MODESTO CITY COUNCIL
RESOLUTION NO. 2015-04

RESOLUTION APPOINTING STEVE RANK TO THE DOWNTOWN IMPROVEMENT DISTRICT ADVISORY BOARD

WHEREAS, Section 1102 of the Charter of the City of Modesto authorizes the City Council to appoint members to various Boards and Commissions, and

WHEREAS, the Downtown Improvement District Board of Directors are recommending the appointment of Steve Rank to the Downtown Improvement District Advisory Board to fill one existing vacancy created by a resignation,

WHEREAS, pursuant to Modesto Municipal Code Section 6-3.11, the Downtown Improvement Advisory Board appointments go directly to Council for approval.

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. Steve Rank is hereby appointed to the Downtown Improvement District Advisory Board.

SECTION 2. The City Clerk is hereby directed to transmit a copy of this Resolution to the appointed members of Downtown Improvement District Advisory Board, and as Secretary thereof.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of January, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-05

RESOLUTION AUTHORIZING THE AWARD OF BID FOR THE PURCHASE OF ONE (1) TRUCK WITH SERVICE BODY VEHICLE FOR THE UTILITIES DEPARTMENT, STORMWATER COLLECTION DIVISION, THROUGH THE PUBLIC WORKS DEPARTMENT, FLEET SERVICES DIVISION, TO INTERSTATE TRUCK CENTER LLC, STOCKTON, CA, FOR AN ESTIMATED TOTAL COST OF $172,391

WHEREAS, the Interim City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for new vehicles and heavy equipment, through various competitive processes, with the Purchasing Division coming back to Council for award authorization. The one (1) Truck with Service Body vehicle was included in the new vehicles and heavy equipment list authorized by the Interim City Manager, and

WHEREAS, the addition of the Truck with Service Body vehicle was approved in the 2014-15 Utilities Department, Stormwater Collection Division budget, and

WHEREAS, The Purchasing Division issued RFB No. 1415-16 for the purchase of one (1) truck with service body to nine (9) prospective bidders, and posted the RFB on the City's website. Two (2) of the bidders are located within Stanislaus County, one (1) of which is a local vendor, and

WHEREAS, bids were formally opened in the City Clerk's office. Three (3) companies chose to respond, none of which were local vendors. The local vendor was not able to provide this type of vehicle and elected not to submit a bid. All three (3) companies provided responsive and responsible bids, and

WHEREAS, based on providing the lowest responsive and responsible bid, City staff recommends the award of bid for the purchase of one (1) Truck with Service Body to Interstate Truck Center LLC, Stockton, CA, for a total estimated cost of $172,391, and

WHEREAS, sufficient funds are budgeted in Fiscal Year 2014-15 in account # 4480-44222-57003, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. The award of bid for the purchase of one (1) Truck with Service Body to Interstate Truck Center LLC, Stockton, CA, conforms to the Modesto Municipal Code, 8-3.203.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid for the purchase of one (1) Truck with Service Body for the Utilities Department, Stormwater Collections Division, through the Fleet Services Division, to Interstate Truck Center LLC, Stockton, CA .

BE IT FURTHER RESOLVED that the Purchasing Manager or his designee to issue a purchase order for a total estimated cost of $172,391.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of January, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-07

RESOLUTION AMENDING THE FISCAL YEAR 2014/15 CAPITAL IMPROVEMENT PROGRAM (CIP) BUDGET IN THE AMOUNT OF $115,000

WHEREAS, the purpose of the CML 5059 (197) Bus Turnout SB Dale Road project is to provide a bus stop located on the west side of Dale Road, south of Veneman Avenue, where a bus can stop and not block southbound traffic flow, and

WHEREAS, staff worked diligently with Stancog to expedite the CML 5059 (197) Bus Turnout SB Dale Road project schedule by using the Expedited Project Schedule Procedure (EPSP) to effectively move forward the programming of Congestion Mitigation and Air Quality (CMAQ) funds, and

WHEREAS, on December 11, 2012, City Council, by Resolution No. 2012-508 amended the Fiscal Year 2012/13 Capital Improvement Program (CIP) budget in the amount of $85,000 for the for CML 5059 (197) Bus Turnout SB Dale Road project, and

WHEREAS, Caltrans has determined that this project has no significant impacts on the environment as defined by National Environmental Policy Act, and

WHEREAS, staff has completed the construction plans, project specifications and preliminary construction estimate, and

WHEREAS, all required dry utility investigations/designs have been completed, and

WHEREAS, on November 3, 2014, California Department of Transportation authorized R/W finding in the amount of $115,000.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the Fiscal Year 2014/15 Capital Improvement Project

Program budget to modify and add Capital Improvement Program funding in the amount of $115,000.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of January, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-09

RESOLUTION APPROVING A PURCHASE AND SALE AGREEMENT BETWEEN THE CITY OF MODESTO AND LIBITZKY HOLDINGS, L.P., A CALIFORNIA LIMITED PARTNERSHIP, AND ERIC S. SCHMIER AND KENNETH J. SCHMIER, FOR ACQUISITION OF A 2.33 ACRE TEMPORARY CONSTRUCTION EASEMENT, LOCATED AT 4524 TULLY ROAD (APN 046-012-005), IN THE AMOUNT OF $36,907, FOR THE DOWNSTREAM IMPROVEMENTS TIER 1 NORTH TANK PROJECT, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT AND ALL RELATED DOCUMENTS REQUIRED TO CLOSE ESCROW

WHEREAS, the City of Modesto continues to make efficiency improvements to its water distribution system to improve the delivery capacity of the Modesto Regional Water Treatment Plant, and

WHEREAS, the improvements in the Downstream Improvements Tier 1 North Tank Project include installing a six million gallon storage tank and pump station in north Modesto, and

WHEREAS, the project requires acquisition of a 2.33 acre Temporary Construction Easement on the adjacent property to provide a construction work area to install the project improvements, and

WHEREAS, the property required for the easement is Assessor Parcel Number 046-012-005 and is located at 4524 Tully Road, and

WHEREAS, City staff has investigated the subject property to ensure it is suitable for this purpose and recommends approving the Purchase and Sale Agreement necessary for acquisition of the property interest owned by Libitzky Holdings, L.P., et al,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Purchase and Sale Agreement between the City of Modesto and Libitzky Holdings, L.P., a California Limited Partnership, and Eric S. Schmier and

Kenneth J. Schmier, for acquisition of a 2.33 acre Temporary Construction Easement, located at 4524 Tully Road (APN 046-012-005), in the amount of $36,907, for the Downstream Improvements Tier 1 North Tank Project.

BE IT FURTHER RESOLVED that the City Manager, or his designee, to execute the Agreement and all related documents required to close escrow.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-12

RESOLUTION CERTIFYING THE FINAL ENVIRONMENTAL IMPACT REPORT FOR THE CITY OF MODESTO WASTEWATER SYSTEM UPGRADES PROJECT (SCH No. 2013082006) IN ACCORDANCE WITH THE CALIFORNIA ENVIRONMENTAL QUALITY ACT, AND MAKING CERTAIN FINDINGS CONCERNING ENVIRONMENTAL IMPACTS, MITIGATION MEASURES, AND ALTERNATIVES TO THE PROJECT, ADOPTING A MITIGATION MONITORING AND REPORTING PROGRAM, AND ADOPTING A STATEMENT OF OVERRIDING CONSIDERATIONS, ALL IN CONNECTION WITH APPROVAL OF THE PROJECT CONTEMPLATED BY THE FINAL MASTER ENVIRONMENTAL IMPACT REPORT

WHEREAS, in March 2007, the City of Modesto ("City") prepared a Wastewater Master Plan Update ("WWMP") to provide for wastewater collection system improvements and modifications to the operation of the Primary Sutter Treatment Facility and Secondary Jennings Facility, and

WHEREAS, on March 13, 2007, by Resolution No. 2007-178, the City Council certified a Master Environmental Impact Report ("MEIR") for the WWMP update (SCH No. 2006052076) in accordance with the California Environmental Quality Act ("CEQA"), Public Resources Section 21000, et seq, and

WHEREAS, the City has prepared a new WWMP Update to guide the improvement and expansion of its wastewater collection, treatment, and disposal facilities, and operation and maintenance of those facilities over the next approximately 30 years ("Project"), and

WHEREAS, based on the nature of the proposed Project, the potential for new significant impacts as a result of the proposed Project and the potential for changed conditions since the certification of the 2007 MEIR for the WWMP, the City determined that a new Master Environmental Impact Report ("MEIR") was required for the to analyze new wastewater improvements, and

WHEREAS, on August 21, 2013, the City, as the lead agency, published a Notice of Preparation ("NOP") for an MEIR for the proposed Project, and

WHEREAS, the NOP provided notice of the City's determination, and solicited public input on the proposed scope and content of the MEIR for the proposed Project, and

WHEREAS, on July 24, 2014, the City published and distributed a Draft MEIR for the proposed Project, which was available for public review and comment for a period of 45 days as required by Section 21091 of CEQA, and

WHEREAS, during the 45-day public comment period the City received five letters commenting on the Draft MEIR, and

WHEREAS, the City prepared written responses to all written comments received on the Draft MEIR, said responses being contained in a Final Environmental Impact Report ("Final MEIR") for the proposed Project, which Final MEIR was prepared pursuant to Section 15089 of the CEQA Guidelines, and

WHEREAS, the Final MEIR was published and distributed on December 10, 2014, and consists of the Draft MEIR, a list of commentors, copies of all written comments received, responses to those comments that raise environmental issues, and any revisions to the text of the Draft MEIR made in response to the comments or as staff-initiated text changes, as required by Section 15132 of the CEQA Guidelines, and

WHEREAS, the City proposes to approve and adopt the Project as analyzed by the Final MEIR, and

WHEREAS, the City Council has received and considered the Final MEIR for the proposed Project (SCH No. 2013082006) which analyzes the potential environmental effects of the proposed Project, and

WHEREAS, CEQA requires that, in connection with the certification of a Final MEIR, the decision-making agency make certain written findings.

NOW THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby finds and determines as follows:

1. The foregoing recitals are true and correct.

2. The Final MEIR has been completed in compliance with CEQA, and

3. The Final MEIR has been presented to the City Council and the Council has reviewed and analyzed the Final MEIR and other information in the record and has considered the information contained therein, including the written and oral comments received at the public hearings on the Final MEIR, and

4. That all significant effects of the Project on the environment have been eliminated or substantially eliminated.

5. That the Findings set forth in **Exhibit** "A" and incorporated by this reference are hereby adopted as the City's findings under the California Environmental Quality Act ("CEQA"), Public Resources Code Sections 21000, et seq., and the CEQA guidelines, Cal. Code Regs., Title 13, sec. 15000, et seq., relating to the Project. The Findings provide the written analysis and conclusions of the Council regarding the Project's environmental impacts, mitigation measures and alternatives to the Project.

6. The Mitigation Monitoring and Reporting Program for the Final MEIR ("MMRP") is contained in the Final MEIR and is **attached** to this resolution as **Exhibit** "B", incorporated by this reference. The MMRP identifies impacts of the Project, corresponding mitigation, designation of responsibility for mitigation implementation and the agency responsible for the monitoring action.

7. The Final MEIR contains additions, clarifications, modifications and other information in its responses to comments on the Draft MEIR for the Project and also incorporates information obtained by the City since the Draft MEIR was issued. This Council hereby finds and determines that such changes and additional information are not significant new information as that term is defined under the provisions of the CEQA, because such changes and additional information do not indicate that any new significant environmental

impacts not already evaluated would result from the proposed Project and do not reflect any substantial increase in the severity of any environmental impact; no feasible mitigation measures considerably different from those previously analyzed in the Draft MEIR have been proposed that would lessen significant environmental impacts of the Project; and no feasible alternatives considerably different from those analyzed in the Draft MEIR have been proposed that would lessen significant environmental impacts of the proposed Project. Accordingly, this Council hereby finds and determines that recirculation of the Final MEIR for further public review and comment is not warranted, and

8. The City Council does hereby designate William Wong, Engineering Division Manager of the Utilities Department for the City of Modesto, at his office at 1010 Tenth Street, Suite 4100, Modesto, California 95354 as the custodian of documents and record of proceedings on which this decision is based, and

9. The City Council does hereby make the foregoing findings with the stipulations that all information in these findings is intended as a summary of the full administrative record supporting certification of the Final MEIR, which full administrative record should be consulted for the full details supporting these findings, and that any mitigation measures and/or alternatives that were suggested by commentors to the Draft MEIR and were not certified as part of the Final MEIR are hereby expressly rejected for the reasons stated in the responses to the comments set forth in the Final MEIR and elsewhere in the record.

10. The Final MEIR and all findings contained herein represent the independent judgment of the City of Modesto, and

BE IT FURTHER RESOLVED by the Council that it hereby certifies the Final Master Environmental Impact Report for Wastewater System Upgrades Project (SCH No. 2013082006), a copy of which is available in the City Clerk's Office.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of January, 2015 by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

Exhibit "A"

FINDINGS AND STATEMENTS REQUIRED UNDER THE CALIFORNIA ENVIRONMENTAL QUALITY ACT
(Public Resources Code, Section 21000 et seq.)
EA/UP&P 2014-05

Exhibit "A"

CITY OF MODESTO WASTEWATER SYSTEM

UPDATE ENVIRONMENTAL IMPACT REPORT (SCH# 2013082006)

FINDINGS AND STATEMENTS REQUIRED UNDER THE CALIFORNIA ENVIRONMENTAL QUALITY ACT (Public Resources Code, Section 21000 *et seq.*)

I. Introduction

On behalf of the City of Modesto (the "City"), and pursuant to the California Environmental Quality Act ("CEQA"), Jerry Haag, Urban Planner has prepared a Final Environmental Impact Report (the "FEIR") for the City of Modesto Wastewater System Upgrades Project and other related approvals described below (collectively, the "Project"). The City is the lead agency for the FEIR.

To support its certification of the FEIR and approval of the Project, the City Council of the City of Modesto (the "City Council") makes the following findings of fact (collectively, the "Findings"). These Findings contain the City Council's written analysis and conclusions regarding the Project's environmental effects, mitigation measures, alternatives to the proposed Project, which, in the City Council's view, justify the approval of the Project. These Findings are based upon the entire record of proceedings for the FEIR, as described below.

The Project includes a program of facility improvements to be funded by wastewater rates and charges, including collection system and treatment plant improvements. The wastewater collection system upgrades will be made within the City's wastewater service area. The City is located in Stanislaus County, California in the central San Joaquin Valley, and the City's wastewater service area includes all of the incorporated City of Modesto, a portion of north Ceres, the unincorporated community of Empire, and unincorporated "islands" in the County within the City that are served by agreement. The Primary Plant is located in the southwestern portion of the City adjacent to the north bank of the Tuolumne River. The Secondary Plant is outside the City limits, and is located approximately 6.5 miles southwest of the City, on the east side of the San Joaquin River. A 60-inch Primary Effluent Outfall pipeline and a Cannery Segregation Line (Outfall) follow a generally diagonal route, carrying primary treated effluent and wastewater from wet industries between the Primary Plant and the Secondary Plant.

The approvals necessary for implementation of the Project include approval by the City Council of the various elements to improve the City's wastewater system. Subsequent approval documents for individual projects may include but not limited to: approval by the State Department of Fish and Wildlife of a lake/streambed Alteration Agreement;

approval of encroachment permits by the State Reclamation Board and the California Department of Transportation; approval of 401 Water Quality Certification and a National Pollutant Discharge Elimination System by the Regional Water Quality Control Board for the Central Valley Region; approval by Stanislaus County of the construction of wastewater collection facilities in County road rights-of-way; granting of permission to cross canals by the Modesto Irrigation District and the Turlock Irrigation District; approval of permits for emergency generators by the San Joaquin Valley Air Pollution Control District; and approval of a Section 404 permit by the U.S. Army Corps of Engineers ("USACE").

II. General Findings and Overview

A. Record of Proceedings and Custodian of Record

The record of proceedings for the City's findings and determinations is available for review by responsible agencies and interested members of the public during normal business hours at 1010 Tenth Street, Suite 4100, Modesto, California. The custodian of these documents is William Wong, Engineering Manager, Utilities Department.

B. Preparation and Consideration of the FEIR and Independent Judgment Findings

The City Council finds, with respect to the City's preparation, review and consideration of the FEIR, that:

- The City retained the independent firm of Jerry Haag, Urban Planner ("Consultant") to prepare the FEIR, and the Consultant prepared the FEIR under the supervision and at the direction of the City of Modesto Utilities Department.

- The City circulated the DEIR for review by responsible agencies and the public and submitted it to the State Clearinghouse for review and comment by state agencies.

- The FEIR has been completed in compliance with CEQA.

- The Project will not have significant, unavoidable impacts as described and discussed in the FEIR.

- The FEIR is adequate under CEQA to address the potential environmental impacts of the Project.

- The FEIR has been presented to the City Council, and the City Council has independently reviewed and considered information contained in the FEIR.

- The FEIR reflects the independent judgment of the City.

By these Findings, the City Council ratifies, adopts and incorporates the analyses, explanations, findings, responses to comments, and conclusions of the FEIR, except as specifically described in these Findings.

C. Findings Regarding Less-Than-Significant Impacts.

By these Findings, the City Council ratifies and adopts the FEIR's conclusions for the following potential environmental impacts which, based on the analyses in the FEIR, the City Council determines to be less than significant:

1. **Land Use**

   - Physical Division of an Established Community – Proposed improvements to the wastewater collection system would be located on public right-of-way or on City owned property so as not to create a physical division of an existing community.

   - Conflicts with Applicable Land Use Plans, Policies or Regulations– Proposed project improvements would be consistent with the City's 2008 Urban Area General Plan and other applicable land use regulatory plans, policies and regulations.

   - Conflicts with Applicable Habitat Conservation Plans or Natural Community Conservation Plan – None of the properties affected by the proposed Wastewater Master Plan Update are located within a habitat conservation plan area or a Natural Community Conservation Plan area.

2. **Agricultural Resources**

   - Conversion of Prime Agricultural or Farmland to a Non-Urban Use – Proposed Project improvements would occur on City owned property or within public rights-of-way and would not convert prime agricultural or farmland to a non-agricultural use.

   - Impairment of Agricultural Productivity of Prime Agricultural Land. – Proposed Project improvements would occur on City owned property or within public rights-of-way and would not convert prime agricultural or farmland to a non-agricultural use.

   - Substantially Increase Pesticide Overspray, Dust or Noise in Urban Areas – No agricultural operations would be undertaken as part of proposed Project activities, so no impacts to pesticide overspray, dust or noise in an urban area would occur

3. **Water Quality and Hydrology**

- Potential Impacts Related to Increased Flooding – None of the proposed project improvements would increase the amount of impervious surfaces that would increase the quantity of stormwater runoff.

- Alteration of Drainage Patterns that Could Exacerbate Flooding Problems – None of the proposed project improvements would significantly change existing drainage patterns by significant amounts of grading or adding fill material to Project element sites.

- Exposure of Life and Property to Increased Flood Hazard – None of the proposed project improvements would include structures for human occupancy.

4. Biological Resources

- Impact BIO-12 – Upgrading activities of the Jennings Facility may result in changes to treated effluent into local rivers.

5. Air Quality

- Contribution to Cumulatively Considerable Air Pollutants – Cumulative project air emissions would not exceed regional air quality standards.

- Violation of any Air Quality Standard or Contribute Substantially to an Existing or Projected Air Quality Violation – Project air emissions would not exceed regional air quality standards.

- Exposure of Sensitive Receptors to Substantial Pollutant concentrations – The proposed project would not introduce new sensitive receptors (residences or similar uses) to the project component sites.

- Conflict with Applicable Air Quality Plan – Vehicle trips associated with the Project are not expected to increase due to implementation of the Project and the Project is not anticipated to result in a substantial and unplanned level of growth. Therefore, the Project would not conflict with or obstruct implementation of efforts outlined in the region's air pollution control plans to attain or maintain ambient air quality standards.

6. Noise

- Temporary Construction Noise- Construction of Project components would temporarily increase ambient noise levels in the Project vicinity above levels existing but would be less-than-significant with adherence to existing City noise requirements.

7. Visual Resources

- Effects on Scenic Vistas - Construction of Project components would be located underground or would involve minor upgrades to existing wastewater facilities.

- Potential Damage to Scenic Resources – No major scenic resources exist on any Project sites.

- Potential to Degrade Visual Character or Quality of the Sites - Construction of Project components would be located underground or would involve minor upgrades to existing wastewater facilities.

- Creation of Substantial Light and Glare – Limited new lighting facilities would be added that would result in a significant light or glare impact.

8. Hazards and Hazardous Materials

- Impacts related to routine transport, use or disposal of hazardous materials – No significant quantities of hazardous materials are expected to occur with respect to operational or construction phases of future wastewater projects.

III. Findings and Recommendations Regarding Significant Environmental Impacts

A detailed analysis of the potential environmental impacts and the proposed mitigation measures for the Project is set forth in Chapter 4 of the DEIR, as incorporated into the FMEIR. The City Council concurs with the conclusions in the DEIR, as incorporated into the FMEIR, that changes or alterations have been required, or incorporated into, the project which avoid or substantially lessen many of the significant environmental effects identified in the DEIR.

Chapter 4.3. Water Quality and Hydrology

Impact HYD-1. Grading, trenching and similar ground disturbance could release loose soil, debris and other material into nearby waterways.

a) **Potential Impact.** Impacts to water quality degradation during grading or ground disturbance is described and discussed on pages 71 and 72 of the DEIR.

b) Mitigation Measure. The following mitigation measure is hereby adopted and will be implemented as provided by the Mitigation Monitoring Program: Mitigation Measure HYD-1 (p. 72 of the DEIR).

c) **Findings.** Based on the FEIR and the entire record before the City, the City Council finds that: implementation of Mitigation Measure HYD-1 would fully mitigate the impact identified above by requiring that Stormwater Pollution Prevention Plans be prepared prior to commencement of earth disturbing activities. The SWPPP shall contain, at minimum, those components identified in Mitigation Measure HYD-1. Implementation of Mitigation Measure HYD-1 will substantially lessen or avoid the impact identified above.

Chapter 4.4. Biological Resources

Impact BIO-1. Construction of project facilities along the Tuolumne River adjacent to the Primary Plant, or in other riparian areas, could damage the habitat of the valley elderberry longhorn beetle.

a) **Potential Impact.** Impacts to water quality degradation during grading or ground disturbance is described and discussed on pages 71 and 72 of the DEIR.

b) **Mitigation Measure.** The following mitigation measure is hereby adopted and will be implemented as provided by the Mitigation Monitoring Program: Mitigation Measure BIO-1 (p. 106 of the DEIR).

c) **Findings.** Based on the FEIR and the entire record before the City, the City Council finds that: Mitigation Measure BIO-1 requires that the project area and surrounding area be surveyed and mapped by a qualified biologist for the presence of the valley elderberry longhorn beetle and its elderberry host species plant. In the event that elderberry plants are discovered, Mitigation Measure BIO-1 establishes protocols for the City and its contractors to follow to ensure that the mitigation measure above is mitigated to a less than significant level. Specifically, this measure calls for consultation and coordination with the US Fish and Wildlife Service and Army Corps of Engineers, implementation of avoidance mitigations where possible and transplantation of elderberry plants if necessary for the project. Taken together, implementation of these mitigation measures will substantially lessen or avoid the biological resources impact identified above.

Impact BIO-2. Construction of wastewater facilities could impact the habitat of burrowing owl.

a) **Potential Impact.** The biological resources impact identified above is described and discussed on pages 108 through 109 of the DEIR.

b) **Mitigation Measure.** The following mitigation measure is hereby adopted and will be implemented as provided by the Mitigation Monitoring Program: Mitigation Measure BIO-2 (p. 108 and 109 of the DEIR).

c) **Findings.** Based on the FEIR and the entire record before the City, the City Council finds that: Mitigation Measure BIO-2 requires completion of a pre-construction survey for Burrowing Owls in accordance with State and Federal regulations and establishes protocols to ensure that if breeding or resident owls are discovered, the City and its contractors act to protect their habitat from disruption during the nesting season. In the event that avoiding construction in occupied areas is not feasible. The Mitigation Measure establishes standards for mitigation through the acquisition and preservation of offsite habitat. Together, implementation of these mitigation measures will substantially lessen or avoid the biological resources impact identified above.

Impact BIO-3. Construction of wastewater facilities may impact nesting raptors.

a) **Potential Impact.** The biological resources impact identified above is described and discussed on pages 110 through 111 of the DEIR.

b) **Mitigation Measure**. The following mitigation measure is hereby adopted and will be implemented as provided by the Mitigation Monitoring Program: Mitigation Measure BIO-3 (p. 110 and 111 of the DEIR).

c) **Findings.** Based on the FEIR and the entire record before the City, the City Council finds that: Implementation of Mitigation Measure BIO-3 will substantially lessen or avoid the biological resources impact identified above by ensuring that to the extent practicable, construction shall be scheduled to avoid the nesting season, and where such avoidance mitigation is not feasible, pre-construction surveys for nesting raptors shall be conducted to ensure that no active raptor nest is disturbed by construction activities.

Impact BIO-4. Construction of wastewater facilities may impact sensitive biological resources and habitat area within the Tuolumne River.

a) **Potential Impact.** The biological resources impact identified above is described and discussed on pages 111 through 112 of the DEIR.

b) **Mitigation Measure**. The following mitigation measure is hereby adopted and will be implemented as provided by the Mitigation Monitoring Program: Mitigation Measure BIO-4 (p. 111 of the DEIR).

c) Findings. Based on the FEIR and the entire record before the City, the City Council finds that: Mitigation Measure BIO-4 requires that pre-construction surveys be conducted prior to project-related activities that would impact the resources of the Tuolumne and San Joaquin

Rivers. If such surveys identify potentially significant impacts, the measure requires that the City consult with State and Federal regulatory agencies to ensure that appropriate protocols are followed to mitigate any such impacts. Mitigation Measure BIO-4 additionally requires the City to implement standard avoidance and minimization mitigations in consultation with relevant regulatory agencies in the event that special-status species are identified in the project area. Implementation of Mitigation Measure BIO-4 will substantially lessen or avoid the biological resources impact identified above by ensuring that the City implement standard protocols for avoiding impacts to special-status species and their habitat.

Impact BIO-5. Construction of project facilities may impact Swainson's hawk foraging habitat.

a) **Potential Impact.** The biological resources impact identified above is described and discussed on page 112 of the DEIR.

b) **Mitigation Measure**. The following mitigation measure is hereby adopted and will be implemented as provided by the Mitigation Monitoring Program: Mitigation Measure BIO-5 (page of the DEIR).

c) **Findings.** Based on the FEIR and the entire record before the City, the City Council finds that: In the event that project facilities are constructed on lands identified as potential foraging habitat for Swainson's Hawks, implementation of Mitigation Measure BIO-5 will substantially lessen or avoid such impacts by requiring that the City offset such loss of habitat by providing offsite "Habitat Management" lands as provided in California Department of Fish and Wildlife ("CDFW") standard protocols.

Impact BIO-6. Construction of project facilities may impact Swainson's species by removing trees with active nests.

a) **Potential Impact.** The biological resources impact identified above is described and discussed on page 112 of the DEIR.

b) **Mitigation Measure**. The following mitigation measure is hereby adopted and will be implemented as provided by the Mitigation Monitoring Program: Mitigation Measure BIO-6 (pages 112 and 113 of the DEIR).

c) **Findings.** Based on the FEIR and the entire record before the City, the City Council finds that: Implementation of Mitigation Measure BIO-6 will substantially lessen or avoid the biological resources impact identified above by requiring that: (1) a qualified ornithologist conduct pre-construction surveys at the Jennings Plant site, in developing areas where collection system extensions are being constructed and within

one-mile of previously undeveloped properties that could have trees with active nests; (2) if a nest site is found, the City consult with CDFG to ensure that the project will not result in nest disturbance; and (3) if it is not feasible to avoid active nest sites, that they be removed in accordance with standard protocols to ensure that any impacts of such removal are mitigated.

Impact BIO-7. Construction or improvements to the Jennings Facility may cause impacts to wetlands and waters of the US.

a) **Potential Impact.** The biological resources impact identified above is described and discussed on page 113 of the DEIR.

b) **Mitigation Measure**. The following mitigation measure is hereby adopted and will be implemented as provided by the Mitigation Monitoring Program: Mitigation Measure BIO-7 (page 113 of the DEIR).

c) **Findings.** Based on the FEIR and the entire record before the City, the City Council finds that: Implementation of Mitigation Measure BIO-7 will substantially lessen or avoid the biological resources impact identified above by requiring preconstruction surveys for projects near potential wetlands and, if such impacts are found, completing necessary permits with the California Department of Fish & Wildlife, U.S. Army Corps of Engineers and other appropriate regulatory agencies.

Impact BIO-8. Construction activities could cause impacts to riparian habitats under the jurisdiction of the California Department of Fish and Wildlife and/or the U.S. Army Corps of Engineers.

a) **Potential Impact.** The biological resources impact identified above is described and discussed on pages 113 and 114 of the DEIR.

b) **Mitigation Measure**. The following mitigation measure is hereby adopted and will be implemented as provided by the Mitigation Monitoring Program: Mitigation Measure BIO-8 (page 114 of the DEIR).

c) **Findings.** Based on the FEIR and the entire record before the City, the City Council finds that: Implementation of Mitigation Measure BIO-8 will substantially lessen or avoid the biological resources impact identified above by requiring preconstruction surveys for projects near potential wetlands for special-status species or habitats and, if such impacts are found, completing necessary steps in consultation with appropriate regulatory agencies to ensure such impacts are reduced to a less-than-significant level.

Impact BIO-10. Construction activities may result in direct, temporary, and indirect impacts on roosting special-status bats.

a) **Potential Impact.** The biological resources impact identified above is described and discussed on page 115 of the DEIR.

b) **Mitigation Measure**. The following mitigation measure is hereby adopted and will be implemented as provided by the Mitigation Monitoring Program: Mitigation Measure BIO-10 (pages 114 and 115 of the DEIR).

c) **Findings.** Based on the FEIR and the entire record before the City, the City Council finds that implementation of Mitigation Measure BIO-10 will substantially lessen or avoid the biological resources impact identified above by requiring removal of special-status bats during certain times of the year when bats are not present, or under the supervision of a qualified biologist and to ensure such impacts are reduced to a less-than significant level.

Impact BIO-11. Construction activities may result in direct, temporary, and indirect impacts on special-status species not addressed in this DEIR.

a) **Potential Impact.** The biological resources impact identified above is described and discussed on page 116 of the DEIR.

b) **Mitigation Measure**. The following mitigation measure is hereby adopted and will be implemented as provided by the Mitigation Monitoring Program: Mitigation Measure BIO-11 (pages 116 and 117 of the DEIR).

c) **Findings.** Based on the FEIR and the entire record before the City, the City Council finds that implementation of Mitigation Measure BIO-10 will substantially lessen or avoid the biological resources impact identified above by requiring pre-construction surveys for special-status species and, if found, obtaining permits from appropriate biological regulatory agencies to devise methods to protect species so that such impacts are reduced to a less-than-significant level.

Impact BIO-13. Growth facilitated by the project would result in cumulative loss of Swainson's hawk and burrowing owl habitat.

a) **Potential Impact.** The biological resources impact identified above is described and discussed on page 117 of the DEIR.

b) **Mitigation Measure**. The following mitigation measures are hereby adopted and will be implemented as provided by the Mitigation Monitoring Program: Mitigation Measures BIO-2, BIO-5 and BIO-6

(pages 108, 109 and 112 DEIR).

c) **Findings.** Based on the FEIR and the entire record before the City, the City Council finds that implementation of Mitigation Measures BIO-2, BIO-5 and BIO-6 will substantially lessen or avoid the biological resources impact identified above as previously documented in this document.

Chapter 4.5. Air Quality and Greenhouse Gas Emissions

Impact AIR-1. Some project components, including continued operation of the Jennings Road and Sutter facilities, could generate odors that would affect surrounding sensitive receptors.

a) **Potential Impact.** Potential odor impacts of project operations is described and discussed on pages 131 of the DEIR.

b) **Mitigation Measure**. The following mitigation measure is hereby adopted and will be implemented as provided by the Mitigation Monitoring Program: Mitigation Measure AIR-1 (p. 134 of the DEIR).

c) **Findings.** Based on the FEIR and the entire record before the City, the City Council finds that: implementation of Mitigation Measure AIR-1 would fully mitigate the impact identified above by requiring that an Odor Control Plan be developed for wastewater facilities and elements of the plans implemented. Implementation of Mitigation Measure AIR-1 will substantially lessen or avoid the impact identified above.

Impact AIR-2. Future operations of wastewater facilities could emit greenhouse gasses exceeding the regional standard of significance.

a) **Potential Impact.** Potential odor impacts of project operations is described and discussed on pages 136 of the DEIR.

b) **Mitigation Measure**. The following mitigation measure is hereby adopted and will be implemented as provided by the Mitigation Monitoring Program: Mitigation Measure AIR-2 (p. 136 of the DEIR).

c) **Findings.** Based on the FEIR and the entire record before the City, the City Council finds that: implementation of Mitigation Measure AIR-2 would fully mitigate the impact identified above by requiring that wastewater project elements be reviewed and to include greenhouse gas reduction components to meet San Joaquin Valley Air Pollution Control District greenhouse gas emission standards.

Chapter 4.6. Noise

Impact NOISE-1. Project operations could substantially increase

noise levels at nearby sensitive receptors.

a) **Potential Impact.** Potential noise impacts of project operations at the Sutter Facility are described and discussed on pages 143 through 145 of the DEIR.

b) **Mitigation Measure**. The following mitigation measure is hereby adopted and will be implemented as provided by the Mitigation Monitoring Program: Mitigation Measure NOISE-1 (p. 145 of the DEIR).

c) **Findings.** Based on the FEIR and the entire record before the City, the City Council finds that: implementation of Mitigation Measure NOISE-1 would fully mitigate the impact identified above by requiring noise and equipment to comply with noise standards set forth in the EIR.

Chapter 4.8. Hazards and Hazardous Materials

Impact HAZ-1. Grading, trenching and similar ground disturbance could uncover contaminated soil or groundwater that could be released into the environment.

a) **Potential Impact.** Potential contamination related to grading, trenching and other ground disturbing activities is described and discussed on page 159 of the DEIR.

b) **Mitigation Measure**. The following mitigation measure is hereby adopted and will be implemented as provided by the Mitigation Monitoring Program: Mitigation Measure HAZ-1 (p. 1159 of the DEIR).

c) **Findings.** Based on the FEIR and the entire record before the City, the City Council finds that: implementation of Mitigation Measure HAZ-1 would fully mitigate the impact identified above by requiring preconstruction surveys for potentially hazardous materials and remediation of such materials by qualified firms if found.

IV. Findings Regarding Project Alternatives.

A. Identification of Project Objectives.

The CEQA Guidelines state that the "range of potential alternatives to the proposed project shall include those that could feasibly accomplish most of the basic purposes of the project and could avoid or substantially lessen one or more of the significant effects" of the Project. CEQA Guidelines § 15126(d)(2). Thus, an evaluation of the Project objectives is key to determining which alternatives should be assessed in the EIR.

The DEIR lists the following specific objectives for the Project (page 36):

a) Implement the City's Urban Area General Plan by planning for sewer infrastructure in a timely and cost-effective manner to serve new and existing development.

b) Repair and replace aging wastewater infrastructure in a comprehensive fashion.

c) Ensure adequate wastewater infrastructure and services are available to serve new growth within the City's Sphere of Influence.

d) Plan for state-of-the-art facilities that reliably and economically meet the current and anticipated regulatory requirements.

e) Increase effluent disposal capacity by upgrading from secondary treatment to tertiary treatment, and enabling the City to dispose of treated effluent to the San Joaquin River on a year-round basis.

f) Protect local and regional environmental resources by ensuring that the highest available state-of-the art treatment and disposal technologies are used.

g) Provide detailed information to affected regulatory agencies regarding Modesto's plans to expand and improve the City's wastewater collection, treatment and disposal system.

B. Alternatives Analyzed in the FEIR.

The CEQA Guidelines state that the "range of potential alternatives to the proposed project shall include those that could feasibly accomplish most of the basic purposes of the project and could avoid or substantially lessen one or more of the significant effects of the Project. The City evaluated the alternatives listed below.

1. Alternative 1: No Project Alternative.

a. Findings. Alternative 1 is described on pages 160 through 162 of the DEIR. This alternative is rejected, because it would not feasibly achieve the objectives of the Project.

b. Explanation. Although the No Project Alternative would avoid the Project's significant impacts, it would not further the City's Project Objectives to provide for much needed repair and replacement of aging wastewater infrastructure, increase treatment capacity at the Jennings Facility to allow for system upgrades to meet more stringent regulatory requirements. In addition, Alternative 1 would not further growth planning policies established in its General Plan. Indeed, it would achieve none of the Project objectives identified above.

2. Alternative 2: Alternate Project Components.

a. Findings. Alternative 2 is described on pages 161 through 163 of the DEIR. Under Alternative 2, repairs would be made to the River Trunk facility rather than replacement and alternative lift station sites would be selected. The Project Description has been revised in the Final Environmental Impact Report to delete moving of wastewater facilities from the Sutter Facility to the Jennings Facility, but other project components (with the exception of alternative facilities described in this Alternative, would be constructed.

This alternative is accepted as a feasible alternative because it would avoid any significant and unavoidable agricultural impacts while feasibly achieving the Project objectives.

b. Explanation. As set forth in the DEIR, Alternative 2 would result in impacts which are similar to those of the proposed Project but would result in greater land use disruptions due to the need to find alternative sites for lift stations. It is unknown if adequate repairs could be made to the River Trunk facility to ensure public safety.

Exhibit "B"

Wastewater System Upgrades EIR
Mitigation Monitoring and Reporting Program

City of Modesto

November 2014

Mitigation Measure	Implementing Responsibility	Monitoring Responsibility	Monitoring Schedule	Verification
<u>HYD-1 (Hydrology & Water Quality)</u>. Prior to commencement of grading or other earth-disturbing activities and commencement of operation of the expanded parking lot at the Sutter Facility, the City shall prepare a Stormwater Pollution Prevention Plan (SWPPP) that shall include specific, detailed measures to minimize erosion of graded material, debris and other material from both construction site where ground disturbance would occur or the expanded parking lot at the Sutter Facility. The SWPPP shall include measures to: a) limit runoff-off of construction chemicals, debris and similar materials off of construction sites. b) provide construction personnel with information to minimize runoff from the site. c) placement of facilities to limit runoff, including but not limited to silt fences, sediment basins and similar facilities around the perimeter of graded areas. d) installation of vegetated swales around the perimeter of the expanded Primary Facility parking lot and at drainage inlets. e) frequent sweeping of the parking lot to remove dust, litter and similar debris.	City of Modesto Utilities Department	City of Modesto Utilities Department	Prior to grading or earth disturbing activities	

f) installation of signs at drainage inlets to make users aware of not to litter.				
BIO-1 (Biological Resources). Prior to construction of any wastewater project element near the Tuolumne River, the following shall be implemented: a) The project area and immediately adjacent area shall be surveyed and mapped by a qualified biologist for the presence of the valley elderberry longhorn beetle and its elderberry host species plant. Mitigation is not required for plants with no stems measuring 1.0 inch (2.5 cm) or greater in diameter at ground level and surveys are valid for a period of two years. b) Appropriate state or federal biological resource agencies shall be consulted if resources are identified that meet the U.S. Fish & Wildlife Service programmatic formal consultation criteria. c) If suitable habitat for the valley elderberry longhorn beetle occurs in a project component area, these areas shall be designated as avoidance areas that will be protected from disturbance during construction. Any valley elderberry longhorn beetle habitat that cannot be avoided should be considered impacted and	City of Modesto Utilities Department	City of Modesto Utilities Department	Prior to construction near Tuolumne River	

appropriate mitigation shall be implemented as described in the remainder of this measure. Core avoidance areas include all areas within 20 feet of the dripline of any elderberry plant with a stem measuring 1.0 inch or greater in diameter at ground level. Such core areas should not be disturbed during construction. Buffer avoidance areas include all the area within 100 feet of any elderberry plant with a stem measuring 1.0 inch or greater at ground level. If complete avoidance within a 100-foot wide buffer cannot be provided, the USFWS must be consulted before any disturbances within the buffer area are considered. In addition, the USFWS must be provided with a map identifying the avoidance areas and written details describing the avoidance and protective measures. Protective measures include: • Temporary construction fencing shall be constructed to provide a minimum setback of at least 20 feet from the dripline of each potential host elderberry plant. • A tailgate education program on the valley elderberry longhorn beetle shall be given to each construction worker and all personnel working within the project area to avoid				

adverse effects on the beetle. • Signs every 50 feet (15.2 m) along the edge of the fence shall be placed along the exclusion fence to help identify the area as a protected area for the valley elderberry longhorn beetle for the duration of construction. Restoration and maintenance activities should be implemented if activities occur within the 100-foot buffer zone. Restoration and maintenance activities include: • Restore any damage done to the buffer area (area within 100 feet of elderberry plants) during construction. Provide erosion control and re-vegetate with appropriate native plants. • Buffer areas must continue to be protected after construction. Measures such as fencing, signs, weeding, and trash removal are usually appropriate. • No insecticides, herbicides, fertilizers, or other chemicals that might harm the beetle or its host plant should be used in the buffer areas, or within 100 feet of any elderberry plant with one or more stems measuring 1				

inch or greater in diameter at ground level. • The applicant must provide a written description of how the buffer areas are to be restored, protected, and maintained after construction is completed. • Mowing of grasses/ground cover may occur from July through April to reduce fire hazard. No mowing should occur within 5 feet of elderberry plant stems. Mowing must be done in a manner that avoids damaging plants (e.g., stripping away bark through careless use of mowing/trimming equipment). d. If elderberry shrubs cannot be avoided, elderberry plants with one or more stems measuring 1.0 inch or greater in diameter at ground level should be transplanted to a mitigation area. The following guidelines shall be followed. • A qualified biologist shall monitor the project and mitigation sites for the duration of the transplanting to ensure no unauthorized take or loss of individuals occurs.				

• Elderberry plants will be transplanted after shrubs have lost their leaves and are dormant, usually from November through the first two weeks in February. • Transplanting shall be conducted according to standard procedures set forth by the USFWS, which includes planting additional seedlings or cuttings at various ratios for plants removed for translocating. • A mitigation area set aside for translocated plants shall provide habitat for the beetle in perpetuity. The mitigation area should provide at least 1,800 square feet for each transplanted elderberry shrub and follow USFWS guidelines for other associated native plants to be planted within the area. This mitigation area shall be weeded by mechanical means (no herbicides) once a year. The mitigation area will be monitored for the general condition of the mitigation area, the condition of the elderberry plants, and the associated native plants, for a period of 10 consecutive years with surveys and reports every year, or for 15 years of monitoring with surveys and reports on years 1, 2, 3, 5, 7, 10, and 15.				

Reports shall be provided to the USFWS.				
BIO-2 (Biological Resources). Prior to construction of any wastewater project components on vacant fields, the following shall be implemented: a. In conformance with Federal and State regulations regarding the protection of raptors, a pre-construction survey for burrowing owls shall be completed, in conformance with CDFW guidelines, prior to the start of construction within suitable habitat. f no burrowing owls are located during these surveys, no additional action would be warranted. However, if breeding or resident owls are located on, or immediately adjacent to, the site, the following mitigation measures shall be implemented: • No burrowing owls shall be evicted from burrows during the nesting season (February 1 through August 31). Eviction outside the nesting season may be permitted pending evaluation of eviction plans and receipt of formal written approval from the CDFW authorizing the eviction. • A 250-foot buffer, within which no new	City of Modesto Utilities Department	City of Modesto Utilities Department	Prior to construction on vacant fields	

activity shall be permissible, shall be maintained between project activities and nesting burrowing owls. This protected area would remain in effect until August 31, or at the CDFW's discretion and based upon monitoring evidence, until the young owls are foraging independently. • If accidental take (disturbance, injury, or death of owls) occurs, the CDFW shall be notified immediately. b. If a pre-construction survey finds that burrowing owls occupy the project site and avoiding construction in occupied areas is not feasible, then habitat compensation on off-site mitigation lands should be implemented. Habitat Management lands comprising existing Burrowing owl foraging and breeding habitat shall be acquired and preserved. An area of 6.5 acres (2.6 ha) (the amount of land found to be necessary to sustain a pair or an individual owl) should be secured for each pair of owls, or individual in the case of an odd number of birds. As part of an agreement with the CDFW, the project applicant should secure the performance of its mitigation duties by providing the				

CDFW with security in the form of funds that would: • Allow for the acquisition and/or preservation of 6.5 acres (2.6 ha) of Habitat Management lands. • Provide initial protection and enhancement activities on the Habitat Management lands, potentially including but not limited to such measures as fencing, trash clean-up, artificial burrow creation, grazing or mowing, and any habitat restoration deemed necessary by CDFW. • Establish an endowment for the long-term management of the Habitat Management lands. • Reimburse the CDFW for reasonable expenses incurred as a result of the approval and implementation of this agreement. Pending CDFW approval, Habitat Management lands providing foraging habitat for Swainson's Hawk (see "Loss of Swainson's Hawk Foraging Habitat" below) may also be used to mitigate impacts to burrowing owl provided the Habitat				

Management lands provide existing burrowing owl foraging and breeding habitat.				
BIO-3 (Biological Resources). Prior to construction of any wastewater project components on vacant fields, the following shall be implemented: a) To the extent practicable, construction shall be scheduled to avoid the nesting season, which extends from January through August. b) If it is not possible to schedule construction between August and January, then one of the following options shall be implemented: - With the approval of the CDFW, trees containing known or potential raptor nest sites may be removed to discourage future nesting attempts on the condition that no raptor pair is currently utilizing the site; or, - Pre-construction surveys for nesting raptors shall be conducted by a qualified ornithologist or wildlife biologist to ensure that no raptor nests would be disturbed during project implementation. A pre-construction survey shall be conducted prior to the initiation of demolition/construction activities during	City of Modesto Utilities Department	City of Modesto Utilities Department	Prior to construction on vacant fields	

the early part of the breeding season (January through April) and prior to the initiation of these activities during the late part of the breeding season (May through August). During this survey, the qualified person shall inspect all trees in and immediately adjacent to the impact areas for raptor nests. - If an active raptor nest is found close enough to the construction area to be disturbed by these activities, the ornithologist, in consultation with CDFW, shall determine the extent of a construction-free buffer zone to be established around the nest.				
BIO-4 (Biological Resources). Construction of wastewater facilities near the banks of the Tuolumne or San Joaquin Rivers shall adhere to the following: a. Pre-construction surveys shall be conducted prior to project-related activities that would impact the resources of the San Joaquin River or Tuolumne River in order to identify potentially significant impacts to potential steelhead and Chinook salmon and their habitats. If the San Joaquin River, the Tuolumne River, or their tributaries could be	City of Modesto Utilities Department	City of Modesto Utilities Department	Construction near Tuolumne or San Joaquin Rivers	

impacted by project activities, USACE permits and a Streambed Alteration Agreement from CDFW and permits from NMFS may be required. If project activities impact regulated habitats, USACE permits, NMFS permits and a Streambed Alteration Agreement from CDFW would be required. Early consultation with the USACE, CDFW and NMFS is recommended to determine adequate protocols, as project modification and/or protection measures may be necessary and would require agency approval. b. If construction activities would result in impacts to any of the special-status species identified as possibly occurring in the project area, protection for that species shall be implemented. These shall be determined through coordination with the City of Modesto, CDFW, USFWS, and NMFS.				
BIO-5 (Biological Resources). If project facilities are constructed on lands identified as potential foraging habitat for Swainson's hawk, then the impacts shall be mitigated by providing offsite Habitat Management lands as described in the CDFW protocol. The final acreage of offsite management lands to be provided would depend	City of Modesto Utilities Department	City of Modesto Utilities Department	Prior to construction on vacant fields identified as Swainson Hawk habitat	

on the distance between the project area and the nearest active nest site. Prior to grading of any site with potential foraging habitat, protocol-level surveys should be conducted to determine the nearest active nest.				
BIO-6 (Biological Resources). The following steps shall be taken to minimize impacts to Swainson Hawk nesting areas. a. In order to assure that nesting Swainson's hawks will not be disturbed by construction activities at the Jennings Facility site, in developing areas where collection system extensions are being constructed on or within one mile of undeveloped properties that could have trees with active nests, a qualified ornithologist shall conduct pre-construction surveys of the project site and adjacent areas within one mile of the project site. Survey Period I occurs from January 1 to March 20, Period II from March 20 to April 5, Period III from April 5 to April 20, Period IV from April 21 to June 10, and Period V from June 10 to July 30. Surveys are not recommended during Period IV because identification is difficult as the adults tend to remain within the nest for longer periods of time. No fewer than three	City of Modesto Utilities Department	City of Modesto Utilities Department	Prior to construction on vacant fields identified as Swainson Hawk habitat	

surveys shall be completed, in at least each of the two survey periods immediately prior to project initiation. If a nest site is found, consultation with CDFW shall be required to ensure project initiation will not result in nest disturbance. b. Nest trees on the project site(s) should not be removed unless avoidance measures are determined to be infeasible. If a nest tree must be removed, a Management Authorization (including conditions to off-set the loss of the nest tree) must be obtained. The Management Authorization will specify the tree removal period, generally between October 1 and February 1. If construction or other project related activities which may cause nest abandonment or forced fledging are necessary within the buffer zone, monitoring of the nest site by a qualified biologist should be required to determine if the nest is abandoned. If it is abandoned, and if the nestlings are still alive, the City shall fund the recovery and hacking (controlled release of captive reared young) of nestling(s).				
BIO-7 (Biological Resources). If project facilities are constructed on or adjacent to wetland areas	City of Modesto Utilities Department	City of Modesto Utilities Department	Prior to construction near wetlands or	

and those areas potentially under the jurisdiction of the USACE and/or CDFW, pre-construction surveys shall be conducted. If these areas would be impacted by project activities, USACE permits and a Streambed Alteration Agreement from CDFW would be required. These agencies would request adequate measures to offset impacts to riparian and aquatic resources. Early consultation with the USACE and CDFW is recommended to determine adequate protocol, as project modification and/or mitigation measures may be necessary and would require agency approval.			other waters	
BIO-8 (Biological Resources). Prior to performing construction activities in or adjacent to a riparian area, a survey should be conducted to determine whether special-status species or habitats are present on or immediately adjacent to the construction area. If it is determined that such species or habitats are present, and if the temporary impacts are determined to be significant, coordination with CDFW, USFWS, NMFS, and USACE shall occur to determine appropriate avoidance steps or detailed mitigation measures to carry out prior to and during construction. These measures could include establishing a riparian buffer between the construction area and the identified resource	City of Modesto Utilities Department	City of Modesto Utilities Department	Prior to construction near riparian area	

or habitat, and monitoring during construction by appropriately qualified scientist(s).				
BIO-10 (Biological Resources). Special-status bat roost habitat may be removed between September 1 and October 31 without surveys or special measures to protect bats. However, if evidence of roosting is observed during vegetation removal, structure demolition, and/or disturbance in other suitable roosting habitat, work should be halted and a qualified wildlife biologist should be contacted for recommendations on how to proceed. Consultation with CDFW may be required to determine appropriate actions. Removal of potential roost habitat should not be conducted during the hibernation season, between November 1 and March 31. Emergence surveys are not effective at determining bat presence (due to suppressed flight and foraging activities) during this period. If removal of suitable roosting habitat is to occur between April 1 and August 31, a qualified biologist shall assess the suitability of affected habitat no later than 30 days prior to the start of construction to determine if there are signs of roosting activity. If suitable habitat is present that contains signs of roost activity, evening	City of Modesto Utilities Department	City of Modesto Utilities Department	Prior to construction near bat habitats	

emergence surveys and/or internal searches to determine presence/absence of bat maternity roosts shall be conducted. All active roosts identified during surveys shall be protected by a 250-foot exclusion buffer around the roost or as determined appropriate by a qualified biologist.				
BIO-11 (Biological Resources) Prior to implementation of individual project components, the City shall: a) Conduct an inquiry of special-status plants and wildlife near the construction area. This includes a review of the CNDDB, CNPS, CDFW RareFind 5 Database. b) Pre-construction surveys shall be conducted prior to project-related activities that would impact sensitive species and their habitats. If it is determined that suitable habitat for special-status species is present in a proposed project area, potential impacts, along with avoidance and minimization measures, shall be evaluated as part of the biological resources assessment report. Impacts on special-status bat species are typically avoided and minimized by conducting pre-construction surveys and using work windows to remove occupied habitat.	City of Modesto Utilities Department	City of Modesto Utilities Department	Prior to commencement of construction on or near habitat of special-status plants or wildlife	

If sensitive species and their habitats are impacted, permits from USACE, CDFW, USFWS, and/or NMFS may be required. Early consultation with the USACE, CDFW and NMFS is recommended to determine adequate protocols, as project modification and/or mitigation measures may be necessary and would require agency approval. c) Appropriate species protection methods shall then be implemented.				
NOISE-1 (operational noise). The following measures apply to the modified Facility entrance and new septic receiving station. Noise from the activities and equipment shall be controlled so as to comply with the noise limits shown in Table 4.6-1. This will limit the increase in the ambient to approximately 3 dBA L_{dn} and minimize possible disturbance due to nighttime noise resulting from mechanical equipment. A noise study shall be prepared when the design for the facility is completed to determine what control measures, if any, are necessary to meet City noise exposure noise limits. These measures may include, but are not limited to, constructing a noise barrier at the property line or around high activity areas, limited operating hours and	City of Modesto Utilities Department	City of Modesto Utilities Department	During construction of facilities at the Sutter Plant	

equipment muffling using sound attenuators or mufflers.				
AIR-1 (Air Quality and Greenhouse Gas). Prior to operation of future facilities that could generate substantial odors, the City shall develop an Odor Control Plan and install odor control systems. The Plan shall specify the installation of necessary odor control facilities and include measures to ensure on-going maintenance of odor control facilities.	City of Modesto Utilities Department	City of Modesto Utilities Department	Prior to operation of facilities that could generate significant odors	
AIR-2 (Air Quaity and Greenhouse Gas). Each individual project component that includes new stationary equipment, such as the relocation of the primary treatment equipment from the Sutter facility to the Jennings facility and the proposed River Trunk Lift Station shall be analyzed for significant GHG impacts. For each project-level analysis, appropriate BPS will be implemented or a 29 percent GHG emission reduction compared to BAU will be demonstrated. Means of mitigating GHG impacts to a less-than-significant level include, but are not limited to, technological controls for stationary sources (such as for boilers, generators, and process heaters) and the GHG	City of Modesto Utilities Department	City of Modesto Utilities Department	Prior to operation of facilities that could generate significant greenhouse gasses	

emission reduction measures (such as energy efficiency, transportation, and site design measures) for development projects listed in the SJVAPCD CCAP.				
HAZ-1 (Hazards and Hazardous Materials). Prior to commencing excavation, grading or trenching of any project component: a) A preconstruction survey shall be conducted of the project area that may include completion of a Phase I Environmental Site Assessment by a qualified consultant, b) If potentially significant concentrations of hazardous materials are found in site soils or groundwater, soil and/or groundwater sampling and analysis shall be completed by a qualified environmental professional. c) If warranted based on the soil sampling, a site remediation plan shall be prepared by a qualified environmental professional and approved by appropriate regulatory agencies. d) The City's contractor shall completed a Health and Safety Plan prior to commencement of work and filed with the City and appropriate regulatory agencies.	City of Modesto Utilities Department	City of Modesto Utilities Department	Prior to commencement of excavation, grading or trenching of any project component	

e) Waste Disposal and Hazardous Materials Transportation Plan shall be prepared dealing with appropriate methods for safe handling and disposal of hazardous materials.				

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-13

Print

A RESOLUTION APPROVING THE FINAL MAP OF MILLBROOK MANOR PHASE I SUBDIVISION IN THE VILLAGE ONE SPECIFIC PLAN AREA OF THE CITY OF MODESTO, AND AUTHORIZING THE CITY CLERK TO SIGN THE FINAL MAP AND RECORD IT WITH THE COUNTY CLERK RECORDER'S OFFICE

WHEREAS, Garrad W. Marsh and Dallas Kadry (collectively "OWNERS"), are the owners of land situated in the City of Modesto, consisting of 5.93 acres, known as MILLBROOK MANOR PHASE I ("SUBDIVISION"), in the Village One Specific Plan Area, and

WHEREAS, the OWNERS have requested that the final map be filed with the County Recorders, and

WHEREAS, the SUBDIVISION is comprised of one residential lot and one remainder and

WHEREAS, the Planning Commission approved the tentative map on April 17, 2006 (Resolution No. 2006-26), and

WHEREAS, the secretary to the Planning Commission and the City Engineer has reviewed and approved the Final Map for recording, and

WHEREAS, the Final Map is in general compliance with the Tentative Map, and

WHEREAS, this item is exempt from CEQA under section 15268(b)(3), which exempts ministerial actions, such as approval of subdivision maps,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that said Final Map be approved; that the dedications for public streets and easements as shown thereon within the boundaries of said map be accepted on behalf of the public for

public use; and that the City Clerk is hereby authorized to sign and record the Final Map with the County Clerk Recorder.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of January, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Madrigal, Zoslocki
NOES:	Councilmembers:	None

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-14

RESOLUTION AMENDING THE FISCAL YEAR 2014-2015 ANNUAL OPERATING AND CAPITAL IMPROVEMENT BUDGETS

WHEREAS, a financial analysis has been completed and it has been determined that a budget adjustment is required to the Annual and Capital Improvement Budgets of the City of Modesto for Fiscal Year 2014-2015,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the Fiscal Year 2014-2015 Annual Operating and Capital Improvement budgets as shown in **Exhibit A**, which is **attached** hereto and incorporated by reference herein.

BE IT FURTHER RESOLVED that the Director of Finance, or her designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of January, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following votes:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Madrigal, Zoslocki

EXHIBIT A

FISCAL YEAR 2014-15

COMMUNITY AND ECONOMIC DEVELOPMENT

A budget adjustment is necessary to transfer $445,280 in Revenue from Capital Improvement Project #100304, Virginia Corridor Phase 1, to Project #100778, Virginia Corridor Phase 6 Construction to allow for the closure of the Virginia Corridor Phase 1 Project.

A budget adjustment is necessary to establish and recognize $244,246 in unbudgeted Revenue of Federal Funds, and $31,645 in Local Matching Funds from the Surface Transportation Fund Reserves, to Capital Improvement Project #100862, Roundabout Kodiac and Lincoln Oak, and allocate said funds to various discretionary expenditure accounts within the project.

UTILITY PLANNING & PROJECTS

A budget adjustment is necessary to transfer $550,000 from Wastewater Fund Reserves, Fund 4210, to Capital Improvement Project #100860, Jennings Facultative Ponds Biosolids Removal, to establish the Fiscal Year 2014-2015 Capital Improvement Project budget.

A budget adjustment is necessary to transfer $150,000 from Wastewater Fund Reserves, Fund 4210, to Capital Improvement Project #100861, Downtown Sewer Survey Topo, to establish the Fiscal Year 2014-2015 Capital Improvement Project budget.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-15

RESOLUTION APPROVING AN ENTERTAINMENT PERMIT FOR TRESETTI'S FAT TUESDAY AS OUTLINED BY THE CITY OF MODESTO ORDINANCE NO 3492-C.S. AND AUTHORIZING THE PERMIT ADMINISTRATOR TO EXECUTE THE SPECIAL EVENT ENTERTAINMENT PERMIT AND ALL RELATED DOCUMENTS

WHEREAS, Tresetti's Fat Tuesday will consist of multiple stages of live music, DJs, dancers and great Cajun food, and

WHEREAS, the event will also include the Mardi Gras procession that runs through the middle of the event twice during the evening to give the event an authentic New Orleans feel, and

WHEREAS, the event is open to the public who are 21 years of age and over, and

WHEREAS, the event is controlled by temporary fencing outlining the entire perimeter with security at all entrances and exits, and

WHEREAS, Tresetti's Fat Tuesday has hired 25 security guards to assist the Modesto Police Department to ensure a safe and successful event, and

WHEREAS, the Modesto Police Department will be working the event as part of an Outside Work Agreement between the event promoter and the Modesto Police Department,

WHEREAS, this item was not heard by the Entertainment Commission due to the number of confirmed conflicted committee members.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Special Event Entertainment Permit for Tresetti's Fat Tuesday as outlined by the City of Modesto Ordinance No. 3492-C.S.

BE IT FURTHER RESOLVED that the Permit Administrator is hereby authorized to execute the Special Event Entertainment Permit and all related documents.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of January, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-16

RESOLUTION APPROVING A MODIFICATION TO THE SCOPE OF SERVICES IN AMENDMENT 1 TO THE ORIGINAL DOKKEN ENGINEERING AGREEMENT FOR DESIGN SUPPORT DURING CONSTRUCTION OF THE STATE ROUTE 99/PELANDALE AVENUE INTERCHANGE RECONSTRUCTION PROJECT TO PROVIDE ENVIRONMENTAL SUPPORT AND DESIGN SUPPORT DURING CONSTRUCTION; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AMENDMENT

WHEREAS, the State Route (SR) 99/Pelandale Avenue Interchange Reconstruction Project is a project to address the traffic congestion at the State Route 99/Pelandale Avenue Interchange, and

WHEREAS, On May 22, 2012, the City Council, by Resolution No. 2012-176, approved the Cooperative Agreement (10-397) between the City of Modesto and Caltrans for the State Route 99/Pelandale Avenue Interchange Reconstruction Project. The Cooperative Agreement established Caltrans and the City of Modesto as "funding partners" and provided a summary of State Route 99 Bond Funds for Construction Capital and Construction Support in the amount of $43,800,000, and

WHEREAS, on October 8, 2013, the California Transportation Commission, by Resolution No. R99-A-1314-01, approved the financial allocation of $43,800,000 of Proposition 1B Bond Savings for the locally administered Pelandale Interchange Reconstruction (PPO 9460) SR99 project, in Stanislaus County, on State Highway System, and

WHEREAS, On November 6, 2013, the City and Dokken Engineering entered into an agreement, City Council Resolution No. 2013-389, to provide Design Support during construction, and

WHEREAS, On August 6, 2014 the City Council, by Resolution No. 2014-295, amended the Agreement with Dokken Engineering for Environmental Stewardship relating to biological surveys and Contractor training, and

WHEREAS, The initial demands on Dokken Engineer's time due to Requests for Information submitted by the Contractor and addressing unforeseen conditions during excavation activities has reduced the remaining Dokken budget to an amount that is not sufficient to provide the required Design Support for this project through the end of construction, and

WHEREAS, The level of effort for environmental activities as identified in Amendment 1 has not been as great as anticipated and those activities have now been completed; and

WHEREAS, City staff has determined it is in the best interest of the public and the City of Modesto to modify the Scope of Services identified in the Dokken Engineering Design Support during Construction Agreement to read: "Dokken Engineering will provide on-going Environmental Support and Design Support during Construction" with no increase in cost for Amendment 1.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a modification to the Scope of Services in Amendment 1 to the original Dokken Engineering Agreement for Design Support during construction of the State Route 99/Pelandale Avenue Interchange Reconstruction Project to provide Environmental Support and Design Support during construction.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Second Amendment to the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of January, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-17

RESOLUTION APPROVING A SECOND AMENDMENT TO THE AGREEMENT WITH DOKKEN ENGINEERING FOR DESIGN SUPPORT DURING CONSTRUCTION OF THE STATE ROUTE (SR) 99 / PELANDALE AVENUE INTERCHANGE RECONSTRUCTION PROJECT IN AN AMOUNT NOT TO EXCEED $103,590; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AMENDMENT

WHEREAS, the State Route (SR) 99/Pelandale Avenue Interchange Reconstruction Project is a project to address the traffic congestion at the State Route 99/Pelandale Avenue Interchange, and

WHEREAS, On May 22, 2012, the City Council, by Resolution No. 2012-176, approved the Cooperative Agreement (10-397) between the City of Modesto and Caltrans for the State Route 99/Pelandale Avenue Interchange Reconstruction Project. The Cooperative Agreement established Caltrans and the City of Modesto as "funding partners" and provided a summary of State Route 99 Bond Funds for Construction Capital and Construction Support in the amount of $43,800,000, and

WHEREAS, on October 8, 2013, the California Transportation Commission, by Resolution No. R99-A-1314-01, approved the financial allocation of $43,800,000 of Proposition 1B Bond Savings for the locally administered Pelandale Interchange Reconstruction (PPO 9460) SR99 project, in Stanislaus County, on State Highway System, and

WHEREAS, On November 6, 2013, the City and Dokken Engineering entered into an agreement, City Council Resolution No. 2013-389, to provide Design Support during construction, and

WHEREAS, On August 6, 2014 the City Council, by Resolution No. 2014-295, amended the Agreement with Dokken Engineering for Environmental Stewardship relating to biological surveys and Contractor training, and

WHEREAS, the initial demands on Dokken Engineer's time due to Requests for Information submitted by the Contractor and addressing unforeseen conditions during excavation activities has reduced the remaining Dokken budget to an amount that is not sufficient to provide the required Design Support for this project through the end of construction, and

WHEREAS, City staff has determined it is in the best interest of the public and the City of Modesto to amend the Dokken Engineering Design Support Contract and increase the budget of said contract by an amount not to exceed $103,590, and

WHEREAS, **attached** as **Exhibit** A, is a copy of the Amendment specified herein.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Second Amendment to the Agreement with Dokken Engineering for Design Support during construction of State Route (SR) 99/Pelandale Avenue Interchange Reconstruction in an amount not to exceed $103,590.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Second Amendment to the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of January, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

EXHIBIT A

SECOND AMENDMENT TO AGREEMENT
FOR
DESIGN SUPPORT DURING CONSTRUCTION OF
STATE ROUTE 99/PELANDALE AVENUE INTERCHANGE RECONSTRUCTION PROJECT

This SECOND AMENDMENT TO AGREEMENT FOR STATE ROUTE 99 PELANDALE AVENUE INTERCHANGE ("Second Amendment") is made and entered into in the City of Modesto, County of Stanislaus, State of California, as of this _____ day of _____, 2015, by and between the CITY OF MODESTO a municipal corporation of the State of California ("City") and DOKKEN ENGINEERING, a California Corporation, ("Consultant").

This Second Amendment is made with regard to the following Recitals;

A. On or about November 6, 2013, City and Consultant entered into a STANDARD AGREEMENT FOR CONSULTANT SERVICES ("Agreement").

B. On or about August 6, 2014, City and Consultant entered into an AMENDMENT TO AGREEMENT FOR STATE ROUTE 99/PELANDALE AVENUE INTERCHANGE ("First Amendment").

C. Paragraph 9 "AMENDMENTS" of the Agreement states in part: "...Both parties to this Agreement understand that it may become desirable or necessary during the execution of this Agreement, for City or Consultant to modify the scope of services provided for under this Agreement. Any material extension or change in the scope of work shall be discussed with City

and the change and cost shall be memorialized in a written amendment to the original contract prior to the performance of the additional work..."

D. Paragraph entitled "COMPENSATION" of the Amendment 1 to the Agreement, states in part: "Consultant agrees to accept a sum not to exceed $243,709.73 as full remuneration for performing all services and furnishing all staffing and materials called for in Exhibit "A" and for performance by Consultant of all of its duties and obligations under this Agreement and in Exhibit 1 to the First Amendment to Agreement For Design Support During Construction of State Route 99 / Pelandale Avenue Interchange Reconstruction Project"

E. On December 2, 2014, Consultant submitted to the City a budget augmentation for an extension of ongoing on-call tasks requested by the City to be added to the Agreement for the completion of work related to design support to Reconstruct State Route 99/ Pelandale Avenue Interchange, attached hereto as Exhibit "1" and incorporated herein by reference. Exhibit "1" identifies the on-going tasks to be performed by Consultant as well as Consultant's costs.

F. The estimated additional environmental and design support result in increased cost as follows:

    i. Task 1. On-going Environmental Support and Design Support during construction additional cost; $103,832.72.

G. The aforementioned estimated tasks increase the amount of the Agreement by $103,832.72. The amount listed above is the estimated level of effort. In no

case shall the total fee exceed the total contract amount under the Agreement, the First Amendment and this Second Amendment without memorializing an additional written amendment to the Agreement signed by City and Consultant.

H. The parties to the Agreement and to this Second Amendment understand and agree that it is necessary to modify Paragraph 1 of the Agreement entitled "SCOPE OF SERVICES".

I. The parties to the Agreement and to this Second Amendment understand and agree that it is necessary to modify Paragraph 3 of the Agreement entitled "COMPENSATION".

NOW, THEREFORE, in consideration of the mutual covenants, promises and agreements contained herein, the parties mutually agree as follows:

1. The recitals and exhibits set forth above and as set forth in the Agreement and Amendment 1 to the Agreement are incorporated by this reference and hereby made a part of this Second Amendment.

2. Except as provided herein, the terms used in this Second Amendment shall have the same meaning as the same terms have in the Agreement.

3. Unless expressly amended by this Second Amendment, all the terms and provisions of the Agreement and Amendment 1 to the Agreement shall remain in full force and effect.

4. Paragraph 1 of the Agreement entitled **"SCOPE OF SERVICES"** shall be deleted and the parties agree to and hereby do substitute the following in its place:

SCOPE OF SERVICES.

Consultant shall undertake and complete the preparation of the scope of work as set forth and described in the documents attached to this Agreement and referred to herein as Exhibit "A" or "Project". In addition, Consultant shall undertake and complete the preparation of the scope of work as set forth and described in the documents attached to the First Amendment To Agreement For Design Support During Construction of State Route 99/Pelandale Avenue Interchange Reconstruction and referred to therein as Exhibit "1". The Consultant shall perform the services as described in said Exhibit "A" and Exhibit "1" in a manner compatible with the standards of its profession and shall produce a fully complete project as described in Exhibit "A" and Exhibit "1" acceptable to City.

4. Paragraph 3 of the Agreement entitled "**COMPENSATION**" shall be deleted and the parties agree to and hereby do substitute the following in its place:

COMPENSATION.

Consultant agrees to perform the work on a time and materials basis not to exceed **$347,542.45** as full remuneration for performing all services and furnishing all staffing and materials called for in Exhibit "A" and for performance by Consultant of all of its duties and obligations under: 1) this Agreement, 2) in Exhibit "1" to the First Amendment To Agreement For Design Support During Construction of State Route 99/Pelandale Avenue Interchange Reconstruction, and 3) in Exhibit "B" to the Second Amendment To Agreement For Design Support During Construction of State Route 99/Pelandale Avenue Interchange Reconstruction

The compensation shall be paid pursuant to and in the manner and at the time set forth below:

- The Consultant will submit invoices along with monthly progress of work on a monthly basis.
- Consultant shall be responsible for the cost of supplying all documentation necessary to verify the monthly billings to the satisfaction of the City.
- Payment, if approved will be for the full amount invoiced. Payment will be made within 30 days after receipt of invoice.
- In addition to submitting invoices, the Consultant will submit a monthly progress of work.
- Under no circumstances will Dokken Engineering or any of its sub-consultants perform work which will result in the total amount billed by Dokken Engineering each month to exceed $5,000.00 without prior City of Modesto approval.

The method of payment for this contract will be based on actual cost-plus-a-fixed fee. The City will reimburse the consultant for actual costs (including labor costs, employee benefits, travel, equipment rental costs, overhead and other direct costs) incurred by the Consultant in performance of the work. The Consultant will not be reimbursed for actual costs that exceed the estimated wage rates, employee benefits, travel, equipment rental, overhead, and other estimated costs set forth in the approved Consultant's Cost Proposal, unless additional reimbursement is provided for by contract amendment. In no event will the Consultant be reimbursed for overhead costs at a rate that exceeds the City's approved overhead rate set forth in the Cost Proposal. In the event that the City determines that a change to the work from that specified in the Cost Proposal and contract is required, the contract time and/or actual costs reimbursable by the City shall be adjusted by contract amendment to accommodate the changed work.

In addition to the allowable incurred costs, the City will pay the consultant a fixed fee of $25,725.47. The fixed fee is nonadjustable for the term of the contract, except in the event of a significant change in the scope of work and such adjustment is made by contract amendment.

Reimbursement for transportation and subsistence costs shall not exceed the rates specified in the approved Cost Proposal.

Progress payments will be made monthly in arrears based on services provided and allowable incurred costs. A pro rata portion of the Consultant's fixed fee will be included in the monthly progress payments. If Consultant fails to submit the required deliverable items according to the schedule set forth in the Statement of Work, the City shall have the right to delay payment and/or terminate this Agreement in accordance with the provisions of Article 15 Termination of Agreement.

No payment will be made prior to approval of any work, nor for any work performed prior to approval of this contract.

Salary increases will be reimbursable if the new salary is within the salary range identified in the approved Cost Proposal and is approved by the City's Contract Manager. For personnel subject to prevailing wage rates as described in the California Labor Code, all salary increases, which are the direct result of changes in the prevailing wage rates are reimbursable.

IN WITNESS WHEREOF, the City of Modesto, a municipal corporation, has authorized the execution of this First Amendment in duplicate by its City Manager and attestation by its City Clerk under authority of Resolution No. 2015-_____, adopted by the Council of the City

of Modesto on the _____ day of _____, 2015, and DOKKEN ENGINEERING, has caused this Second Amendment to be duly executed in duplicate.

CITY OF MODESTO

DESIGN SERVICES DURING CONSTRUCTION

AMENDMENT 2

Exhibit A

Scope of Services

Revised 12/23/2014

Amendment 2, Modification 1:

Amendment 1 to Dokken Engineering's original Design Support during Construction Agreement anticipated potential environmental issues that might arise during time of construction. The environmental issues have been resolved and although consultation relating to environmental issues may still occur, it would not be to the extent originally anticipated. Due to the number of Requests for Information that have been received from the Contractor, the following modification to Amendment 1 is recommended:

Delete Tasks 1 through 4 identified in Amendment 1and replace with the following:

"Dokken Engineering will provide on-going Environment Support and Design Support during construction." There will be no additional cost to the Agreement as a result of this modification.

Amendment 2, Modification 2:

Dokken Engineering will provide on-going consultation and interpretation of contract documents, as requested by the City of Modesto through the Project Resident Engineer. Written responses will be provided to all Requests for Information and supplemental or revised drawings may be issued to provide clarity to the Resident Engineer or Contractor. Refer to Exhibit B for Cost of Services.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-18

RESOLUTION REJECTING THE BIDS FOR THE TIVOLI TEST WELL PROJECT, AND AUTHORIZING CITY STAFF TO RE-ADVERTISE THE PROJECT WITH AN AMENDED SCOPE OF WORK

WHEREAS, the bids received for the Tivoli Test Well project were opened at 11:00 a.m. on December 2, 2014, and later tabulated by the Director of Utilities for the consideration of the Council, and

WHEREAS, the three bids ranged from 101.06% to 213.25% above the engineer's estimate, and

WHEREAS, several local well drillers were contacted and all indicated a backlog of work ranging from 18 to 24 months, and

WHEREAS, the Utilities Department's Capital Planning staff re-evaluated the Tivoli Specific Plan area's water demands and determined there is not an immediate need for a Tivoli test well at this time, and

WHEREAS, staff recommends rejecting all bids and re-advertising the project to install a permanent monitoring well,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby rejects all bids received for the Tivoli Test Well project.

BE IT FURTHER RESOLVED that City staff is hereby authorized to re-advertise the project with an amended scope of work.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of January, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2015-19

RESOLUTION APPROVING THE APPOINTMENTS OF COUNCILMEMBER BILL ZOSLOCKI AS THE CITY'S REPRESENTATIVE, AND COUNCILMEMBER TONY MADRIGAL, AS THE ALTERNATE, TO SERVE ON THE NORTH VALLEY REGIONAL RECYCLED WATER PROJECT JOINT POWERS POLICY COMMITTEE

WHEREAS, on November 25, 2014, the City Council, by Resolution 2014-491, approved a Joint Power Agreement (JPA) between the Del Puerto Water District and the City of Modesto for the North Valley Regional Recycled Water Program, and

WHEREAS, the JPA will be administered by a Joint Policy Committee consisting of one representative appointed by each party, and an alternate to serve in the absence of the primary representative, and

WHEREAS, Mayor Marsh recommended appointing Councilmember Bill Zoslocki as the City of Modesto's primary representative, and Councilmember Tony Madrigal as the alternate,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves appointing Councilmember Bill Zoslocki as the City's primary representative, and Councilmember Tony Madrigal as the alternate to serve on the North Valley Regional Recycled Water Project Joint Power Policy Committee.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of January, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-20

RESOLUTION AUTHORIZING THE SOLE SOURCE PROCUREMENT AND IMPLEMENTATION OF THE ORACLE eAM ENTERPRISE ASSET MANAGEMENT PROGRAM FROM AST CORPORATION IN THE AMOUNT OF $580,200, AND THE LICENSE FOR THE ORACLE eAM MODULE FROM ORACLE FOR AN ESTIMATED TOTAL COST OF $93,034, WITH A CONTINGENCY AMOUNT OF $58,000 FOR THE UTILITIES DEPARTMENT, WASTEWATER SERVICES DIVISION WITH A TOTAL PROJECT COST OF $731,234

WHEREAS, in 2005, the City completed a comprehensive analysis to begin improving critical business processes and to ensure technology was being used in the most effective and efficient way to support operations, and

WHEREAS, the in-depth analysis identified a need for the integration and consolidation of existing City systems to improve business processes, and

WHEREAS, a technology blueprint was created and adopted by Council on May 25, 2010, by Resolution 2010-219, and an Enterprise Resource Planning (ERP) system was recommended, and

WHEREAS, the City actively prepared for the procurement of the ERP solution that encompassed key City business processes, and in 2010 the City issued an RFP for an ERP system, and

WHEREAS, the project was competitively bid and awarded to Applications Software Technology (AST) implementing an Oracle ERP solution, and the City successfully implemented 22 Modules of Oracle's ERP system at the end of 2011, and

WHEREAS, in April 2014, the City Auditor Moss-Adams issued the Water and Wastewater Efficiency Study Final Report, and in Finding 14 the Report recommended that the existing maintenance management system be replaced and this project implements that recommendation, and

WHEREAS, the Utilities Department, Wastewater Division evaluated Oracle's eAM module and is seeking to implement this module to achieve the desired functionality and integration with the existing ERP system, and

WHEREAS, onsite demos were conducted to verify the system functionality of Oracle's eAM and Oracle's eAM is the best choice for managing the City's vertical assets, and

WHEREAS, the CityWorks system, CassWorks (the upgraded version of the City's existing work order system), and SunGard's HTE work order systems were also reviewed, and

WHEREAS, the Wastewater Division, Plant Maintenance Section, which manages the City's vertical assets, determined that the Oracle's eAM system best suited its needs as well as being favored for the native integration with the ERP system, and

WHEREAS, Oracle is the sole provider of Oracle Applications and is the only vendor that can provide Oracle licensing for the Oracle eAM module, and

WHEREAS, Oracle support is included with application licensing and the eAM module will be implemented on existing servers due to the integration with the Oracle ERP suite, and

WHEREAS, AST is the best implementation partner available to configure and implement eAM due to its configuration of the current Oracle ERP system and knowledge of the existing ERP implementation, and

WHEREAS, AST also has a platinum partnership status with Oracle that focuses on public sector ERP implementations, and

WHEREAS, Modesto Municipal Code (MMC) Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment, or contractual services to be formally bid, and

WHEREAS, there are exceptions to the rule set forth in the MMC Section 8-3.204(b), which states that the purchasing agencies' requirements can be met solely by a single article or process; the sole source procurement of the Oracle eAM Enterprise Asset Management Program for the Utilities Department - Wastewater Division conforms to this MMC section,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the sole source procurement and implementation of the Oracle eAM Enterprise Asset Management Program from AST Corporation in the amount of $580,200, and the license for the Oracle eAM Module from Oracle for an estimated total cost of $93,034, with a contingency amount of $58,000 for the Utilities Department, Wastewater Services Division with a total project cost of $731,234.

BE IT FURTHER RESOLVED that the Purchasing Manager is hereby authorized to issue a purchase order for an estimated total cost of $731,234.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of January, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-21

RESOLUTION AMENDING THE FISCAL YEAR 2014-2015 WASTEWATER OPERATIONS ADMINISTRATION BUDGET BY $731,234 FROM WASTEWATER FUND RESERVES TO FULLY FUND THE PROCUREMENT, IMPLEMENTATION, AND LICENSING FOR THE ORACLE eAM ENTERPRISE ASSET MANAGEMENT PROGRAM

WHEREAS, amending the Fiscal Year 2014-15 Wastewater Operations Administration operating budget by appropriating $731,234 from Wastewater Reserves is necessary to fund the procurement, implementation, and licensing for the Oracle eAM Enterprise Asset Management Program.

NOW, THEREFORE BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the transfer of funds in the amount of $731,234 from Wastewater Reserves to Operating Budget 4210-44310-52170 – Wastewater Operations Administration, PC Software and Supplies as shown in **Exhibit A**, which is **attached** hereto and incorporated by reference herein.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of January, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following votes:

EXHIBIT A

Utilities Department, Wastewater Division, Plant Operations is looking to procure, implement, and license a new work order system. After reviewing several programs, staff has determined that the Oracle eAM Enterprise Asset Management Program is the best choice for managing the City's vertical assets. The new program will be part of the existing Oracle platform and will be serviced by AST, who is the current vendor that services the existing Oracle system.

Staff is requesting a transfer of $731,234 from Wastewater Funds to Wastewater Operations Administration to cover the costs of this new program.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-22

A RESOLUTION AMENDING EXHIBIT "B" OF MODESTO CITY COUNCIL RESOLUTION NO. 86-1184 TO REVISE RENTAL RATES AT THE MODESTO CENTRE PLAZA, AUTHORIZING THE BUSINESS CENTER MANAGER TO APPROVE NEGOTIATED ROOM RENTAL PRICING, AND RECINDING RESOLUTION NO. 2003-59

WHEREAS, on October 14, 1986, the Council, by Resolution No. 86-1184, approved the Modesto Community Center Policies and Rental rates, and

WHEREAS, on May 22, 1990, the Council, by Resolution No. 90-546, amended Exhibit "B" of Council Resolution No. 86-1184, and

WHEREAS, on August 26, 1991, the Council, by Resolution No. 91-544, amended Exhibit "B" of Council Resolution No. 86-1184, and rescinded Resolution No. 90-546, and

WHEREAS, on January 29, 2003, the Council by Resolution No. 2003-59, amended Exhibit "B" of Council Resolution No. 86-1184, and rescinded Resolution No. 91-544, and

RESCINDED
DEC 11 2018
THIS RESOLUTION WAS RESCINDED BY MODESTO CITY COUNCIL RESOLUTION NO. 2018-562

WHEREAS, in May 2011, the City's Auditor, Moss-Adams conducted a Management Review of Modesto Centre Plaza (MCP) and identified its strengths, weaknesses, opportunities, and threats, and

WHEREAS, Moss-Adams noted increased pricing and flexibility to negotiate rental pricing as opportunities to reduce the City's General Fund subsidy, and

WHEREAS, staff recommends increasing rental rates at the MCP in two phases for all persons to whom a license for MCP use is issued, and

WHEREAS, Phase I rental rates will become effective on February 1, 2015, and

WHEREAS, Phase I rental rates will become effective on July 1, 2016, and

WHEREAS, staff also recommends the Business Center Manager have the authority to negotiate MCP rental pricing, and

WHEREAS, the Finance Committee met on November 24, 2014 and supported the recommended rental rate increases and that the Business Center Manager be authorized to negotiate rental pricing, and

WHEREAS, said matter was considered at a public hearing by the City Council at its meeting on January 27, 2015, in the Tenth Street Place Chambers located at 1010 10th Street, Modesto, California,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that **Exhibit** "B" of Modesto City Council Resolution is hereby amended and that the revised rental rates for use of the Modesto Centre Plaza are hereby approved as set for on **Exhibit** "B" **attached** hereto and incorporated herein by reference.

BE IT FURTHER RESOLVED that all other provisions of Modesto City Council Resolution No. 86-1184 not in conflict with this resolution shall remain in full force and effect.

BE IT FURTHER RESOLVED that Resolution No. 2003-59, adopted on January 29, 2003, is hereby rescinded effective February 1, 2015.

BE IT FURTHER RESOLVED that the Business Center Manager shall have the authority to negotiate rental pricing.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of January, 2015, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Lopez, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-23

RESOLUTION ACCEPTING THE AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO THE FEDERAL AVIATION PASSENGER FACILITY CHARGE (PFC) PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE FOR FISCAL YEAR ENDED JUNE 30, 2014

WHEREAS, the City of Modesto collects Passenger Facility Charges (PFCs) which are fees that airline passengers pay when they purchase their tickets, and these fees are collected for the purpose of capital improvements at the airport, and

WHEREAS, the Federal Aviation Administration (FAA) guideline Part 158.67 requires each Airport/Public Agency to conduct an annual audit of their Passenger Facility Charge (PFC) Program, and

WHEREAS, the accounting firm of Brown and Armstrong has completed their audit of the City's PFC Program for the fiscal year ended June 30, 2014, and has provided its opinion on these financial statements based on that audit, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts the Fiscal Year 2013-2014 annual audit report for the PFC Program, which is incorporated by reference herein.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of January, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Cogdill, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-24

RESOLUTION ACCEPTING THE FISCAL YEAR 2013-2014 ANNUAL AUDIT REPORTS FOR THE CITY OF MODESTO, ITS COMMUNITY FACILITIES DISTRICTS, AND VARIOUS JOINT POWERS AGENCIES AND GRANT PROGRAMS, THE INFORMATION TECHNOLOGY RISK ASSESSMENT AGREED UPON CONDITIONS, AND THE CITY OF MODESTO AND STANISLAUS DRUG ENFORCEMENT AGENCY SINGLE AUDIT REPORTS

WHEREAS, pursuant to Section 1306 of the Charter of the City of Modesto, the City Council shall employ an independent certified public accountant who, at least annually, shall audit the books and records of the City of Modesto, and submit a final audit and report to the City Council as soon as practicable after the end of the fiscal year and

WHEREAS, the accounting firm of Brown Armstrong has completed their audit of the City's financial statements for the fiscal year ended June 30, 2014, and has provided its opinion on these financial statements based on that audit, and

WHEREAS, the independent auditors also audited financial statements of nine Community Facilities Districts and various Joint Powers Agencies, as required by their respective enabling legislations, and for which the City of Modesto serves as the financial administrator,

WHEREAS, by the Council of the City of Modesto that it hereby accepts the Fiscal Year 2013-2014 annual audit reports for the City of Modesto, its Community Facilities Districts, and various Joint Powers Agencies, as listed in **Exhibit** A, which is incorporated by reference herein.

WHEREAS, the Single Audit Act of 1984, the Single Audit Act Amendments of 1996, and the Office of Management and Budget's (OMB) Circular A-133 federally

mandate audits to be conducted for any non-Federal entity that expends $500,000 or more in a year in Federal awards, and

WHEREAS, part of the City's Fiscal Year 2013-2014 Single Audit report, one audit finding on the financial statements was reported during this fiscal year and disclosed on page 11 of the City of Modesto Single Audit report, and

WHEREAS, the auditors performed an information technology risk assessment on City's internal controls and two audit recommendations were reported to strengthen internal controls and operating efficiencies and disclosed on pages 1-2 of the Agreed Upon Conditions report.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts the Fiscal Year 2013-2014 annual single audit reports for the City of Modesto and the Stanislaus Drug Enforcement Agency, as listed in **Exhibit** A, which is incorporated by reference herein.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of January, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Cogdill, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION REJECTING ALL BIDS FOR THE 2014 HUD CURB RAMP AND STORM DRAIN IMPROVEMENT PROJECT AND AUTHORIZING CITY STAFF TO RE-ADVERTISE THE PROJECT

WHEREAS, the bids received for the 2014 HUD Curb Ramp and Storm Drain Improvement Project were opened at 11:00 a.m. on January 13, 2015, and later tabulated by the Director of Community and Economic Development for the consideration of the Council, and

WHEREAS, the City only received one bid, and

WHEREAS, the bid was 62% over the engineer's estimate, and

WHEREAS, City staff determined that it would be in the best interest of the City to reject the sole bid and re-advertise the project.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby rejects all bids received for the 2014 HUD Curb Ramp and Storm Drain Improvement Project, opened in the office of the City Clerk on January 13, 2015.

BE IT FURTHER RESOLVED that staff is hereby authorized to re-advertise the project.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of February, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-26

A RESOLUTION APPROVING THE PURCHASE OF FIVE (5) SERVERS IN AN AMOUNT NOT TO EXCEED $38,000 TO UPGRADE THE INFRASTRUCTURE REQUIRED FOR THE COPLINK APPLICATION, AND AUTHORIZING THE PURCHASING MANAGER, OR HIS DESIGNEE, TO ISSUE A PURCHASE ORDER FOR AN AMOUNT NOT TO EXCEED $38,000

WHEREAS, COPLINK is a secured system created and managed by IBM whereby criminal data from participating law enforcement agencies is shared, standardized, stored and then made available via web search and analysis tools to agencies licensed to use the COPLINK services, and

WHEREAS, Modesto Police Department (MPD) staff has continually used COPLINK since 2011 to search for and analyze crime clues and information from multiple criminal databases across the State of California improving their ability to combat, reduce, and prevent crime, and

WHEREAS, MPD maintains and manages the LENS Node Infrastructure and software (servers, iBox, network, database software) necessary to store the local crimes data, and network connectivity that allows it to be accessed by all of the other participatory COPLINK Nodes, and

WHEREAS, this equipment and software is nearing its end-of-life period, and the server operating systems currently used will be de-supported June 30, 2015 and the MS SQL 2005 version currently used is four versions behind the current MS SQL 2014 Standard, and

WHEREAS, replacing the servers, database software, and iBox machines will bring this infrastructure up to currently supported standards and will also allow the COPLINK software itself to be updtaed to the most current version available, and

WHEREAS, the total cost of the upgrade project is for an amount not to exceed $71,281 and the cost will be shared with Stanislaus County reducing the City's share by half, for an amount not to exceed $35,641, and

WHEREAS, the Modesto Police Department will utilize 2013-14 Supplemental Law Enforcement Services Funds to pay for its share of this project.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the purchase of five (5) servers in an amount not to exceed $38,000 to upgrade the infrastructure required for the COPLINK application.

BE IT FURTHER RESOLVED that the Purchasing Manager, or his designee, is hereby authorized to issue a purchase order for an amount not to exceed $38,000.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of February, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

A RESOLUTION APPROVING THE PURCHASE OF ONE (1) MS SQL STANDARD, 16-CORE LICENSE IN AN AMOUNT NOT TO EXCEED $18,906 TO UPGRADE THE SOFTWARE REQUIRED FOR THE COPLINK APPLICATION; AND AUTHORIZING THE PURCHASING MANAGER, OR HIS DESIGNEE, TO ISSUE A PURCHASE ORDER FOR AN AMOUNT NOT TO EXCEED $18,906

WHEREAS, COPLINK is a secured system created and managed by IBM whereby criminal data from participating law enforcement agencies is shared, standardized, stored and then made available via web search and analysis tools to agencies licensed to use the COPLINK services, and

WHEREAS, Modesto Police Department (MPD) staff has continually used COPLINK since 2011 to search for and analyze crime clues and information from multiple criminal databases across the State of California improving their ability to combat, reduce, and prevent crime, and

WHEREAS, MPD maintains and manages the LENS Node Infrastructure and software (servers, iBox, network, database software) necessary to store the local crimes data, and network connectivity that allows it to be accessed by all of the other participatory COPLINK Nodes, and

WHEREAS, this equipment and software is nearing its end-of-life period, and the server operating systems currently used will be de-supported June 30, 2015 and the MS SQL 2005 version currently used is four versions behind the current MS SQL 2014 Standard, and

WHEREAS, replacing the servers, database software, and iBox machines will bring this infrastructure up to currently supported standards and will also allow the COPLINK software itself to be updtaed to the most current version available, and

WHEREAS, the total cost of the upgrade project is for an amount not to exceed $71,281 and the cost will be shared with Stanislaus County reducing the City's share by half, for an amount not to exceed $35,641, and

WHEREAS, the Modesto Police Department will utilize 2013-14 Supplemental Law Enforcement Services Funds to pay for its share of this project.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the purchase of one (1) MS SQL Standard, 16-core license in an amount not to exceed $18,906 to upgrade the software required for the COPLINK application.

BE IT FURTHER RESOLVED that the Purchasing Manager, or his designee, is hereby authorized to issue a purchase order for an amount not to exceed $18,906.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of February, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Madrigal, Zoslocki, Mayor Marsh

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-28

A RESOLUTION APPROVING THE SOLE SOURCE PROCUREMENT FOR THE PURCHASE OF COPLINK DATA AND APPLICATION MIGRATION SERVICES IN AN AMOUNT NOT TO EXCEED $14,375 TO MIGRATE THE DATA AND COPLINK APPLICATION TO THE NEW SERVERS AND MS SQL DATABASE; AND AUTHORIZING THE PURCHASING MANAGER, OR HIS DESIGNEE, TO ISSUE A PURCHASE ORDER FOR AN AMOUNT NOT TO EXCEED $14,375

WHEREAS, COPLINK is a secured system created and managed by IBM whereby criminal data from participating law enforcement agencies is shared, standardized, stored and then made available via web search and analysis tools to agencies licensed to use the COPLINK services, and

WHEREAS, Modesto Police Department (MPD) staff has continually used COPLINK since 2011 to search for and analyze crime clues and information from multiple criminal databases across the State of California improving their ability to combat, reduce, and prevent crime, and

WHEREAS, MPD maintains and manages the LENS Node Infrastructure and software (servers, iBox, network, database software) necessary to store the local crimes data, and network connectivity that allows it to be accessed by all of the other participatory COPLINK Nodes, and

WHEREAS, this equipment and software is nearing its end-of-life period, and the server operating systems currently used will be de-supported June 30, 2015 and the MS SQL 2005 version currently used is four versions behind the current MS SQL 2014 Standard, and

WHEREAS, replacing the servers, database software, and iBox machines will bring this infrastructure up to currently supported standards and will also allow the COPLINK software itself to be updtaed to the most current version available, and

WHEREAS, the total cost of the upgrade project is for an amount not to exceed $71,281 and the cost will be shared with Stanislaus County reducing the City's share by half, for an amount not to exceed $35,641, and

WHEREAS, IBM is the only manufacturer that can provide COPLINK data and application migration services for COPLINK and is the sole proprietor software and is the world leader of COPLINK software, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid, and

WHEREAS, there are exceptions to the rule set forth in the Modesto Municipal exception, MMC Section 8-3.204(b), states whereas the purchasing agencies' requirements can be met solely by a single article or process; the sole source procurement of the COPLINK data and application migration services for the Modesto Police Department, to IBM, conforms to the Modesto Municipal Code, and

WHEREAS, the Modesto Police Department will utilize 2013-14 Supplemental Law Enforcement Services Funds to pay for its share of this project.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the sole source procurement for the purchase of COPLINK data and application migration services in an amount not to exceed $14,375 to migrate the data and COPLINK application to the new servers and MS SQL database.

BE IT FURTHER RESOLVED that the Purchasing Manager, or his designee, is hereby authorized to issue a purchase order for an amount not to exceed $14,375.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of February, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION APPROVING A DEVELOPMENT PLAN FOR PLANNED DEVELOPMENT ZONE, P-D(599). (WINPAC ROSE AVE LLC)

WHEREAS, a verified application for an amendment to Section 22-3-9 of the Zoning Map was filed by WinPac-Rose Ave LLC on September 26, 2014, to reclassify 5.54 acres from Low Density Residential Zone, R-1, and Medium-High Density Residential Zone , R-3, to Planned Development Zone, P-D(599), to allow a gated single-family residential subdivision comprised of 33 residential lots and two common area lots, property located at 908 Rose Avenue, described as follows:

R-1 to P-D(599)

All that portion of the West half of the Southeast Quarter of Section 22, Township 3 South, Range 9 East, Mount Diablo Base and Meridian, in the City of Modesto, County of Stanislaus, State of California, described as follows:

The North 232.00 feet of Lot 25 of the Broughton Colony Tract, as per map filed March 17, 1904 in Volume 1 of Maps, at Page 78, Stanislaus County Records.

Also including the east 25 feet of Rose Avenue and the west 10 feet of the alley, all being immediately adjacent to the above described lot.

APN: 032-018-006

R-3 to P-D(599)

All that portion of the West half of the Southeast Quarter of Section 22, Township 3 South, Range 9 East, Mount Diablo Base and Meridian, in the City of Modesto, County of Stanislaus, State of California, described as follows:

Lot 25 of the Broughton Colony Tract, as per map filed March 17, 1904 in Volume 1 of Maps, at Page 78, Stanislaus County Records.

Excepting therefrom the north 232.00 feet and the west 405.92 feet of said Lot 25.

Also including the north 10 feet of the alley immediately adjacent to the south of the above described lot, and the west 10 feet of the alley immediately adjacent to the east of the above described lot.

Easterly 228 feet of APN 032-018-007

WHEREAS, after a public hearing held on December 15, 2014, in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, it was found and determined by the Planning Commission, by its Resolution No. 2014-23, that:

1. Rezoning of the property as requested will not be detrimental to the public health, safety or welfare because the rezone to a Planned Development to allow for a gated residential subdivision would provide for development that meets City Standards for a low density residential development;
2. The requested zone change will result in an orderly planned use of land because the residential subdivision will be compatible with the residential uses surrounding the site;
3. The requested zone change is in accordance with the community objectives as set forth in the Modesto Urban Area General Plan and any applicable specific plans(s) because the allowable uses of the Planned Development Zone, P-D(599), is consistent with the General Plan Land Use Designation of "Residential", which allows for low density residential uses; and

WHEREAS, said matter was set for a public hearing of the City Council to be held on February 3, 2015, in the Tenth Street Place Chambers located at 1010 Tenth

Street, Modesto, California, at which date and time said duly noticed public hearing was held, and

WHEREAS, after said public hearing the Council found and determined that the application of WinPac Rose Ave LLC for a Planned Development Zone will not be detrimental to the public health, safety or welfare, will result in an orderly planned use of land, and is in accordance with the community objectives as set forth in the Modesto Urban Area General Plan and any applicable specific plans(s) for the reasons set forth in Planning Commission Resolution No. 2014-23 and quoted above, and

WHEREAS, in Resolution 2015-30 the Council determined that the Project is a subsequent project within the scope of the project covered by the Modesto Urban Area General Plan Master Environmental Impact Report (SCH NO. 2007072023); and

WHEREAS, the Council has introduced Ordinance No. 3614-C.S. on the 3rd day of February, 2015, reclassifying the above-described property from Low Density Residential Zone, R-1, and Medium High Density Residential Zone, R-3, to Planned Development Zone, P-D(599),

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. DEVELOPMENT PLAN. The development plan for Planned Development Zone, P-D(599), is hereby approved subject to the following conditions:

1. Prior to the issuance of a building permit, all development shall conform to the Development Plan and building elevations titled "Fiore Estates", stamped approved by the City Council.
2. Prior to the issuance of a building permit for any residential lot within the development plan for Fiore Estates, a Final Map shall be recorded.
3. Prior to the issuance of a building permit, any variation from the approved site plan or building elevations on file with the City must be reviewed and

approved by the Director of Community and Economic Development or designee.

4. All existing underground and aboveground utilities, irrigation, and electrical lines shall be protected, relocated, or removed as required by the City Engineer or designee. Easements for utilities, irrigation and electrical lines to remain shall be reserved as required. A 10-foot Public Utility Easement is required along the Rose Avenue frontage.

5. The private street shall be dedicated as a Public Utility Easement, together with 10-foot Public Utility Easements and 6-foot planting easements within the 10-foot Public Utility Easements along the street frontage.

6. Prior to the issuance of a building permit, building plans and elevations for the following lots shall demonstrate the following conditions:

    a. Lot 4: The north and east facing bathroom windows shall have fixed lower panes with obscure glass.

    b. Lot 8: The north and east facing bathroom windows shall have fixed lower panes with obscure glass; the west facing bathtub/bathroom window shall be fixed and obscure glass; the window at the staircase landing window seat shall be fixed and obscure glass.

    c. Lot 10: The north and east facing bathroom windows shall have fixed lower panes with obscure glass; the west facing bathtub/bathroom window shall be fixed and obscure glass; the window at the staircase landing window seat shall be fixed and obscure glass.

    d. Lot 11: The window located at the staircase landing window seat shall be fixed and obscure glass.

    e. Lot 12: The north facing pair of 4015 casement windows in the Master Bedroom shall be obscure glass with interior hinges on the right side (opens from the left); the north facing bathtub/ bathroom window shall be fixed and obscure glass; the east and south facing bathroom windows shall have fixed lower panes with obscure glass; the window located at the staircase window seat shall be fixed and obscure glass.

    f. Lot 13: The north and east facing bathroom windows shall have a fixed lower pane with obscure glass; the south facing bathtub/bathroom window shall be fixed and obscure glass.

    g. Lot 18: The east facing bathroom window shall have its lower pane be fixed and obscure glass; the master bath bathtub window shall be fixed and obscure glass; the staircase landing window seat shall be fixed and obscure glass.

7. Prior to issuance of a building permit, those lots with Plan 2230 "Optional Loft/Bedroom" floor plans that back up to existing residences shall demonstrate the loft option only (bedroom option not permitted), with clerestory windows (windows with a lower sill at 6-feet above the finished floor) only.

8. Any new two-story construction beyond what is in the approved plan shall be subject to the Second-Story Review process in accordance to Modesto Municipal Code Section 10-4.110.

9. Any public improvements that are missing, damaged or not to current City standards shall be designed per City standards in accordance with City Code (Article 7-1.701), standards and specifications, such improvements may include, but not be limited to curb & gutter, drive approach, sidewalk, ADA access ramps, fire hydrants and street lights. All public improvement plans shall be designed by a Registered Engineer, reviewed and approved by the City Engineer prior to issuance of an Encroachment permit.

10. Prior to issuance of a building permit, engineered plans and calculations shall be required for any concrete masonry walls to be higher than seven feet.

11. Prior to issuance of a building permit, plans shall include the electrical layout of the entry gates.

12. The gate at the Vista Drive entrance shall be restricted to residents, emergency vehicles and service vehicles such as municipal and utility company maintenance vehicles and garbage trucks only.

13. Double-arrow "No Parking" signs shall be installed every 150-feet on center along the southern and western frontages of the private street. Striping for the "Parking Lane" along the northern and eastern frontages of the private street shall be maintained by the Homeowners Association.

14. Prior to occupancy of any structure, the following walls and fences shall be constructed as shown in red on the stamped approved development plan:

    a. A masonry wall of six feet in height at minimum along the north and east property lines where a six-foot minimum masonry wall does not exist;

    b. A six-foot high wood fence with decorative masonry pilasters and a cap treatment every sixteen feet on center along the west property line adjacent to the Masonic Lodge;

    c. The proposed masonry wall along the Rose Avenue frontage shall be six feet in height at minimum and be decorative masonry with cap treatment.

15. Prior to the issuance of a Grading, Demolition, or Building Permit, Developer shall submit improvement plans conforming to design requirements of the current edition City of Modesto Guidance Manual for Development, Stormwater Quality Control Measures.

16. The General Construction Permit requires the Property Owner to develop a Stormwater Pollution Prevention Plan (SWPPP) for the project. Prior to issuance of a Grading, Demolition, or Building Permit, provide one copy of SWPPP to Land Development Engineering, Stormwater.

17. Prior to the issuance of a Grading, Demolition, or Building Permit, Developer shall submit a plan to integrate Low Impact Development (LID) principles into the project design. The plan shall retain and infiltrate the first 0.5" of stormwater runoff on site, and incorporate pervious landscape features into the project design wherever possible.

18. Prior to the issuance of a Grading, Demolition, or Building Permit, Developer shall submit a plan to provide permanent, post-construction treatment (grass swale, vegetative strip, or other approved proprietary device) to remove pollutants from the first 0.5" of stormwater run-off from site.

19. Prior to the issuance of a Grading, Demolition, or Building Permit, Property Owner shall provide a signed and notarized Stormwater Treatment Device Access and Maintenance Agreement to Land Development Engineering, Stormwater for recording.

20. The proposed project is not part of a Community Facilities District (CFD) nor is it required to annex to a CFD. However, Capital Facilities Fees (CFF) will be due and payable at the time building permits are issued. CFF will be calculated at the *Residential, Single-Family* rate of $14,793.00 per unit. This rate is valid through June 30, 2015.

21. Prior to start of construction, all-weather, hard-surfaced roadways shall be constructed and maintained free of obstructions at all times during construction as required by Director of Community and Economic Development.

22. Prior to Certificate of Occupancy for any structure, cable television service shall be stubbed into all units.

23. Prior to Certificate of Occupancy for any structure, walls facing the alley to the south and east of the site shall be treated with a graffiti-proof coating to the satisfaction of the Director of Community and Economic Development or Designee. Construction drawing shall note the type of graffiti treatment used.

24. At the time of issuance of a building permit, the developer shall pay development impact fees at the established rate. Such fees may

include but are not limited to, sewer and water connection fees, community facility fees, building permit and plan check fees.

25. All department Conditions of Approval for the project shall be included with building plans and shall be continuously maintained on-site during project construction to the satisfaction of the Chief Building Official.

26. All landscaping, fences, and walls shall be maintained and the premises shall be kept free of weeds, trash, and other debris.

27. The property owner and developer shall, at their sole expense, defend, indemnify and hold harmless the City of Modesto, its agents, officers, directors and employees, with Counsel selected by the City from and against all claims, actions, damages, losses, or expenses of every type and description, including but not limited to payment of attorneys' fees and costs, by reason of, or arising out of, this development approval. The obligation to defend, indemnify and hold harmless shall include but is not limited to any action to arbitrate, attack, review, set aside, void or annul this development approval on any grounds whatsoever. The City of Modesto shall promptly notify the developer of any such claim, action, or proceeding.

In addition, the following Conditions of Approval are mitigation measures from the Modesto Urban Area General Plan Master Environmental Impact Report that shall be applied to the project:

28. All disturbed areas, including storage piles, which are not being actively utilized for construction purposes, shall be effectively stabilized of dust emissions using water, chemical stabilizer/suppressant, covered with a tarp or other suitable cover or vegetative ground cover.

29. All on-site unpaved roads and off-site unpaved access roads shall be effectively stabilized of dust emissions using water or chemical stabilizer/suppressant.

30. All land clearing, grubbing, scraping, excavation, land leveling, grading, cut & fill, and demolition activities shall be effectively controlled of fugitive dust emissions utilizing application of water or by presoaking.

31. With the demolition of buildings up to six stories in height, all exterior surfaces of the building shall be wetted during demolition.

32. When materials are transported off-site, all material shall be covered, or effectively wetted to limit visible dust emissions, and at least six inches of freeboard space from the top of the container shall be maintained.

33. All operations shall limit or expeditiously remove the accumulation of mud or dirt from adjacent public streets at the end of each workday. (The use of dry rotary brushes is expressly prohibited except where preceded or

accompanied by sufficient wetting to limit the visible dust emissions.) (Use of blower devices is expressly forbidden.)

34. Following the addition of materials to, or the removal of materials from, the surface of outdoor storage piles, said piles shall be effectively stabilized of fugitive dust emissions utilizing sufficient water or chemical stabilizer/suppressant.

35. Within urban areas, track out shall be immediately removed when it extends 50 or more feet from the site and at the end of each workday.

36. Any site with 150 or more vehicle trips per day shall prevent carryout and track out.

37. The City has also established a noise ordinance to control noise within the City. The City's noise ordinance (Modesto Municipal Code Section 4-9.101) prohibits the "loud and raucous discharge into the open air of the steam of any steam equipment or exhaust from any stationary internal-combustion engine."

38. Additionally, the noise ordinance prohibits the loud and raucous operation or use of any of the following before 7:00 a.m. or after 9:00 p.m. daily (except Saturday and Sunday and state or federal holidays, when the prohibited time shall be before 9:00 a.m. and after 9:00 p.m.):

    a. A hammer, or any other device or implement used to pound or strike an object.
    b. An impact wrench, or other tool or equipment powered by compressed air.
    c. A hand-powered saw.
    d. Any tool or piece of equipment powered by an internal-combustion engine such as, but not limited to, chain saw, backpack blower, and lawn mower.
    e. Any electrically powered (whether by alternating current electricity or by direct current electricity) tool or piece of equipment used for cutting, drilling, or shaping wood, plastic, metal, or other materials or objects, such as, but not limited to, a saw, drill, lathe, or router.
    f. Any of the following: heavy equipment (such as but not limited to bulldozer, steam shovel, road grader, back hoe), ground drilling and boring equipment (such as but not limited to derrick or dredge), hydraulic crane and boom equipment, portable power generator or pump, pavement equipment (such as but not limited to pneumatic hammer, pavement breaker, tamper, compacting equipment), piledriving equipment, vibrating roller, sand blaster, gunite machine, trencher, concrete truck, and hot kettle pump.
    g. Any construction, demolition, excavation, erection, alteration, or repair activity. In the case of urgent necessity and in the interest of public health and safety, the Chief Building Official may issue a

permit for exemption from these. Such period shall not exceed three (3) working days in length while the emergency continues but may be renewed for successive periods of three (3) days or less while the emergency continues. The Chief Building Official may limit such permit as to time of use and/or permitted action, depending upon the nature of the emergency and the type of action requested.

39. Construction equipment and vehicles should be equipped with properly operating mufflers according to the manufacturers' recommendations. Air compressors and pneumatic equipment should be equipped with mufflers, and impact tools should be equipped with shrouds or shields. Equipment that is quieter than standard equipment should be utilized. Haul routes that affect the fewest number of people should be selected.

40. Construction activities shall comply with the requirements of the City's Storm Water Management Plan under its municipal NPDES stormwater permit, and the State Water Resources Control Board's General Permit for Discharges of Storm Water Associated with Construction Activity.

41. Construction activities shall comply with the requirements of the City's Storm Water Management Plan under its municipal NPDES Stormwater permit, and the State Water Resources Control Board's General Permit for Discharges of Storm Water Associated with Construction Activity.

SECTION 2. DEVELOPMENT SCHEDULE. The following development schedule is hereby approved for said Planned Development Zone, P-D(599):

The entire construction program to begin on or before December 15, 2016.

SECTION 3. CHANGES IN DEVELOPMENT PLAN. Any changes in the above approved development plan shall be made in accordance with the provisions of Section 10-7.108 of the Modesto Municipal Code.

SECTION 4. COMPLIANCE WITH CODE PROVISIONS, ETC. In all other respects said planned development shall be accomplished in accordance with and in strict adherence to the provisions of Article 1 of Chapter 7 of Title 10 of the Modesto Municipal Code relating to Planned Development Zones and other applicable City laws, rules, regulations and procedures.

SECTION 5. EFFECTIVE DATE. This resolution shall not become effective unless and until the ordinance reclassifying the above-described property to Planned Development Zone, P-D(599), becomes effective.

BE IT FURTHER RESOLVED that the conditions of project approval set forth herein include certain fees, dedication requirements, reservations requirements, and other exactions, and that pursuant to Government Code Section 66020(d)(1), these conditions constitute written notice of a statement of the amount of such fees, and a description of the dedications, reservations, and other exactions.

BE IT FURTHER RESOLVED that the applicant is hereby further notified that the ninety (90) days approval period in which a protest of these fees, dedications, reservations, and other exactions, pursuant to Government Code Section 66020(a) can be filed, begins on February 3, 2015, and that if a protest is not filed within this ninety (90)-day period complying with all of the requirements of Section 66020, the applicant will be legally barred from later challenging such exactions.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of February, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-30

RESOLUTION FINDING THAT THE FOLLOWING SUBSEQUENT PROJECT IS WITHIN THE SCOPE OF THE PROJECT COVERED BY THE MODESTO URBAN AREA GENERAL PLAN MASTER ENVIRONMENTAL IMPACT REPORT (SCH NO. 2007072023): REZONE OF 5.54 ACRES FROM LOW DENSITY RESIDENTIAL ZONE, R-1, AND MEDIUM-HIGH DENSITY RESIDENTIAL ZONE, R-3, TO PLANNED DEVELOPMENT ZONE, P-D(599) (WINPAC ROSE AVE LLC)

WHEREAS, on October 14, 2008, the City Council of the City of Modesto certified the Final Master Environmental Impact Report ("Master EIR") (SCH No. 2007072023) for the Modesto Urban Area General Plan, and

WHEREAS, WinPac Rose Ave LLC has proposed an amendment to Section 22-3-9 of the Zoning Map of the City of Modesto to reclassify 5.54 acres from Low Density Residential Zone, R-1, and Medium-High Density Residential Zone, R-3 to Planned Development Zone, P-D(599), and

WHEREAS, pursuant to Section 21157.1 of the Public Resources Code, the City of Modesto's Community & Economic Development Department prepared an Environmental Assessment Initial Study EA/C&ED 2014-26 ("Initial Study") which analyzed whether the subsequent project may cause any significant effect on the environment that was not examined in the Master EIR and whether the subsequent project was described in the Master EIR as being within the scope of the report, and

WHEREAS, in accordance with CEQA guidelines beginning on January 6, 2015, the City caused to be published a 20-day notice of the City's intent to make a finding that the subsequent project conforms with the Master EIR, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on February 3, 2015, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study prepared for the proposed rezone, a copy of which is **attached** hereto as **Exhibit** "A", and incorporated herein by reference, and based on substantial evidence in the Initial Study makes the following findings:

1. An Initial Study was prepared by the City of Modesto that analyzed whether the subsequent project may cause any significant effect on the environment that was not examined in the Master EIR and whether the subsequent project was described in the Master EIR as being within the scope of the report.

2. The subsequent project will have no additional significant effect on the environment, as defined in subdivision (d) of Section 21158 of the Public Resources Code, that was not identified in the Master EIR.

3. No new or additional mitigation measures or alternatives are required.

4. The subsequent project is within the scope of the project covered by the Master EIR.

5. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project.

6. No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified, and no new information, which was not known and could not have been known at the time that the Master EIR was certified as complete, has become available.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community & Economic Development Director is hereby authorized and directed to file a notice of approval or determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of February, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

City of Modesto
Master EIR Initial Study Environmental Checklist

I. PURPOSE

CEQA allows for the limited environmental review of subsequent projects under the City's Master Environmental Impact Report ("Master EIR" or "MEIR"). This Initial Study Environmental Checklist ("Initial Study") is used in determining whether the Fiore Estates Gated Residential Subdivision ("Project") is "within the scope" of the project analyzed in the Modesto Urban Area General Plan Master EIR (SCH# 2007072023) (Public Resources Code section 21157.1). When the Initial Study supports this conclusion, the City will issue a finding of conformance.

A subsequent project is "within the scope" of the Master EIR when:

1. it will have no additional significant effects on the environment that were not addressed as significant effects in the Master EIR; and

2. no new or additional mitigation measures or alternatives are required.

"Additional significant effects" means a project-specific effect that was not addressed as a significant effect in the Master EIR. [Public Resources Code Section 21158(d)]

The determination must be based on substantial evidence in the record. "Substantial evidence" means facts, reasonable assumptions predicated upon facts, or expert opinion based on facts. It does not include speculation or unsubstantiated opinion. (CEQA Guidelines Section 15384)

E. Current General Plan Designation(s): R "Residential"

F. Current Zoning Classification(s): Low Density Residential (R-1) Zone and Medium Density Residential (R-3) Zone

G. Surrounding Land Uses:
North: Low Density Residential (R-1) Zone, Single-Family Residential Uses

South: Low Density Residential (R-1) Zone and Medium Density Residential and United Masonic Lodge No. 206 facility
East: Low Density Residential (R-1) Zone, Single-Family Residential Uses
West: Low Density Residential (R-1) Zone, Single-Family Residential Uses and Medium-Density Residential (R-3) Zone, United Masonic Lodge No. 206 facility

H. Project Description, including the project type listed in Section II.C (Anticipated Future Projects) of the Master EIR (Attach additional maps/support materials as needed for complete record):

Proposal is to rezone vacant land of 5.54 acres from Low Density Residential (R-1) Zone and Medium-High Density Residential (R-3) Zone to Planned Development (P-D) Zone for low-density residential uses to facilitate the development of a 35-lot gated residential subdivision consisting of 33 residential lots and two public lots (street and dual-use storm basin).

I. Other Public Agencies Whose Approval is Required: None

III. FINDINGS/DETERMINATION (SELECT ONE ON THE BASIS OF THE ANALYSIS IN SECTION IV)

1. _X_ Within the Scope - The project is within the scope of the Master EIR and no new environmental document or Public Resources Code Section 21081 findings are required. All of the following statements are found to be true:

A. The subsequent project will have no additional significant effect on the environment, as defined in subdivision (d) of Section 21158 of the Public Resources Code, that was not identified in the Master EIR.

B. No new or additional mitigation measures or alternatives are required.

C. The subsequent project is within the scope of the project covered by the Master EIR.

D. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project.

E. No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified, and no new information, which was not known and could not have been known at the time that the Master EIR was certified as complete, has become available.

2. ___ Mitigated Negative Declaration Required - On the basis of the above determinations, the project is not within the scope of the Master EIR. A mitigated negative declaration will be prepared for the project. The following statements are all found to be true:

A. The subsequent project is within the scope of the project covered by the Master EIR.

B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project.

C. The project will have one or more potential new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures are being required of the project that will reduce the effects to a less-than-significant level.

D. No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified, and no new information, which was not known and could not have been known at the time that the Master EIR was certified as complete, has become available.

3.____ Focused EIR Required- On the basis of the above determinations, the project is not within the scope of the Master EIR. A Focused EIR will be prepared for the project. All of the following statements are found to be true:

A. The subsequent project is within the scope of the project covered by the Master EIR.

B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project.

C. The project will have one or more new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures or alternatives are required as a result.

D. No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified, and no new information, which was not known and could not have been known at the time that the Master EIR was certified as complete, has become available.

Project Manager	Title	Date

4. Within the Scope Analysis of this Document:

The Master EIR allows projects to be found within the scope of the MEIR if certain criteria are met. If the following statements are found to be true for all 21 impact categories included in this Initial Study, then the proposed project is addressed by the MEIR analysis and is within the scope of the MEIR. Any "No" response must be discussed.

		YES	NO
(1)	The lead agency for subsequent projects shall be the City of Modesto or a responsible agency identified in the Master EIR.	☒	☐
(2)	City policies which reduce, avoid, or mitigate environmental effects will continue to be in effect and, therefore, would be applied to subsequent projects where appropriate. The policies are described in the list of policies in place and mitigation measures attached to the Initial Study template. Project impacts would be mitigated to a less-than-significant level using MEIR mitigations only.	☒	☐
(3)	Federal, State, regional, and Stanislaus County regulations do not change in a manner that is less restrictive on development than current law (i.e., would not offer the same level of protection assumed under the Master EIR).	☒	☐
(4)	No specific information concerning the known or potential presence of significant resources is identified in future reports, or through formal or informal input received from responsible or trustee agencies or other qualified sources.	☒	☐
(5)	The development will occur within the boundaries of the City's planning area as established in this Urban Area General Plan.	☒	☐
(6)	Development within the project will comply with all appropriate mitigation measures contained and enumerated in the 2008 General Plan Master EIR.	☒	☐

5. Currency of the Master EIR Document

The MEIR should be reviewed on a regular basis to determine its currency, and whether additional analysis/mitigation should be incorporated into the MEIR via a Supplemental or Subsequent EIR (CEQA Section 21157.6). Staff has reviewed Sections 1 through 21 of this document in light of the criteria listed below to determine whether the MEIR is current. The analysis contained within the Master EIR is current as long as the following circumstances have not changed. Any "no" response must be explained.

		YES	**NO**
(1)	Certification of the General Plan Master EIR occurred less than five years prior to the filing of the application for this subsequent project.	☐	☒
(2)	This project is described in the Master EIR and its approval will not affect the adequacy of the Master EIR for any subsequent project because the City can make the following findings:	☒	☐
(a)	No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified.	☒	☐
(b)	No new information, which was not known and could not have been known at the time the Master EIR was certified as complete, has become available.	☒	☐
(c)	Policies remain in effect which require site-specific mitigation, and avoidance or other mitigation of impacts as a prerequisite to future development.	☒	☐

Discussion:

(1) The General Plan Master EIR was certified on October 14, 2008, so more than five years has passed since the MEIR was certified. However, the analysis contained in the MEIR is still adequate for subsequent projects, as documented in the discussion below.

(2) The project is consistent with the analysis contained in the MEIR. This is documented in the discussion of the individual issue areas of this initial study.

(2)(a) There have been no substantive changes to the General Plan since the MEIR was certified that would create additional significant environmental effects that were not analyzed by the MEIR.

(2)(b) There has been no new information that would affect the adequacy of the analysis contained in the MEIR.

(2)(c) All policies contained in the MEIR that require site-specific mitigation or avoidance of impacts remain in effect and will be applied to the project as appropriate.

IV. ENVIRONMENTAL ANALYSIS

This Initial Study, in accordance with Section 21157.1(b) of the Public Resources Code, discloses whether the proposed project may cause any project-specific significant effect on the environment that was not examined in the Final Master EIR (MEIR) for the General Plan and whether new or additional mitigation measures or alternatives may be required as a result. The Initial Study thereby documents whether or not the project is "within the scope" of the Master EIR.

Pursuant to Public Resources Code Section 21157.1, no new environmental document or findings are necessary for projects that are determined to be within the scope of the MEIR. Adoption of the findings specified in Section III.1, above after completion of the Initial Study fulfills the City's obligation in that situation.

All environmental effects cited reflect 2025 conditions resulting from the Urban Area General Plan, as identified in the Master EIR.

The environmental impact analysis in the Master EIR for the Urban Area General Plan is organized in twenty-one subject areas. The following analysis is based on the impact analyses contained in Chapter V of the Master EIR. For ease of reference, the sections are numbered in the same order as the analyses in Chapter V.

1. TRAFFIC AND CIRCULATION

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable traffic and circulation impacts expected after application of mitigations/policies:

Direct Impacts

Effect: Increased automobile traffic will result in roadway segments (see MEIR on Table 1-7, pages V-1-32 to V-1-34) operating at LOS D, Modesto's significance threshold for automobile traffic, or lower (LOS E or F).

Effect: The substantial increase in traffic relative to the existing load and capacity of the street system will cause, either individually or cumulatively, the violation of automobile service standards established by StanCOG's Congestion Management Plan for designated roads and highways.

Effect: A substantial increase in automobile vehicle miles traveled and automobile vehicle hours of travel and a decrease in average automobile vehicle speed (see MEIR Table 1-6, page V-1-31).

Cumulative Impacts

Effect: Potential for growth inducement or acceleration of development resulting from highway and local road projects.

Effect: Substantial increase in traffic in relation to the existing traffic load and capacity of the street system, including a violation, either individually or cumulatively, of an automobile LOS standard established by the Congestion Management Plan for designated roads and highways.

Effect: Increased demand for capacity-enhancing alterations to existing roads or automobile traffic reduction.

Other impact categories affected by Traffic and Circulation are addressed throughout this Initial Study (see also Section 2, Degradation of Air Quality; Section 3, Generation of Noise; Section 7 Loss of Sensitive Wildlife and Plant Habitat; Section 8, Disturbance of Archaeological/Historic Sites; Section 14 Increased Demand for Fire Services; Section 18, Energy; Section 19, Visual Resources; Section 20, Land Use and Planning, and Section 21, Climate Change).

b. Master EIR and/or New Mitigation Measures Applied to the Project

Traffic and Circulation mitigation measures pertinent to this project are found on MEIR pages V-1-9 through V-1-28. All mitigation measures appropriate to the project, including any new measures, will be incorporated into or made conditions of approval of this project and are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

No mitigation measures regarding traffic from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-1.B of the Master EIR provides analysis of Traffic and Circulation impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: A subsequent development project will have a new significant effect on the environment if it would exceed the following criteria:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
1. TRAFFIC AND CIRCULATION				
1) The proposed project exceeds traffic generation assumptions in the Master EIR for the site by 100 trips or more and City Engineering and Transportation staff has determined that the project would have additional potentially significant project-specific effects that are not avoided or reduced by the Master EIR's mitigation measures.	☐	☐	☐	☒
2) Exceed, either individually or cumulatively, a level of service standard established by the county congestion management agency for designated roads or highways?	☐	☐	☐	☒
3) The proposed project would cause additional roadway segments in the General Plan area to exceed LOS D and/or cause additional violations of standards in the Congestion Management Plan, and/or cause an increase in automobile vehicle miles or vehicle hours of travel or a decrease in automobile travel speed, as compared to the impacts disclosed in the Master EIR.	☐	☐	☐	☒
4) The proposed project would cause emergency response times to exceed acceptable standards established by the Fire Department, as compared to impacts disclosed in the Master EIR (see Section 14, Increased Demand for Fire Services).	☐	☐	☐	☒
5) The proposed project would result in less parking than required by the Municipal Code or as determined by staff.	☐	☐	☐	☒
6) The proposed project would conflict with adopted policies, plans, or programs that support alternative transportation, including, but not limited to the Regional Transportation Plan, the Sustainable Communities Strategy, the Bicycle Action Plan, and so on.	☐	☐	☐	☒
7) The proposed project would result in an increase	☐	☐	☐	☒

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
in automobile vehicle miles traveled on a per capita basis, in excess of that considered in the Urban Area General Plan MEIR.				

Discussion:

(1) The project consists of a rezone of 5.54 acres in the Baseline Developed Area from the Low Density Residential (R-1) Zone and Medium-High Density Residential (R-3) Zone to Planned Development to allow for a 35-lot gated subdivision consisting of 33 single-family residential lots and two public use lots (street and dual-use storm basin). The project was referred to Land Development Engineering, Traffic, who indicated no concerns with traffic volumes exceeding 100 trips.

(2) The project would not exceed a level of service standard established by the county congestion management agency (StanCOG).

(3) There are no significant changes in the level of service or the volume-capacity ratio as a result of the project, and therefore there are no significant cumulative (long-term) traffic impacts.

(4) Police and Fire Staff have reviewed this proposal and have indicated that there is no emergency access problem.

(5) The proposed single-family dwellings will provide parking in accordance with the Municipal Code.

(6) Traffic Staff have reviewed this proposal and indicated no issues with adopted plans for alternative transportation. Bus stops exist along Rose Avenue 500-feet to the north and 500-feet south of the subdivision's Rose Avenue entrance.

(7) The proposed project would not result in a significant increase in automobile vehicle miles traveled (per capita) in excess of what was considered in the Urban Area General Plan.

2. DEGRADATION OF AIR QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable air quality impacts expected after application of mitigations/policies:

Direct Impacts

Effect: Expected automobile traffic will result in increased operational emissions of reactive organic gases (ROG) and oxides of nitrogen (NO_X) (see MEIR Table 2-8, page V-2-27).

Effect: Expected automobile traffic will result in increased emissions of particulate matter 10 microns or less (PM_{10}) and 2.5 microns or less in diameter ($PM_{2.5}$) (see MEIR Table 2-8, page V-2-27).

Effect: Expected automobile traffic will result in increased carbon monoxide (CO) levels in the project area (see MEIR Table 2-7, page V-2-26, and Table 2-8, page V-2-27).

Cumulative Impacts

The Master EIR indicates the same impacts identified as direct impacts above will contribute to regional impacts on air quality for the criteria pollutants ROG, NO_x, PM_{10}, and $PM_{2.5}$.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Air quality mitigation measure(s) pertinent to the proposed project are found on pages V-2-13 through V-2-24 of the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes AQ-42 through AQ-50 from the MEIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-2.B of the Master EIR is the analysis of air quality impacts resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
2. DEGRADATION OF AIR QUALITY				
1) The proposed project exceeds the project-level emissions thresholds established for CO, ROG, NO_x, PM_{10}, and $PM_{2.5}$ by the San Joaquin Valley Air Pollution Control District (SJVUAPCD) and is not consistent with the development assumptions for the project site, as established in the Urban Area General Plan and Master EIR.	☐	☐	☐	☒
2) The proposed project does not incorporate the best management practices established by the SJVAPCD for CO, ROG, NO_x, PM_{10}, and $PM_{2.5}$.	☐	☐	☐	☒
3) The proposed project does not comply with the air quality policies in the Modesto Urban Area General Plan.	☐	☐	☐	☒

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
4) The proposed project would expose sensitive receptors to pollutant concentrations in excess of those expected to occur as a result of implementation of the Urban Area General Plan.	☐	☐	☐	☒
5) The proposed project would create objectionable odors affecting a substantial number of people.	☐	☐	☐	☒

Discussion:

(1) The project consists of a rezone of 5.54 acres in the Baseline Developed Area from the Low Density Residential (R-1) Zone and Medium-High Density Residential (R-3) Zone to Planned Development to allow for a 35-lot gated subdivision consisting of 33 single-family residential lots and two public use lots (street and dual-use storm basin). The subsequent development would not exceed emissions thresholds established by the SJVUAPCD, and is consistent with the development standards for a residential use as established by the General Plan.

(2) Development of the site will be required to adhere to applicable City Zoning Ordinances, Standards, and applicable best management practices during the construction process.

(3-5) The project would comply with the air quality policies in the General Plan, and would not expose sensitive receptors to pollutants or odors in excess of assumptions for residential uses.

3. GENERATION OF NOISE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable noise impacts expected after application of mitigations/policies:

Direct Impacts

Effect: Future automobile traffic noise levels and roadway construction and maintenance activities resulting from development of the Urban Area General Plan will exceed the City's noise thresholds at various locations, but particularly in areas adjacent to heavily traveled roadways (see MEIR Table 3-3, page V-3-10, and Figure VII-2 and Table 3-6, pages V-3-18 and V-3-19).

Effect: Expected noise from airport operations and airport construction projects may expose up to 468 dwellings and three churches to noise levels of 65 dB CNEL and up to eight dwellings to noise levels of 70 dB CNEL.

Effect: Expose noise-sensitive land uses to noise from the construction of bicyde and transit projects.

Effect: Expose noise-sensitive land uses to noise from freight and passenger rail operations.

Cumulative Impacts

Effect: Traffic from development in the City of Modesto would, when combined with traffic from new development in the County and other cities, contribute to a cumulative increase in roadside noise levels on major roads and highways throughout Stanislaus County.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Noise policies and mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-3-11 through V-3-15 of the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project and any new measures are listed in Section V, Mitigation Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes N-1 through N-3 from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-3.B of the MEIR discloses noise impacts resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not analyzed in the Master EIR.

Significance Criteria: Determination of the proposed project's effects are based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
3. GENERATION OF NOISE				
1) The proposed project will exceed the standards for noise level and hours of operation established by the Modesto noise ordinance.	☐	☐	☐	☒
2) The proposed project will not comply with the noise policies of, or otherwise be inconsistent with, the Modesto Urban Area General Plan.	☐	☐	☐	☒
3) The proposed project will result in an increase in ambient noise levels in the project vicinity above those disclosed in the Master EIR.	☐	☐	☐	☒
4) The proposed project will result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels disclosed in the Master EIR implementation of the Urban Area General Plan.	☐	☐	☐	☒

Discussion:

(1) The project consists of a rezone of 5.54 acres in the Baseline Developed Area from the Low Density Residential (R-1) Zone and Medium-High Density Residential (R-3) Zone to Planned Development to allow for a 35-lot gated subdivision consisting of 33 single-family residential lots and two public use lots (street and dual-use storm basin). The subsequent development would be required to adhere to the City's noise ordinance.

(2-4 The subsequent residential use would not be inconsistent the noise policies of the General Plan, nor result in ambient noise levels above those assumed by the General Plan for a residential use. Any increase in ambient noise levels would be construction-related and temporary in the process of developing the single-family homes after recordation of the Final Map.

4. EFFECTS ON AGRICULTURAL LANDS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on agricultural lands expected after application of mitigations/policies:

Direct Impacts

Effect: Between 1995 and 2025, development of the Urban Area General Plan may convert up to approximately 26,000 acres of farmland in various categories in the Planned Urbanizing Area to urban uses.

Effect: Approximately 1,200 acres of urban development along a 28.5-mile boundary 350 feet wide between urban and agricultural uses could be affected by continued agricultural operations, including noise, dust, and chemical overspray or drift.

Cumulative Impacts

Effect: Growth within Modesto's planning area would contribute considerably to the loss of agricultural land within Stanislaus County, accounting for the conversion of as much as approximately 26,000 acres of farmland in various categories in the Planned Urbanizing Area from 1995 to 2025.

b. Master EIR and/or New Mitigation Measures Pertinent to the Project

Agricultural land mitigation measures pertinent to the proposed project are found on pages V-4-6 to and V-4-8 of the Master EIR. All mitigation measures appropriate to the project and any new mitigation to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-4.B of the Master EIR discloses the impacts resulting from the implementation of the Urban Area General Plan on agricultural lands. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
4. EFFECTS ON AGRICULTURAL LANDS				
1) The proposed project is inconsistent with the Urban Area General Plan's policies relating to agricultural land.	☐	☐	☐	☒
2) The proposed project will either directly or indirectly result in the development of land outside the 2008 Urban Area General Plan's planning area boundary.	☐	☐	☐	☒
3) The proposed project will conflict with existing zoning for agricultural use, or there is an existing Williamson Act contract on the project site.	☐	☐	☐	☒
4) The proposed project will involve other changes in the existing environment not anticipated in the Master EIR which, due to their location or nature, could result in conversion of farmland to non-agricultural use.	☐	☐	☐	☒

Discussion:

(1) The project is a vacant infill area within the Baseline Developed Area not in agricultural production, and is completely surrounded by urbanized area consisting of residential uses and the Masonic Lodge facility. The project would therefore not be inconsistent with the General Plan's policies related to agricultural land.

(2-4) The project site is not zoned for agricultural use, and no Williamson Act contract is in place on the property. The site is surrounded by urban area and would not cause the conversion of farmland to a non-agricultural use.

5. INCREASED DEMAND FOR LONG-TERM WATER SUPPLIES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on long-term water supplies expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts have been disclosed in the Master EIR.

Cumulative Impacts

Effect: Operational yields of the Modesto and Turlock subbasins, both of which underlie the City of Modesto, are unknown, although the City is participating in a study with the United States Geological Survey in order to quantify the operational yields of both subbasins. Groundwater withdrawals from both basins by the City, when combined with other users' withdrawals, may result in overdrafting both subbasins.

Effect: Despite available options, during drought years, significant water shortages are forecast for the San Joaquin River basin, which includes both the Modesto and Turlock subbasins, by 2020. Modesto would make a cumulatively considerable contribution to the cumulative impact on water supply under drought conditions.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Water supply mitigation measures pertinent to the proposed project are found on pages V-5-6 through V-5-12 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

No mitigation measures regarding water supply from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-5.B of the Master EIR discloses impacts on long-term water supplies resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
5. INCREASED DEMAND FOR LONG-TERM WATER SUPPLIES				
1) The proposed project is inconsistent with water supply policies in the Urban Area General Plan.	☐	☐	☐	☒
2) Water demand for the proposed project will exceed estimates for similar projects or for development on the project site anticipated in the	☐	☐	☐	☒

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
Urban Area General Plan or sufficient water supplies are not otherwise available to serve the project from existing entitlements and resources.				
3) The proposed project would deplete groundwater supplies to a greater degree than anticipated in the Urban Area General Plan or would interfere with groundwater recharge.	☐	☐	☐	☒

Discussion:

(1) The project is consistent with the water supply policies in the General Plan.

(2) The project was referred to Land Development Engineering Staff who indicated no concerns with water supply to the project. The proposed development will not exceed estimates or water supplies needed to serve other entitlements and resources.

(3) The proposed project is consistent with the ground water demands assumed in the General Plan. The project would not have a significant effect on ground water recharge or depletion of long-term water supplies.

6. INCREASED DEMAND FOR SANITARY SEWER SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on sanitary sewer services after application of mitigations/policies:

Direct Impacts

Effect: Development resulting from implementation of the Urban Area General Plan will require substantial new sewage treatment and disposal capacity, treatment plant improvements, sewer mains and collection lines, and pump stations. The Wastewater Master Plan anticipates the need for these facilities and its EIR evaluates the impact of developing those facilities. Potential impacts include degradation of water quality through erosion and chemical releases; localized flooding; construction noise; exposure of construction workers and the public to hazardous materials; and on the habitat of the elderberry longhorn beetle, burrowing owl, and Swainson's hawk, as well as certain other regulated habitats. All of these impacts are mitigated to a less-than-significant level.

Additional impacts that are not mitigated to a less-than-significant level include loss of farmland cause by construction of the Phase IA tertiary treatment facility at the Jennings Road Secondary Treatment Facility, an increase in pollutant loads from increased wastewater flows to the San Joaquin River, and an increase in noise and criteria air pollutants due to construction activities, including traffic.

Cumulative Impacts

Effect: No additional cumulative impacts were identified in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Sewer service mitigation measures pertinent to the proposed project are found on pages V-6-3 through V-6-8 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-6.B of the Master EIR discloses impacts on the Increased Demand for Sanitary Sewer Service resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
6. INCREASED DEMAND FOR SANITARY SEWER SERVICES				
1) The proposed project is inconsistent with wastewater policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project will generate sewage flows greater than those anticipated in the Urban Area General Plan for the project site.	☐	☐	☐	☒
3) The proposed project will result in a determination by the wastewater treatment provider which serves or may serve the project that it has inadequate capacity to serve the project's projected demand in addition to the provider's existing commitments.	☐	☐	☐	☒

Discussion:

(1) The project consists of a rezone of 5.54 acres in the Baseline Developed Area from the Low Density Residential (R-1) Zone and Medium-High Density Residential (R-3) Zone to Planned Development to allow for a 35-lot gated subdivision consisting of 33 single-family residential lots and two public use lots (street and dual-use storm basin). The project would be consistent with the General Plan's policies relating to wastewater and conform to applicable City Zoning Codes and Standards.

(2-3) The project would not generate sewage flows greater than estimates for a project of similar uses. The project was referred to Land Development Engineering, who indicated no concerns with the project.

7. LOSS OF SENSITIVE WILDLIFE AND PLANT HABITAT

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on sensitive wildlife and plant habitat expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant impacts on sensitive wildlife and plan habitat are expected to occur with the application of the policies contained in the Urban Area General Plan.

Cumulative Impacts

Effect: Implementation of the Urban Area General Plan will contribute to the cumulative impact of habitat loss in the San Joaquin Valley. Requiring density development than has occurred in the past or that is expected in the future would minimize the City's contribution to the cumulative loss of habitat. Nonetheless, this is a significant and unavoidable impact.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Wildlife and plant habitat mitigation measures pertinent to the proposed project are found on pages V-7-17 through V-7-24 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-7.B of the Master EIR discloses impacts on the Loss of Sensitive Wildlife and Plant Habitat resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
7. LOSS OF SENSITIVE WILDLIFE AND PLANT				

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
HABITAT				
1) The project is inconsistent with the policies pertaining to the loss of sensitive wildlife and plant habitat contained in the Urban Area General Plan.	☐	☐	☐	☒
2) Consultation with the California Department of Fish and Game or the U.S. Fish and Wildlife Service determines that the project would have a significant effect on a candidate, sensitive, or special status species in excess of the impact disclosed in the Master EIR.	☐	☐	☐	☒
3) The proposed project would have a substantial adverse effect on federally protected wetlands as defined by Section 404 of the Clean Water Act through direct removal, filling, hydrological interruption, or other means, in excess of the impact disclosed in the Master EIR.	☐	☐	☐	☒
4) The proposed project would substantially interfere with the movement of any native resident or migratory fish or wildlife species or with established native resident or migratory wildlife corridors, or impede the use of native wildlife nursery sites.	☐	☐	☐	☒
5) Conflict with local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.	☐	☐	☐	☒
6) The proposed project would conflict with provisions of an adopted habitat conservation plan, natural community conservation plan, or other approved local, regional, or state habitat conservation plan.	☐	☐	☐	☒

Discussion:

(1) The project consists of a rezone of 5.54 acres in the Baseline Developed Area from the Low Density Residential (R-1) Zone and Medium-High Density Residential (R-3) Zone to Planned Development to allow for a 35-lot gated subdivision consisting of 33 single-family residential lots and two public use lots (street and dual-use storm basin). The project would not be inconsistent with General Plan policies pertaining to wildlife and plant habitat.

(2-4) The project site is located within the Baseline Developed Area of the City and is therefore completely surrounded by developed urban area consisting of similar single-family residential uses and the Masonic Lodge facility. It is not a biologically sensitive site as defined by Figure V-7-1 of the MEIR. The California Department of Fish and Game and the U.S. Fish and Wildlife Service were consulted in the production of the MEIR.

(4-6) The project is not in conflict with any local policies or ordinances protecting biological resources, nor is in conflict with any adopted habitat conservation plan.

8. DISTURBANCE OF ARCHAEOLOGICAL/HISTORICAL SITES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on archaeological/historical sites expected after application of mitigations/policies:

Direct Impacts

Effect: Modification resulting in a substantial adverse change in the significance of a historic resource or the demolition of a listed or eligible historic resource.

Effect: The modification or demolition of a structure more than 50 years in age may be significant.

Effect: Discovery of archaeological resources in areas outside of the riparian corridors, as a result of construction activities.

Effect: Construction in an area of high archaeological sensitivity.

Cumulative Impacts

Effect: No additional cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Archaeological or historic mitigation measures pertinent to the project being analyzed in this Initial Study are found on page V-8-16 through V-8-20 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-8.B of the MEIR discloses impacts on archaeological/historical resources resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
8. DISTURBANCE OF ARCHAEOLOGICAL/ HISTORICAL SITES				
1) The proposed project is inconsistent with the archaeological/historical resource policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would demolish a building eligible for listing as a historic resource or remove a landmark from the Modesto inventory.	☐	☐	☐	☒
3) The proposed project would modify or demolish a structure more than 50 years in age.	☐	☐	☒	☐
4) The project would adversely affect a cultural resource that is either listed or eligible for listing in the California Register of Historical Resources.	☐	☐	☐	☒
5) Conflict with local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.	☐	☐	☐	☒

Discussion:

(1) The project consists of a rezone of 5.54 acres in the Baseline Developed Area from the Low Density Residential (R-1) Zone and Medium-High Density Residential (R-3) Zone to Planned Development to allow for a 35-lot gated subdivision consisting of 33 single-family residential lots and two public use lots (street and dual-use storm basin). The project would not be inconsistent with General Plan policies pertaining to archaeological or historic resources.

(2-4) The project would demolish an existing vacant residential building that according to County Assessor records was built in 1915. However, the residential building is not listed as a local cultural resource nor is eligible for listing. The residential building is not classified as a building of state or federal historic status nor is eligible for listing for such status.

(5) The project does not conflict with local policies affecting biological resources.

9. INCREASED DEMAND FOR STORM DRAINAGE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on storm drainage expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: The population of Stanislaus County is projected to increase in a fashion similar to that of Modesto, resulting in additional urban development and associated increases in impervious surface area and associated increases in storm water runoff. Cumulative hydrologic impacts of storm water flows from Modesto urban areas and other areas of the County could occur due to the fixed capacity of MID and TID irrigation canals to convey drainage west to the San Joaquin River. If drainage channels in some areas prove insufficient to handle the increased drainage discharges, existing storm water runoff from urban and agricultural areas during large storm events would have to be interrupted until water levels receded to a point allowing the resumption of discharges to the channel. Ceasing discharges to drainage channels could cause inundation in and around the drainage conveyance pipeline systems, surface drainage channels, detention basins, and other urban areas. This cumulative impact is considered significant and unavoidable.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Storm Drainage mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-9-4 through V-9-9. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

City Engineering staff has reviewed the project and required conditions of approval to implement General Plan Policies for development including compliance with the Strom Drain Management Plan and the utilization of low impact strategies and meet the standards contained in the "Guidance Manual for New Development-Storm Water Quality Control Measures." No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-9.B of the MEIR discloses impacts on the demand for storm drainage resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
9. INCREASED DEMAND FOR STORM DRAINAGE				
1) The proposed project is inconsistent with the storm drainage policies in the Urban Area General Plan.	☐	☐	☐	☒

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
2) The proposed project would substantially increase the rate or amount of surface runoff in a manner that would result in flooding on- or offsite, as compared to impacts anticipated to result from the Urban Area General Plan or create substantial unanticipated sources of polluted runoff.	☐	☐	☒	☐
3) The proposed project does not utilize Low Impact Development strategies to reduce runoff from the site and increase infiltration, resulting in no net increase in runoff before and after development.	☐	☐	☐	☒

Discussion:

(1) The project is consistent with applicable storm drain policies in the Urban Area General Plan. Construction activities will comply with the requirements of the City's Storm Water Management Plan under its municipal NPDES stormwater permit, and the State Water Resources Control Board's General Permit for Discharges of Storm Water Associated with Construction Activity (MIER Policy SD-9). In addition, the City will ensure that new development complies with the City of Modesto's Stormwater Management Program: Guidance Manual for New Development Stormwater Quality Control Measures (MIER Policy SD-11). These policies will be implemented as conditions of project approval.

(2) The City's Land Development Engineering Staff have reviewed the project and determined the project would not create significant flooding or unanticipated sources of runoff. The project will not contribute additional water runoff that would exceed the capacity of the storm drainage system.

(3) The project will utilize low impact strategies and meet the standards contained in the "Guidance Manual for New Development-Storm Water Quality Control Measures." This requirement will be implemented as a condition of project approval.

10. FLOODING AND WATER QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on flooding and water quality expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Flooding and Water Quality mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-10-6 through V-10-9 of the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes: FWQ-13 from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-10.B of the Master EIR provides analysis of Flooding and Water Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
10. FLOODING AND WATER QUALITY				
1) The proposed project is inconsistent with the flooding and water quality policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project does not comply with the regulatory requirements of the federal Clean Water Act or the State Porter-Cologne Act.	☐	☐	☐	☒
3) The proposed project would place more housing within a 100-year flood hazard zone than assumed in the Urban Area General Plan.	☐	☐	☐	☒
4) The proposed project would place structure within a 100-year flood hazard area so that they would impede or redirect floodwater or would substantially alter the existing on-site drainage pattern or a watercourse, in such a way as to cause flooding on- or offsite.	☐	☐	☐	☒
5) The proposed project does not comply with Modesto's Guidance Manual for New Development Storm Water Quality Control Measures.	☐	☐	☐	☒
6) The proposed project would violate water quality standards or waste discharge requirements.	☐	☐	☐	☒
7) The proposed project would substantially alter	☐	☐	☐	☒

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
the existing drainage pattern of the site or area or a watercourse in a manner that would result in substantial erosion or siltation on- or offsite in excess of the assumptions of the Urban Area General Plan.				
8) The proposed project would create or contribute runoff, which would exceed the capacity of existing or planned storm water drainage systems or provide substantial additional sources of polluted runoff, not expected as part of Urban Area General Plan implementation.	☐	☐	☐	☒

Discussion:

(1) The proposed project is consistent with the flooding and water quality policies in the Urban Area General Plan.

(2) The project would comply with the Federal Clean Water Act and the Porter Cologne Act requirements.

(3) The project site is not within a 100-year flood hazard zone as established by the Federal Emergency Management Agency (FEMA) Flood Rate Insurance Map 06099C0340E dated September 26, 2008.

(4) The project will comply with the Guidance Manual for New Development Storm Water Quality Control Measures (MIER Policy SD-11). This will be implemented as a condition of project approval.

(5) The project will comply with the Guidance Manual for New Development Storm Water Quality Control Measures (MIER Policy SD-11). This will be implemented as a condition of project approval.

(6) The project will not violate water quality standards or waste discharge requirements.

(7) The project would not substantially alter the existing drainage pattern of the site, area or a watercourse in a manner that would result in erosion or siltation.

(8) The City's Land Development Engineering Staff have reviewed the project and indicated no concerns that the project would cause significant flooding or unanticipated sources of runoff. The project will not contribute additional water runoff that would exceed the capacity of the storm drainage system.

11. INCREASED DEMAND FOR PARKS AND OPEN SPACE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on parks and open space expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Parks and open space mitigation measures pertinent to the proposed project are found on pages V-11-3 through V-11-9 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-11.B of the MEIR discloses impacts of the Urban Area General Plan on parks and open space. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
11. INCREASED DEMAND FOR PARKS AND OPEN SPACE				
1) The proposed project is inconsistent with the parks and open space policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would eliminate parks or open space.	☐	☐	☐	☒
3) The proposed project would cause an increase in the use of existing neighborhood and regional parks or other recreational facilities such that substantial physical deterioration of the facility in question would occur or be accelerated or the proposed project would include recreational facilities or	☐	☐	☐	☒

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
require the construction or expansion of recreational facilities which might have an adverse physical effect on the environment.				

Discussion:

(1) The project is consistent with the parks and open space policies in the General Plan.

(2) The project would not eliminate an existing park or designated open space. The project is on a vacant site previously designated for low and med-high density residential uses, proposed to be rezoned for a new gated single-family residential subdivision.

(3) There would be a small increase in the use of existing park facilities by new residents at the site; however, deterioration or other physical changes to the facilities are not expected to occur as a result of the project.

12. INCREASED DEMAND FOR SCHOOLS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on school facilities expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR. By statute, the impact of new students is considered to be mitigated below a level of significance by payment of school impact fees and the exercise of any or all of the financing options set out in Government Code Section 65997.

Cumulative Impacts

Effect: Similar to direct impacts of implementation of the Urban Area General Plan, no residual significant direct impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. As long these policies are applied to all subsequent projects, no new mitigation is necessary. Further, payment of school impact fees and compliance with SB 50 is statutorily deemed to be full mitigation of school impacts (Government Code Section 65995).

The following schools mitigation measures on pages V-12-5 through V-12-7 of the Master EIR are pertinent to the proposed project. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures are listed in Section V, Mitigation Applied to Project.

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-12.B of the Master EIR discloses impacts resulting from implementation of the Urban Area General Plan associated with increased demand for schools. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
12. INCREASED DEMAND FOR SCHOOLS				
1) The proposed project is inconsistent with the policies relating to schools in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project does not comply with SB 50/Proposition 1A funding provisions, or succeeding measures which state that compliance results in less-than-significant impacts on schools.	☐	☐	☐	☒

Discussion:

(1) The project is consistent with the policies relating to schools in the General Plan.

(2) The project was referred to Modesto City Schools and Sylvan Schools who indicated no opposition to the project.

13. INCREASED DEMAND FOR POLICE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on police services expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Police services mitigation measures pertinent to the proposed project are found on pages V-13-2 through V-13-5 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-13.B of the Master EIR discloses impacts on police services resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
13. INCREASED DEMAND FOR POLICE SERVICES				
1) The proposed project is inconsistent with policies relating to police services in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would result in the need for new or significantly altered facilities not considered as part of the Urban Area General Plan or Master EIR which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times, or other performance objectives.	☐	☐	☐	☒

Discussion:

(1) The project is consistent with the policies relating to police services in the General Plan.

(2) The project would not result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain

acceptable service ratios, response times or other performance objectives. The project meets City Standards for emergency services access.

14. INCREASED DEMAND FOR FIRE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on fire services expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Fire Services mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-14-4 through V-14-7 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-14.B of the Master EIR discloses impacts on fire services resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
14. INCREASED DEMAND FOR FIRE SERVICES				
1) The proposed project is inconsistent with the fire service policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would result in the need for new or significantly altered facilities not considered as part of the Urban Area General Plan	☐	☐	☐	☒

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
or Master EIR which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times, or other performance objectives.				
3) The proposed project, based upon substantial evidence, would cause the erosion or elimination of fire protection services in adjoining fire protection districts.	☐	☐	☐	☒

Discussion:

(1) The project is consistent with the fire service policies in the General Plan.

(2) The project would not result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives.

(3) The project would not significantly impact adjacent fire districts or result in the elimination of fire protection services.

15. GENERATION OF SOLID WASTE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on solid waste expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Solid waste mitigation measures pertinent to the proposed project are found on pages V-15-4 through V-15-7 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project.

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-15.B of the Master EIR discloses solid waste impacts resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
15. GENERATION OF SOLID WASTE				
1) The project is inconsistent with the solid waste policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The County is unable to expand its solid waste disposal capacity, as expected, causing all new development to result in cumulative impacts on the County's disposal capacity.	☐	☐	☐	☒

Discussion:

(1) The project is consistent with the solid waste policies in the General Plan.

(2) This project was referred to the Solid Waste Division for review, who indicated no concerns over service to the project area.

16. GENERATION OF HAZARDOUS MATERIALS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts regarding hazardous materials expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Hazardous materials mitigation measures pertinent to the proposed project are found on pages V-16-8 through V-16-13 of the Master EIR. All mitigation measures appropriate to the project to be

incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

No mitigation measures from the Master EIR are required. new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-16.B of the Master EIR discloses impacts on hazardous materials resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
16. GENERATION OF HAZARDOUS MATERIALS				
1) The project is inconsistent with the hazardous materials policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school.	☐	☐	☐	☒
3) The proposed project would be located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would create a significant hazard to the public or the environment.	☐	☐	☐	☒
4) The proposed project would be constructed on a contaminated site not known to the State of California as of March 2008.	☐	☐	☐	☒

Discussion:

(1) The project is consistent with the hazardous materials policies in the General Plan.

(2) No hazardous materials will be involved with this project.

(3) The project would not be located on a site, which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would not create a significant hazard to the public or the environment.

(4) The project site is not known to contain any contaminants.

17. GEOLOGY, SOILS, AND MINERAL RESOURCES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts related to geology, soils, and mineral resources expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Geology, soils, and mineral resource mitigation measures pertinent to the proposed project are found on pages V-17-9 and V-17-10 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of the proposed project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-17.B of the Master EIR discloses geology, soils, and mineral resource impacts resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
17. GEOLOGY, SOILS, AND MINERAL RESOURCES				
1) The project is inconsistent with policies relating to geology, soils, and mineral resources contained in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would expose people or	☐	☐	☐	☒

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
structures to potential substantial adverse effects including the risk off loss, injury, or death involving fault rupture, strong seismic activity; location on an expansive soil; result in the loss of topsoil; location on soils incapable of adequately supporting the use of septic tanks or alternative wastewater disposal systems in areas where sewers are not available for the disposal of wastewater; result in the loss of known mineral resources that would be of value to the region and the state; or result in the loss of availability of a locally important mineral resource recovery site delineated on a local general plan, specific plan, or other land use plan.				

Discussion:

(1) The project is consistent with policies relating to geology, soils, and mineral resources in the General Plan.

(2) The project would not be located on soil that is unstable, or that would become unstable as a result of the project. There are no known mineral resources of value to the region and the state on the property.

18. ENERGY

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts pertaining to energy expected after application of mitigations/policies:

Direct Impacts

Effect: Continued development in the Planned Urbanizing Area would have an impact on available energy supplies. Energy consumption likely would increase substantially by 2025 as a result of implementation of the Urban Area General Plan.

Cumulative Impacts

Effect: Implementation of the Urban Area General Plan will have a cumulatively considerable impact on energy consumption.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following energy mitigation measures pertinent to the proposed project are found on pages V-18-2 through V-18-8 in the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-18.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on energy resources. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
18. ENERGY				
1) The proposed project is inconsistent with policies relating to energy in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would result in energy consumption during construction, operation, maintenance, or removal that is more wasteful, inefficient, and unnecessary than assumed in the Urban Area General Plan.	☐	☐	☐	☒

Discussion:

(1) The project is consistent with the energy policies in the General Plan.

(2) The project would not result in energy consumption during construction, operation, maintenance or removal that is more wasteful, inefficient and unnecessary than assumed in the General Plan.

19. EFFECTS ON VISUAL RESOURCES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on visual resources expected after application of mitigations/policies:

Direct Impacts

Effect: New development in the Planned Urbanizing Area will occur in areas that are in agricultural production or are otherwise lightly developed, which could lead to the introduction of light and glare in areas that have little nighttime illumination.

Cumulative Impacts

Effect: No additional cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following visual resources mitigation measures pertinent to the proposed project are found on pages V-19-3 and V-19-4 in the Master EIR. All mitigation measures appropriate to the proposed project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-18.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on energy resources. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
19. EFFECTS ON VISUAL RESOURCES				
1) The proposed project is inconsistent with policies relating to visual resources in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would degrade views from riverside areas and parks to a greater degree than assumed in the Urban Area General Plan.	☐	☐	☐	☒
3) The proposed project would degrade views of riverside areas from public roadways and nearby properties to a greater degree than assumed in the Urban Area General Plan.	☐	☐	☐	☒

Discussion:

(1) The project is consistent with the policies relating the visual resources in the General Plan.

(2) The project would not impact views from riverside areas and parks.

(3) The project would not impact views of riverside areas from roadways or nearby properties.

20. LAND USE AND PLANNING

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts pertaining to land use and planning expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following land use and planning mitigation measures pertinent to the proposed project are found on pages V-20-6 through V-20-17 in the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-20.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on land use and planning. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
20. LAND USE AND PLANNING				
1) The proposed project is inconsistent with land use and planning policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project contains elements that would physically divide an established community in a way not assumed in the Urban Area General Plan.	☐	☐	☐	☒
3) The proposed project conflicts with a land use	☐	☐	☐	☒

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
plan, policy or regulation established for the purpose of avoiding or mitigating an environmental impact by an agency that has jurisdiction over the proposed project.				
4) The proposed project conflicts with an applicable habitat conservation plan or natural community conservation plan.	☐	☐	☐	☒

Discussion:

(1) The project is designated as Residential the General Plan. The proposed rezone and residential subdivision is consistent with the current General Plan Land Use designation. The project is consistent with land use and planning policies in the General Plan.

(2) The project would not divide an established community. The surrounding area is developed with residential uses including the Masonic Lodge to the south and west. The proposed subdivision is consistent with the surround uses and would not divide existing neighborhood.

(3) The project does not conflict with the land use plan, policies and regulations of the City of Modesto designed to mitigate project impacts.

(4) The project does not conflict with applicable habitat conservation plans or natural community conservation plans.

21. CLIMATE CHANGE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts pertaining to climate change expected after application of mitigations/policies:

Direct Impacts

Effect: Impacts resulting from implementation of the Urban Area General Plan are not substantial enough to result in a significant direct impact on climate change, as disclosed in the Master EIR.

Cumulative Impacts

Effect: Implementation of the Urban Area General Plan will have a cumulatively considerable impact on climate change.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following climate change mitigation measures pertinent to the proposed project are found on pages V-21-7 through V-21-10 in the Master EIR. All mitigation measures appropriate to the project

will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-18.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on climate change. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
21. CLIMATE CHANGE				
1) The proposed project is inconsistent with policies relating to climate change in the Urban Area General Plan.	☐	☐	☒	☐
2) The proposed project would result in average automobile trip lengths or CO_2 emissions higher than those assumed in the Master EIR.	☐	☐	☒	☐
3) The proposed project would conflict with the Sustainable Communities Strategy or Alternative Planning Strategy that the Air Resources Board has agreed will achieve the goals of AB 32.	☐	☐	☒	☐

Discussion:

(1) The City of Modesto General Plan Master EIR addressed potential climate change impacts due to development and other activities associated with the Urban Area General Plan (UAGP). The Urban Area General Plan Master EIR (MEIR) determined that buildout of the UAGP would make a cumulatively considerable contribution to global climate change. The UAGP nonetheless authorizes development that will contribute to global climate change by virtue of the production of greenhouse gases. The MEIR states the projected rate of growth of vehicle miles traveled (VMT) will increase the City's contribution to global climate change as the City develops. Development under the UAGP is expected to generate approximately 1,096,226.4 metric tons per year above 2005 emissions. The City Council adopted a Statement of Overriding Considerations in 2008, finding that the benefits of the UAGP outweighed the City's increased contribution to global climate change.

The MEIR identifies policies CL-3 through CL-26 as policies in effect that have been determined to reduce, avoid or mitigate air quality environmental impacts within the existing City limits and within the Planned Urbanizing Areas as they annex and develop. These policies include but are not limited to, the use of shade trees to reduce the heat island effect, current energy efficient building standards to reduce energy consumption, and the inclusion of facilities for alternative transportation. The proposed project is required to develop in accordance with climate change policies included in the UAGP and the MIER.

(2) Climate change is an inherently cumulative impact because no single project can produce enough greenhouse gases to substantially alter the global climate. No thresholds have been set for individual or cumulative greenhouse gases. Nonetheless, the proposed project would result in greenhouse gas emissions due primarily to automobile travel and energy use for lighting, heating, cooling and other activities. The primary source of CO_2 emissions generated from the project would be related to automobile trips. As identified under the traffic and circulation discussion, traffic engineering staff has determined that the project will be in substantial conformance with the GP MEIR assumptions for traffic generation, the CO_2 emissions generated from the project would also be in substantial conformance with that which was assumed under the GP MEIR analysis.

(3) A Sustainable Communities Strategy has not yet been implemented by the Air Resources Board. Future development will be required to comply with the provisions of the Sustainable Communities Strategy once it is established.

V. MITIGATION MEASURES APPLIED TO THE PROPOSED PROJECT

If the Initial Study results in the determination that a Finding of Conformance can be adopted for the proposed project Section A below applies. If the Initial Study results in the determination that a Finding of Conformance cannot be adopted and a Mitigated Negative Declaration/EIR must be prepared for the project then Section B, below applies.

A. Master EIR Mitigation Measures Applied to the Project

Pursuant to Public Resources Code Section 21157.1(c), in order for a Finding of Conformance to be made, all appropriate mitigation measures from the Master EIR shall be incorporated into the proposed project. Urban Area General Plan Policies/Master EIR mitigation measures shall be made part of the proposed project prior to approval by means of conditions of project approval or incorporation into the appropriate document or plan.

All applicable and appropriate mitigation measures have been applied to the project (see mitigation measures listed below).

B. New or Additional Mitigation Measures or Alternatives Required

Where the project's effects would exceed the significance criteria for each environmental impact category, a mitigated negative declaration or Focused EIR must be prepared. Staff has reviewed the project against the significance criteria thresholds established in the Master EIR for all impact categories in this Initial Study.

A Mitigated Negative Declaration or Focused EIR shall be prepared for the project. The following additional project-specific mitigation measures listed below are necessary to reduce the identified new significant effect:

Traffic and Circulation:

N/A

Degradation of Air Quality:

AQ-42: All disturbed areas, including storage piles, which are not being actively utilized for construction purposes, shall be effectively stabilized of dust emissions using water, chemical stabilizer/suppressant, covered with a tarp or other suitable cover or vegetative ground cover.

AQ-43: All on-site unpaved roads and off-site unpaved access roads shall be effectively stabilized of dust emissions using water or chemical stabilizer/suppressant.

AQ-44: All land clearing, grubbing, scraping, excavation, land leveling, grading, cut & fill, and demolition activities shall be effectively controlled of fugitive dust emissions utilizing application of water or by presoaking.

AQ-45: With the demolition of buildings up to six stories in height, all exterior surfaces of the building shall be wetted during demolition.

AQ-46: When materials are transported off-site, all material shall be covered, or effectively wetted to limit visible dust emissions, and at least six inches of freeboard space from the top of the container shall be maintained.

AQ-47: All operations shall limit or expeditiously remove the accumulation of mud or dirt from adjacent public streets at the end of each workday. (The use of dry rotary brushes is expressly prohibited except where preceded or accompanied by sufficient wetting to limit the visible dust emissions.) (Use of blower devices is expressly forbidden.)

AQ-48: Following the addition of materials to, or the removal of materials from, the surface of outdoor storage piles, said piles shall be effectively stabilized of fugitive dust emissions utilizing sufficient water or chemical stabilizer/suppressant.

AQ-49: Within urban areas, track out shall be immediately removed when it extends 50 or more feet from the site and at the end of each workday.

AQ-50: Any site with 150 or more vehicle trips per day shall prevent carryout and track out.

Generation of Noise:

N-1: The City has also established a noise ordinance to control noise within the City. The City's noise ordinance (Modesto Municipal Code Section 4-9.101) prohibits the "loud and raucous discharge into the open air of the steam of any steam equipment or exhaust from any stationary internal-combustion engine."

N-2: Additionally, the noise ordinance prohibits the loud and raucous operation or use of any of the following before 7:00 a.m. or after 9:00 p.m. daily (except Saturday and Sunday and state or federal holidays, when the prohibited time shall be before 9:00 a.m. and after 9:00 p.m.):

1. A hammer, or any other device or implement used to pound or strike an object.
2. An impact wrench, or other tool or equipment powered by compressed air.
3. A hand-powered saw.
4. Any tool or piece of equipment powered by an internal-combustion engine such as, but not limited to, chain saw, backpack blower, and lawn mower.
5. Any electrically powered (whether by alternating current electricity or by direct current electricity) tool or piece of equipment used for cutting, drilling, or shaping wood, plastic, metal, or other materials or objects, such as, but not limited to, a saw, drill, lathe, or router.
6. Any of the following: heavy equipment (such as but not limited to bulldozer, steam shovel, road grader, back hoe), ground drilling and boring equipment (such as but not limited to derrick or dredge), hydraulic crane and boom equipment, portable power generator or pump, pavement equipment (such as but not limited to pneumatic hammer, pavement breaker, tamper, compacting equipment), piledriving equipment, vibrating roller, sand blaster, gunite machine, trencher, concrete truck, and hot kettle pump.
7. Any construction, demolition, excavation, erection, alteration, or repair activity. In the case of urgent necessity and in the interest of public health and safety, the Chief Building Official may issue a permit for exemption from these. Such period shall not exceed three (3) working days in length while the emergency continues but may be renewed for successive periods of three (3) days or less while the emergency continues. The Chief Building Official may limit such permit as to time of use and/or permitted action, depending upon the nature of the emergency and the type of action requested.

N-3: The City of Modesto shall require construction activities to comply with the City's noise ordinance (Title 4, Chapter 9), and noise-reducing construction practices to be implemented as conditions of approval for development projects where substantial construction-related noise impacts would be likely to occur (e.g., where construction would include extended periods of pile driving, where construction would occur over an unusually long period, or where noise-sensitive uses like homes and schools would be in the immediate vicinity, etc.). The city should consider potential mitigation measures, including, but not limited to, the following: Construction equipment and vehicles should be equipped with properly operating mufflers according to the manufacturers' recommendations. Air compressors and pneumatic equipment should be equipped with mufflers, and impact tools should be equipped with shrouds or shields. Equipment that is quieter than standard equipment should be utilized. Haul routes that affect the fewest number of people should be selected.

Effects on Agricultural Lands:

N/A

Increased Demand for Long-Term Water Supplies:

N/A

Increased Demand for Sanitary Sewer Services:

N/A

Loss of Sensitive Wildlife and Plant Habitat:

N/A

Disturbance of Archaeological/Historic Sites:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-31

Print

RESOLUTION APPROVING A PROPOSED AGREEMENT INCLUDING LANGUAGE CHANGES FOR A SUCCESSOR MEMORANDUM OF UNDERSTANDING (MOU) BETWEEN THE CITY OF MODESTO AND MODESTO POLICE OFFICERS' ASSOCIATION (MPOA) FOR A TERM OF JUNE 30, 2014 TO JUNE 28, 2016; AND AUTHORIZING THE DIRECTOR OF ADMINISTRATIVE SERVICES AND CITY MANAGER TO TAKE THE NECESSARY ADMINISTRATIVE ACTION TO IMPLEMENT THE AGREEMENT

WHEREAS, the current Memorandum of Understanding (MOU) between the City of Modesto (CITY) and the Modesto Police Officers' Association (MPOA) expired on June 30, 2014, and

WHEREAS, representatives of the CITY and the MPOA have met and conferred in good faith concerning wages, hours, terms and conditions of employment for employees in said bargaining unit, and

WHEREAS, the CITY and MPOA have reached agreement on language changes for a successor MOU which, upon execution, shall be **attached** hereto and made a part hereof, and

WHEREAS, the MOU provides as follows:

SECTION 1. TERM. The term of the MOU shall be from June 30, 2014 to June 28, 2016.

SECTION 2. SALARY ADJUSTMENTS AND CALPERS EMPLOYEE CONTRIBUTION. The City shall increase the salary schedule by 3% effective the 1st full pay period following ratification and Council approval.

The City shall increase the salary schedule by 1.0% effective the first full pay period in July of 2015.

SECTION 4. HOLIDAY LEAVE. Amend language to add an additional 24 hours of Holiday Leave for FY 2014/2015.

SECTION 5. SPECIAL LEAVE. Amend language to add all employees in the MPOA bargaining unit shall be credited with thirty-two (32) hours of special leave for use during FY2014/2015. If an employee does not use his or her special leave on or before June 30, 2015, any remaining balance shall be cashed out effective July 1, 2015 and paid to the employee in the paycheck for the pay period ending July 13, 2015.

SECTION 6. UNIFORM ALLOWANCE. The City shall increase the uniform allowance to $1220.00 per year effective the first full pay period following ratification and Council approval.

SECTION 7. RETENTION BONUS. The City shall provide a 1% retention bonus for each member and a $500 retention bonus check every six months. Pay as defined in the MOU (Section 5, G, 1) effective the first pay period following ratification and Council approval.

SECTION . LANGUAGE CLEAN UP.

a) Incorporate paid lunch period.

b) Redefine Mutual Aid Compensation to provide employees with all reimbursable travel time

c) Capture additional City provided Special Assignment Equipment

d) Incorporate new vacation request procedure as previously agreed

e) Redact prorate language in FTO pay

SECTION . PERS PICK UP. Effective June 28, 2016, the City shall increase base salary by (2.0%) two percent and the Association shall pick up (2.5%) two and a

half percent of the employee's PERS contribution for a total employee pick up of (9%) nine percent.

CHANGES AND REMAINING PROVISIONS. Other changes and remaining provisions of the December 23, 2008 through March 28, 2011 MOU and Contract Extension Agreements through June 30, 2014 between the CITY and MPOA shall continue in the new MOU. The exact language of all provisions shall be set forth in the MOU between the CITY and MPOA.

WHEREAS, the Council considered this matter at its meeting of February 3, 2015,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the language changes for a successor Memorandum of Understanding between the City of Modesto and the Modesto Police Officers' Association, which covers a term from July 1, 2014 through June 30, 2016, and upon execution of same, a copy of the MOU will be on file in the office of the City Clerk.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of February, 2015, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Madrigal, Zoslocki, Mayor Marsh
NOES:	Councilmembers:	None
ABSENT:	Councilmembers:	None

PREAMBLE

It is the purpose of this Memorandum to set forth the wages, hours and other terms and conditions of employment for employees represented by the Modesto Police & Fire Non Sworn Association (hereinafter referred to as "MPNSA").

ARTICLE 1. TERM AND REOPENER

(A) The term of this Memorandum of Understanding (MOU) shall commence on July 1, 2014, and shall expire and otherwise be fully terminated at midnight, March 23, 2016. Unless otherwise provided for in the MOU, none of the modifications to this agreement shall become effective prior to ratification of this agreement by MPNSA and adoption by the City Council.

(B) Re-opener

(1) Concession Bargaining: During the term of this contract the parties agree to meet and discuss each year on further concessions, if deemed necessary by the City.

(2) Pension Reform: The parties agree to begin meeting and conferring through impasse and implementation process on pension reform not later than August 2, 2010.

(3) Sick Leave and Retiree Medical Conversion Program Restructuring: The parties agree to begin meeting and discussing no later than August 2, 2010 on the sick leave and retiree medical conversion program.

ARTICLE 2. CITY MANAGEMENT RIGHTS

The City of Modesto (hereinafter referred to as "City") and the Modesto Police & Fire Non-Sworn Association agree the City has the right to unilaterally make decisions on all subjects that are outside the scope of bargaining. The parties agree the City's exercise of its management rights is not subject to challenge through the grievance procedure or in any other forum, except where otherwise in conflict with a specific term of this Memorandum of Understanding.

The City retains the exclusive right, except as expressly stated herein, to operate and direct the affairs of the City in all of its various aspects, including, but not limited to, the right to direct the working forces; to plan, direct and control all of the operations and services of the City; to determine the methods, means and organizations by which such operations and services are to be conducted; to assign and transfer employees; to hire, promote, demote, suspend, discipline, discharge or relieve employees due to lack of work or other legitimate reasons; and to change or eliminate existing methods, equipment or facilities.

ARTICLE 3. REPRESENTATION

This Memorandum of Understanding covers the employees in the following position classifications of City, which MPNSA is certified as representing, and MPNSA is the formally recognized employee organization which has the exclusive right to represent said employees during the term of this implementation.

Fire Prevention Inspector I
Fire Prevention Inspector II
Police Animal Control Officer I
Police Animal Control Officer II
Police Clerk I
Police Clerk II
Police Community Service Officer I
Police Community Service Officer II
Police Crime and Intelligence Analyst I
Police Crime and Intelligence Analyst II
Police Evidence and Property Technician I
Police Evidence and Property Technician II
Police Identification Technician I
Police Identification Technician II
Police Officer Recruit
Police Technician
Senior Fire Prevention Inspector

ARTICLE 4. RENEGOTIATIONS

Negotiations shall begin no later than ninety (90) calendar days prior to the termination date of this Memorandum. The parties shall notify one another of the names of their designated representatives at least thirty (30) days in advance of the first meeting.

When negotiating a successor memorandum, the MPNSA shall be represented by no more than four (4) employees who shall be released from active duty and will not lose wages or benefits when negotiating. A reasonable number of other representatives may attend on their own time; however, the City shall not provide release time for more than four (4) employees.

A reasonable effort will be made to allow MPNSA employees to have their work hours and/or duty days adjusted so they will be on active duty during negotiations. No employee shall receive overtime for time spent negotiating if it is not possible to adjust their work schedule. Participation in negotiations does not release any employee from responsibilities of their full-time employment requiring immediate attention or action (for example, scheduled court appearances or emergency callback).

ARTICLE 5. SALARY RATES AND STEP ADVANCEMENTS

The base salary ranges shown in **Exhibit 1** (Classifications and Salary Ranges) shall be applicable on the dates indicated for classifications in this Unit for the period commencing

September 11, 2012, as provided in **Exhibit 2** (Schedule of Salary Ranges and Rates). The salary range for each of those positions shall increase 2.0% effective the first pay period following ratification of this agreement by MPNSA and adoption by the City Council, as provided in Exhibit 3. The salary range for each of those positions shall increase by 1.0% effective the pay period including March 1, 2016, as provided in Exhibit 4.

In addition, based on the results of the City's most recent labor market study, the salary range for each of the benchmark classes listed in Exhibit 5, along with any related classes, shall increase in accordance with the schedule set forth in Exhibit 5.

Classification Titles and Ranges may be amended from time to time by Resolution adopted by the City Council.

(A) For purposes of this Memorandum, base salary range shall mean the salary range assigned to a specific classification as provided in **Exhibit 1**. Base salary rate shall mean the hourly rate of pay established pursuant to the Step placement within the base salary range as provided in this Memorandum.

Paid time shall be based upon the base salary rate with the computation rounded to the nearest cent.

(B) Each salary range shall consist of five (5) Steps, A through E. Progression through the steps shall be based upon both length of service and job performance.

(1) Step A will normally be paid upon initial employment. The initial salary may be set at a higher Step only upon approval of the Department Director and City Manager. In cases of exceptional performance, employees hired at higher than Step A may be considered for their first Step increase after thirteen (13) pay periods.

(2) Step B shall be paid upon completion of thirteen (13) pay periods with an overall "meets" performance evaluation.

(3) Step C through Step E shall be paid upon completion of twenty-six (26) pay periods with an overall "meets" performance evaluation at each Step.

(4) Accelerated Step increases within the established salary range may be granted in addition to those above, upon approval of the City Manager.

(5) When a Step increase is denied, there shall be another performance evaluation of the employee in thirteen (13) pay periods from the effective date of the denied increase. There is no right of appeal to the withholding of a step increase, but the reasons for withholding shall be given in writing to the employee.

(6) Due to inferior work, lack of application, indifferent attitude or other legitimate reasons, an employee's Step may be reduced to a lower Step. There is no right of appeal due to the lowering of Steps, but the reasons for reduction shall be given in writing to the employee.

(7) All other salary administration policies shall be as contained in the Personnel Rules and Personnel Administrative Orders.

ARTICLE 6. PERFORMANCE EVALUATION

(A) The City and MPNSA agree to use the "Performance Management Guidelines" as the recognized evaluation process. There shall be periodic performance evaluations of all employees, which shall be discussed with the employee and made a matter of record. If the evaluation shows an employee's work to be below standard, the supervisor shall take appropriate steps to encourage improvement and may set a definite period of time in which improvement is expected. Failure to achieve satisfactory improvement may be just cause for demotion, reduction in pay or dismissal.

(B) There shall be a Performance Evaluation Review Committee, composed of City and MPNSA representatives, which will meet as needed to review the performance evaluation system.

(C) The specific procedures of the performance evaluation system shall be as contained in the Personnel Rules and Personnel Administrative Orders.

ARTICLE 7. PAY PERIOD

(A) A pay period is defined as the fourteen (14) calendars day period from 12:01 a.m. Tuesday to 12:00 a.m. (midnight) Monday two weeks thereafter. The first pay period under this Memorandum shall commence at 12:01 a.m., on Tuesday, the day this Memorandum became effective.

(B) Direct Deposit. For all employees, the City will deposit employees' pay checks directly to their bank or credit union accounts; paper checks shall not be issued.

ARTICLE 8. WORKWEEK DEFINITION

The workweek is 12:01 a.m. Tuesday to 12:00 a.m. (midnight) the following Monday. Department Directors and individual employees may agree to modify the workweek in order to facilitate alternative work schedules as provided in this Memorandum.

ARTICLE 9. STANDARD TOUR OF DUTY

The standard tour of duty represents the time that an employee is regularly scheduled to work. A regularly scheduled tour of duty, which commences before midnight and ends the following day, shall be reported for payroll purposes as time worked for the day in which the tour of duty began.

The Department Director shall establish the times a standard tour of duty begins and ends and the actual number of hours, which comprises the standard tour of duty for each

position. If the City needs require it, employees will be offered, on a voluntary basis, staggered work hours and/or days. If no employees volunteer for such staggered work hours and/or days, employees may be assigned work outside their Standard Tour of Duty by inverse order of seniority, not to exceed one (1) work shift.

When a Department Director finds it necessary to make modifications or changes in the time a standard tour of duty begins or ends or the actual number of hours in a tour of duty, the Department Director shall notify the affected employee(s) and MPNSA indicating the proposed change with seven (7) calendar days prior notice to its implementation. If MPNSA requests to meet and confer, it shall do so in writing to the Human Resources Director. The parties shall then expeditiously meet and confer regarding the impact the modification or change would have on employees. An employee or MPNSA may request the Department Director to change the times a standard tour of duty begins and ends or the actual number of hours in a standard tour of duty to meet the needs of the service.

ARTICLE 10. LEAVE USAGE AND ACCRUALS

All leave accrual, including overtime, shall be recorded in tenths of an hour (i.e. 0.10 equals 6 minutes) basis. All leave usage, including overtime, shall be recorded in tenths of an hour (i.e. 0.10 equals 6 minutes) basis. All leave usage, including use of overtime, shall be recorded and used on a tenth (0.10) of an hour basis.

ARTICLE 11. REST PERIODS

Employees shall be entitled to rest periods in accordance with the schedule contained herein, unless otherwise provided for in Appendices A through F. Rest periods shall be scheduled in accordance with the requirements of the department. Rest periods shall be considered as time worked. Employees required to work either before or beyond their regular tour of duty shall be granted a ten (10) minute rest period for each two (2) hours of such work.

Regularly Scheduled Tour of Duty	No. & Limit of Rest Period
After 3 hours and through 6 hours	One (1) 15 Minute Rest Period
After 6 hours and through 10 hours	Two (2) 15 Minute Rest Periods

ARTICLE 12. OVERTIME

(A) Policy: It is the policy of the City of Modesto to discourage overtime except when necessitated by abnormal or unanticipated workload situations. It is the responsibility of Department Directors to arrange for the accomplishment of workload under their jurisdiction within the normal tour of duty of employees. Each department shall keep complete and accurate records of all overtime earned in every pay period. The City has the right to require each employee to work overtime as necessary. To the extent possible and at the sole discretion of the Department Director, overtime will be distributed equitably among qualified employees within the department. Supervisors will not authorize an employee for overtime during the time when he/she is on a disciplinary suspension without pay.

(B) Definition: Overtime is defined as hours actually worked in excess of forty (40) hours in a workweek. Paid leave shall be considered as time actually worked for purposes of computing overtime. Overtime shall not affect leave accruals.

(C) Overtime Compensation: Any employee authorized by the Department Director or authorized representative to work overtime shall be compensated at premium rates, i.e. one and one-half (1-1/2) times the employee's regular hourly rate of pay. Upon an employee's request, overtime may be compensated as compensatory time off (CTO). CTO shall be credited at time and one-half. Overtime and CTO shall be recorded and used on a tenth (0.10) of an hour basis.

Each employee hired before September 27, 2005 will be paid, as part of the last paycheck received in September, December, March and June for all compensatory time over one hundred and sixty (160) hours. Each employee hired on or after September 27, 2005 will be paid, as part of the last paycheck received in September, December, March and June for all compensatory time over one hundred (100) hours.

Employees may request payment of compensatory time to be included as part of a regular paycheck so long as the request is for at least twenty (20) hours. Employees shall make this request to the Payroll Division of Finance at least fourteen (14) calendar days prior to payout. Compensating time off may be taken at the request of the employee and with the approval of the Department Director or designee. Compensating time off will be taken in straight time hours.

Prior to the promotion or reclassification of an employee, all compensating time off shall be taken or paid at the employee's then current regular rate of pay. Overtime compensation for Police Clerks and Community Service Officers assigned to the 6/3 schedule and Community Service Officers and Animal Control Officers assigned to the 4/11 schedule shall be paid pursuant to 29 C.F.R. Sec. 778.114 of the Fair Labor Standards Act regulations.

(D) Wash Time: A Department Director, with the concurrence of the affected employee, may arrange for that employee to take such time off at straight time.

(E) Meal Allowance: An employee required to work unscheduled overtime for four (4) or more consecutive hours beyond the scheduled shift on emergency work, or for four (4) or more consecutive hours of work when on Standby or Call-Back, shall be compensated ten dollars ($10.00) for a meal allowance during any twenty-four (24) hour period and shall be entitled to a thirty (30) minutes unpaid meal period for every additional four (4) hours worked. Only one (1) ten-dollar ($10) payment shall be made per shift, unless the employee works four (4) or more consecutive hours, is released from duty, and must return for four (4) or more hours in the same shift.

ARTICLE 13. STANDBY

(A) Definition: Employees, who are released from active duty but are required by the department to leave notice where they can be reached and be available to return to active duty when required by the department, shall be assigned to standby.

To be eligible for standby, an employee must be able to respond to the appropriate geographical location within the time set forth in this Article.

ID Technicians who utilize sick leave or other accrued leave for their own personal illness, or injury, shall be presumed to not be available and therefore not entitled to standby. However, employees have an obligation to report to their supervisor any changed availability as required by this Article, at the beginning of the workday or as soon as such change in availability is known, whichever comes first.

While on standby, an employee shall be free to use the time for his or her own purposes.

(B) Response Time: Standby requires that employees so assigned shall: (1) leave a telephone number where they can be reached or wear a communicating device; and (2) be able to respond to either the geographic center of the City or the employee's assigned work unit location to duty within a reasonable period of time, not to exceed sixty (60) minutes.

Exceptions to the sixty-minute (60) restriction may be made by a department director, based on the operating and staffing needs of the department.

(C) Compensation: Standby time shall not count as hours worked. Assigned personnel shall receive standby pay in the amount of two (2) hours pay on their workday and four (4) hours pay on the employee's days off and fixed City holidays.

ARTICLE 14. FATIGUED EMPLOYEES

Any employee required to work beyond their regularly scheduled shift and who feels too fatigued to satisfactorily complete their next duty shift, may request time off, to be charged to the employee's vacation, holiday CTO, or CTO balance. This additional approved time off shall not be recorded as an "unscheduled" leave.

ARTICLE 15. CALL BACK

When an employee returns to active duty at the request of the Department Director after said employee has been released from active duty, said employee shall be entitled to call-back compensation. Paid Call-Back shall begin when the employee departs for his/her duty assignment and shall end when the employee departs from the worksite.

(A) The following incidents are not considered call-back and are compensated on a time and one-half basis:

(1) Planned overtime for which the employee has received a minimum of twenty-four (24) hours advance notice;

(2) Overtime associated with assigned Standby as described in Article 13;

(3) Overtime which occurs as an extension of an employee's regular workday;

(4) When an employee begins work at the request of the Department within ninety (90) minutes prior to the scheduled start of his/her regular work shift.

(B) When on call-back, an employee receives the following compensation:

(1) Three (3) hours of straight time per call-back occurrence;

(2) In addition to the three (3) hours of straight time, overtime will be applied as paying time and one-half pay for actual time worked in excess of seventy-eight (78) minutes.

ARTICLE 16. COURT OVERTIME

(A) Overtime for appearance in court shall be compensated at time and one-half of the regular rate of pay for time spent in court if such appearance is set within two (2) hours time of the beginning or ending of a regular work shift.

(1) If set within two (2) hours time of the beginning of a regular work shift, overtime at time and one-half of their regular rate of pay will be compensated beginning with the appearance time and concluding at the beginning of the shift.

(2) If set within two (2) hours time of the ending of a regular work shift, overtime at time and one-half of their regular rate of pay will be compensated beginning with the shift ending time, and concluding with the completion of the court appearance.

(B) A minimum of one (1) hour at the employee's straight time rate shall be recorded when an employee has been subpoenaed for an appearance and is required to telephone the Court Liaison Officer during off duty hours prior to 12:00 p.m. to inquire whether the employee must appear. An additional one (1) hour as provided above shall be recorded if the employee is required to call back after 12:00 p.m. The Police Chief shall establish requirements for the times that employees must call the Court Liaison Officer. This call-in pay shall only be recorded if the employee is not required to appear in court during the morning or afternoon in which the call in was made.

(C) A court appearance outside of a regularly scheduled duty day shift shall be considered overtime and shall be compensated at time and one-half.

(1) On a duty day or day off, and outside of the two (2)-hour gap, a minimum of four (4) overtime hours shall be recorded for the first appearance on that day and for required court-related time at the Police Department immediately prior to or following an appearance. If, on such a day, a second court appearance is required, a separate minimum of four (4) overtime hours shall be recorded, provided that the second appearance is required to begin after the previous four

(4) hours minimum awarded that day is expired. When the second court appearance is required during the previous four (4) hour minimum, no additional pay shall be recorded until the previous four (4) hour minimum shall have expired, at which time hour for hour overtime shall resume.

(2) On a scheduled day off or vacation day, in order to be paid the minimums, the scheduled day or vacation day must be approved prior to the date that a subpoena is received.

(3) Employees who schedule leave utilizing vacation, holiday or compensatory time off for the same day that the employee previously was subpoenaed for a court appearance, shall be compensated as if the employee was not on vacation, but working the employee's regularly assigned shift in accordance with this Article.

(D) Employees who have been subpoenaed for a court appearance shall be required to verify that their presence is still needed by checking the calendar posted in the department at the end of their duty day the day before the scheduled appearance and by calling the recorder in the District Attorney's Office or at the Police Department the night before the scheduled appearance. This shall be an uncompensated call. If the scheduled appearance falls during an employee's weekend, the employee shall be required to check the posted calendar at the end of the employee's last duty day prior to the weekend. If either the calendar or the recorder indicates that the employee is not required to appear as shown on the subpoena, unless otherwise instructed to appear, the employee shall not receive any overtime pay.

(E) Employees who are called back to duty to appear in court while on suspension, sick leave, workers' compensation or leave without pay shall be paid at the straight time rate of pay for hours worked.

(F) Retirees who have received a subpoena through the course and scope of their employment are required to telephone the Court Liaison Officer prior to the court date to inquire whether the retiree must appear. A minimum of one (1) hour at the straight time pay rate shall be paid for this inquiry. An additional one (1) hour at the straight time pay rate shall be paid if the retiree is required to call back. The Police Chief shall establish a time that retirees must call the Court Liaison Officer. This compensation shall only be paid if the retiree is not required to appear in court. Retirees who are required to appear in court through the course and scope of their employment shall be paid a minimum of four (4) hours at the straight time pay rate for appearances before 12:00 PM. An additional minimum of four (4) hours at the straight time pay rate shall be paid for appearances after 1:00 PM.

A straight time pay rate is defined as the rate of pay the employee earned at the time of retirement.

ARTICLE 17. APPROVED WORK SCHEDULES

Current negotiated schedules include 5/2, 4/10, 9/80, 6/3, and modified 4/10. Police Community Service Officers within the Patrol Division and Police Animal Control Officers shall be assigned to the 4/11 work schedule.

A summary of the provisions of some of these schedules is set forth in Appendices (A) through (D).

The City has the right to implement any of the negotiated work schedules to meet the needs of the organization and the individual department. Prior to implementation, the City shall meet and confer with MPNSA on the impacts to specific employees. MPNSA and/or employees in a work unit may request consideration by the City of the implementation of any negotiated work schedule. The parties agree to meet within 120 days of ratification of this agreement by MPNSA and adoption by the City Council in order to discuss changes to the approved work schedules. Unless and until the parties reach an agreement, the current schedules shall remain in effect.

Regardless of assigned schedule, employees shall be assigned to work a sufficient number of workdays and/or be credited with holidays to normally equal a total of two hundred sixty (260) workdays of eight (8) hour periods per calendar year or two thousand eighty (2,080) hours, or a pro rata number thereof.

ARTICLE 18. JOB SHARING

The City will make reasonable accommodation for an employee in a regular position who desires to share his/her job with another qualified employee or eligible person. Jobs may be shared on an hourly or daily basis provided the combined total scheduled hours do not exceed more than eighty (80) hours per pay period.

An employee who works less than forty (40) hours per pay period shall not be eligible to receive any benefits for which the City pays an insurance premium or membership in the retirement system. Should both employees be scheduled for forty (40) hours each pay period, both employees shall assume responsibility for the payment of one-half (1/2) of the City's contribution towards insurance premiums, as well as their own, if any; provided, however, that one (1) employee may elect to waive coverage under the insurance program allowing the other employee to receive the full City contribution. All other benefits for job sharing employees shall be as provided in the appropriate Article on a pro-rated basis based upon a total eighty (80)-hour pay period.

Each employee shall be notified in writing by the Department Director at the time of appointment to a job share position. The notification will clearly define the benefits to which each employee is entitled. Work schedules for job sharers shall be approved in advance by the Department Director with a minimum of one-week (1) notice for scheduled changes. In the event one (1) employee terminates, cancels participation or is on leave of absence, the remaining employee shall assume the position on a full-time basis until a replacement is available.

ARTICLE 19. SHIFT BIDDING & SPECIAL ASSIGNMENTS

(A) Squad and Shift Bidding for Patrol:

(1) Police Community Service Officers assigned to general police field duties within the Operations Division may bid for squad and shift assignments based on seniority. Shift assignments are four (4) consecutive calendar months. Seniority shall be by Badge number.

(2) Subject to the remaining provisions of this paragraph, CSOs assigned to the Operations Division may submit squad and shift bids during the months of November, March and July for the following four-month (4 month) period.

(3) Following six (6) consecutive assignments to the same shift, a CSO shall rotate off that shift by bidding for another shift assignment.

(4) Each employee's bid will contain the following information:

(a) Name
(b) Badge Number
(c) Notation of assignment to any specialized units
(d) First choice of shift
(e) Second choice of shift
(f) Third choice of shift
(g) First choice squad

(5) The Department must post a seniority list of employees no later than November 1st, March 1st and July 1st. Any objections to the posted seniority list shall be reported to the Operations Division Commander within ten (10) calendar days of the posting.

(6) All CSOs who have not successfully completed their initial probationary period prior to the posting of the seniority list may be exempted from the shift bidding process at the discretion of the Operations Division Commander.

(B) Squad and Shift Bidding for Records:

(1) Police Clerks assigned to Records Division may bid for squad and shift assignments based on seniority. Seniority shall be by date of hire.

(2) Subject to the remaining provisions of this paragraph, Police Clerks assigned to Records may submit squad and shift bids upon request in anticipation of reassignments. All records reassignments will be based on the shift bids during the months of December and June for the following six-month (6 month) period.

(3) Each employee's bid will contain the following information:

(a) Name
(b) Date of Hire
(c) Notation of prior assignment to any specialized units
(d) First choice of shift
(e) Second choice of shift
(f) Third choice of shift
(g) First choice of squad

(4) The Department must post a seniority list of employees each time a seniority bid occurs no later than December 1st, and June 1st. Any objections to the posted seniority list shall be reported to the Records Lieutenant within ten (10) calendar days of the posting.

(5) All Records Clerks who have not successfully completed their initial probationary period prior to the posting of the seniority list may be exempted from the shift bidding process at the discretion of the Records Lieutenant.

(C) Special Assignments:

(1) There shall be a five (5) consecutive year limit to special assignments. A special assignment is defined as any assignment that removes the employee from regular patrol duties as a Police Community Service Officer or from the seniority shift bidding process in Records as a Police Clerk. Absent exceptional circumstances, employees who have completed five (5) consecutive years in special assignments must perform at least twelve (12) months of regular patrol duty or duty in Records before being assigned to another special assignment.

(2) In the event an employee has fulfilled the maximum term limit and must vacate a special assignment and the department has not received any interest from a qualified applicant, the incumbent may, with approval of the Police Chief, extend the assignment one (1) year. However, if the department receives interest from a qualified applicant during the one (1) year extension, the incumbent must vacate the special assignment at the end of the one (1) year extension in order to fill the position with an applicant. The one (1) year extension may be repeated if the preceding conditions persist.

(3) Special assignments and terms are set forth in General Order 2.14, Specialized and Collateral Assignments.

(4) At the effective date of this provision, any employee who already occupies a special assignment shall have their total consecutive special assignment time served to date counted towards their maximum allowable limits.

(5) Notwithstanding this special assignment provision, the Chief of Police ultimately has the discretion to determine the length and terms of any assignment based on the needs of the department.

(D) Management Rights:

(1) Nothing contained herein shall limit the discretion of the employer to determine the number of employees to be assigned to each area, shift, Bureau, Division, Unit or specialized position, or the discretion of the employer to assign and transfer employees to meet the operating requirements of the Department, including temporary hardship needs of an employee.

(2) The bid system shall not supersede Management Rights as stated in Article 2 of this Memorandum, nor shall it infringe upon any of the Management Rights contained therein. Specifically, Management retains the right to assign and transfer employees.

(3) The Department Director is the final authority in assigning personnel and such decisions shall not be subject to the grievance procedure, arbitration or considered as discipline.

(4) All other administrative policies and procedures shall be as contained in the Personnel Rules and Personnel Administrative Orders.

ARTICLE 20. LICENSES, CERTIFICATES

Whenever an employee is required to obtain a certificate or license in order to carry out the duties assigned, except a California Class C Driver's License, the City will pay for the certificate or license fee and the time required to attend any required class or exam to obtain or renew it shall be considered as regular duty time.

ARTICLE 21. SPECIALTY PAY

(A) Shift Pay: Employees who are regularly assigned to work swing shift which is defined as any shift beginning on or after 12 noon, shall receive a shift differential of $6 per shift for every regularly scheduled shift.

Employees who are regularly assigned to work graveyard shift which is defined as any shift beginning on or after 4:30 pm shall receive a shift differential of $8 per shift for every regularly scheduled shift.

Police Clerks regularly assigned to work a swing or graveyard shift shall receive the shift differential when working a double day.

No shift differential shall be paid to an employee working an overtime shift where the employee is receiving time and one half pay. An employee who works overtime on a short week at straight time shall receive the differential.

An employee who works all or part of a regularly scheduled swing or graveyard shift shall receive the full differential for that shift.

(B) Training Pay: Employees in this bargaining unit directed to train other employees in the Police Department shall receive five (5%) percent assignment pay for all hours worked as a trainer.

(C) CSO – ID Unit Pay: Community Service Officers assigned to the ID Unit shall receive an additional five (5%) percent in compensation.

(D) Bilingual Pay: Each Department Director shall, on an annual basis, determine the number of bilingual employees that are needed for oral translation purposes within their department. For purposes of this Article, bilingual is defined as Spanish, Southeast Asian language(s) common to this area, sign language or other languages deemed desirable by the Department Director.

Prior to January 1 annually, each department will provide to their employees a list of translation opportunities within the department. Employee participation in this effort is voluntary.

A review panel made up of three (3) experts (as determined by the department) will assess the qualifications of employees wishing to volunteer. Two (2) of the three (3) panel members must agree that the person is capable of bilingual translation.

Employees who pass the review panel and are needed in this capacity by the department shall receive $50.00 (fifty dollars) per pay period. Employees must agree to use their bilingual skills at the direction of the department for a minimum of one (1) year from the time the compensation begins, unless an unusual hardship is presented by the employee.

The Department Director may choose to eliminate the compensation if it is determined that the translation services are not being effectively delivered by the employee and/or the need is no longer present in a specific division. If more employees are deemed to be capable of bilingual translation than the need for these services, the Department Director may choose to rotate this duty between eligible employees.

If the Department Director identifies more opportunities for translation than there are employees certified, the Department and the Human Resources Department may establish a second notification for volunteers and a second review panel in July of that year.

An employee certified and receiving bilingual compensation shall cease receiving the pay after they have been out of the workplace for three (3) consecutive pay periods. The pay will not be granted beginning the first day of the following pay period. The pay will be resumed the first full pay period the employee returns to work.

(E) Pay Differentials: Pay differentials provided in paragraphs (A) through (E) herein shall be included in base pay for purposes of compensation for approved vacation and holiday leave, compensating time off and sick leave.

ARTICLE 22. ACTING PAY

(A) Acting Pay: Employees directed to work continuously in a vacant higher-level regular position and perform work at the higher level for more than one hundred and sixty (160) consecutive hours shall, subject to the other provisions of this paragraph, receive a salary rate increase to the higher level retroactive to the first hour of the higher level

assignment. Such increase shall be determined as if the assignment had been a promotion retroactive to the first day of such assignment. For purposes of this Article, a vacant position is defined as an authorized regular position that is unoccupied due to resignation, retirement or termination or due to the incumbent being on an extended leave of absence. Requests for higher compensation must be approved by the Director of Human Resources. Such requests may only be approved upon certification by the Department Director that the assigned employee meets the minimum training and experience guidelines and is assigned and held responsible to perform fully the full scope of duties normally associated with the higher-level position.

(B) Out-of Class Pay: Employees may request out-of-class pay. After review with the Department Director, the Director of Human Resources may authorize additional compensation up to ten (10%) percent pay differential for an employee working above their class, provided that the employee has been directed to perform significant assignments from a higher classification, or to perform higher duties and responsibilities, on a continuous basis in excess of one hundred twenty (120) consecutive hours. The decision of the Director of Human Resources to approve or disapprove such requests is final and binding and not subject to the Grievance Procedure.

(C) Duration of Assignment: Initially, an Acting Assignment or an Out-of-Class Assignment shall be limited to a term of twelve (12) consecutive months for any one employee. Requests to extend the assignment beyond twelve (12) months will require review and approval by the Department Director and the Director of Human Resources. If approved, the extension of the assignment shall be for a maximum of six (6) additional months. One (1) additional extension of six (6) months, beyond the first six (6) month extension, may be authorized with the approval of the City Manager or Deputy City Manager.

ARTICLE 23. UNIFORM ALLOWANCES

(A) Police: All Police Department employees who are required to wear uniforms shall do so in accordance with the Police Department's uniform and equipment regulation and receive uniform allowance as follows:

(1) Police Community Service Officers, Police Animal Control Officers and Police Identification Technicians shall receive a uniform allowance of ninety-four dollars ($94.00) per month paid on the last paycheck of the month.

(2) Police Evidence and Property Technicians shall receive a uniform allowance of eighty-one dollars ($81.00) per month paid on the last paycheck of the month.

(3) Police Clerks shall receive a uniform allowance of sixty-eight dollars ($68.00) per month paid on the last paycheck of the month.

(B) Fire: All Fire Department employees who are required to wear uniforms shall do so in accordance with the Fire Department Rules and Regulations and receive a uniform allowance as follows:

Deputy Fire Marshal and Fire Prevention Technicians I and II shall receive a uniform allowance of one hundred dollars ($100.00) per month. Newly hired employees shall receive an allowance prorated from the date of hire.

(C) Reimbursement for Damage: The City will reimburse employees for the cost of replacing or repairing damaged uniforms in accordance with Personnel Administrative Order 19.1-81-6.

(D) An employee hired into or promoted into a position requiring a uniform or different uniform will receive a uniform allowance advance equal to three months accrual. The advancement will be provided within twenty (20) days of hire. The employee will not receive a uniform allowance for the first three months of employment. If an employee leaves the department and is subsequently rehired, such advance allowance will be available provide the employee has been separated from city service for more than twelve (12) months.

ARTICLE 24. VACATION

The following vacation accrual rates shall be established for regular employees:

Annual Vacation Accrual Rate	Years of Service
80 hours	0-5
120 hours	6
128 hours	7
136 hours	8
144 hours	9
152 hours	10
160 hours	11
164 hours	12
168 hours	13
172 hours	14
176 hours	15
180 hours	16
184 hours	17
188 hours	18
192 hours	19
196 hours	20
200 hours	21 or more

Employees may not accrue vacation time in excess of twice their annual vacation accrual rate; provided that no employee shall lose vacation time to meet the needs of the service.

The following rules and regulations are established for the administration of vacation benefits:

(A) All vacation leave must be approved by the Department Director or designated representative.

(B) Employees in regular positions shall accrue, on a pro-rated basis, vacation leave for completed pay periods. Such vacation leave shall be available for use on the first day following the pay period in which it is earned. Employees in regular positions budgeted less than eighty (80) hours per pay period or job shared positions shall receive vacation leave accumulation on a pro-rated basis.

(C) Vacation leave shall be compensated at the employee's regular hourly rate of pay.

(D) An employee about to retire, or who is to be laid off, may utilize their accrual prior to the effective date of any such retirement or layoff. In-lieu of such vacation, the employee may elect a lump sum payment for accrued vacation time. All other employees shall be paid at their regular rate of pay for all hours accrued at time of separation from the City.

(E) Employees may use up to three (3) days of their accrued vacation in any one fiscal year for emergency leave provided they notify the department authority prior to the start of the working day that the employee would be absent. An employee must provide written documentation of the emergency that is defined as an unforeseen urgent matter or situation out of the employee's control that requires immediate leave or could result in serious negative consequences if not attended to.

(F) If, due to operational needs of the City, an employee is denied the ability to take sufficient vacation to remain under his/her cap, the employee may seek City Manager approval to exceed the maximum cap for a time period to be specified by the City Manager.

(G) Vacation leave hours will accrue in tenths of an hour. Each year, during the last pay period ending in June, payroll will adjust vacation accruals in order to ensure that employee accruals are consistent with the above-listed annual accrual rates.

(H) Negative Vacation:

Employees shall not be permitted to take vacation in advance of accrual, except in cases of extreme hardship or extenuating circumstances, as determined by the City Manager or designee. Use of vacation in advance of accrual shall not be authorized if the employee has other applicable leave time available. Any request for use of vacation in advance of accrual shall include a method and timeline for offsetting the negative vacation balance, as well as authorization from the employee for the City to recover any negative balance still owed to the City upon the employee's separation from service. Such recovery shall be first from the employee's final paycheck and then by either personal payment from employee or by a withdrawal from the employee's deferred compensation account.

(I) Same Day/Next Day Time Off Request (Non-Sick Leave):

If an employee requests time off (e.g. Vacation, CTO, etc) and the supervisor grants approval *after* determining there is minimal impact to workload, departmental coverage or the overall operation; the employee will not be charged for an unscheduled absence regardless of the timing of the request. Approval for such time will be granted based on the discretion of the supervisor and needs of the operation at the time of the request.

(J) Vacation Bidding:

Seniority will be used to determine vacation schedules for those submitted requests by January 31 of each calendar year. Management will respond to the requests by February 28 of each calendar year. If multiple requests are submitted prior to this date, the requests shall be prioritized. A maximum of three (3) vacation time period requests shall be prioritized per employee. All first priority requests shall be considered in order of seniority prior to any second priority requests. All second priority requests shall be considered in order of seniority prior to any third party requests. After January 31, vacations for the remainder of the calendar year will be determined on a first-come, first served basis.

(K) Special Leave in FY2014-15:

Upon ratification of a successor MOU by MPNSA and adoption by the City Council employees in the MPNSA bargaining unit shall be credited with twenty-four (24) hours of special leave for use during FY2014-15. This special leave shall be subject to the same restrictions as vacation leave. If an employee does not use his or her special leave on or before June 30, 2015, any remaining special leave balance shall be cashed out effective July 1, 2015 and paid to the employee in the paycheck for the pay period ending July 13, 2015. This special leave provision shall sunset on June 30, 2015 and employees shall not be entitled to receive any additional special leave pursuant to this subsection during the term of this MOU.

Employees who become members of the bargaining unit after ratification of this MOU by MPNSA and adoption by the City Council shall receive a pro-rated amount of special leave based on their time of service during FY2014/15 (i.e. an employee with six months of service in the bargaining unit during FY2014/15 will receive 12 hours of special leave under this subsection).

ARTICLE 25. HOLIDAYS

(A) (i) Fixed Holidays: All employees in regular positions, except those employees assigned to a 6/3, 4/11 or a modified 4/10 schedule shall be entitled to the following fixed holidays:

New Year's Day	Martin Luther King, Jr. Day
Presidents' Day	Memorial Day
Independence Day	Labor Day
Veterans' Day	Thanksgiving Day

Day after Thanksgiving Day Christmas Day

The first pay period of January of each year, employees assigned to the 4/11 or modified 4/10 schedule shall be credited with eighty-eight (88) hours of accrued holiday time. Holiday leave shall be reduced by eighty-eight (88) as required by the modified 4/10 schedule for a net of zero (0) hours or reduced by twenty (20) hours as required by the 4/11 schedule, for a net of sixty-eight (68) hours. See Appendix. Employees assigned to the 4/11 or modified 4/10 schedule are not entitled to any additional compensation when the holiday falls on their regular workday. For employees on a 4/11 schedule, the remaining sixty-eight (68) hours of holiday time in the employee's regular holiday account shall be taken as time off, or shall be forfeited at the end of each calendar year. (The end of the calendar year is defined as the pay period in which January 1 falls). If an employee enters into or leaves a 4/11 or modified 4/10 schedule, the employees holiday hours shall be adjusted to reflect the schedule change.

At the sole discretion of the Police Chief, a probationary Police Community Service Officer assigned to Field Training may be required to cash out all, or a portion, of their holiday time. The Police Chief shall determine the number of hours to be cashed out based on the timing and duration of the Field Training assignment and the needs of the Police Department.

(ii) Additional Holidays for FY2014-15 and FY2015-16

The City shall provide employees with 3 additional holidays for FY 2014/2015. The additional holidays are the day before Christmas (December 24, 2014), the day after Christmas (December 26, 2014) and January 2, 2015. This holiday leave is non-precedent setting.

The City shall provide employees with 3 additional holidays for FY2015/2016. The dates on which the additional holidays in FY2015-16 will be observed shall be determined by the City and will occur between December 22, 2015 and January 4, 2016. This holiday leave is non-precedent setting.

Employees scheduled to work during either of these holiday closure periods shall be granted equivalent holiday leave hours that must be used during the fiscal year for which the leave was allotted.

(B) Floating Holiday: Employees in regular positions shall be entitled to a total of eight (8) hours on a 5/2 or 6/3 schedule, nine (9) hours for a 9/80, ten (10) hours for a 4/10 schedule, eleven (11) hours for a 4/11 schedule floating holiday time provided that the employee is on the payroll during the entire pay period in which such floating holiday time is to accrue. "Entire pay period" shall mean that an employee must have been hired prior to, or at the start of, the pay period and not have separated prior to the end of the pay period and was paid for at least one-half (1/2) of the scheduled hours. Floating holiday time shall be accrued during the pay period in which January 1 falls.

(C) Floating holidays accrued shall be available for use the first day following the pay period in which they are accrued, with the approval of the Department Director.

(D) Job Sharing: Employees in regular positions budgeted less than eighty (80) hours per period or job-shared positions shall receive fixed and floating holiday accruals on a pro-rata basis.

(E) If a fixed holiday falls on an employee's regularly scheduled workday, the employee shall be entitled to a total of eight (8), nine (9), ten (10) hours (a full work shift) of holiday time off depending on their current work schedule. Employees on a modified 4-10 or 4-11 shall receive holiday compensation as defined in the shift agreement.

(F) If a fixed holiday falls on a Saturday, the preceding Friday will be observed as the fixed holiday. If a fixed holiday falls on a Sunday, the succeeding Monday will be observed as the fixed holiday.

(G) If a fixed holiday falls on an employee's regularly scheduled day off, the full time employee shall be entitled to a total of eight (8) hours of holiday compensatory time.

(H) Employees working on fixed holidays shall be compensated at time and one-half for time actually worked; irrespective of hours actually worked in this workweek. In no event shall such an employee be compensated for working a fixed holiday in excess of one and one-half (1-1/2) times the employee's regular hourly rate of pay plus hour-for-hour holiday compensatory time except as provided in Article 12 (c).

(I) Whenever a regular employee is required to work on a fixed holiday, which falls within the employee's regularly scheduled work week, the employee shall accrue, on an hour-for-hour basis, up to a total of regularly scheduled hours (eight (8), nine (9) or ten 10), holiday compensatory time.

(J) Whenever a regular employee is required to work on a fixed holiday which falls on a regular day off, the employee shall accrue on an hour-for-hour basis up to a total of eight (8) hours of holiday compensatory time irrespective of employee's normal work schedule (4/10 or 9/80,).

(K) Employees on leave without pay the last scheduled workday before and the first scheduled workday after a fixed holiday shall not receive holiday pay.

(L) Holiday time may be accrued up to a maximum of forty (40) hours. When the employee reaches the forty (40) hour maximum, additional holiday time worked shall be compensated in cash at straight time rates. Upon termination or retirement, employees shall be compensated for any unused accrued holiday time at the then current regular hourly rate of pay.

(M) Employees may request cash-out of up to forty (40) hours of their grandfathered holiday time annually during the pay period in which November 1 falls. This cash-out is at the employee's current regular hourly rate of pay.

ARTICLE 26. SICK LEAVE

(A) Definition: Sick leave with pay is an insurance program provided by the City for employees in regular positions to be granted in circumstances of adversity to promote the health of the individual employee. Sick leave is defined to mean the authorized absence from duty of an employee because of physical or mental illness, injury, pregnancy, confirmed exposure to a serious contagious disease or for a medical, optical or dental appointment. Sick leave shall not be used for any injury arising out of, or incurred in, connection with outside employment.

(B) Kin Care: In compliance with California law, a maximum of one-half (1/2) of an employee's annual calendar year sick leave accrual (forty-eight (48) hours) may be used to care for, or obtain care for, an employee's child, including stepchildren and foster children, parent, spouse, registered domestic partner or the child of a registered domestic partner who is ill. Employees should provide as much advance notice as reasonably possible to the City of the planned absence.

A maximum of twenty-four (24) hours accrued sick leave may be used to care for, or obtain care for, members of the employee's immediate family who require the attention of the employee. Immediate family includes a sister, brother, mother-in-law, father-in-law, grandparent and foster parent of the employee who is ill.

(C) Accumulation: Employees shall accrue sick leave for each payroll period completed, prorated on the basis of ninety-six (96) hours per year. Sick leave hours will accrue in tenths of an hour. Each year, during the last pay period ending in June, payroll will adjust sick leave accruals in order to ensure that employee accruals are consistent with the applicable annual accrual rate.

Sick leave shall be available for use on the first day following the pay period in which it is earned, provided the employee has completed four hundred eighty hours (480) of service from the employee's hire date.

Employees in regular positions budgeted less than eighty (80) hours per pay period or job-shared positions shall receive sick leave accumulation on a pro-rata basis. Sick leave shall be accumulative up to a maximum of two thousand one hundred (2,100) hours. Sick leave shall not accrue when an employee is absent for more than forty (40) hours in any pay period while on any leave other than holiday, vacation, CTO, bereavement, jury duty or temporary military leave.

(D) Compensation: Sick leave shall be compensated at the employee's regular hourly rate of pay. When an employee is transferred from one department to another, the transfer shall have no effect on the employee's sick leave accruals.

(E) ~~(D)~~ Administration:

(1) It shall be the responsibility and duty of each Department Director or his/her designee to validate each request for sick leave and to allow sick leave with pay where the application is determined to be proper and fitting.

(2) Notice of Sickness: In twenty-four (24) hour departments, the Department Director or designee must be notified at least two (2) hours prior to the start of the employee's scheduled tour of duty of a sickness on the first day of absence. In other departments, the Department Director or designee must be notified not later than the start of the employee's scheduled tour of duty of a sickness on the first day of absence. It is the responsibility of the employee to keep the Department Director or designee informed as to continued absence beyond the first day for reasons due to sickness or occupational disability. Failure to make such notification may result in denial of sick leave with pay.

(3) Review: The Director of Human Resources may review and determine the justification of any request for sick leave with pay and may, in the interest of the City, require a medical report by a doctor to support a claim for sick leave pay.

(4) Proof: A doctor's certificate or other adequate proof shall be provided by the employee in all cases of absence due to illness of three (3) consecutive days or more, when requested by the Department Director. The Department Director may require a doctor's certificate for absences of less than three (3) consecutive days for employees who have received a Corrective Interview Memorandum (CIM) for attendance.

(5) Improper Use: Evidence substantiating the use of sick leave for willful injury, gross negligence, intemperance, trivial indisposition, instances of misrepresentation or violation of the rules defined herein may result in denial of sick leave with pay or disciplinary action.

(F) Coordination of Benefits: Employees shall be entitled to coordinate fully their sick leave benefits with their Workers' Compensation benefits.

(G) Sick Leave Cash-out: Employees who leave City employment in good standing after five (5) years of continuous service (other than retirement), shall be paid at time termination for twenty-five percent (25%) of the employee's unused grandfathered sick leave bank at the employee's then current regular rate of pay. There is no cash value to regular sick leave bank.

(H) Usage. When taking sick leave, employees with grandfathered sick leave conversion banks shall utilize sick leave hours accrued on or after October 8, 2013 before utilizing hours from the grandfathered bank. Employees who utilized sick leave hours from their grandfathered sick leave bank between January 1, 2014 and June 17, 2014 shall be entitled to have up to an equivalent number of sick leave hours transferred from their regular sick leave banks to their grandfathered sick leave banks. This transfer will take effect during the first full pay period following ratification of this MOU by MPNSA and adoption by the City Council. In no event shall the hours transferred from an employee's regular sick leave bank to his or her

grandfathered sick leave bank under this subsection exceed such employee's actual regular sick leave balance at the time of the transfer.

(l) Retirement: For Employees hired before January 1, 2011

1. Employees hired before January 1, 2011 and who retire from the City between October 8, 2013 and December 31, 2014, after five (5) years of continuous service in good standing may, on a one time basis, exercise the option to have ninety (90%) percent of their unused grandfathered sick leave, up to two thousand (2,000) hours, applied by the City upon retirement to premiums for health insurance plans covered by the City. Said insurance contribution shall be provided in an amount up to a monthly rate of $621 for retiree without dependents and up to $1,100 for retirees with dependent coverage.

2. Employees hired before January 1, 2011 and who retire from the City on or after January 1, 2015, after five (5) years of continuous service in good standing may, on a one time basis, exercise the option to have ninety (90%) percent of their unused grandfathered sick leave, converted to the Retiree Medical Program based on the amounts described in Article 33 - Retiree Health (retired on or after January 1, 2015). Employees who retiree on or after September 23, 2014 are no longer eligible for the City's medical insurance plans.

3. In the event of death of the retried employee, the employee's spouse, registered domestic partner or dependents shall remain eligible to receive this benefit.

4. For employees who were hired before January 1, 2011 and who retire on or before December 31, 2014, if after the ninety (90%) conversion, a retiring employee has less than four hundred sixteen (416) hours, accrued vacation leave may be applied to the sick leave account, provided that the total number of hours of sick leave (at a ninety (90%) percent conversion) and vacation does not exceed four hundred sixteen (416) hours. Employees who retire on or after January 1, 2015, regardless of hire date, shall not be eligible to convert any accrued vacation time to sick leave.

ARTICLE 27. CATASTROPHIC LEAVE

Employees in regular positions shall be eligible to participate in the catastrophic leave program. To be eligible, an employee must provide written medical verification of a long-term illness or injury, or have a member of the employee's immediate family with a long-term illness or injury which results in the employee being requested to take time off from work to care for that family member. The employee must have exhausted all accrued leave and CTO, or soon will have exhausted all such leave, resulting in the employee being in a no-pay status. Employees who are receiving long-term disability benefits are not eligible for catastrophic leave. Catastrophic leave shall be coordinated with Family Leave with respect to City payment of insurance contributions.

When a Department Director has determined that an employee would benefit from the establishment of a leave bank and has approved an employee's request for a leave bank, the Department Director will notify the Human Resources Department requesting the establishment of a leave bank in the employee's name. The Department Director will be responsible for notifying City employees of the need for donations. The Department Director will take necessary actions to help ensure that individual employee decisions to donate or not donate to a leave bank are kept confidential and that employees are not pressured to participate. **ALL DONATIONS SHALL REMAIN CONFIDENTIAL.**

The maximum time that may be initially donated into an employee's leave bank account is one thousand forty (1,040) hours. To be eligible to receive more than the original one thousand forty (1,040) hour limit, there must be a favorable prognosis for recovery and a predictable date of return to work.

An employee may donate vacation, holiday and up to forty (40) hours of sick leave in increments of four (4) hours to a specific employee for which a leave bank has been created. Employees may donate leave only if their own total accrued leave balance(s) remains in excess of one hundred sixty eight (168) hours. Employees must advise the Human Resources Department of the maximum hours they wish to donate. Donated hours shall be credited to the leave bank of the affected employee as sick leave on an as-needed basis. Once the authorized hours are credited to the leave bank of the affected employee, then the donation of leave hours is irreversible. When employees are utilizing leave bank hours, they will not accrue any leave time.

Employees wishing to donate time shall complete and submit the required form to the Human Resources Department. After review, the form will be forwarded to the Finance Department for payroll action and adjustment to donor and recipient's paid leave balance. In no event shall donated time have the effect of altering the employment rights of the City or the recipient employee, nor shall it extend or alter the limitations otherwise applicable to leaves of absence or sick leave. The City reserves the right to modify or terminate an established leave bank program, as it deems necessary.

ARTICLE 28. BEREAVEMENT LEAVE

Employees in regular positions shall be entitled to three (3) days of paid leave regardless of work schedule which may be used per occurrence for bereavement due to the death of persons in the immediate family defined as a spouse, registered domestic partner, son, daughter, mother, father, sister, brother, mother-in-law, father-in-law, grandparent, grandchild, stepson, stepdaughter, child of a registered domestic partner, person over which the employee has legal guardianship, person who stood in loco parentis, foster child, and foster parent of the employee or any relative living with the employee.

In addition, a maximum of two (2) days of accrued sick leave regardless of work schedule may be used per occurrence for bereavement due to the death of persons in the immediate family or any relative living with the employee upon approval by the Department head. In extraordinary situations, use of additional sick leave may be approved by the City Manager.

ARTICLE 29. LEAVES OF ABSENCE

(A) Family and Medical Leave. The City shall comply with the Family and Medical Leave Act (FMLA) and the California Family Rights Act (CFRA), herein collectively referred to as "FMLA/CFRA." The City is a covered employer within the meaning of the FMLA and CFRA.

(1) Eligible Employee. As provided under the FMLA and the CFRA, an employee is eligible for FMLA/CFRA leave if he or she is employed by the City for at least 12 months and performed at least 1,250 hours of service during the 12-month period immediately preceding the commencement of the leave. The 12 months an employee must have been employed need not be consecutive. If the employee is maintained on the payroll for any part of a week, including any periods of paid or unpaid leave during which other benefits or compensation are provided by the employer, the week counts as a week of employment.

(2) Qualifying Leave. As provided under the FMLA and the CFRA, FMLA/CFRA leave is permitted for:

(a) The birth of a child of an employee, and to care for a newborn;
(b) The placement of a child with an employee in connection with the adoption or foster care of a child by an employee;
(c) Leave to care for a child, parent, or spouse who has a serious health condition; and
(d) Leave because of a serious health condition that makes the employee unable to perform the essential functions of his or her usual and customary position.
(e) The serious health injury or illness of a covered service member if you are the spouse, son or daughter, parent, or next of kin of that covered service member.

(3) Duration of Leave. As provided under the FMLA and the CFRA, an eligible employee is entitled to a total of 12 workweeks of leave during any 12-month period. An employee's entitlement to leave for the birth or placement of a child for adoption or foster care expires one year after the birth or placement. Thus, such leave must be concluded within one year following the child's birth or placement. There is no minimum amount of leave that must be taken.

(4) Computing the 12-month Period. The City computes the 12-month period described in Section (A), subpart 3, above, on a 12-month period measured forward from the first date designated leave is used. This method shall be applied consistently and uniformly to all City employees.

(5) Intermittent Leave or Leave on a Reduced Schedule. Leave may be taken intermittently or on a reduced schedule. Intermittent leave is leave taken in separate blocks of time due to a single qualifying reason, rather than for one continuous period of time. A reduced leave schedule means a schedule that reduces the employee's usual number of hours per workweek or workday, usually from full-time to part-time. For intermittent leave or leave on a reduced

schedule, only the amount of leave actually taken may be counted toward the 12 weeks of leave to which an eligible employee is entitled.

(6) Pay While on Leave. The employee may use accrued leave or the employer may require an employee to use accrued leave. The City shall not require an employee to use accrued leave if use of leave jeopardizes a short or long term disability benefit. An employee with a planned vacation or other absence may retain up to two weeks of paid vacation or other leave.

(7) Advance Notice. The employee should notify his or her supervisor, or the City's Human Resources Department, as soon as FMLA/CFRA leave is foreseeable.

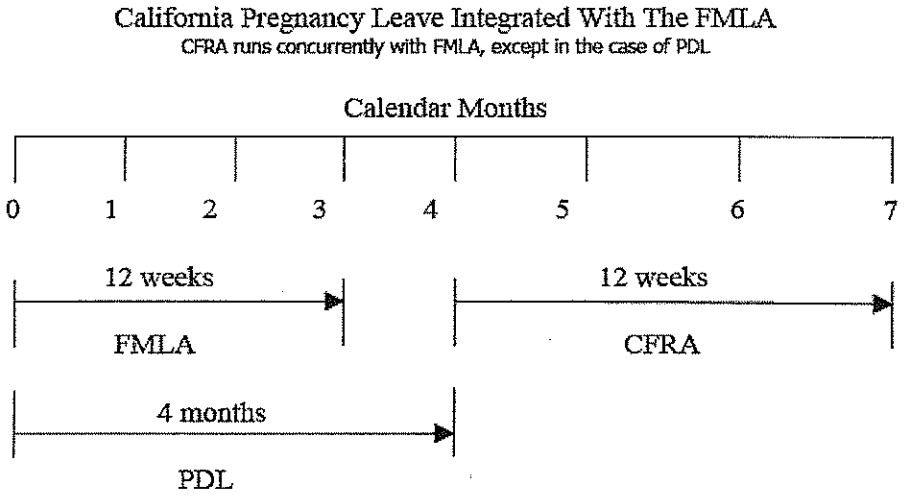
(8) Medical Certification. At reasonable intervals, the City may request the employee provide a medical certification or recertification within 30 days to support the request for initial or continuing FMLA/CFRA leave, which includes: whether the child, parent, spouse, or employee suffers from a serious health condition; the probable duration of the medical condition; and the regimen of treatment to be prescribed. The certification or recertification should contain enough information to satisfy these requirements without revealing confidential health information unnecessary to determining whether the leave is FMLA/ CFRA qualifying. If the employee submits a complete certification or recertification signed by a healthcare provider, the City may not require additional information from the employee's healthcare provider. However, with the employee's advance permission a healthcare provider representing the City may contact the certifying healthcare provider to clarify and authenticate the medical certification or recertification.

(9) Confidential Medical Information. The City's healthcare provider shall not disclose to the City any confidential medical information and shall only:

(a) Clarify the medical certification or recertification;
(b) Authenticate the medical certification or recertification; and
(c) Describe any functional limitations of the employee that may entitle him or her to leave from work for medical reasons or limit the employee's fitness to perform his or her present employment, provided that no statement of medical cause is included in the information disclosed.

(10) Notice of FMLA Qualifying Leave. The City shall notify the employee in advance of return if any paid or unpaid leave is requested and will run concurrently with the employee's 12-week FMLA entitlement.

(11) Concurrent / Integrated Leave. As illustrated below, FMLA leave will run concurrently with Pregnancy Disability Leave (PDL). CFRA leave will commence following the conclusion or exhaustion of PDL.



(12) Unscheduled Absences. When an unscheduled absence related to FMLA leave or CFRA leave occurs, the supervisor may not take any action against the employee if the employee, within a reasonable time after the absence, provides medical certification as described in this Section above.

(B) Pregnancy Disability Leave (PDL). As provided under California law, the City shall provide up to four months Pregnancy Disability Leave (PDL) for any full-time or part-time City female employee who is disabled due to pregnancy, childbirth, or a related medical condition (e.g. prenatal care, severe morning sickness, doctor-ordered bed rest, childbirth, recovery from childbirth, etc.) regardless of the length of time she has worked for the City. It is the medical opinion of the woman's physician or health care provider that determines whether she is disabled by pregnancy or a related medical condition. PDL may be intermittent, periodic, or on a reduced work schedule. Following PDL, an employee is entitled to an additional 12 weeks of non-concurrent CFRA leave if she meets eligibility requirements for CFRA leave (illustrated above). When an unscheduled absence related to PDL occurs, the supervisor may not take any action against the employee if she notifies the supervisor promptly.

(C) Military Leave. Any employee who is granted a military leave of absence to serve in the Armed Forces of the United States shall have his/her seniority as far as salary steps are concerned continued as if the person had remained on the City payroll. The person shall be reinstated from the military leave of absence at the same step in the salary range that s/he would have been eligible to receive had s/he not been granted the military leave of absence. Military leaves of absence will be governed by the provisions of the Military and Veterans Code of the State of California, Section 395 et seq., or any successor statute. When an unscheduled absence related to military leave occurs, the supervisor may not take any action against the employee if the employee, within 72 hours of receipt of documentation, provides documentation from the military verifying the date and time of the employee's military service. The City does not provide pay to employees for inactive duty.

(D) Jury Duty Leave. When an employee is summoned to jury duty he or she shall promptly inform his or her supervisor and, if required to serve, may be absent from

duty without loss of salary while rendering such service (including travel time). Jury fees received by an employee, if any, shall be remitted to the City, exclusive of any meal and/or travel reimbursements. When an absence related to jury duty leave occurs, the supervisor may not take any action against the employee if the employee notifies the supervisor promptly following the employee's knowledge of the jury service and provides the supervisor with documentation from the court verifying the date and time of the employee's jury service.

(E) Court Leave. When an employee is subpoenaed or summoned to appear before any court, arbitrator, or tribunal, the employee shall promptly inform his or her supervisor and may be absent from duty without loss of salary while so appearing (including travel time), except when the employee is a plaintiff against the City or testifying on behalf of a claimant against the City based on knowledge of, or activities that occurred, outside the course and scope of his/her job. Witness fees actually received by the employee, if any, shall be remitted to the City, exclusive of any meal and/or travel reimbursements. When an unscheduled absence related to court leave occurs, the supervisor may not take any action against the employee if the employee notifies the supervisor promptly following the employee's knowledge of need for leave and provides the supervisor with documentation from the court, arbitrator, tribunal, or attorney issuing the summons or subpoena verifying the date and time the employee appeared.

(F) Compulsory Leave.

(1) If the City reasonably believes an employee is medically incapable of performing the essential functions of his or her usual and customary occupation, the City may place the employee on paid compulsory leave and require the employee to undergo a fitness-for-duty medical evaluation at City expense by a physician or other qualified healthcare professional, subject to the following conditions:

(a) Time spent attending the fitness-for-duty medical examination (including travel time) shall be considered hours worked;

(b) The City's healthcare provider shall not disclose to the City any confidential medical information and shall only describe any functional limitations of the employee that may entitle him or her to leave from work for medical reasons or limit the employee's fitness to perform his or her present employment, provided that no statement of medical cause is included in the information disclosed;

(c) Neither the City nor its healthcare provider shall be permitted to require the employee sign an authorization for release of confidential medical information to the City;

(d) Neither the City nor its healthcare provider shall order the employee to undergo any particular medical treatment as a condition of continued employment;

(e) Time spent on compulsory leave shall not be considered or designated FMLA or CFRA qualifying leave for the purposes of employee's 12-week FMLA entitlement; and

(f) The employee shall have a reasonable time to review the fitness-for-duty medical report of the City's healthcare provider and shall thereafter have an opportunity to rebut or supplement it, at the employee's expense, with a second opinion report of the employee's own physician or other qualified healthcare provider.

(2) Following review of the fitness-for-duty medical reports, if the City verifies the employee is medically incapable of performing the essential functions of his or her usual and customary occupation the City may offer the employee temporary or permanent employment, if available, within the limits of the employee's medical restrictions or compel the employee to take a leave of absence until the employee's medical condition improves.

(3) Following review of the fitness-for-duty medical reports, if the City verifies the employee is medically fit for duty the employee shall be returned to work without loss of pay or benefits and made whole.

(G) Administrative Leave. The City may order an employee off work without reduction in compensation and benefits.

(H) Parental Participation in Children's School Activities.

(1) A parent or guardian of a child or children enrolled in kindergarten through grade 12, or attending a licensed day care facility, may take up to 40 hours each year off work (not to exceed 8 hours in any calendar month) to participate in the activities of the school or licensed child day care facility. The employee should provide as much advance notice as reasonably possible to the City of the planned absence. The employee must use vacation, compensatory, or holiday leave. If requested, the employee must provide documentation from the school verifying the date and time the parent participated in school activities.

(2) A parent or guardian required by the school to attend a hearing regarding the suspension or expulsion of a child will be permitted to attend the meeting. The employee must provide advance notice and may use accrued vacation, compensatory, or holiday leave.

(3) When an unscheduled absence related to parental participation in children's school activities occurs, the supervisor may not take any action against the employee if the employee, within a reasonable time after the absence, provides documentation from the school verifying the date and time the parent participated in school activities or attended the suspension or expulsion hearing.

(I) Paid Release Time. As provided under Government Code section 3505.3, the City shall allow a reasonable number of MPNSA employee representatives reasonable

time off without loss of compensation or other benefits when formally meeting and conferring with representatives of the City on all matters relating to employment conditions and employer-employee relations, including, but not limited to, wages, hours, and other terms and conditions of employment. The employee should provide as much advance notice as reasonably possible to the City of the planned absence. When an unscheduled absence related to paid release time occurs, the supervisor may not take any action against the employee if the employee, within a reasonable time after the absence, provides a certification of the reason for the absence.

(J) Time Bank. Article 44 provides for time bank hours to be available for association business. Advance notice provisions apply to use of these hours, however, occasionally urgent matters will arise that do not permit the advance notice. MPNSA officers or directors may collectively utilize five unscheduled absences per year that will not be counted as an unscheduled absence.

(K) Leave for Victims of Domestic Violence or Sexual Assault.

(1) California state law required that employees who are the victims of domestic violence or sexual assault be given time off to provide for the health needs, safety, or welfare of themselves or their child. This includes, but is not limited to, time off for medical treatment, psychological counseling or other domestic or sexual assault victims' services, safety planning including relocation, or legal proceedings.

(2) It is unlawful to retaliate or discriminate in any way against an employee for exercising his or her rights under these laws. California state law also requires, to the extent allowed by law, that confidentiality be maintained regarding such leave.

(3) If possible, an employee should provide reasonable notice of time off requested under this Section by submitting a request to his or her supervisor, or the Human Resources Department. When an unscheduled absence related to domestic violence or sexual assault occurs, the supervisor may not take any action against the employee if the employee, within a reasonable time after the absence, provides certification of the reason for the absence. Sufficient certification can be any of the following:

(a) A police report indicating the employee was a victim of domestic violence or sexual assault;

(b) A court order protecting or separating the employee from the perpetrator of an act of domestic violence or sexual assault, or other evidence from the court or prosecuting attorney that the employee appeared in court;

(c) Documentation from a medical professional, domestic violence advocate or advocate for victims of sexual assault, healthcare provider or counselor that the employee was undergoing treatment for physical

or mental injuries or abuse resulting from victimization from an act of domestic violence or sexual assault.

(4) The employee may use unpaid leave, accrued vacation, compensatory or holiday leave.

(L) Victims of Crime. If an employee, an immediate family member, domestic partner, or the employee's domestic partner's child is a victim of a violent or serious felony as defined by the Penal Code or felony theft or embezzlement, the employee may take unpaid time off from work in order to attend judicial proceedings related to that crime.

When feasible, prior to taking time off, the employee must supply a copy of the notice of each scheduled proceeding provided to the victim. When advance notice is not feasible or an unscheduled absence occurs, the employee may, within a reasonable amount of time provide documentation evidencing the judicial proceeding from any of the following entities:

(1) The court or government agency setting the hearing;

(2) The district attorney or prosecuting attorney's office, or;

(3) The victim/witness office that is advocating on behalf of the victim.

If appropriate certification is provided within a reasonable time, the absence shall not be counted as an unscheduled absence. The employee may use accrued vacation, compensatory or holiday leave.

(M) Special Leaves of Absence. A special leave of absence without pay with right to return to classification for a period of not more than one (1) year may be granted to an employee who is:

(1) Medically incapacitated (including pregnancy) to perform the duties of the position.

(a) Prior to such approval, an employee must provide written medical verification of a long-term illness or injury to the City;

(b) The City shall comply with California Government Code, Section 21153 which provides: "Notwithstanding any other provision of law, an employer may not separate because of disability a member otherwise eligible to retire for disability but shall apply for disability retirement of any member believed to be disabled, unless the member waives the right to retire for disability and elects to withdraw contributions or to permit contributions to remain in the fund with rights to service retirement as provided in Section 20731";

(c) CalPERS regulations, which provide that as soon as it is believed the member is unable to perform the job because of an illness or injury

which is expected to be permanent or last longer than six (6) months, the member or someone on the member's behalf, should submit an application for disability retirement. The medical condition does not have to be "permanent and stationary."

(2) Desires to engage in a relevant course of study which will enhance the employee's value to the City; or

(3) For any reason considered appropriate by the Department Director and the Director of Human Resources.

(4) A request for a special leave of absence without pay must be in writing and requires the approval of the Department Director and the Director of Human Resources. An employee does not have to exhaust accumulated paid leave prior to requesting a leave of absence without pay.

(5) Except as otherwise provided in Article 32, Health, Dental & Vision, when an employee is on a special leave of absence without pay with or without right to return to his or her classification, the employee shall accrue no employee benefits and shall pay the full premium of their health and welfare program prorated on a daily basis, if coverage is continued by the employee. If health and welfare coverage is dropped during a special leave of absence without pay, the employee may be subject to restrictions imposed by the insurance carrier upon return. After a leave of absence with or without right to return of six (6) months or more, a qualifying medical examination, paid by the City, shall be necessary prior to reinstatement.

ARTICLE 30. RETIREMENT

The City shall contract with the Public Employee's Retirement System to provide for the following retirement benefits:

For employees hired prior to January 17, 2012, the pension benefit shall be:

(A) The City's contract with PERS provides for two (2%) percent at age fifty-five (55) retirement benefits and 1959 Survivor Benefit Level 3.

(B) Effective September 10, 2013 employees shall increase their portion of the employee contribution from four-tenths percent (0.4%) by six and six tenths percent (6.6%) for a total of seven percent (7%) employee contribution. Such payments shall be implemented pursuant to the provisions of Internal Revenue Code 414 (h) (2) providing for pre-tax employee contributions.

(C) The period for determining average salary for retirement benefits shall be the twelve (12) highest paid consecutive months.

(D) Specific procedures and policies governing the above shall be as in the Personnel Rules and Personnel Administrative Orders.

For employees hired on or after January 17, 2012, and before January 1, 2013 the pension benefit shall be:

(A) The City's contract with PERS provides for two (2%) percent at age sixty (60) retirement benefits and 1959 Survivor Benefit Level 3.

(B) Employees shall pay seven percent (7%) employee contribution. Such payments shall be implemented pursuant to the provisions of Internal Revenue Code 414 (h) (2) providing for pre-tax employee contributions.

(C) The period for determining average salary for retirement benefits shall be the thirty six (36) highest paid consecutive months.

(D) Specific procedures and policies governing the above shall be as in the Personnel Rules and Personnel Administrative Orders.

For employees hired on or after January 1, 2013 and considered a new member of CalPERS, the pension benefit shall be:

(A) PERS provides for two (2%) percent at age sixty-two (62) retirement benefits and 1959 Survivor Benefit Level 3.

(B) Employees shall pay 50% of the total normal cost of their pension benefit. Such payments shall be implemented pursuant to the provisions of Internal Revenue Code 414 (h) (2) providing for pre-tax employee contributions.

(E) The period for determining average salary for retirement benefits shall be the thirty six (36) highest paid consecutive months.

ARTICLE 31. DEFERRED COMPENSATION

The City shall continue to provide access to a deferred compensation program authorized by the City Council for the voluntary participation of City employees. In addition, the City shall match on behalf of a participating employee in a regular position one (1%) percent of an employee's regular rate of pay on a bi-weekly basis; provided, the employee is contributing at least one (1%) percent. For such employees who have been continuously employed by the City for fifteen (15) or more years, the City shall contribute two (2%) percent; provided the employee is contributing at least two (2%) percent. This increase in the City's contribution shall be effective with the first pay period to begin in the month following completion of fifteen (15) years of service, provided that the employee has completed any required documents.

At the time of retirement, employees may defer some, or all, of their final pay and leave cash-out entitlements. The amount placed into the employee's deferred compensation account may not exceed the then maximum IRS annual deferral. Deferrals must meet all applicable IRS regulations.

Employees contemplating such deferral must contact the City's Employee Benefits Coordinator to sign the appropriate documents at least thirty (30) calendar days before the date they plan to retire.

ARTICLE 32. HEALTH, DENTAL, VISION INSURANCE

All employees in regular positions budgeted for forty (40) hours or more per pay period shall be eligible to participate in the health, dental and vision programs authorized by the City.

The City agrees to make available the health, dental and vision benefits currently provided for employees represented by MPNSA or any other program(s) mutually agreed upon by the parties.

Employees may opt out of participation in the City's medical health plans if the employee provides proof of coverage under another medical health insurance. This option may only be exercised during the City's open enrollment period or within thirty (30) days of a qualifying "life change" event as defined by the IRS. Employees who opt out of participation shall continue to participate in the City dental and vision plans. No cash payments will be made in-lieu of health coverage, but deferred compensation contributions will be provided as designated below.

For new employees, eligibility for health, dental and vision insurance benefits shall start with the beginning of the payroll period following completion of four (4) full pay periods.

The City shall contribute the following amounts bi-weekly (based on twenty-four (24) pay periods) toward the combined total premium for health, dental and vision insurance plans; the employee is responsible for the balance of the premium cost, if any.

(A) The City's total contribution towards employees with family coverage (employee plus two or more dependents) shall be $550 bi-weekly ($1,100 monthly). This amount shall increase six hundred and seven dollars ($607) by weekly ($1,214 monthly), effective January 1, 2015.

The City's contribution for employees with family coverage shall not exceed the actual premium amount for the lowest cost HMO (including dental and vision) offered by the City, regardless of the health plan selected by the employee or the contribution amounts listed above. For employees enrolled in the City-sponsored High Deductible Health Plan, the City shall deposit any balance of the above contribution not needed to pay for the employee's combined premiums into the employee's Health Savings Account. Only in the event that an employee does not qualify for enrollment into a Health Savings Account, the City shall deposit any balance of the above contribution not needed to pay for the employee's combined premium into the employee's deferred compensation account.

(B) The City's total contribution towards employees with one dependent coverage shall be $550.00 bi-weekly ($1,100.00 monthly). This amount shall change to four hundred twenty nine ($429) bi-weekly ($858 monthly), effective January 1, 2015.

The City's contribution for employees with one dependent coverage shall not exceed the actual premium amount for the lowest cost HMO (including dental and vision) offered by the City, regardless of the health plan selected by the employee or the

contribution amounts listed above. For employees enrolled in the City-sponsored High Deductible Health Plan, the City shall deposit any balance of the above contribution not needed to pay for the employee's combined premiums into the employee's Health Savings Account. Only in the event that an employee does not qualify for enrollment into a Health Savings Account, the City shall deposit any balance of the above contribution not needed to pay for the employee's combined premium into the employee's deferred compensation account.

(C) The City's total contribution towards employees without dependent coverage shall be three hundred ten dollars and fifty cents ($310.50) bi-weekly ($621.00 monthly).

The City shall deposit to the employee's deferred compensation account any balance of the above contributions not needed to pay for the combined total premiums. For employees enrolled in the City-sponsored High Deductible Health Plan, the City shall deposit any balance of the above contribution not needed to pay for the employee's combined premiums, into the employee's Health Savings Account. Only in the event that an employee does not qualify for enrollment into a Health Savings Account, the City shall deposit any balance of the above contribution not needed to pay for the employee's combined premium into the employee's deferred compensation account.

(D) For employees who opt out of health coverage, the City shall pay $225.00 bi-weekly ($450.00 monthly). For employees who opt out of medical health coverage, the City shall deposit to the employee's deferred compensation account an amount equal to the remaining balance of the above contributions, if any, not needed to pay for the dental and vision premium.

Employees in regular positions budgeted less than eighty (80) hours per pay period or in job-shared positions, shall receive premium contributions on a pro-rated basis.

Except as otherwise required by law or this Memorandum, employees on leave without pay in excess of forty (40) hours in a pay period shall not receive a contribution from the City towards premium payment and coverage shall cease, unless the premium is paid by the employee. Employees on leave without pay who return to work shall have their health, dental, and vision insurance benefits reinstated on the first day of the pay period following the employee's return to work.

Employees receiving Workers' Compensation temporary disability payments through payroll shall continue to receive the City contribution towards health, dental and vision benefits.

The City shall continue an IRS Section 125 program for pre-tax deductions for the employee share of health, dental and vision insurance premiums for un-reimbursed health, dental and vision expenses and dependent care costs.

The City agrees to provide the benefits described in this Article subject to carrier requirements. Selection of the insurance provider(s) shall be within the sole discretion of the City.

The City's health plan year is January through December with open enrollment occurring during the month of October.

After August 1, 2015, the MPNSA may reopen this Article 32 to discuss the City's contributions towards employee healthcare costs for plan year 2016. This provision shall sunset at the expiration of this contract.

ARTICLE 33. RETIREE HEALTH INSURANCE

(A) Eligible Employees hired before January 1, 2011 who retire from the City between October 8, 2013 and December 31, 2014 :

(1) Employees may elect on a one-time basis at retirement to purchase health, dental and/or vision insurance under a City-authorized plan and are responsible for all cost. Upon the death of a retired employee enrolled in one (1) of the plans, surviving dependents actively enrolled in plan retain eligibility for participation in the plans.

(2) The City's monthly contribution towards health, dental and vision insurance for those retirees using sick leave hours accrued on or before October 7, 2013 deposited to the grandfathered sick leave conversion bank shall be frozen and not exceed the following amounts as needed to cover the cost of the premiums:
   a. Up to $1,100 for retirees with dependent coverage
   b. Up to $621 for retirees without dependent coverage

(3) If a retiree's health premium in any given month is less than the designated City contribution, the excess contribution shall be applied on behalf of the retiree to that month's premiums for dental and/or vision insurance, if the retiree elected these plans.

(4) Effective October 8, 2013, the City shall contribute to a Defined Contribution retiree medical benefit plan for each eligible employee in the form of a deposit into a Health Reimbursement Account. The City shall contribute for each eligible full time employee twenty five ($25.00) per month. For a full time employee, this equates to a maximum of three hundred dollars ($300) per year. Employees in regular positions budgeted less than eighty hours per pay period or job-shared positions, shall receive a pro-rated amount per month.

(B) Eligible Employees hired before January 1, 2011 who retire from the City on or after January 1, 2015:

The City will no longer offer retiree medical plans through the City's group plans effective January 1, 2015; however, a retiree may elect on a one-time basis at retirement the option to purchase and maintain the City's dental and vision plans at retiree's cost.

I. Retiree Medical Program

a. The City shall contribute to a City sponsored defined contribution retiree medical benefit plan a City contribution of $25 per month for full time employees. For a full time employee, this equates to a maximum of $300 per year. Employees in regular positions budgeted less than eighty (80) hours per pay period or job-shared positions, shall receive a pro-rated amount per month.

   Beginning January 1, 2015, the defined City contribution shall increase annually through January 1, 2019, by an additional $10 per year, per employee each January. The defined City contribution shall be a maximum contribution of $75 per month by January 2019.

   Employees under this subsection shall be deemed to have satisfied any service eligibility requirements necessary to receive this benefit.

b. Employees who retire after five (5) continuous years of service in good standing may, on a one-time basis, have ninety percent (90%) of their unused grandfathered sick leave converted to a City sponsored defined contribution retiree medical benefit plan at a rate of eight (8) hours equals one month of contribution to purchase medical insurance.

II. Funding/Eligibility of Retiree Medical Program/Sick Leave Conversion

a. For each eight hours converted to retiree medical program, the recipient shall be provided a monthly contribution under one of the following schedules:

Non-Medicare Eligible Recipient		Medicare Eligible Recipient	
Retiree Only =	$500	Retiree Only =	$250
Retiree +1 Dep =	$1,000	Retiree +1 Dep =	$500
Retiree + Family=	$1,000	Retiree + Family =	$500

Combined contributions for Retirees
1 Non-Medicare + 1 Medicare coverage = $750

b. Retiree Only contribution for eligible recipients is allowable regardless of where the retiree acquires authorized and legitimate medical insurance coverage (i.e. through State Exchange, through individual insurance company, through a current employer, or through spouse employer).

c. Retiree shall not be eligible to receive a contribution for dependent, spouse, or registered domestic partner under the Retiree + 1 or Retiree + Family levels if retiree's dependent, spouse, or registered domestic partner has medical insurance through their current employer, is covered under Retiree's current employer, or if Retiree does not purchase individual insurance for dependent.

d. Upon retirement only, the City shall transfer contributions based on eligibility above into the retiree's individual account with the City sponsored Retiree Health Reimbursement Arrangement (HRA) for the individual. Employees will not be eligible for these contributions should they separate from City service prior to retirement. Contributions to eligible retirees will be made as follows:

   i. Upon Retirement – initial contributions will be made for the months from loss of coverage with City through either December 31st or June 30th, whichever date is earlier. Contributions will be deposited no later than 30 days after retirement date.

   ii. Ongoing Contribution – a semi-annual years' worth of contributions will be made on a semi-annual basis no later than Jan 31st (for months January – June) & July 31st (for months July - December) until exhaustion of sick leave conversion.

2. To receive the semi-annual contribution, the Retiree must provide the City with proof and cost of coverage by December 15th each year to receive a contribution for the following calendar year. Failure to provide proof of coverage will result in the retiree losing a City contribution for that calendar year, however, if the retiree provides proof of coverage before June 15th, the retiree will be eligible for the July contribution. This will not result, however, in a reduction to the number of months the Retiree is eligible for receiving contributions in the future in they did not receive a contribution during the year.

3. If Retiree has a status change during any calendar year that would change the monthly contribution, such as a marriage, divorce, death, birth, spouse or dependent loss of coverage, the City will reconcile the new amount the Retiree is eligible for with the following semi-annual contribution. The change in status is presumed effective the 1st of the month following the month when the retiree provided notice to the City of the change in status. For example, if the Retiree's status changes from Retiree Only to Retiree +1 on November 15, the City will provide an additional $500 along with the total semi-annual contribution for the following calendar year to compensate the Retiree for the change in status for the month of December in the previous calendar year. If the Retiree's change in status results in monies owed to the City, the City will recoup the amount owed by deducting it from the following semi-annual contribution. However, in the event of a death of the Retiree receiving a contribution for the Retiree Only level during the calendar year in which the contribution was already received, any remaining months of contribution will

be deleted for subsequent calendar years, but the City will not endeavor to seek payments already made for the months following the Retiree's death.

4. In the event of the death of Retiree participating in the contribution program, surviving qualified spouse will be eligible to receive a contribution for the following calendar year if the retiree would have been eligible to receive a contribution. If eligible, the contribution will be $500 for spouse or $1,000 for spouse and one or more child dependent and continue until the exhaustion of the deceased retiree's sick leave bank, upon the death of the surviving spouse, upon the spouse and/or dependents coverage for other insurance through an employer, or upon voluntarily election to not continue with the contribution program.

(C) Eligible Employees hired on or after January 1, 2011:

(1) For employees hired on or after January 1, 2011, the City shall contribute to a Defined Contribution retiree medical benefit plan for each eligible employee in the form of a deposit into a Health Reimbursement Arrangement (HRA) account, as described below:

(a) Eligibility: Regular full time employees and employees in regular positions budgeted less than eighty (80) hours per pay period or job-shared positions are eligible to receive a City HRA contribution, if they have completed two (2) full years of continuous City regular service. If an employee separates employment before meeting the eligibility requirement, the employee shall receive no benefit.

(b) City Contribution:

(1) Initial Contribution: On the first pay period following completion of two (2) full years of continuous City service, regular full time employees shall receive a lump sum contribution of $2,400 deposited into an HRA account established in their name. Employees in regular positions budgeted less than eighty (80) hours per pay period or job-shared positions, shall receive a pro-rated lump sum contribution based on their hours worked.

(2) Regular City Contribution: After the initial contribution (defined above) is made, the City shall contribute for each eligible full time employee up to a maximum of one hundred dollars ($100.00) per month. For a full time employee, this equates to a maximum of $1,200 per year after the initial eligibility period is met. Employees hired on or after January 1, 2011 and subject to this defined contribution plan shall not be eligible for any sick leave conversion towards retiree medical premiums of any sort. The City's contribution

under this section represents the entire contribution towards employee retiree medical.

(D) Access to Account Balance:

(1) Participants may access the balance in their HRA account upon termination of employment and attainment of age 50 or retirement from CalPERS Retirement System, whichever is earlier.

(2) Participants may defer accessing the account balance to any time beyond the earliest date described in (a).

(3) Amounts that remain in the account balance are available to reimburse the participant for the same permitted medical expenses for the spouse and any other dependent covered under the retiree medical plan subject to the limitations and maximums as stipulated by law, however, federal regulations at this time do not permit the inclusion of expenses for domestic partners. Should future federal regulations allow for the inclusion of domestic partners, they shall be added as eligible to this section.

(E) Survivors of eligible retirees with account balances:

(1) Spouses and eligible dependent children or dependent adults that are disabled may continue to access account balances after the death of the retiree subject to the limitations and maximums as stipulated by law.

(2) Domestic partners are not permitted access to the account balances of the participant at this time by virtue of restrictions in the federal regulations that govern these types of accounts. Should future federal regulations allow for the inclusion of domestic partners, they shall be added as eligible to Section (1), above.

(F) Forfeiture of account balance:

(1) If an active employee dies prior to retirement, the amount of account balance is available to eligible spouses and dependents to reimburse them for medical expenses permitted under the applicable section of the Internal Revenue code.

(2) Account balances in part or in total for active participants or retirees without any eligible spouse or dependent or unused account balances after the death of the last eligible spouse or dependent will be forfeited and returned to all other active and retired participants in the form of a dividend allocated in direct proportion to the amount to be distributed divided by the total account balance for all participants applied to each individual account balance.

(G) This benefit will be subject to regulation under section 105(b) of the Internal Revenue Code and subject to revenue rulings for these types of plans as promulgated.

ARTICLE 34. EMPLOYEE ASSISTANCE PLAN

(A) City shall provide employees and dependents professional assistance with financial, marital, psychological, family, alcohol or drug-related problems. The assistance shall consist of assessment, counseling and referral services up to a maximum of three (3) visits each per year for employees and dependents.

(B) Any Police Community Service Officer, Police Identification Technician or Police Animal Control Officer shall receive group crisis debriefing and for those involved in a critical incident, one-on-one critical incident debriefing at the City's expense with the contracted Police professional.

(C) The City shall provide counseling/psychotherapy to Police Community Service Officers and Police Identification Technicians. Free counseling will also be provided to their dependents up to a maximum of three (3) sessions. The services provided do not include medical prescription or specialized services such as inpatient substance abuse treatment. Employees who are disabled or unable to work their regularly assigned duties are not eligible for these services. These services shall be provided only by the City's contracted provider for sworn staff and subject to the contract provider agreeing to provide such services.

ARTICLE 35. LONG-TERM DISABILITY INSURANCE

The City shall provide, at City expense, all employees with long-term disability (LTD) insurance. The purpose is to provide employees with an LTD benefit while the employee is totally disabled equal to sixty-six and two thirds (66 2/3%) percent of the first nine thousand ($9,000) per month in earnings, reduced by any income received from other sources. The plan provides for a sixty (60) day waiting period, but if the disability lasts longer than ninety (90) days; the disability payments will be retroactive to the 31st day. The existing LTD program includes a Managed Disability contract. Essentially, this contract provides that LTD benefit dollars will be offset by any workers' compensation income, mandates rehabilitation and changes the definition of disability to a loss of at least twenty (20%) percent of income.

ARTICLE 36. LIFE INSURANCE

The City shall provide at City expense all employees with term life insurance coverage in the amount of twenty thousand ($20,000). Employees shall have the option to buy additional coverage at their own expense.

ARTICLE 37. PROBATION

All original and promotional appointments to positions in the classified service shall be tentative and subject to a probationary period of one (1) year from the date of appointment to the position. The purpose of the probationary period is to train, observe and evaluate the employee on conduct, performance, attitude, adaptability and job knowledge.

(A) Initial Probation: The initial probationary period is one (1) year from the date of appointment. If an employee has a leave of absence, either paid or unpaid of greater than 400 hours (10 weeks) the probationary period may be extended by the length of the leave. Probation may also be extended for the time period during which any employee is not performing the essential functions on the job as a result of being placed on modified duty or absence while on medical leave, which are in excess of a cumulative total of eighty (80) hours. All hours in excess of eighty (80) hours will extend probation on an hour for hour basis.

(B) Promotional Probation: The probationary period of a promoted employee is one (1) year from the date of promotion, If an employee has a leave of absence, either paid or unpaid of greater than 460 hours (11.5 weeks) the probationary period may be extended by the length of the leave. Probation may also be extended for the time period during which any employee is not performing the essential functions on the job as a result of being placed on modified duty or absence while on medical leave, which are in excess of a cumulative total of eighty (80) hours. All hours in excess of eighty (80) hours will extend probation on an hour for hour basis.

(C) An employee released during, or at the conclusion of, probation following a promotion, shall be reinstated to the position previously held, at the former salary step, except if the reasons for release are cause for dismissal.

During the probationary period an employee may be released at any time without right of appeal. Written notice of release shall be furnished the probationer.

ARTICLE 38. LAYOFF AND DEMOTION PROCEDURES UPON REDUCTION IN FORCE

When it becomes necessary through lack of work, lack of funds or for other reasons to reduce the number of employees, the City shall first layoff all Police Cadets prior to any other layoffs. If additional layoffs are necessary, the City shall then prepare a layoff list by classification within a department. Within each job class, employees shall be laid off in the following order: temporary, provisional, probationary, regular. The order of layoff shall then be based on the City's needs, with particular regard for classification seniority and performance evaluation reports. Classification Seniority is defined as the length of continuous service in the current classification including higher classifications in the current department including periods of authorized leaves of absence, which require a retirement contribution, and including all periods as a full-time CETA and PEP employee. In the event of a break in service, classification seniority shall restart upon rehire. In the event of a tie in classification seniority, determination of seniority will be based first upon total exam score as used for placement onto the City's position eligibility list during recruitment. If a tie still exists, determination will then be based upon total City service, and finality upon a review of evaluation ratings until the tie is broken.

(A) Transfer, Demotion, Layoff

(1) Whenever there is a reduction in work force, the City shall first transfer the employee to a vacancy in the same classification in the same department. If no such vacancy exists, the employee may voluntarily transfer to a vacancy in the

department in a classification the employee previously held. If no such vacancy exists, the employee may elect to demote to a vacancy, if any, in the next lower class for which the employee who is scheduled for layoff meets the minimum employment standards provided no other employee has greater rights to that vacancy by virtue of having formerly held the classification or greater overall seniority. All persons so demoted shall have their names placed on the department classification reinstatement eligible list.

(2) If there are no vacant positions in the same or a lower class available in the department, the City shall allow bumping from a higher to a lower classification within a department. An employee may bump into the next lowest class in the employees current class series if the employee has greater overall seniority as provided in paragraph (A). An employee may bump down to a classification s/he previously held within the same department.

(3) If there are no vacant positions or bumping possibilities, the City shall layoff employees within a department and classification. All persons laid off shall have their names placed on the department classification reinstatement eligible list for a period of two (2) years. Departments will be encouraged to consider employees on a reinstatement list for vacancies, City-wide, for their specific classification.

(B) An employee scheduled for demotion or layoff shall be given a minimum of fourteen (14)-calendar days' notice in writing. The notice shall state the effective date and time of demotion or layoff.

(C) Names shall be placed on department classification reinstatement eligible lists in the inverse order of layoff and seniority as defined in the introductory paragraph for this Article. Vacant positions within a classification shall first be offered to those on the reinstatement list who meet the minimum employment standards for the vacant position. The eligibility of individuals on the reinstatement list shall be for a period of two (2) years from the date of demotion or layoff. Eligible individuals not responding to written notification of an opening within fourteen (14) calendar days shall forfeit their consideration for reinstatement to that opening.

(D) A reinstated employee shall be entitled to the following benefits:

(1) Prior sick leave accrual (unless sick leave was cashed-out in accordance with the applicable rules).

(2) Seniority at time of layoff or demotion for purposes of determining merit increases, vacation accruals and future reductions in the work force.

(3) A salary as nearly as possible equivalent to the salary range and step that which the employee was receiving immediately prior to layoff or demotion. If the employee chooses to be reinstated in a class at a lower salary range than that held previously, the salary will be either equivalent to the salary immediately prior to layoff or demotion or as close to the equivalent as the new salary range allows.

(E) A person appointed from a reinstatement eligible list within six (6) months to the same classification held prior to layoff or demotion, will obtain regular status upon reinstatement, provided that they had completed probation in that class prior to layoff or demotion. All other persons appointed from a reinstatement list shall serve a new probationary period.

(F) Employees laid off shall be paid for all accrued vacation, holidays and overtime. Accrued sick leave shall either be paid as provided for by the applicable rules, or may remain on the books in event of reinstatement. If reinstatement does not occur within two (2) years, sick leave shall be paid in accordance with the applicable rules at the employee's hourly rate of pay at the time of layoff.

ARTICLE 39. GRIEVANCE PROCEDURE

(A) Purpose: It is the purpose of this procedure to provide a simplified and definite method for employees represented by MPNSA to resolve grievances they may have in their employment relationships with the City. The overall policy of this procedure is to provide for the resolution of grievances at the lowest level within the employment hierarchy of the City as is possible without unnecessarily disrupting City functions or services. The use of this procedure in resolving grievances shall not be held against any employee in any manner since the adoption of this procedure gives each employee the right to use it.

(B) Definition of Grievance: A grievance is a disagreement between City management and an employee, group of employees or MPNSA concerning the interpretation, application or violation of a specific Article(s) of this Memorandum or established written rule(s) or regulation(s) or custom(s) governing personnel practices.

(C) Association Grievance: An Association grievance is a grievance as defined above which the Association files on its own behalf or on behalf of two (2) or more represented employees. An Association grievance shall be filed with the appropriate Department Director at the Third Step if all affected members are assigned within the same department. All other Association grievances shall be filed with the Director of Human Resources and shall be considered there as a Third Step grievance.

(D) Time Limitations and Notification: Time limits are established to settle a grievance quickly. Time limits may be modified only by agreement of the parties. If at any step of this Grievance Procedure, the grievant is dissatisfied with the decision rendered or a decision has not been filed in a timely manner, it shall be the grievant's responsibility to initiate the action which submits the grievance to the next level of review within the time limits specified. Failure to submit the grievance within the time limits imposed shall terminate the grievance process and the matter shall be considered resolved. If an employee and/or his or her representative fails to respond within ninety (90) calendar days of notification of any step in the grievance process, the grievance will be dismissed.

A formal grievance may be entertained or advanced to any step if the parties jointly so agree.

For purposes of this procedure, notification to a party may be given personally, telephonically or by mail. When notice is mailed to an employee, it shall be sent to the employee's current address of record. Notice by mail shall be deemed to have been completed on the seventh (7th) calendar day following deposit of notice with the United States Postal Service.

(E) Jurisdiction: The Director of Human Resources shall have the sole authority within the City to provide the official management interpretation or application to any and all provisions of this Memorandum. The Director of Human Resources, or designee, may represent the department during any step of this procedure. Unit employees may use this procedure, regardless of membership in any employee organization. The decision to use this procedure and any step thereof is solely that of the employee. In using this procedure, however, any employee may choose to be represented by another, including the representative of an employee organization.

(F) Use of City Time: Reasonable City time, subject to the discretion of the Department Director, may be used in the preparation of a written or oral grievance. City time may be used for the procedure set forth below.

(G) Steps in the Grievance Procedure: No complaint shall be considered a grievance unless it is presented within twenty (20) calendar days after the employee is aware or should have been aware of the conditions precipitating the grievance. Under normal circumstances, no grievance will be processed if the events in the grievance are based on events ninety (90) calendar days or more old as of the written submission. The time limitations of a timely filed grievance shall be placed on hold for any issue which is subject to the grievance procedure when either the City or the Association submits the issue to a Labor-Management Committee in an attempt to resolve the issue by meeting and conferring in good faith. Should the matter not be resolved, the time limits shall be reinstated.

(1) First Step: Any employee or group of employees having a grievance shall first discuss the grievance on a personal face-to-face basis with grievant's immediate supervisor, except as noted in section (C) above. This step shall not require a written grievance but it shall require the employee to notify his/her supervisor that the employee is initiating the grievance procedure. Within ten (10) calendar days the immediate supervisor shall render a decision. If the grievant is not satisfied with the decision, the grievant may submit the grievance to the next step not later than ten (10) calendar days thereafter.

(2) Second Step: If a mutually acceptable solution has not been reached at the First Step, the grievant shall submit the grievance in writing to the supervisor of the employee's immediate supervisor, who may be the Department Director. If the Department Director is the immediate supervisor or the reviewing supervisor at either the First Step or Second Step, the grievance must meet the requirements of the First and Second Steps, but shall be

considered to be at the Third Step. The written grievance shall provide a detailed statement of the grievance, including dates, names and places, applicable Memorandum Article(s) or personnel practices and the specific remedy requested. Within ten (10) calendar days the reviewing supervisor shall meet with the grievant and within ten (10) calendar days thereafter render a decision. If the grievant is not satisfied with the decision, the grievant may submit the grievance to the next step not later than ten (10) calendar days thereafter.

When a written grievance is submitted at the Second Step, the reviewing supervisor shall, upon receipt, forward a copy of the grievance to the Director of Human Resources for review. Should the reviewing supervisor fail to forward a copy of the grievance to the Director of Human Resources, the grievant shall not be prejudiced. If the Director of Human Resources makes a determination that the grievance is a matter for which this Grievance Procedure is not appropriate, the grievant and the supervisor shall be notified in writing within ten (10) calendar days.

(3) Third Step: If a mutually acceptable solution has not been reached, the grievant shall submit the written grievance to the Department Director. The Department Director, or designee, shall personally meet with the grievant as soon as is practicable, but not later than fourteen (14) calendar days from the presentation of the written grievance, to discuss the grievance and shall render a written decision to the grievant within fourteen (14) calendar days of such meeting. The Department Director and the grievant may call any witnesses at such meeting in order to reach a decision. Any meeting may be continued by the Department Director if necessary to allow for a proper investigation. If the grievant is not satisfied with the written decision, the grievant or MPNSA may submit the grievance to the next step not later than thirty (30) calendar days thereafter.

(4) Fourth Step: If a mutually acceptable solution has not been reached, MPNSA or the grievant may submit the written grievance to the Director of Human Resources with a request that the grievance be submitted to a hearing officer or the City Manager.

If the grievance is submitted to a hearing officer, the City shall request a list of five (5) names from the State Mediation and Conciliation Service. Upon receipt of the list, the parties shall select a hearing officer by using an alternate striking process. The first strike shall be chosen by lot. The cost of the hearing shall be shared equally by the City and MPNSA or the City and the grievant, depending on the party initiating the Fourth Step.

The decision of the hearing officer shall be advisory to the City Manager. The City Manager shall either render a decision to MPNSA in writing within twenty (20) calendar days after receiving the hearing officer's recommendations or conduct an independent hearing. Should an independent hearing be conducted, MPNSA shall be notified in writing of the decision within ten (10)

calendar days following the completion of the hearing. The decision of the City Manager shall be final and binding on all parties.

ARTICLE 40. DISCIPLINARY ACTIONS

(A) The following shall constitute just cause for disciplinary action, including dismissal, demotion, suspension and disciplinary probation.

(1) Violation of the City Charter
(2) Violation of the Modesto Municipal Code
(3) Violation of the Personnel Rules or Personnel Administrative Orders, excluding Personnel Administrative Order No. 13.8-03-2 (Unauthorized Absence)
(4) Fraud in securing employment
(5) Incompetency
(6) Inefficiency
(7) Inexcusable neglect of duty
(8) Insubordination
(9) Dishonesty
(10) Being under the influence of alcohol or controlled substances while on duty
(11) Inexcusable absence without leave, except as described in Personnel Administrative Order No. 13.8-03-2 (Unauthorized Absence)
(12) Conviction of a felony or conviction of a misdemeanor involving moral turpitude. A plea or verdict of guilty, or conviction following a plea of nolo contendere, to a charge of a felony or any offense involving moral turpitude is deemed to be a conviction within the meaning of this section
(13) Discourteous treatment of the public or other employees
(14) Misuse of City property
(15) Violation of any established departmental rule, regulation, policy and/or manual
(16) Other failure of good behavior either during or outside of duty hours, which is of such a nature that it causes discredit to the City
(17) Unlawful discrimination, including harassment, on the basis of race, color, national origin, ancestry, sex, marital status, religion, age, medical condition (cancer related), physical disability (including AIDS) or sexual orientation.
(18) Substantial or credible threats of violence against any person including, but not limited to intimidation, harassment and/or coercion made in the course of employment

(B) The City may demote an employee whose ability to perform required duties falls below an acceptable standard, or for disciplinary purposes. Upon request of an employee, and approval by the City, demotion may be made to a vacant position as a substitution for layoff.

(C) The City may suspend an employee without pay at any time for just cause. Suspension without pay shall not exceed ninety (90) calendar days in any fiscal year.

(D) The City may dismiss an employee at any time. A regular employee in the classified service shall be entitled to a written statement of the just cause for dismissal.

(E) The City may place an employee on disciplinary probation for a specified period, not to exceed one (1) year. Disciplinary probation returns a non-probationary employee to probationary status. Employees placed on disciplinary probation may be dismissed at any time during the probationary period for failure to meet any requirement established as a condition of the probation. Disciplinary probation may only be imposed by delivery of written notice to the employee, pursuant to the Modesto Municipal Code, stating that the employee has been placed on disciplinary probation and stating the reasons for such action.

(F) The Department head may authorize an employee for overtime, standby or call-back during the time when he/she is on disciplinary probation but not while the employee is serving a disciplinary suspension without pay.

(G) An employee shall be given reasonable notice when he/she is scheduled to be interviewed as the subject in an investigation in accordance with the provisions of law. This will include information as to the nature of the allegation, Articles of this Memorandum or other policies and procedures that are believed to have been violated, and the date(s) of the alleged events, if known.

(H) An employee may request an Association member or MPNSA legal representative if the employee believes an investigatory interview could result in discipline as defined in subsection (A).

(I) While written reprimands are not considered discipline, per se, an employee shall have the right to request a review of the Memorandum and the facts included therein first by the supervisor's supervisor and up the chain of command, ending with the Department Director.

ARTICLE 41. DISCIPLINARY APPEALS

(A) Employees shall have the right to appeal any dismissal, suspension, disciplinary probation or demotion for disciplinary reasons. Said right of appeal shall not apply to reclassifications, layoffs, demotions as a substitute for layoffs, changes in status for medical reasons, changes in status due to the employee's loss of a required license or certificate, step reductions or denial of a step increase, or any other actions taken for non-disciplinary reasons. For changes in status for medical reasons, and for step reductions, appeal shall be provided for through the process in Article 39, Grievance Procedure.

(B) An appeal must be filed in writing with the Director of Human Resources within thirty (30) days following written notice to the employee of the discipline.

(C) Upon filing of an appeal, the City shall request a list of seven (7) hearing officers from the State Mediation and Conciliation Service. The City and employee shall alternately strike names from the list until only one (1) name remains and the remaining name shall be that of the Hearing Officer. The parties shall toss a coin to determine who will strike first. As an alternative, the parties may stipulate to the use of any person as a Hearing Officer, whether identified on the list or not.

(D) The Hearing Officer shall proceed in any manner which will, in the Hearing Officer's judgment, develop all the facts bearing upon the matter, and no informality on the Officer's part shall constitute just cause for criticism of findings and decisions. Upon completion of the hearing, the Hearing Officer shall furnish certified copies of findings and decisions to the persons concerned. The decision of the Hearing Officer shall be final and binding.

(E) The person selected as the Hearing Officer shall set a date for the start of the hearing after consultation with the parties. Failure of the employee to appear at a hearing (except for good cause) shall be deemed withdrawal of the appeal and the discipline being appealed shall stand and be final.

(F) Oral evidence at the hearing shall be taken only on oath or affirmation.

(G) Each party shall have these rights at the hearing: To be represented by Counsel; to call and examine witnesses; to introduce exhibits; to cross-examine opposing witnesses on any matter relevant to the issues even though that matter was not covered in the direct examination; to impeach any witness regardless of which party first called him or her to testify; to subpoena witnesses and relevant documentary evidence and to rebut the evidence against him or her. Further, at the hearing the employee may be examined and may examine or cause any person to be examined under Section 776 of the Evidence Code.

(H) The hearing need not be conducted according to technical rules relating to evidence and witnesses, except as hereinafter provided. Any relevant evidence shall be admitted if it is the sort of evidence on which responsible persons are accustomed to rely on in the conduct of serious affairs, regardless of the existence of any common law or statutory rule which might make improper the admission of the evidence over objection in civil actions. Hearsay evidence may be used for the purpose of supplementing or explaining other evidence but shall not be sufficient in itself to support a finding unless it would be admissible over objection in civil actions. The rules of privilege as set forth in the Evidence Code shall apply. Irrelevant and unduly repetitious evidence shall be excluded.

Evidence of specific instances of a complainants' sexual conduct with individuals other than the alleged perpetrator is presumed inadmissible absent an offer of proof establishing its relevance and reliability and that its probative value is not substantially outweighed by the probability that its admission will create substantial danger of undue prejudice or confuse the issue. For purpose of this paragraph, "complainant" means any person claiming to have been subjected to conduct, which constitutes sexual harassment, sexual assault or sexual battery.

(I) Either party may request a court reporter. The City shall select a competent court reporter to record the proceedings.

(J) If either party requests it, the Hearing Officer may exclude from the hearing room any witness not at the time under examination so that the witness may not hear the testimony of other witnesses, but a party to the proceedings may not be so excluded.

Parties to the proceedings shall include the appellant and a management employee from appellant's department to be selected by the City, both of whom may attend the hearing even though they testify as witnesses. In addition, each side may designate other representatives to attend the hearing provided these representatives do not testify at the hearing.

(K) The Hearing Officer shall, after the matter is submitted, prepare and file findings and decisions. The decisions of the Hearing Officer shall be final and binding. The decisions shall be rendered as quickly as possible with due regard for the hardships that may result from undue delay.

(L) The cost of the Hearing Officer and court reporter shall be divided equally between the City and the employee. The Hearing Officer and court reporter shall separately bill the City and the appellant for one-half (1/2) of the cost of his/her services.

ARTICLE 42. TIME BANK

An Association Time Bank (ATB) has been established for the purpose of allowing MPNSA members to request paid time off for Association business, including participation in Association sponsored training and conferences and workshops. Any request of ATB time shall require the approval of the President prior to submission.

ATB request shall follow the same policy for approval as vacation time. ATB time requests shall be approved unless staffing is required on an overtime basis in order for the request to be approved. The Chief of Police reserves the right to approve ATB requests which incur overtime costs. ATB time shall not supersede previously approved vacation requests of other Police personnel.

During the first full pay period that begins in August of each year, each employee covered by this MOU shall contribute an equal amount of hours, or a portion thereof as determined by the Association President, up to two and one-half (2.5) hours of vacation leave to the Association Time Bank. This time, if not utilized by the Association within the year it is contributed, shall not be returned to the contributing members, nor shall this time be subject to cash out, but rolled over to the next year's ATB. This time shall become property of MPNSA and shall be banked. At no time shall the bank exceed five hundred (500) hours.

The Association shall hold the City and its officers and employees harmless for transferring the vacation time from employees covered by this MOU as provided for in this section.

ARTICLE 43. COMMUTER BUS PASSES

The City will make available free commuter bus passes for use by employees in commuting to and from work including the local Law Enforcement Academy site.

ARTICLE 44. EMPLOYEE PARKING

Upon request, employees whose work site is at Tenth Street Place shall be assigned, by the City, to free parking (non-transferable), during their workdays, at the Ninth Street Garage, the Tenth Street Garage and/or at other designated parking locations within a three-block (3) radius of Tenth Street Place. Failure to utilize this right may, after notification to the employee, result in the deactivation of their proximity card garage access or revocation of the parking pass issued to the employee.

ARTICLE 45. OUTSIDE EMPLOYMENT

(A) All employees represented by MPNSA shall request the approval of the City prior to beginning any outside business or employment. Such business or employment shall not affect the time or quality of their City work or cast discredit upon or create embarrassment for the City.

(B) Specific policies and procedures governing outside employment shall be as contained in the Personnel Rules and Personnel Administrative Orders.

ARTICLE 46. CITY'S EEO PLAN

(A) The City and MPNSA agree that the provisions of this Memorandum shall be applied without favor or discrimination based on race, color, ancestry, religion or creed, sex, national origin, marital status, age (over 40), physical or mental disability or perceived disability, medical condition, pregnancy-related condition, sexual orientation, gender identity, gender expression or political affiliation or on any other basis prohibited by applicable Federal and State law. They agree to recognize, respect and support the City's commitment to nondiscrimination in employment as set forth in the City's Equal Employment Opportunity Plan. MPNSA agrees to encourage its members to assist in the implementation of that program.

(B) MPNSA agrees to and acknowledges its responsibility to fairly represent all employees in the bargaining unit without regard to race, color, ancestry, religion or creed, sex, national origin, marital status, age, physical or mental disability or perceived disability, medical condition, pregnancy-related condition, sexual orientation, gender identity, gender expression, political affiliation, job classification or employment status.

(C) Because the Americans with Disabilities Act (ADA) requires accommodations for individuals protected under the Act, and because these accommodations must be determined on an individual, case-by-case basis, the parties agree that the provisions of this Memorandum may require modification in order for the City to avoid discrimination under the Act.

(D) MPNSA recognizes that the City has the legal obligation to meet with the individual applicant/employee to be accommodated before any adjustment is made in working conditions. MPNSA will be allowed to meet and consult with the City concerning the proposed accommodations prior to implementation by the City.

Any accommodation provided to an individual protected by the ADA shall not establish a past practice, nor shall it be cited or used as evidence of a past practice in the grievance procedure.

ARTICLE 47. AGENCY SHOP AND MAINTENANCE OF ASSOCIATION MEMBERSHIP

(A) Scope of Coverage: Pursuant to Government Code Section 3502.5, MPNSA caused an "agency shop" arrangement to be placed into effect by a secret ballot election that concluded on February 20, 2007. With the establishment of the agency shop arrangement, all employees in the represented classifications must, as a condition of employment, either join the Association or pay the Association a service fee.

(B) Responsibilities: MPNSA agrees that it has a duty to provide fair and nondiscriminatory representation to all employees in the bargaining unit, which have elected by a secret ballot in accordance with the law to apply this agency shop agreement regardless of whether or not they are members of MPNSA.

(C) Employee Responsibilities: All employees in, and all employees subsequently hired, promoted, demoted or transferred into classifications in the bargaining unit shall as a condition of employment fulfill one of the following:

(1) Become and remain a member of MPNSA; or

(2) Pay to MPNSA, a fair share fee in an amount which does not exceed the amount which may be lawfully collected under applicable constitutional, statutory and case law, and which under no circumstances shall exceed the monthly dues, initiation fees and approved assessments made during the term of this agreement; or

(3) Do both of the following:

(a) Execute a written declaration to MPNSA, with a copy to the Payroll Division of the Finance Department, that the employee is a member of a bona-fide religion, body or sect which has historically held a conscientious objection to joining or financially supporting any public employee organization as a condition of employment; and

(b) Pay a sum equal to the dues, initiation fees and approved assessments to a nonreligious, non-labor, charitable fund exempt from taxation under the Internal Revenue Service Code Section 501(c) (3), chosen by the employee from the following charities:

(1) United Way
(2) To be determined
(3) To be determined

The employee shall have, on a monthly basis, a payroll deduction of Union Dues, fair share fees or charitable contribution based upon the current dues, assessments and

fees scheduled authorized by MPNSA.

All regular full-time employees who are members of MPNSA on the effective date of this MOU shall maintain such membership in good standing during the term of the MOU; subject, however, to the right to resign from membership during the thirty (30) days prior to the expiration of the MOU. Any employee choosing to resign shall do so in writing to both MPNSA and the City.

All regular full-time employees hired after the effective date of this MOU, and who choose to become members of MPNSA, shall maintain such membership in good standing during the remaining term of this MOU.

(D) The City's Responsibilities: All dues, fees, assessments and fair share fees shall be remitted to MPNSA, in a timely manner, normally within fifteen (15) days from the date that such monies are withheld from the employee's payroll. The employer shall also provide to MPNSA a monthly report of those employees that have selected option C.3 above. Such report shall include the name of the employee, the amount deducted and the name of the organization to which such funds have been remitted.

(E) Separation from Unit: The provisions of this MOU shall not apply during such period that an employee is separated from the representation unit but shall be reinstated upon the return of the employee to the representation unit. The term "separation" includes transfer, promotion, demotion, or reclassification out of one of the covered units, or lay-off.

(F) Compliance: The City has agreed to provide all new represented employees on the date of their initial employment, an information packet explaining the agency shop arrangement, association membership, agency fee payer, religious conscientious objector and the agency fee appeals procedure. The City agrees to continue providing the packet to all new represented employees during the term of this MOU. The packet and all enclosed information shall be provided to the City by MPNSA and shall be produced at the sole expense of MPNSA.

(G) Forfeiture of Deductions: If an employee is on leave without pay for any reason for 40 or more hours in a pay period, no such deduction shall be made for that period.

(H) Hold Harmless: In accordance with Government Code 3502.5 (b), MPNSA, agrees to hold the City harmless from all claims, demands, suits or other forms of liability that may arise against the City for or on account of any deduction made from the wages of such employees pursuant to this MOU.

(I) Reporting Requirements: MPNSA shall comply with all applicable provisions of Government Code 3502.5 (f) with regards to financial reporting.

Employees who fail to provide MPNSA with a correct mailing address or who fail to notify MPNSA, of changes in their mailing address and who because of such failure do not receive any notice required by law shall be entitled to such notice only upon contacting MPNSA to request such notice.

(J) Duration: Notwithstanding the expiration of any agreement between the City and MPNSA, this agreement shall continue in effect until rescinded as permitted by Law.

ARTICLE 48. PROVISIONS OF LAW

It is understood and agreed that this Memorandum of Understanding is subject to all current and future applicable Federal and State laws and regulations and the current provisions of the City Charter and Code. If any part or provision of this Memorandum is in conflict or inconsistent with such applicable provisions of those Federal, State or City enactments or is otherwise held to be invalid or unenforceable by any court of competent jurisdiction, such part or provisions shall be suspended and superseded by such applicable law or regulations, and the remainder of this Memorandum shall not be affected. If any part or provision of this Memorandum is suspended or superseded, the parties agree to reopen negotiations regarding the suspended or superseded part or provision with the understanding that total compensation to employees under this Memorandum shall not be reduced or increased as a result of this Article.

Except as provided in the above paragraph, the parties hereto agree to refrain from initiating any legal action or taking individual or collective action that would invalidate Articles of this Memorandum.

ARTICLE 49. JOB ACTIONS

MPNSA agrees and acknowledges that strikes, sick-ins, slow-downs or other forms of work stoppage or disturbances are detrimental to the responsibility of MPNSA and its members to insure that high quality service is provided to the people of the City of Modesto. MPNSA and its members agree not to sanction, support, condone, or engage in any such actions directly or indirectly during the term of this Memorandum.

ARTICLE 50. FULL UNDERSTANDING MODIFICATION AND WAIVER

The parties acknowledge that during the negotiations which resulted in this Agreement, each had the full right and adequate opportunity to make demands and proposals with respect to any subject or matter within the scope of representation, that the understandings arrived at after the exercise of that right are set forth in this Agreement. The express provisions of this Agreement for its duration, therefore, constitute the complete and total contract between the City and MPNSA with respect to wages, hours and other terms and conditions of employment. Any prior or existing Agreement between the parties, whether formal or informal, regarding any such matters is hereby superseded and terminated in its entirety. The parties voluntarily waive the right to meet and confer in good faith with respect to any subject or matter referred to or covered in this Agreement, except that the parties, by mutual agreement, may meet and confer and agree to amend any matter in this Agreement, including compensation.

If the City should absorb another entity which results in employees of the other entity being covered by this MOU, the City and MPNSA shall expeditiously meet and confer regarding the

effect of such action on wages, hours and other terms and conditions of employment of such new employees.

All pertinent ordinances and resolutions shall be revised to conform to this Agreement. All other ordinances, resolutions, rules and regulations, practices and policies shall continue in force and effect during the term of this Agreement unless modified either according to the provisions of this Agreement or following the exercise by both parties of their respective rights and obligations to meet and confer or meet and consult regarding matters specified in Government Code Sections 3500 et. seq.

ARTICLE 51. APPROVAL

This MOU shall be presented to the Modesto City Council for approval and shall not be binding until so approved.

As set forth in Article 17, the parties agree to meet within 120 days of ratification of this agreement by MPNSA and adoption by the City Council in order to discuss changes to the approved work schedules, each of which are described below. Unless and until the parties reach an agreement, the current schedules shall remain in effect.

APPENDIX A FOUR-ELEVEN (4/11) WORK SCHEDULE

(AVAILABLE FOR CSOs ASSIGNED TO PATROL DIVISION AND ANIMAL CONTROL OFFICERS)

The 4/11 Schedule shall consist of four (4) consecutive duty days, for which the employee shall work eleven (11) hours per day, followed by four (4) days off.

Starting times for 4/11 shifts will be 0600, 0900, 1200, 1700 and 2000 hours. These starting times may be adjusted in accordance with Article 9, Standard Tour of Duty.

The 4/11 Schedule requires that employees work fifty-six (56) hours per year in addition to their regular schedule. Of these fifty-six (56) hours, thirty-six (36) hours will be scheduled as four (4) nine (9)-hour training days. Each of these four (4) days will consist of nine (9) hours, excluding lunch. The remaining twenty (20) hours are owed to the City and shall be deducted from the employee's annual holiday entitlement. See Article 25, Holidays.

Employees assigned to a 4/11 Schedule will have EITHER:

A paid lunch break of thirty (30) minutes coupled with one (1) fifteen (15) minute paid break, for a total of forty-five (45) minutes

-OR-

A paid break of fifteen (15) minutes followed by a forty-five (45) minute lunch of which thirty (30) minutes is paid.

Employees shall remain available by phone or radio, and are subject to recall at any time during their lunch break. In the event of a recall or missed lunch break, there will be no additional compensation.

Overtime shall be compensated in accordance with the Fair Labor Standards Act, 29 CFR Section 778.114 (Fluctuating Work Week Schedule).

APPENDIX B MODIFIED FOUR-TEN (4/10) WORK SCHEDULE

The Modified Four-Ten (4/10) workweek shall consist of four (4) consecutive duty days for which the employee shall work ten (10) hours per day, followed by four (4) consecutive days off.

Starting times for the Modified Four-Ten (4/10) Schedule shall be established by the department or division implementing this schedule.

The Modified Four-Ten (4/10) Schedule requires that employees work two hundred and forty (240) hours per year in addition to their regular schedule. Of this, two-hundred and forty (240) hours, thirty-two (32) hours will be scheduled as four (4) training days. Each of these four (4) days will consist of eight (8) hours, excluding lunch. One hundred and twenty (120) hours will be worked as twelve (12) ten hour "double days" each year, to be scheduled by the supervisor and worked during the employee's normal thirty-hour (30) work week. The remaining eighty-eight (88) hours are owed to the City and shall be deducted from the employee's annual holiday entitlement. See Article 25, Holidays.

An employee on a Modified Four-Ten (4/10) Schedule will receive an unpaid lunch period of not less than thirty (30) minutes and not more than sixty (60) minutes.

Overtime shall be compensated in accordance with Article 12, Overtime.

APPENDIX C NINE-EIGHTY (9/80) WORK SCHEDULE

The Nine-Eighty (9/80) Work Schedule shall consist of five (5) consecutive duty days for which the employee shall work nine (9) hours per day for four (4) days and eight (8) hours per day for one (1) day, followed by two (2) consecutive days off; followed by four (4) consecutive duty days for which the employee shall work nine (9) hours per day, followed by three (3) consecutive days off.

The employee's workweek will be changed and will no longer be 12:01 a.m. Tuesday through 12:00 a.m. (midnight) Monday. It shall be changed to midday of the employee's "extra" day off to midday of the same day the following week. The Payroll Division of Finance shall be notified of this workweek. For example:

Sunday	Monday	Tuesday	Wed	Thursday	Friday	Saturday
Off	9	9	9	9	8	Off
Off	9	9	9	9	Off	Off
Off						

The employee's workweek shall be from midday Friday to midday Friday.

An employee on a Nine-Eighty (9/80) Schedule will receive an unpaid lunch period of not less than thirty (30) minutes and not more than sixty (60) minutes.

Overtime shall be compensated in accordance with Article 12, Overtime.

APPENDIX D SIX-THREE (6/3) WORK SCHEDULE

The Six-Three (6/3) Work Schedule shall consist of six (6) consecutive duty days for which the employee shall work eight (8) hours per day for six (6) days followed by three (3) consecutive days off.

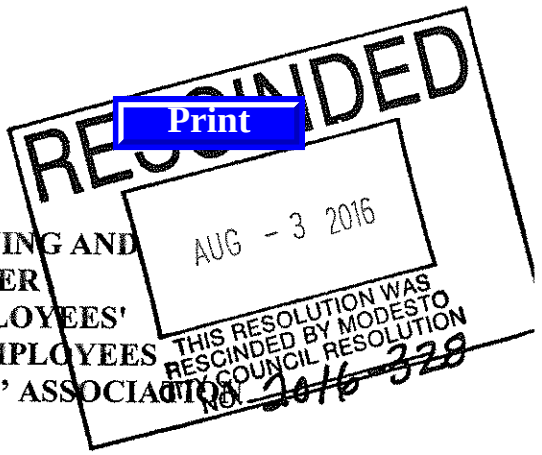
The Six-Three (6/3) schedule requires that employees work one hundred twenty-eight (128) hours per year in addition to their regular schedule. Of these one hundred twenty-eight (128) hours, forty-eight (48) hours will be scheduled as six (6) eight (8)-hour training days, excluding lunch. The remaining eighty (80) hours are owed to the City and shall be deducted from the employee's annual holiday entitlement. See Article 25, Holidays.

Employees assigned to a six-three (6/3) schedule will have a paid lunch break of thirty (30) minutes coupled with one (1) fifteen (15) minute paid break, for a total of forty-five (45) minutes.

Employees shall remain available by phone or radio, and are subject to recall at any time during their lunch break.

Overtime shall be compensated in accordance with the Fair Labor Standards Act, 29 CFR Section 778.114 (Fluctuating Workweek Schedule).

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-32



RESOLUTION AMENDING A LABOR POLICY FOR PAYING AND REPORTING THE VALUE OF EMPLOYER PAID MEMBER CONTRIBUTIONS TO THE CALIFORNIA PUBLIC EMPLOYEES' RETIREMENT SYSTEM (CALPERS) ON BEHALF OF EMPLOYEES REPRESENTED BY THE MODESTO POLICE OFFICERS' ASSOCIATION (MPOA)

WHEREAS, by Resolution No 2012-527 adopted by the Council, the City adopted a labor policy providing for Public Employees' Retirement System (PERS) employee contributions to be paid by the City on behalf of employees and for reporting of employer-paid normal member contributions to PERS as compensation, and

WHEREAS, the governing body of the City of Modesto has the authority to implement Government Code Section 20636(c)(4) pursuant to Section 20691, and

WHEREAS, the governing body of the City of Modesto has a written labor policy or agreement which specifically provides for the normal member contributions to be paid by the employer, and reported as additional compensation, and

WHEREAS, one of the steps in the procedures to implement Section 20691 is the adoption by the governing body of the City of Modesto of a Resolution to commence paying and reporting the value of said Employer Paid Member Contributions, and

WHEREAS, the governing body has the authority to amend all members in a group or class of employment pursuant to Government Code Section 20691.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

Effective June 30, 2016, MPOA employees hired prior to September 11, 2012, the City of Modesto elects to pay zero percent (0%) of the normal member contributions of

nine percent (9%). No payment shall be implemented pursuant to the provisions of Section 20636 (c)(4) of the California Government Code.

BE IT FURTHER RESOLVED that this Resolution shall become effective on June 28, 2016.

BE IT FURTHER RESOLVED that effective June 28, 2016 Resolution No. 2012-527 is hereby repealed in its entirety.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of February, 2015, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-37

A RESOLUTION OF THE COUNCIL OF THE CITY OF MODESTO, CALIFORNIA, RECOGNIZING THE SAN JOAQUIN RIVER VALLEY AS A TRAVEL AND TOURISM DESTINATION TO PROMOTE ECONOMIC DEVELOPMENT OPPORTUNITIES FOR THE CITY OF MODESTO AND THE SAN JOAQUIN RIVER VALLEY REGION

WHEREAS, the San Joaquin River Valley is comprised of the counties of San Joaquin, Stanislaus, Merced, Madera and Fresno, and the San Joaquin River Valley project is an ongoing collaboration of the convention and visitors' bureaus from all five counties in the region; and

WHEREAS, the San Joaquin River Valley offers visitors scenic open spaces, mild climate, beautiful rivers, fishing, museums, wine tasting, hiking trails, historic destinations, and agritourism activities; and

WHEREAS, the City of Modesto is centrally located in the San Joaquin River Valley and is internationally recognized as the birthplace of George Lucas and American Graffiti, and is home to the largest winemaker in the world, Gallo Wines, while only an hour's drive from the Sierra Foothills which lead to Yosemite National Park; and

WHEREAS, the City of Modesto is geographically situated between the Tuolumne and Stanislaus Rivers which serve as tributaries to the San Joaquin River, and thereby has great opportunities for agritourism and recreational tourism; and

WHEREAS, the City of Modesto and the San Joaquin Valley continues to experience double-digit unemployment and recognize the need to diversify our local economies; and

WHEREAS, travel and tourism in California is a $110 billion industry annually, and in 2014 the San Joaquin River Valley only received $2 billion in travel and tourism revenue according to the State of California Department of Tourism; and

WHEREAS, the City of Modesto and the San Joaquin Valley stand to benefit from jobs, economic stimulus, and entrepreneurial activities by embracing and promoting regional travel and tourism as an important component of an economic development strategy; and

THEREFORE BE IT RESOLVED THAT the City of Modesto hereby recognizes the San Joaquin River Valley as a regional travel and tourism destination, and congratulates and commends the San Joaquin River Valley project for its advocacy and leadership in advancing regional tourism as an economic development and economic diversification strategy; and

THEREFORE BE IT FURTHER RESOLVED THAT the City of Modesto encourages public and private efforts to advance cooperative regional tourism development efforts among San Joaquin River Valley and Sierra Foothill governments, business groups, and their communities; and

THEREFORE BE IT FURTHER RESOLVED THAT the City of Modesto shall invest funding, as available and only after Council approval, to help promote, brand, and market the San Joaquin River Valley as a regional travel and tourism destination, including but not limited to increased public signage, staff resources, and participating as a stakeholder in collaborative marketing and promotional efforts; and

THEREFORE BE IT FURTHER RESOLVED THAT the City of Modesto invites the San Joaquin River Valley tourism project to report regularly to the Modesto City

Council on its progress and opportunities for economic growth from tourism across the San Joaquin River Valley; and

THEREFORE BE IT FURTHER RESOLVED THAT the City of Modesto directs the Mayor to send a letter to all the Mayors and City Councils, County Boards of Supervisors, School Boards, and State and Federal legislators in the San Joaquin River Valley urging them to adopt this resolution; and

THEREFORE BE IT FURTHER RESOLVED THAT the City of Modesto in directs the Mayor to send a letter to the President, Governor of California, and our State and Federal legislators in the San Joaquin River Valley urging support and funding for the further development of the San Joaquin River Valley as a regional travel and tourism destination.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 10th day of February, 2015, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Lopez, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-38

RESOLUTION AUTHORIZING THE REPAYMENT OF COMMUNITY DEVELOPMENT BLOCK GRANT FUNDS EXPENDED ON 1230 12TH STREET IN THE AMOUNT OF $232,410 WITH GENERAL FUND MONIES AND AUTHORZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENTS AND RELATED DOCUMENTS

WHEREAS, on August 29, 2003, the City of Modesto received a Notice of Determination issued by the U.S. General Services Administration (GSA) of the Federal Government that indicated the former Social Security Administration Building, located at 1230 12th Street, had been identified as surplus government property (Property) and that the Department of Housing and Urban Development (HUD) found it suitable, and

WHEREAS, the first priority for use of the Property was for homeless programs or services; however, under no circumstance, was the Property to be utilized as a homeless shelter, and

WHEREAS, on October 14, 2003, by Resolution No. 2003-548, the City Council authorized staff to submit a Letter of Interest to the Department of Health and Human Services (DHHS) to obtain application instructions for surplus of the Property, and

WHEREAS, on January 6, 2004, by Resolution No. 2004-019, the City Council authorized staff to submit an application to the DHHS to acquire the Property and authorized the City Manager to execute the agreement and all subsequent documents, and

WHEREAS, on September 13, 2004, the City of Modesto received an original Quitclaim Deed from the DHHS - Division of Property Management which contained language whereby title to the Property would revert to the GSA if certain conditions were not met, and

WHEREAS, the Property had to be placed into use (i) within twelve (12) months from the date of the Quitclaim Deed, if construction or major renovation was not required, or (ii) within thirty-six (36) months if construction or major renovation was required, and

WHEREAS, in accepting the Property, the City committed to have the Property ready for occupancy within 36 months (September 13, 2007) if major renovations were needed or within 12 months (September 13, 2005) if minor repairs were needed, and

WHEREAS, substantial repairs were identified with initial repairs made to the Property between October 2004 and November 2005, and

WHEREAS, Community Development Block Grant (CDBG) entitlement funds financed $232,410 of the rehabilitation costs of the Property, and

WHEREAS, on January 28, 2005, City staff discovered the Property had been severely damaged along with health and sanitation concerns resulting in an increase in the cost of repairs, maintenance and rehabilitation, and

WHEREAS, in order to comply with the requirement that the Property be used for homeless programs or services, City staff attempted to find one or more agencies interested in occupying the Property and providing homeless services, and

WHEREAS, a Request for Interest (RFI) was released in November 2005 to determine which community agencies would be interested in partnering with the City to be part of a one-stop-shop, and

WHERAS, the RFI was unsuccessful as no providers responded, and

WHEREAS, as an anchor agency, interested in entering into a master lease for the

Property, requested further remodeling of the building to be able to provide confidential services to customers, and

WHEREAS, in September 2006, staff released a Request for Proposals (RFP) for Architectural Services, and

WHEREAS, City staff requested the architectural estimates include two options, Option #1, bring the Property up to code and Option #2, bring the Property up to code and include the additional remodeling requests from the anchor agency, and

WHEREAS, the City received one response to the RFP with an estimate of $247,739 for Option #1 and $1,116,643 for Option #2, and

WHEREAS, the anchor agency indicated it did not have enough funds to cover the additional cost of Option #2 and Option #1 would not fit its needs and therefore declined to enter into a master lease for the Property, and

WHEREAS, on May 11, 2007, the City issued a Request for Bids, based on Option #1, and

WHEREAS, on June 5, 2007, a blind bid opening was held with no bids submitted, and

WHEREAS, in June 2007, the City released a second Request for Interest for Option #2 for the lease of the Property and received responses from two interested parties, and

WHEREAS, on September 4, 2007, the City Council, per Resolution No. 2007-520, authorized staff to send a request to the DHHS asking for an 18-month extension to complete renovations and place the Property into use and authorized staff to issue an

RFQ to Master Lease the condition that if the DHHS did not approve the City's request for an extension, the City would return the property to the DHHS, and

WHEREAS, on September 7, 2007, the City submitted a letter to the DHHS requesting the extension, and

WHEREAS, on September 17, 2007, the City received a response from the DHHS acknowledging receipt of the City's request and stated it would not grant an eighteen (18) months extension and requested the City provide an update to the DHHS by no later than November 13, 2007, and

WHEREAS, the City provided the requested update to the DHHS on September 7, 2007, and

WHEREAS, on October 12, 2007, the City released the RFQ and no proposals were submitted, and

WHEREAS, on January 17, 2008, in an attempt to retain the Property, the City sent a letter to the DHHS requesting it be allowed to expand the scope of services provided at the Property, and

WHEREAS, the City also requested that if an expansion of scope of services would not be allowed, it will alternatively request that the DHHS, in conjunction with the former land-holding agency, reconsider the provision that the Property revert to the GSA, and

WHEREAS, on January 31, 2008, the City and the DHHS held a telephone conference to discuss the City's request to voluntarily revert the Property to the GSA, and

WHEREAS, on February 14, 2008, the City received a letter from DHSS acknowledging receipt of the City's January 17, 2008 letter and the January 31, 2008

letter and requested the City submit a Grantee Exit Report (Exit Report) to the DHHS to initiate the reversion process, and

WHEREAS, the City submitted the Exit Report to the DHHS on March 13, 2008, and

WHEREAS, the DHHS submitted the City's request to revert the Property and the Exit Report to the GSA and instructed the GSA to inspect the property and prepare the Deed of Reconveyance, and

WHEREAS, on February 10, 2009, a GSA representative conducted an examination and inspection of the Property to determine its condition prior to the GSA retaking possession of the Property, and

WHEREAS, on February 13, 2009, the GSA accepted the Property and ordered a Phase I Environmental Site Assessment, and

WHEREAS, in February 2009, after the GSA had accepted the Property, City staff spoke with a GSA representative to determine if some of the funds expended by the City could be recovered, and

WHEREAS, the GSA representative advised the City that based on the Quitclaim Deed requirements; the GSA would not refund any monies to the City, and

WHEREAS, on May 26, 2010, the GSA released a Notice of Available Government Property for homeless assistance, with an application deadline of September 21, 2010, and

WHEREAS, the GSA received two Letters of Interest but no applications were submitted, therefore put the property up for sale, and

WHEREAS, on October 3, 2011, the GSA opened an auction for the sale of the Property, and

WHEREAS, on November 18, 2011 the auction closed, and

WHEREAS, the GSA requested the City voluntarily reconvey the Property to the GSA at the sale closing; after which, the GSA would convey the Property to the purchaser, and

WHEREAS, on January 30, 2012, the City submitted an executed Deed to reconvey the Property to GSA, and

WHEREAS, the Deed was recorded on February 24, 2012, and

WHEREAS, in August 2012, the City received a letter from HUD requesting an update on open activities with CDBG funds expended, and

WHEREAS, one of these activities involved the Property, and

WHEREAS, the City was required to submit a remediation plan or complete and close the identified activities by September 30, 2012, and

WHEREAS, City staff requested technical assistance from HUD to develop a remediation plan; unfortunately, technical assistance was never provided, and

WHEREAS, on December 13, 2013, the City received a remote monitoring finding indicating that the Office of the Inspector General (OIG) had identified the activity associated with the Property as a "cancelled activity with funds drawn or as an activity that did not meet a National Objective", and

WHEREAS, on January 3, 2014, the City sent a letter to HUD, requesting that all, or a portion, of the funds expended on the Property be waived due to the unstable economy in our community, and

WHEREAS, HUD, in turn, requested a list of the City's Property expenditures, including documentation backing up the expenditures. The City provided the requested information to HUD on February 27, 2014, and

WHEREAS, on March 31, 2014, HUD sent a letter to the City indicating that expenditures on the Property did not meet a National Objective and that the CDBG funds expended on the Property were disallowed, and

WHEREAS, on March 31, 2014, HUD further advised the City that it was required to reimburse HUD the $232,410 in CDBG funds expended on the Project, that non-federal funds must be used and that the City had until May 15, 2014 to do so, and

WHEREAS, the May 31, 2014 letter was issued by the Office of Community Planning and Development in Washington D.C., but City staff are unable to confirm if the letter was in fact received and became aware of its existence in August 2014.

WHEREAS, HUD's guidelines require that the costs associated with an ineligible activity be reimbursed to the grantees line of credit or program account, and

WHEREAS, HUD's preference is that the grantee repay the disallowed costs from a non-federal source within one (1) year. However, HUD will allow repayments of up to three (3) years when the amount is large and the grantee can demonstrate a financial hardship, and

WHEREAS, the City cannot demonstrate a financial hardship; therefore, the funds must be repaid from a non-federal source, specifically, the City's General Fund reserve, and

WHEREAS, City staff recommends the City Council authorize $232,410 be used from General Fund reserve to reimburse HUD for the CDBG monies expended on the Property, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the repayment of Community Development Block Grant funds expended on 1230 12th Street in the amount of $232,410 with City General Funds

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby authorizes the City Manager, or his designee, to execute the agreements and any related documents.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of February, 2015, by Councilmember Lopez, who moved its adoption, with motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION AMENDING THE FISCAL YEAR 2014-2015 GENERAL FUND BUDGET TO TRANSFER FUNDS IN THE AMOUNT OF $232,410 TO THE CAPITAL GRANTS – CIP PROJECT 100302, AND AUTHORIZING THE FINANCE DIRECTOR, OR HER DESIGNEE, TO TAKE THE NECESSARY STEPS TO IMPLEMENT THE PROVISIONS OF THIS RESOLUTION

WHEREAS, on August 29, 2003 the City Council, by Resolution No. 2003-548, authorized staff to submit a "Letter of Interest" to obtain necessary application instructions from the Department of Health and human Services (HHS) for the surplus of the Social Security Administration Building located at 123012th Street, and

WHEREAS, although the building was in good condition, it did not meet current seismic standards; the cost estimate for both structural and nonstructural seismic retrofit was $58,860; the repair alteration cost estimate for continued operation was $303.000 for site repair, mechanical and electrical work, and

WHEREAS, the total Community Block Grant funds expended for 1230 12th Street Retrofit was $232,409.52, and

WHEREAS, a letter dated May 15, 2014 was sent to the City from HUD indicating the costs incurred for the 1230 12th Street Project did not meet a National Objective and therefore must be reimbursed to the grantee's line of Credit or program account.

WHEREAS, HUD's preference is that the City repay the disallowed costs from a non-federal source within one (1) year, however HUD will allow repayments of up to three (3) years when the amount is large or the grantee can demonstrate a financial hardship, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the Fiscal Year 2014-2015 General Fund budget to transfer funds in the amount of $232,409.52 to the Capital Grants – CIP Project 100302.

BE IT FURTHER RESOLVED that the Finance Director, or her designee, is hereby authorized to implement the provisions of this resolution.

RESOLUTION APPROVING THE FREE USE OF MODESTO CENTRE PLAZA ON FEBRUARY 17, 2015 FOR THE SAN FRANCISCO GIANTS WORLD CHAMPION TROPHY TOUR

WHEREAS, the City of Modesto recognizes the importance of recreation activities for all of its citizens; and

WHEREAS, the City hosts a local chapter of the Junior Giants non-competitive baseball league in conjunction with the San Francisco Giants; and

WHEREAS, the San Francisco Giants baseball team won the 2014 World Series; and

WHEREAS, the City wishes to host the 2014 World Championship Trophy Tour ("Trophy Tour"); and

WHEREAS, the Junior Giants organization has committed to bring the 2014 World Series Trophy to Modesto on February 17, 2014; and

WHEREAS, the City requires a facility large enough to host this event; and

WHEREAS, the focus of the San Francisco Giants World Championship Trophy Tour is to share the trophies with Giants' fans in Junior Giants communities throughout northern California; and

WHEREAS, in order to ensure that the City is able to host this event, the City wishes to provide the use of the Center Plaza and staff assistance at no cost to the Junior Giants organization. The cost to use Centre Plaza is less than $2,000.

THEREFORE, LET IT BE RESOLVED, by the Council of the City of Modesto that it hereby approves the free use of the Modesto Centre Plaza on February 17, 2015 for the San Francisco Giants World Championship Trophy Tour.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto on the 10th day of February, 2015 by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION AUTHORIZING THE DIRECTOR OF UTILITIES TO ISSUE CHANGE ORDERS ON THE "SUTTER PLANT IMPROVEMENTS" PROJECT IN THE TOTAL AMOUNT OF $784,160 (39.7% OF THE ORIGINAL CONTRACT PRICE)

WHEREAS, the City Council, on April 8, 2014, by Resolution No. 2014-130, awarded a $1,977,000 contract to R.E. Smith Contractor, Inc. for the construction of the Sutter Treatment Plant Improvement project, and

WHEREAS, additional work not included in the original bid needed to be added to the project to allow completion of the project, and

WHEREAS, the cost of the extra work has been estimated to be $784,160, an amount which exceeds the Director's authority for the project as established by the Council's Change Order Approval Policy adopted by Resolution No. 94-443, on July 19, 1994, and

WHEREAS, the Director of Utilities currently has authority to approve change orders up to a cumulative amount of $158,160,

NOW, THEREFORE BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Director of Utilities to issue change orders on the Sutter Treatment Plant Improvement project in the total amount of $784,160 (39.7% of the original contract price).

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of February, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2015-42

RESOLUTION AMENDING THE FISCAL YEAR 2014-2015 CAPITAL IMPROVEMENT PROGRAM BUDGET IN THE AMOUNT OF $626,000 TO BE TRANSFERRED INTO THE PROJECT ACCOUNT FROM WASTEWATER FUND RESERVES IN ORDER TO FULLY FUND CONSTRUCTION, CONTINGENCY, CONSTRUCTION ADMINISTRATION, AND ENGINEERING SUPPORT DURING CONSTRUCTION FOR THE SUTTER PLANT IMPROVEMENTS PROJECT

WHEREAS, certain budgetary transactions are necessary in the amount of $626,000, in order to fund construction, contingency, construction administration and engineering support during construction for the Sutter Plant Improvements project, and

WHEREAS, to accomplish this, the Fiscal Year 2014-2015 Capital Improvement Program Budget must be amended as shown in **Exhibit A**, which is attached hereto and incorporated by reference herein,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the amendment of the Fiscal Year 2014-2015 Capital Improvement Program Budget as shown in **Exhibit A**.

BE IT FURTHER RESOLVED that the Director of Finance, or her designee, is hereby authorized to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of February, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

Exhibit A

Due to the increase of estimated construction, contingency, construction administration, and engineering construction costs for CIP Account #100738 "Sutter Treatment Plant Improvements," the total project costs need to be increased by $626,000. This would be done by adjusting Contingency by $626,000.

To fund Sutter Treatment Plant Improvements project, $626,000 will be transferred from Water Fund Reserves into CIP Project Account #100738.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-43

RESOLUTION ACCEPTING THE CROWS LANDING ROAD CORRIDOR STUDY

WHEREAS, at its regularly scheduled meeting of March 27, 2012, City Council approved Resolution 2012-126 authorizing submittal of a grant application to the California Department of Transportation requesting $550,000 in Community-Based Transportation Planning Grant Funds for corridor studies; and

WHEREAS, at it regularly scheduled meeting of September 25, 2012, City Council approved Resolution 2010-395 accepting $247,500 of Environmental Justice Planning Grant funds for a Crows Landing Road corridor study, Resolution 2010-396, amending the budget to reflect the grant; and

WHEREAS, Planning Division staff held public workshops on September 26, 2013, August 28, 2014, and November 20, 2014, to solicit public input on the Crows Landing Road corridor study; and

WHEREAS, the corridor study considered and evaluated two main options to developing Crows Landing Road; and

WHEREAS, staff recommends, based upon public input and safety concerns, designation of Crows Landing Road to a 100-foot, four-lane minor arterial with bike lanes, as described in Chapter 7 of the Crows Landing Road corridor study; and

WHEREAS, at its regularly scheduled meeting of January 5, 2015, Planning Commission adopted a resolution recommending the City Council accept the Crows Landing Road corridor study.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby finds and determines that the proposed Crows Landing Road Corridor Study as described in **Exhibit "A", attached** hereto and incorporated herein by reference, is accepted.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the proposed Crows Landing Road Corridor Study is statutorily exempt from CEQA under Section 15262, Feasibility and Planning Studies.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of February, 2015, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

Introduction

Purpose of the Crows Landing Road Corridor Study

This study is primarily funded by Caltrans, through an Environmental Justice planning grant the City of Modesto received in 2012. The Crows Landing Road corridor study will establish a plan for a safe, efficient, and vibrant multi-modal transportation facility serving the southern portion of Modesto and nearby unincorporated Stanislaus County. Through the corridor study process, existing deficiencies will be documented, corresponding improvements will be identified, and an implementation program will be established. The corridor study

- Identifies and documents issues, problems and deficiencies to be resolved;
- Develops options to resolve issues and improve multi-modal mobility and safety; and
- Conduct in-depth public involvement process to achieve these goals.

Improvements, or solutions to problems, will be identified as short-term, relatively low-cost actions; mid-term changes; and, long-term, relatively high-cost improvements. Where and when an improvement is actually implemented will not be that simple in practice for various reasons. Funding availability and jurisdictional issues will have the greatest impact on when and where improvements are installed. Modesto expects that full implementation of the adopted plan will occur incrementally over the course of many years.

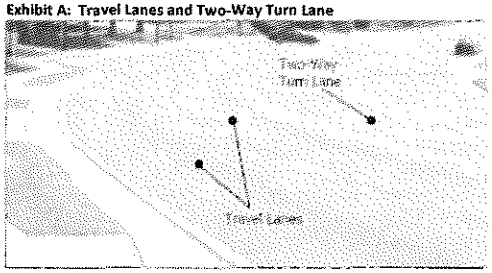
Elements of an Urban Thoroughfare

The corridor study is relatively technical. To facilitate understanding this study, major elements of urban thoroughfares are described and illustrated below. These terms and concepts are critical to understanding and discussing the future Crows Landing Road. Definitions are derived primarily from "Designing Walkable Urban Thoroughfares: A Context Sensitive Approach," a Recommended Practice of the Institute of Transportation Engineers (2010).

Travel Lanes: These are the marked lanes used by passenger vehicles, trucks, and sometimes bicycles (**Exhibit A**). They can vary in width from 10 to 14 feet or more, separated by striping. On roads used by transit buses, the lane nearest the curb or outside edge of the roadway is usually no less than 11 feet wide to accommodate the width of the transit bus. Typically, traffic moves faster in wider lanes and slower in narrower lanes. Wider lanes and higher traffic speeds can create barriers to pedestrians.

Two-Way Turn Lane: This lane allows left-turning movements from the center of the roadway for traffic moving in both directions (**Exhibit A**). According to state law, a motorist may travel no more than 100 feet in a two-way turn lane, which is intended only for turning movements, and not for driving distances. A two-way turn lane can vary in width from 12 to 16 feet, separated from travel lanes by broken yellow striping.

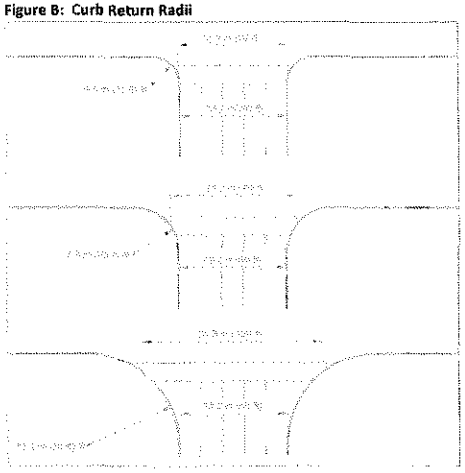
Exhibit A: Travel Lanes and Two-Way Turn Lane



Target/Design/Operating Speeds: The target speed is the desirable speed at which motor vehicles should be operated on a roadway. Design speed should be no more than 5 miles per hour higher than target speed. Operating speed is the observed travel speed under free-flow conditions.

Curb Return Radius: Curb returns are the curved portion of the corner created by the intersection of two streets. **Exhibit B** illustrates the effects of 15-foot, 25-foot, and 50-foot curb return radii on a 60-foot-wide traveled roadway. Larger curb return radii allow turning movements of large trucks and buses. The radius of a curb return also determines in part the speed at which a vehicle can turn from one street to the other, particularly right turning movements. Larger curb return radii facilitate higher speed turns and also increase the length of pedestrian crosswalks.

Figure B: Curb Return Radii



Sidewalk: The paved area alongside a road set aside for the exclusive use of pedestrians. It may be adjacent to the travel lanes or to a bicycle lane or may be separated from lanes by street trees and other objects, such as benches. Sidewalks are often four or five feet wide in residential areas and eight to 15 feet wide or more in commercial areas.

Bike Lane: A bike lane is the area set aside for the use of bicycle riders in order to improve safety and visibility. Bike lanes located on streets are typically four to seven feet wide and may be separated from travel lanes with striping or a marked buffer zone. Bicycle riders are expected to use the roadway, whether or not a bicycle lane exists. **Exhibit C** shows a bike lane without a buffer.

Exhibit C: Bike Lane

Raised Median: A raised median is a barrier four to eight inches high that is typically used to separate traffic moving in opposite directions. A raised median can provide a relatively safe place for pedestrians to wait for traffic to clear before continuing to cross the street. Traffic signs may also be placed on raised medians, improving their visibility to motorists. Raised medians may be landscaped.

Crosswalk: A location where pedestrians may legally cross travel lanes. Crosswalks may be marked or unmarked. A marked crosswalk is striped to improve the visibility of pedestrians to approaching traffic. Unmarked crosswalks are described by the imaginary right-angled extension of a sidewalk across a roadway and is also a legal place for pedestrians to cross. The crossing pedestrian is less visible to traffic in an unmarked crosswalk than in a marked crosswalk.

Crossing Distance/Crossing Time: Crossing distance is the distance for a pedestrian to cross a street, measured from curb to curb, including bike lanes and travel lanes. Crossing time, measured in seconds, is the time needed for a pedestrian to cross a street from curb to curb. Crossing times vary for different people, depending upon age and physical condition, but are typically considered to be 3.5 feet per second, which is the speed used to estimate crossing times in the figures below. Shorter crossing distances and crossing times are generally safer for pedestrians. Crossing distance and crossing time may be reduced with the addition of raised medians in the roadway that are large enough to comfortably accommodate a waiting pedestrian. Reducing the curb return radius, as shown on Figure B, can reduce pedestrian crossing distance and crossing time. Curb extensions may also be used for this purpose under some circumstances.

Chapter 1: Existing Conditions

History and Development Pattern

The Crows Landing Road corridor may be defined in many ways. Strictly speaking, it is the public right of way that constitutes Crows Landing Road, including the traveled roadway used primarily by cars, trucks, and bicycles and the curb, gutter, and sidewalk outside of the traveled roadway, used primarily by pedestrians and providing pedestrian and vehicular access to businesses that front on Crows Landing Road. This area includes a great deal of infrastructure in addition to the asphalt and concrete, such as storm drain inlets, water, sewer, and gas transmission lines, and the electrical distribution service.

A broader definition of the Crows Landing Road corridor includes the properties adjacent to and taking direct access from Crows Landing Road. A still-broader definition includes properties heavily influenced by travel and economic activity on Crows Landing Road, which may extend 500 or 1,000 feet from the edges of Crows Landing Road. This study is concerned primarily with the Crows Landing Road right of way and adjoining properties.

An unnamed 66-foot-wide road that would eventually be named Crows Landing Road, is visible on early 20th century Stanislaus County plats south of Modesto's Sphere of Influence. This road does not appear to have been connected with downtown Modesto until the Lion Bridge was built in 1916. The Lion Bridge forms a section of 7th Street where it crosses the Tuolumne River; Crows Landing Road intersects 7th Street about 430 feet south of the southern bridge embankment. Once the bridge was in place, residential development associated with proximity to downtown Modesto began. Most of the residential development in Modesto's Sphere of Influence occurred in the mid-20th century. Commercial development lagged behind residential development, with most commercial development occurring after 1960.

Today, Crows Landing Road and the land on both sides of it lie within Modesto's Sphere of Influence from S. 7th Street to Whitmore Avenue. The road itself and adjoining properties form a patchwork of jurisdictional boundaries. **Figure 1** illustrates areas both within and outside city limits at this time.

Six annexations between 1952 and 2012 have brought portions of Crows Landing Road into the Modesto city limits. Relatively recent changes to the Stanislaus Local Agency Formation Commission's annexation policies require that annexations of land include the entire roadway right of way, rather than simply extending to the roadway centerline. For this reason, Modesto has some additional control over roadway allocation and right of way decisions than it did in the past. **Figure 2** illustrates annexations to Modesto along Crows Landing Road and the year in which each annexation occurred. Nevertheless, Modesto has only an advisory role in areas that are not inside city limits.

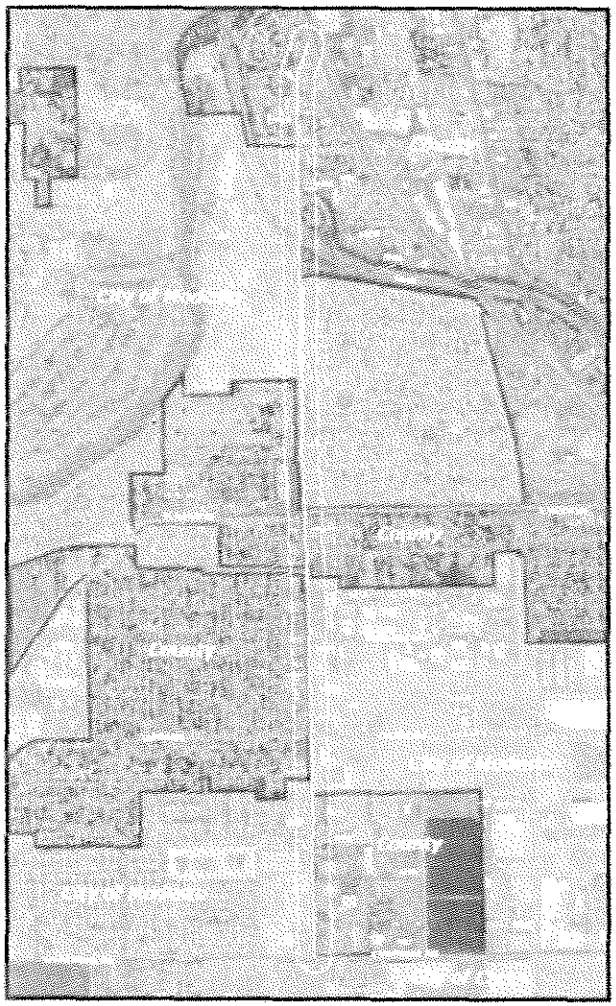
Modesto requires that physical infrastructure be planned and financed or developed to city standards prior to annexation for public safety and liability reasons. The city's policies regarding annexation and a general lack of funding for infrastructure in developed area have slowed the pace of annexations in developed County areas within Modesto's Sphere of Influence. Funding to build infrastructure in developed areas can be provided by the property owners themselves or by Community Development Block Grants, however redevelopment bonds are no longer an available funding source. Nevertheless, Modesto expects the area around Crows Landing Road from S. 7th Street to Whitmore Avenue will eventually be completely inside city limits and is undertaking this study in anticipation.

Land Use and Physical Conditions

The properties adjoining Crows Landing Road are almost exclusively developed with commercial buildings, although automobile-related industrial uses, mobile home parks, and a small single-family residential area are common between State Route 99 and S. 7th Street. South of State Route 99, there is a good deal of variety among the goods and services offered, although there is a large concentration of businesses selling cars, tires, and automobile services. Automobile-related services are more common the nearer the property is to State Route 99. Other commercial uses along Crows Landing Road encompass most commercial development expected in an urban area: grocery and convenience stores, restaurants and bakeries, a motel, and clothing and furniture stores. South of Glenn Avenue there are some industrial businesses, such as a delivery service, truck and heavy equipment rentals, and farm machinery sales. Modesto's existing general plan designations are shown on **Figure 3** and existing zoning is on **Figure 4**. Existing land uses are shown on **Figure 5**.

Mobility-Travel Conditions

Modesto's General Plan currently designates Crows Landing Road as a six-lane principal arterial, which has either 114 feet of right of way without bike lanes or 127 feet of right of way with bike lanes, as specified in the General Plan (Policy V.B.2.c). As it is currently planned, Crows Landing Road will have a Class II bicycle facility, also referred to as a bike lane. The principal arterial designation has implications for intersection designs. Modesto's Standard Specifications call for intersection widening beyond the standard 127-foot principal-arterial-with-bike-lane cross section and includes dedicated right-turn lanes and large-radius turns from the principal arterial to the intersecting roadway. Hatch Road and Whitmore Avenue are designated minor arterials; all other intersecting roadways are either collectors or local streets. Design details 382, 383, and 384 are included as **Figures 6a**, **6b**, and **6c** to illustrate how intersections along Crows Landing Road are currently envisioned.



Crows Landing Road Corridor Study

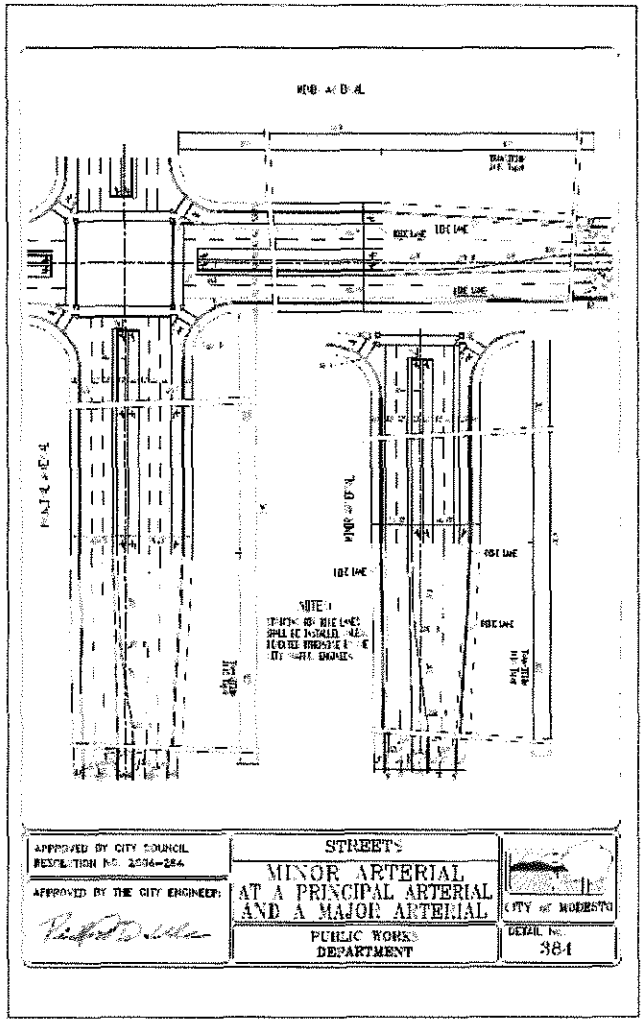
Figure 6b1
Standard Specification Design Detail 383



Crows Landing Road Corridor Study

Figure 6c
Standard Specification Design Detail 384

The portion of Crows Landing Road north of State Route 99 is highly variable in width, ranging from 60 to about 90 feet. Most of Crows Landing Road south of State Route 99 is 100 feet wide. One small segment is 105 feet wide and some short segments are less than 100 feet wide. In order to construct Crows Landing Road to principal arterial standards, very significant road widening and right-of-way acquisition will be required. **Figure 7** shows the current and future right-of-way width along the corridor.

North of State Route 99, existing right of way is utilized to provide about 32 feet of county-maintained pavement, striped for two approximately 16-foot-wide lanes, and an unpaved shoulder. There is no curb, gutter, or sidewalk and there are no street trees or bicycle facilities. On-street parking is allowed, but is limited to 2 hours. The speed limit on this section is 35 miles per hour.

South of State Route 99, the mostly 100 feet of right of way is used to provide curb, gutter, and sidewalk, two travel lanes in each direction, a center two-way turn lane or occasional 4-foot-wide raised median (north and south of Hatch Road and in the vicinity of Butte Avenue and Winmoore Way, and a small section of Class II bicycle lane between School Avenue and Pecos Avenue). Left-turn and right-turn pockets are installed at several intersections. On-street parking conditions range from prohibited to 2-hour parking or parking from 8:00 p.m. to 8:00 a.m., to unrestricted, depending upon the segment. The two-way-turn-lane ranges from 14 to 17 feet wide. The travel lane nearest the two-way-turn-lane is about 12 feet wide, and the outside travel lane ranges from 16-1/2 to 21 feet wide, including parking. Some sections of sidewalk along Crows Landing Road are missing and the property owned by the Southwest Hide Company in the 1100 block on the west side of Crows Landing Road near State Route 99 also has no sidewalk. Crows Landing Road has no bicycle facilities. Where they exist, sidewalks are 4 to 10 feet wide and are often interrupted or obstructed with utility poles, other infrastructure, mailboxes, and business advertisements. The walkways on either side of the State Route 99 overcrossing are 3-1/2 to 4 feet wide. Street trees are installed between the sidewalk and curb in some locations along Crows Landing Road, however, there are few trees. **Figure 8** shows the locations of street trees and where sidewalks are missing. The speed limit is 35 miles per hour north of Hatch Road and 40 miles per hour south of Hatch Road.

Bus Transit Service Modesto Area Express (MAX) operates two bus routes that serve Crows Landing Road, the 29 and 42, both of which provide 30-minute service from between 6:00 a.m. and 8:00 p.m. Monday through Saturday and hourly service Sunday between about 8:30 a.m. and 6:30 p.m. Route 29 provides service to and from the Downtown Transportation Center and Ceres via 9th Street and Crows Landing Road, as far south as Hatch Road and service east of Crows Landing Road. Route 42 provides service between the Downtown Transportation Center and Community Service Agency/County Safety Center south of Whitmore Avenue at Hackett Road, and service east and west of Crows Landing Road.

From north to south, MAX bus stops are located:

Route 29
- 200 feet north of Blankenburg Avenue, east side
- 100 feet north of School Avenue, east side

Route 42
- 75 feet north of Crater Avenue (with shelter), west side
- 100 feet south of Hatch Road, west side
- 50 feet south of Amador Avenue, west side
- 400 feet south of Butte Avenue (with shelter), west side
- 275 feet south of Glenn Avenue, west side
- 125 feet south of Algen Avenue, west side
- 75 feet north of Whitmore Avenue, west side

Traffic Volumes and Speeds

Modesto periodically counts traffic along major travel corridors. The most common count is Average Daily Traffic (ADT), which counts the number of motor vehicles passing a particular point. Modesto has official traffic counts adopted by City Council for 2013, 2009, and 2007. In 2013, the ADT for Crows Landing Road south of State Route 99 was 30,456 and north of State Route 99 was 11875. In 2009, the official ADT for Crows Landing Road south of State Route 99 was 30,663 and north of State Route 99 was 12,827. In 2007, ADT was 30,663 south of State Route 99 and 12,827 north of State Route 99.

In order to get a more complete picture of travel along Crows Landing Road, hourly traffic counts were also performed at two locations on Crows Landing Road in June, 2014. One site was just north of Hatch Road and the other site was just north of Whitmore Avenue. Travel is generally considered to be most critical during the morning and evening commute times when roads often carry the greatest amount of traffic in a two-hour period, typically given as 7:00 a.m. to 9:00 a.m. ("morning peak") and 4:00 p.m. to 6:00 p.m. ("evening peak"). With this in mind, the busiest single hour does not necessarily occur during the two, two-hour peak periods. For purposes of characterizing traffic flows, the higher of the two morning peaks was selected and entered on approach/departure diagrams. Field work added further detail, separately accounting for truck traffic. Traffic data are included in **Appendix A**.

Finally, speed data were collected in the field following the morning peak travel period in order to establish a baseline for typical motor vehicle travel behavior on Crows Landing Road. Three locations were selected at which vehicle speeds were measured: Blankenburg Avenue, north of State Route 99; Pueblo Avenue and Zeff Road, between State Route 99 and Hatch Road; and Imperial Avenue and 2000 Crows Landing Road, between Hatch Road and Whitmore Avenue. Each data set included 100 vehicles, making it difficult to make general statements about travel behavior, however, average speed was always higher than the posted speed limit. Speed data sheets are included in **Appendix A**.

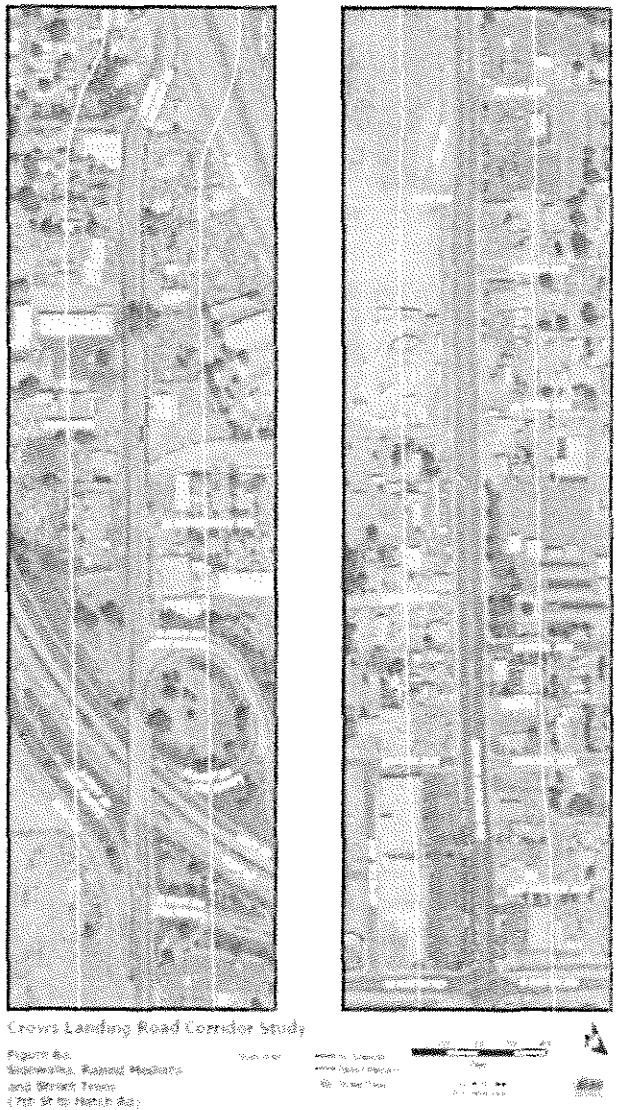
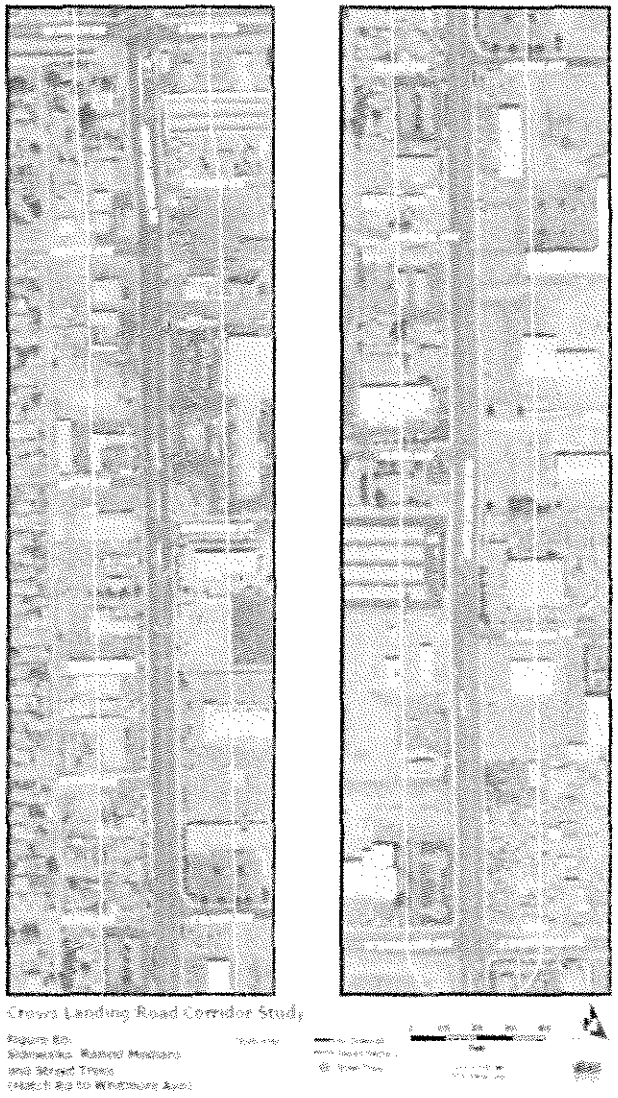
(Hatch Rd to Whitmore Ave)





Collisions

Collision data are available from the Modesto Police Department from 2004 and the middle of 2013. During this period, there were 198 reported collisions, including 141 non-injury automobile collisions (70.7%), 54 with injuries, and four fatalities. All of the four fatalities were pedestrians. A total of five bicycle-involved collisions was reported, four of which (80%) resulted in injuries. **Figure 9** displays the locations of collisions along Crows Landing Road, the severity of the collision, and the type of collision (motor vehicle only, bicycle-involved, pedestrian-involved) during this reporting period.

Collisions have occurred at virtually every intersection along Crows Landing Road during the reporting period. However, collisions are more common at intersections south of Hatch Road to Whitmore Avenue than from Hatch Road north to 7th Street. **Table 1** summarizes collisions shown on **Figure 9** and ranks intersections from most to least collisions.

Table 1: Collisions Along Crows Landing Road, 2004 - 2013

Intersection	Reported Collisions	Motor Vehicle Only			Bicycle-Involved			Pedestrian-Involved		
		Non-Injury	Injury	Fatality	Non-Injury	Injury	Fatality	Non-Injury	Injury	Fatality

Ramps and midblock	10	8	2	0	0	0	0	0	0	0

Utilities

Water There are no water lines in Crows Landing Road north of Zeff Road. At Zeff Road, two lines enter the public right of way, an 18-inch and a 12-inch distribution line. A third, 10-inch line enters the road at El Paso Avenue. Two or three water lines provide service to properties along Crows Landing Road and tie into laterals serving properties in the vicinity of Crows Landing Road down to Whitmore Avenue.

Sewer A single 8- to 10-inch sewer line lies in Crows Landing Road between Pecos Avenue and Hatch Road. A separate 10-inch line runs from Winmoore Way to E. Glenn Avenue. A trunk line provides service along the final stretch of Crows Landing Road from Imperial Avenue to Whitmore Avenue. Sewer laterals connect to the lines in Crows Landing Road at roadway intersections that lie within the city limits.

Storm Drainage North of Hatch Road, there is little storm drainage infrastructure installed in Crows Landing Road. One storm water conduit lies in Crows Landing Road between Pecos Avenue and Zeff Road and there are a few drainage inlets elsewhere. South of Hatch Road, there is a storm drainage conduit in the Crows Landing Road right of way from Olivero Road to Whitmore Avenue.

Crows Landing Road Corridor Study

Figure 1B:
Freeway Interchanges

Historic Buildings and Landmarks

There are no National Historic Register properties along Crows Landing Road or in the surrounding area and there are no designated landmarks in the study area. The California Environmental Quality Act (CEQA) recognizes that changes to a resource or to its context may result in a significant impact on the quality or importance of the historic resource. To determine whether a building is a historic resource, the following issues should be considered

(1) whether the resource is listed in or determined to be eligible for the California Register of Historic Resources;
(2) a determination of whether the resource is associated with important events or people or represents and important time period

Tuolumne River Regional Park

The south of the Tuolumne River is largely adjacent or very near to Tuolumne River Regional Park (TRRP). When complete, TRRP is expected to encompass the Tuolumne River floodplain and extend from Carpenter Road on the west to Mitchell Road on the east. Some portions of the park are usable today, such as the Legion Park unit in the Airport Neighborhood.

The portion of the city south of the Tuolumne River, as well as the Sphere of Influence areas south of the river, have relatively few parks. With the exception of the Fairview Village Specific Plan to the west, these areas were built before Modesto established standards for development that include substantial park acreage. For this reason, the Crows Landing Road corridor area relies heavily on Tuolumne River Regional Park as a recreational amenity. Tuolumne River Regional Park is designed to take advantage of the floodplain. In the Modesto area, the floodplain typically lies on the north side of the river. The bluff on the south side of the river limits access to the river and to the park.

The Gateway Unit of TRRP lies near the north end of Crows Landing Road and is accessible by crossing the 7th Street Bridge, then traveling east. The main entrance is planned to be at 10th Street and S. Morton Boulevard. At this time, riverbank restoration at the Gateway Unit of TRRP has been completed and many of the elevated walkways have been constructed. A fishing pier is expected to be built soon. Completion of the park and its amenities is expected to occur in 10 to 15 years, depending on the availability of grant funding.

Recent Changes

Shackelford Annexation In June 2012, Modesto completed the annexation of the Shackelford area. This is an area comprising about 140 acres, generally bounded by Crows Landing Road on the west, State Route 99 on the north, the Union Pacific Railroad right of way on the east, and Hatch Road on the south.

West Landing Annexation In late 2012, the adjacent City of Ceres annexed to the city 960 acres that lie along Modesto's southerly General Plan/Sphere of Influence boundary. The intersection of Crows Landing Road and Whitmore Avenue, which borders the newly-annexed territory, is 1.6 miles from the Crows Landing Road interchange with State Route 99 and 1.8 miles from the Whitmore Avenue interchange with State Route 99.

Full development of West Landing could result in up to 3,635 new single- and multi-family dwellings, 884,200 square feet of retail space, 383,910 square feet of office space, and 802,100 square feet of light industrial/business park space. There may also be 16 acres of land used for two elementary schools and 47 acres used for public parks. The most significant north-south roadway through the West Landing area is Crows Landing Road.

There is a potential for a very significant increase in automobile traffic on Crows Landing Road as the Ceres annexation area begins to develop. The capacity of the Service Road interchange is expected to increase substantially as the new Wal-Mart develops, providing a second high-capacity interchange for motorists in addition to the recently enlarged and realigned Whitmore Avenue interchange. However, there are four interchanges with State Route 99 within easy reach of the new area, three of which are in Ceres, providing new residents with four possible entrances to State Route 99. These interchanges include Crows Landing Road, Hatch Road, Whitmore Avenue, and Service Road, which are shown on **Figure 10**.

Issues Summary

When it was first built, apparently in the early 20th century, Crows Landing Road seems to have been intended to provide access from farmland south of Modesto to downtown Modesto. The construction of the Lion Bridge in 1916 provided roadway access to downtown, which was home to interregional passenger and freight rail service near the site of the existing Transportation Center. Gradually, the area along Crows Landing Road nearest the bridge was developed with houses. As Modesto grew, traffic on Crows Landing Road grew, too, and in the 1960s, State Route 99 was built through Modesto, crossing Crows Landing Road. During that same period, commercial and industrial businesses were located along and near Crows Landing Road. Some industries located in the area for access to the Union Pacific Railroad spur lines. Over the years, parts of Crows Landing Road were widened to facilitate traffic flows, however, Crows Landing Road remains at the center of existing neighborhoods.

Today's Crows Landing Road continues to serve a large residential population, as well as commercial properties and industrial users. There is substantial commercial truck traffic mixed with private vehicles, bicycles, and pedestrians. Modesto performed traffic counts in 2013. For a more detailed analysis, directional counts and truck counts (2014) were also taken at the Hatch Road and Whitmore Avenue intersections. Collisions are more common south of Hatch Road with hot spots appear at Whitmore Avenue (injury vehicle collisions), Glenn Avenue (pedestrian fatalities, injury and non-injury vehicle collisions), Winmoore Way (pedestrian injury, injury and non-injury vehicle collisions), and Amador Avenue (pedestrian fatality and injuries, bicycle injury collisions, injury and non-injury vehicle collisions. Collisions are less common north of Hatch Road, but trouble spots exist at Blankenburg Avenue (pedestrian fatality), School Avenue (non-injury vehicle collisions), Zeff Road (non-injury vehicle and injury bicycle collisions), and generally at driveway and ramps throughout the corridor (injury and non-injury vehicle collisions).

The overarching goals of this project are to improve safety, function, and aesthetics along Crows Landing Road for all users in order to support and enhance economic activity and a vibrant neighborhood. Issues addressed as part of this study include:

- Difficult, unprotected pedestrian crossings; crossing distances too great
- High traffic speeds and volumes
- Street signage and markings are difficult to see, particularly at night
- Balancing truck and automobile traffic with pedestrian and bicycle needs
- Lack of bike infrastructure
- Improving appearance of the public right of way with landscaping
- Improving roadway surface
- Sidewalks are narrow, discontinuous, absent in some places, and are often obstructed
- Some traffic signals are too close together, resulting in obstructed intersections
- Left turns from intersecting streets are often difficult or unprotected
- Development pattern is not pedestrian friendly (many driveways across sidewalk, parking lots in front of buildings)

Chapter 2: Options

Existing Roadway Summary

Crows Landing Road, as it exists today, has 100 feet of right of way from State Route 99 to Modesto's Sphere of Influence boundary at Whitmore Avenue with a small segment 105 feet wide. North of State Route 99, the right of way varies from about 60 to 90 feet. The road is designed with limited, narrow raised medians at School Avenue, Hatch Road, and Butte Avenue/Winmoore Avenue. Marked crosswalks are currently located at School Avenue, Hatch Road, Amador Avenue, and Whitmore Avenue. There are no bicycle lanes and sidewalks are absent in some places, obstructed in others, and narrow where they exist along much of Crows Landing Road. The design speed for this road is 45 miles per hour and the posted speed limit is 35 miles per hour from S. 7th Street to Hatch Road and 40 miles per hour from Hatch Road to Whitmore Avenue.

Collisions are fairly common at some intersections and uncommon at others. Four pedestrian fatalities (two at Glenn Avenue) indicate a need for improving safety for pedestrians in particular, although the five bicycle-involved collisions, of which 80 percent were injury collisions, also indicate a need for improved conditions for bicycle riders. Collisions involving pedestrians and bicycle riders are especially dangerous; careful consideration must be given to reducing those collisions. Although motor vehicle-only collisions have lower injury rates, it is both possible and desirable to reduce injury and collision rates for motorists. The entire corridor is being evaluated for safety improvements, with special attention given to intersections with severe or a high number of collisions.

Planned Roadway Summary

Modesto's General Plan shows Crows Landing Road as a six-lane principal arterial, which is 127 feet wide with bike lanes. As shown on many of the following pages, widening Crows Landing Road would mean significant changes for many businesses. Modesto's practice is to acquire additional right of way from property owners when they seek new entitlements, such as when subdividing or rezoning property. This method of right of way acquisition is inexpensive, but very slow and reduces the amount of land available for development. Additionally, widening the road increases the distance needed for pedestrians to cross the road and the time they must spend in the roadway in order to cross. Widening a roadway tends to increase the speed at which motorists travel, as well, which has the effect of increasing the severity of collisions.

Possible Options Summary

The challenge of planning the Crows Landing Road corridor is to balance the needs of and improve safety for all users of the roadway, including commercial trucks. Intersections that need particular attention include Whitmore, Amador, Glenn, Imperial, Algen, and Blankenburg Avenues and Winmoore Way, although the entire corridor is being considered for safety improvements. Two major options were considered: (1) developing Crows Landing Road as planned in the 1995 General Plan as a six-lane, 127-foot wide principal arterial from S. 7th Street to Whitmore Avenue and (2) reallocating the existing 100-foot right of way from State Route 99 to Whitmore Avenue. Option 2 includes two sub-options for the segment between State Route 99 and South 7th Street: (1) developing the road to 100 feet and (2) reallocating existing right of way with minor widening to 60 feet and possible relinquishment of some right of way in excess of 60 feet.

Pedestrian Safety

There are several ways to improve safety for pedestrians crossing a road. The crossing distance can be reduced by narrowing the road and/or adding raised medians, and traffic speeds can be reduced. Mid-block crosswalks can be added where crossings are common and marked crosswalks. Crossing times can be increased at traffic signals. Lighted crosswalks or lighted crosswalk warnings can be installed and overhead pedestrian crossings can be built. Traffic operating speeds can be reduced by narrowing travel lanes or reducing the number of travel lanes. Reducing the actual or perceived width of the roadway can also reduce operating speeds by adding raised medians, reducing lane widths, adding bike lanes, and adding trees at the roadway edge or the median, or both. Increasing pedestrian safety through these measures has the additional benefit of reducing the frequency and severity of collisions between cars and between cars and bicycles.

Outstanding Issues

As was noted in the Existing Conditions Report, the City of Modesto has jurisdiction over areas within its boundaries and much of Crows Landing Road lies outside of Modesto. However, it is the policy of Stanislaus County to implement Modesto's policies when development occurs in areas that will eventually be annexed to Modesto. This includes the entire corridor from S. 7th Street to Whitmore Avenue. Within its boundaries, Modesto can implement improvements as money becomes available or as new development occurs. Outside of its boundaries, Modesto's ability to make improvements is limited to agreements that can be reached with Stanislaus County.

Butte Avenue The first 255 linear feet of Butte Avenue west of Crows Landing Road is not deeded public right of way, although it is paved and the north side of the road is finished with curb, gutter, and sidewalk.. Right of way issues may pose some impediment to improvements and will need to be clarified and resolved prior to future annexation.

Segment North of State Route 99 The portion of Crows Landing Road that lies between State Route 99 (SR 99) and S. 7th Street ranges between 60 and 90 feet. The public right of way is partially paved and lacks sidewalks, curb, and gutter. In order to make improvements that are more than temporary along this segment, various decisions must be made, some of which may include right of way acquisition or relinquishment. Decisions related to right of way width are shown at 127 feet (6 travel lanes), 100 feet (4 travel lanes), and 60 feet (2 travel lanes). Other finished widths are possible, these widths are simply examples of how various widths might function. Each of these options includes bicycle facilities and sidewalks. This roadway is an important connection between downtown and South Modesto.

State Route 99 Overcrossing and Interchange The Crows Landing Road overcrossing of State Route 99 (SR 99) is 65 feet wide. The traveled roadway is 50 feet wide, which includes two through lanes, a right-turn lane for northbound SR 99 and a left-turn pocket for southbound SR 99. There is a raised concrete shoulder on either side of the traveled roadway, too narrow to comfortably or safely accommodate a pedestrian (about two feet wide). The interchange is a half diamond configuration with both northbound and southbound on- and off-ramps. Some truck traffic uses the Crows Landing Road interchange, but the interchange is mostly used by passenger vehicles. Widening the northern segment of Crows Landing Road to four lanes from the existing two lanes without rebuilding and enlarging the interchange would create a bottleneck at the bridge and would draw more regional and truck traffic north of Hatch Road to 7th Street. Whether the northern segment of Crows Landing Road will be widened to four lanes and the timing of any widening or whether the road will remain at two lanes will not be decided in this study. The disposition of the northern segment (north of SR 99) will affect the magnitude of funding committed to any future changes to Crows Landing Road interchange.

7th Street Bridge Replacement The existing 7th Street Bridge, also known as the Lion Bridge, is scheduled to be replaced. This is a joint project of Stanislaus County and the City of Modesto, with the County taking the lead. The bridge replacement extends to the landings on both sides of the Tuolumne River and ends at the Crows Landing Road intersection with 7th Street. Although the bridge is historic, the structure is in poor condition and cannot be rehabilitated, due to its design. The bridge may be rebuilt with two travel lanes, bicycle facilities, and sidewalks or it may be rebuilt with four travel lanes, bicycle facilities, and sidewalks. A traffic signal will control the intersection of 7th Street and Crows Landing Road. Modesto is working with Stanislaus County to ensure that the Crows Landing Road corridor planning effort and the bridge planning effort are complementary.

Whitmore Avenue The Whitmore Avenue intersection is under the jurisdictions of Stanislaus County and the cities of Ceres and Modesto. Because Ceres has annexed the area south of Whitmore Avenue, it will be responsible for improving half of the Crows Landing Road intersection. Modesto will coordinate improvements at this intersection with both Ceres and Stanislaus County.

Implementing Roadway Improvements

For simplicity, improvements have been categorized as "short-term," "intermediate- or mid-term," and "long-term." Practically speaking, the timing of all improvements is affected by jurisdictional issues and cost. Some improvements are relatively inexpensive and can be implemented more quickly, while others are most costly and won't be implemented until new development occurs.

Short-Term Actions: resurface and restripe roadway and add bicycle facilities, maintain street lighting, install marked crosswalks at some intersections, increase size of street signs
Intermediate-Term Actions: install mid-block crosswalks and warning lights, install raised medians/pedestrian refuges at limited locations, add street signs to medians, remove signal at Butte Avenue
Long-Term Actions: install street trees, install complete raised medians and mid-block pedestrian crossings, add street signs to medians, install bulbouts, widen roadway, install pedestrian overcrossing

Turning Movements at This Intersection:	Left and right, all approaches				

Chapter 3: Preferred Option

Introduction

The Preferred Option was prepared following public outreach efforts and in response to public comments. As illustrated, Crows Landing Road would be modified within the existing 100 feet of right of way south of State Route 99. The segment north of State Route 99 would be widened to 100 feet. This would also result in Crows Landing Road being redesignated in the general plan to "minor arterial, 4 lanes" from "major arterial, 6 lanes." No change in the function of Crows Landing Road would occur.

North of State Route 99

At the north end of Crows Landing Road, where it intersects S. 7th Street, the roadway must be aligned with the replacement bridge over the Tuolumne River, which is currently being designed by Stanislaus County with participation from the City. The Preferred Option (Figure 3) shows Alternative 2A/2B design for the 7th Street Bridge and how it would align with S. 7th Street and Crows Landing Road. In addition to the reconstruction of this intersection, a traffic signal will be installed. In the Preferred Option, all of Crows Landing Road would have 100 feet of right of way. This would require substantial dedication or purchase of land and widening of up to 40 feet in some areas and as little as 15 feet in other areas. Utility poles would need to be relocated to the edge of the right of way. Widening of this portion of Crows Landing Road could add pressure to reconstruct the Crows Landing Road interchange.

Features:

- Four travel lanes (11 feet each)
- Two Class 2 bicycle lanes (6 feet each) and buffers (4 feet each)
- Two sidewalks (10 feet each)
- Raised median (16 feet) with turn pockets at some locations
- Street trees at the edge of roadway, possibly also in median

South of State Route 99 to Hatch Road

This section would not be widened beyond its current 100-to-105-foot right of way. All of the proposed changes would be made within the existing right of way. In this section, most utility poles are located at or near the edge of right of way, but the sidewalk tends to be narrow, making it difficult in some locations to walk past a pole without stepping off the sidewalk. Street signs will be added in advance of intersections to provide advance warning.

Features:

- Four travel lanes (11 feet each)
- Two Class 2 bicycle lanes (6 feet each) and buffers (4 feet each)
- Two sidewalks (10 feet each)
- Raised median (14 to 16 feet) with turn pockets at some locations
- Street trees at the edge of roadway, possibly also in median
- Possible addition of lighted crosswalk or pedestrian overcrossing (School Avenue)

Hatch Road to Whitmore Avenue

This section would not be widened beyond its current 100-foot right of way. All of the proposed change would be made within the existing right of way. In this section of Crows Landing Road, most utility poles are located at or near the edge of right of way, but the sidewalk tends to be narrow, making it difficult in some locations to walk past a pole without stepping off the sidewalk. Several mailboxes on the east side of the road appear to be located in the right of way and will be moved onto the owner's property. Street signs will be added in advance of intersections to provide advance warning.

Features:

- Four travel lanes (11 feet each)
- Two Class 2 bicycle lanes (6 feet each) and buffers (4 feet each)
- Two sidewalks (10 feet each)
- Raised median (14 to 16 feet) with turn pockets at some locations
- Street trees at the edge of roadway, possibly also in median
- Possible removal of one traffic signal (Butte Avenue) and addition of another (Algen or Imperial Avenue)
- Possible reduction of speed limit

More Detailed Study

Prior to the removal of the signal at Butte Avenue or the installation of a signal at another intersection, such as E. Glenn Avenue or Imperial Avenue, careful study and consideration will need to be given to the effect of such changes on nearby intersections, and on travel speeds on Crows Landing Road. The signal at Butte Avenue provides a protected crossing point for pedestrians, but two pedestrians have been killed in recent years just north of Butte Avenue, which indicates a need for further pedestrian accommodations.

Additionally, prior to the installation of substantial raised medians, city staff will meet with property owners and conduct driveway volume measurements if necessary to determine where medians should be open to allow left turns and which driveways can be right-in-right-out. In those situations, staff will also consider the need to allow u-turns at some intersections. Public safety will be given highest priority.

Chapter 4: Funding and Implementation

Cost Estimating

Cost estimating is an iterative process. When a project is in the conceptual stage, preliminary cost estimates are also provided conceptually, utilizing a typical per-unit cost. As a project's design is refined, costs are further refined and may rise or fall, depending upon specific project needs. The Crows Landing Road corridor study represents the conceptual phase of project development, therefore cost estimates, shown in **Table 2** below, are typical per-unit costs. These estimates are provided in constant 2014 dollars for materials and labor with no provision for inflation. The cost of each project will vary depending upon the specific circumstances. For comparison, a preliminary estimate of constructing Crows Landing Road to standard specifications consistent with the general plan is preliminarily estimated at $11.8 million in current dollars. This includes resurfacing and restriping to include bike lanes; reconstructing curb, gutter, and sidewalk; adding signal loop detectors; relocating utilities; undergrounding a portion of the Turlock Irrigation District canal; and purchasing some right of way.

Table 2

	Unit Cost	Unit	Quantity	Project Cost
Resurface (minimum thin overlay)	$90	Ton	7,374	$663,660
Restripe, including bike lanes	$350,000	Lump Sum	1	$350,000
Raised median (14 - 16 feet wide)	$15	Square Foot	56,000	$840,000
Intersection signage in median	$10,000	Lump Sum	1	$10,000
Remove signal	$25,000	Lump Sum	1	$25,000
Add signal	$400,000	Lump Sum	1	$400,000
Install concrete sidewalk only	$12	Square Foot	34,650	$415,800
Install concrete sidewalk, curb, gutter	$20	Square Foot	43,240	$864,800
Bulbout (one)	$5,000	Each	1	$5,000
Enhanced crosswalk (overhead lighting)	$20,000	Each	1	$20,000
Pedestrian overcrossing	$2,500,000	Each	1	$2,500,000
Street trees (40 feet on center)	$600	Each	150	$90,000
Landscaping (not trees)	$8	Square Foot	56,000	$448,000
ADA Ramps	$3,500	Each	60	$210,000
Traffic Detection Loops	$600	Each	120	$72,000
Street Lighting	$12,000	Each	70	$840,000
Adjust Street Utilities to Grade	$600	Each	130	$78,000
			Sub Total	**$7,832,260**
			Design (10%)	$783,226
			Inspection and Administration (10%)	$783,226
			Contingencies (8%)	$626,581
			Total	**$10,025,293**

Project Implementation

Complex transportation projects, such as Crows Landing Road, as often funded through a variety of sources. Transportation funding typically restricts eligibility by phase of construction (planning, preliminary design, final design and construction) or by type of improvement (pavement and striping, bicycle and pedestrian, aesthetic elements such as trees, or safety measures). Funding for construction and maintenance are made available through federal and state sources, as Modesto and Stanislaus County have very limited local transportation funding sources. Transportation funding, therefore, is limited by federal and state rules and regulations and is limited to the amount of money available from various federal and state sources. The amount of money available fluctuates over time.

Changes to the public right of way are identified as short-term, relatively low-cost actions; mid-term changes; and, long-term. Practically speaking, the timing of all improvements is affected by jurisdictional issues and cost. Some improvements are relatively inexpensive and can be implemented more quickly, while others are most costly and won't be implemented until new development occurs. Where and when a change is actually implemented will not be that simple in practice for various reasons. Funding availability and jurisdictional issues will have the greatest impact on when and where changes are implemented. Modesto expects that full implementation of the adopted plan will

occur incrementally over the course of many years. Modesto and Stanislaus County have a history of working together on infrastructure projects, which is expected to continue with the Crows Landing Road improvements. This will provide continuity for improvements, as the jurisdictional boundaries of the two agencies create a patchwork, as shown on **Figure 1** in Chapter 1.

Short-Term Actions:

- resurface and restripe roadway and add bicycle facilities
- maintain street lighting
- install marked crosswalks at some intersections
- increase size of street signs

Intermediate-Term Actions:

- install mid-block crosswalks and warning lights
- install raised medians/pedestrian refuges at limited locations
- add street signs to medians
- remove signal at Butte Avenue

Long-Term Actions:

- install street trees
- install complete raised medians and mid-block pedestrian crossings
- add street signs to medians
- install bulbouts
- widen road north of State Route 99
- install pedestrian overcrossing
- install or widen sidewalks

Funding Sources

Transportation projects are typically funded through a variety of sources. Some elements of a roadway, such as pavement, are eligible for road funds, while other elements, such as new bicycle and pedestrian facilities, lighting, or street trees are eligible for more limited funding sources. Large-scale development projects often fund major changes to public right of way, but may only be responsible for public right of way immediately adjacent to their property or for changes that can clearly be shown to be needed due to the project. Funding for traffic signals or a portion of a traffic signal is a good example of this.

Most transportation funding is controlled by the Stanislaus Council of Governments, which plans the use of, determines project eligibility for, and administers virtually all of the transportation funding used in Stanislaus County. Each city or county is responsible to prepare a prioritized list of projects city or county staff believes is eligible for a particular fund. The total amount of each funding source available in a particular year is subject to federal and state discretion. Therefore, the amount and type of regionally-controlled funding available to any one project is under minimal local control. Fees paid by developers and any citywide tax measures are collected and administered by the jurisdiction in which the funding is collected and each agency has generally greater discretion to spend the collected local funds.

Most of the short-term actions listed above will be eligible for RSTP money, although lighting and signage will probably be funded locally. Intermediate-term actions are largely eligible for ATP or local money, although traffic signal work may be eligible for RSTP. Most long-term actions will be eligible for local funding or ATP.

Regionally-Controlled Funds

Regional Surface Transportation Program (RSTP)
Capital costs for transportation projects, reconstruction or resurfacing of roads, operational improvements, bicycle and pedestrian facilities, highway safety improvements, transportation enhancement activities, and transportation control measures are all eligible to receive RSTP funding. This fund is administered by the Stanislaus Council of Governments.

Active Transportation Program (ATP)
This program consolidates existing federal and state transportation programs, including the Transportation Alternatives Program (TAP), Bicycle Transportation Account (BTA), and State Safe Routes to School (SR2S), into a single program with a focus to make California a national leader in active transportation. Eligible projects increase bicycle and walking trips, improve safety for non-motorized travelers, reduce greenhouse gas emissions, improve public health, and share benefits with disadvantaged communities. This fund is administered by the Stanislaus Council of Governments.

Local Funding

The City of Modesto controls infrastructure funds that are raised locally. These funds can be used for a variety of purposes, including capital and operating costs. Local funding sources may include the Capital Improvement Program, Local Assessment District, or a local sales tax measure. Because regionally-controlled money requires financial participation from local agencies, local funding is often used to match regionally-controlled funds. Additionally, cities can require frontage and alley improvements from developers in conjunction with new development or property improvements that exceed 50 percent of the appraised value of the structures.

Chapter 5: Land Development

Existing Development Pattern

Development patterns can promote or inhibit automobile access or pedestrian and bicycle access. Automobile-promoting development patterns are characterized by wide roads, high travel speeds, parking-fronted development, direct access to adjacent roads, and large-radius curves. Pedestrian- and bicycle-promoting development patterns, on the other hand, are characterized by lower motor vehicle speeds, limited turning opportunities, buildings at or near the back of sidewalk with doors and windows oriented toward the wide sidewalk, street trees planted at the edge of the traveled roadway, short crossing distances across streets, and limited driveways crossing sidewalks. In areas where cars typically move rapidly down the street, businesses aim to attract attention using larger signs, or signs that flash or move. This effect is enhanced when commercial buildings are placed behind parking lots, farther from the street edge, making it more difficult for passing motorists to see signs attached to buildings. Several of these issues have been addressed as part of the Preferred Option for Crows Landing Road.

The majority of properties adjacent to Crows Landing Road are occupied by buildings located away from the public right of way to provide parking between the buildings and the sidewalk. Virtually all of the properties adjacent to Crows Landing Road provide motor vehicle access to parking from a driveway on Crows Landing Road. The resulting pattern of development increases sight lines for motor vehicles (encourages higher travel speeds)and allows vehicles to move across travel lanes at a large number of locations creating a large number of potential conflicts and a travel environment characterized by a high degree of unpredictability. For pedestrians and bicycle riders, who move more slowly than motor vehicles, the unpredictability of motor vehicle movements can be intimidating and physically dangerous. Parking lots located in front of buildings reached by driveways cut across the sidewalk makes walking down the sidewalk relatively unsafe, as vehicles may enter and exit driveways across the sidewalk every few feet and also makes it more difficult for a pedestrian to reach the front door of the business, by necessitating a walk through the parking lot. Curb cuts tend to result in a sidewalk that slopes downward toward the street, making pedestrian access for people with mobility problems (e.g. wheelchair, walker) more difficult. Motorists can also find this development pattern challenging, as maximizing motor vehicle access points to Crows Landing Road increases the locations from which cars may enter or exit the roadway. Two-way left-turn lanes increase the number of points from which motor vehicle traffic may enter or exit the traveled roadway.

General Plan and Zoning As noted earlier and as shown on **Figure 1**, jurisdictional boundaries in the study area are fragmented with some areas governed by Modesto and some governed by Stanislaus County, although all of the study area is in Modesto's Sphere of Influence. **Figures 3 and 4** show Modesto's existing general plan designations and Modesto's and Stanislaus County's existing zoning along the Crows Landing Road corridor. North of State Route 99 and northeast of the intersection of Crows Landing Road with Whitmore Avenue, the properties in Stanislaus County are designated Industrial. Properties in the County that front Crows Landing Road are designated Commercial. Properties near the corridor, but behind Commercial properties are designated either Urban Transition (west of Crows Landing Road) or Low or Medium Density Residential (both east of Crows Landing Road). The County's general plan designations are generally consistent with the City's general plan designations, although some areas, such as those zoned for A2-10 (10-acre agricultural parcels) are not consistent with Modesto's general plan. Modesto's draft general plan amendment redesignates the former tallow plant site (west of Crows Landing Road and adjacent south of State Route 99) from Industrial (I) to Business Commercial Residential (BCR), which, if adopted, would allow for business park, commercial, and medium-high density residential uses in close proximity to one another to create a walkable area.

Creating a Pedestrian-Friendly Development Pattern

In order to improve the pedestrian-friendliness of Crows Landing Road, it is important to slow traffic and make motor vehicle movements more predictable; reduce potential conflicts between pedestrians and traffic; and locate buildings and building entries near the sidewalk.

Sidewalks Curb, gutter, and sidewalk is absent or narrow (less than 10 feet) in many areas. Narrow sidewalks can be difficult to negotiate and often are further narrowed by utility poles and various kinds of signage. Add fairly high traffic speeds and freight trucks on the adjacent roadway to the narrow sidewalk and walking can be uncomfortable for pedestrians. Ten-foot-wide sidewalks will be constructed or widened along Crows Landing Road as development or annexation occurs or as funding becomes available. Adding bicycle lanes and buffers and adding street trees at the roadway edge will move motor vehicle traffic away from the sidewalk to provide a more comfortable pedestrian experience.

East and west of Crows Landing Road, just behind the corridor, most developed blocks are short, making a walking trip to Crows Landing Road reasonably short. However, much of the land on either side of the corridor is not developed with curb, gutter, and sidewalk or with storm water drainage. This makes walking problematic, especially during wet weather, when unpaved areas are muddy. Generally speaking, areas that have been annexed to the City of Modesto are equipped with curbs, gutters, and sidewalks and have some sort of storm water drainage system. Exceptions to this occur at Amador Avenue, which was annexed to Modesto in 1959 without the adjoining properties, and the southeast corner of E. Glenn Avenue, which was annexed in 1979 and is occupied by a building located in what will eventually be the public right of way.

Other streets that intersect Crows Landing Road and which are not improved with curb, gutter, and sidewalk are Blankenburg Avenue, Butte Avenue, Colusa Avenue, Crater Avenue, Flamingo Drive, Imperial Avenue, Olivero Road, Glenn Avenue west of Crows Landing Road, and the southeast frontage of Hatch Road. Additionally, Kendee Road is unpaved. Past practice has been for Modesto to reach an agreement with Stanislaus County regarding installation of infrastructure prior to annexation of developed areas. This practice is expected to continue for future annexations of developed areas, but does not apply to Amador Avenue, which has already been annexed to the City of Modesto.

Driveway Placement Driveways should be relatively few in number and oriented to the streets intersecting Crows Landing Road whenever possible. This will occur with new development and requires the development of cross-access easements to allow access to several parcels from a driveway on one parcel. Coordination and cooperation between neighboring property owners is necessary, but provides important benefits. Reorienting driveways to intersecting streets will smooth the flow of traffic in the curb lane on Crows Landing Road by reducing the points at which a right turn is possible. Additionally, closed driveways should be replaced with sidewalk to reduce hazards for the mobility impaired. Discretionary permits for new construction may consider driveway closures and sidewalk reconstruction to meet Modesto's current driveway location standards.

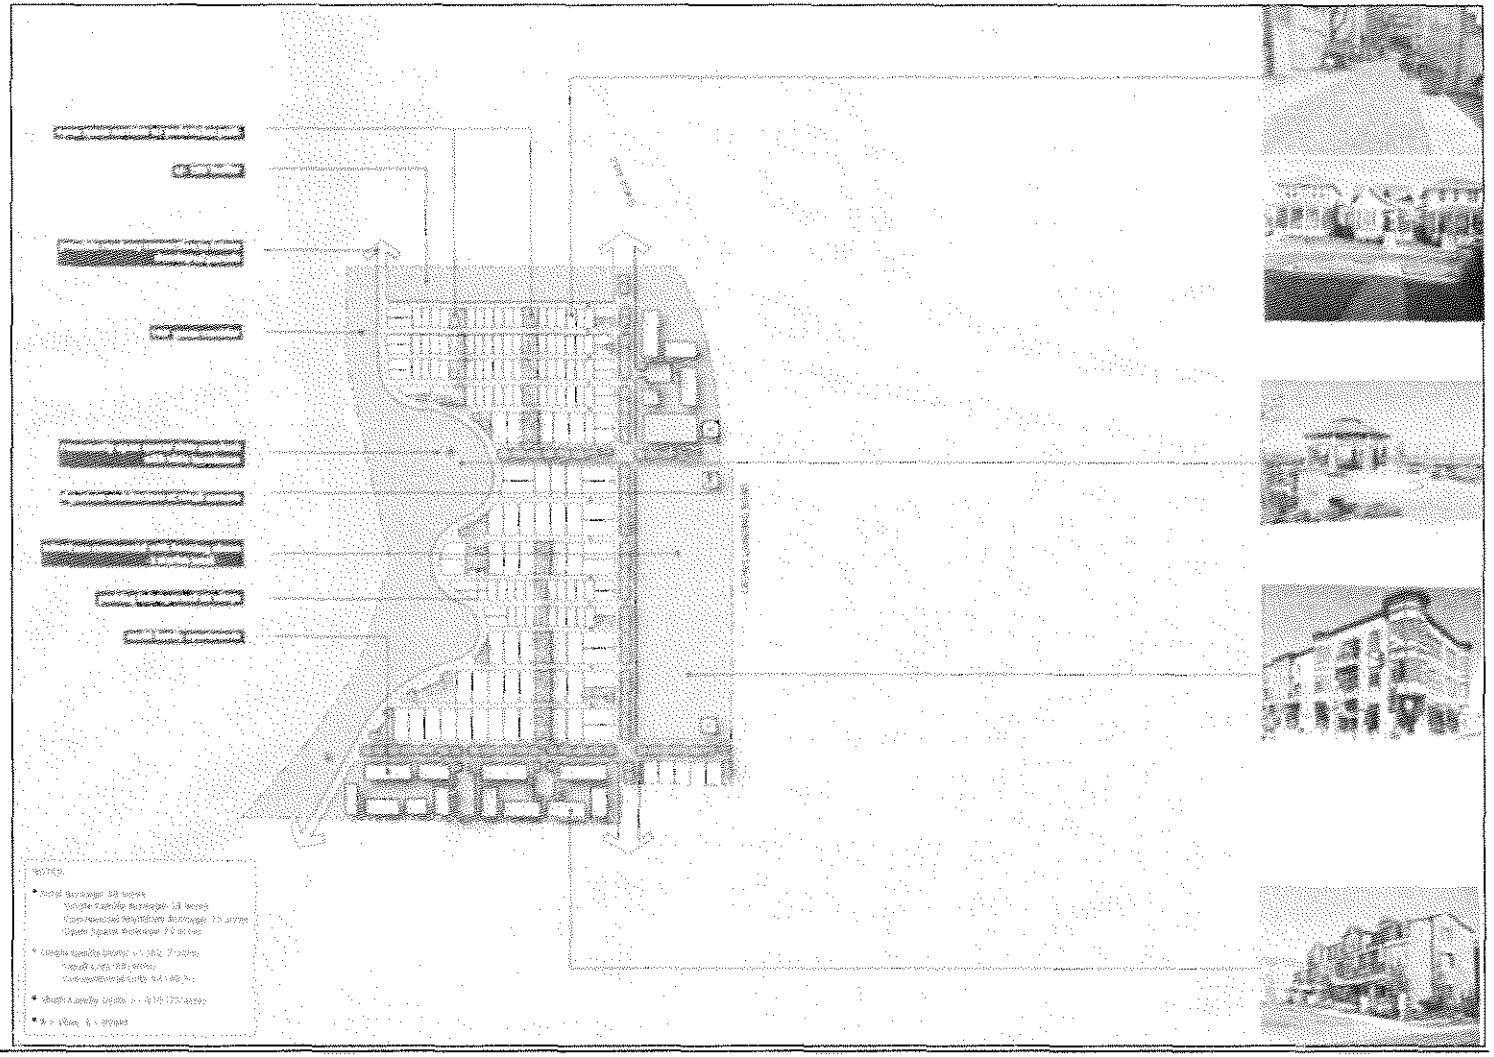
Building Location and Orientation Changing where new buildings can be located on a site is a long-term strategy for transforming the Crows Landing Road corridor that will require revisions to the zoning code. Redeveloping the Crows Landing Road corridor to be more pedestrian friendly should include locating new buildings close enough to the sidewalk that parking between the building and sidewalk is eliminated. Building entries and display windows should be oriented to the sidewalk and street with parking behind the building. Entries from the rear parking area might be provided through a secondary rear entrance or via passages between buildings leading to the front entries adjacent to the sidewalk. This would have multiple benefits, including reducing motor vehicle sight lines, which will contribute to reducing vehicle speeds; eliminating the need for pedestrians to cross parking lots in order to enter the building; and reducing the perceived need for larger signs and banners to identify businesses that are set back from the edge of right of way.

Implementation

New or updated zoning regulations will need to be established to shape future development along Crows Landing Road. Such regulations will need to consider such issues as building placement, allowable land uses, landscaping, and access standards. Additionally, zoning regulations will need to consider near-term and mid-term approaches for addressing non-conforming development. Various options include a form-based code for the area, an overlay zone, or design guidelines or some combination of these approaches to ensure a more vibrant, pedestrian-friendly environment. A general plan amendment may also be necessary, if Modesto wants to allow a mix of commercial and residential land uses. A possible development concept showing building locations, uses, and access, is shown on **Exhibit D**.

As developed areas are annexed to Modesto, the City will continue to pursue its agreement with the County providing for the installation of infrastructure to City standards. Nevertheless, Modesto will also need to develop a strategy to install curb, gutter, and sidewalk along those portions of Amador and E. Glenn Avenues that have already been annexed to Modesto. In coordination with Stanislaus County, Modesto will need to develop a strategy for consolidating driveways and retrofitting with vertical curbs and raising the sidewalks to grade.

Exhibit D: Possible Future Development Scenario Along Crows Landing Road



Chapter 6: Public Outreach

Public Outreach Efforts

While public agencies hold regular public meetings, such as Planning Commission and City Council meetings, subject to state laws, public outreach represents an additional effort to seek public input and increase constructive engagement on a project to help shape the ultimate design of the project. As part of public outreach, agency staff holds meetings in the community at locations that may be more convenient to the public than the chambers at City Hall, where Planning Commission and City Council meetings are generally held. Specific community groups and other stakeholders are targeted in an effort to ensure that the people most affected by a project have an opportunity to provide their opinions. Public outreach also helps increase community awareness of the planning process. Public notices were distributed in English and Spanish by mail to property owners within 300 feet of Crows Landing Road and also by email. Spanish translation services were provided by the Ceres Partnership for Healthy Children and Stanislaus County. The Crows Landing Road Corridor Study included three meetings public workshops, in addition to the Planning Commission and City Council meetings necessary for adoption.

First Public Workshop The first public workshop, to discuss existing conditions on Crows Landing Corridor, was held on September 26, 2013, at the Shackelford Elementary School cafeteria. Shackelford Elementary School is located at the intersection of Crows Landing Road and School Avenue. A presentation was given concerning development patterns and administrative boundaries, general plan policies relating to Crows Landing Road and adjoining development, travel conditions and safety issues, and economic development. Much of the information contained in Chapter 1 of this report was presented at the first workshop.

Approximately 50 people participated in this workshop. Comments received include:

- Safer crossings for pedestrians throughout the corridor
- Lighted crosswalks or pedestrian overcrossing at School Avenue and lighted crosswalks at Amador Avenue
- Improved street light maintenance
- Maintenance of road markings
- Add traffic signal between Winmoore Avenue and Whitmore Avenue
- Traffic signals are too close together in some places
- Residential development may not be appropriate or safe along Crows Landing Road
- Sources of funding for improvements
- Focus on existing businesses
- Parklawn neighborhood interested in annexation
- Modesto should make a presentation to South Modesto Municipal Advisory Council

South Modesto Municipal Advisory Council This meeting was held on November 14, 2013, at the County Agricultural Center, which is located on Cornucopia Way, near the intersection of Crows Landing Road and Service Road. The South Modesto Municipal Advisory Council is a committee of persons appointed to advise Stanislaus County on issues affecting the populous but unincorporated portions of Stanislaus County that lie immediately south of Modesto. City staff was invited by County staff to present the existing conditions report to the South Modesto Municipal Advisory Council.

Approximately 40 people attended this meeting. Comments received include:

- Impacts of widening on existing businesses
- Lighted crosswalks to improve safety
- Pedestrian overcrossing should be added at School Avenue
- Some traffic signals are too close together
- Landscaping and street trees would make the street look better and create a better walking environment
- Be sure to engage the business community
- Will the former tallow plant site be developed?
- Street lights need better maintenance
- Street signs and markings can be hard to read
- Left turns from side streets onto Crows Landing Road can be dangerous, but may not need new turn signals
- Bus shelters are needed
- Utilities obstruct sidewalks in some locations
- Some parking lots create queues onto Crows Landing Road
- An economic study and opportunity map would be helpful
- There should be a comprehensive signage plan
- Businesses should participate in vocational training programs
- Pedestrian pathways should be marked on parking lots
- The City and County should coordinate street and land development standards

Second Public Workshop This workshop was held at the Shackelford Elementary School cafeteria on August 28, 2014. This meeting addressed the various conceptual design options being considered for Crows Landing Road. The design concepts shown in Chapter 2 were presented and discussed. Comments were submitted orally and in writing.

Approximately 15 people participated in this workshop. Comments received include:

- Majority preferred 100 feet south of SR 99
- Majority preferred addition of street trees
- Cost of improvements
- Parking requirements and the impact on parking
- Coordination between City and County
- People walk and bike along Crows Landing Road, support for facilities
- Consider aesthetics
- Consider future growth
- Pedestrian safety at Glenn, Imperial, Blankenburg, and Amador Avenues
- Street lights don't seem bright enough for safety
- Consider diagonal crossing/scramble for Hatch Road for school children
- Consider lighted crosswalks
- Concern over the cost of lighted crosswalks versus overhead lighting for crosswalks
- Timing of improvements
- Interest in traffic counts and effect of improvements on traffic delay
- Address illegal on-street auto sales; eliminate on-street parking or add time limits
- Add a traffic signal to slow traffic between Glenn Avenue and Whitmore Avenue
- Allow left turns in-out at Crater Avenue/Barozzi Avenue
- Median should have no landscaping
- Potholes north of SR 99 should be repaired
- "Keep clear" markings needed at unsignalized intersections
- Sidewalk needed on SR 99 overcrossing and on the west side of Crows Landing Road
- Underground TID canal
- Keep canal banks free of weeds and debris

Third Public Workshop The third workshop was held on November 20, 2014, at Shackelford Elementary School cafeteria and was attended by approximately 20 people. The draft Preferred Option was presented for comment and refinement. These comments, together with those received at the earlier meetings, were used to develop the preferred option illustrated in Chapter 3. Comments received include:

- Pedestrian improvements/lighted crosswalks should be a high priority
- Be careful that improvements don't cause cars to back up into Crows Landing Road
- No median should be installed from Crater Avenue to Barozzi Avenue
- Additional street lighting should be installed
- Butte Avenue signal was installed for pedestrians
- Two-lane bridge over State Route 99 should be widened to four lanes
- Bikes should use the sidewalk
- Median might create an expressway
- Best location for new signal might be Imperial Avenue, due to fire station and distance from Winmoore and Whitmore Avenues
- Traffic exiting southbound State Route 99 at Crows Landing Road should be able to turn left to go north on Crows Landing Road

Staff has attempted to address all of the community's expressed concerns in this corridor study report, either by incorporating suggested revisions or by written explanation in the corridor study report. Some comments are unrelated to work product for the Crows Landing Road Corridor Study, but may be addressed in the context of other projects.

Chapter 7: Recommendation

Context

Crows Landing Road varies in character along the two-mile study area. The northernmost stretch north of State Route 99 is industrial in nature with a small remnant of the former residential area along Blankenburg Avenue. The portion of the road between State Route 99 and Amador Avenue has a strong neighborhood character. Businesses are smaller and generally neighborhood-serving, with residential areas immediately adjacent. South of Amador venue, the character of the corridor is mixed: east of Crows Landing Road is a substantial industrial area, while west of Crows Landing Road is a mix of highway-oriented and neighborhood-oriented retail on larger lots. South of Algen Avenue, Crows Landing Road becomes primarily industrial and highway-oriented with development including a John Deere dealer, FedEx, and a mini-storage facility. The commercial development west of Crows Landing Road and south of Algen Avenue is immediately adjacent to residential development, but the uses are increasing highway-oriented moving south, rather than neighborhood-oriented. A substantial number of commercial buildings along Crows Landing Road are 40 to 60 years old. Although there are many examples of investment along the corridor in the last 25 years, there are significant opportunities for reinvestment and renewal.

Roadway Designation and Design Elements

In order to change Crows Landing Road from six lanes to four, the facility will need to be redesignated in the general plan from Principal Arterial to Minor Arterial. While this designation does not necessarily include all of the elements in the manner or dimensions illustrated in the Preferred Option, staff will recommend adopting those elements, with refinements to be made as needed. This recommendation varies from the Standard Specifications in several ways. Engineering best practices have been and will be employed to maximize safety for all travelers. Specifically, elements will include:

- 100-foot right of way (typical)
- 11-foot travel lanes (typical)
- raised medians (channel and refuge)
- 10-foot-wide sidewalks (typical)
- reduced/relocated driveways
- 6-foot-wide bicycle lanes (typical)
- 4-foot-wide buffers (typical)
- street trees at roadway edge

Priority Projects

Pedestrian Safety Perhaps the most pressing issue on Crows Landing Road is pedestrian safety. In spite of the traffic signal at Butte Avenue having been installed, in part, to improve pedestrian safety, two pedestrians have been struck by cars and killed in recent years near Glenn Avenue. Pedestrian safety improvements, such as refreshing pavement markings and installing push button-activated flashing signage to draw attention to pedestrians in the street, should be made a high priority. Increasing green times for pedestrians at traffic signals to allow children and the elderly to cross streets more safely, such as at Hatch Road and School Avenue, should also be evaluated and implemented based on contemporary transportation practices. Additional signage and other improvements to improve safety for school children should also be considered at School Avenue, which has a traffic signal, and possibly also for Crater Avenue/Barozzi Avenue, which does not have a signal, but where children cross Crows Landing Road nevertheless. Pedestrian refuge islands may be added at key locations to further improve safety. Further traffic-calming devices, such as speed bumps, should be considered on local streets in the vicinity of Shackelford Elementary School. Priority pedestrian projects include:

- Refresh crosswalk at Amador Avenue
- Consider additional flashing crosswalk at Glenn Avenue
- Install pedestrian refuge islands at crossings
- Traffic-calming devices on local streets near Shackelford School
- Install push button-activated flashing signage for crosswalk at Amador Avenue
- Increase standard green times at signals to allow safe crossing
- Signage and other improvements at School and Crater/Barozzi Avenues

Resurface/Restripe Visibility of road markings other than pedestrian crossings is also a problem on Crows Landing Road. The pavement surface is cracked and worn in many places, which prevents road markings from adhering to the pavement. Because of the amount of traffic Crows Landing Road carries, it should be made a high priority for resurfacing and restriping. When resurfacing and restriping occur, travel lanes will be reduced in width and bicycle lanes and buffers can be added, which will also improve pedestrian safety by moving traffic away from the curb and sidewalk, while providing additional safety and visibility for bicycle riders and for motorists exiting driveways and intersecting streets.

Further Study

Traffic Signals The traffic signal at Butte Avenue, in combination with the signal at Winmoore Way, creates traffic flow problems, particularly when a standard-length freight truck is caught between signals. Apparently the signal was installed to improve pedestrian safety, but pedestrian fatalities still occur north and south of Butte Avenue at Glenn and Amador Avenues, suggesting the need for a different solution or set of solutions to improve pedestrian safety. Modesto has planned to install a traffic signal at Glenn Avenue for many years, but has not yet done so, due to difficulty obtaining right of way. Furthermore, traffic speeds are high on the southernmost stretch of Crows Landing Road, where the greatest number of collisions also occurs. Reducing travel speeds will help improve safety by giving motorists more time to respond to changing road conditions and also by reducing the severity of collisions when they occur. Adding a traffic signal to Imperial Avenue should be considered to help reduce travel speeds and also to improve access to Crows Landing Road for the Industrial Fire Protection District's emergency vehicles. Careful consideration will be given to the effect of signal installation or removal on nearby intersections and on travel speeds.

Extended Raised Medians Raised medians have been recommended throughout Crows Landing Road with limited openings for left-in left-out traffic at intersections and driveways. Prior to the installation of substantial raised medians, city staff will meet with property owners and conduct driveway volume measurements, if necessary, to determine where medians should be open to allow left turns with careful consideration given to public safety.

On-Street Parking Evaluate whether on-street parking is desirable or necessary in conjunction with adjoining businesses. Care should be taken to avoid creating friction between neighboring businesses where customers or employees of one business may occupy parking on a nearby property. On-street parking can help pedestrians feel safer on the sidewalk by creating a buffer between them and moving traffic, but they can pose a hazard for bicyclists, who may need to avoid a suddenly-opened door.

Land Use

New or updated zoning regulations will need to be established to shape future development along Crows Landing Road. Such regulations will need to consider such issues as building locations, allowable land uses, and access standards. Additionally, zoning regulations will need to consider near-term and mid-term approaches for addressing non-conforming development. Modesto may develop a form-based code for the area, an overlay zone, or design guidelines or some combination of these to ensure a more vibrant, pedestrian-friendly environment. A general plan amendment may also be necessary, if Modesto wants to allow a mix of commercial and residential land uses. The primary focus should be to support and enhance the pedestrian-friendliness of Crows Landing Road between State Route 99 and Amador Avenue (both east and west), which has a distinct neighborhood orientation and the west side of Crows Landing Road between Amador and Algen Avenues, which has a similar character. These areas have good potential for redevelopment. Future development patterns for the segments of Crows Landing Road that are more industrial or highway-oriented should be given careful consideration with respect to expansion and reuse and secondarily for redevelopment. Access policies should be carefully thought out for the entire corridor in the context of neighborhood-, industry-, or highway-orientation.

As developed areas are annexed to Modesto, the City will continue to pursue its agreement with the County providing for the installation of infrastructure to City standards. Nevertheless, Modesto will also need to develop a strategy to install curb, gutter, and sidewalk along those portions of Amador and E. Glenn Avenues that have already been annexed to Modesto. In coordination with Stanislaus County, Modesto will need to develop a strategy for consolidating driveways and retrofitting with vertical curbs and raising the sidewalks to grade.

RESOLUTION APPROVING THE REAPPOINTMENT OF DENNIS SMITH AS THE 2015 PLANNING COMMISSION REPRESENTATIVE TO THE BOARD OF ZONING ADJUSTMENT

WHEREAS, Section 1102 of the Charter of the City of Modesto authorizes the City Council to appoint members to various Boards and Commissions, and

WHEREAS, the Planning Commission met on December 15, 2014, and recommended the reappointment of Dennis Smith as its representative to the Board of Zoning Adjustment,

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Modesto as follows:

SECTION 1. Dennis Smith is hereby reappointed as the 2015 Planning Commission representative to the Board of Zoning Adjustment, with a term expiration of January 1, 2016.

SECTION 2. The City Clerk is hereby directed to transmit a copy of this resolution to the appointed member of the Board of Zoning Adjustment, and the Secretary thereof.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of February, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Madrigal, Zoslocki, Mayor Marsh

RESOLUTION APPROVING THE APPOINTMENT OF ROSA ESCUTIA-BRAATON AS THE 2015 PLANNING COMMISSION REPRESENTATIVE TO THE CITIZENS HOUSING AND COMMUNITY DEVELOPMENT COMMITTEE

WHEREAS, Section 1102 of the Charter of the City of Modesto authorizes the City Council to appoint members to various Boards and Commissions, and

WHEREAS, on December 15, 2014, the Planning Commission recommended Rosa Escutia-Braaton as its representative to the Citizens Housing and Community Development Committee,

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Modesto as follows:

SECTION 1. Rosa Escutia-Braaton is hereby appointed as the 2015 Planning Commission representative to the Citizens Housing and Community Development Committee, with a term expiration of January 1, 2016.

SECTION 2. The City Clerk is hereby directed to transmit a copy of this resolution to the appointed member of the Citizens Housing and Community Development, and the Secretary thereof.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of February, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION APPROVING THE APPOINTMENT OF MANI GREWAL AS THE 2015 AND 2016 PLANNING COMMISSION REPRESENTATIVE TO THE CIP TASKFORCE

WHEREAS, Section 1102 of the Charter of the City of Modesto authorizes the City Council to appoint members to various Boards and Commissions, and

WHEREAS, the Planning Commission met on December 15, 2014, and recommended appointment of Mani Grewal as its representative to the CIP Taskforce,

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. Mani Grewal is hereby appointed as the 2015 and 2016 Planning Commission representative to the CIP Taskforce, with a term expiration of August 1, 2017.

SECTION 2. The City Clerk is hereby directed to transmit a copy of this resolution to the appointed member of the CIP Taskforce, and the Secretary thereof.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of February, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-47

Print

RESOLUTION AUTHORIZING THE PURCHASE OF TEN (10) FORD POLICE INTERCEPTOR UTILITY VEHICLES FOR THE MODESTO POLICE DEPARTMENT THROUGH THE PUBLIC WORKS DEPARTMENT, FLEET SERVICES DIVISION, BY "ACCESSING THE TERMS" OF A COMPETITIVELY BID CONTRACT WITH THE LOS ANGELES COUNTY SHERIFF'S DEPARTMENT TO BOB WONDRIES FORD, ALHAMBRA, CA, AND AUTHORIZING THE PURCHASING MANAGER, OR HIS DESIGNEE, TO ISSUE A PURCHASE ORDER FOR AN ESTIMATED TOTAL COST OF $296,973

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for new vehicles and heavy equipment, through various competitive processes, with the Purchasing Division coming back to Council for award authorization. The Ford Police Interceptor Utility Vehicles replace ten (10) existing patrol sedans, and

WHEREAS, these vehicles are replacement police vehicles for the Police Department. The patrol sedans have been subjected to a thorough evaluation and have met or exceeded the replacement criteria before being placed on the replacement list, and

WHEREAS, the Los Angeles County Sheriff's Department went through a competitive proposal process for the purchase of Ford Police Interceptor Utility Vehicles and issued contract #SH-15320005-1 to Bob Wondries Ford, Alhambra, CA., and

WHEREAS, the Purchasing Division issued a Request for Quote to the local Ford vendor. The local vendor stated they could not provide competitive pricing or meet the shortened delivery time frames quoted by Bob Wondries Ford. Taking advantage of this process and awarding a contract by "accessing the terms" of the Los Angeles County Sheriff's Department contract #SH-15320005-1 is an efficient and effective way to

purchase the ten (10) Ford Police Interceptor Utility vehicles, and saves the time and expense for the City to formally solicit RFB's, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. However, there are exceptions to the rule set forth in the Modesto Municipal Code, and

WHEREAS, one exception, MMC Section 8-3.204(d), is available where the Purchasing Manager, in his or her discretion, determines that a process other than the usual formal bid procedure set forth in MMC Section 8-3.203 will result in procurement for the City at the lowest possible cost commensurate with the desired quality. Acting within his discretion, the Purchasing Manager invoked that exception for this purchase due to the cost savings of staff time and the limited number of competitors. The purchase of ten (10) Ford Police Interceptor Utility vehicles by "accessing the terms" of the Los Angeles County Sheriff's Department contract #SH-15320005-1 with Bob Wondries Ford, Alhambra, CA, will conform to MMC Section 8-3.204(d), and

WHEREAS sufficient funds are budgeted in Fiscal Year 14/15, in the following appropriation unit: 5409-53246-57003.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the purchase of ten (10) Ford Police Interceptor Utility vehicles for the Modesto Police Department through the Public Works Department, Fleet Services Division, by "accessing the terms" of a competitively bid contract with the Los Angeles County Sheriff's Department contract #SH-15320005-1 with Bob Wondries Ford, Alhambra, CA.

BE IT FURTHER RESOLVED that the Purchasing Manager is hereby authorized to issue a purchase order for an estimated total cost of $296,973.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of February, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

A RESOLUTION APPROVING THE TERMS AND CONDITIONS FOR MODESTO FIRE DEPARTMENT'S RESPONSE TO INCIDENTS OUTSIDE OF THE JURISDICTION WHEN THE DEPARTMENT IS ELIGIBLE FOR COMPENSATION OR REIMBURSEMENT FOR SUCH INCIDENT

WHEREAS, the Modesto Fire Department routinely responds to request for assistance to incidents outside the jurisdiction, and

WHEREAS, the request for resources to respond for assistance may be through an "Assistance for Hire" arrangement, and

WHEREAS, the Modesto Fire Department may be compensated for resources provided or reimbursed for response expenses through such agreements, and

WHEREAS, Fire Department personnel will be compensated (for all time committed to/portal to portal) by the Modesto Fire Department for response through such agreement, and

WHEREAS, when the Modesto Fire Department receives compensation and/or reimbursement for incident/event response through an agreement, such compensation and/or reimbursement will be used for personnel compensation, equipment use, repair, and replacement, and allowable administrative costs as authorized by the agreement, and

WHEREAS, personnel shall be compensated according to Memorandum of Understanding, Personnel rules and regulations, and/or other directives that identify personnel compensation in the workplace, and

WHEREAS, in the event a personnel classification does not have an assigned compensation rate, a "Base Rate" as set forth in an organizational policy, administrative directive or similar document will compensate such personnel, and

WHEREAS, the Modesto Fire Department will maintain a current salary survey or acknowledgement of acceptance of the "Base Rate" on file with the California Governor's Office of Emergency Services, Fire Rescue Division, and

WHEREAS, personnel will be compensated (portal to portal) beginning at the time of dispatch to the return to jurisdiction when equipment and personnel are in service and available for agency response, and

WHEREAS, Fire Department response personnel include; Fire Chief, Division Chief, Battalion Chief, Fire Captain, Engineer/Apparatus/Equipment Operator, Firefighter/Paramedic, Firefighter/EMT and Firefighter ,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the terms and conditions for Fire Department response to incidents outside of the jurisdiction when the Modesto Fire Department is compensated or reimbursed for such response.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of February, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTIONS APPROVING AN ENTERTAINMENT PERMIT FOR ST. PATRICK'S DAY LUCKY FEST AS OUTLINED BY THE CITY OF MODESTO ORDINANCE NO 3492-C.S. AND AUTHORIZING THE PERMIT ADMINISTRATOR TO EXECUTE THE SPECIAL EVENT ENTERTAINMENT PERMIT AND ALL RELATED DOCUMENTS

WHEREAS, St. Patrick's Day Lucky Fest will focus on creating the ultimate Irish festival environment, and

WHEREAS, the event will be several local bands and DJ's playing at the event as well as a local bagpipe band, and

WHEREAS, the event is open to the public who are 21 years of age and over, and

WHEREAS, the event is controlled by temporary fencing outlining the entire perimeter with security at all entrances and exits, and

WHEREAS, St. Patrick's Day Lucky Fest has hired 40 security guards to assist the Modesto Police Department to ensure a safe and successful event, and

WHEREAS, the Modesto Police Department will be working the event as part of an Outside Work Agreement between the event promoter and the Modesto Police Department, and

WHEREAS, this item was not presented to the Entertainment Commission due to the number of conflicted committee members;

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Special Event Entertainment Permit for Lucky Fest as outlined by the City of Modesto Ordinance No. 3492-C.S.

BE IT FURTHER RESOLVED that the Permit Administrator is hereby authorized to execute the Special Event Entertainment Permit and all related documents.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of February, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-50

RESOLUTION APPROVING A MAINTENANCE SERVICE SUBSCRIPTION AGREEMENT BETWEEN PREDPOL, INC. AND THE MODESTO POLICE DEPARTMENT FOR EXISTING CRIME PREVENTION SOFTWARE FOR AN ESTIMATED TOTAL OF $105,000; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, in FY 2013-14, the Modesto Police Department received authorization to purchase specialized predictive policing software tools including set-up and integration into its existing RMS/CAD/Data system and a service subscription for maintenance, to assist with determining where crimes are going to occur for better deployment of police resources to targeted areas, and

WHEREAS, this was paid for with AB109 funding, and

WHEREAS, PREDPOL is a proprietary software program and PREDPOL, Inc., is the sole source vendor of this product, and

WHEREAS, the Police Department has a very positive partnership with PREDPOL, Inc. and has significantly reduced our crime stats with reduced staffing by assisting the department in predicting where and when crimes are most likely to occur, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid, and

WHEREAS, however, there are exceptions to the rule set forth in the Modesto Municipal Code, and

WHEREAS, one exception, MMC Section 8-3.204(b), states whereas the Purchasing Agency's requirements can be met solely by a single article or process; the

sole source procurement of a three year software maintenance contract for Crime Prevention Software to PREDPOL, Inc., conforms to the Modesto Municipal Code.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Maintenance Service Subscription Agreement between PREDPOL, Inc. and the Modesto Police Department for existing Crime Prevention Software for an estimated total of $105,000.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the necessary documents.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of February, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-54

RESOLUTION APPROVING AN AMENDMENT TO AGREEMENT WITH BLACKBURN CONSULTING FOR CONSTRUCTION MANAGEMENT SERVICES FOR EMERALD TRUNK SEWER RELIEF PROJECT, IN AN AMOUNT NOT TO EXCEED $156,350.37 FOR THE IDENTIFIED SCOPE OF SERVICES, PLUS $15,635.00 FOR ADDITIONAL SERVICES (IF NEEDED), FOR A MAXIMUM TOTAL AMOUNT OF $171,985.37, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AMENDMENT TO AGREEMENT

WHEREAS, The Emerald Trunk is approximately five miles long and ranges in diameter from 21-inches north of Highway 99 to 42-inches near the West Trunk, and

WHEREAS, the proposed Emerald Trunk Sewer Relief consists of 1.75 miles of 36-inch and 30-inch trunks along Emerald Avenue and Elm Avenue to the West Trunk, located along Nebraska Avenue.

WHEREAS, on February 25, 2014, by Resolution No. 2014-152, Council approved an agreement with Blackburn Consulting for construction management services for Emerald Trunk Sewer Relief Project, and

WHEREAS, the agreement with Blackburn Consulting needs to be amended to provide additional project management, project support, inspection, and testing, and

WHEREAS, City staff does not have the staffing level or subject matter expertise to provide this level of construction management services for the Emerald Trunk Sewer Relief Project, and

WHEREAS, therefore, City staff recommends approving the Amendment to Agreement with Blackburn Consulting for construction management services for Emerald Trunk Sewer Relief Project,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Amendment to Agreement with Blackburn Consulting for

Construction Management Services for Emerald Trunk Sewer Relief Project in an amount not to exceed $156,350.37 for the identified scope of services, plus $15,635.00 for additional services (if needed), for a maximum total amount of $171,985.37.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Amendment to Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of February, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Madrigal, Zoslocki, Mayor Marsh

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-55

RESOLUTION APPROVING SPECIFIC PLAN AMENDMENT NO. 24 TO THE VILLAGE ONE SPECIFIC PLAN, TO CHANGE THE LAND USE DESIGNATION OF 9.5 ACRES WITHIN PRECISE PLAN NO. 18 FROM MULTI-FAMILY RESIDENTIAL TO VILLAGE RESIDENTIAL, TO FACILITATE THE DEVELOPMENT OF A 58-LOT RESIDENTIAL SUBDIVISION, PROPERTY LOCATED AT THE SOUTHWEST CORNER OF KODIAK DRIVE AND LINCOLN OAK DRIVE. (FLORSHEIM LAND COMPANY)

WHEREAS, on October 16, 1990, the City Council by Resolution No. 90-828A, adopted the Village One Specific Plan, and

WHEREAS, Government Code Section 65453 permits the amendment of Specific Plans as often as deemed necessary by the legislative body, and

WHEREAS, the City Council on June 18, 1991, by Resolution No. 91-405, adopted Specific Plan Amendment No. 1 to the Village One Specific Plan to adopt an amended Affordable Housing Program, and

WHEREAS, the City Council on May 5, 1992, by Resolution No. 92-222, adopted Specific Plan Amendment No. 2 to the Village One Specific Plan to improve technical correctness, readability, and comprehension, and

WHEREAS, the City Council on February 1, 1994, by Resolution No. 94-72, adopted Specific Plan Amendment No. 3 to the Village One Specific Plan to rewrite and reorganize the Plan to be more implementation oriented, and

WHEREAS, the City Council on May 24, 1994, by Resolution No. 94-297, certified the Final Supplemental EIR for Village One (SCH No. 90020181) which provided environmental analysis for the revisions in Specific Plan Amendment No. 4, and

WHEREAS, the City Council on May 24, 1994, by Resolution No. 94-298, adopted Specific Plan Amendment No. 4 to the Village One Specific Plan to widen Floyd Avenue from three to five lanes, realign the Claus/Sylvan intersection, delete the nonpotable water supply for public landscaping, and integrate mitigation monitoring into the Specific Plan, and

WHEREAS, the City Council on June 28, 1994, by Resolution No. 94-372, adopted Specific Plan Amendment No. 5 to the Village One Specific Plan to revise the Residential Design Policies for cul-de-sacs, alleys, garage orientation, and plan processing, and

WHEREAS, the City Council on June 28, 1994, by Resolution No. 94-373, adopted Specific Plan Amendment No. 6 to the Village One Specific Plan to revise the school and park sites within the Specific Plan and redistribute residential units among the Village One Precise Plan Areas, and

WHEREAS, the City Council on October 10, 1995, by Resolution No. 95-487, adopted Specific Plan Amendment No. 7 to the Village One Specific Plan to reduce costs and to implement recommendations to increase the marketability of development within the Village One area, and

WHEREAS, the City Council on May 14, 1996, by Resolution No. 96-245, adopted Specific Plan Amendment No. 7.1 to the Village One Specific Plan to delete the multiple-family development designation from Precise Plan Areas Nos. 8 and 33, and Resolution No. 26-246, to amend the Design Standard portion of the Village One Specific Plan pertaining to single-family dwelling setbacks and three-car garages, limited to Precise Plan Areas Nos. 8, 32, and 33, and

WHEREAS, the City Council on June 4, 1996, by Resolution No. 96-295, adopted Specific Plan Amendment No. 8 to the Village One Specific Plan to incorporate changes previously approved in Specific Plan Amendment No. 7 into the Specific Plan document itself, to make minor editorial changes to the Specific Plan, and to incorporate changes resulting from development of a revised Village One Facilities Master Plan, and

WHEREAS, the City Council on August 13, 1996, by Resolution No. 96-453, adopted Specific Plan Amendment No. 9 to the Village One Specific Plan to modify the standards for dwelling setbacks and three-car garages for the entire Specific Plan area, and

WHEREAS, the City Council on May 6, 1997, by Resolution No. 97-225, adopted Specific Plan Amendment No. 10 to the Village One Specific Plan to eliminate redundancy with the General Plan Housing Element policies and to eliminate language that was too restrictive, and

WHEREAS, the City Council on June 3, 1997, by Resolution No. 97-300, adopted Specific Plan Amendment No. 11 to the Village One Specific Plan to exempt public facilities from precise plan requirements, to streamline the Specific Plan amendment process, and to provide minor clarification to various policies and diagrams, and

WHEREAS, the City Council on October 21, 1997, by Resolution No. 97-602, adopted Specific Plan Amendment No. 12 to the Village One Specific Plan to allow changes in public service providers, delete the requirement for a business park market study, revise Amtrak station language, revise the business park precise plan diagram, and allow regional commercial uses in the business park, and

WHEREAS, the City Council on February 17, 1998, by Resolution No. 98-97, adopted Specific Plan Amendment No. 13 to the Village One Specific Plan to redesignate 9.8 acres in Precise Plan Area No. 3 from Multi-Family Residential to Village Residential, and

WHEREAS, the City Council on August 17, 1999, by Resolution No. 99-416, adopted Specific Plan Amendment No. 14 to the Village One Specific Plan to modify the mix of land uses allowed in the southeast quadrant of Precise Plan Area No. 20, and

WHEREAS, the City Council on September 26, 2000, by Resolution No. 2000-507, adopted Specific Plan Amendment No. 15 to the Village One Specific Plan to reduce the noise setback along Claus Road, and

WHEREAS, the City Council on May 7, 2002, by Resolution No. 2002-230, adopted Specific Plan Amendment No. 16 to the Village One Specific Plan to move 4.1 acres from Precise Plan Area No. 6 to Precise Plan Area No. 7, and

WHEREAS, the City Council on April 1, 2003, by Resolution No. 2003-177, adopted Specific Plan Amendment No. 17 to the Village One Specific Plan to allow for a revised infrastructure financing plan for Village One, including the formation of a new community facilities district for the remaining undeveloped, unvested property in Village One, and

WHEREAS, the City Council on December 7, 2004, by Resolution No. 2004-650, adopted Specific Plan Amendment No. 18 to the Village One Specific Plan to change the land use designation of Precise Plan Areas 23 and 24 from Commercial, Village Residential, and Multi-Family Residential to Village Residential and Medium-Density

Residential and to amend some of the Village One design and development standards, and

WHEREAS, the City Council on March 8, 2005, by Resolution No. 2005-129, adopted Specific Plan Amendment No. 19 to the Village One Specific Plan to change the land use designation of a portion of Precise Plan Area No. 1 from Very-Low-Density Residential to Office and High School and to allow City Council approval of a Final Development Plan concurrent with approval of Precise Plan Area No. 1, and

WHEREAS, the City Council on November 1, 2005, by Resolution No. 2005-547, adopted Specific Plan Amendment No. 20 to the Village One Specific Plan to allow for a revised layout for the Village Center Retail Center, property located at the southeast corner of Roselle and Floyd Avenues, and

WHEREAS, the City Council on May 9, 2006, by Resolution No. 2006-290, adopted Specific Plan Amendment No. 21 to the Village One Specific Plan to modify policies related to the development of the Village One Town Center Housing Project, property located at the northeast corner of Roselle Avenue and Belharbour Drive, and

WHEREAS, the City Council on December 12, 2007 by Resolution No 2007-749, adopted Specific Plan Amendment No. 22 to the Village One Specific Plan to change the land use designation from Multi-Family Residential to Village Center for the property at the northeast corner of Floyd Avenue and Roselle Avenue, and

WHEREAS, the City Council on March 11, 2014 by Resolution No. 2014-89 adopted Specific Plan Amendment No. 23 to the Village One Specific Plan to change the land use designation of six acres located at the southeast corner of Hillglen Avenue and Caden Drive from Elementary School to Village Residential, and

WHEREAS, the Florsheim Land Company has filed an application to amend the Village One Specific Plan to change the land use designation of 9.5 acres from Multi-Family Residential to Village Residential, property located at the southwest corner of Kodiak Drive and Lincoln Oak Drive, and

WHEREAS, on August 7, 2014 the proposed Specific Plan Amendment was referred to the Sylvan and Modesto School Districts, Modesto Irrigation District, Local Agency Formation Commission, County Planning and Community Development, and the Environmental Resources Director, for a 45 day referral period in accordance with Government Code sections 65453 and 65352, and

WHEREAS, on December 13, 2014, at 6:00 p.m. the Planning Commission held a duly noticed public hearing in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which hearing evidence both oral and documentary was received and considered concerning the proposed Village One Specific Plan amendment, and

WHEREAS, after said public hearing, the Modesto City Planning Commission by Resolution No. 2014-20, recommended to the City Council approval of an amendment to the Village One Specific Plan to change the land use designation of 9.5 acres from Multi-Family Residential to Village Residential, property located at the southwest corner of Kodiak Drive and Lincoln Oak Drive, and

WHEREAS, said matter was set for a public hearing of the City Council to be held on February 24, 2015, in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which date and time said duly noticed public hearing was held, and

WHEREAS, in Resolution No. 2015-56 the Council determined that the Project is a subsequent project within the scope of the project covered by the Modesto Urban Area General Plan Master Environmental Impact Report (SCH No. 2007072023).

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby finds and determines that the proposed Amendment No. 24 to change the land use designation of 9.5 acres from Multi-Family Residential to Village Residential, property located at the southwest corner of Kodiak Drive and Lincoln Oak Drive is consistent with the Modesto Urban Area General Plan, which designated the site as Village Residential and allows for a single-family residential subdivision.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the proposed amendment to the Village One Specific Plan is consistent with the Housing Element of the General Plan because the site was not considered by the Housing Element as a site of potential multi-family development, and there is a surplus of 608 units above what is needed to meet Regional Housing Needs Allocation (RHNA)

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Village One Specific Plan is hereby amended to change the land use designation of 9.5 acres from Multi-Family Residential to Village Residential, property located at the southwest corner of Kodiak Drive and Lincoln Oak Drive as shown on **Exhibit "A" attached** hereto and incorporated herein by reference.

BE IT FURTHER RESOLVED by the Council that the City Clerk is hereby authorized and directed to send certified copies of this resolution and said amendment to the Village One Specific Plan to the Board of Supervisors of the County of Stanislaus.

BE IT FURTHER RESOLVED that the property owner and developer shall, at their sole expense, defend, indemnify and hold harmless the City of Modesto, its agents, officers, directors and employees, from and against all claims, actions, damages, losses, or expenses of every type and description, including but not limited to payment of attorneys' fees and costs, by reason of, or arising out of, this development approval. The obligation to defend, indemnify and hold harmless shall include but is not limited to any action to arbitrate, attack, review, set aside, void or annul this development approval on any grounds whatsoever. The City of Modesto shall promptly notify the developer of any such claim, action, or proceeding.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of February, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Cogdill, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-56

RESOLUTION FINDING THAT THE FOLLOWING SUBSEQUENT PROJECT IS WITHIN THE SCOPE OF THE PROJECT COVERED BY THE MODESTO URBAN AREA GENERAL PLAN MASTER ENVIRONMENTAL IMPACT REPORT (SCH NO. 2007072023): AN AMENDMENT TO THE VILLAGE ONE SPACIFIC PLAN AND PRECISE PLAN AREA NO. 18 TO FACILITATE A 58-LOT RESIDENTIAL SUBDIVISION (FLORSHEIM LAND COMPANY)

WHEREAS, on October 14, 2008, the City Council of the City of Modesto certified the Final Master Environmental Impact Report ("Master EIR") (SCH No. 2007072023) for the Modesto Urban Area General Plan, and

WHEREAS, the Florsheim Land Company has proposed an amendment to the Village One Specific Plan and Precise Plan No. 18 to allow for a 58-lot residential subdivision, property located at the southwest corner of Kodiak Drive and Lincoln Oak Drive, and

WHEREAS, pursuant to Section 21157.1 of the Public Resources Code, the City of Modesto's Community & Economic Development Department prepared an Environmental Assessment Initial Study EA/C&ED 2014-25 ("Initial Study") which analyzed whether the subsequent project may cause any significant effect on the environment that was not examined in the Master EIR and whether the subsequent project was described in the Master EIR as being within the scope of the report, and

WHEREAS, in accordance with CEQA guidelines beginning on January 6, 2015, the City caused to be published a 20-day notice of the City's intent to make a finding that the subsequent project conforms with the Master EIR, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on February 24, 2015, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study prepared for the proposed amendment to the Village One Specific Plan and Precise Plan No. 18 to allow for a 58-lot residential subdivision, property located at the southwest corner of Kodiak Drive and Lincoln Oak Drive, a copy of which is **attached** hereto as **Exhibit** "A", and incorporated herein by reference, and based on substantial evidence in the Initial Study makes the following findings:

1. An Initial Study was prepared by the City of Modesto that analyzed whether the subsequent project may cause any significant effect on the environment that was not examined in the Master EIR and whether the subsequent project was described in the Master EIR as being within the scope of the report.

2. The subsequent project will have no additional significant effect on the environment, as defined in subdivision (d) of Section 21158 of the Public Resources Code, that was not identified in the Master EIR.

3. No new or additional mitigation measures or alternatives are required.

4. The subsequent project is within the scope of the project covered by the Master EIR.

5. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project.

6. No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified, and no new information, which was not known and could not have been known at the time that the Master EIR was certified as complete, has become available.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community & Economic Development Director is hereby authorized and directed to file

a notice of approval or determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of February, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Cogdill, was upon roll call carried and the resolution adopted by the following vote:

(Intentional Blank Page)

City of Modesto
Master EIR Initial Study Environmental Checklist

I. PURPOSE

CEQA allows for the limited environmental review of subsequent projects under the City's Master Environmental Impact Report ("Master EIR" or "MEIR"). This Initial Study Environmental Checklist ("Initial Study") is used in determining whether the Lincoln Parks Subdivision is "within the scope" of the project analyzed in the Modesto Urban Area General Plan Master EIR (SCH# 2007072023) (Public Resources Code section 21157.1). When the Initial Study supports this conclusion, the City will issue a finding of conformance.

A subsequent project is "within the scope" of the Master EIR when:

1. it will have no additional significant effects on the environment that were not addressed as significant effects in the Master EIR; and

2. no new or additional mitigation measures or alternatives are required.

"Additional significant effects" means a project-specific effect that was not addressed as a significant effect in the Master EIR. [Public Resources Code Section 21158(d)]

The determination must be based on substantial evidence in the record. "Substantial evidence" means facts, reasonable assumptions predicated upon facts, or expert opinion based on facts. It does not include speculation or unsubstantiated opinion. (CEQA Guidelines Section 15384)

II. PROJECT DESCRIPTION

A. Title: Lincoln Parks Subdivision

B. Address or Location: Southwest corner of Kodiak Dr. and Lincoln Oak Dr. (APN 077-062-001)

C. Applicant: Florsheim Land Company; Randy Bling

D. City Contact Person: Katharine Martin

Project Manager: Katharine Martin
Department: Community and Economic Department, Planning Division
Phone Number: 209-577-5465
E-mail address: kamartin@modestogov.com

E. Current General Plan Designation(s): "VR" Village Residential

F. Current Zoning Classification(s): Specific Plan (SP)

G. Surrounding Land Uses:
- North: Single-Family Residential, Elizabeth Ustach Middle School
- South: Single-Family Residential
- East: Single-Family Residential
- West: Single-Family Residential

H. Project Description, including the project type listed in Section II.C (Anticipated Future Projects) of the Master EIR (Attach additional maps/support materials as needed for complete record):

The project site is a vacant parcel of 9.8 acres located at the southwest corner of Lincoln Oaks Drive and Kodiak Drive within Precise Plan Area No. 18 of the Village One Specific Plan, currently designated for multi-family residential uses. The project involves an amendment to the Village One Specific Plan and associated Precise Plan No. 18, to change the land use intensity of the project site from Multi-Family Residential to Village Residential, thereby allowing for single-family residential uses. The project also proposes a 58-lot residential vesting tentative subdivision map, "Lincoln Parks", of which the amendments to the Village One Specific Plan and Precise Plan No. 18 are proposed to facilitate.

I. Other Public Agencies Whose Approval is Required: None.

III. FINDINGS/DETERMINATION (SELECT ONE ON THE BASIS OF THE ANALYSIS IN SECTION IV)

1. _X_ Within the Scope - The project is within the scope of the Master EIR and no new environmental document or Public Resources Code Section 21081 findings are required. All of the following statements are found to be true:

A. The subsequent project will have no additional significant effect on the environment, as defined in subdivision (d) of Section 21158 of the Public Resources Code, that was not identified in the Master EIR.

B. No new or additional mitigation measures or alternatives are required.

C. The subsequent project is within the scope of the project covered by the Master EIR.

D. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project.

E. No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified, and no new information, which was not known and could not have been known at the time that the Master EIR was certified as complete, has become available.

2. ____ Mitigated Negative Declaration Required - On the basis of the above determinations, the project is not within the scope of the Master EIR. A mitigated negative declaration will be prepared for the project. The following statements are all found to be true:

A. The subsequent project is within the scope of the project covered by the Master EIR.

B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project.

C. The project will have one or more potential new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures are being required of the project that will reduce the effects to a less-than-significant level.

D. No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified, and no new information, which was not known and could not have been known at the time that the Master EIR was certified as complete, has become available.

3.____ Focused EIR Required- On the basis of the above determinations, the project is not within the scope of the Master EIR. A Focused EIR will be prepared for the project. All of the following statements are found to be true:

A. The subsequent project is within the scope of the project covered by the Master EIR.

B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project.

C. The project will have one or more new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures or alternatives are required as a result.

D. No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified, and no new information, which was not known and could not have been known at the time that the Master EIR was certified as complete, has become available.

Project Manager	Title	Date

4. Within the Scope Analysis of this Document:

The Master EIR allows projects to be found within the scope of the MEIR if certain criteria are met. If the following statements are found to be true for all 21 impact categories included in this Initial Study, then the proposed project is addressed by the MEIR analysis and is within the scope of the MEIR. Any "No" response must be discussed.

		YES	NO
(1)	The lead agency for subsequent projects shall be the City of Modesto or a responsible agency identified in the Master EIR.	☒	☐
(2)	City policies which reduce, avoid, or mitigate environmental effects will continue to be in effect and, therefore, would be applied to subsequent projects where appropriate. The policies are described in the list of policies in place and mitigation measures attached to the Initial Study template. Project impacts would be mitigated to a less-than-significant level using MEIR mitigations only.	☒	☐
(3)	Federal, State, regional, and Stanislaus County regulations do not change in a manner that is less restrictive on development than current law (i.e., would not offer the same level of protection assumed under the Master EIR).	☒	☐
(4)	No specific information concerning the known or potential presence of significant resources is identified in future reports, or through formal or informal input received from responsible or trustee agencies or other qualified sources.	☒	☐
(5)	The development will occur within the boundaries of the City's planning area as established in this Urban Area General Plan.	☒	☐
(6)	Development within the project will comply with all appropriate mitigation measures contained and enumerated in the 2008 General Plan Master EIR.	☒	☐

5. Currency of the Master EIR Document

The MEIR should be reviewed on a regular basis to determine its currency, and whether additional analysis/mitigation should be incorporated into the MEIR via a Supplemental or Subsequent EIR (CEQA Section 21157.6). Staff has reviewed Sections 1 through 21 of this document in light of the criteria listed below to determine whether the MEIR is current. The analysis contained within the Master EIR is current as long as the following circumstances have not changed. Any "no" response must be explained.

		YES	**NO**
(1)	Certification of the General Plan Master EIR occurred less than five years prior to the filing of the application for this subsequent project.	☐	☒
(2)	This project is described in the Master EIR and its approval will not affect the adequacy of the Master EIR for any subsequent project because the City can make the following findings:	☒	☐
(a)	No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified.	☒	☐
(b)	No new information, which was not known and could not have been known at the time the Master EIR was certified as complete, has become available.	☒	☐
(c)	Policies remain in effect which require site-specific mitigation, and avoidance or other	☒	☐

	mitigation of impacts as a prerequisite to future development.		

Discussion:

(1) The General Plan Master EIR was certified on October 14, 2008, so more than five years has passed since the MEIR was certified. However, the analysis contained in the MEIR is still adequate for subsequent projects, as documented in the discussion below.

(2) The project is consistent with the analysis contained in the MEIR. This is documented in the discussion of the individual issue areas of this initial study.

(2)(a) There have been no substantive changes to the General Plan since the MEIR was certified that would create additional significant environmental effects that were not analyzed by the MEIR.

(2)(b) There has been no new information that would affect the adequacy of the analysis contained in the MEIR.

(2)(c) All policies contained in the MEIR that require site-specific mitigation or avoidance of impacts remain in effect and will be applied to the project as appropriate.

IV. ENVIRONMENTAL ANALYSIS

This Initial Study, in accordance with Section 21157.1(b) of the Public Resources Code, discloses whether the proposed project may cause any project-specific significant effect on the environment that was not examined in the Final Master EIR (MEIR) for the General Plan and whether new or additional mitigation measures or alternatives may be required as a result. The Initial Study thereby documents whether or not the project is "within the scope" of the Master EIR.

Pursuant to Public Resources Code Section 21157.1, no new environmental document or findings are necessary for projects that are determined to be within the scope of the MEIR. Adoption of the findings specified in Section III.1, above after completion of the Initial Study fulfills the City's obligation in that situation.

All environmental effects cited reflect 2025 conditions resulting from the Urban Area General Plan, as identified in the Master EIR.

The environmental impact analysis in the Master EIR for the Urban Area General Plan is organized in twenty-one subject areas. The following analysis is based on the impact analyses contained in Chapter V of the Master EIR. For ease of reference, the sections are numbered in the same order as the analyses in Chapter V.

1. TRAFFIC AND CIRCULATION

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable traffic and circulation impacts expected after application of mitigations/policies:

Direct Impacts

Effect: Increased automobile traffic will result in roadway segments (see MEIR on Table 1-7, pages V-1-32 to V-1-34) operating at LOS D, Modesto's significance threshold for automobile traffic, or lower (LOS E or F).

Effect: The substantial increase in traffic relative to the existing load and capacity of the street system will cause, either individually or cumulatively, the violation of automobile service standards established by StanCOG's Congestion Management Plan for designated roads and highways.

Effect: A substantial increase in automobile vehicle miles traveled and automobile vehicle hours of travel and a decrease in average automobile vehicle speed (see MEIR Table 1-6, page V-1-31).

Cumulative Impacts

Effect: Potential for growth inducement or acceleration of development resulting from highway and local road projects.

Effect: Substantial increase in traffic in relation to the existing traffic load and capacity of the street system, including a violation, either individually or cumulatively, of an automobile LOS standard established by the Congestion Management Plan for designated roads and highways.

Effect: Increased demand for capacity-enhancing alterations to existing roads or automobile traffic reduction.

Other impact categories affected by Traffic and Circulation are addressed throughout this Initial Study (see also Section 2, Degradation of Air Quality; Section 3, Generation of Noise; Section 7 Loss of Sensitive Wildlife and Plant Habitat; Section 8, Disturbance of Archaeological/Historic Sites; Section 14 Increased Demand for Fire Services; Section 18, Energy; Section 19, Visual Resources; Section 20, Land Use and Planning, and Section 21, Climate Change).

b. Master EIR and/or New Mitigation Measures Applied to the Project

Traffic and Circulation mitigation measures pertinent to this project are found on MEIR pages V-1-9 through V-1-28. All mitigation measures appropriate to the project, including any new measures, will be incorporated into or made conditions of approval of this project and are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

No mitigation measures regarding traffic from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-1.B of the Master EIR provides analysis of Traffic and Circulation impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: A subsequent development project will have a new significant effect on the environment if it would exceed the following criteria:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
1. TRAFFIC AND CIRCULATION				
1) The proposed project exceeds traffic generation assumptions in the Master EIR for the site by 100 trips or more and City Engineering and Transportation staff has determined that the project would have additional potentially significant project-specific effects that are not avoided or reduced by the Master EIR's mitigation measures.	☐	☐	☐	☒
2) Exceed, either individually or cumulatively, a level of service standard established by the county congestion management agency for designated roads or highways?	☐	☐	☐	☒
3) The proposed project would cause additional roadway segments in the General Plan area to exceed LOS D and/or cause additional violations of standards in the Congestion Management Plan, and/or cause an increase in automobile vehicle miles or vehicle hours of travel or a decrease in automobile travel speed, as compared to the impacts disclosed in the Master EIR.	☐	☐	☐	☒
4) The proposed project would cause emergency response times to exceed acceptable standards established by the Fire Department, as compared to impacts disclosed in the Master EIR (see Section 14, Increased Demand for Fire Services).	☐	☐	☐	☒
5) The proposed project would result in less parking than required by the Municipal Code or as determined by staff.	☐	☐	☐	☒
6) The proposed project would conflict with adopted policies, plans, or programs that support alternative transportation, including, but not limited to the Regional Transportation Plan, the Sustainable Communities Strategy, the Bicycle Action Plan, and so on.	☐	☐	☐	☒
7) The proposed project would result in an increase	☐	☐	☐	☒

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
in automobile vehicle miles traveled on a per capita basis, in excess of that considered in the Urban Area General Plan MEIR.				

Discussion:

(1) The project site was assumed to be developed with multi-family residential uses to a maximum of 257 dwelling units. The proposed amendment to Village Residential uses to allow for a 58-lot single-family residential subdivision will not result in an increase in traffic compared to what was assumed for the site.

(2) The proposed project would not exceed a level of service standard established by the county congestion management agency (StanCOG).

(3) There are no significant changes in the level of service or the volume-capacity ratio as a result of the project and therefore there are no significant cumulative (long term) traffic impacts.

(4) Police and Fire Staff have reviewed this proposal and have indicated that there is no emergency access problem.

(5) The proposed single-family units will provide parking in accordance to the residential parking requirements of the Municipal Code.

(6) The proposed project has been reviewed by Traffic, Planning and Transit staff, who indicated no concerns. The project would not conflict with any adopted plans for alternative transportation.

(7) The proposed project would not result in a significant increase in automobile vehicle miles traveled (per capita) in excess of what was considered in the Urban Area General Plan.

2. DEGRADATION OF AIR QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable air quality impacts expected after application of mitigations/policies:

Direct Impacts

Effect: Expected automobile traffic will result in increased operational emissions of reactive organic gases (ROG) and oxides of nitrogen (NO_X) (see MEIR Table 2-8, page V-2-27).

Effect: Expected automobile traffic will result in increased emissions of particulate matter 10 microns or less (PM_{10}) and 2.5 microns or less in diameter ($PM_{2.5}$) (see MEIR Table 2-8, page V-2-27).

Effect: Expected automobile traffic will result in increased carbon monoxide (CO) levels in the project area (see MEIR Table 2-7, page V-2-26, and Table 2-8, page V-2-27).

Cumulative Impacts

The Master EIR indicates the same impacts identified as direct impacts above will contribute to regional impacts on air quality for the criteria pollutants ROG, NO_x, PM_{10}, and $PM_{2.5}$.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Air quality mitigation measure(s) pertinent to the proposed project are found on pages V-2-13 through V-2-24 of the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes AQ-42 through AQ-44, and AQ-46 through AQ-56 from the MEIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-2.B of the Master EIR is the analysis of air quality impacts resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
2. DEGRADATION OF AIR QUALITY				
1) The proposed project exceeds the project-level emissions thresholds established for CO, ROG, NO_x, PM_{10}, and $PM_{2.5}$ by the San Joaquin Valley Air Pollution Control District (SJVUAPCD) and is not consistent with the development assumptions for the project site, as established in the Urban Area General Plan and Master EIR.	☐	☐	☒	☐
2) The proposed project does not incorporate the best management practices established by the SJVAPCD for CO, ROG, NO_x, PM_{10}, and $PM_{2.5}$.	☐	☐	☒	☐
3) The proposed project does not comply with the air quality policies in the Modesto Urban Area General Plan.	☐	☐	☐	☒
4) The proposed project would expose sensitive receptors to pollutant concentrations in excess of those expected to occur as a result of	☐	☐	☒	☐

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
implementation of the Urban Area General Plan.				
5) The proposed project would create objectionable odors affecting a substantial number of people.	☐	☐	☒	☐

Discussion:

(1) The project involves the development of a 9.5-acre vacant parcel for a 58-lot residential subdivision. Emissions associated with the project would result from construction activity and increased residential traffic volumes. The net increase in emissions generated by these activities and other secondary sources would not exceed the thresholds of significance recommended by the San Joaquin Valley Air Pollution Control District or the development assumptions established in the Master EIR.

(2) The project was referred to the San Joaquin Valley Unified Air Pollution Control District (SJVUAPCD) for comments. Best management practices established by the SJVAPCD for CO, ROG, NO_x, PM_{10}, and $PM_{2.5}$ have been incorporated as conditions of approval. The project is required to comply with SJVUAPCD Rule VIII (Fugitive Dust Rules) per MEIR Mitigation Measures MEIR AQ-42 – MEIR AQ-56, which identifies control measures for PM10 emissions during the construction phase, as listed above under Existing Mitigation Measures Applicable to this Project.

In addition, the project is subject to SJVAPCD rule 9510 (Indirect Source Review). This rule fulfills the SJVAPCD's emission reduction commitments in the PM10 and Ozone Attainment Plans through design features or by payment of applicable off-site mitigation fees.

(3) The project is consistent with the City's policies regarding air quality. Therefore, project-specific effects will be less than significant.

(4) The project site is surrounded on four sides by single-family residential uses and a middle-elementary school. The proposed residential subdivision is not in itself a significant contributor to air pollution levels. The primary source of air pollution associated with the project would be residential traffic related, and would not result in a significant impact. The PM10 emissions created through construction activity will be mitigated as called for by the MEIR with the measures listed above.

(5) Construction activities for the project could potentially include the application of architectural coatings and asphalt paving materials that could generate localized temporary odors. The use of diesel-powered construction equipment could also generate localized temporary odors. Construction activities will be mitigated as called for by the MEIR with the mitigation measures listed above. Further, uses permitted within the proposed commercial development would not create objectionable odors that would affect a substantial number of people.

3. GENERATION OF NOISE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable noise impacts expected after application of mitigations/policies:

Direct Impacts

Effect: Future automobile traffic noise levels and roadway construction and maintenance activities resulting from development of the Urban Area General Plan will exceed the City's noise thresholds at various locations, but particularly in areas adjacent to heavily traveled roadways (see MEIR Table 3-3, page V-3-10, and Figure VII-2 and Table 3-6, pages V-3-18 and V-3-19).

Effect: Expected noise from airport operations and airport construction projects may expose up to 468 dwellings and three churches to noise levels of 65 dB CNEL and up to eight dwellings to noise levels of 70 dB CNEL.

Effect: Expose noise-sensitive land uses to noise from the construction of bicycle and transit projects.

Effect: Expose noise-sensitive land uses to noise from freight and passenger rail operations.

Cumulative Impacts

Effect: Traffic from development in the City of Modesto would, when combined with traffic from new development in the County and other cities, contribute to a cumulative increase in roadside noise levels on major roads and highways throughout Stanislaus County.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Noise policies and mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-3-11 through V-3-15 of the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project and any new measures are listed in Section V, Mitigation Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes N-3 from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-3.B of the MEIR discloses noise impacts resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not analyzed in the Master EIR.

Significance Criteria: Determination of the proposed project's effects are based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
3. GENERATION OF NOISE				
1) The proposed project will exceed the standards for noise level and hours of operation established by the Modesto noise ordinance.	☐	☐	☐	☒
2) The proposed project will not comply with the noise policies of, or otherwise be inconsistent with, the Modesto Urban Area General Plan.	☐	☐	☐	☒
3) The proposed project will result in an increase in ambient noise levels in the project vicinity above those disclosed in the Master EIR.	☐	☐	☐	☒
4) The proposed project will result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels disclosed in the Master EIR implementation of the Urban Area General Plan.	☐	☐	☒	☐

Discussion:

(1-4) The project would not generate a significant amount of noise. There will be construction-related noise associated with the project involving heavy equipment; however, mitigation measures N-1 and N-2 will be applied to the project, which would mitigate those impacts to a less than significant level.

4. EFFECTS ON AGRICULTURAL LANDS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on agricultural lands expected after application of mitigations/policies:

Direct Impacts

Effect: Between 1995 and 2025, development of the Urban Area General Plan may convert up to approximately 26,000 acres of farmland in various categories in the Planned Urbanizing Area to urban uses.

Effect: Approximately 1,200 acres of urban development along a 28.5-mile boundary 350 feet wide between urban and agricultural uses could be affected by continued agricultural operations, including noise, dust, and chemical overspray or drift.

Cumulative Impacts

Effect: Growth within Modesto's planning area would contribute considerably to the loss of agricultural land within Stanislaus County, accounting for the conversion of as much as approximately 26,000 acres of farmland in various categories in the Planned Urbanizing Area from 1995 to 2025.

b. Master EIR and/or New Mitigation Measures Pertinent to the Project

Agricultural land mitigation measures pertinent to the proposed project are found on pages V-4-6 to and V-4-8 of the Master EIR. All mitigation measures appropriate to the project and any new mitigation to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project.

Discussion:

No mitigation measures regarding agricultural lands from the MEIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-4.B of the Master EIR discloses the impacts resulting from the implementation of the Urban Area General Plan on agricultural lands. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
4. EFFECTS ON AGRICULTURAL LANDS				
1) The proposed project is inconsistent with the Urban Area General Plan's policies relating to agricultural land.	☐	☐	☐	☒
2) The proposed project will either directly or indirectly result in the development of land outside the 2008 Urban Area General Plan's planning area boundary.	☐	☐	☐	☒
3) The proposed project will conflict with existing zoning for agricultural use, or there is an existing Williamson Act contract on the project site.	☐	☐	☐	☒
4) The proposed project will involve other changes in the existing environment not anticipated in the Master EIR which, due to their location or nature, could result in conversion of farmland to non-agricultural use.	☐	☐	☐	☒

Discussion:

(1) The project is consistent with the General Plan land use policies relating to agricultural land. The site is a 9.5-acre infill area surrounded by existing single-family residential uses and a middle-elementary school. The site is currently vacant and not used for agricultural purposes.

(2) The site is within the Village One Specific Plan area inside the Planned Urbanized Area. The project is not located outside of the 2008 planning area boundaries.

(3) The project site is not zoned for agricultural uses nor is under a Williamson Act contract.

(4) The project will not involve changes to the existing environment that could result in the conversion of farmland to non-agricultural uses. The surrounding properties are developed with single-family residential uses and a middle-elementary school.

5. INCREASED DEMAND FOR LONG-TERM WATER SUPPLIES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on long-term water supplies expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts have been disclosed in the Master EIR.

Cumulative Impacts

Effect: Operational yields of the Modesto and Turlock subbasins, both of which underlie the City of Modesto, are unknown, although the City is participating in a study with the United States Geological Survey in order to quantify the operational yields of both subbasins. Groundwater withdrawals from both basins by the City, when combined with other users' withdrawals, may result in overdrafting both subbasins.

Effect: Despite available options, during drought years, significant water shortages are forecast for the San Joaquin River basin, which includes both the Modesto and Turlock subbasins, by 2020. Modesto would make a cumulatively considerable contribution to the cumulative impact on water supply under drought conditions.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Water supply mitigation measures pertinent to the proposed project are found on pages V-5-6 through V-5-12 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

No mitigation measures regarding water supply from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-5.B of the Master EIR discloses impacts on long-term water supplies resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
5. INCREASED DEMAND FOR LONG-TERM WATER SUPPLIES				
1) The proposed project is inconsistent with water supply policies in the Urban Area General Plan.	☐	☐	☐	☒
2) Water demand for the proposed project will exceed estimates for similar projects or for development on the project site anticipated in the Urban Area General Plan or sufficient water supplies are not otherwise available to serve the project from existing entitlements and resources.	☐	☐	☐	☒
3) The proposed project would deplete groundwater supplies to a greater degree than anticipated in the Urban Area General Plan or would interfere with groundwater recharge.	☐	☐	☐	☒

Discussion:

(1) The project is consistent with the water supply policies in the General Plan.

(2) The project was referred to Land Development Engineering staff who indicated no concerns with water supply or demands of the project.

(3) The proposed project is consistent with the ground water demands assumed in the General Plan. The project would not have a significant effect on ground water recharge or depletion of long-term water supplies.

6. INCREASED DEMAND FOR SANITARY SEWER SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on sanitary sewer services after application of mitigations/policies:

Direct Impacts

Effect: Development resulting from implementation of the Urban Area General Plan will require substantial new sewage treatment and disposal capacity, treatment plant improvements, sewer mains and collection lines, and pump stations. The Wastewater Master Plan anticipates the need for these facilities and its EIR evaluates the impact of developing those facilities. Potential impacts include degradation of water quality through erosion and chemical releases; localized flooding; construction noise; exposure of construction workers and the public to hazardous materials; and on the habitat of the elderberry longhorn beetle, burrowing owl, and Swainson's hawk, as well as certain other regulated habitats. All of these impacts are mitigated to a less-than-significant level.

Additional impacts that are not mitigated to a less-than-significant level include loss of farmland cause by construction of the Phase IA tertiary treatment facility at the Jennings Road Secondary Treatment Facility, an increase in pollutant loads from increased wastewater flows to the San Joaquin River, and an increase in noise and criteria air pollutants due to construction activities, including traffic.

Cumulative Impacts

Effect: No additional cumulative impacts were identified in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Sewer service mitigation measures pertinent to the proposed project are found on pages V-6-3 through V-6-8 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-6.B of the Master EIR discloses impacts on the Increased Demand for Sanitary Sewer Service resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
6. INCREASED DEMAND FOR SANITARY SEWER SERVICES				
1) The proposed project is inconsistent with wastewater policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project will generate sewage flows	☐	☐	☐	☒

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
greater than those anticipated in the Urban Area General Plan for the project site.				
3) The proposed project will result in a determination by the wastewater treatment provider which serves or may serve the project that it has inadequate capacity to serve the project's projected demand in addition to the provider's existing commitments.	☐	☐	☐	☒

Discussion:

(1) The project is consistent with the wastewater policies in the General Plan.

(2-3) The project was referred to Land Development Engineering staff, who indicated no concerns with generation of sewer flows or capacity generated by the project.

7. LOSS OF SENSITIVE WILDLIFE AND PLANT HABITAT

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on sensitive wildlife and plant habitat expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant impacts on sensitive wildlife and plan habitat are expected to occur with the application of the policies contained in the Urban Area General Plan.

Cumulative Impacts

Effect: Implementation of the Urban Area General Plan will contribute to the cumulative impact of habitat loss in the San Joaquin Valley. Requiring density development than has occurred in the past or that is expected in the future would minimize the City's contribution to the cumulative loss of habitat. Nonetheless, this is a significant and unavoidable impact.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Wildlife and plant habitat mitigation measures pertinent to the proposed project are found on pages V-7-17 through V-7-24 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes SWPH-13, Table V-7-1(j), Policies for Sensitive Biological Habitats, Burrowing Owls, from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-7.B of the Master EIR discloses impacts on the Loss of Sensitive Wildlife and Plant Habitat resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
7. LOSS OF SENSITIVE WILDLIFE AND PLANT HABITAT				
1) The project is inconsistent with the policies pertaining to the loss of sensitive wildlife and plant habitat contained in the Urban Area General Plan.	☐	☒	☐	☐
2) Consultation with the California Department of Fish and Game or the U.S. Fish and Wildlife Service determines that the project would have a significant effect on a candidate, sensitive, or special status species in excess of the impact disclosed in the Master EIR.	☐	☒	☐	☐
3) The proposed project would have a substantial adverse effect on federally protected wetlands as defined by Section 404 of the Clean Water Act through direct removal, filling, hydrological interruption, or other means, in excess of the impact disclosed in the Master EIR.	☐	☐	☐	☒
4) The proposed project would substantially interfere with the movement of any native resident or migratory fish or wildlife species or with established native resident or migratory wildlife corridors, or impede the use of native wildlife nursery sites.	☐	☐	☐	☒
5) Conflict with local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.	☐	☐	☐	☒
6) The proposed project would conflict with provisions of an adopted habitat conservation plan, natural community conservation plan, or other	☐	☐	☐	☒

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
approved local, regional, or state habitat conservation plan.				

Discussion:

(1) According to a 2003 habitat survey for the Swainson's Hawk, conducted for portions of Village One which included the neighboring Precise Plan Area No. 17 to the west of the project site (Attachment A) , the vicinity was concluded to be of low foraging value and that development of the area would not result in a significant impact to the species. Since the 2003 study, the project area has been further developed with urban uses and is currently surrounded by single-family residential uses and a middle-elementary school. Development of the site would not significantly impact Swainson's Hawk foraging habitat.

Burrowing owls, which are listed in the MEIR as a Special Status Wildlife Species, have been known to establish nests in burrows in the vicinity of the project site. Burrowing Owl nests were identified in a storm-drain basin located at the northeast corner of Bear Cub Lane and Kodiak Drive, approximately 1000 feet east of the project site. The owls were passively relocated in 2013 in accordance with California Department of Fish and Wildlife Guidelines in order to complete needed improvements to the basin.

If Burrowing Owls are present on the project site at the time of construction, disturbance could destroy occupied nests. Construction activities during the owls' breeding season could result in the loss of fertile eggs or nestlings, or lead to nest abandonment. The loss of occupied Burrowing Owl habitat (habitat known to have been occupied by owls during the nesting season within the past three years), or reduction in the number of owls within the County, directly or indirectly through nest abandonment or reproductive suppression, is considered to be a significant impact the California Department of Fish and Wildlife. Additionally, raptors, including owls and their nests, are protected under both federal and state laws and regulations, including the Migratory Bird Treaty Act and California Fish and Game Code Section 3503.5. Implementation of the mitigation measures SWPH-13, Table V-7-1, from the MEIR would reduce the potential impact on this species to a less-than-significant level.

(2) The California Department of Fish and Wildlife were consulted in the course of preparing the General Plan MEIR, and implementation of mitigation measures recommended by the DFW would reduce impacts to sensitive species to less than significant.

(3) The site does not qualify as a federally protected wetland per Section 404 of the Clean Water Act.

(4) The project site is not a biologically sensitive site as defined by Figures V-7-1a through V 7-1e of the MEIR.

(5) The project would not interfere with local policies or ordinances protecting biological resources.

(6) The proposed project would not conflict with any adopted habitat conservation plan, natural community conservation plan, or other approved local, regional, or state habitat conservation plan.

8. DISTURBANCE OF ARCHAEOLOGICAL/HISTORICAL SITES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on archaeological/historical sites expected after application of mitigations/policies:

Direct Impacts

Effect: Modification resulting in a substantial adverse change in the significance of a historic resource or the demolition of a listed or eligible historic resource.

Effect: The modification or demolition of a structure more than 50 years in age may be significant.

Effect: Discovery of archaeological resources in areas outside of the riparian corridors, as a result of construction activities.

Effect: Construction in an area of high archaeological sensitivity.

Cumulative Impacts

Effect: No additional cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Archaeological or historic mitigation measures pertinent to the project being analyzed in this Initial Study are found on page V-8-16 through V-8-20 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes the measures specified in Table V-8-1(b-f) from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-8.B of the MEIR discloses impacts on archaeological/historical resources resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
8. DISTURBANCE OF ARCHAEOLOGICAL/ HISTORICAL SITES				
1) The proposed project is inconsistent with the archaeological/historical resource policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would demolish a building eligible for listing as a historic resource or remove a landmark from the Modesto inventory.	☐	☐	☐	☒
3) The proposed project would modify or demolish a structure more than 50 years in age.	☐	☐	☐	☒
4) The project would adversely affect a cultural resource that is either listed or eligible for listing in the California Register of Historical Resources.	☐	☐	☐	☒
5) Conflict with local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.	☐	☐	☐	☒

Discussion:

(1) The project is consistent with the archeological and historical resource policies in the General Plan.

(2-3) The project site is a vacant parcel of 9.5 acres with no structures.

(4) The project would not affect a resource that is listed or eligible for listing in the California Register of Historic Resources.

(5) The project would not conflict with local policies affecting biological resources.

9. INCREASED DEMAND FOR STORM DRAINAGE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on storm drainage expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: The population of Stanislaus County is projected to increase in a fashion similar to that of Modesto, resulting in additional urban development and associated increases in impervious surface area and associated increases in storm water runoff. Cumulative hydrologic impacts of storm water flows from Modesto urban areas and other areas of the County could occur due to the fixed capacity of MID and TID irrigation canals to convey drainage west to the San Joaquin River. If drainage channels in some areas prove insufficient to handle the increased drainage discharges, existing storm water runoff from urban and agricultural areas during large storm events would have to be interrupted until water levels receded to a point allowing the resumption of discharges to the channel. Ceasing discharges to drainage channels could cause inundation in and around the drainage conveyance pipeline systems, surface drainage channels, detention basins, and other urban areas. This cumulative impact is considered significant and unavoidable.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Storm Drainage mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-9-4 through V-9-9. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes: SD-9 from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-9.B of the MEIR discloses impacts on the demand for storm drainage resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
9. INCREASED DEMAND FOR STORM DRAINAGE				
1) The proposed project is inconsistent with the storm drainage policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would substantially increase the rate or amount of surface runoff in a manner that would result in flooding on- or offsite, as compared to impacts anticipated to result from the Urban Area General Plan or create substantial unanticipated sources of polluted runoff.	☐	☐	☒	☐

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
3) The proposed project does not utilize Low Impact Development strategies to reduce runoff from the site and increase infiltration, resulting in no net increase in runoff before and after development.	☐	☐	☐	☒

Discussion:

(1) The proposed project is consistent with the storm drainage policies in the Urban Area General Plan.

(2) The project was referred to the Land Development Engineering Department who indicated no concerns with storm water runoff. The project will not contribute additional water runoff that would exceed the capacity of the storm drainage system.

(3) The project will utilize low impact strategies and meet the standards contained in the "Guidance Manual for New Development-Storm Water Quality Control Measures." This requirement will be implemented as a condition of project approval.

10. FLOODING AND WATER QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on flooding and water quality expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Flooding and Water Quality mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-10-6 through V-10-9 of the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes: FWQ-13 from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-10.B of the Master EIR provides analysis of Flooding and Water Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
10. FLOODING AND WATER QUALITY				
1) The proposed project is inconsistent with the flooding and water quality policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project does not comply with the regulatory requirements of the federal Clean Water Act or the State Porter-Cologne Act.	☐	☐	☐	☒
3) The proposed project would place more housing within a 100-year flood hazard zone than assumed in the Urban Area General Plan.	☐	☐	☐	☒
4) The proposed project would place structure within a 100-year flood hazard area so that they would impede or redirect floodwater or would substantially alter the existing on-site drainage pattern or a watercourse, in such a way as to cause flooding on- or offsite.	☐	☐	☐	☒
5) The proposed project does not comply with Modesto's Guidance Manual for New Development Storm Water Quality Control Measures.	☐	☐	☐	☒
6) The proposed project would violate water quality standards or waste discharge requirements.	☐	☐	☐	☒
7) The proposed project would substantially alter the existing drainage pattern of the site or area or a watercourse in a manner that would result in substantial erosion or siltation on- or offsite in excess of the assumptions of the Urban Area General Plan.	☐	☐	☐	☒
8) The proposed project would create or contribute runoff, which would exceed the capacity of existing or planned storm water drainage systems or provide substantial additional sources of polluted runoff, not expected as part of Urban Area General Plan implementation.	☐	☐	☐	☒

Discussion:

(1) The proposed project is consistent with the flooding and water quality policies in the Urban Area General Plan.

(2) The project would comply with the Federal Clean Water Act and the Porter Cologne Act requirements.

(3-4) The project site is not within a 100-year flood hazard zone as established by the Federal Emergency Management Agency (FEMA) Flood Rate Insurance Map 06099C0340E dated September 26, 2008.

(5) The project will comply with the Guidance Manual for New Development Storm Water Quality Control Measures (MIER Policy SD-11). This will be implemented as a condition of project approval.

(6) The project will not violate water quality standards or waste discharge requirements.

(7) The project would not substantially alter the existing drainage pattern of the site, area or a watercourse in a manner that would result in erosion or siltation.

(8) The City's Land Development Engineering Staff have reviewed the project and indicated no concerns that the project would cause significant flooding or unanticipated sources of runoff. The project will not contribute additional water runoff that would exceed the capacity of the storm drainage system.

11. INCREASED DEMAND FOR PARKS AND OPEN SPACE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on parks and open space expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Parks and open space mitigation measures pertinent to the proposed project are found on pages V-11-3 through V-11-9 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-11.B of the MEIR discloses impacts of the Urban Area General Plan on parks and open space. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
11. INCREASED DEMAND FOR PARKS AND OPEN SPACE				
1) The proposed project is inconsistent with the parks and open space policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would eliminate parks or open space.	☐	☐	☐	☒
3) The proposed project would cause an increase in the use of existing neighborhood and regional parks or other recreational facilities such that substantial physical deterioration of the facility in question would occur or be accelerated or the proposed project would include recreational facilities or require the construction or expansion of recreational facilities which might have an adverse physical effect on the environment.	☐	☐	☒	☐

Discussion:

(1) The project is consistent with the parks and open space policies in the General Plan.

(2) The project would not eliminate an existing park or designated open space. The project is on a vacant site previously designated for med-high density residential uses, proposed to be resdesignated for low density residential uses.

(3) The project would result in an increase in the use of existing park facilities; however, deterioration or other physical changes to the facilities are not expected to occur as a result of the project.

12. INCREASED DEMAND FOR SCHOOLS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on school facilities expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR. By statute, the impact of new students is considered to be mitigated below a level of significance by payment of school impact fees and the exercise of any or all of the financing options set out in Government Code Section 65997.

Cumulative Impacts

Effect: Similar to direct impacts of implementation of the Urban Area General Plan, no residual significant direct impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. As long these policies are applied to all subsequent projects, no new mitigation is necessary. Further, payment of school impact fees and compliance with SB 50 is statutorily deemed to be full mitigation of school impacts (Government Code Section 65995).

The following schools mitigation measures on pages V-12-5 through V-12-7 of the Master EIR are pertinent to the proposed project. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures are listed in Section V, Mitigation Applied to Project.

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-12.B of the Master EIR discloses impacts resulting from implementation of the Urban Area General Plan associated with increased demand for schools. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
12. INCREASED DEMAND FOR SCHOOLS				
1) The proposed project is inconsistent with the policies relating to schools in the Urban Area	☐	☐	☐	☒

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
General Plan.				
2) The proposed project does not comply with SB 50/Proposition 1A funding provisions, or succeeding measures which state that compliance results in less-than-significant impacts on schools.	☐	☐	☐	☒

Discussion:

(1) The project is consistent with the policies relating to schools in the General Plan.

(2) The project was referred to Modesto City Schools and Sylvan Schools who indicated no opposition to the project.

13. INCREASED DEMAND FOR POLICE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on police services expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Police services mitigation measures pertinent to the proposed project are found on pages V-13-2 through V-13-5 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-13.B of the Master EIR discloses impacts on police services resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
13. INCREASED DEMAND FOR POLICE SERVICES				
1) The proposed project is inconsistent with policies relating to police services in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would result in the need for new or significantly altered facilities not considered as part of the Urban Area General Plan or Master EIR which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times, or other performance objectives.	☐	☐	☐	☒

Discussion:

(1) The project is consistent with the policies relating to police services in the General Plan.

(2) The project would not result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives. The project meets City Standards for emergency services access.

14. INCREASED DEMAND FOR FIRE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on fire services expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Fire Services mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-14-4 through V-14-7 of the Master EIR. All mitigation measures appropriate to the

project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-14.B of the Master EIR discloses impacts on fire services resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
14. INCREASED DEMAND FOR FIRE SERVICES				
1) The proposed project is inconsistent with the fire service policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would result in the need for new or significantly altered facilities not considered as part of the Urban Area General Plan or Master EIR which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times, or other performance objectives.	☐	☐	☐	☒
3) The proposed project, based upon substantial evidence, would cause the erosion or elimination of fire protection services in adjoining fire protection districts.	☐	☐	☐	☒

Discussion:

(1) The project is consistent with the fire service policies in the General Plan.

(2) The project would not result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives.

(3) The project would not significantly impact adjacent fire districts or result in the elimination of fire protection services.

15. GENERATION OF SOLID WASTE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on solid waste expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Solid waste mitigation measures pertinent to the proposed project are found on pages V-15-4 through V-15-7 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project.

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-15.B of the Master EIR discloses solid waste impacts resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
15. GENERATION OF SOLID WASTE				
1) The project is inconsistent with the solid waste policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The County is unable to expand its solid waste disposal capacity, as expected, causing all new development to result in cumulative impacts on the County's disposal capacity.	☐	☐	☐	☒

Discussion:

(1) The project is consistent with the solid waste policies in the General Plan.

(2) This project was referred to the Solid Waste Division for review, who indicated no concerns over service to the project area.

16. GENERATION OF HAZARDOUS MATERIALS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts regarding hazardous materials expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Hazardous materials mitigation measures pertinent to the proposed project are found on pages V-16-8 through V-16-13 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-16.B of the Master EIR discloses impacts on hazardous materials resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
16. GENERATION OF HAZARDOUS MATERIALS				
1) The project is inconsistent with the hazardous	☐	☐	☐	☒

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
materials policies in the Urban Area General Plan.				
2) The proposed project would emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school.	☐	☐	☐	☒
3) The proposed project would be located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would create a significant hazard to the public or the environment.	☐	☐	☐	☒
4) The proposed project would be constructed on a contaminated site not known to the State of California as of March 2008.	☐	☐	☐	☒

Discussion:

(1) The project is consistent with the hazardous materials policies in the General Plan.

(2) The project does comply with all applicable federal, state, and county standards and regulations relative to the handling, storage, disposal, and transport of hazardous or toxic materials or wastes. (No hazardous materials will be involved with this project).

(3) The project would not be located on a site, which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would not create a significant hazard to the public or the environment.

(4) The project site is not known to contain any contaminants.

17. GEOLOGY, SOILS, AND MINERAL RESOURCES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts related to geology, soils, and mineral resources expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Geology, soils, and mineral resource mitigation measures pertinent to the proposed project are found on pages V-17-9 and V-17-10 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of the proposed project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-17.B of the Master EIR discloses geology, soils, and mineral resource impacts resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
17. GEOLOGY, SOILS, AND MINERAL RESOURCES				
1) The project is inconsistent with policies relating to geology, soils, and mineral resources contained in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would expose people or structures to potential substantial adverse effects including the risk off loss, injury, or death involving fault rupture, strong seismic activity; location on an expansive soil; result in the loss of topsoil; location on soils incapable of adequately supporting the use of septic tanks or alternative wastewater disposal systems in areas where sewers are not available for the disposal of wastewater; result in the loss of known mineral resources that would be of value to the region and the state; or result in the loss of availability of a locally important mineral resource recovery site delineated on a local general plan, specific plan, or other land use plan.	☐	☐	☐	☒

Discussion:

(1) The project is consistent with policies relating to geology, soils, and mineral resources in the General Plan.

(2) The project would not be located on soil that is unstable, or that would become unstable as a result of the project. There are no known mineral resources of value to the region and the state on the property.

18. ENERGY

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts pertaining to energy expected after application of mitigations/policies:

Direct Impacts

Effect: Continued development in the Planned Urbanizing Area would have an impact on available energy supplies. Energy consumption likely would increase substantially by 2025 as a result of implementation of the Urban Area General Plan.

Cumulative Impacts

Effect: Implementation of the Urban Area General Plan will have a cumulatively considerable impact on energy consumption.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following energy mitigation measures pertinent to the proposed project are found on pages V-18-2 through V-18-8 in the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-18.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on energy resources. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
18. ENERGY				

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
1) The proposed project is inconsistent with policies relating to energy in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would result in energy consumption during construction, operation, maintenance, or removal that is more wasteful, inefficient, and unnecessary than assumed in the Urban Area General Plan.	☐	☐	☐	☒

Discussion:

(1) The project is consistent with the energy policies in the General Plan.

(2) The project would not result in energy consumption during construction, operation, maintenance or removal that is more wasteful, inefficient and unnecessary than assumed in the General Plan.

19. EFFECTS ON VISUAL RESOURCES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on visual resources expected after application of mitigations/policies:

Direct Impacts

Effect: New development in the Planned Urbanizing Area will occur in areas that are in agricultural production or are otherwise lightly developed, which could lead to the introduction of light and glare in areas that have little nighttime illumination.

Cumulative Impacts

Effect: No additional cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following visual resources mitigation measures pertinent to the proposed project are found on pages V-19-3 and V-19-4 in the Master EIR. All mitigation measures appropriate to the proposed project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-18.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on energy resources. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
19. EFFECTS ON VISUAL RESOURCES				
1) The proposed project is inconsistent with policies relating to visual resources in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would degrade views from riverside areas and parks to a greater degree than assumed in the Urban Area General Plan.	☐	☐	☐	☒
3) The proposed project would degrade views of riverside areas from public roadways and nearby properties to a greater degree than assumed in the Urban Area General Plan.	☐	☐	☐	☒

Discussion:

(1) The project is consistent with the policies relating the visual resources in the General Plan.

(2) The project would not impact views from riverside areas and parks.

(3) The project would not impact views of riverside areas from roadways or nearby properties.

20. LAND USE AND PLANNING

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts pertaining to land use and planning expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following land use and planning mitigation measures pertinent to the proposed project are found on pages V-20-6 through V-20-17 in the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-20.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on land use and planning. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
20. LAND USE AND PLANNING				
1) The proposed project is inconsistent with land use and planning policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project contains elements that would physically divide an established community in a way not assumed in the Urban Area General Plan.	☐	☐	☐	☒
3) The proposed project conflicts with a land use plan, policy or regulation established for the purpose of avoiding or mitigating an environmental impact by an agency that has jurisdiction over the proposed project.	☐	☐	☐	☒
4) The proposed project conflicts with an applicable habitat conservation plan or natural community conservation plan.	☐	☐	☐	☒

Discussion:

(1) The project is designated Village Residential the General Plan. The proposed residential subdivision is consistent with the current General Plan Land Use designation. The project is consistent with land use and planning policies in the General Plan.

(2) The project would not divide an established community. The surrounding area is developed with residential uses including a middle-elementary school to the northeast. The proposed subdivision is consistent with the surround uses and would not divide existing neighborhood.

(3) The project does not conflict with the land use plan, policies and regulations of the City of Modesto designed to mitigate project impacts.

(4) The project does not conflict with applicable habitat conservation plans or natural community conservation plans.

21. CLIMATE CHANGE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts pertaining to climate change expected after application of mitigations/policies:

Direct Impacts

Effect: Impacts resulting from implementation of the Urban Area General Plan are not substantial enough to result in a significant direct impact on climate change, as disclosed in the Master EIR.

Cumulative Impacts

Effect: Implementation of the Urban Area General Plan will have a cumulatively considerable impact on climate change.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following climate change mitigation measures pertinent to the proposed project are found on pages V-21-7 through V-21-10 in the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-18.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on climate change. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
21. CLIMATE CHANGE				
1) The proposed project is inconsistent with policies relating to climate change in the Urban Area General Plan.	☐	☐	☒	☐
2) The proposed project would result in average automobile trip lengths or CO_2 emissions higher than those assumed in the Master EIR.	☐	☐	☒	☐
3) The proposed project would conflict with the Sustainable Communities Strategy or Alternative Planning Strategy that the Air Resources Board has agreed will achieve the goals of AB 32.	☐	☐	☒	☐

Discussion:

(1) The City of Modesto General Plan Master EIR addressed potential climate change impacts due to development and other activities associated with the Urban Area General Plan (UAGP). The Urban Area General Plan Master EIR (MEIR) determined that buildout of the UAGP would make a cumulatively considerable contribution to global climate change. The UAGP nonetheless authorizes development that will contribute to global climate change by virtue of the production of greenhouse gases. The MEIR states the projected rate of growth of vehicle miles traveled (VMT) will increase the City's contribution to global climate change as the City develops. Development under the UAGP is expected to generate approximately 1,096,226.4 metric tons per year above 2005 emissions. The City Council adopted a Statement of Overriding Considerations in 2008, finding that the benefits of the UAGP outweighed the City's increased contribution to global climate change.

The MEIR identifies policies CL-3 through CL-26 as policies in effect that have been determined to reduce, avoid or mitigate air quality environmental impacts within the existing City limits and within the Planned Urbanizing Areas as they annex and develop. These policies include but are not limited to, the use of shade trees to reduce the heat island effect, current energy efficient building standards to reduce energy consumption, and the inclusion of facilities for alternative transportation. The proposed project is required to develop in accordance with climate change policies included in the UAGP and the MIER.

(2) Climate change is an inherently cumulative impact because no single project can produce enough greenhouse gases to substantially alter the global climate. No thresholds have been set for individual or cumulative greenhouse gases. Nonetheless, the proposed project would result in greenhouse gas emissions due primarily to automobile travel and energy use for lighting, heating, cooling and other activities. The primary source of CO_2 emissions generated from the project would be related to automobile trips. As identified under the traffic and circulation discussion, traffic engineering staff has determined that the project will be in substantial conformance with the GP MEIR assumptions for traffic generation, the CO_2 emissions generated from the project would also be in substantial conformance with that which was assumed under the GP MEIR analysis.

(3) A Sustainable Communities Strategy has not yet been implemented by the Air Resources Board. Future development will be required to comply with the provisions of the Sustainable Communities Strategy once it is established.

V. MITIGATION MEASURES APPLIED TO THE PROPOSED PROJECT

If the Initial Study results in the determination that a Finding of Conformance can be adopted for the proposed project Section A below applies. If the Initial Study results in the determination that a Finding of Conformance cannot be adopted and a Mitigated Negative Declaration/EIR must be prepared for the project then Section B, below applies.

A. Master EIR Mitigation Measures Applied to the Project

Pursuant to Public Resources Code Section 21157.1(c), in order for a Finding of Conformance to be made, all appropriate mitigation measures from the Master EIR shall be incorporated into the proposed project. Urban Area General Plan Policies/Master EIR mitigation measures shall be made part of the proposed project prior to approval by means of conditions of project approval or incorporation into the appropriate document or plan.

All applicable and appropriate mitigation measures have been applied to the project (see mitigation measures listed below).

B. New or Additional Mitigation Measures or Alternatives Required

Where the project's effects would exceed the significance criteria for each environmental impact category, a mitigated negative declaration or Focused EIR must be prepared. Staff has reviewed the project against the significance criteria thresholds established in the Master EIR for all impact categories in this Initial Study.

A Mitigated Negative Declaration or Focused EIR shall be prepared for the project. The following additional project-specific mitigation measures listed below are necessary to reduce the identified new significant effect:

Traffic and Circulation:

N/A

Degradation of Air Quality:

AQ-42: All disturbed areas, including storage piles, which are not being actively utilized for construction purposes, shall be effectively stabilized of dust emissions using water, chemical stabilizer/suppressant, covered with a tarp or other suitable cover or vegetative ground cover.

AQ-43: All on-site unpaved roads and off-site unpaved access roads shall be effectively stabilized of dust emissions using water or chemical stabilizer/suppressant.

AQ-44: All land clearing, grubbing, scraping, excavation, land leveling, grading, cut & fill, and demolition activities shall be effectively controlled of fugitive dust emissions utilizing application of water or by presoaking.

AQ-46: When materials are transported off-site, all material shall be covered, or effectively wetted to limit visible dust emissions, and at least six inches of freeboard space from the top of the container shall be maintained.

AQ-47: All operations shall limit or expeditiously remove the accumulation of mud or dirt from adjacent public streets at the end of each workday. (the use of dry rotary brushes is expressly prohibited except where preceded or accompanied by sufficient wetting to limit the visible dust emissions.) (Use of blower devices is expressly forbidden.)

AQ-48: Following the addition of materials to, or the removal of materials from, the surface of outdoor storage piles, said piles shall be effectively stabilized of fugitive dust emissions utilizing sufficient water or chemical stabilizer/suppressant.

AQ-49: Within urban areas, track out shall be immediately removed when it extends 50 or more feet from the site and at the end of each workday.

AQ-50: Any site with 150 or more vehicle trips per day shall prevent carryout and track out.

The following measures should be implemented at construction sites when required to mitigate significant PM10 impacts(note, these measures are to be implemented in addition to Regulation VIII requirements):

AQ-51: Limit traffic speeds on unpaved roads to 15 mph; and

AQ-52: Install sandbags or other erosion control measures to prevent silt runoff to public roadways from sites with a slope greater than one percent (1%).

AQ-53: Install wheel washers for all exiting trucks, or wash off all trucks and equipment leaving the site.

AQ-54: Install wind breaks at windward side(s) of construction areas.

AQ-55: Suspend excavation and grading activity when winds exceed 20 mph. Regardless of windspeed, an owner/operator must comply with Regulation VIII's 20 percent (20%) opacity limitation.

AQ-56: Limit the area subject to excavation, grading and other construction activity at any one time.

Generation of Noise:

N-3: The project shall comply with the City's noise ordinance. Construction equipment and vehicles should be equipped with properly operating mufflers according to the manufacturers' recommendations. Air compressors and pneumatic equipment should be equipped with mufflers, and impact tools should be equipped with shrouds or shields. Equipment that is quieter than standard equipment should be utilized. Haul routes that affect the fewest number of people should be selected.

Effects on Agricultural Lands:

N/A

Increased Demand for Long-Term Water Supplies:

N/A

Increased Demand for Sanitary Sewer Services:

N/A

Loss of Sensitive Wildlife and Plant Habitat:

SWPH-13, Table V-7-1(j): Implementation of formal CDFG guidelines to avoid and minimize impacts to Burrowing Owls.

In conformance with federal and state regulations regarding the protection of raptors, a habitat assessment in accordance with CDFG guidelines for Burrowing Owls shall be completed prior to the start of construction. Burrowing owl habitat on the project site and within a 500-foot (150 m) buffer zone shall be assessed. If the habitat assessment concludes that the site and immediate vicinity lack suitable Burrowing Owl habitat, no additional action would be warranted. However, if suitable habitat is located on, or immediately adjacent to, the site, all Burrowing Owl habitat shall be mapped at an appropriate scale, and the following mitigation measures should be implemented:

1. In conformance with federal and state regulations regarding the protection of raptors, a pre-construction survey for Burrowing Owls, in conformance with CDFG guidelines, shall be completed no more than 30 days prior to construction within suitable habitat.

2. No Burrowing Owls will be evicted from burrows during the nesting season (February 1 through August 31). Eviction outside the nesting season may be permitted pending evaluation of eviction plans and receipt of formal written approval from the CDFG authorizing the eviction.

3. A 250-foot (76 m) buffer, within which no new activity will be permissible, will be maintained between project activities and nesting Burrowing Owls during the nesting season. This protected area will remain in effect until August 31, or at the CDFG's discretion and based upon monitoring evidence, until the young owls are foraging independently.

4. If accidental take (disturbance, injury, or death of owls) occurs, the CDFG will be notified immediately.

If pre-construction surveys determine that Burrowing Owls occupy the site and avoiding development of occupied areas is not feasible, then habitat compensation on off-site mitigation lands should be implemented. Habitat Management (HM) lands comprising existing Burrowing Owl foraging habitat and breeding habitat should be acquired and preserved. An area of 6.5 acres 2.6 ha) (the amount of land found to be necessary to sustain a pair or individual owl) should be secured for each pair of owls, or individual in the case of an odd number of birds. As part of an agreement, the project applicant shall secure the performance of its mitigation duties by providing the CDFG with security in the form of funds that would:

1. Allow for the acquisition and/or preservation of 6.5 acres (2.6 ha) of HM lands;

2. Provide initial protection and enhancement activities on the HM lands, potentially including, but not limited to, such measures as fencing, trash clean up, artificial burrow creation, grazing or mowing, and any habitat restoration deemed necessary by CDFG;

3. Establish an endowment for the long-term management of the HM lands; and

4. Reimburse the CDFG for reasonable expenses incurred as a result of the approval and implementation of this agreement.

Disturbance of Archaeological/Historic Sites:

Table V-8-1(b-f):

b. Prior to excavation and construction, the prime construction contractor and any subcontractors shall be cautioned on the legal and/or regulatory implications of knowingly destroying cultural resources or removing artifacts, human remains, bottles, or other cultural materials from the project area.

c. The project sponsor shall identify a qualified archeologist prior to any demolition, excavation, or construction. The City will approve the project sponsor's selection of a qualified archeologist. The archeologist would have the authority to temporarily halt excavation and construction activities in the immediate vicinity (ten-meter radius) of a find if significant or potentially significant cultural resources are exposed and/or adversely affected by construction operations.

d. Reasonable time shall be allowed for the qualified archeologist to notify the proper authorities for a more detailed inspection and examination of the exposed cultural resources. During this time, excavation and construction would not be allowed in the immediate vicinity of the find; however, those activities could continue in other areas of the project site.

e. If any find is determined to be significant by the qualified archeologist, representatives from the construction contractor and the City, the qualified archeologist, and a representative of the Native American community (if the discovery is an aboriginal burial) would meet to determine the appropriate course of action.

f. All cultural materials recovered as part of a monitoring program would be subject to scientific analysis, professional curation, and a report prepared according to current professional standards.

Increased Demand for Storm Drainage:

SD-9: Construction activities shall comply with the requirements of the City's Storm Water Management Plan under its municipal NPDES Stormwater permit, and the State Water Resources Control Board's General Permit for Discharges of Storm Water Associated with Construction Activity. (UAGP Policy V.E.3[h])

Flooding and Water Quality:

FWQ-13: Construction activities shall comply with the requirements of the City's Storm Water Management Plan under its municipal NPDES Stormwater permit, and the State Water Resources Control Board's General Permit for Discharges of Storm Water Associated with Construction Activity. (UAGP Policy V.E.3[h])

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-57

RESOLUTION AMENDING THE POSITION ALLOCATION FOR FISCAL YEAR 2014-2015 AS ADOPTED IN THE OPERATING BUDGET

WHEREAS, a Position Allocation for the City of Modesto was adopted by Modesto City Council on June 10, 2014, as part of the Annual Budget of the City of Modesto for Fiscal Year 2014-2015, and

WHEREAS, on June 10, 2014, the City Council approved an organization restructure of various divisions and departments, and

WHEREAS, following the completion of that restructuring, it was identified that additional functions should be restructured to further enhance the efficiency in specific areas, and

WHEREAS, as a result of the additional organizational changes, an allocation change is now needed to implement the reorganization,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the Position Allocation for Fiscal Year 2014-15 as follows:

1. Add one (1) Deputy City Manager in the City Manager's Office;
2. Eliminate one (1) Administrative Services Director in the Administrative Services Department;
3. Add one (1) Chief Information Officer in the Information Technology Department;
4. Eliminate one (1) Director of Parks, Recreation and Neighborhoods in the Parks, Recreation and Neighborhoods Department;

This resolution shall become effective on and after February 25, 2015.

The foregoing resolution was introduced at the regular meeting of the Council of the City of Modesto held on the 24th day of February, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Madrigal, Zoslocki, Mayor Marsh
NOES:	Councilmembers:	None

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-58

A RESOLUTION AMENDING THE FISCAL YEAR 2014-2015 OPERATING BUDGET TO ADD A SECOND DEPUTY CITY MANAGER POSITION, RE-ESTABLISH THE POSITION OF CHIEF INFORMATION OFFICER IN THE FISCAL YEAR 2014-2015 BUDGET AND DE-FUND THE POSITIONS OF DIRECTOR OF ADMINISTRATIVE SERVICES AND DIRECTOR OF PARKS, RECREATION AND NEIGHBORHOODS EFFECTIVE FEBRUARY 25, 2015

WHEREAS, the City of Modesto currently has one Deputy City Manager to assist the City Manager in managing and directing the overall administrative activities and operations of the City as well as to provide highly complex staff assistance to the City Manager and City Council, and

WHEREAS, Modesto Municipal Code 2-3.103 states that "There shall be two (2) Deputy City Managers. In the absence or disability of the City Manager, either Deputy City Manager, or such other officer of the City as shall be appointed City Manager pro tempore by the Council, shall perform the duties and exercise the powers of the City Manager," and

WHEREAS, the City has not utilized a two Deputy City Manager structure since it was eliminated as part of the budget process for fiscal year 2004/05, despite recommendations that it may be in the best interest of the organization, as part of the City's past restructuring and downsizing, and

WHEREAS, an organizational analysis was conducted by the City Auditors that suggests the City would benefit from a second Deputy City Manager position being added to the City Manager's Office, and

WHEREAS, as part of the City's past restructuring, the Administrative Services Department was created in July 2014 by the consolidation of the Human Resources Department and Information Technology Department, and

WHEREAS, adding a second Deputy City Manager will end the need for the Administrative Services Department. One of the Deputy City Managers would oversee the Human Resources Department, and

WHEREAS, effective February 24, 2015, the Administrative Services Department will be dissolved with the separation of the Human Resources Department and Information Technology Department, and

WHEREAS, the position of Administrative Services Department Director is being defunded effective February 24, 2015, and

WHEREAS, the Chief Information Officer position is being re-established to oversee the Information Technology Department, and

WHEREAS, the position of Director of Parks, Recreation and Neighborhoods is being de-funded effective February 24, 2015.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves this amendment of the Fiscal Year 2014-2015 Operating Budget.

BE IT FURTHER RESOLVED that the Finance Director, or her designee, is hereby authorized to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of February, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-59

RESOLUTION AUTHORIZING THE AWARD OF PROPOSAL AND CONTRACT FOR THE FURNISHING OF AUDITING SERVICES FOR THE FINANCE DEPARTMENT, ACCOUNTING DIVISION TO MACIAS GINI O'CONNELL LLP, SACRAMENTO, CA, FOR A THREE (3) YEAR AGREEMENT WITH TWO (2) ONE-YEAR EXTENSION OPTIONS AT THE SOLE DISCRETION OF THE CITY, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE CONTRACT FOR AN ESTIMATED ANNUAL COST OF $205,008, AND OVER FIVE (5) YEARS OF $1,025,040

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Proposals (RFP) for the furnishing of auditing services, and

WHEREAS, the Purchasing Division issued RFP No. 1415-14 Auditing Services to nine (9) prospective proposers, three (3) of which were local companies, and posted the RFP on the City's website, and

WHEREAS, proposals were formally opened in the City Clerk's Office. Two (2) companies chose to respond, none of which were local companies, and

WHEREAS, both companies provided responsive and responsible proposals, and

WHEREAS, an evaluation committee comprised of four (4) City staff members evaluated and graded the proposals, and

WHEREAS, the Finance Director observed the evaluation process, and

WHEREAS, based on being ranked highest in total evaluation criteria the evaluation committee recommends the award of proposal and contract for the furnishing of auditing services for the Finance Department, Accounting Division to Macias Gini O'Connell LLP, Sacramento, CA, for a three (3) year agreement with two (2) one-year extension options at the sole discretion of the City, for an estimated annual cost of $205,008, and over five (5) years of $1,025,040, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. The award of proposal for the furnishing of auditing services for the Finance Department, Accounting Division to Macias Gini O'Connell LLP, Sacramento, CA, conforms to Modesto Municipal Code 8-3.203, and

WHEREAS, sufficient funds are budgeted in Fiscal Year 2014-15 to cover the first year estimated annual cost. For the subsequent years, additional funds in the amount of $61,258 will be needed annually from General Fund Accounting Division to cover the increase in auditing services agreement. This increase will be factored into the Proposed Fiscal Year 2015-16 budget and subsequent years for the Finance Department, Accounting Division.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of proposal and contract for the furnishing of auditing services for the Finance Department, Accounting Division to Macias Gini O'Connell LLP, Sacramento, CA, for a three (3) year agreement with two (2) one-year extension options at the sole discretion of the City.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract for an estimated annual cost of $205,008.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of February, 2015, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-60

RESOLUTION OF THE CITY OF MODESTO REQUESTING FROM THE STANISLAUS COUNTY BOARD OF SUPERVISORS TO CONSOLIDATE THE CITY OF MODESTO GENERAL MUNICIPAL ELECTION TO BE HELD ON NOVEMBER 3, 2015, REQUESTING THE SERVICES OF THE REGISTRAR OF VOTERS, ELECTIONS DIVISION OF THE COUNTY OF STANISLAUS TO CONDUCT THE ELECTION ON BEHALF OF THE CITY OF MODESTO AND THE MODESTO CITY SCHOOLS BOARD

WHEREAS, the City of Modesto will hold an election on November 3, 2015 for the purpose of electing the City of Modesto Mayor and three (3) Councilmembers (Districts 1, 3 and 6); three (3) Modesto City Schools Board members (four year terms) and one (1) Modesto City Schools Board Member (two year term); and

WHEREAS, the City of Modesto respectively requests that the Stanislaus County Registrar of Voters, Elections Division, furnish all other services, facilities, supplies, equipment, etc. necessary for the election; and

WHEREAS, the City of Modesto City Clerk's Office will be responsible for issuing/collecting election information, publishing the Notice of Election and the Nominees for Public Office; and

WHEREAS, the City of Modesto will reimburse the County of Stanislaus for all actual costs for services performed to conduct the municipal election on behalf of the City.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby formally requests from the Board of Supervisors of Stanislaus County, California, to consolidate the City of Modesto's Municipal Election with the County's General Election to be held on November 3, 2015, requesting the services of the Registrar

of Voters, Elections Division of the County of Stanislaus to conduct the election on behalf of the City of Modesto.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of March, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-61

RESOLUTION OF THE CITY OF MODESTO REQUESTING FROM THE STANISLAUS COUNTY BOARD OF SUPERVISORS TO CONSOLIDATE THE CITY OF MODESTO RUN-OFF ELECTION FOR MAYOR BY MAIL, IF NECESSARY, TO BE HELD ON FEBRUARY 2, 2016, REQUSETING THE SERVICES OF THE REGISTRAR OF VOTERS, ELECTIONS DIVISION OF THE COUNTY OF STANISLAUS TO CONDUCT THE RUN-OFF ELECTION FOR MAYOR BY MAIL ON BEHALF OF THE CITY OF MODESTO

WHEREAS, the City of Modesto will hold a run-off election for Mayor by Mail, if necessary, to be held on February 2, 2016; and

WHEREAS, the City of Modesto respectively requests that the Stanislaus County Registrar of Voters, Elections Division, furnish all other services, facilities, supplies, equipment, etc. necessary for a Run-Off Election for Mayor by Mail, if necessary, to be held on February 2, 2016; and

WHEREAS, the City of Modesto City Clerk's Office will be responsible for issuing/collecting election information, publishing the Notice of Election and the Nominees for Public Office; and

WHEREAS, the City of Modesto will reimburse the County of Stanislaus for all actual costs for services performed to conduct the municipal election on behalf of the City.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby formally requests from the Board of Supervisors of Stanislaus County, California, to conduct the City of Modesto's Run-Off Election for Mayor by mail, if necessary, requesting the services of the Registrar of Voters, Elections Division of the County of Stanislaus to conduct the run-election on behalf of the City of Modesto.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of March, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-62

Print

RESOLUTION SUPPORTING THE EXPANSION OF THE ALTAMONT CORRIDOR EXPRESS TO STANISLAUS COUNTY AND THE DEVELOPMENT OF A TRAIN STOP IN THE CITY OF MODESTO

WHEREAS, according to the California Department of Finance the population for San Joaquin, Stanislaus, & Merced counties is the largest projected population growth in California; and

WHEREAS, employment opportunities in California are projected to increase most rapidly in Alameda, Santa Clara, and other Bay Area counties according to the California Department of Finance and

WHEREAS, Bay Area jobs will be increasingly filled by long-distance commuters as the cost of housing in the Bay Area increases; and

WHEREAS, new residents to the Central Valley will provide a boost to economic activity in the area in which they reside which includes increased direct local spending, more entrepreneurial talent, a substantial skilled and professional workforce, potential growth in business startups, and significant gains in job creation; and

WHEREAS, the Central Valley will be competing to attract these new residents with other nearby counties that have lower housing costs such as Contra Costa, Solano, and Yolo counties; and

WHEREAS, the annual overall commuter cost savings of using the ACE train versus vehicle transportation for work in the Bay Area is approximately $11.85 million, and also represents an annual value of $12.58 million in on-train paid work time for

current Central Valley commuters who currently ride ACE train, according to the 2014 Great Valley Center's Regional Economic Impact Report; and

WHEREAS, the current ACE train service with 4 daily trains provides transportation for 1.3 million people annually who ride the ACE train for work, business, connections to other forms of travel including air, & tourism; and the annual ACE train ridership is projected to increase to over 4 million riders with the ACE train expansion project which will add 6 more daily trains from Stanislaus County and Merced County to the Bay Area , for a total of 10 daily trains from Merced, Stanislaus, and San Joaquin counties to the Bay Area which is project to increase ridership to 5.9 million annual riders by 2025; and

WHEREAS, ACEforward aims to run more frequent trains that will be more reliable, safer, and faster, and help reduce highway congestion and greenhouse gas emissions. Improving connectivity with BART (in the Tri-Valley and other potential locations) and other transit services. In addition, by placing new train stations in existing downtowns ACEforward also serves as a mechanism to help Stanislaus County meet the regional and state sustainability goals under California Senate Bill 375 by diverting 42.8 million vehicle miles and reducing greenhouse gas (GHG) emissions by 23.7 million pounds based on current ridership and diverted vehicle miles is expected to grow to 84.1 million vehicle miles which will also account for an increased reduction in GHG to 45.5 million pounds by 2020, and will also place Modesto in a more competitive position for cap and trade funding, as well as provide downtown Modesto the opportunity to attract more transit-oriented development; and

WHEREAS, Stanislaus County is currently not a self-help county which has a voter-approved transportation tax as defined Federal and State Departments of Transportation and therefore cannot compete for the necessary Federal and State funding for ACE train expansion. Furthermore, the ACE train expansion into Stanislaus County with train stops in Modesto and Turlock will require a necessary investment of 12% of the funding derived from a one half cent countywide sales tax if approved by Stanislaus County voters, based on 25 years of funding, according the San Joaquin Rail Commission, the U.S. Department of Transportation, and the Federal Railroad Administration; and

THEREFORE BE IT RESOLVED THAT the City of Modesto hereby supports the expansion of the Altamont Corridor Express (ACE) train to Stanislaus County and the development of an ACE train stop in the City of Modesto's downtown district; and

THEREFORE BE IT RESOLVED THAT the City of Modesto recognizes the importance of regional economic development and collaboration with our neighboring counties of San Joaquin and Merced benefit our City of Modesto residents as well as neighboring cities in Stanislaus County. Given the potential for regional economic growth, the City of Modesto supports the ACE train expansion into our neighboring communities which includes the development of ACE train stops in the cities of Manteca, Ripon, Modesto, Turlock, Livingston, and Merced; and

THEREFORE BE IT FURTHER RESOLVED THAT the City of Modesto supports the necessary funding at the federal, state, and local level, as available, and only after Council approval, for the ACE train expansion project into Stanislaus, San Joaquin, and Merced counties; and

THEREFORE BE IT FURTHER RESOLVED THAT the City of Modesto directs the Mayor to send a letter to the President, Governor of California, State and Federal legislators in the San Joaquin, Stanislaus, and Merced Counties, and the Stanislaus Council of Governments urging support for the necessary funding for the ACE train expansion into San Joaquin, Stanislaus, and Merced Counties; and

THEREFORE BE IT FURTHER RESOLVED THAT the City of Modesto directs the Mayor to send a letter to all Mayors and City Councils, County Boards of Supervisors, School Boards, and State and Federal legislators in San Joaquin, Stanislaus, and Merced Counties, and the Stanislaus Council of Governments urging them to adopt a similar resolution.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 3rd day of March, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION AUTHORIZING THE AWARD OF BID FOR THE FURNISHING OF DISCING AND FLAIL MOWING SERVICES FOR THE PUBLIC WORKS DEPARTMENT, PARK OPERATIONS DIVISION TO SCOTO FARMING, MODESTO, CA, FOR A TWO (2) YEAR AGREEMENT WITH THREE (3) ONE-YEAR EXTENSION OPTIONS AT THE SOLE DISCRETION OF THE CITY, AND AUTHORIZING THE PURCHASING MANAGER, OR HIS DESIGNEE, TO ISSUE A PURCHASE AGREEMENT FOR AN ESTIMATED ANNUAL COST OF $42,000, AND OVER FIVE (5) YEARS OF $210,000

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for the furnishing of discing and flail mowing services, and

WHEREAS, the Purchasing Division issued RFB No. 1415-17 Discing and Flail Mowing Services to twelve (12) prospective bidders, six (6) of which were local companies, and posted the RFB on the City's website, and

WHEREAS, bids were formally opened in the City Clerk's Office. Three (3) companies chose to respond, one of which was a local company, and

WHEREAS, all three (3) companies provided responsive and responsible bids, and

WHEREAS, based on providing the lowest responsive and responsible bid, City staff recommends the award of bid for the furnishing of discing and flail mowing services for the Public Works Department, Park Operations Division to Scoto Farming, Modesto, CA, for a two (2) agreement with three (3) one-year extension options at the sole discretion of the City, for an estimated annual cost of $42,000, and over five (5) years of $210,000, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all

purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. The award of bid for the furnishing of discing and flail mowing for the Public Works Department, Park Operations Division to Scoto Farming, Modesto, CA, conforms to Modesto Municipal Code 8-3.203, and

WHEREAS, funds are budgeted in Fiscal Year 2014-15 in Appropriation Unit: 0100-52010-53300.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid for the furnishing of discing and flail mowing services for the Public Works Department, Park Operations Division to Scoto Farming, Modesto, CA, for a two (2) year agreement with three (3) one-year extension options at the sole discretion of the City.

BE IT FURTHER RESOLVED that the Purchasing Manager, or his designee, is hereby authorized to issue a purchase agreement for an estimated annual cost of $42,000.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-64

RESOLUTION AUTHORIZING THE AWARD OF BIDS FOR THE FURNISHING OF STREET SWEEPING MATERIAL RECEIVING SERVICES FOR THE PUBLIC WORKS DEPARTMENT, GREEN WASTE DIVISION TO GILTON RESOURCES RECOVERY TRANSFER FACILITY, INC., OAKDALE, CA, AS "PRIMARY" CONTRACTOR AND BERTOLOTTI TRANSFER STATION, INC., CERES, CA, AS "SECONDARY" CONTRACTOR, FOR A TWO (2) YEAR AGREEMENT WITH THREE (3) ONE-YEAR EXTENSION OPTIONS AT THE SOLE DISCRETION OF THE CITY, AND AUTHORIZING THE PURCHASING MANAGER, OR HIS DESIGNEE, TO ISSUE PURCHASING AGREEMENTS FOR AN ESTIMATED ANNUAL COST OF $145,250, AND OVER FIVE (5) YEARS OF $726,250

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for the furnishing of street sweeping material receiving services, and

WHEREAS, the Purchasing Division issued RFB No. 1415-05 Street Sweeping Material Receiving Services to seven (7) prospective bidders, none which were local companies, and posted the RFB on the City's website, and

WHEREAS, there are no local companies capable of providing this service, and

WHEREAS, bids were formally opened in the City Clerk's Office. Two (2) companies chose to respond, and

WHEREAS, both companies provided responsive and responsible bids, and

WHEREAS, in order to ensure continued services to the City, bids shall be awarded to both companies to provide for backup in case the primary contractor is unable to meet the City's needs, and

WHEREAS, the secondary contractor may be awarded a specific job only if the primary contractor is unable to perform the service, or if the primary contractor is unable

to complete the specific job within the timeframe required by the City or if the primary contractor is unable to maintain acceptable quality standards required by the City, and

WHEREAS, based on providing responsive and responsible bids, City staff recommends the award of bids for the furnishing of street sweeping material receiving services for the Public Works Department, Green Waste Division to Gilton Resources Recovery Transfer Facility, Inc., Oakdale, CA, as "primary" contractor and Bertolotti Transfer Station, Inc., Ceres, CA, as "secondary" contractor, for a two (2) year agreement with three (3) one-year extension options at the sole discretion of the City, for an estimated annual cost of $145,250, and over five (5) years of $726,250, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. The award of bids for the furnishing of street sweeping material receiving services for the Public Works Department, Green Waste Division to Gilton Resources Recovery Transfer Facility, Inc., Oakdale, CA, as "primary" contractor and Bertoloitti Transfer Station, Inc., Ceres, CA, as "secondary" contractor, conforms to Modesto Municipal Code 8-3.203, and

WHEREAS, funds are budgeted in Fiscal Year 2014-15 in Appropriation Units: 4480-53150-54601 and 4480-53150-53150.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bids for the furnishing of street sweeping material receiving services for the Public Works Department, Green Waste Division to Gilton Resources Recovery Transfer Facility, Inc., Oakdale, CA, as "primary" contractor and

Bertoloitti Transfer Station, Inc., Ceres, CA, as "secondary" contractor, for a two (2) year agreement with three (3) one-year extension options at the sole discretion of the City.

BE IT FURTHER RESOLVED that the Purchasing Manager, or his designee, is hereby authorized to issue purchasing agreements for an estimated annual cost of $145,250.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-65

Print

RESOLUTION AMENDING THE POSITION ALLOCATION FOR THE MODESTO POLICE DEPARTMENT TO ADD ONE LIMITED-TERM POLICE CAPTAIN POSITION TO ACT AS DIRECTOR OF THE STANISLAUS REGIONAL 9-1-1 (SR911) CENTER FROM MARCH 24, 2015 THROUGH JUNE 30, 2016, IN COST CENTER 0100-19410

WHEREAS, since 1999, the Modesto Police Department has been a bi-lateral member, with Stanislaus County, of a Joint Powers Authority known as Stanislaus Regional 9-1-1 (SR911) to provide Emergency Dispatch services, and

WHEREAS, the Commission appointed a Modesto Police Captain as Director of the Stanislaus Regional 9-1-1 Center on January 31, 2008, and upon his retirement in May 2009 he was contracted as a non-benefitted Director through a Personal Services Contract to reduce expenses during the 2008 recession and its aftermath, and

WHEREAS, the Modesto Police Department is requesting one (1) Limited-Term Police Captain to reside at the Stanislaus Regional 911 Center from March 31, 2015 through June 30, 2016, and

WHEREAS, managing an organization as complex as SR 911 requires a seasoned, senior executive with high levels of managerial and technical abilities, political intuition, and leadership capabilities, and

WHEREAS, the Police Department's goal is to make sure the Modesto Police Department and the citizens in this city have a highly effective, efficient, and cost effective communications center for the safety of the community, and

WHEREAS, there is no fiscal impact to the General Fund, and

WHEREAS, this position is paid for through the Stanislaus Regional 911 Joint Powers Authority (JPA), and

WHEREAS, expenses for this position will be funded in the General Fund but offset in full through reimbursement from the Joint Power Authority (JPA), and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby amends the Position Allocation for the Police Department to add one Limited-Term Police Captain position at the Stanislaus Regional 9-1-1 (SR911) Center from March 31, 2015 through June 30, 2016.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Position Allocation for the Modesto Police Department to add one Limited-Term Police Captain position to act as Director of the Stanislaus Regional 9-1-1 (SR 911) Center from March 24, 2015 through June 30, 2016, in Cost Center 0100-19410.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of March, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-76

RESOLUTION AMENDING THE FISCAL YEAR 2014-2015 ANNUAL OPERATING AND CAPITAL IMPROVEMENT BUDGETS

WHEREAS, a financial analysis has been completed and it has been determined that a budget adjustment is required to the Annual and Capital Improvement Budgets of the City of Modesto for Fiscal Year 2014-2015,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the Fiscal Year 2014-2015 Annual Operating and Capital Improvement budgets as shown in **Exhibit A**, which is **attached** hereto and incorporated by reference herein.

BE IT FURTHER RESOLVED that the Director of Finance, or her designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of March, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following votes:

EXHIBIT A

FISCAL YEAR 2014-15

ADMINISTRATIVE SERVICES DEPARTMENT

A budget adjustment is necessary to 1) establish a transfer in the amount of $220,000 from the Insurance Dental Fund; Fund 5350, to the Insurance Vision Fund; Fund 5390, to cover a Fiscal Year 2014-15 budget deficit, and 2) allocate these funds to Employee Benefits Vision Insurance Cost Center Claims Payment Account.

COMMUNITY AND ECONOMIC DEVELOPMENT

A budget adjustment is necessary to transfer $190,300 from Fund 3410, Streets CFF Fund Reserves, to Capital Improvement Project #100632, Rt Turn Ln McHenry to Briggsmore, for the Land Acquisition phase of the project.

A budget adjustment is necessary to reduce the budget in Project 100319 (Golf Capital Improvements) by $71,130 and move these funds into Project 100863 (Golf Improvements - $1 per Round). These funds will be used for improvements at the City's golf courses that are not considered capital improvements. The increase in funding in Project 100863 will be budgeted in Tools & Equipment expenses. Both projects are in Fund 4600 (Golf Fund).

A budget adjustment is necessary to establish a revenue budget of $100,000 and increase the expense budget for Professional Services by the same amount in the Courthouse Project (100859). This adjustment is necessary to satisfy a negotiated settlement between the property owners, tenant, and the City of Modesto as payment for relocation expenses for the courthouse properties.

FIRE DEPARTMENT

Fiscal-Year 2014-15 marks the year the Modesto Regional Fire Authority dissolved and Modesto Fire Department returned to being a City of Modesto Department. This transition was taking place during the Fiscal-Year 2014-15 budget adoption process. In order to properly adjust the revenue estimates that were adopted, a budget adjustment is necessary to reduce the EMS/Accident Recovery Fees Revenue budget by $150,000 and the Salida Fire Protection District Contract Revenue budget by $615,000.

PARKS, RECREATION AND NEIGHBORHOODS

A budget adjustment is necessary to 1) establish a transfer in the amount of $65,550 from the General Fund Reserves; Fund 0100, to the Non-Capital Parks Fund; Fund 1380, for additional expenses related to the Modesto Grand Prix, Project # 100822, and 2) reduce Salary and Benefit expense by $52,500 in the Parks, Recreation and Neighborhoods Administration budget to offset the cost to the General Fund Reserves.

A budget adjustment is necessary to recognize $22,768 in unbudgeted revenue from the Stanislaus County Foundation for the 2014 Modesto Grand Prix Non-Capital Project #100822 and adjust the project discretionary accounts to reflect the actual expense.

PUBLIC WORKS

A budget adjustment is necessary to 1) establish a transfer in the amount of $500,000 from Waste to Energy Reserves, Fund 4895, to the Green Waste Fund; Fund 4892, and 2) allocate these funds to establish the Green House Gas Emission Reduction Program operating budget as mandated by the State.

A budget adjustment is necessary to 1) establish a transfer in the amount of $100,000 from Solid Waste Reserves, Fund 4891, to the Green Waste Fund; Fund 4892, and transfer $192,382 in Street/Development Trees revenue within the Developers Fund, and 2) allocate these funds to establish the City Nursery at Jennings Road Compost site operating budget as mandated by the State.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-77

RESOLUTION APPROVING THE APPROPRIATION OF $352,000 FROM THE GENERAL FUND TO THE MISTLETOE ABATEMENT FUND 4892-56050 TO FUND THE REMOVAL OF MISTLETOE FROM CITY TREES IN VARIOUS AREAS THROUGHOUT THE CITY

WHEREAS, mistletoe removal is one of the biggest challenges for the City's Public Works Department, Forestry Division in rebuilding the Forestry program and preserving City trees following dramatic program cuts that occurred from 2003-2012, and

WHEREAS, when mistletoe is not promptly removed, it easily spreads from tree to tree, and

WHEREAS, this invasive tree parasite further weakens and ultimately kills trees that are already under stress from age, disease, insect infestations, and a lack of water, and

WHEREAS, it is especially harmful to Modesto's signature tree species, the Modesto Ash, and

WHEREAS, over the last 12 years, the City has lost approximately 10,000 trees to a combination of factors, and

WHEREAS, studies show that for each $1.00 invested in the care and preservation of City trees, there is $1.85 in returned benefits through reductions in CO2, reduced heating and cooling costs, the absorption of pollutants from the air, conservation of water, shading and preservation of pavement, and through the enhancement of property values, and

WHEREAS, the Forestry Division analyzed options to begin the process of reducing tree loss through more aggressive mistletoe abatement, and

WHEREAS, based on this analysis, staff has recommended using ground crews of 4-6 workers in areas where pole saws can be used to remove mistletoe growth/regrowth from the smaller trees, at a cost of approximately $136,000 for an additional 8,000 hours of removal work, and

WHEREAS, staff is further recommending the allocation of 30 additional days of weekend overtime work for a Forestry aerial/removal crew at a cost of approximately $216,000 to allow for removal of regrowth and new growth in trees that are too tall to be worked by ground crews, and

WHEREAS, at the February 10, 2015 Council Workshop on the Strategic Plan, the Council identified 7 projects to receive funding as "Deferred Maintenance and Investment Opportunities", and

WHEREAS, Mistletoe Abatement was identified as one of the opportunities to be funded with a proposed allocation of $352,000 in funds for this program.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the appropriation of $352,000 from the General Fund to the Mistletoe Abatement Fund 4892-56050 to fund the removal of mistletoe from City trees in various areas throughout the City.

BE IT FURTHER RESOLVED that the Finance Director, or her designee, is hereby authorized to implement the provisions of this resolution.

This resolution shall become effective on and after March 10, 2015.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 10th day of March, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION ACCEPTING THE WORK BY BRENEMAN, INC., FOR THE "ROSELLE AND MERLE INTERSECTION PROJECT" AS COMPLETE, AUTHORIZING THE CITY CLERK TO FILE A NOTICE OF COMPLETION WITH THE STANISLAUS COUNTY RECORDER UPON RECEIPT OF APPROVED WARRANTY BOND, TO RELEASE SECURITIES UPON EXPIRATION OF STATUTORY PERIODS, AND AUTHORIZING PAYMENT OF AMOUNTS TOTALING $452,597

WHEREAS, a report has been filed by the Director of Utilities that the Roselle and Merle Intersection Project has been completed by Breneman, Inc., in accordance with the contract agreement dated March 11, 2014,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Roselle and Merle Intersection Project is hereby accepted as complete from said contractor, Breneman, Inc., and that the City Clerk is authorized to file a Notice of Completion with the Stanislaus County Recorder upon receipt of approved Warranty Bond, to release securities upon expiration of statutory periods, and that payment of amounts totaling $452,597 is authorized as provided in the contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of March, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION APPROVING AN AGREEMENT WITH BARTLE WELLS ASSOCIATES FOR THE PREPARATION OF THE SEWER RATE AND FEE STUDY IN AN AMOUNT NOT TO EXCEED $159,960 FOR THE IDENTIFIED SCOPE OF SERVICES, PLUS $26,040 FOR ADDITIONAL SERVICES (IF NEEDED), FOR A MAXIMUM TOTAL AMOUNT OF $186,000, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, in a recent tolling agreement with Stanislaus Foods Products, the City agreed to revisit its methodology to develop a new wastewater rate and fee structure, recognizing that the City employs several methods for treating and disposing of its wastewater, in particular direct land disposal of Cannery Segregation process water during the summer canning season, and

WHEREAS, the City will prepare a new wastewater rate and fee structure, based on actual costs of service, for both wastewater collection and treatment, between the City's wastewater user groups, and

WHEREAS, the level of effort to evaluate the City's complex wastewater system for the Sewer Rate and Fee Study is specified in the tolling agreement, and

WHEREAS, therefore, staff is recommending the use of a financial advisory and utility rate consultant firm to complete the study, and

WHEREAS, On September 23, 2014 by Resolution No. 2014-300, the City Council approved Request for Qualifications (RFQ)/Request for Proposals (RFP) process to identify the most qualified firm to complete a Sewer Rate and Fee Study, and

WHEREAS, three (3) statements of Qualifications/Proposals were received on December 2, 2014, and were reviewed by a selection committee that consisted of City Staff and a representative from the City's wastewater users group, and

WHERAS, subsequently, consultant interviews were conducted on January 13, 2015, and the selection committee determined that Bartle Wells Associates (BWA) was the most responsive and qualified firm to conduct the Sewer Rate and Fee Study, and

WHEREAS, staff recommends approval of an agreement with BWA for the Sewer Rate and Fee Study,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement with Bartle Wells Associates for the preparation of the Sewer Rate and Fee Study in an amount not to exceed $159,960 for the identified scope of services, plus $26,040 for additional services (if needed), for a maximum total amount of $186,000.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of March, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION AMENDING THE FISCAL YEAR 2014-2015 OPERATING BUDGET IN THE AMOUNT OF $182,000 TO BE TRANSFERRED INTO OPERATING ACCOUNT 43110 FROM WASTEWATER FUND RESERVES IN ORDER TO FULLY FUND THE AGREEMENT WITH BARTLE WELLS ASSOCIATES FOR THE PREPERATION OF THE SEWER RATE AND FEE STUDY, INCLUDING SUPPORT BY CITY STAFF

WHEREAS, certain budgetary transactions are necessary in the amount of $182,000, in order to fund the agreement with Bartle Wells Associates, including support by City staff for the Sewer Rate and Fee Study, and

WHEREAS, the Fiscal Year 2014-2015 Operating Budget from Wastewater Fund Reserves must be amended as shown in **Exhibit A**, which is incorporated by reference herein,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the amendment of the Fiscal Year 2014-2015 Operating Budget from Wastewater Fund Reserves as shown in **Exhibit A**.

BE IT FURTHER RESOLVED that the Director of Finance, or her designee, is hereby authorized to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of March, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

Exhibit A

Due to the increase of estimated engineering/design/administration costs for the agreement, including support by City staff for Cost Center #43110 -"Sewer Rate and Fee Study", the study costs need to be increased by $182,000. This would be done by adjusting Account 53300 "Professional Services" by $182,000.

To fund the above account, $182,000 will be transferred from Wastewater Fund Reserves into Cost Center 4210-43110-53300.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-81

RESOLUTION APPROVING AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO NEGOTIATE AND EXECUTE AN AGREEMENT WITH DATA PATH, INC., MODESTO, CA , A PROFESSIONAL FIRM, TO PROVIDE INTERIM CHIEF INFORMATION OFFICER SERVICES FOR THE CITY FOR A NOT TO EXCEED AMOUNT OF $128,000, AND TO APPOINT JOHN DICKEY AS INTERIM CHIEF INFORMATION OFFICER, EFFECTIVE MARCH 24, 2015

WHEREAS, on February 24, 2015, the City Council approved the re-establishment of the position of Chief Information Officer, and

WHEREAS, the City Council needs to appoint an Interim Chief Information Officer to fill the role of Chief Information Officer within City service, and

WHEREAS, the City Manager's Office contacted various firms to determine their availability to provide said services, and

WHEREAS, the City Manager's Office is recommending contracting with Data Path, Inc., a Modesto-based Information Technology consulting firm to provide interim Chief Information Officer services and seeking authorization to negotiate and execute an agreement with Data Path, Inc.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves and authorizes the City Manager or his designee to negotiate and execute a professional services agreement consistent with City's policies, and as approved by the city attorney with Data Path, Inc., a professional firm, to provide interim Chief Information Officer services with the City, and appoint John Dickey as Interim Chief Information Officer. The contract amount shall not exceed ONE HUNDRED TWENTY-EIGHT THOUSAND (128,000) DOLLARS.

BE IT FURTHER RESOLVED that terms of the Agreement shall be consistent with the Scope of Work to this Resolution as **Exhibit** A-1.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 24th day of March, 2015, by Councilmember Gunderson, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

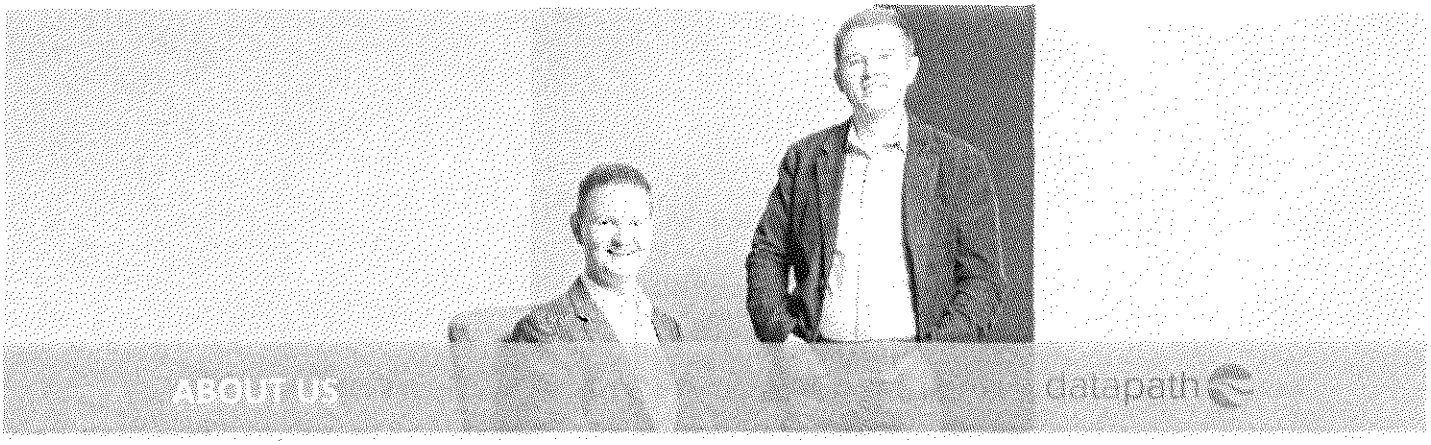
ADAM U. LINDGREN, City Attorney



Long-term friends and Central Valley residents, James Bates and David Darmstandler founded Data Path in June of 2005. In 2004, James and David started meeting regularly to write their business plan for Datapath. They met with local business and organization leaders in the area to discover what their experience was with their current IT departments and IT consulting companies. They found that leaders were frustrated with their IT support not understanding their organization, being unresponsive to needs, not planning for the future and were unable to view decisions with a "return-on-investment" mindset.

With these discoveries, James and David built the Datapath service model to address and overcome the negative experience leaders were having. Through unmatched customer service, support and provision of innovative IT solutions, Data Path quickly grew to be one of the regions highest-regarded and most awarded IT consulting firms.

Data Path currently supports and manages more than 6,000 computers and 600 servers, overseeing the support and resolution of more than 1,500 support requests per month, with daily exposure to various software packages, network equipment and computer systems spread across a diverse client base.

Exhibit "A-1"

Scope of Work

Data Path, Inc. services include everything required to support a local government executive.

Our full services include the following:

Interim Services

The CIO will support senior management by providing transitional or long term leadership and management for programs, projects, infrastructure or operations and has the experience to deliver the results you need. For instance:

Strategic Planning

The CIO will aid the city in building a solid strategic foundation by designing and managing creative, collaborative strategic planning processes. He will assist in defining government's technology and business process objectives, actions and timetables linked to mission and financial projections and plans. He will also facilitate decisions by all stakeholders resulting in plans that are actionable and client-owned.

Enterprise Systems (ERP, HRIS, Finance, CAD, Supply Chain, Logistics…)

The CIO will support the due diligence process of requirements definition, solution identification, validation, inspection, selection, negotiation, implementation planning, provisioning, configuring, testing, training and production. Having successfully directed this process for small, medium and large organizations, he has the necessary experience to ensure your success as well.

Lean Business Processes

Process identification, value-stream mapping, streamlining and/or automation can be daunting. The CIO knows Process Engineering inside out and can assist you in:

- Identifying your key business processes in need of improvement
- Identifying the critical people, actions and communications needed in each process flow
- Mapping both current and future states
- Developing the plans to implement
- Optimizing new processes and measuring their effectiveness

eGovernment

The CIO will help you analyze your organization's potential for on-line success, define your requirements, metrics, as well as develop an egovernment strategy, design your information architecture, wireframes, process flows and site maps. He'll also assist in selecting the best third party developers and integrators when needed.

IT Governance and Staffing

The CIO can evaluate strengths and opportunities of staff as well as professional development needs. He will help determine appropriateness of the City's IT organization's alignment in support of the various entities and missions of concern. He is also an expert at team building, establishing customer focus, responsiveness and mentoring prospective leaders. He will help rationalize or establish best practices in IT governance from portfolio management to customer-based prioritization.

Architecture/Infrastructure Optimization

The CIO will work with customers and IT Service providers to establish best service levels and associated architectural configurations as well as rational migration plans.

Partnerships

The CIO is adept at establishing constructive professional relationships with senior executives and other leaders across the organization.

Understanding of the Engagement

We understand the City of Modesto is in need of interim Chief Information Officer services. The City will be recruiting for a permanent Chief Information Officer, which is likely to take four to six months. During the recruitment period, the City is in need of expert consulting assistance by Data Path, Inc. in the chief information officer.

This engagement anticipates approximately four days a week, with some weeks being more and others less, depending on need. In addition, given the level of service needed, the engagement will involve electronic communications for regular contacts with staff, elected officials and others. We will assign John Dickey to this engagement. His qualifications are attached. John will work for and at the direction of Data Path, Inc., while providing expert consulting advice and services to your satisfaction. Data Path, Inc. will provide all insurance, training and administrative support (including company equipment) as necessary during the assignment. Our commitment is to provide continuous and seamless management services to you during this transition period.

Fee Proposal

Data Path, Inc. will provide interim executive officer consulting services at a rate of $16,000 per month plus expenses. Per Diem charges may apply for travel outside of the local area.

John Dickey – Bio

(209) 549-6758
John@nextstep.biz

John has a 30 year career in Technology and Operations Management as well as Lean Enterprise solutions with a broad base of experiences ranging from emergency restoration of critical communications on Air Force One, to teaching graduate students the best of breed management solutions in technology, to holding Chief Information Officer and other senior executive responsibilities with healthcare, manufacturing, distribution, retail, software and logistics firms.

His entrepreneurial skills brought forth a mobile marketing company with products that changed the way consumer product manufacturers interact with their end customers and are presently sold as a part of the solution set of one of the world's largest technology enterprises.

Appointed by the Governor of Indiana to lead the state's higher education technology infrastructure development forum, he managed the senior tech and distance learning directors from eight universities to consensus on the standards that enabled great strides in the delivery of on-line studies.

As CIO/VP and part of a turn-around team for the nation's largest food ingredient manufacturer, he led the rational replacement and/or upgrade of more than 20 systems as well as implementing lean manufacturing principles taking on the additional role of VP for the planning and logistics divisions.

As a Management, Technology and Operations consultant, he has established an outstanding reputation with privately held businesses in California

John's technology background is impressive but his perspective on it is unusual in that his passion is really for people and their businesses. For him, empowering people to grow their businesses with the most appropriate tools and processes in a practical and yet visionary way is far more interesting than playing with the latest smartphone version. He has an uncanny ability to see opportunities within myriad business settings and to know where technology and the tech industry are headed as well as what's driving the market.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-82

RESOLUTION ADOPTING A POSITION OF SOLIDARITY WITH THE NATION OF IRAQ AND ITS INDIGENOUS ASSYRIAN POPULATION AND CONDEMNING THE AGGRESSIVE INVASION AND PERSECUTION BROUGHT AGAINST THEM

WHEREAS, the Assyrians, the indigenous people of Mesopotamia including the area now known as Iraq or Occupied Assyria, were among the first Christians in the First Century A.D.; and

WHEREAS, the Assyrians were a minority long before coming to the United States. Without a country of their own, they have been a linguistic, political, religious as well as an ethnic minority in the now-Muslim majority countries of Iran, Iraq, Turkey, Lebanon and Syria; and

WHEREAS, as long ago as 1867 an Assyrian came to California from what was then known as Persia. But not until early in the twentieth century did Assyrians come to California to stay. And in 1911 Dr. Isaac Adam and a group of about forty five arrived in Delhi seeking a rural area which might be similar in climate and crops to their native Middle East. The sophisticated atmosphere of populous cities was an extreme contrast to their agricultural background. Thus, the Assyrian settlement in Stanislaus County began with the dawn of the 20th Century; and

WHEREAS, during the years of World War I, following the merciless genocide of Assyrians and other Christians in what was at that time land controlled by the Ottoman Empire, many more Assyrians fled their homeland with some settling in Turlock and Modesto seeking opportunities in agriculture; and

WHEREAS, now an integral part of the Stanislaus County mosaic, the Assyrian community concerns itself with preserving its heritage and the land of its forefathers, wanting peace and prosperity for that region; and

WHEREAS, the Assyrian community in the Modesto area, through its church, youth, cultural and philanthropic organizations such as the Bet Nahrain Cultural Center, Assyrian Church of the East parishes, and the Assyrian American Civic Club of Turlock, has contributed in an extraordinary manner to all facets of life in Stanislaus County, and most importantly, to the unique sense of community which exists in Modesto; and

WHEREAS, in defense of freedom, the United States authorized the use of military force against Iraq to effectuate the purposes of regime change, subsequently leading to the start of the Iraq War on March 19, 2003 and the hunt for Saddam Hussein; and

WHEREAS, on December 18, 2011, the last U.S. troops left Iraq, ending an 8 year war on terror and thereby restoring hope of religious freedom amongst the Assyrian people; and

WHEREAS, in the years following the war, the Assyrians have enjoyed a period relatively free from oppression and religious persecution while consistently striving to ensure democracy and prosperity for all of the country's citizens; and

WHEREAS, any semblance of peace, prosperity and religious freedom restored throughout Iraq after the Iraq War was fleeting; and

WHEREAS, on June 9, 2014, Mosul, Iraq's second largest city and home to thousands of Assyrian and Iraqi Christians, fell captive to the Islamic State of Iraq and Syria (ISIS); and

WHEREAS, ISIS seized control of government offices, police stations and the airport, forcing approximately 500,000 Assyrians to flee their indigenous land; and

WHEREAS, all Assyrians remaining in ISIS-controlled parts of Iraq have been given three options; leaving their native land, converting to Islam, or death; and

WHEREAS, the violence has since intensified, and the barbaric, unspeakable acts of ISIS have driven out close to all of the Assyrian population from the country; and

WHEREAS, ISIS has destroyed numerous churches and Christian institutions throughout Iraq, with all church services in Mosul ceasing for the first time in sixteen hundred years; and

WHEREAS, Assyrians now turn to neighboring lands seeking refuge from the genocide that is spreading like wildfire across Iraq; and

WHEREAS, the acts of terror carried out by ISIS have now impacted America, with the death of journalist James Foley on August 19, 2014, et al, and multiple other U.S. citizens being held captive in Iraq and suffering the same fate as the thousands of Assyrian in the Middle East; and

WHEREAS, the Assyrians of Stanislaus County have already demonstrated in San Francisco, Modesto, Turlock, Washington, D.C. and the United Nations to raise awareness of this tragedy, and look to people around the world to recognize these atrocities and support all future efforts to bring them to an end;

NOW THEREFORE, BE IT RESOLVED, that the Council of the City of Modesto pauses in its deliberations to express solidarity with the Assyrian community in their desperate struggle for religious freedom and dignity during this crisis;

AND BE IT FURTHER RESOLVED, that the Council of the City of Modesto stands in solidarity with the Assyrian community and calls upon all citizens of Modesto and the world to respect their personal liberty and the right to practice their faith, and to condemn the aggressive invasion, persecution and religious purging at the hands of the Islamic State of Iraq and Syria;

AND BE IT FURTHER RESOLVED, that copies of this resolution, suitably engrossed, be transmitted to the Assyrian American Civic Club of Turlock, the Bet Nahrain Cultural Center in Ceres, the Assyrian Church of the East parishes in Stanislaus County, all other Assyrian church congregations and organizations in Stanislaus County, Congressman Jeff Denham, California State Senator Anthony Cannella, California Assemblywoman Kristin Olsen, and the United Nations Human Rights Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of March, 2015, by Councilmember Gunderson, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION APPROVING A WILL SERVE LETTER FOR THE PROPERTY LOCATED AT 7451 RIVER NINE DRIVE IN DEL RIO (APN: 004-093-011) TO CONNECT TO THE CITY OF MODESTO'S EXISTING WATER SYSTEM, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO SIGN THE WILL SERVE LETTER

WHEREAS, on May 22, 2012, the City Council approved Resolution No. 2012-202 that amended City Council Policy 5.001, and

WHEREAS, on June 5, 2012, the City Council approved final adoption of Ordinance No. 3566-C.S. amending City of Modesto Municipal Code Section 11-1.05, and

WHEREAS, both of these amendments included language which required that the City Manager, upon the recommendation of the Director responsible for utility system planning, request City Council approval for all extensions of water services into unincorporated areas, and

WHEREAS, on November 25, 2014, the City Council approved Resolution No. 2014-472 that amended City Council Policy 5.001, and

WHEREAS, on December 9, 2014, the City Council approved adoption of Ordinance No. 3611-C.S. amending City of Modesto Municipal Code Section 11-1.05, and

WHEREAS, both of these amendments included language allowing the City Manager upon the recommendation of the Director responsible for utility system planning, to approve standard agreements of service for extension of water services into certain unincorporated areas that are located within the former Del Este Water Service Area without City Council approval, and

WHEREAS, the majority of the Del Rio area is included in the former Del Este Water Service Area and would not require City Council approval, the subject parcel is located in a small portion of the Del Rio area that is outside of the former Del Este Water Service Area and therefore requires City Council approval, and

WHEREAS, the property located at 7451 River Nine Drive, is not connected to City's water system, and

WHEREAS, this property is located outside Modesto City limits, and outside the former service area of the Del Este Water Company, and

WHEREAS, City staff has completed an analysis and determined that it is reasonable for the City of Modesto to extend water service to this property, and

WHEREAS, it has been determined that a sufficient quantity of potable water is available for normal usage by the proposed development, and

WHEREAS, the water connection fees are paid and associated permits be obtained prior to connecting to the City water system,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Will Serve letter for the property located at 7451 River Nine Drive in Del Rio.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to sign the Will Serve letter.

The foregoing documents were introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of March, 2015, by Councilmember Gunderson, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION APPROVING AN OUTSIDE SERVICE AGREEMENT BETWEEN THE CITY OF MODESTO AND GARY D. HUFF, AND AVA M. HUFF, TRUSTEES OF THE G&A HUFF 2000 REVOCABLE TRUST, FOR WATER SERVICE FOR THE PROPERTY LOCATED AT 7451 RIVER NINE DRIVE IN DEL RIO (APN: 004-093-011), AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the property located at 7451 River Nine Drive is not connected to the City's water system, and

WHEREAS, this property is located outside Modesto City limits, and outside the former service area of the Del Este Water Company, and

WHEREAS, if it is determined that it is reasonable for the City to extend water service to this property, and

WHEREAS, it has been determined that a sufficient quantity of potable water is available for normal usage by the proposed development, and

WHEREAS, the water connection fees will be paid and associated permits be obtained prior to beginning any on site construction, and

WHEREAS, that the property owner enters into an Outside Service Agreement for water with the City, as required for water service outside of City limits,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Outside Service Agreement for the property located at 7451 River Nine Drive in Del Rio (APN: 044-093-011).

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-85

RESOLUTION DIRECTING STAFF TO PREPARE AND FILE THE 2015-2016 ANNUAL ENGINEER'S REPORT FOR LANDSCAPE MAINTENANCE ASSESSMENT DISTRICT NO. 1

WHEREAS, Resolution No. 88-935 adopted by the Council of the City of Modesto on December 13, 1988, initiated proceedings for the formation of Landscape Assessment District No. 1 ("LMAD No. 1") for the purpose of administering the maintenance of landscaping in the public right-of-way within the street medians and adjacent to the access control walls in Dry Creek Meadows Subdivisions Nos. 1-6, and

WHEREAS, LMAD No. 1 was formed in accordance with the Landscaping and Lighting Act of 1972 (Streets and Highways Code Sections 22500 through 22679), and

WHEREAS, Section 22622 of the Streets and Highways Code requires the legislative body (the City Council) to adopt a resolution which shall generally describe any proposed new improvements or any substantial changes in existing improvements and direct staff to prepare and to file a report accordingly, and

WHEREAS, the annual assessment for LMAD No. 1 has remained the same since 1996, and

NOW, THEREFORE, BE IT RESOLVED that the Community Development Manager is designated by this Council as the Engineer of Work for LMAD No. 1, and is hereby directed to prepare and file an annual report in accordance with the provisions of the Landscaping and Lighting Act of 1972, as amended, (Streets and Highways Code Sections 22500 through 22679).

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of March, 2015, by Councilmember Gunderson, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Madrigal, Zoslocki, Mayor Marsh
NOES:	Councilmembers:	None

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-86

RESOLUTION DIRECTING STAFF TO PREPARE AND FILE THE 2015-2016 ANNUAL ENGINEER'S REPORT FOR LANDSCAPE MAINTENANCE ASSESSMENT DISTRICT NO. 2

WHEREAS, Resolution No. 89-460, adopted by the Council of the City of Modesto on April 4, 1989, initiated proceedings for the formation of Landscape Maintenance Assessment District No. 2 ("LMAD No. 2") for the purpose of administering the maintenance of landscaping in the public right-of-way within the street medians and adjacent to the access control walls in Dry Creek Meadows Subdivisions Nos. 7 through 10, Creekwood Meadows Subdivision, and Yosemite Meadows Subdivisions Units 1 and 2, and

WHEREAS, LMAD No. 2 was formed in accordance with the Landscaping and Lighting Act of 1972 (Streets and Highways Code Sections 22500 through 22679), and

WHEREAS, Section 22622 of the Streets and Highways Code requires the legislative body (the City Council) to adopt a resolution which shall generally describe any proposed new improvements or any substantial changes in existing improvements and direct staff to prepare and to file a report accordingly, and

WHEREAS, the annual assessment for LMAD No. 2 has gradually increased since July 2000, and

NOW, THEREFORE, BE IT RESOLVED, that the Community Development Manager is designated by this City Council as the Engineer of Work for LMAD No. 2, and is hereby directed to prepare and file an annual report in accordance with the provisions of the Landscaping and Lighting Act of 1972, as amended, (Streets and Highways Code Sections 22500 through 22679).

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of March, 2015, by Councilmember Gunderson, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-87

RESOLUTION DIRECTING STAFF TO PREPARE AND FILE THE 2015-2016 ANNUAL ENGINEER'S REPORT FOR THE SHACKELFORD LANDSCAPE AND LIGHTING DISTRICT

WHEREAS, on June 29, 1999, the County of Stanislaus formed the Shackelford Landscape and Lighting District ("Shackelford LLD") for the purpose of administering the maintaining seventy-seven (77) 200-watt high-pressure sodium streetlights, and

WHEREAS, the Shackelford LLD was formed in accordance with the Landscaping and Lighting Act of 1972 (Streets and Highways Code Sections 22500 through 22679), and

WHEREAS, the Shackelford LLD is comprised of approximately 153 acres, includes 496 lots with both residential and commercial development, and is bounded by Crows Landing Road on the west, East Hatch Road on the south, Union Pacific Railroad on the east, and State Route 99 on the north, and

WHEREAS, on July 1, 2012, the City of Modesto assumed jurisdiction of the Shackelford Landscape and Lighting District from the County of Stanislaus, and

WHEREAS, Section 22622 of the Streets and Highways Code requires the legislative body (the City Council) to adopt a resolution which shall generally describe any proposed new improvements or any substantial changes in existing improvements and direct staff to prepare and to file a report accordingly,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that there are no proposed new improvements or any substantial changes in existing improvements in Shackelford LLD.

BE IT FURTHER RESOLVED that the Community Development Manager is designated by this Council as the "Engineer of Work" for the Shackelford LLD, and is hereby directed to prepare and file an annual report in accordance with the provisions of the Landscaping and Lighting Act of 1972, as amended, (Streets and Highways Code Sections 22500 through 22679).

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of March, 2015, by Councilmember Gunderson, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION APPROVING THE LETTER AGREEMENT DATED FEBRUARY 10, 2015 WITH MPVCA MODESTO, LLC, REGARDING LOT 18 OF PARCEL MAP 56-PM-33 AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, MPVCA MODESTO, LLC, is the OWNER of Lot 18 of Parcel Map 56-PM-33 as recorded with Stanislaus County, and

WHEREAS, On December 27, 2013, construction of a building was completed on the parcel, and

WHEREAS, on February 24, 2014, it was brought to the City's attention that the building was constructed about two feet into a public storm drainage easement, and

WHEREAS, there is an existing storm drain pipe located within the easement and

WHEREAS, the City of Modesto and the OWNER have agreed to relocate the storm drain pipe that is close to the building, and

WHEREAS, the OWNER agrees to pay $44,000 toward the relocation of the SD pipe and needed summary vacation, and

WHEREAS, the City has agreed to relocate the storm drain pipe, and

WHEREAS, City staff recommends that the City Council approve the Letter Agreement.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves this Letter Agreement dated February 10, 2015 with MPVCA Modesto, LLC, regarding Lot 18 of Parcel Map 56-PM-33.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Letter Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of March, 2015, by Councilmember Gunderson, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-89

RESOLUTION APPROVING THE SUMMARY VACATION OF A PORTION OF THE EXISTING STORM WATER DRAINAGE SYSTEM EASEMENT LOCATED AT LOT 18 OF 56-PM-33, AND AUTHORIZING THE CITY CLERK TO CERTIFY THE EASEMENT VACATIONS AND RECORD BOTH ITEMS WITH THE STANISLAUS COUNTY RECORDER'S OFFICE

WHEREAS, MPVCA MODESTO, LLC, is the OWNER of Lot 18 of Parcel Map 56-PM-33 as recorded with Stanislaus County, and

WHEREAS, On December 27, 2013, construction of a building was completed on the parcel, and

WHEREAS, on February 24, 2014, it was brought to the City's attention that the building was constructed about two feet into a public storm drainage easement, and

WHEREAS, this situation is preventing the owner from selling the property, and

WHEREAS, the California Streets and Highways Code Division 9, Part 3, Chapter 4 Article 1, Section 8333(c) authorizes a local agency to summarily vacate a public service easement if the easement has been superseded by relocation and there are no other public facilities located within the easement, and

WHEREAS, the City of Modesto and the OWNER have agreed to relocate the storm drain pipe, and

WHEREAS, the OWNER will pay $44,000 toward the relocation of the SD pipe, and

WHEREAS, the City of Modesto has agreed to relocate the pipe, and

WHEREAS, the storm drain easement can be modified as described in **Exhibit** "A", and

WHEREAS, the California Streets and Highways Code Division 9, Part 3, Chapter 4 Article 1, Section 8336 requires that a certified copy of this Resolution of Vacation be recorded in the office of the recorder of Stanislaus County.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that said summary vacation is approved; and that the City Clerk be authorized to certify this resolution on behalf of the City of Modesto.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of March, 2015, by Councilmember Gunderson, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-90

RESOLUTION AUTHORIZING THE AWARD OF BIDS FOR THE PURCHASE OF CIRCLE CLAMPS, GASKETS, PIPE COUPLINGS AND TAPPING SLEEVES FOR THE UTILITIES DEPARTMENT, WATER DIVISION TO GROENIGER/ FERGUSON CO., MODESTO, CA, AND PACE SUPPLY CORP., STOCKTON, CA, FOR A ONE-YEAR AGREEMENT WITH FOUR (4) ONE-YEAR EXTENSION OPTIONS AT THE SOLE DISCRETION OF THE CITY, AND AUTHORIZING THE PURCHASING MANAGER OR HIS DESIGNEE TO ISSUE A PURCHASE AGREEMENT FOR AN ESTIMATED ANNUAL COST OF $188,344, AND OVER FIVE (5) YEARS OF $941,720

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for the purchase of circle clamps, gaskets, pipe couplings and tapping sleeves, and

WHEREAS, the Purchasing Division issued RFB No. 1415-11 Circle Clamps, Gaskets, Pipe Couplings and Tapping Sleeves to fifteen (15) prospective bidders, five (5) of which were local companies, and posted the RFB on the City's website, and

WHEREAS, bids were formally opened in the City Clerk's Office. Four (4) companies chose to respond, two (2) of which were local companies, and,

WHEREAS, all four (4) companies responding provided responsive and responsible bids, and

WHEREAS, Modesto Municipal Code 8-3.206 Support of Local Vendors (SLV) allows the lowest bid or quote submitted by a local business that is within five (5) percent of the lowest bid, the opportunity to match the lowest bid price. Groeniger/Ferguson Co., Modesto, CA, qualified for SLV on a list of inventory items and agreed to match lowest bid price for those items, representing an additional $58,000 of products purchased annually with the local vendor, and

WHEREAS, based on providing lowest responsive and responsible bids, City staff recommends the award of bids for the purchase of circle clamps, gaskets, pipe couplings and tapping sleeves for the Utilities Department, Water Division to Groeniger/Ferguson Co., Modesto, CA, and Pace Supply Corp., Stockton, CA, for a one-year agreement with four (4) one-year extension options at the sole discretion of the City, for an estimated annual cost of $188,344, and over five (5) years of $941,720, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. The award of bids for the purchase of circle clamps, gaskets, pipe couplings and tapping sleeves for the Utilities Department, Water Division to Groeniger/Ferguson Co., Modesto, CA, and Pace Supply Corp., Stockton, CA, conforms to Modesto Municipal Code 8-3.203.

WHEREAS, funds are budgeted in Fiscal Year 2014-15 in Appropriation Unit: 4100-45040-53150.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bids for the purchase of circle clamps, gaskets, pipe couplings and tapping sleeves for the Utilities Department, Water Division to Groeniger/Ferguson Co., Modesto, CA, and Pace Supply Corp., Stockton, CA, for a one-year agreement with four (4) one-year extension options at the sole discretion of the City.

BE IT FURTHER RESOLVED that the Purchasing Manager, or his designee, is hereby authorized to issue purchase agreements for an estimated annual cost of $188,344.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of March, 2015, by Councilmember Gunderson, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION AUTHORIZING THE AWARD OF BID FOR THE PURCHASE OF A DUMP TRUCK WITH 14 YARD CAPACITY FOR THE UTILITIES DEPARTMENT, STORMWATER COLLECTIONS DIVISION THROUGH THE FLEET SERVICES DIVISION, TO INTERSTATE TRUCK CENTER LLC, STOCKTON, CA FOR AN ESTIMATED TOTAL COST OF $132,628

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for new vehicles and heavy equipment, through various competitive processes, with the Purchasing Division coming back to Council for award authorization. The dump truck with 14 yard capacity was included in the new vehicles and heavy equipment list authorized by the City Manager, and

WHEREAS, the dump truck with 14 yard capacity will be used by the Stormwater Collections Division. The Stormwater Collections Division has developed a new type of storm system called a "Drywell". Stormwater Collections has completed several drywell installations in areas with chronic flooding. This program has had great success and enabled the City to address local flooding issues. To build on this success, Stormwater Collections requested an additional construction crew to install new drywells. The approved budget request included equipment and personnel required to staff this second drywell crew, and

WHEREAS, The Purchasing Division issued RFB 1415-22 for the purchase of a dump truck with 14 yard capacity to eight (8) prospective bidders, one of which was a local company and posted the RFB on the City's website, and

WHEREAS, bids were formally opened in the City Clerk's office. Four (4) companies chose to respond. The local vendor did not submit a bid. All four (4) companies provided responsive and responsible bids, and

WHEREAS, based on providing the lowest responsive and responsible bid, City staff recommends the award of bid for the purchase of a dump truck with 14 yard capacity, to Interstate Truck Center LLC, Stockton, CA, for a total estimated cost of $132,628, and

WHEREAS, sufficient funds are budgeted in Fiscal Year 2014-15, in account # 4480-44222-57003, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. The award of bid for the purchase of a dump truck with 14 yard capacity to Interstate truck Center LLC, Stockton, CA, conforms to the Modesto Municipal Code.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid for the purchase of a dump truck with 14 yard capacity for the Utilities Department, Stormwater Collections Division, through the Fleet Services Division to Interstate Truck Center LLC, Stockton, CA.

BE IT FURTHER RESOLVED that the Purchasing Manager or his designee to issue a purchase order for a total estimated cost of $132,628.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of March, 2015, by Councilmember Gunderson, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION AUTHORIZING THE AWARD OF BID FOR THE PURCHASE OF ROADWAY CRACK SEALANT FOR THE PUBLIC WORKS DEPARTMENT, STREETS DIVISION TO MAXWELL PRODUCTS, INC., SALT LAKE CITY, UT, FOR A TWO (2) YEAR AGREEMENT WITH THREE (3) ONE-YEAR EXTENSION OPTIONS AT THE SOLE DISCRETION OF THE CITY, AND AUTHORIZING THE PURCHASING MANAGER OR HIS DESIGNEE TO ISSUE A PURCHASE AGREEMENT FOR AN ESTIMATED ANNUAL COST OF $137,459, AND OVER FIVE (5) YEARS OF $687,295

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for the purchase of roadway crack sealant, and

WHEREAS, the Purchasing Division issued RFB No. 1415-09 for the purchase of roadway crack sealant to ten (10) prospective bidders, one of which was a local company, and posted the RFB on the City's website, and

WHEREAS, bids were formally opened in the City Clerk's Office. Five (5) companies chose to respond, one of which was a local vendor, and

WHEREAS, all five (5) companies provided responsive and responsible bids, and

WHEREAS, based on providing the lowest responsive and responsible bid, City staff

recommends the award of bid for the purchase of roadway crack sealant for the Public Works Department, Streets Division to Maxwell Products, Inc., Salt Lake City, UT, for a two (2) agreement with three (3) one-year extension options at the sole discretion of the City, for an estimated annual cost of $137,459, and over five (5) years of $687,295, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services

to be formally bid. The award of bid for the purchase of roadway crack sealant for the Public Works Department, Streets Division to Maxwell Products, Inc., Salt Lake City, UT, conforms to Modesto Municipal Code 8-3.203, and

WHEREAS, funds are budgeted in Fiscal Year 2014-15 in Appropriation Unit: 1700-53130-53150.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid for the purchase of roadway crack sealant for the Public Works Department, Streets Division to Maxwell Products, Inc., Salt Lake City, UT, for a two (2) year agreement with three (3) one-year extension options at the sole discretion of the City.

BE IT FURTHER RESOLVED that the Purchasing Manager, or his designee, is hereby authorized to issue a purchase agreement for an estimated annual cost of $137,459.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of March, 2015, by Councilmember Gunderson, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-93

Print

RESOLUTION AUTHORIZING THE PURCHASE OF A COMBINATION CRIME SCENE AND COMMAND VEHICLE FOR THE MODESTO POLICE DEPARTMENT, THROUGH THE PUBLIC WORKS DEPARTMENT, FLEET SERVICES DIVISION, BY "ACCESSING THE TERMS" OF A COMPETITIVELY BID CONTRACT WITH THE GENERAL SERVICE ADMINISTRATION (GSA) TO SIRCHIE FINGER PRINT LABORATORIES, MEDFORD, NJ, AND AUTHORIZING THE PURCHASING MANAGER, OR HIS DESIGNEE, TO ISSUE A PURCHASE ORDER FOR AN ESTIMATED TOTAL COST OF $152,738

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for new vehicles and heavy equipment, through various competitive processes, with the Purchasing Division coming back to Council for award authorization. The Combination Crime Scene and Command Vehicle is included in the vehicles and equipment list authorized by the City Manager, and

WHEREAS, the Combination Crime Scene and Command Vehicle is a replacement police vehicle for the Police Department. The Combination Crime Scene and Command Vehicle has been subjected to a thorough evaluation and has met or exceeded the replacement criteria before being placed on the replacement list, and

WHEREAS, the General Service Administration (GAS) went through a competitive proposal process for the purchase of Emergency Preparedness and First Responder Equipment and issued contract #GS-07F-9464G F to Sirchie Finger Print Laboratories, Medford, NJ, and

WHEREAS, there are no local vendors for this type of equipment. Taking advantage of this process and awarding a contract by "accessing the terms" of the GSA contract # GS-07F-9464G is an efficient and effective way to purchase the Combination

Crime Scene and Command Vehicle, and saves the time and expense for the City to formally solicit RFB's, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. However, there are exceptions to the rule set forth in the Modesto Municipal Code, and

WHEREAS, one exception provided for in MMC Section 8-3.204(d), is available where the Purchasing Manager in his or her discretion, determines that a process other than the usual formal bid procedure set forth in MMC Section 8-3.203 will result in procurement for the City at the lowest possible cost commensurate with the desired quality. Acting within his discretion, the Purchasing Manager invoked that exception for this purchase due to the cost savings of staff time and the limited number of competitors. The purchase of a Combination Crime Scene and Command Vehicle, by "accessing the terms" of the GSA contract with Sirchie Finger Print Laboratories, Medford, NJ, will conform to MMC Section 8-3.204(d), and

WHEREAS sufficient funds are budgeted in Fiscal Year 2014-15, in the following appropriation unit: 1341-19998-57003-100776 – 2013-14 SLESF.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the purchase of a Combination Crime Scene and Command Vehicle for the Modesto Police Department through the Public Works Department, Fleet Services Division, by "accessing the terms" of a competitively bid contract with the GSA contract # GS-07F-9464G with Sirchie Finger Print Laboratories, Medford, NJ.

BE IT FURTHER RESOLVED that the Purchasing Manager is hereby authorized to issue a purchase order for an estimated total cost of $152,738.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of March, 2015, by Councilmember Gunderson, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2015-94

Print

A RESOLUTION APPROVING AN AGREEMENT WITH EMERGENCY SERVICES CONSULTING INTERNATIONAL SERVICES TO DEVELOP A MASTER AND STRATEGIC PLAN FOR THE MODESTO FIRE DEPARTMENT IN AN AMOUNT NOT TO EXCEED $59,231 AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, The current Modesto Fire Department's (MFD) Strategic Plan was approved by the Modesto City Council on August 14th, 2007, and

WHEREAS, This plan was developed for years 2008-2012, the last time a Master Plan was completed was in 1990, and

WHEREAS, the new Master Plan will provide long-term (10 years) planning, projections and opportunities while the Strategic Plan will serve as a short-term, annually updated implementation tool that aides in the establishment of an MFD mission, vision, goals and objectives, and

WHEREAS, the plan will guide the future development of the department. It will act as guide to the City Council to identify proper levels of service for Fire Protection, EMS, Fire Prevention, support services, Station and apparatus maintenance/replacement and other fire department responsibilities. The plan will identify current and potential future funding needs to finance these services. It will identify needs for capital and operational expenses as demands for services increase, and

WHEREAS, the Request for Proposals (RFP) was advertised on January 15, 2015 through the Daily Dispatch website, in addition to RFP's being sent out to other well-known agencies that provide Fire Department consulting services, and

WHEREAS, three proposals were received on February 4, 2015 and distributed for review to three City staff members. Staff, reviewed and ranked the consultants with

Emergency Services Consulting International Services being selected as the most qualified,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an agreement with Emergency Services Consulting International Services to develop a Master and Strategic Plan for the Modesto Fire Department in an amount not to exceed $59,231.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of March, 2015, by Councilmember Gunderson, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-95

RESOLUTION APPROVING A FIVE-YEAR LEASE AGREEMENT WITH FOUR FIVE-YEAR OPTIONS TO EXTEND THE LEASE AGREEMENT BETWEEN THE CITY OF MODESTO AND SACRAMENTO-VALLEY LIMITED PARTNERSHIP D/B/A VERIZON WIRELESS FOR THE PLACEMENT OF A CELLUAR TOWER AT CHRYSLER PARK AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE LEASE AGREEMENT

WHEREAS, Sacramento-Valley Limited Partnership desires to lease a cellular tower site located at Chrysler Park for a period of five years with four (4), five (5)-year options to extend the leases, for the installation of cellular telephone equipment, and

WHERAS, the City of Modesto is willing to lease a portion of the Chrysler Park to Sacramento-Valley Limited Partnership for the said use for the sum of $1,700 per month with a rental increase of 2.5% on each anniversary of Commencement date, and

WHEREAS, Sacramento-Valley Limited Partnership further agrees to pay the City of Modesto a one-time, non-refundable payment of $10,000 within thirty (30) days of Commencement date, and

WHERAS, Sacramento-Valley Limited Partnership will install a stealth cellular tower at Chrysler Park and place cellular equipment on the ground in the vicinity of the pole, and

WHEREAS, Sacramento-Valley Limited Partnership agrees to adhere to the following:

1. Prior to issuance of a building permit, the applicant shall coordinate the design and installation work with City of Modesto for review and approval.
2. All landscaping fences and walls shall be maintained and the premises shall be kept free of weeds, trash and other debris.

3. The Capital Facilities Fees payable at the time of the issuance of a building permit for construction shall be based on the rate in effect at the time of issuance of the building permit.
4. The Applicant shall record a Notice of Conditions in the Stanislaus County Recorder's Office on a form available in the Community and Economic Development Department.
5. Construction activities shall follow guidelines listed in the California Storm Water Quality Association (CASQA) Best Management Practice Handbook for Construction to prevent any drag out of soil or sediments onto the public roadway or into the City storm drain system.
6. All improvement plans pursuant to construction shall be prepared, stamped and signed by a California licensed civil engineer and in accordance with the City of Modesto standards.
7. Prior to placement of any stationary lead-acid battery systems or on-site generators, a permit shall be obtained from the City of Modesto Fire Department.
8. All outdoor lighting shall be shielded from adjacent residential properties as required by the City Engineer or designee and shall be at a height and of a type that is least intrusive to the adjacent neighborhood as determined by the City Engineer or designee and the City of Modesto's Parks, Recreation and Neighborhoods Department Director or designees.
9. No operations conducted on the premises shall cause an unreasonable amount of noise, odor, dust, mud, smoke, vibration or electrical interference detectable on the premises. All machinery or equipment shall be soundproofed as required by the

Parks, Recreation and Neighborhoods Director. The Noise Ordinance prohibits the loud and raucous discharge into the air or the operation of any tools or equipment before 7:00 am or after 9:00 pm daily (except Saturday and Sunday and State and Federal holidays, when the prohibited time shall be before 9:00 am and after 9:00 pm.).

10. Prior to final inspection with the Building and Development Services Division, the applicant shall install signage approved by the Parks, Recreation and Neighborhoods Director or designee to be located on the entrance gate to the cellular communications facility indicating the cell tower provider and the hours permitted for operations and maintenance of the cellular communications for facility, which shall be in accordance with the City of Modesto Municipal Code Noise Ordinance Section 4-9.101.

11. Prior to the issuance of a building permit the applicant shall provide the Parks, Recreation and Neighborhoods Department Director or designee with the name, address and telephone number of applicant's contact person designated to receive notices, complaints, documents and other correspondence related to ownership, operation and maintenance of the cell tower facilities. Applicant and its successors in interest shall notify the Parks, Recreation and Neighborhoods Department Director of any changes to the contact information within ten (10) working days after such a change is made,

NOW THEREFORE BE IT RESOLVED by the Council of the City of Modesto that it herby approves a five-year lease agreement between the City of Modesto and Sacramento-Valley Limited Partnership for a cellular site to be located on a portion of

Chrysler Park, with four, five-year options to extend the lease. A copy of the Option and Land Lease Agreement will be on file in the office of the City Clerk.

BE IT FURTHER RESOLVED that the City Manager or his designee, is hereby authorized to execute the Option and Land Lease Agreement, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of March, 2015 by Councilmember Gunderson, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION APPROVING A FIVE-YEAR LEASE AGREEMENT WITH FOUR, FIVE-YEAR OPTIONS TO EXTEND THE LEASE AGREEMENT BETWEEN THE CITY OF MODESTO AND SACRAMENTO-VALLEY LIMITED PARTNERSHIP D/B/A VERIZON WIRELESS FOR THE PLACEMENT OF A CELLUAR TOWER AT MANCINI PARK AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE LEASE AGREEMENT

WHEREAS, Sacramento-Valley Limited Partnership desires to lease a cellular tower site located at Mancini Park for a period of five years with four (4), five (5)-year options to extend the leases, for the installation of cellular telephone equipment, and

WHERAS, the City of Modesto is willing to lease a portion of the Mancini Park to Sacramento-Valley Limited Partnership for the said use for the sum of $1,700 per month with a rental increase of 2.5% on each anniversary of Commencement date, and

WHEREAS, Sacramento-Valley Limited Partnership further agrees to pay the City of Modesto a one-time, non-refundable payment of $10,000 within thirty (30) days of Commencement date, and

WHERAS, Sacramento-Valley Limited Partnership will install a stealth cellular tower at Mancini Park located at 1204 River Road and place cellular equipment on the ground in the vicinity of the pole, and

WHEREAS, Sacramento-Valley Limited Partnership agrees to adhere to the following:

1. Prior to issuance of a building permit, the applicant shall coordinate the design and installation work with City of Modesto for review and approval.
2. All landscaping fences and walls shall be maintained and the premises shall be kept free of weeds, trash and other debris.

3. The Capital Facilities Fees payable at the time of the issuance of a building permit for construction shall be based on the rate in effect at the time of issuance of the building permit.
4. The Applicant shall record a Notice of Conditions in the Stanislaus County Recorders Office on a form available in the Community and Economic Development Department.
5. The City and developer shall, at their expense defend, and hold harmless the City of Modesto, its agents, officers, and employees from and against any and all claims, actions, damages, losses or expenses of every type and description including, but not limited to payment of attorney's fees and costs, by reason of , or arising out of , this development approval. The obligation to defend, indemnify and hold harmless shall include but is not limited to any action to arbitrate, attack, review, set aside, void or annul this development approval on any grounds whatsoever. The City of Modesto shall promptly notify the developer of any claim, action, or proceeding and shall cooperate fully in the defense.
6. Construction activities shall follow guidelines listed in the California Storm Water Quality Association (CASQA) Best Management Practice Handbook for Construction to prevent any drag out of soil or sediments onto the public roadway or into the City storm drain system.
7. All improvement plans pursuant to construction shall be prepared, stamped and signed by a California licensed civil engineer and in accordance with the City of Modesto standards.
8. Prior to placement of any stationary lead-acid battery systems or on-site generators, a permit shall be obtained from the City of Modesto Regional Fire Department.

9. All outdoor lighting shall be shielded from adjacent residential properties as required by the City Engineer or designee and shall be at a height and of a type that is least intrusive to the adjacent neighborhood as determined by the City Engineer or designee and the City of Modesto's Parks, Recreation and Neighborhoods Department Director or designees.

10. No operations conducted on the premises shall cause an unreasonable amount of noise, odor, dust, mud, smoke, vibration or electrical interference detectable on the premises. All machinery or equipment shall be soundproofed as required by the Parks, Recreation and Neighborhoods Director. The Noise Ordinance prohibits the loud and raucous discharge into the air or the operation of any tools or equipment before 7:00 am or after 9:00 pm daily (except Saturday and Sunday and State and Federal holidays, when the prohibited time shall be before 9:00 am and after 9:00 pm.).

11. Prior to final inspection with the Building and Development Services Division, the applicant shall install signage approved by the Parks, Recreation and Neighborhoods Director or designee to be located on the entrance gate to the cellular communications facility indicating the cell tower provider and the hours permitted for operations and maintenance of the cellular communications for facility, which shall be in accordance with the City of Modesto Municipal Code Noise Ordinance Section 4-9.101.

12. Prior to the issuance of a building permit the applicant shall provide the Parks, Recreation and Neighborhoods Department Director or designee with the name, address and telephone number of applicant's contact person designated to receive notices, complaints, documents and other correspondence related to ownership, operation and maintenance of the cell tower facilities. Applicant and its successors in interest shall

notify the Parks, Recreation and Neighborhoods Department Director of any changes to the contact information within ten (10) working days after such a change is made,

NOW THEREFORE BE IT RESOLVED by the Council of the City of Modesto that it herby approves a five-year lease agreement between the City of Modesto and Sacramento-Valley Limited Partnership for a cellular site to be located on a portion of Mancini Park, with four, five-year options to extend the lease.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-97

RESOLUTION APPROVING A CHALLENGE GRANT OF UP TO $250,000 FOR THE MIRACLE LEAGUE OF STANISLAUS COUNTY

WHEREAS, CITY of Modesto recognizes the importance of recreation activities for all of its citizens regardless of abilities, and

WHEREAS, CITY recognizes that the game of baseball is a great source of pride for all who choose to play it, and

WHEREAS, CITY recognizes that the Miracle League and their fiscal sponsor, ORGANIZATION have partnered to bring a Miracle League Field and Program to Modesto, and

WHEREAS, CITY chooses to support ORGANIZATION in its efforts to build a Miracle League Field and establish a program in Modesto by offering $250,000 Challenge Grant, and

WHEREAS, ORGANIZATION has committed to operate a Miracle League Program, build a field and has leased property at 1020 Pelandale Avenue.

WHEREAS, Organization agrees to adhere to the following:

1. ORGANIZATION will provide CITY a detailed accounting for donations received from the date of this agreement through June 30, 2015.

2. ORGANIZATION agrees to keep the LEAGUE in good fiscal standing for a minimum of five years.

3. ORGANIZATION shall, at their expense defend, and hold harmless the City of Modesto, its agents, officers, and employees from and against any and all claims, actions, damages, losses or expenses of every type and description including, but not limited to payment of attorney's fees and costs, by reason of , or arising out of, this development approval. The obligation to defend, indemnify and hold harmless shall include but is not limited to any action to

arbitrate, attack, review, set aside, void or annul this development approval on any grounds whatsoever. The City of Modesto shall promptly notify the ORGANIZATION of any claim, action, or proceeding shall cooperate full in the defense.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the **attached** Agreement.

BE IT FURTHER RESOLVED that the City Manager or his designee is hereby authorized to execute the lease agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of March, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-98

RESOLUTION APPROVING A LEASE AGREEMENT WITH STANISLAUS IMPLEMENT & HARDWARE CO., LTD. FOR THE USE OF ITS PARKING LOT FOR $1,000 PER MONTH ON A MONTH-TO-MONTH CONTRACT UNTIL SUCH TIME AS THE PROPERTY IS SOLD; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE NECESSARY DOCUMENTS

WHEREAS, The City of Modesto Police Department is in need of additional parking, and

WHEREAS, this lease would provide a parking lot formerly used by Stanislaus Implement & Hardware Co., LTD., on the corner of 11th and F Street, at a rental of $1,000 a month, and

WHEREAS, this will be a month-to-month contract commencing on April 1, 2015 until such time as the property is sold, and

WHEREAS, this lease will provide needed parking for police and privately-owned employee vehicles, and

WHEREAS, the Landlord is agreeable to this and is asking that we pay his increase in taxes over this period of time,

NOW THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Lease Agreement with Stanislaus Implement & Hardware Company, LTD. for use of its parking lot for $1,000 per month on a month-to-month contract, until such time as the property is sold.

RESCINDED
MAY 5 2015
THIS RESOLUTION WAS RESCINDED BY MODESTO CITY COUNCIL RESOLUTION NO. 2015-138

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the necessary documents.

RESOLUTION AMENDING THE FISCAL YEAR 2014/15 CAPITAL IMPROVEMENT PROGRAM (CIP) BUDGET IN THE AMOUNT OF $85,000

WHEREAS, the purpose of the CML 5059 (207) New Traffic Signals – 2015 project is to install a new traffic signal at the intersection of McHenry Avenue at Grecian Avenue, and

WHEREAS, in January, 2012 staff applied for and received Congestion Mitigation and Air Quality (CMAQ) funds to construct a new traffic signal at the following two intersections in the City of Modesto: (1) Blue Gum Avenue at Rosemore Avenue and (2) McHenry Avenue at Grecian Avenue, and

WHEREAS, due to the addition of new buildings on the West Modesto Junior College (MJC) campus, representatives from MJC approached the City of Modesto regarding the need for a new traffic signal located at the intersection of Blue Gum at Prichard Avenue, and

WHEREAS, at the September 2, 2014 Council Meeting the City Council approved Plans and Specifications for MJC to construct a new traffic signal located at the intersection of Blue Gum Avenue at Prichard Avenue. MJC will be responsible for the costs associated with the construction of this new traffic signal, and

WHEREAS, with the approval for MJC to construct a new traffic signal at the intersection of Blue Gum at Prichard Avenue and the close proximity to the intersection of Blue Gum Avenue at Rosemore Avenue, it is no longer desirable to construct a new traffic signal at the intersection of Blue Gum Avenue at Rosemore Avenue, and

WHEREAS, on December 8, 2013, JWG McHenry, LLC received Conditions of Approval: DPR-13-011 – Claratina Avenue Auto Dealerships for the development of an Infinity Dealership located at the south-east former of McHenry Avenue and Claratina Avenue, and

WHEREAS, JWG McHenry, LLC expressed their desire for the construction of a new traffic signal located at the intersection of McHenry Avenue at Grecian Avenue. Today's non-signalized intersection of McHenry Avenue at Grecian Avenue only allows for right turns into Grecian Avenue from northbound McHenry Avenue and right turns out of Grecian Avenue onto northbound McHenry Avenue, and

WHEREAS, City staff has worked diligently in coordinating with representatives at JWG McHenry, LLC and Caltrans to deliver a new traffic signal located at the intersection of McHenry Avenue at Grecian Avenue as part of the New Traffic Signals - 2015 CMAQ project in a timetable that will coordinate with the Claratina Auto Dealerships project and the pending street improvements along McHenry Avenue, and

WHEREAS, on December 18, 2014, California Department of Transportation authorized Preliminary Engineering (PE) funding in the amount of $85,000.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the Fiscal Year 201/15 Capital Improvement Project Program budget to modify and add Capital Improvement Program funding in the amount of $85,000.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of March, 2015, by Councilmember Gunderson, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION APPROVING THE ESTABLISHMENT OF A NEW CAPITAL IMPROVEMENT PROJECT (CIP) ACCOUNT FOR $600,000 OF THE ONE TIME MONEY TO BE USED FOR THE HIGH VOLTAGE STREET LIGHT CIRCUIT PARTIAL REPLACEMENT PROJECT IN THE CITY OF MODESTO

WHEREAS, the City of Modesto Council has decided to invest $600,000 to construct replacement of a portion of the high voltage street light circuits in our community, and

WHEREAS, the replacement street lights circuits will provide a better and more safe nighttime street lighting option for Modesto residents as well as the City employees that maintain the street lights, and

WHEREAS, the four high voltage street light circuits that will be replaced will be decided based on the condition of the existing 36 high voltage street light circuits, and

WHEREAS, replacement of a portion of the high voltage street light circuits is exempt from environmental review under the Categorical Class III CEQA Guidelines, Section 15301(c) of the CEQA/NEPA requirements.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the establishment of a new CIP account to fund the construction of replacement street light circuits in Modesto.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of March, 2015, by Councilmember Gunderson, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION APPROVING THE AIRPORT CAPITAL IMPROVEMENT PLAN (ACIP) FOR SUBMITTAL TO THE FEDERAL AVIATION ADMINISTRATION (FAA) AND CALTRANS AERONAUTICS

WHEREAS, Modesto City-County Airport is a federally obligated airport and is eligible for federal funding, and

WHEREAS, as Airport sponsor, the City is eligible for discretionary funding from the Federal Airport Improvement Program (AIP), and

WHEREAS, the FAA requires that the City submit a revised ACIP annually covering at least the next five (5) years to maintain eligibility for future project funding, and

WHEREAS, in addition to updating cost estimates, the ACIP annual update is intended to reflect ongoing changes in City priorities, airport needs, and/or federal mandates, and

WHEREAS, keeping the ACIP current helps the FAA plan for the Airport's long-term funding needs and better distribute the funds on a priority rating, and

WHEREAS, CalTrans uses the ACIP submission to develop State Capital Improvement Plan (SCIP), and

WHEREAS, the Modesto City-County Airport CIP update will be focusing on mandated safety and compliance issues, current infrastructure needs and planning for future Airport needs and,

WHEREAS, the total package of capital improvements submitted to the FAA for the multi-year period ending in 2020 is estimated to cost $10,197,047.00, and

WHEREAS, funding for projects that are approved will be borne by the FAA at 90% with the Airport Fund providing the remaining 10% ($1,023,758.00), and

WHEREAS, Passenger Facility Fees or Local Match will generate most of the revenue for the 10% match, and

WHEREAS, the Airport Advisory Committee, at its February 19, 2015 meeting recommended the forwarding of this item to City Council for consideration.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the ACIP, **attached** hereby as **Exhibit A**, for submittal to the FAA and CalTrans Aeronautics.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of March, 2015, by Councilmember Gunderson, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION APPROVING AN AGREEMENT WITH BROWN AND CALDWELL, INC. FOR CONSULTANT SERVICES TO DEVELOP A WASTEWATER COLLECTION SYSTEM INVENTORY AND CONDITION ASSESSMENT, IN AN AMOUNT NOT TO EXCEED $417,344 FOR THE IDENTIFIED SCOPE OF SERVICES, PLUS $41,734 FOR ADDITIONAL SERVICES (IF NEEDED), FOR A MAXIMUM TOTAL AMOUNT OF $459,078, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the Inventory and Condition Assessment (I&CA) includes the inspection of key components of the wastewater collection system in order to identify corrosion and other structural problems, especially the condition of 16-inch and larger reinforced concrete pipe, force mains and their discharge manholes, siphons, and inspection of a lift station, as

WHEREAS, the results of this project will provide key information, in the form of specific Capital Improvement Program (CIP) projects and their costs, in the development of the City's Wastewater Master Plan, as

WHEREAS, the City's last condition assessment of the wastewater collection system was conducted in 2005 as part of the 2007 Wastewater Master Plan, as

WHEREAS, a final report will be produced in which CIP projects and associated costs will be identified along with the findings of the inspections and recommendations for future inspections, as

WHEREAS, in accordance with Administrative Directive 3.1, Selection Procedures for Professional Consultants Who Provide Architectural & Engineering Services for Capital Projects, Brown and Caldwell Inc., of Walnut Creek, was selected as the most qualified firm to perform the work for this particular project, as

WHEREAS, the I&CA is expected to be completed in approximately six months,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement with Brown and Caldwell to develop a Wastewater Collection System Inventory and Condition Assessment, in an amount not to exceed $459,078.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of March, 2015, by Councilmember Gunderson, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION AMENDING THE FISCAL YEAR 2014-2015 OPERATING BUDGET IN THE AMOUNT OF $405,375 TO BE TRANSFERRED INTO COST CENTER ACCOUNT 43600 FROM WASTEWATER FUND RESERVES IN ORDER TO FULLY FUND THE AGREEMENT WITH BROWN AND CALDWELL, INC. FOR CONSULTANT SERVICES, INCLUDING SUPPORT BY CITY STAFF, TO CONDUCT THE WASTEWATER COLLECTION SYSTEM INVENTORY AND CONDITION ASSESSMENT

WHEREAS, certain budgetary transactions are necessary in the amount of **$405,375**, in order to fund the Wastewater Collection System Inventory and Condition Assessment agreement, including support by City staff for the Wastewater Collection System Inventory and Condition Assessment, and

WHEREAS, the Fiscal Year 2014-2015 Operating Budget must be amended as shown in **Exhibit A**, which is incorporated by reference herein,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the amendment of the Fiscal Year 2014-2015 Operating Budget as shown in **Exhibit A**.

BE IT FURTHER RESOLVED that the Director of Finance, or her designee, is hereby authorized to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of March, 2015, by Councilmember Gunderson, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

Exhibit A

Due to the increase of estimated engineering/design/administration costs for the agreement, including support by City staff for Cost Center Account #43600 " Wastewater Inventory and Condition Assessment", the project costs need to be increased by $405,375. This would be done by adjusting Account 53300 Professional Services by $374,106, and Account 54500 Services City Forces - Interfund by $ 31,269 in Cost Center Account #43600-"Wastewater Inventory and Condition Assessment".

To fund the above account, $405,375 will be transferred from Wastewater Fund Reserves into Cost Center Account #43600 "Wastewater Inventory and Condition Assessment".

RESOLUTION ADOPTING THE 2015-2018 STRATEGIC PLAN

WHEREAS, on September 28, 2010, the Council approved Resolution No. 2010-420 formally adopting the City of Modesto Strategic Plan, which was a product of the City's past visioning and planning efforts, and

WHEREAS, the needs and resources of the City have drastically changed since that time, and

WHEREAS, in July 2014, Council and staff embarked on a strategic planning process to further develop the Strategic Plan for the City, and

WHEREAS, Council and staff identified strategic commitments in the 2010 workshops that would frame the Vision and Strategic Plan for the City, and

WHEREAS, in January, November, and March 2015, Council and staff held planning workshops and gathered input from community members to refine and update the City's strategic commitments that promote a culture of service excellence for the citizens of Modesto:

1. Healthy Economy and Great Quality of Life
2. Vibrant Infrastructure and Sustainable Environment
3. Great Safe Neighborhoods
4. Effective, Responsive, and Transparent Government, and

WHEREAS, the Strategic Commitments to the community and the initiatives and performance measures that support those commitments support the statement of policy as outlined in Section 725 of the Increase Accountability in City Hall Measure (M) of 2008.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the 2015-2018 Strategic Plan, a copy of which is **attached** hereto as **Exhibit "A"** and incorporated herein by reference.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on 24th day of March, 2015, by Councilmember Gunderson, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

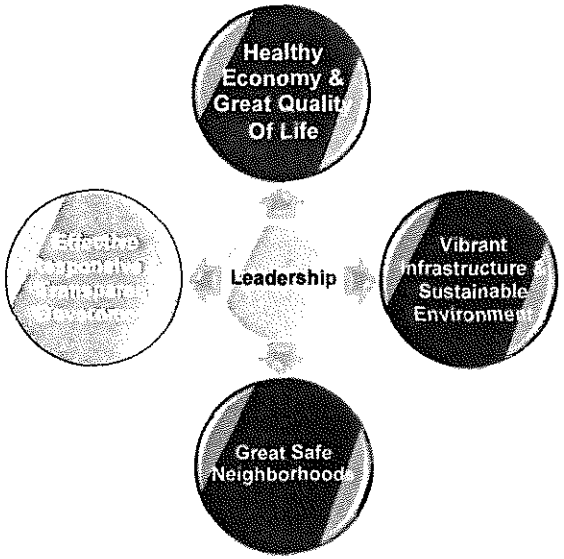
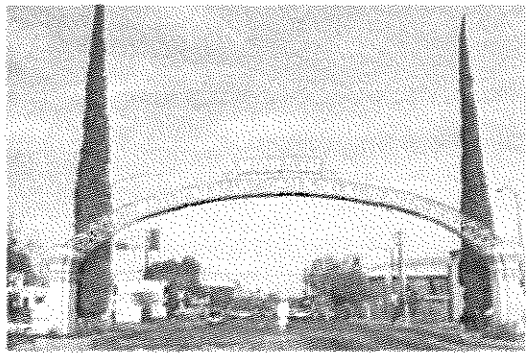
CITY OF MODESTO STRATEGIC COMMITMENTS

In January, November, and March 2015, Council and staff held planning workshops to refine the strategic commitments, with input from community members, that embrace a culture of service excellence for the citizens of Modesto.





CITY OF MODESTO CALIFORNIA

1010 10th Street, Modesto, CA 95354
P.O. Box 642, Modesto, CA 95353
(209) 577-5200

CITY OF MODESTO CALIFORNIA

2015-2018

Strategic Plan Overview

2015-2018 Strategic Commitments

Healthy Economy & Great Quality Of Life

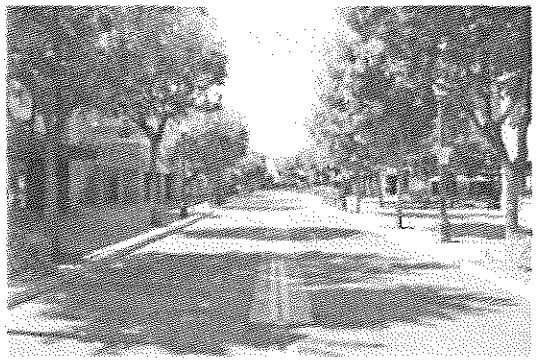
Increase the City's proactive economic development efforts by creating and preserving jobs, strengthening our economic base and enhancing the City's revenue base.

- Adopt a revised comprehensive General Plan
- Promotenew and expanding businesses through targeted incentives
- Adopt a proactive approach for bringing utilities to identified business development areas
- Leverage the airport as a regional asset to encourage economic development

Vibrant Infrastructure & Sustainable Environment

Strengthen and maintain a safe infrastructure of city roads, water supply, storm sewers, transit and airport needs for residents, businesses and visitors.

- Maintain the current (PCI) Rating
- Effectively plan and manage infrastructure assets
- Enhance regional partnerships to effectively manage all water resources in the County
- Expand alternative modes of travel and improve transportation flow
- Explore opportunities for regional cooperation and service delivery



Great Safe Neighborhoods

Explore new approaches to public safety, working in partnership with the community to reduce crime and maintain a safe and inviting community in which to live, work and play. Increase collaboration with neighborhoods and school district(s) to achieve quality of life improvements, and safe neighborhoods through supporting community self-reliance, problem solving and public/private partnerships.

- Explore progressive crime and fire prevention techniques
-Ensure the effective use and efficient deployment of public safety resources based on local need
Increase public safety coordination and communication among all city departments
- Grow neighborhood leadership and capacity and identify self-help strategies to strengthen neighborhoods
- Support positive youth activities and engagement
Increase public awareness of city-provided services and partnership opportunities
- Create additional strategic objective on implementing best practices (homeless; graffitti)

Effective Responsive & Transparent Government

Enhance the organizations' commitment to the 9 principles of EMBRACE IT, develop new and creative methods to leverage technology, market organizational strengths and remain dedicated to seeking efficiencies and continuous improvement.

- Enhance the marketing of City services and accomplishments
- Improve teamwork through enhanced Council, executive level, and staff communication channels
- Make Modesto an employer of choice
- Make informed decisions embracing best practices and continuous improvement
- Implement technology solutions for improved efficiency and service delivery

A RESOLUTION APPOINTING CARMEN MORAD TO THE CITY OF MODESTO PLANNING COMMISSION

WHEREAS, Section 1102 of the Charter of the City of Modesto authorizes the City Council to appoint members to various Boards and Commissions, and

WHEREAS, the Appointments Committee met on March 17, 2015 and recommended appointment of Carmen Morad to the Modesto Planning Commission.

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. Carmen Morad is hereby appointed to the Modesto Planning Commission with a term expiration of April 14, 2019.

SECTION 2. The City Clerk is hereby directed to transmit a copy of this resolution to the appointed member of the Modesto Planning Commission, and the Secretary thereof.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of April, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION AMENDING THE FISCAL YEAR 2014-2015 ANNUAL OPERATING AND CAPITAL IMPROVEMENT BUDGETS

WHEREAS, a financial analysis has been completed and it has been determined that a budget adjustment is required to the Annual and Capital Improvement Budgets of the City of Modesto for Fiscal Year 2014-2015,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the Fiscal Year 2014-2015 Annual Operating and Capital Improvement budgets as shown in **Exhibit A**, which is **attached** hereto and incorporated by reference herein.

BE IT FURTHER RESOLVED that the Director of Finance, or her designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of April, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following votes:

FISCAL YEAR 2014-15

PUBLIC WORKS

The City of Modesto has been awarded a new grant from the State of California, Used Oil Payment Program #5. A budget adjustment is necessary to establish a revenue budget, and create the expense budget for salaries, residential-curbside motor oil collection, advertising, public education materials and used oil filter collection, both in the amount of $57,248.

POLICE DEPARTMENT

A budget adjustment is necessary to establish a new non-capital project for the Organized Crime Drug Enforcement Task Forces (OCDETF) Operations in the amount of $40,000. This budget adjustment will establish both the revenue and expense budgets for this project with $25,000 funding overtime expenses and $15,000 funding tools and field supplies authorized for reimbursement per this agreement with the United States Department of Justice.

RESOLUTION APPROVING THE ESTABLISHMENT OF A NEW MULTI-YEAR ACCOUNT FOR $415,000 OF THE ONE-TIME MONEY TO BE USED FOR EMERGENCY POWER, DEFERRED MAINTENANCE AND REPAIRS THROUGHOUT MODESTO FIRE DEPARTMENT AND AUTHORIZING THE PURCHASING MANAGER TO ISSUE PURCHASE ORDERS FOR EMERGENCY POWER, AND DEFERRED MAINTENANCE AND REPAIRS FOR THE MODESTO FIRE DEPARTMENT'S ELEVEN (11) FIRE STATIONS, FOR AN ESTIMATED ANNUAL COST NOT TO EXCEED $415,000

WHEREAS, in Fiscal Year 2013/14 there were savings in the annual operating budget at the end of the fiscal year, and

WHEREAS, the City of Modesto Council has allocated $415,000 of the savings towards emergency power needs, deferred maintenance and repairs at our Fire Stations, and

WHEREAS, with the downturn of the economy and the formation of the Modesto Regional Fire Authority, maintenance of Modesto's Fire Stations has been deferred for the past several years, and

WHEREAS, this deferral of maintenance has now reached critical levels and major repairs are needed in one category or another at most stations, and

WHEREAS, the average age of our stations is approximately 39 years with our oldest being Station 1 at 75 years of age and while the crews that reside in the stations have done a lot of general maintenance upkeep, very little money has been invested in the stations over the years by the organization.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the establishment of a new of a new multi-year account for $415,000 of the one-time money to be used for emergency power, deferred maintenance

and repairs throughout the Modesto Fire Department and authorizing the Purchasing Manager to issue purchase orders for emergency power, and deferred maintenance and repairs for the Modesto Fire Department's elven (11) Fire Stations, for an estimated annual cost not to exceed $415,000.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of April, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION AMENDING THE FY2014-2015 CAPITAL IMPROVEMENT PROGRAM BUDGET AND APPROVING THE APPROPRIATION OF $100,000 FROM THE GENERAL FUND TO THE PARK PARTNER CAPITAL IMPROVEMENT PROGRAM (CIP) PROJECT #100300 TO FUND VARIOUS PARK PARTNER PROJECTS

WHEREAS, the City of Modesto originally created the Park Partner program in 2000 as a way to partner with volunteers to improve the City's parks and park facilities, and

WHEREAS, the city is currently working on two (2) park improvement projects with community volunteers, Wesson Ranch Playground Improvement and Mancini Bowl Bench Improvement, and

WHEREAS, these projects are currently underfunded by the City, and

WHEREAS, the City Council identified seven (7) items to receive funding as "Deferred Maintenance and Investment Opportunities" at their February 10, 2015 workshop, and

WHEREAS, the Park Partner program was identified as one of the opportunities to be funded, with a proposed allocation of $100,000 in funds for this project.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the fiscal year 2014-2015 Capital Improvement Program Budget to adjust the expense and revenue categories within the project account and authorizes the Finance Director, or her designee, to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of April, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION APPROVING THE CITY OF MODESTO SPONSORSHIP OF THE 2015 CINCO DE MAYO PARADE, INCLUDING THE WAIVER OF CITY PERMIT FEES, POLICE OVERTIME COSTS, AND VEHICLE FEE EXPENSES INCURRED BY THE CITY OF MODESTO POLICE DEPARTMENT, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE ANY DOCUMENTS NECESSARY RELATED TO THE SPONSORSHIP

WHEREAS, the annual Cinco de Mayo Parade on Crows Landing Road is a tradition for families living in the Crows Landing Road area as well as all residents of Modesto and Stanislaus County; and

WHEREAS, the Parade first started in 2003 through the efforts of local non-profit groups with approximately 20 entries and 3,000 spectators; and

WHEREAS, in 2010, the non-profit organization, South Modesto Businesses United, began managing the Cinco de Mayo Parade, expanding it to over 60 entries and 12,000+ spectators; and

WHEREAS, this event brings the community together to celebrate the history and culture of Mexico and also has a growing economic benefit to businesses located on Crows Landing Road; and

WHEREAS, there are additional economic benefits for all the businesses that provide goods and services for the parade itself; and

WHEREAS, staff is requesting the City Council approval to sponsor the 2015 Cinco de Mayo Parade; and

WHEREAS, the sponsorship will include the waiver of the City permit fees, Police Department overtime costs, and vehicle fee expenses to provide public safety coverage for this event; and

WHEREAS, Police Explorers and Police Volunteers will also be used, at no cost, to provide the necessary staffing needed for this event; and

WHEREAS, the total expense to the City of Modesto to sponsor the 2015 Cinco de Mayo Parade is approximately $7,096.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the City of Modesto sponsorship for the 2015 Cinco de Mayo Parade including the waiver of City permit fees, overtime costs, and vehicle fee expenses incurred by the City of Modesto Police Department, for a total cost of approximately $7,096.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the necessary documents related to the sponsorship.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of April, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-113

RESOLUTION APPROVING GRANT APPLICATIONS TO THE CALIFORNIA DEPARTMENT OF RESOURCES, RECYCLING AND RECOVERY (CALRECYCLE) FOR ALL LOCAL GOVERNMENT WASTE TIRE ENFORCEMENT GRANTS, ACCEPTING GRANT AWARDS, AMENDING THE ANNUAL BUDGET, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE ALL GRANT RELATED DOCUMENTS

THIS RESOLUTION WAS RESCINDED BY MODESTO CITY COUNCIL RESOLUTION NO. 2020-149 ON APRIL 07, 2020

WHEREAS, Public Resources Code sections 40000 et seq. authorizes the Department of Resources Recycling and Recovery (CalRecycle), formerly known as the California Integrated Waste Management Board, to administer various Grant Programs (grants) in furtherance of the state of California's (State) efforts to reduce, recycle and reuse solid waste generated in the State thereby preserving landfill capacity and protecting public health and safety and the environment, and

WHEREAS, in furtherance of this authority CalRecycle is required to establish procedures governing the application, awarding, and management of the grants, and

WHEREAS, CalRecycle grant application procedures require, among other things, an applicant's governing body to declare by resolution certain authorizations related to the administration of CalRecycle grants.

NOW, THEREFORE, BE IT RESOLVED the Council of the City of Modesto authorizes the submittal of application(s) to CalRecycle for Local Government Waste Tire Enforcement Grants for which the City of Modesto is eligible.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized and empowered to execute in the name of the City of Modesto all grant documents, including but not limited to, applications, agreements, amendments and requests for payment, necessary to secure grant funds and implement the approved grant

project.

BE IT FURTHER RESOLVED that these authorizations are effective for five (5) years from the date of adoption of this resolution.

BE IT FURTHER RESOLVED to amend the current budget to reflect increases in revenue from grant awards.

BE IT FURTHER RESOLVED that this resolution shall remain in full force and effect for five years from the date of adoption.

BE IT FURTHER RESOLVED that Resolution No. 2010-109 is hereby rescinded.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of April, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-114

RESOLUTION APPROVING AN AGREEMENT WITH KIMLEY-HORN & ASSOCIATES, INC. (KHA) TO PROVIDE DESIGN, CONSTRUCTION, ENGINEERING AND PROGRAM MANAGEMENT FOR VARIOUS AIRPORT CAPITAL IMPROVEMENT PROJECTS FOR A PERIOD OF FIVE (5) YEARS

WHEREAS, the City has approved numerous Airport Capital Improvement Plan (ACIP) projects planned over approximately the next five (5) years at the Modesto City-County Airport, and

WHEREAS, skilled airport engineering, design, construction and inspection assistance will be required to move forward with those projects, and

WHEREAS, on August 18, 2014, the City solicited professional services for an airport consulting engineer to provide airport engineering, design, construction management and inspection, and

WHEREAS, KHA has proposed an agreement to provide design and planning services for various Airport Capital Improvement Projects at the Modesto City-County Airport, and

WHEREAS, KHA has been selected as the most qualified and responsible consultant to perform consulting, engineering, planning, design and construction for the Airport, and

WHEREAS, the Modesto City County airport is part of the Federal airport system, and eligible to submit applications for Federal Grant Funding, and

WHEREAS, each year the City is eligible for entitlement and discretionary funds from the Airport Improvement Program (AIP), and

WHEREAS, funded projects will be brought to the City Council for approval as FAA Grant funds are made available for selected projects.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement with Kimley-Horn & Associates, Inc. to provide design construction, engineering and program management for various Airport Capital Improvement Projects for a period of five years, and

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of April, 2015, by Councilmember Lopez who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION APPROVING A FIVE-YEAR LEASE AGREEMENT WITH SONI AVIATION, LLC (SONI) AS A FIXED BASE OPERATOR AT THE MODESTO CITY-COUNTY AIRPORT (MOD), AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the Airport Hangar No. 2, is one of the older aircraft storage hangars at the Modesto City-County Airport, and

WHEREAS, Soni Aviation seeks to lease all of Airport Hangar No. 2 for use as an aircraft maintenance facility, and

WHEREAS, Soni Aviation submitted a lease request package containing financial information and references for review and was determined to be a business that would be suitable for Hangar No. 2, and

WHEREAS, the lease agreement is expected to provide revenues of approximately $15,708 annually in rents to the Airport Enterprise Fund Account No. 4310-53312-43887, and

WHEREAS, Soni Aviation will be responsible for stipulated tenant improvements as defined in the lease agreement.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Airport Lease Agreement between the City of Modesto and Soni Aviation, LLC for the use of Hangar No. 2.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of April, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2015-116

Print

RESOLUTION APPROVING ADJUSTMENTS TO THE MAXIMUM RATE SCHEDULE FOR CITY RESIDENTIAL, COMMERCIAL, AND INDUSTRIAL SOLID WASTE COLLECTION SERVICES, TO BECOME EFFECTIVE APRIL 1, 2015, TO REFLECT CHANGES IN THE FUEL COST, AND RESCINDING RESOLUTION NO. 2014-207

WHEREAS, with the adoption of Ordinance No. 3068-C.S. in November of 1997, the City no longer sets rates for the collection of garbage in Modesto, and instead performs a comprehensive review of cost information submitted by the contract garbage haulers, and

WHEREAS, the City sets a maximum rate that the haulers may charge for the various types of services provided under the contracts based on cost data provided by the lowest cost hauler, and

WHEREAS, Section f (2) of the City's Service Agreements with its solid waste collectors requires that when the City makes adjustments to the collection services provided under the Agreements, any additional costs should be covered by adjustments to the maximum rates, and

WHEREAS, in addition, maximum rates for solid waste collection services are reviewed annually as requested by the City's garbage collection companies, and

WHEREAS, the City conducted an analysis using the audited financial statements provided by the garbage haulers, supplemental data provided by the garbage haulers, and fuel price information and forecast prices developed by the United States Department of Energy, and

RESCINDED
JUL 12 2016
THIS RESOLUTION WAS RESCINDED BY MODESTO CITY COUNCIL RESOLUTION NO. 2016-307

WHEREAS, new maximum rates were calculated, and a recommendation for a new maximum rate schedule was developed, which included a recommendation that quarterly adjustments to the fuel component of the maximum rates be made, and

WHEREAS, a report dated March 24, 2015 from the Public Works Department, Solid Waste Division, a copy of which is on file in the office of the City Clerk, sets forth said recommendations, and

WHEREAS, it was found and determined by the Council of the City of Modesto that the existing schedules of rates and charges for garbage service in the City of Modesto should be revised as recommended, and that quarterly adjustments to the fuel component of the maximum rates should be made, and

WHEREAS, staff has adjusted the fuel component of the maximum rates and has incorporated the fuel component adjustment into the schedule of Maximum Charges for Garbage Service **attached** hereto, marked **Exhibit** "1" and incorporated herein by reference.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the adjustments to the Maximum Charges for Garbage Service as **attached** hereto, marked **Exhibit** "1" and incorporated herein by reference. Said Maximum Charges for Garbage Service includes twice-a-year bulky item pickup for residential customers and all other residential services as stipulated in the Service Agreements and shall become effective April 1, 2015, and shall remain in effect until revised by Council.

BE IT FURTHER RESOLVED that any person who has prepaid garbage service charges for residential garbage service shall be entitled to receive garbage service for the balance of said prepaid period at the prepaid rates.

BE IT FURTHER RESOLVED that Resolution No. 2014-207 is hereby rescinded effective April 1, 2015.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of April, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MAXIMUM CHARGES FOR GARBAGE SERVICE

STANDARD CONTAINERS

Maximum Monthly Rates
(Once a Week Pickup Service)

Standard container service maximum rates shall include the following:

- One, 96-gallon container for garbage
- One, 96-gallon container for green waste, food, paper, and other organics
- Countertop container for kitchen scraps
- Two bulky item collections per year by appointment
- Green Waste/Forestry materials collection and composting

Standard container service customers may opt for smaller containers; however, maximum rates apply. Containers must be placed in a location set forth in Section 5-5.111 of the Municipal Code.

1. Standard container service –

a. The maximum rate for new sign-ups for service or changes in service that occur after July 1, 1996, shall be **$28.90 per month** regardless of size of container. A fuel component of $1.20 per month is included in the maximum rate for the quarter beginning April 1, 2015 and ending June 30, 2015. The fuel component may be adjusted quarterly.
b. The maximum rate for each additional garbage container shall be **$21.44 per month, and $10.27 per month** for each additional green waste container.

2. 60-gallon container service (grandfathered customers) –

a. The maximum rate for customers with 60-gallon containers who subscribed to service at an address prior to July 1, 1996 and who have not changed their service address shall be **$24.14 per month**. A fuel component of $1.20 per month is included in the maximum rate for the quarter beginning April 1, 2015 and ending June 30, 2015. The fuel component may be adjusted quarterly.
b. The maximum rate for each additional 60-gallon garbage container shall be **$20.90 per month.**

3. Fuel Component adjustments - The fuel component shall be analyzed quarterly and adjustments shall be made as necessary. The adjustment shall be based on the average price of fuel for a preceding quarter as follows: July 1/January-March; October 1/April-June; January 1/July-September; April 1/October-December. Average prices shall be determined based on published prices for California from the Department of Energy, Energy Information Agency.

1. **Weekly rental/Detachable Containers** - Shall not exceed the rate for 1 pickup per week for each size container.

2. **Fuel Component** - A fuel component of $1.04 per cubic yard per month ($0.26 per cubic yard) for a 1 cubic yard container collected once a week is included in the maximum rate for the quarter beginning April 1, 2015 and ending June 30, 2015. The fuel component shall be analyzed quarterly and adjustments shall be made as necessary. The adjustment shall be based on the average price of fuel for a preceding quarter as follows: July 1/January-March; October/April-June; January 1/July-September; April 1/October-December. Average prices shall be determined based on published prices for California from the Department of Energy.

DROP BOX CONTAINERS

1. **Pick up charge** - $248.22 per pick up
2. **Rental** - $0.85 per day up to 7 day maximum rental
   - $3.00 per day for boxes kept 7 or more days without servicing
   - $10.00 per day for boxes kept 21 or more days without servicing
3. **Disposal charge** - Actual charge to be paid by customer. Garbage company will provide up to 40 CY Drop Box containers for above stated charges subject only to load limit of transfer vehicle. An AB 939 Green Waste Diversion Fee of $14 per ton will be added to the disposal charges.

COMPACTORS

Front Loader Type:

Compactor Rates						
Container Size	NUMBER OF COLLECTIONS PER WEEK					
	1	2	3	4	5	6
3 CY	$325.89	$651.78	$977.67	$1,303.56	$1,629.45	$1,955.34
4 CY	$434.52	$869.04	$1,303.56	$1,738.08	$2,172.60	$2,607.12
6 CY	$651.78	$1,303.56	$1,955.34	$2,607.12	$3,258.90	$3,910.68

Roll-Off Types:

1. 6 CY to 40 CY	$248.22 per pickup
2. Medical waste compactors	$265.00 per pickup
3. Washing compactor	$30.00
4. Disposal Charge:	Actual charge to be paid by customer
5. AB 939 Green Waste Diversion Fee	$14.00 per ton

EXTRA PICKUPS

1. Standard containers or equivalent	$3.50 plus $2.30/container
2. Detachable containers	$12.00 plus $4.15/cubic yard

SPECIAL SERVICE CONDITIONS

In situations where none of the above maximum rates reasonably apply, the cost of service is to be negotiated between the garbage company and the customer.

DETACHABLE CONTAINER ONLY REPLACEMENT AND CLEANING SERVICE

1 CY	1½ CY	2 CY	3 CY	4 CY	5 CY	6 CY
$10.12	$11.00	$12.10	$15.40	$20.24	$25.08	$29.92

NOTATIONS

1. The above maximum rates include a $0.25 per month residential recycling fee; a $0.05 per cubic yard ($0.22/cubic yard/month) commercial recycling fee; and a $5.00 per pull ($0.25 per ton) industrial recycling fee; a $0.05 per cubic yard ($0.22/cubic yard/month) commercial litter abatement fee.
2. The above residential maximum rates include a $4.00 per month per household AB 939 Green Waste Diversion Fee.
3. The above commercial bin and front-loader compactor maximum rates include an AB 939 Green Waste Diversion Fee of $7.79 per yard/month.
4. Carpenter Road Landfill Mitigation Fees for residential and commercial wastes have been suspended for this maximum rate cycle. Carpenter Road Landfill Mitigation fees on Industrial wastes shall be $5.00 per pull on industrial wastes.
5. Pursuant to Section 11-6.16(c)(2) of the Modesto Municipal Code, the garbage company may require a deposit equivalent to two (2) months service charge from customers prior to beginning service. The deposit will be credited back to the customer after 18 months under specified conditions.

RESOLUTION APPROVING AN AGREEMENT TO ENTER AND CONSTRUCT IMPROVEMENTS WITH PROPERTY OWNED BY SYLVAN UNION SCHOOL DISTRICT, LOCATED AT 2701 KODIAK DRIVE (APN: 077-009-042), FOR THE CONGESTION MITIGATION AIR QUALITY (CMAQ) MANAGEMENT CML 5059 (206) – ROUNDABOUT IMPROVEMENTS AT THE INTERSECTION OF KODIAK DRIVE AT LINCOLN OAK DRIVE PROJECT, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT AND ALL RELATED DOCUMENTS

WHEREAS, the Congestion Mitigation Air Quality (CMAQ) Management CML 5059 (206) – Roundabout Improvements at the Intersection of Kodiak Drive at Lincoln Oak Drive Project involves the construction of a new roundabout at the intersection of Kodiak Drive at Lincoln Oak Drive and,

WHEREAS, the City of Modesto desires to construct a portion of the required improvements for the roundabout at 2701 Kodiak Drive (APN 077-009-042) owned by Sylvan Union School District and,

WHEREAS, Caltrans determined this project to be a categorical exclusion pursuant to the National Environmental Policy Act (NEPA) and all other applicable federal environmental law, regulations and executive orders on May 27, 2014 and,

WHEREAS, the project is consistent and is conformance to the General Plan Master E.I.R. and no additional California Environmental Quality Act clearance is needed and,

WHEREAS, the City requires an Agreement to Enter and Construct Improvements prior to allowing construction on subject property and,

WHEREAS, the City Council of Modesto directed staff to present Agreement to Enter and Construct Improvements to the landowner to construct improvements on subject property as required for the project.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Agreement to Enter and Construct located at 2701 Kodiak Drive (APN 077-009-042) owned by Sylvan Union School District.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement and all related documents.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of April, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION APPROVING AN AGREEMENT WITH CAROLLO ENGINEERS, INC. FOR FINAL DESIGN REPORT FOR RIVER TRUNK REHABILITATION AND CANNERY SEGREGATION DIVERSION STRUCTURES, IN AN AMOUNT NOT TO EXCEED $339,892 FOR THE IDENTIFIED SCOPE OF SERVICES, PLUS $33,989 FOR ADDITIONAL SERVICES (IF NEEDED), FOR A MAXIMUM TOTAL AMOUNT OF $373,881, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, on October 31, 2014, Gallo representatives notified City staff of a sink hole revealing a collapse to the River Trunk, and

WHEREAS, City Wastewater Collections crew repaired the broken portion of the trunk and inspected the line for additional corrosion damage, and

WHEREAS, the line from Santa Cruz Avenue to Santa Ana Avenue was inspected and appeared to be intact; however, immediate rehabilitation of the trunk is needed to prevent any further damage, and

WHEREAS, the purpose of this project is to rehabilitate this section of the River Trunk between Santa Cruz Avenue and the Beard Brook Siphon junction structure, located at the Gallo facility, and

WHEREAS, this section of the River Trunk consists of 2,160 feet of 45 to 60-inch unlined reinforced concrete pipe (RCP, and

WHEREAS, the pipeline will be rehabilitated by installing "slip-lining" (insertion of a new plastic pipe) or cured-in-place pipe (CIPP) lining, and

WHEREAS, the goal of the project is to restore the structural integrity of the pipeline and provide a plastic lining that will resist future corrosion, and

WHEREAS, additionally, to provide reliability to the River Trunk and Cannery Segregation Trunk (Can-Seg Trunk), diversion structures are needed to allow the bypass of flows in the event one of these trunks experiences a failure, and

WHEREAS, the diversion structures will allow flow to be redirected to one of the trunks to maintain service while repairs can be made, and

WHEREAS, Carollo Engineers, Inc. (Carollo) is currently working on the preliminary design of the River Trunk Realignment project that spans from the Sutter Plant to the Gallo facility, and

WHEREAS, considering Carollo's involvement with this project and its familiarity with the hydraulics associated with both the River Trunk and Can-Seg Trunk, and also with the Gallo facility, staff recommends approval of an agreement with Carollo for Final Design Report for the River Trunk Rehabilitation and Cannery Segregation Diversion Structures projects.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement with Carollo Engineers, Inc. to prepare the Final Design Report for River Trunk Rehabilitation and Diversion Structures projects in an amount not to exceed $339,892 for the identified scope of services, plus $33,989 for additional services (if needed), for a maximum total amount of $373,881.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of April, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION AMENDING THE FISCAL YEAR 2014-2015 CIP BUDGET IN THE AMOUNT OF $115,000 TO BE TRANSFERRED INTO CIP ACCOUNT 100791 FROM WASTEWATER FUND RESERVES IN ORDER TO FULLY FUND THE AGREEMENT WITH CAROLLO ENGINEERS, INC. FOR THE FINAL DESIGN REPORT FOR RIVER TRUNK REHABILITATION AND CANNERY SEGREGATION DIVERSION STRUCTURES, INCLUDING SUPPORT BY CITY STAFF

WHEREAS, certain budgetary transactions are necessary in the amount of $115,000, in order to fund the Final Design Report agreement, including support by City staff for the River Trunk Rehabilitation and Cannery Segregation Diversion Structures projects, and

WHEREAS, the Fiscal Year 2014-2015 Capital Improvement Program Budget must be amended as shown in **Exhibit A**, which is incorporated by reference herein,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the amendment of the Fiscal Year 2014-2015 Capital Improvement Program Budget as shown in **Exhibit A**.

BE IT FURTHER RESOLVED that the Director of Finance, or her designee, is hereby authorized to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of April, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

Exhibit A

Due to the increase of estimated engineering/design/administration costs for the agreement, including support by City staff for CIP Account #100791-"River Trunk Rehabilitation", the project costs need to be increased by $115,000. This would be done by adjusting Engineering/Design/Administration (EDA) in CIP Account #100791-"River Trunk Rehabilitation" by $115,000.

To fund the above account, $115,000 will be transferred from Wastewater Fund Reserves into CIP Project #100791-"River Trunk Rehabilitation" project.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-120

RESOLUTION APPROVING AN AGREEMENT WITH DAVID KEITH TODD CONSULTING ENGINEERS, INC., DBA TODD GROUNDWATER (TODD GROUNDWATER) FOR CONSULTANT SERVICES TO DEVELOP A GROUNDWATER CHARACTERIZATION AND RECHARGE STUDY, IN AN AMOUNT NOT TO EXCEED $158,444, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the cities of Modesto, Riverbank, Oakdale, the Modesto Irrigation District (MID), the Oakdale Irrigation District (OID), and Stanislaus County formed the Stanislaus and Tuolumne Rivers Groundwater Basin Association (STRGBA) to oversee and coordinate groundwater management activities in the Modesto Groundwater Subbasin, as

WHEREAS, on May 22, 2012, by Resolution No. 2012-179, the City Council authorized the City Manager to apply for the Proposition 84 Local Groundwater Assistance Program Grant, and execute all subsequent documents, as

WHEREAS, the City of Modesto received a grant award of $158,444 from DWR, on behalf of the STRGBA, to conduct a Groundwater Characterization and Recharge Study, as

WHEREAS, the primary objective of the study is to determine the suitability of implementing an Aquifer Storage and Recovery (ASR) program within a portion of the Subbasin, as

WHEREAS, the study involves data collection and analysis needed to establish current groundwater conditions, and to evaluate the locations and means by which certain aquifers may possibly be actively recharged, as

WHEREAS, in accordance with Administrative Directive 3.1, Selection Procedures for Professional Consultants Who Provide Architectural & Engineering Services for Capital Projects, and after subsequent Request for Qualifications and Request for Proposals processes, Todd Groundwater of Alameda, CA, was determined to be the most qualified firm to conduct the study, as

WHEREAS, staff recommends approving the Agreement with Todd Groundwater for Consultant Services to develop a Groundwater Characterization and Recharge Study,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement with David Keith Todd Consulting Engineers, Inc., dba Todd Groundwater (Todd Groundwater) for Consultant Services to develop a Groundwater Characterization and Recharge Study, in an amount not to exceed $158,444.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-121

RESOLUTION SUPPORTING ASSEMBLY BILL 1242 IN AN EFFORT TO PROTECT OUR LOCAL ECONOMY, PUBLIC HEALTH, DRINKING WATER, AND WAY OF LIFE

WHEREAS, California is currently entering the fourth consecutive year of drought conditions and most of the state, including the watershed that provides the City of Modesto's water supply, is experiencing exceptional drought conditions; and

WHEREAS, the State Water Resources Control Board (SWRCB) is planning to issue an updated Substitute Environmental Document for the Bay-Delta Program in the near future; and

WHEREAS, as presently drafted, the SWRCB's plan undermines efforts to secure groundwater sustainability, is unequal in application, and will significantly distress California's most disadvantaged economic region; and

WHEREAS, the SWRCB's proposal will devastate the groundwater basins in the Central Valley by reducing surface water recharge opportunities and eliminating surface water deliveries to domestic and agricultural water users; and

WHEREAS, this one decision will have a greater impact on our economy, public health, drinking water, and way of life than any other single issue confronting the legislature; and

WHEREAS, it's been estimated that the proposed 35% increase in unimpaired flows would cost our area at minimum 350,000 acre-feet of water every year; and

WHEREAS, irrigation water is an essential component of groundwater in our basins; and

WHEREAS, it's ironic that after the state's groundbreaking adoption of groundwater sustainability law, the state agency responsible for water resources is proposing to devastate basins in the region where groundwater management will be the most difficult; and

WHEREAS, the SWRCB has also been authorized to monitor and impose groundwater sustainability plans in all of the endangered groundwater basins, and with this drastic reduction of available irrigation water, it will be impossible for our area to reach true groundwater sustainability; and

WHEREAS, Assembly Bill 1242 requires that the SWRCB mitigate the adverse impact of any new water quality control plan affecting the groundwater basins because of any increase in flows from our local rivers or the plan cannot be implemented, and also prohibits adoption of any plan with adverse impacts that cannot be sufficiently mitigated.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves supporting Assembly Bill 1242 in an effort to protect our local economy, public health, drinking water, and way of life, as shown in **Exhibit** A.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of April, 2015, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION APPROVING THE CONVERSION OF COLLEGE AVENUE BETWEEN NEEDHAM AVENUE AND BRIGGSMORE AVENUE FROM A FOUR LANE FACILITY TO A THREE LANE FACILITY WITH BICYCLE LANES AND ACCEPTING THE REPORT PREPARED BY FEHR & PEERS

WHEREAS, on April 1, 2014, City Council approved a pavement and bicycle facility rehabilitation project which will rehabilitate the pavement and improve bicycle facilities on numerous street segments, and

WHEREAS, one of the street segments included in this project is College Avenue between Needham Avenue and Briggsmore Avenue, and

WHEREAS, staff is always looking for innovative methods for improving our constrained circulation system and proposes a "road diet" on College Avenue between Needham Avenue and Briggsmore Avenue, and

WHEREAS, the proposed "road diet" would reduce the number of travel lanes from four lanes to two through lanes plus one, two-way left turn lane and will include the installation of bicycle lanes, and

WHEREAS, on September 8, 2014, the Safety and Communities Committee accepted a report on the proposed College Avenue "road diet" and requested staff provide a traffic study, and

WHEREAS, staff contracted with Fehr & Peers to perform the requested traffic study which analyzed the impacts of the proposed "road diet" on College Avenue, and

WHEREAS, the report was completed in late January and concluded that the College Avenue is an ideal road diet candidate,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it approves the conversion of College Avenue between Needham Avenue and Briggsmore Avenue from a four lane facility to a three lane facility with bicycle lanes.

BE IT FURTHER RESOLVED that the Council accepts the report prepared by Fehr & Peers.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of April, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION APPROVING DESIGNATION OF ALL SURPLUS REVENUE FROM THE COURTHOUSE PROPERTIES MULTI-YEAR OPERATING BUDGET FOR THE DOWNTOWN ECONOMIC DEVELOPMENT PROGRAM

WHEREAS, on December 23, 2014, the City closed escrow on the sale of properties, located between 9th and 10th Streets and G and H Streets, to the State of California Judicial Council for the future Courthouse, and

WHEREAS the net proceeds at the time of closing totaled $285,751.60, and

WHEREAS, as part of the agreement with the State, the City entered into a Master Lease Agreement wherein the City will manage the properties through December 31, 2015, and

WHEREAS, the City has been collecting rents from tenants and paying the usual expenses necessary for property management, and

WHEREAS, overall revenues are expected to exceed expenditures and a budget will be submitted for the upcoming fiscal year, and

WHEREAS, the intent of this action is to set aside these funds for economic development purposes for Downtown Modesto to stimulate vitality and investment which may include enhancements such as the Economic Incentives Program, providing streetscape improvements, funding project plans and matching funds to leverage grants, endowments and private investment opportunities, and

WHEREAS, a renaissance in Downtown Modesto is only possible through a collaborative public/private partnership and these funds can help fuel this endeavor, and

WHEREAS, this motion was unanimously approved by the Finance Committee at the March 23, 2015 meeting and was recommended to be forwarded to the City Council for approval.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto, that it hereby approves the plan to designate all surplus revenue from the courthouse properties multi-year operating budget for the downtown economic development program.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28th day of April, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Madrigal, Zoslocki, Mayor Marsh

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-124

RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MODESTO AUTHORIZING (I) THE REFINANCING OF THE CITY'S CURRENT SECTION 108 LOAN WITH HUD IN THE PRINCIPAL AMOUNT OF $2,789,000, (II) THE EXECUTION AND DELIVERY OF A NEW PROMISSORY NOTE AND CONTRACT FOR LOAN GUARANTEE ASSISTANCE, AND (III) THE EXECUTION OF NECESSARY DOCUMENTS AND RELATED ACTIONS

WHEREAS, the City Council of the City of Modesto (Council) on June 25th, 2003 approved borrowing $4.5 million from the Department of Housing and Urban Development (HUD) through a HUD Section 108 Loan Guarantee offering; and

WHEREAS, $3.1 million of these funds were used for the construction of a joint services facility in Marshall Park, used to house a fire station, a police sub-station, and a recreation office/facility; and

WHEREAS, $1.4 million of these funds were used for the renovation and expansion of the Maddox Youth Center; and

WHEREAS, both Marshall Park and Maddox Youth Center projects were located in a low-income census tract and benefited low- and moderate-income persons; and

WHEREAS, the Section 108 Loan was on a 20 year term, with principal payments due once a year and interest payments due twice a year, paid out of CDBG funding; and

WHEREAS, as required by HUD, the City pledged future CDBG funding, as well as Marshall Park and Cesar Chavez Park (the location of the Maddux Youth Center) with their buildings and improvements, as collateral; and

WHEREAS, on March 26, 2015, the City received notice of a public offering to refinance and reduce the interest on the HUD Section 108 Loan; and

WHEREAS, it is estimated that as a result of refinancing this loan, the reduction in interest rate will generate an interest net savings for the City of approximately $502,908 between now and the final maturity date in 2024; and

WHEREAS, issuance costs are estimated to be $13,945, bond counsel fees are $7,500, and both will be paid from CDBG funding; and

WHEREAS, on April 10, 2015, the City received a letter from HUD providing instructions and all financing documents needed to be executed and delivered to HUD no later than the close of business on May 5th, 2015; and

WHEREAS, the date of the public offering is May 28, 2015; and

WHEREAS, the City is to remit the cost of the public offering, as well as the next scheduled interest payment on the previously issued note, to HUD no later than 10:30 a.m., May 27, 2015; and

WHEREAS, no new additional security provisions are required, as the Contract for Fixed Rate Note incorporates the previous additional security provisions; and

WHEREAS, there have been submitted to this meeting the following documents:

(a) The March 26, 2015 Notice of Offering from HUD
(b) The April 10, 2015 Letter from HUD
(c) The proposed Contract for Fixed Rate Note (contract for loan guarantee assistance)
(d) The proposed Fixed Rate Note (promissory note)

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF MODESTO DOES HEREBY RESOLVE, DETERMINE, AND ORDER AS FOLLOWS:

Section 1. The foregoing recitals are true and correct, and the City Council so finds and determines.

Section 2. The refinancing of the HUD Section 108 Loan, in the principal amount of $2,789,000, on the terms and conditions set forth in - and subject to the limitations specified in – the Contract for Fixed Rate Note and the Fixed Rate Note, is hereby authorized and approved.

Section 3. The Contract for Fixed Rate Note, as well as the Fixed Rate Note, in substantially the form submitted to this meeting and made a part hereof as though set forth herein, be and the same are hereby approved. Each of the Mayor of the City, and such other member of the City Council as the Mayor may designate, the City Manager of the City and the Director of Finance of the City, and such other officer or employee of the City as the City Manager may designate (the "Authorized Officers") is hereby authorized, and any one of the Authorized Officers is hereby directed to execute and deliver the Contract for Fixed Rate Note and the Fixed Rate Note in the form submitted to this meeting, with such changes, insertions and omissions as the Authorized Officer executing the same may require or approve, such requirement or approval to be conclusively evidenced by the execution of the Contract for Fixed Rate Note and the Fixed Rate Note by such Authorized Officer.

Section 4. The Authorized Officers and the officers and employees of the City are, and each of them is, hereby authorized and directed, to do any and all things and to execute and deliver any and all documents which they or any of them deem necessary or advisable in order to consummate the transactions contemplated by this Resolution and otherwise to carry out, give effect to and comply with the terms and intent of this Resolution. CDBG funds to pay the costs incurred in connection with the refinancing -

including the fees and disbursements of Sidley Austin LLP, as bond counsel - currently estimated to be $21,445, are hereby appropriated.

Section 5. All actions heretofore taken by the officers and employees of the City with respect to the refinancing of the HUD Section 108 Loan, or in connection with or related to any of the agreements or documents referred to herein, are hereby approved, confirmed and ratified.

Section 6. This Resolution shall take effect immediately upon its adoption.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28th day of April, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-125

RESOLUTION AUTHORIZING THE CITY OF MODESTO TO JOIN THE CALIFORNIAFIRST PROGRAM; AUTHORIZING THE CALIFORNIA STATEWIDE COMMUNITIES DEVELOPMENT AUTHORITY TO ACCEPT APPLICATIONS FROM PROPERTY OWNERS, CONDUCT CONTRACTUAL ASSESSMENT PROCEEDINGS AND LEVY CONTRACTUAL ASSESSMENTS WITHIN THE INCORPORATED TERRITORY OF THE CITY; AND AUTHORIZING RELATED ACTIONS

WHEREAS, the California Statewide Communities Development Authority ("California Communities") is a joint exercise of powers authority the members of which include numerous cities and counties in the State of California, including the City of Modesto (the "City"); and

WHEREAS, California Communities has established the CaliforniaFIRST program (the "CaliforniaFIRST Program") and will provide financing for certain improvements authorized by Chapter 29 of Division 7 of the Streets & Highways Code ("Chapter 29"), including, but not limited to, renewable energy, energy efficiency and water efficiency improvements and seismic strengthening improvements (the "Improvements") through the levy of contractual assessments pursuant to Chapter 29 of Division 7 of the Streets & Highways Code ("Chapter 29") and the issuance of improvement bonds (the "Bonds") under the Improvement Bond Act of 1915 (Streets and Highways Code Sections 8500 and following) (the "1915 Act") upon the security of the unpaid contractual assessments; and

WHEREAS, Chapter 29 provides that assessments may be levied under its provisions only with the free and willing consent of the owner of each lot or parcel on which an assessment is levied at the time the assessment is levied; and

WHEREAS, the City desires to allow the owners of property ("Participating Property Owners") within the incorporated territory of the City to participate in the CaliforniaFIRST Program and to allow California Communities to conduct assessment proceedings under Chapter 29 within the incorporated territory of the City and to issue Bonds under the 1915 Act to finance the Improvements; and

WHEREAS, California Communities will conduct assessment proceedings under Chapter 29 and issue Bonds under the 1915 Act to finance Improvements; and

WHEREAS, the City will not be responsible for the conduct of any assessment proceedings; the levy or collection of assessments or any required remedial action in the case of delinquencies in such assessment payments; or the issuance, sale or administration of the Bonds or any other bonds issued in connection with the CaliforniaFIRST Program;

NOW, THEREFORE, BE IT RESOLVED that this City Council hereby finds and declares that properties in the City's incorporated area will benefit from the availability of the CaliforniaFIRST Program within the incorporated territory of the City and, pursuant thereto, the conduct of special assessment proceedings by California Communities pursuant to Chapter 29 and the issuance of Bonds under the 1915 Act.

BE IT FURTHER RESOLVED that in connection with the CaliforniaFIRST Program, the City hereby consents to the conduct of special assessment proceedings by California Communities pursuant to Chapter 29 on any property within its jurisdiction and the issuance of Bonds under the 1915 Act; provided, that

(1) The Participating Property Owners, who shall be the legal owners of such property, execute a contract pursuant to Chapter 29 and comply with other

applicable provisions of California law in order to accomplish the valid levy of assessments; and

(2) The City will not be responsible for the conduct of any assessment proceedings; the levy or collection of assessments or any required remedial action in the case of delinquencies in such assessment payments; or the issuance, sale or administration of the Bonds or any other bonds issued in connection with the CaliforniaFIRST Program.

(3) The issuance of Bonds will occur following receipt of a final judgment in a validation action filed by California Communities pursuant to Code of Civil Procedure Section 860 that the Bonds are legal obligations of California Communities.

BE IT FURTHER RESOLVED pursuant to the requirements of Chapter 29, California Communities has prepared and will update from time to time the "Program Report" for the CaliforniaFIRST Program (the "Program Report"), and California Communities will undertake assessment proceedings and the financing of Improvements as set forth in the Program Report.

BE IT FURTHER RESOLVED the appropriate officials and staff of the City are hereby authorized and directed to make applications for the CaliforniaFIRST program available to all property owners who wish to finance Improvements; provided, that California Communities shall be responsible for providing such applications and related materials at its own expense. The City Manager, or his delegate, is hereby designated as the contact persons for California Communities in connection with the CaliforniaFIRST Program.

BE IT FURTHER RESOLVED the appropriate officials and staff of the City are hereby authorized and directed to execute and deliver such closing certificates, requisitions, agreements and related documents as are reasonably required by California Communities in accordance with the Program Report to implement the CaliforniaFIRST Program for Participating Property Owners.

BE IT FURTHER RESOLVED the City Council hereby finds that adoption of this Resolution is not a "project" under the California Environmental Quality Act, because the Resolution does not involve any commitment to a specific project which may result in a potentially significant physical impact on the environment, as contemplated by Title 14, California Code of Regulations, Section 15378(b)(4)).

BE IT FURTHER RESOLVED this Resolution shall take effect immediately upon its adoption. The City Clerk is hereby authorized and directed to transmit a certified copy of this resolution to the Secretary of California Communities.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28th day of April, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-126

Print

RESOLUTION AUTHORIZING THE PROCUREMENT OF MERCHANT SERVICES BY "ACCESSING THE TERMS" OF A COMPETITIVELY BID, STATE OF CALIFORNIA , DEPARTMENT OF GENERAL SERVICES (DGS) MERCHANT SERVICES AGREEMENT (MSA) WITH ELAVON INC., ATLANTA, GA FOR AN ANTICIPATED ANNUAL COST OF $396,851 AND OVER FIVE (5) YEARS OF $1,984,255, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the City currently uses Elavon to provide merchant services at a cost of approximately $528,000 per year, and

WHEREAS, in 2013 Council approved a sole source procurement of banking services from Bank of America Merrill Lynch, and

WHEREAS, that procurement did not include merchant services, and

WHEREAS, City staff reached out to Elavon and requested a review of fees based on the City's changing business model which includes phone and online payment options, and

WHEREAS, based on this fee review staff was able to negotiate a reduced pricing model which resulted in estimated annual savings of approximately $329,000, and

WHEREAS, Elavon recently informed the City that a State of California, Department of General Services (DGS) contract was available for local agencies to 'access" and be afforded more aggressive rates based on statewide volumes, and

WHEREAS, by accessing the State contract the City has the potential to save approximately $11,000 per month, and

WHEREAS, in order to assess the State's pricing the City afforded its current banking provider Bank of America Merrill Lynch the opportunity to submit a cost proposal for providing merchant services, and

WHEREAS, Bank of America Merrill Lynch responded in writing that they were unable to match or beat the rates that Elavon has extended to the City based on the State GSA contract, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. However, one exception to the formal bid process, MMC Section 8-3.204(d), states, "Where the Purchasing Manager, in his or her discretion, determines that a process other than the formal bid procedures set forth in 8-3.203 will result in a procurement for the City at the lowest possible cost commensurate with the desired quality." Acting within his discretion, the Purchasing Manager invoked that exception for this purchase. The award of a merchant services agreement to Elavon Inc. by accessing the terms of a competitively bid, State of California, Department of General Services (DGS) Master Services Agreement (MSA) conforms to the Modesto Municipal Code.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the procurement of merchant services by "accessing the terms" of a competitively bid State of California, Department of General Services (DGS) Merchant Services Agreement (MSA) with Elavon Inc., Atlanta, GA for an anticipated annual cost of $396,851 and over five (5) years of $1,984,255 per year.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is authorized to enter into a two (2) year agreement with three one (1) year extension options.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28th day of April, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION AUTHORIZING THE AWARD OF BIDS FOR THE PURCHASE OF SEWER LINE MATERIALS FOR THE UTILITIES DEPARTMENT, WASTEWATER DIVISION TO GROENIGER/FERGUSON CO., MODESTO, CA, PACE SUPPLY CORP., STOCKTON, CA, AND R&B COMPANY, MANTECA, CA, FOR A ONE-YEAR AGREEMENT WITH FOUR (4) ONE-YEAR EXTENSION OPTIONS AT THE SOLE DISCRETION OF THE CITY, AND AUTHORIZING THE PURCHASING MANAGER OR HIS DESIGNEE TO ISSUE PURCHASE AGREEMENTS FOR AN ESTIMATED ANNUAL COST OF $347,430, AND OVER FIVE (5) YEARS OF $1,737,150

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for the purchase of sewer line materials, and

WHEREAS, the Purchasing Division issued RFB No. 1415-13 Sewer Line Materials to fifteen (15) prospective bidders, five (5) of which were local companies, and posted the RFB on the City's website, and

WHEREAS, bids were formally opened in the City Clerk's Office. Four (4) companies chose to respond, two (2) of which were local companies, and,

WHEREAS, all four (4) companies responding provided responsive and responsible bids, and

WHEREAS, based on providing lowest responsive and responsible bids, City staff recommends the award of bids for the purchase of sewer line materials for the Utilities Department, Wastewater Division to Groeniger/Ferguson Co., Modesto, CA, Pace Supply Corp., Stockton, CA, and R&B Company, Manteca, CA, for a one-year agreement with four (4) one-year extension options at the sole discretion of the City, for an estimated annual cost of $347,430, and over five (5) years of $1,737,150, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services

to be formally bid. The award of bids for the purchase of sewer line materials for the Utilities Department, Wastewater Division to Groeniger/Ferguson Co., Modesto, CA, Pace Supply Corp., Stockton, CA, and R&B Company, Manteca, CA, conforms to Modesto Municipal Code 8-3.203.

WHEREAS, funds are budgeted in Appropriation Unit: 4210-44211-53150.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bids for the purchase of sewer line materials for the Utilities Department, Wastewater Division to Groeniger/Ferguson Co., Modesto, CA, Pace Supply Corp., Stockton, CA, and R&B Company, Manteca, CA, for a one-year agreement with four (4) one-year extension options at the sole discretion of the City.

BE IT FURTHER RESOLVED that the Purchasing Manager, or his designee, is hereby authorized to issue purchase agreements for an estimated annual cost of $347,430.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28th day of April, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-128

RESOLUTION APPROVING GRANT APPLICATIONS TO THE CALIFORNIA DEPARTMENT OF FORESTRY AND FIRE PROTECTION (CAL FIRE) FOR FUNDING FROM THE URBAN AND COMMUNITY FORESTRY GRANT PROGRAM ENTITLED "GREEN TREES FOR THE GOLDEN STATE" AS PROVIDED THROUGH THE GEENHOUSE GAS REDUCTION FUND, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE ALL GRANT RELATED DOCUMENTS, ACCEPT GRANT AWARDS, AND AMEND THE ANNUAL BUDGET TO REFLECT GRANT FUNDING

WHEREAS, the Governor of the State of California in cooperation with the California State Legislature has enacted State of California Greenhouse Gas Reduction Funding, which provides funds to the State of California and its political subdivisions for urban forestry programs; and

WHEREAS, the State Department of Forestry and Fire Protection has been delegated the responsibility for the administration of the program within the State, setting up necessary procedures governing application by local agencies and non-profit organizations under the program, and

WHEREAS, said procedures established by the State Department of Forestry and Fire Protection require the applicant to certify by resolution the approval of application before submission of said application to the State; and

WHEREAS, the applicant will enter into an agreement with the State of California to carry out an urban forestry project.

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Modesto:

1. Approved the filing of an application for "State Greenhouse Gas Reduction Funding" urban forestry grant program funds.

2. Certifies that said applicant has or will have sufficient funds to operate and maintain the project.

3. Certifies that funds under the jurisdiction of the City of Modesto are available to begin the project.

4. Certifies that said applicant will expend grant funds prior to December 31, 2019.

5. Appoints the City Manager, or his designee, as agent of the City of Modesto to conduct all negotiations, execute and submit all documents including, but not limited to applications, agreements, amendments, payment requests and so on, which may be necessary for the completion of the aforementioned project.

BE IT FURTHER RESOLVED that this resolution shall remain in full force and effect for five years from the date of adoption.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28th day of April, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-129

A RESOLUTION APPROVING SUBMITTAL OF A REQUEST TO THE CALIFORNIA DEPARTMENT OF TRANSPORTATION (CALTRANS) FOR $95,945 IN FY 2014-15 FUNDS UNDER THE LOW CARBON TRANSIT OPERATIONS PROGRAM (LCTOP) FOR BUS STOP SHELTERS AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE ALL GRANT APPLICATION AND GRANT AGREEMENT DOCUMENTS

WHEREAS, Senate Bill 862 (2014), created the Low Carbon Transit Operations Program (LCTOP) and identified the California Department of Transportation as the administrating agency for LCTOP, and

WHEREAS, in Fiscal Year 2014-15 LCTOP appropriated $171,407 to the Stanislaus Council of Governments (StanCOG) for regional distribution to local transit agencies, and

WHEREAS, at the March 18, 2015 StanCOG Policy Board meeting the City of Modesto was allocated $85,704 of the regional funds, and

WHEREAS, in Fiscal Year 2014-15 LCTOP appropriated $10,241 to the City of Modesto, and

WHEREAS, the City of Modesto is eligible to apply for a total of $95,945 in LCTOP funds, and

WHEREAS, the statutes related to state-funded transit projects require Modesto to abide by various regulations, and

WHEREAS, the California Department of Transportation has developed guidelines for the purpose of administering and distributing LCTOP funds to local agencies, and

WHEREAS, the City of Modesto is an eligible project sponsor and may receive state funding from LCTOP.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that Modesto agrees to comply with all conditions and requirements set forth by LCTOP.

BE IT FURTHER RESOLVED that the City Manager is authorized to execute all necessary grant documents with the California Department of Transportation on behalf of the City of Modesto.

BE IT FURTHER RESOLVED that the City Manager is authorized to designate the Director of Public Works to execute all grant application and grant agreement documents.

BE IT FURTHER RESOLVED that the City Manager is authorized to designate the Transit Manager to execute all grant application and grant agreement documents.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28th day of April, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

A RESOLUTION APPROVING AN AMENDMENT TO AGREEMENT WITH KIMLEY-HORN AND ASSOCIATES, INC. (KHA) TO PROVIDE DESIGN, CONSTRUCTION AND ENGINEERING SERVICES FOR VARIOUS AIRPORT FAA GRANT FUNDED PROJECTS IN AN AMOUNT NOT TO EXCEED $722,618

WHEREAS, the City has approved numerous Airport Capital Improvement Plan (ACIP) projects planned over approximately the next five years at the Modesto City-County Airport, and

WHEREAS, skilled airport engineering, design, construction and inspection assistance will be required to move forward with those projects, and

WHEREAS, on January 12, 2014, the City solicited professional services for an airport consulting engineer to provide airport engineering, design, construction management and inspection, and

WHEREAS, Council approved Resolution No. 2014-237 selecting Kimley-Horn and Associates, Inc. (KHA) as the best qualified applicant, and

WHEREAS, with the approval from the Federal Aviation Administration, KHA is a skilled airport engineering, design, construction and project management company, and

WHEREAS, KHA originally proposed an agreement to provide design and planning services for various Airport Capital Improvement Projects at the Modesto City-County Airport in an amount not to exceed $1,061,111.11, and

WHEREAS, on September 17, 2014, the FAA made a grant offer to the City of Modesto, and

WHEREAS, the City of Modesto accepted the FAA grant offer for Airport Improvement Plan (AIP) 3-06-0153-038-2014 (AIP 38), and

WHEREAS, the projects listed on the grant had changed and therefore the scope of work (SOW) that Kimley-Horn had submitted with the June 10, 2014 agreement has changed, and

WHEREAS, KHA has submitted a revised SOW for AIP 38 changing the not to exceed amount to $722,618.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the amended agreement with Kimley-Horn and Associates, Inc. to provide design, construction and engineering services for various Airport FAA Grant Funded Projects in an amount not to exceed $722,618.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28th day of April, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-132

RESOLUTION APPROVING THE ONE-TIME EXCEPTION TO THE SPEED HUMP POLICY TO ALLOW CITY OF MODESTO FUNDING FOR THE INSTALLATION OF A SPEED HUMP OR SPEED CUSHION ON SUNRISE AVENUE JUST WEST OF SHEFFIELD LANE FOR TRAFFIC SAFETY

WHEREAS, the City of Modesto Council has decided to invest $10,000 to construct a speed hump or speed cushion on Sunrise Avenue west of Sheffield Lane to help improve or maintain traffic safety by encouraging eastbound Sunrise Avenue motorists to reduce their travel speed prior to entering the "L" corner from Sunrise Avenue to Sheffield Lane, and

WHEREAS, the speed hump or speed cushion has the potential to provide a better and safer use of the roadway adjacent to homes, and

WHEREAS, six other traffic improvements have been provided previously, and the run off the road record in 2014 has not been observed at any other "L" corner in Modesto, and

WHEREAS, the speed hump or speed cushion installation is exempt from environmental review under the Categorical Class III CEQA Guidelines, Section 15303 of the CEQA requirements.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the one-time speed hump policy exception to fund the construction of one speed hump or speed cushion on Sunrise Avenue west of Sheffield Lane in Modesto.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28th day of April, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION RESCINDING RESOLUTIONS 2015-73 AND 2015-74 AND APPROVING A REVISED PUBLIC UTILITY EASEMENT TO VERIZON WIRELESS WITHIN USTACH PARK TO SERVE THE COMMUNICATIONS TOWER ON 2700 HILLGLEN AVENUE (APN 077-009-041)

WHEREAS, the City of Modesto maintains a community park known as Ustach Park located on 2700 Hillglen Avenue (APN 077-009-041), and

WHEREAS, Verizon Wireless has proposed to install a wireless communications tower within Ustach Park, and

WHEREAS, a public utility easement (PUE) is required to provide underground utility connections to the tower from Hillglen Avenue, and

WHEREAS, on March 3, 2015 Council approved Resolutions 2015-73 and 2015-74 granting PUEs to Verizon Wireless and Modesto Irrigation District, and

WHEREAS, Verizon Wireless has requested to revise the previous PUE to include other utility providers in a single easement, and

WHEREAS, staff recommends the revised public utility easement be approved.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby rescinds Resolution 2015-73 and Resolution 2015-74 and approves a revised Public Utility Easement to Verizon Wireless to serve the communications tower on 2700 Hillglen Avenue within Ustach Park (APN 077-009-041).

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the revised Grant of Public Utilities Easement as approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28th day of April, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION APPROVING REVISIONS TO THE CITY OF MODESTO DROUGHT CONTINGENCY PLAN AND ENACTING DROUGHT STAGE II REQUIREMENTS

WHEREAS, California is currently entering the fourth consecutive year of drought conditions and most of the state, including the watershed that provides the City of Modesto's water supply, is experiencing exceptional drought conditions as defined by the United States Drought Monitor, and

WHEREAS, on March 17, 2015, the State Water Resources Control Board adopted additional emergency drought regulations to govern the use of urban water in California, and

WHEREAS, staff has revised the Drought Contingency Plan (Plan) to incorporate the emergency regulations to be consistent with all state requirements, and

WHEREAS, the most significant revisions to the Plan include increasing the monetary penalty amounts for excessive water use in all stages of the Plan, and reducing outdoor watering to twice weekly under Stage II requirements, and

WHEREAS, implementing further water use restrictions will help sustain our water supply until the drought period subsides, and

WHEREAS, on May 1, 2003, the City Council, by Resolutions 2003-162, implemented the Stage I Plan requirements that remain in effect today, and

WHEREAS, staff recommends that the City Council approve the revisions to the Plan and implement Stage II requirements effective May 1, 2015.

,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves revisions to the City of Modesto Drought Contingency Plan and enacts drought State II requirements.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28th day of April, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-135

RESOLUTION AUTHORIZING THE AWARD OF BID FOR THE PURCHASE OF TWO (2) 710K JOHN DEERE BACKHOE LOADERS FOR THE UTILITIES DEPARTMENT, STORMWATER COLLECTIONS DIVISION THROUGH THE FLEET SERVICES DIVISION, TO PAPE MACHINERY, FRENCH CAMP, CA FOR AN ESTIMATED TOTAL COST OF $326,592

WHEREAS, the City Manager authorized the Purchasing Manager to issue a formal Request for Bids (RFB) for new vehicles and heavy equipment, through various competitive processes, with the Purchasing Division coming back to Council for award authorization. The two (2) 710K John Deere backhoe loaders were included in the new vehicles and heavy equipment list authorized by the City Manager, and

WHEREAS, the two (2) 710K John Deere backhoe loaders will be used by the Stormwater Collections Division. The Stormwater Collections Division has developed a new type of storm system called a "Drywell". Stormwater Collections has completed several drywell installations in areas with chronic flooding. This program has had great success and enabled the City to address local flooding issues. To build on this success, Stormwater Collections requested an additional construction crew to install new drywells. The approved budget request included equipment and personnel required to staff this second drywell crew, and

WHEREAS, the Purchasing Division issued RFB 1415-23 for the purchase of two (2) 710K John Deere backhoe loaders to three (3) prospective bidders, none of which were local companies and posted the RFB on the City's website. There are no local vendors for this type of equipment, and

WHEREAS, bids were formally opened in the City Clerk's office. Two (2) companies chose to respond, one of which did not meet the bid specifications. Only one company provided a responsive and responsible bid, and

WHEREAS, based on providing a responsive and responsible bid, City staff recommends the award of bid for the purchase of two (2) 710K John Deere backhoe loaders to Pape Machinery, French Camp, CA, for a total estimated cost of $326,592, and

WHEREAS, sufficient funds are budgeted in Fiscal Year 2014-15, in account # 4480-44222-57003, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. The award of bid for the purchase of two (2) 710K John Deere backhoe loaders to Pape Machinery, French Camp, CA, conforms to the Modesto Municipal Code.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid for the purchase of two (2) 710K John Deere backhoe loaders for the Utilities Department, Stormwater Collections Division, through the Fleet Services Division to Pape Machinery, French Camp, CA.

BE IT FURTHER RESOLVED that the Purchasing Manager or his designee to issue a purchase order for a total estimated cost of $326,592.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of May, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Madrigal, Zoslocki, Mayor Marsh

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-136

RESOLUTION AUTHORIZING THE AWARD OF BID FOR THE PURCHASE OF A JOHN DEERE 5115M TRACTOR FOR THE PUBLIC WORKS DEPARTMENT, PARKS OPERATIONS DIVISION THROUGH THE FLEET SERVICES DIVISION, TO BELKORP AG, LLC, MODESTO, CA, FOR AN ESTIMATED TOTAL COST OF $62,524

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for new vehicles and heavy equipment, through various competitive processes, with the Purchasing Division coming back to Council for award authorization. The John Deere 5115M tractor was included in the new vehicles and heavy equipment list authorized by the City Manager, and

WHEREAS, the John Deere 5115M tractor will be used by the Parks Operations Division. The John Deere 5115M tractor is a replacement and has been subjected to a thorough evaluation and has met or exceeded the replacement criteria before being placed on the replacement list, and

WHEREAS, The Purchasing Division issued RFB 1415-20 for the purchase of a John Deere 5115M tractor to three (3) prospective bidders, one of which was a local company and posted the RFB on the City's website, and

WHEREAS, bids were formally opened in the City Clerk's office. One company chose to respond, which was the local vendor. The local vendor provided a responsive and responsible bid, and

WHEREAS, based on providing the lowest responsive and responsible bid, City staff recommends the award of bid for the purchase of a John Deere 5115M tractor to Belkorp Ag, LLC, Modesto, CA, for a total estimated cost of $62,524, and

WHEREAS, sufficient funds are budgeted in Fiscal Year 2014-15, in account # 5409-53246-57003, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. The award of bid for the purchase of a John Deere 5115M tractor to Belkorp Ag, LLC, Modesto, CA, conforms to the Modesto Municipal Code.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid for the purchase of a John Deere 5115M tractor to for the Public Works Department, Parks Operations Division, through the Fleet Services Division to Belkorp Ag, LLC, Modesto, CA.

BE IT FURTHER RESOLVED that the Purchasing Manager or his designee to issue a purchase order for a total estimated cost of $62,524.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of May, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-137

RESOLUTION APPROVING A USE AGREEMENT BETWEEN THE CITY OF MODESTO AND THE BOYS AND GIRLS CLUB OF STANISLAUS COUNTY TO PROVIDE PROGRAMMING AT THE KING KENNEDY MEMORIAL CENTER

WHEREAS, the City of Modesto (CITY) recognizes the importance of after school programming, and

WHEREAS, CITY recognizes that the Boys and Girls Club (ORGANIZATION) has a long history of providing positive activities for kids, and

WHEREAS, CITY has space available at the King Kennedy Memorial Center, and

WHEREAS, ORGANIZATION has received a two year grant through Modesto City Schools to provide after school programing, and

WHEREAS, ORGANIZATION has created a custom program to run its programming based on the space and times available at the King Kennedy Memorial Center.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows: CITY and ORGANIZATION desire to enter into this Agreement in order to obtain the mutual benefits recited above.

BE IT FURTHER RESOLVED THAT Organization agrees to adhere to the following:

1. ORGANIZATION will provide CITY a detailed calendar of activities in accordance with the agreement.

2. ORGANIZATION agrees not to sublet the facility to any other agency.

3. ORGANIZATION agrees not to permanently modify the facility.

4. ORGANIZATION agrees not to use the facility for any other purpose stated in the agreement without getting written permission from the Parks, Recreation and Neighborhood Services Manager.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the lease agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of May, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-141

RESOLUTION REJECTING ALL BIDS FOR THE 2014 HUD CURB RAMP AND STORM DRAIN IMPROVEMENT PROJECT AND AUTHORIZING CITY STAFF TO RE-ADVERTISE THE PROJECT WITH AN AMENDED SCOPE OF WORK

WHEREAS, the bids received for the 2014 HUD Curb Ramp and Storm Drain Improvement Project were opened at 11:00 a.m. on March 31, 2015, and later tabulated by the Director of Utilities Department for the consideration of the Council, and

WHEREAS, City staff determined that it would be in the best interest of the City to reject the bids due to the lowest bidder having a discrepancy on the bid item of work that would cost the City and additional $62,400, and

WHEREAS, the project will then be modified to attract a wider variety of contractors, and

WHEREAS, City staff recommends rejecting all bids and re-advertising the project.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby rejects all bids received for the 2014 HUD Curb Ramp and Storm Drain Improvement Project, opened in the office of the City Clerk on March 31, 2015.

BE IT FURTHER RESOLVED that staff is hereby authorized to re-advertise the project with an amended scope of work.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of May, 2015, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-142

RESOLUTION ACCEPTING A GRANT IN THE AMOUNT OF $5,000 FROM STATE FARM INSURANCE COMPANY FOR THE PURCHASE OF A BULLEX INTELLIGENT FIRE EXTINGUISHER TRAINING SYSTEM

WHEREAS, one of the goals of the Modesto Fire Prevention Division is to provide effective fire and life safety training to the community, and

WHEREAS, Modesto Fire Prevention Division applied for and received a grant from State Farm Insurance Company, and

WHEREAS, the intent of this grant is to help purchase a state-of-the-art BullEx Intelligent Fire Extinguisher Training System, and

WHEREAS, this system will allow the Fire Prevention Division to safely teach the proper use and handling of fire extinguishers to businesses, community groups and staff members, and

WHEREAS, in order to accept the grant and purchase the equipment, the fire department will expend $2,000 from Fire Prevention Funds Account Number: 18510-0100-5330, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves accepting a Grant in the amount of $5,000 from State Farm Insurance Company to purchase a BullEx Intelligent Fire Extinguisher Training System.

BE IT FURTHER RESOLVED that the Fire Chief, or his designee, is hereby authorized to sign the grant offer acceptance and any grant related documents.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of May, 2015, by Councilmember Zoslocki, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-143

RESOLUTION APPROVING A WILL SERVE LETTER FOR THE PROPERTY LOCATED AT 7409 RIVER NINE DRIVE IN DEL RIO (APN: 004-093-005) TO CONNECT TO THE CITY OF MODESTO'S EXISTING WATER SYSTEM, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO SIGN THE WILL SERVE LETTER

WHEREAS, on May 22, 2012, the City Council approved Resolution No. 2012-202 that amended City Council Policy 5.001, and

WHEREAS, on June 5, 2012, the City Council approved final adoption of Ordinance No. 3566-C.S. amending City of Modesto Municipal Code Section 11-1.05, and

WHEREAS, both of these amendments included language which required that the City Manager, upon the recommendation of the Director responsible for utility system planning, request City Council approval for all extensions of water services into unincorporated areas, and

WHEREAS, on November 25, 2014, the City Council approved Resolution No. 2014-472 that amended City Council Policy 5.001, and

WHEREAS, on December 9, 2014, the City Council approved adoption of Ordinance No. 3611-C.S. amending City of Modesto Municipal Code Section 11-1.05, and

WHEREAS, both of these amendments included language allowing the City Manager upon the recommendation of the Director responsible for utility system planning, to approve standard agreements of service for extension of water services into certain unincorporated areas that are located within the former Del Este Water Service Area without City Council approval, and

WHEREAS, the majority of the Del Rio area is included in the former Del Este Water Service Area and would not require City Council approval, the subject parcel is located in a small portion of the Del Rio area that is outside of the former Del Este Water Service Area and therefore requires City Council approval, and

WHEREAS, the property located at 7409 River Nine Drive, is not connected to City's water system, and

WHEREAS, this property is located outside Modesto City limits, and outside the former service area of the Del Este Water Company, and

WHEREAS, City staff has completed an analysis and determined that it is reasonable for the City of Modesto to extend water service to this property, and

WHEREAS, it has been determined that a sufficient quantity of potable water is available for normal usage by the proposed development, and

WHEREAS, the water connection fees are paid and associated permits be obtained prior to connecting to the City water system,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Will Serve letter for the property located at 7409 River Nine Drive in Del Rio.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to sign the Will Serve letter.

The foregoing documents were introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of May, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-144

RESOLUTION APPROVING AN OUTSIDE SERVICE AGREEMENT BETWEEN THE CITY OF MODESTO AND DEAN B. ARAKELIAN, TRUSTEE, OR THE SUCCESSOR TRUSTEE OR TRUSTEES, U/A/D MAY 27, 2014, AS AMENDED, CREATING THE DEAN ARAKELIAN REVOCABLE TRUST, FOR WATER SERVICE FOR THE PROPERTY LOCATED AT 7409 RIVER NINE DRIVE IN DEL RIO (APN: 004-093-005), AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the property located at 7409 River Nine Drive is not connected to the City's water system, and

WHEREAS, this property is located outside Modesto City limits, and outside the former service area of the Del Este Water Company, and

WHEREAS, if it is determined that it is reasonable for the City to extend water service to this property, and

WHEREAS, it has been determined that a sufficient quantity of potable water is available for normal usage by the proposed development, and

WHEREAS, the water connection fees will be paid and associated permits be obtained prior to beginning any on site construction, and

WHEREAS, that the property owner enters into an Outside Service Agreement for water with the City, as required for water service outside of City limits,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Outside Service Agreement for the property located at 7409 River Nine Drive in Del Rio (APN: 044-093-005).

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

RESOLUTION AUTHORIZING THE AWARD OF PROPOSAL AND CONTRACT FOR THE FURNISHING OF OCCUPATIONAL MEDICINE SERVICES FOR THE HUMAN RESOURCES DEPARTMENT TO OCCU-MED LTD., FRESNO, CA, FOR A TWO (2) YEAR AGREEMENT WITH THREE (3) ONE-YEAR EXTENSION OPTIONS AT THE SOLE DISCRETION OF THE CITY, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE CONTRACT FOR AN ESTIMATED ANNUAL COST OF $115,444, AND OVER FIVE (5) YEARS OF $577,220

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Proposals (RFP) for the furnishing of occupational medicine services, and

WHEREAS, the Purchasing Division issued RFP No. 1415-10 Occupational Medicine Services to seven (7) prospective proposers, two (2) of which were local companies, and posted the RFP on the City's website, and

WHEREAS, proposals were formally opened in the City Clerk's Office. Three (3) companies chose to respond, none of which were local companies, and

WHEREAS, all three (3) companies provided responsive and responsible proposals, and

WHEREAS, an evaluation committee comprised of five (5) City staff members evaluated and graded the proposals, and

WHEREAS, based on being ranked highest in total evaluation criteria the evaluation committee recommends the award of proposal and contract for the furnishing of occupational medicine services for the Human Resources Department to Occu-Med Ltd., Fresno, CA, for a two (2) year agreement with three (3) one-year extension options at the sole discretion of the City, for an estimated annual cost of $115,444, and over five (5) years of $577,220, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. The award of proposal for the furnishing of occupational medicine services for the Human Resources Department to Occu-Med Ltd., Fresno, CA, conforms to Modesto Municipal Code 8-3.203, and

WHEREAS, sufficient funds are budgeted in Fiscal Year 2014-15 from various funding accounts.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of proposal and contract for the furnishing of occupational medicine services for the Human Services Department to Occu-Med Ltd., Fresno, CA, for a two (2) year agreement with three (3) one-year extension options at the sole discretion of the City.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract for an estimated annual cost of $115,444.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of May, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-146

RESOLUTION APPROVING AN AGREEMENT BETWEEN CITY OF MODESTO AND MODESTO CITY SCHOOLS FOR THE CITY TO PROVIDE STAFFING AND CURRICULUM FOR A SUMMER ENRICHMENT PROGRAM AT BRET HARTE ELEMENTARY, FREMONT ELEMENTARY, FRANKLIN ELEMENTARY AND SONOMA ELEMENTARY SCHOOLS

WHEREAS, CITY of Modesto recognizes the importance of summer education programming, and

WHEREAS, CITY recognizes that Modesto City Schools (ORGANIZATION) is offering one-week Summer Enrichment Programs at various school sites commencing in June 2015; and

WHEREAS, CITY has experience in offering after-school programming at Modesto City School sites, and

WHEREAS, ORGANIZATION has funding to provide programing, and

WHEREAS, ORGANIZATION has expressed a desire to partner with City.

NOW THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that in light of the foregoing, it hereby desires to enter into the **attached** Agreement in order to obtain the mutual benefits recited above.

BE IT FURTHER RESOLVED that the City and Organization agrees to adhere to the following:

1. CITY will provide staffing and curriculum for the Summer Enrichment Program's Science or Visual and Performing Arts components at Fremont Elementary, Bret Harte Elementary, Franklin Elementary and Sonoma Elementary Schools for one week for up to one hundred and fifty (150) students.

2. CITY agrees to supply a list of staff names that have been subject to a background check through the Department of Justice as outlined in the Agreement.

3. CITY agrees to provide competent supervision of its employees while administering the Summer Enrichment Program.

4. ORGANIZATION agrees to reimburse City of Modesto for all program related expenses outlined in the **attached** Agreement.

BE IT FURTHER RESOLVED that the City Manager or his designee is hereby authorized to execute the Agreement substantially in the form **attached** hereto as **Exhibit A**, and as approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th Day of May, 2015 by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY SCHOOLS
426 Locust St.
Modesto, CA 95351-2699
(209) 576-4011

SERVICES AGREEMENT

THIS AGREEMENT is entered into as of the date signed below, by and between Modesto City Schools (MCS), a public school district and City of Modesto

Whereas MCS has need of specialized services not otherwise available; and

Whereas CONTRACTOR represents that it has the specialized skill and knowledge to provide such services.

The parties do hereby agree as follows:

1. **SCOPE OF SERVICES:** CONTRACTOR shall perform the following service(s):
   Four, one-week Summer Enrichment programs

2. **LOCATION OF SERVICES:** CONTRACTOR shall render service(s) described in Item 1 at the following location(s) – One week each at Bret Harte, Franklin, Fremont, Sonoma Elementary Schools, and under the supervision of Mark Herbst.

3. **TERM OF AGREEMENT:** The term of this Agreement shall begin June 8, 2015 and will terminate on June 19, 2015.

4. **COMPENSATION:** CONTRACTOR shall be compensated at the following rate:
   See Attachment A.

   In addition to the above rate, CONTRACTOR shall be allowed and authorized to incur and shall be reimbursed for the following personal expenses attendant to the performance of services:
   Miles @ mile or commercial
   Supplies
   Lodging
   Meals
   Total compensation shall not exceed $ 13,000

5. **PAYMENT SCHEDULE:** Payment for the work shall be made upon submission of invoice for services rendered and MCS' written approval of the work (which approval shall not be unreasonably withheld).

6. **GENERAL TERMS AND CONDITIONS:** This Agreement includes the general terms and conditions as set forth on the following pages, and the CONTRACTOR, by executing this Agreement, agrees to comply with all such general terms and conditions.

7. **REPRESENTATIVES AND/OR EMPLOYEES:** CONTRACTOR shall at all times enforce strict discipline and good order among his/her representatives and/or employees and shall not employ or work any unfit person or anyone not skilled in work assigned to him/her. Any person in the employment of the CONTRACTOR whom MCS may deem incompetent or unfit shall be dismissed from the job site and shall not again be employed at site without written consent from MCS. If required by law, CONTRACTOR shall, at his/her own expense, obtain its representatives' and/or employees' fingerprints in order to perform services under this Agreement. (Please refer to the "Certification of Fingerprinting.")

8. **CONTRACTOR SUPERVISION:** When necessary, CONTRACTOR shall provide competent supervision of personnel employed on the job site, use of equipment, and quality of professional services.

9. **ASSIGNMENT OF AGREEMENT AND PURCHASE ORDER:** CONTRACTOR shall not assign or transfer by operation of law or otherwise any or all of its rights, burdens, duties, or obligations under this Agreement without the prior written consent of MCS.

10. **HOLD HARMLESS AGREEMENT:** CONTRACTOR will indemnify, defend, and hold harmless Modesto City Schools and its agents, officers, and employees from and against any and all claims, damages, losses, judgments, liabilities, expenses, and other costs, including litigation costs and attorney's fees, arising out of or resulting from, or in connection with the performance of this Agreement. Such indemnification shall not extend to cover loss, damage, or expense arising from the sole negligence or willful misconduct of Modesto City Schools, its agents, officers, and employees.

11. **TERMINATION OF AGREEMENT:** This Agreement shall terminate on the last day of service as written in Item 3 except:

    a. MCS may terminate at any time if CONTRACTOR does not perform, or refuses to perform according to this Agreement.
    b. MCS may terminate services of CONTRACTOR at any time if, in the professional judgment of the management supervisor named herein, CONTRACTOR's performance is unsatisfactory as to the manner of performance or the product of said performance fails to meet the MCS' requirements.
    c. In the event of early termination, CONTRACTOR shall be paid for all work or services performed to the date of termination together with an amount of approved expenses due and owing.
    d. Either party may terminate this Agreement at any time during the term of this Agreement upon thirty (30) days written notice.

12. **PERMITS AND LICENSES:** CONTRACTOR and all of his/her employees, agents, and Sub-Contractors shall secure and maintain in force, at CONTRACTOR's sole cost and expense, such licenses and permits as are required by law, in connection with the furnishing of services, materials, or supplies herein listed.

13. **CONTRACTOR NOT OFFICER, EMPLOYEE, OR AGENT OF MCS:** While engaged in carrying out other terms and conditions of this Agreement, the CONTRACTOR is an independent Contractor, and not an officer, employee, agent, partner, or joint venture of MCS.

14. **ANTI-DISCRIMINATION:** It is the policy of the Modesto City Schools Board of Education that in connection with all work performed under agreements, there be no discrimination against any employee engaged in the work based on race, religion, ethnic background or national origin, language, gender, sexual orientation, gender identity, gender expression, economic status, physical or developmental disabilities, or other special needs, or association with a person or group with one or more of these actual or perceived characteristics, and therefore CONTRACTOR agrees to comply with the applicable Federal and California Laws including, but not limited to, Government Code Section 12940 and 12990, and Labor Code Section 1735. In addition, CONTRACTOR agrees to require such compliance by all Sub-Contractors employed on the work by him/her.

15. **INSURANCE**: CONTRACTOR shall not commence work under this Agreement until he/she has obtained the insurance required under this paragraph and satisfactory proof of such insurance has been submitted and approved by MCS. Except for worker's compensation insurance, the policy shall not be amended or modified and the coverage amounts shall not be reduced without MCS prior written consent. Modesto City Schools shall be named as an additional insured and be furnished thirty (30) days written notice prior to cancellation.

    a. **GENERAL LIABILITY INSURANCE**: CONTRACTOR shall provide MCS proof of general liability insurance in the minimum amount of $1,000,000. Proof shall be in the form of a certificate of insurance in which Modesto City Schools is named as a certificate holder and additional insured under the CONTRACTOR's general liability insurance policy. If CONTRACTOR is partially self-insured, then MCS shall accept CONTRACTOR's proof of self-insurance in partial satisfaction of the $1,000,000 requirement with the proof of insurance providing the remaining portion.

    b. **WORKER'S COMPENSATION COVERAGE**: CONTRACTOR, if required by law, shall provide worker's compensation coverage for its representatives and/or employees. It is expressly understood and agreed that MCS shall not provide worker's compensation coverage for CONTRACTOR's representatives and/or employees under this Agreement.

16. **GOVERNING LAW**: This Agreement shall be governed by and construed in accordance with the laws of the State of California.

17. **RESOLUTION OF DISPUTES**: In the event that a dispute arises under this Agreement between CONTRACTOR and MCS, the dispute shall be referred to the office of the American Arbitration Association nearest to Modesto, California for resolution. The arbitrator's decision shall be final and binding and judgment may be entered thereon. If one party fails to proceed with arbitration, unsuccessfully challenges the arbitrator's award or fails to comply with arbitrator's award, the other party is entitled to costs of suit including a reasonable attorney's fee for having to compel arbitration or defend or enforce the award.

18. **ATTORNEYS' FEES**: If any action is brought by either party against the other party hereunder, the prevailing party shall be entitled to recover from the other party reasonable attorneys' fees, costs and expenses incurred in connection with the prosecution or defense of such action.

19. **MODIFICATION**: Any waiver, amendment, modification, consent or acquiescence with respect to this Agreement or any provision of this Agreement or with respect to any failure to perform in accordance therewith shall be set forth in writing and duly executed by or on behalf of the party to be bound thereby.

    No changes or alterations to this Agreement shall be made without specific prior written approval by MCS.

20. **MCS' RIGHT OF RETENTION**: Modesto City Schools shall become the owner of and entitled to exclusive possession of all records, documents, graphs, photographic or other reproductions of any kind produced in the scope of services performed, and no other uses thereof will be permitted except by permission of MCS. Proprietary materials will be exempted from this clause.

21. **SEVERABILITY**: If any provision of this Agreement is held to be invalid or unenforceable, that provision shall be severed from the Agreement and the remaining provisions shall remain in effect.

22. **FORCE MAJEURE**: Neither party shall be liable under this Agreement as a result of any delay, failure or interruption resulting from acts of God, acts of civil or military authorities, acts or orders of governmental authorities, catastrophes or any other occurrences or circumstances beyond the parties' reasonable control.

23. **ENTIRE AGREEMENT:** This Agreement constitutes the entire Agreement between the parties with respect to the subject matter of this Agreement. There are no agreements, understandings, representations or warranties, whether written or oral, between the parties other than those set forth in this Agreement.

24. **NOTICES:** All notices concerning this Agreement must be in writing and mailed via U.S. mail to:

In order to comply with these regulations, Modesto City Schools requires your federal tax identification number or Social Security Number, whichever is applicable.

MODESTO CITY SCHOOLS

CERTIFICATION OF FINGERPRINTING

TO THE GOVERNING BOARD AND THE DISTRICT ADMINISTRATOR IN CHARGE OF THE FOLLOWING SERVICES:

I. **Identification of Parties**

I, Jim Holgersson, am an individual CONTRACTOR and/or vendor or public agency. I am an authorized representative of City of Modesto.
My entity seeks to contract with Modesto City Schools (MCS), which may cause my entity and its employees, agents, independent contractors or sub-contractors to come in contact with pupils, and I am aware of the requirements of Education Code Section 45125 et. seq.

II. **Certifications**

I make the following certifications, under penalty of perjury:

a. I shall not begin to provides services to MCS nor shall I permit any of my employees, agents, independent contractors or sub-contractors to come in contact with pupils until the Department of Justice has ascertained that the person has not been convicted of a serious or violent felony as defined in Penal Code Section 1192.7 (c) and 667.5 (c). (Education Code § 45125.1(e))

b. I certify that I have reviewed the results of the fingerprinting information ascertained by the Department of Justice, and I certify that none of my employees, agents, independent contractors or sub-contractors, including myself, who may come in contact with pupils, have been convicted of a felony as noted in paragraph a. above. (Education Code § 45125.1(f))

c. I have attached a list of the names of my employees, agents, independent contractors or sub-contractors who may come in contact with pupils to this certification form. (Education Code § 45125.1(f))

I declare under penalty of perjury under the laws of the State of California that the information provided above is true and correct. Executed this _____ day of ,_____
at _____, California.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-147

RESOLUTION APPROVING THE PLANS AND SPECIFICATIONS FOR THE PROJECT TITLED, "ROUNDABOUT IMPROVEMENTS AT THE INTERSECTION OF KODIAK DRIVE AT LINCOLN OAK DRIVE", ACCEPTING THE BID, AND APPROVING A CONTRACT WITH MCFADDEN CONSTRUCTION, INC. OF STOCKTON, CA, IN THE AMOUNT OF $275,239.00; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE CONTRACT

WHEREAS, plans and specifications have been prepared for the Roundabout Improvements at the Intersection of Kodiak Drive at Lincoln Oak Drive project, and City staff recommends approval by the City Council, and

WHEREAS, the bids received for the Roundabout Improvements at the Intersection of Kodiak Drive at Lincoln Oak Drive project were opened at 11 a.m. on February 24, 2015, and later tabulated by the Public Works Director for the consideration of the Council, and

WHEREAS, the Public Works Director has recommended that the bid of $275, 239.00 received from McFadden Construction, Inc. of Stockton, CA be accepted as the lowest responsible bid and the contract be awarded to McFadden Construction, Inc. of Stockton, CA.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the plans and specifications for the Roundabout Improvements at the Intersection of Kodiak Drive at Lincoln Oak Drive project, accepts the bid from McFadden Construction, Inc. of Stockton, CA in the amount of $275,239.00, and awards McFadden Construction, Inc. of Stockton, CA the contract for the Roundabout Improvements at the Intersection of Kodiak Drive at Lincoln Oak Drive project.

BE IT FURTHER RESOLVED, that the City Manager, or his designee, is hereby authorized to execute the contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of May, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-148

RESOLUTION APPROVING A NEW CAPITAL IMPROVEMENT PROGRAM PROJECT AND ACCEPTING REGIONAL SURFACE TRANSPORATION PROGRAM (RSTP) GRANT FUNDS IN THE AMOUNT OF $1,263,395, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE NECESSARY GRANT DOCUMENTS

WHEREAS, on March 20, 2015, StanCOG notified local agencies in Stanislaus County that additional Regional Surface Transportation Program (RSTP) grant funds were available for FFY 2014/15 and FFY 2015/16. The additional funding available to the City of Modesto is $1,263,395, and

WHEREAS, City staff worked diligently with StanCOG staff to effectively move forward with the programming of these additional RSTP appropriations, and

WHEREAS, staff programmed a new Capital Improvement Project, titled "Pavement Rehabilitation of Tully Road and Orangeburg Avenue" and added additional RSTP funds to existing projects as noted on **Exhibit** A to use the appropriations in FFY 2014/15 and FFY 2015/16.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a new Capital Improvement Program project and accepting Regional Surface Transportation Program (RSTP) funds in the amount of $1,263,395.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the necessary grant documents.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of May, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-152

RESOLUTION APPROVING ONE NEW CAPITAL IMPROVEMENT PROJECT AND AMENDING THE CAPITAL IMPROVEMENT PROGRAM (CIP) BUDGET FOR FISCAL YEAR 2014/15 TO REALLOCATE $770,000 IN SURFACE TRANSPORTATION FUNDS

WHEREAS, on March 20, 2015, StanCOG notified local agencies in Stanislaus County that additional Regional Surface Transportation Program (RSTP) grant funds were available for FFY 2014/15 and FFY 2015/16, and

WHEREAS, the current Capital Improvement Program (CIP) project titled, "Collector and Arterial Streets Rehabilitation", is funded through the Surface Transportation Fund (STF), and

WHEREAS, City staff realized the opportunity to utilize $770,000 of the additional RSTP funds for a portion of this project, and

WHEREAS, allowing the reallocation of $770,000 in Surface Transportation Funds (STF) to one new Capital Improvement Project, titled "Safety Improvement Project" and,

WHEREAS, the "Safety Improvement Project" would install crosswalk beacons and school zone beacons, as shown on **Attachment** #1, and

WHEREAS, completion of these projects will assist in improving safety for all users of the transportation system.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Modesto that it hereby approves a new Capital Improvement project and the reallocation of Surface Transportation Funds (STF) in the amount of $770,000.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of May, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Madrigal, Zoslocki, Mayor Marsh

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-156

RESOLUTION AUTHORIZING THE DIRECTOR OF UTILITIES, OR HIS DESIGNEE, TO NEGOTIATEAN AGREEMENT WITH BARTLE WELLS ASSOCIATES (BWA) TO PERFORM A WATER RATE AND FEE STUDY

WHEREAS, the State Water Resources Control Board adopted Emergency Drought Regulations that will require that the City of Modesto reduce potable water consumption by 36 percent; and

WHEREAS, the City's water rates and fees were last adopted in 2004 and 2005, and may not reflect the current cost of providing operational services and meeting capital improvement and maintenance needs; and

WHEREAS, the decrease in water sales revenue as a result of the Emergency Drought Regulations may negatively impact the Water Fund debt service requirements; and

WHEREAS, the City currently does not have the staffing levels or expertise to develop and evaluate the City's complex Water Rate Fee structure; and

WHEREAS, therefore, staff is recommending the use of Bartle Wells Associates (BWA), a financial advisory and utility rate consulting firm, to complete a Water Rate and Fee study; and

WHEREAS, BWA was previously identified by a City selection committee as the most responsive and qualified consultant to conduct utility rate and fee studies following receipt of three (3) Statements of Qualifications/Proposals and interviews; and

WHEREAS, because there is a need to update the existing water rates, and because BWA was selected as the most qualified utility rate and fee firm, staff now recommends initiating negotiations with BWA to develop a new Water Rate and Fee

Study. If staff is successful in negotiations, the resultant agreement will be presented to City Council for review and approval.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves negotiations for an Agreement with Bartle Wells Associates to conduct a Water Rate and Fee Study.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of May, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-157

A RESOLUTION DIRECTING THE CITY CLERK TO SUBMIT TO THE VOTERS AT THE NEXT REGULAR MUNICIPAL ELECTION AN ADVISORY MEASURE RELATING TO THE EXTENSION OF SEWER IMPROVEMENTS TO SPECIFIED RESIDENTIALLY DEVELOPED UNINCORPORATED AREAS FOR WHICH AN ADVISORY VOTE ON THE QUESTION OF SEWER SERVICE EXTENSIONS IS REQUIRED BY MEASURE M

WHEREAS, on March 6, 1979, the voters enacted the Modesto Citizens' Advisory Growth Management Act (Measure A) which provides that the City Council of the City of Modesto shall not approve, authorize, or appropriate funds for the extension of any sewer trench without first holding an advisory election. Measure A defined "extension" as "the addition of sewer trunk capacity to permit expansion of urban development into the Urban Reserve area of the General Plan so as to require amendment of the General Plan." Thus, Measure A applies to properties that were designated Urban Reserve in the City's General Plan in effect at the time, and

WHEREAS, on November 4, 1997, the voters enacted the Modesto Citizens' Advisory Growth Management Act of 1995 (Measure M), which provides that the City Council of the City of Modesto shall not approve, authorize, or appropriate funds for sewer improvements without first holding an advisory election. Measure M also applies to areas that were designated Urban Reserve in the City's General Plan in effect at the time, and

WHEREAS, the 1995 update to the City's General Plan eliminated the Urban Reserve designation, and

WHEREAS, since the voters approved Measure A and Measure M, the City has conducted multiple advisory elections regarding the properties affected by the measures.

An advisory vote has not yet occurred for a number of other properties to which Measure A and Measure M apply. The remaining properties are dispersed and not all contiguous. Among the properties for which an advisory vote has not occurred are a number of residentially developed unincorporated areas within the jurisdiction of Stanislaus County. Some of those are "islands" surrounded by the City, others abut the City's jurisdictional boundaries, and all are within the City's sphere of influence. There may be vacant parcels within some of the residentially developed unincorporated areas, and

WHEREAS, in order to satisfy the requirements of Measure M the City Council of the City of Modesto desires to submit to the qualified electors of the City of Modesto, at the regular municipal election to be held on November 3, 2015, an advisory measure relating to the extension of sewer improvements to specified areas to which Measure M applies and for which an advisory vote has not yet been held. Those areas are primarily residentially developed unincorporated areas in which a small number of vacant parcels may be located,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. BALLOT MEASURE.

That pursuant to California Elections Code Section 9603 and as required by Measure M, the Council of the City of Modesto proposes to, and hereby does, on its own motion, submit to the qualified electors of the City of Modesto at a regular election to be held on November 3, 2015, an advisory measure relating to the extension of sewer improvements to specified residentially developed unincorporated areas to which Measure M applies and for which an advisory measure has not yet been held. As

specified below, the areas that are the subject of the advisory measure will be described in and shown on a map to be included in the sample ballot/voter information pamphlet for the November 3, 2015, election.

SECTION 2. INFORMATION TO BE INCLUDED IN SAMPLE BALLOT / VOTER INFORMATION PAMPHLET.

In the sample ballot/voter information pamphlet for the November 3, 2015, election shall be printed a description of the residentially developed unincorporated areas that are the subject of the advisory measure, including a map depicting the areas. The Planning Division of the Community and Economic Development Department is authorized and directed to prepare the summary and map, and the City Clerk is authorized and directed to forward the summary and map to the Stanislaus County Registrar of Voters. The summary shall be in addition to the City Attorney's impartial analysis, any primary or rebuttal arguments filed, and any other material required by law to be included in the sample ballot/voter information pamphlet.

SECTION 3. FORM OF BALLOT.

On the ballots to be used at said election, in addition to any other matter required by law to be printed thereon, shall be printed the following question relating to the proposal to extend sanitary sewer service:

MEASURE ___City of Modesto Sewer Service Extension Advisory Measure.

Do you want the City Council of the City of Modesto to extend sewer improvements to ten (10) specified residentially developed unincorporated areas, which may include undeveloped parcels, to which Measure M applies and for which an advisory vote has not yet been	Yes No	☐ ☐

conducted? The areas that are the subject of this advisory measure are described in and depicted on a map included in the sample ballot / voter information pamphlet.		

SECTION 4. CONDUCT OF ELECTION.

The advisory election hereby called shall be held and conducted, and the votes thereat canvassed and the returns thereof made, and the results thereof ascertained and determined as herein provided, and in all particulars not prescribed in this resolution, the advisory election shall be held as provided for in the City Charter, and in all particulars not provided for therein, the advisory election shall be held as provided by law for the holding of advisory elections and regular municipal elections in the city of Modesto and otherwise in accordance with the Elections Code of the State of California.

SECTION 5. CITY CLERK CERTIFICATION.

That the City Clerk is hereby directed to file a certified copy of this resolution with the Board of Supervisors and the Elections Department of the County of Stanislaus, and the City Clerk shall certify to the passage and adoption of this resolution and enter it into the book of original resolutions.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of May, 2015, by Councilmember Cogdill, who moved its adoption, which motion being duly seconded by Councilmember Lopez, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2015-158

A RESOLUTION AUTHORIZING THE MEMBERS OF THE CITY COUNCIL, OR ANY OF THEM, TO FILE WRITTEN ARGUMENTS IN FAVOR OF OR IN OPPOSITION TO THE ADVISORY MEASURE CONSIDERING THE EXTENSION OF SEWER IMPROVEMENTS TO SPECIFIED RESIDENTIALLY DEVELOPED UNINCORPORATED AREAS FOR WHICH AN ADVISORY VOTE ON THE QUESTION OF SEWER SERVICE EXTENSIONS IS REQUIRED BY MEASURE M

WHEREAS, the City Council has directed the City Clerk to submit to the voters at the next regular municipal election to be held on November 3, 2015, an advisory measure concerning the extension of sewer improvements to specified residentially developed unincorporated areas for which an advisory vote on the question of sewer service extensions is required by Measure M,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that pursuant to California Elections Code Section 9282 the members of the City Council, or any of them, are hereby authorized to file written arguments in favor of or in opposition to said measure and to change such arguments until and including the date and time after which no argument may be filed with the City Clerk.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of May, 2015, by Councilmember Cogdill, who moved its adoption, which motion being duly seconded by Councilmember Lopez, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-160

RESOLUTION FINDING THAT THE FOLLOWING SUBSEQUENT PROJECT IS WITHIN THE SCOPE OF THE PROJECT COVERED BY THE MODESTO URBAN AREA GENERAL PLAN MASTER ENVIRONMENTAL IMPACT REPORT (SCH NO. 2007072023): 2015 URBAN GROWTH POLICY REVIEW, AS REQUIRED BY THE ADOPTED MODESTO URBAN AREA GENERAL PLAN "COMMUNITY GROWTH STRATEGY"

WHEREAS, on October 14, 2008, the City Council of the City of Modesto certified the Final Master Environmental Impact Report ("Master EIR") (SCH No. 2007072023) for the Modesto Urban Area General Plan, and

WHEREAS, the Modesto Urban Area General Plan, Community Growth Strategy, calls for review of growth trends in the Modesto Urban Area on a periodic basis, and

WHEREAS, the prior Urban Growth Policy Review was approved by the City Council on July 7, 2009, and

WHEREAS, the 2015 Urban Growth Policy Review contains a recommendation based on prior City Council action that a Measure M ballot measure be prepared for all of the unincorporated County islands that have not yet been the subject of such a ballot measure, and

WHEREAS, pursuant to Section 21157.1 of the Public Resources Code, the City of Modesto's Community & Economic Development Department prepared an Environmental Assessment Initial Study EA/C&ED 2015-07 ("Initial Study") which analyzed whether the subsequent project may cause any significant effect on the environment that was not examined in the Master EIR and whether the subsequent project was described in the Master EIR as being within the scope of the report, and

WHEREAS, in accordance with CEQA guidelines beginning on May 2, 2015, the City caused to be published a 10-day notice of the City's intent to make a finding that the subsequent project conforms with the Master EIR, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on May 12, 2015, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study prepared for the proposed 2015 Urban Growth Policy Review, a copy of which is **attached** hereto as **Exhibit** "A", and incorporated herein by reference, and based on substantial evidence in the Initial Study makes the following findings:

1. An Initial Study was prepared by the City of Modesto that analyzed whether the subsequent project may cause any significant effect on the environment that was not examined in the Master EIR and whether the subsequent project was described in the Master EIR as being within the scope of the report.

2. The subsequent project will have no additional significant effect on the environment, as defined in subdivision (d) of Section 21158 of the Public Resources Code, that was not identified in the Master EIR.

3. No new or additional mitigation measures or alternatives are required.

4. The subsequent project is within the scope of the project covered by the Master EIR.

5. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project.

6. No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified, and no new information, which was not known and could not have been known at the time that the Master EIR was certified as complete, has become available.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community & Economic Development Director is hereby authorized and directed to file a notice of approval or determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of May, 2015, by Councilmember Cogdill, who moved its adoption, which motion being duly seconded by Councilmember Lopez, was upon roll call carried and the resolution adopted by the following vote:

EA/C&ED 2015-07

City of Modesto

Finding of Conformance to General Plan Master EIR:

Initial Study Environmental Checklist C&ED No. 2015-07

For the proposed:

2015 Urban Growth Policy Review UGR-15-001

Prepared by:
City of Modesto
Community & Economic Development Department
Planning Division

May 1, 2015

Updated: September 2013

City of Modesto
Master EIR Initial Study Environmental Checklist

I. PURPOSE

CEQA allows for the limited environmental review of subsequent projects under the City's Master Environmental Impact Report ("Master EIR" or "MEIR"). This Initial Study Environmental Checklist ("Initial Study") is used in determining whether the 2015 Urban Growth Policy Review Measure "M" Ballot Measure, UGR-15-001, is "within the scope" of the project analyzed in the Modesto Urban Area General Plan Master EIR (SCH# 2007072023) (Public Resources Code section 21157.1). When the Initial Study supports this conclusion, the City will issue a finding of conformance.

A subsequent project is "within the scope" of the Master EIR when:

1. it will have no additional significant effects on the environment that were not addressed as significant effects in the Master EIR; and

2. no new or additional mitigation measures or alternatives are required.

"Additional significant effects" means a project-specific effect that was not addressed as a significant effect in the Master EIR. [Public Resources Code Section 21158(d)]

The determination must be based on substantial evidence in the record. "Substantial evidence" means facts, reasonable assumptions predicated upon facts, or expert opinion based on facts. It does not include speculation or unsubstantiated opinion. (CEQA Guidelines Section 15384)

II. PROJECT DESCRIPTION

A. Title: 2015 Urban Growth Policy Review Measure "M" Ballot Measure

B. Address or Location: City of Modesto

C. Applicant: City of Modesto, 1010 Tenth Street, Modesto CA 95354

D. City Contact Person: Brad Wall, AICP, Principal Planner
Department: Community and Economic Development
Phone Number: 209.577.5273
E-mail address: bwall@modestogov.com

E. Current General Plan Designation(s): Residential

F. Project Description, including the project type listed in Section II.C (Anticipated Future Projects) of the Master EIR (Attach additional maps/support materials as needed for complete record):

The 2015 Urban Area Growth Policy Review Measure "M" advisory vote ballot measure described herein, below, could be placed on the November 2015 municipal election ballot measure for extension of sewer improvements. The project implements General Plan Community Growth Strategy policies for support and enhancement of neighborhoods and timely provision of infrastructure. The ballot measure, described below, is based on City Council direction to prepare a comprehensive Measure "M" ballot measure for the remaining

unincorporated County "island" areas. The proposed ballot measure would include the following planning areas located in the Baseline Developed Area of the City's General Plan: All residentially developed unincorporated areas, as shown on the attached Exhibit A.

G. Other Public Agencies Whose Approval is Required: None

III. FINDINGS/DETERMINATION (SELECT ONE ON THE BASIS OF THE ANALYSIS IN SECTION IV)

1. X Within the Scope - The project is within the scope of the Master EIR and no new environmental document or Public Resources Code Section 21081 findings are required. All of the following statements are found to be true:

A. The subsequent project will have no additional significant effect on the environment, as defined in subdivision (d) of Section 21158 of the Public Resources Code, that was not identified in the Master EIR.

B. No new or additional mitigation measures or alternatives are required.

C. The subsequent project is within the scope of the project covered by the Master EIR.

D. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project.

E. No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified, and no new information, which was not known and could not have been known at the time that the Master EIR was certified as complete, has become available.

2. ___ Mitigated Negative Declaration Required - On the basis of the above determinations, the project is not within the scope of the Master EIR. A mitigated negative declaration will be prepared for the project. The following statements are all found to be true:

A. The subsequent project is within the scope of the project covered by the Master EIR.

B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project.

C. The project will have one or more potential new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures are being required of the project that will reduce the effects to a less-than-significant level.

D. No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified, and no new information, which was not known and could not have been known at the time that the Master EIR was certified as complete, has become available.

3.____ **Focused EIR Required-** On the basis of the above determinations, the project is not within the scope of the Master EIR. A Focused EIR will be prepared for the project. All of the following statements are found to be true:

A. The subsequent project is within the scope of the project covered by the Master EIR.

B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project.

C. The project will have one or more new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures or alternatives are required as a result.

D. No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified, and no new information, which was not known and could not have been known at the time that the Master EIR was certified as complete, has become available.

_____	Principal Planner	May 1, 2015
Project Manager	Title	Date

4. Within the Scope Analysis of this Document:

The Master EIR allows projects to be found within the scope of the MEIR if certain criteria are met. If the following statements are found to be true for all 21 impact categories included in this Initial Study, then the proposed project is addressed by the MEIR analysis and is within the scope of the MEIR. Any "No" response must be discussed.

		YES	NO
(1)	The lead agency for subsequent projects shall be the City of Modesto or a responsible agency identified in the Master EIR.	☒	☐
(2)	City policies which reduce, avoid, or mitigate environmental effects will continue to be in effect and, therefore, would be applied to subsequent projects where appropriate. The policies are described in the list of policies in place and mitigation measures attached to the Initial Study template. Project impacts would be mitigated to a less-than-significant level using MEIR mitigations only.	☒	☐
(3)	Federal, State, regional, and Stanislaus County regulations do not change in a manner that is less restrictive on development than current law (i.e., would not offer the same level of protection assumed under the Master EIR).	☒	☐
(4)	No specific information concerning the known or potential presence of significant resources is identified in future reports, or through formal or informal input received from responsible or trustee agencies or other qualified sources.	☒	☐
(5)	The development will occur within the boundaries of the City's planning area as established in this Urban Area General Plan.	☒	☐
(6)	Development within the project will comply with all appropriate mitigation measures contained and enumerated in the 2008 General Plan Master EIR.	☒	☐

5. Currency of the Master EIR Document

The MEIR should be reviewed on a regular basis to determine its currency, and whether additional analysis/mitigation should be incorporated into the MEIR via a Supplemental or Subsequent EIR (CEQA Section 21157.6). Staff has reviewed Sections 1 through 21 of this document in light of the criteria listed below to determine whether the MEIR is current. The analysis contained within the Master EIR is current as long as the following circumstances have not changed. Any "no" response must be explained.

		YES	**NO**
(1)	Certification of the General Plan Master EIR occurred less than five years prior to the filing of the application for this subsequent project.	☐	☒
(2)	This project is described in the Master EIR and its approval will not affect the adequacy of the Master EIR for any subsequent project because the City can make the following findings:	☒	☐
(a)	No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified.	☒	☐
(b)	No new information, which was not known and could not have been known at the time the Master EIR was certified as complete, has become available.	☒	☐
(c)	Policies remain in effect which require site-specific mitigation, and avoidance or other mitigation of impacts as a prerequisite to future development.	☒	☐

Discussion:

(1) The General Plan Master EIR was certified on October 14, 2008, so more than five years has passed since the MEIR was certified. However, the analysis contained in the MEIR is still adequate for subsequent projects, as documented in the discussion below.

(2) The project is consistent with the analysis contained in the MEIR. This is documented in the discussion of the individual issue areas of this initial study.

(2)(a) There have been no substantive changes to the General Plan since the MEIR was certified that would create additional significant environmental effects that were not analyzed by the MEIR.

(2)(b) There has been no new information that would affect the adequacy of the analysis contained in the MEIR.

(2)(c) All policies contained in the MEIR that require site-specific mitigation or avoidance of impacts remain in effect and will be applied to the project as appropriate.

IV. ENVIRONMENTAL ANALYSIS

This Initial Study, in accordance with Section 21157.1(b) of the Public Resources Code, discloses whether the proposed project may cause any project-specific significant effect on the environment that was not examined in the Final Master EIR (MEIR) for the General Plan and whether new or additional mitigation measures or alternatives may be required as a result. The Initial Study thereby documents whether or not the project is "within the scope" of the Master EIR.

Pursuant to Public Resources Code Section 21157.1, no new environmental document or findings are necessary for projects that are determined to be within the scope of the MEIR. Adoption of the findings specified in Section III.1, above after completion of the Initial Study fulfills the City's obligation in that situation.

All environmental effects cited reflect 2025 conditions resulting from the Urban Area General Plan, as identified in the Master EIR.

The environmental impact analysis in the Master EIR for the Urban Area General Plan is organized in twenty-one subject areas. The following analysis is based on the impact analyses contained in Chapter V of the Master EIR. For ease of reference, the sections are numbered in the same order as the analyses in Chapter V.

1. TRAFFIC AND CIRCULATION

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable traffic and circulation impacts expected after application of mitigations/policies:

Direct Impacts

Effect: Increased automobile traffic will result in roadway segments (see MEIR on Table 1-7, pages V-1-32 to V-1-34) operating at LOS D, Modesto's significance threshold for automobile traffic, or lower (LOS E or F).

Effect: The substantial increase in traffic relative to the existing load and capacity of the street system will cause, either individually or cumulatively, the violation of automobile service standards established by StanCOG's Congestion Management Plan for designated roads and highways.

Effect: A substantial increase in automobile vehicle miles traveled and automobile vehicle hours of travel and a decrease in average automobile vehicle speed (see MEIR Table 1-6, page V-1-31).

Cumulative Impacts

Effect: Potential for growth inducement or acceleration of development resulting from highway and local road projects.

Effect: Substantial increase in traffic in relation to the existing traffic load and capacity of the street system, including a violation, either individually or cumulatively, of an automobile LOS standard established by the Congestion Management Plan for designated roads and highways.

Effect: Increased demand for capacity-enhancing alterations to existing roads or automobile traffic reduction.

Other impact categories affected by Traffic and Circulation are addressed throughout this Initial Study (see also Section 2, Degradation of Air Quality; Section 3, Generation of Noise; Section 7 Loss of Sensitive Wildlife and Plant Habitat; Section 8, Disturbance of Archaeological/Historic Sites; Section 14 Increased Demand for Fire Services; Section 18, Energy; Section 19, Visual Resources; Section 20, Land Use and Planning, and Section 21, Climate Change).

b. Master EIR and/or New Mitigation Measures Applied to the Project

Traffic and Circulation mitigation measures pertinent to this project are found on MEIR pages V-1-9 through V-1-28. All mitigation measures appropriate to the project, including any new measures, will be incorporated into or made conditions of approval of this project and are listed in Section V, Mitigation Measures Applied to Project.

Discussion:
There are no relevant traffic-related mitigation measures to be applied from the MEIR. Furthermore, no new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-1.B of the Master EIR provides analysis of Traffic and Circulation impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: A subsequent development project will have a new significant effect on the environment if it would exceed the following criteria:

	Potentially Significant Impact	Less Than Significant with Mitigation	Less Than Significant Impact	No Impact
1. TRAFFIC AND CIRCULATION				
1) The proposed project exceeds traffic generation assumptions in the Master EIR for the site by 100 trips or more and City Engineering and Transportation staff has determined that the project would have additional potentially significant project-specific effects that are not avoided or reduced by the Master EIR's mitigation measures.	☐	☐	☐	☒
2) Exceed, either individually or cumulatively, a level of service standard established by the county congestion management agency for designated roads or highways?	☐	☐	☐	☒
3) The proposed project would cause additional roadway segments in the General Plan area to exceed LOS D and/or cause additional violations of standards in the Congestion Management Plan, and/or cause an increase in automobile vehicle miles or vehicle hours of travel or a decrease in automobile travel speed, as compared to the impacts disclosed in the Master EIR.	☐	☐	☐	☒
4) The proposed project would cause emergency response times to exceed acceptable standards established by the Fire Department, as compared to impacts disclosed in the Master EIR (see Section 14, Increased Demand for Fire Services).	☐	☐	☐	☒
5) The proposed project would result in less parking than required by the Municipal Code.	☐	☐	☐	☒
6) The proposed project would conflict with adopted policies, plans, or programs that support alternative transportation, including, but not limited to the Regional Transportation Plan, the Sustainable Communities Strategy, the Bicycle Action Plan, etc.	☐	☐	☐	☒
7) The proposed project would result in an increase in automobile vehicle miles traveled on a per capita basis, in excess of that considered in the Urban Area General Plan MEIR.	☐	☐	☐	☒

Discussion:
The proposal to place the residentially developed unincorporated areas on the ballot for an advisory Measure M vote would not cause any additional significant increase in traffic and circulation impacts beyond those previously identified in the MEIR. The ballot measure does not propose any changes to the circulation system of the General Plan analyzed by the MEIR and thus would not adversely affect the roadway or intersection capacity of the City's circulation system beyond what was identified in the MEIR. All potential adverse impacts related to traffic and circulation were analyzed by, and mitigation is provided in, the MEIR. The Existing Conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for Traffic and Circulation Needs (pages V-1-1 through V-1-36) are, therefore, still valid.

2. DEGRADATION OF AIR QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable air quality impacts expected after application of mitigations/policies:

Direct Impacts

Effect: Expected automobile traffic will result in increased operational emissions of reactive organic gases (ROG) and oxides of nitrogen (NO_X) (see MEIR Table 2-8, page V-2-27).

Effect: Expected automobile traffic will result in increased emissions of particulate matter 10 microns or less (PM_{10}) and 2.5 microns or less in diameter ($PM_{2.5}$) (see MEIR Table 2-8, page V-2-27).

Effect: Expected automobile traffic will result in increased carbon monoxide (CO) levels in the project area (see MEIR Table 2-7, page V-2-26, and Table 2-8, page V-2-27).

Cumulative Impacts

The Master EIR indicates the same impacts identified as direct impacts above will contribute to regional impacts on air quality for the criteria pollutants ROG, NO_X, PM_{10}, and $PM_{2.5}$.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Air quality mitigation measure(s) pertinent to the proposed project are found on pages V-2-13 through V-2-24 of the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, Mitigation Measures Applied to Project.

Discussion:
There are no relevant air quality-related mitigation measures to be applied from the MEIR. Furthermore, no new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-2.B of the Master EIR is the analysis of air quality impacts resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation	Less Than Significant Impact	No Impact
2. DEGRADATION OF AIR QUALITY				
1) The proposed project exceeds the project-level emissions thresholds established for CO, ROG, NO_x, PM_{10}, and $PM_{2.5}$ by the San Joaquin Valley Air Pollution Control District (SJVUAPCD) and is not consistent with the development assumptions for the project site, as established in the Urban Area General Plan and Master EIR.	☐	☐	☐	☒
2) The proposed project does not incorporate the best management practices established by the SJVAPCD for CO, ROG, NO_x, PM_{10}, and $PM_{2.5}$.	☐	☐	☐	☒
3) The proposed project does not comply with the air quality policies in the Modesto Urban Area General Plan.	☐	☐	☐	☒
4) The proposed project would expose sensitive receptors to pollutant concentrations in excess of those expected to occur as a result of implementation of the Urban Area General Plan.	☐	☐	☐	☒
5) The proposed project would create objectionable odors affecting a substantial number of people.	☐	☐	☐	☒

Discussion:
The proposal to place the residentially developed unincorporated areas on the ballot for an advisory Measure M vote would not cause any additional degradation of air quality beyond that previously identified in the MEIR. All potential adverse impacts related to air quality were analyzed by, and mitigation provided in, the MEIR. The Existing Conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for Degradation of Air Quality (pages V-2-1 through V-2-26) are, therefore, still valid.

3. GENERATION OF NOISE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable noise impacts expected after application of mitigations/policies:

Direct Impacts

Effect: Future automobile traffic noise levels and roadway construction and maintenance activities resulting from development of the Urban Area General Plan will exceed the City's noise thresholds at various locations, but particularly in areas adjacent to heavily traveled roadways (see MEIR Table 3-3, page V-3-10, and Figure VII-2 and Table 3-6, pages V-3-18 and V-3-19).

Effect: Expected noise from airport operations and airport construction projects may expose up to 468 dwellings and three churches to noise levels of 65 dB CNEL and up to eight dwellings to noise levels of 70 dB CNEL.

Effect: Expose noise-sensitive land uses to noise from the construction of bicycle and transit projects.

Effect: Expose noise-sensitive land uses to noise from freight and passenger rail operations.

Cumulative Impacts

Effect: Traffic from development in the City of Modesto would, when combined with traffic from new development in the County and other cities, contribute to a cumulative increase in roadside noise levels on major roads and highways throughout Stanislaus County.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Noise policies and mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-3-11 through V-3-15 of the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project and any new measures are listed in Section V, Mitigation Applied to Project.

Discussion:
There are no relevant noise-related mitigation measures to be applied from the MEIR. Furthermore, no new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-3.B of the MEIR discloses noise impacts resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not analyzed in the Master EIR.

Significance Criteria: Determination of the proposed project's effects are based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation	Less Than Significant Impact	No Impact
3. GENERATION OF NOISE				
1) The proposed project will exceed the standards for noise level and hours of operation established by the Modesto noise ordinance.	☐	☐	☐	☒
2) The proposed project will not comply with the noise policies of, or otherwise be inconsistent with, the Modesto Urban Area General Plan.	☐	☐	☐	☒
3) The proposed project will result in an increase in ambient noise levels in the project vicinity above those disclosed in the Master EIR.	☐	☐	☐	☒

	Potentially Significant Impact	Less Than Significant with Mitigation	Less Than Significant Impact	No Impact
4) The proposed project will result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels disclosed in the Master EIR implementation of the Urban Area General Plan.	☐	☐	☐	☒

Discussion:
The proposal to place the residentially developed unincorporated areas on the ballot for a Measure M advisory vote would not cause additional generation of noise beyond that previously identified in the MEIR. All potential adverse impacts related to noise were analyzed by, and mitigation provided in, the MEIR. Therefore, the project will not create additional significant effects and Mitigation Measures listed in the MEIR for Generation of Noise (pages V-3-1 through V-3-22) are still valid.

4. EFFECTS ON AGRICULTURAL LANDS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on agricultural lands expected after application of mitigations/policies:

Direct Impacts

Effect: Between 1995 and 2025, development of the Urban Area General Plan may convert up to approximately 26,000 acres of farmland in various categories in the Planned Urbanizing Area to urban uses.

Effect: Approximately 1,200 acres of urban development along a 28.5-mile boundary 350 feet wide between urban and agricultural uses could be affected by continued agricultural operations, including noise, dust, and chemical overspray or drift.

Cumulative Impacts

Effect: Growth within Modesto's planning area would contribute considerably to the loss of agricultural land within Stanislaus County, accounting for the conversion of as much as approximately 26,000 acres of farmland in various categories in the Planned Urbanizing Area from 1995 to 2025.

b. Master EIR and/or New Mitigation Measures Pertinent to the Project

Agricultural land mitigation measures pertinent to the proposed project are found on pages V-4-6 to and V-4-8 of the Master EIR. All mitigation measures appropriate to the project and any new mitigation to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project.

Discussion:
There are no relevant agriculture-related mitigation measures to be applied from the MEIR. Furthermore, no new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-4.B of the Master EIR discloses the impacts resulting from the implementation of the Urban Area General Plan on agricultural lands. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation	Less Than Significant Impact	No Impact
4. EFFECTS ON AGRICULTURAL LANDS				
1) The proposed project is inconsistent with the Urban Area General Plan's policies relating to agricultural land.	☐	☐	☐	☒
2) The proposed project will either directly or indirectly result in the development of land outside the 2008 Urban Area General Plan's planning area boundary.	☐	☐	☐	☒
3) The proposed project will conflict with existing zoning for agricultural use, or there is an existing Williamson Act contract on the project site.	☐	☐	☐	☒
4) The proposed project will involve other changes in the existing environment not anticipated in the Master EIR which, due to their location or nature, could result in conversion of farmland to non-agricultural use.	☐	☐	☐	☒

Discussion:

The proposal to place the residentially developed unincorporated areas on the ballot for a Measure M advisory vote would not cause additional loss of productive agricultural land beyond that previously identified in the MEIR. All potential adverse impacts related to the loss of productive agricultural land were analyzed by, and mitigation provided in, the MEIR. Therefore, the Existing Conditions, Impacts Analysis, and Mitigation Measures listed in the MEIR for Loss of Productive Agricultural Land (pages V-4-1 through V-4-13) are still valid.

5. INCREASED DEMAND FOR LONG-TERM WATER SUPPLIES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on long-term water supplies expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts have been disclosed in the Master EIR.

Cumulative Impacts

Effect: Operational yields of the Modesto and Turlock subbasins, both of which underlie the City of Modesto, are unknown, although the City is participating in a study with the United States Geological Survey in order to quantify the operational yields of both subbasins. Groundwater withdrawals from both basins by the City, when combined with other users' withdrawals, may result in overdrafting both subbasins.

Effect: Despite available options, during drought years, significant water shortages are forecast for the San Joaquin River basin, which includes both the Modesto and Turlock subbasins, by 2020. Modesto would make a cumulatively considerable contribution to the cumulative impact on water supply under drought conditions.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Water supply mitigation measures pertinent to the proposed project are found on pages V-5-6 through V-5-12 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:
There are no relevant water supply-related mitigation measures to be applied from the MEIR. Furthermore, no new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-5.B of the Master EIR discloses impacts on long-term water supplies resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation	Less Than Significant Impact	No Impact
5. INCREASED DEMAND FOR LONG-TERM WATER SUPPLIES				
1) The proposed project is inconsistent with water supply policies in the Urban Area General Plan.	☐	☐	☐	☒
2) Water demand for the proposed project will exceed estimates for similar projects or for development on the project site anticipated in the Urban Area General Plan or sufficient water supplies are not otherwise available to serve the project from existing entitlements and resources.	☐	☐	☐	☒
3) The proposed project would deplete groundwater supplies to a greater degree than anticipated in the Urban Area General Plan or would interfere with groundwater recharge.	☐	☐	☐	☒

Discussion:
The proposal to place the residentially developed unincorporated areas on the ballot for a Measure M advisory vote would not cause additional increased demand for water supplies, beyond those previously identified in the MEIR. All potential adverse impacts related to increased demand for water supplies were analyzed by, and mitigation provided in, the MEIR. Therefore, the Existing Conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for Increased Demand for Water Supplies (pages V-5-1 through V-5-16) are still valid.

6. INCREASED DEMAND FOR SANITARY SEWER SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on sanitary sewer services after application of mitigations/policies:

Direct Impacts

Effect: Development resulting from implementation of the Urban Area General Plan will require substantial new sewage treatment and disposal capacity, treatment plant improvements, sewer mains and collection lines, and pump stations. The Wastewater Master Plan anticipates the need for these facilities and its EIR evaluates the impact of developing those facilities. Potential impacts include degradation of water quality through erosion and chemical releases; localized flooding; construction noise; exposure of construction workers and the public to hazardous materials; and on the habitat of the elderberry longhorn beetle, burrowing owl, and Swainson's hawk, as well as certain other regulated habitats. All of these impacts are mitigated to a less-than-significant level.

Additional impacts that are not mitigated to a less-than-significant level include loss of farmland cause by construction of the Phase IA tertiary treatment facility at the Jennings Road Secondary Treatment Facility, an increase in pollutant loads from increased wastewater flows to the San Joaquin River, and an increase in noise and criteria air pollutants due to construction activities, including traffic.

Cumulative Impacts

Effect: No additional cumulative impacts were identified in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Sewer service mitigation measures pertinent to the proposed project are found on pages V-6-3 through V-6-8 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:
There are no relevant sanitary sewer-related mitigation measures to be applied from the MEIR. Furthermore, no new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-6.B of the Master EIR discloses impacts on the Increased Demand for Sanitary Sewer Service resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation	Less Than Significant Impact	No Impact
6. INCREASED DEMAND FOR SANITARY SEWER SERVICES				
1) The proposed project is inconsistent with wastewater policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project will generate sewage flows greater than those anticipated in the Urban Area General Plan for the project site.	☐	☐	☐	☒
3) The proposed project will result in a determination by the wastewater treatment provider which serves or may serve the project that it has inadequate capacity to serve the project's projected demand in addition to the provider's existing commitments.	☐	☐	☐	☒

Discussion:
The proposal to place the residentially developed unincorporated areas on the ballot for a Measure M advisory vote would not cause additional increased demand for sanitary services beyond that previously identified in the MEIR. All potential adverse impacts related to increased demand for sanitary sewer services were analyzed by, and mitigation has been provided in, the MEIR. Therefore, the Existing Conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for Increased Demand for Sanitary Sewer Services (pages V-6-1 through V-6-12) are still valid.

7. LOSS OF SENSITIVE WILDLIFE AND PLANT HABITAT

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on sensitive wildlife and plant habitat expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant impacts on sensitive wildlife and plan habitat are expected to occur with the application of the policies contained in the Urban Area General Plan.

Cumulative Impacts

Effect: Implementation of the Urban Area General Plan will contribute to the cumulative impact of habitat loss in the San Joaquin Valley. Requiring density development than has occurred in the past or that is expected in the future would minimize the City's contribution to the cumulative loss of habitat. Nonetheless, this is a significant and unavoidable impact.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Wildlife and plant habitat mitigation measures pertinent to the proposed project are found on pages V-7-17 through V-7-24 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

There are no relevant biologic resource-related mitigation measures to be applied from the MEIR. Furthermore, no new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-7.B of the Master EIR discloses impacts on the Loss of Sensitive Wildlife and Plant Habitat resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation	Less Than Significant Impact	No Impact
7. LOSS OF SENSITIVE WILDLIFE AND PLANT HABITAT				
1) The project is inconsistent with the policies pertaining to the loss of sensitive wildlife and plant habitat contained in the Urban Area General Plan.	☐	☐	☐	☒
2) Consultation with the California DFG or the USFWS determines that the project would have a significant effect on a candidate, sensitive, or special status species in excess of the impact disclosed in the Master EIR.	☐	☐	☐	☒
3) The proposed project would have a substantial adverse effect on federally protected wetlands as defined by Section 404 of the Clean Water Act through direct removal, filling, hydrological interruption, or other means, in excess of the impact disclosed in the Master EIR.	☐	☐	☐	☒
4) The proposed project would substantially interfere with the movement of any native resident or migratory fish or wildlife species or with established native resident or migratory wildlife corridors, or impede the use of native wildlife nursery sites.	☐	☐	☐	☒
5) Conflict with local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.	☐	☐	☐	☒

	Potentially Significant Impact	Less Than Significant with Mitigation	Less Than Significant Impact	No Impact
6) The proposed project would conflict with provisions of an adopted habitat conservation plan, natural community conservation plan, or other approved local, regional, or state habitat conservation plan.	☐	☐	☐	☒

Discussion:
The proposal to place the residentially developed unincorporated areas on the ballot for a Measure M advisory vote would not cause additional disturbance of wildlife and plant habitat areas beyond that previously identified in the MEIR. All potential adverse impacts related to loss of sensitive wildlife and plant habitat were analyzed by, and mitigation has been provided in, the MEIR. Therefore, the Existing Conditions, Impact Analysis, and Mitigation Measures listed in the MEIR for Sensitive Wildlife and Plant Habitat, (pages V-7-1 through V-7-31) are, therefore, still valid.

8. DISTURBANCE OF ARCHAEOLOGICAL/HISTORICAL SITES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on archaeological/historical sites expected after application of mitigations/policies:

Direct Impacts

Effect: Modification resulting in a substantial adverse change in the significance of a historic resource or the demolition of a listed or eligible historic resource.

Effect: The modification or demolition of a structure more than 50 years in age may be significant.

Effect: Discovery of archaeological resources in areas outside of the riparian corridors, as a result of construction activities.

Effect: Construction in an area of high archaeological sensitivity.

Cumulative Impacts

Effect: No additional cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Archaeological or historic mitigation measures pertinent to the project being analyzed in this Initial Study are found on page V-8-16 through V-8-20 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:
There are no relevant archaeological / historical resource-related mitigation measures to be applied from the MEIR. Furthermore, no new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-8.B of the MEIR discloses impacts on archaeological/historical resources resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation	Less Than Significant Impact	No Impact
8. DISTURBANCE OF ARCHAEOLOGICAL/ HISTORICAL SITES				
1) The proposed project is inconsistent with the archaeological/historical resource policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would demolish a building eligible for listing as a historic resource or remove a landmark from the Modesto inventory.	☐	☐	☐	☒
3) The proposed project would modify or demolish a structure more than 50 years in age.	☐	☐	☐	☒
4) The project would adversely affect a cultural resource that is either listed or eligible for listing in the California Register of Historical Resources.	☐	☐	☐	☒
5) Conflict with local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.	☐	☐	☐	☒

Discussion:
The proposal to place the residentially developed unincorporated areas on the ballot for a Measure M advisory vote would not cause additional disturbance of archaeological and historic sites beyond that previously identified in the MEIR. The ballot measures do not propose any changes to the General Plan boundary or area analyzed by the MEIR. All potential adverse impacts related to disturbance of archaeological and historic sites were analyzed by, and mitigation has been provided in, the MEIR. Therefore, the Existing conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for Disturbance of Archaeological or Historical Sites (pages V-8-1 through V-8-25) are still valid.

9. INCREASED DEMAND FOR STORM DRAINAGE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on storm drainage expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: The population of Stanislaus County is projected to increase in a fashion similar to that of Modesto, resulting in additional urban development and associated increases in impervious surface area and associated increases in storm water runoff. Cumulative hydrologic impacts of storm water flows from Modesto urban areas and other areas of the County could occur due to the fixed capacity of MID and TID irrigation canals to convey drainage west to the San Joaquin River. If drainage channels in some areas prove insufficient to handle the increased drainage discharges, existing storm water runoff from urban and agricultural areas during large storm events would have to be interrupted until water levels receded to a point allowing the resumption of discharges to the channel. Ceasing discharges to drainage channels could cause inundation in and around the drainage conveyance pipeline systems, surface drainage channels, detention basins, and other urban areas. This cumulative impact is considered significant and unavoidable.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Storm Drainage mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-9-4 through V-9-9. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

Discussion:
There are no relevant storm drainage-related mitigation measures to be applied from the MEIR. Furthermore, no new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-9.B of the MEIR discloses impacts on the demand for storm drainage resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation	Less Than Significant Impact	No Impact
9. INCREASED DEMAND FOR STORM DRAINAGE				
1) The proposed project is inconsistent with the storm drainage policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would substantially increase the rate or amount of surface runoff in a manner that would result in flooding on- or offsite, as compared to impacts anticipated to result from the Urban Area General Plan or create substantial unanticipated sources of polluted runoff.	☐	☐	☐	☒
3) The proposed project does not utilize Low Impact Development strategies to reduce runoff from the site and increase infiltration, resulting in no net increase in runoff before and after development.	☐	☐	☐	☒

Discussion:
The proposal to place the residentially developed unincorporated areas on the ballot for a Measure M advisory vote would not generate any additional demand for storm drainage facilities beyond that previously identified in the MEIR. All potential adverse impacts related to increased demand for storm drainage facilities were analyzed by, and mitigation provided in, the MEIR. The Existing Conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for the Increased Demand for Storm Drainage (pages V-9-1 through V-9-13) are, therefore, still valid.

10. FLOODING AND WATER QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on flooding and water quality expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Flooding and Water Quality mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-10-6 through V-10-9 of the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:
There are no relevant flooding and water quality-related mitigation measures to be applied from the MEIR. Furthermore, no new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-10.B of the Master EIR provides analysis of Flooding and Water Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation	Less Than Significant Impact	No Impact
10. FLOODING AND WATER QUALITY				
1) The proposed project is inconsistent with the flooding and water quality policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project does not comply with the regulatory requirements of the federal Clean Water Act or the State Porter-Cologne Act.	☐	☐	☐	☒
3) The proposed project would place more housing within a 100-year flood hazard zone than assumed in the Urban Area General Plan.	☐	☐	☐	☒
4) The proposed project would place structure within a 100-year flood hazard area so that they would impede or redirect floodwater or would substantially alter the existing on-site drainage pattern or a watercourse, in such a way as to cause flooding on- or offsite.	☐	☐	☐	☒
5) The proposed project does not comply with Modesto's Guidance Manual for New Development Storm Water Quality Control Measures.	☐	☐	☐	☒
6) The proposed project would violate water quality standards or waste discharge requirements.	☐	☐	☐	☒
7) The proposed project would substantially alter the existing drainage pattern of the site or area or a watercourse in a manner that would result in substantial erosion or siltation on- or offsite in excess of the assumptions of the Urban Area General Plan.	☐	☐	☐	☒

	Potentially Significant Impact	Less Than Significant with Mitigation	Less Than Significant Impact	No Impact
8) The proposed project would create or contribute runoff, which would exceed the capacity of existing or planned storm water drainage systems or provide substantial additional sources of polluted runoff, not expected as part of Urban Area General Plan implementation.	☐	☐	☐	☒

Discussion:
The proposal to place the residentially developed unincorporated areas on the ballot for a Measure M advisory vote would not change the size or configuration of drainage, flood control or water quality facilities, not already identified in the MEIR. Therefore, the project will not create any new significant drainage, flooding or water quality impacts that were not previously identified in the MEIR. All potential adverse impacts related to drainage, flooding and water quality were analyzed by, and mitigation provided in, the MEIR. The Existing Conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for Drainage, Flooding, and Water Quality (pages V-10-1 through V-10-15) are, therefore, still valid.

11. INCREASED DEMAND FOR PARKS AND OPEN SPACE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on parks and open space expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Parks and open space mitigation measures pertinent to the proposed project are found on pages V-11-3 through V-11-9 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:
There are no relevant parks and open space-related mitigation measures to be applied from the MEIR. Furthermore, no new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-11.B of the MEIR discloses impacts of the Urban Area General Plan on parks and open space. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation	Less Than Significant Impact	No Impact
11. INCREASED DEMAND FOR PARKS AND OPEN SPACE				
1) The proposed project is inconsistent with the parks and open space policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would eliminate parks or open space.	☐	☐	☐	☒
3) The proposed project would cause an increase in the use of existing neighborhood and regional parks or other recreational facilities such that substantial physical deterioration of the facility in question would occur or be accelerated or the proposed project would include recreational facilities or require the construction or expansion of recreational facilities which might have an adverse physical effect on the environment.	☐	☐	☐	☒

Discussion:
The proposal to place the residentially developed unincorporated areas on the ballot for a Measure M advisory vote would not generate any additional population beyond that identified in the MEIR that would use parks or open space facilities. All potential adverse impacts related to increased demand for Parks and Open Space were analyzed by, and mitigation is provided in, the MEIR. The Existing Conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for the Increased Demand for Parks and Open Space (pages V-11-1 through V-11-13) are, therefore, still valid.

12. INCREASED DEMAND FOR SCHOOLS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on school facilities expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR. By statute, the impact of new students is considered to be mitigated below a level of significance by payment of school impact fees and the exercise of any or all of the financing options set out in Government Code Section 65997.

Cumulative Impacts

Effect: Similar to direct impacts of implementation of the Urban Area General Plan, no residual significant direct impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. As long these policies are applied to all subsequent projects, no new mitigation is necessary. Further, payment of school impact fees and compliance with SB 50 is statutorily deemed to be full mitigation of school impacts (Government Code Section 65995).

The following schools mitigation measures on pages V-12-5 through V-12-7 of the Master EIR are pertinent to the proposed project. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures are listed in Section V, Mitigation Applied to Project.

Discussion:
There are no relevant schools-related mitigation measures to be applied from the MEIR. Furthermore, no new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-12.B of the Master EIR discloses impacts resulting from implementation of the Urban Area General Plan associated with increased demand for schools. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation	Less Than Significant Impact	No Impact
12. INCREASED DEMAND FOR SCHOOLS				
1) The proposed project is inconsistent with the policies relating to schools in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project does not comply with SB 50/Proposition 1A funding provisions, or succeeding measures which state that compliance results in less-than-significant impacts on schools.	☐	☐	☐	☒

Discussion:
The proposal to place the residentially developed unincorporated areas on the ballot for a Measure M advisory vote would not generate any additional population, which would increase the demand for school facilities, beyond that previously identified in the MEIR. All potential adverse impacts related to increased demand for schools were analyzed by, and mitigation is provided in, the MEIR. Thus, the Existing Conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for Increased Demand for Schools (pages V-12-1 through V-12-11) are still valid.

13. INCREASED DEMAND FOR POLICE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on police services expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Police services mitigation measures pertinent to the proposed project are found on pages V-13-2 through V-13-5 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:
There are no relevant police services-related mitigation measures to be applied from the MEIR. Furthermore, no new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-13.B of the Master EIR discloses impacts on police services resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation	Less Than Significant Impact	No Impact
13. INCREASED DEMAND FOR POLICE SERVICES				
1) The proposed project is inconsistent with policies relating to police services in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would result in the need for new or significantly altered facilities not considered as part of the Urban Area General Plan or Master EIR which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times, or other performance objectives.	☐	☐	☐	☒

Discussion:
The proposal to place the residentially developed unincorporated areas on the ballot for a Measure M advisory vote would not generate any additional population beyond that previously identified in the MEIR. Similarly, the ballot measures do not propose any changes to the gross acreage or General Plan area analyzed by the MEIR. All potential adverse impacts related to increased demand for police services were analyzed by, and mitigation is provided in, the MEIR. The Existing Conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for the Increased Demand for Police Services (pages V-13-1 through V-13-8) are, therefore, still valid.

14. INCREASED DEMAND FOR FIRE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on fire services expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Fire Services mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-14-4 through V-14-7 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:
There are no relevant fire services-related mitigation measures to be applied from the MEIR. Furthermore, no new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-14.B of the Master EIR discloses impacts on fire services resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation	Less Than Significant Impact	No Impact
14. INCREASED DEMAND FOR FIRE SERVICES				
1) The proposed project is inconsistent with the fire service policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would result in the need for new or significantly altered facilities not considered as part of the Urban Area General Plan or Master EIR which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times, or other performance objectives.	☐	☐	☐	☒
3) The proposed project, based upon substantial evidence, would cause the erosion or elimination of fire protection services in adjoining fire protection districts.	☐	☐	☐	☒

Discussion:
The proposal to place the residentially developed unincorporated areas on the ballot for a Measure M advisory vote would not generate any additional population beyond that previously identified in the MEIR. Similarly, the ballot measures do not propose any changes to the gross acreage or General Plan area analyzed by the MEIR. All potential adverse impacts related to increased demand for Fire services were analyzed by, and mitigation is provided in, the MEIR. The Existing Conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for the Increased Demand for Fire Services (pages V-14-1 through IV-14-11) are, therefore, still valid.

15. GENERATION OF SOLID WASTE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on solid waste expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Solid waste mitigation measures pertinent to the proposed project are found on pages V-15-4 through V-15-7 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project.

Discussion:
There are no relevant solid waste-related mitigation measures to be applied from the MEIR. Furthermore, no new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-15.B of the Master EIR discloses solid waste impacts resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation	Less Than Significant Impact	No Impact
15. GENERATION OF SOLID WASTE				
1) The project is inconsistent with the solid waste policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The County is unable to expand its solid waste disposal capacity, as expected, causing all new development to result in cumulative impacts on the County's disposal capacity.	☐	☐	☐	☒

Discussion:
The proposal to place the residentially developed unincorporated areas on the ballot for a Measure M advisory vote would not generate any additional population beyond that identified in the MEIR. Similarly, the ballot measures do not propose any changes to the gross acreage or General Plan area analyzed by the MEIR. All potential adverse impacts related to generation of solid waste and related services were analyzed by, and mitigation is provided in, the MEIR. The Existing Conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for the Generation of Solid Waste (pages V-15-1 through V-15-10) are, therefore, still valid.

16. GENERATION OF HAZARDOUS MATERIALS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts regarding hazardous materials expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Hazardous materials mitigation measures pertinent to the proposed project are found on pages V-16-8 through V-16-13 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

There are no relevant hazardous materials-related mitigation measures to be applied from the MEIR. Furthermore, no new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-16.B of the Master EIR discloses impacts on hazardous materials resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation	Less Than Significant Impact	No Impact
16. GENERATION OF HAZARDOUS MATERIALS				
1) The project is inconsistent with the hazardous materials policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school.	☐	☐	☐	☒
3) The proposed project would be located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would create a significant hazard to the public or the environment.	☐	☐	☐	☒
4) The proposed project would be constructed on a contaminated site not known to the State of California as of March 2008.	☐	☐	☐	☒

Discussion:

The proposal to place the residentially developed unincorporated areas on the ballot for a Measure M advisory vote would not generate any additional population or development beyond that identified in the MEIR that would result in increased generation of hazardous materials. All potential adverse impacts related to generation of hazardous materials were analyzed by, and mitigation is provided in, the MEIR. The Existing Conditions, Impacts analysis and Mitigation Measures listed in the MEIR for the Generation of Hazardous Materials (pages V-16-1 through V-16-16) are, therefore, still valid.

17. GEOLOGY, SOILS, AND MINERAL RESOURCES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts related to geology, soils, and mineral resources expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Geology, soils, and mineral resource mitigation measures pertinent to the proposed project are found on pages V-17-9 and V-17-10 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of the proposed project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:
There are no relevant geology, soils and/or mineral resources-related mitigation measures to be applied from the MEIR. Furthermore, no new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-17.B of the Master EIR discloses geology, soils, and mineral resource impacts resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation	Less Than Significant Impact	No Impact
17. GEOLOGY, SOILS, AND MINERAL RESOURCES				
1) The project is inconsistent with policies relating to geology, soils, and mineral resources contained in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would expose people or structures to potential substantial adverse effects including the risk of loss, injury, or death involving fault rupture, strong seismic activity; location on an expansive soil; result in the loss of topsoil; location on soils incapable of adequately supporting the use of septic tanks or alternative wastewater disposal	☐	☐	☐	☒

	Potentially Significant Impact	Less Than Significant with Mitigation	Less Than Significant Impact	No Impact
systems in areas where sewers are not available for the disposal of wastewater; result in the loss of known mineral resources that would be of value to the region and the state; or result in the loss of availability of a locally important mineral resource recovery site delineated on a local general plan, specific plan, or other land use plan.				

Discussion:
The proposal to place the residentially developed unincorporated areas on the ballot for a Measure M advisory vote would not generate any additional population or development beyond that identified in the MEIR that would result in increased exposure to landslides and seismic activity. All potential adverse impacts related to exposure to landslides and seismic activity were analyzed by, and mitigation is provided in, the MEIR. The Existing Conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for Landslide and Seismic Activity (pages V-17-1 through V-17-16) are, therefore, still valid.

18. ENERGY

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts pertaining to energy expected after application of mitigations/policies:

Direct Impacts

Effect: Continued development in the Planned Urbanizing Area would have an impact on available energy supplies. Energy consumption likely would increase substantially by 2025 as a result of implementation of the Urban Area General Plan.

Cumulative Impacts

Effect: Implementation of the Urban Area General Plan will have a cumulatively considerable impact on energy consumption.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following energy mitigation measures pertinent to the proposed project are found on pages V-18-2 through V-18-8 in the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:
There are no relevant energy-related mitigation measures to be applied from the MEIR. Furthermore, no new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-18.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on energy resources. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation	Less Than Significant Impact	No Impact
18. ENERGY				
1) The proposed project is inconsistent with policies relating to energy in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would result in energy consumption during construction, operation, maintenance, or removal that is more wasteful, inefficient, and unnecessary than assumed in the Urban Area General Plan.	☐	☐	☐	☒

Discussion:

The proposal to place the residentially developed unincorporated areas on the ballot for a Measure M advisory vote would not generate any additional population or development beyond that previously identified in the MEIR that would result in increased demand for energy. All potential adverse impacts related to increased demand for energy were analyzed by, and mitigation is provided in, the MEIR. The Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for Energy (pages V-18-1 through V-18-12) are, therefore, still valid. Mitigation Measures applicable to traffic and air quality would also help to mitigate energy impacts. The project will have no effect on the Modesto Urban Area General Plan energy policies.

19. EFFECTS ON VISUAL RESOURCES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on visual resources expected after application of mitigations/policies:

Direct Impacts

Effect: New development in the Planned Urbanizing Area will occur in areas that are in agricultural production or are otherwise lightly developed, which could lead to the introduction of light and glare in areas that have little nighttime illumination.

Cumulative Impacts

Effect: No additional cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following visual resources mitigation measures pertinent to the proposed project are found on pages V-19-3 and V-19-4 in the Master EIR. All mitigation measures appropriate to the proposed project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

There are no relevant visual resources-related mitigation measures to be applied from the MEIR. Furthermore, no new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-18.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on energy resources. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation	Less Than Significant Impact	No Impact
19. EFFECTS ON VISUAL RESOURCES				
1) The proposed project is inconsistent with policies relating to visual resources in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would degrade views from riverside areas and parks to a greater degree than assumed in the Urban Area General Plan.	☐	☐	☐	☒
3) The proposed project would degrade views of riverside areas from public roadways and nearby properties to a greater degree than assumed in the Urban Area General Plan.	☐	☐	☐	☒

Discussion:

The proposal to place the residentially developed unincorporated areas on the ballot for a Measure M advisory vote would not generate any impacts related to visual resources beyond those previously identified in the MEIR. All potential adverse impacts related to visual resources were analyzed by, and mitigation is provided in, the MEIR. The Existing Conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for Visual Resources (pages V-19-1 through V-19-9) are, therefore, still valid.

20. LAND USE AND PLANNING

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts pertaining to land use and planning expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following land use and planning mitigation measures pertinent to the proposed project are found on pages V-20-6 through V-20-17 in the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:
There are no relevant land use and planning-related mitigation measures to be applied from the MEIR. Furthermore, no new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-20.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on land use and planning. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation	Less Than Significant Impact	No Impact
20. LAND USE AND PLANNING				
1) The proposed project is inconsistent with land use and planning policies in the General Plan.	☐	☐	☐	☒
2) The proposed project contains elements that would physically divide an established community in a way not assumed in the Urban Area General Plan.	☐	☐	☐	☒
3) The proposed project conflicts with a land use plan, policy or regulation established for the purpose of avoiding or mitigating an environmental impact by an agency that has jurisdiction over the proposed project.	☐	☐	☐	☒

	Potentially Significant Impact	Less Than Significant with Mitigation	Less Than Significant Impact	No Impact
4) The proposed project conflicts with an applicable habitat conservation plan or natural community conservation plan.	☐	☐	☐	☒

Discussion:
The proposal to place the residentially developed unincorporated areas on the ballot would not generate any additional population or development beyond that previously identified in the MEIR that would result in increased land use and planning impacts. Similarly, the ballot measures do not propose any changes to the gross acreage or General Plan area analyzed by the MEIR. All potential adverse impacts related to increased land use and planning impacts were analyzed by, and mitigation is provided in, the MEIR. The Existing Conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for Land Use and Planning (pages V-20-1 through V-20-22) are, therefore, still valid.

21. CLIMATE CHANGE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts pertaining to climate change expected after application of mitigations/policies:

Direct Impacts

Effect: Impacts resulting from implementation of the Urban Area General Plan are not substantial enough to result in a significant direct impact on climate change, as disclosed in the Master EIR.

Cumulative Impacts

Effect: Implementation of the Urban Area General Plan will have a cumulatively considerable impact on climate change.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following climate change mitigation measures pertinent to the proposed project are found on pages V-21-7 through V-21-10 in the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:
There are no relevant climate change-related mitigation measures to be applied from the MEIR. Furthermore, no new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-18.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on climate change. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation	Less Than Significant Impact	No Impact
21. CLIMATE CHANGE				
1) The proposed project is inconsistent with policies relating to climate change in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would result in average automobile trip lengths or CO_2 emissions higher than those assumed in the Master EIR.	☐	☐	☐	☒
3) The proposed project would conflict with the Sustainable Communities Strategy or Alternative Planning Strategy that the Air Resources Board has agreed will achieve the goals of AB 32.	☐	☐	☐	☒

Discussion:
The proposal to place the residentially developed unincorporated areas on the ballot for a Measure M advisory vote would not generate any additional population or development beyond that identified in the MEIR that would result in increased climate change impacts. Similarly, the ballot measures do not propose any changes to the gross acreage or General Plan area analyzed by the MEIR. All potential adverse impacts related to increased climate change impacts were analyzed by, and mitigation is provided in, the MEIR. The Existing Conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for Land Use and Planning (pages V-21-1 through V-21-11) are, therefore, still valid.

V. MITIGATION MEASURES APPLIED TO THE PROPOSED PROJECT

If the Initial Study results in the determination that a Finding of Conformance can be adopted for the proposed project Section A, below, applies. If the Initial Study results in the determination that a Finding of Conformance cannot be adopted and a Mitigated Negative Declaration/EIR must be prepared for the project then Section B, below applies.

A. Master EIR Mitigation Measures Applied to the Project

Pursuant to Public Resources Code Section 21157.1(c), in order for a Finding of Conformance to be made, all appropriate mitigation measures from the Master EIR shall be incorporated into the proposed project. Urban Area General Plan Policies/Master EIR mitigation measures shall be made part of the proposed project prior to approval by means of conditions of project approval or incorporation into the appropriate document or plan. In this instance, there are no mitigation measures to apply.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-161

RESOLUTION FINDING THAT THE FOLLOWING SUBSEQUENT PROJECT IS WITHIN THE SCOPE OF THE PROJECT COVERED BY THE MODESTO URBAN AREA GENERAL PLAN MASTER ENVIRONMENTAL IMPACT REPORT (SCH NO. 2007072023): CODE AMENDMENT AND REZONE FOR DOWNTOWN MODESTO BASED ON FORM-BASED CODE PRINCIPLES (CITY OF MODESTO)

WHEREAS, on October 14, 2008, the City Council of the City of Modesto certified the Final Master Environmental Impact Report ("Master EIR") (SCH No. 2007072023) for the Modesto Urban Area General Plan, and

WHEREAS, the City of Modesto has proposed a code amendment and rezone for downtown Modesto based on form-based code principles, and

WHEREAS, pursuant to Section 21157.1 of the Public Resources Code, the City of Modesto's Community & Economic Development Department prepared an Environmental Assessment Initial Study EA/C&ED 2015-03 ("Initial Study") which analyzed whether the subsequent project may cause any significant effect on the environment that was not examined in the Master EIR and whether the subsequent project was described in the Master EIR as being within the scope of the report, and

WHEREAS, in accordance with CEQA guidelines beginning on April 8, 2015, the City caused to be published a 20-day notice of the City's intent to make a finding that the subsequent project conforms with the Master EIR, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on May 12, 2015, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study prepared for the proposed code amendment and rezone for downtown Modesto based on form-based code principles, a copy of which is **attached** hereto as **Exhibit** "A", and incorporated herein by reference, and based on substantial evidence in the Initial Study makes the following findings:

1. An Initial Study was prepared by the City of Modesto that analyzed whether the subsequent project may cause any significant effect on the environment that was not examined in the Master EIR and whether the subsequent project was described in the Master EIR as being within the scope of the report.

2. The subsequent project will have no additional significant effect on the environment, as defined in subdivision (d) of Section 21158 of the Public Resources Code, that was not identified in the Master EIR.

3. No new or additional mitigation measures or alternatives are required.

4. The subsequent project is within the scope of the project covered by the Master EIR.

5. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project.

6. No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified, and no new information, which was not known and could not have been known at the time that the Master EIR was certified as complete, has become available.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community & Economic Development Director is hereby authorized and directed to file a notice of approval or determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of May, 2015, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Madrigal, Zoslocki, Mayor Marsh
NOES:	Councilmembers:	None
ABSENT:	Councilmembers:	None

Initial Study

EA/C&ED 2015-03

City of Modesto

Finding of Conformance to General Plan Master EIR:

Initial Study Environmental Checklist C&ED No. 2015-03

For the proposed:

Downtown Form-Based Code (Code Amendment and Rezone)

Prepared by:
City of Modesto
Community & Economic Development Department
Planning Division

25 February 2015

(Intentionally Blank Page)

City of Modesto
Master EIR Initial Study Environmental Checklist

I. PURPOSE

CEQA allows for the limited environmental review of subsequent projects under the City's Master Environmental Impact Report ("Master EIR" or "MEIR"). This Initial Study Environmental Checklist ("Initial Study") is used in determining whether the Downtown Form-Based Code, the proposed project, is "within the scope" of the project analyzed in the Modesto Urban Area General Plan Master EIR (SCH# 2007072023) (Public Resources Code section 21157.1). The proposed project includes a code amendment and rezone affecting downtown Modesto. When the Initial Study supports this conclusion, the City will issue a finding of conformance.

A subsequent project is "within the scope" of the Master EIR when:

1. it will have no additional significant effects on the environment that were not addressed as significant effects in the Master EIR; and

2. no new or additional mitigation measures or alternatives are required.

"Additional significant effects" means a project-specific effect that was not addressed as a significant effect in the Master EIR. [Public Resources Code Section 21158(d)]

The determination must be based on substantial evidence in the record. "Substantial evidence" means facts, reasonable assumptions predicated upon facts, or expert opinion based on facts. It does not include speculation or unsubstantiated opinion. (CEQA Guidelines Section 15384)

This document is tiered from both the 2008 Urban Area General Plan Master EIR (SCH #2007072023) and the Modesto Redevelopment Master Plan Program EIR (SCH # 2006071118).

II. PROJECT DESCRIPTION

A. Title: Downtown Form-Based Code

B. Address or Location: The project is located within the approximately 516-acre area bounded by Downey Avenue and Needham Street on the north; 9th Street, L Street, S. Washington Street, and 1st Street on the west; Sierra Drive, 5th Street, E Street, 6th Street, F Street, and 9th Street on the south; and D Street and Burney Street on the east (**Exhibit 1**).

Minor revisions are proposed to the approximately 185 acres of existing Downtown Core zone inscribed within the larger project area and bounded by L Street, 6th Street, F Street, 12th Street, G Street, 14th Street, 14th Street, K Street, and 12th Street (**Exhibit 1**).

C. Applicant: City of Modesto
Community & Economic Development Department
1010 10th Street
Modesto, CA 95354

D. City Contact Person: Patrick Kelly, Planning Manager

Project Manager: Patrick Kelly, Planning Manager
Department: Community & Economic Development Department, Planning Division
Phone Number: 209.577.5267
E-mail address: pkelly@modestogov.com

E. Current General Plan Designation(s): RPD, Redevelopment Planning District

F. Current Zoning Classification(s): Various. Includes R-2, R-3, P-O, C-1, C-2, C-M, M-1, P-D(83), P-D(95), P-D(101), P-D(119), P-D(139), P-D(143), P-D(258), P-D(325), P-D(370), P-D(380), P-D(389), P-D(417),P-D(430), P-D(443), P-D(492), P-D(523), P-D(536), P-D(563), P-D(594), Downtown Core-Central District, Downtown Core-Transition District, and Downtown Core-Buffer District (**Exhibits 2 and 3**.)

G. Surrounding Land Uses:
- North: Residential, office, small-scale commercial development
- South: Residential, industrial, and commercial, development and food-processing
- East: Residential, medical office, small-scale office and commercial development
- West: Residential and small-scale commercial development

H. Project Description, including the project type listed in Section II.C (Anticipated Future Projects) of the Master EIR:

The proposed project is an Anticipated Future Project described in the General Plan Master EIR (SCH #2007072023) in Section II.C, item 5, Zoning, which allows the City of Modesto to initiate rezoning efforts in order to implement the General Plan. Additionally, the proposed project is identified in the Redevelopment Master Plan Action Matrix, items 4.19 and 4.20, which was analyzed as part of Program EIR (SCH # 2006071118), and found to be within the scope of the General Plan MEIR in Section II.C, item 10, Redevelopment Plan.

* * *

The proposed project includes a code amendment using form-based code principles and a rezone that would apply to that portion of the downtown area described on **Exhibit 1** that is currently regulated by Modesto's conventional, use-based zoning. The proposed code would change the focus of regulation from use to building design and location on the lot. The proposed code is organized into four new areas: Urban General Downtown, Main Street Downtown, East Neighborhood Downtown, and Traditional Neighborhood Downtown. The draft code, which specifies the proposed regulations, is included as **Attachment A.**

Minor changes to the existing form-based code are also proposed. Along with the expanded portions of the Downtown Form-Based Code, the Downtown Core will be reformatted so that the individual districts are codified as separate zones. The existing Downtown Core Zone, consisting of three districts (Central District, Transition District, and Buffer District), will be replaced with Central Downtown and Transition Downtown zones. The Downtown Core-Buffer District will be eliminated and replaced with Transition Downtown zone. Additionally, the first floor height minimum and maximum has been replaced with a minimum height and the height ranges for upper floors has been eliminated. These revisions are not expected to result in any significant environmental effects and are not evaluated as part of the analysis of the Downtown Form-Based Code.

I. Other Public Agencies Whose Approval is Required: None.

Proposed Downtown Form-Based Code

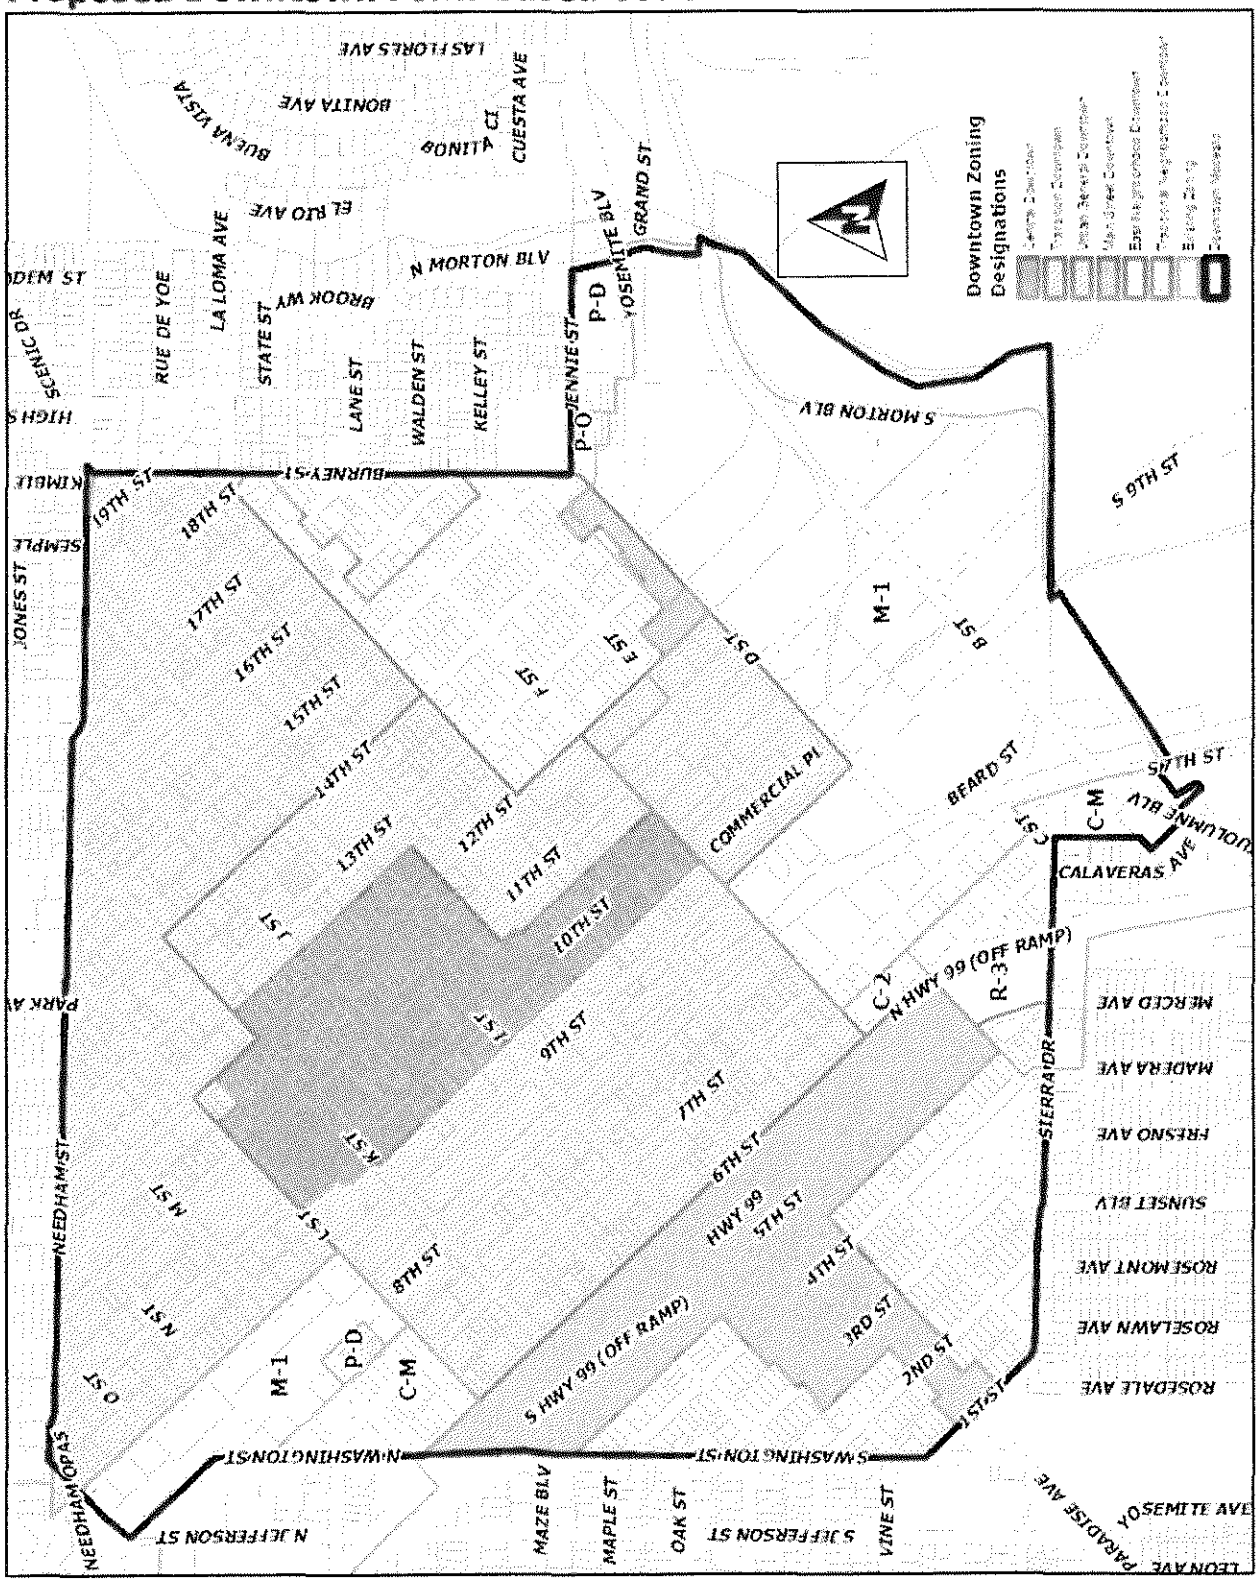

Exhibit 2
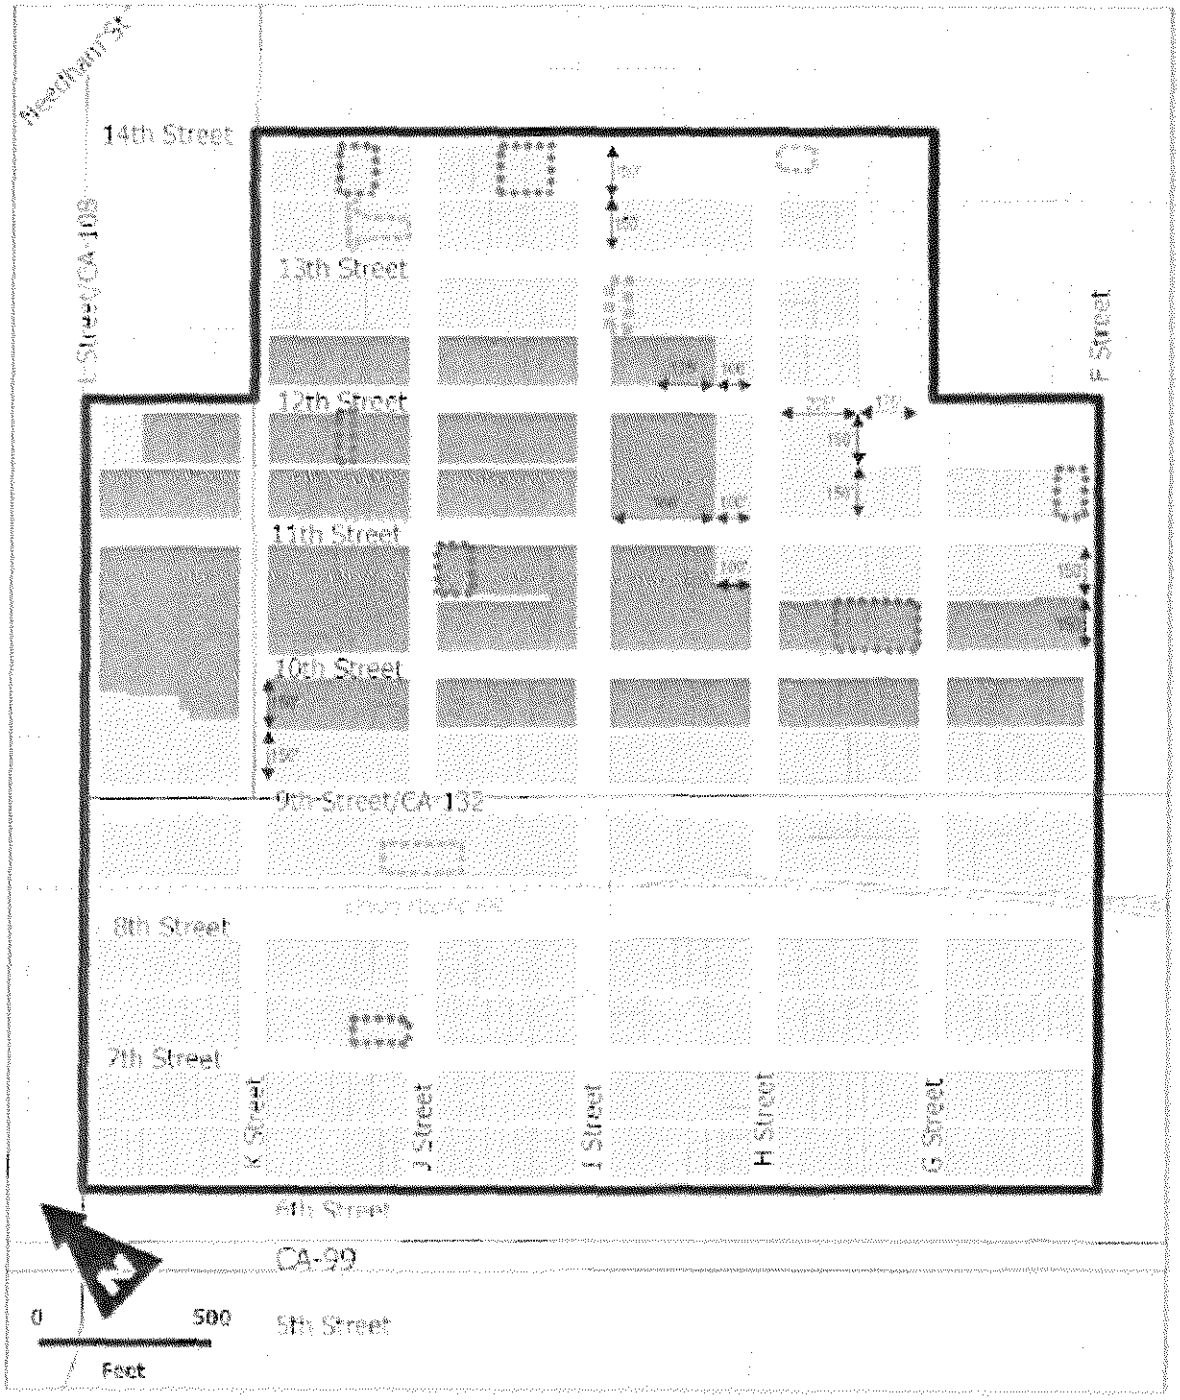
Land Use Zoning Prior to Form-Based Code

Exhibit 3
Existing Downtown Form-Based Code



Planning District Map

III. FINDINGS/DETERMINATION (SELECT ONE ON THE BASIS OF THE ANALYSIS IN SECTION IV)

1. _X_ Within the Scope - The project is within the scope of the Master EIR and no new environmental document or Public Resources Code Section 21081 findings are required. All of the following statements are found to be true:

A. The subsequent project will have no additional significant effect on the environment, as defined in subdivision (d) of Section 21158 of the Public Resources Code, that was not identified in the Master EIR.

B. No new or additional mitigation measures or alternatives are required.

C. The subsequent project is within the scope of the project covered by the Master EIR.

D. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project.

E. No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified, and no new information, which was not known and could not have been known at the time that the Master EIR was certified as complete, has become available.

2. ____ Mitigated Negative Declaration Required - On the basis of the above determinations, the project is not within the scope of the Master EIR. A mitigated negative declaration will be prepared for the project. The following statements are all found to be true:

A. The subsequent project is within the scope of the project covered by the Master EIR.

B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project.

C. The project will have one or more potential new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures are being required of the project that will reduce the effects to a less-than-significant level.

D. No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified, and no new information, which was not known and could not have been known at the time that the Master EIR was certified as complete, has become available.

3.____ Focused EIR Required- On the basis of the above determinations, the project is not within the scope of the Master EIR. A Focused EIR will be prepared for the project. All of the following statements are found to be true:

A. The subsequent project is within the scope of the project covered by the Master EIR.

B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project.

C. The project will have one or more new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures or alternatives are required as a result.

D. No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified, and no new information, which was not known and could not have been known at the time that the Master EIR was certified as complete, has become available.

_____	_____	_____
Project Manager	Title	Date

4. Within the Scope Analysis of this Document:

The Master EIR allows projects to be found within the scope of the MEIR if certain criteria are met. If the following statements are found to be true for all 21 impact categories included in this Initial Study, then the proposed project is addressed by the MEIR analysis and is within the scope of the MEIR. Any "No" response must be discussed.

		YES	NO
(1)	The lead agency for subsequent projects shall be the City of Modesto or a responsible agency identified in the Master EIR.	☒	☐
(2)	City policies which reduce, avoid, or mitigate environmental effects will continue to be in effect and, therefore, would be applied to subsequent projects where appropriate. The policies are described in the list of policies in place and mitigation measures attached to the Initial Study template. Project impacts would be mitigated to a less-than-significant level using MEIR mitigations only.	☒	☐
(3)	Federal, State, regional, and Stanislaus County regulations do not change in a manner that is less restrictive on development than current law (i.e., would not offer the same level of protection assumed under the Master EIR).	☒	☐
(4)	No specific information concerning the known or potential presence of significant resources is identified in future reports, or through formal or informal input received from responsible or trustee agencies or other qualified sources.	☒	☐
(5)	The development will occur within the boundaries of the City's planning area as established in this Urban Area General Plan.	☒	☐
(6)	Development within the project will comply with all appropriate mitigation measures contained and enumerated in the 2008 General Plan Master EIR.	☒	☐

Discussion:

(1) Establishing and revising zoning classifications in Modesto is the exclusive jurisdiction of the City of Modesto.

(2, 6) General Plan Master EIR and Redevelopment Master Plan Program EIR mitigation measures are either implemented by the project or will be applied to new development regulated by the proposed code amendment. Specific mitigation measures are identified throughout the analysis and are collected at the end of this document.

(3) There have been no changes to federal, State, regional, or County regulations that have relaxed the mitigation measures identified in the General Plan Master EIR.

(4) The staff of the City of Modesto is not aware of any new information about resources were not otherwise identified in the General Plan Master EIR, that would result in impacts greater than those identified in the General Plan Master EIR.

(5) The proposed code amendment lies within the existing City limits.

5. Currency of the Master EIR Document

The MEIR should be reviewed on a regular basis to determine its currency, and whether additional analysis/mitigation should be incorporated into the MEIR via a Supplemental or Subsequent EIR (CEQA Section 21157.6). Staff has reviewed Sections 1 through 21 of this document in light of the criteria listed below to determine whether the MEIR is current. The analysis contained within the Master EIR is current as long as the following circumstances have not changed. Any "no" response must be explained.

		YES	NO
(1)	Certification of the General Plan Master EIR occurred less than five years prior to the filing of the application for this subsequent project.	☐	☒
(2)	This project is described in the Master EIR and its approval will not affect the adequacy of the Master EIR for any subsequent project because the City can make the following findings:	☒	☐
(a)	No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified.	☒	☐
(b)	No new information, which was not known and could not have been known at the time the Master EIR was certified as complete, has become available.	☒	☐
(c)	Policies remain in effect which require site-specific mitigation, and avoidance or other mitigation of impacts as a prerequisite to future development.	☒	☐

Discussion:

(1) The General Plan Master EIR was certified on October 14, 2008, so more than five years has passed since the MEIR was certified. However, the analysis contained in the MEIR is still adequate for subsequent projects, as documented in the discussion below.

(2) The project is consistent with the analysis contained in the MEIR. This is documented in the discussion of the individual issue areas of this initial study.

(2)(a) There have been no substantive changes to the General Plan since the MEIR was certified that would create additional significant environmental effects that were not analyzed by the MEIR.

(2)(b) There has been no new information that would affect the adequacy of the analysis contained in the MEIR.

(2)(c) All policies contained in the MEIR that require site-specific mitigation or avoidance of impacts remain in effect and will be applied to the project as appropriate.

IV. ENVIRONMENTAL ANALYSIS

This Initial Study, in accordance with Section 21157.1(b) of the Public Resources Code, discloses whether the proposed project may cause any project-specific significant effect on the environment that was not examined in the Final Master EIR (MEIR) for the General Plan and whether new or additional mitigation measures or alternatives may be required as a result. The Initial Study thereby documents whether or not the project is "within the scope" of the Master EIR.

Pursuant to Public Resources Code Section 21157.1, no new environmental document or findings are necessary for projects that are determined to be within the scope of the MEIR. Adoption of the findings specified in Section III.1, above after completion of the Initial Study fulfills the City's obligation in that situation.

All environmental effects cited reflect 2025 conditions resulting from the Urban Area General Plan, as identified in the Master EIR.

The environmental impact analysis in the Master EIR for the Urban Area General Plan is organized in twenty-one subject areas. The following analysis is based on the impact analyses contained in Chapter V of the Master EIR. For ease of reference, the sections are numbered in the same order as the analyses in Chapter V.

1. TRAFFIC AND CIRCULATION

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable traffic and circulation impacts expected after application of mitigations/policies:

Direct Impacts

Effect: Increased automobile traffic will result in roadway segments (see MEIR on Table 1-7, pages V-1-32 to V-1-34) operating at LOS D, Modesto's significance threshold for automobile traffic, or lower (LOS E or F).

Effect: The substantial increase in traffic relative to the existing load and capacity of the street system will cause, either individually or cumulatively, the violation of automobile service standards established by StanCOG's Congestion Management Plan for designated roads and highways.

Effect: A substantial increase in automobile vehicle miles traveled and automobile vehicle hours of travel and a decrease in average automobile vehicle speed (see MEIR Table 1-6, page V-1-31).

Cumulative Impacts

Effect: Potential for growth inducement or acceleration of development resulting from highway and local road projects.

Effect: Substantial increase in traffic in relation to the existing traffic load and capacity of the street system, including a violation, either individually or cumulatively, of an automobile LOS standard established by the Congestion Management Plan for designated roads and highways.

Effect: Increased demand for capacity-enhancing alterations to existing roads or automobile traffic reduction.

Other impact categories affected by Traffic and Circulation are addressed throughout this Initial Study (see also Section 2, Degradation of Air Quality; Section 3, Generation of Noise; Section 7 Loss of Sensitive Wildlife and Plant Habitat; Section 8, Disturbance of Archaeological/Historic Sites; Section 14 Increased Demand for Fire Services; Section 18, Energy; Section 19, Visual Resources; Section 20, Land Use and Planning, and Section 21, Climate Change).

b. Master EIR and/or New Mitigation Measures Applied to the Project

Traffic and Circulation mitigation measures pertinent to this project are found on MEIR pages V-1-9 through V-1-28. All mitigation measures appropriate to the project, including any new measures, will be incorporated into or made conditions of approval of this project and are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes General Plan Master EIR Mitigation Measures TC-1, TC-5, TC-12, TC-13, TC-28, and TC-43. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-1.B of the Master EIR provides analysis of Traffic and Circulation impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: A subsequent development project will have a new significant effect on the environment if it would exceed the following criteria:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
1. TRAFFIC AND CIRCULATION				
1) The proposed project exceeds traffic generation assumptions in the Master EIR for the site by 100 trips or more and City Engineering and Transportation staff has determined that the project would have additional potentially significant project-specific effects that are not avoided or reduced by the Master EIR's mitigation measures.	☐	☐	☐	☒
2) Exceed, either individually or cumulatively, a level of service standard established by the county congestion management agency for designated roads or highways?	☐	☐	☐	☒
3) The proposed project would cause additional roadway segments in the General Plan area to exceed LOS D and/or cause additional violations of standards in the Congestion Management Plan, and/or cause an increase in automobile vehicle miles or vehicle hours of travel or a decrease in automobile travel speed, as compared to the impacts disclosed in the Master EIR.	☐	☐	☐	☒
4) The proposed project would cause emergency response times to exceed acceptable standards established by the Fire Department, as compared to impacts disclosed in the Master EIR (see Section 14, Increased Demand for Fire Services).	☐	☐	☐	☒
5) The proposed project would result in less parking than required by the Municipal Code or as determined by staff.	☐	☐	☐	☒
6) The proposed project would conflict with adopted policies, plans, or programs that support alternative transportation, including, but not limited to the Regional Transportation Plan, the Sustainable Communities Strategy, the Bicycle Action Plan, and so on.	☐	☐	☐	☒
7) The proposed project would result in an increase in automobile vehicle miles traveled on a per capita basis, in excess of that considered in the Urban Area General Plan MEIR.	☐	☐	☐	☒

Discussion:

The proposed project implements General Plan Master EIR Mitigation Measures TC-1, TC-5, TC-12, TC-13, TC-28, and TC-43. As noted in Section II of this document, the Downtown Form-Based Code is consistent with Anticipated Subsequent Projects II.C-10 (Redevelopment Plan) and II.C-5 (Zoning) from the General Plan Master EIR. It is prepared in compliance with the Redevelopment Master Plan, which is identified as being within the scope of the General Plan and is, therefore, within the scope of the General Plan Master EIR.

(1, 3) As a means to encourage development, the General Plan does not require a traffic study for development occurring in downtown, which is well-served by transit. Furthermore, the purpose of the proposed project is to reduce vehicle trips and vehicle miles traveled, as compared to conventional development. No adverse impact is anticipated and no mitigation is required.

(2) As described in the 2008 General Plan Master EIR, the County CMA, StanCOG, has opted out of preparing a Congestion Management Plan since 1996.

(4) The proposed project is expected to improve response times by putting more people and businesses within the acceptable service radius of emergency services. No adverse impact is expected and no mitigation is required.

(5) Staff has determined that Downtown is an excellent example of a mixed-use area where parking can be and is shared by different uses. Some uses, such as residential development, require more parking at night, while others, such as office and retail development, require more parking during the day. Sharing parking between these uses makes more efficient use of land. Staff will evaluate each request for shared or reduced parking to determine whether sharing parking or reducing the parking requirements is warranted. Furthermore, parking regulations for new development proposed in the Downtown Form-Based Code are reduced as compared to citywide parking regulations. No impacts are expected, due to the availability of both on- and off-street public parking and alternatives to automobile transportation.

(6) The proposed project, when combined with shared parking and reduced parking requirements, is consistent with efforts to encourage the use of modes of transportation other than the private automobile. No impact is expected and no mitigation is required.

(7) Development under the proposed Downtown Form-Based Code will facilitate reductions in the number and length of trips by creating a physical environment that supports and encourages walking, bicycling, and transit use and reduces trip lengths, while discouraging automobile use to some degree. This will help reduce per capita vehicle miles traveled.

2. DEGRADATION OF AIR QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable air quality impacts expected after application of mitigations/policies:

Direct Impacts

Effect: Expected automobile traffic will result in increased operational emissions of reactive organic gases (ROG) and oxides of nitrogen (NO_X) (see MEIR Table 2-8, page V-2-27).

Effect: Expected automobile traffic will result in increased emissions of particulate matter 10 microns or less (PM_{10}) and 2.5 microns or less in diameter ($PM_{2.5}$) (see MEIR Table 2-8, page V-2-27).

Effect: Expected automobile traffic will result in increased carbon monoxide (CO) levels in the project area (see MEIR Table 2-7, page V-2-26, and Table 2-8, page V-2-27).

Cumulative Impacts

The Master EIR indicates the same impacts identified as direct impacts above will contribute to regional impacts on air quality for the criteria pollutants ROG, NO_X, PM_{10}, and $PM_{2.5}$.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Air quality mitigation measure(s) pertinent to the proposed project are found on pages V-2-13 through V-2-24 of the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The project implements General Plan MEIR Mitigation Measures AQ-1, AQ-3, and AQ-4. The following General Plan Mitigation Measures will be applied to new development regulated by the proposed code amendment and rezone: AQ-7, AQ-17, AQ-18, AQ-26, AQ-40, AQ-42, AQ-43, AQ-44, AQ-46, AQ-47, AQ-48, AQ-49, AQ-50, AQ-51, and AQ-52 and Mitigations 4.1-1a, 4.1-1b, and 4.1-5 from the RDA Program EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-2.B of the Master EIR is the analysis of air quality impacts resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
2. DEGRADATION OF AIR QUALITY				
1) The proposed project exceeds the project-level emissions thresholds established for CO, ROG, NO_x, PM_{10}, and $PM_{2.5}$ by the San Joaquin Valley Air Pollution Control District (SJVUAPCD) and is not consistent with the development assumptions for the project site, as established in the Urban Area General Plan and Master EIR.	☐	☐	☐	☒
2) The proposed project does not incorporate the best management practices established by the SJVAPCD for CO, ROG, NO_x, PM_{10}, and $PM_{2.5}$.	☐	☐	☐	☒
3) The proposed project does not comply with the air quality policies in the Modesto Urban Area General Plan.	☐	☐	☐	☒
4) The proposed project would expose sensitive receptors to pollutant concentrations in excess of those expected to occur as a result of implementation of the Urban Area General Plan.	☐	☐	☐	☒
5) The proposed project would create objectionable odors affecting a substantial number of people.	☐	☐	☐	☒

Discussion:

The proposed project implements the following mitigations/policies from the 2008 General Plan Master EIR: AQ-1, AQ-3, and AQ-4. As identified in Section II of this document, the Downtown Form-Based Code is consistent with Anticipated Subsequent Projects II.C-10 (Redevelopment Plan) and II.C-5 (Zoning) from the General Plan Master EIR. It is prepared in compliance with the Redevelopment Master Plan, which is identified as being within the scope of the General Plan, and is, therefore, within the scope of the General Plan Master EIR.

(1) Since the air quality impacts of this project are anticipated to be primarily traffic-related, and the project establishes a mixed use environment, which is anticipated to reduce the per capita vehicle miles traveled, the project is not anticipated to exceed SJVAPCD thresholds.

(2) All relevant Best Management Practices identified in the General Plan Master EIR will be applied as development policies. These include AQ-7, AQ-17, AQ-18, AQ-26, AQ-40, AQ-42, AQ-43, AQ-44, AQ-46, AQ-47, AQ-48, AQ-49, AQ-50, AQ-51, and AQ-52 and Mitigations 4.1-1a and 4.1-1b from the RDA PEIR will be applied.

(3) The proposed Downtown Form-Based Code is intended to implement several of the measures identified under General Plan MEIR Mitigation Measure AQ-4, Table V-2-3, including the following, which are most relevant to this project: 1.b, 1.e, 2.a, 2.d, 2.e, 2.f, and 2.g.

(4) Because the maximum buildout scenario is limited to the Community Development Policies of the General Plan, no impacts on sensitive receptors that were not anticipated in the 2008 General Plan Master EIR are anticipated.

(5) The proposed project is a code amendment and rezone that shifts the emphasis of development from use to building form, which adds 75 blocks to the existing 42-block area of the Redevelopment Master Plan that is governed by the Downtown Core zone. The 75-block form-based code expansion area is no more likely than development under the existing zoning code to result in objectionable odors affecting large numbers of people. To ensure impacts are mitigated, Mitigation 4.1-5 from the RDA PEIR will be applied.

3. GENERATION OF NOISE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable noise impacts expected after application of mitigations/policies:

Direct Impacts

Effect: Future automobile traffic noise levels and roadway construction and maintenance activities resulting from development of the Urban Area General Plan will exceed the City's noise thresholds at various locations, but particularly in areas adjacent to heavily traveled roadways (see MEIR Table 3-3, page V-3-10, and Figure VII-2 and Table 3-6, pages V-3-18 and V-3-19).

Effect: Expected noise from airport operations and airport construction projects may expose up to 468 dwellings and three churches to noise levels of 65 dB CNEL and up to eight dwellings to noise levels of 70 dB CNEL.

Effect: Expose noise-sensitive land uses to noise from the construction of bicycle and transit projects.

Effect: Expose noise-sensitive land uses to noise from freight and passenger rail operations.

Cumulative Impacts

Effect: Traffic from development in the City of Modesto would, when combined with traffic from new development in the County and other cities, contribute to a cumulative increase in roadside noise levels on major roads and highways throughout Stanislaus County.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Noise policies and mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-3-11 through V-3-15 of the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project and any new measures are listed in Section V, Mitigation Applied to Project.

Discussion:

The appropriate mitigation apply to this project includes General Plan Mitigation Measures N-1, N-2, N-3, N-6, and N-7 and Mitigations 4.5-1, 4.5-2, 4.5-3, 4.5-4, and 4.5-5 from the RDA Program EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-3.B of the MEIR discloses noise impacts resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not analyzed in the Master EIR.

Significance Criteria: Determination of the proposed project's effects are based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
3. GENERATION OF NOISE				
1) The proposed project will exceed the standards for noise level and hours of operation established by the Modesto noise ordinance.	☐	☐	☐	☒
2) The proposed project will not comply with the noise policies of, or otherwise be inconsistent with, the Modesto Urban Area General Plan.	☐	☐	☐	☒
3) The proposed project will result in an increase in ambient noise levels in the project vicinity above those disclosed in the Master EIR.	☐	☐	☐	☒
4) The proposed project will result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels disclosed in the Master EIR implementation of the Urban Area General Plan.	☐	☐	☐	☒

Discussion:

As noted in Section II of this document, the proposed Downtown Form-Based Code is consistent with Anticipated Subsequent Projects II.C-10 (Redevelopment Plan) and II.C-5 (Zoning) from the General Plan Master EIR. The proposed code amendment was prepared in compliance with the Redevelopment Master Plan, which is identified as being within the scope of the General Plan, and the maximum development scenario is limited to the Community Development Policies of the General Plan. Therefore, the project is within the scope of the General Plan Master EIR.

(1-4) The proposed project is a code amendment and rezone that shifts the emphasis of development from use to building form, which adds 75 blocks to the existing 42-block area of the Redevelopment Master Plan that is regulated by the Downtown Core zone. Relevant general plan mitigations relating to urban noise will be applied to development under the proposed code as it would be applied to development under existing zoning. General Plan Mitigation Measures that will be applied to future development include N-1, N-2, N-3, N-6, and N-7. Additionally, Mitigations 4.5-1, 4.5-2, 4.5-3, 4.5-4, and 4.5-5 from the RDA Program EIR will be applied to future development.

4. EFFECTS ON AGRICULTURAL LANDS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on agricultural lands expected after application of mitigations/policies:

Direct Impacts

Effect: Between 1995 and 2025, development of the Urban Area General Plan may convert up to approximately 26,000 acres of farmland in various categories in the Planned Urbanizing Area to urban uses.

Effect: Approximately 1,200 acres of urban development along a 28.5-mile boundary 350 feet wide between urban and agricultural uses could be affected by continued agricultural operations, including noise, dust, and chemical overspray or drift.

Cumulative Impacts

Effect: Growth within Modesto's planning area would contribute considerably to the loss of agricultural land within Stanislaus County, accounting for the conversion of as much as approximately 26,000 acres of farmland in various categories in the Planned Urbanizing Area from 1995 to 2025.

b. Master EIR and/or New Mitigation Measures Pertinent to the Project

Agricultural land mitigation measures pertinent to the proposed project are found on pages V-4-6 to and V-4-8 of the Master EIR. All mitigation measures appropriate to the project and any new mitigation to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project.

Discussion:

The proposed project implements General Plan Mitigation Measures AL-7, AL-8, and AL-15. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-4.B of the Master EIR discloses the impacts resulting from the implementation of the Urban Area General Plan on agricultural lands. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
4. EFFECTS ON AGRICULTURAL LANDS				
1) The proposed project is inconsistent with the Urban Area General Plan's policies relating to agricultural land.	☐	☐	☐	☒
2) The proposed project will either directly or indirectly result in the development of land outside the 2008 Urban Area General Plan's planning area boundary.	☐	☐	☐	☒
3) The proposed project will conflict with existing zoning for agricultural use, or there is an existing Williamson Act contract on the project site.	☐	☐	☐	☒
4) The proposed project will involve other changes in the existing environment not anticipated in the Master EIR which, due to their location or nature, could result in conversion of farmland to non-agricultural use.	☐	☐	☐	☒

Discussion:

As noted in Section II of this document, the proposed Downtown Form-Based Code is consistent with Anticipated Subsequent Projects II.C-10 (Redevelopment Plan) and II.C-5 (Zoning) from the General Plan Master EIR. The Downtown Form-Based Code has been prepared in compliance with the Redevelopment Master Plan, which is also identified as being within the scope of the General Plan, and the maximum development scenario is limited to the Community Development Policies of the General Plan. The proposed Downtown Form-Based Code is therefore within the scope of the General Plan Master EIR.

(1-4) The proposed project is a code amendment and rezone that shifts the emphasis of development from use to building form and adds 75 blocks to the existing 42-block area of the Redevelopment Master Plan that is regulated by the Downtown Core zone. The purpose of the Downtown Form-Based Code, in part, is to stimulate development in the downtown area and make downtown a vital neighborhood again. Most of the new development expected to occur is higher density than that typical of the rest of Modesto. Successful implementation of the Downtown Form-Based Code in an existing developed part of Modesto would reduce the land area used for each new residence and business, which would also reduce the amount of farmland converted to urban uses. The proposed project implements General Plan Mitigations AL-7, AL-8, and AL-15.

5. INCREASED DEMAND FOR LONG-TERM WATER SUPPLIES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on long-term water supplies expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts have been disclosed in the Master EIR.

Cumulative Impacts

Effect: Operational yields of the Modesto and Turlock subbasins, both of which underlie the City of Modesto, are unknown, although the City is participating in a study with the United States Geological Survey in order to quantify the operational yields of both subbasins. Groundwater withdrawals from both basins by the City, when combined with other users' withdrawals, may result in overdrafting both subbasins.

Effect: Despite available options, during drought years, significant water shortages are forecast for the San Joaquin River basin, which includes both the Modesto and Turlock subbasins, by 2020. Modesto would make a cumulatively considerable contribution to the cumulative impact on water supply under drought conditions.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Water supply mitigation measures pertinent to the proposed project are found on pages V-5-6 through V-5-12 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

No mitigation is needed.

c. Project-Specific Effects

Section V-5.B of the Master EIR discloses impacts on long-term water supplies resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
5. INCREASED DEMAND FOR LONG-TERM WATER SUPPLIES				
1) The proposed project is inconsistent with water supply policies in the Urban Area General Plan.	☐	☐	☐	☒
2) Water demand for the proposed project will exceed estimates for similar projects or for development on the project site anticipated in the Urban Area General Plan or sufficient water supplies are not otherwise available to serve the project from existing entitlements and resources.	☐	☐	☐	☒
3) The proposed project would deplete groundwater supplies to a greater degree than anticipated in the Urban Area General Plan or would interfere with groundwater recharge.	☐	☐	☐	☒

Discussion:

(1-3) The proposed project is a code amendment and rezone that shifts the emphasis of development from use to building form and adds 75 blocks to the existing 42-block area of the Redevelopment Master Plan that is regulated by the Downtown Core zone. Most of the new development expected to occur is higher density than that typical of the rest of Modesto. Approximately 60 percent of urban water use is for landscape irrigation, thus water use for new development in the Downtown Form-Based Code area can be expected to reduce water use up to 60 percent, as compared to that anticipated from conventional new development. Some new residences are expected to have small landscaped yards (townhouse, live-work), however, most new residences would not be expected to have significant landscaping that would require irrigation. Successful implementation of the Downtown Form-Based Code in an existing developed part of Modesto would reduce the amount of land that would require irrigation, thus reducing expected water use from new residential development.

6. INCREASED DEMAND FOR SANITARY SEWER SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on sanitary sewer services after application of mitigations/policies:

Direct Impacts

Effect: Development resulting from implementation of the Urban Area General Plan will require substantial new sewage treatment and disposal capacity, treatment plant improvements, sewer mains and collection lines, and pump stations. The Wastewater Master Plan anticipates the need for these facilities and its EIR evaluates the impact of developing those facilities. Potential impacts include degradation of water quality through erosion and chemical releases; localized flooding; construction noise; exposure of construction workers and the public to hazardous materials; and on the habitat of the elderberry longhorn beetle, burrowing owl, and Swainson's hawk, as well as certain other regulated habitats. All of these impacts are mitigated to a less-than-significant level.

Additional impacts that are not mitigated to a less-than-significant level include loss of farmland cause by construction of the Phase IA tertiary treatment facility at the Jennings Road Secondary Treatment Facility, an increase in pollutant loads from increased wastewater flows to the San Joaquin River, and an increase in noise and criteria air pollutants due to construction activities, including traffic.

Cumulative Impacts

Effect: No additional cumulative impacts were identified in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Sewer service mitigation measures pertinent to the proposed project are found on pages V-6-3 through V-6-8 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes General Plan Mitigation Measures SS-4, SS-7, SS-8, SS-11, SS-12, SS-19, and SS-21 and Mitigation 4.8-1 from the RDA Program EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-6.B of the Master EIR discloses impacts on the Increased Demand for Sanitary Sewer Service resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
6. INCREASED DEMAND FOR SANITARY SEWER SERVICES				
1) The proposed project is inconsistent with wastewater policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project will generate sewage flows greater than those anticipated in the Urban Area General Plan for the project site.	☐	☐	☐	☒
3) The proposed project will result in a determination by the wastewater treatment provider which serves or may serve the project that it has inadequate capacity to serve the project's projected demand in addition to the provider's existing commitments.	☐	☐	☐	☒

Discussion:

(1-3) As noted in Section II of this document, maximum development is limited to the Community Development Policies of the General Plan. Consequently, no impacts greater than those disclosed in the 2008 General Plan Master EIR are expected to occur, although the location of development during the life of the general plan may be better balanced between new and existing parts of Modesto. Adequate sewer treatment capacity exists for all development expected during that same period. The proposed project would, therefore, also be consistent with sewer service Mitigation Measures in the General Plan Master EIR, which include SS-4, SS-7, SS-8, SS-11, SS-12, SS-19, and SS-21 and Mitigation 4.8-1 from the Redevelopment Master Plan Program EIR.

7. LOSS OF SENSITIVE WILDLIFE AND PLANT HABITAT

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on sensitive wildlife and plant habitat expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant impacts on sensitive wildlife and plan habitat are expected to occur with the application of the policies contained in the Urban Area General Plan.

Cumulative Impacts

Effect: Implementation of the Urban Area General Plan will contribute to the cumulative impact of habitat loss in the San Joaquin Valley. Requiring density development than has occurred in the past or that is expected in the future would minimize the City's contribution to the cumulative loss of habitat. Nonetheless, this is a significant and unavoidable impact.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Wildlife and plant habitat mitigation measures pertinent to the proposed project are found on pages V-7-17 through V-7-24 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

No mitigation is needed.

c. Project-Specific Effects

Section V-7.B of the Master EIR discloses impacts on the Loss of Sensitive Wildlife and Plant Habitat resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
7. LOSS OF SENSITIVE WILDLIFE AND PLANT HABITAT				
1) The project is inconsistent with the policies pertaining to the loss of sensitive wildlife and plant habitat contained in the Urban Area General Plan.	☐	☐	☐	☒
2) Consultation with the California Department of Fish and Game or the U.S. Fish and Wildlife Service determines that the project would have a significant effect on a candidate, sensitive, or special status species in excess of the impact disclosed in the Master EIR.	☐	☐	☐	☒
3) The proposed project would have a substantial adverse effect on federally protected wetlands as defined by Section 404 of the Clean Water Act through direct removal, filling, hydrological interruption, or other means, in excess of the impact disclosed in the Master EIR.	☐	☐	☐	☒
4) The proposed project would substantially interfere with the movement of any native resident or migratory fish or wildlife species or with established native resident or migratory wildlife corridors, or impede the use of native wildlife nursery sites.	☐	☐	☐	☒
5) Conflict with local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.	☐	☐	☐	☒
6) The proposed project would conflict with provisions of an adopted habitat conservation plan, natural community conservation plan, or other approved local, regional, or state habitat conservation plan.	☐	☐	☐	☒

Discussion:

(1-6) As shown on Figure V-7-1 of the 2008 Urban Area General Plan Master EIR, the 75-block project area lies well outside of riparian areas and other sensitive habitat areas. The proposed project is anticipated to have no impact on wetlands, sensitive habitats or species, or on the movement of migratory species. The project would not conflict with any policies or ordinances pertaining to sensitive habitat or species or biological resources. There are no habitat conservation plans or natural community conservation plans and so none would be affected. Furthermore, the extent to which development is redirected from the edges of Modesto into downtown, impacts on habitat would be reduced or avoided. No mitigation measures are necessary.

8. DISTURBANCE OF ARCHAEOLOGICAL/HISTORICAL SITES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on archaeological/historical sites expected after application of mitigations/policies:

Direct Impacts

Effect: Modification resulting in a substantial adverse change in the significance of a historic resource or the demolition of a listed or eligible historic resource.

Effect: The modification or demolition of a structure more than 50 years in age may be significant.

Effect: Discovery of archaeological resources in areas outside of the riparian corridors, as a result of construction activities.

Effect: Construction in an area of high archaeological sensitivity.

Cumulative Impacts

Effect: No additional cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Archaeological or historic mitigation measures pertinent to the project being analyzed in this Initial Study are found on page V-8-16 through V-8-20 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

The proposed project is intended to implement General Plan Master EIR Mitigation Measure AH-5. Modesto has a historic resources inventory, in compliance with AH-8. General Plan Master EIR and RDA Program EIR Mitigation Measures that will be applied to new development regulated by the proposed Downtown Form-Based Code include: AH-1, AH-2, AH-3, AH-6, AH-7, AH-12, and Measure 4.6-1. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-8.B of the MEIR discloses impacts on archaeological/historical resources resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
8. DISTURBANCE OF ARCHAEOLOGICAL/ HISTORICAL SITES				
1) The proposed project is inconsistent with the archaeological/historical resource policies in the Urban Area General Plan.	☐	☐	☒	☐
2) The proposed project would demolish a building eligible for listing as a historic resource or remove a landmark from the Modesto inventory.	☐	☐	☐	☒
3) The proposed project would modify or demolish a structure more than 50 years in age.	☐	☐	☒	☐
4) The project would adversely affect a cultural resource that is either listed or eligible for listing in the California Register of Historical Resources.	☐	☐	☐	☒
5) Conflict with local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.	☐	☐	☐	☒

Discussion:

The proposed project specifically seeks to preserve historic resources, implementing General Plan Master EIR Mitigation Measure AH-5. To assist in the evaluation of potentially historic resources, Modesto also has a historic resources inventory, consistent with Mitigation Measure AH-8. As identified in Section II of this document, the proposed project is an Anticipated Future Project of the General Plan Master EIR and was prepared in compliance with the Redevelopment Master Plan, which has been found to be within the scope of the General Plan.

(1-4) Building footings are expected to be no deeper than the depth to which soil is currently disturbed by footings and infrastructure and the project area lies outside the archaeological resource area, therefore no impacts greater than those disclosed in the 2008 General Plan Master EIR are expected to occur. New development regulated by the proposed project would be subject to General Plan Master EIR Mitigation Measures AH-1, AH-2, AH-3 AH-6, AH-7, and AH-12.

(5) City policies that protect biological resources are in Chapter V, Section 7, of the Master EIR. The area affected by the proposed project lies outside biological resource areas and is expected to have no impact on those areas. Mitigation Measure 4.6-1 from the Redevelopment Master Plan Program EIR, addressing potential paleontological resources will also be applied.

9. INCREASED DEMAND FOR STORM DRAINAGE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on storm drainage expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: The population of Stanislaus County is projected to increase in a fashion similar to that of Modesto, resulting in additional urban development and associated increases in impervious surface area and associated increases in storm water runoff. Cumulative hydrologic impacts of storm water flows from Modesto urban areas and other areas of the County could occur due to the fixed capacity of MID and TID irrigation canals to convey drainage west to the San Joaquin River. If drainage channels in some areas prove insufficient to handle the increased drainage discharges, existing storm water runoff from urban and agricultural areas during large storm events would have to be interrupted until water levels receded to a point allowing the resumption of discharges to the channel. Ceasing discharges to drainage channels could cause inundation in and around the drainage conveyance pipeline systems, surface drainage channels, detention basins, and other urban areas. This cumulative impact is considered significant and unavoidable.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Storm Drainage mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-9-4 through V-9-9. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes General Plan Mitigation Measures SD-2, SD-3, SD-4, SD-5, SD-7, SD-9, and SD-11 from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-9.B of the MEIR discloses impacts on the demand for storm drainage resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
9. INCREASED DEMAND FOR STORM DRAINAGE				
1) The proposed project is inconsistent with the storm drainage policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would substantially increase the rate or amount of surface runoff in a manner that would result in flooding on- or offsite, as compared to impacts anticipated to result from the Urban Area General Plan or create substantial unanticipated sources of polluted runoff.	☐	☐	☐	☒
3) The proposed project does not utilize Low Impact Development strategies to reduce runoff from the site and increase infiltration, resulting in no net increase in runoff before and after development.	☐	☐	☐	☒

Discussion:

(1-3) The project area is extensively developed and is more than 85 percent covered with impermeable surfaces. The amount of impermeable surface could increase somewhat as development occurs, but the amount would not be substantial and areas of downtown Modesto that currently have relatively large amounts of permeable surface, such as the proposed Traditional Neighborhood and East Neighborhood Downtown zones, would continue to have approximately the same amount of permeable surface for the foreseeable future, based on the regulations in the proposed Downtown Form-Based Code. New development will not significantly increase the amount or rate of runoff or cause flooding, as compared to existing conditions. The City will be responsible for approving the design of new infrastructure and ensuring that new development is consistent with Low Impact Development policies. No additional impact is expected, as compared to that disclosed in the General Plan Master EIR. Nevertheless, General Plan Mitigation Measures SD-2, SD-3, SD-4, SD-5, SD-7, SD-9, and SD-11 will be applied to new development, as appropriate.

10. FLOODING AND WATER QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on flooding and water quality expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Flooding and Water Quality mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-10-6 through V-10-9 of the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes Mitigation Measures FWQ-2, FWQ-4, FWQ-11, FWQ-12, FWQ-13, and FWQ-15 from the General Plan Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-10.B of the Master EIR provides analysis of Flooding and Water Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
10. FLOODING AND WATER QUALITY				
1) The proposed project is inconsistent with the flooding and water quality policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project does not comply with the regulatory requirements of the federal Clean Water Act or the State Porter-Cologne Act.	☐	☐	☐	☒
3) The proposed project would place more housing within a 100-year flood hazard zone than assumed in the Urban Area General Plan.	☐	☐	☐	☒
4) The proposed project would place structures within a 100-year flood hazard area so that they would impede or redirect floodwater or would substantially alter the existing on-site drainage pattern or a watercourse, in such a way as to cause flooding on- or offsite.	☐	☐	☐	☒
5) The proposed project does not comply with Modesto's Guidance Manual for New Development Storm Water Quality Control Measures.	☐	☐	☐	☒
6) The proposed project would violate water quality standards or waste discharge requirements.	☐	☐	☐	☒
7) The proposed project would substantially alter the existing drainage pattern of the site or area or a watercourse in a manner that would result in substantial erosion or siltation on- or offsite in excess of the assumptions of the Urban Area General Plan.	☐	☐	☐	☒
8) The proposed project would create or contribute runoff, which would exceed the capacity of existing or planned storm water drainage systems or provide substantial additional sources of polluted runoff, not expected as part of Urban Area General Plan implementation.	☐	☐	☐	☒

Discussion:

(1-8) The 75-block Downtown Form-Based Code expansion area lies entirely outside the 100- and 200-year floodplains and is fully urbanized. Therefore, new development would not be expected to significantly increase impervious surfaces or runoff or alter drainage patterns or create new erosion in the project area, although some changes may occur. All new development regulated by the proposed project will be required to comply with Modesto's Guidance Manual for New Development Storm Water Quality Control Measures. The proposed project will comply with Mitigation Measures FWQ-2, FWQ-4, FWQ-11, FWQ-12, FWQ-13, and FWQ-15 in the General Plan Master EIR.

11. INCREASED DEMAND FOR PARKS AND OPEN SPACE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on parks and open space expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Parks and open space mitigation measures pertinent to the proposed project are found on pages V-11-3 through V-11-9 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

The proposed project complies with the General Plan. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-11.B of the MEIR discloses impacts of the Urban Area General Plan on parks and open space. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
11. INCREASED DEMAND FOR PARKS AND OPEN SPACE				
1) The proposed project is inconsistent with the parks and open space policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would eliminate parks or open space.	☐	☐	☐	☒
3) The proposed project would cause an increase in the use of existing neighborhood and regional parks or other recreational facilities such that substantial physical deterioration of the facility in question would occur or be accelerated or the proposed project would include recreational facilities or require the construction or expansion of recreational facilities which might have an adverse physical effect on the environment.	☐	☐	☐	☒

Discussion:

As identified in Section II of this document, the proposed project is consistent with Anticipated Subsequent Projects II.C-10 (Redevelopment Plan) and II.C-5 (Zoning) from the General Plan Master EIR. The proposed code amendment has been prepared in compliance with the Redevelopment Master Plan, which has identified as being within the scope of the General Plan, and the maximum development is limited to the Community Development Policies of the General Plan. Therefore, the proposed project is within the scope of the General Plan Master EIR.

(1-3) In accordance with the General Plan and with regard to acreage, service area, location and street frontage standards, the existing parks in the Baseline Developed Area, which includes the Redevelopment Area, are considered adequate to serve anticipated population growth. No parks or open space will be eliminated as part of the project and no development greater than that assumed in the 2008 General Plan is allowed at this time. Therefore, the project will result in no impacts greater than those disclosed in the General Plan Master EIR. Parks and open space serving the area include Graceada, McClatchey, Moose, Beardbrook, the County Courthouse, and Tuolumne River Regional Park. The proposed project complies with the general plan and no additional mitigation is necessary.

12. INCREASED DEMAND FOR SCHOOLS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on school facilities expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR. By statute, the impact of new students is considered to be mitigated below a level of significance by payment of school impact fees and the exercise of any or all of the financing options set out in Government Code Section 65997.

Cumulative Impacts

Effect: Similar to direct impacts of implementation of the Urban Area General Plan, no residual significant direct impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. As long these policies are applied to all subsequent projects, no new mitigation is necessary. Further, payment of school impact fees and compliance with SB 50 is statutorily deemed to be full mitigation of school impacts (Government Code Section 65995).

The following schools mitigation measures on pages V-12-5 through V-12-7 of the Master EIR are pertinent to the proposed project. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures are listed in Section V, Mitigation Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes General Plan Master EIR Mitigation Measures S-3 and S-8. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-12.B of the Master EIR discloses impacts resulting from implementation of the Urban Area General Plan associated with increased demand for schools. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
12. INCREASED DEMAND FOR SCHOOLS				
1) The proposed project is inconsistent with the policies relating to schools in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project does not comply with SB 50/Proposition 1A funding provisions, or succeeding measures which state that compliance results in less-than-significant impacts on schools.	☐	☐	☐	☒

Discussion:

(1-2) Modesto is represented on Modesto City Schools' Facilities Planning Committee, consistent with General Plan Mitigation Measures S-3 and S-8. Communication between the City of Modesto and Modesto City Schools is ongoing. General Plan Mitigation Measure S-10 will continue to be applied to new development to ensure compliance with SB 50/Proposition 1A.

13. INCREASED DEMAND FOR POLICE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on police services expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Police services mitigation measures pertinent to the proposed project are found on pages V-13-2 through V-13-5 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes General Plan Master EIR Mitigation Measures PS-8 and PS-9 (including PS-10, PS-11, PS-12, PS-13, PS-14, and PS-15 as appropriate). No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-13.B of the Master EIR discloses impacts on police services resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
13. INCREASED DEMAND FOR POLICE SERVICES				
1) The proposed project is inconsistent with policies relating to police services in the Urban Area General Plan.	☐	☐	☒	☐
2) The proposed project would result in the need for new or significantly altered facilities not considered as part of the Urban Area General Plan or Master EIR which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times, or other performance objectives.	☐	☐	☒	☐

Discussion:

As indicated in Section II of this document, the proposed code amendment and rezone is consistent with Anticipated Subsequent Projects II.C-10 (Redevelopment Plan) and II.C-5 (Zoning) from the General Plan Master EIR. The Downtown Form-Based Code has been prepared in compliance with the Redevelopment Master Plan, which is identified as being within the scope of the General Plan. Maximum development is limited to the Community Development Policies of the General Plan. Therefore, the proposed project is within the scope of the General Plan Master EIR.

(1-2) The project is expected to have no impact on policing services, since development potential under the current zoning code and the proposed project are both limited to the assumptions in the General Plan. All new development must comply with General Plan Mitigation Measures PS-8 and PS-9 (including PS-10, PS-11, PS-12, PS-13, PS-14, and PS-15, as appropriate).

14. INCREASED DEMAND FOR FIRE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on fire services expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Fire Services mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-14-4 through V-14-7 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

No mitigation is required.

c. Project-Specific Effects

Section V-14.B of the Master EIR discloses impacts on fire services resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
14. INCREASED DEMAND FOR FIRE SERVICES				
1) The proposed project is inconsistent with the fire service policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would result in the need for new or significantly altered facilities not considered as part of the Urban Area General Plan or Master EIR which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times, or other performance objectives.	☐	☐	☐	☒
3) The proposed project, based upon substantial evidence, would cause the erosion or elimination of fire protection services in adjoining fire protection districts.	☐	☐	☐	☒

Discussion:

As noted in Section II of this document, the proposed project is an Anticipated Subsequent Project as described in Sections II.C-10 (Redevelopment Plan) and II.C-5 (Zoning) of the General Plan Master EIR. The proposed project was prepared in compliance with the Redevelopment Master Plan, which is within the scope of the General Plan. Maximum development is limited to the Community Development Policies of the General Plan. Therefore, the proposed project is within the scope of the General Plan Master EIR.

(1-3) Because the proposed Downtown Form-Based Code would not result in development greater than assumed in the 2008 General Plan, no impacts to fire service or fireflows is anticipated. Furthermore, increasing the intensity of development will put more people and businesses within a shorter response radius of fire services, resulting in improved service.

15. GENERATION OF SOLID WASTE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on solid waste expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Solid waste mitigation measures pertinent to the proposed project are found on pages V-15-4 through V-15-7 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project.

Discussion:

No mitigation measures are required.

c. Project-Specific Effects

Section V-15.B of the Master EIR discloses solid waste impacts resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
15. GENERATION OF SOLID WASTE				
1) The project is inconsistent with the solid waste policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The County is unable to expand its solid waste disposal capacity, as expected, causing all new development to result in cumulative impacts on the County's disposal capacity.	☐	☐	☐	☒

Discussion:

As indicated in Section II of this document, the proposed project is consistent with Anticipated Subsequent Projects II.C-10 (Redevelopment Plan) and II.C-5 (Zoning) from the General Plan Master EIR. The Downtown Form-Based Code was prepared in compliance with the Redevelopment Master Plan, which is within the scope of the General Plan. Maximum development is limited to the Community Development Policies of the General Plan and is therefore within the scope of the General Plan Master EIR.

(1-2) Because the proposed Downtown Form-Based Code would not result in development greater than assumed in the 2008 General Plan, no impacts related to solid waste generation or disposal are anticipated. Solid waste may be reduced as compared to conventional new development because there would be very little yard waste associated with new development in the Downtown area.

16. GENERATION OF HAZARDOUS MATERIALS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts regarding hazardous materials expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Hazardous materials mitigation measures pertinent to the proposed project are found on pages V-16-8 through V-16-13 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

No mitigation measures are required.

c. Project-Specific Effects

Section V-16.B of the Master EIR discloses impacts on hazardous materials resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
16. GENERATION OF HAZARDOUS MATERIALS				
1) The project is inconsistent with the hazardous materials policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school.	☐	☐	☐	☒
3) The proposed project would be located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would create a significant hazard to the public or the environment.	☐	☐	☐	☒
4) The proposed project would be constructed on a contaminated site not known to the State of California as of March 2008.	☐	☐	☐	☒

Discussion:

As indicated in Section II of this document, the proposed code amendment and rezone is consistent with Anticipated Subsequent Projects II.C-10 (Redevelopment Plan) and II.C-5 (Zoning) from the General Plan Master EIR. Maximum development is limited to the Community Development Policies in the General Plan, therefore, the proposed project is within the scope of the General Plan Master EIR.

(1-2) The proposed project will have no effect on the applicability of the City's hazardous materials policies. All future new development will be required to comply with applicable mitigation measures in the Master EIR. No impact greater than that disclosed in the General Plan Master EIR would be anticipated to occur as a result of the project.

(3-4) As each development application is processed, the applicant is required to disclose whether the project is located on a known contaminated site. Master EIR Mitigation Measure HM-5 is applicable to all sites that might be contaminated, but which are not included on the list maintained by the State of California.

17. GEOLOGY, SOILS, AND MINERAL RESOURCES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts related to geology, soils, and mineral resources expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Geology, soils, and mineral resource mitigation measures pertinent to the proposed project are found on pages V-17-9 and V-17-10 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of the proposed project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

No mitigation measures are required.

c. Project-Specific Effects

Section V-17.B of the Master EIR discloses geology, soils, and mineral resource impacts resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
17. GEOLOGY, SOILS, AND MINERAL RESOURCES				
1) The project is inconsistent with policies relating to geology, soils, and mineral resources contained in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would expose people or structures to potential substantial adverse effects including the risk of loss, injury, or death involving fault rupture, strong seismic activity; location on an expansive soil; result in the loss of topsoil; location on soils incapable of adequately supporting the use of septic tanks or alternative wastewater disposal systems in areas where sewers are not available for the disposal of wastewater; result in the loss of known mineral resources that would be of value to the region and the state; or result in the loss of availability of a locally important mineral resource recovery site delineated on a local general plan, specific plan, or other land use plan.	☐	☐	☐	☒

Discussion:

As indicated in Section II of this document, the proposed project is consistent with Anticipated Subsequent Projects II.C-10 (Redevelopment Plan) and II.C-5 (Zoning) from the General Plan Master EIR. Maximum development is limited to the Community Development Policies of the General Plan and is thus within the scope of the General Plan Master EIR.

(1) The proposed project is not located in an area to which General Plan mitigations relating to geology, soils, and mineral resources are applied.

(2) Geologic hazards present a fairly uniform level of risk across the 2008 General Plan area. Therefore, known hazards expected to occur in the downtown area are similar to hazards expected throughout Modesto and no impacts greater than those disclosed in the General Plan Master EIR would be expected to occur.

18. ENERGY

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts pertaining to energy expected after application of mitigations/policies:

Direct Impacts

Effect: Continued development in the Planned Urbanizing Area would have an impact on available energy supplies. Energy consumption likely would increase substantially by 2025 as a result of implementation of the Urban Area General Plan.

Cumulative Impacts

Effect: Implementation of the Urban Area General Plan will have a cumulatively considerable impact on energy consumption.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following energy mitigation measures pertinent to the proposed project are found on pages V-18-2 through V-18-8 in the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

The project implements General Plan Master EIR Mitigation Measures E-6, E-8, E-9, E-10, E-11, E-12, and E-31. General Plan Master EIR Mitigation Measures E-2, E-3, E-4, E-5, and E-41 will be applied to new development. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-18.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on energy resources. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
18. ENERGY				
1) The proposed project is inconsistent with policies relating to energy in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would result in energy consumption during construction, operation, maintenance, or removal that is more wasteful, inefficient, and unnecessary than assumed in the Urban Area General Plan.	☐	☐	☐	☒

Discussion:

The proposed code amendment and rezone is an Anticipated Subsequent Project of the General Plan Master EIR, as described in Sections II.C-10 (Redevelopment Plan) and II.C-5 (Zoning) of the Master EIR. The code was prepared in compliance with the Redevelopment Master Plan, which is identified as being within the scope of the General Plan, and the maximum development scenario is limited to the Community Development Policies of the General Plan and thus is within the scope of the General Plan Master EIR. The proposed project has as its purpose the implementation of General Plan Mitigation Measures E-6, E-8, E-9, E-10, E-11, E-12, and E-31.

(1) As under the existing conditions, development that occurs regulated by the proposed Downtown Form-Based Code must comply with General Plan Mitigation Measures E-2, E-3, E-4, E-5, and E-41.

(2) There is no reason to expect that energy used during construction, operation, or maintenance of buildings under the proposed code would be different from construction, operation, or maintenance of buildings constructed under the existing zoning code. No additional impact on energy consumption is anticipated to occur, as compared to that disclosed in the 2008 General Plan.

19. EFFECTS ON VISUAL RESOURCES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on visual resources expected after application of mitigations/policies:

Direct Impacts

Effect: New development in the Planned Urbanizing Area will occur in areas that are in agricultural production or are otherwise lightly developed, which could lead to the introduction of light and glare in areas that have little nighttime illumination.

Cumulative Impacts

Effect: No additional cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following visual resources mitigation measures pertinent to the proposed project are found on pages V-19-3 and V-19-4 in the Master EIR. All mitigation measures appropriate to the proposed project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

The appropriate mitigation to be applied to new development regulated by the proposed code amendment includes General Plan Master EIR Mitigation Measures VR-3 and VR-4. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-18.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on energy resources. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
19. EFFECTS ON VISUAL RESOURCES				
1) The proposed project is inconsistent with policies relating to visual resources in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would degrade views from riverside areas and parks to a greater degree than assumed in the Urban Area General Plan.	☐	☐	☐	☒
3) The proposed project would degrade views of riverside areas from public roadways and nearby properties to a greater degree than assumed in the Urban Area General Plan.	☐	☐	☐	☒

Discussion:

The proposed project is an Anticipated Subsequent Project as described in Sections II.C-10 (Redevelopment Plan) and II.C-5 (Zoning) of the Master EIR, as noted in Section II of this document. The Downtown Form-Based Code was prepared in compliance with the Redevelopment Master Plan, which is within the scope of the General Plan, and maximum development is limited to the Community Development Policies of the General Plan. Therefore, the project is within the scope of the General Plan Master EIR.

(1) Development under the proposed Downtown Form-Based Code would be required to comply with General Plan Master EIR Mitigation Measures VR-3 and VR-4.

(2) Views from the Tuolumne River and Tuolumne River Regional Park are constrained by the lower elevation of the park than surrounding areas, trees along the river, and in some places by the proximity of bluffs on one or both sides of the river. The proposed project could increase the number of relatively tall buildings (3 to 5 stories) in downtown Modesto, but the area affected by the proposed project lies well away from the river and park and would most likely not be visible from the river and park.

(3) Although downtown Modesto is adjacent to Tuolumne River Regional Park, the area affected by the Downtown Form-Based Code is not near enough the Tuolumne River or Tuolumne River Regional Park to affect views of the park and river from adjacent street.

20. LAND USE AND PLANNING

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts pertaining to land use and planning expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following land use and planning mitigation measures pertinent to the proposed project are found on pages V-20-6 through V-20-17 in the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

The proposed project is intended to implement General Plan Master EIR Mitigation Measures LUP-41, LUP-42, LUP-43, LUP-44, and LUP-45. No further General Plan Mitigation Measures are required and No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-20.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on land use and planning. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
20. LAND USE AND PLANNING				
1) The proposed project is inconsistent with land use and planning policies in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project contains elements that would physically divide an established community in a way not assumed in the Urban Area General Plan.	☐	☐	☐	☒
3) The proposed project conflicts with a land use plan, policy or regulation established for the purpose of avoiding or mitigating an environmental impact by an agency that has jurisdiction over the proposed project.	☐	☐	☐	☒
4) The proposed project conflicts with an applicable habitat conservation plan or natural community conservation plan.	☐	☐	☐	☒

Discussion:

The proposed project is intended to implement General Plan Mitigation Measures LUP-41, LUP-42, LUP-43, LUP-44, and LUP-45. As indicated in Section II of this document, the proposed project is an Anticipated Subsequent Project as described in Sections II.C-10 (Redevelopment Plan) and II.C-5 (Zoning) of the Master EIR. The Downtown Form-Based Code was prepared in compliance with the Redevelopment Master Plan, which is identified as being within the scope of the General Plan. Maximum development is limited to the Community Development Policies of the General Plan, thus the project is within the scope of the General Plan Master EIR.

(1) The proposed project is consistent with Goal I.C.6, page I-5 in the Urban Area General Plan because it promotes higher density, mixed-use development to create a balanced, vibrant downtown.

(2) Downtown Modesto is laid out on a fairly consistent street grid, which promotes connectivity and short trips. The proposed project would discourage the creation of "superblocks" and encourage the retention of alleys, which will further assist with connectivity and short trips. No adverse impacts are expected to occur with the project.

(3) The proposed project is intended, in part, to improve compliance with environmental goals, such as energy use, transportation, and air quality by creating a physical environment that supports and encourages walking, bicycling, and transit use and reduces trip lengths, while discouraging automobile use to some degree. No adverse impacts are expected to occur as a result of the project.

(4) There is no habitat conservation plan or natural community conservation plan that will be affected by the proposed Downtown Form-Based Code.

21. CLIMATE CHANGE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts pertaining to climate change expected after application of mitigations/policies:

Direct Impacts

Effect: Impacts resulting from implementation of the Urban Area General Plan are not substantial enough to result in a significant direct impact on climate change, as disclosed in the Master EIR.

Cumulative Impacts

Effect: Implementation of the Urban Area General Plan will have a cumulatively considerable impact on climate change.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following climate change mitigation measures pertinent to the proposed project are found on pages V-21-7 through V-21-10 in the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

The project implements General Plan Mitigation Measures CL-3, CL-4, CL-5, CL-12, CL-13, and CL-20. General Plan Mitigation Measure CL-25 will be applied to new development. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-18.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on climate change. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
21. CLIMATE CHANGE				
1) The proposed project is inconsistent with policies relating to climate change in the Urban Area General Plan.	☐	☐	☐	☒
2) The proposed project would result in average automobile trip lengths or CO_2 emissions higher than those assumed in the Master EIR.	☐	☐	☐	☒
3) The proposed project would conflict with the Sustainable Communities Strategy or Alternative Planning Strategy that the Air Resources Board has agreed will achieve the goals of AB 32.	☐	☐	☐	☒

Discussion:

The proposed project and Modesto's focus on downtown development is intended, in part, to reduce motor vehicle trips and their length and encourage walking and bicycling in service of the goals of AB 32 and SB 375. The project implements General Plan Mitigation Measures CL-3, CL-4, CL-5, CL-12, CL-13, and CL-20. As indicated in Section II of this document, the Downtown Form-Based Code is an Anticipated Subsequent Project as described in Sections II.C-10 (Redevelopment Plan) and II.C-5 (Zoning) of the General Plan Master EIR. The proposed project has been prepared in compliance with the Redevelopment Master Plan, which is within the scope of the General Plan, and maximum development is limited to the Community Development Policies of the General Plan. Therefore, the project is within the scope of the General Plan Master EIR.

(1) As under the existing zoning code, new development under the proposed project must comply with General Plan Mitigation Measure CL-25.

(2) Development under the proposed regulations will facilitate trip length reductions by creating a physical environment that supports and encourages walking, bicycling, and transit use and reduces trip lengths, while discouraging automobile use to some degree. Compliance with a number of General Plan Mitigation Measures described in other portions of this document will reduce both vehicle miles traveled and total number of vehicle trips.

(3) The adopted Sustainable Communities Strategy encourages infill development. The proposed project is consistent with StanCOG's Sustainable Communities Strategy.

V. MITIGATION MEASURES APPLIED TO THE PROPOSED PROJECT

If the Initial Study results in the determination that a Finding of Conformance can be adopted for the proposed project Section A below applies. If the Initial Study results in the determination that a Finding of Conformance cannot be adopted and a Mitigated Negative Declaration/EIR must be prepared for the project then Section B, below applies.

A. Master EIR Mitigation Measures Applied to the Project

Pursuant to Public Resources Code Section 21157.1(c), in order for a Finding of Conformance to be made, all appropriate mitigation measures from the Master EIR shall be incorporated into the proposed project. Urban Area General Plan Policies/Master EIR mitigation measures shall be made part of the proposed project prior to approval by means of conditions of project approval or incorporation into the appropriate document or plan.

All applicable and appropriate mitigation measures have been applied to the project (see mitigation measures listed below).

B. New or Additional Mitigation Measures or Alternatives Required

Where the project's effects would exceed the significance criteria for each environmental impact category, a mitigated negative declaration or Focused EIR must be prepared. Staff has reviewed the project against the significance criteria thresholds established in the Master EIR for all impact categories in this Initial Study.

A Mitigated Negative Declaration or Focused EIR shall be prepared for the project. The following additional project-specific mitigation measures listed below are necessary to reduce the identified new significant effect:

Traffic and Circulation:

General Plan Master EIR Mitigation Measures TC-1, TC-5, TC-12, TC-13, TC-28, and TC-43 will be applied.

Degradation of Air Quality:

The project implements General Plan MEIR Mitigation Measures AQ-1, AQ-3, and AQ-4.
General Plan Mitigation Measures AQ-7, AQ-17, AQ-18, AQ-26, AQ-40, AQ-42, AQ-43, AQ-44, AQ-46, AQ-47, AQ-48, AQ-49, AQ-50, AQ-51, and AQ-52 and Mitigations 4.1-1a, 4.1-1b, and 4.1-5 from the RDA Program EIR will be applied to new development regulated by the proposed code amendment.

Generation of Noise:

General Plan Mitigation Measures N-1, N-2, N-3, N-6, and N-7 and Mitigations 4.5-1, 4.5-2, 4.5-3, 4.5-4, and 4.5-5 from the RDA Program EIR will be applied to new development regulated by the proposed code amendment.

Effects on Agricultural Lands:

The proposed project implements General Plan Mitigation Measures AL-7, AL-8, and AL-15.

Increased Demand for Long-Term Water Supplies:

No mitigation is needed.

Increased Demand for Sanitary Sewer Services:

General Plan Master EIR Mitigation Measures SS-4, SS-7, SS-8, SS-11, SS-12, SS-19, and SS-21 and RDA Program EIR Mitigation 4.8-1 will be applied to new development regulated by the proposed code amendment.

Loss of Sensitive Wildlife and Plant Habitat:

No mitigation is needed.

Disturbance of Archaeological/Historic Sites:

The proposed project implements General Plan Master EIR Mitigation Measure AH-5. Modesto has a historic resources inventory, in compliance with AH-8. General Plan Master EIR and RDA Program EIR Mitigation Measures AH-1, AH-2, AH-3, AH-6, AH-7, AH-12, and Measure 4.6-1 will be applied to new development.

Increased Demand for Storm Drainage:

General Plan Master EIR Mitigation Measures SD-2, SD-3, SD-4, SD-5, SD-7, SD-9, and SD-11 will be applied to new development regulated by the proposed code amendment.

Flooding and Water Quality:

General Plan Master EIR Mitigation Measures FWQ-2, FWQ-4, FWQ-11, FWQ-12, FWQ-13, and FWQ-15 will be applied to new development regulated by the proposed code amendment.

Increased Demand for Parks and Open Space:

No mitigation is needed.

Increased Demand for Schools:

General Plan Master EIR Mitigation Measures S-3 and S-8 will be applied to new development regulated by the proposed code amendment.

Increased Demand for Police Services:

General Plan Master EIR Mitigation Measures PS-8 and PS-9 (including PS-10, PS-11, PS-12, PS-13, PS-14, and PS-15 as appropriate) will be applied to new development regulated by the proposed code amendment.

Increased Demand for Fire Services:

No mitigation is required.

Generation of Solid Waste:

No mitigation is required.

Generation of Hazardous Materials:

No mitigation is required.

Geology, Soils, and Mineral Resources:

No mitigation is required.

Energy:

The proposed project implements General Plan Master EIR Mitigation Measures E-6, E-8, E-9, E-10, E-11, E-12, and E-31. General Plan Master EIR Mitigation Measures E-2, E-3, E-4, E-5, and E-41 will be applied to new development regulated by the proposed code amendment.

Effects on Visual Resources:

General Plan Master EIR Mitigation Measures VR-3 and VR-4 will be applied to new development regulated by the proposed code amendment.

Land Use and Planning:

The proposed project implements General Plan Master EIR Mitigation Measures LUP-41, LUP-42, LUP-43, LUP-44, and LUP-45. No additional mitigation measures are needed.

Climate Change:

The project implements General Plan Master EIR Mitigation Measures CL-3, CL-4, CL-5, CL-12, CL-13, and CL-20. General Plan Mitigation Measure CL-25 will be applied to new development regulated by the proposed code amendment.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-162

RESOLUTION ADOPTING THE TAGGING ABATEMENT PROGRAM AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE ALL NECESSARY IMPLEMENTATION DOCUMENTS

WHEREAS, there has been an influx of tagging within City limits, which sends the wrong message to residents and visitors, and

WHEREAS, despite City and volunteer efforts, the City is rapidly losing the fight against tagging and desires to implement a new Tagging Abatement Program ("Program"), and

WHEREAS, the Program is designed to identify and remove tagging quickly, and

WHEREAS, the Program will feature anti-tagging cameras, a smart phone app, public outreach and awareness, and two abatement vehicles, and

WHEREAS, the Program will be managed by a Code Enforcement Supervisor, and staffed with two Maintenance Worker I/IIs, two part-time Service and Maintenance Aides, and one Administrative Office Assistant II, dedicated to the abatement of tagging, and

WHEREAS, the total cost to implement the Program is $789,330 to be funded through General Fund Reserves, the Multi-Year Abatement Fund and Water Fund.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Tagging Abatement Program and authorizes the City Manager, or his designee, to execute all necessary implementation documents.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of May, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Madrigal, Zoslocki, Mayor Marsh
NOES:	Councilmembers:	None
ABSENT:	Councilmembers:	None

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-163

RESOLUTION AMENDING THE FISCAL YEAR 2014/2015 OPERATING BUDGET AND APPROPRIATING $789,330 TO FUND THE TAGGING ABATEMENT PROGRAM

WHEREAS, certain budgetary transactions are necessary in the amount of $789,330, in order to fund the Tagging Abatement Program ("Program"), and

WHEREAS, the Fiscal Year 2014-2015 Operating Budget must be amended as shown in **Exhibit A**, which is incorporated by reference herein,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the amendment of the Fiscal Year 2014-2015 Operating Budget as shown in **Exhibit A.**

BE IT FURTHER RESOLVED that the Director of Finance, or her designee, is hereby authorized to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of May, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION APPROVING A WILL SERVE LETTER FOR THE PROPERTY LOCATED AT 1445 N. CARPENTER ROAD (APN: 081-028-014 &015) TO CONNECT TO THE CITY OF MODESTO'S EXISTING WATER SYSTEM, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO SIGN THE WILL SERVE LETTER

WHEREAS, on May 22, 2012, the City Council approved Resolution No. 2012-202 that amended City Council Policy 5.001, and

WHEREAS, on June 5, 2012, the City Council approved final adoption of Ordinance No. 3566-C.S. amending City of Modesto Municipal Code Section 11-1.05, and

WHEREAS, both of these amendments included language which required that the City Manager, upon the recommendation of the Director responsible for utility system planning, request City Council approval for all extensions of water services into unincorporated areas, and

WHEREAS, on November 25, 2014, the City Council approved Resolution No. 2014-472 that amended City Council Policy 5.001, and

WHEREAS, on December 9, 2014, the City Council approved adoption of Ordinance No. 3611-C.S. amending City of Modesto Municipal Code Section 11-1.05, and

WHEREAS, both of these amendments included language allowing the City Manager upon the recommendation of the Director responsible for utility system planning, to approve standard agreements of service for extension of water services into certain unincorporated areas that are located within the former Del Este Water Service Area without City Council approval, and

WHEREAS, the property located at 1445 N. Carpenter Road, owned by the Islamic Center of Modesto, Inc. is located outside Modesto City limits, and outside the former service area of the Del Este Water Company, and

WHEREAS, the Islamic Center does have an existing water connection but requires an additional connection for a proposed addition to the existing worship center building, and

WHEREAS, City staff has completed an analysis and determined that it is reasonable for the City of Modesto to extend water service to this property, and

WHEREAS, it has been determined that a sufficient quantity of potable water is available for normal usage by the proposed development, and

WHEREAS, the water connection fees are paid and associated permits be obtained prior to connecting to the City water system,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Will Serve letter for the property located at 1445 N. Carpenter Road.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to sign the Will Serve letter.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of May, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION APPROVING AN OUTSIDE SERVICE AGREEMENT BETWEEN THE CITY OF MODESTO AND ISLAMIC CENTER OF MODESTO INC., A CALIFORNIA NON-PROFIT CORPORATION, FOR WATER SERVICE FOR THE PROPERTY LOCATED AT 1445 N. CARPENTER ROAD (APN: 081-028-014 &015), AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the property located at 1445 N. Carpenter Road is currently connected to the City's water system but needs an additional connection for a proposed expansion, and

WHEREAS, this property is located outside Modesto City limits, and outside the former service area of the Del Este Water Company, and

WHEREAS, if it is determined that it is reasonable for the City to extend water service to this property, and

WHEREAS, it has been determined that a sufficient quantity of potable water is available for normal usage by the proposed development, and

WHEREAS, the water connection fees will be paid and associated permits be obtained prior to beginning any on site construction, and

WHEREAS, that the property owner enters into an Outside Service Agreement for water with the City, as required for water service outside of City limits,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Outside Service Agreement for the property located at 1445 N. Carpenter Road (APN: 081-028-014 & 015).

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of May, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION APPROVING THE EASEMENT AGREEMENT WITH SAN FRANCISCO PUBLIC UTILITIES COMMISSION AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO EXECUTE THE AGREEMENT AND AUTHORIZING THE CITY CLERK TO RECORD THE AGREEMENT WITH THE STANISLAUS COUNTY RECORDER'S OFFICE

WHEREAS, JWG McHenry LLC ("Developer") is the current owner of the recently-constructed Infinity car dealership located at 4130 McHenry Avenue, and

WHEREAS, one of the conditions of approval of the project includes the widening of McHenry Avenue between Grecian Avenue and Claratina Avenue, and

WHEREAS, the Hetch-Hetchy power lines and water pipes, governed by the San Francisco Public Utility Commission ("SFPUC"), cross McHenry Avenue adjacent to the Infinity car dealership, and

WHEREAS, prior to providing a permit to the Developer to construct the road improvements over the Hetch-Hetchy water pipes, the SFPUC is requiring the City of Modesto to approve an Easement Agreement, and

WHEREAS, the Agreement requires the City of Modesto to maintain the road improvements above the water pipes, and

WHEREAS, in an effort to assist the Developer so that he can complete the required improvements, staff recommends that the City Council approve the agreement,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves this Easement Agreement dated May 26, 2015 with the San Francisco Public Utility Commission.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Easement Agreement and the City Clerk is authorized to record the agreement with the Stanislaus County Clerk Recorders Office.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of May, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION APPROVING THE ASSUMPTION OF RISK AND INDEMNITY AGREEMENT WITH JWG MCHENRY LLC AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO EXECUTE THE AGREEMENT AND AUTHORIZING THE CITY CLERK TO RECORD THE AGREEMENT WITH THE STANISLAUS COUNTY RECORDER'S OFFICE

WHEREAS, JWG McHenry LLC ("Developer") is the current owner of the recently-constructed Infinity car dealership ("Development Project") located at 4130 McHenry Avenue, and

WHEREAS, one of the conditions of approval of the Development Project includes the widening of McHenry Avenue between Grecian Avenue and Claratina Avenue, and

WHEREAS, the Hetch-Hetchy power lines and water pipes, governed by the San Francisco Public Utility Commission("SFPUC") cross McHenry Avenue adjacent to the Development Project, and

WHEREAS, prior to providing a permit to the Developer to construct the road improvements over the Hetch-Hetchy water pipes, the SFPUC is requiring the City of Modesto to approve an Easement Agreement, and

WHEREAS, the Agreement requires the City of Modesto to maintain the road improvements above the water pipes, and

WHEREAS, in an effort to assist the Developer and see that the required improvements are completed in a timely manner, the City of Modesto, by separate Resolution, has approved an Easement Agreement with the SFPUC, and

WHEREAS, because the widening of McHenry Ave. is a requirement of the Development Project, the City is requesting an agreement with the Developer which

transfers the liability associated with the SFPUC Agreement from the City of Modesto to the Developer for a period of five (5) years, and after the five year period, the liability transfers back to the City of Modesto.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Assumption of Risk and Indemnity Agreement dated May 26, 2015 with JWG McHenry LLC.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement and the City Clerk is authorized to record the Agreement with the Stanislaus County Clerk Recorder's Office.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of May, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-168

RESOLUTION AMENDING THE FISCAL YEAR 2014-2015 ANNUAL OPERATING AND CAPITAL IMPROVEMENT BUDGETS

WHEREAS, a financial analysis has been completed and it has been determined that a budget adjustment is required to the Annual and Capital Improvement Budgets of the City of Modesto for Fiscal Year 2014-2015,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the Fiscal Year 2014-2015 Annual Operating and Capital Improvement budgets as shown in **Exhibit A**, which is **attached** hereto and incorporated by reference herein.

BE IT FURTHER RESOLVED that the Director of Finance, or her designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of May, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following votes:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-169

RESOLUTION AUTHORIZING THE AWARD OF BID FOR THE PURCHASE OF ALL NINE (9) HALF-TON PICKUP TRUCKS FOR VARIOUS CITY DEPARTMENTS THROUGH THE PUBLIC WORKS DEPARTMENT, FLEET SERVICES DIVISION, TO ALBANY FORD, ALBANY, CA, FOR A TOTAL ESTIMATED COST OF $241,675

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for new vehicles and heavy equipment, through various competitive processes, with the Purchasing Division coming back to Council for award authorization. The nine (9) half-ton pickup trucks were included in the new vehicles and heavy equipment list authorized by the City Manager, and

WHEREAS, the nine (9) half-ton pickup trucks will be used by various City Departments. The six (6) replacement half-ton pick-up trucks have been subjected to a thorough evaluation and have met or exceeded the replacement criteria before being placed on the replacement list. The three (3) half-ton pick-up trucks requested by the Community Forestry Division are to support the growth in personnel that new funding has made possible, and

WHEREAS, The Purchasing Division issued RFB 1415-27 for the purchase of nine (9) half-ton pickup trucks to two-hundred and twelve (212) prospective bidders registered on the City's website under various vehicle commodity codes, two of which are local companies. Seventeen (17) companies chose to download the RFB document, and

WHEREAS, bids were formally opened in the City Clerk's office. Five (5) companies chose to respond, one of which was a local company. All five (5) companies provided a responsive and responsible bid, and

WHEREAS, based on providing the overall lowest responsive and responsible bid for all nine (9) half-ton pickup trucks, City staff recommends the award of bid to Albany Ford, Albany, CA, for an estimated total cost of $241,675, and

WHEREAS, sufficient funds are budgeted in Fiscal Year 2014-15, in account # 5409-53246-57003 and 4892-56040-57003, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. The award of bid for the purchase of all nine (9) half-ton pickup trucks for various City Departments through the Public Works Department, Fleet Services Division, to Albany Ford, Albany, CA, conforms to the Modesto Municipal Code.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid for the purchase of all nine (9) half-ton pickup trucks for various City Departments through the Public Works Department, Fleet Services Division, to Albany Ford, Albany, CA.

BE IT FURTHER RESOLVED that the Purchasing Manager or his designee to issue a purchase order for a total estimated cost of $241,675.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of May, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-170

RESOLUTION AUTHORIZING THE AWARD OF A SOLE SOURCE PROCUREMENT FOR THE PURCHASE OF MODESTO POLICE DEPARTMENT SPECIAL WEAPON AND TACTICS TEAM (SWAT) REPLACEMENT TACTICAL BODY ARMOR, TO FIRST SPEAR OF CALIFORNIA, LLC, EL SEGUNDO, CA; AND AUTHORIZING THE PURCHASING MANAGER, OR HIS DESIGNEE, TO ISSUE A PURCHASE ORDER FOR AN ESTIMATED TOTAL COST OF $52,218

WHEREAS, the Modesto Police Department Special Weapon and Tactics Team (SWAT) is currently wearing body armor that is reaching the end of its useful lifecycle, and

WHEREAS, tactical body armor has an expiration date of five years and after the expiration date, the manufacturer will not guarantee the ballistic integrity of the product, and

WHEREAS, members of the SWAT team have looked at several tactical body armor manufacturers over the past two years, and

WHEREAS, SWAT selected the Custom Siege R tactical vest because it is strong, durable, light-weight and a versatile vest, and

WHEREAS, currently, First Spear of California, LLC is both the manufacturer and sole provider of Siege R tactical vests and all of its components, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid, and

WHEREAS, however, there are exceptions to the rule set forth in the Modesto Municipal Code, and

WHEREAS, one exception, MMC Section 8-3.204(b), states whereas the Purchasing Agency's requirements can be met solely by a single article or process; the sole source procurement of Custom Siege R tactical vests for the mission requirements needed by the Modesto Police Department SWAT team for replacement tactical body armor, to First Spear of California, conforms to the Modesto Municipal Code,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of a sole source procurement for the purchase of a SWAT replacement tactical body armor, to First Spear of California, LLC., El Segundo, CA.

BE IT FURTHER RESOLVED that the Purchasing Manager, or his designee, is hereby authorized to issue a purchase order for an estimated total cost of $52,218.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of May, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2015-171

RESCINDED
Print
MAY 24 2016
THIS RESOLUTION WAS RESCINDED BY MODESTO CITY COUNCIL RESOLUTION NO. 2016-213

RESOLUTION ADOPTING CHANGES TO VARIOUS AIRPORT RATES AND FEES FOR SPECIFIC ACTIVITIES AND SERVICES AT THE MODESTO CITY-COUNTY AIRPORT EFFECTIVE JULY 1, 2015, AND RESCINDING RESOLUTION NO. 2014-19

WHEREAS, the Modesto City-County Airport (Airport) is an enterprise fund and is expected to be self-supporting. The Airport has historically adjusted Rates and Fees effective July 1st by the annual Consumer Price Index (CPI), and

WHEREAS, adjusting Airport Rates and Fees will increase revenue that will allow the airport to recover growing operational expenses incurred by the airport budget, and

WHEREAS, during the past year the CPI of the Western United States has increased 1.9%, and

WHEREAS, the Airport Advisory Committee at its April 16, 2015 meeting, recommended this 1.9% increase and various fees be forwarded onto City Council for its consideration, and

WHEREAS, a duly noticed public hearing was held by Council on May 26, 2015, at 5:30 p.m. in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which all interested persons were given the opportunity to be heard relative to the proposed changes to various rates and fees for specific activities and services at the Modesto City-County Airport.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves changes to various Airport Rates and Fees for specific activities and services at the Modesto City-County Airport as noted in **Attachment** A.

BE IT FURTHER RESOLVED that Resolution 2014-19 shall be rescinded on July 1, 2015 at 12 a.m.

BE IT FURTHER RESOLVED that this resolution shall go into effect and be in full force and operation on July 1, 2015

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of May, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

Hangar J Storage Unit	$47.50 per month
Hangar K Units 2-11	$255.50 per month
Hangar K End Unit #1	$381.50 per month
Hangar K Storage Unit	$90.50 per month
Hangar L Units 1-10	$260.50 per month
Hangar L Storage Unit	$47.50 per month

(b) Storage and P Hangars:

Hangar No. 1	....	$1,637.50 per month
Hangar No. 2	....	$1,333.50 per month
Hangar No. 3	....	$ 732.00 per month
Hangar No. 4	....	$1,246.50 per month
Hangar No. 5	....	$1,240.00 per month
Hangar No. 6	....	$ 726.50 per month
Hangar No. 7	----	$ 80.50 per month (Land Lease)
P Hangars	----	$ 67.00 per month (Land Lease)

A five percent (5%) discount will be made in any of the above rental charges when a year's lease is entered into and the year's rental charges are paid in advance.

SECTION 2 AIRPORT KEYS

(a) Two (2) hangar keys and one (1) gate key are included in initial lease

(b) $45.00 for each additional key

SECTION 3. TIE-DOWN FEES. Tie-down charges and fees at the Modesto City-County Airport/Harry Sham Field are hereby established as follows, payable in advance:

(a) Tail-in Tie-Down – Permanent, helicopter, light single and multi-engine (under 12,500 lbs.) $41.50 per month

(b) Taxi-in Tie-Down – Permanent, helicopter, light single and multi-engine (under 12,500 lbs.) $67.00 per month

(c) Taxi-in Tie-Down – Permanent, helicopter, large multi-engine (over 12,500 lbs.) $.05215 per square foot per month

(d) Taxi-in Tie-Down – Transient, helicopter/single-engine aircraft $7.50 per day

(e) Taxi-in Tie-Down – Transient, helicopter/twin-engine aircraft (under 12,500 lbs.) $9.75 per day

(f) Taxi-In Tie-Down – Transient, helicopter/twin-engine aircraft (over 12,000 lbs.) $14.00 per day

(g) Jets – $14.00 per day

A five-percent (5%) discount will be made in the rental charges set forth in subparagraphs (a), (b), and (c), above when a year's lease is entered into and the year's rental charges are paid in advance.

A volume discount may be given to Fixed Base Operators (FBO) that operate flight schools for light single and multi-engine aircraft (under 12,500 lbs.) for tie-down spaces as set forth in subsections (a) and (b) above. For every two tail-in spaces the FBO agrees to lease, one taxi-in tie-down may be leased for the same price as a tail-in tie-down.

Overnight tie-down of aircraft belonging to or in the custody or possession of a lessee at the Modesto City-County Airport/Harry Sham Field shall be subject to the normal tie-down charge as specified by this section.

SECTION 4. OFFICE SPACE. The monthly charge for office spaces at the Modesto City-County Airport/Harry Sham Field are hereby established as follows:

(a)	Old Administration Building	.....	$.92 per square foot Utilities paid by Airport
(b)	Office Building No. 1	.....	$.92 per square foot Utilities paid by tenant
(c)	Office Building No. 2	.....	$.92 per square foot Utilities paid by tenant
(d)	Hangar Office Space	.....	$.53 per square foot Utilities paid by tenant

SECTION 5. TEMPORARY USE OF AIRPORT PASSENGER TERMINAL.

Organization and service providers desiring to temporarily use the passenger terminal will be charged a daily rate:

(a) Ticket counter ..... $.092 per square foot

(b) Other areas ..... $.092 per square foot

SECTION 6. AIRCRAFT CARRYING PASSENGERS AND/OR CARGO FOR HIRE. Aircraft landing at the Modesto City-County Airport/Harry Sham Field shall pay a landing fee as follows:

(a) All light single, multi-engine aircraft and helicopters - $10.00 per landing

(b) All large single and multi-engine aircraft – $.92 per 1,000 pounds of gross weight, but not less than $10.00 per landing

(c) All transient aircraft owned and operated by individuals, companies, and corporations carrying their own products shall not be charged for the first two (2) trips per calendar months. All other trips for the same calendar month shall be charged for at the same rates applied to nonscheduled aircraft carrying cargo for hire.

(d) No landing fee shall be charged for any aircraft, which lands at the airport due to any mechanical or other emergency, except weather, provided that such emergency is reported to the Airport Control Tower prior to landing.

SECTION 7. PASSENGER FACILITY CHARGE (PFC). Commercial air carrying passengers excluding "frequent flyers" or similar airline bonus award enplaning at Modesto City-County Airport/Harry Sham Field shall pay a PFC as approved by Federal Aviation Regulations (FAR) Part 158.

(a) Enplaned passenger by airline - $4.50 per ticketed passenger.

SECTION 8. ADVERTISEMENT CALLBOARD. Firms wishing to advertise in the airport passenger terminal shall have an approved agreement with the City of Modesto. A monthly charge shall be assessed for the use of the advertisement callboard as follows

Display Size	Display Only	Display & Telephone
7.5" x 9.5"	$15.00	$25.00
7.5" x 21"	$35.00	$55.00
19" x 21"	$45.00	$65.00

SECTION 9. MODESTO CITY-COUNTY AIRPORT BASED COMMERCIAL SERVICES. Any person engaging in a commercial enterprise continually based at the Modesto City-County Airport/Harry Sham Field shall pay to the City a fee equivalent to the City Business License Fees set forth in Chapter 1 of Title 6 of the Modesto Municipal Code, except that a minimum fee of $100 will be paid for each aircraft sold, for the privilege of engaging in business in the City of Modesto and on the Airport. Said sum shall be payable at the time and in the manner provided for in Chapter 1 of Title 6 of the Modesto Municipal Code.

SECTION 10. FUEL FLOWAGE FEES. A fuel flowage fee of seven cents ($.07) per gallon of fuel sold or dispensed on the Airport shall be collected for the City of Modesto by the fuel vendors, except that reduced fuel flowage fees collected from scheduled air carriers can be negotiated for volume purchases.

SECTION 12. TEMPORARILY BASED COMMERCIAL SERVICES. Any person engaging in a commercial enterprise, temporarily based at the Modesto City-County Airport/Harry Sham Field, shall pay to the City a license fee in the sum of Two Hundred and no/100ths ($200.00) Dollars, payable in advance.

Each such operator shall also pay to the City as a minimum an additional sum of Ninety and no/100ths ($90.00) Dollars per month, or any portion thereof, payable in advance, for the privilege of using the Airport and its facilities.

SECTION 12. OFF-AIRPORT CAR RENTAL OPERATOR FEE. Off-airport operators picking up customers at the Modesto City-County Airport/Harry Sham Field will pay to the City of Modesto ten percent (10%) of gross on time mileage of vehicles rented. Additionally, the operators will be assessed a parking fee at the same rate on-airport car rental operators are charged for vehicles left in the public parking area overnight.

SECTION 13. MOTOR VEHICLE STORAGE CHARGES. Any person who parks a motor vehicle in Terminal Building Safe and Secure Parking Lot at the Modesto City-County Airport/Harry Sham Field shall pay $5.00 per day. Monthly parking in the remaining parking lots shall be Seventy-two and no/100ths ($72.00) Dollars per month (or the equivalent rate charged by the City of Modesto for monthly parking), payable in advance.

SECTION 14. PENALTIES. A five percent (5%) per month penalty charge shall be made on any of the charges and fees established by this resolution when such charges and fees are not paid within thirty (30) days after they are due and payable. No penalties will be collected on the PFC.

SECTION 15. ANNUAL ADJUSTMENT OF RENTS, FEES AND CHARGES. Commencing July 1, 2003, City Council by Resolution 93-303 established the annual adjustment of rents, fees and charges set forth in Sections 1, 2, 3 and 4 of this resolution stating that they be adjusted annually as of the first day of July.

Said rents, fees, and charges shall be adjusted in the following manner: The base for computing the adjustment is the National Consumer Price Index for the West Urban (all urban consumers), published by the United States Department of Labor, Bureau of Labor Statistics ("Index"), with a base year of 1982 – 1984 = 100 ("Beginning Index"). The Index published most immediately preceding the Adjustment Date in question ("Adjustment Index") is to be used

in determining the amount of the adjustment. If the Adjustment Index has increased over the Beginning Index, the rents, fees and charges set forth in this resolution shall be set by multiplying the rents, fees and charges set forth in this resolution by a fraction, the numerator of which is the Adjustment Index and the denominator of which is the Beginning Index.

In no case shall the minimum rents, fees and charges be less than existing approved and adopted rents, fees and charges nor shall any increase in a year be greater than five (5%) percent. If the indexes change so that the base year differs from that in effect on July 1, 2008, the Index shall be converted in accordance with the conversion factor published by the United States Department of Labor, Bureau of Labor Statistics. If the Index is discontinued or revised at any time after the effective date of this resolution, such other government index or computation with which it is replaced shall be used in order to obtain substantially the same result as would be obtained if the Index had not been discontinued or revised.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-172

RESOLUTION AUTHORIZING SUBMISSION OF THE CITY'S TRANSPORTATION DEVELOPMENT ACT (TDA) TRANSIT CLAIM FOR FISCAL YEAR 2015 - 2016 TO THE STANISLAUS COUNCIL OF GOVERNMENTS (STANCOG) IN THE AMOUNT OF $10,796,245

WHEREAS, the greatest portion of the City's funding for the Transit Service Program is made available under the Transportation Development Act (TDA), which includes Local Transportation Fund (LTF) funds and State Transit Assistance (STA) funds, and

WHEREAS, the Stanislaus Council of Governments (StanCOG) has informed the Finance Department that LTF funds have been apportioned by the State to StanCOG for allocation to public transit agencies pursuant to Article 4 of Chapter 4 of the California Public Utilities Code (PUC), and

WHEREAS, the City has prepared its TDA claim for Fiscal Year 2015-2016 pursuant to these sections of the California PUC, and

WHEREAS, the City's Transit TDA Claim for Fiscal Year 2015-2016 is $10,796,245, and

WHEREAS, the total Transit Operating Budget for Fiscal Year 2015-2016 is $18,527,880, and

WHEREAS, Council action authorizing submission of the Claim is required by StanCOG pursuant to Section 99261 of the California PUC before any TDA funding can be released to the City.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves submission of the TDA transit claim for Fiscal Year 2015-2016 to StanCOG in the amount of $10,796,245.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of May, 2015, by Councilmember Zoslocki, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-173

RESOLUTION ACCEPTING THE REPORT FOR FY2014-2015 WATER CONSERVATION STRATEGIES IN CITY OF MODESTO PARKS

WHEREAS, the Governor of the State of California has declared a Drought State of Emergency and the State Water Board has prepared guidelines for local agencies to implement, and

WHEREAS, the City of Modesto has declared that Stage II Drought requirements are now being implemented, and

WHEREAS, the City of Modesto's overall potable water use has been reduced by 118 million gallons in its parks system since FY2012/2013 due to irrigation wells being installed and drought reduction measures being implemented which has resulted in a saving of $220,855 annually to the Parks Operations water budget, and

WHEREAS, it is projected that decreasing the watering at the parks to two days per week will result in an additional savings of 23 million gallons for an overall potable water use reduction percentage of 41% since FY2012/2013 and resulting in an overall annual water budget savings of $264,000 from FY2012/2013, and

WHEREAS, in compliance with the Stage II Drought and State of California requirements staff will implement the following water conservation strategies immediately; 1) Reduce watering in all parks, medians and parkway landscapes to two days per week except as noted; 2) All park restrooms will be cleaned and sanitized using a trigger shutoff nozzle on an as needed basis, instead of daily; 3) Parks vehicles will be washed monthly, instead of bi-weekly; 4) Parks staff will monitor park irrigation during watering hours and report leaks or necessary adjustments; 5) Mow heights to turf areas in all parks will be increased from 2.5" to 3", except on organized sports fields, and

WHEREAS, some larger parks will water one half of the park on Tuesdays and Saturdays and the other half of the park on Wednesdays and Sundays, and

WHEREAS, In the interest and concern of providing for the health and safety of the city's park users in certain parks and facilities, the following exceptions to the Drought Stage II requirements are being sought; 1) Staff requests an exemption from the Stage II Drought Requirements for John Thurman Field, Mary E. Grogan Soccer Complex and various other reservable baseball, softball and soccer fields to apply sufficient irrigation water as necessary to maintain a safe turf playing surface; 2) Staff requests an exemption from the Stage II Drought requirements to pressure wash the bleachers, walkways, picnic areas, restrooms and concession stands as necessary to maintain healthy and safe facilities, and

WHEREAS, There are approximately 26 miles of parkways with turf in the City of Modesto, and

WHEREAS, Turf irrigation in street medians/roundabouts will be turned off this summer and can be converted to groundcover with drip irrigation at a later date, and

WHEREAS, Turf strips in parkways will be limited to two days per week watering to maintain water to street trees but can be converted to groundcover with drip irrigation at a later date.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts the report for fiscal year 2014-2015 Water Conservation Strategies in City of Modesto Parks and authorizes Parks Staff to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of May, 2015, by Councilmember Gunderson, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2015-174

Print

RESOLUTION APPROVING THE ALLOCATION OF $34,000 TO IMPLEMENT THE FY2014/2015 WATER CONSERVATION STRATEGY TO REMOVE APPROXIMATELY 2 ACRES OF TURF FROM THREE (3) VILLAGE ONE CFD NEIGHBORHOOD PARKS

WHEREAS, the Governor of the State of California has declared a Drought State of Emergency and the State Water Board has prepared guidelines for local agencies to implement, and

WHEREAS, the City of Modesto has declared that Stage II Drought requirements are now being implemented, and

WHEREAS, the City of Modesto's overall potable water use has been reduced by 118 million gallons in its parks system since FY2012/2013 due to irrigation wells being installed and drought reduction measures being implemented which has resulted in a saving of $220,855 annually to the Parks Operations water budget, and

WHEREAS, it is projected that decreasing watering at the parks to two days per week will result in an additional savings of 23 million gallons for an overall potable water use reduction percentage of 41% since FY2012/2013, and resulting in an overall annual water budget savings of $264,000 from FY2012/2013, and

WHEREAS, the removal of 29 acres of irrigated turf in twenty-eight (28) neighborhood parks would result in the savings of an additional 28 million gallons of potable water use further increasing the percentage reduction of water use since FY2012/2013 by 8% for an overall potable water use reduction percentage of 49% since FY2012/2013, and

WHEREAS, these turf reductions will result in an addition $53,000 in annual water savings for an overall annual water budget savings of $317,000 from FY2012/2013, and

WHEREAS, approximately $34,000 of revenue is requested from the Village One CFD to fund approximately 2 acres of turf removal at three (3) Village One CFD Parks, and

WHEREAS, the $34,000 requested will be paid back in a reduction of $3,000 to the General Fund subsidy of parks maintenance over the next 11 years at the current water rates, and

WHEREAS, it is likely that water rates could increase over the next 11 years and this return on investment could be realized quicker.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending FY2014-2015 Capital Improvement Program Budget to appropriate $34,000 from the Village One CFD to implement the FY2014-2015 water conservation strategy to remove approximately 2 acres of turf from three (3) Village One CFD neighborhood parks and authorizes the Finance Director, or her designee, to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of May, 2015, by Councilmember Gunderson, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-175

RESOLUTION DIRECTING STAFF TO DETERMINE THE ALLOCATION OF $356,000 TO IMPLEMENT THE FY 2014-2015 WATER CONSERCATION STRATEGY TO REMOVE APPROXIMATELY 27 ACRES OF TURF FROM TWENTY-FIVE (25) GENERAL FUND NEIGHBORHOOD PARKS

WHEREAS, the Governor of the State of California has declared a Drought State of Emergency and the State Water Board has prepared guidelines for local agencies to implement, and

WHEREAS, the City of Modesto has declared that Stage II Drought requirements are now being implemented, and

WHEREAS, the City of Modesto's overall potable water use has been reduced by 118 million gallons in its parks system since FY2012/2013 due to irrigation wells being installed and drought reduction measures being implemented which has resulted in a saving of $220,855 annually to the Parks Operations water budget, and

WHEREAS, it is projected that decreasing watering at the parks to two days per week will result in an additional savings of 23 million gallons for an overall potable water use reduction percentage of 41% since FY2012/2013, and resulting in an overall annual water budget savings of $264,000 from FY2012/2013, and

WHEREAS, the removal of 29 acres of irrigated turf in twenty-eight (28) neighborhood parks would result in the savings of an additional 28 million gallons of potable water use further increasing the percentage reduction of water use since FY2012/2013 by 8% for an overall potable water use reduction percentage of 49% since FY2012/2013, and

WHEREAS, these turf reductions will result in an addition $53,000 in annual water savings for an overall annual water budget savings of $317,000 from FY2012/2013, and

WHEREAS, staff requests direction from City Council to formulate a funding plan of approximately $356,000 of revenue to fund approximately 27 acres of turf removal in twenty-five (25) General Fund Parks, and

WHEREAS, Council can direct staff to utilize General Fund Reserves to accomplish this Water Reduction Strategy, and

WHEREAS, Should Council direct staff to utilize General Fund Reserves, it authorizes the Finance Director, or her designee, to amend the Operating Budget as needed to implement the formulated plan, and

WHEREAS, the return on investment of the $356,000 requested should be paid back in a reduction of $50,000 annually to the General Fund subsidy of parks maintenance over the next 7 years at the current water rates, and

WHEREAS, it is likely that water rates could increase over the next 7 years and this return on investment could be realized quicker.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby directs staff to formulate a funding plan of approximately $356,000 to implement the FY2014-2015 water conservation strategy to remove approximately 27 acres of turf from twenty-five (25) general fund neighborhood parks and authorizes the Finance Director, or her designee, to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of May, 2015, by Councilmember Gunderson, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-177

RESOLUTION APPROVING AMENDING THE BYLAWS OF THE GOLF COURSES ADVISORY COMMITTEE

WHEREAS, the City Council has established the Golf Courses Advisory Committee ("Committee") to serve as a liaison between the general golfing community, golf organizations, and the City to promote the game of golf in the Modesto area, and

WHEREAS, the Committee Bylaws were in need of minor administrative and procedural updates, as set forth in the **attached** "**Exhibit** A", and

WHEREAS, on April 22, 2015, the Committee approved the proposed amended Bylaws and recommended they be forwarded to the City Council for final approval,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto, that it hereby approves the amended Bylaws for the Golf Courses Advisory Committee.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 2nd day of June, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

CITY OF MODESTO GOLF COURSES COMMITTEE

CONSTITUTION AND BYLAWS

ARTICLE I

DEFINITIONS

Section 1 There is created a Committee to be known and designated as the City of Modesto Golf Courses Committee.

Section 2 As used in these Bylaws, unless a different meaning clearly appears from the context:

A. "Member" shall mean a member of the Modesto Golf Courses Committee.

B. "Modesto Golf Courses Committee" and "Committee" shall mean the City of Modesto Golf Courses Committee.

C. "Modesto golf courses" shall mean Modesto Municipal Golf Course, Dryden Park Golf Course and Creekside Golf Course.

D. "Regular meeting" shall mean the ~~monthly~~ bi-monthly Committee meetings.

Section 3 The fiscal year shall coincide with the City's fiscal year, July 1 to June 30.

ARTICLE II

OBJECTIVES

Section 1 The Committee shall be responsible for promotion of the game of golf in the Modesto area.

Section 2 The Committee shall operate as an advisory body for and among organized golf clubs and the general golfing public of the City of Modesto golf courses.

Section 3 The Committee shall act as liaison between the general golfing public, golf clubs, and the City of Modesto ~~Parks, Recreation and Neighborhoods~~Community and Economic Development Department, and

A. Shall receive and consider all proposals for innovations or material changes in established procedures or the modification of the golf courses.

B. Endorse participation in golf through the Player Development Programs and Tournament activities with a special emphasis on Junior, Senior and Disabled golf.

Section 4 The Committee shall encourage, promote and maintain a high standard of sportsmanship among golfers.

Section 5 The Committee shall consider the annual budget for the Golf Enterprise Fund during the process of its preparation and make recommendations to the Director of ~~Parks, Recreation and Neighborhoods~~Community and Economic Development concerning the annual budget of the Golf Enterprise Fund, including the fees and rates to be charged for the use of golf course facilities.

Section 6 The Committee shall perform such other duties relating to the Modesto Golf Courses as may be assigned by the Director of ~~Parks, Recreation and Neighborhoods~~Community and Economic Development.

Section 7 Nothing in this article shall be deemed to invest the Committee with any supervisory powers over the actions and duties of City employees, or of any Lessee of the City, engaged in work relating to the construction, improvement, repair, maintenance or operations of the Modesto golf courses.

ARTICLE III

MEMBERSHIP

Section 1 The City of Modesto Golf Courses Committee shall consist of eleven (11) Members.

Section 2 The Members of the Committee shall reside within the city limits of the City of Modesto at the time of appointment and must maintain residence within the City at all times during their service on the Committee.

Section 3 None of the members shall hold any paid office or employment or shall be currently a contractor with the City of Modesto.

Section 4 Five (5) members of the Committee shall represent organized golf clubs at the municipal golf courses, one from each of the following clubs: Muni Niners; SIRS; Modesto Golf Club; Dryden Park Women's Club; and Creekside Golf Club. Six (6) members shall be appointed at large.

Section 5 The membership of each organized golf club shall recommend one member to represent their respective clubs, with the remaining six (6) at-large members to be approved by a majority vote of the City Council.

Section 6 The Director of ~~Parks, Recreation and Neighborhoods~~Community and Economic Development or his/her designee will serve as staff to the Committee and represent the City of Modesto, within the limits dictated by fiscal constraints.

ARTICLE IV

TERMS OF OFFICE

Section 1 The term of office shall be effective as of the first of January.

Section 2 The term of office shall be four (4) years for each Member of the Committee. Members may be re-appointed after their initial term, but in no event shall any person who has served two (2) consecutive terms on the Committee be eligible for re-appointment to the Committee. Committee members are eligible for re-appointment to the Committee after a two- (2) year absence from the Committee has transpired.

Section 3 Serving any portion of an unexpired term shall not be counted as service of one term. Members not eligible for re-appointment may continue to serve until their successors are appointed and meet all of the qualifications outlined in Article III Membership of these bylaws. No member shall serve more than a maximum of eight (8) consecutive years.

Section 4 The terms of office for the inaugural Committee will be two (2) years for five (5) members of the Committee, and four (4) years for the remaining six (6) members. Each member's term of office shall terminate on December 31 of their respective year.

Section 5 The Members of the Committee shall receive no compensation for the performance of their official duties.

Section 6 Appointments to fill vacancies on the Committee shall be handled in the same manner as original appointments. When a vacancy occurs during a term, the appointment to fill such vacancy shall be for the unexpired portion of the term.

Section 7 Members of the Committee may be removed by a majority vote of the City Council after a recommendation by the Director of ~~Parks, Recreation and Neighborhoods~~Community and Economic Development and a majority vote of the Committee. Examples of reasons for removal of a Committee Member from the Committee are:

A. Incompetence, malfeasance, misfeasance, neglect of duty, or conviction of a crime involving moral turpitude.

B. Refusal to resign from the Committee when no longer a resident of the City of Modesto.

C. Automatic removal from the Committee will be required when a member is absent from three (3) meetings within a twelve- (12) month period without official permission expressed in the official minutes.

ARTICLE V

ATTENDANCE AT MEETINGS

Section 1 It shall be the responsibility of each Member to know the dates and times of all regular meetings of the Committee. If a Member knows he or she will not be able to attend a regularly scheduled meeting, it shall be his or her responsibility to notify the Committee Chair or Staff Liaison at least forty-eight hours before the meeting, in order for the absence to be recorded as an excused absence.

Section 2 The Secretary will document when any Committee Member is late arriving for a meeting or when a Committee Member leaves a meeting before adjournment. The minutes of each meeting will list those Members in attendance, those who are excused and those who are unexcused.

ARTICLE VI

OFFICERS AND THEIR DUTIES

Section 1 Officers shall consist of Chair and Vice-chair, elected by a majority vote of the Members of the Committee. Officers shall serve a one- (1) year term commencing on January 1. The election shall be held at the January meeting, or the first meeting of the year.

Section 2 All officers shall exercise all privileges of membership, including the making of motions, seconding and debate.

Section 3 The Chair ~~shall not~~may serve consecutive terms. The Vice-chair ~~shall not~~may serve consecutive terms.

Section 4 The Chair shall preside at all meetings and appoint all sub-committees of the Committee and shall ensure that the bylaws, rules and regulations as adopted by the Committee are properly enforced. The Chair shall be an ex-officio member of all sub-committees.

Section 5 The Vice-chair shall assist the Chair in his/her duties and in the absence of the Chair shall perform all duties usually performed by the Chair.

Section 6 The ~~Parks, Recreation and Neighborhoods~~Community and Economic Development Department shall provide a staff member to serve as secretary. He/she shall keep a record of the minutes of all meetings, reports of sub-committees and such other duties as are usually performed by a secretary. He/she shall supply the Members of the Committee and any sub-committees and the Director ~~of Parks, Recreation and Neighborhoods~~Community and Economic Development and his/her designee(s) with copies of all records taken within three (3) weeks after a meeting takes place. He/she shall also assist in publicity releases concerning Committee activities.

ARTICLE VII

MEETINGS

Section 1 Regular meetings of the Committee shall be held at such times and places as from time to time may be designated by a majority vote of the Committee.

Section 2 In the event that a regular meeting falls on a holiday, the meeting shall be scheduled by a vote of the Committee. Special meetings shall be called by the Chair as necessary.

Section 3 Notices of all meetings, including an agenda, shall be given to all members of the Committee, to the City Clerk, to the City Manager, to the Director of ~~Parks, Recreation and Neighborhoods~~Community and Economic Development and to all others as provided by law. All such notices shall be furnished to the Committee in writing at least seventy-two hours prior to the time of such meeting.

Section 4 All meeting agendas will be posted at Tenth Street Place and will be available at the following public facilities: Tenth Street Place, the Main Branch of the Stanislaus County Free Library and at City of Modesto golf courses.

Section 5 All meetings shall comply with the requirements of the Ralph M. Brown Act.

Section 6 A quorum is necessary for the Committee to transact any business. A quorum shall be defined as a simple majority of active Committee members.

Section 7 All meetings of the Committee, or its standing or special sub-committees, shall be open to the public and shall be held at a public facility which is accessible in accordance with the regulations of the Americans with Disabilities Act.

ARTICLE VIII

ORDER OF PROCEEDINGS

Section 1 Sturgis' Standard Code of Parliamentary Procedure shall be the guide for parliamentary procedures in the conduct of Committee meetings.

Section 2 The order of proceedings of all meetings shall be as follows, subject to majority vote of the Members present:

A. Call to Order
B. Approval of Minutes
C. Written Communications
D. Old Business
E. New Business
F. Oral Communications
G. Matters Too Late for the Agenda
H. Adjournment

Section 3 Members of the public shall not speak unless recognized by the Chair and shall state their names and addresses before making any statement, which shall become a part of the public record. The Chair may remove any person who refuses to follow these rules or the decision of the Chair.

ARTICLE IX

AMENDMENTS

Section 1 The Constitution and Bylaws may be recommended for amendment at a regularly scheduled meeting of the Committee. A written notice containing the proposed changes shall be provided to each member at least sixty (60) days prior to the meeting. When all other conditions are met, an amendment requires a simple majority vote of the active members of the Committee.

Section 2 The Constitution and Bylaws and any future amendments shall be subject to the final approval of the City Council and shall not and are not intended to go beyond any of the powers and duties given to the Committee by the City Council.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-178

RESOLUTION ACCEPTING THE AGREEMENT WITH JOCELYN E. ROLAND, PH.D., ABPP, TO PROVIDE COUNSELING/THERAPY, AND PRE-EMPLOYMENT PSYCHOLOGICAL EVALUATION SERVICES FOR THE MODESTO POLICE DEPARTMENT; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, since January 1, 1980, the City of Modesto has provided counseling and psychological services to Modesto Police Department sworn, and

WHEREAS, the current contract will be expiring and the Modesto Police Department is seeking authorization of sole source procurement with Jocelyn E. Roland, Ph.D., ABPP, to provide counseling/therapy to all full-time regular and reserve sworn Peace Officers of the Agency, at no cost to the covered employees, and

WHEREAS, the contractor will provide mental health consultation for the Modesto Police Critical Incident Team (CIT) and SWAT activations in the field, as well as participate and assist in regular trainings with the team, and

WHEREAS, the City will pay Dr. Roland $58,000 annually for the term of this Agreement for these services, and

WHEREAS, the parties will meet January 15th of each year to review the number of employees covered under the contract, and

WHEREAS, the contractor will also provide pre-employment psychological screenings for all regular and reserve Peace Officer applicants, as well as Animal Control Officer applicantss to determine emotional and mental stability according to Government Code Section 1031 and the California Commission on Peace Officer Standards and Training (POST) Regulation 1955, and

WHEREAS, the consultant shall meet the requirements of POST Commission Regulations, and

WHEREAS, the Modesto Police Department is currently paying $425 per psychological screening, for an estimated total cost of approximately $10,000 annually, and

WHEREAS, the parties will meet January 15th of each year to review the fee cost for the pre-employment psychological screenings to discuss if there will be an adjustment due to increased costs of doing business, and

WHEREAS, Jocelyn Roland, Ph.D., ABPP, is a California licensed psychologist who specializes in providing services in the specialty area of law enforcement, public safety and forensics, and

WHEREAS, she is also the only psychologist providing all the above services in the geographic area who is Board Certified in Police and Public Safety Psychology, and

WHEREAS, Dr. Roland has extensive experience and training and can provide all services required by the Modesto Police Department, and

WHEREAS, the term of the new contract is for five (5) years with three (3) one-year extension options at the sole discretion of the City, for a total of eight (8) years and will commence on July 1, 2015, and

WHEREAS, the Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. However, there are exceptions to the rule set forth in the Modesto Municipal exception, MMC Section 8-3.204(b), which states the purchasing agencies' requirements can be met solely by a single article or process; the sole source to provide

counseling/therapy services for the Modesto Police Department, to Jocelyn E. Roland Ph.D., ABPP, conforms to the Modesto Municipal Code,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts the Agreement with Jocelyn E. Roland, Ph.D., ABPP, to provide counseling/therapy, and pre-employment psychological evaluation services for the Modesto Police Department.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 2nd day of June, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Gunderson, Kenoyer, Lopez, Madrigal, Zoslocki, Mayor Marsh

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-179

A RESOLUTION AUTHORIZING THE AWARD OF SOLE SOURCE PROCUREMENT TO PROVIDE COUNSELING/THERAPY SERVICES FOR THE MODESTO POLICE DEPARTMENT, TO JOCELYN E. ROLAND, PH.D., ABPP, FOR AN ESTIMATED TOTAL COST OF $58,000 ANNUALLY, AND PRE-EMPLOYMENT PSCYHOLOGICAL SCREENINGS FOR ALL REGULAR AND RESERVE PEACE OFFICER CANDIDATES, AS WELL AS ANIMAL CONTROL OFFICER CANDIDATES FOR AN ESTIMATED TOTAL COST OF APPROXIMATELY $10,000 ANNUALLY; AND AUTHORIZING THE PURCHASING MANAGER, OR HIS DESIGNEE, TO IMPLEMENT THE PROVISIONS OF THIS RESOLUTION

WHEREAS, since January 1, 1980, the City of Modesto has provided counseling and psychological services to Modesto Police Department sworn, and

WHEREAS, the current contract will be expiring and the Modesto Police Department is seeking authorization of sole source procurement with Jocelyn E. Roland, Ph.D., ABPP, to provide counseling/therapy to all full-time regular and reserve sworn officers of the Agency, at no cost to the covered employees, and

WHEREAS, the contractor will provide mental health consultation for the Modesto Police Critical Incident Team (CIT) and SWAT activations in the field, as well as participate and assist in regular trainings with the team, and

WHEREAS, the City will pay Dr. Roland $58,000 annually for the term of this Agreement for these services, and

WHEREAS, the parties will meet January 15th of each year to review the number of employees covered under the contract, and

WHEREAS, the contractor will also provide pre-employment psychological screenings for all regular and reserve peace officer candidates, as well as Animal Control Officer candidates to determine emotional and mental stability according to Government

Code Section 1031 and the California Commission on Peace Officer Standards and Training (POST) Regulation 1955, and

WHEREAS, the consultant shall meet the requirements of POST Commission Regulations, and

WHEREAS, the Modesto Police Department is currently paying $425 per psychological screening, for an estimated total cost of approximately $10,000 annually, and

WHEREAS, the parties will meet January 15th of each year to review the fee cost for the pre-employment psychological screenings to discuss if there will be an adjustment due to increased costs of doing business, and

WHEREAS, Jocelyn Roland, Ph.D., ABPP, is a California licensed psychologist who specializes in providing services in the specialty area of law enforcement, public safety and forensics, and

WHEREAS, she is also the only psychologist providing all the above services in the geographic area who is Board Certified in Police and Public Safety Psychology, and

WHEREAS, Dr. Roland has extensive experience and training and can provide all services required by the Modesto Police Department, and

WHEREAS, the term of the new contract is for five (5) years with three (3) one-year extension options at the sole discretion of the City, for a total of eight (8) years and will commence on July 1, 2015, and

WHEREAS, the Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. However, there are exceptions to the rule set forth in the Modesto

Municipal exception, MMC Section 8-3.204(b), which states that the purchasing agencies' requirements can be met solely by a single article or process; the sole source to provide counseling/therapy services for the Modesto Police Department, to Jocelyn E. Roland Ph.D., ABPP, conforms to the Modesto Municipal Code,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council authorizes the award of sole source procurement, in substantially the form **attached** hereto, to provide counseling/therapy services for the Modesto Police Department, to Jocelyn E. Roland, Ph.D., ABPP, for an estimated total cost of $58,000 annually, and pre-employment psychological screenings for all regular and reserve peace officer candidates, as well as Animal Control Officer candidates for an estimated total cost of approximately $10,000 annually.

BE IT FURTHER RESOLVED that the Purchasing Manager, or his designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was adopted at a regular meeting of the Council of the City of Modesto held on the 2nd day of June, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

EXHIBIT A

SCOPE OF WORK:

CONSULTANT shall provide Pre-employment Psychological Screenings ("PPE") for regular and reserve Peace Officer applicants, and Animal Control Officer applicants as requested by the CITY's Police Department. The PPE for all applicants will meet any requirements required by Government Code Section 1031(f) and the California Commission on Peace Officer Standards and Training (POST) Regulation 1955. The CONSULTANT will meet the standards of Government Code Section 1031(f) and POST Regulation 1955, specifically 1955(b). The service shall include:

1. A written report to the AGENCY which includes relevant background information, methods utilized, psychological test results and interpretations, and a specific recommendation regarding the applicant's suitability to be a Peace Officer in accordance with Government Code Section 1031(f) and POST Regulation 1955.

CONSULTANT shall provide free confidential counseling sessions to all full-time regular and reserve sworn Peace Officers of the CITY's Police Department, at no cost to the covered employee. Free counseling services will be provided to spouses, significant others and/or dependents to a maximum of three (3) sessions following which they may be referred to another suitable provider. In that event, any costs incurred for services are the employee's. This Agreement does not apply to employees currently disabled or unable to work their regularly assigned duties nor does it cover non-sworn employees. It does not cover mental health services outside of the expertise of the CONSULTANT (i.e., medication prescription, inpatient substance abuse treatment, etc.); however, CONSULTANT will assist the CITY's employee or dependent in locating the appropriate service.

CONSULTANT will provide debriefing of officers involved in shootings and other critical incidents upon the request of the Watch Commander or higher ranking command personnel. These debriefings will be conducted consistent with the CITY's policy, and generally will take place within a five (5) day period post-critical incident. CONSULTANT is available 24-hours per day to respond as needed, at the request of the Watch Commander or higher ranking command personnel, in cases where immediate assistance is required.

CONSULTANT is available 24-hours per day to respond as needed to provide mental health consultation to the Critical Incident Team (CIT) and SWAT activations in the field. CONSULTANT will participate in, and assist with, regularly scheduled trainings with the Teams.

CONSULTANT shall provide psychological support, consultation and training for the Modesto Police Department Critical Incident Stress Management Team (CISM). CONSULTANT will attend scheduled meetings with the CISM Team.

CONSULTANT will provide consultation to Management as requested.

CONSULTANT is available to provide training presentations, schedule permitting.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-180

Print

RESOLUTION AUTHORIZING THE AWARD OF A SOLE SOURCE PROCUREMENT FOR THE RENTAL OF THREE (3) DV-400C PUMPS FOR THE UTILITIES DEPARTMENT, WASTEWATER COLLECTIONS DIVISION FROM RAIN FOR RENT, STOCKTON, CA, AND AUTHORIZING THE PURCHASING MANAGER, OR HIS DESIGNEE, TO ISSUE A PURCHASE ORDER FOR A TOTAL COST NOT TO EXCEED $100,000

WHEREAS, in January 2012, West Yost Associates completed a draft of the Cannery Segregation Line (CSL) and River Trunk Diversion Plan (The Plan), and

WHEREAS, The Plan consisted of several elements: 1) a risk assessment which included a complete inspection of the CSL and a hydraulic analysis of CSL flows; 2) a temporary bypass pumping plan in the event of a CSL failure; and 3) preliminary design of permanent diversion structures, and

WHEREAS, through the use of Closed Circuit Television (CCTV) inspection and hydraulic analysis, it was determined that the risk of CSL failure is low but is a possibility, and

WHEREAS, the most likely scenario would be a washout of the bank supporting the pipeline, and

WHEREAS, in January 2015, an emergency bank repair was completed due to significant bank erosion at the Tuolumne River, and

WHEREAS, to mitigate the risk of a service disruption caused by a catastrophic failure of the CSL, the Plan included a Temporary Bypass Plan (Bypass Plan) where, in the event of a CSL failure, the Bypass Plan could quickly restore service to CSL users, and

WHEREAS, the worst-case scenario of the Bypass Plan requires three (3) very large and expensive bypass pumps capable of performing the bypass operation that the City does not own and the availability of the pumps is based on a first-come/first-serve basis, and

WHEREAS, to guarantee the availability of the bypass pumps, the Utilities Department is requesting these pumps be placed in standby at the local Rain for Rent yard during the coming CSL season, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. However, there are exceptions to the rule set forth in the Modesto Municipal Code. One exception, MMC8-3.204(b), states where as the purchasing agencies' requirements can be met solely by a single article or process: the sole source procurement for the sole source procurement of remote terminal units (RTU's) and all associated circuit boards conforms to the Modesto Municipal Code.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of sole source procurement for the rental of three (3) DV-400c pumps for the Utilities Department, Wastewater Collection Division from Rain for Rent, Stockton, CA.

BE IT FURTHER RESOLVED that the Purchasing Manager, or his designee, is hereby authorized to issue a purchase agreement for a total cost not to exceed $100,000.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 2nd day of June, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-181

A RESOLUTION APPROVING BUDGET GOALS AND BUDGET PRINCIPLES AS OUTLINED IN THE MAYOR'S BUDGET MESSAGE AND RECOMMENDED BY THE CITY COUNCIL FINANCE COMMITTEE AS PART OF THE FY 2015-2016 BUDGET DEVELOPMENT PROCESS

WHEREAS, as part of the Mayor's Proposed Budget for FY 2015-2016, the Mayor included Proposed Budget Goals and Budget Principles for the Council's consideration, and

WHEREAS, each year the City Council's Finance Committee makes recommendations regarding the upcoming Fiscal Year Operating Budget and Capital Improvement Program, and

WHEREAS, in the development of the FY 2015-2016 Operating Budget, the Finance Committee reviewed and recommended for City Council consideration the **attached** Proposed Budget Goals and Budget Principles,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Proposed Budget Goals and Budget Principles as shown in **Attachments** 4 and 5, which are incorporated by reference herein.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 2nd day of June, 2015, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

Mayor Garrad Marsh
City of Modesto
1010 Tenth Street, Suite 6200
Modesto, CA 95354
gmarsh@modestogov.com

April 29, 2015

To the Members of the Finance Committee, the City Council and the Citizens of Modesto:

It is my privilege to present to you the Proposed Fiscal Year 2015-16 (FY15-16) Budget for the City of Modesto. The Proposed Budget is in response to the continued fiscal challenges faced by the City. It reflects decisions made in a coordinated effort between the City staff, the City Manager and myself and is guided by the policy and priority direction of the City Council.

Mayor's Recommendation
I recommend that the Finance Committee forward to the City Council for adoption the Proposed Budget for FY15-16.

Challenge Change Opportunity

Introduction
Having effectively navigated through the Great Recession, Modesto is poised to build on a foundation of last year's FY14-15 balanced budget, our first balanced budget in over 15 years. Though challenges abound we recognize that success will depend on our ability to be strategic, focus on the priorities, and to leverage and invest resources in an environment of change and innovation. While improvements in revenues are occurring, Modesto's is still $27 million below 2007's Consumer Price Index adjusted receipts.

As a result, the City does not have the resources necessary to achieve the level of opportunity and quality of life that the community aspires. As City Government, we are still focused on attaining long-term fiscal sustainability and improving the level of services that will put the City in a stronger position for delivering effective and efficient services in support of the community.

The City's new Strategic Plan and the proposed FY15-16 Budget are built on the premise that we must work together with our neighborhoods, non-profits, businesses, educational community and other agencies in a network of collaboration and partnership. Modesto is moving toward the more challenging route of engaging the community and recognizing that our strength lies with the "quilt" of diverse and unique neighborhoods that make up Modesto. We are a community of Great Neighbors. This proposed budget builds on the effort to align resources, organize staff and set priorities that will support momentum to bring together and leverage the resources of our entire community with the goal of improving the quality of life and opportunity in every neighborhood.

Again this year, Modesto's budget will be balanced with revenues equaling expenses. However, the estimates for the next ten years indicate the City will struggle to even maintain the current level of

services. The initial look at this year's budget indicated a $6.3 million imbalance that has been addressed with several different strategies that do not further reduce our services.

The Strategic Plan and Goals

Modesto's Goal is to align our budget with our Strategic Plan. As such, a look at the newly adopted Strategic Plan is in order.

As approved by City Council, the City Strategic Plan provides the guiding framework and direction for resource allocation and prioritization. We have set a community vision that focuses on four major core commitments.

1. *Great Safe Neighborhoods.* A City where we all work together to ensure our neighborhoods are safe and attractive. Build on the diversity of our many neighborhoods. We engage our neighborhoods as our partners working together to achieve common goals and help make our community an even better place to live, work and play.

2. *Healthy Economy and Great Quality of Life.* A City where in partnership with other governmental agencies, nonprofits, educational agencies and business, we have jobs and educational opportunities that help our families succeed. Work with community to expand access to cultural, entertainment and recreational opportunities for youth and families.

3. *Vibrant Infrastructure and Sustainable Environment.* A City where there is a safe and efficient multi-modal network of transportation and a healthy environment that protects its natural resources and strives for long-term sustainability.

4. *Effective, Responsive and Transparent Government.* A City government of continuous improvement and effective and efficient use of resources; that is responsive to community needs while operating in a transparent and accessible environment.

Within each of the four Core Commitments we have identified initial priority goals. The next steps involve further defining and transforming those goals in to specific steps, timelines and actions that will move us forward.

The proposed FY 2016 budget, within the revenue constraints, is aligned with the Strategic Plan and we will be working to leverage and prioritize budget resources with community resources as we work together in achieving our goals.

The support of Safe Neighborhoods is the number one priority and is in need of additional City resources. We also recognize that as our collaboration and partnership with the neighborhoods grow and neighbors, community groups and organizations work with us to achieve our goals, the City must be in a position to support that partnership. Unfortunately there is not currently, nor does our 10-year forecast indicate, any available new revenues to provide for those public safety resource needs.

The current workloads, especially in Public Safety, warrant our attention. The City's Police and Fire call volumes are at the highest per officer of all agencies in the nation. Even with this limitation, the City experienced a decrease of crime levels this year. This decrease occurred in spite of our limited resources and is due to the talents and commitment of Public Safety personnel as well as new innovative techniques and strategies. To build on that trend, we believe that additional resources are

needed. In addition, targeted as part of a Safe Neighborhood Program and in conjunction with the development of broader engagement and participation by citizens within our Neighborhoods, the City can even further significantly reduce crime and put us more quickly on the road to achieving Great Safe Neighborhoods. There is much to do in defining "Safe Neighborhoods" with our neighborhood partners and community. City staff can only offer an initial proposed budget framework as a place to begin.

The Challenge

As you can see, we have lived within our means and have balanced our budget without relying on borrowing from others. The City has new leadership, a new Strategic Plan and made a wealth of achievements in the last 12 months. However, we still face a significant challenge. In my opinion, *there are not enough financial resources* to ensure we have Great Safe Neighborhoods in our City. Our citizens deserve safety.

The FY15-16 Operating Budget for the City's General Fund provides bare-minimal public safety service levels. A ten-year forecast accompanying this Budget prepared by our Finance staff, and confirmed by outside consultants, show that the City will continue to struggle financially to provide these minimal service levels.

In order to understand the magnitude of the City's needs, the Police Chief submitted the following for his department:

- One of our goals is to create and build Safe Neighborhoods. Our goal will not only require collaboration with our existing neighborhood groups such as Del Wood, College Park and La Loma but investment into our understaffed police department. As a City, it is imperative we bring back our "Beat Health" program that team-up police officers with code enforcement officers and the City attorney to vigorously go after neighborhood nuisance properties.

- We need to bring our patrol staffing levels up to 112 officers assigned to protect our streets. This is essential in order to provide them adequate time to do community policing rather than racing from one call to another. We currently have a goal of 100 officers in patrol; but, we staff between 80 to 90 officers. Our Police Department was a leader in the use of Community Service Officers (CSOs) to take reports, respond to traffic accidents and handle non-emergency calls for service. During the economic downturn, the City was forced to cut the CSOs and have since lost the ability for civilian employees to be a force multiplier for the police officers. We need additional CSOs to ensure we are responsive to our community.

- The Police Department has divided the City into four distinct area commands with a lieutenant accountable for each area. To provide those area commanders with the resources they need prevent crime rather than just respond to problems, we need an additional 16 officers, two sergeants, two code enforcement officers, two CSOs and one City attorney to make the impacts and build the neighborhoods we want to have in Modesto.

- Additionally, our traffic accidents, most notably fatal accidents have gone up by 12% in the past two years. We now only have 4 officers working traffic enforcement. In order to make our roads safe to drive on and increase safety around our schools, we need an additional 12 officers to work traffic enforcement and investigation.

- For the past several years, Modesto has fielded the only gang enforcement team in the entire County. We need additional officers and CSOs dedicated to gang awareness and prevention for our youth.

- Our detectives cannot spend the time that is necessary to ensure all cases that have workable leads are investigated and that the perpetrators are taken into custody. Our detective division needs an additional 8 detectives and a sergeant to ensure the City has one property crimes detective in each area command, as well as well as a team of detectives that are able to actively investigate human trafficking and prostitution related crimes.

- Finally as part of the anti-tagging campaign and keeping our neighborhoods free from the blight of tagging, we need a detective and one CSO to track down the perpetrators and ensure there are consequences for their actions.

Our police department has done a good job attempting to leverage existing technology to help ensure we are fully utilizing the resources we have. However, in order to move from a reactive police force to a neighborhood building department that is able to be responsive to our citizens, we need to provide more resources. Without the additional resources, our City will continue to struggle.

It is essential that we find the financial means to permanently keep Fire Station #6 open to protect the citizens in north Modesto. We currently fail to meet our 10-minute "effective force" fire response time. This means delays and increased danger to citizens trapped by hostile fire. It also means more rapidly spreading fires and increased property damage. One way or another, citizens pay for these facts – either through actual loss of lives or property; AND/OR, through increased auto and property insurance rates.

In addition, our City continues to struggle to address deferred maintenance of our public safety infrastructure. The average age of our 11 fire stations is 39 years old. Many of these stations do not meet current ADA standards and were not designed for co-ed firefighters.

I think the real question we need to ask ourselves is how we are going to meet this challenge. The State is not going to solve it for us by giving more money to local governments. The Federal government does not have programs that we can utilize to provide these public safety levels. Because of all of this, I believe the answer lies with us, the Community Leaders of Modesto to find a solution. It is our responsibility to give our citizens a safe City. How are we going to do that? It is my sincere hope and recommendation that as Modesto's leaders we need to answer this question and meet this challenge.

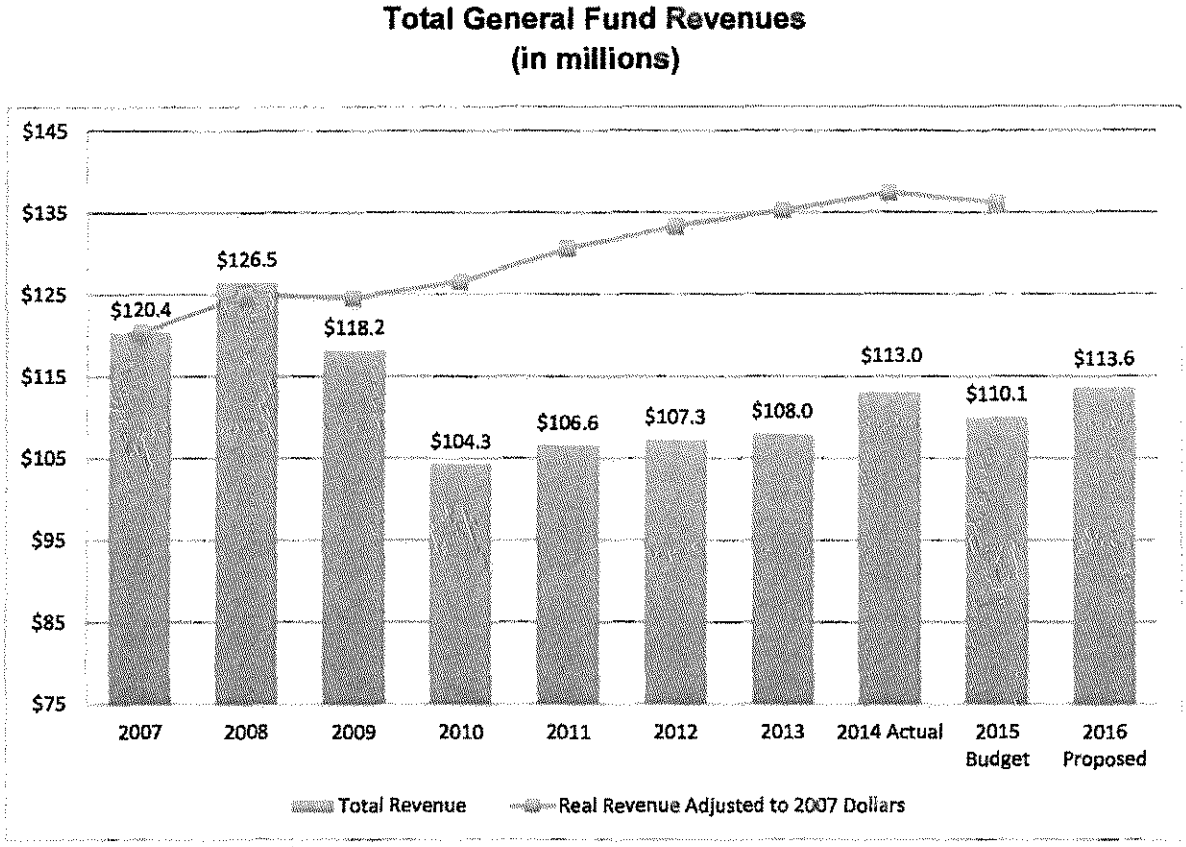
Overview of the Mayor's Proposed Budget

The total City of Modesto operating expense budget for all funds, including certain Joint Power Authorities, for FY15-16 is $367 million. There are three major funds within the City's budget: General, Water and Wastewater. There are also a number of smaller funds; examples include the Golf Fund, Modesto Centre Plaza, Storm Drainage and Airport Funds. This budget message summarizes information for our three primary funds. During the Finance Committee Workshops more information will be provided on all funds.

The General Fund

In FY15-16, it is projected that General Fund revenues (including transfers in from other funds) will be $113.7 million. This reflects an increase of $3.6 million from current budgeted amounts in FY14-15. It is

still over 10% below pre-recession amounts of $126.5 received in FY07-08. This is equal to over 18% (over $24 million behind) on a CPI adjusted basis. Revenues trends for the last 10 years are shown below:



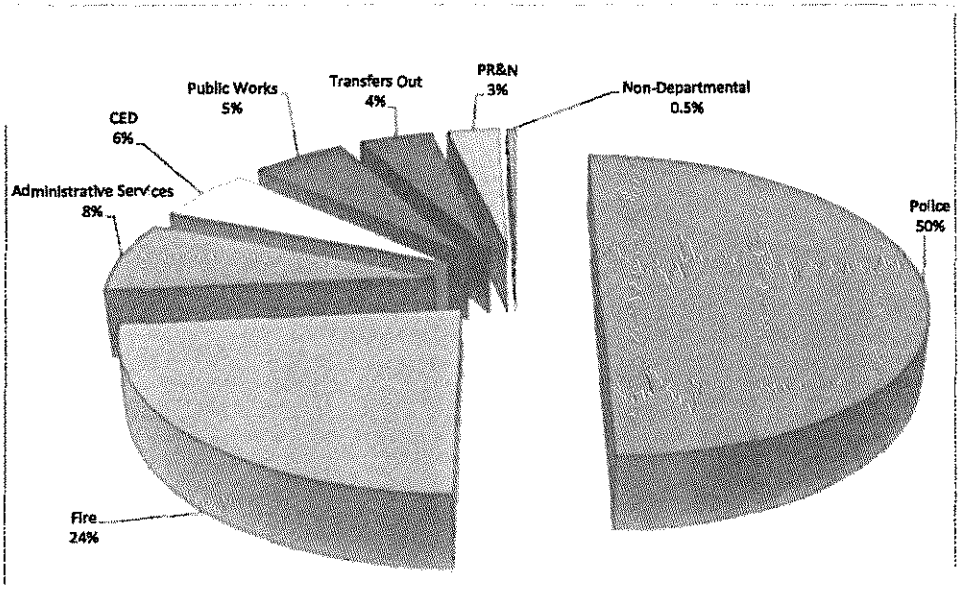
As shown in this table, the City experienced stable and slowly increasing revenues in its General Fund for the last 6 years. A large $3.4 million one-time settlement in FY13-14 pushed revenues from $109.6 to the amount shown above, which allowed the City to fund overdue one-time deferred maintenance projects. Otherwise, the City has sustained revenue increases ranging from .5% to 3.3%, with the largest occurring in FY15-16.

While we are far below Pre-Recession revenue levels, the City has lived within its means, balanced its budget, and stabilized most service deliveries funded out of its General Fund. This does not mean service levels are optimal. As a matter of fact, I believe our revenues do not address the service needs and maintenance deficiencies that exist. We struggle to keep our fire stations opens. We are unable to maintain our parks and roads in good repair. Without greater revenues, Modesto will not be as safe as our citizens deserve. We will not be able to address gangs and drugs, child abuse and family conflicts, homelessness and vagrancy or petty crimes.

As reflected in the first element of our new Strategic Plan, the City values *Great Safe Neighborhoods* and as such, it is the priority for General Fund expenditures. After considering administrative costs recovered from outside the General Fund, public safety comprises 74% of General Fund expenditures.

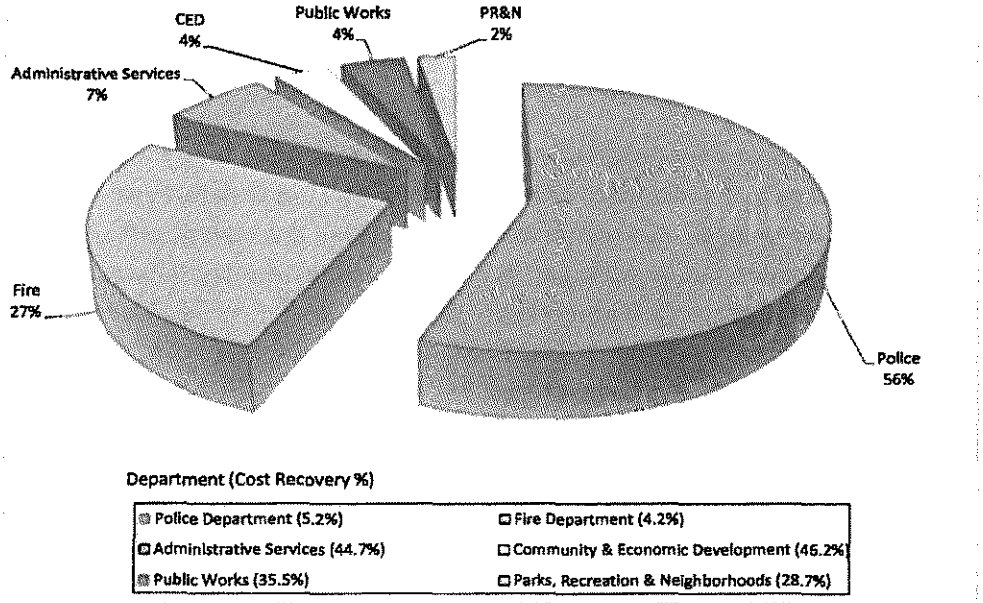
General Fund Expenditures by Department

Net of Cost Allocations



However, that is only part of the story. General Fund departments also generate and recover revenues to offset the cost of providing services. For example, Parks, Recreation & Neighborhoods collect fees from citizens participating in recreational programs. After considering department revenues, public safety comprises 83% of net General Fund expenditures.

Net of Cost Allocations and Department Revenues



This is important to note for two reasons. First, it reflects the true level of spending by the City on its public safety programs. We value our Police and Fire services and our spending reflects that. Second, this fact demonstrates how difficult it would be to make significant reductions in the General Fund without further impacting Police and Fire. This was the challenge we faced in the Great Recession and it still is the challenge before us today if the City were to make further reductions in its General Fund.

Total General Fund expenditures, including transfers out, in the Proposed Budget are $113.7 million.

The previous chart summarizes General Fund expenditures by department. It is clear that public safety comprises the majority of the budget with the Police Department being the largest department within the General Fund. *In fact, all taxes paid directly by our residents do not cover the cost of our police and fire services.* Our goal of Great Safe Neighborhoods is our number one priority, but there are also other essential and quality of life services that need to be provided in complement to achieve Great Safe Neighborhoods.

This budget is balanced. As previously mentioned, our "first look" at the budget showed we were facing a $6.3 million operating deficit. We closed this shortfall through the proposed use of an applied 3% vacancy factor across General Fund departments reducing our budget by $2.3 million. I also proposed the use of $1.6 million of one-time money from the dissolution of the Modesto Regional Fire Authority to keep Fire Station #6 open one more year as we look at other fire suppression delivery models. Now that retiree health cost are going down, we re-evaluated the fund balance reserve levels in our Employee Benefit Funds and also re-evaluated the needed Workers' Compensation reserves. This allowed us to return $2.2 million as one-time rebates against current year costs. We reduced Police overtime by over a quarter of a million dollars. Finally, we prefunded $740,000 from last year's one-time savings to cover one-time expenses including MPD recruitment and retention bonuses.

My goal is to achieve fiscal sustainability by aligning our General Fund expenditures with its revenues. This budget relies on one-time money of less than $5 million or 4% of total expenditures to close its shortfall while maintaining already low existing service levels for public safety. The alternative of further reducing City services at this time is not acceptable to me; however, if long-term solutions to solve this deficit are not found in next 12 months the City will be faced with public safety reductions next year.

Wastewater Fund

The Wastewater Fund provides wastewater services to customers in the Cities of Modesto, Empire and a portion of Ceres. This service area equates to over 200,000 residents. The system consists of approximately 70 miles of trunk lines, 670 miles of sanitary lines and 40 wastewater lift stations. Wastewater is treated at the Sutter Primary Treatment Plant and the Jennings Secondary Treatment Plant.

Wastewater Fund revenues come from monthly service charges to residents at rates established by the City Council. Total revenue for FY15-16 is estimated to be $46.1 million including a planned rate increase of 3.1% that will take effect July 1, 2015. This rate increase will be used to pay debt service costs on existing construction of our Tertiary Treatment Plant.

Wastewater Capital Improvement Program expenses for FY15-16 are projected to be $21.1 million and are in addition to the annual operating and debt service expenses. These expenses include the final of four years' construction costs for the Wastewater Tertiary Phase 2 Treatment Plant, which is anticipated to cost $128 million and will enable the City to comply with its new National Pollutant Discharge Elimination Permit (NPDES) in FY 2018. As previously mentioned, the City has secured a State Revolving Fund low interest rate loan to fund the majority of the construction costs of this project.

Water Fund

The City provides drinking water to residents in the areas of Modesto, Empire, Salida, Waterford, Hickman, Grayson, Del Rio, parts of Ceres and Turlock, and County areas adjacent to the City system equating to approximately 250,000 residents. Water Fund expenses for day-to-day operations include employee and equipment expenses, chemicals for treating water, power for pumping water, and water purchases.

The City collects monthly service charges from the residents within our service area, which represent the primary source of revenues for the Fund. The drought currently affecting California continues into its fourth year and will impact the Fund's revenues. Governor Brown has recently mandated a statewide 25% reduction in urban water use, based on 2013 levels, and a 36% reduction for Modesto's water users. Because of the number of metered vs. non-metered customers and the method of computing water charges, this does not equate to a 35% reduction in revenues. Revenues in the Recommended Budget were projected to be approximately $58 million. This assumed a 5% decrease in revenues due to drought conditions. Since preparation of the Recommended Budget, FY15-16 revenues are now anticipated to decrease by at least 10% and updated budget information is being compiled and will be presented at the budget workshops. As various unknowns play out over the year, exact impacts of the drought will be identified. Staff continues to monitor this situation on a weekly basis and is considering various options in order to ensure the financial stability of the Fund. Rest assured that Modesto's Water Fund will be managed in a fiscally responsible manner and to also meet the mandated cuts.

The capital improvement program for the water utility system in FY15-16 is projected to be $32.8 million and includes major capital projects for downstream improvements related to Modesto Regional Water Treatment Plant - Phase 2 Expansion (MRWTP), the strengthening and replacement of various components of the water system, state-mandated water meter installation and wellhead treatment. These projects are funded through the existing revenue stream generated from monthly service charges.

The FY15-16 Water Fund budget does not have any capital expenditures related to the MRWTP, which historically have been paid for by the Modesto Irrigation District (MID) and funded through long-term financing by MID and the City under a treatment and delivery project. It is anticipated that construction of the MRWTP will be completed in the Fall 2015. While there are still issues to be resolved related to cost overruns and prior construction deficiencies, we continue to discuss these issues with MID. I am hopeful that MID and the City will find a mutually agreeable solution to these issues.

Closing Remarks

There are many transitions occurring at City Hall and our City's Senior Executive team changed dramatically during the last 18 months. Among others, we lost our City Manager, Deputy City Manager, City Attorney, Fire Chief, Information Technology Director, Public Works Director, Utility Director, Park

Director, Deputy Parks Director, and Streets Manager. While some superior people were lost, we have been able to promote some highly qualified individuals and recruit some innovative thinkers to our staff. We have hired what I believe will prove to be a Superstar as our new City Manager. Jim Holgersson has an outstanding record before joining us here in Modesto. His leadership has already allowed the City to develop a new Strategic Plan and strengthen our community partnerships. I am optimistic for the future transitions he will guide us through.

I would like to thank those responsible for the preparation of this year's proposed budget. This document represents a tremendous amount of work by the City's department directors and key members of their staff. Special thanks go to the City's budget staff, who spent countless hours developing this budget into a single working document. I would also like to thank the City Manager, Deputy City Managers and City Council for their leadership throughout this process.

Sincerely,

Garrad Marsh

Mayor, City of Modesto

THIS PAGE LEFT BLANK INTENTIONALLY

Recommended Budget Principles

1. Annually Adopt a Structurally Balanced Budget
A structurally balance budget means on-going revenues and on-going expenditures are in balance with on-going revenues meeting or exceeding expenditures during the same time period. If a structural imbalance occurs, a plan must be developed and implemented to bring the budget back into balance.

2. Use of One-Time Resources
Once brought into balance, one-time revenues (excess reserves about reasonable risk calculations, revenue spikes, prior year budget savings, sale of property, etc) shall not be used for current or new on-going operating costs. Examples of appropriate uses of one-time revenues include early retirement of debt, capital expenditures without significant operating or maintenance costs, and other non-reoccurring expenditures.

3. Budget Revisions
New programs, services, or staffing requests are considered in light of the Council's priorities and shall include a spending offset at the time of the request so that the request has a net-zero impact on the budget.

4. Reserves
All City funds must maintain an adequate reserve level and/or ending fund balance as determined annually as appropriate for each fund. For the General Fund, the contingency reserve amount, which is a flat $7 million, shall be maintained. Any use of the General Fund contingency reserve will require a majority vote of the Council.

5. Debt Issuance
Long-term General Fund debt will not be incurred to support on-going operating costs (other than debt service) unless such issuance achieves net operating cost savings and such savings can be independently verified. All General Fund debt issuances shall identify a method of repayment or have a dedicated revenue source.

6. Employee Compensation
Recognizing that employees are the City's major resource, negotiations for employee compensation shall focus on the total compensation costs (e.g. increases in salary, steps, and benefit costs) while considering the City's fiscal condition, revenue growth, and changes in the cost of living.

7. Capital Improvement Projects
Capital Improvement Projects shall not proceed for projects with annual operating and maintenance costs in the General Fund without City Council certification that funding will be available in the applicable year of the cost impact. Certification shall demonstrate that the entire cost of the project, including operating and maintenance costs, will not require a decrease in the City's core services.

8. Fees and Charges
The development of fees and fee increases shall be utilized where appropriate to assure fee program costs are fully recovered by fee revenue.

9. Grants
Staff will seek out, apply for, and effectively administer grants that address the City's priorities, policy objectives, and provide an overall positive benefit to the City. Before a grant is pursued, staff shall provide a detailed fiscal analysis addressing both the immediate and long-term costs and benefits of the grant. With the exception of pilot projects, one-time grant revenues shall not be used to begin or support the costs of on-going programs.

10. General Plan
The General Plan is the primary long-term fiscal planning tool. Recommendations to create new development capacity beyond the existing General Plan shall be analyzed to ensure that capital improvements and operating/maintenance costs are within the City's financial capabilities.

11. Performance Measurement
All requests for funding shall include performance measure data so funding requests can be reviewed and approved in light of anticipated service level outcomes.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-182

A RESOLUTION AMENDING THE FY 2015-2016 CITY OF MODESTO POSITION ALLOCATION TO MODIFY THE POSITION ALLOCATION AS PART OF THE ADDENDUM AS SHOWN IN EXHIBIT 5

WHEREAS, the Modesto Police Department (MPD) included changes to their Fiscal Year 2015-16 operating budget to allow for the budgeting and increase of 1.0 Police Lieutenant position in the Field Operations Division (Cost Center 19320), and

WHEREAS, to accomplish this addition of one position MPD converted 1.0 filled Police Sergeant position in the Stanislaus Drug Enforcement Agency (Cost Center 19210) into the 1.0 Police Lieutenant position, and

WHEREAS, the budgetary changes have been accounted for in the Fiscal Year 2015-2016 City of Modesto Operating Budgets, and

WHEREAS, this position change was not included as part of the position allocation document presented in the Mayor's Proposed Budget for Fiscal Year 2015-2016, but is identified as part of the Proposed Position Allocation Addendum for Fiscal Year 2015-2016 shown in **Exhibit** 5,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the Position Allocation to make the modifications to the Fiscal Year 2015-2016 Modesto Police Department position allocation to carry out this action.

BE IT FURTHER RESOLVED that the Director of Human Resources, or his designee, is hereby authorized to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 2nd day of June, 2015, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Gunderson, Kenoyer, Lopez, Madrigal, Zoslocki, Mayor Marsh
NOES:	Councilmembers:	None
ABSENT:	Councilmembers:	Cogdill

Fiscal Year 2015-16
Proposed Position Allocation Addendum

1. In the Modesto Police Department convert 1.0 Police Sergeant in Stanislaus Drug Enforcement Agency (Cost Center 19210) to 1.0 Police Lieutenant in Field Operations (Cost Center 19320). The Police Sergeant position being converted is currently filled by an incumbent. This position change has already been accounted for in the Modesto Police Department budget that is being brought forward as part of the FY 2015-16 Proposed Operating Budget.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-183

A RESOLUTION DIRECTING THE CITY CLERK TO SUBMIT TO THE VOTERS AT THE NEXT REGULAR MUNICIPAL ELECTION AN INITIATIVE TO AMEND THE CITY OF MODESTO 2008 URBAN AREA GENERAL PLAN TO ESTABLISH LIMIT LINES (BOUNDARIES) FOR NONRESIDENTIAL, AND MEDIUM AND LARGE LOT RESIDENTIAL DEVELOPMENT, OUTSIDE OF WHICH AREAS NEW DEVELOPMENT SUBJECT TO THE LIMITS WOULD REQUIRE VOTER APPROVAL

WHEREAS, on April 14, 2014, a Notice of Intent to Circulate Petition was published in the Modesto Bee regarding an "Initiative to Amend the City of Modesto 2008 Urban Area General Plan to Establish Limit Lines (Boundaries) for Nonresidential, and Medium and Large Lot Residential Development, Outside of Which Areas New Development Subject to the Limits Would Require Voter Approval" ("Initiative"); and

WHEREAS, after a prima facie review by the City Clerk, the Initiative was deemed filed on October 1,2014, which as within the circulation deadline (Elections Code Section 9265); and

WHEREAS, 8,931 signatures were needed to qualify the Initiative Petition for a regular election; and

WHEREAS, on October 22, 2014, the Stanislaus County Clerk/Registrar of Voters determined that the Initiative Petition contained 9,747 valid signatures and notified the City Clerk; and

WHEREAS, on November 4, 2014, the City Clerk certified to the City Council that a sufficient number of valid signatures had been submitted with the Initiative Petition, qualifying the Initiative to be submitted to the voters of the City of Modesto for consideration. On that same date, the City Council adopted Resolution No. 2014-466, accepting the certification; and

WHEREAS, on March 3, 2015, the City Council adopted Resolution No. 2015-60, calling the regular municipal election to be held on November 3, 2015.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. INITIATIVE MEASURE.

That pursuant to California Elections Code Section 9215, the Council of the City of Modesto hereby does submit to the qualified electors of the City of Modesto at a regular election to be held on November 3, 2015, an initiative relating to amending the City of Modesto 2008 Urban Area General Plan to establish limit lines (boundaries) for nonresidential and medium and large lot residential development, outside of which areas new development subject to the limits would require voter approval.

SECTION 2. INFORMATION TO BE INCLUDED IN SAMPLE BALLOT/VOTER INFORMATION PAMPHLET.

In the sample ballot/voter information pamphlet for the November 3, 2015 election shall be printed the full text of the initiative.

SECTION 3. FORM OF BALLOT.

On the ballots to be used at said election, in addition to any other matter required by law to be printed thereon, shall be printed the following question relating to the initiative:

MEASURE ___

Shall the City of Modesto 2008 Urban Area General Plan be amended to establish limit lines (boundaries) for nonresidential and medium and large lot residential development, outside of which areas new development subject to the limits would require voter approval?	Yes No	☐ ☐

SECTION 4. CONDUCT OF ELECTION.

The election hereby called shall be held and conducted, and the votes thereat canvassed and the returns thereof made, and the results thereof ascertained and determined as herein provided, and in all particulars not prescribed in this resolution, the election shall be held as provided for in the City Charter, and in all particulars not provided for therein, the election shall be held as provided by law for the holding of regular municipal elections in the City of Modesto and otherwise in accordance with the Elections Code of the State of California.

SECTION 5. CITY CLERK CERTIFICATION.

That the City Clerk is hereby directed to file a certified copy of this resolution with the Board of Supervisors and the Elections Department of the County of Stanislaus, and the City Clerk shall certify to the passage and adoption of this resolution and enter it into the book of original resolutions.

SECTION 6. COMPLIANCE WITH THE CALIFORNIA ENVIRONMENTAL QUALITY ACT.

The placement of a qualified initiative on the ballot for consideration by the voters is not a project within the meaning of the California Environmental Quality Act. (14 Cal. Code Reg. § 15378(b)(3); *Stein v. City of Santa Monica* (1980) 110 Cal.App.3d 458; *Friends of Sierra Madre v. City of Sierra Madre* (2001) 25 Cal.4th 165.) Therefore, no review of the potential effects of the proposed initiative on the environment is required.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 2nd day of June, 2015, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-188

RESOLUTION OF INTENTION TO LEVY AND COLLECT ASSESSMENTS FOR LANDSCAPE MAINTENANCE ASSESSMENT DISTRICT NO. 1 FOR DRY CREEK MEADOWS SUBDIVISIONS NOS. 1 – 6 AND SETTING A PUBLIC HEARING ON AUGUST 11, 2015 TO CONSIDER THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN LANDSCAPE MAINTENANCE ASSESSMENT DISTRICT NO. 1

WHEREAS, Resolution No. 88-935, adopted by the Council of the City of Modesto on December 13, 1988, initiated proceedings for the formation of Landscape Maintenance Assessment District No. 1 for the purpose of administering the maintenance of landscaping in the public right-of-way within the street medians and adjacent to the access control walls in Dry Creek Meadows Subdivisions Nos. 1-6, and

WHEREAS, said assessment district was formed in accordance with the Landscape and Lighting Act of 1972, (California Streets and Highways Code Sections 22500 through 22679), and

WHEREAS, Section 22623 of the California Streets and Highways Code requires the Engineer, the person designated by this Council as Engineer of Work for Assessment District No. 1, to prepare and file an annual report, and

WHEREAS, the Engineer of Work, has prepared and filed said annual report with the City Clerk, and

WHEREAS, the Council has approved said annual report by motion, and

WHEREAS, California Streets and Highways Code Section 22623 requires the legislative body (the City Council) to adopt a resolution of intention which shall include the following:

a. Declaration of intention of the legislative body (the City Council) to levy and collect assessments within the assessment district for the fiscal year stated in the annual report.

b. General description of the existing improvements and proposed improvements and any substantial changes proposed to be made in the existing improvements.

c. Reference to the assessment district by its distinctive designation and indication of the general location of the district.

d. Reference to said annual report, on file with the City Clerk, for a full and detailed description of the improvements, the boundaries of the assessment district and any zones therein, and the proposed assessments upon assessable lots and parcels of land within the district.

e. Notice of the time, as fixed by the California Streets and Highways Code Section 22625, and the place for hearing by the legislative body (the City Council) on the levy of the proposed assessment.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that:

1. The City Council intends to levy and collect assessments within Landscape Maintenance Assessment District No. 1 during the fiscal year 2015-16.

2. There are no proposed new improvements or any substantial changes in existing improvements in Dry Creek Meadows Subdivisions Nos. 1-6 and that the existing improvements to be made in said assessment district are generally described as follows:

The City shall provide maintenance, in perpetuity, of landscaping and any and all improvements required for such maintenance including, but not limited to, landscape irrigation systems in the following locations:

a. Street medians in Creekwood Drive

b. Areas adjacent to the access control walls along Creekwood Drive

c. Areas adjacent to the access control walls along Claus Road

3. Landscape Maintenance Assessment District No. 1 is located in the County of Stanislaus, within the City Limits of the City of Modesto and is more specifically located on the west side of Claus Road, between Modesto Irrigation District Lateral No. 2 and State Route 132 (Yosemite Boulevard).

4. Said annual report filed with the City Clerk and approved by the Council by motion does provide a full and detailed description of the improvements, the boundaries of the assessment district and any zones therein, and the proposed assessments upon assessable lots and parcels of land within Landscape Maintenance Assessment District No. 1.

5. On Tuesday, the 11th day of August, 2015, at the hour of 5:30 p.m., the City Council will conduct a public hearing on the question of the levy of the proposed annual assessment. The hearing will be held at the meeting place of the City Council located in the Tenth Street Place Chambers located at 1010 10th Street, Modesto, California.

6. The City Clerk is authorized and directed to give the notice of hearing required by the Landscape and Lighting Act of 1972.

7. The levy and collection of assessments as set forth in this resolution are exempt from the procedural and substantive requirements of Proposition 218 pursuant to Article XIII, Section 5(a) of the California Constitution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of June, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-189

RESOLUTION OF INTENTION TO LEVY AND COLLECT ASSESSMENTS FOR LANDSCAPE MAINTENANCE ASSESSMENT DISTRICT NO. 2 FOR DRY CREEK MEADOWS SUBDIVISIONS NOS. 7-10, CREEKWOOD MEADOWS SUBDIVISION, AND YOSEMITE MEADOWS SUBDIVISION AND SETTING A PUBLIC HEARING ON AUGUST 11, 2015 TO CONSIDER THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN LANDSCAPE MAINTENANCE ASSESSMENT DISTRICT NO. 2

WHEREAS, Resolution No. 89-460, adopted by the Council of the City of Modesto on April 4, 1989, initiated proceedings for the formation of Landscape Maintenance Assessment District No. 2 for the purpose of administering the maintenance of landscaping in the public right of way within the street medians and adjacent to the access control walls in Dry Creek Meadows Subdivisions Nos. 7-10, Creekwood Meadows Subdivision and Yosemite Meadows Subdivision Units Nos. 1 and 2, and

WHEREAS, said assessment district was formed in accordance with the Landscaping and Lighting Act of 1972, (California Streets and Highways Code Sections 22500 through 22679), and

WHEREAS, Section 22623 of the California Streets and Highways Code requires the Engineer, the person designated by the Council as Engineer of Work for Assessment District No. 2, to prepare and file an annual report, and

WHEREAS, the City Engineer, said Engineer of Work, has prepared and filed said annual report with the City Clerk, and

WHEREAS, the Council has approved said annual report by motion, and

WHEREAS, California Streets and Highways Code Section 22623 requires the Council to adopt a resolution of intention which shall include the following:

a. Declaration of intention of the Council to levy and collect assessments within the assessment district for the fiscal year stated in said annual report.

b. General description of the existing improvements and proposed improvements and any substantial changes proposed to be made in the existing improvements.

c. Reference to the assessment district by its distinctive designation and indication of the general location of the district.

d. Reference to said annual report, on file with the City Clerk, for a full and detailed description of the improvements, the boundaries of the assessment district and any zones therein, and the proposed assessments upon assessable lots and parcels of land within the district.

e. Notice of the time, as fixed by California Streets and Highways Code Section 22625, and the place for hearing by the Council on the levy of the proposed assessment,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that:

1. The City Council intends to levy and collect assessments within Landscape Maintenance Assessment District No. 2 during Fiscal Year 2015-2016.

2. There are no proposed new improvements or any substantial changes in the existing improvements within the existing Landscape Maintenance Assessment District No. 2, and the existing improvements to be made in said assessment district are generally described as follows:

The City shall provide maintenance, in perpetuity, of landscaping and any and all improvements required for such maintenance including, but not limited to, landscape irrigation systems in the following locations:

a. Street medians in Creekwood Drive

b. Areas adjacent to the access control walls along Creekwood Drive

c. Areas adjacent to the access control walls along Claus Road

3. Landscape Maintenance Assessment District No. 2 is located in the County of Stanislaus, within the City limits of the City of Modesto, and is more specifically located on the northeast corner of Yosemite Boulevard and North McClure Road. District 2 is bounded by Yosemite Boulevard on the south, North McClure Road on the west, Yosemite Meadows Drive on the east, and Mechalys Way on the north.

4. Said annual report filed with the City Clerk and approved by the Council by motion does provide a full and detailed description of the improvements, the boundaries of the assessment district and any zones therein, and the proposed assessments upon assessable lots and parcels of land within Landscape Maintenance Assessment District No. 2.

5. On Tuesday, the 11th day of August, 2015, at the hour of 5:30 p.m., the City Council will conduct a public hearing on the question of the levy of the proposed annual assessment. The hearing will be held at the meeting place of the City Council located in the Tenth Street Place Chambers located at 1010 10th Street, Modesto, California.

6. The City Clerk is authorized and directed to give the notice of hearing required by the Landscaping and Lighting Act of 1972.

7. The levy and collection of assessments as set forth in this resolution shall follow the procedural and substantive requirements of Proposition 218 pursuant to Article 13D, Section 5(a) of the California Constitution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of June, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2015-190

Print

RESOLUTION OF INTENTION TO LEVY AND COLLECT ASSESSMENTS FOR THE SHACKELFORD LANDSCAPE AND LIGHTING DISTRICT, AND SETTING A PUBLIC HEARING ON THE PROPOSED ASSESSMENTS TO BE HELD ON AUGUST 11, 2015

WHEREAS, on June 29, 1999, the County of Stanislaus ("County") formed the Shackelford Landscape and Lighting District ("Shackelford LLD") for the purpose of administering the maintaining seventy-seven (77) 200-watt high-pressure sodium streetlights, and

WHEREAS, the Shackelford LLD was formed in accordance with the Landscaping and Lighting Act of 1972 (Streets and Highways Code Sections 22500 through 22679), and

WHEREAS, the Shackelford LLD is comprised of approximately 153 acres, includes 495 lots with both residential and commercial development, and is bounded by Crows Landing on the west, E. Hatch Road on the south, Union Pacific Railroad on the east, and State Route 99 on the north, and

WHEREAS, on February 22, 2012, the Stanislaus County Local Agency Formation Commission ("LAFCO") approved the annexation of the Shackelford Area to the City of Modesto ("City"), and

WHEREAS, on April 24, 2012, the City Council approved the Shackelford Landscape and Lighting District Transfer Agreement between the County and City, and

WHEREAS, the City assumed full responsibility and administration of the Shackelford LLD on July 1, 2012, and

WHEREAS, Section 22623 of the California Streets and Highways Code requires the Engineer, the person designated by this Council as Engineer of Work for the Shackelford LLD, to prepare and file an annual report, and

WHEREAS, the Engineer of Work, has prepared and filed said annual report with the City Clerk, and

WHEREAS, the Council has approved said annual report by motion, and

WHEREAS, California Streets and Highways Code Section 22623 requires the legislative body (the City Council) to adopt a resolution of intention which shall include the following:

a. Declaration of intention of the legislative body (the City Council) to levy and collect assessments within the Shackelford LLD for the fiscal year stated in the annual report.

b. General description of the existing improvements and proposed improvements and any substantial changes proposed to be made in the existing improvements.

c. Reference to the assessment district by its distinctive designation and indication of the general location of the Shackelford LLD.

d. Reference to said annual report, on file with the City Clerk, for a full and detailed description of the improvements, the boundaries of the Shackelford LLD and any zones therein, and the proposed assessments upon assessable lots and parcels of land within the Shackelford LLD.

e. Notice of the time, as fixed by the California Streets and Highways Code Section 22625, and the place for hearing by the legislative body (the City Council) on the levy of the proposed assessment.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that:

1. The City Council intends to levy and collect assessments within the Shackelford LLD during the Fiscal Year 2015-16.

2. There are no proposed new improvements or any substantial changes in the existing improvements in the Shackelford LLD and the existing improvements to be made in the Shackelford LLD are generally described as follows:

> The City shall provide maintenance, operation and servicing, in perpetuity, of streetlights and any and all improvements required for such maintenance including, but not limited to:
>
> a. Payment to local utility company for monthly power costs of energizing street lights in the Shackelford LLD.
>
> b. Payment to local utility company for maintenance of street lights in the Shackelford LLD that the utility company owns (usually those lights that are mounted on wooden poles).
>
> c. Maintenance provided by the City of Modesto for street lights in the Shackelford LLD that are owned by the City of Modesto (usually those lights that are mounted on steel poles).

3. The Shackelford LLD is located in the County of Stanislaus, within the City Limits of the City of Modesto and is more specifically located North of Hatch Road, South of State Highway 99, and East of Crows Landing Road.

4. Said annual report filed with the City Clerk and approved by the Council by motion does provide a full and detailed description of the improvements, the boundaries of the Shackelford LLD and any zones therein, and the proposed assessments upon assessable lots and parcels of land within the Shackelford LLD.

5. On Tuesday, the 11th day of August, 2015, at the hour of 5:30 p.m., the City Council will conduct a public hearing on the questions of the levy of the proposed annual assessment. The hearing will be held at the meeting place of the City Council located in the Tenth Street Place Chambers located at 1010 10th Street, Modesto, California.

6. The City Clerk is authorized and directed to give the notice of hearing required by the Landscape and Lighting Act of 1972.

7. The levy and collection of assessments as set forth in this resolution are exempt from the procedural and substantive requirements of Proposition 218 pursuant to Article XIII, Section 5(a) of the California Constitution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of June, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-191

RESOLUTION AMENDING THE FISCAL YEAR 2014-2015 ANNUAL OPERATING AND CAPITAL IMPROVEMENT BUDGETS

WHEREAS, a financial analysis has been completed and it has been determined that a budget adjustment is required to the Annual and Capital Improvement Budgets of the City of Modesto for Fiscal Year 2014-2015,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the Fiscal Year 2014-2015 Annual Operating and Capital Improvement budgets as shown in **Exhibit A**, which is **attached** hereto and incorporated by reference herein.

BE IT FURTHER RESOLVED that the Director of Finance, or her designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of June, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following votes:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Madrigal, Zoslocki, Mayor Marsh
NOES:	Councilmembers:	None

EXHIBIT A

FISCAL YEAR 2014-15

INFORMATION TECHNOLOGY

A budget adjustment is necessary to 1) establish Capital Improvement Project #100885, ERP Implementation Extension, to complete outstanding Oracle applications that were not part of the Financial Software Upgrade Project #100139, 2) Transfer $176,465 from Information Technology Reserves to Project #100885, ERP Implementation Extension for Discretionary Costs associated with this project.

PARKS, RECREATION AND NEIGHBORHOODS

A budget adjustment is necessary to 1) recognize $59,157 in unbudgeted Miscellaneous Revenue, and 2) reallocate additional revenues and adjust expense budget to reflect the actual expense in Project #100293, Fund Development Projects.

POLICE DEPARTMENT

A budget adjustment is necessary to transfer Salary and Benefit expense in the amount of $130,704 from Stanislaus Drug Enforcement Agency, Fund 6600, to the Police Department – Field Operations, Fund 0100, resulting from the reallocation of a Police Officer position.

PUBLIC WORKS

Approve creating a new Capital Improvement Project #100884, Install New Emergency Vehicle Pre-Emption Equipment, for the purpose of installing Emergency Vehicle Pre-Emption (EVP) systems at signalized intersections that currently do not have EVP systems, and process a budget adjustment transferring funds in the amount of $4,000 from General Fund Reserves to establish an expense budget for the design and construction of this project.

On May 5, 2015 the Council of the City of Modesto, by Resolution #2015-136 approved the purchase of a John Deere 5115M Tractor. Sufficient funds reside in Fleet Replacement Fund Reserves. A budget adjustment is necessary to transfer $55,000 from Reserves to the Fleet Replacement Fund, 5409.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-192

A RESOLUTION APPROVING AN AGREEMENT WITH PIERCE MANUFACTURING INC. FOR THE PURCHASE OF ONE PIERCE 4X4 FREIGHTLINER WILDLAND PUMPER FOR THE ESTIMATED COST OF $330,947

WHEREAS, effective January 1, 2013, the Firefighting Resources of California Organized for Potential Emergencies updated its specifications for fire engine typing to reflect the national standards as defined by the National Wildfire Coordinating Group (NWCG) and National Incident Management system (NIMS), and

WHEREAS, with this change our Department's two Bush/Grass engines are no longer recognized as Type III Wildland engines, and

WHEREAS, our current Wildland engines are 13 and 14 years old respectively. The current Wildland engines have become less reliable and were recommended to be replaced in 2013 and 2014, and

WHEREAS, staff recommends adding a Type III engine to the fleet in order to address a critical need for the City, Stanislaus County, and the State of California as a whole, and

WHEREAS, under the current Master Mutual Aid Agreements, the City of Modesto could be reimbursed up to $1,120 per day for the use of the apparatus when assigned to an incident outside the county, and

WHEREAS, last year this would have equated to revenue in the amount of approximately $70,000

WHEREAS, on June 27, 2006, the Modesto City Council adopted Pierce Manufacturing's apparatus as the standard apparatus for the Modesto Fire Department

and approved a seven (7) year purchase agreement with Pierce Manufacturing for fire apparatus, and

WHEREAS, while this contract has since expired, staff recommends continuing the use of Pierce Apparatus, and

WHEREAS, through a competitive procurement process completed through the Houston-Galveston Area Council (H-GAC) the City will be "piggybacking" on the contract with Pierce Manufacturing Inc., Appleton, WI, which will conform to MMC Section 8-3.202(h),

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an agreement with Pierce Manufacturing Inc. for the purchase of one Pierce 4x4 Freightliner Wildland pumper for the estimated cost of $330,947.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of June, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-193

A RESOLUTION APPROVING THE TERMS SET FORTH BY OSHKOSH CAPITAL TO FINANCE THE ACQUISITION

WHEREAS, the cost of the engine will be approximately $307,500 plus sales tax of $23,447 for a total cost of $330,947, and

WHEREAS, staff has considered financing this purchase and concluded the use of third-party financing through Oshkosh Capital at a three (3) year term is the most cost-effective means of acquiring the apparatus at this time, and

WHEREAS, three (3) year financing through Oshkosh Capital with an annual payment in the amount of $115,899 which will result in a total amount paid of $347,697, and

WHEREAS, the first payment is currently included in the FY15-16 budget, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves of the terms set forth by Oshkosh Capital to finance the acquisition over a three (3) year period.

BE IT FURTHER RESOLVED that the Director of Finance, or her designee, is hereby authorized to negotiate, enter into and execute the application and any other applicable documentation.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of June, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-194

RESOLUTION AMENDING THE POSITION CLASSIFICATION PLAN FOR THE CITY OF MODESTO TO CREATE THE CLASSIFICATION OF MATERIALS MANAGEMENT SUPERINTENDENT/CITY ARBORIST AND RESTORE THE UTILITY DISPATCH SUPERVISOR

WHEREAS, a Position Classification Plan for the City of Modesto was adopted by Modesto City Council Resolution No. 2008-681 pursuant to Rule 2.2 of the Personnel Rules and Regulations of the City of Modesto, and

WHEREAS, the City Manager has recommended to the Council amendments to the Position Classification Plan, and

WHEREAS, Rule 2.2 of the City of Modesto Personnel Rules provides that revisions to the Classification Plan shall be effective upon adoption of resolution of the City Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION I. CLASSIFICATION CREATED AND RESTORED. The Position Classification Plan of the City of Modesto is hereby amended to create the classification of Materials Management Superintendent/City Arborist at salary range 438 and to restore the classification of Utility Dispatch Supervisor at salary range 427.

SECTION 2. EFFECTIVE DATE. This resolution shall become effective on and after July 1, 2015.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of June, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Kenoyer, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2015-197

RESOLUTION AMENDING THE FISCAL YEAR 2015-2016 ANNUAL OPERATING BUDGET

WHEREAS, classification studies were conducted by Human Resources which resulted in the development, revision and reclassifications of classification specifications,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the Fiscal Year 2015-2016 Annual Operating budget as shown in **Exhibit** A, which is **attached** hereto and incorporated by reference herein.

BE IT FURTHER RESOLVED that the Director of Finance, or her designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of June, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Kenoyer, was upon roll call carried and the resolution adopted by the following vote:

FY 2015-2016 Budget Enhancements Summary

The departments have submitted the following budget enhancement requests with their FY 15/16 budget proposals, which will be reviewed by Human Resources at a later date, upon Council adoption of the funding:

Wastewater Maintenance Superintendent (Utilities Department)

- This position will oversee wastewater plant maintenance at both Sutter and Jennings Wastewater plants, and also the Electrical Section. Tied to Moss Adams Audit Report recommendation, Finding #2: The City's current organizational structure is inefficient and hinders collaboration between operations, maintenance, engineering, and capital projects.

Maintenance Planning/Purchasing Technician (Utilities Department)

- This position will report directly to the Maintenance Superintendent and will be responsible for execution of all maintenance work control processes through the CMMS, purchasing necessary equipment, and for the efficient and effective use of planning and scheduling of all resources to conduct maintenance activities, which will result in minimum downtime and maximum productivity. Tied to Moss Adams Audit Report recommendation, Finding #2: The City's current organizational structure is inefficient and hinders collaboration between operations, maintenance, engineering, and capital projects.

Wastewater Collections System Operator I (Utilities Department)

- The Wastewater Collections Section has implemented the new complimentary lower lateral cleaning program. This program has been very well received by our customers, and has dramatically reduced the number of cost- share applications processed by the City. Proper cleaning and inspection of laterals eliminates unnecessary cost-share repairs, and will result in a savings of approximately $50,000 - $70,000 annually. Service request volumes have continued to rise, and due to the increased call volumes, customer service and utility marking duties were divided into separate crews and additional staff is required.

Water Superintendent (Utilities Department)

- This position will oversee five Water Services Division programs and supervise 5 Water supervisors responsible for these programs. Tied to Moss Adams Audit Report recommendation, Finding #3: Supervisors in the Water Division have an average of 20 direct reports. The Water Superintendent will report directly to the Water Systems Manager, reducing span of control and will help meet the deficiencies expressed in the Moss Adams Audit Report.

Water Quality Supervisor (Utilities Department)

- This position will provide supervision over the new valve exercising program, cross connection, and water conservation and associated staff.
  1 FTE Administrative Office Assistant III downgraded to an Administrative Office Assistant II in Water Services Admin (45010) will be moved to support the new Water Quality Supervisor. Tied to Moss Adams Audit Report recommendation, Finding #3: Supervisors in the Water Division have an average of 20 direct reports. This additional supervisor will report directly to the proposed Water

Superintendent, reducing span of control and will help meet the deficiencies expressed in the Moss Adams Audit Report.

Water Crewleader (Utilities Department)

- This position will provide lead worker functions for cross connection and water conservation programs and associated staff. Tied to Moss Adams Audit Report recommendation, Finding #3: Supervisors in the Water Division have an average of 20 direct reports. This additional crewleader will report to the proposed Water Quality Supervisor, reducing span of control and will help meet the deficiencies expressed in the Moss Adams Audit Report.

Instrumentation Technician (SCADA) (Utilities Department)

- This position will provide technical support for the Supervisory Control and Data Acquisition (SCADA) system which monitors and manages water and wastewater systems in Modesto. Tied to Moss Adams Audit Report Finding 5: The SCADA function is understaffed and disconnected from Utilities by reporting to the IT Department. SCADA is highly specialized and crucial for effective utility operations, and field technicians, operators, electricians, and engineers rely on SCADA for reliable, real-time information on system performance. This position will report to the proposed IT Systems Engineer.

Administrative Services Technician II (Utilities Department)

- This position will provide technical support for reporting, analyzing, investigating, and monitoring water quality to ensure regulatory compliance. Tied to Moss Adams Audit Report Finding 4: The Water Resource function, responsible for water quality compliance, is understaffed and, therefore, presents a risk of regulatory non-compliance for the City. The Water Resource function responsible for water quality compliance needs increased staff to decrease the risk of regulatory non-compliance for the City. This position will report to the Water Resource Analyst.

Customer Service/Dispatch Technician (Utilities Department)

- These positions are specific to the Water Services Division and the job titles need to depict the actual work being performed to retain current employees and for future recruitments. The following FTEs job titles will be changed to Customer Service/Dispatch Technician: (2) Administrative Office Assistant IIs and (2) Administrative Office Assistant III. Their direct supervisor was recently reclassified from Office Supervisor to Utility Dispatch Supervisor. Staff in the Water Customer Service Dispatch Office performs a variety of customer service and dispatch as their primary duties. The proposed modification is to create a new job title of Customer Service/Dispatch Technician to reflect the actual work performed. Tied to Moss Adams Audit Report Recommendation, Finding #11: From 2010 to 2013 turnover was 17 percent for Water and Wastewater Division.

Principal Engineer (Utilities Department)

- This position will provide supervisory support and division administration for engineering design and construction administration, and will provide oversight of the City's Utilities Capital Improvement Projects. Tied to Moss Adams Audit Report Reference Finding #2: The City's current organizational structure is inefficient and hinders collaboration between operations, maintenance,

engineering, and capital projects. This position will report to the Engineering Division Manager, and will reduce span of control and workload, allowing the Engineering Division Manager to focus on more regional and regulatory issues, especially due to ongoing groundwater issues and recycled water opportunities.

IT Systems Engineer (SCADA) (Utilities Department)

- This position will be responsible for the Supervisory Control and Data Acquisition (SCADA) system which monitors and manages water and wastewater systems in Modesto. Tied to Moss Adams Audit Report Finding 5: The SCADA function is understaffed and disconnected from Utilities by reporting to the IT Department. SCADA is highly specialized and crucial for effective utility operations, and field technicians, operators, electricians, and engineers rely on SCADA for reliable, real-time information on system performance. This position will report to the Engineering Division Manager, and establish SCADA oversight to the Utilities Department with a single focus.

Business Services Analyst (Utilities Department)

- Water Services Admin and Wastewater Services Admin utilize Administrative Analyst II positions to perform a variety of utility-specific duties and as well as the broad scope of the Administrative Analyst series. The proposed modification is to create a new job title of Utilities Business Services Analyst. These positions are specific to the Divisions they support and the job titles need to depict the actual work being performed to retain current employees and for future recruitments. Duties include division budget oversight and analysis, and special projects related to a wide range of utility functions as assigned. Tied to Moss Adams Audit Report Recommendation, Finding #11: From 2010 to 2013 turnover was 17 percent for Water and Wastewater Division.

Utilities Business Manager (Utilities Department)

- With the creation of the Utilities Department, the Administration function of the former Utilities, Planning & Projects Department has expanded to include interaction with two additional divisions, and a total of 272 employees. Tied to Moss Adams Audit Report Recommendation, Finding 2: The City's current organizational structure is inefficient and hinders collaboration between operations, maintenance, engineering, and capital projects; and #11: From 2010 to 2013 turnover was 17 percent for Water and Wastewater Division.

Solid Waste Enforcement Officer (Public Works)

- Solid Waste is requesting 2 position allocations to carry out the new program implementation, data collection and enforcement responsibilities mandated by changes in State law. This requested enhancement a new Solid Waste Enforcement Officer/AB 341 position would be created and would be responsible for developing and enforcing and reporting on the mandatory commercial collection and organics materials collection programs recently imposed by AB 341 and AB 1826. Under two new State diversion laws, AB 341 and AB 1826, and the mandates of AB 32, the City is required to implement new programs and enforce diversion mandates. The proposed positions are necessary to perform both new enforcement functions and to analyze, monitor, and report the City's progress in meeting the mandates for solid waste reduction and GHG emissions reductions from Solid Waste and Recycling activities.

Building Inspection Program Coordinator (Community & Economic Development)

- Convert CEDD Building Safety division's Plans Examiner position to Building Inspection Program Coordinator and eliminate Assistant Chief Building Official. The new management model of the division requires mid-level supervision of three workgroups. Since this is not a temporary model, adjustments need to be made with positions. One of these positions is in the Building Safety workgroup, specifically the Development Center operations.

Engineering Assistant II (Community & Economic Development)

- An additional Engineering Assistant II is needed to perform CAD work for the many design projects that are currently funded. We do not have sufficient staff to complete the required CAD work. Expense of this position is completely offset by the full overhead rate charged. Without the addition of this position, staff will be unable to complete the CIP projects within the anticipated schedules. This opportunity supports 2015-2018 City Council Strategic Plan Objective II to provide vibrant infrastructure and sustainable environment.

Housing Rehabilitation Specialist I (Community & Economic Development)

- This City receives approximately $250,000 in revolving loan funds annually to expend on new rehabilitation loans for eligible applicants. Currently there is one Housing Rehabilitation Specialist to provide technical assistance to eligible property owners participating in various subsidized housing rehabilitation programs; to inspect dwelling units of program participants to identify substandard conditions and other eligible work; to prepare specifications for work to be performed; and to estimate costs, monitor work, and maintain records. The $250,000 is funds received from monthly loan payments, loan payoffs, etc. The Neighborhood Stabilization Program II (NSP2) funds provided acquisition/rehabilitation activities to eligible individuals. The City will begin seeing approximately $16,000 a month in program income for loan repayments of these loans in late 2015. This program income, in addition to the funds already being receipted from CDBG RLF program funds, will provide funding for future acquisition/rehabilitation or demolition activities. 10% of NSP2 funds and the CDBG Entitlement funds received annually would pay for management oversight of these programs. Staff does not foresee any burden to the City General Fund with this addition of an additional Housing Rehabilitation Specialist. Adding an additional Housing Rehabilitation Specialist position will not only provide the support needed to work through the high volume of request being received for rehab programs, but will provide a valued resource to ensure program continuity is retained. The current Housing Rehabilitation Specialist can begin mentoring this individual to learn program funding expectations and to gain institutional knowledge of roles and responsibilities. This opportunity supports 2015-2018 City Council Strategic Plan Objective IV to provide great neighborhoods.

Account Clerk (Finance)

- The Payroll area currently only has two full-time positions and one part-time temporary employee who manage over 1,100 employee payroll records for the City of Modesto bi-weekly payroll. This enhancement is requesting one FTE Account Clerk position to provide additional payroll support to cover the key payroll functions needed to ensure backfill coverage is available at all times.

This position will be funded from the part-time temporary budget and new Direct Charge Agreements that were established as part of the FY 15-16 budget. With the on-going changes with union agreements and the necessity to managing our payroll system there is a very high risk that the City could not produce a payroll check due to the lack of payroll staff available. It is very difficult to structure job-sharing in this area due to the specific knowledge required to complete the various payroll duties. There has been a major increase in payroll reporting required by the State on an annual, quarterly and bi-weekly basis and with some of the new Affordable Care Act rules this will continue to increase. The most recent Risk Assessment performed by Moss Adams noted under Internal Controls the risk associated with 2 FTEs managing a payroll of over 1,000 employees and their risk mitigation was to add an additional FTE.

Police Civilian Supervisor (Police Department)

- The Police Department is requesting allocation of one (1) FTE Police Civilian Supervisor to provide supervision of non-sworn employees in the Crime Prevention and Crime Analysis Units in the Operations Division. The Crime Prevention Unit serves as the community education arm of the Police Department. This unit organizes and promotes the following programs and services to the community: National Night Out, Neighborhood Watch, Business Watch, CPTED inspections, Crime Free Multi-Housing Programs, Safety Fairs, and Fingerprinting. This unit also distributes educational materials, gives presentations to schools and special interest groups on a variety of safety issues, organizes specialized units for Public Safety Fairs, and virtually all of the Department's community outreach programs. The Crime Prevention Unit assists with organizing some of the Police Department's newest outreach programs including Town Hall Meetings and Coffee with Cops. This position would also provide supervision to the Crime Analysis Unit in the Operations Division. Crime Analysts work to identify crime trends, neighborhoods experiencing high crime rates and suspect information to help Area Commanders focus patrol resources where they are needed most. A sworn Police Lieutenant currently supervises the Crime Prevention and Crime Analysis Units, both of which are staffed with non-sworn employees. The allocation of one (1) Police Civilian Supervisor to provide supervision and oversight of these non-sworn functions would allow the Police Lieutenant, who is also the Assistant Division Commander to focus more of his time and attention on managing projects and directing the work of sworn Operations staff for all of the other units assigned to him and in support of the Area Command Lieutenants and the Operations Division Captain. This action would further enhance the Police Department's ability to promote, enhance and increase community-based partnerships in crime prevention, life safety and community policing by providing a supervisor to direct, plan, strategize, assign and effectively deploy non-sworn staff assigned to these units, which include Crime Analysts in the Crime Analysis Unit and Community Services Officers, Police Cadets, Part-time employees, volunteers and interns in the Crime Prevention Unit.

Police Evidence & Property Technician (Police Department)

- The Police Department is requesting allocation of one (1) FTE Property and Evidence Technician I/II to perform administrative and technical duties associated with the acceptance, storage, control and disposal of police evidence and property, to protect the integrity of evidence throughout the judicial process,

and to ensure compliance with all State and local laws regarding the storage and disposition of property and evidence. This position will maintain records of evidence tracking to ensure the integrity of the evidence for courtroom use in the prosecution of offenders, and testify in court regarding handling and chain-of-custody of evidence. The Property and Evidence Unit is currently staffed by a supervising Police Sergeant and three full-time Property and Evidence Technicians who are responsible for processing the intake of over 180,000 pieces of evidence on an annual basis. Past budget reductions have decimated this area of the department. Current staffing levels are inadequate to meet workload demands. In this last year arrests have increased exponentially. This has had a significant impact on workload in this area of the department. Staff cannot continue to keep up with the workload demands. One (1) FTE Property and Evidence Technician is being requested to provide the necessary compliment of staffing needed to enable Property and Evidence to handle the processing of large volumes of property and evidentiary items coming into the Property and Evidence facility. Without this additional position, the Department will have to continue to look at less optimal means of filling this gap in its labor force and in building the depth of knowledge base within the department that goes with it, in order to meet the needs of the community.

Police Animal Control Officer (Police Department)

- The Police Department is requesting allocation of one (1) FTE Animal Control Officer to provide the necessary complement of staffing to provide animal control services coverage 7 days per week and relieve patrol officers of having to respond to priority AC calls. Animal Control Officers respond to complaints of vicious and dangerous animals, injured animals, barking dogs, unleashed/unlicensed dogs, investigate animal bites, animal cruelty and neglect. They are also responsible for educating the public on responsible pet ownership, and removing dead animals from city properties and streets. Two full-time Animal Control Officers and one supervisor respond to animal related patrol calls and also investigate and enforce City municipal code violations pertaining to animals. This is not a sufficient level of staffing for a city this size.

Police Tactical Training Center Coordinator (Range Master) (Police Department)

- The Police Department is requesting allocation of one (1) FTE Police Tactical Training Center Coordinator. This position will oversee all training and instruction at the Tactical Training Center. This position will also act as a facilities coordinator/manager addressing policy and liability issues at this facility. Additionally, this position would provide oversight for any construction improvements and/or remodeling of the buildings and grounds at this facility. The range is used by allied agencies and this position would be responsible for ensuring that those agencies adhere to policies and guidelines for use of the facility. A retired annuitant is currently overseeing the range and training center. A full-time Police Tactical Training Center Coordinator is needed to oversee these responsibilities. The Tactical Training Center is utilized by other law enforcement agencies and provides for a training facility here within Stanislaus County.

Police Clerk II (Police Department)

- The Police Department is requesting allocation of one (1) FTE Police Clerk I/II to handle the processing of warrants. The Police Clerk assigned to Warrants has

the enormous task of both inputting and closing out warrants within 2-3 computer programs daily. These warrants come into the Police Department's system from the courts. Again, this is a situation wherein the workload demand exceeds the available labor to address it. Warrants must be processed in accordance with specified guidelines; otherwise the criminals(s)/suspect(s) will be released from jail rather than arrested or cited. This represents a significant workload in the Records Unit, that it is too short-staffed to be able to address without adding another position to help support this function. The current workload for the processing of warrants s simply too great for one Police Clerk to handle. The closing out of warrants, scanning, removing from system and daily influx of the new warrants that come into the system from the courthouse has increased significantly. All warrants must be added or deleted from two to three computer programs daily. If the Warrants Clerk cannot perform these steps for each warrant in a timely manner, the criminal(s)/suspect(s) will be let go rather than arrested or cited..

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-198

RESOLUTION AUTHORIZING THE CITY OF MODESTO TO EXECUTE A FIRST AMENDMENT TO THE LEGAL SERVICES AGREEMENT DATED JUNE 24TH, 2014 WITH ARATA, SWINGLE, SODHI AND VAN EGMOND IN AN AMOUNT NOT TO EXCEED $30,000 TO CONTINUE REPRESENTING THE CITY OF MODESTO IN TORT LIABILITY CASES

WHEREAS, the City Attorney's Office is still in need of outside counsel services; and

WHEREAS, the City Council by Resolution 2014-241 had previously approved an agreement with Arata, Swingle, Sodhi and Van Egmond to represent the City in the following types of cases: tort, trip and fall, sidewalk, road and other similar cases; and

WHEREAS, the City Attorney's Office desires to extend the agreement with Arata, Swingle, Sodhi and Van Egmond; and

WHEREAS, the City Attorney's office has drafted a First Amendment to the Legal Services agreement with Arata, Swingle, Sodhi and Van Egmond.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the City of Modesto to execute a First Amendment to the Legal Services Agreement with Arata, Swingle, Sodhi and Van Egmond to continue representing the City of Modesto in tort liability matters, as provided in Exhibit A **attached** hereto and incorporated herein, and further authorizes the City Attorney to execute such agreement in a form substantially similar to **Exhibit** A.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of June, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Zoslocki, Mayor Marsh
NOES:	Councilmembers:	None
ABSENT:	Councilmembers:	Madrigal

ADAM U. LINDGREN, City Attorney

FIRST AMENDMENT TO LEGAL SERVICES AGREEMENT

This First Amendment for Legal Services (this "**First Amendment**"), is made and entered into on _____ day of _____ 2015 ("**Effective Date**"), by and between the **CITY OF MODESTO**, a California Municipal Corporation ("**City**"), and **ARATA, SWINGLE, SODHI & VAN EGMOND**, a Professional Corporation ("**Attorney**"), located at 912 11th Street, Modesto, California 95354. City and Attorney are hereinafter collectively referred to as the "**Parties**," and singularly as "**Party**".

RECITALS

WHEREAS, City and Attorney entered into a Legal Services Agreement ("**Agreement**") to provide legal advice, representation and assistance to City in defense of tort claims, as assigned; and

WHEREAS, Attorney is specially trained, experienced and competent to perform such services; and

WHEREAS, the public interest, economy and general welfare will be served by the Agreement; and

WHEREAS, City and Attorney desire to amend the Agreement for further services by increasing the previously approved amount of fees from $200,000 to $230,000.

NOW, THEREFORE, it is hereby agreed that the Legal Services Agreement between the City of Modesto and Arata, Swingle, Sodhi and Van Edmond dated June 24, 2014 and authorized by Resolution No.2014-241 is amended as follows:

1. **Fees and Costs**. Section 2(a) of Paragraph 2, "Fees and Costs," Hourly Rates is amended to state as follows:

"The total of all fees paid to Attorney for the performance of all services set forth in Section 1(thereafter the "**Service**"), and for all authorized Reimbursable Expenses (as defined hereafter), shall not exceed a total sum of two hundred and thirty thousand dollars ($230,000)."

2. **Entire Agreement**. The parties to this First Amendment understand and agree that except as stated herein all terms and conditions of the original Agreement, dated June 24th, 2014, remain in full force and effect to the extent they are not in conflict with this First Amendment. This document, including all exhibits, contain the entire amendment to the Agreement between the Parties and supersedes whatever oral or written understanding they may have had prior to the execution of this First Amendment. No alteration to the terms of this First Amendment shall be valid unless approved in writing by Attorney and by City, in accordance with applicable provision of the Modesto City Code.

3. **Authority**. The person signing this First Amendment for Attorney hereby represents and warrants that he/she is fully authorized to sign this First Amendment on behalf of Attorney and to bind Attorney to the performance of its obligations hereunder.

IN WITNESS WHEREOF, the Parties have executed this First Amendment as of the dates stated below.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-200

RESOLUTION AUTHORIZING THE CITY OF MODESTO TO EXECUTE A FIRST AMENDMENT TO THE LEGAL SERVICES AGREEMENT DATED JUNE, 24TH 2014 WITH BURKE, WILLIAMS & SORENSEN, LLP IN AN AMOUNT NOT TO EXCEED $250,000 TO CONTINUE REPRESENTING THE CITY OF MODESTO IN THE *REED V. CITY OF MODESTO* CASE

WHEREAS, the *Reed v. City of Modesto* case is still pending; and

WHEREAS, the City of Modesto requires representation for this matter; and

WHEREAS, the City by Resolution 2014-242 had previously approved an agreement with Burke, Williams and Sorensen, LLP to represent the City of Modesto in the *Reed v. City of Modesto* case; and

WHEREAS, the City Attorney's office has drafted a First Amendment to the Legal Services Agreement with Burke, Williams and Sorensen, LLP.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the City of Modesto to execute a First Amendment to the Legal Services Agreement with Burke, Williams and Sorensen, LLP to continue representing the City of Modesto in the *Reed v. City of Modesto* case, **attached** hereto and incorporated herein as **Exhibit** A, and further authorizes the City Attorney to execute such agreement in a form substantially similar to Exhibit A.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of June, 2015, by Councilmember Lopez, who moved its adoption, which motion was seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-201

RESOLUTION AUTHORIZING THE CITY OF MODESTO TO EXECUTE A SECOND AMENDMENT TO THE LEGAL SERVICES AGREEMENT DATED MARCH 28, 2007 WITH DAVIDOVITZ & BENNETT IN AN AMOUNT NOT TO EXCEED $200,000 FOR SERVICES ON THE FOLLOWING MATTERS: MID LITIGATION, PCE LITIGATION, SIFA, AND STANISLAUS COUNTY V. COM (GEER ROAD LANDFILL) LITIGATION

WHEREAS, Davidovitz & Bennett have represented and advised the City in the above matters; and

WHEREAS, the City Attorney's office has drafted a Second Amendment to the Legal Services Agreement with the Davidovitz & Bennett dated March 28, 2007; and

WHEREAS, this second Amendment will replace all other prior agreements with Davidovitz & Bennett, except for the new Standard Legal Services Agreement.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the City of Modesto to enter into an agreement with Davidovitz & Bennett in an amount not to exceed $200,000 to represent and advise the City of Modesto on the following matters: MID litigation, PCE litigation, SIFA, and *Stanislaus County v. COM* (Geer Road Landfill) litigation, as provided in **Exhibit** A **attached** hereto and incorporated herein, and further authorizes the City Attorney to execute such agreement in a form substantially similar to Exhibit A.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of June, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

SECOND AMENDMENT TO LEGAL SERVICES AGREEMENT

This Second Amendment for Legal Services (this "**Second Amendment**"), is made and entered into on _____ day of _____ 2015 ("**Effective Date**"), by and between the **CITY OF MODESTO**, a California Municipal Corporation ("**City**"), and **DAVIDOVITZ & BENNETT**, a California limited partnership ("**Attorney**"), located at 101 Montgomery Street, Suite 2550, San Francisco, California, 94104. City and Attorney are hereinafter collectively referred to as the "**Parties**," and singularly as "**Party**."

RECITALS

WHEREAS, City and Attorney entered into a Legal Services Agreement ("**Agreement**") to provide legal advice, representation and assistance to City in defense and advice in matters of Special Advisory Counsel, as assigned; and

WHEREAS, Attorney is specially trained, experienced and competent to perform such services; and

WHEREAS, the public interest, economy and general welfare will be served by the Agreement; and

WHEREAS, City and Attorney desire to amend the Agreement to update the Scope of Work and repeal the First Amendment dated December 11, 2012.

NOW, THEREFORE, it is hereby agreed that the Legal Services Agreement dated March 28, 2007 between the City of Modesto and Davidovitz & Bennett LLP and the Amendment Number One to the Legal Services Agreement dated December 11, 2012, are amended as follows:

1. Exhibit "A" of the Legal Services Agreement dated March 28, 2007 regarding the "Scope of Work" is amended to state as follows:

"The firm shall provide its services to the City under this Agreement on the following matters: MID litigation, PCE litigation, SIFA, and *Stanislaus County v. COM* (Geer Road Landfill) litigation."

2. Exhibit "B" of the Legal Services Agreement dated March 28, 2007 is amended to state as follows:

"Schedule of Fees

Moris Davidovitz	$195 per hour
Charles Bolcom	$185 per hour
James English	$185 per hour

Roland Stevens	$185 per hour
Patricia Lakner	$185 per hour"

3. The first sentence of paragraph (c) of Section 24, "Insurance Requirements," of the Legal Services Agreement dated March 28, 2007 is amended to state as follows:

> **"(c) Professional Liability**: insurance with a minimum limit of $2,000,000 combined single limit per occurrence."

4. The Amendment No. 1 to the Legal Services Agreement-Special Advisory Counsel between Davidovitz & Bennett LLP and the City of Modesto, dated December 11, 2012, is repealed in its entirety.

5. Entire Agreement. The parties to this Second Amendment understand and agree that except as stated herein all terms and conditions of the original Agreement dated March 28, 2007, remain in full force and effect for the indicated matters to the extent they are not in conflict with this Second Amendment. This document, including all exhibits, contains the entire amendment to the agreements between the Parties and supersedes whatever oral or written understanding they may have had prior to the execution of this Second Amendment. No alteration to the terms of this Second Amendment shall be valid unless approved in writing by Attorney and by City, in accordance with applicable provision of the Modesto Municipal Code.

6. Authority. The person signing this Second Amendment for Attorney hereby represents and warrants that he/she is fully authorized to sign this Second Amendment on behalf of Attorney and to bind Attorney to the performance of its obligations hereunder.

IN WITNESS WHEREOF, the Parties have executed this Second Amendment as of the dates stated below.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-202

RESOLUTION AUTHORIZING THE CITY OF MODESTO TO EXECUTE A NEW STANDARD OUTSIDE LEGAL SERVICES AGREEMENT WITH DAVIDOVITZ & BENNETT IN AN AMOUNT NOT TO EXCEED $120,000 ANNUALLY FOR LEGAL ADVICE, REPRESENTATION AND ASSISTANCE TO THE CITY IN RELATION TO SERVICES AS SPECIAL ADVISORY COUNSEL

WHEREAS, Davidovitz & Bennett have represented and advised the City in a variety of specialized matters for many years; and

WHEREAS, the City Attorney's office has drafted a standard legal services agreement with Davidovitz & Bennett for legal advice, representation and assistance to the City in relation to services as Special Advisory Counsel; and

WHEREAS, this new agreement will replace all other prior agreements with Davidovitz & Bennett, except for the Second Amendment to Legal Services Agreement which will only be in effect for the following matters: MID litigation, PCE litigation, SIFA, and Stanislaus County v. COM (Geer Road Landfill) litigation.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the City of Modesto to enter into an agreement with Davidovitz & Bennett to represent the City of Modesto on specialized matters, as provided in **Exhibit** A **attached** hereto and incorporated herein, and further authorizes the City Attorney to execute such agreement in a form substantially similar to **Exhibit** A.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of June, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

LEGAL SERVICES AGREEMENT

This Agreement for Legal Services (this "**Agreement**") is made and entered into on the ___ day of ____, 2015 ("**Effective Date**"), by and between the **CITY OF MODESTO**, a California Municipal Corporation ("**CITY**"), located at 1010 Tenth Street, Sixth Floor, Modesto, California 95353 and **DAVIDOVITZ + BENNETT**, a California limited partnership ("**Attorney**"), located at One 101 Montgomery Street, Suite 2550, San Francisco, California, 94104. City and Attorney are hereinafter collectively referred to as the "**Parties**," and singularly as a "**Party**."

RECITALS

WHEREAS, City desires to obtain Attorney's services with respect to providing litigation, trial counsel, legal advice, representation and assistance to City in relation to services as Special Advisory Counsel to the City on an as-needed/as-required basis to perform tasks as assigned by the City Attorney; and

WHEREAS, Attorney is specially trained, experienced and competent to perform such services; and

WHEREAS, the public interest, economy and general welfare will be served by this Agreement.

NOW, THEREFORE it is hereby agreed as follows:

1. Services.

a. Scope of Work: Subject to the terms and conditions set forth in this Agreement, Attorney shall provide to City the following services ("**Services**"): litigation, trial counsel, legal advice, representation and assistance to City in relation to services as Special Advisory Counsel to the City for legal advice and assistance as requested by the City Attorney relating to public contracts, utilities, environmental, land use, housing, public finance, municipal code integration, and public agency meetings.

Attorney shall not be compensated for services outside the scope of work identified under this Section unless prior to the commencement of such services: (i) Attorney notifies City and City agrees that such services are outside the scope of work under this Section; (ii) Attorney estimates the additional compensation required for these additional services; and (iii) City, after notice, approves in writing a Supplemental Agreement specifying the additional services and amount of compensation therefor.

b. **Term:** This Agreement shall become effective on the Effective Date, and shall continue in effect until both Parties have fully performed their respective obligations under this Agreement unless sooner terminated as provided in Section 7.

2. **Fees and Costs.**

a. **Hourly Rates: The hourly rate for Attorney, ordinarily $250 per hour, is modified as follows for matters where the City is not obtaining attorney services paid by an insurer(s):**

Moris Davidovitz	$195 per hour
Charles Bolcom	$185 per hour
James English	$185 per hour
Roland Stevens	$185 per hour
Patricia Lakner	$185 per hour

The total of all fees paid to Attorney for the performance of all services set forth in Section 1 (hereafter the "**Services**"), and for all authorized Reimbursable Expenses (as defined hereafter), shall not exceed the total sum of one-hundred twenty thousand dollars ($120,000) annually.

b. **Reimbursable Expenses.** City shall reimburse Attorney for the actual, reasonable and necessary expense of travel out of the Modesto metropolitan area, at the then current Internal Revenue Service approved rate (currently at $0.575 per mile), other than air fare which shall be paid at the actual cost for coach air travel. Attorney will not charge City for the cost of telephone calls other than a vendor's conference call charges. Litigation costs and expenses for statutory fees, witness fees, reporters' per diem and stenographic transcriptions, jury fees, and the expenses of serving process shall be advanced by Attorney and reimbursed by City. Expert consultants and witnesses may be retained by Attorney on terms acceptable to City, approved in advance by email or letter by the City Representative (as defined hereafter), in which case City shall reimburse Attorney or pay such consultants or experts directly.

c. **Billing:**

i. Legal billings shall be submitted to City every thirty (30) days unless otherwise agreed in writing by City and Attorney. Bills shall be submitted to:

City Attorney
c/o Finance Director
1010 Tenth Street, 5th Floor
Modesto, CA 95354

ii. Each task shall be distinctly and completely identified. In litigation matters, City will not pay invoices that contain block billing. Each billing entry must contain the initials of the individual performing the task, the nature of the task, the date it was performed, and the length of time it took.

iii. Costs under $1,000.00 shall be paid by Attorney and submitted with their normal billing.

iv. City reserves the right to audit all invoices.

v. Payments to Attorney shall be made within a reasonable time after receipt of Attorney's invoice, generally within thirty (30 days of receipt for invoices for Special Advisory Counsel and forty five (45) days of receipt for invoices for other services. Attorney shall be responsible for supplying all documentation necessary to reasonably verify the monthly billings to the City.

vi. In addition to the provisions stated elsewhere in this Agreement regarding the payment of fees, billing and budgeting, the following guidelines for billing apply:

(1) City expects each individual working on the matter for which Attorney is retained to have the necessary experience to perform the services required to protect or pursue City's interests in the matter in a cost effective manner, consistent with high professional and ethical standards.

(2) City expects Attorney to select the individual most suitable for the task required and the specific needs of the matter, and to use the maximum efficiencies available. Billings for services performed by the inappropriate level of personnel will be reduced by City based on rate adjustments for the appropriate level of personnel.

(3) City will not pay for unnecessary review of texts, codes, rules of court, or other fundamental references. City will pay the hourly rate for specific legal research which is unique to the matter, assuming that Attorney has used maximum efficiencies and that

Attorney has not already recently performed research in the same or very similar areas of law.

(4) City acknowledges the benefit of communications between attorneys in the firm. City does, however, expect that intra-office conferences will only be held as needed, and will be kept to a minimum. Intra-office conferences shall be for the purpose of discussing strategy and legal issues which directly further the matter. City will not pay for conferences which are supervisorial, instructional or administrative. Any invoice which lists an intra-office conference that does not meet these guidelines must contain a full explanation and is subject to reduction by City. City will not pay for "team meetings" and City will scrutinize all intra-office conferences for "value added" to the matter by the conference, for the number of individuals attending the conference, the length of the conference, the subjects discussed at the conference and who participated in it, and will, in City's sole discretion, determine if such value has been added.

(5) City will not pay for local telephone calls, incoming facsimiles, postage, time spent on filing, calendaring, indexing pleadings, conferences with Clerks of court or court reporters, proofreading, re-drafting due to substandard work, or opening, organizing or closing files. City will not pay for time billed by summer interns or associates, time for more than one individual to attend a trial, hearing, court appearance, arbitration, mediation, deposition, third party meeting, conference call or similar event, unless otherwise approved by City in advance.

(6) Vague billing which does not contain sufficient information to allow City's reviewer of the invoice to determine the nature of the task, the reason for the task, and the individual performing the task is subject to reduction by City.

(7) City will not reimburse for overtime, word processing, supplies, anything identified on an invoice as "miscellaneous," or any other unidentified charges.

3. **Reporting.**

a. Attorney shall provide City with status reports on all matters under this Agreement within thirty (30) days of the assignment of such task.

b. Attorney shall upon request provide to City representative an electronic version

of all agreements, letters, memoranda or other documents it prepares under this Agreement in a Microsoft Word format compatible with that used by the City Attorney's office.

4. **City Representative.** The City Attorney, or the City Attorney's designee, shall be the "City Representative" under this Agreement and shall administer this Agreement for City, including any payments hereunder. All Attorney questions pertaining to this Agreement shall be referred to the City Representative or the Representative's designee.

5. **Insurance Requirements.** During the entire term of this Agreement, Attorney shall maintain the following insurance:

   a. **Minimum Scope of Insurance:** Coverage should be at least as broad as:

      i. Insurance Services Office Form No. CG 0001 (Commercial General Liability);

      ii. Workers' Compensation as required by the Labor Code of the State of California, and Employers' Liability Insurance:

      iii. Professional Liability (Errors and Omissions) insurance against loss due to error, omission or malpractice.

   b. **Minimum Limits of Insurance:** Attorney shall maintain limits no less than:

      i. **Commercial General Liability:** $1,000,000 combined single limit per occurrence, including endorsements for contractual liabilities, broad form property damage and personal injury.

      ii. **Workers' Compensation and Employers' Liability:** Workers' compensation limits as required by the Labor Code of the State of California and Employers' Liability limits of $1,000,000 per accident.

      iii. **Professional Liability (Errors and Omissions):** $2,000,000 combined single limit per occurrence.

   c. **Deductibles and Self-Insured Retentions:** Any deductibles or self-insured retentions must be declared to and approved by the City.

   d. **Other Insurance Provisions:** The policies are to contain, or be endorsed to contain, the following provisions:

      i. **General Liability Coverages:**

         (1) The General Liability policy shall be written on an occurrence

form and shall name City, its officers, officials, agents, employees and volunteers as additional insureds. Such policy of insurance shall be endorsed so that Attorney's insurance shall be primary and any insurance or self-insurance maintained by City, its officials, employees or volunteers shall be in excess of Attorney's insurance and shall not contribute with it.

(2) Any failure to comply with reporting provisions of the policy shall not affect coverage provided to City, its officials, employees or volunteers.

(3) Coverage shall state that Attorney's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

ii. **All Coverages:**

(1) Each insurance policy required by this Agreement shall be endorsed to state that coverages shall not be canceled except after thirty (30) days prior written notice has been given to City. In addition, Attorney agrees that it shall not reduce its coverage or limits on any such policy except after thirty (30) days prior written notice has been given to City and City approves the reduction in coverage or limits. Attorney further agrees that it shall not increase any deductibles or self-insured retentions on any such policy except after thirty (30) days prior written notice has been given to City and City approves such increase.

(2) In the event claims made forms are used for any Professional Liability coverage, either (i) the policy(ies) shall be endorsed to provide not less than a five (5) year discovery period, or (ii) the coverage shall be maintained for a minimum of two (2) years following the termination of this Agreement and the requirements of this section relating to such coverage shall survive termination or expiration of this Agreement. Attorney shall furnish City with the certificate(s) and applicable endorsements for ALL required insurance prior to City's execution of this Agreement.

e. **Acceptability of Insurers:** Insurance shall be placed with insurers with a Bests' rating of no less than A:VII. This requirement may, however, be waived in individual cases for Errors and Omissions Coverages only; provided, however, that in no event shall a carrier with a rating below B:IX be acceptable.

f. **Verification of Coverage:** Attorney shall furnish City with certificates of

insurance showing compliance with the above requirements and with original endorsements affecting all coverages required by this Agreement both prior to the execution of this Agreement, and during the pendency of this Agreement at any time upon request by City. The certificates and/or endorsements shall set forth a valid policy number for City, and shall indicate the Issue Date, Effective Date and Expiration Date. The certificates and endorsements for each insurance policy shall be signed by a person authorized by the insurer to bind coverage on its behalf. The certificates and endorsements shall be forwarded to the City Representative.

g. **Payment Withhold:** City shall withhold payments to Attorney if the certificates of insurance and endorsements required in this section are canceled or Attorney otherwise ceases to be insured as required herein, with respect to services provided after the date Attorney receives written notice from the insurer of such cancellation or ceasing to be insured..

6. **Indemnification.**

a. **Indemnity:** Attorney shall fully indemnify and save harmless, City, its officers and employees, including without limitation the City Attorney, and each and every one of them, from and against all actions, damages, costs, liability, claims, losses, judgments, penalties and expenses of every type and description, including, but not limited to, any fees and/or costs reasonably incurred by City's staff attorneys or outside attorneys and any fees and expenses incurred in enforcing this provision, to which any or all of them may be subjected, to the extent such Liabilities result from third party actions caused by any professional negligent act or omission or willful misconduct of only Attorney, its sub-attorneys, and their respective officers and employees, in connection with the performance or nonperformance of this Agreement (hereafter collectively referred to as "**Liabilities**") , whether or not the City, its officers or employees reviewed, accepted or approved any service or work product performed or provided by the Attorney, and whether or not such Liabilities are litigated, settled or reduced to judgment. Attorney's proposed contracts with expert consultants shall be provided to City for prior review, including review for terms City may require which provide indemnity obligation to City by such proposed consultants.

b. **Obligation to Defend:** Attorney shall, upon City's request, defend at Attorney's sole cost any action, claim, suit, cause of action or portion thereof which asserts or alleges Liabilities to the extent such Liabilities result from third party actions caused by any professional negligent act or omission or willful misconduct of only Attorney, its sub-attorneys, and their respective officers and employees, in connection with the performance or nonperformance of this Agreement, whether such action, claim, suit, cause of action or portion thereof is well founded or not.

c. **Insurance Policies; Intellectual Property Claims:** The existence or acceptance by City of any of the insurance policies or coverages described in this Agreement shall not affect or limit any of City's rights under this section, nor shall the limits of such insurance limit the liability of Attorney hereunder, except that City shall first look to Attorney's insurance policies and coverages with respect to the indemnity and defense provisions of this Agreement, and the provision of defense and indemnity by such insurance shall be deemed to fully satisfy such indemnity and defense provisions . This section shall not apply to any intellectual property claims, actions, lawsuits or other proceedings subject to the provisions of Section 4 (Confidentiality of City Information) above. The provisions of this section shall survive any expiration or termination of this Agreement.

7. Termination.

a. **By City**. City may terminate this Agreement at any time by written notice. After receiving such notice, Attorney will cease providing services. Attorney will cooperate with City in the orderly transfer of all related files and records to your new counsel.

b. **By Attorney**. Attorney may terminate this Agreement at any time with City's consent or for good cause. Attorney may terminate this Agreement for any reason by giving to City Attorney not less than sixty (60) days prior written notice of termination. The notice shall specify the effective date of and reason for the termination. Good cause exists if (a) any statement is not paid within ninety (90) days of its receipt; (b) City fails to meet any other obligation under this Agreement and continues in that failure for 15 days after Attorney sends written notice to City; (c) City has misrepresented or failed to disclose material facts to Attorney, refused to cooperate with Attorney, refused to follow Attorney's advice on a material matter, or otherwise made Attorney's representation unreasonably difficult; (d) any other circumstance exists in which ethical rules of the legal profession mandate or permit termination, including situations where a conflict of interest arises. Any individual attorney listed in Paragraph 2 of this Agreement may at any time for any reason cease providing services to Attorney related to this Agreement. If Attorney terminates Services, City agrees to execute a substitution of attorneys promptly and otherwise cooperate in effecting that termination.

Termination of this Agreement, whether by City or by Attorney, will not relieve the obligation to pay for services rendered and costs incurred by Attorney before services formally ceased.

8. General Provisions.

a. **Independent Contractor.**

i. It is understood and agreed that Attorney (including Attorney's employees) is an independent contractor and that no relationship of employer-employee exists between the Parties hereto for any purpose whatsoever. Neither Attorney nor Attorney's assigned personnel shall be entitled to any benefits payable to employees of City. City is not required to make any deductions or withholdings from the compensation payable to Attorney under the provisions of this Agreement, and Attorney shall be issued an IRS Form 1099 for its services hereunder. As an independent contractor, Attorney hereby agrees to indemnify and hold City harmless from any and all claims that may be made against City brought by any of Attorney's employees or by any third party, including but not limited to any state or federal agency with respect to any of Attorney's employees, that an employer-employee relationship or a substitute therefor exists for any purpose whatsoever by reason of this Agreement or by reason of the nature and/or performance of any Services under this Agreement.

ii. It is further understood and agreed by the Parties hereto that Attorney, in the performance of its obligations hereunder, is subject to the control and direction of City as to the designation of tasks to be performed and the results to be accomplished by the Services agreed to be rendered and performed under this Agreement, but not as to the means, methods, or sequence used by Attorney for accomplishing such results. To the extent that Attorney obtains permission to, and does, use City facilities, space, equipment or support services in the performance of this Agreement, this use shall be at the Attorney's sole discretion based on the Attorney's determination that such use will promote Attorney's efficiency and effectiveness. Except as may be specifically provided elsewhere in this Agreement, the City does not require that Attorney use City facilities, equipment or support services or work in City locations in the performance of this Agreement.

iii. If, in the performance of this Agreement, any third persons are employed by Attorney, such persons shall be entirely and exclusively under the direction, supervision, and control of Attorney. Except as may be specifically provided elsewhere in this Agreement, all terms of employment, including hours, wages, working conditions, discipline, hiring, and discharging, or any other terms of employment or requirements of law, shall be determined by Attorney. It is further understood and agreed that Attorney shall issue W-2 or 1099 Forms for income and employment tax purposes, for all of Attorney's assigned personnel and subcontractors.

b. **Licenses; Permits, Etc.:** Attorney represents and warrants that Attorney has all licenses, permits, City Business Operations Tax Certificate, qualifications, and approvals of whatsoever nature which are legally required for Attorney to practice its profession or provide any services under the Agreement.

_____
Attorney's Initial

Attorney represents and warrants that Attorney shall, at its sole cost and expense, keep in effect or obtain at all times during the term of this Agreement any licenses, permits, and approvals which are legally required for Attorney to practice its profession or provide such Services. Without limiting the generality of the foregoing, if Attorney is an out-of-state corporation, Attorney warrants and represents that it possesses a valid certificate of qualification to transact business in the State of California issued by the California Secretary of State pursuant to Section 2105 of the California Corporations Code.

c. **Conflicts of Interest.** Attorney represents and warrants that it has made a diligent effort to determine whether there are any actual or potential conflicts of interest that would preclude or interfere with Attorney's performance of this Agreement, and that no such conflict of interest appears to exist. Attorney shall indemnify and hold harmless City from and against any and all liability, loss, expense and obligation arising directly or indirectly out of any breach of the foregoing representation and warranty. Attorney agrees to avoid conflicts of interest or the appearance of any conflicts of interest with the interests of City at all times during the performance of this Agreement.

d. **Confidentiality of City Information.** Attorney understands and agrees that during the course performing the services required by this Agreement, or in contemplation thereof, Attorney may have access to private or confidential information which may be owned or controlled by City and that such information may contain proprietary or confidential details, the disclosure of which to third parties may be damaging to City. Attorney agree that all

information disclosed by City to Attorney shall be held in confidence and used only in performance of the services required by this Agreement. A violation of this section shall be a material violation of this Agreement and shall justify legal and/or equitable relief.

e. **Publicity.** The City Representative shall serve as the point of contact for press information regarding all matters performed by Attorney under this Agreement. If any publicity is generated by the subject matter of this representation, Attorney will consult with and obtain approval of the City Representative before making any statement to any media outlet (whether radio, print, internet or television) about the content and timing of such statement.

f. **Disqualification of Judges.** At the option of the City Attorney, judges may be disqualified from hearing City litigation, and Attorney shall adhere to such decision of the City Attorney. In the event that Attorney is of the opinion that a judge ought to be disqualified, the City Attorney must be consulted in advance by Attorney, and Attorney must obtain the City Attorney's written consent to such disqualification.

g. **Equal Employment Opportunity.** During the performance of this Agreement, Attorney, for itself, its assignees and successors in interest, agrees as follows:

   i. **Compliance With Regulations:** Attorney shall comply with the Executive Order 11246 entitled "Equal Opportunity in Federal Employment", as amended by Executive Order 11375 and 12086, and as supplemented in Department of Labor regulations (41 CFR Chapter 60), hereinafter collectively referred to as the "Regulations."

   ii. **Nondiscrimination:** Attorney, with regards to the work performed pursuant to this Agreement, shall not discriminate on the ground of race, color, religion, sex, national origin, age, marital status, physical handicap or sexual orientation in selection and retention of subcontractors, including procurement of materials and leases of equipment. Attorney shall not participate either directly or indirectly in discrimination prohibited by the Regulations.

h. **Severability.** If any portion of this Agreement or the application thereof to any person or circumstance shall be held invalid or unenforceable, the remainder of this Agreement shall not be affected thereby and shall be enforced to the greatest extent permitted by law.

i. **Waiver.** Neither City acceptance of, or payment for, any Service or Additional Service performed by Attorney, nor any waiver by either Party of any default, breach or condition precedent, shall be construed as a waiver of any provision of

this Agreement, nor as a waiver of any other default, breach or condition precedent or any other right hereunder.

j. **Enforcement of Agreement.** This Agreement shall be governed, construed and enforced in accordance with the laws of the State of California. Venue of any litigation arising out of or connected with this Agreement shall lie exclusively in the state trial court or Federal District Court located in Stanislaus County in the State of California, and the Parties consent to jurisdiction over their persons and over the subject matter of any such litigation in such courts, and consent to service of process issued by such courts.

k. **Assignment Prohibited.** The expertise and experience of Attorney are material considerations for this Agreement. City has a strong interest in the qualifications and capability of the persons and entities who will fulfill the obligations imposed on Attorney under this Agreement. In recognition of this interest, Attorney shall not assign any right or obligation pursuant to this Agreement without the written consent of the City. Any attempted or purported assignment without City's written consent shall be void and of no effect.

l. In any action to enforce the terms of this Agreement, the prevailing Party shall recover its reasonable attorneys' fees, providing that prior to the initiation of any such action the prevailing Party shall have participated in good faith in a mediation process through to its conclusion. The mediation process shall be conducted before a single, neutral, retired California judge. The mediation shall be concluded at such time as both Parties have terminated mediation sessions and mediation communications through the mediator. Evidence of the Parties' demands and offers in settlement, and the nature of the Parties' participation in the mediation process shall not be considered confidential and shall be admissible only to the limited extent necessary for a court to determine for purposes of recovery of attorneys' fees whether the prevailing Party participated in the mediation process in good faith.

m. **Notice.** Excluding bills; see section number 2 (b). Any notice, demand, request, consent, approval, communication either Party desires or is required to give the other party or any other person shall be in writing and either served personally or sent by prepaid, first-class mail to the address set forth below. Either Party may change its address by notifying the other Party of the change of address in writing. Notice shall be deemed communicated forty-eight (48) hours from the time of mailing if mailed as provided in this section.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-203

RESOLUTION SUPPORTING THE PASSAGE OF ASSEMBLY BILL 700 CALIFORNIA DISCLOSE ACT

WHEREAS, ever-increasing amounts of funds are raised and spent in support of and opposition to state and local ballot measures; and

WHEREAS, in California, over $640 million was spent on California ballot measures in 2012 and 2014, much of the spending by groups with misleading names like "Stop Special Interest Money Now" or Californians Against Higher Health Care Costs; and

WHEREAS, Assembly Members Gomez and Levine have introduced Assembly Bill (AB) 700, the California Disclose Act, which would improve disclosure on political advertisements to help voters make well-informed decisions and have greater confidence in the electoral process; and

WHEREAS, the bill would require the three largest funders of ballot measure ads (the two largest on radio ads) to be clearly and prominently identified, on the ads themselves, so that viewers can immediately see who is funding the advertisement, and

WHEREAS, the Disclose Act would apply to television ads, radio ads, print ads, mass mailers, and robocalls for or against state and local ballot measures; and

WHEREAS, the Disclose Act would apply whether ads are paid for by corporations, PACs, or individuals; and

WHEREAS, "Follow the Money" rules would require ads to report the true corporate, PAC or individual contributors, not potentially misleading committee and non-profit names; and

WHEREAS, In the Supreme Court's Citizens United decision, eight of nine Supreme Court Justices noted the problems when groups run ads "while hiding behind dubious and misleading names" and said transparent disclosure is needed for voters "to make informed decisions and give proper weight to different speakers and messages;" and

WHEREAS, voters deserve transparency in political advertising, and AB 700 would make significant strides toward this goal; and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby supports the passage of Assembly Bill 700; and

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of June, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Kenoyer, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Zoslocki, Mayor Marsh

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-204

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MODESTO DECLARING ITS INTENTION TO ESTABLISH THE DOWNTOWN MODESTO COMMUNITY BENEFIT DISTRICT AND TO LEVY AND COLLECT ASSESSMENTS WITHIN SAID DISTRICT PURSUANT TO CITY OF MODESTO MUNICIPAL CODE TITLE 8, CHAPTER 9 PERTAINING TO THE FORMATION OF A COMMUNITY BENEFIT DISTRICT, AND CALLING AN ASSESSMENT BALLOT PROCEEDING AND ESTABLISHING A TIME AND PLACE FOR A PUBLIC HEARING (DECLARES THE INTENTION TO ESTABLISH A COMMUNITY BENEFIT DISTRICT FOR 15 YEARS AND SETS A PUBLIC HEARING FOR AUGUST 11, 2015)

WHEREAS, the City of Modesto's Community Benefit District Ordinance, Modesto Municipal Code Title 8, Chapter 9 (the "Ordinance") authorizes the City to establish a Community Benefit District ("CBD") for up to 20 years to enhance the security, safety, appearance, and economic viability within such districts; and

WHEREAS, the Ordinance authorizes the City to levy and collect assessments on real property within such districts for the purpose of providing improvements and promoting activities that specially benefit real property within such districts; and

WHEREAS, the Ordinance authorizes the City to use the procedures set forth in the Property and Business Improvement District Law of 1994 (Streets & Highways Code sections 36600 et seq.) (the "PBID Law") as modified by the Ordinance for purposes of forming an assessment district; and

WHEREAS, Articles XIIC and XIID of the California Constitution and Section 53753 of the California Government Code (Proposition 218 Omnibus Implementation Act) also impose certain procedural and substantive requirements relating to the notice, protests and hearing requirements pertaining to new or increased assessments; and

WHEREAS, written petitions have been submitted by property owners within the area of the proposed CBD in Modesto that request the City Council initiate proceedings pursuant to the Ordinance to establish a Downtown Modesto Community Benefit District for a fifteen year period; and

WHEREAS, such petitions were signed by property owners in the proposed CBD who will pay more than thirty percent (30%) of the assessments proposed to be levied; and

WHEREAS, a Management District Plan entitled the Downtown Modesto Community Benefit District 2015 Management District Plan (the "Management Plan" **attached** hereto as **Exhibit** 1) for the proposed Downtown Modesto CBD has been prepared and contains all of the information required by the Ordinance, including, but not limited to, a description of the boundaries of the proposed CBD, the special benefit improvements and activities. The proposed boundaries of the Downtown Modesto CBD are also shown in the Management Plan that **is attached.**

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF MODESTO AS FOLLOWS:

Section 1. Pursuant to the Ordinance which incorporates provisions of Section 36621 of the PBID Law, the City Council declares its intention to establish the Downtown Modesto Community Benefit District (the "District") for a period of fifteen (15) years, and to levy and collect assessments against lots and parcels of real property within the District commencing in fiscal year 2015-2016 and ending December 1, 2030.

Section 2. The City Council hereby approves the Management Plan, which contains the District's Engineer's Report, for the proposed Downtown Modesto CBD, which Management Plan is on file in the office of the City Clerk, and **attached** hereto as **Exhibit** 1.

Section 3. The City Clerk shall make the Management Plan and other documents related thereto available to the public for review during normal business hours.

Section 4. The proposed activities as set forth in the Management Plan include marketing, District identity, beautification, security, maintenance, administration/corporate operations and an appropriate contingency/reserve. All proposed services and improvements will provide a special benefit to businesses and real property located in the District.

Section 5. The total assessment proposed to be levied and collected within the proposed Downtown Modesto CBD for fiscal year 2015-2016 is $700,000. Section 7 of the Management Plan sets forth the proposed Downtown Modesto CBD annual assessment amount by Assessor's Parcel Number. The amount to be levied and collected for subsequent years may be increased by an amount not to exceed five percent (5%) per year in accordance with increases in the Stanislaus County Consumer Price Index for all urban consumers from February to February.

Section 6. NOTICE IS HEREBY GIVEN that the City Council shall conduct a public hearing to establish the Downtown Modesto CBD, and the levy and collection of assessments for fiscal year 2015-2016 on the 11th day of August, 2015, at 5:30 p.m. or as soon thereafter as the matter may be heard, in the City Council Chambers located at 1010 10th Street, Modesto, CA 95354.

At the public hearing, the City Council will consider all objections or protests, if any, to the proposed establishment of the Downtown Modesto CBD, and all objections to the proposed assessment.

An assessment ballot proceeding is hereby called on behalf of the City Council on the matter of confirming assessments for any property within the District subject to a new assessment pursuant to Article XIID of the California Constitution. The assessment ballot proceeding on the matter of authorizing the levy of the assessments, pursuant to Government Code Section 53753 and Section 4 of Article XIIID of the California Constitution, consists of a ballot and mailed notice, distributed to affected property owners. Each property owner's ballot is weighted by the amount of his or her proposed assessment. Each property owner may return the ballot by mail or in person to the City Clerk, Modesto City Hall, at 1010 10th Street, Modesto, CA 95354, at or before the conclusion of public testimony at the public hearing. A written protest may be withdrawn in writing at any time before the public hearing.

At the conclusion of the public hearing, the City Clerk and/or an impartial designee shall tabulate the ballots to determine if a majority protest exists. The ballots shall be weighted according to the proportional financial obligation of each affected parcel. A majority protest exists if, upon the conclusion of the public hearing, weighted ballots submitted in opposition to the assessment exceed the weighted ballots submitted in favor of the assessment. Provided a majority protest does not exist, the City Council may then establish the Downtown Modesto CBD by adopting a resolution to that effect.

Section 7. The City Clerk is hereby authorized and directed to give notice of the public hearing as provided in Section 53753 of the Government Code and Article XIIID, Section 4 of the California Constitution.

Section 8. The City Manager is hereby authorized to sign the ballots for the City-owned properties to establish the Downtown Modesto CBD.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of June, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Kenoyer, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Zoslocki, Mayor Marsh
NOES:	Councilmembers:	None
ABSENT:	Councilmembers:	Madrigal

Section 1
Management District Plan Summary

The name of this Community Benefit District is the Downtown Modesto Community Benefit District (the "CBD"). The District is being formed pursuant of the City of Modesto Community Benefit District formed under [redacted] and hereinafter referred to as the "Ordinance".

Developed by the Downtown Modesto CBD Steering Committee – this Management District Plan is proposed to improve and provide special benefits to individual parcels located within the boundaries of the newly proposed 2015 Downtown Modesto Community Benefit District. The proposed CBD will provide special benefit district improvements and activities, including cleaning, security, beautification, district identity, possible transportation related activities and other special benefit programs to parcels within the boundaries of the proposed district.

The proposed Downtown Modesto CBD serves to improve the individual parcels, attract new customers to their businesses, increase sales, increase occupancies and enhance the benefitting individual parcels within the CBD. The proposed CBD seeks to fund the special benefits that will be provided over the next fifteen years, based upon keeping the greater Downtown Modesto area clean, safe, orderly, attractive, well marketed with special events and programs, and increase commerce within the boundaries.

Boundaries:

The boundaries shall include approximately 47 whole or partial blocks with 318 parcels owned by 214 property owners. See Downtown Modesto Proposed CBD map in Section 2, pages 10 and 11. The District is generally bounded by:

- L Street between both sides of 8th Street and Needham on the northwest,
- Needham Street, between L Street and H Street on the north,
- H Street between 19th Street and 15th Street, and then on G Street from 15th Street to both sides of 8th Street on the southeast; and
- Both sides of 8th Street from G Street to L Street on the southwest;

Budget:

The total first year Downtown Modesto CBD budget based upon assessable individual parcel owners for FY 15/6, will be $ 700,000.00. Please see Section 3 for a breakdown of the categories of special benefit services.

Improvements, Activities and Services of the Downtown Modesto CBD Plan:

There are five basic categories of special benefit services that will be funded by the Downtown Modesto CBD. All of these services will confer a special benefit to the individual parcels within the Downtown Modesto CBD. The categories of special benefits are as follows:

1. ***Sidewalk Operations, Beautification and Order:*** This includes all sidewalk and gutter cleaning services, possible enhance security, sidewalk steam cleaning services, graffiti removal, trash removal, as well as enhanced services to beautify the district. Sidewalk operations services totals $ 425,000 or 61% of the first year annual budget of the new CBD.

2. ***District Identity*:** These services include the branding of the Downtown Modesto area, marketing and promotions, newsletter, public relations, media relations, social media, publicity, special events, website development and maintenance, public space develop and holiday decorations. These services equal $ 150,000 or 21% of the first year annual budget of the new district.

3. ***Enhanced Residential Improvements*:** Though there are currently not any single residential units in the form of condos within the boundaries of the revised district, future condo developments that will be constructed within the CBD boundaries will be assessed to fund their particular special benefits. These special benefit services will include, but are not limited to: enhanced beautification in blocks with a high density of condos, public space development, implementation of pet related services and administrative costs. These assessments will be allocated with the same percentages of the overall budget.

4. ***Program Management and Corporate Operations***: These services equal $97,000 or 14% of the first year annual budget of the new district.

5. ***Contingency/Reserve***. This contingency anticipates a "historic" non-payment rate percentage of 2 to 4%, and any City or County collection fees. This fund equals $28,000 or 4% of the first year annual budget of the new district.

Downtown Modesto CBD FY 2015-16 Budget

PROGRAM OR ACTIVITY FUNDED BY THE DOWNTOWN MODESTO COMMUNITY BENEFIT DISTRICT	APPROXIMATE% OF FIRST YEAR ANNUAL BUDGET	ESTIMATED ANNUAL COSTS
Sidewalk Operations, Beautification and Order	61%	$ 425,000.00
District Identity and Streetscape Improvement	21%	$ 150,000.00
Administration/Corporate Operations	14%	$ 97,000.00
Contingency/City and County Fees/Reserves/Special projects	4%	$ 28,000.00
TOTAL	***100%***	***$ 700,000.00****

**The City, individuals, businesses, and groups that contributed to the investigation and formation costs of the Downtown Modesto CBD shall be entitled to be reimbursed within the first five years of the adoption of the CBD by the City Council. Costs that can be recovered include: (1) The costs of preparation of the management plan and engineer's report required by state law; (2) The cost of circulating and submitting the petition to the City Council seeking establishment of the District; (3) The costs of printing, advertising and the giving of published, posted or mailed notices; (4) Compensation of any engineer or attorney employed to render services in proceedings associated with formation of the Downtown Modesto CBD; and (5) Costs associated with any ballot proceedings required by law for approval of the CBD assessment. Contributions to the investigation and formation effort shall be reimbursed fully in the amount contributed upon receipt of appropriate documentation of the contribution to the new management corporation Board of Directors. The total amount to be reimbursed shall not exceed $70,000.*

This plan proposes percentages for groups of services with the intent that they will provide individual parcels with an understanding of the portion of the budget allocated to fund those services, while simultaneously giving the property owners and businesses an understanding of the proportional benefit they will receive. Demands for prioritization of one special benefit need over another *within the same category* will occur year by year. Supplemental security may be a priority one year, however enhanced sidewalk sweeping and beautification may be a priority another year. Both of these services fall within the same special benefit category or sidewalk operations.

Method of Financing:

The financing of the Downtown Modesto CBD is based upon the levy of special assessments upon real property that receive special benefits from the improvements and activities. See Section 4 for assessment methodology and compliance with Proposition 218. There will be four

factors used in the determination of proportional benefit to the parcels in the CBD. Those four factors are:

- Linear frontage;
- Lot size or the footprint of the parcel;
- Building square footage (excluding parking structures built within the building that predominantly serve the tenants of the building and are not open to the public); and
- Future residential condos that will be constructed within the District.

The following data represents the foundation of the assessments that will generate the revenue to fund the Downtown Modesto CBD: (verified as of April 5th, 2015);

Benefit Zones:

State law and the State constitution, Article XIIID require that special assessments be levied according to the special benefit each individual parcel receives. There is only one proposed under this plan.

Data in the CBD:

Building Square Footage	*Lot Size (square feet)*	*Linear Frontage*
2,632,178	**5,070,262**	**59,911**

Residential Condos: 0 assessable building square footage.
Currently there are no residential condo ddevelopments within the Downtown Modesto CBD boundaries total. When constructed, these future units will be assessed at the rate of $0.20 per square foot for their verifiable building square footage per parcel.

Costs:

Annual assessments are based upon an allocation of program costs by assessable linear frontage (by Benefit Zone), assessable on all sides of the parcels that receive benefit; PLUS lot or parcel square footage; PLUS assessable building square footage, and in the case of residential condos, by building square footage.

Future residential condo owners will be assessed differently since they are, in essence, acquiring air rights with the purchase of their residential condos and linear frontage and lot size will not be relevant to their parcels. This alternate assessment methodology is created to respond to their special needs of homeowners within this growing Downtown district. All four property variables will be used in the calculation of the annual assessment.

The FY 2015-16 year annual assessments per property variable are as follows:

Linear Frontage costs: $7.0938 per linear foot/year

Building Square Footage costs: $0.056987 per square foot/year

Lot Size costs:	$0.024654 per square foot/year
Future Residential Condo costs:	$0.20 per square foot of parcel unit square footage

Cap:

The CBD budget and assessments may be subject to changes in the Consumer Price Index (CPI) for the Stanislaus County Consumer Price Index for all urban consumers from February to February, with annual increases not to exceed 5% (five per cent) per year. Increases will be determined by the Owners' Association/District Management Corporation and will vary between 0% and 5% annually. Changes in land use, development of empty parcels, conversion of tax exempt to profitable land uses, demolition of existing buildings, and creation of new parcels through new building or residential condo development may alter the budget from year to year based upon the changes in the building square footage of an individual parcels. Since linear frontage and lot size normally are not altered in the redevelopment of a site, the only changes realized in the CBD will be through the building square footage. In addition, changes in the budget may occur due to the conversion of single parcels to multiple parcels due to the construction of residential or commercial condos.

Bonds:

The District will not issue any bonds related to any program.

District Formation:

Under the local enabling ordinance, the District formation and modification requires a submission of petitions from property owners representing more than 30% of the total assessments.

Once the City verifies the petitions totaling a minimum of 30% or $ 210,000 in assessment contribution to the District, the Modesto City Council may adopt a **Resolution of Intention** to mail out ballots to all affected property owners. The City will then hold a public hearing and tabulate the mail ballots. The Downtown Modesto CBD will be formed if the weighted majority of all returned mail ballots support the District formation and if the City Council adopts a resolution of formation to levy the assessments on the benefiting parcels. At this point, that public hearing is scheduled for Tuesday, July 28th, 2015.

Disestablishment:

California State Law, Section 36670 provides for the disestablishment of a District. Provisions for annual disestablishment of the CBD are provided for in the local Modesto CBD ordinance. Property owners dissatisfied with the results, management or quality of the services may petition the City Council to disestablish the CBD, in the same method in which they petitioned the City Council to establish the District.

Section 36670 states:

> *(b) The city council shall adopt a resolution of intention to disestablish the district prior to the public hearing required by this section. The resolution shall state the reason for the disestablishment, shall state the time and place of the public hearing, and shall contain a proposal to dispose of any assets acquired with the revenues of the assessments levied within the property and business improvement district. The notice of the hearing on disestablishment required by this section shall be given by mail to the property owner of each parcel or to the owner of each business subject to assessment in the district, as appropriate. The city shall conduct the public hearing not less than 30 days after mailing the notice to the property or business owners. The public hearing shall be held not more than 60 days after the adoption of the resolution of intention."*

Unexpended surplus funds will be returned to property owners based upon each parcels percentage contribution to the previous fiscal year's assessments if the District is not renewed.

Time and Manner for Collecting Assessments:

The Downtown Modesto CBD assessments will appear as a separate line item on annual property tax bills prepared by the County of Stanislaus. The assessments shall be collected at the same time and in the same manner as for the ad valorem property tax paid to the County of Stanislaus. These assessments shall provide for the same lien priority and penalties for delinquent payment as is provided for the ad valorem property tax.

Any delinquent assessments owed for the first year will be added to the property tax roll for the following year together with any applicable interest and penalties. The "property owner" means any person shown as the owner/taxpayer on the last equalized assessment roll or otherwise known to be the owner/taxpayer by the City.

Government Assessments:

The Downtown Modesto CBD Management Plan assumes that the City of Modesto, the Successor Agency, Stanislaus County, the County Education Department and other government entities will pay assessments for the public property within the boundaries of the District. Article XIII D, Section 4 of the California Constitution was added in November of 1996 to provide for these payments.

Parcels owned by the City of Modesto, controlled by the Successor Agency, the State of California, the Stanislaus County shall receive benefits, commensurate with the assessments paid into the Downtown Modesto CBD. The publicly owned parcels are presumed to benefit equally to the privately owned parcels for the sidewalk and administrative special benefits provided, *however City, County and County School District parcels shall be exempt from assessments on their building square footage since they will not derive benefit from the "District Identity" special benefit services, (see Section 3, page 15).*

Duration:

The Downtown Modesto CBD shall have a fifteen-year term which shall commence on December 1st, 2015 and expire on November 30th, 2030, with operations winding down by November 30th, 2030, unless the district is renewed by the CBD property owners through a new assessment ballot proceeding in 2030.

Governance:

Pursuant to the City of Modesto Community Benefit District Ordinance and Section 36600 of the California Streets and Highway Code, a District Management Corporation or Owners' Association, will review District budgets and policies annually within the limitations of the Management District Plan. The Management Corporation will file Annual Reports with the City of Modesto (City) and will oversee the day-to-day implementation of services as defined in the Management District Plan. Section 36614.5 states:

> *The "Owners' association" means a private nonprofit entity that is under contract with a city to administer or implement activities and improvements specified in the management district plan. An owners' association may be an existing nonprofit entity or a newly formed nonprofit entity. An owners' association is a private entity and may not be considered a public entity for any purpose, nor may its board members or staff be considered to be public officials for any purpose."*

Section 2
Downtown Modesto Community Benefit District Boundaries

Boundaries: The following text will define the boundaries of the Downtown Modesto CBD.

- **Northwest boundary**: Starting at parcel 104-008-08 at the southeast corner of the intersection of 8th Street and L Street (including all of the parcels on the east side of L Street) and running northeast to the corner of 15th Street and L Street, parcel number 105-010–16;

- **North Boundary:** Starting at parcel 105-010-16 at the southeast corner of the intersection of Needham and L Street and running eastward (including all of the parcels on the south side of Needham) to the parcel 105-001–13 at the southwestern corner of the intersection of 19th Street and Needham Street/Downey Avenue and H Street;

- **Southeastern Boundary**: Starting at parcel 105-001–14 and running southwest to the intersection of 15th Street (including only the parcels on the west side of the street), running one block southeast (including parcels on the south side of 15th Street only) to the parcel at the southwestern corner of the intersection of 15th Street and G Street, and then continuing in a southwesterly direction (including only the parcels on the west side of G Street) and terminating intersection of 8th Street and G Street., ending at parcel 103-003-06.

- **Southwestern Boundary:** Starting at the parcel 103-003–6 at the southwestern corner of 8th Street and G Street, running in a northwesterly direction (to include all of the parcels on the north side of 8th Street) and terminating at the corner of 8th Street and L Street, parcel number 104-008–8.

Section 3
District Improvement and Activity Plan

Process to Establish the Improvement and Activity Plan/Outreach Efforts:

Since summer of 2014 business and property owners in Downtown Modesto have met to discuss the advantages of creating this downtown special benefits district. An initial survey was sent to every property owner in the proposed CBD area in the summer of 2014 to ascertain their level of conceptual support for the establishment of this assessment district and obtain information regarding the type of enhanced services they were interested in receiving. The survey information was instrumental in determining the services to be delivered by the CBD.

Priority Special Benefit Services – According to the Survey and CBD Steering Committee discussions:

1. *Improving the image of Downtown, the overwhelming majority of survey respondentsbelieved that the image of Downtown Modesto is highly problematic stating that Downtown is "relatively safe, but suffers an image as an unsafe district";*
2. *Responding to the issues that arise from street people, homeless and panhandling issues;*
3. *Supporting property owner marketing and promotions campaign to bring new business and attract new tenants;*
4. *Supporting planting, trimming and maintenance of trees, flowers and shrubs throughout the Downtown area to beautify the community;*
5. *Supporting sidewalk and curb sweeping, and enhanced trash receptacle emptying over and above City services;*
6. *Supporting public relations and social media programs to improve the image of Downtown;*
7. *Supporting property owner funded special events and branding efforts to improve the identity and bringing positive attention to the Downtown*

Numerous public meetings have been held with the Downtown Modesto CBD Steering Committee. Public meeting dates follow:

- August 1st, 2014
- Sept. 3rd, 2014
- October 8th, 2014
- November 19th, 2014
- December 10th, 2014
- January 21st, 2015
- Feb. 11th, 2015
- March 4th.2015
- May 6th, 2015

Marco Li Mandri of New City America also met with Josh Bridegroom of the City Manager's office and many property owners individually, the City Attorney and City staff throughout this process.

Explanation of Special Benefit Services:

All of the improvements and activities detailed below are provided only to properties defined as being within the boundaries of the Downtown Modesto CBD, as the improvements and activities will provide special benefit to the owners of those properties. No improvements or activities will be provided to properties outside the Downtown Modesto CBD boundaries.

The City will continue to provide services from the general fund to the Downtown which will include public safety, street tree trimming, street sweeping, trash collection of public refuse containers, etc. The frequency of these general benefits may change from year to year and time to time based upon budget constraints. However, City general benefits will not be withdrawn from the Downtown Modesto CBD unless they are withdrawn by an equal amount City wide. ***The CBD funded special benefits will not replace City funded general benefits, but rather will provide special benefits to parcel owners over and above the general benefits provided by the City of Modesto.***

All services funded by the assessments outlined in the Management District Plan are intended to directly benefit the property, business owners and residents within this area to support increased commerce, business attraction and retention, retain and increase commercial property rentals, enhanced safety and cleanliness in the CBD, improved district identity, and eventually fund specialized beautification and enhanced services for the condo residential unit parcels within the District.

The total improvement and activity plan budget for FY 2015-16, which is funded entirely by property assessments within the CBD boundaries, is projected to be $ 700,000.00. The costs of providing each of the budget components was developed from actual experience obtained in reviewing these same services in similar districts throughout the State of California.

Based upon the survey of property owners, as well as the discussions held in the eight CBD Steering Committees held since August 2014, the Committee has prioritized the following categories of special benefit services for the new CBD. The categories of special benefit services set forth the intent of the budget category, but also gives the new District Management Corporation the flexibility to allocate the services based upon the changing needs of the District from year-to-year within each budgeted category.

Improvements Activities and Services of the Downtown Modesto CBD Plan:

There will be four basic categories of special benefit services that will be funded within the Downtown Modesto CBD. All of these services are designed to confer a special benefit to the individual parcels within the Downtown Modesto CBD over and above the general benefits they are currently receiving. The categories of special benefits are as follows:

Table 3 - A
First Year Downtown Modesto CBD Special Benefit Service Budget

PROGRAM OR ACTIVITY FUNDED BY THE DOWNTOWN MODESTO COMMUNITY BENEFIT DISTRICT	APPROXIMATE% OF FIRST YEAR ANNUAL BUDGET	ESTIMATED ANNUAL COSTS
Sidewalk Operations, Beautification and Order	61%	$ 425,000.00
District Identity and Streetscape Improvement	21%	$ 150,000.00
Administration/Corporate Operations	14%	$ 97,000.00
Contingency/City and County Fees/Reserves/Special projects	4%	$ 28,000.00
TOTAL	***100%***	***$ 700,000.00****

**The City, individuals, businesses, and groups that contributed to the investigation and formation costs of the Downtown Modesto CBD shall be entitled to be reimbursed within the first five years of the adoption of the CBD by the City Council. Costs that can be recovered include: (1) The costs of preparation of the management plan and engineer's report required by state law; (2) The cost of circulating and submitting the petition to the City Council seeking establishment of the District; (3) The costs of printing, advertising and the giving of published, posted or mailed notices; (4) Compensation of any engineer or attorney employed to render services in proceedings associated with formation of the Downtown Modesto CBD; and (5) Costs associated with any ballot proceedings required by law for approval of the CBD assessment. Contributions to the investigation and formation effort shall be reimbursed fully in the amount contributed upon receipt of appropriate documentation of the contribution to the new management corporation Board of Directors. The total amount to be reimbursed shall not exceed $70,000.*

The following categories of special benefit services shall only be provided to parcels within the District.

SIDEWALK OPERATIONS, BEAUTIFICATION, ORDER:

61%

Examples of these special benefit services and costs may include, but are not limited to:

- Regular sidewalk and gutter sweeping
- Regular sidewalk steam cleaning
- Beautification of the district;
- Enhanced trash emptying (over and above city services)
- Timely graffiti removal, within 24 hours as necessary
- Tree and vegetation maintenance (over and above city services)
- Special events maintenance and set up
- Maintenance of existing and new public spaces
- Hanging plants, planting flowers throughout the district;
- Possible private security and/or camera system

DISTRICT IDENTITY AND STREETSCAPE IMPROVEMENTS:

21%

Examples of these special benefit services and costs may include, but are not limited to:

- Web site development and updating;
- App development;
- Management and coordination of special events
- Social media
- Public relations firm
- Holiday and seasonal decorations
- Branding of Downtown Modesto so a positive image is built
- Banner programs
- Public art displays
- Downtown landmark sign and maintenance
- Logo development
- Public space design and improvements
- Signage

ENHANCED RESIDENTIAL CONDO UNIT IMPROVEMENTS: (currently don't exist) **$ 0**

Examples of these special benefit services and costs may include, but are not limited to:

Future residential condos built within the boundaries of the Downtown Modesto CBD will be assessed separately due to their unique parcel status and special benefit needs in the district. Residential condos blocks will have the following special benefit services conferred on the frontage their parcels. These services in the future will include, but will not be limited to:

- Installation, stocking and upkeep of pet waste distribution stations on the frontages adjacent to the high concentrations of residential condo individually assessed parcels;

- Enhancement and beautification of sidewalks on the frontages adjacent to the high concentrations of residential individually assessed parcels;
- Installation of hanging plants, and enhanced upkeep in the sidewalks surrounding these frontages adjacent to these residential condos;
- Other services requested by the residents that confer special benefit to the areas directly adjacent to the parcels with high concentrations of residential condos;
- Proportional share of the Administrative and Contingency costs to cover the oversight of the Enhanced beautification special benefit services.

ADMINISTRATION AND CORPORATE OPERATIONS: **$ 97,000** **14 %**

Examples of these special benefit services and costs may include, but are not limited to:

- Staff and administrative costs
- Directors and Officers Insurance
- Office related expenses
- Rent
- Financial reporting and accounting
- Legal work

CONTINGENCY/CITY AND COUNTY FEES/RESERVE:

$28,000 **4%**

Examples of these special benefit services and costs include, but are not limited to:

- Delinquencies
- City Fees
- County fees
- Reserves

Fifteen-Year Operating Budget:

A projected fifteen-year operating budget for the Downtown Modesto CBD is provided below. The projections are based upon the following assumptions:

- Assessments will be subject to changes in the Stanislaus County Consumer Price Index (CPI), with annual increases not to exceed 5% per year.
- Increases will be determined by the District Management Corporation and in no case shall annual increases exceed 5% per year.

The budget for specific programs may be reallocated within the categories by up to 10% of each budget category. The Management Corporation Board may alter the budget based upon service needs and such changes shall be included in the Annual report and submitted to the Modesto City Council for review and approval.

Table 3 – B

Fifteen-Year Projection of Maximum Assessment for the Downtown Modesto CBD

	FY1	FY2	FY3	FY4	FY5	FY6	FY7
Sidewalk Operations, Beautification and Order	$425,000.00	$446,250.00	$468,562.50	$491,990.63	$516,590.16	$542,419.66	$569,540.65

District Identity	$211,065.06	$221,618.32	$232,699.23	$244,334.19	$256,550.90	$269,378.45	$282,847.37	$283,520.82
Administration	$136,488.74	$143,313.18	$150,478.84	$158,002.78	$165,902.92	$174,198.06	$182,907.97	$183,343.46
Contingency	$39,398.81	$41,368.75	$43,437.19	$45,609.05	$47,889.50	$50,283.98	$52,798.18	$52,923.89
Total	**$984,970.30**	**$1,034,218.81**	**$1,085,929.75**	**$1,140,226.24**	**$1,197,237.55**	**$1,257,099.43**	**$1,319,954.40**	**$1,323,097.15**

Notes:

- Assumes a 5% yearly increase on all budget items.
- Any accrued interest or delinquent payments will be expended in the above categories.
- Residential condo assessments are zero for the first year, and to be determined when the first residential condos are actually built in Downtown

Section 4
Assessment Methodology

The Downtown Modesto CBD is a property-based special benefit assessment district being established pursuant to the Modesto Community Benefit District enabling ordinance adopted in April 2015 by the Modesto City Council. Due to the special benefit nature of assessments levied within a CBD, program costs are to be distributed amongst all identified specially benefited properties based on the proportional amount of special program benefit each property is expected to derive from the assessments collected.

The ordinance refers to the requirement that relative "benefit" received from CBD funded programs and activities be used to determine the amount of assessment paid. Only those properties expected to derive special benefits from CBD funded programs and activities may be assessed and only in an amount proportional to the relative special benefits expected to be received.

As stipulated by Proposition 218, assessment district programs and activities confer a combination of general and special benefits to properties, but the only program benefits that can be assessed are those that provide special benefit to the assessed properties. Special Benefit" as defined by the California State Constitution means *"a particular and distinct benefit over and above general benefits conferred on real property located in the District or to the public at large".* For the purposes of this analysis, "General Benefits" are benefits from the provided within Downtown Modesto that are not special in nature, are not "particular and distinct" and are not over and above the benefits that other city parcels receive.

General benefits are not restricted to benefits conferred only on persons and property outside the assessment district, but can include benefits both conferred on real property located in the district or to the public at large. "At large" means not limited to any particular person – and means all members of the public - including those who live, work, and shop within the district - and not simply transient visitors.

The property uses within the boundaries of the proposed Downtown Modesto CBD which will receive special benefits from CBD funded programs and services, are currently a mix of retail, service, office, religious, residential and parking. Services, programs and improvements provided by the Downtown Modesto CBD are primarily designed to provide special benefits to identified parcels within the boundaries of the District.

There are five basic categories of special benefit services that will be funded by the Downtown Modesto CBD. All of these services will confer a special benefit to the individual parcels within the Downtown Modesto CBD. The categories of special benefits are as follows:

1. ***Sidewalk Operations, Beautification and Order (SOBO):*** This include, but are not limited to: all sidewalk and gutter cleaning services, sidewalk steam cleaning services, graffiti removal, trash removal, as well and beautifying the district. This category of the budget will be allocated $ 425,000 or 61 % of the first year budget to fund its services.

2. ***District Identity and Streetscape Improvement (DISI)*:** These services include, but are not limited to: the branding of the commercial and residential parcels Downtown including: marketing and promotions, newsletter, public relations, media relations, social media, publicity, special events, lighting, website development and maintenance, public space develop and holiday decorations. This category of the budget will be allocated $ 150,000 or 21% of the budget to fund these services.

3. ***Enhanced Residential Condo Services:***
   Future residential condos built within the boundaries of the Downtown Modesto CBD will be assessed separately due to their unique parcel status and special benefit needs in the district. Residential condos blocks will have the premium special benefits conferred on their parcels but will also have extra residentially related services provided.

4. ***Administration/Management Services***: This category of the budget will be allocated $97,000 during the first year, or 14 % of the first year budget.

5. ***Contingency/Reserve.*** This contingency anticipates a non-payment rate percentage of 2 to 5%, and any City or County collection fees. This category of the budget will be allocated $ 28,000.00 or approximately 4% of the first year annual budget of the new Downtown Modesto CBD.

Parcels that receive these programs, services and improvements attract more customers, employees, tenants and investors as a result of these programs, services and improvements, thereby increasing business volumes, sales transactions, occupancies, rental income and return on investments and for future residents, make this Downtown more walkable, attractive and livable. These benefits are particular and distinct in that they are not provided to non-assessed parcels within or outside of the District. Because these programs, services and improvements will only be provided to each individual assessed parcel within the Downtown Modesto CBD boundaries, these programs, services and improvements will constitute "special benefits".

Existing City of Modesto services will not be replaced or duplicated, by Downtown Modesto CBD funded services. The very nature of the purpose of this District is to fund supplemental programs, improvements and services within the Downtown boundaries above and beyond what is being currently funded either via normal tax supported methods or other funding sources. All benefits derived from the assessments to be levied on parcels within the Downtown CBD are for services, programs and improvements directly benefiting each individual parcel within this area and support increased cleanliness, commerce, business attraction and retention, increased commercial property rental income and improved District

identity. No CBD funded services, activities or programs will be provided beyond the CBD boundaries.

While every attempt is made to provide CBD services and programs to confer benefits only to those identified assessed parcels within the district, the California State Constitution was amended via Proposition 218 to stipulate that general benefits exist, either by design or unintentionally, in all assessment districts and that a portion of the program costs must be considered attributable to general benefits and assigned a value. General benefits cannot be funded by assessment revenues. General benefits might be conferred on parcels within the District, or "spillover" onto parcels surrounding the District, or to the public at large who might be passing through the District with no intention of transacting business or residing within the District or interest in the District itself. Empirical assessment engineering analysis throughout California has found that general benefits within a given similar special benefits districts tend to range from 1-5% of the total costs. There are three methods that have been used by the Downtown CBD Assessment Engineer for determining general and special benefit values within assessment districts:

(1) The parcel by parcel allocation method
(2) The program/activity line item allocation method, and
(3) The composite district overlay determinant method.

A majority of PCBDs and CBDs in California for which this Assessment Engineer has provided assessment engineering services since the enactment of Proposition 218, have used Method #3, the composite district overlay determinant method which will be used for this CBD. This method of computing the value of general benefit involves a composite of three distinct types of general benefit – general benefit to assessed parcels within the District, general benefit to the public at large within the District and general benefit to parcels outside the District.

Downtown Modesto CBD Programs and Improvements

The total special and general benefit program activities and budget allocations that will be provided to each individual parcel assessed in the proposed Downtown Modesto CBD are shown in the chart below:

Total Year 1 – 2016 - Special + General Benefit Revenue

Service	YR 1 - 2016 Assessment Allocation	YR 1 - 2016 Non-Assessment Allocation	YR 1 - 2016 Total Allocation	% of Total
Sidewalk Operations	$ 425,000	$ 8,673	$ 433,673	61 %
District Identity	$ 150,000	$ 3,061	$ 153,061	21%
Administration	$ 97,000	$ 1,981	$ 98,981	14%
Contingency/Reserves	$ 28,000	$ 571	$ 28,571	4%
Total	**$700,000.00**	**$ 14,286**	**$ 714,286.00**	**100%**

All program costs associated with general benefits will be derived from sources or credits other than CBD assessments. Sample "other" revenue sources can be derived from special events, grants, volunteer hours and must simply equal a total of $ 14,286 per year which would equal the general benefit cost of 2% of the computed total CBD cost of $ 714,286.00 from the Table above. Here, program costs spreading variables include linear frontage, lot or parcel size and building square footage, and residential condo parcels. The following data represents the foundation of the assessments that will generate the revenue to fund the Downtown Modesto CBD: (verified as of April 5th, 2015);

Benefit Zones:

State law and the State constitution, Article XIIID require that special assessments be levied according to the special benefit each individual parcel receives. There is only one benefit zone in the proposed Downtown Modesto CBD.

Data in the CBD:

Building Square Footage	*Lot Size (square feet)*	*Linear Frontage*
2,632,178	**5,070,262**	**59,911**

Assessment District Revenue Generation in Fiscal Year 2016 from each assessable property variable:

Linear Frontage	$ 425,000	61%
Building Square Footage:	$ 150,000	21%
Lot Square Footage:	$ 125,000	18%
Residential Condos Unit Square Footage:	$0	0%
Total:	**$ 700,000.00**	**100%**

First Year Annual Costs:

The Downtown Modesto CBD FY 2016 year annual assessments per property variable are as follows:

Property Variable	*First Year Annual Costs*
Linear Frontage	$ 7.0938 per linear foot/year
Building Square Footage	$ 0.056987 per square foot/year
Lot Size	$0.024654 per square foot/year
Residential Condominiums	$0.20 per square foot

Proportional Allocation of Assessments to Benefiting Property Owners
Generation of assessments which fund categories of special benefit services.

Program	***Funded by Property Variable Assessment***	***Approximate Amount First Year Budget - %***
Sidewalk Operations, Beautification and Order *sidewalk and gutter cleaning, landscaping, steam cleaning, public space maintenance*	Funded by approximately 100% of the linear frontage assessments *Residential Condo assessments will pay for services in the same proportion as allocated in the budget*	$ 425,000 – 61% (the Board decides how this amount will be allocated month by month, prioritizing services and proportionally allocating per benefit zones based upon payments made)
District Identity and Streetscape Improvements *(Marketing, promotions, website, social media, events, business attraction, public space design)*	Funded by approximately 100% of the building square footage *Residential Condo assessments will pay for services in the same proportion as allocated in the budget*	$ 150,000 – 21%
Administration/ Corporate Operations Administration, outreach to public agencies, community relations, office rent, supplies, insurance, legal	Funded by Lot Size assessments *Residential Condo assessments will pay for services in the same proportion as allocated in the budget*	$ 97,000 – 14 %
Contingency	Funded by Lot size assessments *Residential Condo assessments will pay for services in the same proportion as allocated in the budget*	$ 28,000 4 %
Total for all Special Benefit Services		***$ 700,000.00***

Linear Frontage Defined:
Individual parcels will be assessed for all sides of each parcel fronting on a public street. Alley frontage is not assessed. Each side of the parcel (excluding alley areas) will receive Sidewalk Operations special benefit services based upon the frequency of services articulated in this plan, linear front footage data was obtained from the County Assessor's parcel maps.

Building Square Footage Defined:
Building square footage is defined as gross building square footage throughout the Downtown Modesto CBD. The percentage of building square footage that is dedicated to private or internal tenant parking needs may be deducted from the gross building square footage. Only parking structures that are open to the public and charge fees to the general public on a regular basis will have their building square footage assessed as any other commercial building. Apartment buildings within the boundaries of the Downtown Modesto CBD will be assessed as commercial buildings since there is a landlord/tenant relationship in that property. Under this plan, City, County, Successor Agency and County Education owned parcels will pay assessments on their linear frontage and lot size, but will be exempted from assessments on building square footage since they will not derive special benefit from the District Identity services outlined in Section 3, page 15.

Lot Square Footage Defined:
Lot square footage is defined as the total amount of area within the borders of the parcel. The lot square footage of a parcel has been verified by the County Assessor's parcel maps.

Commercial Condominium Parcels Defined:
Ground floor commercial condominiums will be treated as independent "mini" commercial buildings and assessed based on their actual building square footage, the footprint of land they cover or lot size of the commercial condo, and the amount of direct primary street frontage on the exterior of the building. Ground floor commercial condominiums will pay 100% of the special benefits for the assessment, based upon which benefit zone they are within.

Future Residential Condo Unit Parcels Defined:
Future residential condo units building square footage is defined as the livable building square footage within the walls of the condo residential unit parcel. They are included in a special zone to designate their unique special benefits relative to the other commercial parcels within the Downtown Modesto CBD. Unlike the other commercial parcels in the district, including commercially operated apartment buildings, residential condo parcels are assessed for building square footage only, and are not assessed for linear frontage and lot square footage.

Future residential condo individually assessed parcels are assessed as a separate category. These future residential condo individual parcels will be assessed *for their building square footage only at the rate of* $0.20 per square foot per year, commencing the first year of their completion. The rationale for assessing future residential condos only for the building square footage rate is provided below.

Future residential condo individually assessed parcels are assessed differently than multi-unit, for-rent apartment buildings, due to the frequency of special benefit services required by each parcel as described below. The multi-unit apartment buildings are commercial properties in which the tenant and landlord have an economic relationship as opposed to residential condo buildings where individual property owners own separate "air space parcels" on a single floor. Future residential apartment buildings can be bought or sold just as like commercial buildings whereas residential condo individual units are separately owned and must be individually bought and sold.

Distinctions between residential apartment buildings with tenants and residential condominium building with individual parcel owners are as follows:

1. *The Davis Sterling Act establishes rules and regulations for residential condo owners based upon "separate interests" (i.e. ownership rights), as opposed to renters who only have a possessory interest.*
2. *Generally, residential condo unit owners demonstrate greater care for their property and concerns about quality of life issues due to their investment in real estate.*
3. *Residential owners and have the right to vote in a Proposition 218 hearing, tenants do not have that right.*
4. *Residential condo owners are required to contribute to a legally established Homeowners Associations to oversee building maintenance, tenants are not.;*

The assessment methodology has been written to confer special benefits to future residential condo individual assessed parcels since future residential condo owners have unique investment backed expectations about the care and maintenance of the building and its surroundings compared to the interest of residential tenants who have a possessory not an ownership interest. The future residential condos' special assessment methodology ensures that a fund will be established to maintain high levels of special benefit services that apply directly and proportional to the blocks that demand virtually seven days per week, 365 days per year special benefits.

Exemptions:

No benefitting parcels, regardless of taxable or tax-exempt property tax status, will be exempt from the assessments funding the special benefit services of the Downtown Modesto CBD. Special benefit services will not be provided to any parcels outside of the boundaries of the district. Publicly owned property will be assessed the same as privately owned parcels except that the County, County School District and City parcels shall not pay for District Identity services funded by their building square footage assessments. The County, County School District and City parcels will not derive the benefits of increased rents, business attraction or redevelopment potential from such special benefit services. We believe that this analysis is consistent with the "proportional benefit requirements outlined in Article XIII of the state constitution.

Single family residential land uses, in the form of single family homes on independent parcels, within the boundaries of the CBD are included in the District, however will be assessed only for the services they receive on their frontage or until such time that the single family land uses are converted to multi-family or commercial/retail uses.

Calculation of Assessments:

The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the improvement or the maintenance and operation expenses of an improvement or for the cost of property service being provided. Per California Constitutional Amendment Article XIII D, Section 2(i), "Special Benefit", means a particular and distinct benefit over and above general benefits conferred on a real property located in the district or to the public at large. No assessment will be imposed on any parcel that exceeds the reasonable cost of the proportional special benefits conferred upon that parcel. Only special benefits are assessable and these benefits must be separated from any general benefits. Properties are assessed as defined on the County Assessor's most current parcel maps. The preceding methodology is applied to the database of parcels within the District. The process for compiling the property database includes the following steps:

- A report was generated from data obtained from the Stanislaus County Tax Assessors office.
- A list of properties to be included within the CBD is provided in Section 7.

Parcel Assessment –

The annual assessment method to calculate all parcels and ground floor commercial condominiums for Benefit Zone 1 will be:

Total Street Frontage X $ 7.0938 per linear foot
+
Total Lot Square Footage X $0.024654 per square foot
+
Total Building Square footage X $0.056987 per square foot
=
TOTAL PARCEL ASSESSMENT

Residential Condo Assessment:

The annual assessment method for a residential condo once they are built, regardless of Benefit Zone will be:

Total Residential Unit Building Square footage X $0.20 per Square Foot
=
TOTAL RESIDENTIAL CONDO UNIT ASSESSMENT

Repayment of Formation Costs:

The City, individuals, businesses, and groups that contributed to the investigation and formation costs of the Downtown Modesto CBD shall be entitled to be reimbursed within the first five years of the adoption of the CBD by the City Council. Costs that can be recovered include: (1) The costs of preparation of the management plan and engineer's report required by state law; (2) The cost of circulating and submitting the petition to the City Council seeking establishment of the District; (3) The costs of printing, advertising and the giving of published, posted or mailed notices; (4) Compensation of any engineer or attorney employed to render services in proceedings associated with formation of the Downtown Modesto CBD; and (5) Costs associated with any ballot proceedings required by law for approval of the CBD assessment. Contributions to the investigation and formation effort shall be reimbursed fully in the amount contributed upon receipt of appropriate documentation of the contribution to the new management corporation Board of Directors. The total amount to be reimbursed shall not exceed $70,000.

Future Development:

As a result of continued new development, the Downtown Modesto CBD will experience the addition or subtraction of assessable commercial buildings or the conversion of empty parcels into new commercial and residential or buildings and units. The Management District 2016 Plan assessment methodology will accommodate any and all changes anticipated within the term of the District with annual adjustments being submitted to the City, as these assessment calculation and property variable alterations occur.

Maximum Assessment:

Assessments will be subject to changes in the Stanislaus County Consumer Price Index (CPI), for all urban consumers, annual increases not to exceed 5% per year. Increases will be determined by the CBD District Management Corporation and will vary between 0% and 5% in any given year. The maximum the assessments can be increased is 5% over the previous fiscal year's base assessments. Not implementing the increase for one year does not give the District Management Corporation the authority to accumulate increases above 5% within any given fiscal year. The following projections illustrate a potential 5% annual increase.

Table
Maximum Assessments by Property Variable

Projected Assessment	FY1	FY2	FY3	FY4	FY5
Linear Frontage	$ 7.0938	$ 7.4485	$ 7.8209	$ 8.2120	$ 8.6226
Building Sq. Ft.	$ 0.056987	$ 0.059836	$ 0.062828	$ 0.065970	$ 0.069268
Lot Square Footage	$ 0.024654	$ 0.025887	$ 0.027181	$ 0.028540	$ 0.029967
Condo Bldg. Sq. Ft.	$ 0.20000	$ 0.21000	$ 0.22050	$ 0.23153	$ 0.24310

Projected Assessment	FY6	FY7	FY8	FY9	FY10
Linear Frontage	$ 9.0537	$ 9.5064	$ 9.9817	$ 10.4808	$ 11.0048
Building Sq. Ft.	$ 0.072731	$ 0.076368	$ 0.080186	$ 0.084196	$ 0.088406
Lot Square Footage	$ 0.031465	$ 0.033039	$ 0.034691	$ 0.036425	$ 0.038246
Condo Bldg. Sq. Ft.	$ 0.25526	$ 0.26802	$ 0.28142	$ 0.29549	$ 0.31027

Projected Assessment	FY11	FY12	FY13	FY14	FY15
Linear Frontage	$ 11.5551	$ 12.1328	$ 12.7394	$ 13.3764	$ 14.0452
Building Sq. Ft.	$ 0.092826	$ 0.097467	$ 0.102340	$ 0.107457	$ 0.112830
Lot Square Footage	$ 0.040159	$ 0.042167	$ 0.044275	$ 0.046489	$ 0.048813
Condo Bldg. Sq. Ft.	$ 0.32578	$ 0.34207	$ 0.35917	$ 0.37713	$ 0.39599

Budget Adjustments:

Annual budget surpluses, if any, will be rolled into the following year's budget. Assessments will be set annually, within the constraints of the CPI or land use changes. Revenues from the delinquent accounts may be expended in the year they are received. If the District is not renewed, any remaining funds will be returned to property owners in the proportion by what each property owner paid.

If after the initial term the District decides to renew and if there is money left over from the previous term, the balance of remaining funds will be rolled over into the renewed district. These "rolled over" funds may only be used within the boundaries of the renewed district and cannot be expended for activities, services, or improvements in an area expanded beyond the original District. However, the rolled over funds may be used to finish District Management Corporation activities in the original district.

Time and Manner for Collecting Assessments:

The Downtown Modesto CBD assessments will appear as a separate line item on annual property tax bills prepared by the County of Stanislaus. The assessments shall be collected at the same time and in the same manner as for the ad valorem property tax paid to the County of Stanislaus. These assessments shall provide for the same lien priority and penalties for delinquent payment as is provided for the ad valorem property tax.

Any delinquent assessments owed for the first year will be added to the property tax roll for the following year together with any applicable interest and penalties. The "property owner" means any person shown as the owner/taxpayer on the last equalized assessment roll or otherwise known to be the owner/taxpayer by the City.

Disestablishment:

California State Law, Section 36670 provides for the disestablishment of a District. Provisions for annual disestablishment of the CBD are provided for in Article 13 of the local Modesto CBD ordinance. Property owners dissatisfied with the results, management or quality of the services

may petition the City Council to disestablish the CBD, in the same method in which they petitioned the City Council to establish the District.

Section 36670 states:

> *(b) The city council shall adopt a resolution of intention to disestablish the district prior to the public hearing required by this section. The resolution shall state the reason for the disestablishment, shall state the time and place of the public hearing, and shall contain a proposal to dispose of any assets acquired with the revenues of the assessments levied within the property and business improvement district. The notice of the hearing on disestablishment required by this section shall be given by mail to the property owner of each parcel or to the owner of each business subject to assessment in the district, as appropriate. The city shall conduct the public hearing not less than 30 days after mailing the notice to the property or business owners. The public hearing shall be held not more than 60 days after the adoption of the resolution of intention."*

Unexpended surplus funds will be returned to property owners based upon each parcels percentage contribution to the previous fiscal year's assessments if the District is not renewed.

Upon the termination of the previous District, any remaining revenues shall be transferred to the renewed District, if one is established, pursuant to Streets and Highways Code Section 36660(b). Unexpended surplus funds will be returned to property owners based upon each parcels percentage contribution to the previous fiscal year's assessments if the District is not renewed.

Government Assessments:

The Downtown Modesto CBD Management Plan assumes that the City of Modesto, the Successor Agency and other government entities will pay assessments for the public property within the boundaries of the District as per the methodology within this plan. Article XIII D, Section 4 of the California Constitution was added in November of 1996 to provide for these payments.

Parcels owned by the City of Modesto, Stanislaus County, the County School District, the Successor Agency, the State of California shall receive benefits, commensurate with the sidewalk operations administration and contingency assessments paid into the Downtown Modesto CBD. The publicly owned parcels are presumed to benefit equally to the privately owned parcels for the special benefits provided.

Table

Government Owned Parcels in the Downtown Modesto CBD

APN	Legal Owner	Site #	Site Street	Annual Assessment	Percent
104 003 010 000	City Of Modesto	1029	9th St	$13,000.25	1.86%

Section 5

District Rules and Regulations and Governance

There are no specific rules and regulations prescribed for the proposed Downtown Modesto Community Benefit District Management Corporation except that it will adhere to the open meeting provisions of the Ralph M. Brown Act and will seek to be as open and transparent to the CBD assessees and the public at large as is reasonably possible.

Pursuant to the City of Modesto Community Benefit District Ordinance and Section 36600 of the California Streets and Highway Code, a District Management Corporation or Owners' Association, will review District budgets and policies annually within the limitations of the Management District Plan. The Management Corporation will file Annual Reports with the City of Modesto and will oversee the day-to-day implementation of services as defined in the Management District Plan. Section 36614.5 states:

> *"The "Owners' association" means a private nonprofit entity that is under contract with a city to administer or implement activities and improvements specified in the management district plan. An owners' association may be an existing nonprofit entity or a newly formed nonprofit entity. An owners' association is a private entity and may not be considered a public entity for any purpose, nor may its board members or staff be considered to be public officials for any purpose."*

Bonds:
The District will not issue any bonds related to any program.

Section 6
Implementation Timetable

The Downtown Modesto CBD is expected to be established and begin assessing benefiting parcels as of fiscal year 15-16. Due to the timing of revenue collection and need to establish the owners' association or District Management Corporation, implementation of the Management District Plan and the delivery of services is scheduled to commence in or around December 1st, 2015. Consistent with the local enabling ordinance, the Downtown Modesto CBD will have a fifteen-year term through December 1st, 2030 with operations winding down by November 30, 2030 unless renewed by Downtown property owners at that time.

TOTAL	$699,996.84

DOWNTOWN MODESTO
COMMUNITY BENEFIT DISTRICT

Title 8, "Finance, Revenue and Taxation," of the Modesto Municipal Code by adding Chapter 9, "Community Benefit Districts".

DISTRICT ASSESSMENT ENGINEER'S REPORT

ATTACHMENT A

Prepared by
Edward V. Henning
California Registered Professional Engineer # 26549
Edward Henning & Associates

APRIL 29, 2015

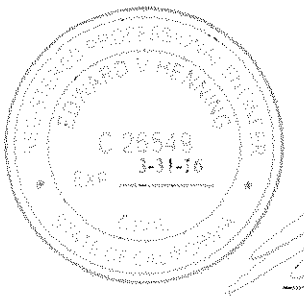
v 1.0

DISTRICT ASSESSMENT ENGINEER'S REPORT

To Whom It May Concern:

I hereby certify to the best of my professional knowledge and experience that each of the identified benefiting properties located within the proposed Downtown Modesto Community Benefit District ("Downtown Modesto CBD") being formed for a fifteen (15) year term will receive a special benefit over and above the benefits conferred on the public at large and that the amount of the proposed assessment is proportional to, and no greater than the benefits conferred on each respective property.

Prepared by Edward V. Henning, California Registered Professional Engineer # 26549



RPE #26549 April 29, 2015

Edward V. Henning Date

(NOT VALID WITHOUT SIGNATURE AND CERTIFICATION SEAL HERE)

Introduction

This report serves as the "detailed engineer's report" required by Section 4(b) of Article XIIID of the California Constitution (Proposition 218) to support the benefit property assessments proposed to be levied within the proposed Downtown Modesto CBD in the City of Modesto, California being formed for a fifteen (15) year term. The discussion and analysis contained within this Report constitutes the required "nexus" of rationale between assessment amounts levied and special benefits conferred on properties within the Downtown Modesto CBD.

The Downtown Modesto CBD is a is a property-based benefit assessment district being formed for a fifteen (15) year term pursuant to the City of Modesto Community Benefit District Ordinance (the "Ordinance") which is based in part on Section 36600 et seq. of the California Streets and Highways Code, also known as the Property and Business Improvement District Law of 1994 (the "Act"). Due to the benefit assessment nature of assessments levied within a Property Business Improvement District ("PBID"), district program costs are to be distributed amongst all identified

benefiting properties based on the proportional amount of program special benefit each property is expected to derive from funded programs and the assessments levied. Within the Ordinance and Act, frequent references are made to the concept of relative "benefit" received from PBID programs and activities versus amount of assessment levied. Only those properties expected to derive special benefits from PBID funded programs and activities may be assessed and only in an amount proportional to the relative special benefits expected to be received.

Supplemental Proposition 218 Procedures and Requirements

Proposition 218, approved by the voters of California in November of 1996, adds a supplemental array of procedures and requirements to be carried out prior to levying a property-based assessment like the Downtown Modesto CBD. These requirements are in addition to requirements imposed by State and local assessment enabling laws. These requirements were "chaptered" into law as Article XIIID of the California Constitution.

Since Proposition 218 provisions will affect all subsequent calculations to be made in the final assessment formula for the Downtown Modesto CBD, Proposition 218 requirements will be taken into account. The key provisions of Proposition 218 along with a description of how the Downtown Modesto CBD complies with each of these provisions are delineated below.

(Note: All section references below pertain to Article XIII of the California Constitution):

Finding 1. From Section 4(a): "Identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed"

There are 318 parcels within the Downtown Modesto CBD of which 316 are "identified" as assessable parcels with assessable property characteristics that will derive special benefit from the proposed District programs and activities. The benefits are special and unique only to the identified parcels within the District because programs and services (i.e. sidewalk operations/beautification; district identity; program management; and, contingency/reserve) will only be provided directly for the special benefit of the identified parcels. These identified benefiting parcels are located within the Downtown Modesto CBD perimeter boundary which is shown on the Boundary Map attached as Appendix 2 to this Report and are listed in Appendix 1 to this Report - identified by assessor parcel number. Any future development and/or land subdivisions will adhere to the assessment rate structures described herein. There is one benefit zone within the Downtown Modesto CBD.

The Downtown Modesto CBD is bounded roughly by Needham Avenue/Downey Avenue, H Street/G Street, the alley between 8th Street and 7th Street and L Street. The parcels selected to be included in the Downtown Modesto CBD form a unique retail and commercial business core that has long been recognized and identified by the Modesto community as a pedestrian friendly retail and commercial central business district of Modesto. Keeping the District clean and attractive

will increase pedestrian traffic and consumer activity and help create a strong symbiotic economic relationship between the Downtown Modesto CBD and the customers it serves. There is one benefit zone in the proposed Downtown Modesto CBD. The Downtown Modesto CBD boundaries are shown on the District Map in Appendix 2 of this Report. The assessment rates vary based on the proportionate levels of special benefit services to be provided for each parcel within the CBD.

Downtown Modesto CBD Boundary:

The boundaries of the proposed Downtown Modesto CBD are described as follows:

- **Northwest boundary**: Starting at parcel 104-008-08 at the southeast corner of the intersection of 8th Street and L Street (including all of the parcels on the east side of L Street) and running northeast to the corner of 15th Street and L Street, parcel number 105-010–16;

- **North Boundary:** Starting at parcel 105-010-16 at the southeast corner of the intersection of Needham and L Street and running eastward (including all of the parcels on the south side of Needham) to the parcel 105-001–13 at the southwestern corner of the intersection of 19th Street and Needham Street/Downey Avenue and H Street;

- **Southeastern Boundary**: Starting at parcel 105-001–14 and running southwest to the intersection of 15th Street (including only the parcels on the west side of the street), running one block southeast (including parcels on the south side of 15th Street only) to the parcel at the southwestern corner of the intersection of 15th Street and G Street, and then continuing in a southwesterly direction (including only the parcels on the west side of G Street) and terminating intersection of 8th Street and G Street., ending at parcel 103-003-06.

- **Southwestern Boundary:** Starting at the parcel 103-003–6 at the southwestern corner of 8th Street and G Street, running in a northwesterly direction (to include all of the parcels on the north side of 8th Street) and terminating at the corner of 8th Street and L Street, parcel number 104-008–8.

All identified parcels within the above-mentioned boundaries shall be assessed to fund special benefit programs, services and improvements as outlined herein. Services, programs and improvements will only be provided to these parcels inside the District boundaries and none will be provided outside of the District boundaries. Each of the individual parcels assessed shall receive special benefits from the proposed programs, services and improvements. All Downtown Modesto CBD funded programs, services and improvements are considered supplemental above normal base level services provided by the City of Modesto and are only provided for the special benefit of assessed parcels within the boundaries of the Downtown Modesto CBD.

Finding 2. From Section 4(a): "Separate general benefits (if any) from the special benefits conferred on parcel(s). Only special benefits are assessable. "

BENEFIT ANALYSIS

As stipulated by Proposition 218, assessment District programs and activities confer a combination of general and special benefits to properties, but the only program benefits that can be assessed are those that provide special benefit to the assessed properties. Special Benefit" as defined by the California State Constitution means "a particular and distinct benefit over and above general benefits conferred on real property located in the District or to the public at large. For the purposes of this analysis, "General Benefits" are benefits from the Downtown Modesto CBD activities and improvements that are not special in nature, are not "particular and distinct" and are not over and above the benefits that other parcels receive. General benefits are not restricted to benefits conferred only on persons and property outside the assessment district, but can include benefits both conferred on real property located in the district or to the public at large. "At large" means not limited to any particular person - means all members of the public - including those who live, work, and shop within the district - and not simply transient visitors.

The property uses within the boundaries of the Downtown Modesto CBD which will receive special benefits from Downtown Modesto CBD funded programs and services are currently a mix of retail, service, office, government, and parking. Services, programs and improvements provided by the Downtown Modesto CBD are primarily designed to provide special benefits to identified parcels within the boundaries of the District.

There are four basic categories of special benefit services that will be funded by the Downtown Modesto CBD. All of these services will confer a special benefit to the individual parcels within the CBD. The categories of special benefits are as follows:

1. ***Sidewalk Operations, Beautification and Order (SOBO):*** This includes all sidewalk and gutter cleaning services, sidewalk steam cleaning services, graffiti removal, trash removal, as well and beautifying the district based. This category of the budget will be allocated $425,000 of 61% of the first year assessment budget to fund its services.

2. ***District Identity and Streetscape Improvement (DISI)***: These services include the branding of the commercial and residential parcels in the proposed Downtown Modesto CBD including: marketing and promotions, newsletter, public relations, media relations, social media, publicity, special events, lighting, website development and maintenance, public space develop and holiday decorations. This category of the assessment budget will be allocated $150,000 or 21% of the budget to fund these services.

3. ***Program Management & Corporate Operations***: This category of the assessment budget will be allocated $97,000 during the first year, or 14% of the first year budget.

4. ***Contingency/Reserve.*** This contingency anticipates a non-payment rate percentage of 3 to 5%, and any City or County collection fees. This category of the assessment budget will be allocated $28,000 or approximately 4% of the first year annual budget of the proposed CBD.

Assessed parcels within the CBD are conferred proportionate and unique special benefits from CBD funded programs, services and improvements. Commercial parcels that receive these programs, services and improvements attract more customers, employees, visitors, tenants and investors as a result of these programs, services and improvements, thereby increasing business volumes, sales transactions, occupancies, rental income and return on investments. Publicly owned parcels and future residential condominium uses specially benefit proportionately but different than commercial parcels. These differences are discussed later in this Report and are incorporated into the assessment formula used to calculate assessments for these types of parcels. CBD special benefits are particular and distinct in that they are not provided to non-assessed parcels outside of the District. These programs, services and improvements will only be provided for the direct benefit of each individual assessed parcel within the Downtown Modesto CBD boundaries and confer" special benefits" on each assessed parcel. Existing City of Modesto services will be enhanced, not replaced or duplicated, by Downtown Modesto CBD services.

In the case of the Downtown Modesto CBD, the very nature of the purpose of this District is to fund supplemental programs, improvements and services within the Downtown Modesto CBD boundaries above and beyond what is being currently funded either via normal tax supported methods or other funding sources. These services, programs and improvements, are designed to enhance the pedestrian and retail commercial core uses, increase tenancy and marketing of the mix of retail, service, office, government and parking properties in the Downtown Modesto CBD and improve the aesthetic appearance of each identified parcel. All benefits derived from the assessments to be levied on parcels within the Downtown Modesto CBD are for services, programs and improvements directly benefiting each individual parcel within this area and support increased cleanliness, commerce, business attraction and retention, increased commercial property rental income and improved District identity. No Downtown Modesto CBD funded services, activities or programs will be provided outside of the Downtown Modesto CBD boundaries.

These special benefits are particular and distinct to each and every assessed parcel within the Downtown Modesto CBD and are not provided to non-assessed parcels outside of the District. The City of Modesto does not provide these supplemental programs, services or improvements.

While every attempt is made to provide CBD services and programs to confer benefits only to those identified assessed parcels within the CBD, the California State Constitution was amended via Proposition 218 to stipulate that general benefits exist, either by design or unintentional, in all property based assessment districts and that a portion of the program costs must be considered attributable to general benefits and assigned a value. General benefits cannot be funded

by assessment revenues. General benefits might be conferred on parcels within the District, or "spillover" onto parcels surrounding the District, or to the public at large who might be passing through the District with no intention of transacting business within the District or interest in the District itself.

Empirical assessment engineering analysis throughout California has found that general benefits within a given business improvement district tend to range from 1-5% of the total costs. There are three methods that have been used by this Engineer for determining general and special benefit values within assessment districts:

(1) The parcel by parcel allocation method
(2) The program/activity line item allocation method, and
(3) The composite district overlay determinant method.

A majority of PBIDs in California for which this Assessment Engineer has provided assessment engineering services since the enactment of Proposition 218, have used Method #3, the composite district overlay determinant method which will be used for the Downtown Modesto CBD. This method of computing the value of general benefit involves a composite of three distinct types of general benefit – general benefit to assessed parcels within the District, general benefit to the public at large within the District and general benefit to parcels outside the District.

General Benefit – Assessed Parcels within District

CBD funded programs are narrowly designed and carefully implemented to specially benefit the assessed District parcels and are only provided for the special benefit to each and every assessed parcel within the District. It is the opinion of this Engineer, based on over 30 years of professional assessment engineering experience, that 100% of benefits conferred on assessed parcels within the District are distinct and special and that there are 0% general benefits conferred on these parcels. This is because the CBD funded programs and services are specially geared to the unique needs of each assessed parcel within the CBD and are directed specially only to these assessed parcels within the CBD. This concept is further reinforced by the proportionality of special benefits conferred on each assessed parcel within the District as determined by the special benefit assessment formula as it is applied to the unique and varying property characteristics unique to each assessed parcel.

General Benefit - Public At Large

While the CBD funded programs are narrowly designed and carefully implemented to specially benefit the assessed District properties and are only provided for the special benefit to each and every assessed parcel within the District, these CBD funded programs may also provide an incidental general benefit to the public at large within the District. Assessment Engineering experience in California has found that generally over 95% of people moving about within CBD boundaries are engaged in business related to assessed parcels and businesses contained on them within the District, while the public at large "just passing through" is typically much less than 5%. Based on this experience curve and the focused nature of the proposed Downtown Modesto CBD funded programs and over 30 years of assessment engineering

experience, it is the opinion of this Engineer that a general benefit factor of 0.03 of CBD funded special benefit program costs that might provide an immediate general benefit to the public at large will be applied to these applicable program costs in order to compute the dollar and percent value of general benefits to the public at large. It is the opinion of this Engineer that the programs that may provide immediate general benefits to the public at large are limited to the SOBO programs. The dollar value of this general benefit type equates to $7.778 as delineated in the following chart:

General Benefits To "Public At Large"

	A	B	C	D	E
Program Element	**Dollar Allocation**	**% Allocation of Special Benefit Cost**	**General Benefit Factor**	**General Benefit Percent (B x C)**	**General Benefit Value (A x D)**
SOBO Services	$425,000	61%	0.03	1.83%	$7.778

General Benefits – Outside Parcels

While District programs and services will not be provided directly to parcels outside the District boundaries, it is reasonable to conclude that District services may confer an indirect general benefit on parcels outside the District boundaries. An inventory of the District boundaries finds that the District is surrounded by 82 parcels, with none tangent to assessed parcels within the District but all across streets and alleys from the District boundaries. These 82 parcels outside of the District can reasonably be assumed to receive some level of indirect general benefit as a result of CBD funded programs, services and improvements.

Based on over 30 years of assessment engineering experience, it is the opinion of this Engineer that a benefit factor of 1.0 be attributed to the 316 identified and assessed parcels within the District and a benefit factor of 0.01 be attributed to general benefits conferred on the 82 commercial parcels across streets and alleys from the exterior boundaries of the District. The cumulative dollar value of this general benefit type equates to $1,642 as delineated in the chart below.

General "Spillover" Benefits To Parcels Outside District

Parcel Type	Quantity	Benefit Factor	Benefit Units	Benefit Percent	Benefit Value
Assessed parcels in the District	316	1.00	316.00	99.6364%	$700,000
Commercial parcels outside District (tangent)	0	0.05	0.00	0.0000%	$0
All other "spillover" parcels outside the District	82	0.01	0.82	0.25882%	$1,816
TOTAL			316.82	100.00%	$701,816

Composite General Benefit

Based on the general benefit values delineated in the three sections above, the total value of general benefits conferred on assessed parcels within the District, the public at large and parcels outside the District equates to $9,594 ($0 +$7,778 +

$1,816) or 1.4% of total program costs of $709,594 [$700,000 (special benefit) + $9,594 (general benefits)]. For the purposes of this analysis, this 1.4% value will be conservatively rounded up to 2%. This leaves a value of 98% assigned to special benefit related costs. The 2% general benefit value now equates to $14,286 and when added to the special benefit value of $700,000 (Year 1 –2016 assessments) equates to a total Year 1 – 2016 program cost of $714,286. Remaining costs that are attributed to general benefits of $14,286 will need to be derived from other sources. A comparison of special and general benefit funding sources is shown on a chart on page 21, later in this Report.

Downtown Modesto CBD Programs and Improvements

The total special and general benefit program activities and budget allocations that will be provided to each individual parcel assessed in the proposed Downtown Modesto CBD are shown in the chart below:

Total Year 1 – 2016 - Special + General Benefit Revenue

Service	YR 1 - 2016 Assessment Allocation	YR 1 - 2016 Non-Assessment Allocation	YR 1 - 2016 Total Allocation	% of Total
Sidewalk Operations	$ 425,000	$ 8,673	$ 433,673	61 %
District Identity	$ 150,000	$ 3,061	$ 153,061	21%
Administration	$ 97,000	$ 1,981	$ 98,981	14%
Contingency/Reserves	$ 28,000	$ 571	$ 28,571	4%
Total	**$700,000.00**	**$ 14,286**	**$ 714,286.00**	**100%**

The Year 1 special benefit budget cost allocations are shown in the table below:

Year 1 – 2016 Proposed Special Benefit Work Plan and Budget Allocations

Program or Service	% of Budget	Projected Program Cost
Sidewalk Operations, Beautification and Order (SOBO)	61%	$425,000
District Identity and Special Improvements (DISI)	21%	$150,000
Program Management & Corporate Operations	14%	$97,000
Contingency/Reserve	4%	$28,000
Total Year 1 Budget	**100%**	**$700,000**

It is recognized that market conditions may cause the cost of providing goods and services to fluctuate from year to year. Accordingly, the Board of the Association shall have the right to reallocate up to 10% of the budget line item within the budget categories based on such cost fluctuations subject to the review and approval by the Board and included in the Annual Planning Report that will be approved by the Modesto City Council pursuant to the City CBD Ordinance. Accrued interest or delinquent payments may be expended in any budget category.

Any funds remaining after the fifteenth year of operation will be rolled over into the renewal budget or returned to stakeholders. Also, costs for the CBD renewal may be expended from funds available. If the District is not renewed or terminated for any reason, unexpended funds will be returned to the property owners pursuant to the City CBD Ordinance.

The proposed Downtown Modesto CBD services are described in more detail as follows:

SIDEWALK OPERATIONS, BEAUTIFICATION, ORDER: $425,000 61%

Examples of these special benefit services and costs may include, but are not limited to:

- Regular sidewalk and gutter sweeping
- Regular sidewalk steam cleaning
- Beautification of the district;
- Enhanced trash emptying (over and above city services)
- Timely graffiti removal, within 24 hours as necessary
- Tree and vegetation maintenance (over and above city services)
- Special events maintenance and set up
- Maintenance of existing and new public spaces
- Hanging plants, planting flowers throughout the district;
- Possible private security and/or camera system

DISTRICT IDENTITY AND STREETSCAPE IMPROVEMENTS: $150,000 21%

Examples of these special benefit services and costs may include, but are not limited to:

- Web site development and updating;
- App development;
- Management and coordination of special events
- Social media
- Public relations firm
- Holiday and seasonal decorations
- Branding of Downtown Modesto so a positive image is built
- Banner programs

- Public art displays
- Downtown landmark sign and maintenance
- Logo development
- Public space design and improvements
- Signage

ENHANCED RESIDENTIAL CONDO UNIT IMPROVEMENTS: (when built) **$ 0** **0%**

Examples of these special benefit services and costs may include, but are not limited to:

Future residential condos built within the boundaries of the Downtown Modesto CBD will be assessed separately due to their unique parcel status and special benefit needs in the district. Residential condos blocks will have the following special benefit services conferred on the frontage their parcels. These services in the future will include, but will not be limited to:

- Installation, stocking and upkeep of pet waste distribution stations on the frontages adjacent to the high concentrations of residential condo individually assessed parcels;
- Enhancement and beautification of sidewalks on the frontages adjacent to the high concentrations of residential individually assessed parcels;
- Installation of hanging plants, and enhanced upkeep in the sidewalks surrounding these frontages adjacent to these residential condos;
- Other services requested by the residents that confer special benefit to the areas directly adjacent to the parcels with high concentrations of residential condos;
- Proportional share of the Administrative and Contingency costs to cover the oversight of the Enhanced beautification special benefit services.

ADMINISTRATION AND CORPORATE OPERATIONS: **$ 97,000** **14 %**

Examples of these special benefit services and costs may include, but are not limited to:

- Staff and administrative costs
- Directors and Officers Insurance
- Office related expenses
- Rent
- Financial reporting and accounting
- Legal work

CONTINGENCY/CITY AND COUNTY FEES/RESERVE:	$28,000	4%

Examples of these special benefit services and costs include, but are not limited to:

- Delinquencies
- City Fees
- County fees
- Reserves

Parcels that receive these special benefit programs, services and improvements attract more customers, employees, tenants and investors as a result of these programs, services and improvements, thereby increasing business volumes, sales transactions, occupancies, rental income and return on investments. These benefits are particular and distinct in that they are not provided to non-assessed parcels within or outside of the District. Existing City of Modesto services will be enhanced, not replaced or duplicated, by Downtown Modesto CBD services.

In the case of the Downtown Modesto CBD, the very nature of the purpose of this District is to fund supplemental programs, improvements and services within the Downtown Modesto CBD boundaries above and beyond what is being currently funded either via normal tax supported methods or other funding sources. These services, programs and improvements, are designed to enhance the pedestrian and retail commercial core uses, increase tenancy and marketing of the mix of retail, service, office, government and parking parcels and land uses in the Downtown Modesto CBD and improve the aesthetic appearance of each identified parcel. All benefits derived from the assessments to be levied on parcels within the Downtown Modesto CBD are for services, programs and improvements directly benefiting each individual parcel within this area and support increased cleanliness, commerce, business attraction and retention, increased commercial property rental income and improved District identity. No Downtown Modesto CBD funded services, activities or programs will be provided outside of the Downtown Modesto CBD boundaries.

Finding 3. From Section 4(a): "(Determine) the proportionate special benefit derived by each parcel in relationship to the entirety of the.....cost of public improvement(s) or the maintenance and operation expenses.....or the cost of the property related service being provided.

Each identified parcel within the district will be assessed based on property characteristics unique only to that parcel. Parcels will be, except as noted herein, assessed based on a combination of factors: building area, land area and street frontage. The calculated assessment rates are applied to the actual measured parameters of each parcel and thereby are proportional to each and every other identified parcel within the district as a whole. Larger parcels and ones with larger building areas or larger street frontages are expected to impact the demand for services and programs to a greater extent than smaller land and/or building areas, and, thus, are assigned a higher proportionate degree of assessment program and

service costs. The proportionality is further achieved by setting targeted formula component weights for the respective parcel by parcel identified property attributes.

The proportionate special benefit cost for each parcel has been calculated based on optimum proportionate formula components and is listed as an attachment to this Report as Appendix 1. The individual percentages (i.e. proportionate relationship to the total special benefit related program and activity costs) are computed by dividing the individual parcel assessment by the total special benefit program costs.

Finding 4. From Section 4(a): "No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."

Not only are the proposed program costs reasonable due to the benefit of group purchasing and contracting which would be possible through the Downtown Modesto CBD, they are also considerably less than other options considered by the Downtown Modesto CBD formation proponent group. The actual assessment rate for each parcel within the Downtown Modesto CBD directly relate to the level of service and, in turn, special benefit to be provided based on the respective building area, land area, street frontage. There is one benefit zone. It is noted that residential condominiums will be assessed based on the individual building pad area of each unit.

Finding 5. From Section 4(a): "Parcels.....that are owned or used by any (public) agency shall not be exempt from assessment....."

There are 37 publicly owned parcels within the Downtown Modesto CBD of which 35 are identified and assessable for which CBD funded special benefit programs, services and improvements will be provided.

For publicly owned parcels and facilities within the CBD, each of these parcels specially benefit, but differently than other parcels, from CBD funded programs, services and improvements. The special benefits include cleaner facility entrances and perimeters for their employees, visitors, vendors and other users of these public locations and facilities. It is the opinion of this Engineer that publicly owned and occupied parcels will NOT benefit from District Identity related programs and, thus, will not be assessed for them. To account for the difference in special benefits conferred on publicly owner and occupied parcels and facilities as delineated above, it is the opinion of this Engineer that publicly occupied building areas on publicly owned parcels shall not be assessed since this property assessment factor funds 100% of the District Identity programs, services and improvements.

Each identified and assessable publicly owned parcel and facility within the CBD will proportionately specially benefit as delineated herein from the CBD funded supplemental clean and management programs, services and improvements. These services are designed to improve the cleanliness for visitors, their employees and users of public facilities on

publicly owned parcels within the CBD by reducing litter and debris, each considered detractions to employment, visitation and use of public facilities if not contained and properly managed.

There is no compelling evidence that these identified assessable publicly owned parcels and facilities would not proportionately specially benefit from all other CBD funded programs, services and improvements as delineated herein and, thus, will be assessed accordingly. All current publicly owned parcels within the CBD are shown in the following table:

Publicly Owned Parcels

APN	Legal Owner	Site #	Site Street	Annual Assessment	Percent
104 003 010 000	City Of Modesto	1029	9th St	$13,000.25	1.86%

Finding 6. From Section 4(b): "All assessments must be supported by a detailed engineer's report prepared by a registered professional engineer certified by the State of California".

This report serves as the "detailed engineer's report" to support the benefit property assessments proposed to be levied within the Downtown Modesto CBD.

Finding 7. From Section 4(c): "The amount of the proposed assessment for each parcel shall be calculated (along with) the total amount thereof chargeable to the entire district, the duration of such payments, the reason for such assessment and the basis upon which the amount of the proposed assessment was calculated."

The individual and total parcel assessments attributable to special property benefits are shown on Appendix 1 to the Management District Plan and this Report. The District and resultant assessment payments will continue for 15 years and may be renewed again at that time. The reasons (purposes) for the proposed assessments are outlined in Finding 2 above as well as in the Management District Plan. The calculation basis of the proposed assessment is attributed, except as noted herein, to building area, land area and street frontage. There is one benefit zone. It is noted that residential condominiums will be assessed based on the individual building pad area of each unit.

Assessment Formula Methodology

General

The method used to determine special benefits derived by each identified property within a CBD begins with the selection of a suitable and tangible basic benefit unit. For property related services, such as those proposed in the Downtown Modesto CBD, the benefit unit may be measured in linear feet of street frontage or parcel size in square feet or building size in square feet or number of building floors or any combination of these factors. Factor quantities for each parcel are then measured or otherwise ascertained. From these figures, the amount of benefit units to be assigned to each property can be calculated. Special circumstances such as unique geography, land uses, development constraints etc. are carefully reviewed relative to specific programs and improvements to be funded by the CBD in order to determine any levels of different benefit which may apply on a parcel-by-parcel or categorical basis.

Based on the factors described above such as geography and nature of programs and activities proposed, an assessment formula is developed which is derived from a singular or composite basic benefit unit factor or factors. Within the assessment formula, different factors may be assigned different "weights" or percentage of values based on their relationship to programs/services to be funded.

Next, all program and activity costs, including incidental costs, District administration and ancillary program costs, are estimated. It is noted, as stipulated in Proposition 218, and now required of all property based assessment Districts, indirect or general benefits may not be incorporated into the assessment formula and levied on the District properties; only direct or "special" benefits and costs may be considered. Indirect or general benefit costs, if any, must be identified, calculated and factored out of the assessment cost basis to produce a "net" cost figure. In addition, Proposition 218 no longer automatically exempts government owned property from being assessed and if special benefit is determined to be conferred upon such properties, they must be assessed in proportion to special benefits conferred in a manner similar to privately owned property assessments.

From this, the value of a basic benefit unit or "basic net unit cost" can be computed by dividing the total amount of estimated net program costs by the total number of benefit units. The amount of assessment for each parcel can be computed at this time by multiplying the Net Unit Cost times the number of Basic Benefit Units per parcel. This is known as "spreading the assessment" or the "assessment spread" in that all special benefit costs are allocated proportionally or "spread" based on special benefits conferred on benefitting properties within the PBID.

The method and basis of spreading program costs varies from one PBID to another based on local geographic conditions, types of programs and activities proposed, and size and development complexity of the District. PBIDs may require secondary benefit zones to be identified to allow for a tiered assessment formula for variable or "stepped-down" benefits derived.

Step 1. Select "Basic Benefit Unit(s)"

Based on the specific needs and corresponding nature of the program activities to be funded by the Downtown Modesto CBD (i.e. sidewalk operations and beautification; district identity; administration/management services; and, contingency/reserve) it is the opinion of this Assessment Engineer that the assessment factors on which to base assessment rates relate directly to the proportionate amount of building area, land area and street frontage, except as noted herein, within one benefit zone.

The interactive application of building area, land area and street frontage quantities are a proven method of fairly and equitably spreading special benefit costs to the primary beneficiaries of Downtown Modesto CBD funded services, programs and improvements. Each of these factors, except as noted herein, directly relates to the degree of special benefit

each parcel will receive from Downtown Modesto CBD funded activities.

Building area is a direct measure of the static utilization of each parcel and its corresponding impact or draw on certain Downtown Modesto CBD funded activities (i.e. 100% allocated to district identity costs). In the opinion of this Assessment Engineer, the targeted weight of this factor, building area, based on measured property characteristics, should generate approximately 20% (21% when adjusted) of the total Downtown Modesto CBD revenue to proportionately fund the special benefit costs for these related programs and services.

Land area is a direct measure of the current and future development capacity of each parcel and its corresponding impact or draw on certain Downtown Modesto CBD funded activities (i.e. 50% allocated to sidewalk operations/beautification costs, and balance will fund 100% of program management costs and contingency/reserve costs). In the opinion of this Assessment Engineer, the targeted weight of this factor, land area, should generate approximately 20% (18% when adjusted) of the total Downtown Modesto CBD revenue to proportionately fund the special benefit costs for these related programs and services.

Street frontage is a direct measure of the static utilization of each parcel and its corresponding impact or draw on certain Downtown Modesto CBD funded activities (i.e. 100% allocated to fund sidewalk operations/beautification). In the opinion of this Assessment Engineer, the targeted weight of this factor, street frontage, should generate approximately 60% (61% when adjusted) of the total Downtown Modesto CBD revenue to proportionately fund the special benefit costs for these related programs and services

Special Circumstances

1. Publicly Owned Parcels

In the opinion of this Engineer, publicly owned and occupied parcels will not specially benefit from CBD funded District Identity programs, services and improvements as other parcel types and ownerships do. Since this activity is funded 100% by building area, publicly owned parcels will not be assessed for publicly occupied building areas located on publicly owned parcels.

2. Future Residential Condominiums

In the case of any future residential condominiums, land area and street frontage quantities do not relate precisely to the building orientation and configurations of multi-unit, multi floor residential condominium complexes. Thus, it is the opinion of this Engineer that the condo unit building pad area is a proven method of fairly and equitably spreading special benefit costs to these unique property ownerships and land uses. This assessment factor directly relates to the proportionate amount of special benefit each residential condominium parcel will receive from targeted Downtown Modesto CBD funded activities for this land use.

3. Future Commercial and Mixed-Use Condominiums (if any)

While there are no current commercial or mixed-use condominiums within the proposed Downtown Modesto CBD, it is the opinion of this Engineer that such units, if and when built, shall be assessed based on actual land area covered, condo building pad area and direct street frontage for each unit. Because such uses are typically developed as part of a multi-floor mixed-use complex, special methodologies are needed to address the levy of assessments on such land uses as follows:

Multi-Floor Commercial Only Condominiums

- Building pad area assessed at respective building area rate
- Land assessed at land area rate but pro-rated for each unit relative to total building area
- Frontage assessed at frontage rate but pro-rated relative to total building area

Multi-Floor Mixed-Use Condominiums

- Commercial condo building pad area assessed at respective commercial building area rate
- Residential condo units would be assessed at 20 cents per square foot of building pad area plus any annual approved rate adjustments
- Land assessed at land area rate (assessed on 1st floor commercial condos for land area covered)
- Frontage assessed at frontage rate (assessed on 1st floor commercial. condos for actual street frontage)

Other Future Development

Other than future maximum rates and the assessment methodology delineated in this Report, per State Law (Government Code Section 53750), future assessments may increase for any given parcel if such an increase is attributable to events other than an increased rate or revised methodology, such as a change in the density, intensity, or nature of the use of land. Any change in assessment formula methodology or rates other than as stipulated in this Report would require a new Proposition 218 ballot procedure in order to approve any such changes.

The "Basic Benefit Units" will be expressed as a combined function of gross building square footage (Benefit Unit "A") land square footage (Benefit Unit "B"), street frontage (Benefit Unit "C") and residential condominium building pad area (Benefit Unit "D"). Based on the shape of the Downtown Modesto CBD, as well as the nature of the District program elements, it is determined that all identified properties will gain a direct and proportionate degree of special benefit based, except as noted herein, on the respective amount of building size, parcel size and street frontage within one benefit zone. Future residential condominiums will gain a direct and proportionate degree of special benefit based on the individual building pad area of each unit.

There is one Benefit Zones within the proposed Downtown Modesto CBD. Except as noted herein, assessments are based on three formula components: building square footage; land square footage and street frontage. Residential condominiums

assessments if/when built will be based on the individual building pad area of each unit.

The Basic Benefit Units are delineated as follows: 1) Benefit Units for the building area, "**Unit A**", 2) Benefit Units for the land area, "**Unit B**"; 3) Benefit Units for street frontage, "**Unit C**"; and 4) Benefit Units for future residential condominium building pad area, "**Unit D**".

Step 2. Quantify Total Basic Benefit Units

Taking into account all identified benefiting properties and their respective assessable benefit units, there are 2,632,178 Benefit Units A, 5,070,262 Benefit Units B, 59,911 Benefit Units C, and 0 Benefit Units D. The measurable assessable quantities and corresponding revenue generated by each factor are shown in the tables below:

Benefit Unit Quantities by Zone for YR 1 - 2016

	Quantity
Building Area Sq Ft (Unit A)	2,632,178
Land Area Sq Ft (Unit B)	5,070,262
Street Frontage Linear Ft (Unit C)	59,911
Residential Condo Bldg Area (Unit D)	0

Assessment Revenue by Factor for YR 1 - 2016

	Assmt Revenue
Building Area Sq Ft (Unit A)	$150,000
Land Area Sq Ft (Unit B)	$125,000
Street Frontage Linear Ft (Unit C)	$425,000
Residential Condo Bldg Area (Unit D)	$0

Step 3. Calculate Benefit Units for Each Property.

The number of Benefit Units for each identified benefiting parcel within the Downtown Modesto CBD was computed from data extracted from County Assessor records and maps. These data sources delineate current land uses, building areas, property areas and dimensions of record for each tax parcel. While it is understood that this data does not represent legal field survey measurements or detailed title search of recorded land subdivision maps or building records, it does provide an acceptable basis for the purpose of calculating property based assessments. All respective property data being used for assessment computations will be provided to each property owner in the Downtown Modesto CBD for their review. All known or reported discrepancies, errors or misinformation will be corrected.

Step 4. Determine Assessment Formula

Based on the nature of the programs to be funded as well as other rationale outlined in Step 1 above, it is the opinion of this

Engineer that the Downtown Modesto CBD assessments will be based on building area, land area, and street frontage, except as noted herein.

The proposed assessment formula is as follows:

Assessment = Building Area (Unit A) Sq Ft x Unit A Rate, plus
Land Area (Unit B) Sq Ft x Unit B Rate, plus
Street Frontage (Unit C) Lin Ft x Unit C Rate

Residential Condominium Assessments = Building Pad Area (Unit D) Sq Ft x Unit D Rate

Assessment Formula Unit Rates Year 1 – 2015-16

Building Area Rate (Unit A)
$150,000 / 2,632,178 sq ft = $0.056987/sq ft

Land Area Rate (Unit B)
$125,000 / 5,070,262 sq ft = $0.024654/sq ft

Street Frontage Rate (Unit C)
$425,000 / 59,911 linear ft = $7.0938/lin ft

Residential Condo Rate (Unit D) = $0.20/sq ft

The complete Yr 1 – 2015/16 assessment roll of all parcels to be assessed by this CBD is included as Appendix I.

Step 5. Estimate District Costs

The projected 15 year special benefit District costs for 2016 – 2030 of the Downtown Modesto CBD are shown in the Table below assuming a 5% increase per year.

15 Year Projected District Special Benefit Costs (not to exceed 5% annual increase)

	FY1	FY2	FY3	FY4	FY5	FY6	FY7	
Sidewalk Operations, Beautification and Order	$425,000.00	$446,250.00	$468,562.50	$491,990.63	$516,590.16	$542,419.66	$569,540.65	
District Identity	$150,000.00	$157,500.00	$165,375.00	$173,643.75	$182,325.94	$191,442.23	$201,014.35	
Administration	$97,000.00	$101,850.00	$106,942.50	$112,289.63	$117,904.11	$123,799.31	$129,989.28	
Contingency	$28,000.00	$29,400.00	$30,870.00	$32,413.50	$34,034.18	$35,735.88	$37,522.68	
Total	**$700,000.00**	**$735,000.00**	**$771,750.00**	**$810,337.50**	**$850,854.38**	**$893,397.09**	**$938,066.95**	
	FY8	**FY9**	**FY10**	**FY11**	**FY12**	**FY13**	**FY14**	**FY15**
Sidewalk Operations, Beautification and Order	$598,017.68	$627,918.56	$659,314.49	$692,280.22	$726,894.23	$763,238.94	$801,400.89	$803,308.98
District Identity	$211,065.06	$221,618.32	$232,699.23	$244,334.19	$256,550.90	$269,378.45	$282,847.37	$283,520.82
Administration	$136,488.74	$143,313.18	$150,478.84	$158,002.78	$165,902.92	$174,198.06	$182,907.97	$183,343.46
Contingency	$39,398.81	$41,368.75	$43,437.19	$45,609.05	$47,889.50	$50,283.98	$52,798.18	$52,923.89
Total	**$984,970.30**	**$1,034,218.81**	**$1,085,929.75**	**$1,140,226.24**	**$1,197,237.55**	**$1,257,099.43**	**$1,319,954.40**	**$1,323,097.15**

It is recognized that market conditions may cause the cost of providing goods and services to fluctuate from year to year. Accordingly, the Association Board shall have the right to reallocate up to 10% of the budget line item within the budget categories based on such cost fluctuations subject to the review and approval by the Board of Directors and included in the Annual Planning Report that will be approved by the Modesto City Council. Accrued interest or delinquent payments may be expended in any budget category.

Any funds remaining after the fifteenth year of operation will be rolled over into the renewal budget or returned to stakeholders. Also, CBD funds may be used to pay for renewal costs. If the District is not renewed or terminated for any reason, unexpended funds will be returned to the property owners pursuant to the City CBD Ordinance.

Step 6. Separate General Benefits from Special Benefits and Related Costs (Prop 218)

Total costs are estimated at $714,286 (see Table below). General benefits are factored at 2% of total (see Finding 2 on page 8 of this report) with special benefits set at 98%. Proposition 218 limits the levy of property assessments to costs

attributed to special benefits only. The 2% general benefit cost is computed to be $14,286 with a resultant 98% special benefit limit computed at $700,000. *This is the maximum amount of revenue that can be derived from property assessments from the subject CBD.*

Total Year 1 – 2016 - Special + General Benefit Revenue

Service	YR 1 - 2016 Assessment Allocation	YR 1 - 2016 Non-Assessment Allocation	YR 1 - 2016 Total Allocation	% of Total
Sidewalk Operations	$ 425,000	$ 8,673	$ 433,673	61 %
District Identity	$ 150,000	$ 3,061	$ 153,061	21%
Administration	$ 97,000	$ 1,981	$ 98,981	14%
Contingency/Reserves	$ 28,000	$ 571	$ 28,571	4%
Total	**$700,000.00**	**$ 14,286**	**$ 714,286.00**	**100%**

All program costs associated with general benefits ($14,286) will be derived from monetary sources other than Downtown Modesto CBD assessments.

General + Special Benefit Revenue Sources

Revenue Source	Cost
Downtown Modesto CBD Assessment Revenue - Year 1 – 2016)	$700,000
Other revenues to fund general benefit costs (grants, dues, program income)	$14,286
Total Costs – General and special benefits	$714,286

Step 7. Calculate "Basic Unit Cost"

With a Year 1 – 2016 budget of $700,000 (special benefit only), the Basic Unit Costs (rates) are delineated above in Step 4. Since the Downtown Modesto CBD is being formed for a 15 year term, maximum assessments for future years (2017-2030) must be set at the inception of the CBD. An annual inflationary assessment rate increase not to exceed 5% may be imposed for future year assessments, on approval by the Association Board. The maximum assessment rates for the 15 year CBD term of 2016-2030 are shown in the Table below. The assessment rates listed constitute the maximum assessment rates that may be imposed for future years of the Downtown Modesto CBD (2016-2030).

FIFTEEN (15) YEAR MAXIMUM ASSESSMENT RATES (Not to exceed 5% per year)

Year	Building Area Rate ($/SF)	Land Area Rate ($/SF)	Street Frontage Rate ($/LF)	Residential Condo Rate ($/SF)
1	$0.056987	$0.024654	$7.093800	$0.200000
2	$0.059836	$0.025887	$7.448490	$0.210000
3	$0.062828	$0.027181	$7.820915	$0.220500
4	$0.065970	$0.028540	$8.211960	$0.231525
5	$0.069268	$0.029967	$8.622558	$0.243101
6	$0.072731	$0.031465	$9.053686	$0.255256
7	$0.076368	$0.033039	$9.506370	$0.268019
8	$0.080186	$0.034691	$9.981689	$0.281420
9	$0.084196	$0.036425	$10.480773	$0.295491
10	$0.088406	$0.038246	$11.004812	$0.310266
11	$0.092826	$0.040159	$11.555053	$0.325779
12	$0.097467	$0.042167	$12.132805	$0.342068
13	$0.102340	$0.044275	$12.739446	$0.359171
14	$0.107457	$0.046489	$13.376418	$0.377130
15	$0.112830	$0.048813	$14.045239	$0.395986

Step 8. Spread the Assessments

The resultant assessment spread calculation results for each parcel within the Downtown Modesto CBD are shown in Appendix 1 attached to this Report and were determined by applying the District assessment formula to each identified assessed property.

APPENDIX 1

YR 1 – 2015/2016 ASSESSMENTS

APN	Yr 1 – 2015/16 Assessment
103 001 002 000	$749.39
103 001 003 000	$2,031.74
103 001 004 000	$5,358.40
103 001 006 000	$1,561.53
103 001 007 000	$3,838.14
103 001 009 000	$1,750.98
103 003 001 000	$478.78
103 003 002 000	$1,492.85
103 003 003 000	$1,850.85
103 003 004 000	$925.44
103 003 005 000	$917.87

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-205

RESOLUTION AUTHORIZING THE AWARD OF BID FOR THE PURCHASE OF EIGHT (8) CHEVROLET IMPALA LIMITED SEDANS FOR THE MODESTO POLICE DEPARTMENT THROUGH THE PUBLIC WORKS DEPARTMENT, FLEET SERVICES DIVISION, TO AMERICAN CHEVROLET, MODESTO, CA, FOR A TOTAL ESTIMATED COST OF $156,531

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for new vehicles and heavy equipment, through various competitive processes, with the Purchasing Division coming back to Council for award authorization. The eight (8) Chevrolet Impala Limited Sedans were included in the new vehicles and heavy equipment list authorized by the City Manager, and

WHEREAS, the eight (8) replacement sedans have been subjected to a thorough evaluation and have met or exceeded the replacement criteria before being placed on the replacement list, and

WHEREAS, the State of California, Department of General Services (DGS) went through a competitive bid process for the purchase of various vehicles including the Chevrolet Impala Limited Sedan, and issued contract No. 1-14-23-10 A-G. A local vendor can provide these vehicles and a Request for Quotation was issued to American Chevrolet. The bid from American Chevrolet came in lower than the State Contract by a total of $1,728.04, and

WHEREAS, sufficient funds are budgeted in Fiscal Year 2014-15, in account # 5409-53246-57003, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. The award of bid for the purchase of eight (8) Chevrolet Impala

Limited Sedans for the Modesto Police Department through the Public Works Department, Fleet Services Division, to American Chevrolet, Modesto, CA, conforms to the Modesto Municipal Code.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid for the purchase of eight (8) Chevrolet Impala Limited Sedans for the Modesto Police Department through the Public Works Department, Fleet Services Division, to American Chevrolet, Modesto, CA.

BE IT FURTHER RESOLVED that the Purchasing Manager or his designee to issue a purchase order for a total estimated cost of $156,531.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of June, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Kenoyer, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-206

RESOLUTION ESTABLISHING THE CALCULATION FOR THE APPROPRIATION LIMIT FOR THE FISCAL YEAR 2015-2016 ANNUAL BUDGET

WHEREAS, Proposition IV of the California State Constitution requires the City to establish an appropriation limit calculation each fiscal year, and

WHEREAS, Article XIIIB of the California Constitution specifies that appropriations made by state and local governments may increase annually by a factor comprised of the change in population combined with either the change in California per capita personal income or the change in the local assessment roll due to local nonresidential construction, and

WHEREAS, the **attached** schedule shows the preferred price and population factors to be used and the appropriation limit with the recommended factors in calculating the limit are the price factor of "state growth in per capita income" and the population factor of "growth rate in the city limits of Modesto," and

WHEREAS, a copy of said report is on file with the City of Modesto Finance Department.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the appropriation limit calculation is hereby established as shown on Schedule A, **attached** hereto, and made a part hereof.

BE IT FURTHER RESOLVED that the Director of Finance, or her designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of June, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Kenoyer, was upon roll call carried and the resolution adopted by the following votes:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Zoslocki, Mayor Marsh
NOES:	Councilmembers:	None

SCHEDULE A

FISCAL YEAR 2015-16

PROPOSITION 4

APPROPRIATION LIMIT CALCULATION

FY 2014-2015 Appropriation Limit		$367,931,710
Adjustment Factors		
Per Capita Personal Income Change	3.82%	
Population Change (Modesto)	0.63%	
Per Capita converted to a ratio	1.0382	
Population converted to a ratio	1.0063	
Calculation of factor for FY 2015-2016	1.0447	
Adjustment		$16,446,547
FY 2015-2016 Appropriation Limit		$384,378,257

Article XIIIB places a limit on most, but not all, government revenue sources. The limit applies to appropriations from proceeds of taxes from both the general fund and special funds of government entities. Proceeds of taxes include tax revenues, interest earnings on invested tax revenues, and any revenues collected by a regulatory license fee or user charge in excess of the amount needed to cover the cost of providing the regulation, product, or service.

Appropriations from nontax revenues, including the City's enterprise funds, are not subject to the limit.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-207

RESOLUTION APPROVING IN-KIND SUPPORT FOR THE MODESTO KIWANIS CLUB 4TH OF JULY FESTIVITIES

WHEREAS, the City of Modesto recognizes the importance of family friendly activities; and

WHEREAS, the Modesto Kiwanis Club is hosting the 4th of July Parade in Modesto; and

WHEREAS, the Modesto Kiwanis have expressed the desire to host a family friendly event after the parade; and

WHEREAS, the Modesto Kiwanis Club has requested in-kind sponsorship use of Centre Plaza tables, chairs, linens and applicable labor to set up and breakdown the event; and

WHEREAS, the Modesto Kiwanis Club has requested the City of Modesto provide labor to install custom poles in Tenth Street Place Plaza; and

WHERAS, the Modesto Kiwanis Club is requesting the City of Modesto waive fees associated with permits; and

WHEREAS, the Modesto Kiwanis Club is requesting a waiver of rental costs associated with Tenth Street Place Plaza; and

WHEREAS, the Modesto Centre Plaza will incur a loss of rental revenue of approximately $240, plus labor charges. The General Fund will also incur approximately $1,200 in labor costs to install and remove custom poles in the Tenth Street Place Plaza, as well as fees associated with permits and the rental of the Tenth Street Place Plaza.

THEREFORE, LET IT BE RESOLVED, by the Council of the City of Modesto that it hereby approves the in-kind sponsorship use of the requested Centre Plaza equipment, agrees to provide necessary labor to install custom poles in the Tenth Street Place Plaza, waive necessary permit fees and waive rental costs for Tenth Street Place Plaza for the 4th of July festivities. The total cost of the City's in-kind sponsorship, necessary labor and waiver of necessary permit fees and rental costs shall not exceed $5,000.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto on the 23rd day of June, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Kenoyer, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-208

A RESOLUTION APPROVING A MEMORANDUM OF AGREEMENT BETWEEN THE COUNTY OF STANISLAUS AND THE CITY OF MODESTO FOR THE EDWARD BYRNE MEMORIAL JUSTICE ASSISTANCE GRANT (JAG) FORMULA PROGRAM FISCAL YEAR 2015 LOCAL SOLICITATION AUTHORIZING A JOINT APPLICATION WITH THE COUNTY OF STANISLAUS, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE MEMORANDUM OF AGREEMENT

WHEREAS, the allocation of Edward Byrne Memorial Justice Assistance Grant (JAG) is based on a formula of population and violent crime statistics, in combination with a minimum allocation to ensure that each state and territory received an appropriate share of funding, and

WHEREAS, the JAG Program allows states, tribes and local governments to support a broad range of activities to prevent and control crime based on their own local needs and conditions, and

WHEREAS, the City of Modesto Police Department is eligible to apply for $115,970 and Stanislaus County is eligible for $27,249, and

WHEREAS, the City of Modesto Police Department is considered a "disparate" under the terms of this grant because the City is eligible to receive one and one-half (1½) times more than a County (150% more than the County with concurrent jurisdiction), and

WHEREAS, the Modesto Police Department and Stanislaus County are required to submit a joint application for the total eligible allocation of $143,219 and

WHEREAS, recommended distribution of the 2014 JAG funds are as follows:

Probation	$ 6,812
Sheriff	$ 20,437
Sheriff (Administrative Fee)	$ 3,479
Modesto Police Department	$112,491

WHEREAS, the City of Modesto will use its allocation to purchase 800 MHz radios for police officers.

WHEREAS, there is no match required for this grant, and

WHEREAS, the awards are made in the first fiscal year of the appropriation and may be expended during the following three years for a total of four years, and

WHEREAS, Stanislaus County will be the fiscal agent for this grant, and

WHEREAS, the County will charge the City a three percent (3%) administrative fee in the amount of $3,479 to cover the reporting costs associated with the grant, and

WHEREAS, the administrative fee reduces the City's total projected grant award to $112,491 ($115,970 less the 3% administrative fee of $3,479), and

WHEREAS, the grant requires that a trust fund must be established for fund deposits, and funds cannot be commingled with funds from any other source, and

WHEREAS, the Memorandum of Agreement states that the City agrees to provide the County a quarterly financial and programmatic report not later than fifteen (15) calendar days after the end of the quarter, and

WHEREAS, grant requires a signed Memorandum of Agreement for the application,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Memorandum of Agreement between the County of Stanislaus and the City of Modesto for the Edward Byrne Memorial Justice Assistance Grant (JAG) Formula Program Fiscal Year 2015 Local Solicitation, authorizing a joint application with the County of Stanislaus.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the grant application upon award.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of June, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Kenoyer, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-209

RESOLUTION APPROVING AMENDMENT NO. 1 TO AGREEMENT WITH STANISLAUS COUNTY FOR THE LEASE OF SPACE AT THE CITY OF MODESTO TRANSPORTATION CENTER, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AMENDMENT

WHEREAS, the City of Modesto Downtown Transportation Center was designed to be an intermodal public transit facility, and

WHEREAS, a lease agreement was entered into by the City of Modesto and Stanislaus County on the 4th Day of November, 2009 to lease space in the Modesto Transportation Center located at 1001 Ninth Street, Modesto, and

WHEREAS, the Stanislaus County transit service (Stanislaus Regional Transit) has been using the Center as a transfer point since 1994, and

WHEREAS, Stanislaus County currently leases three (3) bus parking bays at the Center as described in the Lease Agreement between the City and County dated November 4, 2009; and,

WHEREAS, Stanislaus County desires to lease one (1) bus parking bay in addition to the three (3) parking bays it currently leases; and

WHEREAS, the City of Modesto has one (1) additional bus parking bay it is willing to lease to Stanislaus County.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves Amendment No. 1 to the Lease Agreement with Stanislaus County for the lease of space at the City of Modesto Transportation Center.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Amendment No. 1.

The forgoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of June, 2015, By Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Kenoyer, was upon roll call carried and this resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-210

RESOLUTION AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO APPROVE AMENDMENT NO. 2 TO THE EXISTING EXTENSION OF THE AMENDMENT TO THE MEMORANDUM OF UNDERSTANDING (MOU) WITH STANISLAUS COUNTY TO EXTEND THE TERM OF THE MOU FOR THE DISBURSEMENT OF FUNDS HELD IN THE AB939 SOURCE REDUCTION AND RECYCLING ACCOUNT

WHEREAS, pursuant to a Memorandum of Understanding ("MOU") between the City of Modesto ("City") and the County of Stanislaus ("County"), which was executed on August 25, 1994, the City's proportional share of funds from the AB 939 Source Reduction and Recycling Account are disbursed to the City on an ongoing quarterly basis for waste diversion programs, and

WHEREAS, in June 1997, the City executed an Amendment to the MOU with the County to allocate a portion of the fees to cover the cost of preparing quarterly "disposal-based" reports for the City, and

WHEREAS, in November 2000, the City executed an extension to the Amendment to the MOU with the County for disbursement of funds held in the AB939 Source Reduction and Recycling Account, and

WHEREAS, said reports provide the basis for the City's Annual Report to the State on attainment of the mandated reduction in disposal and the City's portion of the costs of preparing the quarterly reports is $7,500.00, and

WHEREAS, AB 939 plans have been completed and are in continuous implementation phases, and the Public Resources Code allows the ongoing collection of solid waste fees for solid waste diversion program implementation.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that Amendment No. 2 to the Amendment of the Extended Memorandum of Understanding

("MOU") between the City of Modesto and the County of Stanislaus is hereby approved for the extension and disbursement of funds held in the AB 939 Source Reduction and Recycling Account, and

BE IT FURTHER RESOLVED that the City Manager or his authorized designee is hereby authorized to execute said Amendment No. 2, and,

BE IT FURTHER RESOLVED that the City and the County desire to amend the AB 939 Memorandum of Understanding ("MOU") retroactive from the date of expiration to provide for the continuance of the existing MOU which will remain in effect until such time as the parties agree to terminate the MOU effective upon 30 days written notice to the other party.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of June, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Kenoyer, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-211

RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MODESTO APPROVING THE MEMORANDUM OF UNDERSTANDING (MOU) WITH STANISLAUS COUNTY FOR THE REDUCTION OF DISPOSAL CHARGES ("TIP FEES") AT THE FINK ROAD LANDFILL AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE SAID MOU

WHEREAS, Stanislaus County's solid waste management system includes the Fink Road Landfill (Landfill), the Waste-to-Energy (WTE) facility, and the Household Hazardous Waste (HHW) facility, and

WHEREAS, delivery of adequate waste to each of these components of the County's solid waste management system is critical because tipping fees not only fund these current operations as required to meet State regulations, they also fund the ongoing closure and corrective action activities associated with the Geer Road Landfill, and

WHEREAS, the City and the County are obligated to deliver a minimum of 243,300 tons per year to the WTE facility under their Agreement with Covanta, Stanislaus, and

WHEREAS, the County has recently renegotiated its 2001 Regional Agency agreements with the other cities, and those jurisdictions have agreed to deliver 62% of their annual solid waste tonnages to the WTE facility and 38% of their annual solid waste tonnages to the Fink Road Landfill for the next 10 years, and

WHEREAS, this reduces the amount of waste that both the City and the County need to deliver to the two facilities, and

WHEREAS, Modesto now needs to deliver a minimum of 108,000 tons annually to the WTE facility (annual deliveries will remain at approximately 120,000 tons per year to keep the facility running at peak) and at least 12,000 tons per year to the Fink Road Landfill (annual deliveries are now 18,000 to 23,000 tons), and

WHEREAS, the current tip fee at the Landfill is $33 per ton, and

WHEREAS, the City has negotiated an MOU with Stanislaus County to decrease the tip fee charged for City wastes at the Fink Road Landfill to $26 per ton consistent with the fees to be charged to the other cities, and

WHEREAS, in exchange for the lower tip fee, the City will guarantee a minimum delivery of 12,000 tons to the landfill annually for 10 years, and

WHEREAS, under this MOU, the tip fee would escalate to $29 per ton in 2024/2025, and

WHEREAS, the decrease in costs at the Fink Road landfill will reduce disposal rates to the ratepayers by approximately $84,000 to $126,000 per year for residential and commercial bin customers, which decreases will be factored into the maximum rate structure.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the **attached** Memorandum of Understanding ("MOU") between the City of Modesto and the County of Stanislaus is hereby approved for the reduction of tip fees at the Fink Road Landfill.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute said MOU.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of June, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Kenoyer, was upon roll call carried and the resolution adopted by the following vote:

MEMORANDUM OF UNDERSTANDING BETWEEN STANISLAUS COUNTY AND THE CITY OF MODESTO FOR SOLID WASTE DISPOSAL AT THE FINK ROAD LANDFILL

This MEMORANDUM OF UNDERSTANDING (hereinafter referred to as "MOU") is made and entered into by and between the County of Stanislaus, (hereinafter referred to as "County") and the City of Modesto (hereinafter referred to as "City"), on _____.

RECITALS

WHEREAS, under California Integrated Waste Management Act of 1989 (the "Act"; Pub. Resources Code § 4000 et seq.), each of the parties is required to develop plans and implement programs for solid waste disposal and diversion within their respective jurisdictions; and

WHEREAS, the County and City have entered into a Service Agreement with Covanta Stanislaus, Inc. to supply acceptable solid waste to the Waste to Energy Facility, which Service Agreement guarantees the flow of a minimum of 243,300 tons of acceptable waste to the Waste to Energy Facility, and provides for disposal capacity for bypass waste from the Facility at the Fink Road Landfill, and for the disposal of combustion ash in a designated Class II monofill at the Fink Road Landfill; and

WHEREAS, the County and City have entered into an "Agreement Relating to the Administration of the Service Agreement for Supply and Acceptance of Solid Waste", which Agreement establishes the proportional responsibilities of County and City for deliveries of acceptable waste to the Waste to Energy Facility; and

WHEREAS, the Countywide Siting Element, Summary Plan, and the City of Modesto's Source Reduction and Recycling Element identify waste disposal capacity which is located in the unincorporated area of the County as the method of meeting the state's 15-year minimum disposal capacity requirement; and,

WHEREAS, to ensure that each party has sufficient long term disposal capacity to meet the requirements of state law and the contractual commitments of the Service Agreement with Covanta, the County and City now desire to enter into an MOU for Disposal to ensure that the Fink Road Landfill (hereinafter referred to as "Landfill") both remains in operation and is operated as economically as possible.

NOW, THEREFORE, in consideration of the mutual promises, covenants, terms and conditions hereinafter contained, the parties hereby agree as follows:

AGREEMENT

1. Scope of Agreement

1.1 County and City acknowledge that it is beneficial to ensure optimum deliveries of acceptable solid waste to the Fink Road Landfill to maintain the financial viability of the Landfill and to ensure ongoing capacity to meet regulatory and contractual obligations.

1.2 County shall provide City, and City's contracted Haulers ("Haulers") on behalf of City, the right to deposit for disposal in a lawful manner, acceptable solid waste and nonhazardous solid waste generated within the limits of City, as such may now exist and as such limits may exist at any time during the term of this contract.

1.3 The City, in cooperation with its Haulers, agrees to direct its Haulers to transport no less than 12,000 tons and up to 18,000 tons annually of its acceptable solid waste disposal tonnage, to the Landfill in conformance with the provisions of the City's adopted AB 939 Plans.

2. Consideration

2.1 In consideration for entering into this MOU, wastes from the City delivered by its Haulers, will be charged a discounted tipping fee beginning at $26 per ton, at the Landfill, as set by the Stanislaus County Board of Supervisors (hereinafter referred to as the "Board"), and adjusted periodically as set forth in Schedule 1 of this MOU.

2.2 The Hauler shall pay the County the Schedule 1 discounted per ton tipping fee for each ton of municipal solid waste directed by the City to be delivered to the Landfill per this MOU.

3. Payment Terms

3.1 County shall calculate the fees owed by each Hauler based on the scale-house reports.

4. Term

4.1 The term of this MOU shall be from June 1, 2015, and end June 30, 2025, unless sooner terminated as provided below or unless some other method or time of termination is listed herein.

4.2 Should either party default in the performance of this MOU or materially breach any of its provisions, the other party, at that party's option, may terminate this MOU by giving written thirty (30) day notification to the other party.

5. MOU Extension

5.1 This MOU may be extended, for a five (5) year term extension with the same terms and conditions, with the exception of the tipping fee. A written notice of renewal or nonrenewal shall be served by either party 60 days prior to the end of initial term. If the notice of nonrenewal is served by either party then the MOU shall terminate on June 30, 2025.

6. Miscellaneous Provisions

6.1 Amendment. This MOU may be modified, amended, changed, added to or subtracted from by the mutual consent of the parties hereto if such amendment or change is in written form and executed by the City and by the County.

6.2 Notices. All notices permitted or required by this MOU or by law to be served on or given to either party hereto by the other party, shall be in writing and shall be effective when personally delivered to the party to whom it is directed, or in lieu of personal service, when deposited in the United States mail addressed as follows, or any other address designated by the party:

To: County of Stanislaus:
Department of Environmental Resources
3800 Cornucopia Way, Suite C
Modesto, CA 95358
Attn: Susan M. Garcia, C.P.M

To: City of Modesto:
Solid Waste Manager
Public Works Department
P.O. Box 642
Modesto, Ca. 95353

6.3 Disposal Site. The Waste to Energy Facility and Fink Road Landfill are served by a scale house which is operated by County staff and which weighs materials delivered to the two facilities. The parties agree that for the tonnages of waste the City commits to delivering to the County in this MOU the City will direct its Hauler to take the waste to the Landfill and County staff will ensure that the waste is directed to the correct facility. County staff will notify the City of any failure of City's Hauler to deliver waste to the designated facility.

6.4 Nonhazardous Solid Waste. "Nonhazardous Solid Waste" means, for the purpose of this MOU waste which may be disposed of in a Class III sanitary landfill in accordance with local, State and Federal regulations.

6.5 Collection and Transportation Within the City. Notwithstanding the provisions of this MOU, the City retains the right to regulate all aspects of the collection, transportation, and disposition of all solid waste originating within the boundaries of City.

7. Force Majeure. Except as otherwise expressly provided in this MOU, if the performance of any act required to be performed by either County or City is prevented or delayed or made impracticable by reason of any act of God, strike, lockout, labor trouble, inability to secure materials, Change in Law or regulations, or any other cause (except financial inability) not the fault of the Party required to perform the act, the time for performance of the act will either be extended for a period equivalent to the period of delay or performance of the act will be excused.

7.1 "Change in Law" as used herein means the enactment, promulgation, amendment or official interpretation or reinterpretation by any order, decision or judgment of any federal, state or local court, administrative agency or governmental body after the Effective Date of (i) any federal statute or regulation not enacted, promulgated, amended, interpreted or reinterpreted on or before the Effective Date, as applicable, or (ii) any state, County or City statute, ordinance, or regulation that was not so enacted, promulgated, amended, interpreted or reinterpreted on or before the Effective Date, as applicable, or establishes requirements making the ownership, operation or maintenance of the Landfill more burdensome than the most stringent requirements (x) in effect as of the Effective Date, (y) agreed to in any applications of the County for official permits, licenses, or approvals, or (z) contained in any official permits, licenses, or approvals with respect to the Landfill obtained as of the Effective Date; provided that a lawful change in federal, State, County, City, or any other tax law shall not be a Change in Law.

a. If there is a Change in Law that materially affects operations of the Fink Road Landfill, the Parties hereto agree to act in good faith to amend or renegotiate this MOU to effectuate the purpose of this MOU as stated herein above.

b. If there is a Change in Law that materially affects the requirements for the City regarding the reuse, recycling, composting or any other form of diversion of solid waste from disposal, including, but not limited to an increase in the percentage of solid waste required to be diverted, as well as changes to applicable diversion credits, the Parties hereto agree to act in good faith to amend or renegotiate this MOU.

c. The Party whose performance of this MOU is affected pursuant to this Section shall give notice of the conditions affecting performance to the other Party within thirty (30) calendar days that the Party becomes aware that any Change in Law will materially affect performance of this MOU.

d. Upon receiving notice pursuant to this Section, the Parties will have one hundred eighty (180) days to renegotiate this MOU If the Parties do not agree that a Change in Law materially affects performance of this MOU pursuant to this Section, then either Party may request binding mediation, to be paid equally by both Parties, to determine whether the Change in Law is material. Either Party may terminate the MOU upon three days written notice if it is determined that a material Change in Law has occurred, and the Parties do not renegotiate the Agreement within one hundred eighty (180) days.

IN WITNESS WHEREOF, the parties have executed this MOU on _____, 2015.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-212

RESOLUTION AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO APPROVE THE AWARD OF BID FOR CONSTRUCTION OF THE AIRPORT PERIMETER FENCE REHABILITATION PROJECT, AIRPORT RUNWAY 10L-28R SHOULDER REHABILITATION PROJECT AND THE WEST APRON RECONSTRUCTION PROJECT

WHEREAS, the Modesto City-County Airport (Airport) is a federally obligated facility and is required to meet Federal Aviation Administration (FAA) standards, per FAA Regulation (FAR) Part 139.305 Maintaining paved areas, Part 139.311 Maintaining FAA approved marking, signage and lighting and 139.335 providing Public Protection, Subpart D, and

WHEREAS, the FAA previously identified deficiencies that include runway, shoulder and west apron maintenance; marking, signage and lighting; and public protection through security and perimeter fencing, and

WHEREAS, Council approved Resolutions 2014-237, 2013-343 and 2013-344 for agreements with Kimley-Horn and Associates (KHA) to perform engineering, design and construction on various airport projects, including the runway 10L-28R shoulder rehabilitation, west apron reconstruction, perimeter fence rehabilitation, electrical, signage and marking plan and stormwater/drainage master plan.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the City Manager, or his designee, to approve the award of bid for construction to the contractor with the lowest most responsive and responsible bid for the Airport Perimeter Fence Rehabilitation Project, Airport Runway 10L-28R Shoulder Rehabilitation Project and the West Apron Reconstruction Project, and

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to sign the award of bid for construction regarding the Airport Perimeter Fence Rehabilitation Project, Airport Runway 10L-28R Shoulder Rehabilitation Project and the West Apron Reconstruction Project.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of June, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Kenoyer, was upon roll call carried and the resolution adopted by the following vote:

AYES	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Zoslocki, Mayor Marsh

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-213

RESOLUTION AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO APPROVE AND SIGN A FEDERAL AVIATION ADMINISTRATION (FAA) GRANT OFFER FOR $3,706,362

WHEREAS, the Modesto City-County Airport (Airport) is part of the Federal airport system and eligible for Federal funding, and

WHEREAS, as airport sponsor, the City is eligible each year for entitlement and discretionary funds that provide 90.66% for the FAA Airport Capital Improvement Program (ACIP), and

WHEREAS, the local 9.34% match required for grants will be paid from a City Local Match (TBD) and potentially Passenger Facility Charges (PFC's) that have been previously collected, and

WHEREAS, the Airport has various airport improvement projects and FAA Grant Applications that will be made regarding those projects, and

WHEREAS, the FAA Grant offers when made, require a seven (7) day acceptance and signature timeline.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the City Manager, or his designee, to approve and sign a FAA grant offer $3,706,362.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of June, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Kenoyer, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-214

RESOLUTION APPROVING THE FUNDING AND IMPLEMENTATION OF A RESIDENTIAL TURF REPLACEMENT PROGRAM AT AN ANNUAL COST OF $100,000

WHEREAS, California is experiencing exceptional drought conditions and the State Water Resources Control Board (Water Board) has adopted emergency drought regulations to govern the use of urban water in California, and

WHEREAS, the Water Board recently mandated the City of Modesto's water system to decrease water use by 36%, and

WHEREAS, for several years the City of Modesto has been proactive in educating our customers via our Water Conservation Program through increased advertising, providing information and educational materials at public events, and funding rebate incentives such as the High Efficiency Toilet and Washer Rebate Programs, and

WHEREAS, Outdoor water use accounts for approximately 70% of total residential water consumption during the summer months, and

WHEREAS, to decrease outdoor water use, a number of California water agencies and cities have implemented turf replacement programs such as "Cash for Grass" or Lawn to Garden", and

WHEREAS, these agencies are estimating an average savings of 34-40 gallons per square foot of converted lawn, and

WHEREAS, a Residential Turf Replacement Rebate Program has been developed for homeowners who receive their water from the City of Modesto's water system, and

WHEREAS, customers will be required to convert their lawn areas to low water use plants or other permeable landscapes to be approved for the rebate program,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the funding and implementation of a Residential Turf Replacement Program at an annual cost of $100,000.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of June, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Kenoyer, was upon roll call carried and the resolution adopted by the following vote:

DRAFT

Residential Turf Replacement

The City of Modesto is offering rebates to our residential water customers who replace their grass with drip-irrigated low-water-use plants, permeable hardscape, or polyethylene/nylon artificial turf products. Funding is limited and applications will be accepted on a first-come, first-served basis. The City reserves the right to terminate this program at any time, for any reason.

Rebate Offer

The City is offering $.50 per square foot of turf removed, per site with a maximum of $500 per Single-Family residence (equivalent to 1,000 square feet converted area) Offer is limited to **one** rebate per City of Modesto water account.

Customers may remove more turf area than is covered by the rebate program, but the per site maximum rebate amount will still apply.

Application and Inspection Process

stomers must submit an application to the City and provide a photo, a wing of the plan for the area to be converted (rough sketch okay), a list of the low-water-use plants to be used.

Customers must consent to **Pre- and Post- Inspection site visits** by the City of Modesto Water Conservation staff in order to apply and qualify for the Turf Replacement rebate.

At the **Pre-Inspection** visit, City staff will measure the proposed conversion area and verify that the site meets the program's terms and conditions. If approved, the City will mail the customer a **Notice to Proceed**.

Lawn conversions must be completed within 60 days of the date of the Notice to Proceed. To ensure water savings are achieved, the **converted area must remain in compliance with the program terms and conditions for a period of five (5) years** following receipt of the rebate. An applicant may be charged part or the entire rebate amount at the City's discretion if the terms or conditions have been violated.

At Post-Inspection, applicant must provide a list of plants, hardscape, and artificial turf materials used in the conversion. If conversion fails inspection, applicant will be given thirty (30) days to bring the project into compliance.

Following the Post-Inspection visit, and up on final approval by the City's Water Conservation staff, the City will issue a rebate to the applicant within four to six weeks.

Terms and Conditions

- Program is open to all homeowners whose property is served by the City of Modesto's Water System. Applicant's account must be in good standing.
- Lawn areas to be converted must be currently maintained anc in healthy condition. *Lawns already removed at the time of pr inspection are not eligible for rebate.*
- **Landscaping Requirements for Converted Area:**

  Plants – must be drought tolerant and adapted to our climate. Helpful resources for water wise plant selection are available http://www.modestogov.com/pwd/water/conservation/links.asp All planting areas must have a minimum of three (3) inches of mulch.
  Hardscape – must be of permeable material (e.g., decomposed granite.) Impermeable materials such as concrete are not allowed as part of the conversion area.
  Artificial Grass – must be installed by a licensed contractor i accordance with manufacturer's specifications. Installation must be permeable to water and air. Only polyethylene and nylon artificial turf products are eligible for rebate. Patio carpe and other "Astroturf" type products are not eligible.
  Irrigation System – if used for the converted area must be lo volume drip. The system must be in good working order, free of leaks and malfunctions. If only part of the lawn is converte the new planting area must be irrigated on a separate valve from the remaining lawn. Sprinkler system for the remaining lawn must be modified to avoid spray onto the converted area

If you are interested in applying for the Residential Turf Replacement Program rebate, please call the City of Modesto Water Services Division at (209) 342-2246 to schedule a Pre-Inspection visit. A Water Conservation staff member will inspect and measure your conversion area. Do not remove lawn until you receive the Notice to Proceed and pre-approved Application from the City.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-215

RESOLUTION APPROVING AN AGREEMENT WITH RAND COMMERCIAL PROPERTIES FOR ON-CALL REAL ESTATE BROKER SERVICES FOR VARIOUS UTILITIES DEPARTMENT – CAPITAL IMPROVEMENT PROGRAM PROJECTS FOR ONE YEAR, WITH TWO (2) ONE-YEAR EXTENSION OPTIONS, AT THE SOLE DISCRETION OF THE CITY, IN AN AMOUNT NOT TO EXCEED $100,000 PER YEAR, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT, AND UP TO TWO ONE-YEAR EXTENSION OPTIONS

WHEREAS, the Utilities Department (Utilities) occasionally receives requests to market and sell certain surplus City parcels, and

WHEREAS, in order to facilitate the requests, Utilities has determined the best method to market the properties is through the use of professional real estate brokers, and

WHEREAS, real estate firms have the resources to widely list the surplus properties, by using numerous listing and advertising services for maximum exposure to the general public, and

WHEREAS, on December 10, 2014, in compliance with Administrative Directive 3.1, Selection Procedures for Professional Consultants Who Provide Architectural and Engineering Services for Capital Projects, a Request for Qualifications and Proposals was initiated to perform on-call real estate broker services, and

WHEREAS, the Request for Qualifications was sent to seven (7) real estate broker firms and we received responses from two (2) firms who provided Qualification Statements and Proposals, and

WHEREAS, one firm, Rand Commercial Properties (Rand) was chosen as the most qualified since it is licensed by the state and has several years' experience in marketing and selling Modesto area properties, and

WHEREAS, Rand Commercial Properties is deemed qualified to provide the requested on-call real estate broker services in a timely, efficient, and cost effective manner, and

WHEREAS, Rand Commercial Properties of Modesto, has over 35 years of local real estate experience and has previously worked with the City of Modesto successfully selling and leasing various properties, and

WHEREAS, Rand will charge the City a five percent (5%) commission rate, which is less than the real estate industry standard rate, and

WHEREAS, Rand is a smaller firm, not associated with a national chain, and

WHEREAS, Rand has a proven track record of successfully bringing together sellers and buyers, and has previously represented the City in selling and leasing City property, and

WHEREAS, no new budget allocation will be sought because the project specific task orders under the agreement will be paid from existing CIPs, and

WHEREAS, Rand will submit a written scope of services outlining the specific work, schedule, and cost estimate associated with each task order, and

WHEREAS, Rand will perform no service until Capital Improvement Services management has approved the proposed specific task order and a written Notice to Proceed (NTP) is prepared and sent to Rand prior to commencement of services, and

WHEREAS, at time of closing, Rand shall be paid commission out of proceeds from the sale of the subject property by the title company, and

WHEREAS, revenues from the proceeds from property sales will be returned to each specific CIP project that originally funded the project, or determined on a case by case basis, and

WHEREAS, City staff recommends an On-call Appraisal and Consultant Services Agreement with Rand be approved,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement with Rand Commercial Properties for On-call Appraisal and Consultant Services for various Utilities Department – Capital Improvement Program projects for one year, with two one-year extension options at the sole discretion of the City in an amount not to exceed $100,000 per year. Total cost for three years is not to exceed $300,000.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute said Agreement with Rand Commercial Properties, and up to two one-year extension options.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of June, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Kenoyer, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-216

RESOLUTION APPROVING AN AMENDMENT TO AGREEMENT WITH KLEINFELDER, INC. TO PROVIDE ADDITIONAL TEST BORING SERVICES FOR TIVOLI WELL IN AN AMOUNT NOT TO EXCEED $133,000, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AMENDMENT TO AGREEMENT

WHEREAS, the Tivoli Test Well project was created to drill a pilot test hole in the Tivoli Specific Plan (SP) area to determine if a developer's proposed location is capable of providing 1,500 gallons per minute (gpm) of water suitable for water supply, and

WHEREAS, Community and Economic Development Department-Planning Division staff has indicated a new well is required to be operational within two years to meet these projected development needs, and

WHEREAS, the project was initially advertised for bids on April 12, 2014, with no bids received, and

WHEREAS, drillers who received bid documents were contacted and all indicated a backlog of work ranging from 6 to 18 months, and

WHEREAS, the project was re-advertised for bids on October 15, 2014 and, three bids were received, and

WHEREAS, the lowest bid was 101.6% above the engineer's estimate; the other two bids were 105.8% and 213.2% above with no local bidders, and

WHEREAS, several local well drillers were contacted and all indicated a backlog of work ranging from 18 to 24 months due to the intense demand for drilling new irrigation wells in the area, and

WHEREAS, on January 27, 2015, City Council rejected bids, by Resolution No. 2015-18, based on staff recommendations to re-evaluate the existing water supply and reduce the scope of work, and

WHEREAS, staff explored alternate methods of subsurface investigation, with the emphasis on shortened time and reduced costs, and

WHEREAS, on March 19, 2015, the City Manager approved an agreement with Kleinfelder, Inc. (a local consultant) to conduct a test boring in the amount of $49,000, and

WHEREAS, because the fees for this work were less than $50,000, it was considered a Minor Project per Administrative Directive 3.1, Selection Procedures for Professional Consultants Who Provide Architectural and Engineering Services for Capital Projects, and

WHEREAS, drilling was performed April 20 through 27, 2015, to a depth of 500 feet below ground surface, and

WHEREAS, results showed the proposed site was not suitable for a production well, and

WHEREAS, two alternative locations have been identified, the City-owned Mary Grogan park site, and the future well location indicated in the Tivoli SP area, and

WHEREAS, staff recommends that the amendment to the agreement with Kleinfelder be approved to include similar investigations to a depth of 600 feet bgs at these two potential well sites to determine suitability for a 1,500 gpm production well, as required by the SP,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Amendment to Agreement with Kleinfelder, Inc. to provide additional test boring services for Tivoli Well in an amount not to exceed $133,000.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Amendment to Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of June, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Kenoyer, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-217

RESOLUTION APPROVING THE WATERFORD-HICKMAN WATER SYSTEMS PURCHASE AGREEMENT WITH THE CITY OF WATERFORD TO PURCHASE THE WATERFORD-HICKMAN WATER SYSTEMS FOR $2.6 MILLION, EFFECTIVE JULY 1, 2015, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, in 1995, the City of Modesto purchased the water systems owned by Del Este Water Company, which included the independent systems that served the City of Waterford (Waterford) and the City of Hickman; and

WHEREAS, the two systems include eight wells with approximately 2,400 customers; and

WHEREAS, previously, Waterford had requested to purchase the system in 1996 and 2003; however, due to financial constraints, the negotiations were stopped; and

WHEREAS, negotiations resumed in late 2012, and Waterford hired an engineering firm to update the previous appraisal done by Bookman-Edmonston that valued the Waterford and Hickman water systems at $2.625 million; and

WHEREAS, the updated study produced a value of $2.607 million for the water systems; and

WHEREAS, Waterford made offers to the City of Modesto for $1 million, $1.5 million, and finally $2 million in late 2013; and

WHEREAS, the City of Modesto countered with $2.6 million and, after negotiations stalled for over a year, Waterford agreed to the sale price of $2.6 million in October 2014; and

WHEREAS, this Agreement was conditional on Waterford obtaining the necessary permits from the State Water Resources Control Board to operate the water

systems, contingent upon the City of Modesto providing temporary operations and maintenance assistance, and Waterford demonstrating they have the capability to fund the required water system improvements; and

WHEREAS, City staff is recommending approval of this agreement for the sale of the Waterford-Hickman water systems to the City of Waterford effective July 1, 2015.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Waterford-Hickman Water Systems Asset Purchase Agreement with the City of Waterford to purchase the Waterford-Hickman water systems for $2.6 million effective July 1, 2015, in a form approved by the City Attorney.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute said Agreement with the City of Waterford.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of June, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Kenoyer, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-219

RESOLUTION ADOPTING THE "SAFER NEIGHBORHOODS INITIATIVE," A CITYWIDE PLAN, WHICH IS A COMPONENT OF THE CITY'S STRATEGIC PLAN, TO EXPLORE NEW APPROACHES TO PUBLIC SAFETY TO REDUCE CRIME, IMPROVE POLICE AND FIRE RESPONSE TIMES, AND INCREASE PARTICIPATION AND COLLABORATION WITH NEIGHBORHOOD GROUPS BY FOCUSING RESOURCES ON: CRIME AND FIRE PREVENTION, PUBLIC SAFETY RESOURCES DEPLOYMENT, GROWING NEIGHBORHOOD LEADERSHIP CAPACITY, POSITIVE YOUTH ACTIVITIES, AND HOMELESSNESS AND TAGGING PREVENTION

WHEREAS, on June 9, 2015, staff conducted a Council workshop to discuss the Safer Neighborhood Initiative; and

WHEREAS, at this workshop staff presented information on the state of the City, including its economic recovery from the recession, the changing environment of City government, and the increased momentum of community collaboration, and

WHEREAS, the Safer Neighborhood Initiative is contained in **Attachment** A; and

WHEREAS, additional revenues of approximately $14 million are needed by the City's General Fund to implement the Safer Neighborhood Initiative; and

WHEREAS, at the conclusion of the special Council meeting on June 16, 2015, Council directed staff to prepare agenda items for consideration on June 23, 2015 to adopt the Safer Neighborhood Initiative as well as one half of one percent (.50%) sales tax ballot measure and an accompanying advisory measure.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby adopts the "Safer Neighborhoods Initiative," a Citywide plan, which is a component of the City's Strategic Plan, to explore new approaches to public safety to reduce crime, improve police and fire response times, and increase participation and

collaboration with neighborhood groups by focusing resources on: crime and fire prevention, public safety resources deployment, growing neighborhood leadership capacity, positive youth activities, and homelessness and tagging prevention.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of June, 2015, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Kenoyer, was upon roll call carried and the resolution adopted by the following vote:

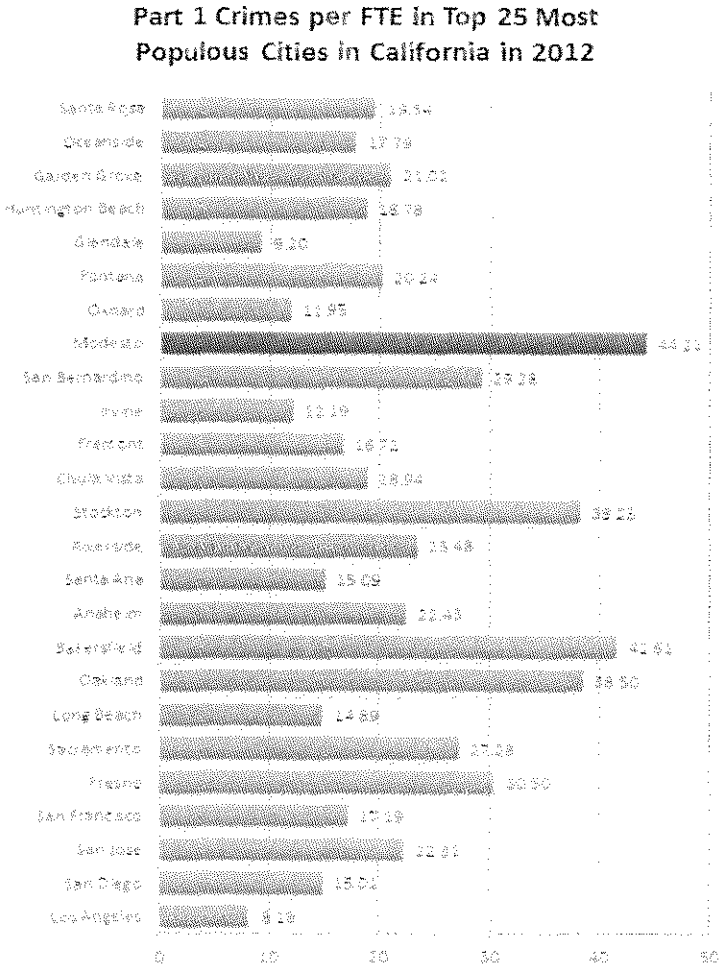
Safer Neighborhoods Initiative

Explore new approaches to public safety, working in partnership with the community to reduce crime and maintain a safe and inviting community in which to live, work and play. Increase collaboration with neighborhoods and school district(s) to achieve quality of life improvements, and safe neighborhoods through supporting community self-reliance, problem solving, capitol improvements, and public/private partnerships.

1. Explore progressive crime and fire prevention techniques

    a. **Engage in community policing** with a target of 35% unassigned time allotment for patrol officers to have the available time to engage members of our community, solve neighborhood issues and proactively engage in fighting crime. The Modesto Police Department currently has one of the highest workloads per officer in the top 25 most Violent Cities in California. **INVEST – $2.85M for 20 additional police officers, and 3 patrol sergeants**



b. **Re-establish the "Beat Health" Program** creating a multi-functional team consisting of police officers, code enforcement officers, community service officers and a dedicated city attorney that works together with property owners, neighborhoods and businesses to mitigate and rehabilitate nuisance properties that draw crime into our neighborhoods. **INVEST $2.7 M for 16 police officers, 2 police sergeants, 2 Code Enforcement officers and 1 city attorney**

c. **Enhance Detective Unit** – Currently the City of Modesto has approximately one detective to every 10,000 citizens with 21 detectives. Crimes are triaged and only cases with the most suspect information is assigned to detectives. Enable Investigations Division to investigate crimes with workable leads rather than triaging cases and only assigning cases with the most suspect information. Further enhance safety in our neighborhoods by creating a team of detectives to work human trafficking, sex registrants and vice related investigations. **INVEST $1.8M for 12 detectives, 1 community service officer and 2 police sergeants**

d. **Enhance Area Commands** - Area commanders for the police department work as both a watch commander as well as the area commander. Due to duties that running operations as a watch commander as well as numerous other ancillary assignments, the area commanders are not able to spend the time necessary to fully incorporate and optimize our area command concept. Investing in four additional lieutenants would allow for a full time Area Commander for each command in the city, further building accountability and ensuring the mission of the great safe neighborhoods is carried out in an optimal manner. **INVEST - $550K for 4 police lieutenant / area commanders**

e. **Enhance Fire Inspection Service** – Fire Inspectors ensure a safe community by providing fire inspections, plan check and approvals on new buildings and businesses and provide fire and life safety education to our citizens. The number building fires have increased by 35% since 2010. Many of these fires are in vacant buildings and houses. Adding two fire inspectors would allow us to be more proactive in preventing these fires through working with NPU and PD to eradicate vacant and blighted buildings. The new positions would also dedicate time to Emergency Preparedness which is a position that is not currently filled. **Invest- $215 k for 2 fire inspectors**

Performance – Call Volume

Response Statistics	2010	2011	2012	2013	2014
Fire	1,035	1,024	1,172	1,183	1,247
Structure Fire	181	211	180	261	248
Medical Aid	18,180	18,498	20,597	21,854	22,193
HazMat	333	389	409	459	379
Total Incidents	**20,288**	**20,658**	**22,476**	**23,353**	**23,739**

Call Type	% Increase from 2010
Fire	27%
Structure Fire	36%
Medical Aid	22%
HazMat	14%
Total	**22%**

f. **Increase Blight Abatement** and proactive code enforcement – **Invest $200k**

g. **Explore new ordinances** to enhance enforcement and compliance tools – **Invest $100k for legal service**

2. **Ensure the effective use and efficient deployment of public safety resources** based on local need and increase public safety coordination and communication among all city departments

   a. **Create interdepartmental teams** who work with police divisions to provide support for neighborhood residents to reduce crime and improve the health and safety within our neighborhoods (shift of existing resources).

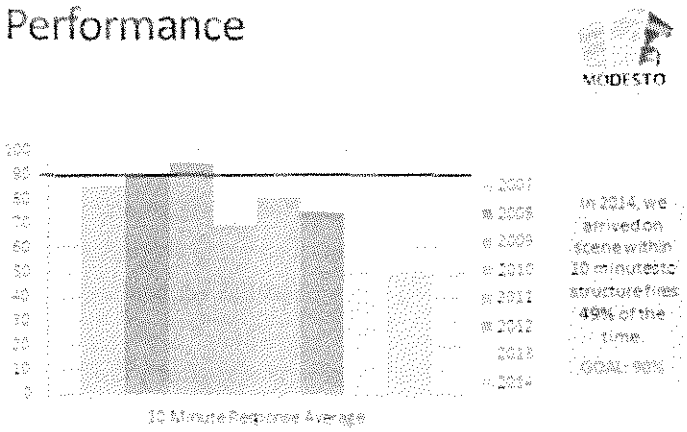
   b. **Expand traffic enforcement** as part of neighborhood safety efforts – Traffic and School safety are key components of safe neighborhoods. Currently four traffic officers and one sergeant are responsible for traffic enforcement citywide, investigating traffic fatalities, driving under the Influence enforcement and Office of Traffic Safety Grant programs. Traffic fatalities have risen in each of the past two years, Modesto has been ranked high 13 out of 56 in cities 100,000 to 250,000 population for traffic accidents and fatalities with 1,333 citizens injured or killed in 2012. The numbers for accident rates after 9pm in Modesto go up to 5 out of 56. In addition the rate of driving under the influence arrests rank 46 out of 56. Traffic officers are also used around schools and school zones to ensure safe passage of children to school. **INVEST $1.4M for 12 traffic officers**

   c. **Establish Permanent Funding for Fire Station 6** - Currently Fire Station 6 is funded through one time funds from the MRFA dissolution. Our 11 fire stations are strategically located in neighborhoods throughout the city. Emergency calls continue to increase at

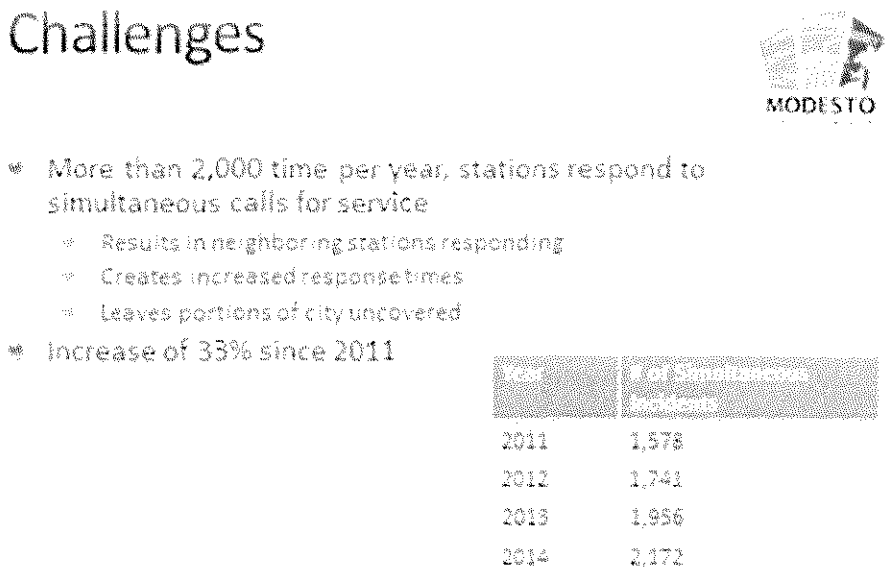
alarming rates while at the same time staffing and fire department resources have been reduced. Further reductions will increase response times and place added stress on fire companies that are already extremely busy. **Invest $1.6M annually**

d. **Re-Staff an additional ladder truck** - An effective force is defined as the minimum number of fire apparatus and personnel on scene of a fire to effectively contain and extinguish the fire. An efficient effective force is essential to provide safe neighborhoods and decrease life loss and property damage. The Modesto Fire Department has seen a dramatic reduction on the ability to place an effective force on scene of a fire within 10 minutes of dispatch. The closure of Truck 5 due to budget cuts has had a direct result on the ability to meet the effective response. Currently, the MFD meets the effective response within 10 minutes of dispatch only 49% of the time. Re-establishing a ladder truck will improve the number of times the fire department provides the effective force within 10 minutes. An additional ladder truck also increases department rescue capabilities, auto extrication, system reliability, and safety for the firefighters and citizens of Modesto. **Invest $1.8M**

e. **Re-Establish the Battalion 2 position** (3 Battalion Chiefs). The fire department operates one shift Battalion Chief per day, as an operational platform. Under the Current platform, the Battalion Chief is responsible for supervising 11 Captains and 5 Relief Engineers each day. The span of control for the Battalion Chief is 16 to 1, well above the standard 3-7 to 1. In addition to the supervision of employees, the shift Battalion Chief is responsible for the command and control of emergency incidents city wide. Due to the heavy call volume and distance of travel, the availability of the shift Battalion Chief for emergencies, is strained. The lack availability is a factor in the declining ability of the fire department to provide an effective force to fires within ten minutes. An additional shift Battalion Chief will provide an increase in leadership, mentorship, system reliability, improve response times and safety for the firefighters and citizens and bring the span of control to a manageable level of 8-1. **Invest $720K for 3 Battalion Chiefs**



f. **Implement Alternate Response Vehicle Program (ARV)** – Two person medical squads, staffed with a paramedic and an EMT, responds to medical and public service calls. These units would be a smaller vehicle, pickup, SUV or ambulance and would keep the fire engines and trucks available for more serious emergencies. Units could also be "peak staffed" meaning they could be utilized in a 10 hour, 12 hour or traditional 24 hour status. These units could also align us for future revenue through public/private partnerships with the private ambulance companies. **INVEST 715k – $1.1M per ARV unit**



3. **Grow neighborhood leadership** and capacity and identify self-help strategies to strengthen neighborhoods

   a. **Implement the Great Neighbors Building Great Neighborhoods Strategy**. The City of Modesto has a rich proud history of civic engagement. Citizens are actively engaged in their neighborhoods, churches and schools. Community based problem solving can be found throughout the City with citizens partnering with the City of Modesto to abate tagging, rebuild infrastructure and to organize community needs. This great work allows for leveraging of resources and maximizing opportunities

   b. **Neighborhood watch is an important program for our Neighborhoods**. The City of Modesto currently has over 300 neighborhood watch groups that are assisted by two Community Service Officers. In order to reach our goal of safe neighborhoods, it is important to have staff available for each area command to focus on outreach, crime-free multi-housing, business watch and capacity building in our neighborhoods. **INVEST 180K for three community service officers in Crime Prevention / Safe Neighborhoods.**

c. **Expand outreach with neighborhoods (PRNS) – INVEST $150k**
    - To be used to strengthen joined efforts through Modesto Neighborhoods Inc. through collateral materials, support and Neighborhood Projects

4. **Support positive youth activities** and engagement and increase public awareness of city-provided services and partnership opportunities

    a. **Expand and enhance Gang prevention**, intervention and suppression efforts through interagency partnerships and collaboration with the community.

    b. **Expand and create youth programs** that provide alternatives to gang participation.

        - Due to staffing reductions over the past several years, the Street Gang Unit has been reduced to one team. In order to ensure our neighborhoods are safe, the police department needs the resources to prevent gang activity through enforcement. The young people in our city need alternatives to becoming involved in gangs. One strategy is the use of School Liaison Officers, whose mission would be outreach and leadership building as well as gang resistance training in our schools. These officers would focus efforts on early intervention in elementary / junior high schools. They would also focus on leadership development and training through programming with our local high schools in association with the school districts and student unions.
          INVEST $1.5M for eight police officers

        - **Creation of Neighborhood Coordinator Position 2**. FTE (Recreation Coordinator) Upgrade Current Recreation Six Coordinators from .75-1.0 FTE-Increases Hours at Neighborhood Youth Centers, Modesto Senior Center and Programs. **INVEST Approx. $265K** - This will be offset somewhat by increased program revenue. Total of **2 Coordinators** will focus on Neighborhood Development, Partnerships and Volunteerism.

        - **Invest $200,000 for youth programing.** An ounce of prevention is worth a pound of cure. Budget reductions in municipalities and in our schools have reduced programing available to young people. There is particular need for summer programs, teen programs and programs that engage youth in civic matters.

5. **Create additional strategic objective on implementing best practices (homeless; graffiti)**

    a. Initiative anti-tagging "Tag We're On It" – **Invest $300k**

    b. Participate in "Focus on Prevention" homeless collaborative – October 1, 2015

Print

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-220

A RESOLUTION OF THE MODESTO CITY COUNCIL DIRECTING THE CITY CLERK TO SUBMIT TO THE QUALIFIED VOTERS OF THE CITY OF MODESTO AT THE NEXT REGULAR MUNICIPAL ELECTION A CERTAIN MEASURE RELATING TO A PROPOSED ORDINANCE IMPOSING A ½ PERCENT TRANSACTIONS AND USE (SALES) TAX FOR GENERAL FUND PURPOSES

WHEREAS, the City Council of the City of Modesto desires to restore critical City services and to implement its Safer Neighborhoods Initiative, aimed at restoring funding to critical city services, reducing crime, restoring public safety funding, maintaining a safe and inviting community, improving quality of life, and increasing neighborhood collaboration; and

WHEREAS, when compared to similar cities, Modesto is approximately 60 percent below its average for property tax revenue and 29 percent below average for sales tax per capita; and

WHEREAS, Modesto's sales tax rate of 7.625 percent is in the 16th lowest percentile statewide and most Central Valley cities have sales tax rates from 0.5 percent to 1.375 percent higher than Modesto's; and

WHEREAS, a ½ percent general sales tax would help restore critical City services cut as a result of the recession, particularly police and fire services, which account for the majority of General Fund expenditures; and

WHEREAS, it is the City Council's intention to use the tax proceeds to restore critical City services, and not to finance salary and benefit increases for current personnel; and

WHEREAS, if the City, for any reason, does not spend all the budgeted funds from this tax on the Safer Neighborhoods Initiative during a given fiscal year, it would intend to carry over the funds in the general fund and spend those funds on one-time Safer Neighborhoods Initiative capital priorities; and

WHEREAS, out of California's 25 most populous cities, Modesto ranks fourth highest in violent crimes committed and second highest in property crimes committed; and

WHEREAS, since the economic recession started in 2008, the Modesto Police Department has reduced the number of sworn officers from 287 to 219, and due to this reduction the Department has the highest per-employee workload among the State's 25 most populous cities; and

WHEREAS, the reduction in sworn officers included: the elimination of a unit dedicated to neighborhood nuisance properties, the elimination of all school resource officers, the elimination of focused DUI enforcement, the elimination of participation in the regional auto theft task force, a reduction of gang suppression unit officers from 16 to 8 officers, a reduction of traffic unit officers from 8 to 4 officers, a reduction of detectives from 32 to 21 detectives, and a reduction in community service officers from 38 to 20 officers; and

WHEREAS, a ½ percent general sales tax would enable the City to spend more general fund revenues on restoring critical staffing positions to the Police Department and allow for more officers patrolling neighborhoods, more collaboration with residents, increased responsiveness to complaints, more officers dedicated to crime prevention and

gang suppression, restoration of detectives to respond to crimes, and restoration of code enforcement in blighted areas; and

WHEREAS, since the economic recession started in 2008, the Modesto Fire Department has reduced personnel and apparatus resources by about 25 percent, yet experienced a 22 percent increase in emergency incidents requiring a response since 2010, of which 35 percent are structure fires; and

WHEREAS, this has resulted in a decrease in Fire Department response times to a level that is far below industry standards, as the department arrives within 10 minutes to 50 percent of calls, but the industry standard is to arrive within 10 minutes to 90 percent of calls; and

WHEREAS, a ½ percent general sales tax would enable the City to spend more general fund revenues on restoring critical personnel and apparatus to the Fire Department and as a result: increase response times to calls, prevent more structure fires, improve fire and ambulance services generally in the community, and prevent the closure of one or more fire stations; and

WHEREAS, the City Council would have the authority to spend the tax proceeds consistent with current budget priorities, which include spending 72 percent of general fund revenues on police and fire services; and

WHEREAS, the City of Modesto is committed to fiscal prudence, responsibility, and self-reliance; and

WHEREAS, pursuant to Elections Code Section 9222, the City Council may submit to the qualified voters of the City a proposition without a petition therefore, by ordinance or resolution; and

WHEREAS, the City Council desires to submit to the qualified voters of the City a measure asking whether to amend the Modesto Municipal Code to enact a ½ percent (0.5%) transactions and use ("sales") tax as described above. The measure requires the tax to sunset in 8 years or sooner if the City's annual general fund revenues reach levels from the 2006-2007 fiscal year, calls for annual audits related to the tax, and requires a citizen oversight board to oversee expenditures from the tax proceeds and report to the City Council regarding the same; and

WHEREAS, the City Council, pursuant to Resolution 2015-60, called for a general municipal election to be held on and consolidated with the November 3, 2015 general election and for the Stanislaus County Elections Department to conduct such election on behalf of the City of Modesto and therefore the Council now desires to include this measure on the ballot at said election.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. Pursuant to California Elections Code section 9222, Revenue and Tax Code section 9285.9, and Section 2(b) of California Constitution Article XIIIC, the City Council of the City of Modesto proposes to and does hereby, by its own motion, submit to the qualified voters of the City of Modesto, a measure to amend the Modesto Municipal Code via ordinance, as set forth in **Attachment** A to this Resolution. The ordinance shall not take effect unless approved by a simple majority of voters voting on the measure at the November 3, 2015 election. The ordinance specifies that the rate of the transactions tax shall be one-half of one percent (0.5%) of the gross receipts of any retailer from the sale of all tangible personal property sold at retail in the City; it specifies

that the rate of the use tax shall be one-half of one percent (0.5%) of the sales price of tangible personal property stored, used or otherwise consumed in the City, and that the tax shall be in effect for eight (8) years. The State Board of Equalization shall collect the tax from retailers subject to the tax and remit the funds to the City.

SECTION 2. In the sample ballot/voter information pamphlet for the November 3, 2015 election shall be printed the full text of the ordinance, which is **attached** as **Exhibit** A, and included herein by reference.

SECTION 3. On the ballot to be used at said election, in addition to any other matter required by law to be printed thereon, shall be printed the following question:

MEASURE ___

Safer Neighborhoods Initiative To implement the Safer Neighborhoods Initiative by restoring police patrols, crime prevention, gang suppression and youth development efforts; removing tagging; reducing nuisance properties; strengthening fire/emergency services; increasing neighborhood collaboration; and to maintain other general city services, shall the City of Modesto enact a ½ percent general sales tax that cannot be taken by the State, expires in 8 years, and requires audits, citizen oversight board reports, and all funds be spent in Modesto?	Yes No	☐ ☐

SECTION 4. The City Council hereby orders the City Clerk to submit said measure to the voters at the General Election on November 3, 2015.

SECTION 5. Pursuant to Elections Code section 12101 et seq., the City Clerk of the City of Modesto is hereby authorized to prepare all required notices related to the ballot measure and to publish such notices as required by law in *The Modesto Bee*, the

official newspaper of said City and a newspaper of general circulation printed and published in said City.

SECTION 6. The Stanislaus County Elections Department is hereby authorized to canvass the returns of the Regular Municipal Election.

SECTION 7. The City Clerk is hereby directed to file a certified copy of this resolution with the Board of Supervisors and the Elections Department of the County of Stanislaus, and the City Clerk shall certify to the passage and adoption of this resolution and enter it into the book of original resolutions. The Board of Supervisors is hereby requested to consolidated the election on the measures with the November 3, 2015 election.

SECTION 8. The approval of this Resolution is exempt from the California Environmental Quality Act (Public Resources Code §§ 21000 et seq., "CEQA," and 14 Cal. Code Reg. §§ 15000 et seq., "CEQA Guidelines"). The transactions and use tax to be submitted to the voters is a general tax that can be used for any legitimate governmental purpose; it is not a commitment to any particular action. As such, under CEQA Guidelines section 15378(b)(4), the tax is not a project within the meaning of CEQA because it creates a government funding mechanism that does not involve any commitment to any specific project that may result in a potentially significant physical impact on the environment. If revenue from the tax were used for a purpose that would have either such effect, the city would undertake the required CEQA review for that particular project. Therefore, under CEQA Guidelines section 15060 review under CEQA is not required.

SECTION 9. This Resolution must be approved by a two-thirds (2/3) vote of all members of the City Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of June, 2015, by Councilmember Gunderson, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Madrigal, Mayor Marsh
NOES:	Councilmembers:	Lopez, Zoslocki
ABSENT:	Councilmembers:	None

Attachment "A"

ORDINANCE NO._____-C.S.

AN ORDINANCE ADDING ARTICLE 11 TO CHAPTER 2 OF TITLE 8 OF THE MODESTO MUNICIPAL CODE RELATING TO TRANSACTIONS AND USE TAX

The People and the City Council of the City of Modesto do ordain as follows:

WHEREAS, the People and the City Council of the City of Modesto desire to restore critical City services and to implement its Safer Neighborhoods Initiative, aimed at reducing crime, restoring public safety funding, maintaining a safe and inviting community, improving quality of life, and increasing neighborhood collaboration; and

WHEREAS, when compared to similar cities, Modesto is approximately 60 percent below average for property tax revenue and 29 percent below average for sales tax per capita; and

WHEREAS, Modesto's sales tax rate of 7.625 percent is in the 16th lowest percentile statewide and most Central Valley cities have sales tax rates from 0.5 percent to 1.375 percent higher than Modesto's; and

WHEREAS, a one-half of one percent (0.5%) general sales tax would help restore critical City services, particularly police and fire services, which account for the majority of General Fund expenditures; and

WHEREAS, since the economic recession started in 2008, the Modesto Police Department has reduced the number of sworn officers from 287 to 219, and due to this

reduction the City has the highest per-employee workloads among the State's 25 most populous cities; and

WHEREAS, the reductions in sworn officers includes: the elimination of a unit dedicated to neighborhood nuisance properties, the elimination of all school resource officers, the elimination of focused DUI enforcement, the elimination of participation in the regional auto theft task force, the reduction of gang suppression unit officers from 16 to 8 officers, the reduction of traffic unit officers from 8 to 4 officers, the reduction of detectives from 32 to 21 detectives and the reduction in community service officers from 38 to 20 officers; and

WHEREAS, a ½ percent (0.5%) general sales tax would enable the City to focus general fund revenues on restoring critical staffing positions to the Police Department and allow for more officers patrolling neighborhoods, more collaboration with residents, increased responsiveness to complaints, more officers dedicated to crime prevention and gang suppression, restoration of detectives to respond to crimes, and restoration of code enforcement in blighted areas; and

WHEREAS, since the economic recession started in 2008, the Modesto Fire Department has reduced personnel and apparatus resources by about 25 percent, yet experienced a 22 percent increase in emergency incidents requiring a response since 2010 including a 35 percent increase in structure fires; and

WHEREAS, this has resulted in a decrease in Fire Department response times to a level that is far below industry standards, as the department arrives with full alarm response

within 10 minutes to 50 percent of structure fire calls, but the industry standard is to arrive within 10 minutes to 90 percent of calls; and

WHEREAS, a ½ percent (0.5%) general sales tax would enable the City to focus general fund revenues on restoring critical personnel and apparatus to the Fire Department and as a result: improve response times to calls, prevent more structure fires, improve fire and emergency services generally in the community, and prevent the closure of one or more fire stations; and

WHEREAS, the City of Modesto is committed to long term fiscal prudence, responsibility, innovation and self-reliance, and has created a strategic plan that was adopted by the City Council, which Plan focuses resources on critical priorities. The "Safer Neighborhoods Initiative" adopted by City Council Resolution ____ implements important components of the strategic plan; and

WHEREAS, if this sales tax is not approved, the City would be unable to implement the Safer Neighborhoods Initiative; and

WHEREAS, this Ordinance requires for the tax to be temporary and to sunset in 8 years or sooner if the City's annual general fund revenues reach levels from the 2006-2007 fiscal year, calls for annual audits related to the tax, and requires a citizen oversight board to oversee expenditures from the tax proceeds and report to the City Council regarding the same.

SECTION 1. INCORPORATION OF RECITALS. The City Council and the People of Modesto find that all the Recitals are true and correct and are incorporated herein by reference.

SECTION 2. AMENDMENT OF MUNICIPAL CODE. Article 11 is hereby added to Chapter 2 of Title 8 of the Modesto Municipal Code to read as follows:

ARTICLE 11. TRANSACTIONS AND USE TAX.

8-2.1101- Title.

This Ordinance shall be known as the Modesto Transactions and Use Tax Ordinance. This Ordinance shall be applicable in the incorporated territory of the City (hereinafter "City.")

8-2.1102 - Operative Date.

"Operative Date" means the first day of the first calendar quarter commencing more than 110 days after the adoption of this Ordinance, the date of such adoption being as set forth below.

8-2.1103 - Purpose.

This Ordinance is adopted to achieve the following, among other purposes, and directs that the provisions hereof be interpreted in order to accomplish those purposes:

A. To impose a retail transactions and use tax in accordance with the provisions of Part 1.6 (commencing with Section 7251) of Division 2 of the Revenue and Taxation Code and Section 7285.9 of Part 1.7 of Division 2 which authorizes the City to adopt this tax ordinance which shall be operative if a majority of the electors voting on the

measure vote to approve the imposition of the tax at an election called for that purpose.

B. To adopt a retail transactions and use tax ordinance that incorporates provisions identical to those of the Sales and Use Tax Law of the State of California insofar as those provisions are not inconsistent with the requirements and limitations contained in Part 1.6 of Division 2 of the Revenue and Taxation Code.

C. To adopt a retail transactions and use tax ordinance that imposes a tax and provides a measure therefore that can be administered and collected by the State Board of Equalization in a manner that adapts itself as fully as practicable to, and requires the least possible deviation from, the existing statutory and administrative procedures followed by the State Board of Equalization in administering and collecting the California State Sales and Use Taxes.

D. To adopt a retail transactions and use tax ordinance that can be administered in a manner that will be, to the greatest degree possible, consistent with the provisions of Part 1.6 of Division 2 of the Revenue and Taxation Code, minimize the cost of collecting the transactions and use taxes, and at the same time, minimize the burden of record keeping upon persons subject to taxation under the provisions of this Ordinance.

8-2.1104 - Contract With State.

Prior to the operative date, the City shall contract with the State Board of Equalization to perform all functions incident to the administration and operation of this

transactions and use tax ordinance; provided, that if the City shall not have contracted with the State Board of Equalization prior to the operative date, it shall nevertheless so contract and in such a case the operative date shall be the first day of the first calendar quarter following the execution of such a contract.

8-2.1105 - Transactions Tax Rate.

For the privilege of selling tangible personal property at retail, a tax is hereby imposed upon all retailers in the incorporated territory of the City at the rate of one-half of one percent (0.5%) on the sale of all tangible personal property sold at retail in said territory on and after the operative date of this Ordinance.

8-2.1106 - Place of Sale.

For the purposes of this Ordinance, all retail sales are consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or his agent to an out-of-state destination or to a common carrier for delivery to an out-of-state destination. The gross receipts from such sales shall include delivery charges, when such charges are subject to the state sales and use tax, regardless of the place to which delivery is made. In the event a retailer has no permanent place of business in the State or has more than one place of business, the place or places at which the retail sales are consummated shall be determined under rules and regulations to be prescribed and adopted by the State Board of Equalization.

8-2.1107 - Use Tax Rate.

An excise tax is hereby imposed on the storage, use or other consumption in the City of tangible personal property purchased from any retailer on and after the operative date of this Ordinance for storage, use or other consumption in said territory at the rate of one-half of one percent (0.5%) of the sales price of the property. The sales price shall include delivery charges when such charges are subject to state sales or use tax regardless of the place to which delivery is made.

8-2.1108 - Adoption of Provisions of State Law.

Except as otherwise provided in this Ordinance and except insofar as they are inconsistent with the provisions of Part 1.6 of Division 2 of the Revenue and Taxation Code, all of the provisions of Part 1 (commencing with Section 6001) of Division 2 of the Revenue and Taxation Code are hereby adopted and made a part of this Ordinance as though fully set forth herein.

8-2.1109 - Limitations on Adoption of State Law and Collection of Use Taxes.

In adopting the provisions of Part 1 of Division 2 of the Revenue and Taxation Code:

A. Wherever the State of California is named or referred to as the taxing agency, the name of this City shall be substituted therefor. However, the substitution shall not be made when:

1. The word "State" is used as a part of the title of the State Controller, State Treasurer, State Board of Control, State Board of Equalization, State Treasury, or the Constitution of the State of California;

2. The result of that substitution would require action to be taken by or against this City or any agency, officer, or employee thereof rather than by or against the State Board of Equalization, in performing the functions incident to the administration or operation of this Ordinance;

3. In those sections, including, but not necessarily limited to sections referring to the exterior boundaries of the State of California, where the result of the substitution would be to:

    a. Provide an exemption from this tax with respect to certain sales, storage, use or other consumption of tangible personal property which would not otherwise be exempt from this tax while such sales, storage, use or other consumption remain subject to tax by the State under the provisions of Part 1 of Division 2 of the Revenue and Taxation Code, or;

    b. Impose this tax with respect to certain sales, storage, use or other consumption of tangible personal property which would not be subject to tax by the state under the said provision of that code.

4. In Sections 6701, 6702 (except in the last sentence thereof), 6711, 6715, 6737, 6797 or 6828 of the Revenue and Taxation Code.

B. The word "City" shall be substituted for the word "State" in the phrase "retailer engaged in business in this State" in Section 6203 and in the definition of that phrase in Section 6203.

8-2.1110 - Permit Not Required.

If a seller's permit has been issued to a retailer under Section 6067 of the Revenue and Taxation Code, an additional transactor's permit shall not be required by this Ordinance.

8-2.1111 - Exemptions and Exclusions.

A. There shall be excluded from the measure of the transactions tax and the use tax the amount of any sales tax or use tax imposed by the State of California or by any city, city and county, or county pursuant to the Bradley-Burns Uniform Local Sales and Use Tax Law or the amount of any state-administered transactions or use tax.

B. There are exempted from the computation of the amount of transactions tax the gross receipts from:

1. Sales of tangible personal property, other than fuel or petroleum products, to operators of aircraft to be used or consumed principally outside the county in which the sale is made and directly and exclusively in the use of such aircraft as common carriers of persons or property under the authority of the laws of this State, the United States, or any foreign government.

2. Sales of property to be used outside the City which is shipped to a point outside the City, pursuant to the contract of sale, by delivery to such point by the retailer or his agent, or by delivery by the retailer to a carrier for shipment to a consignee at such point. For the purposes of this paragraph, delivery to a point outside the City shall be satisfied:

a. With respect to vehicles (other than commercial vehicles) subject to registration pursuant to Chapter 1 (commencing with Section 4000) of Division 3 of the Vehicle Code, aircraft licensed in compliance with Section 21411 of the Public Utilities Code, and undocumented vessels registered under Division 3.5 (commencing with Section 9840) of the Vehicle Code by registration to an out-of-City address and by a declaration under penalty of perjury, signed by the buyer, stating that such address is, in fact, his or her principal place of residence; and

b. With respect to commercial vehicles, by registration to a place of business out-of-City and declaration under penalty of perjury, signed by the buyer, that the vehicle will be operated from that address.

3. The sale of tangible personal property if the seller is obligated to furnish the property for a fixed price pursuant to a contract entered into prior to the operative date of this Ordinance.

4. A lease of tangible personal property which is a continuing sale of such property, for any period of time for which the lessor is obligated to lease the

property for an amount fixed by the lease prior to the operative date of this Ordinance.

5. For the purposes of subparagraphs (3) and (4) of this section, the sale or lease of tangible personal property shall be deemed not to be obligated pursuant to a contract or lease for any period of time for which any party to the contract or lease has the unconditional right to terminate the contract or lease upon notice, whether or not such right is exercised.

C. There are exempted from the use tax imposed by this Ordinance, the storage, use or other consumption in this City of tangible personal property:

1. The gross receipts from the sale of which have been subject to a transactions tax under any state administered transactions and use tax ordinance.

2. Other than fuel or petroleum products purchased by operators of aircraft and used or consumed by such operators directly and exclusively in the use of such aircraft as common carriers of persons or property for hire or compensation under a certificate of public convenience and necessity issued pursuant to the laws of this State, the United States, or any foreign government. This exemption is in addition to the exemptions provided in Sections 6366 and 6366.1 of the Revenue and Taxation Code of the State of California.

3. If the purchaser is obligated to purchase the property for a fixed price pursuant to a contract entered into prior to the operative date of this Ordinance.

4. If the possession of, or the exercise of any right or power over, the tangible personal property arises under a lease which is a continuing purchase of such property for any period of time for which the lessee is obligated to lease the property for an amount fixed by a lease prior to the operative date of this Ordinance.

5. For the purposes of subparagraphs (3) and (4) of this section, storage, use, or other consumption, or possession of, or exercise of any right or power over, tangible personal property shall be deemed not to be obligated pursuant to a contract or lease for any period of time for which any party to the contract or lease has the unconditional right to terminate the contract or lease upon notice, whether or not such right is exercised.

6. Except as provided in subparagraph (7), a retailer engaged in business in the City shall not be required to collect use tax from the purchaser of tangible personal property, unless the retailer ships or delivers the property into the City or participates within the City in making the sale of the property, including, but not limited to, soliciting or receiving the order, either directly or indirectly, at a place of business of the retailer in the City or through any representative, agent, canvasser, solicitor, subsidiary, or person in the City under the authority of the retailer.

7. "A retailer engaged in business in the City" shall also include any retailer of any of the following: vehicles subject to registration pursuant to Chapter 1 (commencing with Section 4000) of Division 3 of the Vehicle Code, aircraft

licensed in compliance with Section 21411 of the Public Utilities Code, or undocumented vessels registered under Division 3.5 (commencing with Section 9840) of the Vehicle Code. That retailer shall be required to collect use tax from any purchaser who registers or licenses the vehicle, vessel, or aircraft at an address in the City.

D. Any person subject to use tax under this Ordinance may credit against that tax any transactions tax or reimbursement for transactions tax paid to a district imposing, or retailer liable for a transactions tax pursuant to Part 1.6 of Division 2 of the Revenue and Taxation Code with respect to the sale to the person of the property the storage, use or other consumption of which is subject to the use tax.

8-2.1112- Amendments.

All amendments subsequent to the effective date of this Ordinance to Part 1 of Division 2 of the Revenue and Taxation Code relating to sales and use taxes and which are not inconsistent with Part 1.6 and Part 1.7 of Division 2 of the Revenue and Taxation Code, and all amendments to Part 1.6 and Part 1.7 of Division 2 of the Revenue and Taxation Code, shall automatically become a part of this Ordinance, provided however, that no such amendment shall operate so as to affect the rate of tax imposed by this Ordinance.

8-2.1113 - Enjoining Collection Forbidden.

No injunction or writ of mandate or other legal or equitable process shall issue in any suit, action or proceeding in any court against the State or the City, or against any officer of the State or the City, to prevent or enjoin the collection under this Ordinance, or Part 1.6 of

Division 2 of the Revenue and Taxation Code, of any tax or any amount of tax required to be collected.

8-2.1114 - Annual Audit.

Annually the City Council retains an independent auditor to conduct an audit of and provide audited financial statements for all of the City's financial activities. The auditor shall include an accounting of the revenue received from the tax in the audited financial statements. The auditor's report shall be presented to the City Council, be reviewed by the Oversight Board, made available on the City's website and made available to the public.

8-2.1115 – Oversight Board

The City Council shall appoint a nine- to eleven-member Oversight Board by June 30, 2016 to meet publically at least annually and to: review all revenues and expenditures from the tax measure, review annual audit reports related to the tax measure, and make at least one written annual report to the City Council at a public meeting summarizing the Oversight Board's findings and including any appropriate recommendations. The minutes of the Oversight Board's meetings shall be provided to the City Council and placed on the next available regular Council meeting agenda for information purposes. The members shall be representative of a cross-section of the community, possibly including, but not limited to, representatives of: each geographical police division, schools, local trade associations, chambers of commerce, nonprofit organizations, senior citizen groups, non-partisan political organizations (such as the League of Women Voters), neighborhood organizations, and law enforcement and emergency services organizations (including individuals retired from such groups). The Oversight Board shall, upon request, be

provided with detailed information regarding crime statistics, public safety response times, and other available data regarding the performance of the programs funded by this tax measure.

8-2.1116 – Amendments by City Council.

The following amendments to this Ordinance must be approved by the voters of the City: increasing the tax rate or revising the methodology for calculating the tax such that a tax increase would result; imposing the tax on transactions and uses not previously subject to the tax (unless such amendment occurs automatically by operation of Section 8-2.1112); or extending the tax. The City Council may otherwise amend this Chapter without submitting the amendment to the voters for approval.

8-2.1117 - Termination Date.

The authority to levy the tax imposed by this Ordinance shall continue until the earlier of: (i) March 31, 2024; (ii) actual annual general fund revenues reach 2006-2007 levels of $120,369,703.00, as reported in the Comprehensive Annual Financial Report (adjusted for inflation, as measured by the U.S. Bureau of Labor Statistics' national Consumer Price Index for All Urban Consumers; excluding tax proceeds under this Ordinance; and excluding any irregular one-time revenues from State or Federal grants or programs); (iii) this Ordinance is repealed by a majority vote of the voters of the City; or (iv) this Ordinance is repealed or suspended by a majority vote of the City Council. In the event that the City Council repeals or suspends the tax, it may resume collection without voter approval as long as the transactions tax rate and use tax rate are not higher than the

rates set forth in Sections 8-2.1105 and 8-2.1107, respectively, and so long as collection ceases by the sunset date as set forth above.

SECTION 3. ADJUSTMENT OF APPROPRIATIONS LIMIT. Pursuant to Article XIIIB of the Constitution of the State of California and applicable laws, the appropriations limit for the City is hereby increased by the aggregate sum authorized to be levied by this tax for fiscal year 2015-16 and each year thereafter.

SECTION 4. COMPLIANCE WITH THE CALIFORNIA ENVIRONMENTAL QUALITY ACT. The approval of this Ordinance is exempt from the California Environmental Quality Act (Public Resources Code §§ 21000 et seq., "CEQA," and 14 Cal. Code Reg. §§ 15000 et seq., "CEQA Guidelines"). This Ordinance imposes a general tax that can be used for any legitimate governmental purpose; it is not a commitment to any particular action. As such, under CEQA Guidelines section 15378(b)(4), the ordinance is not a project within the meaning of CEQA because it creates a government funding mechanism that does not involve any commitment to any specific project that may result in a potentially significant physical impact on the environment. If revenue from the tax were used for a purpose that would have either such effect, the city would undertake the required CEQA review for that particular project. Therefore, pursuant to CEQA Guidelines section 15060, CEQA analysis is not required.

SECTION 5. SEVERABILITY. If any provision of this Ordinance or the application thereof to any person or circumstance is held invalid, the remainder of the ordinance and the application of such provision to other persons or circumstances shall not be affected thereby.

SECTION 6. EFFECTIVE DATE. This Ordinance relates to the levying and collecting of the City transactions and use taxes and shall take effect immediately upon applicable voter approval.

The foregoing Ordinance was adopted by City Council of the City of Modesto, subject to voter approval, on _____, 2015 by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-221

A RESOLUTION OF THE MODESTO CITY COUNCIL DIRECTING THE CITY CLERK TO TRANSMIT A COPY OF THE BALLOT MEASURE ENTITLED "SAFER NEIGHBORHOODS INITIATIVE" TO THE CITY ATTORNEY FOR THE PURPOSE OF PREPARING AN IMPARTIAL ANALYSIS OF SAID MEASURE

WHEREAS, the Modesto City Council had directed the City Clerk to submit to the voters at the next regular municipal election to be held on November 3, 2015, a ballot measure requesting the enactment of a one-half of one percent (0.5%) general sales tax entitled "Safer Neighborhoods Initiative."

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Modesto that the City Clerk of the City of Modesto is hereby directed pursuant to California Elections Code Section 9280 to transmit a copy of said measure to the City Attorney, who is hereby directed to prepare an impartial analysis of the measure showing the effect of the measure on existing law and the operation of the measure.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of June, 2015, by Councilmember Gunderson, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-222

A RESOLUTION OF THE MODESTO CITY COUNCIL AUTHORIZING THE MEMBERS OF THE CITY COUNCIL, OR ANY OF THEM, TO FILE WRITTEN ARGUMENTS IN FAVOR OF OR IN OPPOSITION TO THE BALLOT MEASURE ENTITLED "SAFER NEIGHBORHOODS INITIATIVE"

WHEREAS, the Modesto City Council had directed the City Clerk to submit to the voters at the next regular municipal election to be held on November 3, 2015, a ballot measure requesting the enactment of a one-half of one percent (0.5%) general sales tax entitled "Safer Neighborhoods Initiative."

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Modesto that the City Clerk of the City of Modesto is hereby directed pursuant to California Elections Code Section 9282 and 9827, [the Mayor] is hereby authorized to prepare and file written arguments in favor of the proposed measure, not to exceed 300 words each, on behalf of the City Council. At the Mayor's discretion, the argument may be signed by up to five representatives of bona fide associations or individual voters who are eligible to vote. In the event that an argument is filed against the measure, [the Mayor] is also authorized to prepare and file a rebuttal argument on behalf of the City Council, which may be signed up to five representatives of bona fide associations or individual voters who are eligible to vote.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of June, 2015, by Councilmember Gunderson, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-223

A RESOLUTION AT THE REQUEST OF THE MODESTO BOARD OF EDUCATION THAT AN AMENDMENT TO THE CHARTER BE PLACED ON THE BALLOT FOR THE NEXT REGULAR MUNICIPAL ELECTION TO BE HELD ON TUESDAY, NOVEMBER 3, 2015, FOR THE PURPOSE OF SUBMITTING TO THE ELECTORS OF THE MODESTO BOARD OF EDUCATION A PROPOSAL TO AMEND SECTION 1500 OF THE CHARTER RELATING TO THE METHOD OF ELECTION FOR THE BOARD OF EDUCATION

WHEREAS, Article XV, Section 1500 of the Charter of the City of Modesto ("Charter") vests the control, management and administration of the Modesto City School District of Stanislaus County and the Modesto High School District of Stanislaus County, jointly referred to as "Modesto City Schools" or "the District," in the Modesto Board of Education ("the Board of Education"); and

WHEREAS, Section 1500 the Charter requires that all seven (7) members of the Board of Education be elected at large from the territory within the District's boundaries. The District's boundaries encompass the City of Modesto and other surrounding territory; and

WHEREAS, an at large election system may be challenged as violating the California Voting Rights Act if it impairs the ability of a protected class to elect preferred candidates or influence the outcome of elections; and

WHEREAS, the method of election for a board of education is only subject to the jurisdiction of a city when it is set by city charter; if not established by a city charter, the method of election is governed by California Education Code Section 5019 et seq. and may be changed by the local board of education or voters petitioning the County

Committee on School District Organization subject to either voter approval or granting a waiver of the voter approval requirement by the State Board of Education; and

WHEREAS, the City of Modesto does not desire to restrict the authority of the Board of Education to determine the method of election of its members pursuant to the California Education Code; and

WHEREAS, on June 22, 2015, the Modesto Board of Education adopted a resolution requesting that the City, on its own motion, submit to voters a proposal to amend the Charter to eliminate the requirement that Board elections be at large, and allow the Board determine its election system in accordance with the California Education Code on the November 2015 ballot; and

WHEREAS, Article XI, Section 3 of the California Constitution and Government Code Section 34458 provide that the governing body of a city, on its own motion, may submit a proposal to amend its charter to voters; and

WHEREAS, Article IX, Section 16 (b) of the California Constitution establishes that city charter amendments changing the manner in which members of boards of education are elected must be submitted to and approved by a majority of all of the qualified electors of the school district, not just the qualified electors of the City; and

WHEREAS, pursuant to Elections Code Section 1415(a)(2), the City, on its own motion, may submit to voters a proposal to amend the Charter to comply with federal or state voting rights laws at the next regularly scheduled municipal election; and

WHEREAS, while Section 1604 of the Charter requires the City to review the Charter at least every ten (10) years, and while the City has established a charter review committee to assist it with such review, the City is authorized by Article XI, Section 3 of

the California Constitution and Government Code Section 34458 to amend the Charter without convening a charter review committee; and

WHEREAS, if approved by the voters, this ballot measure would allow the Board of Education to transition from at large elections to trustee area, .i.e., district elections.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. Pursuant to Article XI, Section 3 and Article IX, Section 16 of the California Constitution, California Government Code Section 34458, and California Elections Code Section 1415(a)(2), the City Council of the City of Modesto proposes to and does hereby, by its own motion, submit to the qualified electors of the Modesto City Schools District, a proposal to amend Section 1500 of the Charter of the City of Modesto, at the regular municipal election to be held on November 3, 2015 as set forth below, and hereby designates and refers said proposal to be set forth in the form of a ballot measure as hereinafter prescribed for use at said regular municipal election:

PROPOSED AMENDMENT TO THE CHARTER OF THE CITY OF MODESTO

Regular Municipal Election

November 3, 2015

The Council of the City of Modesto hereby proposes, on its own motion, to amend Section 1500 of the Charter of the City of Modesto as follows:

MEASURE ___

SECTION 1500. - BOARD OF EDUCATION.
The control, management and administration of the public schools of the City of Modesto, and the territory that is now or may hereafter be annexed thereto for school purposes, in accordance with the Constitution and general laws of

the State of California, are hereby vested in a Board of Education. In all matters not specifically provided for in this article, the Board shall be governed by the provisions of the general law relating to such matters and shall be vested with all the powers and charged with all the duties provided by the laws of the State for city boards of education. The Board of Education shall be the governing body of the Modesto City School District of Stanislaus County and the Modesto High School District of Stanislaus County.

The Board of Education shall consist of seven (7) members who may receive compensation pursuant to the applicable provisions of the Education Code of the State of California. ~~The members of the Board of Education shall be elected at large from the territory within the boundaries of the school district or districts which are under the jurisdiction of the Board.~~ The Board of Education shall select a method of election for its members, by resolution, including but not limited to trustee or at large, in accordance with Chapter 1, Part 4, Division 1, Title 1 of the California Education Code, or any succeeding statute. The members of the Board of Education shall hold office for a period of four (4) years from and after the first Tuesday following the Regular Municipal Election at which they are elected and continuing until their successors are elected and have qualified. No person shall be eligible to be nominated for or to hold office as a member of the Board of Education unless the person is and shall have been for at least thirty (30) days preceding the person's nomination or appointment a resident and registered elector of the school district or districts which are under the jurisdiction of the Board of Education.

Note: Any wording stricken would be deleted by this measure. All of the above wording which is shaded would be added by this measure.

SECTION 2. On the ballots to be used at said election, in addition to any other matter required by law to be printed thereon, shall be printed the following question:

MEASURE ___

Shall the Modesto City Charter be amended to allow the Board of Education for Modesto City Schools to change the method of election of the Board of Education in accordance with the California Education Code ?	Yes No	☐ ☐

SECTION 3. The City Council hereby orders the City Clerk to submit the proposed charter amendment to the voters of the Modesto City Schools Board at the next Regular Municipal Election on November 3, 2015.

SECTION 4. Pursuant to Elections Code section 12101 et seq., the City Clerk of the City of Modesto is hereby authorized to prepare all required notices related to the ballot measures and to publish such notices as required by law in *The Modesto Bee*, the official newspaper of said City and a newspaper of general circulation printed and published in said City.

SECTION 5. The Stanislaus County Elections Department is hereby authorized to canvass the returns of the Regular Municipal Election.

SECTION 6. The City Clerk is hereby directed to file a certified copy of this resolution with the Board of Supervisors and the Elections Department of the County of Stanislaus, and the City Clerk shall certify to the passage and adoption of this resolution and enter it into the book of original resolutions.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of June, 2015, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-224

A RESOLUTION AUTHORIZING THE CITY MANAGER TO ASSIGN THE DUTIES AND FUNCTIONS OF THE CONVENTION AND VISITOR'S BUREAU TO THE COMMUNITY AND ECONOMIC DEVELOPMENT DEPARTMENT

WHEREAS, in June 2003, the City of Modesto entered into an Agreement with the Modesto Convention and Visitor's Bureau, Inc. (CVB) to promote and market Modesto for meetings, conventions, tour groups, and visitor activities, and

WHEREAS, in June 2010, the City Council adopted Resolution No. 2010-285 extending the contract to June 30, 2015, and

WHEREAS, since the economic downturn, staff has taken a close look at all functions and services the City provides in order to create efficiencies and maximize production and delivery, and

WHEREAS, one of the hardest hit areas is how the City coordinates and delivers services related to the marketing and promotion of Modesto, and

WHEREAS, the Modesto Center Plaza, John Thurman Field, and the City's three golf courses are all operated, managed, and marketed independently, and

WHEREAS, in an effort to grow each of these venues to their maximum potential and use, staff recommends they be consolidated under one program, "Destination Modesto" and managed by the Director of Community and Economic Development to provide stability, consistency, and oversight that will allow them to thrive fiscally, and programmatically, and

WHEREAS, the first step in the development of Destination Modesto is to absorb the functions of the CVB within the Community and Economic Development Department for a period of one year, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the City Manager, to assign the duties and functions of the Convention and Visitor's Bureau to the Community and Economic Development Department for a period of one year.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of June, 2015, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Lopez, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2015-226

A RESOLUTION AUTHORIZING THE CITY MANAGER TO PREPARE AND PROCEED WITH AN RFP FOR PROFESSIONAL SERVICES TO RECOMMEND AND PREPARE A PLAN FOR THE REORGANIZATION OF MARKETING AND PROMOTION OF CONVENTIONS, VISITORS, TOURISM AND SPORTING VENUES

WHEREAS, since the economic downturn, staff is assessing all functions and services the City provides in order to create efficiencies and maximize production and delivery, and

WHEREAS, one of the hardest hit areas is how the City coordinates and delivers services related to the marketing and promotion of Modesto to attract conventions, tourism, and visitors to our cultural, historic and sports venues, and

WHEREAS, the Modesto Center Plaza, John Thurman Field and the City's three golf courses are all operated, managed, and marketed independently, and

WHEREAS, each are at critical points in their existence in that their dependence on the general fund continues, and in several cases is growing, and

WHEREAS, in an effort to grow each of these venues to their maximum potential and use, staff recommends they be consolidated under one program, "Destination Modesto" and managed by the Director of Community and Economic Development to provide stability, consistency, and oversight that will allow them to thrive fiscally, and programmatically, and

WHEREAS, Destination Modesto is a temporary name for a comprehensive and coordinated management and marketing program based on a business model that uses economic growth as the driving performance measure, and

WHERES, Destination Modesto is reliant on partnerships, entrepreneurialism, and includes a regional approach to marketing and capitalizes on "bundling" local assets to maximize resources and results, and

WHEREAS, the City Council has taken the first step in the development of Destination Modesto by absorbing the functions of the CVB within the Community and Economic Development Department for a period of one year, and

WHEREAS, a Request for Proposals is needed to retain professional services to assist in the development and preparation of a plan to promote and market Modesto's convention, visitor, tourism and sports venues, and

WHEREAS, the estimated budget for professional consultant services is $43,971 and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the City Manager, to prepare and proceed with a Request for Proposals for professional services to assist in the development and preparation of a plan to promote and market Modesto's convention, visitor, tourism and sports venues.

RESOLUTION NO. 2015-230

A RESOLUTION ADOPTING THE REVISED ANNUAL INVESTMENT POLICY

WHEREAS, staff has identified the need to update the City's Annual Investment Policy in order to continue to effectively invest funds in accordance with the principles of sound treasury management and applicable laws, and

WHEREAS, the City desires adopting the Annual Investment Policy and the changes made in this revision, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto, that it hereby adopts the Annual Investment Policy, for consideration by this City Council,

BE IT FURTHER RESOLVED that City staff is hereby authorized and directed to proceed with any and all actions deemed necessary or advisable, following the adopted policy guidelines pursuant to this Resolution, in connection with the future investments of funds, for future consideration by this City Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7th day of July, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

City of Modesto Policy CITY COUNCIL POLICY		POLICY NO.: 1.019
SUBJECT: INVESTMENT POLICY		REVISED MAY, 2015

PURPOSE

The purpose of this document is to identify various policies and procedures that enhance opportunities for a prudent and systematic investment policy and to organize and formalize investment-related activities.

SCOPE

The Investment Policy applies to all funds and investment activities of the City except the investment of bond proceeds, which are governed by the appropriate bond documents, and any pension or other post-employment benefit funds held in a trust.

BACKGROUND

Under Section 2-3.401 of the Municipal Code, it is the function of the Finance Department to deposit and invest funds in accordance with sound treasury management. As a charter city, Modesto operates its pooled idle cash investment under the "prudent investor" rule which states that:

> "When investing, reinvesting, purchasing, acquiring, exchanging, selling, or managing public funds, a trustee shall act with the care, skill, prudence, and diligence under the circumstances then prevailing, including, but not limited to, the general economic conditions and the anticipated needs of the agency, that a prudent person acting in a like capacity and familiarity with those matters would use in the conduct of funds of a like character and with like aims, to safeguard the principal and maintain the liquidity needs of the agency."

The City is also governed by Sections 53600 et seq. of the California Government Code. This affords the City a broad spectrum of investment opportunities, so long as the investment is deemed prudent and allowable under current legislation of the State of California and the charter of the City of Modesto.

On an annual basis, the Finance Director/Treasurer will render to the City Council the statement of investment policy. The report will be considered, with any changes, by the City Council at a public meeting.

ETHICS AND CONFLICTS OF INTEREST

Officers and employees involved in the investment process will refrain from personal business activities that could conflict with proper execution of the investment program, or which could impair their ability to make impartial decisions.

INVESTMENT REPORT

The Finance Director/Treasurer shall provide the City Council with a monthly report of investment transactions. In addition, the Finance Director/Treasurer shall render a quarterly report to the City Council, City Manager and the internal auditor within 30 days following the end of the quarter. The report shall contain the following:

1. The type of investment, issuer, purchase date, date of maturity, credit rating, overall portfolio yield based on cost, total par and dollar amount invested on all securities, investments and monies.

2. The weighted average maturity of the portfolio.

3. A description of any funds, investments or programs that are under management of contracted parties, including lending programs. Funds and investments held by contracted parties shall be reported at market value and the source of valuation shall be reported.

4. The market value as of the date of the report, and the source of the valuation.

5. A statement of compliance with the investment policy or manner in which the portfolio is not in compliance.

6. A statement denoting the City's ability to meet its expenditure requirements for the next six months or provide an explanation as to why sufficient money shall, or may, not be available.

INVESTMENT CRITERIA

Public funds are invested in the following manner in order of priority:

1. **Safety of Principal**
   The duty of the Finance Director/Treasurer is to protect, preserve and maintain cash and investments on behalf of the citizens of the community. To guard against loss of principal, only prudent and safe investments will be considered.

2. **Liquidity**
   The receipt of revenues and maturities of investments should be scheduled so that adequate cash will be available to meet disbursements. An adequate portion of the portfolio should be maintained in liquid short-term instruments which can be readily converted to cash if necessary.

3. **Return on Investment**
   The investment portfolio of the City shall be designed with the objective of attaining a market rate of return on its investments consistent with the constraints imposed by its safety objective and cash flow considerations. Return becomes a consideration only after the basic requirements of safety and liquidity have been met.

SAFEKEEPING AND CUSTODY

All security transactions entered into by the City shall be conducted on a delivery-versus payment basis. Securities will be held by third party custodian designated by the Finance Director/Treasurer and evidenced by safekeeping receipts.

The only exception to the foregoing are Local Agency Investment Pools, Certificates of Deposit, and money market funds since the purchased securities are not deliverable. In all cases, purchased securities shall be held in the City's name.

AUTHORIZED FINANCIAL DEALERS AND INSTITUTIONS

The Finance Director/Treasurer will maintain a list of financial dealers and institutions qualified and authorized to transact business with the City.

The purchase by the City of any investment other than those purchased directly from the issuer, will be purchased either from an institution licensed by the State as a broker-dealer, as defined in Section 25004 of the Corporations Code, which is a member of the Financial Industry Regulatory Authority (FINRA), or a member of a federally regulated securities exchange, a national or state chartered bank, a federal or state association (as defined by Section 5102 of the Financial Code), or a brokerage firm designated as a Primary Government Dealer by the Federal Reserve Bank.

The Finance Director/Treasurer will investigate all institutions that wish to do business with the City, to determine if they are adequately capitalized, make markets in securities appropriate for the City's needs, and agree to abide by the conditions set forth in the City's Investment Policy and any other guidelines that may be provided. This will be done annually by having the financial institutions:

1. Provide written notification that they have read, and will abide by, the City's Investment Policy.

2. Submit their most recent audited Financial Statement within 120 days of the institution's fiscal year end.

If the City has an investment advisor, the investment advisor may use its own list of authorized broker/dealers to conduct transactions on behalf of the City.

Purchase and sale of securities will be made on the basis of competitive bids and offers with a minimum of three quotes being obtained.

PERFORMANCE STANDARDS

The investment portfolio shall be designed with the objective of obtaining a rate of return throughout budgetary and economic cycles, commensurate with the investment risk constraints and the cash flow needs. The City will measure the portfolio's performance against a market benchmark that is commensurate with the City's investment risk constraints and the cash flow characteristics of the portfolio.

AUTHORIZED INVESTMENTS

Credit criteria and maximum percentages listed in this section refer to the credit of the issuing organization at the time the security is purchased. The City may from time to time be invested in a security whose rating is downgraded subsequent to the date of purchase. In the event a rating drops below the minimum allowed rating category for that given investment type, the investment advisor shall notify the Finance Director and/or Designee and recommend a plan of action. The City will limit investments in any one non-government issuer, except investment pools, to no more than 5% regardless of security type. Commencing with Section 53600 of Article 1, Chapter 4 of the Government Code of the State of California, surplus money may be invested in the following:

A. City of Modesto bonds. Bonds issued by the City.

B. U.S. Treasury securities. United States Treasury notes, bonds, bills or certificates of indebtedness or those for which the faith and credit of the United States are pledged for the principal and interest.

C. State of California securities. Registered State of California warrants, treasury notes or bonds, provided that the securities are rated at least A by a nationally recognized statistical rating agency.

D. California municipal securities. Bonds, notes, warrants or other evidence of indebtedness of any local agency within California provided that the securities are rated at least A by a nationally recognized statistical rating agency.

E. Other 49 State municipal securities. Registered treasury notes or bonds of any of the other 49 states in addition to California, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by a state, or by a department, board, agency, or authority of any of these states.

F. Federal Agency securities. Federal agency or United States government-sponsored enterprise obligations, participations, or other instruments, including those issued by or fully guaranteed as to principal and interest by federal agencies or United States government-sponsored enterprises.

G. Bankers' Acceptances. Bankers' Acceptances issued by domestic or foreign banks, which are eligible for purchase by the Federal Reserve System, the short-term paper of which is rated in the highest category by a nationally recognized statistical rating agency.

Purchases of Bankers' Acceptances may not exceed 180 days maturity or 40 percent of the City's surplus money.

H. Commercial Paper. Commercial paper of "prime" quality of the highest ranking or of the highest letter and number rating as provided for by a nationally recognized statistical-

rating organization. The entity that, issues the commercial paper shall meet all of the following conditions in either paragraph (1) or paragraph (2):

(1) The entity meets the following criteria: (a) is organized and operating within the United States as a general corporation. (b) Has total assets in excess of $500 million. (c) Has debt other than commercial paper, if any, that is rated "A" or higher by a nationally recognized statistical-rating organization (NRSRO).

(2) The entity meets the following criteria: (a) is organized within the United States as a special purpose corporation, trust, or limited liability company. (b) Has program wide credit enhancements including, but not limited to, over collateralization, letters of credit, or surety bond, - (c)Has commercial paper that is rated "A-1" or higher, or the equivalent, by an NRSRO.

Investments in commercial paper are limited to a maximum of 25 percent of the portfolio. Purchases shall not exceed 10 percent of the outstanding paper of the issuing corporation. The maximum investment maturity is restricted to 270 days.

I. Certificates of Deposit. FDIC insured or fully collateralized time certificates of deposit in financial institutions located in California. Eligible investments are restricted to those issuing institutions that have been in business at least five years. The maximum term for deposits shall be one year. Investments in certificates of deposit are further limited to 20 percent of surplus funds. All time deposits must be collateralized in accordance with California Government Code section 53561. The City, at its discretion, may waive the collateralization requirements for any portion of the deposit that is covered by federal insurance.

J. Negotiable Certificates of Deposit. Negotiable certificates of deposit issued by a nationally- or state-chartered bank or a state or federal savings and loan association or by a federally-licensed or state-licensed branch of a foreign bank; provided that the senior debt obligations of the issuing institution are rated "A" or better by Moody's or Standard & Poor's. Investments in negotiable certificates of deposit are limited to 30 percent of the portfolio.

K. Repurchase Agreements. Repurchase Agreements used solely as short-term investments not to exceed 90 days.

The following collateral restrictions will be observed: Only U.S. Treasury securities or Federal Agency securities as described in 1 and 2 will be acceptable collateral. All securities underlying Repurchase Agreements must be delivered to the City's custodian bank versus payment or be handled under a tri-party repurchase agreement. The total of all collateral for each Repurchase Agreement must equal or exceed, on the basis of market value plus accrued interest, 102 percent of the total dollar value of the money invested by the City for the term of the investment. For any Repurchase Agreement with a term of more than one day, the value of the underlying securities must be reviewed on a regular basis.

Market value must be calculated each time there is a substitution of collateral.

The City or its trustee shall have a perfected first security interest under the Uniform Commercial Code in all securities subject to Repurchase Agreement.

The City may enter into Repurchase Agreements with (1) primary dealers in U.S. Government securities who are eligible to transact business with, and who report to, the Federal Reserve Bank of New York, and (2) California and non-California banking institutions having assets in excess of $1 billion and in the highest short-term rating category as provided by Moody's Investors Service, Inc. or Standard & Poor's Corporation.

The City will have specific written agreements with each firm with which it enters into Repurchase Agreements.

L. Reverse Repurchase Agreements. The City may invest in reverse repurchase agreements only with "primary dealers" with which the City has entered into a master repurchase agreement contract. The City may invest in reverse repurchase agreements with the following conditions: The City may only use reverse repurchase agreements to (1) cover a temporary cash shortage, or (2) augment earnings. Reverse repurchase agreements may not be used to leverage the portfolio.

In addition, if a reverse repurchase agreement is authorized, it may be utilized only if the security to be sold on reverse repurchase agreement has been owned and fully paid for by the City for a minimum of 30 days prior to the sale; the total of all reverse repurchase agreements on investments owned by the City does not exceed 20 percent of the portfolio; and the agreement does not exceed a term of 92 days, unless the agreement includes a written codicil guaranteeing a minimum earning or spread for the entire period between the sale of the security using a reverse repurchase agreement and the final maturity date of the same security. The proceeds of the reverse repurchase agreement may not be invested in securities whose maturity exceeds the term of the Reverse Repurchase Agreement.

and depository institution debt securities with a maximum remaining maturity of five years or less, issued by corporations organized and operating within the United States or by depository institutions licensed by the U.S. or any state and operating within the U.S. Medium-term notes shall be rated in a rating category "A" or its equivalent or better by a nationally recognized rating service. Purchase of medium-term corporate notes may not exceed 30 percent of the City's investment portfolio.

M. Medium-term corporate notes. Medium-term corporate notes defined as all corporate and depository institution debt securities with a maximum remaining maturity of five years or less, issued by corporations organized and operating within the United States or by depository institutions licensed by the U.S. or any state and operating within the U.S. Medium-term notes shall be rated in a rating category "A" or its equivalent or better by a nationally recognized rating service. Purchase of medium-term corporate notes may not exceed 30 percent of the City's investment portfolio.

N. Money market funds. Shares of beneficial interest issued by diversified management companies that are money market funds registered with the Securities and Exchange Commission under the Investment Company Act of 1940 (money market funds).

O. State of California Local Agency Investment Fund (LAIF).

P. Mortgage and asset-backed securities. Any mortgage pass-through security, collateralized mortgage obligation, mortgage-backed or other pay-through bond, equipment lease-backed certificate, consumer receivable-backed bond that has been issued by a Federal Agency and has a maximum of five years maturity. Purchases of mortgage and asset-backed securities should not exceed 20 percent of the City's investment portfolio.

Q. California Asset Management Program (CAMP).

R. Supranationals. United States dollar denominated senior unsecured unsubordinated obligations issued or unconditionally guaranteed by the International Bank for Reconstruction and Development (IBRD), International Finance Corporation (IFC), or Inter-American Development Bank (IADB), with a maximum remaining maturity of five years or less, and eligible for purchase and sale within the United States. Investments under this subdivision shall be rated "AA", its equivalent, or better by at least one NRSRO.

MAXIMUM MATURITY

Investment maturities shall be based on a review of cash flow forecasts. Maturities will be scheduled so as to permit the City to meet all projected obligations.

Maximum maturity of an authorized investment is limited to five years.

Proceeds of sales or funds set aside for the repayment of any notes (e.g., Tax and Revenue Anticipation Notes) shall not be invested for a term that exceeds the term of the notes.

INELIGIBLE INVESTMENTS

Any security type or structure not specifically approved by this policy is hereby specifically prohibited. Security types which are thereby prohibited include, but are not limited to:

Investment in inverse floaters, range notes, or interest only strips that are derived from a pool of mortgages is prohibited.

RESTRICTIONS SET BY THE FINANCE DIRECTOR/TREASURER

A. Prior approval of the Finance Director/Treasurer is required for the following transactions, unless the City utilizes the services of an investment advisor registered with the Securities and Exchange Commission in a fiduciary relationship as outlined in this policy.

Sale of securities
Swaps and trades
Purchase of collateralized mortgage obligations (CMO)
Purchase of mortgage-backed obligations
Purchase of corporate notes
Purchase transaction in excess of $3 million

B. The following investments are not deemed appropriate for the City and will not be utilized:

Futures and options
Small Business Administration notes

AUTHORIZED INVESTMENT PERSONNEL

Pursuant to the Government Code, the City Council delegates the authority to invest or to reinvest funds, or to sell or exchange securities so purchased, to the Finance Director/Treasurer for a one-year period. The Finance Director/Treasurer is charged with the responsibility for carrying out the policies of the City Council and shall assume full responsibility for investment transactions until the delegation of authority is revoked or expires.

Idle cash management and investment transactions are the responsibility of the Finance Department, which is under the control of the Finance Director/Treasurer. The Finance Director/Treasurer may designate an individual(s) ["Designee"] to be responsible for the daily management of the City's portfolio of treasury investments. The Designee may also be directed to monitor and forecast the City's cash flows, and prepare periodic investment reports that are submitted to the City Council. The Accounting Division of the Finance Department monitors all treasury transactions and prepares accounting records of all investment transactions as to type of investment, amount, yield, and maturity. No other person has authority to make investment transactions without the written authority of the Finance Director/Treasurer. Pursuant to Government Code chapter 53600, all persons investing monies are trustees and therefore fiduciaries subject to the prudent investor standard. Financial market security transactions will be executed by delivery versus payment and the securities will be held by a third party custodian.

Subject to required procurement procedures, the City may engage the support services of outside professionals in regard to its financial program, so long as it can be demonstrated or anticipated that these services produce a net financial advantage or necessary financial protection of the City's resources.

POLICY REVIEW

The investment policy shall be adopted by resolution of the City Council on, at minimum, an annual basis. This investment policy shall be reviewed at least annually to ensure its consistency with the overall objectives of preservation of principal, liquidity and yield, and its relevance to current law and financial and economic trends. Any amendments to the policy shall be forwarded to City Council for approval.

This policy and the internal controls related to the investment of City funds will be reviewed by the City's independent external auditors as part of their annual audit of the City's financial statements.

APPENDIX A - GLOSSARY

Bankers Acceptances (BAs)
Bankers Acceptance is a time bill of exchange drawn on and accepted by a commercial bank to[1] finance the exchange of goods. When a bank "accepts" such a bill, the time draft becomes, in effect, a predated certified check payable to the bearer at some future specified date. Little risk is involved for the investor because the commercial bank assumes primary liability once the draft is accepted.

California Asset Management Program (CAMP)
CAMP is a Joint Powers Authority ("JPA") designed to assist public agencies with their investment needs through the use of the Cash Reserve Portfolio ("Pool"), which is rated "AAAm" by Standard & Poor's, its highest rating category. The Pool seeks to attain a high level of current income consistent with the preservation of principal.

Certificates of Deposit (CDS)
A certificate of deposit is issued against funds deposited in a commercial bank for a definite period of time and earning a specified rate of return. They are issued in two forms, negotiable and non-negotiable:

A negotiable certificate of deposit may be sold by one holder to another prior to maturity. This is possible because the issuing bank agrees to pay the amount of the deposit, plus earned interest, to the Bearer of the certificate at maturity.

A non-negotiable certificate of deposit is collateralized and is not a money market instrument since it cannot be traded in the secondary market. It is issued on a fixed maturity basis and often pays a higher interest rate than is permissible on other savings or time deposit accounts.

Collateralized Mortgage Obligation (CMO)
A CMO is a pool of mortgages sold as a single investment with interest paid monthly, quarterly, or semi-annually. Mortgage securities pay a higher rate than U.S. Treasury securities due to risk of prepayment and default.

Commercial Paper (CP)
This is a short-term promissory note issued by a corporation to raise working capital. The interest rates tend to be higher than other investments of similar liquidity.

Derivatives
A financial instrument with a value derived from the value of one or more underlying assets or indexes of asset values. The term "derivative products" refers to instruments or features such as collateralized mortgage obligations (CMOs), interest-only (IOs) and principal-only (POs), forwards, futures, currency and interest rate swaps, options, floaters/inverse floaters, and caps/floors/collars.

Federal Agency Securities
Certain agencies created by Congress and sponsored by the federal government issue debt that is considered to be of prime quality and have a very high standing in the bond market. The major federal agencies are described as follows:

Federal National Mortgage Association (FNMA, "Fannie Mae") provides funds to the mortgage market primarily by purchasing loans from local lenders.

Federal Home Loan Mortgage Corporation (FHLMC, "Freddie Mac") purchases conventional mortgages and sells mortgage-backed securities.

Student Loan Marketing Association (SLMA, "Sallie Mae") facilitates that flow of private capital into various federally-guaranteed student loan programs maintained through banks, S&Ls, educational institutions and other participating lenders.

Federal Farm Credit System (FFCB) sells securities to provide mortgage loans and short-term and intermediate-term credit to farmers, ranchers, and agricultural cooperatives.

Federal Home Loan Bank (FHLB) acts as a credit reserve system for the thrift industry to stabilize the flow of funds to member savings and loan and savings banks.

Futures
Exchange traded contracts specifying a future date of delivery or receipt of a specific product (physical commodity or financial instrument). Futures are used by business as a hedge against unfavorable price changes, and by speculators who hope to profit from such changes.

Local Agency Investment Fund (LAIF)
State of California LAIF is designed to provide a convenient and safe means of investing temporarily idle monies by the State Treasurer. LAJF provides high liquidity and generally pays higher yields than can be realized by individual local agencies (for similar maturities) due to economies of scale.

Medium-Term Notes
Issued by corporations (in the form of secured or unsecured debt) for the purpose of raising working capital and purchasing capital assets.

Options
A right to buy (call) or sell (put) a fixed amount of a given stock at a specified price within a limited period of time. The purchaser hopes that the stock's price will go up (if he bought a call) or down (if he bought a put) by an amount sufficient to provide a profit when he sells the option. If the price is static or moves in the opposite direction, the price paid for the option is lost entirely.

Repurchase Agreement
As authorized in Government Code Section 5360i (1), these investment vehicles are (generally short-term) agreements between the local agency and seller for the purchase of Government securities to be resold at a specific date and for a specific amount.

Reverse Repurchase Agreement
This transaction is the opposite of a repurchase agreement. The dealer buys securities with a contractual agreement to sell them back at a prearranged date. The local agency pays the dealer interest for the use of the funds. The money "borrowed" on a "reverse repo" can be reinvested in higher yielding instruments.

Supranational entities
Entities formed by two or more central governments with the purpose of promoting economic development for the member countries. Supranational institutions finance their activities by issuing debt, such as supranational bonds. Examples of supranational institutions include the European Investment Bank and the World Bank. Similarly to the government bonds, the bonds issued by these institutions are considered direct obligations of the issuing nations and have a high credit rating.

U.S. Treasury Securities
The highest quality, most liquid debt investments available in the fixed income market-place, unconditionally backed by the "full faith and credit" of the U.S. Government. Treasury bills are short-term instruments (maturity of three months to one year); Treasury notes and bonds are currently issued with maturities of two to ten years.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-231

A RESOLUTION ADOPTING THE REVISED DEBT MANAGEMENT POLICY

WHEREAS, pursuant to the City of Modesto Debt Management Policy, the City of Modesto is required to periodically review and update its Debt Management Policy to address changes to the primary objectives related to the City's debt and financing related activities, and

WHEREAS, staff has identified the need to update the City's Debt Management Policy in order to continue to maintain cost-effective access to capital markets through prudent yet flexible policies; moderate debt principal and debt service payments through effective planning and project cash management; and achieve the highest practical credit ratings, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto, that it hereby adopts the revised Debt Management Policy, for consideration by this City Council,

BE IT FURTHER RESOLVED that City staff is hereby authorized and directed to proceed with any and all actions deemed necessary or advisable, following the adopted policy guidelines pursuant to this Resolution, in connection with the future issuances of the City Debt, for future consideration by this City Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7th day of July, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Madrigal, Zoslocki, Mayor Marsh
NOES:	Councilmembers:	None
ABSENT:	Councilmembers:	None

ATTEST: _____
STEPHANIE LOPEZ, City Clerk

APPROVED AS TO FORM:

By: _____
ADAM U. LINDGREN, City Attorney

MODESTO CITY COUNCIL POLICY		**POLICY NO.: X.000**
SUBJECT: DEBT MANAGEMENT POLICY		**Revised** **May 5, 2015**

I. INTRODUCTION

The purpose of this Policy is to organize and formalize debt issuance-related policies and procedures for the City of Modesto (the City) and to establish a systematic debt policy (Debt Policy). The debt policies and practices of the City are, in every case, subject to and limited by applicable provisions of state and federal law and to prudent debt management principles.

II. DEBT POLICY OBJECTIVE

The primary objectives of the City's debt and financing related activities are to maintain cost-effective access to the capital markets and other financing venues through prudent yet flexible policies:

- Moderate debt principal and debt service payments through effective planning and project cash management; and
- Achieve the highest practical credit ratings.

III. SCOPE AND DELEGATION OF CITY

This Debt Policy shall govern, except as otherwise covered by the City of Modesto Investment Policy and the City of Modesto Swap policies (copies of which are attached hereto), the issuance and management of all debt funded through the capital markets and private placements, including the selection and management of related financial and advisory services and products, and the investment of bond proceeds.

This Policy shall be reviewed and updated periodically as required. Any changes to the policy are subject to approval by the City Council at a legally noticed and conducted public meeting. Overall policy direction of this Debt Policy shall be provided by the City Council. Responsibility for implementation of the Debt Policy, and day-to-day responsibility for structuring, implementing, and managing the City's debt and finance program, shall lie with the Director of Finance. The City Council's adoption of the City Annual Budget does not, in and of itself, constitute authorization for debt issuance for any reason. This Debt Policy requires that the City Council specifically authorize each debt financing. Each financing shall be presented to the City Council.

While adherence to this Policy is required in applicable circumstances, the City recognizes that changes in the capital markets, agency programs and other unforeseen circumstances may from time to time produce situations that are not covered by the Policy and will require modifications or exceptions to achieve policy goals. In these cases, management flexibility is appropriate, provided specific authorization from the City Council is obtained.

IV. ETHICS AND CONFLICTS OF INTEREST

Officers and employees of the City involved in the debt management program will not engage in any personal business activities that could conflict with proper and lawful execution of the debt management program, or which could impair their ability to make impartial decisions.

V. CAPITAL IMPROVEMENT PROGRAM INTEGRATION

The City's multi-year Capital Improvement Program (CIP), which identifies the projects and the appropriate funding mechanisms to pay for them, shall be used in combination with the CIP Financial and Budget Policies and this Debt Policy to ensure the proper allocation and financing of eligible projects. The CIP and its related policies set priorities and strategies for allocating and tracking funding, while the Debt Policy provides policy direction and limitations for proposed financings. Debt issuance for capital projects shall not be recommended for City Council approval unless such issuance has been incorporated into the Capital Improvement Program.

VI. STANDARDS FOR USE OF DEBT FINANCING

The City's debt management program will promote debt issuance only in those cases where public policy, equity and economic efficiency favor debt over cash (pay-as-you-go) financing. Long-term debt financing shall not be used to fund operating costs.

A. Credit Quality

Credit quality is an overriding consideration. All City debt management activities for new debt issuances will be conducted in a manner conducive to receiving the highest credit ratings possible consistent with the City's debt management objectives, and to maintaining or improving the current credit ratings assigned to the City's outstanding debt by the major credit rating agencies.

B. Term of Financing

Debt can be used to provide funding for long-term capital projects. The debt repayment period should relate to the expected useful life for the facilities or equipment being financed, and should, as a general matter, be concurrent with the stream of benefits from these facilities. When the City finances capital projects by issuing bonds, the debt repayment period generally should not exceed 120% of the useful life of the project being financed. Inherent in its long-term debt policies, the City recognizes that future taxpayers will benefit from the capital investment and that it is appropriate that they pay a share of the asset cost.

C. Debt Financing Mechanism

The City will evaluate the use of all financial alternatives available including, but not limited to, long-term debt, short-term debt, commercial paper, tax revenue and grant anticipation notes, private placement and inter-fund borrowing. The City will utilize the most cost advantageous financing alternative available while limiting the City's risk exposure.

D. Ongoing Debt Administration and Internal Controls

The City shall maintain all debt-related records. At a minimum, this repository will include all official statements, bid documents, ordinances, indentures, trustee reports, etc. for all City debt. To the extent that official transcripts incorporate these documents, possession of a transcript will suffice (transcripts may be hard copy, stored on CD-ROM or other forms of electronic record). The City will collect all available documentation for outstanding debt and will develop a standard procedure for archiving transcripts for any new debt. The City will establish internal controls to ensure compliance with the Debt Policy, all debt covenants and any applicable requirements of the State and Federal Government Codes.

E. Rebate Policy and System

The City will accurately account for all interest earnings in debt-related funds. These records will be designed to ensure that the City is in compliance with all debt covenants, and with State and Federal laws. The City will maximize the interest earnings on all funds within the investment parameters set forth in each respective indenture, and as permitted by the City Investment Policy. The City will develop a system of reporting interest earnings that relates to and comply with Internal Revenue Code rebate, yield limits and arbitrage.

VII. FINANCING- DEBT

A. Purpose of Debt

When the City determines that the use of debt is appropriate, the following criteria will be utilized to evaluate the type of debt to be issued:

1. NEW MONEY FINANCING

New money issues are financings that generate funding for capital projects, equipment or enterprise software systems. Eligible capital projects for allocation of City funds include the acquisition, construction or major rehabilitation of capital assets.

2. REFUNDING FINANCING

Refunding bonds are issued to retire all or a portion of an outstanding bond issue. Refunding issuances can be used to achieve present-value savings on debt service or to restructure the payment schedule, type of debt instrument used, or covenants of existing debt. The City must analyze the refunding issue on a present-value basis to identify economic effects before approval.

B. Type of Debt

When the City determines that the use of debt is appropriate, the following criteria will be utilized to evaluate the type of debt to be issued:

1. LONG-TERM DEBT

The City may issue long-term debt (e.g. revenue bonds or variable rate bonds) when equipment, project, or software costs cannot be financed from current revenues. The proceeds derived from long-term borrowing will not be used to finance current operations or normal/current maintenance. Long-term debt will be structured such that the obligations generally do not exceed 120% of the expected average useful life of the asset being financed or the sunset date of any current, pledged revenues.

- *Current Coupon Bonds* are bonds that pay interest periodically and principal at maturity. They may be used for both new money and refunding transactions. Bond features may be adjusted to accommodate the market conditions at the time of sale, including changing dollar amounts for principal maturities, offering discount and premium bond pricing, modifying call provisions, utilizing bond insurance, and determining how to fund the debt service reserve fund.

- *Zero Coupon and Capital Appreciation Bonds* pay interest only when principal matures. Interest continues to accrue on the unpaid interest, therefore representing a more expensive funding option. In the case of zero-coupon bonds, principal and interest, at one coupon rate, is repaid at maturity. In the case of Capital Appreciation Bonds, the value of the bond accretes until maturity.

- *Taxable Debt, including Build America Bonds (BABs)* are bonds sold whose interest payments are not tax-exempt for federal tax purpose to bondholders, but are deemed taxable. The federal government pays a subsidy to the issuer of BABs. The City will consider the issuance of taxable debt when it is necessary for federal tax reasons or if these bonds would lower the overall cost of the financing.

2. SHORT-TERM DEBT

Short-term borrowing may be utilized for the temporary funding of operational cash flow deficits or anticipated revenues, where anticipated revenues are defined as an assured revenue source with the anticipated amount based on conservative estimates. The City will determine and utilize the least costly method for short-term borrowing. The City may issue short-term debt when there is a defined repayment source or amortization of principal, subject to the following policies:

- *Commercial Paper Notes* may be issued as an alternative to fixed rate debt, particularly when the timing of funding requirements is uncertain. The City may maintain an ongoing commercial paper program to ensure flexibility and immediate access to capital funding when needed. The retirement of commercial paper is most commonly a result of the issuance of long-term bonds but they may also be retired with available cash.

- *Grant Anticipation Notes (GANs)* are short-term notes that are repaid with the proceeds of State or Federal grants of any type. The City shall generally issue GANs only when there is no other viable source of funding for the project.

- *Bond Anticipation Notes (BANs)* are short-term notes issued prior to the issuance of long-term debt. It is anticipated that BANs will be retired, or taken-out, with long term debt or commercial paper. BANs will be issued only when there is no better alternative to reduce the overall cost of a financing program.

- *Tax and Revenue Anticipation Notes (TRANs)* shall be issued only if the sizing of the issue fully conforms to Federal IRS requirements and limitations.

- *Lines of Credit* shall be considered as an alternative to other short-term borrowing options. The lines of credit shall be structured to limit concerns as to Internal Revenue Code compliance.

- *Other Short-term debt may also be considered and utilized when appropriate such as a Direct Purchase Loan from a bank or Floating Rate Notes.*

3. VARIABLE RATE DEBT

To maintain a predictable debt service burden, the City may give preference to debt that carries a fixed interest rate. An alternative to the use of fixed rate debt is floating or variable rate debt. It may be appropriate to issue short-term or long-term variable rate debt to diversify the City's debt portfolio, reduce interest costs, provide interim funding for capital projects and improve the match of assets to liabilities. Variable rate debt typically has a lower cost of borrowing than fixed rate financing and shorter maturities in the range of 7 to 35 days. Under no circumstances will the City issue variable rate debt solely for the purpose of earning arbitrage. The City, however, may consider variable rate debt in certain instances.

A) *Variable Rate Debt Capacity.* The City will maintain a conservative level of outstanding variable rate debt in consideration of general rating agency guidelines recommending a maximum of a 20-30% variable rate exposure, in addition to maintaining adequate safeguards against risk and managing the variable revenue stream both as described below:

(1) *Adequate Safeguards Against Risk.* Financing structure and budgetary safeguards are in place to prevent adverse impacts from interest rate shifts; such structures could include, but are not limited to, interest rate swaps, interest rate caps and the matching of assets and liabilities.

(2) *Variable Revenue Stream.* The revenue stream for repayment is variable, and is anticipated to move in the same direction as market-generated variable interest rates, or the dedication of revenues allows capacity for variability.

(3) *As a Component to Synthetic Fixed Rate Debt.* Variable rate bonds may be used in conjunction with a financial strategy, which results in synthetic fixed rate debt. Prior to using synthetic fixed rate debt, the City shall certify that the interest rate cost is at least 10 basis points lower than traditional fixed rate debt.

4. FINANCIAL DERIVATIVE PRODUCTS

Financial Derivative Products will be considered appropriate in the issuance or management of debt only in instances where it has been demonstrated that the derivative product will either provide a hedge that reduces the risk of fluctuations in expense or revenue, or alternatively where the derivative product will reduce total project cost.

VIII. TERMS AND CONDITIONS OF BONDS

The City shall establish all terms and conditions relating to the issuance of bonds, and will control, manage, and invest all bond proceeds. Unless otherwise authorized by the City, the following shall serve as bond requirements.

A. Term

All capital improvements financed through the issuance of debt will be financed for a period generally not to exceed 120% of the expected average useful life of the assets being financed, and in no event should exceed the lesser of thirty (30) years or the period of time until the sunset of a revenue source.

B. Capitalized Interest

The nature of the City's revenue stream is such that funds are generally continuously available and the use of capitalized interest should not normally be necessary. However, certain types of financings may require the use of capitalized interest from the issuance date until the City has constructive use/benefit of the financed project. Unless otherwise required, the City will avoid the use of capitalized interest to obviate unnecessarily increasing the bond size. Interest shall not be funded (capitalized) beyond three (3) years or a shorter period whether based upon project needs or if further restricted by statute. The City may require that capitalized interest on the initial series of bonds be funded from the proceeds of the bonds. Interest earnings may, at the City's discretion, be applied to extend the term of capitalized interest but in no event beyond 3 years, or less, if restricted by state law.

C. Lien Levels

Senior and Junior Liens for each revenue source will be utilized in a manner that will maximize the most critical constraint, typically either cost or capacity, thus allowing for the most beneficial use of the revenue source securing the bond.

D. Maximum Annual Debt Service (MADS)

Concerning revenue bonds, the MADS for any given year must not exceed a level at which the City's net revenues are less than one and a quarter times (1.25x) the total debt service within any year unless allowed by existing bond covenants.

E. Additional Bonds Test

Any new debt issuance must not cause the City's debt service to exceed the level at which the net revenues are less than one and a quarter times (1.25x) the maximum annual principal, interest and debt service for the aggregate outstanding senior lien bonds including the debt service for the new issuance unless allowed by existing bond covenants.

F. Debt Service Structure

Debt issuance shall be planned to achieve relatively rapid repayment of debt while still matching debt service to the useful life of facilities. The City will amortize its debt within each lien to achieve overall level debt service or may utilize more accelerated repayment schedules after giving consideration to bonding capacity constraints. The City shall avoid the use of bullet or balloon maturities except in those instances where these maturities achieve one of the City's stated goals, such as minimizing annual debt service or leveling annual existing debt service, among others.

G. Call Provisions

In general, the City's securities will include a call feature, which is no later than ten (10) years from the date of delivery of the bonds. The City will avoid the sale of non-callable bonds absent careful evaluation by the City with respect to the value of the call option. If the City were to issue BABs, or other taxable bonds, the City will carefully consider the financial impacts of a 10 year call, a make-whole call, or non-callable debt.

H. Original Issue Discount

An original issue discount will be permitted only if the City determines that such discount results in a lower true interest cost on the bonds and that the use of an original issue discount will not materially reduce the value of the bonds' call provisions and adversely affect the project identified by the bond documents.

I. Deep Discount Bonds

Deep discount bonds may provide a lower cost of borrowing in certain markets. The City will carefully consider their value and effect on any future refinancing as a result of the lower-than-market coupon.

J. Derivative Products

The City will consider the use of derivative products only in instances where it has been demonstrated that the derivative product will either provide a hedge that reduces risk of fluctuations in expense or revenue, or alternatively, where the derivative product will reduce the total project cost. If interest rate swaps are considered, the City shall develop and maintain Swap Policies (see attached swap policies) governing the use of these derivative products. For derivatives other than interest rate swaps, the City will undertake an analysis of early termination costs and other conditional terms given certain financing and marketing

assumptions. Such analysis will document the risks and benefits associated with the use of a particular derivative product. Derivative products will only be utilized with prior approval from the City Council.

K. Multiple Series

In instances where multiple series of bonds are to be issued, the City shall make a final determination as to which allocations are of the highest priority. Projects chosen for priority financing, based on funding availability and proposed timing, will generally be subject to the earliest or most senior lien of the bond series.

IX. CREDIT ENHANCEMENTS

The City will consider the use of credit enhancement on a case-by-case basis, evaluating the economic benefit versus cost for each case. Only when a clearly demonstrable savings can be shown shall enhancement be considered. The City will consider each of the following enhancements as alternatives by evaluating the cost and benefit of such enhancement.

A. Bond Insurance

The City may purchase bond insurance when such purchase is deemed prudent and advantageous. The predominant determination shall be based on such insurance being less costly than the present value of the difference in the interest on insured bonds versus uninsured bonds.

B. Debt Service Reserves

When required, a reserve fund equal to the lesser of 10% of the original principal amount of the bonds, maximum annual debt service or 125% of average annual debt service, and if permitted, 10% of par value of bonds outstanding, (the "Reserve Requirement") shall be funded from the proceeds of each series of bonds, subject to federal tax regulations and in accordance with the requirements of credit enhancement providers and/or rating agencies.

The City may purchase reserve equivalents (i.e., the use of a reserve fund surety) when such purchase is deemed prudent and advantageous. Such equivalents shall be evaluated in comparison to cash funding of reserves on a net present value basis, the creditworthiness of the surety provider and market acceptance.

C. Letters of Credit

The City may enter into a letter-of-credit agreement when such an agreement is deemed prudent and advantageous. Only those financial institutions with long-term ratings greater than or equal to that of the City, and minimum short-term ratings of VMIG 1, A-1, F1, by Moody's Investor Services, Standard & Poor's and Fitch, respectively, may participate in City letter of credit agreements unless there are no other practicable options for the City. The City may also consider a Direct Purchase loan by a financial institution if the terms and conditions are similar to a traditional letter of credit. Fixed or Floating Rate Notes are another alternative to Variable Rate Demand Bonds with a letter-of-credit.

X. REFINANCING OUTSTANDING DEBT

The City shall have the responsibility to analyze outstanding bond issues for refunding opportunities that may be presented by underwriting and/or financial advisory firms. The City will consider the following issues when analyzing possible refunding opportunities:

A. Debt Service Savings

The City has established a minimum savings threshold goal of 3% of the refunded bond debt service compared to the refunding bonds debt service unless there are other compelling reasons for defeasance. The present value savings will be net of all costs related to the refinancing. The decision to take savings on an upfront or deferred basis must be explicitly approved by the City Council.

B. Restructuring

The City will refund debt when in its best interest to do so. Refunding's will include restructuring to meet unanticipated revenue expectations, terminate swaps, achieve cost savings, mitigate irregular debt service payments, release reserve funds or remove unduly restrictive bond covenants.

C. Term of Refunding Issues

The City will refund bonds within the term of the originally issued debt. However, the City may consider maturity extension, when necessary to achieve a desired outcome, provided that such extension is legally permissible. The City may also consider shortening the term of the originally issued debt to realize greater savings. The remaining useful life of the financed facility and the concept of inter-generational equity should guide this decision.

D. Escrow Structuring

The City shall utilize the least costly securities available in structuring refunding escrows. The City will examine the viability of an economic versus legal defeasance on a net present value basis. A certificate from a third party agent, who is not a broker-dealer, is required stating that the securities were procured through an arms-length, competitive bid process (in the case of open market securities), that such securities were more cost effective than State and Local Government Obligations (SLGS), and that the price paid for the securities was reasonable within Federal guidelines. Under no circumstances shall an underwriter, agent or financial advisor sell escrow securities to the City from its own account.

E. Arbitrage

The City shall take all necessary steps to optimize refunding escrows and to avoid negative arbitrage. Any resulting positive arbitrage, on funds other than advance refunding escrows (which are not allowed to generate positive arbitrage earnings), will be rebated as necessary according to Federal guidelines.

XI. METHODS OF ISSUANCE

The City will determine, on a case-by-case basis, whether to sell its bonds competitively or through negotiation.

A. Competitive Sale

In a competitive sale, the City's bonds shall be awarded to the bidder providing the lowest true interest cost as long as the bid adheres to the requirements set forth in the official notice of sale. Conditions under which a competitive sale would be preferred are as follows:

- Bond prices are stable and/or demand is strong.
- Market timing and interest rate sensitivity are not critical to the pricing. There are no complex explanations required during marketing regarding issuer's projects, media coverage, political structure, political support, and funding or credit quality.
- The bond type and structure are conventional.
- Bond insurance is included or pre-qualified (available).
- Manageable transaction size.
- The City (or a City enterprise) has strong credit ratings.
- The City (or a City enterprise) is well known to investors.

B. Negotiated Sale

The City recognizes that some securities are best sold through negotiation. Conditions under which a negotiated sale would be preferred are as follows:

- Interest rates are volatile.
- Demand is weak or supply of competing bonds is high.
- Market timing is important, such as for refunding's.
- Issuer has lower or weakening credit rating.
- Issuer is not well known to investors.
- Sale and marketing of the bonds will require complex explanations about the issuer's projects, media coverage, political structure, political support, funding, or credit quality.
- The bond type and/or structural features are non-standard, such as for a forward delivery bond sale, issuance of variable rate bonds, or where there is the use of derivative products.
- Bond insurance is not available or not offered.
- Early structuring, investor outreach and other market participation by underwriters are desired.
- The par amount for the transaction is significantly larger than normal.
- Demand for the bonds by retail investors is expected to be high.
- Participation from DBE firms is required.

C. Private Placement

From time to time the City may elect to privately place its debt. Such placement shall be considered if this method is demonstrated to result in a cost savings to the City relative to other methods of debt issuance.

D. Issuance Method Analysis

The City shall evaluate each method of issuance on a net present value basis, using the City's investment rate as the appropriate measure of the discount rate.

E. Feasibility Analysis

Issuance of revenue bonds will be accompanied by a finding that demonstrates the projected revenue stream's ability to meet future debt service payments.

XII. MARKET RELATIONSHIPS

A. Rating Agencies and Investors

The Director of Finance shall be responsible for maintaining the City's relationships with Moody's Investors Service, Standard & Poor's, Fitch and any other major rating agency. The City may, from time-to-time, choose to deal with only one or two of these agencies as circumstances dictate. In addition to general communication, the Director of Finance shall meet with credit analysts prior to each competitive or negotiated sale and/or offer conference calls with agency analysts in connection with the planned sale as needed.

~~**B. Continuing Disclosure**~~

~~The City shall remain in compliance with Rule 15c2-12 by filing its annual financial statements and other financial and operating data for the benefit of its bondholders within 240 days of the close of the fiscal year. The inability to make timely filings must be disclosed and is a negative reflection. While there is reliance on timely audit and preparation of the City's annual report, the Director of Finance will ensure that the City's timely filing with the Municipal Securities Rulemaking Board.~~

~~**C. Rebate Reporting**~~

~~The use of bond proceeds and their investments must be monitored to ensure compliance with arbitrage restrictions. The City will cause arbitrage rebate calculations to be completed, or cause to be completed by an experienced firm the City has retained for this purpose related to any bond issues, with any positive rebate paid every five years and as otherwise required by applicable provisions of the Internal Revenue Code and regulations. Therefore, the Director of Finance shall ensure that proceeds and investments are tracked in a manner that facilitates accurate, complete calculation, and timely rebates, if necessary.~~

B ~~D~~. Other Jurisdictions/Conduit Financing

- From time to time, the City may issue bonds on behalf of other public entities. While the City will make every effort to facilitate the desires of these entities, the Director of Finance will ensure that the highest quality financings are done and that the City insulated from all risks.

- City may issue bonds through another issuing entity such as a joint powers authority (JPA). The City may issue debt in this manner if it would result in the least costly method to issue debt (e.g. reduced costs of issuance). The City will evaluate the timing of such issuance.

E C. Fees

When appropriate, the City will charge an administrative fee equal to direct costs to reimburse its administrative costs incurred in debt issuance and ongoing reporting costs.

XIII. CONSULTANTS

Periodically, the City shall create an approved pool of qualified financing team members such as financial advisors and underwriters.

A. Selection of Financing Team Members

The Director of Finance will make recommendations to the City Manager for all financing team members, with the City Council providing final approval.

B. Financial Advisor

The City shall utilize a financial advisor to assist in its debt issuance and debt administration processes as prudent. Selection of the City's financial advisor(s) shall be based on, but not limited to, the following criteria.

- Prior knowledge and experience with the City.
- Experience in providing consulting services to complex issuers.
- Knowledge and experience in structuring and analyzing complex issues.
- Experience and reputation of assigned personnel.
- Fees and expenses.

Financial advisory services provided to the City shall include, but shall not be limited to the following.

- Evaluation of risks and opportunities associated with debt issuance.
- Monitoring marketing opportunities.
- Evaluation of proposals submitted to the City by investment banking firms.
- Structuring and pricing.
- Preparation of request for proposals for other financial services such as trustee and paying agent services, printing, credit facilities, remarketing agent services, etc.
- Advice, assistance and preparation for presentations with rating agencies, credit providers and investors.
- Assisting in preparation of official statements and other financing documents.

The City also expects that its financial advisor will provide the City with objective advice and analysis, maintain the confidentiality of City financial plans, and be free from any conflicts of interest.

C. Bond Counsel

City debt will include a written opinion by legal counsel affirming that the City is authorized to issue the proposed debt, that the City has met all constitutional and statutory requirements necessary for issuance, and a determination of the proposed debt's federal income tax status. The approving opinion and other documents relating to the issuance of debt will be prepared by counsel with extensive experience in public finance and tax issues. The counsel will be selected by the City Attorney and subject to Council approval.

The services of bond counsel may include, but are not limited to:

- Rendering a legal opinion with respect to authorization and valid issuance of debt obligations including whether the interest paid on the debt is tax exempt under federal

and State of California law;

- Preparing all necessary legal documents in connection with authorization, sale, issuance and delivery of bonds and other obligations;
- Unless this task is assigned to disclosure counsel, as selected by the City separately from bond counsel, assisting in the preparation of the preliminary and final official statements and commercial paper memorandum;
- Participating in discussions with potential investors, insurers and credit rating agencies, if requested; and
- Providing continuing advice, as requested, on the proper use and administration of bond proceeds under applicable laws and the indenture, particularly arbitrage tracking and rebate requirements.

XIV. UNDERWRITER SELECTION

A. Senior Manager Selection

The City shall have the right to select a senior manager for a proposed negotiated sale. The criteria shall include but not be limited to the following:

- The firm's ability and experience in managing similar and/or complex transactions.
- Demonstrated ability to structure debt issues efficiently and effectively.
- Prior knowledge and experience with the City.
- The firm's willingness to risk capital and demonstration of such.
- The firm's ability to reach a wide network of investors.
- The firm's ability to sell bonds at the lowest market interest rates.
- Quality and experience of personnel assigned to the City's engagement.
- Financing and marketing plans presented.

B. Co-Manager Selection

Co-managers will be selected on the same basis as the senior manager. In addition to their qualifications, co-managers appointed to specific transactions will be a function of transaction size and the necessity to ensure maximum distribution of the City's bonds.

C. Selling Groups

The City may establish selling groups in certain transactions. To the extent that selling groups are used, the City may make appointments to selling groups from within the pool of underwriters or from outside the pool, as the transaction dictates.

D. Underwriter's Counsel

In any negotiated sale of City debt in which legal counsel is required to represent the underwriter, the lead underwriter will make the appointment subject to the City's approval.

E. Underwriter's Discount

- The City will evaluate the proposed underwriter's discount against comparable issues in the market. If there are multiple underwriters in the transaction, the City will determine the allocation of fees with respect to the takedown and management fee (if

any). The determination of the size and allocation of the management fee will be based upon participation in the structuring phase of the transaction.

- Generally, the City will not pay for risk in its underwriter's discount.

- All fees and allocation of the management fee will be determined prior to the sale date; a cap on management fee, expenses and underwriter's counsel will be established and communicated to all parties by the City. The senior manager shall submit an itemized list of expenses charged to members of the underwriting group. Any additional expenses must be substantiated.

F. Evaluation of Financing Team Performance

The City will evaluate each bond sale after its completion to assess the following: costs of issuance including underwriters' compensation, pricing of the bonds in terms of the overall interest cost and on a maturity-by-maturity basis, and the distribution of bonds and sales credits. Following each sale, the Financial Advisor shall provide a post-sale evaluation on the results of the sale to the City Council.

G. Syndicate Policies

For each negotiated transaction, the Director of Finance will prepare syndicate policies that will describe the designation policies governing the upcoming sale. The Director of Finance shall ensure receipt of each member's acknowledgement of the syndicate policies for the upcoming sale prior to the sale date.

H. Designation Policies

To encourage the pre-marketing efforts of each member of the underwriting team, orders for the City's bonds will be net designated, unless otherwise expressly stated. The City shall require the senior manager to:

- Equitably allocate bonds to other managers and the selling group.

- Comply with MSRB regulations governing the priority of orders and allocations.

- Within 10 working days after the sale date, submit to the Director of Finance a detail of orders, allocations and other relevant information pertaining to the City's sale.

I. Disclosure by Financing Team Members

All financing team members will be required to provide full and complete disclosure, relative to agreements with other financing team members and outside parties. The extent of disclosure may vary depending on the nature of the transaction. However, in general terms, no agreements shall be permitted which could compromise the firm's ability to provide independent advice which is solely in the City's best interests or which could reasonably be perceived as a conflict of interest.

XV. POST-ISSUANCE COMPLIANCE

A. General

In conjunction with the issuance of a tax-advantaged obligation, bond counsel issues an opinion that is in part based on the reasonable expectation that the issuer will comply with federal tax law requirements to preserve the tax-advantaged status of the obligation. The issuer agrees to comply with these requirements through representations it makes in the tax compliance certificate. The purpose of this Post-Issuance Compliance Policy is to establish policies and procedures in connection with the issuance of the Bonds, so as to (a) maximize the likelihood that the City satisfies all applicable post-issuance requirements of federal income tax law needed to preserve the tax exempt status of bonds, (b) ensure that the City will take any appropriate remedial actions on a timely basis if a future event occurs that could affect the tax-exempt status of bonds, and (c) maximize the likelihood that the City complies with applicable federal securities laws, including any contractual obligations arising thereunder. The City reserves the right to use its discretion as necessary and appropriate to make exceptions or request additional provisions as circumstances warrant. The City also reserves the right to change these policies and procedures from time to time.

Issuers and borrowers are also required to disclose, on a periodic basis, financial information and certain other information that may impact their ability to service their debt. This ongoing reporting requirement is known as continuing disclosure. The requirements of continuing disclosures are set forth in Securities and Exchange Commission ("SEC") Rule 15c2-12. The issuer makes representations in its official statements and other bond documents regarding its intent to comply with the requirements of Rule 15c2-12.

B. Designation of Post-Issuance Compliance Officer

The Director of Finance, or his or her designee, shall be the Post-Issuance Compliance Officer (the "Compliance Officer") for the City's bonds (the "Bonds"). The Compliance Officer, if City staff, may designate such other personnel as may be necessary to assist in determining continuing compliance with all relevant law and regulations applicable to the continued favorable tax treatment of such indebtedness, and to comply with the record-keeping responsibilities outlined herein. At such time as the initial Compliance Officer is replaced or a new Compliance Officer is designated the departing Compliance Officer will ensure that such successor is fully briefed as to the status of the City's outstanding tax-exempt indebtedness and the location of records relating to such indebtedness, and that such successor receives training and consultation(s) with bond counsel as to his or her duties as Compliance Officer under this policy.

C. External Advisors

The City shall consult with bond counsel and other legal counsel and advisors, as needed, so long as any of bonds remain outstanding, to identify requirements and to establish procedures necessary or appropriate so that interest on the Bonds will continue to be excludable from gross income for federal income tax purposes. Those requirements and procedures shall include future compliance with applicable private activity bond tests, arbitrage rebate requirements and all other applicable post-issuance requirements of federal tax law throughout (and in some cases beyond) the term of bonds. The Compliance Officer shall conduct periodic reviews, at least annually, or more often as may be necessary, to determine that the City remains in compliance with all laws and regulations, including, without limitation, the matters set forth herein. The Compliance Officer annual review shall include matters that relate to the tax-exempt status of the

Bonds, continuing compliance with covenants that relate to the tax-exempt status of the Bonds, and any new matters or public finance developments that relate to the tax-exempt status of the Bonds or continuing compliance with such requirements. The City may consult with bond counsel in conducting its review and may engage expert advisors (each a "Rebate Analyst") to assist in the calculation of arbitrage rebate payable in respect of the investment of Bond proceeds in the manner more fully set forth in the Tax Certificate.

D. Uses and Investments of Funds and Accounts

a) Various funds and accounts are established as security for the Bonds. The Compliance Officer shall prepare regular, periodic statements regarding the investments and transactions involving Bond Proceeds, which shall comprise part of the records required to be kept.

b) If any Debt Service Fund ever contains any balance after the principal payment of the Bonds is made each year, except for a reasonable carryover amount which is less than the greater of the earnings on the Debt Service Fund for the immediately preceding year ending on such principal payment date (a "Bond Year"), or 1/12 of the principal and interest payments on the Bonds for the immediately preceding Bond Year, then the Compliance Officer will contact bond counsel to ensure that such facts will not cause the Bonds to become arbitrage bonds, to formulate a plan to remediate such condition, if necessary, and to determine an allowable use for such excess moneys and/or to determine if any yield restrictions apply.

c) If any Construction Fund ever is invested at a yield higher than the yield of the Bonds or if moneys in the Construction Fund are not fully expended by three years after the original delivery date of the Bonds, then the Compliance Officer will contact bond counsel to ensure that such facts will not cause the Bonds to become arbitrage bonds, to formulate a plan for the investment and application of the remaining unexpended Bond Proceeds, which plan may include the redemption or defeasance of Bonds, and/or to determine if any yield restrictions apply.

d) If any Debt Service Reserve Fund is ever funded (i) in an amount more or less than the required balance but declining in future years as detailed in the Tax Certificate), or (ii) is invested at a yield that is higher than the yield of the Bonds, then the Compliance Officer will contact bond counsel to ensure that such facts will not cause the Bonds to become arbitrage bonds, to formulate a plan to remediate such condition and/or to determine if any yield restrictions apply. Generally, if the Debt Service Reserve Fund ever contains a higher balance than required (either through the accrual of interest, investment gains, maturity of securities, or reduction in the Reserve Requirement) then the excess moneys should be dealt with as directed by the documents and approved by Bond Counsel.

E. Rebate Reporting

The use of bond proceeds and their investments must be monitored to ensure compliance with arbitrage restrictions. The City will cause arbitrage rebate calculations to be completed, or cause to be completed by an experienced firm the City has retained for this purpose related to any bond issues, with any positive rebate paid every five years and as otherwise required by applicable provisions of the Internal Revenue Code and regulations. Therefore, the Director of Finance shall ensure that proceeds and investments are tracked in a manner that facilitates accurate, complete calculation, and timely rebates, if necessary.

F. Continuing Disclosure (if applicable)

a) *Appointment.* Unless otherwise provided in any Continuing Disclosure Agreement executed in connection with the Bonds pursuant to SEC Rule 15c2-12 (the "Continuing Disclosure Agreement"), the Compliance Officer shall also be the Dissemination Agent under such Continuing Disclosure Agreement. The Compliance Officer shall be responsible for and take all reasonable steps to ensure compliance with said Continuing Disclosure Agreement and shall monitor the operations of the Issuer for occurrence of any listed event (as set forth therein). Should the Compliance Officer no longer serve as Dissemination Agent, the City shall select an internal or external Dissemination Agent.

b) *Responsibilities.* The Dissemination Agent is responsible for the following (the "Disclosure Policies"):

i. serving as a "point person" for personnel to communicate issues or information that should be or may need to be included in any Continuing Disclosure Agreement;
ii. monitoring compliance by the City with these Disclosure Policies, including timely dissemination of the annual report and event filings as described below;
iii. recommending changes to these Disclosure Policies to the City as necessary or appropriate;
iv. following up with others to make sure that assigned tasks have been completed on a timely basis and making sure that the continuing disclosure annual report is filed on a timely basis; and
v. maintaining records documenting the City's compliance with these Disclosure Policies and the Continuing Disclosure Agreement.

—*Filing Requirements.* The City is required to file an annual report with the MSRB's Electronic Municipal Market Access ("EMMA") system each year. Such annual reports are required to include certain updated financial and operating information and audited financial statements. The Dissemination Agent will establish a calendar reminder of the city's continuing disclosure obligations on July 1 each year. The City is also required to file notices of certain events with the MSRB's Electronic Municipal Market Access system. Upon the identification of the occurrence of a material event, the Dissemination Agent shall, in consultation with Bond Counsel, prepare, or caused to be prepared, a draft of the necessary notice and shall notify such parties of the date by which such notice is to be filed. If it is not clear if the occurrence of an event constitutes an event the requires notification, then the Dissemination Agent shall consult with Bond Counsel to determine whether the City is required to file a notice concerning such event.

c)

G. Continuing Disclosure

The City shall remain in compliance with Rule 15c2-12 by filing its annual financial statements and other financial and operating data for the benefit of its bondholders within the required time frame stated in each Continuing Disclosure. The inability to make timely filings must be disclosed and is a negative reflection. While there is reliance on timely audit and preparation of the City's annual report, the Director of Finance will ensure that the City's timely filing with the Municipal Securities Rulemaking Board.

GLOSSARY

Arbitrage- The difference between the interest paid on the tax-exempt securities and the interest earned by investing the security proceeds in higher-yielding taxable securities. IRS regulations govern arbitrage on the proceeds from issuance of municipal securities.

Balloon Maturity- A later maturity within an issue of bonds that contains a disproportionately large percentage of the principal amount of the original issue.

Bond Allocation Policies- Outline as to how an investor's order is filled when a maturity in an underwriting syndicate is oversubscribed. The senior managing underwriter and issuer decide how the bonds will be allocated among the syndicate. There are three primary classifications of orders, which form the designation policy. The highest priority is given to Net Designated orders; the next priority is given to Group Net orders and Member orders are given the lowest priority (unless the Member orders are retail orders in which case it would be given the highest priority).

Bullet Maturity- Maturity for which there are no sinking fund payments prior to the stated maturity date.

Call Provisions- The terms of the bond contract giving the issuer the right to redeem all or a portion of an outstanding issue of bonds prior to their stated dates of maturity at a specific price, usually at or above par.

Capitalized Interest- A portion of the proceeds of an issue that is set aside to pay interest on the securities for a specific period of time. Interest is commonly capitalized for the construction period of the project.

Commercial Paper- Very short-term, unsecured promissory notes issued in either registered or bearer form, and usually backed by a line of credit with a bank.

Competitive Sale- A sale of securities by an issuer in which underwriters or syndicates of underwriters submit sealed bids to purchase the securities in contrast to a negotiated sale.

Continuing Disclosure- The principle that accurate and complete information material to the transaction which potential investors would be likely to consider material in making investment decisions with respect to the securities be made available on an ongoing basis.

Credit Enhancement- Credit support purchased by the issuer to raise the credit rating of the issue. The most common credit enhancements consist of bond insurance, direct or standby letters of credit, and lines of credit.

Debt Service Reserve Fund- The fund in which moneys are placed which may be used to pay debt service if pledged revenues are insufficient to satisfy the debt service requirements.

Deep Discount Bonds- Bonds that are priced for sale at a substantial discount from their face or par value.

Derivatives- A financial product whose value is derived from some underlying asset value.

Designation Policies- Concerning a negotiated sale of bonds, the rules regarding how the takedown (sales commission) is allocated among the underwriters for each order put in for the bonds.

Direct Purchase Loan- A source of financing where the loan is purchased by a financial institution instead of being offered to the general public for purchase. The loan can bear interest at a fixed rate or on a variable rate tied to market index (i.e. LIBOR or SIFMA). This form of financing does not require a remarketing agent to set the variable rate. As such, a Direct Purchase Loan can be used to replace traditional forms of variable-rate debt.

Escrow- A fund established to hold moneys pledged and to be used to pay debt service on an outstanding issue.

Expenses- Compensates senior managers for out-of-pocket expenses including: underwriters counsel, DTC charges, travel, syndicate expenses, dealer fees, overtime expenses, communication expenses, computer time and postage.

Floating Rate Notes (FRNs)- A note with a variable interest rate sold either in the public market or directly to financial institutions. The adjustments to the interest rate are typically tied to a certain index like LIBOR or SIFMA and are made periodically. The rate would continue to reset in the same manner through maturity. The LIBOR-based floating rate note market typically does not require bank support and as a result, offers issuers an alternative to traditional floating rate debt.

Grant Anticipation Notes (GANs)- Short term notes issued by the government unit, usually for capital projects, which are paid from the proceeds of State or Federal grants of any type.

Letters of Credit- A bank credit facility wherein the bank agrees to lend a specified amount of funds for a limited term.

Management Fee- The fixed percentage of the gross underwriter's spread which is usually only paid to the managing underwriter for the structuring phase of a transaction.

Members- Underwriters in a syndicate other than the senior underwriter.

Moody's Median. Key financial, debt, economic and tax base statistics with median values for each statistic presented. Moody's uses audits for both rated and unrated agencies to ensure that the medians presented are representative of all agencies.

Negotiated Sale- A method of sale in which the issuer chooses one underwriter to negotiate terms pursuant to which such underwriter will purchase and market the bonds.

Original Issue Discount- The amount by which the original par amount of an issue exceeds its public offering price at the time it is originally offered to an investor.

Pay-As-You-Go- An issuer elects to finance a project with existing cash flow as opposed to issuing debt obligations.

Present Value- The current value of a future cash flow.

Private Placement- The original placement of an issue with one or more investors or financial institutions as opposed to being publicly offered or sold.

Rebate- A requirement imposed by the Tax Reform Act of 1986 whereby the issuer of the bonds must pay the IRS an amount equal to its profit earned from investment of bond proceeds at a yield above the bond yield calculated pursuant to the IRS code together with all income earned on the accumulated profit pending payment.

Tax and Revenue Anticipation Notes (TRANs)- Short-term notes issued by a government unit, usually for capital projects, which are paid from the proceeds of sales tax or other revenue sources.

Selling Groups- The group of securities dealers who participate in an offering not as underwriters but rather as those who receive securities less the selling concession from the managing underwriter for distribution at the public offering price.

Syndicate Policies- The contractual obligations placed on the underwriting group relating to distribution, price limitations and market transactions.

Underwriter- A dealer that purchases new issues of municipal securities from the Issuer and resells them to investors.

Underwriter's Discount- The difference between the price at which the Underwriter buys bonds from the Issuer and the price at which they are reoffered to investors.

Variable Rate Debt- An interest rate on a security, which changes at intervals according to an index or a formula or other standard of measurement as, stated in the bond contract.

1. City of Modesto Philosophy Regarding Use of Interest Rate Swaps
A. Introduction

Interest rate exchange agreements or interest rate swaps ("Swaps") and related financial instruments and derivatives are appropriate interest rate management tools. Properly used, Swaps can increase the City of Modesto's (the "City") financial flexibility and provide opportunities for interest rate savings.

Swaps are appropriate to use when they achieve a specific financial objective consistent with the City's overall Swap and Debt Management policies. Swaps may be used, for example, to lock-in a current market fixed rate or create additional variable rate exposure. Swaps may be used to produce interest rate savings or alter the pattern of debt service payments. Swaps may be used to cap, limit or hedge variable rate payments. Options granting the right to commence or cancel an underlying Swap is permitted to the extent the Swap itself is otherwise consistent with this policy.

The authorized Swaps contemplated in this policy are intended to reduce the amount or duration of interest rate risk, or produce a lower cost of borrowing when used in combination with the issuance of bonds.

B. Rationales for Utilizing Interest Rate Swaps

The use of Swaps and related financial instruments should balance the City's primary objectives of reducing the cost of capital, minimizing the City's exposure to interest rate volatility, and gaining flexibility in structuring and managing its debt portfolio over time with the risks associated with these tools and instruments. Examples of how the City's debt management objectives can be achieved through the use of Swaps and other financial instruments are described below:

- Reduce borrowing costs at the time of issuance
  Create synthetic fixed rate debt through a floating-to-fixed Swap.

- Actively manage interest rate risk
  Lock-in current market rates through (forward starting) floating-to-fixed Swap.

- Balance financial risk
  Purchase of an interest rate cap.

- Achieve appropriate asset/liability match
  Create variable rate exposure through fixed-to-floating Swap.

Under no circumstances will Swaps be used for speculative purposes, e.g., to realize trading gains.

2. Authority for Entering Into Swap Agreements

The purpose of this policy is to integrate the use of Swaps into the City's overall debt management practice, and other funds of the City where particular debt strategies, both long-term and short-term, factor into these decisions. Swaps will not be used for speculation. The City Manager, in conjunction with the Director of Finance, shall be responsible for determining if and when it is in the City's overall best financial interests to enter into a Swap or related financial instruments covered by this policy.

The City shall comply with all applicable laws. The City must receive an opinion acceptable to the financial market from a nationally recognized law firm that the swap contract is a legal, valid, and binding obligation of the City and that entering into such a contract complies with applicable provisions of the City Charter and State statutes.

3. Permitted Instruments

The City may utilize financial instruments that (i) lower its interest expense, (ii) manage its financial risk or (iii) improve its financial condition.

The City shall not use financial instruments that (i) create substantial leverage or financial risk, (ii) lack adequate liquidity to terminate at market, (iii) provide insufficient price transparency to allow reasonable valuation on an ongoing basis, or (iv) are primarily speculative in nature.

The use of swaps and other hedging products should produce a result not otherwise available in the cash market (i.e., lack of advance refunding/non-callable debt), or provide a higher level of net savings compared to conventional financing methods.

A. Permitted Financial Instruments

The City may expressly utilize the following financial instruments, after identifying the financial objective(s) to be realized and assessing the attendant risks:

- Interest Rate Swaps including, but not limited to:
- Fixed-to-Floating
- Floating-to Fixed
- Forward Starting Interest Rate Exchange Agreements

Current or forward starting floating-to-fixed rate swaps, designed to reduce a fixed interest rate below that which would otherwise be available through the use of traditional fixed rate debt.

Fixed-to-floating rate swaps, designed to create additional variable interest rate exposure

- **Rate Locks**
  Cash-settled forward contracts based on indices such as the MMDTM[1] "AAA" scale.

- **Interest Rate Caps, Floors or Collars**
  Financial contracts that limit exposure to interest rate volatility.

- **Options on Variable Rate Indices**
  Indices could include the Securities Industry and Financial Markets Association ("SIFMA") Index[2], London Interbank Offered Rate ("LIBOR")[3], etc.

- **Options on Swaps ("Swaptions")**
  Methods used to control the commencement or cancellation of interest rate swaps.

- **Basis Swaps**
  Floating-to-floating rate swaps using different variable-rate indices, such as a swap from the SIFMA Index to a percentage of LIBOR.

[1] MMDTM is a trademark of Municipal Market Data, a Thompson Financial company.
[2] The SIFMA Index is an index of more than 500 high-grade, tax-exempt, weekly reset VRDO issues.
[3] LIBOR is the benchmark short-term loan rate in the corporate (taxable) market.

4. Swap Risk Analysis

The City shall require for each proposed financing an evaluation of all financial products with respect to the unique risks that they bear. A specific determination must be made that the proposed or expected benefits exceed the identified risks by an adequate margin over those available in the traditional cash market. At a minimum, the City shall perform an evaluation of the risks and what steps have been taken to mitigate any risks. The City shall retain a financial/swap advisor to assist in assessing these risks. Questions that may arise include the following:

- **Market or Interest Rate Risk**
  Does the transaction hedge (i.e., decrease or eliminate) or increase interest rate volatility?

- **Tax Risk**
  How is the transaction or its benefits affected by a future change in federal income tax policy?

- **Termination Risk**
  Under what circumstances might the transaction be terminated? At what value?

- **Risk of Uncommitted Funding (Put Risk)**
  Does the transaction create additional financing dependent upon third party participation (such as requiring a letter of credit, grant or other anticipation funding, etc.)?

- **Rollover Risk**
  Is the term of the Swap shorter than the term of the underlying hedged debt or financial instrument? Does the City anticipate entering into another Swap when the first Swap terminates?

- **Legal Risk**
  Is the transaction expressly legally authorized?

- **Counterparty Risk**
  What is the creditworthiness of the counterparty?

- **Rating Agency Risk**
  Is the proposed transaction consistent with the City's current ratings and ratings objectives?

- **Basis Risk**
  Is it anticipated that the projected Swap payments the City will receive closely match the debt service payments it will make?

- **Subsequent Business Conditions**
  Does the transaction or its benefits depend upon the continuation, or realization, of specific industry business conditions (e.g., unusual demand for state-specific variable rate debt)?

- **Operational Risk**
  Does the City have adequate systems, policies, and practices in place to monitor and manage the transaction over its term?

5. Swap Procurement and Execution

A. Procurement

The City will not have a fixed policy with respect to the procurement of Swaps and other financial instruments authorized by this policy. On a product-by-product basis, the City will have the authority to negotiate or competitively bid the procurement of financial instruments that have customized or specific attributes designed on its behalf. The Director of Finance will be responsible for determining the method of procurement for Swaps and related financial instruments. An independent financial/swap advisor shall be retained to assist the Director of Finance in evaluating the proposed pricing of Swaps or related financial instruments.

B. Swap Execution

The Director of Finance may recommend the use of financial derivative products if they:

1. Provide a specific benefit not otherwise available;
2. Produce greater expected interest rate savings than cash market alternatives;
3. Do not create substantial leverage or financial risk;
4. Result in an improved capital structure or better asset/liability match; and
5. Reasonably pass the Swap Risk Evaluation required by Section 4 of this policy.

C. Credit Rating Designations

For purposes of this Swap Policy, references to credit ratings will be based on those ratings issued by Moody's Investors Service, and/or Standard & Poor's Corporation, and/or Fitch Ratings. The credit ratings will reflect the designations assigned by each of these rating agencies utilized for comparable credit and will be listed for each rating agency utilized in the order shown in the preceding sentence.

6. Swap Documentation

The City will use standard International Swap and Derivatives Association, Inc. ("ISDA") Master Agreement, including the Counterparty Schedule to the Master Agreement and a Credit

Support Annex (utilizing such versions thereof as the Director of Finance shall determine), as supplemented and amended in accordance with the recommendations of the City's financial/swap advisor and legal counsel. Each Swap entered into by the City shall include payment, term, security, collateral, default, remedy, termination and other terms, conditions and provisions as the Director of Finance may deem necessary or desirable.

A. Terms and Notional Amount of Swap Agreement

The City shall determine the appropriate term for Swaps on a case-by-case basis. The slope of the swap curve, the marginal change in swap rates from time to time along the swap curve, and the impact that the term of the Swap will have on the City's overall financial (e.g., interest rate, market value, counterparty, etc.) exposure shall be considered in determining the appropriate term of any Swap agreement. In connection with the issuance or carrying of bonds, the term of the Swap agreement between the City and qualified swap counterparty shall not extend beyond the final maturity date of existing City debt, or in the case of a refunding transaction, beyond the final maturity of the refunding bonds. At no time shall the total net notional amount of all Swaps, excluding any offsetting Swaps exceed the total amount of outstanding applicable bonds. Variable rate debt exposure created through the use of Swaps will be consistent with the limitations set forth in the City's adopted Debt Management Policy. Terms and conditions of any Swap shall be negotiated by the Director of Finance in the best interests of the City subject to the applicable legal provisions and this policy. The Swap agreements entered into between the City and each counterparty shall include payment, term, security collateral, default, remedy, termination, and other terms, conditions and provisions as the Director of Finance, in consultation with City legal counsel and its swap advisor, deems necessary or desirable.

Subject to the provisions contained herein, the City's swap documentation and terms should include the following:

- The City will be able to terminate the swap without cause subject to market termination costs.
- The swap counterparty will only be able to terminate the swap if the City's credit ratings fall below a certain pre-determined threshold and/or the City's failure to perform, as required by the swap contract.
- Governing law for Swaps will be New York, but should reflect California authorization provisions.
- The specified indebtedness related to credit events in the Master Agreement should be narrowly drafted and refer only to specific debt of the issuing fund.
- Eligible collateral should be limited to Treasuries, Federal Agencies and any other securities which, in the City's sole discretion, shall be deemed reasonable and creditworthy.
- Collateral thresholds should be set on a sliding scale reflective of credit ratings.
- Termination value should be set by "market quotation" methodology.
- Whenever possible use a credit support annex to document swap termination value collateralization procedures.
  Ratings downgrade triggers.

7. Policy on Swap Counterparties

The City shall only do business with highly rated counterparties, and will structure swap agreements to protect itself from credit deterioration. All Swap transactions shall contain provisions granting the City the right to optionally terminate a swap agreement at-market at any time over the term of the agreement.

A. Qualified Swap Counterparties

The City should not have an immutable credit standard. However the City shall attempt to do business with highly rated counterparties the long-term ratings of which at the date of execution are at least "Aa" or "AA" by one or more Nationally Recognized Statistical Ratings Organizations (NRSRO) and no less than "A2" or "A" by one or more NRSRO. For lower rated counterparties, the City should seek credit enhancement in the form of:

1. Contingent swap counterparty providing support;
2. Collateral;
3. Ratings downgrade triggers; and,
4. Minimum rating threshold of "Baa3/BBB-/BBB-, "below which provisions will allow an assignment or trigger an additional termination event, with the counterparty as the affected party (i.e., the counterparty would pay market based transaction costs).

In addition, the counterparty must have a demonstrated record of successfully executing swap transactions as well as creating and implementing innovative ideas in the swap market. The City shall be authorized to enter into interest rate swap transactions only with qualified swap counterparties.

8. Limitations on Counterparty Exposure

A. Guidelines

In order to diversify the City's counterparty credit risk, and to limit the City's credit exposure to any one counterparty, limits will be established for each counterparty based upon both the credit rating of the counterparty as well as the relative level of risk associated with each existing and proposed swap transaction. The guidelines shown in the following table provide general termination exposure guidelines with respect to whether the City should enter into an additional transaction with an existing counterparty. The City may make exceptions to the guidelines at any time to the extent that the execution of a swap achieves one or more of the goals outlined in these guidelines or provides other benefits to the City. In general, the maximum net termination exposure to any single counterparty should be set so that it does not exceed a prudent level as measured against the gross revenues, available assets or other financial resources of the City.

For example, if the City has two Swaps with one counterparty, and if the first Swap's market value positive $10 million and the second Swap's market value is negative $20 million, then the City's total net exposure to the counterparty is negative $10 million.

Such guidelines will also not mandate or otherwise force automatic termination by the City or the counterparty. Maximum net termination exposure is not intended to impose retroactively any terms and conditions on existing transactions. Such provisions will only act as guidelines in making a determination as to whether or not a proposed transaction should be executed given certain levels of existing and projected net termination exposure to a specific counterparty. Collateral posting guidelines are described in the collateral section below. The calculation of net termination exposure per counterparty will take into consideration multiple transactions, some of which may offset the overall exposure to the City.

Under this approach, the City will set limits on individual counterparty exposure based on existing as well as new or proposed transactions. The sum of the current market value and the projected exposure shall constitute the maximum net termination exposure. For outstanding transactions, current exposure will be based on the market value as of a recently completed swap valuation report provided by the City's swap advisor. Projected exposure shall be calculated based on the swap's potential termination value taking into account possible adverse changes in interest rates as implied by historical or projected measures of potential rate changes applied over the remaining term of the swap. For purposes of this calculation, the City shall include all existing and projected transactions of an individual counterparty and all transactions will be analyzed in aggregate such that the maximum exposure will be additive.

The exposure thresholds, which will be reviewed periodically by the City to ensure that they remain appropriate, will also be tied to long-term credit ratings of the counterparties and whether or not collateral has been posted as shown in the table below. If a counterparty has more than one rating, the lowest rating will govern for purposes of the calculating the level of exposure. If contingent swap counterparty or swap insurance is used to provide financial support for the primary counterparty, the rating of the support entity shall be used. A summary table is provided below:

Credit Ratings	**Maximum Collateralized Net Termination Value**	**Maximum Uncollateralized Net**	**Maximum Net Termination Exposure**
		Termination Value	
AAA	N/A	$30.0 million	N/A
AA Category	$30.0 million	$20.0 million	$30.0 million
A Category	$20.0 million	$10.0 million	$20.0 million
Below A Category	$10.0 million	$5.0 million	$15.0 million

If the exposure limit is exceeded by counterparty, the City shall conduct a review of the exposure limit per counterparty. The City, in consultation with its bond counsel and swap advisor, shall explore remedial strategies to mitigate this exposure.

9. Benefit Expectation

Financial transactions, using Swaps or other derivative products, intended to produce the effect of a synthetic advance refunding, must generate at least 25% greater savings than the benefit threshold then in effect for fixed-rate bonds as determined by the City's Director of Finance. (see Debt Management Policy Section 10A).

The higher savings target reflects the greater complexity and higher risk of derivative financial instruments.

In calculating the prospective savings against the target for implementing a fixed-to-variable swap, the cost of remarketing, in addition to the cost of credit and liquidity fees must be added to the variable rate representing the ten-year average of comparable variable rate securities.

10. Termination Provisions

All swap transactions shall contain provisions granting the City the right to optionally terminate a swap agreement at market at any time over the term of the agreement, but shall NOT grant this right to the counterparty. In general, exercising the right to terminate an agreement produces a benefit to the City, either through the receipt of a payment from a termination, or if the termination payment is made by the City, in conjunction with a conversion to a more beneficial (desirable) City debt obligation, as determined by the City.

11. Collateral

As part of any swap agreement, the City shall require collateralization or other credit enhancements to secure any or all swap payment obligations. As appropriate, the City, in consultation with its bond counsel and swap advisor, may require collateral or other credit enhancements to be posted by each swap counterparty under the following circumstances:

- Each counterparty to the City may be required to post collateral if the highest credit rating of the counterparty or parent falls below the "Aa/AA" category. Additional collateral for further decreases in credit ratings of each counterparty shall be posted by each counterparty in accordance with the provisions contained in the collateral support agreement to each counterparty with the City.
- Collateral shall be deposited with a third party trustee, or as mutually agreed upon between the City and the counterparty.
- A list of acceptable securities that may be posted as collateral and the valuation of such collateral will be determined and mutually agreed upon during negotiation of the swap agreement with each swap counterparty.
- The market value of the collateral shall be determined on at least a weekly basis.
- The City shall determine the reasonable threshold limits for the initial deposit and for increments of collateral posting thereafter.

- The City shall determine on a case-by-case basis whether other forms of credit enhancement, such as swap insurance, are more beneficial in lieu of the posting of additional collateral.
- An evaluation of the performance of the swap relative to the rate on the bonds.
- A computation of the effective cost of borrowing inclusive of all fees and costs associated
  with the underlying financing.

12. Conformance with Dodd-Frank

It is the intent of the City to conform this policy to the requirements relating to legislation and regulations for over-the-counter derivatives transactions under Title VII of the Wall Street Transparency and Accountability Act of 2010, as supplemented and amended from time to time (herein collectively referred to as "Dodd-Frank"). Pursuant to such intent, it is the policy of the City that: (i) each swap advisor engaged or to be engaged by the City will function as the designated qualified investment representative of the City, sometimes referred to as the "Designated QIR"; (ii) each swap advisor agrees to meet and meets the requirements specified in Commodity Futures Trading Commission Regulation 23.450(b)(1) or any successor regulation thereto (herein referred to as the "Representative Regulation"); (iii) each swap advisor provide a written certification to the City to the effect that such swap advisor agrees to meet and meets the requirements specified in the Representative Regulation; (iv) the City monitor the performance of each swap advisor consistent with the requirements specified in the Representative Regulation; (v) the City exercise independent judgment in consultation with its swap advisor in evaluating all recommendations, if any, presented by any counterparty with respect to transactions authorized pursuant to this Debt Policy; and (vi) the City rely on the advice of its swap advisor with respect to transactions authorized pursuant to this Debt Policy and not rely on recommendations, if any, presented by any counterparty with respect to transactions authorized pursuant to this Debt Policy.

13. Monitoring and Reporting

At least once per year normally as part of the City Financial Annual Report (CAFR), or as requested by the City Council, the Director of Finance shall prepare a information describing the various Swaps and financial arrangements entered into by the City pursuant to this policy that are in effect as of the date of the report's publication. The report shall include the following information:

1. A summary of key terms of the agreements, including notional amounts, interest rates, maturity and method of procurement.

2. The mark-to-market value of each agreement.

3. The full name, description, and credit ratings of each counterparty or the applicable guarantor.

4. The amounts that were required to be paid and received and any amounts that were actually paid and received.

5. A listing of any credit enhancement, liquidity facility, or reserves and an accounting of all costs and expenses associated with the credit enhancement, liquidity facility, or reserves.

6. The aggregate mark-to-market value and potential termination value for each swap by counterparty.
7. A discussion of other risks associated with each transaction.

At the end of each fiscal year, the Director of Finance shall provide to the City Council all information required for financial reporting under GASB as well as any other reporting or disclosure requirements. The City shall adhere to California Government Code Section 5922 and applicable Government Accounting Standards Board (GASB) guidelines for reporting and disclosure guidelines for derivative products.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-232

RESOLUTION AMENDING THE FISCAL YEAR 2014-2015 ANNUAL OPERATING AND CAPITAL IMPROVEMENT BUDGETS

WHEREAS, a financial analysis has been completed and it has been determined that a budget adjustment is required to the Annual and Capital Improvement Budgets of the City of Modesto for Fiscal Year 2014-2015,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the Fiscal Year 2014-2015 Annual Operating and Capital Improvement budgets as shown in **Exhibit A**, which is **attached** hereto and incorporated by reference herein.

BE IT FURTHER RESOLVED that the Director of Finance, or her designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7th day of July, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following votes:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Madrigal, Zoslocki, Mayor Marsh
NOES:	Councilmembers:	None
ABSENT:	Councilmembers:	None

EXHIBIT A

FISCAL YEAR 2014-15

PARKS, RECREATION AND NEIGHBORHOODS

On March 24, 2015 the Council of the City of Modesto, by Resolution #2015-97 approved $250,000 of General Fund balance Carryover to be used for Capital Improvement Project #100888, Miracle League. A budget adjustment is necessary to transfer $250,000 from the General Fund Reserves to Capital Improvement Project #100888, Miracle League, in Fund 1380, and establish the project expense budget.

PUBLIC WORKS

In Fiscal Year 2010-11 the Compost, Solid Waste and Green Waste Funds were combined in one fund. In Fiscal Year 2013-14 these funds were again separated; however, the reserve balances for each of the funds were not. A budget adjustment is necessary to transfer $545,090 from the Green Waste Fund, 4892, to the Compost Fund, 4890; and, $828,012 from the Compost Fund, 4890, to the Solid Waste Fund, 4891, to restore the reserves within each fund.

A budget adjustment is necessary to transfer $750,000 from the Solid Waste Fund, 4891, as follows; $450,000 to the Green Waste Fund, 4892, and $300,000 to the Compost Fund, 4890, to ensure an adequate reserve level is maintained in each fund.

UTILITIES

A budget adjustment is necessary to transfer $110,000 from Transit Reserves to Capital Improvement Project #100749, Transit Building Restroom Remodel, in Fund 4540 for discretionary expense associated with the addition of an additional restroom.

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-233

RESOLUTION AUTHORIZING THE AWARD OF BID FOR THE FURNISHING OF A LIGHTING UPGRADE FOR THE BUS FACILITY PARKING LOT FOR THE PUBLIC WORKS DEPARTMENT, TRANSIT DIVISION TO DV ELECTRIC CO., SAN JOSE, CA, AND AUTHORIZING THE PURCHASING MANAGER, OR HIS DESIGNEE, TO ISSUE A PURCHASE ORDER FOR AN ESTIMATED TOTAL COST OF $60,965

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for the furnishing of a lighting upgrade for the bus facility parking lot, and

WHEREAS, the Purchasing Division issued RFB No. 1415-32 Lighting Upgrade for Bus Facility Parking Lot on the City's website under the commodity code for parking lot lighting services, to sixty-three (63) prospective bidders, ten (10) of which were local companies, and

WHEREAS, thirty-six (36) companies chose to download the RFB document, and

WHEREAS, bids were formally opened in the City Clerk's Office. Six (6) companies chose to respond, three of which were local companies, and

WHEREAS, all six (6) companies provided responsive and responsible bids, and

WHEREAS, Modesto Municipal Code 8-3.206 Support of Local Vendors is not applicable as FTA funding is used for this project, and

WHEREAS, based on providing the lowest responsive and responsible bid, City staff recommends the award of bid for the furnishing of a lighting upgrade for the bus facility parking lot for the Public Works Department, Transit Division to DV Electric Co., San Jose, CA, for an estimated total cost of $60,965, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all

purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. The award of bid for the furnishing of a lighting upgrade for the bus facility parking lot for the Public Works Department, Transit Division to DV Electric Co., San Jose, CA, conforms to Modesto Municipal Code 8-3.203, and

WHEREAS, funds are budgeted in Fiscal Year 2015-16 in Appropriation Unit: 4510-59999-55010.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid for the furnishing of lighting upgrade for the bus facility parking lot for the Public Works Department, Transit Division to DV Electric Co., San Jose, CA,.

BE IT FURTHER RESOLVED that the Purchasing Manager, or his designee, is hereby authorized to issue a purchase order for an estimated total cost of $60,965.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7th day of July, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-234

RESOLUTION AUTHORIZING THE SOLE SOURCE PROCUREMENT AND IMPLEMENTATION OF SITSTAT BY PSOMAS IN THE AMOUNT OF $28,000 AND THE LICENSE/ANNUAL SERVICE FEE IN THE AMOUNT OF $21,500 FOR AN ESTIMATED TOTAL COST OF $49,500

WHEREAS, the initial cost of the software program and implementation is $49,500. Annual cost after that will consist of the annual service charge of $12,500 and user charges of approximately $9,000 for a total annual cost of $21,500, and

WHEREAS, Modesto Fire will own the license for this product in Stanislaus County, and

WHEREAS, many agencies have expressed interest in purchasing rights to the product through Modesto Fire. It is anticipated that a large portion of the startup and ongoing maintenance fees could be recovered through agreements with other agencies, and

WHEREAS, with the implementation of resource sharing and drop boundaries, it is critical to have a program that can efficiently and accurately track and provide real-time data related to resource availability and location, SitStat by Psomas is a one of kind program that can provide this, and

WHEREAS, Psomas is the sole developer, distributor and supporting agency of SitStat. There are no other comparable programs/vendors on the market that could be looked at, and

WHEREAS, the Modesto Fire Department Staff, in cooperation with its regional partners, is recommending the purchase and implementation of this resource tracking and accountability software program, and

WHEREAS, the program will integrate with the existing computer aided dispatch (CAD) system and provide situational awareness to incident commanders and first responders via phone, tablet, and desktop access. The program will allow for resource tracking, personnel accountability, detailed site plans, hydrant information and locations, resulting in increased efficiencies and safer emergency scenes, and

WHEREAS, Modesto Municipal Code (MMC) Section 8-3.203 generally requires all purchases that meet or exceed $50,000 for material, equipment or contractual services to be formally bid. However, there are exceptions to the rule set forth in the MMC Section 8-3.204(b), which states that the purchasing agencies' requirements can be met solely by a single article or process; the sole source procurement of SitStat by Psomas conforms to this MMC section, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the sole source procurement and implementation of SitStat by Psomas in the amount of $28,000 and the license/annual service fee in the amount of $21,500 for an estimated total cost of $49,500.

BE IT FURTHER RESOLVED, that the Purchasing Manager is authorized to issue a purchase order for an estimated total cost of $49,500.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7th day of July, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-235

RESOLUTION APPROVING A USE AGREEMENT BETWEEN THE CITY OF MODESTO AND CONGREGATIONS BUILDING COMMUNITY (CBC) TO PROVIDE PROGRAMMING AT THE NEIGHBOORHOOD CENTER AT MARSHALL PARK (NCAMP)

WHEREAS, the City of Modesto (CITY) recognizes the importance of neighborhood programming, and

WHEREAS, CITY recognizes that Congregations Building Community (ORGANIZATION) has a long history of providing neighborhood and family programming, and

WHEREAS, CITY has space available at Neighborhood Center at Marshall Park (NCAMP), and

WHEREAS, ORGANIZATION has received a two-year grant through the Stanislaus Community Foundation to provide programming, and

WHEREAS, ORGANIZATION will be creating a custom program to run its programming based on the space and times available at the NCAMP.

IN LIGHT OF THE FOREGOING, CITY and ORGANIZATION desire to enter into a written Agreement in order to obtain the mutual benefits recited above.

WHEREAS, Organization will agree to comply with the following:

1. ORGANIZATION will provide CITY a detailed calendar of activities in accordance with the agreement.

2. ORGANIZATION agrees not to sublet the facility to any other agency.

3. ORGANIZATION agrees not to permanently modify the facility.

4. ORGANIZATION agrees not to use the facility for any other purpose stated in the agreement without getting written permission from the Parks, Recreation and Neighborhood Manager.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Use Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7th day of July, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-236

RESOLUTION APPROVING AN AMENDMENT TO AGREEMENT WITH BARTKIEWICZ, KRONICK & SHANAHAN, P.C. (BKS) TO PROVIDE ADDITIONAL LEGAL SERVICES FOR TERTIARY EFFLUENT WATER RIGHTS ANALYSIS IN AN AMOUNT NOT TO EXCEED $47,925 FOR THE IDENTIFIED SCOPE OF SERVICES, PLUS $5,021 FOR ADDITIONAL SERVICES (IF NEEDED), FOR A MAXIMUM TOTAL AMOUNT OF $52,946, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AMENDMENT TO AGREEMENT

WHEREAS, the North Valley Regional Recycled Water Program (NVRRWP) provides a regional solution to part of California's water crisis by making tertiary-treated recycled water available to the drought-impacted west side of several California counties (Stanislaus, San Joaquin, and Merced Counties) for farmland irrigation, and

WHEREAS, on April 27, 2010, City Council, by Resolution No. 2010-153, approved a Memorandum of Understanding (MOU) between the partners to fund the necessary studies associated with the NVRRWP, and

WHEREAS, currently, the Phase 3 feasibility study of the preferred project alternative is nearing completion, which includes the proposed project environmental documentation, stakeholder outreach, permitting and financial applications, and

WHEREAS, in a parallel effort, Bartkiewicz, Kronick & Shanahan, P.C. (BKS) is currently assisting the City with a Tertiary Water Rights Analysis, which includes preparing, filing and supporting the City's Wastewater Change Petition, with the State Water Resources Control Board (SWRCB), and

WHEREAS, this will allow the City to relocate its current wastewater discharge from the San Joaquin River (SJR) to the Delta Mendota Canal (DMC), and

WHEREAS, this effort will result in establishing the City's water rights to its recycled water, and

WHEREAS, the Petition was filed with the SWRCB on February 10, 2015, and two letters of protest were received by the close of the comment period on March 12, 2015, and

WHEREAS, in addition to assisting the City prepare responses to the two protests, BKS has also provided support in reviewing and providing responses to public comments on the draft environmental reports, which are closely related to issues in the petition's protests, and

WHEREAS, these ongoing, and upcoming, efforts exceed the amount in the current agreement, and as a result, City staff is requesting an amendment to provide continuing legal services for this phase of the NVRRWP,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Amendment to Agreement with Bartkiewicz, Kronick & Shanahan, P.C. to provide additional legal services for Tertiary Effluent Water Rights Analysis in an amount not to exceed $47,925 for the identified scope of services, plus $5,021 for additional services (if needed), for a maximum total amount of $52,946.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Amendment to Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7th day of July, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Madrigal, Zoslocki, Mayor Marsh
NOES:	Councilmembers:	None

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-237

RESOLUTION APPROVING AN EXEMPTION FOR THE MODESTO CITY SCHOOLS SPORTS AND RECREATION FIELDS FROM STAGE II DROUGHT CONTINGENCY PLAN REQUIREMENTS IN THE INTEREST AND CONCERN OF PROVIDING FOR THE HEALTH AND SAFETY OF THE USERS

WHEREAS, California is in currently entering the fourth consecutive year of drought conditions and most of the state, including the watershed that provides the City of Modesto's water supply, is experiencing exception drought conditions, and

WHEREAS, on May 1, 2015 the Modesto City Council approved changes to the Drought Contingency Plan and implemented Stage II water conservation requirements, and

WHEREAS, the Stage II requirements limit watering of turf to twice weekly before 9:00 a.m. and after 7:00 p.m., and

WHEREAS, on May 26, 2015 the Modesto City Council approved exemptions to the Stage II requirements for community sports and recreation fields owned by the City, and

WHEREAS, Modesto City Schools (MCS) has requested similar exemptions for its sports and recreation fields, and

WHEREAS, based on the water conservation practices that MCS has already implemented, staff recommended the following exemptions be granted to MCS:

1) For Modesto Metro Conference sports fields, including those reserved by the public, apply sufficient irrigation water as necessary to maintain a safe turf playing surface. Allow large comprehensive high schools to irrigate on half schedules; on half on Tuesday and Saturday and the other half on Wednesday and Sundays. Install "compliance" signs as per City guidance.

2) To pressure wash bleachers, walkways, eating areas, restrooms, and concession stands as necessary to maintain healthy and safe facilities.

3) To apply sufficient irrigation as necessary to establish germination of resurfaced sports fields. Only one field at a time will be refurbished. Install "compliance" signs as per City guidance.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an exemption for the Modesto City Schools sports and recreation fields from Stage II Drought Contingency Plan requirements in the interest and concern of providing for the health and safety of the users.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7th day of July, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Madrigal, Zoslocki, Mayor Marsh
NOES:	Councilmembers:	None

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-238

RESOLUTION APPROVING AN AGREEMENT WITH PEARSON PROPERTIES dba BERKSHIRE HATHAWAY HOME SERVICES FOR ON-CALL REAL ESTATE BROKER SERVICES FOR VARIOUS CITY PARCELS FOR ONE YEAR, WITH TWO ONE-YEAR EXTENSION OPTIONS, AT THE SOLE DISCRETION OF THE CITY, IN AN AMOUNT NOT TO EXCEED $100,000 PER YEAR, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT, AND UP TO TWO ONE-YEAR EXTENSION OPTIONS

WHEREAS, the Utilities Department (Utilities) occasionally receives requests to market and sell certain surplus City parcels, and

WHEREAS, in order to facilitate the requests, Utilities has determined the best method to market the properties is through the use of professional real estate brokers, and

WHEREAS, real estate firms have the resources to widely list the surplus properties, by using numerous listing and advertising services for maximum exposure to the general public, and

WHEREAS, on December 10, 2014, in compliance with Administrative Directive 3.1, Selection Procedures for Professional Consultants Who Provide Architectural and Engineering Services for Capital Projects, a Request for Qualifications and Proposals was initiated to perform on-call real estate broker services, and

WHEREAS, the Request for Qualifications was sent to seven (7) real estate broker firms, and we received responses from two (2) firms who provided Qualification Statements and Proposals, and

WHEREAS, both consulting firms, consisting of Berkshire Hathaway Home Services (Berkshire Hathaway) and Rand Commercial Properties, were chosen as the

most qualified since they are licensed by the state and have several years experience in marketing and selling Modesto area properties, and

WHEREAS, the two firms are deemed qualified to provide the requested on-call real estate broker services in a timely, efficient, and cost effective manner, and

WHEREAS, Berkshire Hathaway and its company predecessors of Modesto, has over 45 years of local real estate experience and has previously worked with the City of Modesto successfully selling and leasing various properties, and

WHEREAS, Berkshire Hathaway will charge the City a six percent (6%) commission rate, and

WHEREAS, Berkshire Hathaway has a proven track record of successfully bringing together sellers and buyers, and has previously represented the City in selling City property, and

WHEREAS, no new budget allocation will be sought because the project specific task orders under the agreement will be paid from existing Capital Improvement Program projects (CIPs), and

WHEREAS, Berkshire Hathaway will submit a written scope of services outlining the specific work, schedule, and cost estimate associated with each task order, and

WHEREAS, Berkshire Hathaway will perform no service until Capital Improvement Services management has approved the proposed specific task order and a written Notice to Proceed (NTP) is prepared and sent to Berkshire Hathaway prior to commencement of services, and

WHEREAS, at time of closing, Berkshire Hathaway shall be paid commission out of proceeds from the sale of the subject property by the title company, and

WHEREAS, revenues from the proceeds from property sales will be returned to each specific CIP project that originally funded the project, or determined on a case by case basis, and

WHEREAS, City staff recommends an On-call Appraisal and Consultant Services Agreement with Berkshire Hathaway be approved,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement with Pearson Properties dba Berkshire Hathaway Home Services for On-call real Estate Broker Consultant Services for various City parcels for one year, with two one-year extension options at the sole discretion of the City in an amount not to exceed $100,000 per year. Total cost for three years is not to exceed $300,000.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute said Agreement with Pearson Properties dba Berkshire Hathaway Home Services, and up to two one-year extension options.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7th day of July, 2015, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2015-239

A RESOLUTION OF THE CITY OF MODESTO CERTIFYING AN ENVIRONMENTAL IMPACT REPORT AND ADOPTING ENVIRONMENTAL FINDINGS AND A MITIGATION MONITORING AND REPORTING PROGRAM UNDER CEQA FOR THE NORTH VALLEY REGIONAL RECYCLED WATER PROGRAM AND APPROVING NVRRWP COMPONENTS

RECITALS - WHEREAS, the North Valley Regional Recycled Water Program (NVRRWP) is the planned construction of a water supply project that would deliver up to 59,000 acre feet per year (AFY) of recycled water produced by the cities of Modesto and Turlock via pipeline to the Delta-Mendota Canal (DMC), a feature of the Central Valley Project owned by U.S. Bureau of Reclamation (Reclamation). Recycled water will be conveyed from Modesto and Turlock through pipelines from their wastewater treatment facilities, crossing under the San Joaquin River, ending at the DMC. Water in the DMC would then be conveyed directly to Del Puerto Water District (DPWD) turnouts and thus to its customers. Recycled water also may be provided to Central Valley Project Improvement Act (CVPIA) designated Refuges located south of the Delta to deliver a portion of their supplemental water needs. The entire NVRRWP analyzed in the EIR/EIS may include either a pipeline from the City of Turlock conveying recycled water directly to the DMC, or a pipeline conveying recycled water to the City of Modesto's Jennings Water Quality Control Facility (Jennings Plant). Decisions regarding either of these potential pipelines and any associated facilities for conveying recycled water from the City of Turlock will be made by the City of Turlock in the future. At this time, the City of Turlock has not decided whether to proceed with its components of the NVRRWP. The portion of the NVRRWP that would be implemented by the City of Modesto ("City

Project") would include improvements to an existing pump station at the Jennings Plant and a pipeline that would convey recycled water from the Jennings Plant under the San Joaquin River to the DMC. The City Project includes a new point of discharge to the DMC. The NVRRWP is located partially within the Jennings Wastewater Treatment Plant, which is within the City limits, and partially in unincorporated Stanislaus County. The DMC is under the jurisdiction of Reclamation.

WHEREAS, the NVRRWP is subject to federal, as well as City, County of Stanislaus, and state environmental review requirements, because the City hopes to obtain federal funds from Reclamation, and the project requires a Reclamation approval action. An Environmental Impact Report/Environmental Impact Statement (EIR/EIS) was prepared for the Project for purposes of compliance with the National Environmental Policy Act (NEPA) and the California Environmental Quality Act (CEQA). The City is the project proponent and the lead agency under CEQA and Reclamation is the lead agency under the National Environmental Policy Act (NEPA). Cooperating agencies under NEPA include the U.S. Fish and Wildlife Service, which has federal Endangered Species Act (ESA) jurisdiction over terrestrial wildlife and freshwater fish and the National Oceanic and Atmospheric Administration National Marine Fisheries Service, which has ESA jurisdiction over anadromous fish. In addition, the City of Turlock and DPWD are partnering with the City of Modesto in developing the NVRRWP, and are thus responsible agencies under CEQA. The Project may require environmental approvals from the City, the County of Stanislaus, the California Department of Transportation (Caltrans), the State Historic Preservation Office, the California Department of Fish and Wildlife, the State Water Resources Control Board and Regional

Water Quality Control Board, Central Valley Region, California State Land Commission, Central Valley Flood Protection Board, San Joaquin Valley Air Pollution Control District, Natural Resource Conservation Service, the U.S. Army Corps of Engineers (USACE), the U.S. Fish and Wildlife Service, and the National Oceanic and Atmospheric Administration National Marine Fisheries Service; and

WHEREAS, the EIR/EIS analyzed three potential Project alternatives: (1) the Combined Alignment Alternative; (2) the Separate Alignment Alternative; and (3) the Patterson Irrigation District Conveyance Alternative; and

WHEREAS, the NVRRWP components that are approved by this resolution are included in both the Combined Alignment Alternative and the Separate Alignment Alternative. If the City of Turlock decides to proceed with its elements of the NVRRWP, then those elements may be elements of the Combined Alignment Alternative or elements of the Separate Alignment Alternative; and

WHEREAS, the environmental review of the NVRRWP commenced with the release of the Notice of Preparation on April 22, 2014 to public agencies and interested parties for consultation on the scope of the EIR/EIS; and

WHEREAS, the City and Reclamation prepared a Draft EIR/EIS dated January, 2015, which reflected the independent judgment of the City and Reclamation as to the potential environmental effects of the Project. The Draft EIR/EIS was circulated for a 60-day public review period between January 8, 2015 and March 11, 2015. The City and Reclamation held a joint public meeting regarding the Draft EIR/EIS for the NVRRWP on February 11, 2015. The meeting was conducted in an open house format to allow attendees to arrive at any time, talk to team members, review display boards and

environmental documentation. Attendees could comment either verbally or by submittal of comment cards, but no comments were submitted at the meeting; and

WHEREAS, public and agency comments were received and staff has prepared written responses to all public comments received during the public comment period in a Final EIR. The Final EIR also contains clarifications and minor revisions to information presented in the Draft EIR/EIS. No new information was received during the comment period or included in the Final EIR that would require recirculation of the Draft EIR under CEQA Guidelines section 15088.5. The Draft EIR/EIS text has been revised to include these minor revisions and the revised text is included in the Final EIR. The Draft EIR/EIS and Final EIR Response to Comments document are collectively referred to herein as the "Final EIR"; and

WHEREAS, a staff report prepared for the City Council, dated July 7, 2015 and incorporated herein by reference, described and analyzed the Project, the Draft EIR/EIS, the Final EIR, and staff's conclusions regarding the public comments and responses; and

WHEREAS, on July 7, 2015, the City Council considered the Final EIR and Project approvals at a public meeting at which the public had an opportunity to comment; and

WHEREAS, the Final EIR identified potentially significant impacts that will be reduced to a less than significant level with specified mitigation measures. Approval of the Project therefore requires adoption of environmental findings and a Mitigation Monitoring and Reporting Program under CEQA; and

WHEREAS, the Final EIR did not identify significant and unavoidable environmental impacts of the Project, approval of the Project therefore does not require the adoption of a Statement of Overriding Considerations; and

WHEREAS, the Final EIR, and the City Council July 7, 2015 staff report, regarding the Project and the Final EIR, including the analysis of the public comments, reflect the City's independent judgment and analysis; and

WHEREAS, the location and custodian of the Draft EIR/EIS and Final EIR and other documents that constitute the record of proceedings for the Project is the City of Modesto Utilities Department, 1010 Tenth Street, 4th Floor Modesto, CA 95354. The Draft EIR/EIS and Final EIR and documents relating to the Project are available for review in the City Utilities Department and on the website for the Project located at : http://www.nvr-recycledwater.org/documents.asp ; and

WHEREAS, the City Council desires to approve the following NVRRWP components: (1) the NVRRWP transmission facilities, including the new pumping plant upgrades and all necessary transmission pipelines to transmit and deliver recycled water from the Jennings Plant to the DMC; (2) the addition of a new authorized point of discharge of the City's recycled water to the DMC; (3) the additions of 43,259 acres in the DPWD and 124,897 acres in the wildlife refuges, as listed in the City's wastewater change petition, as the authorized place of use for the City's recycled water; and (4) the addition of supplemental CVPIA refuge water supplies to the authorized purposes of use for the City's recycled water. The City of Turlock will separately consider approvals of its components of the NVRRWP; and

WHEREAS, the NVRRWP does not include or authorize any changes in the use of wastewater at, or the operations of, the Modesto Ranch. As stated in the Final EIR, the City is "committed to continuing irrigation of the Ranch lands as a means of maintaining cost-effective treatment of the cannery wastewater flows." (See, Final EIR, Response to Comments 8-5, p. 8.8-6.) Any changes in the City's use of wastewater at, or the operations of, the Modesto Ranch will require additional and separate actions by the City in compliance with all applicable legal requirements, including any applicable requirements under CEQA.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto does as follows:

1. The foregoing recitals are true and correct and made a part of this resolution.

2. The City Council has reviewed and considered the Draft EIR/EIS and Final EIR (collectively, "Final EIR"), as well as the public comments and staff's analysis of the comments and changes to the Draft EIR/EIS in the Final EIR.

3. Based on its review of Project record as a whole, the City Council makes and adopts the following findings relating to the CEQA review for the Project prior to approving the Project:

A. The City Council certifies the Final EIR and finds it has been completed in compliance with CEQA and the CEQA Guidelines.

B. The City Council has independently reviewed and considered the information contained in Final EIR, including the written comments received during the Draft EIR/EIS review period and the oral and written comments received at the City Council meeting, prior to making its decision on the proposed Project.

C. The Final EIR reflects the City Council's independent judgment and analysis on the potential environmental impacts of the proposed Project. The Final EIR provides information to the decisionmakers and the public on the environmental consequences of the proposed Project.

D. The Final EIR adequately describes the proposed Project, its significant environmental impacts, mitigation measures, and a reasonable range of alternatives to the proposed Project.

4. The City Council hereby adopts all findings required under CEQA regarding environmental impacts of the Project and mitigation measures, and adopts a Mitigation Monitoring and Reporting Program as set forth in the CEQA Findings of Fact **attached** hereto as **Exhibit** A (which includes **Attachments** 1 and 2) and incorporated herein by reference, all in compliance with the requirements of CEQA.

5. The Council hereby approves the following Project components: (1) the NVRRWP transmission facilities, including the new pumping plant upgrades, all necessary transmission pipelines to transmit and deliver the City's recycled water from the Jennings Plant to the DMC; (2) the City of Modesto's change in authorized point of discharge to add discharges of the City's recycled water to the DMC; (3) the additions of 43,259 acres in the DPWD and 124,897 acres in the wildlife refuges, as listed in the City's wastewater change petition, as the authorized place of use for the City's recycled water; and (4) the addition of supplemental CVPIA refuge water supplies to the authorized purposes of use for the City's recycled water.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7th day of July, 2015, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Cogdill, Gunderson, Kenoyer, Lopez, Madrigal, Zoslocki, Mayor Marsh
NOES:	Councilmembers:	None

EXHIBIT A

CEQA FINDINGS OF FACT

OF THE CITY COUNCIL OF THE CITY MODESTO

for the

NORTH VALLEY REGIONAL RECYCLED WATER PROGRAM

JULY 7, 2015

I.
INTRODUCTION

The City of Modesto (City), as lead agency under the California Environmental Quality Act (CEQA), and the U.S. Department of the Interior, Bureau of Reclamation (Reclamation) as lead agency under the National Environmental Policy Act (NEPA), prepared a joint Draft Environmental Impact Report/Environmental Impact Statement (DEIR/EIS) for the North Valley Regional Recycled Water Program (NVRRWP or Project). The Draft EIR/EIS is a joint document intended to comply with both CEQA and NEPA. (See California Code of Regulations (CCR), Title 14, Division 6, Chapter 3 (State CEQA Guidelines), Section 15222 ("Preparation of Joint Documents"); and Code of Federal Regulations (CFR), Title 40, Sections 1502.25, 1506.2, and 1506.4 (authority for combining federal and state environmental documents). The City of Modest has considered comments received on the Draft EIR/EIS and has prepared a Final EIR, which addresses those comments. While the Draft EIR/EIS was prepared by the City of Modesto and the Bureau of Reclamation as a joint document, the Final EIR has been prepared as a separate CEQA document, which will be considered for certification by the City of Modesto. Reclamation will separately circulate a Final EIS for 30 days before issuing a Record of Decision for the NVRRWP. In its entirety, the Final EIR consists of the June 19, 2015 Final EIR ("Final EIR", or "FEIR") (EA/UP&P No. 2014-02; State Clearinghouse No. 2014042068), which includes Volume I containing the entire text of the Draft EIR/EIS that was published on January 8, 2015, plus Volume II including the comments that were received during the public review period and responses to those comments showing minor revisions and clarifications based on comments received.

As described in the Final EIR, the Project is the planned construction of a water supply project that would deliver up to 59,000 acre feet per year (AFY) of recycled water produced by the cities of Modesto and Turlock via pipeline to the Delta-Mendota Canal (DMC), a feature of the Central Valley Project owned by Reclamation. Instead of discharging into the San Joaquin River, recycled water will be conveyed from Modesto and Turlock through pipelines from their wastewater treatment facilities, crossing under the San Joaquin River, ending at the DMC. Water in the DMC would then be conveyed directly to Del Puerto Water District (DPWD) turnouts and thus to its customers. This project also proposes to provide water to Central Valley Project Improvement Act (CVPIA) designated refuges located south of the Delta to deliver a portion of their supplemental water needs. The proposed pipeline alignment is divided into two segments. One segment, which is under the jurisdiction of the City of Turlock, will convey recycled water from the City of Turlock through a pipeline beginning at the end of the existing Harding Drain Bypass Pipeline north to the City of Modesto's Jennings Water Quality Control Facility (Jennings Plant), where it would be combined with recycled water from Modesto. The second pipeline segment, which is the portion of the project that is under the jurisdiction of the City of Modesto, would extend from the Jennings Plant crossing under the San Joaquin River to convey water to the DMC. The proposed Project is located partially within the Jennings Wastewater Treatment Plant, which is within the City limits, and partially in unincorporated Stanislaus County. The DMC is under the jurisdiction of Reclamation.

These findings have been prepared in accordance with CEQA (Pub. Resources Code, § 21000 et seq.) and its implementing guidelines ("CEQA Guidelines") (Cal. Code Regs., tit. 14, § 15000 et seq.).

II.
PROJECT DESCRIPTION

A. LOCATION

The NVRRWP includes pipelines in existing streets from the City of Turlock Harding Drain Bypass Pipeline to the Jennings Plant; this pipeline is under the jurisdiction of the City of Turlock. Facilities under the jurisdiction of the City of Modesto begin at the Jennings Plant, where an existing pump station would be modified. From the Jennings Plant Pump Station a pipeline would be constructed under the San Joaquin River using some form of trenchless technology. The pipeline would continue on existing streets to a discharge structure on the DMC. The Project site is located partially within the City (the Jennings Plant is within Modesto City limits) and partially in unincorporated Stanislaus County as illustrated in Figures 2-2 and 2-5 of the DEIR (pages 2-4 and 2-11). The City of Modesto is considering approval of the following NVRRWP components: (1) the NVRRWP transmission facilities, including the new pumping plant upgrades and all necessary transmission pipelines to transmit and deliver recycled water from the Jennings Plant to the DMC; (2) the addition of a new authorized point of discharge of the City's recycled water to the DMC; (3) the additions of 43,259 acres in the DPWD and 124,897 acres in the wildlife refuges, as listed in the City's wastewater change petition, as the authorized place of use for the City's recycled water; and (4) the addition of supplemental CVPIA refuge water supplies to the authorized purposes of use for the City's recycled water.

B. OVERVIEW

The City of Modesto has worked cooperatively with the City of Turlock and DPWD (Partner Agencies) to develop the NVRRWP. The Partner Agencies worked together to define shared objectives and develop feasible alternatives to provide a supply of recycled water to DPWD. Their efforts culminated in the preparation of a Feasibility Study for the NVRRWP, which was completed in December 2013. The Feasibility Study documents the process for development of alternatives and includes an economic and financial analysis.

The EIR/EIS analyzed considered three potential Project alternatives: (1) the Combined Alignment Alternative; (2) the Separate Alignment Alternative; and (3) the PID Conveyance Alternative. The NVRRWP components being considered for approval by the City are included in both the Combined Alignment Alternative and the Separate Alignment Alternative. If the City of Turlock decides to proceed with its elements of the NVRRWP, then those elements may be elements of the Combined Alignment Alternative or elements of the Separate Alignment Alternative; . The Combined Alignment Alternative consists of two reaches totaling 69,800 linear feet, extending from the western end of the City of Turlock's Harding Drain Bypass Pipeline to the DMC. The south-north reach from the Harding Drain Bypass Pipeline would be 42 inches in diameter and would extend from the western end of the Harding Drain Bypass Pipeline near the existing standpipe structure on South Carpenter Road, then parallel South Carpenter Road north to West Main Street, then turn west on West Main Street to Jennings Road. At Jennings Road, the pipeline would then turn north for about 1.8 miles. From Jennings Road, the pipeline would then extend west along existing dirt roads through agricultural fields owned

by Modesto and terminate at the existing Jennings Plant outfall pump station near the southeastern end of the Jennings Plant. Combined flows from the pumping facility at the Jennings Plant, which would be modified to meet capacity needs, would then travel in a 54-inch pipeline, cross under the San Joaquin River, and extend west to the DMC along Lemon Avenue, through farmland, and along Zacharias Road. The proposed pipeline would cross a total of five irrigation canals along the Lemon Avenue alignment, all of which are operated by the PID.

The project applicants are the City of Modesto, City of Turlock and Del Puerto Water District.

C. PROJECT OBJECTIVES

As set forth in the DEIR/EIS (page 1-12), the overall objective of the proposed project is to maximize beneficial use of a sustainable, alternative water supply within the region, which would address reductions in water supplies from the CVP and reduce the reliance on groundwater use. Specifically, the objectives of the project are as follows:

- Establish an alternative, reliable, long-term water supply of up to 59,000 acre feet per year (AFY) of recycled water for DPWD and refuges;
- Maximize beneficial use of recycled water by DPWD customers and refuges;
- Maximize Project Partners' control of operations and delivery of water to DPWD and refuges, while recognizing the need for coordination with Reclamation and the San Luis & Delta-Mendota Water Authority;
- Establish a long-term water right(s) to allow for the beneficial use of recycled water;
- Maximize use of existing facilities for treatment / delivery of recycled water;
- Provide supplemental annual water supplies annually to SOD refuges to meet CVPIA Sections 3406(b)(3) and 3406(d)(2) requirements;
- Avoid or minimize, through incorporation of design constraints and management practices, impacts to environmental resources such as surface water, groundwater supplies, land subsidence, groundwater quality and biological resources including sensitive species; and
- Deliver agricultural water to DPWD at a cost that supports regional economic sustainability.

The proposed project is needed to offset the significant reduction in CVP water allocations to DPWD associated with Delta pumping restrictions, drought conditions, and climate change. In addition, the proposed project is needed to offset anticipated effects (e.g., overdraft, subsidence, water quality issues) from increased groundwater pumping that have occurred and would likely continue to occur with the absence of an alternative water supply.

Based on its own review of the Final EIR and other information and testimony received in connection with the Project, the City Council finds these objectives to be acceptable and important from a public policy standpoint. In choosing to approve the Project, the City seeks to further these objectives, and accords them weight in considering the feasibility of the alternatives set forth in the EIR (See *Sierra Club v. County of Napa* (2004) 121 Cal.App.4th 1490, 1507-1508).

D. DISCRETIONARY APPROVALS

Project approval requires the City, as CEQA lead agency, Reclamation as NEPA lead agency, as well as certain "responsible agencies," to take discrete planning and regulatory actions to approve the overall Project. In accordance with CEQA, the City will certify that the Project complies with CEQA, adopt findings for all significant impacts identified, certify that the findings have been considered prior to project approval, and adopt a Mitigation Monitoring and Reporting Program. The City then will file a Notice of Determination with the State Clearinghouse that will identify whether the project will have significant impacts, if mitigation measures were included as conditions of project approval, that findings were made, and if a Statement of Overriding Considerations was adopted. Reclamation will use this document to support a Record of Decision to document Reclamation's decisions regarding the potential federal actions for the project. Described below are the other permits, reviews, and approvals that would be required for project construction:

Agency	Type of Approval
FEDERAL	
Reclamation	Warren Act Contract
Reclamation	Possible funding through Public Law 102-575, Title XVI
Reclamation	Land Use Authorization for Construction of Facilities within DMC right-of-way (ROW)
Reclamation	Purchase contract for supplemental supplies for Refuge Water Supply Program under CVPIA Section 3406(d)(2)
U.S. Army Corps of Engineers	Clean Water Act, Section 404 Permit for any fill of wetlands or waters of the US
U.S. Army Corps of Engineers	Section 10 Permit for pipeline crossing under San Joaquin River, which is a navigable waterway.
U.S. Fish and Wildlife & National Oceanic and Atmospheric Administration (NOAA) National Marine Fisheries Service	Section 7 Consultation/Biological Opinions
Natural Resource Conservation Service	Farmland Conversion Assessment
STATE	
State Water Resources Control Board	Wastewater Change Petition (Petition for Change)
California Department of Fish and Wildlife (CDFW)	Streambed Alteration Agreement for pipeline crossings of streams
CDFW	Incidental Take Permit for California Endangered Species Act (CESA)
CalOSHA	Construction Permit / Tunnel Classification
CA Office of Historic Preservation	Section 106 Consultation
CA State Lands Commission	Lease Agreement
Caltrans	Encroachment Permit
Central Valley Regional Water Quality Control Board (CVRWQCB)	Clean Water Act, Section 401 Water Quality Certification
CVRWQCB	Notice of Intent for coverage under Statewide Construction Stormwater Permit (Section 402 Clean Water Act)
CVRWQCB	Notice of Intent for coverage under Low-Threat Discharge Order for Dewatering during Construction and for Pipeline Discharges for Testing and Startup
CVRWQCB	NPDES Permit for Discharge to the DMC
Central Valley Flood Protection Board	Possible encroachment permit
LOCAL	
San Joaquin Valley Air Pollution Control District	Authority to Construct / Permit to Operate
Stanislaus County	Encroachment permit, grading permit, building permit, and tree removal permit
Stanislaus County	Williamson Act cancellation (if needed)
Genesee & Wyoming Railroad	Utility Occupancy License for crossing of CFNR

DEIR/EIS p. 1-14

III.
ENVIRONMENTAL REVIEW PROCESS

A Notice of Preparation (NOP) for the NVRRWP was mailed on April 22, 2014, to elected officials, government and other resource agencies, and all individuals and department entities that may have a concern or interest in the Project. Copies of the NOP were made available to the public at Modesto City Hall, and on the City's website. Additionally, the City held an open house to allow interested members of the public to learn more about the project, have questions answered by City staff, and provide input on the project. The public meeting was held on May 13, 2014, at the Modesto City Hall at 1010 Tenth Street, Modesto, CA, with approximately 20 members of the public participating. In June 2014, the City prepared a Scoping Report that summarized public noticing, communication, and scoping efforts completed for the project up to that date. The Scoping Report is included in the EIR/EIS, and provides a full summary of the public meeting and the comments received in Appendix A of the Draft EIR/EIS. Additional public outreach and communication efforts completed after May 2014 are discussed below under the heading "Public Participation." The City and Reclamation have coordinated with several public agencies that may have an interest in the project as part of the project development process. Numerous agencies and organizations were provided notification of the NOP, and provided comments on the scope of the project and its associated environmental documentation. These communications and comments are summarized in the Scoping Report prepared for the project. The main City coordination or communications with agencies is described below.

U.S. Army Corps of Engineers

Reclamation invited the U.S. Army Corps of Engineers (USACE) to be a cooperating agency for preparation of the EIS. USACE declined to be a cooperating agency, but indicated that based on review of the project description it appeared that the project can be authorized under Nationwide Permit number 12, Utility Lines (email from Kathleen Dadey, Chief, California South Branch, Regulatory Division, USACE Sacramento District to Ben Lawrence of Reclamation). A draft wetland delineation report was sent to the USACE on April 29, 2015, for verification. USACE has not completed verification as of May 21, 2015. The City will request coverage under Nationwide Permit 12 for any construction-period fill of wetlands or waters of the U.S.

U.S. Fish and Wildlife Service

Reclamation invited the U.S. Fish and Wildlife Service (USFWS) to be a cooperating agency for preparation of the EIS. USFWS agreed to work with Reclamation as a cooperating agency and both agencies signed a Memorandum of Understanding defining their relationship in the EIS preparation process. As a cooperating agency, USFWS staff have participated in regular environmental team conference calls. Reclamation will submit a Biological Assessment to USFWS and will seek their concurrence regarding the potential for the NVRRWP to affect listed species.

National Oceanic and Atmospheric Administration National Marine Fisheries Service

Reclamation invited the National Oceanic and Atmospheric Administration National Marine Fisheries Service (NMFS) to be a cooperating agency for preparation of the EIS. NMFS agreed to work with Reclamation as a cooperating agency and both agencies signed a Memorandum of Understanding defining their relationship in the EIS preparation process. As a cooperating agency, NMFS staff have participated in regular environmental team conference calls.

Reclamation will submit a Biological Assessment to NMFS and will seek their concurrence regarding the potential for the NVRRWP to affect listed species.

California Department of Fish and Wildlife
Future consultation with California Department of Fish and Wildlife (CDFW) will be required to obtain a 1602 Streambed Alteration Agreement to authorize construction of the pipeline crossing under the San Joaquin River. The project includes avoidance and mitigation measures designed to direct impacts to state-listed species. However, if necessary Modesto would apply for a California Fish and Game Code Section 2081 Take Permit.

State Historic Preservation Office
Reclamation will conduct Section 106 consultation with the State Historic Preservation Office (SHPO) under the National Historic Preservation Act. The DMC has been determined to be eligible for the National Register. The discharge facility for the NVRRWP would be adjacent to, but outside of the Canal, and is not expected to affect the integrity of the DMC. The design of the discharge structure is intended to allow construction to be completed without any modifications to the canal, but if there are any effects on the canal during construction the structure would be restored to its existing condition. Reclamation will seek concurrence from SHPO that the proposed project would not result in any adverse impacts on historic resources.

Public Participation
In addition to the formal scoping meeting additional public outreach efforts have been made to provide information to area residents and to allow interested stakeholders to provide input on and raise issues and concerns about the project. Presentation have been made to the Farm Bureau and Almond Board of California and notices were sent to 200 landowners/customers in the Del Puerto Water District.

The City and Reclamation released the Draft EIR/EIS on January 8, 2015 for public review and comment. The comment period closed on March 11, 2015. This period satisfied the requirement for a minimum 45-day and maximum 60-day public review period as set forth in Section 15105 of the CEQA Guidelines. Consistent with Section 15202 of the CEQA Guidelines, the City conducted a meeting to receive public input on the DEIR/EIS at Modesto City Hall on February 11, 2015, at which time agencies and the public were given the opportunity to provide comments on the DEIR/EIS.

The Project's Final EIR was made available to the public and commenting agencies on June 19, 2015. Notice of the availability of the Final EIR was mailed to elected officials, government and other resource agencies, and all individuals and department entities that may have a concern or interest in the project, and copies of the Final EIR were made available on the City's website and at City Hall as well as office of the City of Turlock, Del Puerto Water District and Reclamation Fresno office. On July 7, 2015, the City Council considered certification of the Final EIR and approval of the Project at their regular City Council meeting. The City Council considered certification of the Final EIR and adoption of CEQA Findings, and a Mitigation Monitoring and Reporting Program at that hearing.

The DEIR/EIS included an evaluation of 22 environmental issue areas and a discussion of significant impacts under CEQA, together with other NEPA- and CEQA-mandated issues as well

(e.g., cumulative impacts, growth-inducing impacts). The 22 environmental issue areas are as follows:

- Aesthetics
- Agriculture and Forestry Resources
- Air Quality
- Biological Resources
- Cultural Resources
- Energy Resources
- Environmental Justice
- Geology and Soils
- Greenhouse Gas Emissions
- Hazards and Hazardous Materials
- Hydrology and Water Quality
- Indian Trust Assets
- Land Use and Planning
- Noise
- Population and Housing
- Public Services and Utilities
- Recreation
- Socioeconomics
- Transportation and Traffic

(DEIR/EIS, pp. 3.1-1 to 3.19-15)

The DEIR/EIS evaluated the significance of impacts under CEQA within the following 17 environmental areas:

- Aesthetics
- Agriculture and Forestry Resources
- Air Quality
- Biological Resources
- Cultural Resources
- Energy Resources
- Geology and Soils
- Greenhouse Gas Emissions
- Hazards and Hazardous Materials
- Hydrology and Water Quality
- Land Use and Planning
- Noise
- Population and Housing
- Public Services and Utilities
- Recreation
- Transportation and Traffic
- Cumulative Impacts

(DEIR/EIS, pp. 3.1-1 to 3.19-15)

IV.
RECORD OF PROCEEDINGS

In accordance with Public Resources Code section 21167.6, subdivision (e), the record of proceedings for the City's decision on the Project includes the following documents:

- The NOP and all other public notices issued by the City in conjunction with the Project;
- All comments submitted by agencies or members of the public during the comment period on the NOP;
- The DEIR/EIS for the Project (January 2015) and all appendices;
- All comments submitted by agencies or members of the public during the comment period on the DEIR/EIS;
- The Final EIR for the Project, including comments received on the DEIR/EIS, the responses to those comments, clarifications and minor corrections to information presented in the Draft EIR/EIS, and appendices;
- Documents cited or referenced in the DEIR/EIS and Final EIR;
- The MMRP for the Project;
- All findings and resolutions adopted by the City Council in connection with the Project and all documents cited or referred to therein;
- All reports, studies, memoranda, maps, staff reports, or other planning documents relating to the Project prepared by the City, consultants to the City, or responsible or trustee agencies with respect to the City's compliance with the requirements of CEQA and with respect to the Project;
- All documents submitted to the City by other public agencies or members of the public in connection with the Project, up through the close of the City Council public hearing on July 7, 2015;
- Any minutes and/or verbatim transcripts of all information sessions, public meetings, and public hearings held by the City in connection with the Project;
- Any documentary or other evidence submitted to the City at such information sessions, public meetings, and public hearings;
- The City of Modesto General Plan and all environmental documents prepared in connection with the adoption of the General Plan;

- All environmental documents prepared under CEQA and NEPA referred to in the Draft EIR/EIS and Final EIR, including, but not limited to:

  City of Modesto Phase 2 Improvements – Jennings Road Secondary Wastewater Treatment Plant Initial Study/Mitigated Negative Declaration Report (State Clearinghouse # 2010092062).

  City of Turlock Harding Drain Bypass Project Environmental Impact Report. (State Clearinghouse # 2003062002).

- The City of Modesto Zoning Code and all other City Code provisions cited in materials prepared by or submitted to the City;

- All County or other public agency planning or other documents cited in materials prepared by or submitted to the City;

- Any and all resolutions and ordinances adopted by the City regarding the Project, and all staff reports, analyses, and summaries related to the adoption of those resolutions and ordinances;

- Matters of common knowledge to the City, including but not limited to federal, state, and local laws and regulations;

- Any documents expressly cited in these findings, in addition to those cited above; and

- Any other materials required for the record of proceedings by Public Resources Code section 21167.6, subdivision (e).

The documents constituting the record of proceedings are available for review by responsible agencies and interested members of the public during normal business hours at the City of Modesto Utilities Department, 1010 Tenth Street, 4th Floor, Modesto, CA 95354. The custodian of these documents is William Wong, City of Modesto Utilities Department.

V.
FINDINGS REQUIRED UNDER CEQA

Public Resources Code section 21002 provides that "public agencies should not approve projects as proposed if there are feasible alternatives or feasible mitigation measures available which would substantially lessen the significant environmental effects of such projects[.]" The same statute provides that the procedures required by CEQA "are intended to assist public agencies in systematically identifying both the significant effects of proposed projects and the feasible alternatives or feasible mitigation measures which will avoid or substantially lessen such significant effects." Section 21002 goes on to provide that "in the event [that] specific economic, social, or other conditions make infeasible such project alternatives or such mitigation measures, individual projects may be approved in spite of one or more significant effects thereof."

The mandate and principles announced in Public Resources Code section 21002 are implemented, in part, through the requirement that agencies must adopt findings before approving projects for which EIRs are required. For each significant environmental effect identified in an EIR for a project, the approving agency must issue a written finding reaching one or more of three permissible conclusions. The first such finding is that changes or alterations have been required in, or incorporated into, the project which avoid or substantially lessen the significant environmental effect as identified in the Final EIR. The second finding is that such changes or alterations are within the responsibility and jurisdiction of another public agency and not the agency making the finding, and that such changes have been adopted by, or can and should be adopted by, such other agency. The third potential finding is that specific economic, legal, social, technological, or other considerations, including provision of employment opportunities for highly trained workers, make infeasible the mitigation measures or project alternatives identified in the final EIR and, therefore, the identified impact is significant and unavoidable (CEQA Guidelines, § 15091).

As explained elsewhere in these findings, "feasible" means capable of being accomplished in a successful manner within a reasonable period of time, taking into account economic, environmental, social, legal, and technological factors (CEQA Guidelines § 15364). The concept of "feasibility" also encompasses the question of whether a particular alternative or mitigation measure promotes the underlying goals and objectives of a project (*Sierra Club v. County of Napa* (2004) 121 Cal.App.4th 1490, 1506-1509 (court upholds CEQA findings rejecting alternatives in reliance on applicant's project objectives); see also *California Native Plant Society v. City of Santa Cruz* (2009) 177 Cal.App.4th 957, 1001 (*CNPS*) ("an alternative 'may be found infeasible on the ground it is inconsistent with the project objectives as long as the finding is supported by substantial evidence in the record'") (quoting Kostka & Zischke, *Practice Under the Cal. Environmental Quality Act* [Cont.Ed.Bar 2d ed. 2009] (*Kostka*), § 17.309, p. 825); *In re Bay-Delta Programmatic Environmental Impact Report Coordinated Proceedings* (2008) 43 Cal.4th 1143, 1165, 1166 (*Bay-Delta*) ("[i]n the CALFED program, feasibility is strongly linked to achievement of each of the primary program objectives;" "a lead agency may structure its EIR alternative analysis around a reasonable definition of underlying purpose and need not study alternatives that cannot achieve that basic goal"). Moreover, "'feasibility' under CEQA encompasses 'desirability' to the extent that desirability is based on a reasonable balancing of the relevant economic, environmental, social, legal, and technological factors." (*City of Del Mar v. City of San Diego* (1982) 133 Cal.App.3d 410, 417 (*City of Del Mar*); see also *CNPS*, *supra,* 177 Cal.App.4th at p. 1001 (after weighing "'economic, environmental, social, and technological factors,' ... 'an agency may conclude that a mitigation measure or alternative is impractical or undesirable from a policy standpoint and reject it as infeasible on that ground") (quoting Kostka, *supra,* § 17.29, p. 824).

For purposes of these findings (including the findings in Attachment 1 attached hereto), the term "avoid" refers to the effectiveness of one or more mitigation measures to reduce an otherwise significant effect to a less than significant level. In contrast, the term "substantially lessen" refers to the effectiveness of such measure or measures to substantially reduce the severity of a significant effect, but not to reduce that effect to a less than significant level.

As explained above, CEQA requires that the lead agency adopt feasible mitigation measures or, in some instances, feasible alternatives to substantially lessen or avoid significant environmental

impacts that would otherwise occur. With respect to a project for which significant impacts are not avoided, a public agency, after adopting proper findings, may nevertheless approve the project if the agency first adopts a statement of overriding considerations setting forth the specific reasons for the agency findings that the Project's benefits outweigh its unavoidable adverse environmental effects. The Final EIR found that there were no significant unavoidable adverse environmental effects.

VI.
MITIGATION MONITORING AND REPORTING PROGRAM
