MODESTO CITY COUNCIL
RESOLUTION NO. 79-13

A RESOLUTION URGING THE STANISLAUS COUNTY LOCAL AGENCY FORMATION COMMISSION TO ESTABLISH MORGAN ROAD, HERNDON AVENUE, NADINE AVENUE, AND MITCHELL ROAD AS THE BOUNDARY BETWEEN THE CITIES OF MODESTO AND CERES FOR SPHERE OF INFLUENCE PURPOSES.

WHEREAS, the Stanislaus County Local Agency Formation Commission (LAFCO) is charged with the responsibility of establishing urban spheres of influence for all cities in Stanislaus County, and

WHEREAS, LAFCO currently has under consideration the spheres of influence of the cities of Modesto and Ceres in the area between Hatch Road and the Tuolumne River from the Southern Pacific Railroad to Mitchell Road, and

WHEREAS, the Modesto City Council has studied this area and considered which city can best provide urban services to the present and future residents thereof,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it does hereby request and urge LAFCO to establish Morgan Road, Herndon Avenue Nadine Avenue, and Mitchell Road as the boundary between the spheres of influence of the cities of Modesto and Ceres and to add the area from Nadine Avenue (extended) to the Tuolumne River from Herndon Road to Mitchell Road as an addition to the City of Modesto's urban sphere of influence for the following reasons:

1. Herndon Road is a poor Modesto/Ceres common boundary for the residents of the area because the area on either side of Herndon Road, a two-lane collector street, is one neighborhood served by the Tuolumne Elementary School and present and proposed park facilities. While differing city services may be tolerable in general, a lack of advocacy by either city for a neighborhood park presents a problem. With Herndon Road the boundary, both cities are reluctant to develop neighborhood park facilities at Mancini Park and the Tuolumne River Regional Park Committee does not feel such facilities are appropriately the responsibility of the Regional Park. Ceres, faced with property tax revenue cuts that have dropped from 25% to 12% of its budget, is cutting back its park and recreation programs.

2. Herndon Road is a poor Modesto/Ceres boundary for Modesto. If this boundary remains, Modesto can expect development of only up to 40 acres of land between South 9th Street and Herndon Road, and a spotty service area for not only police and fire response, but for such intensive urban services as garden refuse pickup, leaf pickup, and street sweeping. By contract, Ceres has residential areas within 1/4 mile for an easy service extension to this area. Finally, more technically troublesome than substantive, a Modesto sanitary sewer trunk in Herndon Road with lateral lines from it to the east (Ceres) and west (Modesto) makes monitoring difficult in terms of billing Ceres.

3. Nadine Avenue (extended) to the Tuolumne River from Herndon Road to Mitchell Road as an addition to the Modesto sphere of influence makes sense for the residents of the area because the neighborhood park and park program issues are settled. If a second neighborhood park is needed between Richland and Moffett, Modesto is probably in a better position to consider it.

4. The main concern to residents in the area will be urban densities. The Modesto City Council has made it clear that R-1 areas, via P-D zoning can be increased to 10 dwelling units per net acre, that conventional R-1 areas are typically 5-7 units per net acre, rather than 2-3 units per net acre urged by some residents in the area.

5. Nadine Avenue (extended) to the Tuolumne River from Herndon Road to Mitchell Road as an addition to the Modesto sphere of influence makes sense to Ceres because additional service costs are avoided--such as contracting with Modesto for sanitary sewer service north of the Delmas Ditch. In addition, neighborhood park costs will be avoided.

6. Nadine Avenue (extended) to the Tuolumne River from Herndon Road to Mitchell Road as an addition to the Modesto sphere of influence makes sense to Modesto because 1.1 square miles will be added to Modesto's urban growth area. Urbanization of this portion of the fringe between the two cities and so close to employment should be less controversial than sewer extensions to other areas on Modesto's fringe.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 2nd day of January, 1979, by Councilmember Siefkin, who moved its adoption, which motion being duly seconded

MODESTO CITY COUNCIL
RESOLUTION NO. 79-47

A RESOLUTION GRANTING THE APPEAL OF DENNIS WILSON OF MID-VALLEY ENGINEERING, FILED ON BEHALF OF MODESTO DEVELOPMENT, TO THE FINDING BY THE ENVIRONMENTAL ASSESSMENT COMMITTEE OF THE CITY OF MODESTO THAT AN ENVIRONMENTAL IMPACT REPORT IS NECESSARY ON MODESTO DEVELOPMENT'S APPLICATION DATED DECEMBER 19, 1978, FOR AN AMENDMENT TO THE ZONING MAP TO PREZONE TO PLANNED DEVELOPMENT ZONING PROPERTY LOCATED AT THE NORTHWEST CORNER OF SCENIC DRIVE AND CLAUS ROAD; OVERRULING THE DECISION OF THE ENVIRONMENTAL ASSESSMENT COMMITTEE REQUIRING AN ENVIRONMENTAL IMPACT REPORT; AND ALLOWING MODESTO DEVELOPMENT TO PROCEED WITH ITS APPLICATION FOR AN AMENDMENT TO THE ZONING MAP TO PREZONE TO PLANNED DEVELOPMENT ZONING.

WHEREAS, an application dated December 19, 1978 for an amendment to the Zoning Map for prezoning to Planned Development Zoning, P-D, was filed with the Planning Commission by Modesto Development, Developer, and Mid-Valley Engineering, its Agent, and

WHEREAS, said application for an amendment to the Zoning Map for prezoning to Planned Development Zoning, P-D, was referred to the Environmental Assessment Committee of the City of Modesto, which Committee found and determined that an Environmental Impact Report was required on the requested prezoning for Planned Development Zoning, P-D, because the prezoning and cumulative prezonings of a similar nature could conflict with or cause a change in land use not anticipated by the General Plan and the approved neighborhood zoning and development plan, could have environmental impacts which are individually limited but cumulatively considerable, and could result in significant generation of additional vehicle movement, and

WHEREAS, on January 3, 1979, Dennis Wilson of Mid-Valley Engineering, on behalf of Modesto Development, filed an appeal to the decision of the Environmental Assessment Committee with the City Clerk of the City of Modesto, which appeal was set for a public hearing by the City Council on January 16, 1979, at 4:00 o'clock P.M., at which time the Council found and determined that said appeal to the finding by the Environmental Assessment Committee that an Environmental Impact Report is required on said application for Planned Development Zoning, P-D, should be granted, and that an Environmental Impact Report is not required to be filed for the proposed project,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby grants the appeal of Dennis Wilson of Mid-Valley Engineering, filed on behalf of Modesto Development, to the decision of the Environmental Assessment Committee of the City of Modesto which found that an Environmental Impact Report was necessary on Modesto Development's application dated December 19, 1978, for an amendment to the Zoning Map for Planned Development Zoning, P-D.

BE IT FURTHER RESOLVED that an Environmental Impact Report is not required on the application of Modesto Development for an amendment to the Zoning Map for Planned Development Zoning, P-D, because the proposed project will not conflict with or cause a change in land use not anticipated by the General Plan and the approved neighborhood zoning and development plan, will not have environmental impacts which are individually limited but cumulatively considerable, and will not result in significant generation of additional vehicle movement, for the following reasons:

1. The proposed project is located at the intersection of two major streets, at the juncture of the Lakewood, Lakewood East, Yosemite, and Empire West neighborhoods. While no shopping center is shown on the General Plan map at this intersection, a shopping center is shown at the intersection of Briggsmore Avenue and Claus Road, located approximately three-fourths of a mile north of the proposed project. With the construction of the proposed project, the necessity of an additional shopping center to serve the Lakewood and Lakewood East neighborhoods will no longer exist. Because the proposed project can be viewed as an alternative to the site shown on the General Plan map, it will not result in growth beyond that anticipated by the General Plan, it will not conflict with the General Plan or neighborhood zoning and development plan, nor will it result in a cumulative environmental impact.

2. Any additional vehicular movement generated by the proposed project can be handled adequately due to its location at the intersection of two major streets.

BE IT FURTHER RESOLVED that the City Clerk is hereby directed to file a certified copy of this resolution with the Stanislaus County Clerk as a negative declaration that the proposed prezoning will not have a significant effect on the environment and to publish a notice of preparation of negative declaration one time in

the Modesto Bee. Anyone wishing to respond to the finding of a negative declaration may do so within fifteen (15) days of the date of the filing of this resolution with the Stanislaus County Clerk. This response must be in writing and filed with the City Clerk, City of Modesto, P. O. Box 642, Modesto, California, 95353, and shall name the project as "Prezoning to P-D, Modesto Development - Northwest Corner of Scenic Drive and Claus Road" and the date of filing of this resolution with the Stanislaus County Clerk.

WHEREAS, on October 17, 1977, the City Council, by Ordinance No. 1656-C.S. and Resolution No. 77-1076, approved Planned-Development Zone, P-D (172), for multiple family residential, C-1 commercial uses and offices, and

WHEREAS, on November 7, 1978, John Tatoyan submitted a revised plan for said Planned-Development Zone, P-D (172), to allow a C-2 commercial use (tire and automotive service store), and

WHEREAS, said application for a revised plan was set for a public hearing before the Planning Commission at its meeting of December 12, 1978, and continued to December 19, 1978, in the City Council Chambers, City Hall, 801 11th Street, Modesto, California, at which continued hearing evidence both oral and documentary was received and considered, and

WHEREAS, thereafter the Planning Commission adopted Resolution No. 78-249 determining that the application of John Tatoyan for a revised plan for Planned-Development Zone, P-D (172) should be denied for the following reason:

1. C-2 commercial uses are an inappropriate use in a neighborhood commercial area due to their "heavier" nature and community-wide draw, and

WHEREAS, a public hearing was held on January 23, 1979, by the Council of the City of Modesto, in the City Council Chambers, City Hall, 801 11th Street, Modesto, California, to consider said appeal of John Tatoyan to the Planning Commission's denial of said application for a revised plan for Planned-Development Zone, P-D (172), and

WHEREAS, the Council, after hearing and considering evidence both oral and documentary, finds and determines that the appeal of John Tatoyan to the decision of the Planning Commission for a revised plan for Planned-Development Zone, P-D (172) should be granted, and that Section 2 of Ordinance No. 1656-C.S. should be amended to allow a revised plan which would permit a tire store/automobile service center in Planned-Development Zone, P-D (172) for the following reasons:

1. The commercial portion of P-D (172) is designed to serve the need of small independent businessmen. The subject application fully meets this objective.

Nothing contained herein shall be deemed to supersede other applicable provisions of State law and of the Charter, ordinances and these Personnel Rules of the City of Modesto. In the event that there are other procedures in existence which may be used to resolve the problem, such other procedures shall be deemed exclusive for the resolution of such problem. These procedures are intended to establish uniform and orderly methods of communications between employees and the City of Modesto by which they are employed.

Nothing in these procedures shall be interpreted in such a manner as to interfere with the right of the City to manage the affairs of the City in the most economical and efficient manner and in the best interests of its citizens.

17.2 Right to Join or Abstain

Employees of the City of Modesto, except as may be otherwise provided by law, shall have the right to form, join, and participate in the activities of employee or labor organizations [hereinafter referred to as employee organizations] of their own choosing as provided in Sections 3500 to 3509 of the Government Code of the State of California. Employees of the City of Modesto shall also have the right to refuse to join or participate in the activities of any employee organizations and shall have the right to represent themselves individually in their employment relations with the city. Employees shall not be discriminated against, granted preferential treatment, or have equitable treatment withheld because of membership or nonmembership in employee organizations.

17.3 Right to Present Grievances and Recommendations

All employees shall have the right, as provided in the laws of the State of California, to present grievances and recommendations regarding wages, salaries, hours and working conditions to the City Manager and to discuss the same with the City Manager through employee organizations but shall not have the right to strike or to recognize a picket line of an employee organization while in the course of the performance of their official duties.

17.4 Grievance Procedure Under Labor and Government Codes

(i) The position classifications of employees in the unit claimed to be appropriate and the approximate number of member employees therein.

(j) A statement that the organization has in its possession proof of employee support, as defined in these Personnel Rules to establish that a majority of the employees in the unit claimed to be appropriate have designated the organization to represent them in their employment relations with the City. Such written proof shall be submitted for confirmation to the City Manager.

(k) A request that the City Manager formally recognize the petitioner as the Recognized Employee Organization representing the employees in the unit claimed to be appropriate for the purpose of meeting and conferring in good faith.

The Petition, including the proof of employee support and all accompanying documentation, shall be declared to be true, correct and complete, under penalty of perjury, by the duly authorized officer(s) of the organization executing it.

An employee organization which is certified to represent the employees in an established appropriate unit on February 6, 1979, shall be deemed at that time to have the status under these Rules of a formally Recognized Employee Organization representing the employees in said established appropriate unit.

17.6 City Response to Recognition Petition

Upon receipt of the Petition, the City Manager shall determine whether:

(a) There has been compliance with the requirements of Rule 17.5, and

(b) The proposed representation unit is an appropriate unit in accordance with Rule 17.10.

If an affirmative determination is made by the City Manager on the foregoing two matters, he shall so inform the petitioning employee organization, shall give written notice of such request for recognition to the employees in the unit and shall take no action on said request for thirty (30) days thereafter. If either of the foregoing matters are not affirmatively determined, the City Manager shall offer to consult thereon with such petitioning employee organization, and, if such determination thereafter remains unchanged, shall inform that organization of the reasons therefor in writing. The petitioning employee organization may appeal such determination in accordance with Rule 17.12.

17.7 Open Period for Filing Challenging Petition

Within thirty (30) days of the date written notice was given to affected employees that a valid recognition petition for an appropriate unit has been filed, any other employee organization may file a competing request to be formally recognized as the Recognized Employee Organization of the employees in the same or in an overlapping unit (one which corresponds with respect to some but not all the classifications set forth in the recognition petition being challenged), by filing a petition evidencing proof of employee support in the unit claimed to be appropriate of at least thirty-five (35) percent and otherwise in the same form and manner as set forth in Rule 17.5. If such challenging petition seeks establishment of an over-lapping unit, the City Manager shall call for a hearing on such over-lapping petitions for the purpose of ascertaining the more appropriate unit, at which time the petitioning employee organizations shall be heard. Thereafter, the City Manager shall determine the appropriate unit or units in accordance with the standards in Rule 17.10. The petitioning employee organizations shall have fifteen (15) days from the date notice of such unit determination is communicated to them by the City Manager to amend their petitions to conform to such determination or to appeal such determination pursuant to Rule 17.12.

17.8 Election Procedure

The City Manager shall arrange for a secret ballot election to be conducted by the City Clerk/Auditor, in accordance with the provisions of this Rule. All employee organizations who have duly submitted petitions which have been determined to be in conformance with this Rule shall be included on ballot. Employees entitled to vote in such election shall be those persons employed in regular positions within the designated appropriate unit who were employed on the date of the election, including such employees who are absent due to holiday, vacation, sick leave or other authorized leave. An employee organization shall be formally recognized as the Recognized Employee Organization for the designated appropriate unit following an election or run-off election if it received a numerical majority of all valid votes cast in the election. In an election involving three or more choices, where none of the choices receives a majority of the valid votes cast, a run-off election shall be conducted between the two choices receiving the largest number of valid votes cast; the rules governing an initial election being applicable to a run-off election.

There shall be no more than one valid initial election under these Rules pursuant to any petition in a 12-month period affecting the same unit.

Costs of conducting elections shall be borne in equal shares by each employee organization appearing on the ballot.

17.9 Procedure for Decertification of Recognized Employee Organization

A Decertification Petition alleging that the incumbent Recognized Employee Organization no longer represents a majority of the employees in an established appropriate unit may be filed with the City Manager only at least one full year after the initial recognition and during the thirty (30) day period commencing one hundred eighty (180) days prior to the termination date of a Memorandum of Understanding. A Decertification Petition may be filed by two or more employees or their representative, or an employee organization, and shall contain the following information and documentation declared by the duly authorized signatory under penalty of perjury to be true, correct and complete:

(a) The name, address and telephone number of the petitioner authorized to receive notices or requests for further information.

(b) The name of the established appropriate unit and of the incumbent Recognized Employee Organization sought to be decertified as the representative of that unit.

(c) An allegation that the incumbent Recognized Employee Organization no longer represents a majority of the employees in the appropriate unit, and any other relevant and material facts relating thereto.

(d) Proof that at least thirty-five (35) percent of the employees in the established Recognized Employee Organization no longer desire to be represented by that organization. Such proof shall consist of a petition or petitions recently signed and dated by each employee and shall be submitted for confirmation to the City Manager within the time limits specified in the first paragraph of Rule 17.9. The words "recently signed" shall mean within sixty (60) days prior to the filing of a petition.

An employee organization may, in satisfaction of the Decertification Petition requirements hereunder, file a Petition hereunder in the form of a Recognition Petition that evidences proof of employee support of at least thirty-five (35) percent and otherwise conforms to the requirements of Rule 17.5.

The City Manager shall initially determine whether the Petition has been filed in compliance with the applicable provisions of this Rule. If his determination is in the negative, he shall offer to consult thereon with the representative(s) of such petitioning employees or employee organization, and, if such determination thereafter remains unchanged, shall return such Petition to the employees or employee organization with a statement of the reasons therefor in writing. The petitioning

employees or employee organization may appeal such determination in accordance with Rule 17.12. If the determination of the City Manager is in the affirmative, or if his negative determination is reversed on appeal, he shall give written notice of such Decertification or Recognition Petition to the incumbent Recognized Employee Organization and to unit employees.

The City Manager shall thereupon arrange for a secret ballot election to be held on or about fifteen (15) days after such notice to determine the wishes of unit employees as to the question of decertification, and, if a Recognition Petition was duly filed hereunder, the question of representation. Such election shall be conducted in conformance with Rule 17.8.

17.10 Policy and Standards for Determination of Appropriate Units

The policy objectives in determining the appropriateness of units shall be the effect of a proposed unit on (1) the efficient operations of the City and its compatibility with the primary responsibility of the City and its employees to effectively and economically serve the public, and (2) providing employees with effective representation based on recognized community of interest considerations. These policy objectives require that the appropriate unit shall be the broadest feasible grouping of positions that share an identifiable community of interest. Factors to be considered shall be:

(a) History of representation in the City and similar employment.

(b) Similarity of the general kinds of work performed, types of qualifications required, and the general working conditions.

(c) Consistency with the organizational patterns of the City.

(d) No unit shall be deemed to be an appropriate unit solely on the basis of the extent to which employees in the proposed unit have organized.

(e) Number of employees and classifications, and the effect on the administration of employer-employee relations created by the fragmentation of classifications and proliferation of units.

(f) Effect on the classification structure and impact on the stability of the employer-employee relationship of dividing a single or related classifications among two or more units.

The City Manager shall, after notice to and consultation with affected employee organizations, allocate new classifications or positions, delete eliminated classifications or positions, and retain, reallocate or delete modified classifications or positions from units in accordance with the provisions of this Rule.

17.11 Procedure for Modification of Established Appropriate Units

Requests by employee organizations for modifications of established appropriate units may be considered by the City Manager only during the period specified in Rule 17.9. Such requests shall be submitted in the form of a Recognition Petition, and, in addition to the requirements set forth in Rule 17.5, shall contain a complete statement of all relevant facts and citations in support of the proposed modified unit in terms of the policies and standards set forth in Rule 17.10. The City Manager shall process such petitions as other Recognition Petitions under this Rule.

The City Manager may on his own motion propose during the period specified in Rule 17.9, that an established unit be modified. The City Manager shall give written notice of the proposed modification(s) to any affected employee organization and shall hold a meeting concerning the proposed modification(s), at which time all affected employee organizations shall be heard. Thereafter the City Manager shall determine the composition of the appropriate unit or units in accordance with 17.10 of this Rule, and shall give written notice of such determination to the affected employee organizations. The City Manager's determination may be appealed as provided in 17.12 of this Rule. If a unit is modified pursuant to the motion of the City Manager hereunder, employee organizations may thereafter file Recognition Petitions seeking to become the Recognized Employee Organization for such new appropriate unit or units pursuant to 17.5 hereof.

Proposals for clarification of existing established units may be made at any time and shall be determined by the City Manager in accordance with 17.10 of the Rule.

17.12 Appeals

An employee organization aggrieved by a determination of the City Manager that a Determination of an Appropriate Unit (Rule 17.10); a Recognition Petition (Rule 17.5); Challenging Petition (Rule 17.7) or Decertification or Recognition Petition (Rule 17.9) has not been filed in compliance with the applicable provisions of these Personnel Rules, may, within fifteen (15) days of notice of such determination, appeal the determination to the City Council for final decision.

RESOLUTION NO. 79-115

A RESOLUTION DECLARING AN URGENT NECESSITY FOR THE PRESERVATION OF HEALTH AND PROPERTY AND AUTHORIZING THE ISSUANCE OF A PURCHASE ORDER WITHOUT COMPETITIVE BIDDING TO REED TRENCHING, INC. FOR EMERGENCY REPAIRS TO THE CITY OF MODESTO TRUNK SEWER ON SANTA ROSA AVENUE AT OREGON DRIVE.

WHEREAS, on Thursday, January 18, 1979, the City of Modesto trunk sewer on Santa Rosa Avenue at Oregon Drive collapsed and the trunk line filled with dirt and broken pipe material causing the raw sewage to overflow at an adjacent manhole, and

WHEREAS, raw sewage overflowing into the adjacent public streets created an immediate hazard to the public health and a danger to adjacent properties that had to be alleviated, and

WHEREAS, it was determined that Reed's Trenching, Inc. had employees and equipment available to assist the City of Modesto's Public Works Department personnel to work around the clock to replace the failed trunk sewer as soon as possible, and

WHEREAS, said repair work had to be performed immediately and could not wait for prior Council approval or competitive bidding,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the issuance of a purchase order to Reed's Trenching, Inc. for $16,041.23 to cover the cost of the work performed by Reed's Trenching, Inc. in replacing the collapsed portion of the trunk sewer line on Santa Rosa Avenue at Oregon Drive.

BE IT FURTHER RESOLVED that this Council finds that the work performed by Reed's Trenching, Inc. was of urgent necessity for the preservation of health and property because the collapse of the trunk sewer on Santa Rosa Avenue at Oregon Drive on Thursday, January 18, 1979, caused raw sewage to overflow at an adjacent manhole into the public streets endangering the public health and adjacent properties, and the repairing said collapsed sewer line could not wait for prior Council approval or competitive bidding.

A RESOLUTION APPROVING A DEVELOPMENT PLAN FOR PLANNED-DEVELOPMENT ZONE, P-D (210).

WHEREAS, a verified application for an amendment to Section 31-3-9 of the Zoning Map was filed by Land Bank Financial Services on November 16, 1978, to reclassify from Low Density Residential Zone, R-1 to Planned-Development Zone, P-D, the following described property:

A portion of the South half of Lot 9 of SPENCER COLONY, according to the Official Map thereof, filed in the office of the Recorder of Stanislaus County, California on December 16, 1904, in Volume 2 of Maps, at Page 3, described as follows:

BEGINNING at the Northeast corner of the said South half of Lot 9, at a point in the centerline of Franklin Street and running thence South 89° 58' 30" West, 665.68 feet, more or less, to the Northwest corner of the said South half of Lot 9; thence South 0° 10' West, along the West line of said Lot and the centerline of the Modesto Irrigation District canal, 97.05 feet to a point; thence North 89° 58' 30" East, 125 feet to a point; thence South 0° 10; West, 100 feet to a point; thence North 89° 59' East 18.68 feet more or less, to the Northwest corner of Parcel No. 2, as described in the Deed to John P. Winchester, et al, recorded April 18, 1969, in Volume 2270 of Official Records at Page 565, as Instrument No. 13135; thence continue North 89° 59' East, along the North line of said Parcel No. 2, a distance of 171.00 feet to the Southwest corner of the lands heretofore conveyed to Mary A. Webb, et al, by Deed dated January 4, 1943, and recorded January 7, 1943, in Volume 764 of Official Records, at Page 72; thence North 0° 10' East, along the West line of said premises conveyed to Webb, 140 feet to a point, which is 57.05 feet South of the North line of the South half of said Lot 9; thence North 89° 59' East, 351 feet to the centerline of Franklin Street; thence North along said centerline, 57.05 feet to the point of beginning.

WHEREAS, after public hearing held on February 13, 1979, in the City Council Chambers, City Hall, 801 11th Street, Modesto, California, it was found and determined by the Planning Commission that rezoning of the property as requested is required by public necessity, convenience and general welfare for the following reasons:

1. The project as proposed would provide a needed addition to the senior citizen housing inventory in the City of Modesto.
2. The dwelling unit density for the project will not cause traffic problems due to the limited use of automobiles by senior citizens and because the project is served by public bus.
3. The project is compatible with surrounding residential zoning area.

WHEREAS, after a public hearing held on February 13, 1979, in the City Council Chambers, City Hall, 801 11th Street, Modesto, California, the Council found and determined that the application of Land Bank Financial Services for a Planned-Development Zone should be granted as consonant with public necessity, convenience and general welfare for the reasons set forth above, and

WHEREAS, the Council has introduced Ordinance No. 1810-C.S. on the 13th day of February, 1979, reclassifying the above-described property from Low Density Residential Zone, R-1 to Planned-Development Zone, P-D (210).

   b. Bond redemption fees and subtrunk charges will total about $315 and can be financed by the City of Modesto for a period of two years at 7 percent simple interest. (Payable bimonthly with sewer bill.)

   c. Remaining costs - The actual cost of connecting the home to a sewer lateral will be about $600, to be paid by the property owner at time of connection.

5. WATER SERVICE: The annexation area is presently served by the Del Este Water Company and there would be no change in this service after annexation.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. That Section 13.1 of the Personnel Rules be amended to read as follows:

13.1 Hours of Work

(a) All Employees Except Fire Department Personnel. All full-time City employees except designated Fire Department personnel shall, except as otherwise authorized by the City Manager, work a minimum of forty hours a week, normally to be composed of five consecutive days of eight hours each, not including time taken for meals except as noted herein.

The City Manager may designate certain personnel to work a straight eight hour shift and, in these cases, if the nature of the work makes it advisable, he may further direct that time for one meal each full shift may be considered time worked. Employees may be required to report early or to remain after shift for purposes of briefing or instruction, without compensation.

In addition to "on-the-job" training and other training sessions during the normal working shift, employees are encouraged to take such additional training during off-duty time without compensation as is necessary to obtain and maintain high standards of performance and provide opportunity for advancement within the City service.

The days and hours to be worked by each employee and the type of training shall be established by his department head.

(b) All Fire Department Personnel working in a class for which safety membership in the Public Employees' Retirement System is required shall be on duty an average minimum of fifty-six hours a week (eff. 1-1-72), except that:

(2) The Fire Chief, with the approval of the City Manager, may designate for the Fire Lieutenant assigned as property control officer a special work week not to exceed fifty-six hours, nor to be less than forty hours per week.

It is the policy of the City that paid overtime be held to a reasonable minimum. The City Manager shall establish administrative rules governing paid overtime, subject to the following:

(a) Time worked beyond regularly scheduled hours may be compensated by equivalent time off within the eighty hour pay period, to be taken as directed by the department head, with due regard for the wishes of the employee, and particular regard for the needs of the City. If time worked beyond regularly scheduled hours is not taken as equivalent time off within the pay period, it shall be paid for at the rate of time and one-half. Upon termination, an employee shall be paid for authorized accumulated recorded overtime.

(b) Overtime of more than one hour total in an eighty-hour pay period shall be compensated.

(c) Call Back. Any employee, unless on regular stand-by duty, shall receive a minimum of two hours overtime credit for any call which requires him to return to duty for emergency, exceptional, or unusual reasons.

Upon completion of annexation to the City of Modesto, the following services will be made available or extended to properties in the annexation area in the manner indicated:

1. FIRE PROTECTION: Upon annexation the property will be withdrawn from the McHenry-Dry Creek Fire Protection District and fire protection will be provided by the Modesto Fire Department. Primary fire response would come from Fire Station No. 3 at El Vista Avenue and Edgebrook Drive. This service would be extended upon the effective date of annexation.

2. POLICE PROTECTION: Modesto City Police would assume responsibility for police protection upon the effective date of annexation.

3. GARDEN REFUSE PICKUP: Weekly garden refuse pickup would be extended to the area upon the effective date of annexation. There is no separate charge for this service.

4. SANITARY SEWER SERVICE: Currently 3 of the 63 parcels in the annexation area are connected to the City sewer system; 20 other lots are adjacent to the existing lines and can be connected. The lots would be required to connect to the sewer system within two years from the time the sewer becomes available. The City of Modesto anticipates that an improvement district will be formed and that the sewer will become available to the parcels not adjacent to existing lines within two years after the annexation is effective. The costs of connecting to the sewer may be financed as follows:

   a. Actual construction of sewer laterals where they do not presently exist will be financed by the formation of an improvement district. Financing through improvement district bonds could be for 15 years. A lateral fee is required for the lots adjacent to existing sewer lines but financing of this fee is not available.

   b. Bond redemption fees and subtrunk charges for all lots can be financed by the City of Modesto for a period of two years at 7 percent simple interest. (Payable bimonthly with sewer bill.)

   c. Remaining costs - The cost of actual connection of home to sewer is to be paid by property owner.

   The total cost of connecting to the City sanitary sewer system will vary considerably. For the homes located on the north side of September Drive, the cost will be approximately $1,625. For the homes located on the east side of Randy Avenue and the homes on the south side of Morningside Drive east of Patty Way, the cost will be approximately $1,550. These two areas can be served by existing lines. For the remaining homes in the annexation area, an improvement district must be formed and the cost will be approximately $2,200. For the homes already connected to the sewer there will be a savings on their service bill amounting to $8.22 annually.

5. WATER: Water service to the area is currently provided by the Del Este Water Company. This service would continue upon annexation.

6. GARBAGE COLLECTION: Garbage is presently collected from the annexation area by the Modesto Garbage Company. This company would continue the collection after annexation but at a slightly lower rate under the City franchise. The exact reduction would depend upon the level of service desired. (One-can pickup or two-can pickup.)

The 60 day provision will also apply to appeals to the Citizens Housing and Community Development Committee.

V. TECHNICAL ASSISTANCE

Technical assistance is available to all committees and subcommittees and is furnished primarily by Housing Program Office staff. Other citizens organizations needing assistance should petition the Housing Program Office and receive approval by the Citizens Housing and Community Development Committee or the City Council, as appropriate.

VI. ADEQUATE INFORMATION

Information regarding amounts of Community Development Block Grant funds, range of activities eligible and previously funded, processes to be followed in drafting and approving the Community Development Block Grant application, the schedule of meetings, the role of citizens and the summary of other important program requirements will be made available at all committee meetings and public hearings and is also available through the Housing Program Office. Reasonable requests for all regulations, documents, etc. pertaining to the Community Development Block Grant program, including the Citizens Participation Plan, should be presented to the Housing Program Office and will be honored.

VII. PUBLIC HEARINGS

In accordance with HUD regulations (570.303(j)), public hearings will be held for the purposes outlined above in Part III. Notices of such hearings will be published in the non-legal section of the local newspaper at least 10 days prior to such hearings. Bilingual notice, access to handicapped persons, publicity, etc. enumerated by HUD regulations are hereby adopted, incorporated by reference and will be followed with respect to such hearings. Such notices will explain the purposes of the hearings, information to be made available, etc. as mentioned above. A prototype copy of such notices follows:

public hearings are held to discuss and assess past performance of the program and to solicit views and proposals for future program activity. Comments and suggestions can be submitted during or prior to the public hearings and can be submitted to any of the committees as appropriate. Proposals of a specific nature should be presented in writing for forwarding to the appropriate committee or person and should be delivered to the Housing Program Office for proper dissemination. All such written proposals will receive a written response which response shall be timely insofar as the scheduled meeting date of the appropriate committee and the final hearing on the application. Prior to development of the draft application, a meeting of the Citizens Housing and Community Development Committee will be held, which meeting shall also be a public hearing. A report will be furnished by staff outlining the City's performance during the preceeding year. Also, comments and suggestions regarding both past and future activities will be solicited and considered. An additional meeting of the Citizens Housing and Community Development Committee will be held after the application is complete but prior to its submission to the City Council for final approval. The City Council will consider and approve the application by March 1st of each year prior to its submission to the State and local agencies pursuant to the A-95 review process. Consideration of the application for final approval by the City Council will be subsequent to an additional public hearing and will occur after careful consideration of comments made at such public hearing.

Should it become necessary or advisable to amend or otherwise substantially alter the Community Development Block Grant application, such amendment will be cleared through the appropriate subcommittee and then by the Citizens Housing and Community Development Committee for forwarding to the City Council. The City Council will then hold a public hearing after which it will act on the proposed amendment.

CITIZENS PARTICIPATION PLAN

COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM

CITY OF MODESTO

August 1, 1978
Revised March 13, 1979

I. STANDARDS OF PARTICIPATION

The Citizens Participation Plan is centered around the elaborate committee structure which provides input from various factions of the community, includes target area people and influence at all levels, in an organized framework designed to link neighborhood citizens, community-wide interests and elected City officials in all decision-making processes. (See exhibits A & B.)

II. INFORMATION

Agendas to all meetings of all committees and subcommittees are mailed in advance to the members of all committees and subcommittees and to a mailing list comprised of individuals and organizations expressing interest in program activities, and serve as notice of forthcoming meetings. Items of discussion are listed in order that parties having an interest are apprised and can provide input. The local newspaper receives advance notice and, on occasion, publishes a news article referring to it. Minutes of all meetings are mailed to members of all committees and subcommittees, various appointed and all elected city officials. Additional copies of minutes are available at the Housing Program Office. Where a decision of some import has been made, a news article frequently results. Since decisions having a significant effect upon the program usually work their way up through the committee structure (from either the Housing Maintenance and Counseling Subcommittee, Rehabilitation Loan Pool Subcommittee or one of the Neighborhood Advisory Committees) to the Citizens Housing and Community Development Committee, and then to the City Council for final approval, parties having a particular interest, either pro or con, can furnish their views at one or more levels in the process.

III. DEVELOPMENT OF COMMUNITY DEVELOPMENT BLOCK GRANT APPLICATION INCLUDING THE HOUSING ASSISTANCE PLAN

The application which lists all planned activities and details the Housing Assistance Plan is distributed to the various committees as input is sought, especially as regards the particular interest/role of the respective committees. Distribution and subsequent input is made from preliminary draft stage to final application. In addition to involvement by the various committees and their committeemembers (acting as individuals),

MODESTO CITY COUNCIL
RESOLUTION NO. 79-326

A RESOLUTION GRANTING THE APPEAL OF MOORAD & CLARK FILED ON BEHALF OF SAM RANDY AND JOE RANDY FOR A TIME EXTENSION FOR PLANNED DEVELOPMENT ZONE, PD(141); AMENDING MODESTO CITY COUNCIL RESOLUTION NO. 76-476 ENTITLED "A RESOLUTION APPROVING A DEVELOPMENT PLAN FOR PREZONED PLANNED DEVELOPMENT ZONE, P-PD(141)" TO AMEND CONDITION NO. 13 OF SECTION 1 ENTITLED "DEVELOPMENT PLAN" AND TO AMEND PHASE I OF SECTION 2 ENTITLED "DEVELOPMENT SCHEDULE"; AND OVERRULING THE DECISION OF THE PLANNING COMMISSION DENYING THE REQUEST OF THE MODESTO DEVELOPMENT COMPANY FOR A ONE YEAR EXTENSION OF TIME FOR THE COMMENCEMENT OF CONSTRUCTION OF PD(141).

WHEREAS, on March 22, 1976, by Ordinance No. 1505-C. S., the City Council approved an amendment to Section 15-3-9 of the Zoning Map prezoning certain property located therein to Prezoned Planned Development Zone, P-PD(141), and

WHEREAS, Prezoned Planned Development Zone, P-PD(141) was annexed to the City of Modesto on August 3, 1978, and became Planned Development Zone P-D(141), and

WHEREAS, the Development Plan for PD(141) which permits construction of a neighborhood shopping center with only those uses permitted within the C-1 Zone and an off-street parking area at the southwest corner of Oakdale Road and Floyd Avenue was approved by the City Council on March 22, 1976, by Resolution No. 76-476, and

WHEREAS, City Council Resolution No. 76-476 referred to above also specifies that construction is to be accomplished in three phases, with Phase I to include construction of a supermarket and additional shops, to be commenced on or before April 15, 1979, and completion of Phase I to be by April 15, 1980, and

WHEREAS, the Modesto City Planning Commission received a letter from Modesto Development Company requesting a one-year time extension for the commencement of PD(141), and

WHEREAS, in accordance with the City's adopted Neighborhood Shopping Center Police, a public hearing was held on February 5, 1979, by the Planning Commission in the City Council Chambers, City Hall, 801 11th Street, Modesto,

California, at which hearing evidence both oral and documentary was received and considered, and

WHEREAS, by Resolution No. 79-28, adopted on February 5, 1979, the Planning Commission denied the request for a one-year time extension for the reasons set forth in said Resolution No. 79-28, a copy of which is on file in the Office of the Director of Planning and Community Development, and by this reference made a part hereof, and

WHEREAS, an appeal to the Planning Commission's denial of a one-year time extension for commencement of construction of PD(141) was filed by Morrad & Clark, on behalf of Sam Randy and Joe Randy, the developers of said property, by a letter dated February 8, 1979, addressed to the Modesto City Council and filed in the office of the City Clerk, and

WHEREAS, said appeal was set for public hearing before the City Council at its regular meeting place located in the Council Chambers in the City Hall, 801 11th Street, Modesto, California, at 7:30 o'clock p.m. on March 13, 1979, and

WHEREAS, said public hearing was continued to April 10, 1979, at the hour of 7:30 o'clock p.m., at the request of Moorad & Clark, on behalf of Sam Randy and Joe Randy, and

WHEREAS, the Council, after hearing evidence both oral and documentary, hereby finds and determines that the appeal filed by Moorad & Clark, on behalf of Sam Randy and Joe Randy, to the decision of the Planning Commission denying their request for a one-year time extension, should be granted and the decision of the Planning Commission overruled for the following reasons:

1. The applicant has indicated a commitment to proceed with this project by meeting the requirements called for in the original P-D approval, specifically:

    (a) Proceeding with installation of curb, gutter and sidewalk along the entire frontage of Oakdale Road and Floyd Avenue within sufficient time to complete said improvements by the April 15, 1979, deadline.

(b) Submission of building plans for the Phase I portion of development within sufficient time to obtain a building permit by the April 15, 1979, deadline.

(c) A full capability to install matching pavement on Oakdale and Floyd by the April 15, 1979, deadline, said improvement deferred at the request of the Director of Public Works to enable the City to install a water main in advance.

2. A one year's extension will provide the applicant more time within which to negotiate for tenants and not force the applicant to "spec" build structures based on submitted plans as noted above.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the appeal filed by Moorad & Clark on behalf of Sam Randy and Joe Randy to the decision of the Planning Commission denying a one-year time extension for commencement of construction of PD(141) should be granted, and the decision of the Planning Commission overruled for the reasons hereinabove set forth.

BE IT FURTHER RESOLVED that Section 1 of Resolution No. 76-476 referred to herein is hereby amended to amend Condition No. 13 thereof to read as follows:

13. That the required public street improvements shall be installed and completed within thirty (30) days following notification by the City of Modesto of its completion of construction of a water main across the Oakdale Road and Floyd Avenue frontages of the property.

BE IT FURTHER RESOLVED that Section 2 of Resolution No. 76-476 referred to herein is hereby amended to amend Phase I thereof to read as follows:

VIII. PROPONENTS' STATEMENT

A. State the reason(s) why the proponent(s) feel the annexation should be approved. (Note: this statement or a synopsis of it, will be included in the written report which is submitted to LAFCO.)

This annexation should be approved in order to:

1. More effectively and efficiently provide necessary governmental services to the area.

2. Minimize unincorporated "islands" within the current boundaries of an incorporated area.

3. Minimize the duplication of services by both the County and City.

4. Allow development of the properties into medium density residential units, which is their highest and best use.

5. Comply with and support the concept of infilling.

6. Avoid further suburban sprawl on agricultural land by utilizing currently undevelopable and unicorporated parcels within the current city boundaries.

7. Fight inflation and the current land-price spiral by putting more developable land in the available inventory category.

WHEREAS, a public hearing was held on May 8, 1979, by the Council of the City of Modesto, in the City Council Chambers, City Hall, 801 11th Street, Modesto, California, to consider said appeal of Mid Valley Engineering, filed on behalf of Modesto Development, to the Planning Commission's denial of said application, and

WHEREAS, the Council, after hearing and considering evidence both oral and documentary, finds and determines that the appeal of Mid Valley Engineering, filed on behalf of Modesto Development, to the decision of the Planning Commission for an amendment to Section 24-3-9 of the Zoning Map to prezone the property described above to Planned Development Zone, P-PD, for a neighborhood shopping center and professional office complex, should be granted for the reasons hereinafter set forth, and the decision of the Planning Commission denying said prezoning should be overruled:

1. The proposed project is located at the intersection of two major streets, at the juncture of the Lakewood, Lakewood East, Yosemite, and Empire West neighborhoods. While no shopping center is shown on the General Plan map at this intersection, a shopping center is shown at the intersection of Briggsmore Avenue and Claus Road, located approximately three-fourths of a mile north of the proposed project. With the construction of the proposed project, the necessity of an additional shopping center to serve the Lakewood and Lakewood East neighborhoods will no longer exist. Because the proposed project can be viewed as an alternative to the site shown on the General Plan map, it will not result in growth beyond that anticipated by the General Plan, it will not conflict with the General Plan or neighborhood zoning and development plan, nor will it result in a cumulative environmental impact.

2. Any additional vehicular movement generated by the proposed project can be handled adequately due to its location at the intersection of two major streets.

3. The professional office site is an appropriate location for offices, being adjacent to a neighborhood shopping center.

4. The P-D plan and conditions of approval assure a degree of compatibility consonant with the future and existing residential areas to the west, north and east,

WHEREAS, the City Council certifies it has received and reviewed the environmental assessment and findings which resulted in a Negative Declaration in regard to the environmental impact of the proposed prezoning, and

WHEREAS, the Council has introduced Ordinance No. 1827-C. S. on the 8th day of May, 1979, prezoning the above-described property to Planned Development Zone, P-PD(226),

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the appeal of Mid Valley Engineering filed on behalf of Modesto Development, to the decision of the Planning Commission, as set forth in Planning Commission Resolution No. 79-69, denying an amendment to Section 24-3-9 of the Zoning Map to prezone to Planned Development Zone, P-PD, of the property described herein, should be granted for the reasons set forth above, and that the decision of the Planning Commission should be overruled.

SECTION 1. DEVELOPMENT PLAN. 10. That irrigation lines within the P-D Zone shall be removed or relocated as required by the Modesto Irrigation District and the City Engineer. Appropriate easements for irrigation lines to remain shall be dedicated as necessary.

11. That prior to occupancy of the premises the applicant shall construct a solid 6-foot high fence with decorative masonry pilasters 16 feet on centers along the west and north boundaries of the office complex.

16. That all outdoor lighting shall be shielded from adjacent residential properties in accordance with the requirements of the City Engineer.

17. That prior to issuance of a building permit for any construction, a final parcel map shall be filed in accordance with applicable Code requirements.

18. That the supermarket shall be constructed within the first phase of the project (including the office complex), and shall be the first use to open for business (including the office portion of the P-D Zone).

19. That 2 freestanding shopping center identification signs shall be permitted, one each on the Scenic and Claus frontages. These freestanding signs shall not exceed 72 square feet in area and 20 feet in height. All other signs in the shopping center shall comply with the sign requirements of the H-1 Zone.

20. That no signs shall be permitted on the north and west faces of the shopping center buildings and office complex buildings that will be visible from the adjacent residential areas to the north and west.

21. That all signs in the office complex shall comply with the P-O Zone sign regulations.

A RESOLUTION DENYING THE APPEAL FILED BY MID VALLEY ENGINEERING ON BEHALF OF P. M. L. INC. FOR AN AMENDMENT TO SECTION 7-3-9 OF THE ZONING MAP TO REZONE FROM LOW DENSITY RESIDENTIAL ZONE, R-1, TO MEDIUM DENSITY RESIDENTIAL ZONE, R-2, PROPERTY LOCATED ALONG THE WEST SIDE OF CARVER ROAD NORTH OF SHELDON DRIVE.

WHEREAS, a verified application for an amendment to Section 7-3-9 of the Zoning Map was filed by P. M. L. Inc. February 21, 1979, to reclassify from Low Density Residential Zone, R-1, to Medium Density Residential Zone, R-2, property located along the west side of Carver Road north of Sheldon Drive described as follows:

All that portion of Section 7, Township 3 South, Range 9 East, M. D. B. &M. described as follows:

All of Parcel 1, 3, and 4 as shown on the map filed in Book 27 of Parcel Maps at page 98, in the Stanislaus County Records, including all that portion of Carver Road situated between the centerline of Carver Road and the east property line of said Parcels 1, 3, and 4.

Containing approximately 0.492 net acres,

and

WHEREAS, said application was set for public hearing before the Planning Commission at its regular meeting of March 19, 1979, and continued to April 16, 1979, at its regular meeting place located in the Council Chambers in the City Hall, 801 - 11th Street, Modesto, California, and

WHEREAS, at said continued hearing on April 16, 1979, after hearing evidence both oral and documentary, the Planning Commission, by its Resolution No. 79-101, denied the requested amendment to Section 7-3-9 of the Zoning Map to rezone from Low Density Residential Zone, R-1, to Medium Density Residential Zone, R-2, the property described above located along the west side of Carver Road north of

Sheldon Drive in the City of Modesto for the following reasons:

and

WHEREAS, at said meeting, said Council after hearing evidence both oral and documentary, found and determined that the appeal filed by Mid Valley Engineering on behalf of P. M. L. Inc. to the decision of the Planning Commission denying rezoning from Low Density Residential Zone, R-1, to Medium Density Residential Zone, R-2, of the property described above located along the west side of Carver Road north of Sheldon Drive in the City of Modesto, should be denied for the reasons set forth in Planning Commission Resolution No. 79-101, and quoted above, and that the decision of the Planning Commission denying the requested rezoning should be affirmed, and

WHEREAS, the City Council at said Council meeting reviewed and considered

the findings of the City of Modesto Environmental Assessment Committee which resulted in a negative declaration in regard to the environmental impact of the proposed rezoning,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the appeal filed by Mid Valley Engineering, on behalf of P. M. L. Inc., to the decision of the Planning Commission, as set forth in Planning Commission Resolution No. 79-101 denying rezoning from Low Density Residential Zone, R-1, to Medium Density Residential Zone, R-2, of the above described property, located along the west side of Carver Road north of Sheldon Drive in the City of Modesto, be denied, for the reasons set forth in Planning Commission Resolution No. 79-101, quoted above, and the decision of the Planning Commission denying the requested rezoning is hereby affirmed.

MODESTO CITY COUNCIL
RESOLUTION NO. 79-496

A RESOLUTION APPROVING A DEVELOPMENT PLAN FOR PLANNED-DEVELOPMENT ZONE, P-D (224).

WHEREAS, a verified application for an amendment to Section 21-3-9 of the Zoning Map was filed by Ray Miller on March 19, 1979, to reclassify from Neighborhood Commercial Zone, C-1, and Medium Density Residential Zone, R-2, to Planned Development Zone, the following described property:

All that portion of Section 21, Township 3 South, Range 9 East, Mount Diablo Base and Meridian, described as follows:

R-2 to P-D

All of Parcel 1 as shown on the map filed in Book 25 of Parcel Maps at Page 72, in the Stanislaus County Records, including also the Southerly 10.00 feet of Fairmont Avenue immediately adjacent to said Parcel 1.

C-1 to P-D

All of Parcel 3 as shown on the map filed in Book 25 of Parcel Maps at Page 72, in the Stanislaus County Records, including also the Westerly 45.00 feet of Coffee Road immediately adjacent to said Parcel 3.

WHEREAS, after public hearing held on April 16, 19 79, in the City Council Chambers, City Hall, 801 11th Street, Modesto, California, it was found and determined by the Planning Commission that rezoning of the property as requested is required by public necessity, convenience and general welfare for the following reasons:

1. The proposed P-D Zone allows a development pattern and density which is consistent with the existing zoning except that the P-D allows condominiums rather than rental apartments.

2. The proposed residential development plan is compatible with surrounding developments by virtue of ample off-street parking, non-utilization of the alley to the west except for trash pick-up, and higher standard fencing.

WHEREAS, after a public hearing held on May 22, 19 79, in the City Council Chambers, City Hall, 801 11th Street, Modesto, California, the Council found and determined that the application of Ray Miller for a Planned-Development Zone should be granted as consonant with public necessity, convenience and general welfare for the reasons set forth above, and

WHEREAS, the Council has introduced Ordinance No. 1832-C.S. on the 22nd day of May, 1979, reclassifying the above-described property from Neighborhood Commercial Zone, C-1, and Medium Density Residential Zone, R-2, to Planned-Development Zone, P-D (224).

PLAN FOR PROVIDING SERVICES - BLUE GUM-ROSEMORE ANNEXATION

Upon completion of annexation to the City of Modesto, the following services will be available or extended to properties in the annexation area in the manner indicated:

1. FIRE PROTECTION: Upon annexation the property will be withdrawn from the Woodland-Fire Protection District and fire protection will be provided by the Modesto Fire Department. Primary fire response would come from Fire Station No. 4 at Carpenter Road and Blue Gum Avenue. This service would be extended upon the effective date of annexation.

2. POLICE PROTECTION: Modesto City Police would assume responsibility for police protection upon the effective date of annexation.

3. GARDEN REFUSE PICKUP: Weekley garden refuse pickup would be extended to the area upon the effective date of annexation. There is no separate charge for this service.

4. SANITARY SEWER SERVICE: Currently none of the 58 parcels in the annexation area are connected to the City sewer system. The existing homes would be required to connect to the sewer system within two years from the time the sewer becomes available. The City of Modesto anticipates that an improvement district will be formed and that the sewer will become available within two years after the annexation is effective. The costs of connecting to the sewer may be financed as follows:

   a. Actual construction of sewer laterals will be financed by the formation of an improvement district. Financing through improvement district bonds could be for 15 years.

   b. Bond redemption fees and subtrunk charges for all lots can be financed by the City of Modesto for a period of two years at 7 percent simple interest. (Payable bimonthly with sewer bill.)

   c. Remaining costs - The cost of actual connection of home to sewer is to be paid by property owner.

The cost of connecting to the City sanitary sewer system will vary. For the homes located north of Cox Avenue the cost will be approximately $2,800 per home.

5. WATER: Water service to the area is currently provided by the Del Este Water Company. This service would continue upon annexation.

6 GARBAGE COLLECTION: Garbage is presently collected from the annexation area by the Modesto Garbage Company. This company would continue the collection after annexation but at a slightly lower rate under the City franchise. The exact reduction would depend upon the level of service desired. (One-can pickup or two-can pickup.)

WHEREAS, the people of the City of Modesto approved by initiative the Modesto Citizens Advisory Growth Management Act, otherwise known as Measure A, on March 6, 1979, and

WHEREAS, the City Council Public Projects Committee has met to consider means of implementing the provisions of Measure A with the Urban Growth Policy and has prepared proposed procedures and policy revisions.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby adopts the following revised Urban Growth Policy for the City of Modesto incorporating the revisions approved on May 16, 1978 and the May, 1979 recommendations of the Public Projects Committee:

(a) That urban growth be directed to areas currently served with city services as long as economically reasonable. The amount of land developed each year and maintenance of an urban land inventory should also be considered.

(b) Urban development should be kept as contiguous as possible in order to avoid premature urbanization of valuable farm land, foster resident convenience and provide for economy in city services.

(c) Residential development should be encouraged in the west and southwest sections of the urban area. City-County cooperation and coordination is necessary to develop means to achieve this goal.

(d) That interim agricultural preservation of lands beyond the current sanitary

service area but within the ultimate sanitary sewer service area be supported by "opposition" to Williamson Act contract referrals from the County. Such "opposition" enables the landowner to break the contract and convert his land to urban uses without penalty if through annexation city services become available to the property.

(e) That long-term agricultural preservation of lands beyond the ultimate sanitary sewer service area be encouraged by support of Williamson Act contract referrals from the County.

(f) That by the first regular City Council meeting in October, or in years in which an advisory election is to be held, by the first regular City Council meeting the following January, the City staff prepare a written review of the effects of the urban growth policy and its supportive findings such as an update each year including but not limited to:

(1) Inventory of agricultural and vacant land suitable for residential development within the current sewer service area.

(2) The relationship between this inventory and the General Plan and zoning maps.

(3) Population growth.

(4) Building trends.

(5) Adequacy of all public services and their inclusion in the Capital Improvement Program (sewer, water, fire, police, parks, transportation networks, schools, etc.)

(6) Adequacy of utilities (P.G. & E., M.I.D., P.T. & T.).

(7) Residential land prices.

(8) Consideration of potential neighborhoods to be added to the current sewer service area during the ensuing five years.

(g) That during October, or, in years, in which an advisory election is to be held, during the following January, the Public Projects Committee shall meet to review the urban growth policy and make recommendations to the City Council. The Council shall determine which, if any trunk sewer extension(s) as defined by the Modesto Citizens Advisory Growth Management Act, (Measure A) shall be scheduled for a public advisory election in November and shall select potential neighborhoods to be added to the current sewer service area during the ensuing five years. Council review and actions shall be complete within one month following receipt of the Public Projects Committee recommendations.

(h) That any proposed sewer trunk extension(s) shall be subject to preparation of an Environmental Impact Report which shall include a General Plan Amendment, Neighborhood Zoning and Development Plan, Capital Improvement Program review, and Williamson Act contract review prior to holding an advisory election.

(i) That following the advisory election the Council shall hold a public hearing to determine which, if any, trunk sewer which has been voted upon shall be extended.

(j) That a determination to extend any trunk sewer shall be followed by Planning Commission and City Council review, via public hearing, and adoption of a General Plan and Neighborhood Zoning and Development Plan.

MODESTO CITY COUNCIL
RESOLUTION NO. 79-586

A RESOLUTION AMENDING SECTION 1 OF RESOLUTION NO. 76-1344 ENTITLED "A RESOLUTION APPROVING A DEVELOPMENT PLAN FOR PLANNED-DEVELOPMENT ZONE, P-D(147). (St. Paul's Episcopal Church)" AND CERTIFYING REVIEW OF ENVIRONMENTAL ASSESSMENT.

WHEREAS, the City Council, by Ordinance No. 1566-C. S. which was introduced on December 20, 1976, finally adopted on January 3, 1977, and which became effective on February 2, 1977, amended Section 23-3-9 of the Zoning Map of the City of Modesto to reclassify from Low Density Residential Zone, R-1, to Planned Development Zone, P-D(147) property located at the southeast corner of Briggsmore Avenue and Oakdale Road to allow a church, a business and professional office complex, a book store, and a 50-dwelling unit retirement center, and

WHEREAS, City Council Resolution No. 76-1344 was adopted on December 20, 1976, and approved the development plan for P-D(147) and contained the conditions of approval thereof, and

WHEREAS, an application was filed by St. Paul's Episcopal Church for an amendment to P-D(147) to allow utilization of the church facilities for a maximum 95 child day care nursery, increase the number of elderly housing units from 50 to 100 units, and inclusion of a bank of other financial institution in the professional office portion of said P-D Zone, and

WHEREAS, a public hearing was held by the Planning Commission on April 16, 1979, in the City Council Chambers, City Hall, 801 11th Street, Modesto, California, at which hearing evidence both oral and documentary was received and considered, and

WHEREAS, by Resolution No. 79-110 adopted by the Planning Commission at said hearing, it was found and determined that an amendment to P-D(147) to increase in density the housing complex to 100 units and utilization of the church for a maximum 95 child day care nursery is required by public necessity, convenience and general welfare for the following reasons:

1. The presently approved plans for 2-story development would be more realistic for 100 units than for 50 units since each unit, now 900 square feet, would average 450 square feet which is a more contemporary elderly housing unit size.

2. Church facilities particularly at the subject location are optimum for child care due to their conformance with higher building and fire code standards,

and

WHEREAS, at said hearing, the Planning Commission recommended an amendment to P-D(147) to allow use of the church facilities for a maximum 95 child day care center and a maximum 100 unit elderly housing complex, subject to the specifications and limitations of City Council Resolution No. 76-1344 referred to above and the additional condition that prior to occupancy of either the office or the elderly housing phase of the P-D(147) Zone, the applicant shall construct concrete curb and gutter along Briggsmore Avenue within that phase in accordance with the requirements of the Director of Public Works, and

WHEREAS, at said hearing, the Planning Commission denied the requested amendment to Planned Development Zone, P-D(147) to allow a bank or other financial institution, and

WHEREAS, after a public hearing held on June 12. 1979, the Council found and determined that the application of St. Paul's Episcopal Church for an amendment to Planned Development Zone, P-D(147) should be granted as consonant with public necessity, convenience and general welfare for the reasons set forth in Planning Commission Resolution No. 79-110 and quoted above, and introduced Ordinance No. 1839-C. S. amending Section 2 of Ordinance No. 1566-C. S. to allow the increase in density of the housing complex to 100 units and utilization of the church facilities for a maximum 95 child day care nursery, and

WHEREAS, at said public hearing on June 12, 1979, the Council found and determined, upon recommendation of the Planning Commision, that Section 1 of Resolution No. 76-1344 entitled "A Resolution Approving A Development Plan For Planned-Development Zone, P-D(147). (St. Paul's Episcopal Church)" should be amended to add an additional condition thereto relating to the requirement that prior to occupancy of either the office or the elderly housing phase of P-D(147), the applicant shall construct concrete curb and gutter along Briggsmore Avenue within that phase in accordance with the requirements of the Director of Public Works, and

WHEREAS, the City Council certifies that at said Council meeting it reviewed and considered the findings of the City of Modesto Environmental Assessment Committee which resulted in a negative declaration in regard to the environmental impact of the subject project,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that Section 1 of Resolution No. 76-1344 entitled "A Resolution Approving A Development Plan For Planned-Development Zone, P-D(147). (St. Paul's Episcopal Church)" is hereby amended to add Condition No. 12 thereto to read as follows:

> "12. That prior to occupancy of either the office or the elderly housing phase of the P-D(147) zone, the applicant shall construct concrete curb and gutter along Briggsmore Avenue within that phase in accordance with the requirements of the Director of Public Works."

RESOLUTION NO. 79-587

A RESOLUTION DENYING THE APPEAL FILED BY ST. PAUL'S EPISCOPAL CHURCH FOR AN AMENDMENT TO PLANNED DEVELOPMENT ZONE, P-D(147) TO ALLOW A FINANCIAL INSTITUTION, AND THE REQUIREMENT OF THE CONSTRUCTION OF CONCRETE CURB AND GUTTER ALONG BRIGGSMORE AVENUE, AND AFFIRMING THE DECISION OF THE PLANNING COMMISSION.

WHEREAS, a verified application was filed by St. Paul's Episcopal Church for an amendment to Planned Development Zone, P-D(147) to allow utilization of the church facilities therein for a maximum 95 child day care nursery, increase the number of elderly housing units from 50 to 100 units, and inclusion of a bank or other financial institution in the professional office portion of said P-D Zone, and

WHEREAS, said application was set for public hearing before the Planning Commission at its regular meeting of April 16, 1979, at its regular meeting place located in the Council Chambers in the City Hall, 801 - 11th Street, Modesto, California, and

WHEREAS, at said meeting, after hearing evidence both oral and documentary, the Planning Commission, by Resolution No. 79-110, approved an amendment to Planned Development Zone, P-D(147) to allow the requested increase in density of the housing complex to 100 units and utilization of the church for a maximum 95 child day care nursery subject to the condition that prior to occupancy of either the office or the elderly housing phase of the P-D(147) Zone, the applicant shall construct concrete curb and gutter along Briggsmore Avenue within that phase in accordance with the requirements of the Director of Public Works, and

WHEREAS, at said meeting referred to above, the Planning Commission, after hearing evidence both oral and documentary, by its Resolution No. 79-110, denied an amendment to Planned Development Zone, P-D(147) to allow a bank or other financial institution at or near the northwest corner of P-D(147), for the following reasons:

1. The Planning Commission and City Council, by previous Code amendment have determined that banks, savings and loan associations, and other financial institutions do not belong in professional office developments but rather are deemed commercial uses.

2. There is commercial zoning which can accommodate such commercial uses close by, to the north and to the south from the subject property.

3. An amendment to P-D(147) to allow a bank or other financial institution would constitute a commercial rezoning not in conformance with the General Plan,

and

WHEREAS, an appeal was filed with the City Clerk of the City of Modesto by St. Paul's Episcopal Church by letter dated April 23, 1979, to the decision of the Planning Commission denying its application for an amendment to Planned Development Zone, P-D(147) to allow a bank or other financial institution at or near the northwest corner of said P-D(147), and requiring the construction of concrete curb and gutter along Briggsmore Avenue, and

WHEREAS, said matter was set for public hearing before the City Council at its regular meeting place located in the Council Chambers in the City Hall, 801 - 11th Street, Modesto, California, at 7:30 o'clock plm. on June 12, 1979, and

WHEREAS, at said meeting, said Council, after hearing evidence both oral and documentary, found and determined that the appeal filed by St. Paul's Episcopal Church to the decision of the Planning Commission denying an amendment to Planned Development Zone, P-D(147) to allow the inclusion of a bank or other financial institution in the professional office portion of said P-D Zone should be denied for the reasons set forth in Planning Commission Resolution No. 79-110 and quoted above, and

WHEREAS, at said meeting, the Council, after hearing evidence both oral and documentary, also found and determined that said appeal to the decision of the Planning Commission requiring the construction of concrete curb

and gutter along Briggsmore Avenue in said P-D(147) should be denied for the reason that the current City policy calls for installation of curb and gutter on Briggsmore Avenue by the developers of abutting properties, and

WHEREAS, the Council further found and determined that the decision of the Planning Commission denying both the requested amendment to P-D(147) to allow a bank or other financial institution, and requiring the construction of concrete curb and gutter along Briggsmore Avenue should be affirmed, and

WHEREAS, the City Council at said Council meeting reviewed and considered the findings of the City of Modesto Environmental Assessment Committee which resulted in a negative declaration in regard to the environmental impact of the proposed project,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the appeal filed by St. Paul's Episcopal Church to the decision of the Planning Commission denying an amendment to Planned Development Zone, P-D(147) to allow the inclusion of a bank or other financial institution in the professional office portion of said P-D Zone, and requiring the construction of concrete curb and gutter along Briggsmore Avenue is hereby denied for the reasons hereinabove set forth, and the decision of the Planning Commission is hereby affirmed.
