hereby rescinded.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of August, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-272

RESOLUTION APPROVING THE REVISED T-HANGAR USE POLICY FOR THE MODESTO CITY-COUNTY AIRPORT

WHEREAS, the Modesto City-County Airport (Airport) owns T-Hangars that are leased to airport tenants who own aircraft, and

WHEREAS, the Airport Advisory Committee prepared an initial T-Hangar Use Policy in 2004, and

WHEREAS, City Council approved the initial T-Hangar Use Policy, by Resolution 2004-540, and

WHEREAS, the Airport Advisory Committee met regularly and determined that revisions to the T-Hangar Use Policy were warranted, and

WHEREAS, the revised draft document was submitted to the City Attorney for editing and approval, and

WHEREAS, the Airport Advisory Committee accepted all edits and unanimously elected to submit the final T-Hangar Use Policy.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Revised T-Hangar Use Policy.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of August, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

T-HANGAR USE POLICY
MODESTO CITY – COUNTY AIRPORT

Scope: This policy covers the procedures required of General Aviation aircraft tenants or prospective tenants in the use of T-Hangars at the Modesto City – County Airport.

Purpose: It is the intent of the City of Modesto to manage the use of T-Hangars at the Modesto City – County Airport in a consistent, reasonable and responsible manner, and in accordance with applicable sections of the Modesto Municipal Code. This Policy is intended to provide the Airport Manager and T-Hangar tenants alike with guidelines that all parties can follow to assure proper leasing and safe use of T-Hangars at the Airport. It is not the intent of this policy to make provisions that are contrary to the Municipal Code or the policies of the Federal Aviation Administration, and in the event that there is a discrepancy or conflict between the policies, the Municipal Code shall govern in instances that are not provided for by FAA policy.

Location: The location of the T-Hangars is on the southwest side of the Airport. Exhibit A, attached as a part of this policy, identifies the T-Hangar rows (existing and future) to which this policy applies.

Policy Statements:

- The leasing of T-Hangars shall be in accordance with the Modesto Municipal Code, MMC 7.3.101, and the Aircraft Hangar Waiting List Policy adopted by the Modesto City Council in January 1990, Resolution 90-49.

- Aircraft owners wishing to lease a T-Hangar at the Modesto City-County Airport shall execute a Lease Agreement in a form provided by the City of Modesto and shall abide at all times by the terms and provisions of the Lease Agreement.

- It is the intent of the City of Modesto that those leasing a T-Hangar at the Airport will use the T-Hangar for aircraft purposes only, except with written consent of the Airport Manager to do otherwise. To that end, the following provisions further define appropriate use of a T-Hangar.

    1. Pursuant to the Lease Agreement, flyable aircraft or an aircraft under active refurbishment or assembly must be stored in the T-Hangar. The storage of vehicles, boats, furniture, construction material, machinery, household goods or other possessions in the absence of an airplane is not permitted except as described in Part 2 of this Section.

    2. A tenant who is leasing a T-Hangar for the aviation purposes described in Part 1 of this Section may temporarily lease a second T-Hangar to store vehicles and boats in the absence of an airplane as long as the goods being stored in the T-Hangar present no hazard or objectionable characteristics in any way, are not flammable liquids, and are secure in the method of storage. The Airport Manager may at his discretion approve such a lease of a second T-Hangar for such storage provided that:

A. The tenant understands that Aviation use of the hangar has priority and the tenant is prepared to vacate the premises with 30-day notice.
B. The intended objects to be stored in the T-Hangar are acceptable to the Airport Manager and present no hazard, including environmental hazards to other hangars.
C. One T-Hangar of similar size and features is always available for immediate occupancy by an airplane or emergency use.
D. Tenants using T-Hangars for airplane storage have first choice of any available hangars including the leased storage hangars without airplanes.
E. Tenant agrees that the hangar can be inspected at any time with reasonable notice by the appropriate City of Modesto Code Enforcement team to ensure compliance with the Modesto Municipal Code and other State or Federal regulations.

3. Aircraft parts only, i.e., fuselages, wing sections, engines etc. do not qualify as an aircraft unless reasonable and verifiable progress is made to restore the aircraft, or complete a home-built aircraft. Reasonable progress is defined as active and consistent work on assembling the aircraft with the intent of restoring it to full flight status. The tenant shall provide evidence substantiating reasonable progress to the Airport Manager upon request. Extensions of these time provisions may be requested of the Airport Manager, with an explanation for cause. The Airport Manager shall consider the explanation provided and either grant or deny the time extension requested. Restoration or construction of aircraft is subject to annual inspection by the Airport Manager. Failure to meet these conditions will be deemed unacceptable and grounds for the termination of the Lease Agreement.

4. Major overhaul of engines, painting of aircraft, and cleaning with flammable solvents is prohibited inside the T-Hangars pursuant to Modesto Municipal Codes Section 7-3.306.

5. The aircraft in a T-Hangar must be owned in part, fully owned, or leased by the tenant who signed the hangar Lease Agreement. Aircraft 'N' number(s) will be compared with the owner's name(s) and the certificate of insurance to verify proper tenancy. If an aircraft was recently acquired and does not show on the FAA aircraft registration database, the tenant should provide the Airport Manager a copy of the Aircraft Registration Application (FAA Form 8050-1). If the aircraft is leased, the insurance must show the tenant as the policyholder, and the owner as an additional insured. The Airport Manager may approve reasonable requests to store aircraft outside of this policy on a case-by-case basis, provided the ownership and insurance status of the aircraft can be documented.

6. Permission for construction of structures and/or lofts within a T-Hangar requires the prior approval of the Airport Manager. The construction of these kinds of facilities will be done under the auspices of the City's Building Inspection Department, with an associated Building Permit obtained and displayed during construction.

7. T-Hangars will be subject to a triennial inspection by the City of Modesto Fire Marshal and by Airport Maintenance and Operation staff for the purpose of determining compliance with applicable provisions of the Modesto Municipal Code, Fire Code and T-Hangar Lease Agreement. Discrepancies shall be noted and provided to the tenant for correction. In the event of emergency or unforeseen circumstance, City Staff and the Airport Manager may enter a hangar at any time provided the tenant is advised as quickly as possible of the entry, the purpose for the entry, and actions taken once inside the hangar.

8. Installation of additional wiring for lighting and equipment needs is to be done in conformance with all applicable Building and Fire Codes. The use of extension cords is limited to UL listed cords used in compliance with manufacturers' instructions. Extension cords may not be used in lieu of permanent wiring. Any extension cord that is permitted for use must be unplugged when the hangar is unoccupied. The exception to this section is if the extension cord is being used to power a battery charger, crankcase heater and the like. The extension cord must be plugged into a Circuit Breaker Power Box or plug strip rated with 15 amps "maximum" overcurrent protection.

9. Space heaters of any type are not permitted in the hangars unless they are UL listed for interior use, they are used only when the tenant is present in the hangar, and the heater is always disconnected on exiting the hangar.

10. Unobstructed fire or emergency access to the rear of the hangar must be provided.

11. The storage, use, or handling of flammable/combustible liquids shall be conducted in a limited manner appropriate to FAA approved owner maintenance activity, an aircraft restoration, or home built aircraft project. In all cases, the quantity of such liquids shall be limited as described in 7-3.310 of Title 7-Public Works, Chapter 3 of the Modesto Municipal Code.

12. No objects may be hung from or attached to the structural members of the T-Hangar without the prior approval of the Airport Manager.

13. Trash cans on the Airport shall be used for the disposal of materials appropriate to the ownership, storage, and use of an aircraft. The trash facilities shall not be used for the disposal of other debris or stored items not related to the aircraft's presence in the hangar and appropriate aviation activity. No use of the City's Airport dumpster shall be allowed without prior approval from the Airport manager.

- It is the intent of this policy to provide for a safe and clean environment in which aircraft can be housed at the Modesto City – County Airport. If the Airport Manager determines that an unsafe situation is present in the T-Hangar, the tenant shall immediately correct that situation in consultation with the Airport Manager. Failure to comply with the directives will be grounds for terminating the

hangar Lease Agreement. The tenant may appeal the determination rendered, but only after correcting the situation as directed by the Airport Manager.

Deviations:
It is recognized that not every situation, which someone may encounter in the lease of a T-Hangar, can reasonably be covered by this policy. In the case where a tenant wants to deviate from this policy, or perform an activity not covered by this policy, prior approval shall be obtained from the Airport Manager who shall attempt to accommodate the request within policy and common sense, as the situation may dictate.

Appeals Process:
In the case where a T-Hangar tenant does not agree with a determination made by the Airport Manager, the tenant and the Airport Manager shall bring the issue to the attention of the Airport Advisory Committee, which shall make all best efforts in finding a solution. Should this effort be unsuccessful, the tenant is entitled to a formal appeal per Title 1, Chapter 4 of the Modesto Municipal Code Section 1-4.01 to 1-4.05.

We truly appreciate your continued cooperation and attention to the items listed above. As a result, your help will provide safe hangar facilities, and support a fair and enjoyable tenant/landlord relationship, which is to everyone's best interest.

Approved by the Airport Advisory Committee on May 21, 2015

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-273

RESOLUTION APPROVING AN AGREEMENT WITH CARDNO ATC FOR ON-CALL ENVIRONMENTAL SITE ASSESSMENT SERVICES FOR ONE YEAR, WITH TWO ONE-YEAR EXTENSION OPTIONS, AT THE SOLE DISCRETION OF THE CITY, IN AN AMOUNT NOT TO EXCEED $45,000 PER YEAR, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT, AND UP TO TWO ONE-YEAR EXTENSION OPTIONS

WHEREAS, the Utilities Department (Utilities) may need to purchase property to complete various Capital Improvement Program (CIP) projects, and

WHEREAS, a Phase I Environmental Site Assessment (ESA) needs to be prepared prior to the acquisition of real property, and

WHEREAS, purchase agreements may have time constraints, and projects may have short time lines, and

WHEREAS, on-call agreements will expedite the process, and

WHEREAS, an on-call list was established in 2011, which expired in 2014, and

WHEREAS, in accordance with Administrative Directive 3.1, Selection Procedures for Professional Consultants Who Provide Architectural and Engineering Services for Capital Projects, a request for Qualifications and Proposals was issued April 7, 2015 to eight local environmental consultants to establish a current local on-call list, and

WHEREAS, responses were received from five firms, and

WHEREAS, a selection committee consisting of the City's Utilities staff evaluated the responses and met May 19, 2015 to discuss the evaluations and review ranking, and

WHEREAS, the committee recommended negotiating with the top two firms deemed most responsive and qualified to enter into one-year on-call agreements, not to exceed $45,000 per year, with the possibility of two (2) one-year extension periods, at the sole discretion of the City, and

WHEREAS, no new budget allocation will be sought because the project-specific task orders under the agreement will be paid from existing CIPs, and

WHEREAS, Cardno ATC will submit a written scope of services outlining the specific work, schedule, and cost estimate associated with each task order, and

WHEREAS, Cardno ATC will perform no service until Capital Improvement Services management has approved the proposed specific task order and a written Notice to Proceed (NTP) is prepared and sent to Cardno ATC prior to commencement of services, and

WHEREAS, therefore, City staff recommends approving an Agreement for On-call Environmental Site Assessment Services with Cardno ATC,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement with Cardno ATC for On-call Environmental Site Assessment Services for one year, with two one-year extension options at the sole discretion of the City in an amount not to exceed $45,000 per year. Total cost for three years is not to exceed $135,000.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute said Agreement with Cardno ATC, and up to two one-year extension options.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of August, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-275

RESOLUTION AUTHORIZING THE SUBMITTAL OF AN APPLICATION TO THE CALIFORNIA DEPARTMENT OF WATER RESOURCES FOR THE 2015 INTEGRATED REGIONAL WATER MANAGEMENT GRANT IN AN AMOUNT NOT TO EXCEED $6.7 MILLION; AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE ALL GRANT-RELATED DOCUMENTS AND ENTER INTO AN AGREEMENT TO RECEIVE GRANT FUNDS, IF AWARDED, AND AUTHORIZING THE DIRECTOR OF FINANCE TO BE THE SIGNATORY OF GRANT INVOICE FORMS DURING REQUESTS FOR REIMBURSEMENTS

WHEREAS, in May 2015, the California Department of Water Resources (DWR) released the Final 2015 Grant Guidelines and Application Proposal Package for Round 4 of the Proposition 84 Integrated Regional Water Management Plan (IRWMP) Grant Funding Program, and

WHEREAS, this is the final funding cycle for Proposition 84 bond monies for implementation projects, and

WHEREAS, the deadline to submit a grant application is August 7, 2015 with announcement of awards expected in December 2015, and

WHEREAS, the East Stanislaus Integrated Regional Water Management (IRWM) Partnership was formed under an MOU in August 2011 between the Cities of Ceres, Hughson, Turlock, and Modesto, and

WHEREAS, this Partnership also included a Cost-sharing Agreement for developing the IRWM Region and Plan, and

WHEREAS, in September 2011, the state granted regional status to the East Stanislaus IRWM, and

WHEREAS, the East Stanislaus IRWM Plan was completed in December 2013 and in June 2014 the DWR issued a notice of compliance with the IRWM Plan Guidelines through its review process, and

WHEREAS, the East Stanislaus IRWM Region resides in the San Joaquin Funding Area which includes seven other full IRWM Regions and four partial IRWM Regions, making it the most competitive funding region in the state, and

WHEREAS, there is approximately $6.7 million in remaining funds available for this 2015 Grant cycle, and

WHEREAS, the next funding cycle will be sourced by Proposition 1 bond funds, approved by voters in November 2014, with the first expected grant application date in 2017, and

WHEREAS, the City of Modesto has an on-call grant research and writing agreement with RMC Water and Environment (RMC) for development and submittal of grant applications, and

WHEREAS, for this grant application, Modesto will be the lead agency seeking grant funding for two Modesto based projects, and

WHEREAS, the two projects consist of 1) a sewer system cross-connection storm water removal and neighborhood flooding mitigation project; and 2) the North Valley Regional Recycled Water Project (NVRRWP), and

WHEREAS, the City of Turlock is also supporting the NVRRWP, and

WHEREAS, no other regional stakeholders have submitted projects for consideration for this grant application, and

WHEREAS, as the lead agency the City of Modesto would be required to enter into a Grant Agreement with the DWR if the application scores high enough for an award and choses to accept the grant, and

WHEREAS, the City may manage grant administration tasks in-house or may decide to hire a consultant (under a future Council action) for grant administration tasks, which are expected to be fully funded by the grant for the City's two projects,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the submittal of an application to the California Department of Water Resources for the 2015 Integrated Regional Water Management Grant in an amount not to exceed $6.7 Million.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute all grant-related documents and enter into an agreement to receive grant funds, if awarded, and authorizes the Director of Finance to be the signatory of grant invoice forms during requests for reimbursements.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of August, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2015-276

RESOLUTION APPROVING THE PLANS AND SPECIFICATIONS FOR THE 2013-2014 SANITARY SEWER COLLECTION REPLACEMENT PROJECT, ACCEPTING THE BID, AND APPROVING A CONTRACT WITH DSS COMPANY DBA KNIFE RIVER CONSTRUCTION, OF STOCKTON, CALIFORNIA IN THE AMOUNT OF $1,578,238, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE CONTRACT

WHEREAS, plans and specifications have been prepared for the 2013-2014 Sanitary Sewer Collection Replacement project, and City staff recommends approval by the City Council, and

WHEREAS, the bids received for the 2013-2014 Sanitary Sewer Collection Replacement project were for the consideration of the Council, and

WHEREAS, the Director of Utilities has recommended that the bid of $1,578,238 received from DSS Company dba Knife River Construction, of Stockton, California be accepted as the lowest responsible and responsive bid and the contract be awarded to DSS Company dba Knife River Construction.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the plans and specifications for the 2013-2014 Sanitary Sewer Collection Replacement project, accepts the bid of DSS Company dba Knife River Construction, of Stockton, California in the amount of $1,578,238, and awards DSS Company dba Knife River Construction the contract for the 2013-2014 Sanitary Sewer Collection Replacement project.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of August, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-277

RESOLUTION AMENDING THE FISCAL YEAR 2015-2016 CAPITAL IMPROVEMENT PROGRAM BUDGET IN THE AMOUNT OF $1,175,500 TO BE TRANSFERRED INTO THE PROJECT FROM WASTEWATER FUND RESERVES IN ORDER TO FULLY FUND THE CONSTRUCTION, CONTINGENCY, CONSTRUCTION ADMINISTRATION, AND DESIGN SUPPORT DURING CONSTRUCTION FOR THE 2013-2014 SANITARY SEWER COLLECTION REPLACEMENT PROJECT

WHEREAS, certain budgetary transactions are necessary in the amount of **$1,175,500**, in order to fund construction, contingency, construction administration, design support during construction, including engineering/design/administration support by City staff, for the 2013-2014 Sanitary Sewer Collection Replacement project, and

WHEREAS, the Fiscal Year 2015-2016 Capital Improvement Program Budget must be amended as shown in **Exhibit A**, which is incorporated by reference herein,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the amendment of the Fiscal Year 2015-2016 Capital Improvement Program Budget as shown in **Exhibit A**.

BE IT FURTHER RESOLVED that the Director of Finance, or her designee, is hereby authorized to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of August, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

Exhibit A

Due to project costs being higher than initially budgeted for the project, line item increases are necessary for CIP Account #100763 "2013-14 Sewer Coll Sys Repl", and the total project costs need to be increased by $1,175,500. This would be done by adjusting Construction Administration by $91,877, Construction by $919,157, Contingency-CIP by $119,592, and Engineering/Design/Administration by $44874.

To fund the above account, $1,175,500 will be transferred from Wastewater Fund Reserves into CIP Project 100763 for the 2013-2014 Sanitary Sewer Collection Replacement project.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-278

RESOLUTION APPROVING A PROTEST DISMISSAL AGREEMENT WITH TURLOCK IRRIGATION DISTRICT FOR THE CITY OF MODESTO NOTICE OF CHANGE PETITION FILED WITH THE STATE WATER RESOURCE CONTROL BOARD FOR TERTIARY-TREATED WATER, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, as part of the North Valley Regional Recycled Water Program (NVRRWP), the City of Modesto filed a Notice of Change Petition with the State Water Resources Control Board (SWRCB) to allow discharge of tertiary-treated wastewater to the Delta Mendota Canal for irrigation of crops in the Del Puerto Water District, and

WHEREAS, the SWRCB noticed the public and received comments on the Notice of Change Petition, and

WHEREAS, the SWRCB received two formal protests regarding the proposed change, one from Turlock Irrigation District (TID) and the other from the Westlands Water District, and

WHEREAS, TID's concern was that the City would cease irrigation of the Jennings Ranch facility with secondary-treated wastewater and require TID to supply irrigation water to the parcels included in its service area, and

WHEREAS, the City will not stop irrigation of the Jennings Ranch because it is the most cost-effective way to treat cannery wastewater and dispose of secondary-treated wastewater, and because it also generates revenue from leasing the land to a farmer for fodder crop production, and

WHEREAS, TID and the City successfully negotiated and reached an agreement that the City will continue with its existing Jennings Ranch irrigation practices subject to any changes required by regulatory permits for irrigation of crops at agronomic rates, and

WHEREAS, this agreement provides that TID will not further protest the Notice of Change Petition, and this agreement advances the NVRRWP.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Protest Dismissal Agreement with the Turlock Irrigation District for the City of Modesto Notice of Change Petition filed with the State Water Resources Control Board for tertiary-treated wastewater.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement, in substantially the form **attached** hereto as **Exhibit** A and as approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of August, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Madrigal, Zoslocki, Mayor Marsh

PROTEST DISMISSAL AGREEMENT

The City of Modesto ("City") and Turlock Irrigation District ("TID") agree as follows:

A. On January 16, 2016, City filed a petition for change (No. WW0077) (the "Petition for Change") with the State Water Resources Control Board ("SWRCB") as part of the City's participation in the North Valley Regional Recycled Water Project ("NVRRWP").

B. Among other things, the Petition for Change asks the SWRCB to issue an order: (1) adding a new authorized point of discharge at the Delta Mendota Canal for the City's treated wastewater, and (2) adding the Del Puerto Water District service area and several South of Delta CVPIA refuges as authorized places of use for the City's treated wastewater.

C. On February 10, 2015, the SWRCB issued its public notice of the Petition for Change.

D. On March 12, 2015, TID filed a protest to the Petition for Change.

E. On July 7, 2015, the City certified an environmental impact report for the NVRRWP (SCH #2014042068) (the "NVRRWP EIR") under the California Environmental Quality Act ("CEQA").

NOW, THEREFORE, in consideration of these recitals and the mutual promises in this Agreement, City and TID agree as follows:

1. The preceding recitals are true and correct and are incorporated herein by reference.

2. City and TID jointly request that the SWRCB include the following conditions in the SWRCB's order granting the City's Petition for Change:

A. Until and after the NVRRWP begins operations, the City will continue to use cannery process water with secondary treated City wastewater to irrigate the City's Modesto Ranch Lands, which are being farmed and some of which are within the jurisdictional boundaries of the Turlock Irrigation District. The Modesto Ranch Lands are defined as the numbered "Parcels" on the attached map titled "Parcel Map of Jennings Treatment Plant." The City will continue to apply secondary treated wastewater and cannery process water to the Modesto Ranch Lands in the manner described in Section 8.8.5 of the Final Environmental Impact Report for the North Valley Regional Recycled Water Program dated June 2015 (SCH #2014042068).

B. No groundwater from the Turlock Groundwater Subbasin and no surface water from Turlock Irrigation District may be used to irrigate any Modesto Ranch Lands; provided that this condition does not apply to any such groundwater or

surface water in any cannery process water or wastewater delivered to the City and subsequently used to irrigate any Modesto Ranch Lands.

C. The City will continue to comply with the two preceding conditions if the City sells, conveys, exchanges or otherwise transfers any of the Modesto Ranch Lands. The City will add a legally sufficient covenant running with the land, in a form acceptable to Turlock Irrigation District, to all deeds and other instruments selling, conveying, exchanging or otherwise transferring any portion or all of the City's Modesto Ranch Lands, which covenant will be binding on all of the City's successors and assigns.

D. The City will keep a record during each calendar month of: (i) the amounts of cannery process water and treated wastewater delivered to the Modesto Ranch Lands for irrigation and (ii) the location and number of acres of land receiving the water. The City will make this information available to the SWRCB's Deputy Director for Water Rights and Turlock Irrigation District upon reasonable request. Additionally, the City will compile this information each year into an annual report, which will include a table of the monthly amounts of each type of treated wastewater delivered to the Modesto Ranch Lands for irrigation during the prior calendar year. The City will file each annual report with the Division of Water Rights and provide a copy to Turlock Irrigation District no later than June 30 of the following calendar year.

3. A copy of the map referenced in subsection 2.A above is attached to this Protest Dismissal Agreement as Exhibit A.

4. In consideration of City's commitments in this Protest Dismissal Agreement, which was approved by the City Council on or before Wednesday, August 5, 2015, and the SWRCB's making these additions to the order on the City's Petition for Change, TID dismisses its protest to the Petition for Change, and agrees not to make or further pursue any challenges to the NVRRWP FEIR referenced in Section 2.A above and not to take any other actions to oppose the Petition for Change. If the SWRCB does not make these requested changes, then TID may make or further pursue such challenges.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-279

RESOLUTION AMENDING THE MULTI-YEAR BUDGET FOR CAPITAL GRANTS – CIP PROJECT 100753 TO BE INCREASED BY $352,000 TO COME FROM NSP2 FUNDING, AND AUTHORIZING THE FINANCE DIRECTOR, OR HER DESIGNEE, TO TAKE THE NECESSARY STEPS TO IMPLEMENT THE PROVISIONS OF THIS RESOLUTION

WHEREAS, on January 14, 2010, the City received a $25 million grant award under the American Recovery and Reinvestment Act of 2009 (ARRA) for the Neighborhood Stabilization Program 2 (NSP2), and

WHEREAS, the City of Modesto has been working with Satellite Affordable Housing Associates (SAHA) and American Baptist Homes of the West (ABHOW) to develop the Tower Park Senior Housing apartments project (Project), and

WHEREAS, off-site and frontage improvements for the Tower Park Senior Apartments project are eligible to receive NSP2 funding, and

WHEREAS, on December 11, 2012, by Resolution No. 2012-521, the Council approved an allocation of a minimum of $100,000 in NSP2 funds to the Project, with a not to exceed amount of $250,000 for predevelopment activities, and

WHEREAS, on March 5, 2015 the City received a request from SAHA for an additional $135,000 to mitigate two underground concrete tanks that were discovered while the contractor was preparing the Project site for the foundation and storm water drain, and

WHEREAS, on April 8, 2015, the City received another request from SAHA for additional $217,000 in NSP2 funds for the construction of off-site, frontage improvements, and

WHEREAS, SAHA is requesting the City approve an additional loan in the amount up to $352,000 for further on-site and frontage improvements, and

WHEREAS, a loan modification agreement will be executed for the additional allocation of funds, and

WHEREAS, the terms of the NSP2 loan will remain the same, the principal balance bears no interest, and

WHEREAS, in an event of default the NSP2 loan shall be repaid in full at the default rate of ten percent (10%) simple interest annually, and

WHEREAS, if no event of default exists and the units are rented to income qualified tenants according to the agreement, the NSP2 loan shall be forgiven upon expiration of the 20 year term.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the Multi-year budget for Capital Grants – CIP Project 100753 to be increased by the amount of $352,000 to come from NSP2 funding.

BE IT FURTHER RESOLVED that the Finance Director, or her designee, is hereby authorized to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of August, 2015, by Councilmember Lopez, who moved its adoption, with motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-280

RESOLUTION APPROVING A TECHNICAL AMENDMENT TO THE ACTION PLAN OF THE NEIGHBORHOOD STABILIZATION PROGRAM 2 (NSP2) GRANT AGREEMENT # B-09-LN-CA-0053 FOR AN ADDITIONAL ALLOCATION OF $352,000 IN NSP2 FUNDS FOR THE CONSTRUCTION OF ON-SITE AND OFF-SITE IMPROVEMENTS FOR THE TOWER PARK SENIOR APARTMENTS PROJECT AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE MODIFICATION AGREEMENTS AND RELATED DOCUMENTS, ATTACHED HERETO IN SUBSTANTIALLY THE SAME FORM AS EXHIBIT A, AND AS APPROVED BY THE CITY ATTORNEY

WHEREAS, the City of Modesto has been working with Satellite Affordable Housing Associates (SAHA) and American Baptist Homes of the West (ABHOW) to develop the Tower Park Senior Housing apartments project (Project), and

WHEREAS, the Project, located at 17th and G Streets, will provide 49 one-bedroom apartments plus one two-bedroom manager's unit of restricted affordable housing to seniors 62 years and over, and

WHEREAS, the apartments will be affordable to households earning between 30% and 60% of the area median income, and

WHEREAS, ABHOW will be the property management agent and will work in collaboration with third party agencies to provide supportive resident services to the tenants. Transportation is within walking distance of the Project and senior oriented services are located nearby, and

WHEREAS, the Redevelopment Agency, by Resolution No. 7-2006, approved the purchase of the 17th & G Streets property, and

WHEREAS, on February 22, 2011, by Resolution No. 2011-062, the Council approved a HOME loan for the Project in the amount of $2.7 million, and

WHEREAS, on December 11, 2012, by Resolution No. 2012-521, the Council approved an allocation of a minimum of $100,000 in NSP2 funds to the Project, with a not to exceed amount of $250,000 for predevelopment activities, and

WHEREAS, on June 27, 2013, by Resolution No. 2013-097, the Council approved a Capital Facilities Fees Exemption for the Project resulting in the waiver of $436,250, and

WHEREAS, on December 10, 2013, the City Council by Resolution No. 2013-450, approved a CDBG loan in the amount of $118,000 for the construction of off-site improvements required for the development of the Project, and

WHEREAS, on July 8, 2014, the City Council by Resolution No. 2014-290 approved an additional allocation of HOME Funds in the amount of $725,640, to further assist with construction costs for the Project, and

WHEREAS, on December 3, 2014, the Property was transferred to Tower Park LLP., and

WHEREAS, on March 5, 2015 the City received a request from SAHA for an additional $135,000 to mitigate two underground concrete tanks that were discovered while the contractor was preparing the Project site for the foundation and storm water drain, and

WHEREAS, on April 8, 2015, the City received another request from SAHA for additional funds for the construction of off-site, frontage improvements which would include some sidewalk improvements, and

WHEREAS, because the Project provides apartments for seniors, it is very important to ensure that the Project is ADA compliant and accessible for those individuals with limited mobility, and

WHEREAS, SAHA is requesting the City approve an additional loan in the amount up to $352,000, and

WHEREAS, a loan modification agreement will be executed for the additional allocation of funds, and

WHEREAS, the terms of the NSP2 loan will remain the same, the principal balance bears no interest, and

WHEREAS, in an event of default the NSP2 loan shall be repaid in full at the default rate of ten percent (10%) simple interest annually, and

WHEREAS, if no event of default exists and the units are rented to income qualified tenants according to the agreement, the NSP2 loan shall be forgiven upon expiration of the 20 year term.

WHEREAS, a Technical Amendment to the Action Plan of the Neighborhood Stabilization Program 2 (NSP2) Grant Agreement # B-09-LN-CA-0053 requires a 15-day public review and comment period and a public hearing, and

WHEREAS, this Technical Amendment was made available for public review and comment beginning July 21, 2015, and will close with the City Council public hearing on August 5, 2015, and

WHEREAS, a Public Notice was published in the Modesto Bee on Tuesday, July 21, 2015, and

WHEREAS, the budget for the Project is fixed, based on the financing sources already identified, and

WHEREAS, the additional requests from SAHA were reviewed and approved by the Community Housing and Community Development Committee on March 18, 2015 and July 15, 2015, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes an additional allocation up to $352,000 in NSP2 funds for the construction of on-site and frontage improvements for the Tower Park Senior Apartments project.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby approves a Technical Amendment to the Action Plan of the Neighborhood Stabilization Program 2 (NSP2) Grant Agreement # B-09-LN-CA-0053.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby authorizes the City Manager, or his designee, to execute the modification agreement for Tower Park, **attached** hereto in substantially the same form as **Exhibit** A, and as approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of August, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

NSP2 MODIFICATION AGREEMENT
(Tower Park - 701 15th Street)

This NSP2 Modification Agreement ("Agreement") is entered into as of _____, 2015, by and between the City of Modesto, a municipal corporation ("City") and Satellite Affordable Housing Associates, a California nonprofit public benefit corporation ("SAHA") (as successor to Satellite Housing, Inc.) and American Baptist Homes of the West, a California nonprofit public benefit corporation ("ABHOW") and Tower Park, L.P., a California limited partnership (the "Partnership") collectively designated therein as "Borrower". The City and the Borrower shall collectively be referred to herein as "Parties."

RECITALS

A. The City and Borrower entered into that certain City of Modesto Neighborhood Stabilization Program 2 Loan Agreement, dated as of December 11, 2012, as amended by certain First Amendment to City of Modesto Neighborhood Stabilization Program 2 Loan Agreement dated as of November 24, 2014 (collectively, the "Loan Agreement"). Pursuant to the Loan Agreement, the City made a loan of Neighborhood Stabilization Program ("NSP2") funds to the Borrower in the principal amount of Two Hundred Fifty Thousand Dollars and No Cents ($250,000.00) ("Original Loan"). The Original Loan is evidenced by that certain promissory note, dated as of December 11, 2012, executed by Borrower in favor of the City (the "Note") and secured by that certain Deed of Trust and Assignment of Rents dated as of November 24, 2014 ("Deed of Trust"), and recorded on December 3, 2014, as instrument number DOC-2014-0080138 in the Official Records of the County of Stanislaus ("Official Records"), against the property described in Exhibit A attached hereto ("Property"). The City and Borrower entered into that certain Regulatory Agreement dated November 24, 2014 ("Regulatory Agreement") which was recorded in the Official Records on December 3, 2014 as instrument number DOC-2014-0080137. The City and Borrower also entered into that certain Assignment and Assumption Agreement dated November 24, 2014 ("Agreement") which was recorded in the Official Records on December 3, 2014 as instrument number DOC-2014-0080141. The Loan Agreement, the Note, the Deed of Trust and the Regulatory Agreement collectively shall be referred to herein as "Loan Documents".

B. The City and Borrower entered into the Loan Agreement to assist the development of affordable housing on the Property and to advance the City's goal of expanding the number of residential units affordable to very low, low, moderate, and middle income persons.

C. The City and the Borrower desire to modify the Loan Documents and **increase** the amount of the Original Loan by **$351,723.00** for a total loan amount of Six Hundred One Thousand Seven Hundred Twenty Three Dollars and No Cents ($601,723.00) (the "New Loan").

D. The City and the Borrower desire to modify the Loan Agreement to include references to the requirements governing the use of NSP2 funds.

E. The City and the Borrower desire to modify the Regulatory Agreement to include the affordability requirements governing the use of the New Loan.

NOW THEREFORE, in consideration of the foregoing, of the mutual promises of the parties hereto and for other good and valuable consideration the receipt and sufficiency of which are hereby acknowledged, the Parties mutually agree as follows:

Section 1. Modification of the Loan Agreement.

(a) Recitals of the Loan Agreement. The Recitals of the Loan Agreement are hereby modified to reflect that the principal amount of the New Loan is Six Hundred One Thousand Seven Hundred Twenty Three Dollars and No Cents ($601,723.00).

(b) Section 3 of the Loan Agreement. The first sentence of Section 3.1 of the Loan Agreement is hereby deleted and replaced in its entirety as follows:

> "City shall loan Borrower the principal sum of Six Hundred One Thousand Seven Hundred Twenty Three Dollars and No Cents ($601,723.00) (the "NSP Loan") subject to the terms and conditions set forth in this NSP2 Loan Agreement and the Loan Documents as defined herein."

(c) Section 6 of the Loan Agreement. Section 6.3 of the Loan Agreement is hereby deleted and replaced in its entirety as follows:

"SECTION 6.3". NSP2 REQUIREMENTS

> Borrower shall comply with all applicable laws and regulations governing the use of the Loan Funds as set forth in 24 CFR 570 et seq. (the "CDBG Regulations") and Section 2301 of Title III, Division B, of the Housing and Economic Recovery Act of 2008, Title XII, Division A, of the American Recovery and Reinvestment Act of 2009 (the "NSP2 Act"), and implementing regulations, including but not limited to 24 CFR 570 et seq., and applicable guidance, including but not limited to the Notices of Allocations, Application Procedures, Regulatory Waivers Granted to and Alternative Requirements for Emergency Assistance for Development of Abandoned and Foreclosed

Homes Grantees under HERA and such corrections (including, but not limited to, Docket Nos. FR-5255-N-01, FR-5255-N-02, FR-5321-N-03, FR-5435-N-01, and FR-5447-N-01), as amended (the "NSP2 Regulations"). In the event of any conflict between this NSP2 Loan Agreement and applicable laws and regulations governing the use of the NSP Loan, the applicable laws and regulations govern.

(a) The laws and regulations governing the use of the NSP2 Loan include (but are not limited to) the following:

(i) Environmental and Historic Preservation. 24 C.F.R. Part 58, which prescribes procedures for compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321-4361), and the additional laws and authorities listed at 24 C.F.R. 58.5.

(ii) Applicability of OMB Circulars. The applicable policies, guidelines, and requirements of OMB Circulars Nos. A-87, A-102, Revised, A-110, A-122, and A-133.

(iii) Debarred, Suspended or Ineligible Contractors. The prohibition on the use of debarred, suspended, or ineligible contractors set forth in 24 C.F.R. Part 24.

(iv) Civil Rights, Housing and Community Development, and Age Discrimination Acts.

(1) Compliance. BORROWER shall comply with the Fair Housing Act (42 U.S.C. 3601 et seq.) and implementing regulations at 24 C.F.R. Part 100; Title VI of the Civil Rights Act of 1964 as amended; Title VIII of the Civil Rights Act of 1968 as amended; Section 104(b) and Section 109 of Title I of the Housing and Community Development Act of 1974 as amended; Section 504 of the Rehabilitation Act of 1973 (29 USC 794, et seq.); the Age Discrimination Act of 1975 (42 USC 6101, et seq.); Executive Order 11063 as amended by Executive Order 12259 and implementing regulations at 24 C.F.R. Part 107; Executive Order 11246 as amended by Executive Orders 11375, 12086, 11478, 12107; Executive Order 11625 as amended by Executive Order 12007; Executive Order 12432; Executive Order 12138 as amended by Executive Order 12608.

(2) Non-Discrimination. BORROWER shall comply with the non-discrimination in employment and contracting opportunities laws, regulations and executive orders referenced in 24 C.F.R. 570.607, as revised by Executive Order 13279, and the applicable non-discrimination provisions in Section 109 of the Housing and Community Development Act of 1974, and may not discriminate against any employee or applicant for employment because of race, color, creed, religion, ancestry, national origin, sex, disability, age, marital status, or status with regard to public assistance. BORROWER shall take affirmative action to ensure that all employment practices are free from such discrimination. Such employment practices include but are not limited to the following: hiring, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff, termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. BORROWER shall post in

conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause.

(3) Land Covenants. This Agreement is subject to the requirements of Title VI of the Civil Rights Act of 1964 (P.L. 88-352) and 24 C.F.R. 570.601. In regard to the sale, lease, or other transfer of land acquired, cleared or improved with assistance provided under this NSP2 Loan Agreement, BORROWER shall cause or require a covenant running with the land to be inserted in the deed or lease for such transfer, prohibiting discrimination as herein defined, in the sale, lease or rental, or in the use or occupancy of such land, or in any improvements erected or to be erected thereon, providing that CITY and the United States are beneficiaries of and entitled to enforce such covenants. BORROWER, in undertaking its obligation to carry out the program assisted hereunder, agrees to take such measures as are necessary to enforce such covenant, and will not itself so discriminate.

(v) Lead-Based Paint. The requirement of the Lead-Based Paint Poisoning Prevention Act, as amended (42 U.S.C. 4821 et seq.), the Residential Lead-Based Paint Hazard Reduction Act (42 U.S.C. 4851 et seq.), and implementing regulations at 24 C.F.R. Part 35.

(vi) Relocation. The requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (42 U.S.C. 4601, et seq.), and implementing regulations at 49 C.F.R. Part 24 (as modified by the NSP2 Regulations); 24 C.F.R. 570.606; Section 104(d) of the Housing and Community Development Act of 1974 and implementing regulations at 24 C.F.R. 42 et seq.; and California Government Code Section 7260 et seq. and implementing regulations at 25 California Code of Regulations Sections 6000 et seq., relating to the acquisition and disposition of all real property purchased with NSP2 Funds, and to the permanent or temporary displacement of persons, businesses, nonprofit organizations and farms occurring as a direct result of any predevelopment of real property made with NSP2 Funds, and state and local relocation laws. If, and to the extent that the predevelopment of the Property results in the permanent or temporary displacement of residential tenants, homeowners, or businesses, then BORROWER shall comply with all applicable local, state, and federal statutes and regulations with respect to relocation planning, advisory assistance, and payment of monetary benefits. BORROWER shall prepare and submit a relocation plan to CITY for approval. BORROWER is solely responsible for payment of any relocation benefits to any displaced persons and any other obligations associated with complying with such relocation laws. BORROWER shall indemnify, defend (with counsel reasonably chosen by CITY), and hold harmless CITY, its council members, officers, representatives, agents, assigns and employees against all claims that arise out of relocation obligations to residential tenants, homeowners, or businesses permanently or temporarily displaced by the Property. The requirements in this subsection shall survive repayment of the NSP2 Loan and the reconveyance of the NSP2 Deed of Trust.

(vii) Discrimination against the Disabled. The requirements of the Fair Housing Act (42 U.S.C. 3601 et seq.) and implementing regulations at 24 C.F.R. Part 100; Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), and federal

regulations issued pursuant thereto, which prohibit discrimination against the disabled in any federally assisted program, the requirements of the Architectural Barriers Act of 1968 (42 U.S.C. 4151-4157) and the applicable requirements of Title II and/or Title III of the Americans with Disabilities Act of 1990 (42 U.S.C. 12131 et seq.), and federal regulations issued pursuant thereto.\

(viii) Clean Air and Water Acts. The Clean Air Act, as amended, 42 U.S.C. 7401 et seq., the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq., and the regulations of the Environmental Protection Agency with respect thereto, at 40 C.F.R. Part 1500, as amended from time to time.

(ix) Uniform Administrative Requirements. If applicable, the requirements of applicable sections of 24 C.F.R. Part 85, as amended from time-to-time, "Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments" and 24 C.F.R. 570.502 regarding cost and auditing requirements.

(x) Training Opportunities. The requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. 1701u ("Section 3"), requiring that to the greatest extent feasible opportunities for training and employment be given to lower income residents of the project area and agreements for work in connection with the project be awarded to business concerns which are located in, or owned in substantial part by persons residing in, the areas of the project. BORROWER agrees to include the following language in all subcontracts executed under this NSP2 Loan Agreement:

(1) The work to be performed under this contract is subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. 1701u. The purpose of Section 3 is to ensure that employment and other economic opportunities generated by HUD assistance or HUD-assisted projects covered by Section 3, shall, to the greatest extent feasible, be directed to low- and very low-income persons, particularly persons who are recipients of HUD assistance for housing.

(2) The parties to this contract agree to comply with HUD's regulations in 24 C.F.R. Part 135, which implement Section 3. As evidenced by their execution of this contract, the parties to this contract certify that they are under no contractual or other impediment that would prevent them from complying with the Part 135 regulations.

(3) The contractor agrees to send to each labor organization or representative of workers with which the contractor has a collective bargaining agreement or other understanding, if any, a notice advising the labor organization or workers' representative of the contractor's commitments under this Section 3 clause; and will post copies of the notice in conspicuous places at the work site where both employees and applicants for training and

employment positions can see the notice. The notice shall describe the Section 3 preference; shall set forth minimum number and job titles subject to hire; availability of apprenticeship and training positions; the qualifications for each; the name and location of the person(s) taking applications for each of the positions; and the anticipated date the work shall begin.

(4) The contractor agrees to include this Section 3 clause in every subcontract subject to compliance with regulations in 24 C.F.R. Part 135, and agrees to take appropriate action, as provided in an applicable provision of the subcontract or in this Section 3 clause, upon a finding that the subcontractor is in violation of the regulations in 24 C.F.R. Part 135. The contractor will not subcontract with any subcontractor where the contractor has notice or knowledge that the subcontractor has been found in violation of the regulations in 24 C.F.R. Part 135.

(5) The contractor will certify that any vacant employment positions, including training positions, that are filled (1) after the contractor is selected but before the contract is executed, and (2) with persons other than those to whom the regulations of 24 C.F.R. Part 135 require employment opportunities to be directed, were not filled to circumvent the contractor's obligations under 24 C.F.R. Part 135.

(6) Noncompliance with HUD's regulations in 24 C.F.R. Part 135 may result in sanctions, termination of this contract for default, and debarment or suspension from future HUD assisted contracts.

(7) With respect to work performed in connection with Section 3 covered Indian housing assistance, section 7(b) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450e) also applies to the work to be performed under this contract. Section 7(b) requires that to the greatest extent feasible (i) preference and opportunities for training and employment shall be given to Indians, and (ii) preference in the award of contracts and subcontracts shall be given to Indian organizations and Indian-owned Economic Enterprises. Parties to this contract that are subject to the provisions of Section 3 and section 7(b) agree to comply with Section 3 to the maximum extent feasible, but not in derogation of compliance with section 7(b).

(xi) Labor Standards. The labor requirements set forth in 24 C.F.R. Section 570.603; the prevailing wage requirements of the Davis-Bacon Act and implementing rules and regulations (40 U.S.C. 3141-3148); the Copeland "Anti-Kickback" Act (40 U.S.C. 276(c)) which requires that workers be paid at least once a week without any deductions or rebates except permissible deductions; the Contract Work Hours and Safety Standards Act – CWHSSA (40 U.S.C. 3701-3708) which requires that workers receive "overtime" compensation at a rate of 1-1/2 times their regular hourly wage after they have worked forty (40) hours in one (1) week; and Title 29, Code of Federal Regulations, Subtitle A, Parts 1, 3 and 5 are the regulations and

procedures issued by the Secretary of Labor for the administration and enforcement of the Davis-Bacon Act, as amended.

(xii) Drug Free Workplace. The requirements of the Drug Free Workplace Act of 1988 (P.L. 100-690) and implementing regulations at 24 C.F.R. Part 24.

(xiii) Anti-Lobbying; Disclosure Requirements. The disclosure requirements and prohibitions of 31 U.S.C. 1352 and implementing regulations at 24 C.F.R. Part 87.

(xiv) Historic Preservation. The historic preservation requirements set forth in the National Historic Preservation Act of 1966, as amended (16 U.S.C. Section 470) and the procedures set forth in 36 C.F.R. Part 800. If archeological, cultural, or historic period resources are discovered during construction, all construction work must come to a halt and BORROWER shall immediately notify the County. BORROWER shall not shall alter or move the discovered material(s) until all appropriate procedures for "post-review discoveries" set forth in Section 106 of the National Historic Preservation Act have taken place, which include, but are not limited to, consultation with the California State Historic Preservation Officer and evaluation of the discovered material(s) by a qualified professional archeologist.

(xv) Flood Disaster Protection. The requirements of the Flood Disaster Protection Act of 1973 (P.L. 93-234) (the "Flood Act"). No portion of the assistance provided under this NSP2 Loan Agreement is approved for acquisition or construction purposes as defined under Section 3(a) of the Flood Act, for use in an area identified by HUD as having special flood hazards which is not then in compliance with the requirements for participation in the national flood insurance program pursuant to Section 201(d) of the Flood Act. The use of any assistance provided under this NSP2 Loan Agreement for such acquisition or construction in such identified areas in communities then participating in the National Flood Insurance Program is subject to the mandatory purchase of flood insurance requirements of Section 102(a) of the Flood Act. If the Property is located in an area identified by HUD as having special flood hazards and in which the sale of flood insurance has been made available under the National Flood Insurance Act of 1968, as amended, 42 U.S.C. 4001 et seq., the property owner and its successors or assigns must obtain and maintain, during the ownership of the Property, such flood insurance as required with respect to financial assistance for acquisition or construction purposes under Section 102(s) of the Flood Act. Such provisions are required notwithstanding the fact that the construction on the Property is not itself funded with assistance provided under this NSP2 Loan Agreement.

(xvi) Procurement.

(1) Compliance. CITY has the right to require BORROWER to comply with any or all current CITY's NSP2 Policies and Procedures Manual concerning the purchase of equipment and shall maintain an inventory record of all non-expendable personal property (as defined by CITY policy) as may be procured

with funds provided herein. All property assets (unexpended program income, property, equipment, etc.) shall revert to CITY upon termination of this NSP2 Loan Agreement.

(xvii) Documentation and Record-Keeping.

(1) Records to be Maintained. BORROWER shall maintain all records required by the federal regulations specified in 24 C.F.R. Part 570.506 and the NSP2 Regulations, and satisfactory to CITY staff, and that are pertinent to the activities to be funded under this NSP2 Loan Agreement. Such records include but are not be limited to:

(A) Records providing a full description of each activity undertaken;

(B) Certification executed by BORROWER, demonstrating that each activity undertaken meets one of the National Objectives of the CDBG and NSP2 Program;

(C) Records required to determine the eligibility of activities;

(D) Records required to document the acquisition, improvement, use or disposition of real property acquired or improved with CDBG and NSP2 assistance;

(E) Records documenting compliance with the fair housing and equal opportunity components of the CDBG and NSP2 Program;

(F) Records documenting compliance with the changes in use restrictions specified in 24 C.F.R. Part 570.505 (for any properties that are retained).

(G) Records as required by 24 C.F.R. Part 570.502, 24 C.F.R. 84.21-28 and OMB Circular A-110; and

(H) Other records necessary to document compliance with Subpart K of 24 C.F.R. 570 and the NSP2 Regulations.

(2) Insufficient Records. CITY shall notify BORROWER of any records it deems insufficient. BORROWER shall have thirty (30) calendar days after the receipt of such a notice to correct any deficiency in the records specified by CITY in such notice, or if a period longer than thirty (30) days is reasonably necessary to correct the deficiency, then BORROWER shall begin to correct the deficiency within thirty (30) days and correct the deficiency as soon as reasonably possible.

(3) Retention of Records. BORROWER shall retain all financial records, supporting documents, statistical records, and all other records

pertinent to services performed and expenditures incurred under this NSP2 Loan Agreement for a period of five (5) years after the termination of all activities funded under this NSP2 Loan Agreement, or after the resolution of all litigation, claims, federal audits, negotiation or other actions that involve any of the records cited, whichever occurs later. BORROWER shall retain records for non-expendable property acquired with funds under this NSP2 Loan Agreement for five (5) years after final disposition of such property. Records for any displaced person must be kept for five (5) years after he/she has received final payment.

(4) National Objectives. Pursuant to subsection (1)(B) above, BORROWER shall execute and submit to CITY a certification for approval by CITY that the activities carried out with funds provided under this NSP2 Loan Agreement meet the low/moderate/middle income national objective under the NSP2 Program.

(5) Close-Outs. BORROWER's obligation to CITY does not end until all close-out requirements are completed. Close-out period requirements include, but are not limited to: submission of close-out report; making final payments; disposing of property assets (including the return of all unused materials, equipment, unspent cash advances, program income balances, and receivable accounts to CITY); and determining the custodianship of records.

(6) Audits and Inspections. CITY shall notify BORROWER of any records it deems insufficient. BORROWER shall have fifteen (15) calendar days after the receipt of such a notice to correct any deficiency in the records specified by CITY in such notice, or if a period longer than fifteen (15) days is reasonably necessary to correct the deficiency, then BORROWER shall begin to correct the deficiency within fifteen (15) days and correct the deficiency as soon as reasonably possible.

(xviii) Hatch Act. BORROWER agrees that no funds provided, nor personnel employed under this NSP2 Loan Agreement, shall be in any way, or to any extent engaged, in the conduct of political activities in violation of 5 U.S.C. 15.

(xix) Conflict of Interest. BORROWER agrees to abide by the provisions of 24 C.F.R. 84.42 and 24 C.F.R. 570.611 with respect to conflicts of interest, which include (but are not limited to) the following:

(1) BORROWER shall maintain a written code or standards of conduct that shall govern the performance of its officers, employees or agents engaged in the award and administration of contracts supported by federal funds.

(2) No employee, officer or agent of BORROWER shall participate in the selection, or in the award, or administration of, a contract supported by federal funds if a conflict of interest, real or apparent, would be involved.

(3) BORROWER covenants that it presently has no financial interest and shall not acquire any financial interest, direct or indirect, which

would conflict in any manner or degree with the performance of services required under this NSP2 Loan Agreement. BORROWER further covenants that in the performance of this NSP2 Loan Agreement no person having such a financial interest shall be employed or retained by BORROWER hereunder.

(4) Except for approved eligible administrative or personnel costs, no person described in this subsection who exercises or has exercised any functions or responsibilities with respect to the activities funded pursuant to this NSP2 Loan Agreement or who is in a position to participate in a decision-making process or gain inside information with regard to such activities, may obtain a personal or financial interest or benefit from the activity, or have an interest in any contract, subcontract or agreement with respect thereto, or the proceeds thereunder, either for themselves or those with whom they have family or business ties, during, or at any time after, such person's tenure. BORROWER shall exercise due diligence to ensure that the prohibition in this subsection is followed. The conflict of interest provisions of this subsection apply to any person who is an employee, agent, consultant, officer, or any immediate family member of such person, or any elected or appointed official of CITY, or any person related within the third (3rd) degree of such person.

(xx) Section 2304 Requirements. BORROWER shall comply with Section 2304 of Title III of Division B of the Housing and Economic Recovery Act of 2008, which states that no NSP2 Funds may be distributed to: (a) an organization that has been indicted for a violation under federal law relating to an election for federal office; or (b) an organization that employs applicable individuals. An "applicable individual" means an individual who has been indicted for a violation under federal law relating to an election for federal office and is: (a) employed by the organization in a permanent or temporary capacity or is contracted or retained by the organization; or (b) acting on behalf of, or with the express or apparent authority of the organization.

(xxi) Recovery of Capital Costs. BORROWER shall not attempt to recover any capital costs of public improvements assisted with CDBG or NSP2 Funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements. However, if NSP2 Funds are used to pay the proportion of a fee or assessment attributable to the capital costs of public improvements (assisted in part with NSP2 Funds) financed from other revenue sources, an assessment or charge may be made against the Property Parcel with respect to the public improvement financed by a source other than CDBG or NSP2 Funds.

(xxii) Subcontracts.

(1) Approvals. BORROWER may not enter into any subcontracts in an amount greater than Ten Thousand Dollars ($10,000) with any entity or individual in the performance of this NSP2 Loan Agreement without the written consent of CITY prior to the execution of such subcontract.

(2) Monitoring. BORROWER shall monitor all subcontracted services on a regular basis to assure contract compliance. BORROWER shall summarize the results of monitoring efforts in written reports that are supported by documented evidence of follow-up actions taken to correct any areas of noncompliance.

(3) Content. BORROWER shall cause all of the provisions of this NSP2 Loan Agreement in its entirety to be included in and made a part of any subcontract executed in the performance of this NSP2 Loan Agreement.

(4) Selection Process. BORROWER shall undertake to ensure that all subcontracts let in the performance of this NSP2 Loan Agreement are awarded on a fair and open competitive basis in accordance with applicable procurement requirements. BORROWER shall forward executed copies of all subcontracts to CITY along with documentation concerning the selection process.

(xxiii) Lobbying. BORROWER hereby certifies that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of CITY, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, or the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;

(2) If any funds other than federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of CITY, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions;

(3) It will require that the following language be included in the award documents for all sub-awards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all sub-contractors shall certify and disclose accordingly:

> "This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S.C. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure."

(4) This certification is a material representation of fact upon which reliance was placed when this NSP2 Loan Agreement was made or entered

into. Submission of this certification is a prerequisite for making or entering into this NSP2 Loan Agreement imposed by 31 U.S.C. Section 1352. Any person who fails to file the required certification will be subject to a civil penalty of not less than Ten Thousand Dollars ($10,000) and not more than One Hundred Thousand Dollars ($100,000) for such failure.

(xxiv) Religious Organization. BORROWER agrees that funds provided under this NSP2 Loan Agreement will not be utilized for religious activities, to promote religious interests, or for the benefit of a religious organization in accordance with the federal regulations specified in 24 C.F.R. 570.200(j).

(xxv) Buy American. BORROWER shall comply with Section 1605 of the NSP2 Act which offers government-wide guidance at 2 CFR 176, with regards to the Buy American Program and the responsibilities and compliance requirements connected thereto. BORROWER assumes responsibility for the acts of its employees and sub-contractors as they relate to the procurement of building materials in connection to the "Buy American" Program.

(xxvi) HUD Regulations. Any other HUD regulations present or as may be amended, added, or waived in the future pertaining to the NSP2 Loan funds.

Section 2. Modification of the Note. The Note shall be endorsed to reflect the modifications below.

(a) Principal Amount. The Note is hereby modified to reflect that a portion of the principal amount of the New Loan and the Note is Six Hundred One Thousand Seven Hundred Twenty Three Dollars and No Cents ($601,723.00).

Section 3. Modification of the Deed of Trust. The Deed of Trust is hereby modified to reflect that the principal amount of the New Loan and the Note is Six Hundred One Thousand Seven Hundred Twenty Three Dollars and No Cents ($601,723.00). This Agreement shall be recorded to reflect this modification to the Deed of Trust. The Borrower shall pay at its sole expense for any endorsement to the City's title policy insuring the Deed of Trust to reflect such modification and to show the Deed of Trust retains the same lien priority despite such modification.

Section 4. Modification of the Regulatory Agreement. The Recitals of the Regulatory Agreement are hereby modified to reflect that the principal amount of the New Loan is Six Hundred One Thousand Seven Hundred Twenty Three Dollars and No Cents ($601,723.00).

Section 5. Full Force and Effect. Except as amended by this Agreement, the Loan Agreement, the Note, the Deed of Trust and the Regulatory Agreement remain unmodified and in full force and effect.

Section 6. Effective Date. This Agreement and the modifications described in this Agreement shall be effective on the date first set forth above.

Section 7. Successors and Assigns. This Agreement shall be binding on and inure to the benefit of the legal representatives, heirs, successors and assigns of the parties.

Section 8. California Law. This Agreement shall be governed by and construed in accordance with the laws of the State of California.

Section 9. Counterparts. This Agreement may be signed in counterparts, each of which shall constitute one and the same instrument.

City of Modesto Neighborhood Stabilization Program 2
Loan Agreement, dated as of December 11, 2012

CITY OF MODESTO NEIGHBORHOOD STABILIZATION PROGRAM 2
LOAN AGREEMENT

This CITY OF MODESTO NEIGHBORHOOD STABILIZATION PROGRAM 2 (hereafter referred to as "NSP2 Loan Agreement") is entered into this 11th day of December, 2012 (the "Effective Date"), by and between CITY OF MODESTO, a municipal corporation of the State of California ("CITY") and SATELLITE HOUSING, INC., a California nonprofit public benefit corporation ("Satellite") and AMERICAN BAPTIST HOMES OF THE WEST, a California nonprofit public benefit corporation, ("ABHOW" and collectively with Satellite referred to herein as "BORROWER").

RECITALS

WHEREAS, CITY has received Neighborhood Stabilization Program 2 ("NSP2") funds from the United States Department of Housing and Urban Development ("HUD") under Section 2301 of Title III, Division B, of the Housing and Economic Recovery Act of 2008, Title XII, Division A, of the American Recovery and Reinvestment Act of 2009 (the "NSP2 Act"), and implementing regulations, including but not limited to 24 CFR 570 et seq., and applicable guidance, including but not limited to the Notices of Allocations, Application Procedures, Regulatory Waivers Granted to and Alternative Requirements for Emergency Assistance for Development of Abandoned and Foreclosed Homes Grantees under HERA and such corrections (including, but not limited to, Docket Nos. FR-5255-N-01, FR-5255-N-02, FR-5321-N-03, FR-5435-N-01, and FR-5447-N-01), as amended (the "NSP2 Regulations"); and

WHEREAS, except as otherwise prescribed by the NSP2 Act and NSP2 Regulations, the statutory and regulatory provisions that govern the Community Development Block Grant ("CDBG") program under Title I of the Housing and Community Development Act of 1974 (42 U.S.C. 5301 et seq.), as amended (including those at 24 C.F.R. part 570 subparts A, C, D, J, K, and O, as appropriate, apply with equal force to the NSP2 funds (the "CDBG Regulations"). Together, the NSP2 Act, NSP2 Regulations, and CDBG Regulations are the "NSP2 Requirements;" and

WHEREAS, pursuant to the NSP2 Requirements, CITY is authorized to provide the NSP2 funds to qualified developers or subrecipients to perform eligible activities under the NSP2 program in the City of Modesto; and

WHEREAS, BORROWER is a qualified developer for purposes of receipt and use of the NSP2 Funds; and

WHEREAS, pursuant to said NSP2, CITY is undertaking to fund certain programs, activities and services to promote affordable special needs rental housing for Very Low Income Households, as defined below, in the City of Modesto (the "NSP2 Program"); and

WHEREAS, BORROWER desires to perform predevelopment activities on real property commonly described as 17th and G Streets, Modesto, California 95353 (APN# 106-006-013 in

Census Tract 18.00) and more fully described as attached hereto as Exhibit A and made a part hereof (the "Property"); and

WHEREAS, BORROWER intends to construct forty-eight (48) rental housing units on the Property; and

WHEREAS, the Property is an Eligible Property as that term is defined in Section 2.1 herein and as used in the NSP2 Requirements and as defined and used in that certain agreement between CITY and BORROWER titled City of Modesto Neighborhood Stabilization Program 2 Memorandum of Understanding, dated _____, 2013 (the "MOU") the terms of which are incorporated herein by this reference, a true and correct copy of the MOU is attached herein as Exhibit D; and

WHEREAS, BORROWER intends to predevelop the Property and rent the Property as affordable rental housing to a Qualified Tenant as defined in Section 2.1, pursuant to the MOU and this NSP2 Loan Agreement; and

WHEREAS, CITY desires to loan BORROWER funds to assist in financing the predevelopment of the Property by BORROWER; provided, BORROWER rents the Property to Qualified Tenants; and

WHEREAS, CITY has conditionally agreed to make the loan to BORROWER in an amount not to exceed Two Hundred Fifty Thousand Dollars ($250,000) (the "NSP2 Loan") pursuant to, and with funds provided by the NSP2 Program in accordance with the NSP2 Requirements, and

WHEREAS, BORROWER acknowledges that CITY's desire to expand the inventory of affordable housing units available for rent to Very Low Income Households in the City of Modesto; and

WHEREAS, BORROWER acknowledges that CITY would not enter into this NSP2 Loan Agreement to loan NSP2 funds to BORROWER but for BORROWER's covenant and agreement to rent the Property to Qualified Tenants; and

WHEREAS, BORROWER shall execute a promissory note of even date herewith (the "NSP2 Note") consisting of a promissory note evidencing BORROWER's obligation to repay the NSP2 Loan. BORROWER shall execute a deed of trust of even date with this NSP2 Loan Agreement signed by BORROWER as Trustor in favor of CITY as beneficiary conveying BORROWER's interest in the Property as security for the NSP2 Loan as evidenced by the NSP2 Note (the "NSP2 Deed of Trust"). The NSP2 Deed of Trust shall be recorded against the Property as security for the NSP2 Note. BORROWER further agrees to execute a City of Modesto Neighborhood Stabilization Program 2 Regulatory Agreement (the "NSP2 Regulatory Agreement") containing covenants, conditions and restrictions regarding the rental and use of the Property. BORROWER agrees to be bound by all terms and conditions of the NSP2 Note, the NSP2 Deed of Trust, and the NSP2 Regulatory Agreement. This NSP2 Loan Agreement, the

NSP2 Note, the NSP2 Deed of Trust, and the NSP2 Regulatory Agreement are collectively referred to herein as the "NSP2 Loan Documents" and/or the "Loan Documents;" and

NOW, THEREFORE, CITY and BORROWER agree as follows:

SECTION 1. RECITALS.

The foregoing Recitals are part of this NSP2 Loan Agreement.

SECTION 2. DEFINITIONS AND EXHIBITS.

Section 2.1 Definitions. As used in this NSP2 Loan Agreement and in addition to the definitions set forth in the Recitals, the following terms shall have the respective meanings indicated opposite each of them:

(a) Abandoned Property. Abandoned Property shall mean real property located in the City of Modesto, County of Stanislaus improved with a home or residential structure meeting at least one of the following criteria : (a) a mortgage, tribal leasehold, or tax lien payment is at least ninety (90) days delinquent; (b) a code enforcement inspection has determined that the property is not habitable and the property owner has taken no corrective action within ninety (90) days of notification of the deficiency; or (c) the property is subject to a court ordered receivership or nuisance abatement order related to abandonment pursuant to state or local law or otherwise meets a state definition of abandoned home or residential property.

(b) Affordable Rent. Affordable Rent shall mean the maximum rent paid by an Very Low Income Household to occupy the Property pursuant to 24 CFR 92.252.

(c) Continued Affordability Period. Continued Affordability Period shall mean the period of no less than twenty (20) consecutive years from the date the NSP2 Regulatory Agreement is recorded against the Property.

(d) Eligible Property. Eligible Property shall mean an Abandoned Property, Foreclosed Property, or Vacant Property located in Census Tract 18.00 in the City of Modesto, County of Stanislaus improved with a permanent residential structure that is a single family home, townhouse, condominium unit, or multi-unit rental complex.

(e) Foreclosed Property. Foreclosed Property shall mean residential real property located in the City of Modesto, County of Stanislaus improved with a permanent residential structure that meets at least one (1) of the following criteria: (a) payment under any mortgage, deed of trust or equivalent is delinquent at least sixty (60) days under the Mortgage Bankers of America delinquency calculation and the property owner has received notification of the delinquency; (b) the property owner is ninety (90) days or more delinquent on tax payments; (c) foreclosure proceedings have been initiated or completed under state, local or tribal law; or (d) foreclosure proceedings have been completed and title to the property has been transferred to an intermediary aggregator or servicer that is not a NSP2 grantee, subrecipient, contractor, developer, or end user.

(f) Predevelopment Costs. Predevelopment Costs shall mean those "soft costs" paid by BORROWER to third-party providers, including without limitation, architectural design costs, payment of fees to obtain governmental approvals, cost of donated professional services, and other costs approved by CITY.

(g) Qualified Tenant. Qualified Tenant shall mean a person or household who (a) has "special needs," including mental health issues, chronic disabilities, HIV/AIDS, prison re-entry candidates, and an "elderly" or "senior citizen" resident of no less than sixty-two (62) years of age; (b) has been income qualified as an Very Low Income Household by BORROWER; (c) occupies or intends to occupy the Property as a primary residence; and (d) intends to pay Affordable Rent to BORROWER for the Property for the Continued Affordability Period.

(h) Vacant Property. Vacant Property shall mean improved real property located in the City of Modesto, County of Stanislaus that has been unoccupied for at least ninety (90) days and has no bona fide tenant with rights of occupancy.

(i) Very Low Income Household. Very Low Income Household shall mean a person or household whose annual income does not exceed fifty percent (50%) of area median income adjusted for family size based on guidelines published by HUD and used by City of Modesto.

(j) Term. Term shall have the meaning set forth in Section 3.2 below.

Section 2.2 Exhibits.

The following exhibits are attached to this NSP2 Loan Agreement and incorporated into this NSP2 Loan Agreement by this reference:

Exhibit A: Legal Description of the Property

Exhibit B: Project Budget

Exhibit C: Project Timeline

Exhibit D: City of Modesto Neighborhood Stabilization Program 2 Memorandum of Understanding ("MOU")

Exhibit E: NSP2 National Objectives Certification

SECTION 3. LOAN PROVISIONS.

Section 3.1 NSP2 Loan Amount.

CITY shall loan BORROWER the principal sum not to exceed Two Hundred Fifty Thousand Dollars ($250,000) (the "NSP2 Loan") subject to the terms and conditions set forth in this NSP2 Loan Agreement, Loan Documents, and MOU as defined herein.

Section 3.2 Term.

The Term of this NSP2 Loan Agreements shall commence on the Effective Date, and expires, unless sooner terminated in accordance with this NSP2 Loan Agreement on the ~~twentieth (20th) anniversary of the Effective Date, subject to any extension agreed to in writing~~ by CITY and BORROWER.

Section 3.3 Interest.

(a) Subject to the provisions of subsection (b) below, the outstanding principal balance of the Loan shall bear no interest.

(b) Upon the occurrence of an Event of Default, the NSP2 Loan will begin to accrue, as of the date of the Event of Default and continue until such time as the NSP2 Loan is repaid in full or the Event of Default is cured, at the default rate of ten percent (10%), simple interest annually.

Section 3.4 Use of NSP2 Loan Funds.

(a) BORROWER shall use the NSP2 Loan for predevelopment of the Property, consistent with the Project Budget, as attached hereto as Exhibit B.

(b) BORROWER shall not use the NSP2 Loan funds for any other purpose without the prior written consent of CITY.

(c) BORROWER shall comply with the MOU in the use of the NSP2 Loan funds.

Section 3.5 Security.

BORROWER shall secure its obligation to repay the NSP2 Loan as evidenced by the NSP2 Note, be executing the NSP2 Deed of Trust, and recording it as a lien against the Property, subject only to the lien of the NSP2 Regulatory Agreement to be recorded against the Property. The CITY agrees to subordinate the liens of the NSP2 Deed of Trust and/or the NSP2 Regulatory Agreement as reasonably necessary for the BORROWER to secure construction and/or permanent financing related to the Property, subject to the CITY's reasonable prior approval of the document effecting such subordination.

Section 3.6 Conditions Precedent to Disbursement of NSP2 Funds for Predevelopment Activities.

CITY shall have no commitment to BORROWER under this NSP2 Loan Agreement and shall have no obligation to disburse any NSP2 funds for the Predevelopment Costs of the Property unless and until BORROWER complies with and continues to satisfy the following conditions:

(a) The BORROWER has delivered to CITY and CITY has approved a Financing Proposal pursuant to Section 4.2 below, including a component detailing the Predevelopment Costs;

(b) CITY has approved the Project Budget, as attached hereto as Exhibit B or further amendments to the Project Budget, as applicable; and

(c) CITY has approved the Project Timeline, as attached hereto as Exhibit C or further amendments to the Project Timeline, as applicable; and

(d) BORROWER has delivered to CITY a copy of a resolution adopting by BORROWER's Board of Directors authorizing BORROWER's Executive Director, or his designee, to obtain the NSP2 Loan, execute the Loan Documents, and predevelop the Property, and execute any and all related documents on behalf of BORROWER; and

(e) BORROWER has executed and delivered to CITY all documents, instruments, and policies required under the NSP2 Loan Documents; and

(f) CITY has received a written draw request from BORROWER, including certification that the condition set forth in Section 3.6(g) continues to be satisfied, and setting forth the proposed uses of funds consistent with Predevelopment Costs previously approved by CITY, the amount of funds needed, and, where applicable, a copy of the bill or invoice covering the Predevelopment Costs incurred or to be incurred; and

(g) BORROWER has completed, executed and submitted to CITY a Request For Project Draw Down form, in a form acceptable to CITY, indicating BORROWER's request for disbursement of NSP2 Loan funds and setting forth the proposed use, the amount needed, and, where applicable, a copy of the billing or invoice covering the costs to be incurred. BORROWER agrees that no request for NSP2 Loan funds shall be submitted until the NSP2 Loan funds are needed for payment of eligible costs, and that each request shall be limited to the amount needed. BORROWER shall supply CITY other documentation or information as CITY in its discretion deems necessary to substantiate the amount and nature of the eligible cost(s). All disbursements are on a reimbursement basis only. BORROWER is required to have all work, purchases, and services completed prior to submittal of the required invoice form. If there is the need for an advance of NSP2 Loan funds, BORROWER shall submit a copy of any and all bids and cost estimates to CITY. Any and all advance disbursements of the NSP2 Loan funds by CITY shall be determined by CITY, in its sole discretion.

Section 3.7 Repayment.

The NSP2 Loan shall be repaid as follows:

(a) Provided that no Event of Default exists and the Property is rented to a Qualified Tenant in compliance with Section 5 below, CITY shall forgive the NSP2 Loan upon expiration of the Term.

(b) Subject to subsection (a) above, BORROWER shall pay all outstanding principal and accrued interest on the NSP2 Loan, in full, on the earliest to occur of (i) a Transfer, (ii) an Event of Default, and (iii) the expiration of the Term.

(c) BORROWER may prepay the NSP2 Loan at any time without premium or penalty. Regardless of any prepayment or Transfer, BORROWER acknowledges that the provisions of this NSP2 Loan Agreement, including but not limited to the requirement that the Property be rented to a Qualified Tenant, are applicable even if BORROWER has prepaid all or a portion of the NSP2 Loan amount.

Section 3.8 Non-Recourse.

Except as provided below, neither BORROWER, nor any general or limited partner of BORROWER, shall have any direct or indirect personal liability for payment of the principal of, and interest on, theNSP2 Loan or the performance of the covenants of BORROWER under the NSP2 Deed of Trust. Following recordation of the NSP2 Deed of Trust, the sole recourse of CITY with respect to the principal of, and interest on, the NSP2 Note and defaults by Borrower in the performance of its covenants under the NSP2 Deed of Trust shall be to the property described in the NSP2 Deed of Trust; provided, however, that nothing contained in the foregoing limitation of liability shall: (a) limit or impair the enforcement against all such security for the NSP2 Note of all the rights and remedies of CITY thereunder; or (b) be deemed in any way to impair the right of CITY to assert the unpaid principal amount of the NSP2 Note as demand for money within the meaning and intendment of Section 431.70 of the California Code of Civil Procedure or any successor provision thereto. The foregoing limitation of liability is intended to apply only to the obligation for the repayment of the principal of, and payment of interest on the NSP2 Note and the performance of BORROWER's obligations under the NSP2 Deed of Trust, except as hereafter set forth; nothing contained herein is intended to relieve BORROWER of its obligation to indemnify CITY under this NSP2 Loan Agreement, or liability for: (i) fraud or willful misrepresentation;(ii) the failure to pay taxes, assessments or other charges which may create liens on the Property that are payable or applicable prior to any foreclosure under the NSP2 Deed of Trust (to the full extent of such taxes, assessments or other charges); (iii) the fair market value of any personal property or fixtures removed or disposed of by Borrower other than in accordance with the NSP2 Deed of Trust; and (iv) the misappropriation of any proceeds under any insurance policies or awards resulting from condemnation or the exercise of the power of eminent domain or by reason of damage, loss or destruction to any portion of the Property.

SECTION 4. PREDEVELOPMENT ACTIVITIES.

Section 4.1 Predevelopment Activities.

(a) This Article 4 sets forth various predevelopment activities that BORROWER shall seek diligently and in good faith to perform and achieve. Satisfaction of these conditions depends on performance by BORROWER. Only CITY can waive satisfaction of the conditions in this Article 4.

(b) The tasks described below shall be completed no later than the dates set forth in the Project Timeline attached to this NSP2 Loan Agreement as Exhibit C, subject to force majeure pursuant to Section 31 below. At CITY's sole discretion, the Project Timeline may be modified in a writing executed by BORROWER and by CITY Manager, or his designee, on behalf of CITY without formal amendment of this NSP2 Loan Agreement.

(c) Without affecting the validity of the deadline for any particular condition set forth in this Article 4, all conditions set forth in this Article 4 shall be satisfied by not later than the date set forth in the Project Timeline, or else this NSP2 Loan Agreement may be terminated pursuant to Section 8, and CITY shall have the right and remedies set forth in Section 10.

Section 4.2 Financing Proposal.

(a) Within the time set forth in the Project Timeline, BORROWER shall submit to CITY a "Financing Proposal" for the Property. The Financing Proposal shall be BORROWER's then current estimate of costs for financing the construction of the Property. The Financing Proposal shall be based on the Project Budget attached to this NSP2 Loan Agreement as Exhibit B. CITY shall review the Financing Proposal and either approve or disapprove the Financing Proposal within thirty (30) days after receipt. Any disapproval shall state in writing the specific reasons for the disapproval and specify in reasonable detail all of the changes CITY requests be made in order to obtain approval. The BORROWER shall thereafter submit a revised Financing Proposal within thirty (30) days of notification of disapproval. CITY shall either approve or disapprove the submitted revised Financing Proposal within thirty (30) days of the date such revised Financing Proposal is received by CITY, and shall approve the revised Financing Proposal if the requested changes have been made.

(b) If CITY disapproves the revised Financing Proposal, this NSP2 Loan Agreement may be terminated by CITY pursuant to Section 8 below. Only upon CITY approval of the Financing Proposal shall the condition of Section 4.2(a) be deemed met. When, and if, a revised Financing Proposal has been approved, it shall form a part of this NSP2 Loan Agreement.

(c) The BORROWER shall submit any material revisions to an approved Financing Proposal to CITY for its review and approval, which approval shall not be unreasonably withheld. Any proposed revised Financing Proposal shall be considered and approved or disapproved by CITY in the same manner and according to the same timeframe set forth above for the initial Financing Proposal.

Section 4.3 Conceptual Site Plans.

(a) The BORROWER shall cause preparation by a licensed architect of a "Conceptual Site Plan" and proposed elevations for the Property. Within the time set forth in the Project Timeline, BORROWER shall submit such Conceptual Site Plan to CITY for review. The Conceptual Site Plan and the elevations shall describe the basic physical characteristics of the

Property that will serve as a basis for BORROWER's application for the any governmental approvals and for the preparation of the design documents and construction plans.

(b) The City shall review the Conceptual Site Plan and either approve or disapprove the Conceptual Site Plan within thirty (30) days after receipt. Any disapproval shall state in writing the specific reasons for the disapproval and specify in reasonable detail all of the changes CITY requests be made in order to obtain approval. The BORROWER shall thereafter submit a revised Conceptual Site Plan within thirty (30) days of notification of disapproval. The City shall either approve or disapprove the submitted revised Conceptual Site Plan within thirty (30) days of the date such revised Conceptual Site Plan is received by CITY, and shall approve the revised Conceptual Site Plan if the requested changes have been made.

(c) Only upon CITY approval of the Conceptual Site Plan shall the condition of this Section 4.3 be deemed met. If BORROWER fails to deliver such evidence within the time set forth in the Project Timeline the NSP2 Loan Agreement may be terminated by CITY pursuant to Section 8 below.

Section 4.4 Design Property Documents.

(a) The BORROWER shall cause preparation by a licensed architect of Design Property Documents ("Design Property Documents") for the Property. Within the time set forth in the Project Timeline, BORROWER shall submit such Design Property Documents to CITY for review. During the preparation of the Design Property Documents, BORROWER shall communicate and consult informally, and shall hold regular progress meetings, as frequently as necessary to ensure that the formal submittal of any plan or related document to CITY can receive prompt consideration. The Design Property Documents shall be consistent with and in substantial conformity with the Conceptual Site Plan. The Design Property Documents shall consist of drawings, outline specifications and other documents to fix and describe the size, quality, and character of the Property as to architectural and basic structural and mechanical systems. Specifically the Design Property Documents shall indicate estimated structural dimensions, and delineation of site features and elevations, materials and colors, landscaping and other features. Key details shall comply with CITY's development review requirements.

(b) CITY shall review the Design Property Documents and either approve or disapprove the Design Property Documents within thirty (30) days after receipt. Any disapproval shall state in writing the specific reasons for the disapproval and specify in reasonable detail all of the changes CITY requests be made in order to obtain approval. The BORROWER shall thereafter submit revised Design Property Documents within thirty (30) days of notification of disapproval. CITY shall either approve or disapprove the submitted revised Design Property Documents within thirty (30) days of the date such revised Design Property Documents are received by CITY, and shall approve the revised Design Property Documents if the requested changes have been made.

(c) Only upon CITY approval of Design Property Documents shall the condition of this Section 4.4 be deemed met. If BORROWER fails to deliver such evidence

within the time set forth in the Project Timeline, this NSP2 Loan Agreement may be terminated by CITY pursuant to Section 8 below.

Section 4.5 Periodic Reports.

Upon the request of CITY, but no less often than once a month, BORROWER shall submit progress reports of the predevelopment activities to CITY. CITY and BORROWER shall also meet as frequently as necessary, but no less often than monthly, for regular briefings and progress reports.

Section 4.6 BORROWER Supervision of Predevelopment Activities.

The BORROWER shall be solely responsible for all aspects of BORROWER's conduct in connection with the performance of the predevelopment activities, including (but not limited to) the quality and suitability of the plans and specifications, the supervision of work, and the qualifications, financial condition, and performance of all architects, engineers, contractors, subcontractors, suppliers, and consultants. Any review or inspection undertaken by CITY with reference to the predevelopment activities and the Property is solely for the purpose of determining whether BORROWER is properly discharging its obligations to CITY and should not be relied upon by BORROWER or by any third parties as a warranty or representation by CITY as to the quality of the design or construction of the Property.

SECTION 5. RENTAL OF THE PROPERTY.

Section 5.1 Rental of the Property.

Notwithstanding the provisions in this NSP2 Loan Agreement, BORROWER shall rent the Property to Qualified Tenants as follows:

(a) The Property shall be rented to Qualified Tenants pursuant to the term of a one-year lease, in a form approved by CITY.

(b) BORROWER shall rent no less than twenty-four (24) NSP assisted units located on the Property to Qualified Tenants during the Continued Affordability Period.

(c) The Qualified Tenant shall pay no more than the Affordable Rent to BORROWER during the Continued Affordability Period. The Affordable Rent shall be used by BORROWER to pay maintenance costs and property taxes of the Property. Subject to the rights of senior lenders, any remaining Affordable Rent following payment of the maintenance costs and property taxes of the Property shall be retained by BORROWER.

(d) BORROWER shall be solely responsible for maintenance and repair of the Property in accordance with CITY policies until the expiration of the NSP2 Regulatory Agreement.

(e) BORROWER shall be solely responsible for the payment of property taxes of the Property. In no event shall BORROWER permit a tax or delinquency lien to be secured against the Property.

SECTION 6. LOAN REQUIREMENTS. BORROWER'S OBLIGATIONS AND CONDITIONS

Section 6.1 Compliance with MOU.

BORROWER shall comply with the terms of the MOU and any breach under the MOU, subject to the notice and cure periods set forth in Section 8 below, is a Default under this NSP2 Loan Agreement. The MOU is hereby incorporated into this NSP2 Loan Agreement by this reference.

Section 6.2 Anti-Speculation Requirements.

BORROWER recognizes and acknowledges the importance of developing and maintaining affordable rental housing for Very Low Income Households to the general welfare of the City of Modesto. BORROWER covenants and agrees, for itself and its successors, assigns and transferees that each Eligible Property will be used exclusively for the operation of affordable rental housing for Very Low Income Households in accordance with the NSP2 Regulatory Agreement and not for any form of speculation and landholding. BORROWER understands and agrees that, without the advance written consent of CITY, BORROWER is prohibited from selling, transferring, conveying or assigning an Eligible Property or any interest therein.

Section 6.3 NSP2 Requirements.

BORROWER shall comply with all applicable laws and regulations governing the use of the NSP2 Funds as set forth in the NSP2 Requirements. In the event of any conflict between this NSP2 Loan Agreement, the NSP2 Note, the NSP2 Deed of Trust, or the NSP2 Regulatory Agreement, the NSP2 Requirements shall govern.

(a) The laws and regulations governing the use of the NSP2 Loan include (but are not limited to) the following:

(i) Environmental and Historic Preservation. 24 C.F.R. Part 58, which prescribes procedures for compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321-4361), and the additional laws and authorities listed at 24 C.F.R. 58.5.

(ii) Applicability of OMB Circulars. The applicable policies, guidelines, and requirements of OMB Circulars Nos. A-87, A-102, Revised, A-110, A-122, and A-133.

(iii) Debarred, Suspended or Ineligible Contractors. The prohibition on the use of debarred, suspended, or ineligible contractors set forth in 24 C.F.R. Part 24.

(iv) Civil Rights, Housing and Community Development, and Age Discrimination Acts.

(1) Compliance. BORROWER shall comply with the Fair Housing Act (42 U.S.C. 3601 et seq.) and implementing regulations at 24 C.F.R. Part 100; Title VI of the Civil Rights Act of 1964 as amended; Title VIII of the Civil Rights Act of 1968 as amended; Section 104(b) and Section 109 of Title I of the Housing and Community Development Act of 1974 as amended; Section 504 of the Rehabilitation Act of 1973 (29 USC 794, et seq.); the Age Discrimination Act of 1975 (42 USC 6101, et seq.); Executive Order 11063 as amended by Executive Order 12259 and implementing regulations at 24 C.F.R. Part 107; Executive Order 11246 as amended by Executive Orders 11375, 12086, 11478, 12107; Executive Order 11625 as amended by Executive Order 12007; Executive Order 12432; Executive Order 12138 as amended by Executive Order 12608.

(2) Non-Discrimination. BORROWER shall comply with the non-discrimination in employment and contracting opportunities laws, regulations and executive orders referenced in 24 C.F.R. 570.607, as revised by Executive Order 13279, and the applicable non-discrimination provisions in Section 109 of the Housing and Community Development Act of 1974, and may not discriminate against any employee or applicant for employment because of race, color, creed, religion, ancestry, national origin, sex, disability, age, marital status, or status with regard to public assistance. BORROWER shall take affirmative action to ensure that all employment practices are free from such discrimination. Such employment practices include but are not limited to the following: hiring, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff, termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. BORROWER shall post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause.

(3) Land Covenants. This Agreement is subject to the requirements of Title VI of the Civil Rights Act of 1964 (P.L. 88-352) and 24 C.F.R. 570.601. In regard to the sale, lease, or other transfer of land acquired, cleared or improved with assistance provided under this NSP2 Loan Agreement, BORROWER shall cause or require a covenant running with the land to be inserted in the deed or lease for such transfer, prohibiting discrimination as herein defined, in the sale, lease or rental, or in the use or occupancy of such land, or in any improvements erected or to be erected thereon, providing that CITY and the United States are beneficiaries of and entitled to enforce such covenants. BORROWER, in undertaking its obligation to carry out the program assisted hereunder, agrees to take such measures as are necessary to enforce such covenant, and will not itself so discriminate.

(v) Lead-Based Paint. The requirement of the Lead-Based Paint Poisoning Prevention Act, as amended (42 U.S.C. 4821 et seq.), the Residential Lead-Based Paint Hazard Reduction Act (42 U.S.C. 4851 et seq.), and implementing regulations at 24 C.F.R. Part 35.

(vi) Relocation. The requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (42 U.S.C. 4601, et seq.), and implementing regulations at 49 C.F.R. Part 24 (as modified by the NSP2 Requirements); 24

C.F.R. 570.606; Section 104(d) of the Housing and Community Development Act of 1974 and implementing regulations at 24 C.F.R. 42 et seq.; and California Government Code Section 7260 et seq. and implementing regulations at 25 California Code of Regulations Sections 6000 et seq., relating to the acquisition and disposition of all real property purchased with NSP2 Funds, and to the permanent or temporary displacement of persons, businesses, nonprofit organizations and farms occurring as a direct result of any predevelopment of real property made with NSP2 Funds, and state and local relocation laws. If, and to the extent that the predevelopment of the Property results in the permanent or temporary displacement of residential tenants, homeowners, or businesses, then BORROWER shall comply with all applicable local, state, and federal statutes and regulations with respect to relocation planning, advisory assistance, and payment of monetary benefits. BORROWER shall prepare and submit a relocation plan to CITY for approval. BORROWER is solely responsible for payment of any relocation benefits to any displaced persons and any other obligations associated with complying with such relocation laws. BORROWER shall indemnify, defend (with counsel reasonably chosen by CITY), and hold harmless CITY, its council members, officers, representatives, agents, assigns and employees against all claims that arise out of relocation obligations to residential tenants, homeowners, or businesses permanently or temporarily displaced by the Property. The requirements in this subsection shall survive repayment of the NSP2 Loan and the reconveyance of the NSP2 Deed of Trust.

(vii) Discrimination against the Disabled. The requirements of the Fair Housing Act (42 U.S.C. 3601 et seq.) and implementing regulations at 24 C.F.R. Part 100; Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), and federal regulations issued pursuant thereto, which prohibit discrimination against the disabled in any federally assisted program, the requirements of the Architectural Barriers Act of 1968 (42 U.S.C. 4151-4157) and the applicable requirements of Title II and/or Title III of the Americans with Disabilities Act of 1990 (42 U.S.C. 12131 et seq.), and federal regulations issued pursuant thereto.\

(viii) Clean Air and Water Acts. The Clean Air Act, as amended, 42 U.S.C. 7401 et seq., the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq., and the regulations of the Environmental Protection Agency with respect thereto, at 40 C.F.R. Part 1500, as amended from time to time.

(ix) Uniform Administrative Requirements. If applicable, the requirements of applicable sections of 24 C.F.R. Part 85, as amended from time-to-time, "Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments" and 24 C.F.R. 570.502 regarding cost and auditing requirements.

(x) Training Opportunities. The requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. 1701u ("Section 3"), requiring that to the greatest extent feasible opportunities for training and employment be given to lower income residents of the project area and agreements for work in connection with the project be awarded to business concerns which are located in, or owned in substantial part by persons residing in, the areas of the project. BORROWER agrees to include the following language in all subcontracts executed under this NSP2 Loan Agreement:

(1) The work to be performed under this contract is subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. 1701u. The purpose of Section 3 is to ensure that employment and other economic opportunities generated by HUD assistance or HUD-assisted projects covered by Section 3, shall, to the greatest extent feasible, be directed to low- and very low-income persons, particularly persons who are recipients of HUD assistance for housing.

(2) The parties to this contract agree to comply with HUD's regulations in 24 C.F.R. Part 135, which implement Section 3. As evidenced by their execution of this contract, the parties to this contract certify that they are under no contractual or other impediment that would prevent them from complying with the Part 135 regulations.

(3) The contractor agrees to send to each labor organization or representative of workers with which the contractor has a collective bargaining agreement or other understanding, if any, a notice advising the labor organization or workers' representative of the contractor's commitments under this Section 3 clause; and will post copies of the notice in conspicuous places at the work site where both employees and applicants for training and employment positions can see the notice. The notice shall describe the Section 3 preference; shall set forth minimum number and job titles subject to hire; availability of apprenticeship and training positions; the qualifications for each; the name and location of the person(s) taking applications for each of the positions; and the anticipated date the work shall begin.

(4) The contractor agrees to include this Section 3 clause in every subcontract subject to compliance with regulations in 24 C.F.R. Part 135, and agrees to take appropriate action, as provided in an applicable provision of the subcontract or in this Section 3 clause, upon a finding that the subcontractor is in violation of the regulations in 24 C.F.R. Part 135. The contractor will not subcontract with any subcontractor where the contractor has notice or knowledge that the subcontractor has been found in violation of the regulations in 24 C.F.R. Part 135.

(5) The contractor will certify that any vacant employment positions, including training positions, that are filled (1) after the contractor is selected but before the contract is executed, and (2) with persons other than those to whom the regulations of 24 C.F.R. Part 135 require employment opportunities to be directed, were not filled to circumvent the contractor's obligations under 24 C.F.R. Part 135.

(6) Noncompliance with HUD's regulations in 24 C.F.R. Part 135 may result in sanctions, termination of this contract for default, and debarment or suspension from future HUD assisted contracts.

(7) With respect to work performed in connection with Section 3 covered Indian housing assistance, section 7(b) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450e) also applies to the work to be performed

under this contract. Section 7(b) requires that to the greatest extent feasible (i) preference and opportunities for training and employment shall be given to Indians, and (ii) preference in the award of contracts and subcontracts shall be given to Indian organizations and Indian-owned Economic Enterprises. Parties to this contract that are subject to the provisions of Section 3 and section 7(b) agree to comply with Section 3 to the maximum extent feasible, but not in derogation of compliance with section 7(b).

(xi) Labor Standards. The labor requirements set forth in 24 C.F.R. Section 570.603; the prevailing wage requirements of the Davis-Bacon Act and implementing rules and regulations (40 U.S.C. 3141-3148); the Copeland "Anti-Kickback" Act (40 U.S.C. 276(c)) which requires that workers be paid at least once a week without any deductions or rebates except permissible deductions; the Contract Work Hours and Safety Standards Act – CWHSSA (40 U.S.C. 3701-3708) which requires that workers receive "overtime" compensation at a rate of 1-1/2 times their regular hourly wage after they have worked forty (40) hours in one (1) week; and Title 29, Code of Federal Regulations, Subtitle A, Parts 1, 3 and 5 are the regulations and procedures issued by the Secretary of Labor for the administration and enforcement of the Davis-Bacon Act, as amended.

(xii) Drug Free Workplace. The requirements of the Drug Free Workplace Act of 1988 (P.L. 100-690) and implementing regulations at 24 C.F.R. Part 24.

(xiii) Anti-Lobbying; Disclosure Requirements. The disclosure requirements and prohibitions of 31 U.S.C. 1352 and implementing regulations at 24 C.F.R. Part 87.

(xiv) Historic Preservation. The historic preservation requirements set forth in the National Historic Preservation Act of 1966, as amended (16 U.S.C. Section 470) and the procedures set forth in 36 C.F.R. Part 800. If archeological, cultural, or historic period resources are discovered during construction, all construction work must come to a halt and BORROWER shall immediately notify the County. BORROWER shall not shall alter or move the discovered material(s) until all appropriate procedures for "post-review discoveries" set forth in Section 106 of the National Historic Preservation Act have taken place, which include, but are not limited to, consultation with the California State Historic Preservation Officer and evaluation of the discovered material(s) by a qualified professional archeologist.

(xv) Flood Disaster Protection. The requirements of the Flood Disaster Protection Act of 1973 (P.L. 93-234) (the "Flood Act"). No portion of the assistance provided under this NSP2 Loan Agreement is approved for acquisition or construction purposes as defined under Section 3(a) of the Flood Act, for use in an area identified by HUD as having special flood hazards which is not then in compliance with the requirements for participation in the national flood insurance program pursuant to Section 201(d) of the Flood Act. The use of any assistance provided under this NSP2 Loan Agreement for such acquisition or construction in such identified areas in communities then participating in the National Flood Insurance Program is subject to the mandatory purchase of flood insurance requirements of Section 102(a) of the Flood Act. If the Property is located in an area identified by HUD as having special flood hazards and in which the sale of flood insurance has been made available under the National Flood Insurance Act of 1968, as amended, 42 U.S.C. 4001 et seq., the property owner and its

successors or assigns must obtain and maintain, during the ownership of the Property, such flood insurance as required with respect to financial assistance for acquisition or construction purposes under Section 102(s) of the Flood Act. Such provisions are required notwithstanding the fact that the construction on the Property is not itself funded with assistance provided under this NSP2 Loan Agreement.

(xvi) Procurement.

(1) Compliance. CITY has the right to require BORROWER to comply with any or all current CITY's NSP2 Policies and Procedures Manual concerning the purchase of equipment and shall maintain an inventory record of all non-expendable personal property (as defined by CITY policy) as may be procured with funds provided herein. All property assets (unexpended program income, property, equipment, etc.) shall revert to CITY upon termination of this NSP2 Loan Agreement.

(xvii) Documentation and Record-Keeping.

(1) Records to be Maintained. BORROWER shall maintain all records required by the federal regulations specified in 24 C.F.R. Part 570.506 and the NSP2 Requirements, and satisfactory to CITY staff, and that are pertinent to the activities to be funded under this NSP2 Loan Agreement. Such records include but are not be limited to:

(A) Records providing a full description of each activity undertaken;

(B) Certification executed by BORROWER in substantially the same form as attached as Exhibit E, demonstrating that each activity undertaken meets one of the National Objectives of the CDBG and NSP2 Program;

(C) Records required to determine the eligibility of activities;

(D) Records required to document the acquisition, improvement, use or disposition of real property acquired or improved with CDBG and NSP2 assistance;

(E) Records documenting compliance with the fair housing and equal opportunity components of the CDBG and NSP2 Program;

(F) Records documenting compliance with the changes in use restrictions specified in 24 C.F.R. Part 570.505 (for any properties that are retained).

(G) Records as required by 24 C.F.R. Part 570.502, 24 C.F.R. 84.21-28 and OMB Circular A-110; and

(H) Other records necessary to document compliance with Subpart K of 24 C.F.R. 570 and the NSP2 Requirements.

(2) Insufficient Records. CITY shall notify BORROWER of any records it deems insufficient. BORROWER shall have thirty (30) calendar days after the receipt of such a notice to correct any deficiency in the records specified by CITY in such notice, or if a period longer than thirty (30) days is reasonably necessary to correct the deficiency, then BORROWER shall begin to correct the deficiency within thirty (30) days and correct the deficiency as soon as reasonably possible.

(3) Retention of Records. BORROWER shall retain all financial records, supporting documents, statistical records, and all other records pertinent to services performed and expenditures incurred under this NSP2 Loan Agreement for a period of five (5) years after the termination of all activities funded under this NSP2 Loan Agreement, or after the resolution of all litigation, claims, federal audits, negotiation or other actions that involve any of the records cited, whichever occurs later. BORROWER shall retain records for non-expendable property acquired with funds under this NSP2 Loan Agreement for five (5) years after final disposition of such property. Records for any displaced person must be kept for five (5) years after he/she has received final payment.

(4) National Objectives. Pursuant to subsection (1)(B) above, BORROWER shall execute and submit to CITY a certification in substantially the same form as attached as Exhibit E for approval by CITY that the activities carried out with funds provided under this NSP2 Loan Agreement meet the low/moderate/middle income national objective under the NSP2 Program.

(5) Close-Outs. BORROWER's obligation to CITY does not end until all close-out requirements are completed. Close-out period requirements include, but are not limited to: submission of close-out report; making final payments; disposing of property assets (including the return of all unused materials, equipment, unspent cash advances, program income balances, and receivable accounts to CITY); and determining the custodianship of records.

(6) Audits and Inspections. CITY shall notify BORROWER of any records it deems insufficient. BORROWER shall have fifteen (15) calendar days after the receipt of such a notice to correct any deficiency in the records specified by CITY in such notice, or if a period longer than fifteen (15) days is reasonably necessary to correct the deficiency, then BORROWER shall begin to correct the deficiency within fifteen (15) days and correct the deficiency as soon as reasonably possible.

(xviii) Hatch Act. BORROWER agrees that no funds provided, nor personnel employed under this NSP2 Loan Agreement, shall be in any way, or to any extent engaged, in the conduct of political activities in violation of 5 U.S.C. 15.

(xix) Conflict of Interest. BORROWER agrees to abide by the provisions of 24 C.F.R. 84.42 and 24 C.F.R. 570.611 with respect to conflicts of interest, which include (but are not limited to) the following:

(1) BORROWER shall maintain a written code or standards of conduct that shall govern the performance of its officers, employees or agents engaged in the award and administration of contracts supported by federal funds.

(2) No employee, officer or agent of BORROWER shall participate in the selection, or in the award, or administration of, a contract supported by federal funds if a conflict of interest, real or apparent, would be involved.

(3) BORROWER covenants that it presently has no financial interest and shall not acquire any financial interest, direct or indirect, which would conflict in any manner or degree with the performance of services required under this NSP2 Loan Agreement. BORROWER further covenants that in the performance of this NSP2 Loan Agreement no person having such a financial interest shall be employed or retained by BORROWER hereunder.

(4) Except for approved eligible administrative or personnel costs, no person described in this subsection who exercises or has exercised any functions or responsibilities with respect to the activities funded pursuant to this NSP2 Loan Agreement or who is in a position to participate in a decision-making process or gain inside information with regard to such activities, may obtain a personal or financial interest or benefit from the activity, or have an interest in any contract, subcontract or agreement with respect thereto, or the proceeds thereunder, either for themselves or those with whom they have family or business ties, during, or at any time after, such person's tenure. BORROWER shall exercise due diligence to ensure that the prohibition in this subsection is followed. The conflict of interest provisions of this subsection apply to any person who is an employee, agent, consultant, officer, or any immediate family member of such person, or any elected or appointed official of CITY, or any person related within the third (3rd) degree of such person.

(xx) Section 2304 Requirements. BORROWER shall comply with Section 2304 of Title III of Division B of the Housing and Economic Recovery Act of 2008, which states that no NSP2 Funds may be distributed to: (a) an organization that has been indicted for a violation under federal law relating to an election for federal office; or (b) an organization that employs applicable individuals. An "applicable individual" means an individual who has been indicted for a violation under federal law relating to an election for federal office and is: (a) employed by the organization in a permanent or temporary capacity or is contracted or retained by the organization; or (b) acting on behalf of, or with the express or apparent authority of the organization.

(xxi) Recovery of Capital Costs. BORROWER shall not attempt to recover any capital costs of public improvements assisted with CDBG or NSP2 Funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements. However, if NSP2 Funds are used to pay the proportion of a fee or assessment attributable to the capital costs of public improvements (assisted in part with NSP2 Funds) financed from other revenue sources, an assessment or charge may be made against the Property Parcel with respect to the public improvement financed by a source other than CDBG or NSP2 Funds.

(xxii) Subcontracts.

(1) Approvals. BORROWER may not enter into any subcontracts in an amount greater than Ten Thousand Dollars ($10,000) with any entity or individual in the performance of this NSP2 Loan Agreement without the written consent of CITY prior to the execution of such subcontract.

(2) Monitoring. BORROWER shall monitor all subcontracted services on a regular basis to assure contract compliance. BORROWER shall summarize the results of monitoring efforts in written reports that are supported by documented evidence of follow-up actions taken to correct any areas of noncompliance.

(3) Content. BORROWER shall cause all of the provisions of this NSP2 Loan Agreement in its entirety to be included in and made a part of any subcontract executed in the performance of this NSP2 Loan Agreement.

(4) Selection Process. BORROWER shall undertake to ensure that all subcontracts let in the performance of this NSP2 Loan Agreement are awarded on a fair and open competitive basis in accordance with applicable procurement requirements. BORROWER shall forward executed copies of all subcontracts to CITY along with documentation concerning the selection process.

(xxiii) Lobbying. BORROWER hereby certifies that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of CITY, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, or the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;

(2) If any funds other than federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of CITY, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions;

(3) It will require that the following language be included in the award documents for all sub-awards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all sub-contractors shall certify and disclose accordingly:

> "This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by

Section 1352, Title 31, U.S.C. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure."

(4) This certification is a material representation of fact upon which reliance was placed when this NSP2 Loan Agreement was made or entered into. Submission of this certification is a prerequisite for making or entering into this NSP2 Loan Agreement imposed by 31 U.S.C. Section 1352. Any person who fails to file the required certification will be subject to a civil penalty of not less than Ten Thousand Dollars ($10,000) and not more than One Hundred Thousand Dollars ($100,000) for such failure.

(xxiv) Religious Organization. BORROWER agrees that funds provided under this NSP2 Loan Agreement will not be utilized for religious activities, to promote religious interests, or for the benefit of a religious organization in accordance with the federal regulations specified in 24 C.F.R. 570.200(j).

(xxv) Buy American. BORROWER shall comply with Section 1605 of the NSP2 Act which offers government-wide guidance at 2 CFR 176, with regards to the Buy American Program and the responsibilities and compliance requirements connected thereto. BORROWER assumes responsibility for the acts of its employees and sub-contractors as they relate to the procurement of building materials in connection to the "Buy American" Program.

(xxvi) HUD Regulations. Any other HUD regulations present or as may be amended, added, or waived in the future pertaining to the NSP2 Loan funds.

Section 6.4 Progress Reports.

Until such time as BORROWER has sold the Property, BORROWER shall provide CITY with certified quarterly progress reports regarding the status of its acquisition and rental.

Section 6.5 Environmental Indemnity.

As an inducement to CITY to enter into this NSP2 Loan Agreement, BORROWER agrees that from and after the close of escrow for purchase of the Property, BORROWER assumes the risk of and agrees to indemnify and hold CITY harmless, and to defend CITY against and from any and all claims, liabilities, judgments, damages, losses, administrative actions, litigation, response costs, penalties, expenses (including without limitation costs and attorneys' fees), or demands CITY might otherwise incur to any party, including any applicable federal, state or local governmental body which relate to the existence, presence, storage, lease, discharge, emission or disposal of hazardous and toxic materials or otherwise harmful substances of any kind whatsoever on, under or above the property or which come into contact with the property and affect other properties, regardless of when such condition came into existence. This indemnification shall attach and bind BORROWER under BORROWER's ownership of the Property and shall also serve, as between CITY and BORROWER, to fully insulate CITY from liability and responsibility under any future third party ownership of the Property to the fullest extent under applicable law.

Section 6.6 Inspections. Right of Access.

For purposes of assuring compliance with the Loan Documents, authorized representatives and agents of CITY shall have reasonable right of access to the Property, without charges or fees, to conduct inspection of the use, operation and maintenance of the Property.

Section 6.7 Tenant Displacement. Relocation.

In the event of a temporary displacement of any bona fide tenant occupying the Property, BORROWER shall comply with all applicable local, state and federal statutes and regulations with respect to tenant protection, relocation planning advisory assistance, and payment of monetary benefits. To the extent required by law or local ordinance, BORROWER shall be solely responsible for payment of any relocation benefits to any displaced person or persons and any other obligations associated with compliance with said tenant protection and/or relocation laws.

Section 6.8 Prohibition Against Transfer and Assignment of Agreement

(a) For purposes of this NSP2 Loan Agreement, "Transfer" means any sale, assignment, or transfer, whether voluntary or involuntary, of (i) any rights and/or duties under this NSP2 Loan Agreement, and/or (ii) any interest in the Property, including (but not limited to) a fee simple interest, a joint tenancy interest, a life estate, a partnership interest, a leasehold interest, a security interest, or an interest evidenced by a land contract by which possession of the Property is transferred and BORROWER retains title. The term "Transfer" excludes the lease to a Qualified Tenant of the Property in compliance with the NSP2 Regulatory Agreement, and excludes a transfer of the Property and assignment of the Loan Documents to a nonprofit public benefit corporation affiliated with Satellite and/or ABHOW (including but not limited to Satellite Affordable Housing Associates, a California nonprofit public benefit corporation) or to a limited partnership of which Satellite, ABHOW, or an affiliated nonprofit public benefit corporation or limited liability company is the general partner or the managing general partner.

(b) No Transfer is permitted without the prior written consent of CITY, which CITY may withhold in its sole discretion. The NSP2 Loan will automatically accelerate and be due in full upon any Transfer made without the prior written consent of CITY.

(c) In the absence of specific written agreement by CITY, no Transfer or the approval thereof by CITY, shall be deemed to relieve BORROWER or any other party from any obligations under this NSP2 Loan Agreement.

(d) BORROWER acknowledges and understands in the event of a Transfer, without advance written consent of CITY, any proceeds received in excess of the unpaid balance of the NSP2 Loan is subject to recapture by CITY pursuant to regulations governing NSP2 funds.

Section 6.9 Obligation to Refrain from Discrimination.

BORROWER covenants and agrees for itself, its successors, its assigns and every successor in interest to the Property or any part thereof, that there shall be no discrimination against or segregation of any person, or group of persons on account of race, color, creed, religion, sex, age, marital status, ancestry, national origin, physical handicap or other arbitrary factor in the sale, lease, sublease, transfer, use, occupancy, tenure or enjoyment of the Property or any part thereof, nor shall BORROWER itself or any person claiming under or through it establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees or vendees of the Property or any part thereof. The foregoing covenants shall run with the land and shall remain in effect in perpetuity. The NSP2 Regulatory Agreement shall contain appropriate reference and provision to carry out the purpose of this Section.

Section 6.10 Maintenance of the Property.

(a) BORROWER agrees to maintain the improvements and landscaping on the Property in a clean and orderly condition and in good condition and repair and keep the Property free from any accumulation of debris and waste materials If there arises a condition in contravention of this requirement, and if BORROWER has not cured such condition within thirty (30) days after receiving a CITY notice of such a condition, then in addition to any other rights available to CITY, CITY may perform all acts necessary to cure such condition, and to establish or enforce a lien or other encumbrance against the Property, subject to the provisions provided in subsection (b) below.

(b) Subject to the requirements of senior lenders, and if economically feasible in CITY's judgment after consultation with BORROWER, if any improvement now or in the future on the Property is damaged or destroyed, then BORROWER shall, at its cost and expense, diligently undertake to repair or restore such improvement consistent with the plans and specifications approved by CITY with such changes as have been approved by CITY. Such work or repair is to be commenced no later than the later of one hundred twenty (120) days, or such longer period approved by CITY in writing, after the damage or loss occurs or thirty (30) days following receipt of the insurance proceeds, and is to be complete within one (1) year thereafter. Any insurance proceeds collected for such damage or destruction are to be applied to the cost of such repairs or restoration and, if such insurance proceeds are insufficient for such purpose, then BORROWER shall make up the deficiency. If BORROWER does not promptly make such repairs then any insurance proceeds collected for such damage or destruction are to be promptly delivered by BORROWER to CITY as a special repayment of the Loan, subject to the rights of any senior lenders, if any.

Section 6.11 Record Maintenance and Retentions.

BORROWER shall be accountable to CITY for all funds disbursed to BORROWER pursuant to this Loan Agreement. BORROWER shall maintain records that accurately and fully show the date, amount, purpose and payee of all expenditures incurred in the acquisition of the Property for a period of not fewer than five (5) years after the expiration of the Term.

Section 6.12 Books and Accounts.

BORROWER shall maintain complete books of accounts and other records for the project and for the use of the Loan Funds; including, but not limited to, records of preliminary notices, lien releases, invoices, receipts and certificates of insurance pertaining to the contractor and each subcontractor; and the same shall be available for inspection and copying by CITY upon reasonable notice to BORROWER.

Section 6.13 Fees and Taxes.

BORROWER is solely responsible for payment of all fees, assessments, taxes, charges, and levies imposed by any public authority or utility company with respect to the Property, and shall pay such charges prior to delinquency. However, BORROWER is not required to pay and discharge any such charge so long as (i) the legality thereof is being contested diligently and in good faith and by appropriate proceedings, and (ii) if requested by CITY, BORROWER deposits with CITY any funds or other forms of assurance that the CITY in good faith from time to time determines appropriate to protect CITY from the consequences of the contest being unsuccessful.

Section 6.14 Notice of Litigation.

BORROWER shall promptly notify CITY in writing of any litigation that has the potential to materially affect BORROWER or the Property and of any claims or disputes that involve a material risk of such litigation.

Section 6.15 Insurance Requirements.

BORROWER shall provide at its own expense and maintain at all times through the term of the NSP2 Note, an all-risk property insurance policy with an insurance company licensed in the State of California insuring the Property in an amount equal to the full replacement value of the structures on the Property. The policy shall name CITY as loss payee and shall contain a statement of obligation on behalf of the insurer to notify CITY of any material change, cancellation or termination of coverage at least thirty (30) days in advance of the effective date of such material change, cancellation or termination. The notices required by the preceding sentence shall be given to the Risk Manager of the City of Modesto by certified mail, return receipt requested. BORROWER shall deliver a copy of the certificate of insurance and loss payee endorsement to the Risk Manager of the City of Modesto within (30) days of the Effective Date, and BORROWER shall annually deliver a copy of the certificate of insurance and a loss payee endorsement, signed by an authorized agent of the insurer setting forth the general provisions of coverage.

In addition, BORROWER shall provide at its own expense and maintain at all times through the term of the Note, the following insurance with insurance companies licensed in the State of California and shall provide written evidence of such insurance to the Risk Manager of the City of Modesto no later than the Effective Date, and annually thereafter within thirty (15) days of the renewal of such policies. The policies or certificates thereof shall provide that thirty (30) days prior to cancellation or material change in the policy, notices of same shall be given to the Risk Manager of the City of Modesto by certified mail, return receipt requested, for all of the following stated insurance policies:

(a) General Liability insurance with a minimum limit of liability per occurrence of $1,000,000.00 for bodily injury and property damage. If Commercial General Liability Insurance or other form with a general aggregate limit is used, either the general aggregate limit shall apply separately to this project/location or the general aggregate limit shall be twice the required occurrence limit. This insurance shall indicate on the certificate of insurance the following coverages and indicate the policy aggregate limit applying to: premises and operation; broad form contractual; independent consultants and subcontractors; products and completed operations as applicable.

(b) Worker's Compensation insurance in compliance with the statutes of the State of California, plus employer's liability with a minimum limit of liability of $1,000,000.00.

(c) Automobile Liability insurance with a minimum limit of liability per occurrence of $1,000,000.00 for bodily injury and property damage. This insurance shall cover any automobile used in the course and scope of BORROWER's business for bodily injury and property damage.

(d) Except for Workers Compensation, each policy of insurance shall name CITY, its agents, officers and employees as an additional insured. BORROWER shall provide CITY with separate endorsements evidencing proof of CITY's additional insured status as to both the general liability and automobile liability insurance policies. In addition, BORROWER shall provide CITY with a Workers Compensation subrogation waiver by way of a separate endorsement. All endorsements referenced above must include the applicable policy number. BORROWER shall deliver all certificates of the existence of insurance, loss payee endorsements and additional insured certificates to the Risk Manager of CITY on or before the Effective Date, and annually thereafter within thirty (30) days of the renewal of such policies, signed by an authorized agent of the insurance carrier setting forth the general provisions of coverage. BORROWER's insurance policies shall include a provision that the coverage is primary as respects to CITY and shall include no special limitations to coverage provided to additional insured; and shall be placed with insurer(s) with acceptable Best's rating of A:VII or with approval of the Risk Manager.

If at any time any of said policies shall be unsatisfactory to CITY, as to form or substance, or if a company issuing such policy shall be unsatisfactory to CITY, the BORROWER shall promptly obtain a new policy, submit the same to the Risk Manager for approval and submit a certificate thereof as hereinabove provided. Upon failure of the BORROWER to furnish, deliver or maintain such insurance and certificates as above provided, this NSP2 Loan Agreement, at the election of CITY, may be forthwith declared suspended or terminated. Failure of the BORROWER to obtain and/or maintain any required insurance shall not relieve the BORROWER from any liability under this NSP2 Loan Agreement, nor shall the insurance requirements be construed to conflict with or otherwise limit the obligations of the BORROWER concerning indemnification. The CITY, its agents, officers, employees and volunteers shall be named as an additional insured on all the insurance policies required herein, except the Workers Compensation. The Workers Compensation insurer shall agree to waive all rights of subrogation against

CITY, its agents, officers, employees and volunteers for losses arising from work performed by BORROWER for CITY or in relation to the project.

For any claims related to the Property or operation of the Property, BORROWER's insurance coverage shall be primary insurance as respects CITY, its agents, officers, employees and volunteers. Any insurance or self-insurance maintained by CITY, its officers, employees or volunteers shall be excess of the BORROWER's insurance and shall not contribute with it.

Failure of BORROWER to obtain and/or maintain any required insurance shall not relieve BORROWER from any liability under this NSP2 Loan Agreement nor shall the insurance requirements be construed to conflict with or otherwise limit the obligations of BORROWER relating to indemnification.

SECTION 7. REPRESENTATIONS, WARRANTIES AND CERTIFICATIONS.

BORROWER represents, warrants, and certifies to CITY as follows:

Section 7.1 Organization. Each of ABHOW and Satellite is duly organized, validly existing and in good standing under the laws of the State of California and has the power and authority to own, operate and maintain the Property.

Section 7.2 Authority of BORROWER. BORROWER has full power and authority to execute and deliver this NSP2 Loan Agreement, the Regulatory Agreement all other Loan Documents or instruments executed and delivered, or to be executed and delivered, pursuant to this NSP2 Loan Agreement, and to perform and observe the terms and provisions of all of the above.

Section 7.3 Authority of Persons Executing Documents. The Loan Documents and all documents or instruments executed and delivered, or to be executed and delivered, pursuant to this NSP2 Loan Agreement, have been executed and delivered by persons who are duly authorized to execute and deliver the same for and on behalf of BORROWER. All actions required under BORROWER's organizational documents and applicable governing law for the authorization, execution, delivery and performance of this NSP2 Loan Agreement, the other Loan Documents and all documents or instruments executed and delivered, or to be executed and delivered, pursuant to this NSP2 Loan Agreement, have been duly taken.

Section 7.4 Valid Binding Agreements. The Loan Documents and all documents or instruments executed and delivered pursuant to or in connection with this NSP2 Loan Agreement constitute or, if not yet executed or delivered, will when so executed and delivered, constitute legal, valid and binding obligations of BORROWER, enforceable against BORROWER in accordance with their respective terms.

Section 7.5 No Breach of Law or Agreement. None of the execution or delivery of the Loan Documents or of any document or instrument executed and delivered, or to be executed or delivered, pursuant to this NSP2 Loan Agreement, or the performance of any provision, condition, covenant or other term hereof or thereof, will conflict with or result in a breach of any

statute, rule or regulation, or any judgment, decree or order of any court, board, commission, or agency whatsoever binding on BORROWER or any provision of the organizational documents of BORROWER, will conflict with or constitute a breach of or a default under any agreement to which BORROWER is a party, or will result in the creation of imposition of any lien upon any assets or property of BORROWER, other than the liens approved by CITY.

Section 7.6 Compliance with Laws: Consents and Approvals. BORROWER will comply with all applicable laws, ordinances, rules and regulations of federal (including, but not limited, to the HUD Housing Quality Standards pursuant to 24 C.F.R. 887.109, Section 504 of the Rehabilitation Act of 1973 as amended and the American with Disabilities Act of 1992), state and local governments and agencies having jurisdiction over either BORROWER or the Property and with all applicable directions, rules and regulations of the fire marshal, health officer, building inspector and other officers of any such government or agency including, but not limited, to the HUD Housing Quality Standards pursuant to 24 C.F.R. 92.251, 24 C.F.R. 887.109 and Section 504 of the Rehabilitation Act of 1973 as amended and the American with Disabilities Act of 1992.

Section 7.7 Permits. All permits, consents, permissions and licenses required by any federal, state or local government or agency to which BORROWER or the Property is subject, which may be necessary in relation to this NSP2 Loan Agreement or the development, construction, operation or ownership of the Property, at, prior, or subsequent to the commencement of construction, have been, or will be, obtained, and none of such consents, permissions and licenses are subject to appeal or to conditions which have not been met.

Section 7.8 Pending Proceedings. BORROWER is not in default under any law or regulation or under any order of any court, board, commission or agency whatsoever, and there are no claims, actions, suits or proceedings pending or, to the knowledge of BORROWER, threatened against or affecting BORROWER or the Property, at law or in equity, before or by any court, board, commission or agency whatsoever which might, if determined adversely to BORROWER, materially affect BORROWER's ability to operate the Property or repay the loan or impair the security to be given to CITY pursuant hereto.

Section 7.9 Hazardous Materials. BORROWER shall perform a due diligence review of the condition of the Property including a review to disclose the possible existence of asbestos, lead, and toxic or hazardous materials prior to the acquisition of the Property.

Section 7.10 Lobbying. No federally-appropriated funds have been paid or will be paid, by or on behalf of the undersigned, for lobbying the Executive or Legislative Branches of the federal government. (Refer to the Government-wide common rule governing the restrictions on lobbying, published as an interim rule on February 26, 1990, (F.R. 6736) and supplemented by a Notice published June 15, 1990 (55F.R.2440). For HUD, this rule is found at 24 C.F.R. Part 87.

Section 7.11 Violations of Law. BORROWER is not presently disbarred, suspended, proposed for debarment, declared ineligible, or involuntarily excluded from covered transactions (see Title 24 C.F.R.24) by any federal department or agency; has not within a three (3) year period preceding this NSP2 Loan Agreement, been convicted of or had a civil judgment rendered

against it for commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements or receiving stolen property; is not presently indicted for or otherwise criminally or civilly charged by a governmental entity (federal, state or local) with commission or any of the offenses enumerated in this paragraph; and has not within a three (3) year period preceding this NSP2 Loan Agreement had one or more public transactions (federal, state or local) terminated for cause or default.

Section 7.12 Adequacy of Loan. The amount of the Loan, together with any funds to be provided by BORROWER or to BORROWER from any other source, is adequate to purchase the Property in accordance with this NSP2 Loan Agreement. BORROWER will be responsible for all construction and operational costs greater than the NSP2 Loan.

Section 7.13 Availability of Utilities. All utilities necessary for the operation of the Property are available at or within the boundaries of the Property and all steps necessary to assure that such utility services will be available upon occupancy.

Section 7.14 Title to Property. Upon recordation of the NSP2 Deed of Trust, BORROWER shall have good and marketable title to the Property.

Section 7.15 Conflicts of Interest. No board member, officer or employee of BORROWER shall have any personal interest, direct or indirect, in this NSP2 Loan Agreement or the Property. No board member, officer or employee of BORROWER shall have, receive, accept or derive any pecuniary interest, direct or indirect, from the NSP2 Loan or the acquisition or use of the Property.

Section 7.16 Eligible Property. The Property is an Eligible Property as defined in the MOU and as required by regulations and laws governing receipt and use of NSP2 Loan funds.

SECTION 8. EVENT OF DEFAULT.

The occurrence of any of the following shall constitute an "Event of Default" under this NSP2 Loan Agreement and the NSP2 Loan Documents, following notice to BORROWER by CITY, specifying (a) the applicable event; (b) the action required to cure the default; and (c) a date, which shall not be fewer than thirty (30) days after the date of notice is mailed to BORROWER, by which such action must be taken by BORROWER to cure the default, unless CITY extends the cure period.

(a) Performance of Obligations. BORROWER's default under any of the Loan Documents, or BORROWER's failure to perform its obligations under this NSP2 Loan Agreement within the cure period.

(b) Rental of Property. BORROWER rents the Property to a person who is not a Qualified Tenant.

(c) Transfer. BORROWER sells, transfers, conveys, assigns, encumbers or leases the Property, or any part thereof, without written consent of CITY.

(d) Insurance. BORROWER fails to obtain or maintain insurance coverage as required and specified in Section 6.15.

(e) Liens. Attachment of an involuntary lien or liens of any kind or character to the Property.

(f) Representation and Warranties. Any of BORROWER's representations, warranties or certifications herein were untrue when made by BORROWER and cease to be true thereafter;

(g) Voluntary Bankruptcy; Insolvency; Dissolution. BORROWER's (i) filing of a petition for relief under any state or federal law regarding bankruptcy, reorganization or other relief to debtors; (ii) filing any pleading in any involuntary proceeding under any state or federal law regarding bankruptcy, reorganization or other relief to debtors which admits the jurisdiction of the court or the petition's material allegations regarding BORROWER's insolvency; (iii) making a general assignment for the benefit of creditors; (iv) applying for, or the appointment of, a receiver, trustee, custodian or liquidator of BORROWER, or any of its properties; (v) inability or admission in writing of its inability to pay debts as they are due; or (6) filing by BORROWER of a petition seeking the liquidation or dissolution of BORROWER or the commencement of any other procedures to liquidate or dissolve BORROWER; or

(h) Involuntary Bankruptcy. BORROWER's failure to effect a full dismissal of any involuntary (i) petition under any state or federal law regarding bankruptcy., reorganization or other relief to debtor; (ii) proceeding for the appointment of a receiver, trustee or liquidator for BORROWER or all or a material part of the assets of BORROWER; or (iii) petition or proceeding under other state or federal law regarding bankruptcy, reorganization or other relief to debtors that is filed against BORROWER.

SECTION 9. NOTICE OF DEFAULT.

Upon the occurrence of an Event of Default, CITY shall give BORROWER written Notice of Default by specifying:

(a) The nature of the event, deficiency or noncompliance giving rise to the default; and

(b) The action required to cure the default if action to cure is possible; and

(c) A date, which shall be not fewer than thirty (30) calendar days from the date the written notice of default was provided to BORROWER, by which such action to cure must be taken. CITY, in its reasonable discretion, may provide additional time to cure if BORROWER has commenced and is diligently pursuing a cure in good faith.

If BORROWER fails to take corrective action to cure the default within the time specified, CITY may, without further notice, seek any remedies available under this MOU or applicable law.

SECTION 10. DEFAULT REMEDIES.

On the happening of an Event of Default under Section 8 of this NSP2 Loan Agreement, and the expiration of the applicable cure period, CITY's obligation to disburse proceeds of the NSP2 Loan shall terminate and CITY shall have the right to either apply all or part of the remaining proceeds of the NSP2 Loan to payment of accrued interest and principal due under any obligations of BORROWER hereunder. On the happening of an Event of Default, and the expiration of the applicable cure period, CITY may, in addition to other rights and remedies permitted by the NSP2 Loan Agreement or applicable law, proceed with any or all of the following remedies in any order or combination CITY may choose in its sole discretion:

(a) Terminate this NSP2 Loan Agreement in which event the entire unpaid principal amount under the NSP2 Note shall immediately become due and payable at the option of CITY; or

(b) Bring an action in equitable relief seeking specific performance by BORROWER of the terms and conditions of this NSP2 Loan Agreement or enjoining, abating, or preventing any violation of said terms and conditions of this MOU or seeking declaratory relief; or

(c) Institute legal action to cure, correct or remedy any default, to recover damages for any default or to obtain any other remedy consistent with the purpose of this NSP2 Loan Agreement; or

(d) Initiate and pursue any private and/or judicial foreclosure action allowed under applicable law and the owner of sale provision in the NSP2 Deed of Trust; or

(e) Pursue any other remedy allowed at law or equity.

Nothing in this Section is intended or shall be construed as precluding CITY from proceeding with a non-judicial foreclosure under the power of sale contained in the NSP2 Deed of Trust in the event of default by BORROWER or its assignee.

SECTION 11. LEGAL ACTION OR OTHER ACTION TO ENFORCE AGREEMENT OR SEEK REMEDY.

In the event any party to this NSP2 Loan Agreement institutes a lawsuit or other action to enforce or interpret any part of this NSP2 Loan Agreement or the Loan Documents, or to seek a remedy for any breach of any Loan Document, the prevailing party shall recover, in addition to any other remedies, all costs of suit, including reasonable attorneys' fees (to include the reasonable costs of in-house attorneys) and costs.

SECTION 12. CONFLICTS OF INTEREST.

No member, official or employee of CITY shall have any personal interest, direct or indirect, in this NSP2 Loan Agreement, nor shall any such member, official or employee participate in any decision relating to this NSP2 Loan Agreement which affects his or her

personal interests or the interests of any corporation, partnership or association in which he or she is directly or indirectly interested.

BORROWER warrants that it has not paid or given, and will not pay or give, any third party any money or other consideration for obtaining this NSP2 Loan Agreement.

SECTION 13. NOTICES.

All notices pursuant to this NSP2 Loan Agreement shall be in writing and served on the other party (a) by personal delivery or (b) by certified mail, return receipt requested, to the respective addresses as set forth below. Receipt shall be deemed to have occurred on the date shown on a written receipt as the date of delivery or refusal of delivery (or attempted delivery if undeliverable).

CITY: By Personal Delivery:

City of Modesto
Parks, Recreation & Neighborhoods Department
Attn: Director of Parks, Recreation, & Neighborhoods

Berkeley, CA 94703-1422
Attn: Executive Director

American Baptist Homes of the West, Inc.
6120 Stoneridge Mall Road, 3rd Floor
Pleasanton, CA 94588
Attn: Senior Vice President

SECTION 14. INDEMNIFICATION.

BORROWER shall indemnify and hold CITY and its officers, agents, officials, and employees free and harmless against any losses, damages, liability, claims, demands, judgments,

actions, court costs, and legal or other expenses (including attorney's fees) which arise out of or in connection with Borrower's activities under this NSP2 Loan Agreement or the acquisition, use or operation of the Property. This indemnity obligation shall not extend to any claim arising from the gross negligence or willful misconduct of CITY, its officers, agents, officials and employees. The provisions of this Section shall survive the expiration of the term of this NSP2 Loan Agreement with respect to matters arising prior to the expiration of the term.

SECTION 15. PUBLICITY.

Any publicity generated by BORROWER for the Property funded herein during the term of this NSP2 Loan Agreement and for one year thereafter, shall make reference to the contribution of CITY in making the project possible. The words "City of Modesto, Parks, Recreation and Neighborhoods Department" shall be explicitly stated in any and all pieces of publicity, including, but not limited to, flyers, press releases, and posters.

SECTION 16. SUCCESSORS AND ASSIGNS.

The terms of this NSP2 Loan Agreement shall be binding upon and inure to the benefit of the successors and assigns of the parties.

SECTION 17. RELATIONSHIP OF PARTIES.

The relationship of BORROWER and CITY under the Loan Documents, is, and shall at all times remain, solely that of borrower and lender. CITY neither undertakes nor assumes any responsibility or duty to BORROWER or to any third party with respect to the Property, except expressly provided in the Loan Documents. Nothing contained in this NSP2 Loan Agreement shall be interpreted or understood by any of the parties, or by any third person, as creating the relationship of employer and employee, principal and agent, limited or general partnership, or joint venture between CITY and BORROWER or its agents, employees or contractors. Except as CITY may specify in writing, BORROWER shall have no authority to act as an agent of CITY or to bind CITY to any obligation.

SECTION 18. AMENDMENTS.

This NSP2 Loan Agreement, including other Loan Documents, shall not be altered or amended except in writing, signed by the parties. Any amendment or addendum to the Loan Documents shall expressly refer to the Loan Document being amended. BORROWER agrees that any other agreement entered into by BORROWER relating to the performance of this NSP2 Loan Agreement shall be subject to the written approval of CITY.

SECTION 19. NON-LIABILITY OF OFFICIALS, EMPLOYEES AND AGENTS.

(a) No member, official, employee or agent of CITY shall be personally liable to BORROWER in the event of any default or breach by CITY or for any amount that may become due to BORROWER or any obligation under the terms of this NSP2 Loan Agreement.

(b) No member, official, employee or agent of BORROWER shall be personally liable to CITY the event of any default or breach by BORROWER or for any amount that may become due to CITY or any obligation under the terms of this NSP2 Loan Agreement.

SECTION 20. GOVERNING LAW.

The Loan Documents shall be governed by, and construed in accordance with, the laws of the State of California, except to the extent preempted by federal laws.

SECTION 21. VENUE.

Should either party institute suit or arbitration for enforcement or interpretation of any provision contained herein, the venue of such action shall be in Stanislaus County, California.

SECTION 22. SEVERABILITY.

If any provision of the Loan Documents shall be determined by a court of competent jurisdiction to be invalid, illegal, or unenforceable, that portion shall be deemed severed from the Loan Documents and the remaining parts shall remain in full force as though the invalid, illegal or unenforceable portion had never been part of the Loan Documents.

SECTION 23. RIGHTS CUMULATIVE. NO WAIVER.

All CITY's rights and remedies provided in the Loan Documents, granted by law or otherwise, are cumulative and, except as provided herein, may be exercised by CITY at any time. Any waiver by CITY of any obligation or condition in this NSP2 Loan Agreement must be in writing and shall be limited to its specific terms. No waiver will be implied from any delay or failure by CITY to take action on any breach or default of BORROWER or to pursue any remedy allowed hereunder or applicable law. Any extension of time granted to BORROWER to perform any obligation hereunder shall not operate as a waiver or release from any of its obligations under this NSP2 Loan Agreement. Consent by CITY to any act or omission by BORROWER shall not be construed to be a consent to any other or subsequent act or omission or to waive the requirement for CITY's written consent to future waivers.

SECTION 24. TITLE OF PARTS AND SECTIONS.

Any titles of the sections or subsections of this NSP2 Loan Agreement are inserted for convenience of reference only and shall be disregarded in interpreting any part of the Agreement's provisions.

SECTION 25. LANGUAGE CONSTRUCTION.

The language of each and all paragraphs, terms and/or provisions of this NSP2 Loan Agreement, shall, in all cases and for any and all purposes, and in any way and all circumstances whatsoever, be construed as a whole, according to its fair meaning, and not for or against any party hereto and with no regard whatsoever to the identity or status of any person or persons who drafted all or any portion of this NSP2 Loan Agreement.

SECTION 26. AUTHORITY OF THE PARTIES.

Each individual executing this NSP2 Loan Agreement on behalf of the respective parties represents and warrants that he/she is duly authorized to execute this NSP2 Loan Agreement on behalf of the respective parties.

SECTION 27. NO THIRD PARTIES BENEFITTED.

No person other than CITY and BORROWER and their permitted successors and assigns shall have any right of action under any of the Loan Documents.

SECTION 28. PARTIES BOUND; COVENANTS RUNNING WITH THE LAND; EFFECT AND DURATION OF COVENANTS.

Except as otherwise limited herein, the provisions of this NSP2 Loan Agreement shall be binding upon and inure to the benefit of the parties and their heirs, executors, administrators, legal representatives, successors, transferees, and all assigns.

SECTION 29. NO ENCUMBRANCES.

Save and except the NSP2 Deed of Trust, BORROWER shall not create, permit, file or record against the Property without the prior written consent of CITY any deed of trust lien or other lien, inferior or superior to the lien of the NSP2 Deed of Trust in favor of CITY, other than liens for taxes not yet due and payable.

Any transaction in violation of this Section 29 will cause all indebtedness, irrespective of the maturity dates, at the option of CITY and without demand or notice, to be immediately due and payable to CITY.

SECTION 30. APPROVAL OF CITY COUNCIL.

This NSP2 Loan Agreement shall not be binding until approved by the City Council of the City of Modesto, as evidenced by a resolution adopted by the City Council.

SECTION 31. FORCE MAJEURE.

In addition to specific provisions of this NSP2 Loan Agreement, performance by either Party will not be deemed to be in default where delays or defaults are due to war; insurrection; strikes; lock-outs; riots; floods; earthquakes; fires; quarantine restrictions; freight embargoes; lack of transportation; or court order; or any other similar causes (other than lack of funds of BORROWER) beyond the control or without the fault of the Party claiming an extension of time to perform. An extension of time for any cause will be deemed granted if notice by the Party claiming such extension is sent to the other within ten (10) days from the commencement of the cause and such extension of time is not rejected in writing by the other Party within ten (10) days of receipt of the notice. In no event is CITY required to agree to cumulative delays in excess of one hundred eighty (180) days.

SECTION 32. MULTIPLE ORIGINALS; COUNTERPART.

This NSP2 Loan Agreement may be executed in multiple originals, each of which is deemed to be an original, and may be signed in counterparts.

SECTION 33. ENTIRE AGREEMENT.

This NSP2 Loan Agreement, and any exhibits attached hereto or documents referred to herein, constitute the sole and entire Agreement of the parties hereto with respect to the matters herein and correctly sets forth the rights, duties, and obligations of each to the other as of the date first written above.

SECTION 34. TIME.

Time is the essence of each item of the Loan Documents.

[SIGNATURES ON NEXT PAGE]

IN WITNESS WHEREOF, the City of Modesto, a municipal corporation, has authorized the execution of this Agreement by its City Manager and attestation by its City Clerk by Resolution No. 2012-521 adopted by the Council on the 11th day of December, 2012, and BORROWER has caused this Agreement to be duly executed.

NSP2 National Objectives Certification

Exhibit E

MODESTO
CALIFORNIA

CERTIFICATION OF NATIONAL OBJECTIVE

This Certification demonstrates that each activity undertaken by Satellite Housing and American Baptist Homes meets at least one of the National Objectives of the CDBG/NSP2 Program (listed below). Please note that the National Objectives listed below consist of the objectives that apply specifically to the goals outlined by the City of Modesto's NSP2 Grant. Should the need arise where one of the additional National Objectives not listed below will need to be performed by Satellite Housing and American Baptist Homes, this document along with the referencing MOU will need to be amended.

CHECK ALL THAT APPLY:

	Eligible Use	Eligible Activity	Specific Activity		National Objective	Meeting the National Objective
☐	(B) Acquisition & Rehabilitation	Acquisition	Acquire a property and take no further action except to rent or sell it	☐	LMMH	Rent or sell the residential property to a family at or below 120% AMI
				☐	25% Set-Aside	Rent or sell the residential property to a family at or below 50% AMI
☐	(B) Acquisition & Rehabilitation	Acquisition, Rehabilitation, Homeownership Assistance, Homebuyer Counseling	Acquire & Rehabilitate a property and rent or sell it	☐	LMMH	Rent or sell the residential property to family at or below 120%
				☐	25% Set-Aside	Rent or sell the residential property to a family at or below 50% AMI
X	(E) Redevelopment	Acquisition, New Construction, Homeownership Assistance, Homebuyer Counseling	Acquire vacant land and construct a new structure on it	X	LMMH	Rent or sell the residential property to a family at or below 120% AMI
				X	25% Set-Aside	Rent or sell the residential property to a family at or below 50% AMI
☐	(E) Redevelopment	New Construction, Homeownership Assistance, Homebuyer Counseling	Reconstruct a new structure on the site of a structure that the grantee demolished	☐	LMMH	Rent or sell the residential property to a family at or below 120% AMI
				☐	25% Set-Aside	Rent or sell the residential property to a family at or below 50% AMI

City of Modesto — Date: 1-15-13

First Amendment to City of Modesto Neighborhood Stabilization Program 2
Loan Agreement dated as of November 24, 2014

FIRST AMENDMENT TO CITY OF MODESTO NSP2 LOAN AGREEMENT

This First Amendment to City of Modesto NSP2 Loan Agreement (hereafter "Amendment") is made on November 24, 2014 with reference to the CITY OF MODESTO NEIGHBORHOOD STABILIZATION PROGRAM 2 LOAN AGREEMENT dated as of December 11, 2012 (the "Agreement") between CITY OF MODESTO, a municipal corporation (designated therein and herein as "City") and SATELLITE AFFORDABLE HOUSING ASSOCIATES, a California nonprofit public benefit corporation (as successor to Satellite Housing, Inc.) and AMERICAN BAPTIST HOMES OF THE WEST, a California nonprofit public benefit corporation (collectively designated therein and herein as "Borrower"), both collectively referred to as the "Parties." A true and correct copy of the Agreement is attached hereto as Exhbit"LA-__") and incorporated herein by this reference.

This Amendment is made with reference to the following recitals:

WHEREAS, Section 18, "Amendments" of the Agreement provides that any amendment to the Agreement shall be in writing, signed by the Parties and shall expressly refer to the Agreement, and

WHEREAS, the Borrower anticipates syndicating the low income housing tax credits that will be generated by the Project, which syndication will require assignment of the Loan Documents to a limited partnership, with the Borrower or a non-profit entity controlled by the Borrower as the General Partner; and

WHEREAS, City and Borrower desire to enter into this Amendment to: (1) revise the repayment provisions of the Agreement; (2) provide specified protections for the anticipated investor limited partner of a tax credit partnership, formed to qualify for low income housing tax credit financing, and

NOW, THEREFORE, in consideration of this Amendment and the mutual promises and covenants contained in the Agreement, City and Borrower agree as follows:

1. City and Borrower agree that each of the recitals set forth above is true and correct and shall be part of this Amendment.

2. Section 3.7(a) of the Agreement is hereby amended and restated to read as follows:

"Section 3.7 Repayment.

The NSP2 Loan shall be repaid as follows:

(a) All accrued interest, current interest and principal on the NSP2 Note shall be repaid from the "Annual Payment Amount" which is fifty percent (50%) of the "Residual Receipts" (as defined below) for the Project. The Annual Payment Amount shall be used to make payments on the NSP2 Note. Payments, if any, shall be made on an annual basis, beginning on the later to occur of (i) the date one hundred fifty (150) days after the end of the fiscal year first following the date the final occupancy permit is issued for the Project, or (ii) May 1, 2015 and each anniversary thereafter.

"Residual Receipts" shall mean the sum of money computed on a 12 month basis based on the Borrower's fiscal year as follows:

(1) All rents, revenues, consideration or income (of any form but excluding security deposits) derived by Borrower in connection with or relating to the ownership or operation of the Project, including any excess or additional revenue derived from any refinancing of the Project (i.e., any amount which exceeds the outstanding balance of the original debt being refinanced, plus any refinancing or closing costs relating to such refinancing) but less all of the following: (i) all customary and reasonable costs and expenses in connection with the operation and maintenance of the Project; (ii) a property management fee of not more than 12 % of Gross Revenue, as approved by City; (iii) principal and interest paid by Borrower on account of any loan(s) or other obligations approved by City or evidenced by this Note; (iv) amounts (previously approved by City) expended to restore the Project after a casualty loss or condemnation; (v) reasonable and customary cost for accounting and auditing the books and records of the Project; (vi) an administrative or asset management fee charged by a tax credit investment partner ("Investor Asset Management Fee") not to exceed $7,500; (vii) amounts (previously approved by City) reserved by Borrower as an operating contingency reserve account and a replacement reserve account, an asset management reserve account, a supportive services reserve account, and a replacement reserve account (and deposited in an account approved by City) and other reserves required by any senior lender or tax credit investment partner for the Project; (viii) a partnership management fee charged by the general partner of Borrower not exceed $25,000; (ix) any deferred developer fee payments; (x) and up to 100% of the costs (salary and benefits) of a full-time resource coordinator who will provide social services coordination for the residents of the Project.

(2) Notwithstanding the generality of the foregoing; the depreciation, cost recovery, amortization and similar items which do not involve the expenditure of cash

are not expenses or deductible in computing Residual Receipts.

Borrower shall submit to City annually, within one hundred fifty (150) days after the end of each fiscal year following the date final occupancy permit for the Project is issued, a statement of the basis for calculation of the amount of the payment or nonpayment. An annual "audited financial statement" for the Project, prepared by a certified public accountant approved by City, shall accompany each such statement, together with the annual tax return of Borrower.

All Annual Payment Amounts shall be applied first to accrued interest, next to current interest, and then to outstanding principal balance.

(b) Subject to subsection (a) above, BORROWER shall pay all outstanding principal and accrued interest on the NSP2 Loan, in full, on the earliest to occur of (i) a Transfer, (ii) an Event of Default, and (iii) within fifty-five (55) years of the date Borrower receives from City the final occupancy permit for the Project.

(c) BORROWER may prepay the NSP2 Loan at any time without premium or penalty. Regardless of any prepayment or Transfer, BORROWER acknowledges that the provisions of this NSP2 Loan Agreement, including but not limited to the requirement that the Property be rented to a Qualified Tenant, are applicable even if BORROWER has prepaid all or a portion of the NSP2 Loan amount."

3. Section 6.8, "Prohibition Against Transfer and Assignment of Agreement." is amended to add subsection (e)-(h) to read as follows:

"e. The term "Transfer" excludes the lease to a qualified tenant of the Property in compliance with the NSP2 Regulatory Agreement, and excludes a transfer of the Property and assignment of the Loan Documents to a nonprofit public benefit corporation affiliated with SAHA and/or ABHOW or to a limited partnership of which SAHA, ABHOW, or an affiliated nonprofit public benefit corporation or limited liability company is the general partner or the managing general partner.

f. In the event the Borrower syndicates low income housing tax credits generated by the Project and assigns the Loan Documents to a limited partnership (the "Partnership"), the City hereby approves future Transfers of the limited partner interest in the Partnership provided that: (1) such Transfers do not affect the timing and amount of the limited partner capital contributions provided for in the Partnership agreement approved by the City; (2) in subsequent Transfers, a wholly owned affiliate of the initial limited partner retains a membership or partnership interest and serves as a

managing member or managing general partner of the successor limited partner; and (3) in subsequent Transfers the initial limited partner remains liable for all unpaid capital contributions.

g. In the event the Borrower syndicates low income housing tax credits generated by the Project and assigns the Loan Documents to the Partnership, the City hereby approves a Transfer of the Property from the Partnership to Borrower or a controlled non-profit affiliate of Borrower, and an assumption of the Loan Documents by such transferee at the end of the fifteen (15)-year compliance period as described in Section 42(i)(1) of the Internal Revenue Code of 1986 (26 USC 42 (i)(1)), pursuant to an option agreement as described in the Partnership's partnership agreement, provided that the transferee expressly assumes the obligations of the Partnership under the Loan Documents, utilizing a form of assignment and assumption agreement to be provided by the City.

h. In the event the Borrower syndicates low income housing tax credits generated by the Project and assigns the Loan Documents to the Partnership and in the event the general partner of the Partnership is removed by the limited partner of Partnership for cause following default under the Partnership agreement, the City hereby approves the Transfer of the general partner interest to a 501(c)(3) tax exempt nonprofit corporation selected by the limited partner and approved by the City, which approval shall not be withheld unreasonably."

4. Section 13, "NOTICES.", of the Agreement is amended to revise the notice to Borrower and add the following:

"Borrower:

Satellite Affordable Housing Associates
1540 University Ave.
Berkeley, CA 94703-1422
Attn: Executive Director

American Baptist Homes of the West, Inc.
6120 Stoneridge Mall Road, 3rd Floor
Pleasanton, CA 94588
Attn: Senior Vice President

and if to Borrower with copies to:

Wells Fargo Affordable Housing
Community Development Corporation
MAC D1053-170
301 South College Street
Charlotte, NC 28288
Attn: Director of Tax Credit Asset Management

and

Sidley Austin LLP
One South Dearborn Street
Chicago, IL 60603
Attention: Philip C. Spahn"

5. Section 35, "ASSIGNMENT BY BORROWER.", is hereby added to the Agreement to read as follows:

"SECTION 35. ASSIGNMENT BY BORROWER.

If and when the Borrower assigns the NSP2 Loan to a limited partnership to qualify for low income housing tax credit financing, the City agrees to the following provisions for the benefit of the Borrower's investor limited partner (the "Investor Limited Partner"):

The City will give the Investor Limited Partner a copy of any written notice (at the address provided by the Investor Limited Partner to the City) that the City gives to Borrower under this Agreement and the other Loan Documents;

The City will give the Investor Limited Partner ten (10) days after the Investor Limited Partner's receipt of such notice to cure a non-payment of any sum due under the Loan Documents;

The City will give the Investor Limited Partner thirty (30) days after the Investor Limited Partner's receipt of such notice to cure any other default under this Agreement and other Loan Documents;

If a default is incapable of being cured within thirty days, the City will give the Investor Limited Partner sixty (60) days to cure such default provided the Investor Limited Partner has commenced to cure such default and is diligently proceeding to cure such default through the end of such period;

If the Investor Limited Partner makes any such payment or otherwise cures such default, the City will accept such action as curing such Default as if such payment or cure were made by Borrower;

~~The City will permit insurance and condemnation proceeds to be used to rebuild~~ the Development provided that: (1) sufficient funds are provided from other sources to effectively rebuild the Affordable Development to a lawful multifamily housing complex, and (2) subject to the rights of any senior lenders, the City shall hold all such proceeds and disburse them based on the progress of construction, subject to such additional reasonable conditions as the City may impose."

6. Full Force and Effect. Except as herein amended, the provisions of the Agreement as amended by the Amendment are expressly reaffirmed and remain in full force and effect.

IN WITNESS WHEREOF, Trustor has executed this Deed of Trust as of the day and year first above written.

Promissory Note, dated as of December 11, 2012

CITY OF MODESTO
NEIGHBORHOOD STABILIZATION PROGRAM 2

PROMISSORY NOTE

(Tower Park Apartments)

$250,000 — December 11, 2012 **(Date)**

FOR VALUE RECEIVED, the undersigned SATELLITE HOUSING, INC., a California nonprofit public benefit corporation ("Satellite") and AMERICAN BAPTIST HOMES OF THE WEST, a California nonprofit public benefit corporation, ("ABHOW" and collectively with Satellite Housing referred to herein as the "Borrower") hereby promises to pay to the order of the CITY OF MODESTO, a municipal corporation (the "Holder"), 1010 Tenth Street, Suite 4400, Modesto, California 95354, Attention: Director of Parks, Recreation and Neighborhoods Department, a principal amount equal to Two Hundred Fifty Thousand Dollars ($250,000), plus interest thereon pursuant to Section 2 below.

1. Borrower's Obligation. This promissory note (the "Note") evidences the Borrower's obligation to pay the Holder the principal amount of Two Hundred Fifty Thousand Dollars ($250,000) (the "NSP2 Loan") for the funds loaned to the Borrower by Holder to finance the predevelopment and rehabilitation of the real property commonly described as 17th and G Streets, Modesto, California 95353 (APN# 106-006-013 in Census Tract 18.00) located in the City of Modesto pursuant to the City of Modesto Neighborhood Stabilization Program 2 Loan Agreement between the Borrower and the Holder of even date herewith (the "Loan Agreement"). All capitalized terms not otherwise defined in this Note shall have the meanings set forth in the Loan Agreement.

2. Interest.

(a) Subject to the provisions of subsection (b) below, the outstanding principal balance of this Note shall bear no interest.

(b) Upon the occurrence of an Event of Default, the interest on the principal balance of this Note will begin to accrue, as of the date of the Event of Default and continue until such time as the NSP2 Loan is repaid in full or the Event of Default is cured, at the default rate of ten percent (10%), simple interest annually.

3. Term and Repayment Requirements. Payments due under this Note are due in accordance with Section 3.7 of the Loan Agreement.

4. No Assumption. This Note shall not be assumable by the successors and assigns of Borrower without the prior written consent of the Holder, except as permitted under Section 6.8(a) of the Loan Agreement.

5. Security. This Note is secured by a Deed of Trust with Assignment of Rents, Security Agreement, and Fixture Filing (the "Deed of Trust"), of even date herewith, wherein the Borrower is the Trustor and the Holder is the Beneficiary, covering the Property.

6. Terms of Payment.

(a) All payments due under this Note shall be paid in currency of the United States of America, which at the time of payment is lawful for the payment of public and private debts.

(b) All payments on this Note shall be paid to Holder at City of Modesto, 1010 Tenth Street, Suite 4400, Modesto, California 95354, Attention: Director of Parks, Recreation and Neighborhoods Department, or to such other place as the Holder of this Note may from time to time designate.

(c) All payments on this Note shall be without expense to the Holder, and the Borrower agrees to pay all costs and expenses, including re-conveyance fees and reasonable attorney's fees of the Holder, incurred in connection with the payment of this Note and the release of any security hereof.

(d) Notwithstanding any other provision of this Note, or any instrument securing the obligations of the Borrower under this Note, if, for any reason whatsoever, the payment of any sums by the Borrower pursuant to the terms of this Note would result in the payment of interest which would exceed the amount that the Holder may legally charge under the laws of the State of California, then the amount by which payments exceeds the lawful interest rate shall automatically be deducted from the principal balance owing on this Note, so that in no event shall the Borrower be obligated under the terms of this Note to pay any interest which would exceed the lawful rate.

7. Default.

(a) Any of the following shall constitute an event of default under this Note:

(i) Any failure to pay, in full, any payment required under this Note on the date such payment is due;

(ii) Any failure in the performance by the Borrower of any other term, condition, provision or covenant set forth in this Note, subject to the notice and cure period set forth in Section 8 of the Loan Agreement;

(iii) The occurrence of any event of default under the Loan Agreement, the Deed of Trust, or other instrument securing the obligations of the Borrower under this Note or under any other promissory notes hereafter issued by the Borrower to the Holder pursuant to

the Loan Agreement or the Deed of Trust, subject to notice and cure periods, if any, set forth therein.

(b) Upon the occurrence of such an event of default, the entire unpaid principal balance, together with all interest thereon, and together with all other sums then payable under this Note and the Deed of Trust shall at the option of the Holder become immediately due and payable upon written notice by the Holder to the Borrower without further demand.

(c) The failure to exercise the remedy set forth in Subsection 7(b) above or any other remedy provided by law upon the occurrence of one or more of the foregoing events of default shall not constitute a waiver of the right to exercise any remedy at any subsequent time in respect to the same or any other default. The acceptance by Holder hereof of any payment which is less than the total of all amounts due and payable at the time of such payment shall not constitute a waiver of the right to exercise any of the foregoing remedies or options at that time or at any subsequent time, or nullify any prior exercise of any such remedy or option, without the express consent of the Holder, except as and to the extent otherwise provided by law.

8. Waivers.

(a) The Borrower hereby waives diligence, presentment, protest and demand, and notice of protest, notice of demand, and notice of dishonor of this Note. The Borrower expressly agrees that this Note or any payment hereunder may be extended from time to time, and that the Holder may accept further security or release any security for this Note, all without in any way affecting the liability of the Borrower.

(b) No extension of time for payment of this Note or any installment hereof made by agreement by the Holder with any person now or hereafter liable for payment of this note shall operate to release, discharge, modify, change or affect the original liability of the Borrower under this Note, either in whole or in part.

(c) The obligations of the Borrower under this Note shall be absolute and the Borrower waives any and all rights to offset, deduct or withhold any payments or charges due under this Note for any reason whatsoever.

9. Miscellaneous Provisions.

(a) All notices to the Holder or the Borrower shall be given in the manner and at the addresses set forth in the Loan Agreement, or to such addresses as the Holder and the Borrower may hereinafter designate. Copies of notices to Borrower from Holder shall also be provided by Holder to any limited partner of Borrower who requests such notice in writing and provides the Holder with written notice of its address.

(b) The Borrower promises to pay all costs and expenses, including reasonable attorney's fees, incurred by the Holder in the enforcement of the provision of this Note, regardless of whether suit is filed to seek enforcement.

(c) This Note may not be changed orally, but only by an agreement in writing signed by the party against whom enforcement of any waiver, change, modification or discharge is sought.

(d) This Note shall be governed by and construed in accordance with the laws of the State of California.

(e) The times for the performance of any obligations hereunder shall be strictly construed, time being of the essence.

(f) This document, together with the Loan Documents, contains the entire agreement between the parties as to the Loan. It may not be modified except upon written consent of the parties.

10. Nonrecourse.

This Note is a nonrecourse obligation of the Borrower, as described in Section 3.8 of the Loan Agreement.

DEED OF TRUST WITH ASSIGNMENT OF RENTS, SECURITY AGREEMENT, AND FIXTURE FILING

(NSP2 Loan—Tower Park)

THIS DEED OF TRUST WITH ASSIGNMENT OF RENTS, SECURITY AGREEMENT, AND FIXTURE FILING ("Deed of Trust") is made as of November 24, 2014, by and among the Satellite Affordable Housing Associates, a California nonprofit public benefit corporation ("SAHA") and American Baptist Homes of the West, a California nonprofit public benefit corporation, ("ABHOW" and collectively with Satellite referred to herein as "Trustor"), Old Republic Title Company ("Trustee"), and the City of Modesto, a municipal corporation of the State of California ("Beneficiary").

FOR GOOD AND VALUABLE CONSIDERATION, including the indebtedness herein recited and the trust herein created, the receipt of which is hereby acknowledged, Trustor hereby irrevocably grants, transfers, conveys and assigns to Trustee, IN TRUST, WITH POWER OF SALE, for the benefit and security of Beneficiary, under and subject to the terms and conditions hereinafter set forth, Trustor's fee interest in the property located in the City of Modesto, Stanislaus County, State of California, that is described in the attached Exhibit A, incorporated herein by this reference (the "Property").

TOGETHER WITH all interest, estates or other claims, both in law and in equity which Trustor now has or may hereafter acquire in the Property and the rents;

TOGETHER WITH all easements, rights-of-way and rights used in connection therewith or as a means of access thereto, including (without limiting the generality of the foregoing) all tenements, hereditaments and appurtenances thereof and thereto;

TOGETHER WITH any and all buildings and improvements of every kind and description now or hereafter erected thereon, and all property of the Trustor now or hereafter affixed to or placed upon the Property;

TOGETHER WITH all building materials and equipment now or hereafter delivered to said property and intended to be installed therein;

TOGETHER WITH all right, title and interest of Trustor, now owned or hereafter acquired, in and to any land lying within the right-of-way of any street, open or proposed, adjoining the Property, and any and all sidewalks, alleys and strips and areas of land adjacent to or used in connection with the Property;

TOGETHER WITH all estate, interest, right, title, other claim or demand, of every nature, in and to such property, including the Property, both in law and in equity, including, but not limited to, all deposits made with or other security given by Trustor to utility companies, the proceeds from any or all of such property, including the Property, claims or demands with respect to the proceeds of insurance in effect with respect thereto, which Trustor now has or may hereafter acquire, any and all awards made for the taking by eminent domain or by any proceeding or purchase in lieu thereof of the whole or any part of such property, including without limitation, any awards resulting from a change of grade of streets and awards for severance damages to the extent Beneficiary has an interest in such awards for taking as provided in Paragraph 4.1 herein;

TOGETHER WITH all of Trustor's interest in all articles of personal property or fixtures now or hereafter attached to or used in and about the building or buildings now erected or hereafter to be erected on the Property which are necessary to the complete and comfortable use and occupancy of such building or buildings for the purposes for which they were or are to be erected, including all other goods and chattels and personal property as are ever used or furnished in operating a building, or the activities conducted therein, similar to the one herein described and referred to, and all renewals or replacements thereof or articles in substitution therefor, whether or not the same are, or shall be attached to said building or buildings in any manner; and

TOGETHER WITH all of Trustor's interest in all building materials, fixtures, equipment, work in process and other personal property to be incorporated into the Property; all goods, materials, supplies, fixtures, equipment, machinery, furniture and furnishings, signs and other personal property now or hereafter appropriated for use on the Property, whether stored on the Property or elsewhere, and used or to be used in connection with the Property; all rents, issues and profits, and all inventory, accounts, accounts receivable, contract rights, general intangibles, chattel paper, instruments, documents, notes drafts, letters of credit, insurance policies, insurance and condemnation awards and proceeds, trade names, trademarks and service marks arising from or related to the Property and any business conducted thereon by Trustor; all replacements, additions, accessions and proceeds; and all books, records and files relating to any of the foregoing.

All of the foregoing, together with the Property, is herein referred to as the "Security." To have and to hold the Security together with acquittances to the Trustee, its successors and assigns forever.

FOR THE PURPOSE OF SECURING:

A. Payment of just indebtednesses of Trustor to Beneficiary as set forth in the Note (defined in Article 1 below) until paid. Said principal and other payments shall be due and payable as provided in the Note. Said Note and all its terms are incorporated herein by reference, and this conveyance shall secure any and all extensions thereof, however evidenced; and

B. Payment of any sums advanced by Beneficiary to protect the Security pursuant to the terms and provisions of this Deed of Trust following a breach of Trustor's obligation to advance said sums and the expiration of any applicable cure period, with interest thereon as provided herein; and

C. Performance of every obligation, covenant or agreement of Trustor contained herein and in the Loan Documents (defined in Article 1 below).

AND TO PROTECT THE SECURITY OF THIS DEED OF TRUST, TRUSTOR COVENANTS AND AGREES:

ARTICLE 1:
DEFINITIONS

In addition to the terms defined elsewhere in this Deed of Trust, the following terms shall have the following meanings in this Deed of Trust:

Section 1.1 The term "Loan Agreement" means that certain City of Modesto Neighborhood Stabilization Program 2 Loan Agreement between Trustor and Beneficiary dated as of December 11, 2012, as amended by that certain First Amendment to , providing for the Beneficiary to loan to the Trustor Two Hundred Fifty Thousand Dollars ($250,000) for the predevelopment of the Property.

Section 1.2 The term "Loan Documents" means this Deed of Trust, the Loan Agreement, the Note, and the Regulatory Agreement and any other debt, loan or security instruments between Trustor and the Beneficiary relating to the Property.

Section 1.3 The term "Note" means that certain promissory note in the amount of Two Hundred Fifty Thousand Dollars ($250,000) of even date herewith, executed by the Trustor in favor of the Beneficiary, the payment of which is secured by this Deed of Trust. (Copies of the Note are on file with the Beneficiary and terms and provisions of the Note are incorporated herein by reference.)

Section 1.4 The term "Principal" means the aggregate of the amounts required to be paid under the Note.

Section 1.5 The term "Regulatory Agreement" means the City of Modesto Neighborhood Stabilization Program 2 Regulatory Agreement of even date herewith and recorded against the Property concurrently herewith.

the Property including those now due, past due, or to become due by virtue of any lease or other agreement for the occupancy or use of all or any part of the Property, regardless of to whom the rents and revenues of the Property are payable. Trustor hereby authorizes Beneficiary or Beneficiary's agents to collect the aforesaid rents and revenues and hereby directs each tenant of the Property to pay such rents to Beneficiary or Beneficiary's agents; provided, however, that prior to written notice given by Beneficiary to Trustor of the breach by Trustor of any covenant or agreement of Trustor in the Loan Documents, Trustor shall collect and receive all rents and revenues of the Property as trustee for the benefit of Beneficiary and Trustor to apply the rents and revenues so collected to the sums secured by this Deed of Trust with the balance, so long as no such breach has occurred, to the account of Trustor, it being intended by Trustor and Beneficiary that this assignment of rents constitutes an absolute assignment and not an assignment for additional security only. Upon delivery of written notice by Beneficiary to Trustor of the breach by Trustor of any covenant or agreement of Trustor in the Loan Documents, and without the necessity of Beneficiary entering upon and taking and maintaining full control of the Property in person, by agent or by a court-appointed receiver, Beneficiary shall immediately be entitled to possession of all rents and revenues of the Property as specified in this Section 2.3 as the same becomes due and payable, including but not limited to rents then due and unpaid, and all such rents shall immediately upon delivery of such notice be held by Trustor as trustee for the benefit of Beneficiary only; provided, however, that the written notice by Beneficiary to Trustor of the breach by Trustor shall contain a statement that Beneficiary exercises its rights to such rents. Trustor agrees that commencing upon delivery of such written notice of Trustor's breach by Beneficiary to Trustor, each tenant of the Property shall make such rents payable to and pay such rents to Beneficiary or Beneficiary's agents on Beneficiary's written demand to each tenant therefor, delivered to each tenant personally, by mail or by delivering such demand to each rental unit, without any liability on the part of said tenant to inquire further as to the existence of a default by Trustor.

Trustor hereby covenants that Trustor has not executed any prior assignment of said rents, that Trustor has not performed, and will not perform, any acts or has not executed and will not execute, any instrument which would prevent Beneficiary from exercising its rights under this Section 2.3, and that at the time of execution of this Deed of Trust, there has been no anticipation or prepayment of any of the rents of the Property for more than two (2) months prior to the due dates of such rents. Trustor covenants that Trustor will not hereafter collect or accept payment of any rents of the Property more than two (2) months prior to the due dates of such rents. Trustor further covenant that Trustor will execute and deliver to Beneficiary such further assignments of rents and revenues of the Property as Beneficiary may from time to time request.

Upon Trustor's breach of any covenant or agreement of Trustor in the Loan Documents, Beneficiary may in person, by agent or by a court-appointed receiver, regardless of the adequacy of Beneficiary's security, enter upon and take and maintain full control of the Property in order to perform all acts necessary and appropriate for the operation and maintenance thereof including, but not limited to, the execution, cancellation or modification of leases, the collection of all rents and revenues of the Property, the making of repairs to the Property and the execution or termination of contracts providing for the management or maintenance of the Property, all on such terms as are deemed best to protect the security of this Deed of Trust. In the event Beneficiary elects to seek the appointment of a receiver for the Property upon Trustor's breach of any covenant or agreement of Trustor in this Deed of Trust, Trustor hereby expressly consents to

the appointment of such receiver. Beneficiary or the receiver shall be entitled to receive a reasonable fee for so managing the Property.

All rents and revenues collected subsequent to delivery of written notice by Beneficiary to Trustor of the breach by Trustor of any covenant or agreement of Trustor in the Loan Documents shall be applied first to the costs, if any, of taking control of and managing the Property and collecting the rents, including, but not limited to, attorney's fees, receiver's fees, premiums on receiver's bonds, costs of repairs to the Property, premiums on insurance policies, taxes, assessments and other charges on the Property, and the costs of discharging any obligation or liability of Trustor as lessor or landlord of the Property and then to the sums secured by this deed of Trust. Beneficiary or the receiver shall have access to the books and records used in the operation and maintenance of the Property and shall be liable to account only for those rents actually received. Beneficiary shall not be liable to Trustor, anyone claiming under or through Trustor or anyone having an interest in the Property by reason of anything done or left undone by Beneficiary under this Section 2.3.

If the rents of the Property are not sufficient to meet the costs, if any, of taking control of and managing the Property and collecting the rents, any funds expended by Beneficiary for such purposes shall become indebtedness of Trustor to Beneficiary secured by this Deed of Trust pursuant to Section 3.3 hereof. Unless Beneficiary and Trustor agree in writing to other terms of payment, such amounts shall be payable upon notice from Beneficiary to Trustor requesting payment thereof and shall bear interest from the date of disbursement at the rate stated in Section 3.3.

Any entering upon and taking and maintaining of control of the Property by Beneficiary or the receiver and any application of rents as provided herein shall not cure or waive any default hereunder or invalidate any other right or remedy of Beneficiary under applicable law or provided herein. This assignment of rents of the Property shall terminate at such time as this Deed of Trust ceases to secure indebtedness held by Beneficiary.

ARTICLE 3:
TAXES AND INSURANCE; ADVANCES

Section 3.1 Taxes, Other Governmental Charges and Utility Charges.

Trustor shall pay, or cause to be paid, at least fifteen (15) days prior to the date of delinquency, all taxes, assessments, charges and levies imposed by any public authority or utility company which are or may become a lien affecting the Security or any part thereof; provided, however, that Trustor shall not be required to pay and discharge any such tax, assessment, charge or levy so long as (a) the legality thereof shall be promptly and actively contested in good faith and by appropriate proceedings, and (b) Trustor maintains reserves adequate to pay any liabilities contested pursuant to this Section 3.1. With respect to taxes, special assessments or other similar governmental charges, Trustor shall pay such amount in full prior to the attachment of any lien therefor on any part of the Security; provided, however, if such taxes, assessments or charges may be paid in installments, Trustor may pay in such installments. Except as provided in clause (b) of the first sentence of this paragraph, the provisions of this Section 3.1 shall not be construed

to require that Trustor maintain a reserve account, escrow account, impound account or other similar account for the payment of future taxes, assessments, charges and levies.

In the event that Trustor shall fail to pay any of the foregoing items required by this Section to be paid by Trustor, Beneficiary may (but shall be under no obligation to) pay the same, after the Beneficiary has notified the Trustor in writing of such failure to pay and the Trustor fails to fully pay such items within seven (7) business days after receipt of such notice. Any amount so advanced therefor by Beneficiary, together with interest thereon from the date of such advance at the maximum rate permitted by law, shall become an additional obligation of Trustor to the Beneficiary and shall be secured hereby, and Trustor agrees to pay all such amounts.

Section 3.2 Provisions Respecting Insurance.

Trustor agrees to provide insurance conforming in all respects to that required under the Loan Documents during the course of construction and following completion, and at all times until all amounts secured by this Deed of Trust have been paid and all other obligations secured hereunder fulfilled, and this Deed of Trust reconveyed.

All such insurance policies and coverages shall be maintained at Trustor's sole cost and expense. Certificates of insurance for all of the above insurance policies, showing the same to be in full force and effect, shall be delivered to the Beneficiary upon demand therefor at any time prior to the Beneficiary's receipt of the entire Principal and all amounts secured by this Deed of Trust.

The Trustor is aware that California Civil Code Section 2955.5(a) provides as follows: "No lender shall require a borrower, as a condition of receiving or maintaining a loan secured by real property, to provide hazard insurance coverage against risks to the improvements on that real property in an amount exceeding the replacement value of the improvements on the property."

Section 3.3 Advances.

In the event the Trustor shall fail to maintain the full insurance coverage required by this Deed of Trust or shall fail to keep the Security in accordance with the Loan Documents, the Beneficiary, after at least seven (7) days' prior written notice to Trustor, may (but shall be under no obligation to) take out the required policies of insurance and pay the premiums on the same or may make such repairs or replacements as are necessary and provide for payment thereof; and all amounts so advanced therefor by the Beneficiary shall become an additional obligation of the Trustor to the Beneficiary (together with interest as set forth below) and shall be secured hereby, which amounts the Trustor agrees to pay on the demand of the Beneficiary, and if not so paid, shall bear interest from the date of the advance at the lesser of ten percent (10%) per annum or the maximum rate permitted by law.

ARTICLE 4:
DAMAGE, DESTRUCTION OR CONDEMNATION

Section 4.1 Awards and Damages.

All judgments, awards of damages, settlements and compensation made in connection with or in lieu of (1) taking of all or any part of or any interest in the Property by or under assertion of the power of eminent domain, (2) any damage to or destruction of the Property or in any part thereof by insured casualty, and (3) any other injury or damage to all or any part of the Property ("Funds") are hereby assigned to and shall be paid to the Beneficiary by a check made payable to the Beneficiary. The Beneficiary is authorized and empowered (but not required) to collect and receive any funds and is authorized to apply them in whole or in part upon any indebtedness or obligation secured hereby, in such order and manner as the Beneficiary shall determine at its sole option. Following an Event of Default, the Beneficiary shall be entitled to settle and adjust all claims under insurance policies provided under this Deed of Trust and may deduct and retain from the proceeds of such insurance the amount of all expenses incurred by it in connection with any such settlement or adjustment. All or any part of the amounts so collected and recovered by the Beneficiary may be released to Trustor upon such conditions as the Beneficiary may impose for its disposition. Application of all or any part of the Funds collected and received by the Beneficiary or the release thereof shall not cure or waive any default under this Deed of Trust. The rights of the Beneficiary under this Section 4.1 are subject to the rights of any senior mortgage lender. The Beneficiary shall release the Funds to Trustor to be used to reconstruct the improvements on the Property provided that Beneficiary reasonably determines that Trustor (when taking into account the Funds) has sufficient funds to rebuild the improvements in substantially the form such improvements existed prior to the casualty or condemnation.

ARTICLE 5:
AGREEMENTS AFFECTING THE PROPERTY; FURTHER ASSURANCES; PAYMENT OF PRINCIPAL AND INTEREST

Section 5.1 Other Agreements Affecting Property.

The Trustor shall duly and punctually perform all terms, covenants, conditions and agreements binding upon it under the Loan Documents and any other agreement of any nature whatsoever now or hereafter involving or affecting the Security or any part thereof.

Section 5.2 Agreement to Pay Attorneys' Fees and Expenses.

In the event of any Event of Default (as defined below) hereunder, and if the Beneficiary should employ attorneys or incur other expenses for the collection of amounts due or the enforcement of performance or observance of an obligation or agreement on the part of the Trustor in this Deed of Trust, the Trustor agrees that it will, on demand therefor, pay to the Beneficiary the reasonable fees of such attorneys and such other reasonable expenses so incurred by the Beneficiary (including, but not limited to, other professional services fees and costs); and any such amounts paid by the Beneficiary shall be added to the indebtedness secured by the lien of this Deed of Trust, and shall bear interest from the date such expenses are incurred at the lesser of ten percent (10%) per annum or the maximum rate permitted by law.

Section 5.3 Payment of the Principal.

The Trustor shall pay to the Beneficiary the Principal and any other payments as set forth in the Note in the amounts and by the times set out therein.

Section 5.4 Personal Property.

To the maximum extent permitted by law, the personal property subject to this Deed of Trust shall be deemed to be fixtures and part of the real property and this Deed of Trust shall constitute a fixtures filing under the California Commercial Code. As to any personal property not deemed or permitted to be fixtures, this Deed of Trust shall constitute a security agreement under the California Commercial Code. The Trustor hereby grants the Beneficiary a security interest in such items.

Section 5.5 Financing Statement.

The Trustor shall execute and deliver to the Beneficiary such financing statements pursuant to the appropriate statutes, and any other documents or instruments as are required to convey to the Beneficiary a valid perfected security interest in the Security. The Trustor agrees to perform all acts which the Beneficiary may reasonably request so as to enable the Beneficiary to maintain such valid perfected security interest in the Security in order to secure the payment of the Note in accordance with its terms. The Beneficiary is authorized to file a copy of any such financing statement in any jurisdiction(s) as it shall deem appropriate from time to time in order to protect the security interest established pursuant to this instrument. Trustor shall pay all costs of filing such financing statements and any extensions, renewals, amendments, and releases thereof, and shall pay all reasonable costs and expenses of any record searches for financing statements, and releases thereof, as the Beneficiary may reasonably require. Without the prior written consent of the Beneficiary, Trustor shall not create or suffer to be created pursuant to the California Commercial Code any other security interest in the Security, including replacements and additions thereto.

Section 5.6 Operation of the Security.

The Trustor shall operate the Security (and, in case of a transfer of a portion of the Security subject to this Deed of Trust, the transferee shall operate such portion of the Security) in full compliance with the Loan Documents.

Section 5.7 Inspection of the Security.

At any and all reasonable times upon seventy-two (72) hours' notice, the Beneficiary and its duly authorized agents, attorneys, experts, engineers, accountants and representatives, shall have the right, without payment of charges or fees, to inspect the Security.

Section 5.8 Nondiscrimination.

The Trustor herein covenants by and for itself, its heirs, executors, administrators, and assigns, and all persons claiming under or through them, that there shall be no discrimination against or segregation of, any person or group of persons on account of race, color, creed, religion, sex, sexual orientation, marital status, national origin or ancestry in the sale, lease, sublease, transfer, use, occupancy, tenure or enjoyment of the Security, nor shall the Trustor itself or any person claiming under or through it establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees or vendees in the Security. The foregoing covenants shall run with the land.

Section 5.9 Relocation.

The Trustor shall comply with the requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (42 U.S.C. Section 4601, et seq.), and implementing regulations at 49 C.F.R. Part 24; Section 104(d) of the Housing and Community Development Act of 1974 and implementing regulations at 24 C.F.R. Part 42; 24 C.F.R. Section 570.606; and California Government Code Section 7260 et seq. and implementing regulations at 25 California Code of Regulations Section 6000 et seq. The Trustor acknowledges and agrees that the Security is required to be vacant in order to qualify for purchase under the Loan Agreement; however, if and to the extent that acquisition and rehabilitation of the Security results in the permanent or temporary displacement of residential tenants, homeowners, or businesses, then the Trustor shall comply with all applicable local, state, and federal statutes and regulations with respect to relocation planning, advisory assistance, and payment of monetary benefits. The Trustor shall be solely responsible for payment of any relocation benefits to any displaced persons and any other obligations associated with complying with such relocation laws. The Trustor shall indemnify, defend (with counsel reasonably chosen by the Beneficiary), and hold harmless the Beneficiary against all claims which arise out of relocation obligations to residential tenants, homeowners, or businesses permanently or temporarily displaced by the acquisition or rehabilitation of the Security.

ARTICLE 6:
HAZARDOUS WASTE

Trustor shall keep and maintain the Property in compliance with, and shall not cause or permit the Property to be in violation of any federal, state or local laws, ordinances or regulations relating to industrial hygiene or to the environmental conditions on, under or about the Property including, but not limited to, soil and ground water conditions. Trustor shall not use, generate, manufacture, store or dispose of on, under, or about the Property or transport to or from the Property any flammable explosives, radioactive materials, hazardous wastes, toxic substances or related materials, including without limitation, any substances defined as or included in the definition of "hazardous substances," hazardous wastes," "hazardous materials," or "toxic substances" under any applicable federal or state laws or regulations (collectively referred to hereinafter as "Hazardous Materials") except such of the foregoing as are used in construction of projects of the improvements on the Property or as may be customarily kept and used in and about residential property.

Trustor shall immediately advise Beneficiary in writing if at any time it receives written notice of (i) any and all enforcement, cleanup, removal or other governmental or regulatory actions instituted, completed or threatened against Trustor or the Property pursuant to any applicable federal, state or local laws, ordinances, or regulations relating to any Hazardous Materials, ("Hazardous Materials Law"); (ii) all claims made or threatened by any third party against Trustor or the Property relating to damage, contribution, cost recovery compensation, loss or injury resulting from any Hazardous Materials (the matters set forth in clauses (i) and (ii) above are hereinafter referred to as "Hazardous Materials Claims"); and (iii) Trustor's discovery of any occurrence or condition on any real property adjoining or in the vicinity of the Property that could cause the Property or any part thereof to be classified as "border-zone property" under the provision of California Health and Safety Code, Sections 25220 et seq., or any regulation adopted in accordance therewith, or to be otherwise subject to any restrictions on the ownership, occupancy, transferability or use of the Property under any Hazardous Materials Law.

Beneficiary shall have the right to join and participate in, as a party if it so elects, any legal proceedings or actions initiated in connection with any Hazardous Materials Claims and to have its reasonable attorneys' fees in connection therewith paid by Trustor. Trustor shall indemnify and hold harmless Beneficiary and its boardmembers, supervisors, directors, officers, employees, agents, successors and assigns from and against any loss, damage, cost, expense or liability directly or indirectly arising out of or attributable to the use, generation, storage, release, threatened release, discharge, disposal, or presence of Hazardous Materials on, under, or about the Property including without limitation: (a) all foreseeable consequential damages; (b) the costs of any required or necessary repair, cleanup or detoxification of the Property and the preparation and implementation of any closure, remedial or other required plans; and (c) all reasonable costs and expenses incurred by Beneficiary in connection with clauses (a) and (b), including but not limited to reasonable attorneys' fees and consultant's fees.

Without Beneficiary's prior written consent, which shall not be unreasonably withheld, Trustor shall not take any remedial action in response to the presence of any Hazardous Materials on, under or about the Property, nor enter into any settlement agreement, consent decree, or other compromise in respect to any Hazardous Material Claims, which remedial action, settlement, consent decree or compromise might, in Beneficiary's reasonable judgment, impair the value of the Beneficiary's security hereunder; provided, however, that Beneficiary's prior consent shall not be necessary in the event that the presence of Hazardous Materials on, under, or about the Property either poses an immediate threat to the health, safety or welfare of any individual or is of such a nature that an immediate remedial response is necessary and it is not reasonably possible to obtain Beneficiary's consent before taking such action, provided that in such event Trustor shall notify Beneficiary as soon as practicable of any action so taken. Beneficiary agrees not to withhold its consent, where such consent is required hereunder, if either (i) a particular remedial action is ordered by a court of competent jurisdiction, (ii) Trustor will or may be subjected to civil or criminal sanctions or penalties if it fails to take a required action; (iii) Trustor establishes to the reasonable satisfaction of Beneficiary that there is no reasonable alternative to such remedial action which would result in less impairment of Beneficiary's security hereunder; or (iv) the action has been agreed to by Beneficiary.

The Trustor hereby acknowledges and agrees that (i) this Article is intended as the Beneficiary's written request for information (and the Trustor's response) concerning the

environmental condition of the Property as required by California Code of Civil Procedure Section 726.5, and (ii) each representation and warranty in this Deed of Trust or any of the other Loan Documents (together with any indemnity applicable to a breach of any such representation and warranty) with respect to the environmental condition of the property is intended by the Beneficiary and the Trustor to be an "environmental provision" for purposes of California Code of Civil Procedure Section 736.

In the event that any portion of the Property is determined to be "environmentally impaired" (as that term is defined in California Code of Civil Procedure Section 726.5(e)(3)) or to be an "affected parcel" (as that term is defined in California Code of Civil Procedure Section 726.5(e)(1)), then, without otherwise limiting or in any way affecting the Beneficiary's or the Trustee's rights and remedies under this Deed of Trust, the Beneficiary may elect to exercise its rights under California Code of Civil Procedure Section 726.5(a) to (1) waive its lien on such environmentally impaired or affected portion of the Property and (2) exercise (a) the rights and remedies of an unsecured creditor, including reduction of its claim against the Trustor to judgment, and (b) any other rights and remedies permitted by law. For purposes of determining the Beneficiary's right to proceed as an unsecured creditor under California Code of Civil Procedure Section 726.5(a), the Trustor shall be deemed to have willfully permitted or acquiesced in a release or threatened release of hazardous materials, within the meaning of California Code of Civil Procedure Section 726.5(d)(1), if the release or threatened release of hazardous materials was knowingly or negligently caused or contributed to by any lessee, occupant, or user of any portion of the Property and the Trustor knew or should have known of the activity by such lessee, occupant, or user which caused or contributed to the release or threatened release. All costs and expenses, including (but not limited to) attorneys' fees, incurred by the Beneficiary in connection with any action commenced under this paragraph, including any action required by California Code of Civil Procedure Section 726.5(b) to determine the degree to which the Property is environmentally impaired, plus interest thereon at the lesser of ten percent (10%) or the maximum rate permitted by law, until paid, shall be added to the indebtedness secured by this Deed of Trust and shall be due and payable to the Beneficiary upon its demand made at any time following the conclusion of such action.

ARTICLE 7:
EVENTS OF DEFAULT AND REMEDIES

Section 7.1 Events of Default.

The following shall constitute Events of Default: (1) failure to make any payment to be paid by Trustor under the Loan Documents at the time such payment is due; (2) failure to observe or perform any of Trustor's other covenants, agreements or obligations under the Loan Documents, including, without limitation, the provisions concerning discrimination, subject to applicable notice and cure periods, if any, included in the Loan Documents; or (3) failure to make any payment or perform any of Trustor's other covenants, agreements, or obligations under any other debt instruments or regulatory agreement secured by the Property, which default shall not be cured within the times and in the manner provided therein.

Section 7.2 Acceleration of Maturity.

If an Event of Default shall have occurred and is continuing, then at the option of the Beneficiary, the amount of any payment related to the Event of Default and the unpaid Principal of the Note shall immediately become due and payable, upon written notice by the Beneficiary to the Trustor (or automatically where so specified in the Loan Documents), and no omission on the part of the Beneficiary to exercise such option when entitled to do so shall be construed as a waiver of such right.

Section 7.3 The Beneficiary's Right to Enter and Take Possession.

If an Event of Default shall have occurred and be continuing, the Beneficiary may:

(a) Either in person or by agent, with or without bringing any action or proceeding, or by a receiver appointed by a court, and without regard to the adequacy of its security, enter upon the Security and take possession thereof (or any part thereof) and of any of the Security, in its own name or in the name of Trustee, and do any acts which it deems necessary or desirable to preserve the value or marketability of the Property, or part thereof or interest therein, increase the income therefrom or protect the security thereof. The entering upon and taking possession of the Security shall not cure or waive any Event of Default or Notice of Default (as defined below) hereunder or invalidate any act done in response to such Default or pursuant to such Notice of Default and, notwithstanding the continuance in possession of the Security, Beneficiary shall be entitled to exercise every right provided for in this Deed of Trust, or by law upon occurrence of any Event of Default, including the right to exercise the power of sale;

(b) Commence an action to foreclose this Deed of Trust as a mortgage, appoint a receiver, or specifically enforce any of the covenants hereof;

(c) Deliver to Trustee a written declaration of default and demand for sale, and a written notice of default and election to cause Trustor's interest in the Security to be sold ("Notice of Default and Election to Sell"), which notice Trustee or Beneficiary shall cause to be duly filed for record in the Official Records of Stanislaus County; or

(d) Exercise all other rights and remedies provided herein, in the instruments by which the Trustor acquires title to any Security, or in any other document or agreement now or hereafter evidencing, creating or securing all or any portion of the obligations secured hereby, or provided by law.

Section 7.4 Foreclosure By Power of Sale.

Should the Beneficiary elect to foreclose by exercise of the power of sale herein contained, the Beneficiary shall give notice to the Trustee (the "Notice of Sale") and shall deposit with Trustee this Deed of Trust which is secured hereby (and the deposit of which shall be deemed to constitute evidence that the unpaid Principal amount of the Note is immediately due and payable), and such receipts and evidence of any expenditures made that are additionally secured hereby as Trustee may require.

(a) Upon receipt of such notice from the Beneficiary, Trustee shall cause to be recorded, published and delivered to Trustor such Notice of Default and Election to Sell as then required by law and by this Deed of Trust. Trustee shall, without demand on Trustor, after lapse of such time as may then be required by law and after recordation of such Notice of Default and Election to Sell and after Notice of Sale having been given as required by law, sell the Security, at the time and place of sale fixed by it in said Notice of Sale, whether as a whole or in separate lots or parcels or items as Trustee shall deem expedient and in such order as it may determine unless specified otherwise by the Trustor according to California Civil Code Section 2924g(b), at public auction to the highest bidder, for cash in lawful money of the United States payable at the time of sale. Trustee shall deliver to such purchaser or purchasers thereof its good and sufficient deed or deeds conveying the property so sold, but without any covenant or warranty, express or implied. The recitals in such deed or any matters of facts shall be conclusive proof of the truthfulness thereof. Any person, including, without limitation, Trustor, Trustee or Beneficiary, may purchase at such sale, and Trustor hereby covenants to warrant and defend the title of such purchaser or purchasers.

(b) After deducting all reasonable costs, fees and expenses of Trustee, including costs of evidence of title in connection with such sale, Trustee shall apply the proceeds of sale to payment of: (i) the unpaid Principal amount of the Note; (ii) all other amounts owed to Beneficiary under the Loan Documents; (iii) all other sums then secured hereby; and (iv) the remainder, if any, to Trustor.

(c) Trustee may postpone sale of all or any portion of the Property by public announcement at such time and place of sale, and from time to time thereafter, and without further notice make such sale at the time fixed by the last postponement, or may, in its discretion, give a new Notice of Sale.

Section 7.5 Receiver.

If an Event of Default shall have occurred and is continuing, Beneficiary, as a matter of right and without further notice to Trustor or anyone claiming under the Security, and without regard to the then value of the Security or the interest of Trustor therein, shall have the right to apply to any court having jurisdiction to appoint a receiver or receivers of the Security (or a part thereof), and Trustor hereby irrevocably consents to such appointment and waives further notice of any application therefor. Any such receiver or receivers shall have all the usual powers and duties of receivers in like or similar cases, and all the powers and duties of Beneficiary in case of entry as provided herein, and shall continue as such and exercise all such powers until the date of confirmation of sale of the Security, unless such receivership is sooner terminated.

Section 7.6 Remedies Cumulative.

No right, power or remedy conferred upon or reserved to the Beneficiary by this Deed of Trust is intended to be exclusive of any other right, power or remedy, but each and every such right, power and remedy shall be cumulative and concurrent and shall be in addition to any other right, power and remedy given hereunder or now or hereafter existing at law or in equity.

Section 7.7 No Waiver.

(a) No delay or omission of the Beneficiary to exercise any right, power or remedy accruing upon any Event of Default shall exhaust or impair any such right, power or remedy, or shall be construed to be a waiver of any such Event of Default or acquiescence therein; and every right, power and remedy given by this Deed of Trust to the Beneficiary may be exercised from time to time and as often as may be deemed expeditious by the Beneficiary. Beneficiary's express or implied consent to breach, or waiver of, any obligation of the Trustor hereunder shall not be deemed or construed to be a consent to any subsequent breach, or further waiver, of such obligation or of any other obligations of the Trustor hereunder. Failure on the part of the Beneficiary to complain of any act or failure to act or to declare an Event of Default, irrespective of how long such failure continues, shall not constitute a waiver by the Beneficiary of its right hereunder or impair any rights, power or remedies consequent on any Event of Default by the Trustor.

(b) If the Beneficiary (i) grants forbearance or an extension of time for the payment of any sums secured hereby, (ii) takes other or additional security or the payment of any sums secured hereby, (iii) waives or does not exercise any right granted in the Loan Documents, (iv) releases any part of the Security from the lien of this Deed of Trust, or otherwise changes any of the terms, covenants, conditions or agreements in the Loan Documents, (v) consents to the granting of any easement or other right affecting the Security, or (iv) makes or consents to any agreement subordinating the lien hereof, any such act or omission shall not release, discharge, modify, change or affect the original liability under this Deed of Trust, or any other obligation of the Trustor or any subsequent purchaser of the Security or any part thereof, or any maker, co-signer, endorser, surety or guarantor (unless expressly released); nor shall any such act or omission preclude the Beneficiary from exercising any right, power or privilege herein granted or intended to be granted in any Event of Default then made or of any subsequent Event of Default, nor, except as otherwise expressly provided in an instrument or instruments executed by the Beneficiary shall the lien of this Deed of Trust be altered thereby.

Section 7.8 Suits to Protect the Security.

The Beneficiary shall have power to (a) institute and maintain such suits and proceedings as it may deem expedient to prevent any impairment of the Security and the rights of the Beneficiary as may be unlawful or any violation of this Deed of Trust, (b) preserve or protect its interest (as described in this Deed of Trust) in the Security, and (c) restrain the enforcement of or compliance with any legislation or other governmental enactment, rule or order that may be unconstitutional or otherwise invalid, if the enforcement for compliance with such enactment, rule or order would impair the Security thereunder or be prejudicial to the interest of the Beneficiary.

Section 7.9 Trustee May File Proofs of Claim.

In the case of any receivership, insolvency, bankruptcy, reorganization, arrangement, adjustment, composition or other proceedings affecting the Trustor, its creditors or its property, the Trustee and/or the Beneficiary, to the extent permitted by law, shall be entitled to file such proofs of claim and other documents as may be necessary or advisable in order to have the

claims of the Beneficiary allowed in such proceedings and for any additional amount which may become due and payable by the Trustor hereunder after such date.

Section 7.10 Waiver.

The Trustor waives presentment, demand for payment, notice of dishonor, notice of protest and nonpayment, protest, notice of interest on interest and late charges, and diligence in taking any action to collect any sums owing under the Note or in proceedings against the Security, in connection with the delivery, acceptance, performance, default, endorsement or guaranty of this Deed of Trust.

ARTICLE 8:
MISCELLANEOUS

Section 8.1 Amendments.

This instrument cannot be waived, changed, discharged or terminated orally, but only by an instrument in writing signed by Beneficiary and Trustor.

Section 8.2 Reconveyance by Trustee.

Upon written request of Beneficiary stating that all sums secured hereby have been paid or forgiven and all performance secured hereby has been satisfactorily completed, and upon surrender of this Deed of Trust to Trustee for cancellation and retention, and upon payment by Trustor of Trustee's reasonable fees, Trustee shall reconvey the Security to Trustor, or to the person or persons legally entitled thereto.

Section 8.3 Notices.

If at any time after the execution of this Deed of Trust it shall become necessary or convenient for one of the parties hereto to serve any notice, demand or communication upon the other party, such notice, demand or communication shall be in writing and shall be served personally, by reputable overnight delivery service (which provides a delivery receipt) or by depositing the same in the registered United States mail, return receipt requested, postage prepaid and (1) if intended for Beneficiary shall be addressed to:

By Personal Delivery:

and

Sidley Austin LLP
One South Dearborn Street
Chicago, IL 60603
Attention: Philip C. Spahn

Any notice, demand or communication shall be deemed given, received, made or communicated on the date personal delivery is effected or, if mailed in the manner herein specified, on the delivery date or date delivery is refused by the addressee, as shown on the return receipt. Either party may change its address at any time by giving written notice of such change to Beneficiary or Trustor as the case may be, in the manner provided herein, at least ten (10) days prior to the date such change is desired to be effective.

Section 8.4 Successors and Joint Trustors.

Where an obligation is created herein binding upon Trustor, the obligation shall also apply to and bind any transferee or successors in interest. Where the terms of the Deed of Trust have the effect of creating an obligation of the Trustor and a transferee, such obligation shall be deemed to be a joint and several obligation of the Trustor and such transferee. Where more than one entity or person is signing as Trustor, all obligations of Trustor shall be deemed to be a joint and several obligation of each and every entity and person signing as Trustor.

Section 8.5 Captions.

The captions or headings at the beginning of each Section hereof are for the convenience of the parties and are not a part of this Deed of Trust.

Section 8.6 Invalidity of Certain Provisions.

Every provision of this Deed of Trust is intended to be severable. In the event any term or provision hereof is declared to be illegal or invalid for any reason whatsoever by a court or other body of competent jurisdiction, such illegality or invalidity shall not affect the balance of the terms and provisions hereof, which terms and provisions shall remain binding and enforceable. If the lien of this Deed of Trust is invalid or unenforceable as to any part of the debt, or if the lien is invalid or unenforceable as to any part of the Security, the unsecured or partially secured portion of the debt, and all payments made on the debt, whether voluntary or under foreclosure or other enforcement action or procedure, shall be considered to have been first paid or applied to the full payment of that portion of the debt which is not secured or partially secured by the lien of this Deed of Trust.

Section 8.7 Governing Law.

This Deed of Trust shall be governed by and construed in accordance with the laws of the State of California.

Section 8.8 Gender and Number.

In this Deed of Trust the singular shall include the plural and the masculine shall include the feminine and neuter and vice versa, if the context so requires.

Section 8.9 Deed of Trust, Mortgage.

Any reference in this Deed of Trust to a mortgage shall also refer to a deed of trust and any reference to a deed of trust shall also refer to a mortgage.

Section 8.10 Actions.

Trustor agrees to appear in and defend any action or proceeding purporting to affect the Security.

Section 8.11 Substitution of Trustee.

Beneficiary may from time to time substitute a successor or successors to any Trustee named herein or acting hereunder to execute this Trust. Upon such appointment, and without conveyance to the successor trustee, the latter shall be vested with all title, powers, and duties conferred upon any Trustee herein named or acting hereunder. Each such appointment and substitution shall be made by written instrument executed by Beneficiary, containing reference to this Deed of Trust and its place of record, which, when duly recorded in the proper office of the county or counties in which the Property is situated, shall be conclusive proof of proper appointment of the successor trustee.

Section 8.12 Statute of Limitations.

The pleading of any statute of limitations as a defense to any and all obligations secured by this Deed of Trust is hereby waived to the full extent permissible by law.

Section 8.13 Acceptance by Trustee.

Trustee accepts this Trust when this Deed of Trust, duly executed and acknowledged, is made public record as provided by law. Except as otherwise provided by law the Trustee is not obligated to notify any party hereto of pending sale under this Deed of Trust or of any action of proceeding in which Trustor, Beneficiary, or Trustee shall be a party unless brought by Trustee.

Section 8.14 Subordination.

This Deed of Trust may be subordinated as provided in Section 3.5 of the Loan Agreement.

Section 8.15 Tax Credit Provisions.

Notwithstanding anything to the contrary contained herein or in any documents secured by this Deed of Trust or contained in any subordination agreement, the Beneficiary acknowledges and agrees that in the event of a foreclosure or deed-in-lieu of foreclosure (collectively, "Foreclosure") with respect to the Property encumbered by this Deed of Trust, the following rule contained in 26 U.S.C. Section 42(h)(6)(E)(ii), as amended, shall apply:

For a period of three (3) years from the date of Foreclosure, with respect to any unit that had been regulated by the Regulatory Agreement with the California Tax Credit Allocation Committee: (1) none of the tenants occupying those units at the time of Foreclosure may be evicted or their tenancy terminated (other than for good cause); (2) nor may any rent be increased except as otherwise permitted under Section 42 of the Internal Revenue Code

Section 8.16 Original Agreement.

As of the date of this Agreement, the Deed of Trust with Assignment of Rents, Security Agreement, and Fixture Filing executed on December 11, 2012 shall automatically terminate and be of no further force or effect.

IN WITNESS WHEREOF, Trustor has executed this Deed of Trust as of the day and year first above written.

EXHIBIT A

LEGAL DESCRIPTION

The land is situated in the State of California, Stanislaus County, City of Modesto, and is described as follows:

APN: 106-006-013

ORDER NO. : 1117010758-JM

EXHIBIT A

The land referred to is situated in the County of Stanislaus, City of Modesto, State of California, and is described as follows:

That portion of Lots 7 through 16 in Block 127 of the City of Modesto as per Map thereof filed December 21, 1942 in Volume 15 of Maps, Stanislaus County Records, described as follows:

BEGINNING at the north corner of said Lot 7, said point being on the southwesterly right of way line of 80.00 feet wide 17th Street; thence South 43° 12' 09" East, 250.05 feet on said right -of - way line to the east corner of aforementioned Lot 16 and the northwesterly right -of -way line of 80.00 feet wide G Street; thence South 46° 49' 09" West 139.94 feet on said northwesterly right of way line to the south corner of said Lot 16 and the northeasterly line of the 20.00 feet wide alley through Block 127; thence North 43° 11' 11" West 165.55 feet on said northeasterly alley line; thence leaving said northeasterly alley line, North 46° 49' 11" East 29.03 feet; thence, parallel with said northeasterly alley line, North 43° 11' 11" West 84.50 feet to the northwesterly line of aforementioned Lot 7; thence North 46° 49' 12" East 110.84 feet on the northwesterly line of said Lot 7 to the point of beginning.

CITY OF MODESTO NEIGHBORHOOD STABILIZATION PROGRAM 2

REGULATORY AGREEMENT

(NSP2 Regulatory Agreement – Tower Park)

This CITY OF MODESTO NEIGHBORHOOD STABILIZATION PROGRAM 2 REGULATORY AGREEMENT (the "NSP2 Regulatory Agreement) is entered into as of November 24 2014, by and between the CITY OF MODESTO, a municipal corporation of the State of California (the "CITY") and SATELLITE AFFORDABLE HOUSING ASSOCIATES, a California nonprofit public benefit corporation ("SAHA") and AMERICAN BAPTIST HOMES OF THE WEST, a California nonprofit public benefit corporation, ("ABHOW" and collectively with SAHA referred to herein as the "BORROWER") with reference to the following:

RECITALS

A. WHEREAS, CITY and BORROWER are concurrently with the execution

herewith entering into that certain City of Modesto Neighborhood Stabilization Program 2 Loan Agreement of even date herewith (the "NSP2 Loan Agreement") which is incorporated herein by reference.

B. WHEREAS, CITY desires to increase the supply of affordable special needs rental housing for Very Low Income Households in the City of Modesto.

C. WHEREAS, pursuant to the NSP2 Loan Agreement, CITY has made a loan to BORROWER in the sum of Two Hundred Fifty Thousand Dollars ($250,000) (NSP2 Loan") for the purpose of assisting BORROWER in the predevelopment of certain real property located in the City of Modesto, County of Stanislaus, State of California (the "Property") as more fully described in Exhibit "A" attached hereto. BORROWER intends to construct forty-nine (49) rental housing units (and one manager's unit) on the Property.

D. WHEREAS, the Property is being developed by BORROWER for the sole purpose of developing and renting the Property as affordable rental housing to a qualified Very Low Income Household with special needs, also referred to as a Qualified Tenant.

E. WHEREAS, it is the intent of the parties hereto that no less than twenty-four (24) housing units located on the Property remain affordable and available exclusively to a qualified Very Low Income Household for an affordability period of no less than twenty (20) consecutive years from the date this Regulatory Agreement is recorded against the Property. This shall be known as the "Continued Affordability Period."

F. WHEREAS, as a condition of receiving NSP2 Loan, BORROWER must agree to place specified restrictions upon the use and transfer of the Property (24 CFR Sec. 92.252). It is the intent of the parties hereto to evidence BORROWER's compliance with the NSP2

Requirements, as defined in the NSP2 Loan Agreement, and place such restrictions upon the use and transfer of the Property to ensure continued affordability, as required by the NSP2 Requirements.

NOW, THEREFORE, in consideration of the foregoing covenants and other consideration, and in order to induce CITY to enter into the NSP2 Loan with BORROWER, the receipt and sufficiency of which are hereby acknowledged, CITY and BORROWER agree as follows:

1. **Recitals.** The foregoing recitals are part of this NSP2 Regulatory Agreement.

2. **Definitions.** Unless definitions of terms have been expressly set out herein, each term shall have the same definition as set forth in the NSP2 Loan Agreement.

3. **Declarations.** The Property is and shall be subject to the covenants and restrictions hereafter set forth, and shall be binding on and enforceable against BORROWER and any future owner of the Property. The covenants and restrictions herein are established and agreed upon for the purpose of expanding and preserving the availability of affordable special needs rental housing for Very Low Income Households in the City of Modesto.

4. **Continued Use Restrictions and Covenants of the Property.** The following covenants and restrictions on the use and enjoyment of the Property shall be in addition to any other covenants and restrictions affecting the Property, and all such covenants and restrictions are for the benefit and protection of CITY, and shall run with the land and be binding on BORROWER, its successors, assigns, transferees and future owner(s) of the Property and inure to the benefit of and be enforceable by CITY.

BORROWER, on behalf of itself and its successors and assigns, and, hereby covenants

and agrees:

(a) BORROWER shall rent no less than twenty-four (24) housing units located on the Property (the "NSP2 Assisted Units") to a Qualified Tenant for the entire Continued Affordability Period in accordance with Section 5 of the NSP2 Loan Agreement, subject to the following additional requirements:

(1) Occupancy Requirements. No less twenty-four (24) NSP2 Assisted Units shall be rented to and occupied by households that qualify as a Very Low Income Household and include a "special needs" person, meaning a person with mental health issues, chronic disabilities, HIV/AIDS, a prison re-entry candidate, or an "elderly" or "senior citizen" resident of no less than sixty-two (62) years of age.

(2) Affordable Rent. In accordance with subsection 1, the monthly rent paid by the Qualified Tenant to occupy the Property shall not exceed the maximum rent set forth in 24 CFR 92.252.

(i) Very Low Income Rent. The rent ("Very Low Income Rent") paid by a Very Low Income Household shall not exceed thirty percent (30%) of fifty percent (50%) of the area median income adjusted for family size based on guidelines published by HUD ("Median Income").

(ii) Approval of Initial and Subsequent Rents. Rents for all NSP2 Assisted Units are subject to CITY approval prior to occupancy by Qualified Tenants, and are subject to the NSP2 Requirements

(iii) Rent Increases. All rent increases for the NSP2 Assisted Units are subject to CITY approval and are subject to the NSP2 Requirements. Such rent may

not be increased more often than once every twelve (12) months. BORROWER will provide each Qualified Tenant with at least sixty (60) days written notice of any increase in rent applicable to such Qualified Tenant.

(3) Increased Income of Qualified Tenants.

(i) Increased income above Very Low but below Low Income Limit. Subject to subsection 2(iii) above, in the event that, upon recertification of the income of a Very Low Income Household, the Borrower determines that such household no longer qualifies as a Very Low Income Household, but does qualify as a person or household with an annual income no greater than sixty-five (65%) of Median Income (a "Low Income Household") such household may continue to occupy the NSP2 Assisted Unit and, upon sixty (60) days written notice to the such household, BORROWER may increase the household's rent to the maximum rent published by HUD for a Low Income Household for the applicable bedroom size as set forth in 24 C.F.R. 92.252(a) (also known as "High HOME Rent"). Borrower shall then rent the next available NSP2-Assisted Unit to a Very Low Income Household.

(ii) Non-Qualifying Household. If, upon recertification of the income of a Qualified Tenant, BORROWER determines that a former Very Low Income Household has an Adjusted Income exceeding the maximum qualifying income for a Low Income Household, such household shall be permitted to continue occupying the NSP2 Assisted Unit and, upon expiration of the household's lease and upon sixty (60) days written notice, the rent shall be increased to the lesser of one-twelfth (1/12th) of thirty percent (30%) of the actual Adjusted Income of the household, or fair market rent, subject to 24 C.F.R. 92.252(i)(2) regarding low income housing tax credit requirements. When the household vacates the NSP2

Assisted Unit, BORROWER shall rent such NSP2 Assisted Unit to a Very Low Income Household.

(iii) Termination of Occupancy. Upon termination of occupancy of a NSP2 Assisted Unit by a Qualified Tenant, such unit shall be deemed to be continuously occupied by a household of the same income level as the initial income level of the vacating Qualified Tenant, until such unit is reoccupied, at which time the income character of the NSP2 Assisted Unit shall be redetermined to meet the occupancy requirements set forth herein.

(4) Income Certification. BORROWER will obtain, complete and maintain on file, immediately prior to initial occupancy and annually thereafter, income certifications from each Qualified Tenant's household. BORROWER shall make a good faith effort to verify the accuracy of the income provided by the applicant or occupying household, as the case may be, in an income certification. To verify the information, BORROWER shall take two or more of the following steps: (i) obtain a pay stub for the most recent pay period; (ii) obtain an income tax return for the most recent tax year; (iii) conduct a credit agency or similar search; (iv) obtain an income verification form from the applicant's current employer; (v) obtain an income verification form from the Social Security Administration and/or the California Department of Social Services if the applicant receives assistance from either of such agencies; or (vi) if the applicant is unemployed and does not have a tax return, obtain another form of independent verification. Copies of Qualified Tenant income certifications shall be available to CITY upon request.

(5) Qualified Tenant Selection Plan. BORROWER shall not make

material modifications to its tenant selection plan without the prior written approval of CITY, which approval shall not be unreasonably withheld. Such tenant selection plan shall comply with the NSP2 Requirements.

(6) Lease Provisions. In leasing the Property, BORROWER shall use a form of Qualified Tenant lease approved by CITY. The form of Qualified Tenant lease shall also comply with all requirements of this NSP2 Regulatory Agreement and the NSP2 Loan Agreement, and shall, among other matters:

(i) provide for termination of the lease and consent by a Qualified Tenant to immediate eviction for failure: (a) to provide any information required under this NSP2 Regulatory Agreement or reasonably requested by BORROWER to establish or recertify a Qualified Tenant's qualification, or the qualification of a Qualified Tenant's household, for occupancy in the Property in accordance with the standards set forth in this NSP2 Regulatory Agreement, or (b) to qualify as a Very Low Income Household, as applicable, as a result of any material misrepresentation made by such Qualified Tenant with respect to the income computation.

(ii) be for an initial term of not less than one (1) year, unless by mutual agreement between a Qualified Tenant and BORROWER, and provide for no increase in the Affordable Rent during such year. After the initial year of tenancy, the lease may be month-to-month by mutual agreement of BORROWER and a Qualified Tenant.

(7) Lease Termination. Any termination of a lease or refusal to renew a lease for the Property shall be in conformance with the NSP2 Requirements, including, but not limited to, 24 C.F.R. 253(c), and the requirements of applicable state law.

(8) Nondiscrimination. The Property shall be available for occupancy on a continuous basis to members of the general public who are income eligible. BORROWER shall not give preference to any particular class or group of persons in renting or selling the Property, except as may be required pursuant to this NSP2 Regulatory Agreement. BORROWER herein covenants by and for BORROWER, assigns, and all persons claiming under or through BORROWER, that there shall be no discrimination against or segregation of, any person or group of persons on account of race, color, creed, religion, sex, sexual orientation, marital status, national origin, source of income (e.g., SSI), ancestry, or disability, in the leasing, subleasing, transferring, use, occupancy, tenure, or enjoyment of the Property nor shall BORROWER or any person claiming under or through BORROWER, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use, or occupancy, of tenants, lessees, sublessees, subtenants, or vendees of the Property or in connection with the employment of persons for the construction, operation and management of the Property.

(9) Section 8 Tenants. BORROWER will accept as Qualified Tenants, on the same basis as all other prospective Qualified Tenants, persons who are recipients of federal certificates for rent subsidies pursuant to the existing housing program under Section 8 of the United States Housing Act, or its successor. BORROWER shall not apply selection criteria to Section 8 certificate or voucher holders that are more burdensome than criteria applied to all other prospective Qualified Tenants, nor shall BORROWER apply or permit the application of management policies or lease provisions with respect to the Property which have the effect of precluding occupancy of the Property by such prospective Qualified Tenants.

(10) Records. BORROWER shall maintain complete, accurate and current records pertaining to the Property, and shall permit any duly authorized representative of CITY to inspect records, including records pertaining to income and household size of Qualified Tenant. All Qualified Tenant lists, applications and waiting lists relating to the Property shall at all times be kept separate and identifiable from any other business of BORROWER and shall be maintained as required by CITY, in a reasonable condition for proper audit and subject to examination during business hours by representatives of CITY. BORROWER shall retain copies of all materials obtained or produced with respect to occupancy of the Property for a period of at least five (5) years.

(11) Management Responsibilities. BORROWER is responsible for all management functions with respect to the Property, including without limitation the selection of Qualified Tenants, certification and recertification of household size and income, evictions, collection of rents and deposits, maintenance, landscaping, routine and extraordinary repairs, replacement of capital items, and security. CITY shall have no responsibility over management of the Property. BORROWER shall retain a professional property management company approved by CITY in its reasonable discretion to perform its management duties hereunder. BORROWER may request CITY for written approval to self-manage the Property.

(12) Management Agent; Periodic Reports. The Property shall at all times be managed by an experienced management agent reasonably acceptable to CITY, with demonstrated ability to operate residential facilities like the Property in a manner that will provide decent, safe, and sanitary housing (as approved, the "Management Agent"). CITY hereby pre-approves ABHOW as the Management Agent).

(13) Periodic Performance Review. CITY reserves the right to conduct an annual (or more frequently, if deemed necessary by CITY) review of the management practices and financial status of the Property. The purpose of each periodic review will be to enable CITY to determine if the Property is being operated and managed in accordance with the NSP2 Requirements and the provisions of this NSP2 Regulatory Agreement. BORROWER shall cooperate with CITY in such reviews.

(14) Replacement of Management Agent. If, as a result of a periodic review, CITY determines in its reasonable judgment that the Property is not being operated and managed in accordance with any of the material requirements and standards of this NSP2 Regulatory Agreement, CITY shall deliver notice to BORROWER of its determination that the Property does not satisfy the requirements of this NSP2 Regulatory Agreement, such notice may include a request to cause replacement of the Management Agent, including the reasons therefor. Within fifteen (15) days after receipt by BORROWER of such written notice, CITY staff and BORROWER shall meet in good faith to consider methods for improving the financial and operating status of the Property, including, without limitation, replacement of the Management Agent.

If, after such meeting, CITY staff recommends in writing the replacement of the Management Agent, ABHOW shall be dismissed as the Management Agent, SAHA shall appoint, subject to the CITY's prior written approval, as the Management Agent a person or entity meeting the standards for a management agent set forth in subsection (12) above. Failure to remove the Management Agent in accordance with the provisions of this Section shall constitute default under this NSP2 Regulatory Agreement, and CITY may enforce this provision

through legal proceedings as specified in Section 9 below.

(f) On-site Inspection. CITY shall have the right to perform an on-site inspection of the Property when deemed necessary by CITY, and subject to the rights of a Qualified Tenant, upon delivery of reasonable notice to BORROWER, subject to the requirements of state law. BORROWER agrees to cooperate in and attend such inspection and request Qualified Tenants cooperate with such inspections.

(g) Annual Report. BORROWER shall submit to CITY annual reports in a form approved by CITY, no later than one hundred twenty (120) days after the end of BORROWER's fiscal year. The reports shall contain such information as CITY may require, including, but not limited to, the following:

(i) A statement of the fiscal condition of the Property, including a financial statement indicating surpluses or deficits in operating accounts for the period covered, a detailed itemized listing of income and expenses, and the amounts of the Property reserves. The report due after the end of each fiscal year shall contain an audited version of this statement. Such audit shall be prepared in accordance with the requirements of CITY and certified at BORROWER's expense by an independent Certified Public Accountant licensed by the State of California; and

(ii) The substantial physical defects in the Property, if any, including a description of any major repair or maintenance work undertaken in the reporting period; and

(iii) Information concerning the occupancy of the Property.

Upon request of CITY, BORROWER shall furnish, within fifteen (15) days, any other information or completed form requested by CITY.

(h) Additional Information. BORROWER shall provide any additional information reasonably requested by CITY. CITY shall have the right to examine and make copies of all books, records or other documents of BORROWER which pertain to the Property.

(i) Taxes and Assessments. If applicable, BORROWER shall pay all real and personal property taxes, assessments and charges and all franchise, income, employment, old age benefit, withholding, sales, and other taxes assessed against it, or payable by it, at such times and in such manner as to prevent any penalty from accruing, or any lien or charge from attaching to the Property; provided, however, that BORROWER may contest in good faith, any such taxes, assessments, or charges. In the event BORROWER exercises its right to contest any tax, assessment, or charge against it, BORROWER, on final determination of the proceeding or contest, shall immediately pay or discharge any decision or judgment rendered against it, together with all costs, charges and interest.

(j) Property Maintenance. BORROWER agrees, for the entire Term of this NSP2 Regulatory Agreement, to maintain all interior and exterior improvements, including landscaping, on the Property in good condition and repair (and, as to landscaping, in a healthy condition) and in accordance with all applicable laws, rules, ordinances, orders and regulations of all federal, state, county, municipal, and other governmental agencies and bodies having or claiming jurisdiction and all their respective departments, bureaus, and officials, and in accordance with the following maintenance conditions:

CITY places prime importance on quality maintenance to protect its investment and to ensure that all CITY-assisted affordable housing projects are not allowed to deteriorate due to below-average maintenance. Normal wear and tear of the Property will be acceptable to

CITY assuming BORROWER agrees to provide all necessary improvements to assure the Property is maintained in good condition. BORROWER shall make all repairs and replacements necessary to keep the improvements in good condition and repair.

In the event that BORROWER breaches any of the covenants contained in this subsection and such default continues for a period of fifteen business (15) days after written notice from CITY with respect to graffiti, debris, waste material, and general maintenance or thirty (30) days after written notice from CITY with respect to landscaping and building improvements, then CITY, in addition to whatever other remedy it may have at law or in equity, shall have the right to enter upon the Property and perform or cause to be performed all such acts and work necessary to cure the default. Pursuant to such right of entry, CITY shall be permitted (but is not required) to enter upon the Property and perform all acts and work necessary to protect, maintain, and preserve the improvements and landscaped areas on the Property, and to attach a lien on the Property, or to assess the Property, in the amount of the expenditures arising from such acts and work of protection, maintenance, and preservation by CITY and/or costs of such cure, which amount shall be promptly paid by BORROWER to CITY upon demand.

(k) Asset Management. BORROWER is responsible for all asset management functions with respect to the Property, including without limitation the oversight of the Management Agent, as applicable, maintaining accurate and current books and records for the Property and promptly paying costs incurred in connection with the Property. CITY shall have no responsibility over asset management of the Property.

5. **Term of Use Restrictions and Covenants.** The covenants and restrictions established in Section 4 of this NSP2 Regulatory Agreement shall, without regard to technical

classification and designation, be binding on BORROWER, its successors and assigns and each future owner of the Property, for the benefit of and in favor of the CITY, and shall remain in effect and enforceable until the twentieth (20th) anniversary of the date of recordation of this NSP2 Regulatory Agreement or reconveyance of this NSP2 Regulatory Agreement by CITY. This NSP2 Regulatory Agreement shall remain in effect notwithstanding any reconveyance of the deed of trust securing the NSP2 Loan or the transfer of ownership of the Property, excluding the lease of the Property to a Qualified Tenant.

6. **Written Notifications.** BORROWER, and any future owner of the Property, covenants and agrees to include the requirements and restrictions contained in this NSP2 Regulatory Agreement and any document transferring title of the Property to another person, to the end that such transferee has notice of, and is bound by, such restrictions and covenants, and to obtain the agreement from any transferee to abide by all the covenants and restrictions of this NSP2 Regulatory Agreement.

7. **Acceptance and Ratification.** BORROWER and future owners of the Property shall be subject to and shall comply with the Use Restrictions and Covenants herein. The acceptance of a deed of conveyance to the Property shall constitute an agreement that the Use Restrictions and Covenants are accepted and ratified by such future owners, and such Use Restrictions and Covenants shall run with the land and bind such future owners.

8. **Enforcement of Restrictions and Covenants.** If BORROWER or any future owner defaults in the performance or observance of any covenant or restriction set forth in this NSP2 Regulatory Agreement and if such default remains uncured for a period of thirty (30) days after notice thereof shall have been given by CITY, then CITY acting on its own behalf may

declare an Event of Default to have occurred, and, at its option, may take any one or more of the following steps:

(a) By mandamus, or other suit, action or proceeding at law or in equity, require BORROWER or any future owner of the Property to perform its obligations and covenants hereunder, including the remedy of specific performance, or to enjoin any act or thing in violation of any covenant or restriction of this NSP2 Regulatory Agreement; or

(b) Subject to the provisions of the NSP2 Loan Agreement, and the NSP2 Note entered into by BORROWER and CITY evidencing BORROWER's indebtedness to CITY for NSP2 Loan, declare a default and accelerate the indebtedness evidenced by the NSP2 Note; or

(c) Take such other action at law or in equity as may appear necessary or desirable to enforce the obligations, covenants and restrictions hereunder, including (i) compelling BORROWER to sell the Property to CITY at a sales price equal to the unpaid balance of amount of NSP2 Loan, or (ii) the commencement of foreclosure proceedings; or

(d) Exercise any other remedy provided under the NSP2 Loan Agreement, subject to Section 35 of the Loan Agreement.

9. **Notices.** All notices pursuant to this NSP2 Regulatory Agreement shall be in writing and served on the other party (a) by personal delivery or (b) by certified mail, return receipt requested, to the respective addresses as set forth below. Receipt shall be deemed to have occurred on the date shown on a written receipt as the date of delivery or refusal of delivery (or attempted delivery if undeliverable).

10. Indemnity. BORROWER shall indemnify and hold CITY, and their officers, agents, officials, and employees free and harmless against any losses, damages, liability, claims, demands, judgments, actions, court costs, and legal or other expenses (including attorney's fees) which arise out of or in connection with the Borrower's activities under this NSP2 Regulatory

Agreement. This indemnity obligation shall not extend to any claim arising solely from the negligence or willful misconduct of CITY, their officers, agents, officials and employees. The provisions of this Section shall survive the expiration of the term of this NSP2 Regulatory Agreement.

11. **Relationship of Parties.** Nothing contained in this NSP2 Regulatory Agreement shall be interpreted or understood by any of the parties, or by any third person, as creating the relationship of employer and employee, principal and agent, limited or general partnership, or joint venture between CITY and BORROWER or its agents, employees or contractors. Except as CITY may specify in writing, BORROWER shall have no authority to act as an agent of CITY or to bind CITY to any obligation.

12. **Superiority of Agreement.** BORROWER covenants that, except in accordance with Section 3.5 of the Loan Agreement, BORROWER has not, and shall not, enter into or execute any other agreement with provisions contrary to the provision of this NSP2 Regulatory Agreement, or contrary to the intent of maintaining the affordability restrictions for the full Continued Affordability Period.

13. **Parties Bound; Covenants Running with the Land.** Except as otherwise limited in Section 4 herein, the provisions of this NSP2 Regulatory Agreement shall be binding upon and inure to the benefit of the parties and their successors, transferees, and assigns. This NSP2 Regulatory Agreement is intended to run with the land and shall bind BORROWER and its successors, assigns, transferees in the Property and future owners of the Property for the entire Continued Affordability Period regardless of any assignment, payment, expiration, extinguishment of any loan or note, any reconveyance of deed of trust, or any conveyance or

transfer of the Property, and the benefits hereof shall inure to the benefit of CITY and its successors and assigns.

14. **Interpretation; Affordability.** It is the intention of the parties to this NSP2 Regulatory Agreement that affordability be interpreted in view of the express goals of the NSP2 Requirements and specifically including the affordability regulations of Title 24 CFR Part 92. It is the purpose of this NSP2 Regulatory Agreement to limit and restrict the use of the Property in order to maintain the Property's affordability for the entire Continued Affordability Period.

15. **Amendments.** This NSP2 Regulatory Agreement, including any exhibits hereto, shall not be amended except in writing, signed by the Parties. Any amendment or addendum hereto shall expressly refer to this NSP2 Regulatory Agreement.

16. **No Liability.** No member, official, employee or agent of CITY shall be personally liable to BORROWER in the event of any default or breach by CITY or for any amount that may become due to BORROWER or any obligation under the terms of this NSP2 regulatory Agreement. No member, official, employee or agent of BORROWER shall be personally liable to CITY in the event of any default or breach by BORROWER or for any amount that may become due to CITY or any obligation under the terms of this NSP2 Regulatory Agreement.

17. **Governing Law.** This NSP2 Regulatory Agreement shall be interpreted under and be governed by the laws of the State of California.

18. **Venue.** Should either party institute suit or arbitration for enforcement or interpretation of any provision contained herein, the venue of such action shall be in Stanislaus County, California.

19. **Costs and Attorney Fees.** In the event that any legal or administrative action is commenced to interpret or to enforce the terms of this NSP2 Regulatory Agreement, the prevailing party in such action shall be entitled to recover all reasonable attorney's fees and costs incurred in such action.

20. **Severability.** Every provision of this NSP2 Regulatory Agreement is intended to be severable. If any provision of this NSP2 Regulatory Agreement shall be held invalid, illegal, or unenforceable by a court of competent jurisdiction, the validity, legality, and enforceability of the remaining provisions shall not in any way be affected or impaired.

21. **No Waiver.** Any waiver by CITY of any obligation or condition in this NSP2 Regulatory Agreement must be in writing. No waiver will be implied from any delay or failure by CITY to take action on any breach or default of BORROWER, its assignee or transferee, or to pursue any remedy allowed under this NSP2 Regulatory Agreement or applicable law. Any extension of time granted to BORROWER, its assignee or transferee, to perform any obligation hereunder shall not operate as a waiver or release from any of its obligations under this NSP2 Regulatory Agreement. Consent by CITY to any act or omission by BORROWER, its assignee or transferee, shall not be construed to be a consent to any other or subsequent act or omission or to waive the requirement for CITY's written consent to future waivers.

22. **Titles.** Any titles of the sections or subsections of this NSP2 Regulatory Agreement are inserted for convenience of reference only and shall be disregarded in interpreting any part of the NSP2 Regulatory Agreement's provisions.

23. **Interpretation.** The language of each and all paragraphs, terms and/or provisions of this NSP2 Regulatory Agreement, shall, in all cases and for any and all purposes, and in any

way and all circumstances whatsoever, be construed as a whole, according to its fair meaning, and not for or against any party hereto and with no regard whatsoever to the identity or status of any person or persons who drafted all or any portion of this agreement.

24. **Discretion Retained by CITY.** CITY's execution of this NSP2 Regulatory Agreement in no way limits the discretion of CITY in the permit and approval process in connection with any improvements by BORROWER.

25. **Recordation.** BORROWER acknowledges and agrees that this NSP2 Regulatory Agreement shall be recorded against the Property in the Office of the Recorder of the County of Stanislaus, and may be subordinated as provided in Section 3.5 of the Loan Agreement.

26. **Authority to Execute.** Each individual executing this NSP2 Regulatory Agreement on behalf of BORROWER represents and warrants that he/she is duly authorized to execute this NSP2 Regulatory Agreement on behalf of BORROWER

27. **Compliance With NSP2 Requirements.** BORROWER agrees that at all times its acts regarding the property and the use of NSP2 funds shall be in conformity with the NSP2 Requirements. BORROWER acknowledges that it is familiar with such applicable provisions and has been professionally advised to the extent necessary for the purpose of enabling BORROWER to fully comply with such provisions.

28. **Original Agreement.** As of the date of this Agreement, the City of Modesto Neighborhood Stabilization Program 2 Regulatory Agreement dated as of December 11, 2012 shall automatically terminate and be of no further force or effect.

[SIGNATURES ON NEXT PAGE]

IN WITNESS WHEREOF, the City of Modesto, a municipal corporation, has authorized the execution of this Agreement in duplicate by its City Manager and attestation by its City Clerk under authority of Resolution No. 2014- 444 adopted by the Council of the City of Modesto on the 4 day of November, 2014, and BORROWER has caused this Agreement to be duly executed.

ASSIGNMENT AND ASSUMPTION AGREEMENT

(Tower Park NSP2 Loan Documents)

This ASSIGNMENT AND ASSUMPTION AGREEMENT (this "Agreement") is entered into as of November 24 2014 (the "Effective Date"), by and among the City of Modesto, a municipal corporation (the "City"), Satellite Affordable Housing Associates, a California nonprofit public benefit corporation ("SAHA"), American Baptist Homes of the West, a California nonprofit public benefit corporation ("ABHOW") and Tower Park, L.P., a California limited partnership (the "Partnership"), with reference to the following facts.

RECITALS

A. The City provided a loan of Neighborhood Stabilization Program 2 ("NSP2") funds to SAHA and ABHOW in the amount of Two Hundred Fifty Thousand Dollars ($250,000) (the "NSP2 Loan") to assist in the financial feasibility for the development of a senior housing project (the "Development").

B. The NSP2 Loan is evidenced by that certain City of Modesto NSP2 Loan Agreement dated December 11, 2012, as amended by that certain First Amendment to the City of Modesto NSP2 Loan Agreement dated as of November 24, 2014 (collectively, the "Loan Agreement") and that certain Promissory Note in the amount of Two Hundred Fifty Thousand Dollars ($250,000) dated as of December 11, 2012 (the "NSP2 Note") and secured by that certain Deed of Trust with Assignment of Rents dated as of November 24, 2014 (the "NSP2 Deed of Trust") and also secured by that certain City of Modesto Neighborhood Stabilization Program 2 Regulatory Agreement dated as of November 24, 2014 (the "NSP2 Regulatory Agreement"). The Loan Agreement, the NSP2 Note, the NSP2 Deed of Trust and the NSP2 Regulatory Agreement are referred to in this Agreement collectively as the "NSP2 Loan Documents."

C. The Partnership intends to develop the Development. SAHA and ABHOW desire to enter into this Agreement to assign the NSP2 Loan Documents and all of SAHA and ABHOW's respective rights, title, and interest in and obligations under the NSP2 Loan Documents to the Partnership, and the Partnership is entering into this Agreement to assume all

of SAHA and ABHOW's rights, title, and interest in and obligations under the NSP2 Loan Documents from SAHA and ABHOW.

D. The City is entering into this Agreement in order to provide consent to the assignment of the NSP2 Loan Documents from SAHA and ABHOW to the Partnership.

E. The City, SAHA, ABHOW and the Partnership are sometimes referred to in this Agreement individually as a "Party" and collectively as the "Parties".

AGREEMENT

NOW, THEREFORE, in consideration of the foregoing Recitals, which are incorporated in this Agreement by this reference, the mutual promises of the Parties, and for other good and valuable consideration, the receipt and sufficiency of which are acknowledged, the Parties mutually agree as follows:

1. Assignment by SAHA and ABHOW.

(a) SAHA assigns to the Partnership all of SAHA's right, title, and interest in and obligations under the NSP2 Loan Documents (the "SAHA Assignment").

(b) ABHOW assigns to the Partnership all of SAHA's right, title, and interest in and obligations under the NSP2 Loan Documents (the "SAHA Assignment").

2. Acceptance of Assignment by the Partnership.

(a) As of the Effective Date, the Partnership accepts the Assignment and assumes, agrees, and undertakes to perform all of the obligations, covenants, and agreements of SAHA pursuant to the NSP2 Loan Documents. As of the Effective Date, any reference in the NSP2 Loan Documents to the "Borrower" or the "Owner" is deemed a reference to the Partnership.

(b) As of the Effective Date, the Partnership accepts the Assignment and assumes, agrees, and undertakes to perform all of the obligations, covenants, and agreements of ABHOW pursuant to the NSP2 Loan Documents. As of the Effective Date, any reference in the NSP2 Loan Documents to the "Borrower" or the "Owner" is deemed a reference to the Partnership.

3. Releases.

(a) As of the Effective Date, SAHA is released from all obligations imposed under the NSP2 Loan Documents with respect to matters occurring from and after the Effective Date.

(b) As of the Effective Date, ABHOW is released from all obligations imposed under the NSP2 Loan Documents with respect to matters occurring from and after the Effective Date.

4. Consent of the City. By executing this Agreement, the City consents to the Assignment of the NSP2 Loan Documents from SAHA and ABHOW to the Partnership and the release of SAHA and ABHOW from the NSP2 Loan Documents as of the Effective Date.

5. Representations.

(a) The Partnership represents and warrants that the Partnership is a duly formed, validly existing limited partnership in good standing under the laws of the State of California, and has the power and authority to execute this Agreement and perform the obligations under the NSP2 Loan Documents.

(b) SAHA represents and warrants that it has not previously assigned, pledged, hypothecated or otherwise transferred any of its right, title, or interest in or obligations under the NSP2 Loan Documents.

(c) ABHOW represents and warrants that it has not previously assigned, pledged, hypothecated or otherwise transferred any of its right, title, or interest in or obligations under the NSP2 Loan Documents.

6. Further Approvals. Each Party to this Agreement shall execute and deliver such instruments, documents and other written information and take such other actions as another Party may reasonably require in order to carry out the intent of this Agreement.

7. Full Force and Effect. Except as set forth in this Agreement, the NSP2 Loan Documents remain unmodified and in full force and effect.

8. Successors and Assigns. This Agreement shall be binding on and inure to the benefit of the successors and assigns of the Parties.

9. California Law. This Agreement shall be governed by and interpreted in accordance with the internal laws of the State of California, without regard to conflict of law principles.

10. Invalidity. Any provision of this Agreement which is determined by a court to be invalid or unenforceable shall be deemed severed from this Agreement, and the remaining provisions shall remain in full force and effect as if the invalid or unenforceable provision had not been a part of this Agreement.

11. Headings. The headings used in this Agreement are for convenience only and shall be disregarded in interpreting the substantive provisions of this Agreement.

12. Counterparts. This Agreement may be executed in any number of counterparts, each of which shall be an original, but all of which together shall constitute one instrument.

IN WITNESS WHEREOF, the Parties have executed this Agreement as of the Effective Date.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-281

RESOLUTION APPROVING THE (1) FIVE-YEAR CONSOLIDATED PLAN (2010-2015) AND FISCAL YEAR 2015-16 ANNUAL ACTION PLAN FOR THE USE OF COMMUNITY DEVELOPMENT BLOCK GRANT, HOME INVESTMENT PARTNERSHIP GRANT, AND EMERGENCY SOLUTIONS GRANT FUNDS AND (2) ANALYSIS OF IMPEDIMENTS TO FAIR HOUSING CHOICE; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO SIGN THE REQUIRED CERTIFICATIONS AND DOCUMENTS FOR SUBMITTAL TO THE U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

WHEREAS, the U.S. Department of Housing and Urban Development (HUD) requires entitlement grantees adopt a comprehensive, long-term plan for the use of its HUD funds, and

WHEREAS, the Five-Year Consolidated Plan (CP), also referred to as the Strategic Plan, analyzes the City's housing and community development needs, with a priority focus on low- and moderate-income individuals, households, and neighborhoods, and describes long-term strategies for meeting those needs, and

WHEREAS, HUD also requires entitlement grantees to adopt an Annual Action Plan (AAP), and

WHEREAS, this document describes the how funds will be used in a particular fiscal year to address the needs and priorities established through the CP, and

WHEREAS, on February 14, 2000, a requirement was imposed that state and local entitlement jurisdictions receiving funding through the CP process should update, where appropriate, its Analysis of Impediments (AI) to reflect the current fair housing situation in the community, and

WHEREAS, the AI reviews a jurisdiction's laws, regulations, and administrative policies, procedures, and practices as well as evaluates how those laws affect the location, availability, and accessibility of housing, and

WHEREAS, notice has been duly given to the community of the proposed CP, AAP and AI, and to provide a 30-day comment period, which began July 3, 2015, and ended on August 5, 2015, and

WHEREAS, the Citizens Housing and Community Development Committee (CH&CDC) considered the proposed CP, AAP and AI at its July 15, 2015 meeting, and recommended forwarding to the Council for approval, and

WHEREAS, a duly noticed public hearing was held by the City Council on August 5, 20155:30 p.m., in the Tenth Street Place Chambers, located at 1010 Tenth Street, and

WHEREAS, any comments received during the 30-day public review period or during the City Council meeting will be incorporated into the final CP, AAP and AI.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes approval of the (1) five-year consolidated plan (2010-2015) and fiscal year 2015-16 annual action plan for the use of Community Development Block Grant, HOME investment partnership grant, and Emergency Solutions Grant funds and (2) Analysis of Impediments to Fair Housing Choice, and

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby authorizes the City Manager, or his designee, to sign the required certifications and documents for submittal to the U.S. Department of Housing and Urban Development

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of August, 2015, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Kenoyer, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION APPROVING THE RESULTS OF THE ACTUARIAL VALUATION OF THE CITY OF MODESTO OTHER POST-EMPLOYMENT BENEFITS (OPEB) PLAN AS OF JANUARY 1, 2015 CONDUCTED IN ACCORDANCE WITH THE GOVERNMENTAL ACCOUNTING STANDARDS BOARD IN STATEMENT 43 AND 45 (GASB 45)

WHEREAS, the Governmental Accounting Standards Board (GASB) establishes financial accounting and reporting standards for state and local governmental entities, which recognize GASB as the official source of generally accepted accounting principles for state and local government, and

WHEREAS, GASB 45 establishes standards for accounting and financial reporting of "Other Post-Employment Benefits" (OPEBs) and requires every two years each public agency to engage a certified actuary to calculate several actuarial measures estimating the current and future costs and liabilities of an agency's OPEBs, and

WHEREAS, in City of Modesto, the only OPEB offered is retiree health, dental and vision insurance, and

WHEREAS, the City entered into an agreement with Segal Co to prepare the GASB 45 required compliance report for an OPEB actuarial valuation; and

WHEREAS, on June 15, 2015 Segal provided a final actuarial valuation as of January 1, 2015, which resulted in an unfunded actuarial accrued liability of $31,691,066, a decrease of $46,554,898 from the prior valuation.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto hereby approves the results of the actuarial valuation of OPEB as of January 1, 2015.

The foregoing resolution was introduced at regular meeting of the Council of the City of Modesto held on the 5th day of August, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Kenoyer, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-290

RESOLUTION AUTHORIZING AND DIRECTING THE CITY MANAGER, OR HIS DESIGNEE, TO SUBMIT THE CITY OF MODESTO BALLOT WITH A "YES" VOTE FOR THE FORMATION OF A COMMUNITY BENEFIT DISTRICT (CBD) IN DOWNTOWN MODESTO

WHEREAS, at its May 5, 2015 meeting, the City Council adopted Ordinance No. 3616-C.S. adding Chapter 9 "Community Benefit Districts" to Title 8 "Finance, Revenue and Taxation" of the Modesto Municipal Code, enabling the formation of a Community Benefit District, and

WHEREAS, at its June 23, 2015 meeting, the City Council, by Resolution 2015-204, unanimously declared its intention to establish the Downtown Modesto Community Benefit District and to levy and collect assessments within said District pursuant to City of Modesto Municipal Code Title 8, Chapter 9 pertaining to the formation of a community benefit district, and calling an assessment ballot proceeding and establishing a time and place for a public hearing, and

WHEREAS, ballots were prepared by New City America, Inc. and the finalized ballots were mailed to property owners by the City Clerk on July 10, 2015, and

WHEREAS, a public hearing for the establishment of a Community Benefit District for 15 years is set for September 1, 2015.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes and directs the City Manager, or his designee, to submit the City of Modesto ballot with a "Yes" vote for the formation of a Community Benefit District (CBD) in Downtown Modesto.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of August, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-291

RESOLUTION AUTHORIZING THE AWARD OF BID FOR THE PURCHASE OF ONE TRUCK WITH AERIAL BUCKET FOR THE PUBLIC WORKS DEPARTMENT, COMMUNITY FORESTRY DIVISION AND ONE TRUCK WITH AERIAL BUCKET FOR THE PUBLIC WORKS DEPARTMENT, GREEN WASTE DIVISION THROUGH THE PUBLIC WORKS DEPARTMENT, FLEET SERVICES DIVISION, TO ALTEC INDUSTRIES, CREEDMOOR, NC, FOR AN ESTIMATED TOTAL COST OF $343,991

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for new vehicles and heavy equipment, through various competitive processes, with the Purchasing Division coming back to Council for award authorization. The two (2) trucks with aerial bucket were included in the new vehicles and heavy equipment list authorized by the City Manager, and

WHEREAS, the replacement truck with aerial bucket for the Public Works Department, Green Waste Division, has been subjected to a thorough evaluation and has met or exceeded the replacement criteria before being placed on the replacement list, and

WHEREAS, the truck with aerial bucket requested by the Community Forestry Division is to support the growth in personnel that new funding has made possible, and

WHEREAS, the Purchasing Division issued RFB 1415-37 for the purchase of two (2) trucks with aerial bucket to two hundred and forty-five (245) prospective bidders, three (3) of which were local companies, and

WHEREAS, fifteen (15) companies chose to download the RFB document, and

WHEREAS, bids were formally opened in the City Clerk's office. Three (3) companies chose to respond. None of which were local companies.

WHEREAS, all three (3) companies provided responsive and responsible bids, and

WHEREAS, based on providing the lowest responsive and responsible bid, City staff recommends the award of bid for the purchase of two (2) trucks with aerial bucket, to Altec Industries, Creedmoor, NC, for a total estimated cost of $343,991, and

WHEREAS, sufficient funds are budgeted in Fiscal Year 2015-16, in appropriation unit 5409-53246-57003 and 4892-56040-57003, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. The award of bid for the purchase of two (2) trucks with aerial bucket to Altec Industries, Creedmoor, NC, conforms to the Modesto Municipal Code.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid for the purchase of one truck with aerial bucket for the Public Works Community Forestry Division and one truck with aerial bucket for the Public Works Green Waste Division through the Public Works Department, Fleet Services Division to Altec Industries, Creedmoor, NC.

BE IT FURTHER RESOLVED that the Purchasing Manager or his designee to issue a purchase order for a total estimated cost of $343,991.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of August, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-292

RESOLUTION AUTHORIZING THE AWARD OF BID FOR THE FURNISHING OF TIRE RECAPPING AND RELATED SERVICES FOR THE PUBLIC WORKS DEPARTMENT, FLEET SERVICES DIVISION TO BRANNON TIRES, STOCKTON, CA, FOR A TWO (2) YEAR AGREEMENT WITH THREE (3) ONE-YEAR EXTENSION OPTIONS AT THE SOLE DISCRETION OF THE CITY, AND AUTHORIZING THE PURCHASING MANAGER, OR HIS DESIGNEE, TO ISSUE A PURCHASE AGREEMENT FOR AN ESTIMATED ANNUAL COST OF $63,691, AND OVER FIVE (5) YEARS OF $318,455

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for the furnishing of tire recapping and related services, and

WHEREAS, the Purchasing Division issued RFB No. 1415-33 Tire Recapping and Related Services on the City's website under the commodity code for tire recapping services, to eight (8) prospective bidders, three (3) of which were local companies, and

WHEREAS, bids were formally opened in the City Clerk's Office. Two (2) companies chose to respond, one of which was a local company, and

WHEREAS, both companies provided responsive and responsible bids, and

WHEREAS, based on providing the lowest responsive and responsible bid, City staff recommends the award of bid for the furnishing of tire recapping and related services for the Public Works Department, Fleet Services Division to Brannon Tires, Stockton, CA, for a two (2) agreement with three (3) one-year extension options at the sole discretion of the City, for an estimated annual cost of $63,691, and over five (5) years of $318,455, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all

purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. The award of bid for the furnishing of tire recapping and relates services for the Public Works Department, Fleet Services Division to Brannon Tires, Stockton, CA, conforms to Modesto Municipal Code 8-3.203, and

WHEREAS, funds are budgeted in Fiscal Year 2015-16 in Appropriation Unit: 4540-53244-53105 and 5400-53255-53105.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid for the furnishing of tire recapping and related services for the Public Works Department, Fleet Services Division to Brannon Tires, Stockton, CA, for a two (2) year agreement with three (3) one-year extension options at the sole discretion of the City.

BE IT FURTHER RESOLVED that the Purchasing Manager, or his designee, is hereby authorized to issue a purchase agreement for an estimated annual cost of $63,691.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of August, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-293

RESOLUTION DIRECTING THE CITY MANAGER, OR HIS DESIGNEE, TO DEVELOP A MEMORANDUM OF UNDERSTANDING BETWEEN THE COUNTY OF STANISLAUS AND THE VETERANS FOUNDATION OF STANISLAUS COUNTY TO DEVELOP A VETERAN'S CENTER IN MODESTO AND TO AMEND THE BUDGET TO INCLUDE AN $80,000 CONTRIBUTION FROM THE CITY OF MODESTO'S GENERAL FUND FOR TEN (10) FISCAL YEARS

WHEREAS, an estimated 27,000 veterans reside within the County, with further growth anticipated as the general population increases with veterans returning from active duty, and

WHEREAS, the City of Modesto is desirous of partnering with the County of Stanislaus and the Veterans Foundation of Stanislaus County to develop a Veteran's Center to provide increased services to veterans in a central location, and

WHEREAS, the Veteran's Center will be located in Modesto and will have a positive economic impact on the community, and

WHEREAS, the City of Modesto, County of Stanislaus and the Veteran's Foundation of Stanislaus County will enter into a facility agreement which will outline each organizations duties.

NOW THEREFORE BE IT RESOLVED by the Council of the City of Modesto to direct the City Manager, or his designee, to develop a Memorandum of Understanding between the County of Stanislaus and the Veterans Foundation of Stanislaus to develop a Veteran's Center in Modesto to be brought back for consideration by the Council.

BE IT FURTHER RESOLVED that the Council directs the City Manager, or his designee, to amend the budget to incorporate an $80,000 contribution from the City of Modesto's General Fund for ten (10) fiscal years upon approval of the aforementioned

Memorandum of Understanding and a Facility Agreement with the Veteran's Center Lessee.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-294

RESOLUTION APPROVING THE RESTATED AND AMENDED LICENSE AGREEMENT WITH THE MODESTO NUTS PROFESSIONAL BASEBALL CLUB AND AUTHORIZE THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE RESTATED AND AMENDED AGREEMENT

WHEREAS, the City of Modesto (CITY) and the Modesto Nuts (CLUB) entered into a written Field License Agreement in 2006 to define use by CITY and CLUB of John Thurman Field (STADIUM) and revenue-sharing between CITY and CLUB for STADIUM baseball related events, and

WHEREAS, the CITY and the CLUB have not updated the Field License Agreement relating to use of John Thurman Field since 2010, and

WHEREAS, CITY and CLUB now wish to remove language from the Agreement that is no longer applicable, and

WHEREAS, CITY and CLUB desire that CLUB be allowed to book non-baseball events at John Thurman Field, thereby increasing revenue for both CLUB and CITY, and

WHEREAS, CITY and CLUB desire to allow CLUB to perform John Thurman Field Improvements in lieu of future shared revenue payments.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto, that it hereby approves the Restated and Amended License Agreement with the Modesto Nuts Professional Baseball Club and the City of Modesto.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Restated and Amended Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto on the 11th day of August, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-295

RESOLUTION APPROVING AMENDMENT NO. 2 TO AGREEMENT 397 BETWEEN THE CITY OF MODESTO AND CALIFORNIA DEPARTMENT OF TRANSPORTATION (CALTRANS) FOR STATE ROUTE 99 / PELANDALE AVENUE INTERCHANGE RECONSTRUCTION PROJECT, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AMENDMENT

WHEREAS, the State Route 99 / Pelandale Avenue Interchange Reconstruction Project is a State Project to address the traffic congestion problem at Pelandale Avenue and Highway 99 Interchange, and

WHEREAS, the project is critical to increase traffic safety, relieve congestion and enhance traffic operations within the Interchange and along the adjacent streets, and will regionally benefit the operational capacity of SR 99 and the surrounding road network, and

WHEREAS, as the project is on a State Highway and construction is funded by "The Highway Safety, Traffic Reduction, Air Quality, and Port Security Bond Act of 2006 passed by voters in November 2006 included $1.0 billion for the State Route 99 Corridor", and

WHEREAS, on May 22, 2012 the City Council, by Resolution No. 2012-176, approved a Cooperative Agreement (10-397) between the City of Modesto and Caltrans for the construction of State Route 99 / Pelandale Avenue Interchange Reconstruction Project, and

WHEREAS, on September 9, 2014 the City Council, by Resolution No. 2014-343, approved Amendment No. 1 to the Cooperative Agreement (10-397) between the City of

Modesto and Caltrans for the construction of State Route 99 and Pelandale Avenue Interchange Reconstruction Project, and

WHEREAS, a second amendment to the Cooperative Agreement (10-397) is required to document the terms and conditions of Caltrans contribution of State Route 99 Bond Funds to reallocate $300,000 from Construction Capital to Construction Support for additional support costs.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves Amendment No. 2 to Agreement 397 between the City of Modesto and California Department of Transportation (Caltrans) for State Route 99 and Pelandale Avenue Interchange Reconstruction Project.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute Amendment No. 2 to Agreement 397.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of August, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-296

RESOLUTION AMENDING THE FISCAL YEAR 2015/2016 CAPITAL IMPROVEMENT BUDGET AS REFLECTED IN EXHIBIT A, AND REALLOCATING $300,000 OF THE STATE ROUTE 99 PROPOSITION 1B BOND SAVINGS CIP PROJECT NO. 100786, FROM CONTINGENCY-CIP TO CONSTRUCTION ADMINISTRATION, AND AUTHORIZING THE FINANCE DIRECTOR, OR HER DESIGNEE, TO IMPLEMENT THE PROVISIONS OF THE RESOLUTION

WHEREAS, the State Route 99 / Pelandale Avenue Interchange Reconstruction Improvement Project is a State Project to address the traffic congestion problem at Pelandale Avenue and Highway 99 Interchange, and

WHEREAS, the project is critical to increase traffic safety, relieve congestion and enhance traffic operations within the Interchange and along the adjacent streets, and will regionally benefit the operational capacity of SR 99 and the surrounding road network, and

WHEREAS, on May 22, 2012 the City Council, by Resolution No. 2012-176, approved a Cooperative Agreement (10-397) between the City of Modesto and Caltrans for the construction of State Route 99 / Pelandale Avenue Interchange Reconstruction Project, and

WHEREAS, the approved Cooperative Agreement (10-397) between the City of Modesto and Caltrans provided State Route 99 Bond Funds for Construction Capital and Construction Support in the amount of $43,800,000, and

WHEREAS, on February 25, 2014, the City Council, by Resolution No. 2014-73 amended the Fiscal Year 2013/2014 Capital Improvement Budget reducing allocation of the State Route 99 Proposition 1B Bond Savings CIP Project No.100786 from $43,800,000 to $41,061,629, and

WHEREAS, on September 9, 2014, the City Council, by Resolution No. 2014-344 amended the Fiscal Year 2014/2015 Capital Improvement Budget increasing allocation of the State Route 99 Proposition 1B Bond Savings CIP Project No.100786 from $41,061,629 to $41,630,000 , and

WHEREAS, a second amendment to the Cooperative Agreement (10-397) is required to document the terms and conditions of Caltrans contribution of State Route 99 Bond Funds to Project Construction Capital and Project Construction Support, and

WHEREAS, the second amendment to the Cooperative Agreement (10-397) between the City of Modesto and Caltrans reallocates $300,000 from Construction Capital to Construction Support, and

WHEREAS, certain budgetary transactions as shown on **Exhibit** A are necessary, in order to construct the State Route 99 / Pelandale Avenue Interchange Reconstruction Project, and

WHEREAS, the Fiscal Year 2015-2016 Capital Improvement Program budget should be amended for State Route 99 / Pelandale Avenue Interchange Reconstruction Project as shown in **Exhibit** A.

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Modesto that it hereby approves amending the Fiscal Year 2015-2016 Capital Improvement Program budget as reflected in **Exhibit** A, and reallocate $300,000 from Contingency-CIP to Construction Administration, and authorizing the Finance Director, or her designee, to implement the provisions of the resolution.

BE IT FURTHER RESOLVED, that the Finance Director, or her designee, is hereby authorized to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of August, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-298

RESOLUTION AUTHORIZING AN INCREASE IN THE DIRECTOR'S AUTHORITY TO ISSUE CHANGE ORDERS FOR THE TRANSIT BUILDING RESTROOM REMODEL PROJECT FROM 10 PERCENT ($25,500) TO APPROXIMATELY 27 PERCENT ($68,500) OF THE ORIGINAL CONSTRUCTION CONTRACT PRICE OF $255,000 WITH RMC ENTERPRISES, INC., OF FRESNO, CA

WHEREAS, the City Council, on November 4, 2014, by Resolution No. 2014-456, awarded a $255,000 contract to RMC Enterprises, Inc. for the construction of the Transit Building Restroom Remodel project, and

WHEREAS, additional work not included in the original bid needed to be added to the project to allow completion of the project, and

WHEREAS, the cost of the extra work has been estimated to be $68,500, an amount which exceeds the Director's authority for the project as established by the Council's Change Order Approval Policy adopted by Resolution No. 94-443, on July 19, 1994, and

WHEREAS, the Director of Utilities currently has authority to approve change orders up to a cumulative amount of $25,500,

NOW, THEREFORE BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Director of Utilities to issue change orders for the Transit Building Restroom Remodel project from 10 percent ($25,500) to approximately 27 percent ($68,500) of the original construction contract price of $255,000 with RMC Enterprises, Inc. of Fresno, CA.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of August, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-299

RESOLUTION AUTHORIZING THE DIRECTOR OF UTILITIES TO ISSUE CHANGE ORDERS ON THE "KIERNAN AVENUE WATERLINE REPLACEMENT" PROJECT IN THE TOTAL AMOUNT OF $490,386 (40.0% OF THE ORIGINAL CONTRACT PRICE)

WHEREAS, on February 11, 2014, the City Council, by Resolution No. 2014-050, awarded a $1,225,201 contract to Mountain Cascade, Inc. for the construction of the Kiernan Avenue Waterline Replacement project, and

WHEREAS, additional work not included in the original bid needed to be added to the project to allow completion of the project, and

WHEREAS, the cost of the extra work has been estimated to be $490,386, an amount which exceeds the Director's authority for the project as established by the Council's Change Order Approval Policy adopted by Resolution No. 94-443, on July 19, 1994, and

WHEREAS, the Director of Utilities currently has authority to approve change orders up to a cumulative amount of $134,772,

NOW, THEREFORE BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Director of Utilities to issue change orders on the Kiernan Avenue Waterline Replacement project in the total amount of $490,386 (40.0% of the original contract price).

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of August, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-300

RESOLUTION ACCEPTING THE WORK BY MOUNTAIN CASCADE, INC., FOR THE "KIERNAN AVENUE WATERLINE REPLACEMENT PROJECT" AS COMPLETE, AUTHORIZING THE CITY CLERK TO FILE A NOTICE OF COMPLETION WITH THE STANISLAUS COUNTY RECORDER UPON RECEIPT OF APPROVED WARRANTY BOND, TO RELEASE SECURITIES UPON EXPIRATION OF STATUTORY PERIODS, AND AUTHORIZING PAYMENT OF AMOUNTS TOTALING $1,715,587

WHEREAS, a report has been filed by the Director of Utilities that the Kiernan Avenue Waterline Replacement Project has been completed by Mountain Cascade, Inc. in accordance with the contract agreement dated February 11, 2014,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Kiernan Avenue Waterline Replacement Project is hereby accepted as complete from said contractor, Mountain Cascade, Inc. and that the City Clerk is authorized to file a Notice of Completion with the Stanislaus County Recorder upon receipt of approved Warranty Bond, to release securities upon expiration of statutory periods, and that payment of amounts totaling $1,715,587 is authorized as provided in the contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of August, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-301

RESOLUTION AMENDING THE FISCAL YEAR 2015-2016 CAPITAL IMPROVEMENT PROGRAM BUDGET IN THE AMOUNT OF $410,000 TO BE TRANSFERRED FROM WATER FUND RESERVES IN ORDER TO FULLY FUND REQUIRED CHANGE ORDERS AS WELL AS ADDITIONAL COSTS ASSOCIATED WITH CLOSEOUT FOR THE KIERNAN AVENUE WATERLINE REPLACEMENT PROJECT

WHEREAS, certain budgetary transactions are necessary in the amount of $410,000, in order to fund contingency and construction administration, by City staff, for the Kiernan Avenue Waterline Replacement Project, and

WHEREAS, the Fiscal Year 2015-2016 Capital Improvement Program Budget must be amended as shown in **Exhibit A**, which is incorporated by reference herein,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the amendment of the Fiscal Year 2015-2016 Capital Improvement Program Budget as shown in **Exhibit A**.

BE IT FURTHER RESOLVED that the Director of Finance, or her designee, is hereby authorized to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of August, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

Exhibit A

Due to unforeseen conditions encountered during construction, change order costs and staff charges were higher than initially budgeted for in the construction administration and contingency budget for CIP Account #100628 "Kiernan Avenue Water Main Replacement", the total project costs need to be increased by $410,000. This would be done by adjusting Construction Administration by $33,386 and Contingency-CIP by $376,614.

To fund the above account, $410,000 will be transferred from Water Fund Reserves into CIP Project 100628 for the wastewater cost share of the Kiernan Avenue Waterline Replacement Project.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-302

RESOLUTION DECLARING THE CITY PROPERTY AT 931 10TH STREET (APN: 105-041-006) AS SURPLUS LAND AND AUTHORIZING THE CITY'S PROPERTY AGENT TO PROCEED WITH THE SALE OF THIS PROPERTY AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE ALL NECESSARY SALE DOCUMENTS

WHEREAS, the City of Modesto owns real property on 931 10th Street in downtown Modesto (APN 105-041-006), and

WHEREAS, this property, purchased by the City in 1968 and previously used as a passageway to access adjacent retail shops, is no longer used by the City and there are no other uses for this property by the City, and

WHEREAS, this property, due to its small size and being below the minimum lot size for the area's zoning, does not fall within the scope of the Surplus Land Act, and

WHEREAS, staff recommends the unused real property be declared as surplus property, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the property located on 931 10th Street (APN 105-041-006) be declared as surplus property and to authorize its sale, and

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute a sale agreement, and all related documents required to close escrow.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of August, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-303

RESOLUTION AMENDING THE FISCAL YEAR 2015/2016 OPERATING BUDGET, APPROPRIATING ALL PROCEEDS FROM THE SALE OF CITY-OWNED PROPERTY AT 931 10TH STREET (APN 105-041-006) TO REVENUE ACCOUNT 0100-14110-47005 AND TO EXPENSE ACCOUNT 0100-14110-530300 FOR EXPENSES RELATED TO THE DOWNTOWN MODESTO PARTNERSHIP, AND AUTHORIZING THE DIRECTOR OF FINANCE, OR HER DESGINEE, TO IMPLEMENT THE PROVSIONS OF THIS RESOLUTION

WHEREAS, on August 11, 2015, the City Council declared City-owned property at 931 10th Street as surplus land and authorized the City's property agent to proceed with the sale of this property, and

WHEREAS, sale proceeds will be appropriated to the Community and Economic Development Department's Economic Development/Administration revenue account 0100-14110-47005, and

WHEREAS, an expenditure appropriation to 0100-14110-53030 will be made for expenses related to the Downtown Modesto Partnership,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the appropriation of the 931 10th Street surplus land sale to Community and Economic Development (Economic Development/Administration) account 0100-14110-47005 (Misc. Revenues) and to 0100-14110-53030 (Business Expenses) for expenses related to the Downtown Modesto Partnership.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of August, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-304

A RESOLUTION APPROVING A PUBLIC UTILITY AND ACCESS EASEMENT LOCATED ON CITY-OWNED PROPERTY AT CHRYSLER PARK LOCATED ON PARK PLACE (APN: 005-064-069) TO SACRAMENTO-VALLEY LIMITED PARTNERSHIP DBA VERIZON WIRELESS BY AIRTOUCH CELLULAR, ITS GENERAL PARTNER AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE EASEMENT

WHEREAS, the City of Modesto maintains a community park known as Chrysler Park located on Park Place (APN 005-064-069), and

WHEREAS, Verizon Wireless has installed a wireless communications tower within Chrysler Park, and

WHEREAS, an access and public utility easement is required to provide access and communications connections to the tower from Park Place, and

WHEREAS, the final portion of this tower project is to approve the access and public utility easement, and

WHEREAS, staff recommends the access and public utility easement be approved.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the access and public utility easement to Verizon Wireless to serve the communications tower on Park Place (APN 005-064-069).

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Grant of Easement and Agreement for an Access and Public Utilities Easement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of August, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

VI.	Annual Assessments List by Parcel & Property Owner

SECTION I HISTORY

On December 12, 1988, Landscape Maintenance Assessment District No. 1 ("LMAD No. 1") was formed in accordance with the Landscape and Lighting Act of 1972 (California Streets and Highway Code §22500 through §22679) ("the Act"), to administer the maintenance of landscaping in the public right-of-way within the street medians and adjacent to the access control walls in Dry Creek Meadows Subdivisions Nos. 1-6. All costs for the LMAD No. 1 are funded by the annual assessments levied on each property within the district. The Act requires several courses of action on the part of City staff and City Council prior to August 10th of each year.

The Act initially requires the City Council to order, prepare, and file an Engineer's Annual Report for the City Council. This report is prepared for the purpose of detailing the plans and specifications for the maintenance of work, the estimated costs for landscape maintenance performed by City contractors, utility service charges, City street tree pruning costs, City staff time to administer the maintenance contract, and additional work to be performed by the City Contractor at the request of the City.

LMAD No. 1 is located east of North McClure Road and southwest of MID Lateral #2 and Claus Road. It is comprised of 749 single-family residential lots and three (3) public agency owned parcels. An annual assessment of $26 per single-family residential parcel has remained the same since 1996. The total assessment to be levied for LMAD No. 1 for Fiscal Year 2015-2016 is $19,474.

Upon the City Council's approval of the Engineer's Annual Report, the City Council adopts a resolution declaring its intent to levy and collect assessments within LMAD No. 1 for the following fiscal year and schedules a public hearing. This public hearing and proposed resolution levying the proposed assessments is in accordance with the annual assessment procedures.

Finally, in compliance with the Act, the City Council conducts the public hearing and adopts certain resolutions in accordance with the California Streets and Highways Code §22625 through §22641. The City Clerk is required to give the Modesto Bee notice of the public hearing no less than ten (10) days prior to the scheduled hearing date. All interested persons are afforded the opportunity to be heard during the public hearing. Should there be any protests, whether written or oral, the City Council may choose to continue the hearing to a later date and/or may change any part of the Engineer's Annual Report to address the concerns of the property owner(s). The adopted resolution is then forwarded to the Auditor-Controller of the County of Stanislaus for placement of such charges on the upcoming year's County Tax Roll.

SECTION II ANNUAL ASSESSMENT REVIEW AND SUMMARY

A. PARCEL REVIEW

1. Single Family Residential Parcels:
   There are 749 single-family residential parcels located within LMAD No. 1.

2. Multi-Family Residential Parcels:
   There are no multi-family residential parcels located within LMAD No. 1.

3. Commercial/Industrial Parcels:
   There are no commercial or industrial parcels located within LMAD No. 1.

4. Public Agency Parcels:
   There are two (2) parcels owned by the City of Modesto (Creekwood Park and the Pedestrian Overcrossing at Claus Road) and one (1) parcel owned by the Empire School District (Bernard Hughes School). According to §22663 of the California Streets and Highways Code, public property owned by any public agency and in use in the performance of a public function shall not be subject to assessment.

B. 2015-2016 ANNUAL ASSESSMENTS

All single-family residential parcels are levied at a flat rate of $26.00 per parcel. Each parcel receives equal benefits from the District. The annual assessments levied are calculated by multiplying the total number of parcels by the flat rate.

$	26.00	Annual assessment per parcel
x	749	Single-family residential parcels
$	19,474.00	Total annual assessment

C. COMPARISON TO PREVIOUS FISCAL YEAR

The proposed Fiscal Year 2015-2016 annual assessment is the same as the annual assessment for Fiscal Year 2014-2015 of $26.00 per single-family residential parcel.

SECTION 3 FINANCIALS – ANNUAL ASSESSMENT REVENUE & EXPENSE PROJECTIONS

LMAD No. 1 Fund 6480		Estimated FY 2014-15[1]	Proposed FY 2015-16[2]
Beginning Fund Balance		$ 2,787	$ 4,188
Revenue (Cost Center 80020)			
Special Assessments		$ 10,303 [3]	$ 19,474 [4]
Interest		$ (3)	$ -
Estimated - Special Assessments		$ *9,171* [5]	
Total Revenue		$ 19,471	$ 19,474
Expenses (Cost Center 80020)	**Account**		
Operating Budget			
Postage Expenses	52025	$ -	$ -
Water Utility Expenses	53043	$ (5,973)	$ (9,200)
Repair and Maintenance Services - Landscape	53165	$ (4,235)	$ (5,000)
Professional Services	53300	$ -	$ (1,000)
Services City Forces - Interfund	54500	$ (3,038)	$ (5,749)
Estimated - Water Utility Expenses	*53043*	$ *(1,991)*	
Estimated - Repair and Maintenance Services	*53165*	$ *(1,412)*	
Estimated - Professional Services	*53300*	$	
Estimated - Services City Forces	*54500*	$ *(1,421)*	
Total Expenses		$ (18,070)	$ (20,949)
Ending Fund Balance		$ 4,188	$ 2,713

[1] The estimated amount shows what has been expended as of 03-31-2015. There will be more expenses through the end of the fiscal year (June); these are shown as *Estimated*.

[2] The estimated expenditures for FY 2015-16 are based on the revenue that is currently able to be generated within LMAD No. 1.

[3] Actual revenue received for first installment of FY 2014-15 tax levy.

[4] Proposed levy.

[5] Estimated revenues for second installment of FY 2014-15 tax levy.

SECTION IV MAINTENANCE & PLAN SPECIFICATIONS

Plans and specifications are available for review in the Public Works Department, located at 512 Jefferson Street, Modesto, CA. For more information, contact Kelly Gallagher, Parks Operations Manager at (209) 524-2330.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-305

A RESOLUTION CONFIRMING THE FISCAL YEAR 2015-16 DIAGRAM AND ASSESSMENT, AND ORDERING THE LEVY AND COLLECTION OF CHARGES WITHIN THE SHACKELFORD LANDSCAPE AND LIGHTING DISTRICT

WHEREAS, the City of Modesto has by Resolution No. 2015-188, adopted on June 9, 2015, declared its intent to levy charges or assessments for the purpose of administering the maintenance of seventy-seven 200-watt high pressure sodium street lights in the Shackelford Landscape and Lighting District under the provisions of California Streets and Highways Code Sections 22500 through 22679, more commonly known as the Landscape and Lighting Act of 1972, and

WHEREAS, the charges against the real property are not levied with regard to property values but rather by allocated cost reports prepared by the Engineer of Work, and

WHEREAS, the City of Modesto has determined and certifies that the charges are either exempt from or in compliance with all the provisions of Proposition 218, which was passed by the voters in November 1996. The City of Modesto has further determined the charges are in compliance with all laws pertaining to the levy of such charges,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it orders the levy and collection of such charges within City of Modesto Shackelford Landscape and Lighting District for Fiscal Year 2015-16, and in each subsequent fiscal year in which the charges may validly be levied; that a certified copy of this resolution and **attached** documentation shall be delivered to the Auditor-Controller of the County of

Stanislaus for placement of such charges on the 2015-16 County Tax Roll, and in each subsequent fiscal year in which the charges may validly be levied.

BE IT FURTHER RESOLVED that the diagram of said assessment district and amount of levy thereon is hereby confirmed.

The foregoing resolution was introduced at a regular meeting of the City Council of the City of Modesto held on the 11th day of August, 2015, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following votes:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Madrigal, Zoslocki, Mayor Marsh
NOES:	Councilmembers:	None
ABSENT:	Councilmembers:	Lopez

SECTION I HISTORY

On June 29, 1999, the Shackelford Landscape and Lighting District ("Shackelford LLD") was formed in accordance with the Landscape and Lighting Act of 1972 (California Streets and Highway Code §22500 through §22679) ("the Act") to install and maintain streetlights to deter crime, promote traffic safety, and aid law enforcement officers. All costs for the Shackelford LLD are funded by the annual assessments levied on each property within the district. The Act requires several courses of action on the part of City staff and City Council prior to August 10th of each year.

The Act initially requires the City Council to order, prepare, and file an Engineer's Annual Report for the City Council. This report is prepared for the purpose of detailing the plans and specifications for the maintenance, operation, and servicing of the District, including, but not limited to the materials, equipment, labor, and administrative expenses. The following services maintain facilities and improvements provided by the District as a special benefit to the parcel owners within the District; the cost of the services is paid entirely by the assessments levied by the District:

- Payment to local utility company for monthly power costs of energizing street lights in the District
- Payment to local utility company for maintenance of street lights in the District that the utility company owns (usually those lights that are mounted on wooden poles)
- Maintenance provided by the City of Modesto for street lights in the District that are owned by the City of Modesto (usually those lights that are mounted on steel poles)

Upon City Council's approval of the Engineer's Annual Report, the City Council adopts a resolution declaring its intent to levy and collect assessments within the Shackelford LLD for the following fiscal year and schedules a public hearing. This public hearing and proposed resolution levying the proposed assessments is in accordance with the annual assessment procedures.

Finally, in compliance with the Act, the City Council conducts the public hearing and adopts certain resolutions in accordance with the California Streets and Highways Code §22625 through 22641. The City Clerk is required to give the Modesto Bee notice of the public hearing no less than ten (10) days prior to the scheduled hearing date. All interested persons are afforded the opportunity to be heard during the public hearing. Should there be any protests, whether written or oral, the City Council may choose to continue the hearing to a later date and/or may change any part of the Engineer's Annual Report to address the concerns of the property owner(s). The adopted resolution is then forwarded to the Auditor-Controller of the County of Stanislaus for placement of such charges on the upcoming year's County Tax Roll.

SECTION II ANNUAL ASSESSMENT REVIEW AND SUMMARY

A. PARCEL REVIEW

There are 493 residential parcels within the Shackelford LLD, unless otherwise determined.

B. ANNUAL ASSESSMENTS

Each parcel receives equal benefits from the Shackelford LLD. The annual assessment levied is calculated by dividing the total cost estimate by the total number of parcels within the Shackelford LLD.

The total annual assessment for the Shackelford LLD for Fiscal Year 2015-2016 is $29,041.88. This is based on the amount needed for Fiscal Year 2015-16 based on projected expenses and fund balance.

C. PROJECTED ANNUAL ASSESSMENT SUMMARY

Residential Annual Assessment – 493 Parcels

	$29,041.88	Annual Assessment for Fiscal Year 2015-2016
÷	493	# of Parcels
$	58.90	Annual assessment per parcel

** For levying purposes, the total annual assessment has been rounded to $58.90 per residential parcel for a total actual annual assessment of $29,037.70.*

D. COMPARISON TO PREVIOUS FISCAL YEAR

The proposed 2015-2016 annual assessment for residential parcels has increased from $52.21 to $58.90 per parcel.

SECTION 3 FINANCIALS – ANNUAL ASSESSMENT REVENUE & EXPENSE PROJECTIONS

Shackelford LLD Fund 6470		Estimated FY 2014-15[1]	Proposed FY 2015-16
Beginning Fund Balance		**$ 5,094**	**$ 8,910**
Revenues (Cost Center 80015)	**Account**		
Special Assessments	47051	$ 17,634 [2]	$ 29,042
Interest Revenue on Bank Account	48010	$ 27	$ -
Estimated - Special Assessments		*$ 8,297* [4]	
Total Revenues		**$ 25,958**	**$ 29,042**
Expenses (Cost Center 80015)	**Account**		
Operating Budget			
Postage Expenses	52025	$ -	$ (100)
Electricity Utility Expenses	53040	$ (14,117)	$ (23,500)
Services City Forces - Interfund	54500	$ (2,184)	$ (4,001)
Estimated - Postage Expenses	*52025*	*$*	
Estimated - Electricity Utility Expenses	*53040*	*$ (4,706)*	
Estimated - Services City Forces - Interfund	*54500*	*$ (1,136)*	
Total Expenses		**$ (22,142)**	**$ (27,601)**
Ending Fund Balance		**$ 8,910**	**$ 10,351**

[1] The estimated amount shows what has been expended as of 03-31-2015. There will be more expenses through the end of the fiscal year (June); these are shown as *Estimated*.

[2] Actual revenue received for first installment of FY 2014-15 tax levy.

[3] Proposed levy.

[4] Estimated revenues for second installment of FY 2014-15 tax levy.

[5] Reserve funding equals 37.5% of Annual Operating Cost *(50% is maximum allowable)*

SECTION IV MAINTENANCE & PLAN SPECIFICATIONS

Plans and specifications are available for review in the Public Works Department, located at 512 Jefferson Street, Modesto, CA. For more information, contact Kelly Gallagher, Parks Operations Manager at (209) 524-2330.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-306

A RESOLUTION CONFIRMING THE FISCAL YEAR 2015-16 DIAGRAM AND ASSESSMENT, AND ORDERING THE LEVY AND COLLECTION OF CHARGES WITHIN LANDSCAPE MAINTENANCE ASSESSMENT DISTRICT NO. 2 FOR DRY CREEK MEADOWS SUBDIVISIONS NOS. 7-10, CREEKWOOD MEADOWS SUBDIVISION AND YOSEMITE MEADOWS SUBDIVISION UNITS 1 & 2

WHEREAS, on June 9, 2015, the City Council, by Resolution No. 2015-189, declared its intent to levy charges or assessments for the purpose of administering the maintenance of landscaping in the public right-of-way within the street medians and adjacent to the access control walls in Dry Creek Meadows Subdivisions Nos. 7-10, Creekwood Meadows Subdivisions, and Yosemite Meadows Subdivision Units 1 and 2 under the provisions of California Streets and Highways Code Sections 22500 through 22679, more commonly known as the Landscape and Lighting Act of 1972, and

WHEREAS, the charges against the real property are not levied with regard to property values but rather by allocated cost reports prepared by the Engineer of Work, and

WHEREAS, the City of Modesto has determined and certifies that the charges are either exempt from or in compliance with all the provisions of Proposition 218, which was passed by the voters in November 1996, and

WHEREAS, the City of Modesto has further determined the charges are in compliance with all laws pertaining to the levy of such charges,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby orders the levy and collection of such charges within City of Modesto Landscape Maintenance Assessment District No. 2 for Dry Creek Meadows Subdivisions

Nos. 7-10, Creekwood Meadows Subdivisions, and Yosemite Meadows Subdivision Units 1 and 2 for Fiscal Year 2015-16, and in each subsequent fiscal year in which the charges may validly be levied.

BE IT FURTHER RESOLVED that a certified copy of this resolution and **attached** documentation shall be delivered to the Auditor-Controller of the County of Stanislaus for placement of such charges on the 2015-16 County Tax Roll, and in each subsequent fiscal year in which the charges may validly be levied.

BE IT FURTHER RESOLVED that the diagram of said assessment district and amount of levy thereon is hereby confirmed.

The foregoing resolution was introduced at a regular meeting of the City Council of the City of Modesto held on the 11th day of August, 2015, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following votes:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Madrigal, Zoslocki, Mayor Marsh

SECTION I HISTORY

On April 4, 1989, Landscape Maintenance Assessment District No. 2 ("LMAD No. 2") was formed in accordance with the Landscape and Lighting Act of 1972 (California Streets and Highway Code §22500 through §22679) ("the Act") to administer the maintenance of landscaping in the public right-of-way within the street medians and adjacent to the access control walls in Dry Creek Meadows Subdivisions Nos. 7 through 10, Creekwood Meadows Subdivision, and Yosemite Meadows Subdivision Units 1 and 2. All costs for LMAD No. 2 are funded by the annual assessments levied on each property within the district. The Act requires several courses of action on the part of City staff and City Council prior to August 10th of each year.

The Act initially requires the City Council to order, prepare, and file an Engineer's Annual Report for the City Council. This report is prepared for the purpose of detailing the plans and specifications for the maintenance of work, the estimates of costs for landscape maintenance performed by the City Contractor, utility service charges, City street tree pruning costs, City staff time to administer the maintenance contract, and additional work to be performed by the City Contractor at the request of the City.

Prompted by negative reserve balances in LMAD No. 2, staff successfully completed a Proposition 218 ballot in June 2000. This ballot added an annual cost of living increase based on the Building Cost Index ("BCI"). As a result of this ballot, the approved "inflator" adjusts each year's assessment. California Government Code §54954.6(a) and (c) requires that a notice be mailed no less than 45 days in advance of the public hearing to all property owners if costs will increase.

Upon City Council's approval of the Engineer's Annual Report, the City Council adopts a resolution declaring its intent to levy and collect assessments within LMAD No. 2 for the following fiscal year and schedules a public hearing. This public hearing and proposed resolution levying the proposed assessments is in accordance with the annual assessment procedures.

Finally, in compliance with the Act, the City Council conducts the public hearing and adopts certain resolutions in accordance with the California Streets and Highways Code §22625 through 22641. The City Clerk is required to give the Modesto Bee notice of the public hearing no less than ten (10) days prior to the scheduled hearing date. All interested persons are afforded the opportunity to be heard during the public hearing. Should there be any protests, whether written or oral, the City Council may choose to continue the hearing to a later date and/or may change any part of the Engineer's Annual Report to address the concerns of the property owner(s). The adopted resolution is then forwarded to the Auditor-Controller of the County of Stanislaus for placement of such charges on the upcoming year's County Tax Roll.

SECTION II ANNUAL ASSESSMENT REVIEW AND SUMMARY

A. PARCEL REVIEW

Total Acreage: 135.20 Acres

Total Assessed Acreage: 134.172 Acres

1. Single-Family Residential: 116.087 acres (590 Parcels)

2. Commercial: 18.085 acres (18 Parcels)

3. Publicly- Owned: 1.028 acres (2 Parcels)
   a) One (1) parcel owned by the City of Modesto (0.03 acres) which is utilized as a traffic island.
   b) One (1) parcel owned by the Empire School District (1.0 acres) which is utilized as its District Offices.

   According to the §22663 of the California Streets and Highways Code, public property owned by any public agency and in use in the performance of a public function shall not be subject to assessment.

B. ANNUAL ASSESSMENTS

Each parcel receives equal benefits from LMAD No. 2. The annual assessment levied is calculated by dividing the total cost estimate by the total number of acres.

1. The single-family residential properties are levied on a flat rate, which is calculated by dividing the total cost estimate by the number of residential acres and subsequently by the total number of residential parcels.

2. Commercial properties are levied based on actual acreage.

The annual assessment is to be adjusted annually according to the BCI for the San Francisco Bay Area (SF BCI), as reported in the Engineer News Record the first week of March. Due to the unavailability of the SF BCI for the first week of March, the second week reporting must be utilized.

The inflationary adjustment is applied when the district has minimal or negative reserves to offset the total cost estimates for the upcoming fiscal year. The increase for fiscal year 2015-2016 is 2.918839019609420% (The difference between the March 16, 2015 SF BCI, 6405.72, and the March 7, 2014 SF BCI, 6224.05, divided by the March 16, 2015 SF BCI, 6405.72).

The total annual assessment for LMAD No. 2 for Fiscal Year 2015-2016 is $20,333.57. (Fiscal Year 2014-2015 assessment $19,756.90 x 2.918839019609420%).

C. PROJECTED ANNUAL ASSESSMENT SUMMARY

1. Single-Family Residential Annual Assessment – 590 Parcels

	$20,333.57	Annual Assessment for Fiscal Year 2015-2016
÷	134.172	Total assessed acres
$	151.55	Annual assessment per acre
$	151.55	Annual assessment per Acre
x	116.087	Residential acres
$	17,592.98	Total residential annual assessment
$	17,592.98	Total residential annual assessment
÷	590	# Parcels
$	29.82	Total residential annual assessment/parcel

* *For levying purposes, the total annual assessment has been rounded to $29.82 per residential parcel for a total annual residential assessment of $17,593.80.*

2. Commercial Annual Assessment – 17 Parcels

APN	Acres	$/Acre	Fiscal Year 2015-2016 Annual Assessment
079-025-005-000	0.49	$ 151.55	$ 74.97

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-307

A RESOLUTION CONFIRMING THE FISCAL YEAR 2015-16 DIAGRAM AND ASSESSMENT, AND ORDERING THE LEVY AND COLLECTION OF CHARGES WITHIN LANDSCAPE MAINTENANCE ASSESSMENT DISTRICT NO. 1 FOR DRY CREEK MEADOWS SUBDIVISIONS NOS. 1-6

WHEREAS, on June 9, 2015, the City Council, by Resolution No. 2015-189, declared its intent to levy charges or assessments for the purpose of administering the maintenance of landscaping in the public right-of-way within the street medians and adjacent to the access control walls in Dry Creek Meadows Subdivisions Nos. 1-6 under the provisions of the California Streets and Highways Code Sections 22500 through 22679, more commonly known as the Landscape and Lighting Act of 1972, and

WHEREAS, the charges against the real property are not levied with regard to property values but rather by allocated cost reports prepared by the Engineer of Work, and

WHEREAS, the City of Modesto has determined and certifies that the charges are either exempt from or in compliance with all the provisions of Proposition 218, which was passed by the voters in November 1996. The City of Modesto has further determined the charges are in compliance with all laws pertaining to the levy of such charges,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby orders the levy and collection of such charges within City of Modesto Landscape Maintenance Assessment District No. 1 for Dry Creek Meadows Subdivisions Nos. 1-6 for Fiscal Year 2015-16, and in each subsequent fiscal year in which the charges may validly be levied.

BE IT FURTHER RESOLVED that a certified copy of this resolution and **attached** documentation shall be delivered to the Auditor-Controller of the County of Stanislaus for placement of such charges on the 2015-16 County Tax Roll, and in each subsequent fiscal year in which the charges may validly be levied.

BE IT FURTHER RESOLVED that the diagram of said assessment district and amount of levy thereon is hereby confirmed.

The foregoing resolution was introduced at a regular meeting of the City Council of the City of Modesto held on the 11th day of August, 2015, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following votes:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Madrigal, Zoslocki, Mayor Marsh

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-308

RESOLUTION ACCEPTING THE STATE ROUTE 108 REINVESTMENT PLAN

WHEREAS, on August 10, 2010, the City Council, by Resolution No. 2010-375, approved joint applications between the City of Modesto and other cities in Stanislaus County, the County of Stanislaus, and the Stanislaus Council of Governments for Proposition 84 grant funding with in-lieu match of staff time, and

WHEREAS, the City of Riverbank submitted a grant application to the Strategic Growth Council for Proposition 84 Grant funding to complete a State Route 108 Reinvestment Plan, as authorized by City Council, and

WHEREAS, at its regularly scheduled meeting of February 7, 2012, City Council approved Resolution 2012-45 accepting $59,264 of Proposition 84 Grant funds for Modesto's share in completing a SR 108 Reinvestment Plan, Resolution 2012-46 amending the budget to reflect the grant; and

WHEREAS, the cities of Modesto, Riverbank and Oakdale and the consulting firm AECOM have collaborated to prepare a SR 108 Reinvestment Plan ("Plan") to encourage reinvestment along SR 108 corridor, which is generally McHenry Avenue in Modesto, Patterson and Atchison Roads in Riverbank, and "F" Street in Oakdale; and

WHEREAS, the Plan identifies preferred streetscape concepts, infill opportunity sites with corresponding development concepts and provides recommendations for strategic public investments and actions to include reinvestment projects along SR 108; and

WHEREAS, the planning team engaged the public, decision-makers and stakeholders through a series of public events, workshops, surveys, meetings, phone calls

and electronic communication to ensure that the Plan addresses relevant local priorities and design preferences; and

WHEREAS, on June 15, 2015, at 6:00 p.m. the Planning Commission considered the matter and recommended that the City Council accept the SR 108 Reinvestment Plan, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accept the SR 108 Reinvestment Plan.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of August, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Madrigal, Zoslocki

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-309

RESOLUTION AUTHORIZING STAFF TO PREPARE AND ENTER INTO AN AGREEMENT FOR PROFESSIONAL SERVICES WITH CTC, INC., IN AN AMOUNT NOT TO EXCEED $34,500, TO ESTABLISH A QUIET ZONE ALONG THE UNION PACIFIC RAILROAD RIGHT-OF-WAY IN DOWNTOWN MODESTO, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE ALL NECESSARY DOCUMENTS

WHEREAS, at the direction of the City Manager, staff worked with various public and private entities to identify issues and determine the feasibility of establishing Quiet Zones along the Union Pacific Railroad right- of-way, the Modesto & Empire Traction right-of-way, and the Burlington Northern-Santa Fe Railroad right-of-way, in order to improve the quality of life in Modesto, and

WHEREAS, staff reported to the Economic Development Committee the results of these studies at its regular meetings held on March 12, 2012; May 14, 2012; December 10, 2012; and August 5, 2013, and

WHEREAS, staff further reported to the City Council the results of these studies at its regular meeting held on January 14, 2014, and

WHEREAS, at the direction of the City Manager, staff considered two firms to plan and implement a Quiet Zone along the Union Pacific right-of-way in downtown (Union Pacific Railroad Quiet Zone Project) ("Project"), and

WHEREAS, the proposal, as shown in **Exhibit** "A" by CTC, Inc. was selected, and

WHEREAS, CTC, Inc.'s proposal includes a planning phase in an amount not to exceed $18,000, and an implementation phase, in an amount not to exceed $16,500, and

WHEREAS, funds for the Project will be allocated from General Fund Reserves, and

WHEREAS, staff presented the proposal to the Economic Development Committee on June 1, 2015 which voted unanimously to move the proposal to the City Council for consideration,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves staff to prepare and enter into an Agreement for Professional services with CTC, Inc., in an amount not to exceed $34,500, to establish a quiet zone along the Union Pacific Railroad right-of-way in downtown Modesto, and authorizing the City Manager, or his designee, to execute all necessary documents.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of August, 2015, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Kenoyer, was upon roll call carried and the resolution adopted by the following vote:

Modesto, CA 95354

RE: UPRR Corridor Phased Quiet Zone Proposal

Dear Ms. Van Empel:

CTC, Inc. is pleased to submit this proposal to provide phased quiet zone planning and implementation services for the City of Modesto. The proposed quiet zone on Union Pacific includes the following crossings:

- Woodland Avenue
- L Street/SR 132
- K Street
- I Street
- H Street
- G Street

Scope of Services for Planning Phase

Our proposed scope of services will consist of the following work tasks:

1. Determine existing circuitry, provide USDOT Grade Crossing Inventory data
2. Develop preliminary QZ recommendations and conceptual plans
3. Coordinate and conduct diagnostic team review - On site
4. Provide railroad and FRA coordination
5. Prepare draft report with recommendations and order of magnitude cost estimates
6. Prepare and submit final report
7. Provide status updates
8. Project management, accounting, and administration.

Fee for Planning Phase

We propose to complete these services for a lump sum fee of $18,000. This fee includes one trip to Modesto for the diagnostic meeting. Any additional amount in excess of the fee for this project must be authorized by you, the client. We expect to be able to complete this work within 90 days. Billing will be monthly on a percent complete basis.

Scope of Services for Implementation Phase

Our proposed scope of services will consist of the following work tasks:

1. Prepare Notice of Intent (NOI); Assist City in submittal
2. Respond to NOI comments

CTC inc

3. Conduct On-Site Inspection of Quiet Zone Improvements to confirm and document quiet zone compliance
4. Prepare Notice of Establishment (NOE); Assist City in submittal
5. Provide railroad and FRA coordination
6. Provide status updates
7. Project management, accounting, and administration.

Fee for Implementation Phase

We propose to complete these services for a lump sum fee of $16,500. This fee includes one trip to Modesto for the final quiet zone inspection. Any additional amount in excess of the fee for this project must be authorized by you, the client. We expect to be able to complete this work as required by the project schedule (TBD).

Fee for Additional Services

If during the planning phase it is determined that a Public Authority Application is required an additional lump sum fee of $4,500 will be required to complete the implementation phase. Also if CTC is required to attend any additional meetings in Modesto other than those defined in each scope, the additional lump sum fee for each trip is $1,500 per day with a three-day minimum.

We appreciate the opportunity to provide this proposal. If you have any questions or need additional information, please do not hesitate to call me at (817) 886-8215.

Sincerely,

Kurt Anderson

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-310

RESOLUTION AMENDING THE FISCAL YEAR 2015/2016 OPERATING BUDGET TO APPROPRIATE FUNDING IN THE AMOUNT OF $34,500 FROM GENERAL FUND RESERVES TO 0100-14400-53300 (PROFESSIONAL SERVICES - PLANNING) FOR THE UNION PACIFIC RAILROAD QUIET ZONE PROJECT IN DOWNTOWN, MODESTO, AND AUTHORIZING THE DIRECTOR OF FINANCE, OR HER DESIGNEE, TO IMPLEMENT THE PROVSIONS OF THIS RESOLUTION

WHEREAS, on August 11, 2015, City Council authorized staff to prepare and enter into an Agreement for Professional Services with CTC, Inc. to establish a Quiet Zone along the Union Pacific Railroad right-of-way in downtown Modesto ("Project"), and

WHEREAS, a budget appropriation in the amount of $34,500 from General Fund Reserves is necessary to fund the Project, and

WHEREAS, a multi-year operating budget adjustment must be created as shown in **Exhibit** A, which is incorporated by reference herein,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the appropriation of $34,500 from General Fund Reserves to 0100-14400-53300 to establish funding for the Union Pacific Railroad Quiet Zone Project.

BE IT FURTHER RESOLVED, that the 2015/2016 fiscal year operating budget be amended for the Union Pacific Railroad Quiet Zone Project with the funding distributed as shown in **Exhibit** A.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of August, 2015, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Kenoyer, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-311

RESOLUTION AUTHORIZING CITY MANAGER AND CITY ATTORNEY TO EXECUTE AN AGREEMENT WITH THE STATE BOARD OF EQUALIZATION AND SUBMIT OTHER REQUIRED DOCUMENTS TO COLLECT THE CITY'S UTILITY USERS' TAX FOR PREPAID MOBILE TELEPHONY SERVICES

WHEREAS, the Utility Users' Tax Law of the City of Modesto, approved by voters in November of 2011 and codified as Article 9, Chapter 2, Title 8 of the Modesto Municipal Code, authorizes the imposition of a utility users tax (UUT) on prepaid mobile telephony services; and

WHEREAS, the Local Prepaid Mobile Telephony Services Collection Act (California Revenue and Taxation Code Section 42100 et seq.) establishes a collection mechanism for local charges imposed on prepaid mobile telephony services effective January 1, 2016; and

WHEREAS, the City wishes to enter into an agreement with the State Board of Equalization (Board) to perform all functions incident to the administration and collection of the City's UUT on prepaid mobile telephony services in accordance with Revenue and Taxation Code section 42101.5; and

WHEREAS, the Board requires that the City execute an agreement, adopt a resolution authorizing the examination of records relating to the prepaid mobile telephony services surcharge, submit a certification by the City Attorney of the City's UUT ordinance and submit other related documents on or before September 1, 2015 in order to commence collection of the City's UUT for prepaid mobile telephony services by January 1, 2016.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the City Manager and City Attorney to execute agreement with the Board of Equalization and submit other related documents, **attached** hereto as **Exhibits** A, B and C and as approved by the City Attorney, to administer and collect the City's UUT for prepaid mobile telephony services.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of August, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Madrigal, Zoslocki, Mayor Marsh

AGREEMENT FOR STATE COLLECTION AND ADMINISTRATION OF LOCAL CHARGES

This Agreement is for the purpose of implementing the Local Prepaid Mobile Telephony Services Collection Act (Part 21.1, commencing with Section 42100) of Division 2 of the Revenue and Taxation Code), hereinafter referred to as the Local Charge Act. The City of Modesto and the State Board of Equalization, hereinafter called
Insert name of local jurisdiction
the Board, do agree as follows:

ARTICLE I
DEFINITIONS

Unless the context requires otherwise, wherever the following terms appear in this Agreement they shall be interpreted to mean the following:

A. "Administrative Expenses" means all expenses incurred by the Board in the administration and collection of the local charges, including preparation and wind down costs which are reimbursable to the Board from the revenues collected by the Board on behalf of the local jurisdiction.

B. "Contingent Fee" includes, but is not limited to, a fee that is based on a percentage of the tax liability reported on a return, a fee that is based on a percentage of the taxes owed, or a fee that depends on the specific tax result attained.

C. "Direct Seller" means a prepaid Mobile Telephony Service (MTS) provider or service supplier, as defined in section 41007, that makes a sale of prepaid mobile telephony services directly to a prepaid consumer for any purpose other than resale in the regular course of business. A direct seller includes, but is not limited to, a telephone corporation, a person that provides an interconnected Voice over Internet Protocol (VoIP) service, and a retailer as described in section 42004(b)(1).

D. "Local Charges" means a utility user tax imposed on the consumption of prepaid mobile telephony services, as described in section 42102, and charges for access to communication services or to local "911" emergency telephone systems imposed by a local jurisdiction, as described in section 42102.5.

E. "Local Jurisdiction" or "local agency" means a city, county, or city and county, which includes a charter city, county, or city and county of this State, which has adopted an ordinance imposing a local charge of the kind described in Part 21.1 of Division 2 of the Revenue and Taxation Code and has entered into a contract with the Board to perform all functions incident to the collection of the local charges.

F. "Ordinance" means an ordinance of a local jurisdiction imposing a local charge, including any local enactment relating to the filing of a refund or a claim arising under the ordinance, attached hereto, as amended from time to time.

G. "Quarterly local charges" means the total amount of local charges transmitted by the Board to a local jurisdiction for a calendar quarter, as set forth in section 42106(a)(1).

H. "Refund" means the amount of local charges deducted by the Board from a local jurisdiction's quarterly local charges in order to pay that jurisdiction's share of a local charge refund due to one taxpayer.

I. "Section" – all section references are to the Revenue and Taxation Code.

J. "Seller" means a person that sells prepaid mobile telephony service to a person in a retail transaction.

ARTICLE II
BOARD ADMINISTRATION AND COLLECTION OF LOCAL CHARGES

A. Administration. The Board and the local jurisdiction agree that the Board shall perform functions incident to the collection of the local charges from sellers that are not direct sellers.

B. Collection. The Board shall collect the local charges in the same manner as it collects the prepaid MTS Surcharge in the Prepaid Mobile Telephony Services Surcharge Collection Act, subject to specified limitations in the Local Charge Act for which the local jurisdiction is responsible, as set forth in Article III of this Agreement.

C. Audits. The Board's audit duties shall be limited to verification that the seller that is not a direct seller complied with the Local Charge Act.

D. Other applicable laws. The Board and the local jurisdiction agree that all provisions of law applicable to the administration and operation of the Local Charge Act, Prepaid Mobile Telephony Services Surcharge Collection Act, and the Fee Collection Procedures Law (FCPL) shall be applicable to the collection of local charges. References in the FCPL to feepayer include a person required to pay the local charge, including the seller. All future amendments to applicable laws are automatically incorporated into this Agreement.

E. Deposit of Local Charges. All local charges collected by the Board shall be deposited in the Local Charges for Prepaid Mobile Telephony Services Fund in the State Treasury to be held in trust for the local taxing jurisdiction. Local charges shall consist of all taxes, charges, interest, penalties, and other amounts collected and paid to the Board, less payments for refunds and reimbursement to the Board for expenses incurred in the administration and collection of the local charges, including preparation and wind-down costs.

F. Allocation of Expenses. The Board shall allocate the total combined annual expenses incurred for administration and collection pursuant to the Prepaid Mobile Telephony Services Surcharge Collection Act and the Local Charge Act on a pro rata basis according to revenues collected for: (1) the emergency telephone users surcharge portion of the prepaid MTS surcharge, (2) the Public Utilities Commission surcharges

portion of the prepaid MTS surcharge, and (3) local charges. The Board shall charge a local jurisdiction its pro rata share of the Board's cost of collection and administration.

G. Transmittal of money. All local charges collected by the Board shall be transmitted to the local jurisdiction once in each calendar quarter. Transmittals may be made by mail or by deposit to the account of the local jurisdiction in a bank designated by that jurisdiction. The Board shall furnish a statement quarterly indicating the amounts paid and withheld for expenses of the Board.

H. Rules. The Board shall prescribe and adopt such rules and regulations as in its judgment are necessary or desirable for the administration and collection of local charges and the distribution of the local charges collected.

I. Security. The Board agrees that any security which it hereafter requires to be furnished under the FCPL section 55022 will be upon such terms that it also will be available for the payment of the claims of the local jurisdiction for local taxes owing to it as its interest appears. The Board shall not be required to change the terms of any security now held by it, and the local jurisdiction shall not participate in any security now held by the Board.

J. Records of the Board.

1. Information obtained by the local jurisdiction from the examination of the Board's records shall be used by the local jurisdiction only for purposes related to the collection of the prepaid mobile telephony services surcharge and local charges by the Board pursuant to this Agreement.

2. When requested by resolution of the legislative body of a local jurisdiction, the Board shall permit any duly authorized officer or employee or other person designated by that resolution to examine any information for its own jurisdiction that is reasonably available to the Board regarding the proper collection and remittance of a local charge of the local jurisdiction by a seller, including a direct seller, subject to the confidentiality requirements of sections 7284.6, 7284.7 and 19542. (sections 42110(b), 42103(e).).

3. The resolution of the local jurisdiction shall certify that any person designated by the resolution, other than an officer and an employee, meets all of the following conditions:

a. Has an existing contract with the local jurisdiction that authorizes the person to examine the prepaid MTS surcharge and local charge records.

b. Is required by that contract with the local jurisdiction to disclose information contained in or derived from, those records only to an officer or employee of the local jurisdiction authorized by the resolution to examine the information.

c. Is prohibited by that contract from performing consulting services for a seller during the term of that contract.

d. Is prohibited by that contract from retaining information contained in, or derived from, those prepaid MTS surcharge and local charge records, after that contract has expired.

4. Any third party contract between the local jurisdiction and an entity or person authorized by the local jurisdiction to request information from the Board shall be subject to the following limitations:

a. Any third party shall, to the same extent as the Board, be subject to Section 55381, relating to unlawful disclosures.

b. A third party contract shall not provide, in whole or in part, in any manner a contingent fee arrangement as payment for services rendered.

5. Information obtained by examination of Board records shall be used only for purposes related to the collection of the prepaid MTS surcharge and local charges by the board pursuant to the contract, or for purposes related to other governmental functions of the local jurisdiction set forth in the resolution.

6. If the Board believes that any information obtained from the Board's records related to the collection of the prepaid MTS surcharge and local charges has been disclosed to any person not authorized or designated by the resolution of the local jurisdiction, or has been used for purposes not permitted by section 42110(b), the board may impose conditions on access to its local charge records that the board considers reasonable, in order to protect the confidentiality of those records. (section 42110 (c).)

7. The costs incurred by the Board in complying with a request for information shall be deducted by the Board from those revenues collected by the Board on behalf of the local jurisdiction making the request, as authorized by section 42110(b)(1).

ARTICLE III
LOCAL JURISDICTION
ADMINISTRATION AND RESPONSIBILITIES

A. The local jurisdictions shall be solely responsible for all of the following:

1. Defending any claim regarding the validity of the ordinance in its application to prepaid mobile telephony service. The claim shall be processed in accordance with the provisions of the local ordinance that allows the claim to be filed.

2. Interpreting any provision of the ordinance, except to the extent specifically superseded by section 42105 of the Local Charge Act. The claim shall be processed in accordance with the provisions of the local enactment that allows the claim to be filed.

3. Responding to specified consumer claims for refund involving: (1) rebutting the presumed location of the retail transaction; (2) a consumer claim of exemption from the local charge under the ordinance; or (3) any action or claim challenging the validity of a local tax ordinance, in whole or part. The claim shall be processed in accordance with the provisions of the local enactment that allows the claim to be filed.

4. Refunding the taxes in the event a local jurisdiction or local government is ordered to refund the tax under the local ordinance.

5. Reallocating local charges as a result of correcting errors relating to the location of the point of sale of a seller or the known address of a consumer, for up to two past quarters from the date of knowledge.

6. Collecting local charges on prepaid mobile telephony service and access to communication services or access to local 911 emergency telephone systems imposed on direct sellers.

7. Enforcement, including audits, of the collection and remittance of local charges by direct sellers pursuant to the ordinance.

8. The local jurisdiction shall be the sole necessary party defendant on whose behalf the local charge is collected in any action seeking to enjoin collection of a local charge by a seller, in any action seeking declaratory relief concerning a local charge, in any action seeking a refund of a local charge, or in any action seeking to otherwise invalidate a local charge. There shall be no recovery from the State for the imposition of any unconstitutional or otherwise invalid local charge that is collected under the Local Act.

9. Entering into an agreement with the Board to perform the functions incident to the collection of the local charges imposed on sellers that are not direct sellers.

10. Submitting an executed Certification to the Board, certifying that:

(a) the local jurisdiction's ordinance applies the local charge to prepaid mobile telephony services;

(b) the amount of the rate charged for access to local 911 emergency telephone systems or access to communications services complies with the requirements of section 42102.5; and/or applies the tiered rate for the utility user tax, as identified in section 42102.

(c) The local jurisdiction shall further certify that it agrees to indemnify and to hold harmless the Board, its officers, agents, and employees for any and all liability for damages that may result from the Board's collection pursuant to this Agreement.

11. Submitting signed documents to the Board to include agreement(s), certification, copy of ordinance(s), and resolution(s).

12. Providing payment to the Board of the local jurisdiction's pro rata share of the Board's cost of collection and administration as established pursuant to subdivision (e) of section 42020.

ARTICLE IV
LOCAL CHARGES

A. Local Charges – Timeliness – This part shall remain in effect until proposed California Code of Regulations, title 18, section 2460 is adopted by the Board and approved by the Office of Administrative Law.

1. Ordinances in effect as of September 1, 2015.
On or after January 1, 2016, a local charge imposed by a local jurisdiction on prepaid mobile telephony services shall be collected from the prepaid consumer by a seller at the same time and in the same manner as the prepaid MTS surcharge is collected under Part 21 (commencing with section 42001) provided that, on or before September 1, 2015, the local jurisdiction enters into a contract with the Board pursuant to section 42101.5. Thereafter, all subsequently enacted local charges, increases to local charges, or other changes thereto, shall become operative pursuant to paragraphs (2), (3), and (4).

2. New charges. When a local jurisdiction adopts a new local charge after September 1, 2015, the local jurisdiction shall enter into a contract with the Board, pursuant to section 42101.5, on or before December 1st, with collection of the local charge to commence April 1st of the next calendar year.

3. Increases in local charges. When a local jurisdiction increases an existing local charge after September 1, 2015, the local jurisdiction shall provide the Board written notice of the increase, on or before December 1st, with collection of the local charge to commence April 1st of the next calendar year.

4. Inaccurate rate posted on the Board's website. When a local jurisdiction notifies the Board in writing that the rate posted on the Board's Internet Web site (posted rate) for a local charge imposed by that local jurisdiction is inaccurate, including scenarios where the local charge was reduced or eliminated, the recalculated rate applicable to the local jurisdiction shall become operative on the first day of the calendar quarter commencing more than 60 days from the date the Board receives the local jurisdiction's written notification that the posted rate is inaccurate.

A. Local Charges – Timeliness – This part shall take effect and supersede the above "Local Charges – Timeliness section when California Code of Regulations, title 18, section 2460 is adopted by the Board and approved by the Office of Administrative Law.

1. Ordinances in effect as of September 1, 2015. On or after January 1, 2016, a local charge imposed by a local jurisdiction on prepaid mobile telephony services shall be collected from the prepaid consumer by a seller at the same time and in the same manner as the prepaid MTS surcharge is collected under Part 21 (commencing with section 42001) provided that, on or before September 1, 2015, the local jurisdiction enters into a contract with the Board pursuant to section 42101.5.

In the event a local jurisdiction does not enter into a contract with the Board by September 1, 2015, the local jurisdiction may enter into a contract with the Board, pursuant to section 42101.5, on or before December 1st, with collection of the local charge to commence April 1st of the next calendar year. Thereafter, all subsequently

enacted local charges, increases to local charges, or other changes thereto, shall become operative pursuant to paragraphs (2), (3), (4) and (5) of this subdivision.

2. New charges. When a local jurisdiction adopts a new local charge after September 1, 2015, the local jurisdiction shall enter into a contract with the Board, pursuant to section 42101.5, on or before December 1st, with collection of the local charge to commence April 1st of the next calendar year.

3. Increases in local charges. When a local jurisdiction increases an existing local charge after September 1, 2015, the local jurisdiction shall provide the Board written notice of the increase, on or before December 1st, with collection of the local charge to commence April 1st of the next calendar year.

4. Advance written notification. When a local charge is about to expire or decrease in rate, the local jurisdiction imposing the local charge shall notify the Board in writing of the upcoming change, not less than 110 days prior to the date the local charge is scheduled to expire or decrease. The change shall become operative on the first day of the calendar quarter commencing after the specified date of expiration or decrease in rate.

If advance written notice is provided less than 110 days prior to the specified date of expiration or decrease in rate, the change shall become operative on the first day of the calendar quarter commencing more than 60 days after the specified date of expiration or decrease.

5. Inaccurate Rate Posted on the Board's Web site. When a local jurisdiction notifies the Board in writing that the rate posted on the Board's Internet Web site (posted rate) for a local charge imposed by that local jurisdiction is inaccurate, including scenarios where the local charge was reduced or eliminated and the local jurisdiction failed to provide advance written notice pursuant to paragraph 4 of this subdivision, the recalculated rate applicable to the local jurisdiction shall become operative on the first day of the calendar quarter commencing more than 60 days from the date the Board receives the local jurisdiction's written notification that the posted rate is inaccurate. The local jurisdiction shall promptly notify the Board in writing of any such discrepancies with the posted rate that are known or discovered by the local jurisdiction.

ARTICLE V
COMPENSATION

The local jurisdiction agrees to pay the Board its pro rata share of the Board's cost of collection and administration of the local charges, as established pursuant to section 42020, subdivision (e). Such amounts shall be deducted from the local charges collected by the Board for the local jurisdiction.

ARTICLE VI
MISCELLANEOUS PROVISIONS

A. Communications. Communications and notices may be sent by first-class United States Mail. A notification is complete when deposited in the mail. Communications and notices to be sent to the Board shall be addressed to:

State Board of Equalization
P.O. Box 942879 MIC: 27
Sacramento, California 94279-0001

Attention: Supervisor,
Local Revenue Allocation Unit

Communications and notices to be sent to the local jurisdiction shall be addressed to:

City of Modesto
Director of Finance
c/o: Accounts Receivable Division
P.O. Box 642
Modesto, Ca 95353-0642

B. Term. The date of this Agreement is the date on which it is approved by the Department of General Services. The Agreement shall take effect on the first day of the calendar quarter next succeeding the date of such approval, but in no case before the operative date of the local jurisdiction's ordinance, nor on a day other than the first day of a calendar quarter. This Agreement shall be renewed automatically from year to year until January 1, 2020, when the Local Charge Act is repealed, unless a statute enacted prior to that date extends that date. In such event, this Agreement will continue to renew automatically from year to year to the date authorized by statute.

8-2.904 - Telecommunication Users' Tax.

(a) There is hereby imposed a tax upon every person in the City using telecommunication services. The tax imposed by this section shall be at the rate of five and eight-tenths percent (5.8%) of the charges made for such services and shall be collected from the service user by the telecommunication services supplier or its billing agent. There is a rebuttable presumption that telecommunication services, which are billed to a billing or service address in the City, are used, in whole or in part, within the City's boundaries, and such services are subject to taxation under this section. There is also a rebuttable presumption that prepaid telecommunication services sold within the city are used, in whole or in part, within the City and are therefore subject to taxation under this section. If the billing address of the service user is different from the service address, the service address of the service user shall be used for purposes of imposing the tax. As used in this section, the term "charges" shall include the value of any other services, credits, property of every kind or nature, or other consideration provided by the service user in exchange for the telecommunication services. The maximum annual telecommunication users' tax payable by any service user for an individual service shall be one thousand five hundred dollars ($1,500.00) for each twelve (12) month period commencing January 1 and ending December 31 of the same calendar year

(b) "Mobile telecommunications service" shall be sourced in accordance with the sourcing rules set forth in the Mobile Telecommunications Sourcing Act (4 U.S.C. Section 124). The Tax Administrator may issue and disseminate to telecommunication service suppliers, which are subject to the tax collection requirements of this article, sourcing rules for the taxation of other telecommunication services, including but not limited to post-paid telecommunication services, prepaid telecommunication services, VoIP, and private communication services, provided that such rules are based upon custom and common practice that further administrative efficiency and minimize multi jurisdictional taxation (e.g., streamlined sales and use tax agreement).

(c) The Tax Administrator may issue and disseminate to telecommunication service suppliers, which are subject to the tax collection requirements of this article, an administrative ruling identifying those telecommunication services, or charges therefore, that are subject to or not subject to the tax of subsection (a) above.

(d) As used in this section, the term "telecommunication services" shall include, but is not limited to, charges for: connection, reconnection, termination, movement, or change of telecommunication services; late payment fees; detailed billing; central office and custom calling features (including but not limited to call waiting, call forwarding, caller identification and three-way calling); voice mail and other messaging services; directory assistance; access and line charges; universal service charges; regulatory, administrative and other cost recovery charges; local number portability charges; and text and instant messaging. "Telecommunication services" shall not include digital downloads that are not "ancillary telecommunication services," such as music, ring tones, games, and similar digital products.

(e) To prevent actual multi-jurisdictional taxation of telecommunication services subject to tax under this section, any service user, upon proof to the Tax Administrator that the service user has previously paid the same tax in another state or city on such telecommunication services, shall be allowed a credit against the tax imposed to the extent of the amount of such tax legally imposed in such other state or city; provided, however, the amount of credit shall not exceed the tax owed to the City under this section.

(f) The tax on telecommunication services imposed by this section shall be collected from the service user by the service supplier. The amount of tax collected in one (1) month shall be remitted to the Tax Administrator, and must be received by the Tax Administrator on or before the twentieth (20th) day of the following month.

(Amended by Ord. 3557-C.S., § 1, effective 12-13-11)

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-312

RESOLUTION AUTHORIZING CITY MANAGER AND DIRECTOR OF FINANCE AND THEIR DESIGNEE(S) TO EXAMINE RECORDS RELATING TO THE CITY'S UTILITY USERS' TAX FOR PREPAID MOBILE TELEPHONY SERVICES COLLECTED BY THE STATE BOARD OF EQUALIZATION

WHEREAS, the Utility Users' Tax Law of the City of Modesto (codified as Article 9, Chapter 2, Title 8 of the Modesto Municipal Code) and the Local Prepaid Mobile Telephony Services Collection Act (California Revenue and Taxation Code Section 42100 et seq.) authorize the imposition and collection of a utility users' tax (UUT) on prepaid mobile telephony services; and

WHEREAS, the City is entering into an agreement with the State Board of Equalization (Board) to perform all functions incident to the administration and collection of the City's UUT on prepaid mobile telephony services in accordance with Revenue and Taxation Code Section 42101.5; and

WHEREAS, the City finds it desirable and necessary that the City Manager and Director of Finance and their designee(s) be authorized to examine confidential prepaid mobile telephony services surcharge and local charge records pertaining to the prepaid mobile telephony services surcharge and local charges collected by the Board for the City pursuant to contract; and

WHEREAS, the Board will make available to City any information that is reasonably available to the Board regarding the proper collection and remittance of the City's UUT by a seller, including a direct seller, subject to the confidentiality requirements of Sections 7284.6, 7284.7 and 19542 of the Revenue and Taxation Code; and

WHEREAS, the City Manager and Director of Finance and their designee(s), shall only use the information obtained by from the Board for purposes related to the collection of City's prepaid mobile telephony services surcharge and local charges ; and

WHEREAS, any third-party designee authorized by City Manager or Director of Finance to examine the Board's records related to the collection of City's prepaid mobile telephony services surcharge and local charges shall meet all of the conditions set forth in Revenue and Taxation Code Section 42110 (b)(2), and any contract with said third-party designee shall be subject to the limitation set forth in Revenue and Taxation Code Section 42103(g); and

WHEREAS, Sections 42110 and 42103 of the Revenue and Taxation Code sets forth certain requirements and conditions for the disclosure of Board of Equalization records and establishes criminal penalties for the unlawful disclosure of information contained in or derived from the prepaid mobile telephony services surcharge and local charge records of the Board.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the City Manager and Director of Finance , and their designee(s) to examine records relating to the City's utility users' tax for prepaid mobile telephony services collected by the State Board of Equalization.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of August, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-315

RESOLUTION APPROVING A FOURTH AMENDMENT TO THE MASTER AGREEMENT FOR AUDITING SERVICES BETWEEN THE CITY OF MODESTO AND MOSS-ADAMS, LLP IN AN AMOUNT NOT TO EXCEED $295,00 AND AUTHORIZING THE MAYOR, OR HIS DESIGNEE, TO EXECUTE THE AMENDMENT TO AGREEMENT

WHEREAS, Section 900 of the Modesto City Charter provides that the City Auditor shall be appointed by and serve at the pleasure of the City Council of the City of Modesto, and

WHEREAS, the City Council desires to amend the Master Agreement for auditing services with the firm of Moss-Adams, LLP extending the term of the Agreement from July 1, 2015 to June 30, 2016, and

WHEREAS, the compensation amount needs to be amended to include an additional amount not to exceed $295,000,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Amendment to the Master Agreement for auditing services with Moss-Adams, LLP.

BE IT FURTHER RESOLVED that the Mayor, or his designee, is hereby authorized to execute the Amendment to the Master Agreement.

BE IT FURTHER RESOLVED that the City Manager is hereby directed to prepare all necessary budget amendments to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1ST day of September, 2015, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Lopez, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-316

RESOLUTION APPROVING A WILL SERVE LETTER AND OUTSIDE SERVICE AGREEMENT BETWEEN THE CITY OF MODESTO AND HABITAT FOR HUMANITY TO CONNECT TO THE CITY OF MODESTO'S EXISTING SEWER SYSTEM FOR THE PROPERTY LOCATED AT 3312 COFFEE ROAD, (APN: 065-013-001), AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO SIGN THE WILL SERVE LETTER AND EXECUTE THE AGREEMENT

WHEREAS, Habitat for Humanity owns a single family residence at 3312 Coffee Road which is located outside of Modesto City Limits and inside the City's Sphere of Influence, and

WHEREAS, the owner of the parcel is requesting connection to the City's sewer system, and

WHEREAS, consistent with adopted LAFCO Policy 15, the extension of sewer service is proposed to remedy a health and safety concern for the existing development on the property with a failing septic tank, and

WHEREAS, on November 25, 2014, City Council approved Resolution No. 2014-473 amending City Council Policy 5.002, and

WHEREAS, on December 9, 2014, the City Council approved adoption of Ordinance No.3612-C.S. amending City of Modesto Municipal Code Section 11-1.05, and

WHEREAS both of these amendments included language allowing the City Manager, upon the recommendation of the Director responsible for utility system planning to approve standard agreements of service for extension of sewer services into certain unincorporated areas without City Council approval, and

WHEREAS, the subject parcel located at 3312 Coffee Road is not located within one of those designated areas and therefore requires City Council approval prior to allowing the sewer connection, and

WHEREAS, City staff has completed an analysis and determined that it is reasonable for the City of Modesto to provide sewer service to this property, and

WHEREAS, the sewer connection fees shall be paid and associated permits will be obtained prior to connecting to the City sewer system, and

WHEREAS, the property owner is required to enter into an outside service agreement for sewer service with the City and waive the right to protest annexation into the City, as required for sewer service outside the City limits,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Will Serve Letter and Outside Service Agreement for a property located at 3312 Coffee Road (APN: 065-013-001) in Modesto.

BE IT FURTHER RESOLVED, that the City Manager, or his designee, is hereby authorized to approve the Will Serve letter and execute the Outside Service Agreement.

The foregoing documents were introduced at a regular meeting of the Council of the City of Modesto held on the 1st of September, 2015, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Lopez, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-317

RESOLUTION APPROVING A PROJECT TO RENOVATE THE MANCINI BOWL SEATING AREA AT GRACEADA PARK AND CONFIRMING IT AS A PARK PARTNERS PROJECT AND EXEMPT FROM HAVING TO GO THROUGH THE PUBLIC BID PROCESS.

WHEREAS, on February 10, 2015, Council identified seven (7) items to receive funding as "Deferred Maintenance and Investment Opportunities", and

WHEREAS, the City's Park Partners program was identified as one of the opportunities to be funded with a proposed allocation of $100,000, and

WHEREAS, improvements to the Seating Area in the Mancini Bowl at Graceada Park is identified as one of the projects in the Park Partners program, and

WHERAS, on April 14, 2015 Council adopted Resolution No. 2015-109 amending the FY 2014-2015 Capital Improvement Program project Park Partners (100300) budget, allocating $100,000 to this project, and

WHEREAS, staff is utilizing volunteers and monetary or in-kind donations to leverage the completion of the project, and

WHEREAS, this project qualifies as a City of Modesto Park Partners project; the City of Modesto's Charter, Article XIII, Section 1307 allows projects that utilize volunteer or in-kind donations to improve the City's parks and park infrastructure without having to go through the public works bid process.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves renovating the Mancini Bowl Seating Area in Graceada Park and confirms this project as a Park Partners project and is excluded from going through the public works bidding process.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of September 2015, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Lopez, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-319

RESOLUTION APPROVING THE FINAL MAP OF ROSE VILLAS ONE SUBDIVISION, AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO EXECUTE A SUBDIVISION AGREEMENT WITH MODESTO MABLE, LLC, A CALIFORNIA LIMITED LIABILITY COMPANY AND AUTHORIZING THE CITY CLERK TO CERTIFY THE FINAL MAP AND RECORD IT WITH THE STANISLAUS COUNTY RECORDER'S OFFICE

WHEREAS, MODESTO MABLE, LLC, a California limited liability company ("SUBDIVIDER"), is in possession of a tract of land situated in the City of Modesto, County of Stanislaus, consisting of 22.57 acres, known as the ROSE VILLAS ONE SUBDIVISION ("SUBDIVISION"), in the Planned Development Zone, P-D 373, and

WHEREAS, a tentative map of said tract was approved by the Planning Commission of the City of Modesto on December 6, 2010, and

WHEREAS, the Secretary of the Planning Commission of the City of Modesto and the City Engineer have certified that the final map of said tract substantially conforms to the approved tentative map, and

WHEREAS, the project is currently under construction and the public improvements have not yet been completed, and

WHEREAS, as required by Section 4-4.605 of the Modesto Municipal Code, the SUBDIVIDER has executed a Subdivision Agreement, and

WHEREAS, the City Engineer of the City of Modesto has certified that the final map of said SUBDIVISION meets all of the provisions of the California Subdivision Map Act and the provisions of the Modesto Municipal Code relating to subdivisions, and the City Surveyor has determined that the map is technically correct, and

WHEREAS, the SUBDIVIDER has furnished securities, as set forth in Section 4-4.605 of the Modesto Municipal Code, which shall secure the obligations set forth in Section 66499.3 of the Government Code of the State of California. Said securities are in forms acceptable to the City Attorney and in the amounts required by the City Engineer,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that said Final Map be approved; that the dedications for public streets and easements as shown thereon within the boundaries of said tract be accepted on behalf of the public for public use; and that the City Manager or designee be authorized to execute the Subdivision Agreement.

BE IT FURTHER RESOLVED that the City Clerk be authorized to certify the map of said tract on behalf of the City of Modesto after the fees and deposits required by the Modesto Municipal Code in amounts determined by the City Engineer have been paid.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of September, 2015, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Lopez, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-320

RESOLUTION AUTHORIZING THE AWARD OF BIDS FOR THE FURNISHING OF ELECTRIC MOTOR REWIND/REBUILD SERVICES FOR THE DEPARTMENT OF UTILITIES, WATER DIVISION TO ANDREWS ELECTRIC AND MACHINE, MODESTO, CA, AS "PRIMARY" CONTRACTOR AND INDUSTRIAL ELECTRICAL CO., MODESTO, CA, AS "SECONDARY" CONTRACTOR, FOR A ONE-YEAR AGREEMENT WITH FOUR (4) ONE-YEAR EXTENSION OPTIONS AT THE SOLE DISCRETION OF THE CITY, AND AUTHORIZING THE PURCHASING MANAGER, OR HIS DESIGNEE, TO ISSUE PURCHASE AGREEMENTS FOR AN ESTIMATED ANNUAL COST OF $88,548, AND OVER FIVE (5) YEARS OF $442,740

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for the furnishing of electric motor rewind/rebuild services, and

WHEREAS, the Purchasing Division issued RFB No. 1415-13 on the City's website under the commodity code for electric motor rewind/rebuild services to eighty-eight (88) prospective bidders, twelve (12) of which were local companies, and

WHEREAS, eight (8) companies chose to download the RFB document, and

WHEREAS, bids were formally opened in the City Clerk's Office. Four (4) companies chose to respond, two (2) of which were local companies, and,

WHEREAS, all four (4) companies that responded provided responsive and responsible bids, and

WHEREAS, to ensure continued services to the City, two (2) purchase agreements shall be awarded, primary and secondary contractor. The secondary position contractor may be awarded a specific job only if the primary contractor is unable to perform the service, or if the primary contractor is unable to complete the specific job within the timeframe required by the City, or if the primary contractor is unable to maintain acceptable quality standards required by the City, and

WHEREAS, based on providing the lowest responsive and responsible bids, City staff recommends the award of bids for the furnishing of electric motor rewind/rebuild services for the Utilities Department, Water Division to Andrews Electric and Machine, Modesto, CA as "primary" contractor and Industrial Electrical Co., Modesto, CA, as "secondary" contractor, for a one-year agreement with four (4) one-year extension options at the sole discretion of the City, for an estimated annual cost of $88,548, and over five (5) years of $442,740, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. The award of bids for the furnishing of electric motor rewind/rebuild services for the Utilities Department, Water Division to Andrews Electric and Machine, Modesto, CA as "primary" contractor and Industrial Electrical Co., Modesto, CA, as "secondary" contractor, conforms to Modesto Municipal Code 8-3.203.

WHEREAS, funds are budgeted in Appropriation Unit: 4100-45050-53150.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bids for the furnishing of electric motor rewind/rebuild services for the Utilities Department, Water Division to Andrews Electric and Machine, Modesto, CA as "primary" contractor and Industrial Electrical Co., Modesto, CA, as "secondary" contractor, for a one-year agreement with four (4) one-year extension options at the sole discretion of the City.

BE IT FURTHER RESOLVED that the Purchasing Manager, or his designee, is hereby authorized to issue purchase agreements for an estimated annual cost of $88,548.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of September, 2015, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Lopez, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-321

RESOLUTION AUTHORIZING THE AWARD OF BID FOR THE PURCHASE OF TWO (2) TRUCKS WITH ANIMAL CONTROL BODIES FOR THE MODESTO POLICE DEPARTMENT, FIELD OPERATIONS DIVISION THROUGH THE PUBLIC WORKS DEPARTMENT, FLEET SERVICES DIVISION, TO ALBANY FORD, ALBANY, CA, FOR AN ESTIMATED TOTAL COST OF $95,770

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for new vehicles and heavy equipment, through various competitive processes, with the Purchasing Division coming back to Council for award authorization. The two (2) trucks with animal control bodies were included in the new vehicles and heavy equipment list authorized by the City Manager, and

WHEREAS, one unit is replacing a current truck that has been subjected to a thorough evaluation and has met or exceeded the replacement criteria before being placed on the replacement list, and

WHEREAS, the one new additional truck will replace a truck involved in an accident in 2010 and deemed a total loss. The Modesto Police Department decided not to replace the truck at that time. The truck in now needed to support the growth in personnel that new funding has made possible, and

WHEREAS, the Purchasing Division issued RFB 1415-39 for the purchase of two (2) trucks with animal control bodies on the City's website under the commodity code for trucks one-ton or less and trucks with specialized bodies. Two hundred and twenty-seven (227) prospective bidders were noticed online of the bid opportunity. Three (3) of which were local companies, and

WHEREAS, ten (10) companies chose to download the RFB document, and

WHEREAS, bids were formally opened by the City Clerk's office. Four (4) companies chose to respond. One of which was a local company.

WHEREAS, all four (4) companies provided responsive and responsible bids, and

WHEREAS, based on providing the lowest responsive and responsible bid, City staff recommends the award of bid for the purchase of two (2) trucks with animal control bodies, to Albany Ford, Albany, CA, for a total estimated cost of $95,770, and

WHEREAS, sufficient funds are budgeted in Fiscal Year 2015-16, in appropriation units 5409-53246-57003 and 0100-19320-57003, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. The award of bid for the purchase of two (2) trucks with animal control bodies to Albany Ford, Albany, CA, conforms to the Modesto Municipal Code.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid for the purchase of two (2) trucks with animal control bodies for the Modesto Police Department, Field Operations Division through the Public Works Department, Fleet Services Division to Albany Ford, Albany, CA.

BE IT FURTHER RESOLVED that the Purchasing Manager or his designee to issue a purchase order for a total estimated cost of $95,770.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of September, 2015, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Lopez, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2015-322

RESOLUTION AUTHORIZING THE AWARD OF BID FOR THE PRINTING OF THE MODESTO AREA EXPRESS RIDE GUIDE FOR THE DEPARTMENT OF PUBLIC WORKS, TRANSIT DIVISION TO FONG AND FONG PRINTERS AND LITHOGRAPHERS, SACRAMENTO, CA, FOR A ONE-YEAR AGREEMENT WITH FOUR (4) ONE-YEAR EXTENSION OPTIONS AT THE SOLE DISCRETION OF THE CITY, AND AUTHORIZING THE PURCHASING MANAGER, OR HIS DESIGNEE, TO ISSUE A PURCHASE AGREEMENT FOR AN ESTIMATED ANNUAL COST OF $24,345, AND OVER FIVE (5) YEARS OF $121,725

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for the printing of the Modesto Area Express (MAX) Ride Guide, and

WHEREAS, the Purchasing Division issued RFB No. 1415-34 on the City's website under the commodity code for printing services to one-hundred and twenty-three (123) prospective bidders, twenty-three (23) of those companies downloaded the RFB document, twelve (12) of which were local companies, and

WHEREAS, bids were formally opened in the City Clerk's Office. Four (4) companies chose to respond, none of which were local companies, and

WHEREAS, all four (4) companies responding provided responsive and responsible bids, and

WHEREAS, based on providing the lowest responsive and responsible bid, City staff recommends the award of bid for the printing of the MAX Ride Guide for the Department of Public Works, Transit Division to Fong and Fong Printers and Lithographers, Sacramento, CA, for a one-year agreement with four (4) one-year extension options at the sole discretion of the City, for an estimated annual cost of $24,345, and over five (5) years of $121,725, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. The award of bid for the printing of the MAX Ride Guide for the Department of Public Works, Transit Division to Fong and Fong Printers and Lithographers, Sacramento, CA, conforms to Modesto Municipal Code 8-3.203.

WHEREAS, funds are budgeted in Appropriation Unit: 4540-53472-52015.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid for the printing of the MAX Ride Guide for the Department of Public Works, Transit Division to Fong and Fong Printers and Lithographers, Sacramento, CA, for a one-year agreement with four (4) one-year extension options at the sole discretion of the City.

BE IT FURTHER RESOLVED that the Purchasing Manager, or his designee, is hereby authorized to issue a purchase agreement for an estimated annual cost of $24,345.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of September, 2015, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Lopez, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-323

RESOLUTION AUTHORIZING THE PURCHASE OF ONE 950M WHEEL LOADER 4WD WITH 3-YARD BUCKET FOR THE UTILITIES DEPARTMENT, SEWER OPERATIONS DIVISION, THROUGH THE PUBLIC WORKS DEPARTMENT, FLEET SERVICES DIVISION, TO HOLT OF CALIFORNIA, STOCKTON, CA, AND AUTHORIZING THE PURCHASING MANAGER OR HIS DESIGNEE TO ISSUE A PURCHASE ORDER FOR A TOTAL ESTIMATED COST OF $274,119

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for new vehicles and heavy equipment, through various competitive processes, with the Purchasing Division coming back to Council for award authorization. The one 950M wheel loader 4WD with 3-yard bucket is included in the new vehicles and heavy equipment replacement list authorized by the City Manager, and

WHEREAS, the current unit has been subjected to a thorough evaluation and has met or exceeded the replacement criteria before being placed on the replacement list, and

WHEREAS, sufficient funds are budgeted in Fiscal Year 2014-15, in account # 5409-53246-57003, and

WHEREAS, the National Joint Powers Alliance (NJPA) went through a competitive bid process for the purchase of heavy construction equipment and issued contract #060311. The most responsive and responsible bidder that met the bid specifications was Holt of California, Stockton, CA. Holt of California is extending the NJPA discount to the City of Modesto, and

WHEREAS, there are no local vendors for this type of equipment. Taking advantage of this process and awarding a contract by "piggybacking" the NJPA contract is an efficient and effective way to purchase one 950M wheel loader 4WD with 3-yard bucket, and saves the time and expense for the City to formally solicit RFB's, and

WHEREAS, Modesto Municipal Code (MMC) Section 8-3.203 generally requires all purchases, which meet or exceed $50,000.00 for material, equipment or contractual services to be formally bid. However, there are exceptions to the rule set forth in the Modesto Municipal Code. One exception, MMC Section 8-3.204(d), is available where the Purchasing Manager, in his or her discretion, determines that a process other than the usual formal bid procedure set forth in MMC Section 8-3.203 will result in procurement for the City at the lowest possible cost commensurate with the desired quality. Acting within his discretion, the Purchasing Manager invoked that exception for this purchase due to the cost savings of staff time and the limited number of competitors. The purchase of one 950M wheel loader 4WD with 3-yard bucket from Holt of California, Stockton, CA, by piggybacking from a competitively bid NJPA contract will conform to both MMC Section 8-3.204(d) and Public Contract Code (PPC) 20118, which authorizes public entities to rely on terms "piggybacking" that have been competitively bid.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the purchase of one 950M wheel loader 4WD with 3-yard bucket for the Utilities Department, Sewer Operations Division through the Public Works Department, Fleet Services Division, piggybacking from a competitively bid contract with the National Joint Powers Alliance (NJPA), to Holt of California, Stockton, CA,

BE IT FURTHER RESOLVED that the Purchasing Manager or his designee to issue a purchase order for a total estimated cost of $274,119.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of September, 2015, by Councilmember

Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Lopez, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-324

RESOLUTION APPROVING AN AMENDMENT TO THE AGREEMENT THAT PROVIDES CERTAIN LESS THAN COUNTY-WIDE FIRE SERVICES BETWEEN STANISLAUS COUNTY AND THE CITY OF MODESTO FOR COUNTYWIDE FIRE INVESTIGATION SERVICES FOR AN ADDITIONAL THREE MONTHS AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AMENDMENT

WHEREAS, on June 10, 2014, the City Council of the City of Modesto approved an agreement ("Agreement") between the City of Modesto and Stanislaus County to provide fire investigation services with a term from July 1, 2014 through June 30, 2015; and

WHEREAS, under the Agreement, the City serves as a contractor to the County providing fire investigation services in exchange for compensation in the amount of $27,500 per month; and

WHEREAS, on June 16, 2015, the Stanislaus County Board of Supervisors adopted a 2015-16 Stanislaus County Fire Authority Business Plan which includes forming a Regional Fire Investigation Unit ("FIU"); and

WHEREAS, additional time is required to develop the Regional FIU and the County wishes to retain the City's fire investigation services in the interim and amend the Agreement to extend its term for an additional three months; and

WHEREAS, this amendment would extend the term of the Agreement to be from July 1, 2014 to September 30, 2015 at a monthly rate of $27,500, and allow the City to submit claims for additional compensation.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an amendment to the agreement that provides certain less than county-wide fire services between Stanislaus County and the City of Modesto for countywide fire investigation services for an additional three months..

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the amendment.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of September 2015, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Lopez, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-325

RESOLUTION APPROVING SPONSORSHIP OF THE 2016 STANISLAUS COMMUNITY FOUNDATION'S "CONNECTING FOR GOOD" CONFERENCE BY APPROVING THE FREE USE OF MODESTO CENTRE PLAZA AND NECESSARY EQUIPMENT UP TO A MAXIMUM VALUE OF TWO-THOUSAND DOLLARS ($2,000)

WHEREAS, the "Connecting for Good" Conference was established in 2015 by the Stanislaus Community Foundation to promote community partnership and collaboration, and

WHEREAS, the Conference is designed to help local groups and organizations implement projects that benefit local communities, and

WHEREAS, the event falls under the principles of the City of Modesto's Strategic Plan to build Neighborhoods and Community, and

WHEREAS, the Stanislaus Community Foundation has asked the City of Modesto to sponsor the event by providing free use of Modesto Centre Plaza and equipment on May 5, 2016, and

WHEREAS, the estimated cost of this use is two-thousand dollars ($2,000).

NOW, THEREFORE, LET IT BE RESOLVED by the Council of the City of Modesto that it hereby will sponsor the 2016 Stanislaus Community Foundation "Connecting for Good" Conference and provide free use of the Modesto Centre Plaza and required equipment up to a maximum value of two-thousand dollars ($2,000).

The foregoing resolution was introduced at a regular meeting of the council of the City of Modesto on the 1st Day of September, 2015 by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Lopez, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2015-326

RESOLUTION APPROVING THE CITY'S RESPONSE TO THE 2014 - 2015 STANISLAUS COUNTY CIVIL GRAND JURY REPORT "STANISLAUS COUNTY PUBLIC TRANSIT SYSTEMS", CASE 15-02C, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO SUBMIT THE RESPONSE TO THE PRESIDING JUDGE OF THE STANISLAUS COUNTY SUPERIOR COURT

WHEREAS, the 2014-2015 Stanislaus Civil Grand Jury issued a report titled Stanislaus County Public Transit Systems", Case 15-02C, and

WHEREAS, the report was forwarded to the Transit Manager by letter dated June 17, 2015, and

WHEREAS, California law requires the City to respond to the findings and recommendations of the Grand Jury's final report, and

WHEREAS, the response is required to be submitted to the Presiding Judge of the Stanislaus County Superior Court no later than ninety (90) days after the Grand Jury submits its final report, and

WHEREAS, City staff has drafted a response to the Grand Jury report as required by State law.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the City's response to the 2014 - 2015 Stanislaus County Civil Grand Jury Report "Stanislaus County Public Transit Systems", Case 15-02C, and authorizes the City Manager, or his designee, to submit the response to the Presiding Judge of The Stanislaus County Superior Court.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of September, 2015, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Lopez, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-327

RESOLUTION APPROVING AN EXEMPTION FOR THE MODESTO JUNIOR COLLEGE SPORTS AND RECREATION FIELDS FROM STAGE II DROUGHT CONTINGENCY PLAN REQUIREMENTS IN THE INTEREST OF AND CONCERN FOR THE HEALTH AND SAFETY OF USERS

WHEREAS, California is in currently entering the fourth consecutive year of drought conditions and most of the state, including the watershed that provides the City of Modesto's water supply, is experiencing exceptional drought conditions, and

WHEREAS, on April 28, 2015 the Modesto City Council, by Resolution 2015-134, approved changes to the Drought Contingency Plan and implemented Stage II water conservation requirements, and

WHEREAS, the Stage II requirements limit watering of turf to twice weekly before 9:00 a.m. and after 7:00 p.m., and

WHEREAS, on May 26, 2015 the Modesto City Council, by Resolution 2015-173, approved exemptions to the Stage II requirements for community sports and recreation fields owned by the City, and

WHEREAS, on July 7, 2015 and July 14, 2015 respectively, the City Council, by Resolutions 2015-237 and 2015-255, also approved similar exemptions for Modesto City Schools and the House Modesto Church for their community sports and recreation fields, and

WHEREAS, Modesto Junior College (MJC) has requested similar exemptions for its sports and recreation fields, and

WHEREAS, based on the water conservation practices that MJC has already implemented, staff recommended the following exemptions be granted to MJC:

MJC sports and recreation fields will be watered within the approved time restrictions on all of the allowed watering days of the Drought Stage II Contingency Plan (Tuesdays, Wednesdays, Saturdays, and Sundays). MJC will not water on the non-watering days of the Contingency Plan (Mondays, Thursdays and Fridays).

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an exemption for the Modesto Junior College sports and recreation fields from Stage II Drought Contingency Plan requirements in the interest of and concern for the health and safety of users.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of September 2015, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Lopez, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-328

RESOLUTION APPROVING A PROTEST DISMISSAL AGREEMENT WITH WESTLANDS WATER DISTRICT AND DEL PUERTO WATER DISTRICT FOR THE CITY OF MODESTO NOTICE OF CHANGE PETITION FILED WITH THE STATE WATER RESOURCE CONTROL BOARD FOR TERTIARY-TREATED WATER, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, as part of the North Valley Regional Recycled Water Program (NVRRWP), the City of Modesto filed a Notice of Change Petition with the State Water Resources Control Board (SWRCB) to allow discharge of tertiary-treated wastewater to the Delta Mendota Canal for irrigation of crops in the Del Puerto Water District (DPWD), and

WHEREAS, the SWRCB noticed the public and received comments on the Notice of Change Petition, and

WHEREAS, the SWRCB received two formal protests regarding the proposed change, one from Turlock Irrigation District and the other from the Westlands Water District (WWD), and

WHEREAS, WWD's concern was that the reduction in Modesto wastewater discharge to the San Joaquin River would result in less water ultimately available in the Delta for use by WWD, and

WHEREAS, expert analysis confirmed that WWD would be minimally impacted by the reduction in wastewater, and

WHEREAS, WWD, DPWD, and the City successfully negotiated and agreed that DPWD would provide WWD additional water from another sources as compensation for the reduction in wastewater discharge to the San Joaquin River, and

WHEREAS, This agreement provides that WWD will not further protest the Notice of Change Petition, and this agreement also advances the NVRRWP, and

WHEREAS, both WWD and DPWD will present this agreement to their Boards next week for approval,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Protest Dismissal Agreement with the Westlands Water District and Del Puerto Water District for the City of Modesto Notice of Change Petition filed with the State Water Resources Control Board for tertiary-treated wastewater.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement, in substantially the form attached hereto as Exhibit A and as approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of September 2015, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Lopez, was upon roll call carried and the resolution adopted by the following vote:

PROTEST DISMISSAL AGREEMENT

The City of Modesto (the "City"), Del Puerto Water District ("Del Puerto"), and Westlands Water District ("Westlands") agree as follows:

A. On January 16, 2015, City filed a petition for change (No. WW0077) (the "Petition for Change") with the State Water Resources Control Board ("SWRCB") as part of the City's participation in the North Valley Regional Recycled Water Project ("NVRRWP").

B. Among other things, the Petition for Change asks the SWRCB to issue an order: (1) adding a new authorized point of discharge at the Delta Mendota Canal for the City's treated wastewater, and (2) adding Del Puerto's service area and several South of Delta CVPIA refuges as authorized places of use for the City's treated wastewater.

C. On February 10, 2015, the SWRCB issued its public notice of the Petition for Change.

D. On March 12, 2015, Westlands filed a protest to the Petition for Change.

E. On July 7, 2015, the City certified an environmental impact report for the NVRRWP (SCH #2014042068) (the "NVRRWP EIR") under the California Environmental Quality Act ("CEQA").

NOW, THEREFORE, in consideration of these recitals and the mutual promises in this Agreement, the City, Del Puerto, and Westlands agree as follows:

1. The preceding recitals are true and correct and are incorporated herein by reference.

2. The City, Del Puerto, and Westlands request that the SWRCB include the following conditions in the SWRCB's order granting the City's Petition for Change:

A. Beginning when the City starts delivering treated wastewater to Del Puerto through the NVRRWP, and continuing through the term of any water sale agreement between the City and Del Puerto for deliveries of treated wastewater through the NVRRWP, Del Puerto will provide 500 acre-feet per year of water to Westlands through the Delta Mendota Canal. The water that Del Puerto will provide to Westlands under this paragraph will be from a source besides the NVRRWP. During the first year of such deliveries, the 500 acre-foot amount will be prorated based on the number of days remaining in the year on the day when the City's deliveries of treated wastewater to Del Puerto through the NVRRWP begins divided by 365. Del Puerto and Westlands will be solely responsible for all contractual, permitting and environmental requirements associated with Del Puerto's providing water to Westlands under this agreement.

B. The amount that Del Puerto must pay the City for treated water delivered through the NVRRWP will not be reduced because Del Puerto must provide water to Westlands under this agreement.

C. Westlands will pay Del Puerto for the water that Del Puerto provides to Westlands under this agreement at the same rate per-acre-foot rate that Del Puerto pays the City for treated wastewater delivered through the NVRRWP.

3. In consideration of City's and Del Puerto's commitments in this Protest Dismissal Agreement and the SWRCB making these additions to the order on the City's Petition for Change, Westlands dismisses its protest to the Petition for Change, and agrees not to make or further pursue any challenges, in any other manner or in any other proceeding or forum, to the NVRRWP, any environmental documents for the NVRRWP, any governmental approvals or permits for the NVRRWP, or the rights of the City and the City of Turlock to provide treated wastewater to Del Puerto through the NVRRWP at up to the maximum rates described in the NVRRWP EIR. If the SWRCB does not make these requested changes, then Westlands may make or further pursue such challenges.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-329

RESOLUTION APPROVING A MEMORANDUM OF UNDERSTANDING WITH THE TURLOCK GROUNDWATER BASIN ASSOCIATION (TGBA) FOLLOWING THE SUSTAINABLE GROUNDWATER MANAGEMENT ACT, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THIS MEMORANDUM OF UNDERSTANDING ON BEHALF OF THE CITY

WHEREAS, the TGBA, which oversees the Turlock Sub-basin (Sub-basin), was formed in 1995 in compliance with Assembly Bill (AB) 3030 (Groundwater Management Act, 1992), and

WHEREAS, the overall goal of the TGBA is to ensure that groundwater remains a reliable, safe, efficient, and cost-effective water supply for the local area, and

WHEREAS, the TGBA developed its first basin-wide Groundwater Management Plan in 1997; and the City Council, by Resolution No. 2001-514, approved a MOU with the TGBA to coordinate groundwater management activities within the Sub-basin, and

WHEREAS, in 2002, Senate Bill (SB) 1938 was signed into law modifying the Groundwater Management Act (California Water Code Section 10750 et seq.), resulting in the TGBA preparing an updated Groundwater Management Plan in 2008, and

WHEREAS, the following outlines key tasks and milestones of the Sustainable Groundwater Management Act (SGMA): AB 1739, SB 1168, and SB 1319 (September 2014), collectively known as the SGMA, were signed into law effective January 1, 2015, and

WHEREAS, the SGMA requires: 1) Local agencies with water supply, water management, and/or land use responsibilities are to manage the underlying groundwater in a sustainable manner; 2) Local agencies shall form, before July 2017, Groundwater Sustainability Agencies (GSAs) to manage and regulate the groundwater; 3) GSAs shall

adopt before February 2020 or 2022, depending on whether or not DWR finds the Sub-basin in a condition of critical overdraft, Groundwater Sustainability Plans (GSPs); and 4) GSAs shall achieve groundwater basin sustainability twenty years after their plan is adopted, and

WHEREAS, the purpose of this MOU is to set forth certain items of agreement among the parties to the MOU to move toward SGMA Compliance.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Memorandum of Understanding with the Turlock Groundwater Basin Association following the Sustainable Groundwater Management Act, substantially in the form attached and as approved by the City Attorney.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute said Memorandum of Understanding on behalf of the City.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of September 2015, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Lopez, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-330

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MODESTO FORMING THE DOWNTOWN MODESTO COMMUNITY BENEFIT DISTRICT AND LEVYING ASSESSMENT THEREWITH

WHEREAS, the City of Modesto's Community Benefit District Ordinance, Modesto Municipal Code Title 8, Chapter 9 (the "Ordinance") authorizes the City to establish a Community Benefit District ("CBD") for up to 20 years to enhance the security, safety, appearance, and economic viability within such districts; and

WHEREAS, the Ordinance authorizes the City to levy and collect assessments on real property within such districts for the purpose of providing improvements and promoting activities that specially benefit real property within such districts; and

WHEREAS, the Ordinance authorizes the City to use the procedures set forth in the Property and Business Improvement District Law of 1994 (Streets & Highways Code sections 36600 et seq.) (the "PBID Law") as modified by the Ordinance for purposes of forming an assessment district; and

WHEREAS, the Ordinance authorizes the City Council to initiate proceedings to form a CBD upon the submission of a written petition, signed by property owners in the proposed district who will pay more than thirty percent (30%) of the assessments proposed to be levied in connection with such district; and

WHEREAS, such petitions were signed by property owners who will pay more than thirty percent (30%) of the assessments proposed to be levied and provided to the City Council at a City Council Meeting on June 23, 2015; and

WHEREAS, the "Downtown Modesto Community Benefit District 2015 Management District Plan," dated April 24, 2015 and "Downtown Modesto Community Benefit District Engineer's Report," dated April 29, 2015, for the proposed Downtown Modesto CBD has been prepared and contains all of the information required by the Ordinance, including, but not limited to, a description of the boundaries of the proposed CBD, the special benefit improvements and activities and an assessment amount for every parcel within the District; and

WHEREAS, Articles XIIC and XIID of the California Constitution and Section 53753 of the California Government Code (Proposition 218 Omnibus Implementation Act) also impose certain procedural and substantive requirements relating to the notice, protests and hearing requirements pertaining to new or increased assessments; and

WHEREAS, on June 23, 2015 the City Council adopted a Resolution of Intention (Resolution No. 2015-204), A Resolution of the City Council of the City of Modesto Declaring Its Intention to Establish the Downtown Modesto Community Benefit District and to Levy and Collect Assessments Within Said District Pursuant to City of Modesto Municipal Code Title 8, Chapter 9 Pertaining to the Formation of a Community Benefit District, and Calling and Assessment Ballot Proceeding and Establishing a Time and Place for a Public Hearing, approved the Management District Plan and Engineer's Report, and among other things and consistent with the State Constitution and State Government Code, directed the City Clerk to mail ballots to the proposed district property owners and set a hearing date for the purpose of receiving public testimony and tabulating the weighted votes; and

WHEREAS, as directed by the Resolution of Intention, no less than 45-days prior to the public hearing, the City Clerk mailed to 208 record owners of affected parcels a ballot packet, including a notice of public hearing on the formation of the Downtown Modesto CBD, consisting of the ballot with the proposed assessment amount, a copy of the Resolution of Intention and a summary of the Management Plan and other information describing the hearing process as required by Article XIII D, Section 4 of the California Constitution and Government Code Section 53753; and

W H EREAS, a duly noticed public hearing was held by the City Council on September 1, 2015, at 5:30 p.m., or as soon thereafter as the matter could be heard, in the City Council Chambers, City Hall located at 1010 10th Street, Modesto, CA 95354, at which it heard and considered oral and written testimony from all interested persons; and

W HEREAS, the City Council received ballots up to the close of the public hearing and thereafter directed the City Clerk to unseal and tabulate the ballots in a designated location open to the public as required by law; and

W H EREAS, based on the tabulation, the City Council determined that a majority protest, as defined by Article XIII D, Section 4(e) of the California Constitution and Section 53753 of the California Government Code does not exist with respect to the assessment proposed in connection with the Downtown Modesto CBD ; and

W H EREAS, the property within the area of the Downtown Modesto CBD will be benefited by the improvements and activities funded by the assessments levied in connection with the CBD. The assessment against each parcel does not exceed the reasonable cost of the proportional special benefit conferred on that parcel.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY

COUNCIL OF THE CITY OF MODESTO AS FOLLOWS:

Section 1. All of the recitals above are true and correct and incorporated herein.

Section 2. Pursuant to the Ordinance which incorporates provisions of Section 36621 of the PBID Law, the City Council hereby forms the Downtown Modesto CBD.

Section 3. The boundaries, including the exterior of the boundaries, of the Downtown Modesto CBD are set forth in the Downtown Modesto Community Benefit District 2015 Management District Plan (the "Management Plan") which is attached hereto as Exhibit "A" and on file with the City Clerk.

Section 4. The improvements and activities proposed for the Downtown Modesto CBD shall be funded by the levy of assessments on the properties within the CBD boundaries.

Section 5. The proposed activities as set forth in the Management Plan include marketing, District identity, beautification, security, maintenance, administration/corporate operations and an appropriate contingency/reserve. All proposed services and improvements will provide a special benefit to businesses and real property located in the District.

Section 6. The activities of the Downtown Modesto CBD will be funded by a total assessment levied and collected within the proposed Downtown Modesto CBD for fiscal year 2015-2016 of $700,000. Section 7 of the Management Plan sets forth the proposed Downtown Modesto CBD annual assessment amount by Assessor's Parcel Number. The amount to be levied and collected for subsequent years may be increased by

an amount not to exceed five percent (5%) per year in accordance with increases in the Modesto County Consumer Price Index for all urban consumers from February to February.

Section 7. The City Council authorizes the levy of assessments on properties located within the Downtown CBD boundaries, in the amounts as shown in the District Assessment Engineer's Report attached hereto as Exhibit "B".

Section 8. Except where funds are otherwise available, an assessment to pay for all specified improvements and activities within the Downtown Modesto CBD will be levied annually.

Section 9. After the Downtown CBD is formed, new property owners shall not be exempt from the CBD assessment, but shall be assessed the appropriate amount in the prorated format based upon the number of whole months remaining in the assessment period.

Section 10. The properties in the Downtown Modesto CBD established by this Resolution of Formation shall be subject to any amendments of the PBID Law.

Section 11. The levy and assessment that will fund improvements and activities within the CBD will not be used to provide improvements or activities outside of the Downtown Modesto CBD or for any purpose other than the purposes specified i n this Resolution of Formation and the attachments hereto, as modified by the City Council at the public hearing concerning establishment of the CBD.

Section 12. The City council hereby finds that the property within the CBD area will be specially benefitted by the improvements and activities funded by the assessment proposed to be levied.

Section 13. The adoption of this Resolution of Formation and recordation of the notice and map pursuant to Section 36627 of the PBID Law shall constitute the levy of an assessment in each of the fiscal years referred to in the Downtown Modesto Benefit District 2015 Management District Plan.

Section 14. The City Clerk is hereby authorized and directed to record the notice of assessment required by Section 36627 of the PBID Law.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of September 2015, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Lopez , was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Madrigal, Zoslocki Mayor Marsh

A. Engineer's Report

Section 1
Management District Plan Summary

The name of this Community Benefit District is the Downtown Modesto Community Benefit District (the "CBD"). The District is being formed pursuant of the City of Modesto Community Benefit District formed under [redacted] and hereinafter referred to as the "Ordinance".

Developed by the Downtown Modesto CBD Steering Committee – this Management District Plan is proposed to improve and provide special benefits to individual parcels located within the boundaries of the newly proposed 2015 Downtown Modesto Community Benefit District. The proposed CBD will provide special benefit district improvements and activities, including cleaning, security, beautification, district identity, possible transportation related activities and other special benefit programs to parcels within the boundaries of the proposed district.

The proposed Downtown Modesto CBD serves to improve the individual parcels, attract new customers to their businesses, increase sales, increase occupancies and enhance the benefitting individual parcels within the CBD. The proposed CBD seeks to fund the special benefits that will be provided over the next fifteen years, based upon keeping the greater Downtown Modesto area clean, safe, orderly, attractive, well marketed with special events and programs, and increase commerce within the boundaries.

Boundaries:

The boundaries shall include approximately 47 whole or partial blocks with 318 parcels owned by 214 property owners. See Downtown Modesto Proposed CBD map in Section 2, pages 10 and 11. The District is generally bounded by:

- L Street between both sides of 8th Street and Needham on the northwest,
- Needham Street, between L Street and H Street on the north,
- H Street between 19th Street and 15th Street, and then on G Street from 15th Street to both sides of 8th Street on the southeast; and
- Both sides of 8th Street from G Street to L Street on the southwest;

Budget:

The total first year Downtown Modesto CBD budget based upon assessable individual parcel owners for FY 15/6, will be $ 700,000.00. Please see Section 3 for a breakdown of the categories of special benefit services.

Improvements, Activities and Services of the Downtown Modesto CBD Plan:

There are five basic categories of special benefit services that will be funded by the Downtown Modesto CBD. All of these services will confer a special benefit to the individual parcels within the Downtown Modesto CBD. The categories of special benefits are as follows:

1. ***Sidewalk Operations, Beautification and Order:*** This includes all sidewalk and gutter cleaning services, possible enhance security, sidewalk steam cleaning services, graffiti removal, trash removal, as well as enhanced services to beautify the district. Sidewalk operations services totals $ 425,000 or 61% of the first year annual budget of the new CBD.

2. ***District Identity*:** These services include the branding of the Downtown Modesto area, marketing and promotions, newsletter, public relations, media relations, social media, publicity, special events, website development and maintenance, public space develop and holiday decorations. These services equal $ 150,000 or 21% of the first year annual budget of the new district.

3. ***Enhanced Residential Improvements*:** Though there are currently not any single residential units in the form of condos within the boundaries of the revised district, future condo developments that will be constructed within the CBD boundaries will be assessed to fund their particular special benefits. These special benefit services will include, but are not limited to: enhanced beautification in blocks with a high density of condos, public space development, implementation of pet related services and administrative costs. These assessments will be allocated with the same percentages of the overall budget.

4. ***Program Management and Corporate Operations***: These services equal $97,000 or 14% of the first year annual budget of the new district.

5. ***Contingency/Reserve***. This contingency anticipates a "historic" non-payment rate percentage of 2 to 4%, and any City or County collection fees. This fund equals $28,000 or 4% of the first year annual budget of the new district.

Downtown Modesto CBD FY 2015-16 Budget

PROGRAM OR ACTIVITY FUNDED BY THE DOWNTOWN MODESTO COMMUNITY BENEFIT DISTRICT	APPROXIMATE% OF FIRST YEAR ANNUAL BUDGET	ESTIMATED ANNUAL COSTS
Sidewalk Operations, Beautification and Order	61%	$ 425,000.00
District Identity and Streetscape Improvement	21%	$ 150,000.00
Administration/Corporate Operations	14%	$ 97,000.00
Contingency/City and County Fees/Reserves/Special projects	4%	$ 28,000.00
TOTAL	***100%***	***$ 700,000.00****

**The City, individuals, businesses, and groups that contributed to the investigation and formation costs of the Downtown Modesto CBD shall be entitled to be reimbursed within the first five years of the adoption of the CBD by the City Council. Costs that can be recovered include: (1) The costs of preparation of the management plan and engineer's report required by state law; (2) The cost of circulating and submitting the petition to the City Council seeking establishment of the District; (3) The costs of printing, advertising and the giving of published, posted or mailed notices; (4) Compensation of any engineer or attorney employed to render services in proceedings associated with formation of the Downtown Modesto CBD; and (5) Costs associated with any ballot proceedings required by law for approval of the CBD assessment. Contributions to the investigation and formation effort shall be reimbursed fully in the amount contributed upon receipt of appropriate documentation of the contribution to the new management corporation Board of Directors. The total amount to be reimbursed shall not exceed $70,000.*

This plan proposes percentages for groups of services with the intent that they will provide individual parcels with an understanding of the portion of the budget allocated to fund those services, while simultaneously giving the property owners and businesses an understanding of the proportional benefit they will receive. Demands for prioritization of one special benefit need over another *within the same category* will occur year by year. Supplemental security may be a priority one year, however enhanced sidewalk sweeping and beautification may be a priority another year. Both of these services fall within the same special benefit category or sidewalk operations.

Method of Financing:

The financing of the Downtown Modesto CBD is based upon the levy of special assessments upon real property that receive special benefits from the improvements and activities. See Section 4 for assessment methodology and compliance with Proposition 218. There will be four

factors used in the determination of proportional benefit to the parcels in the CBD. Those four factors are:

- Linear frontage;
- Lot size or the footprint of the parcel;
- Building square footage (excluding parking structures built within the building that predominantly serve the tenants of the building and are not open to the public); and
- Future residential condos that will be constructed within the District.

The following data represents the foundation of the assessments that will generate the revenue to fund the Downtown Modesto CBD: (verified as of April 5th, 2015);

Benefit Zones:

State law and the State constitution, Article XIIID require that special assessments be levied according to the special benefit each individual parcel receives. There is only one proposed under this plan.

Data in the CBD:

Building Square Footage	*Lot Size (square feet)*	*Linear Frontage*
2,632,178	**5,070,262**	**59,911**

Residential Condos: 0 assessable building square footage.
Currently there are no residential condo ddevelopments within the Downtown Modesto CBD boundaries total. When constructed, these future units will be assessed at the rate of $0.20 per square foot for their verifiable building square footage per parcel.

Costs:

Annual assessments are based upon an allocation of program costs by assessable linear frontage (by Benefit Zone), assessable on all sides of the parcels that receive benefit; PLUS lot or parcel square footage; PLUS assessable building square footage, and in the case of residential condos, by building square footage.

Future residential condo owners will be assessed differently since they are, in essence, acquiring air rights with the purchase of their residential condos and linear frontage and lot size will not be relevant to their parcels. This alternate assessment methodology is created to respond to their special needs of homeowners within this growing Downtown district. All four property variables will be used in the calculation of the annual assessment.

The FY 2015-16 year annual assessments per property variable are as follows:

Linear Frontage costs: $7.0938 per linear foot/year

Building Square Footage costs: $0.056987 per square foot/year

Lot Size costs:	$0.024654 per square foot/year
Future Residential Condo costs:	$0.20 per square foot of parcel unit square footage

Cap:

The CBD budget and assessments may be subject to changes in the Consumer Price Index (CPI) for the Stanislaus County Consumer Price Index for all urban consumers from February to February, with annual increases not to exceed 5% (five per cent) per year. Increases will be determined by the Owners' Association/District Management Corporation and will vary between 0% and 5% annually. Changes in land use, development of empty parcels, conversion of tax exempt to profitable land uses, demolition of existing buildings, and creation of new parcels through new building or residential condo development may alter the budget from year to year based upon the changes in the building square footage of an individual parcels. Since linear frontage and lot size normally are not altered in the redevelopment of a site, the only changes realized in the CBD will be through the building square footage. In addition, changes in the budget may occur due to the conversion of single parcels to multiple parcels due to the construction of residential or commercial condos.

Bonds:

The District will not issue any bonds related to any program.

District Formation:

Under the local enabling ordinance, the District formation and modification requires a submission of petitions from property owners representing more than 30% of the total assessments.

Once the City verifies the petitions totaling a minimum of 30% or $ 210,000 in assessment contribution to the District, the Modesto City Council may adopt a **Resolution of Intention** to mail out ballots to all affected property owners. The City will then hold a public hearing and tabulate the mail ballots. The Downtown Modesto CBD will be formed if the weighted majority of all returned mail ballots support the District formation and if the City Council adopts a resolution of formation to levy the assessments on the benefiting parcels. At this point, that public hearing is scheduled for Tuesday, July 28th, 2015.

Disestablishment:

California State Law, Section 36670 provides for the disestablishment of a District. Provisions for annual disestablishment of the CBD are provided for in the local Modesto CBD ordinance. Property owners dissatisfied with the results, management or quality of the services may petition the City Council to disestablish the CBD, in the same method in which they petitioned the City Council to establish the District.

Section 36670 states:

> *(b) The city council shall adopt a resolution of intention to disestablish the district prior to the public hearing required by this section. The resolution shall state the reason for the disestablishment, shall state the time and place of the public hearing, and shall contain a proposal to dispose of any assets acquired with the revenues of the assessments levied within the property and business improvement district. The notice of the hearing on disestablishment required by this section shall be given by mail to the property owner of each parcel or to the owner of each business subject to assessment in the district, as appropriate. The city shall conduct the public hearing not less than 30 days after mailing the notice to the property or business owners. The public hearing shall be held not more than 60 days after the adoption of the resolution of intention."*

Unexpended surplus funds will be returned to property owners based upon each parcels percentage contribution to the previous fiscal year's assessments if the District is not renewed.

Time and Manner for Collecting Assessments:

The Downtown Modesto CBD assessments will appear as a separate line item on annual property tax bills prepared by the County of Stanislaus. The assessments shall be collected at the same time and in the same manner as for the ad valorem property tax paid to the County of Stanislaus. These assessments shall provide for the same lien priority and penalties for delinquent payment as is provided for the ad valorem property tax.

Any delinquent assessments owed for the first year will be added to the property tax roll for the following year together with any applicable interest and penalties. The "property owner" means any person shown as the owner/taxpayer on the last equalized assessment roll or otherwise known to be the owner/taxpayer by the City.

Government Assessments:

The Downtown Modesto CBD Management Plan assumes that the City of Modesto, the Successor Agency, Stanislaus County, the County Education Department and other government entities will pay assessments for the public property within the boundaries of the District. Article XIII D, Section 4 of the California Constitution was added in November of 1996 to provide for these payments.

Parcels owned by the City of Modesto, controlled by the Successor Agency, the State of California, the Stanislaus County shall receive benefits, commensurate with the assessments paid into the Downtown Modesto CBD. The publicly owned parcels are presumed to benefit equally to the privately owned parcels for the sidewalk and administrative special benefits provided, *however City, County and County School District parcels shall be exempt from assessments on their building square footage since they will not derive benefit from the "District Identity" special benefit services, (see Section 3, page 15).*

Duration:

The Downtown Modesto CBD shall have a fifteen-year term which shall commence on December 1st, 2015 and expire on November 30th, 2030, with operations winding down by November 30th, 2030, unless the district is renewed by the CBD property owners through a new assessment ballot proceeding in 2030.

Governance:

Pursuant to the City of Modesto Community Benefit District Ordinance and Section 36600 of the California Streets and Highway Code, a District Management Corporation or Owners' Association, will review District budgets and policies annually within the limitations of the Management District Plan. The Management Corporation will file Annual Reports with the City of Modesto (City) and will oversee the day-to-day implementation of services as defined in the Management District Plan. Section 36614.5 states:

> *The "Owners' association" means a private nonprofit entity that is under contract with a city to administer or implement activities and improvements specified in the management district plan. An owners' association may be an existing nonprofit entity or a newly formed nonprofit entity. An owners' association is a private entity and may not be considered a public entity for any purpose, nor may its board members or staff be considered to be public officials for any purpose."*

Section 2
Downtown Modesto Community Benefit District Boundaries

Boundaries: The following text will define the boundaries of the Downtown Modesto CBD.

- **Northwest boundary**: Starting at parcel 104-008-08 at the southeast corner of the intersection of 8th Street and L Street (including all of the parcels on the east side of L Street) and running northeast to the corner of 15th Street and L Street, parcel number 105-010–16;

- **North Boundary:** Starting at parcel 105-010-16 at the southeast corner of the intersection of Needham and L Street and running eastward (including all of the parcels on the south side of Needham) to the parcel 105-001–13 at the southwestern corner of the intersection of 19th Street and Needham Street/Downey Avenue and H Street;

- **Southeastern Boundary**: Starting at parcel 105-001–14 and running southwest to the intersection of 15th Street (including only the parcels on the west side of the street), running one block southeast (including parcels on the south side of 15th Street only) to the parcel at the southwestern corner of the intersection of 15th Street and G Street, and then continuing in a southwesterly direction (including only the parcels on the west side of G Street) and terminating intersection of 8th Street and G Street., ending at parcel 103-003-06.

- **Southwestern Boundary:** Starting at the parcel 103-003–6 at the southwestern corner of 8th Street and G Street, running in a northwesterly direction (to include all of the parcels on the north side of 8th Street) and terminating at the corner of 8th Street and L Street, parcel number 104-008–8.

Section 3
District Improvement and Activity Plan

Process to Establish the Improvement and Activity Plan/Outreach Efforts:

Since summer of 2014 business and property owners in Downtown Modesto have met to discuss the advantages of creating this downtown special benefits district. An initial survey was sent to every property owner in the proposed CBD area in the summer of 2014 to ascertain their level of conceptual support for the establishment of this assessment district and obtain information regarding the type of enhanced services they were interested in receiving. The survey information was instrumental in determining the services to be delivered by the CBD.

Priority Special Benefit Services – According to the Survey and CBD Steering Committee discussions:

1. *Improving the image of Downtown, the overwhelming majority of survey respondentsbelieved that the image of Downtown Modesto is highly problematic stating that Downtown is "relatively safe, but suffers an image as an unsafe district";*
2. *Responding to the issues that arise from street people, homeless and panhandling issues;*
3. *Supporting property owner marketing and promotions campaign to bring new business and attract new tenants;*
4. *Supporting planting, trimming and maintenance of trees, flowers and shrubs throughout the Downtown area to beautify the community;*
5. *Supporting sidewalk and curb sweeping, and enhanced trash receptacle emptying over and above City services;*
6. *Supporting public relations and social media programs to improve the image of Downtown;*
7. *Supporting property owner funded special events and branding efforts to improve the identity and bringing positive attention to the Downtown*

Numerous public meetings have been held with the Downtown Modesto CBD Steering Committee. Public meeting dates follow:

- August 1st, 2014
- Sept. 3rd, 2014
- October 8th, 2014
- November 19th, 2014
- December 10th, 2014
- January 21st, 2015
- Feb. 11th, 2015
- March 4th.2015
- May 6th, 2015

Marco Li Mandri of New City America also met with Josh Bridegroom of the City Manager's office and many property owners individually, the City Attorney and City staff throughout this process.

Explanation of Special Benefit Services:

All of the improvements and activities detailed below are provided only to properties defined as being within the boundaries of the Downtown Modesto CBD, as the improvements and activities will provide special benefit to the owners of those properties. No improvements or activities will be provided to properties outside the Downtown Modesto CBD boundaries.

The City will continue to provide services from the general fund to the Downtown which will include public safety, street tree trimming, street sweeping, trash collection of public refuse containers, etc. The frequency of these general benefits may change from year to year and time to time based upon budget constraints. However, City general benefits will not be withdrawn from the Downtown Modesto CBD unless they are withdrawn by an equal amount City wide. ***The CBD funded special benefits will not replace City funded general benefits, but rather will provide special benefits to parcel owners over and above the general benefits provided by the City of Modesto.***

All services funded by the assessments outlined in the Management District Plan are intended to directly benefit the property, business owners and residents within this area to support increased commerce, business attraction and retention, retain and increase commercial property rentals, enhanced safety and cleanliness in the CBD, improved district identity, and eventually fund specialized beautification and enhanced services for the condo residential unit parcels within the District.

The total improvement and activity plan budget for FY 2015-16, which is funded entirely by property assessments within the CBD boundaries, is projected to be $ 700,000.00. The costs of providing each of the budget components was developed from actual experience obtained in reviewing these same services in similar districts throughout the State of California.

Based upon the survey of property owners, as well as the discussions held in the eight CBD Steering Committees held since August 2014, the Committee has prioritized the following categories of special benefit services for the new CBD. The categories of special benefit services set forth the intent of the budget category, but also gives the new District Management Corporation the flexibility to allocate the services based upon the changing needs of the District from year-to-year within each budgeted category.

Improvements Activities and Services of the Downtown Modesto CBD Plan:

There will be four basic categories of special benefit services that will be funded within the Downtown Modesto CBD. All of these services are designed to confer a special benefit to the individual parcels within the Downtown Modesto CBD over and above the general benefits they are currently receiving. The categories of special benefits are as follows:

Table 3 - A
First Year Downtown Modesto CBD Special Benefit Service Budget

PROGRAM OR ACTIVITY FUNDED BY THE DOWNTOWN MODESTO COMMUNITY BENEFIT DISTRICT	APPROXIMATE% OF FIRST YEAR ANNUAL BUDGET	ESTIMATED ANNUAL COSTS
Sidewalk Operations, Beautification and Order	61%	$ 425,000.00
District Identity and Streetscape Improvement	21%	$ 150,000.00
Administration/Corporate Operations	14%	$ 97,000.00
Contingency/City and County Fees/Reserves/Special projects	4%	$ 28,000.00
TOTAL	***100%***	***$ 700,000.00****

**The City, individuals, businesses, and groups that contributed to the investigation and formation costs of the Downtown Modesto CBD shall be entitled to be reimbursed within the first five years of the adoption of the CBD by the City Council. Costs that can be recovered include: (1) The costs of preparation of the management plan and engineer's report required by state law; (2) The cost of circulating and submitting the petition to the City Council seeking establishment of the District; (3) The costs of printing, advertising and the giving of published, posted or mailed notices; (4) Compensation of any engineer or attorney employed to render services in proceedings associated with formation of the Downtown Modesto CBD; and (5) Costs associated with any ballot proceedings required by law for approval of the CBD assessment. Contributions to the investigation and formation effort shall be reimbursed fully in the amount contributed upon receipt of appropriate documentation of the contribution to the new management corporation Board of Directors. The total amount to be reimbursed shall not exceed $70,000.*

The following categories of special benefit services shall only be provided to parcels within the District.

SIDEWALK OPERATIONS, BEAUTIFICATION, ORDER :

61%

Examples of these special benefit services and costs may include, but are not limited to:

- Regular sidewalk and gutter sweeping
- Regular sidewalk steam cleaning
- Beautification of the district;
- Enhanced trash emptying (over and above city services)
- Timely graffiti removal, within 24 hours as necessary
- Tree and vegetation maintenance (over and above city services)
- Special events maintenance and set up
- Maintenance of existing and new public spaces
- Hanging plants, planting flowers throughout the district;
- Possible private security and/or camera system

DISTRICT IDENTITY AND STREETSCAPE IMPROVEMENTS:

21%

Examples of these special benefit services and costs may include, but are not limited to:

- Web site development and updating;
- App development;
- Management and coordination of special events
- Social media
- Public relations firm
- Holiday and seasonal decorations
- Branding of Downtown Modesto so a positive image is built
- Banner programs
- Public art displays
- Downtown landmark sign and maintenance
- Logo development
- Public space design and improvements
- Signage

ENHANCED RESIDENTIAL CONDO UNIT IMPROVEMENTS: (currently don't exist) **$ 0**

Examples of these special benefit services and costs may include, but are not limited to:

Future residential condos built within the boundaries of the Downtown Modesto CBD will be assessed separately due to their unique parcel status and special benefit needs in the district. Residential condos blocks will have the following special benefit services conferred on the frontage their parcels. These services in the future will include, but will not be limited to:

- Installation, stocking and upkeep of pet waste distribution stations on the frontages adjacent to the high concentrations of residential condo individually assessed parcels;

- Enhancement and beautification of sidewalks on the frontages adjacent to the high concentrations of residential individually assessed parcels;
- Installation of hanging plants, and enhanced upkeep in the sidewalks surrounding these frontages adjacent to these residential condos;
- Other services requested by the residents that confer special benefit to the areas directly adjacent to the parcels with high concentrations of residential condos;
- Proportional share of the Administrative and Contingency costs to cover the oversight of the Enhanced beautification special benefit services.

ADMINISTRATION AND CORPORATE OPERATIONS: **$ 97,000** **14 %**

Examples of these special benefit services and costs may include, but are not limited to:

- Staff and administrative costs
- Directors and Officers Insurance
- Office related expenses
- Rent
- Financial reporting and accounting
- Legal work

CONTINGENCY/CITY AND COUNTY FEES/RESERVE:

$28,000 **4%**

Examples of these special benefit services and costs include, but are not limited to:

- Delinquencies
- City Fees
- County fees
- Reserves

Fifteen-Year Operating Budget:

A projected fifteen-year operating budget for the Downtown Modesto CBD is provided below. The projections are based upon the following assumptions:

- Assessments will be subject to changes in the Stanislaus County Consumer Price Index (CPI), with annual increases not to exceed 5% per year.
- Increases will be determined by the District Management Corporation and in no case shall annual increases exceed 5% per year.

The budget for specific programs may be reallocated within the categories by up to 10% of each budget category. The Management Corporation Board may alter the budget based upon service needs and such changes shall be included in the Annual report and submitted to the Modesto City Council for review and approval.

Table 3 – B

Fifteen-Year Projection of Maximum Assessment for the Downtown Modesto CBD

	FY1	FY2	FY3	FY4	FY5	FY6	FY7
Sidewalk Operations, Beautification and Order	$425,000.00	$446,250.00	$468,562.50	$491,990.63	$516,590.16	$542,419.66	$569,540.65
District Identity	$150,000.00	$157,500.00	$165,375.00	$173,643.75	$182,325.94	$191,442.23	$201,014.35
Administration	$97,000.00	$101,850.00	$106,942.50	$112,289.63	$117,904.11	$123,799.31	$129,989.28
Contingency	$28,000.00	$29,400.00	$30,870.00	$32,413.50	$34,034.18	$35,735.88	$37,522.68
Total	**$700,000.00**	**$735,000.00**	**$771,750.00**	**$810,337.50**	**$850,854.38**	**$893,397.09**	**$938,066.95**

	FY8	FY9	FY10	FY11	FY12	FY13	FY14	FY15
Sidewalk Operations, Beautification and Order	$598,017.68	$627,918.56	$659,314.49	$692,280.22	$726,894.23	$763,238.94	$801,400.89	$803,308.98
District Identity	$211,065.06	$221,618.32	$232,699.23	$244,334.19	$256,550.90	$269,378.45	$282,847.37	$283,520.82
Administration	$136,488.74	$143,313.18	$150,478.84	$158,002.78	$165,902.92	$174,198.06	$182,907.97	$183,343.46
Contingency	$39,398.81	$41,368.75	$43,437.19	$45,609.05	$47,889.50	$50,283.98	$52,798.18	$52,923.89
Total	**$984,970.30**	**$1,034,218.81**	**$1,085,929.75**	**$1,140,226.24**	**$1,197,237.55**	**$1,257,099.43**	**$1,319,954.40**	**$1,323,097.15**

Notes:

- Assumes a 5% yearly increase on all budget items.
- Any accrued interest or delinquent payments will be expended in the above categories.
- Residential condo assessments are zero for the first year, and to be determined when the first residential condos are actually built in Downtown

Section 4
Assessment Methodology

The Downtown Modesto CBD is a property-based special benefit assessment district being established pursuant to the Modesto Community Benefit District enabling ordinance adopted in April 2015 by the Modesto City Council. Due to the special benefit nature of assessments levied within a CBD, program costs are to be distributed amongst all identified specially benefited properties based on the proportional amount of special program benefit each property is expected to derive from the assessments collected.

The ordinance refers to the requirement that relative "benefit" received from CBD funded programs and activities be used to determine the amount of assessment paid. Only those properties expected to derive special benefits from CBD funded programs and activities may be assessed and only in an amount proportional to the relative special benefits expected to be received.

As stipulated by Proposition 218, assessment district programs and activities confer a combination of general and special benefits to properties, but the only program benefits that can be assessed are those that provide special benefit to the assessed properties. Special Benefit" as defined by the California State Constitution means "*a particular and distinct benefit over and above general benefits conferred on real property located in the District or to the public at large*". For the purposes of this analysis, "General Benefits" are benefits from the provided within Downtown Modesto that are not special in nature, are not "particular and distinct" and are not over and above the benefits that other city parcels receive.

General benefits are not restricted to benefits conferred only on persons and property outside the assessment district, but can include benefits both conferred on real property located in the district or to the public at large. "At large" means not limited to any particular person – and means all members of the public - including those who live, work, and shop within the district - and not simply transient visitors.

The property uses within the boundaries of the proposed Downtown Modesto CBD which will receive special benefits from CBD funded programs and services, are currently a mix of retail, service, office, religious, residential and parking. Services, programs and improvements provided by the Downtown Modesto CBD are primarily designed to provide special benefits to identified parcels within the boundaries of the District.

There are five basic categories of special benefit services that will be funded by the Downtown Modesto CBD. All of these services will confer a special benefit to the individual parcels within the Downtown Modesto CBD. The categories of special benefits are as follows:

1. ***Sidewalk Operations, Beautification and Order (SOBO):*** This include, but are not limited to: all sidewalk and gutter cleaning services, sidewalk steam cleaning services, graffiti removal, trash removal, as well and beautifying the district. This category of the budget will be allocated $ 425,000 or 61 % of the first year budget to fund its services.

2. ***District Identity and Streetscape Improvement (DISI):*** These services include, but are not limited to: the branding of the commercial and residential parcels Downtown including: marketing and promotions, newsletter, public relations, media relations, social media, publicity, special events, lighting, website development and maintenance, public space develop and holiday decorations. This category of the budget will be allocated $ 150,000 or 21% of the budget to fund these services.

3. ***Enhanced Residential Condo Services:***
   Future residential condos built within the boundaries of the Downtown Modesto CBD will be assessed separately due to their unique parcel status and special benefit needs in the district. Residential condos blocks will have the premium special benefits conferred on their parcels but will also have extra residentially related services provided.

4. ***Administration/Management Services***: This category of the budget will be allocated $97,000 during the first year, or 14 % of the first year budget.

5. ***Contingency/Reserve.*** This contingency anticipates a non-payment rate percentage of 2 to 5%, and any City or County collection fees. This category of the budget will be allocated $ 28,000.00 or approximately 4% of the first year annual budget of the new Downtown Modesto CBD.

Parcels that receive these programs, services and improvements attract more customers, employees, tenants and investors as a result of these programs, services and improvements, thereby increasing business volumes, sales transactions, occupancies, rental income and return on investments and for future residents, make this Downtown more walkable, attractive and livable. These benefits are particular and distinct in that they are not provided to non-assessed parcels within or outside of the District. Because these programs, services and improvements will only be provided to each individual assessed parcel within the Downtown Modesto CBD boundaries, these programs, services and improvements will constitute "special benefits".

Existing City of Modesto services will not be replaced or duplicated, by Downtown Modesto CBD funded services. The very nature of the purpose of this District is to fund supplemental programs, improvements and services within the Downtown boundaries above and beyond what is being currently funded either via normal tax supported methods or other funding sources. All benefits derived from the assessments to be levied on parcels within the Downtown CBD are for services, programs and improvements directly benefiting each individual parcel within this area and support increased cleanliness, commerce, business attraction and retention, increased commercial property rental income and improved District

identity. No CBD funded services, activities or programs will be provided beyond the CBD boundaries.

While every attempt is made to provide CBD services and programs to confer benefits only to those identified assessed parcels within the district, the California State Constitution was amended via Proposition 218 to stipulate that general benefits exist, either by design or unintentionally, in all assessment districts and that a portion of the program costs must be considered attributable to general benefits and assigned a value. General benefits cannot be funded by assessment revenues. General benefits might be conferred on parcels within the District, or "spillover" onto parcels surrounding the District, or to the public at large who might be passing through the District with no intention of transacting business or residing within the District or interest in the District itself. Empirical assessment engineering analysis throughout California has found that general benefits within a given similar special benefits districts tend to range from 1-5% of the total costs. There are three methods that have been used by the Downtown CBD Assessment Engineer for determining general and special benefit values within assessment districts:

(1) The parcel by parcel allocation method
(2) The program/activity line item allocation method, and
(3) The composite district overlay determinant method.

A majority of PCBDs and CBDs in California for which this Assessment Engineer has provided assessment engineering services since the enactment of Proposition 218, have used Method #3, the composite district overlay determinant method which will be used for this CBD. This method of computing the value of general benefit involves a composite of three distinct types of general benefit – general benefit to assessed parcels within the District, general benefit to the public at large within the District and general benefit to parcels outside the District.

Downtown Modesto CBD Programs and Improvements

The total special and general benefit program activities and budget allocations that will be provided to each individual parcel assessed in the proposed Downtown Modesto CBD are shown in the chart below:

Total Year 1 – 2016 - Special + General Benefit Revenue

Service	YR 1 - 2016 Assessment Allocation	YR 1 - 2016 Non-Assessment Allocation	YR 1 - 2016 Total Allocation	% of Total
Sidewalk Operations	$ 425,000	$ 8,673	$ 433,673	61 %
District Identity	$ 150,000	$ 3,061	$ 153,061	21%
Administration	$ 97,000	$ 1,981	$ 98,981	14%
Contingency/Reserves	$ 28,000	$ 571	$ 28,571	4%
Total	**$700,000.00**	**$ 14,286**	**$ 714,286.00**	**100%**

All program costs associated with general benefits will be derived from sources or credits other than CBD assessments. Sample "other" revenue sources can be derived from special events, grants, volunteer hours and must simply equal a total of $ 14,286 per year which would equal the general benefit cost of 2% of the computed total CBD cost of $ 714,286.00 from the Table above. Here, program costs spreading variables include linear frontage, lot or parcel size and building square footage, and residential condo parcels. The following data represents the foundation of the assessments that will generate the revenue to fund the Downtown Modesto CBD: (verified as of April 5th, 2015);

Benefit Zones:

State law and the State constitution, Article XIIID require that special assessments be levied according to the special benefit each individual parcel receives. There is only one benefit zone in the proposed Downtown Modesto CBD.

Data in the CBD:

Building Square Footage	*Lot Size (square feet)*	*Linear Frontage*
2,632,178	**5,070,262**	**59,911**

Assessment District Revenue Generation in Fiscal Year 2016 from each assessable property variable:

Linear Frontage	$ 425,000	61%
Building Square Footage:	$ 150,000	21%
Lot Square Footage:	$ 125,000	18%
Residential Condos Unit Square Footage:	$0	0%
Total:	**$ 700,000.00**	**100%**

First Year Annual Costs:

The Downtown Modesto CBD FY 2016 year annual assessments per property variable are as follows:

Property Variable	*First Year Annual Costs*
Linear Frontage	$ 7.0938 per linear foot/year
Building Square Footage	$ 0.056987 per square foot/year
Lot Size	$0.024654 per square foot/year
Residential Condominiums	$0.20 per square foot

Proportional Allocation of Assessments to Benefiting Property Owners
Generation of assessments which fund categories of special benefit services.

Program	*Funded by Property Variable Assessment*	*Approximate Amount First Year Budget - %*
Sidewalk Operations, Beautification and Order *sidewalk and gutter cleaning, landscaping, steam cleaning, public space maintenance*	Funded by approximately 100% of the linear frontage assessments *Residential Condo assessments will pay for services in the same proportion as allocated in the budget*	$ 425,000 – 61% (the Board decides how this amount will be allocated month by month, prioritizing services and proportionally allocating per benefit zones based upon payments made)
District Identity and Streetscape Improvements *(Marketing, promotions, website, social media, events, business attraction, public space design)*	Funded by approximately 100% of the building square footage *Residential Condo assessments will pay for services in the same proportion as allocated in the budget*	$ 150,000 – 21%
Administration/ Corporate Operations Administration, outreach to public agencies, community relations, office rent, supplies, insurance, legal	Funded by Lot Size assessments *Residential Condo assessments will pay for services in the same proportion as allocated in the budget*	$ 97,000 – 14 %
Contingency	Funded by Lot size assessments *Residential Condo assessments will pay for services in the same proportion as allocated in the budget*	$ 28,000 4 %
Total for all Special Benefit Services		***$ 700,000.00***

Linear Frontage Defined:
Individual parcels will be assessed for all sides of each parcel fronting on a public street. Alley frontage is not assessed. Each side of the parcel (excluding alley areas) will receive Sidewalk Operations special benefit services based upon the frequency of services articulated in this plan, linear front footage data was obtained from the County Assessor's parcel maps.

Building Square Footage Defined:
Building square footage is defined as gross building square footage throughout the Downtown Modesto CBD. The percentage of building square footage that is dedicated to private or internal tenant parking needs may be deducted from the gross building square footage. Only parking structures that are open to the public and charge fees to the general public on a regular basis will have their building square footage assessed as any other commercial building. Apartment buildings within the boundaries of the Downtown Modesto CBD will be assessed as commercial buildings since there is a landlord/tenant relationship in that property. Under this plan, City, County, Successor Agency and County Education owned parcels will pay assessments on their linear frontage and lot size, but will be exempted from assessments on building square footage since they will not derive special benefit from the District Identity services outlined in Section 3, page 15.

Lot Square Footage Defined:
Lot square footage is defined as the total amount of area within the borders of the parcel. The lot square footage of a parcel has been verified by the County Assessor's parcel maps.

Commercial Condominium Parcels Defined:
Ground floor commercial condominiums will be treated as independent "mini" commercial buildings and assessed based on their actual building square footage, the footprint of land they cover or lot size of the commercial condo, and the amount of direct primary street frontage on the exterior of the building. Ground floor commercial condominiums will pay 100% of the special benefits for the assessment, based upon which benefit zone they are within.

Future Residential Condo Unit Parcels Defined:
Future residential condo units building square footage is defined as the livable building square footage within the walls of the condo residential unit parcel. They are included in a special zone to designate their unique special benefits relative to the other commercial parcels within the Downtown Modesto CBD. Unlike the other commercial parcels in the district, including commercially operated apartment buildings, residential condo parcels are assessed for building square footage only, and are not assessed for linear frontage and lot square footage.

Future residential condo individually assessed parcels are assessed as a separate category. These future residential condo individual parcels will be assessed *for their building square footage only at the rate of* $0.20 per square foot per year, commencing the first year of their completion. The rationale for assessing future residential condos only for the building square footage rate is provided below.

Future residential condo individually assessed parcels are assessed differently than multi-unit, for-rent apartment buildings, due to the frequency of special benefit services required by each parcel as described below. The multi-unit apartment buildings are commercial properties in which the tenant and landlord have an economic relationship as opposed to residential condo buildings where individual property owners own separate "air space parcels" on a single floor. Future residential apartment buildings can be bought or sold just as like commercial buildings whereas residential condo individual units are separately owned and must be individually bought and sold.

Distinctions between residential apartment buildings with tenants and residential condominium building with individual parcel owners are as follows:

1. *The Davis Sterling Act establishes rules and regulations for residential condo owners based upon "separate interests" (i.e. ownership rights), as opposed to renters who only have a possessory interest.*
2. *Generally, residential condo unit owners demonstrate greater care for their property and concerns about quality of life issues due to their investment in real estate.*
3. *Residential owners and have the right to vote in a Proposition 218 hearing, tenants do not have that right.*
4. *Residential condo owners are required to contribute to a legally established Homeowners Associations to oversee building maintenance, tenants are not.;*

The assessment methodology has been written to confer special benefits to future residential condo individual assessed parcels since future residential condo owners have unique investment backed expectations about the care and maintenance of the building and its surroundings compared to the interest of residential tenants who have a possessory not an ownership interest. The future residential condos' special assessment methodology ensures that a fund will be established to maintain high levels of special benefit services that apply directly and proportional to the blocks that demand virtually seven days per week, 365 days per year special benefits.

Exemptions:

No benefitting parcels, regardless of taxable or tax-exempt property tax status, will be exempt from the assessments funding the special benefit services of the Downtown Modesto CBD. Special benefit services will not be provided to any parcels outside of the boundaries of the district. Publicly owned property will be assessed the same as privately owned parcels except that the County, County School District and City parcels shall not pay for District Identity services funded by their building square footage assessments. The County, County School District and City parcels will not derive the benefits of increased rents, business attraction or redevelopment potential from such special benefit services. We believe that this analysis is consistent with the "proportional benefit requirements outlined in Article XIII of the state constitution.

Single family residential land uses, in the form of single family homes on independent parcels, within the boundaries of the CBD are included in the District, however will be assessed only for the services they receive on their frontage or until such time that the single family land uses are converted to multi-family or commercial/retail uses.

Calculation of Assessments:

The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the improvement or the maintenance and operation expenses of an improvement or for the cost of property service being provided. Per California Constitutional Amendment Article XIII D, Section 2(i), "Special Benefit", means a particular and distinct benefit over and above general benefits conferred on a real property located in the district or to the public at large. No assessment will be imposed on any parcel that exceeds the reasonable cost of the proportional special benefits conferred upon that parcel. Only special benefits are assessable and these benefits must be separated from any general benefits. Properties are assessed as defined on the County Assessor's most current parcel maps. The preceding methodology is applied to the database of parcels within the District. The process for compiling the property database includes the following steps:

- A report was generated from data obtained from the Stanislaus County Tax Assessors office.
- A list of properties to be included within the CBD is provided in Section 7.

Parcel Assessment –

The annual assessment method to calculate all parcels and ground floor commercial condominiums for Benefit Zone 1 will be:

Total Street Frontage X $ 7.0938 per linear foot
+
Total Lot Square Footage X $0.024654 per square foot
+
Total Building Square footage X $0.056987 per square foot
=
TOTAL PARCEL ASSESSMENT

Residential Condo Assessment:

The annual assessment method for a residential condo once they are built, regardless of Benefit Zone will be:

Total Residential Unit Building Square footage X $0.20 per Square Foot
=
TOTAL RESIDENTIAL CONDO UNIT ASSESSMENT

Repayment of Formation Costs:

The City, individuals, businesses, and groups that contributed to the investigation and formation costs of the Downtown Modesto CBD shall be entitled to be reimbursed within the first five years of the adoption of the CBD by the City Council. Costs that can be recovered include: (1) The costs of preparation of the management plan and engineer's report required by state law; (2) The cost of circulating and submitting the petition to the City Council seeking establishment of the District; (3) The costs of printing, advertising and the giving of published, posted or mailed notices; (4) Compensation of any engineer or attorney employed to render services in proceedings associated with formation of the Downtown Modesto CBD; and (5) Costs associated with any ballot proceedings required by law for approval of the CBD assessment. Contributions to the investigation and formation effort shall be reimbursed fully in the amount contributed upon receipt of appropriate documentation of the contribution to the new management corporation Board of Directors. The total amount to be reimbursed shall not exceed $70,000.

Future Development:

As a result of continued new development, the Downtown Modesto CBD will experience the addition or subtraction of assessable commercial buildings or the conversion of empty parcels into new commercial and residential or buildings and units. The Management District 2016 Plan assessment methodology will accommodate any and all changes anticipated within the term of the District with annual adjustments being submitted to the City, as these assessment calculation and property variable alterations occur.

Maximum Assessment:

Assessments will be subject to changes in the Stanislaus County Consumer Price Index (CPI), for all urban consumers, annual increases not to exceed 5% per year. Increases will be determined by the CBD District Management Corporation and will vary between 0% and 5% in any given year. The maximum the assessments can be increased is 5% over the previous fiscal year's base assessments. Not implementing the increase for one year does not give the District Management Corporation the authority to accumulate increases above 5% within any given fiscal year. The following projections illustrate a potential 5% annual increase.

Table

Maximum Assessments by Property Variable

Projected Assessment	FY1	FY2	FY3	FY4	FY5
Linear Frontage	$ 7.0938	$ 7.4485	$ 7.8209	$ 8.2120	$ 8.6226
Building Sq. Ft.	$ 0.056987	$ 0.059836	$ 0.062828	$ 0.065970	$ 0.069268
Lot Square Footage	$ 0.024654	$ 0.025887	$ 0.027181	$ 0.028540	$ 0.029967
Condo Bldg. Sq. Ft.	$ 0.20000	$ 0.21000	$ 0.22050	$ 0.23153	$ 0.24310

Projected Assessment	FY6	FY7	FY8	FY9	FY10
Linear Frontage	$ 9.0537	$ 9.5064	$ 9.9817	$ 10.4808	$ 11.0048
Building Sq. Ft.	$ 0.072731	$ 0.076368	$ 0.080186	$ 0.084196	$ 0.088406

Linear Frontage	$ 11.5551	$ 12.1328	$ 12.7394	$ 13.3764	$ 14.0452
Building Sq. Ft.	$ 0.092826	$ 0.097467	$ 0.102340	$ 0.107457	$ 0.112830
Lot Square Footage	$ 0.040159	$ 0.042167	$ 0.044275	$ 0.046489	$ 0.048813
Condo Bldg. Sq. Ft.	$ 0.32578	$ 0.34207	$ 0.35917	$ 0.37713	$ 0.39599

Budget Adjustments:

Annual budget surpluses, if any, will be rolled into the following year's budget. Assessments will be set annually, within the constraints of the CPI or land use changes. Revenues from the delinquent accounts may be expended in the year they are received. If the District is not renewed, any remaining funds will be returned to property owners in the proportion by what each property owner paid.

If after the initial term the District decides to renew and if there is money left over from the previous term, the balance of remaining funds will be rolled over into the renewed district. These "rolled over" funds may only be used within the boundaries of the renewed district and cannot be expended for activities, services, or improvements in an area expanded beyond the original District. However, the rolled over funds may be used to finish District Management Corporation activities in the original district.

Time and Manner for Collecting Assessments:

The Downtown Modesto CBD assessments will appear as a separate line item on annual property tax bills prepared by the County of Stanislaus. The assessments shall be collected at the same time and in the same manner as for the ad valorem property tax paid to the County of Stanislaus. These assessments shall provide for the same lien priority and penalties for delinquent payment as is provided for the ad valorem property tax.

Any delinquent assessments owed for the first year will be added to the property tax roll for the following year together with any applicable interest and penalties. The "property owner" means any person shown as the owner/taxpayer on the last equalized assessment roll or otherwise known to be the owner/taxpayer by the City.

Disestablishment:

California State Law, Section 36670 provides for the disestablishment of a District. Provisions for annual disestablishment of the CBD are provided for in Article 13 of the local Modesto CBD ordinance. Property owners dissatisfied with the results, management or quality of the services

may petition the City Council to disestablish the CBD, in the same method in which they petitioned the City Council to establish the District.

Section 36670 states:

> *(b) The city council shall adopt a resolution of intention to disestablish the district prior to the public hearing required by this section. The resolution shall state the reason for the disestablishment, shall state the time and place of the public hearing, and shall contain a proposal to dispose of any assets acquired with the revenues of the assessments levied within the property and business improvement district. The notice of the hearing on disestablishment required by this section shall be given by mail to the property owner of each parcel or to the owner of each business subject to assessment in the district, as appropriate. The city shall conduct the public hearing not less than 30 days after mailing the notice to the property or business owners. The public hearing shall be held not more than 60 days after the adoption of the resolution of intention."*

Unexpended surplus funds will be returned to property owners based upon each parcels percentage contribution to the previous fiscal year's assessments if the District is not renewed.

Upon the termination of the previous District, any remaining revenues shall be transferred to the renewed District, if one is established, pursuant to Streets and Highways Code Section 36660(b). Unexpended surplus funds will be returned to property owners based upon each parcels percentage contribution to the previous fiscal year's assessments if the District is not renewed.

Government Assessments:

The Downtown Modesto CBD Management Plan assumes that the City of Modesto, the Successor Agency and other government entities will pay assessments for the public property within the boundaries of the District as per the methodology within this plan. Article XIII D, Section 4 of the California Constitution was added in November of 1996 to provide for these payments.

Parcels owned by the City of Modesto, Stanislaus County, the County School District, the Successor Agency, the State of California shall receive benefits, commensurate with the sidewalk operations administration and contingency assessments paid into the Downtown Modesto CBD. The publicly owned parcels are presumed to benefit equally to the privately owned parcels for the special benefits provided.

Table

Government Owned Parcels in the Downtown Modesto CBD

APN	Legal Owner	Site #	Site Street	Annual Assessment	Percent
104 003 010 000	City Of Modesto	1029	9th St	$13,000.25	1.86%

Section 5

District Rules and Regulations and Governance

There are no specific rules and regulations prescribed for the proposed Downtown Modesto Community Benefit District Management Corporation except that it will adhere to the open meeting provisions of the Ralph M. Brown Act and will seek to be as open and transparent to the CBD assessees and the public at large as is reasonably possible.

Pursuant to the City of Modesto Community Benefit District Ordinance and Section 36600 of the California Streets and Highway Code, a District Management Corporation or Owners' Association, will review District budgets and policies annually within the limitations of the Management District Plan. The Management Corporation will file Annual Reports with the City of Modesto and will oversee the day-to-day implementation of services as defined in the Management District Plan. Section 36614.5 states:

> *"The "Owners' association" means a private nonprofit entity that is under contract with a city to administer or implement activities and improvements specified in the management district plan. An owners' association may be an existing nonprofit entity or a newly formed nonprofit entity. An owners' association is a private entity and may not be considered a public entity for any purpose, nor may its board members or staff be considered to be public officials for any purpose."*

Bonds:
The District will not issue any bonds related to any program.

Section 6
Implementation Timetable

The Downtown Modesto CBD is expected to be established and begin assessing benefiting parcels as of fiscal year 15-16. Due to the timing of revenue collection and need to establish the owners' association or District Management Corporation, implementation of the Management District Plan and the delivery of services is scheduled to commence in or around December 1st, 2015. Consistent with the local enabling ordinance, the Downtown Modesto CBD will have a fifteen-year term through December 1st, 2030 with operations winding down by November 30, 2030 unless renewed by Downtown property owners at that time.

Section 7
Assessment Roll of Properties Included

APN	Annual Assessment
103 001 002 000	$749.39
103 001 003 000	$2,031.74
103 001 004 000	$5,358.40
103 001 006 000	$1,561.53
103 001 007 000	$3,838.14
103 001 009 000	$1,750.98
103 003 001 000	$478.78
103 003 002 000	$1,492.85

v 1.0

DISTRICT ASSESSMENT ENGINEER'S REPORT

To Whom It May Concern:

I hereby certify to the best of my professional knowledge and experience that each of the identified benefiting properties located within the proposed Downtown Modesto Community Benefit District ("Downtown Modesto CBD") being formed for a fifteen (15) year term will receive a special benefit over and above the benefits conferred on the public at large and that the amount of the proposed assessment is proportional to, and no greater than the benefits conferred on each respective property.

Prepared by Edward V. Henning, California Registered Professional Engineer # 26549

RPE #26549 April 29, 2015

Introduction

This report serves as the "detailed engineer's report" required by Section 4(b) of Article XIIID of the California Constitution (Proposition 218) to support the benefit property assessments proposed to be levied within the proposed Downtown Modesto CBD in the City of Modesto, California being formed for a fifteen (15) year term. The discussion and analysis contained within this Report constitutes the required "nexus" of rationale between assessment amounts levied and special benefits conferred on properties within the Downtown Modesto CBD.

The Downtown Modesto CBD is a is a property-based benefit assessment district being formed for a fifteen (15) year term pursuant to the City of Modesto Community Benefit District Ordinance (the "Ordinance") which is based in part on Section 36600 et seq. of the California Streets and Highways Code, also known as the Property and Business Improvement District Law of 1994 (the "Act"). Due to the benefit assessment nature of assessments levied within a Property Business Improvement District ("PBID"), district program costs are to be distributed amongst all identified

benefiting properties based on the proportional amount of program special benefit each property is expected to derive from funded programs and the assessments levied. Within the Ordinance and Act, frequent references are made to the concept of relative "benefit" received from PBID programs and activities versus amount of assessment levied. Only those properties expected to derive special benefits from PBID funded programs and activities may be assessed and only in an amount proportional to the relative special benefits expected to be received.

Supplemental Proposition 218 Procedures and Requirements

Proposition 218, approved by the voters of California in November of 1996, adds a supplemental array of procedures and requirements to be carried out prior to levying a property-based assessment like the Downtown Modesto CBD. These requirements are in addition to requirements imposed by State and local assessment enabling laws. These requirements were "chaptered" into law as Article XIIID of the California Constitution.

Since Proposition 218 provisions will affect all subsequent calculations to be made in the final assessment formula for the Downtown Modesto CBD, Proposition 218 requirements will be taken into account. The key provisions of Proposition 218 along with a description of how the Downtown Modesto CBD complies with each of these provisions are delineated below.

(Note: All section references below pertain to Article XIII of the California Constitution):

Finding 1. From Section 4(a): "Identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed"

There are 318 parcels within the Downtown Modesto CBD of which 316 are "identified" as assessable parcels with assessable property characteristics that will derive special benefit from the proposed District programs and activities. The benefits are special and unique only to the identified parcels within the District because programs and services (i.e. sidewalk operations/beautification; district identity; program management; and, contingency/reserve) will only be provided directly for the special benefit of the identified parcels. These identified benefiting parcels are located within the Downtown Modesto CBD perimeter boundary which is shown on the Boundary Map attached as Appendix 2 to this Report and are listed in Appendix 1 to this Report - identified by assessor parcel number. Any future development and/or land subdivisions will adhere to the assessment rate structures described herein. There is one benefit zone within the Downtown Modesto CBD.

The Downtown Modesto CBD is bounded roughly by Needham Avenue/Downey Avenue, H Street/G Street, the alley between 8th Street and 7th Street and L Street. The parcels selected to be included in the Downtown Modesto CBD form a unique retail and commercial business core that has long been recognized and identified by the Modesto community as a pedestrian friendly retail and commercial central business district of Modesto. Keeping the District clean and attractive

will increase pedestrian traffic and consumer activity and help create a strong symbiotic economic relationship between the Downtown Modesto CBD and the customers it serves. There is one benefit zone in the proposed Downtown Modesto CBD. The Downtown Modesto CBD boundaries are shown on the District Map in Appendix 2 of this Report. The assessment rates vary based on the proportionate levels of special benefit services to be provided for each parcel within the CBD.

Downtown Modesto CBD Boundary:

The boundaries of the proposed Downtown Modesto CBD are described as follows:

- **Northwest boundary**: Starting at parcel 104-008-08 at the southeast corner of the intersection of 8th Street and L Street (including all of the parcels on the east side of L Street) and running northeast to the corner of 15th Street and L Street, parcel number 105-010–16;

- **North Boundary:** Starting at parcel 105-010-16 at the southeast corner of the intersection of Needham and L Street and running eastward (including all of the parcels on the south side of Needham) to the parcel 105-001–13 at the southwestern corner of the intersection of 19th Street and Needham Street/Downey Avenue and H Street;

- **Southeastern Boundary**: Starting at parcel 105-001–14 and running southwest to the intersection of 15th Street (including only the parcels on the west side of the street), running one block southeast (including parcels on the south side of 15th Street only) to the parcel at the southwestern corner of the intersection of 15th Street and G Street, and then continuing in a southwesterly direction (including only the parcels on the west side of G Street) and terminating intersection of 8th Street and G Street., ending at parcel 103-003-06.

- **Southwestern Boundary:** Starting at the parcel 103-003–6 at the southwestern corner of 8th Street and G Street, running in a northwesterly direction (to include all of the parcels on the north side of 8th Street) and terminating at the corner of 8th Street and L Street, parcel number 104-008–8.

All identified parcels within the above-mentioned boundaries shall be assessed to fund special benefit programs, services and improvements as outlined herein. Services, programs and improvements will only be provided to these parcels inside the District boundaries and none will be provided outside of the District boundaries. Each of the individual parcels assessed shall receive special benefits from the proposed programs, services and improvements. All Downtown Modesto CBD funded programs, services and improvements are considered supplemental above normal base level services provided by the City of Modesto and are only provided for the special benefit of assessed parcels within the boundaries of the Downtown Modesto CBD.

Finding 2. From Section 4(a): "Separate general benefits (if any) from the special benefits conferred on parcel(s). Only special benefits are assessable. "

BENEFIT ANALYSIS

As stipulated by Proposition 218, assessment District programs and activities confer a combination of general and special benefits to properties, but the only program benefits that can be assessed are those that provide special benefit to the assessed properties. Special Benefit" as defined by the California State Constitution means "a particular and distinct benefit over and above general benefits conferred on real property located in the District or to the public at large. For the purposes of this analysis, "General Benefits" are benefits from the Downtown Modesto CBD activities and improvements that are not special in nature, are not "particular and distinct" and are not over and above the benefits that other parcels receive. General benefits are not restricted to benefits conferred only on persons and property outside the assessment district, but can include benefits both conferred on real property located in the district or to the public at large. "At large" means not limited to any particular person - means all members of the public - including those who live, work, and shop within the district - and not simply transient visitors.

The property uses within the boundaries of the Downtown Modesto CBD which will receive special benefits from Downtown Modesto CBD funded programs and services are currently a mix of retail, service, office, government, and parking. Services, programs and improvements provided by the Downtown Modesto CBD are primarily designed to provide special benefits to identified parcels within the boundaries of the District.

There are four basic categories of special benefit services that will be funded by the Downtown Modesto CBD. All of these services will confer a special benefit to the individual parcels within the CBD. The categories of special benefits are as follows:

1. ***Sidewalk Operations, Beautification and Order (SOBO)***: This includes all sidewalk and gutter cleaning services, sidewalk steam cleaning services, graffiti removal, trash removal, as well and beautifying the district based. This category of the budget will be allocated $425,000 of 61% of the first year assessment budget to fund its services.

2. ***District Identity and Streetscape Improvement (DISI)***: These services include the branding of the commercial and residential parcels in the proposed Downtown Modesto CBD including: marketing and promotions, newsletter, public relations, media relations, social media, publicity, special events, lighting, website development and maintenance, public space develop and holiday decorations. This category of the assessment budget will be allocated $150,000 or 21% of the budget to fund these services.

3. ***Program Management & Corporate Operations***: This category of the assessment budget will be allocated $97,000 during the first year, or 14% of the first year budget.

4. ***Contingency/Reserve.*** This contingency anticipates a non-payment rate percentage of 3 to 5%, and any City or County collection fees. This category of the assessment budget will be allocated $28,000 or approximately 4% of the first year annual budget of the proposed CBD.

Assessed parcels within the CBD are conferred proportionate and unique special benefits from CBD funded programs, services and improvements. Commercial parcels that receive these programs, services and improvements attract more customers, employees, visitors, tenants and investors as a result of these programs, services and improvements, thereby increasing business volumes, sales transactions, occupancies, rental income and return on investments. Publicly owned parcels and future residential condominium uses specially benefit proportionately but different than commercial parcels. These differences are discussed later in this Report and are incorporated into the assessment formula used to calculate assessments for these types of parcels. CBD special benefits are particular and distinct in that they are not provided to non-assessed parcels outside of the District. These programs, services and improvements will only be provided for the direct benefit of each individual assessed parcel within the Downtown Modesto CBD boundaries and confer" special benefits" on each assessed parcel. Existing City of Modesto services will be enhanced, not replaced or duplicated, by Downtown Modesto CBD services.

In the case of the Downtown Modesto CBD, the very nature of the purpose of this District is to fund supplemental programs, improvements and services within the Downtown Modesto CBD boundaries above and beyond what is being currently funded either via normal tax supported methods or other funding sources. These services, programs and improvements, are designed to enhance the pedestrian and retail commercial core uses, increase tenancy and marketing of the mix of retail, service, office, government and parking properties in the Downtown Modesto CBD and improve the aesthetic appearance of each identified parcel. All benefits derived from the assessments to be levied on parcels within the Downtown Modesto CBD are for services, programs and improvements directly benefiting each individual parcel within this area and support increased cleanliness, commerce, business attraction and retention, increased commercial property rental income and improved District identity. No Downtown Modesto CBD funded services, activities or programs will be provided outside of the Downtown Modesto CBD boundaries.

These special benefits are particular and distinct to each and every assessed parcel within the Downtown Modesto CBD and are not provided to non-assessed parcels outside of the District. The City of Modesto does not provide these supplemental programs, services or improvements.

While every attempt is made to provide CBD services and programs to confer benefits only to those identified assessed parcels within the CBD, the California State Constitution was amended via Proposition 218 to stipulate that general benefits exist, either by design or unintentional, in all property based assessment districts and that a portion of the program costs must be considered attributable to general benefits and assigned a value. General benefits cannot be funded

by assessment revenues. General benefits might be conferred on parcels within the District, or "spillover" onto parcels surrounding the District, or to the public at large who might be passing through the District with no intention of transacting business within the District or interest in the District itself.

Empirical assessment engineering analysis throughout California has found that general benefits within a given business improvement district tend to range from 1-5% of the total costs. There are three methods that have been used by this Engineer for determining general and special benefit values within assessment districts:

(1) The parcel by parcel allocation method
(2) The program/activity line item allocation method, and
(3) The composite district overlay determinant method.

A majority of PBIDs in California for which this Assessment Engineer has provided assessment engineering services since the enactment of Proposition 218, have used Method #3, the composite district overlay determinant method which will be used for the Downtown Modesto CBD. This method of computing the value of general benefit involves a composite of three distinct types of general benefit – general benefit to assessed parcels within the District, general benefit to the public at large within the District and general benefit to parcels outside the District.

General Benefit – Assessed Parcels within District

CBD funded programs are narrowly designed and carefully implemented to specially benefit the assessed District parcels and are only provided for the special benefit to each and every assessed parcel within the District. It is the opinion of this Engineer, based on over 30 years of professional assessment engineering experience, that 100% of benefits conferred on assessed parcels within the District are distinct and special and that there are 0% general benefits conferred on these parcels. This is because the CBD funded programs and services are specially geared to the unique needs of each assessed parcel within the CBD and are directed specially only to these assessed parcels within the CBD. This concept is further reinforced by the proportionality of special benefits conferred on each assessed parcel within the District as determined by the special benefit assessment formula as it is applied to the unique and varying property characteristics unique to each assessed parcel.

General Benefit - Public At Large

While the CBD funded programs are narrowly designed and carefully implemented to specially benefit the assessed District properties and are only provided for the special benefit to each and every assessed parcel within the District, these CBD funded programs may also provide an incidental general benefit to the public at large within the District. Assessment Engineering experience in California has found that generally over 95% of people moving about within CBD boundaries are engaged in business related to assessed parcels and businesses contained on them within the District, while the public at large "just passing through" is typically much less than 5%. Based on this experience curve and the focused nature of the proposed Downtown Modesto CBD funded programs and over 30 years of assessment engineering

experience, it is the opinion of this Engineer that a general benefit factor of 0.03 of CBD funded special benefit program costs that might provide an immediate general benefit to the public at large will be applied to these applicable program costs in order to compute the dollar and percent value of general benefits to the public at large. It is the opinion of this Engineer that the programs that may provide immediate general benefits to the public at large are limited to the SOBO programs. The dollar value of this general benefit type equates to $7.778 as delineated in the following chart:

General Benefits To "Public At Large"

	A	B	C	D	E
Program Element	**Dollar Allocation**	**% Allocation of Special Benefit Cost**	**General Benefit Factor**	**General Benefit Percent (B x C)**	**General Benefit Value (A x D)**
SOBO Services	$425,000	61%	0.03	1.83%	$7.778

General Benefits – Outside Parcels

While District programs and services will not be provided directly to parcels outside the District boundaries, it is reasonable to conclude that District services may confer an indirect general benefit on parcels outside the District boundaries. An inventory of the District boundaries finds that the District is surrounded by 82 parcels, with none tangent to assessed parcels within the District but all across streets and alleys from the District boundaries. These 82 parcels outside of the District can reasonably be assumed to receive some level of indirect general benefit as a result of CBD funded programs, services and improvements.

Based on over 30 years of assessment engineering experience, it is the opinion of this Engineer that a benefit factor of 1.0 be attributed to the 316 identified and assessed parcels within the District and a benefit factor of 0.01 be attributed to general benefits conferred on the 82 commercial parcels across streets and alleys from the exterior boundaries of the District. The cumulative dollar value of this general benefit type equates to $1,642 as delineated in the chart below.

General "Spillover" Benefits To Parcels Outside District

Parcel Type	Quantity	Benefit Factor	Benefit Units	Benefit Percent	Benefit Value
Assessed parcels in the District	316	1.00	316.00	99.6364%	$700,000
Commercial parcels outside District (tangent)	0	0.05	0.00	0.0000%	$0
All other "spillover" parcels outside the District	82	0.01	0.82	0.25882%	$1,816
TOTAL			316.82	100.00%	$701,816

Composite General Benefit

Based on the general benefit values delineated in the three sections above, the total value of general benefits conferred on assessed parcels within the District, the public at large and parcels outside the District equates to $9,594 ($0 +$7,778 +

$1,816) or 1.4% of total program costs of $709,594 [$700,000 (special benefit) + $9,594 (general benefits)]. For the purposes of this analysis, this 1.4% value will be conservatively rounded up to 2%. This leaves a value of 98% assigned to special benefit related costs. The 2% general benefit value now equates to $14,286 and when added to the special benefit value of $700,000 (Year 1 –2016 assessments) equates to a total Year 1 – 2016 program cost of $714,286. Remaining costs that are attributed to general benefits of $14,286 will need to be derived from other sources. A comparison of special and general benefit funding sources is shown on a chart on page 21, later in this Report.

Downtown Modesto CBD Programs and Improvements

The total special and general benefit program activities and budget allocations that will be provided to each individual parcel assessed in the proposed Downtown Modesto CBD are shown in the chart below:

Total Year 1 – 2016 - Special + General Benefit Revenue

Service	YR 1 - 2016 Assessment Allocation	YR 1 - 2016 Non-Assessment Allocation	YR 1 - 2016 Total Allocation	% of Total
Sidewalk Operations	$ 425,000	$ 8,673	$ 433,673	61 %
District Identity	$ 150,000	$ 3,061	$ 153,061	21%
Administration	$ 97,000	$ 1,981	$ 98,981	14%
Contingency/Reserves	$ 28,000	$ 571	$ 28,571	4%
Total	**$700,000.00**	**$ 14,286**	**$ 714,286.00**	**100%**

The Year 1 special benefit budget cost allocations are shown in the table below:

Year 1 – 2016 Proposed Special Benefit Work Plan and Budget Allocations

Program or Service	% of Budget	Projected Program Cost
Sidewalk Operations, Beautification and Order (SOBO)	61%	$425,000
District Identity and Special Improvements (DISI)	21%	$150,000
Program Management & Corporate Operations	14%	$97,000
Contingency/Reserve	4%	$28,000
Total Year 1 Budget	**100%**	**$700,000**

It is recognized that market conditions may cause the cost of providing goods and services to fluctuate from year to year. Accordingly, the Board of the Association shall have the right to reallocate up to 10% of the budget line item within the budget categories based on such cost fluctuations subject to the review and approval by the Board and included in the Annual Planning Report that will be approved by the Modesto City Council pursuant to the City CBD Ordinance. Accrued interest or delinquent payments may be expended in any budget category.

Any funds remaining after the fifteenth year of operation will be rolled over into the renewal budget or returned to stakeholders. Also, costs for the CBD renewal may be expended from funds available. If the District is not renewed or terminated for any reason, unexpended funds will be returned to the property owners pursuant to the City CBD Ordinance.

The proposed Downtown Modesto CBD services are described in more detail as follows:

SIDEWALK OPERATIONS, BEAUTIFICATION, ORDER: **$425,000** **61%**

Examples of these special benefit services and costs may include, but are not limited to:

- Regular sidewalk and gutter sweeping
- Regular sidewalk steam cleaning
- Beautification of the district;
- Enhanced trash emptying (over and above city services)
- Timely graffiti removal, within 24 hours as necessary
- Tree and vegetation maintenance (over and above city services)
- Special events maintenance and set up
- Maintenance of existing and new public spaces
- Hanging plants, planting flowers throughout the district;
- Possible private security and/or camera system

DISTRICT IDENTITY AND STREETSCAPE IMPROVEMENTS: **$150,000** **21%**

Examples of these special benefit services and costs may include, but are not limited to:

- Web site development and updating;
- App development;
- Management and coordination of special events
- Social media
- Public relations firm
- Holiday and seasonal decorations
- Branding of Downtown Modesto so a positive image is built
- Banner programs

- Public art displays
- Downtown landmark sign and maintenance
- Logo development
- Public space design and improvements
- Signage

ENHANCED RESIDENTIAL CONDO UNIT IMPROVEMENTS: (when built) **$ 0** **0%**

Examples of these special benefit services and costs may include, but are not limited to:

Future residential condos built within the boundaries of the Downtown Modesto CBD will be assessed separately due to their unique parcel status and special benefit needs in the district. Residential condos blocks will have the following special benefit services conferred on the frontage their parcels. These services in the future will include, but will not be limited to:

- Installation, stocking and upkeep of pet waste distribution stations on the frontages adjacent to the high concentrations of residential condo individually assessed parcels;
- Enhancement and beautification of sidewalks on the frontages adjacent to the high concentrations of residential individually assessed parcels;
- Installation of hanging plants, and enhanced upkeep in the sidewalks surrounding these frontages adjacent to these residential condos;
- Other services requested by the residents that confer special benefit to the areas directly adjacent to the parcels with high concentrations of residential condos;
- Proportional share of the Administrative and Contingency costs to cover the oversight of the Enhanced beautification special benefit services.

ADMINISTRATION AND CORPORATE OPERATIONS: **$ 97,000** **14 %**

Examples of these special benefit services and costs may include, but are not limited to:

- Staff and administrative costs
- Directors and Officers Insurance
- Office related expenses
- Rent
- Financial reporting and accounting
- Legal work

CONTINGENCY/CITY AND COUNTY FEES/RESERVE:	$28,000	4%

Examples of these special benefit services and costs include, but are not limited to:

- Delinquencies
- City Fees
- County fees
- Reserves

Parcels that receive these special benefit programs, services and improvements attract more customers, employees, tenants and investors as a result of these programs, services and improvements, thereby increasing business volumes, sales transactions, occupancies, rental income and return on investments. These benefits are particular and distinct in that they are not provided to non-assessed parcels within or outside of the District. Existing City of Modesto services will be enhanced, not replaced or duplicated, by Downtown Modesto CBD services.

In the case of the Downtown Modesto CBD, the very nature of the purpose of this District is to fund supplemental programs, improvements and services within the Downtown Modesto CBD boundaries above and beyond what is being currently funded either via normal tax supported methods or other funding sources. These services, programs and improvements, are designed to enhance the pedestrian and retail commercial core uses, increase tenancy and marketing of the mix of retail, service, office, government and parking parcels and land uses in the Downtown Modesto CBD and improve the aesthetic appearance of each identified parcel. All benefits derived from the assessments to be levied on parcels within the Downtown Modesto CBD are for services, programs and improvements directly benefiting each individual parcel within this area and support increased cleanliness, commerce, business attraction and retention, increased commercial property rental income and improved District identity. No Downtown Modesto CBD funded services, activities or programs will be provided outside of the Downtown Modesto CBD boundaries.

Finding 3. From Section 4(a): "(Determine) the proportionate special benefit derived by each parcel in relationship to the entirety of the.....cost of public improvement(s) or the maintenance and operation expenses.....or the cost of the property related service being provided.

Each identified parcel within the district will be assessed based on property characteristics unique only to that parcel. Parcels will be, except as noted herein, assessed based on a combination of factors: building area, land area and street frontage. The calculated assessment rates are applied to the actual measured parameters of each parcel and thereby are proportional to each and every other identified parcel within the district as a whole. Larger parcels and ones with larger building areas or larger street frontages are expected to impact the demand for services and programs to a greater extent than smaller land and/or building areas, and, thus, are assigned a higher proportionate degree of assessment program and

service costs. The proportionality is further achieved by setting targeted formula component weights for the respective parcel by parcel identified property attributes.

The proportionate special benefit cost for each parcel has been calculated based on optimum proportionate formula components and is listed as an attachment to this Report as Appendix 1. The individual percentages (i.e. proportionate relationship to the total special benefit related program and activity costs) are computed by dividing the individual parcel assessment by the total special benefit program costs.

Finding 4. From Section 4(a): "No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."

Not only are the proposed program costs reasonable due to the benefit of group purchasing and contracting which would be possible through the Downtown Modesto CBD, they are also considerably less than other options considered by the Downtown Modesto CBD formation proponent group. The actual assessment rate for each parcel within the Downtown Modesto CBD directly relate to the level of service and, in turn, special benefit to be provided based on the respective building area, land area, street frontage. There is one benefit zone. It is noted that residential condominiums will be assessed based on the individual building pad area of each unit.

Finding 5. From Section 4(a): "Parcels.....that are owned or used by any (public) agency shall not be exempt from assessment....."

There are 37 publicly owned parcels within the Downtown Modesto CBD of which 35 are identified and assessable for which CBD funded special benefit programs, services and improvements will be provided.

For publicly owned parcels and facilities within the CBD, each of these parcels specially benefit, but differently than other parcels, from CBD funded programs, services and improvements. The special benefits include cleaner facility entrances and perimeters for their employees, visitors, vendors and other users of these public locations and facilities. It is the opinion of this Engineer that publicly owned and occupied parcels will NOT benefit from District Identity related programs and, thus, will not be assessed for them. To account for the difference in special benefits conferred on publicly owner and occupied parcels and facilities as delineated above, it is the opinion of this Engineer that publicly occupied building areas on publicly owned parcels shall not be assessed since this property assessment factor funds 100% of the District Identity programs, services and improvements.

Each identified and assessable publicly owned parcel and facility within the CBD will proportionately specially benefit as delineated herein from the CBD funded supplemental clean and management programs, services and improvements. These services are designed to improve the cleanliness for visitors, their employees and users of public facilities on

publicly owned parcels within the CBD by reducing litter and debris, each considered detractions to employment, visitation and use of public facilities if not contained and properly managed.

There is no compelling evidence that these identified assessable publicly owned parcels and facilities would not proportionately specially benefit from all other CBD funded programs, services and improvements as delineated herein and, thus, will be assessed accordingly. All current publicly owned parcels within the CBD are shown in the following table:

Publicly Owned Parcels

APN	Legal Owner	Site #	Site Street	Annual Assessment	Percent
104 003 010 000	City Of Modesto	1029	9th St	$13,000.25	1.86%
104 008 005 000	City Of Modesto		K St	$ 482.57	0.07%

106 042 001 000	Red. Agency City Of Modesto	777	10th St	$ 1,782.90	0.25%
106 042 002 000	Red. Agency City Of Modesto		10th St	$ 524.73	0.07%
106 042 003 000	Red. Agency City Of Modesto		10th St	$ 526.95	0.08%
106 042 004 000	Red. Agency City Of Modesto		10th St	$ 528.94	0.08%
			TOTAL	$23,799.40	3.40%

Finding 6. From Section 4(b): "All assessments must be supported by a detailed engineer's report prepared by a registered professional engineer certified by the State of California".

This report serves as the "detailed engineer's report" to support the benefit property assessments proposed to be levied within the Downtown Modesto CBD.

Finding 7. From Section 4(c): "The amount of the proposed assessment for each parcel shall be calculated (along with) the total amount thereof chargeable to the entire district, the duration of such payments, the reason for such assessment and the basis upon which the amount of the proposed assessment was calculated."

The individual and total parcel assessments attributable to special property benefits are shown on Appendix 1 to the Management District Plan and this Report. The District and resultant assessment payments will continue for 15 years and may be renewed again at that time. The reasons (purposes) for the proposed assessments are outlined in Finding 2 above as well as in the Management District Plan. The calculation basis of the proposed assessment is attributed, except as noted herein, to building area, land area and street frontage. There is one benefit zone. It is noted that residential condominiums will be assessed based on the individual building pad area of each unit.

Assessment Formula Methodology

General

The method used to determine special benefits derived by each identified property within a CBD begins with the selection of a suitable and tangible basic benefit unit. For property related services, such as those proposed in the Downtown Modesto CBD, the benefit unit may be measured in linear feet of street frontage or parcel size in square feet or building size in square feet or number of building floors or any combination of these factors. Factor quantities for each parcel are then measured or otherwise ascertained. From these figures, the amount of benefit units to be assigned to each property can be calculated. Special circumstances such as unique geography, land uses, development constraints etc. are carefully reviewed relative to specific programs and improvements to be funded by the CBD in order to determine any levels of different benefit which may apply on a parcel-by-parcel or categorical basis.

Based on the factors described above such as geography and nature of programs and activities proposed, an assessment formula is developed which is derived from a singular or composite basic benefit unit factor or factors. Within the assessment formula, different factors may be assigned different "weights" or percentage of values based on their relationship to programs/services to be funded.

Next, all program and activity costs, including incidental costs, District administration and ancillary program costs, are estimated. It is noted, as stipulated in Proposition 218, and now required of all property based assessment Districts, indirect or general benefits may not be incorporated into the assessment formula and levied on the District properties; only direct or "special" benefits and costs may be considered. Indirect or general benefit costs, if any, must be identified, calculated and factored out of the assessment cost basis to produce a "net" cost figure. In addition, Proposition 218 no longer automatically exempts government owned property from being assessed and if special benefit is determined to be conferred upon such properties, they must be assessed in proportion to special benefits conferred in a manner similar to privately owned property assessments.

From this, the value of a basic benefit unit or "basic net unit cost" can be computed by dividing the total amount of estimated net program costs by the total number of benefit units. The amount of assessment for each parcel can be computed at this time by multiplying the Net Unit Cost times the number of Basic Benefit Units per parcel. This is known as "spreading the assessment" or the "assessment spread" in that all special benefit costs are allocated proportionally or "spread" based on special benefits conferred on benefitting properties within the PBID.

The method and basis of spreading program costs varies from one PBID to another based on local geographic conditions, types of programs and activities proposed, and size and development complexity of the District. PBIDs may require secondary benefit zones to be identified to allow for a tiered assessment formula for variable or "stepped-down" benefits derived.

Step 1. Select "Basic Benefit Unit(s)"

Based on the specific needs and corresponding nature of the program activities to be funded by the Downtown Modesto CBD (i.e. sidewalk operations and beautification; district identity; administration/management services; and, contingency/reserve) it is the opinion of this Assessment Engineer that the assessment factors on which to base assessment rates relate directly to the proportionate amount of building area, land area and street frontage, except as noted herein, within one benefit zone.

The interactive application of building area, land area and street frontage quantities are a proven method of fairly and equitably spreading special benefit costs to the primary beneficiaries of Downtown Modesto CBD funded services, programs and improvements. Each of these factors, except as noted herein, directly relates to the degree of special benefit

each parcel will receive from Downtown Modesto CBD funded activities.

Building area is a direct measure of the static utilization of each parcel and its corresponding impact or draw on certain Downtown Modesto CBD funded activities (i.e. 100% allocated to district identity costs). In the opinion of this Assessment Engineer, the targeted weight of this factor, building area, based on measured property characteristics, should generate approximately 20% (21% when adjusted) of the total Downtown Modesto CBD revenue to proportionately fund the special benefit costs for these related programs and services.

Land area is a direct measure of the current and future development capacity of each parcel and its corresponding impact or draw on certain Downtown Modesto CBD funded activities (i.e. 50% allocated to sidewalk operations/beautification costs, and balance will fund 100% of program management costs and contingency/reserve costs). In the opinion of this Assessment Engineer, the targeted weight of this factor, land area, should generate approximately 20% (18% when adjusted) of the total Downtown Modesto CBD revenue to proportionately fund the special benefit costs for these related programs and services.

Street frontage is a direct measure of the static utilization of each parcel and its corresponding impact or draw on certain Downtown Modesto CBD funded activities (i.e. 100% allocated to fund sidewalk operations/beautification). In the opinion of this Assessment Engineer, the targeted weight of this factor, street frontage, should generate approximately 60% (61% when adjusted) of the total Downtown Modesto CBD revenue to proportionately fund the special benefit costs for these related programs and services

Special Circumstances

1. Publicly Owned Parcels

In the opinion of this Engineer, publicly owned and occupied parcels will not specially benefit from CBD funded District Identity programs, services and improvements as other parcel types and ownerships do. Since this activity is funded 100% by building area, publicly owned parcels will not be assessed for publicly occupied building areas located on publicly owned parcels.

2. Future Residential Condominiums

In the case of any future residential condominiums, land area and street frontage quantities do not relate precisely to the building orientation and configurations of multi-unit, multi floor residential condominium complexes. Thus, it is the opinion of this Engineer that the condo unit building pad area is a proven method of fairly and equitably spreading special benefit costs to these unique property ownerships and land uses. This assessment factor directly relates to the proportionate amount of special benefit each residential condominium parcel will receive from targeted Downtown Modesto CBD funded activities for this land use.

3. Future Commercial and Mixed-Use Condominiums (if any)

While there are no current commercial or mixed-use condominiums within the proposed Downtown Modesto CBD, it is the opinion of this Engineer that such units, if and when built, shall be assessed based on actual land area covered, condo building pad area and direct street frontage for each unit. Because such uses are typically developed as part of a multi-floor mixed-use complex, special methodologies are needed to address the levy of assessments on such land uses as follows:

Multi-Floor Commercial Only Condominiums

- Building pad area assessed at respective building area rate
- Land assessed at land area rate but pro-rated for each unit relative to total building area
- Frontage assessed at frontage rate but pro-rated relative to total building area

Multi-Floor Mixed-Use Condominiums

- Commercial condo building pad area assessed at respective commercial building area rate
- Residential condo units would be assessed at 20 cents per square foot of building pad area plus any annual approved rate adjustments
- Land assessed at land area rate (assessed on 1st floor commercial condos for land area covered)
- Frontage assessed at frontage rate (assessed on 1st floor commercial. condos for actual street frontage)

Other Future Development

Other than future maximum rates and the assessment methodology delineated in this Report, per State Law (Government Code Section 53750), future assessments may increase for any given parcel if such an increase is attributable to events other than an increased rate or revised methodology, such as a change in the density, intensity, or nature of the use of land. Any change in assessment formula methodology or rates other than as stipulated in this Report would require a new Proposition 218 ballot procedure in order to approve any such changes.

The "Basic Benefit Units" will be expressed as a combined function of gross building square footage (Benefit Unit "A") land square footage (Benefit Unit "B"), street frontage (Benefit Unit "C") and residential condominium building pad area (Benefit Unit "D"). Based on the shape of the Downtown Modesto CBD, as well as the nature of the District program elements, it is determined that all identified properties will gain a direct and proportionate degree of special benefit based, except as noted herein, on the respective amount of building size, parcel size and street frontage within one benefit zone. Future residential condominiums will gain a direct and proportionate degree of special benefit based on the individual building pad area of each unit.

There is one Benefit Zones within the proposed Downtown Modesto CBD. Except as noted herein, assessments are based on three formula components: building square footage; land square footage and street frontage. Residential condominiums

assessments if/when built will be based on the individual building pad area of each unit.

The Basic Benefit Units are delineated as follows: 1) Benefit Units for the building area, "**Unit A**", 2) Benefit Units for the land area, "**Unit B**"; 3) Benefit Units for street frontage, "**Unit C**"; and 4) Benefit Units for future residential condominium building pad area, "**Unit D**".

Step 2. Quantify Total Basic Benefit Units

Taking into account all identified benefiting properties and their respective assessable benefit units, there are 2,632,178 Benefit Units A, 5,070,262 Benefit Units B, 59,911 Benefit Units C, and 0 Benefit Units D. The measurable assessable quantities and corresponding revenue generated by each factor are shown in the tables below:

Benefit Unit Quantities by Zone for YR 1 - 2016

	Quantity
Building Area Sq Ft (Unit A)	2,632,178
Land Area Sq Ft (Unit B)	5,070,262
Street Frontage Linear Ft (Unit C)	59,911
Residential Condo Bldg Area (Unit D)	0

Assessment Revenue by Factor for YR 1 - 2016

	Assmt Revenue
Building Area Sq Ft (Unit A)	$150,000
Land Area Sq Ft (Unit B)	$125,000
Street Frontage Linear Ft (Unit C)	$425,000
Residential Condo Bldg Area (Unit D)	$0

Step 3. Calculate Benefit Units for Each Property.

The number of Benefit Units for each identified benefiting parcel within the Downtown Modesto CBD was computed from data extracted from County Assessor records and maps. These data sources delineate current land uses, building areas, property areas and dimensions of record for each tax parcel. While it is understood that this data does not represent legal field survey measurements or detailed title search of recorded land subdivision maps or building records, it does provide an acceptable basis for the purpose of calculating property based assessments. All respective property data being used for assessment computations will be provided to each property owner in the Downtown Modesto CBD for their review. All known or reported discrepancies, errors or misinformation will be corrected.

Step 4. Determine Assessment Formula

Based on the nature of the programs to be funded as well as other rationale outlined in Step 1 above, it is the opinion of this

Engineer that the Downtown Modesto CBD assessments will be based on building area, land area, and street frontage, except as noted herein.

The proposed assessment formula is as follows:

Assessment = Building Area (Unit A) Sq Ft x Unit A Rate, plus
Land Area (Unit B) Sq Ft x Unit B Rate, plus
Street Frontage (Unit C) Lin Ft x Unit C Rate

Residential Condominium Assessments = Building Pad Area (Unit D) Sq Ft x Unit D Rate

Assessment Formula Unit Rates Year 1 – 2015-16

Building Area Rate (Unit A)
$150,000 / 2,632,178 sq ft = $0.056987/sq ft

Land Area Rate (Unit B)
$125,000 / 5,070,262 sq ft = $0.024654/sq ft

Street Frontage Rate (Unit C)
$425,000 / 59,911 linear ft = $7.0938/lin ft

Residential Condo Rate (Unit D) = $0.20/sq ft

The complete Yr 1 – 2015/16 assessment roll of all parcels to be assessed by this CBD is included as Appendix I.

Step 5. Estimate District Costs

The projected 15 year special benefit District costs for 2016 – 2030 of the Downtown Modesto CBD are shown in the Table below assuming a 5% increase per year.

15 Year Projected District Special Benefit Costs (not to exceed 5% annual increase)

	FY1	FY2	FY3	FY4	FY5	FY6	FY7	
Sidewalk Operations, Beautification and Order	$425,000.00	$446,250.00	$468,562.50	$491,990.63	$516,590.16	$542,419.66	$569,540.65	
District Identity	$150,000.00	$157,500.00	$165,375.00	$173,643.75	$182,325.94	$191,442.23	$201,014.35	
Administration	$97,000.00	$101,850.00	$106,942.50	$112,289.63	$117,904.11	$123,799.31	$129,989.28	
Contingency	$28,000.00	$29,400.00	$30,870.00	$32,413.50	$34,034.18	$35,735.88	$37,522.68	
Total	**$700,000.00**	**$735,000.00**	**$771,750.00**	**$810,337.50**	**$850,854.38**	**$893,397.09**	**$938,066.95**	
	FY8	**FY9**	**FY10**	**FY11**	**FY12**	**FY13**	**FY14**	**FY15**
Sidewalk Operations, Beautification and Order	$598,017.68	$627,918.56	$659,314.49	$692,280.22	$726,894.23	$763,238.94	$801,400.89	$803,308.98
District Identity	$211,065.06	$221,618.32	$232,699.23	$244,334.19	$256,550.90	$269,378.45	$282,847.37	$283,520.82
Administration	$136,488.74	$143,313.18	$150,478.84	$158,002.78	$165,902.92	$174,198.06	$182,907.97	$183,343.46
Contingency	$39,398.81	$41,368.75	$43,437.19	$45,609.05	$47,889.50	$50,283.98	$52,798.18	$52,923.89
Total	**$984,970.30**	**$1,034,218.81**	**$1,085,929.75**	**$1,140,226.24**	**$1,197,237.55**	**$1,257,099.43**	**$1,319,954.40**	**$1,323,097.15**

It is recognized that market conditions may cause the cost of providing goods and services to fluctuate from year to year. Accordingly, the Association Board shall have the right to reallocate up to 10% of the budget line item within the budget categories based on such cost fluctuations subject to the review and approval by the Board of Directors and included in the Annual Planning Report that will be approved by the Modesto City Council. Accrued interest or delinquent payments may be expended in any budget category.

Any funds remaining after the fifteenth year of operation will be rolled over into the renewal budget or returned to stakeholders. Also, CBD funds may be used to pay for renewal costs. If the District is not renewed or terminated for any reason, unexpended funds will be returned to the property owners pursuant to the City CBD Ordinance.

Step 6. Separate General Benefits from Special Benefits and Related Costs (Prop 218)

Total costs are estimated at $714,286 (see Table below). General benefits are factored at 2% of total (see Finding 2 on page 8 of this report) with special benefits set at 98%. Proposition 218 limits the levy of property assessments to costs

attributed to special benefits only. The 2% general benefit cost is computed to be $14,286 with a resultant 98% special benefit limit computed at $700,000. *This is the maximum amount of revenue that can be derived from property assessments from the subject CBD.*

Total Year 1 – 2016 - Special + General Benefit Revenue

Service	YR 1 - 2016 Assessment Allocation	YR 1 - 2016 Non-Assessment Allocation	YR 1 - 2016 Total Allocation	% of Total
Sidewalk Operations	$ 425,000	$ 8,673	$ 433,673	61 %
District Identity	$ 150,000	$ 3,061	$ 153,061	21%
Administration	$ 97,000	$ 1,981	$ 98,981	14%
Contingency/Reserves	$ 28,000	$ 571	$ 28,571	4%
Total	**$700,000.00**	**$ 14,286**	**$ 714,286.00**	**100%**

All program costs associated with general benefits ($14,286) will be derived from monetary sources other than Downtown Modesto CBD assessments.

General + Special Benefit Revenue Sources

Revenue Source	Cost
Downtown Modesto CBD Assessment Revenue - Year 1 – 2016)	$700,000
Other revenues to fund general benefit costs (grants, dues, program income)	$14,286
Total Costs – General and special benefits	$714,286

Step 7. Calculate "Basic Unit Cost"

With a Year 1 – 2016 budget of $700,000 (special benefit only), the Basic Unit Costs (rates) are delineated above in Step 4. Since the Downtown Modesto CBD is being formed for a 15 year term, maximum assessments for future years (2017-2030) must be set at the inception of the CBD. An annual inflationary assessment rate increase not to exceed 5% may be imposed for future year assessments, on approval by the Association Board. The maximum assessment rates for the 15 year CBD term of 2016-2030 are shown in the Table below. The assessment rates listed constitute the maximum assessment rates that may be imposed for future years of the Downtown Modesto CBD (2016-2030).

APPENDIX 1

YR 1 – 2015/2016 ASSESSMENTS

FIFTEEN (15) YEAR MAXIMUM ASSESSMENT RATES (Not to exceed 5% per year)

Year	Building Area Rate ($/SF)	Land Area Rate ($/SF)	Street Frontage Rate ($/LF)	Residential Condo Rate ($/SF)
1	$0.056987	$0.024654	$7.093800	$0.200000
2	$0.059836	$0.025887	$7.448490	$0.210000
3	$0.062828	$0.027181	$7.820915	$0.220500
4	$0.065970	$0.028540	$8.211960	$0.231525
5	$0.069268	$0.029967	$8.622558	$0.243101
6	$0.072731	$0.031465	$9.053686	$0.255256
7	$0.076368	$0.033039	$9.506370	$0.268019
8	$0.080186	$0.034691	$9.981689	$0.281420
9	$0.084196	$0.036425	$10.480773	$0.295491
10	$0.088406	$0.038246	$11.004812	$0.310266
11	$0.092826	$0.040159	$11.555053	$0.325779
12	$0.097467	$0.042167	$12.132805	$0.342068
13	$0.102340	$0.044275	$12.739446	$0.359171
14	$0.107457	$0.046489	$13.376418	$0.377130
15	$0.112830	$0.048813	$14.045239	$0.395986

Step 8. Spread the Assessments

The resultant assessment spread calculation results for each parcel within the Downtown Modesto CBD are shown in Appendix 1 attached to this Report and were determined by applying the District assessment formula to each identified assessed property.

APN	Yr 1 – 2015/16 Assessment
103 001 002 000	$749.39
103 001 003 000	$2,031.74
103 001 004 000	$5,358.40
103 001 006 000	$1,561.53
103 001 007 000	$3,838.14
103 001 009 000	$1,750.98
103 003 001 000	$478.78
103 003 002 000	$1,492.85
103 003 003 000	$1,850.85
103 003 004 000	$925.44
103 003 005 000	$917.87
103 003 006 000	$2,223.96
104 003 010 000	$13,000.25
104 004 004 000	$5,580.46
104 004 006 000	$4,229.95
104 004 007 000	$3,529.08
104 005 001 000	$4,246.81
104 005 002 000	$394.76
104 005 003 000	$879.85
104 005 004 000	$3,282.77
104 006 001 000	$2,464.10
104 006 005 000	$2,436.86
104 006 011 000	$2,477.95
104 007 001 000	$4,491.81
104 007 010 000	$2,445.07
104 007 011 000	$524.88
104 008 005 000	$482.57
104 008 008 000	$5,341.58
104 008 009 000	$637.23
105 001 010 000	$2,369.83
105 001 011 000	$12,253.60
105 001 012 000	$2,604.51
105 001 013 000	$4,568.41
105 001 014 000	$3,251.34
105 002 001 000	$3,108.11
105 002 002 000	$2,134.49
105 002 003 000	$3,099.20
105 003 001 000	$2,824.10
105 003 002 000	$3,184.18
105 003 007 000	$3,184.85
105 004 003 000	$2,577.17
105 004 006 000	$1,648.25
105 004 007 000	$3,001.33
105 004 008 000	$10,521.46
105 005 002 000	$1,233.04
105 005 003 000	$593.59
105 005 004 000	$391.34
105 005 005 000	$943.77
105 005 006 000	$2,799.07
105 005 007 000	$617.21
105 005 008 000	$6,204.41
105 005 009 000	$624.61
105 005 010 000	$75.17
105 006 011 000	$5,473.63
105 006 012 000	$7,262.75
105 007 001 000	$749.55
105 007 004 000	$4,960.00
105 007 005 000	$2,047.67
105 007 006 000	$1,054.54
105 007 007 000	$813.46
105 007 008 000	$724.22
105 007 009 000	$212.90
105 007 010 000	$546.27
105 007 011 000	$2,067.48
105 007 015 000	$2,387.33
105 008 001 000	$723.68
105 008 002 000	$1,191.01
105 008 003 000	$645.75
105 008 004 000	$816.10
105 008 005 000	$824.94
105 008 006 000	$469.56
105 008 010 000	$1,320.79
105 008 011 000	$1,753.90
105 008 012 000	$933.38

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-331

RESOLUTION ACCEPTING A GRANT IN THE AMOUNT OF $5,200 FROM PACIFIC GAS AND ELECTRIC COMPANY IN SUPPORT OF THE MODESTO FIRE DEPARTMENT'S ATTAINMENT OF HAZARDOUS MATERIALS TEAM TYPE II STATUS

WHEREAS, the Modesto Fire Department is an all-risk organization and therefore responds to all emergencies related to fire and life safety, and

WHEREAS, one of the department's specialized teams is the Hazardous Materials Unit (HazMat) housed at Fire Station 4 on Blue Gum Avenue, and

WHEREAS, in its current status, the HazMat team responds as part of the Stanislaus County Hazardous Materials Team to incidents as well as natural gas leaks and odor calls for service, and

WHEREAS, the equipment purchased under this grant will increase the team's response capabilities and will help the department achieve recognition as a California Office of Emergency Services Hazardous Materials Type II team, and

WHEREAS, the state Type II status is an identified goal in the fire department's strategic plan, and

WHEREAS, Pacific Gas and Electric Company provides local grants to ensure the neighborhoods they share with their customers are great places to live and work, and

WHEREAS, the areas Pacific Gas and Electric Company supports with their local grants include education, economic and community vitality, the environment, and emergency preparedness, and

WHEREAS, the Modesto Fire Department applied for the Pacific Gas and Electric Company community grant in March 2015 and received an award letter in July 2015, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves accepting a grant in the amount of $5,200 from Pacific Gas and Electric Company in support of the Modesto Fire Department's attainment of Hazardous Materials Team Type II status.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of September, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Madrigal, Zoslocki, Mayor Marsh

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-332

RESOLUTION ACCEPTING WITH REGRET THE RESIGNATION OF KATE TROMPETTER FROM THE CULTURE COMMISSION

WHEREAS, Kate Trompetter was appointed a member of the Culture Commission on February 2, 2010, and

WHEREAS, Kate Trompetter has tendered her resignation from the Culture Commission and

NOW, THERFORE, BE IT RESOLVED that the resignation of Kate Trompetter from the Culture Commission be, and hereby is accepted with regret.

BE IT FURTHER RESOLVED that the Council of the City of Modesto, on its own behalf, and on behalf of the citizens of the City, hereby expresses its sincere appreciation to Culture Commission for her service to the community.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 8th day of September 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-333

A RESOLUTION APPOINTING AMIN VOHRA TO THE CITY OF MODESTO PLANNING COMMISSION

WHEREAS, Section 1102 of the Charter of the City of Modesto authorizes the City Council to appoint members to various Boards and Commissions, and

WHEREAS, the Appointments Committee met on August 25, 2015 and recommended appointment of Amin Vohra to the Modesto Planning Commission.

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. Amin Vohra is hereby appointed to the Modesto Planning Commission with a term expiration of January 1, 2020.

SECTION 2. The City Clerk is hereby directed to transmit a copy of this resolution to the appointed member of the Modesto Planning Commission, and the Secretary thereof.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of September, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-335

RESOLUTION APPROVING THE APPLICATION FOR GRANT FUNDS FOR THE CALIFORNIA RIVER PARKWAYS GRANT PROGRAM TO FUND DEVELOPMENT OF THE RIVER OVERLOOK IN THE TUOLUMNE RIVER REGIONAL PARK GATEWAY PARCEL

WHEREAS, the Legislature and Governor of the State of California have provided funds for the California River Parkways Grant Program; and

WHEREAS, the California Natural Resources Agency has been delegated the responsibility for the administration of this grant program, establishing necessary procedures; and

WHEREAS, said procedures established by the California Natural Resources Agency require a resolution certifying the approval of application by the Applicant's governing board before submission of said application to the State; and

WHEREAS, the River Overlook in the Tuolumne River Regional Park Gateway Parcel project meets the eligibility requirements of the River Parkways Grant Program; and

WHEREAS, the applicant, if selected, will enter into an agreement with the State of California to carry out the project.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Modesto that it hereby:

1. Approves the filing of an application for the development of the River Overlook in the Tuolumne River Regional Park Gateway Parcel; and

2. Certifies that the City of Modesto understands the assurances and certification in the application; and

3. Certifies that the City of Modesto will have sufficient funds to operate and maintain the project consistent with the land tenure requirements; or will secure the resources to do so; and

4. Certifies that it will comply with all provisions of Section 1771.5 of the California Labor Code; and

5. If applicable, certifies that the project will comply with any laws and regulations including, but not limited to, the California Environmental Quality Act (CEQA), legal requirements for building codes, health and safety codes, disabled access laws, and, that prior to commencement of construction, all applicable permits will have been obtained; and

6. Certifies that the City of Modesto will work towards the State Planning Priorities intended to promote equity, strengthen the economy, protect the environment, and promote public health and safety as included in Government Code Section 65041.1, and

7. Appoints the City Manager, or his designee, as agent to conduct all negotiations, execute and submit all documents including, but not limited to applications, agreements, payment requests and so on, which may be necessary for the completion of the aforementioned project.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of September, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Zoslocki, Mayor Marsh

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-336

RESOLUTION APPROVING THE SUBMITTAL OF AN APPLICATION FOR A RECREATIONAL TRAILS PROGRAM OF THE STATE OF CALIFORNIA GRANT TO FUND THE VIRGINIA CORRIDOR PHASE 7 PROJECT.

WHEREAS, the "Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users" (SAFETEA-LU) provides funds to the State of California for Grants to federal, state, local and non-profit organizations to acquire, develop and/or maintain motorized and non-motorized trail Projects; and

WHEREAS, the State of California Department of Parks and Recreation has been delegated the responsibility for the administration of the program within the State, setting up necessary procedures governing Project Application under the program; and

WHEREAS, said procedures established by the State Department of Parks and Recreation require the Applicant to certify by resolution the approval of Application before submission of said Application to the State; and

WHEREAS, the Virginia Corridor Phase 7 project is consistent with and meets the grant eligibility requirements of the Recreation Trails Program, and

WHEREAS, the Applicant, if selected, will enter into a Contract with the State of California to complete the Project.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Modesto that it hereby:

1. Approves the filing of an Application for the Recreational Trails Program; and

2. Certifies that the Project is consistent with the City of Modesto's general plan; and

3. Certifies that the City of Modesto has or will have available prior to commencement of any work on the Project included in the Application, sufficient funds to operate and maintain the Project; and

4. Certifies that the City Manager, or his designee, has reviewed, understands, and agrees to the General Provisions contained in the Contract shown in the Procedural Guide; and

5. Appoints the City Manager, or designee, as agent to conduct all negotiations, execute and submit all documents, including, but not limited to Applications, agreements, amendments, payment requests and so on, which may be necessary for the completion of the Project, and

6. Agrees to comply with all applicable federal, state and local laws, ordinances, rules, regulations and guidelines.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of September, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Zoslocki, Mayor Marsh

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-337

A RESOLUTION APPROVING AN ANNUAL RETAIL ADVERTISING CONTRACT WITH THE MODESTO BEE (MCCLATCHY NEWSPAPER GROUP); AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE CONTRACT

WHEREAS, the City of Modesto is currently using the Modesto Bee (McClatchy Newspaper Group) as its primary advertising source for its advertising requirements, and

WHEREAS, the advertising services are required for classified and legal advertisements as required by law, and for retail advertisements for public information purposes, and

WHEREAS, the City's Purchasing Manager annually meets with the Modesto Bee and based on advertising volume commitments over the prior year identifies retail contract options which would best meet the City's retail advertising needs, and

WHEREAS, the current retail contract has expired, and

WHEREAS, the City's Purchasing Manager once again met with the Modesto Bee to discuss what contract renewal options would be available to the City, and

WHEREAS, the Modesto Bee has agreed to renew the retail advertising contract for another year, and

WHEREAS, the "non-profit no-commitment" will be at a contract rate of $51.68 per column inch, and

WHEREAS, once signed, the advertising contract shall be implemented and tracked by the City's Purchasing Manager,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an annual retail advertising contract with the Modesto Bee

(McClatchy Newspaper Group), consisting of one contract for a retail "no-commitment" non-profit rate of $51.68 per column inch, and

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of September, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-338

RESOLUTION AMENDING THE FISCAL YEAR 2014-2015 AND FISCAL YEAR 2015-2016 ANNUAL OPERATING AND CAPITAL IMPROVEMENT BUDGETS

WHEREAS, a financial analysis has been completed and it has been determined that a budget adjustment is required to the Annual and Capital Improvement Budgets of the City of Modesto for Fiscal Year 2014-2015 and Fiscal Year 2015-2016,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the Fiscal Year 2014-2015 and Fiscal Year 2015-2016 Annual Operating and Capital Improvement budgets as shown in **Exhibit A**, which is **attached** hereto and incorporated by reference herein.

BE IT FURTHER RESOLVED that the Director of Finance, or her designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of September 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following votes:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Zoslocki, Mayor Marsh

EXHIBIT A

FISCAL YEAR 2014-15

GENERAL FUND REVENUES AND MODESTO POLICE AND FIRE DEPARTMENT

A budget adjustment is necessary to recognize additional revenue from major revenue sources such as Property Tax, Motor Vehicle Fees, Vehicle License Fees, etc. that were received above what was budgeted in FY 2014-15. The total increase in revenues is in the amount $3,152,104. These additional revenues will be used to fund the estimated additional expenses to be incurred in the Modesto Police Department and the Modesto Fire Department budgets for FY 2014-15. The expenses in the Police Department are mainly related to some higher than anticipated Fleet Maintenance expenses and additional costs of new police officer recruits while the Fire Department expenses are mainly a result of the decision by Council to keep Station #6 open during FY 2014-15. The breakdown of the accounts that will be adjusted is shown below:

General Revenues

Account	Amount
0100-90001-41101 (Property Taxes – CY Secured Taxes)	$529,705
0100-90001-41111 (Property Taxes – CY Unsecured)	$77,344
0100-90001-41121 (Property Taxes – Delinquent)	($25,000)
0100-90001-41131 (Property Taxes – Delinquent Unsecured)	($6,673)
0100-90001-41141 (Property Taxes – Supplemental Roll)	$113,489
0100-90001-41151 (Property Taxes – In Lieu)	$34,459
0100-90001-41161 (Property Taxes – Transfer)	$174,056
0100-90001-41162 (Property Taxes – RPTTF Allocation)	$3,716
0100-90001-41201 (Sales and Use Taxes)	$59,791
0100-90001-41402 (Business License Tax – Mill Tax)	$597,412
0100-90001-41204 (Transient Occupancy Tax)	$40,000
0100-90001-41301 (Franchise Tax – Cable TV)	$48,800
0100-90001-42121 (Intergov – State – Motor Vehicle Lic Fees)	$108,317
0100-90001-42157 (Intergov – State – VLF Swap Adjustment)	$804,112
0100-90001-47040 (SB90 Mandated Cost Recovery)	$592,576
	$3,152,104 Total

Modesto Fire Department

Account	Amount
0100-18210-51400 (Budget Only – Salary Adj – Increase)	$2,086,769
0100-18610-58040 (ISF – Infrastructure Tech and Info Charges)	$45,508
0100-18610-54001 (Budget Only – Discretionary Adjustment)	$192,718
	$2,324,995 Total

Modesto Police Department

Account	Amount
0100-19220-51403 (Budget Only – Salary Adj – Decrease)	($420,332)
0100-19320-54001 (Budget Only – Discretionary Adjustment)	$821,000
0100-19420-54001 (Budget Only – Discretionary Adjustment)	$426,441
	$827,109 Total

COMMUNITY & ECONOMIC DEVELOPMENT

A budget adjustment is necessary to establish a transfer in the amount of $67,845 out of the Grants HUD Section 108 Loan Fund, 1190, to the Grants CDBG Direct Program Fund, 1130, to move interest accumulated over the years on HUD Section 108 loan funds to the main CDBG fund.

This budget adjustment is necessary to close out the old Fairview Village Debt Service Fund and transfer any remaining cash balances to the new Fairview Village Debt Service Fund. Any excess funds are from additional assessment revenue net against the debt service expenses. The budget adjustment will transfer $432,464 from Fund 3242 (Fairview Village CFD - Debt Service Fund) to Fund 3245 (Fairview Village CFD - 2014 Debt Service Refunding).

This budget adjustment is necessary to close out the old Village One #2 Debt Service Fund and transfer any remaining cash balances to the new Village One #2 Debt Service Fund to maintain a positive cash flow. Any remaining balances are being transferred to the one-time capital Village One #2 Fund. Any excess funds are from additional assessment revenue net the debt service expenses. The budget adjustment will transfer $735,312 from Fund 3292 (Village One #2 CFD 2004 Debt Service) to Fund 3294 (Village One #2 CFD 2014 Debt Fund) and $4,242,005 from Fund 3292 to Fund 3290 (Village One #2 CFD Fund).

HUMAN RESOURCES

A budget adjustment is necessary to adjust the various insurance funds to true-up the accounts for end of the year budgeted versus actual amounts. This is a yearly true-up that is done to the funds. Pass through accounts for employee contributions to the various insurance funds are responsible for the overages. Below are the adjustments that are being made to the funds:

Account	Amount
5320-17320-53300 (Professional Services)	$25,884
5320-17320-54200 (Insurance Premiums)	$30,574
5320-17320-54201 (Insurance Premiums – Outside Services)	$3,150
5320-17320-54210 (Claims Payments)	$299,509
5350-17110-54210 (Claims Payments)	$487,824
5360-17115-54200 (Insurance Premiums)	$4,866,165
5360-17115-54205 (Retiree Medical Contribution Program)	$593,898
5380-17125-54210 (Claims Payments)	$82,504
5380-17135-54200 (Insurance Premiums)	$159,693
5390-17140-54201 (Insurance Premiums – Outside Services)	$1,709
5390-17140-54210 (Claims Payments)	$461

The increases in expense will be covered by additional revenue that was collected in the funds in FY 2014-15.

PUBLIC WORKS

A budget adjustment is necessary to increase the FY 2014-15 10th Street JPA Allocation from various City funds for the Card Reader Access Project and a budget correction for operational cost increases that was approved by the 10th Street JPA Board on February 26th, 2015 of which the City's portion was $92,847. This assessment of $92,847 has been split amongst a number of funds of which the breakdown can be seen below:

Fund Number		Budget Increase/(Decrease)
5810	$	1,754
5100	$	54,867
1130	$	3,762
1170	$	156
1300	$	8,736
1700	$	2,555
3220	$	774
4100	$	8,085
4210	$	1,574
4540	$	2,790
4891	$	2,417
5120	$	288
5230	$	4,564
5520	$	351
Grand Total	$	92,847

This adjustment will also increase the revenue and expense in the 10th Street JPA Fund by $92,847 in the following accounts:

Account	Amount
5810-52310-42405 (City of Modesto Contribution)	$92,847
5810-52310-53505 (Intergovernmental Services – Other)	$92,847

A budget adjustment is necessary to true-up the end of the year Fleet Replacement Fund (Fund 5409). This is accomplished on an annual basis by transferring funds from the various fleet replacement sub-funds for the replacement of vehicles and/or equipment in other City Funds. Below is the accounting of the transfer accounts that need to increase to complete this adjustment:

	Account	Amount
Out:	1139-71139-75409	$40,729
	1709-71709-75409	$140,000
	4899-74899-75409	$264,779
	4009-74009-75409	$40,729
	4219-74219-75409	$1,092,914
	4109-74109-75409	$440,779
In:	5409-65409-61139	$40,729
	5409-65409-61709	$140,000
	5409-65409-64899	$264,779
	5409-65409-64009	$40,729
	5409-65409-64219	$1,092,914
	5409-65409-64109	$440,779

UTILITIES

A budget adjustment is necessary to transfer funds from the Water Fund (Fund 4100) to the Water CIP Fund (4180) for FY 2014-15 eligible expenses. The Water CIP Fund receives annual reimbursements from the Water Bond Fund (Fund 4130), Water Development Fund (4101), and Water Fund Reserves (4100) for expenses incurred from various Capital Improvement Projects. The Water Bond Fund proceeds have been expended per requirements and there were no new Developer Funded projects in Fiscal Year 2014-15 which left the Water CIPs to be funded through the Water Fund Reserves. This adjustment will increase the transfer out budget from

the Water Fund (4100-74100-74180) by $13,861,078 and increase the transfer in budget in the Water CIP Fund (4180-64180-64100) by $13,861,078 to carry out this action.

FISCAL YEAR 2015-16

CITY ATTORNEY'S OFFICE

A budget adjustment is necessary to amend the FY 2015-16 Operating Budget in the City Attorney's Office to reduce the Salaries and Wages expense due to decreases in Direct Charge Agreements. This amendment will reduce the account 0100-04010-51403 (Budget Only – Salary Adjustment – Decrease) by $505,605 in FY 2015-16.

COMMUNITY & ECONOMIC DEVELOPMENT

A budget adjustment is necessary to recognize $442,650 in unbudgeted revenue from the Department of Transportation for the Virginia Corridor Phase 7 – Design, Capital Improvement Project #100813.

FIRE

A budget adjustment is necessary to establish a transfer from Fund 0180 (Fire Department Unrestricted Non-Capital Projects) into the General Fund Modesto Fire Department FY 2015-16 Operating Revenue Budget in the amount of $1.6 million. This amount was approved by Council as part of the FY 2015-16 Adopted Budget but a transfer was not set up to move the funds that were deposited from the MRFA (Modesto Regional Fire Authority) dissolution into the General Fund. This budget adjustment will correct that oversight and budget the funds appropriately in the revenue budget in the MFD-Suppression division for use in keeping Station #6 open for FY 2015-16.

HUMAN RESOURCES

A budget adjustment to the FY 2015-16 Operating Revenue Budget is necessary in the Human Resources Risk Management Division in Fund 5310 (Insurance Administration Fund) to increase revenue in the amount of $69,920. This revenue needs to be increased to recognize the revenues that are being received in account 45013 (Interfund Charges - Premium Assessments) for the Long Term Disability Insurance Surcharges being charged to all City Funds. The expenses are already budgeted amongst the various City Funds. This adjustment will just recognize the revenue that was not budgeted but is being received.

INFORMATION TECHNOLOGY DEPARTMENT

A budget adjustment is necessary to correct the FY 2015-16 Operating Revenue Budget for the Information Technology Department. This adjustment will result in an increase in revenue in 5230-17410-45007 (IT-Administration) of $144,229 and an increase of $1,869 in 5230-17710-45007 (IT-Network/Data Center) accounts.

POLICE

A budget is necessary in the General Fund MPD-Administration (0100-19110) FY 2015-16 Operating Expense Budget to reduce Professional Services (53300) by $35,000 and increase Legal Services (53450) by $35,000.

A budget adjustment is necessary in the General Fund MPD-Communication Center (0100-19410) FY 2015-16 Operating Budget to increase Salaries and Wages Part-time (51040) by

$30,000 as well as increase the offsetting revenue account Reimbursement – Emergency Communications (47002) by $30,000.

A budget adjustment is necessary in the General Fund MPD-Asset Forfeiture Earmarks (0100-19465) FY 2015-16 Operating Budget to increase the following expense and revenue accounts for purchase of various police equipment and training.

Account	Amount
0100-19465-53025 (Training Expenses)	$10,000
0100-19465-57031 (Police Equipment > $5K)	$60,000
0100-19465-57005 (Info Tech Equip > $5K)	$50,000
0100-19465-46507 (Seized Forfeitures)	$120,000

A budget adjustment is necessary in the General Fund MPD-Traffic Safety Program (0100-19330) FY 2015-16 Operating Expense Budget to decrease Salary and Benefits by $896,375. This decrease is the result of moving 1 Police Sergeant from MPD-Traffic Safety to MPD Investigative Services (0100-19220) and 5 Police Officers and 1 Police Officer Trainee from MPD-Traffic Safety to MPD-Field Operations (0100-19320). Below are the accounts that will be affected by this change in all cost centers related to the movement of positions:

Account	Amount
0100-19330-51403 (Budget Only – Sal Adj – Decrease)	($537,210)
0100-19330-51903 (Budget Only – Benefit Adj – Decrease)	($359,165)
0100-19220-51400 (Budget Only – Sal Adj – Increase)	$94,650
0100-19220-51900 (Budget Only – Benefit Adj – Increase)	$53,356
0100-19320-51400 (Budget Only – Sal Adj – Increase)	$442,560
0100-19320-51900 (Budget Only – Benefit Adj – Increase)	$305,809

A budget adjustment is necessary to establish a new non-capital project for the Organized Crime Drug Enforcement Task Force (OCDETF) Operations in the amount of $20,000 in Project 100896. This budget adjustment will establish both the revenue and expense budgets for this project with $5,000 funding overtime expenses and $15,000 funding tools and field supplies authorized for reimbursement per this agreement with the United States Department of Justice.

PUBLIC WORKS

A budget adjustment is necessary to recognize $100,000 in unbudgeted revenue in Transit Maintenance, Cost Center 53244, and reallocate to Repair Services as reimbursement on claims filed with Transdev for the repairs made to buses involved in accidents.

In review of the Transit Facility Improvements, Project #100749, within the Bus Fixed Route Fund 4510 it was determined that an adjustment to reduce the PTMISEA grant revenue by $75,000, and move it to the Rehabilitation Max Buses Project, #100449, has not been processed. Additionally, during review of the grant it was determined that the Transit Maintenance Facility project was initially budgeted at $250,000 when $229,853 was awarded, a difference of $ 20,147. A budget adjustment is necessary to align the budget as described above.

In April 2013 a corrective action plan was submitted to reclassify funds appropriated under the Bus Stop Grants and move it to the Bus Rehabilitation Grant. The corrective action plan was

approved; however, a budget adjustment was not completed at that time. Therefore, a budget adjustment is necessary to recognize $69,741 in Prop 1B unbudgeted revenue for the Rehabilitation Max Buses Project #100449, Fund 4510, and reallocate said funds to Equipment Acquisition.

A budget adjustment is necessary to increase the FY 2015-16 10th Street JPA Allocation from various City funds for the increased assessment that was approved by the 10th Street JPA Board on June 9th, 2015 of which the City's portion was $115,111. This assessment of $115,111 has been split amongst a number of funds of which the breakdown can be seen below:

Fund Numb	Budget Increase/(Decrease)	
1300	$	6,431
1700	$	6,195
3220	$	3,394
4100	$	10,042
4210	$	1,720
4540	$	3,459
5120	$	295
5230	$	16,488
5310	$	(8,653)
5510	$	435
0100	$	69,883
1130	$	2,426
4891	$	2,996
Grand Total	**$**	**115,111**

This adjustment will also increase/decrease the revenue and expenses in the 10th Street JPA Fund by the amounts below in the following accounts:

Account	Amount
5810-52310-42405 (City of Modesto Contribution)	$115,111
5810-52310-53505 (Intergovernmental Services – Other)	$152,664
5810-52310-53300 (Professional Services)	($37,553)

A budget adjustment is necessary to amend the FY 2015-16 Operating Budget in the various divisions within the Solid Waste Fund (4892). These adjustments are needed to correctly budget revenues and expenses across the divisions for the remainder of FY 2015-16. The changes to the accounts can be seen below:

Account	Amount
4892-56020-43579 (Residential AB939 Green Waste Fees)	($223,546)
4892-56020-43580 (Commercial AB939 Green Waste Fees)	($4,681)
4892-56020-43581 (Drop Box AB939 Green Waste Fees)	($14,174)
4892-56040-43579 (Residential AB939 Green Waste Fees)	($460,453)
4892-56040-43580 (Commercial AB939 Green Waste Fees)	($31,791)
4892-56040-43581 (Drop Box AB939 Green Waste Fees)	($30,625)
4892-56040-54601 (Dump Fees)	($135,000)
4892-56045-51040 (Salaries and Wages - Part-time)	($95,832)
4892-56050-47005 (Miscellaneous Revenue)	($50,000)
4892-56050-51040 (Salaries and Wages - Part-time)	$32,000)
4892-56055-51040 (Salaries and Wages - Part-time)	($129,833)
4892-56055-54501 (Services City Forces - Intrafund)	$129,833

UTILITIES

The Construction Administration, Construction and Contingency tasks related to the North Valley Recycled Water Project, #100521, have been identified to occur in Fiscal Year 2017, or later. A budget adjustment is necessary to return $67,000,000 from the North Valley Recycled Water Project to Wastewater Reserves, Fund 4210. These tasks will be re-budgeted as the project progresses.

A budget adjustment is necessary to reduce the transfer in to the Capital Grants Streets CIP Projects Fund, 3160, from the Surface Transportation Fund, 1700, in the amount of $45,880. The transfer was established to satisfy the local match component of Capital Improvement Project #100061, Retime Downtown Traffic Signals. However, the grant received 100% CMAQ funding.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-339

RESOLUTION AUTHORIZING THE AWARD OF BIDS FOR THE FURNISHING OF NON-HAZARDOUS BRINE HAULING SERVICES FOR THE UTILITIES DEPARTMENT, WATER DIVISION TO SUN VALLEY, TURLOCK, CA, AS "PRIMARY" CONTRACTOR AND PSC INDUSTRIAL OUTSOURCING, LP, SAN RAMON, CA, AS "SECONDARY" CONTRACTOR, FOR A TWO (2) YEAR AGREEMENT WITH THREE (3) ONE-YEAR EXTENSION OPTIONS AT THE SOLE DISCRETION OF THE CITY, AND AUTHORIZING THE PURCHASING MANAGER, OR HIS DESIGNEE, TO ISSUE PURCHASE AGREEMENTS FOR AN ESTIMATED ANNUAL COST OF $126,000, AND OVER FIVE (5) YEARS OF $630,000,

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for the furnishing of non-hazardous brine hauling services, and

WHEREAS, the Purchasing Division issued RFB No. 1415-35 on the City's website under the commodity code for material hauling services to thirty-three (33) prospective bidders, one of which was a local company, and

WHEREAS, twelve (12) companies chose to download the RFB document, and

WHEREAS, bids were formally opened in the City Clerk's Office. Five (5) companies chose to respond, the local company did not submit a bid, and

WHEREAS, all five (5) companies responding provided responsive and responsible bids, and

WHEREAS, to ensure continued services to the City, two (2) purchase agreements shall be awarded, primary and secondary contractor. The secondary position contractor may be awarded a specific job only if the primary contractor is unable to perform the service, or if the primary contractor is unable to complete the specific job within the timeframe required by the City, or if the primary contractor is unable to maintain acceptable quality standards required by the City, and

WHEREAS, based on providing the lowest responsive and responsible bids, City staff recommends the award of bids for the furnishing of non-hazardous brine hauling services for the Utilities Department, Water Division to Sun Valley, Turlock, CA as "primary" contractor and PSC Industrial Outsourcing, LP, San Ramon, CA, as "secondary" contractor, for a two (2) year agreement with three (3) one-year extension options at the sole discretion of the City, for an estimated annual cost of $126,000, and over five (5) years of $630,000, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. The award of bids for the furnishing of non-hazardous brine hauling services for the Utilities Department, Water Division to Sun Valley, Turlock, CA as "primary" contractor and PSC Industrial Outsourcing, LP, San Ramon, CA, as "secondary" contractor, conforms to Modesto Municipal Code 8-3.203.

WHEREAS, funds are budgeted in Appropriation Unit: 4100-45050-53150.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bids for the furnishing of non-hazardous brine hauling services for the Utilities Department, Water Division to Sun Valley, Turlock, CA as "primary" contractor and PSC Industrial Outsourcing, LP, San Ramon, CA, as "secondary" contractor, for a two (2) year agreement with three (3) one-year extension options at the sole discretion of the City.

BE IT FURTHER RESOLVED that the Purchasing Manager, or his designee, is hereby authorized to issue purchase agreements for an estimated annual cost of $126,000.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of September, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-340

RESOLUTION ACCEPTING THE PARKLAWN NEIGHBORHOOD SEWER IMPROVEMENTS PROJECT AS COMPLETE, AND ANNEXING SAID IMPROVEMENTS INTO MODESTO MUNICIPAL SEWER DISTRICT NO. 1

WHEREAS, Stanislaus County received a State Revolving Fund grant to install a sewer system in the Parklawn Neighborhood, and

WHEREAS, the primary purpose of the Parklawn Neighborhood Sewer Improvement Project is to provide a sewer system to the neighborhood that allows property owners to abandon their existing septic tanks and connect to the City of Modesto's sewer system, and

WHEREAS, the City has submitted an application to Local Agency Formation Commission (LAFCO) for approval for the extension of the City's sewer service boundary to include the Parklawn Neighborhood, and

WHEREAS, a Measure M Sewer Advisory vote was approved to allow City sewer extension in the Parklawn Community, and

WHEREAS, on April 8, 2014, the City Council, by Resolution No. 2014-128, approved a Memorandum of Agreement with the County which required the County Public Works Department to construct the Parklawn Neighborhood sewer improvements to City standards and to transfer ownership of sewer improvements upon Notice of Completion filed by the County and upon inspection and approval by the City,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Parklawn Neighborhood Sewer Improvements Project is hereby accepted as complete, and that the County Clerk is authorized to file a Notice of Completion with the

Stanislaus County Recorder, and annexing said improvements into Modesto Municipal Sewer District No. 1.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of September, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-341

RESOLUTION APPROVING A BLANKET WILL SERVE LETTER FOR 326 PARCELS IN THE PARKLAWN NEIGHBORHOOD ADJACENT TO THE RECENTLY COMPLETED SEWER IMPROVEMENTS, ALLOWING CONNECTION TO THE CITY OF MODESTO'S EXISTING SANITARY SEWER SYSTEM, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO APPROVE THE WILL SERVE LETTER

WHEREAS, the Parklawn Neighborhood is an unincorporated, disadvantaged community located on the south side of the City of Modesto generally bordered by E. Hatch Road (north), Nelson Way (south), Pearson Avenue (west) and Morgan Road (east) containing 326 parcels that rely on septic systems constructed in the 1940's for treatment of sewage, and

WHEREAS, the Parklawn Neighborhood's septic systems are failing and pose a threat to public health and groundwater, and

WHEREAS, the City owns and operates a sanitary sewer system adjacent to the Parklawn Neighborhood, and is willing to provide sewer services to the Parklawn Neighborhood, and

WHEREAS, on April 8, 2014, the City Council, by Resolution No. 2014-128, approved a Memorandum of Agreement with Stanislaus County, and

WHEREAS, the Agreement required Stanislaus County to design and construct the Parklawn sewer improvements at no cost to the City, and

WHEREAS, the Agreement required the County to pre-pay connection fees, and

WHEREAS, a Measure M Sewer Advisory vote was approved to allow City sewer extension in the Parklawn Community, and

WHEREAS, per the Agreement, the County is to transfer ownership of sewer improvements upon Notice of Completion filed by the County and upon inspection and approval by the City, and

WHEREAS, the sewer improvements have been constructed and are ready to be serviced by the City, and

WHEREAS, residences of the 326 parcels will be allowed to connect to the City's sewer system, and

WHEREAS, each property owner will be required to enter into an outside Service Agreement prior to connecting to the sanitary sewer system,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the blanket Will Serve letter for 326 parcels in the Parklawn Neighborhood adjacent to the recently completed Parklawn Sewer Improvements and allows connection to the City of Modesto's existing sanitary sewer system.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to approve the blanket Will Serve letter.

The foregoing documents were introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of September, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-342

RESOLUTION AMENDING THE FISCAL YEAR 2015-16 MULTI-YEAR BUDGET IN THE AMOUNT OF $1,596,000 TO BE TRANSFERRED FROM WASTEWATER DEVELOPMENTAL FEES FUND, AND ESTABLISH THE FISCAL YEAR 2015-16 MULTI-YEAR BUDGET IN ORDER TO FULLY FUND PRE-PAID CONNECTION FEES FOR THE #100898 PARKLAWN SEWER IMPROVEMENTS PROJECT

WHEREAS, certain budgetary transactions are necessary in the amount of $1,596,000, in order to fully fund pre-paid connection fees for 326 parcels for the #100898 Parklawn Sewer Improvements Project, and

WHEREAS, the Fiscal Year 2015-2016 Multi-year Budget must be established and amended as shown in **Exhibit A**, which is incorporated by reference herein,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves establishing and amending the Fiscal Year 2015-2016 Multi-year Budget as shown in **Exhibit A**.

BE IT FURTHER RESOLVED that the Director of Finance, or her designee, is hereby authorized to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of September 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Zoslocki, Mayor Marsh

ADAM U. LINDGREN, City Attorney

Exhibit A

To establish and amend the Fiscal Year 2015-16 Multi-year Budget in order to fully fund pre-paid connection fees for 326 parcels for Multi-year Account #100898 "Parklawn Sewer Improvements", the total project costs need to be increased by $1,596,000. This would be done by adjusting Appropriation Unit C-Discretionary Expenses by $1,596,000.

To fund the above account, $1,596,000 will be transferred from Wastewater Developmental Fees Fund, Fund 4211, into Multi-year Project 100898 for the Parklawn Neighborhood Sewer Improvements Project.

Ms. Angela Freitas
Director
Stanislaus County Planning
1010 10th Street, Suite 3400
Modesto, CA 95354

Subject: Sewer Service Will Serve letter for the Parklawn Neighborhood.

Dear Ms. Freitas:

The existing properties located within the Stanislaus County area known as the "Parklawn Neighborhood", will be allowed to make sewer connections to the newly installed sewer system to accommodate existing development, once all terms and conditions are met, as described below.

Sewer Service:

On September 8, 2015, pursuant to Modesto City Council Resolution 2015-XXX, the City of Modesto (City) accepted the Parklawn Neighborhood sanitary sewer improvements and agreed to provide sanitary sewer service to the 326 lots adjacent to the recently completed sewer improvements located in the Stanislaus County infill area known as the Parklawn Neighborhood.

Pursuant to Government Code Section 56133 and LAFCO's adopted rules and procedures for the review of out-of-boundary service extensions, the City's request to extend sewer service to the Parklawn Neighborhood was approved by LAFCO on May 28, 2014. LAFCO's out-of-boundary sewer service approval covers the entire Parklawn area generally bordered by E. Hatch Road (north), Nelson Way (south), Pearson Avenue (west), and Morgan Road (east), is based on the following:

1. The property is located within primary area of the City of Modesto Sphere of Influence.

2. The Stanislaus County Public Works Department installed sewer infrastructure to 326 lots (see attached list of addresses) in the Parklawn Neighborhood and individual laterals to each of the 326 lots to connect those properties to the City of Modesto's sewer system.

3. It is consistent with adopted LAFCO Policy 15, the extension of sewer service is proposed to remedy a health and safety concern in an area with failing septic system per LAFCO Resolution No. 2014-05.

4. The installation of the sewer service lines will upgrade the infrastructure in an unincorporated, disadvantaged community and will facilitate a later annexation.

5. The City of Modesto can and is willing to provide domestic sewer to the 326 lots described on the attached list.

The following items are specific LAFCO conditions on the proposed project:

6. This approval allows for the extension of sewer service to accommodate existing and future uses within the Parklawn Neighborhood only, as delineated on the attached map.

7. The City shall not allow additional sewer service connections outside the City limits and beyond the delineated Parklawn Neighborhood area without first requesting and approving approval from LAFCO.

8. Prior to the provision of sewer services, the landowner(s) shall record an agreement consenting to annex the property to the City of Modesto, and a copy of the agreement shall be forwarded to the LAFCO office.

In addition to the above requirements, the following items are City specific conditions for sewer service connections:

9. Applicant will need to bring a copy of the Grant Deed for the property for the preparation of the outside service agreement.

10. The sewer demand requirements will not exceed what is considered normal for domestic and commercial sewage.

11. Design of the sewer connecting facilities shall be per City standards and all costs associated with its design, installation, and permits shall be borne by the property owner.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-343

RESOLUTION APPROVING THE ALLOCATION OF $150,000 IN HOME INVESTMENT PARTNERSHIP PROGRAM FUNDS AND $150,000 IN COMMUNITY HOUSING DEVELOPMENT ORGANIZATION SET ASIDE FUNDS TO THE GREAT VALLEY HOUSING DEVELOPMENT AND THE HOUSING AUTHORITY OF THE COUNTY OF STANISLAUS

WHEREAS, the City of Modesto receives annual entitlements from the U.S. Department of Housing and Urban Development based on its population size, number of households living below poverty level and number of sub-standard housing units; and

WHEREAS, a percentage of the HOME Investment Partnerships Program (HOME) entitlement plus estimated program income may be allocated for the purposes of providing assistance consistent with the functions of HOME funding to provide decent and affordable housing to low income households; and

WHEREAS, approximately $900,000 in HOME entitlement funds and $200,000 in Community Housing Development Organization (CHDO) set aside funds are available; and

WHEREAS, additional HOME entitlements funds and CHDO set-aside funds may be available in future years for projects being completed in phases; and

WHEREAS, on May 20, 2015, the Citizens Housing & Community Development Committee (CH&CDC) approved staff's recommendation to issue a Request For Qualifications (RFQ) for the development of new construction or the rehabilitation of existing market rate housing to be converted to affordable units for low-income households and to issue a Request for Proposals (RFP) for Community Development Organizations set aside funds; and

WHEREAS, on June 3, 2015, the City of Modesto issued an RFQ for Affordable Housing Developers and an RFP for CHDOs; and

WHEREAS, on or before June 29, 2015, five (5) proposals were provided to the City of Modesto in response to the RFQ and RFP; and

WHEREAS, a subcommittee of the CH&CDC reviewed the proposals and made a recommendation to the CH&CHC; and

WHEREAS, on August 19, 2015, the CH&CDC reviewed and approved the subcommittee's recommendation and unanimously voted to forwarded its recommendation to the City Council; and

WHEREAS, City staff will negotiate the terms of the funding, memorialize said terms in an agreement with Great Valley Housing Development and the Housing Authority of the County of Stanislaus and return to the City Council for final approval of the agreement;

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it approves the allocation of $150,000 in HOME Investment Partnerships Program funds and $150,000 in Community Housing Development Organization set aside funds to the Great Valley Housing Development and the Housing Authority of the County of Stanislaus.

BE IT FURTHER RESOLVED that City staff will negotiate the terms of the funding, memorialize said terms in an agreement with Great Valley Housing Development and the Housing Authority of the County of Stanislaus and return to the City Council for final approval of the agreement;

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of September, 2015, by Councilmember Zoslocki, who moved its adoption, which motion being duly seconded by Councilmember Kenoyer, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-346

A RESOLUTION DIRECTING THE CITY MANAGER TO SEND AN INVITATION TO VARIOUS ORGANIZATIONAL GROUPS TO SELECT ONE MEMBER TO SERVE ON THE CITIZEN'S OVERSIGHT COMMITTEE TO REVIEW ALL REVENUE AND EXPENSES FROM POTENTIAL SALES TAX MEASURE

WHEREAS, the City Council of the City of Modesto desires to restore critical City services and to implement its Safe Neighborhoods Initiative, aimed at reducing crime, restoring public safety funding, maintaining a safe and inviting community, improving quality of life, and increasing neighborhood collaboration; and

WHEREAS, the Modesto City Council had directed the City Clerk to submit to the voters at the next regular municipal election to be held on November 3, 2015, a ballot measure requesting the enactment of a one-half of one percent (0.5%) general sales tax entitled "Safer Neighborhoods Initiative," and

WHEREAS, the ordinance on the ballot requires that a citizen oversight committee be created to provide greater accountability for the additional revenue and expenses related to the Safer Neighborhood Initiative, and

WHEREAS, the Citizen Oversight Board would review all revenue and expenses, review annual audit reports, and provide annual reports to City Council, and

WHEREAS, the Citizen Oversight Board would consist of nine- to eleven-members to be nominated by various organizational groups representing a cross-section of the community,

WHEREAS, consistent with the ordinance, the City Council recommended that if the ordinance is approved by the voters, the Oversight Board consist of four members

from the neighborhood groups geographically represented by Police Command Areas and to be nominated by Modesto Neighborhood Inc., and a single representative from each of the following: Modesto City Schools, Central labor council, Chamber of Commerce, the Community Foundation, Commission on Aging, League of Woman Voters, and a representative from the safety community as identified by the Police Chief; and

WHEREAS, if voters approve the ballot measure the City Council will subsequently formally appoint members to the Oversight Board, per the requirements of the measure.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Modesto that the City Manager of the City of Modesto is hereby directed to send invitations to the identified groups requesting a member to represent them on the Citizen's Oversight Board related to the Safer Neighborhood Initiative; and to work with those individuals to prepare a subsequent draft resolution for consideration by the City Council that will further define the duties and responsibilities and measures of the Citizen's Oversight Board .

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of September 2015, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-347

RESOLUTION APPROVING AND ADOPTING A TICKETS AND PASSES DISTRIBUTION POLICY

WHEREAS, Title 2 of the California Code of Regulations, Section 18944.1 ("Section 18944.1") was adopted by the Fair Political Practices Commission ("FPPC") to regulate the distribution of tickets and/or passes to public officials providing admission to a facility, event, show or performance for an entertainment, amusement, recreational, or similar purpose ("Tickets"); and

WHEREAS, from time to time, the City receives complimentary Tickets from third party sources, both public and private, or the City receives Tickets pursuant to a contract or sponsorship, or because the City owns or controls the facility or venue where the event is taking place, or the City purchased tickets to an event; and

WHEREAS, the City desires to distribute Tickets in a manner that furthers the City's governmental and public purposes, including the promotion of local businesses, community resources, programs, and facilities; and

WHEREAS, consistent with Section 18944.1, the City desires to adopt a written policy related to the distribution of Tickets and establishing procedures for the disclosure of Tickets distributed to, or at the behest of, City officials in accordance with the applicable FPPC regulations and the Political Reform Act.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF MODESTO, as follows:

Section 1. Adoption of Tickets and Passes Distribution Policy

The City Council hereby adopts the City of Modesto Tickets and Passes Distribution Policy ("Ticket Policy"), incorporated herein by this reference and attached hereto as "**Exhibit A.**"

Section 2. Delegation of Authority

The City Council hereby delegates authority to the City Manager to make changes to the Ticket Policy in the future so that the Ticket Policy will be consistent with any future amendments to Section 18944.1.

Section 3. Effective Date

This resolution shall take effect immediately upon its adoption.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of September, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Madrigal, Zoslocki, Mayor Marsh

CITY OF MODESTO

TICKETS AND PASSES DISTRIBUTION POLICY

I. Purpose

This policy governs the distribution, use and reporting of tickets or passes to a facility, event, show or performance for an entertainment, amusement, recreational or similar purposes (the "Event") donated or given to the City. This policy is established in accordance with Section 18944.1 of the Fair Political Practices Commission ("FPPC") Regulations. Section 189441.1 sets forth the circumstances under which the City's distribution of tickets or passes to a City official for which no consideration of equal or greater value is provided by the public official does not result in a gift to the individual official or employee. Tickets or passes distributed and accounted for in compliance with this policy and Section 18944.1 will not be considered gifts to the City officials who make use of such tickets and passes.

This policy is subject to all applicable FPPC Regulations and the Political Reform Act. Nothing in this policy is intended to alter, amend or otherwise affect the obligations of City officials and employees under the Political Reform Act and implementing regulations or under the City's Supplemental Conflict of Interest Code set forth in Resolution No. **XXXXX** of the City Council of the City of Modesto.

II. Application of Policy

This Policy applies to tickets or passes that are A) gratuitously provided to the City by an outside source; or B) acquired by the City by purchase; or C) received by the City as consideration pursuant to the terms of a contract or because the City owns or controls the facility or venue at which the Event occurs or sponsors the Event.

III. Definitions

Unless otherwise expressly provided in this Policy, terms in this Policy shall have the same meaning as that ascribed to such terms in the Political Reform Act (Government Code Sections 81000 et seq., as may be amended from time to time) and the FPPC Regulations (Title 2, Division 6 of the California Code of Regulations, Sections 18110 et seq., as may be amended from time to time).

"City" shall mean the City of Modesto.

"City official" shall mean every elected member, officer, employee or consultant of the City of Modesto, as defined in Government Code Section 82048 and FPPC Regulation Section 18700. Such term shall include, without limitation, any City board or commission member or other appointed official or employee required to file an annual Statement of Economic Interests (FPPC Form 700).

"City venue" shall mean any facility owned, controlled or operated by the City of Modesto.

"Family" shall mean spouse, registered domestic partner, children and dependent children as defined in FPPC Regulation Section 18943.

"Ticket" shall mean "ticket or pass" and includes anything that provides an admission privilege to an event or function and for which similar tickets or passes are offered for sale to the public. If other benefits, such as food, beverages or other items, are provided to the City official at the event and such benefits are not included as part of the admission to the event, those benefits are not covered by this Policy.

IV. Procedures for Distribution

A. Tickets or passes received by the City from an outside source without designation as to the specific City official who may use the tickets shall be forwarded to the City Manager or designee. The City Manager or designee shall determine the face value of the tickets, the individuals who may use them and report their distribution as provided in Section VII.

B. Tickets or passes received by the City from an outside source(s) that are earmarked for use by a specific City official are considered gifts to the City official and are subject to the FPPC disclosure and reporting requirements applicable to gifts, unless one of the exemptions listed below applies.

C. For tickets or passes received by the City pursuant to the terms of a contract or because the City owns or controls the facility or venue at which the Event occurs or the City sponsors the Event, a City official may request use of these tickets or passes, or for distribution to an individual or organization outside the City, by completing Parts 3 and 4 of the FPPC Form 802 and submitting the request to the City Manager.

D. For tickets or passes purchased or acquired by the City for use by an elected City official, or for distribution to an individual or organization outside the City at the request of an elected City official, the City official shall be responsible for reporting the distribution of the tickets or passes on the Form 802.

E. The City Manager shall have the authority, in his or her sole discretion, to establish procedures for the distribution of tickets and passes in accordance with this Policy. All requests for tickets which fall within the scope of this Policy shall be made in accordance with the procedures established by the City Manager.

V. Exemption to the Policy

A. Ceremonial Role or Function. Tickets or passes provided to a City official to carry out his or her job duties or where the City official will perform a ceremonial role or function on behalf of the City at the Event are not considered gifts to the City official and are exempt from the disclosure and reporting requirements of this policy.

B. Income. Tickets or passes received by a City official who treats the tickets or passes as income consistent with federal and state income tax laws and the City report distribution of the tickets or passes as income to the City official on the FPPC Form 802 are otherwise exempt from this policy.

C. Reimbursement. Tickets or passes which the City official purchases or reimburses the City for the face value of the tickets or passes are exempt from this policy.

VI. Public Purpose

The distribution of any ticket by the City to, or at the behest of, a City official must accomplish a "public purpose" of the City. The public purposes to be accomplished by the distribution of tickets or passes by the City include, but are not limited to:

A. To obtain oversight of facilities or events that have received City funding or support;

B. To review facilities or events that may require City funding or support in the near future or to gather information about the operation of a facility similar to one presently or potentially operated by the City;

C. To promote local and regional businesses, community programs, economic development and tourism within the City;

D. To attend a community event in which the City is a participant;

E. To attend an event, activity or program sponsored by the City;

F. To promote intergovernmental relations, including but not limited to, attendance at an event with, or by, elected or appointed public officials from other jurisdictions, their staff and their guests;

G. To promote public and private facilities available for City resident use;

H. To support and/or show appreciation for community and nonprofit programs or services that benefit City residents;

I. To encourage or recognize significant academic, athletic or public achievements by City students, residents or businesses;

J. To reward City employees and community members for his or her exemplary service to the public;

K. To promote City growth and development, including economic development and job creation opportunities;

L. To promote open and accessible government by appearances or participation of City officials at business and community events;

M. To promote employment retention, including enhancement of employee morale;

N. To promote City recognition, visibility and/or profile on a local, state, national or worldwide scale;

O. To comply with all written contracts where the City, as a form of consideration, has required that a certain number of tickets or suites be made available for City use.

VII. Prohibited Transfer of Ticket

A City official may not transfer any ticket distributed to him or her, pursuant to this Policy, to any other person, except to members of the City official's family or no more than one (1) guest solely for their attendance at the event.

VIII. Ticket Reporting and Disclosure Requirements

Tickets distributed by the City to a City official, or to an individual or organization outside the city at the behest of a City official pursuant to this policy, shall be documented in a completed FPPC Form 802. The completed Form 802 must be maintained as a public record, and it shall be forwarded to the FPPC for posting on its website.

Such postings shall include the following information and any other information that may be required by the FPPC:

A. The name of the person receiving the ticket or pass;
B. A description of the event;
C. The date of the event;
D. The face value of the ticket;
E. The number of tickets provided to each person or organization;
F. If the ticket was distributed at the behest of a City official, the name of the City official who made such behest; and
G. A description of the public purpose(s) under which the distribution was made, or, alternatively, that the City official is treating the ticket as income.

The City may post the name of the department or other unit of the City and the number of tickets or passes provided to the department or other unit in lieu of posting the name of the individual employee as otherwise required in paragraph A above.

If the ticket or pass is distributed to an organization outside the City, the City shall post the name, address, description of the organization, and the number of tickets or passes provided to the organization in lieu of posting the names of each individual from the organization as otherwise required in paragraph A above.

IX. Alternatives to Policy

As an alternative to complying with Section IV through VIII of this Policy, a City official may either (A) ask that the City report the distribution of the ticket or pass as income to the City official and then treat the ticket or pass as income, consistent with applicable state and federal income tax laws, or (B) report the receipt of the ticket or pass on their Form 700, if the value of the ticket or pass is over $50 and the aggregate value of tickets and passes from single source in a calendar year is $460 or less.

X. Policy Limited to Just Tickets or Passes.

If other benefits, such as food, beverages or other items, are provided to the City official at the Event and they are not included as part of the admission to the Event, those benefits will need to be accounted for as gifts to the City official who receives them.

(Regulations of the Fair Political Practices Commission, Title 2, Division 6, California Code of Regulations)

§ 18944.1. Gifts: Agency Provided Tickets or Passes.

For purposes of this regulation the terms "ticket" and "pass," as defined in Regulation 18946, apply solely to an admission to a facility, event, show, or performance for an entertainment, amusement, recreational, or similar purpose provided by an agency to, or at the behest of, an official of that agency, other than an admission provided to a school, college or university district official, coach, athletic director, or employee to attend an amateur event performed by students of that school, college, or university district or an admission identified in Regulation 18942(a)(12).

(a)(1) A ticket or pass is not subject to the provisions of this regulation, if the official treats the ticket or pass as income consistent with applicable state and federal income tax laws and the agency reports the distribution of the ticket or pass as income to the official in compliance with the reporting provisions of subdivision (d) below.

(2) Any ticket or pass acquired by the agency under subdivision (b)(2) and distributed to an official, other than an elected official or member of the legislative or governing body of the agency, for the official's personal use, to support general employee morale, retention, or to reward public service is deemed to serve a public purpose, and any tickets distributed to an official for such purpose shall be reported as described under subdivision (d)(3). For purposes of this paragraph, "personal use" means use by the official, his or her family, or no more than one guest.

(b) The official will meet the burden under Section 82028 that equal or greater value has been provided in exchange for the ticket or pass if the official reimburses the agency for the ticket or if all of the following requirements are met:

(1) For a ticket or pass the agency receives from an outside source, other than as provided in subdivision (b)(2):

(A) The ticket or pass is not earmarked by the outside source for use by the agency official who uses the ticket or pass;

(B) The agency determines, in its sole discretion, who uses the ticket or pass.

(C) The distribution of the ticket or pass by the agency is made in accordance with a policy adopted by the agency that incorporates all of the provisions of subdivision (c) below.

(2) For a ticket or pass the agency obtains (i) pursuant to the terms of a contract for use of public property, (ii) because the agency controls the event (such as a state or county fair), or (iii) by purchase at fair market value, the distribution of the ticket or pass is made in accordance with a policy adopted by the agency that incorporates all of the provisions of subdivision (c) below.

(c) Agency Ticket/Pass Distribution Policy. Any distribution of a ticket or pass under this regulation to, or at the behest of, an agency official must be made pursuant to a written agency ticket distribution policy, duly adopted by the legislative or governing body of the agency or, if none, the agency head that contains, at a minimum, all of the following:

(1) A provision setting forth the public purposes of the agency for which tickets or passes may be distributed.

(2) A provision requiring that the distribution of any ticket or pass to, or at the behest of, an agency official accomplish a stated public purpose of the agency.

(3) A provision prohibiting the transfer of any ticket received by an agency official pursuant to the distribution policy except to members of the official's immediate family or no more than one guest solely for their attendance at the event.

(d) Public Posting. A record of a ticket or pass distributed pursuant to this regulation, must be completed, on a form provided by the Commission. The form must be maintained as a public record, be subject to inspection and copying under Section 81008(a), and be forwarded to the Commission for posting on its website.

(1) Except as provided in paragraphs (2) and (3) below, the information must include the following:

(A) The name of the person receiving the ticket or pass;

(B) A description of the event;

(C) The date of the event;

(D) The face value of the ticket or pass;

(E) The number of tickets or passes provided to each person;

(F) If the ticket or pass is behested, the name of the official who behested the ticket; and

(G) A description of the public purpose under which the distribution was made or, alternatively, that the ticket or pass was distributed as income to the official.

(2) If the ticket or pass is distributed to an organization outside the agency, the agency shall post the name, address, description of the organization, and the number of tickets or passes provided to the organization in lieu of posting the names of each individual from the organization as otherwise required in paragraph (1) above;

(3) If the ticket or pass is distributed pursuant to subdivision (b) the agency may post the name of the department or other unit of the agency and the number of tickets or passes provided

to the department or other unit in lieu of posting the name of the individual employee as otherwise required in paragraph (1) above;

(e) The Commission recognizes the discretion of the legislative or governing body of an agency or, if none, the agency head to determine whether the distribution of a ticket or pass serves a legitimate public purpose of the agency, provided the determination is consistent with state law.

(f) The provisions of this regulation apply only to the benefits the official receives that are provided to all members of the public with the same class of ticket.

Note: Authority cited: Section 83112, Government Code. Reference: Section 82028, Government Code.

HISTORY

1. Renumbering of former section 18726.7 to section 18944.1 with amendment of section heading filed 6-22-94; operative 6-22-94 (Register 94, No. 25).

2. Change without regulatory effect relocating section filed 11-17-94 pursuant to section 100, title 1, California Code of Regulations (Register 94, No. 46).

3. Amendment of first paragraph and subsections (a)-(b) and (d)-(e) filed 7-25-95; operative 7-25-95 pursuant to Government Code section 11343.4(d) (Register 95, No. 30).

4. Repealer and new section filed 1-8-2009; operative 2-7-2009. Submitted to OAL for filing pursuant to *Fair Political Practices Commission v. Office of Administrative Law*, 3 Civil C010924, California Court of Appeal, Third Appellate District, nonpublished decision, April 27, 1992 (FPPC regulations only subject to 1974 Administrative Procedure Act rulemaking requirements) (Register 2009, No. 2).

5. Repealer of subsection (a), subsection relettering and amendment of newly designated subsections (a)(1), (a)(2)(A)(iii)-(b), (c) and (e) filed 9-27-2010; operative 10-27-2010. Submitted to OAL for filing pursuant to *Fair Political Practices Commission v. Office of Administrative Law*, 3 Civil C010924, California Court of Appeal, Third Appellate District, nonpublished decision, April 27, 1992 (FPPC regulations only subject to 1974 Administrative Procedure Act rulemaking requirements) (Register 2010, No. 40).

6. Amendment of section heading and section filed 1-23-2012. Pursuant to California Code of Regulations, title 2, section 18313(e), FPPC has designated an effective date of 1-1-2012. Submitted to OAL for filing pursuant to *Fair Political Practices Commission v. Office of Administrative Law*, 3 Civil C010924, California Court of Appeal, Third Appellate District, nonpublished decision, April 27, 1992 (FPPC regulations only subject to 1974 Administrative Procedure Act rulemaking requirements and not subject to procedural or substantive review by OAL) (Register 2012, No. 4).

(Regulations of the Fair Political Practices Commission, Title 2, Division 6, California Code of Regulations)

§ 18943. Gift to Official Through Family Member.

(a) Scope of Regulation. This regulation determines when a payment will be treated as if it were a gift to the official even though the payment is made to the official's family member.

(b) For purposes of this regulation, the term "family member" means any of the following individuals:

(1) The official's spouse as defined in Regulation 18229.

(2) A "dependent child" of the official as defined in Regulation 18229.1.

(3) The official's child (including an adoptive child or stepchild) who meets all of the following criteria:

(A) Is at least 18 but no more than 23 years old and is a full-time or part-time student.

(B) Has the same principal place of residence as the official. For purposes of this provision, a place, located away from the official's residence, at which the child resides for the purpose of attending school, is not the child's "principal place of residence."

(C) Does not provide over one-half of his or her own support.

(c) Absent an exception under Regulation 18942, a payment provided to or for the use of a family member is a gift to the official under either of the following conditions:

(1) There is no established working, social, or similar relationship between the donor and the family member that would suggest an association between the donor and

the family member suitable or appropriate for making the type of payment provided to the family member.

(2) There is evidence to suggest the donor had a purpose to influence the official. Evidence to suggest the donor had a purpose to influence the official exists in any of the following circumstances:

(A) The payment is made to a family member of a state agency official by a donor who is a lobbyist, lobbying firm, lobbyist employer, or other person required to file reports under Chapter 6 (commencing with Section 86100) of the Act and who is registered to lobby the official's agency.

(B) The payment is made to a family member of a state or local government agency official by a donor, or the donor's agent, if the donor is involved in an action or decision before the official's agency, in which the official will reasonably foreseeably participate or in an action or decision in which he or she has participated within the last 12 months.

(C) The payment is made to a family member by a person who has a contract with the official's agency or by a person who engages in a business that regularly seeks contracts with or comes before the agency for the purpose of receiving a license, permit, or other entitlement and the official may reasonably foreseeably make or participate in a governmental decision, as defined in the Act's conflict of interest regulations (Regulation 18702 et seq.), related to the person, or has participated in any decision related to the person within 12 months of the time the gift is made. For purposes of this subparagraph, a person who "has a contract with the official's agency" or who "engages in a business that regularly seeks contracts with or comes before the agency" does not include any

individual who has less than a ten percent interest in the business contracting with or appearing before the agency.

Note: Authority cited: Section 83112, Government Code. Reference: Section 82028, Government Code.

Agency Report of:
Ceremonial Role Events and Ticket/Pass Distributions

California Form 802

A Public Document

This form is for use by all state and local government agencies. The form identifies persons that receive admission tickets and passes and describes the public purpose for the distribution. This form was prepared by the Fair Political Practices Commission (FPPC) and is available at www.fppc.ca.gov.

General Information

FPPC Regulation 18944.1 sets out the circumstances under which an agency's distribution of tickets to entertainment events, sporting events, and like occasions would not result in a gift to individuals that attend the function. In general, the agency must adopt a policy which identifies the public purpose served in distributing the admissions. The Form 802 serves to detail each event and the public purpose of each ticket distribution. FPPC Regulation 18942 lists exceptions to reportable gifts, including ceremonial events, when listed on this form.

When the regulation procedures are followed, persons, organizations, or agencies who receive admissions are listed on a Form 802. Agency officials do not report the admissions on the official's Statement of Economic Interests, Form 700, and the value of the admission is not subject to the gift limit.

The Form 802 also informs the public as to whether the admissions were made at the behest of an agency official and whether the behested tickets were provided to an organization or to specific individuals.

Exception

This form is not required for admission provided to a school or university district official, coach, athletic director, or employee to attend an amateur event performed by students of that school or university.

Public Posting

This form must be maintained as a public document. A copy of all forms must be forwarded to the FPPC for posting on its website. E-mail delivery is preferred. E-mail: Form802@fppc.ca.gov; Fax: 916.322.0886; 428 J Street, Suite 620, Sacramento, CA 95814.

Forms must be sent to the FPPC as soon as possible. General business practice is no later than 45 days from the distribution.

A local agency may also also post the forms on its wesbite, but it is not required to do so.

Privacy Information Notice

Information requested by the FPPC is used to administer and enforce the Political Reform Act. Failure to provide information may be a violation subject to administrative, criminal, or civil penalties. All reports are public records available for inspection and reproduction. Direct questions to FPPC's General Counsel.

Instructions

Part 1. Agency Identification:

List the agency's name. Provide a designated agency contact person, their phone number, and e-mail address. Mark the amendment box if changing any information on a previously filed form and include the date of the original filing.

Part 2. Function or Event Information:

Confirm that your agency has a policy for ticket distribution. Unless the the ceremonial role or income box in Part 3, Section B, is marked, this form is only applicable if your agency has a policy.

Complete all of the other required fields that identify the ticket value, description of event, date(s) and whether the ticket was provided by the agency or an outside source. If an agency official behests the tickets, the official's name is also required. Use the comment field or an attachment to explain in full.

Part 3. Ticket Recipients:

This part identifies who uses the tickets. The identification requirements vary depending upon who received the tickets and are categorized into three sections. Each section must list the number of tickets received. Use the comment field or an attachment to explain in full.

Section A. Report tickets distributed to agency staff, other than an elected official or governing board member, pursuant to the agency's policy. It is not necessary to list each employee's name, but identify the unit/department for which the employee works. The agency must describe the public purpose associated with the ticket distribution. A reference to the policy is permissible.

Section B. Report: 1) any agency official who performs a ceremonial role; 2) any agency official who reports the value as income; or 3) tickets used by elected officals and governing board members (including those distributed pursuant to the agency's policy).

Section C. Report tickets provided to an organization. The organization's name, an address (website url is permissible), and a brief description of the public purpose are required.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-348

RESOLUTION APPROVING A HOME INVESTMENT PARTNERSHIPS PROGRAM AGREEMENT WITH GREAT VALLEY HOUSING DEVELOPMENT CORPORATION, A NON-PROFIT ORGANIZATION, TO CONSTRUCT FOUR AFFORDABLE HOUSING UNITS FOR VETERANS AT RISK OF HOMELESSNESS, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENTS AND RELATED DOCUMENTS

WHEREAS, the City of Modesto receives annual entitlements from the U.S. Department of Housing and Urban Development based on its population size, number of households living below poverty level and number of sub-standard housing units; and

WHEREAS, a percentage of the HOME Investment Partnerships Program (HOME) entitlement plus estimated program income may be allocated for the purposes of providing assistance consistent with the functions of HOME funding to provide decent and affordable housing to low income households; and

WHEREAS, approximately $900,000 in HOME entitlement funds and $200,000 in Community Housing Development Organization (CHDO) set aside funds are available; and

WHEREAS, additional HOME entitlements funds and CHDO set-aside funds may be available in future years for projects being completed in phases; and

WHEREAS, on June 3, 2015, the City of Modesto issued an RFQ for Affordable Housing Developers and an RFP for CHDOs; and

WHEREAS, a subcommittee of the Citizen Housing and Community Development Committee (CH&CDC) reviewed the proposals and made a recommendation to the CH&CDC; and

WHEREAS, on August 19, 2015, the CH&CDC reviewed and approved the subcommittee's recommendation and unanimously voted to forwarded its recommendation to the City Council; and

WHEREAS, On September 8, 2015, the City Council approved the allocation of $150,000 in HOME Investment Partnerships Program Funds (HOME) Funds and $150,000 in Community Housing Development Organizations (CHDO) Set Aside Funds to the Great Valley Housing Development Corporation, for the construction of four (4) one-bedroom units for veterans at risk of homelessness;

WHEREAS, the proposed agreements between the City of Modesto and Great Valley Housing Development Corporation will specify the terms and conditions by which the City of Modesto is providing the approved funding for their project.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it approves HOME Investment Partnerships Program agreement with Great Valley Housing Development Corporation, a non-profit organization, to construct four (4) affordable housing units for veterans at risk of homelessness, in substantially the form attached and as approved by the City Attorney.

BE IT FURTHER RESOLVED that authorizing the City Manager, or his designee, to execute the agreements and related documents, as approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of September, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Madrigal, Zoslocki, Mayor Marsh
NOES:	Councilmembers:	None
ABSENT:	Councilmembers:	None

HOME LOAN AGREEMENT

(HOME Loan- Glendale Veterans Housing Development)

This HOME Loan Agreement (the "Agreement"), effective September 22, 2015 (the "Effective Date"), is entered into by and between the City of Modesto, a California charter city (the "City"), and Great Valley Housing Development Corporation, a California nonprofit public benefit corporation (the "Developer"), with reference to the following facts, purposes and intentions.

RECITALS

A. These Recitals refer to and utilize certain capitalized terms which are defined in Article 1 of this Agreement. The Parties intend to refer to those definitions in connection with the use of capitalized terms in these Recitals.

B. The City has received HOME Investment Partnership Act funds from the United States Department of Housing and Urban Development ("HUD") pursuant to the Cranston-Gonzales National Housing Act of 1990 ("HOME Funds"). The HOME funds must be used by the City in accordance with 24. C.F.R. Part 92 and CHDO Set Aside funds have been allocated for investment only in housing to be owned, developed or sponsored by community housing development organizations.

C. The Developer desires to borrow from the City and the City desires to extend to the Developer the HOME Loan in the amount not to exceed Three Hundred Thousand Dollars ($300,0000) of which One Hundred and Fifty Thousand Dollars ($150,000) are CHDO Set Aside funds, the HOME Loan funds are to be used to fund construction costs of the Development.

D. The HOME Loan is being made to finance costs associated with the construction of the Development and thereby increase the supply of affordable rental housing in the City of Modesto.

E. As a condition to providing the HOME Loan to the Developer, the City is imposing occupancy and affordability restrictions on the Development, ensuring that specified units therein remain affordable to specified income eligible households for a specified period as set forth in the HOME Regulatory Agreement.

F. The County Housing Authority intends to transfer the Property to the Developer, the value of the Property is estimated to be approximately ($75,000).

G.

H. In accordance with NEPA, the release of funds under this Agreement shall be conditioned upon the completion of all required NEPA environmental review.

I. Until completion of certain feasibility studies for the Development, it is not possible to provide meaningful information for further environmental assessment of the Development in accordance with the provisions of the CEQA. Prior to disbursement of the funds

under this Agreement, the Parties shall prepare and complete the necessary environmental assessment under NEPA and CEQA.

NOW, THEREFORE, in consideration of the recitals hereof and the mutual promises and covenants set forth in this Agreement, the Parties agree as follows:

ARTICLE 1
DEFINITIONS AND EXHIBITS

Section 1.1 Definitions.

The following capitalized terms have the meanings set forth in this Section 1.1 wherever used in this Agreement, unless otherwise provided:

(a) "Agreement" means this HOME Loan Agreement.

(b) "Annual Operating Expenses" with respect to a particular calendar year means the following costs reasonably and actually incurred for operation and maintenance of the Development to the extent that they are consistent with an annual independent audit performed by a certified public accountant using generally accepted accounting principles:

(1) Property taxes and assessments imposed on the Development;

(2) Debt service currently due on a non-optional basis (excluding debt service due from residual receipts or surplus cash of the Development) on loans associated with the development of the Development and approved by the City in the Final Financing Plan;

(3) Property management fees and reimbursements, not to exceed fees and reimbursements which are standard in the industry, and pursuant to a management contract approved by the City;

(4) Premiums for property damage and liability insurance; utility services not paid for directly by tenants, including water, sewer, and trash collection; maintenance and repair;

(5) Any annual license or certificate of occupancy fees required for operation of the Development;

(6) Security services;

(7) Advertising and marketing costs;

(8) Cash deposited into reserves for capital replacements of the Development in an amount to be approved by the City as part of the Final Financing Plan;

(9) Cash deposited into an operating reserve in an amount approved by the City as part of the Final Financing Plan and annual operating budgets, but with the operating

reserve capped at six (6) months of gross rent from the Development (as such rent may vary from time to time);

(10) Utility services, maintenance and repair, including pest control, landscaping, grounds maintenance, painting and decorating, cleaning, common systems repair, janitorial supplies and services, advertising and marketing;

(11) Deferred developer fee in an amount to be approved by the City as part of the Final Financing Plan;

(12) Extraordinary operating costs specifically approved by the City;

(13) Payments of deductibles in connection with casualty insurance claims not normally paid from reserves, the amount of uninsured losses actually replaced, repaired or restored, and not normally paid from reserves;

(14) Reasonable accounting and legal fees;

(15) Other ordinary and reasonable operating expenses approved in writing by the City and not listed above; and

(16) Annual Operating Expenses shall exclude the following: depreciation, amortization, depletion or other non-cash expenses, or any amount expended from a reserve account.

(c) "Approved Financing" means the loans or grants and equity acquired, or to be acquired, by the Developer and approved by the City in its reasonable discretion for the purpose of financing the Development, in addition to the HOME Loan, which may include a County Housing Authority ("Housing Authority") loan from the Housing Authority of the County of Stanislaus, in the approximate amount shown in the approved Financing Proposal (the "Housing Authority Loan");

(d) "Approved Plans and Specifications" means the plans and specifications for the Construction Work, approved by the City pursuant to Section 3.4 below.

(e) "CEQA" means the California Environmental Quality Act (Public Resources Code Sections 21000 et seq.).

(f) "CHDO" means a certified Community Housing Development Organization as defined in 24 C.F.R. 92.300. For the purposes of this Agreement, the Developer is the certified CHDO.

(g) "City" means the City of Modesto, a California charter city.

(h) "City Attorney" means the City Attorney of the City of Modesto.

(i) "City Council" means the City Council of the City of Modesto.

(j) "City Manager" means the City Manager of the City of Modesto.

(k) "City's Share of Residual Receipts" means the City's Pro Rata Share (as defined below) of fifty percent (50%) of Residual Receipts (the 50% being the "Lenders' Share of Residual Receipts") which shall be determined at the close of permanent financing, or any time any determination thereof is needed to be made. The Pro Rata Share shall be determined by calculating the percentage resulting from dividing the amount of the HOME Loan funds disbursed to the Developer in accordance with this Agreement by the aggregate sum of the funds disbursed to the Developer under the HOME Loan and the Housing Authority Loan, in accordance with the applicable agreements. The Developer shall be entitled to the other 50% share of the Residual Receipts ("Developer's Share of Residual Receipts").

(l) "Close of Escrow" shall refer to the date of recordation of the HOME Deed of Trust against the Property pursuant to the terms of this Agreement and the date of recordation of the HOME Regulatory Agreement against the Property pursuant to the terms of this Agreement.

(m) "Commencement of Construction" means the date on which construction of the Development commences pursuant to Section 4.1 below.

(n) "Completion of Construction" means the date the Developer receives a certificate of occupancy for the Affordable Development pursuant to Section 4.2 below.

(o) "Construction Bonds" means copies of labor and material bonds and performance bonds for the Construction Work in an amount equal to one hundred percent (100%) of the scheduled cost of the Construction Work.

(p) "Construction Contract" means the construction contract approved by the City pursuant to the terms of Section 3.8 hereof.

(q) "Completion Date" means the date that all of the following have occurred: (i) a final certificate of occupancy is issued by the City to certify completion of the construction of the Development; (ii) the final disbursement of HOME funds for the Development has been made; (iii) the City has verified the Development complies with the property standards set forth in 24 CFR 92.251; and (iv) all project completion information has been entered by the City into the Integrated Disbursement and Information System (IDIS).

(r) "Construction Work" means the physical Construction Work to construct the Improvements in accordance with the Approved Plans and Specifications and the Governmental Approvals.

(s) "Default" means an event of default under this Agreement, as more specifically described in Section 7.1 below.

(t) "Developer" means Stanislaus County Affordable Housing Corporation, a California nonprofit public benefit corporation, and its approved successors and assigns.

(u) "Development" means the Property and the Improvements.

(v) "Effective Date" has the meaning set forth in the first paragraph.

(w) "Evidence of Insurance Coverage" has the meaning set forth in Section 3.10 below.

(x) "Final Financing Plan" means the Developer's final plan for financing the acquisition of the Property, the construction of the Improvements and the operation of the Development. The Final Financing Plan approved by the City as of the date of this Agreement is attached to this Agreement as Exhibit B, incorporated herein by reference, and may be revised from time to time with the approval of the City pursuant to Section 3.2 below.

(y) "Force Majeure" means the occurrence of one or more of those events described in Section 8.15, permitting an extension of time for performance of obligations under this Agreement.

(z) "Governmental Approvals" means the City and other governmental permits and approvals necessary for the construction and operation of the Development, including but not limited to submissions of a precise plan, detailed exterior plans, overall design and architectural review and any required operating licenses, but excluding a building permit.

(aa) "Gross Revenue" with respect to a particular calendar year, means all revenue, income, receipts, and other consideration actually received from operation and leasing of the Development, including, but not be limited to:

(1) All rents, fees and charges paid by tenants, payments or other rental subsidy payments received for the dwelling units, deposits forfeited by tenants, all cancellation fees, price index adjustments and any other rental adjustments to leases or rental agreements resulting in actual income;

(2) The proceeds of business interruption or similar insurance;

(3) The fair market value of any goods or services provided in consideration for the leasing or other use of any portion of the Development;

(4) Subject to the rights of Senior Lenders, the proceeds of casualty insurance to the extent not utilized to repair or rebuild the Development (or applied toward the cost of recovering such proceeds);

(5) Subject to the rights of Senior Lenders, condemnation awards for a taking of part or all of the Development for a temporary period; and

(6) Gross Revenue shall exclude tenants' security deposits, loan proceeds, capital contributions or other similar advances.

(bb) "Hazardous Materials" means any flammable explosives, radioactive materials, hazardous wastes, toxic substances or related materials, including without limitation,

any substances defined as or included in the definition of "hazardous substances," "hazardous wastes," "hazardous materials," or "toxic substances" under any applicable federal or state laws or regulations.

(cc) "Hazardous Materials Claim" means: (1) any and all enforcement, cleanup, removal or other governmental or regulatory actions instituted, completed or threatened against the Developer or the Development pursuant to Hazardous Materials Laws; (2) all claims made or threatened by any third party against the Developer or the Development relating to damage, contribution, cost recovery compensation, loss or injury resulting from any Hazardous Materials.

(dd) "Hazardous Materials Law" means any applicable federal, state or local laws, ordinances, or regulations relating to any Hazardous Materials.

(ee) "HOME" means the HOME Investment Partnership Act Program pursuant to the Cranston-Gonzales National Affordable Housing Act of 1990 (42 U.S.C. Section 12705 et. seq.), as amended.

(ff) "HOME Deed of Trust" means the deed of trust securing repayment of the HOME Loan, which shall be recorded against the Property, in a form to be provided by the City.

(gg) "HOME Loan Documents" means this Agreement, the Note, the HOME Regulatory Agreement and the HOME Deed of Trust HOME.

(hh) "HOME Regulatory Agreement" means the Regulatory Agreement and Declaration of Restrictive Covenants, between the City and the Developer, associated with the HOME Loan, to be recorded against the Property, in a form to be provided by the City.

(ii) "HOME Term" means the period beginning on the date of this Agreement and ending on the twentieth (20^{th}) anniversary of the Completion Date.

(jj) "HOME Units" means the four (4) Units whose occupancy and rental charges are restricted pursuant to the HOME Regulatory Agreement.

(kk) "HUD" means the United States Department of Housing and Urban Development.

(ll) "Improvements" means the approximately four (4) units of permanent affordable housing to be constructed on specified portions of the Property, including all common areas, amenities, plans, entitlements, appurtenances, improvement easements, buildings and fixtures associated with the Property.

(mm) "Management Plan" has the meaning set forth in Section 3.7 below.

(nn) "Marketing Plan" has the meaning set forth in Section 4.11 below.

(oo) "NEPA" means the National Environmental Policy Act of 1969 ("NEPA"), as amended (42 U.S.C. Sections 4321-4347).

(pp) "Note" means the promissory note, in a form to be provided by the City that will evidence the Developer's obligation to repay the HOME Loan.

(qq) "Operating Memoranda" has the meaning given in Section 8.20 below.

(rr) "Parties" means the City and the Developer and the term Party shall refer to each of them individually.

(ss) "Property" means that certain real property located in the City of Modesto, County of Stanislaus, State of California, on which the Improvements will be constructed, as more particularly described in Exhibit B attached hereto and incorporated herein.

(tt) "Recorder" means the Office of the Stanislaus County Recorder.

(uu) "Residual Receipts" means, in a particular calendar year, the amount by which Gross Revenue (as defined above) exceeds Annual Operating Expenses (as defined above) for that calendar year.

(vv) "Section 3" means Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. Section 1701(u).

(ww) "Senior Lender" has the meaning set forth in Section 2.5 below.

(xx) "Senior Lien" has the meaning set forth in Section 2.5 below.

(yy) "Term" means the term of this Agreement, which commences as of the date of this Agreement and, unless terminated earlier pursuant to this Agreement, ends fifty-five (55) years from the Completion Date, but in no event later than September 22, 2073 (subject to extensions agreed upon by the Parties).

(zz) "Transfer" means any sale, assignment, or transfer, whether voluntary or involuntary, of: (1) any rights and/or duties under this Agreement, and/or (2) any interest in the Development, including (but not limited to) a fee simple interest, a joint tenancy interest, a life estate, a partnership interest, a leasehold interest, a security interest, or an interest evidenced by a land contract by which possession of the Development is transferred and the Developer retains title.

(aaa) "Unit" means one (1) of the approximately four (4) affordable housing units to be constructed as part of the Development.

Section 1.2 Exhibits.

The following exhibits are attached to this Agreement and incorporated into this Agreement by this reference:

Exhibit A: Legal Description
Exhibit B: Financing Plan

ARTICLE 2
LOAN PROVISIONS

Section 2.1 Loan.

(a) Subject to satisfaction of the conditions set forth in this Article 2, as applicable, the City shall lend to the Developer the HOME Loan for the purposes set forth in Section 2.3 of this Agreement. The obligation to repay the HOME Loan shall be evidenced by the Note, in the form to be provided by the City. For the purposes of this Article 2, the HOME Loan will be disbursed in two (2) components:

(1) The "Construction Component" shall be a portion of the HOME Loan in the approximate amount of Two Hundred Seventy Thousand Dollars ($270,000) which shall be disbursed in accordance with the requirements of Section 2.6 below.

(2) The "Retention Component" shall be a portion of the HOME Loan in the approximate amount of Thirty Thousand Dollars ($30,000) or the balance of the HOME Loan, which shall be disbursed in accordance with the requirements of Section 2.7 below.

Section 2.2 Interest.

(a) Subject to the provisions of subsection (b) below, the outstanding principal balance of the HOME Loan shall bear no interest.

(b) In the event of a Default, interest on the HOME Loan shall begin to accrue, as of the date of Default, and continuing until such time as HOME Loan funds are repaid in full or the Default is cured, at the default rate of the lesser of ten percent (10%), compounded annually, or the highest rate permitted by law.

Section 2.3 Use of HOME Loan Funds.

(a) Construction Component. The Developer shall use the Construction Component funds to partially fund the construction of the Development consistent with the Final Financing Plan, and to the extent feasible, to fund the Developer Fee in accordance with the terms of this Agreement.

(b) Retention Component. The Developer shall use the Retention Component of the HOME Loan to reimburse the Developer for any construction costs associated with the construction of the Development, including to fund the Developer Fee in accordance with the terms of this Agreement.

(c) Reimbursements. No portion of the Loan shall be used to fund costs incurred more than twenty-four (24) months prior to the Effective Date or for any costs not allowed under 24 C.F.R. 92.206

(d) No Other Uses. The Developer shall not use any proceeds of the HOME Loan for any other purpose without the prior written consent of the City.

Section 2.4 Security.

The Developer shall secure its obligations to repay the HOME Loan, as evidenced by the Note, by executing the HOME Deed of Trust and recording the HOME Deed of Trust against the Property at the Close of Escrow.

Section 2.5 Subordination.

Any agreement by the City to subordinate the HOME Deed of Trust and/or HOME Regulatory Agreement to an encumbrance securing and/or evidencing Approved Financing (each such approved Final Financing Plan, a "Senior Lien"), will be subject to the satisfaction of each of the following conditions, as reasonably determined by the City:

(a) All of the proceeds of the proposed Senior Lien, less any transaction costs, must be used to provide acquisition, construction and/or permanent financing for the Development.

(b) The proposed lender (each, a "Senior Lender") must be a state or federally chartered financial institution, a nonprofit corporation or a public entity that is not affiliated with the Developer or any of the Developer's affiliates, other than as a depositor or a lender.

(c) The Developer must demonstrate to the City's reasonable satisfaction that subordination of the Property Deed of Trust is necessary to secure adequate acquisition, construction and/or permanent financing to ensure the viability of the Development, including the operation of the Development as affordable housing, as required by the HOME Loan Documents. To satisfy this requirement, the Developer must provide to the City, in addition to any other information reasonably required by the City, evidence demonstrating that the proposed amount of the Senior Lien is necessary to provide adequate acquisition, construction and/or permanent financing to ensure the viability of the Development, and adequate financing for the Development would not be available without the proposed subordination.

(d) All subordination agreements must provide the City with adequate rights to cure any defaults by the Developer, including: (1) providing the City or its successor with copies of any notices of default at substantially the same time and in the same manner as provided to the Developer; and (2) providing the City with a cure period of at least sixty (60) days to cure any default.

(e) The subordination(s) described in this Section may be effective only during the original term of the Senior Lien and any extension of its term approved in writing by the City, which approval shall not unreasonably be withheld.

(f) No subordination may limit the effect of the Property Deed of Trust before a foreclosure, nor require consent of the holder of the Senior Lien to exercise any remedies by the City under the HOME Loan Documents.

(g) Upon a determination by the City Manager that the conditions in this Section have been satisfied, the City Manager will be authorized to execute the approved subordination agreement without the necessity of any further action or approval.

(h) In the event there is a foreclosure of the Property, the HOME Regulatory Agreement shall be revived according to its original terms if, during the original HOME Regulatory Agreement term, the owner of record before the foreclosure, or deed in lieu of foreclosure, or any entity that includes the former owner or those with whom the former owner has or had family or business ties, obtains an ownership interest in the Development or the Property.

Section 2.6 Conditions Precedent to Disbursement of the Construction Component.

(a) The Construction Component of the HOME Loan shall be disbursed in accordance with the following provisions. The division of the HOME Loan between the Construction Component and the Retention Component may be readjusted by the City Manager on behalf of the City without the need for formal amendment of this Agreement. The City shall not be obligated to make any disbursements of the Construction Component unless the following conditions precedent are satisfied:

(1) There exists no Default by Developer nor any act, failure, omission or condition that would constitute an event of Default by Developer under this Agreement or any other project financing agreements or contracts;

(2) The Developer has delivered to the City a copy of an authorizing resolution authorizing execution of the HOME Loan Documents and the transactions contemplated by this Agreement;

(3) The Developer has acquired the Property;

(4) The Developer has executed and delivered to the City the Note evidencing the Developer's obligations under this Agreement, the HOME Deed of Trust, and the HOME Regulatory Agreement;

(5) The HOME Regulatory Agreement and the HOME Deed of Trust, have been, or concurrently with the Close of Escrow will be, recorded against the Property in a lien position approved by the City, and subject only to those liens approved by the City;

(6) The City has received and approved the Plans and Specifications;

(7) The Developer has received all Governmental Approvals and all building permits necessary to perform the Construction Work pursuant to the terms of this Agreement;

(8) The undisbursed proceeds of the HOME Loan, together with other funds that the Developer has obtained in connection with the Development, are not less than the amount provided in the Final Financing Plan;

(9) The City has received and approved a construction contract that the Developer has entered or proposed to enter for construction of the Development as required under the terms of this Agreement;

(10) A title insurer reasonably acceptable to the City is unconditionally and irrevocably committed to issuing an LP-10 2006 ALTA Lender's Policy of insurance insuring the priority of the HOME Regulatory Agreement and HOME Deed of Trust in the amount of the HOME Loan subject only to such exceptions and exclusions as may be reasonably acceptable to the City, and containing such endorsements as the City may reasonably require;

(11) All applicable federal (including all applicable requirements under the National Environmental Protection Act) and state environmental review has been completed for the Development;

(12) The Developer has furnished the City with evidence of insurance coverage meeting the requirements of this Agreement; The City has received copies of labor and material payment and performance bonds as required pursuant to the terms of this Agreement;

(13) The City has received and approved the Management Plan required pursuant to the terms of this Agreement;

(14) The Developer has obtained all permits and approvals necessary for the construction of the Improvements, as required under Section 3.5, and the City has received copies of the building permits required to construct the Improvements.

(15) The City has completed as approved all environmental reviews under NEPA, and the Developer has provided the City evidence of compliance with all approved NEPA requirements and mitigation measures;

(16) The City has received reasonable evidence that the local match requirements set forth in 24. C.F.R. Section 92.218 et seq., have been satisfied pursuant to Section 5.1 of this Agreement; and

(17) The City has received evidence from the Developer that the meets the legal and organizational characteristics described in 24 C.F.R. 92.2 and has been and continues to be annually recertified as a CHDO by the City for the entire HOME Term.

(18) The City has received a written draw request from the Developer, including certification that the condition set forth in subsection (a)(1) continues to be satisfied, and setting forth the proposed uses of funds consistent with the Final Financing Plan previously approved by the City, the amount of funds needed, and, a copy of the bill or invoice covering a cost incurred. When a disbursement is requested to pay any contractor in connection with improvements on the Property, the written request must be accompanied by: (i) certification by the Developer's architect reasonably acceptable to the City that the work for which disbursement

is requested has been completed (although the City reserves the right to inspect the Property and make an independent evaluation); and (ii) conditional lien releases and/or mechanics lien title insurance endorsements reasonably acceptable to the City.

(b) Upon satisfaction of the conditions in Section 2.6(a) above, the City shall disburse the Construction Component of the HOME Loan (or so much thereof as is required) for approved cost items as further described in the Final Financing Plan, on a monthly basis.

(c) Notwithstanding any other provisions of this Agreement, the City shall have no obligation to disburse any portion of the HOME Loan to the Developer following notification by the City to the Developer of a Default by Developer under the terms of this Agreement.

Section 2.7 Conditions Precedent to Disbursement of Retention Component.

(a) The City shall not be obligated to disburse the final Thirty Thousand Dollars ($30,000) of HOME Loan funds which comprise the Retention Component of the HOME Loan unless the following conditions precedents are satisfied:

(1) The City has received a completion report from the Developer setting forth the income, household size, and ethnicity of tenants of the Development and the unit size, rent amount and utility allowance for all units in the Development.

(2) The City has received a cost certification pursuant to Section 5.1 below.

(3) The City has received from the Developer copies of the final certificate of occupancy for the Development and the notice of completion has been recorded against title to the Property, or other equivalent document.

(4) The City has received from the Developer current evidence of the insurance coverage meeting the requirements of Section 3.10 below.

(5) The City has received from the Developer a form of lease, Marketing Plan and tenant selection plan for the Development.

(6) The City has received from the Developer evidence of marketing for any vacant units in the Development such as copies of flyers, list of media ads, list of agencies and organizations receiving information on availability of units, as applicable.

(7) The City has received from the Developer all relevant contract activity information, including, but not limited to evidence that the Developer has complied with the requirements in Section 4.3, Section 4.4, and Section 4.5.

(8) The City has received from the Developer contact information for the property manager of the Development and the name and phone number of the on-site property manager.

(9) The City has received from the Developer all certified payrolls, and any identified payment issues have been resolved, or the Developer is working diligently to resolve any such issues.

(10) The City has received a written draw request from the Developer, including certification that the condition set forth in subsection 2.6(a) continues to be satisfied, and setting forth the proposed uses of funds consistent with the Final Financing Plan, and, where applicable, a copy of the bill or invoice covering a cost incurred or to be incurred. The Developer shall apply the disbursement for the purpose(s) requested.

(b) Notwithstanding any other provisions of this Agreement, the City shall have no obligation to disburse any portion of the HOME Loan to the Developer under this Section, following notification by the City to the Developer of a Default by Developer under the terms of this Agreement.

Section 2.8 Repayment of the HOME Loan.

The HOME Loan shall be repaid as follows:

(a) Annual Payments. Commencing on April 1, 2015, and on April 1 of each year thereafter, through the end of the Term of the HOME Loan, the Developer shall make repayments of the HOME Loan in the amount of the City's Share of Residual Receipts. Payment of the City's Share of Residual Receipts shall be credited first against accrued interest and then against outstanding principal, and shall be accompanied by the Developer's report of Residual Receipts (including an independent auditor's report regarding the auditor's review of Annual Operating Expenses). The Developer shall provide the City with any documentation reasonably requested by the City to substantiate the Developer's determination of Residual Receipts.

(b) Due in Full. All principal and accrued interest on the HOME Loan shall be due in full on the earliest to occur of the following: (1) the date of any Transfer not authorized by the City; (2) the date of any Default (subject to applicable notice and cure periods set forth in Section 7.1); or (3) the expiration of the Term.

(c) Right to Prepay. The Developer shall have the right to prepay the HOME Loan at any time without premium or penalty. However, this Agreement and the HOME Regulatory Agreement shall remain in effect for the entire Term regardless of any prepayment.

(d) Special Repayment From Net Proceeds. Subject to the rights of senior lenders, No later than one hundred eighty (180) days from the Completion Date; the Developer shall pay to the City one-hundred percent (100%) of the Net Proceeds of Permanent Financing, as a special repayment of the Loan. The amount of the Net Proceeds of Permanent Financing shall be calculated using the actual principal amount of the permanent loans and/or grants made to the Developer, provided that if such amount is less than the amount set forth in the Approved Financing Plan, then the Developer shall provide sufficient evidence that the permanent loan is the maximum principal amount that the Developer could secure for the Development applying the permanent lender's underwriting standards. No later than one hundred fifty (150) days following completion of construction of the Development, Developer shall submit to the City for

its review a preliminary calculation of the Net Proceeds of Permanent Financing. The City shall reasonably approve or disapprove Developer's determination of the amount of the Net Proceeds of Permanent Financing in writing within thirty (30) days of receipt. If Developer's determination is disapproved by the County, Developer shall re-submit documentation to the City until the City approval is obtained.

(e) Special Repayment For Un-leased Units. As required under 24 C.F.R. 92.252, if Developer fails to lease any one of the HOME Units within eighteen (18) months of the Completion of Construction of the Development, the Developer shall pay to the City a proportionate share of the indebtedness of Developer to the City under this Agreement and the Note attributable to each of the HOME Units that has remained un-leased, together with any accrued interest thereon calculated pursuant to Section 2.2, which amount shall be immediately due and payable.

Section 2.9 Reports and Accounting of Residual Receipts.

(a) Audited Financial Statement. In connection with the annual payments required pursuant to Section 2.8, within one hundred twenty (120) days of the end of the Developer's fiscal year, the Developer shall furnish to the City an audited statement duly certified by an independent firm of certified public accountants approved by the City, setting forth in reasonable detail the computation and amount of Residual Receipts during the preceding calendar year.

(b) Books and Records. The Developer shall keep and maintain on the Property, or at its principal place of business, or elsewhere with the City's written consent, full, complete and appropriate books, records and accounts relating to the Development, including all such books, records and accounts necessary or prudent to evidence and substantiate in full detail the Developer's calculation of Residual Receipts. Books, records and accounts relating to the Developer's compliance with the terms, provisions, covenants and conditions of this Agreement shall be kept and maintained in accordance with generally accepted accounting principles consistently applied, and shall be consistent with requirements of this Agreement which provide for the calculation of Residual Receipts on a cash basis. All such books, records, and accounts shall be open to and available for inspection by the City, its auditors or other City authorized representatives at reasonable intervals during normal business hours. Copies of all tax returns and other reports that the Developer may be required to furnish any governmental agency shall at all reasonable times, and upon twenty-four (24) hours' notice, be open for inspection by the City at the place that the books, records and accounts of the Developer are kept. The Developer shall preserve records on which any statement of Residual Receipts is based for a period of not less than five (5) years after such statement is rendered, and for any period during which there is an audit undertaken pursuant to subsection (c) below then pending.

(c) Audits. The receipt by the City of any statement pursuant to this section or any payment by the Developer or acceptance by the City of any loan repayment for any period shall not bind the City as to the correctness of such statement or such payment. Within three (3) years after the receipt of any such statement, the City or any designated agent or employee of the City at any time shall be entitled to audit the Residual Receipts and all books, records, and accounts pertaining thereto. Such audit shall be conducted during normal business hours at the

principal place of business of the Developer and other places where records are kept. Immediately after the completion of an audit, the City shall deliver a copy of the results of such audit to the Developer. If it shall be determined as a result of such audit that there has been a deficiency in a loan repayment to the City, then such deficiency shall become immediately due and payable with interest at the default rate set forth in this Agreement, as applicable, determined as of and accruing from the date that said payment should have been made. In addition, if the Developer's auditor's statement for any Development fiscal year shall be found to have understated Residual Receipts by more than five percent (5%) and at least Five Thousand Dollars ($5,000), and the City is entitled to any additional HOME Loan repayment as a result of said understatement, then the Developer shall pay, in addition to the interest charges referenced hereinabove, all of the City's reasonable costs and expenses connected with any audit or review of the Developer's accounts and records.

Section 2.10 Nonrecourse.

(a) Except as provided below, upon recordation of the HOME Deed of Trust against the Affordable Parcel, the Developer shall have no direct or indirect personal liability for payment of the principal of, or interest on, the HOME Loan. Following recordation of the HOME Deed of Trust against the Affordable Parcel, the sole recourse of the City with respect to the principal of, and interest on, the Note shall be to the Property described in the HOME Deed of Trust; provided, however, that nothing contained in the foregoing limitation of liability shall:

(1) Limit or impair the enforcement against all such security for the Note of all the rights and remedies of the City thereunder;

(2) Be deemed in any way to impair the right of the City to assert the unpaid principal amount of the Note as demand for money within the meaning and intendment of Section 431.70 of the California Code of Civil Procedure or any successor provision thereto;

(3) Be deemed in any way to limit the rights of the City to obtain specific performance by the Developer of its covenants under the HOME Loan Documents, other than the covenants to pay the City principal and interest due under the Note; or

(b) The foregoing limitation of liability is intended to apply only to the obligation for the repayment of the principal of, and payment of interest on the Note; nothing contained herein is intended to relieve the Developer of its obligation to indemnify the City under this Agreement, or liability for:

(1) Fraud or willful misrepresentation by the Developer;

(2) The failure to pay taxes, assessments or other charges which may create liens on the Property that are payable or applicable prior to any foreclosure under the HOME Deed of Trust (to the full extent of such taxes, assessments or other charges);

(3) The fair market value of any personal property or fixtures removed or disposed of by the Developer other than in accordance with the HOME Deed of Trust; and/or

(4) The misappropriation of any proceeds by the Developer under any insurance policies or awards resulting from condemnation or the exercise of the power of eminent domain or by reason of damage, loss or destruction to any portion of the Development.

ARTICLE 3
PREDEVELOPMENT REQUIREMENTS

Section 3.1 Predevelopment Requirements.

The tasks described below shall be completed by the Developer no later than the dates set forth in this Article 3, subject to Force Majeure. The dates set forth herein may be modified by Operating Memoranda executed by the Developer and by the City Manager on behalf of the City without formal amendment of this Agreement.

Section 3.2 Final Financing Plan.

(a) As a condition precedent to the first Construction Component draw, the Developer shall have submitted and received approval from the City for any updates to the a "Final Financing Plan" attached hereto as Exhibit C.:

(1) An updated "sources and uses" breakdown of the costs of purchasing the Property and constructing the Improvements, and an updated operating proforma for the Development. Such updated sources and uses breakdown shall reflect the Developer's then current expectations for funding sources and development costs and may be in a form substantially similar to the most recently revised approved Financing Proposal, or in such other form as is mutually agreed upon by the Parties. The sources and uses breakdown shall include a project budget, detail the proposed uses of the HOME Loan funds to be disbursed to the Developer, and include a disbursement schedule identifying the source of funds and the timing of disbursement;

(2) An operating proforma for the first thirty (30) years of operation of the Development including funding for the provision of resident services. If the Development does not have a rental subsidy committed, the Final Financing Plan shall demonstrate that the target population can pay the proposed rents;

(3) Copies of all required funding commitments for performing the Construction Work consistent with the Final Financing Plan, including approval of the Bond Loan lender, and a preliminary tax credit reservation and an executed commitment letter from a tax credit equity investor acceptable to the City. The funding for the Construction Work shall include, but not be limited to, the following: (i) HOME Loan; (ii) Housing Authority Loan funds from the Housing Authority of the County of Stanislaus; and (iii) any other private and public funds that may become available; and

(4) Any other information that is reasonably necessary to the City in determining that the Developer has the financial capability to pay all costs of completing the Construction Work in accordance with the requirements of this Agreement.

(b) The City shall review the Final Financing Plan to determine if, in the City's reasonable judgment, the Developer has the financial capability (taking into account all committed funds), to pay all realistically established costs of constructing and operating the Development. The City shall review the Final Financing Plan and shall either approve or disapprove the Final Financing Plan in writing within fifteen (15) days of receipt. If disapproved, the City shall give specific reasons in writing for disapproval and the required revisions to the previously submitted Final Financing Plan. If the Final Financing Plan is disapproved, the Developer shall resubmit, a revised Final Financing Plan within fifteen (15) days of notification of disapproval. The City shall either approve or disapprove the submitted revised Final Financing Plan within fifteen (15) days of the date such revised Final Financing Plan is received by the City.

(c) The Developer shall submit any material revision to an approved Final Financing Plan to the City for its review and approval. Any proposed revisions to Final Financing Plan shall be considered and approved or disapproved by the City in the same manner and according to the same timeframe set forth above for the Final Financing Plan. Until a revised Final Financing Plan is approved by the City, the previously approved Final Financing Plan shall govern the financing of the Development.

(d) The Developer acknowledges that execution of this Agreement by the City does not constitute a commitment by the City to provide any additional financial assistance to the Developer and in no way limits the discretion of the City to determine any future assistance amounts.

Section 3.3 Relocation Plan.

(a) If and to the extent that financing, acquisition, and construction of the Development results in the permanent or temporary displacement of residential tenants, homeowners, or businesses, then the Developer shall comply with all applicable local, state, and federal statutes and regulations, (including without limitation California Government Code Section 7260 et seq., and accompanying regulations) with respect to relocation planning, advisory assistance, and payment of monetary benefits. The Developer shall be solely responsible for payment of any relocation benefits to any displaced persons and any other obligations associated with complying with such relocation laws.

(b) To the extent applicable, the Developer shall defend (with counsel reasonably acceptable to the City), the City against any claim for damages, compensation, fines, penalties, relocation payments or other amounts arising out of the failure or alleged failure of any person or entity (including the Developer or the City) to satisfy relocation obligations related to the acquisition and construction of the Development. The terms of this Section shall survive the repayment of the HOME Loan, the reconveyance of the Property Deed of Trust and the expiration of the Term.

Section 3.4 Plans and Specifications.

(a) No later than six (6) months from the Effective Date of this Agreement, the Developer shall submit to the City the plans and specifications for the construction of the

Development, including all construction documentation upon which the Developer and the Developer's contractor shall rely in performing the Construction Work , including, but not necessarily limited to, final architectural drawings, landscaping plans and specifications, final elevations, building plans and specifications (also known as "working drawings") (collectively the "Plans and Specifications").

(b) The Developer acknowledges that the execution of this Agreement by the City does not constitute approval by the City of the Plans and Specifications and in no way limits the discretion of the City in reviewing and making decisions regarding any discretionary or other permits required for the Development.

Section 3.5 Applicable Governmental Approvals.

(a) Promptly following the City approval of the Approved Plans and Specifications, the Developer shall apply for the Applicable Governmental Approvals necessary for performance of the Construction Work in accordance with the Approved Plans and Specifications and in the manner contemplated by the HOME Loan Documents.

(b) The Developer acknowledges that execution of this Agreement by the City does not constitute approval by the City of any required Applicable Governmental Approvals and in no way limits the discretion of the City in the permit, allocation and approval process.

Section 3.6 Other Financing. All other financing necessary to construct the Development, as required and approved by the City in the Final Financing Plan, shall be closed by the Developer prior to, or simultaneously with the funding of the Construction Component. The Developer shall also submit to the City evidence reasonably satisfactory to the City that any conditions to the release or expenditure of funds described in the Final Financing Plan as the sources of funds to pay the costs of constructing the Development have been met or will be met subject to the Developer's satisfaction of standard disbursement preconditions required to be satisfied on a periodic basis, for construction of the Development. Submission by the Developer, and approval by the City, of such evidence of funds availability shall be a condition precedent to the City's obligation to disburse the Construction Component.

Section 3.7 Management Plan.

(a) As a condition precedent to the first Construction Component draw request under the HOME Loan, the Developer shall submit to the City for review, a proposed management and marketing plan (the "Management Plan") for the leasing and operation of the Development.

(b) The City shall review the Management Plan and either reasonably approve or disapprove the Management Plan within fifteen (15) days after receipt. Any disapproval shall state in writing the specific reasons for the disapproval and specify in reasonable detail all of the changes the City requests be made in order to obtain approval. The Developer shall thereafter submit the revised Management Plan within fifteen (15) days of notification of disapproval. The City shall either approve or disapprove the submitted revised Management Plan within fifteen

(15) days of the date such revised Management Plan is received by the City, and shall approve the revised Management Plan if the requested changes have been made.

Section 3.8 Construction Contract.

(a) As a condition precedent to the first Construction Component draw request under the HOME Loan the Developer shall submit to the City for its approval the proposed construction contract for the Development. All construction work and professional services shall be performed by persons or entities licensed or otherwise authorized to perform the applicable construction work or service in the State of California. Each contract that the Developer enters for construction of the Development shall provide that at least ten percent (10%) of the costs incurred shall be payable only upon completion of construction, subject to early release of retention for specified subcontractors upon approval by the City. The City's approval of the construction contract shall in no way be deemed to constitute approval of or concurrence with any term or condition of the construction contract except as such term or condition may be required by this Agreement.

(b) The Developer shall submit the proposed Construction Contract with sufficient time for the City to review and approve such contracts. Upon receipt by the City of the proposed construction contract, the City shall promptly review same and approve or disapprove it within ten (10) working days. If the construction contract is not approved by the City, the City shall set forth in writing and notify the Developer of the City's reasons for withholding such approval. The Developer shall thereafter submit a revised construction contract for City approval, which approval shall be granted or denied in ten (10) working days in accordance with the procedures set forth above. Any construction contract executed by the Developer for the Development shall be in the form approved by the City.

Section 3.9 Building Permit Issued.

Not less than forty-five (45) days prior to the Commencement of Construction and as a condition precedent to the first Construction Component draw request under the HOME Loan, the Developer shall exercise diligent good faith efforts to obtain the building permit for the Construction Work. Upon delivery of evidence of receipt of such permit to the City this condition shall be considered satisfied.

Section 3.10 Insurance.

As a condition precedent to the initial draw request under the HOME Loan, the Developer shall submit to the City "Evidence of Insurance Coverage" meeting the general requirements set forth in Section 5.14 below. The City shall review and reasonably approve or disapprove of the Evidence of Insurance Coverage not less than ten (10) days after submission of complete information in the form required by the City. If the City disapproves the Evidence of Insurance coverage, it shall specify in writing the reasons for such disapproval. The Developer shall resubmit the information required within ten (10) days of the notification of disapproval. The City shall either approve or disapprove the submitted revised evidence of insurance within ten (10) days of the date such revised information is received by the City. No work shall be initiated on the Development prior to receipt of City's approval.

Section 3.11 Performance and Payment Bonds.

(a) As a condition precedent to the first Construction Component draw request under the HOME Loan, the Developer shall deliver to the City copies the Construction Bonds, which shall:

(1) be in a form reasonably acceptably to the City;

(2) be issued by a surety licensed to do business in California and reasonably acceptable to the City; and

(3) name the City as a co-obligee.

(b) The City shall either reasonably approve or disapprove the submitted proposed Construction Bonds within fifteen (15) days from the date the City receives the Construction Bonds. If the proposed Construction Bonds are not approved by the City, then the City shall notify the Developer in writing of the reasons for disapproval and the required revisions to the previously submitted Construction Bonds. The Developer shall thereafter submit revised proposed Construction Bonds within fifteen (15) days of the notification of disapproval. The City shall either approve or disapprove the submitted revised Construction Bonds within fifteen (15) days of the date such revised Construction Bonds are received by the City. The City shall approve the initial or revised Construction Bonds if they meet the standards set forth in Subsection (a) above.

Section 3.12 Evidence of Availability of Funds.

As a condition precedent to the first Construction Component draw request under the HOME Loan, the Developer shall submit to the City evidence reasonably satisfactory to the City that any conditions to release or expend funds described in the approved Final Financing Plan for the purpose of paying the costs of the Construction Work have been satisfied or will be satisfied at the time of Commencement of Construction Work. The City shall either reasonably approve or disapprove the submitted information within fifteen (15) days from the date the City receives the information.

ARTICLE 4
CONSTRUCTION OF THE AFFORDABLE DEVELOPMENT

Section 4.1 Commencement of Construction Work.

The Developer shall cause the Commencement of the Construction Work in a manner consistent with the Approved Plans and Specifications and all applicable Governmental Approvals no later than twelve (12) months from the effective date of this Agreement, subject to extensions pursuant to Section 8.15 below.

Section 4.2 Completion of Construction Work.

The Developer shall diligently complete the Construction Work in a manner consistent with the Approved Plans and Specifications and shall cause Completion of Construction of the Development, as evidenced by issuance of a certificate of occupancy, to occur no later than two years from the commencement of construction pursuant to Section 4.1, subject to extensions pursuant to Section 8.15 below.

Section 4.3 Performance of Work Pursuant to Plans and Laws; Prevailing Wages.

(a) Changes. The Developer shall complete the Construction Work in conformance with the Approved Plans and Specifications. The Developer shall notify the City in a timely manner of any changes in the work required to be performed under this Agreement, including any additions, changes, or deletions to the Approved Plans and Specifications. A written change order authorized by the City must be obtained before any of the following changes, additions, or deletions in the Construction Work may be performed: (1) any change in the Construction Work the cost of which exceeds Twenty-Five Thousand Dollars ($25,000); or (2) any set of changes in the Construction Work the cost of which cumulatively exceeds Fifty Thousand Dollars ($50,000); or (3) any material change in building materials or equipment, specifications, or the structural or architectural design or appearance of the Development as provided for in the Approved Plans and Specifications. City consent to any additions, changes, or deletions to the work (collectively, "Changes") shall not relieve or release the Developer from any other obligations under this Agreement, or relieve or release the Developer or its surety from any surety bond. City consent to any Changes does not relieve the Developer from any requirements to receive approval from the City for such Changes. The City shall utilize best efforts to approve or disapprove change orders within five (5) working days of receipt of a request for approval.

(b) Compliance with Laws. The Developer shall cause all Construction Work performed in connection with the Development to be performed in compliance with: (1) all applicable laws, ordinances, rules and regulations of federal, state, county or municipal governments or agencies now in force or that may be enacted hereafter, including (without limitation and to the extent applicable) the prevailing wage provisions of the federal Davis-Bacon Act and implementing rules and regulations, if applicable (as further discussed in subsection (c) below), and state prevailing wages pursuant to Labor Code Section 1770 et seq., and the regulations pursuant thereto, as further set forth in subsection (d) below; (2) the property standards set out in 24 C.F.R. Section 5.701 et. seq., and 24 C.F.R. Section 92.251; and (3) all directions, rules and regulations of any fire marshal, health officer, building inspector, or other officer of every governmental agency now having or hereafter acquiring jurisdiction. The work shall proceed only after procurement of each permit, license, or other authorization that may be required by any governmental agency having jurisdiction, and the Developer shall be responsible to the agency for the procurement and maintenance thereof, as may be required of the Developer and all entities engaged in work on the Development.

(c) Davis Bacon. To the extent required by law, the Developer shall cause construction of the Development to be in compliance with the prevailing wage requirements of the federal Davis-Bacon Act (40 U.S.C. Sections 3141-3148). Because, as will be provided in

the HOME Regulatory Agreement, only four (4) units in the Development are HOME Units, it is the understanding of the City and the Developer that the construction of the Development is exempt from the prevailing wage requirements of the Davis-Bacon Act, pursuant to 24 CFR 92.354(a)(2). If it is determined by HUD or a court of law that Davis-Bacon wages were required to be paid, the Developer shall indemnify, hold harmless and defend (with counsel reasonably acceptable to the City) the City, its councilmembers, officers, employees, agents, successors and assigns, against any claim for damages, compensation, fines, penalties or other amounts arising out of the failure or alleged failure of any person or entity (including the Developer, its contractor and subcontractors) to pay prevailing wages as determined pursuant to the prevailing wage provisions of the federal Davis-Bacon Act and implementing rules and regulations in connection with the rehabilitation of the Development or any other work undertaken or in connection with the Property. The requirements in this subsection shall survive termination of this Agreement, repayment of the Loan and the reconveyance of the Deed of Trust

(d) State Prevailing Wages. To the extent required by law, the Developer shall pay and shall cause the contractor and subcontractors to pay prevailing wages in connection with the Construction Work, as those wages are determined pursuant to Labor Code Sections 1720 et seq., to employ apprentices as required by Labor Code Sections 1777.5 et seq., and the implementing regulations of the Department of Industrial Relations (the "DIR"). In addition, as applicable, the Developer shall cause its respective contractors and subcontractors to do all the following: (i) all calls for bids, bidding materials and the construction contract documents for the Development must specify that (A) no contractor or subcontractor may be listed on a bid proposal nor be awarded a contract for the Development unless registered with the DIR pursuant to Labor Code Section 1725.5 , and (B) the Development is subject to compliance monitoring and enforcement by the California Department of Industrial Relations ("DIR"); (ii) the Developer is required to provide the City all information required by Labor Code Section 1773.3 as set forth in the DIR's online form PWC-100 within 2 days of the award of the contract (https://www.dir.ca.gov/pwc100ext/); (iii) the Developer shall cause its respective contractors to post job site notices, as prescribed by regulation by the DIR; (iv) the Developer shall cause its respective contractors to furnish payroll records required by Labor Code Section 1776 directly to the Labor Commissioner, at least monthly in the electronic format prescribed by the Labor Commissioner. The Developer shall indemnify, hold harmless and defend (with counsel reasonably acceptable to the City) the City its councilmembers, officers, employees, agents, successors and assigns, against any claim for damages, compensation, fines, penalties or other amounts arising out of the failure or alleged failure of any person or entity (including the Developer, its contractor and subcontractors) to pay prevailing wages as determined pursuant to Labor Code Sections 1720 et seq., to employ apprentices pursuant to Labor Code Sections 1777.5 et seq., and implementing regulations of the DIR or to comply with the other applicable provisions of Labor Code Sections 1720 et seq., 1777.5 et seq., and the implementing regulations of the DIR in connection with the Construction Work or any other work undertaken or in connection with the Development. The requirements in this subsection shall survive the repayment of the HOME Loan, and the reconveyance of the HOME Deed of Trust.

(e) Accessibility Requirements. The Developer shall construct the Development to comply with all applicable federal and state disabled persons accessibility requirements including but not limited to the Federal Fair Housing Act, Section 504 of the Construction Act of 1973, Title II and/or Title III of the Americans with Disabilities Act of 1990,

Title 24 of the California Code of Regulations and the Uniform Federal Accessibility Standards (UFAS). In compliance with Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794, et seq.), a minimum of five percent (5%) of all Units shall be constructed to be fully accessible to households with a mobility impaired member and an additional two percent (2%) of all Units shall be fully accessible to hearing and/or visually impaired persons.

Section 4.4 Equal Opportunity.

During the performance of the Construction Work there shall be no discrimination on the basis of race, color, creed, religion, age, sex, gender, gender identity, gender expression, sexual orientation, marital status, national origin, ancestry, military and veteran status, or disability in the hiring, firing, promoting, or demoting of any person engaged in the Construction Work .

Section 4.5 Minority and Women-Owned Contractors.

Developer shall use its best efforts to afford minority-owned and women-owned business enterprises the maximum practicable opportunity to participate in the construction of the Development. Developer shall, at a minimum, notify applicable minority-owned and women-owned business firms located in Stanislaus County of bid opportunities for the construction of the Development. Documentation of such notifications must be maintained by Developer and available to the County as requested.

Section 4.6 Progress Reports; Amended Final Financing Plan.

From the date of execution of this Agreement and continuing until Completion of Construction, the Developer shall provide the City with quarterly progress reports regarding the status of the Construction Work, including a certification that the actual construction costs to date conform to the Final Financing Plan. The Developer shall submit any required amendments to the Final Financing Plan to the City for approval within fifteen (15) days of the date the Developer receives information indicating that actual costs of the Development vary or will vary from the costs shown on the Final Financing Plan. Written consent of the City shall be required to amend the Final Financing Plan.

Section 4.7 Construction Responsibilities.

(a) It shall be the responsibility of the Developer to coordinate and schedule the work to be performed so that Commencement of Construction and Completion of Construction will take place in accordance with this Agreement.

(b) The Developer shall be solely responsible for all aspects of the Developer's conduct in connection with the Development, including (but not limited to) the quality and suitability of the Construction Work, the supervision of Construction Work, and the qualifications, financial condition, and performance of all architects, engineers, contractors, subcontractors, suppliers, consultants, and property managers. Any review or inspection undertaken by the City with reference to the Development is solely for the purpose of determining whether the Developer is properly discharging its obligations to the City, and should not be relied upon by the Developer or by any third parties as a warranty or representation by the

City as to the quality of the design or construction of the Development and does not relieve the Developer, or its consultants, from any applicable requirement to obtain City approval and/or inspections.

Section 4.8 Mechanics Liens, Stop Notices, and Notices of Completion.

(a) If any claim of lien is filed against the Property or the Improvements or a stop notice affecting the HOME Loan is served on the City or any other lender or other third party in connection with the Construction Work, then the Developer shall, within fifteen (15) days after such filing or service give notice to the City of the claim of lien, and within thirty (30) days either pay and fully discharge the lien or stop notice, effect the release of such lien or stop notice by delivering to the City a surety bond from a surety acceptable to the City in sufficient form and amount, or provide the City with other assurance satisfactory to the City that the claim of lien or stop notice will be paid or discharged.

(b) If the Developer fails to discharge any lien, encumbrance, charge, or claim in the manner required in this Section, then in addition to any other right or remedy, the City may (but shall be under no obligation to) discharge such lien, encumbrance, charge, or claim at the Developer's expense. Alternately, the City may require the Developer to immediately deposit with the City the amount necessary to satisfy such lien or claim and any costs, pending resolution thereof. The City may use such deposit to satisfy any claim or lien that is adversely determined against the Developer.

(c) The Developer shall file a valid notice of cessation or notice of completion upon cessation of construction of the Development for a continuous period of thirty (30) days or more, and take all other reasonable steps to forestall the assertion of claims of lien against the Property and/or Improvements. The Developer authorizes the City, but without any obligation to the City, to record any notices of completion or cessation of labor, or any other notice that the City deems necessary or desirable to protect its interest in the Development. The Developer agrees and acknowledges that the City must conduct on-site inspections, consistent with the requirements of 24 C.F.R. 92.504(d), to determine compliance with the property standards set forth in 24 C.F.R. 92.251, at least once every three(3) years after the completion of construction of the Development.

Section 4.9 Inspections.

(a) The Developer shall permit and facilitate, and shall require its contractors to permit and facilitate, observation and inspection at the Development by the City and by public authorities during reasonable business hours for the purposes of determining compliance with this Agreement. Such inspections do not relieve the Developer, or its contractors, from any applicable requirement to obtain City inspections in connection with the construction of the Development.

(b) After the completion of an inspection the City shall deliver a copy of the inspection report to the Developer. If the City determines as a result of such inspection that there are any life-threatening health and safety related deficiencies, Developer has the obligation to correct such deficiencies immediately, in accordance with 24 C.F.R 92.251. If the City

determines as a result of the inspection that there are any deficiencies for any of the inspectable items in the Development, the Developer shall correct such deficiencies within fifteen (15) days from the delivery of the inspection report or if a period longer than fifteen (15) days is reasonably necessary to correct the deficiency, then Developer must begin to correct the deficiency within fifteen (15) days and correct the deficiency as soon as reasonably possible. In addition, the Developer acknowledges that the City may re-inspect the Development to verify all deficiencies have been corrected or rely on third party documentation submitted by the Developer for non-hazardous deficiencies in conformance with 24 C.F.R. 92.504(d)

Section 4.10 Developer Fee.

In no event shall developer fees paid to any entity for development services rendered, including administrative fees and costs in connection with the Development and deferred developer fees exceed the lesser of: (i) the maximum amount that is permitted by HCD, and; (ii) the amount approved in the Final Financing Plan.

Section 4.11 Marketing Plan.

(a) No later than six (6) months prior to the projected date of the completion of the Development, the Developer shall submit to the City for approval its plan for marketing the Development to income-eligible households as required pursuant to the HOME Regulatory Agreement, including information on affirmative marketing efforts and compliance with fair housing laws, including but not limited to the information required under 24 C.F.R. Section 92.351(a) (the "Marketing Plan").

(b) Upon receipt of the Marketing Plan, the City shall promptly review the Marketing Plan and shall approve or disapprove the Marketing Plan within fifteen (15) days after submission. If the Marketing Plan is not approved, the Developer shall submit a revised Marketing Plan within fifteen (15) days. If the City does not approve the revised Marketing Plan, the Developer shall be in default hereunder.

(c) If after five (5) months after the Completion of Construction any HOME Unit remains unoccupied, the Developer shall submit a detail report of the ongoing marketing efforts, and if deemed appropriate by the City, any necessary amendments or updates to the Marketing Plan aimed at ensuring any unoccupied HOME Unit is promptly leased. If any of the HOME Units remain unoccupied eleven (11) months after the Completion of Construction, the Developer shall submit a detailed report of the ongoing marketing efforts and submit to the City an update to the Marketing Plan. Failure to lease all of the HOME Units to an eligible tenant within eighteen (18) months of Completion of Construction shall trigger the special repayment pursuant to Section 2.7.

ARTICLE 5
LOAN REQUIREMENTS

Section 5.1 Match Requirement.

The Developer shall ensure that the HOME Loan is matched with a minimum of 25% of the loan amount which is equal to One Hundred Thirty-five Thousand Dollars ($135,000), in

other, non-federal sources, pursuant to and eligible under 24 CFR 92.220.

Section 5.2 Financial Accountings and Post-Completion Audits.

The Developer shall provide to City a financial accounting of all sources and uses of funds for the Construction Work. No later than one hundred fifty (150) calendar days following completion of Construction Work, the Developer shall submit a cost certification prepared by the Developer's accountants showing the sources and uses of all funds utilized for the Development, as well as a copy of all documents that the Developer is required to submit to TCAC as part of the final feasibility and cost reasonableness analysis.

Section 5.3 Annual Operating Budget.

At the beginning of each fiscal year of the Term, the Developer shall provide to the City an annual budget for the operation of the Development. Unless rejected by the City in writing within fifteen (15) days after receipt of the budget, said budget shall be deemed accepted. If rejected by the City in whole or in part, the Developer shall submit a new or corrected budget within thirty (30) calendar days of notification of the City's rejection and the reasons therefore. The provisions of this Section relating to time periods for resubmission of new or corrected budgets shall continue to apply until such budget has been approved by the City.

Section 5.4 Information.

The Developer shall provide all information reasonably requested by the City in connection with the Construction Work and the operation of the Development, including but not limited to any information required by HUD in connection with the Developer's use of the HOME Loan funds.

Section 5.5 Records.

(a) The Developer shall keep and maintain at the Development, or elsewhere with the City's written consent, full, complete and appropriate books, records and accounts relating to the Development, including all such books, records and accounts necessary or prudent to evidence and substantiate in full detail Developer's compliance with the terms and provisions of this Agreement. Books, records and accounts relating to Developer's compliance with the terms, provisions, covenants and conditions of this Agreement shall be kept and maintained in accordance with generally accepted accounting principles consistently applied, and shall be consistent with requirements of this Agreement. All such books, records, and accounts shall be open to and available for inspection and copying by HUD, the City, its auditors or other authorized representatives at reasonable intervals during normal business hours. Copies of all tax returns and other reports that Developer may be required to furnish to any governmental agency shall at all reasonable times be open for inspection by the City at the place that the books, records and accounts of the Developer are kept. The Developer shall preserve such records for a period of not fewer than five (5) years after the creation of such records in compliance with all HUD records and accounting requirements. If any litigation, claim, negotiation, audit exception, monitoring, inspection or other action relating to the use of the Loan is pending at the end of the record retention period stated herein, then the Developer shall retain such records until such

action and all related issues are resolved. Such records shall include all invoices, receipts, and other documents related to expenditures from the Loan funds. Records must be kept accurate and current and in such a form as to allow the City to comply with the applicable recordkeeping requirements contained in 24 C.F.R. Section 92.508. Such records shall include but not be limited to:

(1) Records providing a full description of the activities undertaken with the use of the Loan funds;

(2) Records demonstrating compliance with the HUD property standards and lead-based paint requirements, including, as applicable, the Uniform Physical Conditions Standards established by HUD pursuant to 24 C.F.R. 5.703;

(3) Records demonstrating compliance with the Tenant Selection Plan requirements pursuant to 24 C.F.R. 92.253(d);

(4) Records demonstrating compliance with the affordability and income requirements for tenants and HOME affordability and income requirements;

(5) Records documenting compliance with the fair housing, equal opportunity, and affirmative fair marketing;

(6) Records demonstrating compliance with applicable relocation requirements which must be retained for at least five (5) years after the date by which persons displaced from the property have received final payments;

(7) Records demonstrating compliance with MBE/WBE requirements;

(8) Records demonstrating that tenant leases comply with the HOME Requirements;

(9) Records demonstrating compliance with Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. 1701u, and labor requirements, including certified payrolls from the Developer's general contractor (and any subcontractor) evidencing that applicable prevailing wages have been paid;

(10) Financial records as required by 24 C.F.R. Section 92.505, and OMB Circular A-110.

(b) The City shall notify Developer of any records it deems insufficient. Developer shall have fifteen (15) calendar days after the receipt of such a notice to correct any deficiency in the records specified by the City in such notice, or if a period longer than fifteen (15) days is reasonably necessary to correct the deficiency, then Developer shall begin to correct the deficiency within fifteen (15) days and correct the deficiency as soon as reasonably possible.

Section 5.6 Audits.

(a) Each year, the Developer shall provide the City with a copy of the Developer's annual audit, which shall include information on all of the Developer's activities and

not just those pertaining to the Development, and shall submit all other financial information reasonably requested by the City determined by the City as necessary for compliance with the requirements of 24 C.F.R 504(d). Developer shall also follow audit requirements of the Single Audit Act and OMB Circulars A-122 and 110.

(b) In addition, the City or any designated agent or employee of the City at any time shall be entitled to audit all of Developer's books, records, and accounts pertaining thereto. Such audit shall be conducted during normal business hours at the principal place of business of Developer and other places where records are kept. Immediately after the completion of an audit, the City shall deliver a copy of the results of such audit to Developer.

Section 5.7 HOME Requirements.

(a) The Developer shall comply with all applicable laws and regulations governing the use of the HOME funds as set forth in 24 C.F.R. Part 92, including but not limited to the requirements of the HOME Regulatory Agreement. In the event of any conflict between this Agreement and applicable laws and regulations governing the use of the HOME Loan funds, the applicable laws and regulations shall govern. During the HOME Term, these requirements shall be federal requirements, implemented by the City; thereafter, these requirements shall be deemed local City requirements.

(b) The laws and regulations governing the use of the HOME Loan funds include (but are not limited to) the following:

(1) Eligible Project Costs. Restrictions on funding only eligible project costs as defined under 24 C.F.R. 92.206.

(2) Environmental and Historic Preservation. 24 C.F.R. Part 50 and 24 C.F.R. Part 58, which prescribes procedures for compliance with the National Environmental Policy Act of 1969 (42 U.S.C. Sections 4321-4361), and the additional laws and authorities listed at 24 C.F.R. Section 58.5.

(3) Applicability of OMB Circulars. The applicable policies, guidelines, and requirements of OMB Circulars Nos. A-87, A-102, Revised, A-110, A-122, and A-133.

(4) Debarred, Suspended or Ineligible Contractors. The prohibition on the use of debarred, suspended, or ineligible contractors and subcontractors set forth in 24 C.F.R. Part 24, including maintenance of all appropriate records for compliance thereof.

(5) Civil Rights, Housing and Community Development, and Age Discrimination Acts. The Fair Housing Act (42 U.S.C. Section 3601 et seq.) and implementing regulations at 24 C.F.R. Part 100; Title VI of the Civil Rights Act of 1964 as amended; Title VIII of the Civil Rights Act of 1968 as amended; Section 104(b) and Section 109 of Title I of the Housing and Community Development Act of 1974 as amended; Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. Section 794, et seq.); the Age Discrimination Act of 1975 (42 U.S.C. Section 6101, et seq.); Executive Order 11063 as amended by Executive Order 12259 and implementing regulations at 24 C.F.R. Part 107; Executive Order 11246 as amended by

Executive Orders 11375, 12086, 11478, 12107; Executive Order 11625 as amended by Executive Order 12007; Executive Order 12432; Executive Order 12138 as amended by Executive Order 12608.

(6) Lead-Based Paint. The requirement of the Lead-Based Paint Poisoning Prevention Act, as amended (42 U.S.C. Section 4821 et seq.), the Residential Lead-Based Paint Hazard Reduction Act (42 U.S.C. Section 4851 et seq.), and implementing regulations at 24 C.F.R. Part 35.

(7) Relocation. The requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (42 U.S.C. Section 4601, et seq.) and implementing regulations at 49 C.F.R. Part 24; 24 C.F.R. 570.606, Section 104(d) of the Housing and Community Development Act of 1974 and implementing regulations at 24 C.F.R. Part 42; 24 C.F.R. Section 92.353; and California Government Code Section 7260 et seq. and implementing regulations at 25 California Code of Regulations Section 6000 et seq. If and to the extent that construction of the Development results in the permanent or temporary displacement of residential tenants, homeowners, or businesses, then the Developer shall comply with all applicable local, state, and federal statutes and regulations with respect to relocation planning, advisory assistance, and payment of monetary benefits. The Developer shall prepare and submit a relocation plan to the City for approval. The Developer shall be solely responsible for payment of any relocation benefits to any displaced persons and any other obligations associated with complying with such relocation laws. The Developer shall indemnify, defend (with counsel reasonably chosen by the City), and hold harmless the City, its councilmembers, officers, employees, agents, successors and assigns, against all claims which arise out of relocation obligations to residential tenants, homeowners, or businesses permanently or temporarily displaced by the Development.

(8) Discrimination against the Disabled. The requirements of the Fair Housing Act (42 U.S.C. 3601 et seq.) and implementing regulations at 24 C.F.R. Part 100, the requirements of Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. Section 794), and federal regulations issued pursuant thereto, which prohibit discrimination against the disabled in any federally assisted program, the requirements of the Architectural Barriers Act of 1968 (42 U.S.C. Sections 4151-4157) and the applicable requirements of Title II and/or Title III of the Americans with Disabilities Act of 1990 (42 U.S.C. Section 12131 et seq.), and federal regulations issued pursuant thereto.

(9) Clean Air and Water Acts. The Clean Air Act, as amended, 42 U.S.C. Section 7401 et seq., the Federal Water Pollution Control Act, as amended, 33 U.S.C. Section 1251 et seq., and the regulations of the Environmental Protection Agency with respect thereto, at 40 C.F.R. Part 1500, as amended from time to time.

(10) Uniform Administrative Requirements. The requirements of 24 C.F.R. Section 92.505 regarding cost and auditing requirements.

(11) Training Opportunities. The requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. 1701u ("Section 3"), requiring that to the greatest extent feasible opportunities for training and employment be given to lower income residents of the project area and agreements for work in connection with the

project be awarded to business concerns which are located in, or owned in substantial part by persons residing in, the areas of the project. The Developer agrees to include the following language in all subcontracts executed under this Agreement:

(i) The work to be performed under this contract is subject to the requirements of Section 3. The purpose of Section 3 is to ensure that employment and other economic opportunities generated by HUD assistance or HUD-assisted projects covered by Section 3, shall, to the greatest extent feasible, be directed to low- and very low-income persons, particularly persons who are recipients of HUD assistance for housing.

(ii) The parties to this contract agree to comply with HUD's regulations in 24 C.F.R. Part 135, which implement Section 3. As evidenced by their execution of this contract, the parties to this contract certify that they are under no contractual or other impediment that would prevent them from complying with the 24 C.F.R. Part 135 regulations.

(iii) The contractor agrees to send to each labor organization or representative of workers with which the contractor has a collective bargaining agreement or other understanding, if any, a notice advising the labor organization or workers' representative of the contractor's commitments under this Section 3 clause; and will post copies of the notice in conspicuous places at the work site where both employees and applicants for training and employment positions can see the notice. The notice shall describe the Section 3 preference; shall set forth minimum number and job titles subject to hire; availability of apprenticeship and training positions; the qualifications for each; the name and location of the person(s) taking applications for each of the positions; and the anticipated date the work shall begin.

(iv) The contractor agrees to include this Section 3 clause in every subcontract subject to compliance with regulations in 24 C.F.R. Part 135, and agrees to take appropriate action, as provided in an applicable provision of the subcontract or in this Section 3 clause, upon a finding that the subcontractor is in violation of the regulations in 24 C.F.R. Part 135. The contractor will not subcontract with any subcontractor where the contractor has notice or knowledge that the subcontractor has been found in violation of the regulations in 24 C.F.R. Part 135.

(v) The contractor will certify that any vacant employment positions, including training positions, that are filled: (1) after the contractor is selected but before the contract is executed; and (2) with persons other than those to whom the regulations of 24 C.F.R. Part 135 require employment opportunities to be directed, were not filled to circumvent the contractor's obligations under 24 C.F.R. Part 135.

(vi) Noncompliance with HUD's regulations in 24 C.F.R. Part 135 may result in sanctions, termination of this contract for default, and debarment or suspension from future HUD assisted contracts.

(vii) With respect to work performed in connection with Section 3 covered Indian housing assistance, Section 7(b) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. Section 450e) also applies to the work to be performed under this contract. Section 7(b) requires that to the greatest extent feasible: (1) preference and

opportunities for training and employment shall be given to Indians, and (2) preference in the award of contracts and subcontracts shall be given to Indian organizations and Indian-owned Economic Enterprises. Parties to this contract that are subject to the provisions of Section 3 and Section 7(b) agree to comply with Section 3 to the maximum extent feasible, but not in derogation of compliance with Section 7(b).

(12) Labor Standards. The Developer shall comply with applicable labor requirements set forth in 24 C.F.R. Section 92.354: the prevailing wage requirements of the Davis-Bacon Act and implementing rules and regulations (40 U.S.C. Sections 3141-3148); the Copeland "Anti-Kickback" Act (40 U.S.C. Section 276(c)) which requires that workers be paid at least once a week without any deductions or rebates except permissible deductions; the Contract Work Hours and Safety Standards Act – CWHSSA (40 U.S.C. Sections 3701-3708) which requires that workers receive "overtime" compensation at a rate of 1-1/2 times their regular hourly wage after they have worked forty (40) hours in one (1) week; and Title 29, Code of Federal Regulations, Subtitle A, Parts 1, 3 and 5 are the regulations and procedures issued by the Secretary of Labor for the administration and enforcement of the Davis-Bacon Act, as amended. Because, as provided in the HOME Regulatory Agreement, only four (4) units in the Development are HOME Units, it is the understanding of the City and the Developer that the construction of the Development is exempt from the prevailing wage requirements of the Davis-Bacon Act, pursuant to 24 CFR 92.354(a)(2).

(13) Drug Free Workplace. The requirements of the Drug Free Workplace Act of 1988 (P.L. 100-690) and implementing regulations at 24 C.F.R. Part 24.

(14) Anti-Lobbying; Disclosure Requirements. The disclosure requirements and prohibitions of 31 U.S.C. Section 1352 and implementing regulations at 24 C.F.R. Part 87.

(15) Historic Preservation. The historic preservation requirements set forth in the National Historic Preservation Act of 1966, as amended (16 U.S.C. Section 470) and the procedures set forth in 36 C.F.R. Part 800. If archeological, cultural, or historic period resources are discovered during rehabilitation, all rehabilitation work must come to a halt and the Developer shall immediately notify the City. The Developer shall not shall alter or move the discovered material(s) until all appropriate procedures for "post-review discoveries" set forth in Section 106 of the National Historic Preservation Act have taken place, which include, but are not limited to, consultation with the California State Historic Preservation Officer and evaluation of the discovered material(s) by a qualified professional archeologist.

(16) Flood Disaster Protection. The requirements of the Flood Disaster Protection Act of 1973 (P.L. 93-234) (the "Flood Act"). No portion of the assistance provided under this Agreement is approved for acquisition or construction purposes as defined under Section 3(a) of the Flood Act, for use in an area identified by HUD as having special flood hazards which is not then in compliance with the requirements for participation in the national flood insurance program pursuant to Section 201(d) of the Flood Act. The use of any assistance provided under this Agreement for such acquisition or construction in such identified areas in communities then participating in the National Flood Insurance Program is subject to the mandatory purchase of flood insurance requirements of Section 102(a) of the Flood Act. If the Property is located in an area identified by HUD as having special flood hazards and in which

the sale of flood insurance has been made available under the National Flood Insurance Act of 1968, as amended, 42 U.S.C. 4001 et seq., the property owner and its successors or assigns must obtain and maintain, during the ownership of the Property, such flood insurance as required with respect to financial assistance for acquisition or construction purposes under Section 102(s) of the Flood Act. Such provisions are required notwithstanding the fact that the construction on the Property is not itself funded with assistance provided under this Agreement.

(17) Faith Based Activities. If the Developer is a religious organization, as defined by the HOME requirements, the Developer shall comply with all conditions prescribed by HUD for the use of HOME Funds by religious organizations, including the First Amendment of the United States Constitution regarding church/state principles and the applicable constitutional prohibitions set forth in 24 C.F.R. 92.257.

(18) Physical Needs Assessment. The Developer shall conduct, or caused to be conducted, a physical needs assessment on the Development once every five (5) years from the date that construction of the Development is completed. The Developer shall comply with all HUD requirements for conducting and documenting the physical needs assessment and shall provide the City with a copy of all documentation related to each physical needs assessment conducted, or caused to be conducted, by the Developer.

(19) HUD Regulations. Any other HUD regulations present or as may be amended, added, or waived in the future pertaining to the Loan funds, including but not limited to HUD regulations as may be promulgated regarding subrecipients.

Section 5.8 Hazardous Materials.

(a) Upon acquisition of the Property, the Developer shall keep and maintain the Development in compliance with, and shall not cause or permit the Development to be in violation of any federal, state or local laws, ordinances or regulations relating to industrial hygiene or to the environmental conditions on, under, or about the Development including, but not limited to, soil and ground water conditions. The Developer shall not use, generate, manufacture, store or dispose of, on, under, or about the Development or transport to or from the Development any Hazardous Materials except those materials as may be used in the construction and operation of the Development, or customarily kept and used in and about residential property of this type.

(b) The Developer shall immediately advise the City in writing: (1) any time the Developer receives written notice of any Hazardous Materials Claims, and (2) if the Developer discovers of any occurrence or condition on any real property adjoining or in the vicinity of the Development that could cause the Development or any part thereof to be classified as "border-zone property" under the provision of California Health and Safety Code, Sections 25220 et seq., or any regulation adopted in accordance therewith, or to be otherwise subject to any restrictions on the ownership, occupancy, transferability or use of the Development under any Hazardous Materials Law.

(c) The City shall have the right to join and participate in, as a party if it so elects, any legal proceedings or actions initiated in connection with any Hazardous Materials Claims and to have its reasonable attorneys' fees in connection therewith paid by the Developer.

The Developer shall indemnify and hold harmless the City and its council members, directors, officers, employees, agents, successors and assigns, from and against any loss, damage, cost, expense or liability directly or indirectly arising out of or attributable to the use, generation, storage, release, threatened release, discharge, disposal, or presence of Hazardous Materials on, under, or about the Development (including asbestos) including without limitation: (1) all foreseeable consequential damages; (2) the costs of any required or necessary repair, cleanup or detoxification of the Development and the preparation and implementation of any closure, remedial or other required plans; and (3) all reasonable costs and expenses incurred by the City in connection with clauses (1) and (2), including but not limited to reasonable attorneys' fees. This indemnification applies whether or not any government agency has issued a cleanup order. Losses, claims, costs, suits, liability, and expenses covered by this indemnification provision include, but are not limited to: (1) losses attributable to diminution in the value of the Property, (2) loss or restriction of use of rentable space on the Property, (3) adverse effect on the marketing of any rental space on the Property, and (4) penalties and fines levied by, and remedial or enforcement actions of any kind issued by any regulatory agency (including but not limited to the costs of any required testing, remediation, repair, removal, cleanup or detoxification of the Property and surrounding properties). This obligation to indemnify shall survive termination of this Agreement.

(d) Without the City's prior written consent, which shall not be unreasonably withheld, the Developer shall not take any remedial action in response to the presence of any Hazardous Materials on, under or about the Development, nor enter into any settlement agreement, consent decree, or other compromise in respect to any Hazardous Material Claims, which remedial action, settlement, consent decree or compromise might, in the City's reasonable judgment, impair the value of the City's security hereunder; provided, however, that the City's prior consent shall not be necessary in the event that the presence of Hazardous Materials on, under, or about the Development either poses an immediate threat to the health, safety or welfare of any individual or is of such a nature that an immediate remedial response is necessary and it is not reasonably possible to obtain the City's consent before taking such action, provided that in such event the Developer shall notify the City as soon as practicable of any action so taken. The City agrees not to withhold its consent, where such consent is required hereunder, if either: (1) a particular remedial action is ordered by a court of competent jurisdiction; (2) the Developer will or may be subjected to civil or criminal sanctions or penalties if it fails to take a required action; (3) the Developer establishes to the reasonable satisfaction of the City that there is no reasonable alternative to such remedial action which would result in less impairment of the City's security hereunder; or (4) the action has been agreed to by the City.

(e) The Developer hereby acknowledges and agrees that: (1) this Section is intended as the City's written request for information (and the Developer's response) concerning the environmental condition of the Development as required by California Code of Civil Procedure Section 726.5; and (2) each representation and warranty in this Agreement (together with any indemnity obligation applicable to a breach of any such representation and warranty) with respect to the environmental condition of the Development is intended by the Parties to be an "environmental provision" for purposes of California Code of Civil Procedure Section 736.

(f) In the event that any portion of the Development is determined to be "environmentally impaired" (as that term is defined in California Code of Civil Procedure

Section 726.5(e)(3)) or to be an "affected parcel" (as that term is defined in California Code of Civil Procedure Section 726.5(e)(1)), then, without otherwise limiting or in any way affecting the City's or the trustee's rights and remedies under the Property Deed of Trust, the City may elect to exercise its rights under California Code of Civil Procedure Section 726.5(a) to: (1) waive its lien on such environmentally impaired or affected portion of the Development; and (2) exercise: (i) the rights and remedies of an unsecured creditor, including reduction of its claim against the Developer to judgment; and (ii) any other rights and remedies permitted by law. For purposes of determining the City right to proceed as an unsecured creditor under California Code of Civil Procedure Section 726.5(a), the Developer shall be deemed to have willfully permitted or acquiesced in a release or threatened release of hazardous materials, within the meaning of California Code of Civil Procedure Section 726.5(d)(1), if the release or threatened release of Hazardous Materials was knowingly or negligently caused or contributed to by any lessee, occupant, or user of any portion of the Development and the Developer knew or should have known of the activity by such lessee, occupant, or user which caused or contributed to the release or threatened release. All costs and expenses, including (but not limited to) attorneys' fees, incurred by the City in connection with any action commenced under this paragraph, including any action required by California Code of Civil Procedure Section 726.5(b) to determine the degree to which the Development is environmentally impaired, plus interest thereon at the lesser of ten percent (10%) or the maximum rate permitted by law, until paid, shall be added to the indebtedness secured by the Property Deed of Trust and shall be due and payable to the City upon its demand made at any time following the conclusion of such action.

(g) The Developer hereby indemnifies the City and its council members, directors, officers, employees, agents, successors and assigns for any and all liability resulting from or related to the presence of any Hazardous Materials on the Property.

Section 5.9 Maintenance and Damage.

(a) During the course of operation of the Development, the Developer shall maintain the Development in good repair and in a neat, clean and orderly condition. If there arises a condition in contravention of this requirement, and if the Developer has not cured such condition within thirty (30) days after receiving a notice from the City of such a condition, then in addition to any other rights available to the City, the City shall have the right to perform all acts necessary to cure such condition, and to establish or enforce a lien or other encumbrance against the Property.

(b) Subject to the requirements of senior lenders, and if economically feasible in the City's reasonable judgment after consultation with the Developer, if any improvement now or in the future on the Property is damaged or destroyed, then the Developer shall, at its cost and expense, diligently undertake to repair or restore such improvement consistent with the plans and specifications approved by the City with such changes as have been approved by the City. Such work or repair shall be commenced no later than the later of one hundred twenty (120) days, or such longer period approved by the City in writing, after the damage or loss occurs or thirty (30) days following receipt of the insurance proceeds, and shall be complete within one (1) year thereafter. Any insurance proceeds collected for such damage or destruction shall be applied to the cost of such repairs or restoration and, if such insurance proceeds shall be insufficient for such purpose, then the Developer shall make up the deficiency. If the Developer does not make

repairs, then any insurance proceeds collected for such damage or destruction shall be distributed as if such proceeds were Residual Receipts, subject to the rights of the Senior Lenders.

Section 5.10 Fees and Taxes.

(a) The Developer shall be solely responsible for payment of all fees, assessments, taxes, charges, and levies imposed by any public authority or utility company with respect to the Development to the extent owed by the Developer, and shall pay such charges prior to delinquency. However, the Developer shall not be required to pay and discharge any such charge so long as: (1) the legality thereof is being contested diligently and in good faith and by appropriate proceedings; and (2) if requested by the City, the Developer deposits with the City any funds or other forms of assurance that the City in good faith from time to time determines appropriate to protect the City from the consequences of the contest being unsuccessful.

(b) The City acknowledges that the Developer intends to apply to the State Board of Equalization for a welfare exemption from property taxes under California Revenue and Taxation Code Section 214 for the Development. Nothing in this Agreement shall prohibit the Developer from applying for and obtaining a welfare exemption for the Development.

Section 5.11 Notice of Litigation.

The Developer shall promptly notify the City in writing of any litigation related to the Development, and any litigation related to the Developer for which the amount claimed or at issue is in excess of Fifty Thousand Dollars ($50,000), and of any claims or disputes related to the Development that involve a material risk of litigation.

Section 5.12 Operation of Development as Affordable Housing.

(a) Promptly after Completion of Construction of the Development, the Developer shall operate the Development as an affordable housing development consistent with: (1) HUD's requirements for use of the HOME Loan Funds for the HOME Term; and (2) the HOME Regulatory Agreement for the Term of this Agreement.

(b) Before leasing any Unit in the Development, the Developer shall submit its proposed form of lease agreement for the City's review and approval. The term of the form of lease agreement shall be for no less than one (1) year, except by mutual agreement between the Developer and the tenant, and shall not contain any provision which is prohibited by 24 C.F.R. Section 92.253(d) and any modifications thereto. Any Developer termination of a lease agreement or refusal to renew must be in conformance with 24 C.F.R. Section 92.253(c), and must be preceded by not fewer than sixty (60) days written notice to the tenant by the Developer specifying the grounds for the action.

(c) Before leasing any HOME Unit in the Development, the Developer must provide the City, for its review and approval, with the Developer's written tenant selection plan. The Developer's tenant selection plan must, at a minimum, meet the requirements for tenant selection set out in 24 C.F.R. Section 92.253(d), and any modifications thereto.

(d) The Developer must determine the income eligibility of each tenant household in a HOME Unit pursuant to 24 C.F.R. 5.233 and 24 C.F.R. 5.609, and any applicable Tenant Selection Plan the City's approved tenant certification procedures within sixty (60) days before the household's expected occupancy of one of the Development's HOME Units. The Developer shall certify each tenant household's income on an annual basis.

(e) The maximum household income of a household occupying a HOME Unit in the Development, and the total charges for rent, utilities, and related services to each household occupying a HOME Unit, shall be maintained as provided in the HOME Regulatory Agreement.

Section 5.13 Non-Discrimination.

Developer covenants by and for itself and its successors and assigns that there will be no discrimination against or segregation of a person or of a group of persons on account of race, color, religion, creed, age (except for lawful senior housing in accordance with state and federal law), familial status, disability, sex, gender, gender identity, gender expression, sexual orientation, marital status, ancestry, military and veteran status or national origin in the sale, lease, sublease, transfer, use, occupancy, tenure or enjoyment of the Property, nor may Developer or any person claiming under or through Developer establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees or vendees in the Property. Developer shall comply with Executive Orders 11246, 11375, 11625, 12138, 12431, 12250, 13672, Title VII of the Civil Rights Act of 1964, the California Fair Housing and Employment Act and other applicable Federal, State and local laws and regulations and policies relating to equal employment and contracting opportunities, including laws and regulations hereafter enacted. The foregoing covenant will run with the land.

Section 5.14 Insurance Requirements.

(a) Required Coverage. The Developer shall maintain and keep in force, at the Developer's sole cost and expense, the following insurance coverage, applicable to the Development, throughout the Term of this Agreement:

(1) Workers' Compensation insurance to the extent required by law, including Employer's Liability coverage, with limits not less than One Million Dollars ($1,000,000) each accident;

(2) Commercial General Liability insurance with limits not less than Two Million Dollars ($2,000,000) each occurrence combined single limit for Bodily Injury and Property Damage, including coverages for Contractual Liability, Personal Injury, Broadform Property Damage, Products and Completed Operations. Products and Completed Operations coverage shall be obtained no later than completion of construction of the Development;

(3) Comprehensive Commercial Automobile Liability insurance with limits not less than One Million Dollars ($1,000,000) each occurrence combined single limit for Bodily Injury and Property Damage, including coverage for owned, non-owned and hired vehicles, as applicable; provided, however, that if the Developer does not own or lease vehicles

for purposes of this Agreement, then no automobile insurance shall be required and both parties to this Agreement shall initial this provision signifying the same; and

(4) Builders' risk insurance during the course of construction (and upon completion of construction, property insurance) covering the Development and covering all risks of loss, excluding earthquake, for one hundred percent (100%) of the replacement value, with deductible, if any, acceptable to the City, naming the City as a Loss Payee, as its interest may appear. Flood insurance shall be obtained if required by applicable federal regulations.

(5) Commercial crime insurance covering all officers and employees, for loss of Loan proceeds caused by dishonesty, in an amount approved by the City, naming the City as a Loss Payee, as its interest may appear.

(b) Contractor's Insurance. The Developer shall cause any general contractor, demolition contractor, or agent working on the Development under direct contract with the Developer to maintain insurance of the types and in at least the minimum amounts described in subsections (a) above, and shall require that such insurance shall meet all of the general requirements of subsections (c) below. Subcontractors working on the Development under indirect contract with the Developer shall be required to maintain the insurance described in subsections (a)(1) through (a)(3) above, except that the limit for the insurance described in subsection (a)(2) may be One Million Dollars ($1,000,000). Liability and Comprehensive Automobile Liability insurance to be maintained by such contractors and agents pursuant to this subsection shall name as additional insureds the City, its council members, officers, agents, and employees.

(c) General Requirements. The required insurance shall be provided under an occurrence form, and the Developer shall maintain such coverage continuously throughout the Term. Should any of the required insurance be provided under a form of coverage that includes an annual aggregate limit or provides that claims investigation or legal defense costs be included in such annual aggregate limit, such annual aggregate limit shall be three (3) times the occurrence limits specified above.

Comprehensive General Liability, Comprehensive Automobile Liability and Property insurance policies (including builders' risk) shall be endorsed to name as an additional insured the City, and its officers, council members, agents, and employees.

All policies and bonds shall contain: (1) the agreement of the insurer to give the City at least thirty (30) days' notice prior to cancellation (including, without limitation, for nonpayment of premium) or any material change in said policies; (2) an agreement that such policies are primary and noncontributing with any insurance that may be carried by the City; (3) a provision that no act or omission of the Developer shall affect or limit the obligation of the insurance carrier to pay the amount of any loss sustained; and (4) a waiver by the insurer of all rights of subrogation against the City and its authorized parties in connection with any loss or damage thereby insured against.

(d) Certificate of Insurance. Upon the City's request at any time during the term of this Agreement, the Developer shall provide certificates of insurance, in form and with

insurers reasonable acceptable to the City, evidencing compliance with the requirements of this Section, and shall provide complete copies of such insurance policies, including a separate endorsement naming the City, and its council members, officers agents and employees as additional insured.

Section 5.15 Anti-Lobbying Certification.

The Developer certifies, to the best of the Developer's knowledge or belief, that:

(a) No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;

(b) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, Disclosure Form to Report Lobbying, in accordance with its instructions.

(c) This certification is a material representation of fact upon which reliance was placed when this Agreement was made or entered into. Submission of this certification is a prerequisite for making or entering into this Agreement imposed by Section 1352, Title 31, and U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than Ten Thousand Dollars ($10,000) and no more than One Hundred Thousand Dollars ($100,000) for such failure.

Section 5.16 Purpose of Restriction on Transfer.

This Agreement is entered into solely for the purpose of the Developer's construction and operation of the Development in accordance with the terms of this Agreement and the HOME Regulatory Agreement. The qualifications and identity of the Developer are of particular concern to the City, in view of:

(a) The importance of the construction of the Development to the general welfare of the community;

(b) The public aids that have been made available by law and by the government for the purpose of making such development possible;

(c) The reliance by the City upon the unique qualifications and ability of the Developer to serve as the catalyst for construction of the Development and upon the continuing interest which the Developer will have in the Development to assure the quality of the use, operation, and maintenance deemed critical by the City in the construction of the Development;

(d) The fact that a change in ownership or control of the owner of the Development, or of a substantial part thereof, or any other act or transaction involving or resulting in a significant change in ownership or with respect to the identity of the parties in control of the Developer or the degree thereof, is for practical purposes a transfer or disposition of the Development; and

(e) The importance to the City of the standards of use, operation, and maintenance of the Development.

It is because of the qualifications and identity of the Developer that the City is entering into this Agreement and that Transfers are permitted only as provided in this Agreement.

Section 5.17 Prohibited Transfers.

(a) The limitations on Transfers set forth in this Article shall apply throughout the Term of this Agreement. Except as expressly permitted in this Agreement, the Developer represents that it has not made or created, and agrees that it will not make or create or suffer to be made or created, any Transfer (as defined in Section 1.1 hereof), either voluntarily or by operation of law, without the prior written approval of the City, which consent the City may withhold at its sole discretion.

(b) Any Transfer made in contravention of this Section shall, at the City's discretion, be void and shall be deemed to be a default under this Agreement, whether or not the Developer knew of or participated in such Transfer. The loan shall automatically accelerate and be due in full upon any unauthorized Transfer.

Section 5.18 Permitted Transfers Without Prior City Approval.

The term "Transfer" shall exclude the leasing of any single Unit in the Development to an occupant in compliance with the HOME Regulatory Agreement.

Section 5.19 Permitted Transfers With Prior City Approval.

(a) Except as permitted under Section 5.18, any Transfer shall be permitted only after:

(1) The City has delivered to the Developer its prior written approval of such Transfer, which approval may not be unreasonably withheld; and

(2) The transferee has assumed the Developer's obligations under this Agreement by signing this Agreement or such other reasonable documentation as the City may require.

(b) Following completion of construction of the Development, the City shall not unreasonably withhold its consent to a proposed Transfer, provided that the City reasonably determines that the proposed transferee is qualified to operate the Development in compliance with the HOME Regulatory Agreement including meeting the following requirements:

(1) The proposed transferee has at least five (5) years' experience operating multifamily rental housing developments comparable to the Development;

(2) The proposed transferee has no record of loan defaults, maintenance problems, housing or building code violations, or substantiated fair housing complaints at properties it has owned or operated; and

(3) The proposed transferee has satisfactory credit.

Section 5.20 Allowable Preferences.

(a) The Developer shall give a preference in the rental of any of the Units in the Development to eligible households displaced by activity of the former Redevelopment Agency of the City of Modesto or the City, as provided in Health and Safety Code Section 33411.3. The preferences stated in this section are required by law and apply to the rental of Units in the Development throughout the Term.

(b) The conditions and obligations set forth in this Section shall survive termination of this Agreement.

Section 5.21 Affordability and Project Monitoring.

(a) Throughout the HOME Term, the Developer shall comply with all applicable record keeping and monitoring requirements set forth in (24 CFR Section 92.508) of the HOME Regulations and shall annually complete and submit to City a certification of continuing program compliance.

(b) Representatives of the City shall be entitled to enter the Property upon at least twenty-four (24) hour's notice at reasonable times to monitor compliance with this Agreement, to inspect the records of the Development with respect to the Units, and to conduct an independent audit of such records. The Developer agrees to cooperate with the City in making the Property available for such inspection. If for any reason the City is unable to obtain the Developer's consent to such an inspection, the Developer understands and agrees that the City may obtain, at the Developer's expense, an administrative inspection warrant or other appropriate legal order to obtain access to and search the Property. The Developer agrees to maintain records in a business-like manner and to make such records available to the City upon twenty-four (24) hour's notice at reasonable times. Unless the City otherwise approves, such records shall be maintained for the most recent five years until five years after the HOME Term.

(c) Throughout the Term, the Developer grants the City inspection rights as set forth in Section 4.9 above, and Developer shall make best efforts to allow the City to comply with all applicable physical monitoring requirements set forth in (24 CFR Section 92.504(d) and 24 C.F.R. 92.251) of the HOME Regulations.

(d) The City will enforce a per-unit monitoring charge on all HOME assisted developments. HOME assisted developments will be charged as follows:

- 1-20 assisted units = $35.00 per unit/ annually
- 20+ assisted units = $25.00 per unit/ annually

(e) The City will enforce a physical inspection charge on all HOME assisted developments. The inspection charge for HOME assisted development will be the lesser of: (1) Five Thousand Dollars ($5,000) per inspection; or (2) the actual costs incurred by the City to secure a qualified third party, independent of the Developer, to conduct the physical inspections in accordance with the requirements set forth in this Agreement, and any related staffing costs incurred by the City in association therewith.

(f) The Developer shall pay such charge within fifteen (15) days of receipt of an invoice from the City.

(g) The City reserves the right to waive or defer a portion of the monitoring charge if a development is unable to pay these costs. All waivers must be submitted in writing, with adequate supporting financial documentation, for review by the City Manager.

ARTICLE 6
REPRESENTATIONS AND WARRANTIES OF THE DEVELOPER

Section 6.1 Representations and Warranties.

The Developer hereby represents and warrants to the City as follows:

(a) Good Standing. The Developer is a duly organized California nonprofit public benefit corporation validly existing and in good standing under the laws of the State of California and has the power and authority to own its property and carry on its business as now being conducted.

(b) Corporate Authority. The Developer has full power and authority to execute and deliver this Agreement and to make and accept the borrowings contemplated hereunder, to execute and deliver the HOME Loan Documents and all other documents or instruments executed and delivered, or to be executed and delivered, pursuant to this Agreement, and to perform and observe the terms and provisions of all of the above.

(c) Authority of Persons Executing Documents. This Agreement and the HOME Loan Documents and all other documents or instruments executed and delivered, or to be executed and delivered, pursuant to this Agreement have been executed and delivered by persons who are duly authorized to execute and deliver the same for and on behalf of the Developer, and all actions required under the Developer's organizational documents and applicable governing law for the authorization, execution, delivery and performance of this Agreement and the HOME Loan Documents and all other documents or instruments executed and delivered, or to be executed and delivered, pursuant to this Agreement, have been duly taken.

(d) Valid Binding Agreements. This Agreement and the HOME Loan Documents and all other documents or instruments which have been executed and delivered pursuant to, or in connection with, this Agreement constitute or, if not yet executed or delivered, will when so executed and delivered constitute, legal, valid and binding obligations of the Developer, enforceable against the Developer in accordance with their respective terms.

(e) No Breach of Law or Agreement. Neither the execution nor delivery of this Agreement and the HOME Loan Documents or of any other documents or instruments executed and delivered, or to be executed or delivered, pursuant to this Agreement, nor the performance of any provision, condition, covenant or other term hereof or thereof, will conflict with or result in a breach of any statute, rule or regulation, or any judgment, decree or order of any court, board, commission or agency whatsoever binding on the Developer, or any provision of the organizational documents of the Developer, or will conflict with or constitute a breach of or a default under any agreement to which the Developer is a party, or will result in the creation or imposition of any lien upon any assets or property of the Developer, other than liens established pursuant hereto.

(f) CHDO Certification. The Developer meets the legal and organizational characteristics described in 24 C.F.R. 92.2 and has been and shall continue to be certified as a CHDO by the City for the entire HOME Term.

(g) Compliance With Laws; Consents and Approvals. The Developer represents and warrants that the construction of the Development will comply with all applicable laws, ordinances, rules and regulations of federal, state and local governments and agencies and with all applicable directions, rules and regulations of the fire marshal, health officer, building inspector and other officers of any such government or agency.

(h) Pending Proceedings. The Developer is not in default under any law or regulation or under any order of any court, board, commission or agency whatsoever, and there are no claims, actions, suits or proceedings pending or, to the knowledge of the Developer, and its general partner respectively, threatened against or affecting the Developer, respectively, or the Property, at law or in equity, before or by any court, board, commission or agency whatsoever which might, if determined adversely to the Developer, materially affect the Developer's ability to repay the HOME Loan or impair the security to be given to the City pursuant hereto.

(i) Title to Land. At the time of recordation of the HOME Deed of Trust, the Developer will have good and marketable fee title to the Property and there will exist thereon or with respect thereto no mortgage, lien, pledge or other encumbrance of any character whatsoever other than liens for current real property taxes and assessments not yet due and payable, the liens in favor of the City or approved in writing by the City.

(j) Financial Statements. The financial statements of the Developer and other financial data and information furnished by the Developer to the City fairly present the information contained therein. As of the date of this Agreement, there has not been any adverse, material change in the financial condition of the Developer from that shown by such financial statements and other data and information.

(k) Sufficient Funds. The Developer holds sufficient funds and/or binding commitments for sufficient funds to complete the acquisition and construction of the Development.

(l) Taxes. The Developer has filed all federal and other material tax returns and reports required to be filed, and has paid all federal and other material taxes, assessments, fees and other governmental charges levied or imposed upon it or its income or the Property otherwise due and payable, except those which are being contested in good faith by appropriate proceedings and for which adequate reserves have been provided in accordance with generally accepted accounting principles. There is no proposed tax assessment against the Developer that could, if made, be reasonably expected to have a material adverse effect upon the Property, liabilities (actual or contingent), operations, condition (financial or otherwise) or prospects of the Developer and its subsidiaries, taken as a whole, which would be expected to result in a material impairment of the ability of the Developer to perform under any HOME Loan Document to which it is a party, or a material adverse effect upon the legality, validity, binding effect or enforceability against the Developer of any HOME Loan Document.

ARTICLE 7
TERMINATION, DEFAULT AND REMEDIES

Section 7.1 Events of Default.

Each of the following shall constitute a "Default" under this Agreement:

(a) Failure to Satisfy Predevelopment Requirements. Failure of the Developer to satisfy any of the requirements set forth in Article 3 subject to notice and cure pursuant to Section 7.1(f) below;

(b) Failure to Make Payment. Failure of the Developer to repay the principal and any interest on the HOME Loan that is due and payable to the City pursuant to this Agreement following written notice by the City of such failure and fifteen (15) days opportunity to cure;

(c) Failure to Commence or Complete Construction Work. Failure of the Developer to commence and prosecute to completion, the Construction Work within the time frames set forth in this Agreement;

(d) Failure to Comply with the Management Plan. Failure to comply with the Management Plan approved by the City and such failure having continued uncured for thirty (30) days after receipt of written notice thereof from the City to the Developer, which notice provides reasonable detail of the default and the required cure for such default;

(e) Failure to Comply with the Marketing Plan. Failure to comply with the Marketing Plan approved by the City and such failure having continued uncured for thirty (30) days after receipt of written notice thereof from the City to the Developer, which notice provides reasonable detail of the default and the required cure for such default;

(f) Breach of Covenants. Failure of the Developer to duly perform, comply with, or observe any of the conditions, terms, or covenants of any of the HOME Loan Documents, and such failure having continued uncured for thirty (30) days after receipt of written notice thereof from the City to the Developer (which notice shall provide reasonable detail of the default and required cure) or, if the breach cannot be cured within thirty (30) days, the Developer shall not be in breach so long as the Developer is diligently undertaking to cure such breach and such breach is cured within sixty (60) days; provided, however, that if a different period or notice requirement is specified under any other section of this Article 7, the specific provisions shall control;

(g) Default Under Other Loans. A default is declared under any Approved Financing by the lender of such Approved Financing (subject to applicable notice and cure);

(h) Insolvency. A court having jurisdiction shall have made or entered any decree or order: (1) adjudging the Developer to be bankrupt or insolvent; (2) approving as properly filed a petition seeking reorganization of the Developer or seeking any arrangement for the Developer under the bankruptcy law or any other applicable debtor's relief law or statute of the United States or any state or other jurisdiction; (3) appointing a receiver, trustee, liquidator, or assignee of the Developer in bankruptcy or insolvency or for any of their properties; (4) directing the winding up or liquidation of the Developer, if any such decree or order described in clauses (1) to (4), inclusive, shall have continued unstayed or undischarged for a period of ninety (90) days; or (5) the Developer shall have admitted in writing its inability to pay its debts as they fall due or shall have voluntarily submitted to or filed a petition seeking any decree or order of the nature described in clauses (1) to (4), inclusive. The occurrence of any of the events of Default in this paragraph shall act to accelerate automatically, without the need for any action by the City, the indebtedness evidenced by the Note;

(i) Assignment; Attachment. The Developer shall have assigned its assets for the benefit of its creditors or suffered a sequestration or attachment of or execution on any substantial part of its property, unless the property so assigned, sequestered, attached or executed upon shall have been returned or released within ninety (90) days after such event or, if sooner, prior to sale pursuant to such sequestration, attachment, or execution. The occurrence of any of the events of default in this paragraph shall act to accelerate automatically, without the need for any action by the City, the indebtedness evidenced by the HOME Loan Documents;

(j) Suspension; Dissolution. The Developer shall have: (1) the operation of their business voluntarily or involuntarily suspended by the State of California, (2) voluntarily stop or terminate the operation of its business; (3) if the Developer is a partnership, the partnership shall have the operation of the partnership voluntarily or involuntarily dissolved, suspended or terminated by the State of California;

(k) Liens on Property and the Development. There shall be filed any claim of lien (other than liens approved in writing by the City) against the Development, the Property, or any part thereof, or any interest or right made appurtenant thereto, or the service of any notice to withhold proceeds of the HOME Loan and the continued maintenance of said claim of lien or

notice to withhold for a period of thirty (30) days without discharge or satisfaction thereof or provision therefore (including, without limitation, the posting of bonds) satisfactory to the City;

(l) Condemnation. The condemnation, seizure, or appropriation by any public agency of all or the substantial part of the Property and the Development, except condemnation by the City, shall cause the HOME Loan to accelerate but shall not be a Default;

(m) Unauthorized Transfer. Any Transfer other than as permitted by Sections 5.18 and 5.19;

(n) Representation or Warranty Incorrect. Any representation or warranty of the Developer, respectively, contained in this Agreement, or in any application, financial statement, certificate, or report submitted to the City in connection with any of the HOME Loan Documents, proves to have been incorrect in any material and adverse respect when made and which default cannot be cured within thirty (30) days after receipt of written notice thereof from the City to the Developers; and/or

Section 7.2 Remedies. The occurrence of any Default hereunder following the expiration of all applicable notice and cure periods will either at the option of the City or automatically where so specified, relieve the City of any obligation to make or continue the HOME Loan and shall give the City the right to proceed with any and all remedies set forth in this Agreement and the HOME Loan Documents, including but not limited to the following:

(a) Acceleration of Note. The City shall have the right to cause all indebtedness of the Developer to the City under this Agreement and the Note, together with any accrued interest thereon, to become immediately due and payable. Developer waives all right to presentment, demand, protest or notice of protest or dishonor. The City may proceed to enforce payment of the indebtedness and to exercise any or all rights afforded to the City as a creditor and secured Party under the law including the Uniform Commercial Code, including foreclosure under the HOME Deed of Trust. The Developer shall be liable to pay the City on demand all reasonable expenses, costs and fees (including, without limitation, reasonable attorney's fees and expenses) paid or incurred by the City in connection with the collection of the HOME Loan and the preservation, maintenance, protection, sale, or other disposition of the security given for the HOME Loan;

(b) Specific Performance. The City shall have the right to mandamus or other suit, action or proceeding at law or in equity to require the Developer to perform its obligations and covenants under the HOME Loan Documents or to enjoin acts or things which may be unlawful or in violation of the provisions of the HOME Loan Documents, except that such remedy shall not be available to the City until the Commencement of Construction;

(c) Right to Cure at the Developer's Expense. The City shall have the right (but not the obligation) to cure any monetary default by the Developer under a loan other than the HOME Loan. The Developer agrees to reimburse the City for any funds advanced by the City to cure a monetary default by the Developer upon demand therefore, together with interest thereon at the lesser of the maximum rate permitted by law or ten percent (10%) per annum from the date of expenditure until the date of reimbursement;

Section 7.3 Right of Contest.

The Developer shall have the right to contest in good faith any claim, demand, levy, or assessment the assertion of which would constitute a Default hereunder. Any such contest shall be prosecuted diligently and in a manner unprejudicial to the City or the rights of the City hereunder.

Section 7.4 Remedies Cumulative.

No right, power, or remedy given to the City by the terms of this Agreement or the HOME Loan Documents is intended to be exclusive of any other right, power, or remedy; and each and every such right, power, or remedy shall be cumulative and in addition to every other right, power, or remedy given to the City by the terms of any such instrument, or by any statute or otherwise against the Developer and any other person. Neither the failure nor any delay on the part of the City to exercise any such rights and remedies shall operate as a waiver thereof, nor shall any single or partial exercise by the City of any such right or remedy preclude any other or further exercise of such right or remedy, or any other right or remedy.

Section 7.5 Survival.

Upon termination of this Agreement under this Article 7, those provisions of this Agreement that recite that they survive termination of this Agreement shall remain in effect and be binding upon the parties notwithstanding such termination.

ARTICLE 8
GENERAL PROVISIONS

Section 8.1 Relationship of Parties.

Nothing contained in this Agreement shall be interpreted or understood by any of the parties, or by any third persons, as creating the relationship of employer and employee, principal and agent, limited or general partnership, or joint venture between the City, the Developer or the Developer's agents, employees or contractors, and the Developer shall at all times be deemed an independent contractor and shall be wholly responsible for the manner in which it or its agents, or both, perform the services required of it by the terms of this Agreement. The Developer has and retains the right to exercise full control of employment, direction, compensation, and discharge of all persons assisting in the performance of services under the Agreement. In regards to the construction and operation of the Development, the Developer shall be solely responsible for all matters relating to payment of its employees, including compliance with Social Security, withholding, and all other laws and regulations governing such matters, and shall include requirements in each contract that contractors shall be solely responsible for similar matters relating to their employees. The Developer agrees to be solely responsible for its own acts and those of its agents and employees.

Section 8.2 No Claims.

Nothing contained in this Agreement shall create or justify any claim against the City, by any person that the Developer or its general partners may have employed or with whom the Developer may have contracted relative to the purchase of materials, supplies or equipment, or the furnishing or the performance of any work or services with respect to the construction or operation of the Development, and the Developer shall include similar requirements in any contracts entered into for the construction or operation of the Development.

Section 8.3 Amendments.

Subject to Sections 8.19 and 8.20, no alteration or variation of the terms of this Agreement shall be valid unless made in writing by the Parties and approved by the City Council.

Section 8.4 Entire Understanding of the Parties.

This Agreement constitutes the entire understanding and agreement of the Parties with respect to the City.

Section 8.5 Indemnification.

Except as directly caused by the City's gross negligence or willful misconduct, the Developer agrees to indemnify, protect, hold harmless and defend (by counsel reasonably satisfactory to the City) the City and its council members, officers, employees, representatives, agents, successors and assigns, from all suits, actions, claims, causes of action, costs, demands, judgments and liens arising out of: (1) the Developer's performance or non-performance of its obligations under this Agreement; (2) the Developer's ownership of the Development; (3) the marketing, rental and operation of the Development; or (4), or any documents executed by the Developer in connection with the Development. The provisions of this Section shall survive termination of this Agreement.

Section 8.6 Non-Liability of City Officials, Employees and Agents.

No council member, official, employee or agent of the City shall be personally liable to the Developer, or any successor in interest, in the event of any default or breach by the City, or for any amount which may become due to the Developer or its successor or on any obligation under the terms of this Agreement. No director, officer, employee or agent of the Developer shall be personally liable to the City, or any successor in interest, in the event of any Default or breach by the Developer, or for any amount which may become due to the City or its successor or on any obligation under the terms of this Agreement.

Section 8.7 No Third Party Beneficiaries.

There shall be no third party beneficiaries to this Agreement.

Section 8.8 Action by the City.

(a) Except as may be otherwise specifically provided herein, whenever any approval, notice, direction, consent, request, extension of time, waiver of condition, termination, or other action by the City is required or permitted under this Agreement, such action may be given, made, or taken by the City Manager without further approval by the City Council, and any such action shall be in writing. The amount of the HOME Loan may not be increased without approval of the City Council.

(b) Any consents or approvals required under this Agreement shall not be unreasonably withheld or made, except where it is specifically provided that a sole discretion standard applies. The City Manager is also hereby authorized to approve, on behalf of the City, requests by the Developer for reasonable extensions of time deadlines set forth in this Agreement. The City Manager shall not unreasonably delay in reviewing and approving or disapproving any proposal by the Developer made in connection with this Agreement.

Section 8.9 Waivers.

Any waiver by the City of any obligation or condition in this Agreement must be in writing. No waiver will be implied from any delay or failure by the City to take action on any breach or default of the Developer or to pursue any remedy allowed under this Agreement or applicable law. Any extension of time granted to the Developer to perform any obligation under this Agreement shall not operate as a waiver or release from any of its obligations under this Agreement. Consent by the City to any act or omission by the Developer shall not be construed to be a consent to any other or subsequent act or omission or to waive the requirement for the City's written consent to future waivers.

Section 8.10 Notices, Demands and Communications.

Formal notices, demands, and communications between the City and the Developer shall be sufficiently given if and shall not be deemed given unless dispatched by registered or certified mail, postage prepaid, return receipt requested, or delivered by express delivery service, return receipt requested, or delivered personally, to the principal office of the City and the Developer as follows:

City: City of Modesto
1010 Tenth Street, Suite 4400
Modesto, CA 95354
Attn: Housing

Developer: Great Valley Housing Development Corporation
1701 Robertson
Modesto, CA 95351
Attn: A. Dirk Hoek, President

Such written notices, demands and communications may be sent in the same manner to such other addresses as the affected Party may from time to time designate by mail as provided

in this Section. Receipt shall be deemed to have occurred on the date shown on a written receipt for delivery or refusal of delivery. Copies of notices sent to the Developer shall also be sent to any limited partner of the Developer who requests such notices in writing and provides its address to the City.

Section 8.11 Applicable Law and Venue.

This Agreement shall be governed by and construed in accordance with California law. Any action brought claiming a breach of this Agreement or interpreting this Agreement shall be brought and venued in Stanislaus County, California.

Section 8.12 Parties Bound.

Except as otherwise limited herein, the provisions of this Agreement shall be binding upon and inure to the benefit of the Parties and their heirs, executors, administrators, legal representatives, successors and assigns. This Agreement is intended to run with the land and shall bind the Developer and its successors and assigns in the Property and the Development for the entire Term, and the benefit hereof shall inure to the benefit of the City and its successors and assigns.

Section 8.13 Attorneys' Fees.

If any lawsuit is commenced to enforce any of the terms of this Agreement, the prevailing Party will have the right to recover its reasonable attorney's fees and costs of suit from the other Party.

Section 8.14 Severability.

If any term of this Agreement is held by a court of competent jurisdiction to be invalid, void or unenforceable, the remainder of the provisions shall continue in full force and effect unless the rights and obligations of the Parties have been materially altered or abridged by such invalidation, voiding or unenforceability.

Section 8.15 Extensions.

(a) Force Majeure. In addition to specific provisions of this Agreement, performance by any Party shall not be deemed to be in default where delays or defaults are due to to war, insurrection, strikes, lock-outs or other labor disturbances, one or more acts of a public enemy, war, riot, sabotage, blockade, embargo, floods, earthquakes, fires, quarantine restrictions, freight embargoes, lack of transportation, court order, delays or failures of performance by any governmental authority or utility company (other than the acts or failure to act of the City and so long as the Party seeking the extension has adequately complied with the applicable processing requirements of such governmental authority or utility company), delays resulting from changes in any applicable laws, rules, regulations, ordinances or codes, or a change in the interpretation thereof by any governing body with jurisdiction, or any other cause (other than lack of funds of the Developer or the Developer's inability to finance the construction of the Development) beyond the reasonable control or without the fault of the Party claiming an extension of time to

perform or an inability of performance. An extension of time for any cause will be deemed granted if notice by the Party claiming such extension is sent to the other within ten (10) days from the commencement of the cause and the Party granting the extension agrees to the extension in writing. In no event shall the City be required to agree to cumulative delays in excess of one hundred eighty (180) days.

Section 8.16 Conflict of Interest.

(a) Except for approved eligible administrative or personnel costs, no person described in subsection (b) below who exercises or has exercised any functions or responsibilities with respect to the activities funded pursuant to this Agreement or who is in a position to participate in a decision-making process or gain inside information with regard to such activities, may obtain a personal or financial interest or benefit from the activity, or have an interest in any contract, subcontract or agreement with respect thereto, or the proceeds thereunder, either for themselves or those with whom they have family or business ties, during, or at any time after, such person's tenure. Developer shall exercise due diligence to ensure that the prohibition in this Section is followed.

(b) The conflict of interest provisions of subsection (a) above apply to any person who is an employee, agent, consultant, officer, or any immediate family member of such person, or any elected or appointed official of the City, or any person related within the third (3rd) degree of such person.

(c) In accordance with California Government Code Section 1090 and the Political Reform Act, California Government Code section 87100 et seq., no person who is a director, officer, partner, trustee or employee or consultant of the Developer, or immediate family member of any of the preceding, shall make or participate in a decision, made by the City or a City board, commission or committee, if it is reasonably foreseeable that the decision will have a material effect on any source of income, investment or interest in real property of that person or Developer. Interpretation of this section shall be governed by the definitions and provisions used in the Political Reform Act, California Government Code Section 87100 et seq., its implementing regulations manual and codes, and California Government Code Section 1090.

(d) The Developer shall comply with the conflict of interest provisions set forth in 24 C.F.R. Section 92.356.

Section 8.17 Title of Parts and Sections.

Any titles of the sections or subsections of this Agreement are inserted for convenience of reference only and shall be disregarded in interpreting any part of the Agreement's provisions.

Section 8.18 Multiple Originals; Counterpart.

This Agreement may be executed in multiple originals, each of which is deemed to be an original, and may be signed in counterparts.

Section 8.19 City Approval.

Whenever this Agreement calls for City approval, consent, or waiver, the written approval, consent, or waiver of the City Manager shall constitute the approval, consent, or waiver of the City, without further authorization required from the City Council. The City hereby authorizes the City Manager to deliver such approvals or consents as are required by this Agreement, to execute estoppel certificates concerning the status of the HOME Loan and the existence of the Developer defaults under the Loan Documents, and to waive requirements under this Agreement, on behalf of the City. Any consents or approvals required under this Agreement shall not be unreasonably withheld or made, except where it is specifically provided that a sole discretion standard applies. The City Manager is also hereby authorized to approve, on behalf of the City, requests by the Developer for reasonable extensions of time deadlines set forth in this Agreement. The City shall not unreasonably delay in reviewing and approving or disapproving any proposal by the Developer made in connection with this Agreement.

Section 8.20 Operating Memoranda.

(a) The Parties acknowledge that the provisions of this Agreement require a close degree of cooperation, and that new information and future events may demonstrate that changes are appropriate with respect to the details of performance of the parties under this Agreement. The parties desire, therefore, to retain a certain degree of flexibility with respect to the details of performance of those items covered in general terms under this Agreement. If and when, from time to time during the term of this Agreement, the parties find that refinements or adjustments regarding details of performance are necessary or appropriate, they may effectuate such refinements or adjustments through a memorandum (individually, an "Operating Memorandum", and collectively, "Operating Memoranda") approved by the parties which, after execution, shall be attached to this Agreement as addenda and become a part hereof.

(b) Operating Memoranda may be executed on the City's behalf by its City Manager, or the City Manager's designee. Operating Memoranda shall not require prior notice or hearing, and shall not constitute an amendment to this Agreement. Any substantive or significant modifications to the terms and conditions of performance under this Agreement shall be processed as an amendment of this Agreement in accordance with Section 8.3 hereof, and must be approved by the City Council.

Section 8.21 Assignment by City.

The City may assign its rights and obligations under the HOME Loan Documents to any other public entity without the consent of the Developer.

[Remainder of Page Left Intentionally Blank]

WHEREFORE, this HOME Loan Agreement is executed by the undersigned on September 22, 2015, and is effective as of the date first above written.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-349

RESOLUTION APPROVING A HOME INVESTMENT PARTNERSHIPS PROGRAM AGREEMENT WITH STANISLAUS COUNTY AFFORDABLE HOUSING CORPORATION, TO CONSTRUCT FOUR PERMANENT SUPPORTIVE UNITS FOR PERSONS WITH MENTAL HEALTH DISABILITIES, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT AND RELATED DOCUMENTS

WHEREAS, the City of Modesto receives annual entitlements from the U.S. Department of Housing and Urban Development based on its population size, number of households living below poverty level and number of sub-standard housing units; and

WHEREAS, a percentage of the HOME Investment Partnerships Program (HOME) entitlement plus estimated program income may be allocated for the purposes of providing assistance consistent with the functions of HOME funding to provide decent and affordable housing to low income households; and

WHEREAS, approximately $900,000 in HOME entitlement funds and $200,000 in Community Housing Development Organization (CHDO) set aside funds are available; and

WHEREAS, additional HOME entitlements funds and CHDO set-aside funds may be available in future years for projects being completed in phases; and

WHEREAS, on June 3, 2015, the City of Modesto issued an RFQ for Affordable Housing Developers and an RFP for CHDOs; and

WHEREAS, a subcommittee of the Citizen Housing and Community Development Committee (CH&CDC) reviewed the proposals and made a recommendation to the CH&CDC; and

WHEREAS, on August 19, 2015, the CH&CDC reviewed and approved the subcommittee's recommendation and unanimously voted to forwarded its recommendation to the City Council; and

WHEREAS, On September 8, 2015, the City Council approved the allocation of $490,000 in HOME funds and $50,000 in CHDO Set Aside funds to Stanislaus County Affordable Housing Corporation for the construction of four (4) one-bedroom permanent supportive units for persons with mental health disabilities;

WHEREAS, the proposed agreements between the City of Modesto and Stanislaus County Affordable Housing Corporation will specify the terms and conditions by which the City of Modesto is providing the approved funding for their project;

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it approves HOME Investment Partnerships Program agreement with Stanislaus County Affordable Housing Corporation four (4) one-bedroom permanent supportive units for persons with mental health disabilities, in substantially the form **attached** and as approved by the City Attorney;

BE IT FURTHER RESOLVED that authorizing the City Manager, or his designee, to execute the agreements and related documents, as approved by the City Attorney;

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of September, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Cogdill, Gunderson, Kenoyer, Lopez, Madrigal, Zoslocki, Mayor Marsh

HOME LOAN AGREEMENT

(HOME Loan- 522 E Granger)

This HOME Loan Agreement (the "Agreement"), effective September 22, 2015 (the "Effective Date"), is entered into by and between the City of Modesto, a California charter city (the "City"), and Stanislaus County Affordable Housing Corporation, a California nonprofit public benefit corporation (the "Developer"), with reference to the following facts, purposes and intentions.

RECITALS

A. These Recitals refer to and utilize certain capitalized terms which are defined in Article 1 of this Agreement. The Parties intend to refer to those definitions in connection with the use of capitalized terms in these Recitals.

B. The City has received HOME Investment Partnership Act funds from the United States Department of Housing and Urban Development ("HUD") pursuant to the Cranston-Gonzales National Housing Act of 1990 ("HOME Funds"). The HOME funds must be used by the City in accordance with 24. C.F.R. Part 92 and CHDO Set Aside funds have been allocated for investment only in housing to be owned, developed or sponsored by community housing development organizations.

C. The Developer desires to borrow from the City and the City desires to extend to the Developer the HOME Loan in an amount not to exceed Five Hundred Forty Thousand Dollars ($540,000) of which Fifty Thousand Dollars ($50,000) are CHDO Set Aside funds, the HOME Loan funds are to be used by the Developer to fund construction costs of the Development.

D. The HOME Loan is being made to finance costs associated with the construction of the Development and thereby increase the supply of affordable rental housing in the City of Modesto.

E. As a condition to providing the HOME Loan to the Developer, the City is imposing occupancy and affordability restrictions on the Development, ensuring that specified units therein remain affordable to specified income eligible households for a specified period as set forth in the HOME Regulatory Agreement.

F. In accordance with NEPA, the release of funds under this Agreement shall be conditioned upon the completion of all required NEPA environmental review.

G. Until completion of certain feasibility studies for the Development, it is not possible to provide meaningful information for further environmental assessment of the Development in accordance with the provisions of the CEQA. Prior to disbursement of the funds under this Agreement, the Parties shall prepare and complete the necessary environmental assessment under NEPA and CEQA.

NOW, THEREFORE, in consideration of the recitals hereof and the mutual promises and covenants set forth in this Agreement, the Parties agree as follows:

ARTICLE 1
DEFINITIONS AND EXHIBITS

Section 1.1 Definitions.

The following capitalized terms have the meanings set forth in this Section 1.1 wherever used in this Agreement, unless otherwise provided:

(a) "Agreement" means this HOME Loan Agreement.

(b) "Annual Operating Expenses" with respect to a particular calendar year means the following costs reasonably and actually incurred for operation and maintenance of the Development to the extent that they are consistent with an annual independent audit performed by a certified public accountant using generally accepted accounting principles:

(1) Property taxes and assessments imposed on the Development;

(2) Debt service currently due on a non-optional basis (excluding debt service due from residual receipts or surplus cash of the Development) on loans associated with the development of the Development and approved by the City in the Final Financing Plan;

(3) Property management fees and reimbursements, not to exceed fees and reimbursements which are standard in the industry, and pursuant to a management contract approved by the City;

(4) Premiums for property damage and liability insurance; utility services not paid for directly by tenants, including water, sewer, and trash collection; maintenance and repair;

(5) Any annual license or certificate of occupancy fees required for operation of the Development;

(6) Security services;

(7) Advertising and marketing costs;

(8) Cash deposited into reserves for capital replacements of the Development in an amount to be approved by the City as part of the Final Financing Plan;

(9) Cash deposited into an operating reserve in an amount approved by the City as part of the Final Financing Plan and annual operating budgets, but with the operating reserve capped at six (6) months of gross rent from the Development (as such rent may vary from time to time);

(10) Utility services, maintenance and repair, including pest control, landscaping, grounds maintenance, painting and decorating, cleaning, common systems repair, janitorial supplies and services, advertising and marketing;

(11) Deferred developer fee in an amount to be approved by the City as part of the Final Financing Plan;

(12) Extraordinary operating costs specifically approved by the City;

(13) Payments of deductibles in connection with casualty insurance claims not normally paid from reserves, the amount of uninsured losses actually replaced, repaired or restored, and not normally paid from reserves;

(14) Reasonable accounting and legal fees;

(15) Other ordinary and reasonable operating expenses approved in writing by the City and not listed above; and

(16) Annual Operating Expenses shall exclude the following: depreciation, amortization, depletion or other non-cash expenses, or any amount expended from a reserve account.

(c) "Approved Financing" means the loans or grants and equity acquired, or to be acquired, by the Developer and approved by the City in its reasonable discretion for the purpose of financing the Development, in addition to the HOME Loan, which may include a Stanislaus County Mental Health Services Act ("MHSA") loan from the County, pursuant to Proposition 63, the Mental Health Services Act in the approximate amount shown in the approved Financing Proposal (the "MHSA Loan");

(d) "Approved Plans and Specifications" means the plans and specifications for the Construction Work, approved by the City pursuant to Section 3.4 below.

(e) "CEQA" means the California Environmental Quality Act (Public Resources Code Sections 21000 et seq.).

(f) "CHDO" means a certified Community Housing Development Organization as defined in 24 C.F.R. 92.300. For the purposes of this Agreement, the Developer is the certified CHDO.

(g) "City" means the City of Modesto, a California charter city.

(h) "City Attorney" means the City Attorney of the City of Modesto.

(i) "City Council" means the City Council of the City of Modesto.

(j) "City Manager" means the City Manager of the City of Modesto.

(k) "City's Share of Residual Receipts" means the City's Pro Rata Share (as defined below) of fifty percent (50%) of Residual Receipts (the 50% being the "Lenders' Share of Residual Receipts") which shall be determined at the close of permanent financing, or any time any determination thereof is needed to be made. The Pro Rata Share shall be determined by calculating the percentage resulting from dividing the amount of the HOME Loan funds disbursed to the Developer in accordance with this Agreement by the aggregate sum of the funds disbursed to the Developer under the HOME Loan and the MHSA Loan, in accordance with the applicable agreements. The Developer shall be entitled to the other 50% share of the Residual Receipts ("Developer's Share of Residual Receipts").

(l) "Close of Escrow" shall refer to the date of recordation of the HOME Deed of Trust against the Property pursuant to the terms of this Agreement and the date of recordation of the HOME Regulatory Agreement against the Property pursuant to the terms of this Agreement.

(m) "Commencement of Construction" means the date on which construction of the Development commences pursuant to Section 4.1 below.

(n) "Completion of Construction" means the date the Developer receives a certificate of occupancy for the Affordable Development pursuant to Section 4.2 below.

(o) "Construction Bonds" means copies of labor and material bonds and performance bonds for the Construction Work in an amount equal to one hundred percent (100%) of the scheduled cost of the Construction Work.

(p) "Construction Contract" means the construction contract approved by the City pursuant to the terms of Section 3.8 hereof.

(q) "Completion Date" means the date that all of the following have occurred: (i) a final certificate of occupancy is issued by the City to certify completion of the construction of the Development; (ii) the final disbursement of HOME funds for the Development has been made; (iii) the City has verified the Development complies with the property standards set forth in 24 CFR 92.251; and (iv) all project completion information has been entered by the City into the Integrated Disbursement and Information System (IDIS).

(r) "Construction Work" means the physical Construction Work to construct the Improvements in accordance with the Approved Plans and Specifications and the Governmental Approvals.

(s) "Default" means an event of default under this Agreement, as more specifically described in Section 7.1 below.

(t) "Developer" means Stanislaus County Affordable Housing Corporation, a California nonprofit public benefit corporation, and its approved successors and assigns.

(u) "Development" means the Property and the Improvements.

(v) "Effective Date" has the meaning set forth in the first paragraph.

(w) "Evidence of Insurance Coverage" has the meaning set forth in Section 3.10 below.

(x) "Final Financing Plan" means the Developer's final plan for financing the acquisition of the Property, the construction of the Improvements and the operation of the Development. The Final Financing Plan approved by the City as of the date of this Agreement is attached to this Agreement as Exhibit B, incorporated herein by reference, and may be revised from time to time with the approval of the City pursuant to Section 3.2 below.

(y) "Force Majeure" means the occurrence of one or more of those events described in Section 8.15, permitting an extension of time for performance of obligations under this Agreement.

(z) "Governmental Approvals" means the City and other governmental permits and approvals necessary for the construction and operation of the Development, including but not limited to submissions of a precise plan, detailed exterior plans, overall design and architectural review and any required operating licenses, but excluding a building permit.

(aa) "Gross Revenue" with respect to a particular calendar year, means all revenue, income, receipts, and other consideration actually received from operation and leasing of the Development, including, but not be limited to:

(1) All rents, fees and charges paid by tenants, payments or other rental subsidy payments received for the dwelling units, deposits forfeited by tenants, all cancellation fees, price index adjustments and any other rental adjustments to leases or rental agreements resulting in actual income;

(2) The proceeds of business interruption or similar insurance;

(3) The fair market value of any goods or services provided in consideration for the leasing or other use of any portion of the Development;

(4) Subject to the rights of Senior Lenders, the proceeds of casualty insurance to the extent not utilized to repair or rebuild the Development (or applied toward the cost of recovering such proceeds);

(5) Subject to the rights of Senior Lenders, condemnation awards for a taking of part or all of the Development for a temporary period; and

(6) Gross Revenue shall exclude tenants' security deposits, loan proceeds, capital contributions or other similar advances.

(bb) "Hazardous Materials" means any flammable explosives, radioactive materials, hazardous wastes, toxic substances or related materials, including without limitation, any substances defined as or included in the definition of "hazardous substances," "hazardous

wastes," "hazardous materials," or "toxic substances" under any applicable federal or state laws or regulations.

(cc) "Hazardous Materials Claim" means: (1) any and all enforcement, cleanup, removal or other governmental or regulatory actions instituted, completed or threatened against the Developer or the Development pursuant to Hazardous Materials Laws; (2) all claims made or threatened by any third party against the Developer or the Development relating to damage, contribution, cost recovery compensation, loss or injury resulting from any Hazardous Materials.

(dd) "Hazardous Materials Law" means any applicable federal, state or local laws, ordinances, or regulations relating to any Hazardous Materials.

(ee) "HOME" means the HOME Investment Partnership Act Program pursuant to the Cranston-Gonzales National Affordable Housing Act of 1990 (42 U.S.C. Section 12705 et. seq.), as amended.

(ff) "HOME Deed of Trust" means the deed of trust securing repayment of the HOME Loan, which shall be recorded against the Property, in a form to be provided by the City.

(gg) "HOME Loan Documents" means this Agreement, the Note, the HOME Regulatory Agreement and the HOME Deed of Trust HOME.

(hh) "HOME Regulatory Agreement" means the Regulatory Agreement and Declaration of Restrictive Covenants, between the City and the Developer, associated with the HOME Loan, to be recorded against the Property, in a form to be provided by the City.

(ii) "HOME Term" means the period beginning on the date of this Agreement and ending on the twentieth (20^{th}) anniversary of the Completion Date.

(jj) "HOME Units" means the four (4) Units whose occupancy and rental charges are restricted pursuant to the HOME Regulatory Agreement.

(kk) "HUD" means the United States Department of Housing and Urban Development.

(ll) "Improvements" means the approximately four (4) units of permanent supportive housing to be constructed on specified portions of the Property, including all common areas, amenities, plans, entitlements, appurtenances, improvement easements, buildings and fixtures associated with the Property.

(mm) "Management Plan" has the meaning set forth in Section 3.7 below.

(nn) "Marketing Plan" has the meaning set forth in Section 4.11 below.

(oo) "NEPA" means the National Environmental Policy Act of 1969 ("NEPA"), as amended (42 U.S.C. Sections 4321-4347).

(pp) "Note" means the promissory note, in a form to be provided by the City that will evidence the Developer's obligation to repay the HOME Loan.

(qq) "Operating Memoranda" has the meaning given in Section 8.20 below.

(rr) "Parties" means the City and the Developer and the term Party shall refer to each of them individually.

(ss) "Property" means that certain real property located in the City of Modesto, County of Stanislaus, State of California, on which the Improvements will be constructed, as more particularly described in Exhibit B attached hereto and incorporated herein.

(tt) "Recorder" means the Office of the Stanislaus County Recorder.

(uu) "Residual Receipts" means, in a particular calendar year, the amount by which Gross Revenue (as defined above) exceeds Annual Operating Expenses (as defined above) for that calendar year.

(vv) "Section 3" means Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. Section 1701(u).

(ww) "Senior Lender" has the meaning set forth in Section 2.5 below.

(xx) "Senior Lien" has the meaning set forth in Section 2.5 below.

(yy) "Term" means the term of this Agreement, which commences as of the date of this Agreement and, unless terminated earlier pursuant to this Agreement, ends fifty-five (55) years from the Completion Date, but in no event later than September 22, 2073 (subject to extensions agreed upon by the Parties).

(zz) "Transfer" means any sale, assignment, or transfer, whether voluntary or involuntary, of: (1) any rights and/or duties under this Agreement, and/or (2) any interest in the Development, including (but not limited to) a fee simple interest, a joint tenancy interest, a life estate, a partnership interest, a leasehold interest, a security interest, or an interest evidenced by a land contract by which possession of the Development is transferred and the Developer retains title.

(aaa) "Unit" means one (1) of the approximately four (4) supportive housing units to be constructed as part of the Development.

Section 1.2 Exhibits.

The following exhibits are attached to this Agreement and incorporated into this Agreement by this reference:

Exhibit A: Legal Description
Exhibit B: Financing Plan

ARTICLE 2
LOAN PROVISIONS

Section 2.1 Loan.

(a) Subject to satisfaction of the conditions set forth in this Article 2, as applicable, the City shall lend to the Developer the HOME Loan for the purposes set forth in Section 2.3 of this Agreement. The obligation to repay the HOME Loan shall be evidenced by the Note, in the form to be provided by the City. For the purposes of this Article 2, the HOME Loan will be disbursed in two (2) components:

(1) The "Construction Component" shall be a portion of the HOME Loan in the approximate amount of Four Hundred Eighty-six Thousand Dollars ($486,000) which shall be disbursed in accordance with the requirements of Section 2.6 below.

(2) The "Retention Component" shall be a portion of the HOME Loan in the approximate amount of Fifty-four Thousand Dollars ($54,000) or the balance of the HOME Loan, which shall be disbursed in accordance with the requirements of Section 2.7 below.

Section 2.2 Interest.

(a) Subject to the provisions of subsection (b) below, the outstanding principal balance of the HOME Loan shall bear no interest.

(b) In the event of a Default, interest on the HOME Loan shall begin to accrue, as of the date of Default, and continuing until such time as HOME Loan funds are repaid in full or the Default is cured, at the default rate of the lesser of ten percent (10%), compounded annually, or the highest rate permitted by law.

Section 2.3 Use of HOME Loan Funds.

(a) Construction Component. The Developer shall use the Construction Component funds to partially fund the construction of the Development consistent with the Final Financing Plan, and to the extent feasible, to fund the Developer Fee in accordance with the terms of this Agreement.

(b) Retention Component. The Developer shall use the Retention Component of the HOME Loan to reimburse the Developer for any construction costs associated with the construction of the Development, including to fund the Developer Fee in accordance with the terms of this Agreement.

(c) Reimbursements. No portion of the Loan shall be used to fund costs incurred more than twenty-four (24) months prior to the Effective Date or for any costs not allowed under 24 C.F.R. 92.206

(d) No Other Uses. The Developer shall not use any proceeds of the HOME Loan for any other purpose without the prior written consent of the City.

Section 2.4 Security.

The Developer shall secure its obligations to repay the HOME Loan, as evidenced by the Note, by executing the HOME Deed of Trust and recording the HOME Deed of Trust against the Property at the Close of Escrow.

Section 2.5 Subordination.

Any agreement by the City to subordinate the HOME Deed of Trust and/or HOME Regulatory Agreement to an encumbrance securing and/or evidencing Approved Financing (each such approved Final Financing Plan, a "Senior Lien"), will be subject to the satisfaction of each of the following conditions, as reasonably determined by the City:

(a) All of the proceeds of the proposed Senior Lien, less any transaction costs, must be used to provide acquisition, construction and/or permanent financing for the Development.

(b) The proposed lender (each, a "Senior Lender") must be a state or federally chartered financial institution, a nonprofit corporation or a public entity that is not affiliated with the Developer or any of the Developer's affiliates, other than as a depositor or a lender.

(c) The Developer must demonstrate to the City's reasonable satisfaction that subordination of the Property Deed of Trust is necessary to secure adequate acquisition, construction and/or permanent financing to ensure the viability of the Development, including the operation of the Development as affordable housing, as required by the HOME Loan Documents. To satisfy this requirement, the Developer must provide to the City, in addition to any other information reasonably required by the City, evidence demonstrating that the proposed amount of the Senior Lien is necessary to provide adequate acquisition, construction and/or permanent financing to ensure the viability of the Development, and adequate financing for the Development would not be available without the proposed subordination.

(d) All subordination agreements must provide the City with adequate rights to cure any defaults by the Developer, including: (1) providing the City or its successor with copies of any notices of default at substantially the same time and in the same manner as provided to the Developer; and (2) providing the City with a cure period of at least sixty (60) days to cure any default.

(e) The subordination(s) described in this Section may be effective only during the original term of the Senior Lien and any extension of its term approved in writing by the City, which approval shall not unreasonably be withheld.

(f) No subordination may limit the effect of the Property Deed of Trust before a foreclosure, nor require consent of the holder of the Senior Lien to exercise any remedies by the City under the HOME Loan Documents.

(g) Upon a determination by the City Manager that the conditions in this Section have been satisfied, the City Manager will be authorized to execute the approved subordination agreement without the necessity of any further action or approval.

(h) In the event there is a foreclosure of the Property, the HOME Regulatory Agreement shall be revived according to its original terms if, during the original HOME Regulatory Agreement term, the owner of record before the foreclosure, or deed in lieu of foreclosure, or any entity that includes the former owner or those with whom the former owner has or had family or business ties, obtains an ownership interest in the Development or the Property.

Section 2.6 Conditions Precedent to Disbursement of the Construction Component.

(a) The Construction Component of the HOME Loan shall be disbursed in accordance with the following provisions. The division of the HOME Loan between the Construction Component and the Retention Component may be readjusted by the City Manager on behalf of the City without the need for formal amendment of this Agreement. The City shall not be obligated to make any disbursements of the Construction Component unless the following conditions precedent are satisfied:

(1) There exists no Default by Developer nor any act, failure, omission or condition that would constitute an event of Default by Developer under this Agreement or any other project financing agreements or contracts;

(2) The Developer has delivered to the City a copy of an authorizing resolution authorizing execution of the HOME Loan Documents and the transactions contemplated by this Agreement;

(3) The Developer has acquired the Property;

(4) The Developer has executed and delivered to the City the Note evidencing the Developer's obligations under this Agreement, the HOME Deed of Trust, and the HOME Regulatory Agreement;

(5) The HOME Regulatory Agreement and the HOME Deed of Trust, have been, or concurrently with the Close of Escrow will be, recorded against the Property in a lien position approved by the City, and subject only to those liens approved by the City;

(6) The City has received and approved the Plans and Specifications;

(7) The Developer has received all Governmental Approvals and all building permits necessary to perform the Construction Work pursuant to the terms of this Agreement;

(8) The undisbursed proceeds of the HOME Loan, together with other funds that the Developer has obtained in connection with the Development, are not less than the amount provided in the Final Financing Plan;

(9) The City has received and approved a construction contract that the Developer has entered or proposed to enter for construction of the Development as required under the terms of this Agreement;

(10) A title insurer reasonably acceptable to the City is unconditionally and irrevocably committed to issuing an LP-10 2006 ALTA Lender's Policy of insurance insuring the priority of the HOME Regulatory Agreement and HOME Deed of Trust in the amount of the HOME Loan subject only to such exceptions and exclusions as may be reasonably acceptable to the City, and containing such endorsements as the City may reasonably require;

(11) All applicable federal (including all applicable requirements under the National Environmental Protection Act) and state environmental review has been completed for the Development;

(12) The Developer has furnished the City with evidence of insurance coverage meeting the requirements of this Agreement; The City has received copies of labor and material payment and performance bonds as required pursuant to the terms of this Agreement;

(13) The City has received and approved the Management Plan required pursuant to the terms of this Agreement;

(14) The Developer has obtained all permits and approvals necessary for the construction of the Improvements, as required under Section 3.5, and the City has received copies of the building permits required to construct the Improvements.

(15) The City has completed as approved all environmental reviews under NEPA, and the Developer has provided the City evidence of compliance with all approved NEPA requirements and mitigation measures;

(16) The City has received reasonable evidence that the local match requirements set forth in 24. C.F.R. Section 92.218 et seq., have been satisfied pursuant to Section 5.1 of this Agreement; and

(17) The City has received evidence from the Developer that the meets the legal and organizational characteristics described in 24 C.F.R. 92.2 and has been and continues to be annually recertified as a CHDO by the City for the entire HOME Term.

(18) The City has received a written draw request from the Developer, including certification that the condition set forth in subsection (a)(1) continues to be satisfied, and setting forth the proposed uses of funds consistent with the Final Financing Plan previously approved by the City, the amount of funds needed, and, a copy of the bill or invoice covering a cost incurred. When a disbursement is requested to pay any contractor in connection with improvements on the Property, the written request must be accompanied by: (i) certification by the Developer's architect reasonably acceptable to the City that the work for which disbursement is requested has been completed (although the City reserves the right to inspect the Property and make an independent evaluation); and (ii) conditional lien releases and/or mechanics lien title insurance endorsements reasonably acceptable to the City.

(b) Upon satisfaction of the conditions in Section 2.6(a) above, the City shall disburse the Construction Component of the HOME Loan (or so much thereof as is required) for approved cost items as further described in the Final Financing Plan, on a monthly basis.

(c) Notwithstanding any other provisions of this Agreement, the City shall have no obligation to disburse any portion of the HOME Loan to the Developer following notification by the City to the Developer of a Default by Developer under the terms of this Agreement.

Section 2.7 Conditions Precedent to Disbursement of Retention Component.

(a) The City shall not be obligated to disburse the final Fifty-Four Thousand Dollars ($54,000) of HOME Loan funds which comprise the Retention Component of the HOME Loan unless the following conditions precedents are satisfied:

(1) The City has received a completion report from the Developer setting forth the income, household size, and ethnicity of tenants of the Development and the unit size, rent amount and utility allowance for all units in the Development.

(2) The City has received a cost certification pursuant to Section 5.1 below.

(3) The City has received from the Developer copies of the final certificate of occupancy for the Development and the notice of completion has been recorded against title to the Property, or other equivalent document.

(4) The City has received from the Developer current evidence of the insurance coverage meeting the requirements of Section 3.10 below.

(5) The City has received from the Developer a form of lease, Marketing Plan and tenant selection plan for the Development.

(6) The City has received from the Developer evidence of marketing for any vacant units in the Development such as copies of flyers, list of media ads, list of agencies and organizations receiving information on availability of units, as applicable.

(7) The City has received from the Developer all relevant contract activity information, including, but not limited to evidence that the Developer has complied with the requirements in Section 4.3, Section 4.4, and Section 4.5.

(8) The City has received from the Developer contact information for the property manager of the Development and the name and phone number of the on-site property manager.

(9) The City has received from the Developer all certified payrolls, and any identified payment issues have been resolved, or the Developer is working diligently to resolve any such issues.

(10) The City has received a written draw request from the Developer, including certification that the condition set forth in subsection 2.6(a) continues to be satisfied,

and setting forth the proposed uses of funds consistent with the Final Financing Plan, and, where applicable, a copy of the bill or invoice covering a cost incurred or to be incurred. The Developer shall apply the disbursement for the purpose(s) requested.

(b) Notwithstanding any other provisions of this Agreement, the City shall have no obligation to disburse any portion of the HOME Loan to the Developer under this Section, following notification by the City to the Developer of a Default by Developer under the terms of this Agreement.

Section 2.8 Repayment of the HOME Loan.

The HOME Loan shall be repaid as follows:

(a) Annual Payments. Commencing on April 1, 2015, and on April 1 of each year thereafter, through the end of the Term of the HOME Loan, the Developer shall make repayments of the HOME Loan in the amount of the City's Share of Residual Receipts. Payment of the City's Share of Residual Receipts shall be credited first against accrued interest and then against outstanding principal, and shall be accompanied by the Developer's report of Residual Receipts (including an independent auditor's report regarding the auditor's review of Annual Operating Expenses). The Developer shall provide the City with any documentation reasonably requested by the City to substantiate the Developer's determination of Residual Receipts.

(b) Due in Full. All principal and accrued interest on the HOME Loan shall be due in full on the earliest to occur of the following: (1) the date of any Transfer not authorized by the City; (2) the date of any Default (subject to applicable notice and cure periods set forth in Section 7.1); or (3) the expiration of the Term.

(c) Right to Prepay. The Developer shall have the right to prepay the HOME Loan at any time without premium or penalty. However, this Agreement and the HOME Regulatory Agreement shall remain in effect for the entire Term regardless of any prepayment.

(d) Special Repayment From Net Proceeds. Subject to the rights of senior lenders, No later than one hundred eighty (180) days from the Completion Date; the Developer shall pay to the City one-hundred percent (100%) of the Net Proceeds of Permanent Financing, as a special repayment of the Loan. The amount of the Net Proceeds of Permanent Financing shall be calculated using the actual principal amount of the permanent loans and/or grants made to the Developer, provided that if such amount is less than the amount set forth in the Approved Financing Plan, then the Developer shall provide sufficient evidence that the permanent loan is the maximum principal amount that the Developer could secure for the Development applying the permanent lender's underwriting standards. No later than one hundred fifty (150) days following completion of construction of the Development, Developer shall submit to the City for its review a preliminary calculation of the Net Proceeds of Permanent Financing. The City shall reasonably approve or disapprove Developer's determination of the amount of the Net Proceeds of Permanent Financing in writing within thirty (30) days of receipt. If Developer's determination is disapproved by the County, Developer shall re-submit documentation to the City until the City approval is obtained.

(e) Special Repayment For Un-leased Units. As required under 24 C.F.R. 92.252, if Developer fails to lease any one of the HOME Units within eighteen (18) months of the Completion of Construction of the Development, the Developer shall pay to the City a proportionate share of the indebtedness of Developer to the City under this Agreement and the Note attributable to each of the HOME Units that has remained un-leased, together with any accrued interest thereon calculated pursuant to Section 2.2, which amount shall be immediately due and payable.

Section 2.9 Reports and Accounting of Residual Receipts.

(a) Audited Financial Statement. In connection with the annual payments required pursuant to Section 2.8, within one hundred twenty (120) days of the end of the Developer's fiscal year, the Developer shall furnish to the City an audited statement duly certified by an independent firm of certified public accountants approved by the City, setting forth in reasonable detail the computation and amount of Residual Receipts during the preceding calendar year.

(b) Books and Records. The Developer shall keep and maintain on the Property, or at its principal place of business, or elsewhere with the City's written consent, full, complete and appropriate books, records and accounts relating to the Development, including all such books, records and accounts necessary or prudent to evidence and substantiate in full detail the Developer's calculation of Residual Receipts. Books, records and accounts relating to the Developer's compliance with the terms, provisions, covenants and conditions of this Agreement shall be kept and maintained in accordance with generally accepted accounting principles consistently applied, and shall be consistent with requirements of this Agreement which provide for the calculation of Residual Receipts on a cash basis. All such books, records, and accounts shall be open to and available for inspection by the City, its auditors or other City authorized representatives at reasonable intervals during normal business hours. Copies of all tax returns and other reports that the Developer may be required to furnish any governmental agency shall at all reasonable times, and upon twenty-four (24) hours' notice, be open for inspection by the City at the place that the books, records and accounts of the Developer are kept. The Developer shall preserve records on which any statement of Residual Receipts is based for a period of not less than five (5) years after such statement is rendered, and for any period during which there is an audit undertaken pursuant to subsection (c) below then pending.

(c) Audits. The receipt by the City of any statement pursuant to this section or any payment by the Developer or acceptance by the City of any loan repayment for any period shall not bind the City as to the correctness of such statement or such payment. Within three (3) years after the receipt of any such statement, the City or any designated agent or employee of the City at any time shall be entitled to audit the Residual Receipts and all books, records, and accounts pertaining thereto. Such audit shall be conducted during normal business hours at the principal place of business of the Developer and other places where records are kept. Immediately after the completion of an audit, the City shall deliver a copy of the results of such audit to the Developer. If it shall be determined as a result of such audit that there has been a deficiency in a loan repayment to the City, then such deficiency shall become immediately due and payable with interest at the default rate set forth in this Agreement, as applicable, determined as of and accruing from the date that said payment should have been made. In addition, if the

Developer's auditor's statement for any Development fiscal year shall be found to have understated Residual Receipts by more than five percent (5%) and at least Five Thousand Dollars ($5,000), and the City is entitled to any additional HOME Loan repayment as a result of said understatement, then the Developer shall pay, in addition to the interest charges referenced hereinabove, all of the City's reasonable costs and expenses connected with any audit or review of the Developer's accounts and records.

Section 2.10 Nonrecourse.

(a) Except as provided below, upon recordation of the HOME Deed of Trust against the Affordable Parcel, the Developer shall have no direct or indirect personal liability for payment of the principal of, or interest on, the HOME Loan. Following recordation of the HOME Deed of Trust against the Affordable Parcel, the sole recourse of the City with respect to the principal of, and interest on, the Note shall be to the Property described in the HOME Deed of Trust; provided, however, that nothing contained in the foregoing limitation of liability shall:

(1) Limit or impair the enforcement against all such security for the Note of all the rights and remedies of the City thereunder;

(2) Be deemed in any way to impair the right of the City to assert the unpaid principal amount of the Note as demand for money within the meaning and intendment of Section 431.70 of the California Code of Civil Procedure or any successor provision thereto;

(3) Be deemed in any way to limit the rights of the City to obtain specific performance by the Developer of its covenants under the HOME Loan Documents, other than the covenants to pay the City principal and interest due under the Note; or

(b) The foregoing limitation of liability is intended to apply only to the obligation for the repayment of the principal of, and payment of interest on the Note; nothing contained herein is intended to relieve the Developer of its obligation to indemnify the City under this Agreement, or liability for:

(1) Fraud or willful misrepresentation by the Developer;

(2) The failure to pay taxes, assessments or other charges which may create liens on the Property that are payable or applicable prior to any foreclosure under the HOME Deed of Trust (to the full extent of such taxes, assessments or other charges);

(3) The fair market value of any personal property or fixtures removed or disposed of by the Developer other than in accordance with the HOME Deed of Trust; and/or

(4) The misappropriation of any proceeds by the Developer under any insurance policies or awards resulting from condemnation or the exercise of the power of eminent domain or by reason of damage, loss or destruction to any portion of the Development.

ARTICLE 3
PREDEVELOPMENT REQUIREMENTS

Section 3.1 Predevelopment Requirements.

The tasks described below shall be completed by the Developer no later than the dates set forth in this Article 3, subject to Force Majeure. The dates set forth herein may be modified by Operating Memoranda executed by the Developer and by the City Manager on behalf of the City without formal amendment of this Agreement.

Section 3.2 Final Financing Plan.

(a) As a condition precedent to the first Construction Component draw, the Developer shall have submitted and received approval from the City for any updates to the a "Final Financing Plan" attached hereto as Exhibit C.:

(1) An updated "sources and uses" breakdown of the costs of purchasing the Property and constructing the Improvements, and an updated operating proforma for the Development. Such updated sources and uses breakdown shall reflect the Developer's then current expectations for funding sources and development costs and may be in a form substantially similar to the most recently revised approved Financing Proposal, or in such other form as is mutually agreed upon by the Parties. The sources and uses breakdown shall include a project budget, detail the proposed uses of the HOME Loan funds to be disbursed to the Developer, and include a disbursement schedule identifying the source of funds and the timing of disbursement;

(2) An operating proforma for the first thirty (30) years of operation of the Development including funding for the provision of resident services. If the Development does not have a rental subsidy committed, the Final Financing Plan shall demonstrate that the target population can pay the proposed rents;

(3) Copies of all required funding commitments for performing the Construction Work consistent with the Final Financing Plan, including approval of the Bond Loan lender, and a preliminary tax credit reservation and an executed commitment letter from a tax credit equity investor acceptable to the City. The funding for the Construction Work shall include, but not be limited to, the following: (i) HOME Loan; (ii) MHSA Loan funds from the County of Stanislaus; and (iii) any other private and public funds that may become available; and

(4) Any other information that is reasonably necessary to the City in determining that the Developer has the financial capability to pay all costs of completing the Construction Work in accordance with the requirements of this Agreement.

(b) The City shall review the Final Financing Plan to determine if, in the City's reasonable judgment, the Developer has the financial capability (taking into account all committed funds), to pay all realistically established costs of constructing and operating the Development. The City shall review the Final Financing Plan and shall either approve or disapprove the Final Financing Plan in writing within fifteen (15) days of receipt. If disapproved, the City shall give specific reasons in writing for disapproval and the required

revisions to the previously submitted Final Financing Plan. If the Final Financing Plan is disapproved, the Developer shall resubmit, a revised Final Financing Plan within fifteen (15) days of notification of disapproval. The City shall either approve or disapprove the submitted revised Final Financing Plan within fifteen (15) days of the date such revised Final Financing Plan is received by the City.

(c) The Developer shall submit any material revision to an approved Final Financing Plan to the City for its review and approval. Any proposed revisions to Final Financing Plan shall be considered and approved or disapproved by the City in the same manner and according to the same timeframe set forth above for the Final Financing Plan. Until a revised Final Financing Plan is approved by the City, the previously approved Final Financing Plan shall govern the financing of the Development.

(d) The Developer acknowledges that execution of this Agreement by the City does not constitute a commitment by the City to provide any additional financial assistance to the Developer and in no way limits the discretion of the City to determine any future assistance amounts.

Section 3.3 Relocation Plan.

(a) If and to the extent that financing, acquisition, and construction of the Development results in the permanent or temporary displacement of residential tenants, homeowners, or businesses, then the Developer shall comply with all applicable local, state, and federal statutes and regulations, (including without limitation California Government Code Section 7260 et seq., and accompanying regulations) with respect to relocation planning, advisory assistance, and payment of monetary benefits. The Developer shall be solely responsible for payment of any relocation benefits to any displaced persons and any other obligations associated with complying with such relocation laws.

(b) To the extent applicable, the Developer shall defend (with counsel reasonably acceptable to the City), the City against any claim for damages, compensation, fines, penalties, relocation payments or other amounts arising out of the failure or alleged failure of any person or entity (including the Developer or the City) to satisfy relocation obligations related to the acquisition and construction of the Development. The terms of this Section shall survive the repayment of the HOME Loan, the reconveyance of the Property Deed of Trust and the expiration of the Term.

Section 3.4 Plans and Specifications.

(a) No later than six (6) months from the Effective Date of this Agreement, the Developer shall submit to the City the plans and specifications for the construction of the Development, including all construction documentation upon which the Developer and the Developer's contractor shall rely in performing the Construction Work , including, but not necessarily limited to, final architectural drawings, landscaping plans and specifications, final elevations, building plans and specifications (also known as "working drawings") (collectively the "Plans and Specifications").

(b) The Developer acknowledges that the execution of this Agreement by the City does not constitute approval by the City of the Plans and Specifications and in no way limits the discretion of the City in reviewing and making decisions regarding any discretionary or other permits required for the Development.

Section 3.5 Applicable Governmental Approvals.

(a) Promptly following the City approval of the Approved Plans and Specifications, the Developer shall apply for the Applicable Governmental Approvals necessary for performance of the Construction Work in accordance with the Approved Plans and Specifications and in the manner contemplated by the HOME Loan Documents.

(b) The Developer acknowledges that execution of this Agreement by the City does not constitute approval by the City of any required Applicable Governmental Approvals and in no way limits the discretion of the City in the permit, allocation and approval process.

Section 3.6 Other Financing. All other financing necessary to construct the Development, as required and approved by the City in the Final Financing Plan, shall be closed by the Developer prior to, or simultaneously with the funding of the Construction Component. The Developer shall also submit to the City evidence reasonably satisfactory to the City that any conditions to the release or expenditure of funds described in the Final Financing Plan as the sources of funds to pay the costs of constructing the Development have been met or will be met subject to the Developer's satisfaction of standard disbursement preconditions required to be satisfied on a periodic basis, for construction of the Development. Submission by the Developer, and approval by the City, of such evidence of funds availability shall be a condition precedent to the City's obligation to disburse the Construction Component.

Section 3.7 Management Plan.

(a) As a condition precedent to the first Construction Component draw request under the HOME Loan, the Developer shall submit to the City for review, a proposed management and marketing plan (the "Management Plan") for the leasing and operation of the Development.

(b) The City shall review the Management Plan and either reasonably approve or disapprove the Management Plan within fifteen (15) days after receipt. Any disapproval shall state in writing the specific reasons for the disapproval and specify in reasonable detail all of the changes the City requests be made in order to obtain approval. The Developer shall thereafter submit the revised Management Plan within fifteen (15) days of notification of disapproval. The City shall either approve or disapprove the submitted revised Management Plan within fifteen (15) days of the date such revised Management Plan is received by the City, and shall approve the revised Management Plan if the requested changes have been made.

Section 3.8 Construction Contract.

(a) As a condition precedent to the first Construction Component draw request under the HOME Loan the Developer shall submit to the City for its approval the

proposed construction contract for the Development. All construction work and professional services shall be performed by persons or entities licensed or otherwise authorized to perform the applicable construction work or service in the State of California. Each contract that the Developer enters for construction of the Development shall provide that at least ten percent (10%) of the costs incurred shall be payable only upon completion of construction, subject to early release of retention for specified subcontractors upon approval by the City. The City's approval of the construction contract shall in no way be deemed to constitute approval of or concurrence with any term or condition of the construction contract except as such term or condition may be required by this Agreement.

(b) The Developer shall submit the proposed Construction Contract with sufficient time for the City to review and approve such contracts. Upon receipt by the City of the proposed construction contract, the City shall promptly review same and approve or disapprove it within ten (10) working days. If the construction contract is not approved by the City, the City shall set forth in writing and notify the Developer of the City's reasons for withholding such approval. The Developer shall thereafter submit a revised construction contract for City approval, which approval shall be granted or denied in ten (10) working days in accordance with the procedures set forth above. Any construction contract executed by the Developer for the Development shall be in the form approved by the City.

Section 3.9 Building Permit Issued.

Not less than forty-five (45) days prior to the Commencement of Construction and as a condition precedent to the first Construction Component draw request under the HOME Loan, the Developer shall exercise diligent good faith efforts to obtain the building permit for the Construction Work. Upon delivery of evidence of receipt of such permit to the City this condition shall be considered satisfied.

Section 3.10 Insurance.

As a condition precedent to the initial draw request under the HOME Loan, the Developer shall submit to the City "Evidence of Insurance Coverage" meeting the general requirements set forth in Section 5.14 below. The City shall review and reasonably approve or disapprove of the Evidence of Insurance Coverage not less than ten (10) days after submission of complete information in the form required by the City. If the City disapproves the Evidence of Insurance coverage, it shall specify in writing the reasons for such disapproval. The Developer shall resubmit the information required within ten (10) days of the notification of disapproval. The City shall either approve or disapprove the submitted revised evidence of insurance within ten (10) days of the date such revised information is received by the City. No work shall be initiated on the Development prior to receipt of City's approval.

Section 3.11 Performance and Payment Bonds.

(a) As a condition precedent to the first Construction Component draw request under the HOME Loan, the Developer shall deliver to the City copies the Construction Bonds, which shall:

(1) be in a form reasonably acceptably to the City;

(2) be issued by a surety licensed to do business in California and reasonably acceptable to the City; and

(3) name the City as a co-obligee.

(b) The City shall either reasonably approve or disapprove the submitted proposed Construction Bonds within fifteen (15) days from the date the City receives the Construction Bonds. If the proposed Construction Bonds are not approved by the City, then the City shall notify the Developer in writing of the reasons for disapproval and the required revisions to the previously submitted Construction Bonds. The Developer shall thereafter submit revised proposed Construction Bonds within fifteen (15) days of the notification of disapproval. The City shall either approve or disapprove the submitted revised Construction Bonds within fifteen (15) days of the date such revised Construction Bonds are received by the City. The City shall approve the initial or revised Construction Bonds if they meet the standards set forth in Subsection (a) above.

Section 3.12 Evidence of Availability of Funds.

As a condition precedent to the first Construction Component draw request under the HOME Loan, the Developer shall submit to the City evidence reasonably satisfactory to the City that any conditions to release or expend funds described in the approved Final Financing Plan for the purpose of paying the costs of the Construction Work have been satisfied or will be satisfied at the time of Commencement of Construction Work. The City shall either reasonably approve or disapprove the submitted information within fifteen (15) days from the date the City receives the information.

ARTICLE 4
CONSTRUCTION OF THE AFFORDABLE DEVELOPMENT

Section 4.1 Commencement of Construction Work.

The Developer shall cause the Commencement of the Construction Work in a manner consistent with the Approved Plans and Specifications and all applicable Governmental Approvals no later than twelve (12) months from the effective date of this Agreement, subject to extensions pursuant to Section 8.15 below.

Section 4.2 Completion of Construction Work.

The Developer shall diligently complete the Construction Work in a manner consistent with the Approved Plans and Specifications and shall cause Completion of Construction of the Development, as evidenced by issuance of a certificate of occupancy, to occur no later than two years from the commencement of construction pursuant to Section 4.1, subject to extensions pursuant to Section 8.15 below.

Section 4.3 Performance of Work Pursuant to Plans and Laws; Prevailing Wages.

(a) Changes. The Developer shall complete the Construction Work in conformance with the Approved Plans and Specifications. The Developer shall notify the City in a timely manner of any changes in the work required to be performed under this Agreement, including any additions, changes, or deletions to the Approved Plans and Specifications. A written change order authorized by the City must be obtained before any of the following changes, additions, or deletions in the Construction Work may be performed: (1) any change in the Construction Work the cost of which exceeds Twenty-Five Thousand Dollars ($25,000); or (2) any set of changes in the Construction Work the cost of which cumulatively exceeds Fifty Thousand Dollars ($50,000); or (3) any material change in building materials or equipment, specifications, or the structural or architectural design or appearance of the Development as provided for in the Approved Plans and Specifications. City consent to any additions, changes, or deletions to the work (collectively, "Changes") shall not relieve or release the Developer from any other obligations under this Agreement, or relieve or release the Developer or its surety from any surety bond. City consent to any Changes does not relieve the Developer from any requirements to receive approval from the City for such Changes. The City shall utilize best efforts to approve or disapprove change orders within five (5) working days of receipt of a request for approval.

(b) Compliance with Laws. The Developer shall cause all Construction Work performed in connection with the Development to be performed in compliance with: (1) all applicable laws, ordinances, rules and regulations of federal, state, county or municipal governments or agencies now in force or that may be enacted hereafter, including (without limitation and to the extent applicable) the prevailing wage provisions of the federal Davis-Bacon Act and implementing rules and regulations, if applicable (as further discussed in subsection (c) below), and state prevailing wages pursuant to Labor Code Section 1770 et seq., and the regulations pursuant thereto, as further set forth in subsection (d) below; (2) the property standards set out in 24 C.F.R. Section 5.701 et. seq., and 24 C.F.R. Section 92.251; and (3) all directions, rules and regulations of any fire marshal, health officer, building inspector, or other officer of every governmental agency now having or hereafter acquiring jurisdiction. The work shall proceed only after procurement of each permit, license, or other authorization that may be required by any governmental agency having jurisdiction, and the Developer shall be responsible to the agency for the procurement and maintenance thereof, as may be required of the Developer and all entities engaged in work on the Development.

(c) Davis Bacon. To the extent required by law, the Developer shall cause construction of the Development to be in compliance with the prevailing wage requirements of the federal Davis-Bacon Act (40 U.S.C. Sections 3141-3148). Because, as will be provided in the HOME Regulatory Agreement, only four (4) units in the Development are HOME Units, it is the understanding of the City and the Developer that the construction of the Development is exempt from the prevailing wage requirements of the Davis-Bacon Act, pursuant to 24 CFR 92.354(a)(2). If it is determined by HUD or a court of law that Davis-Bacon wages were required to be paid, the Developer shall indemnify, hold harmless and defend (with counsel reasonably acceptable to the City) the City, its councilmembers, officers, employees, agents, successors and assigns, against any claim for damages, compensation, fines, penalties or other amounts arising out of the failure or alleged failure of any person or entity (including the

Developer, its contractor and subcontractors) to pay prevailing wages as determined pursuant to the prevailing wage provisions of the federal Davis-Bacon Act and implementing rules and regulations in connection with the rehabilitation of the Development or any other work undertaken or in connection with the Property. The requirements in this subsection shall survive termination of this Agreement, repayment of the Loan and the reconveyance of the Deed of Trust

(d) State Prevailing Wages. To the extent required by law, the Developer shall pay and shall cause the contractor and subcontractors to pay prevailing wages in connection with the Construction Work, as those wages are determined pursuant to Labor Code Sections 1720 et seq., to employ apprentices as required by Labor Code Sections 1777.5 et seq., and the implementing regulations of the Department of Industrial Relations (the "DIR"). In addition, as applicable, the Developer shall cause its respective contractors and subcontractors to do all the following: (i) all calls for bids, bidding materials and the construction contract documents for the Development must specify that (A) no contractor or subcontractor may be listed on a bid proposal nor be awarded a contract for the Development unless registered with the DIR pursuant to Labor Code Section 1725.5 , and (B) the Development is subject to compliance monitoring and enforcement by the California Department of Industrial Relations ("DIR"); (ii) the Developer is required to provide the City all information required by Labor Code Section 1773.3 as set forth in the DIR's online form PWC-100 within 2 days of the award of the contract (https://www.dir.ca.gov/pwc100ext/); (iii) the Developer shall cause its respective contractors to post job site notices, as prescribed by regulation by the DIR; (iv) the Developer shall cause its respective contractors to furnish payroll records required by Labor Code Section 1776 directly to the Labor Commissioner, at least monthly in the electronic format prescribed by the Labor Commissioner. The Developer shall indemnify, hold harmless and defend (with counsel reasonably acceptable to the City) the City its councilmembers, officers, employees, agents, successors and assigns, against any claim for damages, compensation, fines, penalties or other amounts arising out of the failure or alleged failure of any person or entity (including the Developer, its contractor and subcontractors) to pay prevailing wages as determined pursuant to Labor Code Sections 1720 et seq., to employ apprentices pursuant to Labor Code Sections 1777.5 et seq., and implementing regulations of the DIR or to comply with the other applicable provisions of Labor Code Sections 1720 et seq., 1777.5 et seq., and the implementing regulations of the DIR in connection with the Construction Work or any other work undertaken or in connection with the Development. The requirements in this subsection shall survive the repayment of the HOME Loan, and the reconveyance of the HOME Deed of Trust.

(e) Accessibility Requirements. The Developer shall construct the Development to comply with all applicable federal and state disabled persons accessibility requirements including but not limited to the Federal Fair Housing Act, Section 504 of the Construction Act of 1973, Title II and/or Title III of the Americans with Disabilities Act of 1990, Title 24 of the California Code of Regulations and the Uniform Federal Accessibility Standards (UFAS). In compliance with Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794, et seq.), a minimum of five percent (5%) of all Units shall be constructed to be fully accessible to households with a mobility impaired member and an additional two percent (2%) of all Units shall be fully accessible to hearing and/or visually impaired persons.

Section 4.4 Equal Opportunity.

During the performance of the Construction Work there shall be no discrimination on the basis of race, color, creed, religion, age, sex, gender, gender identity, gender expression, sexual orientation, marital status, national origin, ancestry, military and veteran status, or disability in the hiring, firing, promoting, or demoting of any person engaged in the Construction Work .

Section 4.5 Minority and Women-Owned Contractors.

Developer shall use its best efforts to afford minority-owned and women-owned business enterprises the maximum practicable opportunity to participate in the construction of the Development. Developer shall, at a minimum, notify applicable minority-owned and women-owned business firms located in Stanislaus County of bid opportunities for the construction of the Development. Documentation of such notifications must be maintained by Developer and available to the County as requested.

Section 4.6 Progress Reports; Amended Final Financing Plan.

From the date of execution of this Agreement and continuing until Completion of Construction, the Developer shall provide the City with quarterly progress reports regarding the status of the Construction Work, including a certification that the actual construction costs to date conform to the Final Financing Plan. The Developer shall submit any required amendments to the Final Financing Plan to the City for approval within fifteen (15) days of the date the Developer receives information indicating that actual costs of the Development vary or will vary from the costs shown on the Final Financing Plan. Written consent of the City shall be required to amend the Final Financing Plan.

Section 4.7 Construction Responsibilities.

(a) It shall be the responsibility of the Developer to coordinate and schedule the work to be performed so that Commencement of Construction and Completion of Construction will take place in accordance with this Agreement.

(b) The Developer shall be solely responsible for all aspects of the Developer's conduct in connection with the Development, including (but not limited to) the quality and suitability of the Construction Work, the supervision of Construction Work, and the qualifications, financial condition, and performance of all architects, engineers, contractors, subcontractors, suppliers, consultants, and property managers. Any review or inspection undertaken by the City with reference to the Development is solely for the purpose of determining whether the Developer is properly discharging its obligations to the City, and should not be relied upon by the Developer or by any third parties as a warranty or representation by the City as to the quality of the design or construction of the Development and does not relieve the Developer, or its consultants, from any applicable requirement to obtain City approval and/or inspections.

Section 4.8 Mechanics Liens, Stop Notices, and Notices of Completion.

(a) If any claim of lien is filed against the Property or the Improvements or a stop notice affecting the HOME Loan is served on the City or any other lender or other third party in connection with the Construction Work, then the Developer shall, within fifteen (15) days after such filing or service give notice to the City of the claim of lien, and within thirty (30) days either pay and fully discharge the lien or stop notice, effect the release of such lien or stop notice by delivering to the City a surety bond from a surety acceptable to the City in sufficient form and amount, or provide the City with other assurance satisfactory to the City that the claim of lien or stop notice will be paid or discharged.

(b) If the Developer fails to discharge any lien, encumbrance, charge, or claim in the manner required in this Section, then in addition to any other right or remedy, the City may (but shall be under no obligation to) discharge such lien, encumbrance, charge, or claim at the Developer's expense. Alternately, the City may require the Developer to immediately deposit with the City the amount necessary to satisfy such lien or claim and any costs, pending resolution thereof. The City may use such deposit to satisfy any claim or lien that is adversely determined against the Developer.

(c) The Developer shall file a valid notice of cessation or notice of completion upon cessation of construction of the Development for a continuous period of thirty (30) days or more, and take all other reasonable steps to forestall the assertion of claims of lien against the Property and/or Improvements. The Developer authorizes the City, but without any obligation to the City, to record any notices of completion or cessation of labor, or any other notice that the City deems necessary or desirable to protect its interest in the Development. The Developer agrees and acknowledges that the City must conduct on-site inspections, consistent with the requirements of 24 C.F.R. 92.504(d), to determine compliance with the property standards set forth in 24 C.F.R. 92.251, at least once every three(3) years after the completion of construction of the Development.

Section 4.9 Inspections.

(a) The Developer shall permit and facilitate, and shall require its contractors to permit and facilitate, observation and inspection at the Development by the City and by public authorities during reasonable business hours for the purposes of determining compliance with this Agreement. Such inspections do not relieve the Developer, or its contractors, from any applicable requirement to obtain City inspections in connection with the construction of the Development.

(b) After the completion of an inspection the City shall deliver a copy of the inspection report to the Developer. If the City determines as a result of such inspection that there are any life-threatening health and safety related deficiencies, Developer has the obligation to correct such deficiencies immediately, in accordance with 24 C.F.R 92.251. If the City determines as a result of the inspection that there are any deficiencies for any of the inspectable items in the Development, the Developer shall correct such deficiencies within fifteen (15) days from the delivery of the inspection report or if a period longer than fifteen (15) days is reasonably necessary to correct the deficiency, then Developer must begin to correct the deficiency within fifteen (15) days and correct the deficiency as soon as reasonably possible. In addition, the Developer acknowledges that the City may re-inspect the Development to verify all

deficiencies have been corrected or rely on third party documentation submitted by the Developer for non-hazardous deficiencies in conformance with 24 C.F.R. 92.504(d)

Section 4.10 Developer Fee.

In no event shall developer fees paid to any entity for development services rendered, including administrative fees and costs in connection with the Development and deferred developer fees exceed the lesser of: (i) the maximum amount that is permitted by HCD, and; (ii) the amount approved in the Final Financing Plan.

Section 4.11 Marketing Plan.

(a) No later than six (6) months prior to the projected date of the completion of the Development, the Developer shall submit to the City for approval its plan for marketing the Development to income-eligible households as required pursuant to the HOME Regulatory Agreement, including information on affirmative marketing efforts and compliance with fair housing laws, including but not limited to the information required under 24 C.F.R. Section 92.351(a) (the "Marketing Plan").

(b) Upon receipt of the Marketing Plan, the City shall promptly review the Marketing Plan and shall approve or disapprove the Marketing Plan within fifteen (15) days after submission. If the Marketing Plan is not approved, the Developer shall submit a revised Marketing Plan within fifteen (15) days. If the City does not approve the revised Marketing Plan, the Developer shall be in default hereunder.

(c) If after five (5) months after the Completion of Construction any HOME Unit remains unoccupied, the Developer shall submit a detail report of the ongoing marketing efforts, and if deemed appropriate by the City, any necessary amendments or updates to the Marketing Plan aimed at ensuring any unoccupied HOME Unit is promptly leased. If any of the HOME Units remain unoccupied eleven (11) months after the Completion of Construction, the Developer shall submit a detailed report of the ongoing marketing efforts and submit to the City an update to the Marketing Plan. Failure to lease all of the HOME Units to an eligible tenant within eighteen (18) months of Completion of Construction shall trigger the special repayment pursuant to Section 2.7.

ARTICLE 5
LOAN REQUIREMENTS

Section 5.1 Match Requirement.

The Developer shall ensure that the HOME Loan is matched with a minimum of 25% of the loan amount which is equal to One Hundred Thirty-five Thousand Dollars ($135,000), in other, non-federal sources, pursuant to and eligible under 24 CFR 92.220.

Section 5.2 Financial Accountings and Post-Completion Audits.

The Developer shall provide to City a financial accounting of all sources and uses of funds for the Construction Work. No later than one hundred fifty (150) calendar days following

completion of Construction Work, the Developer shall submit a cost certification prepared by the Developer's accountants showing the sources and uses of all funds utilized for the Development, as well as a copy of all documents that the Developer is required to submit to TCAC as part of the final feasibility and cost reasonableness analysis.

Section 5.3 Annual Operating Budget.

At the beginning of each fiscal year of the Term, the Developer shall provide to the City an annual budget for the operation of the Development. Unless rejected by the City in writing within fifteen (15) days after receipt of the budget, said budget shall be deemed accepted. If rejected by the City in whole or in part, the Developer shall submit a new or corrected budget within thirty (30) calendar days of notification of the City's rejection and the reasons therefore. The provisions of this Section relating to time periods for resubmission of new or corrected budgets shall continue to apply until such budget has been approved by the City.

Section 5.4 Information.

The Developer shall provide all information reasonably requested by the City in connection with the Construction Work and the operation of the Development, including but not limited to any information required by HUD in connection with the Developer's use of the HOME Loan funds.

Section 5.5 Records.

(a) The Developer shall keep and maintain at the Development, or elsewhere with the City's written consent, full, complete and appropriate books, records and accounts relating to the Development, including all such books, records and accounts necessary or prudent to evidence and substantiate in full detail Developer's compliance with the terms and provisions of this Agreement. Books, records and accounts relating to Developer's compliance with the terms, provisions, covenants and conditions of this Agreement shall be kept and maintained in accordance with generally accepted accounting principles consistently applied, and shall be consistent with requirements of this Agreement. All such books, records, and accounts shall be open to and available for inspection and copying by HUD, the City, its auditors or other authorized representatives at reasonable intervals during normal business hours. Copies of all tax returns and other reports that Developer may be required to furnish to any governmental agency shall at all reasonable times be open for inspection by the City at the place that the books, records and accounts of the Developer are kept. The Developer shall preserve such records for a period of not fewer than five (5) years after the creation of such records in compliance with all HUD records and accounting requirements. If any litigation, claim, negotiation, audit exception, monitoring, inspection or other action relating to the use of the Loan is pending at the end of the record retention period stated herein, then the Developer shall retain such records until such action and all related issues are resolved. Such records shall include all invoices, receipts, and other documents related to expenditures from the Loan funds. Records must be kept accurate and current and in such a form as to allow the City to comply with the applicable recordkeeping requirements contained in 24 C.F.R. Section 92.508. Such records shall include but not be limited to:

(1) Records providing a full description of the activities undertaken with the use of the Loan funds;

(2) Records demonstrating compliance with the HUD property standards and lead-based paint requirements, including, as applicable, the Uniform Physical Conditions Standards established by HUD pursuant to 24 C.F.R. 5.703;

(3) Records demonstrating compliance with the Tenant Selection Plan requirements pursuant to 24 C.F.R. 92.253(d);

(4) Records demonstrating compliance with the affordability and income requirements for tenants and HOME affordability and income requirements;

(5) Records documenting compliance with the fair housing, equal opportunity, and affirmative fair marketing;

(6) Records demonstrating compliance with applicable relocation requirements which must be retained for at least five (5) years after the date by which persons displaced from the property have received final payments;

(7) Records demonstrating compliance with MBE/WBE requirements;

(8) Records demonstrating that tenant leases comply with the HOME Requirements;

(9) Records demonstrating compliance with Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. 1701u, and labor requirements, including certified payrolls from the Developer's general contractor (and any subcontractor) evidencing that applicable prevailing wages have been paid;

(10) Financial records as required by 24 C.F.R. Section 92.505, and OMB Circular A-110.

(b) The City shall notify Developer of any records it deems insufficient. Developer shall have fifteen (15) calendar days after the receipt of such a notice to correct any deficiency in the records specified by the City in such notice, or if a period longer than fifteen (15) days is reasonably necessary to correct the deficiency, then Developer shall begin to correct the deficiency within fifteen (15) days and correct the deficiency as soon as reasonably possible.

Section 5.6 Audits.

(a) Each year, the Developer shall provide the City with a copy of the Developer's annual audit, which shall include information on all of the Developer's activities and not just those pertaining to the Development, and shall submit all other financial information reasonably requested by the City determined by the City as necessary for compliance with the requirements of 24 C.F.R 504(d). Developer shall also follow audit requirements of the Single Audit Act and OMB Circulars A-122 and 110.

(b) In addition, the City or any designated agent or employee of the City at any time shall be entitled to audit all of Developer's books, records, and accounts pertaining thereto. Such audit shall be conducted during normal business hours at the principal place of business of Developer and other places where records are kept. Immediately after the completion of an audit, the City shall deliver a copy of the results of such audit to Developer.

Section 5.7 HOME Requirements.

(a) The Developer shall comply with all applicable laws and regulations governing the use of the HOME funds as set forth in 24 C.F.R. Part 92, including but not limited to the requirements of the HOME Regulatory Agreement. In the event of any conflict between this Agreement and applicable laws and regulations governing the use of the HOME Loan funds, the applicable laws and regulations shall govern. During the HOME Term, these requirements shall be federal requirements, implemented by the City; thereafter, these requirements shall be deemed local City requirements.

(b) The laws and regulations governing the use of the HOME Loan funds include (but are not limited to) the following:

(1) Eligible Project Costs. Restrictions on funding only eligible project costs as defined under 24 C.F.R. 92.206.

(2) Environmental and Historic Preservation. 24 C.F.R. Part 50 and 24 C.F.R. Part 58, which prescribes procedures for compliance with the National Environmental Policy Act of 1969 (42 U.S.C. Sections 4321-4361), and the additional laws and authorities listed at 24 C.F.R. Section 58.5.

(3) Applicability of OMB Circulars. The applicable policies, guidelines, and requirements of OMB Circulars Nos. A-87, A-102, Revised, A-110, A-122, and A-133.

(4) Debarred, Suspended or Ineligible Contractors. The prohibition on the use of debarred, suspended, or ineligible contractors and subcontractors set forth in 24 C.F.R. Part 24, including maintenance of all appropriate records for compliance thereof.

(5) Civil Rights, Housing and Community Development, and Age Discrimination Acts. The Fair Housing Act (42 U.S.C. Section 3601 et seq.) and implementing regulations at 24 C.F.R. Part 100; Title VI of the Civil Rights Act of 1964 as amended; Title VIII of the Civil Rights Act of 1968 as amended; Section 104(b) and Section 109 of Title I of the Housing and Community Development Act of 1974 as amended; Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. Section 794, et seq.); the Age Discrimination Act of 1975 (42 U.S.C. Section 6101, et seq.); Executive Order 11063 as amended by Executive Order 12259 and implementing regulations at 24 C.F.R. Part 107; Executive Order 11246 as amended by Executive Orders 11375, 12086, 11478, 12107; Executive Order 11625 as amended by Executive Order 12007; Executive Order 12432; Executive Order 12138 as amended by Executive Order 12608.

(6) Lead-Based Paint. The requirement of the Lead-Based Paint Poisoning Prevention Act, as amended (42 U.S.C. Section 4821 et seq.), the Residential Lead-Based Paint Hazard Reduction Act (42 U.S.C. Section 4851 et seq.), and implementing regulations at 24 C.F.R. Part 35.

(7) Relocation. The requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (42 U.S.C. Section 4601, et seq.) and implementing regulations at 49 C.F.R. Part 24; 24 C.F.R. 570.606, Section 104(d) of the Housing and Community Development Act of 1974 and implementing regulations at 24 C.F.R. Part 42; 24 C.F.R. Section 92.353; and California Government Code Section 7260 et seq. and implementing regulations at 25 California Code of Regulations Section 6000 et seq. If and to the extent that construction of the Development results in the permanent or temporary displacement of residential tenants, homeowners, or businesses, then the Developer shall comply with all applicable local, state, and federal statutes and regulations with respect to relocation planning, advisory assistance, and payment of monetary benefits. The Developer shall prepare and submit a relocation plan to the City for approval. The Developer shall be solely responsible for payment of any relocation benefits to any displaced persons and any other obligations associated with complying with such relocation laws. The Developer shall indemnify, defend (with counsel reasonably chosen by the City), and hold harmless the City, its councilmembers, officers, employees, agents, successors and assigns, against all claims which arise out of relocation obligations to residential tenants, homeowners, or businesses permanently or temporarily displaced by the Development.

(8) Discrimination against the Disabled. The requirements of the Fair Housing Act (42 U.S.C. 3601 et seq.) and implementing regulations at 24 C.F.R. Part 100, the requirements of Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. Section 794), and federal regulations issued pursuant thereto, which prohibit discrimination against the disabled in any federally assisted program, the requirements of the Architectural Barriers Act of 1968 (42 U.S.C. Sections 4151-4157) and the applicable requirements of Title II and/or Title III of the Americans with Disabilities Act of 1990 (42 U.S.C. Section 12131 et seq.), and federal regulations issued pursuant thereto.

(9) Clean Air and Water Acts. The Clean Air Act, as amended, 42 U.S.C. Section 7401 et seq., the Federal Water Pollution Control Act, as amended, 33 U.S.C. Section 1251 et seq., and the regulations of the Environmental Protection Agency with respect thereto, at 40 C.F.R. Part 1500, as amended from time to time.

(10) Uniform Administrative Requirements. The requirements of 24 C.F.R. Section 92.505 regarding cost and auditing requirements.

(11) Training Opportunities. The requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. 1701u ("Section 3"), requiring that to the greatest extent feasible opportunities for training and employment be given to lower income residents of the project area and agreements for work in connection with the project be awarded to business concerns which are located in, or owned in substantial part by persons residing in, the areas of the project. The Developer agrees to include the following language in all subcontracts executed under this Agreement:

(i) The work to be performed under this contract is subject to the requirements of Section 3. The purpose of Section 3 is to ensure that employment and other economic opportunities generated by HUD assistance or HUD-assisted projects covered by Section 3, shall, to the greatest extent feasible, be directed to low- and very low-income persons, particularly persons who are recipients of HUD assistance for housing.

(ii) The parties to this contract agree to comply with HUD's regulations in 24 C.F.R. Part 135, which implement Section 3. As evidenced by their execution of this contract, the parties to this contract certify that they are under no contractual or other impediment that would prevent them from complying with the 24 C.F.R. Part 135 regulations.

(iii) The contractor agrees to send to each labor organization or representative of workers with which the contractor has a collective bargaining agreement or other understanding, if any, a notice advising the labor organization or workers' representative of the contractor's commitments under this Section 3 clause; and will post copies of the notice in conspicuous places at the work site where both employees and applicants for training and employment positions can see the notice. The notice shall describe the Section 3 preference; shall set forth minimum number and job titles subject to hire; availability of apprenticeship and training positions; the qualifications for each; the name and location of the person(s) taking applications for each of the positions; and the anticipated date the work shall begin.

(iv) The contractor agrees to include this Section 3 clause in every subcontract subject to compliance with regulations in 24 C.F.R. Part 135, and agrees to take appropriate action, as provided in an applicable provision of the subcontract or in this Section 3 clause, upon a finding that the subcontractor is in violation of the regulations in 24 C.F.R. Part 135. The contractor will not subcontract with any subcontractor where the contractor has notice or knowledge that the subcontractor has been found in violation of the regulations in 24 C.F.R. Part 135.

(v) The contractor will certify that any vacant employment positions, including training positions, that are filled: (1) after the contractor is selected but before the contract is executed; and (2) with persons other than those to whom the regulations of 24 C.F.R. Part 135 require employment opportunities to be directed, were not filled to circumvent the contractor's obligations under 24 C.F.R. Part 135.

(vi) Noncompliance with HUD's regulations in 24 C.F.R. Part 135 may result in sanctions, termination of this contract for default, and debarment or suspension from future HUD assisted contracts.

(vii) With respect to work performed in connection with Section 3 covered Indian housing assistance, Section 7(b) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. Section 450e) also applies to the work to be performed under this contract. Section 7(b) requires that to the greatest extent feasible: (1) preference and opportunities for training and employment shall be given to Indians, and (2) preference in the award of contracts and subcontracts shall be given to Indian organizations and Indian-owned Economic Enterprises. Parties to this contract that are subject to the provisions of Section 3 and

Section 7(b) agree to comply with Section 3 to the maximum extent feasible, but not in derogation of compliance with Section 7(b).

(12) Labor Standards. The Developer shall comply with applicable labor requirements set forth in 24 C.F.R. Section 92.354: the prevailing wage requirements of the Davis-Bacon Act and implementing rules and regulations (40 U.S.C. Sections 3141-3148); the Copeland "Anti-Kickback" Act (40 U.S.C. Section 276(c)) which requires that workers be paid at least once a week without any deductions or rebates except permissible deductions; the Contract Work Hours and Safety Standards Act – CWHSSA (40 U.S.C. Sections 3701-3708) which requires that workers receive "overtime" compensation at a rate of 1-1/2 times their regular hourly wage after they have worked forty (40) hours in one (1) week; and Title 29, Code of Federal Regulations, Subtitle A, Parts 1, 3 and 5 are the regulations and procedures issued by the Secretary of Labor for the administration and enforcement of the Davis-Bacon Act, as amended. Because, as provided in the HOME Regulatory Agreement, only four (4) units in the Development are HOME Units, it is the understanding of the City and the Developer that the construction of the Development is exempt from the prevailing wage requirements of the Davis-Bacon Act, pursuant to 24 CFR 92.354(a)(2).

(13) Drug Free Workplace. The requirements of the Drug Free Workplace Act of 1988 (P.L. 100-690) and implementing regulations at 24 C.F.R. Part 24.

(14) Anti-Lobbying; Disclosure Requirements. The disclosure requirements and prohibitions of 31 U.S.C. Section 1352 and implementing regulations at 24 C.F.R. Part 87.

(15) Historic Preservation. The historic preservation requirements set forth in the National Historic Preservation Act of 1966, as amended (16 U.S.C. Section 470) and the procedures set forth in 36 C.F.R. Part 800. If archeological, cultural, or historic period resources are discovered during rehabilitation, all rehabilitation work must come to a halt and the Developer shall immediately notify the City. The Developer shall not shall alter or move the discovered material(s) until all appropriate procedures for "post-review discoveries" set forth in Section 106 of the National Historic Preservation Act have taken place, which include, but are not limited to, consultation with the California State Historic Preservation Officer and evaluation of the discovered material(s) by a qualified professional archeologist.

(16) Flood Disaster Protection. The requirements of the Flood Disaster Protection Act of 1973 (P.L. 93-234) (the "Flood Act"). No portion of the assistance provided under this Agreement is approved for acquisition or construction purposes as defined under Section 3(a) of the Flood Act, for use in an area identified by HUD as having special flood hazards which is not then in compliance with the requirements for participation in the national flood insurance program pursuant to Section 201(d) of the Flood Act. The use of any assistance provided under this Agreement for such acquisition or construction in such identified areas in communities then participating in the National Flood Insurance Program is subject to the mandatory purchase of flood insurance requirements of Section 102(a) of the Flood Act. If the Property is located in an area identified by HUD as having special flood hazards and in which the sale of flood insurance has been made available under the National Flood Insurance Act of 1968, as amended, 42 U.S.C. 4001 et seq., the property owner and its successors or assigns must obtain and maintain, during the ownership of the Property, such flood insurance as required with

respect to financial assistance for acquisition or construction purposes under Section 102(s) of the Flood Act. Such provisions are required notwithstanding the fact that the construction on the Property is not itself funded with assistance provided under this Agreement.

(17) Faith Based Activities. If the Developer is a religious organization, as defined by the HOME requirements, the Developer shall comply with all conditions prescribed by HUD for the use of HOME Funds by religious organizations, including the First Amendment of the United States Constitution regarding church/state principles and the applicable constitutional prohibitions set forth in 24 C.F.R. 92.257.

(18) Physical Needs Assessment. The Developer shall conduct, or caused to be conducted, a physical needs assessment on the Development once every five (5) years from the date that construction of the Development is completed. The Developer shall comply with all HUD requirements for conducting and documenting the physical needs assessment and shall provide the City with a copy of all documentation related to each physical needs assessment conducted, or caused to be conducted, by the Developer.

(19) HUD Regulations. Any other HUD regulations present or as may be amended, added, or waived in the future pertaining to the Loan funds, including but not limited to HUD regulations as may be promulgated regarding subrecipients.

Section 5.8 Hazardous Materials.

(a) Upon acquisition of the Property, the Developer shall keep and maintain the Development in compliance with, and shall not cause or permit the Development to be in violation of any federal, state or local laws, ordinances or regulations relating to industrial hygiene or to the environmental conditions on, under, or about the Development including, but not limited to, soil and ground water conditions. The Developer shall not use, generate, manufacture, store or dispose of, on, under, or about the Development or transport to or from the Development any Hazardous Materials except those materials as may be used in the construction and operation of the Development, or customarily kept and used in and about residential property of this type.

(b) The Developer shall immediately advise the City in writing: (1) any time the Developer receives written notice of any Hazardous Materials Claims, and (2) if the Developer discovers of any occurrence or condition on any real property adjoining or in the vicinity of the Development that could cause the Development or any part thereof to be classified as "border-zone property" under the provision of California Health and Safety Code, Sections 25220 et seq., or any regulation adopted in accordance therewith, or to be otherwise subject to any restrictions on the ownership, occupancy, transferability or use of the Development under any Hazardous Materials Law.

(c) The City shall have the right to join and participate in, as a party if it so elects, any legal proceedings or actions initiated in connection with any Hazardous Materials Claims and to have its reasonable attorneys' fees in connection therewith paid by the Developer. The Developer shall indemnify and hold harmless the City and its council members, directors, officers, employees, agents, successors and assigns, from and against any loss, damage, cost, expense or liability directly or indirectly arising out of or attributable to the use, generation,

storage, release, threatened release, discharge, disposal, or presence of Hazardous Materials on, under, or about the Development (including asbestos) including without limitation: (1) all foreseeable consequential damages; (2) the costs of any required or necessary repair, cleanup or detoxification of the Development and the preparation and implementation of any closure, remedial or other required plans; and (3) all reasonable costs and expenses incurred by the City in connection with clauses (1) and (2), including but not limited to reasonable attorneys' fees. This indemnification applies whether or not any government agency has issued a cleanup order. Losses, claims, costs, suits, liability, and expenses covered by this indemnification provision include, but are not limited to: (1) losses attributable to diminution in the value of the Property, (2) loss or restriction of use of rentable space on the Property, (3) adverse effect on the marketing of any rental space on the Property, and (4) penalties and fines levied by, and remedial or enforcement actions of any kind issued by any regulatory agency (including but not limited to the costs of any required testing, remediation, repair, removal, cleanup or detoxification of the Property and surrounding properties). This obligation to indemnify shall survive termination of this Agreement.

(d) Without the City's prior written consent, which shall not be unreasonably withheld, the Developer shall not take any remedial action in response to the presence of any Hazardous Materials on, under or about the Development, nor enter into any settlement agreement, consent decree, or other compromise in respect to any Hazardous Material Claims, which remedial action, settlement, consent decree or compromise might, in the City's reasonable judgment, impair the value of the City's security hereunder; provided, however, that the City's prior consent shall not be necessary in the event that the presence of Hazardous Materials on, under, or about the Development either poses an immediate threat to the health, safety or welfare of any individual or is of such a nature that an immediate remedial response is necessary and it is not reasonably possible to obtain the City's consent before taking such action, provided that in such event the Developer shall notify the City as soon as practicable of any action so taken. The City agrees not to withhold its consent, where such consent is required hereunder, if either: (1) a particular remedial action is ordered by a court of competent jurisdiction; (2) the Developer will or may be subjected to civil or criminal sanctions or penalties if it fails to take a required action; (3) the Developer establishes to the reasonable satisfaction of the City that there is no reasonable alternative to such remedial action which would result in less impairment of the City's security hereunder; or (4) the action has been agreed to by the City.

(e) The Developer hereby acknowledges and agrees that: (1) this Section is intended as the City's written request for information (and the Developer's response) concerning the environmental condition of the Development as required by California Code of Civil Procedure Section 726.5; and (2) each representation and warranty in this Agreement (together with any indemnity obligation applicable to a breach of any such representation and warranty) with respect to the environmental condition of the Development is intended by the Parties to be an "environmental provision" for purposes of California Code of Civil Procedure Section 736.

(f) In the event that any portion of the Development is determined to be "environmentally impaired" (as that term is defined in California Code of Civil Procedure Section 726.5(e)(3)) or to be an "affected parcel" (as that term is defined in California Code of Civil Procedure Section 726.5(e)(1)), then, without otherwise limiting or in any way affecting the City's or the trustee's rights and remedies under the Property Deed of Trust, the City may elect to

exercise its rights under California Code of Civil Procedure Section 726.5(a) to: (1) waive its lien on such environmentally impaired or affected portion of the Development; and (2) exercise: (i) the rights and remedies of an unsecured creditor, including reduction of its claim against the Developer to judgment; and (ii) any other rights and remedies permitted by law. For purposes of determining the City right to proceed as an unsecured creditor under California Code of Civil Procedure Section 726.5(a), the Developer shall be deemed to have willfully permitted or acquiesced in a release or threatened release of hazardous materials, within the meaning of California Code of Civil Procedure Section 726.5(d)(1), if the release or threatened release of Hazardous Materials was knowingly or negligently caused or contributed to by any lessee, occupant, or user of any portion of the Development and the Developer knew or should have known of the activity by such lessee, occupant, or user which caused or contributed to the release or threatened release. All costs and expenses, including (but not limited to) attorneys' fees, incurred by the City in connection with any action commenced under this paragraph, including any action required by California Code of Civil Procedure Section 726.5(b) to determine the degree to which the Development is environmentally impaired, plus interest thereon at the lesser of ten percent (10%) or the maximum rate permitted by law, until paid, shall be added to the indebtedness secured by the Property Deed of Trust and shall be due and payable to the City upon its demand made at any time following the conclusion of such action.

(g) The Developer hereby indemnifies the City and its council members, directors, officers, employees, agents, successors and assigns for any and all liability resulting from or related to the presence of any Hazardous Materials on the Property.

Section 5.9 Maintenance and Damage.

(a) During the course of operation of the Development, the Developer shall maintain the Development in good repair and in a neat, clean and orderly condition. If there arises a condition in contravention of this requirement, and if the Developer has not cured such condition within thirty (30) days after receiving a notice from the City of such a condition, then in addition to any other rights available to the City, the City shall have the right to perform all acts necessary to cure such condition, and to establish or enforce a lien or other encumbrance against the Property.

(b) Subject to the requirements of senior lenders, and if economically feasible in the City's reasonable judgment after consultation with the Developer, if any improvement now or in the future on the Property is damaged or destroyed, then the Developer shall, at its cost and expense, diligently undertake to repair or restore such improvement consistent with the plans and specifications approved by the City with such changes as have been approved by the City. Such work or repair shall be commenced no later than the later of one hundred twenty (120) days, or such longer period approved by the City in writing, after the damage or loss occurs or thirty (30) days following receipt of the insurance proceeds, and shall be complete within one (1) year thereafter. Any insurance proceeds collected for such damage or destruction shall be applied to the cost of such repairs or restoration and, if such insurance proceeds shall be insufficient for such purpose, then the Developer shall make up the deficiency. If the Developer does not make repairs, then any insurance proceeds collected for such damage or destruction shall be distributed as if such proceeds were Residual Receipts, subject to the rights of the Senior Lenders.

Section 5.10 Fees and Taxes.

(a) The Developer shall be solely responsible for payment of all fees, assessments, taxes, charges, and levies imposed by any public authority or utility company with respect to the Development to the extent owed by the Developer, and shall pay such charges prior to delinquency. However, the Developer shall not be required to pay and discharge any such charge so long as: (1) the legality thereof is being contested diligently and in good faith and by appropriate proceedings; and (2) if requested by the City, the Developer deposits with the City any funds or other forms of assurance that the City in good faith from time to time determines appropriate to protect the City from the consequences of the contest being unsuccessful.

(b) The City acknowledges that the Developer intends to apply to the State Board of Equalization for a welfare exemption from property taxes under California Revenue and Taxation Code Section 214 for the Development. Nothing in this Agreement shall prohibit the Developer from applying for and obtaining a welfare exemption for the Development.

Section 5.11 Notice of Litigation.

The Developer shall promptly notify the City in writing of any litigation related to the Development, and any litigation related to the Developer for which the amount claimed or at issue is in excess of Fifty Thousand Dollars ($50,000), and of any claims or disputes related to the Development that involve a material risk of litigation.

Section 5.12 Operation of Development as Affordable Housing.

(a) Promptly after Completion of Construction of the Development, the Developer shall operate the Development as an affordable housing development consistent with: (1) HUD's requirements for use of the HOME Loan Funds for the HOME Term; and (2) the HOME Regulatory Agreement for the Term of this Agreement.

(b) Before leasing any Unit in the Development, the Developer shall submit its proposed form of lease agreement for the City's review and approval. The term of the form of lease agreement shall be for no less than one (1) year, except by mutual agreement between the Developer and the tenant, and shall not contain any provision which is prohibited by 24 C.F.R. Section 92.253(d) and any modifications thereto. Any Developer termination of a lease agreement or refusal to renew must be in conformance with 24 C.F.R. Section 92.253(c), and must be preceded by not fewer than sixty (60) days written notice to the tenant by the Developer specifying the grounds for the action.

(c) Before leasing any HOME Unit in the Development, the Developer must provide the City, for its review and approval, with the Developer's written tenant selection plan. The Developer's tenant selection plan must, at a minimum, meet the requirements for tenant selection set out in 24 C.F.R. Section 92.253(d), and any modifications thereto.

(d) The Developer must determine the income eligibility of each tenant household in a HOME Unit pursuant to 24 C.F.R. 5.233 and 24 C.F.R. 5.609, and any applicable

Tenant Selection Plan the City's approved tenant certification procedures within sixty (60) days before the household's expected occupancy of one of the Development's HOME Units. The Developer shall certify each tenant household's income on an annual basis.

(e) The maximum household income of a household occupying a HOME Unit in the Development, and the total charges for rent, utilities, and related services to each household occupying a HOME Unit, shall be maintained as provided in the HOME Regulatory Agreement.

Section 5.13 Non-Discrimination.

Developer covenants by and for itself and its successors and assigns that there will be no discrimination against or segregation of a person or of a group of persons on account of race, color, religion, creed, age (except for lawful senior housing in accordance with state and federal law), familial status, disability, sex, gender, gender identity, gender expression, sexual orientation, marital status, ancestry, military and veteran status or national origin in the sale, lease, sublease, transfer, use, occupancy, tenure or enjoyment of the Property, nor may Developer or any person claiming under or through Developer establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees or vendees in the Property. Developer shall comply with Executive Orders 11246, 11375, 11625, 12138, 12431, 12250, 13672, Title VII of the Civil Rights Act of 1964, the California Fair Housing and Employment Act and other applicable Federal, State and local laws and regulations and policies relating to equal employment and contracting opportunities, including laws and regulations hereafter enacted. The foregoing covenant will run with the land.

Section 5.14 Insurance Requirements.

(a) Required Coverage. The Developer shall maintain and keep in force, at the Developer's sole cost and expense, the following insurance coverage, applicable to the Development, throughout the Term of this Agreement:

(1) Workers' Compensation insurance to the extent required by law, including Employer's Liability coverage, with limits not less than One Million Dollars ($1,000,000) each accident;

(2) Commercial General Liability insurance with limits not less than Two Million Dollars ($2,000,000) each occurrence combined single limit for Bodily Injury and Property Damage, including coverages for Contractual Liability, Personal Injury, Broadform Property Damage, Products and Completed Operations. Products and Completed Operations coverage shall be obtained no later than completion of construction of the Development;

(3) Comprehensive Commercial Automobile Liability insurance with limits not less than One Million Dollars ($1,000,000) each occurrence combined single limit for Bodily Injury and Property Damage, including coverage for owned, non-owned and hired vehicles, as applicable; provided, however, that if the Developer does not own or lease vehicles for purposes of this Agreement, then no automobile insurance shall be required and both parties to this Agreement shall initial this provision signifying the same; and

(4) Builders' risk insurance during the course of construction (and upon completion of construction, property insurance) covering the Development and covering all risks of loss, excluding earthquake, for one hundred percent (100%) of the replacement value, with deductible, if any, acceptable to the City, naming the City as a Loss Payee, as its interest may appear. Flood insurance shall be obtained if required by applicable federal regulations.

(5) Commercial crime insurance covering all officers and employees, for loss of Loan proceeds caused by dishonesty, in an amount approved by the City, naming the City as a Loss Payee, as its interest may appear.

(b) Contractor's Insurance. The Developer shall cause any general contractor, demolition contractor, or agent working on the Development under direct contract with the Developer to maintain insurance of the types and in at least the minimum amounts described in subsections (a) above, and shall require that such insurance shall meet all of the general requirements of subsections (c) below. Subcontractors working on the Development under indirect contract with the Developer shall be required to maintain the insurance described in subsections (a)(1) through (a)(3) above, except that the limit for the insurance described in subsection (a)(2) may be One Million Dollars ($1,000,000). Liability and Comprehensive Automobile Liability insurance to be maintained by such contractors and agents pursuant to this subsection shall name as additional insureds the City, its council members, officers, agents, and employees.

(c) General Requirements. The required insurance shall be provided under an occurrence form, and the Developer shall maintain such coverage continuously throughout the Term. Should any of the required insurance be provided under a form of coverage that includes an annual aggregate limit or provides that claims investigation or legal defense costs be included in such annual aggregate limit, such annual aggregate limit shall be three (3) times the occurrence limits specified above.

Comprehensive General Liability, Comprehensive Automobile Liability and Property insurance policies (including builders' risk) shall be endorsed to name as an additional insured the City, and its officers, council members, agents, and employees.

All policies and bonds shall contain: (1) the agreement of the insurer to give the City at least thirty (30) days' notice prior to cancellation (including, without limitation, for nonpayment of premium) or any material change in said policies; (2) an agreement that such policies are primary and noncontributing with any insurance that may be carried by the City; (3) a provision that no act or omission of the Developer shall affect or limit the obligation of the insurance carrier to pay the amount of any loss sustained; and (4) a waiver by the insurer of all rights of subrogation against the City and its authorized parties in connection with any loss or damage thereby insured against.

(d) Certificate of Insurance. Upon the City's request at any time during the term of this Agreement, the Developer shall provide certificates of insurance, in form and with insurers reasonable acceptable to the City, evidencing compliance with the requirements of this Section, and shall provide complete copies of such insurance policies, including a separate

endorsement naming the City, and its council members, officers agents and employees as additional insured.

Section 5.15 Anti-Lobbying Certification.

The Developer certifies, to the best of the Developer's knowledge or belief, that:

(a) No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;

(b) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, Disclosure Form to Report Lobbying, in accordance with its instructions.

(c) This certification is a material representation of fact upon which reliance was placed when this Agreement was made or entered into. Submission of this certification is a prerequisite for making or entering into this Agreement imposed by Section 1352, Title 31, and U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than Ten Thousand Dollars ($10,000) and no more than One Hundred Thousand Dollars ($100,000) for such failure.

Section 5.16 Purpose of Restriction on Transfer.

This Agreement is entered into solely for the purpose of the Developer's construction and operation of the Development in accordance with the terms of this Agreement and the HOME Regulatory Agreement. The qualifications and identity of the Developer are of particular concern to the City, in view of:

(a) The importance of the construction of the Development to the general welfare of the community;

(b) The public aids that have been made available by law and by the government for the purpose of making such development possible;

(c) The reliance by the City upon the unique qualifications and ability of the Developer to serve as the catalyst for construction of the Development and upon the continuing interest which the Developer will have in the Development to assure the quality of the use, operation, and maintenance deemed critical by the City in the construction of the Development;

(d) The fact that a change in ownership or control of the owner of the Development, or of a substantial part thereof, or any other act or transaction involving or resulting in a significant change in ownership or with respect to the identity of the parties in control of the Developer or the degree thereof, is for practical purposes a transfer or disposition of the Development; and

(e) The importance to the City of the standards of use, operation, and maintenance of the Development.

It is because of the qualifications and identity of the Developer that the City is entering into this Agreement and that Transfers are permitted only as provided in this Agreement.

Section 5.17 Prohibited Transfers.

(a) The limitations on Transfers set forth in this Article shall apply throughout the Term of this Agreement. Except as expressly permitted in this Agreement, the Developer represents that it has not made or created, and agrees that it will not make or create or suffer to be made or created, any Transfer (as defined in Section 1.1 hereof), either voluntarily or by operation of law, without the prior written approval of the City, which consent the City may withhold at its sole discretion.

(b) Any Transfer made in contravention of this Section shall, at the City's discretion, be void and shall be deemed to be a default under this Agreement, whether or not the Developer knew of or participated in such Transfer. The loan shall automatically accelerate and be due in full upon any unauthorized Transfer.

Section 5.18 Permitted Transfers Without Prior City Approval.

The term "Transfer" shall exclude the leasing of any single Unit in the Development to an occupant in compliance with the HOME Regulatory Agreement.

Section 5.19 Permitted Transfers With Prior City Approval.

(a) Except as permitted under Section 5.18, any Transfer shall be permitted only after:

(1) The City has delivered to the Developer its prior written approval of such Transfer, which approval may not be unreasonably withheld; and

(2) The transferee has assumed the Developer's obligations under this Agreement by signing this Agreement or such other reasonable documentation as the City may require.

(b) Following completion of construction of the Development, the City shall not unreasonably withhold its consent to a proposed Transfer, provided that the City reasonably determines that the proposed transferee is qualified to operate the Development in compliance with the HOME Regulatory Agreement including meeting the following requirements:

(1) The proposed transferee has at least five (5) years' experience operating multifamily rental housing developments comparable to the Development;

(2) The proposed transferee has no record of loan defaults, maintenance problems, housing or building code violations, or substantiated fair housing complaints at properties it has owned or operated; and

(3) The proposed transferee has satisfactory credit.

Section 5.20 Allowable Preferences.

(a) The Developer shall give a preference in the rental of any of the Units in the Development to eligible households displaced by activity of the former Redevelopment Agency of the City of Modesto or the City, as provided in Health and Safety Code Section 33411.3. The preferences stated in this section are required by law and apply to the rental of Units in the Development throughout the Term.

(b) The conditions and obligations set forth in this Section shall survive termination of this Agreement.

Section 5.21 Affordability and Project Monitoring.

(a) Throughout the HOME Term, the Developer shall comply with all applicable record keeping and monitoring requirements set forth in (24 CFR Section 92.508) of the HOME Regulations and shall annually complete and submit to City a certification of continuing program compliance.

(b) Representatives of the City shall be entitled to enter the Property upon at least twenty-four (24) hour's notice at reasonable times to monitor compliance with this Agreement, to inspect the records of the Development with respect to the Units, and to conduct an independent audit of such records. The Developer agrees to cooperate with the City in making the Property available for such inspection. If for any reason the City is unable to obtain the Developer's consent to such an inspection, the Developer understands and agrees that the City may obtain, at the Developer's expense, an administrative inspection warrant or other appropriate legal order to obtain access to and search the Property. The Developer agrees to maintain records in a business-like manner and to make such records available to the City upon twenty-four (24) hour's notice at reasonable times. Unless the City otherwise approves, such records shall be maintained for the most recent five years until five years after the HOME Term.

(c) Throughout the Term, the Developer grants the City inspection rights as set forth in Section 4.9 above, and Developer shall make best efforts to allow the City to comply with all applicable physical monitoring requirements set forth in (24 CFR Section 92.504(d) and 24 C.F.R. 92.251) of the HOME Regulations.

(d) The City will enforce a per-unit monitoring charge on all HOME assisted developments. HOME assisted developments will be charged as follows:

(e)

- 1-20 assisted units = $35.00 per unit/ annually
- 20+ assisted units = $25.00 per unit/ annually

(f) The City will enforce a physical inspection charge on all HOME assisted developments. The inspection charge for HOME assisted development will be the lesser of: (1) Five Thousand Dollars ($5,000) per inspection; or (2) the actual costs incurred by the City to secure a qualified third party, independent of the Developer, to conduct the physical inspections in accordance with the requirements set forth in this Agreement, and any related staffing costs incurred by the City in association therewith.

(g) The Developer shall pay such charge within fifteen (15) days of receipt of an invoice from the City.

(h) The City reserves the right to waive or defer a portion of the monitoring charge if a development is unable to pay these costs. All waivers must be submitted in writing, with adequate supporting financial documentation, for review by the City Manager.

ARTICLE 6
REPRESENTATIONS AND WARRANTIES OF THE DEVELOPER

Section 6.1 Representations and Warranties.

The Developer hereby represents and warrants to the City as follows:

(a) Good Standing. The Developer is a duly organized California nonprofit public benefit corporation validly existing and in good standing under the laws of the State of California and has the power and authority to own its property and carry on its business as now being conducted.

(b) Corporate Authority. The Developer has full power and authority to execute and deliver this Agreement and to make and accept the borrowings contemplated hereunder, to execute and deliver the HOME Loan Documents and all other documents or instruments executed and delivered, or to be executed and delivered, pursuant to this Agreement, and to perform and observe the terms and provisions of all of the above.

(c) Authority of Persons Executing Documents. This Agreement and the HOME Loan Documents and all other documents or instruments executed and delivered, or to be executed and delivered, pursuant to this Agreement have been executed and delivered by persons who are duly authorized to execute and deliver the same for and on behalf of the Developer, and all actions required under the Developer's organizational documents and applicable governing law for the authorization, execution, delivery and performance of this Agreement and the HOME Loan Documents and all other documents or instruments executed and delivered, or to be executed and delivered, pursuant to this Agreement, have been duly taken.

(d) Valid Binding Agreements. This Agreement and the HOME Loan Documents and all other documents or instruments which have been executed and delivered pursuant to, or in connection with, this Agreement constitute or, if not yet executed or delivered, will when so executed and delivered constitute, legal, valid and binding obligations of the Developer, enforceable against the Developer in accordance with their respective terms.

(e) No Breach of Law or Agreement. Neither the execution nor delivery of this Agreement and the HOME Loan Documents or of any other documents or instruments executed and delivered, or to be executed or delivered, pursuant to this Agreement, nor the performance of any provision, condition, covenant or other term hereof or thereof, will conflict with or result in a breach of any statute, rule or regulation, or any judgment, decree or order of any court, board, commission or agency whatsoever binding on the Developer, or any provision of the organizational documents of the Developer, or will conflict with or constitute a breach of or a default under any agreement to which the Developer is a party, or will result in the creation or imposition of any lien upon any assets or property of the Developer, other than liens established pursuant hereto.

(f) CHDO Certification. The Developer meets the legal and organizational characteristics described in 24 C.F.R. 92.2 and has been and shall continue to be certified as a CHDO by the City for the entire HOME Term.

(g) Compliance With Laws; Consents and Approvals. The Developer represents and warrants that the construction of the Development will comply with all applicable laws, ordinances, rules and regulations of federal, state and local governments and agencies and with all applicable directions, rules and regulations of the fire marshal, health officer, building inspector and other officers of any such government or agency.

(h) Pending Proceedings. The Developer is not in default under any law or regulation or under any order of any court, board, commission or agency whatsoever, and there are no claims, actions, suits or proceedings pending or, to the knowledge of the Developer, and its general partner respectively, threatened against or affecting the Developer, respectively, or the Property, at law or in equity, before or by any court, board, commission or agency whatsoever which might, if determined adversely to the Developer, materially affect the Developer's ability to repay the HOME Loan or impair the security to be given to the City pursuant hereto.

(i) Title to Land. At the time of recordation of the HOME Deed of Trust, the Developer will have good and marketable fee title to the Property and there will exist thereon or with respect thereto no mortgage, lien, pledge or other encumbrance of any character whatsoever other than liens for current real property taxes and assessments not yet due and payable, the liens in favor of the City or approved in writing by the City.

(j) Financial Statements. The financial statements of the Developer and other financial data and information furnished by the Developer to the City fairly present the information contained therein. As of the date of this Agreement, there has not been any adverse, material change in the financial condition of the Developer from that shown by such financial statements and other data and information.

(k) Sufficient Funds. The Developer holds sufficient funds and/or binding commitments for sufficient funds to complete the acquisition and construction of the Development.

(l) Taxes. The Developer has filed all federal and other material tax returns and reports required to be filed, and has paid all federal and other material taxes, assessments, fees and other governmental charges levied or imposed upon it or its income or the Property otherwise due and payable, except those which are being contested in good faith by appropriate proceedings and for which adequate reserves have been provided in accordance with generally accepted accounting principles. There is no proposed tax assessment against the Developer that could, if made, be reasonably expected to have a material adverse effect upon the Property, liabilities (actual or contingent), operations, condition (financial or otherwise) or prospects of the Developer and its subsidiaries, taken as a whole, which would be expected to result in a material impairment of the ability of the Developer to perform under any HOME Loan Document to which it is a party, or a material adverse effect upon the legality, validity, binding effect or enforceability against the Developer of any HOME Loan Document.

ARTICLE 7
TERMINATION, DEFAULT AND REMEDIES

Section 7.1 Events of Default.

Each of the following shall constitute a "Default" under this Agreement:

(a) Failure to Satisfy Predevelopment Requirements. Failure of the Developer to satisfy any of the requirements set forth in Article 3 subject to notice and cure pursuant to Section 7.1(f) below;

(b) Failure to Make Payment. Failure of the Developer to repay the principal and any interest on the HOME Loan that is due and payable to the City pursuant to this Agreement following written notice by the City of such failure and fifteen (15) days opportunity to cure;

(c) Failure to Commence or Complete Construction Work. Failure of the Developer to commence and prosecute to completion, the Construction Work within the time frames set forth in this Agreement;

(d) Failure to Comply with the Management Plan. Failure to comply with the Management Plan approved by the City and such failure having continued uncured for thirty (30) days after receipt of written notice thereof from the City to the Developer, which notice provides reasonable detail of the default and the required cure for such default;

(e) Failure to Comply with the Marketing Plan. Failure to comply with the Marketing Plan approved by the City and such failure having continued uncured for thirty (30) days after receipt of written notice thereof from the City to the Developer, which notice provides reasonable detail of the default and the required cure for such default;

(f) Breach of Covenants. Failure of the Developer to duly perform, comply with, or observe any of the conditions, terms, or covenants of any of the HOME Loan Documents, and such failure having continued uncured for thirty (30) days after receipt of written notice thereof from the City to the Developer (which notice shall provide reasonable detail of the default and required cure) or, if the breach cannot be cured within thirty (30) days, the Developer shall not be in breach so long as the Developer is diligently undertaking to cure such breach and such breach is cured within sixty (60) days; provided, however, that if a different period or notice requirement is specified under any other section of this Article 7, the specific provisions shall control;

(g) Default Under Other Loans. A default is declared under any Approved Financing by the lender of such Approved Financing (subject to applicable notice and cure);

(h) Insolvency. A court having jurisdiction shall have made or entered any decree or order: (1) adjudging the Developer to be bankrupt or insolvent; (2) approving as properly filed a petition seeking reorganization of the Developer or seeking any arrangement for the Developer under the bankruptcy law or any other applicable debtor's relief law or statute of the United States or any state or other jurisdiction; (3) appointing a receiver, trustee, liquidator, or assignee of the Developer in bankruptcy or insolvency or for any of their properties; (4) directing the winding up or liquidation of the Developer, if any such decree or order described in clauses (1) to (4), inclusive, shall have continued unstayed or undischarged for a period of ninety (90) days; or (5) the Developer shall have admitted in writing its inability to pay its debts as they fall due or shall have voluntarily submitted to or filed a petition seeking any decree or order of the nature described in clauses (1) to (4), inclusive. The occurrence of any of the events of Default in this paragraph shall act to accelerate automatically, without the need for any action by the City, the indebtedness evidenced by the Note;

(i) Assignment; Attachment. The Developer shall have assigned its assets for the benefit of its creditors or suffered a sequestration or attachment of or execution on any substantial part of its property, unless the property so assigned, sequestered, attached or executed upon shall have been returned or released within ninety (90) days after such event or, if sooner, prior to sale pursuant to such sequestration, attachment, or execution. The occurrence of any of the events of default in this paragraph shall act to accelerate automatically, without the need for any action by the City, the indebtedness evidenced by the HOME Loan Documents;

(j) Suspension; Dissolution. The Developer shall have: (1) the operation of their business voluntarily or involuntarily suspended by the State of California, (2) voluntarily stop or terminate the operation of its business; (3) if the Developer is a partnership, the partnership shall have the operation of the partnership voluntarily or involuntarily dissolved, suspended or terminated by the State of California;

(k) Liens on Property and the Development. There shall be filed any claim of lien (other than liens approved in writing by the City) against the Development, the Property, or any part thereof, or any interest or right made appurtenant thereto, or the service of any notice to withhold proceeds of the HOME Loan and the continued maintenance of said claim of lien or

notice to withhold for a period of thirty (30) days without discharge or satisfaction thereof or provision therefore (including, without limitation, the posting of bonds) satisfactory to the City;

(l) Condemnation. The condemnation, seizure, or appropriation by any public agency of all or the substantial part of the Property and the Development, except condemnation by the City, shall cause the HOME Loan to accelerate but shall not be a Default;

(m) Unauthorized Transfer. Any Transfer other than as permitted by Sections 5.18 and 5.19;

(n) Representation or Warranty Incorrect. Any representation or warranty of the Developer, respectively, contained in this Agreement, or in any application, financial statement, certificate, or report submitted to the City in connection with any of the HOME Loan Documents, proves to have been incorrect in any material and adverse respect when made and which default cannot be cured within thirty (30) days after receipt of written notice thereof from the City to the Developers; and/or

Section 7.2 Remedies. The occurrence of any Default hereunder following the expiration of all applicable notice and cure periods will either at the option of the City or automatically where so specified, relieve the City of any obligation to make or continue the HOME Loan and shall give the City the right to proceed with any and all remedies set forth in this Agreement and the HOME Loan Documents, including but not limited to the following:

(a) Acceleration of Note. The City shall have the right to cause all indebtedness of the Developer to the City under this Agreement and the Note, together with any accrued interest thereon, to become immediately due and payable. Developer waives all right to presentment, demand, protest or notice of protest or dishonor. The City may proceed to enforce payment of the indebtedness and to exercise any or all rights afforded to the City as a creditor and secured Party under the law including the Uniform Commercial Code, including foreclosure under the HOME Deed of Trust. The Developer shall be liable to pay the City on demand all reasonable expenses, costs and fees (including, without limitation, reasonable attorney's fees and expenses) paid or incurred by the City in connection with the collection of the HOME Loan and the preservation, maintenance, protection, sale, or other disposition of the security given for the HOME Loan;

(b) Specific Performance. The City shall have the right to mandamus or other suit, action or proceeding at law or in equity to require the Developer to perform its obligations and covenants under the HOME Loan Documents or to enjoin acts or things which may be unlawful or in violation of the provisions of the HOME Loan Documents, except that such remedy shall not be available to the City until the Commencement of Construction;

(c) Right to Cure at the Developer's Expense. The City shall have the right (but not the obligation) to cure any monetary default by the Developer under a loan other than the HOME Loan. The Developer agrees to reimburse the City for any funds advanced by the City to cure a monetary default by the Developer upon demand therefore, together with interest thereon at the lesser of the maximum rate permitted by law or ten percent (10%) per annum from the date of expenditure until the date of reimbursement;

Section 7.3 Right of Contest.

The Developer shall have the right to contest in good faith any claim, demand, levy, or assessment the assertion of which would constitute a Default hereunder. Any such contest shall be prosecuted diligently and in a manner unprejudicial to the City or the rights of the City hereunder.

Section 7.4 Remedies Cumulative.

No right, power, or remedy given to the City by the terms of this Agreement or the HOME Loan Documents is intended to be exclusive of any other right, power, or remedy; and each and every such right, power, or remedy shall be cumulative and in addition to every other right, power, or remedy given to the City by the terms of any such instrument, or by any statute or otherwise against the Developer and any other person. Neither the failure nor any delay on the part of the City to exercise any such rights and remedies shall operate as a waiver thereof, nor shall any single or partial exercise by the City of any such right or remedy preclude any other or further exercise of such right or remedy, or any other right or remedy.

Section 7.5 Survival.

Upon termination of this Agreement under this Article 7, those provisions of this Agreement that recite that they survive termination of this Agreement shall remain in effect and be binding upon the parties notwithstanding such termination.

ARTICLE 8
GENERAL PROVISIONS

Section 8.1 Relationship of Parties.

Nothing contained in this Agreement shall be interpreted or understood by any of the parties, or by any third persons, as creating the relationship of employer and employee, principal and agent, limited or general partnership, or joint venture between the City, the Developer or the Developer's agents, employees or contractors, and the Developer shall at all times be deemed an independent contractor and shall be wholly responsible for the manner in which it or its agents, or both, perform the services required of it by the terms of this Agreement. The Developer has and retains the right to exercise full control of employment, direction, compensation, and discharge of all persons assisting in the performance of services under the Agreement. In regards to the construction and operation of the Development, the Developer shall be solely responsible for all matters relating to payment of its employees, including compliance with Social Security, withholding, and all other laws and regulations governing such matters, and shall include requirements in each contract that contractors shall be solely responsible for similar matters relating to their employees. The Developer agrees to be solely responsible for its own acts and those of its agents and employees.

Section 8.2 No Claims.

Nothing contained in this Agreement shall create or justify any claim against the City, by any person that the Developer or its general partners may have employed or with whom the Developer may have contracted relative to the purchase of materials, supplies or equipment, or the furnishing or the performance of any work or services with respect to the construction or operation of the Development, and the Developer shall include similar requirements in any contracts entered into for the construction or operation of the Development.

Section 8.3 Amendments.

Subject to Sections 8.19 and 8.20, no alteration or variation of the terms of this Agreement shall be valid unless made in writing by the Parties and approved by the City Council.

Section 8.4 Entire Understanding of the Parties.

This Agreement constitutes the entire understanding and agreement of the Parties with respect to the City.

Section 8.5 Indemnification.

Except as directly caused by the City's gross negligence or willful misconduct, the Developer agrees to indemnify, protect, hold harmless and defend (by counsel reasonably satisfactory to the City) the City and its council members, officers, employees, representatives, agents, successors and assigns, from all suits, actions, claims, causes of action, costs, demands, judgments and liens arising out of: (1) the Developer's performance or non-performance of its obligations under this Agreement; (2) the Developer's ownership of the Development; (3) the marketing, rental and operation of the Development; or (4), or any documents executed by the Developer in connection with the Development. The provisions of this Section shall survive termination of this Agreement.

Section 8.6 Non-Liability of City Officials, Employees and Agents.

No council member, official, employee or agent of the City shall be personally liable to the Developer, or any successor in interest, in the event of any default or breach by the City, or for any amount which may become due to the Developer or its successor or on any obligation under the terms of this Agreement. No director, officer, employee or agent of the Developer shall be personally liable to the City, or any successor in interest, in the event of any Default or breach by the Developer, or for any amount which may become due to the City or its successor or on any obligation under the terms of this Agreement.

Section 8.7 No Third Party Beneficiaries.

There shall be no third party beneficiaries to this Agreement.

Section 8.8 Action by the City.

(a) Except as may be otherwise specifically provided herein, whenever any approval, notice, direction, consent, request, extension of time, waiver of condition, termination, or other action by the City is required or permitted under this Agreement, such action may be given, made, or taken by the City Manager without further approval by the City Council, and any such action shall be in writing. The amount of the HOME Loan may not be increased without approval of the City Council.

(b) Any consents or approvals required under this Agreement shall not be unreasonably withheld or made, except where it is specifically provided that a sole discretion standard applies. The City Manager is also hereby authorized to approve, on behalf of the City, requests by the Developer for reasonable extensions of time deadlines set forth in this Agreement. The City Manager shall not unreasonably delay in reviewing and approving or disapproving any proposal by the Developer made in connection with this Agreement.

Section 8.9 Waivers.

Any waiver by the City of any obligation or condition in this Agreement must be in writing. No waiver will be implied from any delay or failure by the City to take action on any breach or default of the Developer or to pursue any remedy allowed under this Agreement or applicable law. Any extension of time granted to the Developer to perform any obligation under this Agreement shall not operate as a waiver or release from any of its obligations under this Agreement. Consent by the City to any act or omission by the Developer shall not be construed to be a consent to any other or subsequent act or omission or to waive the requirement for the City's written consent to future waivers.

Section 8.10 Notices, Demands and Communications.

Formal notices, demands, and communications between the City and the Developer shall be sufficiently given if and shall not be deemed given unless dispatched by registered or certified mail, postage prepaid, return receipt requested, or delivered by express delivery service, return receipt requested, or delivered personally, to the principal office of the City and the Developer as follows:

City: City of Modesto
1010 Tenth Street, Suite 4400
Modesto, CA 95354
Attn: Housing

Developer: Stanislaus County Affordable Housing Corporation
511 Downey Avenue
Modesto, CA 95354
Attn: President

Such written notices, demands and communications may be sent in the same manner to such other addresses as the affected Party may from time to time designate by mail as provided

in this Section. Receipt shall be deemed to have occurred on the date shown on a written receipt for delivery or refusal of delivery. Copies of notices sent to the Developer shall also be sent to any limited partner of the Developer who requests such notices in writing and provides its address to the City.

Section 8.11 Applicable Law and Venue.

This Agreement shall be governed by and construed in accordance with California law. Any action brought claiming a breach of this Agreement or interpreting this Agreement shall be brought and venued in Stanislaus County, California.

Section 8.12 Parties Bound.

Except as otherwise limited herein, the provisions of this Agreement shall be binding upon and inure to the benefit of the Parties and their heirs, executors, administrators, legal representatives, successors and assigns. This Agreement is intended to run with the land and shall bind the Developer and its successors and assigns in the Property and the Development for the entire Term, and the benefit hereof shall inure to the benefit of the City and its successors and assigns.

Section 8.13 Attorneys' Fees.

If any lawsuit is commenced to enforce any of the terms of this Agreement, the prevailing Party will have the right to recover its reasonable attorney's fees and costs of suit from the other Party.

Section 8.14 Severability.

If any term of this Agreement is held by a court of competent jurisdiction to be invalid, void or unenforceable, the remainder of the provisions shall continue in full force and effect unless the rights and obligations of the Parties have been materially altered or abridged by such invalidation, voiding or unenforceability.

Section 8.15 Extensions.

(a) Force Majeure. In addition to specific provisions of this Agreement, performance by any Party shall not be deemed to be in default where delays or defaults are due to to war, insurrection, strikes, lock-outs or other labor disturbances, one or more acts of a public enemy, war, riot, sabotage, blockade, embargo, floods, earthquakes, fires, quarantine restrictions, freight embargoes, lack of transportation, court order, delays or failures of performance by any governmental authority or utility company (other than the acts or failure to act of the City and so long as the Party seeking the extension has adequately complied with the applicable processing requirements of such governmental authority or utility company), delays resulting from changes in any applicable laws, rules, regulations, ordinances or codes, or a change in the interpretation thereof by any governing body with jurisdiction, or any other cause (other than lack of funds of the Developer or the Developer's inability to finance the construction of the Development) beyond the reasonable control or without the fault of the Party claiming an extension of time to

perform or an inability of performance. An extension of time for any cause will be deemed granted if notice by the Party claiming such extension is sent to the other within ten (10) days from the commencement of the cause and the Party granting the extension agrees to the extension in writing. In no event shall the City be required to agree to cumulative delays in excess of one hundred eighty (180) days.

Section 8.16 Conflict of Interest.

(a) Except for approved eligible administrative or personnel costs, no person described in subsection (b) below who exercises or has exercised any functions or responsibilities with respect to the activities funded pursuant to this Agreement or who is in a position to participate in a decision-making process or gain inside information with regard to such activities, may obtain a personal or financial interest or benefit from the activity, or have an interest in any contract, subcontract or agreement with respect thereto, or the proceeds thereunder, either for themselves or those with whom they have family or business ties, during, or at any time after, such person's tenure. Developer shall exercise due diligence to ensure that the prohibition in this Section is followed.

(b) The conflict of interest provisions of subsection (a) above apply to any person who is an employee, agent, consultant, officer, or any immediate family member of such person, or any elected or appointed official of the City, or any person related within the third (3rd) degree of such person.

(c) In accordance with California Government Code Section 1090 and the Political Reform Act, California Government Code section 87100 et seq., no person who is a director, officer, partner, trustee or employee or consultant of the Developer, or immediate family member of any of the preceding, shall make or participate in a decision, made by the City or a City board, commission or committee, if it is reasonably foreseeable that the decision will have a material effect on any source of income, investment or interest in real property of that person or Developer. Interpretation of this section shall be governed by the definitions and provisions used in the Political Reform Act, California Government Code Section 87100 et seq., its implementing regulations manual and codes, and California Government Code Section 1090.

(d) The Developer shall comply with the conflict of interest provisions set forth in 24 C.F.R. Section 92.356.

Section 8.17 Title of Parts and Sections.

Any titles of the sections or subsections of this Agreement are inserted for convenience of reference only and shall be disregarded in interpreting any part of the Agreement's provisions.

Section 8.18 Multiple Originals; Counterpart.

This Agreement may be executed in multiple originals, each of which is deemed to be an original, and may be signed in counterparts.

Section 8.19 City Approval.

Whenever this Agreement calls for City approval, consent, or waiver, the written approval, consent, or waiver of the City Manager shall constitute the approval, consent, or waiver of the City, without further authorization required from the City Council. The City hereby authorizes the City Manager to deliver such approvals or consents as are required by this Agreement, to execute estoppel certificates concerning the status of the HOME Loan and the existence of the Developer defaults under the Loan Documents, and to waive requirements under this Agreement, on behalf of the City. Any consents or approvals required under this Agreement shall not be unreasonably withheld or made, except where it is specifically provided that a sole discretion standard applies. The City Manager is also hereby authorized to approve, on behalf of the City, requests by the Developer for reasonable extensions of time deadlines set forth in this Agreement. The City shall not unreasonably delay in reviewing and approving or disapproving any proposal by the Developer made in connection with this Agreement.

Section 8.20 Operating Memoranda.

(a) The Parties acknowledge that the provisions of this Agreement require a close degree of cooperation, and that new information and future events may demonstrate that changes are appropriate with respect to the details of performance of the parties under this Agreement. The parties desire, therefore, to retain a certain degree of flexibility with respect to the details of performance of those items covered in general terms under this Agreement. If and when, from time to time during the term of this Agreement, the parties find that refinements or adjustments regarding details of performance are necessary or appropriate, they may effectuate such refinements or adjustments through a memorandum (individually, an "Operating Memorandum", and collectively, "Operating Memoranda") approved by the parties which, after execution, shall be attached to this Agreement as addenda and become a part hereof.

(b) Operating Memoranda may be executed on the City's behalf by its City Manager, or the City Manager's designee. Operating Memoranda shall not require prior notice or hearing, and shall not constitute an amendment to this Agreement. Any substantive or significant modifications to the terms and conditions of performance under this Agreement shall be processed as an amendment of this Agreement in accordance with Section 8.3 hereof, and must be approved by the City Council.

Section 8.21 Assignment by City.

The City may assign its rights and obligations under the HOME Loan Documents to any other public entity without the consent of the Developer.

[Remainder of Page Left Intentionally Blank]

WHEREFORE, this HOME Loan Agreement is executed by the undersigned on September 22, 2015, and is effective as of the date first above written.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-350

RESOLUTION APPROVING A SUBORDINATION AGREEMENT WITH STANISLAUS COUNTY AFFORDABLE HOUSING CORPORATION (STANCO) FOR THE HOME INVESTMENT PARTNERSHIPS PROGRAM LOAN PROVIDED BY THE CITY OF MODESTO TO STANCO FOR THE CONSTRUCTION OF CARVER ESTATES, AN 18 UNIT MULTIFAMILY AFFORDABLE HOUSING PROJECT, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENTS AND RELATED DOCUMENTS

WHEREAS, on September 2, 2002, by Resolution 2002-426, the City Council approved a HOME loan with Stanislaus County Affordable Housing Corporation (STANCO), in the amount of $832,000, for a multi-family affordable rental housing project known as Carver Estates; and

WHEREAS, the loan comprised of $657,000 in HOME funds and $175,000 in HOME CHDO Set-Aside funds, providing funding for the acquisition and development of eighteen (18) affordable apartment units, fourteen (14) units of which are for low-income households and four (4) units for very low-income; and

WHEREAS, on March 23, 2004, the City Council approved a second HOME loan with STANCO, in the amount of $885,101, comprised of $624,831 in HOME funds, by Resolution 2004-164, and $260,270 in HOME CHDO Set-Aside funds, by Resolution 2004-165, in addition, the second loan completed the financing of Carver Estates with the City providing a $1,717,101 from its HOME entitlement funds; and

WHEREAS, On August 12, 2015, STANCO submitted a letter to the City requesting it subordinate the HOME loan; and

WHEREAS, the HOME funds provided by the City were insufficient to complete the project, STANCO obtained $800,000.00 in construction financing from County Bank,

now WestAmerica Bank (Bank Loan) at an interest rate of six percent (6%) that matures at the beginning of the sixth year of the loan, or June 2016, at which time the bank can add an amount equivalent to the Constant Maturity Rate (CMR);

WHEREAS, a condition of the original construction financing and the two HOME loans with STANCO, the City agreed to subordinate its position; and

WHEREAS, STANCO is proposing to refinance the existing note with WestAmerica Bank, including utilizing equity in an amount of $100,000, to make improvements to prolong the life of the property, reduce the use of irrigation water and to enhance the security of residents.

WHEREAS, at the time Carver Estates was built, STANCO advised that a capital reserve fund was not established; the current industry standard for capital reserve accrual is $500 per unit per year; therefore, the reserve fund was not established, funding is scarce for the required improvements; and

WHEREAS, WestAmerica Bank is proposing to refinance the Bank Loan with a 20-year note at five and a quarter percent (5.25%) with a five year interest rate lock, after which the interest rate may increase to CMR; therefore based upon STANCO's financial analysis, there will be a savings of approximately $85,000 in interest payments over the life of the existing Bank Loan.; and

WHEREAS, this would allow STANCO to access equity to fund the required improvements; and

WHEREAS, WestAmerica Bank requires that its loan remain, at all times, prior and superior to all other loans;

WHEREAS, the Subordination Agreement sets forth the priority of repayment rights against the borrower and its assets.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it approves a Subordination Agreement with Stanislaus County Affordable Housing Corporation (STANCO) for the HOME Investment Partnership Program loan provided by the City of Modesto to STANCO for the construction of Carver Estates, an 18 unit multifamily affordable housing project, in substantially the form **attached** and as approved by the City Attorney.

BE IT FURTHER RESOLVED that authorizing the City Manager, or his designee, to execute the agreements and related documents as approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of September, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Madrigal, Zoslocki, Mayor Marsh
NOES:	Councilmembers:	None
ABSENT:	Councilmembers:	None

SUBORDINATION AGREEMENT

(EXISTING TO NEW)

NOTICE: THIS SUBORDINATION AGREEMENT RESULTS IN YOUR SECURITY INTEREST IN THE PROPERTY BECOMING SUBJECT TO AND OF LOWER PRIORITY THAN THE LIEN OF SOME OTHER OR LATER SECURITY INSTRUMENT.

THIS AGREEMENT, made this Twenty-eighth day of August, 2015, by

Stanislaus County Affordable Housing Corporation, a California Non-Profit Corporation, who acquired title as Stanislaus County Affordable Housing Corporation

Owner of the land hereinafter described and hereinafter referred to as "Owner", and

City of Modesto

present Owner and Holder of the Deed of Trust and Note first hereinafter described and hereinafter referred to as "Beneficiary";

WITNESSETH

THAT WHEREAS, Owner has executed a Deed of Trust dated August 19, 2002 and September 4, 2004 to North American Title Company, a California Corporation, as Trustee, covering:

ALL THAT PORTION OF LOT 1, KNAPP TRACT, ACCORDING TO THE OFFICIAL MAP THEREOF, FILED IN THE OFFICE OF THE RECORDER OF STANISLAUS COUNTY, CALIFORNIA ON NOVEMBER 16, 1904, IN VOLUME 2 OF MAPS, PAGE 2, DESCRIBED AS FOLLOWS:

BEGINNING AT A POINT IN THE EAST LINE OF SAID LOT 1, SAID POINT BEING ON THE CENTER LINE OF CARVER ROAD AND BEARS SOUTH 0° 41' EAST 593.8 FEET FROM THE NORTHEAST CORNER OF SAID LOT 1; RUNNING THENCE NORTH 89° 17' WEST 250 FEET; THENCE SOUTH 0° 41' EAST 200 FEET; THENCE SOUTH 89° 17' EAST 250 FEET ON THE EAST LINE OF SAID LOT 1; THENCE NORTH 0° 41' WEST ALONG SAID EAST LINE 200 FEET TO THE POINT OF BEGINNING.

to secure a Note in the sum of $832,000.00 and $885,101.00, dated August 19, 2002 and September 4, 2004, in favor of City of Modesto, which Deed of Trust was recorded October 4, 2002 and September 24, 2004 in Book n/a, Page n/a, or Instrument No. 2002-0128630-00 and 2004-0155248, of said County; and

WHEREAS, Owner has executed, or is about to execute, a Deed of Trust and Note in the sum of $$740,000.00, dated AUGUST 14, 2015, in favor of WESTAMERICA BANK, hereinafter referred to as "Lender", payable with interest and upon the terms and conditions described therein, which Deed of Trust is to be recorded concurrently herewith; and

WHEREAS, it is a condition precedent to obtaining said loan that said Deed of Trust last above mentioned shall unconditionally be and remain at all times a lien or charge upon the land hereinbefore described, prior and superior to the lien or charge of the Deed of Trust first above mentioned; and

WHEREAS, Lender is willing to make said loan provided the Deed of Trust securing the same is a lien or charge upon the above described property prior and superior to the lien or charge of the Deed of Trust first above mentioned and provided that Beneficiary will specifically and unconditionally subordinate the lien or charge of the Deed of Trust first above mentioned to the lien or charge of the Deed of Trust in favor of Lender; and

WHEREAS, it is to the mutual benefit of the parties hereto that Lender make such loan to Owner; and Beneficiary is willing that the Deed of Trust securing the same shall, when recorded, constitute a lien or charge upon said land which is unconditionally prior and superior to the lien or charge of the Deed of Trust first above mentioned.

NOW, THEREFORE, in consideration of the mutual benefits accruing to the parties hereto and other valuable consideration, the receipt and sufficiency of which consideration is hereby acknowledged, and in order to induce Lender to make the loan above referred to, it is hereby declared, understood and agreed as follows:

(1) That said Deed of Trust securing said Note in favor of Lender, and any renewals or extensions thereof, shall unconditionally be and remain at all times a lien or charge on the property therein described, prior and superior to the lien or charge of the Deed of Trust first above mentioned.
(2) That Lender would not make its loan above described without this subordination agreement.
(3) That this agreement shall be the whole and only agreement with regard to the subordination of the lien or charge of the Deed of Trust first above mentioned to the lien or charge of the Deed of Trust in favor of Lender above referred to and shall supersede and cancel, but only insofar as would affect the priority between the Deeds of Trust hereinbefore specifically described, any prior agreement as to such subordination including, but not limited to, those provisions, if any, contained in the Deed of Trust first above mentioned, which provide for the subordination of the lien or charge thereof to another Deed or Deeds of Trust or to another Mortgage or Mortgages.

Beneficiary declares, agrees and acknowledges that

(a) He consents to and approves (i) all provisions of the Note and Deed of Trust in favor of Lender above referred to, and (ii) all agreements, including but not limited to any loan or escrow agreements, between Owner and Lender for the disbursement of the proceeds of Lender's loan;

(b) Lender in making disbursements pursuant to any such agreement is under no obligation or duty to, nor has Lender represented that it will see to the application of such proceeds by the person or persons to whom Lender disburses such proceeds and any application or use of such proceeds for purposes other than those provided for in such agreement or agreements shall not defeat the subordination herein made in whole or in part;

(c) He intentionally and unconditionally waives, relinquishes and subordinates the lien or charge of the Deed of Trust first above mentioned in favor of the lien or charge upon said land of the Deed of Trust in favor of Lender above referred to and understands that in reliance upon, and in consideration of, this waiver, relinquishment and subordination specific loans and advances are being and will be made and, as part and parcel thereof, specific monetary and other obligations are being and will be entered into which would not be made or entered into but for said reliance upon this waiver, relinquishment and subordination; and

(d) An endorsement has been placed upon the Note secured by Deed of Trust first above mentioned that said Deed of Trust has by this instrument been subordinated to the lien or charge of the Deed of Trust in favor of Lender above referred to.

NOTICE: THIS SUBORDINATION AGREEMENT CONTAINS A PROVISION WHICH ALLOWS THE PERSON OBLIGATED ON YOUR REAL PROPERTY SECURITY TO OBTAIN A LOAN A PORTION OF WHICH MAY BE EXPENDED FOR OTHER PURPOSES THAN THE IMPROVEMENT OF THE LAND.

(ALL SIGNATURES MUST BE ACKNOWLEDGED)

IT IS RECOMMENDED THAT, PRIOR TO THE EXECUTION OF THIS SUBORDINATION AGREEMENT, THE PARTIES CONSULT WITH THEIR ATTORNEYS WITH RESPECT THERETO.
(CLTA SUBORDINATION FORM "A")

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-351

RESOLUTION AUTHORIZING THE AWARD OF BID FOR THE PURCHASE OF SIX (6) THREE-QUARTER TON EXTRA CAB UTILITY TRUCKS TO ALBANY FORD, ALBANY, CA, FOR AN ESTIMATED TOTAL COST OF $214,588

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for new vehicles and heavy equipment, through various competitive processes, with the Purchasing Division coming back to Council for award authorization. The six (6) three-quarter ton extra cab utility trucks were included in the new vehicles and heavy equipment list authorized by the City Manager, and

WHEREAS, five (5) three-quarter ton extra cab utility trucks are for the Utilities Department, Water Services Division and one is for the Public Works Department, Green Waste Division through the Public Works Department Fleet Services Division, and

WHEREAS, the six (6) replacement three-quarter ton extra cab utility trucks have been subjected to a thorough evaluation and have met or exceeded the replacement criteria before being placed on the replacement list, and

WHEREAS, the Purchasing Division issued RFB 1516-06 for the purchase of six (6) three-quarter ton extra cab utility trucks on the City's website under the commodity code for trucks one-ton or less and trucks with specialized bodies. Eighty nine (89) prospective bidders were noticed online of the bid opportunity. Two (2) of which were local companies, and

WHEREAS, nine (9) companies chose to download the RFB document, and

WHEREAS, bids were formally opened in the City Clerk's office. Two (2) companies chose to respond. One of which was a local company.

WHEREAS, both companies responding provided responsive and responsible bids, and

WHEREAS, based on providing the lowest responsive and responsible bid, City staff recommends the award of bid for the purchase of six (6) three-quarter ton extra cab utility trucks to Albany Ford, Albany, CA, for a total estimated cost of $214,588, and

WHEREAS, sufficient funds are budgeted in Fiscal Year 2015-16, in appropriation unit 5409-53246-57003, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. The award of bid for the purchase of six (6) three-quarter ton extra cab utility trucks to Albany Ford, Albany, CA, conforms to the Modesto Municipal Code.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid for the purchase of six (6) three-quarter ton extra cab utility trucks to Albany Ford, Albany, CA.

BE IT FURTHER RESOLVED that the Purchasing Manager or his designee to issue a purchase order for a total estimated cost of $214,588.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of September, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

FINANCIAL INTEREST DISCLOSURE FORM

All persons included within the meaning of either of the following tests have a material financial interest in an agreement, or application for development rights, submitted for approval or disapproval by the City Council, and shall be identified by the applicant, by name.

Tests of Materiality:

1. Whether it is foreseeable to a reasonable person that the value of their interest in property available for use by an applicant, or their interest in the applicant itself, may increase or decrease by an amount greater than $2,000.00 as a direct or indirect result of Council action on the applicant's agreement or application for development rights.

2. Whether it is foreseeable to a reasonable person that the person's gross income from the applicant may increase or decrease by a sum greater than $2,000.00 as a direct or indirect result of Council action on the agreement or application for development rights.

It is the legal obligation of all applicants for approval of an agreement or of an application for development rights to verify in writing, under penalty of perjury, that the identity of each person having a material financial interest in the agreement or application or development rights is true, correct and complete. The applicant understands that this information is provided under penalty of perjury, and that intentionally supplying misinformation or deception may result in either invalidation of the agreement or application, or criminal prosecution for misdemeanor violation of the Modesto Municipal Code, or both. Negligent provision of misinformation shall be grounds for invalidation. In accordance with the Modesto Municipal Code, each applicant has a continuing obligation to maintain the truth, accuracy and completeness of the financial interest disclosure information provided below until after final consideration by the City Council of any matter arising out of or relating to the agreement or application.

By signing this document I agree to the information contained within.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-352

RESOLUTION AUTHORIZING THE AWARD OF PROPOSAL AND CONTRACT FOR THE FURNISHING OF ELEVATOR MAINTENANCE AND REPAIR SERVICES FOR THE PUBLIC WORKS DEPARTMENT, BUILDING MAINTENANCE DIVISION TO THYSSENKRUPP ELEVATOR CORP., WEST SACRAMENTO, CA, FOR A TWO (2) YEAR AGREEMENT WITH THREE (3) ONE-YEAR EXTENSION OPTIONS AT THE SOLE DISCRETION OF THE CITY, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE CONTRACT FOR AN ESTIMATED ANNUAL COST OF $46,680, AND OVER FIVE (5) YEARS OF $233,400

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Proposals (RFP) for the furnishing of elevator maintenance and repair services, and

WHEREAS, the Purchasing Division issued RFP No. 1415-38 on the City's website under the commodity code for elevator installation, maintenance and repair services to six (6) prospective proposers, none of which was a local company, and

WHEREAS, four (4) companies chose to download the RFP document, and

WHEREAS, proposals were formally opened in the City Clerk's Office. Two (2) companies chose to respond. Both companies responding provided responsive and responsible proposals, and

WHEREAS, an evaluation committee comprised of three (3) City staff members evaluated and graded the proposals, and

WHEREAS, based on being ranked highest in total evaluation criteria the evaluation committee recommends the award of proposal and contract for the furnishing of elevator maintenance and repair services for the Public Works Department, Building Maintenance Division to ThyssenKrupp Elevator Corp., West Sacramento, CA, for a two

(2) year period with three (3) one-year extension options at the sole discretion of the City, for an estimated annual cost of $46,680, and over five (5) years of $233,400, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. The award of proposal and contract for the furnishing of elevator maintenance and repair services for the Public Works Department, Building Maintenance Division to ThyssenKrupp Elevator Corp., West Sacramento, CA, conforms to Modesto Municipal Code 8-3.203, and

WHEREAS, funds are budgeted in Fiscal Year 2015-16, in Appropriation Units: 0100-19490-52300, 0100-33310-53300, 0100-34120-53300, 0100-34130-53300, 0100-52160-53300, 4000-53250-53300, 4700-14940-53100, 6500-76500-53300.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of proposal and contract for the furnishing of elevator maintenance and repair services for the Public Works Department, Building Maintenance Division to ThyssenKrupp Elevator Corp., West Sacramento, CA, for a two (2) year agreement with three (3) one-year extension options at the sole discretion of the City.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract for an estimated annual cost of $46,680, substantially in the form attached hereto as **Exhibit A** and as approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of September, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

SAMPLE AGREEMENT

This Agreement, made and entered into in the City of Modesto, State of California, this ____ day of _____, 2015, by and between the City of Modesto, a municipal corporation of the State of California, hereinafter called CITY, and ThyssenKrup Elevator Corp., hereinafter called CONTRACTOR,

W I T N E S S E T H:

WHEREAS, the Modesto City Council adopted Resolution No. _____ authorizing the award of proposal and contract for the furnishing of elevator maintenance and repair services to CONTRACTOR, *attached hereto as Exhibit "A" and made a part hereof*, and

WHEREAS, the CONTRACTOR provided a responsive and responsible submittal that best meets the CITY needs, *attached hereto as Exhibit "B" and made a part hereof*, and

WHEREAS, the CITY and CONTRACTOR shall enter into an agreement for the furnishing of elevator maintenance and repair services, as described in RFP No. 1415-38, *attached hereto as Exhibit "C" and made a part hereof*, and

WHEREAS, the CONTRACTOR shall provide services as described in Technical Specifications and Service Requirements, *attached hereto as Exhibit "D" and made a part hereof*, and

NOW, THEREFORE, the parties hereto mutually agree as follows:

1. SCOPE OF WORK.

a. CONTRACTOR shall provide elevator maintenance and repair services as specified in Exhibit "D", and in strict accordance with the conditions of the complete contract.

b. CONTRACTOR shall do and perform the services contemplated hereby in a good and workmanlike manner under the direction of and to the satisfaction of the Technical Liaison.

c. CONTRACTOR will perform its duties under this Agreement in accordance with the standard(s) of care prevailing in its industry.

d. CONTRACTOR shall maintain proper insurance with the CITY for the duration of the contract.

e. CONTRACTOR shall maintain a CITY business license for the duration of the contract.

f. CONTRACTOR will pay prevailing wages and keep certified payroll for the duration of the contract.

g. CONTRACTOR shall furnish the services as defined in Exhibit "D" for the estimated annual amount of: $46,680.00.

Building Maintenance Supervisor Ph: (209) 342-2274

The City Representative is not authorized to commit the CITY to changes in specifications, requirements, or scope of work, changes in price(s), period of performance or delivery date(s) or method of shipment. Changes of a contractual or business nature shall be effected only by written change to the contract, issued by the City of Modesto, Purchasing Division.

3. TERM OF CONTRACT:

The term of the contract shall be for a period of two (2) years, with three (3) one-year extension options at the sole discretion of CITY, for a total of five (5) years.

Initial Term: Notice to proceed through September 21, 2017

Year 3: September 22, 2017 through September 21, 2018

Year 4: September 22, 2018 through September 21, 2019

Year 5: September 22, 2019 through September 21, 2020

Pricing shall remain firm for the first two (2) years of the contract.

Price increases for subsequent contract years, three, four and five, shall not exceed the Consumer Price Index (CPI) for West Urban Area in any one contract year, and shall be negotiated through the Purchasing Division. Requests for price increases shall be submitted by CONTRACTOR in writing, sixty (60) days prior to the annual anniversary date of the contract to be effective for the subsequent year.

4. LIABILITY INSURANCE:

CONTRACTOR shall provide at its own expense and maintain at all times the following insurance with insurance companies licensed in the State of California and shall provide evidence of such insurance to CITY as may be required by the Risk Manager. The policies or certificates thereof shall provide that,

thirty (30) days prior to cancellation or material change in the policy, notices of same shall be given to the Risk Manager of CITY by registered mail, return receipt requested, for all of the following stated insurance policies.

(a) Workers' Compensation - In compliance with the statutes of the State of California, plus employer's liability with a minimum limit of liability of $1,000,000

(b) General Liability insurance with a minimum limit of liability per occurrence of $1,000,000 for bodily injury and property damage. If Commercial General Liability Insurance or other form with a general aggregate limit is used, either the general aggregate limit shall apply separately to this project/location or the general aggregate limit shall be twice the required occurrence limit. This insurance shall indicate on the certificate of insurance the following coverages and indicate the policy aggregate limit applying to: premises and operations; broad form contractual; independent consultants and subcontractors; products and completed operations as applicable.

(c) Automobile Liability insurance with a minimum limit of liability per occurrence of $1,000,000 for bodily injury and property damage. This insurance shall cover any automobile for bodily injury and property damage.

If at any time any of said policies shall be unsatisfactory to CITY, as to form or substance, or if a company issuing such policy shall be unsatisfactory to CITY, CONTRACTOR shall promptly obtain a new policy, submit the same to Risk Manager of

CITY for approval and submit a certificate thereof as herein above provided. Upon failure of CONTRACTOR to furnish, deliver or maintain such insurance and certificates as above provided, this Agreement, at the election of CITY, may be forthwith declared suspended, or terminated. Failure of CONTRACTOR to obtain and/or maintain any required insurance shall not relieve CONTRACTOR from any liability under this Agreement, nor shall the insurance requirements be construed to conflict with or otherwise limit the obligations of CONTRACTOR concerning indemnification. CITY, and its agents, officers, employees, and volunteers shall be named as an additional insured on all insurance policies required herein, except Workers' Compensation, Professional Liability and Financial Institution's Fidelity. The Workers' Compensation insurer shall agree to waive all rights of subrogation against CITY, its agents, officers, employees, and volunteers for losses arising from work performed by CONTRACTOR for CITY. CONTRACTOR'S insurance policy(ies) shall include a provision that the coverage is primary as respects CITY; shall include no special limitations to coverage provided to additional insured; and, shall be placed with insurer(s) with acceptable Best's rating of A:VII or with approval of the Risk Manager of CITY. The CONTRACTOR must deliver certificates evidencing existence of the insurance to the City prior to the time contract is signed.

CONTRACTOR agrees to provide CITY with a separate endorsement evidencing proof of City's additional insured status required herein (both general and automobile liability) as well as a separate endorsement for the Workers' Compensation insurer's waiver of all subrogation rights as stated above. Every endorsement shall identify the policy number.

CONTRACTOR shall provide CITY with separate an endorsement evidencing proof of the CITY's additional insured status as to the general liability insurance policy. In addition, CONTRACTOR shall provide CITY with a Workers Compensation subrogation waiver by way of a separate endorsement. All endorsements referenced above must include the applicable policy number.

For any claims related to this project, the CONTRACTOR'S insurance coverage shall be primary insurance as respects the Entity, its officers, officials, employees, and volunteers. Any insurance or self-insurance maintained by the Entity, its officers, officials, employees, or volunteers shall be excess of the CONTRACTOR'S insurance and shall not contribute with it.

CONTRACTOR further agrees that the amount of insurance required may from time to time be adjusted by CITY's Risk Manager and CONTRACTOR agrees to file a new insurance certificate with CITY's City Clerk evidencing the new amounts after a thirty (30) day written notice from CITY's Risk Manager.

5. PAYMENT:

All invoices shall be paid in full within thirty (30) days after completion and acceptance of the service by the City, and receipt of a properly prepared invoice in duplicate, subject to cash discounts allowed and stated in this proposal document.

Invoice to: City of Modesto
Attn: Accounts Payable
P.O. Box 642
Modesto, CA 95353
Email to: APvendors@modestogov.com

6. INDEMNITY:

The CONTRACTOR shall hold the CITY, its agents, officers, employees, and volunteers, harmless from and save, defend and indemnify them against any and all claims, losses, liabilities, judgments or damages from every cause, including but not limited to injury to person or property or wrongful death, including reasonable costs and expenses of defense of any judicial or administrative action, arising directly or indirectly out of any negligent or intentional act or omission of CONTRACTOR, or its agents, officers, employees, or volunteers relating to or during the performance of its obligations under this Agreement.

CONTRACTOR's obligation to defend, indemnify, and hold the CITY, its agents, officers, and employees harmless under the provisions of this paragraph is not limited to or restricted by any requirement in this Agreement for CONTRACTOR to procure and maintain a policy of insurance.

In the indemnity clause contained herein CONTRACTOR agrees to defend, indemnify and hold CITY harmless from the negligence of its employees, among other risks. With reference to the foregoing, the parties agree that all risk of loss, including but not limited to damages, property losses and defense of third party suits, arising out of or relating to the operation of CITY owned vehicles by CONTRACTOR's employees is apportioned to CONTRACTOR in accordance with the provisions contained in Indemnity 6.

7. ARBITRATION:

Any dispute or claim arising or related to this Agreement, its performance, breach, or interpretation (including issues about its validity or enforceability), shall be exclusively, (except as approved below) resolved by final binding arbitration before the American Arbitration Association (AAA), utilizing its Commercial Arbitration Rules. One

Arbitrator shall be selected using AAA procedures. The Arbitrator shall use all reasonable efforts to minimize discovery and to complete the arbitration proceedings as expeditiously as possible. The Arbitrator shall render a written decision within thirty (30) calendar days of the hearing. The Arbitrator will not award attorney's fees, or punitive, incidental, consequential, treble or other multiple or exemplary damages, and the parties hereby agree to waive and not seek such damages. Either party may seek judicial relief to compel the other party to comply with the provisions of this Section, or injunctive or other equitable relief to protect its intellectual property rights, provided (unless prohibited by applicable law) that the remainder of the dispute or claim is submitted to arbitration. The arbitration shall be held in Modesto California; both parties give their irrevocable consent to jurisdiction of courts of or in the State of California, as well as processes of the AAA in California. Awards shall be final, binding and non-appealable (except on the minimal grounds required under the Federal Arbitration Act or other applicable law). All awards may be filed with one or more courts, state, federal or foreign having jurisdiction over the party against whom such award is rendered or its property, as a basis of judgment and of the issuance of execution for its collection.

8. GOVERNING LAW:

This Agreement shall be deemed made in, governed by, performed in, and construed and enforced in accordance with the laws of the State of California, U.S.A., without giving effect to its conflicts of laws provisions or principles.

9. COMMENCEMENT AND COMPLETION OF THE WORK:

The work contemplated herein shall be commenced as soon as possible **after receipt of the Notice to Proceed for this contract.** The Notice to Proceed shall not be issued until the contract administrator receives and has on file:

Proofs of insurance (approved by Risk Management);

Executed Agreement;

a. Resolution No. _____ *attached hereto as Exhibit "A" and made a part hereof;*

b. CONTRACTOR submittal, *attached hereto as Exhibit "B" and made a part hereof;*

c. RFP No. 1415-38 – Elevator Maintenance and Repair Services, *attached hereto as Exhibit "C" and a part hereof;*

d. Technical Specifications and Service Requirements, *attached hereto as Exhibit "D" and a part hereof.*

10. TERMINATION OF SERVICES:

a. The CITY reserves the right to discontinue service with the CONTRACTOR upon failure to meet contractual expectations and/or obligations, as recommended by the Purchasing Manager, or his designee, in conjunction with the using departments.

The CITY reserves the right to review the service CONTRACTOR's performance at any time with or without the knowledge or consent of the CONTRACTOR.

Cancellation of services shall be determined by the collaborative efforts of the Purchasing Manager, or his designee, and using departments, after reviewing the incident(s) of failure to perform.

b. Either party may terminate the contract in its unilateral discretion for any or no reason by providing at least sixty (60) days written notice to the other of its desire to terminate.

11. COMPLIANCE WITH ALL LAWS:

CONTRACTOR hereby agrees that CONTRACTOR and its subcontractors, if any, in the performance of the work described, designated and shown upon the plans herein referred to, will comply with all federal, state, county and municipal laws, rules and regulations which may be applicable to the work herein contracted for, whether now in existence or hereafter adopted.

12. CONTRACT DOCUMENTS:

The complete contract between the parties hereto consists of this agreement and the following documents which are incorporated herein by this reference:

a. Resolution No. _____;

b. CONTRACTOR submittal;

c. RFP No. 1415-38 – Elevator Maintenance and Repair Services;

d. Technical Specifications and Service Requirements;

e. Insurance Certificates, and

f. City of Modesto Standard Specifications and General Provisions.

These documents include important legal requirements, procedures and restrictions and should be reviewed by CONTRACTOR. They are available for review during normal business hours in the Department of Finance, Purchasing Division). All documents specified above are intended to operate so that any work called for in any one and not mentioned in the other, or vice versa, is to be executed the same as if mentioned in all said documents.

13. NOTICES:

Any notice, payment or instrument required or permitted by this Contract to be given or delivered to either party shall be deemed to have been received when personally

delivered, or one calendar week following deposit of the same in any United States Post Office, registered or certified mail, postage prepaid, addressed as follows:

CONTRACTOR: ThyssenKrupp Elevator Corp
940 Riverside Pkwy., Ste. 20
West Sacramento, CA 95605

CITY: City of Modesto
Purchasing Division
P.O. Box 642
Modesto, CA 95353

Each party may change its address for delivery of notice by delivering written notice of such change of address to the other party.

14. SIGNATOR(IES) FOR CONTRACTOR:

The undersigned signator(ies) for CONTRACTOR warrant(s) and represent(s) that he/she/they is/are legally competent to execute the contract and has/have full authority to execute this contract.

15. ASSIGNMENT:

Neither this agreement nor any portion thereof shall be subcontracted or assigned without the written consent of the CITY in each and every instance.

16. MISCELLANEOUS:

Time is of the essence in every provision of this contract.

IN WITNESS WHEREOF, the CITY OF MODESTO, a municipal corporation, has authorized the execution of this Agreement in duplicate by its City Manager and attested by its City Clerk under authority of Resolution No. _____, adopted by the Council of the City of Modesto on the _____-day of _____, 2015 and

_____has caused this Agreement to be duly executed.

FINANCIAL INTEREST DISCLOSURE

All persons included within the meaning of either of the following tests have a material financial interest in an agreement, or application for development rights, submitted for approval or disapproval by the City Council, and shall be identified by the applicant, by name.

Tests of Materiality:

1. Whether it is foreseeable to a reasonable person that the value of their interest in property available for use by an applicant, or their interest in the applicant itself, may increase or decrease by an amount greater than $2,000.00 as a direct or indirect result of Council action on the applicant's agreement or application for development rights.

2. Whether it is foreseeable to a reasonable person that the person's gross income from the applicant may increase or decrease by a sum greater than $2,000.00 as a direct or indirect result of Council action on the agreement or application for development rights.

It is the legal obligation of all applicants for approval of an agreement or of an application for development rights to verify in writing, under penalty of perjury, that the identity of each person having a material financial interest in the agreement or application or development rights is true, correct and complete. The applicant understands that this information is provided under penalty of perjury, and that intentionally supplying misinformation or deception may result in either invalidation of the agreement or application, or criminal prosecution for misdemeanor violation of the Modesto Municipal Code, or both. Negligent provision of misinformation shall be grounds for invalidation. In accordance with the Modesto Municipal Code, each applicant has a continuing obligation to maintain the truth, accuracy and completeness of the financial interest disclosure information provided below until after final consideration by the City Council of any matter arising out of or relating to the agreement or application.

By signing this document I agree to the information contained within.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-353

RESOLUTION AUTHORIZING THE AWARD OF BID AND CONTRACT FOR THE REMODEL AND REHABILITATION OF TWO (2) PORTABLE BUILDINGS FOR THE MODESTO POLICE DEPARTMENT TO JHK CONSTRUCTION, INC., ESCALON, CA, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE CONTRACT FOR AN ESTIMATED TOTAL COST OF $95,750

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for the remodel and rehabilitation of two (2) portable buildings, and

WHEREAS, the Purchasing Division issued RFB No. 1516-04 on the City's website under the commodity code for building construction, maintenance and repair to twelve (12) prospective bidders, three (3) of which were local companies, and

WHEREAS, eight (8) companies chose to download the RFB document, and

WHEREAS, bids were formally opened in the City Clerk's Office. One company chose to respond. The company responding provided a responsive and responsible bid, and

WHEREAS, based on providing a responsive and responsible bid, City staff recommends the award of bid for the remodel and rehabilitation of two (2) portable buildings for the Modesto Police Department to JHK Construction, Inc., Escalon, CA, for an estimated total cost of $95,750, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. The award of bid for the remodel and rehabilitation of two (2) portable buildings for the Modesto Police Department to JHK Construction, Inc., Escalon, CA, conforms to the Modesto Municipal Code 8-3.203, and

WHEREAS, funds are budgeted for this Multi-Year Project, in Appropriation Unit: 1340-19998-53300-100831.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid and contract for the remodel and rehabilitation of two (2) portable buildings for the Modesto Police Department to JHK Construction, Inc., Escalon, CA.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract for an estimated total cost of $95,750, substantially in the form **attached** hereto and as approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of September, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Madrigal, Zoslocki, Mayor Marsh
NOES:	Councilmembers:	None
ABSENT:	Councilmembers:	None

SAMPLE AGREEMENT

This Agreement, made and entered into in the City of Modesto, State of California, this ____ day of _____, 2015, by and between the City of Modesto, a municipal corporation of the State of California, hereinafter called CITY, and JHK Construction, Inc., hereinafter called CONTRACTOR,

W I T N E S S E T H:

WHEREAS, the Modesto City Council adopted Resolution No. 2015-XXX authorizing the award of bid and contract for the furnishing of remodel and rehabilitation of portable buildings at the Tactical Training Facility as described in RFB No. 1516-04 to CONTRACTOR, *attached hereto as Exhibit "A" and made a part hereof*, and

WHEREAS, the CONTRACTOR provided a responsive and responsible submittal that best meets the CITY needs, *attached hereto as Exhibit "B" and made a part hereof*, and

WHEREAS, the CITY and CONTRACTOR shall enter into an agreement for the furnishing of remodel and rehabilitation of portable buildings at the Tactical Training Facility project, as described in RFB No. 1516-04, *attached hereto as Exhibit "C" and made a part hereof*, and

WHEREAS, the CONTRACTOR shall provide services as described in Technical Specifications and Service Requirements, *attached hereto as Exhibit "D" and made a part hereof*, and

NOW, THEREFORE, the parties hereto mutually agree as follows:

1. SCOPE OF WORK:

   a. CONTRACTOR shall furnish all labor, materials, equipment,

permits, fuel, tools, licenses, bonds and insurance necessary to perform and complete the required project, as specified in Exhibit "C", and in strict accordance with the conditions of the complete Contract.

b. CONTRACTOR shall do and perform the work contemplated hereby in a good and workmanlike manner under the direction of and to the satisfaction of the Technical Liaison.

c. CONTRACTOR will perform its duties under this Agreement in accordance with the standard(s) of care prevailing in its industry.

d. CONTRACTOR shall maintain proper insurance with the CITY for the duration of the contract.

e. CONTRACTOR shall maintain a CITY business license for the duration of the contract.

f. CONTRACTOR will pay prevailing wages and keep certified payroll for the duration of the contract.

g. CONTRACTOR shall furnish services for the contracted project amount of: $92,600.00.

Contractor's Bid

Item Description	Quantity	Cost
Classroom Interior Remodel Product and Materials (all inclusive)	1-Lot	$6,000.00
Classroom Interior Remodel Labor (all inclusive)	1-Job	$3,800.00
Classroom and Office Building Interior Remodel Product and Materials (all inclusive)	1-Lot	$12,600.00
Classroom and Office Building Interior Remodel Labor (all inclusive)	1-Job	$8,500.00

Contractor's Bid (Continued)

Item Description	Quantity	Cost
Classroom and Office Building Exterior Rehabilitation Product and Materials (all inclusive)	1-Lot	$22,700.00
Classroom and Office Building Exterior Rehabilitation Labor (all inclusive)	1-Job	$37,000.00
Faithful Performance Bond for project	1-Each	$1,000.00
Payment Bond for project	1-Each	$1,000.00
Sales Tax 7.625% (Product and Materials)	1-Lot	$3,149.13
Total Project Cost (including cost of bonds)		$95,749.13

All dry rot shall be repaired upon agreement with Police Department. Cost is not included in Contractor's bid price as this work is unknown until building is stripped.	
Dry Rot Repair Labor (all inclusive)	$20.00/Foot

2. TECHNICAL LIAISON:

The CITY Technical Liaison for this project is:

Burl Condit Ph: (209) 491-4460

The Technical Liaison is not authorized to commit the CITY to changes in specifications, requirements, or scope of work, changes in price(s), period of performance or delivery date(s) or method of shipment. Changes of a contractual or business nature shall be effected only by written change to the contract, issued by the City of Modesto, Purchasing Division.

3. LIABILITY INSURANCE:

CONTRACTOR shall provide at its own expense and maintain at all times the following insurance with insurance companies currently licensed in the State of California and shall provide evidence of such insurance to the City as may be required by the Risk Manager of

the City. The policies or certificates thereof shall provide that, 30 calendar days prior to cancellation or material change in the policy, notices of same shall be given to the Risk Manager of the City by certified mail, return receipt requested, for all of the following stated insurance policies.

(a) Worker's Compensation Insurance - in compliance with the statutes of the State of California, plus employer's liability with a minimum limit of liability of **$1,000,000**.

(b) General Liability Insurance - a minimum limit of liability per occurrence of **$1,000,000** for bodily injury, personal injury and property damage. If Commercial General Liability Insurance or other form with a general aggregate limit is used, either the general aggregate limit shall apply separately to this project/location or the general aggregate limit shall be twice the required occurrence limit. This insurance shall indicate on the certificate of insurance the following coverages and indicate the policy aggregate limit applying to: premises and operations; broad form contractual; independent contractors and subcontractors; products and completed operations as applicable.

(c) Automobile Liability Insurance - a minimum limit of liability per occurrence of **$1,000,000** for bodily injury and property damage. This insurance shall cover any automobile for bodily injury and property damage.

(d) Builder's Risk Insurance - a minimum limit of the complete project valuation and any bid alternates, if applicable.

If at any time any of said insurance policies are unsatisfactory to the City, as to form or substance, or if an insurance company issuing such policy is unsatisfactory to the City, the CONTRACTOR shall promptly obtain a new policy, submit the same to the Risk Manager

for approval and submit a certificate thereof as herein required. Upon failure of the CONTRACTOR to furnish, deliver or maintain such insurance and certificates as herein required, this Contract, at the election of the City, may be forthwith declared suspended, or terminated. Failure of the CONTRACTOR to obtain and/or maintain any required insurance shall not relieve the CONTRACTOR from any liability under this Contract, nor shall the insurance requirements be construed to conflict with or otherwise limit the obligations of the CONTRACTOR concerning indemnification. The City, its agents, officers, employees, and volunteers shall be named as an additional insured on all insurance policies required herein, except Worker's Compensation. The Worker's Compensation insurer shall agree to waive all rights of subrogation against the City, its agents, officers, employees, and volunteers for losses arising from work performed by CONTRACTOR for the City. The CONTRACTOR'S insurance policy(ies) shall include a provision that the coverage is primary as respects the City; shall include no special limitations to coverage provided to additional insured; and, shall be placed with insurer(s) with acceptable Best's rating of A:VII or with approval of the City Risk Manager. The CONTRACTOR must deliver certificates evidencing existence of the insurance listed above to the City Clerk at the time the Contract is signed.

CONTRACTOR shall provide CITY with separate endorsements evidencing proof of the CITY's additional insured status as to <u>both</u> the general liability and automobile liability insurance policies. In addition, CONTRACTOR shall provide CITY with a Worker's Compensation subrogation waiver by way of a separate endorsement. All endorsements referenced above must include the applicable policy number.

For any claims related to this project, the CONTRACTOR'S insurance coverage shall be primary insurance as respects the Entity, its officers, officials, employees, and

volunteers. Any insurance or self-insurance maintained by the Entity, its officers, officials, employees, or volunteers shall be excess of the CONTRACTOR'S insurance and shall not contribute with it.

4. INDEMNITY:

The CONTRACTOR shall hold the CITY, its agents, officers, employees, and volunteers, harmless from and save, defend and indemnify them against any and all claims, losses, liabilities, judgments or damages from every cause, including but not limited to injury to person or property or wrongful death, including reasonable costs and expenses of defense of any judicial or administrative action, arising directly or indirectly out of any negligent or intentional act or omission of CONTRACTOR, or its agents, officers, employees, or volunteers relating to or during the performance of its obligations under this Agreement.

CONTRACTOR's obligation to defend, indemnify, and hold the CITY, its agents, officers, and employees harmless under the provisions of this paragraph is not limited to or restricted by any requirement in this Agreement for CONTRACTOR to procure and maintain a policy of insurance.

In the indemnity clause contained herein, CONTRACTOR agrees to defend, indemnify and hold CITY harmless from the negligence of its employees, among other risks. With reference to the foregoing, the parties agree that all risk of loss, including but not limited to damages, property losses and defense of third party suits, arising out of or relating to the operation of CITY owned vehicles by CONTRACTOR's employees is apportioned to CONTRACTOR in accordance with the provisions contained in Indemnity 3.

5. BONDS.

The CONTRACTOR shall furnish CITY the following separate surety bonds:

a. Faithful Performance Bond. Within ten (10) days of the execution of this Contract and prior to commencement of work, the CONTRACTOR shall furnish a separate surety bond in an amount of $95,749.13, shall be for the faithful performance of the contract, shall be approved by CITY, and shall be secured from a surety or sureties satisfactory to CITY.

b. Payment Bond. Within ten (10) days of the execution of this Contract and prior to commencement of work, the CONTRACTOR shall furnish a separate surety bond in an amount of $95,749.13, as security for the payment of all persons for furnishing materials, provisions, or other supplies, or items, used in, upon, for, or about the performance of the work contracted to be done; or for performing any work or labor thereon of any kind, and for the payment of amounts due under the Unemployment Insurance Code with respect to such work or labor in connection with this Contract, and for the payment of a reasonable attorney's fee to be fixed by the court in case suit is brought upon the bond.

6. PAYMENT:

The Contractor shall invoice the City after the completion of the project. All invoices shall be paid in full within thirty (30) days after completion and acceptance of the project by the City, and receipt of a properly prepared invoice in duplicate, subject to cash discounts allowed and stated in this proposal document.

Invoice to: City of Modesto
Attn: Accounts Payable
P.O. Box 642
Modesto, CA 95353

7. ARBITRATION:

Any dispute or claim arising or related to this Agreement, its performance, breach, or interpretation (including issues about its validity or enforceability), shall be

exclusively, (except as approved below) resolved by final binding arbitration before the American Arbitration Association (AAA), utilizing its Commercial Arbitration Rules. One Arbitrator shall be selected using AAA procedures. The Arbitrator shall use all reasonable efforts to minimize discovery and to complete the arbitration proceedings as expeditiously as possible. The Arbitrator shall render a written decision within thirty (30) calendar days of the hearing. The Arbitrator will not award attorney's fees, or punitive, incidental, consequential, treble or other multiple or exemplary damages, and the parties hereby agree to waive and not seek such damages. Either party may seek judicial relief to compel the other party to comply with the provisions of this Section, or injunctive or other equitable relief to protect its intellectual property rights, provided (unless prohibited by applicable law) that the remainder of the dispute or claim is submitted to arbitration. The arbitration shall be held in Modesto California; both parties give their irrevocable consent to jurisdiction of courts of or in the State of California, as well as processes of the AAA in California. Awards shall be final, binding and non-appealable (except on the minimal grounds required under the Federal Arbitration Act or other applicable law). All awards may be filed with one or more courts, state, federal or foreign having jurisdiction over the party against whom such award is rendered or its property, as a basis of judgment and of the issuance of execution for its collection.

8. GOVERNING LAW:

This Agreement shall be deemed made in, governed by, performed in, and construed and enforced in accordance with the laws of the State of California, U.S.A., without giving effect to its conflicts of laws provisions or principles.

9. COMMENCEMENT AND COMPLETION OF THE WORK:

The work contemplated herein shall be commenced as soon as possible **after receipt of the Notice to Proceed for this contract.** The Notice to Proceed shall not be issued until the contract administrator receives and has on file:

Proofs of insurance (approved by Risk Management);

Executed Agreement;

a. Resolution No. 2015-XXX *attached hereto as Exhibit "A" and made a part hereof;*

b. CONTRACTOR submittal, *attached hereto as Exhibit "B" and made a part hereof;*

c. RFB No. 1516-04, *attached hereto as Exhibit "C" and a part hereof;*

d. Technical Specifications and Service Requirements, *attached hereto as Exhibit "D" and made a part hereof;*

e. Bonds;

f. CITY business license

10. TERMINATION OF CONTRACT.

Termination by City for Default of Contractor

Should Contractor default in the performance of this Contract or materially breach any of its provisions, at its option, City may terminate this Contract by giving written notification to Contractor. The termination date shall be the effective date of the notice. For the purposes of this section, material breach of this Contract shall include, but not be limited to, any of the following: failure to perform required services or duties, willful destruction of City's property by Contractor, dishonesty or theft. Such termination shall be in accordance with

Section 8.06 of the General Provisions of City's Standard Specifications.

If this Contract is terminated, Contractor shall cease all its work on the project as of the termination date and shall see to it that its employees, subcontractors and agents are notified of such termination and cease their work.

The Contractor understands and agrees that City may, in City's sole discretion, refuse to pay Contractor for that portion of Contractor's services which were performed by Contractor on the project prior to the termination date and which remain unacceptable and/or not useful to City as of the termination date. When these provisions contradict those found in the General Provisions of City's Standard Specifications, the latter shall prevail.

Termination by City for Convenience

The City may terminate the Contractor's performance under the Contract, either in whole or in part, at its own discretion or when conditions encountered during the Work make it impossible or impracticable to proceed, or when the City is prevented from proceeding with the Contract by act of God, by law, or by official action of a public authority, or upon a determination that such termination is in the best interest and convenience of the City, or whenever the City is prohibited from completing the Work for any reason. The City shall provide no less than ten (10) days written notice of its intent to terminate the Contract for convenience, and shall endeavor to provide the Contractor with consultation with the City prior to termination.

A. Upon receipt of a written notice of termination pursuant to this section, the Contractor shall:

1. Cease its work as directed in the notice of termination as of the termination date and see to it that its employees,

subcontractors and agents are notified of such termination and act as specified in the notice of termination;

2. Terminate all orders and Subcontractors except as necessary to complete any portion of the Work that is not terminated;

3. If directed in writing by the City to do so, assign all right, title and interest in subcontracts and materials in progress to City, in which case the City will have the right at its discretion to settle, or pay any or all claims arising out of the termination of such subcontractors, but in no event shall recovery by any Contractor or subcontractor include lost profits for portions of the Work not completed or undertaken, including materials not delivered;

4. Deliver or otherwise make available to the City all data, drawings, specifications, reports, estimates, summaries and such other information and material as may have been accumulated by the Contractor in performing the Work whether completed or in process;

5. Settle outstanding liabilities and claims, subject to the approval of City;

6. Complete performance of such part of the Work as has not been terminated;

7. Take such other actions as may be necessary, or as may be

directed by the City for the protection and preservation of the Work and/or property related to the Work;

8. If City so requests, and at City's cost, Contractor shall provide sufficient oral or written status reports to make City reasonably aware of the status of Contractor's work on the project.

B. City will pay Contractor an amount based on the percentage of work completed in accordance with the notice of termination. The final payment to the Contractor after termination for convenience shall be limited to amounts due and owing under the Contract at time of termination, including the following:

1. Any actual costs incurred by the Contractor for restocking charges;
2. The agreed upon price of protecting the Work in any manner, if any, as directed by the City;
3. The cost of settling and paying valid claims arising out of the termination of the Work such as subcontract agreements or contracts for materials;
4. The contract price allocable to the portion of the Work properly performed or goods supplied by the Contractor as of the date of termination, as determined in accordance with the notice of termination, reduced by any sums previously paid to the Contractor.

C. The City shall have the right to withhold any portion or the whole of

the final payment under this provision in the event there are any outstanding Claims for compensation asserted either by the City against the Contractor or by any third party against the City or the Contractor which arise out of the Contractor's work.

Voluntary Termination

The parties may also terminate this Contract upon mutual written agreement.

Authorization to Terminate Contract

Termination of the Contract may be invoked by the City Manager, or his/her designee, subject to the right of the Contractor to appeal the City Manager, or his/her designee's, decision to the City Council. The Contractor shall appeal by notifying the City Clerk in writing within ten (10) business days of receipt of notification from City to terminate the Contract. In the event that termination of this contract is upheld by the City Council, any cessation of payment of delay claims, extended claims, Eichleay claims, or any other claims for delay shall be retroactive to the date of termination selected by the City Manager, or his/her designee.

11. COMPLIANCE WITH ALL LAWS:

CONTRACTOR hereby agrees that CONTRACTOR and its subcontractors, if any, in the performance of the work described, designated and shown upon the plans herein referred to, will comply with all federal, state, county and municipal laws, rules and regulations which may be applicable to the work herein contracted for, whether now in existence or hereafter adopted.

12. CONTRACT DOCUMENTS:

The complete contract between the parties hereto consists of this agreement and the following documents, which are incorporated herein by this reference:

a. Resolution No. 2015-XXX;

b. CONTRACTOR submittal;

c. RFB No. 1516-04;

d. Technical Specifications and Service Requirements;

d. Bonds;

e. Insurance Certificates;

f. CITY business license, and

g. City of Modesto Standard Specifications and General Provisions.

These documents include important legal requirements, procedures and restrictions and should be reviewed by CONTRACTOR. They are available for review during normal business hours in the Department of Finance, Purchasing Division). All documents specified above are intended to operate so that any work called for in any one and not mentioned in the other, or vice versa, is to be executed the same as if mentioned in all said documents.

13. NOTICES:

Any notice, payment or instrument required or permitted by this Contract to be given or delivered to either party shall be deemed to have been received when personally delivered, or one calendar week following deposit of the same in any United States Post Office, registered or certified mail, postage prepaid, addressed as follows:

CONTRACTOR: JHK Construction, Inc.
27727 E. Tiffani Lane
Escalon, CA 95320

CITY: City of Modesto
Purchasing Division
P.O. Box 642
Modesto, CA 95353

Each party may change its address for delivery of notice by delivering written notice of such change of address to the other party.

14. SIGNATOR(IES) FOR CONTRACTOR:

The undersigned signator(ies) for CONTRACTOR warrant(s) and represent(s) that he/she/they is/are legally competent to execute the contract and has/have full authority to execute this contract.

15. ASSIGNMENT:

Neither this agreement nor any portion thereof shall be subcontracted or assigned without the written consent of the CITY in each and every instance.

16. MISCELLANEOUS:

Time is of the essence in every provision of this contract.

IN WITNESS WHEREOF, the CITY OF MODESTO, a municipal corporation, has authorized the execution of this Agreement in duplicate by its City Manager and attested by its City Clerk under authority of the City of Modesto on the _____-day of _____, 2015 and _____ has caused this Agreement to be duly executed.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-354

RESOLUTION AUTHORIZING THE AWARD OF BID AND CONTRACT FOR THE FURNISHING OF ROCKWELL REJUVENATION SERVICES FOR THE UTILITIES DEPARTMENT, STORMWATER COLLECTIONS DIVISION TO FOX LOOMIS, INC., SACRAMENTO, CA, FOR A TWO (2) YEAR AGREEMENT WITH THREE (3) ONE-YEAR EXTENSION OPTIONS AT THE SOLE DISCRETION OF THE CITY, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE CONTRACT FOR AN ESTIMATED ANNUAL COST OF $644,100, AND OVER FIVE (5) YEARS OF $3,220,500

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for the furnishing of rockwell rejuvenation services, and

WHEREAS, the Purchasing Division issued RFB No. 1415-19 on the City's website under the commodity code for well services, maintenance and repairs to twenty-one (21) prospective bidders, two (2) of which were local companies, and

WHEREAS, five (5) companies chose to download the RFB document, and

WHEREAS, bids were formally opened in the City Clerk's Office. One company chose to respond. The company responding provided a responsive and responsible bid, and

WHEREAS, based on providing a responsive and responsible bid, City staff recommends the award of bid and contract for the furnishing of rockwell rejuvenation services for the Utilities Department, Stormwater Collections Division to Fox Loomis, Inc., Sacramento, CA, for a two (2) year agreement with three (3) one-year extension options at the sole discretion of the City, for an estimated annual cost of $644,100, and over five (5) years of $3,220,500, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services

to be formally bid. The award of bid and contract for the furnishing of rockwell rejuvenation services for the Utilities Department, Stormwater Collections Division to Fox Loomis, Inc., Sacramento, CA, conforms to Modesto Municipal Code 8-3.203, and

WHEREAS, funds are budgeted in Fiscal Year 2015-16, in Appropriation Unit: 4480-44222-53100.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid and contract for the furnishing of rockwell rejuvenation services for the Utilities Department, Stormwater Collections Division to Fox Loomis, Inc., Sacramento, CA, for a two (2) year agreement with three (3) one-year extension options at the sole discretion of the City.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract for an estimated annual cost of $644,100, **attached** hereto in substantially the same form as **Exhibit A** and as approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of September, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Madrigal, Zoslocki, Mayor Marsh
NOES:	Councilmembers:	None
ABSENT:	Councilmembers:	None

SAMPLE AGREEMENT

This Agreement, made and entered into in the City of Modesto, State of California, this ____ day of _____, 2015, by and between the City of Modesto, a municipal corporation of the State of California, hereinafter called CITY, and Fox Loomis, Inc., hereinafter called CONTRACTOR,

W I T N E S S E T H:

WHEREAS, the Modesto City Council adopted Resolution No. 2015-_____ authorizing the award of bid and contract for the furnishing of rockwell rejuvenation services to CONTRACTOR, *attached hereto as Exhibit "A" and made a part hereof*, and

WHEREAS, the CONTRACTOR provided a responsive and responsible submittal that best meets the CITY needs, *attached hereto as Exhibit "B" and made a part hereof*, and

WHEREAS, the CITY and CONTRACTOR shall enter into an agreement for the furnishing of rockwell rejuvenation services, as described in RFB No. 1415-19, *attached hereto as Exhibit "C" and made a part hereof*, and

WHEREAS, the CONTRACTOR shall provide services as described in Technical Specifications and Service Requirements, *attached hereto as Exhibit "D" and made a part hereof*, and

NOW, THEREFORE, the parties hereto mutually agree as follows:

1. SCOPE OF WORK:

a. CONTRACTOR shall furnish all labor, materials, equipment, fuel, tools, licenses, bonds and insurance necessary to provide rockwell rejuvenation services as specified in Exhibit "C", and in strict accordance with the conditions of the complete Contract.

b. CONTRACTOR shall do and perform the work contemplated hereby in a good and workmanlike manner under the direction of and to the satisfaction of the City Technical Liaison.

d. CONTRACTOR will perform its duties under this Agreement in accordance with the standard(s) of care prevailing in its industry.

e. CONTRACTOR shall maintain proper insurance with the CITY for the duration of the contract.

f. CONTRACTOR shall maintain a CITY business license for the duration of the contract.

g. CONTRACTOR will pay prevailing wages and keep certified payroll for the duration of the contract.

h. CONTRACTOR shall furnish services as defined in Exhibit "C" for the contracted project amount of: $644,100.

2. CITY TECHNICAL LIAISON:

Wastewater Collections Supervisor Ph: (209) 577-6234

The Technical Liaison is not authorized to commit the CITY to changes in specifications, requirements, or scope of work, changes in price(s), period of performance or delivery date(s) or method of shipment. Changes of a contractual or business nature shall be effected only by written change to the contract, issued by the City of Modesto, Purchasing Division.

3. TERM OF CONTRACT:

The term of the contract shall be for a period of two (2) years, with three (3) one-year extension options at the sole discretion of CITY, for a total of five (5) years.

Initial Term: Notice to Proceed through September 21, 2017

Year 3: September 22, 2017 through September 21, 2018

Year 4: September 22, 2018 through September 21, 2019

Year 5: September 22, 2019 through September 21, 2020

Pricing shall remain firm for the first two (2) years of the contract.

Price increases for subsequent contract years, three, four and five, shall not exceed the Consumer Price Index (CPI) for West Urban Area in any one contract year, and shall be negotiated through the Purchasing Division. Requests for price increases shall be submitted by CONTRACTOR in writing, sixty (60) days prior to the annual anniversary date of the contract to be effective for the subsequent year.

4. LIABILITY INSURANCE:

CONTRACTOR shall provide at its own expense and maintain at all times the following insurance with insurance companies licensed in the State of California and shall provide evidence of such insurance to the CITY as may be required by the Risk Manager of the CITY. The policies or certificates thereof shall provide that, thirty (30) days prior to cancellation or material change in the policy, notices of same shall be given to the Risk Manager of the CITY by certified mail, return receipt requested, for all of the following stated insurance policies.

(a) Worker's Compensation - in compliance with the statutes of the State of California, plus employer's liability with a minimum limit of liability of $1,000,000.

(b) General Liability insurance with a minimum limit of liability per occurrence of $2,000,000 for bodily injury, personal injury and property damage. If Commercial

General Liability Insurance or other form with a general aggregate limit is used, either the general aggregate limit shall apply separately to this project/location or the general aggregate limit shall be twice the required occurrence limit. This insurance shall indicate on the certificate of insurance the following coverages and indicate the policy aggregate limit applying to: premises and operations; independent contractors and subcontractors; products and completed operations as applicable.

(c) Automobile Liability insurance with a minimum limit of liability per occurrence of $1,000,000 for bodily injury and property damage. This insurance shall cover any automobile for bodily injury and property damage.

If at any time any of said policies shall be unsatisfactory to the CITY, as to form or substance, or if a company issuing such policy shall be unsatisfactory to the CITY, the CONTRACTOR shall promptly obtain a new policy, submit the same to the Risk Manager for approval and submit a certificate thereof as hereinabove provided. Upon failure of the CONTRACTOR to furnish, deliver or maintain such insurance and certificates as above provided, this Agreement, at the election of the CITY, may be forthwith declared suspended, or terminated. Failure of the CONTRACTOR to obtain and/or maintain any required insurance shall not relieve the CONTRACTOR from any liability under this Agreement, nor shall the insurance requirements be construed to conflict with or otherwise limit the obligations of the CONTRACTOR concerning indemnification. The CITY, its agents, officers, employees, and volunteers shall be named as an additional insured on all insurance policies required herein, except Workers' Compensation and Professional Liability. The Workers' Compensation insurer shall agree to waive all rights of subrogation against the CITY, its agents, officers, employees, and volunteers for losses arising from work performed by CONTRACTOR for the CITY. The

CONTRACTOR's insurance policy(ies) shall include a provision that the coverage is primary as respects the CITY; shall include no special limitations to coverage provided to additional insured; and, shall be placed with insurer(s) with acceptable Best's rating of A:VII or with approval of the Risk Manager. The CONTRACTOR must deliver certificates evidencing existence of the insurance listed above to the CITY Clerk at the time the contract is signed.

CONTRACTOR shall provide CITY with separate endorsements evidencing proof of the CITY's additional insured status as to <u>both</u> the general liability and automobile liability insurance policies. In addition, CONTRACTOR shall provide CITY with a Workers Compensation subrogation waiver by way of a separate endorsement. All endorsements referenced above must include the applicable policy number.

For any claims related to this project, the CONTRACTOR'S insurance coverage shall be primary insurance as respects the Entity, its officers, officials, employees, and volunteers. Any insurance or self-insurance maintained by the Entity, its officers, officials, employees, or volunteers shall be excess of the CONTRACTOR'S insurance and shall not contribute with it.

5. <u>INDEMNITY</u>:

The CONTRACTOR shall hold the CITY, its agents, officers, employees, and volunteers, harmless from and save, defend and indemnify them against any and all claims, losses, liabilities, judgments or damages from every cause, including but not limited to injury to person or property or wrongful death, including reasonable costs and expenses of defense of any judicial or administrative action, arising directly or indirectly out of any negligent or intentional

act or omission of CONTRACTOR, or its agents, officers, employees, or volunteers relating to or during the performance of its obligations under this Agreement.

CONTRACTOR's obligation to defend, indemnify, and hold the CITY, its agents, officers, and employees harmless under the provisions of this paragraph is not limited to or restricted by any requirement in this Agreement for CONTRACTOR to procure and maintain a policy of insurance.

In the indemnity clause contained herein, CONTRACTOR agrees to defend, indemnify and hold CITY harmless from the negligence of its employees, among other risks. With reference to the foregoing, the parties agree that all risk of loss, including but not limited to damages, property losses and defense of third party suits, arising out of or relating to the operation of CITY owned vehicles by CONTRACTOR's employees is apportioned to CONTRACTOR in accordance with the provisions contained in Indemnity 5.

6. BONDS.

CONTRACTOR shall furnish CITY, within ten (10) days of the execution of this contract and prior to commencement of work, the following separate surety bonds:

a. Faithful Performance Bond. Said bond shall be in an amount of $100,000, shall be for the faithful performance of the contract, shall be approved by CITY, and shall be secured from a surety or sureties satisfactory to CITY.

b. Payment Bond. CONTRACTOR shall furnish a separate surety bond in an amount of $150,000 as security for the payment of all persons for furnishing materials, provisions, or other supplies, or items, used in, upon, for, or about the performance of the work contracted to be done; or for performing any work or labor thereon of any kind, and for the payment of amounts due under the Unemployment Insurance Code with respect to such work or

labor in connection with this Contract, and for the payment of a reasonable attorney's fee to be fixed by the court in case suit is brought upon the bond.

7. PAYMENT:

The Contractor shall invoice the City after the completion of the project. All invoices shall be paid in full within thirty (30) days after completion and acceptance of the project by the City, and receipt of a properly prepared invoice in duplicate, subject to cash discounts allowed and stated in this document.

Invoice to: City of Modesto
Attn: Accounts Payable
P.O. Box 642
Modesto, CA 95353

8. ARBITRATION:

Any dispute or claim arising or related to this Agreement, its performance, breach, or interpretation (including issues about its validity or enforceability), shall be exclusively, (except as approved below) resolved by final binding arbitration before the American Arbitration Association (AAA), utilizing its Commercial Arbitration Rules. One Arbitrator shall be selected using AAA procedures. The Arbitrator shall use all reasonable efforts to minimize discovery and to complete the arbitration proceedings as expeditiously as possible. The Arbitrator shall render a written decision within thirty (30) calendar days of the hearing. The Arbitrator will not award attorney's fees, or punitive, incidental, consequential, treble or other multiple or exemplary damages, and the parties hereby agree to waive and not seek such damages. Either party may seek judicial relief to compel the other party to comply with the provisions of this Section, or injunctive or other equitable relief to protect its intellectual property rights, provided (unless prohibited by applicable law) that the remainder of the dispute or claim is submitted to arbitration. The arbitration shall be held in Modesto California; both

parties give their irrevocable consent to jurisdiction of courts of or in the State of California, as well as processes of the AAA in California. Awards shall be final, binding and non-appealable (except on the minimal grounds required under the Federal Arbitration Act or other applicable law). All awards may be filed with one or more courts, state, federal or foreign having jurisdiction over the party against whom such award is rendered or its property, as a basis of judgment and of the issuance of execution for its collection.

9. GOVERNING LAW:

This Agreement shall be deemed made in, governed by, performed in, and construed and enforced in accordance with the laws of the State of California, U.S.A., without giving effect to its conflicts of laws provisions or principles.

10. COMMENCEMENT AND COMPLETION OF THE WORK:

The work contemplated herein shall be commenced as soon as possible **after receipt of the Notice to Proceed for this contract.** The Notice to Proceed shall not be issued until the contract administrator receives and has on file:

Proofs of insurance (approved by Risk Management);

Executed Agreement;

a. Resolution No.2015-_____ *attached hereto as Exhibit "A" and made a part hereof;*

b. CONTRACTOR submittal, *attached hereto as Exhibit "B" and made a part hereof;*

c. RFP No. 1415-19 – Rockwell Rejuvenation Services and addenda, *attached hereto as Exhibit "C" and a part hereof;*

d. Bonds required by the Project Specifications (Approved by the City Attorney);

e. CITY Business License

against any defective work or labor done or defective materials furnished.

11. COMPLIANCE WITH ALL LAWS. CONTRACTOR hereby agrees that it and all subcontractors, if any, in the performance of the work described, designated and shown upon the Plans and the Project Specifications herein referred to, will comply with all federal, state, county and municipal laws, rules and regulations which may be applicable to the work herein contracted for, whether now in existence or hereafter adopted.

12. TERMINATION OF CONTRACT.

Termination by City for Default of Contractor

Should Contractor default in the performance of this Contract or materially breach any of its provisions, at its option, City may terminate this Contract by giving written notification to Contractor. The termination date shall be the effective date of the notice. For the purposes of this section, material breach of this Contract shall include, but not be limited to, any of the following: failure to perform required services or duties, willful destruction of City's property by Contractor, dishonesty or theft. Such termination shall be in accordance with Section 8.06 of the General Provisions of City's Standard Specifications.

If this Contract is terminated, Contractor shall cease all its work on the project as of the termination date and shall see to it that its employees, subcontractors and agents are notified of such termination and cease their work.

The Contractor understands and agrees that City may, in City's sole discretion, refuse to pay Contractor for that portion of Contractor's services which were

performed by Contractor on the project prior to the termination date and which remain unacceptable and/or not useful to City as of the termination date. When these provisions contradict those found in the General Provisions of City's Standard Specifications, the latter shall prevail.

Termination by City for Convenience

The City may terminate the Contractor's performance under the Contract, either in whole or in part, at its own discretion or when conditions encountered during the Work make it impossible or impracticable to proceed, or when the City is prevented from proceeding with the Contract by act of God, by law, or by official action of a public authority, or upon a determination that such termination is in the best interest and convenience of the City, or whenever the City is prohibited from completing the Work for any reason. The City shall provide no less than ten (10) days written notice of its intent to terminate the Contract for convenience, and shall endeavor to provide the Contractor with consultation with the City prior to termination.

A. Upon receipt of a written notice of termination pursuant to this section, the Contractor shall:

1. Cease its work as directed in the notice of termination as of the termination date and see to it that its employees, subcontractors and agents are notified of such termination and act as specified in the notice of termination;
2. Terminate all orders and Subcontractors except as necessary to complete any portion of the Work that is not terminated;
3. If directed in writing by the City to do so, assign all

right, title and interest in subcontracts and materials in progress to City, in which case the City will have the right at its discretion to settle, or pay any or all claims arising out of the termination of such subcontractors, but in no event shall recovery by any Contractor or subcontractor include lost profits for portions of the Work not completed or undertaken, including materials not delivered;

4. Deliver or otherwise make available to the City all data, drawings, specifications, reports, estimates, summaries and such other information and material as may have been accumulated by the Contractor in performing the Work whether completed or in process;

5. Settle outstanding liabilities and claims, subject to the approval of City;

6. Complete performance of such part of the Work as has not been terminated;

7. Take such other actions as may be necessary, or as may be directed by the City for the protection and preservation of the Work and/or property related to the Work;

8. If City so requests, and at City's cost, Contractor shall provide sufficient oral or written status reports to make City reasonably aware of the status of Contractor's work on the project.

B. City will pay Contractor an amount based on the percentage of work completed in accordance with the notice of termination. The final payment to the Contractor after termination for convenience shall be limited to amounts due and owing under the Contract at time of termination, including the following:

1. Any actual costs incurred by the Contractor for restocking charges;
2. The agreed upon price of protecting the Work in any manner, if any, as directed by the City;
3. The cost of settling and paying valid claims arising out of the termination of the Work such as subcontract agreements or contracts for materials;
4. The contract price allocable to the portion of the Work properly performed or goods supplied by the Contractor as of the date of termination, as determined in accordance with the notice of termination, reduced by any sums previously paid to the Contractor.

C. The City shall have the right to withhold any portion or the whole of the final payment under this provision in the event there are any outstanding Claims for compensation asserted either by the City against the Contractor or by any third party against the City or the Contractor which arise out of the Contractor's work.

Voluntary Termination

The parties may also terminate this Contract upon mutual written agreement.

Authorization to Terminate Contract

Termination of the Contract may be invoked by the City Manager, or his/her designee, subject to the right of the Contractor to appeal the City Manager, or his/her designee's, decision to the City Council. The Contractor shall appeal by notifying the City Clerk in writing within ten (10) business days of receipt of notification from City to terminate the Contract. In the event that termination of this contract is upheld by the City Council, any cessation of payment of delay claims, extended claims, Eichleay claims, or any other claims for delay shall be retroactive to the date of termination selected by the City Manager, or his/her 9.

13. CONTRACT DOCUMENTS:

The complete contract between the parties hereto consists of this agreement and the following documents, which are incorporated herein by this reference:

a. Resolution No. 2015-_____;

b. CONTRACTOR submittal;

c. RFP No. 1415-19 Rockwell Rejuvenation Services and addenda;

d. Insurance Certificates;

e. Bonds;

f. CITY Business License, and

g. City of Modesto Standard Specifications and General Provisions.

These documents include important legal requirements, procedures and restrictions and should be reviewed by CONTRACTOR. They are available for review during normal business hours in the Department of Finance, Purchasing Division). All documents specified above are intended to

operate so that any work called for in any one and not mentioned in the other, or vice versa, is to be executed the same as if mentioned in all said documents.

14. NOTICES:

Any notice, payment or instrument required or permitted by this Contract to be given or delivered to either party shall be deemed to have been received when personally delivered, or one calendar week following deposit of the same in any United States Post Office, registered or certified mail, postage prepaid, addressed as follows:

CONTRACTOR: Fox Loomis, Inc.
6901 McComber Street
Sacramento, CA 95828

CITY: City of Modesto
Purchasing Division
P.O. Box 642
Modesto, CA 95353

Each party may change its address for delivery of notice by delivering written notice of such change of address to the other party.

15. SIGNATOR(IES) FOR CONTRACTOR:

The undersigned signator(ies) for CONTRACTOR warrant(s) and represent(s) that he/she/they is/are legally competent to execute the contract and has/have full authority to execute this contract.

16. ASSIGNMENT:

Neither this agreement nor any portion thereof shall be subcontracted or assigned without the written consent of the CITY in each and every instance.

17. MISCELLANEOUS:

Time is of the essence in every provision of this contract.

IN WITNESS WHEREOF, the CITY OF MODESTO, a municipal corporation, has authorized the execution of this Agreement in duplicate by its City Manager and attested by its

City Clerk under authority of Resolution No. 2015-_____, adopted by the Council of the City of Modesto on the 22nd day of September, 2015 and Contractor has caused this Agreement to be duly executed.

FINANCIAL INTEREST DISCLOSURE FORM

All persons included within the meaning of either of the following tests have a material financial interest in an agreement, or application for development rights, submitted for approval or disapproval by the City Council, and shall be identified by the applicant, by name.

Tests of Materiality:

1. Whether it is foreseeable to a reasonable person that the value of their interest in property available for use by an applicant, or their interest in the applicant itself, may increase or decrease by an amount greater than $2,000.00 as a direct or indirect result of Council action on the applicant's agreement or application for development rights.

2. Whether it is foreseeable to a reasonable person that the person's gross income from the applicant may increase or decrease by a sum greater than $2,000.00 as a direct or indirect result of Council action on the agreement or application for development rights.

It is the legal obligation of all applicants for approval of an agreement or of an application for development rights to verify in writing, under penalty of perjury, that the identity of each person having a material financial interest in the agreement or application or development rights is true, correct and complete. The applicant understands that this information is provided under penalty of perjury, and that intentionally supplying misinformation or deception may result in either invalidation of the agreement or application, or criminal prosecution for misdemeanor violation of the Modesto Municipal Code, or both. Negligent provision of misinformation shall be grounds for invalidation. In accordance with the Modesto Municipal Code, each applicant has a continuing obligation to maintain the truth, accuracy and completeness of the financial interest disclosure information provided below until after final consideration by the City Council of any matter arising out of or relating to the agreement or application.

By signing this document I agree to the information contained within.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-355

RESOLUTION REJECTING ALL PROPOSALS RECEIVED FOR REQUEST FOR PROPOSAL (RFP) NO. 1314-11 FOR AN OUTDOOR WIFI NETWORK, AND AUTHORIZING THE PURCHASING MANAGER TO RE-RELEASE A RFP AT A FUTURE DATE WITH AN AMENDED SCOPE OF WORK

WHEREAS, the proposals received for the furnishing of an Outdoor WiFi Network were opened at 11:00 a.m. on April 8, 2014 and later evaluated by a technical evaluation committee to determine the highest ranking proposal based on the evaluation criteria, and

WHEREAS, based on being ranked highest in total evaluation criteria pursuant to the original scope of work the evaluation committee recommended award of proposal and contract to CellPlan Technologies, Reston, VA, and

WHEREAS, the cost for initial scope of work exceeded the encumbered budget, CellPlan was asked to submit a proposal for a revised scope of work, and

WHEREAS, it was determined that the revised scope of work and associated costs were not the most cost effective solution, and

WHEREAS, City staff recommends rejecting all proposals received, revising the scope of work and re-releasing the project at a future date.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby rejects all proposals received for RFP No. 1314-11, opened in the office of the City Clerk on April 8, 2014.

BE IT FURTHER RESOLVED that the Purchasing Manager is hereby authorized to re-issue the RFP with an amended scope of work.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22 day of September, 2015, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Kenoyer, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Madrigal, Zoslocki, Mayor Marsh

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-356

RESOLUTION AUTHORIZING AWARD OF PROPOSAL AND CONTRACT TO CIVICPLUS FOR THE WEBSITE RENOVATION WHICH WILL PROVIDE THE CITY WITH A NEW WEBSITE UTILIZING THE SAME DOMAIN, WWW.MODESTOGOV.COM TO INCLUDE THE UPGRADES, HOSTING, MAINTENANCE AND SUPPORT FOR A THREE (3) YEAR AGREEMENT IN THE AMOUNT OF $32,300 ANNUALLY FOLLOWED BY AN ANNUAL MAINTENANCE COST OF APPROXIMATELY $11,200 STARTING IN YEAR FOUR (4) FOR AN ESTIMATED ANNUAL COST OVER A FIVE (5) YEAR PERIOD IN THE AMOUNT OF $119,300

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Proposals (RFP) for the City of Modesto website renovation, and

WHEREAS, the Purchasing Division issued RFP No.1415-36 City of Modesto website renovation to four (4) prospective proposers, none of which were local companies and posted the RFP on the City's website, and

WHEREAS, proposals were formally opened in the City Clerk's Office. Eight (8) companies chose to respond, one (1) of which was a local company, and

WHEREAS, all eight (8) companies provided responsive and responsible proposals, and

WHEREAS, an evaluation committee comprised of twelve (12) City staff members evaluated and graded proposal, and

WHEREAS, based on being ranked highest in total evaluation criteria the evaluation committee recommends the award of proposal and contract for the City of Modesto website renovation for a three (3) year agreement in the amount of $32,300 annually followed by an annual maintenance cost of approximately $11,200 starting in year four (4) for an estimated annual cost over a five (5) year period in the amount of $119,300, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. The award of proposal for The award of proposal for the upgrades, hosting, maintenance and support of the City of Modesto website renovation conforms to Modesto Municipal Code 8-3.203, and

NOW, THEREFORE, BE IT RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract for an estimated annual cost of $32,300 annually followed by an annual maintenance cost of approximately $11,200 starting in year four (4) for an estimated annual cost over a five (5) year period in the amount of $119,300,

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22 day of September, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-357

A RESOLUTION AUTHORIZING THE CITY MANAGER , OR HIS DESIGNEE, TO EXECUTE A SOLE SOURCE CONTRACT WITH AST FOR THE DEVELOPMENT AND IMPLEMENTATION OF THE CITY-WIDE E-BUSINESS SUITE (EBS) DOCUMENT ARCHIVAL PROJECT ON THE ORACLE ENTERPRISE RESOURCE PLANNING (ERP) SYSTEM, FINANCIAL AND HUMAN RESOURSE SYSTEM, IN THE AMOUNT OF $116,900.

WHEREAS, the City of Modesto awarded a contract to AST for the implementation services on the Oracle ERP system on May 25, 2010 on resolution 2010-219, and

WHEREAS, the AST is the only software support provider that is familiar with the City of Modesto configuration, extension, modification and integration (CEMLIs), and

WHEREAS, the AST is the only software support provider that is familiar with the City of Modesto technical ERP environment, and

WHEREAS, the current Oracle ERP system database has grown too large and is affecting the system performance and maintenance of the current database, and

WHEREAS, the EBS document archival project is being sought to make the Oracle ERP system more efficient with improved response times, while reducing the time used by todays staff to maintain the backups and clone the database, and

WHEREAS, by allowing the documents to be backed up separately from the database and providing a framework for archiving going forward, and

WHEREAS, AST has the knowledge and expertise to develop and implement the EBS document archival project, and

WHEREAS, staff requests the City Manager, or his designee, to execute a sole source contract with AST for the development and implementation of the EBS document archival project on the Oracle ERP System in the amount of $116, 900, and

WHEREAS, the Modesto Municipal Code, MMC 8-3.203, generally requires all purchases, which may meet or exceed $50,000 for material, equipment or contractual services to be formally bid; and

WHEREAS, there are exceptions to the rule set forth in the Modesto Municipal Code; and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the City Manager, or his designee, to execute a sole source contract with AST for the development and implementation of the EBS document archival project on the Oracle ERP System.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22 day of September, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 358

RESOLUTION DIRECTING THE CITY MANAGER, OR HIS DESIGNEE, TO SIGN A MEMORANDUM OF UNDERSTANDING BETWEEN THE CITY OF MODESTO, THE COUNTY OF STANISLAUS AND THE VETERANS FOUNDATION OF STANISLAUS COUNTY TO DEVELOP A VETERAN'S CENTER IN MODESTO AND TO ESTABLISH A NEW NON-CAPITAL PROJECT (#TBD) UNDER PARKS, RECREATION, & NEIGHBORHOODS TO BE FUNDED ONCE THE OPERATING AGREEMENT HAS BEEN SIGNED BY THE CITY, COUNTY, AND FOUNDATION, AND APPROPRIATE AN ANNUAL $80,000 CONTRIBUTION FROM THE CITY OF MODESTO'S GENERAL FUND FOR TEN (10) FISCAL YEARS

WHEREAS, an estimated 27,000 veterans reside within the County, with further growth anticipated as the general population increases with veterans returning from active duty, and

WHEREAS, the City of Modesto is desirous of partnering with the County of Stanislaus and the Veterans Foundation of Stanislaus County to develop a Veteran's Center to provide increased services to veterans in a central location, and

WHEREAS, the Veteran's Center will be located in Modesto and will have a positive economic impact on the community, and

WHEREAS, the City of Modesto, County of Stanislaus and the Veterans Foundation of Stanislaus County will enter into a facility agreement which will outline each organization's duties.

NOW THEREFORE BE IT RESOLVED by the Council of the City of Modesto to direct the City Manager, or his designee, to sign a Memorandum of Understanding between the City of Modesto, the County of Stanislaus and the Veterans Foundation of Stanislaus to develop a Veteran's Center in Modesto, in substantially the form **attached** and as approved by the City Attorney.

BE IT FURTHER RESOLVED that the Council directs the City Manager, or his designee, to appropriate eighty thousand dollars ($80,000) per year for ten (10) years in a non-capital project.

The foregoing resolution was introduced at a regular meeting of the council of the City of Modesto on the 22nd day of September 2015 by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

MEMORANDUM OF UNDERSTANDING AMONG THE COUNTY OF STANISLAUS, THE CITY OF MODESTO, AND THE VETERANS FOUNDATION OF STANISLAUS COUNTY

This Memorandum of Understanding ("MOU") is entered into this _____ day of _____, 2015, by and among the COUNTY OF STANISLAUS, a political subdivision of the State of California ("County"), the CITY OF MODESTO, a municipal corporation ("City"), and the VETERANS FOUNDATION OF STANISLAUS COUNTY, a California nonprofit public benefit corporation ("Foundation") (collectively, the Parties, or individually, a Party).

RECITALS

WHEREAS, an estimated 27,000 veterans reside within the County, with further growth anticipated as the general population increases and as veterans return from active duty in recent conflicts.

WHEREAS, County-wide, there are approximately 30 veterans service organizations with membership estimated to be over 7,000 members. These organizations are an essential support system for Stanislaus County veterans.

WHEREAS, in its 2013-2014 Annual Report, the Stanislaus County Veterans Advisory Commission adopted as one of its top priorities the development of a "One Stop Shop" concept for a meeting hall for veterans combined with programs for veterans access and referral to medical, educational, employment, housing, counseling, social and supportive services (the "Veterans Center").

WHEREAS, the goals of developing the Veterans Center are to:

- Create the Veterans Center with a "One Stop Shop" concept in the City of Modesto;
- Establish broad support, participation and investment in the Veterans Center, including county, cities, state, federal, veteran's organizations, private contributors, grant opportunities and property owners.
- Co-locate the County's Aging and Veterans Offices and other offices as appropriate, to provide services to veterans.
- Create a sustainable financial model for long term success.

WHEREAS, the Foundation was formed as a non-profit corporation to seek funding and accept donations and/or contributions to bring people, organizations and resources together in time, space and effort to effectively improve the well-being of all Stanislaus County veterans of the U.S. armed forces and their families, that will include a veterans facility.

WHEREAS, a needs assessment was conducted for the Veterans' Facility, which took into account the current and projected number of veterans in the County and the

availability of support services to veterans. Subject to the size of the facility, the proposed Veterans Center would ideally include:

- General meeting space -- an assembly/meeting hall for up to 500 persons (300 seated) with adjacent banquet/food services.

- Banquet/Food Services -- a kitchen, serving and clean-up area for assembly hall events and potential event rental use (to support fundraising efforts.)

- Shared Office Space -- to provide multi-purpose service provider and service organization meeting use on a scheduled basis.

- County Veterans Service Office with Area Agency on Aging and other potential County department occupancy to support the one-stop service location concept. Current County leased space expense would be beneficially used in a one-stop service center facility.

- Storage Space -- for multiple service organizations providing community service, participation in veterans events, etc.

- Lobby and Archive Space -- a vestibule to connect assembly, banquet, meeting and service offices and to provide a display of military artifacts and information.

- Outdoor Activity/Patio and Static Display areas.

- The Veterans Center would be located in Modesto, accessible by public transit and recognizable to the community.

WHEREAS, on July 15, 2014, the County Board of Supervisors approved action items (Agenda Item B-8(b)) which include the following direction and authority:

1. Support the establishment of a non-profit entity that will bring people, organizations and resources together for the purpose of improving the well-being of all Stanislaus County veterans.

2. To retain a professional grant writer through a contract for professional services.

3. To create a sustainable financial model to help ensure financial success by identifying funding required initially and for operation of the Veterans Center and to secure sources of funds to meet long-term needs.

4. To prepare for Board consideration a Request for Proposals (RFP) to secure a building to serve as the Veterans Center. The RFP will consider proposals which include a lease, "option to purchase", extension options, seller financed transactions, creative donation opportunities, and possible partnership

opportunities. If a building is secured, the building will need to be renovated to meet the needs of the Veterans Center.

WHEREAS, the County retained a professional grant writer to apply for grants to help fund the Veterans Center.

WHEREAS, Section 1262 of the Military and Veterans Code provides that any county may lease or purchase space to provide and/or maintain veterans facilities for the benefit of one or more veterans organizations.

WHEREAS, Section 1262(h) of the Military and Veterans Code provides that the County may join with any city in the county and jointly carry out the purposes of this section, such as to provide and/or maintain veterans facilities for the benefit of one or more veterans organizations.

WHEREAS, Section 37461 of the Government Code provides that a city may provide and maintain buildings, memorial halls, and meeting places for veterans patriotic, fraternal, and benevolent associations.

WHEREAS, Section 1264 of the Military and Veterans Code provides that a city or county providing or maintaining any veterans facilities may provide for the use of such facilities by persons or organizations other than veterans, either free of charge or for stated compensation to aid in defraying the cost of maintenance, provided such use does not duly interfere with the reasonable use of the facilities by the veterans organizations.

WHEREAS, Section 1266 of the Military and Veterans Code provides that whenever a city or a county provides and/or maintains any building or meeting space under section 1262, the provision of that facility and its acceptance by the veterans association constitutes a dedication of that property for a public purpose and the dedication cannot be revoked unless the veterans organization has either consented to the proposed action or has abandoned its use of the facilities.

WHEREAS, the County and the City desire to provide a veterans facility for a 10-year period, and the Foundation consents pursuant to Section 1266 of the Military and Veteran's Code to limit its use of the facility to 10 years, during which time the Foundation intends to develop funding to support veteran services, including planning for long-term facility needs.

WHEREAS, subject to the terms and conditions of this MOU, the Parties are willing to work together to pursue the development of the Veterans Center.

NOW, THEREFORE, the Parties agree as follows:

TERMS AND CONDITIONS

1. Recitals. The provisions and recitals set forth above are hereby referred to and incorporated herein and made part of this MOU by reference.

2. Objectives. The objectives of this MOU are:

(a) Jointly develop for a 10-year period a building to create a "One Stop Shop" concept to provide services to veterans;
(b) That this partnership will exist for a 10-year period beginning on the date the lease for the Veterans Center begins;
(c) To develop a sustainable funding plan for the proposed Veterans Center;
(d) That the Foundation will develop sustainable funding to support veteran services, including planning for long-term facility needs; and
(e) To seek broad support including participation and investment in the Veterans Center, including county, cities, state, federal, veterans organizations, private contributors, grant opportunities and property owners.

3. Obligations and Responsibilities. The Parties agree to participate in development of the Veterans Center as follows:

(a) <u>County Responsibilities</u>.

County will be the lead agency to seek competitive proposals for a lease of the Veterans Center to achieve the objectives of this MOU, and will manage the project to occupancy of the new Center.

Pursuant to Government Code section 6505, the County shall be strictly accountable for all funds contributed by the parties and used to develop the Veterans Center. The County will establish a separate fund and operating budget, which shall be included in the annual County financial audit.

County will donate to Foundation for the Veterans Hall abandoned kitchen equipment no longer being used from the old Juvenile Hall kitchen and other County kitchen equipment no longer being used as appropriate.

County will provide furnishings for co-located County departments and functions.

County will execute one or more leases for County department operations and functions at the Veterans Center, and if necessary, will co-sign a lease of the Veterans Hall portion of the Veterans Center along with the Foundation.

(b) Foundation Responsibilities.

Foundation will develop sustainable funding to contribute to establishment and lease of the Veterans Center as set forth in Section 4 of this MOU, and to support veteran services, including planning for long-term facility needs.

Foundation will be responsible for all liquor licensing and related insurance.

Foundation will be responsible to provide enhanced kitchen equipment if more than a catering kitchen is established.

Foundation will be responsible for operation (except lease, utilities and maintenance as defined in the lease and/or Facility Operating Agreement) of the Veterans Hall portion of the Veterans Center, and will provide furnishings for the Veterans Hall portion of the Veterans Center only, not for co-located County departments and functions. The Foundation will have exclusive rights to market, schedule and rent the Veterans Hall for veteran and non-veteran groups or purposes to facilitate fundraising.

The Parties agree during the development of the subsequent Facility Operating Agreement to finalize the revenues and contributions based on the actual lease proposal selected by the Partners. It is understood that rental revenue is intended to offset the costs of the operation, furnishing and equipment of the Veterans Hall portion of this effort.

(c) City Responsibilities.

City will offer its resources as appropriate to mentor and assist the Foundation in the successful marketing of the Veterans Hall at no cost to Foundation.

(d) Mutual Obligations and Responsibilities.

The Parties commit to contribute annual funding for a 10-year period to establish the Veterans Center in conformance with and not to exceed the amounts set forth in Exhibit A attached to and, by this reference, incorporated into this MOU. The parties may revise Exhibit A without further approval of their respective governing bodies to reflect actual costs and expenses, including rent.

The obligation to contribute funding is triggered upon execution of a lease for the Veterans Hall portion of the Veterans Center. The obligation to make annual contributions terminates upon the earliest of the following events: (1) after the tenth-year of contributions, (2) upon termination of a lease for the Veterans Hall portion of the Veterans Center, or (3) if the Foundation abandons use of the Veterans Hall portion of the Veterans Center. In addition, the City's obligation for annual funding contributions will cease if the Veterans Hall portion of the Veterans Center is re-located outside of the City of Modesto.

4. **Facility Operating Agreement**. Prior to opening of the Veterans Center, the Parties shall enter into an agreement that will incorporate and formalize the terms and conditions relating to the funding, operation and management of the Veterans Center as set forth in this MOU ("Facility Operating Agreement"). If no Facility Operating Agreement is reached prior to the beginning of the lease, this MOU will be null and void, and there will be no further obligation on the part of any of the Parties under the MOU. Additionally, the Facility Operating Agreement is intended to include the following provisions:

a. Upon expiration of the lease, Foundation may continue the lease or purchase the property for its own purposes.
b. Any agreement for use of the Veterans Hall portion of the Veteran's Facility will include the users consent to the terms and conditions of this MOU and all subsequent agreements affecting the operation and use of the facility.

5. **Ten-Year Term**. Notwithstanding anything to the contrary in law or under this MOU, the funding obligations under this MOU and the Facility Agreement shall be in effect for ten (10) years after the lease of the Veterans Center begins, at which time the Parties shall have no further cost, liability or obligation to each other or to any other party.

With respect to Military and Veterans Code section 1266, Foundation consents to the proposed action to create the Veterans Center for a period not the exceed ten (10) years, and the Parties intend that this Agreement constitutes a waiver of any rights under section 1266. The Parties specifically intend that there are no third-party beneficiaries under this agreement and under any subsequent agreements related to the funding, operation and maintenance of the Veterans Center, including the Veterans Hall portion of the Veterans Center, such as the Facility Operating Agreement or leases. Prior to the end of the 10-year term, the Parties agree to meet and confer about continuing the partnership to operate the Veterans Center, including whether to extend the term of a leased facility serving as the Veterans Center.

6. **Further Assurances**. Each Party shall cooperate with the other and execute such instruments or documents and take such other actions as may reasonably be requested from time to time in order to carry out, evidence or confirm their rights or obligations or as may be reasonably necessary or helpful to give effect to this MOU.

IN WITNESS WHEREOF, the Parties have entered into this MOU on the date set out above.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-359

RESOLUTION APPROVING THE INSTALLATION OF MID-BLOCK CROSSWALKS ACROSS MOUNT VERNON DRIVE AND BEAR CUB LANE TO HELP STUDENTS SAFELY TRAVEL TO AND FROM SCHOOL

WHEREAS, the 2015 California Vehicle Code 21106 (a) states that Local authorities, by ordinance or resolution may establish crosswalks between intersections, and

WHEREAS, Sylvan Union School District requested that the City of Modesto install a mid-block crosswalk across Bear Cub Lane approximately 550 feet north of Kodiak Drive. The distance between Kodiak Drive and Hillglen Avenue is 1,290 feet, and

WHEREAS, Modesto City Schools requested that the City of Modesto install a mid-block crosswalk across Mount Vernon Drive between Stanley Court and Cheryl Lane in front of the school office. This crosswalk will be monitored by school crossing guards, and

WHEREAS, the crosswalks will encourage a safer pedestrian route for their students, and

WHEREAS, Traffic Engineering staff and Modesto Police Department do not typically support mid-block crosswalks but with safety measures in mind along with the high level of student activity, staff has no objection to these mid-block crosswalks, and

WHEREAS, the Safety & Communities Committee supported staff's recommendation of the proposed mid-block crosswalk installations at its August 10, 2015 meeting and unanimously recommend the City Council approve the mid-block crosswalk.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council approves the establishment of mid-block crosswalks on Mount Vernon Drive between Stanley Court and Cheryl Lane in front of the school office, and one along Bear Cub Lane approximately 550 feet north of Kodiak Drive. These mid-block crosswalks will become effective when signs and pavement markings are installed under provisions of the Vehicle Code of the State of California and regulations adopted pursuant thereto.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of September 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-360

RESOLUTION APPROVING THE PROTECTED-PERMISSIVE TRAFFIC SIGNALS REPORT FOR 2013 & 2014

WHEREAS, Traffic Engineering staff periodically analyzes the safety record at each intersection where protected-permissive traffic signals are in service, and

WHEREAS, Traffic Engineering staff does not recommend any changes this year, and

WHEREAS, the City now has protected-permissive signal phasing at 51 intersections, and

WHEREAS, protected-permissive phasing provides important non-tangible benefits, such as reduced driver anxiety and a second chance to turn left during the same cycle, and

WHEREAS, staff recommends continuing the use of protected-permissive phasing at appropriate locations and monitoring these installations for improvements and/or modifications based on periodic technical analysis, and

WHEREAS, all 51 protected-permissive signalized intersections have acceptable safety records these reporting cycles.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Protected-Permissive Traffic Signals Report for 2013 & 2014.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of September, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-361

RESOLUTION APPROVING THE CITY OF MODESTO'S CONSOLIDATED ANNUAL PERFORMANCE EVALUATION REPORT FOR THE PROGRAM YEAR 2014-2015 FOR THE USE OF COMMUNITY DEVELOPMENT BLOCK GRANT, HOME INVESTMENT PARTNERSHIP GRANT, AND EMERGENCY SOLUTIONS GRANT FUNDS; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO SIGN THE REQUIRED DOCUMENTS FOR SUBMITTAL TO THE U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

WHEREAS, the U.S. Department of Housing and Urban Development (HUD) requires entitlement grantees adopt a comprehensive, long-term plan for the use of its HUD funds, and

WHEREAS, the Five-Year Consolidated Plan (CP), also referred to as the Strategic Plan, analyzes the City's housing and community development needs, with a priority focus on low- and moderate-income individuals, households, and neighborhoods, and describes long-term strategies for meeting those needs, and

WHEREAS, HUD also requires entitlement grantees to submit a Consolidated Annual Performance Evaluation Report (CAPER) to HUD, and

WHEREAS, this document describes how funds were used in a particular fiscal year to address the needs and priorities established in the CP, and

WHEREAS, notice has been duly given to the community of the proposed CAPER, and to provide a 30-day comment period, which began August 22, 2015, and ended on September 22, 2015, and

WHEREAS, the Citizens Housing and Community Development Committee (CH&CDC) considered the proposed CAPER at its September 16, 2015 meeting, and recommended forwarding to the Council for approval, and

WHEREAS, a duly noticed public hearing was held by the City Council on September 22, 2015 at 5:30 p.m., in the Tenth Street Place Chambers, located at 1010 Tenth Street, and

WHEREAS, any comments received during the 30-day public review period or during the City Council meeting will be incorporated into the final CAPER.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes approval of the 2014-2015 Consolidated Annual Performance Evaluation Report for the use of Community Development Block Grant, HOME Investment Partnerships Grant, and Emergency Solutions Grant funds, and

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby authorizes the City Manager, or his designee, to sign any required certifications and documents for submittal to the U.S. Department of Housing and Urban Development.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of September, 2015, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-362

RESOLUTION SUPPORTING THE DESIGNATION OF STATE HIGHWAY 132 AS THE JOHN MUIR HIGHWAY

WHEREAS, the route taken in 1868 by famed naturalist John Muir on his first visit to Yosemite was parallel to today's existing county-maintained J-132 route above historic Coulterville, and

WHEREAS, the Mariposa County Board of Supervisors and John Muir historians have secured for the J-132 segment the designation of the John Muir Highway, and

WHEREAS, the John Muir Geotourism Center, the nation's first geotourism center, which is headquartered in Coulterville, is seeking an extension of the John Muir Highway designation to the full length of the State Route 132 corridor from its western connections with I-5 and I-580 to Coulterville, and

WHEREAS, this designation is intended to memorialize the traditions and accomplishments of John Muir but also to provide a marketing brand for Route 132, which is under-appreciated as an alternate scenic route to Yosemite National Park, and that with creative marketing could become a popular travel option for tourists from northern California and beyond, and.

WHEREAS, tourism is known to be a vital source of income, especially for jurisdictions that work cooperatively within a regional framework that connects areas of common values and sites of interest, and

WHEREAS, the John Muir Geotourism Center is also seeking relationships with jurisdictions and institutions in the San Joaquin River Valley, as well as the Sierra

Nevada mountains, and has expressed support for the efforts of the City of Waterford to enhance its recreational assets with extension of its nature paths.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it endorses the efforts of the John Muir Geotourism Center to create a tourism development program for Highway 132 beginning with branding of the route as the John Muir Highway, and

BE IT FURTHER RESOLVED THAT THE CITY COUNCIL encourages representatives of the John Muir Geotourism Center and the City of Modesto jointly examine means to increase tourism and recreational opportunities along SR 132 and in Modesto.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of October, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-363

A RESOLUTION APPROVING THE FIRST AMENDMENT TO THE STANDARD AGREEMENT FOR CONSULTANT SERVICES WITH 4LEAF INC., BUREAU VERITAS, AND CSG CONSULTANTS INC., FOR PLAN REVIEW AND INSPECTION SERVICES TO INCREASE ANNUAL COMPENSATION FOR EACH CONTRACT BY $20,000, THE AMENDED CONTRACT AMOUNT SHALL NOT TO EXCEED $50,000 AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE FIRST AMENDMENT TO THE AGREEMENTS

WHEREAS, on May 7, 2012, the Building Safety Division issued an RFP for Plan Check and Inspection Services, posted the RFP on the City's website and formally advertised it as required by law, and

WHEREAS, seven (7) companies responded, including two (2) local vendors. All seven (7) companies provided responsive and responsible proposals, and

WHEREAS, an evaluation committee comprised of one (1) City staff member and three (3) technical experts outside the City evaluated and ranked the proposals, and

WHEREAS, based on being ranked highest in total evaluation criteria, the evaluation committee recommends the award of proposal and contracts for professional assistance with plan review and inspection services to 4LEAF Inc., Bureau Veritas, CSG Consultants Inc., and Interwest Consulting Group for an estimated annual cost of $30,000, and a total cost not to exceed $90,000, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services, to be formally bid, and

WHEREAS, the award of proposal and contracts for professional assistance with plan review and inspection services to 4LEAF Inc., Bureau Veritas, CSG Consultants Inc., and Interwest Consulting Group conforms to the Modesto Municipal Code,

WHEREAS, on December 4, 2012, by Resolution No. 2012-486, the City Council ("CITY") authorized a Standard Agreement for Consultant Services ("AGREEMENT") with 4LEAF Inc., Bureau Veritas, CSG Consultants Inc., and Interwest Consulting Group ("CONSULTANT") to provide professional services to the Building Safety Division of the Community and Economic Development Department, and,

WHEREAS, the Agreement limited the annual expenditures to $30,000 per year for plan review and building inspection services.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the First Amendment to the Standard Agreement for Consultant Services with 4LEAF Inc., Bureau Veritas, and CSG Consultants Inc., Plan Review and Inspection Services to increase annual compensation for each contract by $20,000, the amended contract amount shall not exceed $50,000, and

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the First Amendment to the Standard Agreement for Consultant Services with 4LEAF Inc., Bureau Veritas, and CSG Consultants Inc., as recommended.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of October , 2016, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2015-364

A RESOLUTION APPROVING THE THIRD AMENDMENT TO THE STANDARD AGREEMENT FOR CONSULTANT SERVICES WITH INTERWEST CONSULTING GROUP FOR CHIEF BUILDING OFFICIAL AND CODE ENFORCEMENT SERVICES IN AN AMOUNT NOT TO EXCEED $200,000 AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE THIRD AMENDMENT TO THE AGREEMENT

WHEREAS, on December 4, 2012, by Resolution No. 2012-486, the City Council ("CITY") authorized a Standard Agreement for Consultant Services ("AGREEMENT") with Interwest Consulting ("CONSULTANT") to provide professional services to the Building Safety Division of the Community and Economic Development Department, and,

WHEREAS, in October 2013, staff was unsuccessful in recruiting a Chief Building Official, and

WHEREAS, in May 2014, the department issued a Request for Qualifications for Chief Building Official and Code Enforcement services ("SERVICES") to the four companies contracted to provide professional services to the Building Safety Division, and

WHEREAS, CONSULTANT'S proposal was reviewed, ranked, and selected to provide the Services, and

WHEREAS, on August 19, 2014, the First Amendment to the Agreement expanded the scope of work to include the additional services, and

WHEREAS, the Agreement and First Amendment limited the annual expenditures to $30,000 per year for plan review and building inspection services, and

WHEREAS, the anticipated cost of the additional services was $150,000 per year, increasing the total annual expenditures not to exceed $180,000 per year, and

WHEREAS, on September 23, 2014, the Second Amendment to the Agreement approved the increased compensation not to exceed $180,000, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Third Amendment to the Standard Agreement for Consultant Services with Interwest Consulting, for a total cost not to exceed $200,000 per year.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Third Amendment to the Standard Agreement for Consultant Services with Interwest Consulting as recommended.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of October , 2016, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2015-365

RESOLUTION AMENDING THE FISCAL YEAR 2014-2015 AND FISCAL YEAR 2015-2016 ANNUAL OPERATING AND CAPITAL IMPROVEMENT BUDGETS

WHEREAS, a financial analysis has been completed and it has been determined that a budget adjustment is required to the Annual and Capital Improvement Budgets of the City of Modesto for Fiscal Year 2014-2015 and Fiscal Year 2015-2016,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the Fiscal Year 2014-2015 and Fiscal Year 2015-2016 Annual Operating and Capital Improvement budgets as shown in **Exhibit A**, which is **attached** hereto and incorporated by reference herein.

BE IT FURTHER RESOLVED that the Director of Finance, or her designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of October 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following votes:

EXHIBIT A

FISCAL YEAR 2014-15

COMMUNITY & ECONOMIC DEVELOPMENT

A budget adjustment is necessary to increase the budgeted transfer in FY 2014-15 by $649,211. The increase in the transfer is to account for the negative cash balance that has accrued in the fund since FY 2013-14. This amount was a result of a deficit in operating revenues to operating expenses in previous fiscal years prior to FY 2014-15. This adjustment is required of the General Fund as it provides an annual subsidy to the Golf Fund to cover any shortage in the operations as well as assistance with covering the annual debt service payment made by the Golf Fund. This adjustment will increase the FY 2014-15 transfer from the General Fund to the Golf Fund by $649,211.

A budget adjustment is necessary to increase the budgeted transfer in FY 2014-15 by $425,015. The increase in the transfer is to account for the negative cash balance that has been created in FY 2014-15. This was a result of the budget for Centre Plaza being adopted to only fund the operations of the program for half of the fiscal year in hopes of the management being taken over by another business entity. This did not come to fruition in FY 2014-15 thus resulting in the higher operating expenses compared to the revenues and the budgeted General Fund subsidy of $217,143. This adjustment will increase the FY 2014-15 transfer from the General Fund to the Centre Plaza Fund by $425,015 increase the total budgeted transfer to $642,158.

PUBLIC WORKS

A budget adjustment in the amount of $1,204,040 is necessary in the Surface Transportation Fund, Fund 1700, to true-up the FY 2014-15 transfers into Fund 1700 from its sub-funds; Fund 1720, Fund1730 and Fund 1740 to reflect the FY 2014-15 actual expense.

FISCAL YEAR 2015-16

COMMUNITY & ECONOMIC DEVELOPMENT

A budget adjustment is necessary to recognize $330,000 in unbudgeted revenue from the Department of Transportation for Capital Improvement Project #100721, Expand ATMS/CCTV Briggs and establish the construction expense budget.

POLICE

A budget adjustment is necessary in the Operation Block Grants Fund MPD to recognize $221,389 in unbudgeted revenue from the State Law Enforcement Supplemental Funds (SLESF) for Capital Improvement Project #100831, 2014-15 SLESF, and reallocate to project discretionary expense accounts where expenditures are anticipated to be incurred.

A budget adjustment is necessary in the Operation Grants Reimbursed Fund MPD to recognize $81,944 in unbudgeted revenue from the San Joaquin Valley Air Pollution Control for Capital Improvement Project #100895, Alt. Fuel Vehicle Purchase, and allocate to project discretionary expense accounts where expenditures are anticipated to be incurred.

A budget adjustment is necessary to establish a new non-capital project for the Organized Crime Drug Enforcement Task Force (OCDETF) Operations in the amount of $45,000 in Project 100907 (2016 OCDETF OPS PA-CAE-415). This budget adjustment will establish both the revenue and expense budgets for this project with $35,000 funding overtime expenses and $10,000 funding tools and supplies authorized for reimbursement per this agreement with the United States Department of Justice.

A budget adjustment is necessary to establish a new non-capital project for the Organized Crime Drug Enforcement Task Force (OCDETF) Operations in the amount of $40,000 in Project 100908 (2016 OCDETF OPS PA-CAE-408). This budget adjustment will establish both the revenue and expense budgets for this project with $25,000 funding overtime expenses and $15,000 funding tools and supplies authorized for reimbursement per this agreement with the United States Department of Justice.

A budget adjustment is necessary to increase the Police Department operating expense budget in FY 2015-16 by appropriating $1,455,316 from General Fund reserves for the purchase of police radios. The Modesto Police Department is a regional partner in the P-25 Radio Interoperability project that will transition county-wide radios from analog to digital radio signals. The installation of the P-25 radio towers is underway within the City of Modesto and the Police Department anticipates beginning its migration to the new system as early as the spring of 2016. The new P-25 interoperability standard allows for increased safety for officers in mutual aid and disaster situations and replaces an antiquated analog system. The current vehicle mounted mobile radios and officer carried portable radios are not P-25 / 800 megahertz compatible, thus requiring an agency-wide replacement. Many of the radios currently carried by Modesto PD officers are nearly 20 years old and have exceeded the manufacturer's overall service life. This budget adjustment will allow for the purchase of police radios to be made by increasing the budget in the account 52038 (Public Safety Equipment) by $1,455,316 in Cost Center 19320 (MPD – Field Operations).

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-366

RESOLUTION APPROVING A MEMORANDUM OF UNDERSTANDING BETWEEN STANISLAUS COUNTY AND THE CITY OF MODESTO TO PROVIDE COUNTY-WIDE FIRE INVESTIGATION SERVICES, AND APPROVING AN AMENDMENT TO THE BUDGET FOR THE FY 2015-2016 OPERATING BUDGET TO REFLECT THE CHANGES TO THE MEMORANDUM OF UNDERSTANDING FOR FIRE INVESTIGATION SERVICES AS OUTLINED IN EXHIBIT A AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, in the past, the City of Modesto Fire Department has received compensation for providing investigation services for Stanislaus County. Under this new MOU, that compensation will terminate reducing the expected revenue from $331,058 to $82,500 for the current fiscal year; and

WHEREAS, the associated costs of the Fire Investigations Unit will also be reduced as the Unit will be reduced from three investigators to two, reducing the salary and benefits expenditure from $388,262 to $287,533; and

WHEREAS, while the Modesto Fire Department Fire Investigation Unit will reduce staffing, the new model includes an investigator from Ceres Fire Department and Stanislaus Consolidated Fire Protection District and support from the District Attorney's Office. This new model is more efficient and addresses the changing national standards related to investigations and qualifications; and

WHEREAS, this MOU authorizes the City of Modesto Fire Department to participate in a county wide fire investigation task force; and

WHEREAS, the Modesto Fire Department, Stanislaus County District Attorney's Office, Stanislaus Consolidated Fire Protection District and the Ceres Fire Department have developed a new regional fire investigation model; and

WHEREAS, this model will improve fire investigation services for the City of Modesto and fire departments within Stanislaus County by increasing the total number of fire investigators and include a full time law enforcement position to assist the investigators. The new Fire Investigation Task Force will include (4) fire investigators, the City of Modesto Fire Department will contribute (2) fire investigators, while other participating departments will contribute another (2) fire investigators. The District Attorney's Office will contribute (1) full time investigator and will provide an additional "shared time" supervisor for the task force, and

WHEREAS, under the previous Fire Investigation program Modesto Fire Department provided county wide investigation service with (3) fire investigators and no full time law enforcement presence, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Memorandum of Understanding between Stanislaus County and the City of Modesto to provide County-wide fire investigation services, and approves an amendment to the budget for the FY 2015-2016 Operating Budget to reflect the changes to the Memorandum of Understanding for fire investigation services as outlined in **Exhibit A**.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the amendment.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of October 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

Reduce the salary and benefits expense budget for FY 15-16 to reflect reducing the number of fire investigators from three to two – one investigator will return to an Engineer vacancy in Suppression. Reduce the revenue budget to reflect the elimination of funding for fire investigations from Stanislaus County. Both actions are a result of the new agreement for countywide fire investigations.

Account #:	Description:	Amount:	Increase/Decrease:
0100-18250-51403	Salary Adjustment	$100,729	Decrease
0100-18250-43354	CS – PS – SFRA Investigation Contract	$248,558	Decrease

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-367

RESOLUTION APPROVING CONSTRUCTION MANAGEMENT AGREEMENTS WITH KIMLEY-HORN & ASSOCIATES (KHA) FOR FEDERAL AVIATION ADMINISTRATION (FAA) GRANT PROJECT 03-06-0153-039-2015 (AIP 39), AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENTS

WHEREAS, the City has approved Airport Capital Improvement Plan (ACIP) projects at the Modesto City-County Airport, and

WHEREAS, the City has accepted an FAA Grant Offer, AIP 39, to complete Airport Capital Improvement projects at the Modesto City-County Airport, and

WHEREAS, skilled airport construction management and inspection assistance will be required to move forward with those projects, and

WHEREAS, on April 14, 2015, the City solicited professional services for an airport consulting engineer to provide airport engineering, design, construction management and inspection for five (5) years, and

WHEREAS, KHA was selected to provide design, planning, inspection and construction management services for various Airport Capital Improvement Projects at the Modesto City-County Airport for five (5) years.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves Agreements with Kimley-Horn & Associates, Inc. to provide construction management and planning services for Airport Capital Improvement Projects in an amount not to exceed $46,441 for Fencing Project and $262,078 for Runway 10L-28R Rehab and West Apron Reconstruction Project .

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreements.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of October, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2015-368

RESOLUTION AUTHORIZING FINANCE TO CREATE TWO NEW AIRPORT CAPITAL PROJECTS FOR THE FEDERAL AVIATION ADMINISTRATION (FAA) GRANT 03-06-0153-039-2015 (AIP 39) AND AMENDING THE FY 2015-2016 CAPITAL IMPROVEMENT BUDGET TO ESTABLISH BUDGETS IN TWO NEW PROJECTS #100904 (PERIMETER FENCING) AND #100905 (REHAB RUNWAY/WEST APRON) NOT TO EXCEED $750,114 AND $3,126.640 RESPECTIVELY

WHEREAS, the City has approved Airport Capital Improvement Plan (ACIP) projects at the Modesto City-County Airport, and

WHEREAS, the City has accepted an FAA Grant Offer, AIP 39, to complete Airport Capital Improvement projects at the Modesto City-County Airport, and

WHEREAS, contractors have been selected and award of bid has been determined for both the Fence Project and the Runway 10L-28R Rehab and West Apron Reconstruction, and

WHEREAS, a consultant has been selected and has an agreement with the City to perform Construction Management for both the Fence Project and the Runway 10L-28R Rehab and West Apron Reconstruction, and

WHEREAS, certain City administration will be entitled to reimbursement for work performed directly in connection with AIP 39.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the creation of two projects and a budget amendment for AIP 39 not to exceed $750,114 for the Perimeter Fencing project and $3,126,640 for the Runway 10L-28R Rehab and West Apron Reconstruction project.

BE IT FURTHER RESOLVED that the City Finance Director, or her designee, is hereby authorized to do the budget adjustment and create appropriate revenue and expense accounts for project #100904 and #100905 (AIP 39).

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of October, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION APPROVING AN AGREEMENT WITH SWCA, ENVIRONMENTAL CONSULTANTS, INC. OF HALF MOON BAY FOR ENVIRONMENTAL SERVICES IN AN AMOUNT NOT TO EXCEED $74,130 AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the purpose of this project is to improve traffic flow at the intersection of 14th and D Street by widening and improving the geometrics of 14th Street/D Street/Yosemite Boulevard to current State of California Department of Transportation Standards, and

WHEREAS, Caltrans is requiring that the City complete a Historical Preservation Survey Report (HPSR), Archaeological Survey Report (ASR), Phase I Site Assessment and Phase II Site Assessment, and

WHEREAS, in order to meet environmental deadlines, the required reports must be submitted to Caltrans for approval, and

WHEREAS, the City needs additional assistance with completing the required reports, and

WHEREAS, in accordance with Chapter 10 "Consultant Selection" of the Local Assistance Procedures Manual which allows for a One-Step Request for Proposal (RFP), and

WHEREAS, a qualified list of on-call environmental service providers to prepare environmental impact reports and perform other related environmental services was approved by council by Resolution No. 2014-33, and

WHEREAS, the qualified list consists of ten firms who were sent RFP's for the required environmental services, and

WHEREAS, the City received one proposal, and

WHEREAS, staff reviewed the proposal and cost and deemed SWCA Environmental Consultants, of Half Moon Bay, California, qualified to perform the required Environmental Services, and

WHEREAS, staff recommends an agreement with SWCA Environmental Consultants, as the City does not have the staffing level or resources to perform the environmental services.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement with SWCA Environmental Consultants, of Half Moon Bay, California for Environmental Services for an amount not to exceed $74,130 for the identified scope of services.

BE IF FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

RESOLUTION ACCEPTING CONGESTION MITIGATION AND AIR QUALITY (CMAQ) FUNDS IN THE AMOUNT OF $170,000, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE NECESSARY GRANT FUNDING DOCUMENTS

WHEREAS, the purpose of the CML 5059 (199) State Route 132 (14th Street – D Street) Intersection Improvement is to enhance and improve the 14th Street / D Street Intersection geometrics to current State of California, Department of Transportation Standards, and

WHEREAS, on December 11, 2012, City Council, by Resolution No. 2012-509 accepted Congestion Mitigation and Air Quality (CMAQ) funds for Preliminary Engineering in the amount of $178,831 for the CML 5059 (199) State Route 132 (14th Street – D Street) Intersection Improvement project, and

WHEREAS, on March 6, 2014, the City of Modesto submitted the Preliminary Environmental Study (PES) to Caltrans in order to obtain environmental clearance, and

WHEREAS, the PES review completed by Caltrans District 10 environmental staff on July 22, 2014 indicated several studies to be completed by the City which in the past have not been required, completed by Caltrans or requested for a project of this nature, and

WHEREAS, the studies include a Historical Preservation Survey Report (HPSR), Archaeological Report (ASR), Phase I & II Site Assessments, and

WHEREAS, Requests for Proposals (RFP's) to retain qualified consultants for the additional studies were sent out and received by staff, and

WHEREAS, staff does not have the qualified professionals or resources to perform the required studies, and

WHEREAS, proposals received by potential consultants for the completion of the HPSR, ASR and Site Assessments resulted in a combined fee of $74,130, and

WHEREAS, the total combined consultant fees would exceed the current PE budget, and

WHEREAS, the Preliminary Engineering (PE) budget was not established with the intent of hiring the qualified professionals needed to complete the unanticipated requested studies, and

WHEREAS, on December 23, 2014 staff submitted a request to Caltrans requesting the reallocation of $170,000 from the Right of Way (ROW)/Utility (UE) future phase of the project to the PE phase of the project, and

WHEREAS, on January 27, 2015, California Department of Transportation authorized the re-allocation of $170,000 from the Right of Way (ROW)/Utility (UE) future phase of the project to the PE phase of the project.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts Congestion Mitigation Air Quality (CMAQ) funds in the amount of $170,000.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the necessary grant documents.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of October, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Madrigal, Zoslocki, Mayor Marsh

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-372

RESOLUTION APPROVING A NEW CAPITAL IMPROVEMENT PROGRAM PROJECT AND ACCEPTING CONGESTION MITIGATION AND AIR QUALITY (CMAQ) FUNDS IN THE AMOUNT OF $199,193, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE NECESSARY GRANT FUNDING DOCUMENTS

WHEREAS, the purpose of the CML 5059 (214) Right Turn Lane Eastbound Standiford Avenue to Southbound Sisk Road is to provide a City Standard right turn lane and traffic signal modification that will assist in accommodating vehicles turning right rather than the current shared right turn and through lane, and

WHEREAS, on June 18, 2014, staff submitted a Congestion Mitigation and Air Quality (CMAQ) funding application to the Stanislaus Council of Governments (StanCOG) for federal fiscal year (FFY) 2016-2017 & 2017-2018, and

WHEREAS, on March 13, 2015, StanCOG approved the application and allocated $225,000 and $900,000 for FFY's 2016-2017 & 2017-2018, and

WHEREAS, at StanCOG's request, Administrative Amendment #7 was approved on May 27, 2015 that advanced $225,000 from FFY 2016-2017 to FFY 2014-2015, and

WHEREAS, advancing the funding to FFY 2014-2015, the City assisted StanCOG with balancing their programming for the region, and

WHEREAS, of the $900,000 allocated for FFY 2017-2018, $175,000 was re-allocated to FFY 2016-2017, and

WHEREAS, on June 10, 2015, staff submitted a Request for Authorization to Proceed with Preliminary Engineering application package to Caltrans, and

WHEREAS, on June 22, 2015, Caltrans issued an "Authorization to Proceed" (E76) for City staff to move forward with Preliminary Engineering in the amount of $199,193 with local match funding of $25,807 for a total of $225,000, and

WHEREAS, Caltrans assigned the project federal number CML 5059 (214), and

WHEREAS, staff will perform eligible Preliminary Engineering work that will include environmental studies, preliminary right of way research, utility conflict research, construction plans, specifications, preliminary construction cost estimates and other related work.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts Congestion Mitigation and Air Quality (CMAQ) funds in the amount of $199,193 and amend the Fiscal Year 2015-2016 CIP budget in the amount of $225,000 in order to begin the Preliminary Engineering phase of work.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the necessary grant documents.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of October, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-373

RESOLUTION AMENDING THE FISCAL YEAR 2015-16 CAPITAL IMPROVEMENT PROGRAM (CIP) BUDGET ACCOUNT NO. 100900 FOR THE CML 5059 (214) RIGHT TURN LANE EASTBOUND STANDIFORD AVENUE TO SOUTHBOUND SISK ROAD PROJECT IN THE AMOUNT OF $225,000

WHEREAS, the City is in receipt of federal funding in the amount of $225,000 for CML 5059 (214) Right Turn Lane Eastbound Standiford Avenue to Southbound Sisk Road, and

WHEREAS, funding is an advance from federal fiscal year (FFY) 2016-2017 to FFY 2014-2015, and

WHEREAS, the advancement requires an administrative amendment from StanCOG, and

WHEREAS, the administrative amendment was approved on May 27, 2015 that allowed the allocated $225,000 for FFY 2016-2017 be advanced to FFY 2015-16, and

WHEREAS, advancing the funding to FFY 2014-2015, the City assisted StanCOG with balancing their programming for the region, and

WHEREAS, on June 22, 2015, California Department of Transportation authorized Preliminary Engineering finding in the amount of $225,000.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the Fiscal Year 2015-16 Capital Improvement Project Program budget to modify and add Capital Improvement Program funding in the amount of $225,000.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of October, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-374

RESOLUTION TERMINATING AN AGREEMENT WITH LIONAKIS FOR DESIGN SERVICES FOR THE FLEET MAINTENANCE FACILITY PROJECT IN AN AMOUNT OF $374,187 AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO TERMINATE THE AGREEMENT

WHEREAS, this project will provide for a new Fleet Maintenance Facility located at 1609 8th Street at the City's Corporation Yard. The new facility will incorporate all of the City's work trucks, equipment and vehicle maintenance activities, and

WHEREAS, the City's current Fleet Maintenance Facility located at 911 G Street is one of the properties anticipated to be occupied by the future Superior Courthouse of Stanislaus County, and

WHEREAS, on December 10, 2013, by Resolution No. 2013-455, the City Council approved an agreement with Lionakis for preparation of a Preliminary Design Report (PDR) for the Fleet Maintenance Facility, and

WHEREAS, on January 10, 2014, City staff started design coordination meetings led by Lionakis. As a result of that meeting and subsequent meetings, it was determined that as proposed the new facility would not have adequate space to allow the City to perform the essential day-to-day maintenance functions for a City of its size, and

WHEREAS, a Preliminary Design Report created by Lionakis determined that a building approximately 27,652 square feet in size was required to perform all of the required maintenance tasks by City maintenance staff, and

WHEREAS, the City explored the idea of servicing compressed natural gas (CNG) vehicles within the Fleet Maintenance Facility, and

WHEREAS, Lionakis provided a cost estimate to revise the design to reflect CNG improvements, but due to the budget concerns at the time, the idea was not pursued, and

WHEREAS, as a part of the PDR, Lionakis provided a detailed cost estimate for the construction of the new Fleet Maintenance Facility, and

WHEREAS, preliminary building cost at the time of 30% design was estimated from Lionakis at $7,665,340, and

WHEREAS, total construction costs including construction, construction administration, contingency, consultant design support during construction and consultant design were estimated at $10,328,078, and

WHEREAS, the consultant's estimate was based on the completed 30% design package, it was not anticipated to be revised significantly downward if and when the project moved forward into final design, and

WHEREAS, staff realized that there was a revenue shortfall and unless the project could be downsized; the construction of the project would have to be delayed until it can be fully funded, and

WHEREAS, staff analyzed possible ways to downsize the 30% design through cost cutting measures, and

WHEREAS, phasing the project was explored along with deferring several aspects of the project resulted in a decreased building size of approximately 24,500 square feet and an estimated building cost of $5,908,803, and

WHEREAS, the total project cost decreased from approximately $10,328,078 to $7,720,387, and

WHEREAS, the City currently has approximately $4,938,230 in funds remaining available for the project, creating a funding shortfall, and

WHEREAS, staff desires to complete the construction plans, specifications and cost estimates with Lionakis and have the project be shovel ready. To meet budget, staff will continue to pursue possible revenue sources, and

WHEREAS, per Modesto Municipal Code Section 8-3.204 and discussions with the City Attorney's Office, staff feels it's in the best interest to terminate the current contract with Lionakis and begin a new contract.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby terminates an agreement with Lionakis for Design Services for the Fleet Maintenance Facility in an amount of $374,187.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to terminate the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of October 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-375

RESOLUTION APPROVING A NEW AGREEMENT WITH LIONAKIS FOR DESIGN SERVICES FOR THE FLEET MAINTENANCE FACILITY PROJECT IN AN AMOUNT NOT TO EXCEED $311,935, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, this project will provide for a new Fleet Maintenance Facility located at 1609 8th Street at the City's Corporation Yard. The new facility will incorporate all of the City's work trucks, equipment and vehicle maintenance activities, and

WHEREAS, the City's current Fleet Maintenance Facility located at 911 G Street is one of the properties anticipated to be occupied by the future Superior Courthouse of Stanislaus County, and

WHEREAS, on December 10, 2013, Council approved an agreement with Lionakis for Design Services and a Preliminary Design Report (PDR) by Resolution Number 2013-455 for an amount not to exceed $340,170, and

WHEREAS, on January 10, 2014, City staff started design coordination meetings led by Lionakis. As a result of that meeting and subsequent meetings, it was determined the City did not have adequate space to perform the essential day to day maintenance functions for a City of its size, and

WHEREAS, a Preliminary Design Report created by Lionakis determined that a building approximately 27,652 square feet in size was required to perform all of the required maintenance tasks by City maintenance staff, and

WHEREAS, the City explored the idea of servicing compressed natural gas (CNG) vehicles within the Fleet Maintenance Facility, and

WHEREAS, Lionakis provided a cost estimate to revise the design to reflect CNG improvements but due to the budget concerns at the time, the idea was not pursued, and

WHEREAS, as a part of the PDR, Lionakis provided a detailed cost estimate for the construction of the new Fleet Maintenance Facility, and

WHEREAS, preliminary building cost at the time of 30% design was estimated from Lionakis at $7,665,340, and

WHEREAS, total construction costs including construction, construction administration, contingency, consultant design support during construction and consultant design were estimated at $10,328,078, and

WHEREAS, the consultant's estimate was based on the completed 30% design package, it was not anticipated to be revised significantly downward if and when the project moved forward into final design, and

WHEREAS, staff realized that there was a revenue shortfall and unless the project could be downsized; the construction of the project would have to be delayed until it can be fully funded, and

WHEREAS, staff analyzed possible ways to downsize the 30% design through cost cutting measures, and

WHEREAS, phasing the project was explored along with deferring several aspects of the project, which resulted in a decreased building size of approximately 24,500 square feet and an estimated building cost of $5,908,803, and

WHEREAS, the total project cost decreased from approximately $10,328,078 to $7,720,387, and

WHEREAS, the City currently has approximately $4,938,230 in funds remaining available for the project, creating a funding shortfall, and

WHEREAS, Staff desires to complete the construction plans, specifications and cost estimates with Lionakis and have the project be shovel ready. To meet budget, staff will continue to pursue possible revenue sources, and

WHEREAS, per Modesto Municipal Code Section 8-3.204, staff feels it's in the best interest to terminate the current contract with Lionakis and begin a new contract, and

WHEREAS, the City's current contract with Lionakis allows the City to terminate the agreement upon a determination it is in the best interest and convenience of the City, and

WHEREAS, Staff approached Lionakis about resuming design activities based on a new phased project, and

WHEREAS, the new Fleet Maintenance Facility would be a stand-alone 24,500 square foot, pre-fabricated metal building and service CNG vehicles, and

WHEREAS, the new facility will be capable of future expansion as additional funds and needs arise, and

WHEREAS, on July 17, 2015, the staff received a revised proposal from Lionakis to complete Design Services for the Fleet Maintenance Facility for an amount of $311,935.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement with Lionakis for Design Services for Fleet Maintenance Facility Project for an amount not to exceed $311,935.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of October 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

WHEREAS, the City currently has approximately $4,938,230 in funds remaining available for the project, creating a funding shortfall, and

WHEREAS, Staff desires to complete the construction plans, specifications and cost estimates with Lionakis and have the project be shovel ready. To obtain budget, staff will continue to pursue possible revenue sources, and

WHEREAS, per Modesto Municipal Code Section 8-3.204, staff feels it's in the best interest to terminate the current contract with Lionakis and begin a new contract, and

WHEREAS, the City's current contract with Lionakis allows the City to terminate the agreement upon a determination it is in the best interest and convenience of the City, and

WHEREAS, Staff approached Lionakis about resuming design activities based on a new phased project, and

WHEREAS, the new Fleet Maintenance Facility would be a stand-alone 24,500 square foot, pre-fabricated metal building and service CNG vehicles, and

WHEREAS, the new facility will be capable of future expansion as additional funds and needs arise, and

WHEREAS, on July 17, 2015, the staff received a revised proposal from Lionakis to complete Design Services for the Fleet Maintenance Facility for an amount of $311,935, and

WHEREAS, of the current agreement signed with Lionakis for the Design Services, $136,603 was paid to complete 30% Design Services, and

WHEREAS, the original agreement was approved by council on December 10, 2013 in an amount not to exceed $340,170 which included 10% additional services, if needed, and

WHEREAS, the total amount encumbered for Design Services for the EDA phase of the project was $374,187, and

WHEREAS, in order to account for the new proposal price of $311,935, an additional $74,351 is needed, and

WHEREAS, to complete the Design phase, staff needs an additional $50,649 to assist and coordinate with the consultant, and

WHEREAS, staff is proposing to amend the project's budget in order to have the necessary funds to support this phase by transferring $125,000 from the Construction (CON) phase of the project to Engineering / Design / Administration (EDA) which will increase the overall EDA budget to $376,658.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the Fiscal Year 2015-2016 Capital Improvement Budget to transfer $125,000 from line item Construction (CON) to line item Engineering / Design / Administration (EDA) for CIP Project No. 100451.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-377

RESOLUTION CERTIFYING THE FINAL ENVIRONMENTAL IMPACT REPORT (EIR) FOR THE TUOLUMNE RIVER REGIONAL PARK (TRRP) OBSTRUCTION MANAGEMENT PROJECT TO MAKE CERTAIN FINDINGS CONCERNING MITIGATION MEASURES, AND FINDINGS REGARDING ALTERNATIVES

WHEREAS, the Modesto City-County Airport (Airport) is a federally obligated facility and is required to meet Federal Aviation Administration (FAA) standards, including maintaining navigable airspace per FAA Regulation (FAR) Part 77, Subpart C, and

WHEREAS, potential obstructions are determined by FAA Regulation, and

WHEREAS, the City was required to complete an Environmental Impact Report (EIR), with focus on airway obstructions, including trees that penetrate the navigable airspace within the jurisdictions of the City of Modesto, specifically the Tuolumne River Regional Park area, and

WHEREAS, the Notice of Preparation provided notice of the City's determination to prepare an EIR, and solicited public input on the proposed scope and content of the EIR for the Project, and

WHEREAS, on February 05, 2014, the City held a public scoping meeting to receive public comments on the scope and content of the EIR, and

WHEREAS, on September 2, 2014, the City published and distributed a Draft EIR for the Modesto City-County Airport Obstruction Management Project (State Clearinghouse Number 2014012042) ("DEIR") for public comment, in accordance with Section 21091 of the California Environmental Quality Act ("CEQA"), and

WHEREAS, the DEIR was available for public comment for a period of at least 45 days as required by Section 21091 of CEQA, the close of the public comment period being October 24, 2014, and

WHEREAS, during the 45-day public comment period the City received seven letters commenting on the DEIR, and

WHEREAS, the City prepared written responses to all written comments received on the DEIR, said responses being contained in a Final EIR for the Tuolumne River Regional Park Obstruction Management Project (State Clearinghouse Number 2014012042) ("FEIR") prepared pursuant to Section 15089 of the CEQA Guidelines, and

WHEREAS, on January 9, 2015, the FEIR was published and distributed, consisting of the Draft EIR, a list of commenters, copies of all written comments received, responses to those comments that raise environmental issues, and any revisions to the text of the Draft EIR made in response to the comments, as required by Section 15132 of the CEQA Guidelines, and

WHEREAS, the Project would include trimming and perhaps limited removal of approximately 999 (989 native and 10 non-native) trees within the project site boundaries. Of the 999 trees identified, 240 trees are within runway 28R's object free area (OFA) and will require removal, and

WHEREAS, CEQA requires that, in connection with the approval of a project for which an EIR has been prepared which identifies one or more significant environmental effects, the decision-making agency make certain findings regarding those effects, and

WHEREAS, the City Council has received and considered the FEIR for the Tuolumne River Regional Park Obstruction Management Project (SCH No. 2014012042) that analyzed the potential environmental effects of the proposed Project.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby finds and determines in respect to the FEIR:

1. That the FEIR has been completed in compliance with CEQA; that the City Council has reviewed and analyzed the FEIR and other information in the record and has considered the information contained therein, including the written and oral comments received at the public hearing on the FEIR and the Project, prior to acting upon or approving the Project; and that the FEIR represents the independent judgment of the City of Modesto; and

2. That the Findings and Statements set forth in Exhibit "A" and incorporated herein by reference, be made by the Council as the City's findings under the California Environmental Quality Act ("CEQA") (Pub. Resources Code § 21000 et seq.) and the CEQA Guidelines (Cal. Code Regs., title 14, §15000 et seq.) relating to the Project. The Findings provide the written analysis and conclusions of the Council regarding the Project's environmental impacts, mitigation measures and alternatives to the Project.

3. The City Council hereby adopts the Mitigation Monitoring and Reporting Program for the Tuolumne River Regional Park Obstruction Management Project that is included into the FEIR. The Program identifies impacts of the Project, corresponding mitigation, designation of responsibility for mitigation implementation and the agency responsible for the monitoring action.

4. The City Council hereby adopts the Statement of Overriding Considerations contained in the **attached Exhibit A**. As set forth in **Exhibit A**, the City Council finds that the specific economic, legal, social, and technological benefits of the Project outweigh the significant and unavoidable adverse environmental impacts of the Project.

5. The City Council hereby finds and recognizes that the FEIR contains additions, clarifications, modifications and other information in its responses to comments on the Draft Environmental Impact Report for the Project ("DEIR") and also incorporates information obtained by the City since the DEIR was issued. This Council hereby finds and determines that such changes and additional information are not significant new information as that term is defined under the provisions of the California Environmental Quality Act, because such changes and additional

information do not indicate that any new significant environmental impacts not already evaluated would result from the Project and do not reflect any substantial increase in the severity of any environmental impact; that no feasible mitigation measures considerably different from those previously analyzed in the DEIR have been proposed that would lessen significant environmental impacts of the Project; and that no feasible alternatives considerably different from those analyzed in the DEIR have been proposed that would lessen significant environmental impacts of the Project. Accordingly, this Council hereby finds and determines that recirculation of the FEIR for further public review and comment is not warranted; and

6. The City Council does hereby designate the Public Works Director of the City of Modesto, at his office at 1010 Tenth Street, Modesto, California 95354, as the custodian of documents and record of proceedings on which the decision is based; and

7. The City Council does hereby make the foregoing findings with respect to the significant effects on the environment of such Project, as identified in the FEIR, with the stipulations that all information in these findings is intended as a summary of the full administrative record supporting the FEIR, which full administrative record should be consulted for the full details supporting these findings, and that any mitigation measures and/or alternatives that were suggested by commenters to the DEIR and were not adopted as part of the FEIR are hereby expressly rejected for the reasons stated in the responses to the comments set forth in the FEIR and elsewhere in the record.

BE IT FURTHER RESOLVED by the Council that it hereby certifies the Final Environmental Impact Report for the Tuolumne River Regional Park Obstruction Management Project (SCH No. 2014012042), on file in the office of the Public Works Department and incorporated herein by reference.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of October, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

Exhibit "A"

FINDINGS & STATEMENTS ON THE TUOLUMNE RIVER REGIONAL PARK OBSTRUCTION MANAGEMENT PROJECT EIR

SECTION I

INTRODUCTION

A. Project Description

The Tuolumne River Regional Park (TRRP) has hundreds of trees, including oaks and other native species. 999 trees, 989 native and 10 non-native, have been identified as penetrating the navigable airspace as defined by the FAA (FAR) Part 77, Subpart C. The trees identified as penetrating navigable airspace are located within TRRP, which is owned and operated by the TRRP Joint Powers Authority (JPA). The 113 acre Project site is bound by the Modesto City-County Airport to the north, the Tuolumne River to the south, Tioga Drive to the west and Mitchell Road to the east. An Environmental Impact Report was conducted. It has been determined the best approach for mitigation is the proposed project as described in the EIR, which includes trimming where appropriate and complete tree removal as necessary and implementation of a re-vegetation plan.

B. Legal Requirements

Public Resources Code Section 21002 states that "public agencies should not approve projects as proposed if there are feasible alternatives or feasible mitigation measures available which would substantially lessen the significant environmental effects of such projects." Section 21002 further states that the procedures required by CEQA "are intended to assist public agencies in systematically identifying both the significant effects of proposed projects and the feasible alternatives or feasible mitigation measures which will avoid or substantially lessen such significant effects."

Pursuant to Section 15091 of the State CEQA Guidelines, the City may only approve or carry out a project for which an EIR has been completed that identifies any significant environmental effects if the City makes one or more of the following written finding(s) for each of those significant effects, accompanied by a brief explanation of the rationale for each finding:

1. Changes or alterations have been required in, or incorporated into, the project which will avoid or substantially lessen the significant environmental impact as identified in the EIR; or

2. Such changes or alterations are within the responsibility and jurisdiction of a public agency other than the City, and such changes have been adopted by such other agency, or can and should be adopted by such other agency; or

3. Specific economic, social, legal, or other considerations make infeasible the mitigation measures or project alternatives identified in the EIR.

Notably, Public Resources Code Section 21002 requires an agency to "substantially lessen or avoid" significant adverse environmental impacts. Thus, mitigation measures that "substantially lessen" significant environmental impacts, even if not completely avoided, satisfy Section 21002's mandate [*Laurel Hills Homeowners Association v. City Council* (1978) 83 Cal.App.3d 515, 521 ("CEQA does not mandate the choice of the environmentally best feasible project if through the imposition of feasible mitigation measures alone the appropriate public agency has reduced environmental damage from a project to an acceptable level"); *Las Virgenes Homeowners Federation, Inc. v. County of Los Angeles* (1986) 177 Cal. App. 3d 300, 309 ("[t]here is no requirement that adverse impacts of a project be avoided completely or reduced to a level of insignificance . . . if such would render the project unfeasible")].

The Public Resources Code requires that lead agencies adopt feasible mitigation measures or alternatives to substantially lessen or avoid significant environmental impacts. An agency need not, however, adopt infeasible mitigation measures or alternatives [State CEQA Guidelines, § 15091, subds. (a), (b)]. Public Resources Code Section 21061.1 defines "feasible" to mean "capable of being accomplished in a successful manner within a reasonable period of time, taking into account economic, environmental, social, and technological factors." State CEQA Guidelines Section 15091 adds "legal" considerations as other indicator of feasibility. (See also *Citizens of Goleta Valley v. Board of Supervisors* (1990) 52 Cal.3d 553, 565.) Project objectives also inform the determination of "feasibility" (*City of Del Mar v. City of San Diego* (1982) 133 Cal.App.3d 401, 417). " '[F]easibility' under CEQA encompasses 'desirability' to the extent that desirability is based on a reasonable balancing of the relevant economic, environmental, social, and technological factors" (*City of Del Mar v. City of San Diego* (1982) 133 Cal.App.3d 401, 417; see also *Sequoyah Hills Homeowners Assn. v. City of Oakland* (1993) 23 Cal.App.4th 704, 715).

Environmental impacts that are less than significant do not require the imposition of mitigation measures (*Leonoff v. Monterey County Board of Supervisors* (1990) 222 Cal.App.3d 1337, 1347).

The California Supreme Court has stated, "[t]he wisdom of approving . . . any development project, a delicate task which requires a balancing of interests, is necessarily left to the sound discretion of the local officials and their constituents who are responsible for such decisions. The law as we interpret and apply it simply requires that those decisions be informed, and therefore balanced." (*Citizens of Goleta Valley v. Board of Supervisors* (1990) 52 Cal.3d 553, 576). In addition, perfection in a project or a project's environmental alternatives is not required; rather, the requirement is that sufficient information be produced "to permit a reasonable choice of alternatives so far as environmental aspects are concerned." Outside agencies (including courts) are not to "impose unreasonable extremes or to interject [themselves] within the area of discretion as to the choice of the action to be taken" (*Residents Ad Hoc Stadium Com. v. Board of Trustees* (1979) 89 Cal.App.3d 274, 287).

C. Summary of Environmental Findings

As more fully explained below, the City Council has determined that based on all of the evidence presented, including, but not limited to, the EIR, written and oral

testimony given at meetings and hearings, and submission of comments from the public, organizations, and regulatory agencies, and the responses prepared to the public comments, the following environmental impacts associated with the project are:

1. **Topics That Were Scoped out of the EIR for Having Less Than Significant or No Impacts**

   - Agriculture and Forestry Resources (all)
   - Geology, Soils, and Seismicity (all)
   - Hazards and Hazardous Materials (all)
   - Land Use and Planning (all)
   - Mineral Resources (all)
   - Population and Housing (all)
   - Public Services (all)
   - Recreation (all)
   - Transportation and Traffic (all)
   - Utilities and Service Systems (all)

2. **Less Than Significant and No Impacts (Do Not Require Mitigation)**

   - Air Quality (all)
   - Biological Resources (Wetlands as defined by Section 404 of the Clean Water Act; Interference with the Movement of any Native Resident or Migratory Fish or Wildlife Species; Conflict with Local Policies Protecting Biological Resources; Conflict with an Adopted Habitat Conservation Plan)
   - Cultural Resources (Impact to a Historical Resource)
   - Greenhouse Gas Emissions (all)
   - Hydrology and Water Quality (Depletion of Groundwater Supplies; Alteration of Existing Drainage Pattern; Create Runoff; Place Housing or Structures within a 100-year Flood Hazard Area; Exposure to a Failure of a Dam or Levee; Exposure to Inundation by Seiche, Tsunami, or Mudflow)
   - Noise (Exposure to Groundbourne Vibration; Permanent Increase in Ambient Noise Levels; Increase in Noise Levels Near a Public or Private Airport)

3. **Potentially Significant Impacts That Can Be Avoided or Reduced to a Less Than Significant Level Through Implementation of Mitigation Measures**

   - Biological Resources (Impacts to Elderberry Shrubs, Disturbance of Nesting Migratory Birds and Raptors, Disturbance of Western Pond Turtle, Disturbance of Roosting Special-Status Bats, and Impacts to Riparian Habitat)

   - Cultural Resources (Disturbance or discovery of unknown Archeological Resources or Human Remains)

   - Water Quality (Impacts to the turbidity and general quality of the Tuolumne River)

   - Noise (Construction Noise Impacts to Sensitive Receptors)

4. **Potentially Significant Impacts That Cannot Be Avoided or Reduced to a Less Than Significant Level Through Implementation of Mitigation Measures**

   - Aesthetics (Impacts to physical changes, intrinsic scenic value to various viewer groups)

This document contains the findings required under the California Environmental Quality Act ("CEQA") (Public Resources Code, § 21000 et seq.) and the State CEQA Guidelines (California Code of Regulations, title 14, § 15000 et seq.).

Public Resources Code Section 21081.6 requires the City to prepare and adopt a Mitigation Monitoring and Reporting Program for any project for which mitigation measures have been imposed to assure compliance with the adopted mitigation measures. The City adopts a Mitigation Monitoring and Reporting Program for the project in Attachment "B" of this Resolution.

No comments made in the public hearings conducted by the City Council or any additional information submitted to the City has produced any substantial new information requiring recirculation or additional environmental review of the Final EIR under CEQA because no new significant environmental impacts were identified, no substantial increase in the severity of any environmental impacts would occur, and no feasible mitigation measures or project alternatives as defined in State CEQA Guidelines Section 15088.5 were rejected.

SECTION II

FINDINGS REGARDING ENVIRONMENTAL IMPACTS NOT REQUIRING MITIGATION

Section 15091 of the State CEQA Guidelines does not require specific findings to address environmental effects that an EIR identifies as having "no impact" or a "less

than significant" impact. Nevertheless, these findings fully account for all resource areas evaluated in the EIR, including resource areas that were identified in the EIR to have either no impact or a less than significant impact on the environment. The City Council hereby finds that the project would either have no impact or a less than significant impact in the following resource areas:

A. Air Quality

1. **Conflict or Obstruct with Implementation of an Air Quality Plan (Impact 3.2-1):** If a City's General Plan is consistent with the most recently adopted air quality plans, a project that is consistent with the General Plan's land use designation is considered consistent with applicable air quality plans and policies. The Proposed Project would involve temporary tree trimming activities and would be consistent with the General Plan land use designations and zoning. Therefore, the Proposed Project would result in a less-than-significant impact because it would not conflict with the applicable air quality plans. [Draft EIR p. 3-24]

2. **Violate an Air Quality Standard or Substantially Contribute to an Existing Air Quality Violation (Impact 3.2-2):** Estimated emissions from construction during 2014 would not exceed SJVAPCD thresholds. However, the Proposed Project would need to comply with all applicable SJVAPCD Rules and Regulations. Since compliance is required by law, the SJVAPCD Rules and Regulations are not included as mitigation and no additional emission reduction controls would be required. The Proposed Project would result in less-than-significant criteria pollutant emissions. [Draft EIR p. 3-24 through p. 3-25]

3. **Expose Sensitive Receptors to Substantial Pollutant Concentrations (Impact 3.2-3):** Carbon Monoxide (CO) is a localized pollutant of concern. Due to the distance between construction activities and sensitive receptors, and the minimal CO emissions associated with tree trimming activities, the Proposed Project would not emit CO in quantities that could pose health concerns. The Proposed Project would not result in long-term CO emissions. Thus, the Proposed Project would not result in or contribute to CO concentrations that exceed the California 1-hour or 8-hour ambient air quality standards. This impact would be less-than-significant and no mitigation is required. Furthermore, the short-term increase in toxic air contaminant (TAC) emissions from equipment and on-road vehicle fuel combustion associated with the Proposed Project would be insignificant (2 months) over the 70 year health risk assessment period. The nearest receptors are a substantial distance away (275 feet) and use of equipment would be temporary and episodic, affecting only a few nearby receptors for a limited time period. The Proposed Project would not result in long-term TAC emissions. Consequently, the Proposed Project would result in a less-than-significant impact. [Draft EIR p. 3-26]

4. **Cumulative Increase in Criteria Pollutants (Impact 3.2-4):** The Proposed Project would result in a negligible increase of criteria pollutant

emissions in the SJVAB during the temporary tree trimming duration, would comply with all applicable SJVAPCD Rules and Regulations, and would not result in long-term emissions. Therefore, when considered in conjunction with other closely related projects, the Proposed Project would not be considered cumulatively considerable and would result in less-than-significant cumulative impacts on the air quality environment. [Draft EIR p. 3-27]

B. Biological Resources

1. **Impact a Federally Protected Wetland as Defined by Section 404 of the Clean Water Act (Impact 3.3-3):** Direct impacts to wetlands and other waters of the U.S. are not expected. The Proposed Project will not result in the loss of wetlands and other waters of the U.S., nor will any fill of wetlands and other waters of the U.S. occur. Project activities occurring near potentially jurisdictional features may result in a discharge of sediments downstream of these sites. Increased sedimentation to these features could lead to decreases in water quality and subsequent impacts to the biological community dependent on these features. BMPs have been proposed to protect wetlands and other waters of the U.S. from indirect impacts. With implementation of BMPs, impacts to wetlands and other waters of the U.S. are not expected. In addition, implementation of Mitigation Measure 3.3—4, 3.3-5 and 3.3-6 will provide additional protection to riparian and wetland habitats. Overall, impacts to wetlands and other waters of the U.S. are considered less than significant. [Draft EIR p. 3-69]

2. **Interfere with the Movement of a Native Resident or Migratory Fish or Wildlife Species (Impact 3.3-4):** The Tuolumne River provides suitable habitat for special-status fish species and the river is also designated a critical habitat for Central Valley steelhead. Tree trimming and removal activities may temporarily disrupt wildlife movement within the study area. However, the disturbance would only occur during the trimming or removal activities and the disruption of wildlife movement is temporary in nature. Implementation of the Proposed Project would not interfere substantially with the movement of fish or wildlife species or with established native resident or migratory wildlife corridors, or impede the use of native wildlife nursery sites. Therefore, impacts to wildlife or fish movement or migration are considered less than significant. [Draft EIR p. 3-69 through p. 3-70]

3. **Conflict with Local Policies or Ordinances Protecting Biological Resources (Impact 3.3-5):** The Proposed Project would remove or trim trees in accordance with the *Vegetation Management Plan*, as well as standards set forth by American National Standards Institute guidelines for tree care operations and pruning (ANSI A300). The Plan was developed by the City of Modesto to enable MOD to remain in compliance with applicable FAA safety standards. The *Vegetation Management Plan* is in compliance with local policies and ordinances and is consistent with the Stanislaus County General Plan. The ANSI A300 standards are the generally accepted industry standards for tree care practices. They are voluntary industry consensus standards developed by Tree Care Industry Association (TCIA) and written by

a committee called the Accredited Standards Committee (ASC) A300, whose mission is to develop consensus performance standards based on current research and sound practice for writing specifications to manage trees, shrubs, and other woody plants (TCIA 2012). As with the *Vegetation Management Plan*, the ANSI 300A standards are in compliance with local policies and ordinances. Additionally, Mitigation Measure 3.3-6 would mitigate for the loss of tree resources/riparian habitat. Thus, there would be no impact (no conflict) to local policies or ordinances as a result of the implementation of the Proposed Project in accordance to recommendations from the Vegetation Management Plan and ANSI A300. [Draft EIR p. 3-70]

4. **Conflict with an Adopted Habitat Conservation Plan (Impact 3.3-6):** Stanislaus and its nine incorporated cities currently do not have any adopted Habitat Conservation Plans (HCPs). The Proposed Project is not located within an adopted HCP, Natural Community Conservation Plan (NCCP), or other approved local, regional, or state habitat conservation plan. Therefore, the project would not conflict with any HCPs or NCCPs. [Draft EIR p. 3-70]

C. Cultural Resources

1. **Adverse Change in the Significance of a Historical Resource (Impact 3.4-1):** Field reconnaissance did not identify any prehistoric or historic period cultural resources within the project area. Similarly, archival research did not identify the presence of any cultural resources within the project area. While the records search results did identify on City of Modesto designated Landmark Preservation site, a "Large Valley Oak Tree" planted in Tuolumne River Regional Park in 1858, the tree is within the westernmost project study area and is not within the area designated for tree trimming or removal. Given the absence of known cultural resources within the project site, impacts to historic resources are considered less than significant. [Draft EIR p. 3-86]

D. Greenhouse Gas Emissions

1. **Generate Greenhouse Gas Emissions That May Have a Significant Impact on the Environment (Impact 3.5-1):** The Proposed Project includes trimming of about 1,000 trees that are located in the City of Modesto. Pruning would occur during the winter season for approximately 2 months and would involve the use of hand tools (such as hand saws and chainsaws). Removed limbs and other refuse would be loaded onto trucks and removed in accordance with the City of Modesto municipal code pertaining to the collection of pruned refuse. An arborist and crew of 10 to 15 workers would conduct the tree trimming. The Proposed Project would not result in long-term activities and GHG emissions. Construction emissions were modeled using CalEEMod 2013.2.2 software and compared to the most stringent threshold described above. It should be noted that the 1,100 metric tons of CO2e per year threshold was developed for long-term operational emissions associated with land-use development projects. However, in the absence of a construction-specific threshold, the 1,100

metric tons of CO2e per year threshold provides a conservative threshold against which to evaluate construction emissions. If annual construction emissions for a project component would exceed 1,100 metric tons of CO2e per year, emissions would be considered significant. Estimated GHG emissions from the Proposed Project would be approximately 81 metric tons, which would be negligible. No long-term GHG emissions would be generated by the Proposed Project. This impact would be less than significant without mitigation. [Draft EIR p. 3-106 through p. 3-107]

2. **Conflict with an Applicable Plan, Policy, or Regulation Adopted for the Purpose of Reducing Emissions of Greenhouse Gases (Impact 3.5-2):** The Proposed Project would not result in long-term activities and GHG emissions. The City of Modesto has not established a GHG reduction plan. The Proposed Project would not conflict with any applicable plans, policies, or regulations adopted for the purpose of reducing GHG emissions. This would be a less than significant impact. [Draft EIR p. 3-107]

3. **Cause or Contribute to a Cumulative Impact Related to Greenhouse Gases (Impact 3.5-3):** GHG emissions are considered cumulative in nature. Impact 3.5-1, addresses the potential for the Proposed Project to generate GHG emissions, either directly or indirectly, that may have a cumulatively significant impact on the environment. Results presented above indicate that the Proposed Project would not have a cumulatively significant contribution on GHG emissions; therefore, cumulative impacts related to GHG emissions are considered to be less than significant. [Draft EIR p. 3-107]

E. Scenic Resources

1. **Daytime or Nighttime Scenic Views Impacted by Light or Glare (Impact 3.1-4):** Implementation of the Proposed Project would result in the trimming or removal of trees within portions of the TRRP located south of the airport. The Proposed Project would not result in the creation of light or glare that would adversely affect the daytime or nighttime views of receptors that live or work in the vicinity of the project site. Therefore, there is no impact and no mitigation is required. [Draft EIR p. 3-9]

2. **Damage Scenic Resources (Impact 3.1-2):** The current Caltrans Map of Designated Scenic Routes indicates that there are no officially designated state scenic highways in the City of Modesto (Caltrans 2014). Furthermore, Mitchell Road and River Road, which are the closest streets to the project study area, are not identified as scenic roads by any City, County or State planning document. Therefore, the Proposed Project would have no impact on scenic resources associated with a scenic highway or roadway, and no mitigation is required. [Draft EIR p. 3-8]

1.

SECTION III

FINDINGS REGARDING ENVIRONMENTAL IMPACTS MITIGATED TO A LEVEL OF LESS THAN SIGNIFICANT

The City Council finds that the following environmental impacts identified in the EIR are potentially significant, but can be mitigated to a less than significant level. The potentially significant impacts and the mitigation measures which would reduce them to a less than significant level are set forth in the EIR and are summarized as follows:

A. Biological Resources

1. **Impacts to Candidate, Sensitive, or Special Status Species (Impact 3.3-1):** Through physical surveys of the project site and database research, it was determined that the Proposed Project site has the potential to contain habitat conducive to the following candidate, sensitive, or special status species: valley elderberry longhorn beetle, hardhead and Central Valley steelhead, Swainson's hawk, burrowing owl, great blue heron, yellow-breasted chat, western pond turtle, and special status bats. With the exception of the hardhead and Central Valley steelhead, implementation of the Proposed Project has the potential to impact these species through loss of habitat or disturbance during nesting and roosting season. [Draft EIR p. 3-62 through p. 3-63]

   Finding: The mitigation measures outlined below would reduce to a less-than-significant level the project's impacts to candidate, sensitive, or special status species. The mitigation measure reflects changes or alterations that the City has required, or incorporated into, the project which would avoid or substantially lessen the potentially significant impact as identified in the EIR (State CEQA Guidelines § 15091(a)(1)).

   Mitigation Measures 3.3-1: Avoid or Minimize Impacts to Elderberry Shrubs. In order to avoid potential direct and indirect impacts to valley elderberry longhorn beetle, the following avoidance and protective measures would be implemented based upon the USFWS's Conservation Guidelines for Valley Elderberry Longhorn Beetle:

   - Fence and/or flag all areas to be avoided during trimming activities as directed or approved by a USFWS approved biologist. Provide a minimum setback of at least 20 feet from the dripline of each elderberry plant.
   - Restore any temporary damage done to the buffer area (area within 100 feet of elderberry plants) during project activities. Provide erosion control and re-vegetate with appropriate native plants as approved by a qualified biologist.
   - Prevent the use of insecticides, herbicides, fertilizers, or other chemicals that might harm the beetle or its host plant within 100 feet of any elderberry plant with one or more stems measuring 1.0 inch or greater in diameter at ground level.

- Elderberry shrub protection during tree trimming activities will be provided by use of cables or other measures to direct limb fall, and the cutting of trees in sections.

- When project activities may occur within 100 feet of a suitable shrub, a biologist will be on-site at all times to ensure that the buffer is maintained and monitor and quantify any unanticipated damage to the shrubs.

- Access routes for machinery will be located outside a 20 foot buffer wherever possible, and all mulching activity will occur outside of a 20 foot buffer.

- Contractors and work crews will be briefed about the status of the beetle, its biology and ecology, and the need to protect its host plant. They will also be briefed on the need to avoid damaging the elderberry shrubs and the possible penalties for not complying with these requirements.

- Signs will be erected every 50 feet along the edge of the avoidance area(s) with the following information: "This area is habitat of the valley elderberry longhorn beetle, a threatened species, and must not be disturbed. This species is protected by the Endangered Species Act of 1973, as amended. Violators are subject to prosecution, fines, and imprisonment." The signs should be clearly readable from a distance of 20 feet, and must be maintained for the duration of project activities.

- For shrub clusters that are located within a distance of 10 feet or less from a tree that needs to be treated, the following conservation measures shall be implemented:

    - Tree limbs and pieces of trunk will be removed via climbers with hand tools and will be lowered via ropes/cables or other means to a location outside of the 10 foot buffer zone.

    - Tarps, ropes, or other gently placed materials may be used to temporarily hold back elderberry stems while removing trees that are within the shrub's canopy. [Draft EIR p. 3-63 through p. 3-64]

Mitigation Measure 3.3-2: Avoid Disturbance of Nesting Migratory Birds and Raptors. To avoid impacts on nesting birds and raptors, the following avoidance and minimization measures should be implemented:

1. To the extent feasible, tree treatment activities associated with the project will be conducted outside the breeding season (which generally occurs between March 1 and August 15) for migratory birds and raptors.

2. If tree treatment activities are to take place during the breeding season for these species, a qualified wildlife biologist will be hired to conduct focused pre-treatment nest surveys for active special and non-special status migratory bird and raptor nests. Pre-treatment surveys for tree-nesting raptors and migratory songbirds shall be conducted within 15 days prior to any project activities that will occur between March 1 and August 15 of any given year. All suitable nesting habitat for tree nesting

raptors and migratory songbirds shall be surveyed within 250 feet of the proposed treatment areas. For Swainson's hawk surveys, guidelines provided in the *Recommended Timing and Methodology for Swanson's Hawk Nesting Survey in the Central Valley* (Swainson's Hawk Technical Advisory Committee 2000) would be followed where possible (Appendix G).

3. Surveys for burrowing owls would be conducted between March and May and in accordance with the *Staff Report on Burrowing Owl Mitigation* (CDFG, 2012; Appendix H).

4. Should active nests be identified by these surveys, the nest sites shall be protected from all treatment activities within 250 feet of the nest site until the young have fledged. Treatment activities that must occur within 250 feet of an active nest shall not take place without prior consultation with the California Department of Fish and Wildlife. [Draft EIR p. 3-64]

Mitigation Measure 3.3-3: Avoid Disturbance to Roosting Bats and Maternity Colonies. To avoid impacts on roosting bats and maternity colonies, the following avoidance and minimization measure should be implemented:

1. If tree removal or ground disturbing activities commence on the Project site during the breeding season of native bat species (April 1 to August 31), then a field survey shall be conducted by a qualified bat biologist to determine whether active roosts are present on site or within 50 feet of the project boundaries. Field surveys shall be conducted early in the breeding season before any Project activities begin, when bats are establishing maternity roosts but before pregnant females give birth (April through early May). If no roosting bats are found, then no further mitigation is required.

2. If roosting bats are found, then disturbance of the maternity roosts shall be avoided by halting Project activities until the end of the breeding season or a qualified bat biologist removes and relocates the roosting bats in consultation with CDFW. [Draft EIR p. 3-64 through 3-65]

Rationale: The EIR determined that Mitigation Measures 3.3-1, 3.3-2 and 3.3-3, would set forth a series of procedures that would occur prior to and during construction activities. Pre-construction surveys would identify potential protected species, thus enabling the contractor to avoid their nests during construction activities. Similarly, the avoidance and protective measures recommended above would assist the contractor in minimizing impacts to valley elderberry longhorn beetle by avoiding direct take of their habitat during construction activities. With implementation of these measures, potential impacts to valley elderberry longhorn beetle special status raptor and other migratory birds, and native bat species would be reduced to less-than-significant levels. [Draft EIR p. 3-64 through p. 3-65]

3. **Adverse Effect on Any Riparian Habitat or Other Sensitive Natural Community (Impact 3.3-2):** The proposed trimming of trees within the

project site would have potentially significant impacts on valley foothill riparian habitat and Valley oak woodland, both of which are identified as sensitive natural communities by the California Department of Fish and Wildlife. [Draft EIR p. 3-65 through 3-67]

Finding: The mitigation measures outlined below would reduce to a less-than-significant level the project's impacts related to valley foothill riparian habitat and Valley oak woodland. The mitigation measure reflects changes or alterations that the City has required, or incorporated into, the project which would avoid or substantially lessen the potentially significant impact as identified in the EIR (State CEQA Guidelines § 15091(a)(1)).

Mitigation Measure 3.3-4: Conduct WEAP to Avoid or Minimize Impacts on Riparian Habitat. Prior to the start of project activities, a Worker Environmental Awareness Program shall be developed and presented to the contractor in order to address planned work procedures around trees, the locations where specialized treatments are required, and review the acceptable equipment that the contractor may use for project activities. This program will also address valley elderberry longhorn beetle and other sensitive biological resources on the project site. [Draft EIR p. 3-68]

Mitigation Measure 3.3-5: Establish Tree Removal and Trimming Guidelines to Minimize Disturbance. All trimming will be performed using hand tools to prevent additional damage to riparian vegetation. All slash materials (limbs, branches and other woody debris) resulting from trimming activities shall be removed from the study area and properly disposed of at an off-site location.

Furthermore, the City shall protect wetlands, riverine and associated riparian habitats by installing protective fencing. Protective fencing shall be installed along the edge of wetland, riverine and riparian areas, where project activities will occur within 200 feet of the edge of protected habitat (as determined by a qualified biologist). The location of fencing shall be marked in the field with stakes and flagging. [Draft EIR p. 3-68 through 3-69]

Mitigation Measure 3.3-6: Mitigate for the Loss of Tree Resources. The City shall mitigate for the loss of riparian habitat on the site attributable to the removal of mature riparian species. Unless mitigation plantings are found to be infeasible, mitigation for the removal of riparian habitat shall occur through a combination of A and/or B below:

A. Trees would be mitigated at a four-to-one ratio in areas where trees would not interfere with airport operations. Mitigation would be carried out within the Tuolumne River Regional Park Corridor, where appropriate. A Replacement Riparian Tree Planting Plan consistent with the minimum elements specified below shall be prepared. The Replacement Riparian Tree Planting Plan shall include the following minimum elements:

- The plan will specify size, source and specifications of the replacement tree seedlings. At a minimum, all plantings would be direct-seeded with locally collected large acorns and planting procedures would be implemented as recommended by the *Vegetation Management Plan*. Alternatively, young seedlings less than one year old may be used when produced from locally obtained acorns.

- The Plan will include measures for mitigation tree monitoring, weed management, and irrigation. These measures would be implemented as needed to ensure successful survival of young seedlings. The condition of mitigation plantings would be monitored and would include data on seedling height, mortality, and surrounding soil moisture.

B. Replacement for the total number of inches (measured in DBH) lost may be purchased from an oak and riparian tree mitigation bank prior to implementation of tree management actions.

Rationale: The EIR determined that Mitigation Measure 3.3-4 would establish a pre-construction awareness program and establish construction guidelines to help educate contract workers on the biological issues prevalent within the Proposed Project area. By conducting WEAP training prior to the start of construction activities, workers will have a greater awareness of specialized work procedures around protected habitat such as elderberry shrubs and protected waters of the U.S., and adherence to the tree trimming and removal guidelines will help ensure impacts to these biological resources are avoided. Through implementation of Mitigation Measures 3.3-5 and 3.3-6 potential impacts to riparian habitat or other sensitive natural communities would be reduced to a less than significant level. [Draft EIR p. 3-68 through p. 3-69]

3. **Cumulative Impacts to Biological Resources (Impact 3.3-7).** The only other "closely related" project that was identified in the vicinity of the project site was another tree management project located east and south of the airport. Similar to the Proposed Project, tree management activities would be subject to the guidelines set forth in the *Vegetation Management Plan*, as well as the ANSI A300 pruning standards. Furthermore, future management of trees within the TRRP would be conducted under the TRRP Management Plan (Plan). The Plan was designed with a strong conservation-oriented approach in order to protect and enhance the river, integrating the natural processes that shaped the landscape. Therefore, similar BMPs and measures to avoid or limit impacts to biological resources such as native trees, wetlands, and threatened or endangered species would be required as a part of this separate project. Nevertheless, implementation of the Proposed Project would result in the removal of, at a minimum, 233 native oak trees within TRRP. As described under Impact 3.3-2, implementation of the Proposed Project would result in impacts to native riparian trees and habitat, which, despite proposed mitigation, would remain significant. When considered in combination with other closely related projects, such as the tree trimming project to the east and southeast of the airport, implementation of the

Proposed Project would result in a cumulatively significant impact to native riparian habitat on the site attributable to the removal of mature riparian tree species. [Draft EIR p. 3-70 through p. 3-71]

Finding: The mitigation measures outlined below would reduce to a less-than-significant level the project's potential cumulative impacts to biological resources. The mitigation measure reflects changes or alterations that the City has required, or incorporated into, the project which would avoid or substantially lessen the potentially significant impact as identified in the EIR (State CEQA Guidelines § 15091(a)(1)).

See Mitigation Measures 3.3-4 through 3.3-6. Implement these measures as described above. [Draft EIR p. 3-68]

Impact Significance after Mitigation: Mitigation Measure 3.3-4 would establish a construction awareness program and establish guidelines to help educate contract workers on the biological issues prevalent within the Proposed Project site. By conducting WEAP training prior to the start of construction activities, workers will have a greater awareness of specialized work procedures around protected habitat such as elderberry shrubs and protected waters of the U.S., and adherence to the tree trimming and removal guidelines will help ensure impacts to these biological resources are avoided. Through implementation of the Mitigation Measures 3.3-5 and 3.3-6, potential cumulative impacts to riparian habitat or other sensitive natural communities would be reduced to a less than significant level.

B. Cultural Resources

1. **Cause an Adverse Change in the Significance of an Unknown Paleontological, Geological, or Archeological Resource (Impact 3.4-2 and Impact 3.4-3):** Neither the archival search nor the field reconnaissance resulted in the identification of prehistoric archaeological resources within the Proposed Project area. Regardless, the possibility still exists for the discovery of such resources as a result of potential earthmoving activities associated with the Proposed Project (e.g. tree stump removal). Prehistoric materials might include obsidian and chert flaked-stone tools (e.g., projectile points, knives, scrapers) or toolmaking debris; culturally darkened soil ("midden") containing heat-affected rocks, artifacts, or shellfish remains; and stone milling equipment (e.g., mortars, pestles, hand stones, or milling slabs), as well as battered stone tools, such as hammer stones and pitted stones. Inadvertent damage to significant and unique archaeological or paleontological resources during construction would be a potentially significant impact. Implementation of of Mitigation Measure 3.4-1, however, would reduce potential impacts to a less-than-significant level [Draft EIR p. 3-87]

   Finding: The mitigation measure outlined below would reduce to a less-than-significant level the project's potential impact to unknown paleontological, geological, or archeological resources. The mitigation measure reflects changes or alterations that the City has required, or incorporated into, the project which would avoid or substantially lessen the

potentially significant impact as identified in the EIR (State CEQA Guidelines § 15091(a)(1)).

Measure 3.4-1: Discovery of Archaeological, Paleontological or Geological Resources. In the event that previously unidentified archaeological, Native American, or paleontological resources are uncovered during project implementation, all work should cease within 100 feet of the find until it can be evaluated by a qualified archaeologist, as defined as one meeting the Secretary of the Interior's Professional Qualification Standards for archaeology, or paleontologist (U.S. Department of the Interior, 2012). If the find is determined to be potentially significant, the archaeologist, in consultation with the lead agency and appropriate Native American group(s) (if the find is prehistoric or Native American in nature) or paleontologist should develop a treatment plan with an emphasis towards preservation in place. If resources are encountered, avoidance, or preservation in an undisturbed state is the preferable course of action. CEQA §21083.2(b). provides that preservation methods may include:

- Planning construction to avoid archaeological sites;
- Deeding sites into permanent conservation easements;
- Capping or covering sites with a layer of soil before building on the sites; and
- Planning parks, green space, or other open space to incorporate archaeological sites. [Draft EIR p. 3-87]

Rationale: The EIR determined that implementation of this measure shall ensure that all applicable government regulations (as identified above) are adhered to in the event of the discovery of archeological, paleontological or geological resources.. Potential impacts to archeological, paleontological or geological resources, with the implementation of this measure, are considered less than significant. [Draft EIR p. 3-87]

2. **Disturb any human remains, including those interred outside a formal cemetery (Impact 3.4-4):** There is no indication, either from the archival research results or the archaeological survey, that any particular location in Proposed Project area was used for human burial purposes in the recent or distant past. Therefore, it is unlikely that human remains would be encountered during the Proposed Project. However, in the unlikely event that human remains were discovered during subsurface activities, including those interred outside of formal cemeteries, the human remains could be inadvertently damaged, which could be a significant impact. [Draft EIR p. 3-88]

   Finding: The mitigation measure outlined below would reduce to a less-than-significant level the project's potential impact to human remains interred outside a formal cemetery. The mitigation measure reflects changes or alterations that the City has required, or incorporated into, the project which would avoid or substantially lessen the potentially significant impact as identified in the EIR (State CEQA Guidelines § 15091(a)(1)).

Measure 3.4-3: Accidental Discovery of Human Remains. If human remains are encountered unexpectedly during construction excavation and grading activities, State Health and Safety Code Section 7050.5 requires that no further disturbance shall occur until the County Coroner has made the necessary findings as to origin and disposition pursuant to PRC Section 5097.98. If the remains are determined to be of Native American descent, the coroner has 24 hours to notify the Native American Heritage Commission. The NAHC will then identify the person(s) thought to be the Most Likely Descendent of the deceased Native American, who will then participate in consultation with the landowner to determine the appropriate future disposition of the remains. [Draft EIR p. 3-88 through p. 3-89]

Rationale: The EIR determined that implementation of this measure shall ensure that all applicable government regulations (as identified above) are adhered to in the event of the discovery of human remains. Potential impacts to human remains, with the implementation of this measure, are considered less than significant. [Draft EIR p. 3-89]

3. **Cumulative impacts to cultural resources (Impact 3.4-5):** As described in Chapter 2, Propsed Project, [Draft EIR p. 2-1 through p. 2-20], the only other "closely related" project that was identified in the vicinity of the project site was another tree management project near the TRRP. Although the Proposed Project would have potentially significant impacts to unknown archaeological resources and human remains, there are no other past, present, or reasonably foreseeable future development projects which could combine with the project's impacts to form a significant, cumulative impact to archaeological resources or human remains. While the future project identified within the TRRP would potentially include earth-disturbing activities (i.e., stump removal), it is likely that similar measures to those identified in this EIR to avoid impacts to unknown cultural resources would be implemented for that project. As such, implementation of Mitigation Measures 3.4-1 through 3.4-3, in addition to similar measures undertaken through CEQA guidelines and standards in projects in the vicinity, would mitigate cumulative impacts to cultural resources. Therefore, the Proposed project would not result in significant cumulative impacts to cultural resources.

C. Hydrology and Water Quality

1. **Violate Any Water Quality Standards or Waste Discharge Requirements (Impact 3.6-1):** Implementation of the Proposed Project, which includes the trimming of trees obstructing MOD's navigable airspace, may generate minor, but adverse impacts to water quality. These impacts may be generated through tree trimming operations along the banks of the Tuolumne River. Potential impacts include falling wood debris, disturbed sediment, and additional sources of pollutants, including petroleum-based vehicle and equipment fluids and trash. The introduction or combined introduction of any of these pollutants could increase turbidity in the River, thus potentially violating the policies and guidelines identified in the Regulatory Setting above. Violation of these standards is considered a potentially significant impact. [Draft EIR p. 3-113]

   Finding: Implementation of Mitigation Measures 3.6-1 through 3.6-3 would avoid potential violations to applicable water quality standards. The mitigation measures reflects changes or alterations that the City has

required, or incorporated into, the project which would avoid or substantially lessen the potentially significant impact as identified in the EIR (State CEQA Guidelines § 15091(a)(1)).

Mitigation Measures 3.6-1: Implement Mitigation Measure 3.3-5 (See section 3.3), which calls for the City to conduct WEAP training prior to construction to avoid or minimize impacts on riparian habitat.

Mitigation Measure 3.6-2: Implement Mitigation Measure 3.3-6 (See section 3.3), which calls for the establishment of tree removal and trimming guidelines to minimize disturbance to the Tuolumne River and other habitat.

Mitigation Measure 3.6-3: Implement soil erosion best management practices (BMPs). Prior to and during demolition and construction activities, the contractor shall implement the following BMPs:

- Placing fiber rolls around onsite drain inlets to prevent sediment and construction-related debris from entering inlets.
- Placing fiber rolls along the perimeter of the site to reduce runoff flow velocities and prevent sediment from leaving the site.
- Placing silt fences downgradient of disturbed areas to slow down runoff and retain sediment.
- All disturbed soil will be seeded, mulched, or otherwise protected at the end of tree maintenance activities.
- Stabilizing construction entrance to reduce the tracking of mud and dirt onto public roads by construction vehicles. [Draft EIR p. 3-114 through 3-115]

Rationale: The EIR determined that implementation of Mitigation Measures 3.6-1 through 3.6-3 will ensure that debris and erosion associated with demolition and construction activities is minimized and that trimmings, fluids, trash, and top soil is retained and kept away from inlets, storm drains, and open surface water. With implementation of this measure, impacts to water quality associated with the generation of debris and the loss of topsoil are reduced to less-than-significant levels. [Draft EIR p. 3-115]

2. **Otherwise Substantially Degrade Water Quality (Impact 3.6-6):** Implementation of the Proposed Project, which includes the trimming of trees obstructing MOD's navigable airspace, may generate minor, but adverse impacts to water quality. These impacts may be generated through tree trimming operations along the banks of the Tuolumne River. Potential impacts include falling wood debris, disturbed sediment, and additional sources of pollutants, including petroleum-based vehicle and equipment fluids and trash. The introduction or combined introduction of any of these pollutants could increase turbidity in the River, thus potentially degrading water quality within the project site. This is considered a potentially significant impact. [Draft EIR p. 3-116]

Finding: Implementation of Mitigation Measures 3.6-1 through 3.6-3 would avoid potential degradation to the quality of the Tuolumne River. The mitigation measures reflects changes or alterations that the City has required, or incorporated into, the project which would avoid or substantially lessen the potentially significant impact as identified in the EIR (State CEQA Guidelines § 15091(a)(1)).

Mitigation Measures 3.6-1 through 3.6-3. Implement these measures as described above.

Rationale: The EIR determined that implementation of mitigation measures 3.6-1 through 3.6-3 will ensure that debris and erosion associated with demolition and construction activities is minimized and that trimmings, fluids, trash, and top soil is retained and kept away from inlets, storm drains, and open surface water. With implementation of this measure, impacts to water quality associated with the generation of debris and the loss of topsoil are reduced to less-than-significant levels.

3. **Considerable Cumulative Impacts to Water Quality (Impact 3.6-11):** The only other "closely related" project that was identified in the vicinity of the project site was another tree management project to the east and south of TRRP. Similar to the Proposed Project, tree management activities would be subject to applicable guidelines, including the ANSI A300 pruning standards. Tree trimming activities within the TRRP, like the Proposed Project, has the potential to generate debris, erosion, and other pollutants that may damage water quality for wetlands, riverine, and other riparian habitat. [Draft EIR p. 3-118]

   Finding: Implementation of Mitigation Measures 3.6-1 through 3.6-3 would avoid potential cumulative impacts to water quality in the project area. The mitigation measures reflects changes or alterations that the City has required, or incorporated into, the project which would avoid or substantially lessen the potentially significant impact as identified in the EIR (State CEQA Guidelines § 15091(a)(1)).

   Mitigation Measures 3.6-1 through 3.6-3. Implement these measures as described above. [Draft EIR p. 3-119]

   Rationale: Implementation of Mitigation Measures 3.6-1 through 3.6-3 will ensure that debris and erosion associated with demolition and construction activities is minimized and that trimmings, fluids, trash, and top soil is retained and kept away from inlets, storm drains, and open surface water. With implementation of this measure, will reduce impacts to less-than-significant levels, thus avoiding contribution to a cumulatively considerable water quality impact. [Draft EIR p. 3-119]

D. Noise

1. **Expose Persons to Noise Levels in Excess of Local Standards (Impact 3.7-1):** Pruning would occur during the winter season for approximately two

months and would involve the use of hand tools (such as hand saws and chainsaws). Removed tree limbs and other refuse would be loaded onto trucks and removed in accordance with the City of Modesto municipal code pertaining to the collection of pruned refuse. An arborist and crew of 10 to 15 workers would conduct the tree trimming. As described below under Impact 3.7-4, daytime pruning noise levels would be similar to existing noise levels at nearby sensitive receptor locations, but trimming activities would likely be noticeable and a nuisance if they were to occur in the evening or nighttime hours. The following mitigation measure would ensure that noise levels would be reduced to the greatest extent feasible and would limit machinery use to the less noise sensitive daytime hours. [Draft EIR p. 3-130]

Finding: The mitigation measure outlined below would reduce to a less than significant level the project's impacts related to exposure of persons to noise levels in excess of local standards. The mitigation measure reflects changes or alterations that the City has required, or incorporated into, the project which would avoid or substantially lessen the potentially significant impact as identified in the EIR (State CEQA Guidelines § 15091(a)(1)).

Mitigation Measure 3.7-1: Implement Construction-Related Noise Reducing Measures. The applicant shall require the construction contractor to implement the following measures:

- Construction activities shall be limited to the daytime hours between 7:00 a.m. and 7:00 p.m. Monday through Friday to avoid noise-sensitive hours of the day.
- Construction equipment and vehicles shall be equipped with properly operating mufflers according to the manufacturers' recommendations.
- Construction contractors shall locate fixed construction staging area as far as possible from nearby residences.
- Haul routes that affect the fewest number of people shall be selected. [Draft EIR p. 3-130]

Rationale: The EIR determined that Implementation of Mitigation Measure 3.7-1 (construction-related noise reducing measures) would ensure that noise associated with project construction would be reduced to the greatest extent feasible and would comply with applicable standards and regulations that pertain to the Proposed Project. This impact would be less-than-significant. [Draft EIR p. 3-130]

2. **Result in a Substantial, Temporary Increase in Ambient Noise Levels (Impact 3.7-4):** The ambient noise environment in the immediate project vicinity is defined primarily by noise from Mitchell Road and aircraft operating out of MOD. Existing traffic noise levels on Mitchell Road are approximately 71 dB L. With respect to noise generated by aircraft, homes located south of Tuolumne River are within 60 dB CNEL contour associated with both current (2008) and future (2015) forecasted operations (City of Modesto, 2008). The closest residences to potential tree trimming activities would be

approximately 275 feet away, in the City of Ceres, and would experience noise levels of potentially 61 dBA Lmax. Construction noise at these levels would be similar to existing noise levels at nearby sensitive receptor locations, though trimming activities would likely be noticeable and a nuisance if they were to occur in the evening or nighttime hours. Construction would be short term (approximately 2 months) and intermittent. The use of equipment would be temporary and episodic, affecting only a few nearby receptors for a limited period of time. Overall, the noise generated during short-term construction activities of the Proposed Project would have the potential to result in a substantial increase in noise at the nearest residences. Compliance with City of Modesto and City of Ceres noise ordinances, per Mitigation Measure 3.7-1, would ensure temporary construction noise would be less than significant. [Draft EIR p. 3-131 through 3-132]

Finding: The mitigation measure outlined below would reduce to a less than significant level the project's impacts related to exposure of persons to a substantial, temporary increase in ambient noise levels. The mitigation measure reflects changes or alterations that the City has required, or incorporated into, the project which would avoid or substantially lessen the potentially significant impact as identified in the EIR (State CEQA Guidelines § 15091(a)(1)).

Mitigation Measure 3.7-2: Implement Mitigation Measure 3.7-1, which calls for a series of construction-related noise reducing measures. [Draft EIR p. 3-132]

Rationale: The EIR determined that implementation of Mitigation Measure 3.7-1 (construction-related noise reducing measures) would ensure that noise associated with project construction would be reduced to the greatest extent feasible and would limit machinery use to the less noise-sensitive daytime hours. This impact would be less-than-significant. [Draft EIR p. 3-132]

3. **Result in Cumulatively Considerable Noise Increases (Impact 3.7-8):** The only other "closely related" project that was identified in the vicinity of the project site was another tree management project planned by the City of Modesto located east and south of MOD. A cumulative impact arises when two or more individual effects which, when considered together, are considerable or which compound or increase other environmental impacts. Cumulative impacts can result from individually minor but collectively significant impacts, meaning that the project's incremental effects must be viewed in connection with the effects of the past, current and probable future projects. It is assumed that actions associated with the other tree management would be similar to those of the Proposed Project. Specifically, noise generated from the use of tree trimming equipment and vehicles would be of similar levels and short-term. Based on the limited equipment needed for tree trimming and the short-term duration of the Proposed Project, even if other construction activities were to occur in the vicinity of the Proposed Project, compliance with

the applicable local noise ordinances and implementing basic noise controls would ensure that temporary noise exposure due to construction would be less than significant. The Proposed Project would not result in long-term operational activities or noise exposure and would not contribute to the long-term cumulative noise environment. [Draft EIR p. 3-133]

Finding: The mitigation measure outlined below would reduce to a less than significant level the project's contribution to a potential cumulative impact related to exposure of persons to a substantial, temporary increase in ambient noise levels. The mitigation measure reflects changes or alterations that the City has required, or incorporated into, the project which would avoid or substantially lessen the potentially significant impact as identified in the EIR (State CEQA Guidelines § 15091(a)(1)).

Mitigation Measure 3.7-3: Implement Mitigation Measure 3.7-1, which calls for a series of construction-related noise reducing measures. [Draft EIR p. 3-133]

Rationale: Though the timing of the Proposed Project is unlikely to occur in concert with other tree trimming projects identified in the vicinity of the project area, even if other construction activities were to occur in the vicinity of the Proposed Project, compliance with the applicable City or County standards and implementing basic noise controls would ensure that temporary noise exposure due to construction would be less than significant. Implementation of Mitigation Measure 3.7-1 will further reduce potential cumulative noise impacts to less-than-significant levels. [Draft EIR p. 3-133]

SECTION IV

FINDINGS REGARDING ENVIRONMENTAL IMPACTS THAT ARE SIGNIFICANT AND UNAVOIDABLE

A. Aesthetics

1. **Substantial Cumulative Impact to an Aesthetic Resource or the Visual Quality of the Site (Impact 3.1-5):** The only other closely related cumulative project that was identified within the vicinity of the Proposed Project was a similar tree management project located east and south of the Proposed Project. Like the Proposed Project, the other tree management project involves pruning or removing of trees that currently obstruct the airports navigable airspace. Due to the more urbanized nature of the areas around TRRP where other trimming activities have occurred, the overall cumulative aesthetic impact that would result from this other closely related project would be less than significant. In the OFA of Runway 28R's is where we see the most significant impact. The removal of 240 trees will create a visual void and as previously noted, the most significant impact will be to those receptors using Park facilities, and to a lesser degree, it also has the potential to affect receptors south of Tuolumne River and motorists traveling

southbound on Mitchell Road Bridge. Implementation of Mitigation Measure 3.1-1 would partially reduce this impact by restoring the ecological aesthetic of the project site with other types of native vegetation, however, the overall impact to the visual character of the TRRP would remain significant. Therefore, when considered with the visual impacts associated with the other tree trimming project in the vicinity of the Park, implementation of the Proposed Project would have a significant, cumulative impact to the visual quality of the project site. [Draft EIR p. 3-9]

Mitigation Measures 3.1-5: Impact Significance after mitigation:

See Mitigation Measure 3.1-1

Rationale: Implementation of Mitigation Measure 3.1-1 will reduce the overall visual impact to the TRRP by restoring areas within the project site where a large number of trees are removed with other types of vegetation. Use of approved native plant species will ensure a consistent ecological aesthetic, while also filling in areas that would otherwise be left void of vegetation; thus improving the overall post-project aesthetic condition of the project site. While implementation of this measure would reduce the overall impact the Proposed Project would have on the aesthetic qualities of the TRRP, replacement of trees with other types of native vegetation would not fully address the impact resulting from the loss of mature valley oaks and other types of native trees, which are the most distinctive visual resource within the project site. Therefore, this impact remains significant and unavoidable. [Draft EIR p. 3-10]

2. **Adverse Effect on a Scenic Vista (Impact 3.1-1):** The Proposed Project is located entirely within the TRRP, which has intrinsic scenic value to various view groups, including recreationalists using the park, area residents, and southbound motorists traveling over Mitchell Road Bridge. Scenic resources within and adjacent to the project site include the native and non-native vegetation associated with TRRP, as well as the Tuolumne River, which is located immediately south of the site. The Proposed Project, however, would require management of native and non-native trees within TRRP. Approximately 999 trees within the Park would require trimming. Of these 999 trees, 240 trees located within the object free area (OFA) for Runway 28R will require removal pursuant to FAA guidelines. Trees which need more than 25 percent of their crown to be removed may also require removal (subject to the assessment of a qualified arborist). Viewer groups that would be most affected by the Proposed Project include users of TRRP, which traverse through the Park via its bike/pedestrian trail system. Homeowners with residences south of the Tuolumne River and north of River Road would be the next most affected user group. However, views of the River from these homes are obscured by existing vegetation and steep terrain that slopes away from the houses. It should also be noted that some of the scenic value of the River in this area has been diminished due to the surrounding development, including homes, the Airport, and the Mitchell

Road Bridge. Trimming of trees within TRRP would not dramatically alter the scenic qualities of the project site. Trees would be trimmed according to all applicable local standards, as well as ANSI A300 guidelines, which call for selective pruning that will preserve the health and appearance of the tree. Removal of the 240 trees within Runway 28R's OFA, however, constitutes a loss of a valuable scenic resource within the TRRP. While vegetation would naturally grow back in areas where trees have been removed, this process would occur over the course of several years and in the interim, portions of the TRRP where trees were removed from a single, contiguous area would remain empty. While the selective removal of trees would not fundamentally change the nature of the project area, removal of large numbers of trees, particularly from one contiguous area – such as the cluster of trees within MOD's OFA – would create empty "pockets" within otherwise uninterrupted stretches of native vegetation. The creation of empty pockets of space where there was mature native vegetation previously would have a potentially adverse effect on the aesthetic value of the project area. Implementation of Mitigation Measure 3.1-1, which would require the City to prepare and implement a restoration plan for areas within the project site where large clusters of trees are removed, would help offset some of the visual impact caused by the tree removal. Identified areas would be restored with appropriate native vegetation that would not grow to heights above MOD's navigable airspace (as defined by FAR 77). However, while removed trees would be replaced at other locations within the TRRP corridor (see Mitigation Measure 3.3-6) and certain areas within the project site would be restored with other types of native vegetation, this would not reduce or avoid the overall aesthetic impact to the Park caused by the removal of trees from contiguous areas within the project site. Given the extent of the trees that would be removed from the TRRP, and the aesthetic impact that would be caused by the creation of empty areas or pockets where vegetation had been removed, potential impacts to a scenic vista as a result of the Proposed Project are considered significant. [Draft EIR p. 3-5 through p. 3-6]

Mitigation Measures 3.1-1: Prepare and Implement a Post-Project Re-vegetation Restoration Plan. Following completion of the Proposed Project, the City, with the assistance of a qualified biologist or landscape architect, will prepare a re-vegetation restoration plan for locations indicated on Figure 3.1-2 [Draft EIR p. 3-7], where a substantial number of trees would be removed from a single contiguous area. Selected plant species, such as shrubs and grasses, will be chosen based upon their ability to conform with applicable height standards established in FAR Part 77: *Objects Affecting Navigable Airspace*, and will be consistent with the approved plant palette for TRRP, as provided in Appendix A of the *Tuolumne River Regional Park Master Plan*. A draft copy of the post-project vegetation restoration plan would be submitted to the TRRP Joint Powers Authority for review and approval prior to its implementation. Implementation of the re-vegetation plan shall occur within one growing season following the completion of maintenance activities. [Draft EIR p. 3-6]

Rationale: Implementation of Mitigation Measure 3.1-1 will reduce the overall visual impact to the TRRP by restoring areas within the project site where a large number of trees are removed with other types of vegetation. Use of approved native plant species will ensure a consistent ecological aesthetic, while also filling in areas that would otherwise be left void of vegetation, thus improving the overall post-project aesthetic condition of the project site.

While implementation of this measure would reduce the overall impact the Proposed Project would have on the aesthetic qualities of the TRRP, replacement of trees with other types of native vegetation would not fully address the impact resulting from the loss of mature valley oaks and other types of native trees, which are the most distinctive visual resource within the project site. Therefore, this impact remains significant and unavoidable. [Draft EIR p. 3-6]

3. **Degrade Existing Visual Character or Quality of the Site (Impact 3.1-3):** As previously discussed in 3.1-1, generally the visual character quality of TRRP will not be affected, but there is one area located within Runway 28R's OFA, where 240 trees have been identified for removal. This will create an empty space, void, and would affect the scenic value of the Park, which is characterized as a densely wooded area largely made up of mature valley oaks. Despite the measures taken regarding re-vegetation, the impact to the visual quality of the Park areas closest to the Airport resulting from the loss of valley oaks and other native trees would remain permanent. Therefore, the impact of the visual character of the project site is considered significant and unavoidable. [Draft EIR p. 3-8]

Mitigation Measures 3.1-3: Impact Significance after mitigation:

See Mitigation Measure 3.1-1

Rationale: Implementation of Mitigation Measure 3.1-1 will reduce the overall visual impact to the TRRP by restoring areas within the project site where a large number of trees are removed with other types of vegetation. Use of approved native plant species will ensure a consistent ecological aesthetic, while also filling in areas that would otherwise be left void of vegetation; thus improving the overall post-project aesthetic condition of the project site. While implementation of this measure would reduce the overall impact the Proposed Project would have on the aesthetic qualities of the TRRP, replacement of trees with other types of native vegetation would not fully address the impact resulting from the loss of mature valley oaks and other types of native trees, which are the most distinctive visual resource within the project site. Therefore, this impact remains significant and unavoidable. [Draft EIR p. 3-08 through p. 3-09]

SECTION V

FINDINGS REGARDING PROJECT ALTERNATIVES

A. Background

Section 15126.6 of the State CEQA Guidelines requires EIRs to consider and discuss alternatives to the proposed actions. Subsection (a) states:

> (a) An EIR shall describe a range of reasonable alternatives to the project, or to the location of the project, which would feasibly attain most of the basic objectives of the project but would avoid or substantially lessen any of the significant effects of the project, and evaluate the comparative merits of the alternatives. An EIR need not consider every conceivable alternative to a project. Rather it must consider a reasonable range of potentially feasible alternatives that will foster informed decision-making and public participation. An EIR is not required to consider alternatives which are infeasible. The lead agency is responsible for selecting a range of project alternatives for examination and must publicly disclose its reasoning for selecting those alternatives. There is no ironclad rule governing the nature or scope of the alternatives to be discussed other than the rule of reason.

Subsection 15126.6(b) states the purpose of the alternatives analysis:

> (b) Because an EIR must identify ways to mitigate or avoid the significant effects that a project may have on the environment (Public Resources Code Section 21002.1), the discussion of alternatives shall focus on alternatives to the project or its location which are capable of avoiding or substantially lessening any significant effects of the project, even if these alternatives would impede to some degree the attainment of the project objectives, or would be more costly.

In Subsection 15126.6(c), the State CEQA Guidelines describe the selection process for a range of reasonable alternatives:

> (c) The range of potential alternatives to the proposed project shall include those that could feasibly accomplish most of the basic objectives of the project and could avoid or substantially lessen one or more of the significant effects. The EIR should briefly describe the rationale for selecting the alternatives to be discussed. The EIR should also identify any alternatives that were considered by the lead agency but were rejected as infeasible during the scoping process and briefly explain the reasons underlying the lead agency's determination. Additional information explaining the choice of alternatives may be included in the administrative record. Among the factors that may be used to eliminate alternatives from detailed consideration in an EIR are: (i) failure to meet most of the basic project objectives, (ii) infeasibility, or (iii) inability to avoid significant environmental impacts.

The range of alternatives required is governed by a "rule of reason" that requires the EIR to set forth only those alternatives necessary to permit a reasoned choice. The EIR shall include sufficient information about each alternative to allow meaningful evaluation, analysis, and comparison with the proposed project. Alternatives are limited to ones that would avoid or substantially lessen any of the significant effects of the project. Of those alternatives, the EIR need examine in detail only the ones that the lead agency determines could feasibly attain most of the basic objectives of the project.

The project seeks to achieve the following key objectives [Draft EIR p. 2-3]:

1. Provide a safe environment for air travelers and people who live and work in the vicinity of the Airport;
2. Comply with FAR Part 77: *Objects Affecting Navigable Airspace*; and,
3. Maintain object-free airspace while responsibly managing and preserving the environment within TRRP and particularly along the Tuolumne River.

The City evaluated a total of three alternatives in detail. Those alternatives are:

- **No Project Alternative** [Draft EIR pp. 4-2 through 4-4]
- **Complete Tree Removal Alternative** [Draft EIR pp. 4-5 through 4-7]
- **Only Twenty-Five Percent Trim Alternative** [Draft EIR pp. 4-7 through 4-10]

A complete discussion for alternatives that were considered in detail is provided below.

B. Alternatives Considered in Detail in the EIR

The following project alternatives were considered in detail in the EIR. These alternatives are rejected for various reasons as set forth below.

1. No Project Alternative

Under the No Project Alternative, the Proposed Project site would remain in its current condition. Trees that currently obstruct MOD's navigable airspace would not be trimmed or removed, and these hazards would remain in place. The No Project Alternative was selected to fulfill the requirements of CEQA Section 15126.6(3). [Draft EIR p. 4-2]

Finding: Based upon the Supporting Explanation below, the City Council rejects the No Project Alternative because it does not comply with the project objectives of providing a safe environment for air travelers and people who live and work in the vicinity of the Airport; complying with FAR Part 77: *Objects Affecting Navigable Airspace*; and maintaining object-free airspace.

Supporting Explanation: The No Project Alternative would have no effect on the existing environment. With no trimming or removal activities, trees would be left in their existing state. While this would have an overall neutral effect on the environment, as compared to the Proposed Project, the No Project Alternative would also allow objects that are considered obstructions to MOD's navigable airspace to remain in place. In their current state, these trees constitute hazards to aircraft operating at the Airport. As a Primary commercial service airport in the FAA's National Plan of Integrated Airport Systems (NPIAS), the City is obligated to maintain MOD's airspace in compliance with operating regulations set forth in Federal Aviation Regulations (FARs); specifically FAR Part 77: *Objects Affecting Navigable Airspace*, which identifies the criteria that are used to define obstructions for airports and their surrounding airspace. Therefore, while there would be no effect on the environment, because it allows obstructions to navigable airspace to remain in place, the No Project Alternative would not obtain any of the Proposed Project's objectives and is therefore infeasible. [Draft EIR p. 4-4]

2. Complete Tree Removal Alternative

This alternative assumes that all trees identified as obstructions within MOD's navigable airspace would be removed [Draft EIR p. 4-4]

Finding: Based upon the Supporting Explanation below, the City Council rejects the Complete Tree Removal Alternative because it does not meet maintaining an object-free airspace while responsibly managing and preserving the environment within TRRP and surrounding areas; particularly the Tuolumne River.

Supporting Explanation: The Complete Tree Removal Alternative would result in the complete removal of the 999 trees that have been identified as obstructions to MOD's navigable airspace and would impact the scenic quality of the project site, which resides within a portion of TRRP. Complete removal of these trees would have a significant impact to the visual quality of the project site for viewer groups using the TRRP, as well as viewer groups located in the residential area to the south of the Proposed Project site. While a large number of trees that have not been identified as obstructions would remain within the project area, the removal of nearly one thousand trees that provide scenic value to TRRP and is a natural part of the ecological aesthetic of the Tuolumne River environs would be a significant impact. Therefore, overall impacts to aesthetic resources as a result of Alternative B are considered greater than the Proposed Project. [Draft EIR p. 4-5 through p. 4-6]

3. Only Twenty-Five Percent Trim Alternative

This alternative would trim all 999 trees identified for maintenance under the Proposed Project. However, under this alternative, trees would have no more than twenty-five percent of their crowns removed, thus eliminating the potential need to remove any trees from the project site. As a result of only the twenty-five percent trim, trees currently requiring more than twenty-five of their crown to be removed in order to meet FAA height standards (as defined by FAR Part 77) would remain obstructions to MOD's navigable airspace. The 240 trees located within Runway 28R's OFA, however, would still be removed in order to comply with FAA safety standards under this Alternative. [Draft EIR p. 4-7 through p. 4-8]

Finding: Based upon the Supporting Explanation below, the City Council rejects the Only Twenty-Five Percent Trim Alternative because it would only be able to partially meet the City's three objectives. While trimming up to twenty-five percent of a tree's respective crown may avoid or reduce some environmental impacts and remove some identified obstructions, this alternative would fail to remove all the trees obstructing MOD's navigable airspace.

Supporting Explanation: The Only Twenty-Five Percent Trim Alternative would avoid or reduce some of the impacts generated under the Proposed Project. Furthermore, by trimming twenty-five percent of a tree's crown, this alternative would remove some of the obstructions that have been identified within the project site. However, constraining the trimming of trees to only twenty-five percent of their crowns would also mean that some trees would continue to obstruct MOD's navigable airspace. As such, MOD would not be in full compliance with the standards set forth in FAR Part 77. Therefore, this Alternative is less feasible than the Proposed Project. [Draft EIR p. 4-11]

SECTION VI

STATEMENT OF OVERRIDING CONSIDERATIONS

Because the Project will result in significant and unavoidable environmental impacts, CEQA requires the City Council to balance the economic, legal, social, technological, or other benefits, including region-wide or statewide environmental benefits, of the Project against the unavoidable environmental risks, when determining whether to approve the Project. If the City Council finds that the specific economic, legal, social, technological, or other benefits, including region-wide or statewide environmental benefits, of the Project outweigh the unavoidable adverse environmental effects, the adverse effects may be considered "acceptable." (CEQA Guidelines, § 15093.) When the City Council approves a Project that will result in the occurrence of significant effects which are identified in the final EIR but are not avoided or substantially lessened, the City Council must adopt a Statement of Overriding considerations stating the specific reasons to support its action based on the final EIR and/or other information in the record in a Statement of Overriding Considerations. The City Council hereby finds as follows:

The Modesto City-County Airport is a Primary Commercial Service Airport. The owner of such an airport is obligated to maintain airspace regulated by the FAA. Any navigable airspace obstruction can cause decreased FAA approach and departure designs which would be detrimental to commercial and general aviation aircraft operations. A reduced approach/departure design would cause negative impacts to the area and region's economy because a reduced design limits aircraft operations. Limiting aircraft operations can have direct economic impacts to aviation businesses located on and off airport property and indirect negative impacts to businesses supplying services to the airport and its tenants.

The project will trim or remove all trees that penetrate FAR Part 77. This project will help comply with FAA FAR Part 77 - Objects Affecting Navigable Airspace and will enhance the safety, health and welfare of the public, surrounding community/neighbors, aviators and aircraft/equipment. Trimming and removing methods would adhere to mitigation measure 3.1-1 and follow guidelines established in the vegetation management plan and the American National Standard for pruning.

Despite the application of all available mitigation measures, the Project will result in significant and unavoidable adverse impacts to aesthetics as set forth above. The City Council finds that the specific economic, legal, social, and technological benefits of the Project, set forth above, outweigh the significant and unavoidable adverse environmental impacts of the Project, and, therefore, the significant and unavoidable adverse impacts of the Project are considered "acceptable."

SECTION VII

CERTIFICATION OF EIR

The City Council finds that it has reviewed and considered the Final EIR and all other information available in the administrative record in evaluating the project, that the EIR is an accurate and objective statement that fully complies with the Public Resources Code and the State CEQA Guidelines, and that the EIR reflects the independent judgment of the City Council. The City Council consequently certifies the EIR.

The City Council finds that no new significant information as defined by State CEQA Guidelines Section 15088.5 has been received by the City after circulation of the Draft EIR nor added by the City to the EIR that would require recirculation.

The City Council certifies the EIR based on, without limitation, the following finding and conclusions:

1. The significant environmental impacts set forth in Section IV of this Resolution have been identified in the EIR and will require mitigation, which will reduce potential impacts to less-than-significant levels, with the exception of the significant and unavoidable impacts identified herein.

2. There are no feasible alternatives or mitigation measures available that will avoid or substantially reduce the significant and unavoidable impacts of the Project.

3. Other reasonable alternatives to the proposed project that could feasibly achieve the basic goals and objectives of the project have been considered and rejected in favor of the proposed Tuolumne River Regional Park Obstruction Management Project.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015 -378

RESOLUTION APPROVING A FIRST AMENDED AND RESTATED JOINT POWERS AGREEMENT BETWEEN THE DEL PUERTO WATER DISTRICT, THE CITY OF TURLOCK, AND THE CITY OF MODESTO FOR THE NORTH VALLEY REGIONAL RECYCLED WATER PROGRAM, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, on November 25, 2014, the City Council, by Resolution No. 2014-491, approved a Joint Powers Agreement (JPA) between the Del Puerto Water District (DPWD) to advance the North Valley Regional Recycled Water Program (NVRRWP), and

WHEREAS, the original JPA did not include the City of Turlock, who is also a partner in the NVRRWP, due to institutional delays, and

WHEREAS, the City of Turlock has resolved the issues of delay and has successfully negotiated with the NVRRWP partners DPWD and the City of Modesto for inclusion in the JPA,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a First Amended and Restated Joint Powers Agreement between the Del Puerto Water District, the City of Turlock, and the City of Modesto for the North Valley Regional Recycled Water Program.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the First Amended and Restated Joint Powers Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of October, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Madrigal, Zoslocki, Mayor Marsh

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-379

A RESOLUTION REAPPOINTING SANDRA LUCAS TO THE CITY OF MODESTO PLANNING COMMISSION

WHEREAS, Section 1102 of the Charter of the City of Modesto authorizes the City Council to appoint members to various Boards and Commissions, and

WHEREAS, the Appointments Committee met on September 15, 2015 and recommended reappointment of Sandra Lucas to the Modesto Planning Commission for a second four-year term.

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. Sandra Lucas is hereby reappointed to the Modesto Planning Commission for a second four-year term, expiration date of January 1, 2020.

SECTION 2. The City Clerk is hereby directed to transmit a copy of this resolution to the appointed member of the Modesto Planning Commission, and the Secretary thereof.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of October, 2015, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-380

A RESOLUTION APPOINTING JESSICA SELF TO THE CITY OF MODESTO BOARD OF ZONING ADJUSTMENT

WHEREAS, Section 1102 of the Charter of the City of Modesto authorizes the City Council to appoint members to various Boards and Commissions, and

WHEREAS, the Appointments Committee met on September 15, 2015 and recommended appointment of Jessica Self to the Modesto Board of Zoning Adjustment.

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. Jessica Self is hereby appointed to the Modesto Board of Zoning Adjustment with a term expiration of January 1, 2020.

SECTION 2. The City Clerk is hereby directed to transmit a copy of this resolution to the appointed member of the Modesto Board of Zoning Adjustment, and the Secretary thereof.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of October, 2015, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-381

RESOLUTION APPROVING AN AGREEMENT WITH CORNERSTONE ONDEMAND OF SANTA MONICA, CA TO PROVIDE AN ONLINE PERFORMANCE EVALUATION SYSTEM IN ACCORDANCE WITH THE AGREED UPON SCOPE OF WORK, FOR A TOTAL COST OF $49,320; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the completion of performance evaluations is often time consuming, cumbersome, and require retroactive salary adjustments, and

WHEREAS, the City currently utilizes a manual process to complete performance appraisals, and

WHEREAS, the City of Modesto desires to have a high functioning and integrated Performance Management System that provides timely feedback to employees, produces reports on organizational performance, and connects employee performance to the City's Strategic Plan, and

WHEREAS, an automated system would address current deficiencies currently identified and would provide efficiencies in the completion of performance evaluations; and

WHEREAS, representatives from the City Manager's Office, Human Resources, and Information Technology reviewed multiple systems in accordance with a prescribed set of system requirements; and

WHEREAS, the representatives unanimously identified Cornerstone OnDemand as the system that best fits the functionality desired by the City; and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an agreement with Cornerstone OnDemand of Santa Monica, CA to provide an Online Performance Evaluation System in accordance with the agreed upon scope of work; and authorizing the City Manager, or his designee, to execute the agreement, in substantially similar form as attached hereto as **Exhibit A** and as approved by the City Attorney.

The foregoing resolution was introduced at regular meeting of the Council of the City of Modesto held on the 13th day of October 2015 by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

Cornerstone OnDemand – Master Agreement
MASTER TERMS AND CONDITIONS

These Master Terms and Conditions are made a part of and incorporated by reference into the Cornerstone OnDemand – Master Agreement by and between Client and Cornerstone OnDemand ("Cornerstone") (the "Agreement").

1. Definitions.
   a) "Active User" means, in a given calendar month, a user established on the Software with a designation of "active" at any time during that month. Client has the ability to determine who is an Active User.
   b) "Affiliate" means a party that partially (at least 50%) or fully controls, is partially or fully controlled by, or is under partial (at least 50%) or full common control with, another party.
   c) "Client Content" means any and all courses, learning objects, certifications, quizzes, tests, materials, instructor-led sessions, or documents created and/or supplied by Client.
   d) "Client Data" means proprietary or personal data regarding Client or any of its users under this Agreement.
   e) "Confidential Information" means any non-public information of Cornerstone or Client disclosed by either party to the other party, either directly or indirectly, in writing, orally or by inspection of tangible objects, or to which the other party may have access, which a reasonable person would consider confidential and/or which is marked "confidential" or "proprietary" or some similar designation by the disclosing party. Confidential Information shall not, however, include the existence of the Agreement or any information which the recipient can establish: (i) was or has become generally known or available or is part of the public domain without direct or indirect fault, action, or omission of the recipient; (ii) was known by the recipient prior to the time of disclosure, according to the recipient's prior written documentation; (iii) was received by the recipient from a source other than the discloser, rightfully having possession of and the right to disclose such information; (iv) was independently developed by the recipient, where such independent development has been documented by the recipient; or (v) is required to be disclosed under law including the California Public Records Act or a court order.
   f) "Content Delivery" means the delivery of Client Content to Active Users. Content Delivery volume is calculated as follows: size of Client Content (in gigabytes) multiplied by the number of Active Users receiving the Client Content.
   g) "Implementation" means implementation, deployment, and/or training relating to the Software.
   h) "Order" means a Product purchase in a schedule, statement of work, addendum, or amendment signed by both parties.
   i) "Products" means any and all Services, work product resulting from Services, and Software.
   j) "Service" means any service rendered by Cornerstone specifically to Client, including, but not limited to: (i) hosting of the Software; (ii) hosting, delivery, and/or distribution of eLearning content; (iii) provision of customer and/or technical support for the Software; (iv) Implementation; (v) development of Software functionality specially requested by Client; and/or (vi) any consulting service.
   k) "Software" means: (i) any and all of Cornerstone's proprietary web-based applications, including, without limitation, all updates, revisions, bug-fixes, upgrades, and enhancements thereto, as well as applications that have been modified in any way by Cornerstone at the request of a client; and (ii) application functionality provided by Cornerstone-contracted third parties.
   l) "Subscriber" means an Active User that accesses the Software for a flat fee.
   m) "Transaction" applies only to the Extended Enterprise Product and means a course registration, self-assessment, or task undertaken by an Active User who is grouped in a specially-designated organizational unit separate and apart from Subscribers. Unused Transactions expire upon the earlier of: (i) termination of the applicable Order; or (ii) one year from purchase date. For clarity, employees of Client or any of its Affiliates may only access the Software as Subscribers.
2. Cornerstone Obligations. In accordance with the terms and conditions of the Agreement, Cornerstone will: (i) make the Products available on a non-exclusive basis to Active Users via the Internet; (ii) maintain appropriate safeguards for protection of Client Data, including regular back-ups, security and incident response protocols, and application and infrastructure monitoring; and (iii)

not access, modify, or disclose Client Data, except as compelled by law, to prevent or address service or technical issues, or if otherwise permitted by Client.

3. Client Restrictions. Client may only use the Products for its own lawful, internal business purposes. Client shall not: (i) use or deploy the Software in violation of applicable laws or this Agreement; (ii) resell the Products except through Transactions; (iii) create any derivative works based upon the Products; (iv) reverse engineer, reverse assemble, decompile or otherwise attempt to derive source code from the Software or any part thereof (except to the extent that such restriction is not permitted under applicable law); (v) make the Products available to any unauthorized parties, including without limitation, competitors of Cornerstone; or (vi) perform, or release the results of, benchmark tests or other comparisons of the Products with other software, services, or materials. Should unexpected or inappropriate use of the Software (e.g., improperly formatted or constructed Client Content; extraordinary bandwidth usage; uploaded files that contain viruses, worms, spyware, or other malicious content; load tests, security scans, or penetration tests conducted without notice, etc.) result in denial of service with respect to the Software, Cornerstone may disable the implicated Client Content and/or deny access to Client's portal as necessary to remedy the issue. Client will be responsible for Active Users' compliance with the Agreement and liable for Active Users' breach thereof. Client will ensure that it has obtained all necessary consents and approvals for Cornerstone to access Client Data for the purposes permitted under this Agreement. If Client is in breach of this section, Cornerstone may suspend Services, in addition to any other rights and remedies Cornerstone may have at law or in equity.

4. Services. Each party agrees to: (i) provide the resources reasonably necessary to enable the performance of the Services; (ii) manage its project staffing, milestones, and attendance at status meetings; and (iii) ensure completion of its project deliverables and active participation during all phases of a Service project. The parties acknowledge that failure to cooperate during a Service project may delay delivery of the Service. If there is a delay, the party experiencing the delay will notify the other party as soon as reasonably practicable, and representatives of each party will meet to discuss the reason for the delay and applicable consequences. Changes beyond the scope of an Order and/or a party's delay in performing its obligations may require an amended Order. When Cornerstone notifies Client that a given project has been completed, Client shall either accept or reject the project based on whether the deliverables for that project have been performed in substantial and material accordance with the applicable Order. If Client: (i) fails to provide written notice of acceptance or rejection of the Service to Cornerstone within twenty (20) days of Cornerstone's notification that the project is complete; or (ii) with respect to an Implementation, uses the implemented Product in a live environment for a total of twenty (20) days, then the project will be deemed accepted.

5. Support. After Implementation is completed, Cornerstone shall provide the level of technical support stated in the applicable Order. Only the number of administrators set forth in the applicable support package (i.e., not all Subscribers) may contact Cornerstone for support. Client agrees to promptly provide Cornerstone with sufficient documentation, data and assistance with respect to any reported errors, and to reasonably cooperate with Cornerstone, in order for Cornerstone to comply with its support obligations hereunder. In no event shall Cornerstone be responsible or liable for any errors, bugs or other problems contained in or originating from hardware or software not provided by Cornerstone.

6. Fees and Payment. Client will be invoiced for fees according to the applicable Order. Payment of fees will be due within 30 days after the date of the invoice, except where an Order expressly prescribes other payment dates. Except where otherwise stated, all fees set forth in an Order are in U.S. dollars and must be paid in the currency set forth in the Order. Late payments hereunder will incur a late charge of 1.5% (or the highest rate allowable by law, whichever is lower) per month on the outstanding balance from the date due until the date of actual payment. In addition, Services are subject to suspension for failure to timely remit payment therefor. If travel is required to effect Services, Client shall reimburse Cornerstone for pre-approved, reasonable expenses arising from and/or relating to such travel, including, but not limited to, airfare, lodging, meals, and ground transportation.

7. Term and Termination.
   a) Term. The term of this Agreement runs from the Effective Date through the later of: (i) three (3) years; and (ii) expiration of the last Order.
   b) Termination for Cause. Either party may immediately terminate this Agreement if the other party materially breaches its obligations hereunder, and, where capable of remedy, such breach has not been materially cured within thirty (30) days of the breaching party's receipt of written notice describing the breach in reasonable detail.
   c) Bankruptcy Events. A party may immediately terminate this Agreement if the other party: (i) has a receiver appointed over it or over any part of its undertakings or assets; (ii) passes a resolution for winding up (other than for a bona fide scheme of solvent amalgamation or reconstruction), or a court of competent jurisdiction makes an order to that effect and such order is not discharged or stayed within

ninety (90) days; or (iii) makes a general assignment for the benefit of its creditors.

d) Effect of Termination. Immediately following termination of this Agreement, Client shall cease using all Products. Upon request, at no additional charge, Client may retrieve Client Data via Client's secure FTP site in the same format in which the Client Data was originally inputted into the Software. Alternatively, Client Data can be returned in a mutually agreed format at a scope and price to be agreed. Cornerstone will maintain a copy of Client Data for no more than six (6) months following termination of the Agreement, after which time any Client Data not retrieved will be destroyed.

8. Confidentiality. Each of the parties agrees: (i) not to disclose any Confidential Information to any third parties except as mandated by law and except to those subcontractors of Cornerstone providing Products hereunder who agree to be bound by confidentiality obligations no less stringent than those set forth in this Agreement; (ii) not to use any Confidential Information for any purposes except carrying out such party's rights and responsibilities under this Agreement; and (iii) to keep the Confidential Information confidential using the same degree of care such party uses to protect its own confidential information; provided, however, that such party shall use at least reasonable care. These obligations shall survive termination of this Agreement. If either party breaches any of its obligations with respect to confidentiality or the unauthorized use of Confidential Information hereunder, the other party shall be entitled to seek equitable relief to protect its interest therein, including but not limited to, injunctive relief, as well as money damages.
9. Intellectual Property. As between the parties, Cornerstone will and does retain all proprietary and intellectual property rights, title and interest in and to the Products. Client retains all proprietary and intellectual property rights, title and interest in and to Client Data and Client Content.
10. Indemnification.

a) Indemnification by Cornerstone. Cornerstone agrees to indemnify, defend, and hold harmless Client from and against any and all third party claims and causes of action, as well as related losses, liabilities, judgments, awards, settlements, damages, expenses and costs (including reasonable attorney's fees and related court costs and expenses) (collectively, "Damages") incurred or suffered by Client which directly relate to or directly arise out of the violation or infringement of any third-party intellectual property rights by Client's authorized use of the Products. The foregoing provisions of this section shall not apply to the extent the Damages relate to or arise out of: (i) Client Data; (ii) Client Content; or (iii) unauthorized or negligent use and/or alteration of the Products.

b) Indemnification by Client. Client agrees to indemnify, defend, and hold harmless Cornerstone from and against any and all Damages incurred or suffered by Cornerstone which directly relate to or directly arise out of the violation or infringement of any third-party intellectual property rights by Client Data or Client Content. The foregoing provisions of this section shall not be applicable to the extent the Damages relate to or arise from Cornerstone's use of Client Data or Client Content in violation of this Agreement.

c) Indemnification Procedures. To obtain indemnification, indemnitee shall: (i) give written notice of any claim promptly to indemnitor; (ii) give indemnitor, at indemnitor's option, sole control of the defense and settlement of such claim, provided that indemnitor may not, without the prior consent of indemnitee (not to be unreasonably withheld), settle any claim unless it unconditionally releases indemnitee of all liability; (iii) provide to indemnitor all available information and assistance; and (iv) not take any action that might compromise or settle such claim.

d) Infringement Cures. Should the Products or any part thereof become, or in Cornerstone's

reasonable opinion be likely to become, the subject of a claim for infringement of a third party intellectual property right, then Cornerstone shall, at its sole option and expense: (i) procure for Client the right to use and access the infringing or potentially infringing item(s) of the Software free of any liability for infringement; or (ii) replace or modify the infringing or potentially infringing item(s) of the Software with a non-infringing substitute otherwise materially complying with the functionality of the replaced system.

e) Exclusive Remedies. The remedies set forth in this section shall be exclusive with respect to any infringement claim hereunder.

11. Warranties. Each party represents and warrants to the other party that, as of the date hereof: (i) it has full power and authority to execute and deliver the Agreement; (ii) the Agreement has been duly authorized and executed by an appropriate employee of such party; (iii) the Agreement is a legally valid and binding obligation of such party; and (iv) its execution, delivery and/or performance of the Agreement does not conflict with any agreement, understanding or document to which it is a party. CORNERSTONE WARRANTS THAT ANY AND ALL SERVICES PROVIDED BY IT HEREUNDER SHALL BE PERFORMED IN A PROFESSIONAL MANNER CONSISTENT WITH PREVAILING INDUSTRY STANDARDS INCLUDING STANDARDS RELATING TO INFORMATION SECURITY, AND THAT THE SOFTWARE WILL PERFORM SUBSTANTIALLY IN MATERIAL ACCORDANCE WITH THE AGREEMENT AND APPLICABLE DOCUMENTATION PROVIDED BY CORNERSTONE. TO THE EXTENT PERMITTED BY APPLICABLE LAW, CORNERSTONE DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, STATUTORY OR OTHERWISE, INCLUDING WITHOUT LIMITATION WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT (EXCEPT FOR THE INFRINGEMENT INDEMNIFICATION PROVIDED HEREUNDER) AND ANY WARRANTIES ARISING FROM A COURSE OF DEALING, USAGE OR TRADE PRACTICE.

12. Liability.

a) Liability Cap. EXCEPT FOR (i) A PARTY'S INTELLECTUAL PROPERTY INDEMNIFICATION OBLIGATIONS; (ii) BREACH BY CLIENT OF SECTION "CLIENT RESTRICTIONS"; OR (iii) A PARTY'S WILLFUL MISCONDUCT, EACH PARTY'S MAXIMUM AGGREGATE LIABILITY ARISING OUT OF OR RELATING TO THIS AGREEMENT, REGARDLESS OF THE THEORY OF LIABILITY, WILL BE LIMITED TO THE TOTAL FEES PAID OR PAYABLE BY CLIENT TO CORNERSTONE HEREUNDER FOR THE TWELVE-MONTH PERIOD IMMEDIATELY PRECEDING THE DATE THE CAUSE OF ACTION AROSE. THE EXISTENCE OF MORE THAN ONE CLAIM SHALL NOT EXPAND SUCH LIMIT. THE PARTIES ACKNOWLEDGE THAT THE FEES AGREED UPON BETWEEN CLIENT AND CORNERSTONE ARE BASED IN PART ON THESE LIMITATIONS, AND THAT THESE LIMITATIONS WILL APPLY NOTWITHSTANDING ANY FAILURE OF ANY ESSENTIAL PURPOSE OF ANY LIMITED REMEDY. THE FOREGOING LIMITATION SHALL NOT APPLY TO A PARTY'S PAYMENT OBLIGATIONS UNDER THE AGREEMENT.

b) Exclusion of Consequential Damages. NEITHER PARTY WILL BE LIABLE FOR LOST PROFITS, LOST REVENUE, LOST BUSINESS OPPORTUNITIES, LOSS OF DATA, INTERRUPTION OF BUSINESS, PROVIDING REPLACEMENT SOFTWARE (EXCEPT AS SET FORTH IN SECTION "INFRINGEMENT CURES"), OR ANY OTHER INDIRECT, SPECIAL, PUNITIVE, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF OR RELATING TO THIS AGREEMENT, REGARDLESS OF THE THEORY OF LIABILITY, EVEN IF IT HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

13. Communications. Neither party shall issue any press release using the name of the other party as a customer or provider without the other party's consent (not to be unreasonably withheld or delayed).

14. Miscellaneous Provisions.

a) Governing Law; Jurisdiction. This Agreement will be governed by and construed in accordance with the laws of the State of California and the federal laws of the United States of America, without regard to conflict of law principles. Cornerstone and Client agree that any suit, action or proceeding arising out of, or with respect to, this Agreement or any judgment entered by any court in respect thereof shall be brought exclusively in the state or federal courts of the State of California located in

the County of Los Angeles, and each of Cornerstone and Client hereby irrevocably accepts the exclusive personal jurisdiction and venue of those courts for the purpose of any suit, action or proceeding.

b) Force Majeure. Neither party will be liable for any failure or delay in its performance under this Agreement due to any cause beyond its reasonable control, including without limitation acts of war, acts of God, earthquake, flood, weather conditions, embargo, riot, epidemic, acts of terrorism, sabotage, labor shortage or dispute, governmental act, failure of the Internet or other acts beyond such party's reasonable control, provided that the delayed party: (i) gives the other party prompt notice of such cause; and (ii) uses reasonable commercial efforts to correct promptly such failure or delay in performance.

c) Counterparts; Facsimile. This Agreement may be executed in any number of counterparts and in facsimile or electronically, each of which shall be an original but all of which together shall constitute one and the same instrument.

d) Entire Agreement. This Agreement contains the entire understanding of the parties in respect of its subject matter and supersedes all prior agreements and understandings (oral or written) between the parties with respect to such subject matter. Orders and the schedules and exhibits hereto constitute a part hereof as though set forth in full herein. Purchase orders submitted by Client are for Client's internal administrative purposes only, and the terms and conditions contained in those purchase orders will have no force and effect. Any modification, amendment, or addendum to this Agreement must be in writing and signed by both parties.

e) Assignment. Neither party may assign this Agreement or any of its rights, obligations, or benefits hereunder, by operation of law or otherwise, without the other party's prior written consent; provided, however, either party, without the consent of the other party, may assign this Agreement to an Affiliate or to a successor (whether direct or indirect, by operation of law, and/or by way of purchase, merger, consolidation or otherwise) to all or substantially all of the business or assets of such party, where the responsibilities or obligations of the other party are not increased by such assignment and the rights and remedies available to the other party are not adversely affected by such assignment. Subject to that restriction, this Agreement will be binding on, inure to the benefit of, and be enforceable against the parties and their respective successors and permitted assigns.

f) No Third Party Beneficiaries. The representations, warranties and other terms contained herein are for the sole benefit of the parties hereto and their respective successors and permitted assigns, and shall not be construed as conferring any rights on any other persons.

g) Statistical Data. Without limiting the confidentiality rights and intellectual property rights protections set forth in this Agreement, Cornerstone has the perpetual right to use aggregated, anonymized, and statistical data ("Statistical Data") derived from the operation of the Software, and nothing herein shall be construed as prohibiting Cornerstone from utilizing the Statistical Data for business and/or operating purposes, provided that Cornerstone does not share with any third party Statistical Data which reveals the identity of Client, Client's users, or Client's Confidential Information.

h) Suggestions. Cornerstone shall have a royalty-free, worldwide, perpetual license to use or incorporate into the Products any suggestions, ideas, enhancement requests, feedback, recommendations, or other information provided by Client or its users relating to the operation of the Products.

i) Responsibility for Third-Party Offerings. The Software may contain features capable of interoperating with third-party applications. To use such features, Client may be required to obtain access to such applications from a third-party provider. Cornerstone shall not be responsible for Client's access to, or operation of, third-party applications not offered or sold by Cornerstone to Client.

j) Export Controls. Client understands that the use of Cornerstone's Products is subject to U.S. export controls and trade and economic sanctions laws and agrees to comply with all such applicable laws and regulations, including the Export Administration Regulations maintained by the U.S. Department of Commerce, and the trade and economic sanctions maintained by the Treasury Department's Office of Foreign Assets Control.

k) Rule 10b-5 Limitations. Each party acknowledges that United States securities laws prohibit any person who has material, non-public information about a publicly-traded company from purchasing or selling securities of such company, or from communicating such information to any other person under circumstances in which it is reasonably foreseeable that such person is likely to purchase or sell securities of such company.

l) Severability. If any provision of this Agreement is held by a court or arbitrator of competent jurisdiction to be contrary to law, such provision shall be changed by the court or by the arbitrator and interpreted so as to best accomplish the objectives of the original provision to the fullest extent allowed by law, and the remaining provisions of this Agreement shall remain in full force and effect.

m) Notices. Any notice or communication required or permitted to be given hereunder may be delivered by hand, deposited with an overnight courier, sent by facsimile, or mailed by registered or certified mail, return receipt

requested and postage prepaid to the address for the other party first written above or at such other address as may hereafter be furnished in writing by either party hereto to the other party. Such notice will be deemed to have been given as of the date it is delivered, if by personal delivery; the next business day, if deposited with an overnight courier; upon receipt of confirmation of facsimile delivery (if followed up by such registered or certified mail); and five days after being so mailed.

n) Independent Contractors. Client and Cornerstone are independent contractors, and nothing in this Agreement shall create any partnership, joint venture, agency, franchise, sales representative or employment relationship between Client and Cornerstone. Each party understands that it does not have authority to make or accept any offers or make any representations on behalf of the other. Neither party may make any statement that would contradict anything in this section.

o) Subcontractors. Cornerstone shall notify Client of its use of any subcontractors to perform Client-specific Services. Cornerstone shall be responsible for its subcontractors' performance of Services under this Agreement.

p) Headings. The headings of the sections of this Agreement are for convenience only, do not form a part hereof, and in no way limit, define, describe, modify, interpret or construe its meaning, scope or intent.

q) Waiver. No failure or delay on the part of either party in exercising any right, power or remedy under this Agreement shall operate as a waiver, nor shall any single or partial exercise of any such right, power or remedy preclude any other or further exercise or the exercise of any other right, power or remedy.

r) Survival. Sections of the Agreement intended by their nature and content to survive termination of the Agreement shall so survive.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-382

RESOLUTION APPROVING AN EXCEPTION TO THE VILLAGE ONE SPECIFIC PLAN TO ALLOW FOR THE CONSTRUCTION OF A RESTROOM AND EXPANSION OF AN EXISTING BREAKROOM TO THE EXISTING BUILDING LOCATED AT 1612 CLAUS ROAD, MODESTO

WHEREAS, Government Code Section 65450 et. seq. permits cities and counties to adopt specific plans for the systematic implementation of the General Plan and to provide for a greater level of detail in planning sites or areas of special interest or value; and

WHEREAS, on October 16, 1990, the City Council, by Resolution No. 90-828A, adopted the Village One Specific Plan, to guide the development of 1,780 acres located in northeast Modesto; and

WHEREAS, Westurf Nursery ("Applicant") contacted the City to construct a restroom and expansion of an existing breakroom located at 1612 Claus Road, Modesto, CA ("Parcel"); and

WHEREAS, the Parcel is located within the ultimate boundaries of the City of Modesto Community Facilities District No. 2004-1 (Village One CFD #2); and

WHEREAS, the Village One Specific Plan states that no precise plan, final map, final development plan, building permit or other development entitlement for currently unvested property shall be consistent with this Specific Plan until and unless the affected parcel is required to form or annex to the Village One CFD #2; and

WHEREAS, the Village One Specific Plan does allow City to defer the requirement to form or annex to the Village One CFD if it meets the following criteria:

1) Residential properties of less than ten acres, until there is a land division, addition of any dwelling unit or change of use, or

2) The existing commercial properties in Precise Plan Area No. 2....unless there is a change of use, physical expansion of the existing buildings, construction of new buildings, or division of property; and

WHEREAS, Applicant did not meet above-referenced deferral criteria, staff recommended Council approve an exception to the Village One Specific Plan for the following reasons:

1) The project did not trigger the need for preparation of a Precise Plan,
2) The existing business was operating on the site before the Parcel was annexed into the City limits.
3) Circumstances had changed since the Village One CFD #2 was formed in 2004, reprioritization of the projects had occurred and the infrastructure that would be available to the Parcel was intended to be part of a separate and distinct financing mechanism to be developed and implemented in the future; and

WHEREAS, on October 25, 2011, the City Council, by Resolution No. 2011-406, approved a One-Time Exception to the Village One Specific Plan to construct a 5,496 square foot retail nursery building expansion; and

WHEREAS, on December 4, 2012, the City Council, by Resolution No. 2012-485, approved an Exception to the Village One Specific Plan to allow for the construction of shade structures; and

WHEREAS, Staff believes the determinations made in October 2011 and December 2012 apply in this situation and recommend that an additional exception be approved; and

WHEREAS, upon future development, the Parcel will be required to participate in a separate and distinct financing mechanism to be developed and implemented in the future;

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that is hereby approves an exception to the Village One Specific Plan to allow for the construction of a restroom and the expansion of an existing breakroom to the existing building located at 1612 Claus Road.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of October, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-383

RESOLUTION AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE NECESSARY PROGRAM DOCUMENTS ACCEPTING AB 109 FUNDS FROM THE STATE OF CALIFORNIA, BOARD OF STATE AND COMMUNITY CORRECTIONS (BSCC), FOR A -MINIMUM OF $209,814.37 FOR POLICE OVERTIME, SPECIALIZED TRAINING, EQUIPMENT, AND TECHNOLOGY

WHEREAS, California Assembly Bill 109 (AB 109), commonly called "Public Safety Realignment," was enacted in 2011, and

WHEREAS, individuals are eligible for local supervision if their most recent conviction was a non-violent, non-serious, and non-sexual offense and will be supervised under local probation departments as "Post-Release Community Supervision" (PRCS) offenders, and

WHEREAS, AB 109 has changed the responsibility of the PRCS offenders to local probation departments rather than state parole jurisdiction, and

WHEREAS, offenders are serving their sentences in local jails, rather than state prison, and

WHEREAS, on March 28, 2013, the Chiefs of Modesto, Oakdale, Turlock and Ceres to determine the allocation and use of the funds provided through the BSCC for front line law enforcement, and

WHEREAS, it was determined that the funding would be allocated via population using the formula similar to SDEA funding, and

WHEREAS, Modesto will receive a minimum of $209,814.37, and

WHEREAS, the Modesto Police Department will use the Public Safety Realignment Funds for police overtime, specialized training, equipment, and technology, and

WHEREAS, police overtime costs will be used for special interagency operations and target enforcements,

WHEREAS, the fiscal agent will be the City of Ceres, and

WHEREAS, each city receiving money will be required to report use of force data that results in death or hospitalization on a quarterly basis, and

WHEREAS, the term of this funding is October 1, 2015 to June 30, 2016, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the City Manager, or his designee, to execute the necessary program documents accepting AB 109 funds from the State of California, Board of State and Community Corrections (BSCC), for a mininum of $209,814.37 for police overtime, specialized training, equipment, and technology,

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of October, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-384

RESOLUTION AUTHORIZING THE DIRECTOR OF FINANCE, OR HER DESIGNEE, TO AMEND THE MULTI-YEAR 2015/2016 OPERATING BUDGET TO APPROPRIATE REVENUES AND EXPENDITURES OF AT LEAST $209,814.37 FOR THE CITY OF MODESTO'S AB 109 ALLOCATION FROM THE STATE OF CALIFORNIA, BOARD OF STATE AND COMMUNITY CORRECTIONS (BSCC) AND IMPLEMENT THE PROVISIONS OF THIS RESOLUTION

WHEREAS, California Assembly Bill 109 (AB 109), commonly called "Public Safety Realignment," was enacted in 2011, and

WHEREAS, individuals are eligible for local supervision if their most recent conviction was a non-violent, non-serious, and non-sexual offense and will be supervised under local probation departments as "Post-Release Community Supervision" (PRCS) offenders, and

WHEREAS, AB 109 has changed the responsibility of the PRCS offenders to local probation departments rather than state parole jurisdiction, and

WHEREAS, offenders are serving their sentences in local jails, rather than state prison, and

WHEREAS, on March 28, 2013, the Chiefs of Modesto, Oakdale, Turlock and Ceres to determine the allocation and use of the funds provided through the BSCC for front line law enforcement, and

WHEREAS, it was determined that the funding would be allocated via population using the formula similar to SDEA funding, and

WHEREAS, Modesto will receive a minimum of $209,814.37, and

WHEREAS, the Modesto Police Department will use the Public Safety Realignment Funds for police overtime, specialized training, equipment, and technology, and

WHEREAS, police overtime costs will be used for special interagency operations and target enforcements, and

WHEREAS, the term of this funding is October 1, 2015 to June 30, 2016, and

WHEREAS, these funds result in increased revenue and offsetting expenses to the City for a minimum of $209,81.37 and these funds will reside in Multi-Year Operating Account 1342-19998-42131-100902,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Director of Finance, or her designee, to amend the Multi-Year 2015/2016 Operating Budget to appropriate revenues and expenditures of at least $209,814.37 for the City of Modesto's AB 109 allocation from the State of California, Board of State and Community Corrections (BSCC) and implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of October 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015 - 385

RESOLUTION AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE NECESSARY GRANT DOCUMENTS AND ACCEPTING THE EDWARD BYRNE MEMORIAL JUSTICE ASSISTANCE GRANT, FOR A JOINT AWARD WITH THE COUNTY OF STANISLAUS AND THE CITY OF MODESTO IN THE AMOUNT OF $143,219

WHEREAS, on June 23, 2015, the City Council, by Resolution No. 2015-208, approved a Memorandum of Agreement between the County of Stanislaus and the City of Modesto for a joint application to the Edward Byrne Memorial Justice Assistance Grant Formula Program in the amount of $143,219, and

WHEREAS, the City of Modesto will use its allocation of $112,491 to purchase 800 Mhz Radios, and

WHEREAS, the County of Stanislaus will use its allocation of $27,249 for the Probation Department and the Sheriff's Operations Division, and

WHEREAS, the Memorandum of Agreement states that the City agrees to provide the County with a quarterly financial and programmatic report not later than fifteen calendar days after the end of each quarter, and

WHEREAS, the project start period is October 1, 2014, and there is a statutory four-year period within which to spend the funds, and

WHEREAS, the Memorandum of Agreement was approved at the Board of Supervisors meeting on June 9, 2015,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the City Manager, or his designee, to execute the necessary grant documents and accepting the Edward Byrne Memorial Justice Assistance

Grant, for a joint award with the County of Stanislaus and the City of Modesto in the amount of $143,219.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-387

RESOLUTION AUTHORIZING THE PURCHASE OF FOUR (4) TRANSIT BUSES FOR THE MODESTO AREA EXPRESS (MAX) TRANSIT SERVICE FROM GILLIG LLC, AND AUTHORIZING THE PURCHASING MANAGER, OR HIS DESIGNEE, TO EXECUTE A PURCHASE ORDER FOR A TOTAL ESTIMATED COST OF $2,202,140

WHEREAS, the City desires to purchase four (4) transit buses for use with its Modesto Area Express (MAX) fixed route transit system, and

WHEREAS, on January 7, 2014, the City adopted Resolution 2014-20 approving an agreement with Gillig LLC for the purchase of up to thirty (30) buses over a five year period, and

WHEREAS, to date the City has purchased twenty-two (22) buses under said agreement, all of which have been delivered and are operating satisfactorily, and

WHEREAS, Gillig LLC has provided the City of Modesto with a total price for four (4) new low floor transit buses based on the prices contained in the agreement between the City and Gillig LLC, and

WHEREAS Gillig LLC will furnish the four (4) buses at an estimated price, Freight on Board (F.O.B.) Modesto, including state and local sales taxes, of Two Million, Two Hundred Two Thousand, One Hundred Forty and No One-Hundredths Dollars ($2,202,140), and

WHEREAS, the final price will be determined after pre-production meetings, and other discussions between City staff and Gillig LLC.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the purchase of four (4) transit buses for the Modesto Area

Express (MAX) transit service from Gillig LLC and authorizes the Purchasing Manager, or his designee, to execute a purchase order for a total estimated cost of $2,202,140.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of October, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-388

RESOLUTION AMENDING THE FISCAL YEAR 2015-2016 OPERATING BUDGET IN THE AMOUNT OF $2,251,640 TO FUND THE TOTAL PROJECT COST INCLUDING INITIAL PURCHASE, POST-DELIVERY EQUIPMENT ADDITIONS AND CONTINGENCY

WHEREAS, certain budgetary transactions are necessary in the amount of $2,251,640, in order to fund the purchase of four transit buses from Gillig, LLC, and

WHEREAS, the Fiscal Year 2015-2016 Operating Budget must be amended as shown in **Exhibit A**, which is incorporated by reference herein.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the amendment of the Fiscal Year 2015-2016 Operating Budget as shown in **Exhibit A**.

BE IT FURTHER RESOLVED that the Director of Finance, or her designee, is hereby authorized to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of October, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

Exhibit A

Amend the FY 15/16 Operating Budget to fund the purchase of four (4) transit buses as follows:

1. Increase appropriations in fund 4560 (Bus Purchases) in the amount of $2,251,640.
2. To fund this purchase recognize revenue in the amounts of:
   - $1,453,804 – Prop 1B Transit Funds
   - $387,092 – Federal Transit Administration
   - $410,744 – Transportation Development Act

CONTRACT AGREEMENT FOR PROCUREMENT OF TRANSIT BUSES

THIS AGREEMENT is made as of the 7th day of January, 2014, by and between the City of Modesto (AGENCY) and GILLIG, LLC ("CONTRACTOR").

WHEREAS, the AGENCY desires to purchase a minimum of 9 and a maximum of 30 buses (which bus quantities may be assigned to other public agencies) to be delivered over the term of the Contract and has participated in the Request for Proposals RFP 2012-MA-02 dated December 26, 2012, a copy of which is attached and incorporated as Exhibit A; and

WHEREAS, the CONTRACTOR desires to furnish such services and submitted a written proposal dated April 26, 2013 a copy of which is attached and incorporated as Exhibit B.

NOW, THEREFORE, THE PARTIES AGREE AS FOLLOWS:

1. RENDITION OF SERVICES

The CONTRACTOR agrees to provide services to the AGENCY in accordance with the terms and conditions of this Agreement.

2. SCOPE OF WORK

The Contractor shall perform all work and furnish all the labor, materials, tools, equipment, services, and incidentals as set forth in Exhibit A, as supplemented by Exhibit B, except when inconsistent with Exhibit A.

3. TERM OF AGREEMENT

The term of this Agreement will be for a five-year period commencing upon the AGENCY'S issuance of a written Notice to Proceed or unless sooner terminated pursuant to Section 22 of this Agreement. The CONTRACTOR shall furnish the AGENCY with all the materials, equipment and services called for under this Agreement, and perform all other work, if any, described in the Contract Specifications.

It is further understood that the term of Contract is subject to the AGENCY'S right to terminate the Contract in accordance with Section 22 of this Agreement.

4. OWNERSHIP OF WORK

All reports, designs, drawings, plans, specifications, schedules, and other materials prepared, or in the process of being prepared for the services to be performed by CONTRACTOR are and shall be the property of the AGENCY. The AGENCY shall be entitled to copies and access to these materials during the progress of the work. Any such materials remaining in the hands of the CONTRACTOR or in the hands of any subcontractor upon completion or termination of the work shall be immediately delivered to the AGENCY. If any materials are lost, damaged, or destroyed before final delivery to the AGENCY, the CONTRACTOR shall replace them at its own expense and the CONTRACTOR assumes all risks of loss, damage, or destruction of or to such materials. The CONTRACTOR may retain a copy of all material produced under this Agreement for its use in its general business activities.

5. CONFIDENTIALITY

Any AGENCY materials to which the CONTRACTOR has access or materials prepared by the CONTRACTOR during the course of this Agreement ("confidential information") shall be held in confidence by the CONTRACTOR, who shall exercise all reasonable precautions to prevent the disclosure of confidential information to anyone except the officers, employees and agents of the CONTRACTOR as necessary to accomplish the rendition of services set forth in Section 2 of this Agreement.

The CONTRACTOR shall not release any reports, information, or promotional materials prepared in connection with this Agreement, whether deemed confidential or not, without the approval of the AGENCY'S General Manager.

6. USE OF SUBCONTRACTORS

The CONTRACTOR shall not subcontract any services to be performed by it under this Agreement without the prior written approval of the AGENCY, except for service firms engaged in drawing, reprographics, typing, and printing. The CONTRACTOR shall be solely responsible for reimbursing any subcontractors and the AGENCY shall have no obligation to them.

7. CONTRACTOR'S KEY PERSONNEL

It is understood and agreed by the parties that at all times during the term of this Agreement that Javier Hernandez Jr shall serve as the primary staff person of CONTRACTOR to undertake, render, and oversee all of the services under this Agreement.

8. CHANGES

The AGENCY may, make changes at any time, by written order, within the scope of services described in this Agreement. If such changes cause an increase or decrease in the budgeted cost of or the time required for performance of the agreed upon work, an equitable adjustment as mutually agreed shall be made in the limit on compensation as set forth in Section 16 of this Agreement. In the event that CONTRACTOR encounters any unanticipated conditions or contingencies that may affect the scope of work or services and result in an adjustment in the amount of compensation specified herein, or identifies any AGENCY conduct (including actions, inaction, and written or oral communications other than a formal contract modification) that the CONTRACTOR regards as a change to the contract terms and conditions, CONTRACTOR shall so advise the AGENCY immediately upon notice of such condition or contingency. The written notice shall explain the circumstances giving rise to the unforeseen condition or contingency and shall set forth the proposed adjustment in compensation. This notice shall be given to the AGENCY prior to the time that CONTRACTOR performs work or services related to the proposed adjustment in compensation. The pertinent changes shall be expressed in a written supplement to this Agreement prior to implementation of such changes. Failure to provide written notice and receive AGENCY approval for extra work prior to performing extra work may, at the AGENCY'S sole discretion, result in nonpayment of the invoices reflecting such work.

9. CLAIMS OR DISPUTES

The CONTRACTOR shall be solely responsible for providing timely written notice to AGENCY of any claims for additional compensation and/or time in accordance with the provisions of this Agreement. It is the AGENCY'S intent to investigate and attempt to resolve any CONTRACTOR claims before the CONTRACTOR has performed any disputed work. Therefore, CONTRACTOR's failure to provide timely notice shall constitute a waiver of CONTRACTOR's claims for additional compensation and/or time.

The CONTRACTOR shall not be entitled to the payment of any additional compensation for any cause, including any act, or failure to act, by the AGENCY, or the failure or refusal to issue a modification, or the happening of any event, thing, or occurrence, unless it has given the AGENCY due written notice of potential claim. The potential claim shall set forth the reasons for which the CONTRACTOR believes additional compensation may be due, the nature of the costs involved, and the amount of the potential claim.

If based on an act or failure to act by the AGENCY, such notice shall be given to the AGENCY prior to the time that the CONTRACTOR has started performance of the work giving rise to the potential claim for additional compensation. In all other cases, notice shall be given within 10 days after the happening of the event or occurrence giving rise to the potential claim.

If there is a dispute over any claim, the CONTRACTOR shall continue to work during the dispute resolution process in a diligent and timely manner as directed by the AGENCY, and shall be governed by all applicable provisions of the Contract. The CONTRACTOR shall maintain cost records of all work which is the basis of any dispute.

If an agreement can be reached which resolves the CONTRACTOR claim, the parties will execute a Contract modification to document the resolution of the claim. If the parties cannot reach an agreement with respect to the CONTRACTOR claim, they may choose to pursue a dispute resolution process or termination of the contract.

10. DISADVANTAGED BUSINESS ENTERPRISES

The AGENCY, as a recipient of Federal financial assistance from the Federal Transit Administration (FTA) and the Federal Highway Administration (FHWA), is committed to and has adopted a Disadvantaged Business Enterprise (DBE) Program for Contracts in accordance with Federal regulations 49 CFR §26, issued by the U.S. Department of Transportation (DOT).

It is the policy of the AGENCY to ensure non-discrimination in the award and administration of all contracts and to create a level playing field on which Disadvantaged Business Enterprises (DBE) can compete fairly for contracts and subcontracts relating to the AGENCY'S construction, procurement, and professional services activities. To this end, the AGENCY has developed procedures to remove barriers to DBE participation in the bidding and award process and to assist DBEs to develop and compete successfully outside of the DBE Program. Concerning the performance of this contract, the CONTRACTOR will cooperate with the AGENCY in meeting these commitments and objectives.

Pursuant to 49 CFR §26.13, and as a material term of any agreement with the AGENCY, the CONTRACTOR hereby makes the following assurance and agrees to include this assurance in any agreements it makes with subcontractors in the performance of this contract:

> "The CONTRACTOR or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The CONTRACTOR shall carry out applicable requirements of 49 CFR §26 in the award and administration of U.S. DOT-assisted contracts. Failure by the CONTRACTOR or subcontractor to carry out these requirements is a material breach of this Contract, which may result in the termination of this Contract or such other remedy, as the AGENCY deems appropriate."

11. EQUAL EMPLOYMENT OPPORTUNITY (EEO)

In connection with the performance of this Agreement the CONTRACTOR shall not discriminate against any employee or applicant for employment because of race, color, religion, national origin, ancestry, sex, gender, sexual orientation, age (over 40), marital status, pregnancy, medical condition, or disability as specified in federal, State, and local laws. The CONTRACTOR shall take affirmative actions to ensure that applicants are employed, and that employees are treated during their employment, without regard to their race, religion, color, sex, disability, or national origin. Such actions shall include, but not be limited to, the following: employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. CONTRACTOR further agrees to insert a similar provision in all subcontracts, except subcontracts for standard commercial supplies or raw materials.

12. CONFLICT OF INTEREST

Depending on the nature of the work performed, a CONTRACTOR of the AGENCY is subject to the same conflict of interest prohibitions established by the Federal Transit Administration and California law that govern AGENCY employees and officials (Cal. Govt. Code Section 1090 et seq. and Cal. Govt. Code Section 87100 et seq.). During the proposal process or the term of the Agreement, CONTRACTOR and their employees may be required to disclose financial interests.

The CONTRACTOR warrants and represents that it presently has no interest and agrees that it will not acquire any interest that would present a conflict of interest under California Government Code §1090 et seq. or §87100 et seq. during the performance of services under this Agreement. The CONTRACTOR further covenants that it will not knowingly employ any person having such an interest in the performance of this Agreement. Violation of this provision may result in this Agreement being deemed void and unenforceable.

Depending on the nature of the work performed, CONTRACTOR may be required to publicly disclose financial interests under the AGENCY's Conflict of Interest Code. Upon receipt, the CONTRACTOR agrees to promptly submit a Statement of Economic Interest on the form provided by AGENCY.

No person previously in the position of Director, Officer, employee or agent of the AGENCY may act as an agent or attorney for, or otherwise represent the CONTRACTOR by making any formal or informal appearance, or any oral or written communication, before the AGENCY, or any Officer or employee of the AGENCY, for a period of twelve months after leaving office or employment with the AGENCY if the appearance or communication is made for the purpose of influencing any action involving the issuance, amendment, award or revocation of a permit, license, grant, or contract.

13. PROHIBITED INTEREST

No member, officer, or employee of the AGENCY during his or her tenure or for one year after that tenure shall have any interest, direct or indirect, in this Agreement or the proceeds under this Agreement, nor shall any such person act as an agent or attorney for, or otherwise represent, a Bidder or Contractor/Consultant by making a formal or informal appearance, or any oral or written communication, before the AGENCY, or any officer or employee of the AGENCY, for a period of one year after leaving office or employment with the AGENCY if the appearance or communication is made for the purpose of influencing any action involving the issuance, amendment, award or revocation of a Contract.

14. RESPONSIBILITY: INDEMNIFICATION

The CONTRACTOR shall indemnify, keep and save harmless the AGENCY, and its directors, officers, agents and employees against any and all suits, claims, or actions arising out of any injury to persons or property, including but not limited to damages arising from the infringement of intellectual property rights of third parties, that may occur, or that may be alleged to have occurred, arising from the performance of this Agreement by the CONTRACTOR caused by a negligent act or omission of the CONTRACTOR or its employees, subcontractors or agents. The CONTRACTOR further agrees to defend any and all such actions, suits, or claims and pay all charges of attorneys and all other incurred costs and expenses. If any judgment is rendered against the AGENCY or any of the other individuals enumerated above in any such action, CONTRACTOR shall, at its expense, satisfy and discharge the same. This indemnification shall survive termination or expiration of this Agreement.

15. INSURANCE

The insurance requirements specified in this section shall apply to CONTRACTOR and any subcontractors, suppliers, temporary workers, independent contractors, leased employees, or any other persons, firms or corporations that CONTRACTOR authorizes to work under this Agreement (hereinafter collectively referred to as "Agents"). CONTRACTOR is required to procure and maintain at its sole cost and expense the insurance coverages subject to all of the requirements set forth below. CONTRACTOR is also

required to assess the risks associated with the work to be performed by Agents under subcontract and to include in every subcontract the requirement that the Agent maintain adequate insurance coverages with appropriate limits and endorsements to cover risks; the limit for the commercial general liability insurance in each subcontract shall not be less than **$1 million**. Such insurance shall remain in full force and effect throughout the term of this Agreement. To the extent that any Agent does not procure and maintain such insurance coverage, CONTRACTOR shall be responsible for said coverage and assume any and all costs and expenses that may be incurred in securing said coverage or in fulfilling CONTRACTOR's indemnity obligation as to itself or any of its Agents in the absence of coverage. In the event CONTRACTOR or its Agents procure excess or umbrella coverage to maintain certain requirements outlined below, these policies shall also satisfy all specified endorsements and stipulations, including provisions that the CONTRACTOR's insurance be primary without any right of contribution from the AGENCY. Prior to beginning work under this contract, CONTRACTOR shall provide the AGENCY with satisfactory evidence of compliance with the insurance requirements of this section.

A. Types of Insurance

1. Workers' Compensation and Employers' Liability Insurance

a. Workers' Compensation with Statutory Limits, as required by Section 3700 et seq. of the California Labor Code, or any subsequent amendments or successor acts thereto governing the liability of employers to their employees.

b. Employer's Liability coverage with minimum limits of **$1 million**.

c. Such insurance shall include the following endorsement as further detailed in the Endorsements Section below:

- Waiver of Subrogation.

2. Commercial General Liability Insurance

Commercial General Liability insurance for bodily injury and property damage coverage with a combined single limit for bodily injury and property damage of at least **$1 million** per occurrence or claim and a general aggregate limit of at least **$1 million**. Such insurance shall cover all of CONTRACTOR's operations both at and away from the project site.

a. . This insurance shall include coverage for, but not be limited to:

- Premises and operations.
- Products and completed operations.
- Contractual liability.
- Personal injury.
- Advertising injury.
- Explosion, collapse, and underground coverage (xcu).
- Broad form property damage.

b. . Such insurance shall include the following endorsements as further detailed in the Endorsements Section below:

- Additional Insured.
- Cross Liability or Severability of Interests Clause.
- Primary and Non-Contributory wording.
- Waiver of Subrogation.

Products and completed operations insurance shall be maintained for three years following termination of this Agreement.

3. Automobile Liability Insurance

Business Automobile Liability insurance providing bodily injury and property damage with a combined single limit of at least $1 **million** per occurrence.

a. This insurance shall include coverage for, but not be limited to:

- All Owned vehicles.
- Non-owned vehicles.
- Hired or rental vehicles.

b. Such insurance shall include the following endorsements as further detailed in the Endorsements Section below:

- Additional Insured.
- Primary and Non-Contributory wording.
- Waiver of Subrogation.

4. Property Insurance

Property and/or transit insurance, whichever is applicable, with Special Form coverage including theft but excluding earthquake, with limits at least equal to the replacement cost of the property described below.

a. This insurance shall include coverage for, but not be limited to:

- CONTRACTOR's own business personal property and equipment to be used in performance of this Agreement.
- Materials or property to be purchased and/or installed on behalf of the AGENCY, if any.
- Debris removal.
- Builders risk for property in the course of construction.

b. Such insurance shall include the following endorsement as further detailed in the Endorsements Section below:

- Waiver of Subrogation.

B. Endorsements

1. Additional Insured

The referenced policies and any Excess or Umbrella policies shall include as Additional Insureds the AGENCY and its directors, officers, employees, volunteers and agents while acting in such capacity, and their successors or assignees, as they now, or as they may hereafter be constituted, singly, jointly or severally.

2. Waiver of Subrogation

The referenced policies and any Excess or Umbrella policies shall contain a waiver of subrogation in favor of the AGENCY and its officers, directors, employees, volunteers and agents while acting in such capacity, and their successors and assignees, as they now, or as they may hereafter be constituted, singly, jointly or severally.

3. Primary Insurance

The referenced policies and any Excess or Umbrella policies shall indicate that they are primary to any other insurance and the insurance company(ies) providing such policy(ies) shall be liable thereunder for the full amount of any loss or claim, up to and including the total limit of liability, without right of contribution from any of the insurance affected or which may be affected by the AGENCY.

4. Severability of Interests or Cross Liability

The referenced policies and any Excess or Umbrella policies shall contain either a Cross Liability endorsement or Severability of Interests Clause and stipulate that inclusion of the AGENCY as an Additional Insured shall not in any way affect AGENCY's rights either as respects any claim, demand, suit or judgment made, brought or recovered against the CONTRACTOR. Said policy shall protect CONTRACTOR and the AGENCY in the same manner as though a separate policy had been issued to each, but nothing in said policy shall operate to increase the insurance company's liability as set forth in its policy beyond the amount or amounts shown or to which the insurance company would have been liable if only one interest had been named as an insured.

C. Evidence Of Insurance

All Coverages - Prior to commencing work or entering onto the Property, CONTRACTOR shall provide the Director of Maintenance of the AGENCY with a certificate evidencing coverage, and upon request, a certified duplicate original of the policy. The certificate shall also show that the CONTRACTORS' policy(ies) will not be cancelled or coverage altered without 30 days prior written notice to the AGENCY's Director of Maintenance.

D. General Provisions

1. Notice of Cancellation

The policies shall provide that the CONTRACTORS' policies will not be cancelled or have limits reduced or coverage altered without 30 days prior written notice to the AGENCY's Director of Maintenance.

2. Acceptable Insurers

All policies will be issued by insurers acceptable to the AGENCY (generally with a Best's Rating of A- 10 or better).

3. Self-insurance

Upon evidence of financial capacity satisfactory to the AGENCY and CONTRACTOR's agreement to waive subrogation against the AGENCY respecting any and all claims that may arise, CONTRACTOR's obligation hereunder may be satisfied in whole or in part by adequately funded self-insurance.

4. Failure to Maintain Insurance

All insurance specified above shall remain in force until all work to be performed is satisfactorily completed, all of CONTRACTOR's personnel and equipment have been removed from the AGENCY property, and the work has been formally accepted. The failure to procure or maintain required insurance and/or an adequately funded self-insurance program will constitute a material breach of this Agreement.

E. Claims Made Coverage

If any insurance specified above shall be provided on a claim-made basis, then in addition to coverage requirements above, such policy shall provide that:

1. Policy retroactive date coincides with or precedes the CONTRACTOR's start of work (including subsequent policies purchased as renewals or replacements).

2. CONTRACTOR shall make every effort to maintain similar insurance for at least three years following project completion, including the requirement of adding all named insureds.

3. If insurance is terminated for any reason, CONTRACTOR agrees to purchase an extended reporting provision of at least three years to report claims arising from work performed in connection with this Agreement.

4. Policy allows for reporting of circumstances or incidents that might give rise to future claims.

F. Deductibles and Retentions

CONTRACTOR shall be responsible for payment of any deductible or retention on CONTRACTOR's policies without right of contribution from the AGENCY.

16. COMPENSATION

The CONTRACTOR agrees to perform all the services included in Section 2, in accordance with the cost information provided in its Cost Proposal included in Exhibit B, which shall include all labor, materials, taxes, profit, overhead, insurance, delivery costs, subcontractor costs, and other costs and expenses incurred by the CONTRACTOR.

The Contractor's Base Offer per Bus as submitted on Appendix B, Cost Proposal, shall remain firm during the first 180 days of the Contract. After the initial 180 days of the Contract, the Contractor will be allowed, upon written request, to adjust prospectively the Base Offer per Bus based on the Producer Price Index (PPI). If requested, the Base Offer per Bus shall be that quoted plus/minus any adjustment which will be calculated based on the U.S. Department of Labor/Bureau of Labor Statistics Producer Price Index (PPI) Category 1413, "Trucks and Bus Bodies" formula as described in the Section 13.T of the RFP. However, in no event will the price(s) for any order issued exceed, by more than five percent, the price(s) that would have been in effect 12 months prior to the date of issuance of the order.

17. MANNER OF PAYMENT

AGENCY shall pay the full price of each bus upon issuance of final acceptance of the bus and receipt of an approved invoice, as provided for in the RFP. Invoice entries shall conform to the rates specified in the Cost Proposal set forth in Exhibit B, as agreed upon. The AGENCY will endeavor to pay approved invoices within 30 days of their receipt. Invoices shall be mailed or delivered to the AGENCY.

18. CONTRACTOR'S STATUS

Neither the CONTRACTOR nor any party contracting with the CONTRACTOR shall be deemed to be an agent or employee of the AGENCY. The CONTRACTOR is and shall be an independent CONTRACTOR and the legal relationship of any person performing services for the CONTRACTOR shall be one solely between that person and the CONTRACTOR.

19. ASSIGNMENT

The CONTRACTOR shall not assign any of its rights nor transfer any of its obligations under this Agreement without the prior written consent of the AGENCY.

20. AGENCY WARRANTIES

The AGENCY makes no warranties, representations, or agreements, either express or implied, beyond such as are explicitly stated in this Agreement.

21. AGENCY REPRESENTATIVE

Except when approval or other action is required to be given or taken by the Board of Directors of the AGENCY, the AGENCY'S Director of Maintenance or such person or persons as they shall designate in writing from time to time, shall represent and act for the AGENCY.

22. TERMINATION

The AGENCY shall have the right to terminate this Agreement at any time by giving written notice to the CONTRACTOR. Upon receipt of such notice, the CONTRACTOR shall not commit itself to any further expenditure of time or resources.

If the Agreement is terminated for any reason other than a default by CONTRACTOR, the AGENCY shall pay to CONTRACTOR in accordance with the provisions of Sections 16 and 17 all sums actually due and owing from the AGENCY for all services performed and all expenses incurred up to the day written notice of termination is given, plus any costs reasonably and necessarily incurred by CONTRACTOR to effect such or termination. If the Agreement is terminated for default, the AGENCY shall only pay CONTRACTOR the contract price for goods delivered and accepted in accordance with the requirements set forth in this contract.

23. MAINTENANCE, AUDIT AND INSPECTION OF RECORDS

The CONTRACTOR shall permit the authorized representatives of the AGENCY, to inspect, audit, make copies and transcriptions of books and all data and records of the CONTRACTOR relating to its performance under the Agreement. CONTRACTOR shall maintain all such records for a period of three years after the AGENCY makes final payment under this Agreement.

24. NOTICES

All communications relating to the day to day activities of the project shall be exchanged between the AGENCY'S designee, and the CONTRACTOR's.

All other notices and communications deemed by either party to be necessary or desirable to be given to the other party shall be in writing and may be given by personal delivery to a representative of the parties or by mailing the same postage prepaid, addressed as follows:

If to the AGENCY: Attn: Greg Nyhoff
City Manager / City of Modesto
P.O. Box 642
Modesto, CA 95353

If to the CONTRACTOR: Attn: Joseph Policarpio
Vice President Sales and Marketing
25800 Clawiter Rd
Hayward, CA 94545

The address to which mailings may be made may be changed from time to time by notice mailed as described above. Any notice given by mail shall be deemed given on the day after that on which it is deposited in the United States Mail as provided above.

25. ATTORNEYS' FEES

If any legal proceeding should be instituted by either of the parties to enforce the terms of this Agreement or to determine the rights of the parties under this Agreement, the prevailing party in said proceeding shall recover reasonable attorneys' fees, in addition to all court costs.

26. APPLICABLE LAW

This Agreement, its interpretation and all work performed under it shall be governed by the laws of the State of California.

The CONTRACTOR must comply with all federal, State, and local laws, rules, and regulations applicable to the Agreement and to the work to be done hereunder, including all rules and regulations of the AGENCY.

27. RIGHTS AND REMEDIES OF THE AGENCY

The rights and remedies of the AGENCY provided herein shall not be exclusive and are in addition to any other rights and remedies provided by law or under the Agreement.

28. BINDING ON SUCCESSORS

All of the terms, provisions, and conditions of this Agreement shall be binding upon and insure to the benefit of the parties and their respective successors, assigns and legal representatives.

IN WITNESS WHEREOF, the City of Modesto, a municipal corporation, has caused this Agreement to be executed by its City Manager and attested by its City Clerk under the authority of Resolution No. 2014-20 Nxxxxxx, adopted by the Council of the City of Modesto on the 7 day of January, 2014, and CONTRACTOR has caused this Agreement to be executed

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-389

RESOLUTION AUTHORIZING THE CITY MANAGER, OR HIS DESIGNIEE, TO EXECUTE THE NECESSARY PROGRAM DOCUMENTS ACCEPTING THE STATE SUPPLEMENTAL LAW ENFORCEMENT GRANT, IN THE AMOUNT OF AT LEAST $100,000, FROM THE STATE SUPPLEMENTAL LAW ENFORCEMENT SERVICES FUND FOR POLICE OVERTIME, TRAINING, TECHNOLOGY, AND EQUIPMENT

WHEREAS, in 1996, the State Legislature passed, and the Governor signed, Assembly Bill 3229, the Supplemental Law Enforcement Services Act, and

WHEREAS, the purpose of the law is to provide additional resources for local law enforcement, and

WHEREAS, Supplemental Law Enforcement Services Fund (SLESF) monies cannot be transferred to, or intermingled with, the monies in any other fund except that monies may be transferred from the SLESF to the City's General Fund to the extent necessary to facilitate the appropriation and expenditure of funds, and

WHEREAS, SLESF monies cannot be used to supplant existing budgeted funds, and

WHEREAS, a SLESF has been established in each county, and

WHEREAS, the funding for each county and city is based upon proportionate population, and

WHEREAS, the allocation to the City of Modesto, for Fiscal Year (FY) 2015/2016, of at least $100,000, to be made in four installments of $25,000 each, and

WHEREAS, the City Council is required to hold a public hearing to consider and approve the SLESF Expenditure Plan,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the City Manager, or his designee, to execute the necessary program documents accepting the State Supplemental Law Enforcement Grant, in the amount of at least $100,000, from the State Supplemental Law Enforcement Services Fund for police overtime, training, technology, and equipment.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of October, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-390

RESOLUTION AUTHORIZING THE DIRECTOR OF FINANCE, OR HER DESIGNEE, TO AMEND THE FISCAL YEAR 2015/2016 MULTI-YEAR OPERATING BUDGET TO APPROPRIATE REVENUES AND EXPENDITURES OF AT LEAST $100,000 FOR THE CITY OF MODESTO'S ALLOCATION FROM THE STATE SUPPLEMENTAL LAW ENFORCEMENT SERVICES FUND

WHEREAS, in 1996, the State Legislature passed, and the Governor signed, Assembly Bill 3229, the Supplemental Law Enforcement Services Act, and

WHEREAS, the purpose of the law is to provide additional resources for local law enforcement, and

WHEREAS, Supplemental Law Enforcement Services Fund (SLESF) monies cannot be transferred to, or intermingled with, monies in any other fund except that monies may be transferred from the SLESF to the City's General Fund to the extent necessary to facilitate the appropriation and expenditure of funds, and

WHEREAS, SLESF monies cannot be used to supplant existing budgeted funds, and

WHEREAS, a SLESF has been established in each county, and

WHEREAS, the funding for each county and city is based upon proportionate population, and

WHEREAS, the allocation to the City of Modesto for Fiscal Year (FY) 2015/2016 of at least $100,000, to be made in four installments of $25,000 each, and

WHEREAS, the City Council is required to hold a public hearing to consider and approve the SLESF Expenditure Plan,

WHEREAS, the adopted FY 2015/2016 Police SLESF allocation in the amount of at least $100,000 will be applied to account number 1340-19998-42140-100901,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves authorizing the Director of Finance, or her designee, to amend the Fiscal Year 2015/2016 Multi-Year Budget to appropriate revenues and expenditures of at least $100,000 for the City of Modesto's allocation from the State Supplemental Law Enforcement Services Fund as shown in **Exhibit A** attached hereto.

RESOLUTION NO. 2015-391

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MODESTO AUTHORIZING THE APPROVAL OF A TERM SHEET RELATING TO THE ISSUANCE OF WASTEWATER REFUNDING OBLIGATIONS AND AUTHORIZING THE NEGOTIATION OF FINAL TERMS AND CONDITIONS

RECITALS:

WHEREAS, the City of Modesto, California (the "City"), is a charter city and municipal corporation duly organized and existing under and by virtue of the Constitution and laws of the State of California;

WHEREAS, the City operates facilities for the disposal or reuse of wastewater (collectively, the "Wastewater Enterprise") to serve the City; and

WHEREAS, the City previously issued $36,495,000 City of Modesto, California Wastewater Revenue Refunding Bonds, Series 2005A (the "2005A Bonds"), which 2005A Bonds were used to refund both the City's Wastewater Revenue Bonds, Series 1993 and the City's Wastewater Treatment Facility Revenue Bonds, Series 1997, and to fund a reserve fund and pay the costs of issuance of the 2005A Bonds;

WHEREAS, the City previously issued $16,535,000 City of Modesto, California Wastewater Revenue Bonds, Series 2006A (the "2006A Bonds"), which 2006A bonds were used to finance the acquisition and construction of improvements to the Wastewater Enterprise, and to fund a reserve fund and pay the costs of issuance of the 2006A Bonds;

WHEREAS, this Council desires and finds it in the City's best interest to refinance all of the outstanding 2005A Bonds and a portion of the 2006A Bonds through the issuance of refunding revenue bond obligations ("Refunding Obligations") in order to achieve debt service savings;

WHEREAS, the City Finance Director, upon the advice of Public Financial Management, Inc., the City's financial advisor (the "Financial Advisor"), solicited proposals from banking institutions to directly purchase the City's Refunding Obligations, and as a result of such solicitation, received three responsive proposals;

WHEREAS, Capital One Public Funding, LLC provided a term sheet ("Term Sheet") with the lowest bid, subject to the negotiation of final documentation and certain other terms and conditions set forth in Term Sheet;

WHEREAS, the Finance Director, upon the advice of the Financial Advisor, has recommended that the City accept the Purchaser's proposal, subject to the successful negotiation of documents;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF MODESTO AS FOLLOWS:

Section 1. Authorization to Negotiate Terms with Capital One. Each of the City Manager of the City and the Finance Director (each an "Authorized Officer"), acting singly, is hereby authorized and directed, for and in the name and on behalf of the City, (i) to accept the Capital One proposal as set forth in their Term Sheet, (ii) with the advice of the City's financial advisor and its bond counsel, Sidley Austin LLP, to enter into negotiations for final documentation to issue the Refunding Obligations to Capital One pursuant to such Term Sheet, and (iii) if such negotiations are successful, to present to this Council the final documentation for approval.

Section 2. Other Acts. All actions previously taken by any Authorized Officer or other City official in furtherance of this undertaking are hereby ratified and confirmed.

The foregoing resolution was introduced at a meeting of the City of Modesto held on the 13th day of October, 2015, by Councilmember Gunderson, who moved its adoption, which motion being duly seconded by Councilmember Lopez, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-392

RESOLUTION AFFIRMING THE PROPOSED REPRESENTATIVES SUBMITTED BY THE VARIOUS ORGANIZATIONS AND DIRECTING THE CITY MANAGER TO SEND AN INVITATION TO THE IDENTIFIED NONPROFIT GROUPS IN ORDER TO DETERMINE AND RECOMMEND THE ELEVENTH REPRESENTATIVE TO SERVE ON THE CITIZEN'S OVERSIGHT BOARD RELATED TO THE SAFER NEIGHBORHOOD INITIATIVE

WHEREAS, the City Council of the City of Modesto desires to restore critical City services and to implement its Safe Neighborhoods Initiative, aimed at reducing crime, restoring public safety funding, maintaining a safe and inviting community, improving quality of life, and increasing neighborhood collaboration; and

WHEREAS, the Modesto City Council had directed the City Clerk to submit to the voters at the next regular municipal election to be held on November 3, 2015, a ballot measure requesting the enactment of a one-half of one percent (0.5%) general sales tax entitled "Safer Neighborhoods Initiative," and

WHEREAS, the ordinance on the ballot requires that a citizen oversight committee be created to provide greater accountability for the additional revenue and expenses related to the Safer Neighborhood Initiative, and

WHEREAS, the Citizen Oversight Board would review all revenue and expenses, review annual audit reports, and provide annual reports to City Council, and

WHEREAS, consistent with the ordinance, the City Council recommended that if the ordinance is approved by the voters, the Oversight Board consist of four members from the neighborhood groups geographically represented by Police Command Areas and to be nominated by Modesto Neighborhood Inc., and a single representative from each of the following: Modesto City Schools, Central Labor Council, Chamber of Commerce, the

Stanislaus Community Foundation, Commission on Aging, League of Woman Voters, and a representative from the safety community as identified by the Police Chief;

WHEREAS, on September 8, 2015 the City Council authorized the City Manager to send invitation to the groups identified at a Council Workshop, and

WHEREAS, each of the identified groups have identified a participant from their organization to participate on the Oversight Board, and

WHEREAS, the Stanislaus Community Foundation elected not to participate and an alternate member will need to be identified and approved, and

WHEREAS, regardless if voters approve the ballot measure the City Council will subsequently formally appoint members to the Oversight Board to help identify strategies to make our neighborhoods safer.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Modesto that it affirms the proposed representatives submitted by the various organizations and directs the City Manager to send an invitation the identified nonprofit groups in order to determine and recommend the eleventh representative to serve as on Citizen's Oversight Board related to the Safer Neighborhood Initiative.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of October 2015, by Councilmember Gunderson, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-393

RESOLUTION APPROVING A FIRST AMENDMENT TO THE CLARATINA ACCESS AGREEMENT BETWEEN THE CITY OF MODESTO AND JWG MCHENRY, LLC FOR THE PROPERTY LOCATED ON THE SOUTHEAST CORNER OF MCHENRY AVENUE AND CLARATINA AVENUE TO ALLOW RIGHT-OUT ACCESS TO CLARATNIA AVENUE, AND AUTHORIZE THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, JWG McHenry, LLC, (OWNER; also referred to as "GARDNER") owns an Infinity Auto Dealership on the southeast corner of McHenry Avenue and Claratina Avenue, and

WHEREAS, Claratina Avenue is designated as a Class B Expressway in the City's General Plan and subject to the City's Expressway Access Policy which limits access to Claratina Avenue, and

WHEREAS, on September 3, 2013 per City Council Resolution No. 2013-321, City Council made the necessary findings to allow the subject property access to Claratina Avenue, and

WHEREAS, on August 12, 2014, per City Council Resolution No. 2014-307, the City Council approved the Claratina Access Agreement (Agreement) allowing OWNER to construct a non-standard slip ramp from Claratina Avenue to the OWNER'S property, and

WHEREAS, the agreement allowed for a right-turn, entrance only access from Claratina Avenue to the OWNER'S property, and

WHEREAS, the property has extremely limited access and currently has only one exit, which is located on Grecian Avenue, and

WHEREAS, Caltrans has restricted the access on McHenry Avenue to right-in only, and

WHEREAS, Caltrans will not allow any egress from the parcel to McHenry Avenue, and

WHEREAS, the Owner has requested an Amendment to the Claratina Access Agreement to allow use of the driveway located to the east of the existing slip-ramp as a right-out only access, therefore providing a second point of egress to the parcel.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a First Amendment to the Claratina Access Agreement between the City of Modesto and JWG McHenry, LLC, a California limited liability company, for the property located on the Southeast corner of McHenry Avenue and Claratina Avenue.

BE IT FURTHER RESOLVED that the City Manager or his designee is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of October, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-394

RESOLUTION APPROVING THE FIRST AMENDMENT TO THE CAPITAL FACILITIES FEES PUBLIC IMPROVEMENT AND RIGHT-OF-WAY REIMBURSEMENT AGREEMENT BETWEEN THE CITY OF MODESTO AND JWG MCHENRY, LLC, TO INCREASE MAXIMUM REIMBURSEMENT AMOUNT FROM 1,942,897 TO $2,394,604, AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE FIRST AMENDMENT

WHEREAS, JWG McHenry, LLC, a California limited liability company, (Developer) has a legal interest in a certain tract of land located at the southeast corner of McHenry and Claratina Avenues of Modesto for the development of a new Infiniti Automotive Dealership (Developer's Property); and

WHEREAS, in connection with the development of Developer's Property, the Developer is required to construct certain street improvements on the southeast corner of McHenry and Claratina Avenues (Improvements); and

WHEREAS, Developer is also required to dedicate certain right-of-way on McHenry and Claratina Avenues (Dedication); and

WHEREAS, all or a portion of the Improvements and Dedication are reimbursable through the City's Capital Facilities Fees (CFF) program; and

WHEREAS, On August 14, 2014, the City Council approved a CFF Public Improvement and Right-of-Way Reimbursement Agreement (CFF Reimbursement Agreement) between the City of Modesto and Developer to provide for reimbursement for a portion of the Improvements and right-of-way to be dedicated; and

WHEREAS, Developer has finalized discussions with Hetch Hetchy and has estimated it will cost approximately $451,708 to install the McHenry Avenue roadway improvements crossing the Hetch Hetchy Pipeline; and

WHEREAS, both the City and Developer desire to amend the Agreement to allow Developer to be reimbursed for the roadway improvements on McHenry Avenue crossing the Hetch Hetchy Pipeline; and

WHEREAS, the maximum reimbursement allowed under the CFF Reimbursement Agreement will increase from $1,942,897 to $2,394,604; and

WHEREAS, this project is located in the City's Sphere of Influence and is consistent with the Modesto Urban Area General Plan and is within the scope of the projects covered by the General Plan Master EIR, therefore, pursuant to Sections 15168(c) and 15182 of the CEQA Guidelines, no new environmental review is required.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby finds and determines that:

1. The proposed First Amendment to Capital Facilities Fees Public Improvement and Right-of-Way Reimbursement Agreement between the City of Modesto and JWG McHenry, LLC (Project) is consistent with the Modesto Urban Area General Plan.

2. The reimbursement for the proposed right-of-way is included in the 2011 CFF program.

3. As per Sections 15168(c) and 15182 of the California Environmental Quality Act ("CEQA") Guidelines, this Project is within the scope of the projects covered by the General Plan Master EIR and no new environmental document or findings are required by CEQA.

4. There are no substantial changes proposed in the Project which result in new significant environmental effects or a substantial increase in the severity of previously identified significant effects and, therefore, no major revisions to the Program EIR are required.

5. No substantial changes have occurred with respect to the circumstances under which the Project is undertaken which will result in new significant environmental effects or a substantial increase in the severity of previously identified significant effects and, therefore, no major revisions to the Program EIR are required.

6. There is no new information of substantial importance that was not known and could not have been known with the exercise of reasonable diligence when the Program EIR, was adopted which shows any of the following:
    a. one or more significant effects which is not discussed in the Program EIR; or,
    b. significant effects which were previously examined will be substantially more severe than previously shown; or,
    c. previously infeasible mitigation measures or alternatives are now feasible and would substantially reduce one or more significant effects of the project, but the Project proponents decline to adopt the mitigation measure or alternative; or,
    d. mitigation measures or alternatives which are considerably different from those analyzed in the Program EIR would substantially reduce one or more significant effects on the environment, but the Project proponents decline to adopt the mitigation measure or alternative; and

BE IT FURTHER RESOLVED that the First Amendment to the Capital Facilities Fees Public Improvement and Right-of-Way Reimbursement Agreement between the City of Modesto and JWG McHenry, LLC, is hereby approved, substantially in the form **attached**, and that the maximum reimbursement allowed shall increase from $1,942,897 to $2,394,604; and

BE IT FURTHER RESOLVED that the City Manager, or designee, is authorized to execute the Agreement, as approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of October, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

FIRST AMENDMENT TO THE CAPITAL FACILITIES FEES PUBLIC IMPROVEMENT AND RIGHT-OF-WAY REIMBURSEMENT AGREEMENT BY AND BETWEEN THE CITY OF MODESTO AND JWG MCHENRY, LLC, A CALIFORNIA CORPORATION

This First Amendment to the Capital Facilities Fees Public Improvement and Right-of-Way Reimbursement Agreement (FIRST AMENDMENT) is made and entered into in the City of Modesto, County of Stanislaus, State of California, as of this 27th day of October, 2015 (EFFECTIVE DATE), by and between the CITY OF MODESTO, a municipal corporation (CITY), and JWG MCHENRY, LLC, a California limited liability company (DEVELOPER).

WHEREAS, DEVELOPER has a legal interest in property located at the southeast corner of McHenry Avenue and Claratina Avenue in Modesto, California, commonly known as Gardner Parcel (APN 082-010-008) (DEVELOPER PROPERTY); and

WHEREAS, in connection with the development of DEVELOPER'S PROPERTY, DEVELOPER is required to construct certain street improvements on McHenry Avenue and Claratina Avenue (IMPROVEMENTS); and

WHEREAS, DEVELOPER is also required to dedicate certain right-of-way on McHenry Avenue and Claratina Avenue (DEDICATION); and

WHEREAS, all or a portion of the IMPROVEMENTS and DEDICATION have been designated for funding through the CITY's Capital Facilities Fee program (CFF PROGRAM); and

WHEREAS, the IMPROVEMENTS and DEDICATION will benefit other properties in addition to DEVELOPER'S PROPERTY; and

WHEREAS, additional properties will pay into the CFF PROGRAM as development occurs; and

WHEREAS, CITY will oversee the inspection of said IMPROVEMENTS and eventually

accept said IMPROVEMENTS as public improvements; and

WHEREAS, DEVELOPER has requested, and CITY has agreed, that DEVELOPER be reimbursed for the actual costs of constructing the IMPROVEMENTS after said IMPROVEMENTS have been completed by DEVELOPER and accepted by CITY; and

WHEREAS, on August 12, 2014, the CITY and DEVELOPER entered into a Capital Facilities Fees Public Improvement and Right-Of-Way Reimbursement Agreement (AGREEMENT) regarding the IMPROVEMENTS; and

WHEREAS, both CITY and DEVELOPER desire to amend the AGREEMENT (FIRST AMENDMENT) to allow DEVELOPER to be reimbursed for the portion of IMPROVEMENTS on McHenry Avenue that cross the Hetch Hetchy Pipeline,

NOW, THEREFORE, in consideration of the mutual covenants, promises and agreements herein contained, the parties hereto mutually agree as follows:

1. Incorporation of Recitals and Exhibits. The recitals and exhibits set forth in the AGREEMENT are incorporated by this reference and hereby made a part of this FIRST AMENDMENT.
2. Effect of Agreement. Except as provided herein, the terms used in this FIRST AMENDMENT shall have the same meaning as the same terms have in the AGREEMENT. Unless expressly amended by this FIRST AMENDMENT, all the other terms and provisions of the AGREEMENT shall remain in full force and effect.
3. Hetch Hetchy Pipeline Improvements– Exhibit A-2. Exhibit A-2 sets forth the maximum reimbursement available to DEVELOPER for the work on McHenry Avenue that crosses the Hetch Hetchy Pipeline. The maximum reimbursement for all improvements and right-of-way shall increase from $1,942,896.72 to $2,394,603.74.
4. Requests for Reimbursement for Improvements.

   Section 9.f. shall be amended as follows:

   f. Developer shall confirm in writing that all construction work done on the

project was done by workers paid at least the current California prevailing wage requirement, and that applicable apprenticeship requirements were met. Upon IFP the Administrator's request, Developer will provide certified payrolls showing payment of prevailing wages.

IN WITNESS WHEREOF, the City of Modesto, a municipal corporation, has authorized the execution of this First Amendment to the Capital Facilities Fees Public Improvement and Right-of-Way Reimbursement Agreement in duplicate by its City Manager and attestation by its City Clerk on the 27th day of October, 2015, and JWG MCHENRY, LLC, a California limited liability company has caused this Agreement to be duly executed in duplicate as of the EFFECTIVE DATE.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-395

RESOLUTION EXTENDING THE EXISTING AGREEMENT WITH VALLEYCREST GOLF COURSE MAINTENANCE THROUGH DECEMBER 31, 2015

WHEREAS, on April 28, 2009, the City of Modesto entered into an agreement ("Agreement") with ValleyCrest Golf Course Maintenance ("ValleyCrest"), to provide management services to Dryden and Creekside golf courses, and maintenance services to Dryden, Creekside, and Municipal golf courses, and

WHEREAS, on October 1, 2013, the City of Modesto approved a Letter of Agreement with ValleyCrest extending the contract through October 31, 2015, and

WHEREAS, on September 28, 2015, the Finance Committee recommended that the RFP for golf maintenance and management services be awarded to ValleyCrest, and

WHEREAS, staff and ValleyCrest continue to work together to draft a new two-year agreement, and

WHEREAS, a two-month extension of the existing contract is needed.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the extension of the existing contract with ValleyCrest Golf Course Maintenance through December 31, 2015.

BE IT FURTHER RESOLVED that the execution of said Letter of Agreement by the City Manager be authorized.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of October, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-396

RESOLUTION AUTHORIZING THE AWARD OF BID FOR THE PURCHASE OF FIVE (5) ONE-TON TRUCKS WITH UTILITY BOX TO ADVANCED TRUCK BODY & EQUIPMENT, CENTRAL POINT, OR, AND AUTHORIZING THE PURCHASING MANAGER OR HIS DESIGNEE TO ISSUE A PURCHASE ORDER FOR A TOTAL ESTIMATED COST OF $260,191

WHEREAS, one is a replacement vehicle for the Utilities Department, Sewer Operations Division through the Public Works Department, Fleet Services Division that has been subjected to a thorough evaluation and has met or exceeded the replacement criteria before being placed on the replacement list, and

WHEREAS, four (4) one- ton trucks with utility box are new vehicles for the Utilities Department, Wastewater Collections Division to support the growth in personnel and new Jennings Tertiary Plant and,

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for new vehicles and heavy equipment, through various competitive processes, with the Purchasing Division coming back to Council for award authorization, and

WHEREAS, the Purchasing Division issued RFB 1516-07 for the purchase of five (5) one- ton trucks with utility box on the City's website under the commodity code for trucks one-ton or less and trucks with specialized bodies. Ninety nine prospective bidders were noticed online of the bid opportunity. Two of which were local companies, and

WHEREAS, Eleven companies chose to download the RFB document, and

WHEREAS, bids were formally opened in the City Clerk's office. One company chose to respond, the two local companies choose not to respond, and

WHEREAS, the company responding provided a responsive and responsible bid, and

WHEREAS, based on providing a responsive and responsible bid, City staff recommends the award of bid for the purchase of five (5) one-ton trucks with utility box to Advanced Truck Body & equipment, Central Point, OR, for a total estimated cost of $260,191, and

WHEREAS, sufficient funds are budgeted in Fiscal Year 2015-16, in appropriation unit 420-44316-57003 and 5409-53246-57003, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. The award of bid for the purchase of five (5) one-ton trucks with utility box to Advanced Truck Body & Equipment, Central Point, OR, conforms to the Modesto Municipal Code.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid for the purchase of five (5) one-ton trucks with utility box to Advanced Truck Body & Equipment, Central Point, OR.

BE IT FURTHER RESOLVED that the Purchasing Manager or his designee to issue a purchase order for a total estimated cost of $260,191.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of October, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-397

RESOLUTION AUTHORIZING THE AWARD OF BIDS FOR THE PURCHASE OF THREE (3) 2016 FORD POLICE INTERCEPTOR UTILITY VEHICLES TO NATIONAL AUTO FLEET GROUP, WATSONVILLE, CA, FOR AN ESTIMATED TOTAL COST OF $90,152; AND TEN (10) 2016 FORD POLICE INTERCEPTOR UTILITY VEHICLES TO FOLSOM LAKE FORD, FOLSOM, CA FOR AN ESTIMATED TOTAL COST OF $285,746; AND AUTHORIZING THE PURCHASING MANAGER OR HIS DESIGNEE TO ISSUE THE PURCHASING ORDERS

WHEREAS, these thirteen (13) 2016 Ford Police Interceptor Utility vehicles are replacements for units currently in operation that thorough analysis and mileage calculations, need to be replaced over the next sixteen (16) months, and

WHEREAS, Folsom Lake Ford's contract price is $28,575.90 with a fourteen (14) week delivery lead time, while National Auto Fleet Group's price is $30,050.41 with a three (3) week lead time. Although Folsom Lake Ford affords the City a lower unit price, based on immediate need and availably, fleet staff recommends the purchase of three (3) vehicles from National Auto Fleet Group, and ten (10) vehicles from Folsom Lake Ford. This procurement will result in savings of approximately $14,758, versus purchasing all thirteen (13) vehicles for a total price of $390,656, and

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for new vehicles and heavy equipment, through various competitive processes, with the Purchasing Division coming back to Council for award authorization, and

WHEREAS, the Public Works Department, Fleet Services Division builds and deploys Ford Interceptor Utility Vehicles for the Modesto Police Department on a continuous basis. This requires Fleet Services to maintain in-stock a minimum of one (1) Ford Interceptor Utility Vehicle. Fleet Services currently has four (4) in-stock with a calculated stock-depletion date of

December 31, 2015, therefore, if Fleet Services does not procure three (3) from National Auto Fleet Group (3 week lead time ARO) Fleet Services will have zero in-stock from the beginning of January 2016 to the middle of February 2016, and

WHEREAS, there are no local vendors able to provide this type of equipment. National Auto Fleet Group and Folsom Lake Ford have been awarded master contracts through competitive bid processes. Taking advantage of these processes and awarding contracts by "piggybacking" is an efficient and effective way to purchase these vehicles, and

WHEREAS, sufficient funds are budgeted in Fiscal Year 2015-16, in appropriation unit 5409-53246-57003, and

WHEREAS, Modesto Municipal Code (MMC) Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. However, there are exceptions to the rule set forth in the Modesto Municipal Code. One exception, MMC Section 8-3.204(d), is available where the Purchasing Manager, in his or her discretion, determines that a process other than the usual formal bid procedure set forth in MMC Section 8-3.203 will result in procurement for the City at the lowest possible cost commensurate with the desired quality. Acting within his discretion, the Purchasing Manager invoked that exception for this purchase due to the cost savings of staff time and the limited number of competitors, will conform to MMC Section 8-3.204(d).

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bids for the purchase of three (3) 2016 Ford Police Interceptor Utility vehicles to National Auto Fleet Group, Watsonville, CA, for an

estimated total cost of $90,152; and ten (10) 2016 Ford Police Interceptor Utility vehicles to Folsom Lake Ford, Folsom, CA for an estimated total cost of $285,746;

BE IT FURTHER RESOLVED that the Purchasing Manager or his designee is authorized to issue the purchase orders

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of October, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-398

RESOLUTION APPROVING THE ACCEPTANCE OF THE 2014 ASSISTANCE TO FIREFIGHTERS GRANT AWARD FOR THE PURCHASE AND IMPLEMENTATION OF SITSTAT AND AUTHORIZING THE FIRE CHIEF, OR HIS DESIGNEE, TO EXECUTE ALL GRANT-RELATED DOCUMENTS

WHEREAS, the 2014 Assistance to Firefighters Grant is a program to help ensure firefighter safety and compliance with current National Fire Protection Association standards by allowing the City and its regional partners to acquire SitStat and the additional technology (iPads, training, support, etc.) needed to effectively access and use the cloud-based software program, and

WHEREAS, this grant award will help move the Fire Department and its regional partners toward a more seamless operational platform that can be viewed by participating agencies, and

WHEREAS, On July 7, 2015 by Resolution No. 2015-234 the Modesto City Council approved the sole source procurement and implementation of SitStat by PSOMAS, and

WHEREAS, the City will be required to match 10% of the total grant award amount of $53,324, for a total match of $5,331, and

WHEREAS, funds were budgeted for and are available in the current fiscal year 2015-2016 budget.

NOW, THEREFORE BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the acceptance of the 2014 Assistance to Firefighters Grant Award for the purchase and implementation of SitStat.

BE IT FURTHER RESOLVED that the Fire Chief, or his designee, is hereby authorized to execute all grant-related documents.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-399

RESOLUTION APPROVING A SPECIAL EVENT ENTERTAINMENT PERMIT FOR THE SUMMONING HALLOWEEN FESTIVAL AS OUTLINED BY THE CITY OF MODESTO ORDINANCE NO 3492-C.S. AND AUTHORIZING THE PERMIT ADMINISTRATOR TO EXECUTE THE SPECIAL EVENT ENTERTAINMENT PERMIT AND ALL RELATED DOCUMENTS

WHEREAS, The Summoning Halloween Festival will consist of many different types of live outdoor musical stage performances that range from Pop/Alternative, Hip Hop and Classic Rock, and

WHEREAS, the event features vendor booths providing a wide variety of products, services, food and refreshments throughout the event area, and

WHEREAS, the event is open to the public who are 21 years of age and over, and

WHEREAS, the event is controlled by temporary fencing outlining the entire perimeter with security at all entrances and exists, and

WHEREAS, The Summoning Halloween Festival has procured Total Protection Group, Inc. to provide twenty (20) security guards to assist the Modesto Police Department to ensure a safe and successful event, and

WHEREAS, the Modesto Police Department will be working the event as part of an Outside Work Agreement between the event promoters and the Modesto Police Department,

WHEREAS this item was not heard by the Entertainment Committee on October 15, 2015 due to the number of conflicted committee members and the current vacancy on the Committee.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Entertainment Permit for The Summoning Halloween Festival as outlined by the City of Modesto Ordinance No. 3492-C.S.

BE IT FURTHER RESOLVED that the Permit Administrator is hereby authorized to execute the Special Event Entertainment Permit and all related documents.

RESOLUTION NO. 2015-400

RESOLUTION APPROVING A FIVE YEAR AGREEMENT WITH STOTT OUTDOOR ADVERTISING OF CHICO, CALIFORNIA TO SELL AND MAINTAIN ADVERTISING ON THE EXTERIORS OF MODESTO AREA EXPRESS (MAX) BUSES, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the City of Modesto's Modesto Area Express (MAX) transit system operates approximately 51 buses, and

WHEREAS, a Request for Proposals (RFP) was issued for the sale, placement and maintenance of advertising on the exteriors of MAX buses in exchange for payment to the City by the selected contractor, and

WHEREAS, two firms submitted proposals in response to the RFP, and

WHEREAS, Stott Outdoor Advertising was selected for award of the contract by a staff selection committee based on criteria included in the RFP, and

WHEREAS, under the terms of the agreement Stott Outdoor Advertising will make a one-time payment to the City of $75,000 concurrent with approval of the agreement, and a guaranteed amount of $14,500 per month or an amount equivalent to 39% of its net sales revenue, whichever is greater, which should provide a minimum of $945,000 in revenue to the City over five years, for the privilege of selling advertising on MAX buses for a five-year period.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that that it hereby approves a five-year agreement with Stott Outdoor Advertising of Chico, California to sell and maintain advertising on the exteriors of Modesto Area Express (MAX) buses effective December 1, 2015.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby

authorized to execute the agreement.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-403

RESOLUTION ACCEPTING THE PRELIMINARY DESIGN REPORT DATED SEPTEMBER 11, 2015 FOR THE CERES TRUNK REHABILITATION AND RELIABILITY PROJECT AS COMPLETE

WHEREAS, this project will rehabilitate the oldest and most deteriorated segments of the Ceres Trunk, from Blankenburg Avenue, east of Highway 99, to the Shackelford Crossing, near Zeff Road and Crows Landing Road, and

WHEREAS, this project will also include the design of a second 24-inch diameter pipeline under Highway 99 for reliability, and

WHEREAS, on December 2, 2014, by Resolution No. 2014-512, the City Council approved an agreement with Brown and Caldwell (B&C) for preparation of a Preliminary Design Report (PDR) for the Ceres Trunk Rehabilitation and Reliability Project, and

WHEREAS, the PDR serves as the basis of design for the project, and

WHEREAS, the PDR evaluated rehabilitation methods to determine the most economical and beneficial approach, and evaluated alternative alignments to correct existing hydraulic deficiencies, and

WHEREAS, staff recommends acceptance of the Preliminary Design Report as complete, and

WHEREAS, upon acceptance of the report by City Council, it is intended to proceed with the preparation of final design documents, as well as bidding and construction phase services.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts the Preliminary Design Report dated September 11, 2015 for the Ceres Trunk Rehabilitation and Reliability project as complete.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of October 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-404

RESOLUTION APPROVING AN AGREEMENT WITH BROWN AND CALDWELL FOR FINAL DESIGN SERVICES FOR THE CERES TRUNK REHABILITATION AND RELIABILITY PROJECT, IN AN AMOUNT NOT TO EXCEED $335,476 FOR THE IDENTIFIED SCOPE OF SERVICES, PLUS $33,548 FOR ADDITIONAL SERVICES (IF NEEDED), FOR A MAXIMUM TOTAL AMOUNT OF $369,024, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the Wastewater Collection System Master Plan (WWCSMP) identified key deficiencies in the wastewater collection system, and

WHEREAS, several reinforced concrete pipe (RCP) trunk sewer segments need to be rehabilitated due to deterioration, excessive infiltration due to defects, and hydraulic deficiencies, and

WHEREAS, the WWCSMP lists the Ceres Trunk as a high priority project because it is one of the most severely corroded RCP trunk sewers in the City, and

WHEREAS, the Ceres Trunk is known as a secondary trunk and conveys all flow from northern Ceres and Area 8 (southeast Modesto) to the River Trunk, and

WHEREAS, the Ceres Trunk crosses under Highway 99 and the Tuolumne River (Shackelford Crossing), and consists of 18-inch to 24-inch diameter RCPs, and

WHEREAS, this project will rehabilitate the oldest and most deteriorated segments of the Ceres Trunk, from Blankenburg Avenue, east of Highway 99, to the Shackelford Crossing, near Zeff Road and Crows Landing Road, and

WHEREAS, this project will also include the design of a second 24-inch diameter pipeline under Highway 99 for reliability, and

WHEREAS, on December 2, 2014, by Resolution No. 2014-512, the City Council approved an agreement with Brown and Caldwell (B&C) for preparation of a Preliminary Design Report (PDR) for the Ceres Trunk Rehabilitation and Reliability Project, and

WHEREAS, the PDR serves as the basis of design for the project, and

WHEREAS, the PDR evaluated rehabilitation methods to determine the most economical and beneficial approach, and evaluated alternative alignments to correct existing hydraulic deficiencies, and

WHEREAS, in March 2015, as part of the condition assessment and pipe inspection task for the PDR, the City was notified by the consultant that certain sections of the Ceres Trunk had major deterioration and were missing the crown of the pipe, and

WHEREAS, the City's Collections crew made immediate repairs to these sections to prevent collapse and obstruction of flows, and

WHEREAS, given the existing condition of the Ceres Trunk and the urgency of the rehabilitation project, completion of the final design is imperative, and

WHEREAS, this agreement will allow for final design, development of bid documents, and assistance during the bid period for the project, and

WHEREAS, considering the technical complexity of this project and current staff workload, City staff is recommending the use of an engineering consultant to complete the final design, and

WHEREAS, B&C's original proposed fee was $ 399,906; however, the final negotiated cost is $335,476, and

WHEREAS, B&C's involvement of local subconsultants accounts for 8% of the total contract amount to prepare the Final Design Report, and

WHEREAS, the scope of services to be provided under this agreement includes: 1) Project Management: administration, meetings and quality assurance; 2) Final Design: documents, utility location, public outreach, permit coordination, modeling, surveying, cost estimate, and scheduling; and 3) Bid Period Services: addenda, meetings and bid summary, and

WHEREAS, given the high priority for completion of this project, staff recommends approving Brown and Caldwell's agreement for Final Design Services for the Ceres Trunk Rehabilitation and Reliability Project.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement with Brown and Caldwell for the Final Design Services for Ceres Trunk Rehabilitation and Reliability Project, in an amount not to exceed $335,476 for the identified scope of services, plus $33,548 for additional services (if needed), for a maximum total amount of $369,024.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of October 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-405

RESOLUTION APPROVING AN AGREEMENT WITH GEORGE OSNER, AICP, FOR ON-CALL ENVIRONMENTAL PLANNING SUPPORT SERVICES FOR ONE YEAR, WITH TWO ONE-YEAR EXTENSION OPTIONS, AT THE SOLE DISCRETION OF THE CITY, IN AN AMOUNT NOT TO EXCEED $45,000 PER YEAR, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT, AND UP TO TWO ONE-YEAR EXTENSION OPTIONS

WHEREAS, the Utilities Department will require environmental planning support services that may be beyond the department staff's ability to accomplish in a timely manner, and

WHEREAS, retaining an on-call consultant will allow the department to have quick access to specific environmental planning support services, when needed, and

WHEREAS, George Osner, AICP, a former planner for the City of Modesto, has demonstrated the ability to provide quality service in a timely manner on past and current projects, and

WHEREAS, he has proven experience in coordinating with City and agency staff to complete environmental planning services, as well as advising City staff on environmental regulations, and

WHEREAS, he is familiar with the City's existing infrastructure, policies, and personnel, and has an in-depth knowledge of California Environmental Quality Act (CEQA) requirements, and

WHEREAS, an existing Agreement for On-Call Environmental Planning Support Services with Mr. Osner expired October 2, 2015, and

WHEREAS, given his experience and prior satisfactory performance, Mr. Osner is deemed qualified to provide the requested on-call services, and

WHEREAS, there are no known local consultants with Mr. Osner's combined knowledge of CEQA, City infrastructure, staff, and policies, and

WHEREAS, no new budget allocation will be sought because the project-specific task orders under the agreement will be paid from existing CIPs, and

WHEREAS, George Osner will submit a written scope of services outlining the specific work, schedule, and cost estimate associated with each task order, and

WHEREAS, George Osner will perform no service until Engineering Services Division management has approved the proposed specific task order and a written Notice to Proceed (NTP) is prepared and sent to George Osner prior to commencement of services, and

WHEREAS, therefore, City staff recommends approving an Agreement for On-call Environmental Planning Support Services with George Osner, AICP,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement with George Osner, AICP for On-call Environmental Planning Support Services for one (1) year, with two (2) one-year extension options at the sole discretion of the City in an amount not to exceed $45,000 per year. Total cost for three (3) years is not to exceed $135,000.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute said Agreement with George Osner, AICP, and up to two (2) one-year extension options.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 27th day of October 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Madrigal, Zoslocki, Mayor Marsh

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-406

RESOLUTION APPROVING A SECOND AMENDMENT TO AGREEMENT WITH NORTHSTAR ENGINEERING GROUP, INC. FOR FINAL DESIGN SERVICES FOR THE INDUSTRIAL TANK 13 AND PUMP STATION PROJECT IN AN AMOUNT NOT TO EXCEED $65,770, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE SECOND AMENDMENT TO AGREEMENT

WHEREAS, the Industrial Tank 13 and Pump Station (Project) are part of the City's water system improvements needed to fully integrate the water system with the Phase Two expansion of the Modesto Regional Water Treatment Plant (MRWTP), as identified in the Water System Engineer's Report adopted by City Council in September 2010, and

WHEREAS, the Project consists of one 4-million gallon potable water storage tank and one 12-million gallon per day booster pumping station, located within a City-owned five-acre vacant parcel between 415 and 555 Codoni Avenue (assessor's parcel number 009-018-054), and

WHEREAS, the potable water storage tank is anticipated to be constructed at grade, and will serve South Modesto, the industrial area, as well as provide additional water to downtown Modesto, and

WHEREAS, on January 25, 2011, by Resolution No. 2011-25, City Council approved an agreement with NorthStar Engineering Group, Inc. (NorthStar) for Final Design Services for the Project, and

WHEREAS, on August 6, 2014, by Resolution No. 2014-304, City Council approved an amendment to the agreement with NorthStar for additional project

management, project support services, final design services, and bid period services that were not included in the original agreement, and

WHEREAS, due to City staff attrition and budget, the final design documents were reviewed by current staff in July 2015, and

WHEREAS, several issues were identified, including bringing the design up to current codes, changes to water closet configuration for security reasons, staff directed changes to placement of electrical improvements and subsurface preparation which require revision or clarification in the construction documents to reduce the potential for change orders during construction, and

WHEREAS, City staff recommends approving a second amendment to agreement with NorthStar for $65,770, which will include additional project management, project support, final design and bid period services, to complete the final project design for the Industrial Tank 13 and Pump Station Project.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Second Amendment to Agreement with NorthStar Engineering Group, Inc. to provide additional final design services for Industrial Tank 13 and Pump Station Project in an amount not to exceed $65,770.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Second Amendment to Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of October 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-408

RESOLUTION AUTHORIZING THE ISSUANCE OF A PERMIT TO HERMES GUARDIAN TRANSPORT FOR NON-EMERGENCY MEDICAL TRANSPORTATION IN THE CITY OF MODESTO

WHEREAS, Hermes Guardian Transport has submitted an application to provide non-emergency medical transport within the City of Modesto, and

WHEREAS, Hermes Guardian Transport has paid the required $1,000 filing fee and has provided all necessary information as outlined in Modesto Municipal Code Section 3-9.03, and

WHEREAS, the Modesto Police Department has completed a background investigation regarding Hermes Guardian Transport, per Modesto Municipal Code Section 3-903, and recommends a permit be granted, and

WHEREAS, on September 14, 2014, the Safety & Communities Committee reviewed this item and recommended scheduling a public hearing for Council consideration, and

WHEREAS, Modesto City Council approval is required for Hermes Guardian Transport to function as a non-emergency medical transport service within the City of Modesto, and

WHEREAS, a duly noticed public hearing was held by the City Council of the City of Modesto on October 27, 2015, at 5:30 p.m. in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, to consider authorizing the issuance of a permit to Hermes Guardian Transport for a non-emergency medical transport within the City of Modesto, and

WHEREAS, Modesto City Council finds that Hermes Guardian Transport will serve the public convenience and necessity requirements.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the issuance of a permit to Hermes Guardian Transport for non-emergency medical transport within the City of Modesto.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of October, 2015, by Councilmember Gunderson, who moved its adoption, which motion being duly seconded by Councilmember Kenoyer, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015- 411

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MODESTO APPROVING AS TO FORM AND AUTHORIZING THE EXECUTION AND DELIVERY OF CERTAIN DOCUMENTS IN CONNECTION WITH THE PRIVATE SALE AND ISSUANCE OF THE CITY OF MODESTO, CALIFORNIA WASTEWATER REVENUE REFUNDING BOND, SERIES 2015 AND AUTHORIZING CERTAIN OTHER MATTERS RELATING THERETO

WHEREAS, the City of Modesto is a charter city and a municipal corporation organized and existing under the laws of the State of California (the "City"); and

WHEREAS, pursuant to Section 200 of the Charter of the City of Modesto and the City of Modesto Wastewater Treatment Facilities Revenue Bond Law, constituting Chapter 6 of Title VIII of the Modesto Municipal Code (the "Bond Law"), the City is authorized to issue revenue bonds to finance the acquisition, construction, improvement, furnishing, equipping, remodeling, repair, reconstruction or rehabilitation of the wastewater treatment facilities of the City (the "Enterprise") or for the purpose of refunding bonds issued for such purposes; and

WHEREAS, the City has entered into a Wastewater Revenue Bond Indenture, dated as of April 1, 2005 (the "Master Indenture"), between the City and The Bank of New York Mellon Trust Company, N.A., as successor trustee (the "Trustee") to U.S. Bank National Association, providing for the issuance of wastewater revenue bonds thereunder; and

WHEREAS, in accordance with the Series 2015 Bond Law and the Indenture, as supplemented by a First Supplemental Indenture, dated as of April 1, 2005 (the "First Supplemental Indenture"), a Second Supplemental Indenture, dated as of April 1, 2005 (the "Second Supplemental Indenture"), and a Third Supplemental Indenture, dated as of December 1, 2006 (the "Third Supplemental Indenture," and together with the Master

Indenture, the First Supplemental Indenture and the Second Supplemental Indenture, the "Indenture"), each by and between the Trustee, the City has previously issued its City of Modesto, California Wastewater Revenue Refunding Bonds, Series 2005A (the "Series 2005A Bonds"), its City of Modesto, California Wastewater Revenue Refunding Bonds, Series 2005B ("Series 2005B Bonds") and its City of Modesto, California Wastewater Revenue Refunding Bonds, Series 2006A (the "Series 2006 Bonds," and together with the Series 2005A Bonds and the Series 2005B Bonds, the "Prior Bonds"); and

WHEREAS, the Indenture provides that the City may issue any indebtedness, installment sale obligation, lease obligation or other obligation of the City for borrowed money having an equal lien and charge upon the Net Revenues, therefore payable on a parity with the Series 2015 Bonds (whether or not any Bonds are Outstanding) ("Parity Debt"), from time to time in accordance with the terms of the Indenture; and

WHEREAS, the City desires to issue a bond (the "Series 2015 Bond"), as Parity Debt pursuant to Section 3.15(c) of the Indenture; and

WHEREAS, Section 3.05(c)(5) of the Indenture requires that the Trustee be designated as paying agent or trustee for any Parity Debt; and

WHEREAS, The Bank of New York Mellon Trust Company, N.A. serves as Trustee and has agreed to serve as paying agent, bond registrar and authentication agent (the "Paying Agent") for the Series 2015 Bond; and

WHEREAS, following a request for proposals solicitation, Capital One Public Funding, LLC (the "Purchaser") and two other potential purchasers have provided the City with proposals to purchase the Bond directly from the City;

WHEREAS, the City Finance Director, upon the advice of Public Financial Management, Inc., the City's financial advisor, and based upon cost and other considerations, has recommended that the City accept the Purchaser's proposal;

WHEREAS, in connection with the issuance of the Bond, the City, the Purchaser and the Paying Agent propose to enter into a Bond Purchase Agreement (the "Bond Purchase Agreement"), pursuant to which the Bond will be issued to the Purchaser;

NOW, THEREFORE, the City Council of the City of Modesto does hereby resolve, determine and order as follows:

Recitals. The above recitals are true and correct.

Section 1. Bond Purchase Agreement. The Bond Purchase Agreement, in the form presented at this meeting and on file with the City Clerk, is approved. The Mayor (or in his absence, the Mayor Pro Tem), the City Manager or the Finance Director of the City (each, an "Authorized Officer"), acting singly, is authorized and directed, for and in the name and on behalf of the City, to execute and deliver the Bond Purchase Agreement, as well as the Bond **attached** thereto, with such additions or changes therein, whether material or otherwise, as such Authorized Officer may approve (such approval to be conclusively evidenced by such Authorized Officer's execution and delivery thereof).

Section 2. Refunding of Series 2005A Bonds and Series 2006A Bonds. The City authorizes the refunding of all of the Series 2005A Bonds and the November 1, 2023 and 2024 maturities of the Series 2006A Bonds (collectively, the "Refunded Bonds") from proceeds of the Bond, and directs the Finance Director to take such action as necessary to complete the refunding.

Section 3. Other Acts. The Authorized Officers and all other officers of the City are authorized and directed, jointly and severally, to do any and all things, to execute and deliver any and all documents that they may deem necessary or advisable in order to consummate the sale, issuance and delivery of the Bonds, or otherwise to effectuate the purposes of this Resolution, the Bond Purchase Agreement, and any such actions previously taken by such officers are hereby ratified and confirmed.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of October, 2015, by Councilmember Gunderson, who moved its adoption, which motion being duly seconded by Councilmember Lopez, was upon roll call carried and the resolution adopted by the following vote.

BOND PURCHASE AGREEMENT

This BOND PURCHASE AGREEMENT, dated for convenience of reference as of October 30, 2015 (this "Agreement" or "Bond Purchase Agreement"), by and among The City of Modesto, a charter city and municipal corporation duly organized and validly existing under the laws of the State of California (the "City"), Capital One Public Funding, LLC (the "Purchaser"), and The Bank of New York Mellon Trust Company, N.A., as Paying Agent (the "Paying Agent").

W I T N E S S E T H :

WHEREAS, the City of Modesto is a charter city and a municipal corporation organized and existing under the laws of the State of California (the "City"); and

WHEREAS, pursuant to Section 200 of the Charter of the City of Modesto and the City of Modesto Wastewater Treatment Facilities Revenue Bond Law, constituting Chapter 6 of Title VIII of the Modesto Municipal Code (the "Bond Law"), the City is authorized to issue revenue bonds to finance the acquisition, construction, improvement, furnishing, equipping, remodeling, repair, reconstruction or rehabilitation of the wastewater treatment facilities of the City (the "Enterprise") or for the purpose of refunding bonds issued for such purposes; and

WHEREAS, the City has entered into a Wastewater Revenue Bond Indenture, dated as of April 1, 2005 (the "Master Indenture"), between the City and The Bank of New York Trust Company, N.A., as successor trustee (the "Trustee") to U.S. Bank National Association, providing for the issuance of wastewater revenue bonds thereunder; and

WHEREAS, in accordance with the Series 2015 Bond Law and the Indenture, as supplemented by a First Supplemental Indenture, dated as of April 1, 2005 (the "First Supplemental Indenture"), a Second Supplemental Indenture, dated as of April 1, 2005 (the "Second Supplemental Indenture"), and a Third Supplemental Indenture, dated as of December 1, 2006 (the "Third Supplemental Indenture," and together with the Master Indenture, the First Supplemental Indenture and the Second Supplemental Indenture, the "Indenture"), each by and between the City and the Trustee, the City has previously issued its City of Modesto, California Wastewater Revenue Refunding Bonds, Series 2005A (the "Series 2005A Bonds"), its City of Modesto, California Wastewater Revenue Refunding Bonds, Series 2005B ("Series 2005B Bonds") and its City of Modesto, California Wastewater Revenue Bonds, Series 2006A (the "Series 2006 Bonds," and together with the Series 2005A Bonds and the Series 2005B Bonds, the "Prior Bonds"); and

WHEREAS, the Indenture provides that the City may issue any indebtedness, installment sale obligation, lease obligation or other obligation of the City for borrowed money having an equal lien and charge upon the Net Revenues, therefore payable on a parity with the Series 2015 Bond (whether or not any Bonds are Outstanding) ("Parity Debt"), from time to time in accordance with the terms of the Indenture; and

WHEREAS, the City has determined to issue a bond (the "Series 2015 Bond") as Parity Debt pursuant to Section 3.15(c) of the Indenture; and

WHEREAS, the City has determined that the Series 2015 Bond shall be substantially in the form attached as Exhibit A hereto, with such variations, omissions and insertions as are required or permitted by this Bond Purchase Agreement; and

WHEREAS, Section 3.05(c)(5) of the Indenture requires that the Trustee be designated as paying agent or trustee for any Parity Debt; and

WHEREAS, The Bank of New York Mellon Trust Company, N.A. has agreed to serve as paying agent, bond registrar and authentication agent (the "Paying Agent") for the Series 2015 Bond under this Bond Purchase Agreement; and

WHEREAS, the City, the Purchaser and the Paying Agent have duly authorized the execution and delivery of this Bond Purchase Agreement;

NOW, THEREFORE, the parties hereto agree as follows:

Section 1. Definitions. The following terms shall, for purposes of this Bond Purchase Agreement, have the respective meanings ascribed to them in this Section 1. All capitalized terms used in this Bond Purchase Agreement which are not defined herein but are defined in the Indenture shall have the meanings specified in the Indenture.

"Bond Payment Account" means a special account created and designated by the provisions of Section 9 hereof.

"City Representative" means the Mayor, the City Manager, the Deputy City Manager or the Finance Director of the City, or any person designated by any of them in writing, to act on behalf of the City.

"Closing Time" means the Closing Time specified in accordance with Section 2 of this Bond Purchase Agreement.

"Code" means the Internal Revenue Code of 1986 as in effect on the date of original issuance of the Series 2015 Bond or (except as otherwise referenced herein or in the Installment Sale Agreement) as it may be amended to apply to obligations issued on the date of original issuance of the Series 2015 Bond, together with regulations promulgated, and official public guidance published, under the Code.

"Commitment Letter" means the letter, dated October 1, 2015, by which the Purchaser issued its commitment to purchase the Series 2015 Bond.

"Costs of Issuance" means any costs or expenses paid or incurred in connection with the preparation, execution and delivery of the Series 2015 Bond, including but not limited to printing costs, word processing costs, special counsel and other legal fees and expenses, rating agency fees, financial advisor fees, verification agent fees, accounting fees, legal fees, payable to any other consultants or experts retained by the City in connection with such preparation, execution and delivery, and any other cost, charge or fee in connection with the original issuance of the Series 2015 Bond which constitutes a "cost of issuance" within the meaning of the Code. Costs of Issuance shall not include any costs or expenses of the Purchaser.

"Costs of Issuance Account" means a special account created and designated by the provisions of Section 9 hereof.

"Counsel" means attorneys, selected by the City and acceptable to the Purchaser, who are nationally recognized in the issuance of tax-exempt municipal obligations.

"Event of Default" means (a) any default in the payment of principal, or interest on the Series 2015 Bond when due, (b) any "Event of Default" as defined in the Indenture, and (c) failure by the City to observe or perform any covenant, condition, agreement or provision in this Bond Purchase Agreement, on its part to be observed or performed, other than as referred to in subsection (a) or (b) of this definition, for a period of thirty (30) days after written notice, specifying such failure and requesting that it be remedied, has been given to the City by the Purchaser or the Paying Agent; except that, if such failure can be remedied but not within such thirty (30) day period and if the City has taken all action reasonably possible to remedy such failure within such thirty (30) day period, such failure shall not become an Event of Default for so long as the City shall diligently proceed to remedy the same in accordance with and subject to any directions or limitations of time established by the Purchaser.

"Indenture Bond" means any Bond (other than the Series 2015 Bond) issued under the Indenture.

"Net Revenues" shall have the meaning set forth in the Indenture.

"Purchaser" means Capital One Public Funding, LLC, the purchaser of the Series 2015 Bond issued hereunder and its successors and assigns as permitted under Section 6(d) herein.

"Series 2015 Bond" means the bond issued under the provisions of Section 2 of this Bond Purchase Agreement for the Financing Purposes.

"Tax Agreement" means the Tax Certificate and Agreement, dated the date hereof, by the City (or similar instruments), pertaining to the use and investment of proceeds of the Series 2015 Bond, executed and delivered by a duly authorized officer of the City at the Closing Time, including any and all exhibits and attachments thereto.

Words of the masculine gender shall be deemed and construed to include correlative words of the feminine and neuter genders. Unless the context shall otherwise indicate, "Bond", "owner", "holder" and "person" shall include the plural as well as the singular number, "person" shall mean any individual, corporation, partnership, joint-venture, association, joint-stock company, trust, unincorporated organization or government or any agency or political subdivision thereof, and "holder" or "bondholder" when used herein with respect to the Series 2015 Bond shall mean the owner of the Series 2015 Bond.

Section 2. Issuance and Purchase of the Series 2015 Bond. The City shall issue the Series 2015 Bond substantially in the form attached as Exhibit A hereto, with such appropriate variations, omissions and insertions as are permitted or required by this Bond Purchase Agreement. The Series 2015 Bond may have endorsed thereon such legends or text as may be necessary or appropriate to conform to any applicable rules and regulations of any governmental authority or any usage or requirement of law with respect thereto or as may be authorized by the

City. The Series 2015 Bond shall be in the aggregate principal amount of $21,300,000, shall be designated "City of Modesto, California Wastewater Revenue Refunding Bond, Series 2015", shall be dated the date of delivery of and payment therefor shall bear interest from its date until payment, such interest to the maturity or earlier prepayment thereof being payable each May 1 and November 1, commencing May 1, 2016, and principal payable in semiannual installments on each May 1 and November 1, commencing May 1, 2016, and ending November 1, 2024, subject to the right of prepayment, all as set forth in the Series 2015 Bond. The Series 2015 Bond shall bear interest at a rate equal to 2.42% per annum, accruing from the date of delivery. Interest shall be computed on the basis of a year consisting of twelve 30-day months.

In reliance upon the representations, warranties and agreements contained herein and in the Indenture, and subject to the conditions herein set forth, at the Closing Time the City agrees to issue and sell the Series 2015 Bond to the Purchaser, and the Purchaser agrees to purchase the Series 2015 Bond from the City, for a price of 100% of the principal amount thereof. Payment for the Series 2015 Bond shall be made by the Purchaser at or about 10:00 A.M., New York time, October 30, 2015, by wire transfer of immediately available funds to an account specified by the City against delivery of the Series 2015 Bond at the office of Sidley Austin LLP, San Francisco, California, or at such other time and place as may be mutually agreed upon by the parties hereto (the "Closing Time").

All payments with respect to the Series 2015 Bond will be paid to the Purchaser and shall satisfy all obligations of the City with respect to such payments. Upon final payment of the Series 2015 Bond, the Series 2015 Bond shall be surrendered to the City for cancellation.

The initial Bond shall be numbered "R-1."

Section 3. Representations, Warranties and Agreements of the City; Tax Covenants of the City; City Acknowledgments.

(a) *Representations, Warranties and Agreements of the City*. The City hereby represents and warrants to, and agrees with, the Purchaser as follows:

(i) The City is a charter city and a municipal corporation organized and existing under the laws of the State of California. The City is authorized under the Series 2015 Bond Law to borrow money and issue the Series 2015 Bond therefor to finance the acquisition, construction, improvement, furnishing, equipping, remodeling, repair, reconstruction or rehabilitation of the Enterprise (as defined in the Indenture) or for the purpose of refunding bonds issued for such purposes (collectively, the "Financing Purposes").

(ii) The City has full power and authority to issue the Series 2015 Bond pursuant to the Charter and the Bond Law for the Financing Purposes, and to carry out and consummate all transactions contemplated by this Bond Purchase Agreement and the Series 2015 Bond.

(iii) Pursuant to the Charter, the Bond Law and Resolution No. ____ of the City Council of the City relating to the Series 2015 Bond, the City has duly authorized: (A) the issuance and sale of the Series 2015 Bond; (B) the execution, delivery and due performance of this Bond Purchase Agreement and the Series 2015 Bond; and (C) the taking of

any and all action as may be required on the part of the City to carry out, give effect to and consummate the transactions contemplated hereby. The fully executed Series 2015 Bond, fully executed counterparts of this Bond Purchase Agreement and certified copies of the resolution of the City authorizing the City's undertakings contemplated hereby shall be delivered to the Purchaser by the City at the Closing Time, and they shall be in the respective forms theretofore submitted to the Purchaser and approved by the Purchaser, with only such changes or modifications thereof as the Purchaser and the City shall agree upon.

(iv) So long as the Series 2015 Bond is outstanding, the City will not issue or sell any bond or obligations (other than the Series 2015 Bond), the interest, premium or principal of which shall be payable in whole or in part from the Net Revenues, except as permitted hereunder and under the Indenture.

(v) There is no action, suit, proceeding or investigation at law or in equity or before or by any court, public board or body pending or, to the knowledge of the City, threatened against or affecting the City, nor to the knowledge of the City is there any basis therefor, wherein an unfavorable decision, ruling or finding would adversely affect the transactions contemplated by this Bond Purchase Agreement, or which, in any way, would adversely affect the validity of the Series 2015 Bond, this Bond Purchase Agreement or any other agreement or instrument to which the City is a party and which is used or contemplated for use in the consummation of the transactions contemplated hereby.

(vi) The execution, delivery and due performance by the City of this Bond Purchase Agreement, the Series 2015 Bond and the other agreements contemplated hereby and compliance with the provisions hereof and thereof will not conflict with, or constitute on the part of the City a breach of, or a default under, any existing law, administrative regulation, decree or court order or any provision of any legislative act, constitutional or other proceeding applicable to or establishing or relating to the existence of the City or its affairs or resolutions, or any agreement, indenture, mortgage, lease or other instrument to which the City is subject or by which it is or may be bound.

(vii) Payment of principal and interest on the Series 2015 Bond is secured by a pledge of Net Revenues, which pledge is on parity with the pledge of Net Revenues for the Indenture Bonds, as further described herein. The Series 2015 Bond constitutes "Parity Debt" under the Indenture.

(viii) The obligation of the City to make payment of the principal of and interest on the Series 2015 Bond is a special, limited obligation of the City, payable solely from the Net Revenues, as more fully described in Section 15.

(ix) The City covenants that it will faithfully perform at all times any and all covenants, undertakings, stipulations and provisions contained in this Bond Purchase Agreement, in the Series 2015 Bond, and in all proceedings of the City pertaining thereto and will faithfully observe and perform at all times any and all covenants, undertakings, stipulations and provisions of the Indenture on its part to be observed or performed. The City covenants that it is duly authorized under the Constitution and laws of the State, including particularly and without limitation the Bond Law, to issue the Series 2015 Bond, to enter into this Bond Purchase

Agreement and to pledge the Net Revenues in the manner set forth herein; that action on its part for the issuance of the Series 2015 Bond and the execution and delivery of this Bond Purchase Agreement has been duly and effectively taken; and that the Series 2015 Bond in the hands of the owner thereof is and will be the valid and enforceable special, limited obligation of the City according to the tenor and import thereof.

(x) The City shall not amend, supplement or otherwise modify or consent to the amendment, supplement or modification, in whole or in part, of the Indenture except as permitted by the Indenture, provided that no such amendment, supplement or modification may be made without the consent of the Purchaser if it would materially and adversely affect the security for the Series 2015 Bond.

(xi) The City covenants that it shall promptly execute and deliver or cause to be executed and delivered all other and further assurances, documents or instruments and promptly do or cause to be done all such other and further things as may be necessary or reasonably required in order to carry out the purposes and intentions of this Bond Purchase Agreement and for preserving and protecting the rights and interests of the Purchaser.

(b) *Tax Covenants of the City*. The City hereby covenants to, and agrees with, the City and the Purchaser as follows:

(i) The City hereby covenants that, notwithstanding any other provisions of this Bond Purchase Agreement, it shall not take any action, or fail to take any action, if any such action or failure to take action would adversely affect the tax-exempt status of interest on the Series 2015 Bond under Section 103 of the Code. The City shall not, directly or indirectly, use or permit the use of proceeds of the Series 2015 Bond or any of the property financed or refinanced with proceeds of the Series 2015 Bond, or any portion thereof, by any person other than a governmental unit (as such term is used in Section 141 of the Code), in such manner or to such extent as would adversely affect the Tax-exempt status of interest on the Series 2015 Bond.

(ii) The City shall not take any action, or fail to take any action, if any such action or failure to take action would cause the Series 2015 Bond to be a "private activity bond" within the meaning of Section 141 of the Code, and in furtherance thereof, shall not make any use of the proceeds of the Series 2015 Bond or any of the property financed or refinanced with proceeds of the Series 2015 Bond, or any portion thereof, or any other funds of the City, that would cause the Series 2015 Bond to be a "private activity bond" within the meaning of Section 141 of the Code. To that end, so long as the Series 2015 Bond is Outstanding, the City, with respect to such proceeds and property and such other funds, will comply with applicable requirements of the Code and all regulations of the United States Department of the Treasury issued thereunder, to the extent such requirements are, at the time, applicable and in effect.

(iii) The City shall not, directly or indirectly, use or permit the use of any proceeds of the Series 2015 Bond, or of any property financed or refinanced thereby, or other funds of the City, or take or omit to take any action, that would cause the Series 2015 Bond to be an "arbitrage bond" within the meaning of Section 148 of the Code. To that end, the City shall comply with all requirements of Section 148 of the Code and all regulations of the United

States Department of the Treasury issued thereunder to the extent such requirements are, at the time, in effect and applicable to the Series 2015 Bond.

(iv) The City shall not make any use of the proceeds of the Series 2015 Bond or any other funds of the City, or take or omit to take any other action, that would cause the Series 2015 Bond to be "federally guaranteed" within the meaning of Section 149(b) of the Code.

(v) In furtherance of the foregoing tax covenants, the City covenants that it will comply with the provisions of the Tax Agreement, which is incorporated herein as if fully set forth herein. These covenants shall survive payment in full or defeasance of the Series 2015 Bond. The Paying Agent shall be deemed conclusively to have complied with this Section and the Tax Agreement if it follows the directions of the City or the City given pursuant to the Tax Agreement, and shall have no liability or responsibility to determine if the City's or the City's actions are in compliance with this Section or the Tax Agreement or to enforce compliance by the City or the City with the terms of this Section or the Tax Agreement.

(c) *City Acknowledgements relating to Purchaser.* The City acknowledges that the Purchaser:

(i) is acting solely for its own loan account and not as a fiduciary for the City or in the capacity of broker, dealer, placement agent, municipal securities underwriter, municipal advisor or fiduciary;

(ii) has not provided, and will not provide, financial, legal (including securities law), tax, accounting or other advice to or on behalf of the City (including to any financial advisor or any placement agent engaged by the City) with respect to the structuring, issuance, sale or delivery of the Series 2015 Bond; and

(iii) has no fiduciary duty pursuant to Section 15B of the Securities Exchange Act of 1934 to the City with respect to the transactions relating to the structuring, issuance, sale or delivery of the Series 2015 Bond and the discussions, undertakings and procedures leading thereto.

The City represents to the Purchaser that it will obtain such financial, legal (including securities law), tax, accounting and other advice (including as it relates to structure, timing, terms and similar matters and compliance with legal requirements applicable to such parties) with respect to the Series 2015 Bond from its own financial, legal, tax and other advisors (and not from the undersigned or its affiliates) to the extent that the City requires such advice.

The transactions between the City and the Purchaser are arm's length, commercial transactions in which the Purchaser is acting and has acted solely as a principal and for its own interest and the Purchaser has not made recommendations to the City with respect to the transactions relating to the Series 2015 Bond.

Section 4. Conditions of Purchaser's Obligations to Purchase. The Purchaser shall accept delivery of the Series 2015 Bond only upon the following conditions:

(a) The Series 2015 Bond shall have been duly authorized, executed and delivered, in form satisfactory to the Purchaser.

(b) The Purchaser shall have received an opinion of the City Attorney, substantially in the form of Annex I.

(c) The Purchaser shall have received the approving opinion of Sidley Austin LLP, Bond Counsel, substantially in the form of Annex II.

(d) The Purchaser shall have received (i) a defeasance opinion with respect to the Series 2005A Bonds and (ii) a defeasance opinion with respect to the Series 2006 Bonds, each from Sidley Austin LLP and each in a form reasonably satisfactory to the Purchaser.

(e) The Purchaser shall have received a copy, duly certified by the Secretary of the City, of the resolution referred to in Section 3(a)(iii) hereof.

(f) The Purchaser shall have received evidence that all of the conditions specified in the Commitment Letter have been satisfied.

(g) The Purchaser shall have received such other documentation and certificates as may be reasonably required by the Purchaser.

Section 5. Conditions of the City's Obligations. The issuance by the City of the Series 2015 Bond hereunder is subject to the conditions set forth in Section 4 hereof and the receipt by the City of the opinions of counsel substantially in the respective forms of those required by subsections (b), (c) and (d) of Section 4. The payment for the Series 2015 Bond by the Purchaser shall conclusively evidence the satisfaction of the conditions set forth in Sections 4 and 5.

Section 6. Purchase For Investment Only; Independent Investigation. The Purchaser certifies to the City and the Paying Agent as follows:

(a) The Purchaser has full power and authority to carry on its business as now conducted and make the representations and certifications contained herein.

(b) The Purchaser is a lender that regularly extends credit by purchasing loans in the form of state and local government obligations such as the Series 2015 Bond; has knowledge and experience in financial and business matters that make it capable of evaluating the City, the City, the Series 2015 Bond and the risks associated with the purchase of the Series 2015 Bond; has the ability to bear the economic risk of an investment in the Series 2015 Bond; and is an "accredited investor" as defined in Rule 501 of Regulation D promulgated under the Securities Act of 1933, as amended. The Purchaser is not acting as a broker, dealer, municipal securities underwriter, municipal advisor or fiduciary in connection with its purchase of the Series 2015 Bond.

(c) The Purchaser has conducted its own investigation of the financial condition of the City, the purpose for which the Series 2015 Bond is being executed and delivered and of the security for the payment of the principal of and interest on the Series 2015

Bond, and has obtained such information regarding the Series 2015 Bond, the City and its operations, financial condition and financial prospects as the Purchaser deems necessary to make an informed investment decision with respect to the purchase of the Series 2015 Bond.

(d) The Purchaser is purchasing the Series 2015 Bond as a vehicle for making a commercial loan for its own loan account and without any present intention of distributing or selling any interest therein or portion thereof, provided that the Purchaser retains the right at any time to sell or transfer the Series 2015 Bond (in whole but not in part), but agrees that any such sale or transfer by the Purchaser shall be to:

(i) an affiliate of the Purchaser; or

(ii) a bank, insurance company or other financial institution; provided, however, that, as a condition of transfer, any purchaser or assignee of the Series 2015 Bond shall execute an assignment and assumption of the rights and obligations of the Purchaser under this Bond Purchase Agreement in form acceptable to the City.

Nothing herein shall limit the right of the Purchaser to sell or assign participation interests in the Series 2015 Bond to one or more institutions listed in (i) or (ii), provided that neither the City nor the City shall have any obligation or liability to such participants and such participants shall look solely to the Purchaser to enforce any such obligations under the Series 2015 Bond or this Agreement against the City or the City.

(e) The Purchaser acknowledges that the Series 2015 Bond (a) has not been registered under the Securities Act of 1933, as amended, and has not been registered or otherwise qualified for sale under the securities laws of any state, (b) will not be listed on any securities exchange and (c) there is no established market for the Series 2015 Bond and that none is likely to develop. The Purchaser understands and acknowledges that (i) the offering of the Series 2015 Bond is not intended to be subject to the requirements of Rule 15c2-12 promulgated under the Securities Exchange Act of 1934, as amended and (ii) in connection with its purchase of the Series 2015 Bond, neither the City nor the City has prepared or caused to be prepared, any official statement, private placement memorandum or other offering document in connection with the sale and purchase of the Series 2015 Bond.

Section 7. Execution. The Series 2015 Bond shall be executed in the name and on behalf of the City with the facsimile or manual signature of the Mayor, the City Manager or the Finance Director of the City and attested by the facsimile or manual signature of the City Clerk under the printed seal of the City, provided one such signature shall be manual. Such seal may be in the form of a facsimile of the City's seal and may be reproduced, imprinted or impressed on the Series 2015 Bond. The Series 2015 Bond shall then be delivered to the Paying Agent for authentication by it. In case any of the officers who shall have signed or attested the Series 2015 Bond shall cease to be such officer or officers of the City before the Series 2015 Bond so signed or attested shall have been authenticated or delivered by the Paying Agent or issued by the City, such Series 2015 Bond may nevertheless be authenticated, delivered and issued and, upon such authentication, delivery and issue, shall be as binding upon the City as though those who signed and attested the same had continued to be such officers of the City, and also the Series 2015 Bond may be signed and attested on behalf of the City by such persons as at the actual date of

execution of such Series 2015 Bond shall be the proper officers of the City although at the nominal date of such Series 2015 Bond any such person shall not have been such officer of the City.

Section 8. Registration and Transfer of Series 2015 Bond.

(a) Registration of Series 2015 Bond. The Paying Agent will keep or cause to be kept, at its Corporate Trust Office sufficient books for the registration and transfer of the Series 2015 Bond, which shall at all times be open to inspection during normal business hours by the City upon reasonable prior notice; and, upon presentation for such purpose, the Paying Agent shall, under such reasonable regulations as it may prescribe, register or transfer or cause to be registered or transferred, on such books, the Series 2015 Bond as hereinbefore provided.

(b) Transfer of Series 2015 Bond. The Series 2015 Bond may, in accordance with its terms, be transferred, upon the register required to be kept pursuant to the provisions of Section 8(a) hereof, by the person in whose name it is registered, in person or by his or her duly authorized attorney, upon surrender of such Series 2015 Bond for cancellation, accompanied by delivery of a written instrument of transfer, duly executed in a form acceptable to the Paying Agent.

Whenever the Series 2015 Bond shall be surrendered for transfer, the City shall execute and the Paying Agent shall authenticate and deliver a new Series 2015 Bond or Bonds, of the same Series, tenor, maturity and interest rate and for a like aggregate principal amount. The Paying Agent shall require the bondholder requesting such transfer to pay any tax or other governmental charge required to be paid with respect to such transfer.

Section 9. Bond Payment Account and Costs of Issuance Account.

(a) The Paying Agent shall create two escrow accounts, one designated as the "Costs of Issuance Account" and one designated as the "Bond Payment Account." Each of such accounts shall be held by the Paying Agent separate and apart from other moneys of the City or the Paying Agent.

(b) The Costs of Issuance Account shall be funded by the City as provided in Section 13 hereof. Moneys in the Costs of Issuance Account shall be applied at the direction of the City to the payment of the costs of issuing the Series 2015 Bond. Pending such application, such moneys may be invested at the direction of the City.

(c) The Bond Payment Account will be funded by the City as provided in Section 10. Moneys in the Bond Payment Account will be held in trust for the security and payment of the Series 2015 Bond, and will be applied solely for the payment of principal and interest on the Series 2015 Bond as the same becomes due. Pending such application, such moneys may be invested solely at the direction of the City in Permitted Investments (as defined in the Indenture) which mature on or before the payment date.

Section 10. Pledge of Net Revenues; Payment of Series 2015 Bond

(a) The City hereby pledges the Net Revenues to secure payment of the principal of and interest on the Series 2015 Bond, which pledge is hereby made on a parity basis with the pledge of Net Revenues made by the City under the Indenture, and is subject to the provisions of the Indenture permitting the application of Net Revenues for the purposes and on the terms and conditions set forth therein.

(b) In order to provide for the payment of the Series 2015 Bond on a parity with the Indenture Bonds, the City agrees that, pursuant to Section 5.01(B) of the Indenture, on or before the third Business Day prior to each interest payment date or principal payment date on the Series 2015 Bond, it will transfer to the Paying Agent from Net Revenues on deposit with the City, an amount equal to the interest becoming due and payable on the Series 2015 Bond together with the principal coming due on such date, it being understood that such transfers shall be made on a parity with, and at the same as, such transfers with respect to the payment of the Indenture Bonds. The Paying Agent shall immediately deposit such Net Revenues into the Bond Payment Account, and shall use moneys in the Bond Payment Account solely to make payment of interest and principal on the 2015 Bond as the same become due in accordance with the terms of the Series 2015 Bond, such payments to be made in the manner described in Section 13.

(c) Any moneys remaining in the Bond Payment Account after payment of the Series 2015 Bond in full as provided herein shall be transferred to the City to be used for any lawful purpose of the City.

Section 11. Prepayment. The Series 2015 Bond shall not be subject to prepayment except as provided therein. The Series 2015 Bond shall be prepayable in whole, on any date on or after May 1, 2020, at a price of par plus accrued interest to the date of prepayment. The City at the direction of the City shall give the Purchaser at least 30 days prior written notice of such prepayment.

Such notice shall be mailed, postage prepaid, to the Purchaser as provided in Section 18(e) setting forth the date fixed for prepayment. On the date so designated for prepayment, notice having been mailed in the manner and under the conditions hereinabove provided, the Series 2015 Bond shall become and be due and payable on such date, and, if sufficient moneys for payment of the prepayment price and the accrued interest are made available to the Purchaser for the payment thereof, interest on the Series 2015 Bond so prepaid shall cease to accrue, the Series 2015 Bond shall cease to be entitled to any benefit or security under this Bond Purchase Agreement, and the Purchaser shall have no rights in respect thereof except to receive payment of the prepayment price thereof and the accrued interest.

Section 12. Notation of Payments. The Purchaser shall permit the City, at any time during regular business hours, to make at such Purchaser's office an appropriate notation or notations on its Bond of payments of principal thereon, if at least five days prior thereto the City shall have given written notice of its intention to do so and it shall not have received from the Purchaser a written confirmation that the requested notation or notations shall have been made by the Purchaser. In the event that the Series 2015 Bond shall be transferred by the Purchaser as permitted by Sections 6(d) and 8 hereof, the Purchaser will make or cause to be made notations thereon of all payments of principal with respect to which no prior notations have been made and of the date to which interest thereon has been paid.

Section 13. Disposition of Series 2015 Bond Proceeds. At or about the Closing Time the proceeds received from the sale of the Series 2015 Bond (together with $_____ of the City's legally available funds) shall be applied as follows:

(a) $_____ shall be transferred to the Trustee, which, together with $_____ on deposit with the Trustee in the Reserve Fund for the Series 2005A Bonds and $_____ contributed by the City on the date hereof in an amount equal to the scheduled principal with respect to Series 2005A Bonds due on November 1, 2015, together with the redemption price of the Series 2005A Bonds to be redeemed on such date, and interest accrued thereon through such date. Such amounts shall be used by the Trustee to pay or redeem the Series 2005A Bonds on November 1, 2015;

(b) $_____ shall be transferred to the Trustee, which, together with $_____ on deposit with the Trustee in the Reserve Fund for the Series 2006A Bonds and $_____ contributed by the City on the date hereof in an amount equal to the scheduled principal with respect to Series 2006A Bonds due on November 1, 2015, together with the redemption price of the Series 2005A Bonds to be redeemed on such date, and interest accrued thereon through such date. Such amounts shall be used by the Trustee to pay or redeem the Series 2006A Bonds on November 1, 2015; and

(c) $_____ shall be transferred to the City and deposited in the Costs of Issuance Account.

Section 14. Paying Agent.

(a) Appointment; Duties, Immunities and Liabilities of Paying Agent.

(i) The Bank of New York Mellon Trust Company, N.A. is hereby appointed as paying agent, registrar and authentication agent under this Bond Purchase Agreement and hereby accepts the trust imposed upon it as Paying Agent hereunder and to perform all the functions and duties of the Paying Agent hereunder, subject to the terms and conditions set forth in this Bond Purchase Agreement. The Paying Agent shall, prior to an Event of Default, and after the curing or waiver of all Events of Default which may have occurred, perform such duties and only such duties as are specifically set forth in this Bond Purchase Agreement and no implied covenants shall be read into this Bond Purchase Agreement against the Paying Agent. The Paying Agent shall, during the existence of any Event of Default (which has not been cured or waived), exercise such of the rights and powers vested in it by this Bond Purchase Agreement and use the same degree of care and skill in their exercise as a prudent person would exercise or use under the circumstances in the conduct of his or her own affairs.

(ii) The City may not remove the Paying Agent unless the City at the same time removes the Trustee under the Indenture, in which event the successor trustee under the Indenture must become the successor Paying Agent hereunder.

(iii) The Paying Agent may at any time resign by giving written notice of such resignation to the City and the Purchaser by mail at the addresses shown on the registration books maintained by the Paying Agent, provided that the Paying Agent may not resign unless it resigns at the same time from its duties as trustee under the Indenture. Upon

receiving such notice of resignation, the City shall promptly appoint a successor Paying Agent and Trustee by an instrument in writing.

(iv) Any removal or resignation of the Paying Agent and appointment of a successor Paying Agent shall become effective upon acceptance of appointment by the successor Paying Agent. If no successor Paying Agent shall have been appointed and have accepted appointment within forty-five (45) days of giving notice of removal or notice of resignation as aforesaid, the resigning Paying Agent or the Purchaser may petition any court of competent jurisdiction for the appointment of a successor Paying Agent, and such court may thereupon, after such notice (if any) as it may deem proper, appoint such successor Paying Agent. Any successor Paying Agent appointed under this Bond Purchase Agreement, shall signify its acceptance of such appointment by executing and delivering to the City and to its predecessor Paying Agent a written acceptance thereof, and thereupon such successor Paying Agent, without any further act, deed or conveyance, shall become vested with all the moneys, estates, properties, rights, powers, trusts, duties and obligations of such predecessor Paying Agent, with like effect as if originally named Paying Agent herein; but, nevertheless at the Request of the City or the request of the successor Paying Agent, such predecessor Paying Agent shall execute and deliver any and all instruments of conveyance or further assurance and do such other things as may reasonably be required for more fully and certainly vesting in and confirming to such successor Paying Agent all the right, title and interest of such predecessor Paying Agent in and to any property held by it under this Bond Purchase Agreement and shall pay over, transfer, assign and deliver to the successor Paying Agent any money or other property subject to the trusts and conditions herein set forth. Upon request of the successor Paying Agent, the City shall execute and deliver any and all instruments as may be reasonably required for more fully and certainly vesting in and confirming to such successor Paying Agent all such moneys, estates, properties, rights, powers, trusts, duties and obligations. Upon acceptance of appointment by a successor Paying Agent as provided in this subsection, the City shall give notice of the succession of such Paying Agent to the Purchaser at the address shown on the registration books maintained by the Paying Agent. If the City fails to mail such notice within fifteen (15) days after acceptance of appointment by the successor Paying Agent, the successor Paying Agent shall cause such notice to be mailed at the expense of the City.

(v) Any Paying Agent appointed under the provisions of this Section in succession to the Paying Agent shall be a trust company or bank having the powers of a trust company having a corporate trust office in the State, having a combined capital and surplus of at least fifty million dollars ($50,000,000) and subject to supervision or examination by federal or state authority. If such bank or trust company publishes a report of condition at least annually, pursuant to law or to the requirements of any supervising or examining authority above referred to, then for the purpose of this subsection the combined capital and surplus of such bank or trust company shall be deemed to be its combined capital and surplus as set forth in its most recent report of condition so published. In case at any time the Paying Agent shall cease to be eligible in accordance with the provisions of this subsection (v), the Paying Agent shall resign immediately in the manner and with the effect specified in this Section.

If, by reason of the judgment of any court, the Paying Agent or any successor Paying Agent is rendered unable to perform its duties hereunder, and if no successor Paying Agent be then appointed, all such duties and all of the rights and powers of the Paying Agent hereunder

shall be assumed by and vest in the Treasurer of the City in trust for the benefit of the bondholder.

(b) Merger or Consolidation. Any company into which the Paying Agent may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be a party or any company to which the Paying Agent may sell or transfer all or substantially all of its corporate trust business, provided such company shall be eligible under subsection (a) of this Section 14, shall be the successor to such Paying Agent without the execution or filing of any paper or any further act, anything herein to the contrary notwithstanding.

(c) Liability of Paying Agent.

(i) The recitals of facts herein and in the Series 2015 Bond contained shall be taken as statements of the City, and the Paying Agent assumes no responsibility for the correctness of the same (other than the certificate of authentication of the Paying Agent on the Series 2015 Bond), and makes no representations as to the validity or sufficiency of this Bond Purchase Agreement or of the Series 2015 Bond, as to the sufficiency of the Net Revenues, or the priority of the lien of this Bond Purchase Agreement thereon, or as to the financial or technical feasibility of the Enterprise (as defined in the Indenture) and shall not incur any responsibility in respect of any such matter, other than in connection with the duties or obligations expressly herein or in the Bonds assigned to or imposed upon it. The Paying Agent shall, however, be responsible for its representations contained in its certificate of authentication on the Series 2015 Bond. The Paying Agent shall not be liable in connection with the performance of its duties hereunder, except for its own negligence, willful misconduct or breach of the express terms and conditions hereof. The Paying Agent may in good faith hold any form of indebtedness of the City, own, accept or negotiate any drafts, bills of exchange, acceptances or obligations of the City and make disbursements for the City and enter into any commercial or business arrangement therewith, without limitation.

(ii) The Paying Agent shall not be liable for any error of judgment made in good faith by a responsible officer unless it shall be proved that the Paying Agent was negligent in ascertaining the pertinent facts. The Paying Agent may execute any of the trusts or powers hereof and perform the duties required of it hereunder by or through attorneys, agents, or receivers, and shall be entitled to advice of counsel concerning all matters of trust and its duty hereunder, but the Paying Agent shall be answerable for the negligence or misconduct of any such attorney, agent, or receiver selected by it; provided, however, that the Paying Agent shall not be answerable for the negligence or misconduct of any attorney or certified public accountant selected by it with due care.

(iii) The Paying Agent shall not be liable with respect to any action taken or omitted to be taken by it in good faith in accordance with the direction of the Purchaser.

(iv) The Paying Agent shall be under no obligation to exercise any of the rights or powers vested in it by this Bond Purchase Agreement at the request, order or direction of the Series 2015 Bond holder pursuant to the provisions of this Bond Purchase Agreement, including, without limitation, the provisions relating to Events of Default, unless

such bondholder shall have offered to the Paying Agent security or indemnity satisfactory to it against the costs, expenses and liabilities which may be incurred therein or thereby.

(v) No provision of this Bond Purchase Agreement shall require the Paying Agent to expend or risk its own funds or otherwise incur any financial liability in the performance or exercise of any of its duties hereunder.

(vi) The Paying Agent shall not be deemed to have knowledge of and shall not be required to take any action with respect to, any Event of Default (other than a failure to pay principal or interest on the Series 2015 Bond or any Indenture Bonds) or event which would, with the giving of notice, the passage of time or both, constitute an Event of Default, unless the Paying Agent shall have actual knowledge of such event or shall have been notified of such event by the City or the bondholder. Without limiting the generality of the foregoing, the Paying Agent shall not be required to ascertain, monitor or inquire as to the performance or observance by the City of the terms, conditions, covenants or agreements set forth herein or under the Indenture, except as expressly provided herein or in the Indenture.

(vii) No permissive power, right or remedy conferred upon the Paying Agent hereunder shall be construed to impose a duty to exercise such power, right or remedy.

(viii) The Paying Agent shall not be bound to make any investigation into the facts or matters stated in any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, debenture, coupon or other paper or document but the Paying Agent, in its discretion, may make such further inquiry or investigation into such facts or matters as it may see fit, and, if the Paying Agent shall determine to make such further inquiry or investigation, it shall be entitled to examine the books, records and premises of the City, personally or by agent or attorney.

(1) The Paying Agent shall not be responsible for:

(A) the application or handling by the City of any Net Revenues or other moneys transferred to or pursuant to any Requisition or Request of the City in accordance with the terms and conditions of the Master Indenture;

(B) the application and handling by the City of any other fund or account designated to be held by the City under the Indenture or herein;

(C) any error or omission by the City in making any computation or giving any instruction pursuant to the insurance provisions of Sections 6.07 of the Indenture and the records and accounts provisions of Section 6.08 of the Indenture and may rely conclusively on any computations or instructions furnished to it by the City in connection with the requirements of Section 6.08 of the Indenture and the Tax Certificate; or

(D) the construction, operation or maintenance of the Enterprise by the City.

(ix) Whether or not therein expressly so provided, every provision of this Bond Purchase Agreement relating to the conduct or affecting the liability of or affording protection to the Paying Agent shall be subject to the provisions of this Section 14.

(x) The Paying Agent shall have no responsibility with respect to any information, statement or recital in any official statement, offering memorandum or any other disclosure material prepared or distributed with respect to the Series 2015 Bond.

(d) Right of Paying Agent to Rely on Documents. The Paying Agent shall be protected in acting upon any notice, resolution, request, consent, order, certificate, report, opinion, note or other paper or document believed by it to be genuine and to have been signed or presented by the proper party or parties. The Paying Agent may consult with counsel, including, without limitation, counsel of or to the City, with regard to legal questions, and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken or suffered by it hereunder in good faith and in accordance herewith unless it shall be proved that the Paying Agent was negligent in ascertaining the pertinent facts.

Whenever in the administration of the trusts imposed upon it by this Bond Purchase Agreement the Paying Agent shall deem it necessary or desirable that a matter be proved or established prior to taking or suffering any action hereunder, such matter (unless other evidence in respect thereof be herein specifically prescribed) may be deemed to be conclusively proved and established by a Certificate of the City, and such Certificate shall be full warrant to the Paying Agent for any action taken or suffered in good faith under the provisions of this Bond Purchase Agreement in reliance upon such Certificate, but in its discretion the Paying Agent may, in lieu thereof, accept other evidence of such matter or may require such additional evidence as to it may seem reasonable. The Paying Agent may also rely conclusively on any report or certification of any certified public accountant, investment banker, financial consultant, or other expert selected by the City or selected by the Paying Agent with due care in connection with matters required to be proven or ascertained in connection with its administration of the trusts created by the Indenture.

(e) Compensation and Indemnification of Paying Agent. The City shall cause to be paid to the Paying Agent from time to time reasonable compensation for all service rendered under this Bond Purchase Agreement, and also all reasonable expenses, charges, counsel fees and other disbursements, including those of its attorneys, agents, and employees, incurred in and about the performance of their powers and duties under this Bond Purchase Agreement, subject to the provisions of Section 11.10 of the Indenture relating to moneys set aside for the payment of particular Indenture Bonds. The City further agrees to indemnify and save the Paying Agent, its officers, directors and employees harmless from and against any costs, claims, expenses or liabilities, including fees and expenses of its attorneys, which it may incur in the exercise and performance of its powers and duties hereunder, and which are not due to its negligence, misconduct or default.

Section 15. Liability of City Limited to Net Revenues. Notwithstanding anything in this Bond Purchase Agreement or in the Series 2015 Bond contained, the City shall not be required to advance any moneys derived from any source other than the Net Revenues and other assets pledged hereunder for any of the purposes in this Bond Purchase Agreement mentioned,

whether for the payment of the principal or prepayment price of or interest on the Series 2015 Bond or for any other purpose of this Bond Purchase Agreement.

The Series 2015 Bond is a special, limited obligation of the City. The Series 2015 Bond shall not be deemed to constitute a debt or liability of the City, the State of California or of any political subdivision thereof within the meaning of any constitutional or statutory provision, or a pledge of the faith and credit of the City, the State of California or of any political subdivision thereof, but shall be payable, except to the extent of certain amounts held hereunder pledged therefor, solely from Net Revenues. Neither the faith and credit nor the taxing power of the City, the State of California or of any political subdivision thereof is pledged to the payment of the principal of, premium, if any, or the interest on the Series 2015 Bond. The issuance of the Series 2015 Bond shall not directly or indirectly or contingently obligate the City, the State of California or any political subdivision thereof to levy or to pledge any form of taxation whatsoever therefor or to make any appropriation for their payment.

Section 16. Amendments. Alterations and modifications of this Bond Purchase Agreement may be made only with the written consent of the City, the Purchaser and the Paying Agent.

Section 17. Limitation of Liability of City. No covenant, condition or agreement contained herein shall be deemed to be a covenant, agreement or obligation of a present or future member, trustee, officer, employee or agent of the City or the City in his or her individual capacity, and no officer of the City executing the Series 2015 Bond shall be liable personally on the Series 2015 Bond or be subject to any personal liability or accountability by reason of the issuance thereof or by virtue of the execution and delivery of this Bond Purchase Agreement. No trustee, officer, employee or agent of the City shall incur any personal liability with respect to any other action or failure to act pursuant to this Bond Purchase Agreement, provided such member, trustee, officer, employee or agent acts in good faith.

Section 18. Miscellaneous.

(a) The City agrees to pay (i) all Costs of Issuance; (ii) all taxes, if any, upon any documents or transactions pursuant to this Bond Purchase Agreement; (iii) all expenses incidental to all filings or recordings pursuant to this Bond Purchase Agreement and the Indenture; and (iv) all costs of collection (including reasonable counsel fees) in the event of default in the payment of the principal of or interest on the Series 2015 Bond or other charges payable under this Bond Purchase Agreement.

(b) This Bond Purchase Agreement shall be binding upon and inure to the benefit of the Purchaser, the City and the Paying Agent and their respective successors and assigns.

(c) Upon payment of the Series 2015 Bond, the City shall be relieved of all further obligations with respect to the Series 2015 Bond and this Bond Purchase Agreement. Upon payment, either at or before maturity, the Series 2015 Bond shall be cancelled and shall be delivered to the City when such payment or prepayment is made, at which time the Paying Agent shall destroy the Series 2015 Bond.

(d) Upon the happening and continuance of any Event of Default, the Purchaser, by written notice to the City, shall have the right to:

(1) by mandamus or other action or proceeding or suit at law or in equity to enforce its rights against the City or any officer or employee of the City, and to compel the City or any such officer or employee to perform and carry out its or his or her duties under the law and the agreements and covenants required to be performed by it or him or her contained in this Bond Purchase Agreement or in the Indenture;

(2) by suit in equity to enjoin any acts or things which are unlawful or violate the rights of the City; or

(3) by suit in equity upon the happening of an Event of Default to require the City and its officers and employees to account as the trustee of an express trust.

The Purchaser shall have no right to accelerate payment of the Series 2015 Bond.

(e) Any notice, demand, direction, request or other instrument authorized or required by this Bond Purchase Agreement to be given to or filed with the City, the Purchaser or the Paying Agent shall be deemed to have been sufficiently given or filed for all purposes of this Bond Purchase Agreement if mailed, by certified or registered mail, return receipt requested, postage prepaid, addressed as follows:

If to the City:	City of Modesto 1010 Tenth Street Modest, California 95354 Attention: Director of Finance
If to the Purchaser:	Capital One Public Funding, LLC 275 Broadhollow Road Melville, New York 11747 Attention: [Jonathan A. Lewis, President]
If to the Paying Agent:	The Bank of New York Mellon Trust Company, N.A. 400 South Hope Street, 4th Floor Los Angeles, CA 90071 Attention: [_____]

The City, the Purchaser and the Paying Agent may, by notice given hereunder, designate any further or different addresses to which subsequent notices, certificates or other communications shall be sent. The Purchaser agrees to furnish copies of any documents received by it pursuant to this Bond Purchase Agreement to the City.

(f) Unless otherwise directed by the Purchaser in writing not less than 15 days prior to a payment date, all payments of principal and interest shall be made by wire transfer to the Purchaser to the following account:

Capital One Bank
Rtg 065000090
Beneficiary: JAMSAB Realty Corp./Capital One Public Funding AC
[_____]
Re: [_____] – City of Modesto (Water) – (must be included in all payments to Capital One Public Funding, LLC)

(g) Except as herein otherwise expressly provided, nothing in this Bond Purchase Agreement expressed or implied is intended or shall be construed to confer upon any person, firm or corporation other than the parties hereto any right, remedy or claim, legal or equitable, under or by reason of this Bond Purchase Agreement or any provision hereof, this Bond Purchase Agreement and all its provisions being intended to be and being for the sole and exclusive benefit of the parties hereto, and the holder from time to time of the Series 2015 Bond.

(h) The terms of this Bond Purchase Agreement shall survive following the execution and delivery of the Series 2015 Bond to the Purchaser against the purchase price therefor. Furthermore, the representations, warranties and covenants of the parties hereto shall remain operative and in full force and effect regardless of any investigation made by or on behalf of the City or the Purchaser and shall survive execution, delivery and acceptance of, and payment for the Series 2015 Bond.

(i) In case any one or more of the provisions of this Bond Purchase Agreement or of the Series 2015 Bond shall for any reason be held to be illegal or invalid, such illegality or invalidity shall not affect any other provisions of this Bond Purchase Agreement or of the Series 2015 Bond, but this Bond Purchase Agreement and the Series 2015 Bond shall be construed and enforced as if such illegal or invalid provision had not been contained therein. In case any covenant, stipulation, obligation or agreement contained in the Series 2015 Bond or in this Bond Purchase Agreement shall for any reason be held to be in violation of law, then such covenant, stipulation, obligation or agreement shall be deemed to be the covenant, stipulation, obligation or agreement of the City to the full extent permitted by law.

(j) All notices provided to the Indenture Bond holders shall also be provided to the Purchaser.

(k) This Agreement shall be governed by and construed in accordance with the laws of the State.

(l) If the date for making payment, or the last date for performance of any act or the exercising of any right, as provided in this Bond Purchase Agreement or the Series 2015 Bond, shall be a legal holiday or a day on which banking institutions in the State are authorized by law to remain closed, such payment may be made or act performed or right exercised on the next succeeding day not a legal holiday or a day on which such banking institutions in the State are authorized by law to remain closed, with the same force and effect as if done on the nominal date provided in this Bond Purchase Agreement or the Series 2015 Bond, and no interest shall accrue for the period after such nominal date.

(m) Whenever the consent or approval of any party to this Bond Purchase Agreement is required by the terms of this Bond Purchase Agreement, the consent or approval of such party shall not be unreasonably withheld.

(n) This Agreement may be executed in multiple counterparts, each of which shall be regarded for all purposes as an original, and such counterparts shall constitute but one and the same instrument.

(o) Any headings preceding the text of the several sections hereof, and any table of contents appended to copies hereof, shall be solely for convenience of reference and shall not constitute a part of this Bond Purchase Agreement, and they shall not affect its meaning, construction or effect.

IN WITNESS WHEREOF, the parties hereto have caused this Bond Purchase Agreement to be executed all as of the date first above written.

THIS BOND MAY ONLY BE SOLD OR TRANSFERRED IN WHOLE UPON SATISFACTION OF THE CONDITIONS SET FORTH IN THE BOND PURCHASE AGREEMENT

No. R-1 $21,300,000

Date of Issuance: October 30, 2015

United States of America
State of California

City of Modesto, California
Wastewater Revenue Refunding Bond
Series 2015

The City of Modesto, California, a charter city and municipal corporation duly organized and existing under the laws of the State of California (the "City"), for value received, hereby promises to pay to CAPITAL ONE PUBLIC FUNDING, LLC, Melville, New York (the "Purchaser"), or its registered assigns or legal representative, in any coin or currency in the United States of America which on the date of payment thereof is legal tender for the payment of public and private debts, the principal sum of Twenty-One Million Three Hundred Thousand Dollars ($21,300,000), together with interest in like coin or currency on the unpaid principal from the date hereof until payment in full at the rate per annum set forth below. All payments of interest and principal on this Bond shall be made to the Purchaser by wire transfer in accordance with the Bond Purchase Agreement (defined below); provided, however, that the City's obligations hereunder to pay principal and interest, and its right to prepay principal as herein provided, shall be satisfied upon the receipt by the Purchaser of payments from the City pursuant to the Bond Purchase Agreement. Upon final payment, this Bond shall be surrendered to the City.

The principal amount of this Bond shall be payable in semiannual installments on each May 1 and November 1, commencing May 1, 2016, and ending November 1, 2024, as set forth in the attached amortization schedule, subject to the right of prepayment. The interest accruing on this Bond shall be payable semi-annually on each May 1 and November 1, commencing May 1, 2016. This Bond shall bear interest at a rate equal to 2.42% per annum, accruing from the date of issuance. Interest shall be computed on the basis of a year consisting of twelve 30-day months.

This Bond is a special, limited obligation of the City. This Bond shall not be deemed to constitute a debt or liability of the City, the State of California or of any political subdivision thereof within the meaning of any constitutional or statutory provision, or a pledge of the faith and credit of the City, the State of California or of any political subdivision thereof, but shall be payable, except to the extent of certain amounts held hereunder pledged therefor, solely from Net Revenues (as defined in the Indenture hereinafter mentioned). Neither the faith and credit nor

the taxing power of the City, the State of California or of any political subdivision thereof is pledged to the payment of the principal of, premium, if any, or the interest on this Bond. The issuance of this Bond shall not directly or indirectly or contingently obligate the City, the State of California or any political subdivision thereof to levy or to pledge any form of taxation whatsoever therefor or to make any appropriation for their payment. The Bond is issued as Parity Debt under the Indenture, as supplemented by a First Supplemental Indenture, dated as of April 1, 2005 (the "First Supplemental Indenture"), a Second Supplemental Indenture, dated as of April 1, 2005 (the "Second Supplemental Indenture"), and a Third Supplemental Indenture, dated as of December 1, 2006 (the "Third Supplemental Indenture," and together with the Master Indenture, the First Supplemental Indenture and the Second Supplemental Indenture, the "Indenture"), each by and between the City and The Bank of New York Mellon Trust Company, N.A., as successor trustee (the "Trustee"). None of the County, the State, or any other public agency or instrumentality of the State, or the City shall be obligated to pay the Series 2015 Bond or the interest thereon except as herein provided, and neither the faith and credit nor the taxing power of the State, the County, the City or any public agency or instrumentality of the State or any member of the City is pledged to the payment of the principal of or the interest on the Series 2015 Bond.

The City has entered into a Bond Purchase Agreement, dated as of October 30, 2015 (the "Bond Purchase Agreement"), with Capital One Public Funding, LLC, as the purchaser of this bond (the "Purchaser") and The Bank of New York Mellon Trust Company, N.A., as paying agent (the "Paying Agent"), providing for the issuance and sale by the City, and the purchase by the Purchaser, of this Bond upon the terms and conditions therein provided. Reference is hereby made to the Bond Purchase Agreement for the provisions, among others, with respect to the custody and application of the proceeds of this Bond, the collection and disposition of payments under the Indenture and other revenues, the nature and extent of the security, the terms and conditions under which this bond is issued, the rights, duties and obligations of the City and of the Purchaser and the rights of the holders of this bond, and, by the acceptance of this Bond, the holder hereof assents to all of the provisions of the Bond Purchase Agreement.

This Bond is issued and the Bond Purchase Agreement was authorized, executed and delivered under and issued pursuant to Section 200 of the Charter of the City of Modesto and the City of Modesto Wastewater Treatment Facilities Revenue Bond Law, constituting Chapter 6 of Title VIII of the Modesto Municipal Code (the "Bond Law") and the Bond Purchase Agreement. This Bond is issued for the purpose of refunding certain of the City's Wastewater Revenue Bonds issued under the Indenture.

The City has entered into the Bond Purchase Agreement, under the provisions of which the City shall make payments at the times required and in amounts sufficient to pay the principal of and interest on this Bond as the same shall become due and payable and certain fees and expenses of the City. The Bond Purchase Agreement provides that the payments in respect of this Bond shall be made by the City to the Paying Agent, and that the City's obligation to make such payments shall be absolute and unconditional. The Paying Agent shall may payments to the Purchaser for the account of the City.

Reference is hereby made to the Bond Purchase Agreement, and the provisions of the Indenture incorporated therein by reference, and to all amendments and supplements thereto, for

a description of the rights and the provisions, among others, with respect to the nature and extent of such security, the rights, duties and obligations of the and the Purchaser and the rights of the holder of this Bond with respect thereto.

The City may exercise its option to prepay the Bond, on any date on or after May 1, 2020, at a prepayment price equal to the principal amount of this bond to be prepaid, plus accrued interest to the prepayment date, without premium.

Payment of or on account of the principal of and interest on this Bond shall be made only to or upon the order of the Purchaser regardless of any disposition of the Series 2015 Bond unless the Purchaser has assigned all rights under the Bond Purchase Agreement, as and to the extent permitted by the Bond Purchase Agreement.

Modifications or alterations of the Bond Purchase Agreement, or of any agreement supplemental thereto, may be made by the City, the Purchaser and the Paying Agent only to the extent and in the circumstances permitted thereunder.

All acts, conditions and things required by the Constitution and laws of the State of California and the rules and regulations of the City to happen, exist and be performed precedent to and in connection with the issuance of this Bond and the execution and delivery of the Bond Purchase Agreement have happened, exist and have been performed as so required.

IN WITNESS WHEREOF, the City of Modesto, California, has caused this Bond to be signed by the Director of Finance and the City Manager, and its corporate seal to be impressed hereon, all as of the date of the delivery thereof and payment therefor.

ANNEX I

FORM OF OPINION OF CITY ATTORNEY

October 30, 2015

City of Modesto
Modesto, California

Capital One Public Funding, LLC
Melville, New York

Opinion of City Attorney

with reference to

$21,300,000
City of Modesto, California
Wastewater Revenue Refunding Bond
Series 2015

Ladies and Gentlemen:

I am the City Attorney of the City of Modesto (the "City"). In such capacity, in connection with the issuance of the above-captioned bond (the "Bond") by the City, I have examined the original, certified copies, or copies otherwise identified to my satisfaction as being true copies of such resolutions, documents, certificates, and records as I have deemed relevant and necessary (except as I have specifically limited the scope of my investigation herein) as the basis for the opinions set forth herein relying on such examination and pertinent law and subject to the limitations and qualifications hereinafter set forth. Capitalized terms not otherwise defined herein shall have the meanings ascribed to them in the Bond Purchase Agreement, dated as of October 30, 2015 (the "Bond Purchase Agreement"), among the City, Capital One Public Funding, LLC (the "Purchaser") and The Bank of New York Mellon Trust Company, N.A. (the "Paying Agent"), relating to the Series 2015 Bond. Capitalized terms used and not defined herein shall have the meanings ascribed to them in the Bond Purchase Agreement.

Relying on such examination and pertinent law and subject to the limitations and qualifications hereinafter set forth, I am of the opinion that:

1. The City is a charter city and municipal corporation, duly organized and validly existing under the State of California;

2. Resolution No. ____ of the City Council of the City relating to the Series 2015 Bond, was duly adopted at a meeting of the City Council held on October __, 2015, which meeting was called and held pursuant to law, with all public notice required by law and at which a quorum was present and acting throughout, and such Resolution has not been amended since its date of adoption and is now in full force and effect; and

3. To the best of my knowledge, there is no action, suit or proceeding before or by any court, public board or body pending or threatened wherein an unfavorable decision, ruling or finding would (a) affect the creation, organization, existence or powers of the City or the titles of its officers to their respective offices, (b) in any way question or affect the validity or enforceability of the Bond Purchase Agreement or the Indenture, or (c) find illegal, invalid or unenforceable, or materially impair the City's ability to perform under, such agreements or the transactions contemplated thereby, or any other agreement or instrument related to the issuance of the Series 2015 Bond to which the City is a party.

Respectfully submitted,

ANNEX II

FORM OF APPROVING OPINION OF BOND COUNSEL

[UNDER REVIEW]

October 30, 2015

City of Modesto
Modesto, California

Capital One Public Funding, LLC
Melville, New York

$21,300,000
City of Modesto, California
Wastewater Revenue Refunding Bond
Series 2015

Ladies and Gentlemen:

In our capacity as bond counsel, we have examined (i) a record of proceedings relating to the issuance of the above-captioned bond (the "Bond") of the City of Modesto, California, a charter city and municipal corporation existing under the laws of the State of California (the "City"), (ii) the Bond Purchase Agreement, dated as of October 30, 2015 (the "Bond Purchase Agreement"), among the City of Modesto, California (the "City"), Capital One Public Funding, LLC (the "Purchaser"), and The Bank of New York Mellon Trust Company, N.A., as paying agent (the "Paying Agent"), (iii) the Wastewater Revenue Bond Indenture, dated as of April 1, 2005 (the "Master Indenture"), between the City and The Bank of New York Trust Company, N.A., successor trustee (the "Trustee") to U.S. Bank National Association, as supplemented by a First Supplemental Indenture, dated as of April 1, 2005 (the "First Supplemental Indenture"), a Second Supplemental Indenture, dated as of April 1, 2005 (the "Second Supplemental Indenture"), and a Third Supplemental Indenture, dated as of December 1, 2006 (the "Third Supplemental Indenture," and together with the Master Indenture, the First Supplemental Indenture and the Second Supplemental Indenture, the "Indenture"), each by and between the City and the Trustee, (iv) the Project Finance Agreement, dated as of August 26, 2011, as amended on October 4, 2011 and May 11, 2012 (the "Project Finance Agreement"), by and between by and between the State Water Resources Control Board, an administrative and regulatory agency of the State of California and the City; (v) the Tax Certificate and Agreement executed and delivered by the City in connection with the issuance of the Series 2015 Bond (the "Tax Agreement"), (vi) resolutions of the City, and (vii) such other documents, certificates, opinions and matters of law as we have deemed necessary to enable us to render the opinions

expressed herein. As to questions of fact material to this opinion, we have relied upon such certificates and documents without undertaking to verify the same by independent investigation. All capitalized terms used but not defined herein have the meanings ascribed to them in the Bond Purchase Agreement.

The Series 2015 Bond is issued under and pursuant to Section 200 of the Charter of the City of Modesto and the City of Modesto Wastewater Treatment Facilities Revenue Bond Law, constituting Chapter 6 of Title VIII of the Modesto Municipal Code (the "Bond Law"). The Series 2015 Bond is issued to provide funds to finance the 2015 Projects, to current refund all of the City of Modesto, California Wastewater Revenue Refunding Bonds, Series 2005A and a portion of the City of Modesto, California Wastewater Revenue Refunding Bonds, Series 2006A.

We are of the opinion that, under existing law:

1. The Bond Purchase Agreement has been duly and lawfully authorized, executed and delivered by the City and, assuming due authorization, execution and delivery by the Purchaser, is in full force and effect in accordance with its terms and is valid and binding upon the City and enforceable in accordance with its terms, and no other authorization for the Bond Purchase Agreement is required. The Bond Purchase Agreement creates the valid pledge which it purports to create of the Net Revenues for the purposes and on the terms and conditions set forth in the Bond Purchase Agreement.

2. The City is duly authorized and entitled to issue the Series 2015 Bond, and the Series 2015 Bond has been duly and validly authorized and issued by the City in accordance with the Constitution and laws of the State of California (the "State"), including the Charter and the Bond Law, the Indenture and the Project Finance Agreement, and in accordance with the Bond Purchase Agreement. The Series 2015 Bond constitutes the valid and binding special, limited obligation of the City as provided in the Bond Purchase Agreement, is enforceable in accordance with its terms and the terms of the Bond Purchase Agreement and is entitled to the benefits of the Bond Law and the Bond Purchase Agreement.

3. The Series 2015 Bond is not a debt, a liability or an obligation of the City, the State, or any subdivision of the State, and none of the City, the State, nor any other subdivision thereof shall be liable thereon, nor in any event shall the Series 2015 Bond be payable out of any funds or properties of the City other than the Net Revenues. None of the City, said County, said State, or any other public agency or instrumentality of the State, or the City shall be obligated to pay the Series 2015 Bond or the interest thereon except as provided in the Series 2015 Bond, and neither the faith and credit nor the taxing power of the State, the County, the City, any public agency or instrumentality of the State, or any member of the City, is pledged to the payment of the principal of or the interest on the Series 2015 Bond. The City has no taxing power.

4. The Series 1995 Bond constitutes "parity debt" under the Indenture and accordingly is payable from Net Revenues on a parity with Bonds issued under the Indenture and the obligation under the Project Finance Agreement.

5. Assuming continuing compliance by the City with certain covenants in the Bond Purchase Agreement, the Tax Agreement and other documents pertaining to the Series 2015 Bond and requirements of the Internal Revenue Code of 1986, as amended (the "Code"), regarding the use, expenditure and investment of the proceeds of the Series 2015 Bond and the timely payment of certain investment earnings to the United States, interest on the Series 2015 Bond is not includable in gross income for federal income tax purposes. Failure to comply with such covenants and requirements may cause interest on the Series 2015 Bond to be included in federal gross income retroactive to the date of issuance of the Series 2015 Bond.

6. Interest on the Series 2015 Bond is not treated as an item of tax preference in calculating the federal alternative minimum taxable income of individuals and corporations. Interest on the Series 2015 Bond, however, is included as an adjustment in the calculation of federal corporate alternative minimum taxable income and may therefore affect a corporation's alternative minimum tax liability.

7. Interest on the Series 2015 Bond is exempt from personal income taxes imposed by the State of California.

The Code contains other provisions that could result in tax consequences as a result of the ownership of, or receipt of interest on, the Series 2015 Bond, as to which we express no opinion. Further, certain requirements and procedures contained or referred to in the Bond Purchase Agreement, the Indenture, the Tax Agreement or other documents pertaining to the Series 2015 Bond may be changed, and certain actions may be taken or not taken, under the circumstances and subject to the terms and conditions set forth in such documents with the approval of counsel nationally recognized in the area of state and local obligations. No opinion is expressed herein as to the effect on the exclusion from gross income of interest on the Series 2015 Bond for federal income tax purposes of any change to the aforementioned requirements and procedures or of any action taken or not taken after the date of this opinion without our approval. Other than as described herein, we have not addressed and we are not opining on the tax consequences to any person of the investment in, or the accrual of or receipt of interest on, the Series 2015 Bond.

With respect to the opinions expressed herein, the rights of the owners of the Series 2015 Bond and the enforceability thereof are subject to bankruptcy, insolvency, reorganization, arrangement, moratorium and other laws affecting the enforcement of creditors' rights, to the application of equitable principles (regardless of whether such enforceability is considered in equity or at law), to the exercise of judicial discretion in appropriate cases, and to the limitations on legal remedies against charter cities in the State of California. We express no opinion with respect to any indemnification, contribution, penalty, choice of law, choice of forum or waiver provisions contained in the foregoing documents. We do not express any opinion with respect to the quality of title to, or interests in, any of the real or personal property described in or subject to the lien of the Indenture or with respect to the accuracy or sufficiency of the description of any such property contained therein and in the Bond Purchase Agreement.

The opinions expressed herein are based on an analysis of existing laws, regulations, rulings and court decisions. Such opinions may be adversely affected by actions taken or events occurring, including a change in law, regulation or ruling (or in the application or official interpretation of any law, regulation or ruling) after the date hereof. We have not undertaken to determine, or to inform any person, whether such actions are taken or such events occur, and we have no obligation to update this opinion in light of any such actions or events.

Respectfully submitted,

Print

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-412

RESOLUTION APPROVING THE 2016 CITY COUNCIL MEETING AND COUNCIL STANDING COMMITEE MEETING CALENDARS

BE IT HEREBY RESOLVED by the Council of the City of Modesto that the 2016 City Council Meeting Calendar, attached hereto as **Exhibit "A,"** and the 2016 Council Standing Committee Meeting Calendar **Exhibit "B,"** are hereby approved.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of November, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-413

RESOLUTION REAFFIRMING THE COMMITMENT OF THE CITY OF MODESTO TO SUPPORT THE CONTINUED OPERATION AND MAINTENANCE OF THE TUOLUMNE RIVER REGIONAL PARK, INCLUDING THE GATEWAY PARCEL FOR A PERIOD OF AT LEAST 25 YEARS

WHEREAS, in 2012 the City of Modesto was awarded a $2,200,000 grant from the State of California Safe Drinking Water, Water Quality and Supply, Flood Control, River and Coastal Protection Bond Act of 2006 (Proposition 84), and

WHEREAS, a special provision of the grant is to provide evidence satisfactory to the State that the project will be operated and maintained as public open space for a minimum of 25 years, and

WHEREAS, the Tuolumne River Regional Park (TRRP) is operated under a Joint Powers Agreement (JPA) comprised of the County of Stanislaus, the City of Modesto and the City of Ceres, and

WHEREAS, the intent of the JPA is to operate and maintain TRRP, including the area of the Gateway Parcel, as a public access facility for use by citizens of Stanislaus County and the general public, and

WHEREAS, in the unlikely event that the JPA desires to dissolve, the area known as the Gateway Parcel will revert back to the City of Modesto to be cared for in a manner consistent with the rest of TRRP, and

WHEREAS, in order to receive the funding from the State of California Safe Drinking Water, Water Quality and Supply, Flood Control, River and Coastal Protection Bond Act of 2006 (Proposition 84), the City of Modesto must reaffirm its commitment to

continue to maintain TRRP, and the Gateway Parcel, as public open space for a period of no less than 25 years from the date of the grant agreement or issuance of funds, whichever provides for the later date.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby reaffirms the commitment of the City of Modesto to support the continued operation and maintenance of TRRP, including the Gateway Parcel, should the TRRP JPA dissolve, as a public access facility for use by the citizens of Stanislaus County and the general public for a period of time ending no later than 25 years from the date of the grant agreement or issuance of grant funds, whichever provides for the later date and authorizes the City Manager, or his designee, to execute all documents relating to this grant.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of November, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Madrigal, Zoslocki, Mayor Marsh

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-414

RESOLUTION AUTHORIZING THE AWARD OF A SOLE SOURCE PURCHASE OF ONE 2016 ROADSAVER RS3G SLURRY/MICROSURFACING TRUCK TO RAYNER EQUIPMENT SYSTEMS, SACRAMENTO, CA FOR AN ESTIMATED TOTAL COST OF $430,226, AND AUTHORIZING THE PURCHASING MANAGER OR HIS DESIGNEE TO ISSUE THE PURCHASING ORDER

WHEREAS, this vehicle is for a new program for slurry coating streets to extend and maintain their life. On June 2, 2015, Council approved Resolution No. 2015-182, Enhancement Title, for the purchase of one slurry truck. The purchase of the slurry truck is the first major step to start this new program, and

WHEREAS, the RoadSaver RS3G slurry/microsurfacing truck provided by Rayner Equipment Systems, is the only single engine unit available. This single engine unit is important to the City because of current San Joaquin Valley Air Pollution Control District Regulation Assembly Bill AB32. The City needs to plan purchases to comply with Assembly Bill AB32 reduction of greenhouse gases, and

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for new vehicles and heavy equipment, through various competitive processes, with the Purchasing Division coming back to Council for award authorization, and

WHEREAS, there are no local vendors able to provide this type of equipment, and

WHEREAS, sufficient funds are budgeted in Fiscal Year 2015-16, in appropriation unit 1700-53130-57003 (Surface Transportation Fund), and

WHEREAS, Modesto Municipal Code (MMC) Section 8-3.203 generally requires all purchases, which meet or exceed $50,000.00 for material, equipment or contractual

services to be formally bid. However, there are exceptions to the rule set forth in the Modesto Municipal Code. One exception, MMC Section 8-3.204(d), is available where the Purchasing Manager, in his discretion, determines that a process other than the usual formal bid procedure set forth in MMC Section 8-3.203 will result in procurement for the City at the lowest possible cost commensurate with the desired quality. Acting within his discretion, the Purchasing Manager invoked that exception for this purchase due to the cost savings of staff time and the limited number of competitors. The purchase of one 2016 RoadSaver RS3G slurry/microsurfacing truck to Rayner Equipment Systems, Sacramento, CA, will conform to MMC Section 8-3.204(d).

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of a sole source purchase of one 2016 RoadSaver RS3G slurry/microsurfacing truck to Rayner Equipment Systems, Sacramento, CA, for an estimated total cost of $430,226;

BE IT FURTHER RESOLVED that the Purchasing Manager or his designee is authorized to issue the purchase order

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of November, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-415

RESOLUTION APPROVING HELEN WHITE TRAIL NEIGHBORHOOD ENVIRONMENTAL ACTION TEAM (N.E.A.T) AGREEMENT

WHEREAS, the City of Modesto has made it a priority to develop Great, Safe Neighborhoods, and

WHEREAS, the West Modesto King Kennedy Collaborative wishes to provide cleanup services along the Helen White Memorial Trail, and

WHEREAS, the City of Modesto has made opportunities available for Corporations, Service Clubs, Non Profits, and Citizens to contribute to and adopt parks in Modesto through its Neighborhood Environmental Action Team (N.E.A.T) Program,

WHEREAS, the Helen White Trail has been determined by the City Council as an appropriate site for a N.E.A.T Agreement, and

WHEREAS, the West Modesto King Kennedy Collaborative wishes to contribute to and adopt the Helen White Trail through the N.E.A.T. Program under the supervision of the City.

THEREFORE, LET IT BE RESOLVED, by the Council of the City of Modesto that it hereby approves the Helen White Trail Neighborhood Environmental Action Team (N.E.A.T.) Agreement.

The foregoing resolution was introduced at a regular meeting of the council of the City of Modesto on the 4th day of November, 2015 by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Lopez, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015 - 416

RESOLUTION AUTHORIZING THE FINANCE DIRECTOR, OR HER DESIGNEE, TO AMEND THE FISCAL YEAR 2015/2016 CAPITAL IMPROVEMENT BUDGET TO CREATE A NEW CAPITAL PROJECT FOR THE P-25 RADIO TOWER CONSTRUCTION AT MODESTO FIRE STATION 6, AND IMPLEMENT THE PROVISIONS OF THIS RESOLUTION

WHEREAS, the City of Modesto and the Modesto Police Department are committed to the development of a radio communications network that provides the best level of service in support of our citizens and community, and

WHEREAS, the City of Modesto currently has two radio towers and an additional tower is needed to cover the gap of coverage in northwest Modesto, and

WHEREAS, this tower will link our most populated cities along the Highway 99 corridor and primarily enhance law enforcement response, and

WHEREAS, the overall regional communications between public safety agencies in the City of Modesto and Stanislaus County are dangerously inadequate and with the FCC mandated narrow banding requirements radio coverage is significantly reduced, and

WHEREAS, major components of the current system are over 25 years old and do not adequately meet the needs of the public safety agencies in the county, and

WHEREAS, interoperable coverage throughout the county continues to be sporadic and aging equipment needs to be replaced to improve day-to-day operability, and

WHEREAS, public safety agencies are hindered in their response to dangerous incidents by the lack of a dependable county-wide interoperable radio communications system, and

WHEREAS, this funding will allow the final construction of the P-25 Radio Tower at Modesto Fire Station 6 to complete the P-25 Interoperability project, which is a necessary component to allow the Police Department to move forward with transitioning to the 800 megahertz radios.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the Fiscal Year 2015/2016 Capital Improvement Budget to create a new Capital Project for the P-25 Radio Tower Construction at Modesto Fire Station 6.

BE IT FURTHER RESOLVED that the Director of Finance, or her designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of November, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015 - 418

RESOLUTION AUTHORIZING THE PURCHASING MANAGER, OR HIS DESIGNEE, TO ISSUE A PURCHASE ORDER IN AN AMOUNT NOT TO EXCEED $300,000 TO TAIT NORTH AMERICA, INC. FOR CONSTRUCTION RELATED EXPENSES WITH THE CONSTRUCTION AND INSTALLATION OF THE P-25 RADIO TOWER AT MODESTO FIRE STATION 6

WHEREAS, the City of Modesto and the Modesto Police Department are committed to the development of a radio communications network that provides the best level of service in support of our citizens and community, and

WHEREAS, the City of Modesto currently has two radio towers and an additional tower is needed to cover the gap of coverage in northwest Modesto, and

WHEREAS, this tower will link our most populated cities along the Highway 99 corridor and primarily enhance law enforcement response, and

WHEREAS, the overall regional communications between public safety agencies in the City of Modesto and Stanislaus County are dangerously inadequate and with the FCC mandated narrow banding requirements radio coverage is significantly reduced, and

WHEREAS, major components of the current system are over 25 years old and do not adequately meet the needs of the public safety agencies in the county, and

WHEREAS, interoperable coverage throughout the county continues to be sporadic and aging equipment needs to be replaced to improve day-to-day operability, and

WHEREAS, public safety agencies are hindered in their response to dangerous incidents by the lack of a dependable county-wide interoperable radio communications system, and

WHEREAS, this funding will allow the final construction of the P-25 Radio Tower at Modesto Fire Station 6 to complete the P-25 Interoperability project, which is a necessary component to allow the Police Department to move forward with transitioning to the 800 megahertz radios, and

WHEREAS, the last quote from Tait was in April 2015 for $263,790 for $263,790.85 and we are anticipating at least a 5% increase in costs, and

WHEREAS, the Project Contract is held by Stanislaus County, and

WHEREAS, the Tait contract will be amended through the Stanislaus County General Services Agent (Contract #29044) in a Board Action set for November 3, 2015.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Purchasing Manager, or his designee, to issue a purchase order in an amount not to exceed $300,000 to Tait North America, Inc. for construction related expenses with the construction and installation of the P-25 Radio Tower at Mdoesto Fire Station 6.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of November, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-419

RESOLUTION AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO SIGN AND FILE A FINANCIAL ASSISTANCE APPLICATION AND ALL NECESSARY DOCUMENTS RELATED TO A FINANCING AGREEMENT WITH THE STATE WATER RESOURCES CONTROL BOARD FOR THE NORTH VALLEY REGIONAL RECYCLED WATER PROGRAM

WHEREAS, the City of Modesto has the authority to construct, operate, and maintain the City of Modesto Wastewater Collection and Treatment System, and

WHEREAS, the City of Modesto desires to address water quality problems and to prevent pollution of the waters of the State, and

WHEREAS, City is applying for a Clean Water Resolving Fund (CWSRF) loan as the lead agency on behalf of the North Valley Regional Recycled Water Program to finance the construction of the facilities required to deliver recycled water to the Delta Mendota Canal, and

WHEREAS, loan application requires the adoption of an authorizing resolution designating the City Manager, or his designee, to sign and file a financial assistance application and all necessary documents related to a financing agreement with the State.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes and directs the City Manager, or his designee, to sign and file, for and on behalf of the City of Modesto, a Financial Assistance Application for a financing agreement from the State Water Resources Control Board for the planning, design, and construction of the North Valley Regional Recycled Water Program.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it agrees and authorizes the City Manager, or his designee, to provide the assurances, certifications, and commitments required for the financial assistance application on

behalf of the City, including certifying that the City of Modesto has and will comply with all applicable state and federal statutory and regulatory requirements related to any financing or financial assistance received from the State Water Resources Control Board.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to negotiate and execute a financial assistance agreement from the State Water Resources Control Board and any amendments or change orders thereto, and certify financing agreement disbursements on behalf of the City.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of November 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-420

RESOLUTION HEREBY DEDICATING SEWER SERVICE CHARGES TO PAYMENT OF ANY AND ALL CLEAN WATER STATE REVOLVING FUND FINANCING FOR THE NORTH VALLEY REGIONAL RECYCLED WATER PROGRAM

WHEREAS, the City of Modesto has the authority to construct, operate, and maintain the City of Modesto Wastewater Collection and Treatment System, and

WHEREAS, the City of Modesto desires to address water quality problems and to prevent pollution of the waters of the State, and

WHEREAS, the City is applying for a Clean Water State Revolving Fund (CWSRF) loan as the lead agency on behalf of North Valley Regional Recycled Water Program (NVRRWP) to finance the construction of the facilities required to deliver recycled water to the Delta-Mendota Canal, and

WHEREAS, the CWSRF requires agencies applying for a loan to adopt a resolution pledging revenue and funds throughout the term of the financing and until the agency has satisfied its repayment obligation, and

WHEREAS, the City is pledging revenue from sewer service charges as part of its CWSRF loan application. The Del Puerto Water District will reimburse the City's Wastewater Fund for all sewer service charges required for the CWSRF debt service payments.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby dedicates and pledges sewer service charges to be used for payment of any and all Clean Water State Revolving Fund Financing.

The City commits to collecting such revenues and maintaining such funds throughout the term of such financing until the City has satisfied its repayment obligation thereunder unless modification or change of such dedication is approved in writing by the State Water Resources Control Board. So long as the financing agreement is outstanding, the City's pledge hereunder shall constitute a lien in favor of the State Water Resources Control Board on the foregoing funds and revenues without any further action necessary. So long as the financing agreements are outstanding, the City commits to maintaining the funds and revenues at levels sufficient to meet its obligations under the financing agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of November 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-421

RESOLUTION HEREBY STATING A FINANCE AMOUNT TO BE PROVIDED BY THE STATE WATER RESOURCES CONTROL BOARD AND STATING THE CITY OF MODESTO INTENDS TO REIMBURSE THE STATE OF CALIFORNIA FOR BORROWED FUNDS

WHEREAS, the City of Modesto ("City") has the authority to construct, operate, and maintain the City of Modesto Wastewater Collection and Treatment System, and

WHEREAS, the City desires to address water quality problems and to prevent pollution of the waters of the State, and

WHEREAS, the City desires to finance the costs of constructing and/or reconstructing certain public facilities and improvements relating to its wastewater system, including certain treatment facilities, pipelines and other infrastructure (the "Project"), and

WHEREAS, the City intends to finance the construction and/or reconstruction of the Project or portions of the Project with moneys ("Project Funds") provided by the State of California, acting by and through the State Water Resources Control Board (State Water Board), and

WHEREAS, the State Water Board may fund the Project Funds with proceeds from the sale of obligations the interest upon which is excluded from gross income for federal income tax purposes (the "Obligations"), and

WHEREAS, prior to either the issuance of the Obligations or the approval by the State Water Board of the Project Funds the City desires to incur certain capital expenditures (the "Expenditures") with respect to the Project from available moneys of the City, and

WHEREAS, the City has determined that those moneys to be advanced on and after the date hereof to pay the Expenditures are available only for a temporary period and it is necessary to reimburse the City for the Expenditures from the proceeds of the Obligations,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. The City hereby states its intention and reasonably expects to Reimburse Expenditures paid prior to the issuance of the Obligations or the approval by the State Water Board of the Project Funds.

SECTION 2. The reasonably expected maximum principal amount of the Project Funds is $100,000,000.

SECTION 3. This resolution is being adopted no later than 60 days after the date on which the City will expend moneys for the portion of the Project costs to be reimbursed with Project Funds.

SECTION 4. Each City Expenditure will be of a type properly chargeable to a capital account under general federal income tax principles.

SECTION 5. To the best of our knowledge, the City is not aware of the previous adoption of official intents by the City that have been made as a matter of course for the purpose of reimbursing expenditures and for which tax-exempt obligations have not been issued.

SECTION 6. This resolution is adopted as official intent of the City in order to comply with Treasury Regulation §1.150-2 and any other regulations of the Internal Revenue Service relating to the qualification for reimbursement of Project costs.

SECTION 7. All the recitals in this Resolution are true and correct and this City so finds, determines and represents.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of November 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Madrigal, Zoslocki, Mayor Marsh
NOES:	Councilmembers:	None

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-422

RESOLUTION APPROVING AN AGREEMENT WITH CAROLLO ENGINEERS, INC. FOR DESIGN-BUILD OWNER ADVISOR SERVICES FOR THE NORTH VALLEY REGIONAL RECYCLED WATER PROGRAM, IN AN AMOUNT NOT TO EXCEED $2,791,168 FOR THE IDENTIFIED SCOPE OF SERVICES, PLUS $139,558 FOR ADDITIONAL SERVICES (IF NEEDED), FOR A MAXIMUM TOTAL AMOUNT OF $2,930,726, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the North Valley Regional Recycled Water Program (NVRRWP) is the planned construction of a regional water supply project that will deliver recycled water produced by the cities of Modesto and Turlock to the Delta-Mendota Canal (DMC), a feature of the Central Valley Project owned by U.S. Bureau of Reclamation, and

WHEREAS, recycled water will be conveyed from Modesto and Turlock through pipelines from their wastewater treatment facilities, crossing under the San Joaquin River, ending at the DMC, and

WHEREAS, water in the DMC would then be conveyed directly to Del Puerto Water District (DPWD) turnouts and thus to its customers, and

WHEREAS, in order to achieve an anticipated project completion by the end of 2017, the City will need to expedite the project delivery (design and construction), and

WHEREAS, staff is recommending pursuing a Design-Build (D-B) approach, which expedites the design and construction process by compiling the design and construction services under a single entity, and

WHEREAS, this methodology should minimize risks and reduce the project delivery schedule, and

WHEREAS, City staff does not have the expertise nor staff level to initiate the D-B process, and

WHEREAS, other municipalities have employed an "Owner Advisor" (OA), typically an engineering consulting firm that has D-B experience, to facilitate the procurement of a D-B team, and

WHEREAS, staff is recommending this approach to the Project, and

WHEREAS, on July 7, 2015, by Resolution No. 2015-240, the City Council authorized City staff to initiate the Design-Build process for the Project, and

WHEREAS, considering the technical complexity, required state and federal permitting, and accelerated schedule of this project, in addition to current staff workload and lack of expertise, City staff is recommending the use of an engineering consultant to provide OA services to the City throughout the Design-Build process, and

WHEREAS, in accordance with Administrative Directive 3.1, Selection Procedures for Professional Consultants Who Provide Architectural & Engineering Services for Capital Projects, Request for Proposals was issued on July 31, 2015 to eight (8) of the City's Pre-Qualified Water and Wastewater Design consulting firms, and one firm already working on the Project, and

WHEREAS, responses were received from two teams, and

WHEREAS, a selection committee consisting of Modesto's Utilities Department staff and a representative from the City of Turlock evaluated the responses and met on September 24 and 25, 2015 to interview the firms and to discuss the evaluations and review ranking, and

WHEREAS, the committee recommended the team of Carollo Engineers, Inc. (Carollo), in association with RMC Water and Environment, to be the most qualified firm to provide D-B OA services to the City for the Project, and

WHEREAS, Carollo's final negotiated cost is $2,791,168, and

WHEREAS, Carollo's involvement of local sub-consultants accounts for 8% of the total contract amount, and

WHEREAS, the scope of services to be provided under this agreement includes: 1) Project Management and Administration; 2) Develop D-B Procurement strategy, criteria, documentation, and schedule; 3) Develop D-B Qualification and Proposal Documents and review criteria; 4) Predesign geotechnical evaluations and survey; 5) Prepare conceptual and selective preliminary design; and 6) Assist staff to evaluate proposals and negotiate final D-B contract, and

WHEREAS, on October 7, 2014, the City, as lead agency on behalf of the NVRRWP, submitted a Financial Assistance Application for a Clean Water State Revolving Fund (CWSRF) loan to fund the project, and

WHEREAS, all D-B OA (including actual D-B) costs will be reimbursable with the CWSRF loan, and

WHEREAS, debt service for the NVRRWP CWSRF loan will be reimbursed to the City through a water sales agreement between the City and DPWD,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement with Carollo Engineers, Inc. for Design-Build Owner Advisor Services for the North Valley Regional Recycled Water Program in an amount not to exceed $2,791,168 for the identified scope of services, plus $139,558 for

additional services (if needed), for a maximum total amount of $2,930,726, and authorizing the City Manager, or his designee, to execute the agreement.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of November 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-423

RESOLUTION AMENDING THE FISCAL YEAR 2015-2016 CAPITAL IMPROVEMENT PROGRAM BUDGET IN THE AMOUNT OF $100,000 TO BE TRANSFERRED INTO THE PROJECT FROM WASTEWATER FUND RESERVES IN ORDER TO FULLY FUND THE AGREEMENT WITH CAROLLO ENGINEERS, INC., WALNUT CREEK, CA, FOR DESIGN-BUILD OWNER ADVISOR SERVICES FOR THE NORTH VALLEY REGIONAL RECYCLED WATER PROGRAM, INCLUDING SUPPORT BY CITY STAFF

WHEREAS, certain budgetary transactions are necessary in the amount of $100,000, in order to fund the Design-Build Owner Advisor Services agreement, including support by City staff for the North Valley Regional Recycled Water Program, and

WHEREAS, the Fiscal Year 2015-2016 Capital Improvement Program Budget must be amended as shown in **Exhibit A**, which is incorporated by reference herein,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the amendment of the Fiscal Year 2015-2016 Capital Improvement Program Budget as shown in **Exhibit A**.

BE IT FURTHER RESOLVED that the Director of Finance, or her designee, is hereby authorized to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of November 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

Exhibit A

Due to the increase of estimated engineering/design/administration costs for the agreement, including support by City staff for CIP Account #100521-"North Valley Regional Recycled Water Program", the project costs need to be increased by $100,000. This would be done by adjusting Engineering/Design/Administration (EDA) in CIP Account #100521-"North Valley Regional Recycled Water Program" by $100,000.

To fund the above account, $100,000 will be transferred from Wastewater Fund Reserves into CIP Project #100521-"North Valley Regional Recycled Water Program" project.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-424

RESOLUTION APPROVING A PURCHASE AND SALE AGREEMENT WITH LITT ROAD HOLDINGS, LLC, FOR A 47.37-ACRE PARCEL OF LAND LOCATED AT LITT ROAD, NORTH OF SYLVAN AVENUE (APN 084-003-005), IN THE AMOUNT OF $2,130,000, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT AND ALL RELATED DOCUMENTS REQUIRED TO CLOSE ESCROW

WHEREAS, the City of Modesto has been in search of a site to locate a parcel of land for use by the Utilities Department for a Water Services Corporation Yard, and

WHEREAS, staff has identified a 47.37-acre parcel located at Litt Road and north of Sylvan Avenue, and

WHEREAS, currently Water Services is located in three separate locations around Modesto, and

WHEREAS, the 47.37-acre site will allow Water Services to consolidate all of its operations into a single location, and

WHEREAS, a consolidation will result in operational and fiscal efficiency, and

WHEREAS, staff has completed the required environmental review for the property, and

WHEREAS, an Agreement is needed for the acquisition of the property.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Purchase Agreement with Litt Road Holdings, LLC, for a 47.37-acre parcel of land located at Litt Road north of Sylvan Avenue (APN 084-003-005), in the amount of $2,130,000 for the Utilities Department Water Services Corporation Yard Project.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement, and all related documents required to close escrow.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of November, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-425

RESOLUTION AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO SIGN THE LEASE TERMINATION AGREEMENT WITH LITT ROAD HOLDINGS, LLC AND R DOORNENBAL RANCHES, TERMINATING AN EXISTING TENANT LEASE AND ASSIGNING IT TO THE CITY, IN EXCHANGE FOR A ONE MONTH INDEMNIFICATION BY THE TENANT IN FAVOR OF THE CITY (APN 084-003-005)

WHEREAS, the City of Modesto has agreed to purchase a parcel of land for the Utilities Department for a Water Services Corporation Yard, and

WHEREAS, the parcel is a 47.37-acre parcel of land located at Litt Road north of Sylvan Avenue, and

WHEREAS, currently a tenant lease exists for cattle grazing, and

WHEREAS, the tenant lease expires on December 31, 2015, and

WHEREAS, an agreement is required to terminate the lease and transfer it to the City as part of the purchase process, and

WHEREAS, City will refund the tenant's rent for the month of November 2015 in exchange for an indemnity, and

WHEREAS, the current Lessor will refund Lessee's rent for December 2015 in exchange for terminating the lease and transferring it to the City, and

WHEREAS, an Agreement is needed for the Lease Termination.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Lease Termination Agreement with Litt Road Holdings, LLC and R Doornenbal Ranches, located at Litt Road north of Sylvan Avenue (APN 084-003-005), for the Utilities Department Water Services Corporation Yard Project.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement, and all related documents required to close escrow.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of November, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-426

RESOLUTION AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO SIGN THE CERTIFICATE OF ACCEPTANCE FOR THE GRANT DEED FOR THE ACQUISITION OF REAL PROPERTY LOCATED AT LITT ROAD NORTH OF SYLVAN AVENUE, OWNED BY LITT ROAD HOLDINGS, LLC, (APN 084-003-005) TO BE PURCHASED BY THE CITY OF MODESTO FOR THE UTILITIES DEPARTMENT WATER SERVICES CORPORATION YARD

WHEREAS, Section 27281 of the Government Code requires a public agency to accept real property prior to the recordation of a deed or adopt a resolution accepting real property, and

WHEREAS, the City of Modesto desires to accept a parcel of land totaling 47.37 acres, located at Litt Road north of Sylvan Avenue, owned by Litt Road Holdings, LLC, (APN 084-003-005), to be conveyed to the City of Modesto,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the City Manager, or his designee, is hereby authorized to sign the Certificate of Acceptance for the Grant Deed for the acquisition of real property located at Litt Road north of Sylvan Avenue, owned by Litt Road Holdings, LLC, (APN 084-003-005) to be purchased by the City of Modesto.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of November, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-427

RESOLUTION FINDING THAT THE FOLLOWING SUBSEQUENT PROJECT IS WITHIN THE SCOPE OF THE PROJECT COVERED BY THE MODESTO URBAN AREA GENERAL PLAN MASTER ENVIRONMENTAL IMPACT REPORT (SCH NO. 2007072023): PROPOSED ACQUISITION OF 47.37 ACRES AND THE DEVELOPMENT OF A WATER CORPORATION YARD LOCATED ON THE EAST SIDE OF LITT ROAD APPROXIMATELY 0.5 MILE NORTH OF SYLVAN AVENUE, APN 084-003-005 (City of Modesto)

WHEREAS, on October 14, 2008, the City Council of the City of Modesto certified the Final Master Environmental Impact Report ("Master EIR") (SCH No. 2007072023) for the Modesto Urban Area General Plan, and

WHEREAS, City of Modesto has proposed the acquisition of 47.37 acres and the development of a water corporation yard located on the east side of Litt Road approximately 0.5 mile north of Sylvan Avenue (APN 084-003-005), and

WHEREAS, pursuant to Section 21157.1 of the Public Resources Code, the City of Modesto's Utilities Department prepared an Environmental Assessment Initial Study EA/UTL 2015-09 ("Initial Study") which analyzed whether the subsequent project may cause any significant effect on the environment that was not examined in the Master EIR and whether the subsequent project was described in the Master EIR as being within the scope of the report, and

WHEREAS, in accordance with CEQA guidelines beginning on October 12, 2015, the City caused to be published a 20-day notice of the City's intent to make a finding that the subsequent project conforms with the Master EIR, and

WHEREAS, said matter was considered by the City Council on November 4, 2015, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study prepared for the proposed water corporation yard land acquisition and development, a copy of which is attached hereto as **Exhibit "A"**, and incorporated herein by reference, and based on substantial evidence in the Initial Study makes the following findings:

1. An Initial Study was prepared by the City of Modesto that analyzed whether the subsequent project may cause any significant effect on the environment that was not examined in the Master EIR and whether the subsequent project was described in the Master EIR as being within the scope of the report.

2. The subsequent project will have no additional significant effect on the environment, as defined in subdivision (d) of Section 21158 of the Public Resources Code, that was not identified in the Master EIR.

3. No new or additional mitigation measures or alternatives are required.

4. The subsequent project is within the scope of the project covered by the Master EIR.

5. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project.

6. No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified, and no new information, which was not known and could not have been known at the time that the Master EIR was certified as complete, has become available.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Utilities Director is hereby authorized and directed to file a notice of approval or determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of November 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Madrigal, Zoslocki, Mayor Marsh

EXHIBIT A

Initial Study

EA/UTL 2015-09

Exhibit "A"

City of Modesto

Finding of Conformance to General Plan Master EIR:

Initial Study Environmental Checklist EA UTL No. 2015-09

For the proposed:

Water Corporation Yard

Prepared by:

City of Modesto
Community & Economic Development Department
Planning Division

October 9, 2015

(Intentional Blank Page)

City of Modesto
Master EIR Initial Study Environmental Checklist

I. PURPOSE

CEQA allows for the limited environmental review of subsequent projects under the City's Master Environmental Impact Report ("Master EIR" or "MEIR"). This Initial Study Environmental Checklist ("Initial Study") is used in determining whether City of Modesto Water Corporation Yard is "within the scope" of the project analyzed in the Modesto Urban Area General Plan Master EIR (SCH# 2007072023) (Public Resources Code section 21157.1). When the Initial Study supports this conclusion, the City will issue a finding of conformance.

A subsequent project is "within the scope" of the Master EIR when:

1. it will have no additional significant effects on the environment that were not addressed as significant effects in the Master EIR; and

2. no new or additional mitigation measures or alternatives are required.

"Additional significant effects" means a project-specific effect that was not addressed as a significant effect in the Master EIR. [Public Resources Code Section 21158(d)]

The determination must be based on substantial evidence in the record. "Substantial evidence" means facts, reasonable assumptions predicated upon facts, or expert opinion based on facts. It does not include speculation or unsubstantiated opinion. (CEQA Guidelines Section 15384)

II. PROJECT DESCRIPTION

A. Title: Water Corporation Yard

B. Address or Location: East side of Litt Road, approximately 0.5 mile north of Sylvan Avenue

C. Applicant: City of Modesto

D. City Contact Person: Tamorah Bryant
Department: Utilities Department
Phone Number: 577 5205
E-mail address: tbryant@modestogov.com

E. Current General Plan Designation(s): Business Park

F. Current Zoning Classification(s): A-2-10

G. Surrounding Land Uses:
North: Agricultural use
South: Agricultural use
East: Agricultural use

West: Agricultural use

H. Project Description, including the project type listed in Section II.C (Anticipated Future Projects) of the Master EIR (Attach additional maps/support materials as needed for complete record):

The proposed project includes the acquisition of 47.37 acres (APN 084-003-005) and the development of a water corporation yard. The corporation yard includes one 30,000 square-foot building that will be used as the office and storage. There will be an additional 1,440 square-foot warehouse building and 4,800 square-foot storage building. The proposed corporation yard will relocate three separate water facilities and combine them into a single location.

The site will have approximately 100 work vehicles and equipment parked on the site. Employees would report to the site and pick work vehicles. This site will also include storage of spoils, asphalt, rock, and sand kept in 8 open concrete 40' by 50' storage bins. Grinding of used asphalt and other materials and subsequent storage of the grounded materials will take place on approximately five acres. Pipe and other materials will be stored on approximately three acres.

I. Other Public Agencies Whose Approval is Required: None

III. FINDINGS/DETERMINATION (SELECT ONE ON THE BASIS OF THE ANALYSIS IN SECTION IV)

1. _X_ **Within the Scope** - The project is within the scope of the Master EIR and no new environmental document or Public Resources Code Section 21081 findings are required. All of the following statements are found to be true:

   A. The subsequent project will have no additional significant effect on the environment, as defined in subdivision (d) of Section 21158 of the Public Resources Code, that was not identified in the Master EIR.

   B. No new or additional mitigation measures or alternatives are required.

   C. The subsequent project is within the scope of the project covered by the Master EIR.

   D. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project.

   E. No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified, and no new information, which was not known and could not have been known at the time that the Master EIR was certified as complete, has become available.

2. ____ **Mitigated Negative Declaration Required** - On the basis of the above determinations, the project is not within the scope of the Master EIR. A mitigated

negative declaration will be prepared for the project. The following statements are all found to be true:

A. The subsequent project is within the scope of the project covered by the Master EIR.

B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project.

C. The project will have one or more potential new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures are being required of the project that will reduce the effects to a less-than-significant level.

D. No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified, and no new information, which was not known and could not have been known at the time that the Master EIR was certified as complete, has become available.

3.____ **Focused EIR Required-** On the basis of the above determinations, the project is not within the scope of the Master EIR. A Focused EIR will be prepared for the project. All of the following statements are found to be true:

A. The subsequent project is within the scope of the project covered by the Master EIR.

B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project.

C. The project will have one or more new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures or alternatives are required as a result.

D. No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified, and no new information, which was not known and could not have been known at the time that the Master EIR was certified as complete, has become available.

Project Manager	Title	Date

4. Within the Scope Analysis of this Document:

The Master EIR allows projects to be found within the scope of the MEIR if certain criteria are met. If the following statements are found to be true for all 21 impact categories included in this Initial Study, then the proposed project is addressed by the MEIR analysis and is within the scope of the MEIR. Any "No" response must be discussed.

		YES	NO
(1)	The lead agency for subsequent projects shall be the City of Modesto or a responsible agency identified in the Master EIR.	☒	☐
(2)	City policies which reduce, avoid, or mitigate environmental effects will continue to be in effect and, therefore, would be applied to subsequent projects where appropriate. The policies are described in the list of policies in place and mitigation measures attached to the Initial Study template. Project impacts would be mitigated to a less-than-significant level using MEIR mitigations only.	☒	☐
(3)	Federal, State, regional, and Stanislaus County regulations do not change in a manner that is less restrictive on development than current law (i.e., would not offer the same level of protection assumed under the Master EIR).	☒	☐
(4)	No specific information concerning the known or potential presence of significant resources is identified in future reports, or through formal or informal input received from responsible or trustee agencies or other qualified sources.	☒	☐
(5)	The development will occur within the boundaries of the City's planning area as established in this Urban Area General Plan.	☒	☐
(6)	Development within the project will comply with all appropriate mitigation measures contained and enumerated in the 2008 General Plan Master EIR.	☒	☐

5. Currency of the Master EIR Document

The MEIR should be reviewed on a regular basis to determine its currency, and whether additional analysis/mitigation should be incorporated into the MEIR via a Supplemental or Subsequent EIR (CEQA Section 21157.6). Staff has reviewed Sections 1 through 21 of this document in light of the criteria listed below to determine whether the MEIR is current. The analysis contained within the Master EIR is current as long as the following circumstances have not changed. Any "no" response must be explained.

		YES	**NO**
(1)	Certification of the General Plan Master EIR occurred less than five years prior to the filing of the application for this subsequent project.	☐	☒
(2)	This project is described in the Master EIR and its approval will not affect the adequacy of the Master EIR for any subsequent project because the City can make the following findings:	☒	☐
(a)	No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified.	☒	☐
(b)	No new information, which was not known and could not have been known at the time	☒	☐

	the Master EIR was certified as complete, has become available.		
(c)	Policies remain in effect which require site-specific mitigation, and avoidance or other mitigation of impacts as a prerequisite to future development.	☒	☐

Discussion:

(1) The General Plan Master EIR was certified on October 14, 2008, so more than five years has passed since the MEIR was certified. However, the analysis contained in the MEIR is still adequate for subsequent projects, as documented in the discussion below.

(2) The project is consistent with the analysis contained in the MEIR. This is documented in the discussion of the individual issue areas of this initial study.

(2)(a) There have been no substantive changes to the General Plan since the MEIR was certified that would create additional significant environmental effects that were not analyzed by the MEIR.

(2)(b) There has been no new information that would affect the adequacy of the analysis contained in the MEIR.

(2)(c) All policies contained in the MEIR that require site-specific mitigation or avoidance of impacts remain in effect and will be applied to the project as appropriate.

IV. ENVIRONMENTAL ANALYSIS

This Initial Study, in accordance with Section 21157.1(b) of the Public Resources Code, discloses whether the proposed project may cause any project-specific significant effect on the environment that was not examined in the Final Master EIR (MEIR) for the General Plan and whether new or additional mitigation measures or alternatives may be required as a result. The Initial Study thereby documents whether or not the project is "within the scope" of the Master EIR.

Pursuant to Public Resources Code Section 21157.1, no new environmental document or findings are necessary for projects that are determined to be within the scope of the MEIR. Adoption of the findings specified in Section III.1, above after completion of the Initial Study fulfills the City's obligation in that situation.

All environmental effects cited reflect 2025 conditions resulting from the Urban Area General Plan, as identified in the Master EIR.

The environmental impact analysis in the Master EIR for the Urban Area General Plan is organized in twenty-one subject areas. The following analysis is based on the impact analyses contained in Chapter V of the Master EIR. For ease of reference, the sections are numbered in the same order as the analyses in Chapter V.

1. TRAFFIC AND CIRCULATION

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable traffic and circulation impacts expected after application of mitigations/policies:

Direct Impacts

Effect: Increased automobile traffic will result in roadway segments (see MEIR on Table V-1-7, pages V-1-28 to V-1-31) operating at LOS D, Modesto's significance threshold for automobile traffic, or lower (LOS E or F).

Effect: The substantial increase in traffic relative to the existing load and capacity of the street system will cause, either individually or cumulatively, the violation of automobile service standards established by StanCOG's Congestion Management Plan for designated roads and highways.

Effect: A substantial increase in automobile vehicle miles traveled and automobile vehicle hours of travel and a decrease in average automobile vehicle speed (see MEIR Table V-1-6, page V-1-28).

Cumulative Impacts

Effect: Potential for growth inducement or acceleration of development resulting from highway and local road projects.

Effect: Substantial increase in traffic in relation to the existing traffic load and capacity of the street system, including a violation, either individually or cumulatively, of an automobile LOS standard established by the Congestion Management Plan for designated roads and highways.

Effect: Increased demand for capacity-enhancing alterations to existing roads or automobile traffic reduction.

Other impact categories affected by Traffic and Circulation are addressed throughout this Initial Study (see also Section 2, Degradation of Air Quality; Section 3, Generation of Noise; Section 7 Loss of Sensitive Wildlife and Plant Habitat; Section 8, Disturbance of Archaeological/Historic Sites; Section 14 Increased Demand for Fire Services; Section 18, Energy; Section 19, Visual Resources; Section 20, Land Use and Planning, and Section 21, Climate Change).

b. Master EIR and/or New Mitigation Measures Applied to the Project

Traffic and Circulation mitigation measures pertinent to this project are found on MEIR pages V-1-9 through V-1-24. All mitigation measures appropriate to the project, including any new measures, will be incorporated into or made conditions of approval of this project and are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes none from the MEIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-1.B of the Master EIR provides analysis of Traffic and Circulation impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: A subsequent development project will have a new significant effect on the environment if it would exceed the following criteria:

1. TRAFFIC AND CIRCULATION	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
1) The proposed project exceeds traffic generation assumptions in the Master EIR for the site by 100 trips or more and City Engineering and Transportation staff has determined that the project would have additional potentially significant project-specific effects that are not avoided or reduced by the Master EIR's mitigation measures.	☐	☐	☐	☒
2) Exceed, either individually or cumulatively, a level of service standard established by the county congestion management agency for designated roads or highways?	☐	☐	☐	☒
3) The proposed project would cause additional roadway segments in the General Plan area to exceed LOS D and/or cause additional violations of standards in the Congestion Management Plan, and/or cause an increase in automobile vehicle miles or vehicle hours of travel or a decrease in automobile travel speed, as compared to the impacts disclosed in the Master EIR.	☐	☐	☐	☒
4) The proposed project would cause emergency response times to exceed acceptable standards established by the Fire Department, as compared to impacts disclosed in the Master EIR (see Section 14, Increased Demand for Fire Services).	☐	☐	☐	☒
5) The proposed project would result in less parking than required by the Municipal Code or as determined by staff.	☐	☐	☐	☒
6) The proposed project would conflict with adopted policies, plans, or programs that support alternative transportation, including, but not limited to the Regional Transportation Plan, the Sustainable Communities Strategy,	☐	☐	☐	☒

1. TRAFFIC AND CIRCULATION	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
the Bicycle Action Plan, and so on.				
7) The proposed project would result in an increase in automobile vehicle miles traveled on a per capita basis, in excess of that considered in the Urban Area General Plan MEIR.	☐	☐	☐	☒

Discussion:

(1) 80 of the employees will be field crews and will report and leave the site between 6 am to 7 am and return to the site before leaving for home beginning around 3 pm to 3:30 pm. Most of these trips will not be made during the AM and PM peak hour traffic on the streets. 20 office staff will generate fewer than 20 trips during both AM and PM peak hours. Their traffic impacts on the streets are insignificant.

The proposed Water Corporation Yard site is designated as Business Park (BP) in the General Plan and is estimated to generate approximately 1,200 employees. The proposed Water Corporation Yard will have 100 employees. The traffic impact of the proposed Water Corporation Yard is much less than expected in the current General Plan.

(2) The proposed project would not exceed a level of service standard established by the county congestion management agency (StanCOG).

(3) There are no significant changes in the level of service or the volume-capacity ratio as a result of the project and therefore there are no significant cumulative (long term) traffic impacts.

(4) The proposed project would not impact emergency response time. The street improvements would help improve the response time.

(5) The proposed project would provide parking consistent with the Zoning Ordinance.

(6) The proposed project would not conflict with alternative transportation. The project includes plans to widen Litt Road to two lanes per County standards. At the time that the surrounding area is developed, Litt Road will be improved to City standards including bike lanes and bus stops.

(7) The proposed project would not result in a significant increase in automobile vehicle miles traveled (per capita) in excess of what was considered in the Urban Area General Plan.

2. DEGRADATION OF AIR QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable air quality impacts expected after application of mitigations/policies:

Direct Impacts

Effect: Expected automobile traffic will result in increased operational emissions of reactive organic gases (ROG) and oxides of nitrogen (NO_X) (see MEIR Table 2-8, page V-2-26).

Effect: Expected automobile traffic will result in increased emissions of particulate matter 10 microns or less (PM_{10}) and 2.5 microns or less in diameter ($PM_{2.5}$) (see MEIR Table 2-8, page V-2-26).

Effect: Expected automobile traffic will result in increased carbon monoxide (CO) levels in the project area (see MEIR Table 2-7, page V-2-26, and Table 2-8, page V-2-26).

Cumulative Impacts

The Master EIR indicates the same impacts identified as direct impacts above will contribute to regional impacts on air quality for the criteria pollutants ROG, NO_x, PM_{10}, and $PM_{2.5}$.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Air quality mitigation measure(s) pertinent to the proposed project are found on pages V-2-14 through V-2-23 of the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes AQ-39 through AQ-44, and AQ-46 through AQ-56 from the MEIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-2.B of the Master EIR is the analysis of air quality impacts resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

2. DEGRADATION OF AIR QUALITY	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact

2. DEGRADATION OF AIR QUALITY	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
1) The proposed project exceeds the project-level emissions thresholds established for CO, ROG, NO_x, PM_{10}, and $PM_{2.5}$ by the San Joaquin Valley Air Pollution Control District (SJVUAPCD) and is not consistent with the development assumptions for the project site, as established in the Urban Area General Plan and Master EIR.	☐	☐	☒	☐
2) The proposed project does not incorporate the best management practices established by the SJVAPCD for CO, ROG, NO_x, PM_{10}, and $PM_{2.5}$.	☐	☐	☒	☐
3) The proposed project does not comply with the air quality policies in the Modesto Urban Area General Plan.	☐	☐	☐	☒
4) The proposed project would expose sensitive receptors to pollutant concentrations in excess of those expected to occur as a result of implementation of the Urban Area General Plan.	☐	☐	☒	☐
5) The proposed project would create objectionable odors affecting a substantial number of people.	☐	☐	☒	☐

Discussion:

(1) Emissions associated with the project would result from construction-related activity, an increase in traffic volumes, and site operation including asphalt grinding. The net increase in emissions generated by these activities and other secondary sources would not exceed the thresholds of significance recommended by the San Joaquin Valley Air Pollution Control District or the development assumptions established in the Master EIR. Mitigation measures AQ-39, AQ-40, and AQ-41 address reduction in emissions of PM-10 and other particulates. Mitigation measures AQ-42, AQ-43, AQ-44, and AQ-46 through AQ-56 address construction activities.

(2) This project would incorporate the best management practices established by the SJVUAPD (see mitigation measures in Section V). In addition, the project is subject to SJVAPCD Rule VIII (Fugitive Dust Rules) and Rule 9510 (Indirect Source Review). Rule VIII identifies control measures for PM10 emissions during the construction phase and the corporation yard operation including the asphalt

grinding activity. Rule 9510 fulfills the SJVAPCD's emission reduction commitments in the PM10 and Ozone Attainment Plans through design features or by payment of applicable off-site mitigation fees.

(3) Applicable air quality policies of the General Plan would be applied to the project.

(4) There are two residential dwellings near the project site. The project is not in itself a significant contributor to air pollution levels. The primary source of air pollution associated with the project would be traffic related and asphalt grinding but would not result in a significant impact. The PM10 emissions created through construction and site activities will be mitigated as called for by the MEIR with the measures listed above.

(5) Construction activities for the project could potentially include the application of architectural coatings and asphalt paving materials that could generate localized temporary odors. The use of diesel-powered equipment could also generate localized temporary odors. Construction and site activities will be mitigated as called for by the MEIR with the mitigation measures listed above.

3. GENERATION OF NOISE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable noise impacts expected after application of mitigations/policies:

Direct Impacts

Effect: Future automobile traffic noise levels and roadway construction and maintenance activities resulting from development of the Urban Area General Plan will exceed the City's noise thresholds at various locations, but particularly in areas adjacent to heavily traveled roadways (see MEIR Table 3-3, page V-3-11, and Table 3-6, pages V-3-19 and V-3-20).

Effect: Expected noise from airport operations and airport construction projects may expose up to 468 dwellings and three churches to noise levels of 65 dB CNEL and up to eight dwellings to noise levels of 70 dB CNEL.

Effect: Expose noise-sensitive land uses to noise from the construction of bicycle and transit projects.

Effect: Expose noise-sensitive land uses to noise from freight and passenger rail operations.

Cumulative Impacts

Effect: Traffic from development in the City of Modesto would, when combined with traffic from new development in the County and other cities, contribute to a cumulative increase in roadside noise levels on major roads and highways throughout Stanislaus County.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Noise policies and mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-3-12 through V-3-15 of the Master EIR. All mitigation measures appropriate to the

project will be incorporated into or made conditions of approval of this project and any new measures are listed in Section V, Mitigation Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes N-1, N-2, and N-3 from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-3.B of the MEIR discloses noise impacts resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not analyzed in the Master EIR.

Significance Criteria: Determination of the proposed project's effects are based on the following thresholds. Project-specific effects will be less than significant unless:

3. GENERATION OF NOISE	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
1) The proposed project will exceed the standards for noise level and hours of operation established by the Modesto noise ordinance.	☐	☐	☒	☐
2) The proposed project will not comply with the noise policies of, or otherwise be inconsistent with, the Modesto Urban Area General Plan.	☐	☐	☐	☒
3) The proposed project will result in an increase in ambient noise levels in the project vicinity above those disclosed in the Master EIR.	☐	☐	☐	☒
4) The proposed project will result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels disclosed in the Master EIR implementation of the Urban Area General Plan.	☐	☐	☐	☒

Discussion:

(1) The project would not generate a significant amount of noise. The asphalt grinder will operate about twice per year for a total time of one to two months. It generates noise levels similar to farm equipment used in the area. The grinder operation will be on the east side of the site at approximately 1,000 feet to the nearest dwelling unit and 800 feet from adjacent properties to the north and south also designated for business park use. The grinder operation will be

subject to the mitigation measures N-1 and N-2 that identifies the City's noise ordinance requirements regarding prohibition of loud raucous noise and hours of operation. Construction activities could potentially cause a temporary increase in noise levels; however, mitigation measure N-3 will be applied to the project, which would mitigate those impacts to a less than significant level.

(2) The project would comply with the noise policies of the General Plan.

(3, 4) Aside from temporary construction-related noise which will be mitigated through the application of mitigation measure N-3, the project would not in itself cause an increase in ambient noise above those disclosed in the General Plan MEIR.

4. EFFECTS ON AGRICULTURAL LANDS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on agricultural lands expected after application of mitigations/policies:

Direct Impacts

Effect: Between 1995 and 2025, development of the Urban Area General Plan may convert up to approximately 26,000 acres of farmland in various categories in the Planned Urbanizing Area to urban uses.

Effect: Approximately 1,200 acres of urban development along a 28.5-mile boundary 350 feet wide between urban and agricultural uses could be affected by continued agricultural operations, including noise, dust, and chemical overspray or drift.

Cumulative Impacts

Effect: Growth within Modesto's planning area would contribute considerably to the loss of agricultural land within Stanislaus County, accounting for the conversion of as much as approximately 26,000 acres of farmland in various categories in the Planned Urbanizing Area from 1995 to 2025.

b. Master EIR and/or New Mitigation Measures Pertinent to the Project

Agricultural land mitigation measures pertinent to the proposed project are found on pages V-4-6 to and V-4-8 of the Master EIR. All mitigation measures appropriate to the project and any new mitigation to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-4.B of the Master EIR discloses the impacts resulting from the implementation of the Urban Area General Plan on agricultural lands. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

4. EFFECTS ON AGRICULTURAL LANDS	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
1) The proposed project is inconsistent with the Urban Area General Plan's policies relating to agricultural land.	☐	☐	☐	☒
2) The proposed project will either directly or indirectly result in the development of land outside the 2008 Urban Area General Plan's planning area boundary.	☐	☐	☐	☒
3) The proposed project will conflict with existing zoning for agricultural use, or there is an existing Williamson Act contract on the project site.	☐	☐	☐	☒
4) The proposed project will involve other changes in the existing environment not anticipated in the Master EIR which, due to their location or nature, could result in conversion of farmland to non-agricultural use.	☐	☐	☐	☒

Discussion:

(1, 2) The project site is located within the Urban Area General Plan and is consistent with policies related to agricultural land.

(3) There is no Williamson Act contract on the project site.

(4) This site is designated for Business Park that allows for light industrial use. The proposed corporation yard is consistent with a light industrial use and will not result in the conversion of farmland to non-agricultural use.

5. INCREASED DEMAND FOR LONG-TERM WATER SUPPLIES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on long-term water supplies expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts have been disclosed in the Master EIR.

Cumulative Impacts

Effect: Operational yields of the Modesto and Turlock subbasins, both of which underlie the City of Modesto, are unknown, although the City is participating in a study with the United States Geological Survey in order to quantify the operational yields of both subbasins. Groundwater withdrawals from both basins by the City, when combined with other users' withdrawals, may result in overdrafting both subbasins.

Effect: Despite available options, during drought years, significant water shortages are forecast for the San Joaquin River basin, which includes both the Modesto and Turlock subbasins, by 2020. Modesto would make a cumulatively considerable contribution to the cumulative impact on water supply under drought conditions.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Water supply mitigation measures pertinent to the proposed project are found on pages V-5-6 through V-5-11 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-5.B of the Master EIR discloses impacts on long-term water supplies resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

5. INCREASED DEMAND FOR LONG-TERM WATER SUPPLIES	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
1) The proposed project is inconsistent with	☐	☐	☐	☒

5. INCREASED DEMAND FOR LONG-TERM WATER SUPPLIES	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
water supply policies in the Urban Area General Plan.				
2) Water demand for the proposed project will exceed estimates for similar projects or for development on the project site anticipated in the Urban Area General Plan or sufficient water supplies are not otherwise available to serve the project from existing entitlements and resources.	☐	☐	☐	☒
3) The proposed project would deplete groundwater supplies to a greater degree than anticipated in the Urban Area General Plan or would interfere with groundwater recharge.	☐	☐	☐	☒

Discussion:

(1) The project is consistent with the water supply policies in the General Plan.

(2) The project will require minimal was usage. There will be a maximum of 100 employees reporting to the site with approximately 80 employees leaving the site to work in the field all day. The water demand for the project will not exceed estimates for similar projects.

(3) The proposed project is consistent with the ground water demands assumed in the General Plan. The project would not have a significant effect on ground water recharge or depletion of long-term water supplies.

6. INCREASED DEMAND FOR SANITARY SEWER SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on sanitary sewer services after application of mitigations/policies:

Direct Impacts

Effect: Development resulting from implementation of the Urban Area General Plan will require substantial new sewage treatment and disposal capacity, treatment plant improvements, sewer mains and collection lines, and pump stations. The Wastewater Master Plan anticipates the need for these facilities and its EIR evaluates the impact of developing those facilities. Potential impacts include degradation of water quality through erosion and chemical releases; localized flooding; construction noise; exposure of construction workers and the public to hazardous materials; and on the habitat of the elderberry longhorn beetle, burrowing owl, and Swainson's hawk, as well as certain other regulated habitats. All of these impacts are mitigated to a less-than-significant level.

Additional impacts that are not mitigated to a less-than-significant level include loss of farmland cause by construction of the Phase IA tertiary treatment facility at the Jennings Road Secondary Treatment Facility, an increase in pollutant loads from increased wastewater flows to the San Joaquin River, and an increase in noise and criteria air pollutants due to construction activities, including traffic.

Cumulative Impacts

Effect: No additional cumulative impacts were identified in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Sewer service mitigation measures pertinent to the proposed project are found on pages V-6-2 through V-6-7 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-6.B of the Master EIR discloses impacts on the Increased Demand for Sanitary Sewer Service resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

6. INCREASED DEMAND FOR SANITARY SEWER SERVICES	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
1) The proposed project is inconsistent with wastewater policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project will generate sewage flows greater than those anticipated in the Urban Area General Plan for the project site.	☐	☐	☐	☒
3) The proposed project will result in a determination by the wastewater treatment provider which serves or may serve the project that it has inadequate capacity to serve the project's projected demand in addition to the provider's existing commitments.	☐	☐	☐	☒

Discussion:

(1) The project is consistent with the wastewater policies in the General Plan. The project site is planned for business park development.

(2) The proposed project will generate minimal sewage flows and would not be greater than those anticipated in the Urban Area General Plan.

(3) There is adequate capacity to serve the project. The proposed corporation yard is combining three separate water services locations in the city into one site. There will be the less sewer flows than assumed in the General Plan.

7. LOSS OF SENSITIVE WILDLIFE AND PLANT HABITAT

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on sensitive wildlife and plant habitat expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant impacts on sensitive wildlife and plan habitat are expected to occur with the application of the policies contained in the Urban Area General Plan.

Cumulative Impacts

Effect: Implementation of the Urban Area General Plan will contribute to the cumulative impact of habitat loss in the San Joaquin Valley. Requiring density development than has occurred in the past or that is expected in the future would minimize the City's contribution to the cumulative loss of habitat. Nonetheless, this is a significant and unavoidable impact.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Wildlife and plant habitat mitigation measures pertinent to the proposed project are found on pages V-7-18 through V-7-24 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes SWPH-13 (j, k) from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-7.B of the Master EIR discloses impacts on the Loss of Sensitive Wildlife and Plant Habitat resulting from implementation of the Urban Area General Plan. The

following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

7. LOSS OF SENSITIVE WILDLIFE AND PLANT HABITAT	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
1) The project is inconsistent with the policies pertaining to the loss of sensitive wildlife and plant habitat contained in the Urban Area General Plan.	☐	☐	☒	☐
2) Consultation with the California Department of Fish and Game or the U.S. Fish and Wildlife Service determines that the project would have a significant effect on a candidate, sensitive, or special status species in excess of the impact disclosed in the Master EIR.	☐	☐	☒	☐
3) The proposed project would have a substantial adverse effect on federally protected wetlands as defined by Section 404 of the Clean Water Act through direct removal, filling, hydrological interruption, or other means, in excess of the impact disclosed in the Master EIR.	☐	☐	☐	☒
4) The proposed project would substantially interfere with the movement of any native resident or migratory fish or wildlife species or with established native resident or migratory wildlife corridors, or impede the use of native wildlife nursery sites.	☐	☐	☐	☒
5) Conflict with local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.	☐	☐	☐	☒
6) The proposed project would conflict with provisions of an adopted habitat conservation plan, natural community conservation plan, or other approved local, regional, or state habitat conservation plan.	☐	☐	☐	☒

Discussion:

(1, 2) The project site is agricultural land within the Planned Urbanized Area that is surrounded by agricultural uses. The project site in planned for development and would be consistent with General Plan policies regarding sensitive plant and

wildlife habitat. The California Department of Fish and Wildlife were consulted in the course of preparing the General Plan MEIR. Mitigation measure SWPH-13 of the Master EIR provides policies for sensitive biological habitats.

(3) The project site is not located within a wetland area and does not qualify as a federally protected wetland per Section 404 of the Clean Water Act.

(4) The project site is not within a biologically sensitive site as defined by Figures V-7-1a through V 7-1e of the MEIR.

(5) The project would not interfere with local policies or ordinances protecting biological resources.

(6) The proposed project would not conflict with any adopted habitat conservation plan, natural community conservation plan, or other approved local, regional, or state habitat conservation plan.

8. DISTURBANCE OF ARCHAEOLOGICAL/HISTORICAL SITES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on archaeological/historical sites expected after application of mitigations/policies:

Direct Impacts

Effect: Modification resulting in a substantial adverse change in the significance of a historic resource or the demolition of a listed or eligible historic resource.

Effect: The modification or demolition of a structure more than 50 years in age may be significant.

Effect: Discovery of archaeological resources in areas outside of the riparian corridors, as a result of construction activities.

Effect: Construction in an area of high archaeological sensitivity.

Cumulative Impacts

Effect: No additional cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Archaeological or historic mitigation measures pertinent to the project being analyzed in this Initial Study are found on page V-8-15 through V-8-19 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-8.B of the MEIR discloses impacts on archaeological/historical resources resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project - specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

8. DISTURBANCE OF ARCHAEOLOGICAL/ HISTORICAL SITES	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
1) The proposed project is inconsistent with the archaeological/historical resource policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would demolish a building eligible for listing as a historic resource or remove a landmark from the Modesto inventory.	☐	☐	☐	☒
3) The proposed project would modify or demolish a structure more than 50 years in age.	☐	☐	☐	☒
4) The project would adversely affect a cultural resource that is either listed or eligible for listing in the California Register of Historical Resources.	☐	☐	☐	☒
5) Conflict with local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.	☐	☐	☐	☒

Discussion:

(1) The project is consistent with the archeological and historical resource policies in the General Plan.

(2-3) The project site is agricultural land with no structures.

(4) The project would not affect a resource that is listed or eligible for listing in the California Register of Historic Resources.

(5) The project would not conflict with local policies affecting biological resources.

9. INCREASED DEMAND FOR STORM DRAINAGE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on storm drainage expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: The population of Stanislaus County is projected to increase in a fashion similar to that of Modesto, resulting in additional urban development and associated increases in impervious surface area and associated increases in storm water runoff. Cumulative hydrologic impacts of storm water flows from Modesto urban areas and other areas of the County could occur due to the fixed capacity of MID and TID irrigation canals to convey drainage west to the San Joaquin River. If drainage channels in some areas prove insufficient to handle the increased drainage discharges, existing storm water runoff from urban and agricultural areas during large storm events would have to be interrupted until water levels receded to a point allowing the resumption of discharges to the channel. Ceasing discharges to drainage channels could cause inundation in and around the drainage conveyance pipeline systems, surface drainage channels, detention basins, and other urban areas. This cumulative impact is considered significant and unavoidable.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Storm Drainage mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-9-4 through V-9-9. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes SD-9 from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-9.B of the MEIR discloses impacts on the demand for storm drainage resulting from development of the Urban Area General Plan. The following is an analysis of

whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

9. INCREASED DEMAND FOR STORM DRAINAGE	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
1) The proposed project is inconsistent with the storm drainage policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would substantially increase the rate or amount of surface runoff in a manner that would result in flooding on- or offsite, as compared to impacts anticipated to result from the Urban Area General Plan or create substantial unanticipated sources of polluted runoff.	☐	☐	☐	☒
3) The proposed project does not utilize Low Impact Development strategies to reduce runoff from the site and increase infiltration, resulting in no net increase in runoff before and after development.	☐	☐	☐	☒

Discussion:

(1) The proposed project is consistent with the storm drainage policies in the Urban Area General Plan.

(2) The project will contribute additional water runoff but would not generate more runoff than anticipated from the Urban Area General Plan.

(3) The project will utilize low impact strategies and meet the standards contained in the "Guidance Manual for New Development-Storm Water Quality Control Measures." This requirement will be implemented as a condition of project approval.

10. FLOODING AND WATER QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on flooding and water quality expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Flooding and Water Quality mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-10-6 through V-10-9 of the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes FWQ-13 from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-10.B of the Master EIR provides analysis of Flooding and Water Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

10. FLOODING AND WATER QUALITY	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
1) The proposed project is inconsistent with the flooding and water quality policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project does not comply with the regulatory requirements of the federal Clean Water Act or the State Porter-Cologne Act.	☐	☐	☐	☒
3) The proposed project would place more housing within a 100-year flood hazard zone than assumed in the Urban Area General Plan.	☐	☐	☐	☒
4) The proposed project would place structure within a 100-year flood hazard area so that they would impede or redirect floodwater or would substantially alter the existing on-site drainage pattern or a watercourse, in such	☐	☐	☐	☒

10. FLOODING AND WATER QUALITY	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
a way as to cause flooding on- or offsite.				
5) The proposed project does not comply with Modesto's Guidance Manual for New Development Storm Water Quality Control Measures.	☐	☐	☐	☒
6) The proposed project would violate water quality standards or waste discharge requirements.	☐	☐	☐	☒
7) The proposed project would substantially alter the existing drainage pattern of the site or area or a watercourse in a manner that would result in substantial erosion or siltation on- or offsite in excess of the assumptions of the Urban Area General Plan.	☐	☐	☐	☒
8) The proposed project would create or contribute runoff, which would exceed the capacity of existing or planned storm water drainage systems or provide substantial additional sources of polluted runoff, not expected as part of Urban Area General Plan implementation.	☐	☐	☐	☒

Discussion:

(1) The proposed project is consistent with the flooding and water quality policies in the Urban Area General Plan.

(2) The project would comply with the Federal Clean Water Act and the Porter Cologne Act requirements.

(3-4) The project site is not within a 100-year flood hazard zone as established by the Federal Emergency Management Agency (FEMA)

(5) The project will comply with the Guidance Manual for New Development Storm Water Quality Control Measures (MIER Policy SD-11). This will be implemented as a condition of project development.

(6) The project will not violate water quality standards or waste discharge requirements.

(7) The project would not substantially alter the existing drainage pattern of the site, area or a watercourse in a manner that would result in erosion or siltation.

(8) The project will not contribute additional water runoff that would exceed the capacity of the storm drainage system and would not generate additional runoff beyond the expectation of the Urban Area General Plan.

11. INCREASED DEMAND FOR PARKS AND OPEN SPACE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on parks and open space expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Parks and open space mitigation measures pertinent to the proposed project are found on pages V-11-3 through V-11-8 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-11.B of the MEIR discloses impacts of the Urban Area General Plan on parks and open space. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

11. INCREASED DEMAND FOR PARKS AND OPEN SPACE	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
1) The proposed project is inconsistent with the parks and open space policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would eliminate parks or open space.	☐	☐	☐	☒
3) The proposed project would cause an increase in the use of existing neighborhood	☐	☐	☐	☒

11. INCREASED DEMAND FOR PARKS AND OPEN SPACE	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
and regional parks or other recreational facilities such that substantial physical deterioration of the facility in question would occur or be accelerated or the proposed project would include recreational facilities or require the construction or expansion of recreational facilities which might have an adverse physical effect on the environment.				

Discussion:

(1) The project is consistent with the parks and open space policies in the General Plan.

(2) The project would not eliminate an existing park or designated open space. The project is on a site designated for Business Park.

(3) The project would not increase in the use of existing park facilities.

12. INCREASED DEMAND FOR SCHOOLS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on school facilities expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR. By statute, the impact of new students is considered to be mitigated below a level of significance by payment of school impact fees and the exercise of any or all of the financing options set out in Government Code Section 65997.

Cumulative Impacts

Effect: Similar to direct impacts of implementation of the Urban Area General Plan, no residual significant direct impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. As long these policies are applied to all subsequent projects, no new mitigation is necessary. Further, payment of school impact fees and compliance with SB 50 is statutorily deemed to be full mitigation of school impacts (Government Code Section 65995).

The following schools mitigation measures on pages V-12-4 through V-12-7 of the Master EIR are pertinent to the proposed project. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures are listed in Section V, Mitigation Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-12.B of the Master EIR discloses impacts resulting from implementation of the Urban Area General Plan associated with increased demand for schools. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

12. INCREASED DEMAND FOR SCHOOLS	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
1) The proposed project is inconsistent with the policies relating to schools in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project does not comply with SB 50/Proposition 1A funding provisions, or succeeding measures which state that compliance results in less-than-significant impacts on schools.	☐	☐	☐	☒

Discussion:

(1) The project is consistent with the policies relating to schools in the General Plan.

(2) The proposed corporation yard would have no effects related to demand for schools.

13. INCREASED DEMAND FOR POLICE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on police services expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Police services mitigation measures pertinent to the proposed project are found on pages V-13-2 through V-13-5 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-13.B of the Master EIR discloses impacts on police services resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

13. INCREASED DEMAND FOR POLICE SERVICES	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
1) The proposed project is inconsistent with policies relating to police services in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would result in the need for new or significantly altered facilities not considered as part of the Urban Area General Plan or Master EIR which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times, or other performance objectives.	☐	☐	☐	☒

Discussion:

(1) The project is consistent with the policies relating to police services in the General Plan.

(2) The project would not result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives. The project meets City Standards for emergency services access.

14. INCREASED DEMAND FOR FIRE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on fire services expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Fire Services mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-14-4 through V-14-6 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-14.B of the Master EIR discloses impacts on fire services resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

14. INCREASED DEMAND FOR FIRE SERVICES	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
1) The proposed project is inconsistent with the fire service policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would result in the need for new or significantly altered facilities not considered as part of the Urban Area General Plan or Master EIR which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times, or other performance objectives.	☐	☐	☐	☒
3) The proposed project, based upon substantial evidence, would cause the erosion or elimination of fire protection services in adjoining fire protection districts.	☐	☐	☐	☒

Discussion:

(1) The project is consistent with the fire service policies in the General Plan.

(2) The project would not result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives.

(3) The project would not significantly impact adjacent fire districts or result in the elimination of fire protection services.

15. GENERATION OF SOLID WASTE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on solid waste expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Solid waste mitigation measures pertinent to the proposed project are found on pages V-15-4 through V-15-6 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-15.B of the Master EIR discloses solid waste impacts resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

15. GENERATION OF SOLID WASTE	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
1) The project is inconsistent with the solid waste policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The County is unable to expand its solid waste disposal capacity, as expected, causing all new development to result in cumulative impacts on the County's disposal capacity.	☐	☐	☐	☒

Discussion:

(1) The project is consistent with the solid waste policies in the General Plan.

(2) The proposed street improvements would have no effects related to generation of solid waste.

16. GENERATION OF HAZARDOUS MATERIALS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts regarding hazardous materials expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Hazardous materials mitigation measures pertinent to the proposed project are found on pages V-16-8 through V-16-12 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-16.B of the Master EIR discloses impacts on hazardous materials resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

16. GENERATION OF HAZARDOUS MATERIALS	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
1) The project is inconsistent with the hazardous materials policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school.	☐	☐	☐	☒
3) The proposed project would be located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would create a significant hazard to the public or the environment.	☐	☐	☐	☒
4) The proposed project would be constructed on a contaminated site not known to the State of California as	☐	☐	☐	☒

16. GENERATION OF HAZARDOUS MATERIALS	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
of March 2008.				

Discussion:

(1) The project is consistent with the hazardous materials policies in the General Plan.

(2) The project would comply with all applicable federal, state, and county standards and regulations relative to the handling, storage, disposal, and transport of hazardous or toxic materials or wastes.

(3) The project area is not be located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5, and as a result, would not create a significant hazard to the public or the environment.

(4) The project site is not known to contain any contaminants.

17. GEOLOGY, SOILS, AND MINERAL RESOURCES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts related to geology, soils, and mineral resources expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Geology, soils, and mineral resource mitigation measures pertinent to the proposed project are found on pages V-17-9 and V-17-10 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of the proposed project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-17.B of the Master EIR discloses geology, soils, and mineral resource impacts resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

17. GEOLOGY, SOILS, AND MINERAL RESOURCES	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
1) The project is inconsistent with policies relating to geology, soils, and mineral resources contained in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would expose people or structures to potential substantial adverse effects including the risk of loss, injury, or death involving fault rupture, strong seismic activity; location on an expansive soil; result in the loss of topsoil; location on soils incapable of adequately supporting the use of septic tanks or alternative wastewater disposal systems in areas where sewers are not available for the disposal of wastewater; result in the loss of known mineral resources that would be of value to the region and the state; or result in the loss of availability of a locally important mineral resource recovery site delineated on a local general plan, specific plan, or other land use plan.	☐	☐	☐	☒

Discussion:

(1) The project is consistent with policies related to geology, soils and mineral resources in the General Plan.

(2) The project would not be located on soil that is unstable or that would become unstable as a result of the project. There are no known mineral resources of value to the region or state at the project site.

18. ENERGY

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts pertaining to energy expected after application of mitigations/policies:

Direct Impacts

Effect: Continued development in the Planned Urbanizing Area would have an impact on available energy supplies. Energy consumption likely would increase substantially by 2025 as a result of implementation of the Urban Area General Plan.

Cumulative Impacts

Effect: Implementation of the Urban Area General Plan will have a cumulatively considerable impact on energy consumption.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following energy mitigation measures pertinent to the proposed project are found on pages V-18-2 through V-18-7 in the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-18.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on energy resources. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

18. ENERGY	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
1) The proposed project is inconsistent with policies relating to energy in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would result in energy consumption during construction, operation, maintenance, or removal that is more wasteful, inefficient, and unnecessary than assumed in the Urban Area General Plan.	☐	☐	☐	☒

Discussion:

(1) The project is consistent with the energy policies in the General Plan.

(2) The project would not result in energy consumption during construction, operation, maintenance or removal that is more wasteful, inefficient and unnecessary than assumed in the General Plan.

19. EFFECTS ON VISUAL RESOURCES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on visual resources expected after application of mitigations/policies:

Direct Impacts

Effect: New development in the Planned Urbanizing Area will occur in areas that are in agricultural production or are otherwise lightly developed, which could lead to the introduction of light and glare in areas that have little nighttime illumination.

Cumulative Impacts

Effect: No additional cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following visual resources mitigation measures pertinent to the proposed project are found on pages V-19-3 and V-19-4 in the Master EIR. All mitigation measures appropriate to the proposed project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-18.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on energy resources. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

19. EFFECTS ON VISUAL RESOURCES	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
1) The proposed project is inconsistent with policies relating to visual resources in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would degrade views from riverside areas and parks to a greater degree than assumed in the Urban Area General Plan.	☐	☐	☐	☒
3) The proposed project would degrade views of riverside areas from public roadways and nearby properties to a greater degree than assumed in the Urban Area General Plan.	☐	☐	☐	☒

Discussion:

(1) The project is consistent with the policies related to the visual resources in the General Plan.

(2-3) The project site is not in the vicinity of riverside areas and would not degrade views to parks to a greater degree than assumed in the Urban Area General Plan. Mary Grogan Community Park is located about .2 mile to the south. The nearest waterway is the Dry Creek, 2.5 miles to the south. The facility will include fencing and landscaping to screen outdoor storage areas consistent with city standards.

20. LAND USE AND PLANNING

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts pertaining to land use and planning expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following land use and planning mitigation measures pertinent to the proposed project are found on pages V-20-7 through V-20-15 in the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-20.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on land use and planning. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

20. LAND USE AND PLANNING	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
1) The proposed project is inconsistent with land use and planning policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project contains elements that would physically divide an established community in a way not assumed in the Urban Area General Plan.	☐	☐	☐	☒
3) The proposed project conflicts with a land use plan, policy or regulation established for the purpose of	☐	☐	☐	☒

20. LAND USE AND PLANNING	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
avoiding or mitigating an environmental impact by an agency that has jurisdiction over the proposed project.				
4) The proposed project conflicts with an applicable habitat conservation plan or natural community conservation plan.	☐	☐	☐	☒

Discussion:

(1) The land use for the site is designated as Business Park (BP) in the General Plan. The designation provides for light industrial uses. The proposed water corporation yard is consistent with the land use and planning policies in the General Plan.

(2) The proposed project would not divide an established community. The project site is surrounded with agricultural uses but the area to the north and south is also designated Business Park and is expected to eventually also develop with business park and light industrial uses compatible with corporation yard. The area to the east is not in the Modesto Urban Area and is separated by the Burlington Northern Sante Fe Railroad tracks and Terminal Avenue. The area to the west is designate as Village Residential and separated by Litt Road.

(3) The project does not conflict with the land use plan, policies and regulations of the City of Modesto designed to mitigate project impacts.

(4) The project does not conflict with applicable habitat conservation plans or natural community conservation plans.

21. CLIMATE CHANGE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts pertaining to climate change expected after application of mitigations/policies:

Direct Impacts

Effect: Impacts resulting from implementation of the Urban Area General Plan are not substantial enough to result in a significant direct impact on climate change, as disclosed in the Master EIR.

Cumulative Impacts

Effect: Implementation of the Urban Area General Plan will have a cumulatively considerable impact on climate change.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following climate change mitigation measures pertinent to the proposed project are found on pages V-21-7 through V-21-10 in the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-18.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on climate change. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

21. CLIMATE CHANGE	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
1) The proposed project is inconsistent with policies relating to climate change in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would result in average automobile trip lengths or CO_2 emissions higher than those assumed in the Master EIR.	☐	☐	☐	☒
3) The proposed project would conflict with the Sustainable Communities Strategy or Alternative Planning Strategy that the Air Resources Board has agreed will achieve the goals of AB 32.	☐	☐	☐	☒

Discussion:

(1) The City of Modesto General Plan Master EIR addressed potential climate change impacts due to development and other activities associated with the Urban Area General Plan (UAGP). The

Urban Area General Plan Master EIR (MEIR) determined that buildout of the UAGP would make a cumulatively considerable contribution to global climate change. The UAGP nonetheless authorizes development that will contribute to global climate change by virtue of the production of greenhouse gases. The MEIR states the projected rate of growth of vehicle miles traveled (VMT) will increase the City's contribution to global climate change as the City develops. Development under the UAGP is expected to generate approximately 1,096,226.4 metric tons per year above 2005 emissions. The City Council adopted a Statement of Overriding Considerations in 2008, finding that the benefits of the UAGP outweighed the City's increased contribution to global climate change.

The MEIR identifies policies CL-3 through CL-26 as policies in effect that have been determined to reduce, avoid or mitigate air quality environmental impacts within the existing City limits and within the Planned Urbanizing Areas as they annex and develop. These policies include but are not limited to, the use of shade trees to reduce the heat island effect, current energy efficient building standards to reduce energy consumption, and the inclusion of facilities for alternative transportation. The proposed project is required to develop in accordance with climate change policies included in the UAGP and the MIER.

(2) Climate change is an inherently cumulative impact because no single project can produce enough greenhouse gases to substantially alter the global climate. No thresholds have been set for individual or cumulative greenhouse gases. Nonetheless, the proposed project would result in greenhouse gas emissions due primarily to automobile travel and energy use for lighting, heating, cooling and other activities. The primary source of CO_2 emissions generated from the project would be related to automobile trips. As identified under the traffic and circulation discussion, traffic engineering staff has determined that the project will be in substantial conformance with the GP MEIR assumptions for traffic generation, the CO_2 emissions generated from the project would also be in substantial conformance with that which was assumed under the GP MEIR analysis.

(3) A Sustainable Communities Strategy has not yet been implemented by the Air Resources Board. Future development will be required to comply with the provisions of the Sustainable Communities Strategy once it is established.

V. MITIGATION MEASURES APPLIED TO THE PROPOSED PROJECT

If the Initial Study results in the determination that a Finding of Conformance can be adopted for the proposed project Section A below applies. If the Initial Study results in the determination that a Finding of Conformance cannot be adopted and a Mitigated Negative Declaration/EIR must be prepared for the project then Section B, below applies.

A. Master EIR Mitigation Measures Applied to the Project

Pursuant to Public Resources Code Section 21157.1(c), in order for a Finding of Conformance to be made, all appropriate mitigation measures from the Master EIR shall be incorporated into the proposed project. Urban Area General Plan Policies/Master EIR mitigation measures shall be made part of the proposed project prior to approval by means of conditions of project approval or incorporation into the appropriate document or plan.

All applicable and appropriate mitigation measures have been applied to the project (see mitigation measures listed below).

B. New or Additional Mitigation Measures or Alternatives Required

Where the project's effects would exceed the significance criteria for each environmental impact category, a mitigated negative declaration or Focused EIR must be prepared. Staff has reviewed the project against the significance criteria thresholds established in the Master EIR for all impact categories in this Initial Study.

A Mitigated Negative Declaration or Focused EIR shall be prepared for the project. The following additional project-specific mitigation measures listed below are necessary to reduce the identified new significant effect:

Traffic and Circulation:

N/A

Degradation of Air Quality:

AQ-39: The City of Modesto should work with the SJVAPCD to reduce particulate emissions from construction, grading, excavation, and demolition to the maximum extent feasible in accordance with the requirements of SJVAPCD Regulation VIII. Regulation VIII was adopted to reduce the amount of particulate matter suspended in the atmosphere as a result of emissions generated from anthropogenic (man-made) fugitive dust sources.

AQ-40: The City of Modesto shall require all access roads, driveways, and parking areas serving new commercial and industrial development are to be constructed with materials that minimize particulate emissions in accordance with the requirements of SJVAPCD Regulation VIII and are appropriate to the scale and intensity of use.

AQ-42: All disturbed areas, including storage piles, which are not being actively utilized for construction purposes, shall be effectively stabilized of dust emissions using water, chemical stabilizer/suppressant, covered with a tarp or other suitable cover or vegetative ground cover.

AQ-43: All on-site unpaved roads and off-site unpaved access roads shall be effectively stabilized of dust emissions using water or chemical stabilizer/suppressant.

AQ-44: All land clearing, grubbing, scraping, excavation, land leveling, grading, cut & fill, and demolition activities shall be effectively controlled of fugitive dust emissions utilizing application of water or by presoaking.

AQ-46: When materials are transported off-site, all material shall be covered, or effectively wetted to limit visible dust emissions, and at least six inches of freeboard space from the top of the container shall be maintained.

AQ-47: All operations shall limit or expeditiously remove the accumulation of mud or dirt from adjacent public streets at the end of each workday. (the use of dry rotary brushes is expressly prohibited except where preceded or accompanied by sufficient

wetting to limit the visible dust emissions.) (Use of blower devices is expressly forbidden.)

AQ-48: Following the addition of materials to, or the removal of materials from, the surface of outdoor storage piles, said piles shall be effectively stabilized of fugitive dust emissions utilizing sufficient water or chemical stabilizer/suppressant.

AQ-49: Within urban areas, track out shall be immediately removed when it extends 50 or more feet from the site and at the end of each workday.

AQ-50: Any site with 150 or more vehicle trips per day shall prevent carryout and track out.

The following measures should be implemented at construction sites when required to mitigate significant PM10 impacts (note, these measures are to be implemented in addition to Regulation VIII requirements):

AQ-51: Limit traffic speeds on unpaved roads to 15 mph; and

AQ-52: Install sandbags or other erosion control measures to prevent silt runoff to public roadways from sites with a slope greater than one percent (1%).

AQ-53: Install wheel washers for all exiting trucks, or wash off all trucks and equipment leaving the site.

AQ-54: Install wind breaks at windward side(s) of construction areas.

AQ-55: Suspend excavation and grading activity when winds exceed 20 mph. Regardless of windspeed, an owner/operator must comply with Regulation VIII's 20 percent (20%) opacity limitation.

AQ-56: Limit the area subject to excavation, grading and other construction activity at any one time.

Generation of Noise:

N-1: The City has also established a noise ordinance to control noise within the City. The City's noise ordinance (Modesto Municipal Code Section 4-9.101) prohibits the "loud and raucous discharge into the open air of the steam of any steam equipment or exhaust from any stationary internal combustion engine."

N-2: Additionally, the noise ordinance prohibits the loud and raucous operation or use of any of the following before 7:00 a.m. or after 9:00 p.m. daily (except Saturday and Sunday and state or federal holidays, when the prohibited time shall be before 9:00 a.m. and after 9:00 p.m.):
A hammer, or any other device or implement used to pound or strike an object.

1. An impact wrench, or other tool or equipment powered by compressed air.
2. A hand-powered saw.
3. Any tool or piece of equipment powered by an internal-combustion engine such as, but not limited to, chain saw, backpack blower, and lawn mower.

4. Any electrically powered (whether by alternating current electricity or by direct current electricity) tool or piece of equipment used for cutting, drilling, or shaping wood, plastic, metal, or other materials or objects, such as, but not limited to, a saw, drill, lathe, or router.
5. Any of the following: heavy equipment (such as but not limited to bulldozer, steam shovel, road grader, back hoe), ground drilling and boring equipment (such as but not limited to derrick or dredge), hydraulic crane and boom equipment, portable power generator or pump, pavement equipment (such as but not limited to pneumatic hammer, pavement breaker, tamper, compacting equipment), pile driving equipment, vibrating roller, sand blaster, gunite machine, trencher, concrete truck, and hot kettle pump.
6. Any construction, demolition, excavation, erection, alteration, or repair activity. In the case of urgent necessity and in the interest of public health and safety, the Chief Building Official may issue a permit for exemption from these. Such period shall not exceed three (3) working days in length while the emergency continues but may be renewed for successive periods of three (3) days or less while the emergency continues. The Chief Building Official may limit such permit as to time of use and/or permitted action, depending upon the nature of the emergency and the type of action requested.

N-3: The project shall comply with the City's noise ordinance. Construction equipment and vehicles should be equipped with properly operating mufflers according to the manufacturers' recommendations. Air compressors and pneumatic equipment should be equipped with mufflers, and impact tools should be equipped with shrouds or shields. Equipment that is quieter than standard equipment should be utilized. Haul routes that affect the fewest number of people should be selected.

Effects on Agricultural Lands:

N/A

Increased Demand for Long-Term Water Supplies:

N/A

Increased Demand for Sanitary Sewer Services:

N/A

Loss of Sensitive Wildlife and Plant Habitat:

SWPH-13: Table V-7-1

j. Burrowing owls are known to occur within the study area. Impacts to burrowing owls and their nest burrows must be avoided in order to comply with the Federal Migratory Bird Treaty Act (MBTA) and Department of Fish and Game (DFG) Code Sections 3503, 3503.5, and 3513. If any ground-disturbing activities occur during the burrowing owl nesting season (approximately February 1 through August 31), implementation of avoidance measures is required. DFG recommends that a preconstruction site survey be conducted no more than 30 days before the onset of any ground-disturbing activities. Further, if preconstruction surveys determine that during the nonbreeding season burrowing owls occupy the site, a passive relocation effort shall be installed.

   DFG's Staff Report on Burrowing Owl Mitigation (California Department of Fish and Game 1995) recommends that impacts to occupied burrows be avoided by implementation of a no-construction buffer zone of a minimum of 250 feet, unless a qualified biologist approved by DFG verifies through noninvasive methods that either: 1) the burrowing owls have not begun egg laying and incubation; or 2) that juveniles from the occupied nest are foraging independently and are capable of independent survival. Failure to implement this buffer zone could cause adult burrowing owls to abandon nests, cause eggs or young to be directly impacted (crushed), and/or result in reproductive failure. The DFG Staff report on Burrowing Owl Mitigation also recommends that a minimum of 6.4 acres of foraging

habitat per pair or unpaired resident burrowing owl should be acquired and permanently protected to offset the loss of foraging and burrowing habitat.

k. The State-threatened Swainson's hawk is known to nest within the study area. Due to loss of suitable foraging habitat and existing nesting habitat that may occur during area development, mitigation measures compensating for these potential losses of habitat should be included. DFG's Staff Report Regarding Mitigation for Impacts to Swainson's Hawks (California Department of Fish and Game 1994) recommends that for projects that occur within 1 mile of an active nest tree, 1.5 acres of habitat be protected in perpetuity for every acre of Swainson's hawk foraging habitat affected; for projects that occur within 5 miles of an active nest tree, 0.75 acre of habitat should be protected in perpetuity for every acre of foraging habitat impacted; and for projects within 10 miles of an active nest tree, 0.5 acre of habitat should be protected in perpetuity for every acre of foraging habitat impacted. The project sponsor should provide funding of a sufficient long-term endowment for the management of the protected properties.

   The project area contains mature trees that could be used as nesting habitat. DFG considers the removal of known raptor nest trees, even outside of the nesting season, to be a significant impact under CEQA and, in the case of Swainson's hawk, could also result in "take" under the CESA. This is especially true in species such as Swainson's hawk, which exhibit high site fidelity to their nest and nest trees year after year (California Department of Fish and Game 1994). To avoid such impacts, surveys for nesting raptors should be conducted following the survey methodology developed by the Swainson's Hawk Technical Advisory Committee (2000) prior to any disturbance within 5 miles of a potential nest tree). Impacts to known nest trees should be avoided at all times of year. If avoidance of a known nest tree is not feasible, consultation with DFG is warranted prior to taking any action, and a determination of "take" potential under CESA or under Fish and Game Code Sections 3503.5 and 3513 will be made. Project-related "take" (as defined in Section 86 of the Fish and Game Code) of Swainson's hawk must be completely avoided or a State Incidental Take Permit, pursuant to Section 2081 of the Fish and Game Code, would be warranted.

Disturbance of Archaeological/Historic Sites:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-428

RESOLUTION APPROVING A WATER SALES AGREEMENT WITH DEL PUERTO WATER DISTRICT FOR THE NORTH VALLEY REGIONAL RECYCLED WATER PROGRAM, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, on November 25, 2014, the City Council, by Resolution 2014-491, approved a Joint Powers Agreement (JPA) with the Del Puerto Water District (DPWD) to advance the North Valley Regional Recycled Water Program (NVRRWP), and

WHEREAS, the original JPA Agreement requires the parties to agree on a Term Sheet for completing a Water Sales Agreement (WSA), and

WHEREAS, the Term Sheet, including the terms specified in the WSA, was negotiated and agreed to in April 2015, and

WHEREAS, the City of Modesto must submit the WSA to the State Water Resources Control Board as part of the Clean Water State Revolving Fund (CWSRF) project loan application package, and

WHEREAS, the completed CWSRF loan application must be submitted by December 2, 2015 to be eligible for a 30-year CWSRF loan at a 1% interest rate, and potential grand funding of $15 million, and

WHEREAS, the initial term of the WSA is forty years with an option to renew for an additional forty-year term, and

WHEREAS, this action will advance the NVRRWP to allow CWSRF financing and construction of the pipeline to supply recycled water from Modesto for delivery to DPWD.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Water Sales Agreement with Del Puerto Water District for the North Valley Regional Recycled Water Program.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement in substantially the form attached hereto as Exhibit A and as approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of November 2015, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Lopez, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Madrigal, Zoslocki, Mayor Marsh

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-429

RESOLUTION APPROVING A PROFESSIONAL SERVICES AGREEMENT WITH PACIFIC DESIGN ASSOCIATES, INC. OF MODESTO TO DEVELOP CONSTRUCTION DOCUMENTS FOR KITCHEN REMODELS AT THE SENIOR CITIZENS CENTER AND THE AIRPORT NEIGHBORHOOD COMMUNITY CENTER IN AN AMOUNT NOT TO EXCEED $49,400 FOR THE IDENTIFIED SCOPE OF SERVICES, PLUS $4,940 FOR ADDITIONAL SERVICES (IF NEEDED), FOR A MAXIMUM TOTAL AMOUNT OF $54,340, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the City of Modesto Senior Citizens Community Center opened in 1968, and

WHEREAS, there has been one major expansion and various minor updates to the facility since then, and

WHEREAS, the Senior Citizens Community Center serves as a hub of activity for Modesto's older adults, and

WHEREAS, the Senior Citizens Community Center kitchen is utilized three days a week to serve as a congregate meal site for Stanislaus County; senior clubs use the kitchen two days a week and the facility is rented for private events most weekends, and

WHEREAS, in 2012 the City of Modesto developed the Airport Neighborhood Community Center, and

WHEREAS, the Airport Neighborhood Community Center is utilized by the Modesto City Schools and Tuolumne River Trust to provide community and youth programs, and

WHEREAS, the initial development of the Airport Neighborhood Community Center did not include a complete and finished kitchen, and

WHEREAS, the City of Modesto has identified a need to develop construction documents to remodel the Senior Citizens Community Center's kitchen and complete the Airport Neighborhood Community Center kitchen, and

WHEREAS, the City Council, on December 2, 2014, by Resolutions No. 2014-515 and 2014-516, approved an amendment to the FY2014-2015 HUD Annual Action Plan to create these projects as project #100865 (Senior Center Kitchen Upgrade) and project #100868 (Airport Neighborhood Community Center Kitchen Installation).

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Professional Services Agreement with Pacific Design Associates, Inc. of Modesto to develop construction documents for the kitchen remodels at the Senior Citizens Center and the Airport Neighborhood Community Center in an amount not to exceed $49,400 for the identified scope of services, plus $4,940 for additional services (if needed), for a maximum total amount of $54,340, and authorizes the City Manager, or his designee, to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of November, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-430

RESOLUTION AMENDING THE FISCAL YEAR 2015-2016 ANNUAL OPERATING AND CAPITAL IMPROVEMENT BUDGET

WHEREAS, a financial analysis has been completed and it has been determined that a budget adjustment is required to the Annual and Capital Improvement Budget of the City of Modesto for Fiscal Year 2015-2016.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the Fiscal Year 2015-2016 Annual Operating and Capital Improvement budget as shown in **Exhibit A**, which is **attached** hereto and incorporated by reference herein.

BE IT FURTHER RESOLVED that the Director of Finance, or her designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of November 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following votes:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-431

RESOLUTION AUTHORIZING THE AWARD OF BID FOR THE PURCHASE OF ONE DUMP TRUCK WITH 14-YARD CAPACITY TO INTERSTATE TRUCK CENTER LLC, STOCKTON, CA, AND AUTHORIZING THE PURCHASING MANAGER OR HIS DESIGNEE TO ISSUE THE PURCHASING ORDER FOR AN ESTIMATED TOTAL COST OF $127,284

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for new vehicles and heavy equipment, through various competitive processes, with the Purchasing Division coming back to Council for award authorization, and

WHEREAS, the Purchasing Division issued RFB 1516-12 for the purchase of a non-brand specific dump truck with 14-yard capacity on the City's website under the commodity code for trucks one-ton or less and specialized bodies. Prospective bidders were noticed online of the bid opportunity. One of which was a local company. Nine (9) companies chose to download the RFB document, and

WHEREAS, bids were formally opened in the City Clerk's office. Six (6) companies chose to respond. The local vendor did not submit a bid. All six (6) companies provided responsive and responsible bids, and

WHEREAS, based on providing the overall lowest responsive and responsible bid, City staff recommends the award of bid for the purchase of a dump truck with 14-yard capacity to Interstate Truck Center LLC, Stockton, CA, for a total estimated cost of $127,284.

WHEREAS, Modesto Municipal Code (MMC) Section 8-3.203 generally requires all purchases, which meet or exceed $50,000.00 for material, equipment or contractual services to be formally bid. The award of bid for the purchase of one dump truck with

14-yard capacity to Interstate truck Center LLC, Stockton, CA, conforms to the Modesto Municipal Code, 8-3.203.

WHEREAS, sufficient funds are budgeted in Fiscal Year 2015-16, in appropriation unit 1700-53130-57003, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid for the purchase of one dump truck with 14-yard capacity to Interstate truck Center LLC, Stockton, CA, for an estimated total cost of $127,284;

BE IT FURTHER RESOLVED that the Purchasing Manager or his designee is authorized to issue the purchase order

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of November, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-433

RESOLUTION AMENDING EXHIBIT "A" OF RESOLUTION NO. 2015-195 TO REVISE THE CLASS RANGE TABLE FOR REPRESENTED MANAGEMENT AND CONFIDENTIAL NON-SWORN CLASSES

WHEREAS, the City Council desires to amend **Exhibit "A"** of Resolution No. 2015-195, which approved the Class Range Table for Represented Management and Confidential Non-Sworn Classes,

WHEREAS, the Utility Study positions will be effective retroactive to December 2, 2014 for Represented Management and Confidential Non-Sworn positions, and

WHEREAS, all other position changes will be effective upon Council adoption,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION I. AMENDMENT TO RESOLUTION NO. 2015-195. Exhibit "A" entitled, "City of Modesto Class Range Table Represented Management and Confidential Non-Sworn Classes," attached to Resolution No. 2015-195, is hereby amended as shown on the amended **Exhibit "A"** entitled "City of Modesto Class Range Table Represented Management and Confidential Non-Sworn Classes Effective December 2, 2014" and "City of Modesto Class Range Table Represented Management and Confidential Non-Sworn Classes Effective November 10, 2015," which is attached hereto and made a part hereof as though set forth in full herein. Said Exhibits "A" amends the Class Range Table as follows:

Exhibit A
AMENDED
on April 12, 2016
By Resolution 2016-148

1. Add Utilities Services Supervisor to Salary Range 440
2. Add Plant Maintenance Supervisor to Salary Range 438
3. Add Electrical Supervisor – Utilities to Salary Range 438

4. Add Utilities Services Supervisor to Salary Range 440
5. Add Utilities Plant Operations Supervisor to Salary Range 440
6. Add Water Superintendent to Salary Range 444
7. Add Plant Maintenance Superintendent to Salary Range 444
8. Add Police Range and Training Center Coordinator to Salary Range 429
9. Add Employee Benefits Coordinator to Salary Range 423
10. Delete Water Quality Control Plant Operations Supervisor from Salary Range 440
11. Delete Water Distribution/Production Supervisor from Salary Range 438
12. Delete Water Quality Control Plant Maintenance Supervisor from Salary Range 432
13. Delete Wastewater Collections System Supervisor from Salary Range 432
14. Delete Wastewater Collections Manager from Salary Range 442
15. Delete Water Quality Control Plant Manager from Salary Range 446
16. Delete Water Systems Manager from Salary Range 447
17. Delete Employee Benefits Coordinator from Salary Range 422

SECTION II. EFFECTIVE DATE. This resolution shall become effective on and after November 10, 2015.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 10th day of November 2015, by Councilmember Cogdill, who moved its adoption, which motion being duly seconded by Councilmember Kenoyer, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-434

RESOLUTION AMENDING EXHIBIT "A" OF RESOLUTION NO. 2015-196 TO REVISE THE CLASS RANGE TABLE FOR GENERAL NON-SWORN CLASSES

WHEREAS, the City Council desires to amend **Exhibit "A"** of Resolution No. 2015-196, which approved the Class Range Table for General Non-Sworn Classes,

WHEREAS, the Utility Study positions will be effective retroactive to December 16, 2014 for General Non-Sworn positions, and

WHEREAS, all other position changes will be effective upon Council adoption,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION I. AMENDMENT TO RESOLUTION NO. 2015-196. Exhibit "A" entitled, "City of Modesto Class Range Table General Non-Sworn Classes," attached to Resolution No. 2015-196, is hereby amended as shown on the amended Exhibit "A" entitled "City of Modesto Class Range Table General Non-Sworn Classes effective December 16, 2014," and "City of Modesto Class Range Table General Non-Sworn Classes effective November 10, 2015," which is attached hereto and made a part hereof as though set forth in full herein. Said Exhibits "A" amends the Class Range Table as follows:

1. Add Plant Mechanic Trainee at Salary Range 115
2. Add Electrical and Instrumentation Technician Trainee at Salary Range 116

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-435

RESOLUTION AMENDING THE POSITION ALLOCATION AND THE FISCAL YEAR 2015-16 OPERATING BUDGET FOR VARIOUS DEPARTMENTS

WHEREAS, a Position Allocation for the City of Modesto was adopted by Modesto City Council on June 9, 2015, as part of the Annual Budget of the City of Modesto for Fiscal Year 2015-2016, and

WHEREAS, classification studies are conducted to insure that a classification system is equitable and consistent within an organization and that positions are correctly classified, and

WHEREAS, per Personnel Administrative Order 2.2-87-12, a classification study may be conducted in response to a reclassification request, to develop/revise a classification specification, or to assist in a reorganization, and

WHEREAS, multiple classification studies were conducted by Human Resources to determine appropriate classification, and

WHEREAS, the Utility Study positions will be effective retroactive to December 2, 2014 for Represented Management and Confidential Non-Sworn positions and effective retroactive to December 16, 2014 for General Non-Sworn positions, and

WHEREAS, all other position changes will be effective upon Council adoption,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the Position Allocation and the Fiscal Year 2015-16 Operating Budget for various departments as follows:

1. Reallocate one (1) Administrative Analyst II to one (1) Community Development Program Specialist II in the Housing Urban Development Division of the Community & Economic Development.
2. Allocate one (1) Housing Financial Specialist in the Housing Urban Development Division of the Community & Economic Development.
3. Reallocate one (1) Senior Administrative Office Assistant to one (1) Senior Administrative Office Assistant (Confidential) in the Administration Division of the Community and Economic Development Department.
4. Allocate two (2) Senior Systems Engineers in the Network/Data Center Division of the Information Technology Department.
5. Allocate one (1) Senior Systems Technician in the Network/Data Center Division of the Information Technology Department.
6. Allocate one (1) Police Range and Training Center Coordinator in the Tactical Training Center Division in the Police Department.
7. Allocate one (1) Plant Maintenance Supervisor and delete one (1) Water Quality Control Plant Maintenance Supervisor in the Jennings Plant Maintenance Division in the Utilities Department.
8. Allocate five (5) Plant Mechanic IIs and delete five (5) Water Quality Control Technician IIs in the Jennings Plant Maintenance Division in the Utilities Department.
9. Allocate one (1) Utility Services Worker III and delete one (1) Senior Equipment Operator in the Jennings Plant Maintenance Division in the Utilities Department.

10. Allocate one (1) Utility Services Worker I and delete one (1) Equipment Operator in the Jennings Plant Maintenance Division in the Utilities Department.
11. Allocate two (2) Utilities Services Supervisors and delete two (2) Wastewater Collection System Supervisors in the Sewer Collections Division in the Utilities Department.
12. Allocate two (2) Senior Utility Services Workers and delete two (2) Wastewater Collection System Crewleaders in the Sewer Collections Division in the Utilities Department.
13. Allocate three (3) Utility Services Worker IIIs and delete three (3) Senior Equipment Operators in the Sewer Collections Division in the Utilities Department.
14. Allocate thirty-four (34) Utility Services Worker IIs and delete thirty-four (34) Wastewater Collection System Operator IIs in the Sewer Collections Division in the Utilities Department.
15. Allocate one (1) Utility Services Worker I and delete one (1) Wastewater Collection System Operator I in the Sewer Collections Division in the Utilities Department.
16. Allocate one (1) Senior Utility Services Worker and delete one (1) Wastewater Collections System Crewleader in the Sewer Lift Stations Division in the Utilities Department.
17. Allocate five (5) Plant Mechanic IIs and delete five (5) Water Quality Control Technician IIs in the Sewer Lift Stations Division in the Utilities Department.

18. Allocate one (1) Utilities Services Supervisor and delete one (1) Wastewater Collections System Supervisor in the Stormwater Collections Division in the Utilities Department.

19. Allocate one (1) Senior Utility Service Worker and delete one (1) Wastewater Collections System Crewleader in the Stormwater Collections Division in the Utilities Department.

20. Allocate one (1) Plant Mechanic II and delete one (1) Water Quality Control Technician II in the Stormwater Lift Stations Division in the Utilities Department.

21. Allocate one (1) Plant Maintenance Supervisor and delete one (1) Water Quality Control Plant Maintenance Supervisor in the Sutter Plant Maintenance Division in the Utilities Department.

22. Allocate four (4) Plant Mechanic IIs and delete four (4) Water Quality Control Technician IIs in the Sutter Plant Maintenance Division in the Utilities Department.

23. Allocate two (2) Electrical and Instrumentation Technicians and delete one (1) Electrician Utilities and delete one (1) Instrumentation Technician in the Tertiary Treatment Division in the Utilities Department.

24. Allocate four (4) Utilities Plant Operator IIs and delete four (4) Wastewater Treatment Plant Operator IIIs in the Tertiary Treatment Division in the Utilities Department.

25. Allocate four (4) Plant Mechanic IIs and delete four (4) Water Quality Control Technician IIs in the Tertiary Treatment Division in the Utilities Department.

26. Allocate one (1) Wastewater Collection Systems Manager and delete one (1) Wastewater Collection Manager in the Wastewater Collections Administration Division in the Utilities Department.
27. Allocate one (1) Electrical Supervisor – Utilities and delete one (1) Electrical Supervisor in the Wastewater Electrical Services Division in the Utilities Department.
28. Allocate six (6) Electrical and Instrumentation Technicians and delete two (2) Instrumentation Technicians and delete four (4) Electrician – Utilities in the Wastewater Electrical Services Division in the Utilities Department.
29. Allocate one (1) Plant Maintenance Superintendent in the Wastewater Operations Administration Division in the Utilities Department.
30. Allocate one (1) Maintenance Planning Technician in the Wastewater Operations Administration Division in the Utilities Department.
31. Allocate two (2) Utilities Plant Operations Supervisors and delete two (2) Water Quality Control Operations Supervisors in the Wastewater Plant Operations Division in the Utilities Department.
32. Allocate seven (7) Senior Utilities Plant Operators and delete seven (7) Senior Wastewater Treatment Plant Operators in the Wastewater Plant Operations Division in the Utilities Department.
33. Allocate ten (10) Utilities Plant Operator IIs and delete ten (10) Wastewater Treatment Plant Operator IIIs in the Wastewater Plant Operations Division in the Utilities Department.

34. Allocate one (1) Utilities Services Supervisor and delete one (1) Water Distribution and Production Supervisor in the Water Construction Division in the Utilities Department.

35. Allocate two (2) Senior Utilities Services Workers and delete two (2) Water Division Crewleaders in the Water Construction Division in the Utilities Department.

36. Allocate seventeen (17) Utility Services Worker IIIs and delete four (4) Water Services Equipment Operator IIs and delete thirteen (13) Water Distribution Operator IIIs in the Water Construction Division in the Utilities Department.

37. Allocate one (1) Utilities Services Supervisor and delete one (1) Water Distribution and Production Supervisor in the Water Service and Meters Division in the Utilities Department.

38. Allocate one (1) Senior Utilities Services Workers and delete one (1) Water Division Crewleader in Water Service and Meters Division in the Utilities Department.

39. Allocate fifteen (15) Utility Services Worker IIIs and delete fifteen (15) Water Distribution Operator IIIs in the Water Service and Meters Division in the Utilities Department.

40. Allocate one (1) Water Superintendent in the Water Services Administration Division in the Utilities Department.

41. Allocate one (1) Utilities Services Supervisor and delete one (1) Water Distribution and Production Supervisor in the Water System Maintenance Division in the Utilities Department.

42. Allocate two (2) Senior Utilities Services Workers and delete two (2) Water Division Crewleaders in the Water System Maintenance Division in the Utilities Department.

43. Allocate nineteen (19) Utility Services Worker IIIs and delete two (2) Water Services Equipment Operator IIs and delete seventeen (17) Water Distribution Operator IIIs in the Water System Maintenance Division in the Utilities Department.

44. Allocate two (2) Utilities Plant Operations Supervisors and delete two (2) Water Distribution and Production Supervisors in the Water Wells and Tanks Division in the Utilities Department.

45. Allocate four (4) Senior Utilities Plant Operators and delete four (4) Water Division Crewleaders in the Water Wells and Tanks Division in the Utilities Department.

46. Allocate two (2) Electrical and Instrumentation Technicians and delete one (1) Electrician – Utilities and delete one (1) Instrumentation Technician in the Water Wells and Tanks Division in the Utilities Department.

47. Allocate thirteen (13) Utilities Plant Operator IIs and delete thirteen (13) Water Production Operator IIs in the Water Wells and Tanks Division in the Utilities Department.

The foregoing resolution was adopted at a regular meeting of the Council of the City of Modesto held on the 10th day of November 2015, by Councilmember Cogdill, who moved its adoption, which motion being duly seconded by Councilmember Kenoyer, was upon roll call carried and the resolution adopted by the following vote:

Letter of Agreement between the City of Modesto and

Modesto City Employees Association

This letter of Agreement (LOA) has been jointly prepared by the designated representatives of the City of Modesto (City) and the designated representatives of the Modesto City Employees Association (MCEA) to memorialize a one-time only, non-precedent setting agreement regarding retroactive implementation of 2014 Utilities reclassification and the cash out of Compensatory Time Off (CTO).

The parties agree that:

1. The 2014 Utilities reclassification will be retroactive to pay period beginning December 16, 2014 and will be processed pay period ending November 30, 2015.
2. MCEA members, who are affected by Utilities study reclassifications that would typically trigger cash out of CTO leave, will be allowed to carry that leave on the books through December 28, 2015.
3. The cash out of CTO for such employees' shall occur in the pay period ending January 11, 2016. Employees CTO balance as of December 15, 2014 (prior to reclassification) will be captured. Anytime used or cashed out between December 16, 2014 through December 28, 2015 will be tracked on a First In, First Out (FIFO) basis from the captured balance from December 15, 2014. Any remaining CTO leave from the captured balance from December 16, 2014 after applying FIFO will be cashed out at the employee's former pay rate prior to their reclassification.
4. Employees who voluntarily cash out CTO leave between December 1, 2015 through December 28, 2015 will be cashed out at the employee's former pay rate prior to their reclassification based on the FIFO balance.
5. The parties agree that the delay of CTO cash-in is a one-time only, and is non-precedent setting.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-436

RESOLUTION APPROVING A LETTER OF AGREEMENT BETWEEN THE CITY OF MODESTO AND MODESTO CITY EMPLOYEES ASSOCIATION (MCEA) REGARDING THE EFFECTS OF THE IMPLEMENTATION OF 2014 UTILITIES RECLASSIFICATION ON THE CASH OUT OF COMPENSATORY TIME OFF; AND AUTHORIZING THE CITY MANAGER OR DESIGNEE TO TAKE THE NECESSARY ADMINISTRATIVE ACTION TO IMPLEMENT THE AGREEMENT

WHEREAS, in May 2014, the City decided to pursue a classification study for the Utilities Department based on response to reclassification requests and Moss-Adams' recommendation, and

WHEREAS, representatives of the CITY and the MCEA have met and conferred in good faith concerning the effects of the reclassification, and

WHEREAS, MCEA desired a one-time only non-precedent setting to not cash out CTO upon reclassification until December 28, 2015, and

WHEREAS the CITY and MCEA have reached agreement for this one time process through a Letter of Agreement (LOA) which, upon execution, shall be **attached** hereto and made a part hereof, and

WHEREAS, the Council considered this matter at its meeting of November 10, 2015,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the letter of agreement between the City of Modesto and the Modesto City Employees Association (MCEA), and upon execution of same, a copy of the LOA will be on file in the office of the City Clerk.

BE IT FUTHER RESOLVED by the Council of the City of Modesto that the City Manager or designee is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of November 2015, by Councilmember Cogdill, who moved its adoption, which motion being duly seconded by Councilmember Kenoyer, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-437

RESOLUTION APPROVING AN AGREEMENT WITH WEST YOST ASSOCIATES, INC. FOR CONSULTANT SERVICES FOR DEVELOPMENT OF THE 2015 URBAN WATER MANAGEMENT PLAN, IN AN AMOUNT NOT TO EXCEED $144,200 FOR THE IDENTIFIED SCOPE OF SERVICES, PLUS $14,420 FOR ADDITIONAL SERVICES (IF NEEDED), FOR A MAXIMUM TOTAL AMOUNT OF $158,620, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the Urban Water Management Planning Act of the California Water Code requires municipal water suppliers providing drinking water to more than 3,000 customers or supplying more than 3,000 acre-feet of water annually, to prepare and adopt an Urban Water Management Plan (UWMP) every five years, and

WHEREAS, this plan is required to define the City's current and future water demand, types of uses, supply sources, supply reliability, and existing conservation measures, and

WHEREAS, the UWMP must be filed with the Department of Water Resources (DWR) by July 1, 2016, and

WHEREAS, the City has previously filed Urban Water Management Plans every five years since 1985, and

WHEREAS, this UWMP update will address recently approved state UWMP Guideline requirements as well as the state legislated 20% per-capita water use reduction by 2020 requirement enacted in November 2009, and

WHEREAS, in addition to meeting all of the state's legislative requirements, the UWMP will serve as a foundational document supporting water supply assessments, local and regional planning efforts, and the City's General Plan updates, and

WHEREAS, the UWMP will also ensure the appropriate level of reliability in water service sufficient to meet the needs of customers during normal, dry, and multiple dry years (drought), and

WHEREAS, the City and Modesto Irrigation District (MID) are jointly coordinating preparation of the UWMP, and

WHEREAS, the DWR requires each agency to prepare an UWMP due to differing water management objectives, and

WHEREAS, as with previous UWMP updates, the DWR allows the City and MID to prepare a joint document where the City prepares its UWMP from the water supplier's perspective while MID prepares its portion of the UWMP from the water wholesaler's perspective, and

WHEREAS, the state finalized the 2015 UWMP Guidelines in September 2015, and

WHEREAS, Due to the schedule deadline to submit the UWMP by July 1, 2016, the requirements for developing the UWMP, and staff's commitments on other large projects, using outside consultant services is the most efficient means to complete this project, and

WHEREAS, in accordance with Administrative Directive 3.1, Selection Procedures for Professional Consultants Who Provide Architectural and Engineering Services for Capital Projects, City staff issued a Request for Proposals to local and non-local consulting firms and two (2) non-local firms responded with submitted proposals, and

WHEREAS, the Selection Committee consisting of Utilities Department staff evaluated the proposals and determined that West Yost Associates, Inc. (West Yost), to be the most qualified to prepare the 2015 UWMP for the City and MID and to update the City's Water Conservation Plan. West Yost's final negotiated cost is $144,200, and

WHEREAS, there are no subconsultants on this project,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement with West Yost Associates, Inc. for consultant services for development of the 2015 Urban Water Management Plan, in an amount not to exceed $144,200 for the identified scope of services, plus $14,420 for additional services (if needed), for a maximum total amount of $158,620.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of November 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-438

RESOLUTION APPROVING A PURCHASE AND SALE AGREEMENT WITH G & K ENTERPRISES, LLC FOR CITY-OWNED REAL PROPERTY LOCATED AT 931 TENTH STREET (APN 105-041-006), IN THE AMOUNT OF $15,500 AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT AND ALL NECESSARY DOCUMENTS

WHEREAS, the City of Modesto owns real property on 931 10th Street in downtown Modesto (APN 105-041-006), and

WHEREAS, the Council of the City of Modesto declared this property as surplus and authorized its sale by Resolution No. 2015-302, and

WHEREAS, this property, purchased by the City in 1968 is no longer used by the City and there are no other uses for this property by the City, and

WHEREAS, this property located at 931 10th Street (APN 105-041-006) has been appraised at $15,500, and

WHEREAS, an adjacent property owner desires to purchase this property for the appraised value, and

WHEREAS, this property, due to its small size and being below the minimum lot size for the area's zoning, does not fall within the scope of the Surplus Land Act, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the City Manager, or his designee, to execute the Purchase and Sale Agreement, the Grant Deed, and all necessary sale documents required for the sale of the surplus real property (APN 105-041-006) and all related documents required to close escrow.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of November, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-439

RESOLUTION AMENDING THE FISCAL YEAR 2015-2016 CAPITAL IMPROVEMENT PROGRAM BUDGET IN THE AMOUNT OF $2,235,400 TO BE TRANSFERRED INTO THE PROJECT FROM WASTEWATER FUND RESERVES IN ORDER TO FULLY FUND THE CONSTRUCTION, CONTINGENCY, CONSTRUCTION ADMINISTRATION, AND DESIGN SUPPORT DURING CONSTRUCTION FOR CANNERY SEGREGATION PUMP REPLACEMENT PROJECT

WHEREAS, certain budgetary transactions are necessary in the amount of $2,235,400, in order to fund construction, contingency, construction administration, City construction forces, design support during construction, including engineering/design/administration support by City staff, for the Cannery Segregation Pump Replacement Project, and

WHEREAS, the Fiscal Year 2015-2016 Capital Improvement Program Budget must be amended as shown in **Exhibit A**, which is incorporated by reference herein,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the amendment of the Fiscal Year 2015-2016 Capital Improvement Program Budget as shown in **Exhibit A**.

BE IT FURTHER RESOLVED that the Director of Finance, or her designee, is hereby authorized to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of November 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Madrigal, Zoslocki, Mayor Marsh
NOES:	Councilmembers:	None

Exhibit A

Due to construction costs being higher than initially budgeted for the project, line item increases are necessary for CIP Account #100764 "Can Seg Pump Replacement", and the total project costs need to be increased by $2,235,400. This would be done by adjusting Construction by $1,796,820, Construction Administration by $223,860, Contingency-CIP by $171,400, and Engineering/Design/Administration by $43,320.

To fund the above account, $2,235,400 will be transferred from Wastewater Fund Reserves into CIP Project 100764 for the Cannery Segregation Pump Replacement Project.

Print

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-440

RESOLUTION APPROVING THE PLANS AND SPECIFICATIONS FOR THE CANNERY SEGREGATION PUMP REPLACEMENT PROJECT, ACCEPTING THE BID, AND APPROVING A CONTRACT WITH MONTEREY MECHANICAL COMPANY, OF OAKLAND, CALIFORNIA IN THE AMOUNT OF $2,594,000 AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, plans and specifications have been prepared for the Cannery Segregation Pump Replacement Project, and City staff recommends approval by the City Council, and

WHEREAS, the bids received for the Cannery Segregation Pump Replacement Project were opened at 11:00 a.m. on September 2, 2015 for the consideration of the Council, and

WHEREAS, the Director of Utilities has recommended that the bid of $2,594,000 received from Monterey Mechanical Company, of Oakland, California be accepted as the lowest responsible and responsive bid and the contract be awarded to Monterey Mechanical Company.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the plans and specifications for the Cannery Segregation Pump Replacement Project, accepts the bid of Monterey Mechanical Company of Oakland, California in the amount of $2,594,000, and awards Monterey Mechanical Company the contract for the Cannery Segregation Pump Replacement Project.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of November, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-441

RESOLUTION OF THE COUNCIL OF THE CITY OF MODESTO CONFIRMING THE CANVASS OF THE REGULAR MUNICIPAL ELECTION WHICH WAS HELD IN THE CITY OF MODESTO ON NOVEMBER 3, 2015, AND DECLARING THE RESULTS OF SAID ELECTION

WHEREAS, on Tuesday, November 3, 2015, a Regular Municipal Election was held in the City of Modesto (herein called "City") and in the Modesto High School District (herein called "District") of Stanislaus County to elect the following:

1. One member to Mayor for a four year term;
2. One Councilmember to District 1 for a four year term;
3. One Councilmember to District 3 for a four year term;
4. One Councilmember to District 6 for a four year term; and
5. Three Board of Education Members for four year terms.

WHEREAS, only one person was nominated for an additional Board of Education Member position with a two-year term. The position was filled by appointment, and so that position was not included in the November 3, 2015, Regular Municipal Election; and

WHEREAS, as set forth in Section 5 hereof, the following ballot measures were submitted to the qualified electors in the November 3, 2015, City of Modesto election: Measure G was a sales tax measure, Measure H was an advisory measure, and Measure I was an initiative to amend the City's General Plan; and

WHEREAS, said election was held on Tuesday, November 3, 2015, in accordance with law and the proceedings of this Council, and the votes thereat received and canvassed, and the returns thereof ascertained, determined, and declared in all respects as required by law, and

WHEREAS, the Stanislaus County Registrar of Voters, at the request of the City Council, canvassed the returns of said regular municipal election in accordance with law, and reported the results of the election of the City Clerk, which the City Clerk certified to the Council by a Certificate of Canvass and Statement of Votes dated November 12, 2015, a copy of which is attached hereto marked **Exhibit "A"** and made a part hereof,

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Modesto as follows:

SECTION 1. Said election results as shown on the Certificate of Canvass and Statement of Votes and the results of the election are hereby ratified, confirmed, approved, and declared.

SECTION 2. That in accordance with Section 10264 of the Elections Code, a copy of said Certificate of Canvass and Statement of Votes, which is attached hereto marked as Exhibit "A" and made a part hereof, shows a complete tabulation of the following:

(A) The whole number of votes cast for Mayor and in Districts 1, 3 and 6, in the City.

(B) The whole number of votes cast in the Modesto High School District.

(C) The names of the persons voted for.

(D) For what office each person was voted for.

(E) The number of votes given in the City and in the Modesto High School District to each person.

(F) The number of votes given in the City for each Measure.

SECTION 3. That, at said Regular Municipal Election, the following named persons having received a majority of the votes cast for the elective offices, as designated

on Exhibit "A", are hereby declared to be duly and regularly elected to such office, and the City Clerk is hereby directed to issue a Certificate of election to each such persons, certifying his/her election to the office appearing after his/her name, and to administer to each of said persons the oath of office prescribed by the Constitution and laws of the State of California and the Charter of the City, to wit:

Mani Grewal	Councilmember for a term of four years, District 1, Modesto City Council.
Kristi Ah You	Councilmember for a term of four years, District 3, Modesto City Council.
Douglas Ridenour, Sr.	Councilmember for a term of four years, District 6, Modesto City Council.
Amy Elliott Neumann	Member, Modesto Board of Education, for a term of four years.
Steven Grenbeaux	Member, Modesto Board of Education, for a term of four years.
John Walker	Member, Modesto Board of Education, for a term of four years.

SECTION 4. The Charter provides that if no candidate for the office of Mayor of the City of Modesto receives a majority vote at a regular municipal election, a Second Regular Municipal Election shall be held by mail ballot at which the two candidates receiving the highest number of votes at the first regular municipal election shall have their names on the ballot for election of the office. Therefore, the two candidates receiving the highest number of votes for Mayor, Garrad Marsh and Ted Brandvold, shall have their names on the ballot for a run-off election to be held on Tuesday, February 2, 2016.

SECTION 5. The following votes were cast for Measures G, H and I:

Measure	Total Votes For	Total Votes Against
Measure G: Safer Neighborhoods Initiative To implement the Safer Neighborhoods Initiative by restoring police patrols, crime prevention, gang suppression and youth development efforts; removing tagging; reducing nuisance properties; strengthening fire/emergency services; increasing neighborhood collaboration; and to maintain other general city services, shall the City of Modesto enact a ½ percent general sales tax that cannot be taken by the State, expires in 8 years, and requires audits, citizen oversight board reports, and all funds be spent in Modesto?	10,302	13,078
Measure H: Do you want the City Council of the City of Modesto to extend sewer improvements to ten (10) specified residentially developed unincorporated areas, which may include undeveloped parcels, to which Measure M applies and for which an advisory vote has not yet been conducted? The areas that are the subject of this advisory measure are described and depicted on a map included in the sample ballot/ voter information pamphlet.	12,769	9,764
Measure I: Shall the City of Modesto 2008 Urban Area General Plan be amended to establish limit lines (boundaries) for nonresidential and medium and large lot residential development, outside of which areas new development subject to the limits would require voter approval?	11,311	11,526

Measure G. More than a majority of all the votes cast at the election for Measure G were not in favor of said proposed Measure, and said Measure did not carry and was not approved by a majority of the qualified voters voting on said Measure.

Measure H. More than a majority of all the votes cast at the election for Measure H were in favor of said proposed Measure, and said Measure did carry and was approved and ratified by a majority of the qualified voters voting on said Measure.

Measure I. More than a majority of all the votes cast at the election for Measure I were not in favor of said proposed Measure, and said Measure did not carry and was not approved by a majority of the qualified voters voting on said Measure.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of November, 2015 by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-442

RESOLUTION APPROVING AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO NEGOTIATE AND EXECUTE A CONTRACT EXTENTION WITH DATA PATH, INC., OF MODESTO, CA, A PROFESSIONAL FIRM, TO PROVIDE CONTINUED CHIEF INFORMATION OFFICER SERVICES FOR THE CITY FOR AN ADDITIONAL SIX MONTHS TERM WITH A MONTHLY COST NOT TO EXCEED $17,578 AND TO CONTINUE WITH JOHN DICKEY AS CHIEF INFORMATION OFFICER

WHEREAS, on February 24, 2015, the City Council approved the re-establishment of the position of Chief Information Officer, and

WHEREAS, the City Council needed to appoint an Interim Chief Information Officer to fill the role of Chief Information Officer within City service, and

WHEREAS, on March 24, 2015 the City Manager's Office contracted with Data Path, Inc., a Modesto-based Information Technology consulting firm to provide interim Chief Information Officer services and hired Mr. John Dickey as interim Chief Information Officer, and

WHEREAS, the City Manager's Office desires to continue to have Mr. Dickey serve as the City's Chief Information Officer and to enter into an extension with Data Path for the Chief Information Officer services.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves and authorizes the City Manager or his designee to negotiate and execute a professional services agreement consistent with City's policies, and as approved by the city attorney with Data Path, Inc., a professional firm, to provide Chief Information Officer services with the City, and continue with John Dickey as Chief Information Officer for an additional six month term.

BE IT FURTHER RESOLVED that terms of the Agreement shall be consistent with the Scope of Work to this Resolution as **Exhibit A**.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 24th day of November 2015, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

Interim Services

The CIO will support senior management by providing transitional or long term leadership and management for programs, projects, infrastructure or operations and has the experience to deliver the results you need. For instance:

Strategic Planning

The CIO will aid the city in building a solid strategic foundation by designing and managing creative, collaborative strategic planning processes. He will assist in defining government's technology and business process objectives, actions and timetables linked to mission and financial projections and plans. He will also facilitate decisions by all stakeholders resulting in plans that are actionable and client-owned.

Enterprise Systems (ERP, HRIS, Finance, CAD, Supply Chain, Logistics...)

The CIO will support the due diligence process of requirements definition, solution identification, validation, inspection, selection, negotiation, implementation planning, provisioning, configuring, testing, training and production. Having successfully directed this process for small, medium and large organizations, he has the necessary experience to ensure your success as well.

Lean Business Processes

Process identification, value-stream mapping, streamlining and/or automation can be daunting. The CIO knows Process Engineering inside out and can assist you in:

- Identifying your key business processes in need of improvement
- Identifying the critical people, actions and communications needed in each process flow
- Mapping both current and future states
- Developing the plans to implement
- Optimizing new processes and measuring their effectiveness

eGovernment

The CIO will help you analyze your organization's potential for on-line success, define your requirements, metrics, as well as develop an egovernment strategy, design your information architecture, wireframes, process flows and site maps. He'll also assist in selecting the best third party developers and integrators when needed.

IT Governance and Staffing

The CIO can evaluate strengths and opportunities of staff as well as professional development needs. He will help determine appropriateness of the City's IT organization's alignment in support of the various entities and missions of concern. He is also an expert at team building, establishing customer focus, responsiveness and mentoring prospective leaders. He will help rationalize or establish best practices in IT governance from portfolio management to customer-based prioritization.

Architecture/Infrastructure Optimization

The CIO will work with customers and IT Service providers to establish best service levels and associated architectural configurations as well as rational migration plans.

Partnerships

The CIO is adept at establishing constructive professional relationships with senior executives and other leaders across the organization.

Additional Duties

Plan, organize, direct and review the activities and operations of the Information Technology Department functions including Information Services, System Development and Support Services, Network Services and Geographic Information Systems; to provide leadership to the department and the City organization; to coordinate assigned activities with other departments and outside agencies

Exercises direct supervision over assigned management, supervisory, professional, technical and administrative support personnel.

Develop, plan and implement Department goals and objectives; recommend and administer policies and procedures.

Coordinate Department activities with those of other departments and outside agencies and organizations; provide staff assistance to the Deputy City Manager, City Manager, and City Council; prepare and present staff reports and other necessary correspondence.

Direct, oversee and participate in the development and administration of the Information Technology Department budget; direct the forecast of additional funds needed for staffing, equipment, materials and supplies; monitor and approve expenditures; implement mid-year adjustment.

Select, train, motivate and evaluate personnel; provide or coordinate staff training; conduct performance evaluations; implement disciplinary actions and terminations; maintain discipline and high standards necessary for the efficient and professional operation of the Department.

Develop and implement long and short-term strategic plans in support of department and City-wide goals and objectives.

Work with consultants, advisory teams, technology providers, and other resources in order to recommend policy direction to the Deputy City Manager, City Manager, and City Council for technology enhancements.

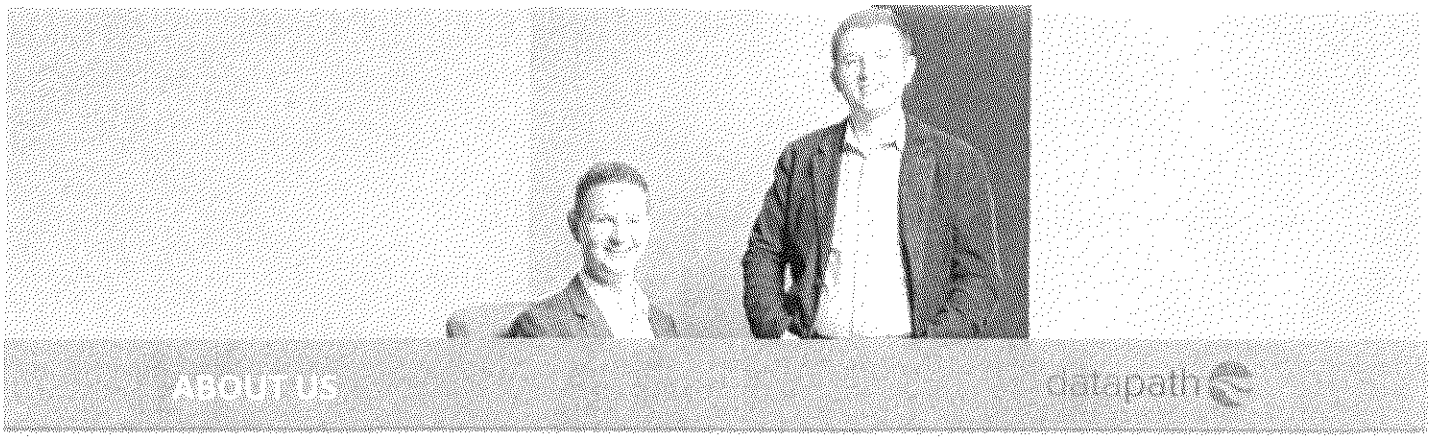
Utilize Customer Relations Management (CRM) and other strategies to improve internal and external customer relations, Ensure staff understanding and skills for effective customer service support, including the need for timely assistance, swift resolution of problems and expeditious review of user complaints.

Provide users with cost effective long-range solutions to complex systems and technical problems; develop, justify, acquisition, and implement major information technology related projects and programs.

Oversee the completion of comprehensive information technology studies; review reports of findings and make recommendations, as appropriate.

Conduct research, analysis, and special studies on complex and sensitive administrative and policy issues, and prepare reports with recommendations for appropriate action.

Represent the Department to outside groups and organizations; participate in outside community and professional groups and committees; provide technical assistance as necessary.



Long-term friends and Central Valley residents, James Bates and David Darmstandler founded Data Path in June of 2005. In 2004, James and David started meeting regularly to write their business plan for Datapath. They met with local business and organization leaders in the area to discover what their experience was with their current IT departments and IT consulting companies. They found that leaders were frustrated with their IT support not understanding their organizations, being unresponsive to needs, not planning for the future and were unable to view decisions with a "return-on-investment" mindset.

With these discoveries, James and David built the Datapath service model to address and overcome the negative experience leaders were having. Through unmatched customer service, support and proactivity of innovative IT solutions, Data Path quickly grew to be one of the regions highest=regarded and most awarded IT consulting firms.

Data Path currently supports and manages more than 6,000 computers and 600 servers, overseeing the support and resolution of more than 1,500 support requests per month, with daily exposure to various software packages, network equipment and computer systems spread across a diverse client base.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-443

RESOLUTION APPROVING THE ACCEPTANCE OF THE SAN JOAQUIN VALLEY AIR POLLUTION CONTROL DISTRICT FOR ALTERNATIVE FUEL VEHICLE GRANT AND AUTHORIZING THE FIRE CHIEF, OR HIS DESIGNEE, TO EXECUTE ALL GRANT-RELATED DOCUMENTS

WHEREAS, on June 24, 2014 by Resolution No. 2014-246 the Modesto City Council approved the submittal of application(s) to the San Joaquin Valley Air Pollution Control District for Alternative Fuel Vehicle Grant, and

WHEREAS, Staff recommends acceptance of this grant as the funds provided will pay for the purchase of an alternative fuel staff vehicle, and

WHEREAS, the purchase of this vehicle will allow for replacement of an aging and unreliable vehicle while moving the current fleet toward being more economical and eco-friendly, and

WHEREAS, the fiscal impacts will be minimal as the required funds for the purchase of the vehicle, will be offset by the savings realized through the San Joaquin Valley Air Pollution grant and the California State Clean Fuel Rebate Program, and

WHEREAS, the impact to the General Fund will be $3,189.96 and these funds are available in the current fiscal year 2015-2016 budget and will be paid out of account number 0100-18610-57003.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the acceptance of the San Joaquin Valley Air Pollution Control District for Alternative Fuel Vehicle Grant.

BE IT FURTHER RESOLVED that the Fire Chief, or his designee, is hereby authorized to execute all grant-related documents, and enter into an agreement to receive the grant funds, if awarded.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of November, 2015, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-444

RESOLUTION APPROVING A FIRST RESPONDER ADVANCED LIFE SUPPORT AGREEMENT BETWEEN THE MODESTO FIRE DEPARTMENT AND MOUNTAIN VALLEY EMS AGENCY, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the City of Modesto Fire Department has been under contract with the Local EMS Agency since 2005 to provide a First Responder Advanced Life Support program, and

WHEREAS, the current agreement has been in place since January 1st, 2011 and will expire on December 31st, 2015, and

WHEREAS, pursuant to California Health and Safety Code, Section 1797.200, the County of Stanislaus has designated the Mountain Valley EMS Agency to be the local EMS Agency and to develop a written agreement with any qualified Paramedic Service Provider that wishes to participate in the Advanced Life Support program in the County of Stanislaus, and

WHEREAS, Title 22 California Code of Regulations Section 100167(b) (4) requires Paramedic Service Providers to have a written agreement with the local EMS Agency to provide advanced life support, and

WHEREAS, the proposed agreement will expire April 30th, 2018; the previous agreement was for four years. The purpose of the reduced term is to have our agreement term in line with the current advanced life support transport agreements.

NOW, THEREFORE BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a First Responder Advanced Life Support agreement between the Modesto Fire Department and Mountain Valley EMS Agency.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the City Council of the City of Modesto held on the 24th day of November, 2015 by Council Member Kenoyer, who moved its adoption, which motion being duly seconded by Council Member Madrigal, was upon roll call carried and the resolution adopted by the following votes:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-445

RESOLUTION RESCINDING RESOLUTION 2014-519 AND APPROVING AMENDED LANGUAGE TO MAKE BENEFIT OFFERINGS FOR UNREPRESENTED MANAGEMENT AND CONFIDENTIAL EMPLOYEES CONSISTENT WITH THOSE IN REPRESENTED UNITS AS WAS ORIGINALLY INTENDED; AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO TAKE THE NECESSARY ADMINISTRATIVE ACTION TO IMPLEMENT THE CHANGES.

WHEREAS, by Resolution No 2014-519, which became effective on December 2, 2014, the City Council approved salary and benefit changes to Unrepresented Management and Confidential employees, including Charter Officers and Executives, and

WHEREAS, the City has historically implemented terms and conditions of employment for Unrepresented Management and Confidential consistent with the terms and conditions of employment covering employees in the management units,

WHEREAS, Resolution No. 2014-519 was written incorrectly and needs to be rescinded,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. PROBATIONARY PERIOD. All original and promotional appointments to positions in the Classified Service shall be tentative and subject to a probationary period of one year from the date of appointment to the position. The purpose of the probationary period is to train, observe and evaluate the employee on conduct, performance, attitude, adaptability and job knowledge.

Time spent on any leave of absence, or time during which an employee is unable to perform the full range of duties due to injury or illness, whether or not job-related, shall not be considered as part of any probationary period, and such time will be added to the probationary period.

During the probationary period an employee may be released at any time without right of appeal. Written notice of release shall be furnished to the probationer. An employee released during or at the conclusion of probation following a promotion, shall be reinstated to the position previously held, at the former salary step, except if the reasons for release are cause for dismissal.

SECTION 2. COMPENSATORY TIME OFF CAP. Management and Confidential employees who are overtime-eligible shall be paid quarterly for all CTO over their established cap. For employees hired on or after December 6, 2005, the CTO cap shall be 100 hours. For employees hired before December 6, 2005, the cap shall be 160 hours.

SECTION 3. ADDITIONAL HOLIDAY. Unrepresented employees shall receive additional paid days off for FY2015/16 on November 25, December 23 and 24. Employees scheduled to work during either of these holiday closure periods will be granted equivalent holiday leave hours that must be used no later than June 27, 2016. This holiday leave will be non-precedent setting.

SECTION 4. HOLIDAY CAP. Holiday time for unrepresented non-sworn employees may be accrued up to a maximum of 40 hours. When the employee reaches the 40 hour maximum, additional holiday time shall be compensated in cash at straight time rates on a quarterly basis.

SECTION 5. MANAGEMENT LEAVE. Commencing January 1, 2012, management employees in exempt regular positions shall be advanced 80 hours of Management Leave (Fire Battalion Chiefs on a 56-hour schedule shall be advanced 112 hours) January of each calendar year to be taken at the discretion of the employee and upon approval of City Manager, or designee, and shall be prorated for less than full-time employees. Management Leave will be

forfeited if not used or cashed out by the last pay period ending in December. An exempt employee hired after Management Leave has been advanced shall be eligible for a pro-rated portion of Leave.

In the event of separation from City employment of any person who has taken Management Leave prior to the time all of said leave is earned, the employee shall be required to make full restitution to the City for that portion of leave taken but remaining unearned on the date of termination of employment. Employees separating from City service will be paid for earned Management Leave credit.

SECTION 6. MANAGEMENT LEAVE ANNUAL CASHOUT. The maximum number of hours available for cash out each December shall be 40 hours annually for Management employees. All employees may cash out Management Leave once annually during the pay period in which December 1 falls.

Effective December 2007, the maximum annual cash out shall be 80 hours for Executives and Charter Officers, and 60 hours for Police Captains, Fire Battalion Chiefs, Fire Division Chiefs, Deputy Directors, Assistant City Attorney and Deputy City Attorney I/II/III/Senior. For Fire Battalion Chiefs on a 56-hour schedule, the maximum cash out shall be 84 hours.

SECTION 7. MEDICAL LEAVES OF ABSENCE. Effective December 6, 2005, employees requesting an Authorized Medical Leave of Absence without pay, due to a medical incapacity to perform the duties of their position, must provide written medical verification of a long-term disability, illness or injury.

SECTION 8. CATASTROPHIC LEAVE. Effective December 6, 2005, employees requesting Catastrophic Leave donations must provide a written medical verification of long term illness or injury, or verification of a family member's illness or injury.

SECTION 9. NEGATIVE VACATION. Effective March 7, 2006, use of negative vacation will be permitted only for extenuating circumstances and will require the approval of the City Manager, or designee.

SECTION 10. LEAVE CASHOUTS FOR SWORN FIRE MANAGEMENT EMPLOYEES. Sworn Fire Management employees in the classifications of Fire Battalion Chief, Fire Division Chief and Fire Chief working a 40 hour schedule shall be afforded the opportunity to cash out up to 61 hours of vacation leave per calendar year (at straight time rates) and up to 88 hours of holiday leave per calendar year (at time and one-half), effective July 1, 2003. Employees in the classification of Fire Battalion Chief working a 56 hour schedule shall be afforded the opportunity to cash out up to 72 hours of vacation leave per calendar year (at straight time rates) effective June 20, 2000, and up to 132 hours of holiday leave per calendar year (at time and one-half). Holiday leave may not be carried over year-to-year regardless of the schedule worked.

SECTION 11. SICK LEAVE. Non-sworn employees hired on or before December 31, 2010 shall have all accrued sick time transferred to a grandfathered sick leave bank effective the pay period ending October 22, 2012. Sworn employees hired on or before December 31, 2010 shall have all accrued sick time transferred to a grandfathered sick leave bank effective pay period ending August 25, 2014. For employees hired on or before December 31, 2010 and who promoted to an unrepresented management classification, employee's grandfathered accrued balance and regular sick accrued balance shall follow the employee. Employees who promote from MCFFA shall have their sick leave balance as of promotion date split between grandfathered sick leave and regular sick leave as follows:

- Grandfathered sick bank – Eligible for sick leave balance on the books as of September 8,

2015, reduced by hours previously converted to Deferred Compensation, and up to the amount of hours in employee's sick leave bank upon promotion.

- Regular sick bank – remaining sick leave balance as of promotion date not grandfathered

When taking sick leave, employees with grandfathered sick leave banks shall utilize new sick leave accrued hours prior to utilizing hours from the grandfathered bank.

SECTION 12. SICK LEAVE CASHOUT FOR SWORN FIRE MANAGEMENT EMPLOYEES. Sworn Fire management employees who leave City service in good standing (other than retirement) after five (5) years of continuous service, shall be paid the first twenty-two hundred (2,200) hours of their current unused grandfathered sick leave, reduced by hours previously converted to Deferred Compensation, as follows: (1) Ninety (90%) percent of sick leave hours as of the date of the employee's initial promotion to a management classification shall be paid out at the current regular rate of pay (top step) for Fire Captain, and (2) In addition, twenty-five (25%) percent of the remaining sick leave hours accrued after promotion to a management classification shall be paid out at the employee's then current regular rate of pay.

SECTION 13. PROMOTION. Employees promoted on or after November 17, 2015, prior to an employee's promotion to an unrepresented management classification, all compensatory time off (CTO) and grandfathered compensatory time off (GCTO) shall be compensated in cash at the employee's then current regular rate of pay.

SECTION 14. MASTERS DEGREE INCENTIVE PAY. Effective June 29, 2004, employees who possess a Master's Degree or Juris Doctor from an accredited institution, shall be granted one and one half (1.5%) percent Masters Pay, subject to criteria as established by the City.

SECTION 14. REGISTRATION AND CERTIFICATION FEES. Effective July 1,

2003, when an employee is required by the City to obtain or renew a certificate, license or registration in order to carry out their assigned duties, except a California Class C Driver's License, the City will pay the fee for the actual certificate, license or registration, (and exam fee, if any).

SECTION 15. VEHICLE ALLOWANCE. Per Resolution No. 2001-271 effective July 1, 2001, the vehicle allowance for Executives and Charter Officers who receive an allowance, shall be $400/month, and the City Manager is authorized to grant Deputy Directors either an assigned City vehicle or a vehicle allowance in the amount of $300/month. The City Manager is also authorized to grant selected Management employees a vehicle allowance of $100-$200/month based on Department Director recommendation and an annual justification relating to extensive use of a personal vehicle while conducting City business. Effective May 27, 2008, per Resolution 2008-305, the vehicle allowance for Charter Officers is increased to a maximum of $500/month.

SECTION 16. UNIFORM ALLOWANCES. Uniform allowances for unrepresented Management and Confidential employees who are required to wear a uniform, are as follows:

Positions	Effective Date	Allowance
Sworn Police	February 1, 2015	$101.67
Sworn Fire Management	July 1, 2007	$85.00

SECTION 17. POST CERTIFICATION PAY. Effective August 26, 2014, Police Captains who provide evidence that they have received a Supervisory POST Certificate shall be eligible for three and two tenths percent (3.2%) certification pay. Effective August 26, 2014, Police Captains who provide evidence that they have received a Management POST Certificate shall be eligible for five and seven tenths percent (5.7%) certification pay. These amounts are

not cumulative and Captains receiving Management POST pay shall not also receive Supervisory POST pay. The maximum allowable POST pay is 5.7%.

SECTION 18. ASSISTANT CHIEF OF POLICE ASSIGNMENT PAY. Effective May 26, 1998, subject to the approval of the City Manager, the Police Chief may appoint employees currently employed by the Police Department in the classification of Police Captain to the assignment of Assistant Chief of Police. Such appointment may be made without competitive examination and shall continue at the will and pleasure of the Police Chief. The Police Chief may end the assignment at any time and such employee shall return to an assignment as Police Captain (unless removed due to dismissal) at a step no lower than the step the employee held at time of assignment. The total number of assignments shall be at the sole discretion of the City Manager.

SECTION 19. EMERGENCY MEDICAL TECHNICIAN CERTIFICATION PAY. Sworn Fire Management employees in the classifications of Fire Battalion Chief and Fire Division Chief, who are certified as Emergency Medical Technicians (EMT-I), shall receive a monthly allowance equivalent to five percent (5.0%) of the base salary for their classification.

SECTION 20. HAZARDOUS MATERIALS CERTIFICATION PAY. Effective July 1, 2003, one (1) Fire Department Battalion Chief or Division Chief shall be authorized five percent (5%) Haz Mat Pay, when certified as a Hazardous Materials Specialist and assigned to administer the City of Modesto's participation in the Regional Hazardous Materials Response Team. This pay replaced the annual Haz Mat Stipend.

SECTION 21. ALS PARAMEDIC PAY. Effective July 14, 2015, one (1) Fire Department Battalion Chief or Division Chief shall be authorized six percent (6%) ALS Paramedic pay, when assigned to the ALS Paramedic Program and have the required California

State Paramedic License and all additional local required ALS certifications.

SECTION 22. FIRE CHIEF OFFICER SHIFT STIPEND. Effective December 2, 2014, Fire Battalion Chiefs and Fire Division Chiefs assigned to work extra shifts in order to maintain a consistent staffing of two (2) Battalion Chiefs to the extent possible, may receive a stipend of one thousand five hundred dollars ($1,500) per 24-hour shift. Criteria for assignment to extra shifts with the stipend shall be at the discretion of the Fire Chief, who shall also determine when staffing at the level of one Battalion Chief is acceptable. The Fire Chief shall annually determine the maximum number of assignments available for stipend, subject to funds budgeted and the needs of the City. As FLSA Exempt management employees, Fire Battalion Chiefs and Fire Division Chiefs may be required to work both emergency and non-emergency assignments without additional compensation.

SECTION 23. MUTUAL AID ASSIGNMENT. Sworn Fire Management employees in the classification of Fire Battalion Chief and Fire Division Chief shall receive a stipend when assigned to fill Strike Team and Task Force Leader assignments. Fire Battalion Chiefs assigned as Strike Team or Task Force Leader or Strike Team or Task Force Leader Trainee shall receive a stipend of $1500 for a 24 hour period. Fire Division Chiefs assigned as Strike Team or Task Force Leader or Strike Team or Task Force Leader Trainee shall receive a stipend of $1500 for a 24 hour period subject to the following conditions:

1. The assignment results from a request through the California Office of Emergency Services.
2. The assignment is subject to reimbursement through the "Cooperative Agreement for Local Government Fire Suppression."
3. Regularly scheduled work hours are not included and partial periods are pro-rated to

the nearest hour.

The City Manager is authorized to adjust the stipend amount, from time to time, consistent with increases in overall Fire Management salaries and reimbursement rates.

SECTION 24. DEFERRED COMPENSATION 457 PLAN. The CITY shall continue to provide access to a 457 deferred compensation program authorized by the City Council for the voluntary participation of City employees. In addition, the CITY shall match on behalf of a participating employee in a regular position, one and one-half percent (1.5%) of an employee's regular rate of pay on a bi-weekly basis; provided, the employee is contributing at least one and one-half percent (1.5%). For such employees who have been continuously employed by the CITY for nine (9) or more years, the CITY shall contribute two and one-half percent (2.5%); provided the employee is contributing at least two and one-half percent (2.5%). Effective January 1, 2006, this increase in the City's contribution shall be effective with the first pay period to begin in the month following completion of nine (9) years of service, provided that the employee has completed any required documents.

SECTION 25. DEFERRED COMPENSATION 401(a) MONEY PURCHASE PLANS. The 401(a) Money Purchase Plans shall provide for a City-paid contribution and equal mandatory employee contribution, effective January 1, 2006, of 5% for Charter Officers, 3% for Executives other than Charter Officers, and 2% for all other unrepresented Management and Confidential employees.

SECTION 26. HEALTH, DENTAL AND VISION BENEFITS. The City's contribution to health, dental and vision benefits for Unrepresented Management and Confidential employees, including Charter Officers and Executives, shall be a three-tier system as follows:

<u>City Contribution (monthly)</u>
<u>Sworn and Non-Sworn</u>

	1/1/2015
Employee + Family	$1214
Employee +1 Dependent	$858
Employee Only	$621
Opt Out	$450

The City shall deposit into the employee's deferred compensation account any balance remaining from the above listed contributions not needed to pay for the employee's health, dental or vision premiums. Effective July 22, 2008, for employees enrolled in the City-sponsored High Deductible Health Plan, any balance of said contributions shall be directed to the employee's Health Savings Account. Only in the event that an employee does not qualify for enrollment into a Health Savings Account, the City shall deposit any balance of the above contribution not needed to pay for the employee's combined premium into the employee's deferred compensation account.

Effective July 26, 2005, the City's contribution toward unrepresented employees with Family coverage shall not exceed the actual premium amount for the lowest cost health (HMO Plan), dental and vision plans offered by the City, regardless of the health plan selected by the employee or the contribution amounts listed above.

SECTION 27. DOMESTIC PARTNERS. Benefits applicable to spouses shall be extended to registered domestic partners, as required by law.

SECTION 28. RETIREE HEALTH INSURANCE. Employees who retire prior to December 31, 2015, may elect on a one-time basis at retirement to purchase health, dental and vision insurance under a City-authorized plan and are responsible for all cost.

Non-sworn employees hired on or before December 31, 2010 and who retire from the City prior to October 23, 2012 after five (5) years of continuous service in good standing may, on a one-time basis, exercise the option to have ninety percent (90%) of their unused

grandfathered sick leave applied by the City upon retirement to premiums for health, dental and vision insurance plans covered by the CITY at the rate of eight (8) hours equals one month of contribution. Said insurance contribution shall be provided in an amount up to that contributed to active employees subject to changes in the median priced health HMO plan for active employees, as needed to cover the cost of retiree health, dental and vision premium.

Non-sworn employees hired on or before December 31, 2010 and who retire from the City between October 23, 2012 and December 31, 2014, after five (5) years of continuous service in good standing may, on a one-time basis, exercise the option to have ninety percent (90%) of their unused grandfathered sick leave applied by the City upon retirement to premiums for health, dental and vision insurance plans covered by the CITY at the rate of eight (8) hours equals one month of contribution. Said insurance contribution shall be provided as needed to cover the cost of retiree health, dental and vision premiums up to a monthly rate of $621 for retiree without dependents and up to $1,100 for retirees with dependent coverage.

Sworn employees hired on or before December 31, 2010 and who retire from the City prior to January 1, 2015, after five (5) years of continuous service in good standing may, on a one-time basis, exercise the option to have ninety percent (90%) of their unused grandfathered sick leave applied by the City upon retirement to premiums for health, dental and vision insurance plans covered by the CITY at a rate of eight (8) hours equals one month of contribution (employees promoted on or after December 30, 2014 into a Fire Unrepresented position on a 56-hour schedule, shall have hours at retirement applied at a rate of twelve (12) hours equals one month of contribution). Said insurance shall be provided in an amount up to that contributed to active employees subject to changes in the median priced health HMO plan for active employees, as needed to cover the cost of retiree health, dental and vision premium.

For all Non-Sworn and Sworn employees hired on or before December 31, 2010 who retire from the City on or after January 1, 2015, the City will no longer offer retiree medical plans through City's group plans effective December 31, 2015, however, retirees may elect on a one-time basis at retirement the option to purchase and maintain City's dental and vision plans at retiree's cost. For these employees who retire after five (5) continuous years of service in good standing may, on a one time basis, have ninety (90%) percent of their unused grandfathered sick leave converted to the City sponsored defined contribution retiree medical benefit plan at the rate of eight (8) hours equals one month of contribution (Fire Unrepresented position on a 56-hour schedule, shall have hours at retirement applied at a rate of twelve (12) hours equals one month of contribution) to purchase medical insurance. For each eight hours (or twelve hours) converted to the retiree medical program, the recipient shall be provided a monthly contribution under one of the following schedules:

Non-Medicare Eligible Recipient		Medicare Eligible Recipient	
Retiree Only	= $500	Retiree Only =	$250
Retiree +1 Dep =	$1,000	Retiree +1 Dep =	$500
Retiree + Family=	$1,000	Retiree + Family =	$500

Combined contributions for Retirees

1 Non-Medicare + 1 Medicare coverage = $750

Retiree only contribution for eligible recipients is allowable regardless of where the retiree acquires authorized and legitimate medical insurance coverage (i.e. through State Exchange, through individual insurance company, through a current employer, or through spouse employer). Retiree shall not be eligible to receive a contribution for dependent, spouse, or registered domestic partner under the Retiree + 1 or Retiree + Family levels if retiree's

dependent, spouse, or registered domestic partner has medical insurance coverage through their current employer, is covered under Retiree's current employer, or if Retiree does not purchase individual insurance for dependent. Upon retirement only, the City shall transfer contributions based on eligibility above into the City's sponsored Retiree Health Reimbursement Arrangement (HRA) for the individual. Employees will not be eligible for these contributions should they separate from City service prior to retirement. Contributions to eligible retirees will be made as follows: Upon Retirement – initial contributions will be made for the months following loss of coverage with City through either December 31st or June 30th, whichever date is earlier. Contributions will be deposited no later than 30 days after retirement date. Ongoing Contribution – a semi-annual years' worth of contributions will be made on a semi-annual basis no later than Jan 31st (for months January – June) and July 31st (for months July - December) until exhaustion of sick leave conversion. To receive the semi-annual contribution, the retiree must provide the City with proof and cost of coverage by December 15th each year to receive a contribution for the following calendar year. Failure to provide proof of coverage will result in the retiree losing a City contribution for that calendar year, however, if the retiree provides proof of coverage before June 15th, the retiree will be eligible for the July contribution. Lose of contribution will not result in a reduction to the number of months the retiree is eligible to receive contributions in the future. If retiree has a status change during any calendar year that would change the monthly contribution, such as a marriage, divorce, death, birth, spouse or dependent loss of coverage, the City will reconcile the new amount the retiree is eligible for with the following semi-annual contribution. The change in status is presumed effective the 1st of the month following the month when the retiree provided notice to the City of the change in status. For example, if the retiree's status changes from retiree only to retiree

+1 on November 15, the City will provide an additional $500 along with the total semi-annual contribution for the following calendar year to compensate the retiree for the change in status for the month of December in the previous calendar year. If the retiree's change in status results in monies owed to the City, the City will recoup the amount owed by deducting it from the following semi-annual contribution. However, in the event of a death of the retiree receiving a contribution for the retiree only level during the calendar year in which the contribution was already received, any remaining months of contribution will be deleted for subsequent calendar years, but the City will not endeavor to seek payments already made for the months following the retiree's death. In the event of the death of retiree participating in the contribution program, surviving qualified spouse will be eligible to receive a contribution for the following calendar year if the retiree would have been eligible to receive a contribution. If eligible, the contribution will be consistent with the eligibility criteria set above and continue until the exhaustion of the deceased retiree's sick leave bank, upon the death of the surviving spouse, upon the spouse and/or dependents coverage for other insurance through an employer, or upon voluntarily election to not continue with the contribution program.

For employees hired on or before December 31, 2010, the City shall contribute to a Defined Contribution retiree medical benefit plan for each eligible employee in the form of a deposit into a Health Reimbursement Arrangement (HRA). For non-sworn employees, effective July 2, 2013, the City shall contribute $25.00 per month. For sworn employees, effective August 26, 2014 the City shall contribute $25.00 per month . For a full time employee, this equates to a maximum of $300 per year. Employees in regular positions budgeted less than eighty (80) hours per pay period or job-shared positions, shall receive a pro-rated amount per month. Beginning January 1, 2015, the defined City contribution for non-

sworn and sworn employees shall increase annually through January 1, 2019, by an additional $10 per year, per employee each January. The defined City contribution shall be a maximum contribution of $75 per month by January 2019.

For all unrepresented employees (sworn and non-sworn) hired on or after January 1, 2011, the City shall contribute to a Defined Contribution retiree medical benefit plan for each eligible employee in the form of a deposit into a Health Reimbursement Arrangement (HRA) account. An employee is eligible to receive a City HRA contribution upon completion of two full years. If an employee separates employment before meeting eligibility requirement, the employee shall receive no benefit. On the first pay period following completion of two full years of continuous City service, the CITY shall deposit $2,400 into an HRA account established in the employee's name. Employees in regular positions budgeted less than eighty (80) hours per pay period or job-shared positions, shall receive a pro-rated lump sum contribution based on hours worked. After the initial contribution is made, the City shall contribute $100 per month for each eligible full time employee. Employees in regular positions budgeted less than eighty (80) hours per pay period or job-shared positions, shall receive a pro-rated amount per month. Employees hired on or after January 1, 2011 and subject to this defined contribution plan shall not be eligible for any sick leave conversion towards retiree medical premiums of any sort. The City's contribution under this section represents the entire contribution towards employee retiree medical.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that Resolution No. 2014-519 is hereby rescinded.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of November, 2015, by Councilmember Kenoyer, who moved

its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Marsh

RESOLUTION APPROVING LANGUAGE CORRECTING THE COMPENSATION FOR CHARTER OFFICERS AND EXECUTIVES, EFFECTIVE DECEMBER 2, 2014; AND RESCINDING RESOLUTION NO. 2014-520 AND RESOLUTION NO. 2015-334 AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO TAKE THE NECESSARY ADMINISTRATIVE ACTION TO IMPLEMENT THE CHANGES.

WHEREAS, by Resolution No. 2014-520, which became effective on December 2, 2014, the City Council amended the salary schedules for unrepresented Management and Confidential employees including Charter Officers and Executives, and

WHEREAS, subsequent to Resolution No. 2014-520, Resolution No. 2015-334 amended Exhibits D through F effective September 8, 2015 to amend the salary range for the Director of Community and Economic Development from 1422 to 1426.

WHEREAS, the Resolution No. 2014-520, provided an incorrect calculation of salary for the City Manager and City Attorney, the Council of the City of Modesto desires to correct the pay rate amounts stated in Resolution No. 2014-520 to correctly reflect the approved two (2.0%) percent salary increase for Executives and Charter Officers, effective December 2, 2014; followed by an additional one (1.0%) salary increase effective the pay period that includes March 1, 2016, and

WHEREAS, the City desires to maintain competitive position with the labor market;

RESCINDED
JUL 12 2016
THIS RESOLUTION WAS RESCINDED BY MODESTO CITY COUNCIL RESOLUTION NO. 2016-310

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. SALARY RANGES, RATES AND EFFECTIVE DATES. The corrected salary rates, salary ranges and salary steps as set forth in the following exhibits

exhibit N

AMENDED on feb. 9, 2016 By Resolution 2016-55

AMENDED - exhibit M on feb. 9, 2016 By Resolution 2016-53

which are attached hereto were previously approved by Council, which provided for a two (2.0%) percent across-the-board salary adjustment for non-sworn Executive Management and Charter Officers; salary ranges increased by two (2.0%) percent effective December 2, 2014, followed by an additional one (1%) percent increase effective March 1, 2016. In addition, based on the results of the City's most recent labor market study, the salary range for each of the benchmark classes listed in **Exhibit X,** along with any related classes, shall increase in accordance with the schedule and is set forth in these Exhibits. Attached **Exhibits D through F** reflect salary range changes approved in Resolution 2015-334.

13. **Exhibit** "M" entitled "City of Modesto Class Range Table, Police Management Classes (Unrepresented), Effective June 26, 2007."

14. **Exhibit** "N" City of Modesto Schedule Of Salary Ranges In City Service For FY 12/13, Effective March 12, 2013 – Schedule G Management/Confidential – Police – Unrepresented."

SECTION 2. CHARTER OFFICERS. The salaries for the positions of the Charter Officers shall be as follows effective December 2, 2014:

TITLE	HOURLY	BI-WEEKLY	MONTHLY
City Manager Jim Holgersson	102.65	8,212.00	17,861.11
City Attorney Contract	77.97	6,237.50	13,566.57
City Clerk Stephanie Lopez	52.60	4,208.00	9,152.40

Charter Officers shall be as follows effective the pay period that includes March 1, 2016:

TITLE	HOURLY	BI-WEEKLY	MONTHLY
City Manager Jim Holgersson	103.68	8,294.40	18,040.32
City Attorney Contract	78.75	6,299.88	13,702.24
City Clerk Stephanie Lopez	53.13	4,250.40	9,244.62

SECTION 3. USE OF CLASSES. The designated classes of positions may be used in any organizational unit of the City deemed proper by the City Manager.

SECTION 4. POSITIONS. The City Council authorizes and directs the City Manager, within the limits of funds budgeted therefor, to appoint employees in such number and in such classes in each department as may be necessary to properly operate the department under the Charter, ordinances and resolutions adopted by the City Council, including, but not limited to, creating additional positions to replace employees who are on disability leave or other leaves of absence.

SECTION 5. APPOINTMENTS AND SALARIES. The City Manager is hereby authorized to appoint, in accordance with the applicable provisions of the Modesto Municipal Code and Personnel Rules and within the limits of funds budgeted therefor, any person to a position in a class for which he is the appointing authority and for which the salary is hereby provided, to designate the definite salary rate or salary step at which such person is appointed, and the salary so designated is hereby fixed as the salary of such employee for the position.

SECTION 6. SPECIAL SALARY RATES. The City Manager is further

authorized, subject to budgetary appropriation control by the City Council, to fix the salary range or rate for part-time, hourly or special positions in the Unclassified Service for which the City Manager is the appointing authority and which are not designated herein.

SECTION 7. PART-TIME EMPLOYMENT. Employees appointed to any of the positions referred to herein who, with the approval of the City Manager, regularly work less hours per week than established for their class by rule 13.1 of the Personnel Rules, shall be paid in approximate proportion of the time worked.

SECTION 8. REPEAL. Resolution No. 2014-520 is hereby rescinded effective December 2, 2014 and Resolution No. 2015-334 is hereby rescinded effective November 24, 2014.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of November, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Marsh
NOES:	Councilmembers:	None
ABSENT:	Councilmembers:	None

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-447

RESOLUTION APPROVING A LETTER OF AGREEMENT BETWEEN THE CITY OF MODESTO AND MODESTO POLICE OFFICERS' ASSOCIATON (MPOA) AMENDING THE MEMORANDUM OF UNDERSTANDING FOR THE PERIOD OF JULY 1, 2014 TO JUNE 30, 2016 TO CHANGE LANGUAGE IN SECTION 5, SPECIAL COMPENSATION; AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO TAKE THE NECESSARY ADMINISTRATIVE ACTION TO IMPLEMENT THE AGREEMENT.

WHEREAS, the current Memorandum of Understanding (MOU) between the City of Modesto (CITY) and the Modesto Police Officers' Association (MPOA) expires on June 30, 2016, and

WHEREAS, representatives of the CITY and the MPOA have met and conferred in good faith concerning special pays, and

WHEREAS, the CITY and MPOA have reached agreement on language changes for a Letter of Agreement (LOA) which, upon execution, shall be **attached** hereto and made a part hereof, and

WHEREAS, the LOA provides as follows:

SECTION 1. SPECIAL COMPENSATION.

a. POST Certification Pay Section 5 (H-1)

Shall be amended to expire the one percent (1%) certification pay for Basic POST certificate effective June 27, 2016

WHEREAS, the Council considered this matter at its meeting of November 24, 2015,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the letter of agreement between the City of Modesto and the Modesto Police Officers' Association (MPOA), amending Section 5 of the

Memorandum of Understanding which covers a term from July 1, 2014 through June 30, 2016, and upon execution of same, a copy of the LOA will be on file in the office of the City Clerk.

BE IT FUTHER RESOLVED by the Council of the City of Modesto that the City Manager or designee is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of November 2015, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-448

RESOLUTION APPROVING A LETTER OF AGREEMENT BETWEEN THE CITY OF MODESTO AND MODESTO POLICE MANAGEMENT ASSOCIATON (MPMA) AMENDING THE MEMORANDUM OF UNDERSTANDING FOR THE PERIOD OF OCTOBER 1, 2013 TO DECEMBER 31, 2015 TO CHANGE LANGUAGE IN ARTICLE 5, OVERTIME AND SPECIALTY PAY; AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO TAKE THE NECESSARY ADMINISTRATIVE ACTION TO IMPLEMENT THE AGREEMENT.

WHEREAS, the current Memorandum of Understanding (MOU) between the City of Modesto (CITY) and the Modesto Police Management Association (MPMA) expires on December 31, 2015, and

WHEREAS, representatives of the CITY and the MPMA have met and conferred in good faith concerning specialty pay and uniform allowance, and

WHEREAS, the CITY and MPMA have reached agreement on language changes for a Letter of Agreement (LOA) which, upon execution, shall be **attached** hereto and made a part hereof, and

WHEREAS, the LOA provides as follows:

ARTICLE 5. OVERTIME & SPECIALTY PAY.

K. (2) Corporals or Sergeants assigned to the Equestrian Unit will be compensated for three and four-tenths (3.4) hours of Equestrian care at time and one-half for each two week pay period except when the Operations Bureau Commander has assigned the Corporal or Sergeant release time for the conduct of such activity.

WHEREAS, the Council considered this matter at its meeting of November 24, 2015,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the letter of agreement between the City of Modesto and the Modesto Police Management Association (MPMA), amending Article 5 of the Memorandum of Understanding which covers a term from October 1, 2013 through December 31, 2015, and upon execution of same, a copy of the LOA will be on file in the office of the City Clerk.

BE IT FUTHER RESOLVED by the Council of the City of Modesto that the City Manager or designee is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of November 2015, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

Letter of Agreement between the City of Modesto and Modesto Police Managers Association.

This Letter of Agreement (LOA) has been jointly prepared by the designated representatives of the City of Modesto (City) and the designated representatives of the City of Modesto Police Managers Association (MPMA) to memorialize the partial settlement of the MPMA's Grievance Relating to Leave Cash-Out dated August 25, 2015.

The parties agree that:

1. Pay outs of accrued leave (Management Leave) shall be paid at an employee's regular rate of pay, including POST Certification and Educational Incentive Pay. This includes cash outs of Management Leave pursuant to Article 5, Section J of the Memorandum of Understanding (MOU) between the City and MPMA.

2. Bargaining Unit members who cashed out Management Leave in December 2014 pursuant to Article 5, Section J will be made whole for the difference between the cash out amounts they were paid and the amounts they would have received had the cash outs included POST Certification and Educational Incentive Pay. The specific make-whole amounts are listed in Exhibit A.

3. The parties will negotiate specific language to address future payouts of leave (vacation and CTO) to be included in the successor MOU currently being negotiated.

4. The PMA's August 25, 2015 Grievance relating to Leave Cash-Out will remain in abeyance until the issue is resolved through negotiations or until PMA notifies the City that it desires to move the grievance forward.

Date: 10-26-15	Date: 26 Oct. 2015

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-449

RESOLUTION APPROVING A LETTER OF AGREEMENT BETWEEN THE CITY OF MODESTO AND MODESTO POLICE MANAGEMENT ASSOCIATON (MPMA) AMENDING THE MEMORANDUM OF UNDERSTANDING FOR THE PERIOD OF OCTOBER 1, 2013 TO DECEMBER 31, 2015 TO CHANGE LANGUAGE IN ARTICLE 9, UNIFORMS AND UNIFORM ALLOWANCES; AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO TAKE THE NECESSARY ADMINISTRATIVE ACTION TO IMPLEMENT THE AGREEMENT.

WHEREAS, the current Memorandum of Understanding (MOU) between the City of Modesto (CITY) and the Modesto Police Management Association (MPMA) expires on December 31, 2015, and

WHEREAS, representatives of the CITY and the MPMA have met and conferred in good faith concerning specialty pay and uniform allowance, and

WHEREAS, the CITY and MPMA have reached agreement on language changes for a Letter of Agreement (LOA) which, upon execution, shall be **attached** hereto and made a part hereof, and

WHEREAS, the LOA provides as follows:

ARTICLE 9. UNIFORMS AND UNIORM ALLOWANCES

C. Each employee will be paid a uniform allowance of ninety-four dollars ($94.00) per month. This amount will increase to one hundred one dollars and sixty-seven cents ($101.67) per month effective February 1, 2015. This allowance will be paid on the second pay period ending of each month.

WHEREAS, the Council considered this matter at its meeting of November 24, 2015,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the letter of agreement between the City of Modesto and the Modesto Police Management Association (MPMA), amending Article 5 and Article 9 of the Memorandum of Understanding which covers a term from October 1, 2013 through December 31, 2015, and upon execution of same, a copy of the LOA will be on file in the office of the City Clerk.

BE IT FUTHER RESOLVED by the Council of the City of Modesto that the City Manager or designee is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of November 2015, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

Letter of Agreement between the City of Modesto and Modesto Police Managers Association.

This Letter of Agreement (LOA) has been jointly prepared by the designated representatives of the City of Modesto (City) and the designated representatives of the City of Modesto Police Managers Association (MPMA) to modify Article 9, Section C "Uniform Allowance" of the parties MOU.

The parties agree that Article 9, Sec. C shall be modified as follows:

Article 9: UNIFORMS AND UNIFORM ALLOWANCES

A. Uniforms

All employees shall wear uniforms in accordance with the Police Department's Manual of Uniforms and Equipment.

B. Motor Officer Equipment

The CITY shall provide department approved safety goggles, gloves, helmet, leather jacket, one pair of riding pants and one pair of boots to all members of this unit regularly assigned to ride a motorcycle, and replace as needed with approval of the Division Commander. Said items shall remain CITY property and may be re-issued at the discretion of the Division Commander.

C. Uniform Allowance

1. Each employee will be paid a uniform allowance of ninety-four dollars ($94.00) per month. This allowance will be paid on the second pay period ending of each month.
2. **Effective February 1, 2015, the uniform allowance shall be increased to one hundred and one dollars and sixty-seven cents ($101.67). Uniform allowance will be paid on the second pay period ending of each month.**

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-450

RESOLUTION APPROVING THE LETTER OF AGREEMENT RESOLVING THE GRIEVANCE OVER MANAGEMENT LEAVE CASH-OUT BETWEEN THE CITY OF MODESTO AND MODESTO POLICE MANAGEMENT ASSOCIATON (MPMA); AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO TAKE THE NECESSARY ADMINISTRATIVE ACTION TO IMPLEMENT THE AGREEMENT.

WHEREAS, the current Memorandum of Understanding (MOU) between the City of Modesto (CITY) and the Modesto Police Management Association (MPMA) expires on December 31, 2015, and

WHEREAS, representatives of the CITY and the MPMA have met and conferred in good faith concerning specialty pay and uniform allowance, and

WHEREAS, the CITY and MPMA have reached agreement on language changes for a Letter of Agreement (LOA) which, upon execution, shall be **attached** hereto and made a part hereof, and

WHEREAS, the LOA provides as follows:

ARTICLE 5. OVERTIME & SPECIALTY PAY.

J. Lieutenants shall receive Management Leave (E-Time) of eighty (80) hours annually, to be advanced at the beginning of each calendar year. All Lieutenants may cash out Management Leave once annually during the pay period in which December 1 falls up to a maximum of sixty (60) hours, regardless of assignment. Pay outs of Management Leave shall be paid at the employee's regular rate of pay, including POST Certification and Educational Incentive Pay. MPMA members who cashed out leave in December of 2014 will receive the difference between the cash-out

amount they were paid and the amounts they would have received if cash-out included POST Certification and Educational Incentive Pay.

The parties agree to negotiate specific language to address future payouts of leave (vacation and CTO) to be included in the successor MOU currently being negotiated. The MPMA's August 25, 2015 Grievance relating to Leave Cash-Out will remain in abeyance until the issue is resolved through negotiations or until MPMA notifies the City that it desires to move the grievance forward.

WHEREAS, the Council considered this matter at its meeting of November 24, 2015,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the letter of agreement between the City of Modesto and the Modesto Police Management Association (MPMA), resolving a grievance in relation to Article 5 of the Memorandum of Understanding which covers a term from October 1, 2013 through December 31, 2015, and upon execution of same, a copy of the LOA will be on file in the office of the City Clerk.

BE IT FUTHER RESOLVED by the Council of the City of Modesto that the City Manager or designee is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of November 2015, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

Letter of Agreement between City of Modesto and Modesto Police Managers Association, amending the Memorandum of Understanding for the period of October 1,, 2013 through December 31, 2015.

This Letter of Agreement (LOA) has been jointly prepared by the designated representatives of the City of Modesto (City) and the designated representatives of the City of Modesto Police Managers Association (MPMA) to modify the Memorandum of Understanding (MOU) between the City and MPOA for the period ending December 31, 2015.

The parties agree to modify the MOU as follows:

> **Special Assignment Pay, Article K, Item (3) {Compensation for Equestrian Care}**
>
> Corporals or Sergeants assigned to the Equestrian Unit will be compensated for ***three and four-tenths (3.4) hours*** of Equestrian care at time and one-half for each two week pay period except when the Operations Bureau Commander has assigned the Corporal or Sergeant release time for the conduct of such activity.

This contract amendment shall become effective upon ratification by the MPMA and adoption by the City Council; and shall remain in effect until a successor agreement is negotiated and adopted by the parties.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-451

RESOLUTION AMENDING A LABOR POLICY FOR PAYING AND REPORTING THE VALUE OF EMPLOYER PAID MEMBER CONTRIBUTIONS TO THE CALIFORNIA PUBLIC EMPLOYEES' RETIREMENT SYSTEM (CALPERS) ON BEHALF OF EMPLOYEES REPRESENTED BY THE MODESTO POLICE OFFICERS' ASSOCIATION (MPOA).

WHEREAS, by Resolution No 2015-32 adopted by the Council, the City adopted a labor policy providing for Public Employees' Retirement System (PERS) employee contributions to be paid by the City on behalf of employees and for reporting of employer-paid normal member contributions to PERS as compensation, and

WHEREAS, changes to the labor policy must be effective at the beginning of a pay period, and

WHEREAS, the governing body of the City of Modesto has the authority to implement Government Code Section 20636(c)(4) pursuant to Section 20691, and

WHEREAS, the governing body of the City of Modesto has a written labor policy or agreement which specifically provides for the normal member contributions to be paid by the employer, and reported as additional compensation, and

WHEREAS, one of the steps in the procedures to implement Section 20691 is the adoption by the governing body of the City of Modesto of a Resolution to commence paying and reporting the value of said Employer Paid Member Contributions, and

WHEREAS, the governing body has the authority to amend all members in a group or class of employment pursuant to Government Code Section 20691.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

Effective June 28, 2016, the City of Modesto elects to pay zero percent (0%) of the normal member contributions for all MPOA employees. No payment shall be implemented pursuant to the provisions of Section 20636 (c)(4) of the California Government Code.

BE IT FURTHER RESOLVED that this Resolution shall become effective on June 28, 2016.

BE IT FURTHER RESOLVED that this resolution replaces Resolution No 2015-32 and Resolution No 2015-32 is hereby repealed in its entirety.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of November, 2015, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION AMENDING A LABOR POLICY FOR PAYING AND REPORTING THE VALUE OF EMPLOYER PAID MEMBER CONTRIBUTIONS TO THE CALIFORNIA PUBLIC EMPLOYEES' RETIREMENT SYSTEM (CALPERS) ON BEHALF OF UNREPRESENTED SWORN FIRE EMPLOYEES.

WHEREAS, by Resolution No 2012-373 adopted by the Council, the City adopted a labor policy providing for Public Employees' Retirement System (PERS) employee contributions to be paid by the City on behalf of employees and for reporting of employer-paid normal member contributions to PERS as compensation, and

WHEREAS, by Resolution No 2014-521 adopted by the Council on December 2, 2014 the City wished to make changes to the labor policy, however administrative errors were found in the adopted resolution, and

WHEREAS, the governing body of the City of Modesto has the authority to implement Government Code Section 20636(c)(4) pursuant to Section 20691, and

WHEREAS, the governing body of the City of Modesto has a written labor policy or agreement which specifically provides for the normal member contributions to be paid by the employer, and reported as additional compensation, and

WHEREAS, one of the steps in the procedures to implement Section 20691 is the adoption by the governing body of the City of Modesto of a Resolution to commence paying and reporting the value of said Employer Paid Member Contributions, and

WHEREAS, the governing body has the authority to amend all members in a group or class of employment pursuant to Government Code Section 20691.

RESCINDED
JUL 12 2016
THIS RESOLUTION WAS RESCINDED BY MODESTO CITY COUNCIL RESOLUTION NO. 2016-312

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

Effective December 2, 2014, Unrepresented Sworn Fire employees hired before January 17, 2012 under Tier 1 retirement formula 3%@50, the City of Modesto elects to pay five percent (5%) of the normal member contributions of nine percent (9%) as employer paid member contributions and report the same value to CalPERS as compensation earnable as additional compensation. Effective December 29, 2015, the City of Modesto elects to pay two and one half percent (2.5%) of the normal member contributions of nine percent (9%) as employer paid member contributions and report the same value to CalPERS as compensation earnable as additional compensation.

For Unrepresented Sworn Fire employees hired on or after January 17, 2012 under Tier 2 retirement formula 3%@55, the City of Modesto elects to pay zero percent (0%) of the normal member contributions of nine percent (9%). No payment shall be implemented pursuant to the provisions of Section 20636 (c)(4) of the California Government Code.

BE IT FURTHER RESOLVED that this Resolution shall become effective retroactively to December 2, 2014.

BE IT FURTHER RESOLVED that this Resolution replaces Resolution No 2014-521 and Resolution No 2014-521 is hereby repealed in its entirety.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of November, 2015, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded

by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-453

RESOLUTION APPROVING AN ACCESS AND PUBLIC UTILITY EASEMENT TO SACRAMENTO-VALLEY LIMITED PARTNERSHIP D/B/A VERIZON WIRELESS BY AIRTOUCH CELLULAR ITS GENERAL PARTNER, WITHIN MANCINI PARK LOCATED ON 1204 RIVER ROAD (APN 038-010-007)

WHEREAS, the City of Modesto maintains a community park known as Mancini Park located on 1204 River Road (APN 038-010-007), and

WHEREAS, Verizon Wireless has installed a wireless communications tower within a portion of Mancini Park, and

WHEREAS, an access and public utility easement is required to provide access and communications connections to the tower from River Road, and

WHEREAS, the final portion of this tower project is to approve the access and public utility easement, and

WHEREAS, staff recommends the access and public utility easement be approved.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the access and public utility easement to Verizon Wireless to serve the communications tower on 1204 River Road (APN 038-010-007).

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Grant of Easement and Agreement for an Access and Public Utilities Easement.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-454

RESOLUTION ACCEPTING A GRANT DEED FROM STANISLAUS COUNTY AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO SIGN THE CERTIFICATE OF ACCEPTANCE FOR THE GRANT DEED FOR THE TRANSFER OF REAL PROPERTY LOCATED AT MARY AND CHARLES STREETS IN GRAYSON (A PORTION OF APN 016-034-006) TO BE CONVEYED TO THE CITY OF MODESTO FOR THE GRAYSON WELL 274 REPLACEMENT PROJECT

WHEREAS, Section 27281 of the Government Code requires a public agency to accept real property prior to the recordation of a deed or adopt a resolution accepting real property, and

WHEREAS, the City of Modesto desires to accept a parcel of land totaling approximately 9,945 square feet, located at Mary and Charles Streets, owned by Stanislaus County, (a portion of APN 016-034-006), to be conveyed to the City of Modesto, and

WHEREAS, this proposed project is categorically exempt pursuant to CEQA Regulations Section 15302 (c): Replacement or reconstruction of existing utility systems and/or facilities involving negligible or no expansion of capacity.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the City Manager, or his designee, is hereby authorized to sign the Certificate of Acceptance for the Grant Deed for the acquisition of real property located at Mary and Charles Streets, owned by Stanislaus County, (a portion of APN 016-034-006) to be conveyed to the City of Modesto.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of November, 2015, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-455

RESOLUTION APPROVING REVISIONS TO THE CITY OF MODESTO DROUGHT CONTINGENCY PLAN AND ENACTING DROUGHT STAGE IIA REQUIREMENTS THAT RESTRICT OUTDOOR WATERING TO ONE DAY A WEEK EFFECTIVE DECEMBER 1, 2015

WHEREAS, On March 17 2015, the State Water Resources Control Board adopted additional emergency drought regulations to govern the use of urban water in California, which requires the City of Modesto to meet a 36 percent (36%) cumulative reduction for the period of June 2015 through February 2016, and

WHEREAS, Section 11-1.14 of the Modesto Municipal Code authorizes the City Council to establish rules and regulations by resolution concerning the City's municipal water system, the use of water, and water conservation, and

WHEREAS, on May 1, 2015, the City Council, by Resolution No. 2015-134, implemented the Stage II Plan requirements of the Drought Contingency Plan, which included an increase in the monetary penalty amounts for excessive water use and restricted outdoor watering to twice weekly, and

WHEREAS, California continues to endure severe drought conditions and most of the state, including our area, is experiencing exceptional drought conditions as defined by the United States Drought Monitor, and

WHEREAS, staff is tracking water production reduction percentages and as of October 31, 2015, the City is at a 29% reduction, and

WHEREAS, to assist us in sustaining our water supply and meet state-mandated reduction goals, staff has revised the Drought Contingency Plan to add a Stage IIA that implements one-day per week watering for all City of Modesto customers, and

WHEREAS, addresses ending in an even number will water only on Saturday and addresses ending in an odd number will water only on Sunday, and

WHEREAS, staff recommended that the City Council approve the revisions to the Plan and implement Stage IIA requirements effective December 1, 2015.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves revisions to the City of Modesto Drought Contingency Plan and enacts Drought Stage IIA requirements that restrict outdoor watering to one day a week effective December 1, 2015.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of November 2015, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Kenoyer, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION AMENDING THE BYLAWS FOR THE CITIZENS' HOUSING AND COMMUNITY DEVELOPMENT COMMITTEE AND RESCINDING CITY COUNCIL RESOLUTION NO. 2011-368

WHEREAS the City Council has established the Citizens' Housing and Community Development Committee to advise the City Council regarding Community Development Block Grant program, Emergency Solutions Grant program, and HOME Investment Partnership Grant program related matters, and

WHEREAS, the Citizens' Housing and Community Development Committee is responsible for making policy and funding recommendations to the City Council regarding the City's housing and community development programs, and

WHEREAS, on September 6, 2011, Resolution No. 2011-368, the City Council amended the Bylaws for the Citizens' Housing and Community Development Committee, and

WHEREAS, on October 21, 2015, the Citizens' Housing and Community Development Committee recommended the Bylaws be amended to remove the seats designated for the Citizens' Redevelopment Advisory Commission (dissolved in 2012) and the total membership be reduced from thirteen to eleven,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amended Bylaws for the Citizens' Housing and Community Development Committee, a copy of which is **attached as Exhibit A**,

BE IT FURTHER RESOLVED by the Council of the City of Modesto that Resolution No. 2011-368 is hereby rescinded.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of December, 2015, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

Exhibit "A"

CITIZENS' HOUSING & COMMUNITY DEVELOPMENT COMMITTEE

BYLAWS

(Amended: November 24, 2015, Resolution No. 2015-xxxx)

Article I. Definitions

Section 1.01 There is a Committee created to be known and designed as the Citizens' Housing and Community Development Committee.

Section 1.02 As used in these Bylaws, unless a different meaning clearly appears from the context:

(a) "Member" shall mean a member of the Citizen's Housing & Community Development Committee.

(b) "Citizens' Housing & Community Development Committee" and "Committee" shall mean the Citizens' Housing & Community Development Committee.

Article II. Objectives

Section 2.01 The Committee shall be responsible for providing overall review of the City of Modesto's (City) housing programs and making policy and funding recommendations regarding the City's housing and Community Development Block Grant (CDBG) and Emergency Solution Grant (ESG) funded programs to the City Council.

Article III. Membership

Section 3.01 The Citizens' Housing & Community Development Committee shall consist of eleven (11) qualified persons comprised of the following:

Seat Designation	Term
Councilmember *(appointed by the Mayor)*	4 years
Councilmember *(appointed by the Mayor)*	4 years
Housing Rehabilitation Loan Committee Representative	4 years
City Planning Commission Representative	4 years
Human Relations Committee Representative	4 years
Citizen-at-Large	4 years

Citizen-at-Large	4 years
Citizen-at-Large	4 years
Citizen-at-Large	4 years
Citizen-at-Large	4 years
Citizen-at-Large	4 years

Section 3.02 The Members of the Committee shall reside within the City limits of the City at the time of appointment and must maintain residence within the City at all times during their service on the Committee.

Section 3.03 No Member of the Committee shall be an employee of the City, nor any bargaining unit for employees of the City, nor a person who receives compensation from the City.

Section 3.04 All appointments shall be made by the City's Appointments Committee.

Section 3.05 No Member of the Committee shall be a relative, by blood marriage within the third degrees of the Mayor, Councilmember, Charter Officer or any department director or deputy department director.

Section 3.06 One Member of the Committee shall be appointed as an alternate to the Housing Rehabilitation Loan Committee by the Committee Chairperson.

Section 3.07 All Members must complete a Statement of Economic Interest (Form 700) by April 1 of each year and when assuming or leaving Committee membership.

Article IV. Terms of Office

Section 4.01 Members may serve no more than two (2) terms.

Section 4.02 Full terms are four (4) years in duration.

Section 4.03 A partial term of two (2) or more years shall be considered a full term for purposes of Section 4.01.

Section 4.04 Full term appointments begin on January 1 and expire on December 31 four (4) years subsequent.

Section 4.05 Members may be reappointed after their initial term. Members serving two (2) consecutive terms may be reappointed after a break in service of twelve (12) months.

Section 4.06 Members not eligible for reappointment may continue to serve until their successors are appointed. No member shall serve more than eight (8) consecutive years, with the exception of those who are serving until their successors are appointed.

Section 4.07 The Members of the Committee shall receive no compensation for the performance of their official duties.

Section 4.08 Appointments to fill vacancies on the Committee shall be handled in the same manner as original appointments. When a vacancy occurs during a term, the appointment to full such vacancy shall be for the unexpired portion of the term.

Section 4.09 Members of the Committee may be removed by a majority vote of the City Council after a recommendation by the Committee Chairperson for the following reasons:

(a) Misconduct, inefficiency, or willful neglect in the performance of their duties providing the member is first provided in writing the reasons for such removal and gives the member the opportunity to be heard before the City Council in their own defense.

(b) Refusal to resign from the Committee when no longer a resident of the City or when a conflict of interest exists.

Article V. Attendance at Meetings

Section 5.01 It shall be the responsibility of each Member to know the dates and times of all Committee meetings. If a Member knows he or she will not be able to attend a regularly scheduled meeting, it shall be his or her responsibility to notice the Committee Secretary at least forty-eight (48) hours in advance of the meeting, in order for the absence to be recorded as an excused absence.

Section 5.02 The minutes of each meeting will list those Members in attendance, those who are excused and those who are unexcused.

Section 5.03 Timely attendance at meetings is expected and necessary to carry out the mission of the Committee. Three (3) or more consecutive unexcused absences are grounds for removal of a Member from the Committee by the City Council.

Article VI. Officers and Their Duties

Section 6.01 Officers shall consist of a Chairperson, as appointed by the Mayor, and a Vice-chairperson, elected by a majority vote of the members of the Committee. Officers shall serve a four-year term.

Section 6.02 All officers shall exercise all privileges of membership, including the making of motions, seconding and debate.

Section 6.03 The Chairperson shall preside at all meetings, shall appoint all ad-hoc committees, and shall ensure that the bylaws, rules and regulations as adopted by the Committee are properly enforced

Section 6.04 The Vice-chairperson shall assist the Chairperson in his/her duties and in the absence of the Chairperson shall perform all duties usually performed by the Chairperson.

Section 6.05 The Committee Secretary shall be a City staff member, appointed by the Community & Economic Development Department, to serve as secretary to the Committee. The Committee Secretary shall keep a record of the minutes of all Committee meetings and such other duties as are usually performed by a secretary.

Article VII. Meetings

Section 7.01 Special meetings shall be called by the Chairperson as necessary.

Section 7.02 Notices of all meetings, including agendas, shall be given to all Members of the Committee, to the City Clerk, to the City Manager, and to all others as provided by law. All such notices shall be furnished to the Committee in writing at least seventy-two (72) hours prior to the time of such meeting.

Section 7.03 All meeting agendas will be posted at Tenth Street Place.

Section 7.04 All meetings shall comply with the requirements of the Ralph M. Brown Act.

Section 7.05 A quorum is necessary for the Committee to transact any business. A quorum shall be defined as a simple majority of active Committee members which is one-half of the active members plus one.

Section 7.06 All meetings of the Committee shall be open to the public and shall be held at a public facility, which is accessible in accordance with the regulations of the Americans with Disabilities Act.

Article VIII. Order of Proceedings

Section 8.01 Sturgis' Standard Code of Parliamentary Procedure shall be the guide for the parliamentary procedures in the conduct of Committee meetings.

Section 8.02 The order of proceedings of all meetings shall be as follows, subject to majority vote of the members present:

(a) Roll Call

(b) Declaration of Conflict of Interest

(c) Public Comment Period

(d) Consent Items

(e) Old Business

(f) New Business

(g) Committee Comments & Reports

(h) Matters Too Late For the Agenda

(i) Adjournment

Section 8.03 Members of the public shall not speak unless recognized by the Chairperson and shall state their names before making any statement, which shall become a part of the public record. The Chairperson may remove any person who refuses to follow these rules or the decision of the Chairperson.

Article IX. Amendments

Section 9.01 The Bylaws and any future amendments shall be subject to the final approval of the City Council and shall not and are not intended to go beyond any of the powers and duties given to the Committee by the City Council.

(Updated: xxxxx, Resolution No. 2015-xxxx)

Article I. Definitions

Section 1.01 There is a Committee created to be known and designated as the Housing Rehabilitation Loan Committee.

Section 1.02 As used in these Bylaws, unless a different meaning clearly appears from the context:

(a) "Member" shall mean a member of the Housing Rehabilitation Loan Committee.

(b) "Housing Rehabilitation Loan Committee" and "Committee" shall mean the Housing Rehabilitation Loan Committee.

Article II. Objectives

Section 2.01 The Committee shall be responsible for reviewing and approving the City of Modesto's (eCity) housing rehabilitation loans, homebuyers' assistance loans, and for reviewing policy and procedures for both programs.

Article III. Membership

Section 3.01 The Housing Rehabilitation Loan Committee shall consist of seven (7) qualified persons and one (1) alternate comprised of the following:

Seat Designation	Term
Councilmember *(appointed by the Mayor)*	
Representative from a financial institution	4 years
Representatives from a service provider	4 years
Representatives from a service provider	4 years
Representative of the Housing Authority of Stanislaus County	4 years
Citizen-at-Large	4 years
Citizen-at-Large	4 years
Representative of the Citizens' Housing and Community Development Committee *(Alternate)*	4 years

Section 3.02 The Members of the Committee shall reside within the Ceity limits of the City -at the time of appointment and must maintain residence within the City at all times during their service on the Committee with the exception of the appointed representative of the Housing Authority of Stanislaus County.

Section 3.03 No Member of the Committee shall be an employee of the City, nor any bargaining unit for employees of the City, nor a person who receives compensation from the City.

Section 3.04 All appointments shall be approved by the City's Appointments Committee.

Section 3.05 No Member of the Committee shall be a relative by blood or marriage within the third degree of the Mayor, Councilmember, Charter Officer, or any department director or deputy department director.

Section 3.06 All Members must complete Statement of Economic Interest (Form 700) by April 1st of each year and when assuming or leaving Committee membership.

Article IV. Terms of Office

Section 4.01 Members may serve no more than two (2) terms. Full terms are four (4) years in duration.

Section 4.02 A partial term of two (2) or more years shall be considered a full term for purposes of Section 4.01.

Section 4.03 Full term appointments begin on January 1 and expire on December 31 four(4) years subsequent.

Section 4.04 Members may be reappointed after their initial term. Members serving two (2) consecutive terms may be reappointed after a break in service of 12 months.

Section 4.05 Members not eligible for reappointment may continue to serve until their successors are appointed. No member shall serve more than eight (8) consecutive years, with the exception of those who are serving until their successors are appointed.

Section 4.06 The Members of the Committee shall receive no compensation for the performance of their official duties.

Section 4.07 Appointments to fill vacancies on the Committee shall be handled in the same manner as original appointments. When a vacancy occurs during a term, the appointment to fill such vacancy shall be for the unexpired portion of the term.

Section 4.08 Members of the Committee may be removed by a majority vote of the City Council after a recommendation by the Committee Chairperson for the following reasons:

(a) Misconduct, inefficiency, or willful neglect in the performance of their duties providing the member is first provided in writing the reasons for such removal and gives the member the opportunity to be heard before the Council in their own defense.

(b) Refusal to resign from the Committee when no longer a resident of the City or when a conflict of interest exists.

Article V. Attendance at Meetings

Section 5.01 It shall be the responsibility of each Member to know the dates and times of all Committee meetings. If a Member knows he or she will not be able to attend a regularly scheduled meeting, it shall be his or her responsibility to notify the Committee Secretary at least forty-eight (48) hours before the meeting, in order for the absence to be recorded as an excused absence.

Section 5.02 The minutes of each meeting will list those Members in attendance, those who are excused and those who are unexcused.

Section 5.03 Attendance at meetings is expected and necessary to carry out the mission of the Committee. Three or more consecutive unexcused absences are grounds for removal from the Committee by the City Council.

Article VI. Officers and Their Duties

Section 6.01 Officers shall consist of Chair and Vice-chair elected by a majority vote of the members of the Committee. Officers shall serve a four-year term.

Section 6.02 All officers shall exercise all privileges of membership, including the making of motions, seconding and debate.

Section 6.03 The Chair shall preside at all meetings, shall appoint all ad-hoc committees, and shall ensure that the bylaws, rules and regulations as adopted by the Committee are properly enforced.

Section 6.04 The Vice-chair shall assist the Chair in his/her duties and in the absence of the Chair shall perform all duties usually performed by the Chair.

Section 6.05 The Committee Secretary shall be a City staff member, appointed by the Community & Economic and Development Department, to serve as secretary. The Committee Secretary shall keep a record of the minutes of all Committee meetings and such other duties as are usually performed by a secretary.

Article VII. Meetings

Section 7.01 Special meetings shall be called by the Chairperson as necessary.

Section 7.02 Notices of all meetings, including agendas, shall be given to all Members of the Committee, to the City Clerk, to the City Manager, and to all others as provided by law. All such notices shall be furnished to the Committee in writing at least seventy-two hours prior to the time of such meeting.

Section 7.03 All meeting agendas will be posted at Tenth Street Place.

Section 7.04 All meetings shall comply with the requirements of the Ralph M. Brown Act.

Section 7.05 A quorum is necessary for the Committee to transact any business. A quorum shall be defined as a simple majority of active Committee members which is one-half of the active members plus one.

Section 7.06 All meetings of the Committee shall be open to the public and shall be held at a public facility, which is accessible in accordance with the regulations of the Americans with Disabilities Act.

Article VIII. Order of Proceedings

Section 8.01 Sturgis' Standard Code of Parliamentary Procedure shall be the guide for parliamentary procedures in the conduct of Committee meetings.

Section 8.02 The order of proceedings of all meetings shall be as follows, subject to majority vote of the members present:

(a) Roll Call

(b) Declaration of Conflict of Interest

(c) Public Comment Period

(d) Consent Items

(e) Old Business

(f) New Business

(g) Committee Comments & Reports

(h) Matters Too Late for the Agenda

(i) Adjournment

Section 8.03 Members of the public shall not speak unless recognized by the Chairperson and shall state their names before making any statement, which shall become a part of the public record. The Chairperson may remove any person who refuses to follow these rules or the decision of the Chairperson.

Article IX. Amendments

Section 9.01 The Bylaws and any future amendments shall be subject to the final approval of the City Council and shall not and are not intended to go beyond any of the powers and duties given to the Committee by the City Council.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-458

RESOLUTION APPROVING THE FINAL MAP OF FIORE ESTATES SUBDIVISION, AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO EXECUTE A SUBDIVISION AGREEMENT WITH WINPAC-ROSE AVE, LLC, A CALIFORNIA LIMITED LIABILITY COMPANY AND AUTHORIZING THE CITY CLERK TO CERTIFY THE FINAL MAP AND RECORD IT WITH THE STANISLAUS COUNTY RECORDER'S OFFICE

WHEREAS, WINPAC-ROSE AVE, LLC, a California limited liability company ("SUBDIVIDER"), is in possession of a tract of land situated in the City of Modesto, County of Stanislaus, consisting of 5.54 acres, known as the FIORE ESTATES SUBDIVISION ("SUBDIVISION"), in the Planned Development Zone, P-D 599; and

WHEREAS, a tentative map of said tract was approved by the Planning Commission of the City of Modesto on December 15, 2014; and

WHEREAS, the Secretary of the Planning Commission of the City of Modesto and the City Engineer have certified that the final map of said tract substantially conforms to the approved tentative map; and

WHEREAS, the project is currently under construction and the public improvements have not yet been completed; and

WHEREAS, as required by Section 4-4.605 of the Modesto Municipal Code, the SUBDIVIDER has executed a Subdivision Agreement; and

WHEREAS, the City Engineer of the City of Modesto has certified that the final map of said SUBDIVISION meets all of the provisions of the California Subdivision Map Act and the provisions of the Modesto Municipal Code relating to subdivisions, and the City Surveyor has determined that the map is technically correct; and

WHEREAS, the SUBDIVIDER has furnished securities, as set forth in Section 4-4.605 of the Modesto Municipal Code, which shall secure the obligations set forth in Section 66499.3 of the Government Code of the State of California. Said securities are in forms acceptable to the City Attorney and in the amounts required by the City Engineer,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that said Final Map be approved; that the dedications for public streets and easements as shown thereon within the boundaries of said tract be accepted on behalf of the public for public use; and that the City Manager or designee be authorized to execute the Subdivision Agreement.

BE IT FURTHER RESOLVED that the City Clerk be authorized to certify the map of said tract on behalf of the City of Modesto after the fees and deposits required by the Modesto Municipal Code in amounts determined by the City Engineer have been paid.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of December, 2015, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-459

RESOLUTION AMENDING THE FISCAL YEAR 2015-2016 ANNUAL OPERATING AND CAPITAL IMPROVEMENT BUDGET

WHEREAS, a financial analysis has been completed and it has been determined that a budget adjustment is required to the Annual and Capital Improvement Budgets of the City of Modesto for Fiscal Year 2015-2016,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the Fiscal Year 2015-2016 Annual Operating and Capital Improvement budget as shown in **Exhibit A**, which is **attached** hereto and incorporated by reference herein.

BE IT FURTHER RESOLVED that the Director of Finance, or her designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of December, 2015, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following votes:

AYES:	Councilmembers:	Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Marsh
NOES:	Councilmembers:	None
ABSENT:	Councilmembers:	None

EXHIBIT A

FISCAL YEAR 2015-16

COMMUNITY & ECONOMIC DEVELOPMENT

On September 22, 2015, City Council, by Resolution No. 2015-348, approved a HOME Investment Partnerships Program (HOME) agreement with Great Valley Housing Development Corporation (GVHDC), a nonprofit organization, to construct four affordable housing units for veterans at risk of homelessness. Therefore, a budget adjustment within Fund 1170 is necessary to transfer $122,417 in HOME Direct Loan Funds and $177,583 in HOME Community Housing Development Organization (CHDO) Set-Aside Carryover Funds to establish a new Multi-Year Project, Veterans Housing Project, within the HOME fund.

On September 22, 2015, City Council, by Resolution No. 2015-349, approved a HOME Investment Partnerships Program (HOME) agreement with Stanislaus County Affordable Housing Corporation (STANCO), to construct four permanent supportive units for persons with mental health disabilities. Therefore, a budget adjustment within Fund 1170 is necessary to transfer $117,034.48 in HOME Direct Loan Funds and $50,000 in HOME Community Housing Development Organization (CHDO) Set-Aside Carryover Funds to establish a new Multi-Year Project, 522 Granger Housing Project, within the HOME fund.

A budget adjustment is necessary in to establish the expense budgets, the amount of $310,000, for various potential Park Partners projects, Project #100911, within Parks Fund 3130. The projects will commence once volunteers and match funding are secured. Sufficient funds are available in Parks Fund Reserves to cover this expense.

A budget adjustment is necessary to establish a transfer in the amount of $200,000 from Fund 5800 (Building Services Fund) to Fund 3130 (Parks Fund) to accurately reflect, and recognize, revenue received for Capital Improvement Project #100294, Infrastructure Preservation

PARKS, RECREATION AND NEIGHBORHOODS

A budget adjustment is necessary to establish a new Cost Center, 31005, for Grogan Park within Parks, Recreation and Neighborhoods and establish both the revenue and expense budget. Revenue in the amount of $130,000, previously recognized in Cost Center 52140, Mary Grogan Sports Complex, will be transferred to Grogan Park, and an expense budget in the amount of $84,075 will be established.

UTILITIES

A budget adjustment is necessary to recognize $158,444 in unbudgeted revenue from the State of California Department of Water Resources for Capital Improvement Project #100818, Groundwater Subbasin Study.

A budget adjustment is needed to allocate an additional $1,416,597 from Water Fund reserves to Cost Center UPP – Water MID Surface Water T&DA (4100-45070-54101) due to an increase in the MID budget for Fiscal Year 2015-16. The increased costs can be attributed to increases in the distribution of Modesto Irrigation District Administrative and General Costs (A&G). The increase operating costs for the Modesto Irrigation District Surface Water Treatment Plant have

been attributed to continued increases in water operations/rights and the relicensing of Don Pedro Dam, Legal Fees and Retiree Medical cost allocation.

PUBLIC WORKS

A budget adjustment is necessary to establish a new non-capital project for Earth Day in the Park in the amount of $26,000 in Project 100906. This budget adjustment will establish both the revenue and expense budget for this project.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-460

RESOLUTION AUTHORIZING THE AWARD OF PROPOSAL AND CONTRACT FOR THE PURCHASE AND INSTALLATION OF A MEDIA CENTER FOR THE MODESTO POLICE DEPARTMENT TO DIGITAL NETWORKS GROUP, INC., ALISO VIEJO, CA, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE CONTRACT FOR AN ESTIMATED TOTAL COST OF $117,347

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Proposals (RFP) for the purchase and installation of a media center, including equipment training and five (5) years of software support, and

WHEREAS, the Purchasing Division issued RFP No. 1516-05 on the City's website under the commodity code for television media system, and

WHEREAS, prospective proposers were noticed online of the proposal opportunity, one of which was a local company, and

WHEREAS, fourteen (14) companies chose to download the RFP document, and

WHEREAS, proposals were formally opened in the City Clerk's Office. One (1) company chose to respond. The company responding provided a responsive and responsible proposal, and

WHEREAS, an evaluation committee comprised of three (3) City staff members evaluated the proposal, and

WHEREAS, the evaluation committee recommends the award of proposal and contract for the purchase and installation of a media center to Digital Networks Group, Inc., Aliso Viejo, CA, for an estimated total cost of $117,347, and

WHEREAS, the contract for purchase and installation of a media center with Digital Networks Group, Inc. includes software support for five (5) years and system training, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. The award of proposal and contract for the purchase and installation of a media center to Digital Networks Group, Inc., Aliso Viejo, CA, conforms to Modesto Municipal Code 8-3.203, and

WHEREAS, funds are budgeted in Fiscal Year 2015-16, in Appropriation Unit: 1600-19385-53300 (Traffic Safety Fund).

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of proposal and contract for the purchase and installation of a media center to Digital Networks Group, Inc., Aliso Viejo, CA.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract for an estimated total cost of $117,347.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of December, 2015, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-461

RESOLUTION AUTHORIZING THE DIRECTOR OF FINANCE, OR HER DESIGNEE TO AMEND THE CAPITAL IMPROVEMENT BUDGET FOR 2015-16 TO ESTABLISH A PROJECT ACCOUNT, PROJECT EXPENSES AND TRANSFER BUDGETS IN THE AMOUNT OF $1,903,799, FOR THE PURPOSE OF MAKING THE NECESSARY PURCHASES TO COMPLETE THIS PROJECT

WHEREAS, The Modesto Police Department is a regional partner in the P-25 Radio Interoperability project that will transition county-wide radios from analog to digital radio signals, and

WHEREAS, the installation of the P-25 radio towers is underway, and

WHEREAS, the new P-25 interoperability standard allows for increased safety for officers in mutual aid and disaster situations and replaces an antiquated analog system, and

WHEREAS, the vehicle mounted mobile radio and officer carried portable radios are not P-25 / 800 MHz compatible, thus requiring an agency-wide replacement, and

WHEREAS, the project includes replacement of approximately 187 mobile radios and 245 portable radios and required accessories to accommodate sworn and non-sworn police functions, and

WHEREAS, this funding will allow for the purchase and installation of 800 MHz radios that operate on the P-25 radio towers.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the Fiscal Year 2015/2016 Operating Budget from the following sources: Edward Byrne Memorial Justice Assistance Grant 2013 ($104,118), Edward Byrne Memorial Justice Assistance Grant 2014 ($116,640), Edward Byrne

Memorial Justice Assistance Grant 2015 ($112,491), 2009 COPS Technology Grant ($115,234) and General Fund MPD – Field Operations ($1,455,316) with any excess funding returning to the General Fund Reserves.

BE IT FURTHER RESOLVED that the Director of Finance, or her designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of December, 2015, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-462

RESOLUTION AUTHORIZING THE AWARD OF PROPOSAL FOR THE PURCHASE AND INSTALLATION OF MOBILE AND PORTABLE RADIOS FOR THE MODESTO POLICE DEPARTMENT TO MOTOROLA SOLUTIONS, INC., SAN DIEGO, CA, AND AUTHORIZING THE PURCHASING MANAGER, OR HIS DESIGNEE, TO ISSUE A PURCHASE ORDER FOR AN ESTIMATED TOTAL COST OF $1,344,991

WHEREAS, The City Manager authorized the Purchasing Manager to issue formal Request for Proposals (RFP) for the purchase and installation of mobile and portable radios, and

WHEREAS, the Purchasing Division issued RFP 1415-28 under the commodity code for radio/telecommunications. Prospective proposers were noticed online of the proposal opportunity. Ten (10) companies chose to download the RFP document, one of which was a local company, and

WHEREAS, proposals were formally opened in the City Clerk's office. Three (3) companies chose to respond. The local company did not submit a proposal, and

WHEREAS, all three (3) companies responding provided a responsive and responsible proposal, and

WHEREAS, an evaluation committee comprised of seven (7) City staff members evaluated the proposals. Councilmember Zoslocki was invited to observe the evaluation process, and

WHEREAS, based on being ranked highest in total evaluation criteria the evaluation committee recommends the award of proposal for the purchase and installation of mobile and portable radios to Motorola Solutions, Inc., San Diego, CA, for an estimated total cost of $1,344,991, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. The award of proposal for the purchase and installation of mobile and portable radios to Motorola Solutions, Inc., San Diego, CA, conforms to the Modesto Municipal Code section, 8-3.203, and

WHEREAS, funding for this purchase will come from the following sources: Edward Byrne Memorial Justice Assistance Grant 2013 ($104,118), Edward Byrne Memorial Justice Assistance Grant 2014 ($116,640), Edward Byrne Memorial Justice Assistance Grant 2015 ($112,491), 2009 COPS Technology Grant ($115,234) and General Fund MPD – Field Operations ($1,455,316) with any excess funding returning to the General Fund Reserves.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of proposal for the purchase and installation of mobile and portable radios to Motorola Solutions, Inc., San Diego, CA.

BE IT FURTHER RESOLVED that the Purchasing Manager, or his designee, issue a purchase order for an estimated total cost of $1,344,991.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of December, 2015, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-463

RESOLUTION APPROVING A FIVE-YEAR LEASE AGREEMENT WITH HUMMINGBIRD AVIATION, LLC (HUMMINGBIRD) AT THE MODESTO CITY-COUNTY AIRPORT (MOD) TO LEASE BUILDING NO. 1 AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the Airport Building No. 1 is one of the older buildings at the Modesto City-County Airport, and

WHEREAS, Hummingbird Aviation seeks to lease all of Building No. 1 for use as a flight school facility, and

WHEREAS, Hummingbird Aviation submitted a lease request package containing financial information and references for review and was determined to be a business that would be suitable for Building No. 1, and

WHEREAS, the lease agreement is expected to provide revenues of approximately $9,408 annually for five years (60 months) to the Airport Enterprise Fund Account No. 4310-53312-43887, and

WHEREAS, Hummingbird Aviation will be responsible for stipulated tenant improvements as defined in the lease agreement.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Airport Lease Agreement between the City of Modesto and Hummingbird Aviation, LLC for the use of Building No. 1.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of December, 2015, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2015-464

RESOLUTION APPROVING A FIVE YEAR LEASE AGREEMENT WITH HUMMINGBIRD AVIATION, LLC AT THE MODESTO CITY-COUNTY AIRPORT TO LEASE HANGAR NO. 4S AND AUTHORIZING THE CITY MANAGER, OR DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the Airport Hangar No. 4S is an older aircraft storage hangar at the Modesto City-County Airport, and

WHEREAS, Hummingbird Aviation, LLC (Hummingbird) is currently renting Building No. 1 for their flight school operations, and

WHEREAS, Hummingbird will own aircraft that will be used for flight school operations, and

WHEREAS, Hummingbird is seeking to lease all of Hangar No. 4S to be used for the storage of the aircraft that will be used for their flight school operations, and

WHEREAS, Hummingbird will lease the building in an "as is" condition at an initial monthly rate of $1,246.50, and

WHEREAS, the lease agreement is expected to provide revenues of approximately $14,958 annually in rents to the Airport Enterprise Fund Account No. 4310-53312-43887.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the lease agreement between Hummingbird and the City of Modesto for the use of Hangar No. 4S.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-465

RESOLUTION APPROVING THE CONSTRUCTION TOTAL OF $660,000 FOR TRAFFIC SIGNALS ON PRESCOTT ROAD AT MOUNT VERNON DRIVE, ON FLOYD AVENUE AT MILLBROOK AVENUE AND ON ROSELLE AVENUE AT BELHARBOUR DRIVE FOR A PROJECT TOTAL OF $750,000

WHEREAS, Traffic Engineering staff applied for and received Congestion Mitigation and Air Quality (CMAQ) funds for the construction of Traffic Signals on Prescott Road at Mount Vernon Drive, on Floyd Avenue at Millbrook Avenue and on Roselle Avenue at Belharbour Drive, and

WHEREAS, the proposed intersections do meet traffic signal warrants, and

WHEREAS, the signals will provide protected left-turns on Roselle Avenue and protected/permissive left-turns on Floyd Avenue, and

WHEREAS, pedestrian ADA push buttons and countdown indications with bicycle detection will be installed, and

WHEREAS, to proceed with the design and construction of Traffic Signals on Prescott Road at Mount Vernon Drive, on Floyd Avenue at Millbrook Avenue and on Roselle Avenue at Belharbour Drive pedestrian safety will be improved.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the construction total of $660,000 for the Traffic Signals on Prescott Road at Mount Vernon Drive, on Floyd Avenue at Millbrook Avenue and on Roselle Avenue at Belharbour Drive for a project total of $750,000.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of December, 2015, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-466

RESOLUTION AMENDING THE FISCAL YEAR 2015-16 CAPITAL IMPROVEMENT PROGRAM (CIP) BUDGET IN THE AMOUNT OF $82,090

WHEREAS, the purpose of the CML 5059 (197) Bus Turnout SB Dale Road project is to provide a bus stop located on the west side of Dale Road, south of Veneman Avenue, where a bus can stop and not block southbound traffic flow, and

WHEREAS, on December 11, 2012, City Council, by Resolution No. 2012-508 amended the Fiscal Year 2012-13 Capital Improvement Program (CIP) budget in the amount of $85,000 for Preliminary Engineering (PE) for CML 5059 (197) Bus Turnout SB Dale Road project, and

WHEREAS, on January 6, 2015, City Council, by Resolution No. 2015-07 amended the Fiscal Year 2014-15 CIP budget in the amount of $115,000 for the Right of Way (ROW) and Utility Relocation (UE) phase of the project,

WHEREAS, On May 12, 2015, City Council, by Resolution 2015-150 amended the Fiscal Year 2014-2015 CIP budget in the amount of $75,000 in Regional Surface Transportation Program (RSTP) funds for the ROW/UE phases of this project in anticipation of receiving Caltrans confirmation, with the understanding that no local match funds would be required, and

WHEREAS, since the Council meeting on May 12, 2015, there have been some changes that affect the design and budget of this project, and

WHEREAS, through discussions with Caltrans it was determined that the additional RSTP funds for ROW/UE could be split to include additional funds for the PE phase to cover redesign costs, and

WHEREAS, during these discussions Caltrans informed staff that a local match would be required for the additional RSTP funds, and

WHEREAS, On August 25, 2015, Caltrans authorized ROW funding in the amount of $59,394 with local match funding of $7,696 and PE funding in the amount of $13,280 with local match funding of $1,720 for a total of $82,090, and

WHEREAS, due to changes which now require local match funding and the addition of PE funds, staff is bringing this item back to Council to request amendment of the Fiscal Year 2015-16 budget now that authorization has been received from Caltrans.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the Fiscal Year 2015-16 Capital Improvement Project (CIP) budget to modify and add Capital Improvement Project funding in the amount of $82,090.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of December, 2015, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Marsh

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-467

RESOLUTION ACCEPTING REGIONAL SURFACE TRANSPORTATION PROGRAM (RSTP) FUNDS IN THE AMOUNT OF $72,674, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE NECESSARY GRANT FUNDING DOCUMENTS

WHEREAS, the purpose of the CML 5059 (197) Bus Turnout SB Dale Road project is to provide a bus stop located on the west side of Dale Road, south of Veneman Avenue, where a bus can stop and not block southbound traffic flow, and

WHEREAS, on December 11, 2012, City Council, by Resolution No. 2012-509 accepted Congestion Mitigation and Air Quality (CMAQ) funds for Preliminary Engineering (PE) in the amount of $85,000 for the CML 5059 (197) Bus Turnout SB Dale Road project, and

WHEREAS, Caltrans has determined that this project has no significant impacts on the environment as defined by National Environmental Policy Act, and

WHEREAS, on January 6, 2015, the City Council, by Resolution No. 2015-08 accepted $101,810 in CMAQ funds for the Right of Way (ROW) and Utility Relocation (UE) phase of the project with $13,190 in Local Funds, and

WHEREAS, staff has completed the construction plans, project specifications and preliminary construction estimate, and

WHEREAS, all required dry utility investigations/designs have been performed, and an appraisal and a review appraisal has been performed in the area of property acquisition, and

WHEREAS, on March 20, 2015, the Stanislaus Council of Governments (StanCOG) notified local agencies including the City of Modesto that additional Regional Surface Transportation Program (RSTP) grant funds had become available, and

WHEREAS, on May 12, 2015, by Resolution No. 2015-150 City Council amended the Fiscal Year 2014-15 CIP to add $75,000 in RSTP funds for the ROW/UE phase of this project in anticipation of receiving Caltrans confirmation, with the understanding that no local match funds would be required, and

WHEREAS, since the Council meeting on May 12, 2015, there have been some changes that affect the design and budget of this project, and

WHEREAS, on July 1, 2015 new water regulations went into effect that prohibit turf in commercial areas, and

WHEREAS, to comply with these new regulations, construction plans for this project have to be revised. The updated plans will show an increase in drought tolerant landscaping covering a larger area than the original landscape plan, and

WHEREAS, through discussions with Caltrans it was determined that the additional RSTP funds for ROW/UE could be split to include additional funds for the PE phase to cover redesign costs, and

WHEREAS, during these discussions Caltrans informed staff that a local match would be required for the additional RSTP funds, and

WHEREAS, on August 25, 2015 Caltrans authorized ROW funding in the amount of $59,394 with local match funding of $7,696 and PE funding in the amount of $13,280 with local match funding in the amount of $1,720 for a total of $82,090, and

WHEREAS, due to changes which now require local match funding and the addition of PE funds, staff is bringing this item back to Council to request the acceptance of RSTP for this project now that authorization has been received from Caltrans.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts Regional Surface Transportation Program (RSTP) funds in the amount of $72,674.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the necessary grant documents.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of December, 2015, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-468

RESOLUTION APPROVING AN AGREEMENT WITH DAN CORTINOVIS, P.E., FOR ON-CALL ENGINEERING SERVICES FOR ONE YEAR, WITH TWO ONE-YEAR EXTENSION OPTIONS, AT THE SOLE DISCRETION OF THE CITY, IN AN AMOUNT NOT TO EXCEED $75,000 PER YEAR, AGGREGATE CONTRACT AMOUNT NOT TO EXCEED $225,000, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the Utilities Department requires water and wastewater engineering support services to assist commercial and industrial customers, and the Manufacturers Council of the Central Valley (MCCV) members, and

WHEREAS, retaining an on-call engineering consultant will allow the department to have quick access to specific water and wastewater support services that will help large customers troubleshoot and optimize their processes, and

WHEREAS, this service will provide customers an opportunity to minimize water and wastewater costs, and potentially provide an opportunity to expand their business, and

WHEREAS, Dan Cortinovis, P.E., has over 40 years of experience, and has demonstrated the ability to provide quality engineering services in a timely manner on past and current wastewater projects, and

WHEREAS, in the past, he has worked with Utilities Department staff and local canneries to resolve complex wastewater operations issues, and

WHEREAS, he is currently providing an independent peer review of the City's ongoing Wastewater Master Plan and Sewer Rate Study updates, and

WHEREAS, Mr. Cortinovis is familiar with the City's existing infrastructure, wastewater treatment system, and industrial dischargers, and

WHEREAS, given his experience and prior satisfactory performance, Mr. Cortinovis is deemed qualified to provide the requested on-call engineering services as the City begins implementing Wastewater Master Plan treatment plant improvements, and

WHEREAS, there are no known local consultants with Mr. Cortinovis' combined knowledge of the City's wastewater treatment system, and

WHEREAS, no new budget allocation will be sought because the project-specific task orders under the agreement will be paid from existing CIPs, and

WHEREAS, the consultant will submit a written scope of services outlining the specific work, schedule, and cost estimate associated with each task order, and

WHEREAS, the consultant will perform no services until Engineering Services Division management has approved the proposed specific task order and a written Notice to Proceed (NTP) is prepared and sent to Dan Cortinovis prior to commencement of services, and

WHEREAS, should any costs exceed $75,000 in any given year, staff will then return to Council for approval, and

WHEREAS, funds will be budgeted and encumbered against each specific Capital Improvement Program (CIP) project account to cover the cost of consultant services for project-specific task orders, and

WHEREAS, therefore, City staff recommends approving an Agreement for On-call Engineering Services with Dan Cortinovis, P.E.,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement with Dan Cortinovis, P.E. for On-call Engineering

Services for one year, with two one-year extension options at the sole discretion of the City in an amount not to exceed $75,000 per year. Total cost for three years is not to exceed $225,000.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute said Agreement with Dan Cortinovis, P.E., and up to two one-year extension options.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of December, 2015, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-470

RESOLUTION APPROVING A SECOND AMENDMENT TO THE AGREEMENT WITH BLACKBURN CONSULTING FOR CONSTRUCTION MANAGEMENT SERVICES FOR EMERALD TRUNK SEWER RELIEF PROJECT, IN AN AMOUNT NOT TO EXCEED $51,832 FOR THE IDENTIFIED SCOPE OF SERVICES, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AMENDMENT TO AGREEMENT

WHEREAS, The Emerald Trunk is approximately five miles long and ranges in diameter from 21-inches north of Highway 99 to 42-inches near the West Trunk, and

WHEREAS, the proposed Emerald Trunk Sewer Relief consists of 1.75 miles of 36-inch and 30-inch trunks along Emerald Avenue and Elm Avenue to the West Trunk, located along Nebraska Avenue.

WHEREAS, on February 25, 2014, by Resolution No. 2014-66, Council approved an agreement with Blackburn Consulting for construction management services for Emerald Trunk Sewer Relief Project, and

WHEREAS, on February 24, 2015 by Resolution No. 2015-54, Council approved a first amendment to agreement with Blackburn Consulting for Construction Management Services for Emerald Trunk Sewer Relief project, in an amount not to exceed $156,350 for the identified scope of services, plus $15,635 for additional services (if needed), for a maximum total amount of $171,985 and authorizing the City Manager, or his designee, to execute the amendment to agreement, and

WHEREAS, therefore, City staff recommends approving the Second Amendment to Agreement with Blackburn Consulting for construction Management services for Emerald Trunk Sewer Relief Project.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Second Amendment to Agreement with Blackburn Consulting for Construction Management Services for Emerald Trunk Sewer Relief Project in an amount not to exceed 51,832 for the identified scope of services.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Amendment to Agreement.

RESOLUTION NO. 2015-472

RESOLUTION APPROVING THE PLANS AND SPECIFICATIONS FOR THE STRENGTHEN AND REPLACE WATER SYSTEM – SOUTH 9TH STREET INDUSTRIAL AREA PROJECT, ACCEPTING THE BID, AND APPROVING A CONTRACT WITH DSS COMPANY DBA KNIFE RIVER CONSTRUCTION OF STOCKTON, CALIFORNIA IN THE AMOUNT OF $2,569,745.60 AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE TO EXECUTE THE AGREEMENT

WHEREAS, plans and specifications have been prepared for the Strengthen & Replace Water System – South 9th Street Industrial Area Project, and City staff recommends approval by the City Council, and

WHEREAS, the bids received for the Strengthen and Replace Water System – South 9th Street Industrial Area Project were opened at 11:00 a.m. on November 10, 2015 for the consideration of the Council, and

WHEREAS, the Director of Utilities has recommended that the bid of $2,569,745.60 received from DSS Company dba Knife River Construction of Stockton, California, be accepted as the lowest responsible and responsive bid and the contract be awarded to DSS Company dba Knife River Construction.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the plans and specifications for the Strengthen & Replace Water System – South 9th Street Industrial Area Project, accepts the bid of DSS Company dba Knife River Construction of Stockton, California in the amount of $2,569,745.60, and awards DSS Company dba Knife River Construction the contract for the Strengthen & Replace Water System – South 9th Street Industrial Area Project.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-473

RESOLUTION APPROVING AN AGREEMENT WITH HORIZON WATER AND ENVIRONMENT, LLC, OAKLAND, CA FOR CONSULTANT SERVICES TO DEVELOP AN ENVIRONMENTAL IMPACT REPORT FOR THE WASTEWATER MASTER PLAN IN AN AMOUNT NOT TO EXCEED $278,555 FOR THE IDENTIFIED SCOPE OF SERVICES, PLUS $27,856 FOR ADDITIONAL SERVICES (IF NEEDED), FOR A MAXIMUM TOTAL AMOUNT OF $306,411, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the City's wastewater population, approximately 210,000 citizens, is currently serviced by both the Sutter Primary Treatment Plant and Jennings Secondary/ Tertiary Plant that jointly process approximately 21 million gallons of wastewater per day, and

WHEREAS, the City's water service area includes one large contiguous area and several outlying areas encompassing approximately 40,000 acres at buildout and about seventy (70%) percent is currently developed, and

WHEREAS, on September 2, 2014, by Resolution No. 2014-334, City Council approved an agreement with Carollo Engineers to develop a Wastewater Master Plan (WWMP), and

WHEREAS, the Wastewater Master Plan (WWMP) will identify future capital improvement projects to be constructed, and therefore full compliance with the California Environmental Quality Act (CEQA) is required, and

WHEREAS, an Environmental Impact Report that identifies and mitigates any potential adverse environmental impacts that may result from the future projects will satisfy this requirement, and

WHEREAS, in accordance with Administrative Directive 3.1, Selection Procedures for Professional Consultants Who Provide Architectural and Engineering Services for Capital Projects, City staff issued a Request for Proposals to local and non-local consulting firms and received two proposals from non-local firms, and

WHEREAS, the Selection Committee determined that Horizon Water and Environment, LLC (Horizon), was the most qualified to prepare the Environmental Impact Review (EIR) for the City's Wastewater Master Plan. Horizon's final negotiated cost is $278,555, and

WHEREAS, AECOM and Sohagl Law Group are sub-consultants on this project,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement with Horizon Water and Environment, LLC, Oakland, CA for Consultant Services to develop an Environmental Impact Report for the Wastewater Master Plan in an amount not to exceed $278,555 for the identified scope of services, plus $27,856 for additional services (if needed), for a maximum total amount of $306,411.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of December, 2015, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-474

RESOLUTION APPROVING AN AGREEMENT WITH HORIZON WATER AND ENVIRONMENT, LLC, OAKLAND, CA FOR CONSULTANT SERVICES TO DEVELOP AN ENVIRONMENTAL IMPACT REPORT FOR THE WATER MASTER PLAN, IN AN AMOUNT NOT TO EXCEED $291,676 FOR THE IDENTIFIED SCOPE OF SERVICES, PLUS $29,168 FOR ADDITIONAL SERVICES (IF NEEDED), FOR A MAXIMUM TOTAL AMOUNT OF $320,844 AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the City provides water service to about 265,000 customers through treated surface water purchased from the Modesto Irrigation District and groundwater pumped from about 100 City –owned wells, and

WHEREAS, in normal (non-drought) years and on an annual average basis, the City's total water use is comprised of approximately 45% surface water and 55% ground water, and

WHEREAS, the city's water service area includes one large contiguous area and several outlying areas encompassing approximately 40,000 acres at buildout and about seventy (70%) percent is currently developed, and

WHEREAS, on September 2, 2014, by Resolution No. 2014-336, City Council approved an agreement with West Yost Associates to develop a Water Master Plan (WMP), and

WHEREAS, the WMP will identify future capital improvement projects to be constructed, and therefore full compliance with the California Environmental Quality Act (CEQA) is required, and

WHEREAS, an Environmental Impact Report that identifies and mitigates any potential adverse environmental impacts that may result from the future projects will satisfy this requirement, and

WHEREAS, in accordance with Administrative Directive 3.1, Selection Procedures for Professional Consultants Who Provide Architectural and Engineering Services for Capital Projects, City staff issued a Request for Proposals to local and non-local consulting firms and received two proposals from non-local firms, and

WHEREAS, the Selection Committee determined that Horizon Water and Environment, LLC (Horizon), was the most qualified to prepare the Environmental Impact Review (EIR) for the City's Water Master Plan. $291,676, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement with Horizon Water and Environment, LLC, Oakland, CA for Consultant Services to develop an Environmental Impact Report for the Water Master Plan, in an amount not to exceed $291,676 for the identified scope of services, plus $29,168 for additional services (if needed), for a maximum total amount of $320,844 and,

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-475

RESOLUTION APPROVING THE AMENDED DRINKING WATER SUPPLY PROJECT JOINT EXERCISE OF POWERS AGREEMENT BETWEEN THE CITIES OF CERES, MODESTO, AND TURLOCK THAT ALLOWS THE CITY OF MODESTO TO WITHDRAW AS A PARTICIPATING MEMBER AND REMOVES THE CITY OF MODESTO FROM ALL FINANCIAL OBLIGATIONS AFTER NOVEMBER 30, 2015, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AMENDED JPA AGREEMENT

WHEREAS, at the October 27, 2015 City Council meeting, staff presented a report showing that the City does not need the additional water supply from the proposed Stanislaus Regional Water Authority (SRWA) project to meet the buildout water supply demands of south Modesto once MIDs Modesto Regional Water Treatment Plant Phase II comes online, and

WHEREAS, at the November 10, 2015 Council Meeting, the City Council unanimously passed a motion for Modesto to remove itself from the SRWA Joint Power Authority (JPA), which requires an amendment to the current JPA Agreement, and

WHEREAS, the Amended JPA Agreement was presented to the SRWA Board at its Special Meeting on November 20, 2015, where the SRWA Board unanimously approved the revisions to the JPA Agreement, allowing the City of Modesto to withdraw before the end of the calendar year, and

WHEREAS, based on the Amended Agreement, the City of Modesto will not be responsible for its share of any costs or liabilities arising out of outside service consultant contracts or other contracts, including legal, environmental, or other contracts, entered into by the SRWA on or after November 20, 2015, and

WHEREAS, the Modesto Finance Director has also been Finance Director or the SRWA JPA, and Modesto will provide the SRWA Board an agreed upon procedures audit report of the SRWA financial transactions incurred from July 1, 2015 through November 30, 2015, and Modesto will not be responsible for any additional audit costs after that date, and

WHEREAS, it is anticipated that the transfer of all financial responsibilities for the SRWA will be completed by December 31, 2015.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Amended Drinking Water Supply Project Joint Exercise of Powers Agreement between the Cities of Ceres, Modesto, and Turlock that allows the City of Modesto to withdraw as a participating member and removes the City of Modesto from all financial obligations after November 30, 2015.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Amended JPA Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of December, 2015, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-477

RESOLUTION DECLARING A PORTION OF THE CITY-OWNED PROPERTY AT 800 N. MCCLURE ROAD (APN 079-001-001) AS SURPLUS PROPERTY AND AUTHORIZING THE CITY'S PROPERTY AGENT TO PROCEED WITH THE SALE OF THE SURPLUS PROPERTY

WHEREAS, the City of Modesto owns a property on 800 N. McClure Road (APN 079-001-001), and

WHEREAS, this property, consisting of two separate parcels with one APN and purchased in 1973 and 1975, is no longer used by the City and there are no other uses for this property by the City, and

WHEREAS, this property was originally purchased as a historical preservation site, and

WHEREAS, a lack of funding in recent years has prevented repair, construction, and renovation of the site, and therefore surplus status is appropriate for this property, and

WHEREAS, staff recommends the unused property consisting of approximately 16.3 acres be declared as surplus property, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the property located on 800 N. McClure Road (APN 079-001-001) be declared as surplus property.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to offer the property for sale.

THIS RESOLUTION WAS RESCINDED BY MODESTO CITY COUNCIL RESOLUTION NO. 2022-036

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of December, 2015, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-478

RESOLUTION ACCEPTING THE CAPITAL FACILITIES FEES ANNUAL REPORT FOR FISCAL YEAR 2014-15 AND MAKING FINDINGS RELATING TO EACH OF THE FEE CATEGORIES

WHEREAS, the City of Modesto imposes fees to mitigate the impacts of development, pursuant to Government Code section 66000 *et seq.*, and

WHEREAS, California Government Code sections 66001 and 66006 require cities to annually make certain fee-related information available to the public and findings relating to the necessity of collecting fees for new development, and

WHEREAS, the City, in accordance with Government Code section 66006(a) and Section 8-1.904 of the Modesto Municipal Code, established Capital Facilities Fees ("CFF") for the purpose collecting fees to fund the construction of public improvements that will be needed as a result of new development, and

WHEREAS, on March 22, 2011, the City Council, by Resolution No. 2011-105, established the nexus for fees imposed by each land use, said nexus and fees were later amended by Resolution No. 2013-177 on May 7, 2013, and

WHEREAS, the following fees were established by Resolution No. 2013-177:

- The Streets CFF fund was established to accrue funds for arterial roadways, intersections, expressways, freeway interchanges and associated landscaping, and
- The Public Transportation CFF fund was established to accrue funds for the expansion of the City's transit system including additional buses and their associated facilities, and
- The Air Quality Mitigation CFF Fund was established to accrue funds to assist in the reduction of automobile travel, specifically for the development of park and ride lots, Class I Bike Trails, and

- The Police CFF Fund was established to accrue funds for additional policing needs including an additional station, police cars and associated equipment, a northeast area precinct, a training facility, a computer aided dispatch system, and an expanded radio system, and
- The Fire CFF Fund was established to accrue funds for the construction of additional fire stations, fire vehicles, and a new training station, and
- The Parks CFF Fund was established to accrue funds for the development of additional regional parks, community centers, and neighborhood parks, and the expansion of the McClure Country Place, and
- The General Government CFF Fund was established to accrue funds for the debt service payments on City Hall, related parking facilities, the corporation yard and related facilities, City vehicles and the City's information technology expansion, and

WHEREAS, the Capital Facilities Fee Annual Report for Fiscal Year 2014-15 has been completed and is on file with the City Clerk and is **attached** as **Exhibit** "A", and

WHEREAS, a public hearing at the City Council in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California was set for December 8, 2015, to enable the public to have the opportunity to comment on the CFF collected,

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Modesto that it hereby finds and determines that the Capital Facilities Fee program, set forth in City Council Resolution No. 2013-177, and incorporated herein by reference, is a necessary program to fund future infrastructure needed for new development.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby finds that the CFF revenue anticipated for the full development of infrastructure improvements for new development has not been fully collected to complete the financing of incomplete improvements. It is presently anticipated that there will be no

regular sources of funding to develop CFF infrastructure improvements apart from CFF collections.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby finds that the anticipated dates for the full collection of fees is unknown at this time as fees are based on development activity which is not controlled by the City.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby finds that the necessary funds for constructing and/or purchasing the following have not yet been accumulated and the approximate date is not yet known, but there is still a need as outlined in Resolution No. 2013-177, and therefore fees should still be collected for the following purposes:

- Additional fire stations, fire vehicles, and a new training station, and
- An additional police station, police cars and associated equipment, a northeast area precinct, a training facility, a computer-aided dispatch system, and an expanded radio system, and
- Development of additional regional parks, community centers, neighborhood parks, and the expansion of McClure Country Place, and
- Debt service payments on City Hall, related parking facilities, the corporation yard and related facilities, City vehicles and the City's information technology expansion, and
- Reduction of automobile travel, specifically for the development of park and ride lots and Class I Bike Trails, and
- Arterial roadways, intersections, expressway, freeway interchanges and all of their associated landscaping, and
- Expansion of the transit system, and

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby finds that all reportable fees, collections and expenditures have been received,

deposited, invested and expended in compliance with the relevant sections of the California Government Code and all other applicable laws for the Fiscal Year 2014-15.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby finds that that no refunds and allocations of reportable fees, as required by California Government Code section 66001, are deemed payable at this time.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby accepts the Fiscal Year 2014-15 Capital Facilities Fees Report as described in **Exhibit** "A", **attached** hereto and incorporated herein by reference.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of December, 2015, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Kenoyer, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Marsh
NOES:	Councilmembers:	None
ABSENT:	Councilmembers:	None

LEGAL REQUIREMENTS

A. What Are Impact Fees?

California Government Code §66000 allows a local jurisdiction to establish an impact fee to mitigate the impacts of new development. These fees may be used for the purchase, construction, expansion, rehabilitation, or acquisition of public facilities, and must be consistent with the adopted fee program, which is updated every five years.

New development increases the demand for health and safety service provided by a city, affects the quality of the community's infrastructure, and increases the need for public facilities. Typically, impact fees are paid to a city at the time a building permit is issued and assist in paying for the cumulative impact of new development through infrastructure improvements and additions. Facilities partly funded by impact fees include police, fire and administrative buildings, park sites, bike trails, public landscape areas, community centers, transportation and transit facilities and roadway improvements. Impact fees cannot be used for maintenance of existing or future city facilities.

B. Establishing An Impact Fee Program

The City of Modesto ("City") impact fee program, more commonly known as the Capital Facilities Fees Program ("CFF Program"), was established in 1987 and has been updated periodically to reflect the changes in land values, projects and costs. Impact fees imposed on new development must have the proper nexus to any project on which they are imposed. The CFF Program sets forth the relationship between contemplated future developments, facilities needed to serve future development and the estimated cost of those improvements based on the current General Plan for build-out. Estimated project costs and the summary of fee apportionment for each CFF Program fee category are identified in the 2003 and 2011 CFF Program updates.

C. Adoption of a Capital Improvement Program (CIP)

California Government Code §66002 requires local agencies that have implemented an impact fee program to adopt a Capital Improvement Program (CIP) indicating the approximate location, size, and time of projects, plus an estimate for the costs of all facilities or improvements to be financed by the impact fees. At a minimum, a formal CIP is recommended as a five-year plan. The City annually produces a five-year CIP which assists in maintaining and updating the City's General Plan.

The City's CIP connects annual capital expenditures to a long-range plan for public improvements. The City's CIP also assists in maximizing the funds available, connecting the plan for public improvements to the City's capacity for funding, and projecting expenditures over a period of years. This type of fiscal management is particularly

LEGAL REQUIREMENTS (Con't.)

important during periods where budgetary demands exceed financial resources. The City's CIP Program is financed in part by the impact fees collected through the CFF Program.

D. Reporting

Annual reporting of a local agency's impact fee program is required by Government Code §66006. The impact fees collected must be segregated from general and other funds containing fees collected for other improvements. Interest on each impact fee fund or account must be credited to that fund or account and be used only for the purpose for which the impact fee was collected.

California Government Code §66006(b) requires that a local agency make the following information available to the public for each separate impact fee fund on an annual basis and that the local agency review that information at a public meeting. The law also requires the annual report include the following information for the prior fiscal year and be made available within 180 days after the last day of each fiscal year:

- Describe the type of impact fee in the account or fund.
- Identify the amount of the impact fee.
- Provide the beginning and ending balance of the account or fund.
- Provide the amount of impact fees collected and interest earned.
- Identify each public improvement on which impact fees were expended and the amount of the expenditures on each improvement, including the total percentage of the cost of the public improvement that was funded with the impact fee.
- Identify an approximate date by which the construction of the public improvement will commence, if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement and the public improvement remains incomplete.
- Describe each interfund transfer or loan made from the account or fund, including the public improvement on which the transferred or loaned impact fees will be expended, and, in the case of an interfund loan, the date on which the loan will be repaid and the rate of interest that the account or fund will receive on the loan.
- Provide the amount of refunds made due to sufficient funds being collected to complete financing on incomplete public improvements, and the amount of reallocation of impact funds made to administrative costs of refunding unexpended revenues exceeding the amount to be refunded.

If an agency no longer needs the funds for the purposes collected or fails to make the required findings or perform certain administrative tasks prescribed, the agency may be

LEGAL REQUIREMENTS (Con't.)

required to refund, on a prorated basis to owners of the properties upon which the impact fees for the improvement were imposed, the monies collected for that project and any interest earned on those funds.

California Government Code §66001(d) also requires that the local agency make all of the following findings every fifth year with respect to that portion of the account remaining unexpended, whether committed or uncommitted:

- Identify the purpose to which the impact fee is to be allocated.
- Demonstrate a reasonable relationship between the impact fee and the purpose for which is it charged.
- Identify all sources and amounts of funding anticipated to complete financing of incomplete improvements.
- Designate the approximate dates on which the funding is expected to be deposited into the appropriate account or fund.
- In any action imposing a fee as a condition of approval of a development project by a local agency, the local agency shall determine how there is a reasonable relationship between the amount of the impact fee and the cost of the public facility or portion of the public facility attributable to the development on which the impact fee is imposed.

DESCRIPTION OF CAPITAL FACILITIES FEES

The CFF Program mitigates the impacts associated with new development on certain public facilities. The CFF Program is used to finance the acquisition, construction, and improvement of public facilities as a result of new development. The City has the following eight (8) CFF Program fee categories:

Streets Capital Facilities Fee – Fund 3410
This fee is collected for roadway improvements such as expressways, interchanges, arterial and collector roads, turn lanes, intersections and traffic signals.

Public Transportation Capital Facilities Fee – Fund 3420
This fee is collected for new buses, bus shelters, bus stops, the bus maintenance facility, and the northeast transfer station.

Air Quality Mitigation Capital Facilities Fees – Fund 3430
This fee is collected for facilities that reduce automobile travel by facilitating alternative modes of travel such as the Amtrak station parking lot, park and ride lots, vanpooling, carpooling, Class I bike trails, bike storage, turn lanes, footpaths, and pedestrian accesses.

Police Capital Facilities Fee – Fund 3440
This fee is collected for the Police Tactical Training Center, police vehicles, parking facilities, communication systems, special equipment, and the future Northeast Area Precinct (to be shared with Fire).

Fire Capital Facilities Fee – Fund 3450
This fee is collected for fire facility expansions, fire vehicles, special equipment, and the future Northeast Area Precinct (to be shared with Police).

Parks Capital Facilities Fees – Fund 3460
This fee is collected for land and construction costs for neighborhood, community, and regional parks, sports facilities, and community buildings.

City Hall and Other Government Facilities Capital Facilities Fee – Fund 3470
This fee is collected for debt service payments on City Hall, related parking facilities, the corporation yard and related facilities, City vehicles, and the City's information technology expansion.

Administration Capital Facilities Fee – Fund 3480
This fee is collected for the administration of the CFF Program. This includes preparation of an Annual CFF Program Report, preparation of a Five-Year CFF Report, day-to-day management of the CFF Program including preparation of annual CIP budgets, CFF Program annual inflationary updates, land value analyses and updates and CFF Program Proformas.

CURRENT FEE SCHEDULES

The current CFF Program allows for an annual inflationary adjustment equal to the increase in the annual change in the San Francisco Bay Area Engineering News Record Construction Cost Index through the month of December of the preceding year. For Fiscal Year 2014-15, a 5.17% increase was applied and acknowledged by the City Council on May 6, 2014. Table 1 provides the adopted fee schedule for Fiscal Year 2014-15.

COMBINING STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES[1]

The Combining Statement of Revenues, Expenditures and Changes in Fund Balances provided in Table 2 outlines the beginning and ending balance of each fund for Fiscal Year 2014-15. Expenditures are identified by general categories. All revenue, unless collected under the deferral program, is collected at the time a building permit is issued. Since the CFF Program is a "pay-as-you-go" program, the City must accrue enough revenue prior to commencing construction of a project, resulting in an "aging" of fund balances. The aging or accumulation occurs until enough revenue has been collected to construct a project.

FIVE YEAR REVENUE AND EXPENSE HISTORY[1]

As previously discussed, most revenue is collected when a building permit is issued for new development. Overall, CFF Program revenues decreased 15.4% between Fiscal Years 2013-14 and 2014-15 while expenditures decreased 22.9% over the same time period. Tables 3 and 4 provide a five-year snapshot of the CFF Program revenues and expenditures, respectively. Table 5 offers a combined picture of revenues, expenses and fund balance levels over the past five years.

DEFERRED CAPITAL FACILITIES FEES

A. Single-Family Residential

There are currently no active deferral agreements for single-family residences developing the Capital facility Fees for development. This program expired in June 2011.

B. Multi-Family, Commercial and Industrial

CFF Deferral Programs for Multi-Family, Commercial, and Industrial developments have been in place since 1991. Deferrals assist in off-setting the cost of new development by allowing applicants to pay a portion of the CFF due at the time of building permit issuance and the balance, plus interest, over a predetermined period of time. Table 6 details the four (4) active deferrals in Fiscal Year 2014-15.

REFUNDS

CFF may be refunded if a building permit expires, is revoked, voluntarily surrendered or voided, and no construction or improvement of land has commenced. In addition, CFF paid for placement of Trailers may be refunded if requested in writing within six years of payment, minus the administration component.

1 - Financial data is current as of October 20, 2015

The City of Modesto issued a refund of CFF in the amount of $14,564.65 after removal of the temporary trailer at 600 Yosemite Blvd. The temporary trailer was placed in 2014 (Building Permit #BLD2014-60773) and removed on May 2, 2015 (Building Permit #BLD2014-63420). Table 7 details the financial impact of this refund.

CREDITS

CFF credits are granted when previously existing building(s) are removed and new building(s) are constructed. These credits may off-set up to but not more than 100% of the CFF due for the new development. Table 8 details the credits provided in Fiscal Year 2014-15.

TRANSFERS

A total of four (4) inter-fund transfers occurred in Fiscal Year 2014-15. The transfers included the Tenth Street Place (City Hall) Debt Service payment, police loans and Streets projects. Table 9 offers details of each transfer.

CAPITAL IMPROVEMENT PROJECTS[2]

Information on projects funded by the CFF Program can be found in Table 10. The information in the table includes a listing of current projects, estimated construction start and end dates, estimated project costs, percentage of project funded by the CFF Program and general accounting information.

2 - Financial data is current as of October 20, 2015

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-479

RESOLUTION ACCEPTING THE 2014-15 ANNUAL REPORT OF FUNDS HELD FOR FUTURE IMPROVEMENTS, AND MAKING FINDINGS RELATED TO EACH SECURITY ON FILE

WHEREAS, California Government Code Sections 66000 and 66006 require that the City make certain information available to the public and findings relating to the necessity of collecting fees for new development, and

WHEREAS, the City is collecting impact fees as security for future improvements that will be needed as a condition of approval for new development, and

WHEREAS, $2,500 in impact fees were paid by Fuentes Construction on March 8, 2001, as a condition of approval for the project located at 1024 Florence Avenue, Modesto, for future improvements including connection to the City sewer system and the installation of curb, gutter and sidewalk improvements, and

WHEREAS, $29,393.72 in impact fees were collected from American Home Builders as a condition of approval for its project located at 3055 Floyd Avenue, Modesto, on September 2, 2005, for future improvements including the expansion of Beta Street to the north of the property, and

WHEREAS, $27,165 in impact fees were collected from Best Modesto Partners on September 30, 2008, as a condition of approval for its project located at 3019 Floyd Avenue, Modesto, for future improvements including the construction of an on-site driveway and the reconstruction of the nearby bus turnout and off-site driveway, and

WHEREAS, it has been determined that full funding for the various improvements has not yet been received, and

WHEREAS, it has been determined by staff that the impact fees collected for all three projects should be retained until additional funding can be obtained, and

WHEREAS, a public hearing at the City Council in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California was set for December 8, 2015, to enable the public to have the opportunity to comment on the impact fees collected.

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Modesto that it hereby finds and determines that the impact fees collected for future improvements are necessary to fund future infrastructure needed for new development.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby finds that the revenue anticipated for the full development of infrastructure improvements required for these projects have not been fully collected to complete the financing of said improvements. It is presently anticipated that there will be no regular sources of funding to develop the required improvements apart from impact fees collected from neighboring properties.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby finds that the anticipated dates for the full collection of fees is unknown at this time as impact fees are based on development activity which is not controlled by the City.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby finds that the funding for the future improvements to include connection to the City sewer system and the installation of curb, gutter and sidewalk improvements located

at 1024 Florence Avenue, Modesto, is not yet known, but there is still a need, and therefore fees should still be retained for these purposes.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby finds that the timing for the future improvements including the expansion of Beta Street to the north of the property located at 3055 Floyd Avenue, Modesto, is not yet known, but there is still a need, and therefore fees should still be retained for these purposes.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby finds that the timing for the future improvements including the construction of an on-site driveway and the reconstruction of the nearby bus turnout and off-site driveway located at 3019 Floyd Avenue, Modesto, is not yet known, but there is still a need, and therefore fees should still be retained for these purposes.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of December, 2015, by Councilmember Ridenour, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Marsh
NOES:	Councilmembers:	None

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-480

RESOLUTION ESTABLISHING A RESIDENTIAL PARKING PERMIT ZONE PILOT PROGRAM FOR THE 400 AND 500 BLOCK OF MYRTLE AVENUE, BETWEEN COLDWELL AVENUE AND STODDARD AVENUE PENDING A COMPREHENSIVE RESIDENTIAL PARKING PERMIT ZONE STUDY FOR THE MODESTO JUNIOR COLLEGE NEIGHBORHOOD IN ACCORDANCE WITH MODESTO MUNICIPAL CODE SECTION 3-2.1900, AS AUTHORIZED BY CALIFORNIA VEHICLE CODE (CVC) SECTION 22507(a)

WHEREAS, California Vehicle Code Section 22507 (a) states that local authorities, by ordinance or resolution may establish residential parking permit (RPP) zones, and

WHEREAS, City staff received two separate petitions containing the valid signatures of at least sixty seven percent (67%) of the residents and owners of real property located in the College Area Neighborhood Association (CANA) to establish a RPP zone along the 400 and 500 block of Myrtle Avenue between Coldwell Avenue and Stoddard Avenue, and

WHEREAS, City staff has found that there is currently unrestricted parking along Myrtle Avenue between Coldwell Avenue and Stoddard Avenue, and

WHEREAS, City staff has confirmed the existing use of on-street parking along the east and west sides of Myrtle Avenue between Coldwell Avenue and Stoddard Avenue by non-residents interferes with the use of the on-street parking by the residents along Myrtle Avenue or their guest and this RPP zone will revise access and availability of the on-street parking to favor the residents and their guests Monday thru Thursday, 8:00am to 6:00pm, and

WHEREAS, the City shall charge fees for the RPP zone as by Resolution, which fee amount may be adjusted by subsequent actions of the City Council.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council approves establishing a new Residential Parking Permit Zone pilot program for residents of the 400 and 500 block of Myrtle Avenue between Coldwell Avenue and Stoddard Avenue pending a comprehensive residential parking permit zone study for the Modesto Junior College neighborhood in accordance with Modesto Municipal Code Section 3-2.1900.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of December, 2015, by Councilmember Ah You, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Marsh

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-481

RESOLUTION ESTABLISHING A RESIDENTIAL PARKING PERMIT ZONE FEE SCHEDULE FOR THE 400 AND 500 BLOCK OF MYRTLE AVENUE, BETWEEN COLDWELL AVENUE AND STODDARD AVENUE IN ACCORDANCE WITH THE MODESTO MUNICIPAL CODE SECTION 3-2.1913, AS AUTHORIZED BY CALIFORNIA VEHICLE CODE (CVC) SECTION 22507(A) TO BE DEFERRED UNTIL THE COMPREHENSIVE PARKING PERMIT ZONE STUDY IS COMPLETED

WHEREAS, on September 17, 1991, the Council of the City of Modesto introduced and adopted Ordinance 2788-C.S., codified as Modesto Municipal Code section 3-2.1900 et seq., permitting the creation of residential parking permit zones within the City, and

WHEREAS, said ordinance provides that the Council may from time to time establish a fee for residential parking permits required by residents in any Residential Parking Permit (RPP) Zone, and

WHEREAS, the City received two separate petitions containing valid signatures of at least sixty seven percent (67%) of the residents and owners of real property along the 400 and 500 block of Myrtle Avenue between Coldwell Avenue and Stoddard Avenue requesting that Council hold a public hearing in order to establish a RPP Zone, and

WHEREAS, the basis of the fee is to cover the City's costs of the permits and the administration of the Residential Parking Permit program, and

WHEREAS, the Council held a public hearing at its regular meeting on December 8th, 2015, to consider the recommended residential parking permit fee schedule, and

WHEREAS, the City shall initially charge fees for the RPP zone as designated in this Resolution, which fee amount may be adjusted by subsequent actions of the City Council.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

1. The terms used in this Resolution shall have the definitions ascribed to them in Article 19 of Chapter 2 of Title 3 of the Modesto Municipal Code.

2. Residential Parking Permit Zone referred to as Residential Parking MJC – East #1 is established to include exclusive parking privileges for the residents that live along Myrtle Avenue between Coldwell Avenue and Stoddard Avenue, as shown on **Exhibit** A.

3. As provided in this Resolution or in Article 19 of Chapter 2 of Title 3 of the Modesto Municipal Code, any vehicle on which is properly affixed or displayed a valid resident parking permit or guest permit pertaining thereto, as provided for herein, may be parked on the street within the boundaries of the Residential Parking Permit Zone known as MJC – East #1. Such parking permit shall not guarantee or reserve the holder thereof an on-street parking space in such residential permit parking zone or exempt the vehicle from any other applicable restrictions, ordinances, or State or local laws.

4. The fee for each annual Residential and Guest Parking Permit shall be forty dollars ($40.00).

5. The fee for each daily Guest Parking Permit shall be five dollars ($5.00).

6. The fee for re-issuance of a lost or damaged annual Residential or Guest Parking Permit shall be twenty dollars ($20.00).

7. The administrative fee for failure to properly display the Residential Parking Permit shall be twenty-five dollars ($25.00).

8. The aforementioned fees to be deferred until the Comprehensive Parking Permit Zone study is completed.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of December, 2015, by Councilmember Ah You, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-482

RESOLUTION APPROVING IMPLEMENTATION OF CHANGES TO MODESTO AREA EXPRESS (MAX) BUS SERVICE IN THE SUTTER/ROBERTSON ROAD/PARADISE NEIGHBORHOD, AND ALONG J STREET AND MCHENRY AVENUE EFFECTIVE JULY 2016, AND AUTHORIZING THE TRANSIT MANAGER TO IMPLEMENT THE CHANGES

WHEREAS, to make the MAX system more efficient and productive, City staff recommends implementing a new Route 23 along J Street and McHenry Avenue, and

WHEREAS, the addition of the new McHenry route should significantly reduce heavy passenger loads along J Street and McHenry and virtually eliminate standing room only situations and ensure that space will be available to accommodate all passengers who use wheelchairs. In addition to supporting Route 22, the new Route 23 would double service along McHenry north of Standiford, providing access to businesses by serving stops twice per hour instead of the current hourly service, and

WHEREAS, to make the MAX system more efficient, City staff recommends eliminating Route 21RX, and

WHEREAS, to better serve MAX customers in the Sutter/Robertson Road/Paradise area, City staff recommends increasing service to every 15 minutes on Route 21, and

WHEREAS, said matter was set for a duly noticed public hearing of the City Council of the City of Modesto to be held on December 8, 2015, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 10th Street, Modesto, California.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves implementing a new Modesto Area Express (MAX) Route 23,

eliminating Route 21 RX and increasing service on Route 21 effective July 2016, and authorizing the Transit Manager to implement the improvements.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of December, 2015, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-483

RESOLUTION APPROVING THE APPOINTMENT OF HELEN MIHALOPOULOS AND JULIE SCHERER TO CITY OF MODESTO CITIZENS' HOUSING AND COMMUNITY DEVELOPMENT COMMITTEE WITH AN EXPIRATION DATE OF DECEMBER 31, 2019

WHEREAS, Section 1102 of the Charter of the City of Modesto authorizes the City Council to appoint members to various Boards and Commission; and

WHEREAS, both HELEN MIHALOPOULOS and JULIE SCHERER have expressed an interested in serving on the Citizen's Housing and Community Development Committee (CH&CDC); and

WHEREAS, on November 24, 2015, the City of Modesto Appointments Committee reviewed applications and recommended that both HELEN MIHALOPOULOS and JULIE SCHERER be appointed to the CH&CDC; and

WHEREAS, both HELEN MIHALOPOULOS and JULIE SCHERER will serve in the seat designation of Citizen-at-Large; and

WHEREAS, both HELEN MIHALOPOULOS and JULIE SCHERER will serve for the time period January 1, 2016 to December 31, 2019;

NOW, THEREFORE, BE IT HEREBY RESOLVED, by the Council of the City of Modesto that both HELEN MIHALOPOULOS and JULIE SCHERER are hereby appointed to the Citizens' Housing and Community Development Committee for the time period January 1, 2015 through December 31, 2019 and will serve in the seat designation of Citizen-at-Large.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 15th day of December, 2015, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Kenoyer, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-485

RESOLUTION APPOINTING SUE RICHARDSON AND DAVID A. LEAMON TO THE CULTURE COMMISSION

WHEREAS, Section 1102 of the Charter of the City of Modesto authorizes the City Council to appoint members to various Boards and Commissions, and

WHEREAS, the Culture Commission, has vacancies for members who reside within Modesto and are registered voters of Stanislaus County, and

WHEREAS, the Appointments Committee met on November 24, 2015, and recommended appointment of Sue Richardson and David A. Leamon, to represent Modesto City residents on the Culture Commission.

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. Sue Richardson is hereby appointed to the Culture Commission with a term commencing January 1, 2016 and expiring December 31, 2020. David Leamon is hereby appointed to fulfill the remainder of Kate Trompetter's term commencing immediately and expiring December 31, 2018.

SECTION 2. The City Clerk is hereby directed to transmit a copy of this resolution to the appointed members of the Culture Commission, and the Secretary thereof.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 15th day of December, 2015, by Councilmember Zoslocki, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-486

RESOLUTION AUTHORIZING THE AWARD OF PROPOSAL AND CONTRACT FOR THE FURNISHING OF GOLF COURSE MANAGEMENT AND MAINTENANCE SERVICES TO VALLEYCREST GOLF COURSE MAINTENANCE INC., A CALIFORNIA CORPORATION, IN PARTNERSHIP WITH KEMPERSPORTS MANAGEMENT INC., AN ILLINOIS CORPORATION, FOR A TWO (2) YEAR AGREEMENT WITH THREE (3) ONE-YEAR EXTENSION OPTIONS AT THE SOLE DISCRETION OF THE CITY, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE CONTRACT FOR AN ANNUAL COST NOT TO EXCEED $2,401,705, AND OVER FIVE (5) YEARS OF $12,008,525

WHEREAS, the City owns, operates and manages the Municipal Golf Course ("Municipal Course"), Dryden Park Municipal Golf Course ("Dryden Course"), and Creekside Municipal Golf Course ("Creekside Course"), and

WHEREAS, in February 2015, the City issued a Request for Proposals (RFP) to provide golf course management and maintenance services, and

WHEREAS, ValleyCrest Golf Course Maintenance Inc. of Calabasas, California (ValleyCrest) in partnership with KemperSports Management, Inc. (KemperSports) ranked highest in total evaluation criteria and the evaluation committee recommended the award of proposal be forwarded to the City Council for approval, and

WHEREAS in May 2015, the Finance Committee directed staff to return to the Committee with financial and land use options, including the closure of one golf course, and

WHEREAS, on September 28, 2015, the Finance Committee recommended staff return at a future date with financial information related to the sale and potential development options of each golf course, and

WHEREAS, on September 28, 2015, the Finance Committee recommended the award of the RFP to ValleyCrest in partnership with KemperSports for a two-year period

for maintenance of all three golf courses, including Muni, and the management of the Dryden and Creekside golf courses, and

WHEREAS, the City's existing agreements for maintenance of the three (3) golf courses and management of two (2) courses expired on October 31, 2015, and, on October 27, 2015, the City approved and extended the current ValleyCrest in partnership with KemperSports contract through December 31, 2015, and

WHEREAS, the new agreement for maintenance of three (3) and management of two (2) of the City's golf courses is a two (2) year contract with three (3) one (1) year extensions, in an amount not to exceed $2,401,705 per year and $12,008,525 over five (5) years, with a General Fund subsidy savings of approximately $62,000 in fiscal year 2015-16 and $139,000 in fiscal year 2016-17 is herein **attached** as **Exhibit** A, and

WHEREAS, the award of proposal and contract for the furnishing of golf course management and maintenance services for the Community and Economic Development Department to ValleyCrest Golf Course Maintenance Inc., in partnership with KemperSports Management Inc., conforms to Modesto Municipal Code 8-3.203,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a two (2) year contract with three (3) one (1) year extension options at the sole discretion of the City, in an amount not to exceed $2,401,705 per year, and $12,008,525 over five (5) years, for furnishing golf course management and maintenance services, to ValleyCrest Golf Course Maintenance Inc., a California corporation, in partnership with KemperSports Management, Inc.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the necessary documents.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of December, 2015, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

AGREEMENT

THIS AGREEMENT, made and entered into in the City of Modesto, County of Stanislaus, State of California, this___day of_____, 2016, by and between the CITY OF MODESTO, a municipal corporation of the State of California ("CITY") and VALLEYCREST GOLF COURSE MAINTENANCE INC. ("CONTRACTOR"), a California corporation.

WITNESSETH:

For and in consideration of the mutual promises and covenants herein contained, it is mutually agreed as follows:

ARTICLE I: For and in consideration of the covenants and agreements hereinafter made by CITY and CONTRACTOR, CONTRACTOR agrees to maintain CITY'S CREEKSIDE GOLF COURSE, DRYDEN PARK GOLF COURSE, and MUNICIPAL GOLF COURSE, and to perform and complete in a good and workmanlike manner and in conformity with these Contract Documents, all work pertaining to and described in the attached specifications, which are incorporated herein by reference. CONTRACTOR agrees to furnish at its own cost and expense, except as specifically set forth herein to the contrary, all maintenance related labor, supervision, equipment, materials, supplies, and transportation, and deliver the same free and discharged of any and all claims and demands whatsoever for or on account of any and all labor, supervision, equipment, and transportation used, or furnished to be used, in the performance of all tasks required by this Agreement, including but not limited to, the tasks outlined in Exhibits "A", "B", "C", "D", and "E".

ARTICLE II: CONTRACTOR agrees to retain KemperSports Management (KEMPERSPORTS) as the City of Modesto's golf course manager/operator for CITY'S CREEKSIDE GOLF COURSE, AND DRYDEN PARK GOLF COURSE GOLF COURSE facilities on the terms and conditions set forth in Exhibit "A" (The Management Agreement dated October 14, 2013) and attached hereto.

ARTICLE III: All attachments and exhibits to this Agreement are hereby incorporated in and made a part of this Agreement. In the event of a conflict between any specific definition, term, condition, promise provision or obligation contained in this Agreement and any such Exhibit, then the provision contained in this Agreement shall prevail. The following is a list of the Attachments made a part hereof:

A. Exhibit "A" Management Agreement (KemperSports Management, Inc.)

B. Exhibit "B" Technical Maintenance Specifications

C. Exhibit "C" Prevailing Wage Rates

D. Exhibit "D" Contractor's Equipment List

E. Exhibit "E" Expense Limitations

GENERAL CONDITIONS

1. **DEFINITIONS**

Whenever the words defined in this section, or pronouns used in their stead, occur in any of the Contract Documents, they shall have the meaning here given:

A. The term "CREEKSIDE" shall mean CREEKSIDE GOLF COURSE in its entirety.

B. The term "DRYDEN" shall mean DRYDEN PARK GOLF COURSE in its

entirety.

C. The term "MUNI" shall mean MUNICIPAL GOLF COURSE in its entirety.

D. The term "GOLF GENERAL MANAGER" shall mean the person or entity holding that position with KemperSports Management, Inc. for the CITY's golf courses.

E. A title or office shall mean the person holding the title or office with CONTRACTOR or CITY.

F. The term "CONTRACTOR" shall mean VALLEYCREST GOLF COURSE MAINTENANCE INC. and its legal representatives or the agent appointed to act for said CONTRACTOR in the performance of the Contract.

G. The terms "GOLF COURSE SUPERINTENDENT" or "SUPERINTENDENT" shall include, but not be limited to, one full-time Golf Course Superintendents' Association of America ("GCSAA") Class "A" SUPERINTENDENT for CREEKSIDE, DRYDEN, and MUNI ("CLASS A SUPERINTENDENT"), one full-time GCSAA Class "C" Assistant Superintendent ("ASSISTANT SUPERINTENDENT") for CREEKSIDE, DRYDEN, and MUNI, as well as sufficient other supervisory personnel to act for CONTRACTOR at all times when the CLASS A SUPERINTENDENT or ASSISTANT SUPERINTENDENTS are not on site including weekends and holidays.

H. The term "DIRECTOR" shall mean the Director or Acting Director of the City of Modesto Community and Economic Development Department or his/her designee.

I. The term "GOLF DIVISION" shall mean the Economic Development/Administration Division of the City of Modesto Community and Economic Development Department.

J. The term "THE FIRST TEE" shall mean DEL RIO CC FOUNDATION, the local chapter sponsor for the World Golf Foundation, Inc., which manages MUNI.

2. LOCATION

The geographic areas to be maintained shall consist of the parcels of real property commonly known as the CREEKSIDE GOLF COURSE, DRYDEN PARK GOLF COURSE, and MUNICIPAL GOLF COURSE, in the City of Modesto, California.

The golf course areas to be maintained shall include:

(a) The 18-hole CREEKSIDE GOLF COURSE, lakes, practice range, practice green and clubhouse grounds.

(b) The 18-hole DRYDEN GOLF COURSE, practice range, practice green and clubhouse grounds.

(c) The 9-hole MUNI GOLF COURSE, practice range, practice green, and clubhouse grounds.

3. TERM OF CONTRACT

The term of this Agreement shall be for a period of two (2) years. The effective date of this Agreement, for the purpose of establishing the term, shall be January 1, 2016.

4. TERMINATION

Each of the parties reserves the right to terminate this Agreement at will, at any time upon giving six (6) months' written notice to the other.

5. EQUIPMENT

Beginning on the effective date of this Agreement, the CONTRACTOR shall provide, at its sole expense, all necessary equipment to perform all tasks required by this Agreement, including but not limited to, the tasks outlined in Exhibits, "B" and "D". Such equipment shall

include, but not be limited to, that equipment listed in Exhibit "D". At any time during the term of this agreement Exhibit "D" can be amended to reflect changes in equipment technology. Any such changes must be mutually agreed upon, in writing, by CONTRACTOR and the DIRECTOR.

If at any time after the first year of the term of this Agreement and prior to the expiration of the term of this Agreement or any extension thereof, this Agreement is terminated by either party pursuant to the rights of termination as specified in Section 4 herein, CITY shall have the right but not the duty to purchase from CONTRACTOR any of the equipment owned by CONTRACTOR listed in Exhibit "D" herein. CITY'S purchase price for any of said equipment listed in Exhibit "D" shall be at its fair market value on the date notice of termination is provided to CONTRACTOR by CITY.

6. OPTION TO RENEGOTIATE

The parties agree that CITY shall have the sole and exclusive right to offer to renegotiate this Agreement for three (3) additional one (1) year periods. At least three hundred and sixty-five (365) days prior to the expiration of the initial term of this Agreement, CITY shall give written notice to the CONTRACTOR that either offers to begin negotiations leading to a possible one (1) year extension, under new terms and provisions of this Agreement, or advises CONTRACTOR that its services will be terminated at the expiration of this existing contract. In the event CITY provides no such notice to CONTRACTOR, the parties agree that this Agreement shall terminate as provided in Paragraphs 3 or 4 above. In the event the CITY offers to negotiate, then a new Agreement shall be approved by CITY and CONTRACTOR within ninety (90) calendar days from the date of CITY'S written offer, or this Agreement shall expire at the end of its two (2) year period without extension.

7. LEVEL OF MAINTENANCE

CONTRACTOR and CITY agree that golf course maintenance shall be of high quality based upon the requirements of this agreement. All work shall be performed in accordance with Exhibits "B", "C", "D" and "E" standards for golf courses followed by mid-level daily fee golf courses, and by standards set by the Golf Course Superintendents Association of America and the United States Golf Association.

A. This is a performance contract. Accordingly, the frequencies of service listed herein are only guidelines. Should minor changes in mowings, chemical treatments, fertilizations, or any other normal maintenance functions be required, they will be performed promptly by CONTRACTOR at no extra cost to CITY.

B. Standards and frequencies may be modified from time to time as deemed reasonable and necessary by CITY.

C. If, in the judgment of DIRECTOR, the level of maintenance is less than specified herein, CITY may require corrections to be made until services are rendered in accordance with the technical specifications set forth within this document and its attachments. The CONTRACTOR shall abide by the following "Deficiency Notice" conditions. Penalties for non-performance are set forth as follows:

1. Deficiency Notice: CITY may provide CONTRACTOR a written or oral notice of the deficiency and CONTRACTOR shall have forty-eight (48) hours to cure the deficiency or, if such deficiency cannot be reasonably cured within forty-eight (48) hours, CONTRACTOR shall commence a cure within forty-eight (48) hours, and thereafter, shall diligently correct such deficiency. CONTRACTOR shall also provide DIRECTOR a schedule

for correction of the deficiency. If in CITY's sole opinion, CONTRACTOR fails to diligently correct the deficiency, then CITY may proceed to have such deficiency corrected at CONTRACTOR's expense. All costs and expenses incurred by CITY to correct the deficiency shall be deducted from CONTRACTOR'S monthly fee. CITY may correct the deficiency with its own labor and equipment or through a third party.

2. Withholding of Payment: Provided work under the Deficiency Notice has not been completed in a timely manner, payment for deficient work may be withheld until subject deficiency has been corrected.

The penalties set forth above are nonexclusive, and their inclusion herein shall not be deemed to prevent the CITY from seeking any other remedy it may have.

D. CONTRACTOR must employ sufficient, properly-trained personnel to perform all work as scheduled and approved by CITY. This shall include, but not be limited to, one full- time Golf Course Superintendents' Association of America ("GCSAA") Class "A", one full-time GCSAA Class "C" Assistant Superintendent, and two full-time Foremen for CREEKSIDE, DRYDEN, and MUNI, as well as sufficient other supervisory personnel to act for CONTRACTOR at all times when the SUPERINTENDENTS or ASSISTANT SUPERINTENDENTS are not on site, including weekends and holidays.

E. All of CONTRACTOR'S personnel shall be neat and clean at all times, and wear appropriate uniform clothing in accordance with standards established by CITY. CONTRACTOR shall provide at its own expense the appropriate uniform clothing for all of CONTRACTOR'S personnel.

8. REPORTING

CONTRACTOR'S SUPERINTENDENTS shall meet with the GOLF GENERAL MANAGER on a regular monthly basis and at such other times as may be required by the GOLF GENERAL MANAGER and THE FIRST TEE to review the performance of the Agreement and to discuss any problems or matters as determined by the GOLF GENERAL MANAGER or THE FIRST TEE. In addition, CONTRACTOR, or its representative, shall meet weekly with the GOLF GENERAL MANAGER and THE FIRST TEE to review course conditions and maintenance schedules so that interference with tournament play is avoided, and interference with regular play is minimized. The SUPERINTENDENTS will schedule daily visits to the Pro Shops, when the Pro Shops open each morning, to review all schedules for the day and to communicate the golf course conditions.

9. RECORDS

CONTRACTOR shall prepare a weekly maintenance report, on which is indicated work performed. It shall submit the completed report to the GOLF GENERAL MANAGER, THE FIRST TEE, and the Community and Economic Development Business Manager. In addition to this report covering normal maintenance functions, an approved extra work order shall be submitted that contains a description, including labor-hours, equipment, and materials breakdowns and costs, used to accomplish any additional work performed deemed necessary and beyond the scope of the contract. Except in emergencies acknowledged in writing by the Director, payment for any extra work will not be authorized unless the additional work, and costs thereof, are first approved by DIRECTOR.

In addition, CONTRACTOR shall, within thirty (30) days of the effective date of this Agreement, prepare and submit a written annual maintenance schedule to GOLF GENERAL

MANAGER and THE FIRST TEE. This maintenance calendar shall clearly indicate all of the major maintenance tasks required by this Agreement, and the weeks of the year they are scheduled to be performed. This calendar shall be prepared in coordination with CREEKSIDE'S, DRYDEN'S and MUNI'S tournament and event calendar as well as proper golf course maintenance management practices. If necessary to make periodic revisions to this maintenance schedule, a modified calendar must be submitted to GOLF GENERAL MANAGER and THE FIRST TEE for approval at least two (2) weeks prior to the date the changes are to take effect.

10. EMERGENCY SERVICES

CONTRACTOR shall provide GOLF GENERAL MANAGER AND THE FIRST TEE with names, telephone numbers, and pager numbers of the SUPERINTENDENT and two (2) qualified employees for CREEKSIDE and the SUPERINTENDENT and two (2) qualified employees for DRYDEN who have twenty-four (24) hour communication availability by CITY representatives when emergency maintenance conditions occur during hours when CONTRACTOR'S normal work force is not present. CONTRACTOR shall provide SUPERINTENDENT and two (2) qualified employees to THE FIRST TEE at MUNI when emergency maintenance conditions occur during hours when CONTRACTOR'S normal work force is not present. During periods of severe inclement weather conditions, CONTRACTOR will provide sufficient personnel on a twenty-four (24) hour call basis for the purpose of sandbagging, keeping drains clear, and/or any other tasks required to prevent serious damage to CREEKSIDE, DRYDEN and MUNI golf course improvements and facilities.

11. COURSE TEMPORARILY OUT OF PLAY

Whenever play must be temporarily suspended on CREEKSIDE, DRYDEN or MUNI golf course facilities due to inclement weather conditions, the decision on when to allow play to

resume, and when to allow carts to go out on the course, will be made by mutual written agreement between the CONTRACTOR, GOLF GENERAL MANAGER, and THE FIRST TEE. In the event an agreement cannot be reached, DIRECTOR shall make the decision, and that decision shall be final.

12. COURSE OUT OF OPERATION

In the event that CREEKSIDE, DRYDEN or MUNI golf course facilities are unusable for any reason, including acts of nature or vandalism, DIRECTOR may declare, for purpose of maintenance, that an emergency condition exists and that the golf course facility is out of operation. DIRECTOR and CONTRACTOR will then jointly determine what changes in the normal level of maintenance, if any, may be necessary, including additional hours of labor and/or materials. The normal consideration to be paid to CONTRACTOR under the terms of this contract on a pro-rata basis during the period of such emergency shall be diminished or increased only if there is a change in the overall level of service rendered by CONTRACTOR as determined by both parties. A decrease in consideration shall be calculated on the basis of the value of labor and materials which CONTRACTOR does not have to expend as a result of an emergency condition. If the parties are unable to agree on any aspect herein, an arbitrator shall be appointed by them jointly to resolve the issue.

Notwithstanding any other provision of this Agreement, CITY reserves the right to perform any repair or construction work it deems advisable, with its own labor and equipment or through a third party.

13. EQUIPMENT, SUPPLIES AND MATERIALS TO BE PROVIDED BY CONTRACTOR

A. CONTRACTOR at its own cost and expense shall furnish all necessary

equipment, supplies, and materials of good quality and in the amounts necessary to fulfill this Agreement and to accomplish an acceptable and professional level of maintenance. Materials and expenses outlined in Exhibit "E" shall be the CONTRACTOR'S responsibility up to but not to exceed the cost as outlined in Exhibit "E". Supplies, materials, and equipment shall include, but not be limited to: All equipment necessary or appropriate for the performance of services under this Agreement, together with all necessary fuel, oil, and spare parts for all equipment used by CONTRACTOR.

B. All necessary topdressing, seed, fertilizers, fungicides, insecticides, pesticides, and herbicides.

C. All parts necessary for the repair and maintenance of all irrigation systems as specified in Exhibit "B".

D. Replacement tee towels, soap, putting green cups and flags, bunker rakes, tee markers, trash receptacles, and other similar golf course equipment according to CITY'S specifications in use on the effective date of this Agreement.

E. Sand for bunkers on an as-needed basis.

F. CONTRACTOR shall be responsible for monitoring water consumption to insure adequate, but not excessive, water use. For the entire term of this Agreement and any extension thereof, CONTRACTOR'S responsibility for payment of utilities and water charges for potable and landscape water use at CREEKSIDE, DRYDEN and MUNI shall be pursuant to CITY fee resolution(s) existing on the effective date of this Agreement applicable to the GOLF DIVISION'S responsibility for payment of water charges for potable and landscape water at CREEKSIDE, DRYDEN and MUNI up to but not to exceed $148,264 per year plus a 4% annual

adjustment.

14. INDEMNITY BY CONTRACTOR

The CONTRACTOR shall hold the CITY, its agents, officers, employees, and volunteers harmless from and save, defend, and indemnify them against any and all claims, losses, liabilities and damages from every cause, including but not limited to injury to person or property or wrongful death, with the indemnity to include reasonable attorney's fees, and all costs and expenses, arising directly or indirectly out of any act or omission of CONTRACTOR, whether or not the act or omission arises from the sole negligence or other liability of CONTRACTOR, or its agents, officers, employees, volunteers relating to or during the performance of its obligations under this Agreement.

15. USE OF CREEKSIDE AND DRYDEN MAINTENANCE FACILITIES

A. CITY shall allow CONTRACTOR the non-exclusive use of the service yards, buildings, and maintenance areas located at CREEKSIDE AND DRYDEN to work out of and store equipment and supplies for the maintenance of the golf course. Building structures shall be maintained in accordance with applicable codes, and building systems (i.e., electrical) shall be maintained in operable condition by the CITY. Should CONTRACTOR desire to modify or enlarge such areas, CONTRACTOR shall obtain CITY'S prior written approval, and shall bear all cost and expense required to obtain such approval and modify or enlarge such areas.

CONTRACTOR shall have exclusive use of the office at the CREEKSIDE MAINTENANCE FACILITY.

CONTRACTOR may, at CONTRACTOR'S sole cost and expense, make temporary alterations to the CREEKSIDE MAINTENANCE FACILITY (with the exception of CITY'S office), with the prior written consent of CITY. CITY may elect within thirty (30) days before

the expiration of the term of this Agreement, and any extension thereof, or any termination of this Agreement, to require CONTRACTOR to remove any temporary alterations that CONTRACTOR has made to the CREEKSIDE MAINTENANCE FACILITY.

In the event that a temporary alteration is made by CONTRACTOR in accordance with the provisions herein, CONTRACTOR shall provide such faithful performance bonds, payment bonds, labor and material bonds as CITY may reasonably demand. Terms and provisions of the construction contract to accomplish any such alteration to CREEKSIDE MAINTENANCE FACILITY shall be subject to the prior written approval of CITY.

CONTRACTOR is responsible for removal of all CONTRACTOR-generated trash and timely removal of old inoperable or surplus equipment.

16. LIABILITY FOR DAMAGES

CONTRACTOR shall be fully responsible and shall pay for or cause to be repaired any and all damage done to CREEKSIDE'S, DRYDEN'S or MUNI'S real and/or personal property or equipment, damage to the personal property of private individuals or other property of the public, and for any injury to any individual, including, but not limited to, any guest, employee, agent, licensee, or invitee of CREEKSIDE, DRYDEN or MUNI on the premises that results from the intentional or negligent act or omission of CONTRACTOR or CONTRACTOR'S agents, employees, invitee, or licensee. This shall include, but not be limited to, the replacement, at CONTRACTOR'S expense, of shrubs, flowers, trees, vines, turf, groundcover, or other landscape items that are lost due to improper pest and disease control practices (if control practices are available within the requirements of this agreement); and/or due to improper watering, fertilizing, or lack of proper maintenance and care.

17. BONDS

At the commencement of each year of the term of this Agreement and any extension thereof, CONTRACTOR shall promptly furnish at its own cost and expense, an annual Performance and Payment Bond, with a responsible corporate surety authorized to issue such bonds in California and subject to approval of CITY.

A. The said Performance and Payment Bond shall be in the sum of not less than one hundred percent (100%) of the maximum amount of the maintenance and annual expenditure costs of $1,449,705, including any escalations thereof and conditional upon the performance by CONTRACTOR of all covenants, terms, conditions, and stipulations in the Agreement on its part to be done and performed at the time and in the manner specified therein, and that all materials used and workmanship employed in the performance of the Agreement shall be free from defects; and that should any defects therein appear within a period of one (1) year from the date of acceptance by CITY, CONTRACTOR shall, at its own cost and expense, repair, replace, and correct such defects to the satisfaction of CITY within thirty (30) days after notice thereof by CITY.

18. INSURANCE

The CONTRACTOR shall provide at its own expense and maintain at all times the following insurance with insurance companies licensed in the State of California and shall provide evidence of such insurance to the CITY as may be required by the Risk Manager of the CITY. The policies or certificates thereof shall provide that, thirty (30) days prior to cancellation or material change in the policy, notices of same shall be given to the Risk Manager of the CITY by certified mail, return receipt requested, for all of the following stated insurance policies.

A. Workers' Compensation - in compliance with the statutes of the State of

California, plus employer's liability with a minimum of liability of $1,000,000.

B. General Liability insurance with a minimum limit of liability per occurrence of $3,000,000 for bodily injury and property damage. If Commercial General Liability Insurance or other form with a general aggregate limit is used, either the general aggregate limit shall apply separately to this project/location or the general aggregate limit shall be twice the required occurrence limit. This insurance shall indicate on the certificate of insurance the following coverages and indicate the policy aggregate limit applying to: premises and operations; broad form contractual; independent consultants and subcontractors; products and completed operations as applicable. In addition, if the CONTRACTOR or Subcontractor (KemperSports Management, Inc.) will be supplying alcoholic beverages, the general liability insurance provided by that entity shall include host liquor liability coverage. If the CONTRACTOR intends to sell alcohol either the CONTRACTOR or subcontractor (KemperSports Management, Inc.) providing the alcohol for sale must have a valid liquor sales license and liquor liability insurance covering the sale of alcohol.

C. Automobile Liability insurance with a minimum limit of liability per occurrence of $1,000,000 for bodily injury and property damage. This insurance shall cover any automobile for bodily injury and property damage.

If at any time any of said policies shall be unsatisfactory to the CITY, as to form or substance or if a company issuing such policy shall be unsatisfactory to the CITY, the CONTRACTOR shall promptly obtain a new policy, submit the same to the Risk Manager for approval and submit a certificate thereof as hereinabove provided. Upon failure of the CONTRACTOR to furnish, deliver or maintain such insurance and certificates as above provided, this Agreement, at the election of the CITY, may be forthwith declared suspended, or

terminated. Failure of the CONTRACTOR to obtain and/or maintain any required insurance shall not relieve the CONTRACTOR from any liability under this Agreement, nor shall the insurance requirements be construed to conflict with or otherwise limit the obligations of the CONTRACTOR concerning indemnification. The CITY, its agents, officers, employees, and volunteers shall be named as an additional insured on all insurance policies required herein, except Workers' Compensation. The Workers' Compensation insurer shall agree to waive all rights of subrogation against the CITY, its agents, officers, employees, and volunteers for losses arising from work performed by CONTRACTOR for the CITY. The CONTRACTOR'S insurance policy(ies) shall include a provision that the coverage is primary as respects the CITY; shall include no special limitations to coverage provided to additional insured; and shall be placed with insurer(s) with acceptable Best's rating of A:VII or with approval of the Risk Manager. The CONTRACTOR must deliver certificates evidencing existence of the insurance listed above to the City prior to the time the contract is signed.

CONTRACTOR shall provide CITY with separate endorsements evidencing proof of the CITY's additional insured status as both the general liability and automobile liability insurance policies. In addition, CONTRACTOR shall provide CITY with a Workers Compensation subrogation waiver by way of a separate endorsement. All endorsements referenced above must include the applicable policy number.

For any claims related to this project, the CONTRACTOR's insurance coverage shall be primary insurance as respects the Entity, its officers, officials, employees, and volunteers. Any insurance or self-insurance maintained by the Entity, its officers, officials, employees, or volunteers shall be excess of the CONTRACTOR's insurance and shall not contribute with it.

19. CONSIDERATION

A. Total consideration for the two (2) year initial term of this Agreement shall be as set forth below on a not to exceed basis, per annum:

Total annual amount for each of the first two (2) contract years' not to exceed $2,401,705 as follows:

YEAR 1:

$1,449,705	Paid to ValleyCrest for Maintenance and Annual Expenditures
$ 952,000	Reimbursement for Operating Expenses paid, as identified in Exhibit A of the Agreement

YEAR 2:

$1,449,705	Paid to ValleyCrest for Maintenance and Annual Expenditures
$ 952,000	Reimbursement for Operating Expenses paid, as identified in Exhibit A of the Agreement

B. Each yearly consideration established pursuant to this paragraph shall be divided into twelve (12) monthly payments, and each payment shall be made on the last day of the calendar month of service, commencing January 1, 2016.

20. UNSATISFACTORY EMPLOYEES

If at any time CITY determines that any person employed by CONTRACTOR to provide maintenance services under this Agreement requires corrective action, CITY shall notify CONTRACTOR who shall take immediate corrective action within the limits of the law. CONTRACTOR shall be solely responsible for the hiring, supervision, training, disciplining and termination of its employees. In the event of litigation against CITY by an employee of CONTRACTOR, CONTRACTOR shall indemnify CITY pursuant to the provisions of Section 14 herein.

21. ASSIGNMENT OF CONTRACT

This Agreement, or any part thereof, shall not be assigned, hypothecated, sold, alienated

or transferred by CONTRACTOR or by operation of law or otherwise.

22. COMPLIANCE WITH APPLICABLE LAWS

CONTRACTOR shall comply with all applicable federal, state and local laws, ordinances and regulations.

CONTRACTOR shall obtain and maintain a City of Modesto municipal business license. CONTRACTOR shall maintain necessary licenses required by CITY, County of

Stanislaus, State of California or federal governments.

CONTRACTOR shall provide all safeguards and protective devices and take any other action necessary or appropriate to protect the health and safety of employees on the job and safety of the public at large, in connection with the performance of the work required by this Agreement.

23. ADVERTISING

No advertising of any kind or description, bill or poster, shall appear on any building, structure, fence, canopy, post or sign, except authorized legal notices required to be placed thereon, and except as may be specifically authorized in these General Conditions, or as placed and approved by CITY.

24. GOLF COURSE CAPITAL IMPROVEMENTS

The construction of golf course capital improvements during the term of this Agreement, including but not limited to, new cart paths, new greens or tees, and new irrigation system installations may be done by CONTRACTOR on a negotiated price basis, provided, however, that CITY shall have the option to perform the work itself, or take bids for the doing of such work and may award the bid to the lowest responsible bidder, in the event that the proposed improvement is estimated to cost in excess of $50,000.00.

If CITY chooses CONTRACTOR for the construction of a golf course capital improvement at CREEKSIDE, DRYDEN or MUNI, pursuant to a negotiated price basis with CITY or being awarded a bid, and CONTRACTOR constructs the golf course capital improvement, CONTRACTOR shall provide a warranty for the golf course capital improvement for the term of this Agreement and any extension thereof, or until such time as the golf course capital improvement is deemed "functionally obsolete," whichever is less.

Any and all design/engineering specifications prepared by CONTRACTOR for construction of any golf course capital improvement at CREEKSIDE, DRYDEN or MUNI shall be the property of and shall be owned by CITY.

25. REPAIR AND REPLACEMENT

The responsibility of CONTRACTOR to repair and/or replace CITY'S property, whether real or personal, at CREEKSIDE, DRYDEN and MUNI, which is lost, damaged or destroyed as a result of acts, conditions and/or circumstances set forth in this Agreement, Exhibits "A", "B", "C", and "D" shall be with no limit as to CONTRACTOR'S repair and/or replacement costs except as to the combined total of items and services listed in Exhibit "E".

26. HAZARDOUS SUBSTANCES

CONTRACTOR represents and warrants that the services it will provide, the methods of application it will use, and the products it will use will not violate and will comply with any federal, state, or local environmental laws, statutes, ordinances, codes, rules, regulations, orders, decrees or similar authoritative pronouncements. For purposes of this Agreement "Hazardous Substances" shall have the meaning ascribed in and shall include those substances listed in the Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C. Section 9601, et seq., and the regulations promulgated thereunder and includes oil and oil waste as those

terms are defined in the Clean Water Act, 33 U.S.C. Section 1251, et seq., and the regulations promulgated thereunder, the Resource Conservation and Recovery Act, 42 U.S.C. Section 6901, et seq., as amended from time to time, and shall include any other elements or compounds which are contained in the list of hazardous substances adopted by the United States Environmental Protection Agency (the "EPA") and the list of toxic pollutants designed by Congress or the EPA or defined by any other federal, state, local or quasi-governmental statute, law, ordinance, code, rule, regulation, order or decree regulating, relating to, or imposing liability or standards of conduct concerning, any hazardous, toxic or dangerous waste, substance or material, now existing or at any time hereafter in effect.

A. CONTRACTOR hereby indemnifies and holds CITY harmless from and against any and all losses, liabilities, including strict liability, damages, injuries, expenses, including reasonable attorney's fees and costs at all pre-administrative and administrative procedures, pre-trial, trial, and appellate levels, claims as a result of violations of subparagraph A, hereinabove, or any hazardous substance laws, claims for damage to the environment, claims of owed penalties, costs of any settlement or judgment and claims and liabilities of any and every kind whatsoever paid or incurred and claims of any and every kind whatsoever paid, incurred, or suffered by or asserted against CITY by any person or entity or governmental agency or quasi-governmental agency.

B. The indemnification as provided in Paragraph 14 shall include, but not be limited to, direct or indirect result of the presence on or under, or the escape, seepage, leakage, spillage, discharge, emission or release from or on, the golf course or report of any Hazardous Substance including, without limitation, any losses, liabilities, including reasonable attorney's fees and costs at all pre-administrative and administrative procedures, pre-trial, trial and appellate levels, costs of

any settlement, consent order, judgment or claim asserted or arising under the Comprehensive Environmental Response, Compensation and Liability Act, as amended from time to time, and/or any quasi-governmental or federal, state or local law, statute, ordinance, code, rule, regulation, order or decree regulating, relating to or imposing liability, including strict liability or standards of conduct concerning any Hazardous Substances, caused by or within the control of CONTRACTOR, or any of CONTRACTOR'S employees, agents, invitee, licensees.

If CONTRACTOR causes, knows of, or receives any written or verbal notice of the happening of any event involving the use, spill, release, leak, seepage, discharge or cleanup of any governmental authority which lists any noncompliance, order, citation or notice with regard to air emissions, water discharges, or any other environmental, health or safety matter affecting CITY (an "Environmental Complaint") from any person or entity (including, without limitation, the EPA), CONTRACTOR shall immediately notify CITY orally and in writing of such notice, and provide any and all supporting information, document, complaint, or order regarding the same.

CITY shall have the right, but not the obligation and without limitation of CITY'S rights under this Agreement, to enter onto the golf course and such other property as CITY deems advisable and/or necessary to take such actions as it deems necessary and/or advisable to clean up, remove, or minimize the impact of, or otherwise deal with, any of such Hazardous Substance or Environmental Complaint following receipt of any notice from any person or entity (including, without limitation, the EPA) asserting the existence of any Hazardous Substances or an Environmental Complaint. All reasonable costs and expenses incurred by CITY in the exercise of any such rights shall be payable by CONTRACTOR to CITY upon demands if caused by or within the control of CONTRACTOR or any of CONTRACTOR'S agents, employees, invitees,

or licensees.

27. SERVICE WARRANTY

CONTRACTOR warrants all turf grasses and plant material on CREEKSIDE, DRYDEN and MUNI for the entire term of this two (2) year maintenance agreement and any extension thereof. This warranty will include all recently installed turf grass and plant material installed by CONTRACTOR during the term of this agreement.

CONTRACTOR will monitor the condition of the turf grass and plant material on routine site inspections. Any dead turf grass and/or plant material will be noted and replaced within a reasonable period of time not to exceed seven (7) days. Turf grass and/or plant material which has declined or failed as a result of damages incurred by severe weather (lightning, freeze/frost, wind, earthquake, or tornado) or infestations of borers and nematodes, etc. (which have limited means of control), will not be covered by this warranty. In the event of damages by severe weather or limited-control infestations, CONTRACTOR will alert the Director and will assist in all potential remedies to the problem.

In the event that CONTRACTOR is prevented from providing the irrigation applications for reasons beyond its control, it is expected that CITY shall employ the appropriate personnel to operate and maintain the irrigation system to properly provide the necessary amount of water for optimum plant growth. Failure to provide the proper amount of water to the turf grass and/or plant material on the property will summarily terminate the extended warranty condition. Additionally, sanctioned water restrictions that do not permit adequate watering of the landscape will nullify the extended warranty until such restrictions have been terminated and the plantings re-evaluated.

The exceptions to this extended warranty are intended to solely exclude those circumstances which prohibit CONTRACTOR from maintaining good plant health due to no

fault of its own.

CONTRACTOR also warrants that for the entire term of this two (2) year maintenance agreement and any extension thereof it will repair or replace defective or inoperable sprinkler heads, valves, controllers, lateral lines and main irrigation lines, together with any other adjacent work which may be displaced in so doing, without any expense whatsoever to CITY.

Nothing in this section shall be construed to limit, relieve or release the CONTRACTOR'S, subcontractor's and equipment supplier's liability to the CITY for damages sustained as the result of latent defects in the equipment furnished caused by the negligence of the supplier's agents, employees or subcontractors. Stated in another manner, the warranty contained in this section shall not amount to nor shall it be deemed to be a waiver by the CITY of any rights or remedies (or time limits in which to enforce such rights or remedies) it may have against the supplier of the equipment to be furnished under the Contract Conditions for defective workmanship or defective materials or against the CONTRACTOR under the laws of this State pertaining to acts of negligence.

28. NOTICES

All notices pursuant to this Agreement shall be in writing and served on the other party (a) by personal delivery, or (b) by certified mail, return-receipt requested, to the respective addresses set forth below:

CITY	CITY OF MODESTO City Manager P.O. Box 642 Modesto, CA 95353
CONTRACTOR	VALLEYCREST GOLF COURSE MAINTENANCE INC. 24151 Ventura Boulevard Calabasas, CA 91302

29. ANNUAL PROJECTS

CONTRACTOR agrees to submit to CITY annually a list of course improvement/rehabilitation projects that will be accomplished during the course of the coming year. These annual project lists will be developed with input from the CITY and KEMPERSPORTS MANAGEMENT. Such lists of improvements will be submitted to the Director on or before December 1st of each year for approval by the Director. The projected aggregate cost of the projects is up to but not to exceed $17,500.00 per year. All costs associated with these projects will be borne by CONTRACTOR and are included in the annual consideration as described in Paragraph 19.

30. BENCHES AND TEE MARKERS

CONTRACTOR and KEMPERSPORTS MANAGMENT will, pursuant to their separate agreement, install and maintain, at no cost to CITY, benches and tee signs at all required holes at all three courses. Once installed, all signs and benches become the property of the CITY. Design of said signs and benches shall be at the approval of Director. Advertisement will be at the approval of the Director.

31. GENERAL TERMS

Relationship of Parties. Nothing contained in this AGREEMENT shall be interpreted or understood by any of the parties, or by any third person, as creating the relationship of employer and employee, principal and agent, limited or general partnership, or joint venture between CITY and CONTRACTOR or its agents, employees or contractors. Except as CITY may specify in writing, CONTRACTOR shall have no authority to act as an agent of CITY or to bind CITY to any obligation.

Amendments. This AGREEMENT, including any exhibits hereto, shall not be amended

except in writing, signed by the Parties. Any amendment or addendum to this AGREEMENT shall expressly refer to this AGREEMENT.

Non-Liability of City Officials, Employees and Agents. No member, official, employee or agent of CITY shall be personally liable to CONTRACTOR in the event of any default or breach by CITY or for any amount which may become due to CONTRACTOR or its successor or on any obligation under the terms of this AGREEMENT.

Applicable Law. This AGREEMENT shall be interpreted under and be governed by the laws of the State of California.

Venue. Should either party institute suit or arbitration for enforcement or interpretation of any provision contained herein, the venue of such action shall be in Stanislaus County, California.

Severability. Every provision of this AGREEMENT is intended to be severable. If any provision of this AGREEMENT shall be held invalid, illegal, or unenforceable by a court of competent jurisdiction, the validity, legality, and enforceability of the remaining provisions shall not in any way be affected or impaired.

Title of Parts and Sections. Any titles of the sections or subsections of this AGREEMENT are inserted for convenience of reference only and shall be disregarded in interpreting any part of the AGREEMENT'S provisions.

Language Construction. The language of each and all paragraphs, terms and/or provisions of this AGREEMENT, shall, in all cases and for any and all purposes, and in any way and all circumstances whatsoever, be construed as a whole, according to its fair meaning, and not for or against any party hereto and with no regard whatsoever to the identity or status of any person or persons who drafted all or any portion of this AGREEMENT.

Discretion of City. CITY'S execution of this AGREEMENT in no way limits the discretion of CITY in the permit and approval process in connection with any improvements by CONTRACTOR.

Entire Agreement. This AGREEMENT and any exhibits attached hereto constitute the sole and entire AGREEMENT of the parties hereto with respect to the matters herein and correctly sets forth the rights, duties, and obligations of each to the other as of the date first written above. There are no other agreements or understandings, written or oral, between the parties regarding this AGREEMENT other than those set forth herein.

Authority of the Parties. Each individual executing this AGREEMENT on behalf of the respective Parties represents and warrants that he/she is duly authorized to execute this AGREEMENT on behalf of the respective Parties.

Amendment. This Agreement may be amended at any time during its existence by mutual agreement of the parties done in writing, and executed by their representatives with appropriate authority.

Prevailing Wage. CONTRACTOR will pay prevailing wage for all labor provided under this AGREEMENT in accordance with the California Labor Code, as regulated by the California Department of Industrial Relations, in accordance with Exhibit "C" attached, as that exhibit may be amended from time to time by appropriate authority. In the event that compliance with this provision increases labor costs in excess of those costs estimated by CONTRACTOR with respect to the AGREEMENT, the parties agree to meet and confer on the issue of amendment of this AGREEMENT to reflect compensation for such additional labor costs, if any.

IN WITNESS WHEREOF, the CITY, a Municipal Corporation, has authorized the execution of this Agreement in duplicate by its City Manager and attestation by its City Clerk (under authority of Resolution No._____, adopted by the Council of the City of Modesto) on the_____day of_____, 2016, and VALLEYCREST GOLF COURSE MAINTENANCE INC., has caused this Agreement to be duly executed.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-487

A RESOLUTION APPROVING A TWO-YEAR AGREEMENT WITH THE DEL RIO CC FOUNDATION TO PROVIDE GOLF COURSE PROFESSIONAL SERVICES FOR THE CITY'S MUNICIPAL GOLF COURSE AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the City of Modesto owns, operates, and manages the Municipal Golf Course ("Muni"), and

WHEREAS, Del Rio CC Foundation is the local sponsor for the World Golf Foundation, Inc., known as the "The First Tee", and

WHEREAS, The First Tee Program is a national program formed to promote the involvement of young people in golf and teach life skills as part of its curriculum, and

WHEREAS, on June 10, 2003, the City Council, by Resolution No. 2003-284 approved an agreement with the Del Rio CC Foundation ("Del Rio") as the non-profit organization to administer the The First Tee program at Muni, and

WHEREAS, on July 12, 2011, the City Council, by Resolution No. 2011-274 approved an agreement with Del Rio to manage the golf course clubhouse at Muni and to provided concession services, and

WHEREAS, the agreement was amended to add oversight and management of the foot golf program at Muni, including the collection of fees, and

WHEREAS, on November 14, 2014, the agreement was extended to June 30, 2015, and

WHEREAS, in May 2015, the Finance Committee directed staff to return to the Committee with financial and land use options, including the closure of one golf course, and

WHEREAS, on June 17, 2015, the agreement was extended to October 31, 2015, and

WHEREAS, on September 28, 2015, the Finance Committee recommended staff return at a future date with financial information related to the sale and potential development option of each golf course, and

WHEREAS, the Finance Committee recommended award of the RFP to ValleyCrest for a two-year period for the maintenance of all three golf courses, including Muni, and the management of the Dryden and Creekside golf courses, and

WHEREAS, on October 27, 2015, the agreement was extended to December 31, 2015, and

WHEREAS, the City desires to retain Del Rio to continue to provide golf course professional services, including the management of the Muni course and practice facility, management and oversight of the FootGolf program, and management of food and beverage services,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves an agreement with the Del Rio CC Foundation for professional services for management of the City's Municipal Golf Course herein **attached** as **Exhibit** "A",

BE IT FURTHER RESOLVED that the execution of said agreement by the City Manager be authorized.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 15th day of December, 2015, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Marsh
NOES:	Councilmembers:	None
ABSENT:	Councilmembers:	None

Exhibit "A"

AGREEMENT

THIS AGREEMENT is made and entered into in the City of Modesto, State of California, this _____ day of _____, 2015, by and between the CITY OF MODESTO, a Municipal corporation of the State of California ("CITY"), and DEL RIO CC FOUNDATION, a California non-profit corporation, herein after referred to as "DEL RIO".

RECITALS:

WHEREAS, CITY owns, operates and manages the Municipal Golf Course ("Municipal Course"); and,

WHEREAS, DEL RIO is the local chapter sponsor for the World Golf Foundation, Inc., known as "The First Tee"; and,

WHEREAS, on June 10, 2003, CITY and DEL RIO entered into an Agreement under authority of Resolution No. 2003-284 licensing DEL RIO the use of Municipal Course so that DEL RIO may institute a program prepared by "The First Tee" for the benefits of local youth; and,

WHEREAS, on July 12, 2011 CITY and DEL RIO entered into a new Agreement under the authority of Resolution 2011-274 for DEL RIO to assume daily operations of the Municipal Course and practice facility, excluding those duties and responsibilities that are controlled by a license agreement with ValleyCrest, Inc. dated April 28, 2009 and for DEL RIO to provide golf professional services as well as provide food and beverage services at the Municipal Course; and,

WHEREAS, the previous agreement is set to expire on December 31, 2015, and the CITY and DEL RIO desire that DEL RIO continue to assume the daily operations of the

Municipal Golf Course and manage and oversee the FootGolf program at Municipal Course; and,

NOW THERFORE, in consideration of the mutual covenants herein contained, the parties herein agree as follows:

1. **SERVICES**:

CITY hereby retains DEL RIO as the golf course professional of Municipal Course, and Municipal Course practice facility. The duties of DEL RIO, which it hereby agrees to perform, consist of the following:

A. GOLF COURSE PROFESSIONAL SERVICES

(1) Provide services and personnel for the operation, supervision and maintenance of the Golf Pro Shop at Municipal Course from sunrise to sunset, seven days a week except for Christmas Day. Such services include, but are not limited to.

(a) Provide for the sale of golf and FootGolf equipment and other merchandise at the Municipal Course Pro Shop.

(b) Have available for rent a minimum of four (4) golf cars and five (5) pull carts at Municipal Course, all to be in good, safe, working condition.

(c) Regulate and control play on the Municipal Course, and Municipal practice range, in accordance with policies set by the City of Modesto.

(d) Collect and deposit daily into the CITY's on-site safe for armored car transport to the CITY Treasury of all the green fees and FootGolf fees at the Municipal Course.

(e) DEL RIO will bring to the CITY's attention any items in Exhibit "A" that need to be addressed and the CITY will make reasonable effort to correct noted deficient items in a timely manner. In the event of unanticipated or emergency repairs,

DEL RIO will make every effort to contact the CITY to discuss corrective action.

(f) Amend the rules of operation, when necessary. Any and all amendments to rules of operation shall require joint written concurrence between DEL RIO and CITY.

(g) Provide golf tournament schedules and evaluations to the CITY as requested; post golf tournament schedules in the Municipal Course clubhouse; post notification of all shotgun starts in the Municipal Course clubhouse; post special course conditions that might affect play as advised by the CITY'S golf maintenance contractor at the Municipal Course clubhouse.

(h) Schedule league play for Modesto high school golf teams.

(i) Meet with Golf Clubs and other groups by December 31st of each year, during the term of the Agreement to establish tournament schedules and other golf program related items for the coming year. Events for Golf Clubs and other groups that have not met with DEL RIO by December 31st will be scheduled on a first come, first serve basis.

(j) Meet with the City of Modesto Golf Courses Advisory Committee at least bi-monthly and as deemed necessary by the CITY.

(k) Provide the City with monthly reporting on course revenues and rounds as compared to budget. DEL RIO and CITY will work together during the CITY's budget cycle to develop projected Municipal course revenues and rounds.

(l) Provide direction to CITY'S current golf course maintenance provider with respect to day-to-day course maintenance items that come to DEL RIO's attention, and/or in DEL RIO's judgment, require prompt correction. DEL RIO agrees,

in accordance with the foregoing, to monitor and generally be aware of course conditions which can and should be promptly corrected by CITY's golf course maintenance provider, and to advise that provider of such conditions and request that they be corrected. DEL RIO agrees to bring issues arising out of this arrangement to the attention of CITY for final resolution.

(m) Manage and operate the Municipal Course FootGolf Program. To include but not limited to:

(1) Collection of FootGolf playing fees.

(2) Schedule and manage FootGolf tournaments.

(3) Monitor the play of FootGolf participants.

(4) Rent golf cars to FootGolf Players, when applicable.

(5) Instruct new FootGolf participants on FootGolf etiquette and rules of the game.

B. CONCESSIONAIRE SERVICES

(1) Provide services, supplies and personnel for the operation and supervision of the Concession Facilities during the hours negotiated and approved by the CITY. DEL RIO shall, except as otherwise provided herein, have the exclusive right, license, duty and privilege to utilize the Concession Facilities for DEL RIO operations authorized hereunder.

(2) Provide for sale of food, soft drinks, and other items that are normally found in a golf course concession at the Concession Facilities.

(3) Provide and maintain all equipment necessary for the operation of the Concession Facilities, including but not limited to furniture, appliances, supplies and

other items necessary or convenient to the DEL RIO operations. DEL RIO is also hereby given permission to place tables, chairs and umbrellas outside the Municipal Course clubhouses on the patio areas.

(4) All food and beverage products sold by DEL RIO shall conform to current or better standards of quality, quality control, appearance and applicable health and safety standards.

(5) All charges for food and articles for sale, together with the charges therefore, shall be posted at the Concession Facilities in a conspicuous place.

(6) All concession prices for food, drinks, and other articles served and offered for sale by DEL RIO shall be set by DEL RIO. Such prices will be the same or similar to other operations in this community and/or consistent with the cost of providing services to the public.

(7) DEL RIO to have and maintain all required licenses and certifications for the Concession Facilities.

C. GENERAL SERVICES

(1) DEL RIO will make recommendations to the CITY with respect to any proposed additions or repairs to structures, new building construction, or golf course expansion. No construction on or improvements to any golf course or driving range or any structure or the Concession Facilities thereon shall occur without the prior written approval of the CITY. Any such improvements shall be at DEL RIO's sole cost and expense and improvements shall be the property of DEL RIO during the term of this Agreement. In the event that any alteration is made by DEL RIO in accordance with provisions herein, DEL RIO shall provide such faithful performance bonds, payment

bonds and labor and material bonds as CITY may reasonably demand. Title to such improvements shall vest in City upon expiration or earlier termination of this Agreement.

(2) DEL RIO is responsible for the printing of scorecards and the arrangement of advertising on the scorecards at Municipal Course. The content of advertising on the scorecards shall be subject to prior CITY approval. All revenue from scorecard advertising sales shall be equally divided with fifty percent going to CITY and fifty percent going to DEL RIO.

(3) Provide CITY with emergency phone numbers of key staff. DEL RIO shall ensure that CITY representatives have the ability to communicate with said persons twenty-four (24) hours per day when emergency maintenance conditions occur during hours when DEL RIO's normal work force is not present. CITY to provide DEL RIO with emergency phone numbers of key staff.

(4) Maintain at all times an adequate and proper staff to perform the duties and responsibilities under this Agreement. The CITY cannot take corrective action against the employees of DEL RIO. DEL RIO is responsible to take corrective action for its respective employees.

(5) If at any time CITY determines that any person employed by DEL RIO to provide golf professional services and/or food and beverage concessions services under this Agreement requires corrective action; CITY shall notify DEL RIO who may, in DEL RIO'S discretion, take appropriate corrective action. DEL RIO shall be solely responsible for the hiring, supervision, training, disciplining and termination of its employees. In the event CITY deems DEL RIO'S supervision, training or employee discipline to be deficient, CITY shall notify DEL RIO of its concerns in writing, after

which CITY may treat DEL RIO'S failure as a breach of Agreement.

(6) DEL RIO's personnel shall, at all times while on duty at Municipal Course and practice facility, be clean and neatly groomed, courteous, efficient, and suitably attired.

(7) CITY, at its own cost and expense, will provide a complete and proper arrangement for the adequate handling and disposal away from Municipal Course, of all trash, dry and wet garbage, and other refuse resulting from, or in any way associated with, use of Concession Facilities.

(8) CITY shall also pay one hundred percent (100%) of the cost of the utilities for the golf pro shop and the cart building at Municipal course. (Utilities, as defined above, shall include telephone, water, sewer, gas, electricity, storm drain charges and an automated tee time reservation system for Municipal Course.)

(a) The golf tee time reservations will be handled by DEL RIO. DEL RIO will have access via computer to the current EZ Links Reservation System.

(9) Temporary Alterations

(a) DEL RIO may, at DEL RIO's sole expense, make structural or non-structural, temporary alterations to The Concession Facilities with the prior written consent of CITY.

(b) City shall consent to any temporary alteration(s) and determine whether such alteration is a public work under CITY charter or CITY Municipal Code. If such alteration is a public work, CITY may require, as a condition of its consent, that DEL RIO adhere to all applicable bidding procedures relative to the construction and installation of such alteration, and ensure that prevailing wage requirements are met.

(c) CITY may elect within thirty (30) days before the expiration of

the Term or any extension thereof, to require DEL RIO to remove any temporary alteration that DEL RIO made to the Concession Facilities. If CITY so elects, DEL RIO shall, at DEL RIO's sole expense, restore the Concession Facilities to the condition it was in at the commencement of the Term less normal wear and tear, within fifteen (15) days after notice of election is given.

(d) In the event that a temporary alteration is made by DEL RIO in accordance with the provisions herein, DEL RIO shall provide such faithful performance bonds, payment bonds and labor and material bonds as CITY may reasonably demand. The terms and provisions of the construction contract to accomplish any such alteration to the Concession Facilities shall be subject to the prior approval of City.(10) On July 1st of each year, the CITY agrees to perform an annual inspection of the Municipal Golf Pro Shop and Concession Facilities and recognize maintenance items in need of attention. CITY will identify a timeline to DEL RIO on when and how these maintenance items will be corrected.

(10) CITY and DEL RIO both agree that current Concession Facilities at Municipal Course are deficient and both City and DEL RIO agree to work towards a reasonable solution. CITY agrees to conduct an assessment of Concession Facilities to determine and identify repairs needed and cost estimates to correct deficiencies. Such assessment and estimates shall be completed by June 1, 2016. CITY and DEL RIO will review and establish a timeline for repairs, contingent upon available funding. Until such time as the deficiencies are corrected, DEL RIO specifically accepts Concession Facilities and all equipment provided by CITY hereunder in their present "as is" condition.

(11) CITY representatives may, at any time without notice, enter upon the

premises of the Municipal Course, to determine if repairs, housekeeping and maintenance satisfactory to CITY are being performed.

(12) CITY will reimburse DEL RIO for fifty (50%) of the direct labor cost of operating the Municipal Course clubhouse and FootGolf Program up to a total maximum of $25,000 per year. DEL RIO will provide a monthly invoice detailing Municipal Course personnel, hours worked, hourly cost and benefit cost to the CITY.

(13) Cash Handling Procedures. The proper handling of receipts from Muni Course greens fees and FootGolf fees are outlined in Exhibit B. These procedures shall be followed by all employees who are responsible for handling greens fees and FootGolf fees at the Municipal Course.

(14) CITY agrees to request CITY traffic engineering staff assistance to develop golf course signage on CITY streets in proximity to Municipal Course, subject to CITY approval of sign content.

(15) DEL RIO will receive 100% of any driving range fees and assume all costs of maintaining said driving range, including but not limited to all range equipment and range fencing.

(16) CITY agrees to assist DEL RIO in the marketing of FootGolf at Municipal Course.

2. **TERM:**

This contract shall commence on January 1, 2016, and terminate on December 31, 2017

3. **OPTION TO EXTEND**

The parties agree that CITY shall have the sole and exclusive right to offer to extend this Agreement for an additional three (3) one-year terms. At least three hundred and sixty-five

(365) days prior to the expiration of the initial term of this Agreement, CITY shall give written notice to DEL RIO that either (1) offers to begin negotiations leading to a possible one (1) year extension, under new terms and provisions of this Agreement, or (2) advises DEL RIO that its services will be terminated at the expiration of this existing contract. In the event CITY provides no such notice to DEL RIO, the parties agree that this Agreement shall terminate as provided in Section 2 above. In the event the CITY offers to negotiate, then a new Agreement shall be negotiated and approved by CITY and DEL RIO, or this Agreement shall expire at the end of its two (2) year period without extension. City shall give written notice to DEL Rio six (6) months prior to the expiration of each extension thereafter, that either (1) offers to begin negotiations leading to a possible one (1) year extension under the new terms and provisions of this Agreement, or (2) advises DEL RIO that its services will be terminated at the expiration of the extension period.

4. **TERMINATION:**

A. This Agreement may be terminated by either party giving at least six (6) months' prior written notice to the other of election to terminate this Agreement.

B. Termination by City Prior to Expiration. City Manager shall have the right to terminate this Agreement, in whole or in part, on the occurrence of any of the following events:

C. Failure on the part of DEL RIO to pay charges when due unless such failure is corrected within thirty (30) days after the City gives notice of the default under this section; provided, however, that if the failure to pay is due to City's error or negligence then City shall, at DEL RIO's request, provide DEL RIO with a reasonable period, not to exceed one year, in which to correct the failure to pay.

D. Filing by or the final adjudication of DEL RIO of any petition in bankruptcy or

the making of any transfer of general assignment for the benefit of creditors which has not been previously authorized by CITY.

E. The abandonment of the premises, or discontinuance of DEL RIO's business operations. Should this occur, CITY shall not be responsible for the custodial protection of merchandise, fixtures or equipment abandoned, even though it is necessary for CITY to remove same from the leased premises for storage or disposal.

F. Failure to obtain or maintain, for any reason whatsoever, any license or permit required to provide services pursuant to this Agreement, including, without limitation, a City business license.

G. Any other breach of or default under this Agreement that CITY deems material and that DEL RIO fails to correct within thirty (30) days after CITY gives notice of said breach or default.

5. **FEES TO CITY:**

Green Fee Revenues: 100% of all green fees at Municipal Course belong to the CITY. All revenues to be deposited daily into City's on-site safe until picked up by armored car service for deposit in CITY Treasury.

FootGolf Revenues: In Year 1 of this agreement (November 1, 2015 – October 30, 2016), the CITY will receive 100% of FootGolf green fees up to $2,500. Any FootGolf green fees above $2,500 shall be split 75% to the CITY, 25% to DEL RIO. In Year 2 of the agreement (November 1, 2016 – October 30, 2017), the CITY will receive 100% of FootGolf green fees up to $5,000. Any FootGolf green fees above $5,000 shall be split 75% to the CITY, 25% to DEL RIO. In any extension years of the agreement, the CITY will receive 100% of FootGolf green fees above$7,500. Any FootGolf green fees above $7,500 will be split 60% to

the CITY, 40% to DEL RIO.

6. **LATE FEE:**

If DEL RIO fails to pay, when the same is due and payable, any payment DEL RIO is obligated to pay under this Agreement, such unpaid amount shall bear interest at the rate of ONE (1%) PERCENT per month, simple interest, from the date due until the date of payment.

7. **POSSESSORY INTEREST:**

DEL RIO recognizes and understands that this Agreement may create a possessory interest subject to property taxation and that if such an interest is created, DEL RIO shall be solely liable and responsible for the payment of any such property taxes levied.

8. **OPERATIONS:**

A. DEL RIO agrees that the duties and obligations which are its responsibility under this Agreement shall be performed to the satisfaction of the CITY. All accounting of fees and revenue to be collected and delivered to the CITY shall be accomplished in accordance with reasonable accounting practices and principles acceptable to the CITY's Finance Director.

B. CITY agrees to provide for all necessary landscape maintenance to Municipal Course and practice facility, through its Provider, subject to the oversight obligations retained by DEL RIO as set forth elsewhere in this Agreement.

C. DEL RIO shall, at its sole expense, obtain and maintain in full force and effect throughout the Term and any extension thereof, any and all applicable permits , certifications and business licenses which may be required by any law, including administrative regulations and local ordinances, for the conduct of DEL RIO's operations under this Agreement, including, without limitation, a CITY business license within ten (10) days after the effective date of this Agreement, DEL RIO shall furnish CITY with copies of all such permits and licenses.

D. DEL RIO agrees to issue a cash register receipt to each golfer paying green fees and FootGolf fees.

E. Golf car prices shall be set by DEL RIO in an amount consistent with prices charged at similar golf courses in the area. The amount charged shall be approved in advance by the CITY.

F. Municipal course will open at sunrise and close at sunset, except Christmas Day.

G. DEL RIO shall institute and follow the following course closure procedures during inclement weather and/or hazardous conditions:

1. Upon decision to close Municipal Course, Del Rio staff will remain on site at Municipal Course for one hour and place closure/warning sign(s) at a location(s) prescribed by the Director or his/her designee.

2. Del Rio will bring in closure/warning sign(s) upon reopening of the Municipal Course.

H. Retention of Records:

1. DEL RIO shall retain all its books and records of account for not less than two (2) years following the expiration of the Term and any extension thereof. Such books and records of account shall show all DEL RIO'S gross receipts from its concession services pursuant to this Agreement, all deductions therefrom, supporting documents and all other information required by this Agreement.

2. DEL RIO shall retain such books and records of account, and such reports and records as may be required of it, or requested by CITY, pursuant to this Agreement at a location within the City of Modesto, and shall keep and maintain the same in accordance with accepted professional accounting principles.

I. Audit and Access to DEL RIO'S Records:

1. DEL RIO shall make its books, records of account, and supporting documents available to CITY, its agents, or auditors, for inspection, audit, and copying, during usual business hours, as may be requested by CITY from time to time throughout the Term or any extension thereof. DEL RIO shall provide CITY such access to its records for CITY'S purposes in verifying information submitted by DEL RIO in any report or financial statement required or requested of it pursuant to this Agreement, and for CITY'S purposes in verifying DEL RIO'S compliance with the terms of this Agreement, but for no other purpose.

2. Within TWO (2) calendar years following the last day of the Term or any extension thereof, upon notice to DEL RIO, CITY may, at CITY's sole expense, inspect, audit, and copy DEL RIO'S books, records of account, and supporting documentation relating to DEL RIO'S services provided by DEL RIO pursuant to this Agreement. CITY, its agents, or auditors may inspect, audit, and copy such books, records of account, and supporting documentation.

J. All personal property on the service facilities premises shall be at the risk of DEL RIO. CITY shall not be liable for theft or any damage, either to person or property sustained by DEL RIO or others, caused by any defects now on said the service or defects hereafter occurring therein; or caused by fire or the bursting or leaking of water, gas, sewer or steam pipe; or caused by any act or neglect of DEL RIO or other occupants of the premises or any other person; or due to the happening of any accident from whatsoever cause in or about said premises.

K. DEL RIO agrees that it shall, at the termination of this Agreement or any extension thereof, forthwith surrender all of the subject premises to CITY in the same good state of repair and condition in which they presently exist, wear and tear from reasonable use, acts of

God, and the elements accepted.

L. DEL RIO agrees that it shall never, at any time, allow any mechanics', material men's or laborers' liens to attach to the service facility and/or CITY equipment therein, and further agrees to hold CITY harmless from any and all such liens arising in any manner out of the rights granted DEL RIO by CITY under this Agreement, including reasonable attorneys' fees and costs associated with defense of such lien action.

M. DEL RIO agrees to vacate the service facilities at the expiration of the Term or upon the termination of this Agreement, whichever occurs first, and failing to vacate as herein provided, agrees that CITY, or its authorized agents, may enter upon the premises and remove all personal property therefrom, and in this event, DEL RIO waives any and all claims for damages against CITY, its agents or employees. Nothing herein shall be deemed a waiver of rights of CITY to demand and obtain possession of the premises in accordance with the law in the event of a violation of DEL RIO's part of any of the terms or conditions hereof.

N. If DEL RIO shall hold over the use of the service facilities with the consent of CITY, either express or implied, after expiration of the original term or an extension of the original term, such holding over shall be construed to be only a tenancy from month-to-month subject to all of the covenants, conditions and obligations contained in this Agreement provided, however, that nothing in this paragraph shall be construed to give DEL RIO any rights to so hold over and to continue in possession of the service facilities thereof without the implied or expressed consent of CITY.

O. DEL RIO shall not discriminate against any employee or customer for employment or access to the leased premises because of race, religion, color, handicap, sex or national origin.

P. CITY and DEL RIO agree that all computers used for the current EZ Links Reservation System are provided by the City of Modesto. All cost associated with the operation and maintenance of this EZ Links Reservation System shall be the responsibility of the CITY.

9. **INDEPENDENT CONTRACTOR:**

At all times during the term of this Agreement, DEL RIO shall be an independent contractor as defined in Labor Code Section 3353, and shall not be an employee of CITY. Neither DEL RIO, its principal nor any DEL RIO employee is an employee of CITY and none are entitled to any of the rights, benefits, or privileges of CITY employees, including but not limited to medical, unemployment, or Workers' Compensation insurance. Both parties will be acting in an independent capacity in the performance of this Agreement and not as agents, employees, partners, or joint ventures with one another.

10. **PERSONAL SERVICES:**

This Agreement contemplates the personal services of DEL RIO and its employees as independent contractors, and the parties recognize that a substantial inducement to CITY to enter this Agreement was, and is, the professional reputation and competence of DEL RIO and its employees or independent contractors. Neither this Agreement nor any interest herein may be assigned by DEL RIO without the prior written consent of CITY. Nothing herein contained is intended to prevent DEL RIO from employing or hiring as many employees or independent contractors as DEL RIO may deem necessary for the proper and efficient performance of this Agreement.

11. **CONTROL:**

Neither of the parties nor their officers, agents, or employees shall have any control over the conduct of the other's employees, except as herein set forth; and DEL RIO expressly agrees

not to represent that DEL RIO or any of DEL RIO's agents, servants, or employees, are in any manner the agents, servants, or employees of CITY.

12. **INDEMNITY:**

DEL RIO hereby agrees to defend, indemnify and hold harmless the CITY, its officers, agents, employees, volunteers, and golf course maintenance provider (currently ValleyCrest Inc.), and each of them, from and against any and all losses, damages, liability, claims, demands, judgments, actions, court costs and legal or other expenses (including attorneys' fees) which arise out of, pertain to, or involve DEL RIO's performance of, or failure to perform, its rights, duties and obligations in connection with this Agreement. This indemnity obligation shall not extend to any claim arising solely from the negligence or willful misconduct of the CITY, its officers, agents, employees, or volunteers.

CITY hereby agrees to defend, indemnify and hold harmless DEL RIO, its officers, agents, employees and volunteers, and each of them, from and against any and all losses, damages, liability, claims, demands, judgments, actions, court costs and legal or other expenses (including attorneys' fees) which arise out of, pertain to, or involve CITY's performance of, or failure to perform, its rights, duties and obligations in connection with this Agreement. This indemnity obligation shall not extend to any claim arising solely from the negligence or willful misconduct of DEL RIO, its officers, agents, employees, or volunteers.

In the event that DEL RIO, or any employee, agent or subcontractor of DEL RIO providing services under this Agreement is determined by a court of competent jurisdiction or the California Public Employees Retirement System (PERS) to be eligible for enrollment in PERS as an employee of CITY, DEL RIO shall indemnify, defend and hold harmless CITY for the payment of any employee and/or employer contributions for PERS benefits on behalf of

DEL RIO or its employees, agents or subcontractors, as well as for the payment of any penalties and interest on such contributions, which would otherwise be the responsibility of the CITY.

13. **INSURANCE REQUIREMENTS:**

DEL RIO shall provide at its own expense and maintain at all times the following insurance with insurance companies licensed in the State of California and shall provide evidence of such insurance to the CITY as may be required by the Risk Manager of the CITY. The policies or certificates thereof shall provide that, thirty (30) days prior to cancellation or material change in the policy, notices of same shall be given to the Risk Manager of the CITY by registered mail, return receipt requested, for all of the following stated insurance policies.

A. Workers' Compensation - in compliance with the statutes of the State of California, plus employer's liability with a minimum limit of liability of $500,000.

B. General Liability insurance with a minimum limit of liability per occurrence of $1,000,000 for bodily injury and $100,000 for property damage or $1,000,000 combined single limit. This insurance shall indicate on the certificate of insurance the following coverages and indicate the policy aggregate limit applying to: premises and operations; broad form contractual; independent contractors and subcontractors; products and completed operations; and/or professional liability. In addition, if the CONTRACTOR will be supplying alcoholic beverages, the general liability insurance shall include host liquor liability coverage. If the CONTRACT intends to sell alcohol either the CONTRACTOR or vendor providing the alcohol for sale must have a valid liquor sales license and liquor liability insurance covering the sale of alcohol.

C. Employee Dishonesty insurance with a minimum limit of $30,000. This coverage to insure all officials, agents and employees with access to funds received by DEL RIO.

If at any time any of said policies shall be unsatisfactory to the CITY, as to form or substance or if a company issuing such policy shall be unsatisfactory to the CITY, DEL RIO shall promptly obtain a new policy, submit the same to the Risk Manager for approval and submit a certificate thereof as hereinabove provided. Upon failure of DEL RIO to furnish, deliver or maintain such insurance and certificates as above provided, this Agreement, at the election of the CITY, may be forthwith declared suspended, or terminated. Failure of DEL RIO to obtain and/or maintain any required insurance shall not relieve DEL RIO from any liability under this Agreement, nor shall the insurance requirements be construed to conflict with or otherwise limit the obligations of DEL RIO concerning indemnification. The CITY, its agents, officers, employees, and volunteers shall be named as an additional insured on all insurance policies required herein, except Workers' Compensation. The Workers' Compensation insurer shall agree to waive all rights of subrogation against the CITY, its agents, officers, employees, and volunteers for losses arising from work performed by DEL RIO for the CITY. DEL RIO's insurance policy(ies) shall include a provision that the coverage is primary as respects to the CITY; shall include no special limitations to coverage provided to additional insured; and, shall be placed with insurer(s) with acceptable Best's rating of A:VII or with approval of the CITY's Risk Manager.

14. **ASSIGNMENT:**

DEL RIO may not assign, transfer or otherwise alienate its rights and obligations pursuant to this Agreement. CITY may assign this Agreement to any subsequent owner of the

courses (including the CITY), provided such owner assumes all responsibilities hereunder.

15. **NOTICES**:

All written notices and communication required to be given under the provisions of this Agreement shall be delivered personally or delivered by deposit in the United States mail, postage prepaid return receipt requested, and addressed as follows:

TO CITY:

Business Manager
Community and Economic Development Department
City of Modesto
P.O. Box 642
Modesto, CA 95354

TO DEL RIO:

Executive Director
The First Tee of the Central Valley
801 Stewart Road
Modesto, CA 95356

16. **GENERAL TERMS**:

A. **Waiver.** Any waiver by CITY of any obligation or condition in this Agreement must be in writing. No waiver will be implied from any delay or failure by CITY to take action on any breach or default of DEL RIO or to pursue any remedy allowed under this Agreement or applicable law. Any extension of time granted to DEL RIO to perform any obligation under this Agreement shall not operate as a waiver or release from any of its obligations under this Agreement. Consent by CITY to any act or omission by DEL RIO shall not be construed to be a consent to any other or subsequent act or omission or to waive the requirement for CITY's written consent to future waivers.

B. **Amendments**. This Agreement, including any exhibits hereto, shall not be amended except in writing, signed by the Parties. Any amendment or addendum to this

Agreement shall expressly refer to this Agreement.

C. **Applicable Law**. This Agreement shall be interpreted under and be governed by the laws of the State of California.

D. **Severability**. Every provision of this Agreement is intended to be severable. If any provision of this Agreement shall be held invalid, illegal, or unenforceable by a court of competent jurisdiction, the validity, legality, and enforceability of the remaining provisions shall not in any way be affected or impaired.

E. **Title of Parts and Sections**. Any titles of the sections or subsections of this Agreement are inserted for convenience of reference only and shall be disregarded in interpreting any part of the Agreement's provisions.

F. **Language Construction**. The language of each and all paragraphs, terms and/or provisions of this Agreement, shall, in all cases and for any and all purposes, and in any way and all circumstances whatsoever, be construed as a whole, according to its fair meaning, and not for or against any party hereto and with no regard whatsoever to the identity or status of any person or persons who drafted all or any portion of this Agreement.

G. **Discretion of City**. CITY'S execution of this Agreement in no way limits the discretion of CITY in the permit and approval process in connection with any improvements by DEL RIO.

H. **Entire Agreement**. This Agreement and any exhibits attached hereto constitute the sole and entire Agreement of the parties hereto with respect to the matters herein and correctly sets forth the rights, duties, and obligations of each to the other as of the date first written above. There are no other agreements or understandings, written or oral, between the parties regarding this Agreement other than those set forth herein. All prior or

contemporaneous negotiations, agreements, and understandings, oral or written, are revoked, cancelled, and rescinded, and are all merged herein and superseded hereby.

I. **Authority of the Parties**. Each individual executing this Agreement on behalf of the respective Parties represents and warrants that he/she is duly authorized to execute this Agreement on behalf of the respective Parties.

J. **Non-Liability of City Officials, Employees and Agents**. No member, official, employee or agent of CITY shall be personally liable to DEL RIO in the event of any default or breach by CITY or for any amount which may become due to DEL RIO or its successor or on any obligation under the terms of this Agreement.

K. **Law Abiding Conduct**. DEL RIO agrees that it will comply with all applicable laws and ordinances in the conduct of its business, and further agrees that CITY shall have the right to enter upon said premises at all reasonable times for the purpose of inspection and to ensure enforcement of this Agreement and ordinances and laws governing DEL RIO's use of the service facilities.

L. **Arbitration**. Any dispute or claim arising out of or related to this Agreement, its performance, breach, or interpretation (including issues about its validity or enforceability), shall be exclusively, (except as approved below) resolved by binding arbitration before the American Arbitration Association (AAA), utilizing its Commercial Arbitration Rules. One Arbitrator shall be selected using AAA procedures. The Arbitrator shall use all reasonable efforts to minimize discovery and to complete the arbitration proceedings as expeditiously as possible. The Arbitrator shall render a written decision within thirty (30) calendar days of the hearing. The Arbitrator will not award attorney's fees, or punitive, incidental, consequential, treble or other multiple or exemplary damages, and the parties hereby agree to waive and not

seek such damages. Either party may seek judicial relief to compel the other party to comply with the provisions of this Section. The arbitration shall be held in Modesto California; both parties give their irrevocable consent to jurisdiction of the courts of or in the State of California, as well as processes of the AAA in California. Awards shall be final, binding and non-appealable (except on the minimal grounds required under the Federal Arbitration Act or other applicable law). All awards may be filed with one or more courts, state, federal or foreign having jurisdiction over the party against whom such award is rendered or its property, as a basis of judgment and of the issuance of execution for its collection.

M. **No Third Party Beneficiaries**. No person or entity, other than DEL RIO shall be deemed to be a third party beneficiary hereof; and nothing in this Agreement (either express or implied) is intended to confer upon any person or entity, other than CITY and DEL RIO (and their respective officers, City's, employees and agents providing services under this Agreement) any rights, remedies, obligations or liabilities or by reason of this Agreement.

IN WITNESS WHEREOF, the City of Modesto, a Municipal corporation, has authorized the execution of this Agreement in duplicate by its City Manager and attestation by its City Clerk under authority of Resolution No. _____, adopted by the Council of the City of Modesto on the _____ day of _____, 2015, and DEL RIO has caused this Agreement to be duly executed.

EXHIBIT "A"

CLUBHOUSE MAINTENANCE

City will be responsible for all maintenance activities connected with the upkeep, both inside and out, of the clubhouse at the City of Modesto's Municipal Golf Course including but not limited to:

- Maintain/repair HVAC at clubhouse. This includes preventative maintenance, repairs and materials. This includes replacement of failed units.

- Maintain/repair all food preparation equipment owned by the City. This includes preventative maintenance, repairs and materials, and replacement of failed units. Daily and routine cleaning of all food preparation equipment is the responsibility of DEL RIO.

- Maintain water heaters at clubhouse. This includes preventative maintenance, repairs and materials. This includes replacement of failed units.

- Remove debris from roof of clubhouse twice per year.

- Maintain and repair clubhouse roof, rain gutters, windows and window seals as needed. This includes replacement of failed units.

- Maintain car shed. Includes preventative maintenance, repairs and materials. This includes replacement of failed units.

- Miscellaneous:
  Basic plumbing maintenance and repair including preventive maintenance, repairs and materials.
  Basic cabinetry works and repairs including preventative maintenance, repairs and materials.
  Touch-up painting of clubhouses as needed.

EXHIBIT "B"

MUNICIPAL GOLF COURSE CASH HANDLING PROCEDURES

It is the policy of the City of Modesto and Del Rio CC Foundation to utilize the best and safest cash handling procedures when handling monies at Municipal Golf Course.

- All golf and FootGolf tee time receipts shall be rung up on CITY's cash register at the Municipal Course.

- Cashiers will give a cash register receipt to each and every patron paying for green fees.

- Methods of payment for green fees shall be in cash or credit card. Personal checks are discouraged unless justifying circumstances (i.e. tournament bookings).

- Daily green fee receipts will be deposited in the CITY drop safe at Municipal Course.

- The City of Modesto and Del Rio CC Foundation have jointly developed, and agreed upon, the daily cash handling procedures to be used at Municipal Course.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-488

RESOLUTION APPROVING A TWO-YEAR EXTENSION TO THE SECOND AMENDED AND RESTATED DISPOSITION AND DEVELOPMENT AGREEMENT WITH EAH INC., A NONPROFIT HOUSING CORPORATION, TO ALLOW TIME FOR NEGOTIATION AND TRANSFER OF A CITY-OWNED PARCEL ON 9TH STREET TO EAH INC. FOR THE CONSTRUCTION OF 74 AFFORDABLE MULTIFAMILY UNITS, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE ALL DOCUMENTS NECESSARY TO CARRY OUT THE OBLIGATIONS OF THE CITY, AND THE CITY AS THE SUCCESSOR HOUSING AGENCY

WHEREAS on April 28, 2009, the Redevelopment Agency of the City of Modesto (Agency) and EAH, Inc., a nonprofit housing corporation (Developer), entered into an Agreement to Negotiate Exclusively, in which the Agency provided the Developer with a pre-construction loan in the initial amount of $200,000, and

WHEREAS, on June 2, 2009, the Agency and Developer entered into a Disposition and Development Agreement (DDA) outlining the initial terms for either conveyance by fee title or ground lease of a parcel on 9th Street and Carver Road that was intended for development of an approximately 150 unit affordable rental housing project, and,

WHEREAS, on July 12, 2009, the Agency and Developer entered into an Amended and Restated DDA, clarifying that the Developer would purchase the Site for development of the Project, and

WHEREAS, on February 22, 2011, the Agency and Developer entered into a Second Amended and Restated DDA allowing the City to convey a portion of the Site to the Developer for Phase I of the Project consisting of 76 units, improvements and amenities, and

WHEREAS, this amendment also granted the Developer an option to purchase the balance of the Site, within two years of close of escrow or conveyance of Phase I, to develop Phase II of the Project consisting of 74 units, and

WHEREAS, EAH, Inc., a nonprofit housing corporation, submitted a proposal through the HOME Program Request for Qualifications for Affordable Housing Developers on June 29, 2015 for Archway Commons Phase II.

WHEREAS, on September 8, 2015 the City Council, by Resolution No. 2015-345, awarded $260,000 in HOME Investment Partnership Program (HOME) funds and up to $883,694 of future HOME funds to the Project, and

WHEREAS, on August 31, 2015, the City received a letter from the Developer requesting to begin discussions to formalize a DDA for Phase II of the Project including financing and construction of the 74 units; after Staff and City legal counsel met with the Developer and agree that it is in the best interest of the City to grant a two-year extension to the Second Amended as well as the Restated DDA to provide the Developer time to secure the financing for the development of Phase II of the Project, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it approves a two-year extension to the Second Amended and Restated Disposition and Development Agreement with EAH Inc., a nonprofit housing corporation, to allow time for negotiation and transfer of a City-owned parcel on 9th street to EAH Inc. for the construction of 74 affordable multifamily units, and authorizing the City Manager, or his designee, to execute all documents necessary to carry out the obligations of the City, and the City as the Successor Housing Agency.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 15th day of December, 2015, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-489

RESOLUTION APPROVING A MANAGEMENT AND DISBURSEMENT AGREEMENT WITH MODESTO IMPROVEMENT PARTNERSHIP, INC. FOR THE OPERATION OF THE DOWNTOWN MODESTO COMMUNITY BENEFIT DISTRICT

WHEREAS, on September 1, 2015, the City Council adopted Resolution No. 2015-330 forming the Downtown Modesto Community Benefit District (the "District") and the tallied District ballot received more than fifty percent (50%) weighted approval to levy and collect the special assessments on real property for the use and administration of the Management District Plan (the "Plan"), and

WHEREAS, the Plan is to be funded through an annual levy of special assessments upon specially benefitted real property within the District commencing at the end of 2015 and continuing for fifteen (15) years, and

WHEREAS, the Modesto Improvement Partnership, Inc. (MIP), a California non-profit public benefit corporation, was incorporated and filed with the Secretary of State on September 16, 2015, and

WHEREAS, MIP desires to be engaged by the City and the City Council desires to enter into an Agreement with MIP for the purpose of operation and management of the District and the implementation of the Plan,

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Modesto that it hereby approves a Management and Disbursement Agreement with the Modesto Improvement Partnership, Inc. for the operation and management of the District and the implementation of the Plan, and authorizes the City Manager, or his designee, to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 15th day of December, 2015, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-490

A RESOLUTION ORDERING THE LEVY AND COLLECTION OF CHARGES WITHIN THE MODESTO DOWNTOWN COMMUNITY BENEFIT DISTRICT

WHEREAS, the City of Modesto's Community Benefit District Ordinance, Modesto Municipal Code Title 8, Chapter 9 (the "Ordinance") authorizes the City to establish a Community Benefit District ("CBD") for up to 20 years to enhance the security, safety, appearance, and economic viability within such districts; and

WHEREAS, the Ordinance authorizes the City to levy and collect assessments on real property within such districts for the purpose of providing improvements and promoting activities that specially benefit real property within such district; and

WHEREAS, the ordinance authorizes the City to use the procedures set forth in the property and Business Improvement District Law of 1994 (Streets & Highways Code sections 3660 et seq.) (the 'PBID Law") as modified by the Ordinance for purposes of forming an assessment district; and

WHEREAS, on September 1, 2015, the City of Modesto adopted Resolution No. 2015-330 forming the Downtown Modesto Community Benefit District (District) and levying the assessment for the purpose of providing improvements and promoting activities specially benefiting the real property within the District; and

WHEREAS, the charges against the real property are not levied with regard to property values but rather on building area, land area and street frontage; and

WHEREAS, the City of Modesto has determined and certifies that the charges are either exempt from or in compliance with all the provisions of Proposition 218, which was passed by the voters in November 1996. The City of Modesto has further

determined that the charges are in compliance with all laws pertaining to the levy of such charges.

NOW, THEREFORE, BET IT RESOLVED that the City of Modesto so orders the levy and collection of such charges with the Downtown Modesto Community Benefit District for the 2015/16 fiscal year, and in each subsequent fiscal year in which the charges may validly be levied; that a certified copy of this resolution and the **attached** documentation shall be delivered to the Auditor-Controller of the County of Stanislaus for placement of such charges on the 2015/16 County Tax Roll, and in each subsequent fiscal year in which the charges may validly be levied.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 15th day of December, 2015, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

MANAGEMENT AND DISBURSEMENT AGREEMENT

by and between

CITY OF MODESTO,
a California Municipal Corporation,

and

MODESTO IMPROVEMENT PARTNERSHIP, INC.
a California Non-Profit Public Benefit Corporation

_____ ____, 2015

MANAGEMENT DISBURSEMENT AGREEMENT

This Management and Disbursement Agreement (this "**Agreement**"), between the City of Modesto, a municipal corporation (the "**City**"), and the Modesto Improvement Partnership, Inc., a California nonprofit public benefit corporation ("**MIP**"), is entered into this _____day of _____ 2015 (hereinafter the "**Effective Date**"). The City and MIP shall respectively be referred to as the "**Party**" or collectively as the "**Parties**."

RECITALS

WHEREAS, on September 1, 2015, the City Council adopted Resolution No. 2015-330, forming the Downtown Modesto Community Benefit District (the "**District**") pursuant to Ordinance No. 3616-C.S. effective June 5, 2015, which added Chapter 9, "Community Benefit Districts" under Title 8, "Finance, Revenue and Taxation," of the Modesto Municipal Code ("MMC Section 8-9.101, et. seq."); and

WHEREAS, the Management District Plan for the District (the "**Management Plan**") and Engineer's Report describe and set forth the intended particular and special benefit the property owners in the District will receive from new security, sidewalk maintenance, beautification, promotional, and marketing activities and improvements to be provided by MIP through implementation of the Management Plan (the "**Management Plan Improvements**"); and

WHEREAS, the City through a District ballot tallied on September 1, 2015 received more than fifty percent (50%) weighted approval to levy and collect the special assessments on real property for use and administration pursuant to the Management Plan; and

WHEREAS, the Management Plan Improvements will be funded through an annual levy of special assessments upon real property within the District (the "**Assessments**"), commencing on December 1, 2015, and continuing for fifteen (15) consecutive years through November 30, 2030; and

WHEREAS, the City desires to contract with MIP to provide for the operation and management of the District and the implementation of the Management Plan, such services include but are not limited to creating a District budget and policies to comply with the Management Plan; preparing and filing annual reports with the City reflecting compliance with the Management Plan; and overseeing the day-to-day implementation of the Management Plan Improvements; and

WHEREAS, the County of Stanislaus ("**County**") will collect the special assessment on the real property in the District following the City's order to levy and collect the assessments, and the City will remit the assessments ("**District Revenue**") to MIP; and

WHEREAS, the Parties desire to enter into this Agreement in order to coordinate their respective activities necessary for the successful operation, administration and implementation of the Management Plan and management and operation of the District.

NOW THEREFORE, the Parties to this Agreement do hereby covenant and agree as follows:

1. MIP Responsibilities.

1.1. Program Implementation and Operation. MIP shall be fully responsible for managing, developing, and implementing the Management Plan, attached hereto as **Exhibit A** and on file with the City Clerk. MIP assumes all responsibility for completing activities required to implement the Management Plan and its programs.

1.2. Annual Report and Budget.

1.2.1. Annual Report and Budget. MIP shall submit an Annual Report and Budget for each fiscal year for which Assessments were levied and collected to the City for review and approval (the "**Annual Report and Budget**"). The Annual Report and Budget shall be prepared in accordance with Section 36650 of the Streets and Highways Code, and Article XIII.D of the California Constitution. The first Annual Report and Budget shall be submitted one (1) year after MIP receives its first disbursement of District Revenues from the City. Subsequent Annual Reports and Budgets shall be submitted no later than sixty (60) days after the end of the fiscal year.

1.2.2. Budget. MIP shall allocate funds for the improvement activities and services outlined in the Management Plan and in accordance with the allocation amounts specified therein.

1.2.3. Any proposals by MIP to modify or amend the boundaries of the District, or the basis or amount of levying assessment that require a public hearing, shall be submitted to the City by May 1st of each year.

1.3. Separate Bank Account for District Revenues. All District Revenues received by MIP pursuant to this Agreement shall be held in a bank account separate and apart from any other funds managed or administered by MIP, and shall not be co-mingled with any other funds (the "**Account**"). Copies of all MIP District Revenue Account statements shall be made available to the City within ten (10) days of written request.

1.4. Open Meetings Laws and California Public Records Act. MIP shall comply with the open meeting requirements of the Ralph M. Brown Act with regard to its performance of this Agreement. MIP must maintain and disclose any District-related records in accordance with the California Public Records Act.

1.5. The City's General Fund Not Liable. The City shall only be responsible for payment of its property assessment as a property owner in the District. Neither the City's General Fund, nor any other City fund, revenue source, or any other City monies, except the actual Assessment for property the City owns in the District pursuant to MMC Section 8-9.101, et. seq., shall be collected from the County and transferred to MIP by the City. The City is not obligated to loan or procure funding for the District. All Parties acknowledge and agree that any unpaid Assessments in the District are not a debt of the City, nor a legal or equitable pledge, charge, lien or encumbrance upon any City property or upon City income, receipts or revenues.

1.6. Financial Statements.

1.6.1. Annually, in conjunction with the Annual Report and Budget, MIP shall prepare financial statements that document the disposition, commitment and line-item expenditures of all District Revenues received during the previous fiscal year (the "**Financial Statement**"). The Financial Statement shall be prepared by a Certified Public Accountant who will render at a minimum an "Unqualified Review Opinion" regarding whether or not there are any material modifications that should be made to the Financial Statement in order for them to be in conformity with accounting principles generally accepted in the United States of America.

1.6.2. The Financial Statement shall be delivered to the City at the same time as the Annual Report and Budget or within one hundred twenty (120) days of the completion of each fiscal year of MIP.

1.6.3. The City's review of the Financial Statement shall be conducted in accordance with Government Auditing Standards (2003 and subsequent revisions) prescribed by the Comptroller General of the United States. All other audits shall be prepared in accordance with Generally Accepted Accounting Principles in the United States of America.

1.6.4. Any District Revenues necessary to cover MIP's portion of the Financial Statement shall be set aside in the Budget.

1.6.5. Audit. MIP shall conduct a full unqualified audit following their first fiscal year in operation. The audit shall be submitted to the City for review. The City shall have the right to request that an unqualified audit be conducted every five (5) years during the term of this Agreement. During the interim years, an audit opinion may be submitted in lieu of an unqualified audit. The City may request a full audit of the Financial Statement, if in its sole and absolute discretion, the City believes such an audit is necessary. The review or audit will be paid for by MIP.

1.7. Cooperation. MIP shall perform its obligations and carry out its responsibilities under this Agreement and the Management Plan in a cooperative manner with the City. Implementation activities shall be coordinated with the City as necessary.

1.8. Assessment Records. MIP shall maintain a complete database for each parcel assessed within the District, containing the following information:

1.8.1. Assessor's Parcel Number;

1.8.2. Street Address;

1.8.3. Name and Address of Owner(s) of Record;

1.8.4. Amount of the Assessment Levied;

1.8.5. Proportionate Financial Obligation Imposed, compared to District; and

1.8.6. Assessment Calculations, including all variables used.

MIP agrees to maintain such information and make it available to property owners within the District during regular business hours.

1.9. Annual Assessment Preparation. By June 1st of each operating year, MIP shall provide the City with Assessment data for the subsequent tax year (July 1 – June 30), in a format prescribed by the City. The Assessment data shall include all of the information required in "Assessment Records," as described in Paragraph 1.8.

1.10. Liaison with Community. MIP shall maintain on-going communication and coordination with District property owners, residents and property owners, which shall include:

1.10.1. Annual Meeting. At its own cost and expense, MIP shall organize and conduct, at a minimum, one (1) annual public meeting to be noticed in writing and mailed to all record owners of property in the District. This meeting will be conducted at a location convenient to the District.

1.10.2. Other Events. Such other events and activities involving District property owners that encourage attainment of the District goals and objectives.

1.11. Cost and Expense Records. MIP shall maintain full and complete records of activities performed under this Agreement. Such records shall be open to inspection by the City, and shall be maintained for a minimum of four (4) years after the termination of this Agreement.

1.12. Payment of Expenses. MIP will be responsible for all expenses incurred in performing its duties under this Agreement.

1.13. Tools, Materials and Equipment. MIP will supply all tools, materials and equipment required, if any, to perform the Disbursement Duties.

1.14. Compensation. MIP agrees and understands that it shall receive no compensation for any of the Disbursement Duties or other obligations set forth in this Agreement.

1.15. Competitive Bidding. MIP shall competitively bid all contracts over Twenty-Five Thousand Dollars ($25,000) and shall keep and provide copies of all bids submitted for review to any affected property owners or to the City upon request. The lowest bidder will not necessarily receive the contract that is bid. The quality, performance and experience of bidding contractor shall be taken into consideration prior to the awarding of that contract. The maximum contract term shall be three (3) years for competitively bid projects.

2. **The City Responsibilities**.

2.1 Administration. This Agreement shall be administered by the City Manager or his/her designee. The City agrees to:

2.1.1 Coordinate the collection of the annual Assessment through an agreement with Stanislaus County; (hereafter referred to as the "**County**"), ensure the billing of those public or tax-exempt entities not billed through the County property tax billing procedures; and monitor the payment process of Assessments by public entities and other tax-exempt District property owners;

2.1.2 Provide timely District property tax roll information to the County Auditor-Controller in order to include the annual Assessment amounts on the County's property tax bills;

2.1.3 Direct the disbursement of collected Assessments to MIP in accordance with this Agreement and the approved Annual Report and Budget; and

2.1.4 Perform other related tasks as agreed to by the City.

2.2 Discrepancies and Assessment Disputes. The City may assist with the resolution of any discrepancies in individual Assessment amounts or calculations and has the authority to:

2.2.1 Conduct reviews and/or audits of any Assessment related data; verify Assessment data as compiled by any consultant, sub-consultant, or other party hired by MIP; perform field or on-site inspections to verify the accuracy of Assessment data or investigate any property owner claims concerning the accuracy of any Assessment data; and

2.2.2 Recalculate the Assessment amount due and request the County Auditor-Controller (the "**CAC**"), make the requested adjustments. Provided however, that if the CAC does not honor the City's request to recalculate the Assessment, the City shall not be liable in any way for any Assessments other than its own, and shall not be obligated to pursue any action against the CAC to obtain any adjustment or recalculation.

2.3 Disbursements. The annual District Assessments, including Assessments to be collected from the City and tax-exempt property owners, will be collected through the County property tax collection procedures and will be transmitted to the City pursuant to agreements between the City and County. Except for the payment of advanced funds defined in Paragraph 2.5 and costs defined in Paragraph 3.1, below, the City shall disburse the collected Assessments to MIP pursuant to the terms and conditions of this Agreement. The City and the County shall not be obligated to disburse Assessments which have not been collected. Any funds received that are in excess of the annual Assessment (i.e. penalties, late-payments, etc. relating thereto) shall be disbursed to MIP upon receipt.

2.3.1 The City shall deposit all District Assessments remitted by the County, except for any funds advanced pursuant to Paragraph 2.5 or the City's Administrative Costs pursuant to Paragraph 3.1, into a fund created solely for the deposit of these assessments ("**District Fund**").

2.3.2 District Assessment Disbursement Schedule. Contingent upon receipt of District Assessment funds from the County, as well as those collected by the City for those parcels that are tax-exempt and contingent upon MIP's compliance with this Agreement and the Management Plan, the City shall disburse to MIP the Assessments received from the County in accordance with the following schedule:

December 18th	Fifty-five percent (55%) the of annual Assessment collected by the County. Plus fifty-five percent (55%) of the annual Assessments received and collected by the City from tax-exempt and publicly owned parcels within the District.
April 30th	Forty percent (40%) of the annual Assessment collected by the County. Plus forty percent (40%) of the annual Assessments received and collected by the City from tax-exempt and publicly owned parcels within the District.
July 20th	Any additional Assessment amounts collected by the City or County during the fiscal year (terminating on June 30th).

2.4 Subsequent Adjustments. If there is an adjustment in the Disbursement due to changes in receipts of District Revenue, such Disbursement may be adjusted in the following year. The City shall not be responsible for delays in payments due to delays in transmittal by the County.

2.5 City Advances to District Fund. The City may, upon written request by MIP, advance funds to the District Fund in an amount not to exceed three (3) months of their monthly cash flow budget requirements as outlined in their budget. The amount advanced shall be repaid to the City within six (6) months. The City may withold the advanced amounts from disbursments to MIP.

2.6 The City Review of Financial Summary. The City reserves the right, at any time, to request a current financial summary of all District Revenues committed and/or spent from MIP. MIP shall submit such financial summary to the City within thirty (30) business days of the City's request.

2.7 Cooperation. The City shall perform its obligations and carry out its responsibilities under this Agreement and the Management Plan in a cooperative manner with MIP. Implementation activities shall be coordinated with the MIP as necessary.

3. Costs and Expenses. The Parties acknowledge that the County will deduct from the funds collected, on behalf of the District, the County's administrative costs for the collection and distribution of Assessments to the City (the "**County Administrative Costs**").

3.1 The City shall annually withhold an amount not to exceed $2,000 of District Revenues to cover the City's administrative costs.

4. Independent Contractor. It is expressly agreed that in the performance of this Agreement, MIP is an independent contractor and is not an employee of the City. MIP shall be solely responsible for all matters relating to the payment of its employees, including compliance with social security, withholding and all other regulations governing such matters, and shall be solely responsible for MIP's own acts and those of MIP's subordinates and employees.

5. MIP Not Agent of the City. Neither MIP, nor any of its employees, agents, representatives or subcontractors, are or shall be deemed to be agents of the City or public officials for any purpose, including fulfillment of MIP's obligations pursuant to this Agreement.

6. MIP's Qualifications. MIP represents that it has the qualifications and skills necessary to perform the Disbursement Duties under this Agreement in a competent and professional manner without the advice or direction of the City. Failure to perform all of the Disbursement Duties constitutes a material breach of this Agreement and is cause for termination.

7. Non-Exclusive Relationship. MIP may perform services for, and contract with other clients, persons or companies in its sole discretion so long as such services and contracts do not breach this Agreement.

8. Compliance with Title 8, "Finance, Revenue and Taxation," Chapter 9, "Community Benefit Districts" of the Modesto Municipal Code. MIP shall comply with all requirements of the City of Modesto's Community Benefit District Ordinance codified as Title 8, "Finance, Revenue and Taxation," Chapter 9, "Community Benefit Districts" of the Modesto Municipal Code, as may be amended from time to time.

9. Term and Termination. This Agreement shall become effective on the Effective Date and terminate on December 31, 2030 (the "**Term**"); unless it is otherwise extended by mutual written agreement of the Parties or terminated as provided for in Paragraph 9.1.

   9.1 Termination for Default. If either Party defaults in the performance of any of the terms and/or provisions to be performed by a Party pursuant to this Agreement, then the non-defaulting Party shall provide written notice to the defaulting Party describing the default and requesting a cure ("**Default Notice**"). If such default is not cured within thirty (30) days or cure is not commenced diligently within thirty (30) days (or if the default is not susceptible to cure within said thirty (30)-day period, default shall be cured within sixty (60) days), after the Default Notice is mailed or delivered, the non-defaulting Party may terminate this Agreement. To the extent the alleged default concerns or relates to the use or expenditures of District Revenues, MIP shall hold all unencumbered District Revenues in an escrow account until the default is cured and provide proof of escrow account deposit within seven (7) days of the City's written request.

10. Inspection of Books and Records. During the Term of this Agreement, and for a period of four (4) years after the Term, MIP shall maintain financial and operational records related to this Agreement, which include, but are not limited to, the Annual Financial Statements, the Annual Reports and Budgets and any audits (the "**Books and Records**"). At the request of the City, MIP shall make all Books and Records open to inspection by the City, or its designee, during normal business hours upon ten (10) days' written notice.

11. Non-Discrimination in Employment. MIP certifies and agrees not to discriminate against any employee or person who is subject to this Agreement because of race, color, religion, religious belief, national origin, ancestry, citizenship, age, sex, sexual orientation, marital status, pregnancy, parenthood, medical condition, or physical or mental disability. Evidence of discrimination shall be sufficient cause for termination of this Agreement.

12. Public Liability and Property Damage Insurance. MIP shall assume all responsibility for damages to property and injuries to persons, including accidental death, which may arise out of or may be caused by MIP's performance of this

Agreement, by its subcontractors or by anyone MIP directly or indirectly employs, and whether such damage or injury may accrue, or may be discovered, before or after termination of this Agreement. At its own expense, MIP shall obtain, pay for and maintain during the life of this Agreement an "occurrence" policy for Commercial General Liability (including Contractual Liability) and for Automobile Liability which shall protect it from claims for injuries and damages. MIP shall demonstrate that it has such policies fully paid for and in place prior to the execution of this Agreement. The policy shall name the "City of Modesto, its elected and appointed officials, officers, agents and employees" as additional insureds under the policy in the following amounts:

12.1 COMMERCIAL GENERAL LIABILITY INSURANCE in an amount not less than Two Million Dollars ($2,000,000) per occurrence for personal injuries, including accidental death, to any one (1) person; property damage insurance in an amount not less than Two Million Dollars ($2,000,000) and subject to the above limits and combined single limit of insurance in an amount not less than Three Million Dollars ($3,000,000); and

12.2 AUTOMOBILE LIABILITY INSURANCE endorsed for all vehicles (whether rented, leased, hired, scheduled, owned or non-owned), in an amount not less than One Million Dollars ($1,000,000) per occurrence for personal injuries, including accidental death, to any one (1) person; property damage insurance in an amount not less than One Million Dollars ($1,000,000) and subject to the above limits and combined single limit of insurance in an amount not less than One Million Dollars ($1,000,000).

12.3 At all times, the insurance company issuing said policy shall be an "admitted" insurer in the State of California and shall carry an A.M. Best & Company minimum rating of AA:VII.

12.4 All policies shall contain a "Severability of Interest" clause and a "Primary Coverage" clause for any loss arising out of or caused by MIP's performance of this Agreement. In addition, the policies shall contain a statement of obligation on the insurance carrier's part to notify the City, by registered mail, at least thirty (30) days in advance of any policy cancellation, termination or reduction in the amount of coverage.

12.5 Prior to the execution of this Agreement, MIP shall deliver to the City a "Certificate of Insurance" and an "Additional Insured Endorsement", both documents countersigned by the insurance carrier or its authorized representative, on forms satisfactory to the City's Risk Manager, and consistent with the above provisions.

12.6 The countersigned certificate, along with the additional insured endorsement, shall state:

> "The City of Modesto, its elected and appointed officials, officers, agents and employees are named as

additional insureds under this policy. This insurance is primary to the coverage of the Modesto Successor Agency and the City of Modesto. Neither the Agency nor the City or any of their insurers shall be required to contribute to any loss. This policy contains a severability of interest clause. The issuing company shall mail thirty (30) days advance notice to the City of any policy cancellation, termination or reduction in the amount of coverage."

12.7 Additionally, the certificate of insurance shall state if any claim has been paid or is currently pending under the policy, and if so, the amount of the claim(s) and the amount of liability limits as lowered by the paid or pending claim(s). Any deductibles or self-insured retentions shall be set forth on the certificate and shall be subject to the City's review and approval.

12.8 Workers' Compensation Insurance. MIP understands and agrees that all persons furnishing services to MIP under this Agreement are, for the purpose of workers' compensation liability, employees solely of MIP and not of the City. MIP shall bear the sole responsibility and liability for furnishing workers' compensation benefits to its employees, or anyone it directly or indirectly employs, for injuries arising out of or connected with services performed on behalf of MIP.

12.9 At its own expense, MIP shall obtain, pay for, and maintain for the duration of this Agreement, complete workers' compensation insurance. MIP shall provide proof of workers' compensation coverage by delivering to the City either an insurance certificate or a certificate of consent to self-insure. The City shall not be responsible for any claims at law or in equity caused by MIP's failure to comply with this paragraph. All workers' compensation insurance policies shall bear an endorsement, or shall attach a rider, which provides that the insurer will notify the City, by registered mail, at least thirty (30) days in advance of the policy's expiration, termination or cancellation.

12.10 MIP's Failure to Obtain, Pay For, or Maintain Insurance. MIP shall deliver to City the required certificate(s) and endorsement(s) to the City prior to the execution of this Agreement and before commencing any work under this Agreement. MIP's failure to obtain, pay for, or maintain any required insurance shall constitute a material breach upon which the City may immediately terminate or suspend this Agreement. In the event of any termination or suspension, the City may use the services of another consultant or consultants without the City incurring any liability to MIP. At its sole discretion, the City may obtain or renew MIP's insurance, and the City may pay all or part of the premiums. Upon demand, MIP shall pay the City all monies paid to obtain or renew the insurance. The City may offset the cost of the premium against any monies due to MIP from the City.

13. Laws. MIP shall comply with all laws, statutes, ordinances and rules of all applicable governmental authorities.

14. Indemnification. Throughout the Term of this Agreement, as and from the date hereof, MIP agrees to defend, indemnify and hold harmless, the Modesto Successor Agency, the City and its elected and appointed officials, officers, agents and employees ("**Indemnitees**"), from and against any and all liabilities, suits, proceedings, judgments, claims, charges, damages, liens, causes of action, losses or injuries (whether in contract or in tort, including personal injury, accidental death or property damage, and regardless of whether the allegations are false, fraudulent or groundless), costs and expenses (including attorney's fees, litigation, arbitration, mediation, appeal expenses) which in whole or in part arise out of or are connected with acts or omissions of, performance of, or breach of this Agreement by MIP or MIP's independent contractors, agents, employees or delegates except to the extent such is caused by the wholly negligent acts or willful misconduct of City or its officers, agents, and employees. In the event of any such claim, demand, proceeding or lawsuit against the Indemnitees, MIP agrees to assume the immediate defense of Indemnitees by hiring and paying for legal counsel selected by the City.

15. Political Prohibition. Subject to applicable State and Federal laws, monies paid pursuant to this Agreement shall not be used for political purposes, sponsoring or conducting candidate's meetings, engaging in voter registration activity, nor for publicity or propaganda purposes designed to support or defeat legislation pending before federal, state or local government.

16. Conflict of Interest.

16.1 MIP certifies that no member, officer, or employee of the City who exercises any functions or responsibilities with respect to the programs or projects covered by this Agreement, shall have any interest, direct or indirect in this Agreement, or in its proceeds during his/her tenure or for one (1) year thereafter.

16.2 MIP shall immediately notify the City of any real or possible conflict of interest between work performed for the City and for other clients served by MIP.

16.3 MIP warrants and represents, to the best of its present knowledge, that no employee of the City who has been involved in the making of this Agreement, or who is a member of a City board or commission which has been involved in the making of this Agreement, whether in an advisory or decision-making capacity, has or will receive a direct or indirect financial interest in this Agreement in violation of the rules contained in California Government Code Section 1090 et seq., pertaining to conflicts of interest in public contracting. MIP shall exercise due diligence to ensure that no such employee will receive such an interest.

16.4 MIP further warrants and represents, to the best of its present knowledge and excepting any written disclosures as to these matters already made by MIP to the City, that no employee of the City who has participated in decision-making concerning this Agreement or has used his or her official position to influence decisions regarding this Agreement, has an economic interest in MIP or this Agreement. For purposes of this paragraph, an official is deemed to have an "economic interest" if the official's interest qualifies as an "economic interest" pursuant to the conflict of interest rules applicable to governmental decision-making contained in the Political Reform Act (California Government Code Section 87100 et seq.) and its implementing regulations (California Code of Regulations, Title 2, Section 18700 et seq.). MIP agrees to promptly disclose to the City in writing any information it may receive concerning any such potential conflict of interest.

16.5 MIP shall incorporate, or cause to be incorporated into all subcontracts for work to be performed under this Agreement, a provision governing a conflict of interest in substantially the same form set forth herein.

17. No Waiver. Nothing herein is intended to waive any applicable federal, state or local conflict of interest law or regulation.

18. Drafting Ambiguities. This Agreement shall not be construed in favor of or against either Party by reason of the extent to which each Party participated in the drafting of this Agreement.

19. Remedies and Sanctions. In addition to the rights and remedies otherwise available to the City under this Agreement and under federal, state and local law, MIP understands and agrees that, if the City reasonably determines that MIP has failed to make a good faith effort to avoid an improper conflict of interest situation or is responsible for the conflict situation, the City may (1) suspend payments under this Agreement, (2) terminate this Agreement, or (3) require reimbursement by MIP to the City of any amounts disbursed under this Agreement. In addition, the City may suspend payments or terminate this Agreement whether or not MIP is responsible for the conflict of interest situation.

20. Assignment. MIP shall not assign or otherwise transfer any rights, duties, obligations or interest in this Agreement or arising hereunder to any person, persons, consultant or sub-consultant, entity or entities whatsoever without the prior written consent of the City and any attempt to assign or transfer without such prior written consent shall be void. Consent to any single assignment or transfer shall not constitute consent to any further assignment or transfer.

21. Third Party Beneficiaries. This Agreement is made and entered into for the sole protection and benefit of the Parties, their successors and assigns. No other person shall have any right of action based upon any provision in this Agreement.

22. Time of the Essence. Time is of the essence in the performance of this Agreement.

23. Commencement, Completion and Close Out. It shall be the responsibility of MIP to coordinate and schedule the work to be performed or the fulfillment of an obligation so that commencement and completion take place in accordance with the provisions of this Agreement. Any time extension granted to MIP to enable MIP to complete the work or perform an obligation under this Agreement or Management Plan must be in writing and shall not constitute a waiver of rights the City may have under this Agreement. Should MIP not complete the work by the scheduled date or by an extended date, the City shall be released from all of its obligations under this Agreement.

24. Governing Law and Venue. This Agreement shall be governed by the laws of the State of California. The Parties agree and consent that the venue for any legal and/or equitable action concerning this Agreement shall be Stanislaus County, California.

25. Notices. If either Party shall desire or be required to give notice to the other, such notice shall be given in writing, by prepaid U.S. certified or registered postage, addressed to recipient as follows:

For the City of Modesto:
City of Modesto
1010 10th Street
Modesto, CA 95353
Attn: City Manager

For MIP:
Mr. David Gianelli,
President
1014 16th St.
Modesto, CA 95354

26. Incorporation of Recitals. The Recitals set forth above are incorporated in full and made a part of this Agreement by this reference.

27. Entire Agreement of the Parties. This Agreement supersedes any and all agreements, either oral or written, between the Parties with respect to the rendering of disbursement duties by MIP for the City with regard to the Downtown Modesto Community Benefit District and contains all of the representations, covenants and agreements between the Parties with respect to the rendering of those duties. Each Party to this Agreement acknowledges that no representations, inducements, promises or agreements, orally or otherwise, have been made by any Party, or anyone acting on behalf of any Parties, which are not contained in this Agreement, and that no other agreement, statement or promise not contained in this Agreement will be valid or binding.

28. Modification. Any alteration, change or modification of or to this Agreement shall not be effective unless made in writing in each instance signed on behalf of each Party.

[Continued on Next Page.]

29. Severability. If any term, provision, or covenant of this Agreement, or its application to any Party or circumstances shall be held by a court of competent jurisdiction, to be to any extent, invalid, void or unenforceable, the remaining provisions will continue in full force and effect without being impaired or invalidated in any way.

IN WITNESS WHEREOF, the Parties hereto have executed this Agreement on the respective dates set forth below.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-491

RESOLUTION AUTHORIZING THE AWARD OF BID FOR THE PURCHASE OF CISCO SMARTNET MAINTENANCE TO SIGMANET, INC., ONTARIO, CA, FOR A THREE-YEAR TERM AND AUTHORIZING THE PURCHASING MANAGER OR HIS DESIGNEE TO ISSUE A PURCHASE ORDER FOR AN ESTIMATED TOTAL COST OF $106,604

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for the purchase of Cisco SmartNet Hardware Maintenance for a three-year term, and

WHEREAS, the Purchasing Division issued RFB 1516-09 for Cisco Smartnet maintenance on the City's website under the commodity code for Software Maintenance/Support. Prospective bidders were noticed online of the bid opportunity, two (2) of which was a local companies. Six (6) companies chose to download the RFB document, and

WHEREAS, bids were formally opened in the City Clerk's office. Two (2) companies chose to respond. Both companies responding provided responsive and responsible bids The two (2) local vendors did not submit a bid, and

WHEREAS, based on providing the overall lowest responsive and responsible bid, City staff recommends the award of bid for the purchase of Cisco SmartNet Maintenance to SIGMAnet, Inc., Ontario, CA, for a three-year term for an estimated total cost of $106,604.

WHEREAS, Modesto Municipal Code (MMC) Section 8-3.203 generally requires all purchases, which meet or exceed $50,000.00 for material, equipment or contractual services to be formally bid. The award of bid for the purchase of Cisco SmartNet

Maintenance to SIGMAnet, Inc., Ontario, CA, conforms to the Modesto Municipal Code, 8-3.203.

WHEREAS, sufficient funds are budgeted in Fiscal Year 2015-16, in appropriation unit 5230-17710-53100, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid for the purchase of Cisco SmartNet Maintenance to SIGMAnet, Inc., Ontario, CA, for an estimated total cost of $106,604;

BE IT FURTHER RESOLVED that the Purchasing Manager or his designee is authorized to issue the purchase order

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 15th day of December, 2015, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-492

RESOLUTION AUTHORIZING THE PROCUREMENT OF INVESTMENT SERVICES BY ENTERING INTO AN AGREEMENT WITH PUBLIC FINANCIAL MANAGEMENT ASSET MANAGEMENT LLC (PFMAM), BALTIMORE, MD, FOR A FIVE (5) YEAR TERM WITH AN ANTICIPATED ANNUAL COST UP TO $200,000 IN THE AGGREGATE NOT TO EXCEED $1 MILLION AND THREE (3) ONE-YEAR EXTENSION OPTIONS AT THE SOLE DISCRETION OF THE CITY, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE CONTRACT

WHEREAS, in reviewing the competitive bidding process for City of San Luis Obispo, their Investment Oversight Committee accepted four (4) proposals for review. Public Financial Management Asset Management LLC (PFMAM) was selected based on the documented experience of the PFMAM staff assigned to San Luis Obispo's account for support for the investment management process, their extensive experience managing investments for California cities and other public agencies and the fact they operate their own trading desk and have substantial resources at their disposal to provide investment advice to municipal agencies, and

WHEREAS, Public Contract Code section 20118 authorizes entities to rely on terms that have already been competitively bid "piggybacking" in certain situations.

WHEREAS, under Municipal Code Section 2-3.401, the Finance Department is responsible for the deposit and investment of City funds in accordance with a sound treasury management. The City of Modesto utilizes an investment services company to enhance the City's investment portfolio of over $290 million in a fiduciary capacity with oversight by the Director of Finance. These services will guide the City to identify investment strategies to optimize the investment return in compliance with the City's Investment Policy and state statutes. These services handle the execution of investment trades in accordance with the City's investment policy, annual review of the City's

investment policy and ensuring we are maximizing the investment earnings from our portfolio for the City's use in budget planning, and

WHEREAS, the current cost of annual investment services is approximately $160,000. The fees with the new investment contract will remain the same. The annual fee schedule is based on the investment portfolio value schedule, in monthly installments, based on the daily net assets under management at an annual rate of 12 basis points (0.12%) on the first $15 million of assets, 10 basis points (0.10%) on assets between $15 and $35 million, 7.5 basis points (0.075%) on assets between $35 and $50 million and 6 basis points (0.06%) on assets over than $100 million. Our minimum fee is $15,000 per year. The proposed fee schedule covers all of our normal costs and no additional expenses for PFMAM's normal service.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of proposal and contract for investment services for the Finance Department, Accounting Division to Public Financial Management Asset Management LLC (PFMAM),

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract for a five (5) year term for an estimated annual cost of $200,000, in the aggregate not to exceed $1 million with three (3) one-year extension options at the sole discretion of the City.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 15th day of December, 2015, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-493

RESOLUTION AUTHORIZING THE AWARD OF BID AND CONTRACT FOR THE FURNISHING OF LED LIGHTING UPGRADES AT NINE (9) FIRE STATIONS FOR THE MODESTO FIRE DEPARTMENT TO LAYMAN ELECTRIC, INC., MODESTO, CA, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE CONTRACT FOR AN ESTIMATED TOTAL COST OF $69,861

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for the purchase and installation of LED lighting for nine (9) fire stations, and

WHEREAS, the Purchasing Division issued RFB No. 1516-11 on the City's website under the commodity code for lighting services, and

WHEREAS, prospective bidders were noticed online of the bid opportunity, four (4) of which were local companies, and

WHEREAS, eight (8) companies chose to download the RFB document, and

WHEREAS, bids were formally opened in the City Clerk's Office. Four (4) companies chose to respond, one of which was a local company. All four (4) companies responding provided a responsive and responsible bid, and

WHEREAS, Modesto Municipal Code 8-3.206 Support of Local Vendors (SLV) allows the lowest bid or quote submitted by a local business that is within five (5) percent of the lowest bid, the opportunity to match the lowest bid price, and

WHEREAS, Layman Electric, Inc., Modesto, CA, qualified for SLV and agreed to match the lowest bid price for the project, and

WHEREAS, based on providing a responsive and responsible bid and accepting the SLV offer, City staff recommends the award of bid for the furnishing of LED lighting

upgrades at nine (9) fire stations to Layman Electric, Inc., Modesto, CA, for an estimated total cost of $69,861, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. The award of bid and contract for the furnishing of LED lighting upgrades at nine (9) fire stations to Layman Electric, Inc., Modesto, CA, conforms to the Modesto Municipal Code, 8-3.203, and

WHEREAS, funds are budgeted in Fiscal Year 2015-16, in Appropriation Unit: 0180-18998-53150 (Fire Department Unrestricted Non-Capital Projects).

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid and contract for the furnishing of LED lighting upgrades at nine (9) fire stations to Layman Electric, Inc., Modesto, CA.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract for an estimated total cost of $69,861.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 15th day of December, 2015, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-494

RESOLUTION AUTHORIZING THE WRITE OFF OF UNCOLLECTIBLE ACCOUNTS RECEIVABLES IN THE TOTAL AMOUNT OF $438,634

WHEREAS, the City of Modesto Finance Department maintains a billing system to track monies owed to the City, and

WHEREAS, occasionally the responsible party does not pay the City as required, and

WHEREAS, it is the City's policy to actively pursue collection of past-due accounts and write off amounts deemed to be uncollectible, and

WHEREAS, the City employs various different means of trying to collect past-due accounts, and

WHEREAS, collection efforts continue until the legal statute restricts the City's collections actions, and

WHEREAS, the following individual accounts recommended for write off have filed bankruptcy and as such all available collection remedies have been exhausted: (1) FM Golf- $314,717 and (2) Ernst & Associates- $123,917, and

WHEREAS, the Modesto Municipal Code (MMC) Section 2-3.406 requires that any account found to be uncollectible in excess of $25,000 be referred to the City Manager who will report them to the City Council with his recommendation to be written off.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts the City Manager's report and recommendation of uncollectible accounts receivable in the total amount of $438,634.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 15th day of December, 2015, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-495

RESOLUTION APPROVING A MEMORANDUM OF UNDERSTANDING (MOU) WITH THE STANISLAUS COUNCIL OF GOVERNMENTS (STANCOG) TO SET FORTH THE BASIC STRUCTURE FOR COOPERATIVE PLANNING AND DECISION MAKING RELATED TO FEDERAL TRANSIT ADMINISTRATION (FTA) FUNDING AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE MOU

WHEREAS, The Stanislaus Council of Governments (StanCOG) has been designated by the Federal Transit Administration (FTA) to administer federal transit funds that are made available to the Modesto Urbanized Area, and

WHEREAS, In November 1999, the City of Modesto and StanCOG (formerly known as the Stanislaus Area Association of Governments, SAAG) adopted a Memorandum of Understanding, (MOU) to enable the City of Modesto to apply for FTA funds, and

WHEREAS, this MOU sets forth the basic structure for cooperative planning and decision making between the City of Modesto and StanCOG as required by the FTA, and

WHEREAS, the 1999 MOU was reaffirmed by the City of Modesto on June 14, 2011, and

WHEREAS, the new MOU reaffirms the cooperative planning and decision making commitments that are required by the FTA and MAP 21 regulations.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it approves the new MOU with StanCOG which sets forth the basic structure for cooperative planning and decision making between the City of Modesto and StanCOG.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the MOU.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-496

RESOLUTION APPROVING AN EXTENDED AGREEMENT FOR SEWER SERVICE WITH THE EMPIRE SANITARY DISTRICT, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, last year City of Modesto (City) staff was approached by Board Members of the Empire Sanitary District (ESD) regarding its desire to dissolve as a sanitary district, transfer its assets to the City, and have its sanitary service absorbed and operated by the City, and

WHEREAS, ESD was organized under the Sanitary District Act of 1923 for the purpose of providing sanitary sewer services to the unincorporated community of Empire in 1948, and it serves approximately 1,488 residential and commercial customers, and

WHEREAS, since 1969, ESD has had a contractual agreement with the City for sewer disposal services, and

WHEREAS, under that agreement, the City accepts and treats the sewage collected in ESD's system, and ESD pays the City a service charge for this service, and

WHEREAS, the City does not operate or maintain the sewer collection system for ESD, and

WHEREAS, ESD is required to pay the City a connection charge on each dwelling unit, or its equivalent, connected to ESD's system, and

WHEREAS, the City performs billing services (with the exception of delinquent bill collection) for ESD, and

WHEREAS, under the terms of this agreement, City will accept the transfer of all ESD sewer infrastructure, and will take over maintenance, repair, and replacement of

obligations of all such infrastructure, and current ESD ratepayers would become Modesto out-of-boundary customers, and

WHEREAS, ESD will also remit the existing Reserve Fund of approximately $500,000 to the City, which will be dedicated to existing ESD infrastructure repairs and rehabilitation, and

WHEREAS, the agreement will be executed following ESD's submission of an appraisal of the ESD's assets and completion of a field audit of the number of ESD connections and their locations; and

WHEREAS, upon execution of this agreement and the final approval by the ESD's Board by a 4/5 vote, the City Council will become the ex officio Board of the ESD, and initially will sit from time to time as the Board of ESD, occurring without LAFCO review or approval, and

WHEREAS, at a later date, the City may file an application with LAFCO seeking approval of full dissolution of the ESD pursuant to the provisions of the Cortese-Knox Hertzberg Local Government Reorganization Act of 2000, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an extended agreement for sewer service with the Empire Sanitary District.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement in substantially similar form as **attached** hereto and as approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 15th day of December, 2015, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

EXTENDED AGREEMENT FOR SEWER SERVICE

This Agreement, made and entered into by and between the City of Modesto, a municipal corporation, hereafter ("City"), and the Empire Sanitary District, existing and organized under the provisions of the Health and Safety Code commonly known as the Sanitary District Act of 1923, hereafter ("District").

WHEREAS, both District and City own and operate sewage systems; and

WHEREAS, City has formed the Modesto Municipal Sewer District No. 1, which has a system capable of accepting and treating District's sewage; and

WHEREAS, in 1969, the parties entered into an agreement for acceptance by City of District's sewage subject to certain terms and conditions which have been amended through the years and was last updated in 2002; and

WHEREAS, by virtue of the annexation by City of three well sites that are contiguous to the boundaries of the District, Stanislaus Local Agency Formation Commission (LAFCO) has determined that the District and City have contiguous boundary; and

WHEREAS, pursuant to Health and Safety Code section 6500, by virtue of this agreement and following its approval and execution by the parties, the District Board is empowered, by 4/5 vote of the Board, to declare the Board of the District dissolved, and thereafter the City Council of City will become the ex officio Board of the District; and

WHEREAS, the parties wish to again revise their agreement with City Council assuming ex officio control of the District pursuant to Health and Safety Code Section 6500.

NOW THEREFORE, the parties agree as follows:

1. The parties share a contiguous boundary.

2. District desires City to become responsible for the entire operation and maintenance of all facilities of the District, including billing and related administrative functions, and will transfer control of all of its assets to City upon execution of this Agreement.

3. This Agreement will be executed only after District has undertaken and provided City with a) an appraisal of the system (all District assets) completed by June 30, 2016. This appraisal shall be paid for by the District with the funds that the County currently holds; b) a field audit to determine the number of connections and their location.

4. District warrants that it has no known liabilities including any potential state actions that it has been warned of.

5. Any claims made against the sewer utility prior to the effective date of this agreement shall be covered by the District's insurance.

6. District further warrants that it has (approx. $½ Million – to be determined) in reserve, which it will transfer control over to City upon execution of this agreement.

7. City Council agrees as the ex officio Board of the District to be responsible for the operation and maintenance of all facilities of the District as set forth immediately above.

8. The parties acknowledge that this agreement is exempt from LAFCO Policy 15 – Out-Of-Boundary Service Extensions since consistent with California Government Code Section 56133, it involves an extended service agreement which existed prior to 2001, to wit, the parties first entered into their agreement for out-of-boundary service in 1969.

9. District agrees that it will adopt a resolution by a 4/5 vote of its board to declare the Board dissolved.

10. Thereafter, but no sooner than July 1, 2016, the City Council agrees to become the ex-officio governing board of the District.

11. City agrees that once City's rates increase to meet or exceed District's current rates, District shall pay the same rates as City's customers thereafter.

12. Both City and District agree to cooperate fully and execute any and all supplementary documents, and to take all additional actions, which may be necessary or appropriate to give full force and effect to the basic terms and intent of this Agreement.

13. This Agreement may be binding upon and inure to the benefit of the successor and assigns of the respective parties.

14. This Agreement shall become effective upon the later to occur of a) July 1, 2016 and b) its formal execution by the authorized representatives of City and the District.

15. Upon request by either party, the other shall deliver to counsel for the other party a duly executed resolution of the entity from whom the resolution is requested, approving and adopting this agreement.

16. This agreement contains the entire agreement among the parties, and has not been executed in reliance on the basis of any oral or other written representations or terms, and no such extrinsic oral or written representations or terms shall modify, vary, or contradict the terms hereof.

17. Should any of the provisions of this Agreement be determined to be invalid by a court or government agency of competent jurisdiction, it is agreed that such determination shall not affect the enforceability of the other provisions herein. California law shall govern the validity and interpretation of this Agreement.

18. The Parties agree, understand, and consent that subsequent to this Agreement, the City Council of the City of Modesto sitting as the ex officio Board of the District shall be empowered to file an application with LAFCO seeking approval of the full dissolution of the District pursuant to the provisions of the Cortese-Knox Hertzberg Local Government Reorganization Act of 2000.

RESOLUTION NO. 2015-498

RESOLUTION FINDING THAT THE FOLLOWING SUBSEQUENT PROJECT IS WITHIN THE SCOPE OF THE PROJECT COVERED BY THE MODESTO URBAN AREA GENERAL PLAN MASTER ENVIRONMENTAL IMPACT REPORT (SCH NO. 2007072023): AMENDMENT TO SECTION 11-3-8 OF THE ZONING MAP OF THE CITY OF MODESTO TO REZONE 45 ACRES FROM MEDIUM-DENSITY RESIDENTAL (R-2) ZONE AND PLANNED DEVELOPMENT ZONE P-D(333) TO LOW DENSITY RESIDENTIAL (R-1) ZONE, MEDIUM HIGH DENSITY RESIDENTIAL (R-3) ZONE, AND GENERAL COMMERCIAL (C-2) ZONE; A VESTING TENTATIVE PARCEL MAP TO DIVIDE 45-ACRES INTO THREE PARCELS; AND A VESTING TENTATIVE SUBDIVISION MAP TO DIVIDE 32.23 ACRES INTO 170 SINGLE-FAMILY RESIDENTIAL LOTS, THREE BIO-SWALE LOTS AND ONE 6.05 ACRE MULTI-FAMILY RESIDENTIAL LOT; PROPERTY LOCATED WEST OF DALE ROAD AND NORTH OF VINTAGE FAIRE MALL (VALLEY VENTURES LLC)

WHEREAS, on October 14, 2008, the City Council of the City of Modesto certified the Final Master Environmental Impact Report ("Master EIR") (SCH No. 2007072023) for the Modesto Urban Area General Plan, and

WHEREAS, Valley Ventures LLC has proposed the rezone of 45 acres from Medium Density Residential (R-2) Zone and Planned Development P-D(333) to Low Density Residential (R-1) Zone, Medium High Density Residential (R-3) Zone and General Commercial (C-2) Zone; a vesting tentative parcel map to divide 45 acres into three parcels; and a vesting tentative subdivision map to divide 32.23 acres into 170 single-family lots, three bio-swale lots and one 6.05-acre multi-family residential lot, property located west of Dale Road and north of Vintage Faire Mall ("Project"), and

WHEREAS, pursuant to Section 21157.1 of the Public Resources Code, the City of Modesto's Community & Economic Development Department prepared an Environmental Assessment Initial Study EA/C&ED 2015-18 ("Initial Study") which analyzed whether the subsequent project may cause any significant effect

on the environment that was not examined in the Master EIR and whether the subsequent project was described in the Master EIR as being within the scope of the report, and

WHEREAS, in accordance with CEQA guidelines beginning on November 25, 2015, the City caused to be published a 20-day notice of the City's intent to make a finding that the subsequent project conforms with the Master EIR, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on December 15, 2015, at 5:30 p.m., in Room 2001, 2nd Floor of Tenth Street Place, located at 1010 Tenth Street, Modesto, California.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study prepared for the proposed project, a copy of which is **attached** hereto as **Exhibit** "A", and incorporated herein by reference, and based on substantial evidence in the Initial Study makes the following findings:

1. An Initial Study was prepared by the City of Modesto that analyzed whether the subsequent project may cause any significant effect on the environment that was not examined in the Master EIR and whether the subsequent project was described in the Master EIR as being within the scope of the report.

2. The subsequent project will have no additional significant effect on the environment, as defined in subdivision (d) of Section 21158 of the Public Resources Code, that was not identified in the Master EIR.

3. No new or additional mitigation measures or alternatives are required.

4. The subsequent project is within the scope of the project covered by the Master EIR.

5. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project.

6. No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified, and no new information, which

was not known and could not have been known at the time that the Master EIR was certified as complete, has become available.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community & Economic Development Director is hereby authorized and directed to file a notice of approval or determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 15th day of December, 2015, by Councilmember Zoslocki, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Ah You, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Marsh
NOES:	Councilmembers:	None
ABSENT:	Councilmembers:	Grewal

City of Modesto
Master EIR Initial Study Environmental Checklist

I. PURPOSE

CEQA allows for the limited environmental review of subsequent projects under the City's Master Environmental Impact Report ("Master EIR" or "MEIR"). This Initial Study Environmental Checklist ("Initial Study") is used in determining whether the Rezone, Vesting Tentative Parcel Map and Vesting Tentative Subdivision Map ("The Project") is "within the scope" of the project analyzed in the Modesto Urban Area General Plan Master EIR (SCH# 2007072023) (Public Resources Code section 21157.1). When the Initial Study supports this conclusion, the City will issue a finding of conformance.

A subsequent project is "within the scope" of the Master EIR when:

1. it will have no additional significant effects on the environment that were not addressed as significant effects in the Master EIR; and

2. no new or additional mitigation measures or alternatives are required.

"Additional significant effects" means a project-specific effect that was not addressed as a significant effect in the Master EIR. [Public Resources Code Section 21158(d)]

The determination must be based on substantial evidence in the record. "Substantial evidence" means facts, reasonable assumptions predicated upon facts, or expert opinion based on facts. It does not include speculation or unsubstantiated opinion. (CEQA Guidelines Section 15384)

II. PROJECT DESCRIPTION

A. Title: The Vintage
   a. RZN-15-002: Rezone of 45-acre vacant lot from R-2 and P-D(333) to R-1, R-3 and C-2
   b. TPM-15-004: Vesting Tentative Parcel Map to divide 45 acres into three lots
   c. TSM-15-002: Vesting Tentative Subdivision Map to divide 32.23 acres into 170 single-family residential lots, three landscaped bio-swale lots and one 6.05-acre multi-family residential lot

B. Address or Location: Between Vintage Drive/Blue Bird Drive and Dale Road, north of Vintage Faire Mall

B. Applicant: Valley Ventures LLC
   4917 Stoddard Road, Modesto CA 95356

D. City Contact Person: Katharine Martin, Associate Planner

Project Manager:	Katharine Martin
Department:	Community and Economic Development, Planning Division
Phone Number:	209-577-5267
E-mail address:	kamartin@modestogov.com

E. Current General Plan Designation(s): Mixed Use (MU)

F. Current Zoning Classification(s): Medium-Density Residential (R-2) and Planned Development P-D(333)

G. Surrounding Land Uses:

North: Low Density Residential (R-1) Zone, single-family residential uses and Medium-Density Residential (R-2) Zone, residential apartments

South: Planned Development P-D(109), Vintage Faire Mall regional shopping center, and Planned Development P-D(166), residential condominiums.

East: Professional Office (P-O) Zone, medical offices and Planned Development P-D(399), convalescent care hospital

West: Low Density Residential (R-1) Zone, single-family residential uses and Planned Development P-D(166), residential condominiums.

H. Project Description, including the project type listed in Section II.C (Anticipated Future Projects) of the Master EIR (Attach additional maps/support materials as needed for complete record):

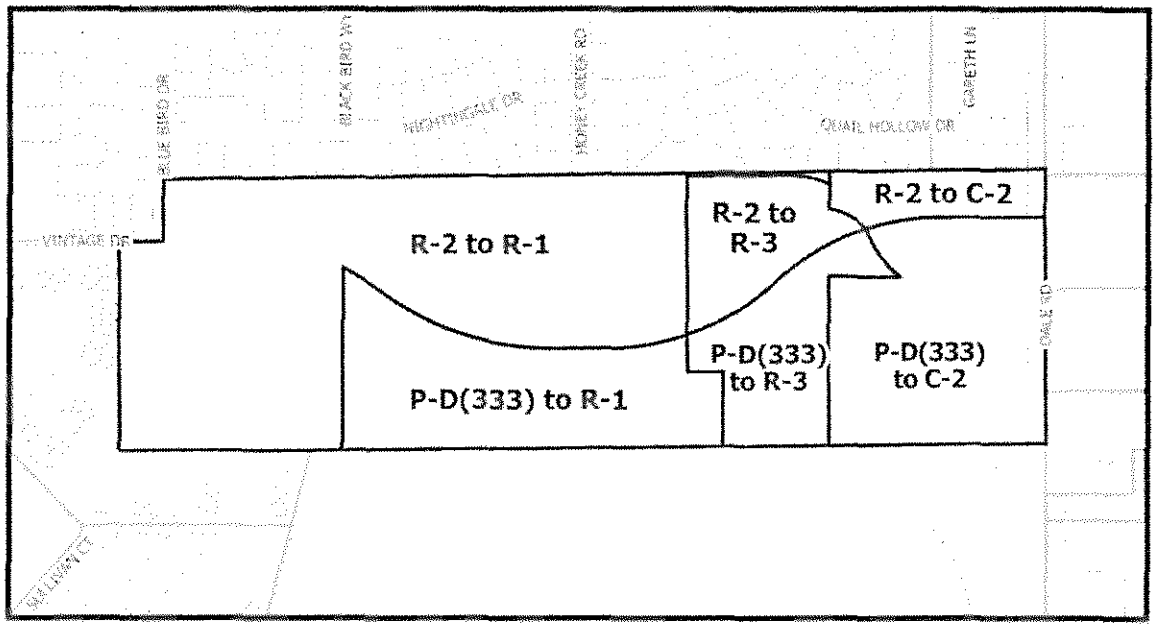
- Rezone of 45-acre parcel in the Baseline Urbanized Area from Medium Density Residential (R-2) Zone and Planned Development Zone P-D(333) to Low Density Residential (R-1) Zone (28.4 acres), Medium-High Density Residential (R-3) Zone (6.6 acres) and General Commercial (C-2) Zone (10.1 acres)

- Vesting Tentative Parcel Map to divide the 45-acre property into three lots of 32.23 acres, 6.45 acres, and 2.68 acres.

- Vesting Tentative Subdivision Map to divide the 32.23-acre lot described above into 170 single-family residential lots, three landscaped bio-swale lots and one 6.05-acre lot for multi-family residential uses.

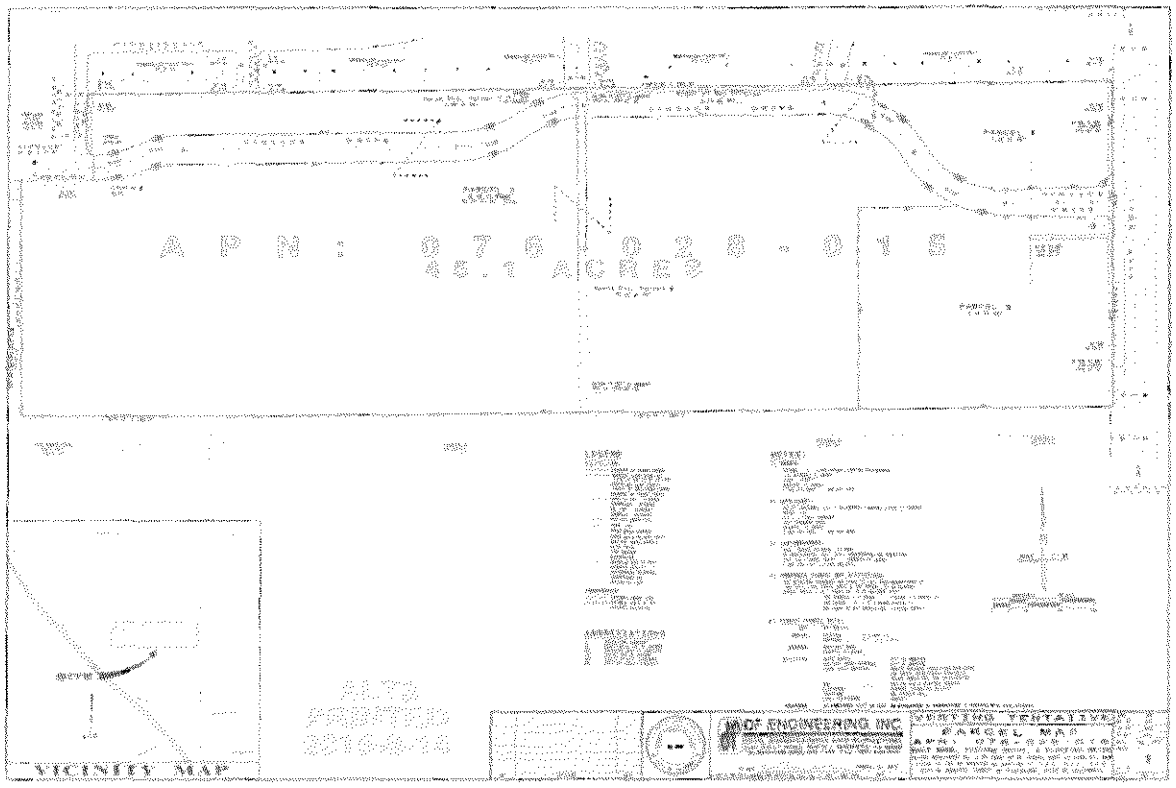
- Storm Water to be handled on-site by use of storm drain infiltration lines and landscaped bio-swales.

- Multi-family residential portion would provide for approximately 27 dwelling units per acre (135 dwelling units) to be constructed on 6.05 acres at a later date under a separate application. No commercial or multi-family development is proposed with this project. Single-family residential portion to be constructed after recordation of a Final Map as individual lots are sold.



AREA MAP OF PROPOSED
REZONE FROM P-D(333) AND R-2 TO R-1, R-3 AND C-2

RZN-15-002



PROPOSED VESTING TENTATIVE PARCEL MAP

I. Other Public Agencies Whose Approval is Required: None.

III. FINDINGS/DETERMINATION (SELECT ONE ON THE BASIS OF THE ANALYSIS IN SECTION IV)

1. _X_ Within the Scope - The project is within the scope of the Master EIR and no new environmental document or Public Resources Code Section 21081 findings are required. All of the following statements are found to be true:

A. The subsequent project will have no additional significant effect on the environment, as defined in subdivision (d) of Section 21158 of the Public Resources Code, that was not identified in the Master EIR.

B. No new or additional mitigation measures or alternatives are required.

C. The subsequent project is within the scope of the project covered by the Master EIR.

D. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project.

E. No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified, and no new information, which was not known and could not have been known at the time that the Master EIR was certified as complete, has become available.

2. ____ Mitigated Negative Declaration Required - On the basis of the above determinations, the project is not within the scope of the Master EIR. A mitigated negative declaration will be prepared for the project. The following statements are all found to be true:

A. The subsequent project is within the scope of the project covered by the Master EIR.

B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project.

C. The project will have one or more potential new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures are being required of the project that will reduce the effects to a less-than-significant level.

D. No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified, and no new information, which was not known and could not have been known at the time that the Master EIR was certified as complete, has become available.

3.____ Focused EIR Required- On the basis of the above determinations, the project is not within the scope of the Master EIR. A Focused EIR will be prepared for the project. All of the following statements are found to be true:

A. The subsequent project is within the scope of the project covered by the Master EIR.

B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project.

C. The project will have one or more new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures or alternatives are required as a result.

D. No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified, and no new information, which was not known and could not have been known at the time that the Master EIR was certified as complete, has become available.

Project Manager	Title	Date

4. Within the Scope Analysis of this Document:

The Master EIR allows projects to be found within the scope of the MEIR if certain criteria are met. If the following statements are found to be true for all 21 impact categories included in this Initial Study, then the proposed project is addressed by the MEIR analysis and is within the scope of the MEIR. Any "No" response must be discussed.

		YES	NO
(1)	The lead agency for subsequent projects shall be the City of Modesto or a responsible agency identified in the Master EIR.	☒	☐
(2)	City policies which reduce, avoid, or mitigate environmental effects will continue to be in effect and, therefore, would be applied to subsequent projects where appropriate. The policies are described in the list of policies in place and mitigation measures attached to the Initial Study template. Project impacts would be mitigated to a less-than-significant level using MEIR mitigations only.	☒	☐
(3)	Federal, State, regional, and Stanislaus County regulations do not change in a manner that is less restrictive on development than current law (i.e., would not offer the same level of protection assumed under the Master EIR).	☒	☐
(4)	No specific information concerning the known or potential presence of significant resources is identified in future reports, or through formal or informal input received from responsible or trustee agencies or other qualified sources.	☒	☐
(5)	The development will occur within the boundaries of the City's planning area as established in this Urban Area General Plan.	☒	☐
(6)	Development within the project will comply with all appropriate mitigation measures contained and enumerated in the 2008 General Plan Master EIR.	☒	☐

5. Currency of the Master EIR Document

The MEIR should be reviewed on a regular basis to determine its currency, and whether additional analysis/mitigation should be incorporated into the MEIR via a Supplemental or Subsequent EIR (CEQA Section 21157.6). Staff has reviewed Sections 1 through 21 of this document in light of the criteria listed below to determine whether the MEIR is current. The analysis contained within the Master EIR is current as long as the following circumstances have not changed. Any "no" response must be explained.

		YES	**NO**
(1)	Certification of the General Plan Master EIR occurred less than five years prior to the filing of the application for this subsequent project.	☐	☒
(2)	This project is described in the Master EIR and its approval will not affect the adequacy of the Master EIR for any subsequent project because the City can make the following findings:	☒	☐
(a)	No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified.	☒	☐
(b)	No new information, which was not known and could not have been known at the time the Master EIR was certified as complete, has become available.	☒	☐
(c)	Policies remain in effect which require site-specific mitigation, and avoidance or other mitigation of impacts as a prerequisite to future development.	☒	☐

Discussion:

(1) The General Plan Master EIR was certified on October 14, 2008, so more than five years has passed since the MEIR was certified. However, the analysis contained in the MEIR is still adequate for subsequent projects, as documented in the discussion below.

(2) The project is consistent with the analysis contained in the MEIR. This is documented in the discussion of the individual issue areas of this initial study.

(2)(a) There have been no substantive changes to the General Plan since the MEIR was certified that would create additional significant environmental effects that were not analyzed by the MEIR.

(2)(b) There has been no new information that would affect the adequacy of the analysis contained in the MEIR.

(2)(c) All policies contained in the MEIR that require site-specific mitigation or avoidance of impacts remain in effect and will be applied to the project as appropriate.

IV. ENVIRONMENTAL ANALYSIS

This Initial Study, in accordance with Section 21157.1(b) of the Public Resources Code, discloses whether the proposed project may cause any project-specific significant effect on the environment that was not examined in the Final Master EIR (MEIR) for the General Plan and whether new or additional mitigation measures or alternatives may be required as a result. The Initial Study thereby documents whether or not the project is "within the scope" of the Master EIR.

Pursuant to Public Resources Code Section 21157.1, no new environmental document or findings are necessary for projects that are determined to be within the scope of the MEIR. Adoption of the findings specified in Section III.1, above after completion of the Initial Study fulfills the City's obligation in that situation.

All environmental effects cited reflect 2025 conditions resulting from the Urban Area General Plan, as identified in the Master EIR.

The environmental impact analysis in the Master EIR for the Urban Area General Plan is organized in twenty-one subject areas. The following analysis is based on the impact analyses contained in Chapter V of the Master EIR. For ease of reference, the sections are numbered in the same order as the analyses in Chapter V.

1. TRAFFIC AND CIRCULATION

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable traffic and circulation impacts expected after application of mitigations/policies:

Direct Impacts

Effect: Increased automobile traffic will result in roadway segments (see MEIR on Table 1-7, pages V-1-32 to V-1-34) operating at LOS D, Modesto's significance threshold for automobile traffic, or lower (LOS E or F).

Effect: The substantial increase in traffic relative to the existing load and capacity of the street system will cause, either individually or cumulatively, the violation of automobile service standards established by StanCOG's Congestion Management Plan for designated roads and highways.

Effect: A substantial increase in automobile vehicle miles traveled and automobile vehicle hours of travel and a decrease in average automobile vehicle speed (see MEIR Table 1-6, page V-1-31).

Cumulative Impacts

Effect: Potential for growth inducement or acceleration of development resulting from highway and local road projects.

Effect: Substantial increase in traffic in relation to the existing traffic load and capacity of the street system, including a violation, either individually or cumulatively, of an automobile LOS standard established by the Congestion Management Plan for designated roads and highways.

Effect: Increased demand for capacity-enhancing alterations to existing roads or automobile traffic reduction.

Other impact categories affected by Traffic and Circulation are addressed throughout this Initial Study (see also Section 2, Degradation of Air Quality; Section 3, Generation of Noise; Section 7 Loss of Sensitive Wildlife and Plant Habitat; Section 8, Disturbance of Archaeological/Historic Sites; Section 14 Increased Demand for Fire Services; Section 18, Energy; Section 19, Visual Resources; Section 20, Land Use and Planning, and Section 21, Climate Change).

b. Master EIR and/or New Mitigation Measures Applied to the Project

Traffic and Circulation mitigation measures pertinent to this project are found on MEIR pages V-1-9 through V-1-28. All mitigation measures appropriate to the project, including any new measures, will be incorporated into or made conditions of approval of this project and are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes none from the MEIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-1.B of the Master EIR provides analysis of Traffic and Circulation impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: A subsequent development project will have a new significant effect on the environment if it would exceed the following criteria:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
1. TRAFFIC AND CIRCULATION				
1) The proposed project exceeds traffic generation assumptions in the Master EIR for the site by 100 trips or more and City Engineering and Transportation staff has determined that the project would have additional potentially significant project-specific effects that are not avoided or reduced by the Master EIR's mitigation measures.	☐	☐	☒	☐
2) Exceed, either individually or cumulatively, a level of service standard established by the county congestion management agency for designated roads or highways?	☐	☐	☒	☐
3) The proposed project would cause additional roadway segments in the General Plan area to exceed LOS D and/or cause additional violations of standards in the Congestion Management Plan, and/or cause an increase in automobile vehicle miles or vehicle hours of travel or a decrease in automobile travel speed, as compared to the impacts disclosed in the Master EIR.	☐	☐	☐	☒
4) The proposed project would cause emergency response times to exceed acceptable standards established by the Fire Department, as compared to impacts disclosed in the Master EIR (see Section 14, Increased Demand for Fire Services).	☐	☐	☐	☒
5) The proposed project would result in less parking than required by the Municipal Code or as determined by staff.	☐	☐	☐	☒
6) The proposed project would conflict with adopted policies, plans, or programs that support alternative transportation, including, but not limited to the Regional Transportation Plan, the Sustainable Communities Strategy, the Bicycle Action Plan, and so on.	☐	☐	☐	☒
7) The proposed project would result in an increase	☐	☐	☒	☐

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
in automobile vehicle miles traveled on a per capita basis, in excess of that considered in the Urban Area General Plan MEIR.				

Discussion:

(1-3) The project site's land use is designated as Mixed Use (MU) in the City's General Plan, which allows for residential, commercial and professional office uses. Historically, the site was zoned for Low Density Residential uses, then rezoned to Medium Density Residential and Planned Development P-D(333) for Professional Office uses in 1982. Prior site plans for the site and residential subdivisions to the north assumed the connection of Oriole Drive, Honey Creek Road, and Canary Drive to Vintage Drive. As residential subdivisions to the north were developed, those streets were stubbed at the northerly property line of the project site in anticipation of connecting to Vintage Drive.

The project proposes rezoning the site to facilitate a vesting tentative subdivision map for 170 single-family residential lots, and one 6.05-acre lot for multi-family residential uses. The project also proposes the extension of Vintage Drive east from the intersection of Vintage Drive and Blue Bird Drive to Dale Road as a 60-foot wide collector street, and the continuation of Blue Bird Drive 450-feet south of Vintage Drive into the development as a 50-foot wide local residential street. Local residential streets Oriole Drive and Canary Drive would be closed off at the northerly property line of the project site. The plan proposes closing Honey Creek Road at the same position, but the option of continuing Honey Creek Road south to Vintage Drive is also being considered.

A traffic study ("Traffic Impact Analysis for The Vintage, Modesto CA", dated September 22, 2015 (Appendix A) has been prepared by KD Anderson & Associates (KDA). The study considered specific and cumulative traffic impacts associated with the project, and considered both options for Honey Creek Road: closure at the northerly property line, and continuance to intersect with Vintage Drive. The study analyzed current traffic conditions based on daily traffic volumes and P.M. peak hour volumes, estimated trip generation and distribution of traffic associated with the project (studying both options for Honey Creek Drive), and considered the impacts of the project within the context of the City's General Plan forecast for conditions anticipated by the year 2025. The study concluded that immediate and cumulative traffic impacts associated with development of the project, with or without the connection of Honey Creek Road to Vintage Drive, are not significant, and that no further mitigation is required.

(4) Police and Fire Staff have reviewed the project and indicated no concerns with emergency access.

(5) Parking spaces will be provided in accordance to the residential and commercial requirements of the Modesto Municipal Code.

(6) The project would not conflict with adopted policies, plans, or programs that support alternative transportation, including, but not limited to the Regional Transportation Plan, the Sustainable Communities Strategy, the Bicycle Action Plan. The project was referred to the City's Transit and Transportation Engineering and Design departments, who indicated no concerns.

(7) Based on the findings of the above-mentioned traffic study, the proposed project would not result in a significant increase in automobile vehicle miles traveled (per capita) in excess of what was considered in the Urban Area General Plan.

2. DEGRADATION OF AIR QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable air quality impacts expected after application of mitigations/policies:

Direct Impacts

Effect: Expected automobile traffic will result in increased operational emissions of reactive organic gases (ROG) and oxides of nitrogen (NO_X) (see MEIR Table 2-8, page V-2-27).

Effect: Expected automobile traffic will result in increased emissions of particulate matter 10 microns or less (PM_{10}) and 2.5 microns or less in diameter ($PM_{2.5}$) (see MEIR Table 2-8, page V-2-27).

Effect: Expected automobile traffic will result in increased carbon monoxide (CO) levels in the project area (see MEIR Table 2-7, page V-2-26, and Table 2-8, page V-2-27).

Cumulative Impacts

The Master EIR indicates the same impacts identified as direct impacts above will contribute to regional impacts on air quality for the criteria pollutants ROG, NO_X, PM_{10}, and $PM_{2.5}$.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Air quality mitigation measure(s) pertinent to the proposed project are found on pages V-2-13 through V-2-24 of the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes AQ-42 through AQ-44, and AQ-46 through AQ-56 from the MEIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-2.B of the Master EIR is the analysis of air quality impacts resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
2. DEGRADATION OF AIR QUALITY				
1) The proposed project exceeds the project-level emissions thresholds established for CO, ROG, NO_x, PM_{10}, and $PM_{2.5}$ by the San Joaquin Valley Air Pollution Control District (SJVUAPCD) and is not consistent with the development assumptions for the project site, as established in the Urban Area General Plan and Master EIR.	☐	☐	☒	☐
2) The proposed project does not incorporate the best management practices established by the SJVAPCD for CO, ROG, NO_x, PM_{10}, and $PM_{2.5}$.	☐	☐	☒	☐
3) The proposed project does not comply with the air quality policies in the Modesto Urban Area General Plan.	☐	☐	☐	☒
4) The proposed project would expose sensitive receptors to pollutant concentrations in excess of those expected to occur as a result of implementation of the Urban Area General Plan.	☐	☐	☒	☐
5) The proposed project would create objectionable odors affecting a substantial number of people.	☐	☐	☒	☐

Discussion:

(1) The project proposes development of 170 single-family residential lots, and future development of multi-family residential uses and commercial uses under separate applications. Emissions associated with the project would result from construction-related activity and an increase in traffic volumes. The net increase in emissions generated by these activities and other secondary sources would not exceed the thresholds of significance recommended by the San Joaquin Valley Air Pollution Control District or the development assumptions established in the Master EIR.

(2) The project was referred to the San Joaquin Valley Unified Air Pollution Control District (SJVUAPCD) for comments. Best management practices established by the SJVAPCD for CO, ROG, NO_x, PM_{10}, and $PM_{2.5}$ have been incorporated as conditions of approval. The project is required to comply with SJVUAPCD Rule VIII (Fugitive Dust Rules) per MEIR Mitigation Measures MEIR AQ-42 – MEIR AQ-56, which identifies control measures for PM10 emissions during the construction phase, as described above.

In addition, the project is subject to SJVAPCD rule 9510 (Indirect Source Review). This rule fulfills the SJVAPCD's emission reduction commitments in the PM10 and Ozone Attainment Plans through design features or by payment of applicable off-site mitigation fees.

(3) The project is consistent with the City's policies regarding air quality. Therefore, project-specific effects will be less than significant.

(4) The project site is surrounded on two sides by single- and multi-family residential uses and a regional commercial shopping mall to the south. The project is not in itself a significant contributor to air pollution levels. The primary source of air pollution associated with the project would be residential traffic related, and would not result in a significant impact. The PM10 emissions created through construction activity will be mitigated as called for by the MEIR with the measures listed above.

(5) Construction activities for the project could potentially include the application of architectural coatings and asphalt paving materials that could generate localized temporary odors. The use of diesel-powered construction equipment could also generate localized temporary odors. Construction activities will be mitigated as called for by the MEIR with the mitigation measures listed above.

3. GENERATION OF NOISE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable noise impacts expected after application of mitigations/policies:

Direct Impacts

Effect: Future automobile traffic noise levels and roadway construction and maintenance activities resulting from development of the Urban Area General Plan will exceed the City's noise thresholds at various locations, but particularly in areas adjacent to heavily traveled roadways (see MEIR Table 3-3, page V-3-10, and Figure VII-2 and Table 3-6, pages V-3-18 and V-3-19).

Effect: Expected noise from airport operations and airport construction projects may expose up to 468 dwellings and three churches to noise levels of 65 dB CNEL and up to eight dwellings to noise levels of 70 dB CNEL.

Effect: Expose noise-sensitive land uses to noise from the construction of bicycle and transit projects.

Effect: Expose noise-sensitive land uses to noise from freight and passenger rail operations.

Cumulative Impacts

Effect: Traffic from development in the City of Modesto would, when combined with traffic from new development in the County and other cities, contribute to a cumulative increase in roadside noise levels on major roads and highways throughout Stanislaus County.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Noise policies and mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-3-11 through V-3-15 of the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project and any new measures are listed in Section V, Mitigation Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes N-3 from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-3.B of the MEIR discloses noise impacts resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not analyzed in the Master EIR.

Significance Criteria: Determination of the proposed project's effects are based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
3. GENERATION OF NOISE				
1) The proposed project will exceed the standards for noise level and hours of operation established by the Modesto noise ordinance.	☐	☐	☐	☒
2) The proposed project will not comply with the noise policies of, or otherwise be inconsistent with, the Modesto Urban Area General Plan.	☐	☐	☐	☒
3) The proposed project will result in an increase in ambient noise levels in the project vicinity above those disclosed in the Master EIR.	☐	☐	☐	☒
4) The proposed project will result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels disclosed in the Master EIR implementation of the Urban Area General Plan.	☐	☐	☒	☐

Discussion:

(1) The project would not generate a significant amount of noise. Construction activities could potentially cause a temporary increase in noise levels; however, mitigation measure N-3 will be applied to the project, which would mitigate those impacts to a less than significant level.

(2) The project would comply with the noise policies of the General Plan.

(3-4) Aside from temporary construction-related noise which will be mitigated through the application of mitigation measure N-3, the project would not in itself cause an increase in ambient noise above those disclosed in the General Plan MEIR.

4. EFFECTS ON AGRICULTURAL LANDS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on agricultural lands expected after application of mitigations/policies:

Direct Impacts

Effect: Between 1995 and 2025, development of the Urban Area General Plan may convert up to approximately 26,000 acres of farmland in various categories in the Planned Urbanizing Area to urban uses.

Effect: Approximately 1,200 acres of urban development along a 28.5-mile boundary 350 feet wide between urban and agricultural uses could be affected by continued agricultural operations, including noise, dust, and chemical overspray or drift.

Cumulative Impacts

Effect: Growth within Modesto's planning area would contribute considerably to the loss of agricultural land within Stanislaus County, accounting for the conversion of as much as approximately 26,000 acres of farmland in various categories in the Planned Urbanizing Area from 1995 to 2025.

b. Master EIR and/or New Mitigation Measures Pertinent to the Project

Agricultural land mitigation measures pertinent to the proposed project are found on pages V-4-6 to and V-4-8 of the Master EIR. All mitigation measures appropriate to the project and any new mitigation to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project.

Discussion:

No mitigation measures regarding agricultural lands from the MEIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-4.B of the Master EIR discloses the impacts resulting from the implementation of the Urban Area General Plan on agricultural lands. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
4. EFFECTS ON AGRICULTURAL LANDS				

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
1) The proposed project is inconsistent with the Urban Area General Plan's policies relating to agricultural land.	☐	☐	☐	☒
2) The proposed project will either directly or indirectly result in the development of land outside the 2008 Urban Area General Plan's planning area boundary.	☐	☐	☐	☒
3) The proposed project will conflict with existing zoning for agricultural use, or there is an existing Williamson Act contract on the project site.	☐	☐	☐	☒
4) The proposed project will involve other changes in the existing environment not anticipated in the Master EIR which, due to their location or nature, could result in conversion of farmland to non-agricultural use.	☐	☐	☐	☒

Discussion:

(1-2) The project site is a vacant parcel located within the Baseline Urbanized Area and is completely surrounded by urban uses. The project would not be inconsistent with General Plan policies regarding agricultural land, and would not directly or indirectly result in development of land outside of the General Plan boundary.

(3) The property is currently zoned for Medium Density Residential (R-2) uses and Professional Office uses (as permitted by Planned Development Zone P-D (333)). The site is classified as Vacant or Disturbed Land by the California Department of Conservation, is not zoned for agricultural uses and is not subject to a Williamson Act contract.

(4) The project would not cause changes to the environment that could cause the conversion of farmland to a non-agricultural use. The surrounding properties are developed with single- and multi-family residential uses, a regional shopping mall, and professional office uses.

5. INCREASED DEMAND FOR LONG-TERM WATER SUPPLIES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on long-term water supplies expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts have been disclosed in the Master EIR.

Cumulative Impacts

Effect: Operational yields of the Modesto and Turlock subbasins, both of which underlie the City of Modesto, are unknown, although the City is participating in a study with the United States Geological Survey in order to quantify the operational yields of both subbasins. Groundwater withdrawals from both basins by the City, when combined with other users' withdrawals, may result in overdrafting both subbasins.

Effect: Despite available options, during drought years, significant water shortages are forecast for the San Joaquin River basin, which includes both the Modesto and Turlock subbasins, by 2020. Modesto would make a cumulatively considerable contribution to the cumulative impact on water supply under drought conditions.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Water supply mitigation measures pertinent to the proposed project are found on pages V-5-6 through V-5-12 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

No mitigation measures regarding water supply from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-5.B of the Master EIR discloses impacts on long-term water supplies resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
5. INCREASED DEMAND FOR LONG-TERM WATER SUPPLIES				
1) The proposed project is inconsistent with water supply policies in the Urban Area General Plan.	☐	☐	☐	☒
2) Water demand for the proposed project will exceed estimates for similar projects or for development on the project site anticipated in the Urban Area General Plan or sufficient water supplies are not otherwise available to serve the project from existing entitlements and resources.	☐	☐	☐	☒
3) The proposed project would deplete groundwater supplies to a greater degree than anticipated in the	☐	☐	☐	☒

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
Urban Area General Plan or would interfere with groundwater recharge.				

Discussion:

(1) The project is consistent with the water supply policies in the General Plan.

(2) The project was referred to the Land Development Engineering Department, who indicated no concerns with water supply demands of the project.

(3) The proposed project is consistent with the ground water demands assumed in the General Plan. The project would not have a significant effect on ground water recharge or depletion of long-term water supplies.

6. INCREASED DEMAND FOR SANITARY SEWER SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on sanitary sewer services after application of mitigations/policies:

Direct Impacts

Effect: Development resulting from implementation of the Urban Area General Plan will require substantial new sewage treatment and disposal capacity, treatment plant improvements, sewer mains and collection lines, and pump stations. The Wastewater Master Plan anticipates the need for these facilities and its EIR evaluates the impact of developing those facilities. Potential impacts include degradation of water quality through erosion and chemical releases; localized flooding; construction noise; exposure of construction workers and the public to hazardous materials; and on the habitat of the elderberry longhorn beetle, burrowing owl, and Swainson's hawk, as well as certain other regulated habitats. All of these impacts are mitigated to a less-than-significant level.

Additional impacts that are not mitigated to a less-than-significant level include loss of farmland cause by construction of the Phase IA tertiary treatment facility at the Jennings Road Secondary Treatment Facility, an increase in pollutant loads from increased wastewater flows to the San Joaquin River, and an increase in noise and criteria air pollutants due to construction activities, including traffic.

Cumulative Impacts

Effect: No additional cumulative impacts were identified in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Sewer service mitigation measures pertinent to the proposed project are found on pages V-6-3 through V-6-8 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-6.B of the Master EIR discloses impacts on the Increased Demand for Sanitary Sewer Service resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
6. INCREASED DEMAND FOR SANITARY SEWER SERVICES				
1) The proposed project is inconsistent with wastewater policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project will generate sewage flows greater than those anticipated in the Urban Area General Plan for the project site.	☐	☐	☐	☒
3) The proposed project will result in a determination by the wastewater treatment provider which serves or may serve the project that it has inadequate capacity to serve the project's projected demand in addition to the provider's existing commitments.	☐	☐	☐	☒

Discussion:

(1) The project is consistent with the wastewater policies in the General Plan.

(2-3) The project was referred to Land Development Engineering staff, who indicated no concerns with generation of sewer flows or capacity generated by the project.

7. LOSS OF SENSITIVE WILDLIFE AND PLANT HABITAT

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on sensitive wildlife and plant habitat expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant impacts on sensitive wildlife and plan habitat are expected to occur with the application of the policies contained in the Urban Area General Plan.

Cumulative Impacts

Effect: Implementation of the Urban Area General Plan will contribute to the cumulative impact of habitat loss in the San Joaquin Valley. Requiring density development than has occurred in the past or that is expected in the future would minimize the City's contribution to the cumulative loss of habitat. Nonetheless, this is a significant and unavoidable impact.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Wildlife and plant habitat mitigation measures pertinent to the proposed project are found on pages V-7-17 through V-7-24 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

No mitigation measures regarding agricultural lands from the MEIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-7.B of the Master EIR discloses impacts on the Loss of Sensitive Wildlife and Plant Habitat resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
7. LOSS OF SENSITIVE WILDLIFE AND PLANT HABITAT				
1) The project is inconsistent with the policies pertaining to the loss of sensitive wildlife and plant	☐	☐	☐	☒

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
habitat contained in the Urban Area General Plan.				
2) Consultation with the California Department of Fish and Game or the U.S. Fish and Wildlife Service determines that the project would have a significant effect on a candidate, sensitive, or special status species in excess of the impact disclosed in the Master EIR.	☐	☐	☐	☒
3) The proposed project would have a substantial adverse effect on federally protected wetlands as defined by Section 404 of the Clean Water Act through direct removal, filling, hydrological interruption, or other means, in excess of the impact disclosed in the Master EIR.	☐	☐	☐	☒
4) The proposed project would substantially interfere with the movement of any native resident or migratory fish or wildlife species or with established native resident or migratory wildlife corridors, or impede the use of native wildlife nursery sites.	☐	☐	☐	☒
5) Conflict with local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.	☐	☐	☐	☒
6) The proposed project would conflict with provisions of an adopted habitat conservation plan, natural community conservation plan, or other approved local, regional, or state habitat conservation plan.	☐	☐	☐	☒

Discussion:

(1-2) The project site is a vacant parcel within the Baseline Urbanized Area that is surrounded by residential and commercial uses. The project would not be inconsistent with General Plan policies regarding sensitive plant and wildlife habitat. The California Department of Fish and Wildlife were consulted in the course of preparing the General Plan MEIR.

(3) The project site is not located within a wetland area and does not qualify as a federally protected wetland per Section 404 of the Clean Water Act.

(4) The project site is a vacant parcel that is not within a biologically sensitive site as defined by Figures V-7-1a through V 7-1e of the MEIR.

(5) The project would not interfere with local policies or ordinances protecting biological resources.

(6) The proposed project would not conflict with any adopted habitat conservation plan, natural community conservation plan, or other approved local, regional, or state habitat conservation plan.

8. DISTURBANCE OF ARCHAEOLOGICAL/HISTORICAL SITES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on archaeological/historical sites expected after application of mitigations/policies:

Direct Impacts

Effect: Modification resulting in a substantial adverse change in the significance of a historic resource or the demolition of a listed or eligible historic resource.

Effect: The modification or demolition of a structure more than 50 years in age may be significant.

Effect: Discovery of archaeological resources in areas outside of the riparian corridors, as a result of construction activities.

Effect: Construction in an area of high archaeological sensitivity.

Cumulative Impacts

Effect: No additional cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Archaeological or historic mitigation measures pertinent to the project being analyzed in this Initial Study are found on page V-8-16 through V-8-20 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes the measures specified in Table V-8-1(b-f) from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-8.B of the MEIR discloses impacts on archaeological/historical resources resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
8. DISTURBANCE OF ARCHAEOLOGICAL/ HISTORICAL SITES				
1) The proposed project is inconsistent with the archaeological/historical resource policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would demolish a building eligible for listing as a historic resource or remove a landmark from the Modesto inventory.	☐	☐	☐	☒
3) The proposed project would modify or demolish a structure more than 50 years in age.	☐	☐	☐	☒
4) The project would adversely affect a cultural resource that is either listed or eligible for listing in the California Register of Historical Resources.	☐	☐	☐	☒
5) Conflict with local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.	☐	☐	☐	☒

Discussion:

(1) The project is consistent with the archeological and historical resource policies in the General Plan.

(2-3) The project site is vacant land with no structures.

(4) The project would not affect a resource that is listed or eligible for listing in the California Register of Historic Resources.

(5) The project would not conflict with local policies affecting biological resources.

9. INCREASED DEMAND FOR STORM DRAINAGE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on storm drainage expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: The population of Stanislaus County is projected to increase in a fashion similar to that of Modesto, resulting in additional urban development and associated increases in impervious surface area and associated increases in storm water runoff. Cumulative hydrologic impacts of storm water flows from Modesto urban areas and other areas of the County could occur due to the fixed capacity of MID and TID irrigation canals to convey drainage west to the San Joaquin River. If drainage channels in some areas prove insufficient to handle the increased drainage discharges, existing storm water runoff from urban and agricultural areas during large storm events would have to be interrupted until water levels receded to a point allowing the resumption of discharges to the channel. Ceasing discharges to drainage channels could cause inundation in and around the drainage conveyance pipeline systems, surface drainage channels, detention basins, and other urban areas. This cumulative impact is considered significant and unavoidable.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Storm Drainage mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-9-4 through V-9-9. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes: SD-9 from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-9.B of the MEIR discloses impacts on the demand for storm drainage resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
9. INCREASED DEMAND FOR STORM DRAINAGE				
1) The proposed project is inconsistent with the storm drainage policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would substantially increase the rate or amount of surface runoff in a manner that would result in flooding on- or offsite, as compared to impacts anticipated to result from the Urban Area General Plan or create substantial unanticipated sources of polluted runoff.	☐	☐	☐	☒

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
3) The proposed project does not utilize Low Impact Development strategies to reduce runoff from the site and increase infiltration, resulting in no net increase in runoff before and after development.	☐	☐	☐	☒

Discussion:

(1) The proposed project is consistent with the storm drainage policies in the Urban Area General Plan.

(2) The project was referred to the Land Development Engineering Department who indicated no concerns with storm water runoff. The project will not contribute additional water runoff that would exceed the capacity of the storm drainage system.

(3) The project will utilize low impact strategies and meet the standards contained in the "Guidance Manual for New Development-Storm Water Quality Control Measures." This requirement will be implemented as a condition of project approval.

10. FLOODING AND WATER QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on flooding and water quality expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Flooding and Water Quality mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-10-6 through V-10-9 of the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes: FWQ-13 from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-10.B of the Master EIR provides analysis of Flooding and Water Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
10. FLOODING AND WATER QUALITY				
1) The proposed project is inconsistent with the flooding and water quality policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project does not comply with the regulatory requirements of the federal Clean Water Act or the State Porter-Cologne Act.	☐	☐	☐	☒
3) The proposed project would place more housing within a 100-year flood hazard zone than assumed in the Urban Area General Plan.	☐	☐	☐	☒
4) The proposed project would place structure within a 100-year flood hazard area so that they would impede or redirect floodwater or would substantially alter the existing on-site drainage pattern or a watercourse, in such a way as to cause flooding on- or offsite.	☐	☐	☐	☒
5) The proposed project does not comply with Modesto's Guidance Manual for New Development Storm Water Quality Control Measures.	☐	☐	☐	☒
6) The proposed project would violate water quality standards or waste discharge requirements.	☐	☐	☐	☒
7) The proposed project would substantially alter the existing drainage pattern of the site or area or a watercourse in a manner that would result in substantial erosion or siltation on- or offsite in excess of the assumptions of the Urban Area General Plan.	☐	☐	☐	☒
8) The proposed project would create or contribute runoff, which would exceed the capacity of existing or planned storm water drainage systems or provide substantial additional sources of polluted runoff, not expected as part of Urban Area General Plan implementation.	☐	☐	☐	☒

Discussion:

(1) The proposed project is consistent with the flooding and water quality policies in the Urban Area General Plan.

(2) The project would comply with the Federal Clean Water Act and the Porter Cologne Act requirements.

(3-4) The project site is not within a 100-year flood hazard zone as established by the Federal Emergency Management Agency (FEMA)

(5) The project will comply with the Guidance Manual for New Development Storm Water Quality Control Measures (MIER Policy SD-11). This will be implemented as a condition of project approval.

(6) The project will not violate water quality standards or waste discharge requirements.

(7) The project would not substantially alter the existing drainage pattern of the site, area or a watercourse in a manner that would result in erosion or siltation.

(8) The City's Land Development Engineering Staff have reviewed the project and indicated no concerns that the project would cause significant flooding or unanticipated sources of runoff. The project will not contribute additional water runoff that would exceed the capacity of the storm drainage system.

11. INCREASED DEMAND FOR PARKS AND OPEN SPACE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on parks and open space expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Parks and open space mitigation measures pertinent to the proposed project are found on pages V-11-3 through V-11-9 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-11.B of the MEIR discloses impacts of the Urban Area General Plan on parks and open space. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
11. INCREASED DEMAND FOR PARKS AND OPEN SPACE				
1) The proposed project is inconsistent with the parks and open space policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would eliminate parks or open space.	☐	☐	☐	☒
3) The proposed project would cause an increase in the use of existing neighborhood and regional parks or other recreational facilities such that substantial physical deterioration of the facility in question would occur or be accelerated or the proposed project would include recreational facilities or require the construction or expansion of recreational facilities which might have an adverse physical effect on the environment.	☐	☐	☐	☒

Discussion:

(1) The project is consistent with the parks and open space policies in the General Plan.

(2) The project would not eliminate an existing park or designated open space. The project is on a vacant site currently zoned for Medium Density Residential and Professional Office uses. The project proposes rezoning to Low Density- and Medium-High Density Residential, and General Commercial uses.

(3) The project would result in an increase in the use of existing park facilities; however, deterioration or other physical changes to the facilities are not expected to occur as a result of the project. The project was referred to the City's Parks Planning Division, who indicated no concerns with impacts to nearby parks.

12. INCREASED DEMAND FOR SCHOOLS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on school facilities expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR. By statute, the impact of new students is considered to be mitigated below a level of significance by payment of school impact fees and the exercise of any or all of the financing options set out in Government Code Section 65997.

Cumulative Impacts

Effect: Similar to direct impacts of implementation of the Urban Area General Plan, no residual significant direct impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. As long these policies are applied to all subsequent projects, no new mitigation is necessary. Further, payment of school impact fees and compliance with SB 50 is statutorily deemed to be full mitigation of school impacts (Government Code Section 65995).

The following schools mitigation measures on pages V-12-5 through V-12-7 of the Master EIR are pertinent to the proposed project. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures are listed in Section V, Mitigation Applied to Project.

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-12.B of the Master EIR discloses impacts resulting from implementation of the Urban Area General Plan associated with increased demand for schools. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
12. INCREASED DEMAND FOR SCHOOLS				
1) The proposed project is inconsistent with the policies relating to schools in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project does not comply with SB 50/Proposition 1A funding provisions, or succeeding measures which state that compliance results in less-than-significant impacts on schools.	☐	☐	☐	☒

Discussion:

(1) The project is consistent with the policies relating to schools in the General Plan.

(2) The project was referred to Modesto City Schools and the Salida School District, who indicated no opposition to the project.

13. INCREASED DEMAND FOR POLICE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on police services expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Police services mitigation measures pertinent to the proposed project are found on pages V-13-2 through V-13-5 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-13.B of the Master EIR discloses impacts on police services resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
13. INCREASED DEMAND FOR POLICE SERVICES				
1) The proposed project is inconsistent with policies relating to police services in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would result in the need for new or significantly altered facilities not considered as part of the Urban Area General Plan or Master EIR which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times, or other performance objectives.	☐	☐	☐	☒

Discussion:

(1) The project is consistent with the policies relating to police services in the General Plan.

(2) The project would not result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives. The project meets City Standards for emergency services access.

14. INCREASED DEMAND FOR FIRE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on fire services expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Fire Services mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-14-4 through V-14-7 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-14.B of the Master EIR discloses impacts on fire services resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
14. INCREASED DEMAND FOR FIRE SERVICES				
1) The proposed project is inconsistent with the fire service policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would result in the need for new or significantly altered facilities not considered as part of the Urban Area General Plan or Master EIR which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times, or other performance objectives.	☐	☐	☐	☒
3) The proposed project, based upon substantial evidence, would cause the erosion or elimination of fire protection services in adjoining fire protection districts.	☐	☐	☐	☒

Discussion:

(1) The project is consistent with the fire service policies in the General Plan.

(2) The project would not result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives. The project was referred to the Modesto City Fire Department, who indicated no concerns.

(3) The project would not significantly impact adjacent fire districts or result in the elimination of fire protection services.

15. GENERATION OF SOLID WASTE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on solid waste expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Solid waste mitigation measures pertinent to the proposed project are found on pages V-15-4 through V-15-7 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project.
Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-15.B of the Master EIR discloses solid waste impacts resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
15. GENERATION OF SOLID WASTE				
1) The project is inconsistent with the solid waste	☐	☐	☐	☒

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
policies in the Urban Area General Plan.				
2) The County is unable to expand its solid waste disposal capacity, as expected, causing all new development to result in cumulative impacts on the County's disposal capacity.	☐	☐	☐	☒

Discussion:

(1) The project is consistent with the solid waste policies in the General Plan.

(2) This project was referred to the Solid Waste Division for review, who indicated no concerns over service to the project area.

16. GENERATION OF HAZARDOUS MATERIALS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts regarding hazardous materials expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Hazardous materials mitigation measures pertinent to the proposed project are found on pages V-16-8 through V-16-13 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-16.B of the Master EIR discloses impacts on hazardous materials resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
16. GENERATION OF HAZARDOUS MATERIALS				
1) The project is inconsistent with the hazardous materials policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school.	☐	☐	☐	☒
3) The proposed project would be located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would create a significant hazard to the public or the environment.	☐	☐	☐	☒
4) The proposed project would be constructed on a contaminated site not known to the State of California as of March 2008.	☐	☐	☐	☒

Discussion:

(1) The project is consistent with the hazardous materials policies in the General Plan.

(2) The project would comply with all applicable federal, state, and county standards and regulations relative to the handling, storage, disposal, and transport of hazardous or toxic materials or wastes. (No hazardous materials will be involved with this project).

(3) The project area is not be located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5, and as a result, would not create a significant hazard to the public or the environment.

(4) The project site is not known to contain any contaminants.

17. GEOLOGY, SOILS, AND MINERAL RESOURCES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts related to geology, soils, and mineral resources expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Geology, soils, and mineral resource mitigation measures pertinent to the proposed project are found on pages V-17-9 and V-17-10 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of the proposed project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-17.B of the Master EIR discloses geology, soils, and mineral resource impacts resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
17. GEOLOGY, SOILS, AND MINERAL RESOURCES				
1) The project is inconsistent with policies relating to geology, soils, and mineral resources contained in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would expose people or structures to potential substantial adverse effects including the risk off loss, injury, or death involving fault rupture, strong seismic activity; location on an expansive soil; result in the loss of topsoil; location on soils incapable of adequately supporting the use of septic tanks or alternative wastewater disposal systems in areas where sewers are not available for the disposal of wastewater; result in the loss of known mineral resources that would be of value to the region and the state; or result in the loss of availability of a locally important mineral resource recovery site delineated on a local general plan,	☐	☐	☐	☒

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
specific plan, or other land use plan.				

Discussion:

(1) The project is consistent with policies related to geology, soils and mineral resources in the General Plan.

(2) The project would not be located on soil that is unstable or that would become unstable as a result of the project. There are no known mineral resources of value to the region or state at the project site.

18. ENERGY

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts pertaining to energy expected after application of mitigations/policies:

Direct Impacts

Effect: Continued development in the Planned Urbanizing Area would have an impact on available energy supplies. Energy consumption likely would increase substantially by 2025 as a result of implementation of the Urban Area General Plan.

Cumulative Impacts

Effect: Implementation of the Urban Area General Plan will have a cumulatively considerable impact on energy consumption.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following energy mitigation measures pertinent to the proposed project are found on pages V-18-2 through V-18-8 in the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-18.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on energy resources. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
18. ENERGY				
1) The proposed project is inconsistent with policies relating to energy in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would result in energy consumption during construction, operation, maintenance, or removal that is more wasteful, inefficient, and unnecessary than assumed in the Urban Area General Plan.	☐	☐	☐	☒

Discussion:

(1) The project is consistent with the energy policies in the General Plan.

(2) The project would not result in energy consumption during construction, operation, maintenance or removal that is more wasteful, inefficient and unnecessary than assumed in the General Plan.

19. EFFECTS ON VISUAL RESOURCES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on visual resources expected after application of mitigations/policies:

Direct Impacts

Effect: New development in the Planned Urbanizing Area will occur in areas that are in agricultural production or are otherwise lightly developed, which could lead to the introduction of light and glare in areas that have little nighttime illumination.

Cumulative Impacts

Effect: No additional cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following visual resources mitigation measures pertinent to the proposed project are found on pages V-19-3 and V-19-4 in the Master EIR. All mitigation measures appropriate to the proposed project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-18.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on energy resources. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
19. EFFECTS ON VISUAL RESOURCES				
1) The proposed project is inconsistent with policies relating to visual resources in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would degrade views from riverside areas and parks to a greater degree than assumed in the Urban Area General Plan.	☐	☐	☐	☒
3) The proposed project would degrade views of riverside areas from public roadways and nearby properties to a greater degree than assumed in the Urban Area General Plan.	☐	☐	☐	☒

Discussion:

(1) The project is consistent with the policies related to the visual resources in the General Plan.

(2-3) The project site is not in the vicinity of riverside areas and parks, and would not degrade views to riverside areas. The site is completely surrounded by residential and commercial uses. The nearest river is the Stanislaus River, four miles to the north.

20. LAND USE AND PLANNING

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts pertaining to land use and planning expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following land use and planning mitigation measures pertinent to the proposed project are found on pages V-20-6 through V-20-17 in the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-20.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on land use and planning. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
20. LAND USE AND PLANNING				
1) The proposed project is inconsistent with land use and planning policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project contains elements that would physically divide an established community in a way not assumed in the Urban Area General Plan.	☐	☐	☐	☒
3) The proposed project conflicts with a land use plan, policy or regulation established for the purpose of avoiding or mitigating an environmental impact by an agency that has jurisdiction over the proposed project.	☐	☐	☐	☒
4) The proposed project conflicts with an applicable habitat conservation plan or natural community conservation plan.	☐	☐	☐	☒

Discussion:

(1) The land use for the site is designated as Mixed Use (MU) in the General Plan. The designation provides for both residential and commercial/professional office uses; therefore, the project is consistent with the land use and planning policies in the General Plan.

(2) The proposed project would not divide an established community. The area is developed with residential uses to the north and west and commercial uses to the south and east. The project proposes the continuance of Vintage Drive from Blue Bird Drive to Dale Road, establishing a new collector street connection to Dale Road. The proposed rezone and subsequent development is consistent with the surrounding uses and would not divide the existing neighborhood.

(3) The project does not conflict with the land use plan, policies and regulations of the City of Modesto designed to mitigate project impacts.

(4) The project does not conflict with applicable habitat conservation plans or natural community conservation plans.

21. CLIMATE CHANGE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts pertaining to climate change expected after application of mitigations/policies:

Direct Impacts

Effect: Impacts resulting from implementation of the Urban Area General Plan are not substantial enough to result in a significant direct impact on climate change, as disclosed in the Master EIR.

Cumulative Impacts

Effect: Implementation of the Urban Area General Plan will have a cumulatively considerable impact on climate change.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following climate change mitigation measures pertinent to the proposed project are found on pages V-21-7 through V-21-10 in the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-18.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on climate change. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
21. CLIMATE CHANGE				
1) The proposed project is inconsistent with policies relating to climate change in the Urban Area General Plan.	☐	☐	☒	☐
2) The proposed project would result in average automobile trip lengths or CO_2 emissions higher than those assumed in the Master EIR.	☐	☐	☒	☐
3) The proposed project would conflict with the Sustainable Communities Strategy or Alternative Planning Strategy that the Air Resources Board has agreed will achieve the goals of AB 32.	☐	☐	☒	☐

Discussion:

(1) The City of Modesto General Plan Master EIR addressed potential climate change impacts due to development and other activities associated with the Urban Area General Plan (UAGP). The Urban Area General Plan Master EIR (MEIR) determined that buildout of the UAGP would make a cumulatively considerable contribution to global climate change. The UAGP nonetheless authorizes development that will contribute to global climate change by virtue of the production of greenhouse gases. The MEIR states the projected rate of growth of vehicle miles traveled (VMT) will increase the City's contribution to global climate change as the City develops. Development under the UAGP is expected to generate approximately 1,096,226.4 metric tons per year above 2005 emissions. The City Council adopted a Statement of Overriding Considerations in 2008, finding that the benefits of the UAGP outweighed the City's increased contribution to global climate change.

The MEIR identifies policies CL-3 through CL-26 as policies in effect that have been determined to reduce, avoid or mitigate air quality environmental impacts within the existing City limits and within the Planned Urbanizing Areas as they annex and develop. These policies include but are not limited to, the use of shade trees to reduce the heat island effect, current energy efficient building standards to reduce energy consumption, and the inclusion of facilities for alternative transportation. The proposed project is required to develop in accordance with climate change policies included in the UAGP and the MIER.

(2) Climate change is an inherently cumulative impact because no single project can produce enough greenhouse gases to substantially alter the global climate. No thresholds have been set for individual or cumulative greenhouse gases. Nonetheless, the proposed project would result in greenhouse gas emissions due primarily to automobile travel and energy use for lighting, heating, cooling and other activities. The primary source of CO_2 emissions generated from the project would be related to automobile trips. As identified under the traffic and circulation discussion, traffic engineering staff has determined that the project will be in substantial conformance with the GP MEIR assumptions for traffic generation, the CO_2 emissions generated from the project would also be in substantial conformance with that which was assumed under the GP MEIR analysis.

(3) A Sustainable Communities Strategy has not yet been implemented by the Air Resources Board. Future development will be required to comply with the provisions of the Sustainable Communities Strategy once it is established.

V. MITIGATION MEASURES APPLIED TO THE PROPOSED PROJECT

If the Initial Study results in the determination that a Finding of Conformance can be adopted for the proposed project Section A below applies. If the Initial Study results in the determination that a Finding of Conformance cannot be adopted and a Mitigated Negative Declaration/EIR must be prepared for the project then Section B, below applies.

A. Master EIR Mitigation Measures Applied to the Project

Pursuant to Public Resources Code Section 21157.1(c), in order for a Finding of Conformance to be made, all appropriate mitigation measures from the Master EIR shall be incorporated into the proposed project. Urban Area General Plan Policies/Master EIR mitigation measures shall be made part of the proposed project prior to approval by means of conditions of project approval or incorporation into the appropriate document or plan.

All applicable and appropriate mitigation measures have been applied to the project (see mitigation measures listed below).

B. New or Additional Mitigation Measures or Alternatives Required

Where the project's effects would exceed the significance criteria for each environmental impact category, a mitigated negative declaration or Focused EIR must be prepared. Staff has reviewed the project against the significance criteria thresholds established in the Master EIR for all impact categories in this Initial Study.

A Mitigated Negative Declaration or Focused EIR shall be prepared for the project. The following additional project-specific mitigation measures listed below are necessary to reduce the identified new significant effect: None.

Traffic and Circulation:

N/A

Degradation of Air Quality:

AQ-42: All disturbed areas, including storage piles, which are not being actively utilized for construction purposes, shall be effectively stabilized of dust emissions using water, chemical stabilizer/suppressant, covered with a tarp or other suitable cover or vegetative ground cover.

AQ-43: All on-site unpaved roads and off-site unpaved access roads shall be effectively stabilized of dust emissions using water or chemical stabilizer/suppressant.

AQ-44: All land clearing, grubbing, scraping, excavation, land leveling, grading, cut & fill, and demolition activities shall be effectively controlled of fugitive dust emissions utilizing application of water or by presoaking.

AQ-46: When materials are transported off-site, all material shall be covered, or effectively wetted to limit visible dust emissions, and at least six inches of freeboard space from the top of the container shall be maintained.

AQ-47: All operations shall limit or expeditiously remove the accumulation of mud or dirt from adjacent public streets at the end of each workday. (the use of dry rotary brushes is expressly prohibited except where preceded or accompanied by sufficient wetting to limit the visible dust emissions.) (Use of blower devices is expressly forbidden.)

AQ-48: Following the addition of materials to, or the removal of materials from, the surface of outdoor storage piles, said piles shall be effectively stabilized of fugitive dust emissions utilizing sufficient water or chemical stabilizer/suppressant.

AQ-49: Within urban areas, track out shall be immediately removed when it extends 50 or more feet from the site and at the end of each workday.

AQ-50: Any site with 150 or more vehicle trips per day shall prevent carryout and track out.

The following measures should be implemented at construction sites when required to mitigate significant PM10 impacts(note, these measures are to be implemented in addition to Regulation VIII requirements):

AQ-51: Limit traffic speeds on unpaved roads to 15 mph; and

AQ-52: Install sandbags or other erosion control measures to prevent silt runoff to public roadways from sites with a slope greater than one percent (1%).

AQ-53: Install wheel washers for all exiting trucks, or wash off all trucks and equipment leaving the site.

AQ-54: Install wind breaks at windward side(s) of construction areas.

AQ-55: Suspend excavation and grading activity when winds exceed 20 mph. Regardless of windspeed, an owner/operator must comply with Regulation VIII's 20 percent (20%) opacity limitation.

AQ-56: Limit the area subject to excavation, grading and other construction activity at any one time.

Generation of Noise:

N-3: The project shall comply with the City's noise ordinance. Construction equipment and vehicles should be equipped with properly operating mufflers according to the manufacturers' recommendations. Air compressors and pneumatic equipment should be equipped with mufflers, and impact tools should be equipped with shrouds or shields. Equipment that is quieter than standard equipment should be utilized. Haul routes that affect the fewest number of people should be selected.

Effects on Agricultural Lands:

N/A

Increased Demand for Long-Term Water Supplies:

N/A

Increased Demand for Sanitary Sewer Services:

N/A

Loss of Sensitive Wildlife and Plant Habitat:

N/A

Disturbance of Archaeological/Historic Sites:

Table V-8-1(b-f):

b. Prior to excavation and construction, the prime construction contractor and any subcontractors shall be cautioned on the legal and/or regulatory implications of knowingly destroying cultural resources or removing artifacts, human remains, bottles, or other cultural materials from the project area.

c. The project sponsor shall identify a qualified archeologist prior to any demolition, excavation, or construction. The City will approve the project sponsor's selection of a qualified archeologist. The archeologist would have the authority to temporarily halt excavation and construction activities in the immediate vicinity (ten-meter radius) of a find if significant or potentially significant cultural resources are exposed and/or adversely affected by construction operations.

d. Reasonable time shall be allowed for the qualified archeologist to notify the proper authorities for a more detailed inspection and examination of the exposed cultural resources. During this time, excavation and construction would not be allowed in the immediate vicinity of the find; however, those activities could continue in other areas of the project site.

e. If any find is determined to be significant by the qualified archeologist, representatives from the construction contractor and the City, the qualified archeologist, and a representative of the Native American community (if the discovery is an aboriginal burial) would meet to determine the appropriate course of action.

f. All cultural materials recovered as part of a monitoring program would be subject to scientific analysis, professional curation, and a report prepared according to current professional standards.

Increased Demand for Storm Drainage:

SD-9: Construction activities shall comply with the requirements of the City's Storm Water Management Plan under its municipal NPDES stormwater permit, and the State Water Resources Control Board's General Permit for Discharges of Storm Water Associated with Construction Activity. (UAGP Policy V-E.3[h])

Flooding and Water Quality:

FWQ-13: Construction activities shall comply with the requirements of the City's Storm Water Management Plan under its municipal NPDES Stormwater permit, and the State Water Resources Control Board's General Permit for Discharges of Storm Water Associated with Construction Activity. (UAGP Policy V.E.3[h])

Increased Demand for Parks and Open Space:

N/A

Increased Demand for Schools:

N/A

Increased Demand for Police Services:

N/A

Increased Demand for Fire Services:

N/A

Generation of Solid Waste:

N/A

Generation of Hazardous Materials:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-499

RESOLUTION APPROVING AMENDMENT NO. 5 TO THE KIERNAN BUSINESS PARK SPECIFIC PLAN TO AMEND STORM DRAIN PROVISIONS AND TO CLARIFY AND SIMPLIFY LAND USE AND DEVELOPMENT STANDARD REGULATIONS

WHEREAS, Government Code Section 65450 et. seq. permits cities and counties to adopt specific plans for the systematic implementation of the General Plan and to provide for a greater level of detail in planning sites or areas of special interest or value, and

WHEREAS, on April 1, 1997, the City Council by Resolution No. 97-159 adopted the Kiernan Business Park Specific Plan, and

WHEREAS, Government Code Section 65453 permits the amendment of specific plans as often as deemed necessary by the legislative body, and

WHEREAS, on November 4, 1997, the City Council by Resolution No. 97-631 adopted Amendment No. 1 to the Kiernan Business Park Specific Plan to add language to allow for changes in utility service providers, and

WHEREAS, on April 7, 1998, the City Council by Resolution No. 98-170 adopted Amendment No. 2 to the Kiernan Business Park Specific Plan to add language to permit indoor theaters in the Regional Commercial Designation within a Planned Development Zone, and

WHEREAS, on August 10, 2004, the City Council by Resolution No. 2004-424 adopted Amendment No. 3 to modify the land use and circulation diagrams and development standards for the Kaiser Medical Center site, to revise the planned street

system in the future business park, and to incorporate design standards into the Specific Plan, and

WHEREAS, on September 1, 2009, the City Council by Resolution No. 2009-420 adopted Amendment No. 4 to re-designate 39 acres located on the east side of Dale Road between Kiernan Avenue and Bangs Avenue from Business Park(BP) to Mixed Use (MU) and Medium-High Density Residential (MHDR), to modify the circulation plans, incorporate MU and MHDR design standards and guidelines, and establish facilities plans for the area bounded by Kiernan Avenue, Dale Road, Bangs Avenue, and American Avenue, and

WHEREAS, Valley Ventures, LLC has filed an application to amend the Kiernan Business Park Specific Plan to amend storm drain provisions and to clarify and simplify land use and development standard regulations, and

WHEREAS, on September 14, 2015, at 6:00 p.m. the Planning Commission held a duly noticed public hearing in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which hearing evidence both oral and documentary was received and considered concerning the proposed specific plan amendment, and

WHEREAS, after said public hearing, the Modesto City Planning Commission by Resolution No. 2015-19, recommended to the City Council approval of the proposed Amendment No. 5 to the Kiernan Business Park Specific Plan to amend storm drain provisions and to clarify and simplify land use and development standard regulations, and

WHEREAS, said matter was set for a public hearing of the City Council to be held on December 8, 2015, in Room 2001 located at 1010 Tenth Street, Modesto, California, at which date and time said duly noticed public hearing was held, and

WHEREAS, the City Council has considered the addendum to the Kiernan Business Park Specific Plan Amendment #4 Program EIR, Environmental Assessment No. EA/C&ED 2015-13, which concludes that no major revisions to the previously-certified Kiernan Business Park Specific Plan Amendment #4 Program EIR (SCH No. 2007062071) are needed as a result of the project, and that, pursuant to Section 15162 and 15164 of the CEQA Guidelines, no new environmental review is required.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that all recitals above are true and correct and incorporated as part of this Resolution.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby finds and determines as follows:

1. The proposed amendment to the Kiernan Business Park Specific Plan is consistent with the General Plan, because the General Plan policies for stormwater drainage call for new development in specific plan areas to utilize positive storm drain facilities "which may be comprised of catch basins, pipelines, channels, recharge/detention basins, and pumping facilities..." (Policy V-4(b)). Although the types of facilities contemplated with this project are not the traditional basins as envisioned by this policy, the vegetative swale/underground infiltration system is a form of basin, essentially linear basins along the streets. The proposed system also provides for stormwater filtering through vegetation, complying with the City's NPDES requirements, as required under General Plan Policy V-4(f).

2. There are no substantial changes proposed in the project which result in new significant environmental effects or a substantial increase in the severity of previously identified significant effects and, therefore, no major revisions to the Kiernan Business Park Specific Plan Amendment #4 EIR are required.

3. No substantial changes have occurred with respect to the circumstances under which the proposed project are undertaken which will result in new

significant environmental effects or a substantial increase in the severity of previously identified significant effects and, therefore, no major revisions to the Kiernan Business Park Specific Plan Amendment #4 EIR are required.

4. There is no new information of substantial importance which was not known and could not have been known with the exercise of reasonable diligence when the Kiernan Business Park Specific Plan Amendment #4 EIR was adopted which shows any of the following:

   a. One or more significant effects which is not discussed in the Kiernan Business Park Specific Plan Amendment #4 EIR, or

   b. Significant effects which were previously examined will be substantially more severe than previously shown, or

   c. Previously infeasible mitigation measures or alternatives are now feasible and would substantially reduce one or more significant effects of the project, but the project proponents decline to adopt the mitigation measure or alternative, or

   d. Mitigation measures or alternatives which are considerably different from those analyzed in the Kiernan Business Park Specific Plan Amendment #4 EIR would substantially reduce one or more significant effects on the environment, but the project proponents decline to adopt the mitigation measure or alternative.

5. The Written Checklist, Environmental Assessment No. EA/C&ED No. 2015-13, provides the substantial evidence to support findings 2-4, above, and the City hereby determines that no further environmental documentation is required for the proposed project.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Kiernan Business Park Specific Plan is hereby amended to amend storm drain provisions and to clarify and simplify land use and development standard regulations, as shown on **Exhibit** "A" **attached** hereto and incorporated herein by reference.

BE IT FURTHER RESOLVED that the property owner and developer shall, at their sole expense, defend, indemnify and hold harmless the City of Modesto, its agents, officers, directors and employees, from and against all claims, actions, damages, losses, or expenses of every type and description, including but not limited to payment of

attorneys' fees and costs, by reason of, or arising out of, this development approval. The obligation to defend, indemnify and hold harmless shall include but is not limited to any action to arbitrate, attack, review, set aside, void or annul this development approval on any grounds whatsoever. The City of Modesto shall promptly notify the developer of any such claim, action, or proceeding.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 15th day of December, 2015, by Councilmember Ridenour, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Ah You, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Marsh
NOES:	Councilmembers:	None

Exhibit A

Kiernan Business Park Specific Plan Amendment No. 5

ADDENDUM TO THE KIERNAN BUSINESS PARK SPECIFIC PLAN AMENDMENT NO. 4 EIR

Section 1.0 Introduction

The Kiernan Business Park Specific Plan was originally approved in 1997 for a variety of uses that include Business Park, Regional Commercial, Office, and a Medical Campus. The Specific Plan area is approximately 614 acres located east of Highway 99 and south of Kiernan Avenue. In 2009, Kiernan Business Park Specific Plan Amendment No. 4 was approved focusing on changes to the east 153 acres of the Specific Plan located east of Dale Road. The major land use change was the re-designation of 39 acres from Business Park to Mixed Use and Medium High Density Residential.

The proposed project is Kiernan Business Park Specific Plan Amendment No. 5. This project also includes a Vesting Tentative Parcel Map, Vesting Tentative Subdivision Map, an amendment to the Facilities Master Plan, and an Infrastructure Financing Plan. The proposed Kiernan Business Park Specific Plan Amendment No. 5 primarily involves the 39 acres designated for Mixed Use and Medium High Density Residential. The proposed amendment would include changes to allowed land uses, storm drainage requirements, development standards, design guidelines, implementation processes, and administrative requirements.

An Environmental Impact Report was adopted in 2009 Kiernan for the Business Park Specific Plan Amendment No. 4, State Clearing House No. 2007062071. This is an Addendum to the 2009 EIR prepared for the proposed Specific Plan Amendment No. 5 and other related actions.

This Addendum discusses: 1) the Project description; 2) requirements of CEQA; 3) current status of the Kiernan Business Park Specific Plan and its Program EIR; 4) the Type of CEQA Compliance Document and Level of Analysis; 5) the format and content of this EIR Addendum; 6) the City's processing requirements to consider the proposed Project for approval; and, 7) an explanation of the Initial Study Environmental Checklist included within this document as Attachment 1.

Section 1.1 Project Description

The proposed project consists of a Specific Plan Amendment, Vesting Tentative Parcel Map, Vesting Tentative Subdivision Map, Facilities Master Plan amendment, and Infrastructure Financing Plan amendment. A more detailed discussion of the project is provided as follows:

1. **Specific Plan Amendment**

   The amendment to the specific plan is minor in nature. There are no changes to the approved land use designations related to acreage, density, or units. The amendment includes some clarification and simplification regarding allowed land uses. For example, in the Mixed Use Area where a long list of allowed uses is provided, the proposed amendment would refer to allowed uses in the C-2 Zone. In the Business Park Area, a proposed change would clarify that allowed office uses would include medical and non-medical. No development is proposed with this project.

   The approved storm drainage system is a series of centralized detention basins with outfall to Modesto Irrigation District laterals that would handle both on-site and street drainage. The proposed change is for individual properties to provide on-site treatment and disposal facilities in accordance with City standards, unless off-site facilities (basins) are approved by the City. Storm drainage for public streets would be though a combination of vegetative swales and underground storage/percolation facilities within the street, or optionally through dedicated basins, if approved by the City.

The amendment also includes minor changes to development regulations, design standards, and review processes. An example of a change to the design guidelines would be to replace specific requirements for pedestrian access within the Mixed Use Area with more generalized requirements. An example of an administrative change is to replace review process from a Final Development Plan reviewed by the Planning Commission to a Development Plan Review reviewed administratively by staff.

2. **Vesting Tentative Parcel Map and Vesting Tentative Subdivision Map**
   A Vesting Tentative Parcel Map and a Vesting Tentative Subdivision Map have been submitted in conjunction with the specific plan amendment. The proposed map is the result of dividing two parcels owned by the same owner totaling 19.8 acres into five parcels. The two parcels are located on the east side of Dale Road at Healthcare Way and ae designated for Mixed Use and Medium High Density Residential.

   The proposal to create five parcels would occur in two steps. The first step is a Vesting Tentative Parcel Map that would divide the original two parcels into four parcels. The second step is a subdivision map to divide one of the new parcels created by the Vesting Tentative Parcel Map into two parcels.

3. **Facilities Master Plan, Infrastructure Financing Plan, and Community Facilities District Amendment**
   A Facilities Master Plan provides a detailed analysis and description of the infrastructure required to serve the project. The Infrastructure Financing Plan identifies costs and provides the funding mechanism to construct infrastructure identified in the Facilities Master Plan. The Community Facilities District is funding mechanism established to construct and maintain infrastructure. The changes to the storm drainage system require adjustments to the Facilities Master Plan, Infrastructure Financing Plan, and Community Facilities District.

Section 1.2 California Environmental Quality Act (CEQA) Requirements

CEQA, a statewide environmental law contained in Public Resources Code Sections 21000-21177, applies to most public agency decisions to carry out, authorize, or approve actions that have the potential to adversely affect the environment. The overarching goal of CEQA is to protect the physical environment. To achieve that goal, CEQA requires that public agencies document and disclose the potentially significant adverse environmental consequences of their discretionary actions, and consider alternatives and mitigation measures that could avoid or reduce said potentially significant adverse impacts where avoidance or reduction is feasible. It also gives other public agencies and the general public an opportunity to review and comment regarding the draft CEQA documentation. If potentially significant adverse impacts cannot be avoided, reduced, or mitigated to a less-than-significant level, the public agency is required to prepare an EIR and to balance the project's environmental concerns with other goals and benefits in a statement of overriding considerations.

CEQA Guidelines Section 15164 states that: *"The lead agency or responsible agency shall prepare an addendum to a previously certified EIR if some changes or additions are necessary but none of the conditions described in Section 15162 calling for the preparation of a subsequent EIR have occurred."* Public Resources Code Section 21166 and CEQA Guidelines Section 15162 both indicate that: after an EIR has been certified for a project, no further EIR needs to be prepared unless there are "substantial changes" in the project "which will require major revisions of the previous EIR," or unless there is "new information which was not known and could not have been known at the time the environmental

impact report was certified as complete, becomes available." Section 15162 of the CEQA Guidelines states in part:

(a) *When an EIR has been certified or negative declaration adopted for a project, no subsequent EIR shall be prepared for that project unless the lead agency determines, on the basis of substantial evidence in light of the whole record, one or more of the following:*
   (1) *Substantial changes are proposed in the project which will require major revisions of the previous EIR or negative declaration due to the involvement of new significant environmental effects or a substantial increase in the severity of previously identified significant effects;*
   (2) *Substantial changes occur with respect to the circumstances under which the project is undertaken which will require major revisions of the previous EIR or negative declaration due to the involvement of new significant environmental effects or a substantial increase in the severity of previously identified significant effects; or,*
   (3) *New information of substantial importance, which was not known or could not have been known with the exercise of reasonable diligence at the time the previous EIR was certified as complete or the negative declaration was adopted, shows any of the following:*
      (A) *The project will have one or more significant effects not discussed in the previous EIR or negative declaration;*
      (B) *Significant effects previously examined will be substantially more severe than shown in the previous EIR;*
      (C) *Mitigation measures or alternatives previously found not to be feasible would in fact be feasible and would substantially reduce one or more significant effects of the project, but the project proponents decline to adopt the mitigation measure or alternative; or,*
      (D) *Mitigation measures or alternatives which are considerably different from those analyzed in the previous EIR would substantially reduce one or more significant effects on the environment, but project proponents decline to adopt the mitigation measure or alternative.*

Section 1.3 Kiernan Business Park Specific Plan and EIR

The Kiernan Business Park Specific Plan was originally approved in 1997. There have been four amendments since that time. The fourth amendment was approved in 2009, changing the designation of 39 acres on the east side of Dale Road at Healthcare Way from Business Park to Mixed Use and Medium High Density Residential. An EIR prepared for Kiernan Business Park Specific Plan Amendment No. 4 describes the various impacts that are likely as development occurs.

Prior to approval of subsequent actions that constitute a "project" under CEQA, the City is required to determine whether the environmental effects of such actions are within the scope of the project covered by the previous EIR, and whether additional environmental analysis is required. If the agency finds that pursuant to Sections 15162 and 15164 of the CEQA Guidelines no new effects would occur, nor would a substantial increase in the severity of previously identified significant effects occur, then no supplemental or subsequent EIR is required.

Section 1.4 Type of CEQA Compliance Document

This document is an Addendum to the previously-certified EIR (SCH No. 2007062071). As such, this Addendum analyzes the potential differences between the impacts that would occur with

implementation of the Kiernan Business Park Specific Plan Amendment No. 4 as disclosed in the EIR and those that would be associated with the proposed Project described in the Initial Study / Environmental Checklist, below.

This EIR Addendum provides the environmental information necessary for the City to make an informed decision about the proposed Project. Based on the Environmental Checklist prepared for the project and supporting environmental analysis and pursuant to sections 15162 and 15164 of the CEQA Guidelines, the City of Modesto has determined on the basis of substantial evidence in light of the whole record that the following statements are true.

a) As demonstrated in the accompanying Environmental Checklist Form and its associated analyses, the proposed Project would not require major revisions to the previously-certified Kiernan Business Park Specific Plan Amendment No. 4 EIR because the Project would not result in any new significant impacts to the physical environment nor would it create substantial increases in the severity of the environmental impacts previously disclosed in the EIR.

b) As demonstrated in the accompanying Environmental Checklist Form and its associated analyses, there have been no substantial changes in circumstances under which the project will be undertaken that will require major revisions to the Kiernan Business Park Specific Plan Amendment No. 4 EIR due to new or substantially more severe significant environmental effects than previously analyzed in the EIR. See the discussion under a), above, for the rationale regarding this statement.

c) No new information of substantial importance as described in Section 15164(a)(3) of the CEQA Guidelines has been revealed that would require major revisions to the Kiernan Business Park Specific Plan Amendment No. 4 EIR or its conclusions.

In light of the above, and in accordance with CEQA Guidelines Section 15164, this Addendum to the previously certified Kiernan Business Park Specific Plan Amendment No. 4 EIR is the appropriate environmental documentation for the proposed project. Potential environmental impacts resulting from the proposed Kiernan Business Park Specific Plan Amendment No. 5 and related projects have been evaluated, and it has been determined that no new impacts would result.

Section 1.5 Format and Content of this EIR Addendum

The following components comprise the EIR Addendum in its totality:

a) This Introduction (Sections 1.1 through 1.8);

b) The completed Initial Study Environmental Checklist Form, including analyses concluding that the proposed Project would not result in any new significant environmental impacts or substantially increase the severity of environmental impacts beyond the levels disclosed in the Kiernan Business Park Specific Plan Amendment No. 4 EIR (Attachment 1);

c) The proposed Kiernan Business Park Specific Plan Amendment No. 5 and related projects (Appendix A); and,

d) The Final Kiernan Business Park Specific Plan Amendment No. 4 EIR and City Council Resolution No. 2009-418, including the required Findings and Statement of Overriding Considerations,

which certified the Kiernan Business Park Specific Plan Amendment No. 4 EIR, are hereby incorporated by reference pursuant to CEQA Guidelines Section 15150. All of this documentation is available for review at the City of Modesto Planning Division, 1010 10th Street (Suite 3300), Modesto CA 95354, and online at: http://www.modestogov.com/ced/pdf/planning/documents/specific plans/Kiernan%20Business%20Park%20EIR.pdf

Section 1.6 Preparation and Processing of this Program EIR Addendum

This EIR Addendum will be forwarded to the City of Modesto Planning Commission and City Council for review as part of their deliberations concerning the proposed Project. A public hearing will be held before the City of Modesto Planning Commission to evaluate the proposed Project and the adequacy of this EIR Addendum. Public comments will be heard at the hearing(s). At the conclusion of the public hearing(s), the Planning Commission will provide a recommendation to the City Council as to whether to approve, approve with modifications, or deny approval of the proposed Project. Following conclusion of the hearing(s) before the City of Modesto Planning Commission, an additional public hearing(s) will be held before the Modesto City Council to consider the proposed Project and the adequacy of the Addendum to the Kiernan Business Park Specific Plan Amendment No. 4 EIR, at which time public comments will be heard. At the conclusion of the public hearing process, the City Council will take action to approve, approve with modifications, or deny approval of the proposed Project. If approved, the City Council also will adopt findings relative to the Project's environmental effects.

Section 1.7 Initial Study Checklist

The City of Modesto prepared and Initial Study Checklist for the proposed Project as suggested by CEQA Guidelines Section 15063(d)(3). CEQA Guidelines Appendix G reflects a checklist format to indicate whether the conditions set forth in Section 15162, which would require a subsequent or supplemental EIR, are met and whether there would be new significant impacts resulting from the project not examined in the EIR. The Initial Study Environmental Checklist for the proposed project is included herein as Attachment 1.

There are four possible responses to each of the environmental issues included on the checklist:

1. **Potentially Significant Impact.** This response is used to indicate when the Project has changed to such an extent that major revisions of the Kiernan Business Park Specific Plan Amendment No. 4 EIR are required due to the presence of new, potentially-significant environmental effects.

2. **Less Than Significant With Mitigation.** This response is used to indicate that the proposed project could result in new potentially-significant impacts that could be reduced to a less-than-significant level with appropriate mitigation measures applied.

3. **Less Than Significant Impact.** This response is used to indicate that the proposed project could result in new environmental impacts that would be less-than-significant.

4. **No Impact.** This response is used to indicate that the proposed project would not result in any new or more significant impact(s) that those already identified and addressed within the EIR.

The Initial Study Checklist provides the information and analyses necessary to assess relative environmental impacts of the current Project in the context of environmental impacts addressed in the previously certified Kiernan Business Park Specific Plan Amendment No. 4 EIR. In conducting this

exercise, the City has determined that no new or more significant environmental impacts could result from the proposed project (see Attachment 1, page 1).

Section 1.8 Point of Contact

The Lead Agency for this environmental document is the City of Modesto. Any questions about the preparation of this Addendum to the Kiernan Business Park Specific Plan Amendment No. 4 EIR, including the Initial Study Checklist, its assumptions, and/or conclusions reached, should be referred to:
