A RESOLUTION GRANTING AN UNCLASSIFIED USE PERMIT TO CLARENCE E. SIMPSON TO ALLOW CONVERSION OF THE GOLDEN YEARS CONVALESCENT HOSPITAL TO A RESIDENTIAL CENTER FOR A MAXIMUM OF 25 DEVELOPMENTALLY HANDICAPPED CHILDREN AT 1344 E. ORANGEBURG AVENUE.

WHEREAS, Articles 14 and 21 of Title X of the Modesto Municipal Code establish the requirement of and procedure for obtaining an Unclassified Use Permit for a state authorized, certified, or licensed home serving more than 6 developmentally handicapped persons, and

WHEREAS, said application was set for public hearing before the Planning Commission in the Council Chambers located in the City Hall, 801 - 11th Street in the City of Modesto on May 20, 1975, and

WHEREAS, thereafter, upon the evidence, both oral and documentary taken and introduced at said hearing, the Planning Commission adopted Resolution No. 75-82, recommending to the Council that an Unclassified Use Permit be granted to Clarence E. Simpson to allow conversion of the Golden Years Convalescent Hospital to a residential center for a maximum of 25 developmentally handicapped children at 1344 E. Orangeburg Avenue subject to the following conditions:

1. That all development be in accordance with the plan titled "Proposed Residential Home for Developmentally Handicapped Children" stamped approved by the Planning Commission on May 20, 1975, and on file in the office of the Director of Planning and Community Development.
2. That all landscaping, fences, and walls shall be maintained and the premises shall be kept free of weeds, trash, and other debris.
3. That the applicant shall record with the County Recorder, Stanislaus County, a Notice in a form approved by the City of Modesto that this Unclassified Use Permit has been issued and that it contains conditions affecting the use of the above described property. (Copies of the approved form are available from the Modesto Planning Department.)

and

WHEREAS, said matter was set for public hearing before the Council of the City of Modesto in the Council Chambers located in the City Hall, 801 - 11th Street, Modesto, California, at 7:35 o'clock p.m. on July 14, 1975, and

WHEREAS, the Council certifies it has received and reviewed the findings of the Environmental Assessment Committee which resulted in a negative declaration of environmental impact of the subject Unclassified Use Permit, and

WHEREAS, said hearing was held before the Council at the above time and place and evidence, both oral documentary, was taken and introduced, and the Council found and determined that the granting of an Unclassified Use Permit is required by public necessity, convenience and general welfare for the following reasons:

1. The Golden Years Convalescent Hospital is an institutional type use which has been in existence for over ten years, first in the county and subsequently in the city, and has not been shown to create any problems of compatibility with surrounding property.
2. The subject property is located on a cross town collector street, very near to a major street intersection and possesses adequate land area to create a reasonable transition between single family dwellings to the east and potentially higher density residential development to the west.
3. The proposed residential center would serve a maximum of 25 developmentally handicapped children between ages 5 and 18 years, the same number of persons presently allowed to be served under the convalescent hospital facility.

 PROGRAM OF PROJECTS

I. Project Description

The Modesto Motor Bus Service, operated by the City of Modesto, provides the only transit service to the Modesto urbanized area. The Metropolitan Planning Organization (MPO) for the area is the Stanislaus Area Association of Governments.

The annual program of projects for FY 1976 includes capital and operating projects as follows:

<u>Project Description</u>	<u>Total Cost</u>	<u>Federal Funds</u>	<u>Local Funds</u>
Capital	\$357,900	\$286,320	\$ 71,580
Operations	<u>280,400</u>	<u>140,200</u>	<u>140,200</u>
TOTAL	\$638,300	\$426,520	\$211,780

The operating assistance will be used by the Modesto Motor Bus Service to maintain the current level of transit service in the area and for expansion of transit service in areas not presently served. The use of the operating assistance will conform to requirements for maintenance of effort, eligible expenses, matching funds and project documentation. The transit needs for elderly and handicapped will be met. The estimated project cost was produced by deducting estimated transit system revenues from estimated expenses of the system.

The capital project is summarized as follows:

<u>Item</u>	<u>Cost</u>
1. Seven 16-passenger DAR vehicles	\$210,000
2. Two DAR vehicles equipped for handicapped	90,000
3. Nine fare boxes for above vehicles	1,800
4. Communications base station	6,700
5. Nine mobile radios for DAR system	15,300
6. Ten mobile radios for existing bus fleet and three buses to be acquired about March 1, 1976	17,000
7. Contingencies	17,100
	<u>\$357,900</u>

The Urban Mass Transportation Administration is expected to provide 80 percent (\$286,320) and Local Transportation Fund will provide 20 percent (\$71,580) of the capital project.

## II. Transit Development Program

The Transit Development Program for the Modesto Urbanized Area is included in the "Stanislaus Public Transit Plan, Revised April 1975." After adoption by SAAG it was forwarded to UMTA for approval on June 24, 1975. The Plan covers the entire County of Stanislaus, including the Modesto Urbanized Area and the remaining cities in the County.

The Transit Development Plan (TDP) for the Modesto Urbanized Area proposes additional fixed bus routes, improved fixed route scheduling and Dial-A-Ride service in some areas. The TDP calls for capital acquisition in FY 1975 of three full-sized buses and for up to ten Dial-A-Ride (DAR) vehicles. Proposed capital acquisition in FY 1976 is for three full-sized buses and nine DAR vehicles. The City of Modesto is currently implementing an UMTA Section 3 Capital Grant of \$174,816 for the purchase of the three full-sized buses proposed in the TDP for FY 1975. The UMTA Grant was approved in May 1975.

## III. Responsibilities

The designated recipient is the Governor of the State of California and the implementation agency is the City of Modesto.

## IV. Transit Service Efficiencies

The City of Modesto recognizes the requirements of Section 5(d)(2) of the Urban Mass Transportation Act of 1964 as amended by the National Mass Transportation Act of 1974. The City of Modesto understands that UMTA intends to promulgate special requirements to conserve energy and improve the efficiency of transit service consistent with this section.

It is the expressed intent of the City of Modesto, assuming timely promulgation of workable regulations, to prepare or cause to be prepared a program of actions to conserve energy and improve the efficiency of transit service and further to submit this program of actions with the City's program of projects for Fiscal Year 1977.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it recognizes the desirability of city officials, both elected and appointed, as individuals, to participate in or sponsor religious or community events of their choice; however, the Council believes that such officials should be careful to not give the impression that the City of Modesto sponsors or is participating in such events. MODESTO CITY COUNCIL  
RESOLUTION NO. 75-795

A RESOLUTION ADOPTING A REVISED POLICY REGARDING ZONING FOR COMMERCIAL USES THAT DO NOT TYPICALLY LOCATE IN NEIGHBORHOOD OR COMMUNITY SHOPPING CENTERS. (SATELLITE COMMERCIAL AREAS)

WHEREAS, by Resolution No. 75-477, adopted on April 21, 1975, the City Council adopted a policy regarding zoning for commercial uses that do not typically locate in neighborhood or community shopping centers (satellite commercial areas) as recommended by the Planning Commission, and

WHEREAS, on April 21, 1975, by motion, the City Council requested that the Planning Commission give further study to two aspects of said satellite commercial area policy, namely:

1. The possibility, for the purposes of the satellite commercial area policy, of locating major streets in the inside portions of neighborhoods rather than on the perimeters; and
2. Which neighborhoods would and which ones would not qualify under the satellite commercial area policy for additional commercial zoning,

and

WHEREAS, the Planning Commission held an informal public hearing on July 15, 1975, in regard to said two aspects of said satellite commercial area policy, set forth above at which time, by Resolution No. 75-112, it recommended to the City Council the adoption of a revised Satellite Commercial Area Policy, and

WHEREAS, at its meeting on August 28, 1975, the City Council reviewed the revised Satellite Commercial Area Policy recommended by the Planning Commission, and finds and determines that it is in the public interest to revise the previously adopted satellite commercial area policy as recommended by the Planning Commission,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. The policy of the City of Modesto regarding zoning for commercial uses that do not typically locate in neighborhood or community shopping centers (satellite commercial areas) shall be as follows:

POLICY FOR SATELLITE COMMERCIAL AREAS

OBJECTIVES

The objectives of this policy are: 1) to accommodate commercial uses that do not typically locate in shopping centers, and 2) to accommodate persons who prefer to own their own commercial site rather than lease a site from a shopping center developer.

SPECIFICATIONS

It is the policy of the City of Modesto to permit development of a satellite commercial area meeting the following specifications if adequate zoning does not already exist in the area.

A satellite commercial area shall be:

- 1) Limited to one per major streets corridor, said corridors as identified on the attached map entitled "Corridors For Satellite Commercial Areas" marked Exhibit "A" and made a part hereof by this reference. Each major streets corridor was created as follows:
  - (a) The major/major street intersections and major/collector street intersections comprising the corner of two or more neighborhoods are identified by dots on the attached map.
  - (b) Along each major street, a corridor was extended from a given dot to a point midway to an adjacent dot on the attached map.
- 2) Located on a major street at its intersection with another major street or with a collector street.
- 3) Located at least 1/4 mile from any other satellite commercial area and at least 1/4 mile from any neighborhood or community shopping center which has been developed, zoned or shown on the General Plan Map. The 1/4 mile is to be measured from the nearest point of the neighborhood or community shopping center or existing satellite commercial area to the nearest point of the proposed satellite commercial area.
- 4) Developed under the provisions of the Planned Development (P-D) zone.
- 5) Limited to uses permitted within the H-1, Highway Frontage Zone.
- 6) Limited to each business having a maximum of 5,000 square feet of building area.
- 7) No larger than 1-1/2 net acres in size. For a project involving a single use which does not customarily locate in a shopping center, the maximum size may be increased to 3 net acres.
- 8) Under construction within two years of the effective date of the P-D zoning approving the satellite area.

If construction is not commenced on the satellite commercial area within the two year time limitation, a rezoning shall be initiated to the previous or a more appropriate zone; no time extensions shall be granted.

## ACCOUNT CLERK I

### DEFINITION

Under close supervision, to learn account record keeping, financial record keeping, and statistical record keeping skills and procedures; to perform cashier duties; to perform the least difficult account record keeping, financial record keeping and statistical record keeping work; and to do related work as required.

### DISTINGUISHING CHARACTERISTICS

This is the normal entrance level class for clerical employees required to utilize account record keeping skills, but possessing no experience. Employees generally work under close supervision performing repetitive or closely related duties according to established procedures. While a variety of tasks may be assigned, each step usually fits a pattern which has been established and explained before work is started. Work is observed and reviewed during performance and upon completion. Changes in procedures or exceptions to rules are explained in detail as they arise. Account Clerks I are normally considered to be on a training status. When assigned responsibilities and breadth of knowledge increase with experience, they may reasonably expect their positions to be re-assigned to the next higher class of Account Clerk II. Under this training concept, positions assigned to the class of Account Clerk II which became vacant may reasonably be filled at the Account Clerk I level with the understanding that future reassignment to an Account Clerk II class is to be expected in most cases.

**TYPIST CLERK I  
TYPIST CLERK II****DEFINITION**

This series specification describes two Typist Clerk classes which have responsibility for performing a wide variety of typing and general clerical work; and to do related work as required.

**DISTINGUISHING CHARACTERISTICS**

Typist Clerk I is the entrance level for clerical employees required to have typing skill but no previous clerical experience. Employees in this grade normally work under close and continuous supervision performing a group of repetitive or closely related duties according to established procedures. While a variety of tasks may be assigned, each step usually fits a pattern which has been established and explained before work is started. Generally work is observed and reviewed both during its performance and upon completion, and changes in procedure or exceptions to rules are explained in detail as they arise. Typist Clerks I are normally considered to be on a training status, and as assigned responsibilities and breadth of knowledge increase with increased experience, may reasonably expect their positions to be reassigned to the next higher grade of Typist Clerk II. Under this training concept, positions assigned to the level of Typist Clerk II which become vacant may reasonably be filled at the Typist Clerk I level, with the understanding that future reassignment to the Typist Clerk II level is to be expected in most cases.

Typist Clerk II is the class which is normally filled by advancement from the lower class of Typist Clerk I, or, when filled from the outside, requires prior clerical experience. A Typist Clerk II works under general supervision, and, within a framework of established procedures, is expected to perform a wide variety of typing and general clerical duties with only occasional instruction or assistance. Adequate performance at this level requires a knowledge of departmental procedures and precedents, and the ability to choose among alternatives in solving problems. A Typist Clerk II is expected to work productively even in the absence of a supervisor. Employees in this class may often have contact with the public, answering a variety of procedural questions or giving out information from established records. Work is normally reviewed only on completion and for overall results.

WHEREAS, at its meeting on October 20, 1975, the City Council reviewed the revisions to the satellite commercial area policy recommended by the Planning Commission, and finds and determines that it is in the public interest to revise the previously adopted revised satellite commercial area policy as recommended by the Planning Commission,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. The policy of the City of Modesto regarding zoning for commercial uses that do not typically locate in neighborhood or community shopping centers (satellite commercial areas) shall be as follows:

POLICY FOR SATELLITE COMMERCIAL AREAS

OBJECTIVES

The objectives of this policy are: 1) to accommodate commercial uses that do not typically locate in shopping centers, and 2) to accommodate persons who prefer to own their own commercial site rather than lease a site from a shopping center developer.

SPECIFICATIONS

It is the policy of the City of Modesto to permit development of a satellite commercial area meeting the following specifications if adequate zoning does not already exist in the area.

A satellite commercial area shall be:

- 1) Limited to one per major streets corridor, said corridors as identified on the attached map entitled "Corridors for Satellite Commercial Areas". Each major streets corridor was created as follows:
  - a) The major/major street intersections and major/collector street intersections comprising the corner of two or more neighborhoods are identified by dots on the attached map.
  - b) Along each major street, a corridor was extended from a given dot to a point midway to an adjacent dot on the attached map.
- 2) Located on a major street at its intersection with another major street or with a collector street.
- 3) Located at least 1/4 mile from any other satellite commercial area and at least 1/4 mile from any neighborhood or community shopping center which has been developed, zoned or shown on the General Plan Map. The 1/4 mile is to be measured from the nearest point of the neighborhood or community shopping center or existing satellite commercial area to the nearest point of the proposed satellite commercial area.
- 4) Developed under the provisions of the Planned Development (P-D) zone.
- 5) Limited to uses permitted within the H-1, Highway Frontage Zone.
- 6) Limited to each business having a maximum of 5,000 square feet of building area.
- 7) No larger than 1-1/2 net acres in size. For a project involving a single use which does not customarily locate in a shopping center, the maximum size may be increased to 3 net acres.
- 8) Under construction within two years of the effective date of the P-D zoning approving the satellite area.

A satellite commercial area may be:

- 1) Limited as to hours of operation, 7 a.m. to 10 p.m.
- 2) Limited to C-1 uses.
- 3) Limited as to permitted uses because of school or church proximity.
- 4) Limited based on neighborhood impact and needs.

#### TIME LIMITATION

If construction is not commenced on the satellite commercial area within the two year time limitation, a rezoning shall be initiated to the previous or a more appropriate zone; no time extensions shall be granted.

III. Funds are available to pay the costs of care and handling incident to donation, including packing, preparation for shipping, loading, and transporting such property.

THE DONEE HEREBY AGREES TO THE FOLLOWING TERMS AND CONDITIONS:

I. TERMS AND CONDITIONS APPLICABLE TO ALL PROPERTY, REGARDLESS OF ACQUISITION COST, DONATED FOR EMERGENCY SERVICE PURPOSES.

A. Property acquired by the donee shall be on an "as is" "where is" basis, without warranty of any kind.

D. During the period of restriction, the property shall not be sold, traded, leased, loaned, bailed, encumbered, or otherwise disposed of without the specific prior written approval of the Regional Director of the Defense Civil Preparedness Agency or the Director of the Office of Emergency Services.

E. If, during the period of restriction, property is no longer suitable, usable, or further needed for the purpose for which acquired, the donee shall promptly notify the Defense Civil Preparedness Agency, through the Office of Emergency Services, and shall, as directed by the Defense Civil Preparedness Agency, retransfer the property to such department or agency of the United States of America or such other donee as may be designated by the Defense Civil Preparedness Agency.

and

WHEREAS, a public hearing on said application was held by the Planning Commission on September 16, 1975, in the City Council Chambers, City Hall, 801 11th Street, Modesto, California, at which hearing evidence both oral and documentary was received and considered, and

WHEREAS, after said public hearing, the Planning Commission, by Resolution No. 75-142, denied said application for an amendment to Section 30-3-9 of the Zoning Map, to reclassify from Low Density Residential Zone, R-1, to Planned Development Zone, P-D, the above described property, and

WHEREAS, an appeal from the Planning Commission's denial of said application was made by C and H Development Company to the City Council of the City of Modesto, and

WHEREAS, said Council, after hearing evidence both oral and documentary, found and determined that the appeal of C and H Development Company from the decision of the Planning Commission denying the application for an amendment to Section 30-3-9 of the Zoning Map, to reclassify from Low Density Residential Zone, R-1, to Planned Development Zone, P-D, to allow development of a satellite commercial area and a single-family dwelling, on property located in the northwest corner of Emerald Avenue and Maze Boulevard, should be denied for the following reasons:

WHEREAS, the City Council at said Council meeting reviewed and considered the findings of the City of Modesto Environmental Assessment Committee which resulted in a negative declaration in regard to the environmental impact of the proposed rezoning,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the appeal of Horn Construction Company to the decision of the Planning Commission, as set forth in Planning Commission Resolution No. 141, denying rezoning from Medium Density Residential Zone, R-2, to Planned Development Zone, P-D, of property located at the northeast corner of Lakewood Avenue and Laramie Drive in the City of Modesto, as above described, be denied for the reasons set forth above.

A RESOLUTION DENYING THE APPEAL OF EDWARD G. WYLIE FROM THE DECISION OF THE PLANNING COMMISSION DENYING APPROVAL OF A REVISED TENTATIVE SUBDIVISION MAP FOR WYLDWOOD ESTATES UNITS 6 AND 7 AND SUSTAINING THE DECISION OF THE PLANNING COMMISSION.

WHEREAS, the tentative subdivision map of Wyldeewood Estates subdivision, located south of E. Orangeburg Avenue and west of Oakdale Road was approved by the Planning Commission on August 1, 1972, by Resolution No. 72-105, and

WHEREAS, final maps of Units 4 and 5 have been filed with slightly modified boundaries, as approved by the Planning Commission on March 5, 1974, and

WHEREAS, a revised tentative subdivision map for Units 6 and 7 of Wyldeewood Estates subdivision was filed on October 1, 1975, and

WHEREAS, said revised tentative subdivision map was referred to all affected City departments and utility companies, and

WHEREAS, said revised tentative subdivision map for Units 6 and 7 of Wyldeewood Estates subdivision was considered by the Planning Commission at its meeting on October 28, 1975, and

WHEREAS, by Resolution No. 75-170 adopted at its meeting on October 28, 1975, the Planning Commission denied approval of said revised tentative subdivision map for Wyldeewood Estates Units 6 and 7, and

WHEREAS, an appeal to said decision of the Planning Commission was filed by Edward G. Wylie with the City Clerk of the City of Modesto, and said appeal was set for hearing before the City Council at its meeting on December 1, 1975, in the Council Chambers, City Hall, at 4:10 o'clock p.m., and

WHEREAS, a public hearing was held by the Council of the City of Modesto at said time and place, to consider the appeal to the decision of the Planning Commission denying approval of said revised tentative subdivision map for Wyldeewood Estates Units 6 and 7, and

WHEREAS, said Council, after hearing evidence both oral and documentary, found and determined that the appeal of Edward G. Wylie from the decision of the Planning Commission denying approval of said revised tentative subdivision map for Wyldeewood Estates Units 6 and 7 should be denied, and the decision of the Planning Commission sustained for the following reasons:

1. The revised tentative subdivision map would not provide for the further extension of Kruger Drive, a 60-foot wide collector street.
2. The revised tentative subdivision map would not provide access to an existing storm drain for maintenance purposes.
3. The zoning pattern shown on the adopted Zoning and Development Plan for the Rose Park Neighborhood most likely would not be implemented if the revised tentative subdivision map were to be approved,

and

WHEREAS, the City Council at said meeting on December 1, 1975, reviewed and considered the findings of the City of Modesto Environmental Assessment Committee which resulted in a negative declaration in regard to the environmental impact of the proposed revised tentative subdivision map for Units 6 and 7 of Wyldewood Estates subdivision,

A RESOLUTION APPROVING VARIANCE TO CITY OF MODESTO STREET STANDARDS GOVERNING PUBLIC IMPROVEMENTS ON COLDWELL AVENUE BETWEEN COLLEGE AVENUE AND TULLY ROAD, REQUESTED BY YOSEMITE JUNIOR COLLEGE DISTRICT

RESOLUTION NO. 75-1176

A RESOLUTION GRANTING AN EXTENSION OF TIME IN WHICH TO BUILD A MASONRY WALL AND AMENDING RESOLUTION NO. 73-992 ENTITLED "A RESOLUTION MODIFYING THE DECISION OF THE PLANNING COMMISSION WHICH APPROVED A PLOT PLAN FOR A NEIGHBORHOOD SHOPPING CENTER WITHIN P-D(21) ON THE EAST SIDE OF TULLY ROAD SOUTH OF STANDIFORD AVENUE." (STONE BROS. & ASSOCIATES)

WHEREAS, by Ordinance No. 748-C.S. adopted by the City Council on September 13, 1965, the Council amended Sections 7-3-9 and 8-3-9 of the Zoning Map to reclassify property located on both sides of Tully Road south of Standiford Avenue to P-D(21), and

WHEREAS, said P-D(21) allows an assortment of land uses, including apartment structures, a neighborhood shopping center, a church, a convalescent hospital and professional office buildings, and

WHEREAS, by Resolution No. 73-992 adopted on December 10, 1973, the Council approved a modified plot plan for the neighborhood shopping center portion of the fourth phase of P-D(21), said plot plan being titled, "Proposed Site Plan, Tully Manor Shopping Center" dated October 30, 1973, amended in red on its face, on file in the office of the Director of Planning and Community Development and subject to the conditions set forth in said Resolution No. 73-992, and

WHEREAS, on December 22, 1975, the Council received and considered a request from Stone Bros. & Associates to delay from January 1, 1976 to December 31, 1976 the installation of a six foot solid decorative masonry wall along the south boundary of the neighborhood shopping center portion of P-D(21) as required by Resolution No. 73-992,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby finds and determines that the requested time extension, from January 1, 1976 to December 31, 1976, for the construction of the six foot solid decorative masonry wall along the south boundary of the neighborhood shopping center portion of P-D(21) should be granted for the following reasons:

1. The area to the south of the neighborhood shopping center portion of P-D(21) is also in P-D(21) and is currently zoned for a convalescent hospital, a residential use, which requires a solid masonry wall on the south boundary of the neighborhood shopping center portions of P-D(21).
2. On December 15, 1975, an application was filed for an amendment to P-D(21) to allow said convalescent hospital area of P-D(21) to be developed with offices and a financial

institution.

3. If the requested or similar alternate usage is approved, the masonry wall required by Resolution No. 73-992 for the neighborhood shopping center portion of P-D(21) will not be required.
4. A one year delay in construction of said masonry wall will allow time to determine the ultimate use of the area to the south of the neighborhood shopping center portion of P-D(21).

BE IT FURTHER RESOLVED by the Council of the City of Modesto that condition no. 12 of said Resolution No. 73-992 be amended to read as follows:

12. That the 6-foot solid decorative masonry wall along the south boundary shall either be constructed by January 1, 1976, or a cash deposit, savings & loan certificate, surety bond or other instrument of credit in an amount to be determined by the City Engineer shall be filed with the City Clerk by January 1, 1976, to guarantee installation of said wall by December 31, 1976.
