

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-01**

RESOLUTION REAPPOINTING DAVID BORING, BART BARRINGER, TOM SLATER, AND LAUREN TREVINO TO THE DOWNTOWN IMPROVEMENT DISTRICT ADVISORY BOARD

WHEREAS, Section 1102 of the Charter of the City of Modesto authorizes the City Council to appoint members to various Boards and Commissions, and

WHEREAS, the Downtown Improvement District Board of Directors are recommending the reappointments of David Boring, Bart Barringer, Tom Slater, and Lauren Trevino to a term ending January 2022 to the Downtown Improvement District Advisory Board.

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. David Boring, Bart Barringer, Tom Slater, and Lauren Trevino are hereby reappointed to the Downtown Improvement District Advisory Board.

SECTION 2. The City Clerk is hereby directed to transmit a copy of this Resolution to the reappointed members of Downtown Improvement District Advisory Board, and as Secretary thereof.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 16th day of January, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-02**

**RESOLUTION ACCEPTING THE RESIGNATION OF JON RODGRIUEZ
FROM THE BOARD OF BUILDING APPEALS**

WHEREAS, Jon Rodriguez was appointed to serve as a member of the Board of Building Appeals on December 3, 2013, and

WHEREAS, Jon Rodriguez has tendered his resignation from the Board of Building Appeals.

NOW, THEREFORE, BE IT RESOLVED, that the resignation of Jon Rodriguez from the Board of Building Appeals is hereby accepted.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 16th day of January, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-03**

**RESOLUTION APPROVING A PURCHASE AGREEMENT FOR 20
MOTOROLA APX8000XE DUAL BAND PORTABLE RADIOS,
PIGGYBACKING FROM A COMPETITIVELY BID CONTRACT WITH LA
COUNTY, TO MOTOROLA SOLUTIONS, INC. VIA DELTA WIRELESS, INC.
OF STOCKTON, CA, FOR AN ESTIMATED TOTAL COST OF \$150,536, AND
AUTHORIZING THE PURCHASING MANAGER TO ISSUE THE AGREEMENT**

WHEREAS, radios in place today were discontinued by Motorola in 2014 and therefore new replacements are not available, and

WHEREAS, Motorola services radios 5 years past the end of life or as long as parts are available, and

WHEREAS, while there are 2 years remaining for radios to be sent in for repair, the City is no longer guaranteed the availability of parts, and

WHEREAS, the Fire Department needs equipment that will operate on the new 800 MHz system currently utilized by the Police Department, Stanislaus County Sheriff's Office, Ceres Police Department and Turlock Police Department, and

WHEREAS, Fire Department staff in charge of the radio program recommended the Motorola APX8000XE dual band portable radio as the replacement of the current portable radios, and

WHEREAS, staff took into consideration the exposure to water and heat these radios are subjected to in the field, and

WHEREAS, the Interim City Manager authorized the issuing of a formal Request for Bid (RFB) for the purchase of dual band radios, and

WHEREAS, the Purchasing Division recommended "piggybacking" off an existing, competitively bid contract for LA County in which the exact specification of portable radio is listed, and

WHEREAS, LA County conducted a competitive bid process for the purchase of portable radios and issued Master Purchase Agreement (MPA) MA-IA-1740313 which is dated 07/01/2017 and valid through 06/30/2020, and

WHEREAS, the most responsive and responsible bidder that met the bid specifications was Motorola Solutions, Inc. via Delta Wireless, Inc., of Stockton, CA, and

WHEREAS, “piggybacking” from a competitively bid contract with LA County, to Motorola Solutions, Inc. via Delta Wireless, Inc. of Stockton, CA conforms to the Modesto Municipal Code (MMC) Section 8-3.203, MMC Section 8-3.202(h) and MMC Section 8-3.204(d), as this purchase will result in the lowest competitive price commensurate with the desired quality and would be in the best interest of the City.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it would be in the best interests of the City to piggyback from a competitively bid contract with LA County.

BE IT FURTHER RESOLVED that the Council hereby authorizes a Purchase Agreement for 20 Motorola APX8000XE dual band portable radios, to Motorola Solutions, Inc. via Delta Wireless, Inc. of Stockton, CA for an estimated total cost of \$150,536.

BE IT FURTHER RESOLVED that the Purchasing Manager, or her designee, is hereby authorized to issue the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 16th day of January, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-04**

**RESOLUTION APPROVING THE FEDERAL FISCAL YEAR 2018-2023
AIRPORT CAPITAL IMPROVEMENT PLAN (ACIP) AS SUBMITTED BY THE
AIRPORT AND APPROVED BY THE FEDERAL AVIATION
ADMINISTRATION (FAA)**

WHEREAS, the Modesto City-County Airport (Airport) is a federally obligated airport, and is eligible for federal funding, and

WHEREAS, as Airport sponsor, the City is eligible for discretionary funding from the Federal Airport Improvement Program (AIP), and

WHEREAS, the FAA requires that the City submit a revised ACIP annually covering at least the next five years to maintain eligibility for future project funding, and

WHEREAS, in addition to updating cost estimates, the ACIP annual update is intended to reflect ongoing changes in City priorities, airport needs, and/or federal mandates, and

WHEREAS, keeping the ACIP current helps the FAA plan for the Airport's long-term funding needs and better distribution of funds on a priority rating, and

WHEREAS, CalTrans Aeronautics uses the ACIP submission to develop the State Capital Improvement Plan (SCIP), and

WHEREAS, the Airport CIP update will be focusing on mandated safety and compliance issues, current infrastructure needs and planning for future Airport needs and,

WHEREAS, the total package of capital improvements submitted to the FAA for 2018-2023 is estimated to cost \$4,746,092, and

WHEREAS, funding for projects that are approved will be funded 90% by the FAA with the Airport Fund providing the remaining 10% (\$474,609 total), and

WHEREAS, the County Aircraft Tax Fund will generate most of the revenue for the 10% match, and

WHEREAS, on November 16, 2017, the Airport Advisory Committee recommended the forwarding of this item to Council for consideration of approval, and

WHEREAS, on December 14, 2017, this item was also presented to the Finance Committee for their acceptance and the Committee recommended forwarding to Council for consideration of approval.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Federal Fiscal Year 2018 – 2023 Airport Capital Improvement Plan (ACIP), **attached** hereto as **Exhibit A**.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-05**

RESOLUTION APPROVING A PURCHASE AND SALE AGREEMENT WITH LARRY KILLIAN AND ANGELINA MARY KILLIAN, TRUSTEES OF THE KILLIAN FAMILY TRUST, AND LENORE CATHERINE SETLIFF CHLADEK, TRUSTEE OF THE ERNEST BAXTER SETLIFF, JR. TESTAMENTARY TRUST, AND LENORE CATHERINE SETLIFF CHLADEK AND ALAN SMITH, TRUSTEES OF THE GLADYS C. SETLIFF REVOCABLE TRUST, AND ARNOLD W. SETLIFF AND KATHERINE L. SETLIFF, TRUSTEES OF THE NORMA SETLIFF FAMILY TRUST, FOR A 0.52 ACRE PORTION OF A PARCEL OF LAND IN FEE, LOCATED AT 7121 MCHENRY AVENUE (APN 004-102-003), IN THE AMOUNT OF \$21,600 FOR THE DEL RIO REPLACEMENT WELL 271 PROJECT, AND AUTHORIZING THE INTERIM CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE PURCHASE AND SALE AGREEMENT AND ALL RELATED DOCUMENTS REQUIRED TO COMPLETE THE SALE AND CLOSE ESCROW

WHEREAS, on July 12, 1995, the City of Modesto acquired the former Del Este Water Company, and

WHEREAS, a part of the Del Este Water Company included the water service system of the Del Rio Community, and

WHEREAS, in January 2005, a Technical Memorandum prepared by West Yost & Associates identified certain capital improvements to maintain existing water service levels and to provide additional service for anticipated new development, and

WHEREAS, in July 2005, in a settlement agreement with the Del Rio Community Association, the City of Modesto agreed to implement the capital improvements identified in the West Yost & Associates Technical Memorandum, and

WHEREAS, Well 271 was identified for replacement in the 2010 Water Systems Engineer's Report to meet the needs of the existing Del Rio Water System, and

WHEREAS, staff identified a 0.52-acre parcel for sale located at 7121 McHenry Avenue in the Del Rio service area to for Replacement Well 271, and

WHEREAS, the Project was analyzed in the Del Rio Tank and Wells Project EIR and that EIR certified by the City Council in Resolution No. 2017-347, approved at its September 5, 2017 meeting; (2) A Notice of Determination was properly filed with the Stanislaus County Clerk and with the State Clearing House as Number 2015072055, in compliance with Section 21108 or 21152 of the Public Resources Code on September 6, 2017 for the Del Rio Tank and Wells Project; (3) The impacts of this action are analyzed in that EIR and no further environmental review is required under CEQA, and

WHEREAS, a Purchase and Sale Agreement is needed for the acquisition of the property, and

WHEREAS, the property owner's requested that the Agreement contain a special condition that would allow them to connect into the City's Water System, and

WHEREAS, the City informed the property owner's that a promissory Will-Serve Letter would be supplied and be effective upon the City providing sufficient water and storage capacity to meet the demands of the existing and buildout water system as described in the 2010 Water System's Report.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Purchase and Sale Agreement, in a for approved by the City Attorney, with Larry Killian and Angelina Mary Killian, Trustees of the Killian Family Trust, and Lenore Catherine Setliff Chladek, Trustee of the Ernest Baxter Setliff, Jr. Testamentary Trust, and Lenore Catherine Setliff Chladek and Alan Smith, Trustees of the Gladys C. Setliff Revocable Trust, and Arnold W. Setliff and Katherine L. Setliff, Trustees of the Norma Setliff Family Trust, for a 0.52-acre parcel of land in fee, located

at 7121 McHenry Avenue (APN 004-102-003), in the amount of \$21,600 for the Del Rio Replacement Well 271 Project.

BE IT FURTHER RESOLVED that the Interim City Manager, or his designee, is hereby authorized to execute the Agreement, and all related documents required to complete the sale and close of escrow and staff is hereby directed to file a Notice of Determination with the County Clerk of Stanislaus County pursuant to Section 21108 or 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 16th day of January, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-06**

RESOLUTION AUTHORIZING THE INTERIM CITY MANAGER, OR HIS DESIGNEE, TO SIGN THE CERTIFICATE OF ACCEPTANCE FOR THE GRANT DEED FOR THE ACQUISITION OF PROPERTY LOCATED AT 7121 MCHENRY AVENUE, OWNED BY LARRY KILLIAN AND ANGELINA MARY KILLIAN, TRUSTEES OF THE KILLIAN FAMILY TRUST, AND LENORE CATHERINE SETLIFF CHLADEK, TRUSTEE OF THE ERNEST BAXTER SETLIFF, JR. TESTAMENTARY TRUST, AND LENORE CATHERINE SETLIFF CHLADEK AND ALAN SMITH, TRUSTEES OF THE GLADYS C. SETLIFF REVOCABLE TRUST, AND ARNOLD W. SETLIFF AND KATHERINE L. SETLIFF, TRUSTEES OF THE NORMA SETLIFF FAMILY TRUST, (APN 004-102-003) TO BE PURCHASED BY THE CITY OF MODESTO FOR THE DEL RIO REPLACEMENT WELL 271 PROJECT

WHEREAS, Section 27281 of the Government Code requires a public agency to accept real property prior to the recordation of a deed or adopt a resolution accepting real property, and

WHEREAS, the City of Modesto desires to acquire a 0.52-acre portion of a parcel located at 7121 Mc Henry Avenue in Del Rio, owned by Larry Killian and Angelina Mary Killian, Trustees of the Killian Family Trust, and Lenore Catherine Setliff Chladek, Trustee of the Ernest Baxter Setliff, Jr. Testamentary Trust, and Lenore Catherine Setliff Chladek and Alan Smith, Trustees of the Gladys C. Setliff Revocable Trust, and Arnold W. Setliff and Katherine L. Setliff, Trustees of the Norma Setliff Family Trust (APN 004-102-003), to be purchased by the City of Modesto for the Del Rio Replacement Well 271 Project.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Interim City Manager, or his designee, is hereby authorized to sign the Certificate of Acceptance for the Grant Deed for the acquisition of property located at 7121 McHenry Avenue owned by Larry Killian and Angelina Mary Killian, Trustees of the

Killian Family Trust, and Lenore Catherine Setliff Chladek, Trustee of the Ernest Baxter Setliff, Jr. Testamentary Trust, and Lenore Catherine Setliff Chladek and Alan Smith, Trustees of the Gladys C. Setliff Revocable Trust, and Arnold W. Setliff and Katherine L. Setliff, Trustees of the Norma Setliff Family Trust, (APN 004-102-003) to be purchased by the City of Modesto for the Del Rio Well Replacement Well 271 Project.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 16th day of January, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2018-07**

**RESOLUTION APPROVING A PURCHASING AGREEMENT AND TWO
SPECIAL WASTE SERVICES AGREEMENTS WITH REPUBLIC SERVICES,
INC., FORWARD LANDFILL, OF MANTECA, CA, FOR NON-HAZARDOUS
WASTE DISPOSAL FOR AN ESTIMATED ANNUAL COST NOT TO EXCEED
\$60,000, AND NOT TO EXCEED \$180,000 OVER THREE YEARS AND
AUTHORIZING THE INTERIM CITY MANAGER, OR HIS DESIGNEE, TO
ISSUE THE PURCHASING AGREEMENTS AND EXECUTE THE SPECIAL
WASTE SERVICES AGREEMENTS**

WHEREAS, the City uses Republic Services, Inc., Forward Landfill (Forward), to dispose of Wastewater Screening and Grit and Sewer Spoils, and

WHEREAS, Forward is located in Manteca, CA, and is the closest landfill to the City that is approved to accept wastewater solids by the Central Valley Regional Water Quality Control Board, and

WHEREAS, there are two other landfills that are able to receive Grit and/or Sewer Spoils, however, these facilities are undesirable due to their distance and would result in higher hauling costs, exceeding any savings in tipping fees, and

WHEREAS, prior to dumping at Forward, the City must perform testing on the grit and sewer spoils and report those findings to Forward before the grit and sewer spoils are accepted for disposal, and

WHEREAS, once cleared for disposal, they will prepare a Special Waste Service Agreement for signature, and

WHEREAS, the Purchasing Agreement is based on the costs identified on the Special Waste Agreement from Republic Services, and

WHEREAS, the Special Waste Agreement from Republic Services represents an agreement for them to dispose of our wastes only, and

WHEREAS, the Special Waste Services Agreement for Non-Hazardous Wastes for grit is at a cost of \$31.50 per ton, \$2.16 per ton County Fee, \$16.25 per load Environmental Fee, and annual increases effective one year from the approval date which is an increase of \$1.50 per ton and \$1.25 per load, and

WHEREAS, the Special Waste Services Agreement for Non-Hazardous Wastes for sewer spoils is at a cost of \$25.00 per ton, \$2.16 per ton County Fee, \$16.50 per load Environmental Fee, and annual increases effective one year from the approval date which is a decrease of \$5.00 per ton and an increase of \$3.50 per load.

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid, however, there are exceptions to the rule set forth in the Modesto Municipal Code, and

WHEREAS, one exception, MMC Section 8-3.204(c), is available where the Purchasing Manager, in her discretion, determines that calling for bids on a competitive basis as set forth in Section 8-3.203 is undesirable due to exigent circumstances, and

WHEREAS, the Purchasing Manager invoked that exception for this purchase due to the limited resources for disposal available, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Purchasing Agreement and two Special Waste Services Agreements with Republic Services, Inc., Forward Landfill, of Manteca, CA, for sole source non-hazardous waste disposal for an estimated annual cost not to exceed \$60,000, and not to exceed \$180,000 over three years.

BE IT FURTHER RESOLVED that the Interim City Manager or his designee is hereby authorized to issue the Purchasing Agreement and execute the Special Waste Services Agreements, in a form approved by the City Attorneys.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 16th day of January, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-08**

RESOLUTION APPROVING THE SOLE SOURCE AGREEMENT WITH HSQ TECHNOLOGY, HAYWARD, CA, FOR REMOTE TERMINAL UNITS AND ALL ASSOCIATED CIRCUIT BOARDS AND PARTS FOR THE MISER SUPERVISOR CONTROL AND DATA ACQUISITION SYSTEM, FOR A TWO-YEAR AGREEMENT, WITH THREE ONE-YEAR EXTENSION OPTIONS AT THE SOLE DISCRETION OF THE CITY, FOR AN ESTIMATED ANNUAL COST NOT TO EXCEED \$60,000 AND FOR A TOTAL COST NOT TO EXCEED \$300,000 OVER FIVE YEARS, AND AUTHORIZING THE PURCHASING MANAGER, OR HER DESIGNEE, TO ISSUE THE PURCHASING AGREEMENT

WHEREAS, the Wastewater and Water Divisions utilize HSQ Technology (HSQ) Remote Terminal Units (RTU's) to transmit and receive operational data from over 200 remotely located facilities such as wells, storage tanks, sewer lift stations, storm stations, and the Sutter, Jennings and Tertiary Treatment Plants as part of the HSQ Miser SCADA System, and

WHEREAS, other RTU's are not compatible with the HSQ SCADA System, and

WHEREAS, the RTU's and the associated circuit boards and parts ensure that there is no interruption of service in the transmission of this operational data, and

WHEREAS, HSQ has providing service for over 20 years and has provided technical support on approximately \$4,000,000 worth of equipment, and

WHEREAS, On October 23, 2017, staff went to the Finance Committee with an agreement with EMA, Inc., Tucson, AZ, for consultant services for the planning of the SCADA System replacement for Water and Wastewater Utility Operations, and

WHEREAS, until the City has replaced the HSQ SCADA System, staff will need to keep the systems functioning properly to avoid catastrophic failure of the water and/or wastewater systems, and

WHEREAS, this agreement will allow staff to purchase the parts needed and once the new SCADA System is installed and operating, this agreement will not be renewed or extended.

WHEREAS, the Purchasing Manager has determined that the purchase of RTUs should be exempt from the formal bidding process in accordance with Modesto Municipal Code 8-3.204(b) since HSQ is the sole provider of these parts, and

WHEREAS, MMC 8-3.204(b) provides that a purchase may be exempted from the City's formal bidding requirements where the Purchasing Agency's requirements can be met solely by a single article or process, therefore, this purchase qualifies for exemption from formal bidding for that reason.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the sole source agreement with HSQ Technology, Hayward, CA for Remote Terminal Units and all associated circuit boards and parts for the Miser Supervisor Control and Data Acquisition System for a two-year agreement, with three one-year extension options at the sole discretion of the City, for an estimated annual cost not to exceed \$60,000 and a total cost not to exceed \$300,000 over five years.

BE IT FURTHER RESOLVED that the Purchasing Manager, or her designee, is hereby authorized to issue the purchasing agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 16th day of January, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember

WHEREAS, in accordance with Administrative Directive 3.1, Selection Procedures for Professional Consultants Who Provide Architectural & Engineering Services for Capital Projects, which is in compliance with State of California Government Code, Sections 4526-4529, staff solicited and formally advertised an combined Request for Qualifications (RFQ) and Request for Proposal (RFP) through PlanetBids website, and

WHEREAS, staff received Statements of Qualifications (SOQs) and Proposals from eight firms, three of which were considered local firms, and

WHEREAS, after careful review of the proposals and qualifications it was determined that each of the firms exhibited unique strengths in the different fields of construction management, and

WHEREAS, since assistance can be needed in any of these types of construction work, and since all eight firms are being placed on the Pre-qualified List, and

WHEREAS, these firms are NV5, Inc., Consolidated CM Inc., Vali Cooper and Associates, Inc., 4Leaf, Inc., Drake Haglan and Associates, Inc., Black Water Consulting Engineers, Structure Groups, CMPROS, Inc., and

WHEREAS, when construction management and inspection are required for a particular project, an RFP with a specific scope of work will be issued to either all or select firms from the List, depending on the strengths of the firm and the needs of the project, and

WHEREAS, following proposal evaluation, interviews may be conducted to select the most qualified firm, and

WHEREAS, an agreement for construction management and inspection services will then be presented to City Council for approval, if the total amount of the agreement exceeds \$50,000, and

WHEREAS, the Prequalified Consultant List will be active for one year from the date of Council approval, after which the List may be extended via two additional one-year extensions at the written approval of the Director of Utilities, and

WHEREAS, in the event the firms listed are deemed to lack experience or expertise for specific projects, the City may recruit other consultants for individual projects and not be restricted to only using the approved List, and

WHEREAS, the Director will have the authority to request a separate solicitation process and add more firms to this list of pre-qualified firms through a formal selection procedure per Administrative Directive 3.1.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Pre-qualified Consultant List for Construction Management and Inspection Services for various Capital Improvement Program (CIP) Projects for a period of one year, with two additional one-year extensions at the written approval of the Utilities Department Director.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 16th day of January, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-15**

RESOLUTION APPROVING THE FISCAL YEAR 2017-18 MAINTENANCE OF EFFORT (MOE) TO FUND BOTH MEASURE L AND THE CALIFORNIA ROAD REPAIR ACCOUNTABILITY ACT-ROAD MAINTENANCE AND REHABILITATION ACCOUNT AND AMEND THE FISCAL YEAR 2017-18 OPERATING BUDGET IN THE AMOUNT OF \$1,538,605 TO BE FUNDED WITH FISCAL YEAR 2016-17 GENERAL FUND CARRYOVER FUNDS

WHEREAS, on November 6, 2016, the County voters approved Measure L, enacting a half-cent sales tax for 25 years to fund transportation improvements, and

WHEREAS, Section 9.03.01 of Measure L includes a Maintenance of Effort (MOE) requirement whereby local jurisdictions must contribute no less than its three-year average of annual expenditures from its general fund during the prior three fiscal years, and

WHEREAS, On April 28, 2017, the Governor approved Senate Bill No. 1, known as the Road Repair and Accountability Act of 2017, and

WHEREAS, the Act establishes a new Road Maintenance and Rehabilitation Account and a percentage of this new funding will be apportioned to eligible cities and counties for basic road maintenance, rehabilitation, and critical safety projects on local streets and roads systems, and

WHEREAS, the Act requires a local agency to meet the MOE requirement in order to receive funding and states that a city must maintain general fund spending for street, road, and high purposes at no less than the average of 2009-10, 2010-11, and 2011-12 fiscal years, and

WHEREAS, the City has confirmed with Stanislaus Council of Governments (StanCOG) regarding the Measure L MOE and confirmed the required amount for FY 2017-18 is \$521,505 to meet the MOE requirement, and

WHEREAS, the City has confirmed with the State Controller's Office regarding the Road Repair Accountability Act-Road Maintenance and Rehabilitation Account MOE and confirmed the required amount for FY 2017-18 is \$1,538,605 to meet the MOE requirement, and

WHEREAS, the Fiscal Year 2017-2018 Operating budget must be amended to appropriate and transfer \$1,538,605 from FY 2016-17 General Fund carryover funds to meet both the Measure L and Road Repair Accountability Act-Road Maintenance and Rehabilitation Account Maintenance of Effort FY 2017-18 requirement.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Fiscal Year 2017-18 Maintenance of Effort (MOE) to fund both Measure L and the Road Repair Accountability Act-Road Maintenance and Rehabilitation Account and amends the Fiscal Year 2017-18 operating budget to appropriate and transfer \$1,538,605 from FY 2016-17 General Fund carryover funds.

BE IT FURTHER RESOLVED that the Interim City Manager, or his designee, is hereby authorized to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 16th day of January, 2018, by Councilmember Ridenour, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-16**

RESOLUTION ACCEPTING THE COMPLETED PORTION OF PUBLIC IMPROVEMENTS FOR HILLGLEN PARKS SUBDIVISION, LOCATED AT THE INTERSECTION OF HILLGLEN AVENUE AND CADEN DRIVE

WHEREAS, NHC Holdings, LLC, a California limited liability company (“Subdivider”), is the subdivider of a tract of land situated in the City of Modesto, consisting of 10.56 acres, known as the HILLGLEN PARKS SUBDIVISION (“Subdivision”), and

WHEREAS, the Public Works Department has verified that a portion of the required public improvements for this project have been satisfactorily completed and all inspection fees have been paid on that portion of the project, and

WHEREAS, the Public Works Department will not assume maintenance responsibilities until all of the public improvements for the entire subdivision have been completed and accepted by City Council, and

WHEREAS, pursuant to the Subdivision Agreement, Subdivider has filed Faithful Performance Bonds in the amount of \$189,444 for Hillglen Parks, and

WHEREAS, pursuant to the Subdivision Agreement, Subdivider has filed Payment Bonds in the amount of \$94,722 for Hillglen Parks, and

WHEREAS, pursuant to the Subdivision Agreement, Subdivider will file Warranty Bonds in the amount of \$170,870 for all required public improvements for Hillglen Parks after all public improvements have been completed, and

WHEREAS, the developer has requested that the completed portion of the improvements be accepted and the Bonds be reduced to the amount required for the remaining improvements only, and

WHEREAS, the Public Works Director has indicated that it would be appropriate for the City Council to accept said public improvements,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the completed portion of public improvements for Hillglen Parks Subdivision, located at the intersection of Hillglen Avenue and Caden Drive, constructed by the Subdivider are hereby accepted.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of January, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2018-17**

**RESOLUTION APPROVING THE FINAL MAP OF HILLGLEN PARKS
SUBDIVISION, AUTHORIZING THE INTERIM CITY MANAGER, OR HIS
DESIGNEE, TO EXECUTE A SUBDIVISION AGREEMENT WITH NHC
HOLDINGS, LLC, A CALIFORNIA LIMITED LIABILITY COMPANY AND
AUTHORIZING THE CITY CLERK TO CERTIFY THE FINAL MAP AND
RECORD IT WITH THE STANISLAUS COUNTY RECORDER'S OFFICE**

WHEREAS, NHC HOLDINGS, LLC, a California limited liability company ("Subdivider"), is in possession of a tract of land situated in the City of Modesto, County of Stanislaus, consisting of 10.56 acres, known as the HILLGLEN PARKS SUBDIVISION ("Subdivision"), in the Village One specific plan and the precise plan number 15, and

WHEREAS, a tentative map of said tract was approved by the Planning Commission of the City of Modesto on January 27, 2014 with conditions of approval as noted in Planning Commission resolution Number 2014-04, and

WHEREAS, the Secretary of the Planning Commission of the City of Modesto and the City Engineer have certified that the final map of said tract substantially conforms to the approved tentative map, and

WHEREAS, the project is currently under construction and 90% of the public improvements have been completed as determined by the City, and

WHEREAS, as required by Section 4-4.605 of the Modesto Municipal Code, the Subdivider has executed a Subdivision Agreement, and

WHEREAS, the City Engineer of the City of Modesto has certified that the final map of said Subdivision meets all of the provisions of the California Subdivision Map

Act and the provisions of the Modesto Municipal Code relating to subdivisions, and the City Surveyor has determined that the map is technically correct, and

WHEREAS, the Subdivider has furnished securities for improvements that have not been built, as set forth in Section 4-4.605 of the Modesto Municipal Code, and which shall secure the obligations set forth in Section 66499.3 of the Government Code of the State of California. Said securities are in forms acceptable to the City Attorney and in the amounts required by the City Engineer,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Final Map of Hillglen Parks Subdivision; that the dedications for public streets and easements as shown thereon within the boundaries of said tract be accepted on behalf of the public for public use.

BE IT FURTHER RESOLVED that the Interim City Manager, or his designee, is authorized to execute the Subdivision Agreement, in a form approved by the City Attorney.

BE IT FURTHER RESOLVED that the City Clerk is hereby authorized to certify the map of said tract on behalf of the City of Modesto after the fees and deposits required by the Modesto Municipal Code in amounts determined by the City Engineer have been paid.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of January, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2018-18**

**RESOLUTION APPROVING THE PLANS AND SPECIFICATIONS,
ACCEPTING THE BID, AND AWARDING THE CONSTRUCTION CONTRACT
TO CAZADORO CONSTRUCTION, INC. OF SAN FRANCISCO, CA IN THE
AMOUNT OF \$735,115 FOR THE RIGHT TURN LANE AT PRESCOTT ROAD
AND PLAZA PARKWAY PROJECT, AND AUTHORIZING THE INTERIM
CITY MANAGER, OR HIS DESIGNEE TO EXECUTE THE CONTRACT**

WHEREAS, the City is ready to construct the Right Turn Lane at Prescott Road and Plaza Parkway project, and

WHEREAS, the original timeline for construction of this project was for construction to begin in June, 2013 and be complete by December, 2013, and

WHEREAS, in late October, 2016 all dry utility relocation work was completed by the outside agencies, and

WHEREAS, the project was advertised for bids on November 8, 2016, bids were opened on December 6, 2016, only two bids were received, the apparent low bidder was 55.10% above the engineer's estimate and the second bidder was 101.96% above engineer's estimate, and

WHEREAS, on January 24, 2017, by Resolution 2017-27, Council rejected all bids for this project with the intention of having staff make some modifications to the scope and rebid the project with the hope of attracting a higher number of contractors, and

WHEREAS, staff made modifications to the scope of the project, and

WHEREAS, the project was re-advertised for bids on June 26, 2017, bids were publicly opened on July 18, 2017 pursuant to Modesto Municipal Code 8-3.403 and

Charter Section 1307 and only one responsive bid was received from Cazadoro Construction, Inc. of San Francisco, California, and

WHEREAS, the proposed award of bid to Cazadoro Construction, Inc., of San Francisco, CA conforms to Modesto Municipal Code section 8-3.403 and Modesto Charter Section 1307 and Cazadoro Construction Inc., is the lowest responsive and responsible bidder, and

WHEREAS, with this project having been advertised twice, the relatively few contractors that have bid on the project, the Interim City Manager and staff have determined that it would be in the best interest of the City to move forward with the project and recommend approving the plans and specifications, accept the bid, and award the construction contract to Cazadoro Construction, Inc., of San Francisco, CA.

NOW, THEREFORE BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the plans and specifications, accepts the bid, and awards the construction contract to Cazadoro Construction, Inc. of San Francisco, CA in the amount of \$735,115 for the Right Turn Lane at Prescott Road and Plaza Parkway Project.

BE IT FURTHER RESOLVED that the Interim City Manager, or his designee, is hereby authorized to execute the contract, in a form approved by the City Attorney.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-21**

RESOLUTION APPROVING A SECOND AMENDMENT TO AGREEMENT TO ENTER AND CONSTRUCT IMPROVEMENTS WITH AUTOZONE, INC. FOR THE PROPERTY LOCATED AT 1901 PRESCOTT ROAD (PARCELS A & B OF 47-PM-2, APN 005-082-037); AND AUTHORIZING THE INTERIM CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE SECOND AMENDMENT AND ALL RELATED DOCUMENTS

WHEREAS, the Congestion Mitigation Air Quality (CMAQ) CML 5059 (187) – Prescott Road and Plaza Parkway project involves the expansion of Prescott Road to include a southbound right turn lane at the northwest corner of Prescott Road and Plaza Parkway, and

WHEREAS, on March 1, 2012, Caltrans determined this project to be a categorical exclusion pursuant to the National Environmental Policy Act (NEPA) and all other applicable federal environmental laws, regulations and executive orders, and

WHEREAS, the project is consistent and is in conformance to the General Plan Master E.I.R. and no additional California Environmental Quality Act clearance is needed, and

WHEREAS, the City of Modesto desires to construct a portion of the required improvements for a right turn lane at 1901 Prescott Road (Parcels A & B of 47-PM-2, APN 005-082-037) owned by AutoZone, Inc., and

WHEREAS, on February 5, 2013, by Resolution 2013-48, Council approved an Agreement to Enter and Construct Improvements with AutoZone, Inc. located at 1901 Prescott Road (Parcels A & B of 47-PM-2, APN 005-082-037), and

WHEREAS, the City had not yet commenced construction of the project and the completion deadline of thirty-six (36) months was February 5, 2016, and

WHEREAS, on March 8, 2016, by Resolution 2016-90, Council approved an Amendment to the Agreement to Enter and Construct Improvements with AutoZone, Inc. located at 1901 Prescott Road (Parcels A & B of 47-PM-2, APN 005-082-037), which extended the deadline for completion of the project from thirty-six (36) months to fifty-four (54) months, and

WHEREAS, City of Modesto and AutoZone, Inc. must enter into a Second Amendment to extend the completion deadline from fifty-four (54) months to seventy-two (72) months,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Second Amendment to Agreement to Enter and Construct located at 1901 Prescott Road (Parcels A & B of 47-PM-2, APN 005-082-037) owned by AutoZone, Inc.

BE IT FURTHER RESOLVED that the Interim City Manager, or his designee, is hereby authorized to execute the Second Amendment and all related documents, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of January, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-23**

RESOLUTION APPROVING A CAPITAL FACILITIES FEES PUBLIC IMPROVEMENT REIMBURSEMENT AGREEMENT BETWEEN THE CITY OF MODESTO AND VALLEY CHILDREN'S MEDICAL GROUP, FOR PUBLIC IMPROVEMENTS IDENTIFIED IN THE CAPITAL FACILITIES FEES PROGRAM, THAT THE DEVELOPER WILL CONSTRUCT IN CONNECTION WITH THE VALLEY CHILDREN'S MEDICAL CENTER, AT PELANDALE AVENUE IN AN AMOUNT NOT TO EXCEED \$204,210 AND AUTHORIZING THE INTERIM CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, in May 2013, By Resolution No. 2013-177, Council adopted the Capital Facilities Fees Policies and Procedures and

WHEREAS, the policy allows developers to install public improvements and be reimbursed for the work if certain parameters are met, and

WHEREAS, in April 2017, Valley Children's Medical Group (Applicant) submitted a building application to develop a new 63,167 square foot Children's Specialty Medical Clinic at 3525 Pelandale Avenue, and

WHEREAS, as a condition of the Development Plan Review, the developer was instructed to construct, a center concrete median on Pelandale Avenue which will allow left turns into the driveway but will prohibit left turns out of the driveway, and

WHEREAS, the public improvements are identified in the Capital Facilities Fees Program, and therefore reimbursable to the developer, and

WHEREAS, a Capital Facilities Fees Public Improvement Reimbursement Agreement between the City of Modesto and Valley Children's Medical Group, (CFF Agreement) must be executed prior to commencement of work in order for the Applicant to be reimbursed for the public improvement costs associated with the project, and

WHEREAS, the proposed CFF Agreement has maximum reimbursement amount of \$204,210, reimbursement will be based upon actual expenses incurred, and

WHEREAS, in no event will reimbursement exceed the maximum reimbursement amount. Reimbursement is strictly limited to funds from the Capital Facilities Fees – Streets Fund.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Capital Facilities Fees Public Improvement Reimbursement Agreement between the City of Modesto and Valley Children’s Medical Group, for public improvements identified in the Capital Facilities Fees program that the developer will construct in connection with the new Valley Children’s Medical Center at Pelandale Avenue in an amount not to exceed \$204,210.

BE IT FURTHER RESOLVED that the Interim City Manager, or his designee, is hereby authorized to execute the agreement, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of January, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2018-25**

**RESOLUTION ACCEPTING THE *DESTINATION MODESTO* REPORT FOR
THE FIRST QUARTER OF FISCAL YEAR 2017-18**

WHEREAS, in 2015, the City absorbed the functions of the Convention & Visitor's Bureau within the Community & Economic Development Department and a *Destination Modesto* Task Force was created to promote travel, tourism and entertainment,

WHEREAS, the *Destination Modesto* report for the convention and tourism activity are periodically submitted to the City Council for their consideration, and

WHEREAS, subsequent *Destination Modesto* reports have been expanded to also include activity from the McHenry Mansion, McHenry Museum, all three (3) City-owned golf courses, and City parks, and

WHEREAS, the *Destination Modesto* Report – Third and Fourth Quarter Fiscal Year 2016-17 reflected activity from all *Destination Modesto* assets in addition to second quarter Convention & Tourism activity that was not included in earlier reports,

WHEREAS, the *Destination Modesto* Report – First Quarter Fiscal Year 2017-18 reflects activity from all *Destination Modesto* assets in addition to groups visiting Modesto,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts the *Destination Modesto* Report – First Quarter Fiscal Year 2017-18.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of January, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-26**

**RESOLUTION APPROVING THE SUBMITTAL OF AN APPLICATION FOR
THE 2017 ASSISTANCE TO FIREFIGHTERS GRANT IN AN AMOUNT THAT
WILL EXCEED \$100,000, WITH A 10% LOCAL MATCH FOR THE
PROCUREMENT OF RADIO COMMUNICATIONS EQUIPMENT AND
SOURCE CAPTURE EXHAUST SYSTEMS**

WHEREAS, the Department of Homeland Security (DHS), Federal Emergency Management Agency's (FEMA) Grant Program Directorate implements and administers the Assistance to Firefighters Grant (AFG) program, and

WHEREAS, the purpose of the AFG program is to enhance the safety of the public and firefighters with respect to fire and fire-related hazards by providing direct financial assistance to eligible fire departments for critically needed resources to equip and train emergency personnel to recognized standards, enhance operational efficiencies, foster interoperability, and support community resilience, and

WHEREAS, the Notice of Funding Opportunity was posted on grants.gov on Tuesday, December 19, 2017, and

WHEREAS, the application period opened on December 26, 2017, and will close on February 2, 2018, and

WHEREAS, the Modesto Fire Department is seeking authorization to submit grant applications for the 2017 AFG program in an amount that will exceed \$100,000 and requires a 10% local match of funds, and

WHEREAS, these known variables meet the threshold outlined in Administrative Directive 7.2 Grant Management that requires the department to seek pre-approval to apply for the grant from the Finance Director, City Manager and City Council, and

WHEREAS, if awarded the grant, the Fire Department is required to come before Committee and Council for approval to accept the grant, and

WHEREAS, the department intends to apply for the replacement of the remaining phases needed to update the aging radio communications equipment (portable radios, base radios, etc.) as well as installing source capture exhaust systems in fire stations where we do not have adequate systems for apparatus.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the submittal of an application for the 2017 Assistance to Firefighters Grant in an amount that will exceed \$100,000, with a 10% local match for the procurement of radio communications equipment and source capture exhaust systems.

BE IT FURTHER RESOLVED that the Interim City Manager, or his designee, is hereby authorized to submit the application.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-27**

RESOLUTION APPROVING AN AMENDMENT TO THE CITY'S ANTI-DRUG PROGRAM/ALCOHOL MISUSE PROGRAM TO ENSURE CONTINUED COMPLIANCE WITH THE REGULATIONS ESTABLISHED BY THE FEDERAL DEPARTMENT OF TRANSPORTATION

WHEREAS, the Omnibus Transportation Employee Testing Act of 1991 requires drug and alcohol testing of safety-sensitive transportation employees in transportation industries, and

WHEREAS, the City of Anti-Drug/Alcohol Misuse Program and Procedure is governed by both the Federal Motor Carrier Safety Administration and the Federal Transit Administration, and

WHEREAS, the Anti-Drug/Alcohol Misuse Program has been amended on January 10, 2012 by Resolution No. 2012-10, on September 2, 2014 by Resolution No. 2014-318 , and on May 24, 2016 by Resolution No. 2016-211, and

WHEREAS, there is a need to revise the current City's Anti-Drug/Alcohol Misuse Program to incorporate language referring to opioids to ensure compliance with the Federal regulations of the Department of Transportation, and

WHEREAS, the City of Modesto's Anti-Drug/Alcohol Misuse Program will be updated vis-à-vis the Table of Contents, Prohibited Substances subsection, and the Opiate Fact Sheet to include opioid language in compliance with the DOT Final Rule No. 52229.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the amendment to the City's Anti-Drug/Alcohol Misuse Program, **attached** hereto, is

hereby approved to ensure continued compliance with the regulations established by the Federal Department of Transportation.

BE IT FURTHER RESOLVED, that this resolution shall be effective as of January 1, 2018.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of January, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

1. Purpose of Policy

This policy complies with 49 CFR Part 655, as amended, 49 CFR Part 40, as amended, and 49 CFR Part 382, as amended. All drug and alcohol testing is conducted in accordance with these regulations.

Copies of Parts 382, 655 and 40 are available in the Anti-Drug Program/Alcohol Misuse Program Manager's office and can be found on the internet at the Office of Drug & Alcohol Policy & Compliance's website <http://www.dot.gov/ost/dapc/index.html>.

The City of Modesto has written and implemented its Anti-Drug/Alcohol Misuse Program to ensure compliance with Federal Regulations of the Department of Transportation. This program is implemented in addition to the City's Drug-Free Workplace Program. This policy and these procedures are adjunct to the City of Modesto's Alcohol and Drug Abuse Policy, dated October 7, 2009. In the event that Federal Regulations conflict with the City's Drug-Free Workplace Program, the Federal Regulations shall prevail. In the event that Federal Regulations fail to provide language for a particular situation, the employee shall be subject to this policy, the City's 2009 Drug-Free Workplace Program or other applicable City Policies.

It is the goal of the City of Modesto to attract and maintain a work force that is free of alcohol or drugs that impair judgment, impact job performance or result in accident or injury to employees or the general public. For the purpose of this program an employee who tests positive on a drug test, as defined by DOT, shall be considered impaired.

2. Statement of Philosophy

A. City Philosophy

As stated in the City of Modesto's Alcohol and Drug Abuse Policy, employees shall not utilize or be impaired by alcohol or drugs while in City vehicles, at work locations, or while on duty or paid standby; shall not possess alcohol or drugs while on duty, or in City vehicles; shall not sell or provide or participate in or arrange for the selling or provision of prescription or illegal drugs to any other employee or to any person while such employee is on duty or paid standby; nor have their ability to work impaired as a result of the use of alcohol or drugs. Employees must be able to perform their duties safely and efficiently, in the interest of the public and their fellow workers, as well as themselves. The influence of drugs and alcohol on employees is not consistent with this objective.

The City will act to eliminate any substance abuse. Examples include alcohol, illegal drugs, prescription drugs, or any other substance which could impair an employee's ability to perform safely and effectively the functions of the particular job that increases the potential for accidents, absenteeism, substandard performance, poor employee morale, or damage to the City's reputation.

3. Scope

A. Covered Employees

This policy applies to every employee whose position requires the possession of a commercial driver's license (CDL); every employee performing a "safety-sensitive function" as defined herein, and any employee applying for such positions. Compliance with all required testing is a condition of employment.

Under Federal Motor Carrier Safety Administration (**FMCSA**), an employee is performing a safety-sensitive function if they are:

- Driving a commercial motor vehicle which requires the driver to have a commercial driver's license (CDL),
- Inspecting, servicing, or repairing any commercial motor vehicle,
- Waiting to be dispatched to operate a commercial motor vehicle,
- Performing all other functions in or upon a commercial motor vehicle,
- Loading or unloading a commercial motor vehicle, supervising or assisting in the loading or unloading, attending a vehicle being loaded or unloaded, remaining in readiness to operate the vehicle, or in giving or receiving receipts for shipment being loaded or unloaded,
- Performing driver requirements associated with an accident, or
- Repairing, obtaining assistance, or remaining in attendance upon a disabled commercial motor vehicle.

Under Federal Transportation Authority (**FTA**), you are a safety-sensitive employee if you perform any of the following:

- Operation of a revenue service vehicle, whether in or out of revenue service,
- Operation of a non-revenue vehicle requiring a CDL,
- Controlling movement or dispatch of a revenue service vehicle,
- Security personnel who carry firearms,
- Maintenance (including repairs, overhaul and rebuilding) of a revenue service vehicle or equipment being used on revenue service, or
- Contract employees that stand in the shoes of Transit System employees who have to comply.

Covered employee means a person, including an applicant or transferee, who performs or will perform a safety-sensitive function. A volunteer is a covered employee if: (1) The volunteer is required to hold a commercial driver's license to operate the vehicle; or (2) The volunteer performs a safety-sensitive function for an entity subject to CFR 49 Part 655, 40 or 382 and receives remuneration in excess of his or her expenses incurred while engaged in the volunteer activity.

See Attachment A and B for a list of covered positions by job title.

B. Contact

For questions regarding the City's anti-drug use and alcohol misuse program, please contact the Risk & Loss Control Coordinator at 209-577-5446.

4. Prohibited Substances

- Marijuana
- Cocaine
- Amphetamines
- Opiates & Opioids
- Phencyclidine (PCP)

Use of these five substances is prohibited at all times and a covered employee may be tested for these drugs any time while on duty.

5. Prohibited Behavior- Alcohol

Each covered employee is prohibited from consuming alcohol while performing safety-sensitive job functions or while on-call to perform safety-sensitive job functions. If an on-call employee has consumed alcohol, they must acknowledge the use of alcohol at the time that they are called to report to duty. If the covered employee claims ability to perform his or her safety-sensitive function despite prior consumption of alcohol, they must take an alcohol test, with a negative result, before being allowed to work.

No department shall permit any covered employee to perform or continue to perform safety-sensitive functions if it has actual knowledge that the employee is using alcohol.

Each covered employee is prohibited from reporting to work or remaining on duty requiring performance of safety-sensitive functions while having an alcohol concentration of 0.04 or greater regardless of when the alcohol was consumed.

No covered employee shall consume alcohol for eight (8) hours following involvement in an accident or until he/she submits to the post-accident drug/alcohol test, whichever occurs first.

No covered employee shall consume alcohol within four (4) hours prior to the performance of safety-sensitive job functions.

6. Testing Procedure

Testing shall be conducted in a manner to assure a high degree of accuracy and reliability using techniques, equipment and laboratory facilities which have been approved by the U.S. Department of Health and Human Services (HHS). All testing will be conducted consistent with the procedures as required in 49 CFR Part 40 (as amended). The following types of tests and testing protocols apply:

A. Pre-Employment Testing

Pre-employment tests are conducted after making a conditional offer of employment or transfer that is subject to the employee passing the pre-employment test.

FTA Procedures: A negative pre-employment drug test result is required before an employee can first perform safety-sensitive duties.

A pre-employment test, with a verified negative result, is required for covered employees who are away from work for more than 90 consecutive calendar days, are removed from the random testing pool, during that time, and plan to return to a safety-sensitive function.

When a covered employee or applicant has previously failed or refused a DOT pre-employment drug and/or alcohol test, the employee must provide proof of having successfully completed a referral, evaluation and treatment plan meeting DOT requirements.

FMCSA Procedures: A negative pre-employment drug test result is required before an employee can first perform safety-sensitive duties. An employer is required to administer a pre-employment controlled substances test if:

- (1) The driver has participated in a controlled substances testing program that meets the requirements of this part within the previous 30 days; and
- (2) While participating in that program, either:
 - a) Was tested for controlled substances within the past six months (from the date of application with the City of Modesto), or
 - b) Participated in the random controlled substances testing program for the previous twelve months (from the date of application with the City of Modesto); and
- (3) The City of Modesto ensures that no prior employer of the driver (of whom the City of Modesto has knowledge) has records of a violation of this part or the controlled substances use rule of another DOT agency within the previous six months.
- (4) A pre-employment test, with a verified negative result, is required for covered employees who are away from work for more than 30 consecutive calendar days, are removed from the random testing pool during that time, and plan to return to a safety-sensitive function.

B. Reasonable Suspicion Testing

As currently provided in the City of Modesto's Alcohol and Drug Abuse Policy, the City shall conduct a drug and/or alcohol test when the City has reasonable suspicion to believe that the covered employee has used a prohibited drug and/or engaged in alcohol misuse.

The determination that reasonable suspicion exists shall be based on specific, contemporaneous, objective observations concerning the appearance, behavior, speech, or body odors of the covered employee. A supervisor or other City official, trained in detecting the signs and symptoms of drug use and alcohol misuse, must make the required observations and document them in writing on the form provided. (Attachment D)

The City allows you to ask to have a representative with you prior to being tested for non-DOT reasons. We will provide access to a telephone to contact a representative. Your representative must be present within one and one half hours of the time we directed you to take the test. If the representative cannot be present or is not present within that time, we may allow additional time at our discretion or we may choose to have you undergo the evaluation and/or testing without your representative being present.

The City of Modesto may direct a covered employee to undergo DOT reasonable suspicion testing for alcohol only while the employee is performing safety-sensitive functions, just before the employee is to perform safety-sensitive functions; or just after the employee has ceased performing such functions. However, all City employees (DOT and non-DOT) can be tested under the City's Alcohol and Drug Abuse Policy for reasonable suspicion.

If an alcohol test is not administered within two (2) hours following the determination to conduct a reasonable suspicion test, the supervisor shall prepare and maintain on file a record stating the reasons the alcohol test was not promptly administered. If an alcohol test is not administered within eight (8) hours following the determination to test, the City shall cease attempts to administer an alcohol test and update the record with the reasons for not administering the test in a timely manner.

Where there is reasonable suspicion that the employee is impaired by alcohol or drugs, the manager or supervisor should arrange for the employee to be safely transported home after the employee has undergone testing. The employee shall be placed on paid administrative leave pending the outcome of the test.

C. Post-Accident Testing

FMCSA and FTA Procedures: Covered employees shall be subject to post-accident alcohol and controlled substances testing under the following circumstances:

Fatal Accidents: As soon as possible following an accident involving the loss of human life, DOT drug and alcohol tests are conducted on all surviving covered employees. In addition, any other covered employee whose performance could have contributed to the accident, as determined by the employer using the best information available at the time of the decision, is tested.

Non-Fatal Accidents: Post-accident testing is required if one of the following conditions is met,

- An accident results in injuries requiring immediate medical treatment away from the scene, and the covered employee may have contributed to the accident,
- or
- One or more vehicles receive disabling damage and have to be towed from the scene, and the covered employee may have contributed to the accident.

In addition, any other covered employee whose performance could have contributed to the accident, as determined by the employer using the best information available at the time of the decision, is tested.

Disabling damage means damage which prevented the departure of any vehicle from the scene of the occurrence in its usual manner in daylight after simple repairs.

Disabling damage includes damage to vehicles that could have been operated but would have been further damaged if so operated, but does not include damage which can be remedied temporarily at the scene of the occurrence without special tools or parts, tire disablement without other damage even if no spare tire is available, or damage to headlights, tail lights, turn signals, horn, or windshield wipers that makes them inoperative.

If an alcohol test is not administered within two hours following the time of the accident, the supervisor shall prepare and maintain on file a record stating the reasons the alcohol test was not promptly administered. If an alcohol test is not administered within eight hours following the determination to test, the City shall cease attempts to administer an alcohol test and update the record with the reasons for not administering the test in a timely manner. The drug test should be taken as soon as possible. Attempts to conduct the drug test shall cease after 32 hours.

Any decision not to administer a drug and/or alcohol test under this section shall be based on the City's determination, using the best available information at the time of the determination that the employee's performance could not have contributed to the accident. Such a decision must be documented in detail, including the decision-making progress used to reach the decision not to test (Attachment C).

Nothing in this section shall be construed to require the delay of necessary medical attention for the injured following an accident or to prohibit a covered employee from leaving the scene of an accident for the period necessary to obtain assistance in responding to the accident or to obtain necessary emergency medical care.

D. Random Testing

Random drug and alcohol tests are unannounced and unpredictable, and the dates for administering random tests are spread reasonably throughout the calendar year. Random testing must be conducted at all times of the day when safety-sensitive functions are performed.

Testing rates will meet or exceed the minimal annual percentage rate set each year by the DOT Administrator. The current year testing rates can be viewed on line at <http://www.dot.gov/ost/dapc/rates.html>. The FMCSA minimum testing requirement is to annually perform drug tests on 50% and alcohol tests on 10% of the average number of commercial driver positions. The FTA minimum testing requirement is to annually perform drug tests on 25% and alcohol tests on 10% of the average number of safety-sensitive employees. If a given agency or driver is subject to random alcohol or controlled substances testing under the random alcohol or controlled substances testing of more than one DOT agency for the same employer, the drivers shall be subject to random alcohol and/or controlled substances testing at the annual percentage rate established for the calendar year by the DOT agency regulating more than 50 percent of the driver's function.

The selection of employees for random drug and alcohol testing shall be made by a scientifically valid method, such as a random number table or a computer-based random number generator that is matched with employees' Social Security numbers, payroll identification numbers, or other comparable identifying numbers. Under the selection process used, each covered employee shall have an equal chance of being tested each time selections are made.

Each employee selected for testing shall be tested during the selection period. A covered employee shall only be randomly tested for alcohol misuse while the employee is performing safety-sensitive functions; just before the employee is to perform safety-sensitive functions; or just after the employee has ceased performing such functions. A covered employee may be randomly tested for prohibited drug use anytime while on duty.

Each covered employee who is notified of selection for random drug or random alcohol testing shall proceed to the test site immediately.

E. Test Refusal

You have refused to take a test if you:

1. Fail to provide a breath or urine sample,
2. Provide an insufficient volume without valid medical explanation,
3. Fail to appear within a reasonable time,
4. Leave the scene of an accident without just cause,
5. Fail to permit an observed or monitored collection when required,

6. For an observed collection, fail to follow the observer's instructions to raise your clothing above the waist, lower clothing and underpants, and to turn around to permit the observer to determine if you have any type of prosthetic or other device that could be used to interfere with the collection process,
7. Possess or wear a prosthetic or other device that could be used to interfere with the collection process,
8. Admit to the collector or MRO that you adulterated or substituted the specimen. Fail to take a second test when required,
9. Fail to undergo a medical examination when required,
10. Fail to cooperate with any part of the testing process,
11. Fail to sign Step 2 of alcohol test form,
12. Once test is underway, fail to remain at site and provide a specimen, or
13. The MRO verifies that you provided an adulterated/substituted sample.

For pre-employment tests only, failure to appear, aborting the collection before the test commences, or failure to remain at site prior to commencement of test is NOT a test refusal.

F. Shy Bladder

If an employee is unable to provide at least 45 milliliters of urine, collection site personnel shall direct the individual to drink not more than 40 ounces of fluids and, after a period up to three (3) hours time, attempt to provide a complete sample. If employee is still not able to give an adequate sample the MRO shall refer the individual for a medical evaluation to determine if the individual's inability to provide a sample is a genuine medical condition or constitutes a refusal to test. An employee's refusal to be examined by a physician shall be regarded as a refusal to test.

G. Dilute Samples

In instances where the employee produces a dilute negative specimen, he or she must undergo a second test. Dilute negative results of 2-5 mg/dl require an immediate recollection under direct observation (see §40.155(c)). The result of the second test is the result of record.

H. Split Sample

Any covered employee who questions the results of a required drug test under this policy may request that the split sample be analyzed. The analysis must be conducted on the split sample that was provided by the employee at the time of the primary specimen. The employee's request must be made to the Medical Review Officer within 72 hours of notice of the verified results from the original sample. Requests after 72 hours will only be accepted at the discretion of the MRO. The split specimen test will be sent to a different DHHS-certified laboratory to analyze for presence of the drug(s) for which a positive result was obtained in the test of the primary specimen. The split specimen analysis will be at the employee's expense if it confirms the original result.

I. Consequences

Following a positive drug or alcohol (BAC at or above 0.04) test result or test refusal, the employee is immediately removed from safety-sensitive duties, referred to a substance abuse professional (SAP), and put on administrative leave pending disciplinary action.

FTA Procedures: Following a BAC of 0.02 or greater, but less than 0.04, the employee is immediately removed from safety-sensitive duties for at least eight hours unless a retest results in the employee's alcohol concentration of less than 0.02.

FMCSA Procedures: Following a BAC of 0.02 or greater, but less than 0.04, the employee is immediately removed from safety-sensitive duties until the start of the driver's next regularly scheduled duty period, but not less than 24 hours following administration of the test.

J. Return to Duty Testing

Any employee who is allowed to return to duty after a refusal to submit to a test or failing an alcohol and/or drug test, must first be evaluated by a substance abuse professional (SAP), and provide a negative drug, alcohol (or both) return-to-duty test result.

K. Follow-Up Testing

Employees returning to duty following a leave for substance abuse rehabilitation will be required to undergo unannounced follow-up alcohol and/or drug testing as directed by the SAP. The number and frequency of such follow-up testing shall be directed by the SAP. The employee will be subject to follow-up testing for a period of 1 to 5 years as determined by the SAP. All testing will be conducted in accordance with 49 CFR Part 40, subpart O.

L. Compensation

Time spent in conjunction with pre-duty (first test to add into the Random pool), post-accident, random and reasonable suspicion testing shall be considered as paid time. The City shall also pay for the cost of these tests, pre-employment tests and the initial evaluation by the SAP. Cost of SAP-required treatment and testing, time spent while testing for return to duty, and time spent on follow-up testing shall be borne by the employee.

7. Employee admission of alcohol and controlled substances use

All employees are encouraged to make use of the available resources for treatment for alcohol misuse and illegal drug use problems. Under the City of Modesto's policy, any employee who **voluntarily discloses** a substance abuse problem **before a disciplinary matter develops and/or before notification for a required test**, will be subject to return-to-duty and follow-up testing under the City of Modesto's authority (using non-DOT testing paperwork). The purpose of the return to duty testing is to provide a degree of assurance that the employee is drug and alcohol free and that the employee is able to return to work without undue concern of continued drug abuse or alcohol misuse.

The employee must be referred to EAP and evaluated by a substance abuse counselor and pass a non-DOT return-to-duty test. The non-DOT return-to-duty test must include both drug and alcohol testing as well as meet other return-to-duty requirements. The employee must have a verified negative drug test result and a breath alcohol test result of less than 0.02 before returning to his/her safety-sensitive functions. Once returned and as a condition of ongoing employment, the employee must follow the recommended frequency and duration of follow-up testing from the EAP/substance abuse counselor. **Any employee who refuses or fails to comply with requirements for treatment, after care, or return-to-duty shall be subject to disciplinary action, up to and including termination.** The cost of any treatment or rehabilitation services will be paid for directly by the employee or their insurance provider.

Employees will be allowed to take accumulated sick leave and vacation leave to participate in the prescribed rehabilitation program.

Any follow-up testing will be apart from and in addition to participation in the random testing program.

8. Prescription Drug Use

The appropriate use of legally prescribed drugs and non-prescription medication is not prohibited. It is however, the employee's responsibility to explain to their physician their job duties and ask their physician, or other health care professional, whether or not the prescribed drug may impair their job performance or mental or motor function. It is the responsibility of the employee to remove themselves from service if they are unfit for duty due to prescription drug use.

The City requires employees to report the use of medically authorized drugs or other substances that may create a direct threat by impairing performance of safety-sensitive functions to his/her supervisor, and to provide written medical authorization to work from a physician.

Failure to report the use of such drugs or failure to provide proper evidence of medical authorization to work may result in disciplinary action, up to and including termination.

9. Over-The-Counter Medications

The City requires its employees, when selecting an over-the-counter medication, to read all warning labels before selecting medications for use while performing safety-sensitive function. Medications known to affect mental function, motor skills or judgment should not be selected. The advice of a pharmacist, if available at the purchase site may be helpful in making a selection that is appropriate for the safety-sensitive functions. If no alternate medication is available for the condition, the employee should seek professional assistance from a pharmacist or physician. Ultimately, the employee may be the best judge of how a substance is impacting him/her. It is the responsibility of the employee to refrain from using any over-the-counter medication that may cause altering side effects inconsistent with doing their job.

10. Evaluation/Rehabilitation

The Substance Abuse Professional (SAP) must be a licensed physician (medical doctor or doctor of osteopathy), licensed or certified psychologist, social worker, employee assistance professional; or an addiction counselor certified by the National Association of Alcoholism and Drug Abuse Counselors Certification Commission or the International Certification Reciprocity Consortium/Alcohol and other Drug Abuse.

The SAP will perform responsibilities and retain confidential records as required by 49 CFR Part 40 (as amended).

An employee who fails a drug test, alcohol test (0.02 or greater), or refuses to be tested will be referred to a substance abuse professional who shall determine what assistance the employee needs in resolving problems associated with alcohol misuse or drug use. Applicants not hired and employees who are to be disciplined as a result of a violation of this policy shall also be referred to the SAP. Each employee identified as needing assistance in resolving problems associated with alcohol misuse or drug use shall be evaluated by a substance abuse

professional to determine if the employee has properly followed a rehabilitation program and shall be subject to unannounced follow-up alcohol and controlled substance testing.

Participation in rehabilitation through the SAP will not result in disciplinary action. However, successful completion of the prescribed program, if it is determined that participation in such a program is needed, will be required for the employee to continue in the employment of the City of Modesto. The employee shall be placed on sick leave, vacation leave, or leave without pay if sick or vacation leave is not available, in order to enter into an approved rehabilitation program.

Participation in rehabilitation through the SAP will not prevent or prohibit disciplinary action where warranted for violations of rules and regulations.

Return to duty will be conditioned upon agreement to substance/alcohol retesting as determined by the SAP for a time period not to exceed 60 months. City policy states that positive results on a follow-up test or other evidence of relapse will be grounds for disciplinary action, up to and including termination.

The SAP's determination that an employee is medically qualified to be returned to duty will not prevent or prohibit disciplinary action for violation of rules and regulations.

Employees who have been determined to need treatment to resolve an alcohol misuse or drug use problem shall be referred to the City's Employee Assistance Program.

11. Employee and Supervisor Training

Every safety-sensitive employee will receive a copy of this policy and will have ready access to the corresponding federal regulations including 49 CFR Part 40 and Part 655 (as amended) on the City's Intranet, by contacting the Program Manager, or by contacting the Risk & Loss Control Coordinator.

All covered employees will undergo a minimum of 60 minutes of initial training on the signs and symptoms of drug use including the side effects and consequences of drug use on personal health, safety, and the work environment. Follow-up training will be done as regulations and requirements change. The initial training also includes manifestations and behavioral cues that may indicate prohibited drug use. Upon completion of the training, employees will sign and date the Employee Acknowledgement Form to confirm receiving the document and the training. Training forms will be forwarded to Human Resources for retention.

All supervisory and management personnel who are in a position to determine employee fitness for duty will receive a minimum of 60 minutes of reasonable suspicion training on the physical, behavioral, and performance indicators of probable drug use and 60 minutes of additional reasonable suspicion training on the physical, behavioral, speech, and performance indicators of probable alcohol misuse. Follow-up training will be done as regulations and requirements change.

Information on the signs, symptoms, health effects, and consequences of substance abuse is found in Attachment G of this policy.

12. Medical Review Officer (MRO)

The MRO must be a licensed physician or doctor of osteopathy who is responsible for receiving laboratory results generated by the drug testing program and who has knowledge of substance abuse disorders and has appropriate medical training to interpret and evaluate an individual's

confirmed positive test result together with his/her medical history and any other relevant biomedical information.

The MRO will perform responsibilities, perform notifications, and retain confidential records as required by 49 CFR Part 40 as amended.

13. Testing Laboratory

The City shall use a drug testing laboratory certified under HHS Mandatory Guidelines for Federal Workplace Drug Testing Programs; 53 FR 11970, April 11, 1988 and subsequent amendments.

The testing laboratory will comply with all methods and procedures of 49 CFR Parts 40, 382, and 655 (as amended). The laboratory shall have a qualified individual to assume professional, organizational, educational, and administrative responsibilities for the laboratory's urine drug testing facility.

14. Reporting of Anti-Drug/Alcohol Testing Results

The City shall prepare and maintain an annual calendar year summary of the results of its alcohol and controlled substances testing programs. By March 15 of each year, the City shall complete the annual summary covering the previous calendar year.

If the City is notified, during the month of January, of a request by the FMCSA and/or FTA to report the employer's annual calendar year summary information, the City shall prepare and submit the report to FMCSA and/or FTA by March 15 of that year. The report shall be in the form and manner prescribed by FMCSA and/or FTA in their requests. When the report is submitted to FMCSA and/or FTA by mail or electronic transmission, the information requested shall be typed, except for the signature of the certifying official.

Each annual calendar year, a summary containing information on controlled substances and alcohol screening test results shall include all informational elements as required by the FTA.

15. Confidentiality

Each individual's record of testing and results under this policy will be maintained as private and confidential. Except as provided by law or expressly authorized by DOT regulations, the results of individual drug/alcohol tests will not be released to anyone without the specific, written consent of a safety-sensitive employee authorizing release of the information to an identified person. Prior to testing, the individual will be informed about who will receive test data (e.g., testing laboratory, MRO, Program Manager, or Department Administrator if removal from safety-sensitive function is necessary).

All written records will be stored in locked containers or in a secure location with access available only by the Program Manager and DOT upon request. Drug and alcohol testing and/or rehabilitation records shall only be released to subsequent DOT covered employers upon written consent from the covered employee. Under these circumstances, only the specific information requested by the employee shall be released.

Terms and Definitions

Accident – The types of accidents requiring testing can be found under Post-Accident Testing.

Air Blank – A reading by an Evidential Breath Testing Device (EBT) of ambient air containing no alcohol.

Alcohol – The intoxicating agent in beverage alcohol, ethyl alcohol, or other low molecular weight alcohol including methyl and isopropyl alcohol.

Alcohol Concentration – The alcohol in a volume of breath expressed in terms of grams of alcohol per 210 liters of breath as indicated by an evidential breath testing device.

Alcohol Use – The consumption of any beverage, mixture, or preparation, including any medication, containing alcohol.

Blind Sample or Blind Performance Test – A urine specimen submitted to a laboratory for quality control testing purposes, with a fictitious identifier, so that the laboratory cannot distinguish it from employee specimens. This specimen is spiked with known quantities of specific drugs or can be blank, containing no drugs.

Breath Alcohol Technician – An individual who instructs and assists individuals in the alcohol testing process and operates an EBT.

Canceled or Invalid Test – In drug testing, a drug test that has been declared invalid by a Medical Review Officer. A canceled test is neither a positive nor a negative test. A sample that has been rejected for testing by a laboratory is treated the same as a canceled test. In alcohol testing, a test that is deemed to be invalidated under §40 Subpart N – Problems in Alcohol Testing is considered canceled or invalid.

Certification – A recipient's (of federal funds) written statement, authorized by the organization's governing board or other authorizing official, that the recipient has complied with the provisions of this part (FTA).

Chain of Custody – Procedures to account for the integrity of each urine specimen by tracking its handling and storage from point of specimen collection to final disposition of the specimen. These procedures shall require that an appropriate drug testing custody form from a Department of Health & Human Services (DHHS) certified laboratory be used from time of collection to receipt by the laboratory.

Collection Site – A place designated by the employer where individuals present themselves for the purpose of providing a specimen of their urine to be analyzed for the presence of drugs.

Collection Site Person – A person who instructs and assists individuals at a collection site and who receives and makes a screening examination of the urine specimen provided by those individuals.

Commercial Motor Vehicle (CMV) – means a motor vehicle or combination of motor vehicles used in commerce to transport passengers or property if the motor 1) Has a gross combination weight rating of 26,001 or more pounds inclusive of a towed unit with a gross vehicle weight of more than 10,000 pounds; or 2) Has a gross vehicle weight rating of 26,001 pounds; or 3) Is designed to transport 16 or more passengers, including the driver; or 4) Is of any size and is used in the transportation of materials found to be hazardous for the purposes of the Hazardous

Materials Transportation Act and which require the motor vehicle to be placarded under the Hazardous Materials Regulation (49 CFR Part 172, subpart F).

Confirmation Test – For alcohol testing this means a second test, following a screening test with a result of 0.02 or greater, which provides quantitative data of alcohol concentration. For controlled substances testing this means a second analytical procedure to identify the presence of a specific drug or metabolite which is independent of the screen test and which uses a different technique and chemical principle from that of the screen test in order to ensure reliability and accuracy.

Covered Position (Safety-Sensitive position) – A duty position or job category that requires the performance of safety-sensitive (covered) function(s).

Covered Function (Safety-Sensitive Function) (1) FMCSA: operation of a commercial motor vehicle. (2) FTA: (a) Operating a revenue service vehicle, including when not in service; (b) Operating a non-revenue service vehicle, when required to be operated by a holder of a Commercial Driver's License; (c) Maintaining a revenue service vehicle or equipment used in revenue service; (d) Carrying a firearm for security purposes; (e) Controlling the movement or dispatch of a revenue service vehicle.

Dilute Specimen – A specimen with creatinine and specific gravity values that are lower than expected for human urine.

DOT Agency – An agency of the United States Department of Transportation administering regulations related to drug or alcohol testing. The Federal Motor Carrier Safety Administration and Federal Transit Administration are DOT agencies.

Drug Metabolite – The specific substance produced when the human body metabolizes a given drug as it passes through the body and is excreted in the urine.

Drug Test – The laboratory analysis of urine specimen collected in accordance with 49 CFR part 40 and analyzed in a DHHS-approved laboratory.

Education – Efforts that include the display and distribution of informational materials, a telephone number for employee assistance, and the City's policy regarding drug use in the workplace.

Employee Assistance Program (EAP) – A program provided to assist employees in dealing with drug or alcohol dependency and other personal problems. Rehabilitation and reentry to the work force are usually arranged through the EAP.

Employer or operator – (1) FMCSA: means any person who owns or leases a commercial motor vehicle or assigns persons to operate such a vehicle. (2) FTA: A recipient or other entity that provides mass transportation service or which performs a safety-sensitive function for such recipient or other entity.

Evidential breath testing device (EBT) – A device approved by the National Highway Traffic Safety Administration (NHTSA) for evidential testing of breath and placed on NHTSA's conforming products list of evidential breath measurement devices (CPL), and identified on the CPL as conforming to the model specifications available from the National Highway Traffic Safety Administration, Office of Alcohol and State Programs.

Federal Motor Carrier Safety Administration (FMCSA) – The DOT operating authority that regulates commercial motor vehicles.

Large Operator – 1) FMCSA: an employer who has more than 50 covered employees, 2) FTA: A recipient or sub-recipient primarily operating in an area of 200,000 or more in population.

Medical Review Officer (MRO) – A licensed physician (medical doctor or doctor of osteopathy) responsible for receiving laboratory results generated by an employer's drug testing program who has knowledge of substance abuse disorders and has appropriate medical training to interpret and evaluate an individual's confirmed positive test result together with his or her medical history and any other relevant biomedical information.

Performing a Covered Function: An employee is considered to be performing a covered function during any period in which he or she is actually performing, ready to perform, or immediately available to perform such covered functions.

Permanent Employee – An employee hired for a period of more than 120 days

Post-Accident Test – A drug test administered to an employee when an accident has occurred and the employee performed a safety-sensitive function that either contributed to the accident, or cannot be completely discounted as a contributing factor in the accident.

Pre-Employment Test – A drug test given to an applicant or employee who is being considered for a safety-sensitive position. The applicant or employee must be informed of the purpose for the urine collection prior to actual collection.

Prohibited Drug – Marijuana (including all hemp products), cocaine, opiates & opioids, phencyclidine (PCP), and amphetamines.

Random Test – A drug test of safety-sensitive employees who are selected on a scientifically defensible random and unannounced basis. The number of tests performed is based on a percentage of safety-sensitive employees as directed by DOT.

Reason to Believe – Objective information indicating that a particular individual may alter or substitute a urine specimen.

Recipient – FTA: An entity receiving Federal financial assistance under Section 3, 9, or 18, of the FT Act, or under Section 103(e)(4) of Title 23 of the United States Code.

Refuse to Submit to Test – means, among other things, that a covered employee (1) Fails to provide adequate breath for testing without a valid medical explanation after he/she has received notice of the requirement for breath testing; (2) Fails to provide adequate urine for controlled substances testing without a valid medical explanation after he/she has received notice of the requirement for urine testing; or (3) Engages in conduct that clearly obstructs the testing process.

Return to Duty Test – An initial drug or alcohol test prior to return to duty and additional unannounced drug tests (Follow-up Tests) given to employees performing in safety-sensitive functions who previously tested positive, or refused a drug/or alcohol test and are returning to safety-sensitive positions.

Revenue Service Vehicle – A vehicle used to transport passengers, including a bus, van, car, railcar, locomotive, trolley car, trolley bus, ferry boat, or a vehicle used on a fixed guideway or inclined plane.

Screening Test (Initial Test) - In alcohol testing, it means an analytical procedure to determine whether a covered employee may have a prohibited concentration of alcohol in his/her system.

In controlled substances testing, it means an immunoassay screen to eliminate “negative” urine specimens from further consideration.

Specimen Bottle – The bottle that, after being labeled and sealed, is used to transmit a urine sample to the laboratory.

Split Specimen – An additional specimen collected with the original specimen, to be tested in the event the original specimen tests positive for drugs.

Substance Abuse Professional (SAP) – The Substance Abuse Professional for this program must be a 1) licensed physician (medical doctor or doctor of osteopathy), licensed or certified psychologist, social worker, employee assistance professional; or 2) an addiction counselor certified by the National Association of Alcoholism and Drug Abuse Counselors Certification Commission or the International Certification Reciprocity Consortium/Alcohol and other Drug Abuse.

Training – Providing information about the effects and consequences of drug use on personal health, safety, and the work environment; and about manifestations and behavioral clues that may indicate drug use or abuse.

Verified Positive (Drug Test Result) – A drug test result reviewed by a Medical Review Officer and determined to have evidence of prohibited drug use.

Volunteer – A permanent, temporary, or part-time worker who is not compensated for his/her service. Volunteers are included in the requirements of FTA drug and alcohol regulations if a CDL is required to operate the vehicle.

ATTACHMENT A

Classifications covered by the DOT Drug & Alcohol Testing Policy - FMCSA

Incumbents in the following Classifications are "covered employees" if they perform "safety sensitive functions" as described in Section C of the DRUG AND ALCOHOL TESTING POLICY.

Airport Maintenance Crewleader
Airport Maintenance Worker
Electrician Assistant I/II/III
Electrician-Traffic & Buildings
Equipment Mechanic
Equipment Mechanic Crewleader
Equipment Service Technician
Equipment Operator
Heavy Equipment Mechanic
Heavy Equipment Mechanic Crewleader
Maintenance Worker I (only when hired with a Class B)
Maintenance Worker II
Operations Crewleader
Parks Maintenance Mechanic
Parks Maintenance Crewleader
Plant Mechanic I/II
Senior Equipment Operator
Senior Utilities Plant Operator
Senior Utilities Services Worker
Tree Trimmer
Tree Trimmer Crewleader
Utilities Plant Operator I/II
Utilities Services Worker I/II/III
Water Meter Technician

Exempt Classifications

Building Maintenance Technician
Compost Heavy Equipment Mechanic
Cross Connection Specialist
Custodian I/II
Electrical and Instrumentation Technician
Environmental Compliance Inspector I/II
Environmental Compliance Technician
Fire Engineers
Fleet Procurement Technician
Groundskeeper (3522)
Head Groundskeeper (3522)
Laboratory Analyst I/II/III
Parking Facilities Crewleader
Production Technician
Senior Utilities Plant Operator
Traffic Operations Crewleader

ATTACHMENT C

DOT Post-Accident Drug and Alcohol Testing Decision and Documentation Form

Accident Information:

Date of Accident _____ Time of Accident _____ a.m./p.m.

Employee Name _____ Location of Accident _____

Covered under _____ FTA or _____ FMCSA ?

Decision Questions:

Was there a fatality? Yes _____ No _____ (If yes, DOT drug and alcohol testing required)

If there was NO fatality, answer the following questions:

Did any individual involved in the accident suffer bodily injury and immediately receive medical treatment away from the scene of the accident?

Yes _____ (If yes, drug and alcohol testing required) No _____

Did the commercial vehicle or any other vehicle involved in the accident sustain disabling damage* requiring any of the vehicles to be transported away from the scene by a tow truck or other vehicle?

Yes _____ (If yes, drug and alcohol testing required) No _____

If there was No fatality AND you checked YES for either or both of the answers above, a DOT Post-Accident DRUG and ALCOHOL test is required unless you determine, using the best information available at the time of the decision, that the employee's performance can be completely discounted as a contributing factor in the accident. Any reason for discounting the employee's performance as a contributing factor to the accident MUST be documented on page two of this form.

Could the actions of any other safety-sensitive employee have contributed to the accident (e.g., mechanic)?

Yes _____ (If yes, contact the employee's supervisor to report the testing requirement)

No _____

*DISABLING DAMAGE is damage that precludes the departure of any vehicle from the scene of an accident in its usual manner in daylight hours after simple repairs. Disabling damage includes: damage to vehicles that could have been operated, but would have caused further damage if so operated. Disabling damage does not include: damage that could be remedied temporarily at the scene of the occurrence without special tools or parts, tire disablement without

other damage even if no spare tire is available, or damage to headlights, taillights, turn signals, horn, or windshield wipers that makes them inoperable.

If ALCOHOL testing is not conducted within 2 hours after the accident, document the reason for the delay on page two of this form. If no alcohol test is administered within 8 hours, cease all efforts to have the test administered and update the documentation.

If DRUG testing is not conducted within the first 8 hours after the accident, document the reason for the delay on page two of this form. If no drug test is administered within 32 hours, cease all efforts to have the test administered and update the documentation.

DOT Alcohol Testing Location: _____

DOT Alcohol Testing Time: _____

DOT Urine Drug Testing Location: _____

DOT Urine Drug Testing Time: _____

If testing is delayed, document the reasons below:

Reason the ALCOHOL test was not conducted within 2 hours after the accident. Update this statement if no test conducted within 8 hours.

Reason the DRUG test was not conducted within 8 hours after the accident. Update this statement if no test conducted within 32 hours.

Reason the employee's performance was completely DISCOUNTED as a contributing factor to the accident and therefore, FTA post-accident testing was not conducted.

_____(Supervisor Initial) I have evaluated the employee and determined that there is no reasonable suspicion to believe that the employee was under the influence of drugs and alcohol. If reasonable suspicion exists, document per Reasonable Suspicion Test Memorandum (Attachment D)

Supervisor Signature: _____

ATTACHMENT D

CITY OF MODESTO

Reasonable Suspicion Test Memorandum

Date: _____

Time: _____

TO: _____

FROM: _____

_____ (Department Director or designee or designated city management staff) is directing you to submit to a drug or alcohol screening test and/or a medical evaluation. You are being directed to submit to the screening and/or evaluation because I suspect you have misused alcohol or drugs so that your ability to perform the functions of your job efficiently and safely is impaired. I observed or have information regarding the following:

- ___ Odor of alcoholic beverage on breath
- ___ Slurred and/or thick speech
- ___ Staggered gait (Unsteady walking and movement)
- ___ Vertical and/or horizontal nystagmus (involuntary eye movement)
- ___ Abnormally constricted pupils (below 2.5 mm), which are non-responsive to light
- ___ Abnormally dilated pupils (above 6.5 mm), which are non-responsive to light
- ___ Loss of attention span under controlled conditions
- ___ Inability to comprehend under controlled conditions
- ___ Hallucinating
- ___ An accident involving City property, where there is reason to believe that employee impairment may have been a factor
- ___ Possession of alcohol on the job
- ___ Possession of an illegal drug
- ___ Possession of a prescription drug without a valid prescription
- ___ Objective symptoms of drug usage identified by a trained medical practitioner or law enforcement officer
- ___ Other _____

This/these were observed by _____ at _____

You will be transported to _____

Anti-Drug Program/Alcohol Misuse Program

Reasonable Suspicion Test Memo

Page 2

There you may be evaluated by professional health care staff. At the site, you may also be required to provide a sample for drug and/or alcohol testing. If you refuse to submit to the testing, you may be disciplined, up to and including termination. If you leave the worksite or testing site without my permission or the permission of _____ prior to testing or evaluation, you may be disciplined. Because I believe your ability to drive may be impaired, I may arrange for you to be transported home at an appropriate time.

You may ask to have a representative with you prior to being tested. We will provide access to a telephone to contact a representative. Your representative must be present within one and one half hours of the time we directed you to take the test. If the representative cannot be present or is not present within that time, we may allow additional time at our discretion or we may choose to have you undergo the evaluation and/or testing without your representative being present.

DRAFT

ATTACHMENT E

Alcohol Fact Sheet

Alcohol is a socially acceptable drug that has been consumed throughout the world for centuries. It is considered a recreational beverage when consumed in moderation for the enjoyment and relaxation during social gatherings. However, when consumed primarily for its physical and mood-altering effects, it is a substance of abuse. As a depressant, it slows down physical responses and progressively impairs mental functions.

Signs and Symptoms of Use

- Dulled mental processes
- Lack of coordination
- Odor of alcohol on breath
- Possible constricted pupils
- Sleepy or stupor like condition
- Slowed reaction rate
- Slurred speech

(Note: Except for the odor, these are general signs and symptoms of any depressant substance.)

Health Effects

The chronic consumption of alcohol (average of three servings per day of beer [12 ounces/serving], whiskey [1 ounce/serving], or wine [6 ounce/serving]) over time may result in the following health hazards:

- Decreased sexual functioning
- Dependency (up to 10 percent of all people who drink alcohol become physically and/ or mentally dependent on alcohol and can be termed "alcoholic")
- Fatal liver diseases
- Pancreatitis
- Spontaneous abortion and neonatal mortality
- Ulcers
- Birth defects (up to 54 percent of all birth defects are alcohol related).

Social Issues

- Two-thirds of all homicides are committed by people who drink prior to the crime.
- Two to three percent of the driving population is legally drunk at any one time. This rate is doubled at night and on weekends.
- Two-thirds of all Americans will be involved in an alcohol-related vehicle accident during their lifetimes.
- The rate of separation and divorce in families with alcohol dependency problems is 7 times the average.
- Forty percent of family court cases are alcohol problem related.
- Alcoholics are 15 times more likely to commit suicide than are other segments of the population.
- More than 60 percent of burns, 40 percent of falls, 69 percent of boating accidents, and 76 percent of private aircraft accidents are alcohol related.

The Annual Toll

- 24,000 people will die on the highway due to the legally impaired driver.
- 16,000 more will die on the highway due to the alcohol-affected driver.
- 15,800 will die in non-highway accidents.
- 30,000 will die due to alcohol-caused liver disease.
- 15,000 will die due to alcohol-induced brain disease or suicide.
- Up to another 125,000 will die due to alcohol-related conditions or accidents.

Workplace Issues

- It takes one hour for the average person (150 pounds) to process one serving of an alcoholic beverage from the body.
- Impairment in coordination and judgment can be objectively measured with as little as two drinks in the body.
- A person who is legally intoxicated is 6 times more likely to have an accident than a sober person.

Amphetamine Fact Sheet

Amphetamines are central nervous system stimulants that speed up the mind and body. The physical sense of energy at lower doses and the mental exhilaration at higher doses are the reasons for their abuse. Although widely prescribed at one time for weight reduction and mood elevation, the legal use of amphetamines is now limited to a very narrow range of medical conditions. Most amphetamines that are abused are illegally manufactured in foreign countries and smuggled into the U.S. or clandestinely manufactured in crude laboratories.

Description

- Amphetamine is sold in counterfeit capsules or as white, flat, double-scored "mini-bennies." It is usually taken by mouth.
- Methamphetamine is often sold as a creamy white and granular powder or in lumps and is packaged in aluminum foil wraps or sealable plastic bags. Methamphetamine may be taken orally, injected, or snorted into the nose.
- Trade/street names include Biphetine, Delcobese, Desotyn, Detedrine, Chetrol, Ritalin, Speed, Meth, Crank, Crystal, Monster, Black Beauties, and Rits.

Signs and Symptoms of Use

- Hyper-excitability, restlessness
- Dilated pupils
- Increased heart rate and blood pressure
- Heart palpitations and irregular beats
- Profuse sweating
- Rapid respiration
- Confusion
- Panic
- Talkativeness
- Inability to concentrate
- Heightened aggressive behavior

Health Effects

- Regular use produces strong psychological dependence and increasing tolerance to drug.
- High doses may cause toxic psychosis resembling schizophrenia.
- Intoxication may induce a heart attack or stroke due to spiking of blood pressure.
- Chronic use may cause heart and brain damage due to severe constriction of capillary blood vessels.
- The euphoric stimulation increases impulsive and risk-taking behaviors, including bizarre and violent acts.
- Withdrawal from the drug may result in severe physical and mental depression.

Workplace Issues

Since amphetamines alleviate the sensation of fatigue, they may be abused to increase alertness because of unusual overtime demands or failure to get rest.

Low-dose amphetamine use will cause a short-term improvement in mental and physical

functioning. With greater use or increasing fatigue, the effect reverses and has an impairing effect. Hangover effect is characterized by physical fatigue and depression, which may make operation of equipment or vehicles dangerous.

DRAFT

Cocaine Fact Sheet

Cocaine is used medically as a local anesthetic. It is abused as a powerful physical and mental stimulant. The entire central nervous system is energized. Muscles are tenser, the heart beats faster and stronger, and the body burns more energy. The brain experiences an exhilaration caused by a large release of neurohormones associated with mood elevation.

Description

The source of cocaine is the coca bush, grown almost exclusively in the mountainous regions of northern South America. Cocaine Hydrochloride "snorting coke" is a white to creamy granular or lumpy powder that is chopped into a fine powder before use. It is snorted into the nose, rubbed on the gums, or injected in veins. The effect is felt within minutes and lasts 40 to 50 minutes per "line" (about 60 to 90 milligrams). Common paraphernalia include a single-edged razor blade and a small mirror or piece of smooth metal, a half straw or metal tube, and a small screw cap vial or folded paper packet containing the cocaine. Cocaine Base is a small crystalline rock about the size of a small pebble. It boils at a low temperature, is not soluble in water, and is up to 90 percent pure. It is heated in a glass pipe and the vapor is inhaled. The effect is felt within seven seconds. Common paraphernalia includes a "crack pipe" (a small glass smoking device for vaporizing the crack crystal) and a lighter, alcohol lamp, or small butane torch for heating. Trade/street names include Coke, Rock, Crack, Free Base, Flake, Snow, Smoke, and Blow.

Signs and Symptoms of Use

- Financial problems
- Frequent and extended absences from meetings or work assignment
- Increased physical activity and fatigue
- Isolation and withdrawal from friends and normal activities
- Secretive behaviors, frequent non-business visitors, delivered packages, phone calls
- Unusual defensiveness, anxiety, agitation
- Wide mood swings
- Runny or irritated nose
- Difficulty in concentration
- Dilated pupils and visual impairment
- Restlessness
- Formication (sensation of bugs crawling on skin)
- High blood pressure, heart palpitations, and irregular rhythm
- Hallucinations
- Hyper-excitability and overreaction to stimulus
- Insomnia
- Paranoia and hallucinations
- Profuse sweating and dry mouth
- Talkativeness

Health Effects

Research suggests that regular cocaine use may upset the chemical balance of the brain. As a result, it may speed up the aging process by causing irreparable damage to critical nerve cells. The onset of nervous system illnesses such as Parkinson's disease could also occur. Cocaine use causes the heart to beat faster and harder and rapidly increases blood pressure. In addition, cocaine causes spasms of blood vessels in the brain and heart. Both effects lead to ruptured vessels causing strokes or heart attacks. Strong psychological dependency can occur

with one "hit" of crack. Usually, mental dependency occurs within days (crack) or within several months (snorting coke). Cocaine causes the strongest mental dependency of any known drug. Treatment success rates are lower than for other chemical dependencies. Cocaine is extremely dangerous when taken with depressant drugs. Death due to overdose is rapid. The fatal effects of an overdose are not usually reversible by medical intervention. The number of cocaine overdose deaths has tripled in the last four years. Cocaine overdose was the most common drug emergency.

Workplace Issues

- Extreme mood and energy swings create instability. Sudden noises can cause a violent reaction.
- Lapses in attention and ignoring warning signals greatly increase the potential for accidents.
- The high cost of cocaine frequently leads to workplace theft and/or dealing.
- A developing paranoia and withdrawal create unpredictable and sometimes violent behavior.
- Work performance is characterized by forgetfulness, absenteeism, tardiness, and missed assignments.

Cannabinoids (Marijuana) Fact Sheet

Marijuana is one of the most misunderstood and underestimated drugs of abuse. People use marijuana for the mildly tranquilizing and mood- and perception-altering effects it produces.

Description

Usually sold in plastic sandwich bags, leaf marijuana will range in color from green to light tan. The leaves are usually dry and broken into small pieces. The seeds are oval with one slightly pointed end. Less prevalent, hashish is a compressed sometimes tar-like substance ranging in color from pale yellow to black. It is usually sold in small chunks wrapped in aluminum foil. It may also be sold in an oily liquid. Marijuana has a distinctly pungent aroma resembling a combination of sweet alfalfa and incense. Cigarette papers, roach clip holders, and small pipes made of bone, brass, or glass are commonly found. Smoking "bongs" (large bore pipes for inhaling large volumes of smoke) can easily be made from soft drink cans and toilet paper rolls. Trade/street names include Marinol, THC, Pot, Grass, Joint, Reefer, Acapulco Gold, Sinsemilla, Thai Sticks, Hash, and Hash Oil.

Signs and Symptoms of Use

- Reddened eyes (often masked by eye drops)
- Slowed speech
- Distinctive odor on clothing
- Lackadaisical "I don't care" attitude
- Chronic fatigue and lack of motivation
- Irritating cough, chronic sore throat

Health Effects

- When marijuana is smoked, it is irritating to the lungs. Chronic smoking causes emphysema-like conditions.
- One joint causes the heart to race and be overworked. People with undiagnosed heart conditions are at risk.
- Marijuana is commonly contaminated with the fungus *Aspergillus*, which can cause serious respiratory tract and sinus infections.
- Marijuana smoking lowers the body's immune system response, making users more susceptible to infection. The U.S. government is actively researching a possible connection between marijuana smoking and the activation of AIDS in positive human immunodeficiency virus (HIV) carriers.

Pregnancy Problems and Birth Defects

The active chemical, tetrahydrocannabinol (THC), and 60 other related chemicals in marijuana concentrate in the ovaries and testes. Chronic smoking of marijuana in males causes a decrease in sex hormone, testosterone, and an increase in estrogen, the female sex hormone. The result is a decrease in sperm count, which can lead to temporary sterility. Occasionally, the onset of female sex characteristics including breast development occurs in heavy users. Chronic smoking of marijuana in females causes a decrease in fertility and an increase in testosterone. Pregnant women who are chronic marijuana smokers have a higher than normal incidence of stillborn births, early termination of pregnancy, and higher infant mortality rate during the first few days of life. In test animals, THC causes birth defects, including malformations of the brain, spinal cord, forelimbs, and liver and water on the brain and spine.

Offspring of test animals who were exposed to marijuana have fewer chromosomes than normal, causing gross birth defects or death of the fetus. Pediatricians and surgeons are concluding that the use of marijuana by either or both parents, especially during pregnancy, leads to specific birth defects of the infant's feet and hands. One of the most common effects of prenatal cannabinoid exposure is underweight newborn babies. Fetal exposure may decrease visual functioning and causes other ophthalmic problems.

Mental Function

Regular use can cause the following effects:

- Delayed decision-making
- Diminished concentration
- Impaired short-term memory, interfering with learning
- Impaired signal detection (ability to detect a brief flash of light), a risk for users who are operating machinery
- Impaired tracking (the ability to follow a moving object with the eyes) and visual distance measurements
- Erratic cognitive function
- Distortions in time estimation
- Long-term negative effects on mental function known as "acute brain syndrome," which is characterized by disorders in memory, cognitive function, sleep patterns, and physical condition

Acute Effects

- Aggressive urges
- Anxiety
- Confusion
- Fearfulness
- Hallucinations
- Heavy sedation
- Immobility
- Mental dependency
- Panic Paranoid reaction
- Unpleasant distortions in body image

Workplace Issues

The active chemical, THC, stores in body fat and slowly releases over time. Marijuana smoking has a long-term effect on performance. A 500 to 800 percent increase in THC concentration in the past several years makes smoking three to five joints a week today equivalent to 15 to 40 joints a week in 2008. In 2009 over 16.7 million Americans admitted to using marijuana at least once a month. Combining alcohol or other depressant drugs and marijuana can produce a multiplied effect, increasing the impairing effect of both the depressant and marijuana.

Opiates & Opioids (Narcotics) Fact Sheet

Opiates & semi-synthetic opioids (also called narcotics) are drugs that alleviate pain, depress body functions and reactions, and, when taken in large doses, cause a strong euphoric feeling.

Description

Varieties of opiates/opioids include natural and natural derivatives—opium, morphine, codeine, and heroin as well as synthetics such as meperidine (Demerol), oxymorphone (Numorphan), oxycodone (Percodan), hydrocodone (Acetaminophen), and hydromorphone. Some common names for semi-synthetic opioids include OxyContin®, Percocet®, Vicodin®, Lortab®, Norco®, Dilaudid®, and Exalgo®. Opiates/opioids may be taken in pill form, smoked, or injected, depending upon the type of narcotic used. Trade/street names include Smack, Horse, Emma, Big D, Dollies, Juice, Syrup, and China White.

Signs and Symptoms of Use

- Mood changes
- Impaired mental functioning and alertness
- Constricted pupils
- Depression and apathy
- Impaired coordination
- Physical fatigue and drowsiness
- Nausea, vomiting, and constipation
- Impaired respiration

Health Effects

IV needle users have a high risk for contracting hepatitis and AIDS due to the sharing of needles. Narcotics increase pain tolerance. As a result, people could more severely injure themselves or fail to seek medical attention after an accident due to the lack of pain sensitivity. Narcotics' effects are multiplied when used in combination with other depressant drugs and alcohol, causing increased risk for an overdose.

Social Issues

There are over 600,000 heroin addicts in the U.S., most of whom are IV needle users. An even greater number of medicinal narcotic-dependent persons obtain their narcotics through prescriptions. Because of tolerance, there is an ever-increasing need for the narcotic to produce the same effect. Strong mental and physical dependency occurs. The combination of tolerance and dependency creates an increasing financial burden for the user. Costs for heroin can reach hundreds of dollars a day.

Workplace Issues

Unwanted side effects such as nausea, vomiting, dizziness, mental clouding, and drowsiness place the legitimate user and abuser at higher risk for an accident. Narcotics have a legitimate medical use in alleviating pain. Workplace use may cause impairment of physical and mental functions.

Phencyclidine (PCP) Fact Sheet

Phencyclidine (PCP) was originally developed as an anesthetic, but the adverse side effects prevented its use except as a large animal tranquilizer. Phencyclidine acts as both a depressant and a hallucinogen, and sometimes as a stimulant. It is abused primarily for its variety of mood-altering effects. Low doses produce sedation and euphoric mood changes. The mood can change rapidly from sedation to excitation and agitation. Larger doses may produce a coma-like condition with muscle rigidity and a blank stare with the eyelids half closed. Sudden noises or physical shocks may cause a "freak out" in which the person has abnormal strength, extremely violent behavior, and an inability to speak or comprehend communication.

Description

PCP is sold as a creamy, granular powder and is often packaged in one-inch square aluminum foil or folded paper "packets." It may be mixed with marijuana or tobacco and smoked. It is sometimes combined with procaine, a local anesthetic, and sold as imitation cocaine. Trade/street names include Angel Dust, Dust, and Hog.

Signs and Symptoms of Use

- Impaired coordination
- Severe confusion and agitation
- Extreme mood shifts
- Muscle rigidity
- Nystagmus (jerky eye movements)
- Dilated pupils
- Profuse sweating
- Rapid heartbeat
- Dizziness.

Health Effects

The potential for accidents and overdose emergencies is high due to the extreme mental effects combined with the anesthetic effect on the body. PCP is potentiated by other depressant drugs, including alcohol, increasing the likelihood of an overdose reaction. Misdiagnosing the hallucinations as LSD induced, and then treating with Thorazine, can cause a fatal reaction. Use can cause irreversible memory loss, personality changes, and thought disorders. There are four phases to PCP abuse. The first phase is acute toxicity. It can last up to three days and can include combativeness, catatonia, convulsions, and coma. Distortions of size, shape, and distance perception are common. The second phase, which does not always follow the first, is a toxic psychosis. Users may experience visual and auditory delusions, paranoia, and agitation. The third phase is a drug-induced schizophrenia that may last a month or longer. The fourth phase is PCP-induced depression. Suicidal tendencies and mental dysfunction can last for months.

Workplace Issues

PCP abuse is less common today than in recent years. It is also not generally used in a workplace setting because of the severe disorientation that occurs. However, use in the workplace can expose the user and others to extreme safety hazards.

DRAFT

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-28**

**RESOLUTION APPROVING THE SUBMISSION OF THE CITY'S LOCAL
TRANSPORTATION FUND (LTF) FY 2017/18 CLAIM FOR NON-MOTORIZED
PURPOSES IN THE AMOUNT OF \$167,572 TO THE STANISLAUS COUNCIL
OF GOVERNMENTS (STANCOG)**

WHEREAS, the Stanislaus Council of Governments (StanCOG) has informed the City that Local Transportation Funds (LTF) funds have been apportioned by StanCOG for allocation to the City, and

WHEREAS, this Claim for Non-motorized Purposes is the formal request by the City to StanCOG to release its apportionment of LTF funds for non-motorized purposes during the current fiscal year, and

WHEREAS, LTF funds provide the required local match for Federal funds received for the purpose of non-motorized projects (bicycle and pedestrian pathways), and

WHEREAS, two percent (2%) of all LTF funds available to StanCOG are designated to be used for bicycle and pedestrian projects, and

WHEREAS, the City has prepared its LTF Claim for Fiscal Year 2017-2018 pursuant to Articles 4 and 8 of Chapter 4 of Part 11, Division 10 of the California Public Utilities Code, and

WHEREAS, Council action authorizing submission of the claim is required by the rules and regulations governing the Transportation Development Act Funds, including StanCOG's approved Transit Cost Sharing Procedures before any LTF funding can be released to the City.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves submission of the City's Local Transportation Fund Claim for

Fiscal Year 2017-2018 Non-motorized Funds, in the amount of \$167,572, to the Stanislaus Council of Governments.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of January, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

NOES: Councilmembers: None

ABSENT: Councilmembers: None

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-29**

**RESOLUTION APPROVING THE RALSTON TOWER PARK MASTER PLAN
AS DEVELOPED BY O'DELL ENGINEERING OF MODESTO, CA**

WHEREAS, Ralston Tower Park is a 0.3 acre City owned park at the corner of Downey Avenue and I Street, and

WHEREAS, the park is ideally suited for use by all residents, especially senior residents of the City and the park is in need of renovation, and

WHEREAS, the planned renovation has been partially funded by HUD funds and the design was completed by O'Dell Engineering of Modesto, CA following a series of public meetings, and

WHEREAS, the Master Plan emphasizes quality value engineered design methods, ADA accessibility, security elements and utilization of energy and water saving technologies, and

WHEREAS, the design includes an open, hardscape area for activities such as Tai Chi, multiple durable low-impact exercise events, formal seating areas, drinking fountain, trash cans, pathway lighting, perimeter fencing, water efficient site landscaping and a small play structure, and

WHEREAS, the project meets the needs of the HUD annual action plan and has a current estimated cost of approximately \$1,100,000 for which the Parks Planning and Development Division will be working toward obtaining grant funding to leverage the funding that is anticipated to be provided for this project from Community Development Block Grant funding over the next couple years.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Ralston Tower Park Master Plan as developed by O'Dell Engineering of Modesto, CA.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of January, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvoid

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-30**

RESOLUTION APPROVING THE SUBMITTAL OF A GRANT APPLICATION TO THE LAND AND WATER CONSERVATION FUND PROGRAM IN AN AMOUNT OF \$550,000 TO FUND DEVELOPMENT AND CONSTRUCTION OF THE RALSTON TOWER PARK RENOVATION PROJECT AND AUTHORIZING THE INTERIM CITY MANAGER, OR HIS DESIGNEE, AS AGENT TO CONDUCT ALL NEGOTIATIONS AND TO EXECUTE AND SUBMIT ALL DOCUMENTS WHICH MAY BE NECESSARY FOR THE COMPLETION OF THE PROJECT

WHEREAS, the Congress under the Land and Conservation Water Act Fund of 1965, Public Law 88-578 has authorized the establishment of a federal Land and Water Conservation Fund Grant-In-Aid program, providing matching funds to the State of California and its political subdivisions for acquiring lands and developing Facilities for public outdoor recreation purposes, and

WHEREAS, the California Department of Parks and Recreation is responsible for administration of the program in the State, setting up necessary rules and procedures governing applications by local agencies under the program, and

WHEREAS, the applicant is required to certify by resolution the approval of the application and the availability of eligible matching funds prior to submission of the application to the State, and

WHEREAS, this grant opportunity does require a fifty percent (50%) match that is anticipated to be provided by Community Development Block Grant funding over the next couple years in an estimated total amount of \$550,000, and

WHEREAS, it is not anticipated that any General Fund money will be needed for this project.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby:

1. Approves the filing of an application for Land and Water Conservation Fund assistance for the proposed Ralston Tower Park Renovation Project.
2. Agrees to abide by section 6(f)(3) of Public Law 88-578 which states “No property acquired or developed with assistance under this section shall, without the approval of the National Secretary of the Interior, be converted to other than public outdoor recreation uses. The Secretary shall approve such conversion only if he finds it to be in accord with the then existing comprehensive statewide outdoor recreation plan and only upon such conditions as he deems necessary to assure the substitution of other recreation properties of at least equal fair market value and of reasonably equivalent usefulness and location.”
3. Certifies that said agency has matching funds from eligible source(s) and can finance 100 percent of the Project, which up to half may be reimbursed; and
4. Appoints the city manager as agent of the applicant to conduct all negotiations and execute and submit all documents, including, but not limited to, applications, contracts, amendments, payment requests, and compliance with all applicable current state and federal laws which may be necessary for the completion of the aforementioned project.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of January, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-31**

**RESOLUTION APPROVING AN AMENDMENT TO A SOLE SOURCE
CONTRACT FOR THREE YEARS AND TEN MONTHS WITH REMIX
SOFTWARE, INC., SAN FRANCISCO, CA, FOR THE TRANSIT PLANNING
AND SCHEDULING SOFTWARE UTILIZED BY MODESTO AREA EXPRESS,
FOR A TOTAL COST OF \$194,160 AND AUTHORIZING THE INTERIM CITY
MANAGER, OR HIS DESIGNEE, TO EXECUTE THE CONTRACT
AMENDMENT**

WHEREAS, on October 14, 2016, the City entered into an Agreement with Remix Software, Inc., for the transit planning software system for the Modesto Area Express bus system, and

WHEREAS, City staff has been very satisfied with the software and would like to continue using the Remix software for transit planning and analysis, and

WHEREAS, Remix has developed new functionality that allows users to convert the planning work in Remix software to timetables, blocking, run cuts and paddles, and

WHEREAS, Modesto would like to create efficiencies in the work product by using the Remix software as a tool to better plan new routes and modify existing routes, and

WHEREAS, based on the findings that Remix Software, Inc. is the only vendor qualified to perform this service, staff finds that the justification meets the City's sole source criteria as required under the Modesto Municipal Code 8-3.204(b) and 8-3.204 (d). The planning module of the software is unique and not available from other suppliers. The scheduling modules of the software is not unique and can be supplied by other vendors, however the integration between planning and scheduling that exist enable to quick transition in functionality. If two different software was used for the process, the

labor and potential for error in transferring the information manually from the planning to the scheduling software would not be efficient, and

WHEREAS, on January 10, 2018, this item was presented to the Economic Development Committee for their acceptance and the Committee recommended forwarding to Council for approval.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Amendment for three years and ten months with Remix Software, Inc. in the amount of \$194,160 for transit planning and scheduling software.

BE IT FURTHER RESOLVED that the Interim City Manager, or his designee, is hereby authorized to execute the contract amendment.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of January, 2018, by Councilmember Kenoyer who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-32**

RESOLUTION APPROVING AN AMENDMENT TO THE AGREEMENT WITH COMPLETE COACH WORKS, RIVERSIDE, CA, FOR THE REFURBISHMENT OF FOURTEEN TRANSIT BUSES IN THE AMOUNT OF \$70,249 FOR A TOTAL AGREEMENT AMOUNT NOT TO EXCEED \$2,836,162, AND AUTHORIZING THE INTERIM CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AMENDMENT

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Proposals (RFP) for the refurbishment of model year 2003 Gillig transit buses, and

WHEREAS, on March 16, 2016, the Purchasing Division issued RFP No. 1516-38, Repower Model Year 2003 Gillig Transit Buses, to multiple prospective proposers, none of which were local vendors, posted the RFP on the City's website and formally advertised as required by law at a local, state and national level, and

WHEREAS, proposals were formally opened in the City Clerk's Office. One company, Complete Coach Works, choose to respond. The company provided a responsive and responsible proposal, and

WHEREAS, based on evaluation criteria, the evaluation committee recommended the award of proposal and contract for the refurbishment of model year 2003 Gillig transit buses to Complete Coach Works, Riverside, CA, and

WHEREAS, Council approved the contract with Complete Coach Works by Resolution 2016-316, and

WHEREAS, Complete Coach Works identified various components of the bus that needed to be repaired that were not included in the original contract price because the majority of the repair items involved parts that could only be identified through a careful examination and removal of exterior parts, and

WHEREAS, the estimated cost for this additional work is \$70,249, and

WHEREAS, the proposed amendment will amend the original contract with Complete Coach Works to include those additional components that were not included in the original contract price, and

WHEREAS, funds are budgeted in Fiscal Year 2017-2018 for the refurbishment of model year 2003 Gillig transit buses within the Bus Fixed Route Fund 4510, and

WHEREAS, the refurbishment of the buses is funded by various sources including Federal Transportation (FTA) Grants, Local Transportation Funds (LTF)-carryover and Public Transportation Modernization, Improvement, and Service Enhancement Account (PTMISEA), and

WHEREAS, on January 10, 2018, this item was presented to the Economic Development Committee for their acceptance, and the Committee recommended forwarding to Council for consideration of approval.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an amendment to the agreement with Complete Coach Works, Riverside, CA for the refurbishment of fourteen model year 2003 Gillig transit buses in the amount of \$70,249 for a total agreement amount not to exceed \$2,836,162.

BE IT FURTHER RESOLVED that the Interim City Manager, or his designee, is hereby authorized to execute the amendment, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of January, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-33**

**RESOLUTION AMENDING THE FISCAL YEAR 2017-18 OPERATING
BUDGET IN THE AMOUNT OF \$70,249 TO FUND THE INCREASE IN
CONTRACT AMOUNT WITH COMPLETE COACH WORKS (CCW) FOR THE
REFURBISHMENT OF FOURTEEN MODEL YEAR 2003 GILLIG TRANSIT
BUSES**

WHEREAS, the estimated cost of refurbishing fourteen model year 2003 Gillig Transit Buses was estimated at \$2,765, 913, and

WHEREAS, on August 3, 2016 by Resolution 2016-316, the contract was authorized by Council, and

WHEREAS, during the course of the project additional repairs were identified in the amount of \$70,249 and,

WHEREAS, the increase of the contract will be funded with LTF and PTMISEA grants awarded to transit for capital purposes, and

WHEREAS, the Fiscal Year 2017-18 Operating Budget must be amended as shown in **Exhibit A**, which is **attached** hereto and incorporated by reference herein.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the amendment of the Fiscal Year 2017-18 Operating Budget as shown in **Exhibit A**, **attached** hereto.

BE IT FURTHER RESOLVED that the Acting Director of Finance, or her designee, is hereby authorized to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of January, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

AMENDMENT TO AGREEMENT

This Amendment is made with reference to the "Agreement" entered into between the CITY OF MODESTO, a municipal corporation of the State of California (hereinafter the "City") and COMPLETE COACH WORKS, a California Corporation (hereinafter "Consultant") entered into by the parties on the 3rd day of August, 2016 (hereinafter referred to as "Original Agreement"). The City and Consultant shall be collectively referred to as the "Parties."

This Amendment to the Original Agreement is made with regard to the following recitals:

WHEREAS, the Modesto City Council adopted Resolution No. 2016-316 authorizing the award of proposal and contract for the refurbishment of fourteen (14) transit buses; and

WHEREAS, the Original Agreement, Section 1, "SCOPE OF WORK" provides, in part, that the "Consultant shall undertake and complete the preparation of the scope of work as set forth and described in the documents attached hereto and referred to as Exhibit "A" or "project"; and

WHEREAS, after Consultant commenced its refurbishment work pursuant to the Original Agreement, Consultant determined that there was additional unanticipated repairs and part replacements that could not have been identified or anticipated in the Original Agreement; and

WHEREAS, the Parties agree that those additional necessary repairs and part replacements should be added to the Section 1, SCOPE OF WORK, Exhibit A to allow for the repair and/or replacement of additional components that were unanticipated in the original scope of work; and

WHEREAS, the parties agree that the additional work contemplated in this Amendment shall increase the Original Agreement by \$70,249.07 for a contract total of \$2,836,162.07; and

WHEREAS, since neither party anticipated the additional work contemplated in this Amendment and the parties have worked diligently to address this issue, there shall not be any late fees or penalties charged to City for payment relating to the additional work not anticipated in the Original Agreement.

NOW, THEREFORE, in consideration of the mutual promises, covenants, and stipulations contained herein and the mutual promises, covenants, and stipulations contained in the Original Agreement, the parties agree as follows:

1. The parties agree that each of the recitals set out above are factually true and correct.
2. Section 10 of the Original Agreement provides as follows:

“Both parties to this Agreement understand that it may become desirable or necessary during the execution of this Agreement, for City or Consultant to modify the scope of services provided under this Agreement. Any Material extension or change in the scope of work shall be discussed with City and the change and cost shall be memorialized in a written amendment to the original contract prior to the performance of the additional work.”

The parties agree that this Amendment shall memorialize that agreement for the additional work contemplated herein.

3. Section 1, SCOPE OF WORK, shall be deleted and the parties agree to and hereby do substitute the following in its place:

“Consultant shall undertake and complete the preparation of the scope of work as set forth and described in the documents attached hereto and referred to as Exhibit “A” or “project”. The Consultant shall perform the services as described in Exhibit “A” in a manner compatible with the standards of its profession, and shall produce a fully complete project that is acceptable to City.”

4. Section 3, COMPENSATION shall be deleted and the parties agree to and hereby do substitute the following in its place:

“Consultant agrees to accept a sum not to exceed \$2,836,162.07 as full remuneration for performing all services and furnishing all staffing and materials called for in Exhibit “A” and for performance by Consultant of all of its duties and obligations under this Agreement.

The Compensation shall be paid pursuant to and in the manner and at the times set forth below:

Paid in full within thirty (30) days after completion and acceptance.”

5. Except as herein amended or modified, the provisions of the Original Agreement, and all exhibits attached thereto, are expressly reaffirmed and remain in full force and effect.

////////////////////////////////////

IN WITNESS WHEREOF, City has authorized the execution of this Amendment to Agreement for the refurbishment of transit buses, in duplicate, by its Interim City Manager and attestation by its City Clerk, on the ____ day of _____, 2017, and Consultant has caused this Amendment be executed in duplicate.

SCOPE OF WORK

2.0 PROJECT DESCRIPTION

The City of Modesto operates Modesto Area Express (MAX) which currently serves the City of Modesto, portions of the City of Ceres, Salida, Empire, and other unincorporated areas of Stanislaus County. MAX provides 23 urban bus routes on Mondays through Friday, 19 routes on Saturday and 12 on Sunday.

Contractor is to provide fourteen (14), model year 2003 refurbished low floor transit buses in accordance with the following technical specifications. Proposer shall provide a complete Work Plan to be approved by the City of Modesto Transit Manager. The Work Plan must address each task identified in this section. It must include estimated hours to complete each task of work, projected timelines for completion noting milestones, proposed subtasks, and subcontractors (if applicable).

2.1 DOCUMENTATION

Contractor is to provide a complete list of manufactures part number for all parts used. Contractor is to provide all training manuals, parts manuals, operating manuals, electrical schematic and software for each system installed. Manuals, schematics and software are to arrive with the completion of the first vehicle.

2.2 BODY

Exterior Paint

Paint and decal schematic shall match Attachment A. Paint shall be applied smoothly and evenly, with all surfaces free of dirt, runs, sags, peels or other imperfections including an orange peel effect. Old paint shall not show through new paint. The application of decals, including bus numbers shall be consistent with City of Modesto - Modesto Area Express existing fleet.

Body

The body of each vehicle shall be inspected for damage. Damage is to be repaired using materials, workmanship, and design conforming to the best practices in the transit industry. Functionally damaged panels are to be replaced with new parts. All finished buses are to be durable in construction in all respects.

Understructure

The understructure of each bus shall be inspected. All broken welds are to be repaired. Frame shall be inspected for cracks and rust. Cracks shall be repaired by best industry practices. Visible rust is to be removed and metal treated with a rust inhibitor to prevent further spreading. After understructure repairs are complete, new undercoating is to be applied. All mud flaps are to be replaced.

Passenger Doors and Windows

All door, window frames, tracks, seals and welting are to be inspected and replaced with OEM approved parts if damaged. All window graffiti guards are to be replaced with new OEM approved parts. Windows and all glass are to be reinstalled in a manner to guarantee that no water can enter into coach. Passenger doors shall be thoroughly cleaned and serviced. Front and Rear air door motors are to be removed and Vapor electric door motor systems with a Vapor touch control systems shall be installed with silver power coated touch bars on the rear passenger door. All sensitive edges shall be replaced. Any worn, damaged or defective door components shall be replaced. Door closing speed shall be checked and adjusted to meet OEM specifications.

Exhibit A Scope of Work

Roof Escape Hatch Ventilator

Seal and hardware shall be replaced with new OEM components on roof escape hatch and ventilator. New decals shall be installed.

Emergency exit and window release levers shall be tested for proper operations and repaired or replaced as needed. Operation instructions are to be attached to window frame rail adjacent to each seat, emergency decal must be visible.

Engine Confinement

The interior of the bus shall be inspected, repaired and resealed as necessary to ensure there is no transfer of engine compartment gasses or exhaust fumes from the engine and exhaust system while coach is operating at any road speed.

Driver Compartment

Driver's seat is to be a new Recaro Ergo Metro AM80, or current model equal. The seat shall be upholstered in black vinyl. Seat shall feature a notification through cushion programed when seat is unoccupied and engine running or seat is unoccupied and parking brake not set.

Driver window shall be removed, thoroughly checked and cleaned. And damaged or corroded window tracks shall be replaced. Any cracked, scratched or chipped glazing shall be replaced with glazing that is consistent with all other windows. Any convenience items such as mirrors and sun visors that are functionally damaged shall be replaced with new OEM like components. When reassembled, window shall be tested for ease of operation.

Seats

Passenger seats are to be removed from the vehicle and disassembled. Seat frames are to be repaired as required, then repainted. Passenger seats are to be fitted with a Sardo Velcro insert. Seating at, or before the rear passenger door is to be padded with half inch foam, seating behind the rear passenger door are not to be padded. Seats are to be recovered with YV46PTV4620 or approved equal. Seat spacing, hip to knee = 27.75 inches minimum, aisle width = 24 inches minimum.

Fender and Rear Bumpers

Rubber fender flares shall be replaced with new OEM fenders.

2.3 INTERIOR

Interior of the vehicle is to be inspected for damage and excessive wear. Items shall be replaced/repaired as necessary with like OEM materials to create a uniform like new interior.

Floor covering is to be removed from all areas and replaced with aisle and under seat, Altro, Chroma, Single color TFCR2730 Mineral 2.7mm, and driver platform foot area black. All subfloor is to be replaced with new OEM or approved equal sub flooring material. All floor covering is to be replaced with a yellow standee line and stepwell area trim to comply with all applicable ADA requirements.

Exterior

Filler strips on rub rails shall be replaced with new OEM product.

**Exhibit A
Scope of Work**

2.4 POWER STEERING SYSTEM

Power Steering Gearbox

Power Steering gearbox shall be rebuilt to the OEM's rebuild specifications. Mounting hardware and hoses shall be replaced with new.

Steering Column

Steering column and tilt assembly shall be inspected, repaired or replaced to be in like new OEM condition. Bearings and bushing shall be replaced as required. At floor all steering column U joints shall be replaced with new. Front end shall be aligned to OEM specifications.

Steering Wheel

Steering wheel shall be replaced with a new factory OEM wheel. Horn button shall be with a new OEM product along with new horn button hardware.

2.5 ELECTRICAL

Exterior Lighting

All exterior lamps shall be replaced with new Light Emitting Diode (LED) lighting. All new mounting hardware shall be provided. Driver switches for turn signals and dimmer shall be replaced.

Interior Lighting

All interior lighting including dome lights shall be replaced with LED lighting. Light lenses are to be cleaned, inspected and replaced when foggy or cracked. All light lenses are to match for a like new uniform appearance.

2.6 MOBILITY DEVICE – AMERICAN WITH DISABILITIES (ADA) COMPLIANCE

Ramp

A factory Lift-U LU6-03-03 remanufactured front door ramp that is compliant with all current year ADA requirements including total capacity, all current safety and interlock requirements and shall be installed with Camira (Holdworth) seat insert cover.

Mobility Device Tie-Down

Each bus shall be equipped with two (2) new ADA compliant; Q'Straint fully integrated wheelchair securement station Q'Pod's. Unit must be fully integrated wheelchair securement station designed and tested for a variety of scooters and wheelchairs. The integrated wheelchair securement station shall have the following characteristics: 3-Point Wheelchair Securement System approved for ADA use. Front tie down system with an integrated scooting. Automatic retractor tightening device mechanism to secure chair to bumper to prevent chair tipping. Unit will have a stabilizing bumper to act as the 4th wheelchair contact point to ensure correct wheelchair positioning. Simple accesses handle for tightening and releasing the front retractor securement belt. Integrated rear barrier with time delayed remote release of rear securements. All wheelchair securements are to feature J-hooks to reduce belt twisting. Integrated rear barrier to have easy access maintenance panel. Xpress paddle handle for timed delay of rear retractor belts. A red indicator will provide the driver 15-second time delay to allow the operator to properly secure and disconnect restraints. An interlock connection for any electronics. System to function without power in the event of electrical failure. An audible or visual indicator to advise the driver when the unit is unlocked. Includes rear tie down restraint retractors with automatic and self-tensioning mechanism for webbing slack adjustment. Prevents tripping hazards associated with webbing slack. Barrier will contain an integrated occupant lap belt. Flip seats shall be the 4ONE'Aries'stainless

Exhibit A Scope of Work

steel seat model shall contain a stowage button for easy to reach access to occupant lap belt. Barrier will contain the pre-positioned integrated shoulder belt. Rear securements retractors are enclosed and protected to prevent tripping hazards and increase the longevity of the securements. Signage location under seat shall be visible to user and explain operation.

2.7 PASSENGER INFORMATION SYSTEM

Display

Contractor shall furnish and install a digital destination sign system. The display shall consist of white colored LED's. All white LED's used for the destination signs shall be rated for 50,000 hours. The entire display area of the all signs shall be clearly visible and readable both in direct sunlight and at night with a viewing angle of at least 140 degrees. The Characters formed by the LED's are to meet current ADA standards. Software will give the user the capability to select from a selection of fonts, preprogrammed fonts and Microsoft True Type Directory's fonts for display. All destination signs shall be supplied with an ambient light detection sensor that controls the LED intensity according to the exterior light conditions. This adjustment shall be continuously linear, not stepped from 10-100% output.

Front Destination

Shall consist of a matrix of 160 Columns by 17 Rows and should have no less than 2720 LED's with a maximum display height of no less than 8.75" and at least 64.75" wide. The outer housing should fit within the envelope. The sign shall be readable from at least 250 feet. Total weight is not to exceed 20.5 pounds.

Side Destination(s)

Shall consist of 112 Columns by 15 Rows and shall have no less than 1680 LED's with message display area of no less than 6" high by no less than 42.5" wide. The sign enclosure itself will be no longer than 44.5" by no more than 8.25" high and 2" deep. The destination sign is to be readable by a person with 20/20 vision from a distance of 250 feet. The sign shall have equal readability at 70 degrees on either side of the line perpendicular to the center of the mean plane of display. The sign should be no more than 12 pounds. The power connector will be sealed 'weather pack' model.

Route Number Destination

Shall be 48 Columns by 15 Rows. Shall have no less than 720 LED's with a message display area of no less than 6" high by no less than 18" wide. The sign enclosure itself will be no longer than 20", by no more than 8.25" high and less than 2" deep. The destination message shall be readable by a person with 20/20 vision from a distance of 250 feet. The sign shall have equal readability at 70 degrees on either side of the line perpendicular to the center of the mean plane of display. The sign should weigh no more than 7 pounds. The power connector will be a sealed 'weather pack' model.

Rear Route Number

Shall be 48 Columns by 15 Rows, shall have no less than 720 LED's with a message display area of no less than 6" high by no less than 18" wide. The sign enclosure itself will be no longer than 24", by no longer than 12" high and less than 2" deep. The destination message shall be readable by a person with 20/20 vision from a distance of 250'. The sign shall have equal readability at 70 degrees on either side of the line perpendicular to the center of the mean plane of display. The sign should weigh no more than 8.5 pounds. The power connector will be will be a quarter-turn Amphenol model.

On-Board Next Stop Sign

Shall be 120 Columns by 8 Rows, one line sign. Shall have no less than 960 LED's, in red or amber on 6x6mm pitch, with a message display area of not less than 2.25" high by not less than 28.75" wide. The sign enclosure itself will be no longer than 30" by no more than 3.75" high and 2.25" deep. The internal sign message shall be readable by a person with 20/20 vision from a distance of 20'. The sign shall have equal readability at 70 degrees on either side of the line perpendicular to the center of the mean plane of the display. The sign should weigh no more than 6.5 pounds.

2.8 HEATING AND AIR CONDITIONING

The exterior of the air conditioning condenser is to be washed and interior to be flushed. If inspection reveals it is required, it shall be replaced. New air filters are to be installed in evaporator unit. Condenser and evaporator motors are to be rebuilt to like new OEM condition. Air conditioning compressor is to be rebuilt to OEM like new condition. A new discharge line filter will be installed. Control valves and relays are to be replaced as required. Insulation on A/C tubing is to be replaced. A/C shall be charged with R-134A and the oil changed in the system to match. All A/C ducting is to be inspected and repaired or replaced to make like new OEM condition. Boost pump is to be rebuilt and hoses going to heater core replaced. Heaters shall be rebuilt with OEM like components. Air conditioning unit including ducting, service doors unit mounting to interior are to be sealed in a way to prevent engine fumes, gasses and exhaust fumes into interior of coach during any operational speed.

2.9 ELECTRICAL FAN CONVERSION

Contractor shall replace the Hydraulic based engine fan based cooling system with a kit that retrofits and converts the OEM supplied hydraulic cooling system to an electric based mini hybrid cooling system. The thermal management system shall be specifically designed for installation in the engine compartment after the existing radiator, charged air cooler, and hydraulic fan drive system has been removed. The kit shall be a coolant based, pressure type, cooling system that does not permit boiling or coolant loss during typical operation.

System kit shall have components such as, but not limited to, alternator, power distribution center, fans. Fan controllers, radiator, charged air cooler, mounting brackets, connectors, fittings, hardware, wiring harness, conversion piping that are mutually compatible. The bidder shall ensure this compatibly with the specified Gillig bus. The bidder shall ensure that the alternator and charging system can adequately supply the electrical demand or load to run all of the systems on the coach at once along with the New Electric Fan Mini Hybrid system running at full fan speed while the engine is running at idle speed.

All components required for one thermal management system shall be included and packaged as one kit. System shall be tested for proper operation. Supplier shall warrant the kit components for three years or 100,000 miles.

2.10 AVAIL

Buses shall be equipped with a full suite of ITS technologies, including equipment and cabling, to provide the following capabilities: Mobile Data Computer, AVL (Automatic Vehicle Location,) ADA Automatic Next Stop Annunciation and Passenger Information Sign, APC (Automatic Passenger Counter,) Single Point of Logon interface to Destination Sign and Data Radio Communications.

ITS system shall be compatible with existing CAD (Computer Aided Dispatch) system from Avail Technologies, Inc.

2.11 SAFETY VISION

The proposed mobile video recorder solution combines a vehicle mounted network video recorder (NVR), 8 interior IP cameras, 5 exterior cameras, passive GPS and system status/event module.

Hardware

The NVR shall be a RoadRecorder[®] 7000 series. The NVR shall be mounted in an unobtrusive and secure space on the vehicle at City of Modesto's direction. All cameras, status module and GPS antennas connect to the NVR. The NVR records the data provided by these connections to the internal 1 TB SSD. The RoadRecorder[®] 7000 series NVR has the ability be configured to record video at a resolution of 1080P, 720P, D1, or CIF and a frame rate up to 30 FPS. The NVR can be configured at City of Modesto's discretion to record continuously, on a scheduled basis, or in an event-based mode (where the NVR records when a sensor become active or when the driver presses a button on the LCD panel). Both pre- and post-event recording times can be configured up to 30 minutes. Each camera can be configured independently and includes clear audio (that can be enabled/disabled). Video is recorded in a secure, proprietary format.

The secure web-based configuration of the NVR can be accessed by connecting a laptop PC to the front panel via a standard Ethernet cable. Configuration files can be saved and easily copied to multiple vehicles. The configuration menu is organized in several pages (each with convenient help windows):

- Product Details – displays the serial number, firmware version, etc, as well as the state, capacity, and capacity used of each storage device
- Administrator Settings – provides access to configure file sizes (adjustable to maximize network performance), export or import configuration files, format or reboot the NVR
- Network Settings – configures how the NVR communicates with the wireless network
- Firmware Update – provides an interface to update the NVR's firmware manually
- System Settings – configures information such as the NVR's name, time zone, and GPS format
- Audio/Video Settings – configures each individual camera. For each camera, configure two different streams (continuous and event) for codec, resolution, FPS, bit rate, rotation, audio on/off, etc.
- Startup & Shutdown – configures how the NVR starts up and shuts down with the vehicle's ignition
- Threshold Settings – configures assorted status thresholds and the actions taken by the NVR when these occur
- Firmware Settings – configures how the NVR manages data such as the ability to overwrite old data when the SSD is full and the duration of pre-and post-event time
- Tag Events – provides an interface to initiate an event from the web configuration
- Snapshot Viewer – provides an interface to view still image "snapshots" taken by individual cameras when they are configured in Audio/Video settings to record in MJPEG format
- Live View – provides an interface to view the live feed from each connected camera, useful to confirm camera function and adjust field of view and focus during camera installation
- Change Password – configures the password required to log into the NVR's web configuration interface

The primary on-board storage device shall be a 1 terabyte (TB) solid-state drive (SSD). The SSD provides superior data storage capabilities in a mobile environment with a design that includes no moving parts.

Exhibit A Scope of Work

The SSD is secured in the NVR by means of a mechanical lock. When the NVR is powered off and parked, SAFESTOR automatically transfers all recorded video, audio, and metadata to the larger capacity, removable HDD, thereby ensuring large capacity onboard storage with the highest reliability recording. The HDD can be removed and inserted into a proprietary Hard Drive Reader connected to a PC with viewing software installed to review recorded data. The primary means of driver interaction with the NVR shall be the 50-000001 LCD Control Panel. The Control Panel will be installed in an area on or near the vehicle's dashboard within easy reach of the driver without impacting safety. The Control Panel provides a means of providing the status of the NVR, allowing the driver to visually confirm correct operation. Using the Control Panel's LCD display and navigation buttons, operators can view system details (firmware version, etc), system logs, event logs, and error logs. The Control Panel provides the means to download specific video clips to a Secure Digital (SD) card inserted into the front panel of the NVR. This action requires a secure password. Located on the Control Panel is an event (or "panic") button the driver can press to manually trigger an event.

Cameras

Safety Vision Gen 2 and Gen 3 IP cameras shall be located on the vehicle in accordance with City of Modesto's requirements as shown in Attachment D. Safety Vision can offer three different camera models to provide the optimal image in different locations as described below.

Front Windshield: The camera located in the position facing out of the front windshield shall be the Safety Vision 60-200003 Gen 2 interior camera. The Gen 2 camera connects to the NVR via a single Ethernet cable that provides power and communication. The Gen 2 uses a 2.7 inch progressive CMOS image sensor to provide image resolutions up to 1080P and uses H.264 compression. An IR cut filter provides automatic day/night operation with a 0.1 lux rating. The Gen 2 camera utilizes a built-in microphone for clear crisp audio recordings. The camera is housed in a low-profile IP 66 vandal-resistant housing and can operate in temperatures from 14°F to 122°F. The camera includes a web-based configuration menu that can be accessed from the NVR's configuration menus.

Interior: The camera located in all other interior positions shall be the Safety Vision Gen 3 interior camera. The Gen 3 camera connects to the NVR via a single Ethernet cable that provides power and communication. The Gen 3 uses a 2.8 inch progressive CMOS image sensor to provide image resolutions up to 1080P and uses H.264 compression. 24 IR illuminators provide clear images in low-light conditions with a 0.2 lux rating. The Gen 3 camera utilizes a built-in microphone for clear crisp audio recordings. The camera is housed in an IP66 rated vandal-resistant housing and can operate in temperatures from 14°F to 122°F. The camera includes a web-based configuration menu that can be accessed from the NVR's configuration menus.

Exterior: The camera located in all exterior positions shall be the Safety Vision Gen 3 exterior camera. The Gen 3 camera connects to the NVR via a single Ethernet cable that provides power and communication. The Gen 3 uses a 2.8 inch progressive CMOS image sensor to provide image resolutions up to 1080P and uses H.264 compression. 24 IR illuminators provide clear images in low-light conditions with a 0.2 lux rating. The Gen 3 camera utilizes a built-in microphone for clear crisp audio recordings. The camera is housed in a ruggedized IP67 rated housing and can operate in temperatures from 14°F to 122°F. The camera includes a web-based configuration menu that can be accessed from the NVR's configuration menus.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-34**

**RESOLUTION APPROVING SUBMISSION OF THE CITY'S
TRANSPORTATION DEVELOPMENT ACT (TDA) REGIONAL TRANSIT
CLAIM FOR FISCAL YEAR 2018-2019 TO THE STANISLAUS COUNCIL OF
GOVERNMENTS (STANCOG) IN THE AMOUNT OF \$1,181,147**

WHEREAS, the greatest portion of the City's funding for the Transit Service Program is made available under the Transportation Development Act (TDA), which includes Local Transportation Fund (LTF) funds and State Transit Assistance (STA) funds, and

WHEREAS, the Stanislaus Council of Governments (StanCOG) has informed the City that TDA funds can be claimed for regional projects, and

WHEREAS, the Transit Center and Amtrak Station are considered regional projects as multiple transportation providers utilize these stations, and

WHEREAS, the City has prepared a regional project claim to StanCOG for funds allocated to public transit agencies pursuant to Article 4 of Chapter 4 of the California Public Utilities Code (PUC), and

WHEREAS, the City's regional project TDA Claim for Fiscal Year 2018-2019 is \$1,181,147, and

WHEREAS, the total Operating and Capital Budget for Fiscal Year 2018-2019 is \$1,435,741, and

WHEREAS, Council action authorizing submission of the Claim is required by StanCOG pursuant to Section 99233.11 of the California PUC before any TDA funding can be released to the City.

WHEREAS, on January 10, 2018, this item was presented to the Economic Development Committee for their acceptance, and the Committee recommended forwarding to Council for consideration of approval.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves submission of the TDA regional transit claim for Fiscal Year 2018-2019 to StanCOG in the amount of \$1,181,147.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of January, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-35**

**RESOLUTION APPROVING A MEMORANDUM OF UNDERSTANDING WITH
THE CITY OF CERES, CA, FOR THE RETURN AND DISPOSITION OF A
TRANSIT VAN, AND AUTHORIZING THE INTERIM CITY MANAGER, OR
HIS DESIGNEE, TO EXECUTE THE AGREEMENT**

WHEREAS, on July 28, 2003, the City of Ceres (“Ceres”) entered into an agreement (“Lease”) with the City of Modesto (“Modesto”) to lease from Modesto a bus for use with Ceres Area Transit, and

WHEREAS, per the terms of the Lease, the initial cost of the bus was split between Modesto (88.53%) and Ceres (11.47%), and

WHEREAS, said bus was leased to Ceres at no additional cost, and

WHEREAS, the bus has exceeded its useful life and Ceres is ready to surrender it to Modesto, and

WHEREAS, the lease requires Modesto to pay Ceres a portion of the proceeds from Modesto’s sale of the bus, and

WHEREAS, a Memorandum of Understanding has been prepared articulating the process by which the City of Ceres will be paid its share of the proceeds.

WHEREAS, on January 10, 2018, this item was presented to the Economic Development Committee, which recommended that the item be forwarded to Council for approval.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Memorandum of Understanding with the City of Ceres articulating the process by which the City of Ceres will be paid its share of any proceeds realized by Modesto’s sale of the leased transit van.

BE IT FURTHER RESOLVED that the Interim City Manager, or his designee, is hereby authorized to execute the Memorandum of Understanding, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of January, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-36**

RESOLUTION APPROVING THE SOFTWARE LICENSE AGREEMENT AND FOUR SOLE SOURCE AGREEMENTS WITH AVAIL TECHNOLOGIES, INC., STATE COLLEGE, PA, FOR THE MAINTENANCE AND SUPPORT OF THE EXISTING COMPUTER AIDED DISPATCH AND AUTOMATIC VEHICLE LOCATION SYSTEM, PULLOUT/YARD MANAGEMENT SOFTWARE, INCIDENT REPORTING SOFTWARE, BUSINESS INTELLIGENCE SOFTWARE AND REPLACEMENT CELLULAR MODEMS UTILIZED BY MODESTO AREA EXPRESS FOR A TOTAL COST OF \$427,914, AND AUTHORIZING THE INTERIM CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENTS

WHEREAS, The City Council, on March 6, 2007, by Resolution No. 2007-161, awarded a development and installation contract in the approximate amount of \$948,000 to Avail Technologies, Inc., to install a Computer Aided Dispatch/Automatic Vehicle Location (CAD/AVL) system on the Modesto Area Express (MAX) bus fleet, and

WHEREAS, on December 11, 2007, the City entered into an Agreement with Avail Technologies, Inc., for the development of a CAD/AVL system for the MAX bus fleet, and

WHEREAS, on June 7, 2016, by Resolution 2016-234, the Council awarded a sole source agreement to Avail Technologies, Inc. to continue maintaining and supporting the software through April 18, 2018 at a cost of \$112,652.

WHEREAS, in April 2017, Avail Technologies upgraded and began hosting the software to enable the real-time bus information to be made available to the public via website and myStop smart phone application. In addition, most of the buses started transmitting data via a stable cellular connection vs. the less reliable data radio connection. Avail included the server hosting services as part of the annual agreement approved in June 2016, with no additional cost to the City, and

WHEREAS, on July 11, 2017, by Resolution 2017-277, the Council authorized the purchase of additional hardware to enable all buses to transmit the signal with a cellular connection, along with other upgraded hardware, so that the real-time data was accurate and all buses had the same equipment installed. That equipment upgrade is currently scheduled for January 2018, and

WHEREAS, this additional software will enhance the MAX system by providing better tools to the operations staff to ensure that the Avail system is producing correct data for the traveling public and the management staff will have the reports needed to effectively convey the story of MAX service in Modesto, and

WHEREAS, Avail Technologies, Inc. is the sole provider of Avail applications and is the only vendor that can provide Avail maintenance for their products. The City conducted a competitive bid process and found no other reseller that can provide maintenance for the Avail system. As a result, the Purchasing Manager has determined that purchase of software and maintenance and modem equipment meet the City's sole source criteria as required under the Modesto Municipal Code 8-3.204, and

WHEREAS, on January 10, 2018, this item was presented to the Economic Development Committee for their acceptance, and the Committee recommended forwarding to Council for consideration of approval.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the software license agreement and four sole source agreements with Avail Technologies, Inc., State College, PA, for the maintenance and support of the existing Computer Aided Dispatch and Automatic Vehicle Location system, Pullout/Yard Management software, Incident Reporting software, Business Intelligence software and

replacement cellular modems utilized by Modesto Area Express for a total cost of \$427,914.

BE IT FURTHER RESOLVED that the Interim City Manager, or his designee, is hereby authorized to execute the Agreements, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of January, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-37**

RESOLUTION APPROVING A BUDGET ADJUSTMENT IN THE AMOUNT OF \$427,914 TO FUND THE PURCHASE MAINTENANCE AND SUPPORT OF THE EXISTING COMPUTER AIDED DISPATCH AND AUTOMATIC VEHICLE LOCATION SYSTEM, PULLOUT/YARD MANAGEMENT SOFTWARE, INCIDENT REPORTING SOFTWARE, BUSINESS INTELLIGENCE SOFTWARE AND REPLACEMENT CELLULAR MODEMS UTILIZED BY MODESTO AREA EXPRESS

WHEREAS, certain budgetary transactions are necessary in the amount of \$427,914 in order to fund the purchase of maintenance and support of the existing Computer Aided Dispatch and Automatic Vehicle Location System, Pullout/Yard Management software, Incident Reporting software, Business Intelligence software and replacement cellular modems for the Modesto Area Express (MAX) bus system, and

WHEREAS, the City was awarded Proposition 1B funds under the Public Transportation Modernization, Improvement and Service Enhancement Account program (PTMISEA) in the amount of \$75,466 for the purchase of the Computer Aided Dispatch and Automatic Vehicle Location System components, and

WHEREAS, the City was awarded Federal Transit Administration funds in the amount of \$234,036 for the purchase of the maintenance and support of the Computer Aided Dispatch and Automatic Vehicle Location System, and

WHEREAS, Local Transportation Funds awarded to the City for Transit purposes only in the amount of \$118,412 will be used to fund this purchase, and

WHEREAS, the Fiscal Year 2017-2018 operating budget must be amended as shown in **Exhibit A**, which is incorporated by reference herein.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the amendment of the Fiscal Year 2017-2018 Operating Budget as shown in **Exhibit A, attached hereto.**

BE IT FURTHER RESOLVED that the Interim City Manager, or his designee, is hereby authorized to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of January, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-38**

**RESOLUTION APPROVING THE SUBMISSION OF A PROJECT LIST,
COMPLY WITH THE CERTIFICATIONS AND ASSURANCES FOR THE
ROAD REPAIR AND ACCOUNTABILITY ACT OF 2017 FOR THE MODESTO
AREA EXPRESS BUS SYSTEM, AND AUTHORIZING THE INTERIM CITY
MANAGER, OR HIS DESIGNEE, TO EXECUTE ALL REQUIRED DOCUMENTS
OF THE PROGRAM**

WHEREAS, the City of Modesto is an eligible project sponsor and may receive State Transit Assistance funding from the State of Good Repair Account (SGR) now or sometime in the future for transit projects, and

WHEREAS, the statutes related to state-funded transit projects require a local or regional implementing agency to abide by various regulations, and

WHEREAS, Senate Bill 1 (2017) named the Department of Transportation (Department) as the administrative agency for the SGR, and

WHEREAS, the Department has developed guidelines for the purpose of administering and distributing SGR funds to eligible project sponsors (local agencies), and

WHEREAS, a project list has been developed to improve the conditions of the facilities, rolling stock and equipment needed to operate the Modesto Area Express bus system, and

WHEREAS, on January 10, 2018, this item was presented to the Economic Development Committee for their consideration and the Committee recommended forwarding to Council for approval.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves submission of the project list for the Road Repairs and Accountability Act of 2017 for the City of Modesto Transit Division.

BE IT FURTHER RESOLVED that the fund recipient agrees to comply with all conditions and requirements set forth in the Certification and Assurances document and applicable statutes, regulations and guidelines for all State of Good Repair funded transit projects.

BE IT FURTHER RESOLVED that the Interim City Manager, or his designee, is hereby authorized to execute and file all required documents of the State of Good Repair program and any Amendments thereto with the California Department of Transportation.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of January, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2018-39**

**RESOLUTION APPROVING A FIVE-YEAR LEASE AGREEMENT WITH
THREE ADDITIONAL FIVE-YEAR EXTENSION OPTIONS WITH
GREYHOUND LINES, INC., DALLAS, TX, FOR THE LEASE OF SPACE AT
THE CITY TRANSPORTATION CENTER FOR TOTAL ANNUAL REVENUE
OF \$63,000 AND TOTAL REVENUES OF \$321,363 FOR THE INITIAL FIVE-
YEAR TERM OF THE AGREEMENT AND AUTHORIZING THE INTERIM
CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT**

WHEREAS, the City of Modesto has leased space to Greyhound Lines, Inc., since 1994, when the Transportation Center opened to serve Modesto Area Express, and

WHEREAS, the lease agreement expired in 2009 and continued as a month-to-month tenancy since that time, and

WHEREAS, the City and Greyhound Lines, Inc. have developed a new lease to continue the arrangement, and

WHEREAS, Greyhound Lines, Inc. provides a transportation service to the community by providing bus service between communities, and

WHEREAS, there are no other companies that provide this type of regular scheduled bus service, and

WHEREAS, the length of the lease is an initial five years, with three additional five year options for a total of twenty years if all extension options are exercised, and

WHEREAS, the total amount of the lease would be \$1,401,069 if all option years are exercised, and

WHEREAS, on September 13, 2017, this item was presented to the Healthy Economy Committee for their acceptance, and the Committee recommended forwarding to Council for consideration of approval.

NOW THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a five-year lease agreement with three additional five-year extension options with Greyhound Lines, Inc., Dallas, TX, for the lease of space at the City Transportation Center for total annual revenue of \$63,000 and total revenues of \$321,363 for the initial five-year term of the agreement.

BE IT FURTHER RESOLVED, that the Interim City Manager or his designee is authorized to execute the lease agreement, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of January, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-40**

RESOLUTION APPROVING AN AGREEMENT WITH KIMLEY-HORN AND ASSOCIATES, INC. TO PROVIDE ENGINEERING AND DESIGN SERVICES FOR THE RECONSTRUCTION OF TAXIWAYS E AND D, IN AN AMOUNT NOT TO EXCEED \$174,629, AND AUTHORIZING THE INTERIM CITY MANAGER, OR HIS DESIGNEE, TO EXECTURE THE AGREEMENT

WHEREAS, the Modesto City-County Airport (Airport) is a federally obligated facility and is required to meet Federal Aviation Administration (FAA) standards, including maintaining a Pavement Maintenance Management Plan per FAA Regulation (FAR) 139.305, and

WHEREAS, the FAA is requiring the Airport to implement an Airport Pavement Management System, and

WHEREAS, the FAA has made a grant offer 3-06-0153-039-2015 (AIP 39) for the design of the Taxiways E and D Reconstruction Project, and

WHEREAS, the FAA required the City to retain a qualified airport engineer, and

WHEREAS, City Council approved, by Resolution 2015-114, Kimley-Horn and Associates, Inc. as the most qualified and responsible consultant, and

WHEREAS, the FAA reviewed and approved the Independent Fee Estimate (“IFE”) performed by the City on the proposed services by Kimley Horn and Associates, Inc. to determine cost reasonableness, and

WHEREAS, The IFE proposal meets the requirements of the Modesto Municipal Code 8-4.208(a) related to professional services requirements as it is an agreement for professional services and FAA Advisor Circular 150/5100.

WHEREAS, on January 10, 2018, this item was presented to the Economic Development Committee for their acceptance, and the Committee recommended forwarding to Council for consideration of approval.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the agreement with Kimley-Horn and Associates, Inc. to provide engineering and design services to reconstruct taxiways E and D in an amount not to exceed \$174,629.

BE IT FURTHER RESOLVED that the Interim City Manager, or his designee, is hereby authorized to execute the agreement, in a form approved by the City Attorney.

RESOLUTION NO. 2018-42**

RESOLUTION APPROVING THE TRANSFER OF PORTIONS OF APNS 135-029-038 AND 135-029-039 TO BOTH STANISLAUS COUNTY AND STATE OF CALIFORNIA, PORTIONS OF APNS 135-029-040 AND 135-029-041 TO THE STATE OF CALIFORNIA, AND PORTIONS OF SALIDA BOULEVARD AND SISK ROAD TO THE STATE OF CALIFORNIA FOR THE STATE ROUTE 99/PELANDALE AVENUE INTERCHANGE RECONSTRUCTION PROJECT AND AUTHORIZING THE INTERIM CITY MANAGER, OR HIS DESIGNEE TO EXECUTE ALL DOCUMENTS NECESSARY TO TRANSFER THE PROPERTIES

WHEREAS, the State Route 99 / Pelandale Avenue Interchange Reconstruction Project is a project to increase safety, relieve congestion, and enhance traffic operations within the Interchange and along the adjacent streets, and

WHEREAS, State Route 99/Pelandale Avenue Intersection Reconstruction Project funds were programmed in accordance with California Department of Transportation's (Caltrans) Project Development Procedures Manual, and

WHEREAS, an initial study with Mitigated Negative Declaration was prepared by the city's consultant and submitted to the State of California Department of Transportation (Caltrans) for approval. This Document (SCH# 2009072012) was approved by Caltrans on September 28, 2009, and

WHEREAS, on July 10, 2012, by Resolution No. 2012-277, City Council approved an Agreement between the City of Modesto and the California Department of Transportation (Caltrans) for maintenance of improvements within State Highway Right of Way on Route 99 (Pelandale Avenue) within the City of Modesto for the State Route 99 and Pelandale Avenue Interchange Reconstruction Project, and

WHEREAS, on February 25, 2014, by Resolution No. 2014-71, City Council approved the contract with Teichert/MCM, a Joint Venture, Fowler, California in an

amount of \$30,999,968.53, and authorized the City Manager, or his designee, to execute the contract, and

WHEREAS, on April 25, 2017, by Resolution number 2017-154, City Council accepted the State Route 99/Pelandale Avenue Interchange Reconstruction Project improvements as complete, and

WHEREAS, a Record of Survey must be submitted to the State for final closeout of the project to be completed, and

WHEREAS, for the Record of Survey to be submitted, City Council must first approve the relinquishment of land to both County and State, and

WHEREAS, on January 10, 2018, this item was presented to the Economic Development Committee for their acceptance, and the Committee recommended forwarding to Council for consideration of approval.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the transfer of real property, portions of APNs 135-029-038 and 135-029-039 to both Stanislaus County and State of California, portions of APNs 135-029-040 and 135-029-041 to the State of California, and portions of Salida Boulevard and Sisk Road to the State of California for the State Route 99/Pelandale Avenue Interchange Reconstruction Project.

BE IT FURTHER RESOLVED, that the Interim City Manager, or his designee is authorized to execute all documents necessary to transfer the properties.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-43**

RESOLUTION APPROVING AN INCREASE OF \$700,000 TO THE ANNUAL PURCHASING AGREEMENT WITH WEST COAST SAND & GRAVEL, INC., MODESTO, CA, FOR ROCK, SAND, AND GRAVEL, FOR AN AGREEMENT TOTAL NOT TO EXCEED \$2,637,070, AND AUTHORIZING THE PURCHASING MANAGER, OR HER DESIGNEE, TO INCREASE THE ANNUAL PURCHASE AGREEMENT

WHEREAS, the City of Modesto entered into a contract purchase agreement No. 66240 with West Coast Sand & Gravel, Inc. by Resolution No. 2014-352 in 2014 for an estimated annual cost of \$387,414 which equals \$1,937,070 over a five year period, and

WHEREAS, since 2014, the City has continued to see an increased need for rock, sand and gravel services, and

WHEREAS, this demand significantly exceeded staff estimates in 2014 when the original agreement was competitively bid and has resulted in the need to increase the amount of the annual agreement with West Coast Sand & Gravel, Inc. and

WHEREAS, West Coast Sand & Gravel, Inc. has successfully been able to meet the demands by the City for rock, sand and gravel services, and

WHEREAS, the cost of rock, sand and gravel by West Coast Sand & Gravel, Inc. has increased due to flood mitigation, installation of additional flush lines and price increases, and

WHEREAS, the current purchase agreements for rock, sand and gravel expires on September 8, 2019, and

WHEREAS, in the interim, staff anticipates it will continue to need rock, sand and gravel from West Coast Sand & Gravel, Inc. in an amount not to exceed \$2,637,070, and

WHEREAS, per MMC Section 8-3.204(c), the Purchasing Manager has the authority to recognize the department's current situation as an exigent circumstance. Acting within the scope of this authority, the Purchasing Manager recommends staff be allowed to increase spending authority under this purchase agreement to \$2,637,070, in accordance with MMC Section 8-3.204(c) ensuring the repair and maintenance of the City's infrastructure. If these repair and maintenance services are interrupted, this could result in potential safety hazards to the public.

WHEREAS, this item was considered by the Finance Committee at the December 14, 2017 meeting and was recommended to forward to Council for approval.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an increase of \$700,000 to the annual purchasing agreement with West Coast Sand & Gravel, Inc., Modesto, CA, for rock, sand, and gravel, for an agreement total not to exceed \$2,637,070.

BE IT FURTHER RESOLVED that the Purchasing Manager, or her designee, is hereby authorized to increase the annual purchase agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of January, 2018, by Councilmember Ridenour, who moved its adoption, which motion being duly seconded by Councilmember Kenoyer, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-44**

RESOLUTION APPROVING AN AMENDMENT TO THE PURCHASING AGREEMENT WITH NATIONAL METER AND AUTOMATION, INC., SANTA ROSA, CA, FOR ADDITIONAL WATER METERS AND PARTS FOR AN ANNUAL COST NOT TO EXCEED \$842,748 FOR THE REMAINING FOUR YEARS OF THE AGREEMENT, AND A NEW TOTAL AMOUNT NOT TO EXCEED \$4,100,327 OVER FIVE YEARS, AND AUTHORIZING THE PURCHASING MANAGER, OR HER DESINGEE, TO INCREASE THE ANNUAL PURCHASE AGREEMENT

WHEREAS, the City of Modesto entered into a contract purchase agreement No. 99391 with National Meter and Automation, Inc., by Resolution No. 2016-235, for an estimated annual cost of \$729,333 which equals \$3,646,665 over a five year period, and

WHEREAS, this agreement expires on June 6, 2021, and

WHEREAS, the City is in the second year of its agreement with National Meter and Automation, Inc. and needs to add additional meters and parts to continue the maintenance program for commercial and industrial accounts to the current annual agreement No. 99391, and

WHEREAS, these include Parts for Meter Testing and Repair. The original agreement lists full assemblies and no parts. Staff does annual meter testing and needs parts for this purpose. In the past, parts were requested through Stores and now the Utilities Department must order directly from the vendor, and

WHEREAS, Model 35/55/70 Bronze Bodied Meters that were not original included on the contract and in the past Stores purchased them as needed, and the Utilities Department now needs to purchase directly from the vendor, and

WHEREAS, the full list of additional parts and equipment to be added to the National Meter and Automation, Inc. Agreement is **attached**, and

WHEREAS, per MMC Section 8-3.204(c), the Purchasing Manager has the authority to recognize the department's current situation as an exigent circumstance. In addition, since the water meter system throughout the City are manufactured by National Meter only National Meter parts are compatible with the existing system. Since the purchasing requirements can only be satisfied by purchase of National Meter water meter parts, the bidding requirements are further exempt due to the sole source exemption per MMC Section 8-3.204(b). Acting within the scope of this authority, the Purchasing Manager recommends staff be allowed to increase spending authority under this purchase agreement to \$4,100,327, in accordance with MMC Section 8-3.204(c) ensuring water meter installation/repairs are not interrupted and needed work is not significantly delayed, and

WHEREAS, based on manufacturer recommendations for equipment and parts, staff anticipates costs at an estimate of approximately \$113,415 annually, for a total increase four year cost of \$453,661, for the remainder four years of the contract, and

WHEREAS, sufficient funds are budgeted in the Water Fund to cover this increase, and

WHEREAS, this item was considered by the Finance Committee at the December 14, 2017 meeting and was recommended to forward to Council for approval.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an amendment to the purchasing agreement with National Meter and Automation, Inc., Santa Rosa, CA, for additional water meters and parts, for an annual cost not to exceed \$842,748 for the remaining four years of the agreement, and a new total amount not to exceed \$4,100,327 over five years.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-45**

RESOLUTION APPROVING AN INCREASE OF \$50,000 PER YEAR TO THE PURCHASING AGREEMENT WITH ROOT TAMERS, INC., BROOKINGS, OR, FOR THE FURNISHING OF SEWER ROOT CONTROL SERVICES FOR AN AGREEMENT TOTAL NOT TO EXCEED \$362,615 OVER THE FIVE YEAR TERM OF THE AGREEMENT AND AUTHORIZING THE PURCHASING MANAGER, OR HER DESIGNEE, TO INCREASE THE PURCHASE AGREEMENT

WHEREAS, on April 12, 2016, by Resolution No. 2016-151, Council authorized the award of bid for the purchase of a sewer root control program to Root Tamers, Inc., of Brookings, OR, in the amount of \$32,523 per year, for a total amount of \$162,615 over five years, and

WHEREAS, the State Water Resources Control Board (SWRCB) adopted a General Waste Discharge Requirement (WDR) (Order No. 2006-0003) for all publicly owned sanitary sewer collection systems in California with more than one mile of sewer pipe, and

WHEREAS, the goal of the WDR is to provide a consistent statewide approach for reducing Sanitary Sewer Overflows (SSOs) which requires public agencies to develop and implement a Sewer System Management Plan (SSMP) aimed at reducing SSOs, and

WHEREAS, Council approved the City's SSMP with Resolution No. 2009-150 on April 7, 2009 and approved the latest update with Resolution No. 2017-357, and

WHEREAS, as part of the SSMP, the Wastewater Collections Section has created detailed and comprehensive maintenance programs in an effort to reduce SSOs and the Integrated Root Control Program is a key component of these efforts, and

WHEREAS, the anticipated amount of Root Control Services has grown significantly from what was estimated in the original award, and the additional work performed and request for additional funding for this agreement is due to:

- *Heavy to Medium root intrusion discovered during maintenance activities.* When Heavy to Medium roots are discovered intruding into the City's sewer system, the Wastewater Collections staff creates a root foaming Preventive Maintenance Work Order and schedules root treatment of that section of sewer line. This is a critical component of a proactive maintenance program.
- *Increased Closed Circuit Television (CCTV) work.* The Wastewater Collections crews have been performing more CCTV work and finding significant roots in the piping.
- *Re-treatment of areas previously treated.* The Wastewater Collections contractor has been re-treating areas that were previously treated so that all lines are re-treated within the 3 to 5 year timeframe.
- *Drought conditions.* Due to the drought conditions of 2013-2016, trees were more aggressively attacking the sewer system in search of water.

WHEREAS, during the first year of this agreement, Staff discovered more root intrusion than anticipated, and

WHEREAS, this resulted in expenditures totaling \$120,282 for the first two years of the Root Tamers Agreement, and

WHEREAS, these expenditures did not exceed the amounts authorized by City Council, however the annual amounts were greater than expected, and

WHEREAS, the revised annual expenditure for on-going root control work is anticipated to be approximately \$72,523 each year requiring the agreement to be increased \$200,000 to a total of \$362,615, and

WHEREAS, this was considered by the Finance Committee at the December 13, 2017 meeting and was recommended to forward to Council for approval, and

WHEREAS, per MMC Section 8-3.204(c), the Purchasing Manager has the authority to recognize the department's current situation as an exigent circumstance, and

WHEREAS, based on the increase requested by the department, the Purchasing Manager, within the scope of this authority, recommends staff be allowed to increase spending authority under this purchase agreement to \$362,615 in accordance with MMC Section 8-3.204(c) ensuring root control services are not interrupted and needed work is not significantly delayed.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an increase of \$50,000 per year to the Purchase Agreement with Root Tamers, Inc., Brookings, OR, for the furnishing of sewer root control services for an Agreement total not to exceed \$362,615 over the five year term of the Agreement.

BE IT FURTHER RESOLVED, that the Purchasing Manager, or her designee, is hereby authorized to increase the Purchase Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of January, 2018, by Councilmember Ridenour, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-46**

RESOLUTION APPROVING THE PLANS AND SPECIFICATIONS FOR THE GRAYSON REPLACEMENT WELL 274 PROJECT, ACCEPTING THE BID, AND AWARDING A CONSTRUCTION CONTRACT TO MAGGIORA BROS. DRILLING, INC., OF WATSONVILLE, CA, IN THE AMOUNT OF \$408,420, AND AUTHORIZING THE INTERIM CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE CONTRACT

WHEREAS, specifications have been prepared for the Grayson Replacement Well 274 Project, and City staff recommends approval by the City Council, and

WHEREAS, the bids received for the Grayson Replacement Well 274 Project were opened at 11:00 a.m. on December 19, 2017 pursuant to Modesto Municipal Code section 8-3.403 and Charter section 1307 , and

WHEREAS, the Director of Utilities and the Interim City Manager has recommended that the bid of \$408,420 received from Maggiora Bros Drilling, Inc., be accepted as the lowest responsible and responsive bid and the contract be awarded to Maggiora Bros. Drilling, Inc.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the plans and specifications for Grayson Replacement Well 274 Project, accepts the bid of \$408,420 and awards Maggiora Bros. Drilling, Inc., of Watsonville, CA the construction contract for the Grayson Replacement Well 274 Project.

BE IT FURTHER RESOLVED that the Interim City Manager, or his designee, is hereby authorized to execute the contract, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of January, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-47**

**RESOLUTION AUTHORIZING AN INCREASE IN THE DIRECTOR'S
AUTHORITY TO ISSUE CHANGE ORDERS FOR THE GRAYSON
REPLACEMENT WELL 274 PROJECT FROM 10 PERCENT (\$40,842) TO 25
PERCENT (\$102,105) OF THE CONSTRUCTION CONTRACT AMOUNT**

WHEREAS, on January 23, 2018, the City Council is concurrently awarding a \$408,420 contract to Maggiora Bros. Drilling, Inc., of Watsonville, CA for the construction of the Grayson Replacement Well 274 Project, and

WHEREAS, the City operates and maintains Well 274 in the outlying service area of Grayson, and

WHEREAS, a feasibility study addressing nitrate concentrations in Well 274 was completed in January 2015, and recommends a replacement well due to the age and relative shallow depth of the current well, and

WHEREAS, by Resolution 2015-454, Council accepted a 9,945 square foot site from Stanislaus County, expanding the Well 274 site to accommodate drilling a replacement well, and

WHEREAS, given the nature of the project, additional work may be needed to address unexpected conditions that require changes in project scope that may exceed the Director's change order authority of 10%, as established by the Council's Change Order Approval Policy adopted by Resolution No. 94-443, and

WHEREAS, the Director of Utilities currently has authority to approve change orders up to a cumulative amount of \$40,842, and

WHEREAS, staff recommends that the Director's change order authority be increased to 25%.

NOW, THEREFORE BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Director of Utilities to issue change orders for the Grayson Replacement Well 274 Project from 10 percent (\$40,842) to 25 percent (\$102,105) of the construction contract price of \$408,420 with Maggiora Bros. Drilling, Inc., of Watsonville, CA.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of January, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-48**

RESOLUTION APPROVING AN AMENDMENT INCREASING THE CONTRACT AMOUNT WITH ARAMARK UNIFORM SERVICES, MODESTO, CA, FOR THE FURNISHING OF UNIFORM AND LAUNDRY SERVICES BY \$50,000 FROM \$950,000 TO \$1,000,000, AND EXTENDING THE TERM OF THE AGREEMENT FROM FEBRUARY 1, 2018, TO JUNE 30, 2018; AND AUTHORIZING THE INTERIM CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE SECOND AMENDMENT TO THE AGREEMENT

WHEREAS, Article 22 of the Memorandum of Understanding (MOU) between the City of Modesto and Modesto City Employees Association (MCEA) requires the City to provide uniform and laundry services for Non-Sworn City employees, and

WHEREAS, in addition to the above article, the City is required to provide coveralls, pants, and rain gear for employees, dependent upon classification, and

WHEREAS, on August 14, 2012 by Resolution 2012-321, Council approved an agreement with Aramark Uniform Services, Modesto, CA for the furnishing of uniform and laundry services for a 2 year agreement with 3 one-year extension options at the sole discretion of the City for an estimated annual cost of \$100,000 and a total cost of \$500,000 for the five year term of the agreement, and

WHEREAS, in December 2015, the City reached the five-year spending amount and the Purchasing Division increased the agreement from \$500,000 to \$800,000 without Council approval; In August 2017, once the \$800,000 limit was reached, an additional \$50,000 expenditure was authorized to ensure the uniform and laundry services continued, and

WHEREAS, on the December 12, 2017 Council meeting, Council approved, via Resolution 2017-529, the extension of the agreement to January 31, 2018 and payment of \$100,000 for the period of August 8, 2017 to January 31, 2018, and

WHEREAS, Council also directed the Finance Department to review the Aramark invoices already paid to determine if the City was being billed at the contract rate approved by Council, and

WHEREAS, the Finance Department contacted Aramark and Aramark promptly completed an internal audit on the billed services to the City in which Aramark found that a credit was due back to the City in the amount of \$49,510 and a correction plan was identified to monitor the control of this agreement, and

WHEREAS, due to the urgency of the need for these services to continue, the City is requesting we increase this agreement an additional \$50,000 and extend the term of the Agreement to June 30,2018 to allow the Purchasing Division time to complete the bidding process for laundry services no later than June of 2018.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an amendment to the Agreement with Aramark Uniform Services, Modesto, CA, increasing the contract amount for the furnishing of uniform and laundry services by \$50,000 from \$950,000 to \$1,000,000; and extending the term of the Agreement from February 1, 2018, to June 30, 2018.

BE IT FURTHER RESOLVED, that the Interim City Manager, or his designee, is authorized to execute the Second Amendment to the Agreement in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of January, 2018, by Councilmember Ridenour, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-49**

RESOLUTION APPROVING AMENDMENTS TO VARIOUS ANNUAL PURCHASE AGREEMENTS WITH VARIOUS VENDORS WITH REVISED NOT TO EXCEED AMOUNTS AND TERMS FOR THE SERVICES STATED HEREIN AND AUTHORIZING THE PURCHASING MANAGER, OR HER DESIGNEE, TO INCREASE THE IDENTIFIED ANNUAL PURCHASE AGREEMENTS IN AN AMOUNT NOT TO EXCEED THE SPECIFIC AMOUNT APPROVED BY COUNCIL

WHEREAS, the City has conducted a comprehensive review of past and current contracting and purchasing practices, and

WHEREAS, that review has found various agreements, contracts, purchase orders and other purchasing documents that are not in conformance with Title 8 of the Modesto Municipal Code, and

WHEREAS, the City has found the below listed Annual Agreements need to be amended to conform with the Municipal Code, and

WHEREAS, Council needs to approve expenditures that exceeded the amounts previously authorized by the City Council, and

WHEREAS, the City also has a critical need for continued use for the goods and services listed below as those goods and services are essential to maintain City business, and

WHEREAS, staff intends to conduct formal Request for Bids but requires time to complete them along with the other competing demands identified from this purchasing review, and

WHEREAS, departments need these same goods and services until the Request for Bids is completed and replacement agreements are approved, and

WHEREAS, the Purchasing Manager has determined that calling for bids on a competitive basis for those goods and services is undesirable due to exigent circumstances, in accordance with MMC 8-3.204(c), since the City cannot have any lapse in the goods and services represented in the list below, and

WHEREAS, the history and explanation for the necessary changes to each Purchase Agreement are set forth more fully in the Agenda Report submitted to Council on January 23, 2018 and accompanying Council presentation, as well as the Purchasing Review Findings which is **attached** hereto as **Attachment A**.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the changes in the term dates of the Purchase Agreements and an increase to the annual Purchase Agreements by the amounts, and not to exceed amounts listed below.

<u>Annual Agreement/Goods & Services</u>	<u>Approval of Previous Expenses</u>	<u>Additional Amount</u>	<u>Changes in Term</u>	<u>Revised Not to Exceed Amount</u>
Pacific Storage—storage for City documents	\$636,239	\$45,000	Dec. 31, 2018	\$681,239

* - The number typically represents one agreement and one purchasing process, but in some cases you might have one purchasing process that created multiple agreements for separate vendors. Vendor - the vendor name is the company awarded the agreement and is provided based on the City report. Agreement Term Start Date - the date represents the starting date of the contract between with the vendor. Agreement Term End Date - the date represents the ending date of the contract between with the vendor. Ords Agreement Start/End Date - the date represents the start date of the agreement with the vendor. Amount Remaining on Agreement - this amount represents the difference between the agreement limit amount (column 1) and the amount of the agreement that has been spent by the vendor. Department Assigned to Manage Contract - the department responsible for managing the agreement. Revised Total Agreement Amount - this amount represents the total amount of the agreement and the amount of the agreement that has been spent by the vendor.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-50**

RESOLUTION APPROVING AMENDMENTS TO VARIOUS ANNUAL PURCHASE AGREEMENTS WITH VARIOUS VENDORS WITH REVISED NOT TO EXCEED AMOUNTS FOR THE SERVICES STATED HEREIN AND AUTHORIZING THE PURCHASING MANAGER, OR HER DESIGNEE, TO INCREASE THE IDENTIFIED ANNUAL PURCHASE AGREEMENTS IN AN AMOUNT NOT TO EXCEED THE SPECIFIC AMOUNT APPROVED BY COUNCIL

WHEREAS, the City has conducted a comprehensive review of past and current contracting and purchasing practices, and

WHEREAS, that review has found various agreements, contracts, purchase orders and other purchasing documents that are not in conformance with Title 8 of the Municipal Code, and

WHEREAS, the City has found the below listed Annual Agreements need to be amended to conform with the Municipal Code, and

WHEREAS, the Council needs to approve expenditures that exceeded the amounts previously authorized by the City Council, and

WHEREAS, staff does not intend to use these agreements anymore, thus there is no change in term dates. Additionally, with the exception of Greater San Joaquin, the City does not intend to replace the Purchase Agreements with new agreements, and

WHEREAS, the history and explanation for the necessary changes to each Purchase Agreement are set forth more fully in the Agenda Report submitted to Council on January 23, 2018 and accompanying Council presentation, as well as the Purchasing Review Findings, **attached** hereto as **Attachment B**.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an increase to the annual Purchase Agreements listed below by the amounts, and not to exceed amounts also listed below.

<u>Ann. Agreement/Goods & Services</u>	<u>Approval of Previous Expenditures</u>	<u>Additional Amounts</u>	<u>Revised Not to Exceed Amounts</u>
Groeniger/Ferg.—water repair parts	\$1,383,511	\$1,383,511	\$2,398,081
San Diego Police Equip.—ammunition	\$157,805	\$157,805	\$619,340
ASA Greater San Joaquin—officiating	\$67,148	\$67,148	\$67,148
Fletcher Landscaping—lands. services	\$73,812	\$73,812	\$73,812

BE IT FURTHER RESOLVED, that the Purchasing Manager, or her designee, is authorized to increase the Purchase Agreements to conform to the above-referenced amounts.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of January, 2018, by Councilmember Zoslocki, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

Not Site Landscaping Services	The volume of services have increased over the history of the agreement and the amount has increased.	\$ 19,812	\$	\$ 73,812			
TOTAL													\$	\$	\$ 1,694,276	\$	\$	\$ 1,694,276

Header Definition:

- the number typically represents one agreement and one purchasing process, but in some cases you might have one purchasing process that created multiple agreements for separate vendors.
Vendor - the vendor name is the company awarded the agreement to provide goods and/or services to the City of Modesto.
Agreement Limit Amount - this amount represents the dollar amount entered into the Oracle system by the Purchasing Division. As explained in the staff report, sometimes the amount was inappropriately amended in the system without creating the contract for seeking appropriate approval as per the City of Modesto Municipal Code.
Agreement Term Start/End - this date represents the starting date of the contractual services with the vendor.
Requested New Agreement Term Start/End - this date represents the change in termination date for the agreement. Most changes are requested to provide adequate time to complete new purchasing process, meet contract and logistics associated with starting a new vendor.
Oracle Agreement Amount - this amount represents the dollar amount entered into Oracle by the Purchasing Division.
Vendor Invoices Paid or Pending Payment - this amount represents the amount paid to the vendor under the agreement or pending payment by our accounts payable division.
Amount Remaining on Agreement - this amount represents the amount remaining on the agreement as of the reporting date of the Purchasing Department.
Department Assigned to Manage Contract - the department listed would be the department assigned to manage the agreement.
Revised Total Agreement Amount - this reflects the requested amended contract amount which provides adequate time and expenditure authority to replace it.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-51**

RESOLUTION APPROVING AMENDMENTS TO VARIOUS BLANKET PURCHASE ORDERS WITH VARIOUS VENDORS WITH REVISED NOT TO EXCEED AMOUNTS FOR THE SERVICES STATED HEREIN AND AUTHORIZING THE PURCHASING MANAGER, OR HER DESIGNEE, TO INCREASE THE IDENTIFIED BLANKET PURCHASE ORDERS IN AN AMOUNT NOT TO EXCEED THE SPECIFIC AMOUNT APPROVED BY COUNCIL

WHEREAS, the City has conducted a comprehensive review of past and current contracting and purchasing practices, and

WHEREAS, that review has found various agreements, contracts, purchase orders and other purchasing documents that are not in conformance with Modesto's City Code, and

WHEREAS, the City has found the below listed Blanket Purchase Orders need to be amended to conform with the Municipal Code, and

WHEREAS, the expenditure trends in this fiscal year and in previous years highly suggest that the Purchase Orders identified herein will exceed the City Manager's approval authority of \$50,000 per purchase pursuant to Modesto Municipal Code section 8-3.102, and

WHEREAS, the City will be replacing these Blanket Purchase Orders referenced in this resolution with Annual Purchase Agreements in the next fiscal year, and

WHEREAS, the City also has a critical need for continued use for the goods and services listed below as those goods and services are essential to maintain City business, and

WHEREAS, the Purchasing Manager has determined that calling for bids on a competitive basis for those goods and services is undesirable due to exigent

circumstances, in accordance with MMC 8-3.204(c), since the City cannot have any lapse in the goods and services represented in the list below, and

WHEREAS, the history and explanation for the necessary changes to each Blanket Purchase Order are set forth more fully in the Agenda Report submitted to Council on January 23, 2018 and accompanying Council presentation, as well as the Purchasing Review Findings, **attached** hereto as **Attachment C**.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an increase to the Purchase Orders listed below by the amounts, and not to exceed amounts also listed below.

<u>Blanket Purchase Orders /Goods & Services</u>	<u>Increase In Expenditure Authority</u>	<u>Revised Not to Exceed Amounts</u>

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-52**

RESOLUTION APPROVING ANNUAL PURCHASE AGREEMENTS WITH VARIOUS VENDORS; RATIFYING PAST EXPENDITURES; APPROVING REVISED NOT TO EXCEED AMOUNTS AND TERMS FOR THE SERVICES STATED HEREIN; AND AUTHORIZING THE PURCHASING MANAGER, OR HER DESIGNEE, TO ISSUE THE IDENTIFIED ANNUAL PURCHASE AGREEMENTS IN AN AMOUNT NOT TO EXCEED THE SPECIFIC AMOUNT AND TERMS APPROVED BY COUNCIL

WHEREAS, the City has conducted a comprehensive review of past and current contracting and purchasing practices, and

WHEREAS, that review has found various agreements, contracts, purchase orders and other purchasing documents that are not in conformance with Title 8 of the Modesto Municipal Code, and

WHEREAS, the City has found purchasing activities that relied on the competitive processes from other governmental agencies but without apparent City Council review and authorization, and

WHEREAS, the City found that some purchases were made that exceeded the City Manager's approval authority of \$50,000 per purchase pursuant to Modesto Municipal Code section 8-3.102 , and

WHEREAS, some of the vendors have been providing goods and services to the City for a number of years and as such, there is no clearly identifiable commencement date for the term of agreement, and

WHEREAS, Council needs to approve all expenditures that exceeded the amounts previously authorized by the City Council or purchases that exceed the City Manager's authority, pursuant to Modesto Municipal Code section 8-3.102, and

WHEREAS, MMC 8-3.202 (h) allows the Purchasing Manager to “[w]ith approval of the Council, join with the State of California and other units of government in cooperative purchasing plans when the best interest of the City would be served thereby”, and

WHEREAS, the City also has a critical need for continued use for the goods and services listed below as those goods and services are essential to maintain City business, and

WHEREAS, staff intends to conduct formal Request for Bids or Proposals but requires time to complete them along with the other competing demands identified from this purchasing review, and

WHEREAS, departments need these same goods and services until the Request for Bids or Proposals are completed and replacement agreements are approved, and

WHEREAS, the Purchasing Manager has determined that calling for bids on a competitive basis for those goods and services is undesirable due to exigent circumstances, in accordance with MMC 8-3.204(c), since the City cannot have any lapse in the goods and services represented in the list below, and

WHEREAS, the history and explanation for the necessary changes to each Purchase Agreement are set forth more fully in the Agenda Report submitted to Council on January 23, 2018 and accompanying Council presentation, as well as the Purchasing Review Findings, **attached** hereto as **Attachment D**.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Purchase Agreement with Office Depot, a vendor that provides the City with office supplies; approves joining with other units of government in

cooperative purchasing plans; ratifies the past expenditures of \$7,895,861; approves an additional amount of \$500,000 for a total maximum amount not to exceed \$8,395,861; and approves a term that begins with the date commensurate with previous expenditures and ends September 30, 2018.

BE IT FURTHER RESOLVED, that Council hereby approves a Purchase Agreement with Emergency Vehicle Outfitters (EVO), a vendor that outfits emergency vehicles with emergency lighting and related equipment; approves joining with other units of government in cooperative purchasing plans; ratifies past expenditures of \$20,080; approves an additional amount of \$135,000 for a total maximum amount not to exceed amount of \$155,080; and approves a term that begins with the date commensurate with previous expenditures and ends September 30, 2018.

BE IT FURTHER RESOLVED, that Council hereby approves a Purchase Agreement with Adesa Golden Gate, a vendor that provides an auction house which is a source for the City to purchase used vehicles; approves joining with other units of government in cooperative purchasing plans; ratifies past expenditures of \$230,020; approves an additional amount of \$70,000 for a total maximum amount not to exceed \$300,020; and approves a term that begins with the date commensurate with previous expenditures and ends September 30, 2018.

BE IT FURTHER RESOLVED, that Council hereby approves a Purchase Agreement with Enterprise Vehicle Exchange, a vendor that is a source for used cars within the City; approves joining with other units of government in cooperative purchasing plans; ratifies past expenditures of \$226,420; approves an additional amount

of \$70,000 for a total maximum amount not to exceed \$296,420; and a term that begins with the date commensurate with previous expenditures and ends September 30, 2018.

BE IT FURTHER RESOLVED, that the Purchasing Manager, or her designee, is authorized to issue the Purchase Agreements to conform to the above-referenced amounts and terms.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of January, 2018, by Councilmember Zoslocki, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

3	OFFICE DEPOT	\$ 50,000.00	1993	NA	NA	30-Sep-2018	Non-PO (but not in Oracle procurement system) \$ 7,855,861.00	\$ 7,855,861.00	\$ 7,855,861.00	Finance Department	The vendor provides all City office supplies and any other goods available through the Office Depot catalog. The City procures from a sales representative who provides a list of items and how much each dept. budgets for office supplies. The Purchasing Division will be working on a contract with Office Depot for the year 2019. The Finance Department could only put vendor payment through July 1, 1997 due to the extension available in our prior financial system. The date an estimated amount was an average from the vendor payment data from fiscal year 1998 and 1999.	The City utilized a state agreement to pay back both but the line was never approved by Council.	\$ 860,000	\$ 8,395,861	
18	ADESA - SODENGLATE	\$ 50,000.00	NA	NA	NA	30-Sep-2018	Non-PO (but not in Oracle procurement system) \$ 230,420.00	\$ 230,420.00	\$ 230,420.00	Public Works	This is an auction house where they conduct auctions for used vehicles. We purchase current year used vehicles for PD and City, some are used for the City's fleet. The City is requesting Council to approve an annual agreement retroactively through September 30, 2018.	For years, utilizing our City dealership license (MFD Auto Sales) the City has been purchasing used vehicles from the City's current blue book to long as we are armed with current blue book values of the vehicles and don't let beyond that point.	\$ 70,000	\$ 300,420	
19	EMERGENCY VEHICLE OUTFITTERS (EVO)	\$ 50,000.00	NA	NA	NA	30-Sep-2018	Non-PO (but not in Oracle procurement system) \$ 20,000.00	\$ 20,000.00	\$ 20,000.00	Public Works	EVO specializes in off-highway, factory stock vehicles with emergency lighting and equipment. We utilize EVO under the piggy-backing clause on the City of Madras contract for the purchase of vehicles. The City has been purchasing EVO vehicles for many years and has had piggyback language in the contract allowing other agencies such as the City of Madras to take advantage of the discounts related to their purchase. The City is requesting Council to approve an annual agreement retroactively through September 30, 2018.	The City of Elk Grove spent left time to competitively bid out the process of utilizing EVO for the purchase of vehicles. The City of Elk Grove had piggyback language in the contract allowing other agencies such as the City of Madras to take advantage of the discounts related to their purchase. The process has been allowed by the City of Madras.	\$ 135,000	\$ 155,000	
20	ENTERPRISE VEHICLE EXCHANGE	\$ 50,000.00	NA	NA	NA	30-Sep-2018	Non-PO (but not in Oracle procurement system) \$ 226,420.00	\$ 226,420.00	\$ 226,420.00	Public Works	This vendor is a white Chevrolet first-aid ambulance. The City is requesting Council to approve an annual agreement retroactively through September 30, 2018.	For years, utilizing our City dealership license (MFD Auto Sales) and being armed with the Kelly Blue Book values of the vehicles and don't let beyond that point.	\$ 70,000	\$ 296,420	
Total													\$ 6,372,361	\$ 715,000	\$ 8,147,361

- the number typically represents one agreement and one purchasing process, but in some cases you might have one purchasing process that created multiple agreements for separate vendors.

Vendor - the vendor name is the company awarded the agreement to provide goods and/or services to the City of Madras.

Agreement Unit Amount Total - this amount represents the dollar amount entered into the Oracle system by the Purchasing Division. As explained in the staff report, sometimes the amount was inappropriately amended in the system without changing the contract, nor seeking appropriate approval as per the City of Madras Municipal Code.

Agreement Start Date - this date represents the starting date of the contracted services with the vendor.

Agreement Term Start/End Date - this date represents the ending date of the contracted services with the vendor.

Requested New Agreement Start/End Date - this date represents the change in termination date for the agreement. Most changes are requested to provide adequate time to complete new purchasing process, new contract and logistics associated with starting a new vendor.

Oracle Agreement Amount - this amount represents the dollar amount entered into Oracle by the Purchasing Division.

Vendor Invoiced Paid or Pending Payment - this amount represents the difference between the invoices paid to the vendor under this agreement or pending payment by our Accounts Payable division.

Amount Remaining on Agreement - this amount represents the difference between the Agreement Unit Amount total less the Vendor Invoiced Paid or Pending Payment.

Condition Number - the agreement number is the condition number. The condition number is the agreement number assigned to the agreement.

Background on Vendor - this section provides background information on the vendor. The information listed would be the information assigned to the agreement.

Refreshed Total Agreement Amount - this reflects the requested amended contract amount which provides adequate time and expenditure authority to replace it.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-53**

RESOLUTION APPROVING PROFESSIONAL SERVICE AGREEMENTS WITH VARIOUS VENDORS; AMENDING VARIOUS PROFESSIONAL SERVICE AGREEMENTS; RATIFYING PAST EXPENDITURES; APPROVING REVISED NOT TO EXCEED AMOUNTS AND TERMS FOR THE SERVICES STATED HEREIN; AND AUTHORIZING THE INTERIM CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE IDENTIFIED PROFESSIONAL SERVICES AGREEMENTS AND AMENDMENTS IN AN AMOUNT NOT TO EXCEED THE SPECIFIC AMOUNT AND TERMS APPROVED BY COUNCIL

WHEREAS, the City has conducted a comprehensive review of past and current contracting and purchasing practices, and

WHEREAS, that review has found various agreements, contracts, purchase orders and other purchasing documents that are not in conformance with Title 8 of the Modesto Municipal Code, and

WHEREAS, the City has found various professional services agreements that either exceeded the City Council authorized amounts or the City Manager's approval authority of \$50,000 per purchase pursuant to Modesto Municipal Code section 8-3.102, and

WHEREAS, the City has found various professional services agreements with the same scope of work and the same vendor that when combined exceed the City Manager's approval authority of \$50,000 per purchase pursuant to Modesto Municipal Code section 8-3.102, and

WHEREAS, as a result of the review, it has been determined that the City should move away from the practice of entering into professional service agreements with no termination dates (also referred to as "evergreen contracts") to ensure periodic review of the terms of the agreement, and

WHEREAS, the various professional service agreements, identified in this resolution, need to be amended to add a termination date, and

WHEREAS, Council needs to ratify expenditures that exceeded the amounts previously authorized by the City Council or what is delegated in the Municipal Code, and

WHEREAS, the City also has a critical need for continued use for the goods and services listed below as those goods and services are essential to maintain City business, and

WHEREAS, the history and explanation for the necessary changes to each agreement are set forth more fully in the Agenda Report submitted to Council on January 23, 2018 and accompanying Council presentation, as well as the Purchasing Review Findings, **attached** hereto as **Attachment E**.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an amendment to the professional service agreement with Moss Adams, LLP (7th Amendment), a vendor that provides an internal auditing services, to increase the agreement amount by \$364,697 (from \$1,245,000) with a total not to exceed amount of \$1,609,697 which includes two additional projects: the permit efficiency study and a fleet utilization study.

BE IT FURTHER RESOLVED, that Council approves an amendment to the professional service agreement with Cooper and Scully, PC (FKA Davidovitz and Bennett), a vendor that provided specialized attorney services relating to the MID litigation, to increase the agreement in the amount of 275,553 (from \$200,000) for a total

not to exceed amount of \$475,553 for Expert Fees and Expenses. Council hereby ratifies past expenditures of \$275,553.

BE IT FURTHER RESOLVED, that Council approves amendments to two professional service agreements with Loomis Armored Carrier, a vendor that provides daily armored transport of cash at various City locations and cash counting services, to reflect a combined not to exceed amount of \$659,887 and to reflect a termination date of September 30, 2018. Council hereby ratifies past expenditures of \$407,887.

BE IT FURTHER RESOLVED, that Council approves an amendment to the professional services agreement with Du-All Safety, a vendor that provides mandatory OSHA safety training to increase the agreement amount by \$198,902 (from \$30,000) to a not to exceed amount of \$228,902 and to reflect a termination date of September 30, 2018. Council hereby ratifies past expenditures of \$165,902.

BE IT FURTHER RESOLVED, that Council hereby approves an amendment to the professional services agreement with North American Youth Activities, LLC dba "Kidz Love Soccer," a vendor that provides recreation classes, to increase the agreement amount to a total not to exceed amount of \$126,837 and to reflect a termination date of September 30, 2018. Council hereby ratifies past expenditures of \$104,337.

BE IT FURTHER RESOLVED, Council hereby approves a professional service agreement with Armistead Research and Investigative Services, a vendor that provides investigation services, to reflect a not to exceed amount of \$103,200 (no cap was previously provided) and to reflect a termination date of September 30, 2018.

BE IT FURTHER RESOLVED, Council hereby approves an amendment to the professional services agreement with Public Group, LLC, aka "Public Surplus," a vendor

that provides auction and other online services to sell City surplus property, to reflect a total not to exceed amount of \$140,945 and to reflect a termination date of September 30, 2018.

BE IT FURTHER RESOLVED, Council hereby approves the professional services agreement with Segal Consulting, a vendor that provided actuarial evaluations of postemployment liabilities. Council hereby ratifies the total amount paid to Segal Consulting that accumulated to \$153,746.

BE IT FURTHER RESOLVED, Council hereby approves a professional services agreement with Willdan Financial Advisory Services, a vendor that provided arbitrage rebate calculations, to increase the agreement amount to a total not to exceed amount of \$77,074 and to reflect a termination date of September 30, 2018. Council hereby ratifies past expenditures of \$59,074.

BE IT FURTHER RESOLVED, that the Interim City Manager, or his designee, is authorized to prepare and execute the agreements and amendments, in a form approved by the City Attorney, to conform to the above-referenced amounts and terms.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of January, 2018, by Councilmember Zoslocki, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

Headnote:

4. The number typically represents our agreement and our purchasing process, but in some cases you might have one purchasing process that created multiple agreements for separate services.

Vendor: An vendor name is the company awarded the agreement to provide goods and/or services to the City of Madison.

Type of Purchasing Document: Defines the type of agreement the City entered into with the vendor. This is often by the City of Madison Municipal Code and the Purchasing Manual.

Agreement Link Amount: The amount of the agreement that is currently in the system without changing the contract. This amount was temporarily entered in the system without changing the contract.

Agreement Term Start/End: The start and end dates of the agreement. This is often by the City of Madison Municipal Code and the Purchasing Manual.

Agreement Term End/Start: The start and end dates of the agreement. This is often by the City of Madison Municipal Code and the Purchasing Manual.

Requested New Agreement Term End/Start: The start and end dates of the new agreement. This is often by the City of Madison Municipal Code and the Purchasing Manual.

Ords Agreement Amount: The amount of the agreement that is currently in the system without changing the contract. This amount was temporarily entered in the system without changing the contract.

Vendor Invoice Paid or Pending Payment: The amount of the agreement that is currently in the system without changing the contract. This amount was temporarily entered in the system without changing the contract.

Amount Remaining on Agreement: The amount of the agreement that is currently in the system without changing the contract. This amount was temporarily entered in the system without changing the contract.

Department Assigned to Pending Contract: The department that is assigned to the agreement. This is often by the City of Madison Municipal Code and the Purchasing Manual.

Notes: Additional information about the agreement. This is often by the City of Madison Municipal Code and the Purchasing Manual.

Background on Service: Additional information about the service. This is often by the City of Madison Municipal Code and the Purchasing Manual.

Explain how we reached this spending above Council Authority: Additional information about the spending. This is often by the City of Madison Municipal Code and the Purchasing Manual.

Amount Already Exceeding Council's Authority: The amount of the agreement that is currently in the system without changing the contract. This amount was temporarily entered in the system without changing the contract.

Amount in excess of what is needed for future commitments: The amount of the agreement that is currently in the system without changing the contract. This amount was temporarily entered in the system without changing the contract.

Revised Total Agreement Amount: The total amount of the agreement. This is often by the City of Madison Municipal Code and the Purchasing Manual.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-54**

RESOLUTION APPROVING AN INCREASE TO VARIOUS ANNUAL PURCHASE AGREEMENTS AND BLANKET PURCHASE ORDERS WITH VARIOUS VENDORS WITH REVISED NOT TO EXCEED AMOUNTS FOR THE SERVICES STATED HEREIN AND AUTHORIZING THE PURCHASING MANAGER, OR HER DESIGNEE, TO INCREASE SAID ANNUAL PURCHASES AGREEMENTS AND BLANKET PURCHASE ORDERS IN AN AMOUNT NOT TO EXCEED THE SPECIFIC AMOUNT APPROVED BY COUNCIL

WHEREAS, the City has conducted a comprehensive review of past and current contracting and purchasing practices, and

WHEREAS, that review has found various agreements, contracts, purchase orders and other purchasing activity that are not in conformance with Title 8 of the Modesto Municipal Code, and

WHEREAS, none of the Annual Purchase Agreements or Blanket Purchase Orders referenced in this resolution violate the Municipal Code, and

WHEREAS, the expenditure trends in this fiscal year and in previous years suggest that the Annual Purchase Agreements and the Blanket Purchase Orders referenced in this resolution will exceed the City Manager's approval authority of \$50,000 per purchase pursuant to Modesto Municipal Code section 8-3.102, and

WHEREAS, the City has found the Annual Purchase Agreements and Blanket Purchase Orders referenced in this resolution need to be amended to ensure conformance with Title 8 of the Modesto Municipal Code during the terms of the Annual Purchase Agreements and the Blanket Purchase Orders, and

WHEREAS, the City will be replacing the Blanket Purchase Orders referenced in this resolution with Annual Purchase Agreements in the next fiscal year, and

WHEREAS, the City also has a critical need for continued use for the goods and services listed below as those goods and services are essential to maintain City business, and

WHEREAS, the Purchasing Manager has determined that calling for bids on a competitive basis for those goods and services is undesirable due to exigent circumstances, in accordance with MMC 8-3.204(c), since the City cannot have any lapse in the goods and services represented in the list below, and

WHEREAS, the history and explanation for the necessary changes to each Annual Purchase Agreement and Blanket Purchase Order are set forth more fully in the Agenda Report submitted to Council on January 23, 2018 and accompanying Council presentation, as well as the Purchasing Review Findings, **attached** hereto as **Attachment F**.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an increase to the Annual Purchase Agreements and Blanket Purchase Orders listed below by the amounts, and not to exceed amounts also listed below.

<u>Annual Purchase Agreements</u>	<u>Increase In Expenditure Authority</u>	<u>Revised Not to Exceed Amounts</u>
LN Curtis—fire protection equip.	\$125,000	\$592,500
Barton—fire OH door repair	\$45,000	\$85,000
Prime Shine---car wash services	\$64,000	\$114,000
Advanced Chemical—waste cleanup	\$45,000	\$120,000

<u>Blanket Purchase Orders</u>	<u>Increase In Expenditure Authority</u>	<u>Revised Not to Exceed Amounts</u>
MSC Ind.—machining tool, etc.	\$60,000	\$110,000
Lowe’s—bldg. repair supplies	\$20,000	\$70,000
Ferguson/Groeniger—repair parts	\$50,000	\$100,000
Cummins Pacific—bus repair parts	\$60,000	\$110,000
Cumulus Broadcasting—radio adv.	\$36,325	\$86,325
Central Sanitary—sanitary supplies	\$20,000	\$70,000
Interstate Truck Ctr—parts & svcs.	\$14,000	\$64,000
Superior Soils—playground chips	\$4,744	\$54,774

BE IT FURTHER RESOLVED, that the Purchasing Manager, or her designee, is authorized to increase the increase the Purchase Agreements and Blanket Purchase Orders to conform to the above-referenced amounts.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of January, 2018, by Councilmember Zoslocki, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

Header O'Fallon:
 ■ the number typically represents one agreement and one purchasing process, but it varies based on the purchasing process that created multiple agreements for separate vendors.
 Vendor - the vendor name is the company entered in the agreement to provide goods and/or services to the City of Modesto.
 Type of Purchasing Document - defines the type of agreement entered into with the vendor. This is driven by the City of Modesto Municipal Code and the Purchasing Manual.
 Agreement Limit Amount Total - this amount represents the total amount entered into the Oracle system by the Purchasing Division. As explained in the staff report, sometimes the amount was inappropriately entered in the system without changing the system without changing the contract or applying appropriate approval as per the City of Modesto Municipal Code.
 Agreement Term Start Date - the date represents the start date of the contract services with the vendor.
 Agreement Term End Date - the date represents the ending date of the contract services with the vendor.
 Order Agreement Amount - this amount represents the amount paid to the vendor under this agreement or pending payment by our Accounts Payable division.
 Vendor Invoices Paid or Pending Payment - this amount represents the amount paid to the vendor under this agreement or pending payment by our Accounts Payable division.
 Amount Remaining on Agreement - this amount represents the amount remaining on the agreement as of the date of the report.
 Department Assigned to manage Contract - the department assigned to manage the contract.
 Revised Total Agreement Amount - this amount represents the total amount of the agreement as of the date of the report.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-55**

**RESOLUTION OF THE CITY OF MODESTO REQUESTING THE SERVICES
OF THE REGISTRAR OF VOTERS, ELECTIONS DIVISION OF THE COUNTY
OF STANISLAUS FOR THE NOVEMBER 6, 2018 ELECTION ON BEHALF OF
THE CITY OF MODESTO AND THE MODESTO CITY SCHOOLS BOARD OF
EDUCATION**

WHEREAS, pursuant to Resolution 2017-527, the City Council directed Staff to prepare a ballot measure for the City of Modesto to hold an election on November 6, 2018 for the purpose of changing election years from odd years to even years beginning in the year 2020; and

WHEREAS, the City of Modesto will hold an election on November 6, 2018 for the purpose of changing Modesto City Schools Board of Education election years from odd years to even years beginning in the year 2020; and

WHEREAS, the City of Modesto respectively requests that the Stanislaus County Registrar of Voters, Elections Division, furnish all other services, facilities, supplies, equipment, etc. necessary for the election; and

WHEREAS, the City of Modesto City Clerk's Office will be responsible for issuing/collecting election information, publishing the Notice of Election; and

WHEREAS, the City of Modesto will reimburse the County of Stanislaus for all actual costs for services performed to conduct the municipal election on behalf of the City.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby formally requests from the Board of Supervisors of Stanislaus County, California, requesting the services of the Registrar of Voters, Elections Division of the

County of Stanislaus to conduct the election on behalf of the City of Modesto and Modesto City Schools Board of Education.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of February, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2018-56**

RESOLUTION APPROVING THE PURCHASE OF 35 ETHERNET SWITCHES AND A RACK MOUNTED MASTER ETHERNET SWITCH FROM GDI COMMUNICATIONS, LLC, VERDI, NV, IN THE AMOUNT OF \$55,626 TO IMPROVE TRAFFIC SIGNAL COMMUNICATIONS AND AUTHORIZING THE PURCHASING MANAGER, OR HER DESIGNEE, TO ISSUE THE PURCHASE ORDER

WHEREAS, on July 5, 2017, by Resolution 2017- 269, Council approved Measure L projects which included the purchase 35 ethernet switches and a rack mounted master ethernet, and

WHEREAS, purchase of this equipment is the first step in making our traffic signal network ready for future traffic adaptive traffic signal system, and

WHEREAS, the Purchasing Division secured bids for the purchase of ethernet switches for communication to the new controllers, and

WHEREAS, City staff has reviewed the bids and GDI Communications, LLC was the lowest responsive and responsible bidder, and

WHEREAS, the Public Works Director and the Interim City Manager have recommended that the bid of \$55,627 received from GDI Communications, LLC be accepted and the purchase be awarded to GDI Communications, LLC, NV, and

WHEREAS, on January 10, 2018, this item was presented to the Economic Development Committee, who recommended approval by the City Council.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the purchase 35 ethernet switches and a rack mounted master ethernet for traffic signals from GDI Communications, LLC.

BE IT FURTHER RESOLVED that the Purchasing Manager, or her designee, is hereby authorized to issue the purchase order.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-58**

RESOLUTION APPROVING THE SURRENDER OF THE FEDERAL AVIATION ADMINISTRATION (FAA) PART 139 AIRPORT OPERATING CERTIFICATE AS HELD BY THE MODSTO CITY-COUNTY AIRPORT TO THE FAA, RESERVING THE RIGHT FOR REINSTATEMENT SHOULD A COMMERCIAL AIR CARRIER SERVICE PROSPECT BECOME VIABLE, EFFECTIVE IMMEDIATELY

WHEREAS, the Modesto City-County Airport (Airport) holds a Class II Federal Aviation Administration (FAA) Part 139 Operating Certificate which allows for service of scheduled commercial air carrier operations, and

WHEREAS, in February 2016 the Airport requested and received permission from the FAA to place the Part 139 Operating Certificate into an inactive status which allowed for a reduction in Airport Rescue and Fire Fighting (ARFF) services, and

WHEREAS, the Airport is an enterprise fund and is expected to be self-supporting. The cost benefit of surrendering the Part 139 Airport Operating Certificate is estimated at \$138,000 annually, and

WHEREAS, on October 19, 2017, the Airport Advisory Committee (AAC) recommended the surrender of the Part 139 Airport Operating Certificate, and

WHEREAS, on January 10, 2018, the Economic Development Committee (EDC) recommended this item be forwarded to City Council for approval.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the surrender of the Federal Aviation Administration Part 139 Airport Operating Certificate as held by the Modesto City-County Airport to the FAA, reserving the right for reinstatement should a commercial air carrier service prospect become viable.

BE IT FURTHER RESOLVED that this resolution shall go into effect and be in full force and operation effective immediately.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-59**

**RESOLUTION APPROVING THE SOLE SOURCE PROCUREMENT OF
THREE 25-CUBIC YARD FLOW TREND VAC TRUCK DE-WATERING BINS
FROM RYAN PROCESS, INC., BENICIA, CALIFORNIA, IN AN AMOUNT NOT
TO EXCEED \$108,811 AND AUTHORIZING THE PURCHASING MANAGER,
OR HER DESIGNEE, TO EXECUTE A PURCHASING AGREEMENT**

WHEREAS, the City's sanitary sewer system is regulated by the State Water Resources Control Board, Order No. 2006-003, Statewide General Waste Discharge Requirements (WDR) for Sanitary Sewer Systems, and

WHEREAS, the WDR governs the operations and maintenance of wastewater collection systems and to facilitate proper funding and management of sanitary sewer systems, agencies are required to implement a Sanitary Sewer Management Plan (SSMP), and

WHEREAS, an effective Operation and Maintenance Program is critical for achieving the objectives of several other SSMP program elements, and

WHEREAS, while performing maintenance, Wastewater Collection System staff removes accumulated debris and solids using the jet/vac truck vacuum system, and

WHEREAS, removing accumulated solids increases sanitary sewer system capacity and helps prevent Sanitary Sewer Overflows, and

WHEREAS, on March 6, 2012, by Resolution No. 2012-79, Council approved the Jet-Vac Dump Site Rehabilitation Project, and

WHEREAS, sanitary sewer spoils removed during regular maintenance are dumped at the Jet-Vac Dump Site and the sewer spoils are de-watered and dried at the Jet-Vac Dump Site prior to being hauled to an approved landfill, and

WHEREAS, the Jet-Vac Dump Site was intended to provide efficient de-watering and handling of sewer spoils removed during routine sewer maintenance; however, the frequency of dumping and volume of spoils prevents de-watering/drying, and

WHEREAS, due to the volume and fluidness of the spoils, the site and drains require frequent cleaning, which is then dumped at the same site, and

WHEREAS, sewer spoils must be fully de-watered and dried prior to disposal at an approved landfill, and

WHEREAS, by using the Flow Trend de-watering bins in conjunction with the Jet-Vac Dump Site, crews will be able to dump directly into the de-watering bins which will contain the solids and de-water at the concurrently, and

WHEREAS, after the spoils fully dry out, the roll-off bins would be dumped at an approved landfill; reducing handling and loading of spoils.

WHEREAS, due to these benefits and the patented design, staff is requesting a sole source purchase, and

WHEREAS, staff is requesting the purchase of three 25-cubic yard roll-off de-watering bins at a cost of \$31,050 each, and

WHEREAS, this would allow bins to be cycled, allowing one to fully dry while the others were in use, and

WHEREAS, these bins are lined with filter material which would occasionally need to be replaced, and

WHEREAS, the Flow Trend de-watering bins will be purchased from Ryan Process who is the exclusive representative of Flow Trend products in Northern CA, and

WHEREAS, this item went to the Finance Committee on December 13, 2017 and was recommended for Council Approval, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid, and there are exceptions to the rule set forth in the Modesto Municipal Code. One exception, MMC Section 8-3.204(b), is available where the Purchasing Agency's requirements can be met solely by a single article or process, and

WHEREAS, the Purchasing Manager invoked that exception for this purchase due to the cost savings of staff time and that there are no competitors, and

WHEREAS, the sole source award of a purchase agreement to Ryan Process, INC, Benicia, CA, will conform to Modesto Municipal Code 8-3.204(b), and

WHEREAS, another exception is under, Modesto Municipal Code Section 8-3.203(d) when the Purchasing Manager, in his or her discretion, determines that a process other than the formal bid procedure set forth in Section 8-3.203 will result in a procurement for the City at the lowest possible cost commensurate with the desired quality. In this case staff has done its due diligence in checking for competitors, price and quality and it is the determination of the Purchasing Manager that the procurement from Ryan Process, Inc. conforms to this exception.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the sole source procurement of three 25-cubic yard Flow Trend vac truck de-watering bins from Ryan Process, Inc., Benicia, California, in an amount not to exceed \$108,811.

BE IT FURTHER RESOLVED that the Purchasing Manager, or her designee, is authorizing to execute a purchasing agreement, and

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of February, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-60**

RESOLUTION APPROVING A PURCHASE AND SALE AGREEMENT WITH GUDINO PROPERTIES, LLC, DELHI, CA FOR THE ACQUISITION OF APPROXIMATELY 6,037.5 SQUARE FEET OF SEWER EASEMENT AREA, LOCATED AT 563 CROWS LANDING ROAD (APN: 038-021-009) FOR A PERMANENT SEWER EASEMENT, AND AUTHORIZING THE INTERIM CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE PURCHASE AND SALE AGREEMENT AND ALL RELATED DOCUMENTS REQUIRED TO COMPLETE THE ACQUISITION OF THE SEWER EASEMENT

WHEREAS, the City of Modesto is replacing and upgrading sewer infrastructure in various Modesto neighborhoods, and

WHEREAS, the Ceres Trunk Rehabilitation Project will improve sewer mains and trunks in the Crows Landing and Zeff Road areas, and

WHEREAS the project improvements require acquisition of an easement from a property owner on Crows Landing Road, and

WHEREAS, the easement in this acquisition will provide a permanent sewer easement to install and maintain a sewer trunk for the project, and

WHEREAS, City staff is recommending acquisition of a permanent sewer easement, and

WHEREAS, an agreement is needed for the acquisition of the easement and City staff recommends approving the Purchase and Sale Agreement for acquisition of the required easement.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Purchase and Sale Agreement with Gudino Properties, LLC, Delhi, CA for the acquisition of a permanent sewer easement, consisting of 6,037.5

square feet, located at 563 Crows Landing Road (APN 038-021-009), for the Ceres Trunk Rehabilitation Project.

BE IT FURTHER RESOLVED that the Interim City Manager, or his designee, is hereby authorized to execute the Agreement, and all related documents required to close escrow.

RESOLUTION NO. 2018-62**

RESOLUTION APPROVING A PROMISSORY WILL SERVE LETTER AND OUTSIDE SERVICE AGREEMENT WITH GUDINO PROPERTIES, LLC, DELHI, CA TO CONNECT TO THE CITY OF MODESTO'S SEWER SYSTEM FOR THE PROPERTY LOCATED AT 563 CROWS LANDING ROAD (APN 038-021-009), AND AUTHORIZING THE INTERIM CITY MANAGER, OR HIS DESIGNEE, TO SIGN THE PROMISSORY WILL SERVE LETTER AND EXECUTE THE AGREEMENT

WHEREAS, Gudino Properties, LLC, Delhi, CA owns a commercial property located at 563 Crows Landing Road which is located outside the Modesto City Limits and inside the City's Sphere of Influence, and

WHEREAS, the property located at 563 Crows Landing Road is not connected to the City's sewer system and is requesting a sewer connection due to a failing septic system, and

WHEREAS on November 25, 2014 City Council approved resolution No. 2014-473 amending City Council Policy 5.002, and

WHEREAS, on December 9, 2014 City Council approved adoption of Ordinance No. 3612-C.S. amending City of Modesto Municipal Code Section 11-1.05, and

WHEREAS, both of these amendments included language allowing the City Manager, upon the recommendation of the Director responsible for utility system planning to approve standard agreements of service for extension of sewer services into certain unincorporated areas without City Council approval, and

WHEREAS, the property located at 563 Crows Landing Road is not located within one of those designated areas and therefore requires City Council approval prior to allowing the sewer connection, and

WHEREAS, City staff has completed an analysis and determined that it is reasonable for the City to provide sewer service to this property due to health and safety concerns, and

WHEREAS, consistent with adopted LAFCO Policy 15, the extension of sewer service is proposed to remedy a health and safety concern in an area with failing septic system, and

WHEREAS, the sewer connection fees shall be waived in exchange for a grant of sewer easement on the property granted by the owner, and

WHEREAS, associated permits will be obtained prior to connecting the City sewer system, and

WHEREAS, the property owner has executed an Outside Service Agreement for sewer service with the City as required to receive sewer service outside the City limits.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Will Serve Letter and Outside Service Agreement for sewer service for the property located at 563 Crows Landing Road (APN: 038-021-009) in Modesto.

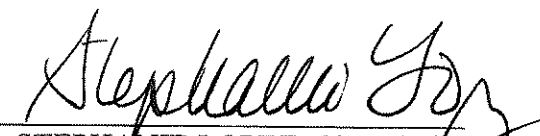

BE IT FURTHER RESOLVED that the Interim City Manager, or his designee, is hereby authorized to approve the Promissory Will Serve Letter and execute the Outside Service Agreement for sewer service.

RESOLUTION NO. 2018-66**

RESOLUTION APPROVING THE FLEET MAINTENANCE FACILITY PHASE I CONSTRUCTION PROJECT FUNDING IN AN AMOUNT NOT TO EXCEED \$4,847,525 AND AUTHORIZING COMPLETION OF THE DESIGNS FOR THE PROJECT

WHEREAS, the City's Internal Auditor, Moss Adams, conducted a Fleet Services Division operations efficiency study and made recommendations for improvement based on those findings. In March, 2017, this report was published and the number one finding was noted as "the Vehicle Maintenance Building is outdated and inadequately designed to accommodate the City's fleet", and

WHEREAS, there are currently 1,060 pieces of active equipment in the City's fleet in addition to taking on maintaining the Fire Department's heavy fire apparatus in 2014, and

WHEREAS, Phase I of the Fleet Maintenance Facility will be to design and construct heavy duty truck bays, eliminating immediate safety concerns of not being able to lift nearly 200 vehicles into the air due to low ceiling height and will enable Fleet Services to service Fire Department vehicles without concern of a lease termination with the Federal Transit Administration (FTA), and

WHEREAS, the funds for the construction of the new Fleet Maintenance Facility were collected through Internal Service Funds (ISF) charges with a surcharge placed on all work orders until the necessary funds were reached, and

WHEREAS, some parts of the expansion that are in process, such as the parts room expansion have been grant funded with a Transit Grant and a State of Good Repair Grant.

WHEREAS, on January 22, 2018, this item was presented to the Finance Committee for their consideration and the Committee recommended forwarding to Council for approval.

NOW THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Fleet Maintenance Facility Phase I Construction Project funding in an amount not to exceed \$4,847,525.

BE IT FURTHER RESOLVED that Council hereby authorizes staff to complete the designs for the Project.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of February, 2018, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

**RESOLUTION APPROVING THE APPOINTMENT OF AMIN VOHRA AS THE
2018 PLANNING COMMISSION REPRESENTATIVE TO THE BOARD OF
ZONING ADJUSTMENT WITH A TERM EXPIRATION OF DECEMBER 31,
2018**

WHEREAS, Section 1102 of the Charter of the City of Modesto authorizes the City Council to appoint members to various Boards and Commissions, and

WHEREAS, the Planning Commission met on January 8, 2018, and recommended the appointment of Amin Vohra as its representative to the Board of Zoning Adjustment for 2018, and

WHEREAS, Ms. Vohra is qualified and willing to act as the Planning Commission representative to the Board of Zoning Adjustment for 2018.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Modesto as follows:

1. Amin Vohra is hereby appointed as the 2018 Planning Commission representative to the Board of Zoning Adjustment, with a term expiration of December 31, 2018.
2. The City Clerk is hereby directed to transmit a copy of this resolution to the appointed member of the Board of Zoning Adjustment, and the Secretary thereof.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 13th day of February, 2017, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Kenoyer, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-68**

RESOLUTION APPROVING THE RENTAL HOUSING REHABILITATION PROGRAM ACTIVITIES, AND COMMUNITY DEVELOPMENT BLOCK GRANT FUNDING (CDBG) IN AN AMOUNT NOT TO EXCEED \$150,000, IN PARTNERSHIP WITH STANISLAUS COUNTY AFFORDABLE HOUSING CORPORATION (STANCO) TO PROVIDE ADA SITE IMPROVEMENTS, HEALTH AND SAFETY REPAIRS, STORM WATER TREATMENT AND DETENTION AND CONSERVATION COSTS ASSOCIATED WITH WATER EFFICIENCY MEASURES TO 522 E. GRANGER AVENUE, MODESTO, CALIFORNIA, 95350

WHEREAS, the U.S. Department of Housing and Urban Development (HUD) requires the City of Modesto, as an entitlement jurisdiction, to develop an Annual Action Plan that describes proposed activities funded with Community Development Block Grant (CDBG), HOME Investment Partnerships (HOME), and Emergency Solutions Grant (ESG) funds, and

WHEREAS, the Annual Action Plan aligns and supports the priorities in the City's Consolidated Plan, and

WHEREAS, on April 4, 2017, Resolution 2017-129, the City amended the 2016-2017 Annual Action Plan, to include a Rental Rehabilitation Program, and

WHEREAS, the Rental Housing Rehabilitation Program is designed for the purpose of carrying out rehabilitation activities in partnership with our local non-profits and the Housing Authority of the County of Stanislaus, and

WHEREAS, the program is currently funded with \$400,000 of Community Development Block Grant funding, and

WHEREAS, this project would utilize \$150,000 of the Community Development Block Grant funding, and

WHEREAS, In April 2016, Stanislaus County Affordable Housing Corporation (STANCO) acquired a single family residential unit located at 522 E. Granger Avenue, Modesto, California, 95350, to be converted into four (4) affordable housing residential units, with an accompanying community center, and

WHEREAS, these units will be used for supportive housing for persons with serious mental illness who are homeless or at risk of homelessness, and

WHEREAS, the project needs to provide ADA site improvements, health and safety repairs, and conservation costs associated with water efficiency measures, and meet current storm water treatment and detention requirements which will require extensive renovation and additional funding, and

WHEREAS, this activity is currently funded in part with HOME funds in partnership with STANCO to support persons with serious mental illness who are homeless or at risk of homelessness, and

WHEREAS, if the allocation of CDBG funds to STANCO is not approved, the City will be unable to meet its timeliness expenditure threshold for HOME funds, and

WHEREAS, if this occurs, the City will be deemed non-compliant with this threshold and will run the risk of having sanctions applied by HUD, and could result in the City to lose \$563,000 of funds already allocated to the project, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Rental Housing Rehabilitation Program activities, and Community Development Block Grant Funding (CDBG) in an amount not to exceed \$150,000, in partnership with Stanislaus County Affordable Housing Corporation (STANCO) to provide ADA site improvements, health and safety repairs, and

conservation costs associated with water efficiency measures to 522 E. Granger Avenue, Modesto, California, 95350.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of February, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

INTRODUCTORY SECTION

December 18, 2017

To the Honorable Mayor, Members of the City Council, and Citizens of the City of Modesto:

We are pleased to present to you the Comprehensive Annual Financial Report (CAFR) for the City of Modesto (City). The City of Modesto City Charter and Municipal Code require that a complete CAFR, which is comprised of financial statements and reports on the finances of the City, be submitted to the City Council at the end of each fiscal year. This report fulfills that requirement for the year ended June 30, 2017.

City management assumes full responsibility for the completeness and reliability of the information contained in this report. We believe the data fairly represents the financial position and results of operations of the City. The disclosures necessary to enable the reader to understand the City's financial affairs have been included. The City's accounting system has been developed and maintained with due consideration given to the adequacy of internal controls. Because the cost of internal controls should not exceed the anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements. The evaluation of the costs and benefits of a particular control requires estimates and judgments by management.

The Modesto City Charter also requires an annual audit be performed by an independent certified public accountant selected by the Modesto City Council. The accounting firm of Macias Gini & O'Connell LLP was selected in 2015 to perform the City's annual financial audits. The auditors have issued an unmodified ("clean") opinion on the financial statements for the fiscal year ended June 30, 2017, which is presented on page 3. In addition to meeting the City Charter audit requirements, the audit was also designed to meet the requirements of the Federal Single Audit Act Amendments of 1996 and Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). The auditor's reports related specifically to the Single Audit will be presented separately at a later date.

Management's discussion and analysis (MD&A) immediately follow the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A is designed to be read in conjunction with this transmittal letter.

City of Modesto Profile

Modesto is located in the heart of California's San Joaquin Valley and is the County Seat of Stanislaus County. It is also the retail, service and financial center of Stanislaus County. The City currently occupies a land area of 37.4 square miles and serves a population of 212,287. The City has a diverse economy and population with a strong sense of community pride.

Incorporated as a municipal city in 1884, the City adopted its City Charter on March 12, 1951, with a Council-Manager form of government. The Modesto City Council (Council) is the City's legislative body and is made up of seven elected officials serving overlapping 4-year terms. The Mayor is elected at-large by the entire City; while the six Councilmembers are elected by district and are limited to two terms.

TDD 209/526-9211

The Council sets policy and tax rates, approves budgets, and passes ordinances and resolutions, which govern the City. The Council also appoints citizens to advisory boards, committees and commissions as well as appoints the City Manager, City Attorney, City Clerk and City Auditor. The City Manager is responsible for carrying out Council policy and managing the day-to-day affairs of the City.

The City is a "full-service" city including police and fire; public works; water and sewer; community and economic development; parks, recreation and neighborhoods; public transportation; and cultural and convention visitor services.

The City's financial reporting entity includes all funds and activities of the City as the primary government and its component units, which are legally separate entities that operate under the auspices of the City and provide services that supplement City services. The City's component units are blended into the City's funds because there is a financial benefit/burden relationship with the City or management has operational responsibility over the component unit. These component units are the Modesto Public Financing Authority and the City of Modesto Community Facilities Districts.

The annual operating budget serves as the foundation for City's financial planning and control. The proposed budget is adopted annually prior to July 1, by City Council ordinance. The Council's legally adopted budget level is at the fund level. Throughout the fiscal year, the budget may be modified. The City Council has also adopted fiscal policies that delineate the delegated budget control authority to the following parties: the City Council, the City Manager and the Director of Finance.

Local Economy

Modesto is the county seat for fast-growing Stanislaus County. A major center for local commerce, the City attracts thousands to its environs for work, shopping and entertainment. Major employment sectors include manufacturing, healthcare, education and retail. Modesto and its surrounding communities contain canneries, packing plants and warehouses which ship agricultural products across the nation and the world. An active farm to table movement has been spearheaded by the area's large production of nuts, dairy, poultry and other locally grown products.

The unemployment rate within the county-wide Modesto Statistical Area decreased during the 2016-2017 fiscal year. As of June 30, 2017, the MSA's unemployment rate was recorded at 7.8%, which is down from the 9.1% rate of a year ago. The total non-farm employment in the MSA is projected to reach 190,600 jobs by 2024. The industry sector consisting of construction and extraction occupations has the highest percentage increase at 36.5% adding 369 jobs to the area. The following three top industry sectors are expected to grow by almost 30 percent, adding 1,741 jobs to the area. These include: Personal Care and Service occupations, Food Preparation and Serving Related occupations, and Healthcare Support occupations.

The 2017-18 Stanislaus County assessment roll, on which property taxes are based, is \$46.8 billion, which is an increase of nearly 6 percent over the previous year. The 2017 median home sales price in Stanislaus County is approximately \$289,000 or \$180 per square foot, up from a square foot price of \$166 a year ago. Modesto building permit activity during fiscal year 2016-2017 ended with a total of 4,973 permits issued with a valuation of \$118,527,812.

Modesto is a prime and central location for business, and has attracted both start-ups and expanding firms. Specialized health care facilities like HealthSouth and Central Valley Specialty Hospital have chosen to expand their services and operations in Modesto. There is also a strong culture of entrepreneurship and innovation. Datapath, a technology management company with headquarters in Modesto, has been recognized by Inc. Magazine as one of the fastest-growing private companies in America. E&J Gallo Winery, also based in Modesto, is the world's largest privately owned winery and the leading US exporter of California wines. The Gallo Glass Company is a state of the art glass manufacturer and a leading producer of wine and spirits glass bottles in the US.

Entertainment and Tourism

Modesto features vibrant arts, entertainment, sports and cultural expression. Downtown Modesto is home to the world-class Gallo Center that brings national and international entertainment, arts and multicultural programming to the Central Valley region. Downtown, you can experience the Historic Graffiti Cruise Route, the Legends of the Cruise Walk of Fame, and the Classic Community Mural Series celebrating the cruising culture phenomenon born in Modesto and immortalized by native son George Lucas in American Graffiti. Live entertainment is a prominent feature in the Civic Plaza and nearby clubs, and a busy calendar of entertaining and educational events can be experienced just across the street at the Modesto Centre Plaza.

Baseball with the Modesto Nuts baseball team is just minutes from city center, and golfers enjoy two-highly rated 18-hole courses and a municipal course year-round. Modesto is gaining recognition for its bike routes and trails, and is a frequent host city for the Tour-de-France rated Amgen Tour of California bicycle race. Water lovers have river parks and kayaking.

The McHenry Mansion and McHenry Museum anchor the city's loving preservation of its historical heritage, drawing visitors from all over the world. The city's annual Architectural Festival offers free tours, exhibits, workshops and films in the iconic State Theatre featuring one of the best collections of mid-century modernism in the nation. Arts live year round with monthly Art Walks, and seasonal activities including the Graffiti Cruise, parades, the Modesto on Ice downtown skating rink, the Dickens Faire, ModShop arts and crafts walk, and PorchFest community music stroll bring joy to residents and visitors. Modesto truly offers something great for everyone.

Our Strategic Priorities

During 2017, the City updated its 2015-2018 Strategic Plan to incorporate input from newly elected Councilmembers and to reaffirm our strategic priorities. Our priorities bring the City's vision and values to life in our community and define our overall direction as a city. It also confirms our commitment to our citizens. While the priorities are individually important, they are also interconnected and cannot be addressed in isolation. In addition, they are the basis of our scorecard that measures success and upon which our performance metrics are built.

- **Healthy Economy and Great Quality of Life:** Increase the City's proactive economic development efforts by creating and preserving jobs, strengthening our economic base and enhancing the City's revenue base.
- **Vibrant Infrastructure and Sustainable Environment:** Strengthen and maintain a safe infrastructure of City roads, water supply, storm sewers, transit and airport needs for residents, businesses and visitors.
- **Great Safe Neighborhoods:** Explore new approaches to public safety, working in partnership with the community to reduce crime and maintain a safe and inviting community in which to live, work and play. Increase collaboration with neighborhoods and school districts to achieve quality of life improvements, and safe neighborhoods through supporting community self-reliance, problem solving and public/private partnerships.
- **Effective, Responsive and Transparent Government:** Enhance the organization's commitment to develop new and creative methods to leverage technology, market organization strengths and remain dedicated to seeking efficiencies and continuous improvement.

Long-Term Financial Planning

The City continues to refine its 10-year forecasting model and update estimates and assumptions used to project future operations. At the end of fiscal year 2016-17, General Fund Balance was as follows:

Restricted and Nonspendable - \$4.5 million; Committed - \$15.8 million; Assigned - \$4.9 million; and Unassigned \$4.5 million. The Committed Fund Balance allows the City to respond to unplanned circumstances and maintain adequate working capital to meet its cash flow needs.

The City's long-term maintenance of a stable fund balance is a direct reflection of the Mayor and Council's leadership and prudent fiscal management.

SIGNIFICANT EVENTS and ACCOMPLISHMENTS

Local Initiatives and Accomplishments

Healthy Economy
& Great Quality Of
Life

- In its second year, over 40,000 visitors attended Modesto On Ice skating rink
- The return of the Amgen Tour of California, a world-class cycling road race and largest annual spectator sporting event in California
- Facilitated the UC Merced Venture Lab at the Centre Plaza to assist with entrepreneurship in the City
- Relocated a minor league basketball team from Yuba to Modesto now named The Modesto SuperKats
- The City will be administering the Continuum of Care component of the Stanislaus Community System of Care Collaborative/Continuum of Care to focus on prevention and homelessness bringing in \$3 million of regional HUD funding
- Comprehensive Fee Study Task Force is meeting and reviewing development fees and assumptions
- Over 150,000 participants were served through Modesto's recreation and neighborhood programming
- More than 26,000 participants were served through the Modesto Senior Citizen Center's health and wellness programming as well as over 5,000 others who enjoyed free services such as meals, tax-preparation and special events
- Modesto Senior Citizens Center leveraged over \$21,000 in in-kind donations and services in the pursuit of Active Aging opportunities for Modesto's Seniors
- Developed Tenant Improvement Tuesdays ("TI Tuesdays") to streamline certain interior development to issue permits same-day
- Completed the State Housing Update Requirement
- Completed the 2016 General Plan Annual Report for submittal to State.
- Successfully completed all land entitlements for the Valley Children's Hospital project on Pelandale
- Redefined the Opportunity Map to show available land and level of infrastructure/entitlements and make the information available online

Great Safe Neighborhoods

- Increased Neighborhood Watch Groups by 10%
- Increased Crime Free Multi-Housing properties by 1% along with the number of properties inspected
- Ranked 1st in California and 5th in the nation for areas with a population of 100,000 to 299,000 for participation in National Night Out with a total of 181 parties hosted in 2017
- Modesto Police Department (MPD) hosted 5 Town Hall Meetings, one for each area command as well as multiple Coffee with Cops events throughout the City
- Stanislaus County is ranked number 30 out of 3111 counties in the United States for “Natural aspects of attractiveness” according to the USDA
- Americans with Disabilities Act Plan was adopted by City Council
- MOU made with the County for tagging abatement along highway 99 approved by Council
- Council approved relocation expenses to multiple legal tenants of condemned building at 624 9th Street. City partnered with County and EOS to find solutions for residents and remove them from building
- After School Program staff partner with Modesto City Schools to motivate, encourage, and empower over 760 youth daily to recognize and achieve their full individual potential and become productive community members
- REACH Summer Camp (Recreation, Education, Arts, Culture and Health for youth 6 - 13 years old) offers games, sports, community service and other high-interest activities to over 140 unduplicated participants sparking a life-long appreciation of positive leisure activities and provide opportunities for leadership
- Eight firefighter paramedics completed their probation at the end of 2016. An additional 16 firefighters were hired to fill current vacancies and grant funded positions to reinstate Engine 11 which returned to service in April after being eliminated during the economic downturn
- The City Council approved the purchase of five engines and two ladder trucks at the end of 2016 – when the apparatus arrive in late 2017, they will provide much needed replacement of the oldest apparatus in the MFD fleet – some of which are 27 years old
- MFD crews assisted numerous communities throughout the State during the wildfires of 2016. Modesto Fire crews responded to 12 different fires through the State Wide Mutual Aid System where they provided fire suppression and filled leadership positions
- Our Public Education Program coincides each year with Fire Prevention Week in October – this educational characterization program featured 20 shows over a two-week period reaching 6,200 students
- A partnership with Modesto City Schools and American Medical Response enabled MFD crews to train more than 2,000 junior high students in “hands-only” CPR
- In late 2016, MFD teamed up with the American Red Cross to provide and install smoke alarms in one and two-family dwellings. This program is intended to target the “at risk” population in Modesto – the elderly and persons of a low socioeconomic status

**Vibrant
Infrastructure
& Sustainable
Environment**

- Successfully obtained a commitment for up to \$10 million of Measure L funding from StanCog towards the Route 132 project
- Started workshops, and design concept(s) for the design of J Street/Implementation to be presented to Council Committee
- Construction is nearly complete on the Tuolumne River Regional Park (TRRP) Gateway Parcel Phase 2 project which will complete the habitat restoration along the Tuolumne River at the Gateway Parcel and will add to the current trail system in TRRP
- Worked with various neighborhood groups in the City to provide park improvements throughout Modesto through the City's Park Partners Program (such as Native Gardens, Soccer Fields, Pickleball Courts, Fitness Equipment, Benches and Park Signs)
- Received a \$1 million grant for development of three soccer fields adjacent to Bellenita Park to support the volunteer efforts started by the Stanislaus Youth Soccer League
- The City is partnering with a local irrigation district interested in purchasing recycled water from the City, as part of the North Valley Regional Recycled Water Program. Construction is expected to be complete by February 2018
- Construction of the 6 million gallon North Tank is complete. This is the largest tank in the City's water system
- Construction of the 4 million gallon Industrial Tank is underway and expected to be complete in 2018
- Partnered with other local water agencies to form a regional Groundwater Sustainability Agency to collaboratively manage groundwater resources
- The Water and Wastewater Master Plans and supporting environmental documents are almost complete

**Effective
Responsive &
Transparent
Government**

- Provided staff support to the Mayor's 100 Day Review Committee as they examined City process for efficiencies and cost-saving reductions
- Continue to prepare Action Plans to achieve recommendations from the Mayor's 100 Day Review Committee and updated the 2015-2018 Strategic Plan
- Council approved the purchase of new Business License software
- Finance Customer Services launched the online payment and appeals module for Parking Citations which will allow customers to pay and submit appeals online
- Business License increased collection and code enforcement efforts resulting in an increase in revenue for the General Fund
- The City went live with the new budget software was part of the budget preparation for Fiscal Year 2017-2018 budget

Awards / Acknowledgments

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Modesto for its comprehensive annual financial report for the fiscal year ended June 30, 2017. This was the 34th consecutive year that the government has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

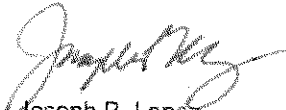

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The Comprehensive Annual Financial Report (CAFR) is the result of the cooperative work of many people. We wish to convey our appreciation to all of the City departments and members of the Finance Department team who prepared and contributed to its successful completion. Without their hard work, this report would not be possible.

In addition, the City submitted and received an award from the GFOA for its second year for the Popular Annual Financial Report (PAFR) for fiscal year ended June 30, 2016. A PAFR presents financial information in a manner that appeals to the reader, is understandable and shows creativity and usefulness. The PAFR award is valid for one year and the City intends to submit its 2017 PAFR to the GFOA for consideration.

Finally, we would like to express our appreciation to the City Council, City employees, and community for their leadership and support. We look forward to the next year's challenges and opportunities.

Respectfully submitted,

Joseph P. Lopez

Independent Auditor's Report

City Council of the City of Modesto
Modesto, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Modesto, California (City), as of and for the fiscal year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City as of June 30, 2017, and the respective changes in financial position, and, where applicable, cash flows thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedule of changes in the net pension liability and related ratios, schedule of plan contributions, schedule of funding progress for OPEB, schedule of revenues – budget (GAAP basis) and actual – General Fund, schedule of expenditures by function – budget (GAAP basis) and actual – General Fund, and schedule of revenues, expenditures, and changes in fund balance – budget (GAAP basis) and actual – Housing and Community Development special revenue fund, as listed in the accompanying table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, the combining and individual fund statements and schedules, the statistical section, and the continuing disclosure section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory, statistical, and continuing disclosure sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 18, 2017 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Macias Gini & O'Connell LLP

Walnut Creek, California
December 18, 2017

Management's Discussion and Analysis

This section of the City of Modesto (City) comprehensive annual financial report presents a discussion and analysis of the City's financial performance during the fiscal year ended June 30, 2017. Please read it in conjunction with the transmittal letter at the front of this report and the basic financial statements following this section.

FINANCIAL HIGHLIGHTS

- The assets of the City exceeded liabilities at the close of the 2017 fiscal year by \$999,396,169 (*total net position*). Of this amount, \$145,377,043 is restricted for a specific purpose (*restricted net position*), \$931,906,773 is invested in capital assets, net of related debt and (\$77,887,647) is unrestricted (*unrestricted net position*).
- The City's total net position increased by \$20,966,047 compared to the prior year. This increase is attributed to additions made to the City's infrastructure and improvements.
- As of June 30, 2017, the City's governmental funds reported combined fund balances of \$120,081,372, an increase of \$3,027,618 in comparison with the prior year.
- As of June 30, 2017, 15.2% of the General fund balance of \$4,509,693 is available to meet the City's current and future needs (*General Fund unassigned fund balance*).
- At the end of the fiscal year, the General Fund balance was \$29,649,768 or 25.4% of total General Fund expenditures. Of this, \$1,970,622 is the restricted fund balances. The unassigned fund balance of \$4,509,693 represents 3.8% of total General Fund outflows. The City Council has adopted a goal of maintaining an 8% unassigned fund balance amount based on General Fund outflows.
- The City's total long-term liabilities showed a net decrease of \$1,539,278 in comparison with the prior year. This decrease was attributed to the principal payments made during the fiscal year.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise three components 1) **Government-wide** financial statements; 2) **Fund** financial statements and 3) **Notes** to basic financial statements. Required Supplementary Information is included in addition to the basic financial statements.

Government-wide Financial Statements are designed to provide readers with a broad overview of City finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all City assets and liabilities, deferred outflows of resources and deferred inflow of resources, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of these government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include general government, community development, highways and streets, public works, parks and recreation, and public safety. The business-type activities of the City include the Water, Sewer, Parking, Storm Drain, Compost, Airport, Bus, Golf, Community Center and Abatement and Public Nuisance operations.

Management's Discussion and Analysis (continued)

Component units are included in our basic financial statements and consist of legally separate entities for which the City is financially accountable and that have substantially the same board as the City Council, or provide services entirely to the City or the City has operational responsibility for the entities. Examples are the Community Facilities Districts, Redevelopment Successor Agency of the City of Modesto and the Modesto Public Financing Authority.

The government-wide financial statements can be found on pages 19-21 of this report.

Fund Financial Statements are groupings of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate finance-related legal compliance. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating the City's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City reports 16 individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures and changes in fund balances for the General Fund and Housing and Community Development Fund. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* elsewhere in this report.

The governmental funds financial statements can be found on pages 22-25 of this report

Proprietary funds are maintained two ways. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City uses enterprise funds to account for its Water, Sewer, Parking, Storm Drain, Compost, Airport, Bus, Golf, Community Center and Abatement and Public Nuisance operations. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for its Fleet Management, Central Services, Information and Technology Services, Insurance, Employee Benefits Management and Building Services functions. Because these services predominantly benefit governmental rather than business-type functions, they have been included within *governmental activities* in the government-wide financial statements with the exception of portions of the net OPEB obligation and compensated absences that have been included within business-type activities. The rest of internal services benefiting business-type functions have been allocated as "internal balances".

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The Water, Sewer and Bus funds are considered to be major funds of the City. The City's six internal service funds are combined into a single, aggregated presentation in the proprietary funds financial statements. Individual fund data for the internal service funds is provided in the form of *combining statements* elsewhere in this report.

The proprietary funds financial statements can be found on pages 26-29 of this report.

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds except for agency funds.

Management's Discussion and Analysis *(continued)*

The fiduciary fund financial statements can be found on page 30-31 of this report.

Notes to Basic Financial Statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes can be found on pages 32-74 of this report.

Required Supplementary Information is also presented. The City adopts an annual appropriated budget. Budgetary comparison schedules for the major governmental funds have been provided to demonstrate compliance with this budget. This section also includes the schedules for net pension liability and OPEB.

Required supplementary information can be found on pages 77-85 of this report.

The *combining and individual fund statements and schedules* referred to earlier provide information for nonmajor governmental, enterprise and internal service funds and are presented immediately following the required supplementary information. Combining and individual fund statements and schedules can be found on pages 90-123 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets exceeded liabilities by \$999,396,169 at the close of the most recent fiscal year.

	Net Position					
	Governmental activities		Business-type activities		Total	
	2017	2016	2017	2016	2017	2016
Current and other assets	\$234,821,516	\$242,284,397	\$244,685,705	\$243,332,330	\$479,507,221	\$485,616,727
Capital assets	419,668,957	421,005,457	870,561,610	854,078,506	1,290,230,567	1,275,083,963
Total assets	<u>654,490,473</u>	<u>663,289,854</u>	<u>1,115,247,315</u>	<u>1,097,410,836</u>	<u>1,769,737,788</u>	<u>1,760,700,690</u>
Deferred outflows of resources	56,076,070	29,527,963	44,831,198	49,190,388	100,907,268	78,718,351
Current and other liabilities	292,651,623	260,520,365	132,908,806	144,402,121	425,560,429	\$404,922,486
Long-term liabilities	98,300,219	90,656,679	334,536,847	343,719,665	432,837,066	434,376,344
Total liabilities	<u>390,951,842</u>	<u>351,177,044</u>	<u>467,445,653</u>	<u>488,121,786</u>	<u>858,397,495</u>	<u>839,298,830</u>
Deferred inflows of resources	10,503,691	17,408,971	2,347,701	4,281,118	12,851,392	21,690,089
Net position:						
Net investment in capital assets	376,743,556	381,887,289	555,163,217	539,821,175	931,906,773	921,708,464
Restricted net position	123,851,082	115,619,807	21,525,961	22,052,595	145,377,043	137,672,402
Unrestricted net position	<u>(191,483,628)</u>	<u>(173,275,294)</u>	<u>113,595,981</u>	<u>92,324,550</u>	<u>(77,887,647)</u>	<u>(80,950,744)</u>
Total net position	<u>\$309,111,010</u>	<u>\$324,231,802</u>	<u>\$690,285,159</u>	<u>\$654,198,320</u>	<u>\$999,396,169</u>	<u>\$978,430,122</u>

The largest portion of the City's net position, \$931,906,773 (93.2 percent), reflects its investment in capital assets (e.g. land, water rights, buildings, improvements, furnishings and equipment, buses and fare boxes, pipelines, and infrastructure), less any related debt used to acquire those assets that are still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the City's investment in its capital assets is reported net of debt and related deferred outflows and inflows, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Another significant portion of the City's net position represents *unrestricted net position* of (\$77,887,647) (-7.8 percent).

The remaining balance of the City's net position of \$145,377,043 (14.6 percent) represents resources that are subject to external restrictions on how they may be used.

The City's net position increased by \$20,966,047 during the current fiscal year was largely due to the additions associated with the City's infrastructure and reduction on the City's long-term liabilities.

Management's Discussion and Analysis *(continued)*

The long-term liabilities decrease was attributed to the principal payments of about \$14.8 million made during the fiscal year.

The following table indicates the changes in net position for governmental and business-type activities, as well as comparative data for the prior year:

Changes in Net Position

	Governmental activities		Business-type activities		Total	
	2017	2016	2017	2016	2017	2016

Net position - ending	\$309,111,010	\$324,231,802	\$690,285,159	\$654,198,320	\$999,396,169	\$978,430,122

Governmental activities. Governmental activities decreased the City's net position by \$15,120,792. This decrease was mainly due an increase in the Workers Comp unfunded liability in the amount of \$4.1 million and the claims for the Insurance Fund increasing compared to the prior year. Miscellaneous revenue decreased by \$1.9 million due to one-time revenue settlements received in 2016. Charges for service revenues increased by \$4.2 million mainly due to on-going efforts to promote the City of Modesto program. Operating and capital grants contributions increased by \$1.8 million due to receiving additional Department of Transportation grants, Fire Staffing for Adequate Fire and Emergency Response grants and a 2016 Community Oriented Policing Services grant.

Management's Discussion and Analysis (*continued*)

Expenses in total were higher compared to the prior year by \$26,430,028, or 17.7%, due to increase claim payments made for our Insurance funds. Additionally, the volume of grant expense activity was significantly higher compared to the prior year due to new grant funded projects and construction phase projects started in 2017.

Business-type activities. Business-type activities increased the City's net position by \$36,086,839. This increase is attributed to a healthy net position in our Water and Sewer Fund which generated an increase in net position by \$34.3 million and increase in our business-type capital assets. The Sewer fund has been able to manage their operational revenues due to rate increases to ensure they meet the debt ratio requirements set by Council. In addition, the Water Fund implemented a rate increase of 25.0% in FY 16-17 to manage their debit ratio requirements and their capital needs for the City's water infrastructure.

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The general government functions are contained in the general, special revenue, capital projects, and debt service funds. The focus of the City's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the City's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At June 30, 2017, the City's governmental funds reported combined fund balances of \$120,081,372 an increase of \$3,027,618 from the prior year. The total unassigned fund balance for the governmental funds was \$1,353,014, which includes a positive \$4,509,693, which represents the General Fund unassigned fund balance that is available to meet the City's current and future needs. The remainder of fund balance is *nonspendable, restricted, committed and assigned* to indicate that it is *not* available for new spending because certain constraints have been placed on the use of the balances. The unassigned fund balance for the General Fund decreased due to the Council approving \$12.8 million being accounted for as emergency reserves which required Council authority to utilize these funds.

The General Fund is the chief operating fund of the City. At June 30, 2017, unassigned fund balance of the General Fund was \$4,509,693 while total fund balance was \$29,649,768. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 2.8% of total General Fund expenditures, while total fund balance represents 25.4% of that same amount. The prior year ratios were 11.6% and 24.5%, respectively.

The Housing and Community Development fund accounts for the grants and funds received to disburse for projects developed and administered under the Housing and Community Development Act. At June 30, 2017, total fund balance was \$27,231,611, an increase of \$1,698,378 from prior year. This increase is attributed to new program income received to fund future low income project activity.

Revenues of governmental funds totaled \$159,396,110 in fiscal year 2016-17, which represents a decrease of \$262,877 from fiscal year 2015-16.

Expenditures of governmental funds totaled \$161,183,448 in fiscal year 2016-17, representing an increase of \$5,111,612 from fiscal year 2015-16.

Management's Discussion and Analysis *(continued)*

The following table presents governmental fund revenues from various sources, with comparisons to the prior year:

Revenues Classified by Source – Governmental Funds

Revenues by Source	FY 2017		FY 2016		% Change
	Amount	Percent	Amount	Percent	
Taxes	\$57,045,850	35.8%	\$54,965,459	34.3%	3.8%
Licenses and permits	201,445	0.1%	186,624	0.1%	7.9%
Intergovernmental	72,069,739	45.2%	76,317,229	47.8%	-5.6%
Charges for services	24,454,286	15.3%	20,429,860	12.8%	19.7%
Special assessments	3,014,768	1.9%	3,168,260	2.0%	-4.8%
Interest and rent	1,402,387	0.9%	1,297,734	0.8%	8.1%
Net increase (decrease) in fair value	(572,616)	-0.4%	102,422	0.1%	-659.1%
Fines and forfeits	1,263,407	0.8%	904,802	0.6%	39.6%
Miscellaneous	516,844	0.4%	2,286,597	1.5%	-77.4%
Total	\$159,396,110	100.0%	\$159,658,987	100.0%	-0.2%

- Taxes – Revenues for property and business license taxes came in higher than the prior year due to an ongoing positive upturn in the economy and increased collection and compliance efforts by City staff.
- Intergovernmental – Revenues decreased by \$4.2 million due to a decrease in funding from the various Housing and Urban Development programs. Additionally, in our Capital Grants the Pelandale Interchange project continued to decrease in grant funding by \$3.2 million due to the project approaching the completion.
- Charges for Services – Revenues increased by \$4.0 million due to the Capital Facility Funds collecting an increase in revenue for the building permits issued for all new construction or additional square footage built within the City of Modesto.
- Interest and rent – Revenues increased due to increases to our interest earnings based on on-going improvements to the City's investment strategy which has increased our return on investment in the City's portfolio.

The following table presents expenditures by function compared to prior year amounts.

Expenditures by Function – Governmental Funds

Exp by Function	FY 2017		FY 2016		% Change
	Amount	Percent	Amount	Percent	
General government	\$11,542,131	7.2%	\$12,414,982	8.0%	-7.0%
Community development	13,264,050	8.2%	12,453,678	8.0%	6.5%
Highways and streets	9,240,654	5.7%	8,498,783	5.4%	8.7%
Public works	10,919,102	6.8%	10,393,169	6.7%	5.1%
Parks and recreation	3,269,360	2.0%	3,385,484	2.2%	-3.4%
Public safety	86,475,891	53.7%	84,022,670	53.8%	2.9%
Capital outlay	21,431,186	13.3%	19,817,025	12.7%	8.1%
Debt Service-principal retirement	2,535,093	1.6%	2,345,362	1.5%	8.1%
Debt Service-interest charges	2,075,202	1.3%	2,043,278	1.3%	1.6%
Debt Service-other	430,779	0.3%	697,405	0.4%	-38.2%
Total	\$161,183,448	100.0%	\$156,071,836	100.0%	3.3%

The following provides an explanation of the expenditures by function that changed significantly over the prior year:

- Public Works – Expenditures increased by \$525,933 or 5.1% due to increase cost related to the park maintenance services contract for landscaping services. Personnel cost increased due to pay increase and employer retirement cost.

Management's Discussion and Analysis *(continued)*

- Highways and Streets – Expenditures increased by \$741,871 or 8.7% over the prior year, due to staff pay increases and employer retirement cost.
- Public safety – Expenditures increased by \$2,453,221 or 2.9% over the prior year, due to an increase of expenses for police services. These increases were attributed to continuous increases to workers' compensation cost for police, information technology and police equipment and salary and benefit increase for the police department.
- Capital outlay – Expenditures increased by \$1,614,161 or 8.1% reflects an increase for the General Fund due to a new capital lease agreement with Pierce Manufacturing Inc. for the purchase of five Velocity Pumpers and two Velocity Tillers in the amount of \$5,883,756.

Other financing sources and uses are presented below to illustrate changes from the prior year:

	FY 2017	FY 2016	Increase/(Decrease)	
			Amount	Percent
Transfers in	\$5,559,720	\$6,960,425	(\$1,400,705)	-20.1%
Transfers out	(6,659,759)	(10,572,346)	3,912,587	-37.0%
Capital leases	5,883,756	330,947	5,552,809	1678%
Sale of assets	31,239	106,582	(75,343)	-70.7%
Net financing (uses)	<u>\$4,814,956</u>	<u>(\$3,174,392)</u>	<u>\$7,989,348</u>	<u>-251.7%</u>

Transfers - The City uses interfund transfers to: (1) move resources from a fund to other funds that will utilize them in accordance with statutory and budgetary requirements, (2) utilize unrestricted resources collected in the General Fund to help finance various programs and capital projects accounted for in other funds in accordance with budgetary authorization, and (3) move cash to pay debt service to the funds that are responsible for payment as those payments become due.

- The net financing (uses) from governmental funds for 2017 were \$4,814,956 compared to \$(3,174,392) in the prior year. This net transfer is to various City funds including transferring funds from the General Fund, Capital Facility Fee funds, Fleet Fund and the Public Financing Authority to cover the debt service payments, fleet replacement and various transfers to cover City grant matches.

Debt transactions – A lease was issued in 2017 for the purchase of five Velocity Pumpers and two Velocity Tillers in the amount of \$5,883,756.

The fund balance of the City's General Fund increased by \$2,584,047 during the fiscal year. This result is consistent with the City Council's budgetary direction to reduce spending and identify additional revenue sources that would allow the General Fund to retain an unrestricted reserve that meets the City Council's adopted 8% unassigned fund balance amount based on General Fund outflows.

Proprietary funds. The City's proprietary fund disclosures provide the same type of information found in the government-wide financial statements, but in more detail.

The following table shows actual revenues, expenses and results of operations of enterprise funds for the current fiscal year:

	Major Funds			Nonmajor Funds	
	Water	Sewer	Bus	Other	Total
Operating revenues	\$69,075,873	\$48,560,533	\$3,253,046	\$19,354,539	\$140,243,991
Operating expenses	(54,702,478)	(31,487,425)	(20,980,818)	(24,109,645)	(131,280,366)
Operating income (loss)	14,373,395	17,073,108	(17,727,772)	(4,755,106)	8,963,625
Nonoperating revenues (expenses), net	(7,922,243)	(2,782,442)	13,896,138	1,381,648	4,573,101
Income (loss) before capital contributions and transfers	6,451,152	14,290,666	(3,831,634)	(3,373,458)	13,536,726
Contributions and transfers	(491,672)	14,034,751	4,021,589	3,803,246	21,367,914
Changes in net position	<u>\$5,959,480</u>	<u>\$28,325,417</u>	<u>\$189,955</u>	<u>\$429,788</u>	<u>\$34,904,640</u>

Management's Discussion and Analysis *(continued)*

The Water fund had a 25.0% rate increase in September 2016 and the Sewer fund had a rate increase of 6.0% in fiscal year 2016-17. Based on these rate increases the Water and Sewer funds had an increase in their operating revenue which increased their net position.

A pollution remediation liability was reported for the Water and Sewer fund in the amounts of \$8,677,433 and \$7,495,053, respectively based on net recoveries the City has received from various settlements. Additional information regarding these liabilities can be found under Note II-M.

GENERAL FUND BUDGETARY HIGHLIGHTS

Budget to actual information for the General Fund is presented as Required Supplementary Information, beginning on page 81-82 of this report.

While the City Council amended the budget several times through the year, the differences between the original budget and the final amended budget for the General Fund were increased overall mainly due to an increase in intergovernmental revenue, charges for services and fines and forfeit revenue. The estimated revenues increased about \$351,897 while total appropriations were increased \$6,459,381. These amendments were to adjust the actual beginning balances and carryovers after closing the prior fiscal year, and to reflect adjustments to current estimates based on the periodic monitoring of revenue and expenditures throughout the year.

Revenues came in \$3,716,114 more than final estimates. Variances in Property Taxes \$939,277, Business License Taxes \$775,834, Other Intergovernmental \$724,586 and Charges for Services Revenue \$1,005,197 were due to an increase in collection and compliance efforts and increases in property values.

Expenditures, overall, were \$6,269,336 under budget, primarily due to efforts of departments to realize savings, and certain purchases being deferred to future periods.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital assets

The City's investment in capital assets for its governmental and business-type activities as of June 30, 2017, amounted to \$1,290,230,567 (net of accumulated depreciation). The total increase in the City's investment in capital assets compared to 2016 was 1.0%.

Capital assets net of depreciation, for the governmental and business-type activities are presented below to illustrate changes from the prior year.

	Governmental		Business-type		Total		Increase (decrease) Percent Change	\$ Change
	2017	2016	2017	2016	2017	2016		
Land	\$28,267,446	\$33,219,069	\$33,854,403	\$33,515,655	\$62,121,849	\$66,734,724	-7%	(\$4,612,875)

Management's Discussion and Analysis *(continued)*

Major capital asset events during the current fiscal year included the following:

- **Equipment Pool** – Over 80 equipment vehicles were purchased or placed in service in fiscal year 2016-17 in the amount of \$2.7 million.
- **Buses and fareboxes** – 11 new buses or refurbish buses were purchased or placed in service in fiscal year 2016-17.
- **Construction in progress** – On-going water and wastewater construction projects related to improvements to our water and wastewater system were made in fiscal year 2016-17. Additionally, the Pelandale Interchange project is close to completion and continually cost increased by \$10.2 million.

The City's infrastructure assets are recorded at historical cost in the government-wide financial statements. Depreciation expense is recorded using the straight-line method, based on estimated useful life of the asset. Additional information on the City's capital assets can be found in note II-B on pages 45-46 of this report.

The City had major capital commitments for contracts awarded for various construction projects. As of June 30, 2017, there were major contracts awarded for water, sewer system improvements, State Route 132 Project, and major street improvements throughout the City in the amount of \$32.4 million for both governmental and business-type funds. Additional information on the City's commitments can be found in note III-D on page 64 of this report.

Long-term debt

At June 30, 2017, the City had total long-term liabilities outstanding of \$432,837,066 net of unamortized discounts and premiums, as compared to \$434,376,344 in the prior year. This amount was comprised of \$54,470,000 of lease revenue bonds, \$47,630,552 of certificates of participation, \$31,605,936 of revenue bonds payable, \$127,484,358 of reimbursement agreement related to Modesto Irrigation District bonds, \$9,141,881 of estimated compensated absences, \$27,884,781 of claims liability, \$124,780,500 of loans payable, \$1,145,338 of developer advances, \$6,358,720 of capital leases, and \$2,335,000 of notes payable.

Overall, the long-term debt decreased was mainly due to the principal payments made during the fiscal year. Additional information on the City's long-term debt can be found in Note II-C on pages 47-57 of this report.

The City maintains a current bond rating for the various bonds listed below.

BONDS	Moody's Rating	S & P Rating	Fitch Rating
1993 Golf Certificates of Participation		AA-	
Wastewater Revenue Bonds, Series 2006A	A2	AA	AA-
2008 Lease Revenue Bonds		A/A-1	A+
2008 Water Certificates of Participation	Aa3	AA+/A-1	

Modesto maintains an Employee Benefits internal service fund (EBF) to pay a portion of retiree health benefits and other employee related expenses. As of June 30, 2017, the net OPEB obligation amounts to approximately \$54.5 million. This contributes significantly to the Employee Benefit Fund's \$55.0 million deficit net position. Additional information on the City's EBF can be found in Notes II-H, III-F and III-G.

Economic Factors and Next Year's Budget and Rates

- **Consumer Price Index** – Growth in the CPI has been relatively stable during the past ten years and serves as a measure for the growth in the cost for supplies and services used by the City. In the fiscal year ended June 30, 2017, the CPI-Western Urban Index increased by 2.6%.
- **Utility Service Charges** - Water and Sewer utility rates have a 25.0% and 6.0% scheduled rate increase for fiscal year 2016-17. For the Water and Sewer utility rates, these planned rate increases was effective on

Management's Discussion and Analysis (continued)

July 2016 for Sewer and September 2016 for Water. These rate increases will be used to assist with maintaining the debt coverage ratio requirements and related capital improvements for the utility funds.

All of these factors were considered in preparing the City's budget for fiscal year 2017-18.

During the current fiscal year, fund balance in the General Fund increased by \$2,584,047, to \$29,649,768, which represents 24.1% of total General Fund outflows which exceeds the City Council's target value of 8% unassigned fund balance amount based on General Fund outflows. The budget adopted for fiscal year 2017-18 reflects the Council policy reserve level of 8% of the fund's total operating expenditures. This amount is reported as part of the unassigned fund balance.

Requests for Information

This financial report is designed to provide a general overview of the City's finances for all those with an interest in the City's financial condition. Questions concerning any of the information provided in this report and requests for additional financial information should be addressed to the City of Modesto, Attention: Finance Department, P.O. Box 642, Modesto, CA 95353.

CITY OF MODESTO
RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF NET POSITION - GOVERNMENTAL ACTIVITIES
JUNE 30, 2017

Total fund balances - total governmental funds \$ 120,081,372

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the governmental funds.

General capital assets:

Nondepreciable	\$ 91,923,693	
Depreciable	154,317,507	
Accumulated depreciation on general capital assets	(83,253,824)	
Infrastructure:		
Depreciable	569,094,750	
Accumulated depreciation on infrastructure	<u>(331,652,437)</u>	400,429,689

Other long-term assets are not available to pay for current-period expenditures and, therefore, are:

Deferred in the governmental funds	\$ 32,476,356	
Reimbursement agreement with Successor Agency	15,796,300	
Investments in joint ventures	<u>9,508,617</u>	57,781,273

Derivative instruments:

Rate swaps are not reported in governmental funds.	\$ (9,456,835)	
Deferred outflows of resources used to accumulate decreases in fair value of hedging derivatives also are not reported in governmental funds.	<u>9,456,835</u>	-

Internal service funds are used by management to charge the costs of activities to individual funds. The assets, liabilities, and deferred inflows of resources of internal service funds are included in governmental activities in the statement of net position. (20,971,112)

Deferred outflows and inflows of resources for pension items in governmental activities are not financial resources and, therefore, are not reported in the governmental funds.

Deferred outflows of resources	\$ 44,238,755	
Deferred inflows of resources	<u>(9,833,502)</u>	34,405,253

Some liabilities, are not due and payable in the current period and therefore are not reported in the funds.

Net pension liability	\$ (218,930,918)	
Bonds payable, and other long-term debt	(63,663,720)	
Accrued interest	<u>(20,827)</u>	<u>(282,615,465)</u>

Net position of governmental activities \$ 309,111,010

The notes to basic financial statements are an integral part of this statement.

CHANGES IN FUND BALANCES FUND BALANCES, JULY 1	<u>2,584,047</u>	<u>1,698,378</u>	<u>(1,254,807)</u>	<u>3,027,618</u>
FUND BALANCES, JUNE 30	<u>\$ 29,649,768</u>	<u>\$ 27,231,611</u>	<u>\$ 63,199,993</u>	<u>\$ 120,081,372</u>

The notes to basic financial statements are an integral part of this statement.

CITY OF MODESTO
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND
BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES - GOVERNMENTAL ACTIVITIES
FISCAL YEAR ENDED JUNE 30, 2017

Net change in fund balances - total governmental funds	\$	3,027,618
Amounts reported for governmental activities in the statement of activities are different because:		
Governmental funds report capital outlay as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.		
Capital outlay	\$ 21,431,186	
Depreciation expense	<u>(17,811,385)</u>	3,619,801
In the statement of activities, only the gain or loss on the sales of capital assets is reported, whereas in the governmental funds, the proceeds from such sales increase financial resources. Thus, the change in net position differs from the change in fund balances by the cost of the assets sold.		
		(5,678,850)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		
Change in unearned revenues	\$ 4,046,917	
Change in investments in joint ventures	<u>(697,409)</u>	3,349,508
Recognition of Successor Agency annual payment for their Reimbursement Agreement receivable associated with long-term debt.		
		(532,150)
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position.		
Principal retirement	\$ 2,535,093	
Proceeds of long-term debt	<u>(5,883,756)</u>	(3,348,663)
Some expenses reported in the statement of activities require the use of current financial resources and therefore are not reported as expenditures in governmental funds.		
Change in accrued interest	\$ 5,132	
Approved loan payable disbursement	575,000	
Pension expense associated with net pension liability	<u>(3,481,394)</u>	(2,901,262)
Internal service funds are used by management to charge the costs of certain activities to individual funds. The net revenue (expense) of internal service funds is reported with governmental activities.		
		<u>(12,656,794)</u>
Change in net position of governmental activities	\$	<u><u>(15,120,792)</u></u>

The notes to basic financial statements are an integral part of this statement.

**CITY OF MODESTO
NOTES TO BASIC FINANCIAL STATEMENTS
FISCAL YEAR ENDED JUNE 30, 2017**

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. THE FINANCIAL REPORTING ENTITY

The City of Modesto (the City) was incorporated in 1884 and operates under a Council-Manager form of government as authorized by its charter adopted in 1951. The City Council consists of seven elected members. The following services are provided by the City to its citizens: public safety (fire and police), highways and streets, drinking water, wastewater collection and treatment, storm drainage, public transit, recreation, public improvements, community development, planning and zoning, and general administrative services.

These financial statements present the financial status of the City and its component units. The component units discussed in the following paragraphs are included in the City's reporting entity because the City is financially accountable for their operations.

1. The MPFA (Modesto Public Financing Authority) was established as a separate legal entity whose sole purpose is to provide financing for various City capital projects.
2. The City of Modesto has established several Community Facilities Districts to provide funding and reimbursement mechanisms for public facilities and services required by each District Specific Plan. These Districts are the vehicles used to ensure that all landowners in the Districts contribute to the cost of public improvements. There are currently nine active Districts, which are combined for presentation in these financial statements. Individual component unit financial statements are prepared for each District.

The Redevelopment Successor Agency (Successor Agency) operates under the auspices of a legislatively formed Oversight Board comprised of representatives of the local agencies that serve the development project area. The Oversight Board, in its fiduciary capacity, has authority over the operations and the timely dissolution of the former Redevelopment Agency (RDA). It is tasked with fulfilling the obligations of the former RDA, and is also responsible for revenue collection, maintaining necessary loan reserves and disposing of excess property. This agency is reported as a private-purpose trust fund based on the generally accepted accounting standards requirement.

Although these component units are legally separate from the City, they are reported on a blended basis as part of the primary government because their boards consist of all seven members of the City Council and operational responsibility. There is an operational responsibility for the City related to these component units and for the MPFA it provides services solely for the City. Component unit financial statements may be obtained from the City's Finance Department.

The joint ventures and jointly governed organizations described in Note III-E are not considered part of the reporting entity because the City is not financially accountable for their operations.

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. BASIS OF PRESENTATION, BASIS OF ACCOUNTING, AND MEASUREMENT FOCUS

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund statements. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Agency funds have no measurement focus. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. For grant revenues, the City considers this type of revenue to be available if collected within 180 days. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest, compensated absences, claims and judgement expenditures are recorded as fund liabilities when due or when amounts have been accumulated in the debt service funds for payments to be made early in the following year.

Substantially all property taxes, taxpayer-assessed taxes (such as sales and use, utility users, business license, transient occupancy, franchise fees, and gas taxes), interest, special assessments levied, state and federal grants, and charges for current services are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Revenues from licenses, permits, and fines and forfeits are considered to be measurable and available only when cash is received by the City.

The City reports the following major governmental funds:

The General Fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Housing and Community Development Fund accounts for various grant funds received from Federal Community Development Block grants to be used for a variety of housing related programs primarily targeted at low-income housing. Additionally, this fund accounts for the City's revolving fund, which provides housing loans to low-income individuals and accounts for emergency shelter grant revenue received from the Housing and Urban Development Department.

The City reports the following major proprietary funds:

The Water Fund accounts for all revenues collected by the City for the purpose of financing the construction, operation, and maintenance of the City water distribution system. Revenues are derived from water service charges and various installation fees.

The Sewer Fund accounts for revenues collected by the City for the purpose of financing the construction, operation, and maintenance of the City sewer system. Revenues include, but are not limited to, sewer service charges and sewer lateral charges.

The Bus Fund accounts for operations, maintenance, and capital expenditures of the City's mass transportation service. This system operates pursuant to the terms of a Federal grant agreement. Buses are operated by a private contractor under the terms of a supervisory agreement with the City. A separate contract provides Dial-a-Ride service for the elderly and handicapped.

Additionally, the City reports the following fund types:

Internal service funds account for fleet management, central services, information and technology services, insurance, employee benefits management, and building services provided to other departments or agencies of

the City on a cost-reimbursement basis.

Agency funds account for cash and investments held by the City as agent for various assessment districts, governmental entities and non-public organizations. Agency funds cannot be major funds.

Private-purpose Trust Fund accounts as the fiduciary fund type used by the City to report trust arrangements under which principal and income benefit other governments. The fund reports the assets, liabilities, and net position of the Successor Agency.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are exchange or exchange-like transactions between functions of the government. Eliminations of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise and internal service funds are charges to customers for sales and services. The Sewer Fund also recognize as non-operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the systems. Operating expenses for enterprise and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period including the note disclosures. Actual results could differ from those estimates.

D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION/FUND BALANCE

1. Cash and Cash Equivalents

Cash and investments (including restricted assets) held in the City's investment pool are reported as cash and cash equivalents on the statement of net position and balance sheet because funds can spend cash at any time without prior notice or penalty. All investments with fiscal agents are also considered cash equivalents because they are highly liquid and have maturities of 3 months or less at the time of purchase. Investments are stated at fair value. Valuations are obtained based on various levels identified further under Note II-A – Fair value measurements.

2. Restricted Assets - Cash and Cash Equivalents

Refundable deposits of the General Fund are classified as restricted assets – cash and cash equivalents on the governmental funds balance sheet because their use is restricted for repayment of those refundable deposits. Legal or contractual obligations associated with the nonmajor governmental funds have been reported as restricted assets due to the restrictions identified on the revenue sources generated from these funds. Refundable deposits in the Water and Sewer funds are also reported as restricted assets on the proprietary funds statement of net position. In addition, certain proceeds of Water certificates of participation and Sewer revenue bonds are considered restricted assets because their use is limited by applicable debt covenants. These proceeds are reported as part of "restricted assets – cash and cash equivalents" on the proprietary funds statement of net position. The Employee Benefits Management Fund collects funds which are restricted for future payouts for leave balances due to employees who terminate or retire from the City as well as any severance payouts. These assets are restricted due to management's designation of assets for future payments for employee uses.

3. Receivables and Payables

Balances representing lending/borrowing transactions between funds outstanding at the end of the fiscal year are reported as either "due from/due to other funds" (amounts due within one year), or "advances to/from other funds" (non-current portions of interfund lending/borrowing transactions). Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances." Advances to other funds and prepaid items are offset by a nonspendable fund balance in applicable governmental funds to indicate they are not available for appropriation and are not expendable available financial resources to indicate that they are not in spendable form.

All property taxes are collected and allocated by the County of Stanislaus to the various taxing entities. Property taxes are determined annually as of March 1 and attach as an enforceable lien on real property as of January 1. Taxes are due November 1 and February 1 and are delinquent if not paid by December 10 and April 10, respectively. The City participates in the County "Teeter Plan" method of property tax distribution. Under the Teeter Plan, the County remits property taxes to the City based on assessments, not on collections, according to the following schedule: 55 percent in December, 40 percent in April, and 5 percent at the end of the fiscal year. Property taxes are recognized in governmental funds when it is available and measurable. The City considers property tax as available if it is received within 60 days after year-end.

Revenue from taxpayer-assessed taxes (sales and use, business license, transient occupancy, utility users, gas, and franchise fees) are accrued in the governmental funds when they are both measurable and available. The City considers these revenues available if they are received during the period when settlement of prior fiscal year accounts payable occurs. Historically, the majority of these taxes are received within 60 days of the fiscal year end; therefore, revenue from taxpayer-assessed taxes is accrued if it is received by August 31.

Grant and entitlement revenues are recorded as receivables in the funds when they are susceptible to accrual (i.e., when all eligibility requirements have been met). The corresponding governmental fund revenues are recorded when they become available, with the differences recorded as deferred inflow of resources. The corresponding proprietary fund revenues are recorded as nonoperating revenues when the receivables are recorded. Some grant and entitlement revenues are not susceptible to accrual, in which case the corresponding revenues are recorded when received. The total amount due from governments for grants, entitlements, and shared receivables and revenues at June 30, 2017 is \$29,109,219.

Utility service accounts receivable are \$13,997,485 net of an allowance for doubtful collections of \$735,430 and include unbilled receivables using actual amounts billed in July for June services for all City funds. City accounts receivable of \$3,852,364 are reported net of an allowance for doubtful collections of \$1,079,037, and are based on miscellaneous receivables from the City's invoice system as well as other receivables accrued at year-end.

4. Inventories and Prepaid Expenses/Expenditures

Inventories of material and supplies held by governmental and proprietary funds are stated at average cost. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid expenses/expenditures.

5. Capital Assets

Capital assets, which include property, plant and equipment, intangible assets and infrastructure assets (e.g., streets, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets received in a service concession agreement and all other types are recorded at acquisition value rather than fair value.

In the case of the initial capitalization of infrastructure assets reported by governmental activities, the City chose to include them regardless of their acquisition date or amount. Historical values were estimated.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities and enterprise funds are included as part of the capitalized value of the assets constructed. The amount of interest capitalized is determined by offsetting interest expense incurred from the date of borrowing until completion of the project, against interest earned on invested proceeds of tax-exempted debt over the same period.

Depreciation is recorded using the straight line method over the estimated useful lives of the assets, which are 75 years for pipelines, 30 years for buildings, 20 years for improvements, 12 years for buses, 10 years for furnishings and equipment, 2 to 10 years for vehicles, 5 to 15 years for intangible assets, 30 to 50 years for streets, 20 years for signalization, 30 years for water rights, and 50 years for bridges. Operating expenses include depreciation on all depreciable capital assets.

Capital leases are recorded as an asset and an obligation at an amount equal to the present value at the beginning of the lease term of minimum lease payments during the lease term.

6. Deferred Outflows and Inflows of Resources

The Governmental Accounting Standards Board (GASB) establishes criteria for recognizing deferred outflows and inflows of resources. A deferred outflow of resources is defined as a consumption of net position by the government that is applicable to a future reporting period. A deferred inflow of resources is defined as an acquisition of net position by the government that is applicable to a future reporting period. Refer to Note II. N for a detail listing of the deferred outflows and inflows of resources the City has recognized.

7. Compensated Absences

All earned vacation, holiday, and compensating time, and a portion of accumulated sick leave payable upon termination or retirement, are accrued in the Employee Benefits Management Internal Service Fund as compensated absences. Estimated sick leave termination payments have been calculated using the GASB Statement 16 vesting method. Under this method, a liability is accrued for a portion of the sick leave balances of all employees who are currently eligible, or are assumed to become eligible in the future, to receive a payment for sick leave upon termination. As of June 30, 2017, the total estimated liability for all compensated absences, including vacation and sick leave, is \$9,141,881.

8. Fund Equity

In the fund financial statements, governmental funds report fund balance as nonspendable, restricted, committed, assigned or unassigned based primarily on the extent to which the City is bound to honor constraints on how specific amounts can be spent.

- *Nonspendable fund balance* – amounts that cannot be spent because they are either (a) not spendable in form or (b) legally or contractually required to be maintained intact.
- *Restricted fund balance* – amounts with constraints placed on their use that are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.
- *Committed fund balance* – amounts that can only be used for specific purposes determined by formal action of the City's highest level of decision-making authority (City Council) and that remain binding unless removed in the same manner. The underlying action that imposed the limitation needs to occur no later than the close of the reporting period.
- *Assigned fund balance* – amounts that are constrained by the City's intent to be used for specific purposes. The intent can be established at either the highest level of decision making, which includes City Council or by an official designated such as the City Manager for such purpose.
- *Unassigned fund balance* – the residual classification for the City's General Fund that includes amounts not contained in other classifications. In other funds, the unassigned classification is used only if expenditures incurred for specific purposes exceed the amounts restricted, committed or

assigned to those purposes.

The City establishes and modifies or rescinds fund balance commitments by passage of an ordinance. This is typically done through adoption and amendment of the budget. A fund balance commitment is further indicated in the budget as a commitment of the fund, such as approved construction contracts. Assigned fund balance is established by the City through adoption or amendment of the budget or future year budget plan as intended for a specific purpose.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, followed by the unrestricted committed, assigned, and unassigned resources as they are needed.

9. Fund Balance Policy

The City believes that sound financial management principles require that sufficient funds be retained by the City to provide a stable financial base at all times. To retain this stable financial base, the City needs to maintain unrestricted fund balance in its City funds sufficient to fund cash flows of the City and to provide financial reserves for unanticipated expenditures and/or revenue shortfalls of an emergency nature. Committed, assigned and unassigned fund balances are considered unrestricted.

The purpose of the City's fund balance policy is to maintain a prudent level of financial resources to protect against reducing service levels or raising taxes and fees because of temporary revenue shortfalls or unpredicted one-time expenditures.

The City has adopted a policy to achieve and maintain unrestricted fund balance in the General Fund of a flat \$7 million for fiscal year 2016-2017.

E. OTHER SIGNIFICANT ACCOUNTING POLICIES

1. Employee Benefits

The City established the Employee Benefits Management Internal Service Fund to account for all compensated absences and non-insurance benefits. Insurance benefits for current employees are paid from the Insurance Internal Service Fund. The Employee Benefits Management Fund is reimbursed based on actual benefits paid and leave taken, through payroll charges to the City's operating funds. Leave earned but not taken is being funded over a reasonable period of time.

2. Pensions

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the California Public Employees' Retirement System (CalPERS) Safety (police and fire) and Miscellaneous (all other) Plans and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, the benefit payments (including refunds of employee contributions) are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value. GASB 68 requires that the reported results must pertain to the liability and asset information within certain defined timeframes. For this report, the following:

Valuation Date: June 30, 2015

Measurement Date: June 30, 2016

Measurement Period: June 30, 2015 to June 30, 2016

3. Interfund Transactions

The City transfers resources among funds in the course of normal operations. Interfund services provided and used, such as equipment pool rental, are accounted for as revenues and expenditures or expenses. Transactions to reimburse a fund for expenditures/expenses initially made from it that are applicable to another fund are recorded as expenditures/expenses in the correct fund and as reductions of expenditures/expenses in the original fund. All other interfund transactions are reported as transfers.

F. NEW ACCOUNTING STANDARDS

During the fiscal year ended June 30, 2017, the City implemented the following GASB standards:

In June 2015, GASB issued **Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans**. This statement addresses reporting by OPEB plans that administer benefits on behalf of governments. This statement did not have any impacts to the City's financial statements.

In August 2015, GASB issued **Statement No. 77, Tax Abatement Disclosures**. This statement requires governments that enter into tax abatement agreements to disclose the following information about the agreements: (i) brief descriptive information; (ii) the gross dollar amount of taxes abated during the period; and (iii) commitments made by a government, other than to abate taxes, as part of a tax abatement agreement. This Statement did not have a significant impact to the City's financial statements.

In December 2015, the GASB issued **Statement No. 78, Pensions Provided through Certain Multiple-Employer Defined Benefit Pension Plans**. The objective of this statement is to address a practice issue regarding the scope and applicability of Statement No. 68 associated with pensions provided through certain cost-sharing multiple-employer defined benefit pension plans and to state or local governmental employers whose employees are provided with such pensions. Such plans are not considered a state or local government pension plan and are used to provide benefits to both employees of state and local governments and employees of employers that are not state or local governments. This statement did not have any impacts to the City's financial statements.

In January 2016, the GASB issued **Statement No. 80, Blending Requirements for Certain Component Units—an amendment of GASB Statement No. 14**. The objective of this statement is to improve financial reporting by clarifying the financial statement presentation requirements for certain component units. This statement amends the blending requirements established in GASB Statement No. 14, The Financial Reporting Entity, as amended. This Statement did not have a significant impact to the City's financial statements.

In March 2016, the GASB issued **Statement No. 82, Pension Issues – an amendment of GASB Statements No. 67, No. 68, and No. 73**, to address certain issues that have been raised with respect to Statements No. 67, Financial Reporting for Pension Plans, No. 68, Accounting and Financial Reporting for Pensions, and No. 73, Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68. The statement addresses issues regarding (1) the presentation of payroll-related measures in required supplementary information, (2) the selection of assumptions and the treatment of deviations from the guidance in an Actuarial Standard of Practices for financial reporting purposes, and (3) the classification of payments made by employers to satisfy employee (plan member) contribution requirements. This Statement did not have a significant impact to the City's financial statements.

The City is currently evaluating its accounting practices to determine the potential impact on the financial statements for the following GASB Statements:

In June 2015, GASB issued **Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions**. This statement addresses reporting by governments that provide OPEB to their employees and for governments that finance OPEB for employees of other governments. This Statement is effective for the City's fiscal year ending June 30, 2018.

In March 2016, the GASB issued **Statement No. 81, Irrevocable Split-Interest Agreements**. The statement provides recognition and measurement guidance for situations in which a government is a beneficiary of these agreements. This Statement is effective for the City's fiscal year ending June 30, 2018.

In November 2016, the GASB issued **Statement No. 83, Certain Asset Retirement Obligations**, which addresses accounting and financial reporting for certain asset retirement obligations (AROs). An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset. A government that has legal obligations to perform future asset retirement activities related to its tangible capital assets should recognize a liability based on the guidance in this Statement. The Statement is effective for the City's fiscal year ending June 30, 2019.

In January 2017, the GASB issued **Statement No. 84, Fiduciary Activities**, which improves guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The Statement is effective for the City's fiscal year ending June 30, 2020.

In March 2017, the GASB issued **Statement No. 85, Omnibus 2017**, which addresses practical issues that have been identified during implementation and application of certain GASB Statements. The statement addresses a variety of topics including issues related to blending component units, goodwill, fair value measurement and application, pensions and other postemployment benefits. This Statement is effective for the City's fiscal year ending June 30, 2018.

In May 2017, the GASB issued **Statement No. 86, Certain Debt Extinguishment Issues**, which improves consistency in accounting and financial reporting for in-substance defeasance of debt by providing guidance for transactions in which cash and other monetary assets acquired with only existing resources – resources other than the proceeds of refunding debt – are placed in an irrevocable trust for the sole purpose of extinguishing debt. This Statement also improves accounting and financial reporting for prepaid insurance on debt that is extinguished and notes to financial statements for debt that is defeased in substance. This Statement is effective for the City's fiscal year ending June 30, 2018.

In June 2017, the GASB issued **Statement No. 87, Leases**, which increases the usefulness of government' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The Statement is effective for the City's fiscal year ending June 30, 2021.

II. DETAILED NOTES

A. CASH AND INVESTMENTS

The City maintains a cash and investment pool that is used by all funds. Each fund's portion of the City's cash and investment pool is displayed on the balance sheet and proprietary and fiduciary fund statements of net position as "cash and cash equivalents." Each fund is allocated interest on average monthly cash balances held by the funds throughout the year. Certain deposits held in trust are displayed on the governmental funds balance sheet and the proprietary funds statement of net position as "restricted assets – cash and cash equivalents." The City also maintains "cash and cash equivalents with fiscal agent", which represent monies held by fiscal agents for payment of various City debt and capital projects costs.

The City's cash and investments are reported as follows:

Primary government:		
Cash and cash equivalents	\$	231,423,967
Restricted cash and cash equivalents		85,142,520
Restricted cash and cash equivalents with fiscal agent		20,406,725
Successor Agency Private-Purpose Trust Fund		
Cash and cash equivalents		3,213,643
Cash and cash equivalents held with fiscal agent		1,977,938
Agency funds		
Cash and cash equivalents		3,050,868
Cash and cash equivalents held with fiscal agent		2,942,479
		<hr/>
Total cash and investments	\$	<u>348,158,140</u>

Investments Authorized by the California Government Code and the City's Investment Policy

The City's investment policy and the California Government Code allow the City to invest in the following types of instruments, and the table also identifies certain provisions of the California Government Code, or the City's investment policy where it is more restrictive:

<u>Authorized Investment Type</u>	<u>Maximum Maturity</u>	<u>Maximum Specified % of Portfolio</u>	<u>Maximum Percentage Of Issuer</u>	<u>Maximum Quality Requirements</u>
Local Agency Bonds	5 years	None	None	None
Treasury Obligations	5 years	None	None	None
State Obligations	5 years	None	None	A rating
CA Local Agency Obligations	5 years	None	None	A rating
Federal Agencies	5 years	None	None	None
Banker's Acceptances	180 days	40 %	5 %	Federal Reserve eligible
Commercial Paper	270 days	25 %	5 %	A1/P1 rating
Negotiable Certificates of Deposit	5 years	30 %	5 %	A rating
Certificates of Deposit	1 year	20 %	5 %	FDIC insured or collateralized
Repurchase Agreements	90 days	None	5 %	None
Reverse Repurchase Agreements	92 days	20 % of combined base value	5 %	None
Medium Term Notes	5 years	30 %	5 %	A rating
Money Market Mutual Funds	N/A	15 %	10 %	Multiple
Mortgage and Asset-backed Securities	5 years	20 %	5 %	AA Rating
CAMP	N/A	None	None	N/A
LAIF	N/A	N/A	None	N/A

The City is a voluntary participant in the California Asset Management Program (CAMP). CAMP is an investment pool offered by the California Asset Management Trust (the Trust). The Trust is a joint powers authority and public agency created by the Declaration of Trust and established under the provisions of the California Joint Exercise of Powers Act (California Government Code Sections 6500 et seq., or the "Act") for the purpose of exercising the common power of its participants to invest certain proceeds of debt issues and surplus funds. The Pool's investments are limited to investments permitted by subdivisions (a) to (n), inclusive, of Section 53601 of the California Government Code. Security types prohibited include, but are not limited to: Investments in inverse floaters, range notes, or interest only strips that are derived from a pool of mortgages. At June 30, 2017, the fair value approximated the City's cost. At June 30, 2017, these investments range from a maximum maturity of 5 years to some maturity limits of 180 days or less. The City reports its investments in CAMP at the fair value amounts provided by CAMP.

Investments Authorized by Debt Agreements

The City must maintain required amounts of cash and investments with trustees or fiscal agents under the terms of certain debt issues. These funds are unexpended bond proceeds or are pledged as reserves to be used if the City fails to meet its obligations under these debt issues. The California Government Code requires these funds to be invested in accordance with City ordinance, bond indentures or State statute. All current bond indentures authorize the same investments as the City's investment policy.

Custodial Credit Risk – Deposits

The Custodial Credit Risk for Deposits is the risk that, in the event of the failure of a depository financial institution, the City will not be able to recover deposits, or will not be able to recover collateral securities that are in the possession of an outside party. The City does not, currently, have a Custodial Credit Risk – Deposits Policy. Under California Government Code Section 53651, depending on specific types of eligible securities, a bank must deposit eligible securities posted as collateral with its Agent having a fair value of 110% to 150% of the City's cash on deposit. All of the City's deposits are either insured by the Federal Depository Insurance Corporation (FDIC) or collateralized with pledged securities held in custody at the Bank of New York Trust Company N.A. under the name of the California Local Agency Collateral Pool as administered by the California Department of Business Oversight (Pool Administrator).

The City of Modesto has 10 deposit accounts at Bank of America that are monitored for deposit collateral purposes. As per the CA Government Code, the bank must provide collateral for the collected deposit balances at 110% coverage. The City is collateralized as part of the California Local Agency Collateral Pool Program. As of June 30, 2017 the City had collected deposit balances of \$16,574,956. On this amount, the FDIC insurance coverage was \$500,000. (\$250,000 for their time and savings accounts and \$250,000 for their demand accounts). The remainder of their balances were collateralized as part of the California Local Agency Pool Program.

For further information, on June 30, 2017, the total collected deposit balances at Bank of America from California Local Agency Pool Program participants was \$1,851,155,231 of which \$84,735,990 was FDIC insured. The remaining uninsured balances, \$1,766,419,241 were collateralized by securities pledged by Bank of America that had a market value of \$2,228,055,232. This results in collateral margin coverage of 124% far in excess of the 110% required by the California Government Code.

Custodial Credit Risk – Investments

The Custodial Credit Risk for Investments is the risk that, in the event of the failure of the counterparty (e.g. broker-dealer) to a transaction, the City will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. The City's investment policy limits its exposure to custodial credit risk by requiring that all security transactions entered into by the City, including collateral for repurchase agreements, be conducted on a delivery-versus-payment basis. Securities are to be held by a third party custodian.

The City's investments consist of pooled investments, dedicated investments, and other funds held by trustees. The dedicated investment funds represent restricted funds and relate to bond proceeds of the Water and Sewer Enterprise Funds, assessment districts (reported under Agency Funds) and the Successor Agency. The other funds held by trustees are made either in accordance with bond covenants and are pledged for payment of principal, interest, and specified capital improvements or in accordance with trust agreements. All investments held by a custodian are in the City's name excluding the Successor Agency.

Interest Rate Risk

Interest Rate Risk is the risk that interest rates will rise and reduce the fair value of an investment. Long-term fixed-income securities have the greatest amount of interest rate risk, due to their duration, or sensitivity to interest rate changes, being greater.

As of June 30, 2017, the City owned two callable bonds. There were no Federal Agency callables in the portfolio. Information on those bonds has been provided as follows:

Corporate Notes			
Amount	Maturity Date	Call Date	Call Terms
\$1,095,000	11/5/2018	10/5/2018	Callable on and any time after 10/05/18
\$5,475,000	5/22/2018	4/22/2018	Callable on and any time after 4/22/18

Disclosures Related to Credit Risk

Generally, Credit Risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The City may from time to time be invested in a security whose rating is downgraded subsequent to the date of purchase. In the event a rating drops below the minimum allowed rating category for that given investment type, the investment advisor shall notify the Finance Director and recommend a plan of action. The City will limit investments in any one non-government issuers, except investment pools to no more than 5% regardless of security type.

The following table summarizes the City's investments based on maturity dates of various investments:

Investment Type	Credit Rating		Remaining Time to Maturity				
	Standard & Poor's	Moody's Investors Service	Total	Less Than 1 Year	1-2 Years	2-3 Years	3-18 years
U.S. Treasury Notes	AA+	Aaa	\$ 20,187,552	\$ -	\$ 6,691,262	\$ -	\$ 13,496,290

16,155,376	A+	Aa3
5,711,634	A+	A1
<u>\$ 45,931,235</u>		

Concentration of Credit Risk

The City's investment policy contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. Investments in any one issuer, other than U.S. Treasury securities, mutual funds, and external investment pools that represent 5% or more of total entity-wide investments are as follows at June 30, 2017:

Issuer	Investment Type	Reported Amount	Percent of Portfolio
Fannie Mae (FNMA)	Federal agency securities	\$59,148,971	16.99%
Federal Home Loan Banks	Federal agency securities	27,185,443	7.81%
Freddie Mac (FHLMC)	Federal agency securities	39,042,632	11.21%

Fair Value measurements

The Pool categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. These principles recognize a three-tiered fair value hierarchy, of which levels 1 & 2 apply to the City as follows:

- Level 1: Valuations are based on quoted prices in active markets for identical assets or liabilities. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgement. Examples would be securities with prices derived from the major exchanges.
- Level 2: Valuations are based on quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active and model-based valuations for which all significant assumptions are observable or can be corroborated by observable market data. Examples would be securities with prices derived from market corroborated sources such as indices and yield curves; and matrix pricing, such as for most debt securities.

Union Bank is the custodian of the City's investments. Union Bank utilizes pricing services that deliver current market values and security information which is input into their trust accounting systems. A security will be valued on the basis of valuations provided by a pricing service vendor if it has a substantial public market (i.e. is not thinly traded), and is freely tradable without restriction, has a valid CUSIP or SEDOL and resides on one of the depositories. Based on their direction, Union Bank will continue to obtain valuations for all other securities and assets, for which they do not receive a pricing feed and/or descriptive information from their pricing service vendors, from various sources independent of Union Bank. If no current market value price is available from their pricing service vendors and their agents have provided Union Bank with pricing information, Union Bank will show the value of the asset at such value as Union Bank shall determine, such value to be for administrative purposes only and not be any indication of any market value.

The Pool has the following recurring fair value measurements as of June 30, 2017:

Investments by Fair Value Level Investment Type	Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets	Significant Other Observable Inputs
		(Level 1)	(Level 2)
U.S Treasury Notes	\$ 20,187,552	\$ 20,187,552	\$ -

C. LONG-TERM DEBT

Loans Payable

Governmental Activities:

No-interest loan payable to the Stanislaus County Economic Development Bank loan program, to pay costs incurred by the City for the Kiernan Business Park East Project; loan intended to be repaid when the financing mechanism is established. As of June 30, 2017, no payments have been made to the Stanislaus County Economic Development Bank. According to the agreement, the Project will be completed as of the date the City first issues building permits within the Kiernan Business Park East area. To date, no building permits have been issued.

500,000

Total Principal Balance – Governmental-Type Activities

\$ 500,000

Business-Type Activities:

Water Enterprise Fund:

Loan payable to State of California Department of Public Health, also known as ARRA Water Grant. This Agreement constitutes funding in the form of a loan with forgiveness of principal made by the State under the provisions of California Safe Drinking Water State Revolving Fund Law of 1997, and the American Recovery and Reinvestment Act of 2009 (ARRA) Public Law 11 1-5. The purpose of the funding is to assist in financing construction of a project, which will enable the City to meet safe drinking water standards or to address other health concerns, herein referred to as the "Project". The total amount for the project was \$1,136,656, of which 50% was to be repaid as a loan. This original loan amount of \$568,328 has a payment term of 20 years at 2.5017% interest rate.

451,547

Sewer Enterprise Fund:

Loan payable to California State Water Resources Control Board, State Revolving Fund. The Project, commonly known as Tertiary Treatment Phase 1B Project generally consists of constructing a 12.6 million gallon per day tertiary treatment plant. Completion of construction date is established as June 1, 2016. Project completion date is established as December 1, 2016. The City agrees to repay all project funds at an interest rate of two and six-tenths percent (2.6%) per annum and an administrative service charge of zero percent (0%) per annum. The total loan approved by the State Water Resources Control Board is \$121,829,278, plus \$5,328,665 in Accrued Construction Period Interest. The loan repayment term is 20 years (final payment due on December 1, 2035) and after an initial annual payment of \$7,891,411 in the fiscal year ending June 30, 2017, the annual principal and interest payment is \$8,245,564 beginning in the fiscal year ending June 30, 2018.

122,421,633

Loan payable to California State Water Resources Control Board, State Revolving Fund. The Project, commonly known as North Valley Regional Recycled Water Program generally consists of constructing improvements to the City's existing pump station. The City will then distribute the recycled water to the Del Puerto Water District for agricultural use increasing recycled water supplies by 5.4 billion gallons per year within the first 5 years of operation and 9.9 billion gallons per year at build out. Completion of construction date is established as June 30, 2018. Project completion date is established as December 31, 2018. The City agrees to repay all project funds at an interest rate of one percent (1%) per annum and an administrative service charge of zero percent (0%) per annum. The total loan approved by the State Water Resources Control Board is \$41,862,028, plus

\$6,642,487 in Accrued Construction Period Interest. The loan repayment term is 30 years (final payment due on June 30, 2048) and after an initial and secondary annual payment of \$1,262,431 and \$1,506,587, respectively, in the fiscal year ending June 30, 2019 and June 30, 2020, the annual principal and interest payment is \$1,633,411 beginning in the fiscal year ending June 30, 2021. The current reported balance includes only the disbursements received as of June 30, 2017.

1,407,320

Total Principal Balances – Business-Type Activities

\$124,280,500

Annual debt service requirements to maturity for loans payable are as follows:

Year Ending June 30,	Governmental-Type Activities		Business-Type Activities

Total	<u>\$500,000</u>	<u>\$-</u>	<u>\$124,280,500</u>	<u>\$34,355,259</u>

Certificates of Participation:

Business-Type Activities:

Golf Enterprise Fund:

1993 Refunding Certificates of Participation issued to refund earlier certificates for the Creekside Golf Course capital project; serial certificates with annual maturities on November 1, in amounts from \$225,000 to \$235,000; interest rate of 5.5%; term certificates at 5.6% due November 1, 2016, and in the amount of \$3,585,000 at 5.0% due November 1, 2023, with annual payments ranging from \$250,000 to \$480,000 beginning in 2010. The certificates are repayable from any source of available funds of the City. However, the City has elected to repay the certificates from revenues of the Golf Enterprise Fund.

\$2,920,000

Water Enterprise Fund:

2008 Water Refunding Revenue Certificates of Participation issued to refund the 2006 issue, to provide funding for construction of new downstream water facilities and various water distribution system improvements in connection with Modesto Irrigation District's expansion of the regional water treatment plant; variable rate securities maturing October 1, 2036, with interest initially calculated weekly, fluctuating according to market conditions. The Certificates may be converted to a daily, term, flexible, or fixed rate.

While the 2008 COPs are in the Weekly Mode, they are subject to optional tender and mandatory tender for purchase. Funds for the payment of the purchase price of 2008 COPs that are tendered for purchase and that are not remarketed by the Remarketing Agent will be available (subject to certain conditions) under a Standby Certificate Purchase Agreement, dated May 1, 2008 (the "Liquidity Facility"). The Liquidity Facility does not support, secure or guaranty the payments of the

principal or interest with respect to the 2008 COPs. Subject to the terms and conditions of the Liquidity Facility, the Liquidity Facility Provider is to provide funds for the payment of the purchase price on each purchase of 2008 COPS up to \$47,625,000 in principal amount (the "Available Principal Commitment") and \$548,014 an amount equal to 35 days' interest on the Available Principal Commitment at an assumed rate of 12% and accrued interest on 2008 COPs subject to the Weekly Rate tendered or deemed tendered for purchase in the event that remarketing proceeds are not sufficient to pay the purchase price of such 2008 COPs.

The Liquidity Facility will not provide for the payment of principal and interest on any 2008 COPs other than with respect to the purchase price of the 2008 COPs tendered or deemed tendered and not remarketed. Barring an event of default, any such draws on the Letter of Credit will be repaid under the terms of the Reimbursement Agreement. Under the terms of the Reimbursement Agreement, the City will repay the amount drawn in ten equal semi-annual installments of principal, plus monthly interest at the Bank Rate, over a 5 year period. However, the entire balance of the amount drawn shall become due immediately if the 2008 COPs are cancelled or prepaid, are remarketed, or converted to bear interest at a rate other than a daily rate or weekly rate; an alternate credit facility is secured; or an event of default occurs. The Credit Facility and Reimbursement Agreement initially expired May 29, 2011, and were subsequently extended to July 14, 2017 at a commitment fee of 0.875%, then again to June 15, 2020 at a commitment fee of 0.7%.

The City entered into a 30-year interest rate swap agreement as discussed below. The combination of the variable rate 2008 COPs and the floating rate swap creates a synthetic fixed-rate debt for the City. The synthetic fixed-rate was 3.47% at June 30, 2017.	44,815,000
<hr/>	
Total Principal Balances – Business-Type Activities	47,735,000
Less:	
Unamortized Bond Discount – 2008 Water Refunding Certificates of Participation	<u>(104,448)</u>
Total Business-Type Activities – Certificates of Participation	<u>\$47,630,552</u>

The City has pledged future Water Enterprise Fund revenues, net of specified operating expenses, to repay the 2008 Certificates of Participation. The City has pledged future Golf Enterprise Fund revenues to pay the 1993 Certificates of Participation for the Golf Course Refinancing project. The Water and Golf Funds total principal and interest remaining to be paid on the certificates is \$56,977,331. The Water Fund's principal, interest and other debt service cost paid on certificates for the current year, along with payments to Modesto Irrigation District under the Treatment and Delivery Agreement, totaled \$12,706,785, and net operating revenues of the Fund were \$32,583,358, which represented coverage of 256%. The Golf Fund's principal and interest paid on certificates totaled \$491,666, and net operating revenues of the Fund were \$314,029, which represented coverage of 64%.

Annual debt service requirements to maturity for Certificates of Participation, for 2008 Water and 1993 Golf, are as follows:

Year Ending June 30,	Business-Type Activities	
	Principal	Interest
2018	\$720,000	\$809,519
2019	775,000	785,331
2020	795,000	759,906
2021	805,000	733,731
2022	860,000	706,344
2023-2027	11,210,000	2,925,812
2028-2032	14,700,000	1,875,825
2033-2037	17,870,000	645,863
Total	<u>\$47,735,000</u>	<u>\$9,242,331</u>

Lease Revenue Bonds – Governmental Activities:

2008 Lease Revenue Refunding Bonds in the amount of \$65,170,000 issued to refund the balance of the 1998 Lease Revenue Bonds and the 2007 Lease Revenue Refunding and Capital Improvement Bonds; variable rate securities maturing September 1, 2033, with interest initially calculated weekly, fluctuating according to market conditions. The bonds may be converted to a daily, term, flexible, or fixed rate. The combination of the variable rate bonds and a floating swap rate creates a synthetic fixed-rate debt for the City. The synthetic fixed-rate was 3.61% at June 30, 2017.

Regularly scheduled payments of principal and interest are supported by an irrevocable, direct pay Letter of Credit (the "Credit Facility") issued by Bank of America, N. A. The Trustee can draw funds under the Credit Facility to pay the purchase price of tendered bonds that are not remarketed. Barring an event of default, any such draws on the Letter of Credit will be paid under the terms of the Reimbursable Agreement. Under the terms of the Reimbursement Agreement, the City will repay the amount drawn in equal semi-annual instalments of principal plus monthly interest, at the Bank Rate, over a 5 year amortization period. However, the entire balance of the amount drawn shall become due immediately if the tendered bonds are remarketed or defeased, or an alternate credit facility is secured, or an event of default occurs. The Credit Facility and Reimbursement Agreement initially expired August 1, 2011, but were subsequently extended to June 22, 2019 at a commitment fee of 0.60%.

\$54,470,000

Annual debt service requirements to maturity for Lease Revenue Bonds are as follows:

Year Ending June 30,	Governmental-Type Activities	
	Principal	Interest
2018	\$1,695,000	\$797,981
2019	1,860,000	770,700
2020	2,000,000	741,225
2021	2,170,000	709,313
2022	2,390,000	674,287
2023-2027	15,070,000	2,738,363
2028-2032	20,010,000	1,394,363
2033-2034	9,275,000	105,956
Total	<u>\$54,470,000</u>	<u>\$7,932,188</u>

Revenue Bonds – Business-Type Activities:

Sewer Enterprise Fund:

Wastewater Revenue Bonds, Series 2006A; interest payable on November 1 and May 1; serial certificates with annual maturities on November 1, in amounts from \$880,000 to \$1,005,000, with interest rates from 4.2% to 4.5%; term certificates in the amount of \$5,710,000 maturing in 2031 and \$7,060,000 maturing in 2036, bearing interest at 4.25%, with annual payments beginning in 2024. There was a Partial Refunding of 2006A, in the amount of \$1,800,000, with the Private Placement of the Wastewater Revenue Refunding Bond Series 2015.

14,735,000

Wastewater Revenue Refunding Bond Series 2015; interest payable on November 1 and May 1, commencing May 1, 2016. Principal is payable in annual installments on each November 1, commencing November 1, 2016 and ending November 1, 2024. The Series 2015 Bond shall bear interest at a rate equal to 2.42% per annum; Payment of principal and interest on the Series 2015 Bond is secured by a pledge of Net Revenues; The Series 2015 Bond constitutes "Parity Debt" under the Indenture.

On October 30, 2015, the City issued the Series 2015 Bond, as a Parity Debt to fully refund the 2005A and partially refund the 2006A Wastewater Revenue Bonds. The proceeds were used to: 1) Refund the Wastewater Revenue Refunding Bonds, Series 2005A, which refinanced the acquisition and construction of improvements to the City's wastewater enterprise, 2) refund a portion of the Wastewater Revenue Bonds, Series 2006A, and 3) pay cost of issuance in connection with the financing. The Series 2005A Bonds have been fully redeemed and the 2023 and 2024 maturities of Series 2006A Bonds were redeemed. The City will realize significant savings from the refunding of the 2005A and 2006A Bonds, bearing an interest rate of 2.42%.

Less: Unamortized Bond Discount – 2006 Bonds

(208,950)

Total Business-Type Activities Revenue Bonds

\$ 31,605,936

The 2005 and 2006 bonds were issued to fund a variety of Sewer Enterprise Fund wastewater capital improvements. The City has pledged future Sewer Enterprise Fund revenues, net of specified operating expenses, to repay the 2005 and 2006 bonds through 2036. On October 30, 2015, the Wastewater Revenue Bonds, Series 2005A were Fully Refunded and the 2006A were Partially Refunded with the Private Placement of the Wastewater Revenue Refunding Bond Series 2015, in the amount of \$19,429,913. The Sewer Fund's total principal and interest remaining to be paid on the bonds is \$43,371,571. The Sewer Fund's principal and interest paid for the current year and total customer net revenues were \$11,311,098 and \$25,695,014, respectively.

Annual debt service requirements to maturity for Revenue Bonds are as follows:

Year Ending June 30,	Business-Type Activities	
	Principal	Interest
2018	\$2,394,504	\$1,010,118
2019	2,459,096	951,389
2020	2,521,327	891,124
2021	2,577,644	829,428
2022	2,644,114	766,245
2023-2027	6,448,201	3,165,866
2028-2032	5,710,000	2,592,290
2033-2037	7,060,000	1,350,225
Total	<u>\$31,814,886</u>	<u>\$11,556,685</u>

Notes Payable – Governmental Activities:

On March 26, 2015, the City received notice of a public offering to refinance the existing note, with an outstanding balance of \$2,789,000. The City agreed to refinance the note, as it reduced the interest on the HUD Section 108 Loan, a net savings of approximately \$502,908. The public offering date was May 28, 2015. The terms of the new promissory note include semi-annual payments on August and February through the maturity date of August 1, 2024. The interest rates range from 0.28% through 2.85%. No new security provisions were required, as the Contract for Fixed Rate Note incorporates the previous additional security provisions.

Total Notes Payable \$2,335,000

Annual debt service requirements to maturity for this Notes Payable are as follows:

Year Ending June 30,	Governmental-Type Activities	
	Principal	Interest
2018	\$245,000	\$48,845
2019	256,000	46,003
2020	269,000	41,773
2021	283,000	36,442
2022	297,000	30,150
2023-2025	985,000	42,178
Total	<u>\$2,335,000</u>	<u>\$245,391</u>

Reimbursement Agreement - Business-Type Activities:

Water Enterprise Fund:

In 1992, the City entered into a treatment and delivery agreement with the Modesto Irrigation District (MID) and the Del Este Water Company (Del Este). The City assumed Del Este's interest and obligations under the agreement when it acquired Del Este in July 1995. Under the agreement, MID built and operates a surface water treatment plant

on the Tuolumne River for the purpose of providing a long-term source of domestic treated water for the City. MID is the sole owner of the project, and has all management and operations responsibility. In exchange for the treated water, the City has agreed to pay: all debt service on bonds issued by MID for the construction of the project; a raw water charge as set forth in the agreement; project operation, administration, and maintenance costs; and insurance on the project. Gross revenues of the City's Water Fund are irrevocably pledged for the punctual payment of the MID debt service and all obligations of the City under any parity debt. Current parity debt of the City consists of the 2008 Water Revenue Certificates of Participation and the California Safe Drinking Water Act loan (as described previously). The treatment plant completed all tests and began commercial operations on May 15, 1995, at which time the City began paying for raw water and operations.

The City and MID have agreed upon an expansion of the initial Domestic Water Project facilities beyond the existing design capacity of 36 million gallons per day ("mgd") to a design capacity of 72 mgd. In June 2007, the MID issued \$93,190,000 Domestic Water Project revenue bonds pursuant to the terms of the existing treatment and delivery agreement. On August 14, 2013, Modesto Irrigation District Financing Authority refunded the 1998 D Bonds, with 2013 G Bonds. As of June 30, 2017, the total outstanding on the MID bonds is: \$30,870,000 for the 2013 G Bonds and \$93,190,000 for the 2007 F Bonds, for a total of \$124,060,000. For the 2013 G Bonds, the annual principal payments began on September 1, 2014 and mature on September 1, 2022, in amounts from \$3,970,000 to \$5,795,000, with interest rates from 2% to 5%. For the 2007F Bonds, the annual principal payments begin on September 1, 2023 and mature on September 1, 2037 in amounts from \$4,275,000 to \$11,870,000, with variable interest rates fluctuating according to market conditions. The City has entered into interest-rate swap agreements for the 2007F bonds to synthetically fix the rates that the City pays at 4.38% and 4.44%. Refer to the Interest Rate Swap agreement section below with more information about the debt schedule.

Annual debt service payments to maturity for the Reimbursement Agreement are as follows:

Year Ending June 30,	Business-Type Activities	
	Principal	Interest
2018	\$4,535,000	\$2,165,127
2019	4,760,000	1,932,751
2020	5,005,000	1,688,627
2021	5,260,000	1,432,002
2022	5,515,000	1,162,626
2023-2027	24,060,000	3,387,452
2028-2032	27,955,000	2,206,239
2033-2037	35,100,000	884,741
2038	11,870,000	-
Total	<u>\$124,060,000</u>	<u>\$14,859,565</u>

Interest Rate Swap Agreements:

Objective of the swaps – The primary objective of the swaps is to mitigate the effect of fluctuations in variable interest rates by paying a fixed-rate and receiving a floating rate on the swap. Combining a pay-fixed receive-variable rate swap with variable debt results in what is termed "synthetic" fixed-rate debt. It is called synthetic because the economics are similar to fixed-rate debt, but another instrument is involved unlike regular fixed-rate debt. Each time the City created synthetic fixed-rate debt a comparison and determination was made that the fixed-rate on regular debt would have been higher than the fixed rate on the swap.

During fiscal year 2007, the City entered into an interest swap agreement in connection with the 2006 Water Revenue Certificates of Participation. This transaction was updated due to the refunding of the 2006 Certificates by the 2008 Water Refunding Revenue Certificates of Participation (COPs). The swap agreement allows the City to create a synthetic fixed-rate on the COPs, protecting it against increases in short-term interest rates.

During fiscal year 2008, the City entered into an interest swap agreement in connection with the 1998 and 2007 Lease Revenue Bonds. The swap agreement allows the City to create a synthetic fixed rate on the Lease Revenue Bonds, protecting it against increases in short-term interest rates. The terms, fair value and credit risk of these swap agreements are disclosed below.

Additionally, in May 2007, the City approved the issuance of revenue bonds by the Modesto Irrigation District Financing Authority related to the financing of Phase 2 of the Domestic Water Treatment and Delivery System of the Modesto Irrigation District. The MID Water Refunding Bonds were issued with an interest swap feature with Bear Sterns, which was subsequently acquired by JP Morgan. Under the agreement between MID and JP Morgan, the City must post collateral when our negative position exceeds the Pledgor's Threshold of \$20 million. This negative position represents the present value of declining interest rates to date from issuance of bonds. In June 2010, the City Council authorized the City to post collateral up to \$18 million, which would support a negative position of \$38 million. In July 2010, the City Council increased the City's authorization to post collateral from \$18 million to up to \$20 million. At the end of fiscal year 2017, the City had posted a cumulative total of \$10,008,884 million of collateral posting, which is reported in the Water Enterprise Fund cash with fiscal agent.

Terms – The terms, including the counterparty credit rating of the outstanding swaps, as of June 30, 2017 are shown in the table below. The swap agreements contain scheduled reductions to the outstanding notional amounts that are expected to follow scheduled principal reductions in the associated debt issues.

<u>Related Debt Issue</u>	<u>Current Notional Amount</u>	<u>Effective Date</u>	<u>Counterparty</u>	<u>Credit Rating (S&P)</u>	<u>Fixed Rate Paid</u>	<u>Variable Rate Received</u>	<u>Termination Date</u>
2008 Water Refunding Revenue COPs	\$44,815,000	5/30/2008	Bank of America	A+	3.47%	63.7% of USD-LIBOR, plus .154%	10/1/2036
2008 Lease Revenue Refunding and Capital Improvement	54,470,000	8/28/2008	Bank of America	A+	3.61%	63.7% of USD-LIBOR, plus .154%	9/1/2033
2007 MID Domestic Water Revenue Bonds Series 2007F	23,370,000	6/26/2007	JP Morgan Chase Bank	A+	4.38%	67% of 3 Month LIBOR + 0.58%	9/1/2027
2007 MID Domestic Water Revenue Bonds Series 2007F	69,820,000	6/26/2007	JP Morgan Chase Bank	A+	4.44%	67% of 3 Month LIBOR + 0.63%	9/1/2037

Based on the swap agreement the City owes interest calculated at a fixed rate to the counterparty (Bank of America and JP Morgan). In return, the counterparty owes the City interest based on the variable rate that approximates the rate required by the associated COPs and lease revenue bonds. Debt principal is not exchanged; it is only the basis on which the swap receipts and payments are calculated.

GASB Statement 53 (GASB 53) addresses the recognition measurement and disclosure of information regarding derivative instruments entered into by state and local governments. All derivatives are to be reported on the statement of net position at fair value and all hedges must be tested for effectiveness to qualify for hedge accounting. The tests are outlined in GASB 53. Depending on the test results, the changes in fair value are either reported on the statement of net position as a deferral or in the statement of activities as investment revenue or loss.

Fair value – Fair value takes into consideration the prevailing interest rate environment, the specific terms and conditions of each transaction and any upfront payments that may have been received. Fair value was estimated using the zero-coupon discounting method, which calculates the future payments required by the swap, assuming that the current forward rates implied by the LIBOR swap yield curve are the market's best estimate of future spot interest rates. These payments are then discounted using the spot rates implied by the current yield curve for a hypothetical zero-coupon rate bond due on the date of each future net settlement on the swaps.

As of June 30, 2017, the fair value of the swaps was in favor of the counterparty as shown in the following table:

Bond Issue	Fair Value
2008 Water Refunding Rev. Certificates of Participation	(\$8,939,766)
2008 Lease Revenue Bonds	(\$9,456,835)
2007 MID Domestic Water Revenue Bonds	(\$24,267,483)

Credit risk - As of June 30, 2017, the City was not exposed to credit risk on the swaps because the swaps had negative fair value. However, if interest rates increase and the fair value becomes positive, the City would be exposed to credit risk. The City will be exposed to interest rate risk only if the counterparty to the swap defaults or if the swap is terminated.

Basis risk - Basis risk is the risk that the interest rate paid by the City to the bondholders on the underlying variable rate bonds temporarily differs from the variable swap rates received from the counterparty. The swaps have basis risk since the City receives a percentage of the LIBOR Index to offset the actual variable bond rates the City pays on the underlying certificates of participation. The City is exposed to basis risk should the floating rate that it receives on the swap be less than the actual variable rate the City pays on the bonds. Depending on the magnitude and duration of any basis risk shortfall, the expected cost of the basis risk may vary.

A portion of this basis risk is tax risk. The City is exposed to tax risk when the relationship between the taxable LIBOR based swaps and tax-exempt variable rate bonds changes as a result of a reduction in federal and state income tax rates. Should the relationship between LIBOR and the underlying tax-exempt variable rate bonds converge the City is exposed to this basis risk.

Termination risk - The City may terminate the swap contracts if the other party fails to perform under the terms of the contracts. The City will be exposed to variable rates if the counterparty defaults or if the swap contract is terminated. A termination of the swap contract may also result in the City's making or receiving a termination payment based on market interest rates at the time of the termination. If at the time of termination the swap has a negative fair value, the City would be liable to the counterparty for a payment equal to the swap's fair value.

Swap payments and associated debt - Using rates as of June 30, 2017, debt service requirements of the 2008 Water Refunding Revenue Certificates of Participation, the 2008 Lease Revenue Refunding Bonds, and the 2007 MID Domestic Water Revenue Bonds, including net swap payments and broker fees, are as shown in the following table assuming current interest rates remain the same for their term. The bond interest payments and net swap payments will vary as interest rates vary.

Year Ending	Variable-Rate Bonds		Net Swap Payments and Remarketing Fees	Total
	Principal	Interest		
June 30,				
2018	\$2,060,000	\$2,205,377	\$7,285,175	\$11,550,552
2019	2,255,000	2,172,282	7,454,216	11,881,498

Principal balances are reported on the government-wide and enterprise funds statements of net position, net of unamortized issuance discounts and premiums. Deferred losses on refundings are reported as deferred outflows of resources. Internal service funds predominantly serve the governmental funds. Accordingly, long-term liabilities for the internal service funds are included as part of the above totals for governmental activities. At year-end, internal service funds obligations were zero under notes payable, and zero in capital leases. Also, the compensated absences and claims liability balances relate to the internal service funds, and as such they are liquidated by the internal service funds. The predominant contributors for these internal service funds include the General Fund, Water Fund, and Sewer Fund.

D. OBLIGATIONS UNDER CAPITAL LEASES

Governmental Activities

Prior to the fiscal year ending June 30, 2017, the City of Modesto entered into two capital lease agreements with Pierce Manufacturing Inc.: 1) for the purchase of two Pierce Velocity 1500 GPM Pumpers valued at \$1,070,472, less \$155,599 of depreciation accumulated as of June 30, 2017, and 2) for the purchase of one 4x4 Freightliner Wildland Pumper valued at \$330,947, less \$57,961 of depreciation accumulated as of June 30, 2017. In the fiscal year ending

June 30, 2017, the City entered into another capital lease agreement with Pierce Manufacturing Inc. for the purchase of five Velocity Pumps and two Velocity Tillers valued at \$5,883,756.

The following is a schedule of the future minimum lease payments, as of June 30, 2017:

<u>Year Ending June 30,</u>	
2018	\$ 1,081,521
2019	598,544
2020	598,544
2021	598,544
2022	598,544
2023-2027	2,992,720
2028	954,214
Total minimum lease payments	<u>7,422,631</u>
Less: amount representing interest	<u>(1,063,911)</u>
Present value of minimum lease payments	<u>\$6,358,720</u>

E. DEVELOPER ADVANCES

The Del Este Water Company (Del Este) entered into various agreements with developers under which infrastructure components were either constructed on behalf of Del Este or cash was advanced to the company to construct the infrastructure. Agreements in existence at the time of the City's acquisition of Del Este were assumed by the City. The terms of repayment call for no interest, with principal paid over a 40-year period. As of June 30, 2017, the total outstanding balance due under the agreements is \$1,145,338. The total annual payments fluctuate depending on the ending date of each agreement. At June 30, 2017, the amount of \$93,112 due during fiscal year 2018 has been reported as "current portion-developer advances" on the Water Enterprise Fund statement of net position. The remaining \$1,052,226 of outstanding principal has been reported under noncurrent liabilities, as "developer advances."

F. INTERFUND BALANCES

Interfund balances as of June 30, 2017 consist of the following:

Due to General Fund from:

Other governmental funds	\$4,682,858
Other enterprise funds	<u>530,026</u>
Total Due to General Fund	<u>5,212,884</u>

Total Due to/Due From: \$ 5,212,884

Advances from General Fund to:

Other governmental funds	\$1,135,600
Other enterprise funds	<u>1,324,704</u>
Advances from General Fund	<u>2,460,304</u>

Advances from Water Fund to:

General Fund	100,000
Other governmental funds	<u>10,814</u>
Advances from Water Fund	<u>110,814</u>

Advances from other governmental funds to other governmental funds	<u>80,000</u>
Advances from Sewer Fund to other enterprise funds	<u>889,200</u>
Advance from internal service funds to General Fund	<u>88,647</u>
Total Advances from/Advances to	<u>\$3,628,965</u>

All balances reported as "due to/due from" are short-term loans to cover temporary fund cash shortages as of June 30, 2017, and were repaid early in fiscal year 2018. Balances reported as "advance to/advance from" were for capital projects expenditures and are either in the process of being repaid or have scheduled repayments in future years.

G. Fund Balance

Detailed classifications of the City's Fund Balances, as of June 30, 2017, are provided below:

	General Fund	Housing and Community Development	Other Governmental	Total Governmental Funds
Nonspendable				
Advances to other funds	\$ 2,460,304	\$ -	\$ 80,000	\$ 2,540,304
Prepaid Items	54,842	-	1,007	55,849
Total Nonspendable Fund Balance	<u>2,515,146</u>	<u>-</u>	<u>81,007</u>	<u>2,596,153</u>
Restricted				
Capital Facility Fees	-	-	29,284,573	29,284,573
Cash with Fiscal Agent	-	-	5,594,309	5,594,309
Community Facilities District	-	-	16,774,444	16,774,444
Grants and Donations	-	3,370,144	1,166,534	4,536,678
Notes Receivable	-	23,861,467	2,281,179	26,142,646
Deposits	1,970,622	-	-	1,970,622
Traffic Fines	-	-	3,198,761	3,198,761
Total Restricted Fund Balance	<u>1,970,622</u>	<u>27,231,611</u>	<u>58,299,800</u>	<u>87,502,033</u>
Committed				
General Fund Set-Aside	15,800,000	-	-	15,800,000
Total Committed Fund Balance	<u>15,800,000</u>	<u>-</u>	<u>-</u>	<u>15,800,000</u>
Assigned				
Encumbrances - Vendor Contracts	2,854,307	-	-	2,854,307
FY 17-18 Budget Carryover	2,000,000	-	-	2,000,000
Downtown Improvement District	-	-	78,515	78,515
Successor Redevelopment Housing Agency	-	-	452,405	452,405
Gas Tax Funding	-	-	5,835,074	5,835,074
Special Capital Outlay Projects	-	-	281,476	281,476
Strategic Planning and Development	-	-	1,328,395	1,328,395
Total Assigned Fund Balance	<u>4,854,307</u>	<u>-</u>	<u>7,975,865</u>	<u>12,830,172</u>
Unassigned - General Fund	4,509,693	-	-	4,509,693
Unassigned - Special Revenue Funds	-	-	(2,002,193)	(2,002,193)
Unassigned - Debt Service Funds	-	-	(92,198)	(92,198)
Unassigned - Capital Project Funds	-	-	(1,062,288)	(1,062,288)
Total Unassigned Fund Balance	<u>4,509,693</u>	<u>-</u>	<u>(3,156,679)</u>	<u>1,353,014</u>
Total Fund Balance	<u>\$ 29,649,768</u>	<u>\$ 27,231,611</u>	<u>\$ 63,199,993</u>	<u>\$ 120,081,372</u>

H. DEFICIT FUND EQUITY

The Operating Grants fund has a fund balance deficit of \$1,279,609, which will be recovered through future revenues and local matches covered through the General Fund or other City funds.

The Capital Grants fund has a fund balance deficit of \$1,062,288, which will be recovered through future revenues and local matches covered through the General Fund or other City funds.

The Compost Fund has a net position deficit of \$2,211,505, due to the pollution remediation liability reported for the Carpenter Landfill. The remediation funding has been incorporated into the utility fees related to garbage rates to cover the anticipated cost.

The Golf Enterprise Fund has a net position deficit of \$1,459,554, due to a change in accounting policy several years ago, as well as revenues not keeping up with expenses. The City originally classified the 1993 Refunding Certificates of Participation as debt of the governmental funds, with construction proceeds transferred to the Golf Enterprise Fund when the certificates were issued. However, since the Golf Fund is paying, and is expected to continue paying, the entire debt service cost, it was decided that the balance of the debt should be recorded in the Golf Fund. The Golf Fund also has struggled due to competition and lagging revenues. Depreciation expense further contributes to the deficit. The City is looking at various options to resolve this funding deficit.

The Employee Benefits Management Internal Service Fund has a net position deficit of \$55,025,905. It exists partially because the total compensated absences and other post-employment benefit balance previously classified as debt of the governmental funds was included in this fund at its inception several years ago, and has never been fully funded. The City is continuing to charge a higher benefit rate to help reduce this deficit. In addition, one-time revenues having to do with employee benefits are deposited to this fund.

The Insurance Fund has a net position deficit of \$14,966,774, due mainly to the recognition of settlements that were reached both in the current and prior fiscal year which have been reported as liabilities of the Liability Insurance Fund. Both settlements involved matters that represented city-wide policies and practices and therefore are allocable to all of the funds that make annual contributions to the liability insurance program. The liability insurance program will recover the full amount of the settlement from charges to the funds that participate in the liability insurance program over a period of 5 years based on this methodology being factored into the Internal Service Fund allocation that is distributed to City departments.

I. INTERFUND TRANSFERS

The following is a schedule of interfund transfers.

Transfers (in) to:	Transfers from (out):							Total
	General Fund	Housing & Community Development	Other Governmental	Water	Sewer	Other Enterprise Funds	Internal Service	
General Fund	-	-	\$ 84,473	\$ 65,000	\$ 68,640	-	\$ 618,091	\$ 836,204
Other Governmental	\$ 4,146,400	\$ 161,725	190,612	-	-	\$ 82,419	142,360	4,723,516
Water	315,500	-	-	-	-	-	-	315,500
Sewer	114,000	-	-	-	-	17,719	154,722	286,441
Bus	1,500	-	-	-	-	-	-	1,500
Other Enterprise	1,443,776	-	-	700,000	-	-	-	2,143,776
Internal Service	-	16,110	185,663	42,172	6,648	14,218	16,126	280,937
Grand Total	\$ 6,021,176	\$ 177,835	\$ 460,748	\$ 807,172	\$ 75,288	\$ 114,356	\$ 931,299	\$ 8,587,874

In general, the City uses interfund transfers to (1) move revenues from the funds that collect them to the funds that statute or budget requires to expend them, (2) use unrestricted revenues collected in the General Fund to help finance various programs and capital projects accounted for in other funds in accordance with budgetary authorization, and (3) move cash to debt service funds from the funds responsible for payment as debt service payments become due.

J. SUCCESSOR AGENCY TRUST FOR ASSETS OF FORMER REDEVELOPMENT AGENCY

On December 29, 2011, the California Supreme Court upheld Assembly Bill 1X 26 (Bill) that provides for the dissolution of all redevelopment agencies in the State of California. This action impacted the reporting entity of the City that previously had reported a redevelopment agency blended component unit. The Bill provides that upon dissolution of a redevelopment agency, either the City or another unit of local government will agree to serve as the "successor agency" to hold the assets until they are distributed to other units of state and local government. On

January 24, 2012, the City Council elected to become the Successor Agency for the former Redevelopment Agency (RDA) in accordance with the Bill as part of County Resolution number 12-7.

After enactment of the law, which occurred on June 28, 2011, redevelopment agencies in the State of California cannot enter into new projects, obligations or commitments. Subject to the control of a newly established oversight board, remaining assets can only be used to pay enforceable obligations in existence at the date of dissolution (including the completion of any unfinished projects that were subject to legally enforceable contractual commitments).

In future fiscal years, successor agencies will only be allocated revenue in the amount that is necessary to pay the estimated annual installment payments on enforceable obligations of the former redevelopment agency until all enforceable obligations of the prior redevelopment agency have been paid in full and all assets have been liquidated.

The Bill directs the State Controller to review the propriety of any transfers of assets between redevelopment agencies and other public bodies that occurred after January 1, 2011. If the public body that received such transfers is not contractually committed to a third party for the expenditure or encumbrance of those assets, the State Controller is required to order the available assets to be transferred to the public body designated as the successor agency by the Bill.

Management believes, in consultation with legal counsel, that the obligations of the former RDA due to the City are valid enforceable obligations payable by the Successor Agency trust under the requirements of the Bill.

In accordance with the timeline set forth in the Bill (as modified by the California Supreme Court on December 29, 2011), all redevelopment agencies in the State of California were dissolved and ceased to operate as a legal entity as of February 1, 2012.

After the date of dissolution, as allowed under Section 34176(a) of the Bill, the City elected to retain the housing assets and functions previously performed by the former RDA. The assets and activities for the Successor Agency Housing fund continue to be reported in the City's governmental fund financial statements. The remaining assets, liabilities, and activities of the dissolved RDA, are reported in the Successor Agency fiduciary fund (private-purpose trust fund) in the financial statements of the City.

As of June 30, 2017, one of the obligations under the Successor Agency trust is associated with the 10th Street Place Project:

Reimbursement agreement with the City totaling \$19,566,862. The original loan is from the City's 1998 Lease Revenue Bonds and the 2007 Lease Revenue Bonds that pertain to the Successor Agency. On August 28, 2008, the City refinanced the entire outstanding balance of the City's 1998 Lease Revenue Bonds and the 2007 Lease Revenue Bonds with variable rate 2008 Lease Revenue Bonds. The new balance has been provided as of June 30, 2017 that pertains to the Successor Agency. Additional information related to the 2008 Lease Revenue bonds is provided in Note II-C under the Lease Revenue Bonds – Governmental Activities section. \$15,796,300

Annual debt service requirements to maturity are as follows:

Year Ending June 30,	Principal	Interest	Total
2018	\$491,550	\$846,886	\$1,338,436
2019	539,400	858,041	1,397,441
2020	580,000	826,731	1,406,731
2021	629,300	789,305	1,418,605
2022	693,100	750,050	1,443,150
2023-2027	4,370,300	3,042,802	7,413,102
2028-2032	5,802,900	1,539,354	7,342,254
2033-2035	2,689,750	107,912	2,797,662
Total	<u>\$15,796,300</u>	<u>\$8,761,081</u>	<u>\$24,557,381</u>

The reserves for the Reimbursement Agreement are recorded in the Public Financing Authority debt service fund for the City.

No-interest loan payable to the Stanislaus County Economic Development Bank loan program, for the purpose of funding the Kansas Avenue Business Park Project's Master Plan costs. The Agency has no obligation to begin repayment until the Project is completed and revenues begin.

Future debt service requirements to maturity for loans payable, as of June 30, 2017, are as follows:

<u>Year Ending June 30</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2018	\$ 405,000	\$ -	\$ 405,000
Total	\$ 405,000	\$ -	\$ 405,000

As of June 30, 2017, the Successor Agency was obligated for the following long-term debt in conjunction with the Community Center Project:

1993 Refunding Certificates of Participation; serial certificates with annual maturities on November 1 in amounts ranging from \$800,000 to \$1,040,000; interest rates from 5.3% to 5.6%; and in the amount of \$12,235,000 at 5.0% maturing November 1, 2023, with annual payment of \$1,090,000 to \$1,610,000 beginning in 2011. \$9,760,000

Future debt service requirements to maturity for the Certificates of Participation, as of June 30, 2017, are as follows:

<u>Year Ending June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2018	\$1,195,000	\$458,125	\$1,653,125
2019	1,260,000	396,750	1,656,750
2020	1,320,000	332,250	1,652,250
2021	1,385,000	264,625	1,649,625
2022	1,455,000	193,625	1,648,625
2023-2024	3,145,000	159,125	3,304,125
Total	\$9,760,000	\$1,804,500	\$11,654,500

The former RDA also has a few outstanding obligations related to reimbursements for parking expenses with Westland Development Company and payments to the Tenth Street Joint Power Agency for maintenance for common areas in the Tenth Street Place. These amounts are all reported in the Successor Agency in the Fiduciary financial statements under the Private-Purpose Trust Fund.

K. NOTES AND LOANS RECEIVABLE

The notes receivable in the Housing and Community Development and Other Governmental Funds of \$54,208,522 net of \$167,637 allowance for doubtful accounts, consist of loans made for low-income housing rehabilitation, first-time homebuyers, property improvement and small business origination. The loans are collateralized by deeds of trust on the improved properties or business assets, and are generally bearing annual interest at 3 or 5 percent. Some direct loans may be subject to forgiveness, some are interest free and require no repayment of principal until the loans reach maturity, and some are subject to residual receipt payment agreements. Loan terms range from 5 to 55 years.

L. APPROVED LOANS PAYABLE

The approved loans payable in the Housing and Community Development Special Revenue Fund of \$246,654 consist of amounts being held for housing projects using funds provided by federal grants. This liability is expected to be liquidated in less than a year.

M. POLLUTION REMEDIATION LIABILITY

The City reported a liability in the Water and Sewer Enterprise funds, which represents the recoveries the City has collected less any remediation and legal costs incurred in pursuit of mitigating damages from the manufacturers of perchlorethylene, or PCE, a common chemical used in the dry cleaning industry. This chemical has seeped into the groundwater through sewer lines when improperly disposed, and threatens the City's groundwater supplies. Modesto has been proactive in attempting to recover damages and future cleanup costs from the dry cleaners and their insurers, and has also initiated litigation with the manufacturers. As of June 30, 2017, the City reported a pollution remediation liability from the Water and Sewer funds in the amount of \$8,677,433 and \$7,495,053, respectively.

In addition, in the Compost Fund, a liability was reported related to the Carpenter Road Landfill which is a 39-acre City owned landfill, located on both the east and west sides of Carpenter Road between Kenneth and Robertson Roads and the Tuolumne River, which was in operation from 1956 to 1968. This landfill precedes Subtitle-D and had no liner or leachate collection or removal system. In 1993, six methane gas monitoring wells were installed. In December 2005, there was a spike in the methane gas level at the landfill's Northern boundary. The State required the City to determine the cause and develop a mitigation and monitoring plan to ensure the landfill remained in compliance with the state statutes. In November of 2010, a Corrective Action Plan was proposed for the landfill involving hydrogen releasing compound injection. In October 2014, a revised Corrective Action Plan and post closure maintenance plan was submitted to the Central Valley Regional Water Quality Control Board (CVRWQCB). In March 2015, a Cleanup and Abatement Order was issued to the City of Modesto for the Carpenter Road Landfill by the California Regional Water Quality Control Board to complete the clean closure correction action plan by January 15, 2017. Construction was to begin in Spring of 2017, however, due to flooding during the Winter of 2016, the groundwater level increased to a level too high to begin construction. The City has submitted a request to the CVRWQCB to delay the project until Spring of 2018. As of June 30, 2017, the City reported a pollution remediation liability from Compost Fund in the amount of \$2,600,000.

N. DEFERRED INFLOWS/OUTFLOWS OF RESOURCES

Pursuant to GASB Statement No. 63, "Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position", the City recognized deferred outflows and inflows of resources in the entitywide and governmental fund statements. These items are an acquisition of net position by the City that is applicable to a future reporting period. On the governmental fund statements, the Housing and Community Development Fund reported deferred inflow of resources in the amount of \$ 28,065,876 for unavailable resources related to note and grant receivables not meeting the period of availability. Previous financial reporting standards do not include guidance for reporting these in the financial statements, which are distinct from assets and liabilities. The items relate to outflows and inflows for net pension liability (Note III-G), swap hedging (Note II-C) and loss on refunding.

III. OTHER INFORMATION

A. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to and illnesses of employees; and natural disasters. The City maintains the Insurance Internal Service Fund to account for and finance its risks of loss. Under this program, the City is self-insured for the following risks up to the maximum amount per claim/occurrence as follows: workers' compensation \$500,000; liability \$1,000,000. The City purchases commercial insurance for property loss, airport liability, and for claims in excess of the preceding self-insured coverage amounts.

For liability claims, the City is one of twelve members of the Authority for California Cities Excess Liability (ACCEL) risk pool. This pool covers City claims between \$1,000,000 and \$5,000,000. The purpose of the pool is to spread the adverse effect of losses among the member agencies. The City contributes its pro rata share of anticipated losses to the pool. Should actual losses among participants be greater than anticipated, the City will be assessed its pro rata share of that deficiency. Conversely, if the actual losses are less than anticipated, the City will be refunded its pro rata share of the excess. Commercial insurance covers claims over \$5,000,000 in four excess layers, of \$10,000,000 each and one additional layer of \$5,000,000 above \$45,000,000; for additional total coverage of \$50,000,000 per claim. Settled claims have not exceeded this commercial coverage in any of the past five fiscal years.

All operating funds participate in the program and make payments to the Insurance Fund based on historical cost and/or actuarial estimates of the amounts needed to pay prior and current year claims, and to allow accrual of

estimated incurred but not reported claims and allocated loss adjustment expenses. Insurance premiums to commercial insurers are also processed through the Insurance Fund. The total claims liability at June 30, 2017 is \$27,884,781 consisting of \$23,042,810 workers' compensation, \$4,610,484 general liability, \$190,785 dental, and \$40,702 vision. Workers' compensation and general liability claims liabilities are estimated on an actuarial basis, and are reported at their net present value using an expected future investment yield assumption of 3% (general liability) and 3% (workers' compensation). The undiscounted workers' compensation and liability claims totaled \$27,482,468 and \$4,902,954, respectively. The actuarial liability for workers' compensation and general liability were based on January 2017 actuarial reports.

The current portion of the total claims liability is estimated to be \$5,682,904 and the balance of \$22,201,877 is reported as a long-term liability on the statement of net position. Changes in the Insurance Fund claims liability during the fiscal years ended June 30, 2016 through June 30, 2017 were:

	<u>Claims Liability July 1</u>	<u>Current-Year Claims and Changes in Estimates</u>	<u>Current-Year Claim Payments</u>	<u>Claims Liability June 30</u>
2015-16	\$22,530,631	\$9,732,872	\$(8,666,972)	\$23,596,531
2016-17	23,596,531	13,619,346	(9,331,096)	27,884,781

B. COMMUNITY FACILITIES DEBT WITHOUT CITY COMMITMENT

Special assessment and community facilities districts have been established in various areas of the City to provide improvements to properties located in those districts. Properties are assessed for the cost of the improvements; these assessments are payable solely by the property owners over the term of the debt issued to finance the improvements. The City is not legally obligated to pay these debts or be the purchaser of last resort of foreclosed properties in the special assessment districts, nor is it obligated to advance City funds to repay this debt in the event of default by any property owners. The City functions as an agent for the property owners by collecting assessments and forwarding collections to trustees for payment to bond holders.

At June 30, 2017, the balance of these districts' outstanding debt was as follows:

<u>Issue</u>	<u>Outstanding Amount</u>
Village One #2 Community Facilities District	\$28,525,000
Fairview Village Community Facilities District	4,155,000

C. CONDUIT DEBT OBLIGATIONS

From time to time, the City has issued revenue bonds to provide financial assistance to private-sector entities for the acquisition and construction of industrial, commercial, health care, and multiple-family housing facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from developer payments on the underlying mortgage loans. Upon repayment of the bonds, ownership of the acquired facilities transfers to the private-sector entity served by the bond issuance. Neither the City, the State, nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are considered conduit debt obligations and are not reported as liabilities in the accompanying financial statements.

As of June 30, 2017, there were two series of conduit revenue bonds outstanding. The aggregate principal amount payable for these multiple-family housing bond issues, issued between 1994 and 2002, was \$7,475,000.

D. COMMITMENTS AND CONTINGENCIES

The City is involved in litigation relating to tort claims, workers' compensation claims and other claims such as contract actions and inverse condemnation actions for which the City is self-insured, as disclosed in Note III-A. The City is a defendant in various matters of litigation.

The City receives funding from a number of federal, state and local grant programs, principally the Federal Highway Administration, Community Development Block Grants, and Federal Transit Administration grants. These programs are subject to financial and compliance review by the grantors. Accordingly, the City's compliance with applicable grant requirements will be determined at some future date. Expenditures, if any, which may be disallowed by the

granting agencies, cannot be determined at this time. The City does not expect the undeterminable amounts of disallowed expenditures, if any, to materially affect the basic financial statements. Receipt of these federal, state and local grant revenues is not assured in the future.

The City has both operating and capital commitments of \$16,581,596 for the City's governmental funds as of June 30, 2017 for contracts awarded but not completed and other outstanding purchase requisitions and orders. This amount consists of \$2,854,307 in the General Fund, \$712,248 in the Housing and Community Development, and \$13,015,041 in other governmental funds. Commitments of the governmental funds are recorded in one of the classifications of fund balance based on the various funding restrictions on the balance sheet. As of June 30, 2017, there are major contracts for water (Conco West Inc - \$5.9 million), sewer system improvements (Myers-Rados - \$16.1 million), street improvement projects (Knife River Construction - \$2.6 million), State Route 132 Project (Dokken Engineering \$6.7 million) and Pelandale interchange reconstruction (Teichert - \$1.1 million).

E. JOINT VENTURES AND JOINTLY GOVERNED ORGANIZATION

Tuolumne River Regional Park

The City participates with Stanislaus County and the City of Ceres in the operation and development of the Tuolumne River Regional Park (TRRP). The governing body consists of 2 members from the County Board of Supervisors, 2 members from the Modesto City Council, and 1 member from the Ceres City Council. The TRRP board prepares the annual budget, which must be approved by both cities' councils and the board of supervisors. Each participant has an equity interest in the capital assets of TRRP based on the percentage of cumulative contributions paid. The City's contribution to TRRP was \$162,693 for the fiscal year ended June 30, 2017. As of June 30, 2017 the City's investment in this joint venture was \$803,331, and is included in governmental activities on the statement of net position. Financial statements for TRRP are prepared by the City of Modesto Finance Department.

Stanislaus Drug Enforcement Agency

Stanislaus County (County) and the cities of Modesto, Oakdale, Ceres, Patterson, Turlock, Riverbank, Hughson, Waterford and Newman are the participants in the Stanislaus Drug Enforcement Agency (SDEA). The purpose of the SDEA is to maintain a specially trained police unit to assist each of the participating agencies in the enforcement of drug control laws, and to study, plan, and set priorities for effective enforcement of such laws throughout Stanislaus County. The governing board consists of the sheriff of Stanislaus County and the chief of police of each participating city. All participants contribute to the funding of the SDEA budgeted expenditures, based on population and assessed property value. The City's cash contribution to the SDEA for the fiscal year ended June 30, 2017 was \$74,678. The City's investment in this joint venture was estimated to be \$154,973 as of June 30, 2017, based on the most recent available information. This amount is reported in governmental activities in the statement of net position. Financial statements of the SDEA are prepared by the City of Modesto Finance Department. Starting in January 1, 2018 the County Sheriff's office will become the fiscal administrator.

City-County Capital Improvements and Financing Agency

The City and Stanislaus County formed the City-County Capital Improvements and Financing Agency (Agency) to provide for the design, construction, ownership, operation, management and financing of a City-County administration center located in Modesto's downtown redevelopment area. The governing body is a commission consisting of 2 members of the City Council, 2 members of the County Board of Supervisors, the County Chief Executive Officer, and the City Manager. The commission is responsible for developing an annual budget and determining the annual contribution rates, subject to approval by both the City and the County. The Stanislaus County Auditor Controller was the fiscal administrator during the construction phase, which was final at the end of June 2003. Starting in July 1, 2010 the County Auditor Controller became the fiscal administrator. For the fiscal year ended June 30, 2017, the City's payments to the Agency were \$923,882 for operations and capital reserve. The City's equity interest in the Agency is \$8,550,313, equal to its capital asset contributions to date net of depreciation, and is reported in governmental activities as investments in joint ventures in the statement of net position. Financial statements of the Agency are prepared by the Stanislaus County Auditor Controller office.

Stanislaus Waste-to-Energy Financing Agency

The City participates with Stanislaus County in the Stanislaus Waste-to-Energy Financing Agency (Agency). The Agency was created to provide financing for a facility that generates power from solid waste. The costs of operating

the Agency, if any, are shared equally by the participants. The governing body consists of 2 members each from the County Board of Supervisors and the Modesto City Council. As of June 30, 2017, the City has no equity interest. Stanislaus County Treasurer's office prepares the Agency's financial statements.

Consolidated Emergency Dispatch Agency

The Modesto/Stanslaus Consolidated Emergency Dispatch Agency (the MSCEDA) was created on September 1, 1999, pursuant to a joint exercise of powers agreement between the City of Modesto and the County of Stanislaus. The MSCEDA is administered by a seven-member commission consisting of one member of the City Council, one member of the County Board of Supervisors, the County Chief Executive Officer, the City Manager, two members from the Dispatch Advisory Board, and one member from the City of Ceres' City Council or one member selected by the City Council of another participating City. The purpose of the MSCEDA is to consolidate the public safety communications system. The responsibilities of the agency include approval of annual budget, claims, liabilities, and the use of MSCEDA property as collateral. Each participant will contribute sufficient funds to pay for all costs and expenses associated with providing Emergency Dispatch Services. Upon termination of the agreement, assets will be distributed equally to the City and County, unless otherwise approved. The financial statements may be obtained by writing to the Modesto/Stanslaus Consolidated Emergency Dispatch, Office Manager, 3705 Oakdale Road, Modesto, California 95357.

North County Corridor Transportation Expressway Authority

On April 1, 2008, the City Council approved the establishment of a Joint Powers Authority between the County and the cities of Modesto, Oakdale and Riverbank to create the North County Corridor Transportation Expressway Authority (NCCTEA). The purpose of the Authority is to prepare, identify, and adopt a precise alignment, and prepare and certify environmental documents for a route to improve east/west traffic circulation in the County.

The intent of the NCCTEA is to provide a high capacity high speed east-west roadway to accommodate anticipated traffic growth, alleviate traffic on parallel roads, and to accommodate multi-modal travel. Under the terms of the agreement, the County will incur 40% of the costs of the project while each of the participating cities will be contributing 20%. The preliminary project development costs will be funded by State Transportation Program and Public Facility Fees. The NCCTEA Board of Directors will be comprised of two directors appointed by the County, and one director from each participating city. The board acts autonomously from the respective member agencies. The County of Stanislaus Public Works Director is designated as the NCCTEA's manager. Upon completion of the agreement, all assets will be distributed to the respective parties of the agreement as determined by the Board of Directors of the Authority. Financial statements may be obtained by writing to the County of Stanislaus, Public Works Department, 1716 Morgan Road, Modesto, CA 95358.

Stanislaus Animal Services Agency

The Stanislaus Animal Services Agency (SASA) was created October 27, 2009, pursuant to a joint powers agreement among the cities of Ceres, Hughson, Modesto, Patterson, Waterford, and the County of Stanislaus. SASA is administered by a six-member board comprised of the City Manager of each partner agency, and the Chief Executive Officer of the County. The purpose of SASA is to operate a regional agency providing animal services to their respective communities. The SASA Executive Director is responsible for the annual budget which must be approved by the SASA Board of Directors. Each partner agency will contribute sufficient funds to pay for all costs approved in the budget to provide animal services. Upon termination of the agreement, assets will be distributed in accordance with the joint powers agreement. The financial statements may be obtained by writing to the Stanislaus Animal Services Agency, Executive Director, 3647 Cornucopia Way, Modesto, CA 95358.

Regional Fire Training Center

The City has entered into an agreement with the Yosemite Community College District (YCCD) and Stanislaus County for the use and management of the regional fire training center at Modesto Junior College. The executive board consists of the YCCD Chancellor, the President of Modesto Junior College, the City Manager of the City of Modesto, and the Chief Executive Officer of Stanislaus County. The YCCD is responsible for accounting and for monitoring the center's budget. All three entities share in the operating costs. Initial construction costs were paid by the YCCD from borrowed funds, with the City and County reimbursing a portion of these costs in exchange for future use of the center. The City has paid its share of the construction costs in full. Title to the constructed asset is held by the YCCD; therefore, the City has no equity interest.

North Valley Regional Recycled Water Program (NVRWP)

The City participates in the NVRWP, which was established by the City of Modesto and Del Puerto Water District in November 2014. The purpose of this agreement is to develop, construct, operate and maintain water supply facilities and service. Through this agreement all partner agencies will cooperate and collaborate to use their best efforts regarding the submission of grants, loans and other funding resources to cover future cost related to the design and construction on future projects. At the end of the fiscal year June 30, 2017, the City has no equity interest.

F. POST-RETIREMENT HEALTH CARE DEFINED BENEFIT PLAN

Plan Description

In addition to the pension benefits described below in Note III-G, the City participates in an agent multiple-employer plan which provides health care benefits to employees who retire from the City based on certain criteria related to their hired and retirement date, under contractual agreements with all employee groups. All full-time employees hired before January 1, 2011, except firefighters who receive a cash payout, are eligible to set aside a percentage of accumulated sick leaves upon retirement to be used for payment of future health care premiums to a choice of insurance plans (sick leave conversion). The City has no obligation to pay the health insurance allowance for retirees with no accumulated sick leave. All employees hired on or after January 1, 2011 will not be eligible to participate in the sick leave conversion. As of June 30, 2017, there were 349 retirees receiving these health care benefits or a buy-out contribution to a retirement health savings account. If an employee elects to receive a buy-out contribution, they will be removed from the City's medical plan and will no longer be allowed to return to the City's medical plan.

The OPEB Plan provisions and benefits in effect at June 30, 2017, are summarized as follows:

Benefit Types Provided	Police (including Management) Medical, dental and vision	General Employees Medical, dental and vision	Management Medical, dental and vision	Fire Medical, dental and vision	Fire Management Medical, dental and vision
Duration of Benefits	One month per eight hours of converted sick leave	One month per eight hours of converted sick leave	One month per eight hours of converted sick leave	Lifetime	One month per eight hours of converted sick leave
City Health Allowance per month*	\$621 for retiree; \$858 for retiree plus spouse; \$1,214 with dependents	\$621 for retiree; \$858 for retiree plus spouse; \$1,214 with dependents	\$621 for retiree; \$858 for retiree plus spouse; \$1,214 with dependents	\$128.00	\$621 for retiree; \$858 for retiree plus spouse; \$1,214 with dependents
City Health Allowance per month**	Police (including Management) N/A	General Employees \$621 for retiree; \$858 for retiree plus spouse; \$1,214 with dependents	Management N/A	Fire N/A	Fire Management N/A
City Health Allowance per month***	N/A	N/A	N/A	N/A	N/A

*Employees hired before January 1, 2011 and retired on or after October 23, 2012 through December 31, 2014 have had their sick leave conversion frozen with the health allowance.

**Employees hired before January 1, 2011 and retire after January 31, 2015 through December 31, 2015.

***Employees hired before January 1, 2011 and retire after December 31, 2015 (after January 31, 2015 for General Employees, after July 1, 2014 for Modesto Police Officers Association, and after August 26, 2014 for Modesto Police Management Association) will be subject to the City's new retirement program. The new retirement program will provide a City contribution to a Retirement Health Savings (RHS) account based on allowance. More information about the new retirement program is available under the City of Modesto Human Resources Department website under Compensation and Labor Agreements.

Except for the Fire group, the City health allowance amounts may increase each year based on the health allowance

for active employees but for all union groups newly retired employees will not have this option due to these health allowances being frozen. For the Fire group, the City health allowance amounts increase each year in accordance with Government Code Section 22892.

Funding Policy and Actuarial Assumptions

The City's funding policy for the Plan is to fund benefits on a pay-as-you-go basis. The annual required contribution was determined as part of the January 1, 2017 actuarial valuation using the entry age normal actuarial cost method. This is a projected benefit cost method, which takes into account those benefits that are expected to be earned in the future as well as those already accrued. The actuarial assumptions included (a) 4% investment rate of return, (b) 6.5% graded down to ultimate 4.5% rate over 8 years Medical cost trend rate; 4.5% Dental/Vision cost trend rate (c) Projected salary increases are based on California Public Employee Retirement System (CalPERS) experience study released in 2014 for miscellaneous, police and fire (refer to chart below).

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contribution of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The actuarial methods and assumptions used include techniques that are designed to reduce the short-term volatility in actuarial accrued liabilities and actuarial value of asset. Actuarially determined amounts are subject to continual revision as results are compared to past expectations and new estimates are made about the future. The City's OPEB unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on a closed basis.

Projections of benefits for financial purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employer and the plan members to that point. Actuarial calculations reflect a long-term perspective and actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future.

The remaining amortization period at June 30, 2017 was 20 years.

Projected Salary Increases
(CalPERS experience study released in 2014)

<u>Service</u>	<u>Miscellaneous</u>	<u>Police</u>	<u>Fire</u>
0	11.60%	14.70%	19.80%
3	8.10%	7.80%	9.40%
5	6.00%	5.80%	6.40%
10	4.30%	4.30%	4.60%
15	4.00%	4.30%	4.20%
20	3.80%	4.30%	3.90%
25	3.60%	4.30%	3.70%
30	3.40%	4.30%	3.60%

The City has set aside \$8,814,712 of Employee Benefits Management Internal Service Fund cash and investments to be used to fund the above benefits. Generally accepted accounting principles permit assets to be treated as OPEB assets and deducted from the Actuarial Accrued Liability when such assets are placed in an irrevocable trust or equivalent arrangement. Since the City's Internal Service Fund does not meet this requirement, the assets have been excluded from the actuarial study and calculation. This funding policy means that the City contributions are considered to be on a pay-as-you-go basis. As a result, the City has calculated and recorded the Net OPEB Obligation, representing the difference between the annual required contribution and the pay-as-you-go contributions.

In prior years, the City estimated and recorded an accrued liability representing unfunded retiree pension costs in its Employee Benefits Management Internal Service Fund. In accordance with GASB 45, municipalities are permitted to retain an estimated liability for prior years unfunded OPEB costs, so long as it is calculated in a manner consistent

with GASB Statement 27, which employed methodologies consistent with those now required under GASB 45.

The Plan annual required contributions and actual contributions for the fiscal year ended June 30, 2017 and the prior two years is set forth below:

Fiscal Year	Annual Required Contribution (ARC)	Interest on Net OPEB Obligations	ARC Adjustments	Annual OPEB Cost	Actual Contribution	Net OPEB Obligation	Percentage of Annual OPEB Cost Contributed
6/30/2015	\$ 3,189,054	\$ 2,382,790	\$ (4,383,246)	\$ 1,188,598	\$ 3,806,476	\$ 56,951,862	320.25%
6/30/2016	3,189,054	2,382,790	(4,383,246)	1,188,598	1,949,129	56,191,331	163.99%
6/30/2017	2,806,942	2,247,653	(4,134,656)	919,939	2,611,886	54,499,384	283.92%

The Schedule of Funding Progress is based on the most recent actuarial valuation as of January 1, 2017.

Actuarial Valuation Date	Actuarial Value of Assets (A)	Entry Age Actuarial Accrued Liability (B)	(Underfunded) Actuarial Accrued Liability (A-B)	Funded Ratio (A/B)	Covered Payroll (C)	(Underfunded) Actuarial Liability as Percentage of Covered Payroll [(A-B)/C]
01/01/2017	\$0	\$28,645,234	(\$28,645,234)	0.00%	\$43,842,302	-65.34%

The schedule of funding progress, presented as RSI following the notes to the basic financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability of benefits.

G. PENSION PLANS

I. General Information about the Pension Plans

Plan Descriptions

All City of Modesto qualified employees are eligible to participate in the City of Modesto separate Safety (police and fire) and Miscellaneous (all other) Plans, agent multi-employer defined benefit pension plans administered by the California Public Employees' Retirement System (CalPERS), which acts as a common investment and administrative agent for its participating member employers. Benefit provisions under the Plans are established by the State statute and City resolution. CalPERS issues publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website. This report is available online at www.calpers.ca.gov.

The California Legislature passed and the Governor signed the "Public Employees' Pension Reform Act of 2013" (PEPRA) on September 12, 2012. PEPRA contained a number of provisions intended to reduce future pension obligations. PEPRA primarily affects new pension plan members who are enrolled for the first time after December 2012. Benefit provisions and other requirements are established by State statute.

Benefits Provided

The benefits for the Plans are based on members' years of service, age, final compensation, and benefit formula. Benefits are provided for disability, death, and survivors of eligible members or beneficiaries. Members become fully vested in their retirement benefits earned to date after five years of credited service.

The Plans' provisions and benefits in effect at June 30, 2017 are summarized as follows:

Miscellaneous Plan:

Hire date	Prior to January 17, 2012	January 17, 2012 to December 31, 2012	On or after January 1, 2013
Benefit formula	2% @ 55	2% @ 60	2% @ 62
Benefit vesting schedule	5 years service	5 years service	5 years service
Benefit payments	monthly for life	monthly for life	monthly for life
Retirement age	50 to 67	50 to 67	52 to 67
Monthly benefits, as a % of eligible compensation	1.426 to 2.418%	1.092 to 2.418%	1.0 to 2.5%

Safety Plan:

Hire date	Prior to September 11, 2012	September 11, 2012 through December 31, 2012	On or after January 1, 2013
Benefit formula	3% @ 50	3% @ 55	2.7% @ 57
Benefit vesting schedule	5 years service	5 years service	5 years service
Benefit payments	monthly for life	monthly for life	monthly for life
Retirement age	50 to 55	50 to 55	50 to 57
Monthly benefits, as a % of eligible compensation	3.0%	2.4 to 3.0%	2.0 to 2.7%

Contributions

Section 20814(c) of the California Public Employees Retirement Law (PERL) requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. The total plan contributions are determined through the CalPERS' annual actuarial valuation process. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The City is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

For the measurement period ended June 30, 2016 (the measurement date) for the Plans, the average active employee contribution rate was 6.846% of annual pay for Miscellaneous and 9.183% for Safety and the employer's contribution rate is 7.079% of annual payroll for Miscellaneous and 19.089% for Safety. The employee and employer contributions made in for fiscal year June 30, 2017 was \$11.66 million for the Miscellaneous plan and \$15.76 million for the Safety plan. Employer contribution rates may change if plan contracts are amended.

II. Net Pension Liability

The City's net pension liability for each Plan is measured as the total pension liability, less the pension plan's fiduciary net position. The net pension liability of each of the Plans is measured as of June 30, 2016, using an annual actuarial valuation as of June 30, 2015 rolled forward to June 30, 2016 using standard update procedures.

A summary of principal assumptions and methods used to determine the net pension liability is shown below:

	Miscellaneous Plan	Safety Plan
	Entry-Age Normal	Entry-Age Normal
Actuarial Cost Method		
Actuarial Assumptions:		
Discount Rate	7.65%	7.65%
Inflation	2.75%	2.75%
Salary Increases	Varies by Entry Age and Service	Varies by Entry Age and Service
Investment Rate of Return	7.5% ⁽¹⁾	7.5% ⁽¹⁾
Mortality Rate Table ⁽²⁾	CalPERS Membership Data	CalPERS Membership Data
Post Retirement Benefit Increase	Up to 2.75%	Up to 2.75%

⁽¹⁾ Net of Pension Plan Investment and Administrative Expenses; includes inflation

⁽²⁾ The mortality table used was developed based on CalPERS specific data. The table includes 20 years of mortality improvements using Society of Actuaries Scale BB. For more details on this table, please refer to the 2014 experience study report.

All other actuarial assumptions used in the June 30, 2015 valuation were based on the results of an actuarial experience study for the period from 1997 to 2011, including updates to salary increase, mortality and retirement rates. The Experience Study report can be obtained at CalPERS website under Forms and Publications.

Discount Rate

The discount rate used to measure the total pension liability was 7.65 percent. To determine whether the municipal bond rate should be used in the calculation of a discount rate for each plan, CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on the testing, none of the tested plans run out of assets. Therefore, the current 7.65 percent discount rate is adequate and the use of the municipal bond rate calculation is not necessary. The long-term expected discount rate of 7.65 percent is applied to all plans in the Public Employees Retirement Fund. The stress test results are presented in a detailed report called "GASB Crossover Testing Report" that can be obtained at CalPERS' website under the GASB 68 section.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Such cash flows were developed assuming that both members and employers will make their required contributions on time and as scheduled in all future years. Using historical returns of all the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one-quarter of one percent.

The table below reflects long-term expected real rate of return by asset class as of the target allocation for the June 30, 2016 measurement date. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These geometric rates of return are net of administrative expenses.

Asset Class	New Strategic Allocation	Real Return Years 1 – 10 ⁽¹⁾	Real Return Years 11+ ⁽²⁾
Global Equity	51.0%	5.25%	5.71%
Global Fixed Income	20.0	0.99	2.43
Inflation Sensitive	6.0	0.45	3.36
Private Equity	10.0	6.83	6.95
Real Estate	10.0	4.50	5.13
Infrastructure and Forestland	2.0	4.50	5.09
Liquidity	1.0	(0.55)	(1.05)

(1) An expected inflation of 2.5% used for this period

(2) An expected inflation of 3.0% used for this period

III. Changes in the Net Pension Liability

The changes in the Net Pension Liability for each Plan follows:

Miscellaneous Plan:

	Increase (Decrease)		
	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability/(Asset) (c) = (a) - (b)
Balance at June 30, 2015 (1)	\$ 398,719,890	\$ 315,056,908	\$ 83,662,982
Changes Recognized for the Measurement Period:			
Service Cost	6,092,179	-	6,092,179
Interest on the Total Pension Liability	29,752,178	-	29,752,178
Changes of Assumptions	-	-	-
Differences between Expected and Actual Experience	(2,005,545)	-	(2,005,545)
Plan to Plan Resource Movement	-	(1,118)	1,118
Contributions - Employer	-	6,920,358	(6,920,358)
Contributions - Employees	-	3,349,400	(3,349,400)
Net Investment Income	-	1,667,540	(1,667,540)
Benefit Payments, including Refunds of Employee	(21,686,131)	(21,686,131)	-
Administrative Expense	-	(192,011)	192,011
Net Change during 2015-16	12,152,681	(9,941,962)	22,094,643
Balance at June 30, 2016 (1)	\$ 410,872,571	\$ 305,114,946	\$ 105,757,625

(1) The fiduciary net position includes receivables for employee service buybacks, deficiency reserves, fiduciary self-insurance and OPEB expense. This may differ from the plan assets reported in the funding actuarial valuation report.

Safety Plan:

	Increase (Decrease)		
	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability/(Asset) (c) = (a) - (b)
Balance at June 30, 2015 (1)	\$ 508,339,261	\$ 367,858,289	\$ 140,480,972
Changes Recognized for the Measurement Period:			
Service Cost	8,193,455	-	8,193,455
Interest on the Total Pension Liability	38,004,835	-	38,004,835
Changes of Assumptions	-	-	-
Differences between Expected and Actual Experience	(2,184,871)	-	(2,184,871)
Plan to Plan Resource Movement	-	1,118	(1,118)
Contributions - Employer	-	11,137,899	(11,137,899)
Contributions - Employees	-	2,962,566	(2,962,566)
Net Investment Income	-	1,898,536	(1,898,536)
Benefit Payments, including Refunds of Employee	(26,911,771)	(26,911,771)	-
Administrative Expense	-	(224,190)	224,190
Net Change during 2015-16	17,101,648	(11,135,842)	28,237,490
Balance at June 30, 2016 (1)	\$ 525,440,909	\$ 356,722,447	\$ 168,718,462

(1) The fiduciary net position includes receivables for employee service buybacks, deficiency reserves, fiduciary self-insurance and OPEB expense. This may differ from the plan assets reported in the funding actuarial valuation report.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the Plan as of the measurement date, calculated using the discount rate of 7.65 percent, as well as what the net pension liability would be if it were calculated using a discount rate that is 1 percentage-point lower (6.65 percent) or 1 percentage-point higher (8.65 percent) than the current rate:

Miscellaneous Plan:

	Discount Rate - 1% (6.65%)	Current Discount Rate (7.65%)	Discount Rate + 1% (8.65%)
Plan's Net Pension Liability/ (Asset)	\$ 156,954,819	\$ 105,757,625	\$ 63,129,842

Safety Plan:

	Discount Rate - 1% (6.65%)	Current Discount Rate (7.65%)	Discount Rate + 1% (8.65%)
Plan's Net Pension Liability/ (Asset)	\$ 240,006,863	\$ 168,718,462	\$ 110,259,534

IV. Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions

As of the start of the measurement period (July 1, 2015), the net pension liability was \$83,662,982 for the Miscellaneous Plan and \$140,480,972 for the Safety Plan.

For the measurement period ended June 30, 2016 (the measurement date), the City incurred a pension expense of \$7,977,607 for the Miscellaneous Plan and \$15,612,477 for the Safety Plan.

As of June 30, 2017, the City has deferred outflows and deferred inflows of resources related to pensions as follows:

Miscellaneous Plan:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Change of Assumptions	\$ -	\$ (2,981,936)
Differences between Expected and Actual Experiences	-	(2,875,591)
Net Difference between Projected and Actual Earnings on Pension Plan Investments	16,532,404	-
Contributions subsequent to the measurement date	8,380,299	-
Total	\$ 24,912,703	\$ (5,857,527)

Safety Plan:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Change of Assumptions	\$ -	\$ (4,914,722)
Differences between Expected and Actual Experiences	-	(2,079,143)
Net Difference between Projected and Actual Earnings on Pension Plan Investments	19,429,205	-
Contributions subsequent to the measurement date	12,960,477	-
Total	\$ 32,389,682	\$ (6,993,865)

The amounts above are net of outflows and inflows recognized in the 2015-2016 measurement period expense. The amounts above reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2017.

Other amounts reported as deferred inflows of resources related to pensions will be recognized in future pension expense as follows:

Fiscal Year Ended June 30	Miscellaneous Plan	Safety Plan
2018	(1,099,761)	(282,906)
2019	(1,256)	(282,907)
2020	7,387,260	7,868,176
2021	4,388,634	5,132,977
2022	-	-
Thereafter	-	-
Total	\$ 10,674,877	\$ 12,435,340

H. DEFICIENCY OF EXPENDITURES OVER APPROPRIATIONS

For the fiscal year ended June 30, 2017, expenditures exceeded appropriations as follows:

General Fund

Expenditures

Interest Expenditures

Amount
\$5,606

Other Governmental Funds

Expenditures

Local Transportation Fund – Transfer out
Special Gas Tax Street Improvement Fund - Transfer out

Amount
\$4,506
156,506

I. SUBSEQUENT EVENTS

In September 2016, the Finance Committee received an informational report about potential net present value savings of \$1.2 million to \$1.6 million on a refunding of the outstanding Modesto Wastewater Revenue Bonds, Series 2006 A in the amount of \$14,735,000.

Contributions as a Percentage of Covered-Employee Payroll (3)	17.05%	15.31%	13.55%	10.55%

Safety Plan

Fiscal Year	2015-2016	2015-2016	2014-2015	2013-2014
Actuarially Determined Contribution (2)	\$ 12,960,477	\$ 11,137,899	\$ 10,210,101	\$ 8,963,542
Contributions in Relation to the Actuarially Determined Contribution (2)	(12,960,477)	(11,137,899)	(10,210,101)	(8,963,542)
Contribution Deficiency (Excess)	\$ -	\$ -	\$ -	\$ -
Covered-Employee Payroll (3)(4)	\$ 31,404,842	\$ 30,022,552	\$ 31,202,983	\$ 31,090,551
Contributions as a Percentage of Covered-Employee Payroll (3)	41.27%	37.10%	32.72%	28.83%

(1) Historical information is required only for fiscal year for which GASB 68 is applicable. As prescribed in GASB 68, paragraph 46, the information presented in the Schedule of Plan Contributions should also be determined as of the employer's most recent fiscal year-end. The employer is responsible for determining this information as prescribed by the standard as this data is not available to CalPERS.

(2) Employers are assumed to make contributions equal to the actuarially determined contributions. However, some employers may choose to make additional contributions towards their unfunded liability. Employer contributions for such plans exceed the actuarially determined contributions.

The pension schedules are required to show ten years of data and the additional years' information will be displayed as it becomes available.

Notes to schedule:

The actuarial methods and assumptions used to set the actuarially determined contributions for Fiscal Year 2015-16 were as follows for June 30, 2014 actuarial valuations.

Actuarial Cost Method	Entry Age Normal
Amortization Method/Period	For details, see June 30, 2014 Funding Valuation Report.
Asset Valuation Method	Market Value of Assets
Inflation	2.75%
Salary Increases	Varies by Entry Age and Service
Payroll Growth	3.00%
Investment Rate of Return	7.50% Net of Pension Plan Investment and Administrative Expenses; includes Inflation.
Retirement Age	The probabilities of Retirement are based on the 2010 CalPERS Experience Study for the period from 1997 to 2007.
Mortality	The probabilities of mortality are based on the 2010 CalPERS Experience Study for the period from 1997 to 2007. Pre-retirement and Post-retirement mortality rates include 5 years of projected mortality improvement using Scale AA published by the Society of Actuaries.

SCHEDULE OF FUNDING PROGRESS FOR OPEB

Actuarial Valuation Date**	Actuarial Value of Assets (A)	Entry Age Actuarial Accrued Liability (B)	(Underfunded) Actuarial Accrued Liability (A-B)	Funded Ratio (A/B)	Covered Payroll (C)	(Underfunded) Actuarial Liability as Percentage of Covered Payroll [(A-B)/C]
1/1/2013	\$0	\$78,245,964	(\$78,245,964)	0.00%	\$77,058,743	(101.54%)
1/1/2015	0	31,691,066	(31,691,066)	0.00%	46,576,754 ⁽¹⁾	(68.04%)
1/1/2017	0	28,645,234	(28,645,234)	0.00%	43,842,302	(65.34%)

(1) Payroll decreased because it is limited to active participants with a liability.

CITY OF MODESTO
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
FISCAL YEAR ENDED JUNE 30, 2017

BUDGETARY INFORMATION - The City follows these procedures annually in establishing the budgetary data reflected in the budgetary comparison schedules for operating, non-capital multi-year, and capital budgets:

1. The City Manager submits to the City Council a proposed budget for the fiscal year commencing the following July 1. The budget includes proposed expenditures and the means of financing them for operating, non-capital multi-year and capital projects.
2. The City Council reviews the proposed budget at specially scheduled sessions, which are open to the public. The Council also conducts a public hearing on all proposed budgets to obtain comments from interested persons.
3. Prior to July 1, the budget is legally adopted through passage of an ordinance. This budget is reported as the Original Budget in the budgetary comparison schedules.
4. During the fiscal year, changes to the Adopted Budget may be authorized, as follows:
 - a. Authority to approve any adjustment in the amount of \$25,000 or less is delegated to the Director of Finance.
 - b. Authority to approve any adjustment in an amount between \$25,000 and \$50,000 is delegated to the City Manager.
 - c. Authority for any budget adjustment more than \$50,000 is delegated to the parties described below:
 - a. Items requiring City Council Action – appropriation of undesignated reserves; appropriation of new revenues; transfers of appropriations between funds (inter-fund transfers); creation of inter-fund loans; creation of, or increase in, any multi-year appropriation.
 - b. Items delegated to the City Manager – transfer appropriations between departments within a fund; changing any capital equipment appropriation; appropriation of reserves for litigation on a case-by-case basis; appropriation of developer payments not previously budgeted.
 - c. Items delegated to the Director of Finance – appropriation of grant interest; revise the allocation of Internal Service Fund charges between departments provided that the total allocated amount does not increase; changing any capital improvement budget line item appropriation; make technical budget corrections to implement the intent of Council approved actions and resolutions.
 - d. Items delegated to Department Directors – transfer appropriations within a department, within a single fund.
5. Formal budgetary accounting is employed as a management tool for all funds. Annual budgets are legally adopted and amended as required for the general, special revenue, enterprise and internal service funds. Project length budgets are adopted for the capital projects funds. All budgets are prepared on a basis consistent with generally accepted accounting principles (GAAP), and budgetary comparisons for the general and major special revenue funds are presented on this basis in the required supplementary information. A debt service payment schedule for the debt service funds is also approved as part of the budget process.
6. Budget amounts are reflected after all authorized amendments and revisions. This budget is reported as the Final Budget in the budgetary comparison schedules.

**CITY OF MODESTO
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION (CONT)
FISCAL YEAR ENDED JUNE 30, 2017**

7. For each legally adopted operating budget, expenditures may not exceed budgeted appropriations at the appropriation unit level. The legal appropriation basis is at the level called "department". A "department" for legal appropriation purposes may be a single organization (e.g., City Attorney), or an entire department having multiple organizations within the same fund (e.g., Operations and Maintenance), or an entire fund (e.g., Downtown Improvement District). All departments and funds complete the year within their legally authorized expenditures except the Local Transportation Fund due to a budget error. Encumbrance accounting, under which purchase orders, contracts and other commitments are recorded to reserve the applicable appropriations, is employed in the governmental funds.

The City does, however, honor the contracts represented by year-end encumbrances and the subsequent year's appropriations provide authority to complete these transactions.

This page is intentionally left blank.

**COMBINING AND INDIVIDUAL FUND
STATEMENTS AND SCHEDULES**

Nonmajor Governmental Funds

Nonmajor Special Revenue Funds

Special Revenue Funds include funds which are restricted as to use by the Federal or State governments, and special purpose funds established by authority of the City Council. Nonmajor Special Revenue Funds include:

OPERATING GRANTS FUND – To account for a variety of governmental fund operating grants, including law enforcement grants.

LOCAL TRANSPORTATION FUND – To account for revenues and expenditures of Local Transportation Fund allocations for streets, urban trails, and non-motorized facilities. Allocations for the City bus system are reported directly in the Bus Enterprise Fund.

TRAFFIC SAFETY FUND – To account for receipts and expenditures of traffic safety fines.

DOWNTOWN IMPROVEMENT DISTRICT FUND – To account for the fiscal activities of Business Improvement Area A and Downtown Modesto Community Benefit District of the City of Modesto.

STRATEGIC PLANNING AND DEVELOPMENT FUND – Established to provide a funding source for future village planning, general plan update and other large expenses related to planning and development. This fund was originally financed with an apportionment of the PERS rebate related to AB702. Subsequent funding has been provided by transfers from the General Fund. Future funding will be provided by fees imposed on private development.

SPECIAL GAS TAX STREET IMPROVEMENT FUND – To account for state-collected, locally-shared gas tax monies. This fund may be used for all street and traffic purposes including construction, purchase of rights-of-way, and maintenance.

Nonmajor Capital Projects Funds

Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities other than those financed by proprietary funds. Nonmajor Capital Projects Funds include:

SPECIAL FUND FOR CAPITAL OUTLAYS – To account for capital outlay authorized by the City Council. No monies placed in this fund are to be disbursed except for this purpose unless authorized by a vote of the people.

PARKS FUND – To account for a discretionary transfer of General Fund property tax revenue to provide for the development of parks within the City, as directed by the City Council.

SECURITIES FOR FUTURE IMPROVEMENTS FUND – To account for the collection of impact fees for approved development projects to construct facilities needed for future development.

CAPITAL GRANTS – To account for receipts and disbursements of a variety of Governmental Fund capital grants.

COMMUNITY FACILITIES DISTRICTS FUND – To account for the construction of public improvements deemed to benefit properties against which special taxes are levied.

SUCCESSOR REDEVELOPMENT HOUSING AGENCY FUND – To account for the housing redevelopment capital projects financed by the Successor Redevelopment Housing Agency of the City of Modesto.

CAPITAL FACILITY FEES FUND – To account for special fees collected on new building permits to be used for construction of certain growth related projects. The fees and related capital projects include police department expansion, fire department expansion, expressway loop, street lights, street improvements, parks, new traffic signals, City downtown, wastewater treatment, public transportation, and air quality improvements.

Nonmajor Debt Service Fund

Debt Service Funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest. Nonmajor Debt Service Fund includes:

PUBLIC FINANCING AUTHORITY FUND – To account for payment of debt issued to finance projects authorized by the Modesto Public Financing Authority.

Nonmajor Enterprise Funds

Enterprise Funds are established to account for activities that render services on a user-charge basis to the general public. Nonmajor Enterprise Funds include:

PARKING FUND – Revenues in this fund consist of charges for off-street parking and the downtown parking garage, as well as in-lieu parking fees. The revenue is used to develop and maintain parking facilities.

STORM DRAIN FUND – To account for storm drain improvements, operations and maintenance. The activities of the fund include street cleaning, rock well maintenance, and compliance with Federal and State water quality standards on storm water discharge.

COMPOST FUND – To account for tip fees charged at the City's composting facility for processing various compostable materials and the sale of compost product. Excess revenues over expenses are set aside to protect the enterprise against market fluctuations, and to provide for capital improvements to the facility infrastructure.

AIRPORT FUND – To account for all airport operations as stipulated in the City-Stanislaus County agreement of January 1968. Amounts received from the Federal government, State of California, and Stanislaus County, requiring matching amounts by the City, are recorded in this fund and are appropriated to finance approved capital projects.

GOLF FUND – Revenues in this fund consist of fees charged for using the City's golf courses. The revenue is used to improve, operate, and maintain golf courses.

COMMUNITY CENTER FUND – Accounted for in this fund are all amounts collected for the purpose of operating and maintaining the Modesto Centre Plaza Community Center. Revenues include room rental, catering fees, ticket sales, and other charges for using the center.

ABATEMENT AND PUBLIC NUISANCE FUND – To account the activity for expenses and recovery for the cost for both dangerous and unsafe building and property abatements.

Internal Service Funds

Internal Service Funds are established to finance and account for services and commodities furnished by a designated agency of a governmental unit to other departments of the same governmental unit. Since the services and commodities are supplied exclusively to other departments of a governmental jurisdiction, they are distinguishable from those public services which are rendered to the public in general and which are accounted for in General, Special Revenue, or Enterprise Funds. Internal Service Funds include:

FLEET MANAGEMENT FUND – To provide the maintenance necessary for the City's equipment pool, which serves the needs of all City departments.

CENTRAL SERVICES FUND – To provide office supplies, various maintenance and construction materials, records storage, and mail services to all City departments.

INFORMATION AND TECHNOLOGY SERVICES FUND – To finance and account for the replacement, upgrade and maintenance of the City's network and technology infrastructure, and to develop and implement a coordinated city-wide information technology plan.

INSURANCE FUND – To finance and account for the City's insurance and risk management programs.

EMPLOYEE BENEFITS MANAGEMENT FUND – To account for all compensated absences and other employee benefits. Insurance benefits for current employees are accounted for in the Insurance Fund.

BUILDING SERVICES FUND – To account for the true cost of occupying and maintaining office space, to better reflect the value of that space, and to accumulate amounts for future building repair costs.

This page is intentionally left blank.

AGENCY FUNDS

Agency Funds account for assets held by the City as an agent for individuals, governmental entities and non-public organizations.

SPECIAL DISTRICTS - To account for collection of special district assessments from property owners and forwarding these collections to trustees for payment to bondholders.

TUOLUMNE RIVER REGIONAL PARK - To account for cash and investments of the Tuolumne River Regional Park, a joint powers agency between the City of Modesto, Stanislaus County and City of Ceres. The agency provides financing, development, and maintenance of the Tuolumne River Regional Park facilities. The cash and investments of the Park are invested as part of the City's investment pool.

STANISLAUS DRUG ENFORCEMENT AGENCY - To account for cash and investments of the Stanislaus Drug Enforcement Agency, a joint powers agency between Stanislaus County and the cities of Modesto, Oakdale, Turlock, Ceres, Hughson, Newman, Patterson, Riverbank, and Waterford. The agency's purpose is to maintain a specially trained police unit to assist each of the participating agencies in the enforcement of drug control laws, and to study, plan, and set priorities for effective enforcement of such laws throughout Stanislaus County. Cash and investments of the Agency are invested in the City's investment pool.

MODESTO-CERES FIRE PROTECTION AGENCY - To record and distribute the special assessments for fire protection that were established under the Industrial Fire District. This is a joint powers agency between the Modesto Regional Fire Authority, the City of Ceres, and the Industrial Fire District. Cash and investments of the Agency are invested in the City's investment pool.

CITY/COUNTY JOINT POWERS FINANCING AUTHORITY - To account for cash and investments of the City/County Capital Improvements and Financing Agency, a joint powers agency between the City of Modesto and Stanislaus County. The agency builds and maintains a joint City-County government complex in downtown Modesto. The cash and investments of the Agency are invested as part of the City's investment pool.

STATISTICAL SECTION

Statistical Section

This part of the Comprehensive Annual Financial Report presents detailed information to aid in understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health. In contrast to the financial section, the statistical section information is not subject to independent audit.

Financial Trends

These schedules contain trend information to help the reader understand how the City's financial performance has changed over time:

1. Net Position by Component
2. Changes in Net Position
3. Fund Balances of Governmental Funds
4. Changes in Fund Balances of Governmental Funds

Revenue Capacity

This schedule gives information on the City's most significant local revenue source, the water usage charges:

1. Water Utility System – Ten Largest Customers
2. Water revenues by customer class
3. Water rates

Debt Capacity

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future:

1. Ratio of Outstanding Debt by Type
2. Computation of Direct and Overlapping Debt
3. Computation of Legal Debt Margin
4. Revenue Bond Coverage, Wastewater Revenue Bonds

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place:

1. Demographic and Economic Statistics
2. Principal Employers
3. Principal Property Taxpayers

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs:

1. Full-Time City Government Employees by Function
2. Operating Indicators by Function
3. Capital Asset Statistics by Function/Program

Sources: Unless otherwise noted, the information in these schedules is derived from the Comprehensive Annual Financial Reports for the relevant year.

1) Accounting standards require that net position be reported in three components in the financial statements: net investment in capital assets; restricted; and unrestricted. Net position is considered restricted when a) externally imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments or b) imposed by law through constitutional provisions or enabling legislation.

2) The significant decrease in net position was due to the implementation of GASB 68 related to the City's net pension liability.

(1) The amount reported under utility users taxes and property taxes were keyed backwards in 2011. The amounts have been fixed to reflect the correct numbers in these two categories.

(2) Due to the dissolution of the Redevelopment agencies, no tax increments will be reported on the entity-wide statements.

(3) Starting in 2015, connection fee revenues were reported as part of program revenues for the Water fund.

(4) Starting in 2015, the special item related to pollution remediation has been reported as a liability. Any expenses incurred will be accounted for as a reduction to the liability.

(5) Starting in 2015, general revenues for grants and contributions not restricted to specific programs other related governmental activities were reclassified to provide more specific category revenue types.

- (a) See Demographic and Economic Statistics for personal income and population data.
- (b) The MID Treatment and Delivery issued by MID on behalf of the City has been reported as a City liability.
- (c) The Certificates of Participation bonds for the Governmental Activities due to the dissolution of the Redevelopment Agency.
- (d) In 2011, the OPEB was reported in the Certificates of Participation in error. In 2012 the Loans payable increase from the bond reimbursements related to the State Revolving loan approved for the construction of a new tertiary treatment plant.
- (e) In 2015, the Reimbursement agreement with MID was reclassified from revenue bonds payable to reimbursement agreement related to MID since this long-term debt is listed under MID but is the City's liability due to nature of the treatment and delivery agreement.
- (f) The total for Business-Type Activities did not include the capital leases in error. The total has been updated to account for this debt.
- (g) Starting in 2016, the amounts presented include net of unamortized premiums or discounts.
- (h) Starting in 2010, governmental activities loans payables were previously incorrectly reported as \$1,638 less than they should have. The amounts here reflect corrected amounts.

2016	50,207,559	25,418,140	24,789,419	4,570,286	5.42
2017	50,907,228	25,212,214	25,695,014	11,311,098	2.27

- Notes:
- (1) Consists of all receipts of the Sewer fund not dedicated to capital spending purposes and including charges for services, connection fees, interest and rental income.
 - (2) Reflects total sewer fund operating expenses less depreciation; also includes certain transfers out that are made for operational costs incurred in other funds.
 - (3) Includes total principal and interest of Wastewater Refunding Revenue Bonds Series 2005 A and 2005 B and 2006 Wastewater Revenue Bonds. In fiscal year 2016-17, began repaying State Revolving Fund loan for Phase 2 - Tertiary Treatment Project debt service.
 - (4) The amount reported in 2014 was corrected from \$28,203,399 to \$19,860,430. The former amount included \$8.4 million for the State Revolving Fund loan which should not have been included in the calculation.

(1) Information now reported from the City's GIS system.

(2) The City has both a Primary and a Secondary treatment facility.

(3) The number of parks for fiscal years 2013, 2014, 2015 was reported incorrectly as 77. Figures have been corrected to reflect accurately.

(4) The number of historic houses was reduced by one due to the Crismon House burning down. There are no plans to rebuild.

(5) The City has a new process and permit. Previous permit was 70 MGD seasonal Oct. through May. Current permit is 19 MGD year round.

**CONTINUING DISCLOSURE
SECTION**

Continuing Disclosure Section

This part of the Comprehensive Annual Financial Report provides information in order to comply with the City's contractual commitment established by certain continuing disclosure undertaking of the City, entered into in accordance with Securities and Exchange Commission Rule 15c2-12 (the "Rule") for the City's bond obligations listed below. In contrast to the financial section, the continuing disclosure section information is not subject to independent audit.

1. Wastewater Revenue Bonds, Series 2006 A
2. Wastewater Revenue Refunding Bonds, Series 2015
3. Water Revenue Refinancing Certificates of Participation, 2008 Series A
4. Modesto Irrigation District Financing Authority Domestic Water Project Refunding Revenue Bonds, Series 2013G
5. Modesto Irrigation District Financing Authority Domestic Water Project Revenue Bonds, Series 2007F

Wastewater Revenue Bonds, Series 2006 A, and
Wastewater Revenue Refunding Bonds, Series 2015

Connection charge information: The Sewer Enterprise imposes connection fees on an on-time basis to new users of the sewer system and to users who significantly expand their usage. The fees have three components:

Capacity charge: \$2,643 per Equivalent Dwelling Unit for residential units. Commercial and industrial property charged based on type of business.
 Sub-trunk sewer charge: \$645 per acre
 Connection (lateral) charge: \$33 per linear foot of lot frontage adjacent to the sewer line.

<u>Customer Base by Type of Account</u>			
<u>Category</u>	<u>Number of Accounts</u>	<u>% of Total Accounts</u>	<u>% of Sewer Fee Operating Revenue</u>
Residential	57,947	94.61%	49.56%
Commercial	3,259	5.32%	10.45%
Industrial	42	0.07%	29.80%
Total	61,248	100.00%	89.82%

Ten Largest Users of Sewer Facilities, Year Ended 6/30/17

<u>User</u>	<u>Sewer Fee Revenue</u>	<u>% of Sewer Fee Operating Revenue</u>
1) Stanislaus Food Products	\$ 1,409,172	3.17%
2) E & J Gallo Winery	\$ 1,358,209	3.06%
3) Foster Farms	\$ 1,152,448	2.59%
4) Frito Lay, Inc.	\$ 1,088,277	2.45%
5) Del Monte Foods	\$ 1,062,966	2.39%

Debt service coverage (14)	2.97	2.26	2.04	1.89	1.87	2.50	1.96	1.96	1.58	2.56

(1) In fiscal year 2012-13, the amount reported for Charges for Services was incorrectly reported in the amount of \$59,906,488. The correct amount is \$56,906,488 which is reflected in the table above.

(2) Service Credits are reimbursements from other City funds of costs associated with employee time worked on other projects.

(3) In fiscal year 2009-10 Cashiering, Utilities, and Collections division was moved into the Water Fund. This caused a structural change and in return an increase in service credits.

(4) Beginning in fiscal year 2008-09 total operating expenses increased as a result of the initiation of a meter program and increases in costs associated with supplies, maintenance, water treatment litigation and administration. Reduced fiscal year 2016 Operating Expenses as the 131,322 CDWR Loan payment (along with 2 dollars attributed to rounding error) were counted both in Operating Expense and in the debt service section.

(5) Operating transfers in fiscal year 2008-09 increased due to an administrative oversight and funds were returned to the correct fund.

(6) Includes operating transfers for building rental fee of \$65,000 annually and commencing in fiscal year 2009-10 \$700,000 annual transfer to the Storm Drain Fund to actively protect the groundwater supply source from contamination. In fiscal year 2011-12 \$668,610 a one time transfer for information technology internal service funds.

(7) In fiscal year 2009-10, the City made a prior period adjustment to reclassify certain operating costs previously recorded as capital improvements. This prior period adjustment has been reflected in this table in the years costs were incurred.

(8) Total operating expenses excludes depreciation and amortization, as well as the debt service component under the Treatment and Delivery Agreement. Fiscal year 2016 Total operating expense reduced from 39,619,604 to 39,488,274 since the Operating expenses was adjusted (see note 3)

(9) 1997 COPS were prepaid in full in fiscal year 2010-11

(10) Increased fiscal year 2015 2008 Revenue Certificates of Participation from 2,501,891 to 2,531,179 to account for actual expenditure instead of the internal transfer.

(11) Debt service payment increased by \$4.1 million in fiscal year 2010-11 due to the expiration of capitalized interest. Fiscal year 2015 MID Treatment & Delivery Agreement increased from 9,905,923 to 9,930,040 to account for actual expenditure.

(12) Reduced fiscal year 2014-15 Operating expenses from 40,349,338 to 33,773,198.

(13) The sale of the Waterford-Hickman Water System for \$2.6 million had a significant impact to the Water Fund debt service calculation. Without the sale of this system Water Fund debt service coverage would have been 1.35. Reduced fiscal year 2015-16 Operating Expenses as the 131,322 Del Estate Water Company loan payment (along with 2 dollars attributed to rounding error) were counted both in Operating Expense and in the Debt service section.

(14) Del Estate Water Company (CDWR) loan payment for fiscal year 2014-15 was reduced from 264,719 to 262,692 and fiscal year 2015-16 reduced from 264,719 to 131,322. Loan repayment was completed in fiscal year 2015-16.

(15) Changed fiscal year 2014-15 ARRA Grant from 36,290 to 36,095 and changed fiscal year 2015-16 ARRA Grant from 36,290 to 36,089.

(16) Fiscal year 2015-16 Debt service coverage increased from 1.55 to 1.57 and fiscal year 2014-15 Debt service coverage increased from 1.45 to 1.96 after above stated changes were made.

(17) The financial figures reported only reflect net operating revenues in the Water Operating Fund.

CITY OF MODESTO
CITY WATER UTILITY SYSTEM
PROJECTED OPERATING RESULTS ⁽¹⁾
CONTINUING DISCLOSURE REQUIREMENTS

The City has prepared the following table of projections of operating results of the Water Utility System for the five fiscal years 2018-22. The projected amounts set forth below are based on certain assumptions made by the City. To the extent that actual future conditions vary from those assumed in preparing the projections, the actual results will vary.

	Fiscal Year Projected 2018	Fiscal Year Projected 2019	Fiscal Year Projected 2020	Fiscal Year Projected 2021 ⁽⁵⁾	Fiscal Year Projected 2022
Charges for services ⁽²⁾	\$ 66,000,000	\$ 71,940,000	\$ 78,415,000	\$ 85,472,000	\$ 85,472,000
Connection charges	346,000	331,000	331,000	331,000	331,000
Refunds, damages & recoveries	189,000	192,000	196,000	200,000	200,000
Interest and rental income	174,000	174,000	175,000	176,000	176,000
Draw from (deposit to) rate stabilization fund	-	-	-	-	-
Service credits	2,753,000	2,781,000	2,808,000	2,836,000	2,836,000
Miscellaneous	27,000	27,000	28,000	28,000	28,000
GF (parks loan) P/I	54,000	54,000	54,000	54,000	54,000
Total gross operating revenues	\$69,543,000	\$75,499,000	\$82,007,000	\$89,097,000	\$89,097,000
Operating expenses ⁽³⁾	41,756,000	42,542,000	43,369,000	44,213,000	45,097,260
Operating transfers	765,000	765,000	765,000	765,000	765,000
Total operating expenses⁽⁴⁾	\$42,521,000	\$43,307,000	\$44,134,000	\$44,978,000	\$45,862,260
Net operating revenues	27,022,000	32,192,000	37,873,000	44,119,000	43,234,740
2008 Revenue Certificates of Participation	2,492,000	2,504,000	2,486,000	2,466,000	2,466,000
MID Treatment & Delivery Agreement	10,088,000	10,081,000	10,082,000	10,080,000	10,080,000
CDWR Loan	-	-	-	-	-
ARRA Grant	36,000	36,000	36,000	36,000	36,000
New Future Debt	-	2,468,000	2,468,000	2,468,000	2,468,000
Total debt service	12,616,000	15,089,000	15,072,000	15,050,000	15,050,000
Debt service coverage	2.14	2.13	2.51	2.93	2.87

* Please note that fiscal year 2018 thru fiscal year 2021 projection is derived from the May 2016 Water Rate and Fee Study. Fiscal year 2011-22 has been kept flat until another Water Rate and Fee Study is completed.

(2) Revenues do NOT include a Consumer Price Index (CPI) increase. There were approved water rate increases as follows: fiscal year 2016-17 at 25.04%, fiscal year 2017-18 at 11.08%, fiscal year 2018-19 at 9.00%, fiscal year 2019-20 at 9.00%, and (3) Operating expenses have assumed an inflationary rate of 2% in 2018-22 thru fiscal year 2021-22.

(4) Total operating expenses exclude depreciation and amortization, as well as the debt service component under the MID Treatment & Delivery Agreement.

(5) Increase in Debt Service Coverage from fiscal year 2017-18 to fiscal year 2020-21 is due to larger increase in water rates compared to operating expenses. See note (2) and note (3). The increase in water rates is intended to fund pay-as-you-go CIPs not reflected on this table.

Public
Accountants

**Independent Accountant's Report on Applying
Agreed-Upon Procedures Related to the
Article XIII-B Appropriations Limit**

Modesto City Council
Modesto, California

We have performed the procedures enumerated below to the accompanying Appropriations Limit Worksheet of the City of Modesto, California (City) for the year ended June 30, 2017. These procedures, which were agreed to by the City and recommended by the California Committee on Municipal Accounting (as presented in the CCMA White Paper titled *Agreed-upon Procedures Applied to the Appropriations Limitation Prescribed by Article XIII-B of the California Constitution*), were performed solely to assist the City in meeting the requirements of Section 1.5 of Article XIII-B of the California Constitution. The City's management is responsible for the Appropriations Limit Worksheet.

The sufficiency of these procedures is solely the responsibility of the parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures and associated findings are as follows:

1. We obtained the completed worksheets setting forth the calculations necessary to establish the City's appropriations limit and compared the limit and annual adjustment factors included in those worksheets to the limit and annual adjustment factors that were adopted by resolution of the City Council. We also compared the population and inflation options included in the aforementioned worksheets to those that were selected by a recorded vote of the City Council.

Finding: No exceptions were found as a result of applying the procedure.

2. For the accompanying Appropriations Limit Worksheet, we added the prior year appropriations limit to the annual adjustment amount and compared the resulting amount to the current year appropriations limit.

Finding: No exceptions were found as a result of applying the procedure.

3. We compared the current year information presented in the accompanying Appropriations Limit Worksheet to the worksheets described in procedure No. 1 above.

Finding: No exceptions were found as a result of applying the procedure.

4. We agreed the prior year appropriations limit presented in the accompanying Appropriations Limit Worksheet to the prior year appropriations limit adopted by the City Council.

Finding: No exceptions were found as a result of applying the procedure.

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on the Appropriations Limit Worksheet. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you. No procedures have been performed with respect to the determination of the appropriations limit for the base year, as defined by Article XIII-B of the California Constitution.

This report is intended solely for the information and use of City Council and the City's management and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

City Council of the City of Modesto
Modesto, California

In planning and performing our audit of the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Modesto, California (City), as of and for the year ended June 30, 2017, in accordance with auditing standards generally accepted in the United States of America, we considered the City's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

In addition to the City's basic financial statements, we audited and separately reported on the financial statements of the Abandoned Vehicle Abatement Program, Community Facilities Districts Number 1996-1 (Village One), Number 1997-1 (North Beyer Park), Number 1998-1 (Enterprise Business Park), Number 1998-2 (Carver-Bangs/Pelandale-Snyder), Number 2000-2 (Coffee-Claratina), Number 2002-1 (Northpointe), Number 2003-1 (Fairview Village), Number 2004-1 (Village One #2), Number 2007-2 (Kiernan Business Park West), Number 2007-1 (North Beyer Park #2), and Number 2016-1 (Kiernan Business Park East), and Transportation Development Act Funds as of and for the year ended June 30, 2017.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the current year recommendations section as items 2017-001 and 2017-002 to be significant deficiencies.

In addition, we have also included the status of prior year matters communicated to management in the status of prior year observations and recommendations section of this letter.

This communication is intended solely for the information and use of management and is not intended to be and should not be used by anyone other than these specified parties.

Macias Gini & O'Connell LLP

Walnut Creek, California
December 21, 2017

CITY OF MODESTO
Report to the City Council
For the Year Ended June 30, 2017

REQUIRED COMMUNICATIONS

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Modesto, California (City) for the year ended June 30, 2017. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated February 28, 2017. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the City are described in Note I to the financial statements. As discussed in Note I.F to the basic financial statements, effective July 1, 2016, the City adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*; GASB Statement No. 77, *Tax Abatement Disclosures*; GASB Statement No. 78, *Pensions Provided through Certain Multiple-Employer Defined Benefit Pension Plans*; GASB Statement No. 80, *Blending Requirements for Certain Component Units— an amendment of GASB Statement No. 14*; and GASB Statement No. 82, *Pension Issues – an amendment of GASB Statements No. 67, No. 68, and No. 73*. However, there was no significant effect on the City's accounting and financial reporting as a result of implementing these statements.

We noted no transactions entered into by the City during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the City's financial statements were:

- The fair value of investments are generally carried at fair value, which is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The City's investments are classified as level 1 and level 2 of the fair value hierarchy established by GASB Statement No. 72. Investments classified in level 1 are valued using prices quoted in active markets for those securities. Debt securities classified in level 2 are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices. The City's investment in the California Asset Management Program and the MID Collateral Agreement are not subject to the fair value hierarchy.
- The liabilities for general claims and workers' compensation claims are each based on an actuarial analysis. Claims liabilities are calculated considering the effects of inflation, recent claim settlement trends including frequency and amount of payouts and other economic and social factors.

CITY OF MODESTO
Report to the City Council
For the Year Ended June 30, 2017

- The actuarial pension data contained in Note III.G to the financial statements and required supplementary information (unaudited) is based on actuarial valuations performed in accordance with the parameters set forth in GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*. The actuarial data for other postemployment benefits contained in Note III.F to the financial statements and required supplementary information (unaudited) is based on actuarial valuations performed in accordance with GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*.
- The pollution remediation obligation is based upon the recoveries the City has collected in the Water and Sewer Enterprise funds less any remediation and legal costs incurred in pursuit of mitigating damages from the manufacturers of perchlorethylene.
- Depreciation expense and accumulated depreciation are based on the expected lives of capital assets, which are determined based on experience.
- The accounts receivable valuation and allowance is based on the collectability of accounts from historical experience and trends.

We evaluated the key factors and assumptions used to develop these estimates in determining that they are reasonable in relation to the financial statements taken as a whole.

Certain financial statements disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were the disclosure of Long-Term Debt, including the interest rate swap (Note II.C); the Pollution Remediation Liability (Note II.M); the Pension Plan (Note III.G); and the Post-Retirement Health Care Defined Benefit Plan (III.F)

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. No misstatements were detected as a result of audit procedures.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

CITY OF MODESTO
Report to the City Council
For the Year Ended June 30, 2017

Management Representations

We have requested certain representations from management that are included in the management representation letters for each of the audits with dates between October 2, 2017 through December 21, 2017.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a “second opinion” on certain situations. If a consultation involves application of an accounting principle to the City’s financial statements or a determination of the type of auditor’s opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the City’s auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

We applied certain limited procedures to the Management’s Discussion and Analysis, Schedule of Changes in the Net Pension Liability and Related Ratios, Schedule of Plan Contributions, Postemployment Healthcare Plan Schedule of Funding Progress, General Fund Schedule of Revenues – Budget (GAAP Basis) and Actual, General Fund Schedule of Expenditures – Budget (Budget Basis) and Actual, General Fund Schedule of Expenditures by Function – Budget (GAAP Basis) and Actual, and Housing and Community Development Special Revenue Fund Schedule of Revenues, Expenditures, and Changes in Fund Balance – Budget (GAAP Basis) and Actual, which are required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were engaged to report on the combining and individual nonmajor fund financial statements and schedules, which accompany the financial statements but are not RSI. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

We were not engaged to report on the introductory and statistical sections, which accompany the financial statements but are not RSI. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

CITY OF MODESTO
Report to the City Council
For the Year Ended June 30, 2017

CURRENT YEAR RECOMMENDATIONS

**Finding 2017-001 – Significant Deficiency
Procurement Card**

Per the City of Modesto procurement card policy, a competitive quotation is required for all transactions over a \$1,500 threshold. The policy also establishes the following spending limits - \$1,500 for single transactions and a monthly limit of \$4,500. Spending above these limits are allowed with pre-approval.

During our audit, out of a sample of 27 monthly employee procurement activity, we noted the following:

- Two cases over \$1,500 that did not have competitive quotation.
- Two cases where an employee spent over their preapproved single transaction limit.
- One case where an employee spent over their preapproved monthly transaction limit.

We recommend the City strengthen internal controls over the procurement card process for collection of competitive quotations and the monitoring of employee procurement card limits. The City may improve the monitoring of spending limits by comparing a listing of each employee and their standard single transaction limit and standard monthly transaction limit to their monthly procurement card statement.

Management Response:

The City Program Administrators have developed an internal form to document the authorization for one-time limit authorization increases due to emergency purchase situations or business reasons for the departments which are reviewed and evaluated by the department manager and Director of Finance. This will document any increases which exceeded the standard spending limits. In addition, one of the City Program Administrators identified an error in the setup of the standard spending limit which has been corrected. The Finance Department performs monthly audits on all procurement card statements and will continue to monitor the compliance of the policy.

**Finding 2017-002 – Significant Deficiency
Procurement Administration and Approval**

During the audit, it has come to our attention that certain purchasing policies and procedures were not being followed. The purchasing policies and procedures are essential to meeting the City's objectives in operational effectiveness and efficiency, reliable financial reporting, and compliance with laws, regulations and policies.

Some of the initial findings relate to lack of clarity regarding administering contracts and purchasing procedures, inadequate policies and oversight, inadequate training, lack of communication among departments, staffing constraints, and unauthorized extensions and contract adjustments. The City has proactively engaged professional assistance in investigating these discrepancies in order to identify the causes of breakdown in internal controls. The next step is to take the necessary corrective action in order to cure any deficiencies that need action and strengthen the existing internal controls to ensure compliance with the City's purchasing policies and procedures.

We recommend the City continue its investigation of past contracts and make the appropriate changes to its purchasing policies and procedures in order to strengthen the internal controls over this area. Also, the

CITY OF MODESTO
Report to the City Council
For the Year Ended June 30, 2017

City should implement a monitoring and oversight process to ensure adherence to purchasing policies and procedures as designed.

Management Response:

All City departments completed an inventory review of all active purchasing documents in late 2017 and identified several situations of not complying with the City Purchasing Policy and Municipal Code. The Finance Department have implemented better controls in the system to enforce additional levels of approval and uploading all relevant documents authorizing the approval for all agreements created in the procurement system. The Finance Department is producing monthly reports to all departments to monitor all active purchasing documents to review expiration dates and the balance remaining on these agreements. The Finance Department will be presenting monthly Purchasing updates to Council to provide transparency of all active Purchasing documents to reinforce the monitoring being implemented by all departments. The Finance Department will be providing training in February 2018 to provide clarity on the interpretation of the City Purchasing Policy and Municipal Code and assist departments on the resources available in the system to provide better monitoring and oversight for their responsible purchasing documents.

CITY OF MODESTO
Report to the City Council
For the Year Ended June 30, 2017

STATUS OF PRIOR YEAR RECOMMENDATION:

Reference

Number: 2016-001

Type of Finding: Control Deficiency – Use of the General Ledger

Condition: The City of Modesto administered the accounting of nine Community Facility Districts (CFDs). The City combined several of the CFD funds together into one general ledger fund, although these are different fund types. The following are CFDs that had combined Special Revenue Fund and Capital Projects Fund into one fund:

- Funds 3200 & 3230 CFD Number 1996-1 (Village One)
- Fund 3250 CFD Number 1997-1 (North Beyer)
- Fund 3265 CFD Number 2002-1 (Northpointe)
- Funds 3270 & 3280 CFD Number 1998-2 (Carver-Bangs/Pelandale Snyder)
- Funds 3290 & 3291 CFD Number 2004-1 (Village One #2)

During our audit, we noted that the above account balances require extensive reconciliation, manual corroboration and analysis to finalize financial information that is reliable.

Cause: The City combined several of the CFD funds together into one general ledger fund.

Effect: This extensive reconciliation and the need for manual corroboration may cause delays in the financial statements as well as allow for possible irregularities, including error and fraud, to exist and continue without being detected in a timely manner.

Recommendation: We recommend that the City separate various CFD funds that have different fund types to make future reconciliations of funds and accounts efficient and on a consistent basis.

Current Year

Status: Corrected.

Independent Auditor's Report

The Honorable City Council
of the City of Modesto, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of the City of Modesto Community Facilities District Number 1998-2 (Carver-Bangs/Pelandale-Snyder) (the District), a component unit of the City of Modesto, California, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly in all material respects the respective financial position of the governmental activities and each major fund of the District as of June 30, 2017, and the respective changes in financial position thereof and the respective budgetary comparison for the Special Revenue Fund for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 21, 2017, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Macias Gini & O'Connell LLP

Walnut Creek, California
December 21, 2017

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 1998-2 (CARVER-BANGS/PELANDALE-SNYDER)
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2017**

The City of Modesto Community Facilities District No. 1998-2 (Carver-Bangs/Pelandale-Snyder) (the District) has issued its financial statements in the format prescribed by the provisions of Governmental Accounting Standards Board (GASB) Statement No. 34, which requires the District to provide this overview of its financial activities for the fiscal year.

Please read this overview in conjunction with your reading of the accompanying basic financial statements.

THE PURPOSE OF THE DISTRICT

The District is a blended component unit of the City of Modesto, California (City). It is controlled by the City, and the City Council is the District's governing body. City employees perform most of the duties and functions required of the District, but certain tasks are provided by third parties under contract.

The District's purpose under California law is to provide a funding mechanism for public facilities and services authorized by the District. The District is the vehicle that will be used to ensure that all landowners in the Specific Plan area contribute to the cost of the public facilities and services. Additional information on the District can be found below, and in Note 1 to the accompanying financial statements.

BACKGROUND AND MANAGEMENT'S DISCUSSION

The Carver-Bangs Specific Plan (Resolution No. 97-1 61) was adopted by the City Council on April 1, 1997, and was subsequently amended on November 4, 1997 (Resolution No. 97-633). The Carver-Bangs Specific Plan has been developed under the City's Village Residential guidelines and should yield approximately 800 single-family residential units. On January 16, 1996, the City Council approved the Pelandale-Snyder Specific Plan (Resolution No. 95-16) and amended the Pelandale-Snyder Specific Plan on March 18, 1997 (Resolutions 97-136 and 97-139). The Pelandale-Snyder Specific Plan area contains approximately 227 acres designated as single-family residential and approximately 57 acres are designated multi-family residential.

In December 1998, the City formed the District to provide a funding and reimbursement mechanism for public facilities and services required to serve the Carver-Bangs and Pelandale-Snyder Specific Plan areas in the City and to fund ongoing maintenance costs. Portions of both Specific Plan areas were included within the initial boundaries of the District and the remainder of the property within both Specific Plan areas, excluding a remainder parcel, have annexed to the District.

As a condition of development, developers are required to install various public improvements that will serve the increased population generated from the projects. Many of these improvements must be provided in the early stages of development and, therefore, the first developer(s) to build within the Specific Plan areas must install the improvements. The District was established as a funding/reimbursement for many of the improvements. Up until a few years ago, developers installed most of the improvements. The developers received a cash reimbursement or tax credit equal to the cost of that improvement(s) as set forth in the Public Report adopted in connection with the formation of the District.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 1998-2 (CARVER-BANGS/PELANDALE-SNYDER)
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2017**

Over the past several years, the City has designed and overseen the installation of the improvements. Construction of the storm drain pump stations located at the East and West Basins on Prescott Road between Pelandale and Snyder was completed in the summer of 2007 while the Snyder Avenue widening project between Prescott Road and Carver Road commenced in the spring of 2008. Design of the bike trail commenced in 2009.

FISCAL YEAR 2017 FINANCIAL HIGHLIGHTS

Financial highlights of the year include the following:

Government-Wide:

- The District's net position increased to \$1,936,201 for fiscal year 2017.
- Total District revenues were \$179,299.

Fund Basis:

- Capital Projects Fund revenues of \$2,199 were \$799,043 less than the prior year due to development occurring in the District in fiscal year 2016, and not in fiscal year 2017, as revenues are collected at building permit issuance. Expenditures of \$12,904 were \$23,922 less than the previous year. The Capital Projects Fund ending fund balance decreased by \$10,705, with ending fund balance of \$1,534,451.
- Special Revenue Fund revenues of \$177,100 were \$1,155 more than the prior year due to increased maintenance special tax collections and expenditures of \$116,288 were \$52,586 less than the prior year due to a decrease in repair and maintenance expenditure. The Special Revenue Fund balance increased by \$60,812 to an ending fund balance of \$401,750.

THE BASIC FINANCIAL STATEMENTS

The basic financial statements comprise the government-wide financial statements and the fund financial statements; these two sets of financial statements provide two different views of the District's financial activities and financial position.

Government-Wide Financial Statements

The government-wide financial statements provide a long-term view of the District's activities as a whole and comprise the statement of net position and the statement of activities. The statement of net position provides information about the financial position of the District as a whole, including all its capital assets and long-term liabilities. The statement of activities provides information about the District's revenues and all its expenses. The statement of activities explains in detail the change in net position for the year.

The statement of net position and the statement of activities present information about the following:

- **Governmental activities** – All of the District's basic services are considered to be governmental activities, including formation, financing, construction, and maintenance activities. These services are supported by formation deposits, special facilities taxes, and annual maintenance assessments.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 1998-2 (CARVER-BANGS/PELANDALE-SNYDER)
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2017**

Government-wide financial statements are prepared on the accrual basis of accounting, which means they measure the flow of all economic resources of the District as a whole, similar to that used by the private sector.

FINANCIAL ACTIVITIES OF THE DISTRICT AS A WHOLE

This analysis focuses on the net position and changes in net position of the District's governmental activities in the government-wide financial statement of net position and statement of activities that follow.

As of June 30, 2017, total assets of \$1,940,174 were offset by liabilities of \$3,973. The District's net position from governmental activities increased to \$1,936,201 in 2017 from \$1,886,094 in 2016. All of the District's net position is restricted as follows: \$1,534,451 for acquisition or construction of infrastructure and \$401,750 for maintaining that infrastructure.

The following is a condensed statement of net position:

Statement of Net Position – Governmental Activities

	<u>2017</u>	<u>2016</u>
Cash and investments	\$ 1,933,551	\$ 1,891,149
Assessments receivable	2,362	1,984
Interest receivable	<u>4,261</u>	<u>4,041</u>
 Total assets	 <u>1,940,174</u>	 <u>1,897,174</u>
 Current and other liabilities	 <u>3,973</u>	 <u>11,080</u>

 Total net position	 <u>\$ 1,936,201</u>	 <u>\$ 1,886,094</u>

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 1998-2 (CARVER-BANGS/PELANDALE-SNYDER)
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2017**

FISCAL YEAR 2017 GOVERNMENTAL ACTIVITIES

The District's fiscal year 2017 revenue came primarily from maintenance special tax of \$173,962 and interest income \$3,807. Facilities special tax revenue was not collected in fiscal year 2017 like it was in fiscal year 2016, as these revenues are collected at the time of building permit issuance, and no such development occurred in the District in fiscal year 2017. District expenses of \$129,192 were for services and professional and utilities expenses.

The following is a condensed statement of activities:

Statement of Activities – Governmental Activities

	2017	2016
Revenues:		
General revenues:		
Facilities special tax	\$ -	\$ 787,482
Maintenance special tax	173,962	172,843
Investment earnings	3,807	16,862
Miscellaneous	1,530	-
Total revenues	179,299	977,187
Expenses:		
Community development	129,192	205,700
Change in net position	50,107	771,487
Net position, beginning of year	1,886,094	1,114,607
Net position, end of year	\$ 1,936,201	\$ 1,886,094

Fund Financial Statements

The fund financial statements report the District's operations in more detail than the government-wide financial statements and focus primarily on the short-term activities of the District's two funds. The fund financial statements measure only current revenues and expenditures and fund balances; they exclude capital assets, long-term debt, and other long-term amounts.

The fund financial statements provide detailed information about each of the District's most significant funds, called major funds. Major funds present the major activities of the District for the year, and may change from year to year as a result of changes in the pattern of District's activities. All of the District's funds are presented here as major funds; their purpose is explained in Note 1 to the financial statements.

All the District's funds are governmental funds; financial statements for these funds are prepared on the modified accrual basis of accounting, which means they measure only current financial resources and uses.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 1998-2 (CARVER-BANGS/PELANDALE-SNYDER)
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2017**

The following is a condensed statement of revenues, expenditures, and changes in fund balances for the year ended June 30, 2017:

Statement of Revenues, Expenditures, and Changes in Fund Balances – Governmental Activities

	Capital Projects Fund	Special Revenue Fund	Total
Revenues	\$ 2,199	\$ 177,100	\$ 179,299
Expenditures	<u>12,904</u>	<u>116,288</u>	<u>129,192</u>
Changes in fund balances	(10,705)	60,812	50,107
Fund balances, beginning of year	<u>1,545,156</u>	<u>340,938</u>	<u>1,886,094</u>
Fund balances, end of year	<u>\$ 1,534,451</u>	<u>\$ 401,750</u>	<u>\$ 1,936,201</u>

THE DISTRICT'S FUND FINANCIAL STATEMENTS

At June 30, 2017, the District's governmental funds reported combined fund balances of \$1,936,201, which was a \$50,107 increase from fiscal year 2016. The Capital Projects Fund realized a \$10,705 decrease, due to engineering costs in the construction of infrastructure for the District exceeding interest income, while the Special Revenue Fund realized a \$60,812 increase due to maintenance special tax and investment revenues exceeding professional services and utilities.

CAPITAL ASSETS

Under GASB Statement No. 34, the District is required to record all its capital assets, including infrastructure, at their historical cost, and to depreciate these assets over their estimated useful lives. However, title to all infrastructure assets acquired or constructed by the District is turned over to the City upon completion and acceptance. Accordingly, capital outlay expenditures are reported in both the District's fund and government-wide financial statements. Therefore, the District reports no long-term capital assets.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

These basic financial statements are intended to provide citizens, taxpayers, investors, and creditors with a general overview of the District's finances. Questions about this report should be directed to the City of Modesto, Administrator, Infrastructure Financing Programs, P.O. Box 642, Modesto, California 95353.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 1998-2 (CARVER-BANGS/PELANDALE-SNYDER)**

**STATEMENT OF NET POSITION
AND STATEMENT OF ACTIVITIES**

The statement of net position and the statement of activities summarize the entire District's financial activities and financial position. They are prepared on the same basis of accounting that is used by most businesses, which means they include all the District's assets and all its liabilities, as well as all its revenues and expenses. This is known as the full accrual basis of accounting – the effect of all the District's transactions is taken into account, regardless of whether or when cash changes hands, but all material internal transactions between District funds have been eliminated.

The statement of net position reports the difference between the District's total assets and the District's total liabilities, including all the District's capital assets and all its long-term debt. The statement of net position focuses the reader on the composition of the District's net position, by subtracting total liabilities from total assets. The statement of net position summarizes the financial position of the District in a single column.

The statement of activities reports increases and decreases in the District's net position. It is also prepared on the full accrual basis of accounting, which means it includes all the District's revenues and all its expenses, regardless of when cash changes hands. This differs from the "modified accrual" basis of accounting used in the fund financial statements, which reflect only current assets, current liabilities, available revenues and measurable expenditures.

The format of the statement of activities presents the District's expenses, which are listed by program, first. Program revenues – that is, revenues which are generated directly by these programs – are then deducted from program expenses to arrive at the net program revenue (expense). General revenues – that is, revenues which are not generated directly by these programs – are then added to arrive at the change in net position and reconciled with the statement of net position.

FUND FINANCIAL STATEMENTS

Major funds are defined generally as having significant activities or balances in the current year.

The District determined all its funds to be major funds. They are:

The **Capital Projects** Fund accounts for all financial resources and uses related to acquisition, construction, and formation/annexation activities.

The **Special Revenue** Fund accounts for all financial resources and uses related to maintenance of parkways and open space within the District.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 1998-2 (CARVER-BANGS/PELANDALE-SNYDER)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description and Reporting Entity

The Community Facilities District Number 1998-2 (Carver-Bangs/Pelandale-Snyder) (the District) was formed in December 1998 by a vote of the property owners within the proposed district. The District, a separate legal entity, was formed to provide a funding and reimbursement mechanism for public facilities and services required by the District Specific Plans. The District is the vehicle that will be used to ensure that all landowners in the District pay their share of the public improvements. The District is a proposed 480-acre project bounded on the East by Carver Road, on the North by Bangs Avenue, on the West by Dale Road, and the Modesto Irrigation District canal and Snyder Avenue on the South. The District is expected to yield 3,413 residential dwelling units at buildout; in addition, 36 acres of the District will be used for an elementary school site, a City park, and a church.

The District is an integral part of the City of Modesto, California (the City) and the accompanying financial statements are included as a blended component unit of the basic financial statements prepared by the City. A component unit is a separate governmental unit, agency, or nonprofit corporation which, when combined with all other component units, constitutes the reporting entity as defined in the City's basic financial statements.

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and statement of activities) report information on all of the activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities normally are supported by taxes and intergovernmental revenues.

The statement of activities demonstrates the degree to which direct expenses are offset by program revenues. Direct expenses are those that are clearly identifiable with the community development function. Program revenues include grants and contributions that are restricted to meeting the operational requirements of the community development function. Investment earnings, and other items which are not properly included among program revenues, are reported instead as general revenues.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

C. Basis of Presentation, Basis of Accounting, and Measurement Focus

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Taxes are recognized as revenues in the year for which they are levied.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 1998-2 (CARVER-BANGS/PELANDALE-SNYDER)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when collectible within the current period or soon enough thereafter to pay liabilities to the current period. For this purpose, the District considers revenues to be available if they are collected within 180 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under the accrual basis of accounting.

Substantially all taxes and interest, including the net increase (decrease) in the fair value of investments, are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Miscellaneous revenues are considered to be measurable and available only when cash is received by the District.

The District reports the following major governmental funds:

The **Capital Projects** Fund accounts for all financial resources and uses related to acquisition, construction, and formation/annexation activities.

The **Special Revenue** Fund accounts for all financial resources and uses related to maintenance of parkways and open space within the District.

D. Capital Assets

The District is required to record all its capital assets, including infrastructure, at their historical cost, and to depreciate these assets over their estimated useful lives. However, title to all infrastructure assets acquired or constructed by the District is turned over to the City upon completion and acceptance. Accordingly, capital outlay expenditures/expenses are reported in both the District's fund and government-wide financial statements.

E. Maintenance Special Taxes

The maintenance special taxes are collected by the County of Stanislaus on the property tax bill. The special taxes are due November 1 and February 1 and are delinquent if not paid by December 10 and April 10, respectively. The County of Stanislaus bills and collects the special taxes and remits them to the District. The Rate and Method of Apportionment of Special Tax (RMA), set forth in the District's Public Report, describes how the tax will be allocated among properties in the District. The Public Report was established during the formation of the District. A cost of living adjustment is applied to the special taxes annually.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 1998-2 (CARVER-BANGS/PELANDALE-SNYDER)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F. Fund Balance

In the fund financial statements, governmental funds report fund balance as nonspendable, restricted, committed, assigned, or unassigned based primarily on the extent to which the District is bound to honor constraints on how specific amounts can be spent.

- **Nonspendable** - Amounts that are not in spendable form (such as inventory) or are required either legally or contractually to be maintained intact.
- **Restricted** - Amounts with constraints placed on their use that are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or (b) imposed by law through constitutional or enabling legislation.
- **Committed** - Amounts constrained to specific purposes by the District itself, using the District's highest level of decision-making authority (the City Council). To be reported as committed, amounts cannot be used for any other purpose unless the District takes the same highest level action to remove or change the constraint. The underlying action that imposed the limitation needs to occur no later than the close of the reporting period.
- **Assigned** - Amounts the District *intends* to use for a specific purpose. Intent can be expressed by the District at either the highest level of decision-making or by an official or body to which the District delegates the authority.
- **Unassigned** - The residual classification for the District that includes amounts not contained in the other classifications. In other funds, the unassigned classification is used only if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes.

The District establishes and modifies or rescinds fund balance commitments by passage of an ordinance or policy. This is typically done through the adoption or the amendment of the budget. A fund balance commitment is further indicated in the budget as a designation or commitment of the fund, such as approved construction contracts. Assigned fund balance is established by the District through the adoption or the amendment of the budget or future year budget plan as intended for a specific purpose.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, followed by the committed, assigned, and unassigned resources as they are needed.

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

G. Governmental Accounting Standards Update

During the year ended June 30, 2017, the District implemented the following Governmental Accounting Standards Board (GASB) standards:

GASB Statement No. 80, *Blending Requirements for Certain Component Units – an amendment of GASB Statement No. 14*. The statement establishes an additional blending requirement for the financial statement presentation of component units. This statement did not have a significant impact to the District's financial statements.

The District is currently evaluating its accounting practices to determine the potential impact on the financial statements for the following GASB Statements:

In March 2016, the GASB issued Statement No. 81, *Irrevocable Split-Interest Agreements*. The statement provides recognition and measurement guidance for situations in which a government is a beneficiary of these agreements. This Statement is effective for the District's fiscal year ending June 30, 2018.

In January 2017, the GASB issued Statement No. 84, *Fiduciary Activities*, improves guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The Statement is effective for the District's fiscal year ending June 30, 2020.

In March 2017, the GASB issued Statement No. 85, *Omnibus 2017*, addresses practical issues that have been identified during implementation and application of certain GASB Statements. The statement addresses a variety of topics including issues related to blending component units, goodwill, fair value measurement and application, pensions and other postemployment benefits. This Statement is effective for the District's fiscal year ending June 30, 2018.

In June 2017, the GASB issued Statement No. 87, *Leases*, increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The Statement is effective for the District's fiscal year ending June 30, 2021.

COMMUNITY FACILITIES DISTRICT
NUMBER 1998-2 (CARVER-BANGS/PELANDALE-SNYDER)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 2 – CASH AND INVESTMENTS

Cash and investments of the District are pooled with other City funds. The District's portion of this pooled amount was \$1,933,551 at June 30, 2017. At June 30, 2017, the City's investment pool is unrated and the weighted average maturity is 483 days. Interest earned on pooled cash and investments is credited to the funds based on each fund's average monthly cash balance. Detailed information concerning the City's pooled cash and investments, including information regarding the fair value of investments, may be found in the City's Comprehensive Annual Financial Report. As of June 30, 2017, the fair value of the District's position in the pool is the same as the value of its pool shares.

The fair value hierarchy established by generally accepted accounting principles is based on the valuation inputs used to measure the fair value of the assets. The District's investment in the City's investment pool is exempt from fair value measurement disclosures.

NOTE 3 – RESTRICTED NET POSITION AND FUND BALANCES

Net position is measured on the full accrual basis of accounting, which differs from the concept of fund balance, which is measured on the modified accrual basis of accounting.

A. Net Position

Net position is the excess of all the District's assets over all its liabilities. Net position is determined only at the government-wide level.

Restricted describes the portion of net position which is restricted as to use by the terms and conditions of agreements with outside parties, governmental regulations, laws, or other restrictions which the District cannot unilaterally alter. These principally include developer fees received for capital projects and District maintenance.

B. Restrictions of Fund Balances

Fund balances are all presented in the restricted category (see Note 1 for a description of fund balance categories). As of June 30, 2017, restrictions included:

Restricted for Capital Projects - the portion of fund balance legally restricted for the acquisition, construction, and formation/annexation activities.

Restricted for District Maintenance - the portion of fund balance legally restricted for maintenance of parkways and open space within the District.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

The Honorable City Council
of the City of Modesto, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of the City of Modesto Community Facilities District Number 1998-2 (Carver-Bangs/Pelandale-Snyder) (the District), as of and for the year ended June 30, 2017, and related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 21, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report

The Honorable City Council
of the City of Modesto, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and Special Revenue Fund of the City of Modesto Community Facilities District Number 2000-2 (Coffee-Clarafina) (the District), a component unit of the City of Modesto, California, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly in all material respects the respective financial position of the governmental activities and Special Revenue Fund of the District as of June 30, 2017, and the respective changes in financial position thereof and the respective budgetary comparison for the Special Revenue Fund for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 21, 2017, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2000-2 (COFFEE-CLARATINA)
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2017**

The City of Modesto Community Facilities District No. 2000-2 (Coffee-Claratina) (the District) has issued its financial statements in the format prescribed by the provisions of Governmental Accounting Standards Board (GASB) Statement No. 34, which requires the District to provide this overview of its financial activities for the fiscal year.

Please read this overview in conjunction with your reading of the accompanying basic financial statements.

THE PURPOSE OF THE DISTRICT

The District is a blended component unit of the City of Modesto, California (City). It is controlled by the City, and the City Council is the District's governing body. City employees perform most of the duties and functions required of the District, but certain tasks are provided by third parties under contract.

The District's purpose under California law is to provide a funding mechanism for public facilities and services authorized by the District. The District is the vehicle that will be used to ensure that all landowners in the Specific Plan area contribute to the cost of the public facilities and services. Additional information on the District can be found below, and in Note 1 to the accompanying financial statements.

BACKGROUND AND MANAGEMENT'S DISCUSSION

In November 1999, the City Council approved the Coffee-Claratina Specific Plan that set forth a plan for development of 170 acres that includes up to 1,000 residential dwelling units, 40 acres of "Regional Commercial" property and 15 acres of "Mixed Community Commercial" development. The District was formed in December 2000 to provide a funding source for maintenance and repair of the storm drain basin and dual-use flood control/recreation facility and for maintenance of median, bikeway, round-about, and miscellaneous planting areas within the Coffee-Claratina Specific Plan.

FISCAL YEAR 2017 FINANCIAL HIGHLIGHTS

Financial highlights of the year include the following:

Government-Wide:

- The District's net position decreased \$12,789 in fiscal year 2017.
- At June 30, 2017, net position was \$289,714.
- Total District revenues were \$101,188.

Fund Basis:

- Special Revenue Fund revenues were \$101,188, while expenditures were \$113,977. The Special Revenue Fund ending fund balance decreased \$12,789 to \$289,714.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2000-2 (COFFEE-CLARATINA)
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2017**

THE BASIC FINANCIAL STATEMENTS

The basic financial statements comprise the government-wide financial statements and the fund financial statements; these two sets of financial statements provide two different views of the District's financial activities and financial position.

Government-Wide Financial Statements

The government-wide financial statements provide a long-term view of the District's activities as a whole and comprise the statement of net position and the statement of activities. The statement of net position provides information about the financial position of the District as a whole, including all its capital assets and long-term liabilities. The statement of activities provides information about the District's revenues and all its expenses. The statement of activities explains in detail the change in net position for the year.

The statement of net position and the statement of activities present information about the following:

- **Governmental activities** – All of the District's basic services are considered to be governmental activities, including formation, financing, construction, and maintenance activities. These services are supported by formation deposits, special facilities taxes, and annual maintenance assessments.

Government-wide financial statements are prepared on the accrual basis of accounting, which means they measure the flow of all economic resources of the District as a whole, similar to that used by the private sector.

FINANCIAL ACTIVITIES OF THE DISTRICT AS A WHOLE

This analysis focuses on the net position and changes in net position of the District's governmental activities in the government-wide statement of net position and statement of activities that follow.

As of June 30, 2017, total assets of \$293,244 were offset by liabilities of \$3,530. The District's net position from governmental activities decreased to \$289,714 in 2017 from \$302,503 in 2016. All of the District's net position is restricted for maintenance.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2000-2 (COFFEE-CLARATINA)
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2017**

The following is a condensed statement of net position:

Statement of Net Position – Governmental Activities		
	2017	2016
Cash and investments	\$ 291,579	\$ 303,370
Assessments receivable	982	1,457
Interest receivable	683	629
 Total assets	 293,244	 305,456
 Current and other liabilities	 3,530	 2,953
 Net position:		
Restricted for:		
District maintenance	\$ 289,714	\$ 302,503

FISCAL YEAR 2017 GOVERNMENTAL ACTIVITIES

The District's fiscal year 2017 revenue came primarily from maintenance special tax of \$100,310, along with additional investments earnings of \$878. District expenses of \$113,977 in fiscal year 2017 were for maintenance and administration.

The following is a condensed statement of activities:

Statement of Activities – Governmental Activities		
	2017	2016
Revenues:		
General revenues:		
Maintenance special tax	\$ 100,310	\$ 99,564
Investment earnings	878	2,764
 Total revenues	 101,188	 102,328
Expenses:		
Community development	113,977	102,777
 Change in net position	 (12,789)	 (449)
 Net position, beginning of year	 302,503	 302,952
 Net position, end of year	 \$ 289,714	 \$ 302,503

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2017**

Fund Financial Statements

The fund financial statements report the District's operations in more detail than the government-wide statements and focus primarily on the short-term activities of the District's one fund. The fund financial statements measure only current revenues and expenditures and fund balances; they exclude capital assets, long-term debt, and other long-term amounts.

The fund financial statements provide detailed information about the District's most significant fund, called a major fund. The major fund presents the major activities of the District for the year, and may change from year to year as a result of changes in the pattern of District's activities. The District's fund is presented here as a major fund; its purpose is explained in Note 1 to the financial statements.

The District's fund is a governmental fund; a financial statement for this fund is prepared on the modified accrual basis of accounting, which means it measures only current financial resources and uses.

The following is a condensed statement of revenues, expenditures, and change in fund balance for the year ended June 30, 2017:

Statement of Revenues, Expenditures, and Change in Fund Balance – Special Revenue Fund

Revenues		\$ 101,188
Expenditures		<u>113,977</u>
Change in fund balance		(12,789)
Fund balance, beginning of year		<u>302,503</u>
Fund balance, end of year		<u><u>\$ 289,714</u></u>

THE DISTRICT'S FUND FINANCIAL STATEMENTS

At June 30, 2017, the District's governmental fund reported a fund balance of \$289,714, which is a decrease of \$12,789 compared with last year.

CAPITAL ASSETS

Under GASB Statement No. 34, the District is required to record all its capital assets, including infrastructure, at their historical cost, and to depreciate these assets over their estimated useful lives. However, title to all infrastructure assets acquired or constructed by the District is turned over to the City upon completion and acceptance. Accordingly, capital outlay expenditures are reported in both the District's fund and government-wide financial statements. Therefore, the District reports no long-term capital assets.

**STATEMENT OF NET POSITION
AND STATEMENT OF ACTIVITIES**

The statement of net position and the statement of activities summarize the entire District's financial activities and financial position. They are prepared on the same basis of accounting that is used by most businesses, which means they include all the District's assets and all its liabilities, as well as all its revenues and expenses. This is known as the full accrual basis of accounting – the effect of all the District's transactions is taken into account, regardless of whether or when cash changes hands, but all material internal transactions between District funds have been eliminated.

The statement of net position reports the difference between the District's total assets and the District's total liabilities, including all the District's capital assets and all its long-term debt. The statement of net position focuses the reader on the composition of the District's net position, by subtracting total liabilities from total assets. The statement of net position summarizes the financial position of the District in a single column.

The statement of activities reports increases and decreases in the District's net position. It is also prepared on the full accrual basis of accounting, which means it includes all the District's revenues and all its expenses, regardless of when cash changes hands. This differs from the "modified accrual" basis of accounting used in the fund financial statements, which reflect only current assets, current liabilities, available revenues, and measurable expenditures.

The format of the statement of activities presents the District's expenses, which are listed by program, first. Program revenues – that is, revenues which are generated directly by these programs – are then deducted from program expenses to arrive at the net program revenue (expense). General revenues – that is, revenues which are not generated directly by these programs – are then added to arrive at the change in net position and reconciled with the statement of net position.

FUND FINANCIAL STATEMENTS

Major funds are defined generally as having significant activities or balances in the current year.

The District's only fund is considered to be a major fund:

The **Special Revenue** Fund accounts for all financial resources and uses related to maintenance of parkways and open space within the District.

COMMUNITY FACILITIES DISTRICT
NUMBER 2000-2 (COFFEE-CLARATINA)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description and Reporting Entity

The Community Facilities District Number 2000-2 (Coffee-Claratina) (the District) was formed in October 2000 by vote of the property owners within the proposed district. The District, a separate legal entity, was formed for the purpose of setting forth a plan of rehabilitation and development for the site, which is located on the south side of Claratina Avenue, bound by Coffee Road on the East, McHenry on the West, and the Modesto City limits to the South. Coffee-Claratina is a 170-acre project designated for a maximum of 1,000 residential dwelling units, 40 acres designated “Regional Commercial,” and 15 acres of “Mixed Community Commercial.” In addition, the District is intended to fund the maintenance of median, bikeway, round-about, and miscellaneous planting areas, in addition to the funding maintenance and repair of a storm drain basin and dual-use flood control/recreation facility.

The District is an integral part of the City of Modesto, California (the City) and the accompanying financial statements are included as a blended component unit of the basic financial statements prepared by the City. A component unit is a separate governmental unit, agency, or nonprofit corporation which, when combined with all other component units, constitutes the reporting entity as defined in the City’s basic financial statements.

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and statement of activities) report information on all of the activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities normally are supported by taxes and intergovernmental revenues.

The statement of activities demonstrates the degree to which direct expenses are offset by program revenues. Direct expenses are those that are clearly identifiable with the community development function. Program revenues include grants and contributions that are restricted to meeting the operational requirements of the community development function. Investment earnings, and other items which are not properly included among program revenues, are reported instead as general revenues.

The fund financial statements (i.e., balance sheet and statement of revenues, expenditures, and changes in fund balance) report information on the Special Revenue Fund of the District.

Since the amounts presented in the District’s balance sheet and statement of net position are the same, they are presented as one financial statement. Similarly, since the amounts presented in the District’s statement of revenues, expenditures, and change in fund balance and the statement of activities are the same, they are presented as one financial statement.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2000-2 (COFFEE-CLARATINA)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Basis of Presentation, Basis of Accounting, and Measurement Focus

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Taxes are recognized as revenues in the year for which they are levied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when collectible within the current period or soon enough thereafter to pay liabilities to the current period. For this purpose, the District considers revenues to be available if they are collected within 180 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under the accrual basis of accounting.

Substantially all taxes and interest, including the net increase (decrease) in the fair value of investments, are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Miscellaneous revenues are considered to be measurable and available only when cash is received by the District.

The District reports the following major governmental fund:

The **Special Revenue** Fund accounts for all financial resources and uses related to maintenance of parkways and open space within the District.

D. Maintenance Special Tax

The maintenance special tax is collected by the County of Stanislaus on the property tax bill. The maintenance charges are due November 1 and February 1 and are delinquent if not paid by December 10 and April 10, respectively. The County of Stanislaus bills and collects the maintenance taxes and remits them to the District. The Rate and Method of Apportionment of Special Tax (RMA), set forth in the District's Public Report, describes how the tax will be allocated among properties in the District. The Public Report was established during the formation of the District. A cost of living adjustment is applied to the maximum amount the maintenance taxes can be levied annually. The District levied maintenance taxes during the year ending June 30, 2017.

E. Fund Balance

In the fund financial statements, governmental funds report fund balance as nonspendable, restricted, committed, assigned, or unassigned based primarily on the extent to which the District is bound to honor constraints on how specific amounts can be spent.

- **Nonspendable** - Amounts that are not in spendable form (such as inventory) or are required either legally or contractually to be maintained intact.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2000-2 (COFFEE-CLARATINA)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

- **Restricted** - Amounts with constraints placed on their use that are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or (b) imposed by law through constitutional or enabling legislation.
- **Committed** - Amounts constrained to specific purposes by the District itself, using the District's highest level of decision-making authority (the City Council). To be reported as committed, amounts cannot be used for any other purpose unless the District takes the same highest level action to remove or change the constraint. The underlying action that imposed the limitation needs to occur no later than the close of the reporting period.
- **Assigned** - Amounts the District *intends* to use for a specific purpose. Intent can be expressed by the District at either the highest level of decision-making or by an official or body to which the District delegates the authority.
- **Unassigned** - The residual classification of the District that includes amounts not contained in the other classifications. In other funds, the unassigned classification is used only if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes.

The District establishes and modifies or rescinds fund balance commitments by passage of an ordinance or policy. This is typically done through the adoption and the amendment of the budget. A fund balance commitment is further indicated in the budget as a designation or commitment of the fund, such as approved construction contracts. Assigned fund balance is established by the District through the adoption or the amendment of the budget or future year budget plan as intended for a specific purpose.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, followed by the committed, assigned, and unassigned resources as they are needed.

F. Governmental Accounting Standards Update

During the year ended June 30, 2017, the District implemented the following Governmental Accounting Standards Board (GASB) standards:

GASB Statement No. 80, *Blending Requirements for Certain Component Units – an amendment of GASB Statement No. 14*. The statement establishes an additional blending requirement for the financial statement presentation of component units. This statement did not have a significant impact to the District's financial statements.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2000-2 (COFFEE-CLARATINA)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The District is currently evaluating its accounting practices to determine the potential impact on the financial statements for the following GASB Statements:

In March 2016, the GASB issued Statement No. 81, *Irrevocable Split-Interest Agreements*. The statement provides recognition and measurement guidance for situations in which a government is a beneficiary of these agreements. This Statement is effective for the District's fiscal year ending June 30, 2018.

In January 2017, the GASB issued Statement No. 84, *Fiduciary Activities*, improves guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The Statement is effective for the District's fiscal year ending June 30, 2020.

In March 2017, the GASB issued Statement No. 85, *Omnibus 2017*, addresses practical issues that have been identified during implementation and application of certain GASB Statements. The statement addresses a variety of topics including issues related to blending component units, goodwill, fair value measurement and application, pensions and other postemployment benefits. This Statement is effective for the District's fiscal year ending June 30, 2018.

In June 2017, the GASB issued Statement No. 87, *Leases*, increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The Statement is effective for the District's fiscal year ending June 30, 2021.

NOTE 2 – CASH AND INVESTMENTS

Cash and investments of the District are pooled with other City funds. The District's portion of this pooled amount was \$291,579 at June 30, 2017. At June 30, 2017, the City's investment pool is unrated and the weighted average maturity is 483 days. Interest earned on pooled cash and investments is credited to the funds based on each fund's average monthly cash balance. Detailed information concerning the City's pooled cash and investments, including information regarding the fair value of investments, may be found in the City's Comprehensive Annual Financial Report. As of June 30, 2017, the fair value of the District's position in the pool is the same as the value of its pool shares.

The fair value hierarchy established by generally accepted accounting principles is based on the valuation inputs used to measure the fair value of the assets. The District's investment in the City's investment pool is exempt from fair value measurement disclosures.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2000-2 (COFFEE-CLARATINA)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 3 – RESTRICTED NET POSITION AND FUND BALANCES

Net position is measured on the full accrual basis of accounting, which differs from the concept of fund balance, which is measured on the modified accrual basis of accounting.

A. Net Position

Net position is the excess of all the District's assets over all its liabilities. Net position is determined only at the government-wide level.

Restricted describes the portion of net position which is restricted as to use by the terms and conditions of agreements with outside parties, governmental regulations, laws, or other restrictions which the District cannot unilaterally alter. These principally include developer fees received for District maintenance.

B. Fund Balances

Fund balances are all presented in the restricted category (see Note 1 for a description of fund balance categories). As of June 30, 2017, restrictions included:

Restricted for District Maintenance - the portion of fund balance legally restricted for maintenance of parkways and open space within the District.

**Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance
and Other Matters Based on an Audit of Financial Statements Performed in Accordance with
*Government Auditing Standards***

The Honorable City Council
of the City of Modesto, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and Special Revenue Fund of the City of Modesto Community Facilities District Number 2000-2 (Coffee- Claratina) (the District), as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 21, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report

The Honorable City Council
of the City of Modesto, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and Special Revenue Fund of the City of Modesto Community Facilities District Number 1998-1 (Enterprise Business Park) (the District), a component unit of the City of Modesto, California, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly in all material respects the respective financial position of the governmental activities and Special Revenue Fund of the District as of June 30, 2017, and the respective changes in financial position thereof and the respective budgetary comparison for the Special Revenue Fund for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 21, 2017, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Macias Gini & O'Connell LLP

Walnut Creek, California
December 21, 2017

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 1998-1 (ENTERPRISE BUSINESS PARK)
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2017**

The City of Modesto Community Facilities District No. 1998-1 (Enterprise Business Park) (the District) has issued its financial statements in the format prescribed by the provisions of Governmental Accounting Standards Board (GASB) Statement No. 34, which requires the District to provide this overview of its financial activities for the fiscal year.

Please read this overview in conjunction with your reading of the accompanying basic financial statements.

THE PURPOSE OF THE DISTRICT

The District is a blended component unit of the City of Modesto, California (City). It is controlled by the City, and the City Council is the District's governing body. City employees perform most of the duties and functions required of the District, but certain tasks are provided by third parties under contract.

The District's purpose under California law is to provide a funding mechanism for public facilities and services authorized by the District. The District is the vehicle that will be used to ensure that all landowners in the Specific Plan area contribute to the cost of the public facilities and services. Additional information on the District can be found below, and in Note 1 to the accompanying financial statements.

BACKGROUND AND MANAGEMENT'S DISCUSSION

On April 7, 1997, the City's Planning Commission approved a vesting tentative map for the Enterprise Business Park subdivision. The project area included two assessor's parcels and more than 80 acres of property located in the southwestern section of the City. Upon recordation of the final map, the property was subdivided into eight parcels ranging in size from 1.12 to 24.17 acres. The parcels are zoned M-2, a heavy industrial designation allowing for development of warehouse, distribution, processing, manufacturing, and other related uses.

In July 1998, the City Council formed the District and authorized the District to issue up to \$2.05 million in bonds to fund certain street improvements, water and sewer main extensions, and other water, sewer, and storm drainage improvements required to serve the District. The Bonds were called in full in 2002 and all District-funded improvements have been completed.

FISCAL YEAR 2017 FINANCIAL HIGHLIGHTS

Financial highlights of the year include the following:

Government-Wide:

- The District's net position decreased \$6,001 in fiscal year 2017.
- At June 30, 2017, net position was \$74,513.
- Total District revenues were \$207.

Fund Basis:

- Special Revenue Fund revenues of \$207 were \$594 less than last year and expenditures of \$6,208 were \$552 less than last year.
- Special Revenue Fund ending fund balance decreased \$6,001 to \$74,513.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 1998-1 (ENTERPRISE BUSINESS PARK)
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2017**

THE BASIC FINANCIAL STATEMENTS

The basic financial statements comprise the government-wide financial statements and the fund financial statements; these two sets of financial statements provide two different views of the District's financial activities and financial position.

Government-Wide Financial Statements

The government-wide financial statements provide a long-term view of the District's activities as a whole and comprise the statement of net position and the statement of activities. The statement of net position provides information about the financial position of the District as a whole, including all its capital assets and long-term liabilities. The statement of activities provides information about the District's revenues and all its expenses. The statement of activities explains in detail the change in net position for the year.

The statement of net position and the statement of activities present information about the following:

- **Governmental activities** – All of the District's basic services are considered to be governmental activities, including formation, financing, construction, and maintenance activities. These services are supported by formation deposits, special facilities taxes, and annual maintenance assessments.

Government-wide financial statements are prepared on the accrual basis of accounting, which means they measure the flow of all economic resources of the District as a whole, similar to that used by the private sector.

FINANCIAL ACTIVITIES OF THE DISTRICT AS A WHOLE

This analysis focuses on the net position and changes in net position of the District's governmental activities in the government-wide financial statement of net position and statement of activities that follow.

As of June 30, 2017, the District total assets were \$74,688. The District's net position from governmental activities decreased from \$80,514 in fiscal year 2016 to \$74,513 in fiscal year 2017. All of the District's net position is restricted for District maintenance.

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2017**

Fund Financial Statements

The fund financial statements report the District's operations in more detail than the government-wide financial statements and focus primarily on the short-term activities of the District's one fund. The fund financial statements measure only current revenues and expenditures and fund balances; they exclude capital assets, long-term debt, and other long-term amounts.

The fund financial statements provide detailed information about the District's significant fund, called a major fund. The major fund presents the major activities of the District for the year, and may change from year to year as a result of changes in the pattern of District's activities. The District's fund is presented here as a major fund; its purpose is explained in Note 1 to the financial statements.

The District's fund is a governmental fund; financial statements for this fund are prepared on the modified accrual basis of accounting, which means it measures only current financial resources and uses.

Following is a condensed statement of revenues, expenditures, and change in fund balance for the year ended June 30, 2017:

Statement of Revenues, Expenditures, and Change in Fund Balance – Special Revenue Fund

Revenues	\$	207
Expenditures		<u>6,208</u>
Change in fund balance		(6,001)
Fund balance, beginning of year		<u>80,514</u>
Fund balance, end of year	\$	<u><u>74,513</u></u>

THE DISTRICT'S FUND FINANCIAL STATEMENTS

At June 30, 2017, the District's governmental fund reported a fund balance of \$74,513 which was a decrease of \$6,001 from fiscal year 2016.

CAPITAL ASSETS

Under GASB Statement No. 34, the District is required to record all its capital assets, including infrastructure, at their historical cost, and to depreciate these assets over their estimated useful lives. However, title to all infrastructure assets acquired or constructed by the District is turned over to the City upon completion and acceptance. Accordingly, capital outlay expenditures are reported in both the District's fund and government-wide financial statements. Therefore, the District reports no long-term capital assets.

**STATEMENT OF NET POSITION
AND STATEMENT OF ACTIVITIES**

The statement of net position and the statement of activities summarize the entire District's financial activities and financial position. They are prepared on the same basis of accounting as that used by most businesses, which means they include all the District's assets and all its liabilities, as well as all its revenues and expenses. This is known as the full accrual basis of accounting – the effect of all the District's transactions is taken into account, regardless of whether or when cash changes hands, but all material internal transactions between District funds have been eliminated.

The statement of net position reports the difference between the District's total assets and the District's total liabilities, including all the District's capital assets and all its long-term debt. The statement of net position focuses the reader on the composition of the District's net position, by subtracting total liabilities from total assets. The statement of net position summarizes the financial position of the District in a single column.

The statement of activities reports increases and decreases in the District's net position. It is also prepared on the full accrual basis of accounting, which means it includes all the District's revenues and all its expenses, regardless of when cash changes hands. This differs from the "modified accrual" basis of accounting used in the fund financial statements, which reflect only current assets, current liabilities, available revenues, and measurable expenditures.

The format of the statement of activities presents the District's expenses, which are listed by program, first. Program revenues – that is, revenues which are generated directly by these programs – are then deducted from program expenses to arrive at the net program revenue (expense). General revenue – that is, revenues which are not generated directly by these programs – are then added to arrive at the change in net position and reconciled with the statement of net position.

FUND FINANCIAL STATEMENTS

Major funds are defined generally as having significant activities or balances in the current year.

The District's only fund is considered to be a major fund:

The **Special Revenue** Fund accounts for all financial resources and uses related to maintenance of parkways and open space within the District.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description and Reporting Entity

The Community Facilities District Number 1998-1 (Enterprise Business Park) (the District) was formed in July of 1998 by a vote of the property owners within the proposed District. The District, a separate legal entity, was formed to provide a financing mechanism for the purchase, construction, expansion, or rehabilitation of any real or tangible property, including public facilities and infrastructure improvements, necessary to meet increased demands placed upon local agencies as a result of development occurring within the District. In addition, the District can fund a variety of public services including maintenance of parks, parkways, and open space. The District is the vehicle that will be used to ensure that all landowners within the District pay their share of the public improvements and services needed. The District includes two assessor's parcels and more than 80 acres of property located in the southwestern section of the City of Modesto, California (the City). The property is subdivided into eight parcels ranging in size from 1.12 to 24.17 acres. The parcels have been zoned M-2, which is a heavy industrial designation allowing for development of warehouse, distribution, processing, manufacturing, and other related uses.

The District is an integral part of the City and the accompanying financial statements are included as a blended component unit of the basic financial statements prepared by the City. A component unit is a separate governmental unit, agency, or nonprofit corporation which, when combined with all other component units, constitutes the reporting entity as defined in the City's basic financial statements.

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and statement of activities) report information on all of the activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities normally are supported by taxes and intergovernmental revenues.

The statement of activities demonstrates the degree to which direct expenses are offset by program revenues. Direct expenses are those that are clearly identifiable with the community development function. Program revenues include grants and contributions that are restricted to meeting the operational requirements of the community development function. Investment earnings, and other items which are not properly included among program revenues, are reported instead as general revenues.

The fund financial statements (i.e., balance sheet and statement of revenues, expenditures, and changes in fund balance) report information on the Special Revenue Fund of the District.

Since the amounts presented in the District's balance sheet and statement of net position are the same, they are presented as one financial statement. Similarly, since the amounts presented in the District's statement of revenues, expenditures, and change in fund balance and the statement of activities are the same, they are presented as one financial statement.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 1998-1 (ENTERPRISE BUSINESS PARK)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Basis of Presentation, Basis of Accounting, and Measurement Focus

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Taxes are recognized as revenues in the year for which they are levied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 180 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under the accrual basis of accounting.

Substantially all taxes and interest, including the net increase (decrease) in the fair value of investments, are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Miscellaneous revenues are considered to be measurable and available only when cash is received by the District.

The District reports the following major governmental fund:

The **Special Revenue** Fund accounts for all financial resources and uses related to maintenance of parkways and open space with the District.

D. Fund Balance

In the fund financial statements, governmental funds report fund balance as nonspendable, restricted, committed, assigned, or unassigned based primarily on the extent to which the District is bound to honor constraints on how specific amounts can be spent.

- **Nonspendable** - Amounts that are not in spendable form (such as inventory) or are required either legally or contractually to be maintained intact.
- **Restricted** - Amounts with constraints placed on their use that are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or (b) imposed by law through constitutional or enabling legislation.
- **Committed** - Amounts constrained to specific purposes by the District itself, using the District's highest level of decision-making authority (the City Council). To be reported as committed, amounts cannot be used for any other purpose unless the District takes the same highest level action to remove or change the constraint. The underlying action that imposed the limitation needs to occur no later than the close of the reporting period.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 1998-1 (ENTERPRISE BUSINESS PARK)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

- **Assigned** - Amounts the District *intends* to use for a specific purpose. Intent can be expressed by the District at either the highest level of decision-making or by an official or body to which the District delegates the authority.
- **Unassigned** - The residual classification for the District that includes amounts not contained in the other classifications. In other funds, the unassigned classification is used only if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes.

The District establishes and modifies or rescinds fund balance commitments by passage of an ordinance or policy. This is typically done through adoption and amendment of the budget. A fund balance commitment is further indicated in the budget as a designation or commitment of the fund, such as approved construction contracts. Assigned fund balance is established by the District through adoption or amendment of the budget or future year budget plan as intended for a specific purpose.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, followed by the committed, assigned, and unassigned resources as they are needed.

E. Governmental Accounting Standards Update

In the year ended June 30, 2017, the District has implemented the following Governmental Accounting Standards Board (GASB) standards:

GASB Statement No. 80, *Blending Requirements for Certain Component Units – an amendment of GASB Statement No. 14*. The statement establishes an additional blending requirement for the financial statement presentation of component units. This statement did not have a significant impact to the District's financial statements.

The District is currently evaluating its accounting practices to determine the potential impact on the financial statements for the following GASB Statements:

In March 2016, the GASB issued Statement No. 81, *Irrevocable Split-Interest Agreements*. The statement provides recognition and measurement guidance for situations in which a government is a beneficiary of these agreements. This Statement is effective for the District's fiscal year ending June 30, 2018.

In January 2017, the GASB issued Statement No. 84, *Fiduciary Activities*, improves guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The Statement is effective for the District's fiscal year ending June 30, 2020.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 1998-1 (ENTERPRISE BUSINESS PARK)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

In March 2017, the GASB issued Statement No. 85, *Omnibus 2017*, addresses practical issues that have been identified during implementation and application of certain GASB Statements. The statement addresses a variety of topics including issues related to blending component units, goodwill, fair value measurement and application, pensions and other postemployment benefits. This Statement is effective for the District's fiscal year ending June 30, 2018.

In June 2017, the GASB issued Statement No. 87, *Leases*, increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The Statement is effective for the District's fiscal year ending June 30, 2021.

NOTE 2 – CASH AND INVESTMENTS

Cash and investments of the District are pooled with other City funds. The District's portion of this pooled amount was \$74,525 at June 30, 2017. At June 30, 2017, the City's investment pool is unrated and the weighted average maturity is 483 days. Interest earned on pooled cash and investments is credited to the funds based on each fund's average monthly cash balance. Detailed information concerning the City's pooled cash and investments, including information regarding the fair value of investments, may be found in the City's Comprehensive Financial Report. As of June 30, 2017, the fair value of the District's position in the pool is the same as the value of its pool shares.

The fair value hierarchy established by generally accepted accounting principles is based on the valuation inputs used to measure the fair value of the assets. The District's investment in the City's investment pool is exempt from fair value measurement disclosures.

NOTE 3 – RESTRICTED NET POSITION AND FUND BALANCES

Net position is measured on the full accrual basis of accounting, which differs from the concept of fund balance, which is measured on the modified accrual basis of accounting.

A. Net Position

Net position is the excess of all the District's assets over all its liabilities. Net position is determined only at the government-wide level.

Restricted describes the portion of net position which is restricted as to use by the terms and conditions of agreements with outside parties, governmental regulations, laws, or other restrictions which the District cannot unilaterally alter. These principally include developer fees received for use on District maintenance.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 1998-1 (ENTERPRISE BUSINESS PARK)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 3 – RESTRICTED NET POSITION AND FUND BALANCES (Continued)

B. Restrictions of Fund Balances

Fund balances are all presented in the restricted category (see Note 1 for a description of fund balance categories). As of June 30, 2017, restrictions included:

Restricted for District Maintenance - the portion of fund balance legally restricted for maintenance of parkways and open space within the District.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

The Honorable City Council
of the City of Modesto, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and Special Revenue Fund of the City of Modesto Community Facilities District Number 1998-1 (Enterprise Business Park) (the District), as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 21, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report

The Honorable City Council
of the City of Modesto, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of the City of Modesto Community Facilities District Number 2003-1 (Fairview Village) (the District), a component unit of the City of Modesto, California, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly in all material respects the respective financial position of the governmental activities and each major fund of the District as of June 30, 2017, and the respective changes in financial position thereof and the respective budgetary comparison for the Special Revenue Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 21, 2017, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Macias Gini & O'Connell LLP

Walnut Creek, California
December 21, 2017

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2003-1 (FAIRVIEW VILLAGE)
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2017**

The City of Modesto Community Facilities District No. 2003-1 (Fairview Village) (the District) has issued its financial statements in the format prescribed by the provisions of Governmental Accounting Standards Board (GASB) Statement No. 34, which requires the District to provide this overview of its financial activities for the fiscal year.

Please read this overview in conjunction with your reading of the accompanying basic financial statements.

THE PURPOSE OF THE DISTRICT

The District is a blended component unit of the City of Modesto, California (City). It is controlled by the City, and the City Council is the District's governing body. City employees perform most of the duties and functions required of the District, but certain tasks are provided by third parties under contract.

The District's purpose under California law is to provide a funding mechanism for needed public facilities and services authorized by the District. The District is the vehicle that will be used to ensure that all landowners in the Specific Plan area contribute to the cost of the public facilities and services. Additional information on the District can be found below, and in Note 1 to the accompanying financial statements.

BACKGROUND AND MANAGEMENT'S DISCUSSION

In 1989, the City adopted the Urban Growth Management Strategy, which requires that any future development within the "Urban Reserve" be planned and annexed as "villages" under the auspices of Specific Plans. This action was seen as necessary to prevent new development from occurring in undeveloped areas prior to there being adequate consideration for public facilities such as roadways, parks, schools, and utility improvements.

Fairview Village is a proposed planned community with an expected population of 5,000 people living in approximately 2,250 homes. The project is to be developed on a 364-acre site located just outside the southwest edge of the City in Stanislaus County. The Fairview Village Plan Area is essentially square with each edge approximately three-quarters of a mile in length. It is contiguous to the Bret Harte neighborhood on the east, and is bounded by the expanded Hatch Road to the north, Carpenter Road to the west, and Whitmore Avenue to the south. The District is designed around a large central neighborhood park and new elementary school that forms the center of the new community. Fairview Village will also include a secondary elementary school and a commercial center with shops, offices, and apartments.

In December 2003, the City Council formed the District and authorized the District to issue up to \$25 million in bonded indebtedness to acquire or construct certain water, storm drain, and sewer system improvements and a bike trail and all appurtenances and appurtenant work in connection therewith. The only qualified voter eligible to vote during the formation of the District was Del Valle Corporation (the Developer), the owner of approximately 81.66 acres. A final map was recorded subdividing the Developer's 81.66 acres into 382 single-family residential lots.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2003-1 (FAIRVIEW VILLAGE)
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2017**

In September 2005, the District issued Special Tax Bonds, Series 2005 in the principal amount of \$5.0 million. The majority of the net construction proceeds were used to reimburse the Developer for the District-funded infrastructure it will install pursuant to the Acquisition & Shortfall Agreements entered into with the District. In October 2005, supplemental information concerning the bond issue was distributed to the repositories. This supplemental information advised the bond holders and market of the amendments to the Acquisition & Shortfall Agreement that allow the issuance of certain occupancy permits prior to the completion of the infrastructure projects specified in the Acquisition & Shortfall Agreement.

Matters related to the Developer's subdivision located in the District were first memorialized in an Acquisition & Shortfall Agreement between the City and Norman Galas, etc. in December 1997. On January 9, 2003, the Acquisition & Shortfall Agreement was amended and named Del Valle Capital Corporation, Inc., as a party to the Acquisition & Shortfall Agreement. Since that time, two subsequent amendments have occurred and additional agreements have been executed between the City and the District. The chronology of the agreements related to the Developer's subdivision follows:

- The Acquisition & Shortfall Agreement between the City and Norman Galas, June Galas, Stanley Galas, and Bonnie K. Galas dated as of September 16, 1997, as amended by the First Amendment to the Acquisition & Shortfall Agreement between the City and Norman Galas, June Galas, Stanley Galas, Bonnie K. Galas, and Del Valle Capital Corporation, Inc., dated as of January 9, 2003, and as further amended by the Second Amendment to the Acquisition & Shortfall Agreement between the City and Norman Galas, June Galas, Stanley Galas, Bonnie K. Galas, and Del Valle Capital Corporation, Inc., dated as of June 10, 2003, and as finally amended by the Third Amendment to the Acquisition & Shortfall Agreement between the City and Norman Galas, June Galas, Stanley Galas, Bonnie K. Galas, Del Valle Capital Corporation, Inc., dated as of June 22, 2004.
- Advanced Funding Agreement for the District dated as of October 28, 2003, Subdivision Agreement, dated as of December 23, 2003, pertaining to Galas Brothers Subdivision Unit No. 1.
- Subdivision Agreement, dated as of December 23, 2003, pertaining to Galas Brothers Subdivision Unit No. 2.
- Agreement to Complete Necessary Infrastructure Prior to Final Inspection or Occupancy, dated as of December 23, 2003, as amended by the Amendment to Agreement dated as of January 25, 2005, and as further amended by the Second Amendment to Agreement dated as of November 9, 2005, and as further amended by the Third Amendment to Agreement dated as of December 14, 2005, and as finally amended by the Fourth Amendment to Agreement, dated as of June 27, 2006.
- Two Acquisition & Shortfall Agreements between the District and Del Valle Homes, each dated as of June 22, 2004.
- Agreement by and between the City, Del Valle Capital Corporation, Inc., D.R. Horton, Inc., and Pulte Home Corporation Regarding the Funding and Construction of Certain Interim Water Improvements in Return for City's Issuance of Certain Permits, dated as of September 30, 2005.
- Letter of Agreement between City and Del Valle Homes dated as of February 2, 2007.
- Agreement for the Acceptance of Completed Public Improvements and Partial Release of Security, dated as of June 12, 2007.

COMMUNITY FACILITIES DISTRICT
NUMBER 2003-1 (FAIRVIEW VILLAGE)
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2017**

On November 25, 2008, the City Council approved a *Settlement Agreement and Mutual Release* with the Developer. The City agreed to accept the infrastructure improvements remaining to be accepted such as the well, storage, booster pumps, wellhead treatment system, and some in-tract subdivision improvements. In return, the Developer received a gross payment of \$1.3 million minus \$452,365 that was withheld pursuant to the terms of the Settlement Agreement, of which approximately \$99,000 will be utilized by City crews to complete repairs to the accepted infrastructure. The Developer received a net payment of \$847,635.

FISCAL YEAR 2017 FINANCIAL HIGHLIGHTS

Financial highlights of the year include the following:

Government-Wide:

- The District's total net position in fiscal year 2017 was \$793,573.
- At June 30, 2017, total assets were \$4,864,542 while total liabilities were \$4,216,159.
- Total District revenues were \$88,435 and expenses were \$346,927.

Fund Basis:

- Special Revenue Fund revenues increased from \$168,781 in the prior year to \$170,671 for fiscal year 2017 and expenditures decreased from \$176,666 in the prior year to \$158,207 for fiscal year 2017. This decrease in expenditures was due to decreased repair and maintenance expenses, water expenses, and professional services expenses.
- Special Revenue Fund ending fund balance increased from \$258,690 in prior year to \$271,154 in current year.
- Debt Service Fund revenues decreased from \$291,934 for fiscal year 2016 to \$7,764 for fiscal year 2017 and expenditures decreased from \$365,253 in the prior year to \$271,958 for fiscal year 2017. Revenues decreased from previous year due to excess reserves allowing District to not levy tax assessments in fiscal year 2017. The decrease in expenditures is attributed primarily to a decrease in the principal payment from prior year as per the debt amortization schedule.
- Debt Service Fund ending fund balance for fiscal year 2017 decreased from \$698,208 for fiscal year 2016 to \$434,014 for fiscal year 2017.

THE BASIC FINANCIAL STATEMENTS

The basic financial statements comprise the government-wide financial statements and the fund financial statements; these two sets of financial statements provide two different views of the District's financial activities and financial position.

Government-Wide Financial Statements

The government-wide financial statements provide a long-term view of the District's activities as a whole and comprise the statement of net position and the statement of activities. The statement of net position provides information about the financial position of the District as a whole, including all its capital assets and long-term liabilities. The statement of activities provides information about the District's revenues and all its expenses. The statement of activities explains in detail the change in net position for the year.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2003-1 (FAIRVIEW VILLAGE)
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2017**

The statement of net position and the statement of activities present information about the following:

- **Governmental activities** – All of the District's basic services are considered to be governmental activities, including formation, financing, construction, and maintenance activities. These services are supported by formation deposits, special facilities taxes, and annual maintenance assessments.

Government-wide financial statements are prepared on the accrual basis of accounting, which means they measure the flow of all economic resources of the District as a whole, similar to that used by the private sector.

FINANCIAL ACTIVITIES OF THE DISTRICT AS A WHOLE

This analysis focuses on the net position and changes in net position of the District's governmental activities in the government-wide financial statement of net position and statement of activities that follow.

As of June 30, 2017, total assets is \$4,864,542 and deferred outflows of resources \$145,190 were offset by liabilities of \$4,216,159. The District's net position from governmental activities is at \$793,573. The District's net position is restricted as follows: \$271,154 for maintenance activities and \$522,419 for debt service.

Following is a condensed statement of net position:

Statement of Net Position – Governmental Activities

	2017	2016
Cash and investments	\$ 505,937	\$ 759,503
Cash and investments with fiscal agent	195,331	195,192
Taxes receivable	961	-
Interest receivable	2,537	2,349
Prepaid expenses	522	573

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2017**

FISCAL YEAR 2017 GOVERNMENTAL ACTIVITIES

The District's fiscal year 2017 revenue came primarily from annual maintenance and facilities special taxes, which amounted to \$85,003. Revenues decreased from previous year due to excess reserves allowing District to not levy tax assessments in fiscal year 2017. District expenses of \$346,927 were primarily for services and professional expenses and interest on long-term debt.

Following is a condensed statement of activities:

Statement of Activities – Governmental Activities

	2017	2016
Revenues:		
Program revenues:		
Operating grants and contributions	\$ -	\$ 954
General revenues:		
Facilities and maintenance special tax	85,003	274,750
Investment earnings	3,432	10,011
Total revenues	88,435	285,715
Expenses:		
Community development	165,851	187,698
Interest on long-term debt	181,076	184,821
Total expenses	346,927	372,519
Change in net position	(258,492)	(86,804)
Net position, beginning of year	1,052,065	1,138,869
Net position, end of year	\$ 793,573	\$ 1,052,065

Fund Financial Statements

The fund financial statements report the District's operations in more detail than the government-wide financial statements and focus primarily on the short-term activities of the District's two funds. The fund financial statements measure only current revenues and expenditures and fund balances; they exclude capital assets, long-term debt, and other long-term amounts.

The fund financial statements provide detailed information about each of the District's most significant funds, called major funds. Major funds present the major activities of the District for the year, and may change from year to year as a result of changes in the pattern of the District's activities. All of the District's funds are presented here as major funds; their purpose is explained in Note 1 to the financial statements.

All the District's funds are governmental funds; financial statements for these funds are prepared on the modified accrual basis of accounting, which means they measure only current financial resources and uses.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2003-1 (FAIRVIEW VILLAGE)
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2017**

Following is a condensed statement of revenues, expenditures, and changes in fund balances for the year ended June 30, 2017:

Statement of Revenues, Expenditures, and Changes in Fund Balances – Governmental Funds

	Special Revenue Fund	Debt Service Fund	Total
Revenues	\$ 170,671	\$ 7,764	\$ 178,435
Expenditures	<u>158,207</u>	<u>271,958</u>	<u>430,165</u>
Changes in fund balances	12,464	(264,194)	(251,730)
Fund balances, beginning of year	<u>258,690</u>	<u>698,208</u>	<u>956,898</u>
Fund balances, end of year	<u><u>\$ 271,154</u></u>	<u><u>\$ 434,014</u></u>	<u><u>\$ 705,168</u></u>

THE DISTRICT'S FUND FINANCIAL STATEMENTS

The District's fiscal year 2017 revenue primarily came from facilities and maintenance special taxes in the amount of \$175,003.

District expenditures of \$430,165 in fiscal year 2017 consisted of \$158,207 in Special Revenue Fund expenditures and \$271,958 in Debt Service Fund expenditures.

At June 30, 2017, the District's governmental funds reported combined fund balances of \$705,168, a decrease of \$251,730 compared with last year. This decrease was due to the District's debt service expenditures of \$264,314 exceeding the debt service related facilities and maintenance special taxes revenue of \$5,021.

CAPITAL ASSETS

Under GASB Statement No. 34, the District is required to record all its capital assets, including infrastructure, at their historical cost, and to depreciate these assets over their estimated useful lives. However, title to all infrastructure assets acquired or constructed by the District is turned over to the City upon completion and acceptance. Accordingly, capital outlay expenditures are reported in both the District's fund and government-wide financial statements. Therefore, the District reports no long-term capital assets.

DEBT ADMINISTRATION

The District issued Special Tax Bonds, Series 2005 in the principal amount of \$5.0 million in September 2005. Except for approximately \$20,000 that was used to reimburse the City's water fund for work

**CITY OF MODESTO, CALIFORNIA

FOR THE YEAR ENDED JUNE 30, 2017**

performed by its crews, the proceeds were used to reimburse the Developer for infrastructure it installed pursuant to the Acquisition & Shortfall Agreements entered into between Developer and the District.

The District issued Refunding Special Tax Bonds, Series 2014 in the principal amount of \$4.4 million in December 2014 to refund the outstanding Special Tax Bonds, Series 2005.

The balance of the long-term debt at June 30, 2017, is \$4.1 million. Additional details can be found in Note 3 to the financial statements.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

These basic financial statements are intended to provide citizens, taxpayers, investors, and creditors with a general overview of the District's finances. Questions about this report should be directed to the City of Modesto, Administrator, Infrastructure Financing Programs, P.O. Box 642, Modesto, California 95353.

COMMUNITY FACILITIES DISTRICT
NUMBER 2003-1 (FAIRVIEW VILLAGE)**

**STATEMENT OF NET POSITION
AND STATEMENT OF ACTIVITIES**

The statement of net position and the statement of activities summarize the entire District's financial activities and financial position. They are prepared on the same basis of accounting that is used by most businesses, which means they include all the District's assets and all its liabilities, as well as all its revenues and expenses. This is known as the full accrual basis of accounting – the effect of all the District's transactions is taken into account, regardless of whether or when cash changes hands, but all material internal transactions between District funds have been eliminated.

The statement of net position reports the difference between the District's total assets, deferred outflows of resources, and the District's total liabilities, including all the District's capital assets and all its long-term debt. The statement of net position focuses the reader on the composition of the District's net position, by subtracting total liabilities from total assets and deferred outflows of resources. The statement of net position summarizes the financial position of the District in a single column.

The statement of activities reports increases and decreases in the District's net position. It is also prepared on the full accrual basis of accounting, which means it includes all the District's revenues, and all its expenses, regardless of when cash changes hands. This differs from the "modified accrual" basis of accounting used in the fund financial statements, which reflect only current assets, current liabilities, available revenues, and measurable expenditures.

The format of the statement of activities presents the District's expenses, which are listed by program, first. Program revenues – that is, revenues which are generated directly by these programs – are then deducted from program expenses to arrive at the net program revenue (expense). General revenues – that is, revenues which are not generated directly by these programs – are then added to arrive at the change in net position and reconciled with the statement of net position.

FUND FINANCIAL STATEMENTS

Major funds are defined generally as having significant activities or balances in the current year.

The District determined all its funds to be major funds. They are:

The **Special Revenue** Fund accounts for all financial resources and uses related to maintenance of parkways and open space within the District.

The **Debt Service** Fund accounts for the payment of principal and interest on the 2014 Refunding Special Tax Bonds.

**CITY OF MODESTO, CALIFORNIA

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2003-1 (FAIRVIEW VILLAGE)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description and Reporting Entity

The Community Facilities District Number 2003-1 (Fairview Village) (the District) was formed in December 2003 by a vote of the property owners within the proposed district. The District, a separate legal entity, was formed to provide a funding and reimbursement mechanism for public facilities and services required by the District Specific Plan. The District encompasses approximately 359 gross acres of land located in the southwest area of the City of Modesto, California (the City), the south side of Hatch Road and east of Carpenter Road. The District is expected to yield 383 single-family residential lots, a water well, storm drainage basin, water tank, sewer outfall line, and a portion of the central neighborhood park site and related infrastructure on 81.66 acres located in the northeast portion of the District. The remaining properties with the 359 acres are expected to annex to the District in the future, as the area develops.

The District is an integral part of the City and the accompanying financial statements are included as a blended component unit of the basic financial statements prepared by the City. A component unit is a separate governmental unit, agency, or nonprofit corporation which, when combined with all other component units, constitutes the reporting entity as defined in the City's basic financial statements.

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and statement of activities) report information on all of the activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities normally are supported by taxes and intergovernmental revenues.

The statement of activities demonstrates the degree to which direct expenses are offset by program revenues. Direct expenses are those that are clearly identifiable with the community development function. Program revenues include grants and contributions that are restricted to meeting the operational requirements of the community development function. Investment earnings, and other items which are not properly included among program revenues, are reported instead as general revenues.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

C. Basis of Presentation, Basis of Accounting, and Measurement Focus

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Taxes are recognized as revenues in the year for which they are levied.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2003-1 (FAIRVIEW VILLAGE)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when collectible within the current period or soon enough thereafter to pay liabilities to the current period. For this purpose, the District considers revenues to be available if they are collected within 180 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under the accrual basis of accounting. However, principal and interest expenditures are recorded as fund liabilities when due or when amounts have been accumulated in the Debt Service Fund for payments early in the following year.

Substantially all taxes and interest, including the net increase (decrease) in the fair value of investments, are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Miscellaneous revenues are considered to be measurable and available only when cash is received by the District.

The District reports the following major governmental funds:

The **Special Revenue** Fund accounts for all financial resources and uses related to maintenance of infrastructure within the District.

The **Debt Service** Fund accounts for the payment of principal and interest on the 2014 Refunding Special Tax Bonds.

D. Facilities and Maintenance Special Taxes

The facilities and maintenance special taxes are collected by the County of Stanislaus on the property tax bill. The special taxes are due November 1 and February 1 and are delinquent if not paid by December 10 and April 10, respectively. The County of Stanislaus bills and collects the special taxes and remits them to the District. The Rate and Method of Apportionment of Special Tax (RMA), set forth in the District's Public Report, describes how the special taxes will be allocated among properties in the District. The Public Report was established during the formation of the District. A cost of living adjustment is applied to the special taxes annually.

E. Fund Balance

In the fund financial statements, governmental funds report fund balance as nonspendable, restricted, committed, assigned, or unassigned based primarily on the extent to which the District is bound to honor constraints on how specific amounts can be spent.

- **Nonspendable** - Amounts that are not in spendable form (such as inventory) or are required either legally or contractually to be maintained intact.
- **Restricted** - Amounts with constraints placed on their use that are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or (b) imposed by law through constitutional or enabling legislation.

FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

- **Committed** - Amounts constrained to specific purposes by the District itself, using the District's highest level of decision-making authority (the City Council). To be reported as committed, amounts cannot be used for any other purpose unless the District takes the same highest level action to remove or change the constraint. The underlying action that imposed the limitation needs to occur no later than the close of the reporting period.
- **Assigned** - Amounts the District *intends* to use for a specific purpose. Intent can be expressed by the District at either the highest level of decision-making or by an official or body to which the District delegates the authority.
- **Unassigned** - The residual classification for the District that includes amounts not contained in the other classifications. In other funds, the unassigned classification is used only if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes.

The District establishes and modifies or rescinds fund balance commitments by passage of an ordinance or policy. This is typically done through adoption or amendment of the budget. A fund balance commitment is further indicated in the budget as a designation or commitment of the fund, such as approved construction contracts. Assigned fund balance is established by the District through adoption or amendment of the budget or future year budget plan as intended for a specific purpose.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, followed by the committed, assigned, and unassigned resources as they are needed.

F. Governmental Accounting Standards Update

During the year ended June 30, 2017, the District implemented the following Governmental Accounting Standards Board (GASB) standards:

GASB Statement No. 80, *Blending Requirements for Certain Component Units – an amendment of GASB Statement No. 14*. The statement establishes an additional blending requirement for the financial statement presentation of component units. This statement did not have a significant impact to the District's financial statements.

The District is currently evaluating its accounting practices to determine the potential impact on the financial statements for the following GASB Statements:

In March 2016, the GASB issued Statement No. 81, *Irrevocable Split-Interest Agreements*. The statement provides recognition and measurement guidance for situations in which a government is a beneficiary of these agreements. This Statement is effective for the District's fiscal year ending June 30, 2018.

In January 2017, the GASB issued Statement No. 84, *Fiduciary Activities*, improves guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The Statement is effective for the District's fiscal year ending June 30, 2020.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2003-1 (FAIRVIEW VILLAGE)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

In March 2017, the GASB issued Statement No. 85, *Omnibus 2017*, addresses practical issues that have been identified during implementation and application of certain GASB Statements. The statement addresses a variety of topics including issues related to blending component units, goodwill, fair value measurement and application, pensions and other postemployment benefits. This Statement is effective for the District's fiscal year ending June 30, 2018.

In May 2017, the GASB issued Statement No. 86, *Certain Debt Extinguishment Issues*, improves consistency in accounting and financial reporting for in-substance defeasance of debt by providing guidance for transactions in which cash and other monetary assets acquired with only existing resources – resources other than the proceeds of refunding debt – are placed in an irrevocable trust for the sole purpose of extinguishing debt. This Statement also improves accounting and financial reporting for prepaid insurance on debt that is extinguished and notes to financial statements for debt that is defeased in substance. This Statement is effective for the District's fiscal year ending June 30, 2018.

In June 2017, the GASB issued Statement No. 87, *Leases*, increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The Statement is effective for the District's fiscal year ending June 30, 2021.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2003-1 (FAIRVIEW VILLAGE)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 2 – CASH AND INVESTMENTS

Cash and investments of the District, with the exception of cash and investments with fiscal agents, are pooled with other City funds. At June 30, 2017, the City’s investment pool is unrated and the weighted average maturity is 483 days. Interest earned on pooled cash and investments is credited to the funds based on each fund’s average monthly cash balance. Detailed information concerning the City’s pooled cash and investments, including information regarding the fair value of investments, may be found in the City’s Comprehensive Annual Financial Report. As of June 30, 2017, the fair value of the District’s position in the pool is the same as the value of its pool shares. The following table shows the distribution of the District’s investments by type, credit rating, and maturity:

	<u>Amount</u>	<u>Weighted Average Maturity</u>	<u>Rating</u>
Cash and investments with fiscal agent:			
Money Market Fund	\$ 195,331	26 days	AAAm
Pooled with the City of Modesto	<u>505,937</u>	483 days	N/A
Total Cash and Investments	<u>\$ 701,268</u>		

Concentration of Credit Risk

The District is required to disclose investments that represent a concentration of five percent or more of investments in any one issuer held by individual funds in the securities of issuers other than U.S. Treasury securities, mutual funds, and external investment pools. At June 30, 2017, the Debt Service Fund did not hold any other investments.

Fair Value Hierarchy

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the assets. Level 1 inputs are quoted prices in an active market for identical assets; level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs. The inputs and techniques used for valuing securities are not necessarily an indication of risk associated with investing in those securities. The District’s investment in the City’s Pool and money market fund are exempt from fair value measurement disclosures.

COMMUNITY FACILITIES DISTRICT
NUMBER 2003-1 (FAIRVIEW VILLAGE)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 3 – LONG-TERM DEBT

On December 16, 2014, the District issued Refunding Special Tax Bonds (refunding bonds) with a par amount of \$4,420,000 to refund the District’s \$4,660,000 outstanding Special Tax Bonds (refunded bonds) issued on September 1, 2005, which were issued primarily to finance various public improvements needed to develop property located within the District. Interest on the refunding bonds is payable semiannually on each March 1 and September 1 through September 1, 2035. The refunding bonds were issued with an interest rate of 4.1% and are payable solely from revenues derived from the assessment of annual special taxes to be levied on the taxable property within the District and from certain other funds pledged under the Trust Indenture.

The long-term debt activity for the year ended June 30, 2017 was as follows:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>	<u>Due Within One Year</u>
Refunding Special Tax Bonds	<u>\$4,245,000</u>	<u>\$ -</u>	<u>\$ (90,000)</u>	<u>\$4,155,000</u>	<u>\$ 100,000</u>

Annual debt service requirements for the refunding bonds are shown below:

<u>Year Ended June 30,</u>	<u>Principal</u>	<u>Interest</u>
2018	\$ 100,000	\$ 168,305
2019	115,000	163,897
2020	120,000	159,080
2021	130,000	153,955
2022	140,000	148,420
2023-2027	900,000	640,830
2028-2032	1,285,000	418,303
2033-2036	<u>1,365,000</u>	<u>116,338</u>
	<u>\$ 4,155,000</u>	<u>\$ 1,969,128</u>

NUMBER 2003-1 (FAIRVIEW VILLAGE)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 4 – RESTRICTED NET POSITION AND FUND BALANCES

Net position is measured on the full accrual basis of accounting, which differs from the concept of fund balance, which is measured on the modified accrual basis of accounting.

A. Net Position

Net position is the excess of all the District's assets over all its liabilities. Net position is determined only at the government-wide level.

Restricted describes the portion of net position which is restricted as to use by the terms and conditions of agreements with outside parties, governmental regulations, laws, or other restrictions which the District cannot unilaterally alter. These principally include developer fees received, reduced by related liabilities, for District maintenance and debt service requirements.

B. Fund Balances

Fund balances are all presented in the restricted category (see Note 1 for a description of fund balance categories). As of June 30, 2017, restrictions included:

Restricted for District Maintenance - the portion of fund balance legally restricted for maintenance of parkways and open space within the District.

Restricted for Debt Service - the portion of fund balance legally restricted to the payment of principal and interest on long-term liabilities.

NOTE 5 – DELINQUENCIES AND FORECLOSURES

The District has made a covenant under the Trust Indenture of the Special Tax Bonds discussed in Note 3 that it will initiate foreclosure proceedings against delinquent parcels as follows:

- a. Any parcel that is delinquent for three consecutive payments. Foreclosure against these parcels is to be initiated within 120 days after the third delinquency.
- b. All parcels delinquent at June 30 when the District received Special Taxes totaling less than 95% of the total Special Tax levied for that fiscal year. Foreclosure against these parcels is to be initiated by September 1 following the end of the fiscal year.

The District has also covenanted that it will pursue the foreclosure proceedings until the delinquent Special Taxes have been paid.

At June 30, 2017, the District had 2 parcels that were delinquent for a total of \$4,047, of which one parcel was delinquent more than three consecutive payments. The delinquencies total of \$4,047 at June 30, 2017 is included in assessments receivable on the statement of net position and balance sheet.

The District did not levy a Debt Service Fund facilities special taxes during the year ended June 30, 2017.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

The Honorable City Council
of the City of Modesto, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of the City of Modesto Community Facilities District Number 2003-1 (Fairview Village) (the District), as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 21, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report

The Honorable City Council
of the City of Modesto, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and Special Revenue Fund of the City of Modesto Community Facilities District Number 2007-2 (Kiernan Business Park West) (the District), a component unit of the City of Modesto, California, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly in all material respects the respective financial position of the governmental activities and Special Revenue Fund of the District as of June 30, 2017, and the respective changes in financial position thereof and the respective budgetary comparison for the Special Revenue Fund for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 21, 2017, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Walnut Creek, California
December 21, 2017

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2007-2 (KIERNAN BUSINESS PARK WEST)
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2017**

The City of Modesto Community Facilities District No. 2007-2 (Kiernan Business Park West) (the District) has issued its financial statements in the format prescribed by the provisions of Governmental Accounting Standards Board (GASB) Statement No. 34, which requires the District to provide this overview of its financial activities for the fiscal year.

Please read this overview in conjunction with your reading of the accompanying basic financial statements.

THE PURPOSE OF THE DISTRICT

The District is a blended component unit of the City of Modesto, California (City). It is controlled by the City, and the City Council is the District's governing body. City employees perform most of the duties and functions required of the District, but certain tasks are provided by third parties under contract.

The District's purpose under California law is to provide a funding mechanism for public facilities and services authorized by the District. The District is the vehicle that will be used to ensure that all landowners in the Specific Plan area contribute to the cost of the public facilities and services. Additional information on the District can be found below, and in Note 1 to the accompanying financial statements.

BACKGROUND AND MANAGEMENT'S DISCUSSION

On April 1, 1997, the City Council approved the Kiernan Business Park Specific Plan that set forth a plan of development for approximately 614 acres that were, at that time, located adjacent to the City's northern border, east of Highway 99 and south of Kiernan Avenue in a portion of unincorporated Stanislaus County. To date, approximately 250 acres within the Kiernan Business Park Specific Plan have been annexed into the City. Approximately 88 of the City annexed acres will ultimately be included within the District. The Kiernan Business Park Specific Plan is intended to provide for the development of a new business park, commercial and industrial uses that will assist in implementing the City's long-range objectives to enhance its local economy, generate jobs for residents, and create a better jobs/housing balance.

The District was formed by the City Council in September 2007 to generate funding for construction of certain roadway improvements and the ongoing maintenance of landscaped medians, a bike path, well site, storm drainage pump and basin, and related facilities.

FISCAL YEAR 2017 FINANCIAL HIGHLIGHTS

Financial highlights of the year include the following:

Government-Wide:

- The District's net position was \$144,232 in fiscal year 2017.
- At June 30, 2017, total assets were \$145,807 while total liabilities were \$1,575.
- Total District revenues were \$434.

Fund Basis:

- Special Revenue Fund revenues were \$434 from investment earnings. Expenditures of \$32,044 were for ongoing maintenance and administrative expenses.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2007-2 (KIERNAN BUSINESS PARK WEST)
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2017**

THE BASIC FINANCIAL STATEMENTS

The basic financial statements comprise the government-wide financial statements and the fund financial statements; these two sets of financial statements provide two different views of the District's financial activities and financial position.

Government-Wide Financial Statements

The government-wide financial statements provide a long-term view of the District's activities as a whole and comprise the statement of net position and the statement of activities. The statement of net position provides information about the financial position of the District as a whole, including all its capital assets and long-term liabilities. The statement of activities provides information about the District's revenues and all its expenses. The statement of activities explains in detail the change in net position for the year.

The statement of net position and the statement of activities present information about the following:

- **Governmental activities** – All of the District's basic services are considered to be governmental activities, including formation, financing, construction, and maintenance activities. Formation deposits, special facilities taxes, and annual maintenance assessments support these services.

Government-wide financial statements are prepared on the accrual basis of accounting, which means they measure the flow of all economic resources of the District as a whole, similar to that used by the private sector.

FINANCIAL ACTIVITIES OF THE DISTRICT AS A WHOLE

This analysis focuses on the net position and changes in net position of the District's governmental activities in the government-wide financial statement of net position and statement of activities that follow.

As of June 30, 2017, total assets of \$145,807 were offset by liabilities of \$1,575. The District's net position from governmental activities was \$144,232. All of the District's net position is restricted for District maintenance.

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2017**

Fund Financial Statements

The fund financial statements report the District's operations in more detail than the government-wide financial statements and focus primarily on the short-term activities of the District's one fund. The fund financial statements measure only current revenues and expenditures and fund balances; they exclude capital assets, long-term debt, and other long-term amounts.

The fund financial statements provide detailed information about each of the District's most significant funds, called major funds. Major funds present the major activities of the District for the year, and may change from year to year as a result of changes in the pattern of District's activities. All of the District's funds are presented here as major funds; their purpose is explained in Note 1 to the financial statements.

All the District's funds are governmental funds; financial statements for these funds are prepared on the modified accrual basis of accounting, which means they measure only current financial resources and uses.

The Special Revenue Fund accounts for all activity of the District. The Capital Projects Fund was developed for the formation of the District. During the year ended June 30, 2010, the Capital Projects Fund was considered no longer necessary, and was closed out with all remaining fund balance transferred to the Special Revenue Fund to continue operations and activities of the District.

Following is a condensed statement of revenues, expenditures, and change in fund balance for the year ended June 30, 2017:

Statement of Revenues, Expenditures, and Change in Fund Balance – Special Revenue Fund

Revenues		\$	434
Expenditures			32,044
Change in fund balance			(31,610)
Fund balance, beginning of year			175,842
Fund balance, end of year		\$	144,232

THE DISTRICT'S FUND FINANCIAL STATEMENTS

At June 30, 2017, the District's governmental special revenue fund reported a fund balance of \$144,232.

CAPITAL ASSETS

Under GASB Statement No. 34, the District is required to record all its capital assets, including infrastructure, at their historical cost, and to depreciate these assets over their estimated useful lives. However, title to all infrastructure assets acquired or constructed by the District is turned over to the City upon completion and acceptance. Accordingly, capital outlay expenditures are reported in both the District's fund and government-wide financial statements. Therefore, the District reports no long-term capital assets.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

These basic financial statements are intended to provide citizens, taxpayers, investors, and creditors with a general overview of the District's finances. Questions about this report should be directed to the City of Modesto, Administrator, Infrastructure Financing Programs, P.O. Box 642, Modesto, California 95353.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2007-2 (KIERNAN BUSINESS PARK WEST)**

**STATEMENT OF NET POSITION
AND STATEMENT OF ACTIVITIES**

The statement of net position and the statement of activities summarize the entire District's financial activities and financial position. They are prepared on the same basis of accounting that is used by most businesses, which means they include all the District's assets and all its liabilities, as well as all its revenues and expenses. This is known as the full accrual basis of accounting – the effect of all the District's transactions is taken into account, regardless of whether or when cash changes hands, but all material internal transactions between District funds have been eliminated.

The statement of net position reports the difference between the District's total assets and the District's total liabilities, including all the District's capital assets and all its long-term debt. The statement of net position focuses the reader on the composition of the District's net position, by subtracting total liabilities from total assets. The statement of net position summarizes the financial position of the District in a single column.

The statement of activities reports increases and decreases in the District's net position. It is also prepared on the full accrual basis of accounting, which means it includes all the District's revenues and all its expenses, regardless of when cash changes hands. This differs from the "modified accrual" basis of accounting used in the fund financial statements, which reflect only current assets, current liabilities, available revenues, and measurable expenditures.

The format of the statement of activities presents the District's expenses, which are listed by program, first. Program revenues – that is, revenues which are generated directly by these programs – are then deducted from program expenses to arrive at the net program revenue (expense). General revenues – that is, revenues which are not generated directly by these programs – are then added to arrive at the change in net position and reconciled with the statement of net position.

FUND FINANCIAL STATEMENTS

Major funds are defined generally as having significant activities or balances in the current year.

The District's only fund is considered to be a major fund:

The **Special Revenue** Fund accounts for all financial resources and uses related to maintenance of parkways and open space within the District.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description and Reporting Entity

The Community Facilities District Number 2007-2 (Kiernan Business Park West) (the District) was formed in October 2007 by a vote of the property owners within the proposed district. The District, a separate legal entity, was formed to provide a funding and reimbursement mechanism for public facilities and services required by the District Specific Plans. The District is the vehicle that will be used to ensure that all landowners in the District pay their share of the public improvements. The District is a proposed 88-acre project, a portion of the Kiernan-Carver Comprehensive Planning District, and bounded on the North by Kiernan Avenue, on the East by Dale Road, on the South by Bangs Avenue, and on the West by Modesto's City Limits.

The District is an integral part of the City of Modesto, California (the City) and the accompanying financial statements are included as a blended component unit of the basic financial statements prepared by the City. A component unit is a separate governmental unit, agency, or nonprofit corporation which, when combined with all other component units, constitutes the reporting entity as defined in the City's basic financial statements.

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and statement of activities) report information on all of the activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities normally are supported by taxes and intergovernmental revenues.

The statement of activities demonstrates the degree to which direct expenses are offset by program revenues. Direct expenses are those that are clearly identifiable with the community development function. Program revenues include grants and contributions that are restricted to meeting the operational requirements of the community development function. Investment earnings, and other items which are not properly included among program revenues, are reported instead as general revenues.

The fund financial statements (i.e., balance sheet and statement of revenues, expenditures, and change in fund balance) report information on the Special Revenue Fund of the District.

Since the amounts presented in the District's balance sheet and statement of net position are the same, they are presented as one financial statement. Similarly, since the amounts presented in the District's statement of revenues, expenditures, and change in fund balance and the statement of activities are the same, they are presented as one financial statement.

C. Basis of Presentation, Basis of Accounting, and Measurement Focus

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Taxes are recognized as revenues in the year for which they are levied.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2007-2 (KIERNAN BUSINESS PARK WEST)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when collectible within the current period or soon enough thereafter to pay liabilities to the current period. For this purpose, the District considers revenues to be available if they are collected within 180 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under the accrual basis of accounting.

Substantially all taxes and interest, including the net increase (decrease) in the fair value of investments, are considered to be susceptible to the accrual basis of accounting and so have been recognized as revenues of the current fiscal period. Miscellaneous revenues are considered to be measurable and available only when cash is received by the District.

The District reports the following major governmental fund:

The **Special Revenue** Fund accounts for all financial resources and uses related to maintenance of parkways and open space within the District.

D. Fund Balance

In the fund financial statements, governmental funds report fund balance as nonspendable, restricted, committed, assigned, or unassigned based primarily on the extent to which the District is bound to honor constraints on how specific amounts can be spent.

- **Nonspendable** - Amounts that are not in spendable form (such as inventory) or are required either legally or contractually to be maintained intact.
- **Restricted** - Amounts with constraints placed on their use that are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or (b) imposed by law through constitutional or enabling legislation.
- **Committed** - Amounts constrained to specific purposes by the District itself, using the District's highest level of decision-making authority (the City Council). To be reported as committed, amounts cannot be used for any other purpose unless the District takes the same highest level action to remove or change the constraint. The underlying action that imposed the limitation needs to occur no later than the close of the reporting period.
- **Assigned** - Amounts the District *intends* to use for a specific purpose. Intent can be expressed by the District at either the highest level of decision-making or by an official or body to which the District delegates the authority.
- **Unassigned** - The residual classification for the District that includes amounts not contained in the other classifications. In other funds, the unassigned classification is used only if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2007-2 (KIERNAN BUSINESS PARK WEST)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The District establishes and modifies or rescinds fund balance commitments by passage of an ordinance or policy. This is typically done through adoption or amendment of the budget. A fund balance commitment is further indicated in the budget as a designation or commitment of the fund, such as approved construction contracts. Assigned fund balance is established by the District through adoption or amendment of the budget or future year budget plan as intended for a specific purpose.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, followed by the committed, assigned, and unassigned resources as they are needed.

E. Governmental Accounting Standards Update

During the year ended June 30, 2017, the District implemented the following Governmental Accounting Standards Board (GASB) standards:

GASB Statement No. 80, *Blending Requirements for Certain Component Units – an amendment of GASB Statement No. 14*. The statement establishes an additional blending requirement for the financial statement presentation of component units. This statement did not have a significant impact to the District's financial statements.

The District is currently evaluating its accounting practices to determine the potential impact on the financial statements for the following GASB Statements:

In March 2016, the GASB issued Statement No. 81, *Irrevocable Split-Interest Agreements*. The statement provides recognition and measurement guidance for situations in which a government is a beneficiary of these agreements. This Statement is effective for the District's fiscal year ending June 30, 2018.

In January 2017, the GASB issued Statement No. 84, *Fiduciary Activities*, improves guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The Statement is effective for the District's fiscal year ending June 30, 2020.

In March 2017, the GASB issued Statement No. 85, *Omnibus 2017*, addresses practical issues that have been identified during implementation and application of certain GASB Statements. The statement addresses a variety of topics including issues related to blending component units, goodwill, fair value measurement and application, pensions and other postemployment benefits. This Statement is effective for the District's fiscal year ending June 30, 2018.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2007-2 (KIERNAN BUSINESS PARK WEST)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

In June 2017, the GASB issued Statement No. 87, *Leases*, increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The Statement is effective for the District's fiscal year ending June 30, 2021.

NOTE 2 – CASH AND INVESTMENTS

Cash and investments of the District are pooled with other City funds. The District's portion of this pooled amount was \$145,455 at June 30, 2017. At June 30, 2017, the City's investment pool is unrated and the weighted average maturity is 483 days. Interest earned on pooled cash and investments is credited to the funds based on each fund's average monthly cash balance. Detailed information concerning the City's pooled cash and investments, including information regarding the fair value of investments, may be found in the City's Comprehensive Annual Financial Report. As of June 30, 2017, the fair value of the District's position in the pool is the same as the value of its pool shares.

The fair value hierarchy established by generally accepted accounting principles is based on the valuation inputs used to measure the fair value of the assets. The District's investment in the City's investment pool is exempt from fair value measurement disclosures.

NOTE 3 – RESTRICTED NET POSITION AND FUND BALANCES

Net position is measured on the full accrual basis of accounting, which differs from the concept of fund balance, which is measured on the modified accrual basis of accounting.

A. Net Position

Net position is the excess of all the District's assets over all its liabilities. Net position is determined only at the government-wide level.

Restricted describes the portion of net position which is restricted as to use by the terms and conditions of agreements with outside parties, governmental regulations, laws, or other restrictions which the District cannot unilaterally alter. These principally include developer fees received for District maintenance.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2007-2 (KIERNAN BUSINESS PARK WEST)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 3 – RESTRICTED NET POSITION AND FUND BALANCES (Continued)

B. Fund Balances

Fund balances are all presented in the restricted category (see Note 1 for a description of fund balance categories). As of June 30, 2017, restrictions included:

Restricted for District Maintenance - the portion of fund balance legally restricted for maintenance of parkways and open space within the District.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

The Honorable City Council
of the City of Modesto, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and Special Revenue Fund of the City of Modesto Community Facilities District Number 2007-2 (Kiernan Business Park West) (the District), as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 21, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report

The Honorable City Council
of the City of Modesto, California

Report on Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of the City of Modesto Community Facilities District Number 1997-1 (North Beyer Park) (the District), a component unit of the City of Modesto, California, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly in all material respects the respective financial position of the governmental activities and each major fund of the District as of June 30, 2017, and the respective changes in financial position thereof and the respective budgetary comparison for the Special Revenue Fund for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 21, 2017, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 1997-1 (NORTH BEYER PARK)
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2017**

The City of Modesto Community Facilities District No. 1997-1 (North Beyer Park) (the District) has issued its financial statements in the format prescribed by the provisions of Governmental Accounting Standards Board (GASB) Statement No. 34, which requires the District to provide this overview of its financial activities for the fiscal year.

Please read this overview in conjunction with your reading of the accompanying basic financial statements.

THE PURPOSE OF THE DISTRICT

The District is a blended component unit of the City of Modesto, California. It is controlled by the City, and the City Council is the District's governing body. City employees perform most of the duties and functions required of the District, but certain tasks are provided by third parties under contract.

The District's purpose under California law is to provide a funding mechanism for public facilities and services authorized by the District. The District is the vehicle that will be used to ensure that all landowners in the Specific Plan area contribute to the cost of the public facilities and services. Additional information on the District can be found below, and in Note 1 to the accompanying financial statements.

BACKGROUND AND MANAGEMENT'S DISCUSSION

On November 26, 1996, the City Council of the City approved the North Beyer Park Specific Plan, allowing for a maximum of 1,200 residential units to be developed on 160 acres within the Specific Plan area. In addition, three areas within the Specific Plan were designated "Mixed Use," two of which were expected to develop as neighborhood commercial shopping centers and the third which was expected to develop as office space. At the same meeting at which the City Council approved the Specific Plan, a residential subdivision was approved for 263 dwelling units to be built on 55 acres within the Specific Plan. One condition of the tentative map of this subdivision required formation of or annexation into a Mello-Roos Community Facilities District (CFD) to fund maintenance of parkways and open space within the development.

In order to comply with the condition of the tentative map, in June 1997 the District was formed and authorized to levy a special tax to pay for capital improvements (medians on Coffee and Oakdale Roads) and ongoing maintenance costs. Subsequent development has annexed to this CFD.

To date, the CFD has been unable to construct the medians. This is because (1) insufficient tax monies have been collected for the construction projects and (2) the medians cannot be installed until the property owners on both sides of Coffee and Oakdale Roads dedicate the necessary right-of-way to construct the full street width. However, the CFD has levied and collected taxes sufficient for the ongoing maintenance expenses. In fact, the CFD has built sufficient reserves that the levy of the annual maintenance tax ceased as of fiscal year 2003-2004 and is not expected to be reinstated until the authorized improvements have been installed.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 1997-1 (NORTH BEYER PARK)
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2017**

FISCAL YEAR 2017 FINANCIAL HIGHLIGHTS

Financial highlights of the year include the following:

Government-Wide:

- The District's net position decreased \$3,694 in fiscal year 2017.
- At June 30, 2017, net position was \$90,522.
- Total general revenues were \$202.

Fund Basis:

- Capital Projects Fund revenues were (\$86). This is a decrease of \$500 from the prior year. The revenues are attributed to interest earnings and change in fair value of investments.
- Capital Projects Fund ending fund balance decreased \$86 to \$42,533.
- Special Revenue Fund revenues of \$288 were \$216 less than last year, attributed to an increase in interest earnings. Expenditures of \$3,896 were \$1,109 less than the prior year.
- Special Revenue Fund ending fund balance decreased \$3,608 to \$47,989.

THE BASIC FINANCIAL STATEMENTS

The basic financial statements comprise the government-wide financial statements and the fund financial statements; these two sets of financial statements provide two different views of the District's financial activities and financial position.

Government-Wide Financial Statements

The government-wide financial statements provide a long-term view of the District's activities as a whole and comprise the statement of net position and the statement of activities. The statement of net position provides information about the financial position of the District as a whole, including all its capital assets and long-term liabilities. The statement of activities provides information about the District's revenues and all its expenses. The statement of activities explains in detail the change in net position for the year.

The statement of net position and the statement of activities present information about the following:

- **Governmental activities** – All of the District's basic services are considered to be governmental activities, including formation, financing, construction, and maintenance activities. Formation deposits, special facilities taxes, and annual maintenance assessments support these services.

Government-wide financial statements are prepared on the accrual basis of accounting, which means they measure the flow of all economic resources of the District as a whole, similar to that used by the private sector.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 1997-1 (NORTH BEYER PARK)
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2017**

FINANCIAL ACTIVITIES OF THE DISTRICT AS A WHOLE

This analysis focuses on the net position and changes in net position of the District's governmental activities in the government-wide financial statement of net position and statement of activities that follow.

As of June 30, 2017, total assets were \$90,522. The District's net position from governmental activities decreased \$3,694 in 2017 from \$94,216 in 2016. All of the District's net position is restricted as follows: \$42,533 for capital projects and \$47,989 for District maintenance.

Following is a condensed statement of net position:

Statement of Net Position – Governmental Activities

	2017	2016
Cash and investments	\$ 90,326	\$ 94,018
Interest receivable	196	198
Total assets	90,522	94,216
Net position:		
Restricted for:		
Capital projects	42,533	42,619
District maintenance	47,989	51,597
Total net position	\$ 90,522	\$ 94,216

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 1997-1 (NORTH BEYER PARK)
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2017**

FISCAL YEAR 2017 GOVERNMENTAL ACTIVITIES

The District's fiscal year 2017 revenue came from interest income. Community development expense decreased by \$479 due to a decrease in the amount of time City employees providing administrative and program services charged to the District.

Following is a condensed statement of activities:

Statement of Activities – Governmental Activities

	2017	2016
Revenues:		
General revenues:		
Investment earnings	\$ 202	\$ 918
Expenses:		
Community development	3,896	5,005
Change in net position	(3,694)	(4,087)
Net position, beginning of year	94,216	98,303
Net position, end of year	\$ 90,522	\$ 94,216

Fund Financial Statements

The fund financial statements report the District's operations in more detail than the government-wide financial statements and focus primarily on the short-term activities of the District's two funds. The fund financial statements measure only current revenues and expenditures and fund balances; they exclude capital assets, long-term debt, and other long-term amounts.

The fund financial statements provide detailed information about each of the District's most significant funds, called major funds. Major funds present the major activities of the District for the year, and may change from year to year as a result of changes in the pattern of the District's activities. All of the District's funds are presented here as major funds; their purposes are explained in Note 1 to the financial statements.

All the District's funds are governmental funds; financial statements for these funds are prepared on the modified accrual basis of accounting, which means they measure only current financial resources and uses.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 1997-1 (NORTH BEYER PARK)
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2017**

Following is a condensed statement of revenues, expenditures, and changes in fund balances for the year ended June 30, 2017:

Statement of Revenues, Expenditures, and Changes in Fund Balances – Governmental Funds

	Capital Projects Fund	Special Revenue Fund	Total
Revenues	\$ (86)	\$ 288	\$ 202
Expenditures	-	3,896	3,896
Changes in fund balances	(86)	(3,608)	(3,694)
Fund balances, beginning of year	42,619	51,597	94,216
Fund balances, end of year	<u>\$ 42,533</u>	<u>\$ 47,989</u>	<u>\$ 90,522</u>

THE DISTRICT'S FUND FINANCIAL STATEMENTS

At June 30, 2017, the District's governmental funds reported combined fund balances of \$90,522, which is a decrease of \$3,694 compared with last year.

CAPITAL ASSETS

Under GASB Statement No. 34, the District is required to record all its capital assets, including infrastructure, at their historical cost, and to depreciate these assets over their estimated useful lives. However, title to all infrastructure assets acquired or constructed by the District is turned over to the City upon completion and acceptance. Accordingly, capital outlay expenditures are reported in both the District's fund and government-wide financial statements. Therefore, the District reports no long-term capital assets.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

These basic financial statements are intended to provide citizens, taxpayers, investors, and creditors with a general overview of the District's finances. Questions about this report should be directed to the City of Modesto, Administrator, Infrastructure Financing Programs, P.O. Box 642, Modesto, California 95353.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 1997-1 (NORTH BEYER PARK)**

**STATEMENT OF NET POSITION
AND STATEMENT OF ACTIVITIES**

The statement of net position and the statement of activities summarize the entire District's financial activities and financial position. They are prepared on the same basis of accounting as that used by most businesses, which means they include all the District's assets and all its liabilities, as well as all its revenues and expenses. This is known as the full accrual basis of accounting – the effect of all the District's transactions is taken into account, regardless of whether or when cash changes hands, but all material internal transactions between District funds have been eliminated.

The statement of net position reports the difference between the District's total assets and the District's total liabilities, including all the District's capital assets and all its long-term debt. The statement of net position focuses the reader on the composition of the District's net position, by subtracting total liabilities from total assets. The statement of net position summarizes the financial position of the District in a single column.

The statement of activities reports increases and decreases in the District's net position. It is also prepared on the full accrual basis of accounting, which means it includes all the District's revenues and all its expenses, regardless of when cash changes hands. This differs from the "modified accrual" basis of accounting used in the fund financial statements, which reflect only current assets, current liabilities, available revenues, and measurable expenditures.

The format of the statement of activities presents the District's expenses, which are listed by program, first. Program revenues – that is, revenues which are generated directly by these programs – are then deducted from program expenses to arrive at the net program revenue (expense). General revenues – that is, revenues which are not generated directly by these programs – are then added to arrive at the change in net position and reconciled with the statement of net position.

FUND FINANCIAL STATEMENTS

Major funds are defined generally as having significant activities or balances in the current year.

The District determined all its funds to be major funds. They are:

The **Capital Projects** Fund accounts for all financial resources and uses related to acquisition, construction, and formation/annexation activities.

The **Special Revenue** Fund accounts for all financial resources and uses related to maintenance of parkways and open space within the District.

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description and Reporting Entity

The Community Facilities District Number 1997-1 (North Beyer Park) (the District) was formed in June 1997 by a vote of the property owners within the proposed District. The District, a separate legal entity, was formed to provide a funding mechanism for public facilities and services as required by the District Specific Plan. The District is a 160-acre project, the boundaries of which are recorded in Book 2, page 80 of the Book of Assessment District Maps in the Stanislaus County Recorder's Office.

The District is an integral part of the City of Modesto, California (the City) and the accompanying financial statements are included as a blended component unit of the basic financial statements prepared by the City. A component unit is a separate governmental unit, agency, or nonprofit corporation which, when combined with all other component units, constitutes the reporting entity as defined in the City's basic financial statements.

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and statement of activities) report information on all of the activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities normally are supported by taxes and intergovernmental revenues.

The statement of activities demonstrates the degree to which direct expenses are offset by program revenues. Direct expenses are those that are clearly identifiable with the community development function. Program revenues include grants and contributions that are restricted to meeting the operational requirements of the community development function. Investment earnings, and other items which are not properly included among program revenues, are reported instead as general revenues.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

C. Basis of Presentation, Basis of Accounting, and Measurement Focus

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Taxes are recognized as revenues in the year for which they are levied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 180 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under the accrual basis of accounting.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 1997-1 (NORTH BEYER PARK)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Substantially all taxes and interest, including the net increase (decrease) in the fair value of investments, are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Miscellaneous revenues are considered to be measurable and available only when cash is received by the District.

The District reports the following major governmental funds:

The **Capital Projects** Fund accounts for all financial resources and uses related to acquisition, construction, and formation/annexation activities.

The **Special Revenue** Fund accounts for all financial resources and uses related to maintenance of parkways and open space within the District.

D. Capital Assets

The District is required to record all its capital assets, including infrastructure, at their historical cost, and to depreciate these assets over their estimated useful lives. However, title to all infrastructure assets acquired or constructed by the District is turned over to the City upon completion and acceptance. Accordingly, capital outlay expenditures/expenses are reported in both the District's fund and government-wide financial statements.

E. Fund Balance

In the fund financial statements, governmental funds report fund balance as nonspendable, restricted, committed, assigned, or unassigned based primarily on the extent to which the District is bound to honor constraints on how specific amounts can be spent.

- **Nonspendable** - Amounts that are not in spendable form (such as inventory) or are required either legally or contractually to be maintained intact.
- **Restricted** - Amounts with constraints placed on their use that are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or (b) imposed by law through constitutional or enabling legislation.
- **Committed** - Amounts constrained to specific purposes by the District itself, using the District's highest level of decision-making authority (the City Council). To be reported as committed, amounts cannot be used for any other purpose unless the District takes the same highest level action to remove or change the constraint. The underlying action that imposed the limitation needs to occur no later than the close of the reporting period.
- **Assigned** - Amounts the District *intends* to use for a specific purpose. Intent can be expressed by the District at either the highest level of decision-making or by an official or body to which the District delegates the authority.
- **Unassigned** - The residual classification for the District that includes amounts not contained in the other classifications. In other funds, the unassigned classification is used only if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 1997-1 (NORTH BEYER PARK)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The District establishes and modifies or rescinds fund balance commitments by passage of an ordinance or policy. This is typically done through adoption or amendment of the budget. A fund balance commitment is further indicated in the budget as a designation or commitment of the fund, such as approved construction contracts. Assigned fund balance is established by the District through adoption or amendment of the budget or future year budget plan as intended for a specific purpose.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, followed by the committed, assigned, and unassigned resources as they are needed.

F. Governmental Accounting Standards Update

During the year ended June 30, 2017, the District implemented the following Governmental Accounting Standards Board (GASB) standards:

GASB Statement No. 80, *Blending Requirements for Certain Component Units – an amendment of GASB Statement No. 14*. The statement establishes an additional blending requirement for the financial statement presentation of component units. This statement did not have a significant impact to the District's financial statements.

The District is currently evaluating its accounting practices to determine the potential impact on the financial statements for the following GASB Statements:

In March 2016, the GASB issued Statement No. 81, *Irrevocable Split-Interest Agreements*. The statement provides recognition and measurement guidance for situations in which a government is a beneficiary of these agreements. This Statement is effective for the District's fiscal year ending June 30, 2018.

In January 2017, the GASB issued Statement No. 84, *Fiduciary Activities*, improves guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The Statement is effective for the District's fiscal year ending June 30, 2020.

In March 2017, the GASB issued Statement No. 85, *Omnibus 2017*, addresses practical issues that have been identified during implementation and application of certain GASB Statements. The statement addresses a variety of topics including issues related to blending component units, goodwill, fair value measurement and application, pensions and other postemployment benefits. This Statement is effective for the District's fiscal year ending June 30, 2018.

In June 2017, the GASB issued Statement No. 87, *Leases*, increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The Statement is effective for the District's fiscal year ending June 30, 2021.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 1997-1 (NORTH BEYER PARK)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 2 – CASH AND INVESTMENTS

Cash and investments of the District are pooled with other City funds. The District's portion of this pooled amount was \$90,326 at June 30, 2017. At June 30, 2017, the City's investment pool is unrated and the weighted average maturity is 483 days. Interest earned on pooled cash and investments is credited to the funds based on each fund's average monthly cash balance. Detailed information concerning the City's pooled cash and investments, including information regarding the fair value of investments, may be found in the City's Comprehensive Annual Financial Report. As of June 30, 2017, the fair value of the District's position in the pool is the same as the value of its pool shares.

The fair value hierarchy established by generally accepted accounting principles is based on the valuation inputs used to measure the fair value of the assets. The District's investment in the City's investment pool is exempt from fair value measurement disclosures.

NOTE 3 – RESTRICTED NET POSITION AND FUND BALANCES

Net position is measured on the full accrual basis of accounting, which differs from the concept of fund balance, which is measured on the modified accrual basis of accounting.

A. Net Position

Net position is the excess of all the District's assets over all its liabilities. Net position is determined only at the government-wide level.

Restricted describes the portion of net position which is restricted as to use by the terms and conditions of agreements with outside parties, governmental regulations, laws, or other restrictions which the District cannot unilaterally alter. These principally include developer fees received for use on capital projects and District maintenance.

B. Restrictions of Fund Balances

Fund balances are all presented in the restricted category (see Note 1 for a description of fund balance categories). As of June 30, 2017, restrictions included:

Restricted for Capital Projects - the portion of fund balance legally restricted for the acquisition, construction, and formation/annexation activities.

Restricted for District Maintenance - the portion of fund balance legally restricted for maintenance of parkways and open space within the District.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

The Honorable City Council
of the City of Modesto, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of the City of Modesto Community Facilities District Number 1997-1 (North Beyer Park) (the District), as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 21, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report

The Honorable City Council
of the City of Modesto, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of the City of Modesto Community Facilities District Number 2002-1 (Northpointe) (the District), a component unit of the City of Modesto, California, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly in all material respects the respective financial position of the governmental activities and each major fund of the District as of June 30, 2017, and the respective changes in financial position thereof and the respective budgetary comparison for the Special Revenue Fund for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 21, 2017, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Macias Gini & O'Connell LLP

Walnut Creek, California
December 21, 2017

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2002-1 (NORTHPOINTE)
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2017**

The City of Modesto Community Facilities District No. 2002-1 (Northpointe) (the District) has issued its financial statements in the format prescribed by the provisions of Governmental Accounting Standards Board (GASB) Statement No. 34, which requires the District to provide this overview of its financial activities for the fiscal year.

Please read this overview in conjunction with your reading of the accompanying basic financial statements.

THE PURPOSE OF THE DISTRICT

The District is a blended component unit of the City of Modesto, California (City). It is controlled by the City, and the City Council is the District's governing body. City employees perform most of the duties and functions required of the District, but certain tasks are provided by third parties under contract.

The District's purpose under California law is to provide a funding mechanism for public facilities and services authorized by the District. The District is the vehicle that will be used to ensure that all landowners in the Specific Plan area contribute to the cost of the public facilities and services. Additional information on the District can be found below, and in Note 1 to the accompanying financial statements.

BACKGROUND AND MANAGEMENT'S DISCUSSION

On April 1, 1997, the City Council approved the Kiernan Business Park Specific Plan that set forth a plan of development for approximately 614 acres that were, at that time, located adjacent to the City's northern border, east of Highway 99 and south of Kiernan Avenue in a portion of unincorporated Stanislaus County. To date, approximately 250 acres within the Kiernan Business Park Specific Plan have been annexed into the City. Approximately 55 of the City-annexed acres are included within the District. The Kiernan Business Park Specific Plan is intended to provide for the development of a new business park, commercial and industrial uses that will assist in implementing the City's long-range objectives to enhance its local economy, generate jobs for residents, and create a better jobs/housing balance.

The District was formed by the City Council in February 2002 in order to generate funding for landscaping improvements, a variety of maintenance responsibilities (weed control, litter removal, landscape maintenance, and general maintenance and replacement of storm drainage facilities), and improvement and replacement costs necessitated by development of the projects within the District. The Capital Projects Fund, earmarked to fund the storm drain basin landscape improvements, will be utilized once the final configuration of the storm drain basin has been determined.

FISCAL YEAR 2017 FINANCIAL HIGHLIGHTS

Financial highlights of the year include the following:

Government-Wide:

- At June 30, 2017, net position was \$267,068.
- Total District revenues were \$7,883.
- Total District expenses were \$37,736.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2002-1 (NORTHPOINTE)
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2017**

Fund Basis:

- Capital Projects Fund revenues of \$21 were \$380 less than the prior year. The Capital Projects Fund ending fund balance increased \$21 to \$42,565.
- Special Revenue Fund revenues of \$7,862 were \$1,740 less than the prior year due to a decrease of change in fair value of investments and expenditures of \$37,736 were \$17,738 more than the prior year due primarily to an increase in professional and other services. The Special Revenue Fund balance decreased by \$29,874 to an ending fund balance of \$224,503 due to maintenance expenditures of \$37,736 with no maintenance special tax collected.

THE BASIC FINANCIAL STATEMENTS

The basic financial statements comprise the government-wide financial statements and the fund financial statements; these two sets of financial statements provide two different views of the District's financial activities and financial position.

Government-Wide Financial Statements,

The government-wide financial statements provide a long-term view of the District's activities as a whole and comprise the statement of net position and the statement of activities. The statement of net position provides information about the financial position of the District as a whole, including all its capital assets and long-term liabilities. The statement of activities provides information about the District's revenues and all its expenses. The statement of activities explains in detail the change in net position for the year.

The statement of net position and the statement of activities present information about the following:

- **Governmental activities** – All of the District's basic services are considered to be governmental activities, including formation, financing, construction, and maintenance activities. These services are supported by formation deposits, special facilities taxes, and annual maintenance assessments.

Government-wide financial statements are prepared on the accrual basis of accounting, which means they measure the flow of all economic resources of the District as a whole, similar to that used by the private sector.

FINANCIAL ACTIVITIES OF THE DISTRICT AS A WHOLE

This analysis focuses on the net position and changes in net position of the District's governmental activities in the government-wide financial statement of net position and statement of activities that follow.

As of June 30, 2017, total assets of \$276,570 were offset by liabilities of \$9,502. The District's net position from governmental activities decreased from \$296,921 in 2016 to \$267,068 in 2017. All of the District's assets are restricted as follows: \$42,565 for acquisition or construction of capital projects and \$224,503 for maintenance.

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2017**

Fund Financial Statements

The fund financial statements report the District's operations in more detail than the government-wide financial statements and focus primarily on the short-term activities of the District's two funds. The fund financial statements measure only current revenues and expenditures and fund balances; they exclude capital assets, long-term debt, and other long-term amounts.

The fund financial statements provide detailed information about each of the District's most significant funds, called major funds. Major funds present the major activities of the District for the year, and may change from year to year as a result of changes in the pattern of District's activities. All of the District's funds are presented here as major funds; their purpose is explained in Note 1 to the financial statements.

All the District's funds are governmental funds; financial statements for these funds are prepared on the modified accrual basis of accounting, which means they measure only current financial resources and uses.

The following is a condensed statement of revenues, expenditures, and changes in fund balances for the year ended June 30, 2017:

Statement of Revenues, Expenditures, and Changes in Fund Balances – Governmental Funds

	Capital Projects Fund	Special Revenue Fund	Total
Revenues	\$ 21	\$ 7,862	\$ 7,883
Expenditures	-	37,736	37,736
Changes in fund balances	21	(29,874)	(29,853)
Fund balances, beginning of year	42,544	254,377	296,921
Fund balances, end of year	<u>\$ 42,565</u>	<u>\$ 224,503</u>	<u>\$ 267,068</u>

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2002-1 (NORTHPOINTE)
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2017**

THE DISTRICT'S FUND FINANCIAL STATEMENTS

At June 30, 2017, the District's governmental funds reported fund balances of \$267,068, a decrease of \$29,853 from 2016, all restricted as follow: \$42,565 will be used to fund future capital projects while \$224,503 will be used to fund maintenance and administrative expenditures.

CAPITAL ASSETS

Under GASB Statement No. 34, the District is required to record all its capital assets, including infrastructure, at their historical cost, and to depreciate these assets over their estimated useful lives. However, title to all infrastructure assets acquired or constructed by the District is turned over to the City upon completion and acceptance. Accordingly, capital outlay expenditures are reported in both the District's fund and government-wide financial statements. Therefore, the District reports no long-term capital assets.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

These basic financial statements are intended to provide citizens, taxpayers, investors, and creditors with a general overview of the District's finances. Questions about this report should be directed to the City of Modesto, Administrator, Infrastructure Financing Programs, P.O. Box 642, Modesto, California 95353.

**STATEMENT OF NET POSITION
AND STATEMENT OF ACTIVITIES**

The statement of net position and the statement of activities summarize the entire District's financial activities and financial position. They are prepared on the same basis of accounting that is used by most businesses, which means they include all the District's assets and all its liabilities, as well as all its revenues and expenses. This is known as the full accrual basis of accounting – the effect of all the District's transactions is taken into account, regardless of whether or when cash changes hands, but all material internal transactions between District funds have been eliminated.

The statement of net position reports the difference between the District's total assets and the District's total liabilities, including all the District's capital assets and all its long-term debt. The statement of net position focuses the reader on the composition of the District's net position, by subtracting total liabilities from total assets. The statement of net position summarizes the financial position of the District in a single column.

The statement of activities reports increases and decreases in the District's net position. It is also prepared on the full accrual basis of accounting, which means it includes all the District's revenues and all its expenses, regardless of when cash changes hands. This differs from the "modified accrual" basis of accounting used in the fund financial statements, which reflect only current assets, current liabilities, available revenues, and measurable expenditures.

The format of the statement of activities presents the District's expenses, which are listed by program, first. Program revenues – that is, revenues which are generated directly by these programs – are then deducted from program expenses to arrive at the net program revenue (expense). General revenues – that is, revenues which are not generated directly by these programs – are then added to arrive at the change in net position and reconciled with the statement of net position.

FUND FINANCIAL STATEMENTS

Major funds are defined generally as having significant activities or balances in the current year.

The District determined all its funds to be major funds. They are:

The **Capital Projects** Fund accounts for all financial resources and uses related to acquisition, construction, and formation/annexation activities.

The **Special Revenue** Fund accounts for all financial resources and uses related to maintenance of parkways and open space within the District.

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description and Reporting Entity

The Community Facilities District Number 2002-1 (Northpointe) (the District) was formed in February 2002 by a vote of the property owners within the proposed District. The District, a separate legal entity, was formed to provide a funding and reimbursement mechanism for public facilities and services required by the District Specific Plans. The District is the vehicle used to ensure that all landowners in the Specific Plans pay their fair share of the public improvements. The District is a 55-acre project bounded on the East by Highway 99, and by Pelandale Avenue on the South. The District will provide for the development of new business park and industrial uses and includes such tenants as Costco, Lowe's, and Union Safe Deposit Bank.

The District is an integral part of the City of Modesto, California (the City) and the accompanying financial statements are included as a blended component unit of the basic financial statements prepared by the City. A component unit is a separate governmental unit, agency, or nonprofit corporation which, when combined with all other component units, constitutes the reporting entity as defined in the City's basic financial statements.

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and statement of activities) report information on all of the activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities normally are supported by taxes and intergovernmental revenues.

The statement of activities demonstrates the degree to which direct expenses are offset by program revenues. Direct expenses are those that are clearly identifiable with the community development function. Program revenues include grants and contributions that are restricted to meeting the operational requirements of the community development function. Investment earnings, and other items which are not properly included among program revenues, are reported instead as general revenues.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

C. Basis of Presentation, Basis of Accounting, and Measurement Focus

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Taxes are recognized as revenues in the year for which they are levied.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2002-1 (NORTHPOINTE)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when collectible within the current period or soon enough thereafter to pay liabilities to the current period. For this purpose, the District considers revenues to be available if they are collected within 180 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under the accrual basis of accounting.

Substantially all taxes and interest, including the net increase (decrease) in the fair value of investments, are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Miscellaneous revenues are considered to be measurable and available only when cash is received by the District.

The District reports the following major governmental funds:

The **Capital Projects** Fund accounts for all financial resources and uses related to acquisition, construction, and formation/annexation activities.

The **Special Revenue** Fund accounts for all financial resources and uses related to maintenance of parkways and open space within the District.

D. Capital Assets

The District is required to record all its capital assets, including infrastructure, at their historical cost, and to depreciate these assets over their estimated useful lives. However, title to all infrastructure assets acquired or constructed by the District is turned over to the City upon completion and acceptance. Accordingly, capital outlay expenditures/expenses are reported in both the District's fund and government-wide financial statements.

E. Fund Balance

In the fund financial statements, governmental funds report fund balance as nonspendable, restricted, committed, assigned, or unassigned based primarily on the extent to which the District is bound to honor constraints on how specific amounts can be spent.

- **Nonspendable** - Amounts that are not in spendable form (such as inventory) or are required either legally or contractually to be maintained intact.
- **Restricted** - Amounts with constraints placed on their use that are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or (b) imposed by law through constitutional or enabling legislation.
- **Committed** - Amounts constrained to specific purposes by the District itself, using the District's highest level of decision-making authority (the City Council). To be reported as

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2002-1 (NORTHPOINTE)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

committed, amounts cannot be used for any other purpose unless the District takes the same highest level action to remove or change the constraint. The underlying action that imposed the limitation needs to occur no later than the close of the reporting period.

- **Assigned** - Amounts the District *intends* to use for a specific purpose. Intent can be expressed by the District at either the highest level of decision-making or by an official or body to which the District delegates the authority.
- **Unassigned** - The residual classification for the District that includes amounts not contained in the other classifications. In other funds, the unassigned classification is used only if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes.

The District establishes and modifies or rescinds fund balance commitments by passage of an ordinance or policy. This is typically done through adoption and amendment of the budget. A fund balance commitment is further indicated in the budget as a designation or commitment of the fund, such as approved construction contracts. Assigned fund balance is established by the District through adoption or amendment of the budget or future year budget plan as intended for a specific purpose.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, followed by the committed, assigned, and unassigned resources as they are needed.

F. Governmental Accounting Standards Update

In the year ended June 30, 2017, the District has implemented the following Governmental Accounting Standards Board (GASB) standards:

GASB Statement No. 80, *Blending Requirements for Certain Component Units – an amendment of GASB Statement No. 14*. The statement establishes an additional blending requirement for the financial statement presentation of component units. This Statement did not have a significant impact to the District's financial statements.

The District is currently evaluating its accounting practices to determine the potential impact on the financial statements for the following GASB Statements:

In March 2016, the GASB issued Statement No. 81, *Irrevocable Split-Interest Agreements*. The statement provides recognition and measurement guidance for situations in which a government is a beneficiary of these agreements. This Statement is effective for the District's fiscal year ending June 30, 2018.

In January 2017, the GASB issued Statement No. 84, *Fiduciary Activities*, improves guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The Statement is effective for the District's fiscal year ending June 30, 2020.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2002-1 (NORTHPOINTE)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

In March 2017, the GASB issued Statement No. 85, *Omnibus 2017*, addresses practical issues that have been identified during implementation and application of certain GASB Statements. The statement addresses a variety of topics including issues related to blending component units, goodwill, fair value measurement and application, pensions and other postemployment benefits. This Statement is effective for the District's fiscal year ending June 30, 2018.

In June 2017, the GASB issued Statement No. 87, *Leases*, increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The Statement is effective for the District's fiscal year ending June 30, 2021.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2002-1 (NORTHPOINTE)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 2 – CASH AND INVESTMENTS

Cash and investments of the District are pooled with other City funds. The District's portion of this pooled amount was \$275,945 at June 30, 2017. At June 30, 2017, the City's investment pool is unrated and the weighted average maturity is 483 days. Interest earned on pooled cash and investments is credited to the funds based on each fund's average monthly cash balance. Detailed information concerning the City's pooled cash and investments, including information regarding the fair value of investments, may be found in the City's Comprehensive Annual Financial Report. As of June 30, 2017, the fair value of the District's position in the pool is the same as the value of its pool shares.

The fair value hierarchy established by generally accepted accounting principles is based on the valuation inputs used to measure the fair value of the assets. The District's investment in the City's investment pool is exempt from fair value measurement disclosures.

NOTE 3 – RESTRICTED NET POSITION AND FUND BALANCES

Net position is measured on the full accrual basis of accounting, which differs from the concept of fund balance, which is measured on the modified accrual basis of accounting.

A. Net Position

Net position is the excess of all the District's assets over all its liabilities. Net position is determined only at the government-wide level.

Restricted describes the portion of net position which is restricted as to use by the terms and conditions of agreements with outside parties, governmental regulations, laws, or other restrictions which the District cannot unilaterally alter. These principally include developer fees received for capital projects and District maintenance.

B. Fund Balances

Fund balances are all presented in the restricted category (see Note 1 for a description of fund balance categories). As of June 30, 2017, restrictions included:

Restricted for Capital Projects - the portion of fund balance legally restricted for the acquisition, construction, and formation/annexation activities.

Restricted for District Maintenance - the portion of fund balance legally restricted for maintenance of parkways and open space within the District.

This page intentionally left blank.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

The Honorable City Council
of the City of Modesto, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of the City of Modesto Community Facilities District Number 2002-1 (Northpointe) (the District), as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 21, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report

The Honorable City Council
of the City of Modesto, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of the City of Modesto Community Facilities District Number 2004-1 (Village One #2) (the District), a component unit of the City of Modesto, California, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly in all material respects the respective financial position of the governmental activities and each major fund of the District as of June 30, 2017, and the respective changes in financial position thereof and the respective budgetary comparison for the Special Revenue Fund for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 21, 2017, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Macias Gini & O'Connell LLP

Walnut Creek, California

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2004-1 (VILLAGE ONE #2)
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2017**

The City of Modesto Community Facilities District No. 2004-1 (Village One #2) (the District) has issued its financial statements in the format prescribed by the provisions of Governmental Accounting Standards Board (GASB) Statement No. 34, which requires the District to provide this overview of its financial activities for the fiscal year.

Please read this overview in conjunction with your reading of the accompanying basic financial statements.

THE PURPOSE OF THE DISTRICT

The District is a blended component unit of the City of Modesto, California (City). It is controlled by the City, and the City Council is the District's governing body. City employees perform most of the duties and functions required of the District, but certain tasks are provided by third parties under contract.

The District's purpose under California law is to provide a funding mechanism for needed public facilities and services authorized by the District. The District is the vehicle that will be used to ensure that all landowners within the Specific Plan area contribute to the cost of the public facilities and services. Additional information on the District can be found below, and in Note 1 to the accompanying financial statements.

BACKGROUND AND MANAGEMENT'S DISCUSSION

The Village One #2 Specific Plan encompasses approximately 1,840 gross acres of land within the City, on which a pedestrian-oriented, mixed-use, planned community is anticipated to be developed. In 1996 the City Council formed City of Modesto Community Facilities District (CFD) No. 1996-1 to provide funding for the acquisition or construction of certain road, storm drainage, and park improvements. In 2004 it was determined that the tax rates set forth in CFD No. 1996-1 would be insufficient to fund the required infrastructure; therefore, in early 2004, the City Council formed the District to assist in the financing of the remaining required infrastructure. The District includes a one-time facilities special tax, an annual facilities special tax, and an annual maintenance special tax. The District, in conjunction with CFD No. 1996-1, will provide the funding needed to complete the District funded core infrastructure needed for the Village One area.

Below is a summary of the District funded infrastructure that was under design, construction or constructed/acquired for the Village One area in fiscal year 2016-17 using tax monies and bond proceeds from the District:

Under Design and Construction

- Sylvan Avenue between Oakdale and Wood Sorrell
- Oakdale Road between Floyd Avenue and Sylvan Avenue
- Roselle Avenue between Sylvan Avenue and Floyd Avenue
- Signal at Roselle and Bellharbor

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2017**

FISCAL YEAR 2017 FINANCIAL HIGHLIGHTS

Financial highlights of the year include the following:

Government-Wide:

- The District's total net position in fiscal year 2017 was \$14.8 million.
- At June 30, 2017, total assets were \$44.0 million while total liabilities were \$30.4 million.
- Total District revenues were \$2.3 million and expenses were \$2.8 million.

Fund Basis:

- Capital Projects Fund revenues increased from \$426,180 in the prior year to \$449,621 for fiscal year 2017 and expenditures increased from \$137,986 in the prior year to \$882,167 for fiscal year 2017. The increase in revenues is attributed to an increase in development within the District, and the increase in expenditures is attributed to an increase in activity in development of capital projects.
- Capital Projects Fund ending fund balance for fiscal year 2017 decreased from \$12.3 million to \$11.9 million. This decrease is primarily attributed to an increase in activity in development of capital projects.
- Special Revenue Fund revenues decreased from \$513,332 in the prior year to \$508,615 for fiscal year 2017 and expenditures increased from \$551,160 in the prior year to \$607,609 for fiscal year 2017. The decrease in revenue is due to decrease in change in fair value of investments, and the increase in expenditures is due primarily to an increase in utilities expense for electricity due to increase pumping in the storm drain basins.
- Special Revenue Fund ending fund balance decreased from \$519,732 in prior year to \$420,738 in current year.
- Debt Service Fund revenues remained the same at \$1.8 million for fiscal year 2017 from prior year and expenditures increased from \$1.6 million in the prior year to \$1.8 million for fiscal year 2017. The increase in expenditures is attributed to the increase in principal debt service payments compared to the prior year.
- Debt Service Fund ending fund balance for fiscal year 2017 remained the same as fiscal year 2016 at about \$3.0 million.

THE BASIC FINANCIAL STATEMENTS

The basic financial statements comprise the government-wide financial statements and the fund financial statements; these two sets of financial statements provide two different views of the District's financial activities and financial position.

Government-Wide Financial Statements

The government-wide financial statements provide a long-term view of the District's activities as a whole and comprise the statement of net position and the statement of activities. The statement of net position provides information about the financial position of the District as a whole, including all its capital assets and long-term liabilities. The statement of activities provides information about the District's revenues and all its expenses. The statement of activities explains in detail the change in net position for the year.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2004-1 (VILLAGE ONE #2)
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2017**

The statement of net position and the statement of activities present information about the following:

- **Governmental activities** – All of the District's basic services are considered to be governmental activities, including formation, financing, construction, and maintenance activities. These services are supported by formation deposits, special facilities taxes, and annual maintenance assessments.

Government-wide financial statements are prepared on the accrual basis of accounting, which means they measure the flow of all economic resources of the District as a whole, similar to that used by the private sector.

FINANCIAL ACTIVITIES OF THE DISTRICT AS A WHOLE

This analysis focuses on the net position and changes in net position of the District's governmental activities in the government-wide financial statement of net position and statement of activities that follow.

As of June 30, 2017, total assets and deferred outflows of resources of \$45.2 million were offset by liabilities of \$30.4 million. The District's net position from governmental activities decreased to \$14.8 million in 2017 from \$15.2 million in 2016. This decrease was partly due to an increase in facilities special tax revenue offset by a greater increase in community development expenses. The District's net position has restrictions as follows: \$11.9 million for acquisition or construction of infrastructure, \$2.4 million for debt service, and \$0.4 million for District maintenance.

Following is a condensed statement of net position:

Statement of Net Position – Governmental Activities

	<u>2017</u>	<u>2016</u>
Cash and investments	\$ 12,685,320	\$ 13,013,198

FISCAL YEAR 2017 GOVERNMENTAL ACTIVITIES

The District's fiscal year 2017 revenue came primarily from annual facilities and maintenance special taxes, which amounted to \$2,257,036, capital grants and contributions in the amount of \$1,830, along with additional investments earnings of \$56,638. District expenses of \$2,804,255 were primarily for maintenance, administration, and interest on long term debt.

Following is a condensed statement of activities:

Statement of Activities – Governmental Activities

	2017	2016
Revenues:		
Program revenues:		
Capital grants and contributions	\$ 1,830	\$ 157,379

FOR THE YEAR ENDED JUNE 30, 2017**

Fund Financial Statements

The fund financial statements report the District's operations in more detail than the government-wide financial statements and focus primarily on the short-term activities of the District's three funds. The fund financial statements measure only current revenues and expenditures and fund balances; they exclude capital assets, long-term debt, and other long-term amounts.

The fund financial statements provide detailed information about each of the District's most significant funds, called major funds. Major funds present the major activities of the District for the year, and may change from year to year as a result of changes in the pattern of the District's activities. All of the District's funds are presented here as major funds; their purpose is explained in Note 1 to the financial statements.

All the District's funds are governmental funds; financial statements for these funds are prepared on the modified accrual basis of accounting, which means they measure only current financial resources and uses.

Following is a condensed statement of revenues, expenditures, and changes in fund balances for the year ended June 30, 2017:

Statement of Revenues, Expenditures, and Changes in Fund Balances – Governmental Funds

	Capital Projects Fund	Special Revenue Fund	Debt Service Fund	Total
Revenues	\$ 449,621	\$ 508,615	\$ 1,844,445	\$ 2,802,681
Expenditures	882,167	607,609	1,789,583	3,279,359
Changes in fund balances	(432,546)	(98,994)	54,862	(476,678)
Fund balances, beginning of year	12,286,776	519,732	2,953,926	15,760,434
Fund balances, end of year	<u>\$ 11,854,230</u>	<u>\$ 420,738</u>	<u>\$ 3,008,788</u>	<u>\$ 15,283,756</u>

THE DISTRICT'S FUND FINANCIAL STATEMENTS

The District's fiscal year 2017 revenue primarily came from facilities special taxes in the amount of \$2.2 million and maintenance special taxes in the amount of \$0.5 million.

District expenditures of \$3.3 million in fiscal year 2017 consisted of \$882,167 in Capital Projects Fund expenditures, \$607,609 in Special Revenue Fund expenditures for maintenance of District facilities and ongoing administrative expenditures, and \$1.8 million in Debt Service Fund expenditures.

At June 30, 2017, the District's governmental funds reported combined fund balances of \$15.3 million, a decrease of \$476,678 compared with last year. This decrease was primarily due to a combination of increased facilities special tax and maintenance special tax revenues in the amount of \$276,793, and

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2004-1 (VILLAGE ONE #2)
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2017**

increased capital outlay expenditures in the amount of \$764,577 for the increase in activity in development of capital projects and the increase in debt service payments.

CAPITAL ASSETS

Under GASB Statement No. 34, the District is required to record all its capital assets, including infrastructure, at their historical cost, and to depreciate these assets over their estimated useful lives. However, title to all infrastructure assets acquired or constructed by the District is turned over to the City upon completion and acceptance. Accordingly, capital outlay expenditures are reported in both the District's fund and government-wide financial statements. Therefore, the District reports no long-term capital assets.

DEBT ADMINISTRATION

The District issued Special Tax Bonds, Series 2006 in the principal amount of \$31.1 million in March 2006. The proceeds have been and will continue to be used to reimburse Developers for infrastructure they install pursuant to the Acquisition & Shortfall Agreements entered into between Developers and the District as well as to fund authorized facilities installed by the District.

The District issued Refunding Special Tax Bonds, Series 2014 in the principal amount of \$29.3 million with a premium of \$1.5 million in July 2014 to refund the outstanding Special Tax Bonds, Series 2006.

The balance of the long-term debt at June 30, 2017, is \$29.8 million. Additional details can be found in Note 3 to the financial statements.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

These basic financial statements are intended to provide citizens, taxpayers, investors, and creditors with a general overview of the District's finances. Questions about this report should be directed to the City of Modesto, Administrator, Infrastructure Financing Programs, P.O. Box 642, Modesto, California 95353.

COMMUNITY FACILITIES DISTRICT
NUMBER 2004-1 (VILLAGE ONE #2)**

**STATEMENT OF NET POSITION
AND STATEMENT OF ACTIVITIES**

The statement of net position and the statement of Activities summarize the entire District's financial activities and financial position. They are prepared on the same basis of accounting that is used by most businesses, which means they include all the District's assets and all its liabilities, as well as all its revenues and expenses. This is known as the full accrual basis of accounting – the effect of all the District's transactions is taken into account, regardless of whether or when cash changes hands, but all material internal transactions between District funds have been eliminated.

The statement of net position reports the difference between the District's total assets, deferred outflows of resources, and the District's total liabilities, including all the District's capital assets and all its long-term debt. The statement of net position focuses the reader on the composition of the District's net position, by subtracting total liabilities from total assets and deferred outflows of resources. The statement of net position summarizes the financial position of the District in a single column.

The statement of activities reports increases and decreases in the District's net position. It is also prepared on the full accrual basis of accounting, which means it includes all the District's revenues and all its expenses, regardless of when cash changes hands. This differs from the "modified accrual" basis of accounting used in the fund financial statements, which reflect only current assets, current liabilities, available revenues, and measurable expenditures.

The format of the statement of activities presents the District's expenses, which are listed by program, first. Program revenues – that is, revenues which are generated directly by these programs – are then deducted from program expenses to arrive at the change in net position and reconciled with the statement of net position.

FUND FINANCIAL STATEMENTS

Major funds are defined generally as having significant activities or balances in the current year.

The District determined all its funds to be major funds. They are:

The **Capital Projects** Fund accounts for all financial resources and uses related to acquisition, construction, and formation/annexation activities.

The **Special Revenue** Fund accounts for all financial resources and uses related to maintenance of parkways and open space within the District.

The **Debt Service** Fund accounts for the payment of principal and interest on the 2014 Refunding Special Tax Bonds.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2004-1 (VILLAGE ONE #2)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description and Reporting Entity

The Community Facilities District Number 2004-1 (Village One #2) (the District) was formed in April 2004 by a vote of the property owners within the proposed district. The District, a separate legal entity, was formed to provide a funding and reimbursement mechanism for public facilities and services required by the District Specific Plan. The District is the vehicle used to ensure that all landowners in the Specific Plan area contribute to the cost of public improvements. The District encompasses approximately 1,840 gross acres of land on which a pedestrian-oriented, mixed-use, planned community is anticipated to be developed. The District is located in the North Eastern portion of the City of Modesto, California (the City), bordered by Sylvan Avenue to the North, Claus Road to the East, Briggsmore to the South, and Oakdale Road to the West. The District is expected to yield 6,186 residential dwelling units at buildout; in addition to 15 acres of commercial property and 220 acres of industrial property.

The District is an integral part of the City and the accompanying financial statements are included as a blended component unit of the basic financial statements prepared by the City. A component unit is a separate governmental unit, agency, or nonprofit corporation which, when combined with all other component units, constitutes the reporting entity as defined in the City's basic financial statements.

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and statement of activities) report information on all of the activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities normally are supported by taxes and intergovernmental revenues.

The statement of activities demonstrates the degree to which direct expenses are offset by program revenues. Direct expenses are those that are clearly identifiable with the community development function. Program revenues include grants and contributions that are restricted to meeting the operational requirements of the community development function. Investment earnings, and other items which are not properly included among program revenues, are reported instead as general revenues.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

C. Basis of Presentation, Basis of Accounting, and Measurement Focus

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Taxes are recognized as revenues in the year for which they are levied.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2004-1 (VILLAGE ONE #2)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when collectible within the current period or soon enough thereafter to pay liabilities to the current period. For this purpose, the District considers revenues to be available if they are collected within 180 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under the accrual basis of accounting. However, principal and interest expenditures are recorded as fund liabilities when due or when amounts have been accumulated in the Debt Service Fund for payments early in the following year.

Substantially all taxes and interest, including the net increase (decrease) in the fair value of investments, are considered to be susceptible to the accrual basis of accounting and so have been recognized as revenues of the current fiscal period. Miscellaneous revenues are considered to be measurable and available only when cash is received by the District.

The District reports the following major governmental funds:

The **Capital Projects** Fund accounts for all financial resources and uses related to acquisition, construction, and formation/annexation activities.

The **Special Revenue** Fund accounts for all financial resources and uses related to maintenance of infrastructure within the District.

The **Debt Service** Fund accounts for the payment of principal and interest on the 2014 Refunding Special Tax Bonds.

D. Facilities and Maintenance Special Taxes

The facilities and maintenance special taxes are collected by the County of Stanislaus on the property tax bill. The special taxes are due November 1 and February 1 and are delinquent if not paid by December 10 and April 10, respectively. The County of Stanislaus bills and collects the special taxes and remits them to the District. The Rate and Method of Apportionment of Special Tax (RMA), set forth in the District's Public Report, describes how the special taxes will be allocated among properties in the District. The Public Report was established during the formation of the District. A cost of living adjustment is applied to the special taxes annually.

E. Capital Assets

The District is required to record all its capital assets, including infrastructure, at their historical cost, and to depreciate these assets over their estimated useful lives. However, title to all infrastructure assets acquired or constructed by the District is turned over to the City of Modesto upon completion and acceptance. Accordingly, capital outlay expenditures/expenses are reported in both the District's fund and government-wide financial statements.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F. Fund Balance

In the fund financial statements, governmental funds report fund balance as nonspendable, restricted, committed, assigned, or unassigned based primarily on the extent to which the District is bound to honor constraints on how specific amounts can be spent.

- **Nonspendable** - Amounts that are not in spendable form (such as inventory) or are required either legally or contractually to be maintained intact.
- **Restricted** - Amounts with constraints placed on their use that are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or (b) imposed by law through constitutional or enabling legislation.
- **Committed** - Amounts constrained to specific purposes by the District itself, using the District's highest level of decision-making authority (the City Council). To be reported as committed, amounts cannot be used for any other purpose unless the District takes the same highest level action to remove or change the constraint. The underlying action that imposed the limitation needs to occur no later than the close of the reporting period.
- **Assigned** - Amounts the District *intends* to use for a specific purpose. Intent can be expressed by the District at either the highest level of decision-making or by an official or body to which the District delegates the authority.
- **Unassigned** - The residual classification for the District that includes amounts not contained in the other classifications. In other funds, the unassigned classification is used only if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes.

The District establishes and modifies or rescinds fund balance commitments by passage of an ordinance or policy. This is typically done through adoption or amendment of the budget. A fund balance commitment is further indicated in the budget as a designation or commitment of the fund, such as approved construction contracts. Assigned fund balance is established by the District through adoption or amendment of the budget or future year budget plan as intended for a specific purpose.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, followed by the committed, assigned, and unassigned resources as they are needed.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

G. Governmental Accounting Standards Update

During the year ended June 30, 2017, the District implemented the following Governmental Accounting Standards Board (GASB) standards:

GASB Statement No. 80, *Blending Requirements for Certain Component Units – an amendment of GASB Statement No. 14*. The statement establishes an additional blending requirement for the financial statement presentation of component units. This statement did not have a significant impact to the District's financial statements.

The District is currently evaluating its accounting practices to determine the potential impact on the financial statements for the following GASB Statements:

In March 2016, the GASB issued Statement No. 81, *Irrevocable Split-Interest Agreements*. The statement provides recognition and measurement guidance for situations in which a government is a beneficiary of these agreements. This Statement is effective for the District's fiscal year ending June 30, 2018.

In January 2017, the GASB issued Statement No. 84, *Fiduciary Activities*, improves guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The Statement is effective for the District's fiscal year ending June 30, 2020.

In March 2017, the GASB issued Statement No. 85, *Omnibus 2017*, addresses practical issues that have been identified during implementation and application of certain GASB Statements. The statement addresses a variety of topics including issues related to blending component units, goodwill, fair value measurement and application, pensions and other postemployment benefits. This Statement is effective for the District's fiscal year ending June 30, 2018.

In May 2017, the GASB issued Statement No. 86, *Certain Debt Extinguishment Issues*, improves consistency in accounting and financial reporting for in-substance defeasance of debt by providing guidance for transactions in which cash and other monetary assets acquired with only existing resources – resources other than the proceeds of refunding debt – are placed in an irrevocable trust for the sole purpose of extinguishing debt. This Statement also improves accounting and financial reporting for prepaid insurance on debt that is extinguished and notes to financial statements for debt that is defeased in substance. This Statement is effective for the District's fiscal year ending June 30, 2018.

In June 2017, the GASB issued Statement No. 87, *Leases*, increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The Statement is effective for the District's fiscal year ending June 30, 2021.

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 2 – CASH AND INVESTMENTS

Cash and investments of the District with the exception of cash and investments with fiscal agents are pooled with other City funds. At June 30, 2017, the City’s investment pool is unrated and the weighted average maturity is 483 days. Interest earned on pooled cash and investments is credited to the funds based on each fund’s average monthly cash balance. Detailed information concerning the City’s pooled cash and investments, including information regarding the fair value of investments, may be found in the City’s Comprehensive Annual Financial Report. As of June 30, 2017, the fair value of the District’s position in the pool is the same as the value of its pool shares.

The District is a voluntary participant in the California Asset Management Program (CAMP), a California Joint Powers Authority that falls under California Government Code Section 53601(p), which is directed by a Board of Trustees that is made up of experienced local government finance directors and treasurers. At June 30, 2017, CAMP had a balance of \$2.7 billion with an average maturity of 49 days. The District reports its investments in CAMP at the fair value amounts provided by CAMP, which is the same as the value of the pool share.

The following table shows the distribution of the District’s investments by type, credit rating, and maturity:

	<u>Amount</u>	<u>Rating</u>
Cash and investments with fiscal agent:		
California Asset Management Program (CAMP)	\$ 2,747,148	AAAm
Pooled with the City of Modesto	<u>12,685,320</u>	N/A
Total Cash and Investments	<u>\$ 15,432,468</u>

COMMUNITY FACILITIES DISTRICT
NUMBER 2004-1 (VILLAGE ONE #2)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 2 – CASH AND INVESTMENTS (Continued)

Concentration of Credit Risk

The District is required to disclose investments that represent a concentration of five percent or more of investments in any one issuer held by the District in the securities of issuers other than U.S. Treasury securities, mutual funds, and external investment pools. At June 30, 2017, no investments represented a concentration of five percent or more of investments in any one issuer held by the District in the securities of issuers other than U.S. Treasury securities, mutual funds, and external investment pools.

Fair Value Hierarchy

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the assets. Level 1 inputs are quoted prices in an active market for identical assets; level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs. The inputs and techniques used for valuing securities are not necessarily an indication of risk associated with investing in those securities. The District's investment in the City's Pool and money market fund are exempt from fair value measurement disclosures.

NOTE 3 – LONG-TERM DEBT

On July 30, 2014, the District issued Refunding Special Tax Bonds (refunding bonds) with a par amount of \$29,320,000 to refund the District's \$29,925,000 outstanding Special Tax Bonds (refunded bonds) issued on March 8, 2006, which were issued primarily to finance various public improvements needed to develop property located within the District. Interest on the refunding bonds is payable semiannually on each March 1 and September 1 through September 1, 2036. The refunding bonds were issued with interest rates varying from 2% to 5% and are payable solely from revenues derived from the assessment of annual special taxes to be levied on the taxable property within the District and from certain other funds pledged under the Trust Indenture.

The long-term debt activity for the year ended June 30, 2017 was as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Refunding Special Tax Bonds	\$ 29,000,000	\$ -	\$ (475,000)	\$ 28,525,000	\$ 535,000
Premium on Refunding Bonds	1,344,291	-	(66,659)	1,277,632	66,659
Total	\$ 30,344,291	\$ -	\$ (541,659)	\$ 29,802,632	\$ 601,659

NOTE 4 – RESTRICTED NET POSITION AND FUND BALANCES

Net position is measured on the full accrual basis of accounting, which differs from the concept of fund balance, which is measured on the modified accrual basis of accounting.

A. Net Position

Net position is the excess of all the District's assets over all its liabilities. Net position is determined only at the government-wide level.

Restricted describes the portion of net position which is restricted as to use by the terms and conditions of agreements with outside parties, governmental regulations, laws, or other restrictions which the District cannot unilaterally alter. These principally include developer fees received reduced by related liabilities, to fund capital projects, District maintenance, and debt service requirements.

B. Fund Balances

Certain fund balances are presented in the restricted category (see Note 1 for a description of fund balance categories). As of June 30, 2017, restrictions included:

Restricted for Capital Projects, the portion of fund balance legally restricted for the acquisition, construction, and formation/annexation activities.

Restricted for District Maintenance - the portion of fund balance legally restricted for maintenance of parkways and open space within the District.

Restricted for Debt Service - the portion of fund balance legally restricted to the payment of principal and interest on long-term liabilities.

NOTE 5 – DELINQUENCIES AND FORECLOSURES

The District has made a covenant under the Trust Indenture of the Special Tax Bonds discussed in Note 3 that it will initiate foreclosure proceedings against delinquent parcels as follows:

- a. Any parcel that is delinquent three consecutive payments. Foreclosure against these parcels is to be initiated within 120 days after the third delinquency.
- b. All parcels delinquent at June 30 when the District received Special Taxes totaling less than 95% of the total Special Tax levied for that fiscal year. Foreclosure against these parcels is to be initiated by September 1 following the end of the fiscal year.

At June 30, 2017, the District had 13 parcels that were delinquent for a total of \$11,941, none of which were delinquent for more than three consecutive payments.

The District received 99.37% of the Debt Service Fund facilities special taxes levied during the year ended June 30, 2017. The delinquencies total of \$11,941 at June 30, 2017 is included in assessments receivable on the statement of net position and balance sheet.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

The Honorable City Council
of the City of Modesto, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of the City of Modesto Community Facilities District Number 2004-1 (Village One #2) (the District), as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 21, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report

The Honorable City Council
of the City of Modesto, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of the City of Modesto Community Facilities District Number 1996-1 (Village One) (the District), a component unit of the City of Modesto, California, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of June 30, 2017, and the respective changes in financial position thereof and the respective budgetary comparison for the Special Revenue Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 21, 2017, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 1996-1 (VILLAGE ONE)
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2017**

The City of Modesto Community Facilities District No. 1996-1 (Village One) (the District) has issued its financial statements in the format prescribed by the provisions of Governmental Accounting Standards Board (GASB) Statement No. 34, which requires the District to provide this overview of its financial activities for the year.

Please read this overview in conjunction with your reading of the accompanying basic financial statements.

THE PURPOSE OF THE DISTRICT

The District is a blended component unit of the City of Modesto, California (City). It is controlled by the City, and the City Council is the District's governing body. City employees perform most of the duties and functions required of the District, but certain tasks are provided by third parties under contract.

The District's purpose under California law is to provide a funding mechanism for public facilities and services authorized by the District. The District is the vehicle that will be used to ensure that all landowners in the Specific Plan area contribute to the cost of the public facilities and services. Additional information on the District can be found below, and in Note 1 to the accompanying financial statements.

BACKGROUND AND MANAGEMENT'S DISCUSSION

In 1989-1990, the City initiated planning of the area now known as Village One. The original Village One plan contemplated a pedestrian oriented, self-contained neighborhood concept that offered housing to accommodate various income levels. In addition, the original plan called for a number of landscaped areas as well as other amenities. Over the years, substantial revisions to the original plan occurred, including a reconfiguration of streets, a reduction of landscaped areas, and modification of the financing strategy. At the close of fiscal year 2003-2004, the Village One area was based on the Specific Plan, the Infrastructure Financing Plan, and the Facilities Master Plan adopted in April 2003. The 2003 Infrastructure Financing Plan calls for a combination of funding sources, including the City's Capital Facilities Fees (CFF*) program and a Mello-Roos Community Facilities District (CFD).

In February 2004, the City Council formed City of Modesto Community Facilities District No. 2004-1 (Village One #2). This CFD, in conjunction with CFD No. 1996-1, will provide the funding needed to complete the CFD-funded core infrastructure needed for the Village One area.

* The CFF program is a city-wide development impact fee whereas the Village One CFD is a taxing district that is created to provide a funding and reimbursement mechanism for public facilities and services required to serve the Village One area.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 1996-1 (VILLAGE ONE)
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2017**

FISCAL YEAR 2017 FINANCIAL HIGHLIGHTS

Financial highlights of the year include the following:

Government-Wide:

- The District's net position increased by \$37,182 in fiscal year 2017. This increase is primarily due to a decrease in repair and maintenance expenses.
- At June 30, 2017, net position was \$739,661.
- Total general revenues were \$586,754.

Funds:

- Capital Projects Fund revenues were \$73,843, \$33,908 more than the prior year. This increase is due to \$74,307 in facilities special tax and other revenue collected due to increased development activity in the district, an increase of \$30,081.
- Capital Projects Fund ending fund balance increased \$73,843 to a deficit of \$142,921 as a result of collecting \$74,307 in facilities special tax.
- Special Revenue Fund revenues of \$512,911 were \$9,038 less than the prior year, and expenditures of \$549,572 were \$148,201 less than last year due to there not being the \$153,550 intergovernmental expenditure for contribution to Community Facilities District Number 2004-1 (Village One #2) found in the prior year.
- Special Revenue Fund ending fund balance decreased \$36,661 due to maintenance expenditures in excess of the maintenance special tax.

THE BASIC FINANCIAL STATEMENTS

The basic financial statements comprise the government-wide financial statements and the fund financial statements; these two sets of financial statements provide two different views of the District's financial activities and financial position.

Government-Wide Financial Statements

The government-wide financial statements provide a long-term view of the District's activities as a whole and comprise the statement of net position and the statement of activities. The statement of net position provides information about the financial position of the District as a whole, including all its capital assets and long-term liabilities. The statement of activities provides information about the District's revenues and all its expenses. The statement of activities explains in detail the change in net position for the year.

The statement of net position and the statement of activities present information about the following:

- **Governmental activities** – All of the District's basic services are considered to be governmental activities, including formation, financing, construction, and maintenance activities. These services are supported by formation deposits, special facilities taxes, and annual maintenance assessments.

Government-wide financial statements are prepared on the accrual basis of accounting, which means they measure the flow of all economic resources of the District as a whole, similar to that used by the private sector.

FINANCIAL ACTIVITIES OF THE DISTRICT AS A WHOLE

This analysis focuses on the net position and changes in net position of the District's governmental activities in the government-wide financial statement of net position and statement of activities that follow.

As of June 30, 2017, total assets of \$764,153 were offset by liabilities of \$24,492. The District's net position from governmental activities increased to \$739,661 in 2017 from \$702,479 in 2016. The District's net position is restricted as follows: \$882,582 for maintaining infrastructure, leaving a negative unrestricted net position of \$142,921.

Following is a condensed statement of net position:

Statement of Net Position – Governmental Activities

	2017	2016
Cash and investments	\$ 755,867	\$ 725,288
Assessments receivable	6,422	6,031
Interest receivable	1,864	1,903
Total assets	764,153	733,222
Current and other liabilities	24,492	30,743
Net position:		
Restricted for:		
District maintenance	882,582	919,243
Unrestricted	(142,921)	(216,764)
Total net position	\$ 739,661	\$ 702,479

Fund Financial Statements

The fund financial statements report the District's operations in more detail than the government-wide financial statements and focus primarily on the short-term activities of the District's two funds. The fund financial statements measure only current revenues and expenditures and fund balances; they exclude capital assets, long-term debt, and other long-term amounts.

The fund financial statements provide detailed information about each of the District's most significant funds, called major funds. Major funds present the major activities of the District for the year, and may change from year to year as a result of changes in the pattern of the District's activities. All of the District's funds are presented here as major funds; their purposes are explained in Note 1 to the financial statements.

All the District's funds are governmental funds; financial statements for these funds are prepared on the modified accrual basis of accounting, which means they measure only current financial resources and uses.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 1996-1 (VILLAGE ONE)
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2017**

Following is a condensed statement of revenues, expenditures, and changes in fund balances for the year ended June 30, 2017:

Statement of Revenues, Expenditures, and Changes in Fund Balances - Governmental Funds

	Capital Projects Fund	Special Revenue Fund	Total
Revenues	\$ 73,843	\$ 512,911	\$ 586,754
Expenditures	-	549,572	549,572
Changes in fund balances	73,843	(36,661)	37,182
Fund balances (deficit), beginning of year	(216,764)	919,243	702,479
Fund balances (deficit), end of year	<u>\$ (142,921)</u>	<u>\$ 882,582</u>	<u>\$ 739,661</u>

THE DISTRICT'S FUND FINANCIAL STATEMENTS

At June 30, 2017, the District's governmental funds reported combined fund balances of \$739,661, which is an increase of \$37,182 compared with last year. The Capital Projects Fund realized an increase of \$73,843. The Special Revenue Fund realized a decrease of \$36,661.

CAPITAL ASSETS

Under GASB Statement No. 34, the District is required to record all its capital assets, including infrastructure, at their historical cost, and to depreciate these assets over their estimated useful lives. However, title to all infrastructure assets acquired or constructed by the District is turned over to the City upon completion and acceptance. Accordingly, capital outlay expenditures are reported in both the District's fund and government-wide financial statements. Therefore, the District reports no long-term capital assets.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

These basic financial statements are intended to provide citizens, taxpayers, investors, and creditors with a general overview of the District's finances. Questions about this report should be directed to the City of Modesto, Administrator, Infrastructure Financing Programs, P.O. Box 642, Modesto, California 95353.

**STATEMENT OF NET POSITION
AND STATEMENT OF ACTIVITIES**

The statement of net position and the statement of activities summarize the entire District's financial activities and financial position. They are prepared on the same basis of accounting as that used by most businesses, which means they include all the District's assets and all its liabilities, as well as all its revenues and expenses. This is known as the full accrual basis of accounting – the effect of all the District's transactions is taken into account, regardless of whether or when cash changes hands, but all material internal transactions between District funds have been eliminated.

The statement of net position reports the difference between the District's total assets and the District's total liabilities, including all the District's capital assets and all its long-term debt. The statement of net position focuses the reader on the composition of the District's net position, by subtracting total liabilities from total assets. The statement of net position summarizes the financial position of the District in a single column.

The statement of activities reports increases and decreases in the District's net position. It is also prepared on the full accrual basis of accounting, which means it includes all the District's revenues and all its expenses, regardless of when cash changes hands. This differs from the "modified accrual" basis of accounting used in the fund financial statements, which reflect only current assets, current liabilities, available revenues, and measurable expenditures.

The format of the statement of activities presents the District's expenses, which are listed by program, first. Program revenues – that is, revenues which are generated directly by these programs – are then deducted from program expenses to arrive at the net program revenue (expense). General revenues – that is, revenues which are not generated directly by these programs – are then added to arrive at the change in net position and reconciled with the statement of net position.

FUND FINANCIAL STATEMENTS

Major funds are defined generally as having significant activities or balances in the current year.

The District determined all its funds to be major funds. They are:

The **Capital Projects** Fund accounts for all financial resources and uses related to acquisition, construction, and formation/annexation activities.

The **Special Revenue** Fund accounts for all financial resources and uses related to maintenance of parkways and open space within the District.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 1996-1 (VILLAGE ONE)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description and Reporting Entity

The Community Facilities District Number 1996-1 (Village One) (the District) was formed in October 1996 by a vote of the property owners within the proposed district. The District, a separate legal entity, was formed to provide a funding and reimbursement mechanism for public facilities and services required by the District Specific Plan. The District is the vehicle used to ensure that all landowners in the Specific Plan area contribute to the cost of public improvements. The District encompasses approximately 1,840 gross acres of land. The District is located in the North Eastern portion of the City of Modesto, California (the City), bordered by Sylvan Avenue to the North, Claus Road to the East, Briggsmore to the South, and Oakdale Road to the West. The District is expected to yield 6,186 residential dwelling units at buildout, in addition to 15 acres of commercial property and 220 acres of industrial property.

The District is an integral part of the City and the accompanying financial statements are included as a blended component unit of the basic financial statements prepared by the City. A component unit is a separate governmental unit, agency, or nonprofit corporation which, when combined with all other component units, constitutes the reporting entity as defined in the City's basic financial statements.

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and statement of activities) report information on all of the activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities normally are supported by taxes and intergovernmental revenues.

The statement of activities demonstrates the degree to which direct expenses are offset by program revenues. Direct expenses are those that are clearly identifiable with the community development function. Program revenues include grants and contributions that are restricted to meeting the operational requirements of the community development function. Investment earnings, and other items which are not properly included among program revenues, are reported instead as general revenues.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

C. Basis of Presentation, Basis of Accounting, and Measurement Focus

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Taxes are recognized as revenues in the year for which they are levied.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 1996-1 (VILLAGE ONE)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 180 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under the accrual basis of accounting.

Substantially all taxes and interest, including the net increase (decrease) in the fair value of investments, are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Miscellaneous revenues are considered to be measurable and available only when cash is received by the District.

The District reports the following major governmental funds:

The **Capital Projects** Fund accounts for all financial resources and uses related to acquisition, construction, and formation/annexation activities.

The **Special Revenue** Fund accounts for all financial resources and uses related to maintenance of parkways and open space within the District.

D. Facilities and Maintenance Special Taxes

The facilities and maintenance special taxes are collected by the County of Stanislaus on the property tax bill. The special taxes are due November 1 and February 1 and are delinquent if not paid by December 10 and April 10, respectively. The County of Stanislaus bills and collects the special taxes and remits them to the District. The Rate and Method of Apportionment of Special Tax (RMA), set forth in the District's Public Report, describes how the special taxes will be allocated among properties in the District. The Public Report was established during the formation of the District. A cost of living adjustment is applied to the special taxes annually.

E. Capital Assets

The District is required to record all its capital assets, including infrastructure, at their historical cost, and to depreciate these assets over their estimated useful lives. However, title to all infrastructure assets acquired or constructed by the District is turned over to the City upon completion and acceptance. Accordingly, capital outlay expenditures/expenses are reported in both the District's fund and government-wide financial statements.

F. Fund Balance

In the fund financial statements, governmental funds report fund balance as nonspendable, restricted, committed, assigned, or unassigned based primarily on the extent to which the District is bound to honor constraints on how specific amounts can be spent.

- **Nonspendable** - Amounts that are not in spendable form (such as inventory) or are required either legally or contractually to be maintained intact.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 1996-1 (VILLAGE ONE)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

- **Restricted** - Amounts with constraints placed on their use that are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or (b) imposed by law through constitutional or enabling legislation.
- **Committed** - Amounts constrained to specific purposes by the District itself, using the District's highest level of decision-making authority (the City Council). To be reported as committed, amounts cannot be used for any other purpose unless the District takes the same highest level action to remove or change the constraint. The underlying action that imposed the limitation needs to occur no later than the close of the reporting period.
- **Assigned** - Amounts the District *intends* to use for a specific purpose. Intent can be expressed by the District at either the highest level of decision-making or by an official or body to which the District delegates the authority.
- **Unassigned** - The residual classification for the District that includes amounts not contained in the other classifications. In other funds, the unassigned classification is used only if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes.

The District establishes and modifies or rescinds fund balance commitments by passage of an ordinance or policy. This is typically done through adoption or amendment of the budget. A fund balance commitment is further indicated in the budget as a designation or commitment of the fund, such as approved construction contracts. Assigned fund balance is established by the District through adoption or amendment of the budget or future year budget plan as intended for a specific purpose.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, followed by the committed, assigned, and unassigned resources as they are needed.

G. Governmental Accounting Standards Update

During the year ended June 30, 2017, the District implemented the following Governmental Accounting Standards Board (GASB) standards:

GASB Statement No. 80, *Blending Requirements for Certain Component Units – an amendment of GASB Statement No. 14*. The statement establishes an additional blending requirement for the financial statement presentation of component units. This statement did not have a significant impact to the District's financial statements.

The District is currently evaluating its accounting practices to determine the potential impact on the financial statements for the following GASB Statements:

In March 2016, the GASB issued Statement No. 81, *Irrevocable Split-Interest Agreements*. The statement provides recognition and measurement guidance for situations in which a government is a beneficiary of these agreements. This Statement is effective for the District's fiscal year ending June 30, 2018.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 1996-1 (VILLAGE ONE)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

In January 2017, the GASB issued Statement No. 84, *Fiduciary Activities*, improves guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The Statement is effective for the District's fiscal year ending June 30, 2020.

In March 2017, the GASB issued Statement No. 85, *Omnibus 2017*, addresses practical issues that have been identified during implementation and application of certain GASB Statements. The statement addresses a variety of topics including issues related to blending component units, goodwill, fair value measurement and application, pensions and other postemployment benefits. This Statement is effective for the District's fiscal year ending June 30, 2018.

In June 2017, the GASB issued Statement No. 87, *Leases*, increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The Statement is effective for the District's fiscal year ending June 30, 2021.

NOTE 2 – CASH AND INVESTMENTS

Cash and investments of the District are pooled with other City funds. The District's portion of this pooled amount was \$755,867 at June 30, 2017. At June 30, 2017, the City's investment pool is unrated and the weighted average maturity is 483 days. Interest earned on pooled cash and investments is credited to the funds based on each fund's average monthly cash balance. Detailed information concerning the City's pooled cash and investments, including information regarding the fair value of investments, may be found in the City's Comprehensive Annual Financial Report. As of June 30, 2017, the fair value of the District's position in the pool is the same as the value of its pool shares.

The fair value hierarchy established by generally accepted accounting principles is based on the valuation inputs used to measure the fair value of the assets. The District's investment in the City's investment pool is exempt from fair value measurement disclosures.

NOTE 3 – INTERNAL BALANCES

The Capital Projects Fund owes the Special Revenue Fund \$142,596 for funds borrowed to fund its improvements and is expected to be repaid by District contributions and facilities special tax levies.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 1996-1 (VILLAGE ONE)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 4 – RESTRICTED NET POSITION AND FUND BALANCES

Net position is measured on the full accrual basis of accounting, which differs from the concept of fund balance, which is measured on the modified accrual basis of accounting.

A. Net Position

Net position is the excess of all the District's assets over all its liabilities. Net position is determined only at the government-wide level.

Restricted describes the portion of net position which is restricted as to use by the terms and conditions of agreements with outside parties, governmental regulations, laws, or other restrictions which the District cannot unilaterally alter. These principally include developer fees received for capital projects and District maintenance.

B. Fund Balances

Fund balances are all presented in the restricted category (see Note 1 for a description of fund balance categories). As of June 30, 2017, restrictions included:

Restricted for District Maintenance, the portion of fund balance legally restricted for maintenance of parkways and open space within the District.

NOTE 5 – FUND DEFICIT

The Capital Projects Fund has a fund deficit of \$142,921 as of June 30, 2017. The deficit is expected to be eliminated by District contributions and facilities special tax levies.

NOTE 6 – SETTLEMENT CONTINGENCY

The City and the District entered into a settlement agreement with Charleston Place, a California Limited Partnership, on December 31, 2004. The District has a contingent liability of \$114,000 to be paid after Charleston Place has completed certain construction obligations per the settlement. Charleston Place has not completed any of the construction obligations as of June 30, 2017. Management evaluates the need to record the obligation on an annual basis, however, due to uncertainty of completion of the construction obligation, a liability has not been recognized in the financial statements. The contingent liability is budgeted for each year.

This page intentionally left blank.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

The Honorable City Council
of the City of Modesto, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of the City of Modesto Community Facilities District Number 1996-1 (Village One) (the District), as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 21, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report

The Honorable City Council
of the City of Modesto, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and Special Revenue Fund of the City of Modesto Community Facilities District Number 2016-2 (Kiernan Business Park East) (the District), a component unit of the City of Modesto, California, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly in all material respects the respective financial position of the governmental activities and Special Revenue Fund of the District as of June 30, 2017, and the respective changes in financial position thereof and the respective budgetary comparison for the Special Revenue Fund for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 21, 2017, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2016-2 (KIERNAN BUSINESS PARK EAST)
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2017**

The City of Modesto Community Facilities District No. 2016-2 (Kiernan Business Park East) (the District) has issued its financial statements in the format prescribed by the provisions of Governmental Accounting Standards Board (GASB) Statement No. 34, which requires the District to provide this overview of its financial activities for the fiscal year.

Please read this overview in conjunction with your reading of the accompanying basic financial statements.

THE PURPOSE OF THE DISTRICT

The District is a blended component unit of the City of Modesto, California (City). It is controlled by the City, and the City Council is the District's governing body. City employees perform most of the duties and functions required of the District, but certain tasks are provided by third parties under contract.

The District's purpose under California law is to provide a funding mechanism for public facilities and services authorized by the District. The District is the vehicle that will be used to ensure that all landowners in the Specific Plan area contribute to the cost of the public facilities and services. Additional information on the District can be found below, and in Note 1 to the accompanying financial statements.

BACKGROUND AND MANAGEMENT'S DISCUSSION

The Kiernan Business Park Specific Plan Area encompasses approximately 614 acres and is comprised of regional commercial, office, medical campus, mixed use, medium high density residential and business park land uses. Within this specific plan area, there are three distinct sub-areas: Kiernan Business Park West, Kiernan Business Park South and Kiernan Business Park East (KBP East). KBP East covers approximately 160 acres and is bound by Kiernan Avenue to the North, Pelandale Avenue to the South, Dale Road to the West and American Avenue to the East.

On January 26, 2016, the City of Modesto formed the City of Modesto Community Facilities District No. 2016-1 (CFD No. 2016-1). The authorized services to be funded by special tax revenues include repair and replacement of parkways, landscaped medians, storm drainage pump and basin facilities, catch basins, manholes, underground infiltration trenches and pipes, landscaped bioswale lots and medians, storm water treatment devices and filters, shrubs, vines, ground cover, and irrigation systems. The services to be provided include, but are not limited to, litter and debris removal, pruning, staking, fertilizing, mowing, plant replacement and restoration, fire and weed control, erosion control, trimming of vegetation, and storm drain system and bioswale maintenance.

FISCAL YEAR 2017 FINANCIAL HIGHLIGHTS

Financial highlights of the year include the following:

Government-Wide:

- The District's net position was \$346,758 in fiscal year 2017.
- At June 30, 2017, total assets were \$350,037 while total liabilities were \$3,279.
- Total District revenues were \$47,518.

Fund Basis:

- Special Revenue Fund revenues were \$47,518, primarily from maintenance special tax revenue. Expenditures of \$21,693 were for ongoing maintenance and administrative expenses.

COMMUNITY FACILITIES DISTRICT
NUMBER 2016-2 (KIERNAN BUSINESS PARK EAST)
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2017**

THE BASIC FINANCIAL STATEMENTS

The basic financial statements comprise the government-wide financial statements and the fund financial statements; these two sets of financial statements provide two different views of the District's financial activities and financial position.

Government-Wide Financial Statements

The government-wide financial statements provide a long-term view of the District's activities as a whole and comprise the statement of net position and the statement of activities. The statement of net position provides information about the financial position of the District as a whole, including all its capital assets and long-term liabilities. The statement of activities provides information about the District's revenues and all its expenses. The statement of activities explains in detail the change in net position for the period July 1, 2016 to June 30, 2017.

The statement of net position and the statement of activities present information about the following:

- **Governmental activities** – All of the District's basic services are considered to be governmental activities, including formation, financing, construction, and maintenance activities. Formation deposits, special facilities taxes, and annual maintenance assessments support these services.

Government-wide financial statements are prepared on the accrual basis of accounting, which means they measure the flow of all economic resources of the District as a whole, similar to that used by the private sector.

FINANCIAL ACTIVITIES OF THE DISTRICT AS A WHOLE

This analysis focuses on the net position and changes in net position of the District's governmental activities in the government-wide financial statement of net position and statement of activities that follow.

As of June 30, 2017, total assets of \$350,037 were offset by liabilities of \$3,279. The District's net position from governmental activities was \$346,758. All of the District's net position is restricted for District maintenance.

Total assets	350,037	322,604
Current and other liabilities	3,279	1,671
Net position:		
Restricted for:		
Capital projects	316,387	316,387
District maintenance	30,371	4,546
Total Net Position	\$ 346,758	\$ 320,933

FISCAL YEAR 2017 GOVERNMENTAL ACTIVITIES

The District's revenue for fiscal year 2017 of \$47,518 came primarily from maintenance special tax revenue in the amount of \$27,256. District expenses of \$21,693 during fiscal year 2017 were for ongoing maintenance and administrative expenses.

Following is a condensed statement of activities:

Statement of Activities – Governmental Activities

	2017	2016

FOR THE YEAR ENDED JUNE 30, 2017**

Fund Financial Statements

The fund financial statements report the District's operations in more detail than the government-wide financial statements and focus primarily on the short-term activities of the District's one fund. The fund financial statements measure only current revenues and expenditures and fund balances; they exclude capital assets, long-term debt, and other long-term amounts.

The fund financial statements provide detailed information about each of the District's most significant funds, called major funds. Major funds present the major activities of the District for the year, and may change from year to year as a result of changes in the pattern of District's activities. All of the District's funds are presented here as major funds; their purpose is explained in Note 1 to the financial statements.

All the District's funds are governmental funds; financial statements for these funds are prepared on the modified accrual basis of accounting, which means they measure only current financial resources and uses.

The Special Revenue Fund accounts for all activity of the District. The Capital Projects Fund was developed for the formation of the District.

Following is a condensed statement of revenues, expenditures, and change in fund balance for the year ended June 30, 2017:

Statement of Revenues, Expenditures, and Change in Fund Balance – Governmental Funds

	Special Revenue Fund	Capital Projects Fund	Total
Revenues	\$ 47,518	\$ -	\$ 47,518
Expenditures	<u>21,693</u>	<u>-</u>	<u>21,693</u>
Change in fund balance	25,825	-	25,825
Fund balance, beginning of year	<u>4,546</u>	<u>316,387</u>	<u>320,933</u>
Fund balance, end of year	<u>\$ 30,371</u>	<u>316,387</u>	<u>346,758</u>

THE DISTRICT'S FUND FINANCIAL STATEMENTS

At June 30, 2017, the District's governmental special revenue fund reported a fund balance of \$346,758.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2016-2 (KIERNAN BUSINESS PARK EAST)
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2017**

CAPITAL ASSETS

Under GASB Statement No. 34, the District is required to record all its capital assets, including infrastructure, at their historical cost, and to depreciate these assets over their estimated useful lives. However, title to all infrastructure assets acquired or constructed by the District is turned over to the City upon completion and acceptance. Accordingly, capital outlay expenditures are reported in both the District's fund and government-wide financial statements. Therefore, the District reports no long-term capital assets.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

These basic financial statements are intended to provide citizens, taxpayers, investors, and creditors with a general overview of the District's finances. Questions about this report should be directed to the City of Modesto, Administrator, Infrastructure Financing Programs, P.O. Box 642, Modesto, California 95353.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2016-2 (KIERNAN BUSINESS PARK EAST)**

**STATEMENT OF NET POSITION
AND STATEMENT OF ACTIVITIES**

The statement of net position and the statement of activities summarize the entire District's financial activities and financial position. They are prepared on the same basis of accounting that is used by most businesses, which means they include all the District's assets and all its liabilities, as well as all its revenues and expenses. This is known as the full accrual basis of accounting – the effect of all the District's transactions is taken into account, regardless of whether or when cash changes hands, but all material internal transactions between District funds have been eliminated.

The statement of net position reports the difference between the District's total assets and the District's total liabilities, including all the District's capital assets and all its long-term debt. The statement of net position focuses the reader on the composition of the District's net position, by subtracting total liabilities from total assets. The statement of net position summarizes the financial position of the District in a single column.

The statement of activities reports increases and decreases in the District's net position. It is also prepared on the full accrual basis of accounting, which means it includes all the District's revenues and all its expenses, regardless of when cash changes hands. This differs from the "modified accrual" basis of accounting used in the fund financial statements, which reflect only current assets, current liabilities, available revenues, and measurable expenditures.

The format of the statement of activities presents the District's expenses, which are listed by program, first. Program revenues – that is, revenues which are generated directly by these programs – are then deducted from program expenses to arrive at the net program revenue (expense). General revenues – that is, revenues which are not generated directly by these programs – are then added to arrive at the change in net position and reconciled with the statement of net position.

FUND FINANCIAL STATEMENTS

Major funds are defined generally as having significant activities or balances in the current year.

The District determined all its funds to be major funds. They are:

The **Special Revenue** Fund accounts for all financial resources and uses related to maintenance of parkways and open space within the District.

The **Capital Projects** Fund accounts for all financial resources and uses related to acquisition, construction, and formation/annexation activities.

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description and Reporting Entity

The Community Facilities District Number 2016-1 (Kiernan Business Park East #2) (the District) was formed in January 2016 by a vote of the property owners within the proposed district. The District, a separate legal entity, was formed to provide a funding and reimbursement mechanism for public facilities and services required by the District Specific Plans. The District is the vehicle that will be used to ensure that all landowners in the District pay their share of the public improvements. The District covers approximately 160 acres and is bound by Kiernan Avenue to the North, Pelandale Avenue to the South, Dale Road to the West and American Avenue to the East.

The District is an integral part of the City and the accompanying financial statements are included as a blended component unit of the basic financial statements prepared by the City. A component unit is a separate governmental unit, agency, or nonprofit corporation which, when combined with all other component units, constitutes the reporting entity as defined in the City's basic financial statements.

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and statement of activities) report information on all of the activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities normally are supported by taxes and intergovernmental revenues.

The statement of activities demonstrates the degree to which direct expenses are offset by program revenues. Direct expenses are those that are clearly identifiable with the community development function. Program revenues include grants and contributions that are restricted to meeting the operational requirements of the community development function. Investment earnings, and other items which are not properly included among program revenues, are reported instead as general revenues.

The fund financial statements (i.e., balance sheet and statement of revenues, expenditures, and change in fund balance) report information on the Special Revenue Fund of the District.

Since the amounts presented in the District's balance sheet and statement of net position are the same, they are presented as one financial statement. Similarly, since the amounts presented in the District's statement of revenues, expenditures, and change in fund balance and the statement of activities are the same, they are presented as one financial statement.

C. Basis of Presentation, Basis of Accounting, and Measurement Focus

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Taxes are recognized as revenues in the year for which they are levied.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2016-2 (KIERNAN BUSINESS PARK EAST)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when collectible within the current period or soon enough thereafter to pay liabilities to the current period. For this purpose, the District considers revenues to be available if they are collected within 180 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under the accrual basis of accounting.

Substantially all taxes and interest, including the net increase (decrease) in the fair value of investments, are considered to be susceptible to the accrual basis of accounting and so have been recognized as revenues of the current fiscal period. Miscellaneous revenues are considered to be measurable and available only when cash is received by the District.

The District reports the following major governmental funds:

The **Special Revenue** Fund accounts for all financial resources and uses related to maintenance of parkways and open space within the District.

The **Capital Projects** Fund accounts for all financial resources and uses related to acquisition, construction, and formation/annexation activities.

D. Fund Balance

In the fund financial statements, governmental funds report fund balance as nonspendable, restricted, committed, assigned, or unassigned based primarily on the extent to which the District is bound to honor constraints on how specific amounts can be spent.

- **Nonspendable** - Amounts that are not in spendable form (such as inventory) or are required either legally or contractually to be maintained intact.
- **Restricted** - Amounts with constraints placed on their use that are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or (b) imposed by law through constitutional or enabling legislation.
- **Committed** - Amounts constrained to specific purposes by the District itself, using the District's highest level of decision-making authority (the City Council). To be reported as committed, amounts cannot be used for any other purpose unless the District takes the same highest level action to remove or change the constraint. The underlying action that imposed the limitation needs to occur no later than the close of the reporting period.
- **Assigned** - Amounts the District *intends* to use for a specific purpose. Intent can be expressed by the District at either the highest level of decision-making or by an official or body to which the District delegates the authority.
- **Unassigned** - The residual classification for the District that includes amounts not contained in the other classifications. In other funds, the unassigned classification is used only if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2016-2 (KIERNAN BUSINESS PARK EAST)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The District establishes and modifies or rescinds fund balance commitments by passage of an ordinance or policy. This is typically done through adoption or amendment of the budget. A fund balance commitment is further indicated in the budget as a designation or commitment of the fund, such as approved construction contracts. Assigned fund balance is established by the District through adoption or amendment of the budget or future year budget plan as intended for a specific purpose.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, followed by the committed, assigned, and unassigned resources as they are needed.

E. Governmental Accounting Standards Update

During the year ended June 30, 2017, the District implemented the following Governmental Accounting Standards Board (GASB) standards:

GASB Statement No. 80, *Blending Requirements for Certain Component Units – an amendment of GASB Statement No. 14*. The statement establishes an additional blending requirement for the financial statement presentation of component units. This statement did not have a significant impact to the District's financial statements.

The District is currently evaluating its accounting practices to determine the potential impact on the financial statements for the following GASB Statements:

In March 2016, the GASB issued Statement No. 81, *Irrevocable Split-Interest Agreements*. The statement provides recognition and measurement guidance for situations in which a government is a beneficiary of these agreements. This Statement is effective for the District's fiscal year ending June 30, 2018.

In January 2017, the GASB issued Statement No. 84, *Fiduciary Activities*, improves guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The Statement is effective for the District's fiscal year ending June 30, 2020.

In March 2017, the GASB issued Statement No. 85, *Omnibus 2017*, addresses practical issues that have been identified during implementation and application of certain GASB Statements. The statement addresses a variety of topics including issues related to blending component units, goodwill, fair value measurement and application, pensions and other postemployment benefits. This Statement is effective for the District's fiscal year ending June 30, 2018.

In June 2017, the GASB issued Statement No. 87, *Leases*, increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The Statement is effective for the District's fiscal year ending June 30, 2021.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2016-2 (KIERNAN BUSINESS PARK EAST)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 2 – CASH AND INVESTMENTS

Cash and investments of the District are pooled with other City funds. The District's portion of this pooled amount was \$349,252 at June 30, 2017. At June 30, 2017, the City's investment pool is unrated and the weighted average maturity is 483 days. Interest earned on pooled cash and investments is credited to the funds based on each fund's average monthly cash balance. Detailed information concerning the City's pooled cash and investments, including information regarding the fair value of investments, may be found in the City's Comprehensive Annual Financial Report. As of June 30, 2017, the fair value of the District's position in the pool is the same as the value of its pool shares.

The fair value hierarchy established by generally accepted accounting principles is based on the valuation inputs used to measure the fair value of the assets. The District's investment in the City's investment pool is exempt from fair value measurement disclosures.

NOTE 3 – RESTRICTED NET POSITION AND FUND BALANCES

Net position is measured on the full accrual basis of accounting, which differs from the concept of fund balance, which is measured on the modified accrual basis of accounting.

A. Net Position

Net position is the excess of all the District's assets over all its liabilities. Net position is determined only at the government-wide level.

Restricted describes the portion of net position which is restricted as to use by the terms and conditions of agreements with outside parties, governmental regulations, laws, or other restrictions which the District cannot unilaterally alter. These principally include developer fees received for District maintenance.

B. Fund Balances

Fund balances are all presented in the restricted category (see Note 1 for a description of fund balance categories). As of June 30, 2017, restrictions included:

Restricted for District Maintenance - the portion of fund balance legally restricted for maintenance of parkways and open space within the District.

Restricted for Capital Projects - the portion of fund balance legally restricted for the acquisition, construction, and formation/annexation activities.

This page intentionally left blank.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

The Honorable City Council
of the City of Modesto, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and Special Revenue Fund of the City of Modesto Community Facilities District Number 2016-2 (Kiernan Business Park East) (the District), as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 21, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report

The Honorable City Council
of the City of Modesto, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of the City of Modesto Community Facilities District Number 2007-1 (North Beyer Park #2) (the District), a component unit of the City of Modesto, California, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly in all material respects the respective financial position of the governmental activities and each major fund of the District as of June 30, 2017, and the respective changes in financial position thereof and the respective budgetary comparison for the Special Revenue Fund for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 21, 2017, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2007-1 (NORTH BEYER PARK #2)
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2017**

The City of Modesto Community Facilities District No. 2007-1 (North Beyer Park #2) (the District) has issued its financial statements in the format prescribed by the provisions of Governmental Accounting Standards Board (GASB) Statement No. 34, which requires the District to provide this overview of its financial activities for the fiscal year.

Please read this overview in conjunction with your reading of the accompanying basic financial statements.

THE PURPOSE OF THE DISTRICT

The District is a blended component unit of the City of Modesto, California (City). It is controlled by the City, and the City Council is the District's governing body. City employees perform most of the duties and functions required of the District, but certain tasks are provided by third parties under contract.

The District's purpose under California law is to provide a funding mechanism for public facilities and services authorized by the District. The District is the vehicle that will be used to ensure that all landowners in the Specific Plan area contribute to the cost of the public facilities and services. Additional information on the District can be found below, and in Note 1 to the accompanying financial statements.

BACKGROUND AND MANAGEMENT'S DISCUSSION

The North Beyer Specific Plan Area encompasses approximately 160 gross acres of land and is comprised of a variety of residential, commercial, and office land uses. On June 24, 1997, Community Facilities District No. 1997-1 (North Beyer Park) ("CFD 1997-1") was formed and the levy of special taxes was authorized. At this time, approximately 124+/- acres of residential property, representing 464 residential units or lots have already been developed and 15 +/- commercial acres and 26+/- residential acres remain to be developed. CFD 1997-1 was previously formed to fund and maintain the construction and maintenance of the street and landscape medians on Coffee and Oakdale Roads between Claratina and Mable Avenues.

On May 8 2007, the City of Modesto formed City of Modesto Community Facilities District No. 2007-1 (CFD No. 2007-1). The authorized services to be funded by special tax revenues include maintenance and repair of parks, landscaped medians, storm drainage basins, and related facilities, including but not limited to, concrete curbs and walks, trees, shrubs, vines, ground cover, turf, lights and irrigation systems. The services to be provided include, but are not limited to, litter and debris removal, graffiti abatement, painting repairs to landscape structures, building maintenance and repairs, pruning, staking, fertilizing, plant replacement and restoration, fire and weed control, erosion control, mowing of lawns, trimming of vegetation, and maintenance, repair and replacement of lighting systems within the parks.

The facilities authorized to be funded by special tax revenues include installation of the landscaped medians on Oakdale and Coffee Roads, which may but will not necessarily include, concrete curbs and walks, trees, shrubs, ground cover, lights, and irrigation systems.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2007-1 (NORTH BEYER PARK #2)
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2017**

FISCAL YEAR 2017 FINANCIAL HIGHLIGHTS

Financial highlights of the year include the following:

Government-Wide:

- The District's net position increased \$324,026 in fiscal year 2017.
- At June 30, 2017, net position was \$496,561.
- Total general revenues were \$371,321.

Fund Basis:

- Capital Projects Fund revenues were \$334,348. This is an increase of \$192,726 from the prior year. The revenues are attributed to facilities special tax from development within the CFD.
- Capital Projects Fund ending fund balance increased \$334,348 to \$475,698.
- Special Revenue Fund revenues of \$36,973 were \$1,782 more than last year, attributed primarily to an increase in time and materials fees revenue. Expenditures of \$47,295 were \$43,142 more than the prior year due to increased maintenance needs from new development within the CFD.
- Special Revenue Fund ending fund balance decreased \$10,322 to \$20,863. Due to facilities special tax from development within the CFD.

THE BASIC FINANCIAL STATEMENTS

The basic financial statements comprise the government-wide financial statements and the fund financial statements; these two sets of financial statements provide two different views of the District's financial activities and financial position.

Government-Wide Financial Statements

The government-wide financial statements provide a long-term view of the District's activities as a whole and comprise the statement of net position and the statement of activities. The statement of net position provides information about the financial position of the District as a whole, including all its capital assets and long-term liabilities. The statement of activities provides information about the District's revenues and all its expenses. The statement of activities explains in detail the change in net position for the year.

The statement of net position and the statement of activities present information about the following:

- **Governmental activities** – All of the District's basic services are considered to be governmental activities, including formation, financing, construction, and maintenance activities. Formation deposits, special facilities taxes, and annual maintenance assessments support these services.

Government-wide financial statements are prepared on the accrual basis of accounting, which means they measure the flow of all economic resources of the District as a whole, similar to that used by the private sector.

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2017**

FINANCIAL ACTIVITIES OF THE DISTRICT AS A WHOLE

This analysis focuses on the net position and changes in net position of the District's governmental activities in the government-wide financial statement of net position and statement of activities that follow.

As of June 30, 2017, total assets were \$501,896. The District's net position from governmental activities increased \$324,026 in 2017 from \$172,535 in 2016 to \$496,561. All of the District's net position is restricted as follows: \$475,698 for capital projects and \$20,863 for District maintenance.

Following is a condensed statement of net position:

Statement of Net Position – Governmental Activities

	2017	2016
Cash and investments	\$ 500,775	\$ 177,553
Interest receivable	1,121	329
Total assets	501,896	177,882
Accounts payable	5,335	5,347
Net position:		
Restricted for:		
Capital projects	475,698	141,350
District maintenance	20,863	31,185
Total net position	\$ 496,561	\$ 172,535

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2007-1 (NORTH BEYER PARK #2)
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2017**

FISCAL YEAR 2017 GOVERNMENTAL ACTIVITIES

The District's fiscal year 2017 revenue came primarily from facilities special tax and maintenance special tax. Community development expense increased by \$43,142 due primarily to increases in repair and maintenance cost, utilities cost, and labor costs of City employees providing administrative and program services for the District.

Following is a condensed statement of activities:

Statement of Activities – Governmental Activities

	2017	2016
Revenues:		
General revenues:		
Maintenance special tax	\$ 30,070	\$ 30,044
Facilities special tax	334,076	141,350
Time and materials fees	5,347	4,153
Investment earnings	1,828	994
Total revenues	371,321	176,541
Expenses:		
Community development	47,295	4,153
Change in net position	324,026	172,388
Net position, beginning of year	172,535	147
Net position, end of year	\$ 496,561	\$ 172,535

Fund Financial Statements

The fund financial statements report the District's operations in more detail than the government-wide financial statements and focus primarily on the short-term activities of the District's two funds. The fund financial statements measure only current revenues and expenditures and fund balances; they exclude capital assets, long-term debt, and other long-term amounts.

The fund financial statements provide detailed information about each of the District's most significant funds, called major funds. Major funds present the major activities of the District for the year, and may change from year to year as a result of changes in the pattern of the District's activities. All of the District's funds are presented here as major funds; their purposes are explained in Note 1 to the financial statements.

All the District's funds are governmental funds; financial statements for these funds are prepared on the modified accrual basis of accounting, which means they measure only current financial resources and uses.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2007-1 (NORTH BEYER PARK #2)
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2017**

Following is a condensed statement of revenues, expenditures, and changes in fund balances for the year ended June 30, 2017:

Statement of Revenues, Expenditures, and Changes in Fund Balances – Governmental Funds

	Capital Projects Fund	Special Revenue Fund	Total
Revenues	\$ 334,348	\$ 36,973	\$ 371,321
Expenditures	-	47,295	47,295
Changes in fund balances	334,348	(10,322)	324,026
Fund balances, beginning of year	141,350	31,185	172,535
Fund balances, end of year	<u>\$ 475,698</u>	<u>\$ 20,863</u>	<u>\$ 496,561</u>

THE DISTRICT'S FUND FINANCIAL STATEMENTS

At June 30, 2017, the District's governmental funds reported combined fund balances of \$496,561, which is an increase of \$324,026 compared with last year.

CAPITAL ASSETS

Under GASB Statement No. 34, the District is required to record all its capital assets, including infrastructure, at their historical cost, and to depreciate these assets over their estimated useful lives. However, title to all infrastructure assets acquired or constructed by the District is turned over to the City upon completion and acceptance. Accordingly, capital outlay expenditures are reported in both the District's fund and government-wide financial statements. Therefore, the District reports no long-term capital assets.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

These basic financial statements are intended to provide citizens, taxpayers, investors, and creditors with a general overview of the District's finances. Questions about this report should be directed to the City of Modesto, Administrator, Infrastructure Financing Programs, P.O. Box 642, Modesto, California 95353.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2007-1 (NORTH BEYER PARK #2)**

**STATEMENT OF NET POSITION
AND STATEMENT OF ACTIVITIES**

The statement of net position and the statement of activities summarize the entire District's financial activities and financial position. They are prepared on the same basis of accounting as that used by most businesses, which means they include all the District's assets and all its liabilities, as well as all its revenues and expenses. This is known as the full accrual basis of accounting – the effect of all the District's transactions is taken into account, regardless of whether or when cash changes hands, but all material internal transactions between District funds have been eliminated.

The statement of net position reports the difference between the District's total assets and the District's total liabilities, including all the District's capital assets and all its long-term debt. The statement of net position focuses the reader on the composition of the District's net position, by subtracting total liabilities from total assets. The statement of net position summarizes the financial position of the District in a single column.

The statement of activities reports increases and decreases in the District's net position. It is also prepared on the full accrual basis of accounting, which means it includes all the District's revenues and all its expenses, regardless of when cash changes hands. This differs from the "modified accrual" basis of accounting used in the fund financial statements, which reflect only current assets, current liabilities, available revenues, and measurable expenditures.

The format of the statement of activities presents the District's expenses, which are listed by program, first. Program revenues – that is, revenues which are generated directly by these programs – are then deducted from program expenses to arrive at the net program revenue (expense). General revenues – that is, revenues which are not generated directly by these programs – are then added to arrive at the change in net position and reconciled with the statement of net position.

FUND FINANCIAL STATEMENTS

Major funds are defined generally as having significant activities or balances in the current year.

The District determined all its funds to be major funds. They are:

The **Capital Projects** Fund accounts for all financial resources and uses related to acquisition, construction, and formation/annexation activities.

The **Special Revenue** Fund accounts for all financial resources and uses related to maintenance of parkways and open space within the District.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2007-1 (NORTH BEYER PARK #2)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description and Reporting Entity

The Community Facilities District Number 2007-1 (North Beyer Park #2) (the District) was formed in May 2007 by a vote of the property owners within the proposed District. The District, a separate legal entity, was formed to provide a funding mechanism for public facilities and services as required by the District Specific Plan. The District is a 160-acre project, the boundaries of which are recorded in Book 2, page 80 of the Book of Assessment District Maps in the Stanislaus County Recorder's Office.

The District is an integral part of the City of Modesto, California (the City) and the accompanying financial statements are included as a blended component unit of the basic financial statements prepared by the City. A component unit is a separate governmental unit, agency, or nonprofit corporation which, when combined with all other component units, constitutes the reporting entity as defined in the City's basic financial statements.

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and statement of activities) report information on all of the activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities normally are supported by taxes and intergovernmental revenues.

The statement of activities demonstrates the degree to which direct expenses are offset by program revenues. Direct expenses are those that are clearly identifiable with the community development function. Program revenues include grants and contributions that are restricted to meeting the operational requirements of the community development function. Investment earnings, and other items which are not properly included among program revenues, are reported instead as general revenues.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

C. Basis of Presentation, Basis of Accounting, and Measurement Focus

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Taxes are recognized as revenues in the year for which they are levied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 180 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under the accrual basis of accounting.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2007-1 (NORTH BEYER PARK #2)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Substantially all taxes and interest, including the net increase (decrease) in the fair value of investments, are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Miscellaneous revenues are considered to be measurable and available only when cash is received by the District.

The District reports the following major governmental funds:

The **Capital Projects** Fund accounts for all financial resources and uses related to acquisition, construction, and formation/annexation activities.

The **Special Revenue** Fund accounts for all financial resources and uses related to maintenance of parkways and open space within the District.

D. Capital Assets

The District is required to record all its capital assets, including infrastructure, at their historical cost, and to depreciate these assets over their estimated useful lives. However, title to all infrastructure assets acquired or constructed by the District is turned over to the City upon completion and acceptance. Accordingly, capital outlay expenditures/expenses are reported in both the District's fund and government-wide financial statements.

E. Fund Balance

In the fund financial statements, governmental funds report fund balance as nonspendable, restricted, committed, assigned, or unassigned based primarily on the extent to which the District is bound to honor constraints on how specific amounts can be spent.

- **Nonspendable** - Amounts that are not in spendable form (such as inventory) or are required either legally or contractually to be maintained intact.
- **Restricted** - Amounts with constraints placed on their use that are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or (b) imposed by law through constitutional or enabling legislation.
- **Committed** - Amounts constrained to specific purposes by the District itself, using the District's highest level of decision-making authority (the City Council). To be reported as committed, amounts cannot be used for any other purpose unless the District takes the same highest level action to remove or change the constraint. The underlying action that imposed the limitation needs to occur no later than the close of the reporting period.
- **Assigned** - Amounts the District *intends* to use for a specific purpose. Intent can be expressed by the District at either the highest level of decision-making or by an official or body to which the District delegates the authority.
- **Unassigned** - The residual classification for the District that includes amounts not contained in the other classifications. In other funds, the unassigned classification is used only if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2007-1 (NORTH BEYER PARK #2)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The District establishes and modifies or rescinds fund balance commitments by passage of an ordinance or policy. This is typically done through adoption or amendment of the budget. A fund balance commitment is further indicated in the budget as a designation or commitment of the fund, such as approved construction contracts. Assigned fund balance is established by the District through adoption or amendment of the budget or future year budget plan as intended for a specific purpose.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, followed by the committed, assigned, and unassigned resources as they are needed.

F. Governmental Accounting Standards Update

During the year ended June 30, 2017, the District implemented the following Governmental Accounting Standards Board (GASB) standards:

GASB Statement No. 80, *Blending Requirements for Certain Component Units – an amendment of GASB Statement No. 14*. The statement establishes an additional blending requirement for the financial statement presentation of component units. This statement did not have a significant impact to the District's financial statements.

The District is currently evaluating its accounting practices to determine the potential impact on the financial statements for the following GASB Statements:

In March 2016, the GASB issued Statement No. 81, *Irrevocable Split-Interest Agreements*. The statement provides recognition and measurement guidance for situations in which a government is a beneficiary of these agreements. This Statement is effective for the District's fiscal year ending June 30, 2018.

In January 2017, the GASB issued Statement No. 84, *Fiduciary Activities*, improves guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The Statement is effective for the District's fiscal year ending June 30, 2020.

In March 2017, the GASB issued Statement No. 85, *Omnibus 2017*, addresses practical issues that have been identified during implementation and application of certain GASB Statements. The statement addresses a variety of topics including issues related to blending component units, goodwill, fair value measurement and application, pensions and other postemployment benefits. This Statement is effective for the District's fiscal year ending June 30, 2018.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2007-1 (NORTH BEYER PARK #2)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

In June 2017, the GASB issued Statement No. 87, *Leases*, increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The Statement is effective for the District's fiscal year ending June 30, 2021.

NOTE 2 – CASH AND INVESTMENTS

Cash and investments of the District are pooled with other City funds. The District's portion of this pooled amount was \$500,775 at June 30, 2017. At June 30, 2017, the City's investment pool is unrated and the weighted average maturity is 483 days. Interest earned on pooled cash and investments is credited to the funds based on each fund's average monthly cash balance. Detailed information concerning the City's pooled cash and investments, including information regarding the fair value of investments, may be found in the City's Comprehensive Annual Financial Report. As of June 30, 2017, the fair value of the District's position in the pool is the same as the value of its pool shares.

The fair value hierarchy established by generally accepted accounting principles is based on the valuation inputs used to measure the fair value of the assets. The District's investment in the City's investment pool is exempt from fair value measurement disclosures.

NOTE 3 – RESTRICTED NET POSITION AND FUND BALANCES

Net position is measured on the full accrual basis of accounting, which differs from the concept of fund balance, which is measured on the modified accrual basis of accounting.

A. Net Position

Net position is the excess of all the District's assets over all its liabilities. Net position is determined only at the government-wide level.

Restricted describes the portion of net position which is restricted as to use by the terms and conditions of agreements with outside parties, governmental regulations, laws, or other restrictions which the District cannot unilaterally alter. These principally include developer fees received for use on capital projects and District maintenance.

**CITY OF MODESTO, CALIFORNIA
COMMUNITY FACILITIES DISTRICT
NUMBER 2007-1 (NORTH BEYER PARK #2)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 3 – RESTRICTED NET POSITION AND FUND BALANCES (Continued)

B. Restrictions of Fund Balances

Fund balances are all presented in the restricted category (see Note 1 for a description of fund balance categories). As of June 30, 2017, restrictions included:

Restricted for Capital Projects - the portion of fund balance legally restricted for the acquisition, construction, and formation/annexation activities.

Restricted for District Maintenance - the portion of fund balance legally restricted for maintenance of parkways and open space within the District.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

The Honorable City Council
of the City of Modesto, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of the City of Modesto Community Facilities District Number 2007-1 (North Beyer Park #2) (the District), as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 21, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report

Members of the Governing Committee
Stanislaus Drug Enforcement Agency
Modesto, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and General Fund of the Stanislaus Drug Enforcement Agency (the Agency) as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the General Fund of the Agency, as of June 30, 2017, and the respective changes in financial position thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 13, 2017, on our consideration of the Agency's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Agency's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Agency's internal control over financial reporting and compliance.

STANISLAUS DRUG ENFORCEMENT AGENCY
GOVERNMENT-WIDE FINANCIAL STATEMENTS

The Statement of Net Position reports the difference between the Stanislaus Drug Enforcement Agency's (the Agency) total assets and the Agency's total liabilities, including all the Agency's capital assets and all its long-term debt. The Statement of Net Position focuses the reader on the composition of the Agency's net position, by subtracting total liabilities from total assets.

The Statement of Net Position summarizes the Agency's financial position in a single column.

The Statement of Activities reports increases and decreases in the Agency's net position. It is prepared on the full accrual basis of accounting, which means it includes all the Agency's revenues and all its expenses, regardless of when cash changes hands. This differs from the "modified accrual" basis of accounting used in the fund financial statements, which reflect only current assets, current liabilities, available revenues, and measurable expenditures.

The Statement of Activities presents the Agency's expenses that are listed by program first. Program revenues, that is, revenues which are generated directly by these programs – are then deducted from program expenses to arrive at the net expense of each program. The Agency's general revenues are then listed and the Change in Net Position is computed and reconciled with the Statement of Net Position.

These financial statements along with the fund financial statements and the notes to the basic financial statements are called *Basic Financial Statements*.

**STANISLAUS DRUG ENFORCEMENT AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. General

The Stanislaus Drug Enforcement Agency (the Agency) was formed in 1986 by a joint powers agreement between the County of Stanislaus, California, (the County) and several municipalities within the County. During the year ended June 30, 2017, the participating municipalities, in addition to the County, were the cities of Ceres, Hughson, Modesto, Newman, Oakdale, Patterson, Riverbank, Turlock, and Waterford. The governing committee of the Agency is comprised of the Sheriff of the County, the District Attorney of the County, the Chief Probation Officer of the County, and the Police Chiefs of the participating municipalities.

The Agency was created to assist in the enforcement of drug control laws of the State of California. The Agency maintains a fully operational, specially trained police unit to assist each of the participating jurisdictions in enforcing these laws and to study, plan, and set priorities for effective enforcement of such laws throughout the County. Agency personnel are provided by the participating jurisdictions.

Funding for Agency operations includes annual cash contributions by the participating jurisdictions. Certain jurisdictions also provide in-kind contributions in the form of employee services. Cash contributions are established based upon assessed property values and the population base of each jurisdiction as of January 1 of each year. The County and the City of Modesto provide cash contributions for Agency salary and benefits expenditures, while all participating jurisdictions provide cash contributions for non-salary and benefits operating expenditures. Other revenue sources include those assets forfeited through court resolution of criminal cases and federal grants supporting drug enforcement activities.

The Agency is considered to be a separate legal entity and is not a component unit of any of the participating jurisdictions. Pursuant to Section 6508.1 of the California Government Code and Section 7F of the joint powers agreement, the debts, liabilities, and obligations of the Agency are those of the Agency and not of the parties to the joint powers agreement.

Financial transactions of the Agency for the year ended June 30, 2017, were processed and accounted for by the City of Modesto.

B. Basis of Presentation

The Agency's basic financial statements are prepared in conformity with accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the acknowledged standard setting body for establishing accounting and financial reporting standards followed by governmental entities in the United States of America.

These standards require that the financial statements described below be presented.

Government-Wide Financial Statements: The Statement of Net Position and the Statement of Activities include the financial activities of the overall Agency government. Eliminations have been made to minimize the double counting of internal activities.

**STANISLAUS DRUG ENFORCEMENT AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Statement of Activities presents a comparison between direct expenses and program revenues for each function of the Agency's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) charges paid by the recipients of goods or services offered by the programs, (b) grants and contributions that are restricted to meeting the operational needs of a particular program, and (c) fees, grants, and contributions that are restricted to financing the acquisition or construction of capital assets. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the Agency. The emphasis of fund financial statements is on major individual governmental funds. The Agency has only one fund, the General Fund.

C. Basis of Accounting

The government-wide financial statements are reported using the *economic resources measurement focus* and the *full accrual* basis of accounting. Revenues are recorded when *earned* and expenses are recorded at the time liabilities are *incurred*, regardless of when the related cash flows take place.

Governmental funds are reported using the *current financial resources* measurement focus and the *modified accrual* basis of accounting. Under this method, revenues are recognized when *measurable and available*. The Agency considers all revenues reported in the governmental funds to be available if the revenues are collected within 180 days after year-end. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. Capital asset acquisitions are reported as *expenditures* in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as *other financing sources*.

Non-exchange transactions, in which the Agency gives or receives value without directly receiving or giving equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis of accounting, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Other revenues susceptible to accrual include intergovernmental revenues, member contributions, and interest.

D. Due from Other Governments

The Agency's receivables consist of amounts due from grants and other agencies. Management has determined the Agency's receivables to be fully collectible. Accordingly, no allowance for doubtful accounts has been made.

**STANISLAUS DRUG ENFORCEMENT AGENCY
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Capital Assets

All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Contributed capital assets are valued at their estimated fair market value on the date contributed. The Agency capitalizes assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of one year. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

All capital assets with limited useful lives are depreciated over their estimated useful lives. Depreciation is provided using the straight-line method which means the cost of the asset is divided by its expected useful life in years and the result is charged to expense each year until the asset is fully depreciated. The purpose of depreciation is to spread the cost of capital assets equitably over the lives of these assets. The amount charged to depreciation expense each year represents that year's pro rata share of the cost of capital assets.

The Agency has assigned the useful lives below to capital assets:

	Useful Lives In Years
Buildings	30
Structures and Improvements	20
Vehicles, Furnishings, and Equipment	3 to 10

F. Seized Assets

Seized assets can include monetary instruments, real property, and tangible personal property seized as a consequence of a violation of public law that are held as evidence in state and/or mixed jurisdiction cases until adjudicated. Once adjudicated, the seized assets could be either returned to the accused or distributed to any number of government agencies. The seized assets liability at June 30, 2017 was \$527,839.

G. Net Position

Net position is the excess of all the Agency's assets over all its liabilities, regardless of fund. Net position is divided into two captions. These captions apply only to net position, which is determined only at the government-wide level, and are described below:

Investment in Capital Assets, describes the portion of net position which is represented by the current net book value of the Agency's capital assets.

Restricted describes the portion of net position which is restricted as to use by the terms and conditions of agreements with outside parties, governmental regulations, laws, or other restrictions which the Agency cannot unilaterally alter.

Unrestricted describes the portion of net position which is not restricted as to use.

**STANISLAUS DRUG ENFORCEMENT AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

H. Fund Balance

In the fund financial statements, governmental funds report fund balance as nonspendable, restricted, committed, assigned, or unassigned based primarily on the extent to which the Agency is bound to honor constraints on how specific amounts can be spent.

Nonspendable describes amounts that are not in spendable form (such as imprest cash) or are required either legally or contractually to be maintained intact.

Restricted describes amounts with constraints placed on their use that are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or (b) imposed by law through constitutional or enabling legislation.

Committed describes amounts constrained to specific purposes by the Agency itself, using the Agency's highest level of decision-making authority (the Governing Committee). To be reported as committed, amounts cannot be used for any other purpose unless the Agency takes the same highest level action to remove or change the constraint. The underlying action that imposed the limitation needs to occur no later than the close of the reporting period.

Assigned describes amounts the Agency *intends* to use for a specific purpose. Intent can be expressed by the Agency at either the highest level of decision-making or by an official or body to which the Agency delegates the authority.

Unassigned describes the residual classification for the Agency's General Fund that includes amounts not contained in the other classifications. In other funds, the unassigned classification is used only if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes.

The Agency establishes and modifies or rescinds fund balance commitments by passage of an ordinance or policy. This is typically done through adoption or amendment of the budget. A fund balance commitment is further indicated in the budget as a designation or commitment of the fund, such as approved construction contracts. Assigned fund balance is established by the Agency through adoption or amendment of the budget or future year budget plan as intended for a specific purpose.

When both restricted and unrestricted resources are available for use, it is the Agency's policy to use restricted resources first, followed by the committed, assigned, and unassigned resources as they are needed.

The Agency believes that sound financial management principles require that sufficient funds be retained by the Agency to provide a stable financial base at all times. To retain this stable financial base, the Agency needs to maintain unrestricted fund balance in its funds sufficient to fund cash flows of the Agency and to provide financial reserves for unanticipated expenditures and/or revenue shortfalls of an emergency nature. Committed, assigned, and unassigned fund balances are considered unrestricted.

**STANISLAUS DRUG ENFORCEMENT AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

I. Accounting Standards Update

During the year ended June 30, 2017, the Agency implemented the following GASB standards:

GASB Statement No. 80, *Blending Requirements for Certain Component Units – an amendment of GASB Statement No. 14*. The statement establishes an additional blending requirement for the financial statement presentation of component units. This statement did not have a significant impact to the Agency's financial statements.

The Agency is currently evaluating its accounting practices to determine the potential impact on the financial statements for the following GASB Statements:

In March 2016, the GASB issued Statement No. 81, *Irrevocable Split-Interest Agreements*. The statement provides recognition and measurement guidance for situations in which a government is a beneficiary of these agreements. This Statement is effective for the Agency's fiscal year ending June 30, 2018.

In November 2016, the GASB issued Statement No. 83, *Certain Asset Retirement Obligations*, addresses accounting and financial reporting for certain asset retirement obligations (AROs). An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset. A government that has legal obligations to perform future asset retirement activities related to its tangible capital assets should recognize a liability based on the guidance in this Statement. The Statement is effective for the Agency's fiscal year ending June 30, 2019.

In January 2017, the GASB issued Statement No. 84, *Fiduciary Activities*, improves guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The Statement is effective for the Agency's fiscal year ending June 30, 2020.

In March 2017, the GASB issued Statement No. 85, *Omnibus 2017*, addresses practical issues that have been identified during implementation and application of certain GASB Statements. The statement addresses a variety of topics including issues related to blending component units, goodwill, fair value measurement and application, pensions and other postemployment benefits. This Statement is effective for the Agency's fiscal year ending June 30, 2018.

In May 2017, the GASB issued Statement No. 86, *Certain Debt Extinguishment Issues*, improves consistency in accounting and financial reporting for in-substance defeasance of debt by providing guidance for transactions in which cash and other monetary assets acquired with only existing resources – resources other than the proceeds of refunding debt – are placed in an irrevocable trust for the sole purpose of extinguishing debt. This Statement also improves accounting and financial reporting for prepaid insurance on debt that is extinguished and notes to financial statements for debt that is defeased in substance. This Statement is effective for the Agency's fiscal year ending June 30, 2018.

**STANISLAUS DRUG ENFORCEMENT AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

In June 2017, the GASB issued Statement No. 87, *Leases*, which increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The Statement is effective for the Agency's fiscal year ending June 30, 2021.

J. Defined Benefit Pension Plan

Agency employees participate in the Public Employees' Retirement System of the State of California or Stanislaus County Employees Retirement Association through their applicable sponsoring jurisdiction. Employer pension contributions for these employees are allocated to the Agency by the respective jurisdictions.

K. Budgets and Budgetary Accounting

The Agency's governing committee adopts an annual operating budget for the General Fund on or before June 30. The budget is adopted on a basis of accounting consistent with accounting principles generally accepted in the United States of America. The governing committee may amend the budget during the fiscal year, and Agency expenditures are limited to the amount of total appropriations allowed by this budget.

Budgeted amounts are as originally adopted, or as amended by the governing committee. Individual amendments were not material in relation to the original appropriations which were amended.

NOTE 2 – CASH AND INVESTMENTS

Cash and investments are classified in the financial statements as shown below. Investments are carried at fair value as follows at June 30, 2017:

Cash in City of Modesto Treasury	\$ 2,322,113
Imprest Cash	<u>15,500</u>
 Total Cash and Investments	 <u>\$ 2,337,613</u>

The Agency's Cash in City of Modesto Treasury is cash and investments included in the City of Modesto's cash and investment pool. At June 30, 2017, the City's investment pool is unrated and the weighted average maturity is 483 days. Interest earned on pooled cash and investments is credited to each participant in the pool based on each participant's average monthly cash balance. Detailed information concerning the City of Modesto's pooled cash and investments, including information regarding the fair value of investment, may be found in the City of Modesto's Comprehensive Annual Financial Report. As of June 30, 2017, the fair value of the Agency's position in the pool is the same as the value of its pool shares. The Agency's investments in the City of Modesto's Treasury are exempt from fair value hierarchy disclosure.

**STANISLAUS DRUG ENFORCEMENT AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 3 – CAPITAL ASSETS

Capital assets activity for the year is as follows:

	Balance June 30, 2016	Additions	Retirements/ Disposal	Balance June 30, 2017
Capital assets not being depreciated:				
Land	\$ 268,000	\$ -	\$ -	\$ 268,000
Total capital assets not being depreciated	<u>268,000</u>	<u>-</u>	<u>-</u>	<u>268,000</u>
Capital assets being depreciated:				
Buildings and improvements	505,579	-	-	505,579
Vehicles	568,487	-	-	568,487
Intangible assets	23,976	-	-	23,976
Furnishings and equipment	605,103	-	(118,800)	486,303
Total capital assets being depreciated	<u>1,703,145</u>	<u>-</u>	<u>(118,800)</u>	<u>1,584,345</u>
Less accumulated depreciation for:				
Buildings and improvements	(341,495)	(13,982)	-	(355,477)
Vehicles	(255,866)	(54,115)	-	(309,981)
Intangible assets	(23,976)	-	-	(23,976)
Furnishings and equipment	(486,579)	(39,709)	113,554	(412,734)
Total accumulated depreciation	<u>(1,107,916)</u>	<u>(107,806)</u>	<u>113,554</u>	<u>(1,102,168)</u>
Net capital assets being depreciated	<u>595,229</u>	<u>(107,806)</u>	<u>(5,246)</u>	<u>482,177</u>
Total capital assets, net	<u>\$ 863,229</u>	<u>\$ (107,806)</u>	<u>\$ (5,246)</u>	<u>\$ 750,177</u>

Depreciation expense for the year ended June 30, 2017, was \$107,806.

**STANISLAUS DRUG ENFORCEMENT AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 4 – UNEARNED REVENUE

The Agency is the recipient of fines and forfeitures allocated through legal proceedings of criminal prosecutions issued by government agencies (U.S. Department of Justice, U.S. Department of Treasury, State of California, etc.). Forfeiture proceeds allocated to the Agency are recorded as unearned revenue. The Agency is also a recipient of grants. Revenue is recognized as the fines and forfeitures and grants are expended on approved costs. As of June 30, 2017, the Agency had recorded \$1,655,041 of forfeiture proceeds as unearned revenue.

NOTE 5 – RELATED PARTY TRANSACTIONS

The Agency pays member jurisdictions for various services provided, such as, but not limited to, personnel services and consultant services. The Agency also reimburses the City of Modesto and County of Stanislaus for administrative as well as other costs incurred on the Agency's behalf.

NOTE 6 – COMMITMENTS AND CONTINGENCIES

The Agency is subject to litigation arising in the normal course of business. The current litigation pending will not have a material adverse effect on the financial position of the Agency.

NOTE 7 – RISK MANAGEMENT

As provided in the joint powers agreement, the City of Modesto has sole responsibility for personal injury and damage awards for which the Agency is liable in those cases in which the liability award does not exceed \$100,000. For awards in excess of \$100,000, the City of Modesto and the County share responsibility in proportion to their respective Agency contribution rates for the year.

The joint powers agreement also specifies that workers' compensation insurance will not be provided by the Agency and remains the responsibility of the jurisdiction sponsoring the Agency's respective employees.

The Agency uses two helicopters and two airplanes owned by the County in its operations. Therefore the Agency purchased a commercial insurance policy through the County which provides coverage up to \$10,000,000 with deductibles ranging from \$5,000 to \$8,530, depending on the aircraft and whether the rotors are in motion. The Agency paid a premium of \$25,396 for current year coverage.

NOTE 8 – EXPENDITURES OVER APPROPRIATIONS

For the year ended June 30, 2017, expenditures exceeded appropriations as follows:

General Fund:	
Services and supplies	\$ 166,380
Interest costs	13,327

Independent Auditor's Report

To City Council of the City of Modesto
Modesto, California

Report on the Financial Statement

We have audited the accompanying statement of receipts and costs of the City of Modesto, California, Abandoned Vehicle Abatement Program (the Program) for the year ended June 30, 2017, and the related note to the financial statement, as listed in the table of contents.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the cash basis of accounting described in Note 1; this includes determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on this financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and certain provisions of the *Abandoned Vehicle Abatement (AVA) Program Handbook*, issued by the California Highway Patrol. Those standards and the *AVA Program Handbook* require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statement referred to above presents fairly, in all material respects, the receipts and costs of the Program for the year ended June 30, 2017, in accordance with the cash basis of accounting described in Note 1.

Basis of Accounting

We draw attention to Note 1 of the financial statement, which describes the basis of accounting. The financial statement is prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Reporting Required by Government Auditing Standards and the AVA Program Handbook

In accordance with *Government Auditing Standards* and the *AVA Program Handbook*, we have also issued our report dated October 2, 2017, on our consideration of the Program's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and the *AVA Program Handbook* in considering the Program's internal control over financial reporting and compliance.

**CITY OF MODESTO
ABANDONED VEHICLE ABATEMENT PROGRAM
NOTE TO THE FINANCIAL STATEMENT
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES

The Abandoned Vehicle Abatement Program (the Program) is a statewide program administered by the California Highway Patrol (CHP). The City of Modesto (the City) administers and operates the local vehicle abatement program pursuant to Section 22710 of the Vehicle Code, Modesto Municipal City Code Section 3-2.1002 et seq., and the Stanislaus Area Association of Governments (SAAG) Abandoned Vehicle Program and Plan. Section 9250.7 of the Vehicle Code establishes the funding source for the abatement of abandoned vehicles by a county-based Service Authority (the Authority), pursuant to the provisions of Section 22710 of the Vehicle Code. The Vehicle Code imposes a service fee of one dollar (\$1) on vehicles registered to an owner with an address in the County of Stanislaus that established the Authority. This fee is paid to the Department of Motor Vehicles (DMV) at the time of registration or renewal of registration. The DMV, after deducting its administrative costs, at least quarterly transmits the net amount collected to the State Controller's Office (SCO) for deposit in the Abandoned Vehicle Trust Fund. All money in the fund is continuously appropriated to the SCO for allocation to an Authority that has an approved Program pursuant to Section 22710 of the Vehicle Code, and for payment of the administrative costs of the SCO. SAAG, the Authority established pursuant to Vehicle Code Section 22710, distributes Program funds to participating entities based on the allocations determined in the Vehicle Abatement Services Agreement. The receipts and costs of the Program are included in the General Fund of the City's basic financial statements.

Financial Statement Presentation – The financial statement is prepared on the method of accounting prescribed by the California Highway Patrol (CHP) and the *Abandoned Vehicle Abatement (AVA) Program Handbook*. The financial statement presents the information requested by the CHP and, therefore, does not purport to reflect results of operations in accordance with accounting principles generally accepted in the United States of America.

Basis of Accounting – The financial statement for the Program is prepared on the cash basis of accounting in which revenue is recognized when distributions are received and costs are recognized as disbursed and claimed in accordance with the *AVA Program Handbook* Guidelines.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards and the AVA Program Handbook

To City Council of the City of Modesto
Modesto, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and certain provisions of the *Abandoned Vehicle Abatement (AVA) Program Handbook*, issued by the California Highway Patrol, the statement of receipts and costs of the City of Modesto, California, Abandoned Vehicle Abatement Program (the Program) for the year ended June 30, 2017, and the related note to the financial statement, and have issued our report thereon dated October 2, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statement, we considered the Program's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of the Program's internal control. Accordingly, we do not express an opinion on the effectiveness of Program's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Program's financial statement is free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* or the *AVA Program Handbook*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and the *AVA Program Handbook* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report

Honorable Members of the City Council
City of Modesto, California

Report on the Financial Statements

We have audited the accompanying financial statements of the Local Transportation Special Revenue Funds and the Bus Enterprise Fund (collectively known as the Transportation Development Act Funds) of the City of Modesto, California (City), as of and for the year ended June 30, 2017, and the related notes to the financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Local Transportation Special Revenue Funds and the Bus Enterprise Fund of the City as of June 30, 2017, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matters

Basis of Presentation

As discussed in Note 1, the financial statements of the Transportation Development Act Funds of the City are intended to present the financial position, the changes in financial position, and, where applicable, cash flows of only that portion of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City that is attributable to the transactions of the Transportation Development Act Funds. They do not purport to, and do not present fairly the financial position of the City as of June 30, 2017, the changes in its financial position, or, where applicable, its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

Prior-Year Comparative Information

The financial statements include summarized prior-year comparative information. Such information does not include all of the information required or sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the financial statements for the year ended June 30, 2016, from which such summarized information was derived. We have previously audited the 2016 financial statements, and we expressed an unmodified audit opinion on the financial statements in our report dated December 14, 2016. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2016, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Required Supplementary Information

Management has omitted management's discussion and analysis (MD&A) and the respective budgetary comparison schedules for the special revenue funds that accounting principles generally accepted in the United States of America require to be presented to supplement the financial statements. Such missing information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. Our opinion on the financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America require that the schedule of the Bus Fund's proportionate share of the net pension liability and schedule of the Bus Fund's contributions be presented to supplement the financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

**Other Reporting Required by *Government Auditing Standards* and the
Transportation Development Act**

In accordance with *Government Auditing Standards*, we have also issued our report dated November 13, 2017, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters as it relates to the Transportation Development Act Funds. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance as it relates to the Transportation Development Act Funds. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance as it relates to the Transportation Development Act Funds.

CITY OF MODESTO
Transportation Development Act Funds
Notes to the Financial Statements
For the Year Ended June 30, 2017

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of Reporting Entity

The City of Modesto (City) accounts for California Transportation Development Act (TDA) monies in the Local Transportation Special Revenue Funds and the Bus Enterprise Fund (TDA Funds). These funds are a part of the City and not a separate legal entity. As such, these financial statements only present the fund financial statements and not the government-wide information or financial statements. The Local Transportation Special Revenue Funds are combined and presented as a special revenue fund in the City's Comprehensive Annual Financial Report (CAFR) along with the Bus Enterprise Fund. These financial statements are intended to reflect the financial position, changes in financial position, and cash flows, where applicable, of the TDA Funds in accordance with accounting principles generally accepted in the United States of America.

B. Basis of Presentation, Basis of Accounting, and Measurement Focus

The Local Transportation Special Revenue Funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible with the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 180 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under the accrual basis of accounting. Intergovernmental and interest revenues are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Under Governmental Accounting Standards Board (GASB) Statement No. 34, budgetary comparison information is required to be presented for each major special revenue fund with a legally adopted budget. The City is not legally required to adopt a budget for the TDA Funds. Therefore, budget comparison information is not included in these financial statements.

The Bus Enterprise Fund is reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

The financial statements include certain prior-year summarized comparative information in total but not at the level of detail required for a presentation in accordance with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the TDA Funds financial statements for the year ended June 30, 2016, from which the summarized information was derived.

Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The City reports the following Local Transportation Special Revenue Funds:

The **Non-Motorized Fund** accounts for monies received and spent under Article 3, Section 99234 of the TDA.

The **Streets and Roads Fund** accounts for monies received and spent under Article 8, Section 99400(a) of the TDA.

CITY OF MODESTO
Transportation Development Act Funds
Notes to the Financial Statements
For the Year Ended June 30, 2017

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The City reports the following Enterprise Fund:

The **Bus Enterprise Fund** accounts for monies received and spent under Article 4, Section 99250 (public transit) of the TDA. The Bus Enterprise Fund also receives federal funds through the Federal Transit Administration, and other state and local grants, in addition to operating revenues.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise fund are charges to customers for bus fares, sales, and services. Operating expenses for the enterprise fund includes the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

C. Management's Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

D. Due from Other Governments/Unearned Revenue

Grants, entitlements, or shared revenues are recorded as receivables and revenues in the special revenue funds when they are received or susceptible to accrual. Grants awarded for enterprise funds are recorded as receivables and nonoperating revenues when they are earned.

Unearned revenue consists of grant funds received in excess of qualified expenditures. Grant revenue is recognized in the period of qualified expenditure/expenses.

E. Capital Assets

Capital assets are defined by the City as assets with an initial individual cost of more than \$5,000 and estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated assets are recorded at estimated fair value at the date of donation.

Capital projects funded by the Local Transportation Special Revenue Funds, including infrastructure (roads, curbs, gutters, streets, bridges, sidewalks, drainage systems, lighting systems, right-of-ways, and land related to such assets), are recorded as transfers out to other City funds and capital outlay expenditures of the Local Transportation Special Revenue Funds. These expenditures are capitalized in the City's government-wide financial statements as the related capital assets become the property of the City and are maintained by the City.

CITY OF MODESTO
Transportation Development Act Funds
Notes to the Financial Statements
For the Year Ended June 30, 2017

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

In the Bus Enterprise Fund, buildings and equipment are depreciated using the straight-line method over the estimated useful lives of the assets, which are 30 years for buildings, 20 years for improvements, 12 years for buses, 10 years for furnishings and equipment, and 2 to 10 years for vehicles. Depreciation is included in operating expenses.

F. Fund Equity

In the fund financial statements, governmental funds report fund balance as nonspendable, restricted, committed, assigned, or unassigned based primarily on the extent to which the City is bound to honor constraints on how specific amounts can be spent.

- **Nonspendable** - Amounts that are not in spendable form (such as inventory) or are required, either legally or contractually, to be maintained intact.
- **Restricted** - Amounts with constraints placed on their use that are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or (b) imposed by law through constitutional or enabling legislation.
- **Committed** - Amounts constrained to specific purposes by the City, using the highest level of decision-making authority (City Council). To be reported as committed, amounts cannot be used for any other purpose unless the City takes the same highest level action to remove or change the constraint. The underlying action that imposed the limitation needs to occur no later than the close of the reporting period.
- **Assigned** - Amounts the City *intends* to use for a specific purpose. Intent can be expressed by the City at either the highest level of decision-making authority or by an official or body to which the City delegates the authority.
- **Unassigned** - For the TDA Special Revenue Funds, the unassigned classification is used only if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes.

The City establishes and modifies or rescinds fund balance commitments by passage of an ordinance or policy. This is typically done through adoption or amendment of the budget. A fund balance commitment is further indicated in the budget as a designation or commitment of the fund, such as approved construction contracts. Assigned fund balance is established by the City through adoption or amendment of the budget or future year budget plan as intended for a specific purpose.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, followed by the committed, assigned, and unassigned resources as they are needed.

G. Net Position

Net position is the excess of all the assets and deferred outflows of resources over all the liabilities and deferred inflows of resources, regardless of fund. Net position is divided into three captions. These captions apply only to net position of the Bus Enterprise Fund, and are described below:

Investment in Capital Assets describes the portion of net position which is represented by the current net book value of the capital assets.

CITY OF MODESTO
Transportation Development Act Funds
Notes to the Financial Statements
For the Year Ended June 30, 2017

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Restricted describes the portion of net position which is restricted as to use by the terms and conditions of agreements with outside parties, governmental regulations, laws, or other restrictions which the City cannot unilaterally alter. These principally include resources from grant revenues with Federal and State limitations on how the City may expend these grant funds.

Unrestricted describes the portion of net position which is not restricted as to use.

H. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Miscellaneous Plan (Plan) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the CalPERS Financial Office. For this purpose, benefit payments (including refunds of employee contributions) are recognized when currently due and payable in accordance with the benefit terms. Investments of the Plan are reported at fair value.

GASB Statement No. 68 requires that the reported results must pertain to liability and asset information within certain defined timeframes. For this report, the following timeframes are used:

Valuation Date:	June 30, 2015
Measurement Date:	June 30, 2016
Measurement Period:	July 1, 2015 to June 30, 2016

I. New Accounting Pronouncements

During the year ended June 30, 2017, the City implemented the following GASB standards:

GASB Statement No. 77, *Tax Abatement Disclosures*, is intended to improve financial reporting relating to disclosures of tax abatement transactions. Statement No. 77 requires governments that enter into tax abatement agreements to disclose (1) descriptive information about the agreements, such as the tax being abated, the authority under which tax abatements are provided, eligibility criteria, the mechanism by which taxes are abated, provisions for recapturing abated taxes, and the types of commitments made by tax abatement recipients; (2) the gross dollar amount of taxes abated during the period; (3) commitments made by a government, other than to abate taxes, as part of a tax abatement agreement. This statement did not have a significant impact to the City's financial statements.

GASB Statement No. 78, *Pensions Provided Through Certain Multiple-Employer Defined Benefit Pension Plans*, amends the scope and applicability of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions* to exclude pensions provided to employees of state or local governmental employers through a cost-sharing multiple-employer defined benefit pension plan that (1) is not a state or local governmental pension plan, (2) is used to provide defined benefit pensions both to employees of state or local governmental employers and to employees of employers that are not state or local governmental employers, and (3) has no predominant state or local governmental employer. This statement also establishes requirements for recognition and measurement of pension expense, expenditures, and liabilities; note disclosures; and require supplementary information for pensions that have the characteristics described above. This statement did not have a significant impact to the City's financial statements.

CITY OF MODESTO
Transportation Development Act Funds
Notes to the Financial Statements
For the Year Ended June 30, 2017

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

GASB Statement No. 80, *Blending Requirements for Certain Component Units – an amendment of GASB Statement No. 14*. The statement establishes an additional blending requirement for the financial statement presentation of component units. This statement did not have a significant impact to the City's financial statements.

GASB Statement No. 82, *Pension Issues – An Amendment of GASB Statements No. 67, No. 68, and No. 73*, addresses certain issues that have been raised with respect to Statements No. 67, *Financial Reporting for Pension Plans*, No. 68, *Accounting and Financial Reporting for Pensions*, and No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That are not Within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements No. 67 and No. 68*. Specifically, this Statement addresses issues regarding (1) the presentation of payroll-related measures in required supplementary information, (2) the selection of assumptions and the treatment of deviations from the guidance in an Actuarial Standard of Practice for financial reporting purposes, and (3) the classification of payments made by employers to satisfy employee (plan member) contribution requirements. This statement did not have a significant impact to the City's financial statements.

The City is currently evaluating its accounting practices to determine the potential impact on the financial statements for the following GASB Statements:

In March 2016, the GASB issued Statement No. 81, *Irrevocable Split-Interest Agreements*. The statement provides recognition and measurement guidance for situations in which a government is a beneficiary of these agreements. This Statement is effective for the City's fiscal year ending June 30, 2018.

In November 2016, the GASB issued Statement No. 83, *Certain Asset Retirement Obligations*, addresses accounting and financial reporting for certain asset retirement obligations (AROs). An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset. A government that has legal obligations to perform future asset retirement activities related to its tangible capital assets should recognize a liability based on the guidance in this Statement. The Statement is effective for the City's fiscal year ending June 30, 2019.

In January 2017, the GASB issued Statement No. 84, *Fiduciary Activities*, improves guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The Statement is effective for the City's fiscal year ending June 30, 2020.

In March 2017, the GASB issued Statement No. 85, *Omnibus 2017*, addresses practical issues that have been identified during implementation and application of certain GASB Statements. The statement addresses a variety of topics including issues related to blending component units, goodwill, fair value measurement and application, pensions and other postemployment benefits. This Statement is effective for the City's fiscal year ending June 30, 2018.

In May 2017, the GASB issued Statement No. 86, *Certain Debt Extinguishment Issues*, improves consistency in accounting and financial reporting for in-substance defeasance of debt by providing guidance for transactions in which cash and other monetary assets acquired with only existing resources – resources other than the proceeds of refunding debt – are placed in an irrevocable trust for the sole purpose of extinguishing debt. This Statement also improves accounting and financial reporting for prepaid insurance on debt that is extinguished and notes to financial statements for debt that is defeased in substance. This Statement is effective for the City's fiscal year ending June 30, 2018.

CITY OF MODESTO
Transportation Development Act Funds
Notes to the Financial Statements
For the Year Ended June 30, 2017

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

In June 2017, the GASB issued Statement No. 87, *Leases*, increases the usefulness of government' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The Statement is effective for the City's fiscal year ending June 30, 2021.

NOTE 2 – INVESTMENT IN CITY OF MODESTO POOL

The cash and investments of the TDA Funds are pooled with other City of Modesto funds. The cash and investments of the TDA Funds are reported as cash and cash equivalents on the balance sheet and statement of net position because the City can spend cash of the TDA Funds at any time without prior notice or penalty. At June 30, 2017, the City's investment pool is unrated and the weighted average maturity is 483 days. Interest earned on pool cash and investments is credited to each participant in the pool based on each participant's average monthly cash balance. Detailed information concerning the City's pooled cash and investments, including information regarding the fair value of investments, may be found in the City's Comprehensive Annual Financial Report. As of June 30, 2017, the fair value of the TDA Funds' position in the pool is the same as the value of its pool shares. The TDA Funds' investments in the City of Modesto's investment pool are exempt from fair value hierarchy disclosure.

CITY OF MODESTO
Transportation Development Act Funds

Notes to the Financial Statements
For the Year Ended June 30, 2017

NOTE 4 – COMPLIANCE REQUIREMENTS OF LOCAL TRANSPORTATION FUNDS

The Bus Enterprise Fund is subject to TDA provisions requiring the calculation and adherence of fare and local support ratios for TDA transit funding. Effective July 1, 2016, the Stanislaus Council of Governments (StanCOG), the transportation planning agency for Stanislaus County, approved a split system farebox recovery ratio of 20% for Fixed Route and 10% for Demand Response. The City's Bus Enterprise Fund separated the fixed route and demand response calculations for 2017 to show compliance with the required farebox recovery ratios. The Bus Enterprise Fund's fare ratio of operating revenues to operating expenses for the year ended June 30, 2017, as calculated below, indicates the City is in compliance with the provisions of the TDA:

	<u>Fixed Route</u>	<u>Demand Response</u>
Charges for services	\$ 2,460,410	\$ 316,818
Advertising revenue	188,916	-
Less: Non-fare charges	-	-
Fare revenues	<u>2,649,326</u>	<u>316,818</u>
Operating expenses	17,706,239	3,274,578
Less expenses not related to fare generated activities:		
Depreciation	(2,762,049)	-
Transfers in from other City funds	(26,435)	-
Capital activities	(124,040)	(248,189)
Grant and rent-funded activities	(873,505)	-
Adjustments	<u>(1,096,314)</u>	<u>-</u>
Applicable operating expenses	<u>\$ 12,823,896</u>	<u>\$ 3,026,389</u>
Fare ratio	<u>20.66%</u>	<u>10.47%</u>

NOTE 5 – PROPOSITION 1B: PUBLIC TRANSPORTATION MODERNIZATION, IMPROVEMENT, AND SERVICE ENHANCEMENT ACCOUNT (PTMISEA)

In November 2006, California voters passed a bond measure enacting the Highway Safety, Traffic Reduction, Air Quality, and Port Security Bond Act of 2006. Of the \$19.925 billion of State general obligation bonds authorized, \$4 billion was set aside by the State as instructed by the statute as the Public Transportation Modernization, Improvement, and Service Enhancement Account (PTMISEA). These funds are available to the California Department of Transportation for intercity rail projects and to transit operators in California for rehabilitation, safety, or modernization improvements; capital service enhancements or expansions; new capital projects; bus rapid transit improvements; or for rolling stock procurement, rehabilitation, or replacement.

NOTE 5 – PROPOSITION 1B: PUBLIC TRANSPORTATION MODERNIZATION, IMPROVEMENT, AND SERVICE ENHANCEMENT ACCOUNT (PTMISEA) (Continued)

In fiscal year 2017, the City received \$7,426 from State of California Department of Transportation passed through StanCOG. The City spent \$1,692,092 in various projects during the year and earned an additional \$43,091 in interest, leaving \$2,524,518 of unspent PTMISEA funds as of June 30, 2017.

Project Name	Beginning Unearned Revenue	Interest Earned	New Receipts	Expended	Ending Unearned Revenue
Rehabilitation of existing buses	\$ 677	\$ 8	\$ -	\$ (685)	\$ -
New and refurbish buses	2,132,403	19,692	-	(1,462,942)	689,153
Bus stops	107,712	1,393	-	(8,719)	100,386
Depository	446,068	5,081	-	(57,826)	393,323
Security	1,139,535	12,981	-	(161,920)	990,596
Fareboxes	339,698	3,936	7,426	-	351,060
Total	\$4,166,093	\$ 43,091	\$ 7,426	\$ (1,692,092)	\$2,524,518

NOTE 6 – PROPOSITION 1B: CALIFORNIA TRANSIT SECURITY GRANT (CTSG)

In fiscal year 2017, the City received no additional funding but received \$82 in interest on the unspent funds and disbursed all of CTSG funds of \$10,040, leaving \$0 of unspent CTSG funds as of June 30, 2017.

NOTE 7 – CAPITAL TRANSIT AND LOCAL TRANSPORTATION FUNDS

Unearned revenue for the TDA Funds for the year ended June 30, 2017, was as follows:

	Local Transportation Special Revenue Funds		
	Non-Motorized	Streets and Roads	Total
Unearned revenue, beginning of year	\$ 986,698	\$ 229,783	\$ 1,216,481
TDA funds allocated	154,680	1,463	156,143
TDA funds earned	-	-	-
Adjustment	-	-	-
Unearned revenue, end of year	\$ 1,141,378	\$ 231,246	\$ 1,372,624

Adjustment	46,852	(46,853)	(1)
Unearned revenue, end of year	<u>\$ 2,110,282</u>	<u>\$ 1,702,453</u>	<u>\$ 3,812,735</u>

NOTE 8 – PENSION PLAN

General Information about the Pension Plan

Plan Description – All of the Bus Fund qualified employees are eligible to participate in the City’s Miscellaneous Pension Plan (Plan), an agent multi-employer defined benefit pension plan administered by the California Public Employees’ Retirement System (CalPERS). Departments and funds of the City, including the Bus Fund, are in a cost-sharing arrangement in which all risks and costs are shared proportionately. CalPERS issues a separate comprehensive annual financial report. Copies of the annual audited financial statements are publicly available reports that can be obtained at CalPERS’ website at www.calpers.ca.gov under Forms and Publications or may be obtained from the CalPERS Executive Office, 400 Q Street, Sacramento, California 95811.

The California Legislature passed and the Governor signed the “Public Employees’ Pension Reform Act of 2013” (PEPRA) on September 12, 2012. PEPRA contained a number of provisions intended to reduce future pension obligations. PEPRA primarily affects new pension plan members who are enrolled for the first time after December 2012. Benefit provisions under the Plan and other requirements are established by State statute and City resolution.

Benefits Provided – The benefits for the Plan are based on members’ years of services, age, final compensation, and benefit formula. Benefits are provided for disability, death, and survivors of eligible members or beneficiaries. Members come fully vested in their retirement benefits earned to date after five years of credited service.

The Plan’s provisions and benefits in effect at June 30, 2017 and 2016 are summarized as follows:

	Prior to January 17, 2012	January 17, 2012 to December 31, 2012	On or After January 1, 2013
Hire date			
Benefit formula	2% @ 55	2% @ 60	2% @ 62
Benefit vesting schedule	5 years of service	5 years of service	5 years of service
Benefit payments	monthly for life	monthly for life	monthly for life
Retirement age	50 to 67	50 to 67	52 to 67
Monthly benefits, as a % of eligible compensation	1.426 to 2.418%	1.092 to 2.418%	1.000 to 2.500%

NOTE 8 – PENSION PLAN (Continued)

Contributions – Section 20814(c) of the California Public Employees Retirement Law (PERL) requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. The total plan contributions are determined through the CalPERS’ annual actuarial valuation process. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The City is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

For the measurement period ended June 30, 2016 (the measurement date) for the Plan, the average active employee contribution rate was 6.846% of annual pay and the employer’s contribution rate was 15.31% of annual payroll. For the measurement period ended June 30, 2015 (the measurement date) for the Plan, the average active employee contribution rate was 6.933% of annual pay and the employer’s contribution rate was 13.539% of annual payroll. Employer contribution rates may change if plan contracts are amended. It is the responsibility of the City to make necessary accounting adjustments to reflect the impact due to any employer-paid member contributions or situations where members are paying a portion of the employer contribution.

For the year ended June 30, 2017, the employer contributions recognized as a deferred outflow of resources was \$227,290.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

As of June 30, 2017, the Bus Fund reported a liability of \$2,759,942 for its proportionate share of the net pension liability. The net pension liability at June 30, 2017, was measured as of June 30, 2016, using an annual actuarial valuation as of June 30, 2015, rolled forward to June 30, 2016 using standard update procedures. The Bus Fund’s proportion of the net pension liability was based on its contributions to the Plan relative to all contributions to the Plan. At June 30, 2017, the Bus Fund’s proportion was 2.7634%.

For the year ended June 30, 2017, the Bus Fund recognized pension expense of \$220,413. At June 30, 2017, the Bus Fund reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

June 30, 2017	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contribution subsequent to measurement date	\$ 227,290	\$ -
Changes of assumptions		(121,505)
Differences between expected and actual experiences	-	(3,238)
Net difference between projected and actual earnings on pension plan investments	448,390	-
Totals	\$ 675,680	\$ (124,743)

CITY OF MODESTO
Transportation Development Act Funds
Notes to the Financial Statements
For the Year Ended June 30, 2017

NOTE 8 – PENSION PLAN (Continued)

The pension contributions made subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2018. Other amounts reported as deferred outflows and deferred inflows of resources related to pensions will be recognized in future pension expense as follows:

Year Ending	
June 30	
2018	\$ (30,390)
2019	(35)
2020	204,136
2021	<u>149,936</u>
Total	<u>\$ 323,647</u>

Actuarial Assumptions – The total pension liabilities in the June 30, 2015 actuarial valuations, which were rolled forward to June 30, 2016, were determined using the following actuarial method and assumptions:

Valuation Date	June 30, 2015
Measurement Date	June 30, 2016
Actuarial Cost Method	Entry-Age Normal
Actuarial Assumptions:	
Discount Rate	7.65%
Inflation	2.75%
Payroll Growth	3.00%
Salary Increases	Varies by Entry Age and Service
Investment Rate of Return	7.50% Net of Pension Plan Investment and Administrative Expenses, includes Inflation
Mortality Rate Table ⁽¹⁾	Derived using CalPERS' Membership Data for all Funds

⁽¹⁾ The probabilities of mortality are based on the 2010 CalPERS Experience Study for the period from 1997 to 2007. Pre-retirement and Post-retirement mortality rates include 5 years of projected mortality improvement using Scale AA published by the Society of Actuaries.

All other actuarial assumptions used in the June 30, 2015 valuation was based on the results of actuarial experience study for the period from 1997 to 2011, including updates to salary increase, mortality and retirement rates. The Experience Study report can be obtained at CalPERS website under Forms and Publications.

CITY OF MODESTO
Transportation Development Act Funds
Notes to the Financial Statements
For the Year Ended June 30, 2017

NOTE 8 – PENSION PLAN (Continued)

Discount Rate – The discount rate used to measure the total pension liability at June 30, 2017 was 7.65 percent. To determine whether the municipal bond rate should be used in the calculation of a discount rate for the Plan, CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on the testing, none of the tested plans run out of assets. Therefore, the discount rate is adequate and the use of municipal bond rate calculation is not necessary. The long-term expected discount rate of 7.65 percent is applied to all plans in the Public Employees Retirement Fund for the June 30, 2016 measurement date. The stress test results are presented in a detailed report called “GASB Crossover Testing Report” that can be obtained at CalPERS’ website under the GASB 68 section.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS staff took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Such cash flows were developed assuming that both members and employers will make their required contributions on time and as scheduled in all future years. Using historical returns of all the funds’ asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

The table below reflects long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These geometric rates of return are net of administrative expenses.

The target allocation for the June 30, 2016 measurement date was as follows:

<u>Asset Class</u>	<u>New Strategic Allocation</u>	<u>Real Return Years 1 - 10 ⁽¹⁾</u>	<u>Real Return Years 11+ ⁽²⁾</u>
Global Equity	51.00%	5.25%	5.71%
Global Fixed Income	20.00%	0.99%	2.43%
Inflation Sensitive	6.00%	0.45%	3.36%
Private Equity	10.00%	6.83%	6.95%
Real Estate	10.00%	4.50%	5.13%
Infrastructure and Forestland	2.00%	4.50%	5.09%
Liquidity	1.00%	-0.55%	-1.05%
Total	<u>100.00%</u>		

⁽¹⁾ An expected inflation of 2.5% used for this period.

⁽²⁾ An expected inflation of 3.0% used for this period.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* and the Transportation Development Act

Honorable Members of the City Council
City of Modesto, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Local Transportation Special Revenue Funds and the Bus Enterprise Fund (collectively known as the Transportation Development Act Funds) of the City of Modesto, California (City), as of and for the year ended June 30, 2017, and the related notes to the financial statements, and have issued our report thereon dated November 13, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting as it relates to the Transportation Development Act Funds (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of City's internal control. Accordingly, we do not express an opinion on the effectiveness of City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's Transportation Development Act Funds financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, including the applicable statutes, rules and regulations of the Transportation Development Act and the allocation instructions and resolutions of the Stanislaus Council of Governments as required by Sections 6666 and 6667 of Title 21, Division 3, Chapter 2, Article 5.5 of the California Code of Regulations, noncompliance with which could have a direct

and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* or the Transportation Development Act.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and the Transportation Development Act in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Accountant's Report on Compliance with the Public
Transportation Modernization, Improvement, and Service
Enhancement Account (PTMISEA)**

Honorable Members of the City Council
City of Modesto, California

We have examined the City of Modesto's (City) compliance with the verification of receipt and appropriate expenditure of bond funds per the Public Transportation Modernization, Improvement and Service Enhancement Account (PTMISEA) Guidelines during the year ended June 30, 2017. Management is responsible for the City's compliance with the specified requirements. Our responsibility is to express an opinion on the City's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the City complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the City complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the City's compliance with specified requirements.

In our opinion, the City complied, in all material respects, with the aforementioned requirements during the year ended June 30, 2017.

Independent Auditor's Report

Board of Directors
Modesto-Ceres Fire Protection Agency
Modesto, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and General Fund of the Modesto-Ceres Fire Protection Agency (the Agency) as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the General Fund of the Agency, as of

June 30, 2017, and the respective changes in financial position thereof and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Agency's basic financial statements. The schedule of officers is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The schedule of officers has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 17, 2017, on our consideration of the Agency's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Agency's internal control over financial reporting and compliance.

**MODESTO-CERES FIRE PROTECTION AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

**NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING
POLICIES**

A. Organization

The Modesto-Ceres Fire Protection Agency (the Agency) was formed on March 13, 2007 by a joint powers agreement made in accordance with Chapter 5 of Division 7 of Title 1 of the Government Code of the State of California (commencing with Section 6500) between the Industrial Fire District (District), the City of Modesto, and the City of Ceres for the cities to provide fire protection and administrative services within the District. The Agency operates under the Fire Protection District Law of 1987 and the Health and Safety Code, Sections 13801-13999.

Revenue to finance the Agency's operation is derived from the County of Stanislaus property tax rolls.

B. Summary of Significant Accounting Policies

The accounting and reporting policies of the Agency relating to the funds included in the accompanying financial statements conform in all material respects to accounting principles generally accepted in the United States of America (GAAP) that are applicable to state and local governments.

The following significant accounting policies were applied in the preparation of the accompanying financial statements.

C. Reporting Entity

The Agency's financial statements include the accounts of all Agency operations. The criteria for including organizations as component units within the Agency's reporting entity, as set forth in Section 2100 of the Governmental Accounting Standards Boards (GASB) Codification of Government Accounting and Financial Reporting Standards, include whether:

- the organization is legally separate (can sue and be sued in their own name)
- the Agency holds the corporate powers of the organization
- the Agency appoints a voting majority of the organization's board
- the Agency is able to impose its will on the organization
- the organization has the potential to impose a financial benefit/burden on the Agency
- there is fiscal dependency by the organization on the Agency

Based on the aforementioned criteria, the Agency has no component units.

**MODESTO-CERES FIRE PROTECTION AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

**NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING
POLICIES (Continued)**

D. Government-Wide and Fund Financial Statements

The Agency's government-wide financial statements include a statement of net position and a statement of activities. These statements present summaries of governmental activities for the Agency.

These statements are presented on an "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all of the Agency's assets and liabilities are included in the accompanying statement of net position.

The statement of activities demonstrates the degree to which the direct expenses of a given function or identifiable activities are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or identifiable activity. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or identifiable activity and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or identifiable activity. Taxes and other items not properly included among program revenues are reported instead as general revenues.

The Agency's governmental fund financial statements include a balance sheet and a statement of revenues, expenditures, and change in fund balance. The General Fund is the only governmental fund.

The General Fund is accounted for on a spending or "current financial resources" measurement focus and the modified accrual basis of accounting. Accordingly, only current assets and current liabilities are included on the balance sheet. The statement of revenues, expenditures, and change in fund balance presents increases (revenues) and decreases (expenditures) in fund balance.

Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period. Accordingly, revenues are recorded when received in cash, except for revenues susceptible to accrual (generally received 60 days after year-end). The primary revenue source, which have been treated as susceptible to accrual by the Agency, is property taxes.

Expenditures are recorded in the accounting period in which the related fund liability is incurred.

Since the amounts presented in the Agency's balance sheet and statement of net position are the same, they are presented as one financial statement. Similarly, since the amounts presented in the Agency's statement of revenues, expenditures, and change in fund balance and the statement of activities are the same, they are presented as one financial statement. There were no encumbrances outstanding as of June 30, 2017, so the actual budgetary-basis expenditures are the same as the actual GAAP-basis expenditures.

E. Budget

The budget for the General Fund is prepared on the cash and expenditures/encumbrances basis. Revenues are budgeted in the year receipt is expected; expenditures, which include encumbrances, are budgeted in the year that the applicable warrant requisitions are expected to be issued.

**MODESTO-CERES FIRE PROTECTION AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

**NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING
POLICIES (Continued)**

Annual budget requests are submitted by the Agency staff to the Agency's Board of Directors for review. After public hearing, a budget is approved by the Agency's Board of Directors, with a resolution adopting said budget. Copies of the approved budget are sent to all required agencies.

The General Fund budget is prepared within the limit on spending as regulated by Proposition 4 Appropriations Limitation. Unencumbered appropriations for annually budgeted funds lapse at year-end.

F. Proposition 4

The Proposition 4 Appropriations Limitation for the year ended June 30, 2017, was \$1,043,543.

G. Property Tax

Secured property taxes attach as an enforceable lien on real property as of the 1st day of January. Taxes are payable in two installments on November 1 and February 1, and become delinquent if not paid before December 10th and April 10th. Unsecured property taxes are billed in one installment, are due March 15th, and become delinquent if not paid on or before August 31st. The County of Stanislaus bills and collects all property taxes and remits to the Agency its share of the 1% property tax allocation.

H. Employees' Retirement Plan

The Agency no longer participates in the County of Stanislaus retirement plan since firefighters are paid by the Cities of Modesto and Ceres.

I. Fund Balance

In the fund financial statements, governmental funds report fund balance as nonspendable, restricted, committed, assigned, or unassigned based primarily on the extent to which the Agency is bound to honor constraints on how specific amounts can be spent.

- **Nonspendable** – Amounts that are not in spendable form (such as inventory) or are required either legally or contractually to be maintained intact.
- **Restricted** – Amounts with constraints placed on their use that are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or (b) imposed by law through constitutional or enabling legislation.
- **Committed** – Amounts constrained to specific purposes by the Agency itself, using the Agency's highest level of decision-making authority (the Board of Directors). To be reported as committed, amounts cannot be used for any other purpose unless the Agency takes the same highest level action to remove or change the constraint. The underlying action that imposed the limitation needs to occur no later than the close of the reporting period.
- **Assigned** – Amounts the Agency *intends* to use for a specific purpose. Intent can be expressed by the Agency at either the highest level of decision-making authority or by an official or body to which the Agency delegates the authority.

**MODESTO-CERES FIRE PROTECTION AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

- **Unassigned** – The residual classification for the Agency’s General Fund that includes amounts not contained in the other classifications. In other funds, the unassigned classification is used only if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes.

The Agency establishes and modifies or rescinds fund balance commitments by passage of an ordinance or policy. This is typically done through adoption or amendment of the budget. A fund balance commitment is further indicated in the budget as a designation or commitment of the fund, such as approved construction contracts. Assigned fund balance is established by the Agency through adoption or amendment of the budget or future year budget plan as intended for a specific purpose.

When both restricted and unrestricted resources are available for use, it is the Agency’s policy to use restricted resources first, followed by the committed, assigned and unassigned resources as they are needed.

J. Accounting Standards Update

During the year ended June 30, 2017, the Agency implemented the following GASB standards:

GASB Statement No. 77, *Tax Abatement Disclosures*, is intended to improve financial reporting relating to disclosures of tax abatement transactions. Statement No. 77 requires governments that enter into tax abatement agreements to disclose (1) descriptive information about the agreements, such as the tax being abated, the authority under which tax abatements are provided, eligibility criteria, the mechanism by which taxes are abated, provisions for recapturing abated taxes, and the types of commitments made by tax abatement recipients; (2) the gross dollar amount of taxes abated during the period; (3) commitments made by a government, other than to abate taxes, as part of a tax abatement agreement. This statement did not have a significant impact to the Agency’s financial statements.

GASB Statement No. 80, *Blending Requirements for Certain Component Units – an amendment of GASB Statement No. 14*. The statement establishes an additional blending requirement for the financial statement presentation of component units. This statement did not have a significant impact to the Agency’s financial statements.

The Agency is currently evaluating its accounting practices to determine the potential impact on the financial statements for the following GASB Statements:

In March 2016, the GASB issued Statement No. 81, *Irrevocable Split-Interest Agreements*. The statement provides recognition and measurement guidance for situations in which a government is a beneficiary of these agreements. This Statement is effective for the Agency’s fiscal year ending June 30, 2018.

In November 2016, the GASB issued Statement No. 83, *Certain Asset Retirement Obligations*, addresses accounting and financial reporting for certain asset retirement obligations (AROs). An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset.

**MODESTO-CERES FIRE PROTECTION AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

**NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING
POLICIES (Continued)**

A government that has legal obligations to perform future asset retirement activities related to its tangible capital assets should recognize a liability based on the guidance in this Statement. The Statement is effective for the Agency's fiscal year ending June 30, 2019.

In January 2017, the GASB issued Statement No. 84, Fiduciary Activities, improves guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The Statement is effective for the Agency's fiscal year ending June 30, 2019.

In March 2017, the GASB issued Statement No. 85, Omnibus 2017, addresses practical issues that have been identified during implementation and application of certain GASB Statements. The statement addresses a variety of topics including issues related to blending component units, goodwill, fair value measurement and application, pensions and other postemployment benefits. This Statement is effective for the Agency's fiscal year ending June 30, 2018.

In May 2017, the GASB issued Statement No. 86, Certain Debt Extinguishment Issues, improves consistency in accounting and financial reporting for in-substance defeasance of debt by providing guidance for transactions in which cash and other monetary assets acquired with only existing resources – resources other than the proceeds of refunding debt – are placed in an irrevocable trust for the sole purpose of extinguishing debt. This Statement also improves accounting and financial reporting for prepaid insurance on debt that is extinguished and notes to financial statements for debt that is defeased in substance. This Statement is effective for the Agency's fiscal year ending June 30, 2018.

In June 2017, the GASB issued Statement No. 87, Leases, increases the usefulness of government' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The Statement is effective for the Agency's fiscal year ending June 30, 2021.

NOTE 2 – CASH AND INVESTMENTS

Cash and investments of the Agency are pooled with other City of Modesto funds. The Agency's portion of this pooled amount was \$220,337 at June 30, 2017. At June 30, 2017, the City of Modesto's investment pool is unrated and the weighted average maturity is 483 days. Interest earned on pooled cash and investments is credited to each participant in the pool based on each participant's average monthly cash balance. Detailed information concerning the City of Modesto's pooled cash and investments, including information regarding the fair value of investments, may be found in the City of Modesto's Comprehensive Annual Financial Report. As of June 30, 2017, the fair value of the Agency's position in the pool is the same as the value of its pool shares. The Agency's investments in the City of Modesto's investment pool are exempt from fair value hierarchy disclosure.

**MODESTO-CERES FIRE PROTECTION AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 3 – EXPENDITURES OVER APPROPRIATIONS

For the year ended June 30, 2017, expenditures exceeded appropriations as follows:

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

Board of Directors
Modesto-Ceres Fire Protection Agency
Modesto, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and General Fund of the Modesto-Ceres Fire Protection Agency (Agency) as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements, and have issued our report thereon dated October 17, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Agency's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, we do not express an opinion on the effectiveness of Agency's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Agency's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report

Tuolumne River Regional Park Commission,
The Board of Supervisors of the
County of Stanislaus, California, and
The City Councils of Modesto and Ceres, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of the Tuolumne River Regional Park (the Park) as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Park's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Park as of June 30, 2017, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 28, 2017, on our consideration of the Park's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Park's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Park's internal control over financial reporting and compliance.

Macias Gini & O'Connell LLP

Walnut Creek, California
November 28, 2017

**TUOLUMNE RIVER REGIONAL PARK
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2017**

This section of the annual financial report presents a discussion and analysis of financial performance of Tuolumne River Regional Park (the Park) during the past fiscal year. Please read it in conjunction with the Park's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

The assets of the Park exceeded liabilities at the close of the 2017 fiscal year by \$6,607,537 (net position). Of this amount, \$6,605,180 is invested in capital assets, and \$2,357 (unrestricted net position) may be used to meet ongoing obligations to citizens and creditors.

- Total net position increased by \$226,376 from current year activity.
- As of June 30, 2017, the Park's funds reported combined fund balance of \$2,357, an increase of \$60,666 in comparison with the prior year.
- At the end of the fiscal year, the General Fund had a fund balance of \$47,400.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Park's basic financial statements. The basic financial statements are made up of three components 1) Government-Wide Financial Statements, 2) Fund Financial Statements, and 3) Notes to the Basic Financial Statements. Required Supplementary Information is included in addition to the basic financial statements.

Government-Wide Financial Statements are designed to provide readers with a broad overview of Park finances, in a manner similar to a private-sector business.

The statement of net position presents information on all assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Park is improving or deteriorating.

The statement of activities presents information showing how net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash inflows or outflows in future fiscal periods.

The sole function of the Park is parks and recreation. It is principally supported by contributions from the three participating agencies of the Park joint powers agreement, the County of Stanislaus and the Cities of Modesto and Ceres, rather than by user fees, and thus, is considered a governmental activity.

The government-wide financial statements can be found on pages 10 and 11 of this report.

Fund Financial Statements provide evidence of accountability by demonstrating compliance with budgetary decisions. A fund is a group of related accounts that is used to maintain control over resources that have been segregated for specific activities or purposes stipulated by laws, regulations, or policies. Both Park funds are governmental funds.

**TUOLUMNE RIVER REGIONAL PARK
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2017**

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds financial statements is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Park maintains two individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for both the General Fund and the Capital Projects Fund.

The governmental funds financial statements can be found on pages 12 through 14 of this report.

Notes to the Basic Financial Statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes can be found on pages 15 through 20 of this report.

Required Supplementary Information presents budgetary comparison schedules for the General Fund to demonstrate compliance with the budget. Required supplementary information can be found on pages 21 through 22 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. Net position of the Park was \$6,607,537 at the close of fiscal year 2017, compared with \$6,381,161 as of June 30, 2016.

Statement of Net Position – Governmental Activities

	2017	2016
Current and other assets	\$ 903,139	\$ 430,092
Capital assets	6,605,180	6,210,706
Total assets	7,508,319	6,640,798
Current and other liabilities	900,782	259,637
Net position:		
Investment in capital assets	6,605,180	6,210,706
Unrestricted	2,357	170,455
Total net position	\$ 6,607,537	\$ 6,381,161

**TUOLUMNE RIVER REGIONAL PARK
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2017**

The largest portion of net position, \$6,605,180, is made up of the Park's investment in capital assets. The Park uses these assets to provide its parks and recreation services; consequently, they are not available for future spending.

Current and other assets increased by \$473,047 or 110% due to a significant increase in due from other governments in the amount of \$435,191. The increase is due to increased billing of State grants project and timing associated with cash collection.

The resultant unrestricted net position is \$2,357. This amount is the balance at year-end which may be used to meet the Park's ongoing obligations.

The Park's net position increased by \$226,376 during the current fiscal year.

Statement of Activities – Governmental Activities

	<u>2017</u>	<u>2016</u>
Revenues:		
Program revenues:		
Charges for services	\$ 46,556	\$ 63,317
Capital grants and contributions	692,487	193,313
Operating grants and contributions	147,923	255,577
General revenues:		
Other	<u>7,352</u>	<u>980</u>
Total revenues	894,318	513,187
Expenses:		
Parks and recreation	<u>667,942</u>	<u>615,404</u>
Change in net position	226,376	(102,217)
Net position, beginning of year	<u>6,381,161</u>	<u>6,483,378</u>
Net position, end of year	<u><u>\$ 6,607,537</u></u>	<u><u>\$ 6,381,161</u></u>

The 2017 net position increase by \$226,376 is mainly attributable to overall increase in capital grants and contributions from state grants compared to 2016.

FINANCIAL ANALYSIS OF PARK FUNDS

As noted earlier, the Park uses fund accounting to ensure and demonstrate compliance with budgetary decisions.

Governmental funds. The parks and recreation function of the Park is recorded in the General and Capital Projects Funds. The focus of these governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Park's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of net resources available for spending at the end of the fiscal year.

**TUOLUMNE RIVER REGIONAL PARK
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2017**

At June 30, 2017, the Park's governmental funds reported a combined fund balance of \$2,357, an increase of \$60,666 in comparison with the prior year.

The General Fund is the chief operating fund of the Park. At June 30, 2017, the General Fund had a fund balance of \$47,400, an increase of \$36,688 from the prior year. This increase can be attributed to the increase in state grants and contributions from the joint powers authority.

General and Capital Projects funds revenues totaled \$1,123,082 in fiscal year 2017, an increase of \$609,895 or 118.84% over fiscal year 2016. The following table presents the revenues from various sources as well as increases or decreases from the prior year.

**Revenues Classified by Source
Governmental Funds**

Revenues by Source	2017		2016		Change	
	Amount	Percent of Total	Amount	Percent of Total	Amount	Percent
Rents	\$ 46,556	4.15%	\$ 63,317	12.34%	\$ (16,761)	-26.47%
Contributions by supporting agencies	374,645	33.36%	279,870	54.54%	94,775	33.86%
Intergovernmental	694,529	61.84%	169,020	32.93%	525,509	310.92%
Other	7,352	0.65%	980	0.19%	6,372	650.20%
	<u>\$ 1,123,082</u>	<u>100.00%</u>	<u>\$ 513,187</u>	<u>100.00%</u>	<u>\$ 609,895</u>	<u>118.84%</u>

The increase in revenues is attributable to the increase in contributions by supporting agencies and intergovernmental revenues. The Park received state grant during the fiscal year to fund for the Tuolumne River Regional Park Gateway Parcel Phase 2 Project.

The following table presents expenditures by function compared to prior year amounts.

**Expenditures by Function
Governmental Funds**

Expenditures by Function	2017		2016		Change	
	Amount	Percent of Total	Amount	Percent of Total	Amount	Percent
Parks and recreation	\$ 366,865	34.53%	\$ 316,662	62.09%	\$ 50,203	15.85%
Interest cost	3,064	0.29%	-	0.00%	3,064	100.00%
Capital outlay	692,487	65.18%	193,313	37.91%	499,174	258.22%
	<u>\$ 1,062,416</u>	<u>100.00%</u>	<u>\$ 509,975</u>	<u>100.00%</u>	<u>\$ 552,441</u>	<u>108.33%</u>

Current parks and recreation expenditures for operations showed significant increase, primarily due to increased maintenance expenses for the year. Capital outlay increased due to the increased activity in the Tuolumne River Regional Park Gateway Parcel Phase 2 Project compared to 2016. These costs are expected to be reimbursed by a grant from the State of California.

**TUOLUMNE RIVER REGIONAL PARK
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2017**

The current year changes in fund balances are presented in the following table:

**Statement of Revenues, Expenditures, and Changes in Fund Balances
Governmental Funds**

	General Fund	Capital Projects Fund	Total
Revenues	\$ 428,553	\$ 694,529	\$ 1,123,082
Expenditures	(366,865)	(695,551)	(1,062,416)
Other financing sources:			
Transfers in	-	25,000	25,000
Transfers out	(25,000)	-	(25,000)
Changes in fund balances	36,688	23,978	60,666
Fund balances (deficit), beginning of year	10,712	(69,021)	(58,309)
Fund balances (deficit), end of year	<u>\$ 47,400</u>	<u>\$ (45,043)</u>	<u>\$ 2,357</u>

The fund balance of the Park's General Fund increased by \$36,688 during the fiscal year, compared to the final budget anticipated increase of \$33,707. The key factor was the continued financial support by the Joint Powers Authority (JPA) participants and minimal reduction to expenses overall.

GENERAL FUND BUDGETARY HIGHLIGHTS

Actual revenues were lower than final budgetary estimates by \$8,452. This is mainly attributable to lower than budgeted rents due to closure of certain facilities due to flooding. Actual expenditures were \$36,433 lower than final budgetary estimates. This is mainly attributable to lower than budgeted contractual services (i.e., financial support by the City of Modesto).

CAPITAL ASSETS

The Park's investment in capital assets as of June 30, 2017, amounted to \$6,605,180 (net of accumulated depreciation). This investment in capital assets includes land, buildings and other improvements, and construction in progress. The investment in capital assets increased by \$394,474, or 6.35% over the prior year. The major components of this change were:

Depreciation expense	\$ (298,013)
Construction in progress additions	<u>692,487</u>
Total	<u>\$ 394,474</u>

**TUOLUMNE RIVER REGIONAL PARK
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2017**

For government-wide financial statement presentation, all depreciable capital assets are being depreciated using the straight-line method. Fund financial statements record capital asset purchases as expenditures. The Park has no infrastructure assets.

Capital assets, net of depreciation, are shown below to illustrate changes from the prior year:

	2017	2016	Increase (Decrease)
Land	\$ 2,528,566	\$ 2,528,566	\$ -
Buildings	41,109	42,534	(1,425)
Improvements	2,866,487	3,163,075	(296,588)
Construction in progress	1,169,018	476,531	692,487
Total	\$ 6,605,180	\$ 6,210,706	\$ 394,474

Additional information on the Park's capital assets can be found in Note 3 on page 20 of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

The three agencies that make up the Park's JPA continue to work collaboratively to ensure that the vision for this urban river corridor becomes a reality. Contributing agency funding levels increased last year with all of the participating agencies' apportionments allocated to operating costs. Utility costs continue to increase and the Park has limited options to control or reduce these costs. Turf watering has been eliminated in Legion Park with the turf areas of the Park reverting to a more natural, native look and becoming brown during the periods of no rain or low river levels.

The TRRP Commission has approved a budget for FY 2017/18 that does not include a contribution from the City of Ceres due to budgetary constraints on the City of Ceres. The City of Ceres has indicated that they will readdress the potential to reinstate their contribution for FY 2018/19.

The City of Modesto's Parks, Recreation, and Neighborhoods Department began a project to plan for the future development of the Park when the JPA of the City of Modesto, City of Ceres, and Stanislaus County adopted the Park Master Plan in December 2001. In April 2005, staff began work on the Precise Plan and the Finding of Conformance to the MEIR for the Gateway Parcel project, and in September 2005, the City Council approved the Precise Plan for the Gateway Parcel of the Park. Since then, three phases of restoration work, totaling approximately 63 acres, have been completed.

Staff and the Park Commission continue to seek funding from all appropriate grant sources. The Park JPA was successful in being awarded a \$2.2 million grant, funded by State Proposition 84, and a \$450,000 grant, funded by the Land and Water Conservation Fund, for the development of Phase 2 of the Gateway Parcel. Phase 2 will continue habitat restoration by creating a backwater channel, developing approximately 800-feet of trail, installing a pre-fabricated pedestrian bridge and River Overlook, and planting approximately 11 acres of riparian habitat plants. This project is currently under construction but was delayed due to flooding in early 2017 and is now anticipated to be completed in 2018. This project will improve the high water flow capacity of the park, helping to reduce the impact of flood events down river from the Gateway Parcel while completing the restoration of the riparian areas of the Gateway Parcel.

**TUOLUMNE RIVER REGIONAL PARK
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2017**

There will be three new projects added to the Capital Improvement Budget in FY 2017/18. The first project is the Carpenter Road (Bellenita Park) Soccer Complex which will construct three (3) new soccer fields, a parking lot and various site amenities. The grant from California State Parks was awarded in the amount of \$1,000,000. The second project is the Tuolumne River Regional Park River Overlook which will construct a boardwalk to protect the floodplain/seasonal wetland and increase the recreational and educational opportunities through a sensitive riparian habitat which is adjacent to the existing Riverwalk Trail near the river's edge. The grant from California Natural Resources Agency was awarded in the amount of \$500,000. The final project is the Neece Drive Boat Launch Facility which will construct a boat launch from Neece Drive to the Tuolumne River, including parking, access road and other site amenities. The grant from California Department of Boating and Waterways will be awarded at approximately \$780,000.

REQUEST FOR INFORMATION

This financial report is designed to provide a general overview of Park's finances for those interested in its finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the City of Modesto, Accounting Division, P.O. Box 642, Modesto, California 95353.

**TUOLUMNE RIVER REGIONAL PARK
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity and Description of Services

Tuolumne River Regional Park (the Park) was founded in 1972 by an agreement between the County of Stanislaus (the County) and the cities of Modesto and Ceres (Cities). The agreement provides for financing, development, and maintenance of the Park facilities. The Park includes approximately 180 developed and 330 undeveloped acres with group picnic areas, play equipment lots, ballfields, and Legion Hall. Rent is generated from public use of these facilities. The County and Cities provide additional operating funds. The Park is governed by the Tuolumne River Regional Park Committee, which consists of two members of the County's Board of Supervisors, two members of the City of Modesto's City Council, and one member of the City of Ceres' City Council.

Financial transactions initiated by the Park are processed and accounted for by the City of Modesto's financial system.

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the activities of the Park. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities normally are supported by contributions, rents, and intergovernmental revenues.

The statement of activities demonstrates the degree to which the direct expenses are offset by program revenues. Direct expenses are those that are clearly identifiable with the parks and recreation function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by the parks and recreation function and 2) grants and contributions that are restricted to meeting the operational requirements of the parks and recreation function. Revenues that are not classified as program revenues, including investment earnings and other revenues, are reported as general revenues.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

C. Basis of Presentation, Basis of Accounting, and Measurement Focus

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period.

**TUOLUMNE RIVER REGIONAL PARK
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

For this purpose, the Park considers revenues to be available if they are collected within 180 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under the accrual basis of accounting.

Substantially all rents, contributions made by joint powers authority participants, interest, including the change in fair value of investments, and intergovernmental are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Other revenues are considered to be measurable and available only when cash is received by the Park.

The Park reports the following major governmental funds:

General Fund

The General Fund is the operating fund of the Park.

Capital Projects Fund

The Capital Projects Fund is used to account for financial resources restricted for specific purposes.

D. Management's Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

E. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the government-wide financial statements. Capital assets are defined by the Park as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are valued at their acquisition value.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Depreciation is recorded using the straight-line method over the estimated useful lives of the assets, which are 30 years for buildings and 20 years for improvements. Operating expenses include depreciation on all depreciable capital assets.

Capital assets acquired by the governmental funds are recorded as expenditures by the governmental funds and are capitalized, at cost, in the statement of net position. Title to capital assets vests with all of the parties to the agreement, each having an undivided interest therein.

**TUOLUMNE RIVER REGIONAL PARK
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F. Net Position

Net position is the excess of all the Park's assets over all its liabilities, regardless of fund. Net position is divided into three captions. These captions apply only to net position, which is determined only at the government-wide level, and are described below:

Investment in Capital Assets, describes the portion of net position which is represent by the current net book value of the Park's capital assets.

Restricted describes the portion of net position which is restricted as to use by the terms and conditions of agreements with outside parties, governmental regulations, laws, or other restrictions which the Park cannot unilaterally alter.

Unrestricted describes the portion of net position which is not restricted as to use.

G. Fund Balance

In the fund financial statements, governmental funds report fund balance as nonspendable, restricted, committed, assigned, or unassigned based primarily on the extent to which the Park is bound to honor constraints on how specific amounts can be spent.

- **Nonspendable** - Amounts that are not in spendable form (such as inventory) or are required either legally or contractually to be maintained intact.
- **Restricted** - Amounts with constraints placed on their use that are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or (b) imposed by law through constitutional or enabling legislation.
- **Committed** - Amounts constrained to specific purposes by the Park itself, using the Park's highest level of decision-making authority (Park Committee). To be reported as committed, amounts cannot be used for any other purpose unless the Park takes the same highest level action to remove or change the constraint. The underlying action that imposed the limitation needs to occur no later than the close of the reporting period.
- **Assigned** - Amounts the Park *intends* to use for a specific purpose. Intent can be expressed by the Park at either the highest level of decision-making or by an official or body to which the Park delegates the authority.
- **Unassigned** - The residual classification for the Park's General Fund that includes amounts not contained in the other classifications. In other funds, the unassigned classification is used only if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes.

The Park establishes and modifies or rescinds fund balance commitments by passage of an ordinance or policy. This is typically done through adoption and amendment of the budget. A fund balance commitment is further indicated in the budget as a designation or commitment of the fund, such as approved construction contracts. Assigned fund balance is established by the Park through adoption or amendment of the budget or future year budget plan as intended for a specific purpose.

When both restricted and unrestricted resources are available for use, it is the Park's policy to use restricted resources first, followed by the committed, assigned, and unassigned resources as they are needed.

**TUOLUMNE RIVER REGIONAL PARK
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

H. Risk Management

The Park is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Park participates in the City of Modesto's insurance pool to mitigate the risk of loss and contributes its pro-rata share of estimated losses. The City of Modesto's insurance pool does not maintain separate records for estimated outstanding liabilities, including incurred but not reported claims. Refer to the City of Modesto's Comprehensive Annual Financial Report for further information related to the insurance pool. Additional insurance is purchased for special events when certain Park facilities are rented to the public.

I. Governmental Accounting Standards Update

During the fiscal year ending June 30, 2017, the Park implemented the following Governmental Accounting Standards Board (GASB) standards:

GASB Statement No. 80, *Blending Requirements for Certain Component Units – an amendment of GASB Statement No. 14*. The statement establishes an additional blending requirement for the financial statement presentation of component units. This statement did not have a significant impact to the Park's financial statements.

The Park is currently evaluating its accounting practices to determine the potential impact on the financial statements for the following GASB Statements:

In March 2016, the GASB issued Statement No. 81, *Irrevocable Split-Interest Agreements*. The statement provides recognition and measurement guidance for situations in which a government is a beneficiary of these agreements. This Statement is effective for the Park's fiscal year ending June 30, 2018.

In November 2016, the GASB issued Statement No. 83, *Certain Asset Retirement Obligations*, addresses accounting and financial reporting for certain asset retirement obligations (AROs). An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset.

A government that has legal obligations to perform future asset retirement activities related to its tangible capital assets should recognize a liability based on the guidance in this Statement. The Statement is effective for the Park's fiscal year ending June 30, 2019.

In January 2017, the GASB issued Statement No. 84, *Fiduciary Activities*, improves guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The Statement is effective for the Park's fiscal year ending June 30, 2020.

In March 2017, the GASB issued Statement No. 85, *Omnibus 2017*, addresses practical issues that have been identified during implementation and application of certain GASB Statements. The statement addresses a variety of topics including issues related to blending component units, goodwill, fair value measurement and application, pensions and other postemployment benefits. This Statement is effective for the Park's fiscal year ending June 30, 2018.

**TUOLUMNE RIVER REGIONAL PARK
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

In May 2017, the GASB issued Statement No. 86, *Certain Debt Extinguishment Issues*, improves consistency in accounting and financial reporting for in-substance defeasance of debt by providing guidance for transactions in which cash and other monetary assets acquired with only existing resources – resources other than the proceeds of refunding debt – are placed in an irrevocable trust for the sole purpose of extinguishing debt. This Statement also improves accounting and financial reporting for prepaid insurance on debt that is extinguished and notes to financial statements for debt that is defeased in substance. This Statement is effective for the Park’s fiscal year ending June 30, 2018.

In June 2017, the GASB issued Statement No. 87, *Leases*, increases the usefulness of governments’ financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments’ leasing activities. The Statement is effective for the Park’s fiscal year ending June 30, 2021.

NOTE 2 – INVESTMENT IN CITY OF MODESTO POOL

All of the Park’s cash and investments are included within the City of Modesto’s cash and investment pool. The Park’s portion of this pooled amount was \$6,955. At June 30, 2017, the City’s investment pool is unrated and the weighted average maturity is 483 days. Interest earned on pooled cash and investments is credited to each participant in the pool based on each participant’s average monthly cash balance. The Modesto City Council has oversight responsibility of the City of Modesto investment pool. Detailed information concerning the City of Modesto’s pooled cash and investments, including information regarding the fair value of investments, may be found in the City of Modesto’s Comprehensive Annual Financial Report. As of June 30, 2017, the fair value of the Park’s position in the pool is the same as the value of its pool shares. The Park’s investments in the City of Modesto’s investment pool are exempt from fair value hierarchy disclosure.

Capital assets, being depreciated:			
Buildings	455,935	-	455,935
Improvements	7,481,168	-	7,481,168
Total capital assets, being depreciated	<u>7,937,103</u>	<u>-</u>	<u>7,937,103</u>
Less accumulated depreciation for:			
Buildings	(413,401)	(1,425)	(414,826)
Improvements	(4,318,093)	(296,588)	(4,614,681)
Total accumulated depreciation	<u>(4,731,494)</u>	<u>(298,013)</u>	<u>(5,029,507)</u>
Total capital assets, being depreciated, net	<u>3,205,609</u>	<u>(298,013)</u>	<u>2,907,596</u>
Capital assets, net	<u>\$ 6,210,706</u>	<u>\$ 394,474</u>	<u>\$ 6,605,180</u>

Depreciation expense for the year ended June 30, 2017, was \$298,013.

NOTE 4 – RELATED PARTY TRANSACTIONS

The Park reimburses the City of Modesto for administrative and other costs incurred by the City of Modesto on the Park's behalf. During the 2017 fiscal year, contractual service expenditures included \$127,906 of the City of Modesto's payroll costs allocated to the Park. The additional costs are due to the increased staff time due to the February 2017 storms and tree trimming operations adjacent to the Airport.

**TUOLUMNE RIVER REGIONAL PARK
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 – BUDGETS AND BUDGETARY ACCOUNTING

Tuolumne River Regional Park (the Park) operates under the general laws of the State of California and annually adopts a budget for its General Fund to be effective July 1 for the ensuing fiscal year. The budget must be approved by each of the legislative bodies of parties to the joint powers agreement. From the effective date of the budget, which is adopted and controlled at the fund level, the amounts stated therein as proposed expenditures become appropriations. The Park may amend the budget by approval from each of the legislative bodies of the parties to the agreement during the fiscal year. The budget for the General Fund is prepared on the cash and expenditures/encumbrance basis. Revenues are budgeted in the year receipt is expected; expenditures, which include encumbrances, are budgeted in the year that the applicable warrant requisitions are expected to be issued. There were no encumbrances outstanding as of June 30, 2017, so the actual budgetary-basis expenditures are the same as the actual GAAP-basis expenditures.

OTHER REPORT

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

Tuolumne River Regional Park Commission,
The Board of Supervisors of the
County of Stanislaus, California, and
The City Councils of Modesto and Ceres, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of the Tuolumne River Regional Park (the Park), as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Park's basic financial statements, and have issued our report thereon dated November 28, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Park's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Park's internal control. Accordingly, we do not express an opinion on the effectiveness of the Park's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Park's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those

provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**TUOLUMNE RIVER REGIONAL PARK
SUMMARY SCHEDULE OF PRIOR YEAR FINDINGS AND RECOMMENDATIONS
FOR THE YEAR ENDED JUNE 30, 2017**

2015 Comment:	<i>2015-002 – Proper Reporting of Unearned and Unavailable Revenues</i>
Condition/Effect:	Receivables not collected during the period of availability were not deferred as unavailable in the Park’s Capital Projects Fund. This condition resulted in a material audit adjustment adding the ‘unavailable revenue’ balance and eliminating the ‘intergovernmental’ revenue amount of \$228,764 in the Park’s Capital Projects Fund.
Recommendation:	Management should strengthen its understanding of unearned and unavailable revenue and year-end close procedures over intergovernmental revenues in order to properly recognize such revenues.
Status:	Corrected

RESOLUTION NO. 2018-71**

**RESOLUTION APPROVING THE FISCAL YEAR 2016-17 SINGLE AUDIT
REPORTS FOR THE CITY OF MODESTO AND THE STANISLAUS DRUG
ENFORCEMENT AGENCY FROM EXTERNAL AUDITORS MACIAS, GINI &
O'CONNELL, LLP**

WHEREAS, the City of Modesto and Stanislaus Drug Enforcement Agency Single Audit reports are federally mandated by the provisions of the Federal Single Audit Act Amendments of 1996 and Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), which requires an audit to be conducted for any non-Federal entity that expends \$750,000 or more a year in Federal awards, and

WHEREAS, this audit was conducted by the City's external auditor, Macias, Gini & O'Connell, LLP and the main objectives were to ensure a fair presentation of the basic financial statements and the schedule of expenditures of Federal awards, and to also audit the City's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards expended during the fiscal year, and

WHEREAS, as part of the City's Fiscal Year 2016-2017 Single Audit report, two audit findings were reported for the Department and Transportation and Housing Urban Development (HOME program), and

WHEREAS, as part of the Stanislaus Drug Enforcement Agency Fiscal Year 2016-2017 Single Audit report, no audit findings were reported.

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Modesto that it hereby accepts the Fiscal Year 2016-2017 Single Audit reports for the City of

Modesto and Stanislaus Drug Enforcement Agency, as listed in **Exhibit A**, which is incorporated by reference herein.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of February, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

**Independent Auditor's Report on Internal Control Over Financial Reporting
and on Compliance and Other Matters Based on an Audit of Financial
Statements Performed in Accordance With *Government Auditing Standards***

City Council of the City of Modesto
Modesto, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Modesto, California (City), as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated December 18, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs as items 2017-001 and 2017-002 that we consider to be significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The City's Responses to the Findings

The City's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The City's responses were not subjected to the auditing procedures applied in the audit of the financial statements and accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Macias Gini & O'Connell LLP

Walnut Creek, California

**Independent Auditor's Report on Compliance for Each Major Federal Program;
Report on Internal Control Over Compliance; and Report on Schedule of
Expenditures of Federal Awards Required by the Uniform Guidance**

City Council of the City of Modesto
Modesto, California

Report on Compliance for Each Major Federal Program

We have audited the City of Modesto, California's (City) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended June 30, 2017. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our qualified and unmodified opinions on compliance for major federal programs. However, our audit does not provide a legal determination of the City's compliance.

Basis for Qualified Opinion on CFDA No. 14.239 Home Investment Partnerships Program

As described in the accompanying schedule of findings and questioned costs, the City did not comply with requirements regarding Housing Quality Standards for CFDA No. 14.239 Home Investment Partnerships Program as described in finding number 2017-004. Compliance with such requirements is necessary, in our opinion, for the City to comply with the requirements applicable to that program.

Qualified Opinion on CFDA No. 14.239 Home Investment Partnerships Program

In our opinion, except for the noncompliance described in the Basis for Qualified Opinion paragraph, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on CFDA No. 14.239 Home Investment Partnerships Program for the year ended June 30, 2017.

Unmodified Opinion on Each of the Other Major Federal Programs

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its other major federal programs identified in the summary of auditor's result section of the accompanying schedule of findings and questioned costs for the year ended June 30, 2017.

Other Matters

The results of our auditing procedures disclosed another instance of noncompliance which is required to be reported in accordance with the Uniform Guidance and which is described in the accompanying schedule of findings and questioned costs as item 2017-003. Our opinion on each major federal program is not modified with respect to this matter.

The City's responses to the noncompliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The City's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

Report on Internal Control Over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of City's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. However, as discussed below, we identified certain deficiencies in internal control over compliance that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2017-004 to be a material weakness.

A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2017-003 to be a significant deficiency.

The City's response to the internal control over compliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The City's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the City's basic financial statements. We issued our report thereon dated December 18, 2017, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

CITY OF MODESTO, CALIFORNIA
Notes to Schedule of Expenditures of Federal Awards
For the Fiscal Year Ended June 30, 2017

NOTE 1 – GENERAL

The accompanying Schedule of Expenditures of Federal Awards (Schedule) presents the activity of all federal award programs of the City of Modesto, California (City). The City reporting entity is defined in Note I.A. to the City's basic financial statements. All federal awards received directly from federal agencies, as well as federal awards passed through other government agencies, are included in the Schedule.

NOTE 2 – BASIS OF ACCOUNTING

Expenditures of federal awards reported in the Schedule are recognized when incurred, which is consistent with the modified accrual basis of accounting used by the City's governmental funds and the accrual basis of accounting used by the City's proprietary funds, which are described in Note I.C. to the City's basic financial statements.

NOTE 3 – RELATIONSHIP TO FEDERAL FINANCIAL REPORTS

Amounts reported in the schedule agree to or can be reconciled with the amounts reported in the related financial reports.

NOTE 4 – INDIRECT COSTS

The City did not elect to use the 10% de minimis cost rate as covered in 2 CFR section 200.414 Indirect (F&A) costs.

CITY OF MODESTO, CALIFORNIA
Schedule of Findings and Questioned Costs
For the Fiscal Year Ended June 30, 2017

Section I – Summary of Auditor’s Results

Financial Statements:

Type of auditor’s report issued:	Unmodified
Internal control over financial reporting:	
• Material weakness(es) identified?	No
• Significant deficiency(ies) identified?	Yes
Noncompliance material to financial statements noted?	No

Federal Awards:

Internal control over major federal programs:	
• Material weakness(es) identified?	Yes
• Significant deficiency(ies) identified?	Yes
Type of auditor’s report issued on compliance for major federal programs:	Qualified for Home Investment Partnerships Program (CFDA No. 14.239) and Unmodified for Community Development Block Grants/Entitlement Grants (CFDA No. 14.218) and Federal Transit Cluster (CFDA Nos. 20.500 and 20.507)
Any audit findings required to be reported in accordance with 2 CFR 200.516(a)?	Yes

Identification of major federal programs:

CFDA Number	Name of Major Federal Program or Cluster
14.218	Community Development Block Grants/Entitlement Grants
14.239	Home Investment Partnerships Program
20.500, 20.507	Federal Transit Cluster

Dollar threshold used to distinguish between type A and type B programs:	\$750,000
Auditee qualified as low-risk auditee	No

CITY OF MODESTO, CALIFORNIA
Schedule of Findings and Questioned Costs
For the Fiscal Year Ended June 30, 2017

Section II – Financial Statement Findings

Finding 2017-001 – Significant Deficiency
Procurement Card

Per the City of Modesto procurement card policy, a competitive quotation is required for all transactions over a \$1,500 threshold. The policy also establishes the following spending limits - \$1,500 for single transactions and a monthly limit of \$4,500. Spending above these limits are allowed with pre-approval.

During our audit, out of a sample of 27 monthly employee procurement activity, we noted the following:

- Two cases over \$1,500 that did not have competitive quotation.
- Two cases where an employee spent over their preapproved single transaction limit.
- One case where an employee spent over their preapproved monthly transaction limit.

We recommend the City strengthen internal controls over the procurement card process for collection of competitive quotations and the monitoring of employee procurement card limits. The City may improve the monitoring of spending limits by comparing a listing of each employee and their standard single transaction limit and standard monthly transaction limit to their monthly procurement card statement.

Management Response:

The City Program Administrators have developed an internal form to document the authorization for one-time limit authorization increases due to emergency purchase situations or business reasons for the departments which are reviewed and evaluated by the department manager and Director of Finance. This will document any increases which exceeded the standard spending limits. In addition, one of the City Program Administrators identified an error in the setup of the standard spending limit which has been corrected. The Finance Department performs monthly audits on all procurement card statements and will continue to monitor the compliance of the policy.

Finding 2017-002 – Significant Deficiency
Procurement Administration and Approval

During the audit, it has come to our attention that certain purchasing policies and procedures were not being followed. The purchasing policies and procedures are essential to meeting the City's objectives in operational effectiveness and efficiency, reliable financial reporting, and compliance with laws, regulations and policies.

Some of the initial findings relate to a lack of clarity regarding administering contracts and purchasing procedures, inadequate policies and oversight, inadequate training, lack of communication among departments, staffing constraints, and unauthorized extensions and contract adjustments. The City has proactively engaged professional assistance in investigating these discrepancies in order to identify the causes of breakdown in internal controls. The next step is to take the necessary corrective actions in order to cure any deficiencies that need action and strengthen the existing internal controls to ensure compliance with the City's purchasing policies and procedures.

We recommend the City continue its investigation of past contracts and make the appropriate changes to its purchasing policies and procedures in order to strengthen the internal controls over this area. Also, the City should implement a monitoring and oversight process to ensure adherence to purchasing policies and procedures as designed.

CITY OF MODESTO, CALIFORNIA
Schedule of Findings and Questioned Costs
For the Fiscal Year Ended June 30, 2017

Management Response:

All City departments completed an inventory review of all active purchasing documents in late 2017 and identified several situations of not complying with the City Purchasing Policy and Municipal Code. The Finance Department have implemented better controls in the system to enforce additional levels of approval and uploading all relevant documents authorizing the approval for all agreements created in the procurement system. The Finance Department is producing monthly reports to all departments to monitor all active purchasing documents to review expiration dates and the balance remaining on these agreements. The Finance Department will be presenting monthly Purchasing updates to Council to provide transparency of all active Purchasing documents to reinforce the monitoring being implemented by all departments. The Finance Department will be providing training in February 2018 to provide clarity on the interpretation of the City Purchasing Policy and Municipal Code and assist departments on the resources available in the system to provide better monitoring and oversight for their responsible purchasing documents.

CITY OF MODESTO, CALIFORNIA
Schedule of Findings and Questioned Costs
For the Fiscal Year Ended June 30, 2017

Section III – Federal Award Findings and Questioned Costs

Reference Number: 2017-003
Type of Finding: Significant Deficiency
Category of Finding: Subrecipient Monitoring and Procurement
Federal Program Title: Federal Transit – Formula Grants (Urbanized Area Formula Program)
Federal Catalog Number: 20.507
Federal Agency: U.S. Department of Transportation
Federal Award Numbers and Years: CA-95-X174-00 and CA-90-Z230

Criteria:

2 CFR sections 25.200 and 25.205:

- (a) An agency may not make an award to an entity until the entity has complied with the requirements described in §25.200 to provide a valid unique entity identifier and maintain an active System for Award Management (SAM) registration with current information (other than any requirement that is not applicable because the entity is exempted under §25.110).
- (b) At the time an agency is ready to make an award, if the intended recipient has not complied with an applicable requirement to provide a unique entity identifier or maintain an active SAM registration with current information, the agency:
- (1) May determine that the applicant is not qualified to receive an award; and
 - (2) May use that determination as a basis for making an award to another applicant.

Condition:

We reviewed 2 out of 3 subrecipient files and noted that 1 subrecipient did not have the universal identifier and SAM requirements in accordance with 2 CFR 25.200. Additionally, the City did not retain documentation to indicate whether it collected the subrecipients' unique entity identifier prior to awarding funds in accordance with 2 CFR 25.205.

Cause:

The City did not have a process in place to ensure the required information is communicated and collected, nor did the City ensure its subrecipient maintain active SAM registration.

Effect:

The City is at risk for awarding federal funds to entities that have not properly registered with the SAM.

Questioned Costs:

There are no questioned costs.

Recommendation:

We recommend that the City should review all federal statutes, regulations, and the terms and conditions of the federal award and determine whether or not policies and procedures exist and are operating effectively to ensure compliance with all requirements.

Further, the City should maintain adequate documentation that the unique entity identifier has been obtained.

CITY OF MODESTO, CALIFORNIA
Schedule of Findings and Questioned Costs
For the Fiscal Year Ended June 30, 2017

Management Response and Corrective Action:

The City recognizes the current state of sub-recipient oversight of transit systems operated by the City of Ripon and Stanislaus County. It is apparent that current staff resources and expertise in sub-recipient oversight is inadequate to properly oversee grantees. The City should consider future separation from these obligations or develop a comprehensive oversight plan, which will include methods to fully understand, track, monitor, take action and comply with all oversight responsibilities. This oversight plan will require a review of staffing and training requirements to better understand the staffing needs of the department to adequately comply with this requirement.

Reference Number:	2017-004
Type of Finding:	Material Weakness and Material Instance of Noncompliance
Category of Finding:	Special Tests & Provisions - Housing Quality Standards
Federal Program Title:	Home Investment Partnership Program (HOME)
Federal Catalog Number:	14.239
Federal Agency:	U.S. Department of Housing and Urban Development
Federal Award Numbers and Years:	All awards

Criteria:

24 CFR Sections 92.209(i), 92.251(f), and 92.504(d):

During the period of affordability (i.e., the period for which the non-Federal entity must maintain subsidized housing) for HOME assisted rental housing, the participating jurisdiction must perform on-site inspections to determine compliance with property standards and verify the information submitted by the owners no less than (a) every 3 years for projects containing 1 to 4 units, (b) every 2 years for projects containing 5 to 25 units, and (c) every year for projects containing 26 or more units.

Condition:

The City did not perform inspections for the year ended June 30, 2017. However, the City has developed controls and procedures to identify those units on which housing quality inspections are due to ensure the required inspections are performed. City staff developed a monitoring schedule and HOME units are scheduled to be inspected starting January 2018. This is a repeat finding since the single audit for the year ended June 30, 2015.

Cause:

Due to management changes and reorganization, staff was unable to perform inspections.

Effect:

The City is at risk of being in violation of property standards. Noncompliance and needed repairs may not be detected and corrected timely.

Questioned Costs:

There are no questioned costs.

CITY OF MODESTO, CALIFORNIA
Schedule of Findings and Questioned Costs
For the Fiscal Year Ended June 30, 2017

Recommendation:

During the fiscal year, the City's Citizens Housing and Community Development Committee approved HOME policies and procedures, which were also subsequently approved by the City Council. These policies and procedures require the City to perform required on-site inspections of HOME-assisted properties periodically, consistent with the Criteria noted above. We recommend that the City continue to evaluate the effectiveness of its current internal control policies to ensure that the required inspections of units are performed as housing quality inspections are due.

Management Response and Corrective Action:

The City has developed a monitoring schedule that began with the monitoring of Neighborhood Stabilization Program and Community Development Block Grants funded units first, and will continue to conduct on-site inspections, for HOME-funded units beginning January 2018. In the interim, HOME recipients have been conducting inspections on their units to ensure needed repairs are being completed to comply with current health and safety standards. These inspections include City of Modesto fire inspections, inspections conducted by the State of California (when state affordable housing funds are utilized), and Housing Authority of the County of Stanislaus (HACS), Housing Quality Standards (HQS) inspections on an annual basis, when Section 8/HCV Vouchers are being utilized in conjunction with the HOME funded units.

Corrective Action Plan

For the Fiscal Year Ended June 30, 2017

Reference Number: 2017-003
Type of Finding: Significant Deficiency
Category of Finding: Subrecipient Monitoring and Procurement
Federal Program Title: Federal Transit – Formula Grants (Urbanized Area Formula Program)
Federal Catalog Number: 20.507
Federal Agency: U.S. Department of Transportation
Federal Award Numbers and Years: CA-95-X174-00 and CA-90-Z230

The City recognizes the current state of sub-recipient oversight of transit systems operated by the City of Ripon and Stanislaus County. It is apparent that current staff resources and expertise in sub-recipient oversight is inadequate to properly oversee grantees. The City should consider future separation from these obligations or develop a comprehensive oversight plan, which will include methods to fully understand, track, monitor, take action and comply with all oversight responsibilities. This oversight plan will require a review of staffing and training requirements to better understand the staffing needs of the department to adequately comply with this requirement.

Corrective Action Plan

The Public Works Department will review the staffing and training requirements to properly administer a sub-recipient oversight program and review the possibilities of separating from this responsibility. These reviews will provide a proposed a solution for approval by June 30, 2018.

**Status of Prior Year Findings and Questioned Costs
For the Fiscal Year Ended June 30, 2017**

Reference Number: 2016-001

Type of Finding: Material Weakness and Material Instance of Noncompliance - Reporting

Condition: The City did not submit the required HUD 60002 information for fiscal years 2014, 2015 and 2016.

Cause: Due to management changes, reorganization and staff shortage, the City fell behind on filing the HUD 60002. The City had turnover within the Community Development Department during the prior fiscal year and did not appropriately transfer all of the position responsibilities to the remaining personnel. In addition, HUD required the report to be filed in a new web-based system.

Effect: Key line items containing critical information of Form HUD 60002 are not submitted to HUD on a timely basis.

Recommendation: We recommend that the City develop procedures to transition key duties to personnel in place to ensure that it meets all mandated reporting deadlines. In addition, the City should evaluate its internal control procedures on grant reporting requirements to ensure that procedures are properly documented and updated so that reporting requirements are completed during staff absence or turnover.

Current Year Status: Corrected.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

Members of the Governing Committee
Stanislaus Drug Enforcement Agency
Modesto, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and general fund of the Stanislaus Drug Enforcement Agency (the Agency) as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements, and have issued our report thereon dated December 13, 2017.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Agency's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, we do not express an opinion on the effectiveness of the Agency's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Agency's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Macias Gini & O'Connell LLP

Walnut Creek, California
December 13, 2017

Independent Auditor's Report on Compliance for the Major Program; Report on Internal Control Over Compliance; and Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

Members of the Governing Committee
Stanislaus Drug Enforcement Agency
Modesto, California

Report on Compliance for the Major Federal Program

We have audited the Stanislaus Drug Enforcement Agency's (the Agency) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on the Agency's major federal program for the year ended June 30, 2017. The Agency's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for the Agency's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Agency's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of the Agency's compliance.

Opinion on the Major Federal Program

In our opinion, the Agency complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2017.

Report on Internal Control Over Compliance

Management of the Agency is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Agency's internal control over compliance with the types of requirements that could have a direct and material effect on its major federal program to

determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Agency's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities and the general fund of the Agency as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements. We have issued our report thereon dated December 13, 2017, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

**STANISLAUS DRUG ENFORCEMENT AGENCY
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE A – GENERAL

The accompanying Schedule of Expenditures of Federal Awards (Schedule) presents the activity of all federal financial assistance programs of the Stanislaus Drug Enforcement Agency (Agency). The Agency reporting entity is defined in Note I.A to the Agency's basic financial statements. All federal financial assistance received directly from federal agencies, as well as federal financial assistance passed through other government agencies, is included in the Schedule.

NOTE B – BASIS OF ACCOUNTING

Expenditures of federal awards reported in the Schedule are recognized when incurred, which is consistent with the modified accrual basis of accounting used by the Agency's governmental funds, which is described in Note I.C to the Agency's basic financial statements.

NOTE C – INDIRECT COSTS

The Agency did not elect to use the 10% de minimis cost rate as covered in 2 CFR section 200.414 Indirect (F&A) costs.

NOTE D – RELATIONSHIP TO FEDERAL FINANCIAL REPORTS

Amounts reported in the Schedule agree to or can be reconciled with the amounts reported in the related financial reports.

NOTE E – SUBRECIPIENTS

The Agency did not provide any federal awards to subrecipients for the fiscal year ended June 30, 2017.

**STANISLAUS DRUG ENFORCEMENT AGENCY
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2017**

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-72**

RESOLUTION APPROVING THE AWARD OF PROPOSAL AND CONTRACT FOR THE FURNISHING OF AUDITING SERVICES FOR THE FINANCE DEPARTMENT, ACCOUNTING DIVISION TO HUDSON AND HENDERSON INC., FRESNO, CA, FOR A THREE (3) YEAR AGREEMENT WITH TWO (2) ONE-YEAR EXTENSION OPTIONS AT THE SOLE DISCRETION OF THE CITY, AND AUTHORIZING THE INTERIM CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE CONTRACT FOR AN ESTIMATED ANNUAL COST OF \$147,110, AND OVER FIVE (5) YEARS OF \$735,550

WHEREAS, under Section 1306 of the Modesto City Charter requires the Council to employ independent auditors to perform an annual financial audit of the City to examine the financial records managed by City employees, and

WHEREAS, the City requests an external auditor to express an opinion on the fair presentation of its basic financial statements and schedule of expenditures from federal awards in conformity with generally accepted accounting principles, the provisions of the Federal Single Audit Act Amendments of 1996 and Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), and

WHEREAS, the City is the financial administrator for five (5) joint power agencies/program audits, eleven (11) Community Facilities Districts, and a compliance report for the Federal Aviation Passenger Facility Charge program and will require the financial statement compilation and express an opinion on the financial statements for these funds, and

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Proposals (RFP) for the furnishing of auditing services, and

WHEREAS, the Purchasing Division issued RFP No. 1718-15 Auditing Services to eleven (11) prospective proposers and posted the RFP on the City's website, and

WHEREAS, proposals were formally opened in the City Clerk's Office. Five (5) companies chose to respond, none of which were local companies, and

WHEREAS, an evaluation committee comprised of five (5) City staff members evaluated the proposals and Mayor Ted Brandvold (Chair of Audit Committee) was chosen to observe the RFP process. Based on being ranked highest in total evaluation criteria, the evaluation committee recommends the award of proposal for the auditing services to Hudson and Henderson Inc., and

WHEREAS, the award of proposal for the furnishing of auditing services for the Finance Department, Accounting Division to Hudson and Henderson Inc., Fresno, CA, conforms to Modesto Municipal Code 8-3.103, and

WHEREAS, sufficient funds are budgeted in Fiscal Year 2017-18, to cover the first year estimated annual cost and the new contract with Hudson and Henderson will be an estimated annual cost of \$147,110 which will be a decrease in our annual cost by \$75,581 when compared to the previous contract for auditing services, and

NOW, THEREFORE, BE IT RESOLVED by the Council of City of Modesto that it hereby authorizes the award of proposal and contract for the furnishing of auditing services for the Finance Department, Accounting Services to Hudson and Henderson Inc., Fresno, CA, for three (3) year agreement with two (2) one-year extension options at the sole discretion of the City,

BE IT FURTHER RESOLVED that the Interim City Manager, or his designee, is hereby authorized to execute the contract, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of February, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-73**

**RESOLUTION AMENDING THE FISCAL YEAR 2017-18 ANNUAL
OPERATING AND CAPITAL IMPROVEMENT FUND BUDGETS**

WHEREAS, a financial analysis has been completed and it has been determined that a budget adjustment is required to the Annual and Capital Improvement Budgets of the City of Modesto for Fiscal Year 2017-18,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the Fiscal Year 2017-18 Annual Operating and Capital Improvement budget as shown in **Exhibit A**, which is **attached** hereto and incorporated by reference herein.

BE IT FURTHER RESOLVED that the Interim City Manager, or his designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of February 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following votes:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

EXHIBIT A

FISCAL YEAR 2017-18

COMMUNITY AND ECONOMIC DEVELOPMENT

A budget adjustment is necessary to reduce Project #100046 – SR 99/Pelandale Avenue Interchange Reconstruction Project – Phase 1 expense budget by \$954,363 and establish the expense budget for Project #101063 – SR 99/Pelandale Avenue Interchange Reconstruction Project – Phase 2. Additionally, a transfer needs to be established of \$954,363 from Streets Capital Facility Fee Fund Reserves for project #101063 as the project resides in Fund 3160 – Capital Grants – Streets CIP Projects. Project #100046 did not have a transfer established as the project resides in Fund 3410 – Streets Capital Facility Fee Fund and funding came from the fund balance.

A budget adjustment is necessary to establish a transfer in the amount of \$2,635,322 from the Village One #2 CFD Fund - Capital, Fund 3295, to the Village One #2 CFD Fund, Fund 3290, and reallocate to Capital Improvement Project #100098 – Oakdale Road from Floyd to Sylvan discretionary developer reimbursement task. Council per resolution 2017-415 at the October 24, 2017 meeting approved an updated Acquisition and Shortfall Agreement with Berberian Holdings LP for public improvements that are eligible for reimbursement up to \$2,635,322, but this action did not include a resolution to amend the budget to appropriate funds. This adjustment will appropriate the transfer and increase the project expense budget so that reimbursements can be completed.

A budget adjustment is necessary to increase project #100051 - Claratina: McHenry/Coffee 4 Lanes & Intersection Improvements expense budget by \$957,975. Council per resolution 2017-310 at the August 8, 2017 meeting approved a reimbursement agreement with Findlay Shack Prop LLC for public improvements identified in the Capital Facility Fees program, but this action did not include a resolution to amend the budget to appropriate funds. The increase in the project expense budget will be absorbed by Fund 3410 – Streets Capital Facility Fee Fund where the project resides.

FIRE DEPARTMENT

A budget adjustment is to establish revenue budget for the Fire Department's SAFER Grant, in the amount of \$851,404, that was not included during budget development. This is a technical adjustment as the expense has been budgeted for this grant but the revenue side was not entered into the budget software during the budget process. There is no impact to the General Fund as this action will be correctly creating the budget for grant revenue that the City is already receiving.

A budget adjustment is necessary to clean-up the non-capital budget for Project 100889 (MFD-Facilities & Fleet) to properly account for revenues that have been received. An increase in the revenue budget in the amount of \$16,028 needs to be made to account for the additional revenue that has been received in the project. This has brought the total revenue for the project to \$503,028 to-date. In addition, the current expenditure budget of \$415,000 needs to be increased in the amount of \$88,028 to give the department the ability to spend the additional funds received to-date on needed fire station maintenance and repair. This adjustment essentially accounts for the revenue received and then appropriates that revenue for expenditure in the amount in project 100889.

PUBLIC WORKS

A budget adjustment is necessary to recognize \$60,000 of unbudgeted revenue from the State Department of Transportation in the Capital Grants – Streets CIP Fund, Fund 3160, and reallocate to Capital Improvement Project #101066 Traffic Signal Oakdale Road at Claratina Avenue Engineering/Design/Administration account. There is no local match for the design portion of the project.

A budget adjustment is necessary to re-establish the loan repayment per Resolution 2013-257, in the amount of \$51,919, between the Compost Fund and the Wastewater Fund for the purchase of the Compost site land. This budget amount was inadvertently removed during the budget development process and needs to be reappropriated as there are still payments outstanding on this loan agreement between the two funds.

A budget adjustment is necessary to transfer \$393,920 from the Waste to Energy Fund to the Green Waste Fund. The transfer is necessary to restore the Green Waste Fund due to increased operational needs in FY 2016-17. A rate study will be brought to Council at a future date to determine fees for the Solid Waste program as it relates to sustaining any future operational costs.

A budget adjustment is necessary in the amount of \$65,000 to fully fund the refurbishment project of 14 model year 2003 Gillig Transit buses for the Public Works department (Project 100449). On August 3, 2016, Council authorized the award of a proposal and contract for this refurbishment to Complete Coach Works for an estimated total cost of \$2,765,913 under resolution 2016-316. Throughout the course of the project unanticipated repairs have been authorized by MAX maintenance staff that were not part of the original budget. These additional expenses were necessary and are being funded with Public Transportation Modernization, Improvement, and Service Enhancement Account (PTMISEA) grant funds and Local Transportation Fund (LTF) funds awarded to the City's Transit program for transit capital projects. No General Fund will be used.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-74**

RESOLUTION APPROVING A LICENSE AGREEMENT WITH THE CITY OF TURLOCK FOR A 3.79-ACRE PORTION OF REAL PROPERTY, LOCATED AT JENNINGS RANCH IN MODESTO (APN: 022-001-005), FOR THE NORTH VALLEY REGIONAL RECYCLED WATER PROJECT, AND AUTHORIZING THE INTERIM CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE LICENSE AGREEMENT

WHEREAS, the City of Modesto is lead agency for the North Valley Regional Recycled Water Project (the Project), and

WHEREAS, the Project will convey treated wastewater via pipeline from the City's Jennings Treatment Facilities to the Delta-Mendota Canal via a new pump station and underground pipelines, to serve irrigation customers of the Del Puerto Water District (DPWD), and

WHEREAS, the City of Turlock is a participant in the project and will deliver treated wastewater from Turlock to the Jennings Treatment Facilities pump station via pipeline, located at Jennings Ranch in Modesto (APN: 022-001-005), and

WHEREAS, Turlock's treated wastewater will be added to Modesto's treated wastewater and delivered to the Del Puerto Water District's Delta-Mendota Canal, and

WHEREAS, the City of Modesto, the owner of the Subject Property, has agreed to grant the City of Turlock a License Agreement to allow the City of Turlock to install and maintain a pipeline through the City of Modesto's Jennings Ranch, and

WHEREAS, City staff recommends that the City Council approve the Grant of a License Agreement to the City of Turlock.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Grant of License Agreement to the City of Turlock for a treated

water pipeline, over a 3.79-acre area, of the Subject Property located at Jennings Ranch, in Modesto (APN: 022-001-005), for the North Valley Regional Recycled Water Project.

BE IT FURTHER RESOLVED that the Interim City Manager, or his designee, is hereby authorized to execute the Grant of License Agreement, and all related documents, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of February, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-75**

RESOLUTION APPROVING A GRANT OF TEMPORARY CONSTRUCTION EASEMENT TO THE CITY OF TURLOCK FOR A 1.13-ACRE PORTION OF REAL PROPERTY, LOCATED AT 4000 WEST MAIN AVENUE IN MODESTO (APN: 058-001-001), AND A SECOND TEMPORARY CONSTRUCTION EASEMENT FOR 15.04 ACRES LOCATED AT THE JENNINGS TREATMENT FACILITIES (APN: 022-001-005) FOR THE NORTH VALLEY REGIONAL RECYCLED WATER PROJECT, AND AUTHORIZING THE INTERIM CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE TWO GRANTS OF TEMPORARY CONSTRUCTION EASEMENTS

WHEREAS, the City of Modesto is the lead agency for the North Valley Regional Recycled Water Project (the Project), and

WHEREAS, the Project will convey treated wastewater via pipeline from the City's Jennings Treatment Facilities to the Delta-Mendota Canal via a new pump station and underground pipelines, to serve irrigation customers of the Del Puerto Water District (DPWD), and

WHEREAS, the City of Turlock is a participant in the project and will deliver treated wastewater from Turlock to the Jennings Treatment Facilities pump station via pipeline, located at Jennings Ranch in Modesto (APN 022-001-005), and

WHEREAS, Turlock's treated wastewater will be added to Modesto's treated wastewater and delivered to the Del Puerto Water District's Delta-Mendota Canal, and

WHEREAS, the City of Modesto, the owner of the Subject Property, has agreed to grant to the City of Turlock a Temporary Construction Easement to allow an area for material staging and other construction activities on a 1.13-acre portion of City of Modesto's property adjacent to West Main Avenue in Jennings Ranch, and

WHEREAS, a second Temporary Construction Easement is required within the Jennings Treatment Facility (APN 022-001-005) over an area of 15.04-acres to construct Turlock's portion of the Project to deliver treated water to Modesto's pump station, and

WHEREAS, City staff recommends that the City Council approve the two Grants of Temporary Construction Easement.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Grant Temporary Construction Easement to the City of Turlock for a temporary construction easement, over a 1.13-area of the Subject Property located at Jennings Ranch in Modesto (APN 058-001-001), for the North Valley Regional Recycled Water Project and a second Grant of Temporary Construction Easement over a 15.04-acre area to construct Turlock's portion of the Project within the Jennings Treatment Facility.

BE IT FURTHER RESOLVED that the Interim City Manager, or his designee, is hereby authorized to execute the two Grants of Temporary Construction Easements, and all related documents required, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of February, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-76**

RESOLUTION APPROVING THE ISSUANCE OF A PURCHASE ORDER TO HAROLD W. THOMPSON, INC., STOCKTON, CA IN THE AMOUNT OF \$48,000 WITH A CONTINGENCY OF \$20,000 FOR THE CUSTOMER SERVICES CARPET REPLACEMENT PROJECT FOR A TOTAL AMOUNT NOT TO EXCEED \$68,000, AND AUTHORIZING THE PURCHASING MANAGER, OR HER DESIGNEE, TO ISSUE A PURCHASE ORDER

WHEREAS, the existing carpet flooring of the Customer Services Division area has experienced substantial wear and deterioration due to the high volume of employee traffic and mail carts transporting mail several times a day, and

WHEREAS, several sections of the carpet have lifted, presenting potential tripping hazards to staff, and

WHEREAS, the Purchasing Division issued RFB 1718-16 and prospective bidders were noticed online of the proposal opportunity, and

WHEREAS, five companies chose to download the RFB document and attend the mandatory site visit, and

WHEREAS, bids were formally opened in the City Clerk's office and only one company had chose to respond, and

WHEREAS, in accordance with Modesto Municipal Code 8-3.203 it is generally required that all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid, and

WHEREAS, Harold W. Thompson, Inc., was the lowest responsive and responsible bidder, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the awarding of the bid and issuing a Purchasing Order to Harold

W. Thompson, Inc., Stockton, CA, for the Customer Services Carpet Replacement Project in the amount of \$48,000.

BE IT FURTHER RESOLVED that the Purchasing Manager, or her designee, is hereby authorized to issue a purchase order with a contingency of \$20,000 in the event unforeseen conditions warrant additional necessary work. Any additional work would result in a separate purchase order funded through contingency.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of February, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-77**

RESOLUTION APPROVING AN AMENDMENT TO THE ORIGINAL AGREEMENT WITH E-BUILDER, INC. PLANTATION, FL., FOR THE WORK ORDER TO UPGRADE TO THE “PORTFOLIO LEVEL FUNDING” COST MODULE, NOT TO EXCEED \$11,550 AND AUTHORIZING THE INTERIM CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AMENDMENT

WHEREAS, The City of Modesto has the need for e-Builder software as a solution to the City’s need to digitally manage, track and report on various Capital Improvement Projects for the City, and

WHEREAS, prior to e-Builder, the City’s standard documentation management system consisted of one comprehensive paper file structure as the official file for archiving and auditing purposes, and

WHEREAS, on April 5, 2016, by Resolution 2016-136, Council approved an agreement for \$559,628 with e-Builder, Inc., of Plantation, Fl., to purchase and implement e-Builder software and

WHEREAS, to date this phase has been fully implemented successfully and provided a tremendous savings for staff and Contractors, both in time and resources, and

WHEREAS, Portfolio Level Funding will allow e-Builder to more closely mimic the financial structure of COSMO, and

WHEREAS, the direct mirroring will allow information to be directly utilized by both COSMO and e-Builder, and

WHEREAS, this upgrade improves the ability of staff to manage multiple funded projects, and

WHEREAS, Staff recognized the potential for e-Builder to further benefit the public by leveraging information in broader and more transparent ways, and

WHEREAS, the improved accuracy of the data would allow for the automatic reporting system of e-Builder to generate data that may be posted to OpenGov, effectively mitigating the potential for further human error, and meeting the City's intent to achieve a truly transparent government, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Amendment to the original Agreement with e-Builder Inc., of Plantation, FL., for the Work Order to upgrade to the "Portfolio Level Funding" Cost Module.

BE IT FURTHER RESOLVED that the Interim City Manager, or his designee, is hereby authorized to execute the amendment in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of February, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-82**

**RESOLUTION APPROVING THE SUBMISSION OF THE CITY'S
TRANSPORTATION DEVELOPMENT ACT (TDA) TRANSIT CLAIM FOR
TRANSPORTATION CENTER IMPROVEMENTS FOR FISCAL YEAR 2017-18
TO THE STANISLAUS COUNCIL OF GOVERNMENTS (STANCOG) IN THE
AMOUNT OF \$523,544**

WHEREAS, the Stanislaus Council of Governments (StanCOG) has informed the Transit Division that Transportation Development Act (TDA) funds are available for Transportation Center improvements in preparation for the Altamont Corridor Express (ACE) to stop in Modesto, and

WHEREAS, the City has prepared a TDA claim for Fiscal Year 2017-2018 to access these additional funds, and

WHEREAS, the Transportation Center Capital Budget for these improvements is \$3,942,019, and

WHEREAS, the first phase of the project will be \$523,544 in Local Transportation Funds (LTF) for the design of the improvements, which is being submitted to StanCOG for LTF funding, and

WHEREAS, Council action authorizing submission of the Claim is required by StanCOG pursuant to Section 99233.11 of the California Public Utilities Code before any TDA funding can be released to the City.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves submission of the TDA Transportation Center capital claim for Fiscal Year 2017-2018 to StanCOG in the amount of \$523,544.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of February, 2018, by Councilmember Ridenour, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

**RESOLUTION AUTHORIZING A BUDGET ADJUSTMENT AMENDING
FISCAL YEAR 2017-18 OPERATING BUDGET IN THE AMOUNT OF \$523,544
TO FUND IMPROVEMENTS TO THE TRANSPORTATION CENTER IN
PREPARATION FOR THE ALTAMONT CORRIDOR EXPRESS (ACE) AND
AUTHORIZE THE INTERIM CITY MANAGER TO IMPLEMENT THE
PROVISIONS OF THIS RESOLUTION**

WHEREAS, Stanislaus Council of Governments (StanCOG) has adopted by Resolution 17-13 the Fiscal Year 2016-17 Local Transportation Fund (LTF) Supplemental Apportionment in the amount of \$1,648,705, and

WHEREAS, staff recommended that \$1,267,691 of the supplemental apportionment be reserved for future regional transit projects such as future rail services offered by ACE, and

WHEREAS, On November 6, 2017, the item was presented to and approved by the Executive Committee Team, and

WHEREAS, City staff has estimated the total cost of Phase 1 of the improvement to the Transportation Center in preparation for ACE at \$2,236,581, and

WHEREAS, this claim is the formal request to StanCOG to release \$523,544 reserved for regional transit projects, and

WHEREAS, the Fiscal Year 2017-18 operating budget must be amended by \$523,544.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the amendment of the Fiscal Year 2017-18 operating budget.

BE IT FURTHER RESOLVED that the Interim City Manager, or his designee, is hereby authorized to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of February, 2018, by Councilmember Ridenour, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-84**

RESOLUTION APPROVING THE FIRST AMENDMENT TO THE CONSULTANT CONTRACT WITH CPSI OF FRESNO, CA FOR THE STATE ROUTE 132 FREEWAY/EXPRESSWAY PHASE 1 PROJECT TO INCREASE THE EXISTING CONTRACT BY \$864,687 TO PROVIDE ADDITIONAL RIGHT OF WAY CONSULTANT SERVICES PLUS \$86,500 FOR ADDITIONAL SERVICES, IF NEEDED, FOR A TOTAL CONTRACT AMOUNT OF \$1,759,687 AND AUTHORIZING THE INTERIM CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE FIRST AMENDMENT TO THE CONTRACT

WHEREAS, Stanislaus Council of Governments (StanCOG), City of Modesto, Stanislaus County and the California Department of Transportation (Caltrans) are completing the formal studies for the Project Approval and Environmental Document (PA&ED) Phase for the State Route 132 West Freeway/Expressway Project (Ultimate Project), and

WHEREAS, the Ultimate Project is presently in the final stage of the environmental approval process, with approval expected in mid-March of 2018, and

WHEREAS, the SR132 West Freeway/Expressway – Phase 1 Project (Phase 1 Project) proposes to construct a two-lane highway on a new alignment in Stanislaus County and the City of Modesto from State Route 99 just south of Kansas Avenue to Dakota Avenue, and

WHEREAS, delivery of the PA&ED phase of the Ultimate Project has been slowed due to problems with gaining environmental clearance of contaminated soils stockpiles, and Project construction must commence on or before June 30, 2019, and

WHEREAS, the combination of environmental clearance delay along with a shortened window for startup of construction has resulted in the need to accelerate

supporting services of the final design (PS&E) phase of the Phase 1 Project to meet the construction startup deadline of June 2019, and

WHEREAS, this acceleration must be performed so that approximately \$25.5 million of construction funding will not be lost, and

WHEREAS, it is anticipated that Caltrans will complete CEQA and NEPA review in mid-March 2018 as part of the current PA&ED Phase and select a Project alternative at that time. It is anticipated that Caltrans will select one of the two build alternatives, but there is potential risk that Caltrans will select the no-build alternative, which would mean no Project would go forward, and

WHEREAS, on August 8, 2017, the City Council approved an agreement to engage the services of CPSI to commence Right Of Way (ROW) Support services for the Phase 1 Project (Agreement), in an amount not to exceed \$735,000, plus \$73,500 for additional services, if needed, and

WHEREAS, on August 15, 2017, staff issued a Notice to Proceed to begin these support services, and CPSI has been conducting on-going activities for the clearance of the right of way that is necessary for Project construction, in anticipation of approval of the Project Environmental Document (ED), and

WHEREAS, the scope of work for CPSI has increased from the initial 39 cases (29 acquisitions and 10 relocations) to a total of 76 cases (54 acquisitions and 22 relocations), and Caltrans has notified staff that significant additional environmental study will be required, and

WHEREAS, this added work significantly impacts the originally contemplated scope of work for CPSI and represents over a 100% increase in scope for CPSI, and

WHEREAS, due to the urgency of the need for these support services to continue, the City is requesting an amendment to the existing agreement with CPSI to increase the amount of the Agreement by \$864,687, plus \$86,500 for additional services, if needed as determined by the City Manager, for a total amount of \$1,759,687.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an amendment to the Agreement with CPSI , increasing the contract amount for professional services by \$864,687, plus \$86,500 for additional services, if needed, for a total amount of \$1,759,687.

BE IT FURTHER RESOLVED, that the Interim City Manager, or his designee, is authorized to execute the First Amendment to the Agreement in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of February, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-85**

RESOLUTION AUTHORIZING STAFF TO ENGAGE IN REAL PROPERTY NEGOTIATIONS AND TO PROCEED WITH ACQUISITIONS NOT TO EXCEED \$3.54 MILLION, AUTHORIZING THE CITY OF MODESTO INTERIM CITY MANAGER TO ESTABLISH THE AMOUNT OF JUST COMPENSATION TO BE OFFERED TO PROPERTY OWNERS, AND DELEGATING SIGNATURE AND SETTLEMENT AUTHORITY UP TO CERTAIN SPECIFIED AMOUNTS TO CITY OF MODESTO PROJECT MANAGER, CITY ENGINEER AND CITY MANAGER FOR RIGHT OF WAY TO SUPPORT THE CONSTRUCTION OF THE STATE ROUTE 132 WEST FREEWAY/EXPRESSWAY PHASE 1 PROJECT

WHEREAS, the SR132 West Freeway/Expressway – Phase 1 Project (Project) proposes to construct a two-lane highway on a new alignment in Stanislaus County and the City of Modesto from State Route 99 just south of Kansas Avenue to Dakota Avenue, and

WHEREAS, the Project Environmental Document (ED) has been delayed, but is expected to be approved in mid-March 2018, with expected approval of the authorization to spend federal funds (E-76) mid-April to early May 2018, and

WHEREAS, the delay in ED approval places significant risk to the Project's programmed construction funding, and all final design elements of the Project are presently being progressed at risk and significant funds have already been expended in an effort to complete these activities within the agreed schedule, and

WHEREAS, the right of way acquisition process usually takes about 21-months to complete, and usually begins immediately following the approval of the Environmental Document, and

WHEREAS, construction must be commenced by no later than June 2019, or the Project will lose approximately \$25.5 million of construction funding, and

WHEREAS, real property must be acquired early and prior to ED approval to meet the June 2019 construction start date and prevent the loss of approximately \$25.5 million of construction funding, and

WHEREAS, Staff has requested approval to make offers and commence acquisition and relocation activities necessary for the Project to meet the shortened window of opportunity, and

WHEREAS, Staff has requested that authority be delegated to the City of Modesto Project Manager, City Engineer and Interim City Manager, to execute documents and approve settlements for the purpose of acquiring right of way for the Project, as specified below, and

WHEREAS, acquisitions and relocations will follow State and Federal law, including the provisions of the Uniform Act and regulations in 49 CFR part 24, and the requirements of title VI of the Civil Rights Act of 1964 (42 U.S.C. §§ 2000d-2000d-4), so as not to jeopardize State and Federal funding for the project, and

WHEREAS, these early acquisitions will not influence the environmental review process for the Project, and any properties that are acquired will not be put to any use prior to ED approval.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that Staff is authorized to engage in real property negotiations and to proceed with acquisitions not to exceed \$3.54 Million,

BE IT FURTHER RESOLVED, that:

1. The City of Modesto Project Manager is authorized to recommend the amounts of just compensation for properties to be acquired for the Project,

and the Interim City Manager is authorized to establish the amounts of just compensation for such properties, based on approved appraisals;

2. The Interim City Manager is authorized to execute Purchase and Sale Agreements for properties that are acquired pursuant to the authority granted under this Resolution;
3. That Offer Letters and Purchase and Sale Agreements presented to property owners prior to ED approval will include language notifying the property owner that the purchase and sale negotiations are voluntary, and not subject to eminent domain actions. Pre-ED approval offers that do not result in an agreement to purchase the property will be withdrawn;
4. That settlement authority for the purchase and sale of properties for the Project is delegated to the following designated City of Modesto staff up to the following specified amounts in excess of the appraised values:
 - City of Modesto Project Manager: up to \$5,000 in excess of appraised value and for properties valued up to \$125,000 the lesser of 20% of the appraised value or \$25,000
 - City of Modesto City Engineer: for properties valued up to \$200,000 the lesser of 20% of the appraised value or \$40,000
 - City of Modesto City Manager: for properties valued up to \$300,000 the lesser of 20% of the appraised value or \$60,000
 - City of Modesto City Council approval will be required for any properties valued in excess of \$300,000 and for settlements that exceed the appraised value by more than \$60,000.

5. That the Interim City Manager is authorized to approve claims and invoices relating to Project right of way acquisition and relocation assistance in amounts up to \$50,000.
6. That pursuant to Government Code section 27281, the City of Modesto City Engineer is authorized to execute Certificates of Acceptance accepting ownership of property for the Project and to have the transfer document recorded.
7. That the City of Modesto City Engineer is authorized to execute documents associated with property acquisitions and relocations necessary for the Project, which may include Escrow Instructions, Amended Escrow Instructions, Relocation eligibility and entitlement documents, and similar documents which are necessary for such purposes.
8. That once Project environmental approval is achieved, purchase offers will be tendered, and property acquisitions will proceed under the reimbursement strategy following State and Federal guidelines and laws.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of February, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-86**

RESOLUTION APPROVING A TWO-YEAR AGREEMENT WITH THREE (3) ONE YEAR RENEWAL OPTIONS FOR UMPIRE SERVICES WITH THE GREATER SAN JOAQUIN UMPIRE ASSOCIATION, FOR AN ANNUAL AMOUNT NOT TO EXCEED \$35,000 AND A TOTAL OF \$175,000 OVER FIVE YEARS, AND AUTHORIZING THE INTERIM CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the Parks, Recreation and Neighborhoods Department offers a wide variety of sports and leisure activities to the citizens of Modesto, and

WHEREAS, one of the most popular offerings is adult softball leagues serving more than 3,000 participants and generating more than \$60,000 in revenue annually, and

WHEREAS, the program produces positive park use and promotes healthy outdoor activities, and

WHEREAS, in September 2015, the City entered into an agreement with the Greater San Joaquin Umpire Association to provide umpire services for city softball leagues, with an automatically renewed term ending date, and

WHEREAS, in accordance with the information provided at the January 23, 2018 Council Meeting regarding contracts, Parks, Recreation and Neighborhoods Department staff is terminating all "evergreen" contracts and bringing to council any contracts requiring council approval, and

WHEREAS, the Greater San Joaquin Umpire Association has agreed to enter into a new contract which includes an ending term date, and both annual and total funding limits that are not to be exceeded, and

WHEREAS, the USA Softball Association of Central California has jurisdiction based on their membership with the USA Softball, the services provided by the Greater San Joaquin Umpire Association are a sole source and not requiring formal bid, and

WHEREAS, the professional services provided through this umpire agreement ensure there are trained, insured, and well qualified officials at all softball programs to maximize the quality of play and minimize the risks, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the two-year Agreement with three (3) one year renewal options for Umpire Services with the Greater San Joaquin Umpire Association, for an annual amount not to exceed \$35,000 and a total of \$175,000 over five years.

BE IT FURTHER RESOLVED, that the Interim City Manager, or his designee, is hereby authorized to execute the agreement, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of February, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-87**

RESOLUTION APPROVING THE AWARD OF BID FOR THE PURCHASE OF FEDERAL AND SPEER BRAND DUTY-USE AMMUNITION FOR THE MODESTO POLICE DEPARTMENT TO SAN DIEGO POLICE EQUIPMENT CO., INC., SAN DIEGO, CA, FOR A TWO YEAR AGREEMENT WITH THREE ONE-YEAR EXTENSION OPTIONS, AND AUTHORIZING THE PURCHASING MANAGER, OR HER DESIGNEE, TO ISSUE A PURCHASE AGREEMENT FOR AN AMOUNT NOT TO EXCEED \$97,155 ANNUALLY AND \$485,775 OVER FIVE YEARS

WHEREAS, the Interim City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for the purchase of Federal Brand ammunition, and

WHEREAS, the Purchasing Division issued RFB No. 1718-22 Federal Brand Ammunition, posted the RFB on the City's website and formally advertised by law, and

WHEREAS an Addendum to the bid was subsequently sent out stating that the Police Department would accept Remington Brand or an equivalent for training ammunition, and

WHEREAS, bids were formally opened in the City Clerk's Office. Two companies chose to respond. Both companies provided responsive and responsible bids, and

WHEREAS, the Modesto Police Department conducted a comparison study for both duty and range training ammunition, for the sole reason that training ammunition is cheaper and would result in a cost savings to the City. It was determined that Federal and Speer brand ammunition could provide the better duty-use ammunition and Remington could provide a more cost effective range training-use ammunition, and

WHEREAS, based on providing a responsive and responsible bid, City staff recommends the award of bid for the purchase of Federal and Speer brand duty-use ammunition to San Diego Police Equipment Co., Inc., San Diego, CA, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid. The award of bid for the purchase of Federal and Speer brand duty-use ammunition for the Modesto Police Department to San Diego Police Equipment Co., Inc., San Diego, CA, conforms to the Modesto Municipal Code, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto, that it hereby authorizes the award of bid for the purchase of Federal and Speer brand duty-use ammunition for the Modesto Police Department to San Diego Police Equipment Co., Inc., San Diego, CA.

BE IT FURTHER RESOLVED that the Purchasing Manager, or her designee, is hereby authorized issue a purchase agreement for a two year agreement with three one-year extension options, for an annual amount not to exceed \$97,155, for a total five-year agreement amount not to exceed \$485,775.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-89**

RESOLUTION APPROVING A SOLE SOURCE PURCHASING AGREEMENT WITH HACH, LOVELAND, CO, FOR FIELD SERVICE OF ON-LINE INSTRUMENTS, WHICH ARE USED AT THE WASTEWATER TREATMENT FACILITY TO MONITOR THE TREATMENT PROCESS, FOR A TOTAL COST NOT TO EXCEED \$59,904 OVER THREE YEARS, AND AUTHORIZING THE PURCHASING MANAGER, OR HER DESIGNEE, TO EXECUTE A PURCHASING AGREEMENT

WHEREAS, the Wastewater Treatment Plants have installed various Hach instruments throughout its facilities, and

WHEREAS, these instruments ensure process control and compliance by monitoring and collecting critical data needed for the City's National Pollutant Discharge Eliminate System Permit, and

WHEREAS, the instruments also assist the operations staff in maintaining equipment and processes with real time data, and

WHEREAS, this Hach field service agreement includes but is not limited to on site calibration, on site routine maintenance, and parts necessary to keep equipment in service and new equipment it will be added to this agreement for a nominal fee, and

WHEREAS, in the past, Operations staff have calibrated and performed minimum routine maintenance on Hach instruments estimated to take approximately 100 labor hours per year (\$3,818/year), and

WHEREAS, this maintenance does not include tasks such as firmware updates, controller services and replacements, and electronics repairs/replacements that staff is not qualified to perform, and

WHEREAS, these labor hours will be spent by staff developing crucial Standard Operating Procedures for the new Phase 2 Treatment Facility at the Jennings Treatment Plant, and

WHEREAS, this Hach field service agreement is crucial to the reliability of critical process control and compliance instrument, and

WHEREAS, since the construction and commissioning of Phase 2 of our tertiary treatment facility, Hach meters needing regular service have increased from nine to twenty-seven and this contract will ensure dependable service and warranty compliance for these units, and

WHEREAS, Hach's factory-trained service personnel are authorized to perform any repair, start-up service, or maintenance on these instruments and this will ensure accuracy of critical data points required for plant optimization and regulatory compliance, as well as dependability of the instruments to minimize downtime of the facility and potential lost water sales to the North Valley Regional Recycled Water Project, and

WHEREAS, staff will receive field service reports that will demonstrate a proper maintenance program and will be especially valuable during State audits of our maintenance records for compliance required meters, and

WHEREAS, a maintenance program performed by authorized field service technicians is subject to less scrutiny than a City operated maintenance program, and

WHEREAS, this contract will also limit additional costs associated with spare parts, calibration standards and equipment, replacement units and manufacturer service fees which were \$68,487 since 2015 and Hach will also provide full replacement of any failed units under this agreement for as long as the unit is a supported product, and

WHEREAS, under this Hach field service agreement, all of the work required to maintain Hach instruments will be performed by a certified Hach technician, thereby guaranteeing their work and replacement parts, and ensuring parts remain under warranty, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid; however, there are exceptions to the rule set forth in the Modesto Municipal Code, and

WHEREAS, staff recommends the award of agreement with Hach, Loveland, CO, should be exempt from the formal bidding process in accordance with Modesto Municipal Code 8-3.204(b) since they are the sole provider of these services, and

WHEREAS, MMC 8-3.204(b) provides that a purchase may be exempted from the City's formal bidding requirements where the Purchasing Agency's requirements can be met solely by a single article or process, therefore, this purchase qualifies for exemption from formal bidding for that reason, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a purchasing agreement with Hach, Loveland, CO, for sole source field service of on-line instruments at a cost not to exceed \$59,904 over three years and authorizing the Purchasing Manager, or her designee, to execute a purchasing agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of February, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2018-90**

**RESOLUTION APPROVING THE STANISLAUS MULTI-AGENCY REGIONAL
STORM WATER RESOURCE PLAN MEMORANDUM OF UNDERSTANDING
FOR LOCAL MATCH COMMITMENTS AND AUTHORIZING THE INTERIM
CITY MANAGER, OR HIS DESIGNEE TO EXECUTE THE AGREEMENT**

WHEREAS, Proposition 1 (Prop 1) was passed by voters in November 2014 and provided \$7.5 billion in general obligation bonds to be used throughout the state for various types of water resource related projects, and

WHEREAS, the State Water Resources Control Board (State Water Board) will administer \$200 million in grant funds for public agencies to develop multi-beneficial storm water management type projects, and

WHEREAS, Stanislaus County, as the lead agency, was successful in obtaining the Proposition 1 Planning Grant in the amount of \$499,840 to develop a Stanislaus Multi-Agency Regional Storm Water Resource Plan (SWRP), and

WHEREAS, in general, a SWRP includes information needed for effective regional management of storm water as a resource; it will identify, evaluate, and prioritize potential storm water resource-related capital improvement projects, and

WHEREAS, a SWRP is also a prerequisite to receiving future grants from voter approved bond funds for storm water and dry weather runoff capture projects, as per the California Legislature Senate Bill 985, for any bond approved by voters after January 2014, and

WHEREAS, the City has partnered in this effort to be eligible for Round 2 Implementation Round in 2018, which will provide a total of \$90,000,000 in construction monies throughout the State, and

WHEREAS, the Prop 1 Planning Grant received by Stanislaus County requires a local match to the grant amount, and

WHEREAS, the local match monies can be made up of labor-in-kind or cash, and were estimated to be \$744,004 for the combined multiagency efforts, and

WHEREAS, on March 28, 2017, when the Stanislaus County Board of Supervisors approved the Grant for the SWRP, they also approved funding of \$104,000 for the County's portion of the local match, and

WHEREAS, this cash will only be used if the State Water Boards does not approve some of the proposed labor-in-kind, and

WHEREAS, the majority of the local match is comprised of labor-in-kind from work completed by the Cities of Modesto, Oakdale, and Patterson, and the Eastside Water District, and

WHEREAS, the City of Modesto has contributed \$140,000 in labor-in-kind in the form of the following studies:

City of Modesto Municipal Storm Water Program – Annual Progress Report 2015-16

City of Modesto Municipal Storm Water Program – Annual Progress Report 2014-15

City of Modesto Wastewater Collection System Master Plan, and

WHEREAS, a Memorandum of Understanding between the Cities of Modesto, Oakdale and Patterson, the Eastside Water District and the County of Stanislaus, has been developed to memorialize the Stanislaus Multi-Agency Regional Storm Water Resource Plan coordination, including the labor-in-kind efforts, and documentation to meet the Prop1 requirements of local match, and

WHEREAS, Stanislaus County will continue to be the lead agency, and will contract with a consultant (Woodard and Curran) to complete the project work for the Regional Storm Water Resource Plan at no charge to the other parties, and

WHEREAS, City of Modesto staff time to participate in the development and review of the SWRP is estimated to be less than \$20,000, with funding available in the current fiscal year,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Stanislaus Multi-Agency Regional Storm Water Resource Plan Memorandum of Understanding for Local Match Commitments.

BE IT FURTHER RESOLVED that the Interim City Manager, or his designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of February, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-91**

RESOLUTION APPROVING PLANS AND SPECIFICATIONS FOR THE MPD HVAC RENOVATION PROJECT (ADMINISTRATION BUILDING), ACCEPTING THE BID, AND APPROVING A CONSTRUCTION CONTRACT WITH AMERICAN CHILLER SERVICE, INC., MODESTO, CA, IN THE AMOUNT OF \$779,700 AND AUTHORIZING THE INTERIM CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE CONTRACT

WHEREAS, specifications have been prepared for the MPD HVAC Renovation Project (Administration Building), and City staff recommends approval by the City Council, and

WHEREAS, the bids received for the MPD HVAC Renovation Project (Administration Building) were opened at 11:00 a.m. on January 23, 2018 pursuant to Modesto Municipal Code section 8-3.403 and Charter section 1307 , and

WHEREAS, the Director of Utilities and the Interim City Manager has recommended that the bid of \$779,770 received from American Chiller Service, Inc., be accepted as the lowest responsible and responsive bid and the contract be awarded to American Chiller Service, Inc.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the plans and specifications for MPD HVAC Renovation Project (Administration Building) and accepts the bid of \$779,770 and awards American Chiller Service, Inc., of Modesto, CA the construction contract for the MPD HVAC Renovation (Administration Building) Project .

BE IT FURTHER RESOLVED that the Interim City Manager, or his designee, is hereby authorized to execute the contract, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of February, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

**RESOLUTION AWARDING A DESIGN BUILD CONTRACT TO DIEDE
CONSTRUCTION, OF WOODBRIDGE, CA FOR THE WATER
CORPORATION YARD PROJECT IN THE AMOUNT OF \$14,100,000 AND
AUTHORIZING THE INTERIM CITY MANAGER, OR HIS DESIGNEE TO
EXECUTE THE AGREEMENT**

WHEREAS, the City of Modesto Utilities Department – Water Services Division has been in search of a replacement Corporation Yard since 2013, and

WHEREAS, on November 4, 2015, by Resolution Numbers 2015-424 and 2015-426, Council approved the purchase of a 48.62 acre property located on Litt Road in northeast Modesto for the Water Corporation Yard Project, and

WHEREAS, the project site is approximately 3,000 feet north of Sylvan Avenue and 850 feet south of Plainview Road, just outside of City limits but within the City's sphere of influence., and

WHEREAS, to achieve an anticipated project completion by fall of 2019, the City will need to expedite the project delivery (design and construction), and

WHEREAS, staff recommends pursuing a Design-Build (D-B) approach, which expedites the design and construction process by compiling the design and construction services under a single entity, and

WHEREAS, this methodology should minimize risks, reduce the project delivery schedule, reduce bid times, decreased disputes, enhance communication, and

WHEREAS, on August 2, 2017, the City issued a Request for Qualifications (RFQ) to invite interested parties to submit their team's D-B experience and qualifications to create a pre-qualified short-list of proposers, and

WHEREAS, on September 14, 2017, RFPs were issued to the three D-B teams and proposals were received on December 1, 2017, and

WHEREAS, interviews were held on December 7, 2017, with the panel selecting Diede Construction of Woodbridge, CA, as the most qualified D-B team to design and construct the Water Corporation Yard project, and

WHEREAS, the stipulated sum D-B contract price for the construction of the Water Corporation Yard Project is \$14,100,000, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby awards Diede Construction, of Woodbridge, CA, the contract for the Water Corporation Yard Project in the amount of \$14,100,000.

BE IT FURTHER RESOLVED that the Interim City Manager, or his designee, is hereby authorized to execute the contract, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of February, 2018, by Councilmember Ah You, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-94**

RESOLUTION APPROVING A PARTIAL REIMBURSEMENT IN AMOUNT OF \$75,000 TO FLINT BUILDERS, INC. OF ROSEVILLE, CA AND \$75,000 TO HARRIS CONSTRUCTION, INC. OF FRESNO, CA FOR THE WORK COMPLETED IN ATTEMPTING TO OBTAIN A DESIGN BUILD CONTRACT FOR THE WATER CORPORATION YARD PROJECT

WHEREAS, the City of Modesto Utilities Department – Water Services Division has been in search of a replacement Corporation Yard since 2013, and

WHEREAS, on November 4, 2015, by Resolution Numbers 2015-424 and 2015-426, Council approved the purchase of a 48.62 acre property located on Litt Road in northeast Modesto for the Water Corporation Yard Project, and

WHEREAS, the project site is approximately 3,000 feet north of Sylvan Avenue and 850 feet south of Plainview Road, just outside of City limits but within the City's sphere of influence., and

WHEREAS, to achieve an anticipated project completion by fall of 2019, the City will need to expedite the project delivery (design and construction), and

WHEREAS, staff recommends pursuing a Design-Build (D-B) approach, which expedites the design and construction process by compiling the design and construction services under a single entity, and

WHEREAS, this methodology should minimize risks, reduce the project delivery schedule, reduce bid times, decreased disputes, enhance communication, and

WHEREAS, on August 2, 2017, the City issued a Request for Qualifications (RFQ) to invite interested parties to submit their team's D-B experience and qualifications to create a pre-qualified short-list of proposers, and

WHEREAS, on September 14, 2017, RFPs were issued to the three D-B teams and proposals were received on December 1, 2017, and

WHEREAS, interviews were held on December 7, 2017, with the panel selecting Diede Construction of Woodbridge, CA, as the most qualified D-B team to design and construct the Water Corporation Yard project, and

WHEREAS, the stipulated sum D-B contract price for the construction of the Water Corporation Yard Project is \$14,100,000, and

WHEREAS, due to the nature of the RFP and the level of effort provided in preparing a design-build proposal for the City, a partial reimbursement of \$75,000 was included in the RFP, and

WHEREAS, the partial reimbursement would be paid to those shortlisted firms that were unsuccessful in obtaining a contract with the City, and

WHEREAS, it is industry standard practice for the level of effort involved in preparing a proposal for vertical construction design build projects, and

WHEREAS, the partial reimbursement would be considered works for hire, cover some of the costs of the proposal and presentation, and

WHEREAS, the partial reimbursement constitutes an agreement by the firms that the City of Modesto may use ideas or approaches developed from their proposals.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a partial reimbursement in an amount of \$75,000 to Flint Builders, Inc. of Roseville, CA and \$75,000 to Harris Construction, Inc. of Fresno, CA for the work completed in attempting to obtain a design build contract for the Water Corporation Yard Project.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of February, 2018, by Councilmember Ah You, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-95**

RESOLUTION APPROVING AN AGREEMENT WITH CONSOLIDATED CM, INC., OAKLAND, CA, FOR OWNER'S ADVISOR CONSTRUCTION SERVICES AND ENGINEERING SUPPORT DURING CONSTRUCTION FOR THE WATER CORPORATION YARD PROJECT, IN AN AMOUNT NOT TO EXCEED \$856,289 FOR THE IDENTIFIED SCOPE OF SERVICES, PLUS \$85,629 FOR ADDITIONAL SERVICES (IF NEEDED), FOR A MAXIMUM TOTAL AMOUNT OF \$941,918 AND AUTHORIZING THE INTERIM CITY MANAGER, OR HIS DESIGNEE TO EXECUTE THE AGREEMENT

WHEREAS, Consolidated CM, Inc. (CCM) is the Design-Build (D-B) owner's advisor consultant for the Water Corporation Yard Project, and

WHEREAS, due to staffing and lack of in-house expertise of D-B projects, as well as the size and complexity of the project, engineering support during construction (ESDC) by CCM is necessary to facilitate construction activities and promote timely and successful completion of the project, and

WHEREAS, the scope of services to be provided under the ESDC agreement includes: 1) Technical oversight of project activity, including review of submittals and shop drawings; 2) Review and response to Requests for Information and change order requests; 3) Technical observation and inspection of construction activities; 4) Final commissioning of all facilities built and 5) Project management through design and construction phase, and

WHEREAS, these support services will promote timely and successful construction of the facilities, while also reducing risk to the City, and

WHEREAS, staff recommends approving the agreement with CCM for construction and engineering services during construction for the Water Corporation Yard Project,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement with Consolidated CM, Inc., Oakland, CA for Owner's Advisor Construction Services and Engineering Support During Construction for the Water Corporation Yard Project, in an amount not to exceed \$856,289 for the identified scope of services, plus \$85,629 for additional services (if needed), for a maximum total amount of \$941,918.

BE IT FURTHER RESOLVED that the Interim City Manager, or his designee, is hereby authorized to execute the Agreement, in a form approved by the City Attorney.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 27th day of February, 2018, by Councilmember Ah You, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-97**

RESOLUTION APPROVING A FIRST AMENDMENT TO THE PROFESSIONAL SERVICES AGREEMENT WITH MUNICIPAL RESOURCE GROUP, IN THE AMOUNT OF \$68,000, TO PROVIDE ASSISTANCE WITH COMMUNITY & ECONOMIC DEVELOPMENT DEPARTMENT PROJECTS, FOR A TOTAL AGREEMENT AMOUNT OF \$113,000 AND AUTHORIZING THE INTERIM CITY MANAGER, OR HIS DESIGNEE TO EXECUTE THE AMENDMENT

WHEREAS, Municipal Resource Group is a governmental consulting firm which has an extensive background providing support services to municipalities throughout Northern California; and

WHEREAS, in February of 2018, the City entered into a Professional Services Agreement with Municipal Resources Group (MRG) to provide assistance with special projects in the City Manager's Office; and

WHEREAS, a vacancy in the City Manager's Office has created the need for assistance with special projects and the preparation and review of agenda reports; and

WHEREAS, with the recent resignation of the Community & Economic Development Director, the City now needs additional support services from MRG to ensure that projects in that department continue moving forward; and

WHEREAS, specific tasks to be addressed for the Community & Economic Development Department include review of recent HUD findings and development of a strategy for success, analysis of current staffing in the Engineering Division and development of a recommendation for the appropriate staffing structure, development of performance measures and review and implementation of recommendations from the Development Services Permit Efficiency Study; and

WHEREAS, providing the additional support is necessary to continue to meet the goals and objectives of Council.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a First Amendment to the Professional Services Agreement with Municipal Resource Group, in the amount of \$68,000, to provide assistance with Community & Economic Development Department projects, for a total agreement amount of \$113,000.

BE IT FURTHER RESOLVED, that the Interim City Manager, or his designee, is hereby authorized to sign the amendment to the agreement, in a form approved by the City Attorney.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 6th day of March, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-98**

RESOLUTION APPROVING A WILL SERVE LETTER AND OUTSIDE SERVICE AGREEMENT BETWEEN THE CITY OF MODESTO AND SOLAR COOL PROPERTIES LLC, A CALIFORNIA LIMITED LIABILITY COMPANY AND SOLAR COOL PROPERTIES II LLC, A CALIFORNIA LIMITED LIABILITY COMPANY, TO CONNECT TO THE CITY OF MODESTO'S EXISTING SEWER SYSTEM FOR THE PROPERTIES LOCATED AT 240 BUNKER AND 310 RIVER ROAD (APN: 038-004-025&026 AND 038-004-004), AND AUTHORIZING THE INTERIM CITY MANAGER, OR HIS DESIGNEE, TO SIGN THE WILL SERVE LETTER AND EXECUTE THE OUTSIDE SERVICE AGREEMENT

WHEREAS, Solar Cool Properties and Solar Cool Properties II, both LLC, California Limited Liability Companies own commercial properties located at 240 Bunker Avenue and 310 River Road which are located outside of Modesto City Limits and outside the City's Sphere of Influence, and

WHEREAS, the properties located at 240 Bunker Avenue and 310 River Road are not connected to the City's sewer system and are requesting a sewer connection, and

WHEREAS, on November 25, 2014, City Council approved Resolution No. 2014-473 amending City Council Policy 5.002, and

WHEREAS, on December 9, 2014, City Council approved adoption of Ordinance No.3612-C.S. amending City of Modesto Municipal Code Section 11-1.05, and

WHEREAS both of these amendments included language allowing the City Manager, upon the recommendation of the Director responsible for utility system planning to approve standard agreements of service for extension of sewer services into certain unincorporated areas without City Council approval, and

WHEREAS, the properties located at 240 Bunker Avenue and 310 River Road are not located within one of those designated areas and therefore require City Council approval prior to allowing the sewer connection, and

WHEREAS, City staff has completed an analysis and determined that it is reasonable for the City of Modesto to provide sewer service to these properties, and

WHEREAS, the sewer connection fees shall be paid and associated permits will be obtained prior to connecting to the City sewer system, and

WHEREAS, the property owner has executed an Outside Service Agreement for sewer service with the City as required to receive sewer service outside the City limits,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Will Serve Letter and Outside Service Agreement for sewer service for the properties located at 240 Bunker Avenue and 310 River Road (APN: 038-004-025&026 and 038-004-004) in Modesto.

BE IT FURTHER RESOLVED that the Interim City Manager, or his designee, is hereby authorized to execute the Will Serve letter and the Outside Service Agreement for sewer service.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-101**

**RESOLUTION DIRECTING STAFF TO PREPARE AND FILE THE 2018-2019
ANNUAL ENGINEER'S REPORT FOR THE SHACKELFORD LANDSCAPE
AND LIGHTING DISTRICT**

WHEREAS, on June 29, 1999, the County of Stanislaus formed the Shackelford Landscape and Lighting District (Shackelford LLD) for the purpose of administering the maintaining seventy-seven (77) 200-watt high-pressure sodium streetlights, and

WHEREAS, the Shackelford LLD was formed in accordance with the Landscaping and Lighting Act of 1972 (Streets and Highways Code Sections 22500 through 22679), and

WHEREAS, the Shackelford LLD is comprised of approximately 153 acres, includes 496 lots with both residential and commercial development, and is bounded by Crows Landing Road on the west, East Hatch Road on the south, Union Pacific Railroad on the east, and State Route 99 on the north, and

WHEREAS, on July 1, 2012, the City of Modesto assumed jurisdiction of the Shackelford Landscape and Lighting District from the County of Stanislaus, and

WHEREAS, Section 22620 of the Streets and Highways Code requires the legislative body (the City Council) to adopt a resolution which shall generally describe any proposed new improvements or any substantial changes in existing improvements and direct staff to prepare and to file a report accordingly,

WHEREAS, the annual assessment for the Shackelford LLD has gradually increased since June 1999, and

WHEREAS, staff does not anticipate any new improvements or substantial changes in existing improvements,

NOW, THEREFORE, BE IT RESOLVED that the City Engineer is designated by this Council as the "Engineer of Work" for the Shackelford LLD, and is hereby directed to prepare and file an annual report in accordance with the provisions of the Landscaping and Lighting Act of 1972, as amended (Streets and Highways Code Sections 22500 through 22679).

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-102**

RESOLUTION AUTHORIZING THE ISSUANCE OF NOT TO EXCEED \$14,500,000 PRINCIPAL AMOUNT OF WASTEWATER REVENUE REFUNDING BONDS, SERIES 2018A, AUTHORIZING AND DIRECTING EXECUTION OF A FOURTH SUPPLEMENTAL WASTEWATER REVENUE BOND INDENTURE PURSUANT TO WHICH SUCH BONDS ARE ISSUED, APPROVING A BOND PURCHASE AGREEMENT, AN OFFICIAL STATEMENT AND A CONTINUING DISCLOSURE AGREEMENT, AND AUTHORIZING OTHER OFFICIAL ACTIONS

WHEREAS, the City of Modesto is a charter city and a municipal corporation organized and existing under the laws of the State of California (the “City”); and

WHEREAS, pursuant to Section 200 of the Charter of the City of Modesto and the City of Modesto Wastewater Treatment Facilities Revenue Bond Law, constituting Chapter 6 of Title VIII of the Modesto Municipal Code (the “Bond Law”), the City is authorized to issue revenue bonds to finance the acquisition, construction, improvement, furnishing, equipping, remodeling, repair, reconstruction or rehabilitation of the wastewater treatment facilities of the City (the “Enterprise”) or for the purpose of refunding bonds issued for such purposes; and

WHEREAS, the City has entered into a Wastewater Revenue Bond Indenture, dated as of April 1, 2005 (the “Master Indenture”), between the City and The Bank of New York Mellon Trust Company, N.A., as successor trustee (the “Trustee”) to U.S. Bank National Association, providing for the issuance of wastewater revenue bonds thereunder and for the pledge of and first claim on the Net Revenues of the Wastewater System (as defined in the Master Indenture), which are held by the City in the Sewer Enterprise Fund established under the Master Indenture, to the payment of bonds and parity obligations issued thereunder; and

WHEREAS, in accordance with the Bond Law and the Master Indenture, as supplemented by a First Supplemental Indenture, dated as of April 1, 2005 (the “First Supplemental Indenture”), a Second Supplemental Indenture, dated as of April 1, 2005 (the “Second Supplemental Indenture”), and a Third Supplemental Indenture, dated as of December 1, 2006 (the “Third Supplemental Indenture,” and together with the Master Indenture, the First Supplemental Indenture and the Second Supplemental Indenture, the “Indenture”), each by and between the City and the Trustee, the City has previously issued its City of Modesto, California Wastewater Revenue Refunding Bonds, Series 2005A (the “Series 2005A Bonds”), its City of Modesto, California Wastewater Revenue Refunding Bonds, Series 2005B (Taxable) (“Series 2005B Bonds”) and its City of Modesto, California Wastewater Revenue Bonds, Series 2006A (the “Series 2006 Bonds”); and

WHEREAS, the Series 2005B Bonds matured, were paid timely and are no longer outstanding; and

WHEREAS, the Indenture provides that the City may issue any indebtedness, installment sale obligation, lease obligation or other obligation of the City for borrowed money having an equal lien and charge upon the Net Revenues, therefore payable on a parity with the Prior Bonds (whether or not any Bonds are Outstanding under the Indenture) (“Parity Debt”), from time to time in accordance with the terms of the Indenture; and

WHEREAS, the City previously incurred an obligation (the “2011 SWRCB Obligation”), pursuant to a Project Finance Agreement, dated as of August 26, 2011, as amended on May 11, 2012, by and between the State Water Resources Control Board, an

administrative and regulatory agency of the State of California (the “SWRCB”), and the City, which 2011 SWRCB Obligation constitutes Parity Debt pursuant to Section 3.05(c) of the Indenture; and

WHEREAS, the City previously issued a bond (the “Series 2015 Bond”), pursuant to a Bond Purchase Agreement, dated as of October 30, 2015, among the City, Capital One Public Funding, LLC, and The Bank of New York Mellon Trust Company, N.A., as paying agent, which Series 2015 Bond constitutes Parity Debt pursuant to Section 3.05(c) of the Indenture, and which refunded all of the Series 2005A Bonds and the November 1, 2023 and 2024 maturities of the Series 2006 Bonds; and

WHEREAS, the City previously incurred an obligation (the “2016 SWRCB Obligation”), pursuant to a Project Finance Agreement, dated as of June 8, 2016, by and between the SWRCB and the City, which 2016 SWRCB Obligation constitutes Parity Debt pursuant to Section 3.05(c) of the Indenture; and

WHEREAS, the Indenture provides that the City may issue bonds from time to time as authorized by a supplemental indenture; and

WHEREAS, the City has determined that it is desirable and necessary and in the best interest of the City to authorize an additional series of wastewater revenue bonds in order to provide moneys to refund all the Series 2006 Bonds that remain outstanding, in a principal amount not to exceed \$14,500,000, to be designated “City of Modesto, California Wastewater Revenue Refunding Bonds, Series 2018A” (the “Series 2018A Bonds”), to be issued pursuant to the Indenture, as supplemented and amended by the Fourth Supplement (defined below); and

WHEREAS the Series 2018A Bonds are proposed to be sold to Raymond James & Associates, Inc. (the “Underwriter”) pursuant to the Bond Purchase Agreement described below; and

WHEREAS, it is proposed that the City execute and deliver the Continuing Disclosure Agreement described below to allow the Underwriter to comply with Rule 15c2-12(b)(5) of the Securities Exchange Act of 1934; and

WHEREAS, it is proposed that the City deem final for purposes of Rule 15c(2)-12 of the Securities Exchange Act of 1934, as amended, a Preliminary Official Statement (the “Preliminary Official Statement”) and to execute and deliver a final Official Statement (the “Official Statement”) and to authorize the distribution of the Preliminary Official Statement to prospective purchasers of the Series 2018A Bonds and the Official Statement to the actual purchasers of the Series 2018A Bonds; and

WHEREAS, all acts, conditions and things required by the Bond Law and the laws of the State of California to exist, to have happened and to have been performed precedent to and in connection with the sale and issuance of the Series 2018A Bonds authorized hereby do exist, have happened and have been performed in regular and due time, form and manner required by law, and the City is now duly authorized and empowered, pursuant to each and every requirement of law, to issue and sell the Series 2018A Bonds for the purpose, in the manner and upon the terms herein provided;

WHEREAS, The Bank of New York Mellon Trust Company, N.A. serves as Trustee and

WHEREAS, the forms of the Preliminary Official Statement, the Bond Purchase Agreement, the Continuing Disclosure Agreement and the Fourth Supplement are on file with the City Clerk; and

NOW, THEREFORE BE IT RESOLVED, that the Council of the City of Modesto hereby approves and authorizes:

1. Recitals. The above recitals are true and correct.
2. Approval of Series 2018A Bonds. The City Council hereby authorizes the issuance of its Wastewater Revenue Bonds, Series 2018A in an aggregate principal amount not to exceed \$14,500,000.

3. Fourth Supplemental Indenture; Form of Series 2018A Bonds. The City Council hereby approves the form of the Fourth Supplemental Wastewater Revenue Bond Indenture (the “Fourth Supplement”) by and between the Trustee, in substantially the form on file with the City Clerk together with any additions thereto or changes therein deemed necessary or advisable by Norton Rose Fulbright US LLP, Bond Counsel, or by the authorized officer executing the same, whose execution thereof shall be conclusive evidence of such officer’s approval of any such additions and changes. Each of the Mayor, the City Manager or the Finance Director, or any duly authorized designee of any of such officers (each, an Authorized Officer”), acting singly, is authorized and directed to execute, and the City Clerk is authorized and directed to attest to said signature on, the final form of the Fourth Supplement for and in the name and on behalf of the City. The City hereby authorizes the delivery and performance of the Fourth Supplement. The proposed form of the Series 2018A Bonds as set forth in the Fourth Supplement is hereby approved and any Authorized Officer, acting singly, is hereby authorized and directed to execute for and on behalf of the City the Series 2018A Bonds in substantially such forms

and the City Clerk is authorized and directed to attest to said signature on the Series 2018A Bonds, and the Trustee is hereby authorized and directed to authenticate and deliver the Series 2018A Bonds to the Underwriter in accordance with the Fourth Supplement and the Bond Purchase Agreement approved herein, subject to the limitations set forth in Section 4 hereof.

4. Bond Purchase Agreement. The City Council hereby approves the form of the Bond Purchase Agreement (the “Bond Purchase Agreement”) by and between the City and the Underwriter in substantially the form on file with the City Clerk together with any additions thereto or changes, therein deemed necessary or advisable by Bond Counsel, or by the Authorized Officer executing the same, whose execution thereof shall be conclusive evidence of such Authorized Officer’s approval of any such additions and changes; provided, however, that the Underwriter’s discount shall not exceed 0.5% of the principal amount of the Series 2018A Bonds, the net present value savings resulting from the issuance of the Series 2018A Bonds shall be no less than 3% of the principal amount of the Series 2006 Bonds being refunded, and the final maturity of the Series 2018A Bonds shall be not later than November 1, 2036. Each Authorized Officer, acting singly, is authorized and directed to execute the final form of the Bond Purchase Agreement for and in the name and on behalf of the City. The City hereby authorizes the delivery and performance of the Bond Purchase Agreement.

5. Official Statement. The City Council hereby approves the form of preliminary official statement of the City relating to the Series 2018A Bonds (the “Preliminary Official Statement”) in substantially the form on file with the City Clerk. Each Authorized Officer, acting singly, is authorized to certify that the Preliminary

Official Statement, with such changes therein as the Authorized Officer so certifying shall approve after consultation with Bond Counsel, is as of its date “deemed final” for purposes of Rule 15c2-12 of the Securities and Exchange Commission. Each Authorized Officer, acting singly, is authorized and directed to execute for and on behalf of the City a final official statement, in substantially the form of the Preliminary Official Statement, with such changes therein (and additions thereto to reflect the terms of the sale of the Series 2018A Bonds) as such Authorized Officer, acting singly, shall approve after consultation with Bond Counsel, such approval to be evidenced by the execution and delivery thereof. The Underwriter is authorized to distribute copies of the Preliminary Official Statement to persons who may be interested in the purchase of the Series 2018A Bonds, and the Underwriter is directed to deliver copies of any final official statement to all actual purchasers of the Series 2018A Bonds.

6. Continuing Disclosure Agreement. The City Council hereby approves the form of the Continuing Disclosure Agreement (the “Continuing Disclosure Agreement”) by and between the City and Digital Assurance Certification, L.L.C. in substantially the form on file with the City Clerk together with any additions thereto or changes therein deemed necessary or advisable by Bond Counsel, or by the Authorized Officer executing the same, whose execution thereof shall be conclusive evidence of such Authorized Officer’s approval of any such additions and changes. Each Authorized Officer, acting singly, is authorized and directed to execute the final form of the Continuing Disclosure Agreement for and in the name and on behalf of the City. The City hereby authorizes the delivery and performance of the Continuing Disclosure Agreement.

7. Other Actions. All actions heretofore taken by the officers and agents of the City with respect to the issuance of the Series 2018A Bonds are hereby approved, confirmed and ratified. Each Authorized Officer and any and all other officers of the City are hereby authorized and directed, for and in the name and on behalf of the City, to do any and all things and take any and all actions, necessary to effectuate the purposes of this Resolution, including the negotiating and obtaining of a municipal bond insurance policy, debt service reserve surety bond or investment agreement for any funds and accounts held under the Indenture if an Authorized Officer, upon the advice of PFM Financial Advisors LLC, Municipal Advisor, determines that such policy, bond or agreement will result in debt service savings or will otherwise be financially advantageous to the City, and the execution and delivery of any and all assignments, certificates, requisitions, agreements, notices, consents, instruments of conveyance, warrants and other documents, which they, or any of them, may deem necessary or advisable in order to consummate the lawful issuance, sale and delivery of the Series 2018A Bonds.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of March, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-103**

**RESOLUTION APPROVING THE FIRST AMENDMENT TO THE
MANAGEMENT AGREEMENT FOR KING-KENNEDY MEMORIAL CENTER
WITH WEST MODESTO KING KENNEDY COLLABORATIVE , TO EXTEND
THE TERM OF THE AGREEMENT UNTIL THE END OF FISCAL YEAR 17-18,
AND AUTHORIZING THE INTERIM CITY MANAGER, OR HIS DESIGNEE,
TO EXECUTE THE AMENDMENT TO THE AGREEMENT**

WHEREAS, the Parks, Recreation and Neighborhoods Department desires to increase the community offerings in the west side of Modesto, and

WHEREAS, the City of Modesto and the West Modesto King-Kennedy Collaborative (WMKKC) entered into an operating agreement to provide services at the King-Kennedy Memorial Center, and

WHEREAS, the WMKKC continues to provide quality programming and direct community support, and

WHEREAS, the City and WMKKC desire to extend the contract to coincide with the end of Fiscal Year 17/18 on June 30, 2018.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the First Amendment to the Management Agreement for the King-Kennedy Memorial Center with West Modesto King Kennedy Collaborative, to extend the term of the agreement until the end of Fiscal Year 17-18.

BE IT FURTHER RESOLVED, that the Interim City Manager, or his designee, is hereby authorized to execute the amendment, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of March, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-104**

RESOLUTION IN SUPPORT OF SENATE BILL 5, CALIFORNIA DROUGHT, WATER, PARKS, CLIMATE, COASTAL PROTECTION AND OUTDOOR ACCESS FOR ALL ACT OF 2018, BE LISTED AS A MEMBER OF THE CALIFORNIANS FOR CLEAN WATER AND SAFE PARKS COALITION, AND DIRECTING STAFF TO EMAIL A COPY OF THE ADOPTED RESOLUTION TO THE LEAGUE OF CALIFORNIA CITIES

WHEREAS, the Legislature adopted and governor signed SB 5, a \$4 Billion General Obligation Bond to be placed on the June 2018 ballot entitled the California Drought, Water, Parks, Climate, Coastal Protection, and Outdoor Access for All Act of 2018; and

WHEREAS, SB 5 represents the first legislatively authorized debt instrument for parks, resources and environmental improvements since 2002; and

WHEREAS, investments in California's urban, suburban and rural park and resources-related landscapes promote the notion of community and provide health, environmental and aesthetic benefits; and

WHEREAS, California Outdoor economy is a \$92 Billion economic driver, partly responsible for the continued health and growth of many of California's local economies; and

WHEREAS, SB 5 contains \$215 Million in Per Capita funding to assist all of California's communities in underwriting priority park-related improvements; and

WHEREAS, an additional \$40 Million shall be available in block grant awards for communities that self-tax for park related improvements; and

WHEREAS, SB 5 invests no less than \$1 Billion in California's most economically challenged communities, eradicating blight and promoting greater access to the outdoors and health-related pursuits; and

WHEREAS, SB 5 expends \$200 Million on California's State Park system, addressing a greater than \$1 Billion backlog in deferred maintenance which will translate into greater tourism and visitorship opportunities in adjacent communities; and

WHEREAS, SB 5 invests \$30 Million in trail network improvements promoting non-motorized recreational and commuter opportunities throughout the state; and

WHEREAS, SB 5 recognizes the importance of California's rural spaces and invests \$25 Million through a competitive grant program to prop-up and enhance rural park infrastructure; and

WHEREAS, SB 5 expends hundreds of millions on other important investments in resource-related infrastructure including California's rivers, coast, and other waterways, the state's mountainous settings such as the Sierra and wildlife and fish-dependent habitats; and

WHEREAS, SB 5 invests heavily in combatting global warming through investments in urban greening projects, promoting healthy forests and carbon farming applications; and

WHEREAS, SB 5 underwrites investments in improving local water systems, promoting access to safe drinking water in some of California's most economically challenged communities; and

WHEREAS, SB 5 commits to a robust investment in groundwater improvements and sustainability to diversify water sources and recharge groundwater tables; and

WHEREAS, SB 5 underwrites improvements in the state flood management systems, armoring against calamities that beset the state including Oroville and elsewhere.

NOW THEREFORE BE IT RESOLVED, that the City of Modesto hereby supports Senate Bill No. 5, The California Drought, Water, Parks, Climate, Coastal Protection, and Outdoor Access for All Act of 2018.

THEREFORE BE IT FURTHER RESOLVED that the City of Modesto supports and can be listed as a member of the Californians for Clean Water and Safe Park coalition and directs staff to email a copy of this adopted resolution to the League of California Cities at cityletters@cacities.org.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of March, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-105**

RESOLUTION APPROVING AN EASEMENT AGREEMENT WITH THE CITY OF TURLOCK FOR A 3.79-ACRE PORTION OF REAL PROPERTY, LOCATED AT JENNINGS RANCH IN MODESTO (APN: 022-001-005), FOR THE NORTH VALLEY REGIONAL RECYCLED WATER PROJECT, AND AUTHORIZING THE INTERIM CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE LICENSE AGREEMENT

WHEREAS, the City of Modesto is lead agency for the North Valley Regional Recycled Water Project (the Project), and

WHEREAS, the Project will convey treated wastewater via pipeline from the City's Jennings Treatment Facilities to the Delta-Mendota Canal via a new pump station and underground pipelines, to serve irrigation customers of the Del Puerto Water District (DPWD), and

WHEREAS, the City of Turlock is a participant in the project and will deliver treated wastewater from Turlock to the Jennings Treatment Facilities pump station via pipeline, located at Jennings Ranch in Modesto (APN: 022-001-005), and

WHEREAS, Turlock's treated wastewater will be added to Modesto's treated wastewater and delivered to the Del Puerto Water District's Delta-Mendota Canal, and

WHEREAS, the City of Modesto, the owner of the Subject Property, has agreed to grant the City of Turlock an Easement Agreement to allow the City of Turlock to install and maintain a pipeline through the City of Modesto's Jennings Ranch, and

WHEREAS, City staff recommends that the City Council approve the Grant of an Easement Agreement to the City of Turlock.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Grant of Easement Agreement to the City of Turlock for a

treated water pipeline, over a 3.79-acre area, of the Subject Property located at Jennings Ranch, in Modesto (APN: 022-001-005), for the North Valley Regional Recycled Water Project.

BE IT FURTHER RESOLVED that the Interim City Manager, or his designee, is hereby authorized to execute the Grant of Easement Agreement, and all related documents, in a form approved by the City Attorney.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-106**

RESOLUTION APPROVING THE PREQUALIFIED LIST OF CONSULTANTS CONSISTING OF DF ENGINEERING INC., MODESTO CA, KIER & WRIGHT CIVIL ENGINEERING AND SURVEYORS, INC., LIVERMORE, CA, NORTH STAR ENGINEERING, MODESTO, CA, O'DELL ENGINEERING GROUP, MODESTO, CA, AND WILLDAN ENGINEERING, ELK GROVE, CA FOR ENGINEERING PLAN CHECK, MAP CHECK, AND LAND SURVEYING SERVICES FOR A PERIOD OF THREE YEARS, WITH TWO ADDITIONAL ONE-YEAR EXTENSION OPTIONS; APPROVING STANDARD CONSULTANT AGREEMENTS FOR THE ABOVE LIST, FOR A COMBINED ANNUAL COST OF \$90,000, AND A TOTAL NOT TO EXCEED AMOUNT OF \$450,000 OVER FIVE YEARS AND AUTHORIZING THE INTERIM CITY MANAGER TO EXECUTE THE CONSULTANT AGREEMENTS

WHEREAS, the existing pre-qualified list of consultants and agreements for consultant plan and map checking service were approved by City Council on April 23, 2013 and will expire in April 23, 2018, and

WHEREAS, the Community and Economic Development Department has developed a prequalified list for map & plan check services and surveying services to assist the City with review and approval of various development related projects, and

WHEREAS, the cost for the plan checking and surveying services will be reimbursed by the developer, and

WHEREAS, the consultant list will be active for three (3) years with options to extend the list for two (2) additional years, and

WHEREAS, with current City staffing and work load the City needs additional assistance to meet the requested map & plan check time frames, and

WHEREAS, seventeen engineering and surveying firms throughout Stanislaus County were contacted by the City to submit proposals to be on the consultant list, and

WHEREAS, a qualified committee of three (3) city employees reviewed the proposals and selected the top five (5) consultant firms, and

WHEREAS, City staff recommends approving the prequalified consultant list, and

WHEREAS, the city will assign projects to firms from the consultant list as projects are submitted and as determined by the City to be the firm best suited to work on the submitted project,

WHEREAS, the City will enter into Standard Consultant Agreements with five (5) consultant firms for a combined annual total of \$90,000 per year, with a total not to exceed amount of \$450,000 over five years.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the prequalified list of consultants consisting of DF Engineering Inc., Modesto CA, Kier & Wright Civil Engineering and Surveyors, Inc., Livermore, CA, North Star Engineering, Modesto, CA, O'Dell Engineering Group, Modesto, CA, and Willdan Engineering, Elk Grove, CA for Engineering Plan Check, Map Check, and Land Surveying Services for a period of three years, with two additional one-year extension options and approving Standard Consultant Agreements for the above list for a combined annual cost of \$90,000, and a total not to exceed amount of \$450,000 over five years.

BE IT FURTHER RESOLVED that the Interim City Manager or his designee his hereby authorized to execute the consultant agreements, in a form approved by the City Attorney.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-107**

**RESOLUTION ACCEPTING AN INFORMATIONAL REPORT ON THE
DESTINATION MODESTO TASK FORCE AND RESTORATION OF THE
CONVENTION AND VISITOR'S BUREAU AS AN INDEPENDENT AGENCY**

WHEREAS, in June 2003, the City of Modesto (City) entered into an Agreement with the Modesto Convention and Visitor's Bureau, Inc. (CVB) to promote and market Modesto for meetings, conventions, tour groups, and visitor activities, and

WHEREAS, in August 2005, the City entered into a new agreement, and

WHEREAS, in July 2010, the City Council adopted Resolution No. 2010-285 extending the contract to June 30, 2015, and

WHEREAS, the contract expired on June 30, 2015, and

WHEREAS, in June 2015, the City Council adopted Resolution No. 2015-224 assigning the duties and functions of the CVB to the Community and Economic Development Department, and

WHEREAS, in September 2015, the Destination Modesto Task Force was formed to review and make recommendations on how to structure the entity responsible for marketing Modesto and its many venues and attractions, including John Thurman Field, three (3) City-owned golf courses, McHenry Mansion, McHenry Museum, Modesto Centre Plaza, and the CVB, and

WHEREAS, the Task Force agreed that marketing Modesto should include: 1) results oriented management, 2) comprehensive and coordinated marketing, 3) regional collaboration and partnership, 4) performance measured by economic growth potential, and 5) entrepreneurial spirit, and

WHEREAS, members of the 100 Day Budget Review Committee were also included in this effort and participated in the assessment and operations of these City-owned assets, and

WHEREAS, recommendations have been made, exercised, or are on-going pertaining to John Thurman Field, Modesto Centre Plaza, the three (3) City-owned golf courses, and the McHenry Mansion and McHenry Museum, and

WHEREAS, the next step in moving forward is to have a fully functioning CVB, and restoring it as an independent agency,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts the informal report on the Destination Modesto Task Force and restoration of the Convention and Visitor's Bureau as an independent agency.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of March, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

FISCAL YEAR 2017-18

FINANCE

As a result of the dissolution of the copier fund, a budget adjustment is necessary to zero out the revenue and expense budget within Fund 5100 – Central Services Fund and increase the ISF – Copier Charges - Inside expense account in various funds and cost centers. The increase in budget will account for maintenance, repair and paper costs associated with the 13 copiers currently in the copier fund for the fiscal year. Additionally, the reserves in Fund 5100 will be transferred to all departments that utilize a copier in the fund. The total transfer for all departments and copiers is \$20,096. Below is a breakdown of the expense budget change for each fund.

Fund	Expense Budget Increase/(Decrease)
0100	\$ 28,627
1700	\$ 1,922
4000	\$ 485
4100	\$ 2,173
4310	\$ 2,220
4891	\$ 1,545
5100	\$ (43,017)
5400	\$ 4,216
Grand Total	\$ (1,829)

UTILITIES

A budget adjustment in the amount of \$790,000 is needed to establish a new Capital Improvement Project (CIP) and amend the FY17-18 CIP Budget in the Water CIP Fund, 4180, for sub-surface improvements to Replacement Well #226 (CIP# 101068). Scope of project includes engineering design, subsurface investigation and consultant hydrogeologist work. This project will allow the well to be drilled in May or June prior to groundwater levels being decreased as summertime conditions approach in late June/early July.

A budget adjustment in the amount of \$2,020,000 is needed to establish a new Capital Improvement Project (CIP) and amend the FY17-18 CIP Budget in the Water CIP Fund, 4180, for Empire Strengthening & Replacement of Waters Mains Phase 1 (CIP# 101069). During existing maximum day plus fire flow conditions there are several locations throughout the service area that do not meet fire flow. The CIP is being requested so that the improvements can be installed by City Water Systems Operations staff prior to maximum day plus fire flow conditions are higher as summer approaches.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-109**

**RESOLUTION SUPPORTING PROPOSITION 69 AND OPPOSING THE
REPEAL OF SENATE BILL NO. 1 – THE ROAD REPAIR AND
ACCOUNTABILITY ACT, BE LISTED AS A MEMBER OF THE COALITION
TO PROTECT LOCAL TRANSPORTATION IMPROVEMENTS AND
DIRECTING STAFF TO EMAIL A COPY OF THE ADOPTED RESOLUTION
TO THE COALITION TO PROTECT LOCAL TRANSPORTATION
IMPROVEMENTS**

WHEREAS, California’s cities, counties and transportation agencies face a statewide backlog of over \$130 billion in needed funds to make transportation infrastructure improvements; and

WHEREAS, “The Road Repair and Accountability Act” (SB 1 – Beall) passed by the Legislature and signed by the Governor last year will raise \$5 billion annually in long-term, dedicated transportation funding to make road safety improvements, fill potholes and repair local streets, highways, bridges and overpasses, with the revenues split equally between state and local government projects; and

WHEREAS, Senate Bill No. 1 provides critically-needed funding in the City of Modesto that will be used for: slurry seal, crack seal, asphalt repairs, traffic signal and street lighting maintenance and traffic sign and striping maintenance to various streets and roads throughout the City; and

WHEREAS, Senate Bill No. 1 contains strong accountability provisions to streamline projects by cutting bureaucratic redundancies and red tape to ensure transportation funds are spent efficiently and effectively, while also establishing the independent office of Transportation Inspector General to perform audits, improve efficiency and increase transparency; and

WHEREAS, Proposition 69 on the June 2018 ballot would add additional accountability for taxpayers by preventing the State Legislature from diverting or raiding any new transportation revenues for non-transportation improvement purposes; and

WHEREAS, there is also a proposed ballot measure aimed for the November 2018 ballot (Attorney General #17-0033) that would repeal the new transportation revenues provided by SB 1 and make it more difficult to increase funding for state and local transportation improvements in the future; and

WHEREAS, this proposed November proposition would raid \$3,571,629 annually dedicated to City of Modesto, and halt critical investments in future transportation improvement projects in our community.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby supports Proposition 69, the June 2018 constitutional amendment to prevent new transportation funds from being diverted for non-transportation purposes and opposes the proposed November ballot proposition (Attorney General #17-0033) that would repeal the new transportation funds and make it more difficult to raise state and local transportation funds in the future.

BE IT FURTHER RESOLVED that the City of Modesto supports and can be listed as a member of the Coalition to Protect Local Transportation Improvements and direct staff to email a copy of this adopted resolution to Kyle Griffith of the Coalition to Protect Local Transportation Improvements campaign at kgriffith@bcfpublicaffairs.com

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of March, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-110**

RESOLUTION APPROVING THE SUBMISSION OF A FIRE PREVENTION AND SAFETY GRANT APPLICATION TO THE FEDERAL EMERGENCY MANAGEMENT AGENCY FOR APPROXIMATELY \$91,500 TO ACQUIRE A COMBINATION SPRINKLER AND FIRE SAFETY HOUSE DEMONSTRATION TRAILER WITH A REQUIRED ONE-TIME COST MATCH OF 5%, OR AN ESTIMATED \$4,575 AND AUTHORIZING THE INTERIM CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE ALL GRANT APPLICATIONS AND RELATED DOCUMENTS

WHEREAS, the grant would be for approximately \$91,500 to fund the purchase of a Combination Sprinkler and Fire Safety House Demonstration Trailer, and

WHEREAS, the grant would include a one-time cost sharing or matching funds allocation of five (5) percent of the award amount, which is estimated to be approximately \$4,575 and could be made under the department's existing budget authority, and

WHEREAS, the grant would allow hands-on demonstrations and practice to our citizens in the areas of fire and life safety improving the delivery of our public education and community outreach efforts, and

WHEREAS, the grant would allow for demonstrations showing the benefits of residential fire sprinklers and general fire safety, and

WHEREAS, if authorized to submit the grant application, staff will seek approval from the Interim City Manager to authorize the Purchasing Division to issue a formal Request for Bid (RFB) for the trailer, and

WHEREAS, if the grant is awarded to the City, staff will seek approval from Council for acceptance of the award and approval of the purchase of the trailer.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the submission of a Fire Prevention and Safety Grant application to the Federal Emergency Management Agency for approximately \$91,500 to acquire a Combination Sprinkler and Fire Safety House Demonstration Trailer with a required a one-time cost match of 5%, or an estimated \$4,575.

BE IT FURTHER RESOLVED that the Interim City Manager, or his designee, is authorized to execute all necessary grant applications and related documents, as approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of March, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-111**

**RESOLUTION APPROVING THE PLANS AND SPECIFICATIONS FOR THE
J.M. PIKE & GARRISON PARK IMPROVEMENTS PROJECT, ACCEPTING
THE BID AND AWARDING THE CONSTRUCTION CONTRACT TO
BARHAM, INC. DBA BZ CONSTRUCTION OF CERES, CA IN THE AMOUNT
OF \$650,115 AND AUTHORIZING THE INTERIM CITY MANAGER, OR HIS
DESIGNEE, TO EXECUTE THE CONTRACT**

WHEREAS, both J.M. Pike & Garrison Neighborhood Parks were constructed more than 50 years ago and are in need of renovations, and

WHEREAS, on February 28, 2017, by Resolution No. 2017-80, Council accepted the Housing-Related Parks Program grant funds of \$782,150 and created CIP projects for both parks, and

WHEREAS, staff obtained and incorporated public comment into the design concepts for the improvement projects at each park, and

WHEREAS, due to the grant funding timeline time is of the essence to complete the construction project by June 30, 2018, and

WHEREAS, the project was advertised for bids on January 31, 2018, bids were publicly opened on February 20, 2018 pursuant to Modesto Municipal Code 8-3.403 and Charter Section 1307, five bids were received, the apparent low bidder, Barham, Inc. dba BZ Construction is 28.57% above the engineer's estimate but bidder competition was evident, and

WHEREAS, the proposed award of bid to Barham, Inc. dba BZ Construction of Ceres, CA conforms to the Modesto Municipal Code 8-3.403 and Charter Section 1307 and Barham, Inc. dba BZ Construction is the lowest responsive and responsible bidder.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the plans and specifications, accepts the bid, and awards the construction contract to Barham, Inc. dba BZ Construction of Ceres, CA in the amount of \$650,115 for the J.M. Pike & Garrison Park Improvements Project.

BE IT FURTHER RESOLVED that the Interim City Manager, or his designee, is hereby authorized to execute the contract, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of March, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-113**

**RESOLUTION ADOPTING THE INITIAL STUDY AND MITIGATED
NEGATIVE DECLARATION FOR THE CARPENTER ROAD LANDFILL
CLEAN CLOSURE PROJECT**

WHEREAS, the City of Modesto owned and operated the Carpenter Road Landfill from 1956 to 1968, and the landfill includes fill sites on both the east and west sides of Carpenter Road, along the Tuolumne River, and

WHEREAS, the City is required by State law to perform post closure landfill maintenance, monitoring, and reporting for the landfill site, and

WHEREAS, in December 2005, it appeared that methane gas levels at the landfill's Northern boundary exceeded the maximum limits, and the California Integrated Waste Management Board (CIWMB) required the City to determine the cause and develop a Mitigation and Monitoring Plan, and

WHEREAS, in January 2007, the Central Valley Regional Water Quality Control Board (CVRWQCB) required the City to conduct an assessment of the potential for landfill gas and groundwater impacts, and

WHEREAS, in June 2007 by Resolution No. 2007-341, the Council authorized a Professional Services Agreement with SCS Engineers, Inc. in an amount not to exceed \$299,500 to assess the landfill and recommend corrective action, and

WHEREAS, after the initial site assessment, Resolution No. 2007-728 authorized a no-cost Letter Amendment to shift the focus of the work to installation of gas probes, design and installation of groundwater monitoring wells, and ongoing monitoring and reporting of methane gas and groundwater, and

WHEREAS, the assessment determined that migration of methane gas past the boundaries of the landfill was not a problem, but that a groundwater monitoring event determined that the landfill had experienced a “release” that could potentially have affected groundwater, and

WHEREAS, an engineering feasibility study had to be completed and the CVRWQCB required the City to submit a Corrective Action Plan (CAP), and

WHEREAS, in May 2009 by Resolution 2009-199, the Council approved a Second Amendment to the Agreement with SCS Engineers, Inc. to further evaluate the site, develop the CAP, and provide ongoing monitoring and reporting services in an amount not to exceed \$242,000, and

WHEREAS, in November 2010, after conducting 12 hydro punch borings to sample groundwater and analyzing them for Volatile Organic Compounds (VOC’s), SCS submitted the CAP to the CVRWQCB proposing to use an injection of a hydrogen releasing compound to remediate any groundwater impacts, and

WHEREAS, subsequently, the VOC concentrations began to consistently decline, and City staff and SCS Engineers, Inc. determined that the proposed CAP needed to be re-evaluated, and

WHEREAS, in August 2013 by Resolution No. 2013-277, Council approved a Third Amendment to the Agreement with SCS Engineers, Inc. for ongoing monitoring, lab analysis, compliance reports, corrective action monitoring and maintenance, and re-evaluating and implementing the CAP in a cost not to exceed \$290,500, and

WHEREAS, in October 2014, a revised CAP and post closure maintenance plan was submitted to the CVRWQCB and in March 2015, the CVRWQCB issued the City a

Cleanup and Abatement Order (CAO R5-2015-0700) requiring the City to clean close the Eastern Fill, move all the waste to the Western Fill, install a final cover atop the Western Fill, and construct a storm water retention basin, and

WHEREAS, in April 2015, SCS Engineers, Inc. submitted the plans and drawings to address the CAO and it was conditionally approved by the CVRWQCB in July 2016, with mitigation to be completed by October 2017, and

WHEREAS, in the Fall of 2016, a review of the Clean Closure Work Plan was completed by Douglas Environmental, under the scope and services of the SCS Engineers Agreement, and it was determined that the Work Plan met the definition of a project as specified in Section 15378 of the California Environmental Quality Act (CEQA), and

WHEREAS, it was deemed appropriate to conduct an Initial Study with a Mitigated Negative Declaration, and this was completed by Douglas Environmental in January 2017, and

WHEREAS, the analysis of the Initial Study concluded that the project had the potential to cause adverse environmental impacts, however, with the implementation of the mitigation measures stated in the Initial Study, the impacts would be less than significant, and

WHEREAS, based on this finding, the preparation of an Environmental Impact Report pursuant to CEQA was not required, and a Notice of Intent to Adopt a Mitigated Negative Declaration was filed with the State Clearinghouse (SCH No: 2017022031) and with the Stanislaus County Clerk Recorder, and

WHEREAS, the public comment period was opened February 6, 2107 and closed March 8, 2017 and all appropriate agencies were notified.

NOW THEREFORE BE IT RESOLVED by the Council of the City of Modesto that it hereby adopts the Initial Study and Mitigated Negative Declaration for the Carpenter Road Landfill Clean Closure Project.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of March, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-114**

RESOLUTION APPROVING A PURCHASING AGREEMENT WITH GILLIG CORPORATION, LIVERMORE, CA FOR THE SOLE SOURCE PROCUREMENT OF ORIGINAL EQUIPMENT MANUFACTURER TRANSIT BUS PARTS FOR AN ANNUAL COST NOT TO EXCEED \$250,000, AND A TOTAL COST NOT TO EXCEED \$1,250,000 OVER FIVE YEARS, AND AUTHORIZING THE PURCHASING MANAGER, OR HER DESIGNEE, TO ISSUE THE PURCHASE AGREEMENT

WHEREAS, The City of Modesto has a fleet of 53 Gillig transit buses that are funded by the Federal Transit Administration (FTA). These buses are owned and maintained by the City's Fleet Services Division, and

WHEREAS, Gillig buses are extremely unique and have components that are not found on any other types of vehicles. Many of the parts on a Gillig transit bus are manufactured by Gillig Corporation in Livermore, CA, and

WHEREAS, The Gillig Corporation transit buses have been chosen by the City because of their reliability, ease of use and proven track record. Gillig buses purchased by the FTA must remain in revenue generating service for a minimum of 12 years or 500,000 total vehicle miles, and

WHEREAS, an annual agreement with Gillig Corporation ensures dependable service and parts warranty compliance for these transit buses. Gillig is a major US manufacturer of purpose-built buses located in Livermore, CA. Gillig transit buses are specifically designed, tested and manufactured to suit the severe duty cycles of transit operations. All of the parts used in these buses must meet specific and demanding standards of design, material, tolerance and processing in addition to normal vehicle standards such as Federal Motor Vehicle Safety Standards (FMVSS), and

WHEREAS, utilizing parts that were not designed for the Gillig transit bus will

greatly reduce the reliability and safety of the bus, in return reducing our rating with the FTA. In most cases, other suppliers will not be able to provide parts for areas such as interior components, body parts, molded and extruded components as well as many other safety sensitive systems in the Gillig transit bus, and

WHEREAS, Repair parts to maintain a fleet of Gillig transit buses for a minimum of 12 years or 500,000 miles typically run about \$250,000 per year, \$1,250,000 for a five year contract, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid. However, there are exceptions to the rule set forth in the Modesto Municipal Code. One exception, MMC Section 8-3.204(b), is available where the Purchasing Agency's requirements can be met solely by a single article or process and section 8-3.204(d) is available where the Purchasing Manager, in his or her discretion, determines that a process other than the usual formal bid procedure set forth in MMC section 8-3.203 will result in procurement for the City at the lowest possible cost commensurate with the desired quality, and

WHEREAS, in the last three years, the Fleet Services Division has spent nearly \$225,000 per year for replacement parts for the 53 Gillig buses in the fleet. Nearly half of the fleet is a 2014 model year or newer. As these buses age, the demand for replacement parts could increase. The request for \$250,000 annual contract is to cover all parts that will be required as these transit buses age.

NOW THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the purchasing agreement for the sole source procurement for

original equipment manufacturer transit bus parts from Gillig Corporation, Livermore, CA for an annual cost not to exceed \$250,000 or a total cost not to exceed \$1,250,000 over five years.

BE IT FURTHER RESOLVED that the Purchasing Manager, or her designee, is hereby authorized to issue this purchasing agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of March, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-115**

RESOLUTION APPROVING THE CITY OF ELK GROVE PIGGYBACK CONTRACT FOR EMERGENCY VEHICLE OUTFITTERS, ELK GROVE, CA FOR AN ANNUAL COST NOT TO EXCEED \$144,000 AND A TOTAL COST NOT TO EXCEED \$720,000 OVER FIVE YEARS, AND AUTHORIZING THE ACTING FINANCE DIRECTOR, OR HER DESIGNEE, TO ADJUST AGREEMENT TOTALS BASED ON THE WORK CAPACITY FOR THE VENDOR, ENSURING THE OVERALL AGREEMENT TOTAL DOES NOT CHANGE, AND AUTHORIZING THE PURCHASING MANAGER, OR HER DESIGNEE, TO ISSUE THE PURCHASE AGREEMENT

WHEREAS, replacement units are essential in maintaining current operations, facilities, and/or services. These units will be assigned to the Police Department and will replace various police patrol vehicles and undercover investigation sedans that will reach their replacement criteria during a fiscal year, and will replace units that have been involved in a collision and are considered a total loss, and

WHEREAS, once a replacement police vehicle arrives at the City, the vehicle needs to be prepared for service and use with the various lights, seating, detainee partitions, etc. that make a police vehicle practical and safe to use in law enforcement situations, and

WHEREAS, the Purchasing Division suggested a “piggyback” on an existing competitively bid contract for the City of Elk Grove, contract number C-17-342, for new installation and repair of vehicle response equipment and lighting for City of Modesto owned vehicles, and

WHEREAS, accessing the terms of this contract with Emergency Vehicle Outfitters, Elk Grove, CA would create a cost savings of staff time with the Purchasing Division and the City Clerk’s office due to the limited number of competitors to respond to the City of Elk Grove’s RFB, and

WHEREAS, over the course of a five year annual agreement, 12 patrol cars will be replaced due to mileage, age and/or accident damage, and we can expect the same amount of investigation sedans to be built for replacements and accidents each year, and

WHEREAS, based on this information, the annual expense to build new patrol vehicles and investigation sedans is approximately \$144,000 with a total cost not to exceed \$720,000 over the course of five years, and

WHEREAS, sufficient funds have been encumbered in the Fleet Replacement Fund No: 5409-53246-57003 in Fiscal Year 17/18 for the immediate builds and outfitting of Modesto Police Department emergency response vehicles and any annual replacement builds.

NOW THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the award of the piggyback contract with Emergency Vehicle Outfitters, Elk Grove, CA for an annual cost not to exceed \$144,000 and a total cost not to exceed \$720,000 over five years.

BE IT FURTHER RESOLVED that the Acting Finance Director, or her designee, to adjust agreement totals based on the work capacity for the vendor, ensuring the overall agreement total does not change.

BE IT FURTHER RESOLVED that the Purchasing Manager, or her designee, is hereby authorized to issue this purchasing agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of March, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-116**

RESOLUTION APPROVING THE PURCHASE AGREEMENTS FOR LOW LEAD BRASS, PVC, AND GALVANIZED SERVICE FITTINGS AND VALVES FROM FERGUSON WATERWORKS, MODESTO, CA; PACE SUPPLY CORPORATION, STOCKTON, CA; AND R&B COMPANY, MANTECA, CA, FOR A TWO-YEAR PURCHASING AGREEMENT WITH THREE ONE-YEAR EXTENSION OPTIONS, FOR A COMBINED ANNUAL COST NOT TO EXCEED \$914,552 AND A TOTAL COMBINED AMOUNT NOT TO EXCEED \$4,572,760 OVER FIVE YEARS, AND AUTHORIZING THE PURCHASING MANAGER, OR HER DESIGNEE, TO ISSUE PURCHASING AGREEMENTS

WHEREAS, the Interim City Manager authorizes the Purchasing Division to issue formal Request for Bids (RFB) for the purchase of low lead brass, PVC, and galvanized service fittings and valves, and

WHEREAS, on August 18, 2017, the Purchasing Division issued RFB No. 1718-02 for the purchase of low lead brass, PVC, and galvanized service fittings and valves on the City's website, and six (6) companies chose to download the RFB document, and

WHEREAS, on September 19, 2017, bids were formally opened in the City Clerk's Office. Four (4) companies chose to respond and all provided responsive and responsible bids. Two local vendors were capable of providing this type of service, and

WHEREAS, based on providing lowest responsive and responsible bids, staff recommends the award of bid for the purchase of service fittings and valves to Ferguson Waterworks, Modesto, CA, for an estimated annual cost not to exceed \$494,800 and up to \$2,474,000 over five years; Pace Supply Corporation, Stockton, CA for an estimated annual cost not to exceed \$144,989 and up to \$724,945 over five years; and R&B Company, Manteca, CA, for an estimated annual cost not to exceed \$274,763 and up to \$1,373,815 over five years. All three vendors awarded equal an annual cost not to exceed \$914,552 and up to \$4,572,760 over five years, and

WHEREAS, as shown on **Attachment 2: Cost Abstract for All Bidders**, certain items were bid at a lower cost by the non-awarded bidders. However, based on the City's projected future usage of these items, staff believes any cost savings that could result from the award of bid to these bidders would be eliminated through increased staff and system costs to maintain agreements with multiple vendors. In addition, Ferguson Waterworks has agreed to match the low bid on 12 items which complies with Modesto Municipal Code 8-3.206 Support of Local Vendors. , and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid. However, there are exceptions to the rule, set forth in the MMC Section 8-3.204(c) where the Purchasing Manager, in his or her discretion, determines that calling for bids on a competitive basis as set forth in Section 8-3.203 is undesirable due to exigent circumstances. Further, MMC Section 8-3.204(d) is available where the Purchasing Manager, in his or her discretion, determines that a process other than the usual formal bid procedure set forth in MMC Section 8-3.203 will result in procurement for the City at the lowest possible cost commensurate with the desired quality. The award of bids for the purchase of low lead brass, PVC, and galvanized service fittings and valves to Ferguson Waterworks, Modesto, CA; Pace Supply Corporation, Stockton, CA; and R&B Company, Manteca, CA, conforms to the Modesto Municipal Code based on providing the overall lowest cost, while providing greater efficiency in placing orders and in managing the agreement, and

WHEREAS, the cost for these services will be covered through existing budget in Water Fund accounts 4100-45020-53150, 4100-45040-53150, and various Water Fund CIP projects, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Purchase Agreements for low lead brass, PVC, and galvanized service fittings and valves to Ferguson Waterworks, Modesto, CA; Pace Supply Corporation, Stockton, CA; and R&B Company, Manteca, CA, for two-year purchasing agreements with three one-year extension options, for a combined annual cost not to exceed \$914,552 and a total combined amount not to exceed \$4,572,760 over five years.

BE IT FURTHER RESOLVED that the Purchasing Manager, or her designee, is hereby authorized to issue purchasing agreements.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of March, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

NOES: Councilmembers: None

ABSENT: Councilmembers: None

ATTEST: 
STEPHANIE LOPEZ, City Clerk

(SEAL)

APPROVED AS TO FORM:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-117**

RESOLUTION APPROVING THE PROCUREMENT OF AN ENTERPRISE LICENSE AND THE IMPLEMENTATION OF TWO COMPUTERIZED MAINTENANCE MANAGEMENT SYSTEMS WITH LUCITY, INC., OVERLAND PARK, KS, FOR AN INITIAL COST OF \$276,075, AND A TOTAL COST NOT TO EXCEED \$439,100 OVER FIVE YEARS; AND APPROVING THE PROCUREMENT OF A DEPARTMENT ENTERPRISE LICENSE FOR ESRI GIS FROM ENVIRONMENTAL SYSTEMS RESEARCH INSTITUTE, INC., REDLANDS, CA, FOR AN INITIAL COST OF \$60,000, AND A TOTAL COST NOT TO EXCEED \$310,000 OVER FIVE YEARS AND AUTHORIZING THE PURCHASING MANAGER, OR HER DESIGNEE, TO EXECUTE A PURCHASE AGREEMENT

WHEREAS, in April 2014, the City Auditor, Moss-Adams, issued a Water and Wastewater Efficiency Study Final Report, and

WHEREAS, finding #14 recommended the existing Computerized Maintenance Management System (CMMS) be replaced in Wastewater Collections and Finding #15 recommended the City pursue mobile technologies that allow for data entry, work order receipting, and field communication. And

WHEREAS, on January 12, 2016, by Resolution No. 2016-08, Council approved an agreement with Lucity Inc., Overland Park, KS (Lucity), for the purchase and implementation of a CMMS for Wastewater Collections, to improve critical business processes using the most effective and efficient system to support utility operations, and

WHEREAS, in March 2017, the implementation of the Lucity CMMS was completed within Wastewater Collections and included the use of Lucity Mobile which provides crews within Wastewater Collections the ability to receive, create, and complete work orders in real time at the work location, and

WHEREAS, the Lucity CMMS is fully integrated with the City's Graphical Information System (GIS), which enables crews to display work orders on a GIS map of

the city and thus greatly increase work efficiencies. By using the Lucity CMMS, staff can now effectively manage assets, respond to customer requests, conduct preventive maintenance, and manage work orders related to the sanitary sewer and storm drainage systems, and

WHEREAS, Lucity includes modules for Environmental, Sewer, Storm, Transportation, Water, Electric, Gas, Trees/Parks, Fleet, Plant/Equipment, Facility, and Refuse/Recycling, and

WHEREAS, a City-Wide CMMS, such as Lucity, which is fully integrated with GIS, plays a vital role in effectively generating timely and accurate reports for internal and external customers, improves efficiency, data analysis and reporting, and allows management to make informed and timely decisions, and

WHEREAS, since the implementation, the Water Division has requested the implementation of the Lucity CMMS to replace CASSWORKS within their division after evaluating multiple CMMS solutions, and

WHEREAS, Lucity was previously implemented within the City and linked to the City's Geographical Information System (GIS), enabling additional users to be added at a reduced cost, and

WHEREAS, Stormwater Compliance uses Excel spreadsheets for their Stormwater Program and after the implementation of Lucity CMMS within Wastewater Collections, Stormwater Compliance selected Lucity to replace the use of spreadsheets, and

WHEREAS, these additional users can also be added at a reduced cost, and

WHEREAS, Lucity is available with two licensing models: individual named user or enterprise licenses, and

WHEREAS, the individual named user license cost is \$750 per user per year and the enterprise license has a one-time cost of \$180,125 plus an annual support and maintenance cost of \$40,000 with a 2.5% annual inflator after the third year, and

WHEREAS, in addition to the initial cost of \$180,125, there will be an implementation cost of \$95,950, bringing the total initial cost to \$276,075, and

WHEREAS, the cost comparison for the individual named user license and the enterprise license indicates that the enterprise license will cost less over a five year period for the anticipated 140 users in Water, Wastewater and Stormwater, and

WHEREAS, additional work groups may utilize the Lucity system without additional licensing costs, however, additional work groups may incur implementation costs, and

WHEREAS, Lucity CMMS is tightly integrated with the ESRI GIS system, and

WHEREAS, ESRI GIS is the software behind the Modesto GIS and is used by several departments including Police and Fire, and

WHEREAS, the City currently has a departmental license in the Police Department and named user licenses for the rest of the City, and

WHEREAS, the GIS component within the current version of Lucity does not require ESRI licensing for users; however, due to changes in the agreement between Lucity and ESRI GIS, future versions will require Lucity users to also have an ERSI user license, and

WHEREAS, this change dramatically increases the number of user licenses needed and requires the Utilities Department to purchase a departmental enterprise license, and

WHEREAS, ESRI GIS is available with two licensing models: individual named user or department enterprise licenses, and

WHEREAS, the City currently has a departmental enterprise license in the Police Department and named user licenses for the rest of the City, and

WHEREAS, the individual named user license cost is \$500 per user per year and the department license is \$60,000 per year for the first three years and \$65,000 for years four and five, and

WHEREAS, this new requirement will change dramatically with the increase in the number of user licenses needed and requires the Utilities Department to purchase a departmental enterprise license, and

WHEREAS, in addition to licensing costs, there will be a \$95,950 cost associated with implementing the Lucity system within the Water Division (\$67,100) and Stormwater Compliance (\$28,850), and

WHEREAS, the ESRI GIS is already fully implemented within the City, so no additional implementation costs are anticipated for this system, and

WHEREAS, MMC Section 8-3.204(d) is available where the Purchasing Manager, in her discretion, determines that a process other than the formal bid procedure set forth in Section 8-3.203 will result in procurement for the City at the lowest possible cost commensurate with the desired quality, and

WHEREAS, such alternatives may include, but are not limited to, a "two-step" procurement process or a procurement based solely on a technical evaluation, and

WHEREAS, acting within her discretion, the Purchasing Manager invoked this exception for the purchase and implementation of the Lucity program due to benefits of implementing a city-wide CMMS, and

WHEREAS, the purchase and implementation of a Lucity enterprise license from Lucity, Inc., Overland Park, KS, and ESRI GIS from Environmental Systems Research Institute, Inc., Redlands, CA, will conform to MMC Section 8-3.204(d), and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the procurement of an enterprise license and the implementation of two Computerized Maintenance Management Systems with Lucity, Inc., Overland Park, KS, for an initial cost of \$276,075, and a total cost not to exceed \$439,100 over five years; and approving the procurement of a department enterprise license for ESRI GIS from Environmental Systems Research Institute, Inc., Redlands, CA, for an initial cost of \$60,000, and a total cost not to exceed \$310,000 over five years.

BE IT FURTHER RESOLVED, that the Purchasing Manager, or her designee, is hereby authorized to execute a purchase agreement in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of March, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-118**

RESOLUTION APPROVING THE SUBMITTAL OF APPLICATIONS TO THE DRINKING WATER STATE REVOLVING FUND, AND STATE WATER RESOURCES CONTROL BOARD FOR PLANNING/DESIGN AND IMPLEMENTATION FUNDING FOR GRAYSON WATER INFRASTRUCTURE AND AUTHORIZING THE INTERIM CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE ALL FUNDING RELATED DOCUMENTS

WHEREAS, in November 2014, Proposition 1 was passed by voters and provided \$900 million for a Groundwater Sustainability Program (Assembly Bill 1471, Chapter 10), and the State Water Resources Control Board will administer \$800 million to prevent and cleanup contamination of groundwater that serves (or has served) as a source of drinking water, and

WHEREAS, on September 13, 2016 by Resolution 2016-364, the City of Modesto authorized the submittal of applications to the State Water Resources Control Board (SWRCB) and other agencies for groundwater quality funding program grants and other Proposition 1 funding and authorized the City Manager or his designee to execute all grant-related documents and enter into agreements to receive grant funds, if awarded, and

WHEREAS, in July 2016, the City of Modesto Utilities Department submitted a Pre-application to the SWRCB Division of Drinking Water (DDW) for the Grayson Water Service Area Project for consideration of funding through the Groundwater Grant Program, and

WHEREAS, on October 25, 2016 the City of Modesto Utilities Department received an invitation from the SWRCB DDW to submit a funding application to the Drinking Water State Revolving Fund (DWSRF) program for the project, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the preparation and submittal of planning/design and implementation funding applications to the Drinking Water State Revolving Fund, and State Water Resources Control Board for the Grayson water infrastructure improvements.

BE IT FURTHER RESOLVED that the Interim City Manager, or his designee, is hereby authorized to execute all funding-related documents.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of March, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-119**

RESOLUTION APPROVING AN AGREEMENT WITH WEST YOST ASSOCIATES, INC., DAVIS, CA FOR THE GRAYSON WATER INFRASTRUCTURE IMPROVEMENTS PROJECT IN AN AMOUNT NOT TO EXCEED \$83,700, PLUS \$8,400 FOR ADDITIONAL SERVICES (IF NEEDED), FOR A MAXIMUM TOTAL AMOUNT OF \$92,100, AND AUTHORIZING THE INTERIM CITY MANAGER, OR HIS DESIGNEE TO EXECUTE THE AGREEMENT

WHEREAS, in November 2014, Proposition 1 was passed by voters and provided \$900 million for a Groundwater Sustainability Program (Assembly Bill 1471, Chapter 10), and the State Water Resources Control Board will administer \$800 million to prevent and cleanup contamination of groundwater that serves (or has served) as a source of drinking water, and

WHEREAS, on September 13, 2016 by Resolution 2016-364, the City of Modesto authorized the submittal of applications to the State Water Resources Control Board (SWRCB) and other agencies for groundwater quality funding program grants and other Proposition 1 funding and authorized the City Manager or his designee to execute all grant-related documents and enter into agreements to receive grant funds, if awarded, and,

WHEREAS, in July 2016, the City of Modesto Utilities Department submitted a Pre-application to the SWRCB Division of Drinking Water (DDW) for the Grayson Water Service Area Project for consideration of funding through the Groundwater Grant Program, and

WHEREAS, on October 25, 2016 the City of Modesto Utilities Department received an invitation from the SWRCB DDW to submit a funding application to the Drinking Water State Revolving Fund (DWSRF) program for the project, and

WHEREAS, the Grayson water system infrastructure was identified for replacement in the 2010 Water System Engineer's Report (2010 WSER, adopted by City Council on September 14, 2010, by Resolution No. 2010-409), and

WHEREAS, on May 23, 2017, by Council Resolution No. 2017-205, the City Council approved an agreement with West Yost Associates, Inc., Davis, CA for On-call Grant Writing Services for various City projects, and

WHEREAS, staff has determined that the scope of work will exceed the \$45,000 per year of the on-call grant writing services agreement, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement with West Yost Associates, Davis, CA for SRF Application Services for the Grayson Water Infrastructure Improvements Project, in an amount not to exceed \$83,700 for the identified scope of services, plus \$8,400 for additional services (if needed), for a maximum total amount of \$92,100.

BE IT FURTHER RESOLVED that the Interim City Manager, or his designee, is hereby authorized to execute the Agreement, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of March, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-120**

RESOLUTION APPROVING AN AGREEMENT WITH NORTHSTAR ENGINEERING, INC., MODESTO, CA, FOR SURVEYING SERVICES FOR THE DOWNTOWN SEWER COLLECTION SYSTEM IMPROVEMENTS PROJECT IN THE AMOUNT OF \$136,660, PLUS \$13,666 FOR ADDITIONAL SERVICES IF NEEDED, FOR AN AGREEMENT TOTAL OF \$150,326 AND AUTHORIZING THE INTERMIN CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE CONTRACT

WHEREAS, Utilities Wastewater Design will be preparing the design of the Downtown Sewer Collection System Improvements Project, and

WHEREAS, Wastewater Collections has performed Closed Circuit Television inspections of the majority of the sewer infrastructure in the Downtown area and has identified several areas in need of replacement and rehabilitation, and

WHEREAS, to complete the design of the sewer improvements, survey topographical measurements must be performed, and

WHEREAS, on September 12, 2017, Utilities Engineering issued a Request for Proposals (RFP) on PlanetBids for surveying services for the Downtown Sewer Collection System Improvements Project and three proposals were received and reviewed by staff, and

WHEREAS, in accordance with Modesto Municipal Code 8-3.204(a) Exceptions to Formal Bidding Requirements, this agreement is for professional services and, therefore, exempt from the bid requirement, However, staff proceeded through a RFP process pursuant to Administrative Directive 3.1, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an agreement with NorthStar Engineering, Inc., Modesto, CA, for surveying services for the Downtown Sewer Collection System Improvements Project in the amount of \$136,660, plus \$13,666 for additional services if needed, for an agreement total of \$150,326.

BE IT FURTHER RESOLVED that the Interim City Manager, or his designee, is hereby authorized to execute the contract, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of March, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2018-121**

**RESOLUTION APPROVING A PREQUALIFIED LIST OF SEVEN
CONSTRUCTION CONTRACTORS CONSISTING OF: BALFOUR BEATTY
INFRASTRUCTURE; FLATIRON WEST, INC.; JAMES W. FOWLER, CO.;
KIEWIT INFRASTRUCTURE WEST, CO.; OVERAA; STEVE P. RADOS; AND
WALSH CONSTRUCTION FOR THE RIVER TRUNK REALIGNMENT PUMP
STATION PROJECT**

WHEREAS, the River Trunk consists of a pipeline that ranges from 24-inches to 60-inches in diameter that conveys flow from the Beard Industrial Park to the Sutter Avenue Wastewater Treatment Plant, and

WHEREAS, the current location of the River Trunk, adjacent to the Tuolumne River, poses access limitations to operations staff and could be subject to catastrophic damage in the event of elevated river flows, and

WHEREAS, a Request for Qualifications (RFQ) was advertised for the River Trunk Realignment Pump Station Project and seven prospective Contractors submitted Statements of Qualification packages, and

WHEREAS, a review Committee consisting of Utilities Engineering and Operations staff reviewed the qualification packages and determined that all seven Contractors met the qualifying requirements, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the prequalified list of seven Construction Contractors consisting of: Balfour Beatty Infrastructure; Flatiron West, Inc.; James W. Fowler, Co.; Kiewit Infrastructure West, Co.; Overaa; Steve P. Rados; and Walsh Construction for the River Trunk Realignment Pump Station Project.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of March, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-122**

RESOLUTION APPROVING AN AGREEMENT WITH SUEZ WATER TECHNOLOGIES AND SOLUTIONS, INC., OF NORFOLK, VA, FOR A NITRATE TREATMENT SYSTEM FOR WELL 282 IN DEL RIO, IN THE AMOUNT OF \$750,000 OVER A THREE YEAR PERIOD, PLUS \$75,00 FOR ADDITIONAL SERVICES, IF NEEDED, FOR AN AGREEMENT TOTAL OF \$825,000; AND AUTHORIZING THE INTERIM CITY MANAGER, OR DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, Well 282 in the Del Rio Community is a critical water supply well that is owned and operated by the City of Modesto since the City purchased the Del Este Water Company in 1995, and

WHEREAS, the State of California has established a Maximum Contaminant Level (MCL) 10 ppm for Nitrates above which, a potable water supply cannot be distributed for human consumption, and

WHEREAS, Well 282 has experienced increased levels of Nitrates during the high demand summer months of 2017 and requires installation of a treatment system to assure the if Nitrates were to exceed the MCL, a treatment system would remove Nitrates to a safe level prior to distribution for consumption, and

WHEREAS, on October 6, 2017, the City of Modesto issued an RFP to three qualified vendors to propose for the installation and maintenance service of an ion-exchange nitrate treatment system for Well 282, and

WHEREAS, in December 2017, the City of Modesto selected SUEZ Water Technologies and Solutions, Inc. of Norfolk, Virginia as the vendor firm to install and maintain a nitrate treatment system at Well 282 for up to three years, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an agreement with SUEZ Water Technologies and Solutions, Inc.,

of Norfolk, VA for a nitrate treatment system for Well 282, in Del Rio, in the amount of \$750,000 with an additional services amount of \$75,000, if needed, for a not-to-exceed total of \$825,000.

BE IT FURTHER RESOLVED that the Interim City Manager, or his designee, is hereby authorized to execute the agreement, in a form approved by the City Attorney.

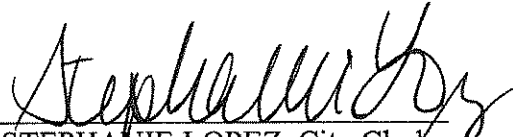

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of March, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-123**

**RESOLUTION SUPPORTING THE VISION OF AN IMMEDIATE ACTION
PLAN FOR A TEMPORARY LOW BARRIER EMERGENCY SHELTER/DAY
CENTER WITH MINIMAL SUPPORTIVE SERVICES (SHELTER) FOR THE
HOMELESS POPULATION**

WHEREAS, Focus on Prevention is a county-wide initiative that aims to improve the quality of life of all Stanislaus residents and families through coordinated, prevention efforts that work across multiple sectors, to promote health and wellbeing; and

WHEREAS, in 2014 approximately 1,400 Stanislaus County community members experienced homelessness and thousands more showed signs of risk for becoming homeless; and

WHEREAS, although there are over 30 programs and hundreds of concerned citizens who help people access housing, shelter, and other basic life necessities, much more needs to be done to prevent homelessness from actually occurring; and

WHEREAS, Focus on Prevention is focused on working to improve the existing homeless services system and more importantly, addressing the root causes and developing strategies to intervene early to prevent homelessness; and

WHEREAS, there is an immediate need for housing in order to serve the unsheltered population in the County; and

WHEREAS, through Focus on Prevention, a public and private partnership has been established to develop a three-part strategic approach, which includes a proposal for a Temporary Low Barrier Emergency Shelter/Day Center(Immediate Action Plan), along with a long-term plan to develop a permanent full service Access Center (Full Action Plan); and

WHEREAS, the Immediate Action Plan has been modified to focus on the successful delivery and opening of the shelter now; and

WHEREAS, the Mayor established a Sub-Committee at the March 6, 2018 Council meeting consisting of Councilmembers Grewal, Ah You, and Kenoyer; and

WHEREAS, the Sub-Committee met with the project team on March 8, 2018 to discuss the questions raised during the presentation at the February 27, 2018 Council meeting and the Sub-Committee decided that the Council should support the vision while the Council sub-committee will continue to work with the project team and Taskforce to resolve all the concerns of Council including those of our corporate entities.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby supports the vision of an Immediate Action Plan proposal for a Temporary Low Barrier Emergency Shelter/Day Center with minimal supportive services (Shelter) for the homeless population.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of March, 2018, by Councilmember Grewal, who moved its adoption, which motion being duly seconded by Councilmember Kenoyer, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-124**

RESOLUTION AMENDING THE APPROVED LIST OF PROJECTS TO BE FUNDED WITH MEASURE L TAX PROCEEDS IN FISCAL YEAR 2017-2018 IN THE AMOUNT OF \$4,472,452, INCLUDING ADDITIONAL PROJECTS IN THE FISCAL YEAR 2017-2018 CAPITAL IMPROVEMENT PROGRAM AND APPROVING THE BUDGET ADJUSTMENT FOR EACH PROJECT

WHEREAS, on May 24, 2016, by Resolution 2016-220 the City Council approved a list of proposed projects to be funded upon the successful passage of Measure L within the first 5 years, which is shown in **Exhibit A, attached** hereto, and

WHEREAS, on October 4, 2016, the City Council approved Ordinance No. 3656-C.S. adding Chapter 10 to Title 8 of the Modesto Municipal Code to establish a Citizens' Transportation Sales Tax Commission ("Commission"). The Commission consists of eleven members appointed by the City Council, and

WHEREAS, in November, 2016, Stanislaus County voters approved a county-wide, 25-year, half-cent sales tax increase for transportation and pavement rehabilitation projects known as Measure L, and

WHEREAS, the City of Modesto's estimated annual share of Measure L funds is approximately \$8.9 Million, and

WHEREAS, the local Measure L funds that the City will receive are divided into three categories, and

WHEREAS, the City anticipates receiving \$6.87 Million annually for the Local Streets and Roads category which is to be used exclusively for repair and maintenance of our City streets, and

WHEREAS, the City anticipates receiving \$1.37 Million annually for the Traffic Management category which is to be used to upgrade intersections, widen roads, signalize intersections, install traffic calming devices, etc., and

WHEREAS, the City anticipates receiving \$687,000 annually for the Bike and Pedestrian Improvement category which is to be used for local connectivity between communities, local schools, trails and recreation facilities, and

WHEREAS, on July 5, 2017, per Resolution No. 2017-269, the City Council approved a list of projects (**Exhibit C**) to be funded with measure L tax proceeds in fiscal year 2017-2018 and approved necessary budget adjustments in order to avoid delaying design and construction, since commission members had not been appointed yet, and

WHEREAS, In Fiscal Year 2017-2018, excess funds were collected due to the fact that the tax went into effect on April 1, 2017, prior to the start of Fiscal Year 2017-2018, providing an additional three months of revenue collected between April 1, 2017 and June 30, 2017 that were not included in the originally estimated, annual amounts, and this additional amount of funding totals \$2,672,694, and

WHEREAS, on February 1, 2018 staff recommended to the Citizens Transportation Sales Tax Commission the allocation of the additional \$2,672,694 fiscal year 2017-2018 funds and \$1,799,758 in unallocated tax proceeds to the to fund two new capital improvement projects and to expand the scope of two existing capital improvement projects as shown in **Exhibit D**, and

WHEREAS, the Fiscal Year 2017-2018 Capital Improvement Program Budget must be amended as shown in **Exhibit E**, **attached** hereto,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the amended list of projects to be funded with Measure L tax proceeds in Fiscal Year 2017-2018 and includes the projects in the Fiscal Year 2017-2018 Capital Improvement Program shown in **Exhibit D**, **attached** hereto.

BE IT FURTHER RESOLVED that Council hereby approves the amendment of the Fiscal Year 2017-2018 Capital Improvement Program Budget as shown in **Exhibit E** in order to fund the various Capital Improvement Projects with Measure L proceeds.

BE IT FURTHER RESOLVED that the Interim City Manager, or his designee, is hereby authorized to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of March, 2018, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-125**

RESOLUTION ACCEPTING THE CALIFORNIA DIVISION OF BOATING AND WATERWAYS (DBW) NON-MOTORIZED BOATING FACILITY GRANT FUNDING PROGRAM AWARD IN AN AMOUNT OF \$780,000 TO FUND DESIGN AND CONSTRUCTION OF THE TUOLUMNE RIVER REGIONAL PARK (TRRP) NEECE DRIVE BOAT LAUNCH PROJECT AND AUTHORIZING THE INTERIM CITY MANAGER, OR HIS DESIGNEE, TO ACCEPT AND UTILIZE THE GRANT AWARD

WHEREAS, the City is deficient in boating facilities for recreational and emergency river access and a grant was awarded from the California Division of Boating and Waterways (DBW) Non-Motorized Boating Facility Grant Funding Program in an amount of \$780,000 to fund the TRRP Neece Drive Boat Launch project, and

WHEREAS, the TRRP Neece Drive Boat Launch project is part of the TRRP system. The project is located along Neece Drive north of the Dryden Golf Course, and

WHEREAS, the Tuolumne River Trust, Operation 9-2-99 Leadership and the TRRP Commission have all recommended this project for approval, and

WHEREAS, the grant funding will be used to construct a non-motorized boat launch, which is an integral piece of infrastructure needed to facilitate recreational use of the river, and

WHEREAS, the grant funding requires a deed restriction that ensures that the park stay open to the public and is properly maintained for at least 20 years, and

WHEREAS, on February 28, 2017, the Council approved resolution 2017-79 authorizing the submittal of an application to the California DBW Non-Motorized Boating Facility Grant Funding Program. City Staff submitted an application for this grant program on February 1, 2017, and

WHEREAS, the City of Modesto has received notice of a grant award from the California DBW Non-Motorized Boating Facility Grant Funding Program in an amount of \$780,000 to fund development and construction of the TRRP Neece Drive Boat Launch project.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it accepts the California DBW Non-Motorized Boating Facility Grant Funding Program in an amount of \$780,000 to fund development and construction of the TRRP Neece Drive Boat Launch project.

BE IT FURTHER RESOLVED that the Interim City Manager or his designee is hereby authorized to accept and utilize the grant award from the California DBW Non-Motorized Boating Facility Grant Funding Program for the development and construction of the TRRP Neece Drive Boat Launch project.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of March, 2018, by Councilmember Ah You, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-127**

RESOLUTION ACCEPTING THE CALIFORNIA URBAN RIVERS GRANT PROGRAM FUNDS IN AN AMOUNT OF \$368,183 TO PARTIALLY FUND REMOVAL OF THE REMNANT DENNETT DAM AND AUTHORIZING THE INTERIM CITY MANAGER, OR HIS DESIGNEE, TO ACCEPT AND UTILIZE THE GRANT AWARD

WHEREAS, the City of Modesto and Tuolumne River Preservation Trust (TRT) have received a grant award from the California Urban Rivers Grant Program of \$368,183 for removal of the Remnant Dennett Dam, and

WHEREAS, on June 14, 2016 the Council approved a Memorandum of Understanding (MOU) with TRT to remove the Remnant Dennett Dam, and

WHEREAS, removal of the Remnant Dennett Dam benefits the City of Modesto and TRT by restoring instream habitat and fish passage conditions, improving native riparian habitat and creating safe recreational boating opportunities, and

WHEREAS, On August 8, 2017, the Council approved resolution 2017-316 authorizing the submittal of an application to the California Urban Rivers Grant Program, and

WHEREAS, the TRT staff is continuing the pursuit of additional grant funding opportunities to obtain the necessary construction funding of approximately \$1.5 million and which is anticipated to begin Summer 2018, and

WHEREAS, the City will be the financial agent that houses the grant funding obtained by the TRT staff to remove the Remnant Dennett Dam.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it accepts the California Urban Rivers Grant Program funds in an amount of \$368,183 to partially fund removal of the Remnant Dennett Dam.

BE IT FURTHER RESOLVED that the Interim City Manager or his designee is hereby authorized to accept and utilize the grant award from the California Urban Rivers Grant Program for removal of the Remnant Dennett Dam.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of March, 2018, by Councilmember Zoslocki, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-129**

**RESOLUTION APPROVING THE ANNUAL SEWER RATE REVIEW AND
MAINTAINING THE PREVIOUSLY ADOPTED 6% SEWER RATE
INCREASES TO BE EFFECTIVE JULY 1, 2018, FOR FISCAL YEAR 2018-19**

WHEREAS, the City of Modesto provides wastewater (sewer) service to over 60,000 accounts consisting of residential, multi-family, commercial, and industrial customers located within the City of Modesto as well as the City of Ceres and the Empire Sanitary District and portions of unincorporated Stanislaus County; and

WHEREAS, the City's sewer utility is a self-supporting utility enterprise funded by customer revenues; and

WHEREAS, the California Constitution (Article XIID, "Proposition 218") establishes a process that public agencies must follow when imposing new or increasing "property related fees" (Cal. Const.); and

WHEREAS, sewer service fees are property-related fees and thus subject to Proposition 218's procedural and substantive requirements; and

WHEREAS, the City engaged Bartle Wells Associates ("BWA") in 2015 to conduct a comprehensive review of the City's sewer rates and charges in accordance with Proposition 218; and

WHEREAS, BWA prepared a report dated January 2016 entitled "City of Modesto Sewer Rate and Fee Study" ("Report"), containing analyses and recommendations for adjusting the City's sewer rates and charges; and

WHEREAS, the Report concluded that the revenues generated under previous sewer rates were insufficient to meet sewer utility's revenue requirements for fiscal year 2016-17 and subsequent years, given changes and new developments in the City's sewer

system, including new capital improvement projects identified in the soon to be completed Wastewater Master Plan Update; and

WHEREAS, the Report recommended increasing the City's previous sewer rates and charges, and made certain recommendations for the City's sewer services rates for the five-year period beginning fiscal year 2016-17; and

WHEREAS, the Report demonstrated that the recommended rates do not exceed the reasonable cost of providing such service or regulatory activity and, as such, the proposed rates are not levied for general revenue purposes; and

WHEREAS, the Report also demonstrated that the recommended rates result in charges to property owners or ratepayers that do not exceed the proportionate cost of providing sewer services attributable to the parcel or persons; and

WHEREAS, the City mailed a notice of the public hearing, and notice of oral and written protest procedures against the proposed rate increases to all affected property owners and ratepayers in compliance with California Constitution Article XIII D, Section 6; at least forty-five days in advance of the public hearing at which this Resolution was considered; and

WHEREAS, on April 26, 2016, the City Council duly held the public hearing , and at its conclusion the City Clerk tabulated the number of written and oral protests received, and reported that there was not a majority protest of the proposed rates by owners or authorized representatives of identified property owners or ratepayers receiving wastewater services; and

WHEREAS, the City Council subsequently approved a new sewer rate structure in accordance with Proposition 218 by Resolution No. 2016-181 and adopted a five-year

schedule of new maximum sewer service rates beginning in Fiscal Year 2016-17 and increasing those rates by up to 6% annually through Fiscal Year 2020-21; and

WHEREAS, City staff has recently conducted an annual review of the sewer rates as required by Resolution 2016-181 to ensure that the approved 6% increase for Fiscal Year 2018-19 meets the enterprise's revenue needs based on anticipated expenses and the City's policies; and

WHEREAS, upon review of the FY18-19 proposed Wastewater Fund proforma, the City's Budget Division agrees that maintaining a 6% increase in annual rate would allow the fund to maintain a minimum 1.5 debt service coverage ratio required by Council policy, and strive toward obtaining a 2.0 debt coverage ratio in future years as recommended in the recent Fitch Rating review; and

WHEREAS, the Budget Division also recommends maintaining a 6% increase in sewer rates for FY18-19 based upon the anticipated revenues and proposed operating and capital expenses for the upcoming fiscal years; and

WHEREAS, the analysis shows that the projected costs and revenues are tracking reasonably close to what was projected in the 2016 Report and 2017 Annual Sewer Rate Update; and

WHEREAS, pursuant to Resolution 2016-118, the approved increase in sewer rates for Fiscal Year FY18-19 will become effective 60 days after completion of the annual review, unless the City Council directs otherwise, and Staff recommends the FY18-19 rate increase become effective on July 1, 2018.

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Modesto as follows:

1. **DEFINITIONS.** For the purposes of this Resolution the definitions set forth in Section 5-6.103 of Chapter 6 of Title 5 of the Modesto Municipal Code entitled “Definitions” shall apply, except as provided herein or as context requires a different meaning.

(A) Director: The City officers(s) or designee(s) in charge of utilities.

(B) Monthly Account Charge: A monthly fee charged to every sewer account to pay the actual fixed sewer system costs not allocable to sewer flow and strength components.

(C) Person: Any individual, partnership, corporation or other legal entity whatsoever apply for or receiving City sewer service.

(D) Cannery Segregation Line (CanSeg Line): The line used by City’s cannery customers during caning season. The CanSeg Line collects and conveys the canneries’ process flow directly to the Rancho for land application. The cannery process flow does not receive treatment during the cannery season.

(E) Apartment: One (1) dwelling unit located within in a building or portion thereof containing five (5) or more dwelling units; one (1) mobile home space in a mobile home park.

(F) Secondary Scalping: Secondary treatment to be provided to City’s cannery customers’ process water.

(G) Single Family Residential: One (1) dwelling unit or a suite of one (1) or more rooms which is occupied by or intended to be occupied by one (1) family; one (1) mobile home on any area or tract of land.

(H) Multiple Family: One (1) dwelling unit located within a building or portion thereof containing two (2) to four (4) dwelling units; one (1) additional dwelling unit or mobile home on any area or tract of land.

2. SEWER SERVICE CHARGE FOR RESIDENTIAL SEWER

SERVICE. Each person receiving residential sewer service shall pay a sewer service charge to the City . Resolution 2016-181 established the maximum monthly sewer service charges for dwelling units, mobile homes, and mobile home spaces in mobile home parks, including the monthly account charge, for Fiscal Year FY16-17 through the end of Fiscal Year 2020-21, as listed in the table below. The City Council hereby accepts the annual report regarding and maintains the approved residential rates for Fiscal Year FY18-19, to be effective July 1, 2018.

Residential Sewer Rates					
Category	FY2016/17	FY2017/18	FY2018/19	FY2019/20	FY2020/21
Monthly Account Charge (\$/Account)	\$4.40	\$4.42	\$4.46	\$4.50	\$4.54
Residential Rates (\$/Dwelling Unit)					
Single Family Residential, Mobile Home on a lot	\$29.36	\$31.36	\$33.39	\$35.67	\$37.91
Multiple Family (2-4 Dwelling Units), one additional Dwelling Unit or Mobile Home on a lot	\$22.59	\$24.03	\$25.57	\$27.50	\$30.85
Apartments (5 or more Dwelling Units), Mobile Home Space in a Mobile Home Park	\$20.33	\$21.50	\$22.73	\$24.36	\$26.45

3. SEWER SERVICE CHARGE FOR COMMERCIAL SERVICE.

Each person receiving commercial sewer service shall pay a maximum sewer service charge to the City. Resolution 2016-181 established the maximum monthly sewer service charges for commercial customers, including the monthly account charge, for Fiscal Year 2016-17 through the end of Fiscal Year 2020-21, as listed in the table below. The City

Council hereby accepts the annual report regarding and maintains the approved commercial rates for Fiscal Year 2018-19.

Commercial Sewer Rates					
Category	FY2016/17	FY2017/18	FY2018/19	FY2019/20	FY2020/21
Commercial Quantity Charge (\$/100 cubic feet)					
Group 1-BOD + TSS is 400 mg/l or less	\$2.76	\$3.01	\$3.29	\$3.55	\$3.88
Group 2-BOD + TSS is 401 mg/l to 900 mg/l	\$3.78	\$4.07	\$4.40	\$4.70	\$5.07
Group 2-BOD + TSS is 901 mg/l to 1,400 mg/l	\$4.80	\$5.13	\$5.50	\$5.85	\$6.27
Group 4-BOD + TSS is 1,401 mg/l or more	\$6.03	\$6.40	\$6.83	\$7.23	\$7.71

(A) Commercial users shall be grouped according to Biochemical Oxygen Demand (hereinafter referred to as BOD) and Total Suspended Solids (hereinafter referred to as TSS) strength characteristics and shall pay sewer service charges based on the quantity of water used, and the waste strength characteristics measured in milligrams per liter (hereinafter referred to as mg/l). The Director shall determine the waste strength characteristics of commercial users and assign them to one of the commercial users groups set forth in the table above.

(B) Commercial users shall have all water used on the premises metered in order to determine the users' sewer service charges.

(1) Commercial users on a public water system other than the City's shall obtain a metered water service from the water purveyor and shall pay the sewer service charge which would be made were such water from the City's water system.

(2) Commercial users receiving any water from a private source shall allow the City to furnish, install and maintain a water meter with the user paying for the cost of the meter and installation. The user shall pay the sewer service charge which would be made were such water from the City's water system.

Authorization shall be granted to City from user to install, read and maintain said meter by user executing an agreement on a form furnished by the Director.

(C) In the case of existing meters which are under the ownership of users, the City will assume responsibility for maintenance of such meters upon:

(1) Receipt of transfer of title from the owner in a form satisfactory to the Director, and

(2) Authorization being granted to City for reading and maintaining the meter as set forth in paragraph (b) above.

(D) Churches, assembly halls and similar facilities shall be considered Group 1.

(E) Schools Districts will have their wastewater flow computed by either of the following methods at their discretion:

(1) School Districts may elect to be billed on water consumption as a Group 1 Commercial discharger.

(i) A one-time inspection by the City's Water Division staff to confirm there is no indoor water use on the outdoor use meter will be done at no charge to the District.

(ii) An annual audit and site inspection will be conducted by the City and paid for by the District.

(a) Inspection fee will be based on time and materials.

(2) School Districts that have not separated all of their outdoor water systems may elect to continue to be billed based on estimates of the average volume per pupil/staff times the average daily attendance (ADA) of pupils plus staff.

(i) School District will be required to enter into an agreement with the City consenting to be billed on an ADA basis.

(ii) The Director is authorized to enter into these agreements with the School Districts on behalf of the City.

(iii) Should the School District fail or refuse to enter into the above noted agreement, District will be billed based on water consumption until an agreement is executed.

(3) For School Districts planning to separate their outdoor water systems in the future, the City will provide the option to be billed on water consumption on an annual basis.

4. SEWER SERVICE CHARGE FOR INDUSTRIAL SERVICE. Each person receiving industrial sewer service shall pay a maximum sewer service charge to the City. Resolution 2016-181 established the maximum monthly sewer service charges for industrial customers, including the monthly account charge, for Fiscal Year 2016-17 through the end of Fiscal Year 2020-21, as listed in the table below. The City Council hereby accepts the annual report regarding and maintains the approved industrial rates for Fiscal Year 2018-19, to be effective July 1, 2018.

Industrial Charges (these three components are additive)					
Category	FY2016/17	FY2017/18	FY2018/19	FY2019/20	FY2020/21
Flow Charge (\$/Million gallons)	\$2,604	\$2,888	\$3,212	\$3,516	\$3,901
BOD Charge (\$/1,000 lbs)	\$213	\$226	\$238	\$246	\$263
TSS Charge (\$/1,000 lbs)	\$441	\$454	\$471	\$491	\$504

(A) The charges for industrial wastewater services—flow, BOD, and TSS—are additive, such that the total monthly charge shall be based upon the amount of each component listed in the table above.

(B) The monthly sewer service charges for industrial users shall be based in part on the number of millions gallons of total flow at the rates set forth in the table above.

(1) If an industrial customer has an effluent meter for industrial flow measurement and a sanitary sewage meter, the total flow shall be the sum of the metered flows. If an industrial customer has an unmetered connection for disposal of sanitary sewage, the estimated volume may be established by the Director. The estimated volume shall be based on the number and type of plumbing fixture units contributing to the system along with any other flow information available which indicates the total volume of sanitary sewage.

(2) In the absence of an effluent meter, an influent meter shall be used, and total flow shall be based upon the influent meter reading.

(C) The BOD and TSS charges for industrial and sanitary discharges shall be based on the measured or estimated BOD and TSS for each type of flow.

5. **FLOW ESTIMATES.** The Director will estimate flow where he/she determines metered flow measurements are unreliable.

6. **SEPTAGE CHARGE FOR DUMPING SEPTIC WASTE AT THE SEWAGE TREATMENT PLANT.** The City accepts septic waste at its sewage treatment plant. Each person dumping septic waste at the sewage treatment plant shall pay a maximum sewer service charge to the City. Resolution 2016-181 established the maximum septage charge for Fiscal Year 2016-17 through the end of Fiscal Year 2020-21, as listed in the table below. The City Council hereby accepts the annual report regarding and maintains the approved septage charges for Fiscal Year 2018-19, to be effective July 1, 2018.

Septage Quantity Charge					
Category	FY2016/17	FY2017/18	FY2018/19	FY2019/20	FY2020/21
Flow charge per 1,000 gallons	\$61	\$63	\$66	\$69	\$71

7. **SEWER SERVICE CHARGE FOR CANSEG LINE SEWER SERVICE.** Each person using CanSeg Line sewer service shall pay a maximum sewer service charge to the City. Resolution 2016-181 established the maximum monthly sewer service charges for CanSeg customers, including the monthly account charge, for Fiscal Year 2016-17 through the end of Fiscal Year 2020-21, as listed in the table below. The City Council hereby accepts the annual report regarding and maintains the approved CanSeg Line rates for Fiscal Year 2018-19, to be effective July 1, 2018.

CanSeg Line Sewer Rates					
Category	FY2016/17	FY2017/18	FY2018/19	FY2019/20	FY2020/21
Monthly Account Charge (\$/Account)	\$4.40	\$4.42	\$4.46	\$4.50	\$4.54
CanSeg Line Charges (these three components are additive)					
Flow Charge (\$/Million gallons)	\$2,680	\$2,841	\$3,012	\$3,191	\$3,384
BOD Charge (\$/1,000 lbs)	\$1.39	\$1.48	\$1.57	\$1.66	\$1.76
TSS Charge (\$/1,000 lbs)	\$4.04	\$4.29	\$4.54	\$4.81	\$5.11

(A) The charges for CanSeg Line services—flow, BOD, and TSS—are additive, such that the total monthly charge shall be based upon the amount of each component listed in the table above.

(B) The monthly sewer service charges for CanSeg Line users shall be based in part on the number of millions gallons of total flow at the rates set forth in the table above.

(1) If a CanSeg Line user has an effluent meter for industrial flow measurement and a sanitary sewage meter, the total flow shall be the sum of the metered flows. If a CanSeg Line customer has an unmetered connection for disposal of sanitary sewage, the estimated volume may be established by the Director. The estimated volume shall be based on the number and type of plumbing fixture units contributing to the system along with any other flow information available which indicates the total volume of sanitary sewage.

(2) In the absence of an effluent meter, an influent meter shall be used, and total flow shall be based upon the influent meter reading.

(C) The BOD and TSS charges for CanSeg Line discharges shall be based on the measured or estimated BOD and TSS for each type of flow.

8. SEWER SERVICE CHARGE FOR SECONDARY SCALPING.

Secondary scalping service is anticipated to come online in Fiscal Year 2020/21. Each person receiving secondary scalping sewer service shall pay a maximum sewer service charge to the City. Resolution 2016-181 established the maximum monthly sewer service charges for secondary scalping customers, including the monthly account charges when that service becomes available, as listed in the table below. The City Council hereby accepts the annual report regarding and maintains the approved secondary scalping rates for that service when it becomes available.

Secondary Scalping Rates	
Category	Rate or Charge
Secondary Scalping Rates (these components are additive)	
Flow Charge (\$/Million gallons)	\$891.84
BOD Charge (\$/1,000 lbs)	\$98.25
TSS Charge (\$/1,000 lbs)	\$305.65
Annual Secondary Scalping Secondary Can Seg Capacity Charge (these components are additive)	
Flow (\$/Million gallons per day, maximum day capacity)	\$117,837.54
BOD (\$/lbs per day, maximum day capacity)	\$11.43
TSS (\$/lbs per, maximum day capacity)	\$27.29

(A) The usage-based charges for secondary scalping sewer services—flow, BOD, and TSS—are additive, such that the total monthly charge shall be based upon the amount of each component listed in the table above. In addition, customers who opt to have their wastewater processed through the secondary scalping system will be charged an annual fee labeled a “capacity fee” in the Study, in the amounts set forth in the table above.

(B) The monthly usage-based sewer service charges for secondary scalping sewer services shall be based in part on the number of millions gallons of total flow at the rates set forth in the table above.

(1) If a secondary scalping customer has an effluent meter for industrial flow measurement and a sanitary sewage meter, the total flow shall be the sum of the metered flows. If an secondary scalping customer has an unmetered connection for disposal of sanitary sewage, the estimated volume may be established by the Director. The estimated volume shall be based on the number and type of plumbing fixture units contributing to the system along with any other flow information available which indicates the total volume of sanitary sewage.

(2) In the absence of an effluent meter, an influent meter shall be used, and total flow shall be based upon the influent meter reading.

(C) The BOD and TSS charges for secondary scalping sewer services shall be based on the measured or estimated BOD and TSS for each type of flow.

9. SEWAGE TREATMENT FOR OUTSIDE PUBLIC AGENCIES.

Pursuant to agreements approved by the City Council, the City of Modesto will accept and treat sewage collected from sewer systems external to the City and the City's Sewer District No. 1. The City's charges for treatment of sewage collected from outside of the City and the City's Sewer District No. 1 are negotiated by the parties to and established in the agreements.

10. INFLATOR INDEX AND REASSESSMENT OF COST OF

SERVICE. The cost of service set forth above shall be re-examined not less than every four (4) years by professionals competent in the field. Such professionals shall provide a

report to the City updating both the fixed and volume based costs as appropriate and as recommended to the Council by the Director and Director of Finance. Beginning on July 1, 2017 and annually thereafter, the Director of Finance with the concurrence of the Director, shall have the authority to adjust the above rates by an amount not to exceed the not-seasonally-adjusted annual percentage increase in the April Consumer Price Index (CPI) for Urban Wage Earners and Clerical Workers for the San Francisco CMSA that is currently prepared by the Department of Finance.

11. EFFECTIVE DATE. This Resolution shall go into effect and be in full force and operation immediately. The previously approved schedule of rates for Fiscal Year 2018-19, as set forth above, shall go into effect on July 1, 2018.

12. ANNUAL REVIEW OF ADOPTED RATE INCREASES. As set forth in Resolution No. 2016-181, the City Council shall conduct an annual review of each adopted sewer rate increase prior to its implementation for fiscal years beginning after June 30, 2017. Said review shall be completed by the City Council at least sixty (60) days in advance of the new sewer rate becoming effective. The rates shown in Resolution 2016-181 shall be implemented on the dates shown unless City Council takes action otherwise.

13. SEVERABILITY. The rates, charges, and all portions of this Resolution are severable. Should any of the rates or any portion of this Resolution be adjudged to be invalid and unenforceable by a body of competent jurisdiction, the remaining rates, charges and/or portions of the resolution shall be and continue in full force and effect, except as to those rates, charges and/or portions of this Resolution that have been adjudged invalid. This City Council declares that it would have adopted this Resolution

irrespective of the invalidity of any particular portion thereof and intends that the invalid portions should be severed and the balance of this Resolution be enforced.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of March, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2018-133**

RESOLUTION APPROVING AN AGREEMENT WITH RALPH ANDERSEN AND ASSOCIATES IN THE AMOUNT NOT TO EXCEED \$71,500 TO CONDUCT THE RECRUITMENT FOR DIRECTOR OF COMMUNITY AND ECONOMIC DEVELOPMENT, CHIEF BUILDING OFFICIAL AND TRAFFIC ENGINEER AND AUTHORIZING THE INTERIM CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE AN AGREEMENT

WHEREAS, the Director of Community and Economic Development, Chief Building Official, and Traffic Engineer are critical staff needed to meet the City's strategic commitments, and

WHEREAS, the Director of Community and Economic Development, Chief Building Official and Traffic Engineer positions are currently vacant and are identified as critical positions and difficult to fill, and

WHEREAS, the Director of Human Resources has received four proposals from executive recruitment firms, and

WHEREAS, staff recommends the City retain the services of Ralph Andersen and Associates to conduct the recruitments because of their previous successful recruitments, and

WHEREAS, consultant's professional fee of \$25,000 for the Director recruitment plus a discounted amount of \$23,500 for the Chief Building Official and a further discounted fee of \$23,000 for the Traffic Engineer will total \$71,500 for these recruitments, and

WHEREAS, in addition to these professional fees, the City is responsible for all candidate expenses related to on-site interviews.

NOW, THEREFORE BE IT RESOLVED that the City Council of the City of Modesto hereby approves an agreement with Ralph Andersen and Associates in the amount not to exceed \$71,500, to conduct the recruitment for Director of Community and Economic Development, Chief Building Official and Traffic Engineer.

BE IT FURTHER RESOLVED, that the Interim City Manager, or his designee, is authorized to execute an agreement, in a form approved by the City Attorney.

**RESOLUTION APPOINTING MONICA HOUSTON AS CITY AUDITOR,
APPROVING A CITY AUDITOR EMPLOYMENT AGREEMENT, SETTING
TERMS OF EMPLOYMENT, SALARY AND BENEFITS AND AUTHORIZING
THE MAYOR, OR HIS DESIGNEE TO EXECUTE THE AGREEMENT**

WHEREAS, the City Auditor provides independent oversight of City operations through conduct of performance audits, and other audit work as directed by Council; and

WHEREAS, it was determined, as part of the Fiscal Year 2017-2018 budget process, that the City Auditor will be recruited for employment; and

WHEREAS, the City Auditor will be directly responsible to the City Council to improve City government and would manage the City's auditing duties; and

WHEREAS, the City Council now desires to appoint Monica Houston to serve as City Auditor, pursuant to the terms of her Employment Agreement that will be presented at the Council meeting.

NOW, THEREFORE, BE IT RESOLVED, the City Council of the City of Modesto hereby resolves that:

1. Monica Houston is hereby appointed as City Auditor, pursuant to the terms of the Employment Agreement.
2. While employed as City Auditor, Ms. Houston shall perform the functions, duties and exercise all the powers of the City Auditor specified in the City Auditor job description/classification of the City of Modesto Charter and Municipal Code.

BE IT FURTHER RESOLVED, that the Mayor, or his designee is authorized to execute the Agreement, in a form approved by the City Attorney.

RESOLUTION NO. 2018-137**

RESOLUTION APPROVING THE AWARD OF BID AND ISSUANCE OF A PURCHASE ORDER TO DOCON, INC., MODESTO, CA, IN THE AMOUNT OF \$25,894 FOR THE JOHN THURMAN FIELD SHADE NETTING PROJECT, AND AUTHORIZING THE PURCHASING MANAGER, OR HER DESIGNEE, TO ISSUE A PURCHASE ORDER

WHEREAS, Council approved an agreement with HWS Baseball, IV. LLC, operating as The Modesto Nuts (NUTS) for the use, operation and management of John Thurman Field by Resolution 2016-503, and

WHEREAS, Council also established a fund for capital improvements to be made to the stadium by Resolution 2016-504, and

WHEREAS, the list of 2018 capital improvements were reviewed by Council on October 24, 2017, and

WHEREAS, Council amended the fiscal budget by Resolution 2017-413 to fund CIP Project #101019, and

WHEREAS, installing shade netting fabric was determined to be one of the top priority projects to complete prior to the 2018 season, and

WHEREAS, the project was bid on February 1, 2018, and

WHEREAS, DOCON, Inc. of Modesto, CA was the only bidder to respond to the bid request, and

WHEREAS, the one bid was determined to be reasonable and fair, and

WHEREAS, DOCON, Inc. was also awarded a purchase order to install premium seating at John Thurman Field, and

WHEREAS, the two projects for DOCON, Inc. would constitute combined projects totaling more than \$50,000.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves award of the bid to DOCON, Inc. for shade netting fabric at John Thurman Field in the amount of \$25,894.

BE IT FURTHER RESOLVED, that the Purchasing Manager, or her designee, is authorized to issue a purchasing order.

WHEREAS, on March 2, 2010, by Resolution 2010-076, Council approved the results and recommendation of staff for the purchase of an Automated Parking System for the City Garages, and

WHEREAS, on June 6, 2017, by Resolution 2017-209, Council approved an agreement with Amano McGann, Inc. for software and back office hardware for continued Payment Card Industry (PCI) compliance, and

WHEREAS, the PCI agreement did not include the other approximately 54 pieces of equipment, such as gates, dispensers, pay stations, readers, validators, intercoms, and signs that are in the parking system. This agreement would allow Parking Services to purchase necessary parts and occasional onsite service as necessary. Parking Services staff does 99% of field repairs with an occasional need for factory-trained personnel, and

WHEREAS, this sole source procurement agreement for parking garage automated system equipment and field services from Amano McGann, Inc., Roseville, MN, for a four year Agreement with an annual cost not to exceed \$45,000, and a total cost not to exceed \$180,000, and

WHEREAS, sufficient funds are budgeted annually in the following appropriation unit: 4000-53250-51350, and

WHEREAS, Modesto Municipal Code (MMC) Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment, or contractual services to be formally bid. However, Modesto Municipal Code (MMC) Section 8-3.204(b) states one exception to the formal bid process is “where the Purchasing Agency’s requirements can be met solely by a single article or process”, and

WHEREAS, the purchase of equipment and parts that are available only from the original equipment manufacturer conforms to the MMC 8.3-204(b) as the Purchasing Manager has determined that this purchase meets the sole source requirements. Another exception is under, Modesto Municipal Code Section 8-3.203(d) when the Purchasing Manager, in his or her discretion, determines that a process other than the formal bid procedure set forth in Section 8-3.203 will result in a procurement for the City at the lowest possible cost commensurate with the desired quality. Acting within her discretion, the Purchasing Manager invoked these exceptions for this agreement.

NOW, THEREFORE, BE IT RESOLVED the sole source procurement for parking garage automated system equipment and field services from Amano McGann, Inc., Roseville, MN, for a four year Agreement with an annual cost not to exceed \$45,000, and a total cost not to exceed \$180,000.

BE IT FURTHER RESOLVED, that the Purchasing Manager, or her designee, is authorized to issue the purchasing agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of April, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-141**

RESOLUTION APPROVING THE PURCHASE OF NINE BMW POLICE MOTORCYCLES FROM CYCLE SPECIALTIES, MODESTO, CA FOR A TOTAL COST NOT TO EXCEED \$256,576, AND AUTHORIZING THE PURCHASING MANAGER, OR HER DESIGNEE, TO ISSUE THE PURCHASE AGREEMENT

WHEREAS, the purchase of nine BMW police motorcycles are replacement units and will be used by the Modesto Police Department, and

WHEREAS, replacement units are essential in maintaining current operations, facilities and/or services for the Police Department, and

WHEREAS, these units will replace traffic motorcycles that will reach their mileage cap this fiscal year and will replace units that have been involved in a collision and are considered a total loss, and

WHEREAS, the Purchasing Division issued RFB 1718-12 for the purchase of four BMW police motorcycles on the City's website and one company chose to respond, and

WHEREAS, four units were originally bid that were budgeted in Fiscal Year 2016-2017, and five additional units have been budgeted in Fiscal Year 2017-2018, and

WHEREAS, in addition, per RFB 1718-12, Technical Specifications and Requirements, page 33 (9) Supplementary Orders states: The Department retains the right to place supplementary orders, either upon issuance of the Purchase Order or by a Purchase Order change within 120 calendar days after the Purchase Order date. In the event the Department exercises such increase option, the vendor shall agree to furnish to the Department the additional quantity of units ordered at the bid price, and

WHEREAS, based on providing the overall lowest responsive and responsible

bid, staff recommends the award of bid for the purchase of nine BMW police motorcycles to Cycle Specialties, Modesto, CA for a total not to exceed \$256,576, and

WHEREAS, sufficient funds for four replacement BMW motorcycles have been encumbered Fiscal Year 2016-2017 and five replacement BMW motorcycles were budgeted in Fiscal Year 2017-2018 in the Fleet Replacement Fund No: 5409-53246-57003. Funding for these vehicles was collected through the Internal Service Fund (ISF) via straight-line depreciation over the life of the vehicles.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the award of nine BMW police motorcycles to Cycle Specialties, Modesto, CA for a total not to exceed \$256,576.

BE IT FURTHER RESOLVED that the Purchasing Manager, or her designee, is hereby authorized to issue this purchasing agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of April, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION APPROVING THE PURCHASE OF ONE NEW MINI EXCAVATOR FROM VOLVO CONSTRUCTION EQUIPMENT AND SERVICES, TURLOCK, CA FOR A TOTAL COST NOT TO EXCEED \$50,390, AND AUTHORIZING THE PURCHASING MANAGER, OR HER DESIGNEE, TO ISSUE THE PURCHASE AGREEMENT

WHEREAS, the purchase of one new mini excavator from Volvo Construction Equipment and Services, Turlock, CA for a total cost not to exceed \$50,390, will be a new addition to the City's fleet equipment and used by the Utilities Department, and

WHEREAS, the Utilities Department is currently renting this piece of equipment for State mandated water meter installation program and is needed indefinitely, and

WHEREAS, continuing to rent this piece of equipment through the completion of this piece of equipment will far exceed the purchase price, and

WHEREAS, this equipment will also be utilized to complete water system maintenance and other Capital Improvement Projects where access is limited to smaller equipment, and

WHEREAS, the Purchasing Division issued RFB 1718-20 for the purchase of one new mini excavator on the City's website and five companies chose to respond, and

WHEREAS, all five companies provided responsive and responsible bids, and software was a critical component of the bid documents, based on providing the overall lowest responsive and responsible bid, staff recommends the award of bid for the purchase of one new mini excavator to Volvo Construction Equipment and Services, Turlock, CA for a total not to exceed \$50,390, and

NOW THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the award of one mini excavator to Volvo Construction

Equipment and Services, Turlock, CA for a total cost not to exceed \$50,390.

BE IT FURTHER RESOLVED that the Purchasing Manager, or her designee, is hereby authorized to issue this purchasing agreement.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-143**

RESOLUTION APPROVING A GRANT OF TEMPORARY CONSTRUCTION EASEMENT TO THE CITY OF TURLOCK FOR 1.13 ACRES (49,439 SQUARE FEET) PORTION OF REAL PROPERTY, LOCATED AT 4000 WEST MAIN AVENUE IN MODESTO (APN 058-001-001), FOR THE NORTH VALLEY REGIONAL RECYCLED WATER PROJECT, AND AUTHORIZING THE INTERIM CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE GRANT OF TEMPORARY CONSTRUCTION EASEMENT

WHEREAS, the City of Modesto is the lead agency for the North Valley Regional Recycled Water Project (the Project), and

WHEREAS, the Project will convey treated wastewater via pipeline from the City's Jennings Treatment Facilities to the Delta-Mendota Canal via a new pump station and underground pipelines, to serve irrigation customers of the Del Puerto Water District (DPWD), and

WHEREAS, the City of Turlock is a participant in the project and will deliver treated wastewater from Turlock to the Jennings Treatment Facilities pump station via pipeline, located at Jennings Ranch in Modesto (APN 022-001-005), and

WHEREAS, on March 6, 2018 by Resolution 2018-105 the City of Modesto approved an easement agreement with Turlock to route its pipeline through Modesto's Jennings Ranch to Modesto's North Valley Regional Recycled Water Treatment Pump Station, and

WHEREAS, Turlock's treated wastewater will be added to Modesto's treated wastewater and delivered to the Del Puerto Water District's Delta-Mendota Canal, and

WHEREAS, on July 7, 2015 by Resolution 2015-239, Modesto certified the Final Master Environmental Impact Report for the North Valley Regional Recycled Water Project in accordance with the California Environmental Quality Act (CEQA), and

WHEREAS, the City of Modesto, the owner of the Subject Property, has agreed to grant to the City of Turlock a Temporary Construction Easement to allow an area for material staging and other construction activities on a 1.13 acres (49,439 square feet) portion of City of Modesto's property adjacent to West Main Avenue in Jennings Ranch, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Grant of Temporary Construction Easement to the City of Turlock for a temporary construction easement, over 1.13 acres (49,439 square feet) area of the Subject Property located at Jennings Ranch in Modesto (APN 058-001-001), for the North Valley Regional Recycled Water Project.

BE IT FURTHER RESOLVED that the Interim City Manager, or his designee, is hereby authorized to execute the Grant of Temporary Construction Easement, and all related documents required.

RESOLUTION NO. 2018-144**

RESOLUTION APPROVING THE PLANS AND SPECIFICATIONS FOR THE DEL RIO REPLACEMENT WELL 271 PROJECT, ACCEPTING THE BID, AND APPROVING A CONTRACT WITH NOR-CAL PUMP & WELL DRILLING, INC. OF YUBA CITY, CA IN THE AMOUNT OF \$426,417, AND AUTHORIZING THE INTERIM CITY MANAGER OR HIS DESIGNEE, TO EXECUTE THE CONTRACT

WHEREAS, specifications have been prepared for the Del Rio Replacement Well 271 Project, and City staff recommends approval by the City Council, and

WHEREAS, the bids received for the Del Rio Replacement Well 271 Project were opened at 11:00 a.m. on February 13, 2017 for the consideration of the Council, and

WHEREAS, the Director of Utilities has recommended that the bid of \$426,417 received from Nor-Cal Pump & Well Drilling, Inc., be accepted as the lowest responsible and responsive bid and the contract be awarded to Nor-Cal Pump & Well Drilling, Inc.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the specifications for the Del Rio Replacement Well 271 Project, accepts the bid of \$426,417, and awards Nor-Cal Pump & Well Drilling, Inc. of Yuba City, CA, the contract for the Del Rio Replacement Well 271 Project.

BE IT FURTHER RESOLVED that the Interim City Manager, or his designee, is hereby authorized to execute the contract.

AUTHORITY TO ISSUE CHANGE ORDERS FOR THE DEL RIO
REPLACEMENT WELL 271 PROJECT FROM 10 PERCENT (\$42,642) TO 25
PERCENT (\$106,604) OF THE CONSTRUCTION CONTRACT AMOUNT**

WHEREAS, on April 3, 2018, the City Council is concurrently awarding a \$426,417 contract Nor-Cal Pump & Well Drilling, Inc., of Yuba City, CA, for the construction of the Del Rio Replacement Well 271 Project, and

WHEREAS, the City owns and operates the outlying water system in the community of Del Rio, and

WHEREAS, given the nature of the project, additional work may be needed to address unexpected conditions that require changes in project scope that may exceed the Director's change order authority of 10%, as established by the Council's Change Order Approval Policy adopted by Resolution No. 94-443, and

WHEREAS, the Director of Utilities currently has authority to approve change orders up to a cumulative amount of 10% (\$42,642), and

WHEREAS, staff recommends that the Director's change order authority be increased to 25% (\$106,604).

NOW, THEREFORE BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Director of Utilities to issue change orders for the Del Rio Replacement Test Well Project from 10 percent (\$42,642) to 25 percent (\$106,604) of the construction contract.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-146**

RESOLUTION IN SUPPORT OF THE REDUCING CRIME AND KEEPING CALIFORNIA SAFE ACT OF 2018

WHEREAS, in 2011, Assembly Bill (AB) 109, Public Safety Realignment, was passed in California in order to comply with a federal court order to reduce the California prison population by altering the criminal justice system and shifting housing for low level offenders from state prisons to local county jails, and transferring the community supervision of designated parolees from the California Department of Corrections and Rehabilitation (CDCR) to local county probation departments; and

WHEREAS, in 2014 Proposition 47, the Safe Neighborhoods and Schools Act was passed as a follow-up to AB 109 to reduce prison spending and further reduce the prison population, which resulted in reduced penalties for certain “non-serious, non-violent crimes” from felonies to misdemeanors, and allowed certain offenders for one or more of the specified crimes, to apply for a reduced sentence; and

WHEREAS, Proposition 47 created a Safe Neighborhoods and Schools Fund that would receive appropriations based on the state savings; and

WHEREAS, since the passage of these legislations, California has had the largest increase in violent crime compared to the rest of the nation, and second highest increase in theft and property crimes between 2014 and 2016; and

WHEREAS, in 2015, the value of stolen property totaled \$2.5 billion, a 13% increase from 2014, according to the California Department of Justice; and

WHEREAS, in October 2017, a statewide ballot measure was filed with the Secretary of State by the California Public Safety Partnership (CAPSP), public safety

leaders, crime victims, child advocates and business leaders, in an attempt to fix the problems brought forth by recent criminal justice reforms; and

WHEREAS, the Reducing Crime and Keep California Safe Act of 2018 seeks to address the unintended consequences of previous California legislation and increase opportunities for rehabilitation, while lowering recidivism and incarceration rates; and

WHEREAS, revisions will include reforms to laws so felons who violate the terms of their release be brought back to court and held accountable for such violations, enact reforms for those who repeatedly steal to support their drug problem requiring them to enter into existing drug treatment programs, restores DNA collection from persons convicted of theft and drug offenses, and protects safeguards that protect the privacy of individuals by allowing for the removal of their DNA profile if they are not charged with a crime, are acquitted or are found innocent.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby supports the Reducing Crime and Keeping California Safe Act of 2018.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of April, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-154**

RESOLUTION APPROVING A HOMEBUYER ASSISTANCE LOAN IN AN AMOUNT NOT TO EXCEED \$60,000, INCLUDING GAP FINANCING AND RELATED CLOSING COSTS, FOR LORENZO VILLEGAS AND ANA VILLEGAS FOR THE PURCHASE OF PROPERTY LOCATED AT 2324 DORA STREET, MODESTO, CALIFORNIA, 95354, AND AUTHORIZING THE INTERIM CITY MANAGER OR HIS DESIGNEE, TO EXECUTE THE DOCUMENTS

WHEREAS, the City established the Down Payment Assistance Program in 1994 funded with Housing and Urban Development funds to assist low- and moderate- income households to enter into homeownership, and

WHEREAS, on January 24, 2017, by Resolution 2017-28, the Housing and Urban Development Policies and Procedures Manual was updated to increase the amount the borrower could request based upon Home Investment Partnership Program (HOME) funding guidelines, such as, area median income (AMI) limits, and minimum required contributions to closing costs, and

WHEREAS, the Homebuyer Assistance Program is designed to assist qualifying First Time Homebuyers whose income is 80% or below the Area Median Income, and

WHEREAS, eligible costs include up to \$60,000 in gap financing, up to five percent (5%) of the purchase price may be used to pay non-recurring closing costs, and

WHEREAS, financial assistance is available in the form of low interest loans, secured by Deeds of Trust and recorded against the property for 30 years, and

WHEREAS, on December 7, 2017, Ana Villegas, the applicant, met with staff and submitted an application for the Homebuyers Assistance Program in the amount of \$60,000, and

WHEREAS, Staff reviewed the application and conditionally approved the application based on the requirements listed in Housing and Urban Development Policies and Procedures Manual, and

WHEREAS, the approved homebuyer identified the property at 2324 Dora Street, Modesto, CA 95350 as a potential home purchase, and

WHEREAS, staff completed an assessment of the property including a Housing Quality Standards Inspection, and an Environmental Assessment, and

WHEREAS, the Homebuyer Assistance Program request of \$60,000 for gap financing and closing costs for 2324 Dora Street was presented to the Housing Rehabilitation Loan Committee on March 22, 2018 and recommended for approval, and

WHEREAS, the loan will be secured on the property through a deed of trust and shall accrue interest at a rate of 3% simple interest for the first 20 years, and zero percent interest for the remaining 10 year terms, and

WHEREAS, the payment is deferred for 30 years, but voluntary payments are encouraged, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Homebuyer Assistance Loan in an amount not to exceed \$60,000, including gap financing and related closing costs, for Lorenzo Villegas and Ana Villegas for the purchase of property located at 2324 Dora Street, Modesto, California, 95354.

BE IT FURTHER RESOLVED that the Interim City Manager or his designee, is hereby authorized to execute the documents, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-155**

**RESOLUTION AMENDING THE FISCAL YEAR 2017-2018 ANNUAL
OPERATING AND CAPITAL IMPROVEMENT PROJECT FUND BUDGETS**

WHEREAS, a financial analysis has been completed and it has been determined that a budget adjustment is required to the Annual and Capital Improvement Budgets of the City of Modesto for Fiscal Year 2017-18,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the Fiscal Year 2017-18 Annual Operating and Capital Improvement budget as shown in **Exhibit A**, which is **attached** hereto and incorporated by reference herein.

BE IT FURTHER RESOLVED that the Interim City Manager, or his designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

EXHIBIT A

FISCAL YEAR 2017-18

POLICE DEPARTMENT

A budget adjustment is necessary to amend the Stanislaus Drug Enforcement Agency (SDEA) budget as approved in Fund 6600, JPA - SDEA Fund, by the SDEA board on 2/21/18 which included removing Modesto Police Department (MPD) Officers as of 12/26/17. SDEA's Operation revenues are decreased by \$398,857 and the expenses are decreased by \$423,546. SDEA's Grant revenue and expenses are decreased by \$89,476. Also increasing General Fund for Salary and Benefits in MPD Investigative Services for 6 months of 1 Police Officer in the amount of \$97,542 and MPD Field Operations for 6 months of 1 Police Lieutenant in the amount of \$108,009.

UTILITIES

A budget adjustment in the amount of \$1,512,000 is needed to establish a new Capital Improvement Project (CIP) and amend the FY17-18 CIP Budget in the Wastewater Fund, 4210, for Crows Landing Sewer Trunk (CIP# 101100). This project will replace the existing 30-inch diameter Crows Landing Sewer Trunk located east of the Tuolumne River and west of Crows Landing Road. Based on inspection, the trunk line shows excessive signs of corrosion and deterioration and need of immediate replacement.

A budget adjustment in the amount of \$737,000 is needed to establish a new Capital Improvement Project (CIP) and amend the FY17-18 CIP Budget in the Wastewater Fund, 4210, for Stan-Food CSL Trunk Replacement (CIP# 101101). This project will replace the existing 24-inch diameter cannery segregation trunk line that serves Stanislaus Food as well as the Parshall Flume used for flow measuring. The trunk line is located on 12th Street and Morton Blvd. Based on inspection, the trunk line shows excessive signs of corrosion and deterioration. Design needs to be expedited to allow construction following cannery season.

A budget adjustment in the amount of \$1,300,000 is needed to establish a new Capital Improvement Project (CIP) and amend the FY17-18 CIP Budget in the Wastewater Fund, 4210, for River Trunk Section Repair (CIP# 101103). This project will replace the existing 36-inch diameter section of the River Trunk that was installed as an emergency repair in 2017. Due to a collapse in the River Trunk, approximately 1100 feet of 36-inch diameter pipe was inserted into the existing 48-inch diameter pipe as a temporary repair to maintain service of the trunk line. The reduction in pipe size has created capacity limitations. This project will provide the permanent repair with appropriate diameter pipe.

A budget adjustment in the amount of \$2,127,000 is needed to establish a new Capital Improvement Project (CIP) and amend the FY17-18 CIP Budget in the Wastewater Fund, 4210, for West Trunk Crossing HWY 132 (CIP# 101102). This project will replace the existing 54-inch diameter West Trunk crossing at the proposed Highway 132 West alignment as well as install a secondary parallel trunk line for redundancy and reliability.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-156**

RESOLUTION APPROVING A LEASE AGREEMENT WITH SUZANNE MCELROY FOR THE MODESTO POLICE DEPARTMENT PROPERTY AND EVIDENCE BUILDING LOCATED AT 1124 F STREET, MODESTO, CA FOR AN AMOUNT NOT TO EXCEED \$3,300 MONTHLY, \$39,600 ANNUALLY AND \$198,000 OVER THE FIVE-YEAR TERM AND AUTHORIZING THE INTERIM CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE LEASE AGREEMENT

WHEREAS, the City leases property at 1124 F Street for the Police Department's Property and Evidence Building; and

WHEREAS, the current lease was a five year lease with Roger McElroy, for \$3,300 monthly and expired on April 30, 2018; and

WHEREAS, Roger McElroy passed away on November 10, 2015, transferring ownership of the property to his surviving spouse, Suzanne McElroy; and

WHEREAS, the new lease agreement will be a five-year term, for an amount not to exceed \$3,300 monthly, \$39,600 annually.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Modesto that it hereby approves the Lease Agreement with Suzanne McElroy for the Modesto Police Department Property and Evidence Building located at 1124 F Street, Modesto, CA, for an amount not to exceed \$3,300 monthly, \$39,600 annually, and \$198,000 over the five-year term.

BE IT FURTHER RESOLVED that the Interim City Manager, or his designee, is hereby authorized to execute the lease agreement in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-157**

**RESOLUTION DECLARING THE CITY-OWNED PARCEL LOCATED ON 119
G STREET IN EMPIRE (APN 133-016-007) AS SURPLUS PROPERTY**

WHEREAS, the City of Modesto owns real property in Empire, and

WHEREAS, the property is located on 119 G Street, with an APN of 133-016-007, and

WHEREAS, the property contains an area of approximately 14,000 square feet, and

WHEREAS, this property was originally purchased in 1995 as part of the purchase of several properties from Del Este Water Co and was used as City Well Site 311, and

WHEREAS, the well is no longer in use and has been destroyed and the property has been cleared of all equipment and is now vacant, and

WHEREAS, there are no other current or future uses for this property by the City, and

WHEREAS, other public agencies were notified of leasing or purchasing the property as required by Government Code 54222 and no replies were received, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the real property located on 119 G Street (APN 133-016-007) be declared as surplus property.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-158**

RESOLUTION APPROVING A PURCHASE AND SALE AGREEMENT WITH MARK LITTLE AND JOAN LITTLE, HUSBAND AND WIFE, FOR SALE OF 14,000 SQUARE FEET OF SURPLUS REAL PROPERTY, LOCATED AT 119 G STREET, IN EMPIRE, (APN 133-016-007), AND AUTHORIZING THE INTERIM CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT, THE GRANT DEED AND ALL RELATED DOCUMENTS REQUIRED TO CLOSE ESCROW

WHEREAS, the City of Modesto has a number of older well sites, and

WHEREAS, certain well sites eventually become unusable due to age and increased maintenance factors, and

WHEREAS, well 311 was purchased as an operational well from the Del Este Water Company in 1995, and

WHEREAS, well 311 reached its operational life in 2004 and was destroyed according to requirements of the Modesto Municipal Code and California Well Standards Bulletin 74-90 (Supplement to Bulletin 74-81), and

WHEREAS, the surplus parcel was listed for sale with the City's real estate broker and a buyer has agreed to purchase the property for \$40,000 and has placed a purchase deposit, and

WHEREAS, an agreement is needed for the sale of the property to the buyer and City staff recommends approving the Purchase and Sale Agreement for sale of the property.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Purchase and Sale Agreement with Mark Little and Joan Little, for the sale of the property for \$40,000, consisting of approximately 14,000 square feet, located at 119 G Street in Empire (APN 133-016-007).

BE IT FURTHER RESOLVED that the Interim City Manager, or his designee, is hereby authorized to execute the Agreement, the Grant Deed, and all related documents required to close escrow.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-159**

RESOLUTION CONFIRMING DETACHMENT OF A NON-CONTIGUOUS CITY PROPERTY LOCATED AT 119 G STREET IN EMPIRE (APN 133-016-007), REVERTING THE PROPERTY BACK TO UNINCORPORATED STATUS WITHIN THE COUNTY OF STANISLAUS AND AUTHORIZING APPLICATION TO THE STANISLAUS LOCAL AGENCY FORMATION COMMISSION TO ANNEX THE TERRITORY BACK TO THE STANISLAUS CONSOLIDATED FIRE PROTECTION DISTRICT AND AUTHORIZING THE INTERIM CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE ANY AND ALL NECESSARY DOCUMENTS REQUIRED FOR CITY DETACHMENT AND APPLICATION FOR ANNEXATION TO THE STANISLAUS CONSOLIDATED FIRE PROTECTION DISTRICT

WHEREAS, the City of Modesto owns real property on 119 G Street in Empire (APN 133-016-007), and

WHEREAS, this property was purchased by the City from the Del Este Water Company in 1995 for Well Site No. 311, and

WHEREAS, the property was approved for non-contiguous annexation into the City of Modesto's boundaries by the Stanislaus Local Agency Formation Commission Resolution 2000-09, effective August 22, 2000, and included simultaneous detachment from the Stanislaus Consolidated Fire Protection District, and

WHEREAS, Well Site No. 311 was abandoned and destroyed in accordance with the Modesto Municipal Code and California Well Standards, and

WHEREAS, the property is now surplus and sold by the City, and

WHEREAS, Government Code Section 56742(g) requires the City of Modesto to adopt a resolution confirming the detachment of the non-contiguous property, and

WHEREAS, detachment of the property from the City also necessitates an application to annex the territory back to the jurisdiction of the Stanislaus Consolidated Fire Protection District, and

WHEREAS, pursuant to the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000, commencing with Section 56000 of the Government Code, the City of Modesto, as an affected agency, may initiate proceedings with the Stanislaus Local Agency Formation Commission, for the annexation of the territory to the Stanislaus Consolidated Fire Protection District, and

WHEREAS, the detachment of territory from the City and annexation to the Stanislaus Consolidated Fire Protection District are considered exempt from the California Environmental Quality Act under the General Rule, Section 15061(b)(3) as it can be seen with certainty that there will not be a significant effect on the environment.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes and confirms the detachment of the property from the City limits upon sale of the property.

BE IT FUTHER RESOLVED by authorizing the Interim City Manager, or his designee, to execute any and all necessary documents required for City detachment and application for annexation to the Stanislaus Consolidated Fire Protection District.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2018-160**

RESOLUTION REJECTING ALL BIDS FOR THE MODESTO POLICE DEPARTMENT'S HEATING, VENTING AND AIR CONDITIONING RENOVATION PROJECT FOR THE DEPARTMENT'S OPERATIONS BUILDING AND AUTHORIZING STAFF TO RE-ADVERTISE THE PROJECT AT A FUTURE DATE WITH AN AMENDED SCOPE OF WORK

WHEREAS, the bids received for the Modesto Police Department Heating, Venting and Air Conditioning Renovation Project (Operations Building) were opened at 11:00 a.m. on April 3rd, 2018, and later tabulated by the Director of Utilities for the consideration of the Council, and

WHEREAS, the one bid was 67.29% above the engineer's estimate, and was determined to be non-responsive due to a material irregularity, and

WHEREAS, the Utilities Department staff determined that it would be in the best interest of the City to reject all bids and re-advertise the project to clarify the scope of work and evaluate options to reduce construction costs, and,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby rejects all bids received for the Modesto Police Department's Heating, Venting and Air Conditioning Renovation Project for the Departments Operations Building

BE IT FURTHER RESOLVED that staff is hereby authorized to re-advertise the project at a future date with an amended scope of work.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-161**

RESOLUTION APPROVING ADDITIONAL ONE-TIME SOFTWARE IMPLEMENTATION COSTS ASSOCIATED WITH THE COMPUTERIZED MAINTENANCE MANAGEMENT SYSTEMS FROM LUCITY, INC., OVERLAND PARK, KS, FOR \$4,500, AND ESRI GIS FROM ENVIRONMENTAL SYSTEMS RESEARCH INSTITUTE, INC., REDLANDS, CA, FOR \$17,200, AND AUTHORIZING THE PURCHASING MANAGER, OR HER DESIGNEE, TO EXECUTE A PURCHASE AGREEMENT

WHEREAS, on January 12, 2016, by Resolution No. 2016-08, Council approved an agreement with Lucity Inc., Overland Park, KS (Lucity), for the purchase and implementation of a Computerized Maintenance Management System (CMMS) for Wastewater Collections to improve critical business processes using the most effective and efficient system to support utility operations, and

WHEREAS, in March 2017, the implementation of the Lucity CMMS was completed and included the use of Lucity Mobile which provides crews within Wastewater Collections the ability to receive, create, and complete work orders in real time at the work location, and

WHEREAS, the Lucity CMMS is fully integrated with the City's Graphical Information System (GIS), which enables crews to display work orders on a GIS map of the city and thus greatly increases work efficiencies, and

WHEREAS, by using the Lucity CMMS, Wastewater Collections can now effectively manage assets, respond to customer requests, conduct preventive maintenance, and manage work orders related to the sanitary sewer and storm drainage systems, and

WHEREAS, on March 13, 2018, by Resolution No. 2018-117, Council approved the procurement of a Utilities Department enterprise license and the implementation of

two Computerized Maintenance Management Systems for the Water Division and Wastewater Environmental Compliance Section with Lucity, Inc., Overland Park, KS, for an initial cost of \$276,075, and a total cost not to exceed \$439,100 over five years, and

WHEREAS, also by Resolution No. 2018-117, Council approved the procurement of a department enterprise license for ESRI GIS from Environmental Systems Research Institute, Inc., Redlands, CA, for an initial cost of \$60,000, and a total cost not to exceed \$310,000, and

WHEREAS, since the Council's approval of the enterprise licenses for Lucity and ESRI GIS, IT staff discovered the software implementation costs were inadvertently left off to install and configure a new ESRI department enterprise license as well as ensuring the new Portal environment necessary for the mapping component for Lucity, and

WHEREAS, the cost for the ESRI department enterprise configuration is \$17,200, additionally, to ensure proper integration of the ESRI configuration, IT Staff is requesting additional Lucity on-site support for \$4,500, and

WHEREAS, total additional one-time costs will be \$21,700, and

WHEREAS, the ESRI department enterprise licensing scheme is a completely separate and brand new environment/format from our existing City of Modesto GIS, and

WHEREASE, IT Staff will need to have ESRI/Lucity staff onsite to make sure the new environments are setup correctly and are able to communicate with each other as well as the existing City of Modesto GIS; this will ensure a successful roll out of Lucity application, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the additional one-time software implementation costs associated

with the Computerized Maintenance Management Systems from Lucity, Inc., Overland Park, KS, for \$4,500, and ESRI GIS from Environmental Systems Research Institute, Inc., Redlands, CA, for \$17,200, and

BE IT FURTHER RESOLVED, that the Purchasing Manager, or her designee, is hereby authorized to execute a purchase agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-165**

RESOLUTION AUTHORIZING SUBMITTAL OF A GRANT APPLICATION TO SEEK GRANT FUNDING FOR THE STATE ACTIVE TRANSPORTATION PROGRAM CYCLE 4 GRANT IN THE AMOUNT OF \$4,800,000 FOR THE ENCINA AVENUE AND LINCOLN AVENUE PEDESTRIAN/BICYCLE TRAIL CORRIDOR PROJECT AND AUTHORIZING THE INTERIM CITY MANAGER, OR HIS DESIGNEE, TO CONDUCT ALL NEGOTIATIONS, EXECUTE AND SUBMIT ALL DOCUMENTS

WHEREAS, the State Active Transportation Program was created by Senate Bill 99 (Chapter 359, Statutes of 2013) and Assembly Bill 101 (Chapter 354, Statutes of 2013) to encourage increased use of active modes of transportation, such as biking and walking, and

WHEREAS, Pursuant to the statutes, the goals of the Active Transportation Program are to:

- Increase the proportion of trips accomplished by biking and walking
- Increase the safety and mobility of non-motorized users
- Advance the active transportation efforts of regional agencies to achieve greenhouse gas reduction goals as established pursuant to Senate Bill 375 (Chapter 728, Statutes of 2008) and Senate Bill 391 (Chapter 585, Statutes of 2009)
- Enhance public health, including reduction of childhood obesity through the use of programs including, but not limited to, projects eligible for Safe Routes to School Program funding
- Ensure that disadvantaged communities fully share in the benefits of the program

WHEREAS, staff is seeking approval to submit a grant application for State Active Transportation Program Cycle 4 grant funding in the amount of \$4,800,000 by proposing a 2.6 mile pedestrian/bicycle path East-West along Encina Avenue from N. Conejo Avenue to Lincoln Avenue and North-South along Lincoln Avenue from Dry Creek Trail to Yosemite Boulevard, and

WHEREAS, all improvements are planned to be within existing public right-of-way with no anticipated land acquisition, and

WHEREAS, the ATP Cycle 4 grant program is competitive and requires an extensive application with considerable community engagement. This application will be prepared by a consultant that will be selected from a pre-qualified consultant list approved by Council on November 14, 2017 by Resolution No. 2017-439. The consultant/City Staff will utilize \$35,000 from the CFF-Air Quality fund to complete the application process, and

WHEREAS, as part of the application process, staff will conduct community outreach meetings which are intended for citizens, stakeholders and school representatives from within the project area to identify and discuss pedestrian and traffic calming project improvements. Schools include Capistrano Elementary, El Vista Elementary and La Loma Junior High, and

WHEREAS, on March 1, 2018 staff presented to the Citizens Transportation Sale Tax Commission the Encina Avenue and Lincoln Avenue Pedestrian/Bicycle Trail Corridor Project and received positive feedback regarding the project and the use of local Measure L funds as a source of match money, and

WHEREAS, on March 12, 2018, the Safety & Communities Committee heard this item and recommended this item be forwarded to Council for approval,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the filing of an application for the development of the Encina Avenue and Lincoln Avenue Pedestrian/Bike Trail Corridor Project; and

BE IT FURTHER RESOLVED, that the Interim City Manager, or his designee, is the authorized agent to conduct all negotiations, execute and submit all documents including, but not limited to applications, agreements, payment requests, etc., with approval as to form by the City Attorney, which may be necessary for the completion of the aforementioned project.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of May, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-166**

**RESOLUTION APPROVING AMENDMENT NO. 7 TO THE KIERNAN
BUSINESS PARK SPECIFIC PLAN TO CHANGE THE LAND USE
DESIGNATION OF 2.8 ACRES FROM OFFICE (O) USES TO REGIONAL
COMMERCIAL (RC) USES, PROPERTY LOCATED ON PELANDALE
AVENUE EAST OF CHAPMAN ROAD**

WHEREAS, Government Code Section 65450 et. seq. permits cities and counties to adopt specific plans for the systematic implementation of the General Plan and to provide for a greater level of detail in planning sites or areas of special interest or value, and

WHEREAS, on April 1, 1997, the Council by Resolution No. 97-159 adopted the Kiernan Business Park Specific Plan, and

WHEREAS, Government Code Section 65453 permits the amendment of specific plans as often as deemed necessary by the legislative body, and

WHEREAS, on November 4, 1997, the Council by Resolution No. 97-631 adopted Amendment No. 1 to the Kiernan Business Park Specific Plan to add language to allow for changes in utility service providers, and

WHEREAS, on April 7, 1998, the Council by Resolution No. 98-170 adopted Amendment No. 2 to the Kiernan Business Park Specific Plan to add language to permit indoor theaters in the Regional Commercial Designation within a Planned Development Zone, and

WHEREAS, on August 10, 2004, the Council by Resolution No. 2004-424 adopted Amendment No. 3 to modify the land use and circulation diagrams and development standards for the Kaiser Medical Center site, to revise the planned street

system in the future business park, and to incorporate design standards into the Specific Plan, and

WHEREAS, on September 1, 2009, the Council by Resolution No. 2009-420 adopted Amendment No. 4 to re-designate 39 acres located on the east side of Dale Road between Kiernan Avenue and Bangs Avenue from Business Park to Mixed Use and Medium-High Density Residential, to modify the circulation plan, incorporate Mixed Use and Medium-High Density Residential design standards and guidelines, and establish facilities plans for the area bounded by Kiernan Avenue, Dale Road, Bangs Avenue, and American Avenue, and

WHEREAS, on December 15, 2015, the Council by Resolution No. 2015-499 adopted Amendment No. 5 to amend storm drain provisions and to clarify and simplify land use and development standard regulations, and

WHEREAS, on May 2, 2017 the Council by Resolution No. 2017-171 adopted Amendment No. 6 to further define allowable and conditional uses in the Business Park land use designation of the Specific Plan, particularly regarding ancillary uses, and

WHEREAS, Costa Partners Limited LP has filed an application to amend the Land Use Plan Diagram of the Kiernan Business Park Specific Plan to change the land use designation of 2.8 acres located on the north side of Pelandale Avenue east of Chapman Road from Office (O) to Regional Commercial (RC), and

WHEREAS, on March 19, 2018, at 6:00 p.m. the Planning Commission held a duly noticed public hearing in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which hearing evidence both oral and documentary was received and considered concerning the proposed specific plan amendment, and

WHEREAS, after said public hearing, the Modesto City Planning Commission by Resolution No. 2018-03, recommended to the City Council approval of the proposed Amendment No. 7 to the Kiernan Business Park Specific Plan to change the land use designation of 2.8 acres from Office (O) to Regional Commercial (RC), and

WHEREAS, said matter was set for a public hearing of the City Council to be held on May 1, 2018, in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which date and time said duly noticed public hearing was held, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that all recitals above are true and correct and incorporated as part of this Resolution.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby finds and determines as follows:

1. The proposed amendment to the Kiernan Business Park Specific Plan is consistent with the General Plan, because the General Plan Land Use Designation of the 2.8-acre amendment area is Regional Commercial (RC), which allows for commercial uses as described in the Regional Commercial (RC) land use designation of the Kiernan Business Park Specific Plan Land Use Plan Diagram.
2. The proposed amendment will conform to the Kiernan Business Park Specific Plan policies and standards because the policies already exist in the Specific Plan for the Regional Commercial land use designation.
3. The proposed amendment is compatible with surrounding and existing planned uses because the proposed land use changes allow for the establishment of regional commercial uses between existing regional commercial uses and a new medical office use that is currently under construction, and maintains for Office uses fifteen acres of land designated for Office (O) uses within the Specific Plan.
4. The proposed amendment to will not have a visual impact because the existing design guidelines of the Kiernan Business Park Specific Plan will apply to any development proposed on this site.
5. The proposed amendment will not have a significant traffic impact because the change of 2.8 acres from Office uses to Regional Commercial

uses would not change the Kiernan Business Park Amendment No. 4 EIR's conclusions regarding the intensity and location of significant traffic impacts.

6. The proposed amendment will not impact infrastructure or financing plan because no changes are proposed affecting either plan.
7. There are no substantial changes proposed in the Specific Plan amendment that will require major revisions of the Kiernan Business Park Specific Plan Amendment No. 4 Program EIR (SCH No. 2007062071).
8. There are no substantial changes occurring with respect to circumstances under which the Specific Plan amendment is being undertaken which will require major revisions in the Kiernan Business Park Specific Plan Amendment No. 4 Program EIR.
9. No new information, which was not known and could not have been known at the time the Kiernan Business Park Specific Plan Amendment No. 4 Program EIR was certified as complete, has become available.
10. The Initial Study, Environmental Assessment No. EA/C&ED 2018-03, provides the substantial evidence to support findings 2-4, noted above.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Kiernan Business Park Specific Plan is hereby amended to change the land use designation of 2.8 acres from Office (O) uses to Regional Commercial (RC) uses, property located on Pelandale Avenue east of Chapman Road, as shown on **Exhibit "A"** **attached** hereto and incorporated herein by reference.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of May, 2018, by Councilmember Zoslocki, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-167**

**RESOLUTION APPROVING THE CITY'S SPONSORSHIP OF THE 20TH
ANNUAL 2018 NORTH MODESTO KIWANIS GRAFFITI PARADE AND CAR
SHOW, INCLUDING THE WAIVER OF CITY PERMIT FEES, POLICE
DEPARTMENT OVERTIME AND VEHICLE COSTS, AND STREETS
DIVISION LABOR AND EQUIPMENT COSTS AT AN ESTIMATED COST OF
\$59,121**

WHEREAS, the North Modesto Kiwanis has sponsored this event for 19 years, with over 1,200 classic cars last year and 20,000 guests, and

WHEREAS, the parade and car show raised over \$130,000 to support local children's charities through scholarships, grants and multiple funding programs, and

WHEREAS, the annual event draws participants and spectators from miles around that benefit Modesto lodging, restaurants and entertainment venues, and

WHEREAS, staff is requesting Council approval to sponsor the 20th Annual 2018 North Modesto Kiwanis Graffiti Parade and Car Show, and

WHEREAS, the sponsorship will include the waiver of City permit fees, Police Department associated costs, and Streets Division associated costs, and

WHEREAS, Friday, June 8, 2018 the parade will start at 6:30 pm in Downtown Modesto and continue on to McHenry Avenue with a turn-around at McHenry and Briggsmore Avenues, and

WHEREAS, the car show on Saturday, June 9th and Sunday, June 10th will be located at the Modesto Municipal Golf Course, and

WHEREAS, the Police Department will provide public safety coverage and traffic control throughout this weekend event, and

WHEREAS, the Streets Division will set up road closures, signage and assist the

Modesto Police Department with traffic control, and

WHEREAS, the costs associated with the waiver of City permit fees, Police Department costs, and Streets Division costs for the 2018 parade and car show are estimated to be \$59,121 and will be absorbed in the departments' respective current fiscal year budget.

NOW THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves sponsorship of the 20th Annual 2018 North Modesto Kiwanis Graffiti Parade and Car Show for a total estimated cost of \$59,121.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of May, 2018, by Councilmember Zoslocki, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2018-168**

**RESOLUTION ACCEPTING THE *DESTINATION MODESTO* REPORT FOR
THE SECOND QUARTER OF FISCAL YEAR 2017-18**

WHEREAS, in 2015, the City absorbed the functions of the Convention & Visitor's Bureau within the Community & Economic Development Department and a *Destination Modesto* Task Force was created and provided feedback on the marketing and promoting of travel, tourism and event/sports facilities and entertainment venues in the City, and

WHEREAS, Staff has provided quarterly reports to the Council since October 2015, and

WHEREAS, the reports have been expanded to include activity from the McHenry Mansion, McHenry Museum, all three (3) City-owned golf courses, and City parks, and

WHEREAS, the *Destination Modesto* Report – Second Quarter Fiscal Year 2017-18 continues to record such activity.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts the *Destination Modesto* Report – Second Quarter Fiscal Year 2017-18.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of May, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-169**

**RESOLUTION APPROVING THE FINAL MAP AND SUBDIVISION
AGREEMENT OF VINTAGE UNIT ONE SUBDIVISION, AUTHORIZING THE
INTERIM CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE A
SUBDIVISION AGREEMENT WITH THE OWNER, NRB INVESTMENTS, LLC
AND THE DEVELOPER, MODESTO ROSELLE, LLC, AND AUTHORIZING
THE CITY CLERK TO CERTIFY THE FINAL MAP AND RECORD IT WITH
THE STANISLAUS COUNTY RECORDER'S OFFICE**

WHEREAS, NRB Investments, LLC, a California limited liability company (“OWNER”) and the developer, Modesto Roselle, LLC, a California limited liability company (“SUBDIVIDER”), is in possession of a tract of land situated in the City of Modesto, County of Stanislaus, consisting of 15.2 acres, known as the VINTAGE UNIT ONE SUBDIVISION (“SUBDIVISION”), and

WHEREAS, a tentative map of said tract was approved by the Planning Commission of the City of Modesto on October 19, 2015 with conditions of approval as noted in Planning Commission Resolution Number 2015-26, and

WHEREAS, the Secretary of the Planning Commission of the City of Modesto and the City Engineer have certified that the final map of said tract substantially conforms to the approved tentative map, and

WHEREAS, the project is currently under construction and the public improvements have not been completed, and

WHEREAS, as required by Section 4-4.605 of the Modesto Municipal Code, the SUBDIVIDER has executed a Subdivision Agreement, and

WHEREAS, the City Engineer of the City of Modesto has certified that the final map of said SUBDIVISION meets all of the provisions of the California Subdivision

Map Act and the provisions of the Modesto Municipal Code relating to subdivisions, and the City Surveyor has determined that the map is technically correct, and

WHEREAS, the SUBDIVIDER has furnished securities, as set forth in Section 4-4.605 of the Modesto Municipal Code, which shall secure the obligations set forth in Section 66499.3 of the Government Code of the State of California. Said securities are in forms acceptable to the City Attorney and in the amounts required by the City Engineer,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that said Final Map be approved; that the dedications for public streets and easements as shown thereon within the boundaries of said tract be accepted on behalf of the public for public use; and approve the subdivision agreement and authorize the Interim City Manager or his designee to execute the Subdivision Agreement.

BE IT FURTHER RESOLVED that the City Clerk be authorized to certify the map of said tract on behalf of the City of Modesto after the fees required by the Modesto Municipal Code in amounts determined by the City Engineer have been paid.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of May, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-170**

RESOLUTION APPROVING AN AGREEMENT WITH GOODWIN CONSULTING GROUP, IN AN AVERAGE ANNUAL AMOUNT OF \$52,000, NOT TO EXCEED \$155,200 OVER THREE YEARS, FOR THE ADMINISTRATION OF THE CITY COMMUNITY FACILITIES DISTRICTS AND AUTHORIZING THE INTERIM CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the City has determined that Community Facilities Districts (CFDs) and Assessment Districts (ADs) are necessary funding mechanisms to construct and maintain infrastructure for new development areas, and

WHEREAS, since 1996, the City of Modesto has formed fourteen Community Facilities Districts (“CFDs”) pursuant to the “Mello-Roos Community Facilities Act of 1982”, and

WHEREAS, the City has been working with Goodwin Consulting Group (GCG) in the annual administration of the fourteen CFD’s, since 2001, and

WHEREAS, GCG has assisted the City in many CFD Formations, Infrastructure Financing Plans, Fiscal Impact Analysis’ and most recently, the Capital Facilities Fees Update, and

WHEREAS, GCG is a Sacramento-based firm with expertise in both preparing the special tax formula when a Community Facilities District (CFD) is formed and administering the special tax levy on an annual basis, and

WHEREAS, the principals of GCG have more than eighty years of combined experience in public finance, development economics, real estate market analysis and municipal consulting, and

WHEREAS, As part of the annual CFD administration services, GCG will oversee the preparation and dissemination of SEC-required continuing disclosure reports to the municipal bond market, arbitrage rebate and yield reduction calculations for tax-exempt bond issues, annual reporting to the California Debt and Investment Advisory Commission, bond payoff calculations for property owners, inquiries from taxpayers, and tax delinquency monitoring and foreclosure assistance, and

WHEREAS, in accordance with Modesto Municipal Code 8-3.204(a), Exceptions to Formal Bidding Requirements, the agreement is for professional services and, therefore, exempt from the bidding requirement, and

WHEREAS, the Goodwin Consulting Group contract will be paid through the annual maintenance tax of each CFD, and

WHEREAS, this item was presented to the Economic Development Committee on April 11, 2018 and was recommended to forwarded to Council for approval,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an agreement with Goodwin Consulting Group, in an average annual amount of \$52,000, not to exceed \$155,200 over three years, for the administration of the City Community Facilities Districts.

BE IT FURTHER RESOLVED that the Interim City Manager, or his designee, is hereby authorized to execute the agreement, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of May, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-171**

RESOLUTION ACCEPTING FISCAL YEAR 2018-2019 ENGINEER'S REPORT FOR LANDSCAPE MAINTENANCE ASSESSMENT DISTRICT NO. 1 FOR DRY CREEK MEADOWS SUBDIVISIONS NOS. 1 -6; NOTICE OF INTENTION TO LEVY AND COLLECT ASSESSMENTS FOR LANDSCAPE MAINTENANCE ASSESSMENT DISTRICT NO. 1 FOR DRY CREEK MEADOWS SUBDIVISIONS NOS. 1 – 6 AND SETTING A PUBLIC HEARING ON JUNE 26, 2018 TO CONSIDER THE FISCAL YEAR 2018-19 LEVY AND COLLECTION OF ASSESSMENTS WITHIN LANDSCAPE MAINTENANCE ASSESSMENT DISTRICT NO. 1

WHEREAS, Resolution No. 88-935, adopted by the Council of the City of Modesto on December 13, 1988, initiated proceedings for the formation of Landscape Maintenance Assessment District No. 1 for the purpose of administering the maintenance of landscaping in the public right-of-way within the street medians and adjacent to the access control walls in Dry Creek Meadows Subdivisions Nos. 1-6, and

WHEREAS, said assessment district was formed in accordance with the Landscape and Lighting Act of 1972, (California Streets and Highways Code Sections 22500 through 22679), and

WHEREAS, Section 22623 of the California Streets and Highways Code requires the City Engineer, the person designated by this Council as Engineer of Work for Assessment District No. 1, to prepare and file an annual report, and

WHEREAS, the Engineer of Work, has prepared and filed said annual report with the City Clerk, and

WHEREAS, California Streets and Highways Code Section 22623 requires the legislative body (the City Council) to adopt a resolution of intention which shall include the following:

- a. Declaration of intention of the legislative body (the City Council) to levy and collect assessments within the assessment district for the fiscal year stated in the annual report.
- b. General description of the existing improvements and proposed improvements and any substantial changes proposed to be made in the existing improvements.
- c. Reference to the assessment district by its distinctive designation and indication of the general location of the district.
- d. Reference to said annual report, on file with the City Clerk, for a full and detailed description of the improvements, the boundaries of the assessment district and any zones therein, and the proposed assessments upon assessable lots and parcels of land within the district.
- e. Notice of the time, as fixed by the California Streets and Highways Code Section 22625, and the place for hearing by the legislative body (the City Council) on the levy of the proposed assessment.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto hereby accepts the Fiscal Year 2018-2019 Engineer's Report for Landscape Maintenance Assessment District No. 1 for Dry Creek Meadows Subdivisions Nos. 1 through 6, which is **attached** hereto and hereinafter incorporated by reference.

BE IT FURTHER RESOLVED that the City Council hereby finds as follows:

1. The City Council intends to levy and collect assessments within Landscape Maintenance Assessment District No. 1 during the fiscal year 2018-19.

2. There are no proposed new improvements or any substantial changes in existing improvements in Landscape Maintenance Assessment District No. 1 and that the existing improvements to be made in said assessment district are generally described as follows:

The City shall provide maintenance, in perpetuity, of landscaping and any and all improvements required for such maintenance including, but not limited to, landscape irrigation systems in the following locations:

- a. Street medians in Creekwood Drive
- b. Areas adjacent to the access control walls along Creekwood Drive
- c. Areas adjacent to the access control walls along Claus Road

3. Landscape Maintenance Assessment District No. 1 is located in the County of Stanislaus, within the City Limits of the City of Modesto and is more specifically located on the west side of Claus Road, between Modesto Irrigation District Lateral No. 2 and State Route 132 (Yosemite Boulevard).

4. Said annual report filed with the City Clerk and approved by the Council does provide a full and detailed description of the improvements, the boundaries of the assessment district and any zones therein, and the proposed assessments upon assessable lots and parcels of land within Landscape Maintenance Assessment District No. 1.

5. On Tuesday, the 26th day of June, 2018, at the hour of 5:30 p.m., the City Council will conduct a public hearing on the question of the levy of the proposed annual assessment. The hearing will be held at the meeting place of the City Council located in the Tenth Street Place Chambers located at 1010 10th Street, Modesto, California.

6. The City Clerk is authorized and directed to give the notice of hearing required by the Landscape and Lighting Act of 1972.

7. The levy and collection of assessments as set forth in this resolution are exempt from the procedural and substantive requirements of Proposition 218 pursuant to Article XIII, Section 5(a) of the California Constitution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of May, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

VI.	Annual Assessments List by Parcel & Property Owner

SECTION I HISTORY

On December 12, 1988, Landscape Maintenance Assessment District No. 1 ("LMAD No. 1") was formed in accordance with the Landscape and Lighting Act of 1972 (California Streets and Highway Code §22500 through §22679) ("the Act"), to administer the maintenance of landscaping in the public right-of-way within the street medians and adjacent to the access control walls in Dry Creek Meadows Subdivisions Nos. 1-6. All costs for the LMAD No. 1 are funded by the annual assessments levied on each property within the district. The Act requires several courses of action on the part of City staff and City Council prior to August 10th of each year.

The Act initially requires the City Council to order, prepare, and file an Engineer's Annual Report for the City Council. This report is prepared for the purpose of detailing the plans and specifications for the maintenance of work, the estimated costs for landscape maintenance performed by City contractors, utility service charges, City street tree pruning costs, City staff time to administer the maintenance contract, and additional work to be performed by the City Contractor at the request of the City.

LMAD No. 1 is located east of North McClure Road and southwest of MID Lateral #2 and Claus Road. It is comprised of 749 single-family residential lots and three (3) public agency owned parcels. An annual assessment of \$26 per single-family residential parcel has remained the same since 1996. The total assessment to be levied for LMAD No. 1 for Fiscal Year 2018-2019 is \$19,474.

Upon the City Council's approval of the Engineer's Annual Report, the City Council adopts a resolution declaring its intent to levy and collect assessments within LMAD No. 1 for the following fiscal year and schedules a public hearing. This public hearing and proposed resolution levying the proposed assessments is in accordance with the annual assessment procedures.

Finally, in compliance with the Act, the City Council conducts the public hearing and adopts certain resolutions in accordance with the California Streets and Highways Code §22625 through §22641. The City Clerk is required to give the Modesto Bee notice of the public hearing no less than ten (10) days prior to the scheduled hearing date. All interested persons are afforded the opportunity to be heard during the public hearing. Should there be any protests, whether written or oral, the City Council may choose to continue the hearing to a later date and/or may change any part of the Engineer's Annual Report to address the concerns of the property owner(s). The adopted resolution is then forwarded to the Auditor-Controller of the County of Stanislaus for placement of such charges on the upcoming year's County Tax Roll.

SECTION II ANNUAL ASSESSMENT REVIEW AND SUMMARY

A. PARCEL REVIEW

1. Single Family Residential Parcels:
There are 749 single-family residential parcels located within LMAD No. 1.
2. Multi-Family Residential Parcels:
There are no multi-family residential parcels located within LMAD No. 1.
3. Commercial/Industrial Parcels:
There are no commercial or industrial parcels located within LMAD No. 1.
4. Public Agency Parcels:
There are two (2) parcels owned by the City of Modesto (Creekwood Park and the Pedestrian Overcrossing at Claus Road) and one (1) parcel owned by the Empire School District (Bernard Hughes School). According to §22663 of the California Streets and Highways Code, public property owned by any public agency and in use in the performance of a public function shall not be subject to assessment.

B. 2018-2019 ANNUAL ASSESSMENTS

All single-family residential parcels are levied at a flat rate of \$26.00 per parcel. Each parcel receives equal benefits from the District. The annual assessments levied are calculated by multiplying the total number of parcels by the flat rate.

\$	26.00	Annual assessment per parcel
x	749	Single-family residential parcels
\$	19,474.00	Total annual assessment

C. COMPARISON TO PREVIOUS FISCAL YEAR

The proposed Fiscal Year 2018-2019 annual assessment is the same as the annual assessment for Fiscal Year 2017-2018 of \$26.00 per single-family residential parcel.

SECTION 3 FINANCIALS – ANNUAL ASSESSMENT REVENUE & EXPENSE PROJECTIONS

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-172**

RESOLUTION ACCEPTING FISCAL YEAR 2018-2019 ENGINEER'S REPORT FOR LANDSCAPE MAINTENANCE ASSESSMENT DISTRICT NO. 2 FOR DRY CREEK MEADOWS SUBDIVISIONS NOS. 7-10, CREEKWOOD MEADOWS SUBDIVISION, AND YOSEMITE MEADOWS SUBDIVISION; NOTICE OF INTENTION TO LEVY AND COLLECT ASSESSMENTS FOR LANDSCAPE MAINTENANCE ASSESSMENT DISTRICT NO. 2 FOR DRY CREEK MEADOWS SUBDIVISIONS NOS. 7-10, CREEKWOOD MEADOWS SUBDIVISION, AND YOSEMITE MEADOWS SUBDIVISION AND SETTING A PUBLIC HEARING ON JUNE 26, 2018 TO CONSIDER THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN LANDSCAPE MAINTENANCE ASSESSMENT DISTRICT NO. 2

WHEREAS, Resolution No. 89-460, adopted by the Council of the City of Modesto on April 4, 1989, initiated proceedings for the formation of Landscape Maintenance Assessment District No. 2 for the purpose of administering the maintenance of landscaping in the public right of way within the street medians and adjacent to the access control walls in Dry Creek Meadows Subdivisions Nos. 7-10, Creekwood Meadows Subdivision and Yosemite Meadows Subdivision Units Nos. 1 and 2, and

WHEREAS, said assessment district was formed in accordance with the Landscaping and Lighting Act of 1972, (California Streets and Highways Code Sections 22500 through 22679), and

WHEREAS, Section 22623 of the California Streets and Highways Code requires the Community Development Manager, the person designated by the Council as Engineer of Work for Assessment District No. 2, to prepare and file an annual report, and

WHEREAS, the City Engineer, said Engineer of Work, has prepared and filed said annual report with the City Clerk, and

WHEREAS, California Streets and Highways Code Section 22623 requires the Council to adopt a resolution of intention which shall include the following:

- a. Declaration of intention of the Council to levy and collect assessments within the assessment district for the fiscal year stated in said annual report.
- b. General description of the existing improvements and proposed improvements and any substantial changes proposed to be made in the existing improvements.
- c. Reference to the assessment district by its distinctive designation and indication of the general location of the district.
- d. Reference to said annual report, on file with the City Clerk, for a full and detailed description of the improvements, the boundaries of the assessment district and any zones therein, and the proposed assessments upon assessable lots and parcels of land within the district.
- e. Notice of the time, as fixed by California Streets and Highways Code Section 22625, and the place for hearing by the Council on the levy of the proposed assessment.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts the Fiscal Year 2018-2019 Engineer's Report for Landscape Maintenance Assessment District No. 2 for Dry Creek Meadows subdivisions Nos. 7-10, Creekwood Meadows subdivision and Yosemite subdivision.

BE IT FURTHER RESOLVED that the Council hereby finds as follows:

1. The City Council intends to levy and collect assessments within Landscape Maintenance Assessment District No. 2 during the fiscal year 2018-2019.

2. There are no proposed new improvements or any substantial changes in the existing improvements within the existing Landscape Maintenance Assessment District No. 2, and the existing improvements to be made in said assessment district are generally described as follows:

The City shall provide maintenance, in perpetuity, of landscaping and any and all improvements required for such maintenance including, but not limited to, landscape irrigation systems in the following locations:

- a. Street medians in Creekwood Drive
- b. Areas adjacent to the access control walls along Creekwood Drive
- c. Areas adjacent to the access control walls along Claus Road

3. Landscape Maintenance Assessment District No. 2 is located in the County of Stanislaus, within the City limits of the City of Modesto, and is more specifically located on the northeast corner of Yosemite Boulevard and North McClure Road. District 2 is bounded by Yosemite Boulevard on the south, North McClure Road on the west, Yosemite Meadows Drive on the east, and Mechalys Way on the north.

4. Said annual report filed with the City Clerk and approved by the Council does provide a full and detailed description of the improvements, the boundaries of the assessment district and any zones therein, and the proposed assessments upon assessable lots and parcels of land within Landscape Maintenance Assessment District No. 2.

5. On Tuesday, the 26th day of June, 2018, at the hour of 5:30 p.m., the City Council will conduct a public hearing on the question of the levy of the proposed annual assessment. The hearing will be held at the meeting place of the City Council located in the Tenth Street Place Chambers located at 1010 10th Street, Modesto, California.

6. The City Clerk is authorized and directed to give the notice of hearing required by the Landscaping and Lighting Act of 1972.

7. The levy and collection of assessments as set forth in this resolution shall follow the procedural and substantive requirements of Proposition 218 pursuant to Article 13D, Section 5(a) of the California Constitution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of May, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-173**

**RESOLUTION ACCEPTING THE FISCAL YEAR 2018-2019 ENGINEER'S
REPORT FOR THE SHACKELFORD LANDSCAPE AND LIGHTING
DISTRICT; NOTICE OF INTENTION TO LEVY AND COLLECT
ASSESSMENTS FOR THE SHACKELFORD LANDSCAPE AND LIGHTING
DISTRICT; AND SETTING A PUBLIC HEARING ON THE PROPOSED
ASSESSMENTS TO BE HELD ON JUNE 26, 2018 TO CONSIDER THE 2018-19
LEVY AND COLLECTION OF ASSESSMENTS WITHIN SHACKELFORD
LANDSCAPE AND LIGHTING DISTRICT**

WHEREAS, on June 29, 1999, the County of Stanislaus ("County") formed the Shackelford Landscape and Lighting District ("Shackelford LLD") for the purpose of administering the maintenance of seventy-seven (77) 200-watt high-pressure sodium streetlights, and

WHEREAS, the Shackelford LLD was formed in accordance with the Landscaping and Lighting Act of 1972 (Streets and Highways Code Sections 22500 through 22679), and

WHEREAS, the Shackelford LLD is comprised of approximately 153 acres, includes 495 lots with both residential and commercial development, and is bounded by Crows Landing on the west, E. Hatch Road on the south, Union Pacific Railroad on the east, and State Route 99 on the north, and

WHEREAS, on February 22, 2012, the Stanislaus County Local Agency Formation Commission ("LAFCO") approved the annexation of the Shackelford Area to the City of Modesto ("City"), and

WHEREAS, on April 24, 2012, by Resolution No. 2012-142, the Council approved the Shackelford Landscape and Lighting District Transfer Agreement between the County and City, and

WHEREAS, the City assumed full responsibility and administration of the Shackelford LLD on July 1, 2012, and

WHEREAS, Section 22623 of the California Streets and Highways Code requires the City Engineer, the person designated by this Council as Engineer of Work for the Shackelford LLD, to prepare and file an annual report, and

WHEREAS, the Engineer of Work has prepared and filed said annual report with the City Clerk, and

WHEREAS, California Streets and Highways Code Section 22623 requires the legislative body (the City Council) to adopt a resolution of intention which shall include the following:

- a. Declaration of intention of the legislative body (the City Council) to levy and collect assessments within the Shackelford LLD for the fiscal year stated in the annual report.
- b. General description of the existing improvements and proposed improvements and any substantial changes proposed to be made in the existing improvements.
- c. Reference to the assessment district by its distinctive designation and indication of the general location of the Shackelford LLD.
- d. Reference to said annual report, on file with the City Clerk, for a full and detailed description of the improvements, the boundaries of the Shackelford LLD and any zones therein, and the proposed assessments upon assessable lots and parcels of land within the Shackelford LLD.

- e. Notice of the time, as fixed by the California Streets and Highways Code Section 22625, and the place for hearing by the legislative body (the City Council) on the levy of the proposed assessment.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts the Fiscal Year 2018-19 Engineer's Report for the Shackelford Landscape and Lighting District.

BE IT FURTHER RESOLVED that the City Council hereby finds the following:

1. The City Council intends to levy and collect assessments within the Shackelford LLD during the fiscal year 2018-19.
2. There are no proposed new improvements or any substantial changes in the existing improvements in the Shackelford LLD and the existing improvements to be made in the Shackelford LLD are generally described as follows:

The City shall provide maintenance, operation and servicing, in perpetuity, of streetlights and all improvements required for such maintenance including, but not limited to:

- a. Payment to local utility company for monthly power costs of energizing street lights in the Shackelford LLD.
- b. Payment to local utility company for maintenance of street lights in the Shackelford LLD that the utility company owns (usually those lights that are mounted on wooden poles).
- c. Maintenance provided by the City of Modesto for street lights in the Shackelford LLD that are owned by the City of Modesto (usually those lights that are mounted on steel poles).

3. The Shackelford LLD is located in the County of Stanislaus, within the City Limits of the City of Modesto and is more specifically located North of Hatch Road, South of State Highway 99, and East of Crows Landing Road.

4. Said annual report filed with the City Clerk and approved by the Council by motion does provide a full and detailed description of the improvements, the boundaries of the Shackelford LLD and any zones therein, and the proposed assessments upon assessable lots and parcels of land within the Shackelford LLD.

5. On Tuesday, the 26th day of June, 2018, at the hour of 5:30 p.m., the City Council will conduct a public hearing on the questions of the levy of the proposed annual assessment. The hearing will be held at the meeting place of the City Council located in the Tenth Street Place Chambers located at 1010 10th Street, Modesto, California.

6. The City Clerk is authorized and directed to give the notice of hearing required by the Landscape and Lighting Act of 1972.

7. The levy and collection of assessments as set forth in this resolution are exempt from the procedural and substantive requirements of Proposition 218 pursuant to Article XIII, Section 5(a) of the California Constitution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of May, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-174**

RESOLUTION ACCEPTING THE SUPPLEMENTAL PAYMENT OF THE LOCAL TRANSPORTATION FUND (LTF) FOR FISCAL YEAR 2016-17 FROM THE STANISLAUS COUNCIL OF GOVERNMENTS (STANCOG) IN THE AMOUNT OF \$308,775 TO OFFSET THE SHORTFALL IN STATE TRANSIT ASSISTANCE FUNDS (STA)

WHEREAS, the greatest portion of the City's funding for the Transit Service Program is made available under the Transportation Development Act (TDA), which includes Local Transportation Fund (LTF) funds and State Transit Assistance (STA) funds, and

WHEREAS, the City has prepared its TDA claim for Fiscal Year 2016-2017 pursuant to these sections of the California PUC, and

WHEREAS, the City did not receive the estimated STA funds in Fiscal Year 2016-2017, and

WHEREAS, the Stanislaus Council of Governments (StanCOG) approved the payment of \$308,775 in LTF to cover the difference of estimated and actual STA funds received, and

WHEREAS, Council action accepting these funds is required by the City.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts the payment of LTF funds for Fiscal Year 2016-2017 from StanCOG in the amount of \$308,775.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of May, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2018-175**

**RESOLUTION APPROVING A NEW PURCHASE AGREEMENT WITH
AMERICAN CHILLER, INC., IN AN AMOUNT NOT TO EXCEED \$75,000 FOR
REPAIRS AND MAINTENANCE OF THE CLIMATE CONTROL SYSTEM FOR
THE MODESTO CENTRE PLAZA FACILITY, AND AUTHORIZING THE
PURCHASING MANAGER, OR HER DESIGNEE, TO ISSUE THE
PURCHASING AGREEMENT**

WHEREAS, in 1988 the 24,000 square foot Modesto Centre Plaza (MCP)
convention facility was constructed, and

WHEREAS, American Chiller, Inc., installed the climate control system (System)
which houses one small and one large chiller unit, and

WHEREAS, quarterly maintenance of the System was initially maintained but
later reduced and eventually eliminated due to budget reductions, and

WHEREAS, system failures and disrepairs have increased over the last thirty
years, and

WHEREAS, replacement of the chillers, estimated at \$425,000, was included as
part of the negotiations for a Qualified Management Agreement with the Doubletree
Hotel but were later suspended, and

WHEREAS, in 2017, the City contracted American Chiller to recondition the
units to prolong the life of the equipment at a cost of \$65,000, and

WHEREAS, in 2018, the City contracted American Chiller to upgrade the
computer components to monitor and control the operating system at a cost of \$49,668,
and

WHEREAS, during the 2018 upgrade, additional system repairs necessary to
maintain full operation of the climate control system and critical in accommodating large

groups and full use of the facility during warmer months were identified and herein incorporated as **Attachment 1**, and

WHEREAS, the cost to repair the units, restore quarterly maintenance service, and fund future emergency repairs through June 30, 2019 is approximately \$75,000, and

WHEREAS, \$55,000 will be encumbered from the Community and Economic Development's Fiscal Year 2017-2018 Operating Budget, and

WHEREAS, \$20,000 will be encumbered from the Community and Economic Development's Fiscal Year 2018-2019 Operating Budget, and

WHEREAS, any remaining encumbered funds from Fiscal Year 2017-2018 will be rolled over to Fiscal Year 2018-2019, and

WHEREAS, with its longstanding history, knowledge, expertise and service on the units, American Chiller has been identified as the most capable provider for future service and repairs.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Purchase Agreement with American Chiller Inc., in an amount not to exceed \$75,000, for repair and maintenance of the climate control system for the Modesto Centre Plaza facility.

BE IT FURTHER RESOLVED that the Purchasing Manager, or her designee, is hereby authorized to issue the Purchase Agreement with American Chiller, Inc.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of May, 2018, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

Dear Erik:

We are providing our proposal for the replacement of current VAV digital controls located in Arbor room as requested. All work is quoted at prevailing wage to be performed M-F during normal business hours. Listed below are the details of our proposal:

Equipment to be Controlled:

- (4) Arbor room VAV's

Scope of Work:

- ACS will provide labor and parts to replace existing digital controls on two VAV's in the Arbor room and add digital controls to two additional existing pneumatic VAV's in the Arbor room. The valve's will also be replaced on the two VAV's that have pneumatic controls only. The other two existing valves to remain and be re-used.

Total Cost:

\$12,690.00

- Total Cost includes:

- o All wiring, temperature controls, technical drawings, first year parts and labor warranty and programming.

Exclusions:

- Permits or fees, VFD's, dumpster fees, line voltage work (over 24vac), equipment protection, fire alarm work, furnish or installation or wiring of smoke detectors, fire smoke dampers, dampers, fire calk/stopping, core drilling, any mechanical equipment or devices, repair or replacement of any existing control devices or panels not specifically stated above, any pneumatic control devices or repair, asbestos or hazardous material abatement, bonds, liquidated or consequential damages of any kind, any cutting, patching or painting work.

Thank you for the opportunity to provide this proposal, we look forward to working with you on this project!

Respectfully,
 American Chiller Service, Inc.

Kyle Ferguson
