ARTICLE 16. TERMINATION

16.1 Termination for Convenience. CITY shall have the right at any time, with or without cause, to terminate further performance of Work by giving thirty (30) calendar days written notice to ATTORNEY specifying the date of termination. 16.1.1 ATTORNEY shall deliver to CITY all deliverables prepared by ATTORNEY or its subcontractors or furnished to ATTORNEY by CITY. Upon such delivery, ATTORNEY may then invoice CITY for payment in accordance with the terms hereof.

16.1.2 If ATTORNEY has fully and completely performed all obligations under this Contract up to the date of termination, ATTORNEY shall be entitled to receive from CITY as complete and full settlement for such termination a pro rata share of the contract cost and a pro rata share of any fixed fee, for such Work satisfactorily executed to the date of termination.

16.2.1 In the event ATTORNEY shall file a petition in bankruptcy court, or shall make a general assignment for the benefit of its creditors, or if a petition in bankruptcy court shall be filed against ATTORNEY or a receiver shall be appointed on account of its solvency, or if ATTORNEY shall default in the performance of any express obligation to be performed by it under this Contract and shall fail to immediately correct (or if immediate correction is not possible, shall fail to commence and diligently continue action to correct) such default within ten (10) calendar days following written notice thereof, CITY may, without prejudice to any other rights or remedies CITY may have, and in compliance with applicable Bankruptcy Laws: (a) hold in abeyance further payments to ATTORNEY; (b) stop any

services of ATTORNEY or its subcontractors related to such failure until such failure is remedied; and/or (c) terminate this Contract by written notice to ATTORNEY specifying the date of termination. In the event of such termination by CITY, CITY may take possession of the deliverables and finish Work by whatever method CITY may deem expedient. A waiver by CITY of one default of ATTORNEY shall not be considered to be a waiver of any subsequent default of ATTORNEY, nor be deemed to waive, amend, or modify any term of this Contract.

16.2.2 In the event of termination ATTORNEY shall deliver to CITY all finished and unfinished products prepared under this Contract by ATTORNEY or its subcontractors or furnished to ATTORNEY by CITY.

16.3 All claims for compensation or reimbursement of costs under any of the foregoing provisions shall be supported by documentation submitted to CITY, satisfactory in form and content to CITY and verified by CITY. In no event shall ATTORNEY be entitled to any prospective profits or any damages because of such termination.

ARTICLE 17. STOP WORK ORDER

Upon failure of ATTORNEY or its subcontractors to comply with any of the requirements of this Contract, CITY shall have the authority to stop any Work of ATTORNEY or its subcontractors affected by such failure until such failure is remedied or to terminate this Contract in accordance with Article 16, "TERMINATION".

ARTICLE 18. CLAIMS

CITY shall not be bound to any adjustments in the Contract amount or time for ATTORNEY's claim unless expressly agreed to by CITY in writing and any such adjustments in the Contract amount so agreed to in writing shall be paid to ATTORNEY by CITY. No claim hereunder by ATTORNEY shall be allowed if asserted after final payment has been made under this Contract.

ARTICLE 19. INSURANCE

Without in any way affecting the indemnity provisions of this Contract, ATTORNEY shall, at the ATTORNEY's sole expense, and prior to the commencement of any work, procure and maintain in full force the insurance set forth in this Article at least through the entire term of this Contract. The policies shall be written by a carrier with an A.M. Best rating of A-VII or better, or similar qualifications, and shall be written with at least the following limits of liability:

19.1 Professional Liability – Professional liability insurance in an amount not less than \$1,000,000 for each claim and \$2,000,000 aggregate total for all claims. Professional liability insurance may be provided on a claims-made basis. If such policy contains a retroactive date for coverage of prior acts, this date will be prior to the date the ATTORNEY begins to perform work under this Contract. ATTORNEY shall secure and maintain "tail" coverage for a minimum of (3) years

after Contract completion.

19.2 Workers' Compensation – Worker's Compensation insurance in an amount and form to meet all applicable requirements of the Labor Code of the State of California, including Employers Liability in an amount not less than \$1,000,000 covering all persons providing services on behalf of ATTORNEY and all risks to such persons under this Contract.

19.3 Commercial General Liability – Commercial General Liability insurance for Premises and Operations, Contractual Liability, Products/Completed Operations Liability, Personal Injury Liability, Broad-Form Property Damage and Independent Contractors' Liability, in an amount of not less than \$1,000,000 per occurrence, combined single limit, and \$2,000,000 in the aggregate written on an occurrence form. For products and completed operations a \$2,000,000 aggregate shall be provided.

This Commercial General Liability insurance shall be primary and non-contributory with any insurance carried or administered by CITY.

19.4 Proof of Coverage – ATTORNEY shall furnish certificates of insurance to CITY evidencing the insurance coverage required in this Article, prior to the commencement of performance of Work, and such certificates shall include CITY and its officers, employees, agents and volunteers, as additional insureds on the Commercial General Liability and automobile insurance policies. Prior to commencing any work, ATTORNEY shall furnish CITY with certificates of insurance, executed by a duly authorized representative of each insurer, showing compliance with the insurance requirements set forth in this Article. If the insurance company elects to cancel or non-renew coverage for any reason, ATTORNEY will provide CITY thirty (30) days prior written notice of cancellation or nonrenewal. If the policy is cancelled for nonpayment of premium ATTORNEY will provide CITY ten

(10) days written notice. ATTORNEY shall maintain such insurance for the entire term of this Contract. The certificate(s) of insurance are to include the Contract number and City Attorney's name on the face of the certificate(s).

19.5 Additional Insured – All policies, except for Worker's Compensation and Professional Liability insurance policies, shall contain endorsements naming CITY and its officers, employees, agents, and volunteers as additional insureds with respect to liabilities arising out of the performance of Work hereunder. The additional insured endorsements shall not limit the scope of coverage for CITY to vicarious liability but shall allow coverage for CITY to the full extent provided by the policy.

19.6 Waiver of Subrogation Rights – ATTORNEY shall require the Commercial General Liability, Automobile Liability and Workers Compensation insurance policies to be endorsed to waive all rights of subrogation against CITY, its

officers, employees, agents, volunteers, contractors, and subcontractors. Such insurance policies shall not prohibit ATTORNEY or ATTORNEY'S employees or agents from waiving the right of subrogation prior to a loss or claim. ATTORNEY hereby waives all rights of subrogation against CITY.

19.7 CITY shall withhold payments to ATTORNEY if the certificates of insurance and endorsements required in this section are canceled or ATTORNEY otherwise ceases to be insured as required herein.

ARTICLE 20. INDEMNITY

ATTORNEY shall fully indemnify and save harmless, CITY, its officers and employees, including without limitation the City Attorney, and each and every one of them, from and against all actions, damages, costs, liability, claims, losses, judgments, penalties and expenses of every type and description, including, but not limited to, any fees and/or costs reasonably incurred by CITY's staff attorneys or outside attorneys and any fees and expenses incurred in enforcing this provision (hereafter collectively referred to as "**Liabilities**"), to which any or all of them may be subjected, to the extent such Liabilities are caused by or result from any negligent act or omission or willful misconduct of Attorney, its subcontractors or agents, and their respective officers and employees, in connection with the performance or nonperformance of this Agreement, whether or not the CITY, its officers or employees reviewed, accepted or approved any service or work product performed or provided by the ATTORNEY, and whether or not such Liabilities are litigated, settled or reduced to judgment.

ATTORNEY shall, upon CITY's request, defend at ATTORNEY's sole cost any action, claim, suit, cause of action or portion thereof which asserts or alleges Liabilities to the extent such Liabilities are caused by or result from any negligent act or omission or willful misconduct of ATTORNEY, its sub-attorneys, subcontractors or agents, and their respective officers and employees, in connection with the performance or nonperformance of this Agreement, whether such action, claim, suit, cause of action or portion thereof is well founded or not.

The existence or acceptance by CITY of any of the insurance policies or coverages described in this Agreement shall not affect or limit any of CITY's rights under this section, nor shall the limits of such insurance limit the liability of ATTORNEY hereunder.

ARTICLE 21. ERRORS AND OMISSIONS

ATTORNEY shall be responsible for the professional quality, technical accuracy, and coordination of all Work required under this Contract. ATTORNEY may be liable for CITY's costs resulting from errors or deficiencies, fines, penalties and damages arising out of Work furnished under this Contract.

The definition of subcontractor and the requirements for subcontractors hereunder shall include all subcontracts at any tier.
- 23.2 ATTORNEY agrees that any and all subcontractors of ATTORNEY will comply with the terms of this Contract applicable to the portion of Work performed by them. If requested by CITY, ATTORNEY shall furnish CITY a copy of the proposed subcontract for CITY City Attorney's approval of the terms and conditions thereof and shall not execute such subcontract until CITY has approved such terms and conditions. CITY approval shall not be unreasonably withheld.
- 23.3 Approval by CITY of any Work to be subcontracted and of the subcontractor to perform the Work will not relieve ATTORNEY of any responsibility or liability in regard to the acceptable and complete performance of the Work. Any substitution of subcontractors must be approved in writing by CITY's City Attorney.

ARTICLE 24. INDEPENDENT CONTRACTOR

ATTORNEY is and shall be at all times an independent contractor and that no relationship of employer-employee exists between the Parties hereto for any purpose whatsoever. and/or performance of any Services under this Agreement. Accordingly, all Work provided by ATTORNEY shall be done and performed by ATTORNEY under the sole supervision, direction and control of ATTORNEY. In this regard, the ATTORNEY shall take all reasonable steps in accordance with 49 CFR Part 26 so that DBEs have the opportunity to compete for and perform the Work. The ATTORNEY shall not discriminate on the basis of race, color, religion, sex, age or national origin, in the award and performance of DOT-assisted contracts.

WHEREAS, City desires to obtain Attorney’s services for legal advice, representation and assistance on matters involving personnel and administrative investigations; and

WHEREAS, Attorney is specially trained, experienced and competent to perform such services; and

WHEREAS, the public interest, economy and general welfare will be served by this Agreement.

NOW, THEREFORE it is hereby agreed as follows:

1. Services.

- a. Scope of Work:** Subject to the terms and conditions set forth in this Agreement, Attorney shall provide to City the following services (“**Services**”):

Personnel and Administrative Investigations

Attorney shall not be compensated for services outside the scope of work identified under this Section unless prior to the commencement of such services: (i) Attorney notifies City and City agrees that such services are outside the scope of work under this Section; (ii) Attorney estimates the additional compensation required for these additional services; and (iii) City, after notice, approves in writing a Supplemental Agreement specifying the additional services and amount of compensation therefor.

- b. Term:** This Agreement shall become effective on the Effective Date, and shall continue for a two year term to September 11, 2020 unless sooner terminated as provided in Section 7.

2. Fees and Costs.

- a. Hourly Rates:**

Amy Oppenheimer & Lisa Brewer	\$380	per hour
Caroline Schuyler, Christina Ro-Connolly, & David Marek	\$330	per hour
Alezah Trigueros, Zaneta Butsher Seidel, & Dave Stallard	\$280	per hour
Writer/Editor	\$180	per hour
Paralegal	\$120	per hour

The total of all fees paid to Attorney for the performance of all services set forth in Section 1 (hereafter the “**Services**”), and for all authorized Reimbursable Expenses (as defined hereafter), shall not exceed an amount of one hundred thousand dollars (\$100,000).

b. Reimbursable Expenses. City shall reimburse Attorney for the actual, reasonable and necessary expense of travel out of the Modesto metropolitan area, approved in advance, at \$0.56 per mile. Attorney will not charge City for the cost of telephone calls. Litigation costs and expenses for statutory fees, witness fees, reporters’ per diem and stenographic transcriptions, jury fees, and the expenses of serving process shall be advanced by Attorney and reimbursed by City. Expert consultants and witnesses may be retained by Attorney on terms acceptable to City, approved in advance by email or letter by the City Representative (as defined hereafter), in which case City shall reimburse Attorney or pay such consultants or experts directly.

c. Billing:

i. Legal billings shall be submitted to City every thirty (30) days unless otherwise advised. Bills shall be submitted to:

City Attorney
1010 Tenth Street, Suite 6300
Modesto, CA 95354

ii. Each task shall be distinctly and completely identified. In litigation matters, such as this, City will not pay invoices that contain block billing. Each billing entry must contain the initials of the individual performing the task, the nature of the task, the date it was performed, and the length of time it took.

iii. Costs under \$1,000.00 shall be paid by Attorney and submitted with their normal billing.

iv. City reserves the right to audit all invoices.

v. Payments to Attorney shall be made within a reasonable time after receipt

of Attorney's invoice, generally within sixty (60) days of receipt. Attorney shall be responsible for supplying all documentation necessary to verify the monthly billings to the satisfaction of City.

- vi. In addition to the provisions stated elsewhere in this Agreement regarding the payment of fees, billing and budgeting, the following guidelines for billing apply:
- (1) City expects each individual working on the matter for which Attorney is retained to have the necessary experience to perform the services required to protect or pursue City's interests in the matter in a cost effective manner, consistent with high professional and ethical standards.
 - (2) City expects Attorney to select the individual most suitable for the task required and the specific needs of the matter, and to use the maximum efficiencies available. Billings for services performed by the inappropriate level of personnel will be reduced by City based on rate adjustments for the appropriate level of personnel.
 - (3) City will not pay for unnecessary review of texts, codes, rules of court, or other fundamental references. City will pay the hourly rate for specific legal research which is unique to the matter, assuming that Attorney has used maximum efficiencies and that Attorney has not already recently performed research in the same or very similar areas of law.
 - (4) City acknowledges the benefit of communications between attorneys in the firm. City does, however, expect that intra-office conferences will only be held as needed, and will be kept to a minimum. Intra-office conferences shall be for the purpose of discussing strategy and legal issues which directly further the matter. City will not pay for conferences which are supervisory, instructional or administrative. Any invoice which lists an intra-office conference that does not meet these guidelines must contain a full explanation and is subject to reduction by City. City will not pay for "team meetings" and City will scrutinize all intra-office conferences for "value added" to the matter by the conference, for the number of individuals attending the conference, the length of the conference, the subjects discussed at the conference and who participated in it, and will, in City's sole discretion, determine if such value has been added.
 - (5) City will not pay for local telephone calls, incoming facsimiles, postage, time spent on filing, calendaring, indexing pleadings,

conferences with Clerks of court or court reporters, proofreading, re-drafting due to substandard work, or opening, organizing or closing files. City will not pay for time billed by summer interns or associates, time for more than one individual to attend a trial, hearing, court appearance, arbitration, mediation, deposition, third party meeting, conference call or similar event, unless otherwise approved by City in advance.

- (6) Vague billing which does not contain sufficient information to allow City's reviewer of the invoice to determine the nature of the task, the reason for the task, and the individual performing the task is subject to reduction by City.
- (7) City will not reimburse for overtime, word processing, supplies, anything identified on an invoice as "miscellaneous," or any other unidentified charges.

d. Budget:

- i. Within ten (10) days of the Effective Date, Attorney shall provide City with a proposed budget for the Services to be rendered pursuant to this Agreement. If Services involve tasks that have not yet been assigned by City, Attorney shall provide City with a proposed budget for all assigned new tasks with ten (10) days of receiving written notice from the City assigning Attorney the new task. Total compensation for all tasks under this Agreement shall not exceed the total compensation under Section 2 of this Agreement. The budget shall include all projected fees and costs to be incurred by Attorney and necessary for completion of the Services necessary to conclude the representation. The budget shall be a good faith estimate and shall be as complete and detailed as reasonable possible, including such things as discovery and motions for trial, preparation of documents for transactional services, and anticipated research and investigations. The proposed budget shall identify the projected total hours that will be billed to each task, and the individual that are anticipated to be performing the task. Any deviation from the budget in excess of ten percent (10%), must be approved in advance by the City Attorney or designee. Notwithstanding the foregoing, Should it become reasonably apparent to Attorney that the actual billings will exceed Attorney's initial estimate of anticipated legal costs and fees, Attorney shall immediately notify City thereof in advance and shall submit a revised written estimate for City's approval.

3. Reporting.

- a. Attorney shall provide City with a preliminary status report and evaluation within thirty (30) days of the Effective Date and the assignment of such task which report shall include an evaluation of the likelihood the City will prevail, the total exposure to the City if it loses, major strengths and weaknesses in the City's defense, and a budget of the anticipated total costs and fees for Attorney and experts through trial. Thereafter, Attorney shall provide a status update to the City representative, as defined in Section 4, every sixty (60) days on any matter under this Agreement.
- b. Attorney shall provide to City representative an electronic version of all agreement, pleadings, motions, and discovery documents filed or propounded by Attorney in a Microsoft Word format compatible with that used by the City Attorney's office.
- c. In the event that Attorney's handling of the above-designated matter exceeds a period of twenty-four (24) months, Attorney shall, in addition to providing regular status reports to City, also report directly to the City representative on an annual basis and no later than March 30th of each year, setting forth in detail the status of the matter, and Attorney's plan for further handling of the matter, and the estimated length of time to conclude the matter.

4. City Representative. The City Attorney, or the City Attorney's designee, shall be the "City Representative" under this Agreement and shall administer this Agreement for City, including any payments hereunder. All Attorney questions pertaining to this Agreement shall be referred to the City Representative or the Representative's designee.

5. Insurance Requirements. During the entire term of this Agreement, Attorney shall maintain the following insurance:

- a. **Minimum Scope of Insurance:** Coverage should be at least as broad as:
 - i. Insurance Services Office Form No. CG 0001 (Commercial General Liability);

- c. Deductibles and Self-Insured Retentions:** Any deductibles or self-insured retentions must be declared to and approved by the City.
- d. Other Insurance Provisions:** The policies are to contain, or be endorsed to contain, the following provisions:
- i. General Liability and Automobile Liability Coverages:**
 - (1)** The General Liability and Automobile Liability policies shall be written on an occurrence form and shall name City, its officers, officials, agents, employees and volunteers as additional insureds. Such policy(ies) of insurance shall be endorsed so that Attorney's insurance shall be primary and any insurance or self-insurance maintained by City, its officials, employees or volunteers shall be in excess of Attorney's insurance and shall not contribute with it.
 - (2)** Any failure to comply with reporting provisions of the policies shall not affect coverage provided to City, its officials, employees or volunteers.

WHEREAS, Attorney is specially trained, experienced and competent to perform such services; and

WHEREAS, the public interest, economy and general welfare will be served by this Agreement.

NOW, THEREFORE it is hereby agreed as follows:

1. Services.

- a. Scope of Work:** Subject to the terms and conditions set forth in this Agreement, Attorney shall provide to City the following services (“**Services**”):

Personnel and Administrative Investigations

Attorney shall not be compensated for services outside the scope of work identified under this Section unless prior to the commencement of such services: (i) Attorney notifies City and City agrees that such services are outside the scope of work under this Section; (ii) Attorney estimates the additional compensation required for these additional services; and (iii) City, after notice, approves in writing a Supplemental Agreement specifying the additional services and amount of compensation therefor.

- b. Term:** This Agreement shall become effective on the Effective Date, and shall continue for a two year term to September 11, 2020 unless sooner terminated as provided in Section 7.

2. Fees and Costs.

- a. Hourly Rates:**

\$300.00

per hour

The total of all fees paid to Attorney for the performance of all services set forth in Section 1 (hereafter the “**Services**”), and for all authorized Reimbursable Expenses (as defined hereafter), shall not exceed an amount of one hundred thousand dollars (\$100,000).

- b. Reimbursable Expenses.** City shall reimburse Attorney for the actual, reasonable and necessary expense of travel out of the Modesto metropolitan area, approved in advance, at \$0.56 per mile. Attorney will not charge City for the cost of telephone calls. Litigation costs and expenses for statutory fees, witness fees, reporters’ per diem and stenographic transcriptions, jury fees, and the expenses of serving process shall be advanced by Attorney and reimbursed by City. Expert consultants and witnesses may be retained by Attorney on terms acceptable to City, approved in advance by email or letter by the City Representative (as defined hereafter), in which case City shall reimburse Attorney or pay such consultants or experts directly.
- c. Billing:**
- i.** Legal billings shall be submitted to City every thirty (30) days unless otherwise advised. Bills shall be submitted to:
- City Attorney
1010 Tenth Street, Suite 6300
Modesto, CA 95354
- ii.** Each task shall be distinctly and completely identified. In litigation matters, such as this, City will not pay invoices that contain block billing. Each billing entry must contain the initials of the individual performing the task, the nature of the task, the date it was performed, and the length of time it took.
- iii.** Costs under \$1,000.00 shall be paid by Attorney and submitted with their normal billing.
- iv.** City reserves the right to audit all invoices.
- v.** Payments to Attorney shall be made within a reasonable time after receipt of Attorney’s invoice, generally within sixty (60) days of receipt. Attorney shall be responsible for supplying all documentation necessary to

verify the monthly billings to the satisfaction of City.

- vi. In addition to the provisions stated elsewhere in this Agreement regarding the payment of fees, billing and budgeting, the following guidelines for billing apply:
- (1) City expects each individual working on the matter for which Attorney is retained to have the necessary experience to perform the services required to protect or pursue City's interests in the matter in a cost effective manner, consistent with high professional and ethical standards.
 - (2) City expects Attorney to select the individual most suitable for the task required and the specific needs of the matter, and to use the maximum efficiencies available. Billings for services performed by the inappropriate level of personnel will be reduced by City based on rate adjustments for the appropriate level of personnel.
 - (3) City will not pay for unnecessary review of texts, codes, rules of court, or other fundamental references. City will pay the hourly rate for specific legal research which is unique to the matter, assuming that Attorney has used maximum efficiencies and that Attorney has not already recently performed research in the same or very similar areas of law.
 - (4) City acknowledges the benefit of communications between attorneys in the firm. City does, however, expect that intra-office conferences will only be held as needed, and will be kept to a minimum. Intra-office conferences shall be for the purpose of discussing strategy and legal issues which directly further the matter. City will not pay for conferences which are supervisory, instructional or administrative. Any invoice which lists an intra-office conference that does not meet these guidelines must contain a full explanation and is subject to reduction by City. City will not pay for "team meetings" and City will scrutinize all intra-office conferences for "value added" to the matter by the conference, for the number of individuals attending the conference, the length of the conference, the subjects discussed at the conference and who participated in it, and will, in City's sole discretion, determine if such value has been added.
 - (5) City will not pay for local telephone calls, incoming facsimiles, postage, time spent on filing, calendaring, indexing pleadings, conferences with Clerks of court or court reporters, proofreading, re-drafting due to substandard work, or opening, organizing or

closing files. City will not pay for time billed by summer interns or associates, time for more than one individual to attend a trial, hearing, court appearance, arbitration, mediation, deposition, third party meeting, conference call or similar event, unless otherwise approved by City in advance.

- (6) Vague billing which does not contain sufficient information to allow City's reviewer of the invoice to determine the nature of the task, the reason for the task, and the individual performing the task is subject to reduction by City.
- (7) City will not reimburse for overtime, word processing, supplies, anything identified on an invoice as "miscellaneous," or any other unidentified charges.

d. Budget:

- i. Within ten (10) days of the Effective Date, Attorney shall provide City with a proposed budget for the Services to be rendered pursuant to this Agreement. If Services involve tasks that have not yet been assigned by City, Attorney shall provide City with a proposed budget for all assigned new tasks with ten (10) days of receiving written notice from the City assigning Attorney the new task. Total compensation for all tasks under this Agreement shall not exceed the total compensation under Section 2 of this Agreement. The budget shall include all projected fees and costs to be incurred by Attorney and necessary for completion of the Services necessary to conclude the representation. The budget shall be a good faith estimate and shall be as complete and detailed as reasonable possible, including such things as discovery and motions for trial, preparation of documents for transactional services, and anticipated research and investigations. The proposed budget shall identify the projected total hours that will be billed to each task, and the individual that are anticipated to be performing the task. Any deviation from the budget in excess of ten percent (10%), must be approved in advance by the City Attorney or designee. Notwithstanding the foregoing, Should it become reasonably apparent to Attorney that the actual billings will exceed Attorney's initial estimate of anticipated legal costs and fees, Attorney shall immediately notify City thereof in advance and shall submit a revised written estimate for City's approval.

3. **Reporting.**

- a. Attorney shall provide City with a preliminary status report and evaluation within thirty (30) days of the Effective Date and the assignment of such task which report shall include an evaluation of the likelihood the City will prevail, the total exposure to the City if it loses, major strengths and weaknesses in the City's defense, and a budget of the anticipated total costs and fees for Attorney and experts through trial. Thereafter, Attorney shall provide a status update to the City representative, as defined in Section 4, every sixty (60) days on any matter under this Agreement.
- b. Attorney shall provide to City representative an electronic version of all agreement, pleadings, motions, and discovery documents filed or propounded by Attorney in a Microsoft Word format compatible with that used by the City Attorney's office.

LEGAL SERVICES AGREEMENT

This Agreement for Legal Services (this “**Agreement**”) is made and entered into on the ___ day of ___, 2018 (“**Effective Date**”), by and between the **CITY OF MODESTO**, a California Municipal Corporation (“**CITY**”), located at 1010 Tenth Street, Sixth Floor, Modesto, California 95353 and **LAW OFFICE OF TERRY ROEMER**, (“**Attorney**”), located at 6114 LaSalle Avenue, #176, Oakland, California 94611. City and Attorney are hereinafter collectively referred to as the “**Parties**,” and singularly as a “**Party**.”

RECITALS

WHEREAS, City desires to obtain Attorney’s services for legal advice, representation and assistance on matters involving personnel and administrative investigations; and

WHEREAS, Attorney is specially trained, experienced and competent to perform such services; and

WHEREAS, the public interest, economy and general welfare will be served by this Agreement.

NOW, THEREFORE it is hereby agreed as follows:

1. **Services.**

- a. **Scope of Work:** Subject to the terms and conditions set forth in this Agreement, Attorney shall provide to City the following services (“**Services**”):

Personnel and Administrative Investigations

Attorney shall not be compensated for services outside the scope of work identified under this Section unless prior to the commencement of such services: (i) Attorney notifies City and City agrees that such services are outside the scope of work under this Section; (ii) Attorney estimates the additional compensation required for these additional services; and (iii) City, after notice, approves in writing a Supplemental Agreement specifying the additional services and amount of compensation therefor.

- b. **Term:** This Agreement shall become effective on the Effective Date, and shall continue for a two year term to September 11, 2020 unless sooner terminated as provided in Section 7.

2. **Fees and Costs.**

- a. **Hourly Rates:**

Terry Roemer \$290.00 per hour

The total of all fees paid to Attorney for the performance of all services set forth in Section 1 (hereafter the “**Services**”), and for all authorized Reimbursable Expenses (as defined hereafter), shall not exceed an amount of one hundred thousand dollars (\$100,000).

b. Reimbursable Expenses. City shall reimburse Attorney for the actual, reasonable and necessary expense of travel out of the Modesto metropolitan area, approved in advance, at \$0.56 per mile. Attorney will not charge City for the cost of telephone calls. Litigation costs and expenses for statutory fees, witness fees, reporters’ per diem and stenographic transcriptions, jury fees, and the expenses of serving process shall be advanced by Attorney and reimbursed by City. Expert consultants and witnesses may be retained by Attorney on terms acceptable to City, approved in advance by email or letter by the City Representative (as defined hereafter), in which case City shall reimburse Attorney or pay such consultants or experts directly.

c. Billing:

i. Legal billings shall be submitted to City every thirty (30) days unless otherwise advised. Bills shall be submitted to:

City Attorney
1010 Tenth Street, Suite 6300
Modesto, CA 95354

ii. Each task shall be distinctly and completely identified. In litigation matters, such as this, City will not pay invoices that contain block billing. Each billing entry must contain the initials of the individual performing the task, the nature of the task, the date it was performed, and the length of time it took.

iii. Costs under \$1,000.00 shall be paid by Attorney and submitted with their normal billing.

iv. City reserves the right to audit all invoices.

v. Payments to Attorney shall be made within a reasonable time after receipt of Attorney’s invoice, generally within sixty (60) days of receipt. Attorney shall be responsible for supplying all documentation necessary to

verify the monthly billings to the satisfaction of City.

vi. In addition to the provisions stated elsewhere in this Agreement regarding the payment of fees, billing and budgeting, the following guidelines for billing apply:

- (1) City expects each individual working on the matter for which Attorney is retained to have the necessary experience to perform the services required to protect or pursue City's interests in the matter in a cost effective manner, consistent with high professional and ethical standards.
- (2) City expects Attorney to select the individual most suitable for the task required and the specific needs of the matter, and to use the maximum efficiencies available. Billings for services performed by the inappropriate level of personnel will be reduced by City based on rate adjustments for the appropriate level of personnel.
- (3) City will not pay for unnecessary review of texts, codes, rules of court, or other fundamental references. City will pay the hourly rate for specific legal research which is unique to the matter, assuming that Attorney has used maximum efficiencies and that Attorney has not already recently performed research in the same or very similar areas of law.
- (4) City acknowledges the benefit of communications between attorneys in the firm. City does, however, expect that intra-office conferences will only be held as needed, and will be kept to a minimum. Intra-office conferences shall be for the purpose of discussing strategy and legal issues which directly further the matter. City will not pay for conferences which are supervisory, instructional or administrative. Any invoice which lists an intra-office conference that does not meet these guidelines must contain a full explanation and is subject to reduction by City. City will not pay for "team meetings" and City will scrutinize all intra-office conferences for "value added" to the matter by the conference, for the number of individuals attending the conference, the length of the conference, the subjects discussed at the conference and who participated in it, and will, in City's sole discretion, determine if such value has been added.
- (5) City will not pay for local telephone calls, incoming facsimiles, postage, time spent on filing, calendaring, indexing pleadings, conferences with Clerks of court or court reporters, proofreading, re-drafting due to substandard work, or opening, organizing or

closing files. City will not pay for time billed by summer interns or associates, time for more than one individual to attend a trial, hearing, court appearance, arbitration, mediation, deposition, third party meeting, conference call or similar event, unless otherwise approved by City in advance.

- (6) Vague billing which does not contain sufficient information to allow City's reviewer of the invoice to determine the nature of the task, the reason for the task, and the individual performing the task is subject to reduction by City.
- (7) City will not reimburse for overtime, word processing, supplies, anything identified on an invoice as "miscellaneous," or any other unidentified charges.

d. Budget:

- i. Within ten (10) days of the Effective Date, Attorney shall provide City with a proposed budget for the Services to be rendered pursuant to this Agreement. If Services involve tasks that have not yet been assigned by City, Attorney shall provide City with a proposed budget for all assigned new tasks with ten (10) days of receiving written notice from the City assigning Attorney the new task. Total compensation for all tasks under this Agreement shall not exceed the total compensation under Section 2 of this Agreement. The budget shall include all projected fees and costs to be incurred by Attorney and necessary for completion of the Services necessary to conclude the representation. The budget shall be a good faith estimate and shall be as complete and detailed as reasonable possible, including such things as discovery and motions for trial, preparation of documents for transactional services, and anticipated research and investigations. The proposed budget shall identify the projected total hours that will be billed to each task, and the individual that are anticipated to be performing the task. Any deviation from the budget in excess of ten percent (10%), must be approved in advance by the City Attorney or designee. Notwithstanding the foregoing, Should it become reasonably apparent to Attorney that the actual billings will exceed Attorney's initial estimate of anticipated legal costs and fees, Attorney shall immediately notify City thereof in advance and shall submit a revised written estimate for City's approval.

3. Reporting.

- a.** Attorney shall provide City with a preliminary status report and evaluation within thirty (30) days of the Effective Date and the assignment of such task which report shall include an evaluation of the likelihood the City will prevail, the total exposure to the City if it loses, major strengths and weaknesses in the City's defense, and a budget of the anticipated total costs and fees for Attorney and experts through trial. Thereafter, Attorney shall provide a status update to the City representative, as defined in Section 4, every sixty (60) days on any matter under this Agreement.
- b.** Attorney shall provide to City representative an electronic version of all agreement, pleadings, motions, and discovery documents filed or propounded by Attorney in a Microsoft Word format compatible with that used by the City Attorney's office.
- c.** In the event that Attorney's handling of the above-designated matter exceeds a period of twenty-four (24) months, Attorney shall, in addition to providing regular status reports to City, also report directly to the City representative on an annual basis and no later than March 30th of each year, setting forth in detail the status of the matter, and Attorney's plan for further handling of the matter, and the estimated length of time to conclude the matter.

4. City Representative. The City Attorney, or the City Attorney's designee, shall be the "City Representative" under this Agreement and shall administer this Agreement for City, including any payments hereunder. All Attorney questions pertaining to this Agreement shall be referred to the City Representative or the Representative's designee.

5. Insurance Requirements. During the entire term of this Agreement, Attorney shall maintain the following insurance:

- a. Minimum Scope of Insurance:** Coverage should be at least as broad as:

 - i.** Insurance Services Office Form No. CG 0001 (Commercial General Liability);
 - ii.** Insurance Services Office Form No. CA 0001 (Ed. 1/87) (Automobile Liability, Code "any auto");

 - iv. **Professional Liability (Errors and Omissions):** \$2,000,000 combined single limit per occurrence.
- c. **Deductibles and Self-Insured Retentions:** Any deductibles or self-insured retentions must be declared to and approved by the City.
- d. **Other Insurance Provisions:** The policies are to contain, or be endorsed to contain, the following provisions:
 - i. **General Liability and Automobile Liability Coverages:**
 - (1) The General Liability and Automobile Liability policies shall be written on an occurrence form and shall name City, its officers, officials, agents, employees and volunteers as additional insureds. Such policy(ies) of insurance shall be endorsed so that Attorney's insurance shall be primary and any insurance or self-insurance maintained by City, its officials, employees or volunteers shall be in excess of Attorney's insurance and shall not contribute with it.
 - (2) Any failure to comply with reporting provisions of the policies shall not affect coverage provided to City, its officials, employees or volunteers.
 - (3) Coverage shall state that Attorney's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.
 - ii. **All Coverages:**
 - (1) Each insurance policy required by this Agreement shall be endorsed to state that coverages shall not be canceled except after thirty (30) days prior written notice has been given to City. In

addition, Attorney agrees that it shall not reduce its coverage or limits on any such policy except after thirty (30) days prior written notice has been given to City and City approves the reduction in coverage or limits. Attorney further agrees that it shall not increase any deductibles or self-insured retentions on any such policy except after thirty (30) days prior written notice has been given to City and City approves such increase.

- (2) In the event claims made forms are used for any Professional Liability coverage, either (i) the policy(ies) shall be endorsed to provide not less than a five (5) year discovery period, or (ii) the coverage shall be maintained for a minimum of five (5) years following the termination of this Agreement and the requirements of this section relating to such coverage shall survive termination or expiration of this Agreement. Attorney shall furnish City with the certificate(s) and applicable endorsements for ALL required insurance prior to City's execution of this Agreement.
- e. **Acceptability of Insurers:** Insurance shall be placed with insurers with a Bests' rating of no less than A:VII. This requirement may, however, be waived in individual cases for Errors and Omissions Coverages only; provided, however, that in no event shall a carrier with a rating below B:IX be acceptable.
 - f. **Verification of Coverage:** Attorney shall furnish City with certificates of insurance showing compliance with the above requirements and with original endorsements affecting all coverages required by this Agreement both prior to the execution of this Agreement, and during the pendency of this Agreement at any time upon request by City. The certificates and/or endorsements shall set forth a valid policy number for City, and shall indicate the Issue Date, Effective Date and Expiration Date. The certificates and endorsements for each insurance policy shall be signed by a person authorized by the insurer to bind coverage on its behalf. The certificates and endorsements shall be forwarded to the City Representative.
 - g. **Payment Withhold:** City shall withhold payments to Attorney if the certificates of insurance and endorsements required in this section are canceled or Attorney otherwise ceases to be insured as required herein.

6. Indemnification.

- a. **Indemnity:** Attorney shall fully indemnify and save harmless, City, its officers and employees, including without limitation the City Attorney, and each and every one of them, from and against all actions, damages, costs, liability, claims, losses, judgments, penalties and expenses of every type and description, including, but not limited to, any fees and/or costs reasonably incurred by City's

staff attorneys or outside attorneys and any fees and expenses incurred in enforcing this provision (hereafter collectively referred to as “**Liabilities**”), to which any or all of them may be subjected, to the extent such Liabilities are caused by or result from any negligent act or omission or willful misconduct of Attorney, its subcontractors or agents, and their respective officers and employees, in connection with the performance or nonperformance of this Agreement, whether or not the City, its officers or employees reviewed, accepted or approved any service or work product performed or provided by the Attorney, and whether or not such Liabilities are litigated, settled or reduced to judgment.

- b. Obligation to Defend:** Attorney shall, upon City’s request, defend at Attorney’s sole cost any action, claim, suit, cause of action or portion thereof which asserts or alleges Liabilities to the extent such Liabilities are caused by or result from any negligent act or omission or willful misconduct of Attorney, its sub-attorneys, subcontractors or agents, and their respective officers and employees, in connection with the performance or nonperformance of this Agreement, whether such action, claim, suit, cause of action or portion thereof is well founded or not.

- c. Insurance Policies; Intellectual Property Claims:** The existence or acceptance by City of any of the insurance policies or coverages described in this Agreement shall not affect or limit any of City’s rights under this section, nor shall the limits of such insurance limit the liability of Attorney hereunder. This section shall not apply to any intellectual property claims, actions, lawsuits or other proceedings subject to the provisions of Section 4 (Confidentiality of City Information) above. The provisions of this section shall survive any expiration or termination of this Agreement.

7. Termination.

- a. By City.** City may terminate this Agreement at any time by written notice. After receiving such notice, Attorney will cease providing services. Attorney will cooperate with City in the orderly transfer of all related files and records to your new counsel.

- b. By Attorney.** Attorney may terminate this Agreement at any time with City’s consent or for good cause. Attorney may terminate this Agreement for any reason by giving to City Attorney not less than sixty (60) days prior written notice of termination. The notice shall specify the effective date of and reason for the termination. Good cause exists if (a) any statement is not paid within ninety (90) days of its receipt; (b) City fails to meet any other obligation under this Agreement and continues in that failure for 15 days after Attorney sends written notice to City; (c) City has misrepresented or failed to disclose material facts to Attorney, refused to cooperate with Attorney, refused to follow Attorney’s advice on a material matter, or otherwise made Attorney’s representation unreasonably difficult; or (d) any other circumstance exists in which ethical rules of the legal

profession mandate or permit termination, including situations where a conflict of interest arises. If Attorney terminates Services, City agrees to execute a substitution of attorneys promptly and otherwise cooperate in effecting that termination.

Termination of this Agreement, whether by City or by Attorney, will not relieve the obligation to pay for services rendered and costs incurred before our services formally ceased.

8. General Provisions.

a. Independent Contractor.

- i.** It is understood and agreed that Attorney (including Attorney's employees) is an independent contractor and that no relationship of employer-employee exists between the Parties hereto for any purpose whatsoever. Neither Attorney nor Attorney's assigned personnel shall be entitled to any benefits payable to employees of City. Attorney shall not participate either directly or indirectly in discrimination prohibited by the Regulations.
- h. **Severability.** If any portion of this Agreement or the application thereof to any person or circumstance shall be held invalid or unenforceable, the remainder of this Agreement shall not be affected thereby and shall be enforced to the greatest extent permitted by law.
- i. **Waiver.** Neither City acceptance of, or payment for, any Service or Additional Service performed by Attorney, nor any waiver by either Party of any default, breach or condition precedent, shall be construed as a waiver of any provision of this Agreement, nor as a waiver of any other default, breach or condition precedent or any other right hereunder.

Consultant further warrants that it will follow the best current, generally accepted and professional practices to make findings, render opinions, prepare factual presentations, and provide professional advice and recommendations regarding this project.

5. PERFORMANCE BY KEY EMPLOYEE.

Consultant has represented to City that Robert Sarhad will be the person primarily responsible for the performance of the services referred to in this Agreement. City has entered into this Agreement in reliance on that representation by Consultant. Consultant therefore agrees that 100 percent (100%) or more of the time to be devoted to the project that is the subject of this Agreement will be that of the above-named person.

6. OWNERSHIP OF DOCUMENTS/TITLE TO DATA.

Ownership of Documents

All reports, drawings, designs, graphics, working papers and other incidental work or materials furnished hereunder shall become and remain the property of the City, and may be used by City as it may require without any additional cost to City. No reports shall be used by the Consultant for purposes other than this contract without the express prior written consent of City.

Title to Data

If, as a part of the agreement, Consultant is required to produce data such

as, but not limited to, drawings, plans, specifications, calculations, models, flow diagrams, visual aids and other related materials, the originals of all such data generated under this agreement will be delivered to City upon the completion or termination of services under the contract.

All materials, documents, data or information obtained from the City data files or any City medium furnished to Consultant in the performance of this Agreement will at all times remain the property of the City. Such data or information may not be used or copied for direct or indirect use by Consultant after termination of this Agreement without written consent of the City.

7. NEWS AND INFORMATION RELEASE.

Consultant agrees that it will not issue any news releases in connection with either the award of this Agreement, or any subsequent amendment of or efforts under this Agreement, without first obtaining review and approval of said news releases from City through the City Attorney or City Manager.

The City Attorney or City Manager shall serve as the point of contact for press information regarding all matters performed by Consultant under this Agreement. If any publicity is generated by the subject matter of this representation, Consultant will consult with and obtain approval of the City Attorney or City Manager before making any statement to any media outlet (whether radio, print, internet or television) about the content and timing of such statement.

Consultant understands and agrees that during the course performing the services required by this Agreement, or in contemplation thereof, Consultant may have access to private or confidential information which may be owned or controlled by City and that such information may contain proprietary or confidential details, the disclosure of which to third parties may be damaging to City. Consultant agree that all information disclosed by City to Consultant shall be held in confidence and used only in performance of the services required by

this Agreement. A violation of this section shall be a material violation of this Agreement and shall justify legal and/or equitable relief.

8. INTEREST OF CONTRACTOR.

Consultant warrants that it presently has no interest and shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance of services required to be performed under this Agreement. Consultant warrants that, in performance of this Agreement, Consultant shall not employ any person having any such interest. Consultant agrees to file a Statement of Economic Interests with the City Clerk at the start and end of this contract if so required at the option of City.

9. AMENDMENTS.

Both parties to this Agreement understand that it may become desirable or necessary during the execution of this Agreement, for City or Consultant to modify the scope of services provided for under this Agreement. Any material extension or change in the scope of work shall be discussed with City and the change and cost shall be memorialized in a written amendment to the original contract prior to the performance of the additional work.

Until a change order is so executed, City will not be responsible to pay any charges Consultant may incur in performing such additional services, and Consultant shall not be required to perform any such additional services.

10. INDEPENDENT CONTRACTOR.

All acts of Consultant, its agents, officers, and employees and all others acting on behalf of Consultant relating to the performance of this Agreement, shall be performed as independent contractors and not as agents, officers, or employees of City. Consultant, by virtue of this Agreement, has no authority to bind or incur any obligation on behalf of City. Consultant has no authority or responsibility to exercise any rights or power vested in the City.

No agent, officer, or employee of the City is to be considered an employee of Consultant. It is understood by both Consultant and City that this Agreement shall not under any circumstances be construed or considered to create an employer-employee relationship or a joint venture.

Consultant, its agents, officers and employees are and, at all times during the terms of this Agreement, shall represent and conduct themselves as independent contractors and not as employees of City. However, the City may, from time to time, make space available to the Consultant to perform work.

Consultant shall determine the method, details and means of performing the work and services to be provided by Consultant under this Agreement, regardless of whether the Consultant performs work on City property or elsewhere. Consultant shall be responsible to City only for the requirements and results specified in this Agreement, and, except as expressly provided in this Agreement, shall not be subjected to City's control with respect to the physical action or activities of the Consultant in fulfillment of this Agreement. Consultant has control over the manner and means of performing the services under this Agreement. Consultant is permitted to provide services to others during the same period service is provided to City under this Agreement. If necessary, Consultant has the responsibility for employing other persons or firms to assist Consultant in fulfilling the terms and obligations under this Agreement.

If in the performance of this Agreement any third persons are employed by Consultant, such persons shall be entirely and exclusively under the direction, supervision, and control of Consultant. All terms of employment including hours, wages, working conditions, discipline, hiring, and discharging or any other term of employment or requirement of law shall be determined by the Consultant.

It is understood and agreed that as an independent contractor and not an employee of City neither the Consultant or Consultant's assigned personnel shall have any entitlement as a City employee, right to act on behalf of the City in any capacity whatsoever as

an agent, or to bind the City to any obligation whatsoever.

It is further understood and agreed that Consultant must issue W-2 forms or other forms as required by law for income and employment tax purposes for all of Consultant's personnel.

As an independent contractor, Consultant hereby indemnifies and holds City harmless from any and all claims that may be made against City based upon any contention by any third party that an employer-employee relationship exists by reason of this Agreement.

11. ASSIGNMENT.

Neither this Agreement nor any portion thereof shall be subcontracted or assigned without the express prior written consent of the City in each and every instance.

12. PATENT/COPYRIGHT MATERIALS.

Unless otherwise expressly provided in the contract, Consultant shall be solely responsible for obtaining the right to use any patented or copyrighted materials in the performance of this Agreement. Consultant shall furnish a warranty of such right to use to City at the request of City.

This Agreement shall terminate automatically on the date on which any of the following events occur: (1) bankruptcy or insolvency of Consultant, (2) legal dissolution of Consultant, or (3) death of key principal(s) of Consultant.

Termination by City for Default of Consultant

Should Consultant default in the performance of this Agreement or materially breach any of its provisions, at its option City may terminate this Agreement by giving written notification to Consultant. For the purposes of this section, material breach of this Agreement shall include but not be limited to any of the following: failure to perform required services or duties, willful destruction of City's property by Consultant, dishonesty or theft.

Termination by Consultant for Default of City

For the purposes of this section, material breach of this Agreement shall include but not be limited to any of the following: failure to cooperate reasonably with Consultant, willful destruction of Consultant's property by City, dishonesty or theft.

Termination by City for Convenience

The City may also terminate the Consultant's performance under the Agreement, either in whole or in part, at its own discretion, or when conditions encountered during the Work make it impossible or impracticable to proceed, or when the City is prevented from proceeding with the Agreement by act of God, by law, or by official action of a public authority, or upon a determination by the City that such termination is in the best interest and convenience of the City, or whenever the City is prohibited from completing the Work for any reason. The City shall provide no less than ten (10) calendar days written notice of its intent to terminate the Agreement for convenience, and shall endeavor to provide the Consultant with consultation with the City prior to termination.

Termination by City for Lack of Budgeted Funds

The City may terminate this Agreement effective July 1 of any given year upon the City's determination to not appropriate sufficient funds for this Agreement for the ensuing fiscal year. In such event City shall give Consultant not less than 30 days written notice.

Termination for Failure to Make Agreed-Upon Payments

Should City fail to pay Consultant all or any part of the payments set forth in this Agreement on the date due, at its option Consultant may terminate this Agreement if the failure is not remedied within thirty (30) days after Consultant notifies City in writing of such failure to pay. The termination date shall be the effective date of the notice.

Termination by City for Change of Consultant's Tax Status

If City determines that Consultant does not meet the requirements of federal and state tax laws for independent contractor status, City may terminate this Agreement by giving written notice to Consultant. The termination date shall be the effective date of the notice.

Voluntary Termination

The parties may terminate this contract upon mutual written Agreement.

In the Event of Termination

If this Agreement is terminated pursuant to this Paragraph, Consultant shall cease all its work on the project as of the termination date and shall see to it that its employees, subcontractors and agents are notified of such termination and cease their work. If City so requests, and at City's cost, Consultant shall provide sufficient oral or written status reports to make City reasonably aware of the status of Consultant's work on the project. Further, if City so requests, and at City's cost, Consultant shall deliver to City any work products whether in draft or final form which have been produced to date.

If the Agreement is terminated pursuant to any of the subsections contained in this paragraph, City will pay Consultant an amount based on the percentage of work completed on the termination date, this percentage shall be determined by City in its sole discretion. If the Agreement is terminated pursuant to the subparagraph entitled Termination by City for Default of Consultant, Consultant understands and agrees that City may, in City's sole discretion, refuse to pay Consultant for that portion of Consultant's services which were performed by Consultant on the project prior to the termination date and which remain unacceptable and/or not useful to City as of the termination date.

16. CERTIFIED PAYROLL REQUIREMENT.

For consultants performing field work on public works contracts on which prevailing wages are required: The Consultant shall comply with the provisions of Section 1776 of the California Labor Code, regarding payroll records, and shall require its subconsultants and subcontractors to comply with that section as may be required by law.

17. INDEMNITY.

The Consultant shall hold the City, its agents, officers, employees, and volunteers, harmless from and save, defend and indemnify them against any and all claims, losses, liabilities, judgments or damages from every cause, including but not limited to injury to person or property or wrongful death, including reasonable costs and expenses of defense of any judicial or administrative action, arising directly or indirectly out of any negligent or intentional act or omission of Consultant, or its agents, officers, employees, or volunteers relating to or during the performance of its obligations under this Agreement.

Consultant's obligation to defend, indemnify, and hold the City, its agents, officers, and employees harmless under the provisions of this paragraph is not limited to or restricted by any requirement in this Agreement for Consultant to procure and maintain a policy of insurance.

18. DISPUTE RESOLUTION.

All claims, controversies, or disputes arising out of, or relating to the formation of this Agreement, or the breach, termination execution, enforcement, interpretation, or validity of this Agreement, including the determination of the scope or applicability of this contract provision shall be determined by binding arbitration in Modesto, California, by one arbitrator, except as otherwise specified in this Agreement. The American Arbitration Association shall administer the arbitration under its Arbitration Rules then in effect, subject to the modifications of those rules contained in this paragraph. This agreement to arbitrate shall be

specifically enforceable under the prevailing law of any court having jurisdiction, and the award rendered by the arbitrator may be entered in any court having jurisdiction. The appropriate venue for any arbitration or court proceeding relating to or arising out of this provision shall be in Stanislaus County, California.

This paragraph is not intended to and does not waive the claim filing requirements found in California Government Code section 900 et seq. In the event that a timely and legally sufficient, arbitrable claim is filed by Consultant with City, and the claim is rejected in whole or in part by City, this paragraph shall result in the conclusive, final, and binding resolution of all the issues presented in the claim by Consultant so long as any issues presented by the claim are arbitrable. Claims rejected by City or by operation of law, shall be submitted by Consultant to arbitration pursuant to the Arbitration Rules of the American Arbitration Association within ninety (90) days after mailing of the written rejection by City to Consultant. Otherwise, the claim or claims shall be deemed waived in their entirety.

The “fast track” rules of the American Arbitration Association shall apply to any claim or counterclaim less than ONE HUNDRED FIFTY THOUSAND AND 00/100 (\$150,000.00) DOLLARS. In arbitration not proceeding under the “fast track” rules, the arbitrator shall have the power to order that depositions be taken and other discovery be made. Both City and Consultant shall have the right, upon written notice, to take no more than three (3) depositions of the other as a matter of right in an arbitration proceeding under the “fast track” rules.

Whether or not City and Consultant may be engaged in interstate commerce, any controversy or dispute mentioned above shall be determined by, and the parties shall be bound by, the substantive law of the State of California, and not the Federal Arbitration Act at 9 USC Section 1 et seq.

The arbitrator may grant any remedy or relief deemed by the arbitrator just and equitable under the circumstances, whether or not such relief could be awarded in a court of law. The arbitrator shall be empowered to award monetary sanctions against a party for failure of cooperation in the arbitration. The arbitrator shall, in written award, allocate all the costs of the arbitration, including the fees of the arbitrator and the reasonable attorney fees of the prevailing party, against the party who did not prevail. The prevailing party shall be the party in whose favor the majority of the central issues in the case are resolved.

Notwithstanding anything in this provision to the contrary, the arbitrator shall have no power to award punitive damages or other damages not measured by the party's actual damages (excluding litigation costs and fees) against any party. This limitation of the arbitrator's powers under this Agreement shall not operate as an exclusion of the issue of punitive damages from this Agreement to Arbitrate sufficient to vest jurisdiction in a court with respect to that issue.

Consultant shall include in all subcontracts a specification whereby the subcontractor consents to being joined in an arbitration between City and Consultant involving the work of the subcontractor to be joined. Consultant's failure to do so shall be a breach of this Agreement.

The parties hereby waive any rights provided by Title 9.2 of the California Code of Civil Procedure, Section 1296. The arbitrator's award shall be deemed final, conclusive and binding to the fullest extent allowed by California law.

19. ENTIRE AGREEMENT.

This Agreement and its exhibits contain the entire understanding between Consultant and City. Additional or new terms contained in this Agreement which vary from Consultant's proposal or the Letters of Engagement are controlling and are deemed accepted by Consultant. All previous proposals, offers and communications relative to this Agreement,

whether oral or written, are hereby superseded except to the extent that they have been incorporated into this Agreement. No future waiver of or exception to any of the terms, conditions, and provisions of this Agreement shall be considered valid unless specifically agreed to in writing by all the parties.

20. PARTIAL INVALIDITY.

If any provision in this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remaining provisions shall nevertheless continue in full force without being impaired or invalidated in any way.

21. WAIVER.

The waiver by any party to this Agreement of a breach of any provision hereof shall be in writing and shall not operate or be construed as a waiver of any other or subsequent breach hereof unless specifically stated in writing.

22. AUDIT.

The City's duly authorized representative shall have access at all reasonable times to all reports, contract records, contract documents, contract files, and personnel necessary to audit and verify Consultant's charges to City under this Agreement.

Consultant agrees to retain reports, records, documents, and files related to charges under this Agreement for a period of four (4) years following the date of final payment for Consultant services. City's representative shall have the right to reproduce any of the aforesaid documents.

23. GOVERNING LAW.

This Agreement shall be governed, construed and enforced in accordance with the laws of the State of California. Venue of any litigation arising out of or connected with this Agreement shall lie exclusively in the state trial court or Federal District Court located in Stanislaus County in the State of California, and the Parties consent to jurisdiction over their

persons and over the subject matter of any such litigation in such courts, and consent to service of process issued by such courts.

24. HEADINGS NOT CONTROLLING.

Headings used in the Agreement are for reference purposes only and shall not be considered in construing this Agreement.

25. COMPLIANCE WITH LAWS.

Consultant shall insure compliance with all safety and hourly requirements for employees, in accordance with federal, state, and county safety and health regulations and laws. Consultant shall fully comply with all applicable federal, state, and local laws, ordinances, regulations and permits.

Termination on Occurrence of Stated Events

This Agreement shall terminate automatically on the date on which any of the following events occur: (1) bankruptcy or insolvency of Consultant, (2) legal dissolution of Consultant, or (3) death of key principal(s) of Consultant.

Termination by City for Default of Consultant

Should Consultant default in the performance of this Agreement or materially breach any of its provisions, at its option City may terminate this Agreement by giving written notification to Consultant. The termination date shall be the effective date of the notice. For the purposes of this section, material breach of this Agreement shall include but not be limited to any of the following: failure to perform required services or duties, willful destruction of City's property by Consultant, dishonesty or theft.

Termination by Consultant for Default of City

Should City default in the performance of this Agreement or materially breach any of its provisions, at its option Consultant may terminate this Agreement by giving written notice to City. The termination date shall be the effective date of the notice. For the purposes of this section, material breach of this Agreement shall include but not be limited to any of the following: failure to cooperate reasonably with Consultant, willful destruction of Consultant's property by City, dishonesty or theft.

Termination by City for Convenience

The City may also terminate the Consultant's performance under the Agreement, either in whole or in part, at its own discretion, or when conditions encountered during the Work make it impossible or impracticable to proceed, or when the City is prevented from proceeding with the Agreement by act of God, by law, or by official action of a public authority, or upon a determination by the City that such termination is in the best interest and convenience of the City, or whenever the City is prohibited from completing the Work for any reason. The City shall provide no less than ten (10) calendar days written notice of its intent to terminate the Agreement for convenience, and shall endeavor to provide the Consultant with consultation with the City prior to termination.

Termination by City for Lack of Budgeted Funds

The City may terminate this Agreement effective July 1 of any given year upon the City's determination to not appropriate sufficient funds for this Agreement for the ensuing fiscal year. In such event City shall give Consultant not less than 30 days written notice.

Termination for Failure to Make Agreed-Upon Payments

Should City fail to pay Consultant all or any part of the payments set forth in this Agreement on the date due, at its option Consultant may terminate this Agreement if the failure is not remedied within thirty (30) days after Consultant notifies City in writing of such failure to pay. The termination date shall be the effective date of the notice.

Termination by City for Change of Consultant's Tax Status

If City determines that Consultant does not meet the requirements of federal and state tax laws for independent contractor status, City may terminate this Agreement by giving written notice to Consultant. The termination date shall be the effective date of the notice.

Voluntary Termination

The parties may terminate this contract upon mutual written Agreement.

In the Event of Termination

If this Agreement is terminated pursuant to this Paragraph, Consultant shall cease all its work on the project as of the termination date and shall see to it that its employees, subcontractors and agents are notified of such termination and cease their work. If City so requests, and at City's cost, Consultant shall provide sufficient oral or written status reports to make City reasonably aware of the status of Consultant's work on the project. Further, if City so requests, and at City's cost, Consultant shall deliver to City any work products whether in draft or final form which have been produced to date.

If the Agreement is terminated pursuant to any of the subsections contained in this paragraph, City will pay Consultant an amount based on the percentage of work completed on the termination date, this percentage shall be determined by City in its sole discretion. If the Agreement is terminated pursuant to the subparagraph entitled Termination by City for Default of Consultant, Consultant understands and agrees that City may, in City's sole discretion, refuse to pay Consultant for that portion of Consultant's services which were performed by Consultant on the project prior to the termination date and which remain unacceptable and/or not useful to City as of the termination date.

16. CERTIFIED PAYROLL REQUIREMENT.

For consultants performing field work on public works contracts on which prevailing wages are required: The Consultant shall comply with the provisions of Section 1776 of the California Labor Code, regarding payroll records, and shall require its subconsultants and subcontractors to comply with that section as may be required by law.

17. INDEMNITY.

The Consultant shall hold the City, its agents, officers, employees, and volunteers, harmless from and save, defend and indemnify them against any and all claims, losses, liabilities, judgments or damages from every cause, including but not limited to injury to person or property or wrongful death, including reasonable costs and expenses of defense of any judicial or administrative action, arising directly or indirectly out of any negligent or intentional act or omission of Consultant, or its agents, officers, employees, or volunteers relating to or during the performance of its obligations under this Agreement.

Consultant's obligation to defend, indemnify, and hold the City, its agents, officers, and employees harmless under the provisions of this paragraph is not limited to or restricted by any requirement in this Agreement for Consultant to procure and maintain a policy of insurance.

18. DISPUTE RESOLUTION.

All claims, controversies, or disputes arising out of, or relating to the formation of this Agreement, or the breach, termination execution, enforcement, interpretation, or validity of this Agreement, including the determination of the scope or applicability of this contract provision shall be determined by binding arbitration in Modesto, California, by one arbitrator, except as otherwise specified in this Agreement. The American Arbitration Association shall administer the arbitration under its Arbitration Rules then in effect, subject to the modifications of those rules contained in this paragraph. This agreement to arbitrate shall be

specifically enforceable under the prevailing law of any court having jurisdiction, and the award rendered by the arbitrator may be entered in any court having jurisdiction. The appropriate venue for any arbitration or court proceeding relating to or arising out of this provision shall be in Stanislaus County, California.

This paragraph is not intended to and does not waive the claim filing requirements found in California Government Code section 900 et seq. In the event that a timely and legally sufficient, arbitrable claim is filed by Consultant with City, and the claim is rejected in whole or in part by City, this paragraph shall result in the conclusive, final, and binding resolution of all the issues presented in the claim by Consultant so long as any issues presented by the claim are arbitrable. Claims rejected by City or by operation of law, shall be submitted by Consultant to arbitration pursuant to the Arbitration Rules of the American Arbitration Association within ninety (90) days after mailing of the written rejection by City to Consultant. Otherwise, the claim or claims shall be deemed waived in their entirety.

The “fast track” rules of the American Arbitration Association shall apply to any claim or counterclaim less than ONE HUNDRED FIFTY THOUSAND AND 00/100 (\$150,000.00) DOLLARS. In arbitration not proceeding under the “fast track” rules, the arbitrator shall have the power to order that depositions be taken and other discovery be made. Both City and Consultant shall have the right, upon written notice, to take no more than three (3) depositions of the other as a matter of right in an arbitration proceeding under the “fast track” rules.

Whether or not City and Consultant may be engaged in interstate commerce, any controversy or dispute mentioned above shall be determined by, and the parties shall be bound by, the substantive law of the State of California, and not the Federal Arbitration Act at 9 USC Section 1 et seq.

The arbitrator may grant any remedy or relief deemed by the arbitrator just and equitable under the circumstances, whether or not such relief could be awarded in a court of law. The arbitrator shall be empowered to award monetary sanctions against a party for failure of cooperation in the arbitration. The arbitrator shall, in written award, allocate all the costs of the arbitration, including the fees of the arbitrator and the reasonable attorney fees of the prevailing party, against the party who did not prevail. The prevailing party shall be the party in whose favor the majority of the central issues in the case are resolved.

Notwithstanding anything in this provision to the contrary, the arbitrator shall have no power to award punitive damages or other damages not measured by the party's actual damages (excluding litigation costs and fees) against any party. This limitation of the arbitrator's powers under this Agreement shall not operate as an exclusion of the issue of punitive damages from this Agreement to Arbitrate sufficient to vest jurisdiction in a court with respect to that issue.

Consultant shall include in all subcontracts a specification whereby the subcontractor consents to being joined in an arbitration between City and Consultant involving the work of the subcontractor to be joined. Consultant's failure to do so shall be a breach of this Agreement.

The parties hereby waive any rights provided by Title 9.2 of the California Code of Civil Procedure, Section 1296. The arbitrator's award shall be deemed final, conclusive and binding to the fullest extent allowed by California law.

19. ENTIRE AGREEMENT.

This Agreement and its exhibits contain the entire understanding between Consultant and City. Additional or new terms contained in this Agreement which vary from Consultant's proposal or the Letters of Engagement are controlling and are deemed accepted by Consultant. All previous proposals, offers and communications relative to this Agreement,

whether oral or written, are hereby superseded except to the extent that they have been incorporated into this Agreement. No future waiver of or exception to any of the terms, conditions, and provisions of this Agreement shall be considered valid unless specifically agreed to in writing by all the parties.

20. PARTIAL INVALIDITY.

If any provision in this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remaining provisions shall nevertheless continue in full force without being impaired or invalidated in any way.

21. WAIVER.

The waiver by any party to this Agreement of a breach of any provision hereof shall be in writing and shall not operate or be construed as a waiver of any other or subsequent breach hereof unless specifically stated in writing.

22. AUDIT.

The City's duly authorized representative shall have access at all reasonable times to all reports, contract records, contract documents, contract files, and personnel necessary to audit and verify Consultant's charges to City under this Agreement.

Consultant agrees to retain reports, records, documents, and files related to charges under this Agreement for a period of four (4) years following the date of final payment for Consultant services. City's representative shall have the right to reproduce any of the aforesaid documents.

23. GOVERNING LAW.

This Agreement shall be governed, construed and enforced in accordance with the laws of the State of California. Venue of any litigation arising out of or connected with this Agreement shall lie exclusively in the state trial court or Federal District Court located in Stanislaus County in the State of California, and the Parties consent to jurisdiction over their

persons and over the subject matter of any such litigation in such courts, and consent to service of process issued by such courts.

24. HEADINGS NOT CONTROLLING.

Headings used in the Agreement are for reference purposes only and shall not be considered in construing this Agreement.

25. COMPLIANCE WITH LAWS.

Consultant shall insure compliance with all safety and hourly requirements for employees, in accordance with federal, state, and county safety and health regulations and laws. Consultant shall fully comply with all applicable federal, state, and local laws, ordinances, regulations and permits.

Consultant and City shall be collectively referred to as "parties" or individually as a "party."

This Agreement is made with regard to the following recitals:

A. The City has determined that a consultant is necessary to assist with internal administrative investigation services.

B. Consultant represents that it is qualified, willing and able to provide the services to provide those services.

NOW, THEREFORE, in consideration of this agreement, and the mutual promises, covenants, and stipulations hereinafter contained, the parties agree as follows:

1. SCOPE OF SERVICES.

Consultant shall undertake and complete Personnel and Administrative Investigations as assigned.

Consultant shall not be compensated for services outside the scope of work identified under this Section unless prior to the commencement of such services: (i) Consultant notifies City and City agrees that such services are outside the scope of work under this Section; (ii) Consultant estimates the additional compensation required for these additional services; and (iii) City, after notice, approves in writing a Supplemental Agreement specifying the additional services and amount of compensation therefor.

Consultant shall provide a status update to the City representative every sixty (60) days on

any matter(s) under this Agreement.

2. TERM OF AGREEMENT.

This Agreement is effective as of September 11, 2018, and will continue in effect until September 11, 2020, or City's final acceptance of and payment for all services authorized by City and performed by Consultant, or until terminated in accordance with the provisions of the termination clause in this Agreement, whichever occurs first.

3. COMPENSATION.

Consultant agrees to accept a sum not to exceed \$100,000 as full remuneration for performing all services and furnishing all staffing and materials called for performance by Consultant of all of its duties and obligations under this Agreement.

The Compensation shall be paid pursuant in the manner and at the times set forth below:

Consultant shall be paid at a rate of \$75.00 per hour for those services identified in the Scope of Work and reasonable expenses, for a total amount not to exceed \$100,000.

City shall reimburse Consultant for the actual, reasonable and necessary expense of travel out of the Modesto metropolitan area, approved in advance, at \$0.56 per mile. Consultant will not charge City for the cost of telephone calls. Costs and expenses for statutory fees, witness fees, reporters' per diem and stenographic transcriptions, and the expenses of serving process shall be advanced by Consultant and reimbursed by City.

Billings shall be submitted to City every thirty (30) days unless otherwise advised. Each task shall be distinctly and completely identified. City will not pay invoices that contain block billing. Each billing entry must contain the initials of the individual performing the task, the nature of the task, the date it was performed, and the length of time it took.

4. OBLIGATIONS OF CONSULTANT.

Throughout the term of this Agreement, Consultant shall possess, or secure all licenses, permits, qualifications and approvals legally required to conduct business. Consultant warrants that it has all of the necessary professional capabilities and experience, as well as all tools, instrumentalities, facilities and other resources necessary to provide the City with the services contemplated by this Agreement. Consultant further warrants that it will follow the best current, generally accepted and professional practices to make findings, render opinions, prepare factual presentations, and provide professional advice and recommendations regarding this project.

5. PERFORMANCE BY KEY EMPLOYEE.

Consultant has represented to City that Dave Young will be the person primarily responsible for the performance of the services referred to in this Agreement. City has entered into this Agreement in reliance on that representation by Consultant. Consultant therefore agrees that 100 percent (100%) or more of the time to be devoted to the project that is the subject of this Agreement will be that of the above-named person.

6. OWNERSHIP OF DOCUMENTS/TITLE TO DATA.

Ownership of Documents

All reports, drawings, designs, graphics, working papers and other incidental work or materials furnished hereunder shall become and remain the property of the City, and may be used by City as it may require without any additional cost to City. No reports shall be used by the Consultant for purposes other than this contract without the express prior written consent of City.

Title to Data

If, as a part of the agreement, Consultant is required to produce data such

as, but not limited to, drawings, plans, specifications, calculations, models, flow diagrams, visual aids and other related materials, the originals of all such data generated under this agreement will be delivered to City upon the completion or termination of services under the contract.

All materials, documents, data or information obtained from the City data files or any City medium furnished to Consultant in the performance of this Agreement will at all times remain the property of the City. Such data or information may not be used or copied for direct or indirect use by Consultant after termination of this Agreement without written consent of the City.

7. NEWS AND INFORMATION RELEASE.

Consultant agrees that it will not issue any news releases in connection with either the award of this Agreement, or any subsequent amendment of or efforts under this Agreement, without first obtaining review and approval of said news releases from City through the City Attorney or City Manager.

The City Attorney or City Manager shall serve as the point of contact for press information regarding all matters performed by Consultant under this Agreement. If any publicity is generated by the subject matter of this representation, Consultant will consult with and obtain approval of the City Attorney or City Manager before making any statement to any media outlet (whether radio, print, internet or television) about the content and timing of such statement.

Consultant understands and agrees that during the course performing the services required by this Agreement, or in contemplation thereof, Consultant may have access to private or confidential information which may be owned or controlled by City and that such information may contain proprietary or confidential details, the disclosure of which to third parties may be damaging to City. Consultant agree that all information disclosed by City to Consultant shall be held in confidence and used only in performance of the services required by

this Agreement. A violation of this section shall be a material violation of this Agreement and shall justify legal and/or equitable relief.

8. INTEREST OF CONTRACTOR.

Consultant warrants that it presently has no interest and shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance of services required to be performed under this Agreement. Consultant warrants that, in performance of this Agreement, Consultant shall not employ any person having any such interest. Consultant agrees to file a Statement of Economic Interests with the City Clerk at the start and end of this contract if so required at the option of City.

9. AMENDMENTS.

Both parties to this Agreement understand that it may become desirable or necessary during the execution of this Agreement, for City or Consultant to modify the scope of services provided for under this Agreement. Any material extension or change in the scope of work shall be discussed with City and the change and cost shall be memorialized in a written amendment to the original contract prior to the performance of the additional work.

Until a change order is so executed, City will not be responsible to pay any charges Consultant may incur in performing such additional services, and Consultant shall not be required to perform any such additional services.

10. INDEPENDENT CONTRACTOR.

All acts of Consultant, its agents, officers, and employees and all others acting on behalf of Consultant relating to the performance of this Agreement, shall be performed as independent contractors and not as agents, officers, or employees of City. Consultant, by virtue of this Agreement, has no authority to bind or incur any obligation on behalf of City. Consultant has no authority or responsibility to exercise any rights or power vested in the City.

No agent, officer, or employee of the City is to be considered an employee of Consultant. It is understood by both Consultant and City that this Agreement shall not under any circumstances be construed or considered to create an employer-employee relationship or a joint venture.

Consultant, its agents, officers and employees are and, at all times during the terms of this Agreement, shall represent and conduct themselves as independent contractors and not as employees of City. However, the City may, from time to time, make space available to the Consultant to perform work.

Consultant shall determine the method, details and means of performing the work and services to be provided by Consultant under this Agreement, regardless of whether the Consultant performs work on City property or elsewhere. Consultant shall be responsible to City only for the requirements and results specified in this Agreement, and, except as expressly provided in this Agreement, shall not be subjected to City's control with respect to the physical action or activities of the Consultant in fulfillment of this Agreement. Consultant has control over the manner and means of performing the services under this Agreement. Consultant is permitted to provide services to others during the same period service is provided to City under this Agreement. If necessary, Consultant has the responsibility for employing other persons or firms to assist Consultant in fulfilling the terms and obligations under this Agreement.

If in the performance of this Agreement any third persons are employed by Consultant, such persons shall be entirely and exclusively under the direction, supervision, and control of Consultant. All terms of employment including hours, wages, working conditions, discipline, hiring, and discharging or any other term of employment or requirement of law shall be determined by the Consultant.

It is understood and agreed that as an independent contractor and not an employee of City neither the Consultant or Consultant's assigned personnel shall have any entitlement as a City employee, right to act on behalf of the City in any capacity whatsoever as

an agent, or to bind the City to any obligation whatsoever.

It is further understood and agreed that Consultant must issue W-2 forms or other forms as required by law for income and employment tax purposes for all of Consultant's personnel.

As an independent contractor, Consultant hereby indemnifies and holds City harmless from any and all claims that may be made against City based upon any contention by any third party that an employer-employee relationship exists by reason of this Agreement.

11. ASSIGNMENT.

Neither this Agreement nor any portion thereof shall be subcontracted or assigned without the express prior written consent of the City in each and every instance.

12. PATENT/COPYRIGHT MATERIALS.

Unless otherwise expressly provided in the contract, Consultant shall be solely responsible for obtaining the right to use any patented or copyrighted materials in the performance of this Agreement. Consultant shall furnish a warranty of such right to use to City at the request of City.

13. NOTICES.

Any and all notices permitted or required to be given hereunder shall be deemed duly given and effective (1) upon actual delivery, if delivery is by hand; or (2) five (5) days after delivery into the United States mail if delivery is by postage paid registered or certified (return receipt requested) mail. Termination for Failure to Make Agreed-Upon Payments

Should City fail to pay Consultant all or any part of the payments set forth in this Agreement on the date due, at its option Consultant may terminate this Agreement if the failure is not remedied within thirty (30) days after Consultant notifies City in writing of such failure to pay. The termination date shall be the effective date of the notice.

Termination by City for Change of Consultant's Tax Status

If City determines that Consultant does not meet the requirements of federal and state tax laws for independent contractor status, City may terminate this Agreement by giving written notice to Consultant. The termination date shall be the effective date of the notice.

Voluntary Termination

The parties may terminate this contract upon mutual written Agreement.

In the Event of Termination

If this Agreement is terminated pursuant to this Paragraph, Consultant shall cease all its work on the project as of the termination date and shall see to it that its employees, subcontractors and agents are notified of such termination and cease their work. If City so requests, and at City's cost, Consultant shall provide sufficient oral or written status reports to make City reasonably aware of the status of Consultant's work on the project. Further, if City so requests, and at City's cost, Consultant shall deliver to City any work products whether in draft or final form which have been produced to date.

16. CERTIFIED PAYROLL REQUIREMENT.

For consultants performing field work on public works contracts on which prevailing wages are required: The Consultant shall comply with the provisions of Section 1776 of the California Labor Code, regarding payroll records, and shall require its subconsultants and subcontractors to comply with that section as may be required by law.

17. INDEMNITY.

The Consultant shall hold the City, its agents, officers, employees, and volunteers, harmless from and save, defend and indemnify them against any and all claims, losses, liabilities, judgments or damages from every cause, including but not limited to injury to person or property or wrongful death, including reasonable costs and expenses of defense of any judicial or administrative action, arising directly or indirectly out of any negligent or intentional act or omission of Consultant, or its agents, officers, employees, or volunteers relating to or during the performance of its obligations under this Agreement.

18. DISPUTE RESOLUTION.

All claims, controversies, or disputes arising out of, or relating to the formation of this Agreement, or the breach, termination execution, enforcement, interpretation, or validity of this Agreement, including the determination of the scope or applicability of this contract provision shall be determined by binding arbitration in Modesto, California, by one arbitrator, except as otherwise specified in this Agreement. In the event that a timely and legally sufficient, arbitrable claim is filed by Consultant with City, and the claim is rejected in whole or in part by City, this paragraph shall result in the conclusive, final, and binding resolution of all the issues presented in the claim by Consultant so long as any issues presented by the claim are arbitrable. Claims rejected by City or by operation of law, shall be submitted by Consultant to arbitration pursuant to the Arbitration Rules of the American Arbitration Association within ninety (90) days after mailing of the written rejection by City to Consultant. The arbitrator may grant any remedy or relief deemed by the arbitrator just and equitable under the circumstances, whether or not such relief could be awarded in a court of law. The arbitrator shall be empowered to award monetary sanctions against a party for failure of cooperation in the arbitration. The arbitrator shall, in written award, allocate all the costs of the arbitration, including the fees of the arbitrator and the reasonable attorney fees of the prevailing party, against the party who did not prevail. The prevailing party shall be the party in whose favor the majority of the central issues in the case are resolved.

Notwithstanding anything in this provision to the contrary, the arbitrator shall have no power to award punitive damages or other damages not measured by the party's actual damages (excluding litigation costs and fees) against any party. This limitation of the arbitrator's powers under this Agreement shall not operate as an exclusion of the issue of punitive damages from this Agreement to Arbitrate sufficient to vest jurisdiction in a court with respect to that issue.

whether oral or written, are hereby superseded except to the extent that they have been incorporated into this Agreement. No future waiver of or exception to any of the terms, conditions, and provisions of this Agreement shall be considered valid unless specifically agreed to in writing by all the parties.

20. PARTIAL INVALIDITY.

If any provision in this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remaining provisions shall nevertheless continue in full force without being impaired or invalidated in any way.

21. WAIVER.

The waiver by any party to this Agreement of a breach of any provision hereof shall be in writing and shall not operate or be construed as a waiver of any other or subsequent breach hereof unless specifically stated in writing.

22. AUDIT.

The City's duly authorized representative shall have access at all reasonable times to all reports, contract records, contract documents, contract files, and personnel necessary to audit and verify Consultant's charges to City under this Agreement.

Consultant agrees to retain reports, records, documents, and files related to charges under this Agreement for a period of four (4) years following the date of final payment for Consultant services. City's representative shall have the right to reproduce any of the aforesaid documents.

23. GOVERNING LAW.

This Agreement shall be governed, construed and enforced in accordance with the laws of the State of California. 25. COMPLIANCE WITH LAWS.

6. OWNERSHIP OF DOCUMENTS/TITLE TO DATA.

Ownership of Documents

All reports, drawings, designs, graphics, working papers and other incidental work or materials furnished hereunder shall become and remain the property of the City, and may be used by City as it may require without any additional cost to City. If any publicity is generated by the subject matter of this representation, Consultant will consult with and obtain approval of the City Attorney or City Manager before making any statement to any media outlet (whether radio, print, internet or television) about the content and timing of such statement.

Consultant understands and agrees that during the course performing the services required by this Agreement, or in contemplation thereof, Consultant may have access to private or confidential information which may be owned or controlled by City and that such information may contain proprietary or confidential details, the disclosure of which to third parties may be damaging to City. Consultant agree that all information disclosed by City to Consultant shall be held in confidence and used only in performance of the services required by

this Agreement. A violation of this section shall be a material violation of this Agreement and shall justify legal and/or equitable relief.

8. INTEREST OF CONTRACTOR.

Consultant warrants that it presently has no interest and shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance of services required to be performed under this Agreement. Consultant warrants that, in performance of this Agreement, Consultant shall not employ any person having any such interest. Until a change order is so executed, City will not be responsible to pay any charges Consultant may incur in performing such additional services, and Consultant shall not be required to perform any such additional services.

10. INDEPENDENT CONTRACTOR.

All acts of Consultant, its agents, officers, and employees and all others acting on behalf of Consultant relating to the performance of this Agreement, shall be performed as independent contractors and not as agents, officers, or employees of City. Consultant, its agents, officers and employees are and, at all times during the terms of this Agreement, shall represent and conduct themselves as independent contractors and not as employees of City. However, the City may, from time to time, make space available to the Consultant to perform work.

Consultant shall determine the method, details and means of performing the work and services to be provided by Consultant under this Agreement, regardless of whether the Consultant performs work on City property or elsewhere. Consultant shall be responsible to City only for the requirements and results specified in this Agreement, and, except as expressly provided in this Agreement, shall not be subjected to City's control with respect to the physical action or activities of the Consultant in fulfillment of this Agreement. Consultant has control over the manner and means of performing the services under this Agreement. Consultant is permitted to provide services to others during the same period service is provided to City under this Agreement. If necessary, Consultant has the responsibility for employing other persons or firms to assist Consultant in fulfilling the terms and obligations under this Agreement.

If in the performance of this Agreement any third persons are employed by Consultant, such persons shall be entirely and exclusively under the direction, supervision, and control of Consultant. All terms of employment including hours, wages, working conditions, discipline, hiring, and discharging or any other term of employment or requirement of law shall be determined by the Consultant.

an agent, or to bind the City to any obligation whatsoever.

It is further understood and agreed that Consultant must issue W-2 forms or other forms as required by law for income and employment tax purposes for all of Consultant's personnel.

As an independent contractor, Consultant hereby indemnifies and holds City harmless from any and all claims that may be made against City based upon any contention by any third party that an employer-employee relationship exists by reason of this Agreement.

The City may also terminate the Consultant's performance under the Agreement, either in whole or in part, at its own discretion, or when conditions encountered during the Work make it impossible or impracticable to proceed, or when the City is prevented from proceeding with the Agreement by act of God, by law, or by official action of a public authority, or upon a determination by the City that such termination is in the best interest and convenience of the City, or whenever the City is prohibited from completing the Work for any reason. The City shall provide no less than ten (10) calendar days written notice of its intent to terminate the Agreement for convenience, and shall endeavor to provide the Consultant with consultation with the City prior to termination.

Termination by City for Lack of Budgeted Funds

The City may terminate this Agreement effective July 1 of any given year upon the City's determination to not appropriate sufficient funds for this Agreement for the ensuing fiscal year. In such event City shall give Consultant not less than 30 days written notice.

Termination for Failure to Make Agreed-Upon Payments

Should City fail to pay Consultant all or any part of the payments set forth in this Agreement on the date due, at its option Consultant may terminate this Agreement if the failure is not remedied within thirty (30) days after Consultant notifies City in writing of such failure to pay. The termination date shall be the effective date of the notice.

Termination by City for Change of Consultant's Tax Status

If City determines that Consultant does not meet the requirements of federal and state tax laws for independent contractor status, City may terminate this Agreement by giving written notice to Consultant. The termination date shall be the effective date of the notice.

Voluntary Termination

The parties may terminate this contract upon mutual written Agreement.

In the Event of Termination

If this Agreement is terminated pursuant to this Paragraph, Consultant shall cease all its work on the project as of the termination date and shall see to it that its employees, subcontractors and agents are notified of such termination and cease their work. If City so requests, and at City's cost, Consultant shall provide sufficient oral or written status reports to make City reasonably aware of the status of Consultant's work on the project. Further, if City so requests, and at City's cost, Consultant shall deliver to City any work products whether in draft or final form which have been produced to date.

If the Agreement is terminated pursuant to any of the subsections contained in this paragraph, City will pay Consultant an amount based on the percentage of work completed on the termination date, this percentage shall be determined by City in its sole discretion. If the Agreement is terminated pursuant to the subparagraph entitled Termination by City for Default of Consultant, Consultant understands and agrees that City may, in City's sole discretion, refuse to pay Consultant for that portion of Consultant's services which were performed by Consultant on the project prior to the termination date and which remain unacceptable and/or not useful to City as of the termination date.

16. CERTIFIED PAYROLL REQUIREMENT.

For consultants performing field work on public works contracts on which prevailing wages are required: The Consultant shall comply with the provisions of Section 1776 of the California Labor Code, regarding payroll records, and shall require its subconsultants and subcontractors to comply with that section as may be required by law.

17. INDEMNITY.

The Consultant shall hold the City, its agents, officers, employees, and volunteers, harmless from and save, defend and indemnify them against any and all claims, losses, liabilities, judgments or damages from every cause, including but not limited to injury to person or property or wrongful death, including reasonable costs and expenses of defense of any judicial or administrative action, arising directly or indirectly out of any negligent or intentional act or omission of Consultant, or its agents, officers, employees, or volunteers relating to or during the performance of its obligations under this Agreement.

Consultant's obligation to defend, indemnify, and hold the City, its agents, officers, and employees harmless under the provisions of this paragraph is not limited to or restricted by any requirement in this Agreement for Consultant to procure and maintain a policy of insurance.

18. DISPUTE RESOLUTION.

All claims, controversies, or disputes arising out of, or relating to the formation of this Agreement, or the breach, termination execution, enforcement, interpretation, or validity of this Agreement, including the determination of the scope or applicability of this contract provision shall be determined by binding arbitration in Modesto, California, by one arbitrator, except as otherwise specified in this Agreement. The American Arbitration Association shall administer the arbitration under its Arbitration Rules then in effect, subject to the modifications of those rules contained in this paragraph. This agreement to arbitrate shall be

specifically enforceable under the prevailing law of any court having jurisdiction, and the award rendered by the arbitrator may be entered in any court having jurisdiction. The appropriate venue for any arbitration or court proceeding relating to or arising out of this provision shall be in Stanislaus County, California.

This paragraph is not intended to and does not waive the claim filing requirements found in California Government Code section 900 et seq. In the event that a timely and legally sufficient, arbitrable claim is filed by Consultant with City, and the claim is rejected in whole or in part by City, this paragraph shall result in the conclusive, final, and binding resolution of all the issues presented in the claim by Consultant so long as any issues presented by the claim are arbitrable. Claims rejected by City or by operation of law, shall be submitted by Consultant to arbitration pursuant to the Arbitration Rules of the American Arbitration Association within ninety (90) days after mailing of the written rejection by City to Consultant. Otherwise, the claim or claims shall be deemed waived in their entirety.

The “fast track” rules of the American Arbitration Association shall apply to any claim or counterclaim less than ONE HUNDRED FIFTY THOUSAND AND 00/100 (\$150,000.00) DOLLARS. In arbitration not proceeding under the “fast track” rules, the arbitrator shall have the power to order that depositions be taken and other discovery be made. Both City and Consultant shall have the right, upon written notice, to take no more than three (3) depositions of the other as a matter of right in an arbitration proceeding under the “fast track” rules.

Whether or not City and Consultant may be engaged in interstate commerce, any controversy or dispute mentioned above shall be determined by, and the parties shall be bound by, the substantive law of the State of California, and not the Federal Arbitration Act at 9 USC Section 1 et seq.

The arbitrator may grant any remedy or relief deemed by the arbitrator just and equitable under the circumstances, whether or not such relief could be awarded in a court of law. The arbitrator shall be empowered to award monetary sanctions against a party for failure of cooperation in the arbitration. The arbitrator shall, in written award, allocate all the costs of the arbitration, including the fees of the arbitrator and the reasonable attorney fees of the prevailing party, against the party who did not prevail. The prevailing party shall be the party in whose favor the majority of the central issues in the case are resolved.

Notwithstanding anything in this provision to the contrary, the arbitrator shall have no power to award punitive damages or other damages not measured by the party's actual damages (excluding litigation costs and fees) against any party. This limitation of the arbitrator's powers under this Agreement shall not operate as an exclusion of the issue of punitive damages from this Agreement to Arbitrate sufficient to vest jurisdiction in a court with respect to that issue.

Consultant shall include in all subcontracts a specification whereby the subcontractor consents to being joined in an arbitration between City and Consultant involving the work of the subcontractor to be joined. Consultant's failure to do so shall be a breach of this Agreement.

The parties hereby waive any rights provided by Title 9.2 of the California Code of Civil Procedure, Section 1296. The arbitrator's award shall be deemed final, conclusive and binding to the fullest extent allowed by California law.

19. ENTIRE AGREEMENT.

This Agreement and its exhibits contain the entire understanding between Consultant and City. Additional or new terms contained in this Agreement which vary from Consultant's proposal or the Letters of Engagement are controlling and are deemed accepted by Consultant. All previous proposals, offers and communications relative to this Agreement,

whether oral or written, are hereby superseded except to the extent that they have been incorporated into this Agreement. No future waiver of or exception to any of the terms, conditions, and provisions of this Agreement shall be considered valid unless specifically agreed to in writing by all the parties.

20. PARTIAL INVALIDITY.

If any provision in this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remaining provisions shall nevertheless continue in full force without being impaired or invalidated in any way.

21. WAIVER.

The waiver by any party to this Agreement of a breach of any provision hereof shall be in writing and shall not operate or be construed as a waiver of any other or subsequent breach hereof unless specifically stated in writing.

22. AUDIT.

The City's duly authorized representative shall have access at all reasonable times to all reports, contract records, contract documents, contract files, and personnel necessary to audit and verify Consultant's charges to City under this Agreement.

Consultant agrees to retain reports, records, documents, and files related to charges under this Agreement for a period of four (4) years following the date of final payment for Consultant services. City's representative shall have the right to reproduce any of the aforesaid documents.

23. GOVERNING LAW.

This Agreement shall be governed, construed and enforced in accordance with the laws of the State of California. Venue of any litigation arising out of or connected with this Agreement shall lie exclusively in the state trial court or Federal District Court located in Stanislaus County in the State of California, and the Parties consent to jurisdiction over their

persons and over the subject matter of any such litigation in such courts, and consent to service of process issued by such courts.

24. HEADINGS NOT CONTROLLING.

Headings used in the Agreement are for reference purposes only and shall not be considered in construing this Agreement.

25. COMPLIANCE WITH LAWS.

Consultant shall insure compliance with all safety and hourly requirements for employees, in accordance with federal, state, and county safety and health regulations and laws. Consultant shall fully comply with all applicable federal, state, and local laws, ordinances, regulations and permits.

26. CITY BUSINESS LICENSE.

Termination by City for Default of Consultant

Should Consultant default in the performance of this Agreement or materially breach any of its provisions, at its option City may terminate this Agreement by giving written notification to Consultant. For the purposes of this section, material breach of this Agreement shall include but not be limited to any of the following: failure to perform required services or duties, willful destruction of City's property by Consultant, dishonesty or theft.

Termination by Consultant for Default of City

Should City default in the performance of this Agreement or materially breach any of its provisions, at its option Consultant may terminate this Agreement by giving written notice to City. The termination date shall be the effective date of the notice. For the purposes of this section, material breach of this Agreement shall include but not be limited to any of the following: failure to cooperate reasonably with Consultant, willful destruction of Consultant's property by City, dishonesty or theft.

Termination by City for Convenience

The City may also terminate the Consultant's performance under the Agreement, either in whole or in part, at its own discretion, or when conditions encountered during the Work make it impossible or impracticable to proceed, or when the City is prevented from proceeding with the Agreement by act of God, by law, or by official action of a public authority, or upon a determination by the City that such termination is in the best interest and convenience of the City, or whenever the City is prohibited from completing the Work for any reason. The City shall provide no less than ten (10) calendar days written notice of its intent to terminate the Agreement for convenience, and shall endeavor to provide the Consultant with consultation with the City prior to termination.

Termination by City for Lack of Budgeted Funds

The City may terminate this Agreement effective July 1 of any given year upon the City's determination to not appropriate sufficient funds for this Agreement for the ensuing fiscal year. In such event City shall give Consultant not less than 30 days written notice.

Termination for Failure to Make Agreed-Upon Payments

Should City fail to pay Consultant all or any part of the payments set forth in this Agreement on the date due, at its option Consultant may terminate this Agreement if the failure is not remedied within thirty (30) days after Consultant notifies City in writing of such failure to pay. The termination date shall be the effective date of the notice.

Termination by City for Change of Consultant's Tax Status

If City determines that Consultant does not meet the requirements of federal and state tax laws for independent contractor status, City may terminate this Agreement by giving written notice to Consultant. The termination date shall be the effective date of the notice.

Voluntary Termination

The parties may terminate this contract upon mutual written Agreement.

In the Event of Termination

If this Agreement is terminated pursuant to this Paragraph, Consultant shall cease all its work on the project as of the termination date and shall see to it that its employees, subcontractors and agents are notified of such termination and cease their work. If City so requests, and at City's cost, Consultant shall provide sufficient oral or written status reports to make City reasonably aware of the status of Consultant's work on the project. Further, if City so requests, and at City's cost, Consultant shall deliver to City any work products whether in draft or final form which have been produced to date.

If the Agreement is terminated pursuant to any of the subsections contained in this paragraph, City will pay Consultant an amount based on the percentage of work completed on the termination date, this percentage shall be determined by City in its sole discretion. If the Agreement is terminated pursuant to the subparagraph entitled Termination by City for Default of Consultant, Consultant understands and agrees that City may, in City's sole discretion, refuse to pay Consultant for that portion of Consultant's services which were performed by Consultant on the project prior to the termination date and which remain unacceptable and/or not useful to City as of the termination date.

16. CERTIFIED PAYROLL REQUIREMENT.

For consultants performing field work on public works contracts on which prevailing wages are required: The Consultant shall comply with the provisions of Section 1776 of the California Labor Code, regarding payroll records, and shall require its subconsultants and subcontractors to comply with that section as may be required by law.

17. INDEMNITY.

The Consultant shall hold the City, its agents, officers, employees, and volunteers, harmless from and save, defend and indemnify them against any and all claims, losses, liabilities, judgments or damages from every cause, including but not limited to injury to person or property or wrongful death, including reasonable costs and expenses of defense of any judicial or administrative action, arising directly or indirectly out of any negligent or intentional act or omission of Consultant, or its agents, officers, employees, or volunteers relating to or during the performance of its obligations under this Agreement.

Consultant's obligation to defend, indemnify, and hold the City, its agents, officers, and employees harmless under the provisions of this paragraph is not limited to or restricted by any requirement in this Agreement for Consultant to procure and maintain a policy of insurance.

18. DISPUTE RESOLUTION.

All claims, controversies, or disputes arising out of, or relating to the formation of this Agreement, or the breach, termination execution, enforcement, interpretation, or validity of this Agreement, including the determination of the scope or applicability of this contract provision shall be determined by binding arbitration in Modesto, California, by one arbitrator, except as otherwise specified in this Agreement. The American Arbitration Association shall administer the arbitration under its Arbitration Rules then in effect, subject to the modifications of those rules contained in this paragraph. This agreement to arbitrate shall be

specifically enforceable under the prevailing law of any court having jurisdiction, and the award rendered by the arbitrator may be entered in any court having jurisdiction. The appropriate venue for any arbitration or court proceeding relating to or arising out of this provision shall be in Stanislaus County, California.

This paragraph is not intended to and does not waive the claim filing requirements found in California Government Code section 900 et seq. In the event that a timely and legally sufficient, arbitrable claim is filed by Consultant with City, and the claim is rejected in whole or in part by City, this paragraph shall result in the conclusive, final, and binding resolution of all the issues presented in the claim by Consultant so long as any issues presented by the claim are arbitrable. Claims rejected by City or by operation of law, shall be submitted by Consultant to arbitration pursuant to the Arbitration Rules of the American Arbitration Association within ninety (90) days after mailing of the written rejection by City to Consultant. Otherwise, the claim or claims shall be deemed waived in their entirety.

The “fast track” rules of the American Arbitration Association shall apply to any claim or counterclaim less than ONE HUNDRED FIFTY THOUSAND AND 00/100 (\$150,000.00) DOLLARS. In arbitration not proceeding under the “fast track” rules, the arbitrator shall have the power to order that depositions be taken and other discovery be made. Both City and Consultant shall have the right, upon written notice, to take no more than three (3) depositions of the other as a matter of right in an arbitration proceeding under the “fast track” rules.

Whether or not City and Consultant may be engaged in interstate commerce, any controversy or dispute mentioned above shall be determined by, and the parties shall be bound by, the substantive law of the State of California, and not the Federal Arbitration Act at 9 USC Section 1 et seq.

The arbitrator may grant any remedy or relief deemed by the arbitrator just and equitable under the circumstances, whether or not such relief could be awarded in a court of law. The arbitrator shall be empowered to award monetary sanctions against a party for failure of cooperation in the arbitration. The arbitrator shall, in written award, allocate all the costs of the arbitration, including the fees of the arbitrator and the reasonable attorney fees of the prevailing party, against the party who did not prevail. The prevailing party shall be the party in whose favor the majority of the central issues in the case are resolved.

Notwithstanding anything in this provision to the contrary, the arbitrator shall have no power to award punitive damages or other damages not measured by the party's actual damages (excluding litigation costs and fees) against any party. This limitation of the arbitrator's powers under this Agreement shall not operate as an exclusion of the issue of punitive damages from this Agreement to Arbitrate sufficient to vest jurisdiction in a court with respect to that issue.

Consultant shall include in all subcontracts a specification whereby the subcontractor consents to being joined in an arbitration between City and Consultant involving the work of the subcontractor to be joined. Consultant's failure to do so shall be a breach of this Agreement.

The parties hereby waive any rights provided by Title 9.2 of the California Code of Civil Procedure, Section 1296. The arbitrator's award shall be deemed final, conclusive and binding to the fullest extent allowed by California law.

19. ENTIRE AGREEMENT.

This Agreement and its exhibits contain the entire understanding between Consultant and City. Additional or new terms contained in this Agreement which vary from Consultant's proposal or the Letters of Engagement are controlling and are deemed accepted by Consultant. All previous proposals, offers and communications relative to this Agreement,

whether oral or written, are hereby superseded except to the extent that they have been incorporated into this Agreement. No future waiver of or exception to any of the terms, conditions, and provisions of this Agreement shall be considered valid unless specifically agreed to in writing by all the parties.

20. PARTIAL INVALIDITY.

If any provision in this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remaining provisions shall nevertheless continue in full force without being impaired or invalidated in any way.

21. WAIVER.

The waiver by any party to this Agreement of a breach of any provision hereof shall be in writing and shall not operate or be construed as a waiver of any other or subsequent breach hereof unless specifically stated in writing.

22. AUDIT.

The City's duly authorized representative shall have access at all reasonable times to all reports, contract records, contract documents, contract files, and personnel necessary to audit and verify Consultant's charges to City under this Agreement.

Consultant agrees to retain reports, records, documents, and files related to charges under this Agreement for a period of four (4) years following the date of final payment for Consultant services. City's representative shall have the right to reproduce any of the aforesaid documents.

23. GOVERNING LAW.

This Agreement shall be governed, construed and enforced in accordance with the laws of the State of California. Venue of any litigation arising out of or connected with this Agreement shall lie exclusively in the state trial court or Federal District Court located in Stanislaus County in the State of California, and the Parties consent to jurisdiction over their

persons and over the subject matter of any such litigation in such courts, and consent to service of process issued by such courts.

24. HEADINGS NOT CONTROLLING.

Headings used in the Agreement are for reference purposes only and shall not be considered in construing this Agreement.

25. COMPLIANCE WITH LAWS.

Consultant shall insure compliance with all safety and hourly requirements for employees, in accordance with federal, state, and county safety and health regulations and laws. Consultant shall fully comply with all applicable federal, state, and local laws, ordinances, regulations and permits.

Justification for Budget Adjustment

This budget amendment is being made to: 1) Program 2019 STEP grant revenue and offsetting expenses in the amount of \$430,000. This action will establish a new grant Project account for the recently awarded Office of Traffic Safety (OTS) 2018-19 Selected Traffic Enforcement Program Grant. Grant funding will be used to fund operations to and deploy best practices strategies to reduce the number of persons killed and injured in crashes involving alcohol and other primary collision factors.

Master EIR Initial Study Environmental Checklist

I. PURPOSE

CEQA allows for the limited environmental review of subsequent projects under the City's Master Environmental Impact Report ("Master EIR" or "MEIR"). This Initial Study Environmental Checklist ("Initial Study") is used in determining whether the proposed rezone is "within the scope" of the project analyzed in the Modesto Urban Area General Plan Master EIR (SCH# 2007072023) (Public Resources Code section 21157.1). When the Initial Study supports this conclusion, the City will issue a finding of conformance.

A subsequent project is "within the scope" of the Master EIR when:

1. it will have no additional significant effects on the environment that were not addressed as significant effects in the Master EIR; and
2. no new or additional mitigation measures or alternatives are required.

"Additional significant effects" means a project-specific effect that was not addressed as a significant effect in the Master EIR. [Public Resources Code Section 21158(d)]

The determination must be based on substantial evidence in the record. "Substantial evidence" means facts, reasonable assumptions predicated upon facts, or expert opinion based on facts. It does not include speculation or unsubstantiated opinion. (CEQA Guidelines Section 15384)

4. Within the Scope Analysis of this Document:

The Master EIR allows projects to be found within the scope of the MEIR if certain criteria are met. If the following statements are found to be true for all 21 impact categories included in this Initial Study, then the proposed project is addressed by the MEIR analysis and is within the scope of the MEIR. Any "No" response must be discussed.

	YES	NO
(1) The lead agency for subsequent projects shall be the City of Modesto or a responsible agency identified in the Master EIR.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(2) City policies which reduce, avoid, or mitigate environmental effects will continue to be in effect and, therefore, would be applied to subsequent projects where appropriate. The policies are described in the list of policies in place and mitigation measures attached to the Initial Study template. Project impacts would be mitigated to a less-than-significant level using MEIR mitigations only.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(3) Federal, State, regional, and Stanislaus County regulations do not change in a manner that is less restrictive on development than current law (i.e., would not offer the same level of protection assumed under the Master EIR).	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(4) No specific information concerning the known or potential presence of significant resources is identified in future reports, or through formal or informal input received from responsible or trustee agencies or other qualified sources.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(5) The development will occur within the boundaries of the City's planning area as established in this Urban Area General Plan.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(6) Development within the project will comply with all appropriate mitigation measures contained and enumerated in the 2008 General Plan Master EIR.	<input checked="" type="checkbox"/>	<input type="checkbox"/>

5. Currency of the Master EIR Document

The MEIR should be reviewed on a regular basis to determine its currency, and whether additional analysis/mitigation should be incorporated into the MEIR via a Supplemental or Subsequent EIR (CEQA Section 21157.6). Staff has reviewed Sections 1 through 21 of this document in light of the criteria listed below to determine whether the MEIR is current. The analysis contained within the Master EIR is current as long as the following circumstances have not changed. Any "no" response must be explained.

	YES	NO
(1) Certification of the General Plan Master EIR occurred less than five years prior to the filing of the application for this subsequent project.	<input type="checkbox"/>	<input checked="" type="checkbox"/>
(2) This project is described in the Master EIR and its approval will not affect the adequacy of the Master EIR for any subsequent project because the City can make the following findings:	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(a) No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(b) No new information, which was not known and could not have been known at the time the Master EIR was certified as complete, has become available.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(c) Policies remain in effect which require site-specific mitigation, and avoidance or other mitigation of impacts as a prerequisite to future development.	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Discussion:

- (1) The General Plan Master EIR was certified on October 14, 2008, so more than five years has passed since the MEIR was certified. However, the analysis contained in the MEIR is still adequate for subsequent projects, as documented in the discussion below.
- (2) The project is consistent with the analysis contained in the MEIR. This is documented in the discussion of the individual issue areas of this initial study.
 - (2)(a) There have been no substantive changes to the General Plan since the MEIR was certified that would create additional significant environmental effects that were not analyzed by the MEIR.
 - (2)(b) There has been no new information that would affect the adequacy of the analysis contained in the MEIR.
 - (2)(c) All policies contained in the MEIR that require site-specific mitigation or avoidance of impacts remain in effect and will be applied to the project as appropriate.

IV. ENVIRONMENTAL ANALYSIS

This Initial Study, in accordance with Section 21157.1(b) of the Public Resources Code, discloses whether the proposed project may cause any project-specific significant effect on the environment that was not examined in the Final Master EIR (MEIR) for the General Plan and whether new or additional mitigation measures or alternatives may be required as a result. The Initial Study thereby documents whether or not the project is "within the scope" of the Master EIR.

Pursuant to Public Resources Code Section 21157.1, no new environmental document or findings are necessary for projects that are determined to be within the scope of the MEIR. Adoption of the findings specified in Section III.1, above after completion of the Initial Study fulfills the City's obligation in that situation.

All environmental effects cited reflect 2025 conditions resulting from the Urban Area General Plan, as identified in the Master EIR.

The environmental impact analysis in the Master EIR for the Urban Area General Plan is organized in twenty-one subject areas. The following analysis is based on the impact analyses contained in Chapter V of the Master EIR. For ease of reference, the sections are numbered in the same order as the analyses in Chapter V.

1. TRAFFIC AND CIRCULATION

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable traffic and circulation impacts expected after application of mitigations / policies:

Direct Impacts

Effect: Increased automobile traffic will result in roadway segments (see MEIR on Table 1-7, pages V-1-32 to V-1-34) operating at LOS D, Modesto's significance threshold for automobile traffic, or lower (LOS E or F).

Effect: The substantial increase in traffic relative to the existing load and capacity of the street system will cause, either individually or cumulatively, the violation of automobile service standards established by StanCOG's Congestion Management Plan for designated roads and highways.

Effect: A substantial increase in automobile vehicle miles traveled and automobile vehicle hours of travel and a decrease in average automobile vehicle speed (see MEIR Table 1-6, page V-1-31).

Cumulative Impacts

Effect: Potential for growth inducement or acceleration of development resulting from highway and local road projects.

Effect: Substantial increase in traffic in relation to the existing traffic load and capacity of the street system, including a violation, either individually or cumulatively, of an automobile LOS standard established by the Congestion Management Plan for designated roads and highways.

Effect: Increased demand for capacity-enhancing alterations to existing roads or automobile traffic reduction.

Other impact categories affected by Traffic and Circulation are addressed throughout this Initial Study (see also Section 2, Degradation of Air Quality; Section 3, Generation of Noise; Section 7 Loss of Sensitive Wildlife and Plant Habitat; Section 8, Disturbance of Archaeological/Historic Sites; Section 14 Increased Demand for Fire Services; Section 18, Energy; Section 19, Visual Resources; Section 20, Land Use and Planning, and Section 21, Climate Change).

b. Master EIR and/or New Mitigation Measures Applied to the Project

Traffic and Circulation mitigation measures pertinent to this project are found on MEIR pages V-1-9 through V-1-28. All mitigation measures appropriate to the project, including any new measures, will be incorporated into or made conditions of approval of this project and are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

No mitigation measures regarding traffic from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-1.B of the Master EIR provides analysis of Traffic and Circulation impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: A subsequent development project will have a new significant effect on the environment if it would exceed the following criteria:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
1. TRAFFIC AND CIRCULATION				
1) The proposed project exceeds traffic generation assumptions in the Master EIR for the site by 100 trips or more and City Engineering and Transportation staff has determined that the project would have additional potentially significant project-specific effects that are not avoided or reduced by the Master EIR's mitigation measures.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) Exceed, either individually or cumulatively, a level of service standard established by the county congestion management agency for designated roads or highways?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would cause additional roadway segments in the General Plan area to exceed LOS D and/or cause additional violations of standards in the Congestion Management Plan, and/or cause an increase in automobile vehicle miles or vehicle hours of travel or a decrease in automobile travel speed, as compared to the impacts disclosed in the Master EIR.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would cause emergency response times to exceed acceptable standards established by the Fire Department, as compared to impacts disclosed in the Master EIR (see Section 14, Increased Demand for Fire Services).	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) The proposed project would result in less parking than required by the Municipal Code or as determined by staff.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) The proposed project would conflict with adopted policies, plans, or programs that support alternative transportation, including, but not limited to the Regional Transportation Plan, the Sustainable Communities Strategy, the Bicycle Action Plan, etc.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
7) The proposed project would result in an increase in automobile vehicle miles traveled on a per capita	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
basis, in excess of that considered in the Urban Area General Plan MEIR.				

Discussion:

- (1) The project would rezone one residential lot from Medium Density Residential (R-2) Zone and an adjacent lot zoned Professional Office (P-O) to Medium High Density Residential (R-3) Zone to allow for future multi-family residential development on a total of 0.2 acres. The site is within the Baseline Developed Area of the General Plan, and is within an area designated as Mixed Use (MU) in the General Plan. The maximum density allowed under the R-3 Zone for the site would be four dwelling units. The rezone and subsequent future residential project would therefore not exceed traffic generation assumptions in the General Plan MEIR by 100 trips or more.
- (2) The rezone would not exceed a level of service standard established by the county congestion management agency for designated roads or highways.
- (3) The project would not cause an increase in level of service for the adjacent streets or conflict with any Congestion Management Plans, or cause an increase in vehicle miles or hours traveled.
- (4) The project would not cause emergency response times to exceed acceptable standards
- (5) Any future residential development will be required to provide parking as necessary for residential uses.
- (6) The project would not conflict with adopted alternative transportation plans or programs.
- (7) The project would not result in an increase in vehicle miles traveled in excess of what was considered by the General Plan MEIR.

2. DEGRADATION OF AIR QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable air quality impacts expected after application of mitigations / policies:

Direct Impacts

Effect: Expected automobile traffic will result in increased operational emissions of reactive organic gases (ROG) and oxides of nitrogen (NO_x) (see MEIR Table 2-8, page V-2-27).

Effect: Expected automobile traffic will result in increased emissions of particulate matter 10 microns or less (PM₁₀) and 2.5 microns or less in diameter (PM_{2.5}) (see MEIR Table 2-8, page V-2-27).

Effect: Expected automobile traffic will result in increased carbon monoxide (CO) levels in the project area (see MEIR Table 2-7, page V-2-26, and Table 2-8, page V-2-27).

Cumulative Impacts

The Master EIR indicates the same impacts identified as direct impacts above will contribute to regional impacts on air quality for the criteria pollutants ROG, NO_x, PM₁₀, and PM_{2.5}.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Air quality mitigation measure(s) pertinent to the proposed project are found on pages V-2-13 through V-2-24 of the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

No mitigation measures regarding air quality from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-2.B of the Master EIR is the analysis of air quality impacts resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
2. DEGRADATION OF AIR QUALITY				
1) The proposed project exceeds the project-level emissions thresholds established for CO, ROG, NO _x , PM ₁₀ , and PM _{2.5} by the San Joaquin Valley Air Pollution Control District (SJVUAPCD) and is not consistent with the development assumptions for the project site, as established in the Urban Area General Plan and Master EIR.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project does not incorporate the best management practices established by the SJVAPCD for CO, ROG, NO _x , PM ₁₀ , and PM _{2.5} .	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project does not comply with the air quality policies in the Modesto Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would expose sensitive	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
receptors to pollutant concentrations in excess of those expected to occur as a result of implementation of the Urban Area General Plan.				
5) The proposed project would create objectionable odors affecting a substantial number of people.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The rezone would not exceed emissions thresholds established by the SJVUAPCD, and is consistent with the development standards for a residential use as established by the General Plan.
- (2) Development of the site will be required to adhere to applicable City Zoning Ordinances, Standards, and applicable best management practices during the construction process.
- (3) The rezone would comply with the air quality policies in the Urban Area General Plan with implementation of the mitigation measures cited above.
- (4) The rezone would not expose sensitive receptors to pollutant concentrations in excess of those expected to occur as a result of implementation of the Urban Area General Plan.
- (5) The rezone would not create objectionable odors affecting a substantial amount of people.

3. GENERATION OF NOISE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable noise impacts expected after application of mitigations / policies:

Direct Impacts

Effect: Future automobile traffic noise levels and roadway construction and maintenance activities resulting from development of the Urban Area General Plan will exceed the City's noise thresholds at various locations, but particularly in areas adjacent to heavily traveled roadways (see MEIR Table 3-3, page V-3-10, and Figure VII-2 and Table 3-6, pages V-3-18 and V-3-19).

Effect: Expected noise from airport operations and airport construction projects may expose up to 468 dwellings and three churches to noise levels of 65 dB CNEL and up to eight dwellings to noise levels of 70 dB CNEL.

Effect: Expose noise-sensitive land uses to noise from the construction of bicycle and transit projects.

Effect: Expose noise-sensitive land uses to noise from freight and passenger rail operations.

Cumulative Impacts

Effect: Traffic from development in the City of Modesto would, when combined with traffic from new development in the County and other cities, contribute to a cumulative increase in roadside noise levels on major roads and highways throughout Stanislaus County.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Noise policies and mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-3-11 through V-3-15 of the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project and any new measures are listed in Section V, Mitigation Applied to Project.

Discussion:

No mitigation measures regarding noise from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-3.B of the MEIR discloses noise impacts resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not analyzed in the Master EIR.

Significance Criteria: Determination of the proposed project’s effects are based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
3. GENERATION OF NOISE				
1) The proposed project will exceed the standards for noise level and hours of operation established by the Modesto noise ordinance.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project will not comply with the noise policies of, or otherwise be inconsistent with, the Modesto Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project will result in an increase in ambient noise levels in the project vicinity above those disclosed in the Master EIR.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project will result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels disclosed in the Master EIR implementation of the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1-3) The rezone is consistent with the noise policies of the General Plan, and any future residential development is not anticipated to generate noise levels that exceed the noise thresholds of the MEIR.
- (4) The project will not result in a substantial increase in ambient noise above levels described in the MEIR.

4. EFFECTS ON AGRICULTURAL LANDS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on agricultural lands expected after application of mitigations / policies:

Direct Impacts

Effect: Between 1995 and 2025, development of the Urban Area General Plan may convert up to approximately 26,000 acres of farmland in various categories in the Planned Urbanizing Area to urban uses.

Effect: Approximately 1,200 acres of urban development along a 28.5-mile boundary 350 feet wide between urban and agricultural uses could be affected by continued agricultural operations, including noise, dust, and chemical overspray or drift.

Cumulative Impacts

Effect: Growth within Modesto's planning area would contribute considerably to the loss of agricultural land within Stanislaus County, accounting for the conversion of as much as approximately 26,000 acres of farmland in various categories in the Planned Urbanizing Area from 1995 to 2025.

b. Master EIR and/or New Mitigation Measures Pertinent to the Project

Agricultural land mitigation measures pertinent to the proposed project are found on pages V-4-6 to and V-4-8 of the Master EIR. All mitigation measures appropriate to the project and any new mitigation to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project.

Discussion:

No mitigation measures regarding agricultural lands from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-4.B of the Master EIR discloses the impacts resulting from the implementation of the Urban Area General Plan on agricultural lands. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
4. EFFECTS ON AGRICULTURAL LANDS				
1) The proposed project is inconsistent with the Urban Area General Plan’s policies relating to agricultural land.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project will either directly or indirectly result in the development of land outside the 2008 Urban Area General Plan’s planning area boundary.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project will conflict with existing zoning for agricultural use, or there is an existing Williamson Act contract on the project site.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project will involve other changes in the existing environment not anticipated in the Master EIR which, due to their location or nature, could result in conversion of farmland to non-agricultural use.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project would be consistent with the General Plan’s policies relating to agricultural land. The site is located within the Baseline Developed Area, and is designated as Mixed Use (MU) in the General Plan’s Land Use Diagram.
- (2) The project will not result in the development of land outside of the 2008 General Plan boundary. The site is within the Baseline Developed Area and is surrounded by urbanized area within the jurisdiction of the City.
- (3) The site is not zoned for agricultural uses, nor is under a Williamson Act contract.
- (4) The project will not convert existing farmland to a non-agricultural use.

5. INCREASED DEMAND FOR LONG-TERM WATER SUPPLIES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on long-term water supplies expected after application of mitigations / policies:

Direct Impacts

Effect: No residual significant direct impacts have been disclosed in the Master EIR.

Cumulative Impacts

Effect: Operational yields of the Modesto and Turlock subbasins, both of which underlie the City of Modesto, are unknown, although the City is participating in a study with the United States Geological Survey in order to quantify the operational yields of both subbasins. Groundwater withdrawals from both basins by the City, when combined with other users' withdrawals, may result in overdrafting both subbasins.

Effect: Despite available options, during drought years, significant water shortages are forecast for the San Joaquin River basin, which includes both the Modesto and Turlock subbasins, by 2020. Modesto would make a cumulatively considerable contribution to the cumulative impact on water supply under drought conditions.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Water supply mitigation measures pertinent to the proposed project are found on pages V-5-6 through V-5-12 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

No mitigation measures regarding water supply from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-5.B of the Master EIR discloses impacts on long-term water supplies resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
5. INCREASED DEMAND FOR LONG-TERM WATER SUPPLIES				
1) The proposed project is inconsistent with water supply policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) Water demand for the proposed project will exceed estimates for similar projects or for	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
development on the project site anticipated in the Urban Area General Plan or sufficient water supplies are not otherwise available to serve the project from existing entitlements and resources.				
3) The proposed project would deplete groundwater supplies to a greater degree than anticipated in the Urban Area General Plan or would interfere with groundwater recharge.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project is consistent with the water supply policies in the General Plan.
- (2) Water demand for the site will not exceed estimates for similar projects. Water service is available to the site.
- (3) The proposed project is consistent with the ground water demands assumed in the General Plan. There would be no significant effect on ground water recharge or depletion of long-term water supplies.

6. INCREASED DEMAND FOR SANITARY SEWER SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on sanitary sewer services after application of mitigations / policies:

Direct Impacts

Effect: Development resulting from implementation of the Urban Area General Plan will require substantial new sewage treatment and disposal capacity, treatment plant improvements, sewer mains and collection lines, and pump stations. The Wastewater Master Plan anticipates the need for these facilities and its EIR evaluates the impact of developing those facilities. Potential impacts include degradation of water quality through erosion and chemical releases; localized flooding; and construction noise. All of these impacts are mitigated to a less-than-significant level.

Additional impacts that are not mitigated to a less-than-significant level include loss of farmland caused by construction of the Phase IA tertiary treatment facility at the Jennings Road Secondary Treatment Facility, an increase in pollutant loads from increased wastewater flows to the San Joaquin River, and an increase in noise and criteria air pollutants due to construction activities, including traffic.

Cumulative Impacts

Effect: No additional cumulative impacts were identified in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Sewer service mitigation measures pertinent to the proposed project are found on pages V-6-3 through V-6-8 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-6.B of the Master EIR discloses impacts on the Increased Demand for Sanitary Sewer Service resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
6. INCREASED DEMAND FOR SANITARY SEWER SERVICES				
1) The proposed project is inconsistent with wastewater policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project will generate sewage flows greater than those anticipated in the Urban Area General Plan for the project site.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project will result in a determination by the wastewater treatment provider which serves or may serve the project that it has inadequate capacity to serve the project's projected demand in addition to the provider's existing commitments.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is consistent with the wastewater policies in the General Plan.
- (2-3) The rezone would not generate sewage flows greater than those anticipated in the General Plan. The rezone would allow for multi-family residential development of four units at maximum. Sewer service is available to the site via existing lines under E. Orangeburg Avenue and Nelson Avenue. Current connections are provided from six-inch lines adjacent to the site.

7. LOSS OF SENSITIVE WILDLIFE AND PLANT HABITAT

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on sensitive wildlife and plant habitat expected after application of mitigations / policies:

Direct Impacts

Effect: No residual significant impacts on sensitive wildlife and plant habitat are expected to occur with the application of the policies contained in the Urban Area General Plan.

Cumulative Impacts

Effect: Implementation of the Urban Area General Plan will contribute to the cumulative impact of habitat loss in the San Joaquin Valley. Requiring denser development than has occurred in the past or that is expected in the future would minimize the City's contribution to the cumulative loss of habitat. Nonetheless, this is a significant and unavoidable impact.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Wildlife and plant habitat mitigation measures pertinent to the proposed project are found on pages V-7-17 through V-7-24 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The project does not require mitigation measures from the MEIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-7.B of the Master EIR discloses impacts on the Loss of Sensitive Wildlife and Plant Habitat resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
7. LOSS OF SENSITIVE WILDLIFE AND PLANT HABITAT				
1) The project is inconsistent with the policies pertaining to the loss of sensitive wildlife and plant	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
habitat contained in the Urban Area General Plan.				
2) Consultation with the California Department of Fish and Game or the U.S. Fish and Wildlife Service determines that the project would have a significant effect on a candidate, sensitive, or special status species in excess of the impact disclosed in the Master EIR.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would have a substantial adverse effect on federally protected wetlands as defined by Section 404 of the Clean Water Act through direct removal, filling, hydrological interruption, or other means, in excess of the impact disclosed in the Master EIR.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would substantially interfere with the movement of any native resident or migratory fish or wildlife species or with established native resident or migratory wildlife corridors, or impede the use of native wildlife nursery sites.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) Conflict with local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) The proposed project would conflict with provisions of an adopted habitat conservation plan, natural community conservation plan, or other approved local, regional, or state habitat conservation plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is consistent with the General Plan policies related to the loss of sensitive wildlife and plant habitat.
- (2) The project site is not within a biologically sensitive area as defined by Figures V-7-1a through V 7-1e of the MEIR. The California Department of Fish and Game and the U.S. Fish and Wildlife Service were consulted in the production of the MEIR.
- (3) The site does not qualify as a federally protected wetland per Section 404 of the Clean Water Act.
- (4) The site is not within a biologically sensitive area as defined by Figures V-7-1a through V 7-1e of the MEIR. The movement of fish or birds or other wildlife would not be significantly affected by the project.
- (5) The project would not conflict with any local policies or ordinances protecting biological resources.

- (6) There is no conflict with any adopted habitat conservation plan, natural community conservation plan, or other approved local, regional or state habitat conservation plan.

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
8. DISTURBANCE OF ARCHAEOLOGICAL/ HISTORICAL SITES				
1) The proposed project is inconsistent with the archaeological / historical resource policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would demolish a building eligible for listing as a historic resource or remove a landmark from the Modesto inventory.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would modify or demolish a structure more than 50 years old.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The project would adversely affect a cultural resource that is either listed or eligible for listing in the California Register of Historical Resources.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) The project would adversely affect a Tribal Cultural Resource identified and/or defined by the applicable Tribe.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project would be consistent with the archeological and historical resource policies in the General Plan.
- (2-4) The lots to be rezoned are vacant with no structures. There are no cultural resources at the site that are listed or eligible for listing on the California Register of Historical Resources.
- (5) The rezone would not adversely affect a Tribal Cultural Resource.

9. INCREASED DEMAND FOR STORM DRAINAGE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on storm drainage expected after application of mitigations / policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: The population of Stanislaus County is projected to increase in a fashion similar to that of Modesto, resulting in additional urban development and associated increases in impervious surface area and associated increases in storm water runoff. Cumulative hydrologic impacts of storm water

flows from Modesto urban areas and other areas of the County could occur due to the fixed capacity of MID and TID irrigation canals to convey drainage west to the San Joaquin River. If drainage channels in some areas prove insufficient to handle the increased drainage discharges, existing storm water runoff from urban and agricultural areas during large storm events would have to be interrupted until water levels receded to a point allowing the resumption of discharges to the channel. Ceasing discharges to drainage channels could cause inundation in and around the drainage conveyance pipeline systems, surface drainage channels, detention basins, and other urban areas. This cumulative impact is considered significant and unavoidable.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Storm Drainage mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-9-4 through V-9-9. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
9. INCREASED DEMAND FOR STORM DRAINAGE				
1) The proposed project is inconsistent with the storm drainage policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would substantially increase the rate or amount of surface runoff in a manner that would result in flooding on- or offsite, as compared to impacts anticipated to result from the Urban Area General Plan or create substantial unanticipated sources of polluted runoff.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project does not utilize Low Impact Development strategies to reduce runoff from the site and increase infiltration, resulting in no net	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
Increase in runoff before and after development.				

Discussion:

- (1) The project is consistent with the wastewater policies in the General Plan.
- (2-3) The project would not substantially increase the rate or amount of runoff. Any residential development would adhere to City Codes and Standards with regards to storm water handling and treatment.

10. FLOODING AND WATER QUALITY

Landmark Preservation Commission Annual Report for FY 2017 - 2018

LANDMARK PRESERVATION COMMISSION ANNUAL REPORT FOR FISCAL YEAR 2017-2018

The City of Modesto Landmark Preservation Commission (Commission) was formed by the City Council to promote public recognition and appreciation for Landmark Preservation Sites and for the City's history; to conduct continuing surveys and research in order to identify and classify as to their relative importance, properties which have historic, architectural, archaeological, engineering, or cultural significance to the community; to recommend properties which meet the criteria of significance for designation as Landmark Preservation Sites; to protect Landmark Preservation Sites by public review of proposed alterations, relocations, demolitions, or new construction affecting those properties; and to advise property owners and educate the public in appropriate maintenance, rehabilitation, or restoration methods and to encourage continued use of such properties. The Commission is also responsible for requesting of the Board of Zoning Adjustment, the Planning Commission, various City departments, or the City Council adoption of measures required or appropriate for the preservation, protection, or maintenance of Landmark Preservation Sites; providing general preservation plans and guidelines to owners of Landmark Preservation Sites regarding appropriate maintenance, restoration, and rehabilitation; promoting public recognition and appreciation for Landmark Preservation Sites; and for the solicitation of gifts and contributions to support the activities and purposes of the Commission.

III. PROJECTS

Submittal Requirements and Processing of Applications

As part of the transfer of the Landmark Preservation Program into the Planning Division, the Commission and City Council established formal application procedures to ensure the uniform collection of information to support decision making. Procedures and forms for Mills Act contracts were completed and approved. No additional procedures are expected to be needed. Fees to process each entitlement have been proposed as part of the 2018 Fees Update, which are expected to become effective fiscal year 2018 - 2019.

Web Pages

In addition to the Landmark Preservation Commission page, the Landmark Preservation Program now has web pages to promote Modesto's history and raise the profile of established landmarks, as well as other historic properties. The web site is regularly updated with agendas, minutes, and resolutions. A new [Historic Guide to Modesto: Modesto Landmarks 1870 - 1940](http://www.modestogov.com/1967/History-of-Modesto) (<http://www.modestogov.com/1967/History-of-Modesto>) brochure has been added to the web site that can be used on mobile phones or printed.

Mills Act Contract Monitoring

In accordance with the existing Mills Act contracts on 12 landmark properties, staff has requested property owners update the list of improvements that is attached to each contract. Mills Act contracts require the list be updated to ensure the properties are being maintained as required by the contract. Nine of the 12 property owners have responded by providing an updated list of improvements.

Applications and Permits Reviewed

Landmark 19: The Commission reviewed and approved an expansion of the Southern Pacific Transportation Center building to better accommodate modern transit dispatch service for Modesto Area Express.

Future Projects

In addition to evaluating resources nominated for landmark status, the Commission is responsible for reviewing proposed alterations to historic resources and proposed demolitions. Applications are processed on a case-by-case basis.

Other projects that may be undertaken by the Commission include:

Update the status of buildings in the historic resources survey More than 20 years have passed since Modesto hired Carey & Co. to prepare a survey of some of Modesto's historic resources that were 50 years old or older at the time of the survey. During that time, many buildings have been altered or demolished and the city's records should be updated. This is a multi-year project.

Develop historic brochures Cities often highlight their historic resources by preparing walking tours or brochures, often themed. Brochures promote the city's unique history, civic involvement and pride, and offer added appeal for visitors. Three brochures have been produced to date highlighting Modesto's landmarks, buildings from the Establishment Period, and Mid-Century Modern buildings. Additional brochures will feature other periods of Modesto's development. This is a multi-year project.

Develop a list of high-priority resources and pursue landmark status Modesto's historic resources survey, prepared in the 1990s by Carey & Co., has been used as a starting point for preservation efforts. The survey was performed in-depth on a few properties known to have significance in addition to architectural qualities, but most of the survey was limited to architecture. In the past, the historic resources survey served to promote designation of potential historic resources for landmark status by the Commission. This is a multi-year project.

IV. PURPOSE OF THE ANNUAL REPORT

This annual report is prepared in compliance with Article XI, Section 1104, of the City Charter, which states in part, "Each board and commission shall prepare and submit to the Council an annual report of its activities. Such report shall be made on the fiscal year basis and shall be submitted on or before September 1 of each year." Modesto Municipal Code Section 9-10-03(d) requires the Annual Report to be submitted to City Council on or before June 30. Staff intends to propose updates to the Municipal Code to make it consistent with the City Charter.

WHEREAS, the Land and Water Conservation Fund (LWCF), established by Congress in 1964, is one of the most successful government programs in preserving our country's precious natural and cultural resources and improving equitable access to the outdoors in urban and rural communities, which is essential to California's health, culture, economic opportunity and the future of our children and grandchildren, and

WHEREAS, LWCF has been instrumental in creating opportunities for Californians in urban, suburban, and rural areas to get outdoors; it has been a critical tool in conserving national parks and historic sites; national wildlife refuges and monuments; watersheds; working forests; wildlife areas; and state and local parks, trails and ball fields, and

WHEREAS, LWCF takes a portion of royalties from offshore oil and gas development and invests that money in protecting America's important public lands for future generations – be that an iconic national park or an urban playground, and

WHEREAS, though LWCF is authorized to receive \$900 million annually, this cap has been met only twice during the program's nearly five decades of existence and, instead of being fully funded, nearly every year Congress diverts much of this funding to purposes other than conserving our most important lands and waters, and

WHEREAS, despite receiving only a fraction of its intended funding over the last 53 years, LWCF has led to the protection of land in every state and nearly every county, has improved access to these public lands, and has provided matching grants for the creation of more than 41,000 state and local park projects, and

WHEREAS, the City of Modesto, Wastewater Division owns and operates seven Atlas Copco air compressors for various treatment processes at the Wastewater Treatment Plant located at 7007 Jennings Road, and

WHEREAS, these air compressors are critical for the day-to-day operations of the plant and an outage of compressed air can cause a cascading effect, shutting down critical processes which ultimately affect the City's ability to produce recycled water and could potentially initiate permit violations, and

WHEREAS, to maintain and repair these air compressors, parts and onsite services are required on a regular basis, and

WHEREAS, parts and materials for these types of services are procured through open market sources through the competitive bid process, City plant mechanics also perform major repairs to the compressors in-house, utilizing Atlas Copco replacement parts, and

WHEREAS, Atlas Copco performs the computer diagnosis and new programming when the City has Human Machine Interface or Programmable Logic Control failures (computer controlled systems), and also supplies the City with replacement parts for repairs, and

WHEREAS, staff has attempted to obtain bids for parts and computer programming/diagnosis services through alternate sources and vendors for these air compressors, and

WHEREAS, while many vendors can perform preventative services and mechanical repairs of the Atlas Copco compressors, parts must still be obtained directly through Atlas Copco, as none of the compressor repair companies are able to diagnose or service the electronic computer controllers, and

WHEREAS, the computer controlled system services are done with proprietary software and programs that are not accessible to other vendors, and

WHEREAS, staff has also been unable to obtain bids for replacement parts (except for common filters, oil and belts) through any other sources, and

WHEREAS, Atlas Copco should be exempt from the formal bidding process in accordance with Modesto Municipal Code 8-3.204(b) and (d) since they are the original equipment manufacturer and therefore are the desired provider of labor and parts, and

WHEREAS, this purchase qualifies for exemption from formal bidding for that reason.

ADOPTING 9% WATER RATE INCREASES TO BE EFFECTIVE JANUARY 1,
2019 FOR FISCAL YEAR 2018-19**

WHEREAS, the City of Modesto provides water service to over 73,000 accounts consisting of residential, multi-family, commercial, and industrial customers located within the City of Modesto, as well as the communities of Salida, Empire, Grayson, Del Rio and portions of Ceres, Turlock and unincorporated Stanislaus County, and

WHEREAS, the City of Modesto's water sources are groundwater and treated surface water purchased from the Modesto Irrigation District; and

WHEREAS, the City's water utility is a self-supporting utility enterprise funded by customer revenues; and

WHEREAS, Modesto Municipal Code Section 11-6.05 authorizes Council, by resolution, to establish charges for metered water services, and Section 11-6.06 authorizes the Council, by resolution, to establish charges for unmetered water services; and

WHEREAS, Proposition 218 amended the California Constitution to establish a process that public agencies must follow when imposing new or increasing "property related fees" (Cal. Const. Article XIID); and

WHEREAS, water service fees are property-related fees and thus subject to Proposition 218's procedural and substantive requirements; and

WHEREAS, the City engaged Bartle Wells Associates ("BWA") in July 2015 to conduct a comprehensive review of the City's water rates and charges in accordance with Proposition 218; and

WHEREAS, BWA prepared a report dated May 2016 entitled “City of Modesto Water Rate and Fee Study” (“Report”), containing analyses and recommendations for adjusting the City’s water rates and charges; and

WHEREAS, the Report analyzes the number of water customers, projections for customer growth, water revenues, water capital improvement programs, operations and maintenance needs, customer services costs, and volumetric use; and

WHEREAS, the Report concludes that the revenues generated under existing water rates are insufficient to meet water utility’s revenue requirements for fiscal year 2016-17 and subsequent years, given changes and new developments in the City’s water system, including new capital improvement projects identified in the soon to be completed Water Master Plan; and

WHEREAS, the Report recommends increasing the City’s existing water rates and charges, and makes certain recommendations for the City’s water services rates for the period beginning fiscal year 2016-17; and

WHEREAS, the Report demonstrates that the recommended rates do not exceed the reasonable cost of providing such service or regulatory activity and, as such, the proposed rates are not levied for general revenue purposes; and

WHEREAS, the Report also demonstrates that the recommended rates result in charges to property owners or ratepayers that do not exceed the proportionate cost of providing water services attributable to the parcel or persons; and

WHEREAS, the City mailed a notice of the public hearing, and notice of oral and written protest procedures against the proposed rate increases to all affected property owners and ratepayers in compliance with California Constitution Article XIII D, Section

6; at least forty-five days in advance of the public hearing at which this Resolution was considered; and

WHEREAS, on August 9, 2016, the City Council duly held the public hearing , and at its conclusion the City Clerk tabulated the number of written and oral protests received, if any, and reported that there was not a majority protest of the proposed rates by owners or authorized representatives of identified property owners or ratepayers receiving water services; and

WHEREAS, the City Council subsequently approved a new water rate structure in accordance with Proposition 218 by Resolution No. 2016-343 and adopted a five-year schedule of new maximum water service rates beginning in Fiscal Year 2016-17 and increasing those rates by up to 25.04% in Fiscal Year 2016-17; 11.08% in Fiscal Year 2017-18; 9.00% in Fiscal Years 2018-19 through 2020-21; and

WHEREAS, on December 12, 2017, by Resolution 2017-522, Council approved the annual review of water rates as required by Resolution 2016-343, which lowered the maximum water service rates for Fiscal Year 2017-18 from 11.08% to 9.00%, effective April 1, 2018; and

WHEREAS, City staff has recently conducted an annual review of the water rates as required by Resolution 2016-343 to ensure that the approved 9.00% increase for Fiscal Year 2018-19 meets the enterprise's revenue needs based on anticipated expenses and the City's policies; and

WHEREAS, upon review of the FY 2018-19 proposed Water Fund proforma, the City's Budget Division agrees that the approved rate schedule increase of 9.00% in annual rate would allow the fund to maintain a minimum 1.5 debt service coverage ratio

required by Council policy, and maintain a 2.0 debt coverage ratio in future years as recommended in the recent Fitch Rating review; and

WHEREAS, the Budget Division also recommends a 9.00% increase in water rates for FY 2018-19 based on the anticipated revenues and proposed operating and capital expenses for the upcoming fiscal years; and

WHEREAS, pursuant to amended Resolution 2004-627, the approved increase in water rates for Fiscal Year 2018-19 will become effective 90 days after completion of the annual review, unless the City Council directs otherwise, and Staff recommends the FY 2018-19 rate increase become effective on January 1, 2019.

Due to construction costs being higher than initially budgeted for the project, line item increases/decreases are necessary for CIP Account #100737 "Headworks Improvements Project", and CIP Account #100794 "Dryden Box & Influent Flume" and the total project costs need to be increased by \$12,755,000.

To fund the above account, \$12,755,000 will be transferred from Wastewater Fund CIP into CIP Projects #100737 "Headworks Improvements Project", and CIP Account #100794 "Dryden Box & Influent Flume"

EXHIBIT A

FISCAL YEAR 2017-18

UTILITIES

A budget adjustment is necessary to increase the transfer from the Water Fund (4100) to the Water CIP fund (4180) by the amount of \$1,736,055 to cover FY17-18 Capital Improvement Plan (CIP) expense.

FISCAL YEAR 2018-19

COMMUNITY & ECONOMIC DEVELOPMENT

A budget adjustment is necessary to establish two new multi-year Non-Capital Projects and their revenue and expense budgets related to the Cannabis Application Fee deposits. On December 12, 2017, City Council approved Resolution 2017-526 to adopt application and permit fees for commercial cannabis permits related to cannabis business. The fees created by this action were to be used to pay for staff time, professional services, legal fees, and other business expenses related to the development of each application and its related permit procedures. This adjustment will create the Phase 2 Non-Dispensary Applications Project (101114) and the Phase 2 Dispensary Applications Project (101115). The Non-Dispensary Project (101114) will have an overall revenue and expense budget of \$30,000 split amongst 2 sub-tasks; one for each application. The Dispensary Project (101115) will have an overall revenue and expense budget of \$400,000 split amongst 20 sub-tasks; one for each application. Both projects will reside in Fund 1800 (Economic Development/Strategic Plan Fund).

INFORMATION TECHNOLOGY

A budget adjustment is necessary to establish a transfer from the IT Education and Government Cable Fund (1320) to the IT Fund (5230) in the amount of \$138,681 to fund the Master Control Facility Project (101099) that was created in the prior fiscal year. The Master Control project was approved by Council on April 3, 2018 via Resolution 2018-136. The funding for the IT Education and Government Cable Fund is split 50/50 between the City of Modesto and Stanislaus County, which both benefit from this project.

PUBLIC WORKS

A budget adjustment is necessary to move \$429,593 in cash and fair market value from Fund 1510 – LTF – Streets and Roads Fund to Fund 1720 – Streets LTF Fund as Fund 1510 will no longer be used for FY 2018-2019. The available funds will be used for Surface Transportation operations and grant matches for future Streets and Roads projects.

A budget adjustment is necessary to recognize additional Federal Aviation Administration (FAA) revenue for Project #100858 – Various Airport capital improvement projects in the amount of \$47,602. The FAA has authorized the additional funds to be used for reimbursement of attorney fees related to the obstruction removal (tree topping) task within the project. The additional funding does require an increase in the City's local match by \$4,904. The additional local match

funds will come from a transfer from the County Aircraft Tax Fund – 4330 to the project. The total increase for the projects revenue and expense budget will be \$52,506.

A budget adjustment is necessary to revise the FY19 direct charge agreements to reflect both the removal of an incorrectly budgeted Business Analyst position and the removal of Parks Department oversight due to re-organization. The Business Analyst position was budgeted throughout the divisions with a total budget impact of \$83,720. As this position was not approved as part of budget adoption, the costs are being removed from each division reducing the contribution to Public Works Administration. Additionally, the Parks Department originally contributed \$67,718 towards Public Works Administration and the Business Analyst position and with the re-organization their contribution is being redistributed to the other cost centers within Public Works.

Fund	Fund Name	Net Impact
1700	Surface Transportation Fund	\$3,390
4000	Parking Fund	\$875
4310	Airport Operating Fund	\$158
4480	Storm Drainage Fund	\$976
4540	Bus Fixed Route Max Operations Fund	\$12,627
4890	Compost Fund	\$2,214
4891	Solid Waste Fund	\$234
4892	Green Waste Fund	\$2,419
4893	Carpenter Road Landfill (Enterprise)	-\$8
4895	Waste to Energy Distribution Fund	\$244
5400	Fleet Management Fund	\$4,855
5800	P/R Building Services Fund	\$976
	Total	\$28,960

*Please note that the Net Impact column shown above represents the net change to the referenced fund as a result of the removal of the incorrectly budgeted Business Analyst position as well as the movement of Parks Operations from Public Works to Parks, Recreation and Neighborhoods as part of the reorganization that took place in FY 18-19.

2019 List of Priorities at John Thurman Field

1. Replacement of video board
 - a. Estimated Cost: \$500,000
 - b. Reason: The current videoboard was purchased and installed prior to the 2007 season. With proper maintenance, video boards have a lifespan of 8-10 years. The maintenance of the scoreboard has not been kept up and we will complete our 11th season with the video board. While the board is still currently operational, the franchise and contractor believe we are on borrowed time. If the video board becomes non-operational, the lease states this will become a maintenance issue that the city is required to fix outside the capital improvement budget.
2. Replacement of approximately 1,000 Upper Box seats
 - a. Estimated Cost: \$140,000
 - b. Reason: The Upper Box seats are the same seats that were installed in 1997. Typically, these seats have a lifespan of 10 years. We have just completed our 22nd season with the same seats. They are faded, loose and in constant need of repair.
3. Miscellaneous

2019 List of Priorities at John Thurman Field

1. Replacement of video board
 - a. Estimated Cost: \$500,000
 - b. Reason: The current videoboard was purchased and installed prior to the 2007 season. With proper maintenance, video boards have a lifespan of 8-10 years. The maintenance of the scoreboard has not been kept up and we will complete our 11th season with the video board. While the board is still currently operational, the franchise and contractor believe we are on borrowed time. If the video board becomes non-operational, the lease states this will become a maintenance issue that the city is required to fix outside the capital improvement budget.
2. Replacement of approximately 1,000 Upper Box seats

RESOLUTION APPROVING A PURCHASING AGREEMENT WITH SUBSITE, LLC, PETALUMA, CA, BY UTILIZING THE COMPETITIVE BID PROCESS WITH THE HOUSTON-GALVESTON AREA COUNCIL COOPERATIVE PURCHASING PROGRAM (HGACBUY), FOR A CLOSED CIRCUIT TELEVISION (CCTV) EQUIPMENT RETROFIT, FOR A TOTAL COST NOT TO EXCEED \$127,040 AND AUTHORIZING THE PURCHASING MANAGER, OR HER DESIGNEE, TO ISSUE THE PURCHASING AGREEMENT

WHEREAS, the Utilities Department, Wastewater Division, maintains approximately 655 miles of sanitary sewer pipelines ranging in sizes from 4” to 96”, and

WHEREAS, Wastewater Collections uses remotely operated CCTV systems to regularly inspect the wastewater pipelines, and

WHEREAS, CCTV inspection is used to determine the structural and maintenance condition of the pipelines and if the pipeline needs capital improvement, spot repairs, root control, FOG (Fats, Oils, and Grease) control, and/or increased cleaning frequency, and

WHEREAS, the current CCTV vehicle # 41032 is a 2010 Ford F350 with approximately 39,000 miles and a high-cube box, and

WHEREAS, due to the age and wear on this equipment, frequent repairs are needed and because the current CCTV equipment is no longer manufactured, repair parts are increasingly difficult to find, and

WHEREAS, the City’s sewer system contains a large range in pipe sizes, so a wide assortment of CCTV equipment is needed; for instance, a small transporter/crawler unit is needed when inspecting 4” and 6” pipelines; however, this same transporter/crawler unit is too small to inspect lines over 12”, and

WHEREAS, conversely, a transporter used for 12” lines is too big for 6” lines, but too small for large lines (those greater than 48”), and

WHEREAS, current CCTV equipment can only inspect line sizes 36” and smaller, neglecting the City’s critical sewer trunk infrastructure, and

WHEREAS, in FY 2017-18, Wastewater Collections budgeted \$250,000 for an additional CCTV vehicle including CCTV equipment, and

WHEREAS, since then, staff has re-evaluated that the current CCTV equipment would not be serviceable for much longer, and

WHEREAS, because the current vehicle #41032 only has 39,000 miles and is in good condition, staff decided to replace the current CCTV equipment instead of adding a second vehicle, and

WHEREAS, the HGACBuy allows local governments and certain non-profits to purchase products and services included in HGACBuy contracts and are subject to either a Request for Competitive Bid or Request for Competitive Proposal, and

WHEREAS, on August 8, 2017, HGACBuy solicited for competitive bids for Sewer Cleaning, Hydro-Excavating, Inspection Equipment, and Miscellaneous Services, and bids were opened on September 5, 2017; HGACBuy received twenty five competitive bids and authorized contracts with the lowest responsible bidders for recommended product items, and

WHEREAS, on January 1, 2018, HGACBuy entered into a contract with Subsite, LLC, Petaluma, CA, for the purchase of Sewer Cleaning, Hydro-Excavating, Inspection Equipment, and Miscellaneous Services, and

WHEREAS, the contract has a two year term and is in effect until December 31, 2020, and

WHEREAS, Subsite, LLC, is extending the HGACBuy contract pricing to the City of Modesto, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid; however, exceptions to the formal bidding process are granted in MMC 8-3.204(d) "Where the Purchasing Manager, in his or her discretion, determines that a process other than the formal bid procedure set for in Section 8-3.203 will result in procurement for the City at the lowest possible cost commensurate with the desired quality," and

WHEREAS, in addition, MMC 8-3.202(h) encourages joining with the State of California and other units of government in cooperative purchasing plans when the best interest of the City would be served; this purchase qualifies for the exemption from the formal bidding process for these reasons.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a purchasing agreement with Subsite, LLC, Petaluma, CA, by utilizing the competitive bid process with the Houston-Galveston Area Council Cooperative Purchasing Program, for a Closed Circuit Television equipment retrofit, for a total cost not to exceed \$127,040.

**AMENDED AND RESTATED JOINT POWERS AGREEMENT ESTABLISHING THE
STANISLAUS COUNCIL OF GOVERNMENTS**

THIS AGREEMENT, made and entered into in the County of Stanislaus, State of California, this ____ day of _____, 201__, is between the Cities of Ceres, Hughson, Modesto, Newman, Oakdale, Patterson, Riverbank, Turlock, and Waterford, all municipal corporations, and the County of Stanislaus, a political subdivision of the State of California. The municipal corporations are sometimes referred to individually as "City" and collectively as "Cities." The County of Stanislaus is sometimes referred to as "County." The Cities and County are sometimes referred to individually as a "Party" and collectively as "Parties."

WITNESSETH:

1. **RECITALS.**

1.1. **Common Power.** Chapter 5 of Division 7 of Title 1 (Sections 6500, et seq.) of the California Government Code authorizes two (2) or more public agencies, by a joint powers agreement entered into respectively by them and authorized by their legislative or governing bodies, to exercise jointly any power or powers common to the contracting parties.

1.2. **Common Authority.** The City of Modesto, by virtue of its charter, and the Cities of Ceres, Hughson, Newman, Oakdale, Patterson, Riverbank, Turlock, and Waterford, by virtue of California Government Code Section 65600 through 65604, inclusive, possess in common the authority:

1.2.1. To study, discuss, and develop solutions to area-wide problems of direct concern to the performance of their constitutional and statutory functions and to establish an area planning organization and expend public funds for these purposes.

1.2.2. To do all acts necessary to participate in federal programs and receive federal funds for health, education, welfare, public works, and community improvement activities, including contracting and cooperating with other agencies.

1.3. **Orderly Development.** The people residing within the incorporated and unincorporated areas of Stanislaus County have an interest in the orderly development of their communities.

1.4. **Independent Agency.** The continued growth and extensive development within the incorporated and unincorporated areas of Stanislaus County evidenced a need to create a wholly independent regional agency capable of dealing with area-wide issues and problems.

1.5. Predecessor. The foregoing need led to the creation and establishment of the Stanislaus Area Association of Governments on May 11, 1971, the subsequent approval of a Revised Joint Powers Agreement on May 28, 1974, and a subsequent approval of a Joint Powers Agreement establishing the Stanislaus Council of Governments on June 5, 2001.

1.6. Effects. The establishment of STANISLAUS COUNCIL OF GOVERNMENTS (hereinafter referred to as "StanCOG") has:

1.6.1. Provided a forum to study and develop solutions to area-wide problems of mutual concern to the various governmental entities in Stanislaus County.

1.6.2. Provided efficiency and economy in governmental operations through the cooperation of member governments and the pooling of common resources.

1.6.3. Provided for the establishment of an agency responsible for identifying, planning, and developing solutions to regional problems requiring multijurisdictional cooperation.

1.6.4. Provided for the establishment of an agency capable of developing regional plans and policies and performing area-wide duties.

1.6.5. Facilitated cooperation among and agreement between local governmental bodies for specific purposes, interrelated development actions, and for the adoption of common policies with respect to issues and problems which are common to its members.

1.7. Amendment. The Cities of Ceres, Hughson, Modesto, Newman, Oakdale, Patterson, Riverbank, Turlock, and Waterford and the County of Stanislaus, at this time, desire to amend that certain joint powers agreement of June 5, 2001, as subsequently amended on December 12, 2007, April 5, 2016 and January 26, 2017 and enter into this Amended and Restated Agreement in order to establish the duties and powers of the STANISLAUS COUNCIL OF GOVERNMENTS.

NOW, THEREFORE, IT IS MUTUALLY AGREED AS FOLLOWS:

2. STATEMENT OF PURPOSE

The member Cities and the County have joined together to establish the Stanislaus Council of Governments for the following purposes:

2.1. Area-Wide Opportunities. A number of opportunities and issues within the area are either area-wide in nature or have area-wide aspects or implications, including, but not limited to transportation, air quality, land use, economic development, job creation, and the reduction of unemployment.

2.2. Need. There is a demonstrated need for the establishment of an organization of the Cities and the County within the area to provide a forum for study and development of recommendations to area-wide problems of mutual interest and concern to the Cities and the County and to facilitate the development of policies and action recommendations for the solution of problems.

2.3. Independent Review. The Cities and the County wish to create an area-wide organization which will independently review and make comments to the member Cities and the County regarding projects which receive state or federal funding.

2.4. Elected Officials. The Cities and the County believe that an area-wide planning organization, governed solely by elected officials from the Cities and the County, with a staff independent of any City or the County, is best suited for area-wide planning and review.

2.5. Area-Wide Problems. The Cities and the County, working together through this organization, can exercise initiative, leadership, and responsibility for solving area-wide problems.

2.6. Allocation of Resources. The Cities and the County share common area-wide problems and issues, and at the same time, have different needs and priorities and are affected in different ways by these common area-wide problems and issues. The resources of StanCOG shall be allocated in a manner so that the needs of any portion of the area are not ignored, recognizing, however, that resources are limited and that not all needs can be met, nor all portions of the area assisted equally at any one time.

3. ESTABLISHMENT OF STANISLAUS COUNCIL OF GOVERNMENTS

3.1. Continued Public Entity. Upon the effective date of this Agreement, the Parties hereto hereby continue the STANISLAUS COUNCIL OF GOVERNMENTS, as a public entity separate and distinct from its member entities, as the agent to exercise the common powers provided for in this Agreement and to administer or otherwise execute this Agreement.

3.2. Continuation of Duties. StanCOG is the successor entity to the Area Association of Governments established in 1971, insofar as its predecessor entity has been designated, and insofar as legally authorized, it shall continue to function, without interruption in its duties, as:

3.2.1. The Local Transportation Authority (LTA) as designated by the Stanislaus County Board of Supervisors, pursuant to the Local Transportation Authority and Improvement Act set forth at California Public Utilities Code Sections 180,000, et seq.

3.2.2. The Area-wide Planning Organization (APO) as designated by the U.S. Department of Housing and Urban Development (HUD);

3.2.3. The Metropolitan Planning Organization (MPO) as designated by the U.S. Department of Transportation; pursuant to Title 23 of United States Code, Section 134 (23 USC 134) and Title 49 of the United States Code, Section 5303(b)(2).

3.2.4. The Regional Transportation Planning Agency (RTPA) as designated by the Secretary of Business and Transportation Agency of the State of California; pursuant to California Government Code Sections 65080, et seq.

3.2.5. The regional planning representative, as designated by the parties hereto, for the purpose of acting upon any appropriate proposals which may be presented to the StanCOG Policy Board of Directors for consideration, or which the StanCOG Policy Board of Directors may elect to take up, and for transmission of proposed recommendations to Federal, State, and local agencies, including, but not limited to the member entities of StanCOG.

3.2.6. The Congestion Management Agency (CMA) as designated by the Stanislaus County Board of Supervisors, pursuant to California Government Code Sections 65088, et seq.

3.2.7. The Abandoned Vehicle Authority (AVA) as designated by the Stanislaus County Board of Supervisors, pursuant to California Vehicle Code, Section 22710(a).

4. COOPERATION

The Parties to this Agreement pledge full cooperation and agree to assign representatives to serve as official members of the StanCOG Policy Board or any committee or subcommittee thereof, which members shall act for and on behalf of their Cities or the County in any and all matters which shall come before StanCOG, subject to any necessary and legal approvals of their acts by the legislative bodies of the Cities and the County.

5. MEMBER AGENCIES.

StanCOG shall be composed of the County of Stanislaus and the Cities of Ceres, Hughson, Modesto, Newman, Oakdale, Patterson, Riverbank, Turlock, and Waterford, together hereinafter referred to as the Member Agencies.

Said alternates need not be elected officials of the member, however, the County Chief Executive Officer and the Modesto City Manager are not eligible to be designated as alternates. **MODESTO CITY COUNCIL
RESOLUTION NO. 2018-478**

RESOLUTION REQUESTING THE STATE WATER RESOURCES CONTROL BOARD PURSUE A COMPREHENSIVE SOLUTION, WHICH PRIORITIZES NON-FLOW MEASURES TO PROTECT NATIVE FISH SPECIES BEFORE REQUIRING FLOW INCREASES FOR BAY-DELTA PLAN - SUBSTITUTE ENVIRONMENTAL DOCUMENT, AND OPPOSES ANY ACTION AND PLAN THAT DOES NOT ADDRESS THESE ITEMS

WHEREAS, the State Water Resources Control Board's (SWRCB) Bay-Delta Plan, Phase 1 Draft Substitute Environmental Document (SED) issued in December 2012 proposed to require the Stanislaus, Tuolumne, and Merced rivers release 35 percent of unimpaired flows from February to June each year for environmental benefit; and

WHEREAS, the SWRCB, after a hearing in March 2013 and submittal of comments regarding the adequacy and sustainability of the SED, has now revised and increased the recommendations of the Draft SED to 40% unimpaired flows, with the ultimate intention of finalizing the SED and updating the Bay-Delta Water Quality Control Plan with its Board for adoption at a date to be determined; and

WHEREAS, flows described in the SED will create "significant and unavoidable" lasting impacts that will harm the socioeconomic welfare of those within Stanislaus, San Joaquin and Merced Counties as well as Northern California counties which will be impacted under Phase 2; and

WHEREAS, water supply impacts of flows described in the SED include the loss of hundreds-of-thousands of acre-feet of surface water that is used to supply drinking water, and water for agriculture - the region's economic engine. This loss of water would destroy communities and have the most severe impacts on the drinking water for some of our poorest minority communities; and

WHEREAS, groundwater impacts of flows described in the SED include increased groundwater pumping at a time when California is working to implement the landmark Sustainable Groundwater Management Act. The SED estimates additional and significant groundwater impacts resulting from an increased reliance on groundwater pumping. The reduced surface water deliveries proposed in the SED will severely hamper the ability to conjunctively use surface water deliveries on farms adequately recharge groundwater; and

WHEREAS, electrical power impacts of flows described in the SED include public power agencies being resigned to generating more hydropower at a time of low demand, meaning less water is available to generate hydropower in summer when power demand is at its peak. This has economic impacts to public power agencies, and such impacts bear a direct relation to local customer utility rates; and

WHEREAS, there is reasonable and significant doubt that the flows described in the SED will benefit native fish populations or promote ecosystem restoration. The SED focuses narrowly on flows as a solution to environmental concerns while ignoring non-flow alternatives such as predator suppression and fish habitat restoration. Such non-flow management measures are often less costly and more effective; and

WHEREAS, the cities and Irrigation Districts within San Joaquin, Stanislaus and Merced Counties have made significant investments in diversifying their drinking water sources to include the use of water from the Stanislaus, Tuolumne and Merced rivers. With the implementation of the SED, the use of river water for drinking water is threatened, leaving local communities even more vulnerable to the impacts of drought and potentially stranding significant investments in these vital assets.

NOW, THEREFORE BE IT RESOLVED THAT the Modesto City Council request the State Water Resources Control Board to pursue a comprehensive solution, which takes into account, rather than dismisses, the impacts listed above. This solution must prioritize non-flow measures to protect native fish species, such as predation reduction programs, before requiring flow increases that would threaten the economic vitality of our region.

BE IT FURTHER RESOLVED the Modesto City Council opposes any action by the SWRCB that does not take these factors into account and opposes any plan that does not directly address these items.

If, after such meeting and not less than thirty (30) days opportunity to cure, City staff recommends in writing the replacement of the Management Agent, Borrower shall promptly dismiss the current Management Agent (subject to any applicable notice and cure periods in the Management Agreement or this Agreement), and shall appoint as the Management Agent a person or entity meeting the standards for a management agent set forth in Section 5.2 above and approved by the City pursuant to Section 5.2 above.

Any contract for the operation or management of the Property entered into by Borrower shall provide that the Management Agent may be dismissed and the contract terminated as set forth above. Failure to remove the Management Agent in accordance with the provisions of this Section shall constitute default under this Agreement, and the City may enforce this provision through legal proceedings as specified in Section 6.9 below.

5.5 Approval of Management Policies.

The Borrower shall submit its written management policies with respect to the Property to the City for its review, and shall amend such policies in any way necessary to ensure that such policies comply with the provisions of this Agreement.

5.6 Property Maintenance.

The Borrower agrees, for the entire Term of this Agreement, to maintain all interior and exterior improvements, including landscaping, on the Property in good condition and repair (and, as to landscaping, in a healthy condition) and in accordance with all applicable laws, rules, ordinances, orders and regulations of all federal, state, municipal, and other governmental

agencies and bodies having or claiming jurisdiction and all their respective departments, bureaus, and officials, and in accordance with the maintenance conditions in this Section.

The Borrower shall, for the entire Term of this Agreement, maintain all interior and exterior improvements, including landscaping, on the Property in good condition and repair (and, as to landscaping, in a healthy condition) and in accordance with all applicable laws, rules, ordinances, orders and regulations of all federal, state, county, municipal, and other governmental agencies and bodies having or claiming jurisdiction and all their respective departments, bureaus, and officials, and in accordance with the following maintenance conditions:

(a) Landscaping. The Borrower shall have landscape maintenance performed on a regular basis, including replacement of dead or diseased plants with comparable plants. Borrower agrees to adequately water the landscaping on the Property. No improperly maintained landscaping on the Property is to be visible from public streets and/or rights of way;

(b) Yard Area. Borrower shall not leave any yard areas on the Property unmaintained, including:

(1) broken or discarded furniture, appliances and other, household equipment stored in yard areas for a period exceeding one (1) week;

(2) packing boxes, lumber trash, dirt and other debris in areas visible from public property or neighboring properties; and

(4) graffiti (must be removed within 72 hours); and

(5) conditions constituting hazards and/or inviting trespassers, or malicious mischief.

(d) Sidewalks. The Borrower shall maintain, repair, and replace as necessary all public sidewalks adjacent to the Development.

The City places prime importance on quality maintenance to protect its investment and to ensure that all City and City-assisted affordable housing projects within the City are not allowed to deteriorate due to below-average maintenance. Normal wear and tear of the Property will be acceptable to the City assuming the Borrower agrees to provide all necessary improvements to assure the Property is maintained in good condition. The Borrower shall make all repairs and replacements necessary to keep the improvements in good condition and repair.

In the event that the Borrower breaches any of the covenants contained in this Section and such default continues for a period of seven (7) days after written notice from the City with respect to graffiti, debris, waste material, and general maintenance or thirty (30) days after written notice from the City with respect to landscaping and building improvements, then the City, in addition to whatever other remedy it may have at law or in equity, shall have the right to enter upon the Property and perform or cause to be performed all such acts and work necessary to cure the default. Pursuant to such right of entry, the City shall be permitted (but is not required) to enter upon the Property and perform all acts and work necessary to protect, maintain, and preserve the improvements and landscaped areas on the Property, and to attach a lien on the Property, or to assess the Property, in the amount of the expenditures arising from such acts and work of protection, maintenance, and preservation by the City and/or costs of such cure, including a ten percent (10%) administrative charge, which amount shall be promptly paid by the Borrower to the City upon demand.

(e) Safety Conditions. The Borrower acknowledges that the City places a prime importance on the security of City-assisted projects and the safety of the residents and surrounding community. ARTICLE 6
MISCELLANEOUS

6.1 Lease Provisions.

The Borrower shall use a form of Tenant lease approved by the City. The form of Tenant leases as applicable to certain Units pursuant to Section 2.1 of this Agreement shall, among other matters:

(a) provide for termination of the lease and consent by the Tenant to immediate eviction for failure: (i) to provide any information required under this Agreement or reasonably requested by Borrower to establish or recertify the Tenant's qualification, or the qualification of the Tenant's household, for occupancy in the Property in accordance with the standards set forth in this Agreement, or (ii) to qualify as a Low Income Household or a Low Income Household as a result of any material misrepresentation made by such Tenant with respect to the income computation.

(b) be for an initial term of not less than one (1) year, unless by mutual agreement between the Tenant and Borrower (and only if allowed by all financing sources), and provide for no increase in Rent during such year. After the initial year of tenancy, the lease may be month-to-month by mutual agreement of Borrower and the Tenant.

6.2 Lease Termination.

Any termination of a lease or refusal to renew a lease for a City-Assisted Unit shall be in conformance with the CDBG Regulations and shall be preceded by not less than sixty (60) days written notice to the Tenant by the Borrower specifying the grounds for the action.

6.3 Nondiscrimination.

(a) The Property shall be operated at all times in compliance with the provisions of: (i) the Unruh Act; (ii) the California Fair Employment and Housing Act; (iii) Section 504 of the Rehabilitation Act of 1973; (iv) the Fair Housing Act, as amended; and (v) any other applicable law or regulation (including the Americans With Disabilities Act, to the extent applicable to the Property). Borrower shall agree to indemnify, protect, hold harmless and defend (with counsel reasonably satisfactory to City) City, and its boardmembers, officers and employees, from all suits, actions, claims, causes of action, costs, demands, judgments and liens arising out of Borrower's failure to comply with applicable legal requirements related to housing for persons with disabilities. The provisions of this subsection will survive expiration of the Term or other termination of this Agreement, and remain in full force and effect.

(b) All of the Units shall be available for occupancy on a continuous basis to members of the general public who are income eligible and meet operating funder requirements. The Borrower shall not give preference to any particular class or group of persons in renting the Units, except to the extent that the Units are subject to certain occupancies requirements as set forth in Section 2.1 of this Agreement. Except as legally permitted, there shall be no

discrimination against or segregation of any person or group of persons, on account of race, color, creed, religion, sex, sexual orientation, marital status, national origin, source of income (e.g. SSI), age, ancestry, or disability, in the leasing, subleasing, transferring, use, occupancy, tenure, or enjoyment of any Unit nor shall the Borrower or any person claiming under or through the Borrower, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use, or occupancy, of tenants, lessees, sublessees, subtenants, or vendees of any Unit or in connection with the employment of persons for the construction, operation and management of any Unit. Notwithstanding the above, with respect to familial status, the above should not be construed to apply to housing for older persons as defined in Section 12955.9 of the Government Code and other applicable sections of the Civil Code as identified in Health and Safety Code Section 33050(b).

6.4 Section 8 Certificate Holders.

The Borrower will accept as Tenants, on the same basis as all other prospective Tenants, persons who are recipients of federal certificates for rent subsidies pursuant to the existing housing program under Section 8 of the United States Housing Act, or its successor. The Borrower shall not apply selection criteria to Section 8 certificate or voucher holders that are more burdensome than criteria applied to all other prospective Tenants, nor shall the Borrower apply or permit the application of management policies or lease provisions with respect to the Property which have the effect of precluding occupancy of the City-Assisted Units by such prospective Tenants.

6.5 Term.

The terms of this Agreement shall expire thirty years from the date a certificate of occupancy is issued for the Development. The provisions of this Agreement shall apply to the Property for the entire Term even if the City Loan is paid in full prior to the end of the Term. This Agreement shall bind any successor, heir or assign of the Borrower, whether a change in interest occurs voluntarily or involuntarily, by operation of law or otherwise, except as expressly released by the City. The City makes the City Loan on the condition, and in consideration of, this provision, and would not do so otherwise.

6.6 Compliance with Program Requirements.

Borrower actions with respect to the Property shall at all times be in full conformity with: (i) all requirements of the Loan Agreement all requirements imposed on projects assisted under the CDBG Program as contained in the CDBG Regulations and other implementing rules and regulations. Without limiting the forgoing, Borrower, and Borrower's employees, agents, officers, and board members shall comply with the conflict of interest requirements set forth in 24 CFR 611.

6.7 Notice of Expiration of Term.

(a) At least six (6) months prior to the expiration of the Term, Borrower shall provide by first-class mail, postage prepaid, a notice to all Tenants containing (i) the

anticipated date of the expiration of the Term, (ii) any anticipated increase in Rent upon the expiration of the Term, (iii) a statement that a copy of such notice will be sent to the City, and (iv) a statement that a public hearing may be held by the City on the issue and that the Tenant will receive notice of the hearing at least fifteen (15) days in advance of any such hearing. Borrower shall also file a copy of the above-described notice with the Housing Director of the City.

(b) In addition to the notice required above, Borrower shall comply with the requirements set forth in California Government Code Sections 65863.10 and 65863.11. Such notice requirements include: (i) a twelve (12) month notice to existing tenants, prospective tenants and Affected Public Agencies (as defined in California Government Code Section 65863.10(a), which would include the City Manager) prior to the expiration of the Term, (ii) a six (6) month notice requirement to existing tenants, prospective tenants and Affected Public Agencies prior to the expiration of the Term; (iii) a notice of an offer to purchase the Property to "qualified entities" (as defined in California Government Code Section 65863.11(d)), if the Property is to be sold within five (5) years of the end of the Term; (iv) a notice of right of first refusal within the one hundred eighty (180) day period that qualified entities may purchase the Property.

6.8 Covenants to Run With the Land.

The City and the Borrower hereby declare their express intent that the covenants and restrictions set forth in this Agreement shall run with the land, and shall bind all successors in title to the Property, provided, however, that on the expiration of the Term of this Agreement said covenants and restrictions shall expire. Each and every contract, deed or other instrument hereafter executed covering or conveying the Property or any portion thereof, shall be held conclusively to have been executed, delivered and accepted subject to such covenants and restrictions, regardless of whether such covenants or restrictions are set forth in such contract, deed or other instrument, unless the City expressly releases such conveyed portion of the Property from the requirements of this Agreement. Notwithstanding the automatic expiration of this Agreement set forth above, upon the expiration of the Term, the Parties hereby agree to execute and record in the Official Records such document(s) as may be necessary to evidence the termination and release of this Agreement as an encumbrance against the Property.

6.9 Enforcement by the City.

Subject to the notice and cure rights of Borrower's limited partner set forth in the Loan Agreement, if the Borrower fails to perform any obligation under this Agreement, and fails to cure the default within thirty (30) days after the City has notified the Borrower in writing of the default or, if the default cannot be cured within thirty (30) days, failed to commence to cure within thirty (30) days and thereafter diligently pursue such cure and complete such cure within ninety (90) days, the City shall have the right to enforce this Agreement by any or all of the following actions, or any other remedy provided by law:

(a) Calling the City Loan. The City may declare a default under the City Loan Agreement, accelerate the indebtedness evidenced by the City Note, and proceed with foreclosure under the City Deed of Trust. City and Borrower agree and acknowledge that the

enforcement by the City of Borrower's obligation to repay the Grant shall in no event constitute the collection of, or enforcement of, monetary damages.

(b) Action to Compel Performance or for Damages. The City may bring an action at law or in equity to compel the Borrower's performance of its obligations under this Agreement, for damages, or for injunctive relief.

(c) Remedies Provided Under City Note or Deed of Trust. The City may exercise any other remedy provided under the City Note or City Deed of Trust.

(d) Special Remedy for Breach of Use Requirement. Pursuant to 24 C.F.R. 570.503(b)(7)(ii), if Borrower substantially changes the use of the Property to a use that fails to meet a national objective as defined in 24 C.F.R 570.208, City may require Borrower to pay to City the fair market value of the Property based on an appraisal. Such appraisal shall be performed by an appraiser selected by the City and shall take into consideration the Borrower's new use of the Property (that is not permitted by this Agreement). Funds recovered from Borrower pursuant to this subsection shall be credited: (1) by the City against any remaining amount of the CDBG Grant.

6.10 Attorneys Fees and Costs.

In any action brought to enforce this Agreement, the prevailing party shall be entitled to all costs and expenses of suit, including attorneys' fees. This Section shall be interpreted in accordance with California Civil Code Section 1717 and judicial decisions interpreting that statute.

6.11 Recording and Filing.

The City and the Borrower shall cause this Agreement, and all amendments and supplements to it, to be recorded in the Official Records.

6.12 Governing Law.

This Agreement shall be governed by the laws of the State of California.

6.13 Waiver of Requirements.

Any of the requirements of this Agreement may be expressly waived by the City in writing, but no waiver by the City of any requirement of this Agreement shall, or shall be deemed to, extend to or affect any other provision of this Agreement.

6.14 Amendments.

This Agreement may be amended only by a written instrument executed by all the parties hereto or their successors in title, and duly recorded in the Official Records.

6.15 Notices.

Any notice requirement set forth herein shall be deemed to be satisfied three (3) days after mailing of the notice first-class United States certified mail, postage prepaid, addressed to the appropriate party as follows:

City: City of Modesto
1010 10th Street
P. O. Box 642
Modesto, CA 95353

Borrower: Housing Authority of the County of Stanislaus
1701 Robertson Road
P.O. Box 581918
Modesto, CA 95358
Attn: Executive Director

Such addresses may be changed by notice to the other party given in the same manner as provided above.

6.16 Severability.

If any provision of this Agreement shall be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining portions of this Agreement shall not in any way be affected or impaired thereby.

6.17 Multiple Originals; Counterparts.

This Agreement may be executed in multiple originals, each of which is deemed to be an original, and may be signed in counterparts.

6.18 Revival of Agreement after Foreclosure.

This Agreement shall be revived according to its original terms if, during the original Term, the Borrower of record before the foreclosure, or deed in lieu of foreclosure, or any entity that includes the former Borrower or those with whom the former Borrower has or had family or business ties, obtains an ownership interest in the Property or Project.

6.19 Indemnification.

Borrower shall indemnify, defend and hold the City harmless against all claims made against it and expenses (including reasonable attorneys' fees) which arise out of or in connection with the development, construction, marketing and operation of the Property, except to the extent such claim arises from the grossly negligent or willful misconduct of the City, its agents, and its

employees. The provisions of this Section shall survive the expiration of the Term and the reconveyance of the City Deed of Trust.

6.20 Encumbrances.

Borrower shall not encumber the Property, including the granting of commercial leases, or permit the conveyance, transfer or encumbrance of such Property (except by qualified tenants) or to allow the placement of any liens, notes or deeds or use the Property as security for a note or loan except: (i) with the written consent of the City or (ii) upon a sale or transfer of the Property in accordance with the terms of this Regulatory Agreement.

6.21 Subordination Agreement.

If necessary to secure other financing, City may subordinate this Agreement, resulting in this Agreement becoming subject to and of lower priority than the lien of some other security instrument, subject to the conditions to subordination in Section 2.5 of the Loan Agreement.

6.22 Notice of Litigation.

Borrower shall promptly notify the City in writing of any litigation materially affecting Borrower or the Property and of any claims or disputes that involve a material risk of such litigation.

6.23 CDBG Funds.

Upon the expiration of the Agreement, the Borrower shall transfer to the City any remaining CDBG funds and any accounts receivable attributable to the use of CDBG funds.

A proposal for the 7th Street Bridge was presented to the Commission along with the opportunity for rotating murals on the abutments. YEARS, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO
EXECUTE THE AGREEMENT**

WHEREAS, on March 6, 2007, by Resolution No. 2007-161, Council awarded a development and installation contract in the approximate amount of \$948,000 to Avail Technologies, Inc., to install a Computer Aided Dispatch/Automatic Vehicle Location (CAD/AVL) system on the Modesto Area Express (MAX) bus fleet, and

WHEREAS, on December 11, 2007, the City entered into an agreement with Avail Technologies, Inc., for the development of a CAD/AVL system for the MAX bus fleet, and

WHEREAS, on June 7, 2016, by Resolution No. 2016-234, Council awarded a sole source agreement to Avail Technologies, Inc. to continue maintaining and supporting the software through April 18, 2018 at a cost of \$112,652, and

WHEREAS, in April 2017, Avail Technologies upgraded and began hosting the software to enable the real-time bus information to be made available to the public via website and myStop smart phone application. In addition, most of the buses started transmitting data via a stable cellular connection vs. the less reliable data radio connection. Avail included the server hosting services as part of the annual agreement approved in June 2016, with no additional cost to the City, and

WHEREAS, on July 11, 2017, by Resolution No. 2017-277, Council authorized the purchase of additional hardware to enable all buses to transmit the signal with a

WHEREAS, this additional software will enhance the MAX system by providing better tools to the operations staff to ensure that the Avail system is producing correct data for the traveling public and the management staff will have the reports needed to effectively convey the story of MAX service in Modesto, and

WHEREAS, Avail Technologies, Inc. is the sole provider of Avail applications and is the only vendor that can provide Avail maintenance for their products. The City conducted a competitive bid process and found no other reseller that can provide maintenance for the Avail system. As a result, the Purchasing Manager has determined that purchase of software and maintenance and modem equipment meet the City's sole source criteria as required under the Modesto Municipal Code 8-3.204, and

WHEREAS, on January 23, 2018, by Resolution 2018-36, Council awarded a sole source agreement to Avail Technologies, Inc. to continue maintaining and supporting the software through April 2021, and

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-560**

**RESOLUTION ACCEPTING THE CAPITAL FACILITIES FEES ANNUAL
REPORT FOR FISCAL YEAR 2017-18 AND MAKING FINDINGS RELATED
TO EACH OF THE FEE CATEGORIES**

WHEREAS, the City of Modesto imposes fees to mitigate the impacts of development, pursuant to Government Code section 66000 *et seq.*, and

WHEREAS, California Government Code sections 66001 and 66006 require cities to annually make certain fee-related information available to the public and findings relating to the necessity of collecting fees for new development, and

WHEREAS, the City, in accordance with Government Code section 66006(a) and Section 8-1.904 of the Modesto Municipal Code, established Capital Facilities Fees (“CFF”) for the purpose collecting fees to fund the construction of public improvements that will be needed as a result of new development, and

WHEREAS, on March 22, 2011, by Resolution No. 2011-105, Council established the nexus for fees imposed by each land use, said nexus and fees were later amended by Resolution No. 2013-177 on May 7, 2013, and

WHEREAS, the following fees were established by Resolution No. 2013-177:

- The Streets CFF fund was established to accrue funds for arterial roadways, intersections, expressways, freeway interchanges and associated landscaping, and
- The Public Transportation CFF fund was established to accrue funds for the expansion of the City’s transit system including additional buses and their associated facilities, and

- The Air Quality Mitigation CFF Fund was established to accrue funds to assist in the reduction of automobile travel, specifically for the development of park and ride lots, Class I Bike Trails, and
- The Police CFF Fund was established to accrue funds for additional policing needs including an additional station, police cars and associated equipment, a northeast area precinct, a training facility, a computer aided dispatch system, and an expanded radio system, and
- The Fire CFF Fund was established to accrue funds for the construction of additional fire stations, fire vehicles, and a new training station, and
- The Parks CFF Fund was established to accrue funds for the development of additional regional parks, community centers, and neighborhood parks, and the expansion of the McClure Country Place, and
- The General Government CFF Fund was established to accrue funds for the debt service payments on City Hall, related parking facilities, the corporation yard and related facilities, City vehicles and the City's information technology expansion, and

WHEREAS, the Capital Facilities Fee Annual Report for Fiscal Year 2017-18 has been completed and is on file with the City Clerk and is **attached** as **Exhibit "A"**, and

WHEREAS, a public hearing at the City Council in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California was set for December 11, 2018, to enable the public to have the opportunity to comment on the CFF collected.

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Modesto that it hereby makes the following findings relating to each of the fee categories:

- 1) The Capital Facilities Fee program, set forth in City Council Resolution No. 2013-177, and incorporated herein by reference, continues to be a necessary program to fund future infrastructure needed for new development.
- 2) The Capital Facilities Fee Annual Report for Fiscal Year 2017-18 (**Exhibit A**) reports on the below information for each of the fee categories:
 - a. The amount of the fee. (Table 1)
 - b. The beginning and ending balance of the account or fund. (Table 3)
 - c. The amount of the fees collected and the interest earned. (Table 2)
 - d. An identification of each public improvement on which fees were expended and the amount of the expenditures on each improvement, including the total percentage of the cost of the public improvement that was funded with fees. (Table 10)
- 3) The CFF revenue anticipated for the full development of infrastructure improvements for new development has not been fully collected to complete the financing of incomplete improvements. It is presently anticipated that there will be no regular sources of funding to develop CFF infrastructure improvements apart from CFF collections.
- 4) The anticipated dates for the full collection of fees is unknown at this time as fees are based on development activity which is not controlled by the City.
- 5) The necessary funds for constructing and/or purchasing the following have not yet been accumulated and the approximate date is not yet known, but there is still a need

as outlined in Resolution No. 2013-177, and therefore fees should still be collected for the following purposes:

- Additional fire stations, fire vehicles, and a new training station, and
- An additional police station, police cars and associated equipment, a northeast area precinct, a training facility, a computer-aided dispatch system, and an expanded radio system, and
- Development of additional regional parks, community centers, neighborhood parks, and the expansion of McClure Country Place, and
- Debt service payments on City Hall, related parking facilities, the corporation yard and related facilities, City vehicles and the City's information technology expansion, and
- Reduction of automobile travel, specifically for the development of park and ride lots and Class I Bike Trails, and
- Arterial roadways, intersections, expressway, freeway interchanges and all of their associated landscaping, and
- Expansion of the transit system.

6) All reportable fees, collections and expenditures have been received, deposited, invested and expended in compliance with the relevant sections of the California Government Code and all other applicable laws for the Fiscal Year 2017-18.

7) No refunds and allocations of reportable fees, as required by California Government Code section 66001, are deemed payable at this time.

LEGAL REQUIREMENTS

A. What Are Impact Fees?

California Government Code §66000 allows a local jurisdiction to establish an impact fee to mitigate the impacts of new development. These fees may be used for the purchase, construction, expansion, rehabilitation, or acquisition of public facilities, and must be consistent with the adopted fee program, which is updated every five years.

New development increases the demand for health and safety service provided by a city, affects the quality of the community's infrastructure, and increases the need for public facilities. Typically, impact fees are paid to a city at the time a building permit is issued and assist in paying for the cumulative impact of new development through infrastructure improvements and additions. Facilities partly funded by impact fees include police, fire and administrative buildings, park sites, bike trails, public landscape areas, community centers, transportation and transit facilities and roadway improvements. Impact fees cannot be used for maintenance of existing or future city facilities.

B. Establishing An Impact Fee Program

The City of Modesto ("City") impact fee program, more commonly known as the Capital Facilities Fees Program ("CFF Program"), was established in 1987 and has been updated periodically to reflect the changes in land values, projects and costs. Impact fees imposed on new development must have the proper nexus to any project on which they are imposed. The CFF Program sets forth the relationship between contemplated future developments, facilities needed to serve future development and the estimated cost of those improvements based on the current General Plan for build-out. Estimated project costs and the summary of fee apportionment for each CFF Program fee category are identified in the 2003 and 2011 CFF Program updates.

C. Adoption of a Capital Improvement Program

California Government Code §66002 requires local agencies that have implemented an impact fee program to adopt a Capital Improvement Program (CIP) indicating the approximate location, size, and time of projects, plus an estimate for the costs of all facilities or improvements to be financed by the impact fees. At a minimum, a formal CIP is recommended as a five-year plan. The City annually produces a five-year CIP which assists in maintaining and updating the City's General Plan.

The City's CIP connects annual capital expenditures to a long-range plan for public improvements. The City's CIP also assists in maximizing the funds available, connecting the plan for public improvements to the City's capacity for funding, and projecting expenditures over a period of years. This type of fiscal management is particularly

**CITY OF MODESTO
CAPITAL FACILITIES FEES ANNUAL REPORT
FISCAL YEAR 2017-18**

important during periods where budgetary demands exceed financial resources. The City's CIP is financed in part by the impact fees collected through the CFF Program.

D. Reporting

Annual reporting of a local agency's impact fee program is required by Government Code §66006. The impact fees collected must be segregated from general and other funds containing fees collected for other improvements. Interest on each impact fee fund or account must be credited to that fund or account and be used only for the purpose for which the impact fee was collected.

California Government Code §66006(b) requires that a local agency make the following information available to the public for each separate impact fee fund on an annual basis and that the local agency review that information at a public meeting. The law also requires the annual report include the following information for the prior fiscal year and be made available within 180 days after the last day of each fiscal year:

- Describe the type of impact fee in the account or fund.
- Identify the amount of the impact fee.
- Provide the beginning and ending balance of the account or fund.
- Provide the amount of impact fees collected and interest earned.
- Identify each public improvement on which impact fees were expended and the amount of the expenditures on each improvement, including the total percentage of the cost of the public improvement that was funded with the impact fee.
- Identify an approximate date by which the construction of the public improvement will commence, if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement and the public improvement remains incomplete.
- Describe each interfund transfer or loan made from the account or fund, including the public improvement on which the transferred or loaned impact fees will be expended, and, in the case of an interfund loan, the date on which the loan will be repaid and the rate of interest that the account or fund will receive on the loan.
- Provide the amount of refunds made due to sufficient funds being collected to complete financing on incomplete public improvements, and the amount of reallocation of impact funds made to administrative costs of refunding unexpended revenues exceeding the amount to be refunded.

If an agency no longer needs the funds for the purposes collected or fails to make the required findings or perform certain administrative tasks prescribed, the agency may be required to refund, on a prorated basis to owners of the properties upon which the impact fees for the improvement were imposed, the monies collected for that project and any interest earned on those funds.

**CITY OF MODESTO
CAPITAL FACILITIES FEES ANNUAL REPORT
FISCAL YEAR 2017-18**

California Government Code §66001(d) also requires that the local agency make all of the following findings every fifth year with respect to that portion of the account remaining unexpended, whether committed or uncommitted:

- Identify the purpose to which the impact fee is to be allocated.
- Demonstrate a reasonable relationship between the impact fee and the purpose for which is it charged.
- Identify all sources and amounts of funding anticipated to complete financing of incomplete improvements.
- Designate the approximate dates on which the funding is expected to be deposited into the appropriate account or fund.
- In any action imposing a fee as a condition of approval of a development project by a local agency, the local agency shall determine how there is a reasonable relationship between the amount of the impact fee and the cost of the public facility or portion of the public facility attributable to the development on which the impact fee is imposed.

DESCRIPTION OF CAPITAL FACILITIES FEES

The CFF Program mitigates the impacts associated with new development on certain public facilities. The CFF Program is used to finance the acquisition, construction, and improvement of public facilities as a result of new development. The City has the following eight (8) CFF Program fee categories:

Streets Capital Facilities Fee – Fund 3410

This fee is collected for roadway improvements such as expressways, interchanges, arterial and collector roads, turn lanes, intersections and traffic signals.

Public Transportation Capital Facilities Fee – Fund 3420

This fee is collected for new buses, bus shelters, bus stops, the bus maintenance facility, and the northeast transfer station.

Air Quality Mitigation Capital Facilities Fee – Fund 3430

This fee is collected for facilities that reduce automobile travel by facilitating alternative modes of travel such as the Amtrak station parking lot, park and ride lots, vanpooling, carpooling, Class I bike trails, bike storage, turn lanes, footpaths, and pedestrian accesses.

Police Capital Facilities Fee – Fund 3440

This fee is collected for the Police Tactical Training Center, police vehicles, parking facilities, communication systems, special equipment, and the future Northeast Area Precinct (to be shared with Fire).

**CITY OF MODESTO
CAPITAL FACILITIES FEES ANNUAL REPORT
FISCAL YEAR 2017-18**

Fire Capital Facilities Fee – Fund 3450

This fee is collected for fire facility expansions, fire vehicles, special equipment, and the future Northeast Area Precinct (to be shared with Police).

Parks Capital Facilities Fee – Fund 3460

This fee is collected for land and construction costs for neighborhood, community, and regional parks, sports facilities, and community buildings.

City Hall and Other Government Facilities Capital Facilities Fee – Fund 3470

This fee is collected for debt service payments on City Hall, related parking facilities, the corporation yard and related facilities, City vehicles, and the City's information technology expansion.

Administration Capital Facilities Fee – Fund 3480

This fee is collected for the administration of the CFF Program. This includes preparation of an Annual CFF Program Report, preparation of a Five-Year CFF Report, day-to-day management of the CFF Program including preparation of annual CIP budgets, CFF Program annual inflationary updates, land value analyses and updates and CFF Program Proformas.

CURRENT FEE SCHEDULES

The current CFF Program allows for an annual inflationary adjustment equal to the increase in the annual change in the San Francisco Bay Area Engineering News Record Construction Cost Index through the month of December of the preceding year. No increase was applied in Fiscal Year 2017-18. Table 1 provides the adopted fee schedule for Fiscal Year 2017-18.

COMBINING STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES¹

The Combining Statement of Revenues, Expenditures and Changes in Fund Balances provided in Table 2 outlines the beginning and ending balance of each fund for Fiscal Year 2017-18. Expenditures are identified by general categories. All revenue, unless collected under the deferral program, is collected at the time a building permit is issued. Since the CFF Program is a "pay-as-you-go" program, the City must accrue enough revenue prior to commencing construction of a project, resulting in an "aging" of fund balances. The aging or accumulation occurs until enough revenue has been collected to construct a project.

1 - Financial data is current as of September 30, 2018

FIVE YEAR REVENUE AND EXPENSE HISTORY²

As previously discussed, most revenue is collected when a building permit is issued for new development. Overall, CFF Program revenues increased 243.50% between Fiscal Years 2016-17 and 2017-18 while expenditures increased 418.28% over the same time period. Tables 3 and 4 provide a five-year snapshot of the CFF Program revenues and expenditures, respectively. Table 5 offers a combined picture of revenues, expenses and fund balance levels over the past five years.

DEFERRED CAPITAL FACILITIES FEES

Multi-Family, Commercial and Industrial

CFF Deferral Programs for Multi-Family, Commercial, and Industrial developments have been in place since 1991. Deferrals assist in off-setting the cost of new development by allowing applicants to pay a portion of the CFF due at the time of building permit issuance and the balance, plus interest, over a predetermined period of time. Table 6 details the four (4) active deferrals in Fiscal Year 2017-18.

EXEMPTIONS

The City of Modesto encourages the construction of Very Low and Low Income Housing development projects within the City. CFF exemptions can be provided to the Housing Authority of Stanislaus or to Community Housing Development Organizations (CHDO) for the development of low and very-low income households (under 60% of the area median income). There were no exemptions in Fiscal Year 2017-18.

REFUNDS

CFF may be refunded if a building permit expires, is revoked, voluntarily surrendered or voided, and no construction or improvement of land has commenced. In addition, CFF paid for placement of Trailers may be refunded if requested in writing within six years of payment, minus the administration component. Table 7 details the refund(s) made in Fiscal Year 2017-18.

CREDITS

CFF credits are granted when previously existing building(s) are removed and new building(s) are constructed. These credits may off-set up to but not more than 100% of the CFF due for the new development. Table 8 details the credits provided in Fiscal Year 2017-18.

² - Financial data is current as of September 30, 2018

TRANSFERS

A total of fourteen (14) inter-fund transfers occurred in Fiscal Year 2017-18. The transfers included the Tenth Street Place (City Hall) Debt Service payment, CIP Project closures and police loans. Table 9 offers details of each transfer.

CAPITAL IMPROVEMENT PROJECTS³

Information on projects funded by the CFF Program can be found in Table 10. The information in the table includes a listing of current projects, estimated construction start and end dates, estimated project costs, percentage of project funded by the CFF Program and general accounting information.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-561**

**RESOLUTION ACCEPTING THE FISCAL YEAR 2017-18 ANNUAL REPORT
OF FUNDS HELD FOR FUTURE IMPROVEMENTS, AND MAKING FINDINGS
RELATED TO EACH SECURITY ON FILE**

WHEREAS, California Government Code Sections 66000 and 66006 require that the City make certain information available to the public and findings relating to the necessity of collecting fees for new development, and

WHEREAS, the City is collecting impact fees as security for future improvements that will be needed as a condition of approval for new development, and

WHEREAS, \$2,500 in impact fees were paid by Fuentes Construction on March 8, 2001, as a condition of approval for the project located at 1024 Florence Avenue, Modesto, for future improvements including connection to the City sewer system and the installation of curb, gutter and sidewalk improvements, and

WHEREAS, \$29,393.72 in impact fees were collected from American Home Builders as a condition of approval for its project located at 3055 Floyd Avenue, Modesto, on September 2, 2005, for future improvements including the expansion of Beta Street to the north of the property, and

WHEREAS, \$27,165 in impact fees were collected from Best Modesto Partners on September 30, 2008, as a condition of approval for its project located at 3019 Floyd Avenue, Modesto, for future improvements including the construction of an on-site driveway and the reconstruction of the nearby bus turnout and off-site driveway, and

WHEREAS, it has been determined that full funding for the various improvements has not yet been received, and

WHEREAS, it has been determined by staff that the impact fees collected for all three projects should be retained until additional funding can be obtained, and

WHEREAS, a public hearing at the City Council in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California was set for December 11, 2018, to enable the public to have the opportunity to comment on the impact fees collected.

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Modesto that it hereby finds and determines that the impact fees collected for future improvements are necessary to fund future infrastructure needed for new development.

1. That the revenue anticipated for the full development of infrastructure improvements required for these projects have not been fully collected to complete the financing of said improvements. It is presently anticipated that there will be no regular sources of funding to develop the required improvements apart from impact fees collected from neighboring properties.
2. That the anticipated dates for the full collection of fees is unknown at this time as impact fees are based on development activity which is not controlled by the City.
3. That the funding for the future improvements to include connection to the City sewer system and the installation of curb, gutter and sidewalk improvements located at 1024 Florence Avenue, Modesto, is not yet known, but there is still a need, and therefore fees should still be retained for these purposes.
4. That the timing for the future improvements including the expansion of Beta Street to the north of the property located at 3055 Floyd Avenue, Modesto, is not

yet known, but there is still a need, and therefore fees should still be retained for these purposes.

5. That the timing for the future improvements including the construction of an on-site driveway and the reconstruction of the nearby bus turnout and off-site driveway located at 3019 Floyd Avenue, Modesto, is not yet known, but there is still a need, and therefore fees should still be retained for these purposes.
