

## Tires

Tires create blight throughout the city as they provide convenient shelters for unwanted rodents and insects, and breeding grounds for mosquitoes. Help keep Modesto clean and blight free!

To find out more about disposal of unwanted tires, call the City of Modesto Solid Waste Office at 577-5495.

## Household Hazardous Waste Facility

All residents (and small businesses\*) of Stanislaus County and its nine cities can recycle the following products at the Hazardous Waste Facility for FREE!

Antifreeze	Batteries
Motor Oil & Oil Filters	Brake Fluid
Transmission Oil	Gasoline
Paints	Solvents
Computers & Monitors	Televisions

### AND MUCH MORE!

Facility location and hours:  
1710 Morgan Rd.  
Fri/Sat 9 a.m.-1 p.m.

For more information on these programs and special drop off events, call 525-6789.

\*Some restrictions apply

Keep your family safe,  
recycle hazardous waste!

## Used Oil & Filter Facts

- \* Used motor oil can contain toxic substances such as benzene, lead, zinc, and cadmium.
- \* The oil from a single oil change can ruin the taste of a million gallons of drinking water. That's enough water for 50 people, for one year.
- \* Films of oil on the surface of water prevent the replenishment of dissolved oxygen, impair photo-synthetic processes, and block sunlight.
- \* Oil dumped on land reduces soil productivity.
- \* In the U.S., less than 60 percent of used oil is recycled.
- \* In California 1 in 5 households have a do-it-yourself (DIY) oil changer.
- \* Each year the U.S. generates 425 million used automotive oil filters containing 160,000 tons of iron units and 18 million gallons of oil.
- \* Recycling all the filters sold annually in the United States would result in the recovery of about 160,000 tons of steel, or enough steel to make 16 new stadiums the size of Atlanta's Turner Stadium.

*Finish the job right!  
Recycle your used oil & filter*

### No after hour drop-offs!

- ✓ Accepts oil filters for recycling
- \* Offers a coupon towards merchandise instead of cash rebate

## Used Oil Filters

Used oil filters can contain more than 45 percent used motor oil in weight when removed from the vehicle. Filters have materials that can be recycled and they should not go in the garbage. For more information about filter exchange events in the City of Modesto, please call 209/577-5493.

## Motor Oil Collection Program

Modesto residents (with a black and a green toter for garbage/recycling service) can recycle used motor oil through the Motor Oil Collection Program.

It's Free and Easy! The oil will be collected on your garbage service day when you follow these simple steps:

1. Call your garbage company and schedule a collection appointment.

Gilton Solid Waste 527-3781  
Bertolotti Disposal 537-8000

2. Pour the oil into a plastic container with a screw-top lid. Do not mix oil with other materials such as antifreeze, brake fluid, or gasoline. Limit 4 gallons per week.
3. On your appointment day, place oil jugs on your driveway by 6 a.m., NEAR HOUSE, NOT AT CURBSIDE.

\*This program is NOT available to residents who have metal "dumpster" style garbage bins. Please refer to the Certified Oil Collection Centers for recycling.

FREE recycling at your home!
