RESOLUTION NO. 80-67

A RESOLUTION AMENDING SECTIONS 1 AND 2 OF RESOLUTION NO. 70-781 ENTITLED "A RESOLUTION APPROVING A DEVELOPMENT PLAN FOR PLANNED DEVELOPMENT ZONE, P-D(76). RONALD C. WHITE." (VIRGINIA BERG)

WHEREAS, the City Council, by Ordinance No. 1043-C. S. which was introduced on August 17, 1970, finally adopted on September 8, 1970, and which became effective on October 8, 1970, amended Section 28-3-9 of the Zoning Map to reclassify from One Family Residential Zone, R-1, to Planned Development Zone, P-D(76), property located on the southeast corner of Lucern Avenue and El Vecino Avenue in the City of Modesto, to allow development of a one-story, 24-unit apartment complex, and

WHEREAS, City Council Resolution No. 70-781 which was adopted on August 17, 1970, approved the development plan for P-D(76) and contained the conditions of approval thereof, and

WHEREAS, a verified application for an amendment to Planned Development Zone, P-D(76), was filed by Virginia Berg on August 14, 1979, to amend Planned Development Zone, P-D(76) to allow conversion of an existing 24-unit, one-story apartment complex to condominiums, on property located on the southeast corner of Lucern Avenue and El Vecino Avenue, and

WHEREAS, said application was set for a public hearing before the Planning Commission on September 4, 1979, in the City Council Chambers, City Hall, 801 11th Street, Modesto, California, and

WHEREAS, thereafter the Planning Commission adopted Resolution No. 79-232 recommending to the Council an amendment to Planned Development Zone, P-D(76), to

allow conversion of an existing 24-unit, one-story apartment complex to condominiums, on property located on the southeast corner of Lucern Avenue and El Vecino Avenue, as requested by the applicant, and

WHEREAS, said matter was set for public hearing before the Council of the City of Modesto at its regular meeting place located in the Council Chambers in the City Hall, 801 11th Street, Modesto, California, on October 16, 1979, at which time evidence both oral and documentary was taken and introduced, and

WHEREAS, after said public hearing on October 16, 1979, the Council of the City of Modesto determined that the proposed amendment to Planned Development Zone, P-D(76), to allow conversion of an existing 24-unit, one-story apartment complex to condominiums, on property located on the southeast corner of Lucern Avenue and El Vecino Avenue, should be denied for the following reasons:

1. The applicant has not shown a need for conversion of the subject apartment units to condominiums.

2. This Council has determined that a study needs to be made regarding the vacancy factor in the Modesto area of apartment units in the moderate price range of the subject units.

3. This Council has determined that a study needs to be made regarding the effect of condominium conversions on rental rates in comparable priced apartment units in the Modesto area, and

WHEREAS, in accordance with the provisions of Section 10-2.2103, of the Modesto Municipal Code, the Council at its meeting held on October 16, 1979 determined that it was appropriate to waive the one year limitation for Virginia Berg to submit a new application to the Planning Commission for an amendment to Planned Development Zone, P-D(76) to convert said P-D(76) to condominiums, and

WHEREAS, by Modesto City Council Resolution No. 79-1096 adopted at its meeting on October 16, 1979, the Council denied the proposed amendment to Planned

Development Zone, P-D(76) to allow conversion of an existing 24-unit, one-story apartment complex to condominiums on property located on the southeast corner of Lucern Avenue and El Vecino Avenue, for the reasons set forth above, and the recommendation of the Planning Commission was overruled, and the Council waived the one-year limitation for the submission of a new application, and

WHEREAS, a verified reapplication for an amendment to Planned Development Zone, P-D(76) was filed by Virginia Berg on November 1, 1979, to amend Planned Development Zone, P-D(76) to allow conversion of an existing 24-unit one-story apartment complex to condominiums on the property located on the southeast corner of Lucern Avenue and El Vecino Avenue in the City of Modesto, and

WHEREAS, said reapplication was set for a public hearing before the Planning Commission on December 3, 1979, in the City Council Chambers, City Hall, 801 - 11th Street, Modesto, California, and

WHEREAS, at said hearing, after hearing evidence both oral and documentary, the Planning Commission, by its Resolution No. 79-307, found and determined that an amendment to P-D(76) to allow condominiums is required by public necessity, convenience, and general welfare for the following reasons:

1. The proposed P-D(76) Zone will allow ownership of individual units rather than only rental occupancy of the complex which has been developed as previously approved.

2. The conditions of approval will assure that the development will be reconstructed and maintained to the best interests of the general public as well as the individual property owners, and

WHEREAS, said matter was set for a public hearing before the City Council at its regular meeting place in the Council Chambers in the City Hall, 801 11th Street, Modesto, California, on January 22, 1980, and

WHEREAS, after hearing evidence, both oral and documentary, the Council finds and determines that the requested amendment to permit condominiums is required by public necessity, convenience, and general welfare for the reasons set forth in Planning Commission Resolution No. 79-307 and quoted above, and

WHEREAS, the City Council at said Council meeting reviewed and considered the findings of the Environmental Assessment Committee which resulted in a negative declaration in regard to the environmental impact of the proposed amendment to Planned Development Zone, P-D(76),

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that Sections 1 and 2 of Modesto City Council Resolution No. 70-781 entitled "A Resolution Approving A Development Plan For Planned Development Zone, P-D(76) RONALD C. WHITE" are hereby amended to read as follows:

They shall be constructed of the same building materials used in the major buildings or of decorative masonry as determined by the Director of Planning and Community Development.

4. That all utilities shall be underground including TV reception facilities except that one central radio and TV antenna may be provided with underground wiring to the individual units and recreation building.

5. That all signs shall comply with the sign requirements of the R-2 Zone.

7. That prior to issuance of a certification by the Chief Building Official that the construction conforms to that required for condominiums, the developer shall obtain certification from the Director of Parks and Recreation that the landscaping generally conforms to the previously approved plan and the irrigation system is in working order.

8. > That the entire construction program be accomplished in one phase, construction to begin on or before January 31, 1981, and completion to be not later than January 31, 1982."

BE IT FURTHER RESOLVED by the Council that the Director of Planning and Community Development of the City of Modesto is hereby directed to file or cause to be filed with the Stanislaus County Clerk a Notice of Determination in regard to the environmental impact of the proposed amendment to Planned Development Zone, P-D(76).

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of January, 1980 by Councilmember Lang, who moved its adoption, which motion being duly seconded by Councilmember Bright, was upon roll call carried and the resolution adopted by the following vote:

A RESOLUTION DENYING THE APPEAL OF IRA MATHENY FOR AN AMENDMENT TO SECTION 13-3-8 OF THE ZONING MAP TO REZONE FROM LOW DENSITY RESIDENTIAL ZONE, R-1, TO PLANNED DEVELOPMENT ZONE, P-D, PROPERTY LOCATED ON THE SOUTH SIDE OF RUMBLE ROAD BETWEEN CONANT AVENUE AND LOU ANN DRIVE.

WHEREAS, a verified application for an amendment to Section 13-3-8 of the Zoning Map was filed by Ira Matheny on January 17, 1980, to reclassify from Low Density Residential Zone, R-1, to Planned Development Zone, P-D, property located on the south side of Rumble Road between Conant Avenue and Lou Ann Drive described as follows:

All that certain real property situate in a portion of the Northeast quarter of the Northwest quarter of Section 13, Township 3 South, Range 8 East, Mount Diablo Base and Meridian, and lying within the City of Modesto, County of Stanislaus, State of California, described as follows:

Commencing at the North quarter corner of said Section 13; thence along the North line of said Section 13, South 88° 52' West, 654 feet to the true point of beginning of this description; thence South 0° 47' East, 330 feet; thence South 88° 52' West, 132 feet; thence North 0° 47' West, 330 feet to the south line of Rumble Road and the north line of said Section 13; thence North 88° 52' East, 132 feet to the true point of beginning of this description.

Also including the southern one-half of Rumble Road and the northern one-half of the alley immediately adjacent to the above described property.

Containing 1 acre net.

and

WHEREAS, said application was set for public hearing before the Planning Commission at its regular meeting of February 19, 1980, at its regular meeting place located in the Council Chambers in the City Hall, 801 - 11th Street, Modesto, California, and

WHEREAS, at said hearing, after hearing evidence both oral and documentary, the Planning Commission, by its Resolution No. 80-49, denied the requested amendment to Section 13-3-8 of the Zoning Map to rezone from Low Density Residential Zone, R-1, to Planned Development Zone, P-D, the property described above located on the south side of Rumble Road between Conant Avenue and Lou Ann Drive in the City of Modesto for the following reasons:

1. The proposed P-D Zone for 16 units represents an unwarranted excess density on a site which, under reasonable R-2 density, would be allowed 14 dwelling units.

2. The site design for the proposed P-D development fails to provide for a reciprocal sharing of driveways onto Rumble Road with either or both adjoining properties. This would be desirable to reduce turning movements and access points on this important collector street,

and

WHEREAS, an appeal was filed with the City Council of the City of Modesto by a letter dated March 5, 1980, from Ira Matheny to the decision of the Planning Commission denying his application to reclassify from Low Density Residential Zone, R-1, to Planned Development Zone, P-D, property located on the south side of Rumble Road between Conant Avenue and Lou Ann Drive, and

WHEREAS, at said meeting, said Council, after hearing evidence both oral and documentary, found and determined that the appeal filed by Ira Matheny to the decision of the Planning Commission denying rezoning from Low Density Residential Zone, R-1, to Planned Development Zone, P-D, of the property described above located on the south side of Rumble Road between Conant Avenue and Lou Ann Drive in the City of Modesto, should be denied for the reasons set forth in Planning Commission Resolution No. 80-49, quoted above, and that the decision of the Planning Commission denying the requested rezoning should be affirmed, and

WHEREAS, the City Council at said Council meeting reviewed and considered the findings of the City of Modesto Environmental Assessment Committee which resulted in a negative declaration in regard to the environmental impact of the proposed rezoning,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the appeal filed by Ira Matheny to the decision of the Planning Commission, as set forth in Planning Commission Resolution No. 80-49 denying rezoning from Low Density Residential Zone, R-1, to Planned Development Zone, P-D, of the above described property located on the south side of Rumble Road between Conant Avenue and Lou Ann Drive in the City of Modesto, is denied, for the reasons set forth in Planning Commission Resolution No. 80-49, quoted above, and the decision of the Planning Commission denying the requested rezoning is hereby affirmed.

RESOLUTION NO. 80-302

A RESOLUTION AMENDING SECTIONS 1 AND 2 OF RESOLUTION NO. 72-1151 ENTITLED "A RESOLUTION APPROVING A DEVELOPMENT PLAN FOR PLANNED-DEVELOPMENT ZONE, P-D(104)."

WHEREAS, the City Council, by Ordinance No. 1237-C. S. which was introduced on November 6, 1972, finally adopted on November 13, 1972, and which became effective on December 13, 1972, amended Section 15-3-9 of the Zoning Map to reclassify from One-Family Residential Zone, R-1, Two-Family Residential Zone, R-2, and Multiple-Family Residential Zone, R-3, to Planned Development Zone, P-D(104), property located at the southwest corner of Lancey Drive and Oakdale Road, and

determined that an amendment to P-D(104) to allow construction of a 4,875 sq. ft. building addition, which building is proposed to be located near the southwest portion of the shopping center site, is required by public necessity, convenience and general welfare for the following reasons:

1. The proposal for an additional building conforms to the General Plan which allows for a significantly greater square footage for Neighborhood Shopping Centers than presently exists.

2. The building proposed for immediate development will occupy a pad between two banks of buildings which will result in a very minor site revision.

3. The conditions of approval will assure that the development will be constructed and maintained to the best interests of the general public as well as the property owner,

WHEREAS, the City Council at said Council meeting reviewed and considered the findings of the Environmental Assessment Committee which resulted in a

negative declaration in regard to the environmental impact of the proposed amendment to Planned Development Zone, P-D(104),

A RESOLUTION DENYING THE APPEAL OF ELMO WILSON, SR. TO THE DECISION OF THE BOARD OF ZONING ADJUSTMENT DENYING A VARIANCE FROM THE OFF-STREET PARKING REQUIREMENTS OF THE MODESTO MUNICIPAL CODE.

WHEREAS, an application for a variance from the provisions of Section 10-2.1804 of the Modesto Municipal Code to permit a restaurant without the required number of off-street parking spaces at 936 10th Street, Modesto, California, was filed by Elmo Wilson, Sr. on January 24, 1980, and

WHEREAS, Sections 10-2.1904 (a) and 10-2.2001 of the Modesto Municipal Code authorize the Board of Zoning Adjustment to grant variances subject to findings specified in Modesto Municipal Code Section 10-2.2003, and

WHEREAS, a public hearing was held by the Board of Zoning Adjustment on February 28, 1980, in the City Council Chambers, City Hall, 801 11th Street, Modesto, California, at which time the Board of Zoning Adjustment, by Resolution No. 910, found and determined that the applicant, Elmo Wilson, Sr., had failed to demonstrate the existence of the four conditions for a variance as required by Section 10-2.2003 of the Modesto Municipal Code, which are as follows:

1. That there are exceptional or extraordinary circumstances or conditions applicable to the property involved.

2. That such variance is necessary for the preservation and enjoyment of a substantial property right possessed by other property in the same vicinity and zone, and denied to the property in question.

3. That the granting of such variance will not be materially detrimental to the public welfare or injurious to the property or improvements in such vicinity and zone in which the property is located.

4. That the granting of such variance will not adversely affect the comprehensive general plan,

and

WHEREAS, Elmo Wilson, Sr., filed an appeal with the City Clerk of the City of Modesto on February 29, 1980, to the decision of the Board of Zoning Adjustment denying his request for a variance of the provisions of Section 10-2.1804, and

WHEREAS, after said public hearing the Council, by motion, directed the staff to work with the Downtown Rennaissance Committee, the Downtown Improvement District and the Downtown Merchants Association on a review of the off-street parking requirements in the downtown area of Modesto,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the appeal to the decision of the Board of Zoning Adjustment of the City of Modesto denying the application of Elmo Wilson, Sr. for a variance from the provisions of Section 10-2.1804 to permit a restaurant without the required number of off-street parking spaces at 936 10th Street, Modesto, California is hereby denied for the reason that he has failed to demonstrate the existence of the four conditions for a variance as required by Section 10-2.2003 of the Modesto Municipal Code referred to in the Board of Zoning Adjustment Resolution No. 910 and quoted above.

BE IT FURTHER RESOLVED that the decision of the Board of Zoning Adjustment denying Elmo Wilson, Sr. a variance from the provisions of Section 10-2.1804 of the Modesto Municipal Code as set forth above is hereby affirmed.

   b. Bond redemption fees and subtrunk charges for all lots can be financed by the City of Modesto for a period of two years at 7 percent simple interest. (Payable bimonthly with sewer bill.)

   c. Remaining costs - The cost of actual connection of home to sewer is to be paid by property owner.

The cost of connecting to the City sanitary sewer system will vary. For the homes located north of Cox Avenue the cost will be approximately $2,800 per home.

5. WATER: Water service to the area is currently provided by the Del Este Water Company. This service would continue upon annexation.

6 GARBAGE COLLECTION: Garbage is presently collected from the annexation area by the Modesto Garbage Company. This company would continue the collection after annexation but at a slightly lower rate under the City franchise. The exact reduction would depend upon the level of service desired. The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of May, 1980, by Councilmember Lang, who moved its adoption, which motion being duly seconded by Councilmember Muratore, was upon roll call carried and the resolution adopted by the following vote:

Modesto City-County Airport/Harry Sham Field

WAITING LISTS

There are 2 categories of waiting lists maintained at Modesto Airport. The 2 lists are for standard T-hangars and tie-downs. An individual's position on the list is determined by the date and time a completed application for hangar/tiedown space is presented by the individual to the Airport Manager's Office. Application forms are available at the Airport Manager's Office.

DEFINITIONS

Standard Hangars: Standard hangars include the City-owned T-hangars located on the General Aviation side of the Airport.

Tie-downs: Tie-downs are the regular tie-down spaces located on the General Aviation side of the Airport.

Space: A space as used in this policy is a T-hangar designed for the storage of aircraft.

PROCEDURES

An individual may place his name on the waiting list for tie-downs and standard T-hangars. Individuals who place their name on a waiting list are responsible for keeping the Airport Manager notified of a current address.

The person whose name appears at the top of the list will be offered the first available space in that category only. Notification of space availability will be made to the applicant by mail. The notified individual must contact the Airport Manager's Office within ten days of the notification mailing date. Failure to contact the Airport Manager's Office within the specified ten (10) days will automatically result in that individual's name being removed from the list and that space will then be offered to the next person in that category.

In order to accept a space, the applicant must be the owner or part owner or person in custody and possession of the aircraft which will occupy the space, or show proof of purchase of said aircraft within sixty (60) days of notification of space availability. He must notify the Airport Manager's Office of his acceptance within the specified ten (10) days and provide proof of aircraft ownership. Aircraft ownership may be established in one of two ways:

1. The aircraft registration presented before the end of the 10-day acceptance period. If there is more than one owner, all owners must be shown on the registration.
2. A notarized affidavit declaring ownership or lawful custody and possession of an aircraft, dated and notarized before the end of the 10-day acceptance period. Aircraft registration number must be shown. If there is more than one owner or person in lawful custody and possession, all such individuals must be listed and appear before the Notary.

An individual is assumed to have applied for the first available hangar that the aircraft will fit in. A separate waiting list is not maintained for a particular hangar.

An individual that is offered a hangar that their aircraft will fit in must accept the offered space or be removed from the waiting list. The only exception is that the person may refuse the space and retain his original waiting list position if his aircraft will not fit into the offered space. In this instance, he must accept the first offered space into which his aircraft will fit.

If offered a larger space than needed for their aircraft the applicant may refuse the space offered without forfeiting his place on the waiting list. The individual may also accept the larger space and maintain his waiting list position until such time as he is offered a smaller space for which their aircraft will fit.

Spaces will be rented by name to the owner or to multiple owners. The original agreement will be issued in the name or names, to include corporations, designated by the individual who qualified for the space without regard to the name appearing at the top of the list, providing that all other requirements are met. Only those names appearing on the original Permit have option rights on the rented space. In the event the aircraft is sold so that none of the original Permittees are owners, the space will revert to the City and will be offered through the waiting list system.

In order to provide a fair and equitable opportunity for all individuals to obtain a space, individuals, corporations or flying clubs, other than Fixed Base Operators, may be Permittees on no more than three (3) spaces. As an example, Joe Jones has a space in his name, is part owner with John Doe in another space and is listed as part of Acme Corporation which has another space. He may not be a Permittee on any additional space since he has reached the three-space limit. Any individual, corporation or flying club which now exceeds the three-space limit may retain all current spaces on which they are Permittees. However, they cannot become Permittees on any additional spaces. Further, if they fail to maintain their right to a space and that space becomes available for the City to offer to the waiting list, they may not become Permittees on any other space if total spaces would exceed the three-space limit.

Trading of Spaces: Individuals may trade like space for like space upon mutual consent between the two parties involved and with the Airport Manager's approval.

An individual who desires to trade an assigned space for a more desirable like space, or who desires a larger hangar/space should advise the office of the Airport Manager of his request. Every effort will be made to meet the request and provide the more desirable space.

Richard C. Smith, Airport Manager

A RESOLUTION AMENDING SECTION 1 OF RESOLUTION NO. 78-1051 ENTITLED "A RESOLUTION APPROVING A DEVELOPMENT PLAN FOR PLANNED-DEVELOPMENT ZONE, P-D(201)."

WHEREAS, the City Council, by Ordinance No. 1775-C. S. which was introduced on October 9, 1978, finally adopted on October 16, 1978, and which became effective on November 15, 1978, amended Section 16-3-9 of the Zoning Map to reclassify from Low Density Residential Zone, R-1, to Planned Development Zone, P-D(201), property located on the south side of Floyd Avenue west of Jasmin Avenue in the City of Modesto, to allow construction of a maximum of 20 one-story apartment dwelling units, and

WHEREAS, City Council Resolution No. 78-1051 which was adopted on October 9, 1978, approved the development plan for P-D(201) and contained the conditions of approval thereof, and

WHEREAS, a verified application for an amendment to Planned Development Zone, P-D(201) was filed by Modesto Development on February 28, 1980, to amend Planned Development Zone, P-D(201) to allow conversion of the existing 20-unit apartment complex to condominiums, on property located on the south side of Floyd Avenue west of Jasmin Avenue, and

WHEREAS, said application was set for a public hearing before the Planning Commission on April 7, 1980, in the City Council Chambers, City Hall, 801 11th Street, Modesto, California, and

WHEREAS, at said hearing, after hearing evidence both oral and documentary, the Planning Commission, by its Resolution No. 80-93, found and determined that an amendment to P-D(201) to allow conversion of the existing 20-unit apartment complex to condominiums is required by public necessity, convenience, and general welfare for

the following reasons:

1. The proposed P-D Zone will allow ownership of individual units rather than only rental occupancy of the complex which has been developed as previously approved.

2. The conditions of approval will assure that the development will be reconstructed and maintained to the best interests of the general public as well as the individual property owners, and

WHEREAS, said matter was set for public hearing before the Council of the City of Modesto at its regular meeting place located in the Council Chambers in the City Hall, 801 11th Street, Modesto, California, on May 13, 1980, and

WHEREAS, after hearing evidence, both oral and documentary, the Council finds and determines that the requested amendment to allow conversion of an existing 20-unit apartment complex to condominiums is required by public necessity, convenience and general welfare for the reasons set forth in Planning Commission Resolution No. 80-93 and quoted above,

MODESTO CITY COUNCIL
RESOLUTION NO. 80-491

RESOLUTION AUTHORIZING NOTICE OF APPEAL AND APPEAL TO CIVIL AERONAUTICS BOARD FROM THEIR DETERMINATION OF ESSENTIAL AIR SERVICE FOR MODESTO

WHEREAS, the Airline Deregulation Act of 1978, as amended, requires the Civil Aeronautics Board to determine what constitutes essential air transportation for each community, such as Modesto, that received air service from a certificated air carrier but where service to such community was superseded as a result of the Act, and

WHEREAS, based upon Modesto's historical level of air service provided by United Airlines for over thirty years, the City staff, together with the Modesto Chamber of Commerce Aviation Committee, provided the Civil Aeronautics Board with information indicating that Modesto's essential air transportation needs justify a designation of both Los Angeles and San Francisco as hub cities requiring that direct air service be provided between those cities and Modesto, and

WHEREAS, on April 25, 1980, the Civil Aeronautics Board made a determination for essential air service for Modesto pursuant to Order Number 80-4-93, which Order designated San Francisco as the single hub city for Modesto, and

WHEREAS, on May 8, 1980, the City staff and Chamber of Commerce Aviation Committee reviewed the above decision of the Civil Aeronautics Board and determined that an appeal of this decision is justified, based on Modesto's historical air transportation needs and a projection of future air transportation needs.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

1. Modesto's historical air transportation needs and a projection of future air transportation needs justify a designation of both Los Angeles and San Francisco as hub cities, requiring that direct air service be provided between those cities and Modesto.

2. In order to have the Civil Aeronautics Board designate both Los Angeles and San Francisco as hub cities for Modesto, it is necessary to appeal the Order of the Civil Aeronautics Board issued April 25, 1980, which Order designated San Francisco as the single hub city for Modesto.

BE IT FURTHER RESOLVED that the City Manager of the City of Modesto be and is hereby authorized to direct a notice of appeal to, and to take all actions to pursue an appeal with, the Civil Aeronautics Board, with respect to Civil Aeronautics Board Order Number 80-4-93, issued April 25, 1980, which Order designated San Francisco as the single hub city for Modesto.

Amended and Adopted by the City Council on June 3, 1980

1. Commercial Uses

In the C-1, C-2, C-M, M-1, M-2, and M-P and their P-D Zone counterparts, an 8-foot masonry wall is required adjacent to existing or proposed residential uses in the R-A, R-1, R-2, R-3, P-O, H-1, or P-D zones, even if the properties are separated by an alley. (See for example, Section 10-2.806 of the Zoning Ordinance)

In the H-1 Zone a 6-foot masonry wall is required adjacent to a residential or agricultural zone. (Section 10-2.2904(f) of the Zoning Ordinance)

If the wall is adjacent to a street, it is required to be decorative masonry rather than plain masonry block.

5. Residential Uses

MODESTO CITY COUNCIL
RESOLUTION NO. 80-675

A RESOLUTION GRANTING THE APPEAL OF NINE CITIZENS TO THE DECISION OF THE BOARD OF ZONING ADJUSTMENT GRANTING AN H-1 USE PERMIT FOR A FAMILY AMUSEMENT MACHINE CENTER AT 3330 McHENRY AVENUE TO CALVIN D. HENNE, AND OVERRULING THE DECISION OF THE BORAD OF ZONING ADJUSTMENT.

WHEREAS, an application for a conditional use permit in the H-1 Zone for a family amusement machine center to occupy an existing commercial building at 3330 McHenry Avenue on the east side of McHenry Avenue north of Robin Hood Drive in the City of Modesto was filed by Calvin D. Henne on April 28, 1980, and

WHEREAS, Sections 10-2.1904(a) and 10-2.2903 of the Modesto Municipal Code authorize the Board of Zoning Adjustment to grant conditional use permits in the H-1 Zone, and

WHEREAS, a public hearing was held by the Board of Zoning Adjustment on May 22, 1980, in the City Council Chambers, City Hall, 801 11th Street, Modesto, California on said application, and evidence both oral and documentary was received and considered, and

WHEREAS, at said public hearing, the Board of Zoning Adjustment, by Resolution No. 927, found and determined that the application for a conditional use permit in the H-1 Zone for a family amusement machine center at 3330 McHenry Avenue on the east side of McHenry Avenue north of Robin Hood Drive was required by public necessity, convenience, and general welfare for the following reasons:

1. Family amusement machine centers are permitted uses in the H-1 Zone subject to securing a conditional use permit from the Board of Zoning Adjustment.

2. The proposed family amusement machine center, due to its location and the conditions of approval conform closely to the standards for such facilities adopted in December 1975 and January 1976 by the Planning Commission and City Council, respectively.

3. Compatibility of the development with the adjoining commercial and residential areas is assumed by virtue of the ability of aggrieved persons and/or the police to cause this establishment to be reviewed by the Board of Zoning Adjustment, and

WHEREAS, an appeal was filed by nine citizens who are residents and business people in the area by a petition to the City Council filed with the City Clerk on May 29, 1980, to the decision of the Board of Zoning Adjustment granting a conditional use permit in the H-1 Zone to Calvin D. Henne to allow a family amusement machine center at 3330 McHenry Avenue on the east side of McHenry Avenue north of Robin Hood Drive in the City of Modesto, and

WHEREAS, said appeal was set for public hearing before the City Council at 7:30 o'clock p.m. on July 8, 1980, and

WHEREAS, after hearing evidence both oral and documentary, the Council found and determined that the appeal filed by the nine citizens who are residents and business people in the area, to the decision of the Board of Zoning Adjustment granting a conditional use permit in the H-1 Zone to Calvin D. Henne to allow a family amusement machine center at 3330 McHenry Avenue on the east side of McHenry Avenue north of Robin Hood Drive in the City of Modesto, should be granted for the following reasons, and that the decision of the Board of Zoning Adjustment should be overruled:

1. Family amusement machine centers can be draws for children and youth and because of the location of this family amusement machine center adjacent to residences and other businesses, it could cause loitering, littering, and noise problems for the adjacent businesses and residents.

2. This proposed family amusement machine center is at a location with very little convenient off-street parking. Use of parking to the rear for this use could create noise problems for adjacent residents and disruptions for the adjacent businesses, and

WHEREAS, the City Council, at said Council meeting, reviewed and considered the findings of the City of Modesto Environmental Assessment Committee which resulted in a negative declaration in regard to the environmental impact of the proposed project,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the appeal of the nine citizens who are residents and business people in the area to the decision of the Board of Zoning Adjustment granting to Calvin D. Henne a conditional use permit in the H-1 Zone to allow a family amusement machine center at 3330 McHenry Avenue on the east side of McHenry Avenue north of Robin Hood Drive in the City of Modesto is hereby granted, and the decision of the Board of Zoning Adjustment, as set forth in its Resolution No. 927, is hereby overruled.

BE IT FURTHER RESOLVED by the Council that the Director of Planning and Community Development of the City of Modesto is hereby directed to file or cause to be filed with the Stanislaus County Clerk a Notice of Determination in regard to the environmental impact of the proposed project.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of July, 1980, by Councilmember Lang, who moved its adoption, which motion being duly seconded by Councilmember Kullijian, was upon roll call carried and the resolution adopted by the following vote:
